PETITIONS AND COMMUNICATIONS.

No. 626.

Whereas, Since the first day of January, 1910, there has come into power, by the vote of the people, a new administration in Greater New York; and

Whereas, The public statement made in the public press of our City of the great saving of the taxpayers' money by the new administration by having the government of The City of New York managed on a business basis and to economize in every direction so as to prevent the waste of the people's money; and

Whereas, The Presidents of the different Boroughs, heads of Departments and the Commissioners of the various Departments have caused to be laid off various skilled mechanics and laborers in all branches of industry; and

Whereas, The laying off of these mechanics and laborers is detrimental to the City's interest and leaves many branches of our City Government without sufficient mechanics and laborers to carry on the necessary work; and

Whereas, The action of these officials has left the City liable to considerable damages and involves our City in litigation for damages to the public by accidents occurring; and

Whereas, It appears to organized labor that union men are being discriminated against by the act of the heads of our City Government and their Commissioners substituting non-union and unskilled labor at a cheaper rate than the law permits to perform the work of the skilled mechanics who are laid off; and

Whereas, The heads of the City Government who are managing the government on a business basis and economizing by laying off and discharging skilled mechanics and laborers whom it is absolutely necessary for the government to have in their employ, and which mechanics and laborers have been employed by the City Government for a long number of years; and

Whereas, The heads of the Department and their Commissioners have created and are now creating new positions, is conclusive proof that the business basis and economizing is only done where it affects the mechanics and laborers; and

Whereas, It is alleged that most of these mechanics and laborers were discharged and laid off on the recommendation of a Committee known as the "Bureau of Municipal Research," which is no branch of our government; therefore be it

Resolved, That we, the Central Federated Union of Greater New York and vicinity petition your honorable Board of Aldermen to at once begin an inquiry and investigation into the reasons and causes for these discharges.

Resolved, That the Special Committee of the Central Federated Union of Greater New York, which has been collecting data and investigating the causes of these discharges, has succeeded in compiling a mass of evidence to prove that there is plenty of work to be done in the interest of and for the benefit of the municipality, and that the alleged lack of such work was not the reason or cause of such discharge, but that cheap and unskilled labor was substituted in violation of the Prevailing Rate of Wage Law and Civil Service Regulation, and the creation of new positions at an additional expense to the municipality.

Resolved, That the Central Federated Union of Greater New York pledges itself to render all possible assistance to such inquiry and investigation.

Resolved, That we favor a public hearing on these matters to which all civic bodies and the City Club, and particularly the "Bureau of Municipal Research," are to be invited.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President, Borough of Richmond:

No. 627.

The City of New York,
Office of the President of the Borough of Richmond,
Borough Hall, New Brighton, N. Y., March 25, 1910.

Board of Aldermen, City Hall, New York:

Gentlemen—It being the opinion of Corporation Counsel that it would be improper to charge the expense of renting a room as an office, at No. 205 Canal street,

for the use of the engineers engaged in superintending the construction of a system of sewers in Stapleton, against the Street Improvement Fund, and as there was no provision in the Budget for 1910 for the Borough of Richmond for any leases beyond those in 1909, I would request an authorization of revenue bonds to the amount of $285 for the purpose of paying for the use of this office from November 1, 1909, when it was first occupied, until December 31, 1910, when it is expected same can be vacated.

Yours respectfully,
GEORGE CROMWELL, President of the Borough.

The President laid before the Board the following communication from the Comptroller:

No. 629.

Department of Finance, City of New York,
March 21, 1910.

To the Honorable the Board of Aldermen, City Hall, Borough of Manhattan, New York City:

Gentlemen—In accordance with an opinion of the Corporation Counsel dated March 7, 1910, and the report of the Collector of Assessments and Arrears regarding sales for arrears of taxes to the former City of Long Island City and The City of New York as its successor, I beg leave to request that a resolution be passed by your Honorable Body, as successors to the Common Council of the City of Long Island City, authorizing the Collector of Assessments and Arrears to assign certificates of sale for arrears of taxes, the title to which is vested in The City of New York, upon payment of the amount for which the same had been bid in and 7 per centum per annum from date of purchase to date of assignment.

Copies of the communication of the Collector of Assessments and Arrears and the opinion of the Corporation Counsel upon the subject are attached hereto for your information.

Yours truly,
WM. A. PRENDERGAST, Comptroller.

Department of Finance,
Bureau for the Collection of Assessments and Arrears,
Manhattan, March 21, 1910.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—I have examined the opinion of the Corporation Counsel in reference to tax sales of arrearages prior to consolidation in the former City of Long Island City in the Borough of Queens, from which it appears that the Board of Aldermen, as successors of the Common Council of the former City of Long Island City, would seem to be empowered to authorize the Collector of Assessments and Arrears to assign certificates, the title to which was vested in The City of New York as purchaser or as successor to the former City of Long Island City as purchaser of certificates at tax sales.

As to purchases made last year in the sale for arrearages of Long Island City, I believe it would be to the best interests of the City to assign these certificates to anyone paying the amount due the City to date of assignment and I therefore suggest that authority be obtained from the Board of Aldermen to assign such certificates for a consideration not less than the amount bid at the sale and interest thereon at the rate of 7 per cent. per annum to date of assignment.

Authority for this action would seem to be clear from the following quotation from the opinion of the Corporation Counsel on the subject, dated March 7, 1910:

"Section 14 of Title II. of chapter 461 of the Laws of 1871 (Charter of Long Island City), enumerates the powers bestowed upon the common council of that municipality, and it provides in subdivision 39 that the common council shall have power to pass resolutions 'for carrying into effect and enforcing any of the powers, privileges and rights at any time granted and bestowed upon, and possessed by the said corporation, although such acts or ordinances may not be specifically enumerated herein.'

"I am of opinion that under this power the Common Council of Long Island City could have made provision for the assignment of these certificates, and that, as the successor of said body, the Board of Aldermen of The City of New York may now exercise a similar power."

Respectfully submitted,
DANIEL MOYNAHAN, Collector of Assessments and Arrears.

January 3, 1910.

J. T. MAHONEY, Esq., Chief, Bureau of Law and Adjustment:

Dear Sir—In the matter of the application of P. Powers for assignment of sale to The City of New York on Lot 30a, Block 126, Ward 1, District 2, of the Borough of Queens, City of New York, I beg leave to report as follows:

The sale was held on June 28, 1909, pursuant to the provisions of chapter 656 of the Laws of 1886 and in default of an individual bid said lot was purchased in fee by The City of New York for the sum of $16.23.

Said bid was made by or on behalf of the Collector of Assessments and Arrears as the successor, for the purpose of exercising such functions, of the treasurer of the former City of Long Island City.

The authority for such action on the part of the Collector is given in section 4 of said chapter 656 of the Laws of 1886, which provides in part as follows:

"Said treasurer shall bid in in the name of the city and for the use of the proper fund or account, all parcels of real estate at such sale and to be sold for unpaid taxes, assessments, water rates or rents, which shall not be sold to any other person."

In order to perfect the right of the City under such bid a notice must be served, as provided in section 8 of said Act. The following is a quotation therefrom:

"Notice shall be given by or under the direction of the attorney or counsel to said corporation to the person or persons having an estate in or lien upon any of the lands or premises sold under this act whose estate or lien appears of record in the office of the clerk of the county of Queens, at the time of such sale, and to any purchaser except said city under any other sale for taxes, assessments, water rates or rents, or the heirs, legal representatives, registered agent or attorney of record in said office of any or either of said person or persons, having an interest therein, at least six months before the expiration of the time for redemption, and the time for such redemption shall not be deemed to have expired until six months after such notice shall have been given."

Section 9 of said Act provides for a method by which the lands acquired by the City at a tax sale shall be sold, stating in part as follows:

"The common council of said city may at any time by resolution directing a sale of any lot or lots acquired by said city under the provisions of this act at a price not less than that fixed by them in said resolution, and said Treasurer shall thereupon advertise said lot or lots once a week for three weeks in all official newspapers of said city * * *"

No method is provided under which the City Treasurer could assign the sale certificate and an express method having been provided for sale of the lots after they had been acquired by the City, it would seem it was never contemplated that there should be an assignment of the sale certificate.

While no doubt the certificate issued to individuals was assignable, in the case of certificates issued to The City of New York, as the successor of the former City of Long Island City, no power to assign such certificates could be implied unless such authority was given to the Treasurer of said former City of Long Island City under the Act or could by implication be read into it, or that the certificate containing rights that would ordinarily be assignable could be assigned in the absence of an express prohibition against such action being taken.

It is a well settled principle that public officers derive their authority exclusively from the Act conferring such authority, and that the meaning and effect of the language of such Act will not be extended unless where absolutely necessary to work out the apparent intent of the Legislature. It seems reasonably clear in the present instance that the procedure intended to be followed under the Act was that in the case of lots purchased by the City, that notice should be served in order that redemption might be made, if the owner of the land so desired, and that in default of such redemption that the title to the property should be disposed of by the City and that if any profit resulted therefrom that the City should benefit thereby.

I therefore respectfully recommend that petitioner be notified that an assignment of the sale cannot be made at this time and that provision be made for serving the notice provided for by the Act so that the City may acquire title to the lot affected by the liens which were bid in by the City, and that thereafter a sale be held on such lot so that the City may collect the amount due for its charges together with such sum as may be realized from such a sale.

The question of this requisition for an assignment involves the old question of the disposition of sales to the former City of Long Island City as well as the sales to The City of New York under chapter 656 of the Laws of 1886 and should, it seems to me, be taken up by the Comptroller or one of his Deputies, to provide some solution of the matter other than allowing the sales to remain open upon the books of the Bureau for the Collection of Assessments and Arrears.

This might be done by an amendment of section 937 of the Charter and such amendment of chapter 490 of the Laws of 1908 as would enable the Collector of Assessments and Arrears, after the cancellation of these sales as therein provided, to sell the open items under the provisions of chapter 490 of the Laws of 1908. The only objection to this latter course seems to be the difficulty of locating the property affected by these old sales (the taxes having been assessed to individuals without describing the property) with the present land map of The City of New York. While we could undertake to serve notices in behalf of the City as to property purchased at the recent tax sale there would still be left open the question of sales to Long Island City, where no notice had been served and where the time in which to make such service had expired.

Yours truly,
DANIEL MOYNAHAN, Collector of Assessments and Arrears.

March 7, 1910.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

Sir—I have received under date of January 14, 1910, a communication signed D. Mathewson, Deputy Comptroller, transmitting a report of the Collector of Assessments and Arrears in relation to certain sales of property for the non-payment of unpaid taxes of the former City of Long Island City, for the purpose of advice as to the matters therein referred to.

It appears from said report that an application has been made by Mr. P. Powers for the assignment of a sale to The City of New York on lot No. 30A, Block 126, First Ward, District 2, of the Borough of Queens. The sale of property in question was held on January 28, 1909, and, pursuant to the provisions of chapter 656 of the Laws of 1886, the said lot was purchased in fee by The City of New York for the sum of $16.23. The statute in question authorized the Treasurer of the City to pay in in the name of the City all parcels of real estate at a sale for unpaid taxes which should not be sold to any other person. But the Collector of Assessments and Arrears says that no method is provided under which the said Treasurer could assign the sale certificate given to the City in such a case.

It is true that there is no express provision of the statute upon the subject, but there can be no doubt that the City as a purchaser is entitled to the same rights and privileges as any other purchaser at a tax sale. The statute throughout recognizes the right of such a purchaser to assign the certificate. For example, in section 7 it

is stated that "such purchaser or his legal representative or assigns may, upon receiving such certificate, by virtue thereof, and of this act, lawfully hold and enjoy for his and their own proper use and benefit and the use and benefit of his and their heirs and assigns for a term of years or forever, as the case may be, the real estate described in said certificate, unless the same shall be redeemed as hereinafter provided." * * *

Again, in section 9: "If such real estate, or any part thereof, be not redeemed as herein provided, the said Treasurer shall execute to the purchaser, including said city, or the heirs, successors or assigns of such purchaser, a lease or, if sold in fee, a conveyance of the real estate so sold, which conveyance shall vest in the grantee an absolute estate in fee, and the lien or liens for which the same shall have been sold shall thereupon be cancelled."

The Collector, however, complains that there is no provision in the law as to what official or officials shall have power to make an assignment of a certificate of sale held by the City.

The statute cited provides that: "The Common Council of said City may at any time by resolution direct a sale of any lot or lots acquired by said City under the provisions of this act, at a price not less than that fixed by them in said resolution and said Treasurer shall thereupon advertise said lot or lots once a week for three weeks in all official newspapers of said City, if there be any, and if not then in any two newspapers published in said City and shall sell the same on the day of sale or on any adjourned day thereafter to the highest bidder, but at not less than the price fixed by the Common Council."

This citation is found in section 9, which relates to the conveyance of the real estate represented by a certificate of sale where the same has not been redeemed within the time allowed by the law and undoubtedly must be construed in that connection. It cannot be held, therefore, to apply to an assignment of a certificate of sale which has not been ripened into the lease or deed of the premises which will fix an absolute title in the person entitled thereto.

I am of opinion, however, that the power of assignment by the City being authorized by the statute under which the sale was made, the Common Council of Long Island City had under its power as the legislative body of the City the power to direct the proper officer to assign the certificate upon such terms as it might deem advisable.

Section 14 of title 2 of Chapter 461 of the Laws of 1871 (Charter of Long Island City), enumerates the powers bestowed upon the Common Council of that municipality, and it provides in subdivision 39 that the Common Council shall have power to pass resolutions "for carrying into effect and enforcing any of the powers, privileges and rights at any time granted and bestowed upon and possessed by the said corporation, although such acts or ordinances may not be specifically enumerated herein."

I am of opinion that under this power the Common Council of Long Island City could have made provision for the assignment of these certificates and that, as the successor of said body, the Board of Aldermen of The City of New York may now exercise a similar power. I agree, however, with the suggestion of the Collector of Assessments and Arrears that some suitable legislation should be had in regard to the matter now under consideration, and with regard generally to the right on the part of some City official properly guarded to cancel illegal taxes and tax sales and if it is your wish I will prepare a bill to be presented to the present Legislature to that end.

Respectfully yours,
G. L. STERLING, Acting Corporation Counsel.

Whereas, The Comptroller of The City of New York, by communication dated March 21, 1910, requested the Board of Aldermen of The City of New York, as successors to the Common Council of the City of Long Island City, in accordance with the provisions of section 14 of title 2 of chapter 461 of the Laws of 1871 (Charter of Long Island City), to authorize the Collector of Assessments and Arrears to make assignments of certain tax sale certificates.

Be it Ordained, That the Collector of Assessments and Arrears of The City of New York be and he hereby is authorized and empowered to assign any and all certificates for arrears of taxes prior to consolidation of the former City of Long Island City, the title to which is vested in The City of New York as successor of the former City of Long Island City, or through purchase at tax sales, for an amount not less than the purchase price at the tax sale and interest at the rate of 7 per centum per annum from the date of sale to the date of assignment.

County Clerk's Office, County of New York,
New County Court House,
New York, March 7, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City:

Dear Sir—Upon assuming the duties of my office on January 1, 1910, I found that there remained to be copied 45,000 marriage records of my predecessor's administration.

Two copies of each record are required. One, in book form, is retained in this office. The other is sent to the State Department of Health.

In duplicate, therefore, there are 90,000 copies to be rewritten. Since January 1, 1910, there has been an increase in this arrearage of approximately 2,500 records per month. This condition is brought about by the fact that, while the work of the County Clerk's office has increased approximately 33⅓ per cent., the number of employees has remained the same since 1894.

In verification of this statement I enclose a brief schedule showing the increased work of the office.

In order to bring the work of the office up to date, I respectfully ask you to present to the Board of Aldermen a resolution providing for an issue of special revenue bonds to the amount of $10,000. If granted, I propose to set to work immediately a sufficient number of temporary Clerks to copy these marriage records, paying them for their services at the rate of 10 cents per folio, or 100 words.

I believe you thoroughly appreciate the importance of getting this work up to date, and I therefore urgently ask your favorable consideration and the introduction of such a resolution at to-morrow's meeting of the Board of Aldermen.

Yours very truly,
WM. F. SCHNEIDER, County Clerk, New York County.

No. 523—(G. O. No. 17).

The Committee on Finance, to which was referred on March 15, 1910 (Minutes, page 1101), the annexed ordinance in favor of an issue of $5,000 corporate stock for plans to eliminate railroad grade crossings in the Borough of Richmond, respectfully

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary in order that the cost of this work may be kept separate, although done by the regular force, so that the same may be assessed pro rata on the State and railroad company. President Cromwell informed the Committee that these grade crossings were very dangerous. The Committee recommends that the said ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York, in the sum of five thousand dollars ($5,000), for the purpose of defraying expenses of making studies and plans for the elimination of grade crossings of steam railroads in the Borough of Richmond.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 11, 1910, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding five thousand dollars ($5,000) for the purpose of defraying the expense of making studies and plans for the elimination of grade crossings of steam railroads in the Borough of Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five thousand dollars ($5,000) the proceeds whereof to be applied to the purposes aforesaid.

No. 542.

The Committee on Finance, to which was referred on March 15, 1910 (Minutes, page 1128), a request from the Department of Health for $3,000 special revenue bonds for lighting systems at three branch offices, respectfully

REPORTS:

That the details of this application are fully set forth in the letter of explanation from the Secretary of the Department, attached hereto, upon which statement the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand dollars ($3,000), the proceeds whereof to be used by the Department of Health for the purpose of installing lighting systems in branch offices located at No. 426 First avenue, Manhattan; No. 330 Throop avenue, Brooklyn, and No. 490 St. Pauls place, The Bronx.

Hon. P. J. SCULLY, City Clerk, City of New York:

Sir—At a meeting of the Board of Health of the Department of Health, held March 9, 1910, the following resolution was adopted:

No. 426 First avenue, Manhattan, Tuberculosis Clinic.

No. 330 Throop avenue, Brooklyn, Clinic and Hospital for Contagious Eye Diseases.

No. 490 St. Pauls place, The Bronx, annex to office building.

EUGENE W. SCHEFFER, Secretary.

Department of Health,
Corner of Fifty-fifth Street and Sixth Avenue,
New York, March 24, 1910.

Hon. P. J. SCULLY, City Clerk, New York City:

Sir—At a meeting of the Board of Health of the Department of Health, held March 9, 1910, the following resolution was adopted:

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Aldermen be and it is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of $3,000, the proceeds whereof to be used by the Department of Health for the purpose of installing lighting systems in the following buildings leased for the uses of the Department of Health, as follows:

No. 426 First avenue, Manhattan, Tuberculosis Clinic.

No. 330 Throop avenue, Brooklyn, Clinic and Hospital for Contagious Eye Diseases.

No. 490 St. Pauls place, The Bronx, annex to office building.

It will be noted that the funds requested are to provide means to install electric lighting systems in the above indicated buildings, leased for the uses of the Department of Health, as follows:

No. 426 First Avenue, Manhattan.

This is a three-storied brick building occupied as a Tuberculosis Clinic by the Division of Communicable Diseases of this Department, is leased by the City from Isaac Steigerwald for a term of two years from the date of its occupancy (January 1, 1910), at an annual rental of $1,000, pursuant to an application made by this Department on October 13, 1909, and to a resolution of the Sinking Fund Commission, adopted November 18, 1909.

No. 490 St. Pauls Place, The Bronx.

These premises consist of two rooms on the ground floor of a tenement house here situated and adjoining the Bronx general offices, and are used by the Division of Communicable Diseases These are leased by the City from the Brook Construction Company for a term of two years from the date of occupation (February 19, 1910), at an annual rental of $350, pursuant to an application made by this Department on October 13, 1909, and to a resolution of the Sinking Fund Commission adopted November 18, 1909.

The necessity for both of these premises is due to the expansion of this Division through the extension of the tuberculosis service, and neither is provided with electric installation, the requirement for which, especially for the examination of patients, is self-evident.

In the Departmental Estimate of this Department, presented about August 25, 1909, requests were made under the following captions and as follows:

Division of Communicable Diseases, Repairs and Replacements by Contract or Open Order, $3,100.

This estimate was based upon the following items:

Repairs to furniture	$700 00	
Repairs to harness	50 00	
Repairs to carriages	150 00	
Repairs to instruments	200 00	
Repairs to buildings	2,000 00	
		$3,100 00

The allowance made in the 1910 Budget for this purpose was $800.

It is therefore evident that the allowance is insufficient to cover the estimated cost of repairs exclusive of those required in buildings leased for the purposes of this Division.

It will be remembered that the 1910 Budget contained provision to the extent of about $225,000 over the 1909 resources of this Division, to be applied to the extension of supervision over and care of tuberculosis.

The greater portion of this increase, however, was granted for Salaries, only $18,000 of the amount being available for Supply funds, and of this amount about $13,000 represented an increase for the purchase of General Supplies.

The item above shown to have been included in the departmental estimate for "Repairs to buildings, $2,000," was based upon actual expenditures during 1908 of more than $800, and provided for the estimated cost of repairs to additional buildings proposed for use and occupancy, if the requests of the Department were approved. Request for provision to lease such added buildings was also included in the estimate.

No. 330 Throop Avenue, Brooklyn.

This is a three-storied frame building occupied as a Hospital and Clinic for Contagious Eye Diseases, and leased by the City from Edward F. and Regina Koch for a term of five years from the date of occupation (March 26, 1909), at an annual rental of $1,200.

In the departmental estimate of this Department for 1910 appears the following request:

Hospitals and Clinics for Contagious Eye Diseases, Repairs and Replacements by Contract or Open Order, $800.

This estimate was based upon the following items:

Repairs to buildings	$700 00	
Repairs to furniture	50 00	
Repairs to instruments and apparatus	50 00	
		$800 00

The allowance made in the 1910 Budget was $800.

At the time the above estimate was prepared (August 25, 1909), the installation of a lighting system was not contemplated. It is now deemed necessary for the efficient administration of this institution.

The amount appropriated, $800, is sufficient only for purposes exclusive of the proposed lighting installation, there being another hospital and clinic located at One Hundred and Eighteenth street and Pleasant avenue, Borough of Manhattan.

It may be here stated that in all the leases before referred to it is stipulated that the City pays the cost of all interior repairs and alterations and for furnishing light. The amount requested in the resolution, $3,000, is based upon a tentative estimate prepared and submitted by an architect assigned for the purpose and is distributed as follows:

No. 426 First avenue	$1,000 00
No. 490 St. Pauls place	500 00
No. 330 Throop avenue	1,200 00
	$2,700 00
Architect's fees (10 per cent.)	270 00
	$2,970 00

In view of all of the above, it is, therefore, submitted:

First—As the work proposed to be performed is in buildings not owned by The City of New York, it is properly payable from appropriations of revenue bond funds and not from corporate stock funds.

Second—There being an insufficiency of appropriation applicable to the purposes, recourse is properly had to an issue of revenue bonds, pursuant to subdivision 8 of section 188 of the Charter.

Third—The necessity for the work is best understood when it is remembered that electricity provides the best illuminant for the examination of patients affected with tuberculosis or with contagious eye diseases, and for operations.

Respectfully,
EUGENE W. SCHEFFER, Secretary.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Bolles, Boschen, Brady, Brush, Callaghan, Carberry, Cole, Coleman, Cornell, Cunningham, Davis, Diemer, Dowling, Downing, A. S. Drescher, W. No. 573—(G. O. No. 18).

The Committee on Finance, to which was referred on March 15, 1910 (Minutes, page 1179), the annexed resolution in favor of an issue of $750 special revenue bonds for emergent hire of Interpreters in City Magistrates' Court, Second Division, First District, Borough of Richmond, during 1910, respectfully

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary. The judges of this court have submitted the attached statement urging favorable action. A resolution for this amount was passed in 1909. The Committee understands that this allowance was omitted from the budget because of its emergent character. It therefore recommends that the said resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred and fifty dollars ($750), the proceeds whereof to be used by the City Magistrates, Second Division, for the purpose of paying for the services of Inetrpreters in the City Magistrates' Court, Second Division, First District, Borough of Richmond, during the year 1910.

FRANK L. DOWLING, WM. P. KENNEALLY, CHARLES P. COLE, WILLIAM J. HEFFERNAN, FRANCIS P. KENNEY, JOHN F. WALSH, THOS. J. McALEER, MICHAEL STAPLETON, DANIEL EHNTHOLT, Committee on Finance.

City Magistrates' Court, First District,
Second Division, City of New York,
New Brighton, S. I., March 28, 1910.

Finance Committee, Board of Aldermen, City of New York:

Gentlemen—The undersigned are the only City Magistrates in the Borough of Richmond. We have but one Interpreter for both Courts. He speaks only the German and English languages. Italian speaking foreigners are by far the largest percentage of foreigners who come to our Courts as litigants and witnesses. We need a fund out of which to employ such an Interpreter so that we shall not have to call upon bootblacks, barbers or anybody else that will come and interpret.

For the past two years we have been able to get an appropriation of seven hundred and fifty dollars ($750) for that purpose and to employ an Interpreter per diem under Civil Service Rule 12. The need is greater now than ever before because there are more Italian cases than ever before.

We jointly request that you authorize the issuing of special revenue bonds to the amount of seven hundred and fifty dollars ($750) for the purpose of employing an Interpreter upon a per diem basis in the City Magistrates' Court, Borough of Richmond

Yours truly,
JOSEPH B. HANDY,
City Magistrate, First District, Borough of Richmond;
NATHANIEL MARSH,
City Magistrate, Second District, Borough of Richmond.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved that this report be laid over.

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary to pay for rent of these plots used for garbage crematory stations, allowance for which was not made in the budget owing to uncertainty of the power of the Department to continue this work in these locations. The Committee recommends that the said resolution be adopted.

Resolved, That the Comptroller of The City of New York be and is hereby authorized, in accordance with subdivision 8, section 188 of the Greater New York Charter, to issue Special Revenue Bonds to an amount not exceeding one thousand dollars ($1,000) for the payment of rental for one year from February 1, 1910, of the following described property:

Plot of ground situate in the Fourth Ward, Jamaica, Borough of Queens, comprising Lots 1, 2, 3, 4 and 5.....	$500 00
Plot of ground situate at Far Rockaway, Fifth Ward, Borough of Queens, comprising Lots 45 to 59, inclusive.....	500 00

—occupied by the Bureau of Street Cleaning, Borough of Queens, for the purposes of final disposition of garbage.

Department of Docks and Ferries, City of New York,
Pier "A," North River,
New York, March 16, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—Pier No. 6, at the foot of Coenties slip, East River, is in need of extensive repairs. After an examination of the structure, it is estimated that the work will amount to about $16,000.

This pier is one of the busiest piers in the entire City. It is set aside, under the provision of the Charter, for the exclusive use of canal boats between March 20 and December 31 of each year. Because of the constant use to which the pier is subjected it has been impracticable to make any extensive repairs. The proposed work could not well be done during the winter months and the repairs must therefore be made during the period when the maximum use is made of the pier, and the congested conditions will have to be studied and met as the work progresses. The work could not successfully be done under a contract in view of these conditions; the only practicable method being to have the repairs made by the force of the Department, where the Department will be in absolute control of discontinuing or proceeding with the repairs from time to time without loss to the City to meet the conditions.

In view of the above, I respectfully request that a resolution be adopted by the Board of Aldermen authorizing the repairs to be made by the force of the Department by day's labor, at a cost of $16,000.

Yours respectfully,
CALVIN TOMKINS, Commissioner.

Under Rule 21, consideration of this report was deferred. Subsequently the Vice-Chairman moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Bolles, Boschen, Brady, Brush, Callaghan, Campbell, Carberry, Coleman, Cornell, Cunningham, Davis, Desmond, Diemer, Dotzler, Dowling, Downing, A. S. No. 595.

The Committee on Public Letting, to which was referred on March 22, 1910 (Minutes, page 1207), the annexed request from the Commissioner of Docks for permission to repair Pier No. 30, East River, with departmental labor, without public letting, at a cost not to exceed $5,600, respectfully

REPORTS:

That the details of this application are set forth in the request of the Commissioner, giving the Department an opportunity to continue the employment of its dock building force, and at the same time do the work in a more economical manner than if let by contract. The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Commissioner of Docks be and he is hereby authorized to repair Pier No. 30, East River, with departmental labor, without public letting, at a cost not to exceed five thousand six hundred dollars ($5,600).

Department of Docks and Ferries, City of New York,
Pier A, North River,
New York, March 16, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—Pier No. 30, north of Market slip, East River, is in need of extensive repairs at the present time, the estimated cost of the work being about $5,600.

This pier is a very busy open wharfage pier, in addition to which it is a recreation pier. For this reason, in order that the use of the upper deck of the pier by the public for recreation purposes, and in order that the use of the lower deck for general wharfage purposes will be interfered with as little as possible during the progress of the work of repairs, it is deemed advisable to have the work done by the force of the Department rather than by contract. By this method the Department could carry on the work of repairs from time to time as the use of the pier will permit, whereas under a contract it would be necessary to turn the entire structure over to the contractor and prohibit the use thereof for wharfage purposes or for recreation purposes.

In view of the above, I respectfully request that a resolution be adopted by the Board of Aldermen authorizing the repairs to Pier 30, East River, to be made by the Department force, by day's labor, at a cost of $5,600.

Yours respectfully,
CALVIN TOMKINS, Commissioner.

No. [illegible]—(G. O. No. 19).

The Committee on Public Letting, to which was referred on March 22, 1910 (Minutes, page 1236), the annexed resolution in favor of permitting the President of the Borough of Manhattan to purchase automobiles without public letting to an amount not exceeding $16,000, respectfully

REPORTS:

That President McAneny appeared before the Committee and stated that it was proposed to use these autos as substitutes for the horses and wagons and autos now in use, which it cost $94,000 to maintain in 1909, whereas it was estimated that the autos could be maintained at a cost of $25,000 per annum; that there is now but one auto left in his Department capable of service, and that one is rapidly falling to pieces. These cars are to be purchased out of the appropriation for supplies for 1910. That this method of purchase enables a much better selection to be made. That it

is proposed to buy one car for the President and Public Works Commissioner for $4,000, one for Bureau of Buildings at $3,000, one truck for supplies at $3,000, two at $2,000 each and two at $1,000 each, being for the use of the Bureaus of Highways and Sewers. That this would do away with 11 or 12 buggies. The Committee recommends that the said resolution be adopted.

Resolved, That pursuant to section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized to purchase, without public letting, automobiles for the uses of the several Bureaus under his jurisdiction, the total expense not to exceed the sum of sixteen thousand dollars ($16,000).

Under Rule 21, consideration of this report was deferred. Subsequently, the Vice-Chairman moved the adoption of this report.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Becker, Bolles, Boschen, Brush, Callaghan, Campbell, Carberry, Cornell, Cunningham, Davis, Dotzler, Dowling, Downing, A. No. 156.

The Committee on Parks, to which was referred on January 25, 1910 (Minutes, page 224), the annexed resolution, Int. No. 156, requesting the Board of Estimate and Apportionment to set aside the space at the Brooklyn terminal of the Manhattan Bridge, bounded by York, Prospect, Jay and Pearl streets, for a park and recreation purposes, respectfully

REPORTS:

That it, having considered the subject at a public hearing held March 14, 1910, in the Aldermanic Chamber, believes such use of the premises is desirable, that the benefit of such a recreation ground in so congested a district is apparent, and recommends that the Board of Estimate and Apportionment be and hereby is requested to set aside the space at the Brooklyn terminal of the Manhattan Bridge, bounded as aforesaid, for a park and recreation purposes, including, if practicable, facilities for a public swimming bath. It therefore recommends that the accompanying substitute resolution be adopted:

No. 418.

The Committee on Parks, which was instructed on March 1, 1910 (Minutes, page 679), by resolution Int. No. 418 to hold a public hearing in the matter of utilizing available City property for parks and playgrounds, respectfully

REPORTS:

That at a public hearing held on March 14, 1910, attended by a large number of representative citizens of Greenpoint, a strong plea was made for the immediate improvement of McCarren Park. It was stated to be now in a deplorable condition of neglect, that situated in a congested district with a population of 250,000 people its 44 acres should be utilized so as to provide air, shade and verdure. This was strongly urged by the Right Rev. Monsignor O'Hare, Henry Burger of the Hebrew Civic Club and Public School Principal Hannaford. Park Commissioner Kennedy expressed his desire to make preliminary improvements to be continued from year to year, provided he could get the money. Attached is a commnication containing valuable information bearing on this matter.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such steps as may be immediately practicable to improve McCarren Park, in the Borough of Brooklyn, so as to make it available as a recreation centre for the large population of the neighborhood.

ALEXANDER S. DRESCHER, THOMAS J. McALEER, WILLIAM FINK, JOHN F. WALSH, EDWARD BRADY, JOHN J. MEAGHER, COURTLANDT NICOLL, JAMES HAMILTON, JAMES J. HICKEY, THOMAS F. BALDWIN, Committee on Parks.

Brooklyn, N. Y., March 17, 1910.

Hon. A. S. DRESCHER, Chairman of Committee on Parks:

Dear Sir—In accordance with your request I herewith send you the following facts in reference to McCarren Park:

On June 5, 1901, the Board of Public Improvements of The City of New York approved of the acquisition of the lands and premises bounded by Berry street, Nassau avenue, Lorimer street, Driggs avenue, Manhattan avenue, Leonard street, Bayard street, Union avenue and North Twelfth street, in the Fourteenth, Fifteenth and Seventeenth Wards of the Borough of Brooklyn, for use as a public park, and requested the Corporation Counsel with the consent of the Board of Estimate and Apportionment to apply to the Supreme Court for the appointment of Commissioners of Estimate and Assessment to ascertain the compensation which should be made to persons entitled to or interested in said lands.

On December 10, 1901, the Board of Estimate and Apportionment approved the resolutions of the Board of Public Improvement.

Commissioners were thereafter duly appointed by the Supreme Court and duly qualified and filed their oaths of office in the office of the Clerk of Kings County on January 8, 1902.

As a result of these proceedings The City of New York, in about the year 1904, became vested with the title to this property and took possession of it. They closed all the intersecting streets with the exception of the two upon which there were railroad tracks. They sold all the buildings on the property and compelled the purchasers thereof to remove the same. When this was done, this property was then turned over to the Park Commissioner and it has been under his jurisdiction and control ever since.

By reason of the neglect in improving and laying out this property its use has become such as to be a menace not only to the health but to the life of every person who has occasion to be in its vicinity either in the day or the night.

No provision whatever has even been made for the lighting of these forty tracts of land at night time. No electric or gas lights have been installed and the only light that is shed on this barren tract of 40 acres is what comes from the lights which stand upon the adjacent streets and the streets upon which there are railroad tracks.

Under the cover of darkness, crimes have been repeatedly committed therein and this place, instead of being the resort for women and children, has become the resort of criminals and thugs.

That such conditions should be permitted to exist in a thickly populated portion of New York such as this is is an outrage on public decency and morals and is an absolute disregard of the duties and obligations which the City owes to its rent and taxpayers. The three Wards, the Fourteenth, Fifteenth and Seventeenth, which are adjacent to this property and for whose benefit this park was acquired, contain a population of over a quarter of a million, most of whom live in crowded tenements and flats. In these three wards there is only one small park, known as Winthrop Park, located in the upper section of the Seventeenth Ward, and which is absolutely inadequate for the needs of the people.

Under these circumstances it seems to me that it is the duty of every citizen who has the interests of the people at heart as well as the officials who hold office as their representatives should use and employ every means in their power to give the people of these three Wards the park which the City in 1902 acquired for them at such a great expense.

Knowing and believing that you are interested in every movement which looks toward the betterment of the condition of the rent payer as well as the taxpayer, I appeal to you to use all your influence to secure for these people the improvement of this park, which I believe is their right.

Very truly yours,
JOHN FALLIN.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman A. S. Drescher moved the adoption of this report.

Which report was accepted and resolution adopted.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

Nos. 161 and 354.

City of New York, Office of the Mayor, March 28, 1910.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, disapproved, proposed ordinance No. 161, entitled "Ordinance for the purpose of establishing a system of record in relation to cold storage detention of perishable provisions in The City of New York."

It requires that meat, fowl, game, fish and all perishable foodstuffs placed in cold storage in this city shall have fastened thereon, or on the barrel, box, can or package containing the same, a tag giving the date when it was received in cold storage, and the date when it is taken out, and that each tag be retained and displayed thereon by the retailer, so that his customers may see it. The tag could not be divided among several retailers who buy parts of the bulk.

One of the boons given to us by the latter part of the last century was the preservation of perishable food products in a wholesome condition by means of cold storage. Like all benefits to mankind, it has excited much clamor and opposition.

It may well be that some food products may become unwholesome by being held in cold storage longer than a given time. That period, it may be, could be scientifically established by investigation, and food products which lay in cold storage up to such limit could be impounded in the storage warehouse and destroyed, unless put to some use other than human food. It may be the Board of Health already has this power.

This ordinance does not try to accomplish that end, but requires all foods in cold storage to be tagged with the date they come in and the date they go out, and that all retailers display the same tag on the article to their customers. The enforcement of this would be impossible, and a cardinal rule for lawmakers is not to pass laws which are not enforcible.

It would be necessary to place Inspectors not only in all of the cold storage warehouses, but in every retail place, even to make an attempt to enforce it; and if all that were done, the shifting of tags could scarcely be stopped, even if we indulge the belief that all of the Inspectors would be honest.

The Federal Government now has this matter under investigation, and it seems to me that it would be wise to await the end thereof before we do anything further about it. We should first ascertain exactly what the evil or abuse is, and then we will be in a position to pass a wise law providing an enforcible remedy. This proposed ordinance originated in worthy motives, but I think the Mayor's suspensive veto should be interposed to it.

Respectfully,
W. J. GAYNOR, Mayor.

The Committee on Laws and Legislation, to which were referred on February 1, 1910 (Minutes, page 229), the annexed ordinance to regulate the cold storage of perishable foodstuffs, and on March 1, 1910 (Minutes, page 581), the annexed protest from the New York Produce Exchange, respectfully

REPORTS:

That two public hearings were held on February 9 and February 16, 1910, very largely attended by the most influential representatives of the interests which appear to be affected, if not alarmed, by the proposed ordinance. The arguments in opposition were in the direction that cold storage was beneficial, enabling quantities of perishable food to be preserved during plentiful seasons for use when in the natural course, they could not be procured; also that the system was actually economical for the ultimate consumer. Both these positions were strenuously denied by those who approve the ordinance, notably by a delegation of housewives.

The object of the ordinance is, as stated by the introducer, Alderman Dowling, to permit the consumer to learn exactly what is placed before him for sale. There is no desire to entail an unnecessary hardship on any business or trade. Special interests must bend to the demands of the public, and this ordinance, if adopted, would tend to afford protection to the public against the gambling in food products which has been widely intimated, by their retention for a lengthy period in cold storage until an artificial scarcity is created.

A great deal of the opposition is based on the application of the ordinance to single fowls and fishes. It is recommended that it be provided that tags shall be placed on barrels, boxes or packages which may contain fowls, fish or game, and not on the actual carcases. Further suggestion has been made that the operation of this ordinance will force the cold storage plants out of the city in order to successfully compete with outside plants which cannot be regulated by a city ordinance. This objection may be met by an amendment to section 2; under such provision cold storage foodstuffs of every character, no matter where they had been stored, would have to be tagged in a manner to afford the information to the purchaser which this ordinance seeks to impart, and unfair competition from sources outside the city limits would be eliminated.

In regard to the constitutional power of the local legislative body to pass an ordinance of this kind, the Committee is informed that the City of Chicago recently adopted an ordinance imposing severe restrictions on the bakers of that city, which has been held operative by the Court of Appeals of Illinois, and a very stringent bill has been introduced in the House of Delegates of Maryland on the lines of this proposed ordinance.

Beside the approval of the ordinance manifested at the public hearings, a large number of messages and letters approving this ordinance have been received by your Committee from different parts of the city, and many inquiries from other municipalities asking for copies of the proposed ordinance, averring that it is a step in the right direction for the public interest.

Your Committee believes that with the alterations appearing in a substitute ordinance herewith presented, "the greater good of the greater number" will be conserved, that the consumers will benefit, and the conductors of the cold storage system, by adjusting their methods to imperative demands of the public, will discover that they too are benefited.

Your Committee, therefore, recommends that the accompanying substitute ordinance be adopted and the communication placed on file.

(SUBSTITUTE.)

AN ORDINANCE for the purpose of establishing a system of record in relation to cold storage detention of perishable provisions in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The carcass of any animal, or any part thereof, domestic fowls, fish or game, intended for use as human food, placed in cold storage in The City of New York, shall have securely fastened thereon, or in the case of fowl, fish or game, upon the barrel, box or package containing same, a tag bearing the date of reception of such carcass, or part thereof, in plain letters and figures, such tag to be stamped in equally plain letters or figures when each such carcass, part thereof, or in the case of fowl, fish or game, the barrel, box or package containing same, is removed from cold storage, giving the date of removal, which tag shall be prominently displayed by the retailer to all prospective purchasers.

Sec. 2. On each box, can or other container of perishable provisions placed in and coming from cold storage there shall be placed a tag or slip bearing dates as provided in section 1 of this ordinance, which shall be displayed by the retailer for the scrutiny of any prospective purchaser.

Sec. 3. Any failure on the part of any proprietor of a cold storage plant or any person engaged in retailing foodstuffs as herein described to comply with the provisions of this ordinance, shall, upon conviction thereof, before any Magistrate, either upon the confession of the party or competent testimony, be fined in a sum not less than fifty dollars and not more than two hundred and fifty dollars for each offense, and in default of payment thereof may be committed to the City Prison by such Magistrate until the same be paid.

Sec. 4. This ordinance shall take effect immediately.

(ORIGINAL.)

AN ORDINANCE for the purpose of establishing a system of record in relation to cold storage detention of perishable provisions in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The carcass of any animal, or any part thereof, domestic fowls or game, intended for use as human food, placed in cold storage in The City of New York, shall have securely fastened thereon a tag bearing the date of reception of such carcass, or part thereof, in plain letters and figures, such tag to be stamped in equally plain letters or figures when each such carcass, or part thereof, is removed from cold storage, giving the date of removal, which tag shall be prominently displayed by the retailer to all prospective purchasers.

Any failure on the part of any proprietor of a cold storage plant, or any person engaged in retailing foodstuffs as herein described, to comply with the provisions of this ordinance, shall, upon conviction thereof, before any Magistrate, either upon the confession of the party or competent testimony, be fined in a sum not less than five dollars and not more than fifty dollars for each offense, and in default of payment thereof may be committed to the City Prison by such Magistrate until the same be paid.

Sec. 4. This ordinance shall take effect immediately.

Resolution Unanimously Adopted by the Board of Managers of the New York Produce Exchange at a Meeting Held February 15, 1910.

Resolved, That the bill now pending before the Board of Aldermen, known as No. 161, and entitled "An ordinance for the purpose of establishing a system of record in relation to cold storage detention of perishable provisions in The City of New York," is a menace to the business of the provision dealers of the New York Produce Exchange, for the following reasons:

First—The provisions of the bill are absolutely impracticable.

Second—This bill is absolutely unnecessary, ample authority now being vested in the Board of Health to protect consumers of provisions in this city from the sale of goods not in prime condition.

Third—That if the terms of this ordinance were enforced an unnecessary burden of additional expense would be put on consumers of provisions, incurred in the tagging of goods prescribed in the measure.

MAX S. LEVINE, JOHN J. MEAGHER, CHAS. DELANEY, JOHN McCANN, DANIEL T. CORNELL, JAMES H. FINNIGAN, BRYANT WILLARD, SAMUEL MARX, Committee on Laws and Legislation.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

Nos. 240 and 246.

City of New York, Office of the Mayor,
March 28, 1910.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—For the reasons set forth in my veto message to your Honorable Board, dated March 14, 1910, on proposed resolution No. 488, entitled: "Resolution permitting the Hippodrome midgets to drive an advertising wagon,"

I return herewith, disapproved, proposed resolutions Nos. 240 and 246, entitled, respectively:

"Resolution permitting J. Schreier to drive an advertising wagon."

"Resolution permitting the Ninth Ward Originals to drive an advertising wagon."

Respectfully,
W. J. GAYNOR, Mayor.

Resolved, That permission be and the same is hereby given to Jacob Schreier to drive an advertising wagon through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department. Such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Resolved, That permission be and the same is hereby given to the Ninth Ward Originals to drive an advertising wagon through the streets and thoroughfares of the Borough of Manhattan, under the supervision of the Police Department. Such permission to continue only for the period of thirty days from the receipt hereof from his Honor the Mayor.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Kenneally asked and obtained unanimous consent to introduce the following:

No. 631.

Whereas, The brutal murder of Ruth Wheeler has aroused the people of this city to such a pitch that steps should be taken to the end that there may be no possibility of the recurrence of so heinous a crime; and

Whereas, Blame to a degree can be laid at the doors of the agency or place from which girls are sent to prospective employers on application, for the reason that no system of inspection or measure of care is in vogue whereby the danger of sending girls to places of peril might be avoided; therefore

Resolved, That the Legislature now in session at Albany be and hereby is respectfully requested to so amend the present law relating to intelligence offices and other places from which persons of not wholly mature age are sent for employment, so that no such persons are sent unless an inspection and investigation have been made or information lodged which will make it absolutely safe for any person thus sent in quest of a position.

Alderman Johnson moved that this resolution be referred to the Committee on Laws and Legislation.

Which motion was lost.

The resolution was then adopted.

Alderman Johnson asked and obtained unanimous consent to introduce the following:

No. 632.

Whereas, The supplies required by the Normal College of The City of New York and its several departments are so varied in character and used in such comparatively small quantities; and

Whereas, It has been estimated that the cost of preparing, printing and advertising according to law, a supply list such as that of the Board of Education would involve an expenditure greater than 10 per centum of the total appropriation for such materials; be it

Resolved, That, pursuant to section 419 of the Greater New York Charter, the Trustees of the Normal College of The City of New York be and they hereby are authorized to procure such textbooks, chemical, physical and scientific apparatus and material and such other supplies as may be purchased from the advertised list of the Board of Education for the purposes of the Normal College, the High School Department and the Training Department, at an expense not to exceed $15,000, without public letting.

In the matter of the purchase of books and supplies for the Normal College of The City of New York, the general statement may be made that the same are procured from the contractors to the Board of Education wherever the materials furnished are suitable for our purposes or whenever it is most economical to do so.

Goods purchased in the open market in any considerable quantity are always secured after bids have been solicited from reputable dealers upon samples furnished by us. Frequently prices thus obtained are less than those of the supply list.

Taking the expenditures for the year 1909 as an example:

The total appropriation was		$22,150 00
Expenditure for books was	$8,411 00	
Supplies for the training department purchased almost exclusively from the Board of Education list	1,500 00	
Supplies for the Department of Natural Science including microscopes and other apparatus, most of the lesser supplies being purchased at Board of Education prices or from the list	1,250 00	
Supplies for Department of Physics and Chemistry, including scientific apparatus and scientific [illegible] chemicals, etc., usually purchased from lowest bi[illegible]	1,500 00	
Sewing supplies purchased almost exclusively from Board of Education list	275 00	
Printing of examination papers where it is inadvisable to solicit estimates	275 00	

Supplies for the drawing department are in great variety, while the quantities of each are comparatively small. As many of them as suit our needs are purchased from the Board of Education list, others from the lowest bidders. Some of the materials are imported while others have to be made to order..... 950 00

Supplies for the kindergarten department, including those for kindergarten training classes are so varied, and the quantities of each kind are so small that it is almost impossible to obtain them from the contractors to the Board of Education, many of whom refuse to fill such small orders. Generally purchased on estimate..... 250 00

Janitors' supplies are purchased where required by law, from the State Prison Department, from the Board of Education list, or from dealers who will supply us at the Board of Education prices. The prices are seldom in excess of those on the supply list..... 875 00

All Other Supplies—This includes printing of college stationery, annual reports, bulletins of information, catalogues and courses of study, envelopes, papers of many kinds, blanks of all kinds, library supplies, including cards, printing, etc., making of various blank books for Auditor's Secretary and Registrar's offices. Also furniture, including cabinets for records, desks, tables, chairs, etc., piano, typewriters and supplies, linoleums or other floor coverings, pens, pencils and stationers' supplies of all kinds 6,744 00

Many of these are purchased from the supply list or from the lowest bidders at prices frequently less than those to the Board of Education.

Total 22,130 00

Balance $20 00

From the above lists it will be seen that it is practically impossible to know in advance our requirements or the quantities that will be needed during the year, hence the impracticability of attempting to prepare a supply list.

Emergency orders, particularly for printing, are issued to persons who have given satisfactory service at reasonable prices in the past. Seldon do such orders call for items included on the Board of Education supply list.

Which was referred to the Committee on Public Letting.

GENERAL ORDERS.

Alderman Barton called up General Order No. 14, being a report and resolution as follows:

No. 474—(G. O. No. 14).

The Committee on Finance, to which was referred on March 8, 1910 (Minutes, page 1015), the annexed request from the Commissioner of Street Cleaning for $10,000 special revenue bonds for dredging in and around departmental dumps, respectfully

REPORTS:

That the details of this application are partially set forth in the letter of the Commissioner of Street Cleaning. The Dock Commissioner was requested by the Committee to state why this work was not to be done out of his appropriation as heretofore and his reply is annexed. Commissioner Edwards explained that it was impossible to estimate the amount needed with exactitude. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars ($10,000) the proceeds whereof to be used by the Commissioner of Street Cleaning for the purpose of dredging in and around departmental dumps.

FRANK L. DOWLING, WM. P. KENNEALLY, W. J. HEFFERNAN, JOHN F. WALSH, DANIEL EHNTHOLT, THOS. J. McALEER, Committee on Finance.

Department of Street Cleaning, City of New York,
Nos. 13 to 21 Park Row,
New York, March 4, 1910.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Sir—I find that it will be necessary to do a great deal of dredging during this year in and about the various water-front dumps of this Department in the Boroughs of Manhattan and The Bronx. Heretofore this work was always done for this Department by the Department of Docks and Ferries, but I am now informed by that Department that it declines to continue that policy for the reason that it is required to follow closely its budget in all of its outlay; and as this sudden change of policy on the part of the Department of Docks and Ferries was not foreseen, no provision for this expense was made by this Department in its Budget for 1910.

It is estimated that the amount required for the year 1910 for this work of dredging will be about ten thousand dollars ($10,000), and I therefore request your Board, pursuant to subdivision 8 of section 188 of the Greater New York Charter, to recommend to the Board of Estimate and Apportionment the issue of revenue bonds to the amount of ten thousand dollars ($10,000) to meet the expense of dredging the waters in and about the dumps of this Department in the Boroughs of Manhattan and The Bronx for the year 1910.

Respectfully,
WM. H. EDWARDS, Commissioner.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Barton, Becker, Boschen, Brady, Brush, Campbell, Carberry, Cole, Coleman, Cornell, Cunningham, Davis, Desmond, Diemer, Dotzler, Dowling, Downing, A. S. Drescher, W. Drescher, Dujat, Ehntholt, Eichhorn, Fagan, Fink, Finley, Gaynor, Godwin, Hannon, Heffernan, Herbst, Hickey, Hoertz, Kenneally, Kenney, Levine, McAleer, McCann, Meagher, Morrison, Mulhearn, Reardon, Sheridan, Shipley, Smith, Sohmer, Stapleton, Towen, Volkmann, Van Nostrand, Walsh, Wendel, Weston, White, and President Miller, by Thomas W. Whittle, Commissioner of Public Works—55.

Negative—Aldermen Callaghan, Esterbrook and Finnigan—3.

On motion of Alderman Towen, the above vote was reconsidered and the paper was restored to its place on the list of General Orders.

Alderman Barton called up General Order No. 13, being a report and resolution as follows:

No. 462—(G. O. No. 13).

The Committee on Finance, to which was referred, on March 8, 1910 (Minutes, page 1004), the annexed resolution in favor of an issue of $5,000 special revenue bonds for Department of Water Supply, Gas and Electricity to provide means for purchase of a motor boat, with which to detect water thieves, respectfully

REPORTS:

That Deputy Commissioner Bemis informed the Committee that it was the intention of the Department to sell the yacht now in commission, which required a crew of eight men, and purchase a motor boat, requiring a crew of but three men. That the yacht would sell for almost the cost of the proposed motor boat, and the latter would be much better adapted for the purpose for which it is to be used, besides the saving of two-thirds in maintenance. The Committee recommends that the said resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby required to authorize the Comptroller to issue special revenue bonds to the amount of five thousand dollars ($5,000), the proceeds whereof to be used by the Commissioner of Water Supply, Gas and Electricity for the purchase of a motor patrol boat.

FRANK L. DOWLING, WM. P. KENNEALLY, WM. J. HEFFERNAN, JOHN F. WALSH, FRANCIS P. KENNEY, DANIEL EHNTHOLT, THOS. J. McALEER, TRISTAM B. JOHNSON, Committee on Finance.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 13, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date, to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. REPORT OF THE CORPORATION COUNSEL.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, February 15, 1910.

Hon. WILLIAM J. GAYNOR, *Mayor:*

SIR—Pursuant to section 1544 of the Greater New York Charter, I submit herewith a report of the transactions of this Department for the quarter and year ended December 31, 1909.

As statistics in themselves can give only a very limited idea of the work done by a municipal law department, it seems proper to refer to a few of the more important matters which received attention during the year.

The entire period covered by this report fell within the term of office of my predecessor and I will therefore merely state the substance of reports made during the month of December, 1909, to the then Corporation Counsel by the heads of Bureaus and Divisions. A condensed summary of these reports was transmitted to your Honor and was attached to the annual message to the Board of Aldermen dated January 11, 1910.

REPORT OF GENERAL OFFICES.

The number of actions and proceedings pending at the beginning of the year was 24,913 and the number had been reduced at the close of the year to 23,148. The number of actions and proceedings of all kinds commenced during the year was 3,619 and the number disposed of 5,384, showing that the Department more than kept abreast with the current business.

The record of Appellate and Trial Court work was as follows: Of 292 cases tried in the Supreme Court, verdicts or judgments were rendered in favor of the City in 165 cases and against the City in 78. In the remaining actions tried the decisions were partly favorable and partly unfavorable, or juries disagreed, or the cases are still undecided. Of 119 cases tried in the Municipal Courts, 74 were decided in favor of and 36 against the City. In the Court of Appeals 61 appeals were argued, 36 of which were decided in the City's favor and 25 against the City. In the Appellate Division, out of a total of 176 appeals argued or submitted, decisions were rendered in favor of the City in 116 cases and against the City in 44 cases. At the Appellate Term 8 of the 18 cases argued were decided in favor of the City and 8 against the City.

The entire amount of all judgments entered against the City during the year was $461,466.53 and a number of the judgments included in that amount were subsequently reversed on appeal.

The total amount disbursed during 1909, to December 31, for the maintenance and incidental expenses of the Department was $813,430.75, of which the principal item was $618,287.85 for salaries and wages.

The moneys collected during the year amounted to $454,781.03.

Four thousand five hundred and sixty-four contracts, bonds, leases, releases and agreements were examined or drafted and approved as to form.

One thousand nine hundred and three written opinions were rendered to the various municipal officers and Departments during the year.

BUREAU FOR COLLECTION OF ARREARS OF PERSONAL TAXES.

There was collected during the year in taxes, interest and costs, the sum of $151,542.67, an increase of $37,793.73 over the amount collected during the year 1908, and an increase of $72,156.92 over the amount collected during the year 1907.

Chapter 374 of the Laws of 1909, which enables persons wrongfully assessed to review the assessment even after an action has been commenced to recover the amount of the tax, has done away with the hardship and injustice heretofore imposed upon the citizens at large.

Mention should also be made of the return made to the Tax Department and to the Comptroller of all uncollected taxes as well as the transmission of all orders entered and depositions taken in the office in connection with a reduction or cancellation of an assessment. This information has been useful to the said Department in the preparation of Tax Rolls for the succeeding year.

TENEMENT HOUSE BRANCH OFFICE.

This Bureau handles all of the legal work of the Tenement House Department and the Bureaus of Buildings of the several Boroughs.

The growth of the city, the annual amendment of existing laws and enactment of new laws have resulted in a great increase in the legal work of this office. The laws enforced by it are the subject of repeated attack in the Supreme Court, so that concurrently with the important and direct work of the litigations of the lower courts, the defence of the several laws involved must go on in the Supreme Court whenever the assail is made.

The following table shows the work done for the year 1909 and previous years by this branch of the Law Department:

BUREAU OF STREET OPENINGS.

Legislation was prepared and enacted as follows:

1. Chapter 398 of the Laws of 1909, authorizing the Sinking Fund to destroy buildings taken in condemnation proceedings, or to agree with the owners at private sale that the cost of removal of buildings should be the cost or compensation for the taking thereof.

This act was directed against house planting and the so-called "peripatetic houses."

2. The amended street opening law, providing:

First—That assessments for benefit might be laid upon boroughs for borough improvements, and providing that the City's tax maps might be used as benefit maps in such proceedings.

Second—Authorizing the Board of Estimate to create zones of assessment and to prescribe the amount of the cost to be levied thereon in percentages.

Third—Authorizing the subdivision into areas of the general assessment area, where more than one street is included in the proceeding.

Fourth—Providing for including the cost and expense for maps in street opening proceedings in the cost of the proceedings in which they are used and relieving the City at large to that extent from such cost and expense.

Fifth—Authorizing the Board of Estimate to fix the compensation of Commissioners of Estimate where the assessment is levied on an entire borough or boroughs.

3. A grade crossing bill, known as Senate No. 925, introductory 796, was drawn and its passage urged before the Legislature. Consideration thereof was deferred until the next Legislature. The purpose of the grade crossing bill, applicable to all portions of the City except the Borough of Manhattan, was to eliminate within that territory all grade crossings where practicable. It authorized an agreement between the City authorities and the railroad companies affected, with reference to plans for that purpose, and in case of a failure to come to such an agreement the act authorized a procedure by which the City authorities could have such plans adopted and approved, which would be binding both upon the City and the railroad companies.

The act provided for an application as to the time when the work of eliminating the grade crossings should be [illegible]. It also provided for an apportionment of the

cost of the work between the railroads affected and The City of New York, as well as for a contribution in certain cases from the State towards defraying a part of the cost of the improvements.

The act also authorized the levying of an assessment for benefit on the property benefited of that part of the cost and expense of the improvement which, under the act, The City of New York would be obliged to contribute, but which the Board of Estimate and Apportionment might determine should be borne by the property benefited. The bill was not passed by the Legislature.

In the matter of Briggs avenue, New York Court of Appeals, November, 1909, it was held that houses bought and moved on the sites of proposed streets remained personal property and should not be paid for.

WATER SUPPLY PROCEEDINGS.

During the year 1909 there were pending under chapter 490 of the Laws of 1883 five proceedings for the condemnation of real property. Seven reports were made by the Commissioners of Appraisal, which reports embraced seventy-six parcels of land, and awarded $234,174.90 for the property taken. Three of the above proceedings have been completed.

Under chapter 724 of the Laws of 1905 forty-three proceedings were pending for the condemnation of real property. Fifty reports were made by the Commissioners of Appraisal, embracing seven hundred and sixty-four parcels of land, and awarding $2,409,853.56 for property taken.

A proceeding has been commenced under chapter 466, Laws of 1901, and chapter 428, Laws of 1907, to acquire land in the Village of Mount Kisco for the purpose of protecting the water supply of The City of New York from pollution. The Commissioners of Appraisal have made one report, embracing ten parcels of land and awarding $31,765 for the property taken.

CONDEMNATION PROCEEDINGS AND REAL ESTATE MATTERS OTHER THAN STREET OPENING AND WATERSHED PROCEEDINGS.

The reports of the Commissioners of Appraisal have been confirmed in the following proceedings:

1. One Hundred and Sixty-eighth street and Fort Washington avenue, Manhattan, for an armory site.
2. Queensboro Bridge (Proceeding No. 2), Manhattan approach.
3. Queensboro Bridge, Queens approach.

10. Bloomfield and Little West Twelfth Street Dock.
11. Whale Creek improvement, Brooklyn, for dock purposes.
12. East Houston and Second streets, Manhattan, for a library site.
13. Baxter and Hester streets, Manhattan, for a school site.
14. Twentieth and Twenty-first streets, between Eighth and Ninth avenues, Manhattan, for a school site.
15. Roanoke avenue, Queens, for a school site.

The awards in the fifteen (15) aforesaid proceedings aggregate the sum of $7,756,827.95.

The following is a list of proceedings in which reports have been submitted to the Supreme Court for confirmation:

1. Queensboro Bridge, Manhattan approach (Proceeding No. 3).
2. Clinton and Delancey streets, Manhattan, for a site for a police station.
3. Hamilton place, west side, between One Hundred and Fortieth and One Hundred and Forty-first streets, Manhattan, for a school site.

The amounts involved in the three (3) aforesaid proceedings aggregate the sum of $2,505,513.

At the present time there are pending twenty-eight proceedings, as follows:

For bridge purposes	3	For dock purposes	8
For hospital purposes	1	For police purposes	1
For rapid transit purposes	9	For school purposes	5
For a new street	1		

The most important matters that have been handled during the year 1909 are as follows:

1. Condemnation of lands for the extension of the Manhattan terminal of the New York and Brooklyn Bridge. The Commissioners made their report in said matter on July 9, 1909, by which they awarded for the property taken $4,559,759. The awards are approximately $2,700,000 less than the lowest valuations testified to on behalf of the owners of the property taken.

2. Condemnation of underground easements or right of way for the rapid transit subway under the property of the New York Dock Company, at foot of Joralemon street, Brooklyn. The Commissioners made their report on June 24, 1909, by which they awarded as damages $162,500. The lowest amount claimed by the Dock Company as damages, as testified to by their experts, was $680,000.

3. In an action brought by the Rockaway Park Improvement Company against the City, the decision of the Supreme Court has supported the position taken by this office, that the Jamaica Town Patent, granted by Governor Nichols in 1666, conveyed all of Jamaica Bay within Queens County, up to the high water mark of Rockaway Beach, comprising some 4,000 acres of land under water.

4. In condemnation proceedings for the acquisition of lands and wharfage rights at the junction of Newtown and Whale Creeks, in the Borough of Brooklyn, for dock purposes, Mr. Justice Dickey, on a motion made by the property owners to confirm the report of the Commissioners, declined to confirm the report unless one of the property owners consented to reduce the award of $480,000 made to it to $380,000. Said property owner has consented to such reduction.

Change of Grade Claims.

One hundred and two such claims have been tried before the "Change of Grade Damage Commission," and sixty before the Board of Assessors.

TORT DIVISION.

In the nine months of Trial Term in the current year, 545 tort cases were on the calendars in the First Department. Two hundred and sixty-six cases against the City, exclusive of suits against officials, bureaus or departments, were disposed of at Trial Terms alone, aggregating nearly $2,000,000 sued for, with total recovery and settlement of about 5 per cent. This, together with cases disposed of out of Trial Term, would reduce the proportionate amount of recoveries to about 3 per cent. of the sum in suit.

DIVISION OF FRANCHISES.

In the Consolidated Gas Company vs. City et al. (80c. Gas Case), the appeal taken by the City to the United States Supreme Court from the decree entered April 3, 1908, declaring unconstitutional chapter 736, Laws of 1905, fixing 75 cents per 1,000 cubic feet as the rate for gas supplied to the City, and chapter 125 of the Laws of 1906, fixing 80 cents per 1,000 cubic feet as the rate to the general consumer for gas supplied, was successful, and the decree entered in favor of the gas company in the Circuit Court below was reversed and its bill of complaint was dismissed by the unanimous decision of the United States Supreme Court, expressed by Mr. Justice Peckham, January 4, 1909.

This unanimous decision of the Supreme Court of the United States fully sustained the contentions of the City made before the Special Master and the Circuit Court, as to the valuation of the company's property, its net income and the rate of return to which it was entitled. As a result of this decision $10,813,304.85 in cash has been refunded to the gas consumers of the Boroughs of Manhattan and The Bronx, and about $5,000,000 was retained by the consumers of gas in the Borough of Brooklyn. The City saved $750,000 on its gas bills and will save $200,000 annually thereafter. The total saving to the gas consumers annually based on the present consumption of gas in the Greater City of New York will be in future over $7,000,000. The gas company paid to the City $14,544.36 costs and disbursements.

Acting in concert with the Department of Water Supply, Gas and Electricity and the Finance Department, this Division has succeeded in arranging new rates and better terms for gas and electricity supplied to the City, resulting in a saving in the City's bills of over $1,000,000.

For the first time since the consolidation of the Hudson River Railroad Company with the New York Central Railroad Company in 1869, the question of the nature and extent of the franchise rights originally granted the Hudson River Railroad Company by the City in 1847, has been raised by this Division in an opinion of the Corporation Counsel, dated May 28, 1908, to the Board of Estimate, and an action is now pending brought by the New York Central and Hudson River Railroad Company to enjoin the City from carrying out its intention as expressed by the resolution of the Board of Estimate May 28, 1909, to remove the company's tracks from the streets on the west side. This action has been tried before D. Cady Herrick, as Referee, and a decision rendered in favor of the plaintiff. An appeal will be taken in the near future.

This Division has charge of all actions (some sixty in number) now pending, brought by the gas and electric light companies to recover claims for lighting service supplied the City, and which claims amount to over $8,000,000. It is also carrying on the important litigation brought by the City against the Consolidated Telegraph and Electrical Subway Company and the Empire City Subway Company for an accounting and to take over the possession of said subways from said companies under the forfeiture clauses of the contracts between the companies and the City under which such subways are now operated.

AFFIRMATIVE ACTIONS.

Fifth Avenue Improvement.

Through systematic and continued efforts involving personal interviews with nearly all the owners of property or their attorneys in the district affected, Fifth avenue, from Twenty-fifth to Forty-seventh street, has been cleared of all encroachments, with a few inconspicuous exceptions, without litigation.

Claims Against Street Railroads.

(a) Car Licenses—Judgments for large amounts recovered against street railroad companies have been affirmed by the Court of Appeals, and in a number of cases, the right of the City to compel the railroad companies to procure a license for each and every car and to display the same has been maintained. Such licenses are now being displayed in the cars operated over several lines.

(b) Paving Claims—Judgments have been recovered and affirmed on appeal against street railroad companies for the expense incurred by the City in paving in and about their tracks. As a result, not only have considerable sums of money been collected on this account, but at present the companies are to a great extent complying with the paving requirements of the General Railroad Law and are paying for necessary paving and repairs about their tracks as required by the Commissioner of Public Works.

(c) Claims Before Receivers—All accrued claims against street railroad companies which are in the hands of receivers have been filed and proved before Special Masters. These claims have been allowed to a large amount and in case of several of the railroads substantial dividends will be eventually received by the City.

Miscellaneous Claims and Litigation—Actual cash collections by this Division for the year 1909, in satisfaction of claims or of judgments in actions instituted by the Division, amounted to approximately $250,000. Of this amount $33,833.93 was collected for costs awarded to the City, the individual items usually amounting to less than $200.

DIVISION FOR QUEENS COUNTY LITIGATION.

In connection with its conduct of miscellaneous litigation in the County of Queens, this Division has been in full charge of and has defended the City successfully as against actions for damages alleged to have been sustained by residents in the County of Nassau through the operation of the City's water works system in Long Island. The installation of the infiltration gallery system, which is said to take more of the underground water supply than the driven well system, has largely increased this character of litigation which has been pending against the City since consolidation. Although actions are pending against the City in the sum of $1,300,000, many of the claims filed since 1908 are being gradually discouraged because of the evidence offered by the City in the Supreme Court during the year 1909 in the Counties of Kings, Nassau and New York.

TAX CASES.

Early in the year 1908 a change was made in the policy of conducting the business of the Tax Division of the office. Prior to that time it had been difficult to secure the necessary co-operation between the Law Department and the Tax Department and the Finance Department in order to accomplish any disposition of litigations to review assessments for taxation by means of settlements out of court. Proceedings to review assessments other than special franchise assessments had been accumulating for some years past at the rate of from 150 to 400 cases a year and had been disposed of at the rate of from 100 to 200 a year, in many years the number of cases disposed of being less than 100. There was then an accumulation of undisposed cases other than special franchise cases amounting to about 1,700.

In the early part of the year 1908 it was determined by the Corporation Counsel and the Comptroller to undertake to dispose of a substantial part of these pending litigations by means of settlements out of court where such settlements seemed in the City's interest, the work to be done with the co-operation and advice of the Tax Department. The result of this policy has been that in the years 1908 and 1909 1,307 cases have been disposed of. The assessments under review in these proceedings amounted to $519,641,582. The amount of the assessments under review claimed by the taxpayers to be excessive was $188,264,167.23. Of this amount in litigation only $33,338,444.81 of assessments was vacated and the balance, or $155,221,572.42, of litigated assessments was sustained. These results, viewed generally, are far better than any which have been obtained by means of a policy of litigation rather than settlement and aside from the advantage of solving the problem resulting from the continued accumulation of these litigations in prior years the policy has had the obvious effect of decreasing litigation concerning taxes rather than increasing it. The effect of the policy in this respect could not be shown in the year 1908 because comparatively few cases had been disposed of by settlement prior to the first of November of that year (the time when the right to certiorari for the year expired). Therefore, in the year 1908 the number of cases to review assessments of property was 612. The number of cases, however, instituted to review assessments for taxation for the year 1909 was only 105. The general policy of disposing of these litigations by settlement has thus proven a success and if it is continued the Tax Division of this office can, apparently, prevent a recurrence of the accumulation of this part of its work.

Special Franchise Assessments.

This is a matter which has been surrounded by many difficulties. The act defining special franchises and imposing a tax thereon, creating, as it did, a quasi new species of property for taxation purposes, has given rise to many questions which could only be finally settled by judicial determination. The corporations in almost every instance brought certiorari proceedings to review the assessments for each successive year, thus imposing upon this office the conduct of a very large number of cases, each involving various questions of law and fact. These cases were sent to referees for trial, and there are now pending 254 separate proceedings before an aggregate of twenty-four referees.

It was realized that it was essential that some special cases involving general questions applicable to many, if not all, the cases, should be pushed to final con-

clusion in order that general rules should be established which would simplify the disposition of all these proceedings. In pursuance of that policy, the case of the Jamaica Water Supply Company has just been concluded in the Court of Appeals, in which case that court has laid down general principles which it is thought will simplify much the disposal of the pending cases.

In view of this fact, and after conference with the Attorney General, the Appellate Division was asked to and did fix a Special Term for trying these certiorari cases, and motions are about to be made to change the venue and vacate the orders of references in order that they may be brought on for hearing at this Special Term with a view of disposing of them as rapidly as possible.

DIVISION FOR CONTRACT LITIGATION.

This division has pending litigations aggregating $4,172,686.61. The courts, after trial, passed upon sixty-six cases besides numerous motions at Special Term.

The claims in these cases aggregate $1,126,318.44. The recoveries therein to date amount to $74,108.12.

Perhaps the most important cases handled by this division were the following:

Title.	Where Tried.	Nature.	Disposition.
Charles Hart.....	Sup., N. Y.	Damages, construction of sewer, Broadway, Queens, $106,716.50	Complaint dismissed September 22, 1909, Gerard, J.
Cranford Company.	Sup., N. Y.	Work, Labor, etc., sinking shaft, Storm King, $234,449.94.....	Complaint dismissed May 21, 1909, Platzek, J.
Preston B. Seaman.	Sup., Q...	Architect's fees, erection of Borough Building, Queens, $64,295	Verdict for defendant, February 20, 1908.
Long Island Contracting and Supply Company.....	Sup., Q...	Breach of contract, $20,200.60..	Verdict for plaintiff, $750.
Wilson & Bailee Mfg. Company...	Sup., N. Y.	Action for extra work and overtime, $15,206.45.....	Verdict for defendant, Davis, J.
United Engineering and Contracting Company.....	Sup., N. Y.	Extra work, construction of Newtown Creek Bridge, $88,346.36.	Verdict for plaintiff, $11,000.
O'Rourke Engineering Company....	Sup., N. Y.	Work done under contract,$50,000	Judgment for defendant.
Bennett vs. City..	Sup., N. Y.	Legal services, $100,000.....	Judgment for $10,000, Parker, Referee.
Donlon Contracting Company vs. City	Sup., K...	Extra work, $45,000.....	Verdict for $5,000, Maddox, J.

The case of Shanley & Ryan vs. the City, for $432,000, was also tried before Hon. Alton B. Parker, referee, during the past year and is now before him for decision.

The case of Donlon Contracting Company vs. the City, for upwards of $45,000, was tried before Mr. Justice Maddox and a jury and the verdict rendered was afterwards reduced to $5,000, which amount was due from the City.

The case of Williams Engineering and Contracting Company vs. the City was important for the reason that the Court of Appeals sustained the eight-hour provision of the Labor Law and justified the Comptroller in retaining moneys due the contractor under the contract by reason of the contractor's violation thereof. This was the first case that the Court of Appeals decided after the re-enactment of the Labor Law, pursuant to the amendment to the Constitution. The case is reported in 193 N. Y. 148.

LEGISLATION.

There were introduced in the Legislature during the session of 1909 110 amendments to the City Charter, and 258 other bills affecting The City of New York, exclusive of reprints and duplications and numerous amendments to the various codes and general statutes.

Only 87 bills affecting the City were passed by the Legislature and submitted to the Mayor. He approved 61 of these and vetoed 26.

One of the most important bills proposed by the Corporation Counsel and enacted with the approval of the Mayor is chapter 74 of the Laws of 1909. It remedies defects in the assessments of bank shares for the years 1901 to 1907, inclusive, and validates assessments aggregating over $15,000,000.

The City was in grave danger of losing this amount by reason of the decision in the case of the Bridgeport Savings Bank (191 N. Y., 88). This bill passed the Legislature two weeks after its introduction.

At the request of the Mayor, a joint resolution proposing an amendment to the Constitution with reference to condemnation proceedings was drawn up and introduced. It passed the Assembly, but was not reported out of the Judiciary Committee in the Senate.

DIVISION OF APPEALS.

The more important cases argued and decided by the Appellate Courts included the following:

In Gastel vs. City of New York, 194 N. Y., 15, the Court of Appeals laid down the important rule in accident cases that evidence of prior accidents may be received, when the question of negligence is debatable, to show that an alleged defect in a sidewalk has proved dangerous and is calculated to cause accidents, but such evidence is not of itself sufficient to sustain a charge of negligence.

In Fifth Avenue Coach Co. vs. City of New York, 194 N. Y., 19, it was held that the Board of Aldermen had the power to pass an ordinance prohibiting the display of advertisements upon wagons, and that such ordinance prohibited the use of advertisements on the motor omnibuses of the plaintiff which are operated up and down Fifth avenue.

In People ex rel. Williams Engineering and Contracting Co. vs. Metz, 194 N. Y., 145, it was held that a municipal contractor who requires his men to work more than eight hours a day, not only violates the Labor Law, but also the provisions of the Penal Code, and that the amendment of the latter by chapter 506 of the Laws of 1907 did not repeal the provisions of the former.

In Peterson vs. City of New York, 194 N. Y., 437, it was held that the Aqueduct Commissioners had the power, under the Aqueduct Act, to affix a seal to a contract executed by them, and that thereupon the contract, in a legal sense, became a sealed instrument which was not barred by the six years' statute of limitations.

In Matter of Hahn, 194 N. Y., 592, the Court of Appeals, without opinion, affirmed the important ruling that a member of the County Committee of a political party was not ineligible for appointment to the office of member of the Board of Elections.

In People ex rel. Wineburgh Adv. Co. vs. Murphy, 195 N. Y., 126, it was held that the "sky sign" ordinance, which limited the height of sky signs to nine feet and prohibited the erection of all other signs, no matter how well secured, was arbitrary and unauthorized, when it appeared from the ordinance itself that it was not enacted either in the interest of public health, morals or safety.

In Matter of Ahearn vs. Elder, 195 N. Y., 493, it was held that the amendment to the Election Law, which required the signature of the elector to the register, was not unconstitutional.

In Williams & Gerstle vs. City of New York, 130 App. Div., 182, it was held that it was no breach of a contract to refuse to pay an installment on a progress certificate when it appeared that liens had been filed against the contract and the contract itself provided that the installments were not due until the liens were paid.

In O'Rourke vs. City of New York, 130 App. Div., 673, it was held that where under the terms of a contract the contractor was only entitled to be paid 80 per cent. of a progress certificate he was not entitled to interest on the retained 20 per cent., especially where, on the completion of the contract, the retained amount was paid to him and he executed a release.

In Gubner vs. McClellan, 130 App. Div., 716, it was held that the Public Service Commission Law, which requires The City of New York to pay the expenses and salaries of the Commission for the First District, was not unconstitutional.

In City of New York vs. Fulton Street Railroad Company, 130 App. Div., 791, it was held that a street surface railroad company which agrees, as a condition of obtaining a City franchise, to pay a certain percentage of its gross receipts must pay the percentage on the receipts over all tracks used by it, even though some of them were laid and owned by another corporation.

In Mayor vs. Bleecker St. & F. F. R. R. Co., 130 App. Div., 830, it was held that in the absence of a contract with the City the liability to a railroad to pave and repave the space between its tracks is governed by section 98 of the Railroad Law.

In Mayor vs. Broadway and 7th Ave. R. R. Co., 130 App. Div., 834, it was held that, under section 98 of the Railroad Law, a railroad was responsible for its portion of the cost of a new and improved pavement when required by new conditions and not merely for the cost of repairing an old pavement.

In Peo. ex rel. Horowitz vs. Coggey, 131 App. Div., 20, section 710 of the Charter was construed and held to mean that a vagrant, who had been committed for six months, could not, under that section, be discharged at the end of five days, it being a first offense, unless and without the written indorsement of the committing magistrate.

In Boro. Construction Co. vs. City of New York, 131 App. Div., 278, it was held that a municipal contractor who, under protest, has been compelled to do work outside of the contract by a wrongful insistence that the work was within the contract, may base an action on a breach of contract.

In People ex rel. Janes vs. Stillings, 131 App. Div., 647, it was held that the Change of Grade Damage Commissioners had no jurisdiction of a claim where the damages were alleged to have been caused by the filing of a map pursuant to chapter 545 of the Laws of 1890.

In Matter of William Morris, Incorporated, 131 App. Div., 767, it was held that section 1481 of the Charter was repealed by the ordinance passed by the Board of Aldermen in 1907 and that in future applications to vacate theatrical licenses would have to be made under the ordinance and not under the Charter.

In The City of New York vs. The New York City Railway Company, 132 App. Div., 156, it was held that when a street railway company is under an obligation to make repairs to the pavement its obligation extends to a repavement with a new kind of material, when, in the discretion of the municipal authorities, the public interests demand it.

In Sutliffe vs. The City of New York, 132 App. Div., 831, it was held that a clerk in the Park Department, who had been unlawfully discharged and whose discharge was subsequently adjudged illegal in a mandamus proceeding which had been instituted for that purpose, was entitled to recover the salary of the position during the time of said discharge, but that the municipality was entitled to deduct therefrom all moneys which had been earned by him during the period of his discharge.

In The City of New York vs. Baird, 132 App. Div., 770, which was an action brought by the City to recover of its contractor and his sureties the amount of the judgment which it had been obliged to pay by reason of the negligence of the contractor, it was held that the sureties were not released from liability because of the fact that, after the notice of claim had been filed with the Comptroller by the person who was injured, moneys due to the contractor under the terms of his contract had been paid over to him.

In The City of New York vs. Corn, 133 App. Div., 1, which was also an action over to recover of the abutting owner and his contractors the amount of judgment the City had been obliged to pay by reason of the collapse of the sidewalk bridge at the corner of Eighteenth street and Fifth avenue, in The City of New York, it was held that the City, by issuing a permit for the construction of the vault underneath the sidewalk and by failing to inspect the bridge, was not *in pari delicto* with the owner and contractor who negligently constructed the same.

In People ex rel. South Shore Traction Company vs. Willcox, 133 App. Div., 557; affd. 196 N. Y., 212, it was held that where a street surface railroad company applies to the Public Service Commission for a certificate of convenience and necessity and the Commission determines that the convenience and necessity of the proposed road exists, it has no power to refuse to grant the certificate because it does not approve of certain of the terms and conditions of the consent which has been granted to the company by the Board of Estimate and Apportionment.

In People ex rel. Duryea vs. Wilbur, the Appellate Division, First Department, held what is known as the Dancing Academy Licensing Act to be constitutional by confirming, without opinion, an order of the Special Term dismissing the writ of habeas corpus and remanding the relator.

In People ex rel. Murphy vs. Bingham, 130 App. Div., 112, affirmed, without opinion, 196 N. Y., 130, it was held that those patrolmen who had been assigned to duty in the Telegraph Bureau and who were in such Bureau performing such services at the time the Bingham Bill went into effect were not telegraph operators within the meaning of the Charter and were not entitled to the rank or grade of lieutenants.

In City of New York vs. Bryan, 196 N. Y., 158, the Court of Appeals reversed the ruling of the Appellate Division in what is known as the Belmont Tunnel case, and held that, while the bondholders of the defunct corporation had no right to occupy city streets after the death of the corporation, the proper party to maintain the action was the People of the State of New York and not the City.

In Levy vs. McClellan, 196 N. Y., 178, the Court of Appeals laid down the rules which should govern The City of New York in ascertaining its indebtedness within the meaning of the Constitution. This is probably the most important decision in which the City or any of its Departments was interested which came before the Courts during the past year.

In re Board of Rapid Transit Commissioners to acquire right of way for a rapid transit subway under Joralemon and Fulton streets and Flatbush avenue, Brooklyn, pursuant to chapter 4, Laws of 1891, as amended. In this matter the Appellate Division, Second Department, in a decision rendered in October, 1908, held that The City of New York, in the construction and operation of a subway rapid transit railroad under a public street, acted in the capacity of and was liable to the same extent as a private corporation for all damages caused to owners of lots abutting on the street, regardless of whether or not the abutting owners also owned the fee of the land in the street in front of their lots, so long as the City did not own the same. The case involves the application of established principles of law to conditions altogether novel in this State and affects interests of very considerable importance both to the City and to property owners in Greater New York generally. The City appealed to the Court of Appeals from the decision of the Appellate Division, and the order appealed from was affirmed (90 N. E. Rep., 456).

DIVISION FOR GENERAL LITIGATION.

One of the most important actions handled by this Division was the "Debt Limit Case."

Three actions were instituted to restrain the Board of Estimate and Apportionment from approving and certifying the contracts for the construction of the Fourth Avenue Subway in the Borough of Brooklyn, involving an expenditure of about fifteen millions of dollars, upon the ground that if said contracts were let and the indebtedness thereby incurred were added to existing indebtedness within constitutional consideration, the debt-incurring margin of The City of New York, under the Constitution, would be exceeded.

These actions were successfully defended and an adjudication from the Court of Appeals was obtained as to what should and should not be regarded as indebtedness within the purview of the Constitution.

Under the rules laid down by the Court of Appeals The City of New York's margin of constitutional indebtedness as of the 30th day of June, 1908, was placed at upwards of $54,000,000.

It is confidently expected that as a result of the decision of the Court of Appeals it will be possible to ascertain at any time the exact borrowing capacity of the City.

Wheeler against The City of New York et al. was a taxpayer's action brought to restrain the letting of a contract for the construction of the foundation of the new Municipal Building at the Manhattan Borough Terminal of the Brooklyn Bridge, upon the ground, among others, that the plans and specifications therefor had not received the approval of the Superintendent of Buildings of the Borough of Manhattan. A motion to continue pendente lite the preliminary injunction was denied, and it was decided that under the act authorizing the Commissioner of Bridges to construct this building such approval of the plans and specifications was not necessary. A number of other taxpayers' actions were also defended.

Early in 1909 a large number of actions against the Police Commissioner and his subordinate officers was instituted to restrain interference with places alleged by the police to be either pool rooms, gambling rooms, disorderly houses, or boxing clubs conducted in contravention to the law. These actions were defended successfully.

Later an avalanche of cases involving the Sunday opening of moving picture shows was precipitated, the principal question of law involved being the right of the Mayor to insert in the licenses a stipulation, signed by the licensees, that they would not open or operate their respective places on Sundays. Upwards of four hundred of these cases were brought, and while the Justices in the Second Department in most instances granted the motions for injunctions pendente lite, those in the First Department, with one exception, denied similar applications. While the litigation involving the Sunday opening of moving picture shows was at its height a similar question arose with respect to the Sunday opening of places of public entertainment holding common show licenses at Coney Island and other pleasure resorts within The City of New York, and these cases were disposed of in a large measure in the same way as the moving picture show cases.

Questions also arose as to the right of the Police Commissioner to revoke permits issued by him under authority of section 1483 of the Charter to sell liquor in places licensed by him under the provisions of section 1472 of the Charter, and as to the right of the Police Commissioner and the Mayor respectively to refuse to issue licenses, the former for concert halls and the latter for common shows. Quite a few proceedings were instituted with a view of testing these questions, and in each instance the right of the licensing officer to refuse to issue a license was upheld.

An action and an application for a mandamus, wherein it was sought to compel municipal operation of the ferries between the Boroughs of Manhattan and Brooklyn formerly operated by the Brooklyn Ferry Company of New York, were successfully defended, except that in the application for a mandamus Mr. Justice Blackmar held that the Court had the power to compel the Commissioner of Docks to advertise for sale the franchises (five in number) which were the subject of the litigation.

During September and October a vast amount of legal proceedings involving the Election Law, both with respect to the primary election and the general election, was received and attended to.

The seven resolutions, which were subsequently passed by the Board of Estimate and Apportionment, approving the contracts for the construction of the Fourth Avenue Subway, together with an opinion as to the appropriate course for the Board of Estimate and Apportionment to pursue with regard to the same, were drawn and submitted.

MATTERS ASSIGNED TO THE BROOKLYN BRANCH OFFICE.

The most important case handled by this office during the year was the action of the Long Island Railroad Company and the Nassau Electric Railroad Company against The City of New York and others. The plaintiffs claim to be owners in fee of a 30-foot strip in the centre of Atlantic avenue, in the Borough of Brooklyn, on the surface of which was operated a steam railroad by the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company. As a result of legislation, this railroad was removed from the surface, and, on part of the former route, is operated in a tunnel and part of it on an overhead elevated structure. The railroad companies, claiming the right to operate a railroad on the surface after the removal of the steam railroad, brought said action to restrain any interference with that right. The City has defeated the contention of the plaintiffs at Special Term and at the Appellate Division, and an appeal is now pending in the Court of Appeals, which will be argued in the coming year.

Another case now pending on appeal is that of Charles Bandel against the Department of Health, involving the validity of a sanitary ordinance excluding doctors of osteopathy from giving death certificates on which the Health Department will issue transit certificates; that is, those commonly known as burial permits. The Department of Health was successful at Special Term, where the right to make the ordinance was sustained. An appeal is now pending in the Appellate Division. The appeal has been argued, and an early decision is looked for.

An important decision in a case conducted by this office was handed down by the Court of Appeals during the present year, namely, Charles Gastel against The City of New York (194 N. Y., 15). In that case the Appellate Division was reversed and the City sustained in its contention that a difference of level between adjoining flagstones of a sidewalk averaging, for the entire width, about one inch, was not a defect for which the City would be liable, and further that evidence of previous accidents could not show it to be such defect.

A case involving peculiar features has been that of Calmon Hurwitz against Borough President Coler. This involved the right of the Borough President to refuse to grant a permit to move a house through the public streets where a street would be blocked almost to its entire width during six weeks of such moving. The ordinance gave the Borough President discretionary power. A writ of mandamus was applied for and refused at Special Term in the first instance. The Special Term order was reversed on appeal and an alternative writ of mandamus was granted. On the trial a verdict was returned in favor of the relator, but was subsequently set aside and the peremptory writ refused. The relator did not go any further, but brought a new proceeding by alternative writ of mandamus, and, on the trial of that, the question of the good faith of the Borough President was submitted as one of fact to the jury and a verdict was returned in favor of the relator. The Court at Special Term has granted a peremptory writ, and an appeal will be taken to the Appellate Division and the question presented for decision as to whether the exercise of a discretion conferred upon a public officer can be reviewed by the Court or whether the person aggrieved must not resort to an action for damages.

During the past year, the case of Gustav W. Neumann vs. The City of New York was tried. This case involves the title of the City to the land lying in West Twenty-third street, Coney Island, from Canal avenue to the Atlantic Ocean. Commissioners to open said street were appointed in 1890, and entered upon their duties. Subsequently, an order was made confirming the report of the Commissioners. In 1902, the plaintiff erected buildings in the bed of West Twenty-third street, on land alleged to have been leased to him by Joseph J. Kittel, to whom an award had been made for the property acquired in the street opening proceeding on the ocean end. The City threatened to remove the buildings and the plaintiff procured a temporary injunction restraining the City from interfering with the buildings, and, on the trial before Mr. Justice Dickey, judgment was directed for the plaintiff on the ground that the *locus in quo* was not in the bed of the street as laid out and opened. An appeal, which was taken from the judgment entered upon the decision of Mr. Justice Dickey on the ground that the finding is against the weight of evidence and contrary to law, has been argued, and an early decision of the important questions involved is expected.

The right of the Police Commissioner to compulsorily retire on account of age, pursuant to the provisions of section 355 of the Greater New York Charter, was involved in the mandamus proceedings brought by Captains Summers, Parrett, Wormell and Lindemann vs. Police Commissioner Bingham to secure restoration to the force. The proceeding brought by Lindemann was the only one argued, the facts in the other three cases being precisely similar, and, in that case, the City succeeded at the Special Term, but on appeal to the Appellate Division, the order of the Court below was reversed and the motion for a peremptory writ of mandamus granted. The City has appealed from the order of the Appellate Division to the Court of Appeals, where it is expected the appeal will be heard at the March session.

The right of a person to compel the Civil Service Commission to grant a special examination to one who had been prevented from attending the regular examination owing to sickness, was involved in the case of People ex rel. Tormey vs. Polk and others, argued during the past year. At the Special Term, the relator succeeded in his contention, and this order was affirmed at the Appellate Division. An appeal was taken to the Court of Appeals and the order of Appellate Division was affirmed.

The right of claimants in a condemnation proceeding to recover consequential damages by reason of a public improvement is involved in the proceeding entitled, "In re Application of The City of New York to acquire property in East Eighty-sixth street, East Ninety-second street and Avenue D for water supply purposes." The questions have been decided adversely to the City both by the Special Term and the Appellate Division. The appeal from the order of the latter Court has been argued in the Court of Appeals, and an early decision of this important question is expected.

The proceeding to acquire land for a new 72-inch pipe line and other water supply purposes in Nassau County involves a strip 9 miles in length, and, for the most part, 200 feet wide, running from Valley Stream through Lynbrook, Rockville Centre, Baldwin, Freeport and Merrick. The damage map showed 357 separate parcels, and while some parcels shown separately were in the same owners, over 250 separate claims of different owners have been presented to the Commission. Commissioners were appointed in December, 1908; commenced the taking of testimony February 2, 1909, and up to December 31, 1909, had taken 4,061 pages of testimony. The taking of testimony was suspended for over two months, from March 5 to May 21, by reason of a decision of the Appellate Division in Queens County Water Company vs. O'Brien, Commissioner—a taxpayer's injunction action brought to restrain the proceeding—in which it was held, overruling the Special Term, that the consent of the State Water Supply Commission must be obtained for the maintenance of the proceeding. Thereafter, that Commission approved the project, and the taking of testimony was thereupon resumed. The improvement runs through probably the most valuable portion of the villages of Rockwell Centre and Freeport and the hamlet of Merrick, and in these places, at the suggestion of this Department, proceedings have been taken to dedicate the strip taken as a street, so as to avoid creating the blot of vacant territory in the heart of the communities and to reduce the consequential damage to the remainder of lots affected.

In matter of Wantagh, the City sought, under the Charter, to assess, in a condemnation proceeding, the damage which might be done by reason of drawing down water levels for 3 square miles of territory so as to avoid a large number of individual actions for damages. Over 100 claims were filed, the damages amounting to over $1,500,000. The Commissioners of Appraisal completed their proceedings during the year and reported awards amounting to about $90,000. Mr. Justice Aspinall, presiding at a Special Term of the Supreme Court, before whom the motion for confirmation came, refused to confirm the report on the ground that the Commissioners had proceeded upon a wrong theory, as no injury had, in most of the cases, been proved.

Following the practice inaugurated by this Bureau, and referred to in my quarterly reports throughout the year 1909, in cases where the defendants were not represented by counsel, and the facts seemed to warrant such a course, the original deposition of the defendant, together with the original summons and complaint in the action, and a form of order of dismissal were presented to the Court, under the provisions of the Tax Law, for such action as appeared to said Court just.

Number of such orders submitted and signed	1,582

Number of such orders transmitted to the Comptroller of The City of New York	1,582

Ex Parte Motions.

The attitude of the Department is properly protecting the interests of persons wrongfully assessed remains unchanged, and all applications for cancellations of assessments are still passed upon by the Court only. The hardships and injustices resulting from the Court's construction of the law have been relieved by the passage of chapter 374 of the Laws of 1909, which amended chapter 301 of the Tax Law. This amendment gives the Courts the right to review assessments and consider the facts as they existed before and after the same were imposed. Prior to the passage of this law, "inability for want of property to pay the tax, in whole or in part" was practically the only defense that could be interposed, as the assessment could not be reviewed after the time to institute certiorari proceedings had expired. The procedure of disposing of these matters remains the same. An exhaustive examination of the defendant is taken in this office, and if the facts warrant, the examination, together with the affidavit of the Assistant in Charge of the Bureau to the effect that the same was conducted by the Department, is submitted to a Justice at Special Term, Part II., for final disposition If the application is granted, an order is entered in accordance with the Court's determination, attached to which is the original examination of the defendant, the affidavit of the Assistant in Charge and the summons and complaint. The disposition of the proceeding is then a matter of public record in the County Clerk's office.

The personal appearance of the defendant upon such applications is insisted upon except in extreme cases, when the deposition is prepared in this office and transmitted to the defendant for answer and verification.

Number of such examinations conducted since January 1, 1909	1,582
Number of ex parte motions submitted since January 1, 1909	1,582

Reports to the Department of Taxes and Assessments.

A copy of the court order directing the cancellation of the assessment and the dismissal of the action, together with a copy of the deposition of the defendant, is submitted promptly to the Department of Taxes and Assessments and the Comptroller. the co-operation between the Bureau, the Tax Department and the Comptroller's office has enabled the Tax Commissioners to promptly eliminate worthless assessments from the succeeding year's rolls and also to correct the assessment rolls in cases where the assessments were heretofore illegal on account of mistakes of name or description of persons assessed.

The Finance Department is benefited in that it operates as a return of uncollectible taxes which the Bureau is charged with collecting.

Number of such orders and examinations transmitted to the Tax Department	1,582
Number of such orders and examinations transmitted to the Finance Department	1,582

Litigated Motions.

Before the last amendment of the Tax Law by chapter 374 of the Laws of 1909, it was necessary to oppose all applications for a reduction or review of an assessment unless inability for want of property of any description to pay the amount of the tax was shown. The remedial act made possible a review of the assessment and a consideration by the Court of the facts as they existed before and after the assessment was imposed and did away with the great hardship imposed upon citizens who had no knowledge of the assessment until an action was brought by the City to enforce the collection of the tax. Ample opportunity for a review of each assessment is now afforded all citizens and if an unjust tax is paid to the City it will only be on account of the neglect or ignorance of the person so paying.

The method now pursued if the application should in all fairness be granted is to present the examination of the defendant taken in this Bureau, together with the affidavit of the Assistant-in-Charge of the Bureau to the Justice before whom the motion is made without opposing or consenting thereto for such determination as the Court, in the exercise of its discretion, may see fit to decide. In cases where there is no legal or equitable right to the review, such motions are opposed.

Number of motions argued at Special Term	120
Number of motions granted	91
Number of motions denied	17

Non-Residents and Foreign Corporations.

Although no actions are commenced against non-residents or foreign corporations, as the tax is not enforcible by judgment, under the decision of the Court of Appeals in City of New York against McLean, 170 N. Y., 174, an effort was made to distinguish that ruling from a case where a foreign corporation voluntarily appeared before the Tax Commissioners and filed a statement of its assets and liabilities, there being a decision holding that a domestic corporation assessed in the wrong taxing district waived the question of jurisdiction by an appearance before the taxing officer of the district in which the tax was imposed. (Matter of McLean, 138 N. Y., 158.)

A demurrer was interposed to the City's complaint in the action brought against Mason-Au & Magenheimer Confectionery Company, demurrer was sustained by Mr. Justice Greenbaum (New York Law Journal, August 16, 1909), as it was held that a foreign corporation did not waive the question of jurisdiction by making application to the Tax Commissioners to have the amount of its assessment reduced, and that " * * * the jurisdiction of the Assessors was of the property and not of the person and the enforcement of a tax against a non-resident must be in a proceeding in rem."

This fully sustains the policy of the Bureau in not bringing actions against foreign corporations or non-resident individuals, although prior to April, 1907, the custom of commencing such suits and settling for amounts much smaller than the amount sued for, was a source of small revenue. There was no legal warrant in law for such a practice and it was discontinued on the 11th of April, 1907, and not since resumed.

Settlements and Costs.

No compromise, settlement or adjustment of any character or description, in any case, has been or is now being made by the head of the Bureau. Costs are only collected in cases where the Court so directs. The full amount of the tax, with interest, is collected in every case where the assessment is in all respects just and it is only in cases where a formal motion has been made and an order of the court entered modifying or reducing the assessment that an amount less than the full amount sued for is received in satisfaction of the City's claim.

BUREAU FOR COLLECTION OF ARREARS OF PERSONAL TAXES—(*Continued*).

Remedial Legislation.

An amendment of section 33 of the Tax Law is urgently advocated to provide for the collection of personal taxes assessed against an executor or administrator, and requiring the successor, in the event of the appointment of a new administrator, to pay the tax; and also requiring the Surrogate to allow claims for taxes and to compel the new administrator to pay the tax so assessed, or an amount which may be determined under the provisions of chapter 374 of the Laws of 1909, before any distribution of the estate can be effected.

Important Decision Affecting This Department.

The most important decisions during the year 1909 affecting this Department were:

City of New York vs. Brinckerhoff (N. Y. Law Journal, May 19, 1909).
City of New York vs. Queens Borough Development Co. (N. Y. Law Journal, July 10, 1909).
City of New York vs. Peck (N. Y. Law Journal, February 17, 1909).
City of New York vs. Cohn (N. Y. Law Journal, January 23, 1909).
City of New York vs. Mason-Au & Magenheimer Confectionery Company (N. Y. Law Journal, August 16, 1909).

In the case of The City of New York vs. Brinckerhoff, the mooted question of whether or not an incompetent who was confined in an asylum outside of New York City could be assessed as a resident of New York, provided he was a resident of New York County at the time he was declared to be incompetent, was decided in favor of The City. An appeal was subsequently taken but was afterwards withdrawn and The City received the full amount of tax and interest.

In the case of The City of New York vs. Queens Borough Development Company, Mr. Justice Lehman held that the amendment of 1909 (chapter 374 of the Laws of 1909) did not change the principle that has always prevailed in regard to the correction of alleged errors of the Tax Commissioners. It was held that notwithstanding the authority vested in the Court by the last amendment of the Tax Law, the Court would not review the action of the Commissioners where the assessment was based upon evidence furnished by the defendant except in the manner provided by statute—certiorari proceedings.

This case is now on appeal in the Appellate Division.

In the case of The City of New York vs. Peck, Mr. Justice Fitzgerald held that personal tax assessments are claims against the individuals and not against the estate, even though the defendant is assessed as such, and overruled the demurrer to The City's complaint, although the complaint contained no allegation of the appointment and qualification of the defendant as executor.

This case is now on appeal in the Appellate Division.

In the case of The City of New York vs. Cohn, the Court held that where a tax had been assessed against an executor who was subsequently removed, The City could not collect said tax against the administrator appointed by the Surrogate for the reason that he was not the person assessed. Application was made to the Surrogate for direction to compel the new administrator to pay the tax and the Surrogate decided that he had no authority to grant the application because the assessment was not against the estate but against the former executor personally, and that there are no provisions in the statute whereby persons who succeed to the duty of administering the estates may be charged with liability for a debt of their predecessor which is not a demand against the estate itself.

This case and the Peck case (supra) point directly to the necessity for an amendment of the Tax Law hereinbefore mentioned. Very frequently an executor who has been removed or substituted is insolvent, and the claim of The City for taxes is lost for the reason that there is no provision requiring his successor to pay the tax.

The case of The City of New York vs. Mason-Au & Magenheimer Confectionery Company was discussed under the heading of "Non-Residents and Foreign Corporations."

Management of the Bureau.

The different method of administering the work of the Bureau, instituted in April, 1907, and continued to date, has been particularly effective. Great care and attention has been given to the matter of record and a full and complete history of all the proceedings in the Bureau is kept. On account of the mass of accumulating papers it is requested that steps be immediately taken to install a first-class, modern filing system, such as is found in any well-regulated law office. Mention should also be made of the fact that notwithstanding the increase in the receipts of the Bureau and the corresponding increase in litigation and work done on account of the different method adopted in disposing of the business of the Bureau, the salary list shows that it has cost The City less to operate the Bureau since 1907 than it did for many years prior thereto.

Respectfully submitted,

GEO. O'REILLY, Assistant Corporation Counsel in Charge.
