FIXING ROADWAY AND SIDEWALK WIDTHS.

Borough of Queens.

Olmstead Place, from Myrtle Avenue to Indiana Place, Borough of Queens—Fixing Roadway Width (Cal. No. 15).

The Secretary presented a communication dated September 14, 1914, from the Secretary to the President of the Borough of Queens relative to a special roadway treatment for Olmstead Place, from Myrtle Avenue to Evergreen Cemetery; and the following report of the Chief Engineer of the Board:

Report No. 14124. November 19th, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of September 14th, 1914, relative to a special roadway treatment for Olmstead Place from Myrtle Avenue to Evergreen Cemetery. As incorporated upon the City Plan this street has its southerly terminus at Indiana Place, which adjoins Cypress Hills Cemetery on the north, and it is quite apparent that the section to which the communication is intended to relate comprises the block between Myrtle Avenue and Indiana Place. The Board is advised that it is desired to establish conditions which will harmonize with such improvements as have heretofore been made.

The street has been laid out upon the City Map to have a width of 50 feet, and between the limits described has a length of a little over 500 feet. Under the general rule the roadway should be 30 feet wide.

An inspection of the ground shows that the roadway is approximately graded and that the abutting property is well built up. At the intersection with Myrtle Avenue receiving basins have been constructed looking to the provision of a 25-foot roadway on Olmstead Place, and a few small shade trees have been planted in a position such as to necessitate their destruction if the curbing is laid in its present legal position.

The street is not of an important character and there seems to be no reason why the suggestion of the borough authorities should not be carried out. I would accordingly recommend the adoption of a resolution fixing the roadway width of Olmstead Place from Myrtle Avenue to Indiana Place at 25 feet; the roadway to be centrally located. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment of the City of New York that the width of the Roadway of Olmstead Place, from Myrtle Avenue to Indiana Place, Borough of Queens, is hereby established at 25 feet; said roadway to be centrally located.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

APPROVAL OF MAPS AND PLANS.

Rule, Damage and Profile Maps.

Borough of The Bronx.

Pierce Avenue, from Bear Swamp Road to Eastchester Road; Sacket Avenue, from Bear Swamp Road to Williamsbridge Road, Borough of The Bronx—Rule, Damage and Profile Maps (Cal. No. 16).

The Secretary presented a communication dated April 2, 1914, from the Commissioner of Public Works, Borough of The Bronx, transmitting rule, damage and profile maps; and the following report of the Chief Engineer of the Board:

Report No. 14159. November 24th, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of April 2nd, 1914, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to the following streets: Pierce Avenue, from Bear Swamp Road to Eastchester Road; Sacket Avenue, from Bear Swamp Road to Williamsbridge Road.

This proceeding was instituted by the Board of Estimate and Apportionment on November 26th, 1913, through the amendment of a resolution adopted on September 25th of the same year. The maps now presented correspond in dimensions with the plan under which the streets were laid out and indicate that a considerable area within the lines of each was ceded to the City by the property owners prior to the date of the institution of the opening proceeding and that an area of 164,813.11 square feet still remains to be acquired, this being distributed between the streets as follows:

Street.	Other Opening Proceedings Now in Progress.	Net Area to be Acquired Under This Proceeding.
	Square Feet.	Square Feet.
Pierce Avenue	5,421.6	84,589.08
Sacket Avenue	.....	74,802.43
Total	5,421.6	159,391.51

The streets are in use only through short sections at the westerly end and the area traversed is almost entirely unimproved. Pierce Avenue is free from encumbrances other than fences, but five buildings, together with porches, steps and fences, encroach upon the land needed for Sacket Avenue.

A small portion of each street is shown upon a map filed by the property owners on June 28th, 1889, and a small portion of Sacket Avenue on one filed on May 28th, 1913.

At the meeting held on November 6th, 1914, pursuant to the request of the Borough President, the Chief Engineer was directed to advance certain opening proceedings in this vicinity which were needed to clear the way for the construction of sewers. Attention was at that time directed to the fact that the Pierce Avenue and Sacket Avenue opening proceeding was inter-related with these projects, and in a communication bearing date of November 9th last, the Borough President has requested that the damage maps in the latter proceeding be presented for the consideration of the Board. This is now done in the belief that the Board may wish to accord favorable consideration in this matter.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby approves the rule map, damage map and profile, submitted by the Presi-

dent of the Borough of The Bronx, to be used by the Corporation Counsel in the proceeding authorized under resolutions adopted by said Board on September 25, 1913, and November 26, 1913, for acquiring title to Pierce Avenue from Bear Swamp Road to Eastchester Road; and Sacket Avenue, from Bear Swamp Road to Williamsbridge Road, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond.—13.

Borough of Queens.

Richard Avenue, from Myrtle Avenue to Otto Street, Borough of Queens—Supplementary Rule and Damage Maps in Proceeding for Acquiring Title (Cal. No. 17).

The Secretary presented a communication dated November 4, 1914, from the Secretary to the President of the Borough of Queens transmitting supplementary rule and damage maps; and the following report of the Chief Engineer of the Board:

Report No. 14154. November 19, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of November 4, 1914, presenting for consideration the supplementary rule map and damage map in the proceeding for acquiring title to Richard Avenue from Myrtle Avenue to Otto Street.

This proceeding was instituted by the Board of Estimate and Apportionment on March 8, 1907, and the Commissioners of Estimate and Assessment filed their oaths on March 2, 1909. The proceeding was amended on November 19th following to conform with a certain map change, and again on September 25, 1914, so as to recognize a modification made in the block between Edsall Avenue and Central Avenue, where the street width was decreased from 60 feet to 59 feet in order to avoid damage to buildings.

The maps now presented conform with the requirements of the later amendment and indicate that the net area to be acquired has been decreased by 478.29 square feet, and that the change has resulted in avoiding substantial damage to ten buildings on the easterly side.

I would recommend the approval of the maps, and that after certification they be forwarded to the Corporation Counsel.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby approves the supplementary rule map and damage map submitted by the President of the Borough of Queens, to be used by the Corporation Counsel in the proceeding authorized under resolutions adopted by said Board on March 8, 1907, November 19, 1909, and September 25, 1914, for acquiring title to Richard Avenue, from Myrtle Avenue to Otto Street, Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond.—13.

Lambertville Avenue, from Sutphin Road to Merrick Road, Borough of Queens—Rule, Damage and Profile Maps in Proceeding for Acquiring Title; and Request for Vesting Title (Cal. No. 18).

The Secretary presented a communication dated January 13, 1914, from the Secretary to the President of the Borough of Queens, transmitting rule and damage maps; also a communication dated November 21, 1914, from the President of the Borough of Queens, urging the authorization of the opening proceeding and requesting that title be vested on the date of the filing of the oaths of the Commissioners; and the following report of the Chief Engineer of the Board:

Report No. 14142. November 25, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of January 13, 1914, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to Lambertville Avenue from Sutphin Road to Merrick Road.

This proceeding was instituted by the Board of Estimate and Apportionment on May 1, 1913, and was amended on December 4 following to conform with certain changes made in the street alignment. The maps now presented conform in dimensions with the plan under which the street was laid out and indicate that the proceeding affects an area of 348,472.1 square feet. Through the greater portion of its length the street includes existing highways having a lesser width, and 26 buildings encroach upon the land needed for the widening. One of these buildings, located in the block between Pleasant Avenue and Merrick Road, could be entirely avoided without in any way affecting the usefulness of the street if the street lines were here shifted a short distance southwardly. Portions of the street are shown upon maps filed by the property owners between January 14, 1892, and May 22, 1909.

The street forms a portion of the route of the Manhattan and Queens Traction Company, and in a communication bearing date of November 21 last, the Borough President has directed attention to the urgency of the opening proceeding, requesting not only that the damage maps be approved at the earliest practicable time, but also that provision be simultaneously made for vesting title to the land in the City upon the date of the filing of the oaths of the Commissioners of Estimate and Assessment.

An inspection of the ground shows that the existing surface differs materially from the established grade and to such an extent as to make it necessary to carry out a grading improvement prior to the laying of the railroad tracks. It is evident, therefore, that provision for the vesting of title would be premature at this time, and I would recommend that such action be deferred until the occupancy of the street is needed to permit of carrying out a suitable physical improvement.

The necessity, however, of immediately applying for the appointment of commissioners in the opening proceeding is quite apparent, and I would recommend the approval of the damage maps, but with the suggestion that the attention of the Borough President be directed to the desirability of modifying the street alignment in the section adjoining Merrick Road with the understanding that if in his judgment such change can properly be made, a suitable map will be later forwarded, upon the adoption of which the opening proceeding will be immediately amended to conform therewith. It should be noted that this portion of the street is not needed for the trolley railroad.

I would also recommend that after certification the maps be forwarded to the Corporation Counsel. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby approves the rule map, damage map and profile, submitted by the President of the Borough of Queens, to be used by the Corporation Counsel in the proceeding authorized under resolutions adopted by said Board on May 1, 1913, and December 4, 1913, for acquiring title to Lambertville Avenue (Pacific Street and Packard Avenue) from Sutphin Road to Merrick Road, subject to the easement of the Long Island Railroad Company for the operation of its railroad across this street, in the Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn and the Bronx, the Acting President of the Borough of Queens, and the President of the Borough of Richmond—13.

—

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby denies the request of the President of the Borough of Queens that, upon the date of the filing of the oaths of the Commissioners of Estimate and Assessment appointed in the proceeding, title be vested in the City to Lambertville Avenue from Sutphin Road to Merrick Road, Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn and the Bronx, the Acting President of the Borough of Queens, and the President of the Borough of Richmond—13.

The Secretary was then directed to call the attention of the President of the Borough of Queens to the advisability of changing the street alignment in the easterly block with the understanding that upon the approval of a suitable map the opening proceeding will be correspondingly amended.

Sewerage and Drainage Plans.

Borough of The Bronx.

Sewerage District No. 33-K-5, Borough of The Bronx—Modification of Drainage Plan (Cal. No. 19).

The Secretary presented a communication dated December 18, 1913, from the Commissioner of Public Works, Borough of The Bronx, transmitting plan showing the proposed modification; and the following report of the Chief Engineer of the Board:

Report No. 14176. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of December 18, 1913, requesting the approval of a modification in the drainage plan for Sewerage District No. 33-K-5.

This plan makes provision for three receiving basins on the westerly side of Jerome Avenue, between East 199th Street and East 204th Street, and for here discontinuing two basins shown on the plan heretofore adopted. The changes are desired in order to conform with modifications which have been made in the street grade subsequent to the date when the drainage plan to be superseded was determined upon. The provision now made for collecting surface water appears to conform with the requirements.

I see no reason why the plan should not be approved, and would recommend such action.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan for Sewerage District No. 33-K5, being a plan showing receiving basins on the westerly side of Jerome Avenue, between East 199th Street and East 204th Street, Borough of The Bronx, bearing the signature of the President of the Borough and dated December 15, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—13.

Borough of Queens.

Sewerage Districts Nos. 5A, 5B, 5C, 6A, 6D and 19-1, Borough of Queens—Modification of Drainage Plan (Cal. No. 20).

The Secretary presented a communication dated December 8, 1913, from the Secretary to the President of the Borough of Queens transmitting plan showing the proposed modification; and the following report of the Chief Engineer of the Board:

Report No. 14155. November 21, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of December 8, 1913, requesting the approval of a modification in the drainage plan for Sewerage Districts No. 5A, 5B, 5C, 6A, 6D and 19-1.

This plan relates to an area of about 120 acres comprising the territory bounded approximately by the East River, Wardell Street, Trowbridge Street, Van Alst Avenue, Newtown Avenue, Grand Avenue, 2d Avenue, Elm Street, Academy Street, Whitney Street, Crescent Street and Temple Street. It makes provision for enlarging the Grand Avenue sewer and for discontinuing the outlet now in use for it at the foot of Main Street. The Board is informed that by reason of its inadequate capacity the existing sewer in Grand Avenue is at times surcharged, and that its enlargement has been made the subject of a petition bearing a number of signatures. It is now proposed to abandon the existing outlet in the cove at the foot of Main Street and to continue the sewer to a new outlet at the foot of Franklin Street, where the discharge is to be made into the swift waters of Hell Gate, this change having the effect of materially improving the sanitary condition of the waterfront in the vicinity. A large number of tributary sewers have been built in the drainage district, but information is presented to show that, wherever practicable, provision has been made for permanently retaining them, and that none of the others will be reconstructed until such time as their inadequacy is established.

No information is presented as to the physical condition of the existing trunk in Grand Avenue which is to be replaced, or to show that it is not practicable to retain it and to secure the desired relief through the construction of an additional sewer of smaller size than that shown on the plan now presented, although it is evident that a substantial saving might be effected if the condition of the old sewer was such as to permit of its retention.

An examination of the waterfront shows that the block of Franklin Street between Mill Street and the Bulkhead Line is wholly devoted to industrial use and that the acquisition of title to this block, as would be required in order to carry out the proposed sewer plan, would involve a very large expense, while on the other hand the sewer route could be changed in such a way as to locate the outlet at the foot of Orchard Street, which change would not only result in a substantial saving in so far as property damage is concerned, but will also result in a concentration of the drainage, which might be very desirable in case treatment is ultimately found to be necessary.

I would, therefore, recommend that the plan be referred back to the Borough President with the suggestion that it be amended by relocating the oulet sewer along lines to which attention is now called, and with the further suggestion that provision should be made for relieving the existing sewers where inadequate through the provision of additional sewers, unless information can be presented to show that the latter have a grade unsuited to the requirements or are in such a condition as to require replacing. Respectfully, NELSON P. LEWIS, Chief Engineer.

Which matter was referred back to the President of the Borough of Queens.

Borough of Richmond.

Territory Bounded by Clove Avenue, the Staten Island Rapid Transit Railway, Grasmere Avenue and Mosel Avenue, Borough of Richmond—Temporary Drainage Plan (Cal. No. 21).

The Secretary presented a communication dated July 24, 1914, from the President of the Borough of Richmond transmitting the temporary drainage plan; and the following report of the Chief Engineer of the Board:

Report No. 14153. November 19, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the President of the Borough of Richmond, bearing date of July 24, 1914, requesting the approval of a temporary drainage plan for the territory bounded approximately by Clove Avenue, the Staten Island Rapid Transit Railway, Grasmere Avenue, and Mosel Avenue, this making provision for sanitary sewers in Sheridan Avenue, 2d Place, and Grasmere Avenue.

Grasmere Avenue was shown upon a tentative plan for a street system comprising a large adjoining area which was approved by the Board of Estimate and Apportionment on December 18, 1913, which plan also indicated that Sheridan Avenue and 2d Place were to be closed and discontinued. It is evident that the approval of the plan and the carrying out of sewer construction would result in encouraging development along lines which the street plan would indicate to be undesirable, and which would be entirely inconsistent with the street system as proposed.

I would, therefore, recommend that the plan be referred back to the Borough President without approval, but with the suggestion that in case the needs of the property are such as to require these sewers, steps should first be taken to revise the street plan of the territory in such a way as to provide a consistent layout.

Respectfully, NELSON P. LEWIS, Chief Engineer.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, November 30, 1914.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board held November 25, 1914, a communication from the Secretary in relation to the condition of the appropriation "Code No. 45TC, Contingencies, Board of Estimate and Apportionment, 1914," was presented and referred to your Committee on Organization.

From this communication and the accompanying estimate of requirements of this fund for the balance of the year 1914 it will be necessary to provide for a deficit estimated at $39,828.27. The Secretary also states in his communication that some outstanding accounts, not included in said estimate, remain to be rendered, and suggests that the fund be replenished to the extent of $45,000, either by transfer from some other appropriation or by the issue of special revenue bonds.

At the present time there appear to be no unexpended balances of appropriations available for the purpose of transfer, outside of appropriations for Personal Service, the transfer from which for the above purpose is not permitted by the resolutions adopted in connection with the budget.

It is therefore recommended that the Board of Aldermen be requested to recommend the issue of special revenue bonds to the amount of $45,000, under the provisions of subdivision 8, section 188, of the Charter, to meet the deficit in this appropriation. A resolution carrying this recommendation into effect, is submitted. Yours very truly,

JOHN PURROY MITCHEL, Mayor; WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Organization.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby requests the Board of Aldermen to recommend the issue of forty-five thousand dollars ($45,000) of special revenue bonds, under authority of subdivision 8, section 188, of the Greater New York Charter, the proceeds whereof to be applied to replenish the appropriation "Code No. 45TC, Contingencies, Board of Estimate and Apportionment, 1914."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Committee on Transit.

Manhattan Railway Company (Cal. No. 23).

Modification of certificate granted by the Public Service Commission for the First District, and approved by the Board of Estimate and Apportionment by resolution adopted March 18, 1913, approved by the Mayor on the same day, to lay additional tracks on, above or contiguous to portions of the routes of its railroads on the Second Avenue line, the Third Avenue line and the Ninth Avenue line, by providing for additional tracks on Eighth Avenue, between 152nd and 159th Streets, and changes in the terminal facilities at and near 155th Street on 8th Avenue.

This certificate was presented to the Board at the meeting of June 26, 1914 (Cal. No. 107), and was referred to the Committee on Transit.

The Secretary presented the following:

City of New York, November 28th, 1914.

To the Honorable Board of Estimate and Apportionment:

Sirs—The Transit Committee, to whom, on June 26, 1914, was referred a communication from the Public Service Commission recommending a certificate granted to the Manhattan Railway Company under date of May 22, 1914, has carefully considered the same, and herewith recommends its adoption by the Board.

This certificate modifies the original certificate of March 19, 1913, authorizing additional tracks to the Second, Third and Ninth Avenue elevated lines of the Manhattan Railway Company, so as to provide for further additional tracks on Eighth Avenue, between 152nd Street and 159th Street, and changes in the terminal facilities at and near 155th Street and Eighth Avenue. The modification is desired for the purpose of increasing facilities at and near the station at 155th Street and Eighth Avenue.

This certificate, which has been accepted by the Manhattan Railway Company, is attached, and will now require the approval of the Board; in addition thereto, will be necessary the consent of the Board to the modification of the original Manhattan certificate dated March 19, 1913, as authorized by said amended certificate. Enclosed is a draft of a form of resolution as prepared by the Committee. Respectfully submitted.

GEORGE McANENY, President, Board of Aldermen, Chairman; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Transit Committee.

The following resolution was offered:

Whereas, The Public Service Commission for the First District has issued a certificate dated May 22, 1914, modifying the terms of the original certificate issued by said Commission to Manhattan Railway Company under date of March 19, 1913, authorizing additional tracks on the Second, Third and Ninth Avenue elevated lines of said Company and the times within which and the terms and conditions upon which said third tracking shall be constructed by said company; said modification relating particularly to the laying of an additional track on its Ninth Avenue Line on the easterly side of Eighth Avenue, between 152d and 158th Streets and the laying of an additional track on its Ninth Avenue Line on the westerly side of Eighth Avenue between 155th and 159th Streets and the making of changes in the terminal facilities on said line at or near 155th Street; and

Whereas, The Public Service Commission for the First District has transmitted to the Board of Estimate and Apportionment a proposed certificate of modification in respect thereof to be issued to the Manhattan Railway Company, all as set forth in said proposed certificate; and

Whereas, Said proposed certificate was received by the Board of Estimate and Apportionment on the 26th day of June, 1914, at a meeting of said Board held on said date; and

Whereas, The proposed certificate and the terms and conditions and requirements therein contained are as follows:

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT TO MANHATTAN RAILWAY COMPANY.

Certificate Dated May 22d, 1914, *Modifying Terms of Certificate to Manhattan Railway Company Dated March* 19, 1913.

The Public Service Commission for the First District does hereby certify as follows:

Whereas, The Manhattan Railway Company, hereinafter called "Manhattan Company," is a railroad corporation existing under the Laws of the State of New York having its principal office at No. 165 Broadway, in the Borough of Manhattan, City of New York, and owning certain elevated railroads wholly within the limits of the City of New York; and

Whereas, The Public Service Commission for the First District, hereinafter called the "Commission," by a certificate dated March 19, 1913, did grant to said Manhattan Company with the approval of the Board of Estimate and Apportionment of the City of New York and subject to the terms, conditions and requirements in said certificate set forth, authority to lay additional tracks on, above or contiguous to portions of the routes of its railroads within the City of New York upon the Second Avenue Line, upon the Third Avenue Line and upon the Ninth Avenue Line, as in said certificate more particularly set forth, and said certificate was thereafter duly accepted by said Manhattan Company; and

Whereas, The said certificate provided with reference to said additional track or tracks upon said Ninth Avenue Line specifically as follows:

"Upon the Ninth Avenue Line, additional tracks hereinafter referred to as Ninth Avenue Additional Tracks as follows: A third track from a point at or near Battery Place and Greenwich Street through Greenwich Street, Ninth Avenue and Columbus Avenue to 109th Street; thence through private property 110th Street and private property, crossing public streets, to Eighth Avenue, thence through Eighth Avenue to the Harlem River. At 53d Street and Ninth Avenue, in order to provide for crossing the Sixth Avenue elevated railroad converging with the Ninth Avenue Line at that point, the third track may be reconstructed and with the necessary graduated approaches may rise above the existing tracks at an elevation of not exceeding twenty feet above them.

"From a point on Eighth Avenue at or near 113th Street to a point at or near 118th Street, and from a point at or near 122d Street to a point at or near 127th Street, the present existing structures may be widened six feet on each side thereof, and the present tracks may be spread to permit the reconstruction and relocating of the present intertrack stations and plaforms which are now located at and known as the 116th Street and the 125th Street Stations of the Manhattan Company. This reconstruction may be made to allow the express and local trains to serve these stations from their respective tracks. All the tracks and station platforms, between these points, may be constructed on the present level."

—and

Whereas, The said Manhattan Company has made application for a modification of said certificate with respect to the authorization of such additional tracks upon the said Ninth Avenue line to the end that, supplementary to the grant by said certificate and in aid of the use of said grant, authority may be given to said Manhattan Railway Company to lay an additional track on the easterly side of Eighth Avenue between 152d Street and 158th Street and to lay an additional track on the westerly side of Eighth Avenue between 155th Street and 159th Street and to make changes in the terminal facilities of said Manhattan Railroad Company on said line at or near 155th Street, the said supplementary authorization or license to be held by the Manhattan Company subject to all the rights, terms, conditions and requirements of the said certificate with the same force and effect as though the said additional rights and changes were therein specifically included and described; and

Whereas, In the judgment of the Commission, public interests demand that authority should be conferred upon the Manhattan Railway Company to lay down, complete, maintain and operate the said additional track or tracks between the points covered by the said application of the said company, and that the change in the said terminal facilities of the said company is necessary for the accommodation of the traveling public; and

Whereas, To the end and for the purpose hereinbefore recited the Commission has determined upon certain modifications of the said contract as hereinafter set forth and has prescribed such terms, conditions and requirements in relation thereto as to it appear just and proper including all the terms, conditions and requirements prescribed by the Rapid Transit Act in the case of such modification;

Now, therefore, the Commission, with the consent of said Manhattan Company does hereby modify the said certificate dated March 19, 1913, as follows:

The clause in said certificate hereinabove recited, is hereby amended to read as follows:

"Upon the Ninth Avenue Line, additional tracks hereinafter referred to as Ninth Avenue Additional Tracks as follows: A third track from a point at or near Battery Place and Greenwich Street through Greenwich Street, Ninth Avenue and Columbus Avenue to 109th Street; thence through private property 110th Street and private property, crossing public streets, to Eighth Avenue; thence through Eighth Avenue to the Harlem River. One track additional to the said third track may be constructed over Eighth Avenue between 152nd Street and 158th Street on the east side of the company's structure, and the structure widened not exceeding six feet on the east side between 152nd Street and 154th Street. A further track additional to the tracks herein just described may be constructed over Eighth Avenue between 155th and 159th Streets on the west side of the structure, and the structure may be widened on the west side not to exceed six feet between 152nd Street and 155th Street, and not exceeding ten feet six inches between 155th Street and 159th Street. At 53d Street and Ninth Avenue, in order to provide for crossing the Sixth Avenue elevated railroad converging with the Ninth Avenue Line at that point, the third track may be reconstructed and with the necessary graduated approaches may rise above the existing tracks at an elevation of not exceeding twenty feet above them.

"From a point on Eighth Avenue at or near 113th Street to a point at or near 118th Street, and from a point at or near 122nd Street to a point at or near 127th Street, the present existing structures may be widened six feet on each side thereof, and the present tracks may be spread to permit the reconstruction and relocating of the present intertrack stations and platforms which are now located at and known as the 116th Street and the 125th Street Stations of the

Manhattan Company. This reconstruction may be made to allow the express and local trains to serve these stations from their respective tracks. All the tracks and station platforms, between these points, may be constructed on the present level. From a point on Eighth Avenue at or near 155th Street to a point at or near 157th Street, two new island platforms may be constructed with an overhead mezzanine station at the southerly end of the platforms, giving access to the 155th Street viaduct, and with a mezzanine station at the southerly end below the tracks giving access to the street and with a mezzanine station at the northerly end of the platform immediately below the tracks, giving access to the street and the Polo grounds. The clearance from the street to the under side of the mezzanine stations below the tracks shall not be less than twelve feet, and to secure this clearance the present track level may be raised between 154th and 158th Streets not to exceed four feet. To provide for an over-grade crossing of the express track over the northbound local track, the express track may be raised above the present track level to a maximum of not more than eighteen feet, commencing at the present track level at or near 150th Street and ending at the present track level at or near 155th Street. Report re Petition of Hudson Freight Terminal Company for a Certificate of Public Convenience and Necessity, Allowing the Company to Build a Subway, Rail and Water Terminal in Hudson Street and 11th Avenue, Borough of Manhattan (Calendar No. 36), May 22, 1914.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Board of Estimate and Apportionment of the City of New York:

Sir—On May 22, 1914, there was presented to the Board of Estimate and Apportionment, by the Hudson Freight Terminal Company, a communication or petition requesting that there be granted to the Hudson Freight Terminal Company a certificate of public convenience and necessity to allow the Hudson Freight Terminal Company "to build with and operate with their own capital a four-track subway from Chambers Street, through Hudson Street to 14th Street, through 11th Avenue to 72nd Street, and to connect the New York Central Railroad at that point with spurs to the Hudson River, to be used by all railroads through a tunnel under the Hudson River, etc." This communication or petition was on May 22, 1914, referred by the Board of Estimate and Apportionment to this Committee for consideration and report.

Your Committee, after investigation, reports that inasmuch as the petition or communication in form requests only a certificate of public convenience and necessity, the communication or petition is not properly addressed to the Board of Estimate and Apportionment, and that the Board of Estimate and Apportionment is unable, therefore, to take action in the premises. Respectfully submitted,

Committee on Corporate Stock Budget.

President, Borough of Manhattan—Amendment of Issue of Corporate Stock (Cal. No. 26).

(On August 27, 1914 (Cal. No. 124), the request of the President of the Borough of Manhattan in this matter was referred to the Committee on Corporate Stock Budget, and in accordance with the resolution adopted by the Board on October 30, 1914, relative to revised corporate stock requests, this matter was referred back to the Borough President for review.)

The Secretary presented a communication from the Acting President of the Borough of Manhattan, dated August 5, 1914, requesting that the resolutions adopted on July 17, 1911, May 2, 1912, and November 21, 1912, authorizing corporate stock in the total sum of $262,000 for the erection of a new building for the Children's Court, First Division, including architects' fees, be amended to provide also for the *equipment and furnishing* of said building; and the following report of the Committee on Corporate Stock Budget:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 9, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On August 27, 1914, you referred to the Corporate Stock Budget Committee a communication from the President, Borough of Manhattan, requesting amendment of the corporate stock authorization for the Children's Court, First Division, Borough of Manhattan, so as to provide for the purchase of equipment and furnishings out of the balance available.

On July 17, 1911, the Board of Estimate and Apportionment authorized the issue of corporate stock to an amount not exceeding $150,000 to provide means for the erection of a new building for Children's Court, First Division, including Architects' fees, Borough of Manhattan. On account of changes in the plans, a second authorization of $85,000 was made on May 2, 1912. In order to meet additional cost due to the fact that the foundations had to be carried to a greater depth than had been anticipated, another authorization to the amount of $27,000 was made on November 21, 1912.

The authorizations of corporate stock total $262,000. The amount expended on the building to date is about $216,000, which covers contracts for all of the building, except lighting fixtures.

The first authorization has been exhausted. It is estimated that the balances available in the other authorizations will be sufficient to pay for all the interior equipment and furnishings required. It is requested that the resolutions authorizing the issues of corporate stock be amended to include the words "equipment and furnishing."

The proposed equipment and furnishing consists of lighting fixtures, furniture and furnishings. The lighting fixtures may be supplied under the original resolutions. It is customary for the architect to get a commission upon the cost of such fixtures.

The furniture proposed consists principally of desks, chairs, tables and cabinets for all of the rooms except those set aside for the religious societies. It is proposed to purchase the furniture out of stock supplies wherever possible. In the large waiting room, the Judge's chamber, the court rooms and some other rooms which are elaborately finished, it is proposed to provide furniture that will harmonize with the architectural features.

The estimated cost of the furniture, as requested by the department and as recommended by the Bureau of Contract Supervision, is as follows:

	Requested.	Recommended.
Stock furniture	$6,560 00	$6,930 00
Special Furniture—		
Counters and other fixed furniture, which cannot be purchased from stock	3,650 00	3,500 00
Specially designed furniture of old English oak	4,580 00	2,400 00
Totals	$14,790 00	$12,830 00

The figures recommended by the Bureau of Contract Supervision have been agreed to by the department.

The architect's fee on this contract is based on a flat rate of 5 per cent. He will not receive any commission on the stock furniture. He will receive 5 per cent. on the special furniture, for which drawings have been made.

We recommend the adoption of the attached resolutions granting the request, with the stipulation that not more than $5,900 be expended for special furniture.

Respectfully, WM. A. PRENDERGAST, Comptroller, GEORGE McANENY, President Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; Douglas Mathewson, President, Borough of The Bronx, Corporate Stock Budget Committee.

The following resolution was offered:

—be *amended* by adding the words *"equipment and furnishing"* after the word *"erection,"* and by *adding* the words *"the total amount to be expended on special furniture for this building out of this or other authorizations to be limited to five thousand nine hundred dollars* ($5,900)*" after the word "Manhattan."*

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens, and the President of the Borough of Richmond—16.

—

The following resolution was offered:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on November 21, 1912, amended on January 9, 1913, concurred in by the Board of Aldermen on December 10, 1912, and as amended on January 28, 1913, to read as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-seven thousand dollars ($27,000), to provide additional means for the erection of a new building for Children's Court, First Division, including architect's fees, Borough of Manhattan, under the jurisdiction of the President of the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of the City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Board of Water Supply—Map Showing Changes Proposed in the System of Highways Planned for the Area Adjoining the Kensico Reservoir, in the Towns of Mt. Pleasant and North Castle, Westchester County (Cal. No. 27).

(On August 27, 1914 (Cal. No. 12), a communication from the Secretary of the Board of Water Supply, dated July 14, 1914, transmitting the maps in this proceeding, and requesting their approval; a communication from Messrs. Douglas, Armitage and McCann, dated August 14, 1914, stating that the proposed change in location of the Cooney Hill Road will result in damage to property owned by one of their clients; and report of the Chief Engineer of the Board were presented and referred to the Committee on Corporate Stock Budget.)

The Secretary presented the following report of the Committee on Corporate Stock Budget:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 17, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On August 27, 1914, you referred to the Committee on Corporate Stock Budget the report of the Chief Engineer of the Board relative to the approval of a map showing changes proposed in the system of highways planned for the area adjoining the Kensico Reservoir, in the towns of Mt. Pleasant and North Castle, Westchester County.

The map showing the proposed changes has been prepared in conformity with an order of the Supreme Court, Westchester County, based upon an agreement reached between the counsel for the City and the counsel for the above towns.

By this agreement, the towns agree to the substituted highway routes, as modified, and to the relinquishment of all claims for compensation, damages and expense, direct or indirect, which they may have against the City of New York by reason of the closing of the highways to be discontinued and for the construction, building or maintenance of said substituted highways, upon the payment to the town of Mt. Pleasant of the sum of $60,000 and to the town of North Castle, $5,000 to be applied by these towns to the construction and building of said highways on that portion of the substituted routes, as therein modified. It also provides that if the towns, in constructing said highways should raise or lower the grades of any existing highways, whereby any adjacent or abutting owners are damaged, the towns agree to hold the City of New York harmless and to indemnify the City of New York if it is compelled to pay such damages, by reason of said change of grade.

The payment of $65,000 by the City for the construction of these highways, under the agreement mentioned seems an economical method of disposing of the matter.

We recommend that the request of the Board of Water Supply for the approval of the amended map be granted. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of chapter 724 of the Laws of 1905, as amended, did on the 27th day of October, 1905, approve and adopt a report, and the map, plan and profile accompanying the same, bearing date of October 9, 1905, and presented by the Board of Water Supply of The City of New York, for obtaining an additional supply of pure and wholesome water for The City of New York, and declared the same to be the final map, plan or plans approved and adopted by the Board of Estimate and Apportionment, as provided for in said act; and

Whereas, The Board of Water Supply of The City of New York has submitted to the Board of Estimate and Apportionment for its approval, as directed in section 5, chapter 724, Laws of 1905, six similar maps or plans entitled: "Board of Water Supply of The City of New York Map showing change in Kensico Highway System, and real estate to be substituted therefor, and additional real estate to be acquired situated in the towns of Mount Pleasant and North Castle, County of Westchester, and State of New York," prepared pursuant to and in conformity with an order of the Supreme Court of the 9th Judicial District dated June 29, 1914, covering additional real estate for highway purposes to be acquired and to be dedicated by the City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of substituted highways around Kensico reservoir.

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves and adopts the said six similar maps or plans, and directs the Secretary of the Board to transmit them to the Corporation Counsel.

Resolved, That the Corporation Counsel be and he is hereby requested to apply to the Supreme Court for the approval of the discontinuance of the old highways and the approval of the new highway system to be substituted in lieu thereof, as shown on the aforesaid map.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Committee on Tax Budget.

Department of Public Charities—Sewer—Transfer of Jurisdiction from the Department of Public Charities to President, Borough of Richmond (Cal. No. 28).

(On October 9, 1914 (Cal. No. 72), and on November 13, 1914 (Cal. No. 87), communications from the Department of Public Charities in this matter were referred to the Committee on Tax Budget.)

The Secretary presented a communication, dated November 9, 1914, from the Secretary of the Department of Public Charities, referring to the communication presented to the Board on October 9, 1914 (Cal. No. 72), and referred to the Committee on Tax Budget, requesting the transfer of jurisdiction over the sanitary sewer for the Sea View Hospital and the New York City Farm Colony on Manor road, Borough of Richmond, from the Department of Public Charities to the President of the Borough of Richmond, and urging action on this request in view of a complaint from the Board of Health regarding the condition of this sewer and of the fact that the Department of Public Charities has no employees or equipment with which to care for same; communication dated November 9, 1914, from the Secretary of the Department of Public Charities, urging action in the matter; together with the following report of the Committee on Tax Budget:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 21, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 13, 1914, you referred to the Committee on Tax Budget a communication from the Department of Public Charities, dated November 9, 1914 (Cal. No. 87), referring to the communication presented to the Board on October 9, 1914 (Cal. No. 72), requesting the transfer of jurisdiction over the sanitary sewer for the Sea View Hospital and the New York City Farm Colony on Manor Road, Borough of Richmond, from the Department of Public Charities to the President of the Borough of Richmond, and urging action on the request in view of a complaint from the Board of Health regarding the condition of this sewer and of the fact that the Department of Public Charities has no employees or equipment with which to care for same.

The funds necessary for the maintenance and cleaning of this sewer have been included in the budget for 1915 for the President, Borough of Richmond. There is a sufficient amount available in the 1914 budget appropriation to enable the President to remedy present conditions at once.

The communication states in part that: "The sewer in question leads from the Department's grounds at Sea View Hospital and Farm Colony to the Kills at Port Richmond. It passes through public streets and not through any grounds under the jurisdiction of the Department of Public Charities."

Section 383 of the Greater New York Charter provides that "the President of a borough shall * * * have in charge the management, care and maintenance of the sewer and drainage system of the borough of which he shall be president," and it therefore appears that no action is necessary to place the sewer in question under the jurisdiction of the President of the Borough of Richmond. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Committee on Tax Budget.

Which was ordered filed, and the Secretary directed to send copies of the report of the Committee on Tax Budget to the Commissioner of Public Charities and to the President of the Borough of Richmond.

In an affidavit dated July 21, 1914, Mr. Schadt stated that he had never filed a claim nor brought suit against the City of New York for the payment of salary or wages or for any other claim except that sometime between the years 1898 and 1901 he instructed a law firm to bring action to recover back pay for time lost in the years 1895 and 1896, but which action, to the best of his knowledge and belief, was never begun, and in this matter he hereby waives all title or interest in said action in consideration of pension being granted.

A search of the records in the Law Department discloses that an action was commenced in 1900 for $2,238, and that said action was discontinued on October 26, 1908.

An examination of the Register of Claims in the Division of Law and Adjustment of the Department of Finance, for the past six years shows that he has filed no claim during that period.

For the period from October 1, 1911, to September 30, 1914, Mr. Schadt's compensation as provided for in the budget was $1,500 per annum.

His actual compensation during the same period was:

October 1 to December 31, 1911, 3 months at $125 per month	$375 00
January 1 to December 31, 1912, 12 months at $125 per month	1,500 00
January 1 to December 31, 1913, 12 months at $125 per month	1,500 00
January 1 to September 30, 1914, 6 months at $125 per month	750 00
(On leave of absence without pay February 1 to April 30th.)	
	$4,125 00

—or an average of $1,375 per annum.

We recommend the adoption of the accompanying resolution retiring Peter Schadt from active service and awarding and granting him an annuity of $750, being a sum equal to 50 per centum of his average rate of annual compensation for the last three years. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following was offered:

Whereas, Peter Schadt, employed as a Foreman in the Bureau of Sewers in the Borough of The Bronx, has been in the employ of the City of New York or of one of the municipalities, counties or parts thereof which have been incorporated into the City of New York, for a period of thirty years and upward, and is physically incapacitated for the further performance of the duties of his position, therefore be it

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics. November 16, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—At a meeting of your Board held August 28, 1913, there was submitted a communication from the President of the Borough of Richmond dated August 11, 1913, recommending the retirement of Michael J. Sharp, a laborer in the office of the President of the Borough of Richmond.

"I hereby recommend to the Board of Estimate and Apportionment that this application be granted."

On November 13, 1913, Dr. J. H. Byrne, Medical Examiner of the Department of Finance, examined Mr. Sharp, and states that he is certainly unable to perform his work.

The Medical Examiner's detailed report is attached hereto.

Mr. Sharp is a veteran of the civil war. His certificates of discharge state that he enlisted on April 22, 1861, as a private in Company F. 4th Regiment, New York Volunteers, and was discharged on May 25, 1863, and that he enlisted on July 13, 1864, as a sergeant in Company E, 84th New York Volunteers, and was discharged on October 29, 1864.

Mr. Sharp's original appointment and subsequent changes in rate of compensation were as follows:

April 24, 1894, appointed as a laborer at $11.00 per week in the Finance Department.

November 8, 1902, compensation increased to $14.00 per week.

September 13, 1909, transferred to the Bureau of Public Buildings and Offices Office of the President of the Borough of Richmond, at $2.00 per day.

July 1, 1910, compensation changed to $720 per annum.

January 1, 1913, compensation fixed at $2.50 per day.

An examination of the payrolls and time sheets has been made sufficient to establish over twenty years' service, as follows:

—equivalent to 20 years and one month service.

In an affidavit dated October 2, 1914, Mr. Sharp stated that he had never filed a claim nor brought suit against the City of New York for the payment of salary or wages or for any other claim except that he permitted, in 1899, an attorney to file claim for difference between $11 and $12 per week for six or seven years. Deponent states further that he never heard anything as to this claim thereafter.

A search of the records in the Law Department discloses no evidence of any action brought by deponent except that on February 15, 1900, action was brought by deponent against the City of New York for $656.22 on account of the prevailing rate of wages law, which action was discontinued on August 27, 1908.

An examination of the Register of Claims in the Division of Law and Adjustment of the Department of Finance for the past six years shows that he has filed no claim during that period.

For the period from October 1, 1911, to September 30, 1914, Mr. Sharp's compensation as provided for in the budget was as follows:

October 1 to December 31, 1911, 3 months at $60 per month	$180 00

His actual compensation during the same period was:

October 1 to December 31, 1911, 92 days at $720 per annum	$181 41
January 1 to December 31, 1912, 366 days at $720 per annum	720 00

January 1 to September 30, 1914, 225⅞ days at $2.50 per day	564 69
	$2,201 10

—or an average annual sum of $733.70.

We recommend the adoption of the accompanying resolution retiring Michael J. Sharp from active service and awarding and granting him an annuity of $371.25, being a sum equal to 50 per centum of his average rate of annual compensation for the last three years. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

On October 8, 1914, Dr. J. H. Byrne, Medical Examiner of the Department of Finance, examined Mr. Wilson and states that he is permanently unfit for duty.

The Medical Examiner's detailed report is attached hereto.

Mr. Wilson is a veteran of the Civil War. His certificate of discharge states that he enlisted on November 30, 1863, as a private in Co. K, 1st Reg't., Michigan Cavalry Vols., and was discharged July 7, 1865.

He states that he is 69 years of age.

Mr. Wilson's original appointment and subsequent changes in rate of compensation were as follows:

October 25, 1886, appointed as a Tug Boat Captain in the Street Cleaning Department at $1,080 per annum, and served until August 11, 1890.

January 1, 1888, compensation increased to $1,380 per annum.

In an affidavit dated October 10, 1914, Mr. Wilson stated that he had never filed a claim nor brought suit against the City of New York for the payment of salary or wages or for any other claim.

In an affidavit dated October 22, 1914, Mr. O'Neil stated that he had never filed a claim nor brought suit against the City of New York for the payment of salary or wages or for any other claim.

A search of the records in the Law Department discloses no evidence of any action brought by deponent.

An examination of the Register of Claims in the Division of Law and Adjustment of the Department of Finance, for the past six years shows that he has filed no claim during that period.

For the period from November 1, 1911, to October 31, 1914, Mr. O'Neil's compensation as provided for in the budget was $1,200 per annum.

His actual compensation during the same period was:

November 1 to December 31, 1911, 2 mos. at $100 per month	$200 00
January 1 to December 31, 1912, 12 mos. at $100 per month	1,200 00

We recommend the adoption of the accompanying resolution retiring Augustine M. O'Neil from active service and awarding and granting him an annuity of $600, being a sum equal to 50 per centum of his average rate of annual compensation for the last three years. Respectfully,

"It is proposed to appoint a Clerk at $600 per annum in the storehouse at Bellevue Hospital, and eliminate the position of Clerk at $480. The necessary funds to effect the change are to be found in the 'Balance unassigned' in No. 2052. The position of Clerk at $600 has been substituted for Clerk at $480 in the Budget for 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On November 24, 1914, the Board of Trustees of Bellevue and Allied Hospitals requested the modification of two schedules of salaries of that department for the year 1914. The Bureau of Standards reports thereon under date of November 27th as follows:

"In Personal Service, Salaries Regular Employees, Administration, Executive, No. 2050, Tax Levy Force, the line 'Stenographer, $900,' is eliminated, and the line 'Stenographer, $750,' is changed to read 'Stenographer, 2 at $750.' In No. 2053, Purchase and Storage of Supplies, the line 'Stenographer, $750,' is changed to read, 'Stenographer, $900.'

"It is proposed to provide for the compensation of a Stenographer in No. 2050, in the office of the Secretary to the Board of Trustees, at $750 per annum. The position of Stenographer at $900, in No. 2050, became vacant prior to October 1, 1914. Ellen M. Farnon was appointed to the vacancy on October 23, at the initial rate of $750 per annum.

"It is desired to apply a portion of the $150 made available in No. 2050 to an increase in rate for Mary G. N. Furman, in No. 2053, in the office of the Purchasing Agent. Miss Furman was appointed as Stenographer, at $750 per annum, on November 22, 1912. Her duties are to receive and transcribe dictation, attend to correspondence, bids, orders, etc. An increase for Miss Furman is in conformity with a recent appraisal of the value of the position by this Bureau, but the rate should be fixed at $840 per annum, instead of $900, as requested."

In view of the above facts, we recommend the adoption of the attached resolutions granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Department of Education and Other City Departments—Changing Title and Increasing Compensation of Thermostat Repairer (Cal. No. 44).

The Secretary presented a report of the Committee on Salaries and Grades in the matter of changing the title "Thermostat Repairer" to "Plumber with Knowledge of Thermostat Repairing," and increasing the compensation for said position from $5 to $5.50 per diem.

The Committee recommends, in view of the statements made by the Bureau of Standards, the establishment in City Departments of the grade of position of Thermostat Repairer at $5.50 per diem for an unlimited number of incumbents, and also

recommends that the heads of City Departments in which Thermostat Repairers are employed be requested to provide for the compensation of such workmen, beginning September 1, 1914, at the rate of $5.50 per diem, the funds to be provided by transfer, the issue of special revenue bonds or the reorganization of the work, reducing the number of days of employment.

(On June 5, 1914 (Cal. No. 64), report of the Bureau of Standards relative to changing the title and increasing the compensation was presented to the Board and referred to the Committee on Salaries and Grades.)

(On October 23, 1914 (Cal. No. 24), the report of the Committee recommending the establishment of the position at $5.50 per diem, etc., was presented to the Board and laid over for one week, and on October 30, 1914 (Cal. No. 62), the matter was again laid over pending further report of the Committee.)

Which was laid over one week (December 11, 1914).

Department of Public Charities—Establishment of Grade of Position of Examiner in Lunacy (Cal. No. 45).

The Secretary presented a communication dated November 11, 1914, from the Commissioner of Public Charities requesting the re-establishment of grade of position of Examiner in Lunacy in said Department; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportioment, Municipal Building, Bureau of Standards, November 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 11, 1914, the Commissioner of the Department of Public Charities, pursuant to the provisions of section 56 of the Greater New York Charter, requested the re-establishment of the grade of position of Examiner in Lunacy at a salary at the rate of $1,500 per annum. The Bureau of Standards reports thereon as follows:

"In Personal Service, Salaries, Regular Employees, Non-Institutional Care for Dependents, Dependent Sick or Poor, Adults, No. 1915, Brooklyn and Queens, it is proposed to reinsert the line 'Examiner inLunacy, 1 at $1,500.'

"This position was abolished by resolution of the Board of Estimate and Apportionment under date of July 2, 1914, at the request of the Commissioner and upon his representation that the position was unnecessary and that he desired to use this amount for other purposes.

"The position in question is filled by Dr. Wm. H. Bates, who is a veteran of the Civil War, and who has been reporting for work daily. The Commissioner was informed that the occupant of the position was about to bring suit for reinstatement. On October 14, 1914, the question was taken up with the Corporation Counsel, who, on November 7, 1914, advised that Dr. Bates be restored to duty and paid his compensation.

"The Commissioner therefore now requests that the position be re-established. The necessary funds will be provided from an unassigned balance. The position is provided for at the same rate in the 1915 Budget."

In view of the foregoing facts we recommend the adoption of the attached resolution, recommending to the Board of Aldermen the establishment of the grade of position of Examiner in Lunacy at the rate of $1,500 per annum for one incumbent.

Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Public Charities of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Examiner in Lunacy	$1,500 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Department of Water Supply, Gas and Electricity—Wages of Pipe Caulkers and Tappers (Cal. No. 46).

(On July 30, 1914 (Cal. No. 191), a communication from the Associated Employees of the Department of Water Supply, Gas and Electricity relative to this matter was referred to the Committee on Tax Budget.)

The Secretary presented a communication dated July 10, 1914, from the Associated Employees of the Department of Water Supply, Gas and Electricity, Inc., requesting that the Board grant the Commissioner of said department the necessary funds to pay the prevailing rate of wages of $4.50 per diem to Pipe Caulkers and Tappers in said department; and the following report of the Committee on Salaries and Grades recommending denial thereof:

City of New York, Board of Estimate and Apportioment, Municipal Building, Bureau of Standards, November 14, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On July 10, 1914, the Associated Employees of the Department of Water Supply, Gas and Electricity, requested an increase in wages from $4 to $4.50 per diem for Pipe Caulkers and Tappers in that department, which was referred to the Committee on Tax Budget on July 30, 1914, and to the Bureau of Standards on August 11, 1914, which Bureau reports thereon as follows:

"Phoenix Construction Company, Park Row.
"MacArthur Brothers Company, Pine Street.
"National Water Main Cleaning Company, Church Street.
"Realty Improvement Company, East 47th Street.
"T. J. Brady, Jr., Broadway.

"Callcott Construction Company, Madison Avenue.
"Clinton Contracting Company, Clinton Street.
"William F. Cunningham, East 91st Street.

"The representative of the Consolidated Gas Company stated as follows:

"'We employ about 75 Caulkers, and keep the men all the year round. We pay Caulkers $3 per day. Men employed at caulking gas pipes may do caulking of water pipes, or vice versa. We give a skillful laborer a schooling of a few weeks at caulking, when he is qualified for the work.'

"The representative of the Brooklyn Union Gas Company stated as follows:

"'We pay Caulkers $2.75 and $3 a day, according to their workmanship. We employ about 70 Caulkers. Our men are employed the year round.'

"The work of caulking gas pipes is similar to that of caulking water pipes. The positions are stated to be interchangeable. The number of Caulkers employed

by gas companies should be taken into consideration in showing the average rate paid to the majority of Pipe Caulkers employed in Greater New York.

"The cost per annum to the City for an increase in rate from $4 to $4.50 a day for Pipe Caulkers and Tappers in the Department of Water Supply, Gas and Electricity would be $21,000.

"A large percentage of the Caulkers who receive $4.50 a day are employed on subway work. Contractors who pay the $4.50 rate state that many of the Caulkers are employed only part time. A job may last a week or a month, when the men are laid off. Six per cent. of the 138 Caulkers and Tappers in City employ are allowed 365 days a year and the rest 303 days, all at $4 a day.

"The statements of the 22 contractors who have employed Caulkers within the past year indicate that they had a total on the average for the year round of about 75 Caulkers. If the number of other Caulkers working part time for Contractors be reduced to a full time basis, it would appear that approximately 100 men in the Greater City receive $4.50 a day the year round.

"The number of Pipe Caulkers and Tappers employed in the Department of Water Supply, Gas and Electricity is as follows:

Caulkers, at $4 per diem	130
Tappers, at $1,400 per annum	2
Tappers, at $1,200 per annum	7
Tappers, at $4 per diem	8
Total	147

"Pipe Caulkers employed by the City at $4 per diem, 130.

"Pipe Caulkers employed by the Consolidated Gas Company at $3 per diem, 75.

"Pipe Caulkers employed by the Brooklyn Union Gas Company at $2.75 and $3 per diem, 70.

"Pipe Caulkers employed by contractors at $4.50 per diem, approximately, 100.

"Pipe Caulkers receiving $4 per diem or less	275
"Pipe Caulkers receiving $4.50 per diem	100

"As no action was taken by the Committee on Tax Budget in the budget for 1915, the Committee on Salaries and Grades regards the question raised as one properly within the scope of its authority from the Board of Estimate and Apportionment."

In view of the foregoing facts, it would appear that $4 per diem for Pipe Caulkers in City employ is a fair rate. We therefore recommend that the request be ***denied***.

Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby ***denies*** the request of the Associated Employees of the Department of Water Supply, Gas and Electricity, Inc., in a communication dated July 10, 1914, that the wages of the Pipe Caulkers and Tappers employed in said department be increased from $4 to $4.50.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary was then directed to send copy of the report of the Committee on Salaries and Grades to the Associated Employees of the Department of Water Supply, Gas and Electricity.

Department of Public Charities—Payment of Prevailing Rate of Wages to Bakers and Foreman Bakers (Cal. No. 47).

The Secretary presented a report of the Committee on Salaries and Grades referring to the request of the Bakery and Confectionery Workers, Local Union No. 261, that the compensation of Bakers in the Department of Public Charities be increased from $3 to $4 per diem.

From an investigation made by the Bureau of Standards, it appears that the prevailing rate for Bakers is $4 per diem and the Committee recommends, therefore, the establishment in City Departments of the grade of position of Baker at $4 per diem for an unlimited number of incumbents; also that the heads of City departments in which Bakers are employed be requested to provide for the compensation of such workmen beginning November 1, 1914, at said rate, either by the transfer of funds or by application for the issue of special revenue bonds in the necessary amount or by the readjustment of schedules.

(On September 21, 1914 (Cal. No. 108), the above communication was referred to the Committee on Tax Budget.)

The matter was laid over for one week (December 11, 1914).

From the Department of Finance.

Department of Finance—Status of Street Improvement Fund and Fund for Street and Park Openings, December 31, 1913 (Cal. No. 48).

The Secretary presented a report of the Comptroller showing the result of an examination made of the Street Improvement Fund and the Fund for Street and Park Openings, as to their assets and liabilities and the surpluses in said funds applicable to the payment of the City's indebtedness to these funds and similar funds as at December 31, 1913.

Which was laid over one week (December 11, 1914).

President, Borough of Brooklyn—Modification of Schedule (Cal. No. 49).

The Secretary presented a communication dated November 13, 1914, from the Acting President of the Borough of Brooklyn, requesting modification of schedule for 1914; and the following report of the Comptroller, recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 24, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 13, 1914, the President of the Borough of Brooklyn requested modification of a salary and a transportation schedule in his office for the year 1914. In connection therewith I report as follows:

In Personal Service, Salaries, Regular Employees, Care of Highways, Engineering and Inspection, No. 554TCS, Tax Levy, Corporate Stock and Special and Trust Fund Force, it is proposed to increase the corporate stock allowance by $10,000 and decrease the special and trust fund allowance by a like amount.

The corporate stock and special and trust fund allowances set up in this schedule are as estimated at budget making time. Actual experience has shown them to be out of proportion to the actual needs, to the extent of the request. The change does not involve an increase in the schedule total nor in any budgetary appropriation.

In Contract or Open Order Service, Transportation, Hire of Horses and Vehicles with Drivers, Care of Highways, Roadways, Viaducts and Streets, No. 605TS, Tax Levy and Special and Trust Fund Force, it is proposed to increase the special and trust fund allowance by $4,000. This involves an increase of 800 days of driver with team and vehicle at $5 per day.

The unusually large number of corporation openings made during the month of October, 1914, and the necessity for restoring the pavement before winter sets in are the causes for the requested increase. All of the available labor forces have been assigned to this work and the present allowance for teams and vehicles is insufficient to permit of proper support to the gangs so engaged. The change does not involve an increase of any budgetary appropriation nor the transfer of any tax levy funds.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Department of Public Charities—Modification of Schedules (Cal. No. 50).

The Secretary presented a report of the Comptroller recommending the modification of schedules Nos. 2036 and 2037 for the Department of Public Charities for the year 1914—Donations to Grand Army Veterans and to Spanish War Veterans—by including therein a special revenue bond allowance pursuant to sub-division 7 of section 188 of the Charter, in the sum of $7,900, $5,000 of which is to be credited to account No. 2036 and $2,900 to account No. 2037.

Mr. Stewart Browne appeared and requested information in relation to this matter and suggested that it be referred to the Corporation Counsel for advice as to the constitutionality of the act governing the disbursement of donations to veterans and their families.

The matter was then referred to the Corporation Counsel for advice as soon as possible, as to the constitutionality of the Act governing the disbursement of donations to veterans and their families—namely, Chapter 594, Laws of 1913, amending the Act in relation to the Poor, constituting Chapter 42 of the Consolidated Laws—particularly with reference to the mandatory features of said statute relating to the relief directed to be paid to the beneficiaries on a recommendation signed by a Relief Committee, commander or Quarter-master of a post or camp of veterans of the Civil or Spanish-American Wars.

Department of Parks, Borough of The Bronx—Modification of Schedule (Cal. No. 51).

The Secretary presented a communication dated November 16, 1914, from the Commissioner of Parks, Borough of The Bronx, requesting modification of Schedule for 1914; and the following report of the Comptroller recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 21, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 16, 1914, the Commissioner of Parks, Borough of The Bronx, requested modification of the schedules of his department to provide for a temporary wage schedule for the corporate stock fund "C.D.P. 303C, Department of Parks, Borough of The Bronx, Improving Shore Front and Bathing Beaches, Pelham Bay Park."

The requested line items, in detail, are as follows:

Driver, with Horse and Vehicles, at $3 per day (50 days)	$150 00
Driver, with Team and Vehicle, at $5 per day (90 days)	450 00
Foreman, at $3.50 per day (50 days)	175 00
Laborers, at $2.50 per day (840 days)	2,100 00
Carpenter, at $5 per day (25 days)	125 00
Bricklayer, at $6 per day (20 days)	120 00
Blaster, at $4 per day (15 days)	60 00
Total	$3,180 00

The purpose of the proposed modification is to provide for the employment of departmental labor, blasting and gathering loose boulders and small rock, which at present are a detriment to bathing, for building a short piece of rubble wall, and doing a small amount of filling, for repairing the old pier and refreshment pavilion, and for a general cleaning up of the shore front at Baychester Beach in Pelham Bay Park.

The quantities of work proposed are so uncertain, that it would be very difficult to prepare specifications upon which a contractor could make an intelligent bid. The work can undoubtedly be done by departmental labor as cheaply as by contract.

There is an unencumbered balance of $4,668.88 in the fund "C.D.P. 303C."

I recommend the adoption of the attached resolution approving the schedule as requested.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves a corporate stock wage schedule for temporary employees to be effective December 1, 1914, as follows:

DEPARTMENT OF PARKS, BOROUGH OF THE BRONX.
Improving Shore Front and Bathing Beach, Pelham Bay Park.
Wages Temporary Employees, Corporate Stock Force.

1216½C	Care of Parks and Boulevards—

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond.—16.

Register, Bronx County—Modification of Schedule (Cal. No. 52).

The Secretary presented a communication dated November 19, 1914, from the Register of Bronx County, requesting modification of schedule for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 28, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On November 19, 1914, the Register of Bronx County requested modification of the salary schedule supporting the budget appropriation made to that office for 1914 in Account No. 3270, Personal Service, Salaries, Regular Employees.

To effect the proposed modification, it is requested that line reading:

3270	Clerk, 25 at $1,200.....	$30,000 00

—be made to read as follows:

3270	Clerk, 21 at $1,200.....	$25,200 00
	Clerk, 4 at $1,000	4,000 00
	Balance unassigned	800 00
		$30,000 00

The Register states that since August 1, 1914, four Clerks have been receiving $1,000 per annum each, and 21 Clerks $1,200 per annum each, and this modification is requested in order that the schedule may conform to the actual conditions existing in that office. It, therefore, becomes necessary to change the line reading "Clerk, 25 at $1,200," to read "Clerk, 21 at $1,200," and to add the lines "Clerk, 4 at $1,000," and "Balance Unassigned, $800."

The line item changes in detail are then as follows:

Account No.	Existing Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease
3270	Clerk, 21 at $1,200.....	.....	$4,800 00	.....	$2,000 00
	Clerk, 4 at $1,000.....	$4,000 00	.....	1,666 67	.....
	Balance unassigned	800 00	.....	333 33	.....
		$4,800 00	$4,800 00	$2,000 00	$2,000 00

This modification provides merely for the substitution of 4 Clerks, at $1,000 per annum, for a similar number at $1,200 per annum, leaving an unassigned balance of $800. No change in the schedule total is involved in this request.

The adoption of the attached resolution, approving the schedules as revised, is therefore recommended. Respectfully, WM. A. PRENDERGAST, Comptroller.

President, Borough of Queens—Modification of Schedule (Cal. No. 53).

(On November 20, 1914 (Cal. No. 31), a resolution was adopted by the Board modifying this schedule, but the date from which the same was to be effective was omitted therefrom.)

The Secretary presented the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 1, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On November 20, 1914, a resolution was adopted by your Board, revising the schedule supporting the 1914 appropriation made to the office of the President of the Borough of Queens, in Account No. 673TS, entitled "Personal Service, Wages Regular Employees, Topographical, Tax Levy and Special and Trust Fund Force." The object of the modification was to permit the payment of the prevailing rate of wages to a Flagger employed in the Topographical Bureau in the Borough of Queens, from April 24, 1914, to December 31, 1914, the funds for which purpose were provided by the issuance of $104.50 of special revenue bonds authorized by your Board on September 21, 1914.

To permit the use of these special revenue bonds, it will be necessary to further modify the schedule supporting Account No. 673TS, by changing the lines reading:

	Flagger, 1 at $4 per day (94 days).....	$376 00
	Flagger, 1 at $4.50 per day (209 days).....	940 50
	Total.....	$1,316 50

—to read:

	Tax Levy and Special and Trust Fund Allowance.	Special Revenue Bonds.	Total.
Flagger, 1 at $4.50 per day (303 days).....	$1,212 00	$104 50	$1,316 50

It will also be necessary to amend the resolution referred to by adding the following words:

"To be effective as at April 24, 1914."

The adoption of the attached resolution approving the schedule, as revised, is therefore recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedule, as revised, for the office of the President of the Borough of Queens for the year 1914, to take effect as of April 24, 1914, as follows:

Commissioner of Jurors, Queens County—Modification of Schedule (Cal. No. 54).

The Secretary presented a communication dated October 27, 1914, from the Commissioner of Jurors, Queens County, requesting modification of schedules for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 27, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated October 27, 1914, the Commissioner of Jurors, Queens County, requested modification of the schedule lines included in Account No. 3553, Contract or Open Order Service, for 1914.

The Commissioner of Jurors states that in the Transportation Account there is a balance of only $19 to cover the expenses of from four to six men travelling in all directions in the Borough of Queens, for a period of six weeks, with carfares varying from five to fifty cents a trip. Inasmuch as a surplus balance exists in the Communication Account, it is proposed to adjust this deficiency in the account referred to by changing the schedule lines, Account No. 3553, Contract or Open Order Service, which originally read

Transportation	$50 00
Communication	70 00

—to read

Transportation	$60 00
Communication	60 00

This arrangement of the schedule will adjust the two accounts to meet existing conditions.

The adoption of the attached resolution approving the schedules as revised is therefore recommended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the office of the Commissioner of Jurors, Queens County, for the year 1914, as follows:

COMMISSIONER OF JURORS, QUEENS COUNTY.

3553	Contract or Open Order Service—	
	Transportation	$60 00
	Communication	60 00

Department of Public Charities—Issue of Special Revenue Bonds and Modification of Schedules (Cal. No. 55).

The Secretary presented a communication dated July 29, 1914, from the Commissioner of Public Charities, requesting an issue of Special Revenue Bonds in the sum of $25,000, to provide additional employees to care for "drug cases"; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 30, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated July 29, 1914, the Department of Public Charities requested that special revenue bonds to the amount of $25,000 be issued to provide for additional employees to care for the "drug cases" committed to the hospitals under the jurisdiction of that department under chapter 363 of the Laws of 1914, known as the "Boylan Law."

When this request was made, Mr. Henry C. Wright, First Deputy Commissioner of the Department of Public Charities, stated to a representative of the Bureau of Municipal Investigation and Statistics that it would be several months before an accurate estimate of the additional help required for this class of patients could be made, and that, meanwhile, such help as was found necessary would be engaged and paid from the appropriation for "hospital helpers," it being his intention to present later a schedule of help required for the treatment of these drug cases and also to replenish the hospital helper appropriation when funds became available.

Drug patients from the Boroughs of Manhattan and The Bronx are treated at the Metropolitan Hospital on Blackwells Island. From July 1st to November 19th, 1914, there were 389 patients of this class. These patients require, during the early stages, the constant and uninterrupted services of a nurse or attendant for a period of from three to five days. The entire treatment covers a period of from two to three weeks.

Owing to the lack of funds, proper help has not been provided for these drug patients, and convalescent drug and alcoholic patients have been pressed into service as attendants. From time to time attendants at $20 or $30 per month have been engaged, the total expenditures in this institution paid from the "hospital helpers" appropriation amounting to $399.02 from July 1st to November 15th, 1914. By the end of November this will probably have amounted to $575.

The staff required for the proper treatment of these drug cases at this institution for the month of December is as follows:

2 Male Nurses, at $40 per month	$80 00
2 Head Nurses, at $60 per month	120 00
20 Attendants, at $20 per month	400 00
24	$600 00

In order, therefore, to replenish the "hospital helper" account to the extent of $575, as previously shown, and to provide the $600 just referred to, the aggregate required for the Metropolitan Hospital will amount to $1,175.

For the Boroughs of Brooklyn and Queens, drug patients are received and treated at the Kings County Hospital, on Clarkson Street, Brooklyn, N. Y. In this institution the patients are confined in the psychopathic wards. The system of treatment here differs from that in the Metropolitan Hospital, so that fewer attendants are required. The average period of treatment in the Kings County Hospital is, however, longer than in the Metropolitan Hospital.

The total number of drug patients treated at the Kings County Hospital from July 1st to November 19, 1914, amounted to 94. To provide the necessary help, male attendants at $480 per annum have been employed as needed and paid from the "hospital helper" appropriation. There are now four such attendants engaged on this work, and the amount required to replenish the "hospital helper" appropriation and also to provide salaries for the balance of this year for the attendants mentioned is $825.

The total amount therefore required for the Metropolitan Hospital is $1,175, and for Kings County Hospital $825, making a total of $2,000.

The Corporation Counsel, in an opinion on the Boylan Law, dated August 25, 1914, advised the Comptroller that under this law the City should provide the funds necessary to carry out its purposes, as far as they pertain to the care and maintenance of indigent persons. The Comptroller will, therefore, make provision for the payment of the $2,000 required pursuant to Subdivision 7 of Section 188 of the Greater New York Charter.

In view of the foregoing, the adoption of the attached resolution approving the schedules as revised to include the additional appropriations, is hereby recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Board of City Record—Transfer of Appropriation and Modification of Schedules (Cal. No. 57).

The Secretary presented a communication dated November 20, 1914, from the Supervisor of the City Record requesting a transfer within the appropriation for the Board of City Record for 1914; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 28, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On November 20, 1914, the Board of City Record requested the transfer of $625 within the appropriations made to that board for the year 1914. The increases and decrease in the accounts affected by the proposed transfer are as follows:

FROM

Contract or Open Order Service, Transportation.

2996	Expressage and Deliveries	$625 00

TO

2994	Supplies	$150 00
2995	Purchase of Equipment	310 00
3002	Contingencies	165 00
		$625 00

The Board of City Record has available in Account No. 2994, Supplies, only $6.90. Examination shows that in order to meet the cost of necessary articles for the remainder of the year properly chargeable to this account, such as postage, rubber stamps and all other supplies, the $150 should be provided by the transfer of funds requested.

It is desired to cover the floors of certain offices with linoleum and to purchase two desk lights, a table and postal scale. This equipment is necessary and it is accordingly estimated that about $310 will be required in addition to the present unencumbered balance in Account No. 2995, Purchase of Equipment.

The present available balance in Account No. 3002 is only $3.84, and the additional amount required to be provided by the transfer of $135.00 is for meeting the cost of repairing paper testing machines, ventilators, desks, cabinets, and other equipment which is in an unserviceable condition. The Board of City Record has no specific appropriation account for repairs and consequently charges for this service are made to Contingencies Account. The remaining $30 is to be used to reimburse employees who are obliged to work nights on the preparation of the annual contracts and samples for the amounts expended by them for suppers.

From investigations made it appears that the transfer of funds requested is necessary and the expenses reasonable. The adoption of the attached resolutions approving the transfer and the revised schedules is therefore recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the Board of City Record, City of New York, for the year 1914, as follows:

District Attorney, Queens County—Transfer of Appropriation and Modification of Schedules (Cal. No. 58).

The Secretary presented a communication dated November 7, 1914, from the District Attorney, Queens County, requesting a transfer within the appropriation for said office for 1914; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 25, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On November 7, 1914, the District Attorney, Queens County, requested the transfer of $100 within the appropriations made to that office for the year 1914 from Account No. 3542, Contingencies, General, to Account No. 3539, Purchase of Equipment.

The original appropriation in Account No. 3539, Purchase of Equipment, was $250, against which sum purchases have been made to November 7, 1914, amounting to $194.88, leaving an available balance of $55.12. The District Attorney states that he has been obliged to incur liabilities amounting to $75, chargeable against this balance. He also desires to purchase Session Laws and Code reports, which are very necessary for the proper conduct of his office, at an estimated cost of $80. In order therefor to meet these charges the transfer of $100 is requested.

The adoption of the attached resolutions approving the proposed transfer and the schedules as revised is therefore recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

President, Borough of Queens—Transfer of Appropriation and Modification of Schedules (Cal. No. 59).

The Secretary presented a communication dated November 9, 1914, from the President of the Borough of Queens, requesting a transfer within the appropriation for said office for 1914; and the following report of the Comptroller recommending approval thereof to the extent of $6,850, and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 30, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On November 9, 1914, the President of the Borough of Queens requested the transfer of $8,075 within the appropriations made to that Department for 1914. The increases and decreases in the accounts affected by the proposed transfer are as follows:

FROM

	Supplies, Laundry, Cleaning and Disinfecting Supplies.

	Contingencies.	
731	Administration and Public Works	75 00
732	Supervision of Building Construction and Alteration	75 00
		$8,075 00

The purpose of the proposed transfer of funds is to replenish the appropriation accounts mentioned to provide for the expenses chargeable to such accounts for the remainder of the year. An examination made by a representative of this Department discloses the following information relative to each account thereby affected:

In Account No. 678, Supplies, Fuel Supplies, Care of Highways, it is estimated that funds amounting to $990 will be required for the following purposes:

Coal and wood for steam rollers and Asphalt Plant	$705 00
Corporation yards	285 00
Total	$990 00

Examination of this estimate on the basis of the average consumption per day of each steam roller and the asphalt plant, also the quantity of coal needed for each Corporation yard discloses that the cost of coal and wood to be consumed before the end of the present year will amount to $719, which is stated in the following tabulation:

	Average Daily Consumption.	Estimated Consumption to Dec. 31, 1914.	Cost Per Unit	Total Cost.
Nine steam rollers (hard coal)	2.25 tons	57 tons	$7 00	$399 00
Five Corporation Yards (hard coal)	.....	15 tons	7 00	105 00
Asphalt Plant (soft coal)	1 ton	25 tons	5 00	125 00
Asphalt Plant (cord wood)	.....	10 cords	9 00	90 00
Total cost				$719 00

An encumbered balance of $240.22 remains in the account referred to, but this will be needed to meet outstanding liabilities which had not been set up on the books at the time this investigation was made. It is accordingly recommended that $700 be transferred to this account instead of $900, as requested.

In Account No. 680, Supplies, Fuel Supplies, Street Cleaning, the available balance is only $3.24. Additional coal supplies are needed for the various section stations amounting to 15 tons at $7 per ton or $105. It is therefore recommended that the transfer of $100 requested be allowed.

The present balance in Account No. 682, Supplies, Office Supplies, Administration and Public Works is $33.53. Against this balance there are on file requisitions amounting to $354.28 for ice, water and towel supply for the various public buildings in the Borough of Queens. It is requested that $400 be transferred to this account, but investigation shows that it will not be necessary to provide more than an additional $250. The balance can be utilized from an imprest cash fund which shows a balance of $323.

In Account No. 691, Purchase of Equipment, Office Equipment, Administration, the present balance is only 72 cents. It is proposed to transfer $975 to this account to purchase the following equipment:

One motor-driven Burroughs Duplex Adding Machine	$575 00
One Elliott-Fisher Book Typewriter	250 00
One Comptograph	150 00
Total	$975 00

The Burroughs adding machine referred to is to be placed in the office of the accounting division of the department, where it can be used to very good advantage. Provision has been made in the Budget for 1915 for the purchase of the book-typewriter, so that it will not be necessary to provide for it by transfer at this time. The Comptograph is to be placed in the office of the Bureau of Street Cleaning, to be used in calculating the area of streets swept and cleaned, and the preparation of cost and statistical records kept in that bureau.

It is therefore recommended that a transfer of $725 be made to Account No. 691, instead of $975, as requested.

In Account No. 703, Purchase of Equipment, General Plant Equipment, Care of Public Buildings and Offices, the available balance is $47.39, which it is required to replenish by transfer of $100 to permit the purchase of waste paper receptacles for use in the various public buildings in the Borough of Queens, at a total cost of $90. Provision was made for the purchase of 16 waste paper cans at a cost of $2.50 each in a transfer of $40 made to Account No. 703, on September 21, 1914. None of these cans has been bought and the present balance of $47.39 is sufficient to provide for them. It is recommended, therefore, that the transfer of $100 to this account be denied.

In Account No. 712, Contract or Open Order Service, General Repairs, Street Cleaning, the remaining available balance is $309.90. It is proposed to transfer $800 to this account for the purpose of making repairs to the Aqueduct Crematory at Jamaica, L. I. Upon examination it was found that part of the fire arch of the crematory had fallen and a great number of the bricks were loose. This will necessitate rebuilding the entire arch.

It is estimated that $475 will be required for the cost of materials and a further $475 will represent the cost of labor.

At least $200 of the remaining unencumbered balance in this account should be available to meet the cost of this work. On this basis the additional amount required is only $750.

In Account No. 725, Contract or Open Order Service, Transportation, Carfare, Administration and Public Works, the available balance is $74.96. Against this balance there are outstanding unpaid carfares due to employees of the various bureaus amounting to $1,442.36, made up as follows:

Bureau.	July.	August.	September.	October.	Total.
Topographical Bureau	$282 56	$175 58	$238 89	.....	$697 03
Substructures	.....	.....	.....	$5 30	5 30
Bureau of Sewers	.....	.....	132 78	46 25	179 03
Bureau of Street Cleaning	14 60	56 75	44 70	.....	116 05
Bureau of Highways	.....	.....	.....	181 13	181 13
Engineers, Highways	.....	.....	109 36	126 51	235 87
Audit and Accounts	.....	.....	.....	27 95	27 95
Total	$297 16	$232 33	$525 73	$387 14	$1,442 36

In addition to this sum the following estimate has been given representing the anticipated cost of carfares for the remainder of the year as required for each bureau:

Topographical Bureau	$700 00
Substructures	15 00
Bureau of Sewers	550 00
Bureau of Street Cleaning	150 00
Bureau of Highways	350 00
Engineers, Highways	250 00
Audit and Accounts	50 00
Total	$2,065 00

The depletion in this account is partly due to the increase in the number of laborers and other employees assigned to work in the Rockaway section of the borough during the summer months, it being impossible to secure all the help required in this locality, so that the expense of transportation devolved upon the City. The carfare expenses for the engineers, notably engineers assigned to the Bureau of Sewers and Bureau of Highways, have also greatly exceeded the appropriation for 1914 in Account No. 725, owing to the continued development of property in the borough.

The sum of the two charges referred to, namely, $1,442.36 and $2,065, would appear to indicate that $3,500 should be allowed, as against the requested transfer of $3,700.

In Account No. 729, Contract or Open Order Service, General Plant Service, the present available balance is only $2.75. It is proposed to transfer $950 to this account to provide for the following charges:

Rent of triangulation towers	$425 00
Clock service	50 00
Removal of encroachments	100 00

Rent of tabulating machines	276 00
Miscellaneous charges	99 00
Total	$950 00

Investigation shows that $139 is sufficient provision for the rent of the tabulating machines, and $61 for miscellaneous small charges, thereby reducing the amount requested for this purpose to $775.

An allowance of $8,500 was made in the 1914 budget appropriation in Account No. 729 for the removal of garbage from the Rockaway section, but the actual contract for this work amounted to $4,700. So that $3,800 remained available for other purposes. A large proportion of this amount, namely, $3,100, was allowed to be transferred to other accounts.

It has, however, since transpired that $960 of this sum so transferred should have been retained to meet the cost of removing garbage after the contract was finished. For this reason it now becomes necessary to replenish the account to meet these expenses. It is therefore recommended that the amount found upon investigation to be necessary, namely, $775, be transferred to Account No 729, instead of $950, as requested.

In Account No. 731, Contingencies, Administration and Public Works, the balance is shown to be 92 cents. Against this sum unpaid bills for emergency repairs to typewriters and addressograph have accumulated amounting to $45, for which no provision was made in the 1914 budget. To provide for these bills it is recommended that $50 be transferred to Account No. 731 instead of $75, as requested.

In Account No. 732, Contingencies, Supervision of Building Construction and Alteration, the balance is shown at $1.35, and the request is made that $75 be transferred to this account. This transfer is not necessary, as the items it is intended to provide for can properly be charged to other accounts where the balances are sufficient.

The adoption of the attached resolutions approving the proposed transfer to the extent of $6,850, and the schedules as revised, is therefore recommended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Department of Parks, Boroughs of Manhattan and Richmond—Transfer of Appropriation and Modification of Schedules (Cal. No. 60).

The Secretary presented a communication, dated November 27, 1914, from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting a transfer within the appropriation for said department for 1914; and the following report of the Comptroller, recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 1, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On November 27, 1914, the Department of Parks, Boroughs of Manhattan and Richmond, requested the transfer of $1,600 within the appropriations made to that department for 1914, from Account No. 1125, Personal Service, Wages Temporary Employees, Care of Trees in City Streets, to Account No. 1124, Personal Service, Wages Temporary Employees, Care of Parks and Boulevards.

The purpose of the proposed transfer is to provide additional funds to pay the wages of Climbers and Pruners by increasing the number of days for Climber and Pruner at $2.50 per day for 640 days. In this respect the Commissioner of Parks states as follows:

"This request is caused by the fact that the Climbers and Pruners up to date have been engaged more constantly on park trees than on street trees. This necessity was partially caused by the large number of old trees which have been removed. Examination of accounts will show that the line item for this work has been entirely exhausted. Trees in parks and boulevards need treatment, men are required for emergency work."

The foregoing statement is borne out by investigation made by this department, from which it appears that the transfer is necessary to meet the expeditures for work to be done to the trees in parks and boulevards of the city.

The adoption of the attached resolutions, approving the proposed transfer and the schedules as revised, is therefore recommended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The purpose of the proposed transfer is to provide furniture for the Commissioner's Office, also for equipping a conference room now being established by the Commissioner.

The items to be purchased are as follows:

10 Chairs at $13.30 each	$133 30	for Conference Room.

8 Chairs at $14.35 each	114 80	for Commissioner's Office.
1 Desk Chair	25 00	for Commissioner's Office.
	$328 10	

These prices appear to be reasonable and an allowance of $325, together with the small unexpended balance now in the account, will be sufficient.

The attached resolutions granting the requested transfer and approving the schedules as revised, are presented for adoption.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Public Charities; Department of Correction—Transfer of Appropriation and Modification of Schedules (Cal. No. 62).

The Secretary presented a communication dated November 18, 1914, from the Commissioner of Public Charities requesting a transfer of $12,000 to said department for 1914, as follows:

To Code No. 2669, Department of Correction..... $1,700 00
To Code No. 2017, Department of Public Charities..... 10,300 00

—and the following report of the Comptroller recommending denial thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 1, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On June 19, 1914, the Commissioners of the Sinking Fund adopted a resolution transferring the steamer "Massasoit" from the jurisdiction of the Department of Correction to the Department of Public Charities. Subsequently at a meeting of your Board held July 2, 1914, resolutions were adopted approving the transfer of budget appropriations made to the Department of Correction for the maintenance and operation of this steamer for the remainder of the year 1914. Of these amounts so transferred the sum of $12,000 was specifically set aside for the purchase of new boilers for the steamer referred to.

In a communication dated November 18, 1914, the Department of Public Charities requested that the sum of $12,000, referred to, be retransferred to the following accounts:

DEPARTMENT OF CORRECTION.
Contract or Open Order Service.
2669 General Repairs $1,700 00

DEPARTMENT OF PUBLIC CHARITIES...
Contract or Open Order Service, General Repairs.
2017 Transporting Persons and Materials..... 10,300 00

$12,000 00

The purpose of the request for the transfer of $1,700 is to enable the Department of Correction to make certain necessary repairs to the steamer "Correction." In reference to the other part of request relative to the transfer of $10,300 the Commissioner of the Department of Public Charities states as follows:

"The new boilers for which funds were transferred have not been installed in the steamer "Massasoit" for the reason that it was considered the boilers now in her could be repaired and made to last several years at a small cost, as compared with that of new ones. The cost of the repairs to the "Massasoit" boilers as well as other repairs necessary to put her into operative condition for several years is estimated to cost $2,500.

"There are no funds available to make these repairs, inasmuch as the appropriation for General Repairs, Transportation, Persons and Materials, Code No. 2017, is exhausted, and the $12,000 transferred from the Correction Department *was specifically set apart for new boilers.*"

From inquiries made at various sources it would appear to be somewhat doubtful as to whether the repair work required to be done would be entirely satisfactory. However this may be, investigation made by this department shows that in the preparation of the 1914 Budget estimates provision was made in Account No. 2669, Contract or Open Order Service, General Repairs, $40,000, to permit the installation of new boilers for the steamer "Massasoit." When, therefore, the steamer was transferred to the Department of Public Charities the funds provided for these new boilers were also transferred, on the specific understanding that new boilers would be installed, as provided, without delay, and for that reason the revised schedule for the Department of Public Charities was worded as follows:

Contract or Open Order Service, General Repairs.
2017 Steamboats (assigned for new boilers for steamer "Massasoit")... $12,000 00

From this it will be seen that appropriation of $12,000 was made conditional at that time upon the purchase and installation of new boilers for the steamer "Massasoit," and cannot under the resolutions attached to the 1914 Budget be diverted for any other purposes.

In reference to this inhibition subdivision "h" of the resolutions referred to reads as follows:

"(h) That no transfers shall be made from any of the appropriations made herein under any classification * * * when the appropriation is made conditional upon the purchase of some stated article or articles * * * although otherwise the transfer might be proper under the budget resolutions in the Budget for 1914."

Under the circumstances stated in this report it is recommended that the request contained in the communication from the Department of Public Charities, dated November 18, 1914, be denied.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *denies* the request of the Commissioner of Public Charities, in a communication dated November 18, 1914, for the retransfer of the sum of Twelve thousand dollars ($12,000) to Account 2669, General Repairs, Department of Correction ($1,700), and to Account 2017, Transporting Persons and Materials, Department of Public Charities ($10,300), for the year 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary was directed to send copy of the report of the Comptroller to the Commissioner of Public Charities.

District Attorney, Kings County—Rescission and Issue of Special Revenue Bonds (Cal. No. 63).

The Secretary presented a report of the Comptroller recommending that the resolution adopted by the Board on May 29, 1913, authorizing an issue of $2,000 special revenue bonds, pursuant to the provisions of subdivision 8, section 188 of the Charter, the proceeds to be used by the District Attorney of Kings County for the purpose of paying the expenses of extraditing fugitive criminals, all obligations to be contracted on or before December 31, 1913, be rescinded, and that the Board adopt a new resolution authorizing the issue of $1,500 special revenue bonds for said purpose, all obligations to be incurred on or before December 1, 1914.

The Secretary also presented a communication, dated December 3, 1914, from the Comptroller, withdrawing the aforementioned report.

President, Borough of Queens—Transfer of Appropriation and Modification of Schedules (Cal. No. 64).

(On November 13, 1914 (No. 124A), the resolution of the Board of Aldermen in this matter was referred to the Comptroller.)

The Secretary presented a resolution adopted on October 27, 1914, by the Board of Aldermen, requesting an issue of special revenue bonds in the sum of $2,000 for use by the President of the Borough of Queens in the purchase of fuel for public buildings; and the following report of the Comptroller, stating an issue of bonds for this purpose is not necessary, and recommending a transfer within appropriations for said office for the year 1914, to the amount of $1,800, and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 30, 1914.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—On October 27, 1914, the Board of Aldermen adopted the following resolution:

"Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand dollars ($2,000), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of purchasing fuel for use in public buildings. All obligations contracted for hereunder to be incurred on or before December 31, 1914."

Owing to the absence of inventories as of January 1, 1914, it is impossible, accurately, to determine the monthly fuel consumption in the public buildings under the jurisdiction of the Borough President, for 1914. It was possible, however, to determine approximately the quantity of coal on hand at January 1, 1913; the amount delivered from that date to July 31, 1914, and the approximate quantity of coal on hand at July 31, 1914. The monthly consumption of coal in each of the various public buildings in the Borough of Queens for the nineteen months ending July 31, 1914, is shown in the following tabulation:

Building.	Tons Coal on Hand Jan. 1, 1913.	Tons Coal Received Jan 1, 1913, to July 31, 1914.	Tons Coal on Hand July 31, 1914.	Total Tons Coal Consumed.	Tons Coal Consumed Per Month.
Queens County Courthouse....	50	1,103	82	1,071	89.1 *20
Borough Hall.....	25	140	10	155	15.5
Jamaica Town Hall.....	40	25	20	45	4.5
Flushing Town Hall.....	30	83.3	13	100.3	10
St. Mary's Lyceum.....	40	40	10	70	7.
Jamaica County Building.....	40	60	12	88	8.8
Interior Bath	50	152.9	30	172.9	10 *8
Magistrates' Court, Far Rockaway	10	15	3	22	2.2
Total	285	1,619.2	180	1,724.2	147.1 *28.

*Estimated consumption during summer months.

Of the period from January 1, 1913, to July 31, 1914 (19 months), heat was furnished in the various public buildings referred to for 10 months, except in the case of the Queens County Court House and the Interior Bath, where hot water was required to be furnished for the entire period.

By utilizing the figures shown in the foregoing statement as a basis, there will then be required about 257 tons of coal for the remainder of the current year as follows:

	Tons.
Coal required for Queens County Court House and Interior Bath from August 1 to October 15, 1914.....	70
Coal required for all buildings from October 15 to December 31, 1914, on the basis of 147 tons per month.....	367
Total quantity of coal required to December 31, 1914.....	437
Coal on hand as per estimate July 31, 1914.....	180
Tons of coal for which additional funds are required to December 31, 1914...	257

The price paid for coal varies from $6.45 to $7.25 per ton so that approximately $1,800 should be provided to purchase the 257 tons required.

It will not be necessary, however, to issue special revenue bonds, as the President of the Borough of Queens has consented to a transfer for this purpose from Account No. 710, Contract or Open Order Service, General Repairs, Care of Highways, in which there is a sufficient balance to permit of such transfer. The proposed transfer follows:

FROM
Contract or Open Order Service, General Repairs.
710 Care of Highways..... $1,800 00

TO
Supplies, Fuel Supplies.
681 Care of Public Buildings and Offices..... $1,800 00

The adoption of the attached resolutions approving the transfer of $1,800 referred to and the schedules, as revised, is therefore recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the office of the President of the Borough of Queens for the year 1914, as follows:

Samuel Meratchnik—Claim of (Cal. No. 70).

City of New York, Department of Finance, Comptroller's Office, November 20, 1914.

To the Honorable Board of Estimate and Apportionment:

Sirs—I, Alexander Brough, Deputy and Acting Comptroller of The City of New York, do hereby certify that Samuel Meratchnik has made a claim for Sixty-nine Dollars ($69) for his services as an emergency interpreter in the Court of Special Sessions of The City of New York, performed by him during the months of November and December, 1913, which the Corporation Counsel has advised me is not a legal or valid claim against the City, but that it is competent for me to certify the said claim as an illegal or invalid claim of the City, which, in my judgment, it is equitable for the City to pay in the sum of Sixty-nine Dollars ($69); and

I do further certify that, in my opinion, the City has received a benefit which, in money value, is equal to the said sum of Sixty-nine Dollars ($69) and is justly and equitably obliged to pay such claim in the said sum of Sixty-nine Dollars ($69) and that the interest of the City would be best subserved by the payment thereof; and

I do further certify that I have investigated the facts upon which said claim is based and I find that on January 3rd, 1913, Samuel Meratchnik was appointed emergency interpreter (Polish and Russian) with compensation at the rate of $3 per day, not to exceed $750 per year, in accordance with Civil Service rule 12, paragraph 6, which provides: "The Commission may, by resolution, exempt from competitive examination any person engaged in private business who shall render any professional, scientific, technical or expert service of an occasional and exceptional character to any City officer, and the amount of whose compensation in any one year shall not exceed $750;" that claimant was paid during the year 1913 out of Budget Account No. 2380, "Wages Temporary Employees, Special Interpreter," the sum of $435 for services up to November, 1913, and on November 1st, 1913, there was an unencumbered balance in said fund of $87, which was subsequently disbursed and the account closed finally on January 19th, 1914; that the claimant attended every day at the office of the Chief Interpreter and performed services whenever called upon, at the rate of $3 per day only when actually engaged; that he has not been paid for his services during the months of November and December, 1913, during which period he was actually employed for twenty-three days, to wit: twelve days in November and eleven days in December; and

I do further certify that the said sum of Sixty-nine Dollars ($69) may be properly paid to Samuel Meratchnik out of "Revenue Bond Fund for Claims, Miscellaneous," R. C. L. 11, in full satisfaction of his said claim upon delivering a proper receipt of all claims for compensation during the said period of November and December, 1913. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

(On November 20, 1914 (Cal. No. 62), the Board adopted a resolution approving a claim of William D. Moore and Sons and directing the Comptroller to pay said claim from account "Revenue Bond Fund for Claims, Miscellaneous, R. C. L.—11.")

The Secretary presented the following report of the Deputy and Acting Comptroller recommending the amendment of the resolution adopted November 20, 1914, by changing the account from which said claim shall be paid:

City of New York, Department of Finance, Comptroller's Office, November 27, 1914.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On November 20, 1914, you adopted a resolution, No. 62, approving a claim of William D. Moore, doing business as William D. Moore & Sons, for the sum of $2,609, pursuant to the provisions of Section 246 of the Charter, and directed the Comptroller to pay said sum from the account "Revenue Bond Fund for Claims, Miscellaneous, R. I therefore transmit herewith a proposed resolution amending said resolution No. 62 of November 20, 1914, so as to provide that said sum of $2,609 be paid from bond account "C. F. D. 28-G," and respectfully request its adoption.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Second (Debevoise) Avenue, Between Hoyt Street and Woolsey Avenue, Borough of Queens—Title to (Cal. No. 73).

The Secretary presented communications dated June 30 and August 17, 1914, from the Deputy and Acting Comptroller, and the President of the Borough of Queens, respectively, transmitting petitions signed by several property owners requesting that action be taken to release and surrender to the adjacent owners all the right, title and interest of the City in and to a strip of land on either side of Second Avenue; and the following report of the Chief Engineer of the Board:

Report No. 14172. November 28, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Deputy Comptroller, bearing date of June 30, 1914, and a communication from the President of the Borough of Queens, bearing date of August 17, 1914, presenting petitions from a large number of property owners requesting that the City release to them whatever interest in may have in strips of land 25 feet wide on each side of 2nd (Debevoise) Avenue, which have been abandoned for street purposes.

The petitioners call attention to the fact that 2nd Avenue was laid out upon the Long Island City map to have a width of 150 feet; that the section thereof between property lines distant about 150 feet west of Woolsey Avenue and about 350 feet east of Potter Avenue, on which their property abuts, was conveyed in fee to Long Island City for street purposes on September 1, 1892, by the Woolsey Estate; and that

under the provisions of Chapter 644 of the Laws of 1893 the street width was decreased to 100 feet, the map showing this change having been filed with the County Clerk on September 21, 1894.

A proceeding for acquiring title to 2nd Avenue (Debevoise Avenue), at a width of 100 feet from Jackson Avenue to Ditmars Avenue, was instituted by the City of New York on March 1, 1899, and was confirmed on February 11, 1907. In this proceeding, as well as in subsequent proceedings for the construction of sewers and for grading and paving improvements in 2nd Avenue, the abandoned strips have been assessed for benefit, and it appears from the tax rolls that they are assessed for taxation in connection with and as a part of the abutting property.

It is believed that a number of buildings encroach upon these parcels and it seems that the petitioners have been under the impression that as a result of the change in street plan the City's title in these strips reverted to the abutting owners. They state that they were obliged to purchase these parcels from the Woolsey Estate and their successors in title in order to obtain frontage on the street as improved, and that they have experienced difficulty in improving and disposing of their property because of the cloud upon their title resulting from the change in street width. In view of the fact that the City acquired these strips without expense they request the release of its right, title and interest without cost to the abutting owners.

The Borough President states that it is the present custom of the City in transferring titles of this character to make a charge of $101 in addition to a charge of $12.50, the latter being deemed to represent the cost of drawing the necessary papers in the transaction; that the petitioners all hold title from the Woolsey Estate and that there will be a minimum of work involved in these transfers; and that as the abutting owners have been required to pay large assessments for opening and improving the street, the charge of $101 might properly be remitted and they be required to pay only $12.50 for each deed delivered. He asks that after consideration by the Corporation Counsel the petition be transmitted to the Sinking Fund Commissioners for action.

I am advised by the Collector of Assessments and Arrears that unpaid taxes and assessments amounting to $7,348.41, as indicated by the accompanying bills, have accrued on these 25 foot strips, this amount in some cases including arrears of taxes on the abutting property.

I would recommend that the Corporation Counsel be requested to advise the Board whether all of the legal steps necessary have been taken to legally close and discontinue those portions of 2nd Avenue to which the petitions relate and as required to permit the City to release its title to the abutting owners. In case he is of the opinion that these formalities have been complied with, I would recommend that the matter be then referred to the Sinking Fund Commissioners with the suggestion that the transfer of whatever title the City has in these strips to the abutting owners be conditioned upon payment by them of all unpaid taxes and assessments and the cost of making the transfers. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Which matter was referred to the Corporation Counsel for advice as to the closing of Second Avenue.

East 162nd Street, Between Sheridan Avenue and Sherman Avenue, Borough of The Bronx—Petition to Enlarge Area of Assessment (Cal. No. 74).

The Secretary presented a petition, dated October 31, 1914, of William Waldorf Astor, through his attorney, requesting enlargement of the area of assessment heretofore fixed in this proceeding and the following report of the Chief Engineer of the Board:

Report No. 14170. November 27, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted the petition of William Waldorf Astor, through his attorney, Thomas C. Blake, bearing date of October 31, 1914, requesting an enlargement of the area of assessment heretofore fixed by the Board in the matter of the proceeding for acquiring title to East 162nd Street, between Sheridan Avenue and Sherman Avenue, Borough of The Bronx.

This proceeding was authorized by the Board of Estimate and Apportionment on May 29, 1913, and relates to one block of East 162nd Street which, as laid out upon the City Map, has a width of 60 feet. Under the terms of the resolution adopted by the Board, the entire expense has been placed upon property deemed benefited, this comprising the adjoining area to a depth of one-half block, together with a strip 100 feet wide in the adjoining blocks to the east and west. The rule and damage maps were approved on November 20, 1913, and the oaths of the Commissioners were filed on March 28th following. The maps show that the proceeding relates to an area of 12,447.42 square feet of unimproved property, or to about five city lots.

The preliminary report of the Commissioners of Estimate and Assessment as filed on October 1, 1914, shows that the total cost of the proceeding will be $22,096; that the petitioner is the owner of all of the land taken for the street, as well as the abutting area on each side within the limits of the block affected; and that the petitioner is to receive an award of $19,712, and is to be assessed the sum of $20,893.05, and that the remainder of the cost of the proceeding, or $1,202.95, will be placed upon other property in the area benefited.

The petitioner alleges that this proceeding was not requested by him but that it is being carried out at the request of owners of property not included in the district of assessment; that the street was laid out as a part of the plan for separating the business and pleasure traffic to and across the Concourse; and that the street is being acquired in order to secure a thoroughfare leading to the Concourse and not for the purpose of making provision for the development of the property fronting upon it. The petitioner therefore asks that the district of assessment be extended to include the property of all the petitioners for the opening proceeding and be made to extend from Park Avenue to the Concourse.

When this street was placed upon the City Map attention was called to the fact that while it would have the effect of providing a continuous thoroughfare to the Concourse, its use would be extremely limited, owing to the fact that it had been found necessary to give it a grade at the rate of over 7.5 per cent. It was assumed that its incorporation upon the plan was not for the purpose of providing an approach to the Concourse, but rather that it was an unessential incident to the revision of the street plans of the territory as a whole, and at the same time it was apparent that ample means of access to the Concourse had been provided for through the changes then made in the lines and grades of East 161st Street.

It would be manifestly impracticable to attempt to formulate an area of benefit in any proceeding conditioned upon the location of the property owned by petitioners, as an instance of which this particular case may be cited where a considerable portion of the area owned by those requesting the improvement would fall within the most remote portion of the area suggested by the present petitioner.

The area of assessment as heretofore fixed has been laid out in accordance with the rules generally observed by the Board in treating cases of this character, and includes all the property which receives substantial direct benefit. Any modification in the treatment would result in a departure from what has been the uniform practice in this respect and might develop a desire on the part of property owners to withhold single blocks from an opening proceeding affecting a considerable portion of a street in order that a large area of benefit might be established when the withheld section is acquired.

I am advised by the Bureau of Street Openings that the incidental expenses incurred in this proceeding up to November 14, 1914, are as follows:

Real Estate Expert	$200 00
Office expenses	579 82
Preparation of maps	87 56
Total	$867 38

From the facts submitted by the petitioner, it would appear that he is the owner of the majority of the land taken in this proceeding and assessed for benefit in connection therewith, from which it would appear that under the Charter provisions the proceeding could not be confirmed if an objection to it is presented by him to the Court. In cases similar to this it has been assumed that an owner would escape the expense of condemnation through the cession of his holdings within street lines, providing that he favored the carrying out of the plan under which his property was to be set aside for highway purposes. The failure to do so in this case and the presentation of the claim set up in the petition for relief would indicate that in this instance the petitioner was not in favor of the street, although its creation would have the effect of providing four desirable corners in place of what are now interior lots. If the advantage to be derived by reason of this change in character of the property is not of sufficient benefit to warrant the expense, it will have to be assumed that the petitioner will take advantage of his Charter privileges and prevent the confirmation of the proceeding. In this connection, however, it might be noted that the Board was not aware of the fact that all of this property was in one ownership at the time when the proceeding was authorized, and that no objection has heretofore been raised either to the laying out of the street or to the fixing of the area of assessment.

I would recommend that the petition be denied.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Mr. Thomas C. Blake, representing William Waldorf Astor, appeared in support of the petition.

The matter was referred to the Committee on Assessments.

Report No. 14181. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Real Estate Agent of the Long Island Railroad Company, bearing date of November 25, 1914, presenting a deed executed by the Long Island Railroad Company on November 13th, 1914, and a deed executed by the Stuyvesant Real Estate Company on November 23rd, 1914, conveying to the City of New York for street purposes certain lands within the lines of Archer Street, Middletown Street, Sutphin Road, Saba Place and Carll Street, in the Borough of Queens.

Under the terms of the agreement entered into with the Long Island Railroad Company on July 21st, 1911, relative to the elimination of grade crossings and to certain proposed improvements in the Main Line of the railroad between Woodside and Jamaica, the Railroad Company is obliged to cede portions of these stfeets to the City.

The deed executed by the Stuyvesant Real Estate Company provides for the conveyance of the greater portion of Archer Street, between Ezra Street and a line about 125 feet west of Roseville Avenue. The deed executed by the Long Island Railroad Company provides for the conveyance of Middletown Street, Sutphin Road and Saba Place, between Jamaica Avenue and Archer Street; of Carll Street, from Sutphin Road to the property line of the Long Island Railroad located about midway between Middletown Street and Vanderbilt Street; of Archer Street, between Sutphin Road and Saba Place; and of a strip comprising approximately the southerly half of Archer Street, between Van Wyck Avenue and the railfoad property line east of Vanderbilt Street.

On June 26th, 1914, the Board of Estimate and Apportionment authorized proceedings for acquiring title to Archer Street, from Van Wyck Avenue to Ezra Street. The remaining streets affected by the deeds have not yet been made the subject of opening proceedings.

Owing to the irregular boundaries of the land to be ceded the deeds have been so drawn as to require their acceptance under an agreement, as required by the provisions of Section 994 of the Charter. It has been the practice of the Board to authorize the Corporation Counsel to enter into such an agreement with the owners of land comprising one-half or more of the width of a street, under the terms of which its cession should have the effect of relieving the abutting property from assessment in opening proceedings, other than its proportionate share of the cost incurred in such a proceeding up to the date of the acceptance of the deeds and its proportionate share of awards for building damage.

In view of the existing contract with the Long Island Railroad Company it would appear that these deeds might properly be accepted as in partial fulfillment of its contract obligation, and I would recommend that the Corporation Counsel be authorized on behalf of the City to execute an agreement with the grantors relative to the acceptance of the deeds now presented, based on the performance of the contract of 1911 and upon payment of a nominal consideration.

It is also recommended that the attention of the Borough President be called to a slight discrepancy which exists between the lines of Archer Street as now laid out and the bounding lines of the parcel to be ceded in the block between Roseville Avenue and Ezra Street, and with which it is believed the street lines were intended to conform, and that he be requested to prepare a map as early as possible providing for a corresponding change in the lines of this street.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Mr. Herbert A. O'Brien appeared and urged the acceptance of the deeds.

The following was offered:

Whereas, under date of November 25, 1914, the real estate agent of the Long Island Railroad Company transmitted to the Board of Estimate and Apportionment a deed, executed by the Long Island Railroad Company on November 13, 1914, conveying to the City of New York for street purposes certain lands within the lines of Middletown Street, Sutphin Road and Saba Place, between Jamaica Avenue and Archer Street; of Carll Street, from Sutphin Road to the property line of the Long Island Railroad, located about midway between Middletown Street and Vanderbilt Street; Archer Street, between Sutphin Road and Saba Place, and of a strip comprising approximately the southerly half of Archer Street, between Van Wyck Avenue and the railroad property line east of Vanderbilt Street in the Borough of Queens, City of New York; and

Whereas the parcels of land described in the deed are irregular in shape, be it

Resolved by the Board of Estimate and Apportionment of the City of New York that the Corporation Counsel be and he hereby is authorized, on behalf of the City of New York, to execute an agreement with the grantors relative to the acceptance of the deed, based upon the payment of a nominal consideration and on the performance of the contract between the City of New York and the Long Island Railroad Company, entered into on July 21, 1911, relative to the elimination of grade crossings and to certain proposed improvements in the main line of the railroad, between Woodside and Jamaica.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond —16.

The deed of the Stuyvesant Real Estate Company was referred back to the Chief Engineer of the Board for further report.

Brinkerhoff Avenue, from Smith Street to Spangler Street; Spangler Street from Lambertville Avenue to Brinkerhoff Avenue; and Smith Street, from Brinkerhoff Avenue to Ulster Avenue, Borough of Queens—Vesting Title (Cal. No. 76).

The Secretary presented a report of the Chief Engineer on the request of the President of the Borough of Queens that the Board authorize the Corporation Counsel to apply for the appointment of Commissioners in the matter of the proceedings for acquiring title to Brinkerhoff avenue, Spangler street and Smith street upon the approval of the rule map; also that the Board adopt a resolution making provision for vesting title to these streets in the City upon the date of the filing of the oaths of the Commisioners.

(Engineer reports (14182) that December 4th has been fixed as the date for a public hearing concerning a district of assessment in the matter of a proceeding for acquiring title to these streets. The expedition of this proceeding as requested by the Borough President is desired in order to permit of the occupancy of the street for the construction of a trolley railroad. Before the railroad construction can be undertaken it will be necessary to advance the Lambertville avenue proceeding to such an extent as to permit of vesting title and also to grade both this street and Sutphin road. No Local Board resolution has yet been presented for the Lambertville avenue improvement.

It would appear that the vesting of title at this time would be premature, and, in the belief that damage maps can be quickly prepared, it is recommended that both requests be denied.)

Mr. Herbert A. O'Brien appeared and requested that the proceeding be adjourned.

The matter was laid over until December 23, 1914.

Amboy Road, Giffords (Crooks Crossing), Staten Island Railway, Borough of Richmond—Acceptance of Certificate of Performance of Work (Cal. No. 77).

The Secretary presented the following communications from the Public Service Commission in the matter of eliminating grade crossings of the tracks of the Staten Island Railway Company at Amboy Road, Giffords, Borough of Richmond, and report thereon by the Chief Engineer of the Board:

Public Service Commission, November 25, 1914.

JOSEPH HAAG, ESQ., *Secretary, Board of Estimate and Apportionment,* Municipal Building, New York City:

Dear Sir—On February 27, 1911, and on May 22, 1912, the Commission transmitted to the Board of Estimate and Apportionment, and served upon The City of New York, certified copies of Orders made by the Commission on February 24, 1911, and on May 21, 1912, determining and directing the method of eliminating the grade crossing of the tracks of the Staten Island Railway Company, known as Crooks Crossing, on the Amboy Road at Giffords, in Staten Island.

At a meeting on October 6, 1914, this Commission adopted a Resolution accepting the work and the elimination of this grade crossing and directing a hearing for an accounting. Pursuant to this Resolution an accounting was had, in which the Corporation Counsel and the Chief Engineer of the Board of Estimate and Apportionment participated.

I now transmit herewith a certified copy of a Resolution adopted by the Commission at a meeting on November 20, 1914, authorizing the issuance and filing with the Comptroller of The City of New York, of a certificate of the performance of the work and cost thereof.

A certificate will accordingly be filed with the Comptroller of The City of New York. It appears by these papers that the balance due to the Staten Island Railway Company from The City of New York as of December 1. 1914, including interest, is $23,973.77, but that, if payment be made later than December 1, 1914, the balance due to the Railway Company from the City will be $23,973.77 and interest on $21,318.99 from December 1, 1914, to the date of payment, at the rate of 6 per cent. per annum.

It is, therefore, necessary that prompt action be taken by the Board of Estimate and Apportionment to authorize the payment of the amount due to the Staten Island Railway Company. Very truly yours,

TRAVIS H. WHITNEY, Secretary.

At a stated meeting of the Public Service Commission for the First District, duly held at its office, Number 154 Nassau Street, in the Borough of Manhattan, City and State of New York, on the 20th day of November, 1914.

Present—Edward E. McCall, Chairman; J. Sergeant Cram, George V. S. Williams, Robert C. Wood, Commissioners.

Case No. 1272—Resolution Authorizing Certificate of Performance of Work.

In the matter of the hearing on the motion of the Commission on the question of alterations and changes of the following grade crossings of the tracks of the Staten Island Railway Company, Crooks Crossing on the Amboy Road at Giffords.

Whereas, a final order and determination was made herein on February 24, 1911, directing the elimination of the grade crossing above named and, after rehearing was, on May 21, 1912, amended in certain respects; and

Whereas, from time to time resolutions have been adopted by the Commission approving plans and bids for the work necessary to the elimination of the said grade crossing; and

Whereas, the Commission has been advised by its Chief Engineer by communication dated September 24, 1914, that the work of the elimination has been satisfactorily completed in accordance with the orders and resolutions of the Commission; and

Whereas, the Commission by resolution adopted October 6, 1914, accepted and approved the work and directed a hearing for an accounting by the Railway Company, the City of New York and the Public Service Commission for the First District to determine upon the amount expended by each with interest; and

Whereas, a hearing was held pursuant to said resolution on October 20, 1914, and November 17, 1914, before Honorable J. Sergeant Cram, Commissioner, Nicholas J. Kelly appearing of counsel for Staten Island Railway Company, Vincent Victory, Assistant Corporation Counsel, appearing for The City of New York; Ellerson Stout appearing for the Borough President of the Borough of Richmond, Arthur DuBois, Assistant Counsel, attending for the Commission, and the Staten Island Railway Company having submitted upon the said accounting a statement showing cost and division of the same, and the City of New York and the Public Service Commission for the First District having submitted verified statements showing their expenses made in connection with the said grade crossing elimination, and the said statements and accounts having been agreed to by all parties represented on the said accounting as containing a proper statement of railroad expenditures and a proper statement of expenditures by the City of New York by the Public Service Commission for the First District and a proper division of the said cost among the Railway Company, the City of New York and the State of New York, pursuant to provisions of the Railroad Law, having been set forth in the statement submitted by the Staten Island Railway Company; and

Whereas, it appears from the said accounting that the Staten Island Railway Company has expended on the necessary work of grade crossing elimination the sum of $93,117.65 and interest; that the City of New York, through the authorities of the Borough of Richmond, has expended on the necessary work of grade crossing elimination the sum of $509.69 and interest, and that the said City, through the Public Service Commission for the First District, has expended on said work the sum of $781.59 and interest; and that the State of New York, through the Public Service Commission for the First District has expended on said work in supervision the sum of $927.36 and interest; and details of all expenditures being shown in a report of the Chief Engineer of the Public Service Commission, dated November 12, 1914.

Now, therefore, it is

Resolved, that the Chairman and the Secretary of the Commission be and they hereby are authorized to execute and file with the Comptroller of the State of New York and with the Comptroller of the City of New York a certificate in the form attached hereto and made part hereof to the effect that the entire work of grade crossing elimination has been properly performed; that the total cost of the necessary work of elimination, exclusive of railroad betterment and including interest to December 1, 1914, was $101,447.73.

That of this total cost the Staten Island Railway Company expended $93,117.65 which, with interest to December 1, 1914, amounting to $5,966.32, totals $99,083.97.

That of said total cost the State of New York expended in supervision the sum of $927.36 which, with interest to December 1, 1914, amounting to $48.23, totals $975.59.

That of said total cost the City of New York expended $1,291.28 which, with interest to December 1, 1914, amounting to $96.89, totals $1,388.17.

That the balance due to the Staten Island Railway Company from the State of New York as of December 1, 1914, including interest, is equal to the difference between one-quarter of the total cost of the elimination ($25,361.94) and the amount expended by the State of New York with interest ($975.59) or $24,386.35; and that the balance due to the Staten Island Railway Company from the City of New York as of December 1, 1914, including interest, is equal to the difference between one-quarter of the total cost of the elimination ($25,361.94) and the amount expended by the City of New York with interest ($1,388.17) or $23,973.77.

Provided, however, that if payment from the State of New York to the Staten Island Railway Company be made later than December 1, 1914, the balance due to the said Railway Company from the State of New York shall be $24,386.35 and interest on $21,731.57 from December 1, 1914, to the date of payment at the rate of six per cent per annum (said sum of $21,731.57 being the net amount expended by the said Railway Company exclusive of interest, maintenance, and the percentage charged for use of tools, etc., and after deducting the expenditures made by the State of New York).

And, provided further, that if payment from the City of New York to the Staten Island Railway Company be made later than December 1, 1914, the balance due to the said Railway Company from the City of New York shall be $23,973.77 and interest on $21,318.99 from December 1, 1914, to the date of payment at the rate of six per cent per annum (said sum of $21,318.99 being the net amount expended by the said Railway Company exclusive of interest, maintenance, and the percentage charged for the use of tools, etc., and after deducting the expenditures made by the City of New York).

In the matter of the hearing on the motion of the Commission on the question of alterations and changes in the following grade crossing of the tracks of the Staten Island Railway Company: Crooks Crossing on the Amboy Road at Giffords.

Proceedings for the alteration of the above-named grade crossing have been instituted by the Commission by the adoption on September 9, 1910, of an order for a hearing, and notice of such hearing of more than ten days having been duly given to The City of New York and to the Staten Island Railway Company by service upon each of them of a copy of the order for hearing, and more than fourteen days' notice of the hearing having been given to persons interested by a publication of a notice of the said hearing in the "Staten Island World" and in the "Staten Islander," and notices of the said hearing having been duly posted in conspicuous places, one on each side of the railroad track upon or near the said street, for at least fourteen days prior to the hearing, and said hearing having been duly held before this Commission on October 10, 1910, December 15, 1910, December 21, 1910, December 23, 1910, and February 10, 1911, before Mr. Commissioner McCarroll, presiding; Vincent Victory, Esq., Assistant Corporation Counsel, appearing for The City of New York; Carl A. DeGersdorff, Esq., and R. H. Neilson, Esq., appearing for the Staten Island Railway Company; H. M. Ordered and Determined, That the existing grade crossing of the Amboy Road at Giffords by the Staten Island Railway Company, known as Crooks Crossing, shall be eliminated in the following manner:

(1) The grade of the Amboy Road at the point of intersection with the railroad tracks shall be raised to such an extent as is necessary to provide a clearance of sixteen feet six inches from the top of the rail of the present grade of the railroad tracks to the lowest member of the bridge.

(2) The bridge shall be constructed of steel, concrete or masonry or of a combination of these materials.

(3) The roadway approaching the crossing shall be constructed with a width of 30 feet and the highway bridge shall have a roadway width of 30 feet with two sidewalks, each 5 feet wide.

(4) The grades of the highway approaches shall not exceed 3 per cent.

(5) Nothing contained in this order shall prevent the railroad company from further depressing the railroad tracks at its own expense so as to obtain a clearance greater than sixteen feet six inches.

The details of construction of the bridge, approaches, embankments, retaining walls, street pavement and sidewalks shall be submitted to and shall be subjected to the approval of the Public Service Commission for the First District.

Further ordered and determined that this improvement be carried out in the manner provided by Sections 91 to 97 inclusive of the Railroad Law.

John E. Eustis, Commissioner, presiding; William J. Clark, Assistant Corporation Counsel, appearing for The City of New York, Carl A. BY THE COMMISSION, TRAVIS H. WHITNEY, Secretary.

Report No. 14157. November 20th, 1914.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—The Public Service Commission for the First District on November 20th issued a certificate for performance of the work and of the cost of elimination of the grade crossing of the tracks of the Staten Island Railway Company on the Amboy Road at Giffords, Borough of Richmond, this crossing being generally known as "Crooks" Crossing. This work has been carried out in accordance with an order and determination made by the Public Service Commission for the First District on February 24th, 1911, and amended on May 21st, 1912. In order that the alignment of the Amboy Road, which was very crooked at the old grade crossing, might be improved, the Board of Estimate and Apportionment adopted a map changing the lines and laying out this portion of the street at a width of 80 feet. The new crossing has been constructed, the railroad passing over the highway, the portion of the road between the abutments being paved with vitrified brick for a width of 40 feet and with cement sidewalks 5 feet in width on each side; a new bituminous macadam pavement 18 feet in width has been laid to connect with the brick pavement under the railroad bridge, this new bituminous macadam being carried to the points on either side where the old road coincides with the new.

The accounting, showing the cost of carrying out this improvement, has been carefully gone over by the Engineers of the Public Service Commission and by the Engineer of this Board. All items in the nature of betterment to the railroad were excluded in this accounting. Wherever practicable the work was done by contract, the abutments and the excavation of the Amboy Road having been done by the General Contracting and Engineering Company, the steel for the bridge having been furnished by the American Bridge Company, and the erection and the bridge flooring having been done by the Pittsburgh Construction Company. The raising of the railroad tracks was necessarily done by the railroad company itself, and a careful account of this expense has been kept. The relaying of a 16-inch water main was also done by the railroad company, the materials having been furnished by the Department of Water Supply, Gas and Electricity. The pavements and the sidewalk were laid under contract by P. Hart & Sons. A few items in the original bill of expenses submitted by the railroad company were eliminated, such as a charge for day and night watchmen, who were stationed at the detour which traffic was obliged to follow during the construction of the bridge, this charge being eliminated for the reason that watchmen at the old grade crossing were dispensed with during this period. There

was another small item for minor tools which was eliminated on the ground that the 10 per cent. allowed on labor and materials covered such items. The total cost of the completed structure, excluding all railroad betterment, but including interest on all payments made by the railroad company up to December 1st, 1914, the allowance of such interest being required by the railroad law, is made up as follows:

Cash expenditure by the railroad company	$93,117 65
Interest on expenditures from date made to December 1st, 1914	5,966 32
Expenditures by State of New York, through Public Service Commission, for supervision	927 36
Interest on above to December 1st, 1914	48 23
Expenditure by The City of New York for supervision	1,291 28
Interest on above to December 1st	96 89
	$101,447 73
Under the statute, the City is obliged to pay one-fourth of this expense, amounting to	$25,361 94
Deducting from this sum the expenditures already made by the City, with interest, amounting to	1,388 17
The net payment now due by the City to the railroad company is	$23,973 77

The certificate of the Commission provides that "should the payment from The City of New York to the Staten Island Railroad Company be made later than December 1st, 1914, the balance due to the said railroad company from The City of New York shall be $23,973.77, and interest on $21,318.99, from December 1st, 1914, to the date of payment, at the rate of 6 per cent. per annum (said sum of $21,318.99 being the net amount expended by the said railway company, exclusive of interest, maintenance and of percentage charges for the use of tools, etc., and after deducting the expenditures made by The City of New York)."

This provision for the payment of interest between December 1st and the time the City makes its payment seems equitable, and in order to provide for such slight delay as may occur, I would recommend that the Board authorize an issue of special revenue bonds to meet the City's share of the cost in the elimination of this crossing, in the sum of $24,100, this being $126.23 more than the certificate, which would cover the interest for one additional month. Only so much of this, however, will be paid as will represent the interest from December 1st to the date of payment.

I would recommend that the certificate of the Public Service Commission for the First District be accepted, that an issue of special revenue bonds in the sum of $24,100 be authorized, and that, subject to the audit of the Finance Department, the amount of the certificate be paid to the Staten Island Railroad Company.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Public Service Commission for the First District, pursuant to a resolution adopted by the Commission on November 20th, 1914, has issued a certificate dated November 20th, 1914, of performance of the work of eliminating the grade crossing of the Staten Island Railway Company over Amboy Road, at Giffords, in the Borough of Richmond, commonly known as Crooks Crossing, and determined therein that the balance due on such work to the Staten Island Railway Company from The City of New York is $23,973.77, including interest to December 1st, 1914, and that if payment from The City of New York to the Staten Island Railway Company be made later than December 1st, 1914, there shall be added to the above amount interest at 6 per cent. on the sum of $21,318.99, from December 1st, 1914, to the date of payment; be it

Resolved, That the Board of Estimate and Apportionment hereby accepts the said certificate and authorizes the Comptroller to pay the said sum of $23,973.77, and, in addition thereto, interest on the sum of $21,318.99 from December 1st, 1914, to the date of payment, such payments to be made from proceeds of special revenue bonds of The City of New York, authorized by subdivision 7, section 188, of the Greater New York Charter, the amount of such revenue bonds not to exceed the sum of $24,100.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Bureau of Contract Supervision.

President, Borough of Manhattan—Approval of Contracts, Plans, Specifications, Etc. (Cal. No. 78).

The Secretary presented a report of the Bureau of Contract Supervision in the matter of the request of the President of the Borough of Manhattan for the approval of the contract, specifications and plans for the improvement of market space under the Manhattan Bridge.

It is recommended that the request be returned for modification, as it was found by the Bureau that the submitted estimated cost, $16,000, is too small, owing to errors in computations and further that the specifications contain contradictions.

The Secretary was directed to return the contract, specifications and plans for the improvement to the President of the Borough of Manhattan.

Department of Education—Approval of Form of Contract, Plans, Specifications, Etc. (Cal. No. 79).

The Secretary presented a communication dated November 6, 1914, from the Board of Education, requesting approval of form of contract, plans, specifications, etc., for the construction of sanitary work, electric work and ventilation in Public School 109, Manhattan; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 25, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 7, 1914, you referred to the Bureau of Contract Supervision a communication from the Board of Education dated November 6, 1914, requesting approval of the form of contract, specifications, plans and estimates of cost for the following:

Workshop in Cellar at Public School 109, *Borough of Manhattan.*

	Estimated Cost.
Item 1, Construction and Sanitary Work	$2,790 00
Item 2, Ventilation	1,000 00
Item 3, Electrical work	450 00
Total	$4,240 00

The cost is to be charged to the Corporate Stock Fund entitled "C.D.E—11, School Building Fund, Boroughs of Manhattan and The Bronx." On November 23, 1914, a cash balance of $22,619.95 remained in the fund.

The form of contract, specifications and plans are satisfactory. The estimates of cost are reasonable.

This building, which is not provided with a workshop, is located in a very thickly populated neighborhood. The workshop is needed for vocational training and for the evening school. No alterations or replacements are to be made to the building.

I recommend the adoption of the attached resolution granting the request.

Respectfully, TILDEN ADAMSON, Director.

Department of Education—Approval of Increased Estimate of Cost (Cal. No. 80).

(On October 30, 1914 (Cal. No. 22), the Board adopted a resolution approving an estimate of cost of $12,000.)

The Secretary presented a communication dated November 10, 1914, from the Secretary, Board of Education, requesting approval of a new estimate of cost in the sum of $12,428, for installing electric equipment in new Public School No. 178, Borough of Brooklyn; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 19, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 13, 1914, your Board referred to the Bureau of Contract Supervision a communication from the Board of Education, dated November 10, 1914, requesting approval of a new estimate of cost in the sum of $12,428 for installing electric equipment in new Public School 178, Borough of Brooklyn.

On October 30, 1914, the Board of Estimate and Apportionment approved the estimated cost for this work at $12,000 with provision for a reconsideration.

Bids for the work were opened by the Board of Education on November 9, 1914. The lowest of seven bids received was that of Jandous Electric Equipment Company for the sum of $12,428. The amount of this bid is reasonable.

It is desirable that the contract be awarded so that the work proceed immediately, in order to avoid additional expense of cutting out finished work of construction, which is rapidly advancing.

There is a sufficient balance in the appropriate fund to pay the increased cost.

I recommend the adoption of the attached resolution granting the request.

Respectfully, TILDEN ADAMSON, Director.

The Secretary presented a communication dated November 21, 1914, from the President of the Borough of Queens, requesting the approval of a change in plans incident to the modification of a contract with the Watson Mfg. Co., for all the labor and materials required to install fireproof metal filing cases and document files in the building occupied by the County Clerk and Surrogate of the County of Queens, situated at Jamaica, at an additional estimated cost of $796.87; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportioment, Municipal Building, Bureau of Contract Supervision, December 1, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication to the Bureau of Contract Supervision, under date of November 21, 1914, the President of the Borough of Queens requested the approval of a change in plans incident to the modification of a contract (No. 38035) with the Watson Manufacturing Company for all the labor and materials required to install fireproof metal filing cases and document files in the building occupied by the County Clerk and Surrogate of the County of Queens, situated at Jamaica.

The change is necessary to make possible the filing of old maps which by a recent order of the Supreme Court must be preserved. This makes necessary a horizontal filing system whereby the maps can be laid flat instead of in rolls, as would be the case if they are built as contracted for.

It is estimated that the proposed change in plan will cost $796.87, to be paid from the corporate stock fund of $100,000 authorized by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911, entitled "C. P. Q.—2E, Construction and Equipment of Fireproof Record Building for Surrogate and County Clerk of Queens County." On November 31, 1914, there remained in the fund an unencumbered balance of $10,535.64.

As the proposed changes in plan does not materially affect the contract, the estimate of cost being reasonable, I recommend that the request be granted.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the change in plan for fireproof metal filing cases and document files in the building occupied by the County Clerk and Surrogate of the County of Queens, situated at Jamaica, under the jurisdiction of the President, Borough of Queens, by omitting cases designated Nos. 57, 78, 80 and 81 on the original contract plans, and substituting therefor alternate cases Nos. 57, 78, 80 and 81, at an estimated cost of seven hundred and ninety-six dollars and eighty-seven cents ($796.87), for the additional work made necessary by the change, the cost to be charged to the corporate stock fund entitled "C. P. Q.—2E, Construction and Equipment of Fireproof Record, Building for Surrogate and County Clerk of Queens County."

Resolved, That if no bids are received for such work within such estimated costs, the amount of such estimated costs upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment; provided that any of said bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Department of Water Supply, Gas and Electricity—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 91).

The Secretary presented a communication, dated July 14, 1914, from the Commissioner of Water Supply, Gas and Electricity, requesting approval of the form of contract, plans, specifications, etc., for dismantling one boiler in the Whitestone Pumping Station and transporting to and re-erecting it at the Flushing Pumping Station at an estimated cost of $3,800; and the following report of the Bureau of Contract Supervision recommending that the request be returned to the Commissioner of Water Supply, Gas and Electricity, with the suggestion that he make every effort to provide for the cost of the work out of Tax Budget fund:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 18, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On July 15, 1914, you referred to the Bureau of Contract Supervision a communication dated July 14, 1914, from the Commissioner of Water Supply, Gas and Electricity asking approval of the form of contract, plans, specifications and estimate of cost in the amount of $3,800 for dismantling one boiler now in the Whitestone Pumping Station, transporting it to the Flushing Pumping Station, re-erecting it complete in place with foundations and all other appurtenances.

The cost of this work is to be charged to the corporate stock fund "C. D. W. 14B, Water Fund, Borough of Queens, Installation of Wells and Machinery at Flushing Pumping Station," for which $40,000 was authorized by the Board of Estimate and Apportionment on July 2, 1909, and concurred in by the Board of Aldermen on July 13, 1909, in which there is an unencumbered balance of $37,238.95.

There is no doubt as to the need of an additional boiler at the Flushing Pumping Station, nor is there any doubt as to the advisability of supplying that need by the removal of the boiler now in the Whitestone Pumping Station; but, inasmuch as the Flushing Pumping Station will be discontinued for all time with the advent of the Catskill water, there is a doubt as to the advisability of paying for such removal of a boiler out of a corporate stock fund. The matter was taken up with the Water Commissioner at the time the request was submitted and he concurred in the opinion of this bureau, that the expenditure of corporate stock funds for such a purpose was at least questionable, and at his request action was deferred.

I recommend that the request be returned to the Commissioner, with the suggestion that he make every effort to provide for the work out of tax budget funds.

Respectfully, TILDEN ADAMSON, Director.

The report was ordered on file, and the Secretary directed to return the request, together with a copy of the said report to the Commissioner of Water Supply, Gas and Electricity.

Department of Water Supply, Gas and Electricity—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 92).

The Secretary presented a communication dated October 9, 1914, from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity, requesting the approval of form of contract, specifications and estimate of cost for furnishing, delivering, unloading, stacking and storing double nozzle fire hydrants at an estimated cost of $12,500; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 18, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On October 10, 1914, you referred to the Bureau of Contract Supervision a communication dated October 9, 1914, from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity, requesting the approval of form of contract, specifications and estimate of cost in the amount of $12,500 for furnishing, delivering, unloading, stacking and storing double nozzle fire hydrants.

The cost is to be charged to the corporate stock fund "C. D. W.—36H, Additional Hydrants, Manhattan and The Bronx," for which $160,000 was authorized by the Board of Estimate and Apportionment on June 26, 1913, and concurred in by the Board of Aldermen July 10, 1913, in which there is an unencumbered balance of $33,499.40.

It is proposed to purchase under this contract five hundred double nozzle fire hydrants of standard type, to be used for replacing defective hydrants of an obsolete type, broken hydrants, where necessary, and at new and additional locations upon existing mains and extensions.

The specifications as submitted are complete and definite, and the estimate of cost reasonable.

I recommend the adoption of the attached resolution approving the request.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost in the amount of twelve thousand five hundred dollars ($12,500), for furnishing, delivering, unloading, stacking and storing double nozzle fire hydrants for the Department of Water Supply, Gas and Electricity, the cost to be charged to the corporate stock fund entitled "C. D. W.—36H, Additional Hydrants, Manhattan and The Bronx."

If no bids are received for such work within such estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment, or any official acting in its behalf, provided any of said bids is within the amount authorized or available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Department of Parks, Borough of The Bronx—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 93).

(On September 21, 1914 (Cal. No. 77), a communication from the Northwestern Bronx Property Owners Association urging approval of this matter was referred to the Committee on Corporate Stock Budget.)

The Secretary presented a communication, dated July 27, 1914, from the Commissioner of Parks, Borough of The Bronx, requesting approval of the form of contract, plans, specifications, etc., for filling in the swamp lands in the southwest corner of Van Cortlandt Park, Borough of The Bronx, at an estimated cost or $25,000; and the following report of the Bureau of Contract Supervision recommending approval thereof at an estimated cost of $20,000:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 19, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On July 28, 1914, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Parks, Borough of The Bronx, dated July 27, 1914, requesting approval of the form of contract, plans, specifications and estimate of cost in the sum of $25,000 for filling in the swamp lands in the southwest corner of Van Cortlandt Park, Borough of The Bronx.

The estimate of cost submitted includes the cost of engineering and inspection. The estimate of cost of the construction work is stated to be $20,000.

The plans and specifications provide for furnishing and spreading 40,000 cubic yards of fill on the swamp lands in Van Cortlandt Park, lying between 240th and 242d Streets, Broadway and the Putnam Division of the New York Central and Hudson River Railroad. The purpose of placing the fill is to eliminate the mosquito breeding nuisance, protests against the continuance of which have been made at various times to the Board of Estimate and Apportionment and the Comptroller by property owners of the Riverdale sections of The Bronx, by the Northwestern Bronx Property Owners Association and by J. Clarence Davies. Owners of private property in the neighborhood have been compelled by the Board of Health to fill their lands where conditions are similar to the swamp lands complained of in Van Cortlandt Park.

I believe that the conditions complained of should be eliminated before the next summer season sets in.

The form of contract, plans and specifications are satisfactory. The estimate of cost is reasonable.

The cost of the work is to be charged to the corporate stock fund entitled, "C.D.P. 305 H, Filling in the Swamp Lands in Southerly Portion of Van Cortlandt Park," for which $25,000 was authorized by the Board of Estimate and Apportionment on January 9, 1914, and concurred in by the Board of Aldermen on January 27, 1914. On November 17, 1914, an unencumbered balance of $24,658.15 remained in the fund.

I recommend the adoption of the attached resolution approving the request at an estimated cost of $20,000.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the resolution adopted on July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of twenty thousand dollars ($20,000), for filling in the swamp lands in the southwest corner of Van Cortlandt Park, Borough of The Bronx under the jurisdiction of the Department of Parks, Borough of The Bronx, the cost of the work to be charged to the corporate stock fund entitled, "C.D.P. 305 H, Filling in the Swamp Lands in Southerly Portion of Van Cortlandt Park," and be it further

Resolved, That, if no bids are received for such work within such estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or any official designated by the Board, provided that any of such bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary was directed to send a copy of the report of the Bureau of Contract Supervision to the Northwestern Bronx Property Owners' Association.

Department of Docks and Ferries—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 94).

The Secretary presented a communication dated November 14, 1914, from the Commissioner of Docks, requesting that a resolution adopted by this Board on October 23, 1914, approving the form of contract, specifications and estimate of cost for furnishing and delivering cement, sand and broken stone be amended by adding the word "limestone" to Item 3, thus making Item 3 read "broken stone (1½ inch), granite, syenite, trap-rock or limestone"; also requesting that the estimated cost be reduced to $5,400; and the following report of the Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 21, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On November 19, 1914, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Docks dated November 14, 1914, requesting that a resolution adopted by your Board on October 23, 1914, approving the form of contract, specifications and estimate of cost, for furnishing and delivering cement, sand and broken stone under Cotnract No. 1437, Items 1, 2 and 3, respectively, be amended on the schedule included in the contract, by adding the word "lime-stone" to Item 3, thus making Item 3 read "broken stone (1½-in.), granite, syenite, trap-rock or lime-stone." Request is also made to reduce the estimated cost of this item to ninety cents per cubic yard.

In the resolution adopted on October 23, 1914, the estimate of cost for Item 3 was approved at $6,300 for 6,000 cubic yards of broken stone, or at the rate of $1.05 per cubic yard.

The new estimate of cost, ninety cents per cubic yard, reduces the total estimate for Item 3 from $6,300, as originally approved, to $5,400.

The broken stone is to be used principally as aggregate in the construction of concrete blocks for sea wall, for which purpose broken limestone is considered suitable by engineers of the Department of Docks and Ferries and of the Bureau of Contract Supervision.

An estimated saving of $900 is effected by the change.

I recommend the adoption of the attached resolution granting the request.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the form of contract, No. 1437, Department of Docks and Ferries, for furnishing and delivering cement, sand and broken stone, as approved on October 23, 1914, be and the same is hereby *amended* by adding the word "limestone" to Item 3, thus making Item 3 read "broken stone (1½-in.), granite, syenite, trap-rock or limestone," and be it further

Resolved, That the portion of the resolution adopted by the Board of Estimate and Apportionment on October 23, 1914, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the resolution adopted on July 11, 1912, hereby approves the specifications, as amended, form of contract and estimates of cost for furnishing and delivering cement, sand and broken stone for the use of the Department of Docks and Ferries, as follows:

"Item 1—Furnishing and delivering 34,000 bags of Portland cement at an estimated cost in the sum of thirteen thousand four hundred and thirty dollars ($13,430).

"Item 2—Furnishing and delivering 2,500 cubic yards of sand at an estimate of cost in the sum of one thousand three hundred and seventy-five dollars ($1,375).

"*Item* 3—Furnishing and delivering 6,000 cubic yards of 1½-inch broken stone at an estimate of cost in the sum of *six thousand three hundred dollars* ($6,300),

"—the cost to be charged to the corporate stock fund entitled 'CDD, 27, Supplies, Etc., for Construction and Improvement of Docks.'"

—be *amended* by making the estimate of cost for *Item* 3 read "*five thousand four hundred dollars* ($5,400)."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Bellevue and Allied Hospitals—Approval of Contract, Specifications, Etc. (Cal. No. 95).

The Secretary presented a communication dated June 3, 1914, from Bellevue and Allied Hospitals, requesting approval of a form of contract and specifications for the furnishing of Pavilions I, K, L and M of the New Bellevue Hospital; and the following report of the Bureau of Contract Supervision, recommending approval thereof at an estimated cost of $75,222.22:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, December 1, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June, 1914, there was referred to the Bureau of Contract Supervision a communication from Bellevue and Allied Hospitals, dated June 3, 1914, requesting approval of a form of contract and specifications for the furnishings of pavilions I, K, L and M of the New Bellevue Hospital.

The specifications were also submitted to the Committee on Standardization of Supplies, who after considerable revision approved them on October 20, 1914.

The revised specifications have been carefully examined by the Bureau of Contract Supervision as to the necessity of the quantities of supplies and equipment specified. An examination of the buildings has been made and after consultation with Dr. Goldwater and the authorities in Mt. Sinai Hospital, it would appear, that (with the exception of item No. 101, which is an error), the quantities have been carefully estimated, and should be approved.

Item No. 101 should be changed to read as follows:

"101, Spreads, 82 inches by 90 inches

L & M	I & K	Total.
1,115	883	1,998"

This change would result in a saving of about $986.

The form of contract was approved by the Corporation Counsel on October 22, 1914. The contract was advertised and bids were opened November 6, 1914. The lowest bids received in each class, for the entire contract for Pavilions I and K aggregated $46,644.86, and for Pavilions L and M, $28,563.36, a total of $76,208.22. The correction above mentioned had not been made before these bids were received.

The cost for Pavilions I and K is to be charged to the corporate stock fund entitled "C. B. H—10F, Bellevue and Allied Hospitals, New Bellevue Hospital Construction of Pavilions I and K," and for Pavilions L and M to corporate stock fund "C. B. H—10, Bellevue and Allied Hospitals, New Bellevue Hospital, Construction of Pavilions L and M."

An appropriation of $1,750,000 was approved by the Board of Estimate and Apportionment on July 17, 1911, for the fund "C. B. H.—10F," and concurred in by the Board of Aldermen on July 25, 1911. An appropriation of $500,000 was approved by the Board of Estimate and Apportionment June 3, 1910, for the fund "C. B. H.—10" and concurred in by the Board of Aldermen June 28, 1910. On November 30, 1914, there were unencumbered balances of $119,742.19 in the fund "C. B. H.—10F" and $120,772.37 in the fund "C. B. H.—10."

The bids are reasonable and the contract and specifications, with the correction above noted should be approved

I recommend the adoption of the attached resolution granting the request, except as noted.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolutions adopted on July 11, 1912, hereby approves the form of contract, specifications and estimate of cost for furnishings for the Surgical Buildings of the New Bellevue Hospital, New York, under the jurisdiction of the Bellevue and Allied Hospitals:

Pavilions I and K	$46,829 86
Pavilions L and M	28,392 36

—the cost to be charged to the corporate stock funds entitled "C. B. H.—10F, Bellevue and Allied Hospitals, New Bellevue Hospital, Construction of Pavilions I and K" and "C. B. H.—10, Bellevue and Allied Hospitals, New Bellevue Hospital, Construction of Pavilions L and M," and be it further

Resolved, That if no bids are received for such work within such estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment or by any official designated by the Board, provided that any of such bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Department of Health—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 96).

The Secretary presented a communication, dated September 8, 1914, from the Secretary of the Department of Health, requesting the approval of the form of contract, plans, specifications, etc., for furnishing and installing an electric lighting and signal system, heating and ventilating system and an auxiliary steam pump in the sewage disposal plant on the grounds of the Kingston Avenue Hospital, Borough of Brooklyn, at an estimated cost of $4,000; and the following report of the Bureau of Contract Supervision recommending approval thereof at an estimated cost of $2,250:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, December 1, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 9, 1914, you referred to the Bureau of Contract Supervision a communication from the Secretary of the Department of Health, dated September 8, 1914, requesting the approval of form of contract, plans, specifications and estimate of cost in the sum of $4,000 for furnishing and installing an electric lighting and signal system, heating and ventilating system and an auxilliary steam pump in the sewerage disposal plant on the grounds of the Kingston Avenue Hospital, Borough of Brooklyn.

The cost is to be paid partly from tax levy account "Code 1874-1915," and partly from a corporate stock fund of $25,000 authorized by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911, entitled "C. D. H. 5B, Department of Health, Kingston Avenue Hospital—Construction of Sewer Lines." On November 30, 1914, there remained an unencumbered balance in the corporate stock fund entitled "C. D. H. 5B," of $4,262.52.

The form of contract and the general clauses in the specifications are standard as approved by the Corporation Counsel.

This pumping station is at present equipped with three electric motor-driven pumps which operate automatically. Owing to the method of transmission of electric current in that district of the City by "high tension" *pole* lines, the supply of current is not dependable. During the past six months the motor-driven pumps failed on two occasions, allowing the chamber to fill with sewerage and damaging electrical apparatus. The installation of the proposed auxilliary steam pump and signal system will insure continuity of service and safeguard against damage.

The Bureau of Contract Supervision, after study of the plans, specifications and requirements, eliminated a large part of the work originally planned as not being necessary. This change was made with the approval of the architect who modified the original plans and specifications.

The steam pump which is to be used is one formerly used by the Department for other purposes and now on the grounds. It will cost about $350 to place this pump in good condition. As this is a repair item, it is properly chargeable to a tax levy account.

Owing to the modification of the specifications, the original estimate of cost submitted, $4,000 is high. A detailed estimate based on current market prices and trade conditions would indicate that the cost should not exceed $2,250.

I recommend the adoption of the attached resolution approving the form of contract, plans, specifications and estimate of cost in the sum of $2,250.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of proposed contract, specifications and estimate of cost in the sum of two thousand two hundred and fifty dollars ($2,250) for furnishing and installing electric lighting and signal system, heating and ventilating system and an auxilliary steam pump in the sewerage disposal chamber on the grounds of the Kingston Avenue Hospital, Borough of Brooklyn, under the jurisdiction of the Department of Health, the cost to be charged to the extent of three hundred and fifty dollars ($350) to the tax levy account Code 1874-1915, and to the extent of one thousand nine hundred dollars ($1,900) to the corporate stock fund entitled "C. D. H.—5B, Department of Health, Kingston Avenue Hospital, Construction of Sewer Lines," provided, however, if no bids are received for such work within the estimated cost the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or any official designated by said Board, provided that any of the said bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Board of Inebriety—Approval of Contract, Plans, Specifications, Etc. (Cal. No. 97).

The Secretary presented a communication from the Board of Inebriety, dated October 20, 1914, requesting the approval of the form of contract, specifications, plans, etc., for the erection of a shack at Warwick, New York, at an estimated cost of $7,000; and the following report of the Bureau of Contract Supervision recommending approval thereof at an estimated cost of $6,500:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On October 23, 1914, you referred to the Bureau of Contract Supervision a communication from the Board of Inebriety, dated October 20, 1914, requesting approval of the form of contract, specifications, plans and estimate of cost, $7,000, for the erection of a temporary shack at Warwick, New York.

The cost is to be charged to the corporate stock fund entitled "C. C. M.—15B, Board of Inebriety, Erection of a Temporary Building." An appropriation of $7,000 for the erection and equipment of a temporary building, including an artesian well, was approved for this fund by the Board of Estimate and Apportionment on August 27, 1914, and concurred in by the Board of Aldermen on October 6, 1914. On November 17, 1914, there had been no expenditure from the fund.

On November 10, 1914, the Board of Aldermen adopted a resolution permitting the award of the contract for this work without public letting, so that the construction of the building could proceed without delay.

The form of contract, specifications and estimate of cost have been amended by the Board of Inebriety at the request of the Bureau of Contract Supervision and the work has been separated into three contracts as follows:

General Construction	$5,700 00
Plumbing	500 00
Heating	300 00
Total estimated cost	$6,500 00

The amended form of contract and specifications and the plans submitted are satisfactory.

The amended estimates of cost are reasonable. This building is necessary at the present time in order to provide a dormitory for the patients under care of the Board of Inebriety. The building is to be of frame construction, and while termed "temporary" will be substantial enough to last for a long term of years.

I recommend the adoption of the attached resolution granting the request.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract and specifications as amended, the plans and the amended estimates of cost for the erection of a temporary shack at Warwick, New York, under the jurisdiction of the Board of Inebriety, as follows:

General Construction, estimated cost, five thousand seven hundred dollars ($5,700).

Plumbing, estimated cost, five hundred dollars ($500).

Heating, estimated cost, three hundred dollars ($300).

—the cost to be charged to the corporate stock fund entitled "C.C.M. 15B, Board of Inebriety, Erection of a Temporary Building," and be is further

Resolved, That in the event that the aggregate sum of the lowest bids received for the three items is equal to or less than the aggregate sum of the three items herein approved (although the amount of the lowest bid for one or more items may exceed the amount approved for said item or items), then the awards for the three items, provided all are awarded, may be made without further approval by the Board of Estimate and Apportionment, and be it further

Resolved, That in the event that the aggregate sum of the lowest bids received for the three items exceeds the aggregate sum of the three items herein approved, no award for any item shall be made and the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, or by any official designated by the Board, provided that any of such bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Bureau of Franchises.

New York Dock Railway (Cal. No. 98).

The Secretary presented the following:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of New York Dock Railway hereby respectfully shows to your Honorable Body and alleges:

First—That your petitioner is a domestic stock corporation organized and existing under and pursuant to the Railroad Law of the State of New York, and that on or about the 25th day of July, 1912, a franchise contract was entered into between the City of New York and your petitioner, a copy of which is hereto annexed and made part of this petition and marked "Exhibit A." That in Article Twenty-seventh of said agreement it was provided as follows:

"Twenty-seventh—The Company hereby agrees that it will not institute any proceedings to acquire by condemnation any land, property, appurtenances or rights pursuant to any law unless and until permitted to do so by resolution of the Board. Otherwise this grant shall cease and determine."

Second—The part of the railroad operated by your petitioner is located in and upon property in the Borough of Brooklyn, City of New York, at or near the foot of Montague Street so-called, which your petitioner is informed and believes is not a public street but is private property owned in fee by John J. Pierrepont individually and as Trustee under the Last Will and Testament of Henry E. Pierrepont, deceased. That your petitioner has a right of way across the said property near the foot of Montague Street so-called, upon which it has constructed and is now maintaining and operating a single track which connects the tracks of your petitioner lying north of said Montague Street so-called with the tracks of your petitioner lying south thereof, and that unless said right of way is maintained and preserved and continued to be maintained, preserved and operated by your petitioner, your petitioner's railway will be separated and cut into two disconnected parts. That its right of way across the foot of Montague Street so-called has been by a month to month lease from the said John J. Pierrepont individually and as Trustee under the said Will of Henry E. Pierrepont, deceased, and that the said owner of said fee has expressed the intention to terminate said lease and the rights of your petitioner to cross said property on the 1st day of December, 1914, and to repossess himself of said property on said date. In order, therefore, to maintain the legal route and property of your petitioner and to perform its functions as a common carrier under the laws of the State of New York aforesaid, it is necessary that your petitioner shall acquire a right of way for crossing the said strip of land, being Montague Street so-called at the location where its track as aforesaid is now crossing and is maintained and operated as a part of your petitioner's legal route. Annexed hereto and made a part of this petition is a map of a portion of your petitioner's said railway showing the location of its tracks upon said Montague Street so-called and the adjacent part of its route.

Wherefore your petitioner prays that your Honorable Body will by resolution grant permission to your petitioner to institute proceedings under the Condemnation Law for acquiring property across the foot of Montague Street so-called upon which to maintain and operate its railroad.

Sworn to before me this 25th day of November, 1914. W. J. HODGNERS, Notary Public, Kings County, Cert. filed in N. Y. County.

Bureau of Franchises, November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of Board of Estimate and Apportionment:*

Sir—The New York Dock Railway received a franchise from The City of New York by contract dated July 25, 1912, to cross certain streets in the Borough of Brooklyn adjacent to the water-front. It operates the remainder of its railway upon private property. It appears that Montague Street, from Furman Street west to the water-front, has not been acquired by The City of New York and that the New York Dock Railway, which operates a single track across this property has done so by means of a month-to-month lease from John J. Pierrepont and others, which lease the Company has been advised would be terminated December 1, 1914.

The franchise granted provides that the Company shall not institute any proceedings to acquire by condemnation any land, property, appurtenances or rights, pursuant to any law, unless and until permitted so to do by resolution of the Board of Estimate and Apportionment. The Company has therefore, in order to maintain an uninterrupted service, petitioned the Board under date of November 25, 1914, for its consent to the institution of condemnation proceedings to acquire a right of way across the said property laid out as Montague Street for the purpose of maintaining and operating its railway.

Before passing upon this application, it would appear that the Board should hear from four branches of the State and City government, which are interested:

First—The Public Service Commission for the First District, which proposes to construct a tunnel under Montague Street as one of the rapid transit railways, and is about to start condemnation proceedings.

Second—The Law Department, whose Bureau of Street Openings has, under authority of the Board of Estimate and Apportionment, started a proceeding to acquire title to Montague Street from a point near Hicks Street to the East River.

Third—The Port and Terminal Committee of the Board of Estimate and Apportionment, whose plans for a marginal railway have been approved by the Board and under which it is proposed to co-ordinate all railroads along the water-front into one unified system, and

Fourth—The President of the Borough of Brooklyn who will, after this street has been acquired, have jurisdiction over the same.

I would therefore propose that copies of the petition be transmitted to each of the above with a request to advise the Board whether there are any objections to the granting of the same, and if so, to advise the Board at as early a date as possible.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The petition was referred to the Bureau of Franchises and copies of same were directed to be forwarded to the Public Service Commission for the First District, the Law Department, the Committee on Port and Terminal Facilities and the President of the Borough of Brooklyn, with the request that they advise the Board if they have any objections to the granting of the same.

LOCAL IMPROVEMENTS.

Preliminary Authorization.

Borough of Manhattan.

Liberty Street, from Broadway to Nassau Street, Borough of Manhattan—Alteration and Improvement to Sewer; Approval of Drainage Plan for Sewer (Cal. No. 101).

The Secretary presented a resolution adopted on October 20, 1914, by the Local Board of the Greenwich District, Borough of Manhattan, initiating proceedings for this improvement; communication from the President of the Borough of Manhattan requesting approval of sewer plan; and the following report of the Chief Engineer of the Board:

Report No. 14179. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Greenwich District, Borough of Manhattan, adopted on October 20, 1914, initiating proceedings for constructing an alteration and improvement to the sewer in Liberty Street from Nassau Street to Broadway. There is also transmitted a communication from the Borough President bearing date of November 25 last, requesting the approval of a map under which this sewer will be incorporated upon the City Drainage Plan.

This resolution affects two blocks or about 300 feet of Liberty Street, title to which has been legally acquired. The street is paved and the abutting property is fully built up. The outlet sewer is provided.

In the communication of November 25th above referred to the Borough President advises that the existing sewer, which seems to have been built in 1846, is in a dangerous condition of disrepair. He states that a portion of the crown is supported by temporary shoring, and intimates that the complete reconstruction of the sewer is urgent. Under these conditions he requests that the preliminary authorization be granted at an early date.

The work is estimated to cost about $9,000, and the assessed valuation of the property to be benefited is reported to be $11,125,000.

From the statement made by the Borough President it would appear that the reconstruction of the Liberty Street sewer should be immediately undertaken, and the matter is placed on the calendar at his request. I am unable, however, to recommend favorable consideration for the reason that the Borough of Manhattan has exceeded the limitation placed on outstanding preliminaries under the allotment contemplated by the resolution of July 30, 1914, as interpreted by your Engineer in a report submitted at the meeting of September 25th last.

The amendatory plan shows that it is proposed to construct a 4 ft. by 2 ft. 8 in. egg-shaped sewer, and to install two additional receiving basins on the northerly side of the street. The capacity indicated is considerably greater than will be required by the local needs, but it is understood that the size has been determined upon not only to facilitate inspection, but also to provide facilities for the removal of snow. Under these conditions the plan appears to be a proper one, and its approval is recommended.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the modified drainage plan for Sewerage District No. 22—BN, Borough of Manhattan, showing the location, sizes and grades of a sewer in Liberty Street, between Nassau Street and Broadway; bearing the signature of the President of the Borough and dated November 14, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

—

The following was offered:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Greenwich District, duly adopted by said Board on the 20th day of October, 1914, and approved by the President of the Borough of Manhattan on the 21st day of October, 1914, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct alteration and improvement to sewer in Liberty Street, between Nassau Street and Broadway."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, hat he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Wall Street, from Broadway to William Street, Borough of Manhattan—Alteration and Improvement to Sewer; Approval of Drainage Plan for This Sewer (Cal. No. 102).

The Secretary presented a resolution adopted on October 20, 1914, by the Local Board of the Greenwich District, Borough of Manhattan, initiating proceedings for this improvement; communication from the President of the Borough of Manhattan, requesting approval of sewer plan; and the following report of the Chief Engineer of the Board:

Report No. 14180. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Greenwich District, Borough of Manhattan, adopted on October 20, 1914, initiating proceedings for constructing an alteration and improvement to the sewer in Wall Street from Broadway to William Street. There is also transmitted a communication from the Borough President bearing date of November 25 last, requesting the approval of a map under which this sewer will be incorporated upon the City drainage plan.

This resolution affects three blocks or about 600 feet of Wall Street, title to which has been legally acquired. The street is paved and the abutting property is fully built up. The outlet sewer is provided.

In the communication of November 25th above referred to, the Borough President advises that the existing sewer, which was built in 1848, is in a dangerous condition of disrepair, being distorted to such an extent that sections may collapse at any time. Under these conditions he requests that the preliminary authorization be granted at an early date.

The work is estimated to cost about $15,200, and the assessed valuation of the property to be benefited is reported to be $50,875,000.

From the statement made by the Borough President it would appear that the reconstruction of the Wall Street sewer should be immediately undertaken, and the matter is placed on the calendar at his request. I am unable, however, to recommend favorable consideration for the reason that the Borough of Manhattan has exceeded the limitation placed on outstanding preliminaries under the allotment contemplated by the resolution of July 30, 1914, as interpreted by your Engineer in a report submitted at the meeting of September 25th last.

Van Nest Avenue at the Northwest and Southwest Corners of Adams Street; at the Northwest and Southwest Corners of Van Buren Street; at the Southwest and Southeast Corners of Melville Street; at the Northeast and Southeast Corners of Garfield Street; at the Northeast Corner of Fillmore Street; at the Northeast Corner of Victor Street; at the Southeast Corner of White plains Road; and at the Northeast and Southeast Corners of Cruger Avenue, Borough of The Bronx—Receiving Basins (Cal. No. 103).

The Secretary presented a resolution adopted on September 15, 1914, by the Local Board of the Chester District, Borough of The Bronx, initiating proceedings for this improvement; and the following report of the Chief Engineer of the Board:

Report No. 14160. November 25th, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on September 15th, 1914, initiating proceedings for constructing receiving basins at the following points on Van Nest Avenue:

Northwest and southwest corners of Adams Street; northwest and southwest corners of Van Buren Street; southwest and southeast corners of Melville Street; northeast and southeast corners of Garfield Street; northeast corner of Fillmore Street; northeast corner of Victor Street; southeast corner of White Plains Road; northeast and southeast corners of Cruger Avenue.

Title to Van Nest Avenue has been legally acquired, and the street was recently graded under an authorization of February 20th, 1913. In a communication bearing date of November 16th last the Borough President advises that some of the property owners have complained of the ponding of water at the low points and of the consequent flooding of cellars in the adjacent buildings. He states that this condition will be aggravated during the inclement seasons unless provision is immediately made for the removal of surface drainage and requests that the matter be placed upon the next calendar for the consideration of the Board.

The legal outlet sewer has not been built, but the Board is now informed that the receiving basins will be given an outlet into existing drains of adequate capacity.

From information accompanying the resolution it appears that the improvement is petitioned for by twenty-three property owners, and that the probable assessment will not exceed $7.50 for each lot of 25 by 100 feet.

The work is estimated to cost about $3,600, and the assessed valuation of the property to be benefited is $1,141,620.

The necessity of carrying out this improvement is quite apparent, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Borough of Queens.

Grove Street, from Seneca Avenue to Fairview Avenue; Fairview Avenue from Linden Street to Ralph Street, Borough of Queens—Sewers (Cal. No. 104).

The Secretary presented a resolution adopted on September 15, 1911, by the Local Board of the Newtown District, Borough of Queens, initiating proceedings for this improvement; and the following report of the Chief Engineer of the Board:

Report No. 14162. November 25th, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 15th, 1911, initiating proceedings for constructing sewers in the following streets: Grove Street, from Seneca Avenue to Fairview Avenue; Fairview Avenue, from Linden Street to Ralph Street.

Title to these streets has been established and the resolution affects two blocks of Fairview Avenue and three blocks of Grove Street, aggregating about 1,900 feet. With a communication bearing date of November 14th, 1914, the Borough President presents information showing that drains have been constructed but that these are out of harmony with the legal drainage plan and of inadequate capacity for the present needs. The necessity for providing facilities for the removal of surface drainage is said to be urgent, but receiving basins cannot be constructed until the legal outlet has been provided. Under these conditions it is requested that a report upon this matter be presented for the consideration of the Board at the earliest possible date.

The improvement is petitioned for by ten property owners, but no information is presented showing the extent of their aggregate holdings. The assessed valuation of the property benefited, excluding buildings, varies from $48 to $80 per linear foot. The probable assessment on each side will amount to about $0.60 per linear foot in the area indirectly benefited, and to a little over $2 in the area which will receive direct benefit.

The work is estimated to cost about $9,200, or a little less than $5 per linear foot, and the assessed valuation of the property benefited is reported to be $944,700.

An inspection of the ground shows that Fairview Avenue is approximately graded and that Grove Street is paved, the abutting property in each case being largely improved. There are no manholes on the existing sewers, which are undoubtedly inadequate for the present needs. The outlet sewer is built.

Under the conditions noted the improvement appears to be a desirable one to carry out. In view of the fact, however, that the Borough of Queens has exceeded the limitation placed on outstanding preliminaries under the allotment contemplated by the resolution of July 30th, 1914, as interpreted by your Engineer in a report submitted at the meeting of September 25th, I am unable to recommend favorable action. Respectfully, NELSON P. LEWIS, Chief Engineer.

Van Pelt Avenue, Between Washington Avenue and the Staten Island Rapid Transit Railroad, Borough of Richmond—Grading and Constructing Sidewalks (Cal. No. 106).

The Secretary presented a resolution adopted on February 25, 1913, by the Local Board of the Staten Island District, Borough of Richmond, initiating proceedings for this improvement; and the following report of the Chief Engineer of the Board:

Report No. 14166. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on March 27, 1914, a resolution of the Local Board of the Staten Island District, Borough of Richmond, for grading the space between the curb lines and the property lines, and for constructing sidewalks in Van Pelt Avenue, between Washington Avenue and the Staten Island Rapid Transit Railroad, was referred back to the Borough President to be withheld until after the street had been incorporated on the City Map and until title to all of the land within the lines had been established to be in the City.

It was then shown that the portion of the area in which unsatisfactory evidences as to dedication had been presented, located in the section adjoining the railroad, was eccentrically located with respect to the lines shown on a map then before the Board awaiting consideration, and that the carrying out of the physical improvement would probably result in encouraging the development of the frontages along lines at variance with the City Map, with the unquestioned result of increasing the cost of acquiring the land needed for the widening if an opening proceeding were to be carried out at a subsequent date. Since this date a map has been adopted definitely fixing lines and grades for the street, and in a communication bearing date of September 25 the Acting Borough President advises that the Corporation Counsel in an opinion dated August 7, 1914, has held that from Washington Avenue to the Staten Island Rapid Transit Railroad, Van Pelt Avenue as actually on the ground, with a width varying from 47 to 50 feet, is dedicated to public use. The Acting Borough President states that the property owners have constructed sidewalks from the railroad tracks to a point about 2,000 feet north of Washington Avenue, these harmonizing with the requirements of the legal roadway and with the established grades, and that the dedicated area in the remaining portion of the street length is adequate to permit of extending such treatment southwardly to Washington Avenue. Under these conditions he requests that the "matter be progressed."

As planned the street is to have a width of 60 feet, and I can see no reason to change the view heretofore expressed concerning the advisability of acquiring title to the widening needed to make the street conform with its mapped lines prior to carrying out the grading improvement. This can unquestionably be done at the present time at a minimum cost and should not involve burdensome assessments. I would accordingly recommend that the resolution be returned to the Local Board without approval, with the suggestion that it be not again presented until title to the street through its entire width has been acquired.

If, after this objection has been removed, it is desired to carry out a partial improvement not involving the grading of the entire street area, information should be presented showing clearly that the proposed grading of the sidewalk spaces will not interfere with the natural drainage of the roadway.

The estimated cost of this improvement is about $1,600, and the assessed valuation of the property to be benefited is reported to be $12,100.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The matter was referred back to the Local Board of the Staten Island District, Borough of Richmond.

Final Authorization.

Borough of Queens.

Lefferts Avenue, from Jamaica Avenue to Metropolitan Avenue, Borough of Queens—Sewer (Cal. No. 107).

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 14175. November 28th, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the President of the Borough of Queens, bearing date of October 1st, 1914, advising that all of the conditions imposed by the Board prior to the final authorization of a sewer in Lefferts Avenue, from Jamaica Avenue to Metropolitan Avenue have been complied with.

The preliminary work for this improvement was authorized on December 18th, 1913, at which time information was presented to show that its probable cost would be about $3,300. The Borough President states that the time to be allowed for the completion of the improvement is 65 days, and that the expense incurred for the preliminary work amounts to $160.74.

Information is presented showing that the improvement is petitioned for by seven property owners, but that the extent of their aggregate holdings is not given. The value of the frontages, excluding buildings, varies from $60 to $72 per linear foot, and it is estimated that the corresponding assessment on each side will amount to a little less than $2.70.

The work to be done, as shown in the schedule submitted by the Borough President, comprises the following: 419 linear feet 15-inch pipe sewer; 1,847 linear feet 12-inch pipe sewer; 992 linear feet 6-inch house connecting drains; 19 manholes; 4 receiving basins. The cost of the improvement is now estimated to be $11,600, or about $5.40 per linear foot, almost all of which will be assessed upon the frontages.

As previously reported, the improvement affects four blocks or about 2,200 feet of Lefferts Avenue, which the Corporation Counsel has advised is dedicated to public use. The street is in use and 46 houses of a substantial type have been erected upon the abutting property. The continuing outlet sewer is provided for.

I am informally advised that it is proposed in connection with this improvement to lay house connecting drains in front of sixteen parcels of unimproved property. The cost of these drains has apparently been estimated at $28 apiece and it is understood that they are to be provided not to meet the request of the owners of the abutting property, but to prevent the necessity of disturbing the pavement at a later date and in anticipation of the ultimate need of these connections.

For some years past it appears to have been the custom in the Boroughs of Brooklyn and Queens to provide house connection drains along the line of all sewers in the anticipation that the abutting property will be divided up into lots generally having a frontage of 20 feet, this policy having evidently been originated for the purpose of completing all of the subsurface structures required prior to the laying of a pavement. At the office of the Board of Assessors I am informed that in a large number of these cases proof has been submitted to show that a considerable proportion of the work of this character which has been carried out is entirely unnecessary, and that it has been found impracticable to sustain the assessments in such instances. In view of the fact that the water and gas connections are never provided until their actual need for the service of buildings on the abutting property has been established, and of the practicability of locating the house connecting drains in the same trench, it would appear reasonable to defer the construction of the latter until such time as they are actually needed.

While the maximum excess charge involved in the carrying out of the improvement now under consideration would only amount to $448 and the improvement seems to be urgently desired by a substantial number of property owners, I believe that the issue may properly be raised at this time, and would recommend that the request

for final authorization be not approved until a revised estimate has been presented by the Borough President in which the length of the house connecting drains to be provided is limited to that actually needed for the service of existing buildings, it being further understood that this treatment would be construed as a precedent for the guidance of the Presidents of all of the boroughs in the carrying out of improvements of this general character.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The matter was referred back to the President of the Borough of Queens.

Exterior Street, Between the Third Avenue Bridge Approach and the Southerly Line of East 131st Street, Borough of Manhattan—Closing and Discontinuing (Cal. No. 114).

The Secretary presented the following communication:

Phillips, Mahoney & Wagner, Attorneys and Counsellors at Law, 51 Chambers Street, New York, November 25, 1914.

To the Honorable the Board of Estimate and Apportionment of The City of New York, Municipal Building, New York, N. Y.:

Gentlemen—Our client, the Crex Realty Company, a corporation, is the owner of certain property situate between East 131st Street on the north, Lexington Avenue on the west, approach to Third Avenue Bridge on the south and east, and the Harlem River, also on the east. The said property has been in undisputed possession of our client and its predecessors in title for upwards of 40 years, and they have paid taxes thereon.

It has been recently brought to our client's attention that the City of New York has set up some pretended claim to an interest in that portion of our client's property lying within the lines of a former so-called exterior or marginal street, which claim is denied and disputed by our client, who claims that it has absolutely good and indefeasible title in fee simple absolute to the entire property within the confines of the metes and bounds of East 131st Street on the north, Lexington Avenue on the west, approach to Third Avenue Bridge on the south and east, and the Harlem River also on the east, and especially to that portion lying within the lines of the so-called exterior street, established by the Common Council in 1859, from 131st Street to the "westerly line of land taken for the Third Avenue Bridge approach." In order therefore, to remove that which is at most a cloud from the title to this strip, and without granting or admitting the title of the City of New York to all or any part thereof, but which is on the contrary hereby expressly disputed and denied on behalf of our client, and entirely without prejudice to its rights, and without conceding or admitting any title whatsoever of the City of New York in or to said strip of land, or any part thereof, we hereby respectfully make application on its behalf and request that you recommend to the Board of Estimate and Apportionment that the said Exterior Street be closed by said Board, after you have determined that in your opinion such Exterior Street so-called will not be required for a public street, in order that our clients may proceed to erect thereon buildings which will add to the tax income and commercial advantage of The City of New York.

On June 24th of the present year the Commissioner of Docks, in a communication to Hon. William A. Prendergast, Comptroller of the City of New York, duly recommended that said Exterior Street be closed by the Board of Estimate and Apportionment, as one of the steps in a proposed exchange of certain wharfage rights in front of said Exterior Street owned in fee by our clients, for a lease by the Commissioner of Docks, with the approval of the Commissioners of the Sinking Fund, to them for a term of years with renewals, of a strip of bulkhead at this point, and the Commissioner of Docks also recommended as one of the steps to be taken to accomplish this result, that the Commissioners of the Sinking Fund strike from the city map the marginal street as established by the Commissioners of the Sinking Fund in 1901, running practically coincident with the boundary lines of Exterior Street.

At a meeting of the Commissioners of the Sinking Fund, held September 16, 1914 (see their minutes at page 721) the recommendation of the Commissioner of Docks was unanimously approved by the Commissioners of the Sinking Fund, and the aforesaid marginal street was duly taken from the city map. This action now only leaves it necessary to provide for the formal closing of Exterior Street by the Board of Estimate in order to make it possible to effect the exchange desired by our clients and the Dock Department, for while our clients are unwilling to admit title in the City of Exterior Street, they nevertheless feel disinclined to permit what they conceive to be at most merely a cloud upon their title to exist, and naturally desire it to be removed before they embark upon an enterprise which will mean the relinquishing of their fee in valuable wharfage rights and accepting in place thereof a lease which will require the annual payment for many years of a substantial sum to the City for rental.

It is also proper to add that Exterior Street has never been physically opened, nor in fact would it be possible to ever open it as a public street owing to the configuration of the land at this point, which ends abruptly in the Harlem River, and by the recent action of the Sinking Fund Commission hereinbefore alluded to, it will not be required for a marginal street for the reason that when the Commissioners of the Sinking Fund a month or so ago struck from the city map the marginal street which ran coincident with Exterior Street, they established a new marginal street twenty-five feet in width to the east thereof.

Our clients and their predecessors in title have been in undisputed possession of the premises, including the so-called Exterior Street, for a period of upwards of forty years. The property has been improved and enclosed and taxes have been paid to the City, for the so-called street has been taxed to our clients the same as any other city lot.

The following is a technical description of the property which it is designed shall be the subject of the foregoing action by the Board of Estimate and Apportionment, said property being all solid land and not land under water:

All that certain lot, piece or parcel of land, situate, lying and being in the Borough of Manhattan, City, County and State of New York, bounded and described as follows:

Beginning at a point on the westerly line of land taken for the Bridge approach, 42 feet 4¼ inches northerly from the intersection of the said westerly line of land taken for the Bridge Approach and the northerly side of the approach to the 3d Avenue Bridge—said point being also the intersection of the westerly line of Exterior Street, as established by the Common Council in 1859, with the said westerly line of land taken for the Bridge approach; and running thence northeasterly, along the land taken for the Bridge approach, 94 feet 10½ inches to the pier and bulkhead line of the Harlem River, as established by the Secretary of War in 1890; running thence northerly, along said pier and bulkhead line of the Harlem River, 39 feet 1¾ inches to the southerly line of East 131st Street, extended easterly to said pier and bulkhead line; running thence westerly along the southerly side of East 131st Street as extended, and in continuation westerly of the same, 175 feet 9½ inches to the said westerly line of Exterior Street, as established by the Common Council in 1859; running thence in a southeasterly direction, along the westerly line of Exterior Street, as established by the Common Council, in 1859, to the point or place of beginning.

Very truly yours, PHILLIPS, MAHONEY & WAGNER.

New Utrecht and Gravesend Avenues, Borough of Brooklyn—Improvements in Connection with the Construction of Elevated Railroads (Cal. No. 116).

The Secretary presented the following communications from the Public Service Commission for the First District:

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau St., New York, November 30, 1914.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—Following informal conferences with the President of the Board of Aldermen and the President of the Borough of Brooklyn the Commission desires to bring to the attention of the Board of Estimate and Apportionment the situation in respect of New Utrecht and Gravesend Avenues in the Borough of Brooklyn.

At the present time both those avenues are utilized for surface train operation, the tracks on New Utrecht Avenue being on the east side of the street and in Gravesend Avenue in the center of the street. The track construction is of the type common to steam or rapid transit railroad operation, the rails being spiked to cross the ties and extending above the street surface. The space between the tracks is unpaved and it is not possible to cross them except at street intersections. A considerable part of New Utrecht Avenue is unpaved and has not been brought to grade.

Under the contract of March 19, 1913, between The City of New York and New York Municipal Railway Corporation (Contract No. 4) municipal elevated railroads are to be constructed over both New Utrecht and Gravesend Avenues. The work of construction on New Utrecht Avenue has proceeded to the point where the contractor is about to proceed with steel erection. Although not expressed in Contract No. 4, it was the informal understanding that upon the completion of the elevated railroads train operation was to be removed from these avenues, trolley car rails substituted for the present roadbed and the avenues paved from gutter to gutter.

Certain changes, chiefly in respect of wires and cables, are necessary in connection with the pending elevated railroad construction. These, however, can readily be made without reference to the more extended improvement just outlined.

Although the improvement of New Utrecht and Gravesend Avenues is a matter entirely separate and distinct from rapid transit construction and therefore not within the jurisdiction or control of the Commission, it is highly desirable that the improvement of these avenues be promptly undertaken so that these avenues and the adjacent districts may reap the full benefit of improved transit, and the Commission deems it advisable at this time to bring the matter officially to the attention of the Board of Estimate and Apportionment. Very truly yours,

TRAVIS H. WHITNEY, Secretary.

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau St., New York, December 2, 1914.

To the Board of Estimate and Apportionment of the City of New York:

Gentlemen—Referring to my communication to you of the 30th Ult., relative to the matter of New Utrecht and Gravesend Avenues, I beg to refer to you herewith a copy of a communication received by me from C. D. Meneely, Esq., Vice-President and General Manager, Nassau Electric Railroad Company, under date of the 30th Ult., setting forth the desires of that company as to the method of handling the work on New Utrecht Avenue. Very truly yours,

TRAVIS H. WHITNEY, Secretary.

The Nassau Electric Railroad Company, 85 Clinton Street, Brooklyn, New York, Vice-President's Office, November 30, 1914.

Public Service Commission For the First District, Mr. TRAVIS H. WHITNEY, *Secretary,* 154 Nassau Street, New York City, N. Y.:

Gentlemen—Just prior to the execution and delivery of the contracts of March 19, 1913, between The City and New York Municipal Railway Corporation, the Nassau Electric Railroad Company, at the request of the Commission and in order to enable it to enter into such contract with the New York Municipal Railway Corporation as to the construction, equipment, maintenance and operation of the Rapid Transit Railroad on New Utrecht Avenue, sent under date of February 4, 1913, a letter to the Commission in which it agreed:

> "To execute and deliver to the City of New York, on request of the Public Service Commission, its consent without compensation to the construction and operation of said elevated rapid transit railroad over its right of way on New Utrecht Avenue. It is not intended by this assurance to give to the City without compensation any right of way over private property outside of New Utrecht Avenue, or to waive any claims for damages as abutting property owner, or to waive any claims which the company may have against the City or any contractor thereof by reason of damages to its physical property in New Utrecht Avenue, or injury to its employes or passengers during construction and operation of said rapid transit railroad."

Under date of July 6th last we called your attention to, and invited your consideration of, certain features of the proposed construction by the City which would interfere with the free and full use of our tracks, and both before and since that date our objections in detail as to such interference have been the subject of correspondence between your engineers and our engineers.

We now understand that your contractor desires to proceed with this work and to make changes in our property. We have no desire to delay in any way the progress of the construction of the City Railroad, but there seems to have been on the part of the Commission's employes no substantial disposition to avoid considerable

damage to this company's property. Indeed, if the present plans are proceeded with, not only will certain of our substantial rights be taken away but the operation of our cars will be attended with great danger. We therefore must insist that in the plans for construction the following essential conditions must be complied with:

One—Neither the columns nor the foundations of the new elevated structure must encroach upon our right of way. We understand that the Commission's plans would leave a minimum clearance of less than (1) one foot between the outside face of our cars and the elevated columns. You can readily see that such a clearance is entirely insufficient for trolley car operation (such as is proposed after the rapid transit railroad is constructed) and would be a constant menace to the safety of our passengers. In order to permit safe trolley car operation this clearance should be at least two (2) feet three (3) inches at the minimum. No shifting of our tracks to avoid this minimum clearance can be made without possibly encroaching upon property outside of our right of way.

Two—There must be a minimum clearance of fifteen (15) feet between the top of the rail and the lowest point of the elevated structure. This clearance must not be obtained by depressing the tracks below the official grade of the street.

Three—Other railroad structures, including those required for the protection of traffic, such as crossing gates, signals, etc., where interfered with by the erection of the elevated structure must be relocated in permanent position without affecting the protection furnished.

Four—Overhead feeders must be attached to the elevated structure, and overhead trolley wires must be attached to the structure with proper troughing where necessary. Provision should also be made for the suspension of additional feeders to the elevated structure as the conditions of our business require.

Five—All the above changes to be made without expense to this company and subject to its approval as to the detail plans.

It has been suggested that the most feasible way of protecting our rights in the above respects and at the least expense to the City would be the relocation of our tracks in the centre of the street. We are ready to consider such a proposition if it appeals to the Commission and the City as desirable, although any such relocation must necessarily deprive us of the free use of an independent right of way such as we enjoy today and have enjoyed ever since 1862. Whether it is of advantage to the City to nearly double its street area in this way, and whether that advantage is sufficient to justify it in paying the cost of such relocation is probably not open to debate.

Inasmuch as this company has cooperated with your Commission (against its own interest) in paralleling its railroad with the rapid transit railroad, and has allowed the City Railroad to go over its property on New Utrecht Avenue without compensation, it would seem as if the City at least ought not to attempt to seriously damage our property and endanger its operation. There has been ample time since these matters were first brought to your attention to make the necessary correction in your plans and if we are forced to appeal to the courts for protection we shall not hesitate to do so. Yours truly,

C. D. MENEELY, Vice-President and Treasurer.

Department of Public Charities—Issue of Special Revenue Bonds and Modification of Schedule (Cal. No. 126D).

The Secretary presented a resolution of the Board of Aldermen adopted November 17, 1914, requesting an issue of Special Revenue Bonds in the sum of $2,000, the proceeds whereof to be used by the Department of Public Charities for the purpose of replenishing Account No. 1988, Purchase of Office Supplies; and the following report of the Comptroller recommending the issue of Special Revenue Bonds in the sum of $1,300, and the modification of schedule:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 3, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—At the meeting of the Board of Aldermen held on November 17, 1914, the following resolution was adopted:

"Resolved, That in pursuance of the provisions of subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of Two Thousand Dollars ($2,000), the proceeds whereof to be used by the Department of Public Charities for the purpose of replenishing Code No. 1988, Purchase of Office Supplies. All obligations incurred hereunder to be contracted for on or before December 31, 1914."

The above resolution was received by the City Clerk from the Mayor on November 30, 1914, without his approval or disapproval, and therefore, under the provisions of Section 40 of the Greater New York Charter, the same took effect as if he had approved it.

The reason for the insufficiency of this account is mainly due to the increase in the purchases of postage stamps in the department, caused by new activities. These may be stated briefly as follows:

The Alimony Bureau of the Department of Public Charities receives and disburses moneys in cases of abandonment, non-support of parents, etc., and support of illegitimate children. Up to about April 1, 1914, the recipients of these funds called in person each week for their checks. Since then a new system was installed by which checks are mailed to the proper parties, thus obviating the necessity of a personal call therefor. The average number of checks sent out each week is 1,200, so that for the nine months ending December 31, 1914, the total expenditure for this item alone would be about $950.

On July 2, 1914, funds were provided for an extensive programme of reinvestigations of all children committed to institutions as public charges; this work involves a large amount of correspondence, and the provision of office supplies for the large force employed on this work.

Neither of these activities was anticipated in making the appropriations for 1914, and hence the appropriation has been exhausted.

In addition to the specific items mentioned above the present admnistration has caused the reorganization of several of the bureaus and divisions and installed a number of reporting systems. This has resulted in a considerable increase in the correspondence and consequently in the number of postage stamps used.

Up to November 30, 1914, there have accumulated vouchers for postage aggregating about $840 and it is estimated that for the month of December $460 additional will be required, so that a total authorization for this purpose of $1,300 should be sufficient.

The adoption of the attached resolutions authorizing the Comptroller to issue special revenue bonds in the sum of $1,300 and approving the schedule as revised is accordingly recommended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, the resolution adopted by the Board of Aldermen dated November 17, 1914, requesting an issuance of Special Revenue Bonds in the sum of two thousand dollars ($2,000), the proceeds whereof to be used by the Department of Public Charities for the purpose of replenishing Account No. 1988, Purchase of Office Supplies, all obligations incurred thereunder to be contracted on or before December 31, 1914, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment to the extent of one thousand three hundred dollars ($1,300), and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to an amount not exceeding one thousand three hundred dollars ($1,300), redeemable from the Tax Levy of the year succeeding the year of their issue.

Department of Street Cleaning; Board of Estimate and Apportionment—Employment of an Expert Consultant to Investigate Conditions Relative to Nuisance Created by Refuse and Disposal Plants on Barren Island (Cal. No. 134).

The Secretary presented the following communication from the President of the Board of Aldermen, Chairman, Committee on Street Cleaning:

City of New York, Office of the President of the Board of Aldermen, City Hall, December 1st, 1914.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Serious complaints have been made by residents of the Rockaway peninsular of the nuisance created by the plants on Barren Island, which dispose of the garbage and dead animals by contract with the city.

The Health Department has taken cognizance of these complaints and has preferred criminal charges against the owners of two or three of these plants—the New York Disposal Corporation and the Products Manufacturing Company. The New York Disposal Corporation took up with me, as Chairman of the Committee on Street Cleaning, the question as to whether these complaints that were being made were reasonable; and stated that if they were pressed it might result in bringing to a close the existing contract with the city. Such a step would cause serious inconvenience to the entire city, and I took up the whole question with the Health Department, the Street Cleaning Department, the New York Disposal Corporation and the residents of the Rockaway peninsula; and at a meeting held on November 20 there was a general agreement that it would be advisable to investigate the causes of the alleged nuisance, to find out whether it would not be possible to make some improvements in the plants at this time, which would obviate them. Both the New York Disposal Corporation and the Products Manufacturing Company, as well as the Thomas F. White Company—a third plant situated on Barren Island, but which has, however, no contract with the city—agreed that they would do all in their power to remove the causes of complaint, if upon a thorough study of the situation such proved to be remediable.

In order to ascertain the facts which are at the present time in dispute as to the cause of the nuisance, and the method of remedying same, it was suggested by Commissioner Fetherston that an expert be engaged to lay down the programme for such a study, and after the necessary chemical tests had been made by chemists of the city service, that the said expert analyize these tests, and render a verdict in regard thereto.

The name of Irwin T. Osborn, of Toronto, who has had a wide experience in the construction and management of refuse disposal plants, was suggested, and was agreeable to all the parties to this conference. I would, accordingly, recommend that you authorize me, as Chairman of your Committee on Street Cleaning, to take the necessary steps to obtain the services of Mr. Osborn, and to proceed with this study of the situation at a total cost not to exceed $2,000. Respectfully submitted,

GEORGE McANENY, President, Board of Aldermen, Chairman, Committee on Street Cleaning.

Mr. James B. Leavy, Hon. John T. Fetherston and Mr. Frederick T. Davies appeared in favor of the employment of Mr. Osborn. Mr. Stewart Browne appeared in opposition thereto.

The following resolution was offered:

Resolved, That the Committee on Street Cleaning of this Board be authorized to employ an expert Consultant, and to take the steps necessary for a thorough investigation of the situation on Barren Island, and the complaint of nuisance made by the residents of the Rockaway peninsula; and that the Committee be herewith authorized to expend for this purpose a sum not to exceed Two Thousand ($2,000.00) dollars, which amount shall be chargeable against the Contingent Fund of this Board.

Which was adopted by the following vote:

FIXING DATES FOR FUTURE HEARINGS.

On Changes in the City Map.

Borough of The Bronx.

Forster Place, from Broadway to Huxley Avenue, Borough of The Bronx—Establishing Lines and Grades (Cal. No. 137).

The Secretary presented a communication dated January 31, 1914, from the Commissioner of Public Works, Borough of The Bronx, transmitting a map showing the proposed change; and the following report of the Chief Engineer of the Board:

Report No. 14152. November 19, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of January 31, 1914, requesting the approval of a map showing the lines and grades proposed for Forster Place, extending from Broadway to Huxley Avenue.

This street is intended to have a length of one short block, or about 275 feet, and a width of 55 feet, with a position distant 200 feet south of West 261st Street. In order to conform with grades heretofore fixed for Huxley Avenue, which has been approximately graded, and with the pavement already laid in Broadway, it has been found necessary to give the street a grade of about 12 per cent. It will subdivide transversely a block having a length of 715 feet and a depth ranging from about 225 feet to about 385 feet. No information is presented to show the occasion for this change, but it is evident that its legalization will permit of subdividing the territory affected into two more lots than would be possible under the present plan.

In view, however, of the excessive grade proposed and of the expense which would be involved for improving the street, the change is, in my judgment, inadvisable.

I would, therefore, recommend that the map be not approved unless further information is presented to show that the street is necessary in order to secure an outlet for what would otherwise be interior property.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York, by establishing the lines and grades of Forster Place between Broadway and Huxley Avenue in the Borough of The Bronx, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated January 30, 1914.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 23d day of December, 1914, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 23d day of December, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Davidson Avenue, from Buchanan Place to Evelyn Place, and West 183d Street, from Grand Avenue to Jerome Avenue, Borough of The Bronx—Changing Grades (Cal. No. 138).

The Secretary presented a communication dated June 19, 1914, from the Commissioner of Public Works, Borough of The Bronx, transmitting a map showing the proposed change; and the following report of the Chief Engineer of the Board:

Report No. 14165. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of June 19, 1914, requesting approval of a map showing a change proposed in the grade of Davidson Avenue, from Buchanan Place to Evelyn Place, and of West 183d Street, from Grand Avenue to Jerome Avenue.

This change consists principally in the fixing of the elevation of the platform at the intersection of Davidson Avenue with West 183d Street. The grading of Davidson Avenue was authorized on June 12 last, and the work was placed under contract on August 4 following. In making up the plans for this improvement it was disclosed that West 183d Street had been paved with a uniform slope across the Davidson Avenue intersection where grades have not heretofore been fixed, and in order to avoid undesirably warping the surface of the latter street it was found necessary to make the adjustment as shown on the plan now under consideration, which plan, I am informed, has served as the basis of the contract recently entered into for the grading. I am also informed that the paving already laid in West 183d Street is of a temporary character and that the cost of it was paid for from the maintenance account. It also appears that in carrying out this change in so far as it relates to Davidson Avenue it is not proposed to interfere with the existing pavement in West 183d Street, but that the correction of the conditions which here exist will be brought about at a later date through an independent improvement, the cost of which would be met by assessment.

I would recommend the approval of the map after a public hearing.

Respectfully, NELSON P. LEWIS, Chief Engineer.

East 177th Street, Between Noble Avenue and Rosedale Avenue, Borough of The Bronx—Changing Grades (Cal. No. 139).

The Secretary presented a communication dated July 17, 1914, from the Commissioner of Public Works, Borough of The Bronx, transmitting a map showing the proposed change; and the following report of the Chief Engineer of the Board:

Report No. 14173. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of July 17th, 1914, requesting the approval of a map showing a change proposed in the grade of East 177th Street, between Noble Avenue and Rosedale Avenue.

This change consists of a slight adjustment in the elevation of the platform at the intersection of East 177th Street and Rosedale Avenue. East 177th Street has recently been paved and the Commissioner advises that the elevations now proposed are intended to legalize those with which the improvement has been made to conform.

I see no reason why the map should not be adopted, and would recommend such action after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Borough of Queens.

Final Map of Section No. 125, Borough of Queens—Establishing Lines and Grades for Street System Within the Area Designated as (Cal. No. 140).

The Secretary presented a communication, dated July 9, 1914, from the Secretary to the President of the Borough of Queens, transmitting a map showing the proposed change; and the following report of the Chief Engineer of the Board:

Report No. 14177. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the Presi-

dent of the Borough of Queens, bearing date of July 9, 1914, requesting the approval of the map of Section No. 125 of the Final Maps of the Borough.

This map relates to the territory bounded approximately by Iroquois Street, Fairfield Avenue, Merrimac Avenue, Wortman Avenue, Boyd Avenue, South Conduit Avenue, Galveston Avenue, Cozine Avenue, Channel Street, Vandalia Avenue, Cohancy Avenue, Dunham Avenue, Killarney Avenue, Flynn Avenue, Woodhaven Avenue, Grimm Avenue, Potomac Street, Egan Avenue, Merrimac Avenue and Dunham Avenue, comprising an area of about 367 acres. A street system for this territory was shown upon a tentative plan adopted by the Board on July 6, 1911, and the lines then proposed appear to have been adhered to excepting by increasing the width of Fairfield Avenue from 80 feet to 100 feet, by decreasing the width of Grimm Avenue from 80 feet to 70 feet, and by a few unimportant grade changes.

The width which it is now proposed to assign to Fairfield Avenue conforms with the changes which have been made in the adjoining sections in recognition of the important position of this street which, as planned, is intended to traverse an area closely adjoining the head of the Jamaica Bay basins. No information is presented as to the occasion for the modification proposed in the width of Grimm Avenue, but there seems to be reason to believe that the width now proposed will be adequate for the requirements.

The territory is almost wholly undeveloped and a considerable portion of it is marsh land. The owners of an area in the southeasterly corner of the territory have dredged a basin designated as Stilwell Canal, extending from Jamaica Bay nearly to Dunham Avenue, with a width of about 300 feet. This basin has not been recognized by the War Department nor in the preparation of the map now under consideration, the area occupied by it being subdivided by the street system. The relation, however, between the streets and the basin is such as to permit of the retention of the waterway without serious modification of the street plan, providing that such retention is later found essential. An old road with a tortuous alignment crosses a considerable portion of the territory, and a few streets of short length which have been planned by the developers or which are now in use, are given no recognition. It is believed, however, that the status of these streets is not such as to warrant any need for incorporating them within the street system, their position not being harmonious with the treatment which has been adopted and which seems to be reasonable.

Aside from Fairfield Avenue and Grimm Avenue, to which reference has already been made, the east and west streets are given widths of either 70 feet or 80 feet. The streets having a northerly and southerly direction include Merrimac Avenue with a proposed width of 80 feet and Woodhaven Avenue, with a width of 100 feet, aside from which it is proposed to assign a width of 60 feet to the remaining streets.

A small triangular area at the junction of Fairfield Avenue, Vandalia Avenue and Cohancy Avenue, comprising about 0.06 acres, is designated as a Public Park.

I see no reason why the plan should not be approved, and would recommend such action after a public hearing.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Final Map of Section No. 231, Borough of Queens—Establishing Lines and Grades Within the Area Designated as (Cal. No. 141).

The Secretary presented a communication dated June 5, 1914, from the Secretary to the President of the Borough of Queens, transmitting a map showing the proposed change; and the following report of the Chief Engineer of the Board:

Report No. 14171. November 28, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of June 5, 1914, requesting the approval of the final map of Section No. 231.

This map relates to the territory bounded approximately by Beach 32nd Street, Dickens Avenue, Beach 29th Street North, Ocean Crest Avenue, Beach 25th Street, Cornaga Avenue, Beach 24th Street North, Bay Park Avenue, Dickens Avenue, Mott Avenue, Caffrey Street, Beach 17th Street, Seagirt Avenue, Beach 19th Street, Ocean Promenade, Beach 22nd Street, Seagirt Avenue, Beach 25th Street, Edgemere Avenue, Beach 28th Street, Deerfield Road, Beach 30th Street North and Brookhaven Avenue, comprising an area of about 367 acres within the Far Rockaway section of the Borough.

A tentative plan for this territory and the adjoining area was approved by the Board on June 27, 1912, and the treatment then proposed appears to have been adhered to with the exception of a few minor modifications which are now proposed in the street grade. A final map has also been adopted for that portion of Far Rockaway Boulevard south of Beach 32nd Street and for a portion of Seagirt Avenue. It is now proposed to make a change in the grade of the former street at the Beach 32nd Street intersection and to slightly modify the dimensions of the block of Beach 26th Street which adjoins Seagirt Avenue on the north.

The principal thoroughfares shown on the plan comprise the Far Rockaway Boulevard with a width of 75 feet in the section south of Mott Avenue and of about 70 feet in the section to the north, Seagirt Avenue with widths ranging from 70 feet to 100 feet, and Ocean Promenade with a width of 80 feet. It is proposed to give the remaining streets widths of 50 feet and 60 feet, and an effort has been made to retain the street plan now in use with such widening as is needed to secure the widths now indicated.

Far Rockaway Boulevard is designed to include within its lines old Atlantic Avenue in the section south of Ocean Crest Avenue, this apparently having an irregular width ranging upwards to a maximum of about 55 feet. North of Mott Avenue it is intended to include and to coincide with the lines of old Central Avenue. Between Ocean Crest Avenue and Mott Avenue the street is not in use and the carrying out of the plan will result in damage to about 15 buildings which I believe fall wholly or partially within the street lines.

Ocean Promenade is not in use and the width proposed for it is designed in recognition of its important position with reference to the ocean beach.

Seagirt Avenue north of Beach 19th Street (Rockaway Turnpike) where a width of 100 feet is proposed, is intended to harmonize in position with a street now in use in the Ostend section. In the section to the south the street is not in use, excepting in the block between Beach 19th Street and Beach 20th Street, where it includes an existing street of considerably lesser width. It is believed that the carrying out of the plan, in so far as it relates to the other streets, can be effected with but slight building damage, excepting in the cases of Mott Avenue and Cornaga Avenue in the vicinity of Beach 20th Street (Central Avenue), and in Central Avenue, between these two streets, where it would appear that the widening required for each will result in some building damage, although it is believed that the lines selected for the widening are laid out in such a way as to reduce this damage to a minimum.

The map fails to give recognition to that portion of Loretta Place between Far Rockaway Boulevard and Grasmere Avenue. An examination of the ground shows that, while this street is here roughly in use, its dedication is not clearly established, and it would seem reasonable to assume that the extinguishment of any public easement might be effected without question.

The territory is traversed by the Far Rockaway Branch of the Long Island Railroad. It is assumed in the plan that the railroad will be reconstructed in such a way as to permit of carrying all of the streets across it in the section north of the Far Rockaway Boulevard intersection at approximately their present grade, this being accomplished through the depression of the railroad. At the Far Rockaway Boulevard crossing it is planned to raise the street grade about 20 feet, a treatment which will result in change of grade damage to about five buildings. From this crossing the railroad is intended to rise to the south and to pass over Beach 32nd Street (Channel Avenue), the next crossing outside the limits of the plan. The result of carrying out the plan as presented will be to provide seven crossings in the section affected, which would appear to be ample for the future requirements.

The street elevations shown upon the plan range from 5.5 feet to a little more than 28 feet above mean high tide. It is believed that these elevations are, in general, intended to ratify the grade to which the streets are in use, although in some cases it has been found necessary to provide a higher elevation in order to meet the drainage requirements. It is believed that such changes in grades as are proposed for this purpose can be effected without substantial damage, other than to necessitate the regrading of some of the streets affected.

No provision is made for the mapping of the ocean-front park which under the tentative plans was to be laid out between Ocean Promenade and the Atlantic Ocean, but it is understood that, in case the property owners of the territory are disposed to assume their share of the burden of acquiring such a park, its incorporation upon the City plan will be effected through the preparation and approval of an independent map.

It might be noted that in a large number of instances a width of 50 feet is being provided for streets having a length of over 1,500 feet, in this respect constituting a violation of the general resolution adopted by the Board relative to street widths. In view, however, of the narrow width of the territory affected and of the necessity of concentrating the major part of the traffic in the Far Rockaway Boulevard, as well as of the tortuous alignment of all of the streets and their failure in this respect to lend themselves to arterial use, it was pointed out in the report upon the tentative plan that the widths as then proposed and now retained might properly be deemed adequate for the requirements.

I would recommend the approval of the map after a public hearing.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by establishing the lines and grades of the street system within the area designated as Section 231 of the Final Maps, bounded approximately by Beach 32d Street, Dickens Avenue, Beach 29th Street North, Ocean Crest Avenue, Beach 25th Street, Cornaga Avenue, Beach 24th Street North, Bay Park Avenue, Dickens Avenue, Mott Avenue, Caffrey Street, Beach 17th Street, Seagirt Avenue, Beach 19th Street, Ocean Promenade, Beach 22d Street, Seagirt Avenue, Beach 25th Street, Edgemere Avenue, Beach 28th Street, Deerfield Road, Beach 30th Street North and Brookhaven Avenue, in the Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated May 21, 1914.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 23d day of December, 1914, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 23d day of December, 1914.

Report No. 14168. November 25, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of August 20, 1914, requesting the approval of a map showing a change proposed in the lines of Bayreuth Street, between Murray Street and Dutchess Street.

This change relates to a length of two blocks at the extreme easterly end of Bayreuth Street which, as heretofore mapped, was intended to have a width of 60 feet. In the easterly block the street has a grade of approximately 9 per cent., and it is now proposed to here decrease its width to 50 feet, thereby to some extent avoiding damage to property. In recognition of the propriety of providing an outlet at the easterly end through Custer Street, in place of Dutchess Street, by reason of its more advantageous grade, provision is made on the plan for the removal of an abrupt angle in the street line in the westerly block. Bayreuth Street is not in use in the block where the decreased width is proposed, but in the westerly block it has been regulated and graded apparently along the lines heretofore mapped.

The change, in my judgment, is a proper one, and the approval of the map is recommended after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Final Map of the Westerly Portion of Section No. 127, Borough of Queens—Establishing Lines and Grades for Street System Within Area (Cal. No. 143).

The Secretary presented a communication dated June 15, 1914, from the Secretary to the President of the Borough of Queens, transmitting a map showing the proposed change; and the following report of the Chief Engineer of the Board:

Report No. 14178. November 30, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of June 15, 1914, requesting the approval of a map comprising the westerly portion of what is designated as Section No. 127 of the Final Maps of the Borough.

This map relates to the territory bounded approximately by Passaic Street,

Roanoke Avenue, Miriam Avenue, Liberty Avenue, Baker Avenue, Blanco Place, Van Wyck Avenue, Warburton Avenue, Atfield Avenue, Vistula Avenue, Warren Street, Ulster Avenue, Shoshone Street, Tuckahoe Avenue, Quebec Street and Suwanee Avenue, comprising an area of about 240 acres. It includes a small section north of Liberty Avenue comprising an area of about 9 acres, for which Final Maps have heretofore been approved. The remaining area, this comprising about 231 acres, was shown upon a tentative plan for a large adjoining territory which was adopted by the Board on July 6, 1911. Insofar as the area which has heretofore been finally mapped is concerned, a change is now proposed in the lines of Liberty Avenue which is shifted slightly to the south in the section adjoining Van Wyck Avenue, and provision is also here made for grade changes of a minor character. The treatment shown upon the tentative plan appears to be ratified excepting that a deflection has been provided in the lines of Suwanee Avenue east of South Morris Avenue, as required in order to here include the old Hawtree Creek Road as now in use, and through the provision of a few unimportant grade changes. In the section north of Suwanee Avenue a number of streets now proposed are in use and a few buildings have been erected, while the area to the south is almost entirely undeveloped. The territory is traversed by Lincoln Avenue, Hawtree Creek Road and Van Siclen Avenue, the two former of which have been macadamized. It is now proposed to retain in the street system only that portion of Hawtree Creek Road east of Maure Avenue, the remaining streets occupying a position entirely inconsistent with what would appear to be a rational plan for the development of the territory. The property owners appear to have anticipated the discontinuance of Van Siclen Avenue while through a considerable portion of their length the area traversed by these streets is at the present time farm land, and the Borough President has heretofore advised that in the case of a least one of them, there is reason to believe that the ownership of land within the street lines is such that the title can be recovered by the abutting owners.

A few streets planned by the property owners in the section extending from Suwanee Avenue northwardly about 200 feet have been ignored in the map now presented, in order to make it consistent with the layout already put into effect by the owners of the adjoining area on the north. With the exception of South Curtis Avenue which has been roughly graded, no one of these streets is in use and the owners seem to have concurred in the treatment now shown through the carrying out of improvements along lines consistent with those followed in the area to the north, the treatment of which it is now proposed to legalize other than to make provision for such widening as seems reasonable.

In general, the plan assigns a width of 80 feet to the streets having an easterly and westerly direction, while a width of 60 feet is given to those which cross them at right angles excepting in the cases of Maure Avenue and Van Wyck Avenue, the former of which is to have a width of 80 feet while the latter is to be 100 feet wide.

With the understanding that further steps will be taken to ascertain the practicability of closing Lincoln Avenue, Van Siclen Avenue and that portion of Hawtree Creek Road south of Suwanee Avenue before street improvements are carried out, and that any question in this particular will be removed, I believe that the plan may properly be approved and would recommend such action after a public hearing.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Extension of 7th Avenue from Greenwich Avenue to Carmine Street; Widening of Varick Street from Carmine Street to Franklin Street; Extension of Varick Street from Franklin Street to West Broadway, Borough of Manhattan—Amending Proceeding for Acquiring Title (Cal. No. 145).

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 14163. November 25, 1914.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on January 9th, 1913, a proceeding was instituted for acquiring title to the following streets in the Borough of Manhattan:

7th Avenue Extension, from Greenwich Avenue to Carmine Street; Varick Street Widening, from Carmine Street to Franklin Street; Varick Street Extension, from Franklin Street to West Broadway.

The Commissioners of Estimate and Assessment in this proceeding filed their oaths on September 3rd, 1913, on which date title to all of the land affected became vested in the City.

At the meeting held on November 20th last, there was referred to the Chief Engineer for report a communication from the Corporation Counsel in which attention was directed to the fact that no provision has heretofore been made for the acquisition of title to an area situated in the centre of the block of Varick Street, between Beach Street and Laight Street, which is occupied by a portion of the steps of the portico of St. Johns Chapel. This area has a length of about 80 feet and a width of about 8 feet, located within the limits of Varick Street as originally laid out.

The Board is advised that title to the old street was ceded by the church in 1813, except as to the land occupied by the steps, which was reserved and still resides in the corporation. In view of the desirability of now acquiring all of the land needed for the street as widened, the Corporation Counsel recommends that the proceeding now in progress be amended in such a way as to include the area referred to.

It would evidently be desirable to carry out this suggestion and in view of the fact that title to the adjoining property has already been vested in the City it would be advisable to complete the City's ownership on the earliest possible date.

I would recommend that after a new public hearing has been given concerning a district of assessment identical in position and description with the one heretofore fixed, the opening proceeding be amended in such a way as to relate to the extension of 7th Avenue, the widening of Varick Street and the extension of Varick Street between the limits named, together with the unacquired portion of Varick Street, from Laight Street to Beach Street.

I would also recommend that the Corporation Counsel be then requested to apply to the Supreme Court to have the jurisdiction of the Commissioners of Estimate and Assessment correspondingly modified, and that upon the date of the confirmation of the amendment of the opening proceeding by the Supreme Court title be vested in the City to the unacquired portion of Varick Street, from Laight Street to Beach Street.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of the City of New York is considering the advisability of amending the proceeding authorized by said Board on January 9, 1913, for acquiring title to the southerly extension of 7th Avenue from Greenwich Avenue to Carmine Street; to the widening of Varick Street, from Carmine Street to Franklin Street, and to the extension of Varick Street from Franklin Street to West Broadway, Borough of Manhattan, as laid out on the map or plan of the City of New York by resolution adopted by the said Board on March 21, 1912, and approved by the Mayor on March 27, 1912, so as to relate to the extension of 7th Avenue, the widening of Varick Street and the extension of Varick Street between the foregoing limits; and to the unacquired portion of Varick Street between Laight Street and Beach Street.

Resolved, That the Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the proposed areas and districts of assessment for benefit for the amended proceeding, and the share or proportion of the cost and expense thereof to be borne by the real property in each of the areas in this proceeding, respectively, shall be the same as fixed in the resolution authorizing the proceeding adopted by the Board on January 9, 1913, viz.:

District "A," including the immediate frontage, as hereinafter more particularly described, is to bear 12 per cent. of the entire cost and expense of the proceeding.

District "B," including the secondary area of assessment, but excluding District "A," is to bear 33 per cent. of such cost and expense.

District "C," the Borough of Manhattan, is to bear 40 per cent. of such cost and expense.

District "D," the Borough of Brooklyn, is to bear 11 per cent. of such cost and expense.

District "E," the Borough of The Bronx, is to bear 4 per cent. of such cost and expense.

District "A" (to bear 12 per cent.) is described as follows:

Beginning at a point on the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of 7th avenue extension, the said distance being measured at right angles to the 7th avenue extension, where it is intersected by a line midway between West 11th street and West 12th street, and running thence southwardly along the said line parallel with 7th avenue extension to a point distant 100 feet easterly from the easterly line of Varick street, the said distance being measured at right angles to Varick street; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Varick street and its prolongation to the intersection with the prolongation of a line midway between White street and Franklin street; thence eastwardly along the said line midway between White street and Franklin street and along the prolongation thereof to a point distant 100 feet easterly from the easterly line of West Broadway; thence southwardly and parallel with West Broadway to a point 100 feet southerly from the southerly line of Leonard street; thence westwardly and parallel with Leonard street to a point distant 100 feet westerly from the prolongation of the westerly line of Varick street as this street adjoins Leonard street, the said distance being measured at right angles to Varick street; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Varick street and the prolongation thereof to a point distant 100 feet westerly from the prolongation of the westerly line of 7th avenue extension; thence northwardly and always distant 100 feet from and parallel with the westerly line of 7th avenue extension and its prolongations to the intersection with the prolongation of a line midway between West 11th street and West 12th street, as laid out east of 7th avenue; thence eastwardly along the said line midway between West 11th street and West 12th street and along the prolongation of the said line to the point or place of beginning.

District "B" (to bear 33 per cent.) is described as follows:

Beginning at a point on a line 100 feet north of the northerly side of 59th street at a point on the prolongation of a line midway between 7th avenue and 8th avenue, and running thence eastwardly on a line parallel with the northerly side of 59th street and 100 feet distant therefrom to a point on the prolongation of a line midway between 6th avenue and 7th avenue; thence southwardly along a line midway between 6th avenue and 7th avenue and the prolongation thereof to the intersection with a line midway between West 23d street and West 24th street; thence eastwardly along a line midway between West 23d street and West 24th street to a line midway between 5th avenue and 6th avenue; thence southwardly along the said line midway between 5th avenue and 6th avenue to a line midway between West 20th street and West 21st street; thence eastwardly along the said line midway between West 20th and West 21st streets to a line midway between 5th avenue and Broadway; thence southwardly along a line midway between 5th avenue and Broadway, 5th avenue and Union square, and 5th avenue and University place to the southerly side of Washington Square North; thence southwardly across Washington square to the southerly side of Washington Square South at a point midway between West Broadway and Wooster street; thence southwardly along a line midway between West Broadway and Wooster street to a line midway between West Houston street and Bleecker street; thence eastwardly along a line midway between West Houston street and Bleecker street to a line midway between Wooster street and Greene street; thence southwardly along a line midway between Wooster street and Greene street to a line midway between West Houston street and Prince street; thence eastwardly along a line midway between West Houston street and Prince street to a line midway between Greene street and Mercer street; thence southwardly along a line midway between Greene street and Mercer street to a line midway between Prince street and Spring street; thence eastwardly along a line midway between Prince street and Spring street to a line midway between Mercer street and Broadway; thence southwardly along a line midway between Mercer street and Broadway to a line 100 feet north of the northerly side of Canal street and parallel therewith; thence eastwardly along a line 100 feet north of the northerly side of Canal street and parallel therewith to a point 100 feet east of the easterly side of Broadway; thence southwardly along a line 100 feet east of the easterly side of Broadway to a line midway between Maiden lane and Liberty street; thence westwardly along a line midway between Maiden lane and Liberty street and between Cortland and Liberty streets to its intersection with the bulkhead line of the Hudson River; thence northwardly along the bulkhead line of the Hudson River to its intersection with the westerly extension of a line midway between Jane and Horatio streets; thence eastwardly along the said line between Jane street and Horatio street and the prolongation thereof to a line midway between Washington street and Greenwich street; thence northwardly along a line midway between Washington street and Greenwich street and the prolongation of the said line to a line midway between Washington street and 9th avenue; thence along the said line midway between Washington street and 9th avenue and the prolongation thereof to a line midway between West 20th street and West 21st street; thence eastwardly along a line midway between West 20th street and West 21st street to a line midway between 8th avenue and 9th avenue; thence northwardly along the said line midway between 8th avenue and 9th avenue to a line midway between West 34th street and West 35th street; thence eastwardly along a line midway between West 34th street and West 35th street to a line midway between 7th avenue and 8th avenue; thence northwardly along a line midway between 7th avenue and 8th avenue to a line 100 feet north of the northerly line of 59th street, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment proposes that the share or proportion of the entire cost and expense of the proceeding to be borne by the several Boroughs above mentioned shall be levied and collected with the taxes upon the real property in said Boroughs, respectively, as provided by chapter 679 of the Laws of 1911.

Resolved, That this Board consider the proposed action at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 23rd day of December, 1914, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 23rd day of December, 1914.

Which was adopted by the following vote:

Borough of The Bronx.

Paulding Avenue, from West Farms Road to Bogart Avenue; Bogart Avenue, from Paulding Avenue to Bronx and Pelham Parkway South, Borough of The Bronx—Amending Proceeding for Acquiring Title and Modifying District of Assessment (Cal. No. 146).

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 14150. November 17th, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on June 2nd, 1914, initiating proceedings for acquiring title to the following streets:

Fowler Avenue, from Pierce Avenue to Neill Avenue; Bogart Avenue, from Sacket Avenue to Bronx and Pelham Parkway; Muliner Avenue, from Bear Swamp Road to Bronx and Pelham Parkway; Matthews Avenue, from Bear Swamp Road to Bronx and Pelham Parkway; Neill Avenue, from Barnes Avenue to Radcliff Avenue; Lydig Avenue, from Barnes Avenue to Bogart Avenue,

This resolution is presented at the direction of the Board given on November 6th, 1914, at which time a request of the Borough President that the opening proceeding be immediately instituted was placed on the calendar, to the end that instructions be given the Chief Engineer as to the course to be followed.

On November 14th, 1912, a proceeding was instituted for acquiring title to Paulding Avenue, from West Farms Road to Bogart Avenue, together with Bogart Avenue, from Paulding Avenue to Bronx and Pelham Parkway South, the latter street having been included where it merges with Paulding Avenue, in order to avoid any uncertainty as to the area to be acquired.

The damage maps in this proceeding are now awaiting consideration by the Board, and these indicate that subsequent to the date of the institution of the proceeding all of Paulding Avenue between the New York, New Haven and Hartford Railroad and Bronx and Pelham Parkway was ceded to the City by the property owners, so that the only land still to be acquired comprises the westerly half of Bogart Avenue for a distance of a little less than 500 feet adjoining the Parkway and the two short blocks of Paulding Avenue located between West Farms Road and the New York, New Haven and Hartford Railroad, these parcels being separated by a distance of about 5,000 feet. Under these conditions it would seem advisable to estimate the proceeding now proposed through a suitable amendment of the one now in progress. Such a course is particularly desirable, for the reason that the owners of a considerable area within the lines of each of the streets affected by the new proceeding have already ceded their holdings to the City, and the proceeding will therefore relate to a number of isolated parcels having a comparatively small aggregate area.

Neill Avenue has been given a width of 80 feet and between the limits named has a length of about 1,200 feet. The street has been graded, curbed and flagged from Barnes Avenue to Muliner Avenue and a narrow roadway falls within its lines between the latter street and Bogart Avenue, but in the easterly block it is not upon the ground. The abutting property is entirely unimproved. The acquisition of title to the part of this street necessary to provide an outlet into Bear Swamp Road would seem to be particularly advantageous in connection with the adjoining section on the east and the Borough President has concurred in the suggestion that the opening proceeding be made to include all of this street between Bear Swamp Road and Radcliff Avenue.

Each of the remaining streets has been laid out to have a width of 60 feet and the proposed proceeding will affect lengths varying from a little less than 300 feet of Paulding Avenue to a little over one mile of Bogart Avenue, aggregating about three miles. With the exception of Lydig Avenue, the streets are upon the ground through at least a portion of their length, but the area traversed is only slightly improved. Just south of Van Nest Avenue the old Morris Park Clubhouse encroaches upon the land needed for Fowler Avenue, and in the southerly block of Bogart Avenue a building encroaches upon the land needed for the widening of old Deane Place, which is to be given a width of 60 feet by adding ten feet on the westerly side of the existing street.

I would recommend that after a public hearing has been given concerning a district of assessment modified as required by the changed conditions, a resolution be adopted amending the opening proceeding instituted on November 14th, 1912, for acquiring title to Paulding Avenue and to Bogart Avenue, between the limits named, so as to relate to Paulding Avenue, from West Farms Road to the New York, New Haven and Hartford Railroad; to Fowler Avenue, from Pierce Avenue to Neill Avenue; to Bogart Avenue, from Sacket Avenue to Bronx and Pelham Parkway; to Muliner Avenue, from Bear Swamp Road to Bronx and Pelham Parkway; to Matthews Avenue, from Bear Swamp Road to Bronx and Pelham Parkway; to Neill Avenue, from Bear Swamp Road to Radcliff Avenue, and to Lydig Avenue, from Barnes Avenue to Bogart Avenue.

In the vicinity of Brady Avenue and Lydig Avenue, Matthews Avenue, Muliner Avenue and Bogart Avenue cross the right of way of the New York, Westchester and Boston Railroad, and at each of these intersections a railroad bridge has been erected. Under these conditions it will be unnecessary to exclude the railroad land from consideration, but provision should be made for here making the fee subject to whatever easements are necessary to permit of operating the railroad.

A technical description for the modified district of assessment is herewith presented. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding authorized by said Board on November 14, 1912, for acquiring title to Paulding Avenue from West Farms Road to Bogart Avenue, and Bogart Avenue from Paulding Avenue to Bronx and Pelham Parkway South, Borough of The Bronx, so as to relate to Paulding Avenue from West Farms Road to the New York, New Haven and Hartford Railroad; Fowler Avenue from Pierce Avenue to Neill Avenue; Bogart Avenue from Sacket Avenue to Bronx and Pelham Parkway; Muliner Avenue from Bear Swamp Road to Bronx and Pelham Parkway; Matthews Avenue from Bear Swamp Road to Bronx and Pelham Parkway; Neill Avenue from Bear Swamp Road to Radcliff Avenue, and Lydig Avenue from Barnes Avenue to Bogart Avenue, subject to an easement of the New York, Westchester and Boston Railway in Matthews Avenue, Muliner Avenue and Bogart Avenue.

Baker Avenue, from Garfield Street to Matthews Avenue—Amending Proceeding for Acquiring Title (Cal. No. 147).

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 14167. November 25, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on December 14, 1911, a proceeding was instituted for acquiring title to Baker Avenue, from Garfield Street to Matthews Avenue, at a point 149 feet east of the easterly line of Barnes Avenue, in the Borough of The Bronx, but up to the present time the proceeding has not been materially advanced.

On November 20th last a map was approved under which the width of the street was decreased from 60 feet to 50 feet in the block between Garfield Street and Unionport Road, and it will be necessary to effect a corresponding modification in the opening proceeding under which the later map will be recognized.

I would accordingly recommend that after a new public hearing has been given upon a district of assessment identical in description with the one heretofore fixed, although the position of some of the boundary lines will be slightly changed, the opening proceeding be amended in such a way as to relate to Baker Avenue, between the limits named as now laid out. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding authorized by said Board on December 14, 1911, for acquiring title to Baker Avenue, from Garfield Street to Matthews Avenue at a point about 149 feet east of the easterly line of Barnes Avenue, Borough of The Bronx, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment November 20, 1914, under which the width of Baker Avenue is decreased from 60 feet to 50 feet in the block between Garfield Street and Unionport Road, the proposed amended proceeding providing for the acquisition of title to said Baker Avenue, between the limits named in resolution of December 14, 1911, as it is now laid out upon the map or plan of The City of New York.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed district of assessment for benefit in this proposed amended proceeding:

Resolved, That this Board consider the proposed district of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 23rd day of December, 1914, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 23rd day of December, 1914.

Which was adopted by the following vote:

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

Presidents, Boroughs of Queens and Richmond; Department of Street Cleaning Removal of Snow, Winter, 1914-1915 (Cal. No. 148).

At the meeting of the Board on November 20, 1914 (Cal. No. 30), the President of the Borough of Queens moved that the plan of snow removal work for the Boroughs of Manhattan, Brooklyn and The Bronx, approved at said meeting, be applied to the Boroughs of Queens and Richmond.

The plan referred to proposes to use sewers to dispose of snow as an emergency measure and to pay employees of City Departments one and one-half times their rate of compensation during the time of employment in emergency snow removal work, while on temporary leave of absence without pay in the departments where they are regularly employed. This plan was recommended by the Committee on Street Cleaning of the Board.

This motion was offered by the President of the Borough of Queens at the meeting of November 20, 1914, and placed on the calendar for November 25, 1914, at his request.

(On November 25, 1914 (Cal. No. 42), the matter was laid over until this meeting.)

Which was referred to the Committee on Street Cleaning.

Classification and Standardization of Employment Under City Government and Establishment of Uniform Salary Rates (Cal. No. 149).

The Secretary presented a report of the Committee on Salaries and Grades, submitting report of the Director of the Bureau of Standards on the classification and standardization of employment in the government of The City of New York, together with the general plan for establishing uniform salary rates to be paid the incumbents of positions under definite work specifications.

This plan includes also studies of functional organization throughout the City government, as the basis for better and more economical methods of doing the City's work.

The Committee recommends the adoption of a resolution approving the report and instructing the Director of the Bureau of Standards to proceed with the work of standardization along the lines indicated therein.

This report was presented at the meeting of the Board on November 20, 1914 (Cal. No. 22), and the matter was laid over until December 4, 1914.

The Secretary also presented a communication, dated December 1, 1914, from the Chairman, Committee on Salaries and Grades of the Municipal Engineers of The City of New York, requesting the Board to defer action in the matter of approving a schedule of salaries and grades for the engineering service of the City until after an opportunity shall have been afforded to the Committee and to the Board of Directors of the Municipal Engineers to ascertain the nature of the proposition which the Board of Estimate and Apportionment now has under consideration, and to express their suggestions and views with regard thereto.

The communication states that the Municipal Engineers desire to aid the City Government in devising the best possible schedule of salaries and grades for the Engineers in the employment of the City, and believe that effective help can be rendered, as the Society has a standing Committee on Salaries and Grades continued with the idea that a time might come when some specific service could be rendered both to the City Government and to the Engineers in its employment.

The matter was laid over for two weeks (December 18, 1914).

Department of Finance; President, Borough of Manhattan—Issue of Corporate Stock for Payment of Awards and Interest Thereon (Cal. No. 150).

(On September 21, 1914 (Cal. No. 143) a resolution was adopted, on the recommendation of the Comptroller, authorizing the issue of $191,690.52 corporate stock for the payment of awards and interest, but the Comptroller reports it will be necessary to provide for the additional interest on account of the unforeseen delay in the adoption of the resolution and ordinance providing for the issuance of corporate stock to meet these obligations.)

(On November 25, 1914 (Cal. No. 17), the report of the Comptroller in this matter was presented and laid over until this meeting, under Rule 19.)

The Secretary presented the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 21, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Supplementing my report to your Board under date of August 20, 1914, in the matter of acquiring title to certain lands and premises situate at and near the southeasterly corner of 2d Street and 2d Avenue, in the 17th Ward, Borough of Manhattan, duly selected as a site for a municipal court house, I advise you that the sum heretofore available for the payment of awards, costs and interest in this matter amounts to $191,690.52, and includes interest on the awards from July 17, 1914, the date upon which title to the land and premises became vested in The City of New York to October 17, 1914, the date upon which payments of the awards were to be made.

Owing to unforeseen delay in the adoption of the resolution and ordinance providing for the issuance of corporate stock to meet these obligations as provided by law, the awards were not ready for payment until November 17, 1914.

It will be necessary to provide for the payment of additional interest on $185,267, the total amount of the awards, at the rate of six per cent. from October 17, 1914, to November 17, 1914.

For this purpose, corporate stock should be issued to the amount of nine hundred and twenty-six dollars and thirty-three cents ($926.33).

A resolution to that effect is submitted herewith. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 47 of the Greater New York Charter, hereby approves of the issue of corporate stock of The City of New York to the amount of nine hundred and twenty-six dollars and thirty-three cents ($926.33) for the purpose of providing means for the payment of additional interest on awards made in connection with the proceeding to acquire title by The City of New York to certain lands and premises situate at and near the southeasterly corner of 2d Street and 2d Avenue, in the 17th Ward, Borough of Manhattan, City of New York, duly selected as a site for a municipal court house, in the Borough of Manhattan, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York in the manner provided by Section 169 of the Greater New York Charter, to an amount not exceeding nine hundred and twenty-six dollars and thirty-three cents ($926.33), the proceeds to the amount of the par value thereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

National Guard and Naval Militia, Headquarters, 1st Battalion Signal Corps—Modification of Schedule (Cal. No. 151).

(On November 20, 1914 (Cal. No. 35), the report of the Comptroller in this matter was presented and laid over until November 25, 1914; on the latter date (Cal. No. 50), it was laid over until this meeting.)

The Secretary presented a communication dated October 21, 1914, from the Chief Signal Officer, N. G., N. Y., requesting that provision be made for the employment in the Headquarters, First Battalion, Signal Corps, of one Armorer, one Laborer and one expert Laborer; and the following report of the Comptroller, recommending approval of schedule:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, November 10, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated October 21, 1914, the Chief Signal Officer, Division, N. G., N. Y., requested that the armory of Headquarters, First Battalion, Signal Corps, N. G., N. Y., be considered an independent armory. He also certified that necessity exists for the employment of one armorer, one laborer, and one expert laborer, and requested that provision be made to pay them.

Section 187 of the Military Law, as amended by Chapter 163 of the Laws of 1914, reads, in part, as follows:

"Where a field hospital * * * * a company of signal corps * * * * or the headquarters of a regiment or of a battalion not part of a regiment occupies a portion of an armory or state arsenal * * * * such headquarters and quarters shall be considered an independent armory."

Headquarters, First Battalion, Signal Corps, N. G., N. Y., is located in the armory of Company A, at Park Avenue and 34th Street, Manhattan, and is, therefore, under the provisions of the Military Law, an independent armory.

Section 187 of the Military Law, as amended by Chapter 163 of the Laws of 1914, also reads:

"There shall be allowed for each armory * * * * one armorer * * * who shall be appointed by the commanding officer of the regiment or the commanding officer of a battalion not part of a regiment, upon the approval and certificate of the major general."

Section 188 of the Military Law, as amended by Chapter 163 of the Laws of 1914, reads, in part, as follows:

"To provide for the proper care and cleanliness of armories and arsenals and of the property therein deposited, the officer having control and charge of the armory or arsenal may appoint laborers as follows:

"For armories or arsenals having ten thousand square feet or less of floor space, one laborer * * * * and to each armory occupied by a battery or an organization of the signal corps in addition to the above one expert laborer, competent to care for artillery or signal implements, instruments and equipment * * * Before any such appointment is made, the necessity for the employment of such laborer or laborers shall be certified by the commanding officer of the division * * *"

Under date of October 21, 1914, the Major General, Division, N. G., N. Y., certified that the necessity exists for the employment of one armorer and one laborer at the Headquarters, First Battalion, Signal Corps, N. G., N. Y., but disapproved the application for one expert laborer at this time.

The Commanding Officer, First Battalion, Signal Corps, N. G., N. Y., pursuant to the provisions of the sections quoted, appointed one Armorer at $4 per day and one Laborer at $3 per day, said appointments to take effect November 5, 1914.

Section 189 of the Military Law, as amended by Chapter 242 of the Laws of 1912, provides for the compensation of employees in armories and fixes the compensation of Armorers at $4 per day and Laborers at $3 per day. This section also provides that such compensation shall be a county charge upon the county in which such armory or arsenal is situated.

There being no funds available to pay these employees, special revenue bonds will therefore be issued by the Comptroller under sub-division 7, section 188 of the Greater New York Charter, for the purpose of providing for the compensation of one armorer and one laborer, as follows:

Armorer, 1 at $4 per day, from November 5, 1914, to December 31, 1914 (57 days)	$228 00
Laborer, 1 at $3 per day, from November 5, 1914, to December 31, 1914 (57 days)	171 00
Total	$399 00

The adoption of the attached resolution, establishing a schedule for the organization referred to, is hereby recommended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

(On May 22, 1913, the Board adopted a resolution authorizing the acquisition by condemnation proceedings, of property in the Erie Basin section of the Borough of Brooklyn required as a classification yard for the proposed Municipal Terminal railroad and on August 28, 1913, this resolution was amended.)

(On October 30, 1914, a petition was presented by standholders of Washington Market urging the abandonment of the proposed improvement.)

The Secretary presented a communication, dated October 5, 1914, from the President of the Borough of Manhattan, requesting the rescission of $22,500 of the corporate stock authorization of $25,000 adopted by the Board on June 19, 1914 (Cal. No. 49), for the construction of a mezzanine floor and for other work in Washington Market, under the jurisdiction of the Borough President.

The Secretary also presented a supplemental communication from the President of the Borough of Manhattan, dated September 29, 1914, requesting the rescission of the resolution authorizing the issue of corporate stock for the above purpose; and the following report of the Committee on Corporate Stock Budget recommending the denial of the request of the President of the Borough of Manhattan:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 28, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On October 5, 1914, the President of the Borough of Manhattan requested rescission of $22,500 of the $25,000 corporate stock authorized June 19, 1914, for the construction of a mezzanine floor and for other work at Washington Market.

It is proposed to abandon the plan to construct a mezzanine floor or balcony in Washington Market. The proposal is based on the objections that, in the present depressed condition of business the standholders cannot afford to pay the increased rentals to be assessed on account of the new improvement, nor the loss of time during which their places of business will be in disorder, and also that the gallery will diminish the light of the stalls underneath.

The cost of the mezzanine will not be assessed on all the standholders, but the space on same will be rented. The rentable area will be 9,000 square feet. There will be maintenance and operation charges of about $5,000.

The original objection of many of the standholders to the mezzanine was based on the forced retention of their present temporary quarters through the holiday season. Whether the gallery is constructed or not, the market proper will not be ready for occupancy during the holiday season. Hence this objection has no force as relating to the mezzanine. With proper expedition the mezzanine should be finished and the market ready for the standholders by February 1, 1915. For the standholders to comply with the regulations as to the construction of ice boxes and other fixtures of their stands, will delay their occupancy beyond the date mentioned.

The mezzanine will diminish the light of the stalls underneath. The use of artificial light will be necessary, at some stalls, by reason of the construction of the mezzanine, but in most cases it would be used anyhow as an advertising medium of the standholders. Natural light is desirable but not essential; artificial light is undesirable, but a commercial necessity.

There are at present seven applicants for space on the mezzanine and that it will be fully rented is not doubted.

In view of the above facts, we recommend the adoption of the attached resolution denying the request of the Borough President of Manhattan. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee (concurring in recommendation).

Messrs. Arthur H. Kracke, M. Miccolino and Bruce Ellison appeared in opposition to the building of a mezzanine floor.

Hon. Cyrus C. Miller appeared in favor of the improvement.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *denies* the request of the President of the Borough of Manhattan for the rescindment of $22,500 of the $25,000 corporate stock authorized June 19, 1914, for the construction of a mezzanine floor and other work at Washington Market.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn and The Bronx—12.

Negative—The President of the Borough of Manhattan, the Acting President of the Borough of Queens and the President of the Borough of Richmond—4.

President, Borough of Manhattan—Issue of Corporate Stock (Cal. No. 155).

(On July 9, 1914 (No. 245), the above communication was presented and the matter was laid over until July 30, 1914, and referred to the Committee on Corporate Stock Budget.)

(On July 30, September 21 and 25, October 2 and 30 and November 13, 1914 (Cal. No. 98), this matter was laid over; on the latter date until this meeting.)

(When the matter was laid over on October 30, it was also referred to the Committee on Corporate Stock Budget for Report.)

The Secretary also presented a report of the Committee on Corporate Stock Budget resubmitting, without recommendation, its report of May 18, 1914, in the matter of the request of the President of the Borough of Manhattan for $40,000 corporate stock for alterations to Carmine Street Public Bath and Gymnasium. The May report recommended the denial of the request for corporate stock, and stated as the opinion of the committee, that the reconstruction, at an estimated cost of $13,000, should be met out of the proceeds of special revenue bonds.

The only change in the matter since May is that the Borough President, by certain economies, has reduced the cost from $38,853 to $25,000. The $25,000 does not include a triangular plot of land to be acquired at a cost which has been estimated at $10,000 for which funds will have to be provided, nor the construction of a pool to cost almost $25,000, on the Hudson Park side of the present bathhouse, for which funds are available. The estimate is to provide 50 new baths, and a stairway to 24 baths, on the gymnasium floor. Including the pool, it is proposed to spend approximately $60,000 for additional facilities at this bath. The attendance in 1914 was considerably below 1913, but this may be due to the torn-up condition of the street.

There are 24 baths not available for general public use, which are used in the afternoons and evenings by patrons of the gymnasium, and there are 10 other baths, unused, which could be used if the floor were waterproofed.

(On May 22, 1914 (Cal. No. 11), the above report of May 18, 1914, was presented to the Board and laid over for one week, and on May 28 and June 5, it was again laid over for one week; on June 12 (Cal. No. 257), the matter was referred back to the Committee for further consideration.)

Mrs. V. J. Simkovitch and Messrs. William Spinney and Cyril H. Jones appeared in favor of the improvement.

The President of the Board of Aldermen offered the following resolution:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, hereby approves of the issue of corporate stock of The City of New York to the amount of thirty-five thousand dollars ($35,000) for the purpose of making repairs to and enlarging the public bath building located at Nos. 83-85 Carmine street and acquiring title to the plot of land adjoining the rear of the present plot and facing the new line of 7th Avenue, Borough of Manhattan, under the jurisdiction of the President of the Borough of Manhattan, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding thirty-five thousand dollars ($35,000), the proceeds whereof, to the amount of the par value thereof, to be applied to the purposes aforesaid.

Negative—The Comptroller and the President of the Borough of The Bronx—4.

Section 226 of the Charter providing that 12 votes are necessary for the adoption of any resolution upon its original presentation to the Board, the matter was then laid over for one week (December 11, 1914).

Department of Docks and Ferries—Issue of Corporate Stock (Cal. No. 156).

The Secretary presented a communication, dated November 17, 1914, from the Commissioner of Docks, requesting an issue of $45,000 corporate stock to provide for the cost of building a pier by contract on the Ocean side of Coney Island in front of Dreamland Park, Borough of Brooklyn.

(On November 20, 1914 (Cal. No. 93), the above matter was referred to the Committee on Corporate Stock Budget for report at the meeting of November 25, 1914.)

The Secretary also presented a report of the Committee on Corporate Stock Budget, recommending the appropriation.

(On November 25, 1914 (Cal. No. 63), the matter was laid over until this meeting, under Rule 19.)

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The expenses of the New York Sewer Plan Commission, which, on and after January 1st, 1915, is to become the Bureau of Sewer Plan of the Board of Estimate and Apportionment, have heretofore been paid from the contingent fund of the Board, in accordance with resolutions adopted by the Board. The unexpended balance of the funds already authorized for the present year is $553.50. The estimated expenses for the remainder of the year are as follows:

Total	$912 50
Balance available	553 30
Estimated amount required above balance available	$359 20

While provision has been made in the budget for 1915 for the stenographer above referred to, it is desirable that the services of such stenographer should be secured during the month of December, and the Commission therefore requests the Board to authorize it to draw on the contingent fund of the Board to the amount of $359.20, in addition to the amounts previously authorized. Respectfully,

Department of Bridges—Appropriation from Bridge Revenues, Transfer of Appropriation and Modification of Schedules (No. 160).

(On November 20, 1914 (Cal. No. 147), the request of the Commissioner of Bridges in this matter was referred to the Comptroller.)

The Secretary presented a communication dated November 17, 1914, from the Commissioner of Bridges, requesting an appropriation of $10,824.51 from the revenues of the Brooklyn Bridge, and from the Williamsburg Bridge of $13,121.16, to provide for the operation and maintenance of these two bridges to the end of the current year; also a request for a transfer within the appropriation for said Department for 1914; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 3, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated November 17, 1914, the Commissioner of Bridges requested your Board, pursuant to the provisions of subdivision 2 of section 242 of the Greater New York Charter, to appropriate and set aside from the revenues of the Brooklyn Bridge the additional sum of $10,824.51, and from the revenues of the Williamsburg Bridge the additional sum of $13,121.16, to provide for the operation and maintenance of these two bridges to the end of the current year.

Subdivision 2 of Section 242 of the Greater New York Charter authorizes the Board of Estimate and Apportionment "to appropriate, from time to time, for the maintenance of the New York and Brooklyn Bridge the moneys received from the revenues of said bridge."

The receipts from revenues of the Brooklyn Bridge from January 1, 1914, to October 31, 1914, aggregated $248,427.05, and it is estimated that the receipts from this source during November and December will amount to $45,547, making the total for the year $293,974 05. The expenditures for salaries and wages of employees engaged on the operation and maintenance of this Bridge from January 1, 1914, to November 11, 1914, amounted to $246,889.81, and it is estimated that an additional $42,173 will be required to carry the force to December 31, 1914, making a total expenditure of $289,062 81 for the entire year. The Board of Estimate and Apportionment has authorized that such expenditures be paid out of the revenues of this bridge to the extent of $278,238.30. This allowance is almost exhausted, and it is now requested that an additional amount of $10,824.51 be authorized to be paid out of such revenues for this purpose. This would make the total authorization $289,062.81 to meet the total estimated expenditure for the year 1914, payable out of the year's estimated revenues of $293,974.05.

The Williamsburg Bridge receipts from revenues from January 1, 1914, to October 31, 1914, were $79,548.09, and it is estimated that $17,330.81 will be collected during November and December, a total of $96,878.90.

This amount does not include the item of uncollected tolls for elevated railroad cars, which are stated below:

August 4, 1913, to December 31, 1913	$19,776 90
January 1, 1914, to October 31, 1914	45,202 80
November 1, 1914, to December 31, 1914 (Est.)	8,500 00
Total, August 4, 1913, to October 31, 1914	$64,979 70
Total (Est.), August 4, 1913, to December 31, 1914	$73,479 70
Total (Est.), January 1, 1914, to December 31, 1914	$53,702 80

The railroad company has refused to pay these tolls as charged, and litigation is now pending thereon. The amount charged upon the books of the Department of Bridges as due on this account from January 1, 1914, to October 31, 1914, is $45,202.80, to which may be added the tolls for the months of November and December, estimated at $8,500, or an estimated total of $53,702.80 for the year 1914. This amount, added to $96,878.90, the estimated receipts from other revenues, would make an aggregate estimated total income for this bridge from all sources of $150,581.70. There is also available for the operation and maintenance of the Williamsburg Bridge a tax levy allowance of $31,762.80, which makes a total estimated fund of $182,344.50. This estimate is based upon the supposition that the City will succeed in the litigation above referred to; otherwise there will be a deficit, estimated at $24,084.26, to be provided for in some other manner.

From January 1, 1914, to November 11, 1914, $131,362.40 was expended for this purpose, and it is estimated that from the latter date to December 31, 1914, an additional expense of $21,363.56 will be necessary, bringing the total operation and maintenance expenditure for the year up to $152,725.96.

The Board of Estimate and Apportionment on January 9, 1914, and April 24, 1914, respectively, authorized the setting aside of receipts from the revenues of this bridge to provide for its operation and maintenance, to a total amount of $107,842. The Commissioner of Bridges has now requested an additional allotment of $13,121.16 out of the receipts, thus making the total amount thus authorized $120,963.16, which, with the tax levy allowance of $31,762.80, will equal the estimated expenditures for the year, $152,725.96.

In connection with the requested authorization for the Brooklyn Bridge, the Commissioner desires that funds to the extent of $981 already appropriated out of the receipts of this Bridge, as applicable to Account No. 2757B, entitled, Wages, Regular Employees, Operation, be transferred to Account No. 2760B, entitled Wages, Regular Employees, Care of Bridges, to meet the present requirements of that bridge.

Resolutions are transmitted herewith and recommended for adoption, granting the request of the Commissioner of Bridges with reference to both the Brooklyn Bridge and the Williamsburg Bridge, together with a resolution providing for the necessary changes in schedules. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of subdivision 2, section 242 of the Greater New York Charter, hereby appropriates from the revenues of the Brooklyn Bridge and the Williamsburg Bridge the sum of ten thousand eight hundred and twenty-four dollars and fifty-one cents ($10,824.51), and the sum of thirteen thousand one hundred and twenty-one dollars and sixteen cents ($13,121.16), respectively, to provide for the maintenance of said bridges to December 31, 1914, the said appropriation to be apportioned as follows:

		$7,321 14

The amount requested to be transferred was based upon the experience of the first nine months of the year. An examination of the accounts affected shows their condition on November 1, 1914, to be as follows:

The increased cost for 1914 over the amounts appropriated for the accounts mentioned is due to salary increases for Hospital Helpers who are entitled by the rules of the department to an automatic increase of $2.50 to $5 per month at the expiration of each six months of service. Additional amounts were also expended for temporary employees during vacation periods of regular employees; for employees who entered the service in the latter part of the year 1913 (subsequent to the departmental estimate for 1914) for whom no provision was made in the budget for 1914, and who are still employed; and for new employees, the retention of whom has been made necessary by the increased census of the hospitals.

The funds necessary to provide for the deficit of $7,178.50 are to be obtained by a transfer from the appropriation made to the Department of Health for the year 1914, for account No. 1844, Personal Service, Salaries Temporary Employees, Hospital Service, All Hospitals. Mr. S. S. Goldwater, Commissioner of the Department of Health, consented to such transfer under date of November 9, 1914.

In view of the foregoing statements, the adoption of the attached resolutions approving of the transfer of $7,178.50 and the modification of the necessary schedules is hereby recommended.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease to the city of premises on the south side of Glenwood Road between East 37th Street and East 38th Street, Borough of Brooklyn, for use of the Board of Education:

November 27th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to your Board under date of October 29, 1914, states that at a meeting of the Board of Education held on October 28, 1914, the following resolution was adopted:

"Resolved, That the Commissioners of the Sinking Fund be and they are hereby respectfully requested, subject to financial ability, to approve of and consent to the execution by the Board of Education of a lease of a plot of land on the south side of Glenwood Road, between East 37th and East 38th Streets, Brooklyn, bounded and described as follows:

"Beginning at the corner formed by the intersection of the southerly side of Glenwood Road with the easterly side of East 37th Street, and running thence southerly along the easterly side of East 37th Street 107 feet 6 inches; thence easterly and parallel with Glenwood Road 200 feet to the westerly side of East 38th Street; thence northerly along the westerly side of East 38th Street 107 feet 6 inches to the corner formed by the intersection of the westerly side of East 38th Street with the southerly side of Glenwood Road; thence westerly along the southerly side of Glenwood Road 200 feet to the point or place of beginning.

"—for a period from January 1, 1915, to July 1, 1919, at an annual rental of $500, with the privilege of renewal thereafter for a further term of five years at an annual rental of $600, it being agreed that any increase in the taxes levied against said premises by reason of improvements placed thereon by the Department of Education shall be assumed by the City; the Board of Education, during the period covered by the lease, and at any time within six weeks next ensuing after the date of termination of the same, to have the right to remove from said premises any or all improvements which it may have caused to be placed thereon. Owner, Frank P. Lauer, Reading, Pa..; Messrs. Hovel, McChesney and Clarkson, Attorneys, No. 50 Court Street, Brooklyn."

As a result of negotiations by the Division of Real Estate of this Department, the owner has consented to accept an annual rental of $480 for the period from January 1, 1915, to July 1, 1919, with the privilege of renewal for a further term of five years at an annual rental of $576.

The lots are assessed for the year 1914, at a total value of $6,800 for both, and

their present market value is $8,000. The rent of $480 a year for the first term is about 7 per cent. of the assessed volue and 6 per cent. of the appraised value.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of a plot of land on the south side of Glenwood Road, between East 37th and East 38th Streets, Borough of Brooklyn, and described as follows:

Beginning at the corner formed by the intersection of the southerly side of Glenwood Road with the easterly side of East 37th Street, and running thence southerly along the easterly side of East 37th Street 107 feet 6 inches; thence easterly and parallel with Glenwood Road 200 feet to the westerly side of East 38th Street; thence northerly along the westerly side of East 38th Street 107 feet 6 inches to the corner formed by the intersection of the westerly side of East 38th Street with the southerly side of Glenwood Road; thence westerly along the southerly side of Glenwood Road 200 feet to the point or place of beginning.

—for a period from January 1, 1915, to July 1, 1919, at an annual rental of $480, payable quarterly, with the privilege of renewal for a further term of five years at an annual rental of $576, it being agreed that any increase in the taxes levied against said premises by reason of improvements placed thereon by the Department of Education shall be assumed by the City, as well as the water rates; the Board of Education during the period covered by the lease, and at any time within the six weeks next ensuing after the date of the termination of the same, to have the right to remove from said premises any or all improvements which it may have caused to be placed thereon. Lessor, Frank P. Lauer, Reading, Pa. Messrs. Hovell, McChesney & Clarkson, Attorneys, No. 50 Court Street, Brooklyn.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City of a plot of land on the south side of Glenwood Road, between East 37th and East 38th Streets, Borough of Brooklyn, described as follows:

Beginning at the corner formed by the intersection of the southerly side of Glenwood Road with the easterly side of East 37th Street, and running thence southerly along the easterly side of East 37th Street 107 feet 6 inches; thence easterly and parallel with Glenwood Road 200 feet to the westerly side of East 38th Street; thence northerly along the westerly side of East 38th Street 107 feet 6 inches to the corner formed by the intersection of the westerly side of East 38th Street with the southerly side of Glenwood Road; thence westerly along the southerly side of Glenwood Road 200 feet to the point or place of beginning.

—for a period from January 1, 1915, to July 1, 1919, at an annual rental of four hundred and eighty dollars ($480), payable quarterly, with the privilege of renewal for a further term of five years at an annual rental of five hundred and seventy-six dollars ($576), it being agreed that any increase in the taxes levied against said premises by reason of improvements placed thereon by the Department of Education shall be assumed by the City, as well as the water rates; the Board of Education during the period covered by the lease, and at any time within the six weeks next ensuing after the date of the termination of the same, to have the right to remove from said premises any or all improvements which it may have caused to be placed thereon. Lessor, Frank P. Lauer; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a renewal of the lease to the City of a vacant plot of land known as Lots 42 and 43, block 190, Ward 2, Corona Park, Corona Heights, Borough of Queens, for use of the Board of Education:

November 25th, 1914.

To the Honorable The Commissioners of the Sinking Fund:

Gentlemen—At a meeting of your Board held July 29, 1914, a resolution was adopted approving of and consenting to the execution by the Board of Education of a renewal of the lease of vacant land known as Lots 42 and 43, Block 190, Ward 2, Corona Park, Corona Heights, Borough of Queens, for a period of one year from July 1, 1914, at an annual rate of $60 for both lots, payable quarterly; the owner to pay taxes and assessments, and the Board of Education to have the right to remove at the end of the lease all improvements it may have placed thereon.

In connection with the renewal above referred to, the Board of Education, at a meeting held October 28, 1914, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they are hereby respectfully requested to amend the resolution adopted by them on July 29, 1914, so as to provide that the City of New York shall assume so much of the taxes upon Lots 42 and 43, Block 190, Ward 2, Corona Park, Corona Heights, Borough of Queens, as may be in excess of the taxes thereon at the time said lots were leased for the purposes of the Department of Education, namely, May 15, 1912."

It appears that previous to the City leasing the property in question, the taxes thereon were $6 per annum, and that they have now been placed at $64 per annum, the apparent reason being that the Department of Education has placed thereon a portable school building.

When this property was leased on May 15, 1912, the rental value was based on the property considered as vacant land, bearing in mind that any improvements which the Board of Education caused to be placed thereon would be removed by said Board upon the termination of the lease. In view of the foregoing, I deem the request of the Board of Education to be a reasonable one, and respectfully recommend that the resolution adopted by the Commissioners of the Sinking Fund on July 29, 1914, and hereinbefore referred to, be amended in so far as it refers to the payment of taxes by "providing that the City of New York shall assume so much of the taxes on Lots 42 and 43, Block 190, Ward 2, Corona Park, Corona Heights, Borough of Queens, as may be in excess of the Taxes thereon at the time said lots were leased for the purposes of the Department of Education, namely, May 15, 1912."

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held July 29, 1914, approving of and consenting to the execution, by the Board of Education, of a renewal of the lease to the City, of the vacant land known as Lots 42 and 43, Block 190, Ward 2, Corona Park, Corona Heights, Borough of Queens, for a period of one year from July 1, 1914, at an annual rental of sixty dollars ($60) for both lots, payable quarterly, the owner to pay taxes and assessments, and the Board of Education to have the right to remove at the end of the lease all improvements it may have placed thereon, be and the same is hereby amended, in so far as it refers to the payment of taxes, by "providing that The City of New York shall assume so much of the taxes on Lots 42 and 43, Block 190, Ward 2, Corona Park, Corona Heights, Borough of Queens, as may be in excess of the taxes thereon at the time said lots were leased for the purposes of the Department of Education, namely, May 15, 1912."

The report was accepted and the resolution unanimously adopted.

The rent being reasonable and just and the same as heretofore paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the hiring of the meeting room of the Society of Ethical Culture at 63rd

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City of premises Nos. 370-372 East 152nd Street, Borough of The Bronx, for use of the Department of Street Cleaning:

November 25, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Department of Street Cleaning, in a communication to your Board under date of October 21, 1914, requests a lease of the stable premises Nos. 370-372 East 152nd Street, Borough of The Bronx, for a period from January 1, 1915, to July 10, 1918, at an annual rental of $3,000, payable quarterly; the lessor to pay taxes and assessments and make outside repairs; the City to pay water rates and make such inside repairs and alterations as it may deem necessary.

The premises in question consist of a 3-story brick building, 30 feet by 110 feet, on a lot 70 feet by 115 feet 4 inches, situated on the south side of 152nd Street, 155 feet east of Courtland Avenue, and directly opposite the present stable of the Street Cleaning Department. These latter premises are inadequate for the needs of the Department, and especially in view of the fact that during the coming year it is intended to extend the collection service in the district served by this stable and to discontinue the hiring of private carts. The advantage of leasing the premises opposite the present stable is that an additional stable force will not be necessary.

The premises sought to be leased contain an electric lighting system, gas, water and sewer connections. Also contains 34 single stalls, one box stall, two harness rooms, toilet and manure pit on the ground floor. On the second floor there is an oat bin 7 feet by 10 feet, otherwise the second and third floors having a total floor area of 6,100 square feet, can be used for storage or other purposes.

The building is well ventilated, has concrete floors with plank floors in stalls, and was built in the year 1884, at an estimated cost of $10,000.

Adjoining the stable on the east is a vacant lot 25 feet by 115 feet, which can be used as a storage yard, and on the west of the building is a driveway to the manure pit; this drive is 15 feet by 90 feet, and can be used for storage purposes.

The rental of $3,000 per annum was considered excessive, and as a result of negotiations by the Division of Real Estate of this Department, the owner has consented to accept a rental of $2,500 a year, without the privilege of renewal.

The property is assessed for the year 1915 at: Land, 18,750; building, $7,500; total, $26,250. Appraised value: Land, $19,500; building, $9,000; total, $28,500. The rent is therefore at the rate of 9½ per cent. of the assessed value and less than 9 per cent. of the appraised value.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises Nos. 370-372 East 152nd Street, Borough of The Bronx, situated on the south side of 152nd Street, 155 feet east of Courtland Avenue, consisting of a plot of land 70 feet by 115 feet 4 inches, with a 3-story building 30 feet by 110 feet, with manure pit at end of driveway, for use of the Department of Street Cleaning for a period beginning January 1, 1915, and ending July 10, 1918, at a rental of $2,500 per annum, payable quarterly; the lessor to pay taxes and assessments and make outside repairs; the City to pay for water used on the demised premises during the term of the lease and make such alterations and inside repairs as it may deem necessary. Lessor, J. & M. Haffen Brewing Company, 398 East 152nd Street, Borough of The Bronx.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City of the premises Nos. 370-372 East 152nd Street, Borough of The Bronx, situated on the south side of 152nd Street, 155 feet east of Courtland Avenue, consisting of a plot of land 70 feet by 115 feet 4 inches with a three-story building 30 feet by 110 feet, with manure pit at end of driveway, for use of the Department of Street Cleaning, for a period beginning January 1, 1915, and ending July 10, 1918, at a rental of twenty-five hundred dollars ($2,500) per annum, payable quarterly; the lessor to pay taxes and assessments and make outside repairs; the City to pay for water used on the demised premises during the term of the lease, and make such alterations and inside repairs as it may deem necessary; lessor, J. & M. Haffen Brewing Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Department of Street Cleaning in a communication to your Board under date of November 4, 1914, requests a renewal of the lease of the premises at 166 South 4th Street, southeast corner of Driggs Avenue, Borough of Brooklyn, for a term of one year from January 1, 1915, at a rental of $420 a year, payable quarterly, and otherwise upon the same terms and conditions as contained in the existing lease.

The Comptroller in a communication to your Board under date of December 9, 1913, recommended a renewal of this lease for a period of one year from January 1, 1914, at a rental of $420 a year, and said report was approved and renewal of lease authorized at a meeting of your Board held December 17, 1913.

Deeming the rent reasonable and just, and it being the same as previously paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the ground or store floor of the premises 166 South Fourth Street, southeast corner of Driggs Avenue, Borough of Brooklyn, together with cellar space 12 ft. by 20 ft., rear yard 12 ft. by 20 ft. 6 in., and both floors of the two-story brick stable building 16 ft. by 20 ft. 6 in. on the rear of the lot, for use of the Department of Street Cleaning, for a period of one year from January 1, 1915, at an annual rental of $420, payable quarterly; the lessor to pay taxes and water rates and make inside and outside repairs, the lessee to furnish heat, light and caretaker, and otherwise upon the same terms and conditions as contained in the existing lease. The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City of premises at No. 403 Butler Street, Borough of Brooklyn, for use of the Department of Street Cleaning:

November 25, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Department of Street Cleaning, in a communication to your Board under date of September 24, 1914, requests a renewal of the lease of premises No. 403 Butler Street, Borough of Brooklyn, for use of the Department of Street Cleaning, as a stable, for a period of three years, from January 20, 1915, at an annual rental of $6,000, payable quarterly, and otherwise on the same terms and conditions as contained in the existing lease made on January 9, 1905, with Robert Furey.

The City has been a tenant of these premises for the past ten years at the same rental as now asked.

The Chief Engineer of the Finance Department has reported that the value of the improvements now existing on the said premises is $41,000. In my opinion, the present fair market value of the land is $35,000, making a total value of land and improvements at $76,000. The rent of $6,000 asked by the owner is therefore less than 8 per cent.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of premises No. 403 Butler Street, Borough of Brooklyn, for use of the Department of Street Cleaning, for a period of three years from January 20, 1915, at an annual rental of $6,000, payable quarterly; the lessor to pay taxes and assessments and make all repairs to the roof and such other outside repairs as may be deemed necessary by the City, the lessee to pay water rates and make such inside alterations and repairs as it may deem necessary, and otherwise upon the same terms and conditions as contained in the existing lease made on January 9, 1905, with Robert Furey. Lessor, John M. Gray, 244 Wyckoff Street, Borough of Brooklyn.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of premises No. 403 Butler Street, Borough of Brooklyn, for use of the Department of Street Cleaning, for a period of three years from January 20, 1915, at an annual rental of six thousand dollars ($6,000), payable quarterly; the lessor to pay taxes and assessments and make all repairs to the roof and such other outside repairs as may be deemed necessary by the City; the lessee to pay water rates and make such inside alterations and repairs as it may deem necessary, and otherwise upon the same terms and conditions as contained in the existing lease; lessor, John M. Gray; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution authorizing a renewal of the lease to the City of premises at the northeast corner of Kent Avenue and North 13th Street, Borough of Brooklyn, for use of the Department of Street Cleaning:

November 18, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—At a meeting of your Board held September 16, 1914, a resolution was adopted authorizing a renewal of the lease of the stable premises and yard, near the northeast corner of Kent Avenue and North 13th Street, Borough of Brooklyn, for use of the Department of Street Cleaning, for a period of three years from November 22, 1914, with the privilege of renewal for an additional three years upon the same terms and conditions, at an annual rental of $4,000, payable quarterly; the owner to pay taxes and make outside repairs; the City to pay water rates, supply heat and light and make such inside repairs and improvements as necessary, otherwise upon the same terms and conditions as contained in the existing lease.

The lease was prepared, but the owner has declined to execute it on the ground that he did not intend to grant the City the privilege of further renewal, except at an increased rental of $4,500 for the last three years, but is willing to lease the premises for a term of five years at $4,000 per annum, without the privilege of renewal, which is acceptable to the Commissioner of the Department of Street Cleaning.

I therefore respectfully recommend that your Board amend resolution of September 16, 1914, by having the term read, "for a period of five years from November 22, 1914, at an annual rental of $4,000, payable quarterly," instead of, "for a period of three years from November 22, 1914, with the privilege of renewal for an additional three years on the same terms and conditions, at an annual rental of $4,000, payable quarterly."

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held September 16, 1914, approving of and consenting to the execution by the Commissioner of Street Cleaning of a renewal of the lease to the City of the stable premises and yard near the northeast corner of Kent Avenue and North 13th Street, Borough of Brooklyn, for a period of three years from November 22, 1914, with the privilege of renewal for an additional three years upon the same terms and conditions, at an annual rental of four thousand dollars ($4,000), payable quarterly.

—be and the same is hereby amended, by substituting as the terms of the lease "for a period of five years from November 22, 1914, at an annual rental of four thousand dollars, payable quarterly," instead of "for a period of three years from November 22, 1914, with the privilege of renewal for an additional three years on the same terms and conditions, at an annual rental of four thousand dollars ($4,000), payable quarterly."

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City of premises at No. 1354 Webster Avenue, Borough of The Bronx, for use of the Health Department:

November 25, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Department of Health in a communication to your Board under date of October 27, 1914, states that a meeting of the Board of Health held October 27, 1914, a resolution was adopted requesting a renewal of the lease of the premises now occupied by the Department of Health as an Infants' Milk Station, located at 1354 Webster Avenue, Borough of The Bronx, for a period of one year from January 15, 1915, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of $534, payable quarterly, and otherwise upon the same terms and conditions as contained in the existing lease.

The Comptroller in a communication to your Board under date of April 17, 1914, recommended the renewal of this lease for a period of one year from January 15, 1914, at an annual rental of $474, and said report was approved and renewal of lease authorized at a meeting of your Board held April 22, 1914.

The rental of $534 is an increase of $60 a year over the rent previously paid by the City for these premises, and in justification for this increase, the owner has gone to considerable expense in stalling on the premises a steam heating plant, thus making the premises far more desirable for the purposes of the Health Department. These premises were formerly heated by gas, but owing to the fact that this is a corner store, the gas heat was not sufficient, especially during the winter months, and the Department was compelled to purchase coal and wood at an estimated cost of $20 a year to properly heat the place. This extra expense will now be eliminated, so that the net increase in rental will probably only amount to $40 a year. The lessor will not make any concessions on the rent. The Health Department is anxious to remain in these premises, which they claim are very well adapted for their operations, and further, there are no other similar stores available for rent in this neighborhood at a less rental.

I therefore respectfully recommend, the rent being reasonable and just under the circumstances, that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the corner store premises at 1354 Webster Avenue, southeast corner of Anna Place, Borough of The Bronx, said store being 11 feet by 33 feet 6 inches, with three rear rooms 9 feet by 13 feet 6 inches, 12 feet 9 inches by 13 feet 6 inches, and 12 feet by 12 feet, with bath room 8 feet 6 inches by 4 feet 6 inches, for use of the Department of Health, for a period of one year from January 15, 1915, with the privilege of renewal for an additional year on the same terms and conditions, at an annual rental of $534, payable quarterly; the lessor to pay taxes and water rates, furnish steam heat and light and make outside repairs; the lessee to furnish janitor service and make such interior alterations and repairs as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, George Kindermann, Julius Kindermann and Frank Kindermann, No. 1360 Webster Avenue. Borough of The Bronx.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the corner store at No. 1354 Webster Avenue, southeast corner of Anna Place, Borough of The Bronx, with three rear rooms and bath room, for use of the Department of Health, for a period of one year from January 15, 1915, with the privilege of renewal for an additional year on the same terms and conditions, at an annual rental of five hundred and thirty-four dollars ($534), payable quarterly; the lessor to pay taxes and water rates, furnish steam heat and light and make outside repairs; the lessee to furnish janitor service and make such interior alterations and repairs as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease; lessor, George Kindermann, Julius Kindermann and Frank Kindermann; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution, authorizing a renewal of the lease to the City of premises at No. 420 East 116th Street, Manhattan, for use of the Health Department:

November 27, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—At a meeting of your Board held November 4, 1914, the following resolution was adopted:

"Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the premises No. 420 East 116th Street, Borough of Manhattan, for use of the Department of Health for a period of three years from January 1, 1915, with the privilege of renewal for an additional three years on the same terms and conditions, at an annual rental of nine hundred dollars ($900), payable quarterly, the lessor to pay taxes and water rates, the lessee to furnish heat, light and janitor service; the lessor agrees to permit the City to demolish the partition or wall between the rear room and the middle room on the top floor of the demised premises, and the City agrees to replace said wall or partition before the expiration of this lease or any renewal thereof; the lessee to put the premises in sanitary condition and make such repairs as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Prosper R. Ferrari, assignee of Mary A. Ferrari; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made."

The lease was prepared and sent to the lessor, who has declined to execute it on the ground that he did not intend to grant the City the privilege of a further renewal, except at an increased rental.

I therefore respectfully recommend that the Commissioners of the Sinking Fund amend the resolution adopted on November 4, 1914, and hereinbefore recited, by striking out the following clause: "with the privilege of renewal for an additional three years on the same terms and conditions."

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease of plot of ground at the northeast corner of Ocean Parkway and Foster Avenue, Borough of Brooklyn, for use of the Police Department:

November 27th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Police Department in a communication to your Board under date of October 29, 1914, requests a lease of premises at Ocean Parkway and Foster Avenue, Borough of Brooklyn, as a place to keep the police dogs used in the 172d Precinct.

The lessor of these premises, Mr. Gustav Stelle, of 725 Ocean Parkway, by whom a sub-lease is to be given, agrees to fence off a plot of ground 52 feet by 142 feet 4¾ inches at this location, and to erect a building suitable for dog kennels, at a rental of $40 a month for a period of three years.

The police dogs are at present housed in the stable attached to the 172d Precinct, located on Lawrence Avenue, and are a source of annoyance to the horses kept

therein. Owing to the limited room in this stable, the dogs have to be exercised in the streets, which is not considered good policy, as the dogs are very apt to become familiar with the neighbors.

The plot proposed to be leased is located at the northeast corner of Ocean Parkway and Foster Avenue, facing 52 feet on Ocean Parkway and 142 feet 4¾ inches on Foster Avenue, and is appraised at $5,860, which, together with the cost of building the kennel and the fence, will bring the total value of land and improvements to $6,400. The rental of $480 a year is therefore at the rate of 7½ per cent. of the appraised value.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of a plot of ground 52 feet by 142 feet 4¾ inches at the northeast corner of Ocean Parkway and Foster Avenue, Borough of Brooklyn, for use of the Police Department, for a period beginning January 1, 1915, and ending June 30, 1917, with the privilege of renewal for a further term of one year, at an annual rental of $480, payable quarterly; the lessor to pay taxes and make outside repairs, and to fence off the plot in question and erect a building suitable for dog kennels and according to plans furnished by the Police Commissioner, the fence and building to be satisfactory to the Police Commissioner; the lessee to furnish heat, light and janitor service, pay for the water used on the demised premises or any renewal thereof during the term of the lease, and make such inside repairs and alterations as it may deem necessary. Lessor, Gustav Stelle, No. 725 Ocean Parkway, Borough of Brooklyn. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Gustav Stelle, of a plot of ground 52 feet by 142 feet 4¾ inches at the northeast corner of Ocean Parkway and Foster Avenue, Borough of Brooklyn, for use of the Police Department, for a period beginning January 1, 1915, and ending June 30, 1917, with the privilege of renewal for a further term of one year, at an annual rental of four hundred and eighty dollars ($480), payable quarterly; the lessor to pay taxes and make outside repairs, and to fence off the plot in question, and erect a building suitable for dog kennels and according to plans furnished by the Police Commissioner; the fence and building to be satisfactory to the Police Commissioner; the lessee to furnish heat, light and janitor service, pay for water used on the demised premises during the term of the lease or any renewal thereof, and make such inside repairs or alterations as it may deem necessary; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

Gentlemen—The Commissioner of the Police Department, in a communication to your Board, under date of November 13, 1914, requests the execution of a lease of the store and basement of the premises No. 36 East 9th Street, Borough of Manhattan, occupied by Traffic Subdivision "B," for a period of one year from February 1, 1915, at a rental of $1,350 a year, payable quarterly.

These premises have been occupied by the Police Department for some time, together with the loft, at a rental of $2,500 a year, but the Police Department no longer requires the loft, and the owner has consented to lease the store and basement at $1,350 a year, and the execution of the new lease is to be contingent upon the owner making repairs to the basement and store before the lease becomes effective.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the store and basement of the premises No. 36 East 9th Street, Borough of Manhattan, for use of the Police Department for a period of one year from February 1, 1915, with the privilege of renewal for an additional year upon the same terms and conditions at an annual rental of $1,350, payable quarterly; the lessor to pay taxes and water rates, furnish steam heat and make outside repairs; the lessee to furnish light and janitor service; the execution of the lease to be contingent upon the following repairs to be made by the owner: Basement—the present wood flooring to be removed and a concrete floor laid; defective plastering to be removed from side walls, which are to be repaired; plaster on side walls, metal ceiling and all exposed piping to be painted; missing balusters on the stairs leading from the basement to first floor to be provided; and the flooring on first floor to be repaired and the ceilings and sidewalls painted. The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the assignment of a parcel of land formerly acquired by the Town of Flushing as a Pauper Cemetery and located at Queens Avenue between 24th and 26th Streets, Flushing, Borough of Queens, to the Park Department, Borough of Queens:

November 28th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the Flushing Association, requesting the transfer of a three-acre plot at Queens Avenue and 23rd Street, Borough of Queens, formerly known as the Pauper Cemetery, to the Department of Parks.

In their communication the Association states that for some years past this plot has been entirely neglected, and is now a veritable jungle and a nuisance and that if it was placed under the jurisdiction of the Commissioner of Parks, it could at a trifling expense for labor, be converted into a small park which would be a comfort to the community, or into a playground which would be the delight of the young folks.

After investigation it has been discovered that no interments have been made in this plot for some time past. The former Supervisor of the Poor has stated that in 1898, in grading Rocky Hill Road, some bones were excavated and buried in this old cemetery, which is the last known interment.

This property was acquired by the old Town of Flushing about the year 1868.

I therefore respectfully recommend that the Commissioners of the Sinking Fund assign to the Department of Parks of the Borough of Queens that parcel of land formerly acquired by the Town of Flushing as a Pauper Cemetery, and located on Queens Avenue, between 24th and 26th Streets, Flushing, Borough of Queens.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Parks, Borough of Queens, the parcel of land formerly acquired by the Town of Flushing as a Pauper Cemetery, located on Queens Avenue, between 24th and 26th Streets, Flushing, Borough of Queens.

"Resolved, That our lease for space in the Standard Storage Warehouse Building, 53rd Street and Broadway, Borough of Manhattan, City of New York, be terminated at its expiration on November 30th, 1914, and the Comptroller of the City of New York be requested to give us possession of the premises No. 320 West 21st Street, Borough of Manhattan, City of New York, for the storage of election material now stored in the said Standard Storage Warehouse, and that such possession be granted on November 30th, 1914, for the storage of election material (the property of the City of New York in the care and custody of this Board)."

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution, turning over to the Board of Elections for the storage of election material in the care and custody of the Board of Elections, the five-story building on the rear of the lot at 320 West 21st Street, Borough of Manhattan.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On November 13, 1914, the Board of Estimate and Apportionment adopted a resolution authorizing the Comptroller to enter into contracts for the acquisition of certain premises at Lexington Avenue and 22nd Street, Borough of Manhattan, as a site for the Manhattan Trade School for Girls, for use of the Department of Education, at a price not exceeding $170,000, said contracts to be submitted to the Corporation Counsel for approval as to form, the moneys for the purchase thereof to be provided from the fund known as "City Treasury, Special and Trust Account, Sale of City Property."

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the payment for this property from the fund known as the "City Treasury, Special and Trust Account, Sale of City Property."

Whereas, On November 13, 1914, the Board of Estimate and Apportionment adopted a resolution authorizing the Comptroller to enter into contracts for the acquisition of certain premises at Lexington Avenue and 22d Street, Borough of Manhattan, as a site for the Manhattan Trade School for Girls, for use of the Department of Education, at a price not exceeding $170,000, said contracts to be submitted to the Corporation Counsel for approval as to form, the moneys for the purchase thereof to be provided from the fund known as "City Treasury, Special and Trust Account, Sale of City Property."

Resolved, That the Comptroller be and is hereby authorized to pay for the above mentioned property from the fund known as "City Treasury, Special and Trust Account, Sale of City Property."

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the retention of the services of one caretaker employed at the Brooklyn Disciplinary Training School for Boys up to and inclusive of November 30, 1914:

November 23d, 1914.

To the Commissioners of the Sinking Fund, The City of New York:

Gentlemen—At a meeting of your Board held on August 24, 1914, a resolution was adopted authorizing the Comptroller to transfer the equipment and other personal property of the Brooklyn Disciplinary Training School for Boys to the various City departments having use for same, with the understanding, however, that an inventory of the property so transferred to each department be furnished the Board at the earliest possible date.

In compliance with the said resolution I transmit herewith inventories of the property so transferred.

The resolution referred to further authorized the Comptroller to retain the services of two Caretakers in the employ of the Brooklyn Disciplinary Training School to act as watchmen on the premises until September 30, 1914, at the same rate of compensation that they were receiving, the expense thereof to be charged to the salary appropriation provided in the budget for the said institution.

It was found, however, necessary to request your Board to extend the authorization for the employment of these Caretakers for the month of October, 1914, which was granted.

It is deemed advisable to request authorization to further employ one Caretaker for the month of November, 1914, for the reason that the properties have not been fully removed by the departments to which they were transferred.

It is estimated that the work will be completed by November 30, 1914, at the latest. Meantime it is considered inadvisable to leave the property unprotected, and the approval of the attached resolution authorizing the Comptroller to retain the services of one Watchman for the month of November is therefore requested.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the sale and removal of encroachments lying within the lines of Shaler Street, from Kossuth Place to Cornelia Street, in the Borough of Queens:

November 17, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—A request has been received from the President of the Borough of Queens for the removal of an encroachment lying within the lines of Shaler Street, from Kossuth Place to Cornelia Street, in the Borough of Queens, because of the dilapidated and dangerous condition of the building.

This encroachment consists of part of a three-story frame building on Damage Parcel No. 87, the estimated removal value of which is $10, which amount should be realized by its sale.

I therefore request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by Sections 205 and 1553 of the Revised Charter, adopt a resolution authorizing and ordering that the said encroachment be offered for sale at the upset or minimum price named above, and also authorizing and ordering the President of the Borough of Queens to demolish and remove this encroachment if it is not sold at the said upset price, as an encumbrance upon a public street, and such a resolution is herewith transmitted.

Yours respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The President of the Borough of Queens has requested the removal of the encroachment lying within the lines of Shaler Street, from Kossuth Place to Cornelia Street, in the Borough of Queens; and

Whereas, If this improvement is offered for sale at an upset price it would probably realize a fair return in proportion to the award given; it is therefore

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids Damage Parcel No. 87, consisting of part of a three-story frame building lying within the lines of Shaler Street, from Kossuth Place to Cornelia Street, in the Borough of Queens, at the upset or minimum price of $10, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund at a meeting held October 4, 1910, and the President of the Borough of Queens is hereby authorized and ordered to demolish and remove this encroachment if it is not sold at the said upset price, as an encumbrance upon a public highway, in the manner provided by Section 205 of the Revised Charter, as amended by Chapter 398 of the Laws of 1909.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the sale and removal of building formerly known as Public School No. 129, at No. 433 East 19th Street, Borough of Manhattan:

November 23, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The building formerly konwn as Public School No. 129 at No. 433 East 19th Street, in the Borough of Manhattan, having been turned over by the Board of Education as being no longer required, the Commissioners of the Sinking Fund at a meeting held July 23, 1913, adopted a resolution directing the Comptroller to derive such revenue as might be had from the building until its final disposition might be determined.

Representatives from various City Departments have examined this building since then, but none of them have found it suitable for their purposes, and all efforts to rent it for any purpose have failed because of its condition and peculiarities of construction.

This building had been slightly damaged by fire and was in poor condition when relinquished by the Board of Education, and being unoccupied has since deteriorated rapidly, until it is now the subject of violations, to comply with which would entail an expenditure which the value and character of the building do not warrant.

I therefore request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by Section 1553 of the Revised Charter, adopt a resolution authorizing the sale of the said building, and such a resolution is herewith transmitted.

Yours respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The building formerly known as Public School No. 129, at 433 East 19th Street, in the Borough of Manhattan, is in an unrentable and unsafe condition, which cannot be profitably improved; it is therefore

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids, at the highest marketable price, of the building formerly known as Public School No. 129, at 433 East 19th Street, in the Borough of Manhattan, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund, at a meeting held October 4, 1910.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the transfer of $60 from Sinking Fund No. 1 to the City Treasury to pay bill of William B. Tubby, architect, for services in Wallabout Market:

November 23, 1914.

Commissioner of the Sinking Fund:

Gentlemen—William B. Tubby, architect, has filed in this office a bill for services in the matter of store buildings on plots 1138-1139 of the Wallabout Market lands, having a street frontage of 90 linear feet; lessee, A. Callora & Co.; the estimated cost, as per contract agreement, at $66.67 per linear foot, amounting to $6,000.30; 1 per cent. of this amount for designs being the amount of his bill.

Under the original contract made with the City of Brooklyn prior to consolidation, these bills for architect's services were paid from the market revenue, but since January 1st, 1898, the revenues have been paid into the Sinking Fund for the Redemption of the City Debt, No. 1, as market rents and fees.

It becomes necessary, in order to liquidate this bill, to transfer the sum of $60 from the Sinking Fund for the Redemption of the City Debt, No. 1, to the City Treasury to the credit of "Wallabout Market, Borough of Brooklyn, Expenses for Designs and Superintendence of Construction of Building."

A resolution for such transfer is herewith submitted. Yours respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That a warrant payable from the Sinking Fund for the Redemption of the City Debt No. 1 be drawn in favor of the Chamberlain for the sum of $60.00, to be by him deposited in the City Treasury to the credit of "Wallabout Market, Borough of Brooklyn, Expenses for Designs and Superintendence of Building."

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to the transfer of $31,000 from the fund entitled "C. F. M.—24, Moneys Available for Permanent Improvements for Which Corporate Stock May Lawfully Be Issued," to the account, "C. A. B.—2B, Eighth Coast Artillery District, Erection of Completed Armory, Including Architect's Fees":

October 28, 1914.

To the Commissioners of the Sinking Fund:

Gentlemen—On July 29, 1914, your Board, acting upon a report signed by the Comptroller, recommended the transfer of $55,363.62 from the fund, "C. F. M.—24," to the account entitled "C. A. B.—2B, Coast Artillery District, Erection of Completed Armory, Including Architect's Fees." This transfer was subsequently approved by the Board of Estimate and Apportionment.

The transfer enabled the Armory Board to proceed with the letting of contracts for heating and ventilating and for plumbing and gas fitting in the new Eighth Coast Artillery District Armory, Kingsbridge Road, Jerome Avenue, The Bronx.

The Comptroller, in the report, advised that your Board should request the transfer of $31,000 additional from the account, "C. F. M.—24," to the account "C. A. B.—2B," to provide funds for other immediate needs.

The balance in the account, "C. A. B.—2B," is not sufficient to permit the letting of the contracts for the electrical wiring (including architect's fees) for which plans, specification, form of contract and estimate of cost in the sum of $23,000 are now before the Bureau of Contract Supervision of the Board of Estimate and Apportionment for action.

In the interest of economy it is essential that an electrical wiring contract proceed at the same time as the construction of a building. It is, therefore, necessary that funds be made available to enable the Armory Board to proceed with the immediate letting of the contract for the electric wiring.

I recommend the adoption of the attached resolution recommending that the Board of Estimate and Apportionment transfer $31,000 from the fund, "C. F. M.—24." to the fund, "C. A. B.—2B."

Respectfully, WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinikng Fund hereby approve of the transfer of thirty-one thousand dollars ($31,000), pursuant to the provisions of section 237 of the Greater New York Charter, as amended, from the fund entitled "C. F. M.—24, Moneys Available for Permanent Improvements for which Corporate Stock may lawfully be issued," to the account "C. A. B.—2B, 8th Coast Artillery District, Erection of Completed Armory, including Architect's Fees," and request that the Board of Estimate and Apportionment adopt a resolution making such transfer effective.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the approval of the form of contract, plans and specifications and estimate of cost in the sum of $18,000 for furnishing and installing electric wiring of the Eighth Coast Artillery District Armory:

November 5, 1914.

To the Commissioners of the Sinking Fund:

Gentlemen—On October 20, 1914, there was received by the Bureau of Contract Supervision a communication from the Secretary of the Armory Board, requesting the approval of plans, form of contract, specifications and an estimate of cost in the sum of $23,000 for furnishing all work and material to complete the electric wiring of the Eighth Coast Artillery District Armory at the northwest corner of Kingsbridge Road and Jerome Avenue, The Bronx.

The cost is to be paid from a corporate stock fund of $1,179,000, authorized by the Commissioners of the Sinking Fund on December 18, 1911, as amended on December 17, 1913, entitled "C. A. B.—2B, Armory Fund, 8th Coast Artillery District, Erection of Completed Armory, Including Architect's Fees." On October 29, 1914, there remained in the fund an unencumbered balance of $72,216.79.

The form of contract and the general clauses in the specification are standard as approved by the Corporation Counsel.

The specifications have been revised so as to admit of more open bidding and simpler construction. Various unnecessary features have also been eliminated.

A detailed estimate based on actual bid prices on recent contracts and on market conditions shows that the estimate of cost is high.

I recommend the adoption of the attached resolution approving the form of contract, plans, specifications and estimate of cost in the sum of $18,000.

Respectfully. TILDEN ADAMSON, Director.

Resolved, That the Commissioners of the Sinking Fund, pursuant to its resolution adopted on October 25, 1913, hereby approves of the form of contract, plans, specification and estimate of cost in the sum of eighteen thousand dollars ($18,000), for furnishing and installing complete the electric wiring of the 8th Coast Artillery District Armory at the northwest corner of Kingsbridge Road and Jerome Avenue, The Bronx, the cost to be charged to the corporate stock fund entitled "C. A. B.—2B, Armory Board, 8th Coast Artillery District Armory, Erection of Completed Armory, including Architect's Fees."

If no bids are received for such work within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Commissioners of the Sinking Fund, or any official designated by them, provided that any of the said bids is within the amount authorized and available for such work.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller offered the following resolution relative to revenue stamps required on documents authorized by the Commissioners of the Sinking Fund:

Resolved, That the cost of necessary revenue stamps, required to be affixed to any document authorized by the Commissioners of the Sinking Fund to be executed, be a charge against the person to or for whom the same is delivered or for whose benefit it is executed.

Which resolution was adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to premises at No. 21 Herriman Avenue, Jamaica, Borough of Queens, leased for use of the Clerk of Queens County:

November 28, 1914.

To the Honorable the Commissioner of the Sinking Fund:

Gentlemen—On October 22, 1914, the Commissioners of the Sinking Fund adopted a resolution authorizing a lease to the City from Rosa W. Briese, of certain premises located at No. 21 Herriman Avenue, Jamaica, Borough of Queens, for use of the Clerk of the County of Queens, for a period not exceeding eight months from August 1, 1914, on a month to month basis, at a rental of $25 a month, payable quarterly; the lessor to pay taxes and water rates, and allow the lessee the privilege of using the machinery, light, heat and power, and also to make inside and outside repairs.

Inasmuch as the occupation of these premises is for an indefinite period, the resolution should have been for payment of rent without the necessity of entering into a lease.

I therefore respectfully recommend that the resolution above mentioned be rescinded, and that another resolution be adopted authorizing the Comptroller to pay rent, without the necessity of entering into a lease, to Rosa W. Briese, for the use of the store floor of premises No. 21 Herriman Avenue, Jamaica, Borough of Queens, by the Clerk of the County of Queens, for a period not exceeding eight months from August 1, 1914, on a month to month basis, at a monthly rental of $25, payable monthly; the owner to pay taxes and water rates, make inside and outside repairs, and allow the City the privilege of using the machinery, light, heat and power.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held October 22, 1914, authorizing a lease to the City, from Rosa W. Briese, of certain premises located at No. 21 Herriman Avenue, Borough of Queens, for use of the Clerk of the County of Queens, for a period not exceeding 8 months from August 1, 1914, on a month to month basas, at a rental of twenty-five dollars ($25.00) a month, payable quarterly, —be and the same is hereby rescinded.

Resolved, That the Comptroller be and is hereby authorized to pay rent without the necessity of entering into a lease to Rosa W. Briese, for use of the store floor of premises No. 21 Herriman Avenue, Jamaica, Borough of Queens, by the Clerk of the County of Queens, for a period not exceeding 8 months from August 1, 1914, on a month to month basis at a monthly rental of twenty-five dollars ($25.00), payable monthly; the owner to pay taxes and water rates, make inside and outside repairs and allow the City the privilege of using the machinery, light, heat and power.

The report was accepted, and the resolutions severally adopted, all the members present voting in the affirmative.

The following communication was received from the Commissioner of Docks, recommending a lease of waterfront property at the foot of West 39th Street, Borough of Manhattan, to the New York Butcher's Dressed Meat Company:

November 25, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman of the Commissioners of the Sinking Fund:*

Sir—By an indenture dated March 18, 1904, the City leased to the New York Butchers' Dressed Meat Company, 150 feet on the north side at the inner end of the pier foot of West 39th Street, North River, and by an indenture dated July 1, 1908, 150 feet additional extending outshore.

Both leases expired April 1, 1914, and both gave the company the privilege of renewal for a further term of ten years after the expiration of the first term on giving three months' notice in writing.

Through the neglect of one of their employees, the lessees neglected to serve upon the Commissioner of Docks not less than three months before the expiration of the first term notice of their desire to take advantage of the privilege of renewal and the lease has accordingly lapsed on April 1, 1914, since which time they have continued in occupation under temporary permit, although repeatedly urging the necessity of a more substantial tenure in consequence of the large investments in property and buildings at the foot of West 39th street, which makes the landing place for their cattle on the pier at the foot of that street a very essential part of their business, more especially in view of the fact that they are not permitted to transport cattle through the streets and must of necessity take cattle direct from the pier to the abattoir.

I have given this matter very careful consideration for some months and am now of the opinion that the City should not take advantage of the oversight of the company, and I therefore beg to recommend that a lease be granted upon the following terms and conditions:

Lessee—New York Butchers' Dressed Meat Company. Commencement: First day of the month next succeeding the date upon which the lease shall have been approved by the Commissioners of the Sinking Fund. Expiration: April 1, 1924.

Description.

Parcel "A," one hundred and fifty (150) feet on the north side at the inner end of the pier foot of West 39th street.

Parcel "B," that portion of the northerly side of the pier foot of West 39th street, commencing at the inshore end of the premises leased by the City to the New York Horse Manure Transportation Company (being about six hundred and thirty-one feet easterly from the outer end of the pier), and extending easterly a distance of one hundred and fifty (150) feet to the westerly end of the premises described in Parcel "A."

Rental.

Parcel "A," $1,575 plus 10 per cent., total $1,732.50 per annum.

Parcel "B," $1,800 plus 10 per cent., total, $1,980 per annum.

Remaining Terms.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

Respectfully, R. A. C. SMITH, Commissioner of Docks.

In connection therewith, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

November 30, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—In a communication dated November 25, 1914, the Commissioner of Docks advises that the New York Butchers' Dressed Meat Company, lessee of two parcels at the foot of West 39th Street, North River, herein described as "A" and "B" neglected to notify him of its intention to exercise its right of renewal as provided in the leases.

Parcel "A" covered 150 feet on the north side at the inner end of pier 79, foot of West 39th Street, North River, and was leased April 1, 1904, to the above lessee for a term of ten years at a rate of $1,575 per annum with privilege of renewal for a term of ten years, expiring April 1, 1924, at a rate of $1,732.50 per annum; parcel "B" covered 150 feet additional extending outshore from above described property and was leased to the same lessee for a term beginning July 1, 1908 and expiring April 1, 1914, at a rate of $1,800 per annum with privilege of renewal for a term of ten years expiring April 1, 1924, at a rate of $1,980 per annum.

The Company has continued to occupy the premises under a temporary permit, and the Commissioner of Docks, after careful consideration of all the conditions involved, is of the opinion that the City should not take advantage of the company's oversight and recommends that a lease be granted upon the following terms and conditions.

Parcel "A" rental, $1,732.50 per annum.

Parcel "B" rental, $1,980 per annum.

The lease to begin on the first day of the month next succeeding the date upon which the lease shall have been approved by the Commissioners of the Sinking Fund, and expire April 1, 1924.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

I concur in the recommendation of the Commissioner of Docks and recommend the adoption of the attached resolution approving the request.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the New York Butchers Dressed Meat Company of the following described property: Parcel "A," one hundred and fifty (150) feet on the north side at the inner end of the pier foot of West 39th street. Parcel "B," That portion of the northerly side of the pier foot of West 39th street, commencing at the inshore end of the premises leased by the City to the New York Horse Manure Transportation Company (being about six hundred and thirty-one feet easterly from the outer end of the pier), and extending easterly a distance of one hundred and fifty (150) feet to the westerly end of the premises described in Parcel "A"; for a term commencing January 1, 1915, and expiring April 1, 1924, at a rental of one thousand seven hundred and thirty-two dollars and fifty cents ($1,732.50) per annum for Parcel "A" and one thousand nine hundred and eighty dollars ($1,980) per annum for Parcel "B." The terms and conditions of the lease to be similar to those contained in the leases to the New York Butchers Dressed Meat Company, dated March 18, 1904, and July 1, 1908, except as to the renewal terms and annual rental. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City of property located on the north side of 206th Street, 100 feet east of 9th Avenue, Borough of Manhattan, for use of the Department of Street Cleaning:

November 30, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Department of Street Cleaning, in communications to your Board dated October 21 and 26, 1914, requests a lease of premises located on the north side of West 206th Street, 100 feet east of 9th Avenue, consisting of eleven city lots, together with the two-story brick building thereon, and the privilege to use the dock on said premises, for a term of three years from January 1, 1915, at an annual rental of $3,000 for the first two years and $3,500 for the third year, payable quarterly; the lessor to make all outside repairs to the building on said premises and to pay the taxes and assessments levied on the property, the City to make all interior alterations and repairs that it may deem necessary, also to make alterations and repairs to the dock; to pay for the water used on the premises during the term of the lease and to assume the payment of the charges assessed against this property by the Dock Department for dock rental, and to keep the sidewalk in front of said premises free and clear of snow and ice.

The territory between 155th street and Dyckman street, from Edgecomb avenue to the North River, is now served by carts and horses which are stabled at 2491 Amsterdam Avenue, near 184th street, which premises are inadequate for the number of horses and carts kept there at present. On account of the large number of apartment houses which have been erected in this section, it has been found necessary to increase the number of carts and horses, making it necessary to have another stable in the northern part of Manhattan to serve this district, and also a part of The Bronx.

On the property in question is a 2-story brick building, which can be used for an office and also for harness rooms and storage purposes, with a 1-story brick extension which contains twenty-eight stalls. There is also a dock frontage of 100 feet on the Harlem River, with a platform dock located thereon, which could be used as a dump. There is ample space for storing carts.

The property is appraised by the Division of Real Estate at: Land, $55,000, building, $5,000, total, $60,000. The rent is therefore at the rate of 5 per cent. of the appraised value.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the property located on the north side of 206th Street, 100 feet east of 9th Avenue, Borough of Manhattan, consisting of about eleven city lots, being 99 feet 11 inches deep with a frontage of 265 feet on 206th Street, together with the two-story brick building thereon, and the privilege to use the dock on said premises, for use of the Department of Street Cleaning, for a term of three years from January 1, 1915, at an annual rental of $3,000 for the first two years and $3,500 for the third year, payable quarterly; the lessor to make all outside repairs to the building on said premises and to pay the taxes and assessments levied on the property; the lessee to make all interior alterations and repairs that it may deem necessary, also to pay for the water used on said premises and to make alterations and repairs to the dock during the term of the lease and to assume the payment of the charges assessed against the property by the Dock Department for dock rental, and to keep the sidewalk in front of said premises free and clear of snow and ice. Lessor, Alexander Walker, 441 Columbus Avenue, Borough of Manhattan.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a lease to the City, of property located on the north side of 206th Street, 100 feet east of 9th Avenue, Borough of Manhattan, consisting of about eleven city lots, being 99 feet 11 inches deep, with a frontage of 265 feet on 206th Street, together with the two-story brick building thereon, and the privilege to use the dock on said premises, for use of the Department of Street Cleaning, for a term of three years from January 1st, 1915, at an annual rental of three thousand dollars ($3,000), for the first two years, and three thousand five hundred dollars ($3,500) for the third year, payable quarterly; the lessor to make all outside repairs to the building on said premises and to pay the taxes and assessments levied on the property; the lessee to make all interior alterations and repairs that it may deem necessary, also to pay for the water used on the said premises and to make alterations and repairs to the dock during the term of the lease, and to assume the payment of the charges assessed against the property by the Dock Department for dock rental and to keep the sidewalk in front of said premises free and clear of snow and ice; lessor, Alexander Walker; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

Note—At this point, his Honor, the Mayor, returned. The numbers following on the calendar were then disposed of, after which the numbers on the calendar requiring a unanimous vote were considered.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to amendment to resolution authorizing a lease to the City of premises at the north side of Thomas Street, 100 feet easterly from the corner of Ferris Place, Borough of The Bronx, for use of the Department of Street Cleaning:

November 30, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—At a meeting of your Board held November 4, 1914, the following resolution was adopted:

"Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a lease to the City, from the Westchester Land and Dock Corporation, of premises situated on the north side of Kirk Street, 100 feet easterly from the corner of Ferris Place, known as Lot 32, Block 3859, consisting of a two-story brick building and extension, 85.22 feet front by 119.25 feet deep on one side; 63.72 feet in

the rear by 115.62 deep on the other side, irregular, for use as a stable; also a vacant lot 100 feet by 149.8 feet, located on the south side of Ferris Place, 150 feet southerly from the corner of Thomas street, being part of Lot 27, Block 3857, for use as a storage yard in connection with the stable, Village of Westchester, Borough of The Bronx, by the Department of Street Cleaning, for a period of three years from December 20, 1914, at an annual rental of two thousand and seventy-five dollars ($2,075), payable quarterly; the lessor to pay taxes and water rates, furnish heat, light and make outside repairs; the lessee to make such interior alterations and repairs as it may deem necessary; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made."

I am in receipt of a communication from the Commissioner of the Department of Street Cleaning under date of November 25, 1914, stating that the lessor is not to pay for the water, light and heat, as mentioned in his communication to your Board dated June 24, 1914, but that the City is to pay the water rates and furnish heat and light, and also requesting that the description of the property proposed to be leased be more accurately stated.

In the negotiations by the Division of Real Estate of this Department with the lessor, the rental was fixed with the understanding that the lessor was to pay only the taxes, and inadvertently the recommendation was made that the lessor was also to pay for the water, light and heat, whereas, the City should pay these. The request, therefore, of the Commissioner of the Department of Street Cleaning being reasonable, I respectfully recommend that the resolution adopted by your Board on November 4, 1914, and hereinbefore recited, be amended to read as follows:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning of a lease to the City, from the Westchester Land and Dock Corporation, of premises situated on the north side of Thomas Street, 100 feet easterly from the corner of Ferris Place, known as Lot 32, Block 3859, consisting of a two-story brick building and extension 85.22 feet front by 119.25 feet deep on one side; 63.72 feet in the rear by 115.62 feet deep on the other side, and irregular, for use as a stable; also a vacant lot 100 feet by 149.8 feet located on the west side of Ferris Place, 150 feet southerly from the corner of Thomas Street, being part of Lot 27, Block 3857, for use as a storage yard in connection with the stable, Village of Westchester, Borough of The Bronx, by the Department of Street Cleaning, for a period of three years from December 20, 1914, at an annual rental of two thousand and seventy-five dollars ($2,075), payable quarterly; the lessor to pay taxes and make outside repairs; the lessee to pay water rates, furnish heat and light and make such interior alterations and repairs as it may deem necessary; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held November 4, 1914, approving of and consenting to the execution, by the Commissioner of Street Cleaning, of a lease to the City from the Westchester Land and Dock Corporation, of premises situated on the north side of Kirk Street, 100 feet easterly from the corner of Ferris Place, known as Lot 32, Block 3859, be and the same is hereby amended to read as follows:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning of a lease to the City from the Westchester Land and Dock Corporation, of premises situated on the north side of Thomas Street, 100 feet easterly from the corner of Ferris Place, known as Lot 32, Block 3859, consisting of a two-story brick building and extension 85.22 feet front by 119.25 feet deep on one side; 63.72 feet in the rear by 115.62 feet deep on the other side, and irregular, for use as a stable; also a vacant lot 100 feet by 149.8 feet located on the west side of Ferris Place, 150 feet southerly from the corner of Thomas Street, being part of Lot 27, Block 3857, for use as a storage yard in connection with the stable, Village of Westchester, Borough of The Bronx, by the Department of Street Cleaning, for a period of three years from December 20, 1914, at an annual rental of two thousand and seventy-five dollars ($2,075), payable quarterly; the lessor to pay taxes and make outside repairs; the lessee to pay water rates, furnish heat and light and make such interior alterations and repairs as it may deem necessary; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease to the City of premises at No. 539 Timpson Place, Borough of The Bronx, for use of the Health Department:

December 1, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On August 25, 1914, the Board of Health requested a lease of premises at No. 901 East 135th Street, Borough of The Bronx, to take the place of those now occupied by their Department at Nos. 750-758 East 134th Street, at an annual rental of $1,100, which lease expires on December 31, 1914, and which is not to be renewed for the reason that automobiles cannot be stored therein.

On November 24, 1914, the Board of Health rescinded its resolution of August 25, 1914, and requested a lease of premises at No. 539 Timpson Place, The Bronx, as a building better adapted for use as a stable for horses and storage for motor vehicles, than the premises at 901 East 135th Street, The Bronx.

The premises at No. 539 Timpson Place consist of a lot 50 feet by 100 feet, with a two-story and cellar brick building, 40 feet by 80 feet, thereon. The cellar is arranged as a stable, the first story as a storage room and the second story for living purposes. There is a paved runway at the south of the building, extending from street to yard. The surface of the yard is partly earth and partly paved, and partly graded and is drained.

The cellar extends under the entire building and is drained, well-lighted and ventilated. The cellar floor is concreted and there are sewer-connected floor drains present. It is piped for gas but electricity is now used for lighting. It has water, and there is an entrance door from cellar to runway and an interior stairway from cellar to first story. Cellar is about 9 feet 4 inches in height and contains forty stalls for horses.

The first story is use for storage. The floor is of wood. There are thirteen windows to outer air and a large door at front to street. There is a Cornell steam boiler (size 24) set on stone platform at rear of first story. This story is arranged for gas and electricity and is 12 feet 9 inches in height.

The second story is arranged for living purposes and has two sets of improvements. There are gas chandeliers in each room and eleven steam radiators on this floor. It is about 9 feet 6 inches in height.

The lease is for a term of three years and not to include privilege of renewal. The rent asked is $1,500 a year, payable quarterly. The lessor is to pay taxes and make all exterior repairs, the lessee to make such interior alterations and repairs as it may deem necessary and to pay water rates and furnish heat, light and janitor service.

The premises are for use of the Bureau of Infectious Diseases of the Health Department.

The property is appraised by the Division of Real Estate: Land, $5,000; Building, $5,000; Total, $10,000.

While the rental of $1,500 a year is at the rate of 15% of the appraised value, still, in view of the fact that the work of the Bureau of Infectious Diseases is of such a character as to make it difficult to secure quarters at a moderate rental, I would recommend that this lease be approved at this rental.

Deeming the rental reasonable and just under the circumstances, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises located at No. 539 Timpson Place, Borough of The Bronx, for use of the Department of Health, for a period of three years from January 1, 1915, at an annual rental of $1,500, payable quarterly; the lessor to pay taxes and make all exterior repairs, the lessee to pay water rates, furnish heat, light and janitor service and make such interior repairs and alterations as it may deem necessary during the term of the lease. Lessor, William H. D. North, 526 Southern Boulevard, Borough of The Bronx.

Respectfully ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from William H. D. North of the premises located at No. 539 Timpson Place, Borough of The Bronx, for use of the Department of Health, for a period of three years from January 1, 1915, at an annual rental of fifteen hundred dollars ($1,500), payable quarterly; the lessor to pay taxes and make all exterior repairs; the lessee to pay water rates, furnish heat, light and janitor service and make such interior repairs and alterations as it may deem necessary during the term of the lease, and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease to the City of premises at No. 206 Madison Street, Borough of Manhattan, for use of the Health Department:

November 30th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Department of Health in a communication to your Board recommends a lease of premises No. 206 Madison Street, Manhattan, for a period of one year from January 1, 1915, with the privilege of renewal for a further term of one year on the same terms and conditions, at an annual rental of $840, payable quarterly.

The premises in question are to be used as headquarters for the direction of the various activities of the Health Department along the lines of establishing a model health district within the limits of Pike, Division and Clinton Streets, and the East River. It is also intended not to renew the lease of the present milk station at 96 Monroe Street, at an annual rental of $954, which lease expires on February 4, 1915, but to transfer this work to the basement at 206 Madison Street.

The Commissioner of the Health Department in a communication to this Department suggested the leasing the premises 206 Madison Street at a rental of $900 a year, but as a result of negotiations by the Division of Real Estate of this Department, the lessor has agreed to accept a rental of $840 a year. The premises consist of four rooms and toilet on each floor; have plenty of light and ventilation, having a court along the entire depth and large windows in the front, and were formerly rented at $900 a year.

Deeming the rent reasonable and just I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the westerly first floor and basement of the premises No. 206 Madison Street, Borough of Manhattan, for use of the Department of Health, for a period of one year from January 1, 1915, with privilege of renewal for a further period of one year upon the same terms and conditions, at an annual rental of $840, payable quarterly; the lessor to overhaul and clean plumbing fixtures and repair all defective parts; cause all glass of doors and windows to be cleaned of all lettering; replace all defective glass and have all glass clean and whole; cause all repairs to floors, etc., as required; have locks of all doors repaired and provide proper keys for same; cause all wall paper to be removed from all walls and ceilings; plastering to be repaired and repaint the entire interior of the stores and all rooms, color to be selected by the Health Department, and to give the Health Department permission to paint the exterior any color they desire. Owner will grant the lessee the privilege of making slight interior repairs and alterations as may be required during occupancy. Lessor to pay taxes and water rates; lessee to furnish heat, light and janitor service. Lessor, Rebecca Kaufmann, 895 West End Avenue, Borough of Manhattan.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Rebecca Kaufmann of the westerly first floor and basement of the premises No. 206 Madison Street, Borough of Manhattan, for use of the Department of Health, for a period of one year from January 1, 1915, with privilege of renewal for a further period of one year upon the same terms and conditions, at an annual rental of eight hundred and forty dollars ($840), payable quarterly; the lessor to overhaul and clean plumbing fixtures and repair all defective parts; cause all glass of doors and windows to be cleaned of all lettering, replace all defective glass and have all glass clean and whole, cause all repairs to floors, etc., as required, have locks of all doors repaired and provide proper keys for same, cause all wall paper to be removed from all walls and ceilings, plastering to be repaired, and repaint the entire interior of the stores and all rooms, color to be selected by the Health Department, give the Health Department permission to paint the exterior any color desired, and grant the lessee the privilege of making such slight interior repairs and alterations as may be required during occupancy; the lessor to pay taxes and water rates: the lessee to furnish heat, light and janitor service, and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Gertrude H. Doughty, for a conveyance of certain lands within the lines of old Canarsie Lane in the Borough of Brooklyn:

City of New York, Borough of Brooklyn, ss.:

EDGAR M. DOUGHTY, being duly sworn, says: I am an attorney and counsellor, having my office at 44 Court Street, in the Borough of Brooklyn, City of New York.

I am the husband of Gertrude H. Doughty, who is the owner of the plot of land and building thereon situate at the northwest corner of Canarsie Lane and Nostrand Avenue, in said Borough. I attended to the transaction whereby the said Gertrude H. Doughty purchased the said plot of land. The dimensions of said plot of land are as follows: It is 21 and 29-100 feet (more or less) wide in front on Nostrand Avenue, and 18 and 31-100 feet wide on the opposite side thereof; it is 100 and 4-100 feet (more or less) in length along Canarsie Lane and 100 feet in length on the opposite side thereof. The said Gertrude H. Doughty is the owner in fee simple of the said real property and has been such owner thereof for more than ten years continuously.

The proceeding to change the lines of said Canarsie Lane now pending leaves a strip of land adjoining said real property along Canarsie Lane about 100 and 4-100 feet in length by about 5 feet in width, which said strip of land the said Gertrude H. Doughty is desirous of purchasing from The City of New York.

Annexed hereto is a blue print of the damage map in the above-mentioned proceeding respecting Canarsie Lane, which blue print shows the said property as Lot No. 18, in Block 5173 A in Section 16.

E. M. DOUGHTY.

In connection therewith, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

November 30th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

He states that his wife has been the owner of this property for more than ten years continuously.

The proceeding changing the lines of Canarsie Lane leaves a strip of land adjoining this property along Canarsie Lane, about 100.04 feet in length by about 5 feet in width, between Mrs. Doughty's property and Canarsie Lane, as now laid out. It is this strip of land which she desires to have conveyed to her. It contains an area of about 500 square feet, and has been appraised by the Division of Real Estate of this department at $750.

Under the rule adopted by the Commissioners of the Sinking Fund, this property can be conveyed for 50 per cent. of such appraisal, or $375, together with the additional charge of $12.50 for the preparation of the necessary papers.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a release to Gertrude H. Doughty of the City's interest in all that certain piece or parcel of land, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

northerly line of Canarsie Lane (as now laid out); running thence easterly along said northerly line of Canarsie Lane (as now laid out) 100.06 feet to the point or place of beginning,

—in consideration of the sum of $375, plus the additional charge of $12.50 for the preparation of the necessary papers. The release to contain the following terms and conditions.

That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the land fronting on the section of the street or avenue to be conveyed.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, Gertrude H. Doughty requests a release of the City's interest in certain property at the northwest corner of Canarsie Lane and Nostrand Avenue, in the Borough of Brooklyn.

To the Commissioners of the Sinking Fund:

Gentlemen—Pursuant to Section 209 of the Greater New York Charter, on the certification of the Chief Accountant of the Department of Finance as to the surplus revenues of the Sinking Fund for the Payment of the Interest on the City Debt, I request the adoption of the resolution submitted herewith, authorizing and directing the transfer of Seven Million Five Hundred Thousand Dollars ($7,500,000) from the "Sinking Fund for the Payment of the Interest on the City Debt" to the "Sinking Fund for the Redemption of the City Debt, No. 1." December 2, 1914.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Sir—I hereby certify that there is a surplus balance to the credit of the "Sinking Fund for the Payment of the Interest on the City Debt" in excess of the requirements of said fund of upwards of Seven Million Five Hundred Thousand Dollars ($7,500,000), which surplus may be transferred to the "Sinking Fund for the Redemption of the City Debt, No. 1," pursuant to the provisions of Section 209 of the Greater New York Charter. Yours respectfully,

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to the proposed exchange of certain parcels of land owned by the City in the Borough of Brooklyn, located on 55th Street between 18th and 19th Avenues, for property owned by the Realty Trust adjacent thereto:

November 25th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On October 7, 1914, the Commissioners of the Sinking Fund adopted a resolution appointing Jesse C. Schenck, David Porter and Thomas Hovenden, three discreet and disinterested appraisers, to appraise certain properties located on the southerly side of 55th Street, between 18th and 19th Avenues, Borough of Brooklyn, owned by the City of New York and by the Realty Trust.

The line of the City's property runs diagonally through the block, being about 34 feet on 18th Avenue by 103 feet on 19th Avenue. This diagonal line creates an inconvenient condition between the City's property and the property owned by the Realty Trust. The appraisers above mentioned have appraised the properties as follows:

Jesse C. Schenck—Property owned by the City, $1,183.84; property owned by Realty Trust, $1,211.24.

Thomas Hovenden—Property owned by the City, $1,135.50; property owned by Realty Trust, $1,158.50.

David Porter—Property owned by the City, $1,226.04; property owned by Realty Trust, $1,271.79.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a conveyance to Realty Trust of all those certain pieces or parcels of land, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Plot "A"—Commencing at a point on the southeasterly side of 18th Avenue distant 166 feet 7½ inches southwesterly from the intersection formed by the southwesterly side of 55th Street and the southeasterly side of 18th Avenue; running thence southwesterly along the southeasterly side of 18th Avenue 13 feet 7 inches; running thence southeasterly and parallel to 55th Street 92 feet 9⅜ inches; running thence northeasterly and parallel with 19th Avenue 22 feet 7¼ inches to the northerly boundary line of the property of the City of New York, and running thence northwesterly along said boundary line 93 feet 6⅛ inches to the southeasterly side of 18th Avenue, at the point or place of beginning.

Plot "B"—Commencing at a point on the northwesterly side of 19th Avenue distant 97 feet 5½ inches southwesterly from the intersection formed by the southwesterly side of 55th Street and the northwesterly side of 19th Avenue; running thence southwesterly along the northwesterly side of 19th Avenue 2 feet 8½ inches; thence northwesterly and parallel to 55th Street 27 feet 11¼ inches to the northerly boundary line of the property of the City of New York, and thence southeasterly along said boundary line 28 feet ¾ inch to the northwesterly side of 19th Avenue, at the point or place of beginning.

Plot "D"—Commencing at a point on the northerly boundary of the property of the City of New York, which point is distant 100 feet 5⅝ inches northwesterly from the northwesterly side of 19th Avenue, measured along said boundary line; running thence southwesterly and parallel to 19th Avenue 14 feet ⅛ inch; thence northwesterly and parallel to 56th Street 144 feet 6¾ inches to the northerly boundary line of the property of the City of New York, and thence southeasterly along said boundary line 145 feet 2⅞ inches to the point or place of beginning.

The report was accepted and the resolution unanimously adopted.

The following petition was received from George Scheblein for a continuation or extension of a grant of easement across two strips of land known as Parcels 31-A and 33-B, acquired by The City of New York in the proceeding for acquiring title to certain lands in the Counties of Kings and Queens at Hemlock Street at its intersection with the southerly line of conduit property of The City of New York:

New York Supreme Court, Second Department.

In the matter of acquiring title by The City of New York to certain lands and premises situated in the Counties of Kings and Queens, in the State of New York, beginning at Hemlock Street, at its intersection with the south line of the conduit property of The City of New York, and which is more particularly hereinafter described, duly selected for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for the use of The City of New York, according to law.

Application of George Scheblein for a Continuation or Extension of a Grant of Easement Across Two Strips of Land Known as Parcels 33-A and 31-B, Acquired by The City of New York in the Above Entitled Proceeding for Water Supply Purposes.

To the Honorable the Commissioners of the Sinking Fund:

(1) Pursuant to a resolution of the Board of Estimate and Apportionment, The City of New York, through the Department of Water Supply, Gas and Electricity, did on the 18th day of June, 1906, acquire title in fee in the above entitled proceeding to a strip of land 200 feet more or less in width, running from Hemlock Street, in the Borough of Kings, easterly to Nassau County, and for a greater portion of the way parallel to and abutting previously acquired strips of land used for aqueduct purposes.

The purpose of the acquisition was to install a 72-inch closed iron pipe for the transmission of water from the pumping stations along the line.

The report of the Commissioners was confirmed by the Supreme Court by order dated July 28, 1908.

(2) On June 18, 1906, and being the date of the vesting of title, your petitioner was the owner of a farm lying on the south side of the Old South Road, in the southern part of the old Village of Jamaica, Fourth Ward, Borough of Queens, and which farm, consisting of some thirty odd acres, was traversed by the old aqueduct of The City of New York. (See accompanying diagram.)

The present owner and petitioner, Mr. Scheblein, purchased the farm in 1903 from Susan A. Tilly (deed being recorded in Queens County Clerk's Office, Liber 1293, page, 416). Mrs. Tilly was formerly Susan A. Frederick, and derived the property through the will of her husband, William H. Frederick (see Liber 52, page 296, of Wills, Kings County Surrogate's Office).

In 1896 (as appears by deed dated June 12, 1896, and recorded in Liber 1114, of Conveyances, page 448, Queens County, and which was introduced in the above proceeding as Exhibit 283), Mrs. Tilly deeded to the then City of Brooklyn a certain piece of land forming part of this old aqueduct, which deed contained the following clause:

"Excepting and reserving to the party of the first part a right of way *in continuation of the present one* and across the conduit over the above described parcel of land and of the same width."

As appears by an inspection of the premises and the testimony in the above proceeding, the only means of access to the rear or southerly portion of this farm, consisting of about twenty-six acres, was by means of this "farm road" across the old aqueduct at this point.

Furthermore, it appears that in the official Atlas or Map of Lands in the Brooklyn office of the Department of Water Supply, etc., as of 1898, this said farm road was shown thereon, and the same is also indicated and laid out on the Damage Map in this proceeding.

It further appears in the proceeding that the greater portion of this rear land was utilized by the owner for farm purposes, and was under cultivation.

Testimony offered by claimant as to the value of the land taken and of damages to the residue through severance and loss of access, it being contended by claimant's counsel that in condemnation proceedings there was no "way of necessity" left to the rear land. The Corporation Counsel in charge vigorously contended otherwise, and your petitioner is advised by counsel and verily believes that the learned Commissioners were rather in accord with the Corporation Counsel's view of the matter. Be it as it may, the Commissioners made no mention of this consequential damage in their report, and on the strenuous objection of counsel at Special Term, the Court, in an opinion by Mr. Justice Crane, filed June 3, 1908, sustained claimant's point of law and directed the Commissioners to take this question of "loss of access" into consideration if they had not already done so, or otherwise file a supplementary report accordingly.

Thereupon the Commissioners did file such a supplemental report, briefly stating that they had entertained such loss of access in their award.

As will be seen by the Damage Map, and as shown on the accompanying diagram, which is taken therefrom, Parcel 31-A consisted of 1.332 acres, and Parcel 33-B, of 0.555 acre, or a total of 1.887 acres. The Commissioners awarded a lump sum of $3,600 for this property, or approximately $1,800 an acre.

Testimony in the case was given by various witnesses, including one for the City, Mr. H. A. Van Allen, who valued the property at from $1,200 to $1,500 an acre, being $1,500 an acre for the land of which Parcel 31-A was a portion, and $1,200 an acre for the land of which Parcel 33-B was a portion, or an average of $1,350 per acre. The claimant's witnesses were considerably higher in their valuation. Mr. Van Allen admitted on cross-examination that if this *legal* right of way was lost to the owner, the value of the twenty-six odd acres left without access would be reduced to not over $400 to $500 an acre, or *less than half* of their former value.

The purpose of this brief discussion of values is to show that by no stretch of imagination can it be seriously considered that the learned Commissioners *gave any, or in any event, reasonable compensation* for this loss of access to the twenty-six acres. On the City's own valuation of $1,350 per acre, the award *for land taken only*, would be approximately $2,500; so that as it is to be presumed the Commissioners did not altogether go by the City's expert obviously low valuation, but entertained the claimant's witnesses' higher valuation as well, by the very nature of things the award did not contain proper compensation for this loss of access.

The claimant, feeling aggrieved, has so far declined to take his money from the City, and it is still in the City's possession.

From the foregoing it would appear to a fairly disposed and reasonable mind that Mr. Scheblein has suffered upwards of $10,000 or more damage through the loss of access to these twenty-six rear acres, taking the City's appraisement as a basis for this estimate; so that if we concede for the moment that the learned Commissioners did award any sum (?) whatsoever for this loss of access, it could not have been in excess of $1,000 or $1,100, or the difference between the lowest witness' average valuation per acre of $1,350 for 1.887 acres taken, amounting to say $2,500, and the award of $3,600.

Your petitioner is not seeking pecuniary damages, but is willing to relinquish such rights as he may have to an additional award if he can receive from the City by proper instrument or other means, a grant insuring to the land a right of way across the City's *newly acquired* property from this hinter land to the other portion of his farm which lies between the aqueduct and the public highway above mentioned.

In conclusion, it would seem eminently fair that your honorable body should grant this easement to cross the lately acquired strip in question in continuation of the claimant's existing easement across the old aqueduct, and so permit him his legal means of access to and from the hinter land, as before; and

It would further appear proper, in view of the fact that he has undoubtedly not received any compensation for the destruction of this right of access to the rear land, that this application should be granted, and without any compensation to either party. Respectfully submitted,

GEORGE SCHEBLEIN, Owner and Petitioner.

THEODORE R. UPSOM, Attorney for George Scheblein, Office and Post Office Address, No. 66 Broadway, Borough of Manhattan, City of New York.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

November 30th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a petition to the Commissioners of the Sinking Fund from George Scheblein, in which he makes application to the Commissioners of the Sinking Fund for an easement across two strips of land known as Parcels 31-A and 33-B, acquired by the City of New York in the proceeding condemning certain lands and premises situated in the County of Kings and the County of Queens, in the State of New York, at Hemlock Street at its intersection with the southerly line of conduit property of the City of New York, for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for use of the City, according to law.

On June 18, 1906, by resolution of the Board of Estimate and Apportionment, the City, through the Department of Water Supply, Gas and Electricity, acquired title in fee in the above proceeding to a strip of land 200 feet, more or less, in width, running from Hemlock Street, in the County of Kings, easterly to Nassau County. Scheblein is the owner of the piece of land situated in the Fourth Ward, Jamaica, on Old South Road, between the road to Bergen Landing and Three-Mile Road. The City in the above proceeding condemned two pieces of land situated on both sides of a strip of land previously acquired for aqueduct purposes. The pieces condemned are known on the Damage Map in the proceeding as Parcels 31-A and 33-B. Mr. Scheblein requests the Commissioners of the Sinking Fund to give him a grant insuring a right of way between his land as divided across the City's newly acquired property.

I submitted this communication to the former Commissioner of Water Supply, Gas and Electricity, who stated that he had no objection to the granting of this application under the following terms and conditions:

"The City to receive a rental for the use of the land at an annual basis.

"The grant to be cancelled at any time upon the City giving written notice not less than one month in advance of the termination of the grant.

"The lessee to do whatever grading may be necessary to make the right of way passable, this grading to be done in accordance with the requirements and under the supervision of this Department.

"Where the right of way crosses over the brick conduit and also over the 72-inch steel pipe, gravel, broken stone, or other suitable material is to be placed to prevent the wearing away of the protecting cover over the conduit and pipe line.

"A suitable gate is to be placed at the north and south boundary lines of the City's property, these gates to be closed at all times, except when the right of way is in use. If the Department should deem it advisable the lessee is to fence in the right of way with a substantial wooden post and wire fence, in place of maintaining the gates.

"No trucking of loads heavier than can be drawn by a team of horses is to be permitted."

These conditions were submitted to the attorney for Mr. Scheblein, and the matter was again taken up with the Department of Water Supply, Gas and Electricity. The Commissioner of Water Supply, Gas and Electricity, in a communication to this Department under date of January 23, 1912, again stated that he would recommend that the application be approved on the following terms and conditions:

"First—That the said rights of way shall have a width of 16 feet throughout their entire length from the old South Road to the southerly side of the City's property. And starting at the said road shall follow the westerly boundary of Scheblein's property to the City property.

"Second—That the applicant, Scheblein, shall build and maintain at his own expense a substantial fence along both sides of the rights of way from the Old South Road to the southerly side of the City's property, and shall build one gate in the westerly line of fence and another facing it in the easterly line of fence on the conduit property, so placed as to permit teams with loaded wagons to turn in on the property and also to pass east and west along the conduit, and shall do any grading necessary to make the rights of way passable, and to secure a depth of fill at the crossing of the conduit and water mains, of not less than four feet over their highest points. And no trucking of loads heavier than can be drawn by a team of horses to be permitted.

"Third—That if the City should undertake any construction or repairs at this point, which may temporarily obstruct the right of way, the City retains the right to do so, and if there should be any change in the elevation of the surface requiring any cut or fill to render the right of way passable, or renew the conditions above provided for, this work shall be done by said Scheblein at his own expense.

"Fourth—The City to reserve all subsurface rights.

"Fifth—That this agreement be revocable at any time at the will of the Commissioner of the Department of Water Supply, Gas and Electricity."

These conditions were not entirely agreeable to the attorney for Mr. Scheblein. The objection made by the attorney for Mr. Scheblein is that if the agreement to be entered into is revocable at the will of the Commissioner of the Department of Water Supply, Gas and Electricity it will not improve the present situation. Under the conditions as they now exist there is no access from one portion of the property to the other, by reason of the acquisition by the City of the strip of land above mentioned, although when the original aqueduct was acquired in 1896 the owner of the property deeded the same to the City of Brooklyn, but reserved a right of way across the land conveyed. It is really for an extension of this right of way which he asks.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a grant in perpetuity to George Scheblein of all the right, title and interest of the City of New York in and to that strip of land known as Parcels 31-A and 33-B on the Damage Map in the proceeding entitled: "In the Matter of Acquiring title by the City of New York to certain lands and premises situated in the Counties of Kings and Queens, in the State of New York, beginning at Hemlock Street at its intersection with the south line of the conduit property of the City of New York and which is more particularly hereinafter described, duly selected for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for the use of the City of New York, according to law." In consideration of the sum of $1, plus $12.50 per the preparation of the necessary papers. Said grant to contain the following conditions:

First—That the said rights of way shall have a width of 16 feet throughout their entire length from the old South Road to the southerly side of the City's property. And starting at the said road shall follow the westerly boundary of Scheblein's property to the City property.

Second—That the grantee, or his successors, shall build and maintain at his own expense a substantial fence along both sides of the rights of way from the Old South Road to the southerly side of the City's property, and shall build one gate in the westerly line of fence and another facing it in the easterly line of fence, on the conduit property, so placed as to permit teams with loaded wagons to turn in on the property and also to pass east and west along the conduit, and shall do any grading to make the rights of way passable, and to secure a depth of fill at the crossing of the conduit and water mains of not less than four feet over their highest points. And no trucking of loads heavier than can be drawn by a team of horses to be permitted.

Third—That if the City should undertake any construction or repairs at this point, which may temporarily obstruct the right of way, the City retains the right to do so, and if there should be any change in the elevation of the surface requiring any cut or fill to render the right of way passable, or renew the conditions above provided for, this work shall be done by said grantee, or his successors, at his or their own expense.

Fourth—The City to reserve all subsurface rights.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That pursuant to the provisions of Section 205 of the Greater New York Charter as amended the Commissioners of the Sinking Fund hereby authorize a grant in perpetuity to George Scheblein of all the right, title and interest of The City of New York in and to that strip of land known as Parcels 31-A and 33-B on the Damage Map in the proceeding entitled: "In the Matter of Acquiring Title by The City of New York to certain lands and premises situated in the Counties of Kings and Queens, in the State of New York, beginning at Hemlock Street at its intersection with the south line of the conduit property of The City of New York, and which is more particularly hereinafter described, duly selected for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for the use of The City of New York, according to law," in consideration of the sum of one dollar, plus twelve dollars and fifty cents to cover the cost of drawing the necessary papers, said grant to contain the following conditions:

First—That the said rights of way shall have a width of 16 feet throughout their entire length, from the Old South Road to the southerly side of the City's property; and starting at the said road shall follow the westerly boundary of Scheblein's property to the City property.

Second—That the grantee, or his successors, shall build and maintain at his own expense a substantial fence along both sides of the rights of way from the Old South Road to the southerly side of the City's property, and shall build one gate in the westerly line of fence, and another facing it in the easterly line of fence, on the conduit property, so placed as to permit teams with loaded wagons to turn in on the property and also to pass east and west along the conduit, and shall do any grading necessary to make the rights of way passable, and to secure a depth of fill at the crossing of the conduit and water mains of not less than four feet over their highest points. And no trucking of loads heavier than can be drawn by a team of horses to be permitted.

Third—That if the City should undertake any construction or repairs at this point which may temporarily obstruct the right of way, the City retains the right to do so, and if there should be any change in the elevation of the surface requiring any cut or fill to render the right of way passable, or renew the conditions aboye provided for, this work shall be done by said grantee or his successor at his own expense.

Fourth—The City to reserve all subsurface rights.

Said grant to be prepared and approved as to form by the Corporation Counsel.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of St. James Protestant Episcopal Church, Elmhurst, N. Y., for the cancellation of certain assessments:

November 17th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—St. James Protestant Episcopal Church, Elmhurst, N. Y., has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Queens, designated on the official tax map as Ward 2, Section 12, Block 50, Lot 1.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about the year 1800; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for church purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1910, and since, and the assessed valuation for the year 1914 is $40,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Sewer in Maurice Ave. from Broadway to Chicago Ave., in Corona Ave., Broadway to Parcell St., in Parcell St. from Corona to Chicago Aye., and in Chicago Ave. from Parcell St. to Maurice Ave. No. 387 (Confirmed and entered Aug. 2, 1910). No. 62, Section 12, Block 50, Lot 1, Ward 2, $497.21.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York, affecting the property hereinbefore described.

The total amount involved as principal in the above assessment is $497.21. The property affected by this assessment is located in the Borough of Queens, Broadway, St. James Place and Union Avenue, Elmhurst.

The Rev. Edward M. McGuffey, Rector, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $10,896.06 and the expenditures for all objects, $10,810.67, leaving a balance of $85.39.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessment, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of St. James Protestant Episcopal Church, Elmhurst, N. Y., pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale. ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by St. James Protestant Episcopal Church, Elmhurst, New York, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

Assessments.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of the Grace Evangelical Lutheran Church, Borough of The Bronx, for the cancellation of certain assessments.

November 17th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Grace Evangelical Lutheran Church has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as Section 12 Block 3297, Lot 33.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about December 17, 1907; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, to the extent hereinafter set forth, during the period when the lien hereinafter set forth accrued. Said premises are used as a church and parsonage.

It appears from an examination of the Assessment Rolls that said property has been exempt from local taxation for the year 1908, and since, as to the part thereof used as a church, and the assessed valuation of the whole property for the year 1914 is $8,300, divided as follows: Part used as a church, $7,500; part used as a parsonage, $800.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Paving in Valentine Ave. from E. 197th St. to East 201st St. (Confirmed and entered April 25, 1913). No. 57, Block 3297, Lot 33, $133.52.

As hereinbefore appears, the Department of Taxes and Assessments has placed separate valuations on the part of the lot used for church purposes and the part thereof used as a parsonage, without making a physical apportionment of the lot on the Tax Maps.

Although the Commissioners of the Sinking Fund have no power, under section 221A of the charter, to cancel the foregoing assessment so far as it affects the part of the lot used as a parsonage, by reason of the fact that such part is not entitled to exemption from taxation under article 1, section 4, subdivision 7 of the tax law, nevertheless they have the power to cancel the proportionate part of such assessment against the part of the lot used for church purposes, such proportionate part to be determined by the relative valuations placed on the church and parsonage, respectively, by the Department of Taxes and Assessments. The valuation placed on the church property ($7,500) is approximately 90 per cent. of the total valuation ($8,300), and that on the parsonage 10 per cent.

I would recommend, therefore, that said assessment be cancelled to the extent of 90 per cent. thereof, upon the payment of a nominal consideration. As to the remainder of such assessment, viz., 10 per cent. thereof, I refuse to certify my approval of the application.

The records of this Department show no awards paid or payable to petitioner and no lease to the City of New York, affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $133.52. The property affected by these assessments is located in the Borough of The Bronx, easterly side Valentine avenue, between Bedford Park boulevard and East 199th street.

Mr. John Meyer, trustee, in response to a request, has submitted a financial statement for the year ending December 31, 1912, showing the total receipts from all sources to be $1,686.08 and the expenditures for all objects $1,500.71, leaving a balance of $185.37.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation to the extent hereinbefore set forth during the time when said assessment above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of the City of New York, under the provisions of section 221A of the Greater New York Charter, except as to that part of such lien which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of Grace Evangelical Lutheran Church, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the assessment, above set forth, be cancelled to the extent of 90 per cent. thereof, upon the payment of $10, and the balance of said assessment with accrued interest, provided that payment be made within sixty days from the date of the passage of the resolution authorizing such payment, and provided also that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessment, levied and assessed against property owned by Grace Evangelical Lutheran Church, Borough of The Bronx, to the extent of 90 per cent. thereof, upon payment of the sum of ten dollars ($10), and the balance of said assessment, with accrued interest, provided that payment be made within sixty days from date, and provided also that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected, and that the same is not under contract of sale:

The total amount involved as principal in the above assessments is $191.45. The property affected by these assessments is located in the Borough of Manhattan, southerly side East 26th Street, between First Avenue and AvenueA.

Mr. J. T. Willson, Manager and Secretary of Council, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $217,109.29 and the expenditures for all objects $216,482 03, leaving a balance of $627.26.

It appearing therefore that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would therefore certify my approval of the application of Cornell University, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by Cornell University, in the Borough of Manhattan, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the Church of the Redemption, Reformed Episcopal, Borough of Brooklyn, for the cancellation of certain assessments:

November 17th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Church of Redemption, Reformed Episcopal, has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 9, Block 2648, Lots 56 and 57.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City aproving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same prior to the year 1885; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, to the extent hereinafter set forth, during the periods when the liens hereinafter set forth accrued. Said premises are used as follows: Lot 56 for church purposes; Lot 57 partly for church purposes and partly for storage purposes.

It appears from an examination of the Assessment Rolls that Lot 56 has been wholly exempt and Lot 57 partially exempt from local taxation for the year 1907 and since, and the valuation for the year 1915 is as follows: Lot 56, $13,000 (wholly exempt): Lot 57, $3,000 (exempt to the extent of $2,000).

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Sewer in Quay St.. from East River to West St., etc. (confirmed and entered December 13, 1910): No. 1522, Section 9, Block 2648, Lot 57, $72.50; No. 1521, Section 9, Block 2648, Lot 56, $72.50.

As to Lot 57, it appears from the foregoing that said lot was not used for such a purpose as would entitle it to full exemption from local taxation under article one, section four, subdivision seven of the tax law, during the time when the assessment against the same which is sought to be cancelled accrued and became a lien thereon, said lot having been used, during such period, partly for church purposes and partly for storage purposes, and that each of such parts had a separate valuation placed thereon by the Department of Taxes and Assessments, without a physical apportionment of said lot having been made, the part used for church purposes being valued at $2.000 and wholly exempt, and the part used for storage purposes being valued at $1.000 and assessed.

Although the Commissioners of the Sinking Fund have no power, under said section 221A of the charter to cancel said assessment against Lot 57, so far as it affects that part of the lot used for storage purposes, by reason of the fact that such part was not entitled to exemption from local taxation under said provision of the tax law, when said assessment accrued and became a lien thereon, nevertheless they have the power to cancel the proportionate part of said assessment against that part of the lot used for church purposes. such part to be determined by the relative valuations placed on each part, respectively, by the Department of Taxes and Assessments as aforesaid.

The valuation on the part used for church puropses ($2.000) is approximately 67 per cent. of the total valuation ($3,000) and that on the part used for storage purposes ($1.000) 33 per cent.

I would recommend therefore that the assessment hereinbefore set forth against said Lot 57 be cancelled to the extent of 67 per cent. thereof. As to the balance of such assessment, viz., 33 per cent thereof, I refuse to certify my approval of the application.

As to the assessment hereinbefore set forth against Lot 56. I would recommend that the same be cancelled in full, upon payment of the nominal sum of $10.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $145. The property affected by these assessments is located in the Borough of Brooklyn, easterly side of Leonard Street, south of Norman Avenue.

Mr. William M. MacEwen, Senior Warden, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $609.73, and the expenditures for all objects $517.41, leaving a balance of $92.32.

It appearing therefore that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation to the extent hereinbefore set forth, during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to that part of one of said liens which I have refused to certify for cancellation, and I would therefore certify my approval of the application of Church of Redemption, Reformed Episcopal, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the assessment against Lot 56, above set forth, be cancelled in full, and the assessment against Lot 57, above set forth, be cancelled to the extent of 67 per cent. thereof, upon the payment of the sum of $10, and the balance of such assessment against Lot 57. viz.. 33 per cent. thereof. together with the accrued interest on such balance, provided that payment be made within sixty days from the date of the resolution authorizing such payment; and also provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Church of the Redemption, Reformed Episcopal, in the Borough of Brooklyn, in a petition addressed to the Commissioners of the Sinking Fund, request the cancellation of the following assessments:

Sewer in Quay Street, from East River to West Street, etc. (Confirmed and entered December 13, 1910):

No. 1522, Section 9, Block 2648, Lot 57..... $72 50
No. 1521, Section 9, Block 2648, Lot 56..... 72 50

Resolved, That the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221A of the Charter to cancel the hereinabove mentioned assessment against Lot 56 in full, and the assessment against Lot 57 to the extent of 67 per cent. thereof, upon payment of the sum of ten dollars ($10), and the balance of such assessment against Lot 57, viz.: 33 per cent. thereof, together with accrued interest on such balance, provided that payment be made within sixty days from date, and also provided that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the Convent of Our Lady of Wisdom, the Borough of Queens, for the cancellation of certain assessments.

November 17th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Convent of Our Lady of Wisdom has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Queens, designated on the official tax map as Ward 4, Block 530, Lots 52, 54 and 56.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certicate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about May 1, 1906; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for religious and educational purposes and as a convent.

It appears from an examination of the Assessment rolls that the property has been exempt from local taxation for the year 1910, and since, and the assessed valuation for the year 1914 is as follows: Lot 52, $3,000; Lot 54, $1,100; Lot 56, $22,600.

It further appears, from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Temporary open drain in Panama St., from Jamaica Bay to Cozine Ave.; storm water sewer in Panama St., from Cozine Ave. to Vienna Ave., and from Vienna Ave. to Blake Ave., and from Blake Ave. to Rockaway Road; etc. (Confirmed and entered May 27, 1913). No. 3252, Section 8, Block 530, Lot 52, Ward 4, $32.00; No. 3253, Section 8, Block 530, Lot 54, Ward 4, $32.00; No. 3254, Section 8, Block 530, Lot 56, Ward 4, $64.00.

Rockaway Rd. Sewer Leffert to Freedom Avs. No. 680. (Confirmed and entered June 30, 1914). No. 984, Section 8, Block 530, Lot 52, Ward 4, $46.00; No. 985, Section 8, Block 530, Lot 54, Ward 4, $46.00; No. 986, Section 8, Block 530, Lot 56, Ward 4, $92.00.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York, affecting the property herinbefore described.

The total amount involved as principal in the above assessments is $312. The property affected by these assessments is located in the Borough of Queens, easterly side of McCormick avenue, between Jerome and Kimball avenues, Ozone Park.

Sister Agnes, Daughter of Wisdom, in response to a request, has submitted a financial statement for the year ending July 31, 1913, showing the total receipts from all sources to be $3,857 and the expenditures for all objects $3,779, leaving a balancc of $78.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became a liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of the City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Convent of Our Lady of Wisdom, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, providing that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Convent of Our Lady of Wisdom, Queens, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of the French Evangelical Church, in the Borough of Queens, for the cancellation of certain assessments.

November 27th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—French Evangelical Church has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of Queens, designated on the official tax map as Ward 4, Block 360, Lot 15.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of the City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments of Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in or about the year 1890; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for church and Sunday school purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1910, and since, and the assessed valuation for the year 1915 is $5,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Temporary open drain in Panama St. from Jamaica Bay to Cozine Ave.; storm water sewer in Panama St., from Cozine Ave. to Vienna Ave.; etc. (Confirmed and entered May 27, 1913). No. 3464, Block 360, Lot 15, Ward 4, $39.30.

Rockaway Rd. Sewer, Leffert to Freedom Ave., $680. (Confirmed and entered June 30, 1914). No. 1848, Block 360, Lot 15, Ward 4, $53.36.

The records of this Department show no awards paid or payable to petitioner and no lease to the City of New York, affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $92.66. The property affected by these assessments is located in the Borough of Queens, southerly side of Chichester avenue, between Hatch and Hopkinton avenues, Woodhaven.

Petitioner has included in its application certain assessments against Lot 14, Block 360, Ward 4, but inasmuch as it appears from the records of the Department of Taxes and Assessments that said lot is occupied as a parsonage, and is not entitled to exemption from local taxation under article one, section four, subdivision seven of the tax law, as required by said section 221A of the charter, I refuse to certify my approval of the application so far as respects the cancellation of such assessments against said Lot 14.

The Rev. Gustave Baechler, pastor, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $966.44 and the expenditures for all objects $1,284.17, leaving a deficit of $317.73.

It appearing therefore, that the petitioner was the actual owner of the real estate in question (Lot 15) and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of the City of New York, under the provisions of section 221A of the Greater New York Charter, except as to the assessments against Lot 14 which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of French Evangelical Church, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens, above set forth, as the ones which may properly be cancelled, be cancelled upon the payment of $10, provided that at the time of such payment, said corporation furnish proof, by affidavit that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the French Evangelical Church, in the Borough of Queens, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of St. Finbarr's Roman Catholic Church at Bath, Town of New Utrecht, Kings County, for the cancellation of certain assessments:

November 27th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—St. Finbarr's Roman Catholic Church at Bath, Town of New Utrecht, Kings County, New York, has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 19, Block 6404, Lot 29, and Block 6405, Lot 1.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned

by any corporation entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York and is the owner in fee simple of the above described premises, having acquired the same prior to 1913; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for religious and educational purposes, Lot 29, Block 6404, being occupied as a church, and Lot 1, Block 6405, which is vacant, being held for the purpose of erecting a school thereon.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1913 and since, and the assessed valuation for the year 1915 is as follows: Lot 29, Block 6404, $125,000; Lot 1, Block 6405, $14,500.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Paving Bay 20th St., from Cropsey Ave. to 86th St. (Entered and confirmed March 10, 1914): No. 23, Section 19, Block 6404, Lot 29, $534.00; No. 20, Section 19, Block 6405, Lot 1, $340.50.

Petitioner has included in its application the 1914 installment against said Lot 29, Block 6404, of the assessment for street improvements in the former town of New Utrecht, levied pursuant to Chapter 582, Laws of 1893. The yearly installments of the assessment were to be liens only as levied, and were to be collected with the general tax each year. The first installment thereof was levied June 30, 1904.

I refuse to certify my approval of the cancellation of such 1914 installment, for the reason that its appears that said Lot 29 was not acquired until the year 1905, subsequent to the levying of the first installment of said assessment, and therefore the property was not owned by the petitioner at the time such assessment accrued, as required by said section 221A of the charter.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York, affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $874.50. The property affected by these assessments is located in the Borough of Brooklyn, southwest corner Benson Avenue and Bay 20th Street, and northeast corner Bay 20th Street and Bath Avenue.

The Rev. William A. Gardiner, Rector and Treasurer, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $21,449.47, and the expenditures for all objects, $21,793.73, leaving a deficit of $344.26.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to the installment assessment which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of St. Finbarr's Roman Catholic Church at Bath, Town of New Utrecht, Kings County, New York, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens, above set forth, as the ones which may properly be cancelled be cancelled upon the payment of $10, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by St. Finbarr's Roman Catholic Church, at Bath, Town of New Utrecht, Kings County, New York, in the Borough of Brooklyn, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected and that the same is not under contract of sale.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the Trustees of the Methodist Episcopal Church of Greenfield, Town of Flatbush (Ocean Parkway M. E. Church) for the cancellation of certain assessments:

November 27th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Trustees of the Methodist Episcopal Church of Greenfield in the Town of Flatbush (Ocean Parkway M. E. Church), has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 17, Block 5427, Lot 43.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York and is the owner in fee simple of the above described premises, having acquired the same on or about February 24, 1909; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for church purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1910 and since, and the assessed valuation for the year 1914 is $60,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Sewer in Foster Avenue from Ocean Parkway to Gravesend Avenue (entered March 26, 1912): No. 6, Section 16, Block 5427, Lot 43, $174.40.

Regulating, Grading, Curbing and Laying Sidewalks on Foster Avenue from Coney Island Avenue to Gravesend Avenue (entered June 4, 1912): No. 29, Section 16, Block 5427, Lot 43, $314.15.

Paving Foster Avenue from Coney Island Avenue to Gravesend Avenue (entered November 6, 1912): No. 29, Section 16, Block 5427, Lot 43, $733.31.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York, affecting the property hereinbefore described.

Petitioner has included in its application the property known as Lot 40, Block 5423, Section 16, Borough of Brooklyn, but inasmuch as it appears from the records of the Department of Taxes and Assessments that the petitioner is not the owner of said property at the present time, and that the same is not entitled to exemption from local taxation and has not been entitled to such exemption since the year 1912, I refuse to certify my approval of the application so far as respects said Lot 40, Block 5423.

The total amount involved as principal in the above assessments is $1,221.86. The property affected by these assessments is located in the Borough of Brooklyn, northwest corner Ocean Parkway and Foster Avenue.

Mr. James S. Morey, President, Board of Trustees, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $3,342.80 and the expenditures for all objects $3,342.40, leaving a balance of 40 cents.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question (Lot 43, Block 5427), and entitled to have the same exempted from taxation during the time when said assessments above mentioned accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to the property known as Lot 40, Block 5423, respecting which I have refused to certify my approval, and I would, therefore, certify my approval of the appl.cation of the Trustees of the Methodist Episcopal Church of Greenfield in the Town of Flatbush (Ocean Parkway M. E. Church), so far as respects the open charges against said Lot 43, Block 5427, pursuant to the provisions of such section of the Charter, and recommend that the liens against said Lot 43, above set forth, be cancelled upon the payment of $10, provided, that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund by unanimous vote, hereby authorize and direct the Comptroller pursuant to the provisions of Section 221-A of the Charter to cancel the following assessments levied and assessed against property owned by the Trustees of the Methodist Episcopal Church of Greenfield, in the Town of Flatbush (Ocean Parkway M. It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same about the year 1895 and on March 9, 1909; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for religious and educational purposes, being occupied by a church, parochial school and convent.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1908, and since, and the assessed valuation for the year 1914 is Lot 1, $150,000; Lot 6, $20,000.

Said records show further that no awards have been paid or remain unpaid, in favor of the petitioners herein, affecting Lots 1 and 6, Block 20, the subject of this application, and that there is no lease to The City of New York affecting said property.

The total amount involved as principal in the above assesssments is $3,987.09. The property affected by these assessments is located in the Borough of Queens, southerly side of Onderdonk Avenue, from Stockholm to Stanhope streets.

The Rev. John W. Hauptmann, Rector of R. C. Church of St. Aloysius, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $19,964.05, and the expenditures for all objects $19,897.77, leaving a balance of $66.28.

Sister Mary Albertina, O. S. D., has also submitted a financial statement of the Nuns of the Order of St. Dominic for the last fiscal year, showing the total receipts from all sources to be $5,335, and the expenditures for all objects $5,331.76, leaving a balance of $3.24.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of Section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the Roman Catholic Church of St. Aloysius and the Nuns of the Order of St. Dominic, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale. ALEX, BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10) the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Roman Catholic Church of St. Aloysius and the Nuns of the Order of St. Dominic, in the Borough of Queens, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale:

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of the Church of Our Lady of Good Counsel of the Augustinian Society for the cancellation of certain assesssments:

November 27, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Church of Our Lady of Good Counsel of the Augustinian Society has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of Richmond, designated on the official tax map as Ward 2, Plot 1, Lot 111, and Plot 8, Lots 12-A and 13.

This application is made pursuant to the provisions of Section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, sub-division seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about the year 1899; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used exlusively for religious purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1909, and since, and the assessed valuation for the year 1915 is as follows: Lot 111, $7,500; Lot 12-A, $5,000; Lot 13-A, $20,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property, and are now open and unpaid on the records of the Department, namely:

Assessments.

No. 117, Elizabeth Street Sewer (confirmed and entered October 6, 1910)—No. 275, Ward 2, Plot 1, Lot 111, $31.68; No. 476, Ward 2, Plot 8, Lot 12-A, $22.71; No. 477, Ward 2, Plot 8, Lot 13, $400.66.

No. 122, Sidewalks (confirmed and entered April 18, 1911)—Ward 2, Plot 8, Lot 12-A, $171.80.

The records of this Department show—

That an award has been made for Parcel Damage No. 2, in the matter of opening and extending a New Street between Richmond Turnpike and Ward Avenue, in the 2d Ward, Borough of Richmond, to Church of Our Lady of Good Counsel of the Augustinian Society, as follows: Land, $1,468; interest from May 27, 1903, to November 16, 1903, $172.98; interest on $1,468, $41.34; warrant No. 655, dated November 12, 1903; paid December 3, 1903, $1,682.32.

Said records show further that the foregoing award affected the property known as Lot 13, Plot 8, Ward 2, hereinbefore referred to, being one of the lots included in this application. The assessment for benefit against said Lot 13 in the same proceeding in which the foregoing award was made amounted to $402.68. It appears further from said records that said assesssment, amounting, with accrued interest, to $405.28, was paid on April 6, 1904.

The records of this Department show no lease to the City of New York affecting any of the property hereinbefore described.

The total amount involved as principal in the above assesssments is $626.85. The property affected by these assessments is located in the Borough of Richmond, from Louis Street to Austin Place, east of Richmond Turnpike, and easterly side of St. Paul's Avenue, near Sarah Ann Street, Tompkinsville.

The Rev. B. E. Daly, Rector, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $7,882.28, and the expenditures for all objects $8,250.78, leaving a deficit of $368.50.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of Section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Church of Our Lady of Good Counsel of the Augustinian Society, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale. ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10) the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Church of Our Lady of Good Counsel of the Augustinian Society, in the Borough of Richmond, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected, and that the same is not under contract of sale:

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the Trustees of the Northern Dispensary of The City of New York, in the Borough of Manhattan, for the cancellation of certain assessments:

November 27, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Trustees of the Northern Dispensary of The City of New York has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Manhattan, designated on the official tax map as Section 2, Block 593, Lot 51

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it, from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about May 14, 1830; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a free dispensary for the purpose of relieving such sick poor and indigent persons as are unable to procure medicinal aid.

It appears from an examination of the assessment rolls that the property has been exempt from local taxation for the year 1866 and since, and the assessed valuation for the year 1914 is $30,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears, that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Curbing, etc., Christopher St. and Waverly Place (confirmed March 21, 1866; entered April 7. 1866), No. 1, Secion 2, Block 593, Lot 51, $610.24.

West St. Sewer (entered March 4, 1886), No. 3162, Section 2, Block 593, Lot 51, $32.20.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $642.44. The property affected by these assessments is located in the Borough of Manhattan, triangular block bounded by Waverly Place and Christopher Street.

Mr. Scott Foster, Treasurer, in response to a request, has submitted a financial statement for the year 1912, showing the total receipts from all sources to be $14,344.05, and the expenditures for all objects, $13,138.49; leaving a balance of $1,205.56.

Included in the foregoing total of receipts is a legacy, in the sum of $5,000, received from the estate of Emily H. Moir, which legacy is also included in the foregoing total of expenditures by reason of the fact that it was paid into a fund known as the "Permanent Fund." It would seem, however, that said legacy ought not properly to be classified as an expenditure. Treating such item solely as a receipt and not as an expenditure, would result in increasing the balance shown above by $5,000, which would make the actual cash balance at the end of the year $6,205.56.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greated New York Charter, and I would, therefore, certify my approval of the application of the Trustees of the Northern Dispensary of The City of New York, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale. ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10) the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Trustees of the Northern Dispensary of the City of New York, in the Borough of Manhattan, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected, and that the same is not under contract of sale.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the Hebrew Infant Asylum of The City of New York, for the cancellation of certain assessments:

November 27, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Hebrew Infant Asylum of The City of New York has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Bronx, designated on the official tax map as Section 11, Block 3220, Lot 37 (formerly known as Lots 37, 60, 61, 62, 70, 72, 75 and 77).

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the

owner in fee simple of the above described premises, having acquired the same on or about October 17, 1904; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provisions of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a free asylum for infants under the age of six years, without regard to class, creed or color.

It appears from an examination of the assessment rolls that said premises have been exempt from local taxation for the year 1909 and since, taxes for 1908 remitted by Department of Taxes and Assessments; taxes for 1905 to 1907, inclusive, cancelled by Comptroller's order, and the assessed valuation for the year 1915, is $615,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Paving Webb Avenue, 188th Street to Kingsbridge Road (confirmed and entered March 4, 1913), No. 4, Block 3220, Lot 37, $1,845.80.

Acquiring Title to portion of Sedgwick Avenue, etc. (confirmed March 18, 1913; entered April 30, 1913), No. 303, Block 3220, Lot 37, $164.38.

Paving Aqueduct Ave., from Fordham Road to Kingsbridge Road (preliminary pavement) (confirmed and entered December 30, 1913), No. 11, Block 3220, Lot 37, $3,248.27.

Kingsbridge Road, regulating from Bailey Ave. to Bronx River, etc. (confirmed and entered May 21, 1914), No. 99, Block 3220, Lot 37, $550.

Petitioner has included in its application the assessment for "Opening Aqueduct Ave., from Lind Ave. to Kingsbridge Road," confirmed February 24, 1903, and entered January 19, 1905, the principal of which amounts to $3,105.92.

I refuse to certify my approval of the cancellation of said assessment, however, for the reason that the petitioner was not the owner of the property affected and the same was not entitled to exemption from local taxation, as required by said section of the Charter, at the time said assessment accrued, to wit, February 24, 1903, the date of the confirmation thereof.

Petitioner has also included in its application certain assessments affecting the property known as Lots 38 to 44, Block 2620, Borough of The Bronx, formerly owned by it.

In view of the fact, however, that said property last mentioned was sold by the petitioner on November 1, 1911, as appears from the petition herein, and therefore does not come within the provisions of said section 221A of the Charter, which requires in substance that the property with respect to which relief is sought, be owned by the petitioning corporation, I refuse to certify my approval of the application so far as respects the cancellation of such assessments against said Lots 38 to 44, Block 2620.

The records of this Department show no awards paid or payable to peittioner, and no lease to The City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $5,808.45. The property affected by these assessments is located in the Borough of Bronx, Aqueduct Avenue and Kingsbridge Road.

Mr. Harry R. Kohn, Vice President and Chairman of the Finance Committee of petitioner, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $98.010.41, and the expenditures for all objects, $110,272.73; leaving a deficit of $12.262.32.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question (Lot 37, Block 3220), and entitled to have the same exempted from taxation during the time when said assessments above enumerated, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the sinking Fund of The City of New York, under the provisions of Section 221A of the Greater New York Charter, except as to the assessments which I have refused to certify for cancellation, and I therefore certify my approval of the application of the Hebrew Infant Asylum of The City of New York, to the extent I have hereinbefore indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens, above set forth, as the ones which may properly be cancelled upon the payment of $10, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10) the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by The Hebrew Infant Asylum of the City of New York, in the Borough of The Bronx, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale:

Gentlemen—Tremont Temple, Congregation Gates of Mercy, has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as Section 11, Block 3156, Lot 7.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in November, 1909; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provisions of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a house of worship of the Jewish faith and as a religious Sunday school.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1910, and since, and the assessed valuation for the year 1915 is $21,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the department, namely:

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Tremont Temple, Congregation Gates of Mercy, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to petition of the Diocesan Missions of Long Island (Church of the Annunciation) for the cancellation of certain assessments:

November 27th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Diocesan Missions of Long Island (Church of the Annunciation) has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 17, Block 5769, Lots 13, 14 and 15.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York and is the owner in fee simple of the above described premises, having acquired the same on or about April 30, 1912; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for church purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1914, and since, and the assessed valuation for the year 1914 is $1,650.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvement were levied against said property and are now open and unpaid on the records of the department, namely:

Assessments.

Regulating, Grading, Curbing, Laying Sidewalks: 67th St. from 14th to 15th Aves. (Entered May 7, 1912; confirmed May 7, 1912.) No. 3, Section 17, Block 5769, Lot 14, $26; No. 4, Section 17, Block 5769, Lot 15, $26; No. 2, Section 17, Block 5769, Lot 13 $6.50.

At the time the foregoing assessment accrued and became a lien, the property was not marked "exempt" from local taxation on the books of the Department of Taxes and Assessments, no application for exemption having been made until such exemption was granted for the taxes of 1914, but inasmuch as the property was acquired by the petitioner on April 30, 1912, prior to the date of confirmation and entry of said assessment, its ownership, use and occupation was such as to create an exemption prior to the date when said assessment accrued and became a lien thereon.

Rev. Charles Henry Webb, one of the trustees of this petitioner, has submitted an affidavit sworn to on November 25, 1914, reading as follows:

STATE OF NEW YORK, COUNTY OF NEW YORK, SS.:

CHARLES HENRY WEBB, being duly sworn, deposes and says: That he is one of the trustees of the Diocesan Missions of Long Island, a corporation.

The property of the Church of the Annunciation, 67th Street, 95 feet southeast of 14th Avenue, Brooklyn, known as lots 13, 14 and 15, block 5769, section 17, were acquired by purchase April 27th and April 30th, 1912, by the corporation of the Diocesan Missions of Long Island, for the purpose of erecting thereon a church.

The taxes for 1912 were paid because, the property having been acquired after the second Monday in January, exemption could not be asked.

The taxes for 1913 were paid in the belief that, since the land was idle and not actually used for religious purposes, no building having been erected thereon, exemption could not be granted.

Erection of a church was begun in June, 1913, and the building was completed and occupied in October, 1913.

From the date of the purchase the land was not put to any use whatever, nor was it intended to be put to any use, except as a site for the erection of a church. No rent or other income has been received for the property since its purchase.

The assessment for the cancellation of which petition is now made, was levied the 7th day of May, 1912. CHAS. HENRY WEBB.

Sworn to before me this 25th day of November, 1914. GEORGE JACOBS, Commissioner of Deeds for The City of New York, residing in Manhattan. Certificate filed in New York County Clerk's office.

The total amount involved as principal in the above assessments is $58.50. The property affected by these assessments is located in the Borough of Brooklyn, southerly side 67th Street, between 14th and 15th Avenues.

The records of this department show no awards paid or payable to petitioner and no lease to The City of New York, affecting the property hereinbefore described.

The Rev. Charles Henry Webb, one of the trustees of petitioner, in response to a

request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $9,821.18, and the expenditures for all objects, $8,063.11, leaving a balance of $1,758.07.

Dr. Webb has also submitted a financial statement of the congregation occupying the property in question for the last fiscal year, showing the total receipts from all sources to be $612.22, and the expenditures for all objects, $709.72, leaving a deficit of $97.50.

And in connection with the statement last mentioned, Dr. Webb states in part as follows:

"The Corporation of Diocesan Missions, your petitioner, holds title to the property of this congregation because the congregation is not self-supporting and not incorporated. The corporation, however, has no income that it can use for the support of this mission except voluntary contributions specified for the purpose. From such voluntary contributions of individuals and churches the salary of the pastor of this congregation ($1,200 per year) is paid, and the interest on the mortgage of $2,500 that rests on the property."

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessment, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Diocesan Missions of Long Island (Church of the Annunciation), pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10) the Commissioners of the Sinking Fund by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by the Diocesan Missions of Long Island (Church of the Annunciation), in the Borough of Brooklyn, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of St. Patrick's Roman Catholic Church at Fort Hamilton, Kings County, for the cancellation of certain assessments:

November 27th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—St. Patrick's Roman Catholic Church at Fort Hamilton, Kings County, has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 18, Block 6123, Lot 28.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of the City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about February 1, 1866, and May 15, 1901; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for church, school and convent purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1904, and since, and the assessed valuation for the year 1914 is $33,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Paving 95th Street between Fifth and Fort Hamilton Avenues. (Entered April 23, 1912). No. 1, Section 18, Block 6123, Lot 28, $1,162.70.

Installment Assessment for Street Improvements in the former town of New Utrecht. Under Chapter 582, Laws of 1893. Regulating, grading, paving, guttering and curbing Fourth Avenue from 60th Street to Shore Road. (Entered July 6, 1912). Year 1912, Section 18, Block 6123, Lot 28, $4.27; Year 1913, Section 18, Block 6123, Lot 28, $4.27; Year 1914, Section 18, Block 6123, Lot 28, $4.27.

The foregoing installments of the assessment for street improvements in the former town of New Utrecht, under Chapter 582, Laws of 1893, were to be liens only as levied, to be collected with the general tax, and the first installment of said assessment was levied June 30, 1904. In view of the fact that said property was acquired in the years 1866 and 1901, and that the same was exempt from local taxation in the year 1904 and since, it was owned by the petitioner and entitled to exemption at the time said installment accrued, viz., 1904, the year when the first installment thereof was levied, and also at the time the respective installments above set forth became liens thereon. I would therefore certify my approval of the cancellation of such installments.

The records of this Department show as follows:

That awards have been made to St. Patrick's R. C. Church, Damage Nos. 16, 17 and 20, at Fort Hamilton Avenue, Brooklyn, in re opening 95th Street from Fourth Avenue to Ft. Hamilton Avenue. Paid May 9th, 1907, to St. Patrick's R. C. Church at Ft. Hamilton, $183.00.

Also that awards have been made to St. Patrick's R. C. Church at Ft. Hamilton Avenue, Kings County, regarding grading, etc., 95th Street between 5th Avenue and Fort Hamilton Avenue affecting 18-6123-28 part. Paid March 25, 1913, to St. Patrick's R. C. Church at Fort Hamilton Avenue, $2,500.00.

Also that awards have been made to The Nuns of the Order of St. Domini, regarding grading, etc., 95th Street between Fifth and Fort Hamilton Avenues, affecting 18-6123-28 part. Paid March 31, 1913, to The Nuns of the Order of St. Domini, $250.00.

Said records show further that in the proceeding in which the award first above set forth, viz., "Opening of 95th Street, etc.," was paid, the property now known as Lot 28 (the subject of this application) was known as Lots 21, 22, 23 and 33, Block 1120, Ward 30, and that the respective assessments for benefit in said proceeding against said lots last mentioned were either paid or cancelled, as follows:

Lot 21, $313.73, cancelled Comptroller's order November 25, 1904; Lot 21, $39.23, cancelled Comptroller's order July 13, 1905; Lot 22, $205.92; cancelled Comptroller's order November 25, 1904; Lot 23, $205.92, paid principal November 31, 1907; Lot 23, $45.93, paid interest November 31, 1907; Lot 33, $411.83, principal paid June 10, 1905; Lot 33, $35.72, interest paid June 10, 1905.

Said records show further that in the proceeding in which the awards last above set forth were paid, viz., "Grading of 95th Street, etc.", the assessment for benefit in said proceeding against said lot 28, amounting to $1,184.80, together with $19.32 accrued interest, was paid on March 25, 1913.

It further appears from said records that there is no lease to the City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $1,175.51. The property affected by these assessments is located in the Borough of Brooklyn, southeast corner Fourth Avenue and 95th Street.

The Rev. Michael P. Heffernan, rector, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $15,919.55 and the expenditures for all objects $15,396.35, leaving a balance of $523.20.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of the City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of St. Patrick's Roman Catholic Church at Fort Hamilton, Kings County, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by St. Patrick's Roman Catholic Church at Fort Hamilton, Kings County, in the Borough of Brooklyn, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale:

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Disciples Missionary Union has presented to you a petition for cancellation of certain assessments for public improvements affecting premises in the Borough of Queens, designated on the official tax map as Ward 2, Block 72, Volume 1, Lots 1 and 2, both lots now known as Lot 1.

This application is made pursuant to the provisions of Section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of the City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about October 1, 1910; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to petition of the Broadway Congregational Church, Flushing, Borough of Queens, for the cancellation of certain water charges:

November 30, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Broadway Congregational Church, Flushing, has presented to you a petition for the cancellation of certain water charges, affecting premises in the Borough of Queens, designated on the official tax map as Ward 3, Volume 6, Block 156, Lot 4.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about January 3, 1901; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for religious purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1908 and since; taxes for 1901 to 1907, inclusive, cancelled by Comptroller's order dated October 2, 1914, and the assessed valuation for the year 1915 is $2,300.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Water Charges.

1901, Ward 3, Block 156, Lot 4, $8.05; 1902, Ward 3, Block 156, Lot 4, $8.05; 1904, Ward 3, Block 156, Lot 4, $8.05; 1905, Ward 3, Block 156, Lot 4, $8.05; 1906, Ward 3, Block 156, Lot 4, $8.05.

Petitioner has included in its application water charges for the year 1900, but as hereinbefore appears said property was not acquired by petitioner and was not entitled to exemption from local taxation until the year 1901, and therefore was not owned by the petitioning corporation nor entitled to exemption at the time such charges accrued and became a lien, as required by said section of the charter. I must therefore refuse to certify my approval of the application so far as respects the cancellation of such water charges.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above water charges is $40.25. The property affected by these water charges is located in the Borough of Queens, easterly side of 22nd Street, north of Franconia Avenue, Flushing.

Mr. Peter Ross, Treasurer, in response to a request, has submitted a financial statement for the year 1912, showing the total receipts from all sources to be $871.31 and the expenditures for all objects $814.79, leaving a balance of $56.52.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said water charges above mentioned accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to the water charges for the year 1900, which I have refused to certify for cancellation, and I would therefore certify my approval of the application of Broadway Congregational Church, Flushing, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens above set forth, as the ones which may properly be cancelled, be cancelled upon the payment of $10, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected and that the same is not under contract of sale. ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon the payment of the sum of Ten Dollars ($10.00) the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following water charges levied and assessed against property owned by the Broadway Congregational Church, Flushing, Borough of Queens, provided that at the time of such payment said corporation furnish proof, by affidavit, that it it the actual owner of the poperty affected and that the same is not under contract of sale:

Water Charges.

1901, Ward 3, Block 156, Lot 4..... $8 05
1902, Ward 3, Block 156, Lot 4..... 8 05
1904, Ward 3, Block 156, Lot 4..... 8 05
1905, Ward 3, Block 156, Lot 4..... 8 05
1906, Ward 3, Block 156, Lot 4..... 8 05

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution relative to a lease of plot of land at Nos. 434-436 East 91st Street, Borough of Manhattan, for use of the Board of Education.

This matter was on the calendar of the last meeting and laid over.

Mr. Frank D. Wilsey, chairman, Committee on Buildings of the Board of Education was interrogated by members of the Board in regard to the necessity of the proposed lease.

November 30th, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to your Board transmits a certified copy of report and resolution adopted by the Board of Education on September 30, 1914, requesting consent to the leasing of a fireproof building to be erected on a plot of land known as Nos. 434-436 East 91st Street, Borough of Manhattan, for use as a supply depository.

The plot in question is 50 feet in width with a depth of 102 feet, on which there is to be erected a six-story and basement fireproof building, in accordance with plans to be approved by the Superintendent of Buildings, and drawn in accordance with a letter from the owner dated July 15, 1914, as to the strength and area of floors and height of ceilings. The building to be equipped with an electric freight elevator not less than 10x16 feet; a steam heating plant with all necessary coils and radiators; all electric wiring for lighting; two water closets and one urinal on each floor, and to have installed in the cellar a 275-gallon tank for the storing of gasoline and a 100-gallon tank for oil, together with all connections from the street, piping, pumps, etc.; the owner to keep the roof and exterior in good repair during the term of the lease, which shall be for a period of five years from June 1, 1915, at an annual rental of $8,000, with the privilege of renewal thereafter for a further term of five years on the same terms and conditions, except that from June 1, 1915, to December 1, 1915, the rental shall be at the rate of $4,000 per annum.

At present, the Department of Education leases a store house at 108th Street and First Avenue, a non-fireproof building, five stories in height, without a cellar, and with no provision for the storage of automobiles, gasoline or oil, at an annual rental of $6,000.

The charges for storing automobiles in private garages amount to $1,440 per annum. At the present time, it is necessary to purchase gasoline and oil in gallon lots instead of in bulk, thus adding to the cost.

The first and second floors of the new building are to sustain 250 pounds per square foot and the other floors 150 pounds per square foot; the first story to be 14 feet 6 inches high, the others 12 feet 8 inches high. The tanks are to be placed in the rear of the cellar, one with a capacity of 275 gallons for gasoline, and the other with a capacity of 100 gallons for oil.

The first floor is to be fitted and used for automobile storage.

In the present building, which is under lease there is a floor area of 21,000 square feet, while in the proposed building, the floor area will be 26,394 square feet. It will be equipped with elevator and steam heating plant and will be absolutely fireproof, as against the present leased building, which is non-fireproof, and where, under the terms of the lease, the Department's automobiles cannot be housed, and neither is there any cellar.

The Department of Education is to erect a supply building at East 77th Street and the East River, but it is not likely, owing to the immense amount of rock to be excavated, the difficulties which must be met in putting in the footings, and the size of the job, that the building will be completed until some time during the year 1917. Upon the completion thereof, it is proposed to remove the contents of the building proposed to be erected on 91st Street to the City's building at 77th Street and the East River and use the 91st Street building as a boy's vocational school, for auto repairing, machine shop, metal work, etc., and its comparative proximity to the 77th Street supply building renders it easily available for repairs to the Department autos, etc.

In view of the facts hereinabove enumerated, I believe that your Board should approve of the recommendation made by the Board of Education.

The land is appraised at $20,000; the building $75,000; total, $95,000. The rent is therefore at the rate of a trifle less than 8½ per cent. per annum.

I therefore respectfully recommend, the rent being reasonable and just, that your Board adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of a fireproof building to be erected on a plot of land at Nos. 434-436 East 91st Street, Borough of Manhattan, said plot of land being 50x102 feet, for a term of five years from June 1, 1915, at an annual rental of $8,000, with the privilege of renewal thereafter for a further term of five years on the same terms and conditions, except that from June 1, 1915, to December 1, 1915, the rental shall be at the rate of $4,000 per annum, the building to be erected in accordance with plans to be approved by the Superintendent of School Buildings, such plasn to be drawn, in accordance with a letter from the owner to Hon. Frank D. Wilsey, dated July 15, 1914, as to strength and area of floors and height of ceilings; to be equipped with electric freight elevators not less than 10x16 feet; a steam heating plant with all necessary coils and radiators, all electric wiring for lighting, and two water closets and one urinal on each floor; and to have installed in the cellar a 275-gallon tank for the storage of gasoline, and a 100-gallon tank for oil, together with all connections from the street, piping, pumps, etc.; the owner to keep the roof and exterior in good repair during the term of the lease, and pay taxes, the City to pay water rates and furnish heat, light and janitor service. Owner, William E. Cunningham, 434-436 East 91st Street, Manhattan.

Respectfully, ALEX BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City of a fireproof building to be erected on a plot of ground at Nos. 434-436 East 91st Street, Borough of Manhattan, said plot of land being 50 by 102 feet, for a term of five years from June 1, 1915, at an annual rental of eight thousand dollars ($8,000), payable quarterly, with the privilege of renewal thereafter for a further term of five years on the same terms and conditions, except that from June 1, 1915, to December 1, 1915, the rental shall be at the rate of four thousand dollars ($4,000) per annum; the building to be erected in accordance with plans to be approved by the Superintendent of School Buildings, such plans to be drawn in accordance with a letter from the owner to Hon. Frank D. Wilsey, dated July 15, 1914, as to strength and area of floors and height of ceilings; to be equipped with electric freight elevators not less than 10 feet by 16 feet; a steam heating plant with all necessary coils and radiators, all electric wiring for lighting, and two water closets and one urinal on each floor, and to have installed in the cellar a 275-gallon tank for the storage of gasoline, and a 100-gallon tank for oil, together with all connections from the street, piping, pumps, etc.; the owner to keep the roof and exterior in good repair during the term of the lease, and pay taxes; the City to pay water rates and furnish heat, light and janitor service; owner, William E. Cunningham; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution, relative to a lease to the City, of premises in the Parish House of St. Paul's Protestant Episcopal Church, located on the northeast corner of Washington Avenue and St. Paul's Place, Borough of The Bronx, for use of the Board of Education:

November 30, 1914.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Department of Education in a communication to your Board under date of November 12, 1914, states that at a meeting of that Board held November 11, 1914, a resolution was adopted requesting the consent and approval of your Board to the execution by the Board of Education of a lease of the parish house of St. Paul's Protestant Episcopal Church, located on the northeast corner of Washington Avenue and St. Paul's Place, Borough of The Bronx, as an annex to Public School No. 42, for a period from September 1, 1914, to July 1, 1916, at an annual rental of $2,750.

These premises had been rented to the City at $1,700 per annum by a lease expiring July 1, 1914, and the premises were vacated on June 30, 1914. The lease expired on July 1, 1914, owing to the fact that the owners at first refused to comply with the requirements filed against the premises by the Fire Department. The owners finally

agreed to make the necessary changes, provided the rental, which heretofore had been $1,700 per annum, be fixed at $3,500 per annum. As the result of a conference with the owners, a rental at the rate of $2,750 per annum was agreed upon, and the Medical Inspector, the Fire Department and the Superintendent of Buildings certify that the premises to be leased are now suitable for school purposes.

In view of the fact that the lessor was to comply with the orders of municipal departments that might be applicable to the exterior only, and the Board of Education was to make all changes and alterations necessary to fit the premises for school purposes at its own cost and expense, I consider the rent fair and reasonable.

Deeming the rent reasonable and just, I respectfully recommend that the Commisioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of the parish house of St. Paul's Protestant Episcopal Church, located on the northeast corner of Washington Avenue and St. Paul's Place, Borough of The Bronx, for school purposes, for a period from September 1, 1914, to July 1, 1916, at an annual rental of $2,750, payable quarterly; the lessors to pay taxes and water rates, furnish light, heat and janitorial service, and make all exterior repairs, comply with any orders which may be filed against the premises by the municipal bureaus or departments, and to have the right to occupy the premises on all days other than school days, and on all school days after five o'clock p. m. Lessors, St. Paul's Protestant Episcopal Church.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a lease to the City of the Parish House of St. Paul's Protestant Episcopal Church located on the northeast corner of Washington Avenue and St. Pauls Place, Borough of The Bronx, for school purposes, for a period from September 1, 1914, to July 1, 1916, at an annual rental of twenty-seven hundred and fifty dollars ($2,750), payable quarterly; the lessors to pay taxes and water rates, furnish light, heat and janitor service, and make all exterior repairs, comply with any orders which may be filed against the premises by the municipal bureaus or departments, and to have the right to occupy the premises on all days other than school days, and on all school days after 5 o'clock p. m.; lessors, St. Paul's Protestant Episcopal Church; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

PUBLIC SERVICE COMMISSION.

Proposals.

INVITATION TO CONTRACTORS.

Part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission"), acting for and on behalf of The City of New York (hereinafter called the "City"), invites proposals to construct Section No. 4 of Routes Nos. 4 & 36, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

SECTION No. 4. Beginning at a point under Seventh Avenue near the southerly building line of West 51st Street, thence extending northerly under Seventh Avenue to a point about eighty-five (85) feet south of the southerly building line of West 59th Street; thence curving northeasterly under Seventh Avenue, West 59th Street and Central Park to a point about seventy-nine (79) feet east of the easterly building line of Seventh Avenue extended and about one hundred and thirty-seven (137) feet north of the south building line of West 59th Street, and including a spur curving northwesterly under Seventh Avenue, West 59th Street and Central Park to a point about twenty-two (22) feet west of the westerly building line of Seventh Avenue extended and one hundred and eighty-seven (187) feet north of the south building line of West 59th Street.

The general plan of construction calls for a subsurface railroad having two, four and six tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be partly by tunneling and partly by trench excavation under cover, unless otherwise permitted by the Commission.

The Contractor will be required to prosecute the work of construction from working shafts located at the points specified in the contract.

Bidders must examine the form of contract and the specifications and contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this Invitation.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the contract.

The Contractor must complete the work within twenty-five (25) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities, in the sum of two hundred thousand dollars ($200,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 29th day of December, 1914, at twelve fifteen (12.15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed *"Proposal for Constructing Part of Rapid Transit Railroad —Routes Nos. 4 & 36, Section No. 4,"* and must be delivered to the Commission or its Secretary; and in the presence of the person submitting

the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for twenty thousand dollars ($20,000) payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.
