Advertisement inviting proposals for furnishing fire alarm lamp-posts and fire alarm boxes for the boroughs of Brooklyn and Queens and engine wheels for repair shops, borough of Manhattan, were forwarded to the Supervisor of the City Record for publication.

Contract of the Safety Insulated Wire and Cable Company, dated November 28, 1905, for additions to the fire alarm telegraph system in the borough of Brooklyn, having been duly executed in accordance with the provisions of the law, was transmitted to the Department of Finance.

Form of contract in triplicate and printer's proof, for additions and alterations to quarters of Hook and Ladder Company 12, borough of Manhattan, were forwarded to the Corporation Counsel for approval.

Form of contract in triplicate and printer's proof, for addition and alterations to building of Protection Volunteer Engine Company 7, quarters Engine Company 203, located on Broad street, near Brook street, Stapleton, borough of Richmond, and form of advertisement for the above were forwarded to the Corporation Counsel for approval.

BOROUGHS OF BROOKLYN AND QUEENS.

Communications received were disposed of as follows:

Filed.

From Brooklyn Rapid Transit Railroad Company—In relation to blocking of tracks on the Seventh avenue line by Engine Company 119. Reply communicated.

From Thirty-first Ward Taxpayers' Association—In relation to proposed fire engine house on Queens Highway, near Coney Island avenue. Reply communicated.

From Bureau of Fire Marshal—Report of fires week ending December 2, 1905.

From Assistant Foreman Engine Company 141—Requesting permission on behalf of members of company to present a gold badge to Foreman John J. Callaghan on December 15, 1905.

From Foreman Engine Company 144—Requesting permission on behalf of members of the company to present set of resolutions to Assistant Foreman John J. Deegan.

From Assistant Foreman Hook and Ladder Company 61—Requesting permission on behalf of members of the company to present a fire hat to Assistant Foreman Garrett J. Langan, Hook and Ladder Company 56.

From Foreman Hook and Ladder Company 68—Requesting permission on behalf of members of the company to present a 20-year service badge to Fireman first grade Robert McNeran, Hook and Ladder Company 68.

Referred.

From Municipal Civil Service Commission—Requesting copies of assignment books, boroughs of Brooklyn and Queens. To Deputy Chief of Department in charge.

From Department of Education—In relation to obtaining a permit from the Department of Water Supply, Gas and Electricity to open the street in order to install a fire alarm box in Public School 146. To Bureau Fire Alarm Telegraph.

From Police Department—Relative to application of Friedel & Golden for a concert license for premises No. 154 Manhattan avenue, Brooklyn, known as Leiderkranz Hall. To Bureau of Violations and Auxiliary Fire Appliances.

From Mrs. H. B. Thompson—Complaining of unlighted halls and dangerous conditions, premises No. 522 Van Buren street. To Fire Marshal. To Tenement House Department.

From Joseph Gans—In relation to notices of violations against premises Nos. 673 to 681 Classon avenue, No. 536 Third avenue, No. 255 Cornelia street and No. 52 Floyd street. To Bureau of Violations and Auxiliary Fire Appliances, Combustibles and Fire Marshal.

Mr. A. Lewis—Complaining of unlighted halls and dangerous conditions, premises No. 319 Melrose street. To Bureau of Violations and Auxiliary Fire Appliances and Tenement House Department notified.

From O. K. Construction Company—In relation to fire alarm boxes at Public Schools 80 and 112. To Bureau of Fire Alarm Telegraph.

From Vincent Patomo—Requesting permission to use the wall of quarters of Engine Company 142 as a party wall. To the Commissioner.

From Mrs. J. White—Complaining of dangerous condition of blacksmith's shop, Fourth avenue and Thirty-eighth street. To Bureau of Fire Marshal.

From Abramson & Potter—In relation to notices of violations against premises corner of Pitkin avenue and Ashford street, No. 117 Meeker street, Nos. 54 to 60 Sumner avenue and Nos. 430 and 432 Sackman street. To Bureaus of Violations and Auxiliary Fire Appliances, Fire Marshal and Combustibles.

From E. A. Pyle—Complaining of dangerous conditions premises No. 105 Fort Greene place. To Bureau of Fire Marshal.

From George H. Brasier—In relation to an order to change fire escapes, premises Nos. 477 and 479 Third street. To Bureau of Violations and Auxiliary Fire Appliances.

From Lundy Brothers—In relation to an indebtedness of a member of the uniformed force. To Deputy Chief of Department in charge.

From Kismet Temple, A. A. O., Nobles of the Mystic Shrine—Requesting a detail of firemen at entertainment at the Aurora Grata Cathedral on December 16, 1905. To Deputy Chief of Department in charge.

From Mr. Marks—Complaining of dangerous condition of chimney, premises No. 43 Throop avenue. To Bureau of Fire Marshal.

From Anonymous—

1. Complaining of unlighted halls, premises Nos. 294 to 300 South First street. To Tenement House Department.

2. Complaining of defective chimney, premises No. 1232 Park place. To Bureau of Fire Marshal.

3. Complaining that oil lamps are kept for lighting hallways, premises Nos. 349 to 353 Hicks street and Nos. 70 to 80 Atlantic avenue. To Tenement House Department.

4. Complaining of obstructed fire escapes, premises No. 1354 Herkimer street. To Tenement House Department.

From Department of Water Supply, Gas and Electricity—In relation to a dead wire on pole at No. 706 Union street. To Bureau of Fire Alarm Telegraph.

From Chief of Thirtieth Battalion—Recommending that the name of Patrick Maher, Chief of Thirty-fifth Battalion, be placed on the Roll of Merit, Class D, for rescuing Assistant Foreman Frederick Simpson, Engine Company 140, from drowning at the foot of Fifty-fifth street, Station 932, on December 7, 1905. To the Commissioner.

From Foreman Engine Company 103—Reporting defective flues, Nos. 91 and 93 Hamilton avenue. To Bureau of Fire Marshal.

From Foreman Engine Company 105—Recommending iron balcony fire escapes, premises Nos. 246 to 252 Fulton street. To Bureau of Buildings.

From Foreman Engine Company 128—Reporting violations of section 780 of the Charter, premises No. 3913 Fort Hamilton avenue. To Bureau of Fire Marshal.

From Foreman Hook and Ladder Company 59—Reporting violations of section 780 of the Charter, premises No. 537 Hamilton avenue. To Bureau of Fire Marshal.

From commanding officers of companies, reporting chimney fires, premises, as follows:

Foreman Engine Company 110—Premises No. 351 Myrtle avenue.
Foreman Engine Company 117—Premises No. 1082 Myrtle avenue.
Assistant Foreman Engine Company 121—Premises No. 326 Bedford avenue.
Foreman Engine Company 135—Premises No. 171 Lefferts place.
Foreman Hook and Ladder Company 59—Premises No. 672 Sixth avenue.
To Bureau of Combustibles.

ALFRED M. DOWNES, Secretary.

BOROUGH OF THE BRONX.

BUREAU OF BUILDINGS.

I herewith submit a report of the operations of the Bureau of Buildings, Borough of The Bronx, for the week ending March 10, 1906:

Plans filed for new buildings (estimated cost, $412,500)	21
Plans filed for alterations (estimated cost, $19,000)	13
Unsafe cases filed	6
Violation cases filed	62
Unsafe notices issued	8
Violation notices issued	82
Violation cases forwarded for prosecution	22
Complaints lodged with the Bureau	4
Number of pieces of iron and steel inspected	2208

P. J. REVILLE,
Superintendent of Buildings, Borough of The Bronx.
John H. Hanan, Chief Clerk.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 11 o clock a. m., on Wednesday, March 21, 1906.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick Keenan, Chamberlain; Patrick F. McGowan, President of the Board of Aldermen, and John R. Davies, Chairman of Finance Committee, Board of Aldermen.

The minutes of the meeting held March 8, 1906, were approved as printed.

The Comptroller brought up the matter of the proposed establishment and leasing of a ferry from and to the foot of Ocean avenue, Sheepshead Bay; thence to Plumb Beach; thence to Barren Island; thence to various points on Rockaway Beach, stopping en route when required at the various houses in Jamaica Bay used for boating and fishing purposes. Laid over at the last meeting (see page).

A protest, signed by William A. Taylor and others, against the establishment of this ferry, was received, and on motion of the Chairman of the Finance Committee, Board of Aldermen, the matter was referred back to the Commissioner of Docks, with a request that the protest be investigated.

The following communication was received from the Commissioner of Docks, submitting for approval new plan for improving the water front and harbor of The City of New York in the vicinity of Cheever place, Borough of The Bronx:

NEW YORK, March 7, 1906.

N. TAYLOR PHILLIPS, Esq., *Secretary, Commissioners of the Sinking Fund:*

SIR—I transmit herewith a map in duplicate, showing a new plan layout for the improvement of the water front in the vicinity of Cheever place, Harlem river, in the Borough of The Bronx, which I have this day adopted.

This new plan, if approved, will permit the acquisition of the property in the vicinity not now owned by The City of New York and the improvement of same, so as to provide additional wharfage facilities thereat.

I respectfully recommend that the same be approved by the Commissioners of the Sinking Fund. A technical description of the new plan is as follows:

The proposed improvement at the foot of Cheever place, in the Borough of The Bronx, comprises the establishment of a marginal street, wharf or place, a bulkhead-line and a pier extending from the proposed bulkhead-line to the pierhead-line established by the Secretary of War in 1890.

The proposed bulkhead-line will be coincident with the bulkhead-line established by the Secretary of War in 1890, extending southerly 89.53 feet along said bulkhead-line from a point where the westerly prolongation of the northerly line of Cheever place intersects the same, and extending northerly along said bulkhead-line from the same point of intersection 110.47 feet, or a total length of 200 feet.

The proposed pier will be 50 feet in width and will extend from the proposed bulkhead-line to the pierhead-line, established by the Secretary of War in 1890, with a length of about 200 feet, and with its southerly side distant 14.53 feet southerly from the point in said bulkhead-line where the westerly prolongation of the northerly line of Cheever place intersects the same.

The proposed marginal street will be 50 feet in width, extending along the said proposed bulkhead-line, with a branch 50 feet wide, extending easterly on a line formed by the northerly and southerly lines of the said proposed pier prolonged easterly to the westerly line of the exterior street.

Yours respectfully,
J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 14, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. J. A. Bensel, Commissioner, Department of Docks and Ferries, in communication under date of March 7, 1906, transmits for approval by the Commissioners of the Sinking Fund a new plan layout for the improvement of the water front in the vinity of Cheever place, Harlem river, in the Borough of The Bronx, said plan hving been adopted by the Commissioner of Docks and Ferries on March 7, 1906.

The proposed improvement at the foot of Cheever place, in the Borough of The Bonx, comprises the establishment of a marginal street, wharf or place, a bulkhead lie and a pier extending from the proposed bulkhead line to the pierhead line established by the Secretary of War in 1890.

I would report that most of the water front on this side of the Harlem river in this vicinity has been improved by private individuals, and the proposed layout is oe of the few points that is still unimproved.

Although there is a question as to the ownership of this property, I consider it epedient, as has been done by the Commissioner of Docks and Ferries, that some dinite plan or layout should be adopted in order to give a pier in this neighborhood.

It will be noted from the plan submitted that the private improvements north aid south of the locality in question are mostly bulkheads with an occasional slip.

I have no objections to make to the plan as adopted and submitted by the Commissioner of Docks and Ferries, and would recommend its approval by the Commissioners of the Sinking Fund.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the plan for improving the water front and harbor of The City of New York in the vicinity of Cheever place, in the Borough of The Bronx, made and adopted by the Commissioner of Docks in accordance with law March 7, 1906, and transmitted with communication dated March 7, 1906.

The report was accepted and the resolution unanimously adopted.

The Comptroller again brought up the matter of the request of the Commissioner of Docks for an expression of opinion from the Commissioners of the Sinking Fund as to the advisability of taking out insurance on ferry boats and terminals.

On motion, the matter was again laid over, and the Comptroller requested to send to each member of the Board his views on the subject.

The following communication was received from the Commissioner of Docks, turning over to the Commissioner of the Sinking Fund the new-made ground in the rear of the new bulkhead wall between Twenty-sixth and Twenty-eighth streets, East river:

NEW YORK, March 7, 1906.

N. TAYLOR PHILLIPS, Esq., *Secretary, Commissioners of the Sinking Fund:*

SIR—I am in receipt of a communication from the Board of Trustees of Bellevue and Allied Hospitals asking that the area of new-made ground in rear of the new bulkhead wall, between Twenty-sixth and Twenty-eighth streets, East river, be surrendered by this Department, in order that they may use the same in connection with the construction of the new buildings to be erected thereat.

Inasmuch as the improvement between Twenty-sixth and Twenty-eighth streets, East river, was made for the benefit of the Bellevue and Allied Hospitals, I deem it proper that the new-made land should be transferred, and therefore surrender to the Commissioners of the Sinking Fund the area in question, so that the same may be turned over to the Trustees of the Bellevue and Allied Hospitals.

The area of filled-in land under water in the rear of the bulkhead proposed to be transferred by the Department of Docks and Ferries to Bellevue and Allied Hospitals is bounded and described as follows:

Beginning at a point in the southerly line of East Twenty-eighth street, where the bulkhead line established by the Secretary of War in 1890 intersects the same, said point being distant 507.55 feet easterly from the easterly line of First avenue and running thence easterly along the easterly prolongation of the southerly line of East Twenty-eighth street 154.3 feet to the bulkhead line as modified by the Secretary of War, September 16, 1903.

Thence southerly and along said modified bulkhead line 340 feet.

Thence westerly and on a line drawn parallel with the southerly line of East Twenty-eighth street 38.96 feet to the bulkhead line established by the Secretary of War in 1890.

Thence northwesterly and along said bulkhead line to the point or place of beginning.

A map showing the filled-in ground is transmitted herewith.

Respectfully yours,
J. A. BENSEL, Commissioner.

Filed.

The Comptroller presented the following report and offered the following resolution relative to the assignment of the new-made ground in the rear of the new bulkhead wall between Twenty-sixth and Twenty-eighth streets, East river, to the Trustees of Bellevue and Allied Hospitals:

March 12, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. John A. Bensel, Commissioner, Department of Docks and Ferries, in communication under date of March 7, 1906, surrenders to the Commissioners of the Sinking Fund the area of the new-made land between Twenty-sixth and Twenty-eighth streets, East river, adjacent to Bellevue Hospital, in order that the same may be turned over to the Trustees of Bellevue and Allied Hospitals.

I would report that the Commissioner of Docks and Ferries, in communication to the Commissioners of the Sinking Fund under date of December 8, 1903, states:

"The United States War Department having recently modified the bulkhead line, and the Commissioner of Docks having acceded thereto, over the area between Twenty-sixth and Twenty-ninth streets, on the East river, it will be necessary that the plan for this section of the water front be corrected by adopting as the new bulkhead line for that section the line approved by the War Department.

"I transmit herewith, in duplicate, plan showing this modified bulkhead line which was adopted by me on November 23, 1903, and attach thereto a technical description of the proposed changes to be made, and would respectfully request that the Commissioners of the Sinking Fund approve this new plan for the new bulkhead line between Twenty-sixth and Twenty-ninth streets, East river."

At meeting held December 16, 1903, this plan or map was approved by the Commissioners of the Sinking Fund.

The new sea wall has been built on this new bulkhead line from the south side of Twenty-eighth street to the northerly side of the Morgue, and the area surrendered by the Commissioner of Docks to be assigned to the Trustees of Bellevue and Allied Hospitals is between these two points and the new and old bulkhead lines.

The change of the plans as approved having been all in the interest of the new plans for the enlarged new Bellevue Hospital, I would suggest, in order to carry out the original scheme, that the Commissioners of the Sinking Fund, pursuant to section 205 of the Greater New York Charter, as amended by chapter 379 of the Laws of 1903, assign to the Trustees of Bellevue and Allied Hospitals the area as described in the communication of the Commissioner of Docks.

After the sea wall is extended to Twenty-sixth street and Twenty-ninth street it will be necessary to assign the balance of the property lying between the old and new bulkhead lines, but until the improvement is completed the assignment or assignments cannot be made.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ. Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Amended Greater New York Charter, the Commissioners of the Sinking Fund hereby assign to the Trustees of Bellevue and Allied Hospitals, the new made ground in the rear of the new bulkhead wall, between Twenty-sixth and Twenty-eighth streets, East river, Borough of Manhattan, bounded and described as follows:

"Beginning at a point in the southerly line of East Twenty-eighth street where the bulkhead line, established by the Secretary of War in 1890, intersects the same, said point being distant 507.55 feet easterly from the easterly line of First avenue, and running thence easterly along the easterly prolongation of the southerly line of East Twenty-eighth street 154.3 feet to the bulkhead line as modified by the Secretary of War September 16, 1903; thence southerly and along said modified bulkhead line 340 feet; thence westerly and on a line drawn parallel with the southerly line of East Twenty-eighth street 38.96 feet to the bulkhead line established by the Secretary of War in 1890; thence northwesterly and along said bulkhead line to the point or place of beginning."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, submitting for approval new plan for improving the water front of The City of New York in the vicinity of Whale creek, Borough of Brooklyn:

NEW YORK, February 27, 1906.

N. TAYLOR PHILLIPS, Esq., *Secretary, Commissioners of the Sinking Fund:*

SIR—I beg to submit herewith new plan lay-out, with technical description of same, for improving the water-front of Newtown creek, in the vicinity of Whale creek, Borough of Brooklyn.

Certain improvements in Whale creek have been requested at various times during the past four years by large numbers of residents and many commercial organizations of the Borough of Brooklyn. In accordance with some of these requests a plan for the improvement of Whale creek was put forward and had the backing of a great many commercial societies, but which I find would probably exceed in cost $2,000,000 for the acquisition of property and the improvement of same. This proposed improvement is shown on map attached, lettered "A," the uncertain element being the cost of the property.

In going over the matter I have, therefore, on account of the large expense involved by such a plan, changed same, and submit the attached new plan map showing in red an improvement which could be proceeded with if the plan were approved and the necessary property acquired. The present plan will allow of expansion, as the necessities of the case may develop.

Estimating the cost of the property to be acquired from the assessed valuation of same, an improvement of great benefit to the locality in question could be carried out at a cost, for the acquisition of the property and for the improvement, of about $800,000 on the lines herewith recommended for adoption.

While it is not compulsory on the part of the City to proceed with the improvement immediately upon the adoption of this new plan, yet so much popular interest has already been aroused and so many organizations and citizens have requested this improvement that I would recommend that the matter be given full discussion before the Sinking Fund Commission, and, if the plan is adopted, that it be adopted with the idea that the City shall proceed on these lines for the improvement in question.

The City should proceed with the improvement in question on the lines suggested, but the improvement should not, of course, be physically started until the necessary steps are taken by the borough authorities for the acquisition of the property and the grading and paving of North Henry street, from Greenpoint avenue to the line of the property established on this map to be acquired by this Department.

Yours respectfully,
J. A. BENSEL, Commissioner.

General Description of Proposed New Plan of Water Front Improvement at Whale Creek, Borough of Brooklyn.

The proposed improvement comprises:

First—The establishing of a bulkhead line, extending from the intersection of the easterly line of Henry place, in the Borough of Brooklyn (as shown on the accompanying map entitled "Plan for improving the water-front and harbor of The City of New York, in the vicinity of Whale creek, Borough of Brooklyn, made and adopted in accordance with law"), with the southerly pierhead and bulkhead line along Newtown creek, established by the Secretary of War in 1890, and running thence westerly and along said established pierhead and bulkhead line 100 feet to a line drawn parallel with and distant 100 feet westerly from said easterly line of Henry place;

Thence southerly and along said parallel line until it intersects a line drawn parallel with and 100 feet northerly from the southerly line of Greene street;

Thence westerly and along said parallel line to a line drawn parallel with and distant 465 feet westerly from the easterly line of North Henry street;

Thence southerly and along said parallel line 100 feet to its intersection with the southerly line of said Greene street.

Second—The establishing of a proposed marginal street, wharf or place 100 feet wide, extending along that portion of the proposed bulkhead line which runs parallel with Henry place and 100 feet wide, extending along that portion of the proposed bulkhead line which runs parallel with Greene street, the inshore line of said marginal street, wharf or place extending from the bulkhead and pierhead line in Newtown creek, established by the Secretary of War in 1890, southerly along the easterly line of Henry place until it intersects the easterly line of North Henry street;

Thence southerly along the easterly line of North Henry street until it intersects the southerly line of Greene street;

Thence westerly along said southerly line of Greene street for a distance of 465 feet.

Third—The establishing of a pier 60 feet wide, extending from the proposed bulkhead line hereinbefore described to the bulkhead and pierhead line in Newtown creek, established by the Secretary of War in 1890, in such a way as to spring from said bulkhead line at right angles therewith with its exterior or westerly line coincident with a line drawn parallel with and distant 465 feet westerly from the easterly line of North Henry street, and also with its exterior or westerly line drawn parallel with and distant 520 feet westerly from the easterly line of said Henry place.

Fourth—The establishing of a pier 60 feet wide, 150 feet easterly from the proposed pier hereinbefore described with its westerly lines parallel with corresponding lines of the first herein described pier and distant 210 feet easterly therefrom, so as to provide a slip between the two piers 150 feet wide.

All of the foregoing, as shown on a map accompanying herewith, entitled "Plan for improving the water-front and harbor of The City of New York, in the vicinity of Whale creek, Borough of Brooklyn, made and adopted in accordance with law."

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 12, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. John A. Bensel, Commissioner, Department of Docks and Ferries, in communication under date of February 27, 1906, transmits for approval by the Commissioners of the Sinking Fund a new plan for improving the water front of Newtown creek in the vicinity of Whale creek, Borough of Brooklyn.

The proposed improvement comprises:

First—The establishing of a bulkhead line extending from the intersection of the easterly line of Henry place, in the Borough of Brooklyn (as shown on the accompanying map entitled "Plan for improving the waterfront and harbor of The City of New York in the vicinity of Whale creek, Borough of Brooklyn, made and adopted in accordance with law"), with the southerly pierhead and bulkhead line along Newtown creek, established by the Secretary of War in 1890, and running thence westerly and along said established pierhead and bulkhead line 100 feet to a line drawn parallel with and distant 100 feet westerly from said easterly line of Henry place.

Thence southerly and along said parallel line until it intersects a line drawn parallel with and 100 feet northerly from the southerly line of Greene street.

Thence westerly and along said parallel line to a line drawn parallel with and distant 465 feet westerly from the easterly line of North Henry street.

Thence southerly and along said parallel line 100 feet to its intersection with the southerly line of said Greene street.

Second—The establishing of a proposed marginal street, wharf or place 100 feet wide, extending along that portion of the proposed bulkhead line which runs parallel with Henry place and 100 feet wide, extending along that portion of the proposed bulkhead line which runs parallel with Greene street; the inshore line of said marginal street, wharf or place extending from the bulkhead and pierhead line in Newtown creek established by the Secretary of War in 1890, southerly along the easterly line of Henry place until it intersects the easterly line of North Henry street.

Thence southerly along the easterly line of North Henry street until it intersects the southerly line of Greene street.

Thence westerly along said southerly line of Greene street for a distance of 465 feet.

Third—The establishment of two piers each 60 feet in width.

I would report that a number of plans have been prepared for the improving of the water front in this vicinity, but I consider this not only the best but most economical.

This layout will provide sufficient public docking facilities for some time to come, and I would recommend that the Commissioners of the Sinking Fund approve the map or plan for the improving of the water front of Newtown creek in the vicinity of Whale creek, Borough of Brooklyn, as adopted by the Commissioner of Docks and Ferries on February 1, 1906.

It will be necessary for the Dock Commissioner to apply to the President of the Borough of Brooklyn to discontinue all the streets and avenues laid out and established by the Commission of the Town of Bushwick on a map dated 1854 within the lines of the improvement. The streets referred to, although laid out by the Town of Bushwick, have been kept and are now on the maps of the Borough of Brooklyn.

The President of the Borough of Brooklyn should also be requested, as suggested by the Dock Commissioner, to take the necessary steps for the acquisition of the property and the grading and paving of North Henry street, from Greenpoint avenue to the line of the property, established on this map, to be acquired by the Dock Department.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the plan for improving the water front and harbor of The City of New York, in the vicinity of Whale Creek, Borough of Brooklyn, made and adopted by the Commissioner of Docks, in accordance with law, February 1, 1906, and transmitted with communication dated February 27, 1906.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, requesting that the unimproved land on the North river, lying west of the right of way of the New York Central and Hudson River Railroad, between Seventy-second and One Hundred and Twenty-ninth streets, Borough of Manhattan, be turned over to him for filling in and reclamation:

NEW YORK, March 5, 1906.

Hon. GEORGE B. MCCLELLAN, *Mayor, Chairman of the Sinking Fund:*

SIR—I beg to submit the following for consideration of the Commissioners of the Sinking Fund:

That portion of Riverside Park lying westerly of Riverside drive, from its southerly limit at Seventy-second street to its northerly limit at One Hundred and Twenty-ninth street, is bounded along its westerly side by the right of way of the New York Central and Hudson River Railroad Company, except for a short section at Seventy-ninth street and Ninety-sixth street where for a distance along the river of 1,900 feet the water front is devoted to commercial use.

What in theory, therefore, is a water front park, is not one in fact; and this for no particular reason except that the City has not made use of its opportunities to reclaim the land under water along this stretch of the river.

Between the westerly line of the railroad right of way and the bulkhead-line is a strip varying in width from 250 feet to 400 feet for a length of about 15,000 feet, all susceptible of easy reclamation under present conditions. And if reclaimed or filled in, this area, added to the present area of Riverside Park, would more than double the area of the Park. The area to be reclaimed, amounting to about 101 acres, and the present area of the park, westerly of the drive, amounting to about 79 acres.

At the present time, large quantities of material suitable for filling in this area of land under water are disposed of by towing scows and dumping outside of Sandy Hook Light Ship, which, in itself, is an item of considerable expense. The City could obtain this material by paying a small cost for its selection and inspection and thus start the work of reclaiming the land in question, my idea being to obtain this material at first from scows that would be loaded at various points in the City until the bottom is brought up to grade, or about 10 feet above mean low water; and after this to fill up the balance required by carts or in other suitable manner. If the work is prosecuted in this manner by simply taking the material that would otherwise go to sea, the cost of the operation would be extremely small, or it is possible that it might produce a revenue; and the value to the public in more than doubling the park area would, in my opinion, be very great.

In this connection, but not in any way depending on it, I would call attention to the fact that in the near future the authorities governing Columbia College will come before the City with a scheme outlined in the public press of this date, which will involve the use of a certain portion of this land under water to be improved by building a water gate, recreation piers, public playground and athletic field. The sketches of this proposed improvement show the possibilities for the use of a section of the territory in question, namely, from One Hundred and Sixteenth to One Hundred and Twentieth street. As this matter will be put before you in further detail by the President and Alumni of Columbia College at some future date, it is unnecessary to enlarge upon this detail at present.

The map accompanying this report shows in colored area the possibilities for improvement, and should the matter meet the favorable consideration of the Sinking Fund Commission, I should recommend that for the purpose of filling in the land, that this area of land under water be turned over to the Department of Docks and Ferries for the purpose of reclamation only, and that the work be done in such a manner as to make it possible to agree with the improvements to be afterwards undertaken by the Department of Parks in fitting the area in question for use as a city park. This recommendation is made, owing to the fact that this Department is probably better adapted to carry on work of this character in the line of experience, and that the men employed at the present time by the Department could be utilized for inspection, etc.

Yours respectfully,
J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report:

March 15, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. J. A. Bensel, Commissioner, Department of Docks and Ferries, in communication addressed to the Commissioners of the Sinking Fund under date of March 5, 1906, calls attention to the unclaimed and unimproved land lying west of the right-of-way of the New York Central and Hudson River Railroad, between Seventy-second and One Hundred and Twenty-ninth streets, in the Borough of Manhattan, and recommends that for the purpose of filling in the land that this area of land under water be turned over to the Department of Docks and Ferries for the purpose of reclamation only, and that the work be done in such a manner as to make it possible to agree with the improvements to be afterwards undertaken by the Department of Parks in fitting the area in question for use as a city park.

I would report that the area referred to has been acquired pursuant to chapter 152 of the Laws of 1894 for Riverside Park Extension, except certain lands set apart for dock purposes at Seventy-ninth and Ninety-sixth streets.

I fully concur in the Dock Commissioner's recommendations in the abstract, but since the land is under the jurisdiction of the Park Department the Dock Department can do no work within the area, unless the land is either surrendered by the Park Department and assigned to the Department of Docks and Ferries by the Commissioners of the Sinking Fund, or an agreement is entered into between the Park Department and the Department of Docks and Ferries, permitting the Dock Department to do the filling or certain other work in connection therewith; the latter arrangement I consider better and can be more readily carried out.

I would therefore recommend that the communication be returned, with the suggestion that the Commissioner of Docks and Ferries submit the proposition to the President of the Department of Parks, with a request that an agreement be entered into between the Department of Parks and the Department of Docks and Ferries, permitting the Department of Docks and Ferries to do certain work within the lands of Riverside Drive Extension, from Seventy-second to One Hundred and Twenty-ninth streets, Borough of Manhattan.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

On motion, the matter was referred to the Commissioner of Docks and the Commissioner of Parks for the Boroughs of Manhattan and Richmond, with instructions to report back jointly upon the proposition.

The following was received from the Board of Education relative to the rental of Curry's Hall, at New Dorp, Borough of Richmond:

To the Board of Education:

The Committee on Lectures and Libraries respectfully reports that it has had under consideration a recommendation submitted by the Supervisor of Lectures that the rental of Curry's Hall, New Dorp, Staten Island, be restored to seven dollars ($7) per night, subject to the approval of the Commissioners of the Sinking Fund. Said Commissioners, on September 11, 1905, approved the request of the Board of Education that the above mentioned hall be hired for lecture purposes during the season from October, 1905, to May, 1906, for one night per week at a rental of five dollars ($5) per night. Your Committee finds that the rental formerly paid for said hall was seven dollars ($7) per night, and that the owner allowed the use of it at that rate as a matter of accommodation and at the earnest solicitation of the

former Borough Superintendent of Schools, and only consented to a reduction to five dollars ($5) per night because of the reduced appropriation for lecture purposes in 1904. Your Committee finds that, with electric lighting, the use of a piano, etc., the rate of seven dollars $(7) per night is reasonable.

The following resolution is accordingly offered for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to consent to the hiring by the Board of Education of Curry's Hall, New Dorp, Staten Island, for lecture purposes for one night per week during the season from October, 1905, to May, 1906, at a rental of seven dollars ($7) per night.

A true copy of report and resolution adopted by the Board of Education on February 5, 1906.

A. EMERSON PALMER, Secretary, Board of Education.

In connection therewith the Comptroller presented the following report:

March 5, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—The Board of Education, at its meeting held February 5, 1906, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to consent to the hiring by the Board of Education of Curry's Hall, New Dorp, Staten Island, for lecture purposes for one night per week during the season from October, 1905, to May, 1906, at a rental of seven dollars ($7) per night."

It appears that the Commissioners of the Sinking Fund, at their meeting held September 11, 1905, approved of the request of the Board of Education by authorizing the hiring of Curry's Hall at New Dorp, Staten Island, for lecture purposes for one night per week during the season from October, 1905, to May, 1906, at a rental of $5 per night.

I have had an examination made of the premises and find that the rental of $7 a night is excessive, and that the rate provided by the Commissioners of the Sinking Fund of $5 per night, at their meeting held September 11, 1905, would be in all respects a fair and reasonable rental for the same.

I would, therefore, respectfully recommend that the Commissioners of the Sinking Fund return the matter to the Board of Education with the information that a rental of the hall at $7 a night is excessive, and that the lease should continue at the rate authorized for the lease at the previous meeting of the Board.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

The report was accepted and the Secretary directed to return the papers to the Board of Education with a copy of the report.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises on the Crescent at the head of Temple street, Long Island City, Borough of Queens, for the Board of Education:

March 14, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—The Board of Education, at its meeting held February 28, 1906, adopted the following resolution:

"Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a renewal of the lease of the building and grounds on the Crescent, at the head of Temple street, about 200 feet south of Grand avenue, Long Island City, Borough of Queens, occupied as an annex to Public School 5, for a period of one year from May 1, 1906, with the privilege of renewal for an additional year, at an annual rental of $1,000, otherwise on the same terms and conditions as contained in the existing lease. Owners, Estate of Henry White; agent, H. C. Johnson, No. 152 Fulton avenue, Long Island City, Queens."

The Bureau of Buildings and the Department of Health have reported that the condition of the premises is suitable for school purposes. I have had an examination made of these premises and find that they consist of a plot of about 21 full city lots, with a two-story mansard and cellar frame mansion about 35 by 40 feet in size, having five classrooms, a seating capacity of 175 and an average daily attendance of about 130. The rental has not been increased since 1899. The increase of $250 asked for is, in my opinion, reasonable, which will make the rental at the rate of $1,000 per annum. I would, therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the building and grounds on the Crescent, at the head of Temple street, about 200 feet south of Grand avenue, Long Island City, Borough of Queens, occupied as an annex to Public School 5, for a period of one year from May 1, 1906, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of $1,000, payable quarterly; otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Estate of Henry White; agent, H. C. Johnson.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a renewal of the lease to the City of the building and grounds on The Crescent, at the head of Temple street, about 200 feet south of Grand avenue, Long Island City, Borough of Queens, occupied as an annex to Public School No. 5, for a period of one year from May 1, 1906, with the privilege of a renewal for an additional year, upon the same terms and conditions, at an annual rental of one thousand dollars ($1,000), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Estate of Henry White; agent, H. C. Johnson; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises at Nos. 503 and 505 West Twenty-eighth street, Borough of Manhattan, for the Department of Street Cleaning:

March 10, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Honorable John McGaw Woodbury, Commissioner of the Department of Street Cleaning, in a communication under date of March 8, 1906, addressed to the Commissioners of the Sinking Fund, requests a renewal of the lease of the two stores Nos. 503 and 505 West Twenty-eighth street, in the Borough of Manhattan, for another term of five years. The rental asked of $540 per annum is an increase of $60 over the present existing lease, and after an examination of the premises I find that the rental asked of $540 yearly is reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the two stores Nos. 503 and 505 West Twenty-eighth street, Borough of Manhattan, for a term of five years from June 15, 1906, at an annual rental of $540, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, John McCauley.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the two stores at Nos. 503 and 505 West Twenty-eighth street, in the Borough of Manhattan, for a term of five years from June 15, 1906, at an annual rental of five hundred and forty dollars ($540), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, John McCauley; the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Street Cleaning relative to a lease of a plot of ground on the north side of East One Hundred and Thirty-fifth street, 50 feet east of Madison avenue, Borough of Manhattan:

NEW YORK, January 20, 1906.

Hon. GEORGE B. MCCLELLAN, *Mayor, Chairman, Board of Sinking Fund Commissioners:*

SIR—I request the consent and approval of your Board, pursuant to section 541 of the Charter, for a lease from John Dobbins (office, One Hundred and Thirty-eighth street and Madison avenue,) of the plot of ground 50 feet by 100 feet, on the north side of East One Hundred and Thirty-fifth street, 50 feet east of Madison avenue, for a term of five (5) years beginning the first day of April, 1906, at the annual rental of $1,200, payable quarterly; the lessor to erect thereon, by or about the time the lease begins, a good, substantial, one-story building, 22 feet by 35 feet, suitable for an incumbrance yard office and section station for this Department; the lessor to pay all taxes and to provide a water meter; the City to pay for the Croton water used during the term of the lease.

The purpose of this lease is to furnish this Department with an incumbrance yard and section station, to take the place of the premises Nos. 111 and 113 East One Hundred and Thirtieth street, Manhattan, the lease of which will be terminated on March 31, 1906, by a notice of ninety (90) days served by the lessor upon the Commissioner of Street Cleaning.

The appropriation applicable to the rent under the proposed lease is that of "Supplies, Rents and Contingencies—Boroughs of Manhattan, The Bronx and Brooklyn."

Respectfully,
JOHN McG. WOODBURY, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 13, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. John McGaw Woodbury, Commissioner of the Department of Street Cleaning, in a communication to the Commissioners of the Sinking Fund, under date of January 20, 1906, requests the consent and approval of the Commissioners of the Sinking Fund for a lease of the plot of ground, 50 by 100 feet, on the north side of East One Hundred and Thirty-fifth street, 50 feet east of Madison avenue, Borough of Manhattan, for a term of five years, beginning April 1, 1906, at an annual rental of $1,200, payable quarterly, the lessor to erect thereon a good, substantial one-story building, 22 by 35 feet, suitable for an incumbrance yard, office and section station for his Department; the lessor to pay all taxes and to provide a water meter; the City, however, to pay for the Croton water used during the term of the lease.

I have had an examination made of the premises in question and find that the rental asked is fair and reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the making of a lease to be made by John Dobbins, of One Hundred and Thirty-eighth street and Madison avenue, to The City of New York, for the purposes of an incumbrance yard and section station for the use of the Deepartment of Street Cleaning, of the plot of ground, 50 by 100 feet, on the north side of East One Hundred and Thirty-fifth street, 50 feet east of Madison avenue, for a term of five years beginning the first day of April, 1906, at an annual rental of $1,200, payable quarterly, the lessor to erect thereon by or about the time the lease begins a good, substantial one-story building, 22 by 35 feet, suitable for an incumbrance yard, office and section station for the Street Cleaning Department; the lessor to pay all taxes and to provide a water meter; the City to pay for the Croton water used during the term of the lease. Lessor, John Dobbins.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City, from John Dobbins, of the plot of ground, 50 by 100 feet, on the north side of East One Hundred and Thirty-fifth street, 50 feet east of Madison avenue, Borough of Manhattan, for the purposes of an incumbrance yard and section station, for a term of five years from April 1, 1906, at an annual rental of twelve hundred dollars ($1,200), payable quarterly; the lessor to erect thereon, by or about the time the lease begins, a good, substantial one-story building 22 feet by 35 feet, suitable for an incumbrance yard, office and section station for the use of the Department of Street Cleaning, and to pay all taxes and to provide a water meter; the City to pay for the Croton water used on the premises during the term of the lease; the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Street Cleaning relative to an amendment to resolution authorizing a lease of premises at No. 303 East One Hundred and Tenth street, Borough of Manhattan. (See page .)

NEW YORK, March 10, 1906.

Hon. GEORGE B. MCCLELLAN, *Mayor, Chairman, Board of Sinking Fund Commissioners:*

SIR—Referring to the resolution of your Board, dated January 25, 1906, in relation to a lease of the first floor, cellar and yard of premises No. 303 East One Hundred and Tenth street, Manhattan, etc., I request that you amend the said resolution so as to make the lessor's name Giuseppe Labriola, instead of Joseph Labriola, for the reason that though Joseph is the English equivalent of Giuseppe, Mr. Labriola insists upon signing his lease as Giuseppe, and it is thought better to have the name in the execution of the lease correspond with the resolution.

Respectfully,
F. M. GIBSON,
Deputy and Acting Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 13, 1906.

Recommended that the resolution adopted by the Commissioners of the Sinking Fund at their meeting held January 25, 1906, in relation to the renewal of the lease of the first floor, cellar and yard of the premises No. 303 East One Hundred and Tenth street, in the Borough of Manhattan, be amended by inserting as the name of the lessor "Giuseppe Labriola" instead of "Joseph Labriola."

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held January 25, 1906, approving of and consenting to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the first floor, cellar and yard of premises No. 303 East One Hundred and Tenth street, Borough of Manhattan, be and the same is hereby amended by substituting "Guiseppe Labriola" as the name of the lessor in place of "Joseph Labriola."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to an amendment to resolution authorizing a renewal of the lease of premises in the Morton Building, Nos. 110 to 116 Nassau street, Borough of Manhattan, for the Register of the County of New York:

March 10, 1906.

HERMAN A. METZ, *Comptroller:*

SIR—The Commissioners of the Sinking Fund, at their meeting held February 7, 1906, authorized a renewal of the lease of the third and fourth floors of the Morton Building, Nos. 110 to 116 Nassau street, Borough of Manhattan, for the use of the Register of the County of New York, for the period from May 1, 1906, to November 1, 1906. The agent of the building, in a communication to this office under date of February 27, 1906, states:

"A lease of this length is not at all satisfactory to us, as it throws the premises occupied by you on the market when practically no applicants are to be had."

This statement, in my opinion, is reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of February 7, 1906, in regard to the above matter, by making the term of the lease "for a period from May 1, 1906, to February 1, 1907," instead of "for a period from May 1, 1906, to November 1, 1906."

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held February 7, 1906, authorizing a renewal of the lease to the City of the third and fourth floors of the Morton Building, Nos. 110 to 116 Nassau street, Borough of Manhattan, for the use of the Register of the County of New York, for a period from May 1, 1906, to November 1, 1906, be and the same is hereby amended by substituting as the term of the lease, "'for a period from May 1, 1906, to February 1, 1907," instead of "for a period from May 1, 1906, to November 1, 1906."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Law Department relative to a renewal of the lease of the main office in the Staats-Zeitung Building, Tryon row, Borough of Manhattan:

NEW YORK, March 8, 1906.

N. TAYLOR PHILLIPS, Esq., *Secretary, Commissioners of the Sinking Fund:*

SIR—The lease of certain rooms in the Staats-Zeitung Building, occupied by the main office of the Law Department, will expire on May 1, 1906. I desire to have this lease renewed for a term of one year from that date, and inclose a proposed resolution for the approval of the Commissioners of the Sinking Fund.

Respectfully yours,
JOHN J. DELANY, Corporation Counsel.

In connection therewith the Comptroller presented the following report and offered the following resolution:

Recommended that the lease of the second and third floors and Rooms 1, 2 and 3 on the fourth floor of the Staats-Zeitung Building, Tryon row, between Centre street and Park row, in the Borough of Manhattan, be renewed for a period of one year from May 1, 1906, at an annual rental of $16,000, payable quarterly; otherwise upon the same terms and conditions as contained in the existing lease. Lessor, New York Staats-Zeitung, Herman Ridder, treasurer.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from the "New Yorker Staats Zeitung," of the second and third floors and rooms Nos. 1, 2 and 3, on the fourth floor of the New Yorker Staats Zeitung Building, Tryon row, Borough of Manhattan, for the use of the Law Department, for a term of one year from May 1, 1906, at an annual rental of sixteen thousand dollars ($16,000), payable quarterly; the City to have the privilege of terminating the lease at any time upon giving three months' notice of its intention so to do, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Tenement House Department relative to a renewal of the lease of offices at Nos. 38 to 44 Court street, Borough of Brooklyn:

NEW YORK CITY, March 8, 1906.

Hon. HERMAN A. METZ, *Comptroller,* No. 280 Broadway, City:

DEAR SIR—The lease of the Brooklyn Division of the Tenement House Department for the space occupied in the building No. 44 Court street, Brooklyn, will expire on May 1. I desire to renew the said lease for the term of one year from May 1, and I trust you will give this matter the necessary attention.

Yours very truly,
EDMOND J. BUTLER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 10, 1906.

Recommended that the lease of the twelfth floor, thirteenth floor and the northeasterly tower on the thirteenth floor of the building Nos. 38 to 44 Court street, Borough of Brooklyn, be renewed for a period of one year from May 1, 1906, at an annual rental of $5,595, payable monthly; otherwise upon the same terms and conditions as contained in the existing lease. Lessor, David G. Leggett.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from David G. Leggett, of the twelfth and thirteenth floors and the northeasterly tower on the thirteenth floor of the building Nos. 38 to 44 Court street, Borough of Brooklyn, for the use of the Tenement House Department of The City of New York, for a period of one year from May 1, 1906, at an annual rental of five thousand five hundred and ninety-five dollars ($5,595), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Municipal Civil Service Commission relative to the rental of rooms in the Grand Central Palace, Forty-third street and Lexington avenue, Borough of Manhattan, occupied on February 7, 9, 13, 14 and 16, 1906:

NEW YORK, March 5, 1906.

Hon. N. TAYLOR PHILLIPS, *Secretary to the Commissioners of the Sinking Fund:*

DEAR SIR—I have forwarded to the Comptroller for audit a voucher in favor of the Grand Central Palace Company for rentals for the month of February, amounting to $350. Will you please have the Commissioners authorize the payment of same at their next meeting.

Yours respectfully,
F. A. SPENCER, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 10, 1906.

The rents being the same as paid under the approval of the Commissioners of the Sinking Fund (see Minutes, Sinking Fund, 1904, page 904) and the rates being reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the hiring of the rooms in the Grand Central Palace, at Forty-third street and Lexington avenue, Borough of Manhattan, by the Municipal Civil Service Commission upon the following dates:

February 7, 1906, rent of main hall	$100 00
February 9, 1906 rent of main hall	100 00
February 13, 1906, rent of third floor, Lexington avenue	50 00
February 14, 1906, rent of third floor, Lexington avenue	50 00
February 16, 1906, rent of third floor, Lexington avenue	50 00
Total	$350 00

—and authorize the Comptroller to pay the sum of $350 to the Grand Central Palace Company for rent of the rooms on the dates heretofore mentioned, without the necessity of entering into a lease.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring, by the Municipal Civil Service Commission, of rooms in the Grand Central Palace, at Forty-third street and Lexington avenue, Borough of Manhattan, on February 7, 9, 13, 14 and 16, 1906, and the Comptroller be and is hereby authorized to pay to the Grand Central Palace Company, the sum of three hundred and fifty dollars ($350), being the rent of said rooms on said dates, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of The Bronx, relative to a renewal of the lease of premises at Nos. 765 and 767 Tremont avenue, Borough of The Bronx:

NEW YORK, March 6, 1906.

Commissioners of the Sinking Fund, No. 280 Broadway, Manhattan, City:

GENTLEMEN—I transmit herewith copy of a communication received by me from Mr. Joseph Pickard, Property Clerk of this borough, informing me that the lease of premises Nos. 765 and 767 Tremont avenue, now occupied as a branch Engineer's Office by the Bureau of Highways, will expire on the 1st day of May next.

I respectfully recommend therefore that the Commissioners of the Sinking Fund authorize the renewal of said lease for another year on the same terms and conditions as in the present lease.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 10, 1906.

Recommended that the lease of Rooms 2 to 6, inclusive, on the second floor of the building Nos. 765 to 767 Tremont avenue, Borough of The Bronx, be renewed for a period of one year from May 1, 1906, at an annual rental of $1,200, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Martin Walter.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of Rooms 2 to 6, inclusive, on the second floor of the building Nos. 765 to 767 Tremont avenue, Borough of The Bronx, for the use of the President of the Borough of The Bronx, for a period of one year from May 1, 1906, at an annual rental of twelve hundred dollars ($1,200), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Martin Walter; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Board of Water Supply, relative to a lease of premises at No. 147 Varick street, Borough of Manhattan:

NEW YORK, March 1, 1906.

Commissioners of the Sinking Fund, No. 280 Broadway, City:

GENTLEMEN—At a meeting of the Board of Water Supply, held February 28, the following resolution was adopted:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the leasing of the premises No. 147 Varick street, Borough of Manhattan, New York City, to be occupied by the Board of Water Supply of The City of New York as a testing laboratory, for a period of three years from the date of occupation, at an annual rental of fifteen hundred dollars ($1,500), the lessors to make, at their expense, the alterations and improvements named below, and the rental to include steam heating and use of elevator. The building is a two-story and basement brick structure, about 20 by 60 feet in horizontal dimensions, and is said to

owned by the Trinity Church Corporation. Messrs. Dow & Stahn, of No. 235 Broadway, are the agents for the building.

The alterations and improvements referred to are:

1. Doorway through brick wall on main floor, for access to elevator, with necessary fireproof sliding door.
2. Stairway from main floor to second floor.
3. Repairs to basement stairway, including opening through main floor, now closed.
4. Removal of barred door at the west end of the ground floor and the substitution of a glazed door in its place.
5. Ceiling in second story.
6. Increase of steam coils in basement and on both floors, sufficiently to maintain a uniform comfortable temperature in severe cold weather.
7. Cast iron sink, about 32 inches long, on main floor at west end. Removing existing toilet room and fixtures.
8. Some slight changes in gas piping, to be specified later.
9. Connections for electric power, two to five horse-power.
10. Thorough cleaning of all floors, walls and windows; whitewashing or painting of all walls and ceilings.

In compliance with the above resolution, I respectfully request you, on behalf of the Board of Water Supply of The City of New York, to authorize the leasing of the above designated premises.

Respectfully,
THOS. HASSETT, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 8, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Thomas Hassett, Esq., Secretary to the Board of Water Supply, in a communication under date of March 1, 1906, transmits a resolution to the Commissioners of the Sinking Fund, adopted by the Board of Water Supply on February 28, 1906, requesting a lease of premises No. 147 Varick street, in the Borough of Manhattan, to be used by said Board as a testing laboratory for a period of three years at an annual rental of $1,500.

I have had an examination made of the premises and find the same to be a two-story and basement brick structure about 20 by 75 feet in horizontal dimensions. The lessor has agreed to make at his own expense certain improvements and alterations. In view of this fact, I am of the opinion that the rental asked of $1,500 a year is reasonable. I would, therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the two-story and basement brick structure, about 20 by 75 feet in horizontal dimensions, known by the number 147 Varick street, in the Borough of Manhattan, to be used as a testing laboratory for the Board of Water Supply, for a period of three years from the date of occupation, at an annual rental of $1,500, payable quarterly; the lessors to make at their own expense certain alterations and improvements as required by the Board of Water Supply, the rental to include steam heating and the use of the elevator. Lessor, Henry Erkins & Co., Incorporated, of The City of New York.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Henry Erkins & Co., Incorporated, of The City of New York, of the two-story and basement brick structure about 20 by 75 feet in horizontal dimensions and known by the number 147 Varick street, Borough of Manhattan, to be used as a testing laboratory by the Board of Water Supply, for a period of three years from the date of occupation, at an annual rental of fifteen hundred dollars ($1,500), payable quarterly; the lessors to make at their own expense certain alterations and improvements as required by the Board of Water Supply; the rental to include steam heating and the use of the elevator; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

A communication was received from the Fire Department relative to a renewal of the lease of the dock at the foot of Main street, East river, Borough of Brooklyn, occupied by the fireboat "Seth Low," and the dock at the foot of North Eighth street, East river, Borough of Brooklyn, occupied by the fireboat "David A. Boody."

Which was referred to the Comptroller.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of a plot of ground on Willow street northerly from Franklin street, Long Island City, Borough of Queens, for the use of the Department of Water Supply, Gas and Electricity:

March 14, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. Frank J. Goodwin, Deputy Commissioner of the Department of Water Supply, Gas and Electricity, in a communication to the Commissioners of the Sinking Fund under date of March 1, 1906, requests a renewal of the lease to the City for the use of the Department of Water Supply, from Henry C. Johnson, Jr., of the plot of ground 96 by 163 feet in dimensions, situated on the westerly side of Willow street, northerly from Franklin street, Long Island City, Borough of Queens, for a term of one year from March 1, 1906, at a rental of $420 per annum.

I have had an examination made of these premises and find that they consist of a vacant plot about 94 by 163 feet in size, which has been used as a storage and repair yard by the Department of Water Supply, Gas and Electricity since March 1, 1899. The rent paid by the City in 1899 was $300 a year, but in 1900 it was increased to $325 to cover the water taxes which the owner was compelled to pay after the City had erected a building on the property. There has been no increase in the rental since that time, although the property has increased in value from 50 to 75 per cent. I find that the increase of $95 a year is warranted, and that the rental of $420 a year now asked is fair and reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease from Henry C. Johnson, Jr., of the plot of ground, 96 by 163 feet in dimensions, situated on the westerly side of Willow street, northerly from Franklin street, Long Island City, Borough of Queens, for a term of one year from March 1, 1906, at an annual rental of $420, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Henry C. Johnson, Jr., of the plot of ground 96 by 163 feet in dimensions, situated on the westerly side of Willow street, northerly from Franklin street, Long Island City, Borough of Queens, for use of the Department of Water Supply, Gas and Electricity, for a term of one year from March 1, 1906, at an annual rental of four hundred and twenty dollars ($420), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Board of Elections relative to a lease of premises at Nos. 521 to 525 Bergen avenue, Borough of The Bronx:

NEW YORK, March 6, 1906.

Hon. GEORGE B. MCCLELLAN, *Chairman, Commissioners of the Sinking Fund,* City of New York:

SIR—I herewith transmit to the Commissioners of the Sinking Fund, for consideration and approval thereof, the following resolution adopted by the Board of Elections of The City of New York, at a meeting held on February 28, 1906, viz.:

Resolved, That the Board of Commissioners of the Sinking Fund of The City of New York be and it hereby is requested by the Board of Elections of said City to approve of and authorize the leasing from the North Side Storage Warehouse Company (John Nimphius, Proprietor), for a period of one year and three months from March 1, 1906, at an annual rental from date of occupancy of two hundred and forty dollars, payable quarterly in June, September, December and March, of a space not less than 15 feet in width and 42 feet in depth, being a portion of the basement story of the warehouse of said Company, located at Nos. 521 to 525 Bergen avenue, Borough of The Bronx, the lessor to place and maintain said premises in a suitable and secure condition for the storage of ballots, ballot boxes and other election records and materials, said space to be lighted by gas or electricity, to have a concrete floor, and to be inclosed with a solid tongued and grooved plank partition wholly covered on the outside thereof with sheet iron, tin or other fireproof metal, with an entrance door or doors at one end properly secured with approved fastenings; lessor also to receive at, place in and deliver from said premises the election materials at all reasonable times and as they may be directed.

Respectfully yours,
JOHN R. VOORHIS, President.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 13, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. John R. Voorhis, President of the Board of Elections of The City of New York, in a communication addressed to the Commissioners of the Sinking Fund under date of March 6, 1906, requests their approval for a lease for a period of one year and three months from March 1, 1906, at an annual rental of $240, for a space not less than 15 feet in width and 42 feet in depth, being a portion of the basement story of the warehouse of the North Side Storage Warehouse Company, located at Nos. 521 to 525 Bergen avenue, Borough of The Bronx, for the storage of ballot boxes and other election records and material, the owners to place and maintain the same in suitable and secure condition for storage, said space to be lighted by gas or electricity, to have a concrete floor, and to be inclosed with a solid tongued and grooved plank partition wholly covered on the outside with sheet iron, tin or other fireproof metal, with an entrance door or doors at one end, properly secured with approved fastenings.

I have made an examination of the premises above mentioned and find that the rental asked is fair and reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of a lease from the North Side Storage Warehouse Company (John Nimphius, proprietor) for a period of one year and three months from date of occupation, at an annual rental of $240, payable quarterly in June, September, December and March, of a space not less than 15 feet in width and 42 feet in depth, being a portion of the basement story of the warehouse of said company, located at Nos. 521 to 525 Bergen avenue, Borough of The Bronx; the lessor to place and maintain the said premises in suitable and secure condition for the storage of ballots, ballot boxes and other election records and materials; said space to be lighted by gas or electricity, to have a concrete floor and to be inclosed with a solid tongued and grooved plank partition wholly covered on the outside thereof with sheet iron, tin or other fireproof metal, with an entrance door or doors at one end, properly secured with approved fastenings; lessor also to receive at, place in and deliver from said premises the election materials at all reasonable times and as they may be directed.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the North Side Storage Warehouse Company (John Nimphius, proprietor) of a space not less than 15 feet in width and 42 feet in depth, being a portion of the basement story of the warehouse of said company, located at Nos. 521 to 525 Bergen avenue, Borough of The Bronx, for the use of the Board of Elections of The City of New York, for a period of one year and three months from the date of occupation, at an annual rental of two hundred and forty dollars ($240), payable quarterly, in June, September, December and March; the lessor to place and maintain the said premises in suitable and secure condition for the storage of ballots, ballot boxes and other election records and materials; said space to be lighted by gas or electricity, to have a concrete floor, and to be inclosed with a solid tongued and grooved plank partition wholly covered on the outside thereof with sheet iron, tin or other fireproof metal, with an entrance door or doors at one end properly secured with approved fastenings; lessor also to receive at, place in and deliver from said premises the election materials at all reasonable times and as they may be directed; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to a renewal of the leases of a plot of ground at Jamaica, and a plot at Far Rockaway, Borough of Queens, for the use of the President of the Borough of Queens:

Hon. HERMAN A. METZ, *Comptroller:*

SIR—The President of the Borough of Queens in several communications to this office has requested the renewal of leases at Jamaica and Far Rockaway used for garbage disposal plants. The matter has been held in this office pending the determination as to whether a renewal of the lease was necessary in the premises, and Hon. Joseph Bermel, president of the Borough of Queens, in a communication under date of March 8, 1906, states that his Department has been in continuous occupation of the premises and requests a renewal of the leases for a period of two years from the date of expiration.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the plot of ground situated at Far Rockaway, in Ward 4, Borough of Queens, being Lots 45 to 59, inclusive, and the land on the north or rear of said lots, as more fully described in the report of the Engineer of the Department of Finance, dated May 25, 1900 (see Minutes, S. F., 1900, page 245), for a term of two years from February 1, 1905, at an annual rental of $500, payable quarterly, the lessor to pay all taxes upon said land, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, Smith Decker and J. Shelton Fosdick, as executors of the last will of Isaac B. Remsen.

I would further recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the plot of ground situated in the Fourth Ward, Jamaica, Borough of Queens, comprising Lots Nos. 2, 3, 4 and 5, as more fully described in the report of the Engineer of the Department of Finance, dated May 25, 1900 (see Minutes, S. F., 1900, page 245), for a term of two years from February 1, 1905, at an annual rental of $500, payable quarterly, the lessor to pay all taxes, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, Smith Decker and J. Shelton Fosdick, as executors of the last will of Isaac B. Remsen.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Smith Decker and J. Shelton Fosdick, as executors of the last will of Isaac B. Remsen, of the plot of ground situated at Far Rockaway, in Ward 4, Borough of Queens, being lots 45 to 59 inclusive, and the land on the north or rear of said lots, as more fully described in the report of the Engineer of the Department of Finance, dated May 25, 1900 (see Minutes, S. F., 1900, page 245), for the use of the President of the Borough of Queens, for a garbage disposal plant, for a term of two years from February 1, 1905, at an annual rental of five hundred dollars ($500), payable quarterly; the lessor to pay all taxes on said land, otherwise upon the same terms and conditions as contained in the previous lease of these premises from Isaac B. Remsen; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Smith Decker and J. Shelton Fosdick, as executors of the last will of Isaac B. Remsen of the plot of ground situated in the Fourth Ward, Jamaica, Borough of Queens, comprising Lots Nos. 2, 3, 4 and 5, as more fully described in the report of the Engineer of the Department of Finance, dated March 25, 1900 (see Minutes, S. F., 1900, page 245), for the use of the President of the Borough of Queens for a garbage disposal plant, for a term of two years from February 1, 1905, at an annual rental of five hundred dollars ($500), payable quarterly, the lessor to pay all taxes, otherwise upon the same terms and conditions as contained in the previous lease of these premises from Isaac B. Remsen; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the leases of the following premises for the use of the Queens Borough Library:

Premises at No. 923 Steinway avenue, Long Island City.
Premises at No. 143 Broadway, Ozone Park.
Premises, corner Iroquois and Fulton avenues, Hollis.

March 13, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Miss J. Hume, Librarian of the Queens Borough Library, in a communication under date of February 17, 1906, addressed to the Commissioners of the Sinking Fund, requests a renewal of three leases for premises used for library purposes, known as the Steinway Branch, the Ozone Park Branch and the Hollis Branch.

In regard to the leases of the Steinway Branch and the Hollis Branch, the rental asked is the same as in the present existing lease, but in the case of the Ozone Park Branch, which is situated at No. 143 Broadway, the present rental is at the rate of $360 annually. The communication hereto referred to states that the owner of the premises asks a rental at the rate of $480 annually, but in view of the fact that present lease contains a privilege of renewal, the Queens Borough Library Board has resolved that this privilege be exercised, and that she has written a letter to the lessor to that effect. An examination of the lease discloses that there is no privilege of renewal, and after negotiation with the owner of the premises, he has consented to reduce his price of $480 annually to $420 annually, which would be an increase of $60 over the present existing lease, which, in my opinion, is reasonable, in view of the present values in that locality.

First—I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the store floor and part of the cellar of the premises No. 923 Steinway avenue, Long Island City, for a period of one year from May 8, 1906, at an annual rental of $270, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Christoph Graeser.

Second—Also I would recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the store floor of the premises No. 143 Broadway, Ozone Park, for a period of one year from May 1, 1906, at an annual rental of $420, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Joseph Marusak.

Third—I would further respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of three rooms on the first floor of the premises on the southeasterly corner of Iroquois and Fulton avenues, Hollis, for a period of one year from July 1, 1906, at an annual rental of $500, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Hollis Association.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute renewals of the leases to the City of the following-described premises, for the use of the Queens Borough Library:

1. The store floor and part of the cellar of premises No. 923 Steinway avenue, Long Island City, for a period of one year from May 8, 1906, at an annual rental of two hundred and seventy dollars ($270), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Christoph Graeser.

2. The store floor of the premises No. 143 Broadway, Ozone Park, Borough of Queens, for a period of one year from May 1, 1906, at an annual rental of four hundred and twenty dollars ($420), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Joseph Marusak.

3. The three rooms on the first floor of the premises on the southeasterly corner of Iroquois and Fulton avenues, Hollis, Borough of Queens, for a period of one year from July 1, 1906, at an annual rental of five hundred dollars ($500), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Hollis Association.

—the Commissioners of the Sinking Fund deeming the said rents fair and reasonable and that it would be for the interests of the City that such leases be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of premises on the north side of Second street, near Lafayette avenue, First Ward, Borough of Richmond, for the use of the Coroner:

March 5, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Matthew J. Cahill, Esq., Coroner of the Borough of Richmond, in a communication under date of March 1, 1906, requests a lease of the building on the north side of Second street, near Lafayette avenue, First Ward, Borough of Richmond, at a rental of $50 per month, for purposes of establishing his office and having accommodation for a jury room, a witness room, clerk's, doctor's room, and an emergency morgue.

I have had the premises examined and beg to report that it is a two-story frame building, with a large extension, size about 25 by 65 feet, on a lot 37 by 100 feet, situated on the north side of Second street, near Lafayette avenue, New Brighton, Borough of Richmond. The building is in good condition, heated by stoves and is adapted for the purpose desired. The rental asked, $50 a month, while full value, is not excessive, and it would be difficult to secure suitable accommodations for the purposes in that section, and I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the premises, consisting of the two-story frame building and extension, on a lot 37 by 100 feet, situated on the north side of Second street, near Lafayette avenue, New Brighton, Borough of Richmond, for a term of two years from the date of occupation, at an annual rental of $600, payable monthly. Lessor, John McGann.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from John McGann, of the premises, consisting of the two-story frame building and extension on the lot, 37 by 100 feet, situated on the north side of Second street, near Lafayette avenue, New Brighton, Borough of Richmond, for the use of the Coroner of the Borough of Richmond, for a term of two years from the date of occupation, at an annual rental of six hundred dollars ($600), payable monthly; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following application was received from the Pennsylvania, New York and Long Island Railroad Company, for the purchase of the bed of Thirty-second street, between Ninth and Tenth avenues, Borough of Manhattan:

Before the Commissioners of the Sinking Fund of The City of New York.

In the Matter
of
The application of the Pennsylvania, New York and Long Island Railroad Company.

To the Commissioners of the Sinking Fund of The City of New York:

The Pennsylvania, New York and Long Island Railroad Company, by this, its petition, respectfully alleges as follows, on information and belief:

1. Your petitioner is a corporation duly organized and existing under the Railroad Law of the State of New York for the purpose of building, maintaining and operating a tunnel railroad in the City of New York, to be connected with any railroad or railroads within the State of New York, or any adjoining State, and thereby forming a continuous line for the carriage of passengers or property between a point or points within and a point or points without the said State.

2. The certificate of incorporation of your petitioner was duly filed and recorded in the office of the Secretary of State at Albany, on April 21, 1902. A duplicate thereof was duly filed and recorded in the office of the Clerk of the County of New York on the same day, and a certified copy thereof was duly filed and recorded in the office of the Clerk of the County of Queens on April 22, 1902.

3. Your petitioner having theretofore made application to the Board of Rapid Transit Railroad Commissioners for The City of New York for a certificate or contract granting unto it the right or rights, franchise or franchises of constructing and operating a tunnel railroad or railroads in The City of New York to be connected with any railroad or railroads within the State of New York, or any adjoining State, and the Board of Rapid Transit Railroad Commissioners for The City of New York having considered said application, and the judgment of said Board being that the public interests so demanded, fixed and determined the route or routes by which your petitioner might establish an construct its lines within said City, and did, on the 9th day of October, 1902, after making the inquest and investigation necessary in the premises, by the concurrent vote of six of the members of the said Board adopt the following resolution:

"Resolved, That the President and Secretary of the Board be, and they hereby are, authorized and directed forthwith and under the seal and in the name of the Board, to execute, in four identical originals, the form of certificate on the application of the Pennsylvania, New York and Long Island Railroad Company, and to deliver the same to the president, vice-president, secretary or treasurer of the Pennsylvania, New York and Long Island Railroad Company in the form following, to wit:."

A copy of the certificate referred to in the said resolution of the Board of Rapid Transit Railroad Commissioners for The City of New York is hereto annexed, marked Exhibit A, and made a part of this petition.

4. Your petitioner duly accepted the franchise or franchises described in said certificate, and all the terms and conditions thereof, on November 5, 1902.

5. Your petitioner has applied for and obtained the necessary constitutional consents to the construction and operation of said railroad or railroads. The resolution of the Board of Aldermen granting its consent was duly adopted on the 16th day of December, 1902, a majority of all the members of said Board of Aldermen voting in favor thereof. Said resolution was, on the 22nd day of December, 1902, duly approved by the Mayor of The City of New York.

6. Your petitioner has applied for and obtained the consents of the Department of Docks and Ferries and the Commissioners of the Sinking Fund of The City of New York for the construction, maintenance and operation of the said railroad or railroads under docks belonging to The City of New York. Said last-named consents were given by resolutions duly adopted by the Department of Docks and Ferries and by the Commissioners of the Sinking Fund of The City of New York on the 7th day of January, 1903.

7. Your petitioner has applied for and obtained the consent and approval of the Board of Estimate and Apportionment of The City of New York to the use described in Exhibit A of the portions of Thirty-second street lying between the westerly line of Seventh avenue and the easterly line of Eighth avenue, and between the westerly line of Eighth avenue and the easterly line of Ninth avenue and between the westerly line of Ninth avenue and the easterly line of Tenth avenue, for the terminal facilities of your petitioner, including its station purposes.

8. Your petitioner is the owner of all the property on Thirty-second street between Ninth and Tenth avenues, on both sides of said street, and Thirty-second street between Ninth and Tenth avenues has been discontinued and closed by lawful authority. Your petitioner has also acquired by purchase from The City of New York the bed of Thirty-second street between Seventh and Eighth avenues and between Eighth and Ninth avenues.

9. The fair value of the bed of Thirty-second street between Ninth and Tenth avenues has been appraised by the Comptroller of The City of New York at the sum of four hundred thousand dollars ($400,000).

10. It is necessary that your petitioner should purchase and acquire the bed of Thirty-second street between Ninth and Tenth avenues for the purpose of providing proper terminal station facilities for the railroad or railroads of your petitioner in the Borough of Manhattan.

Wherefore, your petitioner prays that the Commissioners of the Sinking Fund, having first determined that the lands lying within Thirty-second street, between the westerly line of Ninth avenue and the easterly line of Tenth avenue, are not needed for any public use except by your petitioner, will, for the consideration of four hundred thousand dollars ($400,000), sell and convey to your petitioner, its successors and assigns, forever, the right, title and interest of The City of New York in and to said lands, to wit: Thirty-second street, between the westerly line of Ninth avenue and the easterly line of Tenth avenue, the same having been discntinued and closed by lawful authority.

Dated New York, March 14, 1906.

[SEAL.] PENNSYLVANIA, NEW YORK AND LONG ISLAND COMPANY,
ROBT. H. GROFF, Secretary.

State of New York, City and County of New York, ss.:

Robert H. Groff, being duly sworn, says: That he is the Secretary of the Pennsylvania, New York and Long Island Railroad Company, the petitioner above named; that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge, except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

ROBT. H. GROFF.

Subscribed and sworn to before me this 14th day of March, 1906.

[SEAL.] JNO. A. BARRY,
Notary Public, New York County.

EXHIBIT A.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK TO THE PENNSYLVANIA, NEW YORK AND LONG ISLAND RAILROAD COMPANY.

Certificate, October 9, 1902.

The Board of Rapid Transit Railroad Commissioners for The City of New York does hereby certify as follows:

Whereas, The Pennsylvania, New York and Long Island Railroad Company (which is hereinafter called the Tunnel Company) is a railroad corporation, which has been duly incorporated under the laws of the State of New York for the purpose, so declared in its articles of association, of constructing and operating a tunnel railroad in The City of New York (which City is hereinafter called the City) to be connected with any railroad or railroads within the State of New York or any adjoining State, and thereby forming a continuous line for the carriage of passengers and property between a point or points within, and a point or points without, the City, and more particularly a tunnel railroad to be connected with the railroad of the Pennsylvania, New Jersey and New York Railroad Company, in the State of New Jersey (being a State adjoining the State of New York) and the railroad of the Long Island Railroad Company (being a railroad within the State of New York etxending from within the City to points without the same) and thus forming a continuous line for the carriage of passengers and property between points on the line of the railroad of the Tunnel Company within the City and points along the line of the railroad of the Pennsylvania, New Jersey and New York Railroad Company, the Pennsylvania Railroad Company and connections between Jersey City and Trenton, in the State of New Jersey, between Morrisville and Philadelphia, and between Philadelphia and Pittsburg, in the State of Pennsylvania, and various other points in the States of New Jersey, Pennsylvania and Ohio, and other States, and also between such points on the said line of the railroad of the Tunnel Company and points in Long Island without the City; and

Whereas, The Tunnel Company, pursuant to section 32 of chapter 4 of the Laws of 1891, as amended by chapter 584 of the Laws of 1902 (which entire statute as amended by various acts and as now in force is hereinafter called the Rapid Transit Act) has made application to the Board of Rapid Transit Railroad Commissioners for The City of New York (which is hereinafter called the Board) for authority to lay railroad tracks along certain routes within the City and to have and maintain therein a terminal station and another station, and to acquire on Thirty-second street, in Manhattan Borough, and elsewhere in the City, terminal and other facilities necessary for the accommodation of the traveling public, and to construct and operate its railroad along the said routes and under lands, streets, avenues, waters, rivers, highways and public places in the City with necessary sidings, platforms, stations, facilities for access to the surface and other appurtenances, and with the right to emerge to the surface upon private lands at the terminus thereof in Queens Borough, all as hereinafter particularly set forth, and to transport over the said railroad passengers or freight, or both; and

Whereas, The Board, by a concurrent vote of at least six of its members, has fixed and determined the locations and plans of construction of such railroad of the Tunnel Company upon such routes and of such tracks and facilities, the times within which they shall be respectively constructed, and the compensation to be paid therefor to the City by the Tunnel Company; and

Whereas, The Board, by such concurrent vote, has prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant hereby made to the Tunnel Company, including the terms, conditions and requirements provided by the Rapid Transit Act, and has included among them a provision that the Tunnel Company shall, from the time of the commencement of the operation of such railroad under such determination, annually pay to the City a sum or rental for a period of twenty-five years, beginning with such operation, and also providing for a readjustment of the amount of such sum or rental at the expiration of such period and at intervals thereafter of twenty-five years.

Now, therefore, the Board has authorized and does hereby authorize, but subject, however, to the terms, conditions and requirements hereinafter set forth, the Tunnel Company:

1. To lay down, construct and operate a railway, including two tracks, on a route beginning at the boundary line between the States of New York and New Jersey, under the Hudson river, substantially opposite the westerly foot of Thirty-first street, in the Borough of Manhattan, in the City, and thence running easterly under the said river and dock or bulkhead property on the easterly bank thereof (whether belonging to the City or to other owners) to Thirty-first street, and thence still easterly under Thirty-first street (crossing under the various avenues and streets crossed by Thirty-first street) to First avenue; thence across First avenue, and thence still continuing easterly under Thirty-first street or dock or bulkhead property (whether belonging to the City or other owners), and under the East river to a point near the foot of Pidgeon street in Queens Borough in the City; thence still easterly under dock or bulkhead property (whether belonging to the City or to other owners) and under or through private property and under Pidgeon street (or so much thereof, if any, as may be necessary), and crossing under Front street, Flushing street, West avenue, First street, Vernon avenue, Borden avenue, East avenue, Third street, Van Alst avenue, Fourth street, Hunter's Point avenue and reaching the surface at or near the intersection of Thompson avenue and Purves street in Queens Borough, and extending thence through private property to the eastern terminus of said railroad.

2. To lay down, construct and operate a railway, including two tracks, on a route beginning at the said boundary line between the States of New York and New Jersey, under the said Hudson river, substantially opposite the westerly foot of Thirty-second street in Manhattan Borough, and thence running easterly under the said river and dock or bulkhead property at the easterly bank thereof (whether belonging to the City or to other owners) to Thirty-second street, and thence still easterly (crossing under the various avenues and streets crossed by Thirty-second street) under Thirty-second street to Second avenue; thence across Second avenue, and thence, still continuing easterly, under Thirty-second street, private property, First avenue, Thirty-third street and dock or bulkhead property (whether belonging to the City or to other owners), and under the East river to a point near the foot of Flushing street in Queens Borough; thence still easterly under dock or bulkhead property (whether belonging to the City or other owners), and under or through private property and crossing under Front street, First street, West avenue, Vernon avenue, Borden avenue, East avenue, Third street, Van Alst avenue, Fourth street, Hunter's Point avenue, and reaching the surface at or near the intersection of Thompson avenue and Purves street in Queens Borough, and extending thence through private property to the eastern terminus of said railroad.

3. To lay down, construct and operate a railway, including two tracks, on a route beginning in the station site hereinafter mentioned between Seventh and Ninth avenues, Thirty-first and Thirty-third streets, in Manhattan Borough, in the City, running from thence to a point under Thirty-third street, at or near the intersection of Thirty-third street and Seventh avenue, and thence running easterly under Thirty-third street to Second avenue (crossing under the various avenues and streets crossed by Thirty-third street), thence across Second avenue, and thence still continuing easterly under Thirty-third street, private property, First avenue, Thirty-fourth street and dock or bulkhead property (whether belonging to the City or to other owners) and under the East river to a point near the foot of said Flushing street in Queens Borough, and thence still easterly under dock or bulkhead property (whether belonging to the City or to other owners) and under or through private property and under Front street, First street, West avenue, Vernon avenue, Borden avenue, East avenue, Third street, Van Alst avenue, Fourth street, Hunter's Point avenue, and reaching the surface at or near the intersection of Thompson avenue and Purves street, in Queens Borough, and extending thence through private property to the eastern terminus of said railroad.

4. To lay down, construct and operate two additional tracks under all or any part of Thirty-second street west of Ninth avenue in Manhattan Borough, which additional tracks may be included with the two main tracks under said street hereinbefore provided for in a tunnel of four tracks or otherwise.

5. To lay down, construct and operate one additional track under any part of Thirty-second street, between the westerly side of Seventh avenue and the Westerly side of Fifth avenue, in Manhattan Borough, which additional track may be included with the two main tracks under said street hereinbefore provided for in a tunnel of three tracks or otherwise.

6. To lay down, construct and operate one additional track under any part of Thirty-third street, between the westerly side of Seventh avenue and the westerly side of Fifth avenue, in Manhattan Borough, which additional track may be included with the two main tracks under said street hereinbefore provided for in a tunnel of three tracks or otherwise.

7. To lay under Thirty-first, Thirty-second and Thirty-third streets, for the distance between the easterly line of Seventh avenue and a line parallel with such easterly line and distant 250 feet easterly therefrom, as many tracks, sidings and connections as may be found convenient for the operation of the railroad, with the right to use therefor such portions of said streets, not approaching within 19 feet of the surface and extending the entire width of the street.

8. To lay under Thirty-first and Thirty-second streets, for the distance between the westerly line of Ninth avenue and a line parallel with such westerly line and distant 100 feet westerly therefrom, as many tracks, sidings and connections as may be found convenient for the operation of the railroad, with the right to use therefor such portions of said streets not approaching within 19 feet of the surface and extending the entire width of the street.

9. To acquire and maintain a terminal and station which shall occupy the four blocks bounded by Thirty-first street, Seventh avenue, Thirty-third street and Ninth avenue, in Manhattan Borough, the same now being private property, or so much as the Tunnel Company may find necessary, and such private property on the east side of Seventh avenue, between Thirty-first and Thirty-third streets as the Tunnel Company may find necessary; and also to occupy for said terminal and station all or any parts of the underground portions of Thirty-first street and Thirty-third street in Manhattan Borough, lying between the easterly side of Seventh avenue and the westerly side of Ninth avenue, and all or any parts of the underground portions of Seventh avenue, Eight avenue and Ninth avenue, lying between the southerly side of Thirty-first street and the northerly side of Thirty-third street.

10. To occupy with its terminal facilities all or any part of the surface or underground of the portion of Thirty-second street in Manhattan Borough lying between the westerly side of Seventh avenue and the easterly side of Eighth avenue, and of the portion of Thirty-second street lying between the westerly side of Eighth avenue and the easterly side of Ninth avenue, which two portions of Thirty-second street shall be closed, such closing being necessary for such terminal facilities, and the Tunnel Company owning or having the consent thereto of the owners of all the property on both sides of such portions of Thirty-second street.

11. To occupy for purposes of a station at Fourth avenue and Thirty-third street, in Manhattan Borough, so much as the Tunnel Company may find necessary of the underground portion of Thirty-third street lying between the line parallel with the easterly line of Fourth avenue and easterly six hundred (600) feet therefrom and the line parallel with the westerly line of Fourth avenue and four hundred (400) feet westerly therefrom, including the underground portion of such space also included in Fourth avenue. But this shall not include any right to connect at this point the tracks of the railway of the Tunnel Company with the tracks of any other railroad for the continuous operation of trains over such tracks of the Tunnel Company and of any other railroad.

12. To run upon the said railways (all of which railways upon the routes aforesaid, together with the said terminal station and facilities, stations and all their appurtenances, are together hereinafter called the Railroad), motors, cars and carriages for the transportation of persons and property, and to use thereon and in connection therewith all suitable appliances.

13. To maintain and operate under the streets or avenues of the routes aforesaid, and along the lines of the said railways composing the Railroad, telegraph wires and wires, cables, conduits, ducts and ways for the distribution of power, heat and light, and other appurtenances for use of the Railroad.

14. To acquire and use for stations or station extensions, power plants, pumping stations, shafts for access to the surface and other necessary purposes of the Railroad, private property as the same may be lawfully acquired within the scope of the corporate rights and powers of the Tunnel Company.

The rights hereinbefore granted to maintain and operate the Railroad or necessary or convenient for that purpose shall be held by the Tunnel Company in perpetuity, except as may be herein otherwise expressly provided.

But this authorization and the rights and privileges hereby granted are subject to certain terms, conditions and requirements which appear to the Board to be just and proper, and as so subject are hereinafter called the franchise hereby granted.

The said terms, conditions and requirements are hereby prescribed as follows, to wit:

I.

This certificate will be executed by the Board in four identical originals, so proved as to be entitled to be recorded in the office of the Register of the County of New York and to be filed in the office of the Secretary of State of the State of New York, all of which will be delivered by the Board to the President, Vice-President, Secretary or Treasurer of the Tunnel Company. The franchise hereby granted shall be inoperative and this certificate shall be void unless within thirty days after such delivery or such further period not exceeding three months as shall be prescribed in writing by the Board, the Tunnel Company shall have procured three of the said identical originals to be returned to the Board, each of them having an acceptance of the franchise and all the terms, conditions and requirements thereof subscribed at the foot thereof by the Tunnel Company, such acceptance being so proved as to entitle it to be recorded and filed as aforesaid.

II.

The franchise hereby granted shall, if the Board shall so determine, become void unless within three calendar months after the time of the delivery to the Board of the acceptance of this certificate by the Tunnel Company that Company shall, in due and lawful form, obtain or receive all the consents and approvals following, to wit:

1. The consent of the Board of Aldermen of the City, being the local authority having the control of the portions of the streets, avenues and highways upon, above or under which it is proposed to construct the Railroad, together with the approval of the Mayor of the City.

2. The consents of the Department of Docks and Ferries and the Commissioners of the Sinking Fund of the City, if and so far, if at all, as such consents or either of them may be necessary to the construction, maintenance and operation of the railroad, or any part thereof, under docks belonging to The City of New York.

3. The consent and approval of the Board of Estimate and Apportionment and the Board of Aldermen of the City to the use as aforesaid of the portion of Thirty-second street lying between the westerly line of Seventh avenue and the easterly line of Eighth

avenue and the portion of Thirty-second street lying between the westerly line of Eighth avenue and the easterly line of Ninth avenue for terminal facilities of the Tunnel Company, including its station purposes, and also the consent and approval thereto (if the same shall be necessary) of the Commissioners of the Sinking Fund of the City and such other consent, approval or proceeding of the said Boards, or any of them, or any other authority or authorities, if and so far as the same may be necessary to the use as aforesaid and for the purposes aforesaid of the said portions of Thirty-second street.

4. The consent of the said Boards or authorities, or any of them, if and so far as the same may be necessary, and such procedure as may be necessary or proper, for the use of such portions of streets or avenues in Queens Borough where the said railways approach to the surface at or near the intersection of Thompson avenue and Purves street.

If it shall appear that any consent herein required is not necessary, the Board shall have power to waive the same, and in such case the franchise hereby granted shall be deemed as effectually granted as if the consent were given. So also if the Tunnel Company shall surrender or waive any right for which a consent cannot or shall not be obtained, then and in such case the Board shall have power to waive the procurement by the Tunnel Company of such consent; and in such case, the franchise hereby granted shall, except as to such right, be deemed as effectually granted as if all the consents aforesaid should have been obtained.

The franchise hereby granted shall, if the Board shall so determine, become void, unless within one year after the time of the acceptance of its certificate by the Tunnel Company, that company shall further, and in due and lawful form, obtain the consent of the owners of one-half in value of the property bounded on each portion of the streets or avenues under or through which the railroad or any part of the routes thereof runs, to the construction and operation of the railroad or such part thereof, or in case the consent of such property owners cannot be obtained, then the determination of Commissioners to be appointed pursuant to law by the Appellate Division of the Supreme Court in the First Department or the Second Department (as the case may be) that such portion of the railroad ought to be constructed and operated, the said determination of such Commissioners, when confirmed by the Appellate Division which shall have appointed such Commissioners, to be taken in lieu of such consent of property owners, provided, however, and it is expressly stipulated that the Board shall have power, upon reasonable cause shown, to extend by written certificate either of the periods hereinbefore in this article prescribed. Provided, further, however, that the total period of such extension or extensions allowed for obtaining the consents prescribed in the sub-paragraphs Nos. 1, 2, 3 and 4 above contained in this article, shall not exceed three years, and that the total period of any such extension or extensions allowed for obtaining the consents of owners of property, or in lieu thereof, the determination of Commissioners confirmed by the Appellate Division, shall not exceed five years.

If the Tunnel Company shall be diligent in prosecuting applications for the consents aforesaid, and shall not have secured the same other than such, if any as shall have been so waived, within the period of one year after its acceptance as aforesaid of this franchise, then and in such case the Tunnel Company shall, after a written notice of three months to the Board, be released from its obligations hereunder, unless within such three months such consents shall have been given.

III.

The Tunnel Company shall begin the construction of the railroad within three months after it shall have obtained the consents aforesaid, or such of them as shall be necessary as aforesaid and shall not have been waived as aforesaid, and shall complete the construction of the railroad and begin its operation within five years after such construction shall be begun, except that portion thereof described in paragraph 1 of the grant herein contained, consisting of two tracks beginning at the boundary line between the States of New York and New Jersey under the Hudson river, and running easterly under the said river, under Thirty-first street, in Manhattan Borough, under the East river and under private property in Queens Borough, crossing under intermediate streets and avenues and reaching the surface near Thompson avenue, which portion shall be constructed within ten years after the completion of the remainder of the railroad.

Provided, however, that, if it shall be found by the Tunnel Company that the construction of either or both of the sections of its lines on Thirty-first street, east of Seventh avenue and west of Ninth avenue, is not necessary to the efficient and proper operation of the railroad, then the Tunnel Company shall have the right, upon one year's written notice to the Board at any time prior to the expiration of said ten years, to relinquish and surrender its right to construct and operate either or both of said sections, and shall thereupon be relieved from all obligations respecting the same.

In case the Tunnel Company, within the period of three months after it shall have obtained the consents necessary as aforesaid, shall not have begun the actual construction of the railroad, or if, after having begun such construction, it shall suspend the same prior to the completion thereof for a period exceeding three months, or if it shall not complete such construction and begin the operation of the railroad (except the portion thereof excepted in the first paragraph of Article III. hereof) within the said period of five years, or shall not complete the construction and begin the operation of such excepted portion within ten years after the completion of the remainder, then and in either of such cases, the Board, upon a written notice to be delivered to the Tunnel Company not less than three months before the action of the Board, may annul the franchise hereby granted as to any part of the railroad not then completed and in operation; provided, however, that the Board shall have the power, upon reasonable cause shown, to extend by written order any of the periods in this article prescribed. Provided, further, however, that such extension or extensions shall not in all exceed five years, and provided, further, that additional time shall be allowed by way of extension of any period for such commencement of construction or for the completion thereof, or for the commencement of operation of the railroad equal to the total period of delay caused by injunction or by necessary proceedings for condemnation of real estate, easements or other property, so far as such proceedings shall necessarily prevent the Tunnel Company from prosecuting such construction, but no delay to be so allowed for unless, during the same, such proceedings shall be diligently prosecuted by or for the Tunnel Company; and provided, further, that in no case shall such delay be deemed to begin until the Tunnel Company shall have given written notice to the Board of the injunction or other occasion of delay and delivered to the Board copies of the injunction or other orders and of the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Tunnel Company shall, in writing, consent that the Board, either in its own name as a party or in the name of The City of New York as a party, may intervene in any such injunction proceedings or other suit or proceeding; and provided, further, that in case of annulment of any part of the franchise the Tunnel Company shall have no right to any return of payments which it shall have made to the City by way of rental or otherwise.

IV.

The Tunnel Company shall pay to the City for the rights, franchises and licenses hereinbefore given to construct and maintain its said railways under the beds of the Hudson river and East river, outside of pierhead-lines (or so much of the Railroad as shall be thereunder), the sum of one hundred dollars ($100) for each river for each year, beginning on the date on which the Tunnel Company shall first commence the actual operation of the Railroad (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such operations), and ending on the day twenty-five (25) years next thereafter.

The Tunnel Company shall pay to the City for the rights, franchises and licenses hereinbefore given to construct and maintain its said railways under the docks and bulkheads belonging to the City (and including all space occupied between any pierhead-line and the part nearest thereto of the street or avenue under which any such railway shall be laid), for each year beginning on the date on which the Tunnel Company shall first commence the actual operation of the Railroad (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten (10) years next thereafter, a sum equal to fifty cents ($0.50) per linear foot of single railway track then constructed, or which the Tunnel Company shall be bound to have then constructed, under such docks and bulkheads, and the sum of one dollar ($1) per annum per linear foot of such tracks for the period beginning on the last day of the said period of ten (10) years and ending on the day fifteen (15) years next thereafter.

The Tunnel Company shall pay to the City for the rights, franchises and licenses in, under, on or above streets or avenues hereinbefore granted the sum of fifty cents ($0.50) per annum for each linear foot of single railway track which shall be then constructed or which the Tunnel Company shall be bound to have then constructed, under any streets or avenues or parts of streets or avenues (but excluding Thirty-first and Thirty-third streets, between Seventh and Eighth avenues, and between Eighth and Ninth avenues), within Manhattan Borough, during the period beginning on the day when the Tunnel Company shall first commence actual operation of the Railroad (but not later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten (10) years next thereafter; and the sum of one dollar ($1) per annum for each linear foot of such tracks during the period beginning on the last day of such period of ten (10) years and ending on the day fifteen (15) years next thereafter, and shall, during such periods, annually pay to the City for the rights, franchises and licenses hereinbefore granted in, under, on or above opened streets or avenues in Queens Borough for each linear foot of single railway track there constructed at a rate equal to one-half the rate prescribed for streets and avenues in Manhattan Borough as aforesaid.

The Tunnel Company shall pay to the City for such underground portions of Thirty-first street and Thirty-third street, in Manhattan Borough, between Seventh and Eighth avenues, and between Eighth and Ninth avenues, the sum of fourteen thousand dollars ($14,000) per annum, such rental to begin on the date of the commencement of construction therein by the Tunnel Company (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such construction), and to continue during the period of ten (10) years next thereafter, and the sum of twenty-eight thousand dollars ($28,000) per annum for the period of fifteen (15) years next after such first period of ten (10) years.

The Tunnel Company shall pay to the City for the use of the underground portions of Thirty-third street and Fourth avenue which shall be occupied for station purposes as aforesaid, at the rate of eleven hundred and forty dollars ($1,140) per annum, beginning at the date of commencement of the actual operation of the Railroad (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such operation), and to continue during the period of ten (10) years next thereafter, and the sum of two thousand two hundred and eighty dollars ($2,280) per annum for the period of fifteen (15) years next after such first period of ten (10) years.

All such payments shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the first days of January, April, July and October in each year.

The amounts to be paid by the Tunnel Company as aforesaid shall be readjusted at the end of the first period of twenty-five (25) years, and shall thereafter be readjusted at intervals of twenty-five (25) years. The amounts to be paid by the Tunnel Company at the end of the first period of twenty-five (25) years shall be determined as follows, to wit: Each such determination shall be had upon the application of either the Tunnel Company or the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the preceding period of twenty-five years. The determination shall be sufficient if agreed to in writing by the Tunnel Company and the Board or such other authority in its place. If the Tunnel Company and the Board or such other authority in its place for the City shall not reach such agreement on or before the day one year before the expiration of such preceding twenty-five years period, then the rate of compensation for such succeeding twenty-five years period shall be reasonable; and either the City (by the Board or such other authority in its place) or the Tunnel Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such rate at such amount as shall be determined by the Supreme Court of the State of New York; and either party may in such case apply to the said Court to fix such rate. If, in any case, the rate shall not be fixed prior to the commencement of such succeeding twenty-five years period, then the Tunnel Company shall pay the rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of the excess of the rate then determined over the previous rate. Nothing herein contained shall be deemed to determine or affect the basis of any such readjustment of amounts to be paid, it being intended that such basis shall be completely open to either the City or the Tunnel Company whenever any such readjustment is to be made, except that any such readjusted amount shall never be less than the corresponding amount provided herein.

V.

The Tunnel Company shall pay to the City for its terminal facilities hereinbefore described on the portions of Thirty-second street between the westerly line of Seventh avenue and the easterly line of Eighth avenue, and between the westerly line of Eighth avenue and the easterly line of Ninth avenue, at the rate of thirty-six thousand dollars ($36,000) per annum, payable in quarter-yearly installments at the end of each quarter; such payment to begin on the day when the Tunnel Company shall begin the use of such portions of Thirty-second street or any part thereof or shall enter thereon for purposes of construction or otherwise, and such rate to continue for the period of twenty-five years next thereafter, and thereupon to be readjusted, and thereafter to be readjusted at intervals of twenty-five years, in manner provided in article IV hereof with respect to the payments therein provided for. Provided, however, and it is expressly agreed that, if the City or any of the said authorities of the City shall be or become authorized by law to convey to the Tunnel Company the fee simple of such portions of Thirty-second street, then and in such case the City or its authorities so authorized by law shall thereupon convey to the Tunnel Company by deed good in law for the conveyance of such fee simple thereof, reciting the payment of a consideration of seven hundred and eighty-eight thousand six hundred dollars ($788,600), and in such case the Tunnel Company shall pay therefor to the City or the Comptroller thereof the amount of the consideration so recited, and upon such conveyance and payment the obligation of the Tunnel Company to make annual payments for terminal facilities on such portions of Thirty-second street shall cease.

VI.

The railways forming part of the Railroad, where the same shall occupy parts of streets or avenues, shall be in tunnel or tunnels under the streets or avenues, except that from the point or points where they come to the surface near Thompson avenue, in Queens Borough, to the eastern terminus of said railroad, where they are constructed on private property, said railways may be placed on, or above, or under the surface, and may be covered or open as the Tunnel Company may see fit.

The Tunnel Company may construct the railways in tunnels containing one or more tracks, as it may find most advantageous.

No part of the structure of the Railroad, except its terminals or stations, and except on the portion of Thirty-second street west of Ninth avenue where the Tunnel Company is authorized to construct and operate four tracks, shall approach within five (5) feet of the exterior line of any street or avenue, unless the abutting property shall be owned by the Tunnel Company or unless the owner or owners of the property so abutting shall consent. The tunnel or tunnels, except as hereinbefore limited, may be placed in such places under the streets or avenues as may be found most convenient. The uppermost part of any tunnel or of the said station at Thirty-third street and Fourth avenue shall not approach nearer than nineteen (19) feet to the surface of any street or avenue, except the portion of Thirty-second street to be closed as aforesaid, and except that under the roadways of Thirty-first street between Seventh avenue and Eighth avenue, and between Eighth avenue and Ninth avenue, and of Thirty-third street between Seventh avenue and Eighth avenue, and between Eighth avenue and Ninth avenue, the top of the tunnel may come within not less than thirty (30) inches to the surface of the roadway, and except that under the sidewalks on the south side of such portions of Thirty-first street and on the north side of such portions of Thirty-third street, the uppermost part of the tunnel may come within not less than five (5) feet of the surface of the sidewalk, and except that, under the sidewalks on the north side of such portions of Thirty-first street and on the south side of such portions of Thirty-third street, the uppermost part of the tunnel may come to any point below the surface of the sidewalk and except as may be necessary upon the approach to the surface at or near Thompson avenue in Queens Borough.

Provided, however, and it is expressly stipulated that the Tunnel Company shall in the course of construction at its own expense maintain and care for all underground structures; and any necessary interference with underground structures shall be subject

to reasonable regulation by the department of the government of the City in control or charge thereof.

The Tunnel Company shall make good to the City all damage which shall be done to the property of the City, and shall make good to every owner of property abutting upon the Railroad, or which shall be injured by the work of construction or by operation thereof, all damage which shall be done to such abutting or injured property through any fault or negligence of the Tunnel Company or successor thereof, or of any contractor, sub-contractor or other person in the course of any employment upon the construction or operation of the Railroad or any part theeof. The Tunnel Company shall indemnify the City against any damage for which the City shall be adjudged liable in favor of owners of property on Thirty-second street between Seventh and Tenth avenues by reason of the closing as aforesaid of that street, between Sventh and Eighth and between Eighth and Ninth avenues.

The Tunnel Company shall at all times keep paved with smooth pavement in such manner as may be reasonably required by the municipal authorities having care of the streets, and shall at all times keep in thoroughly good condition the portions of Thirty-first and Thirty-third streets between Seventh and Eighth avenues and between Eighth and Ninth avenues.

The method of construction shall be generally as follows: The tunnels under rivers, streets and avenues shall be constructed in whole or part of masonry or of steel or of iron, or any two or more thereof combined. Excavations necessary in the course of construction by the Tunnel Company shall be made without disturbing the surface of the streets or avenues, except the portions of Thirty-first street, Seventh avenue, Thirty-third street, Eighth avenue and Ninth avenue, immediately in front of the terminal station aforesaid, and except in Queens Borough; provided, however, that the Board may, wherever elsewhere local conditions make excavations from the surface necessary for efficient construction, grant the right to make such excavations from the surface, subject to such conditions as the Board may prescribe.

The tracks shall be construted of the most approved plan so as to avoid noise or tremor.

All plans for, and the method of doing, the work shall from time to time be subject to the approval of the Board. All necessary permits for opening of streets and other necessary departmental permits shall be granted by the President of the proper borough or other officer as provided by law.

VII.

The power to be used shall be electricity or such other power (not involving combustion in the tunnel) as may be approved by the Board.

VIII.

The plan and profile of the Railroad herewith attached are to be deemed a part of this franchise and to be construed with the text hereof. The same shall be substantially followed, but deviations therefrom not inconsistent with the other provisions hereof may be permitted by the Board.

IX.

The Tunnel Company shall have no power to carry on merely local traffic unless with the approval of the Board and the Board of Aldermen and Mayor of the City, and for such additional consideration to be paid to the City as they shall prescribe. Local traffic shall be deemed to include the carriage of passengers or freight between the terminal station of the Tunnel Company and any point in the City of New York within five miles of said terminal station, or between stations within said limits.

X.

The Railroad shall be diligently and skillfully operated with due regard to the convenience of the traveling public, so long as the franchise hereby granted shall remain in force.

XI.

The City shall have a lien upon the franchise and real property of the Tunnel Company under the said rivers, streets and avenues to secure the payment of such compensation and rental. In case of any failure to make such payments as herein prescribed the lien aforesaid may be enforced by the Board or by any authority which shall be authorized to act for the City in place of the Board, either by entry, foreclosure or other proper proceeding and by sale of such franchise and real property.

The Board may, in its own name, or in the name and behalf of the City, bring action for the specific performance, or may apply by mandamus to compel the performance by the Tunnel Company of the duties and obligations hereby imposed upon the said Company, or any of them. And the Board may, in behalf or in the name of the City, bring action or proceedings to recover possession of any part of the property of the City to be used by the Tunnel Company as aforesaid, or to enforce the said lien of the City, or to enforce any part of this contract in the manner provided by section 9 of the Rapid Transit Act, or any other proper action or proceeding.

XII.

The Tunnel Company will not at any future time oppose—but shall at any time, upon the request of the Board, consent to—the construction of any rapid transit railroad over, along or under any portion of any of the said streets or avenues to be occupied by the Railroad of the Tunnel Company aforesaid, where the same shall not actually interfere with the structure of the Tunnel Company as herein authorized.

XIII.

The City, the Board, and all duly authorized representatives of the City, shall have the right at all reasonable times to inspect the Railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or for any proper purpose. Nothing in this franchise shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City. The City shall have the right to use the tunnel of the Railroad for police and fire, telegraph and telephone wires, to such extent as is not inconsistent with the purposes of this franchise.

XIV.

The Tunnel Company shall, from time to time, maintain and strengthen all parts of the railroad which shall be under any street or avenue so that the same shall safely support any structure superimposed or which shall be superimposed thereon by the City or under its authority or under any other public authority.

XV.

The Tunnel Company shall have the right to grant, convey, mortgage, assign or transfer the franchise hereby granted; provided, however, that every grantee, assignee or transferee thereof, not including, however, a mortgagee or mere lienor, but including any purchaser upon foreclosure of or under or by virtue of any provision of any mortgage or lien, shall be a corporation subject to the laws of the State of New York, and shall, upon accepting the grant, assignment or transfer and before such grant, assignment or transfer shall be valid, assume and agree to perform all of the obligations which by the provisions hereof are assumed by the Tunnel Company and that no such grant, conveyance, assignment or transfer shall relieve the Tunnel Company of its obligations hereunder.

XVI.

If, at any time, the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authorities, officer or officers, then and in such case such other board, authorities, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

In witness whereof this certificate has been prepared by the Board of Rapid Transit Railroad Commissioners for The City of New York by and upon the concurrent vote of at least six of the members of the said Board, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this 15th day of October, 1902.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS
FOR THE CITY OF NEW YORK,

By A. E. Orr, President.

[SEAL] Bion L. Burrows, Secretary.

State of New York, County of New York, ss.:

On this 15th day of October, 1902, in The City of New York, in said County, before me personally appeared Alexander E. Orr and Bion L. Burrows, each to me known and known to me to be the said Alexander E. Orr, the President, and the said Bion L. Burrows, the Secretary of the Board of Rapid Transit Railroad Commissioners for The City of New York; and the said Alexander E. Orr and Bion L. Burrows, being by me duly sworn, did depose and say, each for himself and not one for the other, the said Alexander E. Orr, that he resided in the Borough of Brooklyn, in the said City, that he was the President of the said Board, and that he subscribed his name to the foregoing certificate by virtue of the authority thereof, and the said Bion L. Burrows, that he resided in the Borough of Manhattan, in the said City, that he was the Secretary of the said Board, and that he subscribed his name thereto by like authority; and both the said Alexander E. Orr and Bion L. Burrows that they knew the seal of the said Board and that the same was affixed to the foregoing certificate by the authority of the said Board and of a resolution duly adopted by the same.

[SEAL.]

SEYMOUR K. FULLER,
Notary Public, Kings County,
Certificate filed in New York County.

The Pennsylvania, New York and Long Island Railroad Company hereby accepts the foregoing franchise and all the terms, conditions and requirements thereof.

Dated New York November 5, 1902.

THE PENNSYLVANIA, NEW YORK AND LONG ISLAND RAILROAD COMPANY,

By A. J. Cassatt, President.

[SEAL.] Robt. H. Groff, Secretary.

State of New York, County of New York, ss.:

On this 5th day of November, 1902, at The City of New York, before me personally came A. J. Cassatt and Robert H. Groff, each to me known and known to me respectively to be the said A. J. Cassatt, the president, and the said Robert H. Groff, the secretary, of the Pennsylvania, New York and Long Island Railroad Company, the corporation named in and which executed the foregoing consent, and being by me duly sworn, they did depose each for himself and not one for the other, the said A. J. Cassatt that he resides at Haverford, Montgomery County, Pennsylvania, and was president of the Pennsylvania, New York and Long Island Railroad Company, the corporation described in and which executed the foregoing consent, and that he subscribed his name to the foregoing consent by the authority of the Board of Directors thereof; and the said Robert H. Groff, that he resided in the Borough of Manhattan, City of New York, that he was the secretary of the said Pennsylvania, New York and Long Island Railroad Company, and subscribed his name to the foregoing consent by like authority; and both the said A. J. Cassatt and Robert H. Groff that they knew the seal of the said Pennsylvania, New York and Long Island Railroad Company, that the seal affixed to said consent was such seal, and that the same was affixed to the foregoing consent by authority of the Board of Directors of the said Pennsylvania, New York and Long Island Railroad Company, and pursuant to a resolution adopted by the said Board.

[SEAL.]

CHARLES LA RUE KINGSLEY,
Notary Public, New York County.

An original of the foregoing certificate, together with the acceptance thereof, was filed in the office of the Secretary of State of the State of New York, at Albany, N. Y., on the 17th day of November, 1902.

A copy of the foregoing certificate, together with the acceptance thereof, duly certified by the Secretary of State of the State of New York, was filed in the office of the Clerk of the County of New York, at the Borough of Manhattan, in the City of New York, on the 18th day of November, 1902.

A copy of the foregoing certificate, together with the acceptance thereof, duly certified by the Secretary of State of the State of New York, was filed in the office of the Clerk of the County of Queens, at Jamaica, in the Borough of Queens, in the City of New York, on the 18th day of November, 1902.

A copy of the foregoing certificate, together with the acceptance thereof, duly certified by the Secretary of State of the State of New York, was filed in the office of the Clerk of the County of Kings, at the Borough of Brooklyn, in the City of New York, on the 18th day of November, 1902.

A copy of the foregoing certificate, together with the acceptance thereof, duly certified by the Secretary of State of the State of New York, was filed in the office of the Clerk of the County of Richmond, at Richmond, in the Borough of Richmond, in the City of New York, on the 18th day of November, 1902.

March 9, 1906.

Hon. Herman A. Metz, *Comptroller of The City of New York*, No. 280 Broadway, New York, N. Y.:

My Dear Sir—As the attorney for St. Michael's Roman Catholic Church, the property of which corporation fronts on the south side of Thirty-second street, between Ninth and Tenth avenues, in this City, I beg to say that the church corporation having heretofore consented to the closing of Thirty-second street, between Ninth and Tenth avenues, and having an agreement whereby the Pennsylvania, New York and Long Island Railroad Company is, in the near future, to receive the title to its property, hereby consents that a conveyance be made to the said railroad company of the fee of that portion of said Thirty-second street, between Ninth and Tenth avenues, and in front of the church property.

Yours very truly,
DAVID McCLURE.

Extract from the minutes of the meeting of the Board of Estimate and Apportionment held March 9, 1906:

March 13, 1906.

Hon. Herman A. Metz, *Comptroller:*

Sir—At a meeting held on the 10th day of November, 1905, the Board of Estimate and Apportionment, acting under a petition of the Pennsylvania, New York and Long Island Railroad Company and the Church of St. Michael, proposed to adopt a resolution to change the map or plan of The City of New York so as to discontinue and close West Thirty-second street, from the westerly side of Ninth avenue to the easterly side of Tenth avenue, in the Borough of Manhattan, and upon a public hearing at a meeting held on the 24th day of November, 1905, at 10.30 in the morning, said proposed action would be considered by the Board, and notice to all persons affected thereby was published in the City Record ten days prior to said 24th day of November. At the time, said hearing was set to take place, an injunction and an order to show cause were served upon the individual members of the Board of Estimate and Apportionment in an action in the Supreme Court, wherein Edward T. Thomson was named as plaintiff and the members of the Board of Estimate and Apportionment were named as the defendants. The said injunction and order to show cause was made returnable at a Special Term of the said court on the 4th day of December, 1905. The Corporation Counsel appeared for the defendants at a hearing held on the 9th day of January, 1906, and the injunction and the motion for an injunction pendente lite was denied and the temporary injunction heretofore granted was vacated and set aside.

The petition shows that the Pennsylvania, New York and Long Island Railroad Company and the Church of St. Michael are the owners of all the property fronting on both sides of Thirty-second street, between Ninth and Tenth avenues. This statement in the petition is verified by a certificate of the Title Insurance Company.

This petition and request is similar in all respects to a petition which the former Board of Estimate and Apportionment, at a meeting held December 1, 1903, approved of, when they authorized, by resolution, the discontinuance and closing of the same street (West Thirty-second street), between Seventh and Eighth and Eighth and Ninth avenues, in said Borough of Manhattan, and there is no reason why the present Board should not discontinue and close said Thirty-second street, between Ninth and Tenth avenues, provided that the railroad company will furnish evidence to said Board that it has applied for and obtained the consents of all boards or bodies by law required, as

so done by the said railroad company in the matter of the release of Thirty-second street, between Seventh and Eighth and Eighth and Ninth avenues.

Inasmuch as it is the duty of this office to fix the amount of money with the railroad company shall pay for the value of the street so discontinued and closed, it is not necessary for me to pass upon other matters. An examination has been made as to the value of the property lying in the bed of Thirty-second street, between Ninth and Tenth avenues, and after an interview between the Comptroller and a representative of the railroad company, it was agreed that the railroad company should pay to The City of New York the sum of $400,000 for a release or quit-claim of the City's interest in and to that part of Thirty-second street, lying between the westerly side of Ninth avenue and the easterly side of Tenth avenue, in the Borough of Manhattan, and, in addition to said payment, the said Pennsylvania, New York and Long Island Railroad Company is to indemnify the City against any loss or damage which the City might sustain by any action against it, in accordance with the provisions of chapter 1006 of the Laws of 1895, by reason of the closing of said street, such indemnification to be in the form of a bond, said bond to be approved both as to form and sufficiency of amount by the Corporation Counsel, under whose jurisdiction all action must be taken, in accordance with the provisions of said chapter 1006 of the Laws of 1895. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution discontinuing and closing said Thirty-second street, between the westerly side of Ninth avenue and the easterly side of Tenth avenue, in the Borough of Manhattan, that the sum of $400,000 be fixed as the price to be paid by said railroad company to the City for a release of its interests therein, and that said resolution, when adopted, be presented to the Commissioners of the Sinking Fund for its approval and release, in accordance with the provisions of chapter 379 of the Laws of 1903.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Whereas, At a meeting of this Board, held on the 10th day of November, 1905, resolutions were adopted proposing to change the map or plan of The City of New York so as to discontinue and close West Thirty-second street, from the westerly side of Ninth avenue to the easterly side of Tenth avenue, in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board to be held on the 24th day of November, 1905, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 24th day of November, 1905; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 24th day of November, 1905; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by discontinuing and closing West Thirty-second street, from the westerly side of Ninth avenue to the easterly side of Tenth avenue, in the Borough of Manhattan, City of New York, does hereby favor the same, so as to discontinue and close the aforesaid street between the westerly side of Ninth avenue and the easterly side of Tenth avenue.

The above is a true copy of the resolution adopted by the Board of Estimate and Apportionment on March 9, 1906, and approved by the Mayor on

Assistant Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 12, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—The Board of Estimate and Apportionment, at a meeting held March 9, 1906, adopted a resolution at the request of the Pennsylvania, New York and Long Island Railroad Company (who are the owners of properties on both sides of Thirty-second street, between the westerly side of Ninth avenue and the easterly side of Tenth avenue), "discontinuing and closing West Thirty-second street, from the westerly side of Ninth avenue to the easterly side of Tenth avenue, in the Borough of Manhattan," it being the intention that the matter should be presented to the Commissioners of the Sinking Fund for the sale by the Commissioners of the Sinking Fund, in accordance with the provisions of section 205 of the amended Greater New York Charter, to dispose of the bed of the street to the Pennsylvania, New York and Long Island Railroad Company, and that when the resolution is adopted by the Commissioners of the Sinking Fund, and the money paid into the City Treasury to the credit of the Sinking Fund, that the Mayor of The City of New York will then attach his signature to the resolution.

I have made an examination of the value of Thirty-second street between the westerly side of Ninth avenue and the easterly side of Tenth avenue, and have come to the conclusion that if the Pennsylvania, New York and Long Island Railroad Company shall pay to The City of New York the sum of $400,000 for the strip of land 60 feet wide by 800 feet long, that the Commissioners of the Sinking Fund, in accordance with the provisions of said Charter, may properly authorize a release of the interest of The City of New York in and to said street; provided that in addition to the amount of money so paid by the Pennsylvania, New York and Long Island Railroad Company a proper agreement shall be entered into between The City of New York and the said Railroad Company, whereby the said Railroad Company will bind itself to save harmless The City of New York from all loss or damage on account of the closing of said street in accordance with the provisions of chapter 1006 of the Laws of 1895.

Some time since the Commissioners of the Sinking Fund adopted a resolution closing the same from Seventh to Eighth avenues and from Eighth to Ninth avenues, and the Pennsylvania, New York and Long Island Railroad Company paid to the City the sum of $788,000. The average rate per block would be $394,000. The land between Seventh and Eighth avenues is more valuable than between Eighth and Ninth avenues, and between Eighth and Ninth avenues the land is more valuable than between Ninth and Tenth avenues, and the amount of money which the Railroad Company has agreed to pay as heretofore named is in my opinion a proper one that the Commissioners of the Sinking Fund may properly act on, and I so recommend.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Whereas, The certificate dated October 9, 1902, granted by the Rapid Transit Railroad Commissioners for The City of New York, to the Pennsylvania, New York and Long Island Railroad Company, contemplates and provides for the use and occupation by that company of the two parcels of land formerly included within the boundaries of Thirty-second street, between the westerly line of Seventh avenue and the easterly line of Eighth avenue, and between the westerly line of Eighth avenue and the easterly line of Ninth avenue; and

Whereas, In said certificate, paragraph 4, the Pennsylvania, New York and Long Island Railroad Company was authorized "to lay down, construct and operate two additional tracks under all or any part of Thirty-second street west of Ninth avenue, in Manhattan Borough, which additional tracks may be included with the two main tracks under said street hereinbefore provided for, in a tunnel of four tracks or otherwise"; and

Whereas, On the 9th day of March, 1906, the Board of Estimate and Apportionment of The City of New York did adopt a resolution discontinuing and closing said West Thirty-second street, between the westerly side of Ninth avenue and the easterly side of Tenth avenue, which said resolution reads as follows:

"Whereas, At a meeting of this Board, held on the 10th day of November, 1905, resolutions were adopted proposing to change the map or plan of The City of New York so as to discontinue and close West Thirty-second street, from the westerly side of Ninth avenue to the easterly side of Tenth avenue, in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board to be held on the 24th day of November, 1905, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 24th day of November, 1905; and

"Whereas, It appears from the affidavits of the Supervisor of the CITY RECORD that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 24th day of November, 1905; and

"Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by discontinuing and closing West Thirty-second street, from the westerly side of Ninth avenue to the easterly side of Tenth avenue, in the Borough of Manhattan, City of New York, does hereby favor the same, so as to discontinue and close the aforesaid street between the westerly side of Ninth avenue and easterly side of Tenth avenue"; and

Whereas, The Pennsylvania, New York and Long Island Railroad Company is the owner of all the lands fronting on said street so discontinued and closed; and

Whereas, The Pennsylvania, New York and Long Island Railroad Company has presented to the Commissioners of the Sinking Fund its petition, duly verified, dated March 14, 1906, in and by which it prays said Commissioners to determine that the parcel of land formerly included within the boundaries of Thirty-second street, between the westerly line of Ninth avenue and the easterly line of Tenth avenue, is not needed for any public use, and prays said Commissioners to sell and convey to the Pennsylvania, New York and Long Island Railroad Company, its successors and assigns, forever, the right, title and interest of The City of New York in and to said parcel of land for the consideration of $400,000: it is now

Resolved, That the prayer of said petitioners be and the same is hereby granted; and it is further

Resolved and determined, That the parcel of land formerly included within the boundaries of Thirty-second street, between the westerly line of Ninth avenue and the easterly line of Tenth avenue, is not needed for any public use; and be it further

Resolved, That the Commissioners of the Sinking Fund do hereby sell to the Pennsylvania, New York and Long Island Railroad Company, its successors and assigns, forever, the right, title and interest of The City of New York in and to said parcel of land formerly included within the boundaries of Thirty-second street, between the westerly line of Ninth avenue and the easterly line of Tenth avenue for the consideration of four hundred thousand dollars ($400,000), and that upon the payment of said purchase price into the treasury of The City of New York to the credit of the Sinking Fund for the Redemption of the City Debt, and the production of a certificate to be made by the Commissioners of the Sinking Fund, or a majority of them, as required by the ordinances of The City of New York, and also the presentation on the part of the Pennsylvania, New York and Long Island Railroad Company of a bond of indemnity or other assurance in writing, as may be approved as to form and sufficiency by the Corporation Counsel, saving harmless The City of New York against any loss or damage which the said City might sustain by any action against it, in accordance with the provisions of chapter 1006 of the Laws of 1895, by reason of the closing of said street as aforesaid, it shall be the duty of the Mayor of The City of New York to execute and the City Clerk to attest and deliver to the Pennsylvania, New York and Long Island Railroad Company a proper conveyance of said real estate, to be approved as to form by the Corporation Counsel under their hands and seal of The City of New York.

The report was accepted and the resolution unanimously adopted.

The following was received from the Armory Board, relative to an issue of $55,000 of Corporate Stock for furniture, etc., in the new Seventy-first Regiment armory:

NEW YORK, January 19, 1906.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Armory Board held January 18, 1906, the following was adopted:

"Resolved, That an appropriation of fifty-five thousand dollars ($55,000) be and is hereby made for furniture for the Seventy-first Regiment, and for the furniture and fitting in Brigade Headquarters in the new Seventy-first Regiment armory (including architects' fees); that the Commissioners of the Sinking Fund be requested to concur in the same and authorize the Comptroller to issue bonds for the payment thereof.

The plans and specifications are herewith transmitted.

Yours truly,
FRANK J. BELL, Acting Secretary.

P. S.—The division, as recommended by the Committee was $50,000 for the Seventy-first Regiment and $5,000 for the Brigade Headquarters. The plans and specifications herewith transmitted only refer to the Seventy-first Regiment, those of the Brigade Headquarters will follow later. The Board is anxious to get the Seventy-first Regiment quartered in the armory, and ask your early attention to that part of the resolution.

In connection therewith the Comptroller presented the following report:

March 14, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—At a meeting of the Armory Board, held January 18, 1906, the following was adopted:

"Resolved, That an appropriation of fifty-five thousand dollars ($55,000) be and is hereby made for furniture for the Seventy-first Regiment, and for the furniture and fitting in Brigade Headquarters in the new Seventy-first Regiment armory (including architects' fees); that the Commissioners of the Sinking Fund be requested to concur in the same and authorize the Comptroller to issue bonds for the payment thereof."

I have looked up this matter in some detail, and submit the following:

The records of the Sinking Fund Commission show that the following expenditures were authorized for furnishing and equipping armories:

In 1887, chairs and tables for the Twelfth Regiment armory	$2,024 55
In 1889, furniture for the Eighth Regiment armory	7,490 00
In 1890, furniture for the Twenty-second Regiment armory	7,470 00
In 1891, furniture, safe, fire hose, kitchen range and utensils and Armorer's tools for the Eighth, Ninth, Twenty-second and Sixty-ninth Regiment armories	5,126 10
In 1894, furniture, opera chairs, window shades, etc., for the Seventy-first Regiment armory	8,363 00

In 1895, furniture, opera chairs and window shades for Troop "A" armory	$4,657 50
In 1896, furniture, opera chairs, pump, tools, painting, etc., for the Ninth Regiment armory	9,738 68

These items make a total of $44,869.83, which was expended upon seven armories within the past nineteen years.

The Eighth, Ninth, Twelfth, Twenty-second, Seventy-first and Troop "A" armories were new buildings at the dates mentioned above, and, so far as I am able to ascertain, the amounts mentioned sufficed for the full original furnishing of each one to make it ready for occupancy.

Any one visiting these armories at the present time may note differences in the furnishings, but in no one of them is there a suggestion of inadequate furnishing.

In view of the foregoing the proposed expenditure of $55,000 on furniture for the Seventy-first Regiment armory is rather puzzling.

This regiment has about 750 officers and privates, and an examination of the specifications reveals that it is proposed to furnish, for their use, among other things, 354 armchairs of special design and 40 revolving chairs; 1,672 chairs of other styles and 2,634 opera chairs; 51 mahogany and oak tables; 31 davenports, couches and divan of mahogany or oak, upholstered in horse hide leather; 297 bent wood stools; 25 Saxony rugs of special sizes, besides Brussels and Wilton carpets; 43 French beveled plate glass mirrors; 64 pairs of tapestry or velour curtains; 2 specially designed bulletin boards; 25 letter boxes; 6 warehouse trucks; 2 safes; shades at all windows.

A full kitchen equipment, including a 24-foot steel range, 30-inch broiler, tables, refrigerator and 278 other items of furnishings; 17 quartered oak and tile mantels; specially designed cases for guns, colors, books, etc., with interior finished like exterior; also railings, partitions, counters, etc., of quartered oak and plate glass; five trolleys in pistol range, 17 telescopes, 1 self-winding master clock and 20 secondary clocks electrically connected; an interior telephone system with 24 stations.

But an enumeration of these articles does not tell the whole story. Many of the chairs, tables, davenports, sofas, desks, etc., are of special design and of the most elaborate and expensive character. The carvings are to be from models previously approved by the architects.

The mirrors, curtains and carpets are specified on the same scale of magnificence.

I take it that the first purpose of an armory is to furnish a drill hall for volunteer soldiers, and all other purposes are secondary thereto; and I see no reason why the City should provide all this expensive and costly furnishing, more befitting the St. Regis Hotel or the Metropolitan Clubhouse than a soldiers' barrrack.

The essence of soldierly service is promptitude; a soldier is expected to be on hand at the designated time, and so I see no reason for the adoption of either a system of electrical clocks or of interior telephones.

The kitchen equipment might be useful in case a mob were besieging the regiment in its armory, but even then all the equipment except the range might be purchased at the same time as the food supplies for the siege.

I therefore advise that the Commissioners of the Sinking Fund do not concur in this resolution of the Armory Board, and I beg to suggest that the Armory Board be advised that $20,000 ought to furnish and equip this entire armory adequately, properly and in keeping with the purpose for which the building was erected.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

The Mayor and the President of the Board of Aldermen, who voted for the appropriation in the Armory Board, stated that they wished it understood that they reserved the right to vote adversely in the Board of Sinking Fund Commissioners, as the details were not furnished when the matter came up in the Armory Board.

Colonel Bates, of the Seventy-first Regiment, appeared before the Board and requested that the matter be laid over, so that he might have an opportunity to submit facts and figures to the Board.

On motion the matter was referred to the Comptroller and Colonel Bates invited to confer with him on the subject.

The following communication was received from the Armory Board relative to an issue of $40,000 Corporate Stock for furniture, etc., in the new Sixty-ninth Regiment armory:

NEW YORK, March 9, 1906.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Armory Board held January 18, 1906, the following was adopted:

"Resolved, That an appropriation of forty thousand dollars ($40,000) be and is hereby made for furniture and rugs, platforms on drill floor, balcony chairs for the same and galleries, chair rail and picture moulding in the Sixty-ninth Regiment armory (including architects' fees), in accordance with the plans and specifications prepared by Messrs. Hunt & Hunt, architects; that the Commissioners of the Sinking Fund be requested to concur in the same and authorize the Comptroller to issue bonds for the payment thereof."

The plans and specifications for the furniture, the specifications for seating, platforms and picture moulding, etc., and the specifications for balcony and other chairs are herewith transmitted.

Yours respectfully,
FRANK J. BELL, Acting Secretary.

In connection therewith the Comptroller presented the following report:

March 16, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—At a meeting of the Armory Board held January 18, 1906, the following was adopted:

"Resolved, That an appropriation of forty thousand dollars ($40,000) be and is hereby made for furniture and rugs, platforms on drill floor, balcony chairs for the same and galleries, chair rail and picture moulding, in the Sixty-ninth Regiment armory (including architects' fees), in accordance with the plans and specifications prepared by Messrs. Hunt & Hunt, architects; that the Commissioners of the Sinking Fund be requested to concur in the same and authorize the Comptroller to issue bonds for the payment thereof."

I have looked into this question of furnishing armories and I beg to report as follows:

The records of the Sinking Fund Commission show that the following expenditures were authorized for furnishing and equipping armories:

In 1887, chairs and tables for the Twelfth Regiment armory	$2,024 55
In 1889, furniture for the Eighth Regiment armory	7,490 00
In 1890, furniture for the Twenty-second Regiment armory	7,470 00
In 1891, furniture, safe, fire hose, kitchen range and utensils and armorers' tools for the Eighth, Ninth, Twenty-second and Sixty-ninth Regiment armories	5,126 10
In 1894, furniture, opera chairs, window shades, etc., for the Seventy-first Regiment armory	8,363 00
In 1895, furniture, opera chairs and window shades for Troop "A" armory	4,657 50
In 1896, furniture, opera chairs, pump, tools, painting, etc., for the Ninth Regiment armory	9,738 68

These items amount to $44,869.83, which was expended upon seven armories within the past nineteen years.

The Eighth, Ninth, Twelfth, Twenty-second, Seventy-first and Troop "A" armories were new buildings at the dates mentioned above, and so far as I am able to ascertain the amounts mentioned sufficed for the full original furnishing of each one to make it ready for occupancy.

Any one visiting these armories at the present day may note differences in the furnishings, but in no one of them is there a suggestion of inadequate furnishing.

In view of the foregoing, and after making full allowance for prevailing high prices and for the universal demand for luxuries, this request for $40,000 for furnishing one armory, as compared with $9,700 ten years ago, is rather startling.

I have examined the specifications prepared for this furniture and equipment, and I find that it is proposed to provide for 653 officers and men of the Sixty-ninth Regiment, among other things, the following: 736 folding and 1,666 opera chairs; 351 revolving, arm and miscellaneos chairs, four-fifths of which are of special design, with spring seats and backs, covered with horse hide or Spanish leather; 39 sofas of special sizes, finished in like manner; 32 tables of special sizes, most of them with specially designed features, as flutings, panelings and carvings; 27 roll-top and other desks; 12 color, saddle, drum, etc., cases, with interior of same material and finish as exterior; 6 screens; 8 wardrobes; 22 French bevel edge plate glass mirrors of large size; 27 Saxony rugs of special sizes; hospital equipment; master clock, electrically connected to 20 secondary clocks.

I have omitted from this list many other items of furnishing and equipment, for the reason that while some of them may never be used, their purchase now may not be an extravagance.

But most of the articles I have mentioned are about as elaborate and extravagant in detail and finish as it is possible to secure, and I believe that their purchase and installation in any armory would be a violation of good taste and good ethics. Armories are built for the training and housing of soldiers, and to equip them with the furnishings of a millionaire's club is to fit them for other than military purposes and is a waste of public money.

I call especial attention to the master clock and twenty others electrically connected thereto. Such a clock system is expensive to install and more expensive to maintain, and its installation in an armory built for citizen soldiers is entirely unjustifiable.

I therefore recommend that the Commissioners of the Sinking Fund do not concur in the proposed resolution, and I beg to suggest that the Board of Armory Commissioners be advised that $15,000 should be sufficient to fully and properly furnish this armory for the service expected of it.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

On motion, the matter was referred to the Comptroller, and the Colonel of the regiment invited to confer with him on the subject.

The following communication was received from the Armory Board relative to an issue of $6,500 of Corporate Stock for lockers in the Second Battalion, Naval Militia, Armory, in the Borough of Brooklyn:

NEW YORK, February 21, 1906.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Armory Board, held February 20, 1906, the following resolution was adopted:

Resolved, That the Secretary be directed to advertise for four hundred and sixty-one (461) lockers, to be placed in the armory of the Second Battalion, Naval Militia, in the Borough of Brooklyn, in accordance with the plans and specifications prepared by the Architects, at an expense not exceeding $6,500; that the Commissioners of the Sinking Fund be requested to concur therein, and authorize the Comptroller to issue bonds to provide for the payment thereof.

Yours respectfully,
FRANK J. BELL, Acting Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

In the contract for the erection of the Armory Building there are no lockers specified. The work being necessary, I see no reason why this is not a proper expenditure, and think the Commissioners of the Sinking Fund may properly concur in the resolution of the Armory Board, and authorize the Comptroller to issue bonds to the amount of $6,500 to provide funds for the purpose requested.

CHANDLER WITHINGTON,
Principal Assistant Engineer, Department of Finance.

Approved:
H. A. METZ, Comptroller.
February 26, 1906.

Whereas, The Armory Board, at meeting held February 20, 1906, adopted the following resolution:

"Resolved, That the Secretary be directed to advertise for four hundred and sixty-one (461) lockers, to be placed in the armory of the Second Battalion, Naval Militia, in the Borough of Brooklyn, in accordance with the plans and specifications prepared by the Architects, at an expense not exceeding $6,500; that the Commissioners of the Sinking Fund be requested to concur therein, and authorize the Comptroller to issue bonds to provide for the payment thereof."

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution, and that for the purpose of providing means for the payment thereof the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the amended Greater New York Charter, to the amount of sixty-five hundred dollars ($6,500), the proceeds whereof to be applied to the payment of the expense aforesaid.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to fines payable to the New York Society for the Prevention of Cruelty to Children, Brooklyn Society for the Prevention of Cruelty to Children, American Society for the Prevention of Cruelty to Animals, Medical Society of the County of New York and Dental Society of the State of New York:

March 10, 1906.

Feb. 19.	Joseph Fusco (Brooklyn)	10 00	
Feb. 13.	Max Steimber (Queens)	50 00	
			260 00
	Total		$545 00

To Medical Society of the County of New York, section 153, chapter 661, Laws of 1893, as amended by chapter 398, Laws of 1895:

Court of Special Sessions, First Division.

Feb. 8.	Louis Lesser	$100 00

To Dental Society of the State of New York, section 169 "E," chapter 215, Laws of 1901:

Court of Special Sessions, First Division.

Feb. 7.	Herman Scheonborn	$50 00

All the above cases were prosecuted by the officers of the several societies to which fines are payable. The amount collected has been deposited to the credit of the Sinking Fund for the payment of the Interest on the City Debt.

Respectfully,
I. S. BARRETT, Bookkeeper.

Approved:
F. W. SMITH, Chief Bookkeeper.

Resolved, That warrants payable from the Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of the following named societies for the amount of fines imposed and collected by the Court of Special Ssessions, Second Division, in the month of February, 1906, and payable to the said societies, pursuant to the law:

New York Society for the Prevention of Cruelty to Children	$555 00
Brooklyn Society for the Prevention of Cruelty to Children	175 00
American Society for the Prevention of Cruelty to Animals	545 00
Medical Society of the County of New York	100 00
Dental Society of the State of New York	50 00

Which resolution was unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to the refunding of Croton water rents paid in error:

March 19, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Applications have been made, as per statement herewith, for the Refund of Croton Water Rents Paid in Error.

The applications are severally approved by the Department of Water Supply, Gas and Electricity, the Receiver of Taxes or the Collector of Assessments and Arrears, and the amount so paid, five hundred and seventy-two dollars and forty-four cents ($572.44), has been deposited to the credit of the Sinking Fund for the Payment of the Interest on the City Debt.

Respectfully,
I. S. BARRETT, Bookkeeper.

Approved:
F. W. SMITH, Chief Bookkeeper.

Water Register.

Resolved, That a warrant payable from the Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of the Chamberlain for the sum of five hundred and seventy-two dollars and forty-four cents ($572.44), for deposit in the City Treasury to the credit of Croton Water Rent Refunding Account, for the refunding of erroneous and overpayments of Croton water rents as per statement submitted herewith.

Which resolution was unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to a refund of $50 to Charles Hoffheimer, being amount of fine for violation of Trade Mark Law:

March 16, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—In Court of Special Sessions, First Division, on March 29, 1905, one Charles Hoffheimer was fined $50 for violation of Trade Mark Law. The Appellate Division of the Supreme Court, on the 30th day of December, 1905, reversed the judgment of the lower Court. On reading and filing the remittitur, etc., on the 5th day of February, 1905, it was

"Ordered, That the fine of fifty dollars heretofore and on the 29th day of March, 1905, paid herein, pursuant to the judgment of the Court of Special Sessions, be remitted."

The opinion of the Corporation Counsel, in letter, March 14th, 1906, is that "the order was properly obtained and entered and its provisions should be complied with."

The fine, paid as above, was deposited to credit of the Sinking Fund for the Payment of the Interest on the City Debt.

Respectfully,
I. S. BARRETT, Bookkeeper.

Approved:
F. W. SMITH, Chief Bookkeeper.

Resolved, That a warrant payable from the Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of Charles Hoffheimer, for the sum of fifty dollars ($50), amount of fine imposed on and collected from him by Court of Special Sessions, First Division, March 29, 1905, now refunded, pursuant to an order of the Appellate Division of the Supreme Court, entered December 30, 1905, reversing the judgment of the lower Court.

Which resolution was unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to bill of the Martin B. Brown Company:

March 15, 1906.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I transmit herewith bill of the Martin B. Brown Company, amounting to six hundred and ninety-three dollars ($693), for 150 copies of Index, and binding 125 volumes of the minutes of the meetings of the Commissioners of the Sinking Fund for the year 1905 with index.

The bill has been examined and audited, and charge certified as just and reasonable.

I offer the following resolution to authorize the payment of said bill from the appropriation of expenses for the Commissioners of the Sinking Fund.

Very truly yours,
N. TAYLOR PHILLIPS, Deputy Comptroller.

Resolved, That a warrant payable from the appropriation for 1905, entitled Commissioners of the Sinking Fund—Expenses of, be drawn in favor of the Martin B. Brown Company, for the sum of six hundred and ninety-three dollars ($693) in full payment for index and binding 125 volumes of the minutes of the meetings of the Commissioners of the Sinking Fund for the year 1905.

Which resolution was unanimously adopted.

The Comptroller brought up the matter of the proposed designation of the Kings County Penitentiary as a common jail (see page).

The Commissioner of Correction, Francis J. Lantry, whose views on the subject were requested, appeared before the Board and stated that he had no objection to offer to a transfer of prisoners from the Raymond Street Jail to the Kings County Penitentiary, provided the Sheriff would agree to a transfer of the necessary funds for maintenance.

The Commissioner was informed that the Sheriff, at the previous meeting, had agreed to such a transfer. It appearing, however, that a transfer from a county to a City appropriation cannot be made, the Mayor suggested that the Commissioner of Correction apply to the Board of Estimate and Apportionment for an issue of Special Revenue Bonds to cover the cost of maintenance.

The Comptroller thereupon offered the following resolution:

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby designate the building known as the Kings County Penitentiary, in the Borough of Brooklyn, as the common jail of Kings County, for all the purposes for which common jails may, by law, be used.

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises, corner Bay and Sands streets, Stapleton, Borough of Richmond, for the Departments of Finance and Taxes and Assessments:

March 16, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—This office is in receipt of a communication under date of March 12, 1906, from Mr. E. Stewart Taxter, Secretary of the Board of Trustees of the Tompkins Lodge, No. 471, F. and A. M., who are the owners of Masonic Hall, situated on the corner of Bay and Sands streets, Stapleton, Borough of Richmond, which is occupied by the Receiver of Taxes, Collector of Assessments and Arrears and the Department of Taxes and Assessments, in regard to the renewal of the lease for a period of one year from May 1, 1906. It is the intention that the Departments in question will be housed in the new Borough Hall after completion.

An examination of the building shows that it will not be possible for the Departments to move for several months to come, and the lessor refuses to renew the lease for a period of less than one year. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the first and second floors of the building known as Masonic Hall, situated on the corner of Bay and Sands streets, Stapleton, Borough of Richmond, for the use of the Department of Finance and the use of the Department of Taxes and Assessments for a period of one year from May 1, 1906, at an annual rental of $3,250, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Trustees of Tompkins Lodge, No. 471, F. & A. M.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the first and second floors of the building known as Masonic Hall, situated on the corner of Bay and Sands streets, Stapleton, Borough of Richmond, for the use of the Department of Finance and the Department of Taxes and Assessments, for a period of one year from May 1, 1906, at an annual rental of three thousand two hundred and fifty dollars ($3,250), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Trustees of Tompkins Lodge, No. 471, F. and A. M.; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an issue of $14,345 of Corporate Stock, to be used with the $100,000 heretofore authorized, for the extension to the Thirteenth Regiment armory in the Borough of Brooklyn:

March 17, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—At meeting of the Armory Board held March 15, 1906, the following was adopted:

"Resolved, That the bid of Guidone & Galardi, No. 1 Madison avenue, Borough of Manhattan, for Item No. 1, an extension to the Thirteenth Regiment armory, in the Borough of Brooklyn, amounting to $108,900, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the deposits received at this meeting be forwarded to the Comptroller with the request that he return the amounts received from the unsuccessful bidders; that $14,345 be and is hereby appropriated for the purpose of carrying out this work; that the Commissioners of the Sinking Fund be requested to concur therein, and to authorize the Comptroller to issue bonds to provide funds therefor."

I would report: On July 31, 1905, the Armory Board adopted a resolution appropriating $100,000 for an extension to the Thirteenth Regiment armory, and at meeting of September 11, 1905, the Commissioners of the Sinking Fund concurred in this appropriation.

The Armory Board on November 28, 1905, received and opened bids, the lowest being $129,000; this bid being above the appropriation, all bids were rejected by the Board and no award made, and the architect was requested to modify his plans to come within the appropriation.

On the modified plans, which omitted the construction of the rifle range, the substitution of wooden beams for iron beams for the armory wagon runway and other omissions, the Armory Board on March 15, 1906, received and opened the following bids:

J. & L. Mooreland Company	$122,000 00
Charles H. Peckworth	121,952 00
J. Kennedy & Son	120,995 00
F. W. Carlin Construction Company	119,000 00
Buckley Realty Construction Company	117,600 00
Kelly & Kelly	113,000 00
Thomas G. Carlin	112,800 00
J. D. Murphy	111,947 00
Guidone & Galardi	108,900 00

To the lowest bid of $108,900 must be added the architects' fees, $5,445, making a grand total of $114,345, which is $14,345 more than the appropriation of $100,000.

The Armory Board having exhausted all means to get the work done at the least figure, I think the Commissioners of the Sinking Fund may properly concur in the resolution of the Armory Board and authorize the Comptroller to issue additional Corporate Stock of The City of New York to the amount of $14,345, to be used for an addition to the Thirteenth Regiment armory in the Borough of Brooklyn.

The bid of Guidone & Galardi, $108,900, being the lowest, I would recommend that the Commissioners of the Sinking Fund concur in the action of the Armory Board by accepting their bid, and authorize the execution of the contract.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

Whereas, The Armory Board at meeting held March 15, 1906, adopted the following resolution:

"Resolved, That the bid of Guidone & Galardi, No. 1 Madison avenue, Borough of Manhattan, for Item No. 1, an extension to the Thirteenth Regiment armory, in the Borough of Brooklyn, amounting to $108,900, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the deposits received at this meeting be forwarded to the Comptroller with the request that he return the amounts received from the unsuccessful bidders; that $14,345 be and is hereby appropriated for the purpose of carrying out this work; that the Commissioners of the Sinking Fund be requested to concur therein, and to authorize the Comptroller to issue bonds to provide funds therefor."

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution, and that for the purpose of providing means for the payment thereof the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of fourteen thousand three hundred and forty-five dollars ($14,345), the proceeds whereof, with the one hundred thousand dollars ($100,000) heretofore authorized on September 11, 1905, making together one hundred and fourteen thousand three hundred and forty-five dollars ($114,345), to be used for the addition to the Thirteenth Regiment armory in the Borough of Brooklyn.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to bid of John Wanamaker for gun racks in the Sixty-ninth Regiment armory:

March 17, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—At a meeting of the Armory Board, held March 15, 1906, the following was adopted:

"Resolved, That the bid of John Wanamaker, No. 784 Broadway, Borough of Manhattan, for item No. 5, gun racks, in the Sixty-ninth Regiment armory, Borough of Manhattan, amounting to $1,844, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the deposits received at this meeting be forwarded to the Comptroller, with the request that he return the amounts received from the unsuccessful bidders."

I would report: The Armory Board, at meeting held October 23, 1905, appropriated $18,900 for the furnishing and installing gun racks, lockers and protecting railing around the outside of the Sixty-ninth Regiment armory.

The Commissioners of the Sinking Fund, on November 15, 1905, concurred in this appropriation, and authorized the Comptroller to issue Corporate Stock to the amount of $18,900, to provide for the expenses of said work.

On March 15, 1906, the Armory Board received the following bids for this work:

Louis Wechler	$2,980 00
Patrick Sullivan	2,470 00
J. D. Murphy	2,098 00
Springsted & Adamson	2,055 00
John Wanamaker	1,844 00

The bid of John Wanamaker, $1,844, being the lowest, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution adopted by the Armory Board at meeting held March 15, 1906:

"Resolved, That the bid of John Wanamaker, No. 784 Broadway, Borough of Manhattan, for item No. 5, gun racks, in the Sixty-ninth Regiment armory, Borough of Manhattan, amounting to $1,844, be accepted, as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence, and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the deposits received at this meeting be forwarded to the Comptroller, with the request that he return the amounts received from the unsuccessful bidders."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to bid of John B. Malatesta for iron railing around the Sixty-ninth Regiment armory:

March 17, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—At a meeting of the Armory Board, held March 15, 1906, the following was adopted:

"Resolved, That the bid of John B. Malatesta, No. 3170 Jerome avenue, Borough of The Bronx, for item No. 2, iron railing around the Sixty-ninth Regiment armory, Borough of Manhattan, amounting to $1,495, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence, and to the Comptroller for his approval of the sureties thereon, and, when so approved, the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the deposits received at this meeting be forwarded to the Comptroller with the request that he return the amounts received to the unsuccessful bidders."

I would report: The Armory Board, at meeting held October 23, 1905, appropriated $18,900 for the furnishing and installing gun racks, lockers and protecting railing around the outside of the Sixty-ninth Regiment armory.

The Commissioners of the Sinking Fund, on November 15, 1905, concurred in this appropriation and authorized the Comptroller to issue Corporate Stock to the amount of $18,900, to provide for the expenses of said work.

On March 15, 1906, the Armory Board received the following bids for this work:

Binney & Godfrey	$3,585 00
J. W. Fiske Iron Works	2,400 00
William Horne Company	2,370 00
Louis Wechler	2,300 00
Springsted & Adamson	2,127 00
Cooper & Evans Company	1,990 00
Patrick Sullivan	1,967 00
J. D. Murphy	1,937 00
Eagle Iron Works	1,750 00
Northeastern Construction Company	1,698 00
Merritt & Co.	1,670 00
John Malatesta	1,495 00

The bid of John B. Malatesta, $1,495, being the lowest, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution adopted by the Armory Board at meeting held March 15, 1906:

"Resolved, That the bid of John B. Malatesta, No. 3170 Jerome avenue, Borough of The Bronx, for Item No. 2, iron railing around the Sixty-ninth Regiment armory, Borough of Manhattan, amounting to $1,495, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the deposits received at this meeting be forwarded to the Comptroller, with the request that he return the amounts received to the unsuccessful bidders."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to bid of the Art Metal Construction Company for lockers in the new Sixty-ninth Regiment Armory:

March 17, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—At a meeting of the Armory Board held March 15, 1906, the following was adopted:

"Resolved, That the bid of the Art Metal Construction Company, No. 346 Broadway, Borough of Manhattan, for Item No. 4, lockers in the Sixty-ninth Regiment armory, Borough of Manhattan, amounting to $13,919, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the deposits received at this meeting be forwarded to the Comptroller, with the request that he return the amounts received from the unsuccessful bidders."

I would report: The Armory Board, at meeting held October 23, 1905, appropriated $18,900 for the furnishing and installing gun racks, lockers and protecting railing around the outside of the Sixty-ninth Regiment armory.

The Commissioners of the Sinking Fund, on November 15, 1905, concurred in this appropriation and authorized the Comptroller to issue Corporate Stock to the amount of $18,900, to provide for the expenses of said work.

On March 15, 1906, the Armory Board received the following bids for this work:

Louis Wechler	$24,600 00
General Fireproofing Company	23,087 35
John Wanamaker	22,704 00
Van Dorn Iron Works	21,636 00
Merritt & Co	17,846 00
Art Metal Construction Company	13,919 00

The bid of the Art Metal Construction Company, $13,919, being the lowest, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution adopted by the Armory Board at meeting held March 15, 1906:

"Resolved, That the bid of the Art Metal Construction Company, No. 346 Broadway, Borough of Manhattan, for Item No. 4, lockers in the Sixty-ninth Regiment armory, Borough of Manhattan, amounting to thirteen thousand nine hundred and nineteen dollars ($13,919), be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected and the deposits received at this meeting be forwarded to the Comptroller, with the request that he return the amounts received from the unsuccessful bidders."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to bid of the Mitchell-Vance Company for lighting fixtures in the new Sixty-ninth Regiment armory:

March 19, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—At a meeting of the Armory Board held March 15, 1906, the following was adopted:

"Resolved, That the bid of Mitchell-Vance Company, No. 29 East Nineteenth street, in the Borough of Manhattan, for Item No. 3, lighting fixtures for the Sixty-ninth Regiment armory, Borough of Manhattan, Schedule "B," amounting to $11,872.05, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids on Schedule "A" and "B" be rejected, and the deposits received at this meeting be forwarded to the Comptroller with the request that he return the amounts received from the unsuccessful bidders; that $2,465.65 be and is hereby appropriated for the purpose of carrying out this contract, and that the Commissioners of the Sinking Fund be requested to concur therein and to authorize the Comptroller to issue bonds to provide funds therefor."

I beg to report that the Armory Board at meeting held September 20, 1905, appropriated $10,000 for furnishing lighting fixtures for the Sixty-ninth Regiment armory, and the Commissioners of the Sinking Fund on December 15, 1905, concurred in this resolution.

On the plans and specifications prepared the Armory Board on March 15, 1906, received the following bids:

L. Plaut & Co	$13,865 00
Mitchell-Vance Company	11,872 05

Adding to $11,872.05 five per cent. of that amount gives $12,465.65.

In report dated December 8, 1905, after an examination of these plans and specifications, I advised the Comptroller that the Commissioners of the Sinking Fund might properly concur in the resolution appropriating $10,000 for this purpose; at the same time my opinion was that the amount asked for would probably not be enough for the purpose. and the bids received bear out that opinion.

The Armory Board having exhausted all means to get the work done at the least figure, I think the Commissioners of the Sinking Fund may properly concur in the resolution of the Armory Board and authorize the Comptroller to issue additional Corporate Stock of The City of New York to the amount of $2,465.65 for the purpose mentioned.

The bid of Mitchell-Vance Company, $11,872.05, being the lowest, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:
H. A. METZ, Comptroller.

Whereas, The Armory Board at meeting held March 15, 1906, adopted the following resolution:

"Resolved, That the bid of Mitchell-Vance Company, No. 29 East Nineteenth street, in the Borough of Manhattan, for Item No. 3, lighting fixtures for the Sixty-ninth Regiment armory, Borough of Manhattan, Schedule "B," amounting to $11,872.05, be accepted as being the lowest bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids on Schedule "A" and "B" be rejected, and the deposits received at this meeting be forwarded to the Comptroller with the request that he return the amounts received from the unsuccessful bidders; that $2,465.65 be and is hereby appropriated for the purpose of carrying out this contract, and that the Commissioners of the Sinking Fund be requested to concur therein and to authorize the Comptroller to issue bonds to provide funds therefor."

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution, and that for the purpose of providing means for the payment thereof the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of two thousand four hundred and sixty-five dollars and sixty-five cents ($2,465.65), the proceeds whereof, with the ten thousand dollars ($10,000) heretofore authorized on December 13, 1905, making together twelve thousand four hundred and sixty-five dollars and sixty-five cents ($12,465.65), to be applied to the payment of the expenses aforesaid.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of office at No. 44 Court street, Borough of Brooklyn, for the use of the President of the Borough of Brooklyn:

March 16, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. Bird S. Coler, President of the Borough of Brooklyn, in a communication under date of January 26, 1906, requested the Commissioners of the Sinking Fund to authorize a lease of the second floor of the Temple Bar Building, No. 44 Court street, Borough of Brooklyn, for the use of the Bureau of Sewers of the office of the President of the Borough of Brooklyn, which Bureau is very seriously inconvenienced in its present quarters by its overcrowded condition. This office found upon examination that a large portion of the premises in the Temple Bar Building desired to be leased by the City were rented to other people during the negotiations, and Mr. Henry R. Asserson, Chief Engineer of the Bureau of Sewers, in a communication under date of March 7, 1906, requests that a lease be authorized of sufficient space, approximately 6,000 square feet, in the new Mechanics' Bank Building at the corner of Fulton and Court streets, Borough of Brooklyn, which will be ready for occupancy on May 1, 1906. The portion desired is the entire ninth floor, containing 4,425 square feet, and as much of the tenth floor as will make the total area about 6,000 square feet, for a term of one year from the date of occupation, with the privilege of renewal, at an annual rental of $7,500, payable monthly. This rental includes electric light, heat, elevator and janitor service, and such alterations, partitions, etc., as the Bureau of Sewers may require for their purposes.

I have had an examination made of the premises and find that, while the rental asked of $1.25 per square foot is very full value for the accommodations, it is as reasonable as can be had in the vicinity adjacent to the Borough Hall.

Mr. Asserson informs this office that his office force is now divided in buildings, his Draughtsmen are being continually moved from one location to another, and it might be an economical procedure to secure rooms where the arrangement of his force can be compact. The Bureau of Sewers, I am informed, is at present engaged in the work of construction which amounts in round figures to $7,000,000, and such work would be retarded unless proper accommodations are immediately supplied for its staff.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the premises, consisting of the entire ninth floor, approximately 4,425 square feet, and a portion of the tenth floor, approximately 1,575 square feet, in the new part of the Mechanics' Bank Building, at the corner of Court and Fulton streets, in the Borough of Brooklyn, and more particularly described on the blue print or diagram herewith annexed, for the use of the Bureau of Sewers of the office of the President of the Borough of Brooklyn, for a term of two years from the date of occupation, at an annual rental of $7,500, payable monthly, with the privilege of renewal for one year on the same terms and conditions; lessor to furnish light, heat, elevator and janitor service and to make all alterations necessary to conform with the plans of the Chief Engineer of the Bureau of Sewers. Lessor, Mechanics' Bank Building; D. and M. Chauncey Real Estate Company, Limited, agents.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Mechanics' Bank Building, D. and M. Chauncey Real Estate Company, Limited, agents, of the entire ninth floor, approximately 4,425 square feet, and a portion of the tenth floor, approximately 1,575 square feet, in the new part of the Mechanics' Bank Building, at the corner of Court and Fulton streets, in the Borough of Brooklyn, for the use of the President of the Borough of Brooklyn (Bureau of Sewers), for a term of two years from the date of occupation, at an annual rental of seven thousand five hundred dollars ($7,500), payable monthly, with the privilege of a renewal for one year on the same terms and conditions, the lessor to furnish light, heat, elevator and janitor service and to make all alterations necessary to conform with the plans of the Chief Engineer of the Bureau of Sewers; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communications were received from the Police Department, relative to the renewal of the leases of the following premises:

Premises corner Coney Island and Foster avenues, Brooklyn.
Premises at Broadway and Mott avenue, Far Rockaway, Queens.
Premises on Richmond terrace, near Van street, Borough of Richmond.
Premises Nos. 17 and 19 Beach street, Stapleton, Borough of Richmond.
Premises on Nineteenth avenue, between Benson and Bath avenues, Brooklyn.

NEW YORK, March 16, 1906.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The Police Commissioner this day

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute renewal of lease with James Burrell of premises corner of Coney Island avenue and Foster avenue, in the Borough of Brooklyn, occupied as a station-house for the Seventy-second Precinct, for one year from May 1, 1906, at the rate of $960 per annum, the covenants and conditions to be the same as in existing lease.

Very respectfully,
WM. H. KIPP, Chief Clerk.

Recommended that the lease of the premises on the corner of Coney Island avenue and Foster avenue, in the Borough of Brooklyn, be renewed for a period of one year from May 1, 1906, at an annual rental of $960, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, James Burrell.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

March 19, 1906.
Approved:
H. A. METZ, Comptroller.

NEW YORK, March 16, 1906.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The Police Commissioner this day

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute renewal of lease with Mary E. Hines of premises at Broadway and Mott avenue, Far Rockaway, Queens, occupied as a station-house for the Seventy-ninth Precinct, for one year from May 21, 1906, at $1,000 per annum, the covenants and conditions to be the same as in existing lease.

Very respectfully,
WM. H. KIPP, Chief Clerk.

Recommended that the lease of premises at Broadway and Mott avenue, Far Rockaway, Borough of Queens, be renewed for a period of one year from May 21, 1906, at an annual rental of $1,000, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Mary E. Hines.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

March 19, 1906.
Approved:
H. A. METZ, Comptroller.

NEW YORK, March 16, 1906.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The Police Commissioner this day

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute renewal of lease with Edward M. Muller of premises on Richmond terrace, near Van street, West New Brighton, Staten Island, Borough of Richmond, occupied as a station-house for the Eighty-first Precinct, for one year from May 1, 1906, at the rate of $1,500 per annum, the covenants and conditions to be the same as in existing lease.

Very respectfully,
WM. H. KIPP, Chief Clerk.

Recommended that the lease of premises on Richmond terrace, near Van street, West New Brighton, Staten Island, Borough of Richmond, be renewed for a period of one year from May 1, 1906, at an annual rental of $1,500, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Edward M. Muller.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

March 19, 1906.

Approved:
H. A. METZ, Comptroller.

NEW YORK, March 16, 1906.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The Police Commissioner this day

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute renewal of lease with Mary E. Corry, executrix, of premises Nos. 17 and 19 Beach street, Stapleton, Staten Island, Borough of Richmond, occupied as a station house and stable for the Eightieth Precinct, for one year from May 1, 1906, at the rate of $1,500 per annum, the covenants and conditions to be the same as in existing lease.

Very respectfully,
WM. H. KIPP, Chief Clerk.

Recommended that the lease of premises Nos. 17 and 19 Beach street, Staten Island, Borough of Richmond, be renewed for a period of one year from May 1, 1906, at an annual rental of $1,500, payable quarterly; otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Mary E. Corry, executrix.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

March 19, 1906.

Approved:
H. A. METZ, Comptroller.

NEW YORK, March 16, 1906.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The Police Commissioner this day

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute renewal of lease with Margaret McGrath, from month to month, from April 1, 1906, of premises on Nineteenth avenue, between Bath and Benson avenues, in the Borough of Brooklyn, occupied as a station house and stable for the Seventieth Precinct, at the rate of $750 per annum, the covenants and conditions to be the same as in existing lease, it being understood that the lessor will consent to such renewal.

Very respectfully,
WM. H. KIPP, Chief Clerk.

Recommended that the lease of the premises on Nineteenth avenue, between Benson and Bath avenues, in the Borough of Brooklyn, be renewed for a period from month to month from April 1, 1906, at an annual rental of $750, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Margaret McGrath.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

March 19, 1906.

Approved:
H. A. METZ, Comptroller.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to execute renewals of leases to the City of the following described premises, occupied by the Police Department:

1. Premises at the corner of Coney Island avenue and Foster avenue, Borough of Brooklyn, for a term of one year from May 1, 1906, at an annual rental of nine hundred and sixty dollars ($960), payable monthly and on the same terms and conditions as contained in the existing lease; lessor, James Burrell.

2. Premises at Broadway and Mott avenue, Far Rockaway, Borough of Queens, for a term of one year from May 21, 1906, at an annual rental of one thousand dollars ($1,000), payable quarterly and on the same terms and conditions as contained in the existing lease; lessor, Mary E. Hines.

3. Premises on Richmond terrace, near Van street, West New Brighton, Borough of Richmond, for a term of one year from May 1, 1906, at an annual rental of fifteen hundred dollars ($1,500), payable quarterly, and on the same terms and conditions as contained in the existing lease; lessor, Edward M. Muller.

4. Premises Nos. 17 and 19 Beach street, Stapleton, Borough of Richmond, for a term of one year from May 1, 1906, at an annual rental of fifteen hundred dollars ($1,500), payable quarterly, and on the same terms and conditions as contained in the existing lease; lessor, Mary E. Corry, executrix.

5. Premises on Nineteenth avenue, between Benson and Bath avenues, Borough of Brooklyn, for a period from month to month, commencing April 1, 1906, at a rental at the rate of seven hundred and fifty dollars ($750) per annum, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Margaret McGrath;

—the Commissioners of the Sinking Fund deeming the said rents fair and reasonable, and that it would be for the interests of the City that such leases be made.

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to the leasing of offices in the Park Row Building, Nos. 13 to 21 Park row, Borough of Manhattan, for the Supervisor of the City Record:

March 19, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Honorable Patrick J. Tracy, Supervisor of the City Record, in a communication under date of March 6, 1906, addressed to the Commissioners of the Sinking Fund, requests that action be taken to readjust the rooms occupied by him in the Park Row Building. The rooms at present occupied by the Supervisor are Nos. 801 to 806, inclusive, and Nos. 813 and 814, on the eighth floor of the Park Row Building, and the rooms requested to be leased are Nos. 803 to 814, inclusive, on the eighth floor, thereby giving up rooms Nos. 801 and 802, and take new rooms Nos. 807 to 812, inclusive.

The present rental paid for the rooms is at the rate of $2,705.75 annually, and the new rental at the same rate will be $3,928.30 annually.

In my opinion the space is necessary for the proper transaction of business by the Supervisor of the City Record, and the agents of the building have consented to make a lease for a period of one month for Rooms 801 and 802, in order that the City might not be held for a one-year term, as the lease of the new rooms which the Supervisor desires will not expire until May 1, 1906.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of Rooms 801 to 814, inclusive, on the eighth floor of the Park Row Building, Nos. 13 to 21 Park row, in the Borough of Manhattan; that the lease of the Rooms 803, 804, 805, 806, 812, 813, 814 shall be for a period of one year from April 1, 1906, at an annual rental of $2,160.20, payable quarterly, and the lease of the Rooms 807, 808, 809, 810, 811 shall be for a period of eleven months from May 1, 1906, at an annual rental of $1,768.10, payable quarterly; that the lease of the Rooms 801 and 802 shall be for a period of one month from April 1, 1906, at a rental of $66.50 per month, the lessor to supply light, heat, elevator and janitor service. Lessor, Park Row Realty Company.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Park Row Realty Company, of rooms in the Park Row Building, Nos. 13 to 21 Park row, Borough of Manhattan, for the use of the Supervisor of the City Record, as follows:

Rooms Nos. 803, 804, 805, 806, 812, 813 and 814, for a period of one year from April 1, 1906, at an annual rental of twenty-one hundred and sixty dollars and twenty cents ($2,160.20), payable quarterly.

Rooms Nos. 807, 808, 809, 810 and 811 for a period of eleven months from May 1, 1906, at an annual rental of seventeen hundred and sixty-eight dollars and ten cents ($1,768.10), payable quarterly.

Rooms Nos. 801 and 802 for a period of one month from April 1, 1906, at a rental of sixty-six dollars and fifty cents ($66.50) per month.

—the lessor to supply light, heat, elevator and janitor service; and the Commissioners of the Sinking Fund deeming the said rents fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Fire Department relative to a lease of premises at No. 240 West Twentieth street, Borough of Manhattan:

BOROUGH OF MANHATTAN, March 14, 1906.

To the Honorable Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—I have the honor to request that the Commissioners of the Sinking Fund authorize a lease for a period of six months from April 1, 1906, with rental at the rate of $50 per month, payable quarterly, with the privilege of renewal from month to month for an additional period of six months at the like rate, and upon the same terms and conditions, of the four rooms, size each 15 by 13 feet, in the basement of the four-story brick building, 25 by 50 feet, located at No. 240 West Twentieth street, Manhattan; owner, Mrs. Catherine Dierkes, residing at said address, who pays the water tax, but not for gas, heat or janitor service; repairs, if any, to be made by the City.

The premises proposed to be leased are required for the accommodation of the officers and men of Hook and Ladder Company 12, during the making of repairs and alterations to the quarters of said company, located at No. 243 West Twentieth street, and are the only ones available in the neighborhood for the desired purpose. The rent is to be paid from the appropriation made this Department for the year 1906, entitled "Apparatus, Supplies, etc.," and there are sufficient funds available to meet the same.

Respectfully,
JOHN H. O'BRIEN, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 19, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. John H. O'Brien, Commissioner of the Fire Department, in a communication to the Sinking Fund Commission, under date of March 14, 1906, requests the Commissioners of the Sinking Fund to authorize a lease for a period of six months from April 1, 1906, with a rental at the rate of $50 per month, payable quarterly, with the privilege of renewal from month to month for an additional period of six months, at the like rate and upon the same terms and conditions, of the four rooms, size 15 by 13 feet each, in the basement of the four-story brick building, 25 by 50 feet, located at No. 240 West Twentieth street, Manhattan, said premises being required for the accommodation of the officers and men of Hook and Ladder Company 12 during the making of repairs and alterations to the quarters of said company located at No. 243 West Twentieth street.

After an examination I have the honor to report that this building is a four-story and basement brick dwelling remodelled into flats. There are four rooms in the basement, but they are not all of the same size; the lease, however, is intended to cover the whole of the basement floor. The rental asked, $50 a month, is very high; in fact, the basement is now rented for $16 a month, and has never brought more than $20 a month. I find, however, after a thorough canvass of the district from Eighteenth to Twenty-second street and from Sixth to Eighth avenue, that it is impossible to find other suitable quarters at a lower rental, as owners and agents object to taking in their buildings a dozen firemen or more, with a fire gong liable to ring at all hours of the day and night, and with a temporary building erected in the street in front of the premises for the stabling of the horses and apparatus. I do not think, therefore, that the City can do any better than to lease the basement mentioned, and under the circumstances the rent therefore is reasonable, and I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease by the City of the basement floor No. 240 West Twentieth street, Manhattan, for a period of six months from April 1, 1906, with a rental at the rate of $50 per month, payable quarterly, with the privilege of renewal from month to month for an additional period of six months at the like rental and upon the same terms and conditions; the owner to pay water taxes and the City to pay for gas, heat and janitor service and for any repairs or alterations required. Owner, Mrs. Catherine Dierkes, residing at said address.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
HERMAN A. METZ, *Comptroller.*

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Mrs. Catherine Dierkes, of the basement floor of premises No. 240 West Twentieth street, Borough of Manhattan, for the use of the Fire Department, for a period of six months from April 1, 1906, at a rental of fifty dollars ($50) per month, payable quarterly, with the privilege of a renewal from month to month for an additional period of six months at the same rental and upon the same terms and conditions; the owner to pay water tax and the City to pay for gas, heat and janitor service and for any repairs or alterations required; and the Commissioners of the Sink-

ing Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,
No. 61 Elm Street,
New York, February 28, 1906.

A meeting of the Civil Service Commission of The City of New York was held at the Commission's Offices, No. 61 Elm street, on Wednesday, February 28, 1906, at 10 a. m.

All the Commissioners were present.

A public hearing was held upon the proposed amendment of the classification of positions in the exempt class, in the Police Department, by adding thereto the following:

Executive Clerk to the Commissioner.

Gen. Theodore A. Bingham addressed the Commission in behalf of the amendment. Mr. Albert de Roode, Assistant Secretary of the Civil Service Reform Association, opposed the same. The hearing then closed.

A public hearing was held upon the proposed amendment of the classification of positions in the non-competitive class, under the heading "Department of Docks and Ferries," by adding thereto the following:

Quartermaster.

Mr. Charles W. Stanniford, Chief Engineer of the Department of Docks and Ferries, addressed the Commission in behalf of the amendment. Mr. Albert de Roode, Assistant Secretary of the Civil Service Reform Association, opposed the same. The hearing then closed.

A public hearing was held upon the proposed amendment of clause 13 of Civil Service Rule XIX., by adding thereto the following:

—"and in the Department of Docks and Ferries and in the outdoor forces of the Department of Parks and the offices of the Borough Presidents, Laborers of five years' standing may be properly assigned to guard the property of the said departments in connection with their duties as Laborers."

Hon. George M. Walgrove, Commissioner of Parks, The Bronx; Mr. John H. Stewart, Assistant Engineer in the Bureau of Highways, Manhattan; Mr. William H. Walker, Superintendent of Public Buildings and Offices, Manhattan; Mr. William H. Kearney, Chief Clerk in the office of the President of the Borough of The Bronx, and Mr. Moses Altman, representing the President of the Borough of Richmond, addressed the Commission in behalf of the amendment. Mr. Albert de Roode, Assistant Secretary of the Civil Service Reform Association, and Mr. S. William Briscoe opposed the same. The hearing then closed.

After the Commission had gone into regular session the minutes of the meeting held February 21 were approved.

On motion, it was

Resolved, That the classification of positions in the exempt class, as fixed by the Civil Service Rules, be and the same is hereby amended by including therein, in the Police Department, the following:

Executive Clerk to the Commissioner.

On motion, it was

Resolved, That the classification of positions in the non-competitive class, as fixed by the Civil Service rules, be and the same is hereby amended by including therein, under the heading "Department of Docks and Ferries," the following:

Quartermaster.

On motion, it was

Resolved, That the proposed amendment of clause 13 of Civil Service Rule XIX. be and the same is hereby laid over.

The Committee on Transfers recommended that the following transfers be approved:

C. N. Stepath, from the position of Assistant Engineer to that of Transitman in the office of the President of the Borough of The Bronx, he having formerly held the latter position.

William Cohen, from the position of Apothecary in Bellevue and Allied Hospitals to a similar position in the Department of Health.

Lorenzo L. Burke, from the position of Stenographer and Typewriter (fourth grade) in the Department of Water Supply, Gas and Electricity to a similar position in the Department of Docks and Ferries.

Frances E. Flynn, from the position of Typewriting Copyist (second grade) in the Department of Public Charities to a similar position in the Bureau of Buildings, Borough of Brooklyn.

And that the following be disapproved:

Walter S. Wolfe, from the position of Accountant at $1,500 per annum to that of Clerk in the Department of Finance, there being a preferred list for the latter position.

Daniel F. McCort, from the position of Inspector of Masonry in the Bureau of Sewers, Borough of The Bronx, to that of Building Inspector of Carpentry and Masonry in the Bureau of Buildings, Borough of The Bronx, the positions being dissimilar.

The recommendations of the Committee on Transfers were adopted.

The Committee on Reinstatements recommended that the following reinstatements be approved:

John J. Downes, in the position of Rodman in the office of the President of the Borough of The Bronx, as of February 1, 1906, he having resigned from a similar position on December 31, 1905.

James B. Van Vleck, in the position of Transitman and Computer in the office of the President of the Borough of Brooklyn, he having resigned from a similar position on August 14, 1905.

The recommendations of the Committee on Reinstatements was adopted.

The President presented the following report on transfers, reinstatements, etc., in the labor class, acted upon by him:

Transfers Approved.

Francis Pilon, from Dock Builder to Ship Carpenter, Department of Docks and Ferries.

Cornelius B. Hart, from Driver to Assistant Foreman, office of the President of the Borough of Richmond.

Tony Zehro, from Driver to Sweeper, Department of Street Cleaning.

Reinstatements Approved.

John Francesco, Sweeper, Department of Street Cleaning.

John A. Landusky, Sweeper, Department of Street Cleaning.

Reassignments Approved.

John Driscoll, Dock Builder, Department of Docks and Ferries.

Ash Sunderlin, Dock Builder, Department of Docks and Ferries.

Vincenzo Labriola, Laborer, office of the President of the Borough of Manhattan.

Edward F. Snediker, Paver, office of the President of the Borough of Manhattan.

James F. Gleason, Rammer, office of the President of the Borough of Manhattan.

Henry Laman, Laborer, office of the President of the Borough of Queens.

William Bossler, Rigger, office of the President of the Borough of Queens.

Leonard R. Tracy, Ship Carpenter, office of the President of the Borough of Queens.

August Schneckenburger, Painter, office of the President of the Borough of Queens.

Edward F. McCormack, Pipe Fitter's Helper, office of the President of the Borough of Queens.

Thomas S. McArdle, Laborer, office of the President of the Borough of Queens.

William P. Buckley, Mechanic's Helper, office of the President of the Borough of Queens.

Applications Granted.

Request of the President of the Borough of The Bronx for approval of his action in rescinding the dismissal of Patrick H. Kilgariff, Laborer, on January 13, 1906.

Request of the President of the Borough of The Bronx for approval of his action in rescinding the dismissal of William Clark No. 2, Laborer, on January 27, 1906.

Emergency Appointments Approved.

Robert Drugon and seventeen others as Climbers and Pruners in the Department of Parks, Manhattan and Richmond, for five days from February 19, 1906.

Edward Galvin and twenty others as Climbers and Pruners in the Department of Parks, Manhattan and Richmond, for five days from February 26, 1906.

Patrick Chapman and seven others as Climbers and Pruners in the Department of Parks, The Bronx, for five days from February 20, 1906.

Charles Speckman and two others as Climbers and Pruners in the Department of Parks, The Bronx, for five days from February 21, 1906.

George A. Daly and William H. O'Connor as Climbers and Pruners in the Department of Parks, The Bronx, for five days from February 22, 1906.

Patrick Chapman and seven others as Climbers and Pruners in the Department of Parks, The Bronx, for five days from February 26, 1906.

Charles Speckman and two others as Climbers and Pruners in the Department of Parks, The Bronx, for five days from February 27, 1906.

Applications Denied.

Request of the Commissioner of Bridges for authority to transfer James J. Daly from the position of Cabinet Maker to that of Carpenter, there being a preferred eligible list for the latter position.

Request of the President of the Borough of Manhattan for authority to reinstate John Ahern in the position of Laborer, he never having reported for work and his term of eligibility having expired.

Request of the President of the Borough of The Bronx for authority to transfer John Nagengast and John Deiser from the position of Cabinet Maker to that of Machinist's Helper, there being a preferred list for the latter position.

Request of the President of the Borough of The Bronx for authority to transfer William Szillst from the position of Cabinet Maker to that of Wheelwright, there being a preferred list for the latter position.

The report of the President was adopted.

The Secretary stated that, owing to the fact that the original applications filed by Thomas Harper, No. 15 Cleveland street, Corona, Long Island, and Charles R. White, No. 51 Lee avenue, Brooklyn, for the position of Prison Keeper, cannot be found in the office of the Commission, and that, after a careful search, the Record Clerk has been unable to locate the same, he had requested the candidates to furnish duplicate applications for the approval of the Commission. The same were accepted.

The Law Committee called the attention of the Commission to an opinion rendered by the Appellate Division of the Supreme Court, Second Department, on the appeal from an order of Mr. Justice Garretson, staying judgment pending the decision of the Court of Appeals in the case of Hale vs. Worstell et al., as follows:

"We think there was power at the Special Term to make the order appealed from, but that the discretion was not judiciously exercised in this case. No injury can occur by respecting the judgment of the Special Term and of this Court pending the appeal to the Court of Appeals, and it does not appear to us as a proper case for suspending its operation. Order reversed with $10 costs and disbursements, and motion denied with costs."

It appeared that the Appellate Division of the Supreme Court, Second Department, sustained the decision of Mr. Justice Gaynor in the above-entitled action, which declared that Mesrs. Worstell and McNamara had been illegally transferred to the positions of Superintendent and Assistant Superintendent of Baths, respectively, and Mr. Justice Garretson issued an order at Special Term staying the operation of that judgment pending an appeal from the order of affirmance of the Appellate Division. The Law Committee stated that, in view of the reversal of this order, as indicated above, the Commission was without power to continue certifying the pay rolls of Messrs. Worstell and McNamara for services rendered as Superintendent and Assistant Superintendent of Baths in the office of the President of the Borough of Brooklyn.

On motion it was

Resolved, That the President be and he hereby is requested to communicate with the President of the Borough of Brooklyn and inform him of the foregoing facts, and state that the Commission will decline to certify the pay rolls of Messrs. Worstell and McNamara in future; and to state further that, as the existing eligible list for Superintendent and Assistant Superintendent of Baths and Public Comfort Stations will expire by limitation on April 2, 1906, if he desires to make any appointments from said list they must be made before that date.

On motion it was

Resolved, That the President be and he hereby is requested to communicate with the Corporation Counsel and ask that, in future, he inform the Commission of the disposition made by the Courts of the cases involving questions of civil service law; and to state that as the Commission is constantly required to rule upon questions similar to those that are in litigation, it is important that it know what determination is arrived at by the Courts in each individual case.

The Secretary presented a report on the matter of the following-named Assistant Engineers serving in the offices of the President of the Borough of Queens and the President of the Borough of The Bronx, who, it had been alleged, did not possess ten years' experience in civil engineering, as required by the New York Charter:

John Clausnitzer, Josiah A. Briggs, Jr., C. N. Stepath, Thomas J. Dwyer, Egbert W. Lawrence, office of the President of the Borough of The Bronx, and Morris P. Stockwell, office of the President of the Borough of Queens, as follows:

"In the matter of Clausnitzer and others, Assistant Engineers, who were serving in the offices of the President of the Borough of The Bronx and the President of the Borough of Queens, and who did not possess the ten years' experience as civil engineers required by the Charter, I beg leave to report as follows:

"Mr. Stockwell, who was employed in the office of the President of the Borough of Queens, has been certified for appointment as Transitman, he being on the eligible list for that position.

"In the office of the President of the Borough of The Bronx, Messrs. Clausnitzer and Briggs have been dropped from the roll by President Haffen, with the request that their names be placed upon a 'preferred' list for the position of Assistant Engineer for appointment elsewhere. Mr. Stepath has been transferred to the grade of Transitman at this meeting. Mr. Thomas J. Dwyer has been examined by the Chief Examiner and has been found to possess the necessary ten years' experience. Mr. Egbert W. Lawrence has been unable to satisfy us that his experience covers that period, and the President of the Borough of The Bronx has therefore been requested to take some action in his case at the earliest possible date.

"This covers all the cases that have been brought to our attention where Assistant Engineers of less than ten years' experience are serving in the offices of the Borough Presidents."

The disposition made of the foregoing cases by the Secretary was approved, and he was instructed by the Commission to place the names of Messrs. Clausnitzer and Briggs upon a preferred list for the position of Assistant Engineer for certification to any department requiring their services, except the offices of the Borough Presidents and the Department of Water Supply, Gas and Electricity; also to note upon the records that Mr. Thomas J. Dwyer possessed the ten years' experience as a civil engineer required by law.

The Secretary stated that the following communications had been received from the Department of Parks and the Department of Bridges, in answer to the Commission's request for information regarding the complaint filed by Mr. S. William Briscoe, on behalf of the Association of City Attendants, against the assignment of laborers, cleaners and other persons holding titles in the labor class to perform the duties attaching to the position of Attendant:

"Department of Parks,
"February 18, 1906.

"FRANK A. SPENCER, Esq., Secretary, Municipal Civil Service Commission:

"Dear Sir—In reply to your communication of the 16th inst., requesting report upon the complaint filed with your office by the Association of City Attendants to the effect

that certain persons employed as Cleaners (female) in this Department are not performing duties in accordance with their title, I am directed by the Commissioner of Parks for the Boroughs of Manhattan and Richmond to state that the persons named, eight in number, were appointed as Cleaners and are employed as such. In this Department the duties of Cleaners and female Cottage Attendants are practically the same. Their pay ($45 per month) is the same in both grades. For some time past Cleaners have been employed, when required, in preference to Attendants, for the reason that as a rule the latter are unwilling to accept the compensation paid by this Department.

"Their duty consists in keeping the park cottages and comfort stations, where they are assigned, clean, which seems to come as near to the titles under which they are employed as it is possible to so conform.

"This office is not advised as to the technology of the duties of Attendants as the same may be defined or understood by the Association of City Attendants, but it is thought that when a person is employed as a Cleaner and put at work cleaning there can be no violation of the Civil Service Law in such employment.

"Respectfully,
"CLINTON H. SMITH,
"Assistant Secretary, Park Board."

"Department of Bridges,
"Brooklyn, February 19, 1906.

"Hon. JAMES W. STEVENSON, Commissioner of Bridges:

"Sir—Replying to your letter of the 17th inst. transmitting communication of the 16th inst. from the Municipal Civil Service Commission quoting complaint of S. W. Briscoe, I beg to submit the following report:

"'Susan Cullen, of whom complaint is made as performing duties not in accordance with her title, died on October 15, 1905, and the fact was duly reported. It is further stated that ——— Ryan, name not fully given, while holding title of Laborer, is performing duties of Attendant. Such is not the fact, and Lizzie Ryan, who is performing such duties, was certified for the position with title of Attendant, being appointed on December 13, 1905.'

"The four remaining women were all appointed prior to July 18, 1896, and have held their present title and performed their duties since their appointment, in one case twenty-three years. Under section 597 of the Charter of The City of New York it is provided that 'The * * * subordinates of the New York and Brooklyn Bridge * * * in office or employment at the time of the passage of this act * * * shall continue to hold such places and positions.'

"I therefore beg to advise you that there has been no violation of the law as stated in the complaint.

"Respectfully,
"KINGSLEY L. MARTIN, Engineer in Charge."

The Secretary was instructed to communicate with Mr. Briscoe and state that the said departments had reported to the Commission, and that, after consideration of the matter, the Commission was of the opinion that there was no such violation of the Civil Service Law in those departments as alleged in his communication.

The Secretary stated that the following-named candidates for Fireman in the Borough of Richmond, who had been notified to present themselves before the Commission to show cause why their names should not be stricken from the eligible list for that position, had failed to appear:

Louis Siegel, No. 104 Richmond turnpike, Tompkinsville.
John Dollard, No. 104 Richmond turnpike, Tompkinsville.
James Gildea, No. 104 Richmond turnpike, Tompkinsville.
Henry J. Emde, No. 6 Housman avenue, Port Richmond, Staten Island.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to remove the names of Louis Siegel, John Dollard, James Gildea and Henry J. Emde from the eligible list for the position of Fireman in the Borough of Richmond, under the provisions of Civil Service Rule VII., paragraph 14.

The following report was presented from the Chief Examiner with reference to the case of four candidates for promotion to Captain of Police, who were told by a monitor that they might leave the examination room after they had finished their first paper on the morning of the examination, which they did, instead of waiting to receive and complete the second paper given to the candidates that morning, the paper on "Laws and Ordinances":

"New York, February 26, 1906.

"With reference to the four candidates for Captain of Police who did not receive the paper on Laws and Ordinances, I have to report as follows:

"There were four such candidates, Nos. 12, 19, 313 and 338. With reference to Nos. 12 and 19, the Monitors of that section, Messrs. McGuire and O'Leary of this office, assure me that they did not give the candidates permission to leave after handing in the first paper, Laws and Ordinances being the second. With reference to the others, the case seems to be in doubt, although I am inclined, from what evidence I can get, to believe that the Monitor, Mr. Kidd, was in error. I wrote to Mr. Kidd on January 29 requesting him to call at this office. He did call shortly afterward and I directed him to make a report of the occurrence. I have not seen him since nor heard from him, although I wrote to him as follows:

"'I am greatly surprised that I have not yet received the report you promised to send the other day you were at this office. Please be good enough to send it in immediately.'

"On February 8 I again wrote, as follows:

"'I wrote you on the 2d of February requesting an immediate reply in regard to the report which you had previously promised to furnish me with. Unless I hear from you by the 10th, I shall assume that you have resigned your position as a Monitor.'

"In view of this fact, I respectfully recommend that Mr. Kidd be notified to show cause why he should not be dismissed from the position of Monitor."

The President stated that he had investigated the matter and was of the opinion that an injustice had been done the candidates.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to instruct the Chief Examiner to prepare a paper on Laws and Ordinances and summon Candidates Nos. 12, 19, 313 and 338 for a special examination on that subject, it being due to an error on the part of a Monitor employed by the Civil Service Commission on the day of the examination for promotion to Captain that the aforesaid candidates did not complete their paper on that subject; and be it further

Resolved, That the Secretary be and he hereby is instructed to communicate with Mr. George W. Kidd, No. 160 Calyer street, Brooklyn, and request him to appear before the Commission on Wednesday, March 7, 1906, at 10 o'clock a. m., to show cause why he should not be dismissed from the position of Monitor.

A communication was presented from the Chief Examiner, dated February 21, stating that the applications of Philip F. Leddy, No. 335 East Thirty-ninth street, and Max C. Benisch, No. 360 Stockton street, Brooklyn, candidates for Patrolman, had been rejected under Rule VII. of the Commission, for the reason that the first named candidate made a false statement in regard to the date of his birth, and that the second named candidate had been dismissed from the position of Patrolman in the Police Department for unsatisfactory services. The action of the Chief Examiner was sustained.

The appeals of the following named persons were denied, it appearing from reports submitted by the Chief Examiner, with reference to same, that the candidates pointed out no errors of marking or rating, and that their appeals therefore did not come within the provisions of Civil Service Rule IX.:

John W. Laughton, candidate for Fireman, Richmond.
Charles H. Noonig, candidate for Fireman, Richmond.
Thomas J. Lynch, candidate for Fireman, Richmond.
Edward J. Kane, candidate for Fireman, Richmond.
Harry M. Stone, candidate for Fireman, Richmond.
Walter G. Haslam, candidate for Fireman, Richmond.
George Bauer, Jr., candidate for Fireman, Richmond.
William Tranter, candidate for Fireman, Richmond.
Andrew J. Harris, candidate for Fireman, Richmond.

A communication was presented from the Chief Examiner, dated February 21, transmitting reports from Mr. Conway and Miss Smith, Examiners, with reference to the present form of experience sheet, he having been requested by the Commission to investigate the matter of amending the same so that candidates will not be led into revealing their identity by the questions asked them, as is now the case. Mr. Conway stated, among other things, as follows:

"I have gone over the form now in use and cannot see any way in which it can be altered to bring about the desired result without sacrificing some of the most important questions, which bring out the most pertinent and material facts in the way of experience which the candidate has to offer.

"Prior to the preparation of the forms now in use, the question of the candidates revealing their identity came up in almost every examination, but since that time the number has been comparatively few, and I doubt if any form can be prepared which would absolutely eliminate the possibility of revealing identity without entirely destroying the usefulness of the form itself. I might call your attention to the fact that when this form was prepared by the late Mr. Byrne and myself it was proposed that these experience sheets should be examined closely in the first instance, not for the purpose of putting a rating thereon, but with the object of ascertaining whether there was any 'fraud' in the sheet itself, and, if necessary, comparing that with other experience sheets of this same candidate on file in this office, or making such other investigations as might be considered necessary.

"If this preliminary examination was given to these experience sheets, and it was found that the identity in any individual case had been revealed, the candidate could be notified and given a chance to put in an amended sheet. This practice, if carried out, would make it impossible to have any candidate rejected on the ground of revelation of identity.

"In conclusion, I would suggest that the original plan be carried out; that the experience papers be kept on file and gone over in the first instance by an Examiner for the dual purpose of ascertaining if there has been any revelation of identity and if there has been any fraud on the part of the candidate."

After a careful consideration of the matter, the Secretary was instructed to communicate with the Chief Examiner and order that he designate some one in his division to examine the experience papers filed by candidates, in order to see that they have no identifying mark, before their examination papers are given out to the Examiners for marking and rating.

A communication was presented from the Chief Examiner, dated February 20, referring to the Commission the question whether the experience paper of John J. Goff, candidate for Axeman, should receive any consideration. It appeared that the examination for Axeman was held on November 3 and that the experience sheets given the candidates bore the stamped direction that the same must be handed in on the day of the examination; that the candidates were further notified on the day of the examination that those who had failed to present their experience sheets at that time must file them with the Commission not later than November 8, and that Mr. Goff did not transmit his experience paper to the Commission until February 20, 1906. The Chief Examiner was instructed to give the paper no consideration.

A communication was presented from the Chief Examiner, dated February 20, with reference to the protest of four candidates for the position of Assistant Engineer in the Rapid Transit Railroad Commission against the length of the mathematics paper submitted to them, and stating that he had referred the matter to Mr. Byrne, the Examiner who prepared the said paper, who recommended that the papers be rated on the following basis:

That the paper of the candidate who answers the greatest number of questions correctly be taken as a model, and the other papers rated in accordance with their approximation to that.

After a careful consideration of the matter, the Secretary was instructed to direct the Chief Examiner to rate the mathematics paper in the said examination on the following basis:

Those papers in which any seven correct solutions of single problems are given shall be marked perfect and the other papers rated accordingly.

A communication was presented from the Chief Examiner, dated February 26, with reference to the various complaints that had been made about the mathematics paper in the recent examination for Transitman and Computer, and stating that the matter had been referred to Mr. Byrne, who drew up the paper in question, and that he made the following recommendation which, if adopted, in his (the Chief Examiner's) opinion, would work substantial justice:

"Regarding the communication * * * objecting to the mathematical paper of Transitman and Computer, there were five questions covering eleven problems: Four of these problems can be solved without the use of logarithms, two could be solved without the use of logarithms, but require a table of natural sines and tangents; question 5 contained five problems and required logarithms. Thus four problems can be solved without the use of tables. As tables were not furnished, I would rate four correct answers at 80, three correct answers at 70, two at 60 and one at 25. In this way the interests of the candidates will be protected and no injustice done."

After consideration of the matter, the Secretary was instructed to direct the Chief Examiner to mark those papers perfect, in which any eight problems had been answered correctly, and to rate the others accordingly.

A communication was presented from the Chief Examiner, dated February 23, stating that the appeal of David J. Murphy, candidate for Sergeant of Police, did not, in his opinion, present a case where the Commission could take any action. The appeal was denied.

A communication was presented from the Chief Examiner, dated February 23, stating that the examination for Chainman and Rodman, Board of Water Supply, was completed on February 21, 1906.

On motion, it was

Resolved, That the eligible list for the position of Chainman and Rodman, Board of Water Supply, be and the same is hereby established by the Municipal Civil Service Commission as of February 21, 1906, and the Secretary be and he hereby is instructed to certify from same in answer to requisitions for eligibles for that position.

The following communication from the Labor Clerk, dated February 27, was presented:

"I desire to call your attention to the fact that there are at present eighteen eligible lists in Part III. that will have been in force for a period of two years and two months on July 1, 1906. The original trade school examinations for these positions were held in the early part of May, 1904, and their term of eligibility would have expired on July 1, 1905, but in accordance with Clause 9 of Rule XIX., the persons appearing on the eligible lists in force on June 30, 1905, were given a re-examination physically, and their term of eligibility was continued for an additional year. None of these lists, in their present condition, contain the required number of names under the rules, and in view of the fact that these eligibles had one re-examination, and that since the promulgation of these lists there have been nine new positions classified in Part III., for which we are compelled under the rules to hold examinations, I respectfully recommend that you order these examinations.

"It will necessitate the examining of some five or six hundred candidates for the various positions in Part III., and as we have determined that the cost per capita is $1.07 in previous examinations held, you will see that the expense attached to these examinations will be less than $1,000.

"I respectfully call your attention to Clause 6 of Rule XIX., which says:

"'The number called for such examination shall be sufficient to provide an adequate registration list, but shall in no case be less than fifty, if that number have applied.'

—"and as the positions of Foreman Blacksmith, Foreman Bricklayer, Foreman Carpenter, Foreman Dockbuilder, Foreman House Painter, Foreman Machinist, Foreman Pipe Caulker, Foreman Plumber and Foreman Riveter are practically new positions, for which no eligibles are at present in existence, we are compelled, under the rules, to hold these examinations to formulate the requisite eligible lists.

"You will see by the table submitted, the number of applications that are now on file, and the number of appointments from these several lists during the years 1904, 1905 and 1906 to date. You will also note that none of these lists contain the number required under Clause 6 of Rule XIX., and your attention is particularly called to the large number of applications on file for these several positions. If new examinations are not called a large number of the applications on file will terminate for the reason that their application has been in force for a period of more than two years, and as persons who filed applications for positions in Part III. of the Labor Class, after the date of the several examinations for these positions in 1904 will terminate without ever having been called, I can see no reason why these examinations should not be held to procure the adequate number of names for our eligible lists, and I most respectfully ask for your approval to my recommendation."

On motion, it was

Resolved, That the Labor Clerk be and he hereby is instructed to proceed with examinations for the purpose of establishing eligible lists for the following positions:

Blacksmith.
Bricklayer.
Carpenter.
Decorator.
Dockbuilder.
Grainer.
House Painter.
Housesmith.
Letterer.
Foreman Blacksmith.
Foreman Bricklayer.
Foreman Carpenter.
Foreman Dockbuilder.
Pipe Caulker.
Pipe Fitter.
Plasterer.
Plumber.
Saw Filer.
Striper.
Tapper.
Tinsmith and Roofer.
Varnisher.
Foreman House Painter
Foreman Machinist.
Foreman Pipe Caulker.
Foreman Plumber.
Foreman Riveter.

A communication was presented from the Record Clerk, dated February 25, stating that the last examination for the position of Junior Assistant Librarian was held on September 22, 1905, and requesting to be instructed, in view of the small number of applications usually filed for that position, whether the provisions of Civil Service Rule VII., section 12, should not be waived in connection with the coming examination for Junior Assistant Librarian.

On motion, it was

Resolved, That the provisions of Clause 12 of Civil Service Rule VII., to the effect that "No person who has entered any examination for appointment to a competitive position and failed therein or who has withdrawn therefrom, shall be admitted within nine months from the date of such examination to a new examination for the same position," be and the same are hereby waived, so far as they apply to the coming examination for Junior Assistant Librarian.

A letter was presented from the Secretary of the State Civil Service Commission, dated February 23, transmitting a communication from Messrs. John P. Worstell and Joseph P. McNamara, dated February 15, asking the State Commission to investigate the matter of the citizenship of one Edward Kerschner, whose name appears upon the eligible list for Superintendent of Baths and Public Comfort Stations, and which name the Commission refused to strike from that list on the ground of his being a non-resident of the State of New York. It appeared that Messrs. Worstell and McNamara, in their communication, requested the State Civil Service Commission to investigate the action of the Municipal Commission in declining to remove Mr. Kerschner's name from the said list. The Secretary was instructed to communicate with Mr. Birdseye and state that the Commission had thoroughly investigated the matter, that it had Mr. Edward Kerschner appear before it, and, as a result of said hearing, was satisfied that there was no reason for striking his name from the eligible list.

A communication was presented from the President of the Borough of Queens, dated February 16, requesting an amendment of the Civil Service rules so as to permit of the preparation of eligible lists for positions in the labor class for certification to particular wards of the borough rather than the entire borough. The request was denied.

Communications were presented from the President of the Borough of Richmond, dated February 15 and 20, requesting authority to appoint the following named men provisionally to the position of Axeman, pending the establishment of a new eligible list for that position:

William Kessler, Raymond Hall, F. T. Musson, Peter Kiernan, Dudley Worth,

—and authority to appoint the following named men provisionally, pending the establishment of the eligible list for Topographical Draughtsman:

H. Everett Meets, H. S. Wooden.

The requests were granted, and the Secretary was instructed to direct the Chief Examiner to conduct a non-competitive examination of the candidates, in accordance with Civil Service Rule XII., paragraph 3.

A communication was presented from the President of the Borough of Richmond, dated February 20, requesting authority to continue the provisional employment of the following named persons until the promulgation of the new eligible lists for those positions:

Clarence J. Seaton, Topographical Draughtsman.
J. D. Kohlmann, Topographical Draughtsman.
Arthur R. Butler, Topographical Draughtsman.
John R. Ford, Axeman.
Terrence J. Lynch, Axeman.

The Secretary stated that the sixty-day period for which said persons were appointed, under Rule XII., paragraph 3, had expired. The request was granted, and the Secretary was instructed to attach a special certificate to the pay-rolls of the aforesaid persons when presented, setting forth the facts in the case.

The Secretary presented to the Commission a supplementary pay-roll of Willis D. Sprague, covering services rendered as a Stationary Engineman in the Department of Public Charities for four days. It appeared that the Commission had certified Mr. Sprague's pay-roll for seven days in October, he having been employed in an emergency caused by the illness of the engineer at the "Farm Colony," in the Department of Public Charities, but declined to pass it for the four additional days during which he served. The Secretary stated that it appeared from several communications from the Department of Public Charities, as well as a report which had been made by the Finance Department on a claim which Mr. Sprague filed for the money due him for the said four days' services, that the same had been absolutely necessary and that it was impossible to dispense with him until the engineer who had been ill returned to duty, and he therefore recommended that the pay-roll covering the four days' time be certified by the Commission, as that was the only way that Mr. Sprague could obtain his money. The recommendation was adopted.

A communication was presented from the Board of Water Supply, stating that they had made several attempts to secure an Office Boy from the eligible list for that position for assignment in a locality from 20 to 100 miles from New York City, but that they had been unable to do so, each person notified having declined the position on the score of "locality"; and, in view of the that fact, the Board requested that the position of Office Boy for employment in a locality more than 20 miles from New York City be exempted from competitive examination, under the provisions of section 7 of Rule XII.

On motion, it was

Resolved, That the Board of Water Supply of The City of New York be and it hereby is authorized to employ Tracey L. Elmendorf as an Office Boy, under the provisions of Civil Service Rule XII., paragraph 7, for employment in a locality more than twenty (20) miles from New York City, it appearing that he is a resident of the locality in which he is to be employed, and that appointment from the eligible list for Office Boy is not practicable.

A communication was presented from the Chief Engineer of the Rapid Transit Railroad Commission, dated February 19, requesting that Messrs. Dean G. Edwards and Herbert M. Hale be restored to eligibility for appointment to the position of Assistant Engineer at a salary of $1,350 per annum, in order that they might be promoted to that salary in that Department. The Secretary stated that the candidates appeared upon a list for Assistant Engineer in the Board of Water Supply, but that they declined appointment in that Department at a salary of $1,350 per annum. The request was denied.

A communication was presented from the Secretary of the Department of Taxes and Assessments, dated February 21, requesting approval of a leave of absence, without pay, granted George H. Pride, a Draughtsman, until June 1, 1906. The Secretary stated that Mr. Pride had been granted a leave of absence, without pay, for four months from October 23, 1905. The Secretary was instructed to communicate with the Department of Taxes and Assessments and state that the Commission would approve the leave of absence until April 23, 1906, a period of six months, as provided by Rule XIII., paragraph 2.

A communication was presented from the President of the Borough of The Bronx, dated February 20, requesting approval of a leave of absence, without pay, for two months from February 26, granted John J. Coyne, Inspector of Regulating, Grading and Paving. It appearing from the physician's certificate furnished that the said leave of absence was granted on account of illness, the same was approved.

A communication was presented from the Deputy Commissioner of Bridges, dated February 23, stating that Messrs. Madison S. Jones and Robert D. Burroughs, whose names were certified for appointment to the position of Stenographer and Typewriter in that department under date of February 9, and who the department had notified the Commission had failed to respond to the notices sent them, had communicated with him and declined the positions offered them, one on the score of "location," and the other on the score of "insufficient compensation." The Secretary was instructed to amend his records accordingly.

A report of the Board of Examiners for positions in the non-competitive class in the Department of Correction, dated February 28, was approved upon the recommendation of the Chief Examiner.

A communication was presented from the Secretary of the Rapid Transit Railroad Commission, dated February 27, requesting authority to employ the following named persons provisionally as Axemen, pending the establishment of the new eligible list for that position:

John F. Fox, Frederick E. Thatcher, Edward S. Freeman, Ignatius Conway.

The request was granted and the Secretary was instructed to direct the Chief Examiner to conduct a non-competitive examination of the candidates, in accordance with Civil Service Rule XII., paragraph 3.

On motion, it was

Resolved, That the Secretary be and he hereby is instructed to direct the Chief Examiner to proceed with open competitive examinations for the following positions:

Chemist.
Laboratory Assistant.

A communication was presented from the President of the Borough of Brooklyn, dated February 23, requesting an amendment of the classification of positions in the competitive class by including therein the position of Consulting Engineer. The Secretary was instructed to advertise a public hearing on the proposed amendment, in accordance with Civil Service Rule III., to be held on Wednesday morning, March 7, 1906, at 10 o'clock.

A communication was presented from the Board of Water Supply, dated February 27, requesting authority to employ the following named men provisionally, pending the establishment of the new eligible list for Draughtsman's Helper:

F. P. L. Mills, Chester W. Allen, Charles J. Bihl, Morris Brown, George Burrows, Oscar S. Wells.

The request was granted, and the Secretary was instructed to direct the Chief Examiner to conduct a non-competitive examination of the candidates in accordance with Civil Service Rule XII., paragraph 3.

A communication was presented from the Secretary of the Department of Health, dated February 26, in answer to a communication from President Baker, to the effect that his explanation regarding the "Spillane matter" was not satisfactory to the Commission, and that Mr. Spillane must be appointed to the position of Disinfector in the Department of Health, or else the services of Joseph M. Kennedy, who was appointed at the time that Mr. Spillane should have been appointed from the preferred list, must be dispensed with. Secretary Scheffer stated in his communication that a notice was sent to Mr. Spillane on February 24, requesting him to report for duty, and that he would be appointed providing that he reported within the time prescribed by the Civil Service Rules.

An affidavit was presented from Valentine C. Murray, dated February 13, to the effect that he never received a notice from the Board of Education to report with reference to a possible appointment to the position of Janitor-Engineer, and requesting that his name be restored to the eligible list for that position. The Secretary stated that Mr. Murray's name had been dropped from the said list on the statement of the Board of Education that he had failed to report to a notice sent him on January 23. The Commission ordered that the name be restored to the list.

A certificate was presented from Dr. J. H. Fuchsius, No. 131 West One Hundred and Twenty-third street, dated February 19, informing the Commission that Mr. J. F. Skelly, Assistant Secretary, had been ill with pneumonia and that he had advised him to leave the City for a period of two or three weeks while convalescing. The communication was ordered filed.

A communication was presented from Morris Guttchen, No. 1009 Jennings street, The Bronx, dated February 20, requesting that his name be restored to the eligible list for Laboratory Assistant, and stating that the statement of the Board of Health to the effect that he had failed to report to a notice of appointment sent him on February 7, 1906, was incorrect, as he called at that Department and saw in person Mr. Atkinson, Chief Chemist. The request was granted.

A communication was presented from Herbert C. Hill, No. 330 Clermont avenue, Brooklyn, dated February 20, requesting that the records of the Commission be changed to show that he declined appointment to the position of Transitman in the Borough of Richmond on February 17 on the score of "location." The Secretary stated that Mr. Hill addressed a communication to him on that date stating that it was impossible for him to accept the appointment at the present time, and that he had therefore noted the fact that the candidate declined on the score of "temporary inability to accept."

Communications were presented from Gurdon S. Mumford and Ralph W. Greenlaw, dated February 19, waiving appointment to the position of Assistant Engineer in the Board of Water Supply at $2,000 per annum, but requesting that their names be continued upon the eligible list for that position. The Secretary was instructed to communicate with the candidates and inform them that as they had declined the appointments offered them at the salary for which the list was promulgated, their names could not longer remain upon same.

A communication was presented from the Secretary of the Civil Service Reform Association, dated February 16, requesting the Commission to again consider the matter of placing the position of Foreman, of whatever designation, in the Competitive Class. The Secretary was instructed to communicate with Mr. Goodwin and state that, in view of the fact that the Commission had lately made extensive changes in the labor classification with reference to the position of Foreman, it did not deem it advisable at the present time to place the position in the Competitive Class.

An affidavit was presented from Frederick C. O'Neill, No. 10 Bay street, Tompkinsville, Staten Island, candidate for the position of Fireman in the Borough of Richmond, requesting permission to change the date of birth set forth in his application from December 23, 1877, to December 23, 1876, that being the correct date of his birth, the error having been made unintentionally by him. The request was granted.

A communication was presented from Mary Sullivan, No. 312 East Thirty-second street, Manhattan, dated February 27, requesting that her application for the position of Attendant be accepted, notwithstanding the fact that she had never been naturalized. The requirement of naturalization was waived in her case, and the application was accepted.

A communication was presented from Stockton B. Colt, Esq., Architect, No. 287 Fourth avenue, Manhattan, dated February 19, acknowledging receipt of the plan of the staircase to be constructed from the eleventh to the twelfth floor in the Barclay Building, for the Commission's new offices, and stating that he would prepare the proper working drawings and obtain an estimate to install the staircase, and submit the same for the Commission's final approval.

The Communication was ordered filed.

The Commission then adjourned to meet on Wednesday morning, March 7, 1906, at 10 o'clock.

F. A. SPENCER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of the meeting of the Civil Service Commission of The City of New York, held March 7, 1906, at No. 61 Elm street.

Present—Hon. William F. Baker (President), Hon. R. Ross Appleton, Hon. Alfred J. Talley, Civil Service Commissioners.

The President presided.

A public hearing was held on the matter of amending the classification of positions in the competitive class, Part VII., by including therein, in Grade 6, the following position:

Consulting Engineer.

The President read a communication from Hon. Bird S. Coler, President of the Borough of Brooklyn, urging the adoption of the proposed amendment and transmitting a copy of the communication addressed by him to the Board of Estimate and Apportionment, setting forth his reasons for requesting that the position be established for his Department. There was no opposition and the hearing closed.

The Commission then went into regular session.

The minutes of the meeting held February 28 were approved.

On motion it was

Resolved, That the matter of amending the classification of positions in the competitive class, Part VII., by including therein, in Grade 6, the title Consulting Engineer, be and the same is hereby laid over.

The Committee on Transfers recommended that the following transfers be approved:

Egbert W. Lawrence, from the position of Assistant Engineer in the office of the President of the Borough of The Bronx, to that of Transitman and Computer, he having formerly held the latter position.

Thomas J. Curran, from the position of Stationary Engineman in the Department of Health, to a similar position in the office of the President of the Borough of Manhattan.

Jeremiah I. Bacon, from the position of Auditor of Accounts in the Police Department, at a salary of $3,000 per annum, to that of Examiner in the Department of Finance, at a salary of $1,800 per annum.

John J. Cullen, Stationary Engineman, Department of Water Supply, Gas and Electricity, to the office of the President of the Borough of Manhattan.

Arthur B. Tracy, from the position of Inspector of Tenements in the Tenement House Department, to the position of Bookkeeper, with salary at the rate of $1,200 per annum, in the Department of Finance, Borough of Manhattan.

William J. Colihan, from the position of sixth grade Clerk to the Department of Taxes and Assessments to a similar position in the office of the Superintendent of Buildings, Borough of Manhattan.

Jacob S. Langthorne, from the position of Engineer in Charge in the Department of Bridges to the position of Assistant Engineer in the Board of Water Supply.

The recommendation of the Committee on Transfers was adopted.

The Committee on Reinstatements recommended that the reinstatement of Eduardo Breker in the position of Axeman in the Topographical Bureau, office of the President of the Borough of Richmond, be allowed, he having resigned from a similar position on May 2, 1905.

The recommendation was adopted.

On motion, it was

Resolved, That John J. Donlan, residing at No. 291 Irving avenue, Brooklyn, be and he hereby is appointed to the position of Junior Clerk in the office of the Civil Service Commission, with compensation at the rate of $480 per annum, to take effect March 6, 1906.

The President presented the following report on transfers, reinstatements, etc., in the labor class, acted upon by him:

Transfers Approved.

John McCollough, from the position of Oiler, Department of Water Supply, Gas and Electricity, to a similar position in the office of the President of the Borough of Manhattan.

Michael Joyce, from Hostler to Mechanic's Helper, in the Department of Street Cleaning.

James McGraw, from Laborer to Assistant Foreman, in the Department of Water Supply, Gas and Electricity.

Reinstatements Approved.

Patrick Collins, Sweeper, in the Department of Street Cleaning.
Matthew P. Farley, Sweeper, in the Department of Street Cleaning.
William Bell, Sweeper, in the Department of Street Cleaning.

Reassignments Approved.

William Kavanagh, as a Laborer in the Department of Docks and Ferries.

Daniel Cronin, as a Laborer in the office of the President of the Borough of Manhattan.

Applications Granted.

Request of the President of the Borough of The Bronx, for approval of his action of August 26, 1905, whereby he rescinded the dismissal of John F. Curley, a Foreman of Laborers.

Request of the President of the Borough of Queens, for approval of his action in rescinding the dismissal of Edward Dooley, a Flagger.

Request of the President of the Borough of Brooklyn, dated February 27, for authority to grant a leave of absence for two months to John J. Keenan, a Laborer.

Emergency Appointments Approved.

Edward Galvin and twenty-two other men as Tree Climbers and Pruners, for five days from March 3, 1906, in the Department of Parks, Boroughs of Manhattan and Richmond.

George A. Daly and William H. O'Connor, as Tree Climbers and Pruners, for five days from February 28, 1906, in the Department of Parks, Borough of The Bronx.

Patrick Chapman and seven other men as Tree Climbers and Pruners for five days from March 3, 1906, in the Department of Parks, Borough of The Bronx.

Charles Speckman and two other men as Tree Climbers and Pruners for five days from March 5, 1906, in the Department of Parks, Borough of The Bronx.

Applications Denied.

Request of the Commissioner, Department of Docks and Ferries, for authority to transfer Stephen Broe, Andrew Erikson, John H. Granthan, Jacob Landusky, James P. McWilliams, Anton Olsen, Charles J. Rosens and Michael Tomasule, from Deckhand to Laborer, for the reason that these men had not been in the service of the Department of Docks and Ferries for one year.

Request of the Commissioners of Accounts for authority to reinstate Simeon H. Brown, for the reason that he has not been employed in the Department within one year.

Request of the President of the Borough of Queens for authority to transfer Thomas Winn from Laborer in the Department of Bridges to Laborer in the office of the President of the Borough of Queens, for the reason that there was a preferred eligible list for Laborer in that Department.

The report of the President was adopted.

The Secretary stated that Mr. George W. Kidd, of No. 160 Calyer street, Brooklyn, who was notified that he would be given an opportunity to be heard on Wednesday morning, March 7, as to why he should not be dismissed from the position of Monitor in the Civil Service Commission, had failed to present himself for such a hearing.

On motion, it was

Resolved, That Mr. George W. Kidd, of No. 160 Calyer street, Brooklyn, be and he hereby is dismissed from the position of Monitor in the Civil Service Commission for incompetency, under the provisions of Civil Service Rule XVI.

A communication was presented from Mr. John Casey, Clerk in the office of the Commission, dated February 27, with reference to the examination papers of Thomas L. Wallace, candidate for the position of Clerk. It appeared that upon comparison of the statements contained in the candidate's application and those set forth by him upon his "declaration sheet," that certain discrepancies were discovered by Mr. Casey, who immediately reported the same to the Secretary; that a notice was sent to Mr. Wallace on December 10, 1905, to call at the office of the Commission at once with reference to the matter, and that his certification and appointment to the position of Clerk in the Board of Elections were immediately canceled. The candidate failed to appear in answer to the notice sent him.

On motion, it was

Resolved, That the name of Thomas L. Wallace, residing at No. 749 Tenth avenue, Manhattan, be and the same is hereby removed from the eligible list for Clerk, under the provisions of Civil Service Rule VII., paragraph 14.

Communications were presented from the Chief Examiner, dated February 27, stating that an examination of the appeals of T. C. F. Byrnes, candidate for Junior Clerk, and William F. Humphreys, candidate for Fireman, Borough of Richmond, showed that the same did not come within the provisions of Civil Service Rule IX., as no errors or mistakes of marking or rating were pointed out by the candidates. The appeals were denied.

A communication was presented from the Chief Examiner, dated February 28, transmitting a report from the Clerk in charge of efficiency records, showing that the following-named departments have not filed such records for the six months ending September 30, 1905:

Bureau of Elections.
City Record.
Coroner's Office.
Law Department.
Mayor's Office.
Park Department.
Tenement House Department.
Department of Taxes and Assessments.
President, Borough of Queens.
President, Borough of Brooklyn.
Board of Estimate and Apportionment.

—and also stating that no efficiency records had ever been received from the Mayor's office of the offices of the Coroners since the establishment of the system. The Secretary was instructed to communicate with the said departments and again call their attention to the provisions of Civil Service Rule XV. regarding the efficiency records of graded employees, and to give them final notice that unless such records were forthcoming at once no promotion examinations would be conducted in May for those departments.

A communication was presented from the Chief Examiner, dated February 28, with reference to the affidavit presented by John Cooperstock, whose name appears upon the eligible list for Assistant Engineer, resulting from the examination of August 12, 1904, to the effect that he possesses ten years' experience as a Civil Engineer. The Chief Examiner stated that after an examination of the table of experience submitted by Mr. Cooperstock, he was of the opinion that the candidate did not possess the required ten years' experience. The Secretary was instructed to transmit a copy of the Chief Examiner's report to the candidate and inform him that his request that it be noted upon the eligible list that he possessed ten years' experience as a Civil Engineer, could not be granted.

The following communication from the Chief Examiner, under date of March 1, was presented:

I have the honor to submit the following statement of examinations held during the month of February:

Date.	Examinations.	No. of Candidates.
2.	Assistant Secretary, non-competitive	1
3.	Axeman, non-competitive	3
3.	Topographical Draughtsman, non-competitive	4
6.	Junior Assistant Librarian, non-competitive	6
6.	Axeman, non-competitive	1
1.	Financial Clerk	343
9.	Probation Officer, Special Parole Officer	372
13.	Assistant Engineer, Rapid Transit	157
14.	Promotion to Engineer of Steamer, Fire Department	343
15.	Inspector of Steel Construction	79
16.	Transitman and Computer, Rapid Transit	413
17.	Axeman, non-competitive	1
19.	Promotion to eighth grade Clerk, Water Supply	1
23.	Supervising Nurse, non-competitive	1
27.	Mechanical Draughtsman, Electrical Heating and Ventilating, and Sanitary	93

No.	Examinations.	Number Examined.
7	mental, competitive	1,800
1	mental, promotion	1
7	mental, non-competitive	17
15		1,818

Communications were presented from the Chief Examiner, dated February 27 and 28 and March 1, stating that the examinations for Inspector of Cement Tests, and that for promotion to Foreman in the Fire Department, and that for Topographical Draughtsman were completed on February 27 and March 1, 1906.

On motion, it was

Resolved, That the eligible list for the position of Inspector of Cement Tests, resulting from the examination held on January 24, be and the same is hereby established by the Municipal Civil Service Commission as of February 27, 1906, and the Secretary is hereby instructed to certify from same in answer to requisitions for eligibles for that position.

On motion, it was

Resolved, That the eligible list for promotion to the position of Foreman in the Fire Department, resulting from the examination held on December 6, 1905, be and the same is hereby established by the Municipal Civil Service Commission as of February 27, 1906, and the Secretary is hereby instructed to certify from same in answer to requisitions for eligibles for promotion to that position.

On motion, it was

Resolved, That the eligible list for the position of Topographical Draughtsman, resulting from the examination held October 31, 1905, be and the same is hereby established by the Municipal Civil Service Commission as of March 1, 1906, and the Secretary is hereby instructed to certify from same in answer to requisitions for eligibles for that position.

A communication was presented from the Chief Examiner, dated March 2, stating that the appeal of James E. McLinden, candidate for Prison Keeper, did not come within the provisions of Civil Service Rule IX., as no error or mistake of marking was shown. The appeal was denied.

A communication was presented from the Chief Examiner, dated March 2, with reference to the request of President Cromwell, of the Borough of Richmond, that the papers of Edward B. Sheeran, who took an examination for promotion in June, 1903, be rated now, on condition that Mr. Sheeran's efficiency record be furnished by the President of the Borough of Richmond at this time. The Chief Examiner stated that, in his opinion, it would not be advisable to grant the request; that due notice was sent to the office that the efficiency record was lacking and no attention seemed to have been paid to it, and that to reopen an examination which took place nearly three years ago would not, in his opinion, be advisable. The request was denied.

A communication was presented from the Chief Examiner, dated March 2, returning the report of the Board of Examiners for positions in the non-competitive class of the Brooklyn Disciplinary Training School, under date of March 1, without approval, inasmuch as he considered the examination of Mary A. Cronin for the position of laundress, a stenographic copy of which was supplied, not to have been sufficient or appropriate. After an examination of the stenographic report furnished by the Department, the Secretary was instructed to notify the Chief Examiner that the Commission deemed the examination to have been held in a satisfactory way, considering the minor character of the position.

A communication was presented from the General Medical Superintendent of Bellevue and Allied Hospitals, dated March 2, requesting to be informed whether the Civil Service Commission would approve a rising scale of salaries for the lower positions in that Department, say, an increase of one dollar a month for each year of continuous service, in order that such employees might be encouraged to remain in the Department and to perhaps have some influence in "increasing the tenure of service and so lessen the frequent changes that now occur in the lower grades of employees in that Department." The Secretary stated that the positions referred to were included

in the non-competitive class and were of a minor character, paying salaries of less than $600 per annum. The Secretary was instructed to communicate with the Department and state that the Commission had no objection to the grading referred to, providing that the maximum amount of compensation paid did not exceed the limit fixed in the classification for non-competitive positions, namely, $600 per annum.

A communication was presented from the Secretary of the Board of Water Supply, dated February 23, requesting an interpretation of Civil Service Rule XII., paragraph 5, and asking to be informed whether appointments made under the said provision would be limited in number by the Commission, or whether the Division Engineers and Chief Inspectors, which the State Civil Service Commission refused to exempt at a recent meeting, might be appointed to positions in the Board of Water Supply under that clause, and stating that that Department had been informed by the State Civil Service Commission that the said positions might be filled under the authority of Civil Service Rule XII., paragraph 5. The President was requested to communicate with the State Civil Service Commission and request that it advise the Municipal Commission if that was its interpretation of the rule.

A communication was presented from the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated February 27, requesting that the position of Director of Children's School Farms in that Department be classified in the exempt class. The Secretary was instructed to arrange a public hearing on the proposed amendment, in accordance with Civil Service Rule III., for Friday morning, March 9, 1906, at 10 o'clock.

The following communication was presented from the Secretary of the Fire Department:

"Hon. WILLIAM F. BAKER, President, Municipal Civil Service Commission, No. 61 Elm street, New York City:

"Sir—I am directed by the Fire Commissioner to transmit to you herewith, for the attention of the Municipal Civil Service Commission, supplemental pay-roll of Charles D. Purroy, August, September, October and November, 1903, salary as Deputy Chief of Department, the same having been prepared with a view to the adjustment of the question of salaries between Mr. Purroy and Chief of Department Edward F. Croker."

On motion, it was

Resolved, That the Secretary be and he hereby is directed to attach the certificate of the Civil Service Commission to the pay-roll of Charles D. Purroy for services rendered as Deputy Chief of the Fire Department, during the months of August, September, October and November, 1903, and to forward the same to the Department of Finance for audit.

A communication was presented from the President of the Borough of The Bronx, dated March 3, 1906, requesting approval of his action in rescinding the suspension from duty of Frederick W. Pearse, Inspector of Regulating, Grading and Paving, on February 19, 1906, Mr. Pearse having filed a certificate to the effect that he is a veteran of the Spanish-American war. The action of President Haffen was approved.

A communication was presented from the President of the Borough of Brooklyn, dated February 19, requesting approval of the reassignment to duty of Daniel C. Carey, Attendant in his office, who was suspended on November 23, 1905, for lack of work, he having filed a certificate in that office that he is a veteran of the Spanish-American war. The action of President Coler was approved.

A communcation was presented from the Secretary of the Rapid Transit Railroad Commission, dated March 1, requesting authority to employ the following-named persons, provisionally, pending the establishment of the eligible list for Axeman:

Frederick Beer, No. 297 Onderdonk avenue, Brooklyn.

Frank Lee, No. 355 West Forty-fifth street, Manhattan.

The request was granted and the Secretary was instructed to request the Chief Examiner to arrange a non-competitive examination of the candidates, in accordance with the provisions of Civil Service Rule XII., paragraph 3.

Communications were presented from the President of the Borough of Richmond, dated March 1 and 6, requesting approval of the provisional appointment of the following-named persons as Axemen, pending the establishment of the new eligible list for that position:

William Tranter, Port Richmond, N. Y.

John Hellwer, Rosebank, N. Y.

Irving D. Johnson, Tompkinsville, N. Y.

The request was granted and the Secretary was instructed to request the Chief Examiner to arrange a non-competitive examination of the candidates, under the provisions of Civil Service Rule XII., paragraph 3.

The reports of the following Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Board of Education, February 19.

Board of Health (Hospital Physician), February 20.

A communication was presented from the Corporation Counsel, dated March 5, submitting a statement of the results obtained from the notices sent out to the candidates for the position of Process Server certified by the Civil Service Commission under date of February 27, and requesting, as it was his intention to make thirty appointments to the position of Special Process Server in that Department, and only twenty-seven persons from the entire list certified had signified their willingness to accept such an appointment, that a new examination be held in order that a new eligible list might be prepared. After a consideration of the matter, the Secretary was instructed to request the Corporation Counsel to furnish the Commission with a copy of the letter which was addressed to the persons upon the eligible list for Process Server certified to him, showing the conditions under which the offer of appointment was made.

A communication was presented from the President of the Borough of Queens, dated February 27, in answer to the request of the Commission for information regarding a complaint made by the Civil Service Reform Association against the employment of William L. Ryan, a Foreman of Plumbers in that Department. President Bermel stated that he was "In receipt of a report from the Superintendent of Public Buildings and Offices advising him that William L. Ryan, Foreman of Plumbers, is performing duties appropriate to that position." The Secretary was instructed to communicate with President Bermel and state that his report was not satisfactory to the Commission, and to request him to furnish the Commission with a copy of the report made by the Superintendent of Public Buildings and Offices, and also to state in detail the duties now being performed by Mr. Ryan.

A communication was presented from the Secretary of the Department of Docks and Ferries, dated March 3, requesting approval of the reassignment to duty of Patrick Melville, Watchman in that Department, who had been absent from duty since December 1, 1905. It appearing from the doctor's certificate furnished that the absence was due to illness, the reassignment was approved.

A communication was presented from Comptroller Metz, dated March 1, requesting that the period for which Mr. John W. McAvoy was appointed to the position of Bookbinder in the Department of Finance, under the provisions of Civil Service Rule XII., paragraph 3, be extended until such time as the eligible list for that position is ready for certification. The request was granted, and the Secretary was instructed to pass Mr. McAvoy's pay roll, when presented, under a special certificate setting forth the facts in the case.

The Secretary called the attention of the Commission to a certified copy of an order of the Supreme Court, Part II., authorizing Abraham I. Smolensky to change his name to Abraham I. Smolens. The Secretary was instructed to note the change upon the records of the office.

The Commission next considered the affidavit of James M. Brett, setting forth that he is a resident of the Borough of Richmond, and requesting that his name be placed on the list for Firemen in that locality. The Secretary stated that the candidate was a volunteer fireman in the Borough of Richmond, and filed an application in September, 1905, for examination for transfer to the paid Fire Department of the City; that the application was rejected for the reason that the Commission was of the opinion that the candidate was not a resident of the locality in which the paid system was to be installed; that notwithstanding that fact, the candidate was notified by the Record Clerk to appear for the physical, and subsequently for the mental examination, and that he was successful in passing both; after which the mistake had been discovered and the candidate notified that his name would not be placed upon the list.

After a consideration of the matter, it appearing from the candidate's sworn statement that he is a resident of the Borough of Richmond, the Secretary was instructed to place his name upon the list for the position of Fireman in that locality.

An affidavit was presented from Franklin Frean, No. 67 North Portland avenue, Brooklyn, dated February 27, requesting that he be restored to eligibility for appointment to the position of Stationary Engineman in the Borough of Manhattan. The request was denied for the reason that the candidate declined appointment in Manhattan on January 22, 1905, on the ground that he desired to be appointed in the Borough in which he resided.

The Secretary presented the resignation of James M. Donahue from the position of Junior Clerk in the office of the Commission, to take effect March 5. The same was accepted.

The request of Edward B. McMahon, under date of March 3, that his name be restored to the list for Superintendent of Hospitals, was granted. It appeared that the candidate "waived" appointment from that list on October 25, 1904, on the score of "temporary inability;" that he addressed a communication to the Secretary of the Commission in March, 1905, requesting that his name be restored to the list, which communication, instead of being placed before the Commission for its consideration, had, in error, been placed on file.

The request of William A. McCauley, No. 423 East Fifty-second street, under date of March 2, that his name be restored to the list for Telephone Operator, was granted, for the reason that the notice sent him by the Department of Public Charities, with reference to an appointment, never reached him, he having been certified as residing at No. 423 West Fifty-second street, instead of No. 423 East Fifty-second street, his correct address.

Communications were presented from Messrs. Edward G. J. McMenamin and Henry H. Ehrlich, whose names were certified from the list for Process Server for appointment in the Law Department, stating that they would not accept the positions offered them, for the reason that they were not permanent, and requesting that their names be continued upon the eligible list. The request was granted.

A communication was presented from F. K. Winslow, Esq., No. 16 Court street, Brooklyn, dated February 24, protesting against the action of the Commission in dropping his name from the list of Deputy Tax Commissioner. The Secretary stated that the candidate declined appointment on February 16 on the score of "temporary inability," and as he had not produced any evidence of such "temporary inability" as provided by the rules, his name had been dropped. The Secretary was instructed to communicate with Mr. Winslow and quote the provisions of Civil Service Rule XI., governing certification for appointment, and to inform him that as he had failed to furnish any evidence of his inability to accept the position offered him his name could not be continued on the list.

A communication was presented from Robert J. O'Meara, dated February 28, requesting that he be restored to eligibility for appointment to the position of Rodman at Katonah, N. Y., as he would be glad to accept an appointment in that locality at the present time. The records showed that the candidate had declined appointment at Katonah on September 21, 1905. In view of the fact that the Aqueduct Commission wished to appoint Mr. O'Meara, if restored to eligibility, the request was granted, and the Secretary was instructed to recertify his name for such appointment.

An affidavit was presented from Katherine C. Henry, No. 951 Lexington avenue, dated February 27, requesting that her name be restored to the eligible list for Stenographer and Typewriter, and stating that she replied to the notice of appointment sent her by the Health Department on July 31, 1905, and declined the position offered her on account of the insufficiency of the compensation attached to same. The Secretary stated that the candidate's name had been dropped from the list on the report of the Health Department that she had failed to report. The name was ordered restored to the list.

A communication was presented from Edward D. Bolton, No. 104 West Seventieth street, dated February 28, requesting that his name be restored to the list for Topographical Draughtsman. It appeared that the candidate declined appointment to that position on June 22, 1905, on the score of "temporary inability," he having been about to leave the city for a time. The request was granted.

A communication was presented from Adolph H. Feeder, No. 608 Warren street, Brooklyn, dated March 6, requesting that he be restored to eligibility for appointment as a Janitor at any compensation offered. It appeared that the candidate declined appointment in the Board of Education, at a salary of $1,065 per annum, on February 20, 1905, for the reason that at that time he was holding a position at a higher salary; but at the present time he would be glad to accept an appointment at any salary. The request was granted.

A communication was presented from Daniel J. Sheehan, No. 1500 Avenue A, dated March 6, requesting that his name be restored to the eligible list for Office Boy, and stating that he called, in person, on February 27, in answer to the notice sent him by the Tenement House Commissioner regarding a possible appointment to that position. The Secretary stated that Mr. Sheehan's name had been dropped from the list on the statement of the Tenement House Department that he had failed to report in answer to the notice sent him. It was ordered that his name be restored to the list.

A communication was presented from Charles W. Hewitt, Long Island City, dated February 23, protesting against the certification by the Civil Service Commission of any pay-roll containing the name of Frank H. Meagher, Chief Inspector of Buildings in the Borough of Queens, on the ground that Mr. Meagher was ineligible for appointment to the said position, in that he does not possess the qualifications required by law, namely, ten years' experience as an architect or builder. The Secretary was instructed to communicate with Mr. Hewitt and state that at the time of Mr. Meagher's appointment, the Commission was informed by the President of the Borough of Queens that he possessed twelve years' experience as a builder, and that any further protest should, therefore, be addressed to President Bermel.

The Secretary presented the applications of the following-named persons for the position of Attendant, with a request for instructions regarding the acceptance of same, they having been filed before the closing date fixed for the receipt of such applications, but the applicants being non-citizens:

Margaret Patterson, No. 167 Amsterdam avenue.
Charlotte Ashley, No. 1494 Lexington avenue.
Helen Morrisey, No. 349 West Fifty-fifth street.
Jane A. Finney, No. 441 Fourth avenue, Brooklyn.
Mary M. Gates, No. 146 East Forty-third street.
Margaret Kenny, No. 300 West Fifty-fifth street.
Margaret I. Quinn, No. 507 Columbus avenue.
Susan Eames, No. 70 North Moore street.
Nellie Stewart, No. 529 West One Hundred and Twenty-fifth street.
Kathleen J. McGuire, No. 529 West One Hundred and Twenty-fifth street.

After a consideration of the matter, the requirement of citizenship was waived in the cases of the aforesaid persons and their applications were accepted.

The Secretary called the attention of the Commission to the fact that no reply had been received from the Corporation Counsel in answer to the Commission's requests for advice on the following point:

First—Whether it has authority to pass the pay-rolls of persons who are injured in the performance of their duties, and who are paid at a per diem rate?

Second—Regarding the request of the State Civil Service Commission, that the Court of General Sessions be stricken from the classification of the Civil Service Commission of The City of New York;

—although opinions regarding these matters had been requested from him sometime ago. The President was requested to communicate with the Corporation Counsel and call his attention to the importance of advising the Commission regarding the aforesaid matters at the earliest possible date.

The Commission then adjourned to meet Friday, March 9, 1906, at 10 o'clock.

FRANK A. SPENCER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,
No. 61 Elm Street,
New York, March 9, 1906.

A meeting of the Civil Service Commission of The City of New York was held at the Commission's offices, No. 61 Elm street, on Friday, March 9, 1906, at 10 o'clock.

There were present President Baker and Commissioner Talley.

A public hearing on the proposed amendment of the classification of positions in the exempt class, in the Department of Parks, by including therein the position "Director of Children's School Farms, Boroughs of Manhattan and Richmond," was held. Willis Holly, Esq., Secretary of the Park Board, representing the Commissioner of Parks, Boroughs of Manhattan and Richmond, appeared before the Commission and stated that the Commissioner desired to amend his original request; that he did not wish the position to be exempted, as first stated, but had decided to leave it in the competitive

class and request the Civil Service Commission to approve Mrs. Henry Parsons' appointment to same under the provisions of Civil Service Rule XII., paragraph 5.

Mr. Elliot H. Goodwin, Secretary of the Civil Service Reform Association, also addressed the Commission, and stated that the amended form of request would not be opposed by his association, and the hearing closed.

The Commission then went into regular session, and the minutes of the meeting held March 7 were approved.

The matter of the appointment of Mrs. Parsons to the position of Director of Children's School Farms in the Department of Parks, Boroughs of Manhattan and Richmond, was ordered placed upon the calendar for the next meeting.

The Committee on Transfers recommended that the following transfers be approved:

George Baurle, from the position of Office Boy in the Tenement House Department to a similar position in the Department of Finance.

Edmund K. Stephens, from the position of Watchman in the Department of Docks and Ferries to that of Messenger in the same Department.

The recommendation of the Committee on Transfers was adopted.

The Commission then adjourned to meet Wednesday, March 14, 1906, at 10 o'clock.

F. A. SPENCER, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, SEPTEMBER 27, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held Tuesday, September 27, 1904, the following members were present:

Aldermen Davies, Grifenhagen, Meyers and President Ahearn.

The President submitted for the Board's consideration a communication from the Commissioner of Water Supply, Gas and Electricity, to the effect that a contract was soon to be let for the laying of water mains in Nagle avenue, between Dyckman street and Tenth avenue; in Academy street, between Sherman avenue and Two Hundred and First street, and in Two Hundred and First street, between Academy street and the Harlem river.

On motion, the communication was ordered on file.

The President presented for the Board's consideration the matter of changing grades on West One Hundred and Fiftieth, West One Hundred and Fifty-first, West One Hundred and Fifty-second and West One Hundred and Fifty-third streets, between Broadway and Riverside drive extension.

Mr. Frank L. Mayo, representing Mr. Charles Briggs, appeared in opposition.

Mr. R. H. Scherer appeared in opposition.

Mr. John C. Shaw appeared, representing property owners, in favor of the petition.

Mr. F. Stewart Williamson, Consulting Engineer of the Riverside Drive Extension, stated that he was in favor of the plan submitted by Mr. Shaw.

Mr. M. J. Kelly appeared in favor of the proposition.

Mr. Samuel D. Levy appeared in favor of the proposition.

Mr. George C. Wheeler appeared before the Board in favor of the proposition.

Mr. S. W. Dexter, attorney for Richard Carman, owner of fourteen (14) lots on One Hundred and Fifty-second and One Hundred and Fifty-third streets, appeared before the Board.

On motion, the matter was laid over for two weeks.

The President presented for the Board's consideration petition for the laying out "that portion of the original Hamilton Grange property, situate on Convent avenue, between West One Hundred and Forty-second and West One Hundred and Forty-third streets," for use as a public park.

Communication was read from the Park Commissioner of the Borough of Manhattan to the effect that the acquisition of the territory referred to for park purposes was desirable.

On motion, the subject was laid over for one week, and the Clerk directed to notify property owners in interest.

The President presented for the Board's consideration the matter of sewer in West One Hundred and Forty-first street, from the Boulevard to the Hudson river.

The Commissioner of Public Works reported that the City had not obtained title to this street between the points mentioned, except for a distance of 325 feet west of Broadway.

Mr. J. C. Butterly appeared before the Board in opposition to the proposition.

Mr. E. C. Dunphy appeared before the Board on behalf of the property owners for the petition.

On motion, the subject was laid over for one week.

The President presented for the Board's consideration the matter of grading and flagging West One Hundred and Forty-first street, from the Boulevard to the Hudson river.

The Commissioner of Public Works reported that the City had not obtained title to this street between the points mentioned, except for a distance of 325 feet west of the Boulevard.

The President presented for the Board's consideration the matter of regulating and grading, curbing and flagging West One Hundred and Fortieth street, from the Boulevard to Riverside drive.

The Chief Engineer of the Bureau of Highways reports that there is no sewer in this street.

On motion, the subject was laid over.

The President presented for the Board's consideration the matter of sewer in West Two Hundred and Fourteenth street, from Broadway to the Harlem river.

The Superintendent of Sewers reported that the part of Two Hundred and Fourteenth street between Tenth avenue and the Harlem river, can be sewered, and that the part between Tenth avenue and Broadway, which drains into other streets, has not been opened according to law.

Estimated cost, $7,000. Assessed value of the property affected, $85,400.

On motion, the subject was laid over.

The President presented for the Board's consideration the matter of regulating, grading and curbing of West Two Hundred and Fourteenth street, from Broadway to the Harlem river.

Note—No sewer in this street.

On motion, the subject was laid over.

The President presented for the Board's consideration the matter of sewer in West Two Hundred and Fifteenth street, from Broadway to the Harlem river.

The Superintendent of Sewers reported that the only part of West Two Hundred and Fifteenth street which can be sewered at the present time is that which lies between the Harlem river and Ninth avenue. The rest of the street, between Ninth avenue and Broadway, is drained through Ninth avenue to Two Hundred and Sixteenth street, and thence to the river.

Estimated cost, $2,600. Assessed value of the property affected, $35,600.

On motion, the subject was laid over.

The President presented for the Board's consideration the matter of regulating, grading and curbing of West Two Hundred and Fifteenth street, from Broadway to Harlem river. Note—No sewer in this street.

On motion, the subject was laid over.

The President presented for the Board's consideration the matter of laying out of New street, between Nagle avenue and Broadway, parallel or nearly so with Dyckman street and running 200 feet to the south of Dyckman street.

Mr. Butterly appeared.

The Engineer of Street Openings forwarded map with technical description for the laying out of streets to be known as Sickles, Arden and Thayer streets, within the area bounded by Broadway, Dyckman street, Nagle avenue and Ellwood street, in the Twelfth Ward, Borough of Manhattan.

On motion, the subject was laid over.

On motion, the Board adjourned.

B. DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, OCTOBER 4, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held October 4, 1904, the following members were present:

Alderman Davies and President Ahearn.

The President presented for the Board's consideration the matter of paving West One Hundred and Eighty-fourth street, between Amsterdam avenue and Wadsworth avenue, with asphalt blocks, curbing and resetting curb on same.

Estimated cost, $12,585. Assessed value of the property affected $395,000.

On motion, the subject was laid over.

The President presented for the Board's consideration the matter of paving West One Hundred and Eighty-fourth street, between Wadsworth avenue and Broadway, with granite blocks.

Communication was read from the Commissioner of Public Works, stating that the contract for this work was awarded to Messrs. Cunningham & Kearns at the letting of June 8, 1904.

On motion, the subject was ordered on file.

The President presented for the Board's consideration the matter of paving West One Hundred and Fifty-fourth street, between Eighth avenue and Macomb's Dam road, with asphalt blocks.

The Clerk announced that a resolution providing for this work was adopted by the Board of Estimate and Apportionment and form of contract and specifications have been prepared.

On motion, the subject was ordered on file.

The President presented for the Board's consideration the matter of opening, sewering, regulating, grading and curbing of Vermilyea avenue.

The Superintendent of Sewers reported that the City has no title to this street.

On motion the subject was laid over.

The President announced that a communication from Alexander C. Chenoweth had been received, asking that the Board consider a petition submitted May 24, 1904, for the acquiring of title to land "For a public park at the extreme northern end of Manhattan Island, bordering upon Spuyten Duyvil creek."

On motion the subject was laid over, as the Engineer of Street Openings did not make any report.

The President presented for the Board's consideration the matter of public park, Convent avenue, between One Hundred and Forty-second and One Hundred and Forty-third streets (Hamilton Grange property).

On motion the subject was laid over two weeks.

The President presented for the Board's consideration the matter of constructing sewer in West One Hundred and Fifty-sixth street, between the Boulevard Lafayette and Riverside Drive.

Estimated cost, $4,600.

Assessed value of the property affected, $386,500.

On motion the following resolution was introduced and adopted:

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct sewer in One Hundred and Fifty-sixth street, between the Boulevard Lafayette and Riverside drive; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of constructing sewer in West One Hundred and Fifty-seventh street, between the Boulevard Lafayette and Riverside drive.

Estimated cost, $2,800.

Assessed value of the property affected, $136,000.

On motion the following resolution was introduced and adopted:

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a sewer in West One Hundred and Fifty-seventh street, between the Boulevard Lafayette and Riverside drive; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

On motion, the Board adjourned.

B. DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, OCTOBER 11, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held October 11, 1904, the following members were present:

Aldermen Davies, Meyers, Goodman and President Ahearn.

The President presented for the Board's consideration the matter of change of grades on West One Hundred and Fiftieth, West One Hundred and Fifty-first, West One Hundred and Fifty-second and West One Hundred and Fifty-third streets, between Riverside drive and Broadway.

On motion, the matter was laid over one week.

The President presented for the Board's consideration the matter of laying out a street parallel with Dyckman street.

Mr. J. C. Butterly requested that the matter be laid over.

Mr. P. A. Messler had no objection.

On motion, the subject was laid over two weeks.

The President presented for the Board's consideration the matter of opening and extending Bradhurst avenue.

Judge Davenport appeared before the Board and requested that the matter be laid over.

Mr. James J. Coogan appeared before the Board.
On motion, the subject was laid over three weeks.
On motion, the Board adjourned.

B. DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, OCTOBER 18, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held October 18, 1904, the following members were present:

Aldermen Grifenhagen, Meyers, Davies, Goodman and President Ahearn.

The President presented for the Board's consideration the matter of paving Wadsworth avenue, from West One Hundred and Seventy-third street to Eleventh avenue, with asphalt blocks and curbing and resetting curb on same.

Estimated cost, $74,530. Assessed value of the property affected, $1,518,000.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Paving Wadsworth avenue, from West One Hundred and Seventy-third street to Eleventh avenue, with asphalt blocks, and curbing and resetting curb on same; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of repair of sidewalks at No. 77 East One Hundred and Twenty-fifth street.

Estimated cost, $43. Assessed value of the property affected, $28,000.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Repair of sidewalks at No. 77 East One Hundred and Twenty-fifth street.

The President presented for the Board's consideration the matter of change of grade in West One Hundred and Fiftieth, West One Hundred and Fifty-first, West One Hundred and Fifty-second and West One Hundred and Fifty-third streets, between Broadway and Riverside drive extension.

Mr. John C. Shaw appeared before the Board in favor.

Mr. Charles A. Briggs appeared before the Board in opposition.

Mr. R. H. Schile appeared before the Board and approved of Mr. Webster's plan.

Mr. Stillman F. Kneelair appeared in favor.

Mr. E. L. Winthrop, representing M. E. B. Fields estate, owning 38 lots on One Hundred and Forty-ninth, One Hundred and Fiftieth and One Hundred and Fifty-first streets, appeared in favor of the plan prepared by Surveyor Wheeler.

On motion the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that the map or plan of The City of New York be changed by laying out on same an alteration of the existing grades on West One Hundred and Fiftieth, West One Hundred and Fifty-first, West One Hundred and Fifty-second and West One Hundred and Fifty-third streets, between Broadway and extension of Riverside drive; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of widening the Boulevard Lafayette.

Mr. R. G. Betts appeared before the Board on behalf of the Federation of Motor Cyclists and also the Road Drivers' Association and submitted an alternative proposition.

Mr. J. C. Butterly appeared before the Board in favor.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that the map or plan of The City of New York be changed by laying out on same a widening of Boulevard Lafayette, from West One Hundred and Fifty-eighth to West One Hundred and Sixty-fifth street, and laying out on same West One Hundred and Sixtieth, West One Hundred and Sixty-first, West One Hundred and Sixty-second, West One Hundred and Sixty-third and West One Hundred and Sixty-fourth streets, from Broadway to the Boulevard Lafayette, in the Twelfth Ward, Borough of Manhattan; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of paving West One Hundred and Eighty-fourth street, between Amsterdam avenue and Wadsworth avenue, with asphalt blocks and curbing and resetting curb on same.

Estimated cost, $12,585. Assessed value of the property affected, $395,000.

The Chief Engineer stated that a contract had been let for the paving of West One Hundred and Eighty-fourth street, between Wadsworth avenue and Broadway, with granite blocks.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Paving West One Hundred and Eighty-fourth street, between Amsterdam avenue and Wadsworth avenue, with granite blocks, and curbing and resetting curb on same; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of acquiring title, for use as a public park, of land situate on Convent avenue, between West One Hundred and Forty-second and West One Hundred and Forty-third streets (Hamilton Grange property).

Mr. W. A. Marble appeared before the Board and stated that through a mistake the Merchants' Association was recorded as being in favor of this park.

Mr. E. Hegeman Hall appeared before the Board and stated that he thought the Hamilton home should be transferred to St. Nicholas Park.

Hon. Edward C. Dunphy appeared before the Board in support of the petition.

The Rev. Father McMahon appeared before the Board in support of the petition.

Alderman Davies moved that the subject be laid over for two weeks.

The President presented for the Board's consideration the matter of acquiring title to West One Hundred and Sixty-third street, from Broadway to Fort Washington avenue.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title to West One Hundred and Sixty-third street, from Broadway to Fort Washington avenue and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of acquiring title to West One Hundred and Sixty-fourth street, from Broadway to Fort Washington avenue.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title to West One Hundred and Sixty-fourth street, from Broadway to Fort Washington avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of acquiring title to West One Hundred and Eighty-sixth street, from Amsterdam avenue to new street west of High Bridge Park.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title to West One Hundred and Eighty-sixth street, from Amsterdam avenue to new street west of High Bridge Park; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of acquiring title to West One Hundred and Eighty-seventh street, from Amsterdam avenue to a new street west of High Bridge Park.

On motion, the subject was laid over one week.

The President presented for the Board's consideration the matter of regulating, grading, curbing and flagging of Twelfth avenue, from West One Hundred and Forty-fifth street to West One Hundred and Fifty-first street.

Estimated cost, $79,962.50. Assessed value of the property affected, $77,500.

On motion, the resolution adopted August 12, 1904, "to regulate and grade Twelfth avenue, from One Hundred and Forty-fifth to One Hundred and Fifty-first street, in the Borough of Manhattan," was rescinded, and in its place the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Regulate, grade, curb and flag Twelfth avenue, from West One Hundred and Forty-fifth street to West One Hundred and Fifty-first street; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

On motion, the Board adjourned.

B. DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, OCTOBER 25, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held October 25, 1904, the following members were present:

Aldermen Davies, Grifenhagen, Meyers, Goodman and President Ahearn.

The President presented for the Board's consideration the matter of laying out street parallel with Dyckman street, from Nagle avenue to Broadway, and the matter of laying out three streets between Broadway, Nagle avenue and Dyckman street, Borough of Manhattan, parallel with Dyckman street.

Mr. J. N. Butterly, representing the owner of 65 lots, objected to this improvement because of the excessive cost of regulating and grading the street after it was laid out.

Mr. E. L. Burdick, representing the Consolidated Gas Company, stated that if the streets were opened they would cut through a gas holder of the company, and objected on behalf of the corporation, which is the owner of 25 lots in this street.

Mr. James Lynch appeared.

On motion, the subject was laid over for two weeks and referred to Alderman Grifenhagen.

The President presented for the Board's consideration the matter of laying out marginal street along the westerly bank of the Spuyten Duyvil creek, running from Broadway to Muscoota street, and the extension of Hyatt and Ashley streets.

On motion, the subject was laid over for one week.

The President presented for the Board's consideration the matter of constructing sewer in West One Hundred and Forty-first street, from Boulevard to the Hudson river.

The Clerk announced that there was some question as to the City's having title to this street between the points mentioned.

Upon investigation it is found that the City's title extends only to a point 325 feet west of the Boulevard.

The Chief Engineer of Sewers reports verbally that this street cannot be sewered, as the grade is down from the Boulevard to the Hudson river.

This subject was ordered on file.

The President presented for the Board's consideration the matter of constructing sewer in West One Hundred and Fortieth street, from the Boulevard to the Hudson river.

The Superintendent of Sewers reports that it is practicable to construct a sewer in this street, between Broadway and Riverside drive extension.

Estimated cost, $4,300. Assessed value of the property affected, $200,000.

On motion the following resolution was introduced and adopted:

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board; which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Sewer in West One Hundred and Fortieth street, from Broadway to Riverside drive; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of acquiring title to West One Hundred and Eighty-sixth street.

On motion the following resolution was introduced and adopted:

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board; which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title to West One Hundred and Eighty-sixth street, from Amsterdam avenue to new street west of High Bridge Park; and it is further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

On motion the Board adjourned.

B. DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, NOVEMBER 1, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held Tuseday, November 1, 1904, the following members were present:

Aldermen Grifenhagen, Davies, Meyers, Goodman and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of opening and extending Bradhurst avenue.

On motion, the subject was referred to Aldermen Grifenhagen and laid over for four weeks.

The Acting President presented for the Board's consideration the matter of paving West One Hundred and Thirty-ninth street, between Hamilton place and Amsterdam avenue, with asphalt blocks, and curbing and resetting curb on same.

Estimated cost, $5,135. Assessed value of the property affected, $221,000.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Paving of West One Hundred and Thirty-ninth street, between Hamilton place and Amsterdam avenue, with asphalt blocks, and curbing and resetting curb on same; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration the matter of construction of extension of outlet sewer foot of Dyckman street, North river.

Estimated cost, $8,750. Assessed value of the property affected, $7,955,070.

Mr. Cookman and Mr. Veitch appeared before the Board in opposition to the proposed improvement.

On motion, the subject was referred to Alderman Grifenhagen for report.

The Acting President presented for the Board's consideration the matter of laying out for use as a public park land situate on Convent avenue, between One Hundred and Forty-second and One Hundred and Forty-third streets (Hamilton Grange property).

On motion, the subject was laid over for two weeks.

On motion, the Board adjourned.

B. DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, NOVEMBER 15, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held November 15, 1904, the following members were present:

Aldermen Meyers, Davies, Grifenhagen, Goodman and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of paving West Two Hundred and Second street, from Tenth avenue to the bulkhead line.

On motion, this subject was laid over for one week and referred to Alderman Grifenhagen.

The Acting President presented for the Board's consideration the matter of acquiring title to West One Hundred and Eighty-seventh street, from Amsterdam avenue to new avenue bounding High Bridge Park.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title to West One Hundred and Eighty-seventh street, from Amsterdam avenue to new avenue bounding High Bridge Park; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration an opinion of the Corporation Counsel with reference to parkway plots on Broadway.

On motion, this subject was ordered on file.

The Acting President presented for the Board's consideration the matter of public park on Convent avenue, between West One Hundred and Forty-second and West One Hundred and Forty-third streets.

On motion, this subject was laid over for one week.

The Acting President presented for the Board's consideration the matter of paving Academy street, from Isham street to bulkhead line.

On motion, this subject was laid over for two weeks and referred to Alderman Grifenhagen for report.

The Acting President presented for the Board's consideration the matter of paving West Two Hundred and First street, from Academy street to bulkhead line.

On motion, this subject was laid over for two weeks and referred to Alderman Grifenhagen for report.

The Acting President presented for the Board's consideration the matter of laying out three new streets, between Dyckman street, Nagle avenue and Broadway, to be known as Arden, Sickles and Thayer streets.

Mr. Butterly appeared on behalf of Mr. Meade as opposed to this proposition, and stated that the application was not for three streets and therefore the action of the Board was improper.

Alderman Meyers replied that it was within the province of the Board to recommend the laying out of the three streets if it saw fit.

On motion of Alderman Meyers, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that the map or plan of The City of New York be altered and changed by laying out on same new streets to be known as Thayer, Arden and Sickles streets, between Broadway and Nagle avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

On motion, the Board adjourned.

B. DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, NOVEMBER 22, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held November 22, 1904, the following members were present: Aldermen Grifenhagen, Meyers, Davies and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of paving West Two Hundred and Second street, from Tenth avenue to the bulkhead line of the Harlem river, with asphalt blocks, curbing and resetting curb on same.

Estimated cost, $9,182. Assessed value of the property affected, $51,400.

The Chief Engineer of the Bureau of Highways reported that there were no water mains in the street.

Mr. J. N. Butterly appeared for the petitioners and stated that the application had been made for water mains.

Alderman Grifenhagen offered the following resolution:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearng thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Paving Two Hundred and Second street, from Tenth avenue to the bulkhead line of the Harlem river, with asphalt blocks, and curbing and resetting curb on same; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Alderman Meyers offered the following amendment:

That the word "asphalt" be substituted for the words "asphalt blocks."

The amendment being put, the members voted as follows:

Affirmative—Alderman Meyers.

Negative—Alderman Grifenhagen, Alderman Davies and Acting President Dalton.

On motion, Alderman Grifenhagen's resolution being put before the Board, was adopted by the following vote:

Affirmative—Alderman Grifenhagen, Alderman Davies and Alderman Meyers.

Negative—Acting President Dalton.

The Acting President presented for the Board's consideration the matter of laying out public park in Convent avenue, between One Hundred and Forty-second and One Hundred and Forty-third streets.

On motion, the subject was laid over for one week.

The Acting President presented for the Board's consideration the matter of laying out new street along the westerly side of Spuyten Duyvil creek, from Muscoota street to Broadway, and the extension of Hyatt and Ashley streets, from their present terminals to the new street.

Mr. Robert L. Luce, representing the New York Central Railroad, appeared and objected to the map.

Mr. Richard Alexander to the plan as proposed.

On motion, the plan as submitted was referred back to the Engineer of Street Openings to confer with Alderman Grifenhagen and report in two weeks.

Mr. J. N. Butterly appeared before the Board and again objected to the plan laying out three new streets to be known as Sickles, Thayer and Arden streets, between Broadway, Naegle avenue and Dyckman street.

Mr. Fred Meade, of No. 138 Pearl street, appeared and stated that he had no notice and no opportunity of being heard on the question.

Alderman Grifenhagen offered the following resolution: "That the subject above referred to be reconsidered," which was adopted.

On motion of Alderman Grifenhagen the resolution adopted November 15, providing for the laying out of the three new streets, to be known as Thayer, Arden and Sickles streets, between Dyckman street, Naegle avenue and Broadway, was rescinded.

On motion, the subject was laid over for two weeks.

On motion, the Board adjourned.

B. DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, NOVEMBER 29, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held November 29, 1904, the following members were present:

Aldermen Goodman, Meyers, Davies, Grifenhagen and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of laying out an extension of Bradhurst avenue, from its present terminus to the Speedway.

Mr. E. L. Busch, representing the New York Baseball Club, appeared in opposition.

On motion, the subject was laid over for four weeks.

The Acting President presented for the Board's consideration the matter of laying out for use as a public park land situate on Convent avenue, between West One Hundred and Forty-second and West One Hundred and Forty-third streets.

The resolution to lay out this park received the following vote:

Affirmative—Alderman Davies and Alderman Grifenhagen.

Negative—Alderman Meyers and Alderman Goodman.

Acting President Dalton excused from voting.

On motion, the subject was reconsidered by the following vote:

Affirmative—Alderman Davies, Alderman Meyers, Alderman Grifenhagen and Alderman Goodman.

Negative—Acting President Dalton.

On motion, the subject was laid over for two weeks.

The following resolutions were introduced and adopted:

Resolved, That the Local Board of Improvements for the Washington Heights District, respectfully recommends to the Commissioner of Water Supply, Gas and Electricity that gas mains be laid, lamp-posts erected and gas lamps placed thereon and lighted on Naegle avenue, between Broadway and Tenth avenue.

Resolved, That the Local Board for the Washington Heights District, respectfully recommends to the Commissioner of Water Supply, Gas and Electricity that water mains be laid in Two Hundred and Second street, between Tenth avenue and the Harlem river.

Resolved, That the Local Board of Improvements for the Washington Heights District, respectfully recommends to the Commissioner of Water Supply, Gas and Electricity that gas mains be laid, lamp-posts erected and gas lamps placed thereon and lighted on Two Hundred and Second street, between Tenth avenue and the Harlem river.

Resolved, That the Local Board of Improvements for the Washington Heights District, respectfully recommends to the Commissioner of Water Supply, Gas and Electricity that gas mains be laid, lamp-posts erected and gas lamps placed thereon and lighted on Tenth avenue, from Academy street to Broadway.

Resolved, That the Local Board of Improvements for the Washington Heights District, respectfully recommends to the Commissioner of Water Supply, Gas and Electricity that water mains be laid in Tenth avenue, from Academy street to Broadway.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, DECEMBER 13, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held December 13, 1904, the following members were present:

Aldermen Goodman, Meyers, Davies, and Acting President Dalton.

The Acting President presented for the Board's consideration the matter of repair of sidewalks at the southwest corner of West One Hundred and Thirty-third street and Convent avenue.

Estimated cost, $533. Assessed value of the property affected, $22,000.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For the repair of sidewalks at the southwest corner of West One Hundred and Thirty-third street and Convent avenue.

The Acting President presented for the Board's consideration the matter of fencing vacant lots at the southwest corner of One Hundred and Thirty-third street and Convent avenue.

Estimated cost, $170. Assessed value of the property affected, $22,000.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To fence vacant lots at the southwest corner of One Hundred and Thirty-third street and Convent avenue.

The Acting President presented for the Board's consideration the matter of opening and sewering West One Hundred and Forty-first street, from Broadway to Riverside drive extension.

The Chief Engineer of Sewers reports that the street is not opened, and further, that in the year 1869 the westerly portion was closed by an act of the Legislature.

Mr. Butterly appeared before the Board, representing Mr. Robert Hoguet, owner of land 325 feet west of the Boulevard, in opposition to the improvement.

Mr. Dunphy appeared in favor.

On motion, the subject was laid over for two weeks.

The Acting President presented for the Board's consideration the matter of constructing sewer in West Two Hundred and Fourteenth street, between the Harlem river and Tenth avenue.

Estimated cost, $7,000. Assessed value of the property affected, $85,400.

On motion the following resolution was introduced and adopted:

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct sewer in West Two Hundred and Fourteenth street, between the Harlem River and Tenth avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration the matter of constructing sewer in West Two Hundred and Fifteenth street, between the Harlem river and Ninth avenue.

Estimated cost, $2,600. Assessed value of the property affected, $35,600.

On motion the following resolution was introduced and adopted:

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be

submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct sewer in West Two Hundred and Fifteenth street, between the Harlem river and Ninth avenue; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration the matter of regulating and grading, curbing and flagging West One Hundred and Sixty-ninth street, between Broadway and Fort Washington avenue.

Estimated cost, $26,077. Assessed value of the property affected, $199,500.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate and grade, curb and flag West One Hundred and Sixty-ninth street, between Broadway and Fort Washington avenue; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration the matter of repair of sidewalks on the east side of Amsterdam avenue, between One Hundred and Twenty-eighth and One Hundred and Twenty-ninth streets.

Estimated cost, $1,031. Assessed value of the property affected, $225,000.

On motion, this subject was laid over for one week.

The Acting President presented for the Board's consideration the matter of laying out new marginal or exterior street along the westerly bank of the easterly branch of the Spuyten Duyvil creek, and running from Broadway to Muscoota street.

On motion, this subject was referred to Alderman Grifenhagen.

The Acting President presented for the Board's consideration the matter of regulating and grading, curbing and recurbing and flagging West One Hundred and Sixty-seventh street, from Amsterdam avenue to Edgecombe road, and Jumel place, from West One Hundred and Sixty-seventh street to Edgecombe road, and placing thereon guard rail where necessary.

Estimated cost, $10,609. Assessed value of the property affected, $344,800.

Mr. Olin J. Stephens appeared in favor.

Mr. Chas. Bauerdorf appeared in favor, representing Mr. Meester, Mr. Unger and Mr. Mantleman.

Mr. Burdick, representing the Consolidated Gas Company, in opposition.

Mr. Butterly appeared, representing Mr. Mead, in opposition.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb, recurb and flag West One Hundred and Sixty-seventh street, from Amsterdam avenue to Edgecombe road, and Jumel place, from West One Hundred and Sixty-seventh street to Edgecombe road, and place thereon guard rails where necessary; and it is hereby further

Resolved, That a copy of the resolution be transmitted to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration the matter of laying out new streets, between Broadway and Nagle avenue and Dyckman street, running parallel with Dyckman street.

Note—This subject was ordered readvertised and set down for to-day.

On motion, this subject was laid over until the first meeting in January, 1905.

The Acting President presented for the Board's consideration the matter of paving Academy street, from Seaman avenue to the bulkhead line of the Harlem river, with asphalt blocks, and curbing and resetting curb on same.

Estimated cost, $56,700. Assessed value of the property affected, $573,000.

Note—Water mains have been laid from Seaman avenue to Sherman avenue.

On motion, this subject was laid over for one month.

The Acting President presented for the Board's consideration the matter of paving West Two Hundred and First street, from Academy street to the bulkhead-line of the Harlem river, curbing and resetting curb on same.

Estimated cost, $6,880. Assessed value of the property affected, $38,000.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Paving with asphalt blocks West Two Hundred and First street, from Academy street to the bulkhead-line of the Harlem river, and curbing and resetting curb on same; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The Acting President presented for the Board's consideration the matter of laying out for use as a public park land on Convent avenue, between One Hundred and Forty-second and One Hundred and Forty-third streets.

On motion, this subject was laid over for one week.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, DECEMBER 20, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held December 20, 1904, the following members were present:

Aldermen Goodman, Davies, Grifenhagen, Meyers and President Ahearn.

The President presented for the Board's consideration the matter of repair of sidewalks on Amsterdam avenue, between One Hundred and Twenty-eighth and One Hundred and Twenty-ninth streets.

The Clerk announced that Inspector reports that the owners of the property in question have started this work.

On motion, this subject was laid over three weeks.

The President presented for the Board's consideration the matter of laying out for use as a public park land situate on the westerly side of Convent avenue, between West One Hundred and Forty-second street and West One Hundred and Forty-third street, extending for a distance of 170 feet from the westerly line of Convent avenue on West One Hundred and Forty-second street and West One Hundred and Forty-third street.

Estimated cost, $134,000.

On motion, this subject was laid over for one week.

The President presented for the Board's consideration the matter of repair of sidewalks on the east side of Edgecombe avenue, from the south curb line of West One Hundred and Sixty-seventh street north about 168 feet.

Estimated cost, $123. Assessed value of the property affected $12,000.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

The repair of sidewalks on the east side of Edgecombe avenue, from the south curb line of West One Hundred and Sixty-seventh street north about 168 feet.

The President presented for the Board's consideration the matter of paving Nagle avenue.

Mr. Butterly appeared before the Board.

On motion, this subject was laid over and referred to Alderman Grifenhagen for report.

The President presented for the Board's consideration the matter of laying out public place, bounded by St. Nicholas avenue, One Hundred and Sixty-sixth street and Broadway.

Mr. Joseph A. Flannery appeared in favor.

Mr. Christian Trinks, representing the Washington Heights Progressive Association, appeared.

On motion, this subject was referred to the Park Department and Alderman Grifenhagen for report in two weeks.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

BOROUGH OF MANHATTAN.

WASHINGTON HEIGHTS DISTRICT, DECEMBER 27, 1904.

At a meeting of the Board of Local Improvements of the Washington Heights District, held December 27, 1904, the following members were present:

Aldermen Goodman, Davies and Grifenhagen and President Ahearn.

The President presented for the Board's consideration the matter of regulating and grading, curbing and recurbing, flagging and reflagging West One Hundred and Seventy-seventh street, between St. Nicholas avenue and Broadway.

Estimated cost, $5,766. Assessed value of the property affected, $170,000.

On motion the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb and recurb, flag and reflag West One Hundred and Seventy-seventh street, between St. Nicholas avenue and Broadway; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of extending Bradhurst avenue, from its present terminus to the Speedway.

On motion this subject was laid over four weeks.

The President presented for the Board's consideration the matter of opening and sewering of West One Hundred and Forty-first street, from Broadway to Riverside drive extension.

Mr. Dunphy appeared and asked for an adjournment.

On motion, this subject was laid over for two weeks.

The President presented for the Board's consideration the matter of laying out for use as a public park land on Convent avenue, between West One Hundred and Forty-second and West One Hundred and Forty-third streets.

On motion, the following resolution was introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would

be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition as duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that the map or plan of The City of New York be altered and changed by laying out on same for use as a public park the land situate on Convent avenue, between West One Hundred and Forty-second and West One Hundred and Forty-third streets, running for a distance of one hundred and seventy (170) feet westerly from the westerly line of Convent avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

The President presented for the Board's consideration the matter of repair of sidewalks on the east side of Amsterdam avenue, between West One Hundred and Twenty-eighth and West One Hundred and Twenty-ninth streets.

Estimated cost, $1,131. Assessed value of the property affected, $225,000. The Clerk announced that the Inspector reported that this work had been commenced.

On motion, this subject was laid over.

The President presented for the Board's consideration the matter of paving Audubon avenue, from One Hundred and Seventy-fifth street to Fort George avenue.

On motion, this subject was laid over for two weeks.

On motion, the Board adjourned.

BERNARD DOWNING, Secretary.

PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY ON THURSDAY, MARCH 22, 1906,

There were present—Alexander E. Orr, President, presiding; Mayor George B. McClellan, Comptroller Herman A. Metz and Commissioners Woodbury Langdon, Morris K. Jesup and John Claflin.

George L. Rives and Albert B. Boardman, Counsel; George S. Rice, Chief Engineer, and Alfred Craven, Deputy Chief Engineer, also were present.

The minutes of the meeting of the 1st of March were read and it was moved that they be approved.

Ayes—The President, the Mayor and Commissioners Langdon and Jesup.

Nays—None.

Carried.

F. W. Hottenroth, in behalf of the Committee on Bridges of the North Side Board of Trade, addressed the Board, urging that the proposed bridge of the New York Connecting Railroad Company across the East river and Ward's and Randall's islands be made available for local traffic for pedestrians and vehicles. Mr. Rives pointed out that in order to do this it would require an act of the Legislature, inasmuch as the act under which the said bridge is to be built provides that the same shall be used solely for railroad purposes.

The Mayor addressed the Board, stating certain objections to the proposed certificate to be issued to the New York Connecting Railroad Company, and filing a brief covering the same. He moved the following resolution, which was seconded by President Orr:

Resolved, That the Board of Estimate and Apportionment be requested to appoint a committee of conference for the purpose of conferring with the Committee on Plans and Contracts of this Board on the matter of the proposed certificate to be issued to the New York Connecting Railroad Company; and

That the proposed certificate to be issued to the New York Connecting Railroad Company be recommitted to the Committee on Plans and Contracts, with instructions to confer with the Committee of the Board of Estimate and Apportionment when appointed.

Ayes—The President, the Mayor, the Comptroller and Commissioners Langdon, Jesup and Claflin.

Nays—None.

Carried.

The following resolution was moved:

ROUTE NO. 11-F.

Bensonhurst Route.

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York has determined that a rapid transit railway or railways for the convenience and transportation of persons and property in addition to those already existing, authorized or proposed, are necessary for the interest of the public and of The City of New York, and should be established therein as hereinafter provided; and

Whereas, This Board has duly made the inquest and investigation necessary or proper in the premises and all such inquests and investigations as are necessary or proper for such determination; now therefore

This Board, by the concurrent votes of at least six members, does hereby adopt the following route or routes for an additional rapid transit railway or railways in The City of New York and does hereby determine and establish the said additional route or routes thereof as follows, and does hereby adopt a general plan of construction of the said railway or railways, the route or routes of which are herein provided, and does in such general plan hereby adopted show the general mode of operation and such details as to manner of construction as may be necessary to show the extent to which any street, avenue or other public place is to be encroached upon and the property abutting thereon affected.

This Board, in adopting the said route or routes and general plans, expressly reserves all the powers in relation to the construction of the said route or routes which are conferred upon it by section 34 of the Rapid Transit Act. In particular it reserves the right to contract for the construction of the whole road or all the roads provided for in the following plans in a single contract; or by separate contracts, executed from time to time, to provide for the construction of parts of the said road or roads or for the construction at first of two or more tracks over a part or parts of such road or roads, and afterwards of one or more additional tracks over a part or parts of such roads or roads, as the necessities of The City of New York and the increase of its population may in the judgment of this Board require; or to provide in a contract for any part of such railroad that, at a future time, upon the requirement of this Board, the contractor shall construct the remainder or any part of the remainder of said road as the growth of the population or the interests of the City may, in the judgment of this Board, require.

Route.

A route the centre line of which shall begin in the Borough of Brooklyn at a point at or near the intersection of Fourth avenue and Thirty-sixth street at which connections can conveniently be made with another subway or other subways to be hereafter constructed running southerly under Fourth avenue. The said centre line of the route hereby adopted shall thence run easterly and southeasterly, curving under Fourth avenue and private property, Thirty-ninth street and private property again, to a point in Fortieth street near the intersection of Fortieth street with the westerly line of Fifth avenue; running thence easterly under Fortieth street to a point at or near the intersection of Fortieth street with the easterly side of Ninth avenue; curving thence southeasterly and southerly under Fortieth street and private property to a point near the intersection of the westerly side of New Utrecht avenue with the northerly side of Forty-first street; thence running under and along New Utrecht avenue in a southerly direction to a point immediately south of its intersection with Eighty-first street; thence curving southeasterly and easterly under private property, Eighty-fourth street, private property again, Eighteenth avenue, Eighty-fifth street and private property again, to a point in Eighty-sixth street between Eighteenth and Nineteenth avenues; running thence southeasterly under and along Eighty-sixth street to a point about half way between Bay Thirty-fourth street and Bay Thirty-fifth street, where the said route will emerge from the surface and continue thence upon a viaduct structure; and from the said point running southeasterly along and over Eighty-sixth street to a point at or near the intersection of Eighty-sixth street with Bay Forty-first street; and then crossing southeasterly over private property, Twenty-sixth avenue and private property to a point in Stillwell avenue between its intersection with Eighty-sixth street and its intersection with Bay Forty-third street; and thence running southerly over and along Stillwell avenue and crossing the Gravesend ship canal on a bridge and continuing along Stillwell avenue to a point at or near the intersection of the centre line of Stillwell avenue with the southerly line of Surf avenue (Coney Island).

Plan of Construction.

The general plan of construction hereby adopted is as follows:

For the whole of the route above described there shall be four tracks.

All the above mentioned tracks shall be substantially parallel with each other and on substantially the same level, except that between the easterly side of Fifth avenue and the point of connection with the subway or subways to be constructed in Fourth avenue the tracks shall be at such levels and on such alignments as to permit of proper connections; and except also, that wherever else required by special necessities of surface or subsurface structures or other special or local necessities or for the purpose of avoiding grade crossings, any one or more of the tracks may be elevated above or depressed below the other track or tracks so far as necessary.

The tracks shall be placed in tunnels or subways, except that easterly and southerly from the point where the said route as above described emerges to the surface in Eighty-sixth street the tracks shall be carried upon a viaduct over and along the above described route on Eighty-sixth street and Stillwell avenue. Near the said point of emergence the said railroad will be constructed partly in open cut and partly on an embankment. If and when all the four tracks herein provided for are constructed, the said open cut and embankment will occupy a space in Eighty-sixth street about 60 feet in width, extending from Twenty-third avenue to Twenty-fourth avenue. The open cut portion will extend southeasterly from Twenty-third avenue to about half way between Bay Thirty-fourth street and Bay Thirty-fifth street, and the embankment will extend southeasterly from the end of the open cut to Twenty-fourth avenue. The said open cut and embankment will therefore occupy all but about 40 feet in width of said Eighty-sixth street, between Twenty-third avenue and Twenty-fourth avenue, leaving only about 20 feet on each side for a roadway and sidewalk, and probably necessitating a widening of the said street between the said avenues by the legally constituted authorities of The City of New York.

The tracks shall be placed in general under or over the central part of the longitudinal streets and avenues forming a portion of the route above described, so far as may be practicable and convenient, but wherever required by special or local necessities or for curves, the tracks or any one or more of them may be diverted as far as necessary to one side or the other of such streets or avenues, or any of them, and any part of said streets or avenues may be occupied, so far as the purposes of this general plan require.

Wherever the tracks change from tunnel to viaduct or from viaduct to tunnel, the change shall be made so as to involve the use of the surface to the least possible extent consistent with the proper gradient for the tracks.

Wherever necessary for the proper support of the surface of a street, the roof of the tunnels shall be of iron or steel, with brick or concrete arches, supported, when necessary, by iron or steel or masonry columns, and resting upon masonry walls, or the roof shall be a masonry structure, or the whole of the lining may be of metal.

The roof of the tunnels, when under a street, shall in general be as near the street surface as street conditions and grades will conveniently permit, the base of the rail under Sixth avenue being, however, about 100 feet below the surface, at Seventh avenue about 95 feet below the surface, at Eighth avenue about 60 feet below the surface and at Ninth avenue about 40 feet below the surface.

The tunnels shall in no case be less than 13 feet in height in the clear.

There shall be a width in the tunnels not exceeding fifteen feet for each track in addition to the thickness of the supporting walls, except that at stations, switches, turnouts, curves and cross-overs the width may be increased. Viaducts shall be built with a width of 12½ feet for each track, except on curves or where greater width is required for special construction, and with an additional width of 3 feet on each side for outside footways. Viaducts may be built of metal or of masonry or of both.

The tracks shall be of standard gauge; that is to say, of the width of 4 feet and 8½ inches between the rails.

Adjacent tracks shall be connected by necessary and suitable switches and connections, and an additional track for siding accommodations may be constructed not to exceed in length one-quarter of a mile for each mile of roadway.

The tracks wherever constructed below the surface may at any point of the route be placed in the same tunnel; or there may be separate tunnels for one or more tracks, as shall be most convenient.

Stations and station approaches shall in general be at the intersections of streets and shall be built under or, if the positions of the tracks so require, over the streets and immediately adjoining private abutting property, or through private property to be acquired for the purpose, or both under or over streets and through private property as aforesaid. The streets under which stations or station approaches shall be built may include cross streets, but no part of any cross street shall be used for a station approach at a distance greater than 75 feet from the exterior line or side of the logitudinal street or avenue of the route.

Wherever along any part of the routes above described it shall be necessary for the proper maintenance or accommodation of pipes, wires, sewers or other subsurface structures, the removal, construction or reconstruction of which shall be rendered necessary by the construction of the railway, the width of any tunnel or subway may be enlarged on either or both sides by an additional width on each side of the route, not to exceed 15 feet on either side; provided always that the limits hereinbefore provided as to certain longitudinal streets of the route shall be observed. All or any pipes, wires, sewers or other subsurface structures may be placed in suitable galleries to be constructed within the additional widths hereinbefore permitted. At each cross street where accommodation for pipes, wires, sewers and other subsurface structures shall be those provided within the tunnels or subways, such tunnels or subways, in order to provide convenient access to the same, may have, within the limit of the sides or exterior lines of such cross streets or such lines produced, an additional width on each side of the routes not to exceed fifteen feet.

Pipes, wires, sewers, street railway tracks, poles for electric wires and other surface and subsurface structures at any part of the said routes shall be removed or disturbed only when necessary for the construction and operation of the railway above referred to, and if removed or disturbed shall be placed upon, over or under the several streets in such manner and in such location that the use and service thereof shall not be impaired. Pipes, wires, sewers and other subsurface structures shall be left or shall be so arranged as to give free access for their repair or alteration, or for the placing with them, so far as there may be space, of new pipes, wires, sewers and other like structures, and for making connections between the same and abutting buildings at any time.

The manner of construction of subways shall be by tunneling or open excavation.

In parks, parkways and public places under the jurisdiction of the Department of Parks all trees injured or destroyed in the course of construction shall be replaced under the direction and to the satisfaction of said Department.

Mode of Operation.

The general mode of operation of the route or routes above described shall be by electricity or some other power not requiring combustion within the tunnels, and the motors shall be capable of moving trains at a speed of not less than forty miles per hour for long distances, exclusive of stops.

Definitions.

The word "street," wherever used herein, shall include an avenue or public place.

The words "Rapid Transit Act," wherever used herein, shall be taken and held to mean chapter 4 of the Laws of 1891, entitled "An act to provide for rapid transit railroads in cities of over one million inhabitants," as amended by chapter 752 of the Laws of 1894 and other acts of the Legislature.

Maps and Drawings.

It is further

Resolved, That the maps and drawings entitled "Board of Rapid Transit Railroad Commissioners of The City of New York, routes and general plan, Bath Beach route," one of the said drawings being marked "Key map No. 4, Borough of Brooklyn," and the other drawings being marked "Brooklyn No. 4, Sheets Nos. 1, 2, 3 and 4," be and they are hereby adopted as showing the foregoing route and general plan for convenience merely, and that said maps and drawings are not to be deemed a part of the description of the routes or a part of the general plans for any purpose whatever.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.
The following resolution was moved:
Resolved, That the President of this Board be and he hereby is authorized to transmit a communication to the Board of Estimate and Apportionment forwarding to that Board a copy of resolution for the above route, known as the Bensonhurst route, for action by that Board.
Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

Requisition No. 29, Contract No. 2, was presented as follows:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
OFFICE OF THE PRESIDENT, No. 23 NASSAU STREET,
NEW YORK, March 12, 1906.

Requisition No. 29—For work done and materials furnished under contract dated July 21, 1902, Principal Contract No. 2, for the construction and operation of the rapid transit railroad of The City of New York, to 28th day of February, 1906, as follows:

Total to date, relative to the contract value of the whole work.....	$1,396,626 51
Less previous requisitions	1,358,368 63
Balance due, relative to the contract value of the whole work	$38,257 88

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
(Signed) By AUGUST BELMONT, President.

Certificate No. 29—I hereby certify that the work done and materials furnished under contract dated July 21, 1902, Principal Contract No. 2, for the construction and operation of the rapid transit railroad of The City of New York, for which Requisition No. 29, of date March 12, 1906, is made by Rapid Transit Subway Construction Company, the contractor, has been done and furnished in accordance with the terms of the contract to the value of thirty-eight thousand two hundred and fifty-seven dollars and eighty-eight cents ($38,257.88), that such value has been ascertained relatively to the contract value of the whole work, and that no certificate has previously been made for such work and materials.

(Signed) GEORGE S. RICE,
Chief Engineer of the Board of Rapid Transit Railroad Commissioners.

The following resolution was moved:
Whereas, Rapid Transit Subway Construction Company, the contractor, has made requisition on this Board, dated March 12, 1906, and numbered Requisition No. 29, for work done and materials furnished under contract dated July 21, 1902, Principal Contract No. 2, for the construction and operation of the Brooklyn-Manhattan Rapid Transit Railroad, to the 28th day of February, 1906, and amounting to the sum of thirty-eight thousand two hundred and fifty-seven dollars and eighty-eight cents ($38,257.88); and
Whereas, George S. Rice, Chief Engineer, has certified that the said work done and materials furnished has been done and furnished in accordance with the terms of said contract; that the value has been ascertained relatively to the contract value of the whole work, and that no certificate has previously been made for such work and materials;
Resolved, That this Board hereby approves the said requisition and directs that a voucher be drawn in due form on the Comptroller for the said amount.
Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

Requisition No. 5, extra work, four-track, Section No. 3, was presented as follows:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
OFFICE OF THE PRESIDENT, No. 23 NASSAU STREET,
NEW YORK, March 12, 1906.

Requisition No. 5, Four-Track Section No. 3—For work done and materials furnished under contract dated July 21, 1902, Principal Contract No. 2, for the construction and operation of the Rapid Transit Railroad of The City of New York, to 28th day of February, 1906, as follows:

Total to date, relative to the contract value of the whole work.....	$150,949 80
Less previous requisitions.....	115,452 50
Balance due, relative to contract value of the whole work..	$35,497 30

(Signed) RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
By AUGUST BELMONT, President.

Certificate No. 5, Four-Track Section No. 3—I hereby certify that the work done and materials furnished under contract dated July 21, 1902, Principal Contract No. 2, for the construction and operation of the Rapid Transit Railroad of The City of New York, for which requisition No. 5, Four-Track Section No. 3, of date March 12, 1906, is made by Rapid Transit Subway Construction Company, the contractor, has been done and furnished in accordance with the terms of the contract to the value of thirty-five thousand four hundred and ninety-seven dollars and thirty cents ($35,497.30); that such value has been ascertained relatively to the contract value of the whole work, and that no certificate has previously been made for such work and materials.

(Signed) GEORGE S. RICE,
Chief Engineer of the Board of Rapid Transit Railroad Commissioners.

The following resolution was moved:
Whereas, Rapid Transit Subway Construction Company, the contractor, has made requisition on this Board, dated March 12, 1906, and numbered Requisition No. 5, extra work, four-track, Section No. 3, for extra work done and materials furnished under contracts dated July 21, 1902, and June 9, 1905, for the construction and operation of the Brooklyn-Manhattan Rapid Transit Railroad, additional work in four-tracking in Fulton street, Flatbush avenue, etc., in the Borough of Brooklyn, to the 28th day of February, 1906, amounting to the sum of thirty-five thousand four hundred and ninety-seven dollars and thirty cents ($35,497.30); and
Whereas, George S. Rice, Chief Engineer, has certified that such extra work done and materials furnished has been done and furnished in accordance with the terms of the said contract; that the value has been ascertained relatively to the contract value of the whole work, and that no certificate has previously been made for such work and materials;
Resolved, That this Board hereby approves the said requisition and directs that a voucher be drawn in due form on the Comptroller for the said amount.
Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

Communication of the President of the New York and Jersey Railroad Company was presented as follows, with report of Counsel and Chief Engineer thereon:

NEW YORK AND JERSEY RAILROAD COMPANY,
No. 111 BROADWAY,
NEW YORK, March 22, 1906.

Hon. ALEXANDER E. ORR, *President, Board of Rapid Transit Railroad Commissioners for The City of New York*, No. 320 Broadway, New York City:

DEAR SIR—I inclose herewith proposed plan of the New York and Jersey Railroad Company for its terminal station at the intersection of Sixth avenue and Thirty-third street, to be located in the easterly portion of the block bounded by Broadway, Thirty-second street, Thirty-third street and Seventh avenue, and extending back from Broadway for a distance of four hundred feet, the same being entitled "New York and Jersey Railroad, Sixth Avenue Extension, Terminal at Thirty-third Street," dated February 5, 1906.

This plan correctly indicates the amount of ground desired for terminal facilities, but further study of the conditions may necessitate slight changes in the track and general arrangements.

If the plan is satisfactory in its general features we shall be glad to have it approved by your Honorable Board.

Yours respectfully,
(Signed) W. G. McADOO, President.

No. 32 NASSAU STREET, NEW YORK,
March 15, 1906.

ALEXANDER E. ORR, Esq., No. 346 Broadway:

MY DEAR MR. ORR—The McAdoo people have submitted plans of their terminal stations, both at Dey street and at Thirty-third street, and they ask the approval of the Rapid Transit Board.

So far as the Dey street terminal is concerned there is no legal question, but in respect to the terminal station at Thirty-third street and Sixth avenue there is a situation which seems to me to require serious consideration.

You will remember that by the agreement with that company the City retains the right to purchase (at any time after twenty-five years) the line on Sixth avenue, "including cost of stations, real estate and any and all easements, structures and property connected therewith." This right, however, is only to be exercised in case the City shall determine that the railroad is "necessary or desirable for use as a part of some municipal system of rapid transit to be owned by the City."

The terminal station at Thirty-third street, as planned, is to occupy the entire block between Thirty-second and Thirty-third streets on Sixth avenue, extending back a distance of four hundred feet. In other words, it will occupy thirty-two city lots. I understand that it is proposed to erect a large building, many stories in height, over the station, which will, of course, be in the basement.

If the City should ever buy the Sixth avenue railroad as part of a rapid transit system it would have no use whatever for this terminal station, and it is perfectly clear to my mind that the Board never intended to include such a structure as that in the property that it would be bound to purchase. Mr. Jennings, the counsel for the railroad company, agrees with me in this.

Of course it would be very embarrassing to the City to have to buy such a structure hereafter as part of a railroad; but if the Board simply approves the plans and says nothing more about the matter, I fear there may be a serious question hereafter as to whether or not this terminal station is to be included as part of the railroad which the City may or may not buy. Mr. Jennings and I therefore have drafted resolutions intended to remove any doubt on the point, and I inclose them herewith for your examination. I venture to suggest that it might be well to send copies of this letter and of inclosed resolutions to the other members of the Board, so that they may consider the subject before the next meeting. There is likely to be a great deal of business to be transacted at that time, and the railroad company are anxious to have the plans for this station approved next week, because, I understand, they cannot go ahead any further until they get such approval.

Very truly yours,
(Signed) G. L. RIVES.

NEW YORK, March 21, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—The New York and Jersey Railroad Company has submitted a plan for a terminal yard at Thirty-third street of the Sixth avenue extension. This is an addition to the plan submitted to the Board at the time the New York and Jersey Railroad Company acquired its franchise. The terminal yard is entirely on private property, between Thirty-second and Thirty-third streets, west of Sixth avenue. From an engineering standpoint I do not see any objection to this plan as submitted.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:
Whereas, This Board did, by certificate dated February 2, 1905, grant to the New York and Jersey Railroad Company the right and franchise to extend its road (previously authorized) under Christopher street to Sixth avenue, thence with one branch under Sixth avenue to a terminal station at or near the intersection of Sixth avenue and Thirty-third street, in said borough, and with another branch crossing diagonally under Sixth avenue to Ninth street and thence easterly under Ninth street to a terminal station at or near the intersection of Fourth avenue and Ninth street, in said borough; and
Whereas, The said certificate provides that all plans for and the method of doing the work, including all plans for stations and station arrangements shall from time to time be subject to the approval of the Board; and
Whereas, The said certificate further provides that in case the City or the Board should at any time or times thereafter determine that the portion of the tunnel and railroad thereby authorized under Sixth avenue, between the north line of Ninth street and the south line of Thirty-third street, or the portion under Ninth street east of Sixth avenue, or either of them, should be necessary or desirable for use as a part of some municipal system of rapid transit to be owned by the City, the City should have, and the tunnel company thereby granted to the City, the right and option to purchase and take such portion of the tunnel and railroad thereby authorized at the time or times and upon the terms therein particularly mentioned, and upon the payment or tender by the City of the value of such portion of the said tunnel and railroad, such value, however, not to exceed the actual cost in money of the construction of the said portion of the said tunnel and railroad, including cost of stations, real estate, and any and all easements, structures and property connected therewith, as the same exist at the time when said option should be exercised; and
Whereas, The said railroad company has presented to this Board a plan for the said terminal station at the intersection of Sixth avenue and Thirty-third street to be located in the easterly portion of the block bounded by Broadway, Thirty-second street, Thirty-third street and Seventh avenue and extending back from Broadway for a distance of four hundred feet, which plan is dated February 5, 1906, and marked "Terminal at Thirty-third street," which has been approved by the Engineer of this Board; and
Whereas, The said option and the provisions for the exercise thereof were intended to apply only to stations along the line of said railroad and not to the said terminal station at or near the intersection of Sixth avenue and Thirty-third street, in said borough, so far as the same might be located off the line of Sixth avenue, and this Board and the said City have no interest in the said terminal station except to see that the same is conveniently located and arranged and of sufficient size to furnish proper and adequate facilities for the convenience of the public;
Resolved, That the said plan for the terminal station of the New York and Jersey Railroad Company, at or near the intersection of Sixth avenue and Thirty-third street, be and the same hereby is approved;
Resolved, That no certificate of approval be delivered to the said railroad company except on receipt of an assurance in writing that the option above referred to and the provisions for the exercise thereof will not be claimed by the said railroad company to apply to the said terminal station;
Resolved, That the counsel of this Board be and they are hereby requested to prepare a form of supplemental agreement with the New York and Jersey Railroad Company providing that the option contained in the tenth article of the said certificate of February 2, 1905, shall not be deemed to apply to the said terminal station, but that the City shall have the right to acquire so much of the said station as it may deem necessary, upon terms to be agreed on at the time, or that may be fixed by arbitration in the same manner as provided in said certificate for other cases.
Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

Communication of the President of the Hudson and Manhattan Railroad Company was presented as follows, with report of the Chief Engineer thereon:

HUDSON AND MANHATTAN RAILROAD COMPANY,
No. 111 BROADWAY,
NEW YORK, March 22, 1906.

Hon. ALEXANDER E. ORR, *President, Board of Rapid Transit Railroad Commissioners for The City of New York,* No. 320 Broadway, New York City:

DEAR SIR—I beg to transmit herewith proposed plans of the Hudson and Manhattan Railroad Company of its terminal station on the west side of Church street, between Cortlandt and Fulton streets, in The City of New York, and of the route and profile of the approaches to said station, the same being entitled as follows:

Church Street Station—Plan at street level.
Church Street Station—Plan at intermediate floor level.
Church Street Station—Plan at platform level.
Church Street Station—Plan and section of Dey street underground passage; all dated February 27, 1906; and
Plan and profile of terminal and approaches, dated February 10, 1906.

These plans correctly indicate the amount of ground desired for terminal facilities, but further study of the conditions may necessitate slight changes in the track and general arrangements.

If the plans are satisfactory in their general features, we shall be glad to have them approved by your Honorable Board.

Very respectfully,
(Signed) W. G. McADOO, President.

NEW YORK, March 21, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—The Hudson and Manhattan Railroad Company has submitted plans for a Church street terminal station and its approaches, which plans are an elaboration of the plans submitted at the time the company acquired its franchise. The plans as submitted do not interfere with our plans for future subways in this neighborhood, and from an engineering point of view I do not see any objection to these plans as submitted.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Whereas, This Board did by certificate dated November 24, 1903, grant to the Hudson and Manhattan Railroad Company the right and franchise to lay down, construct and operate a railway beneath the surface of Cortlandt and Fulton streets, in The City of New York, to a terminal station in the easterly portion of the block bounded by Greenwich street, Cortlandt street, Church street and Fulton street, in Manhattan Borough, the same being private property, or so much thereof as the tunnel company might find necessary; and

Whereas, The said company has presented to this Board certain plans for said terminal station, dated February 27, 1906, marked respectively, "Church Street Station, Plan at Street Level;" "Church Street Station, Plan at Intermediate Floor Level;" "Church Street Station, Plan at Platform Level," and "Church Street Station, Plan and Section of Dey Street Underground Passage," and also a certain plan showing the route and profile of the approaches to said terminal station, dated February 10, 1906, and marked "Plan and Profile of Terminal and Approaches," all of which plans have been approved by the Engineer of this Board.

Resolved, That the said plans of the Church Street Station of the Hudson and Manhattan Railroad Company, and of the route and profile of the approaches thereto, be and the same hereby are approved.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Jesup and Claflin.

Nays—None.

Carried.

Communication of the President of the New York and Jersey Railroad Company was presented as follows, with bond in the penal sum of $200,000 with the United States Fidelity and Guaranty Company, as suretv, for the faithful performance of all the conditions and requirements of the certificate of that company, dated February 2, 1905, and referred to the Comptroller for report:

NEW YORK AND JERSEY RAILROAD COMPANY,
No. 111 BROADWAY,
NEW YORK, March 22, 1906.

Hon. ALEXANDER E. ORR, *President, Board of Rapid Transit Railroad Commissioners, for The City of New York,* No. 320 Broadway, New York City:

DEAR SIR—In compliance with the provisions of the certificate granted by your Honorable Board to this company, dated February 2, 1905, I beg to hand you herewith bond of this company in the penal sum of $200,000 with the United States Fidelity and Guaranty Company as surety, conditioned for the faithful performance by this company of all the conditions and requirements of said certificate, so far as the same relate to the construction of the extensions covered by the said certificate. This bond has been submitted to and approved as to form by your counsel.

If the form of the bond and the surety are satisfactory to your Honorable Board I shall be greatly obliged if you will approve it, so that the same may be filed, as required by the certificate, with the Comptroller of The City of New York.

Very respectfully,
(Signed) W. G. McADOO, President.

At this point the Mayor withdrew from the meeting.

Communication of the President of the Rapid Transit Subway Construction Company was presented as follows and referred to the Chief Engineer for report:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
No. 23 NASSAU STREET, NEW YORK CITY,
March 16, 1906.

Hon. ALEXANDER E. ORR, *President, Board of Rapid Transit Railroad Commissioners,* No. 320 Broadway, New York City:

DEAR SIR—My attention is called to the fact that the plans for the power house and accessories at Fifty-eighth street and Twelfth avenue have never been formally and specifically approved by your Board, although practically approved by acquiescence. On September 25, 1901, a general statement of the plans for actual equipment was submitted (Minutes, page 1286), and on September 27 approved "as to their design and quantity" (page 1288). On January 9, 1902, the Chief Engineer reported in favor of the proposed site of the power house at Twelfth avenue and Fifty-eighth street, and on February 6, 1902, the Board recommended the City authorities to consent to the use and occupation of Twelfth avenue, between Fifty-eighth and Fifty-ninth streets, for the purposes of the Rapid Transit Railroad.

On April 17, 1902, Mr. McDonald transmitted to your Board a full set of plans of the power house, construction under which plans was thereafter prosecuted and the power house completed in accordance therewith, and a full statement as to the site of the main power house and substations, and the general plan of electrical equipment, is contained in the report of your Board for 1902 at pages 292 to 295, and a description of the power house given on page 257 of the report of your Board for the year 1904.

At the meeting of your Board held January 29, 1903 (Minutes, page 1956), your Chief Engineer reported that the detail plans of the equipment, including the power plant, had been referred to Messrs. Duncan & Hutchinson, and their report was submitted showing that they had received plans and specifications and general information covering the equipment, power house, etc., all of which had been examined with great care and which they reported would give a satisfactory service.

At the meeting of your Board held December 10, 1903 (Minutes, page 2456), a preliminary report of the Chief Engineer as to equipment of the Manhattan-Bronx railroad was read, showing that the Chief Engineer had received drawings and specifications and plans of the equipment proposed to be used, which had been referred to Messrs Duncan & Hutchinson, Consulting Engineers.

While I am advised that the above-mentioned facts constitute a practical approval by your Board of the plans and construction of the power house, still, in view of the provision in the contract to the following effect, viz.:

"The general plans of the equipment, including designs for cars, devices for signals and ventilators, must be submitted to the Board and approved by it both as to design and quantity, and furthermore, the construction of the equipment must be similarly approved as to material and workmanship,"

—I would respectfully ask for a more formal approval of the construction of the equipment, and particularly of the power house and the installation therein and connected therewith.

Very respectfully yours,
(Signed) AUGUST BELMONT, President.

A copy of resolution of the Board of Aldermen, dated February 28, 1906, was presented, as follows, with report thereon of the Chief Engineer, and a copy of the said report was ordered transmitted to the Board of Aldermen:

In the Board of Aldermen.

Whereas, There is no subway station on the Broadway branch of the Interborough Rapid Transit Company between One Hundred and Sixteenth and One Hundred and Twenty-eighth streets (Manhattan street), a distance of twelve blocks; and

Whereas, The neighborhood from One Hundred and Twentieth to One Hundred and Twenty-fifth street has recently built up very rapidly, and this distance between stations causes much hardship to these residents, and also to people who desire to visit Grant's Tomb; therefore be it

Resolved, That the Board of Rapid Transit Commissioners and the Interborough Rapid Transit Company be and they are hereby requested to take under consideration the establishment of a station at or about One Hundred and Twenty-second street and Broadway.

Adopted by the Board of Aldermen February 28, 1906, a majority of all the members elected voting in favor thereof.

(Signed) P. J. SCULLY, Clerk.

NEW YORK, March 16, 1906.

ALEXANDER E. ORR, Esq., *President, Board of Rapid Transit Railroad Commissioners,* No. 320 Broadway, New York City:

DEAR SIR—I am in receipt of a resolution adopted by the Board of Aldermen on February 28, 1906, in reference to the establishment of a station at or about One Hundred and Twenty-second street and Broadway.

At One Hundred and Twenty-second street the Rapid Transit Railroad runs out of the subway construction into an open cut as it approaches the viaduct. It is impracticable to construct a station at this point without encroaching seriously upon the roadway of the street either side of the portal.

A station might be constructed at One Hundred and Twenty-first street, under the street surface, or at One Hundred and Twenty-fifth street, over the roadway. In the former case, however, such station would be too near the One Hundred and Sixteenth street station, within four blocks, and in the latter case too near the present Manhattan station, within three blocks. One Hundred and Twenty-first street would also be particularly objectionable as a point for the location of a station, because the subway tracks are descending approximately on a 2 per cent. grade at this point; in consequence of this it would be difficult to stop and start the trains properly.

In conclusion, therefore, in my opinion it is impracticable to construct any additional subway station between the One Hundred and Sixteenth and Manhattan street stations.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Communication of the Eastern District Board of Trade, dated the 7th of March, 1906, requesting the Board to lay out an additional rapid transit route, beginning at the junction of Twenty-third street and Fourth avenue, Manhattan Borough, through Twenty-third street to and under the East river, to Greenpoint avenue, Kingsland avenue, White street, Bushwick avenue to Jamaica avenue, to Jamaica, was presented and referred to the Committee on Plans and Contracts.

Communication of Frank J. Sprague was presented as follows, and a copy ordered transmitted to each member of the Board for his information:

OFFICE OF FRANK J. SPRAGUE,
COMMERCIAL CABLE BUILDING, No. 20 BROAD STREET,
NEW YORK CITY, March 8, 1906.

ALEXANDER ORR, Esq., *Chairman, Board of Rapid Transit Commissioners, New York City:*

DEAR SIR—In reply to the Secretary's letter of March 2, I beg to call attention to certain facts and conclusions relating to the equipment and operation of the present subway, and to offer some suggestions as to future equipments for the attainment of a very necessary result, operation under conditions of maximum safety and capacity.

My comments are not dictated by any spirit of captious criticism of the character of the equipment as a whole, the installation of which has been carried out in a manner reflecting in many ways great credit on those chiefly concerned, as well as distinguished by the introduction of a number of innovations affecting safety, reliability and permanence, but rather relate to what seem to me certain fundamental errors for which there are many causes, and which it is of importance should not be unnecessarily perpetuated. Nor, although public opinion is divided concerning the operating and financial results of the recent merger of the different companies in this City under one management, with consequent removal of competition, will this communication concern itself with questions of that merger, municipal ownership or any proposed changes in the authority of your Board, all of which, so far as affecting certain engineering conclusions and results, are quite outside the sphere of this communication.

Considering, however, the practical results achieved in the operation of the subway, it is useful to determine to what extent the contract with the Rapid Transit Construction Company has been fulfilled, and whether, in case of default, the Board shall demand compliance with the original requirements, or whether public safety, convenience and dispatch require modifications of them. The conditions governing the equipment and operation of future roads should remove beyond question the possibility of tacit assent to failure, if there be such, to meet previous requirements acting as a precedent for like default in future.

I take the liberty at first of briefly reviewing the original contract.

By authority of your Board, its terms were, on the 11th of October, 1899, approved by the Corporation Counsel, and on the 21st of February, 1900, the formal contract was concluded which provided for the construction, equipment and operation of the Rapid Transit Railroad, and a lease from the City for a term of fifty years.

In order to provide the necessary surety, and to finance the contract, the Rapid Transit Subway Construction Company had been incorporated, and this became the real principal, being superseded after completion by the operating company.

THE CONTRACT.

1. *General Conditions.*

Among these the contractor is obligated to "so construct and equip the railroad as to fully and strictly meet all the requirements and exigencies of the operation thereof, as provided in the lease."

Bonds for faithful performance are required, and provision made in case of default on the part of the contractor.

2. *Agreement for Construction.*

The contractor is here required to provide "a complete equipment of the railroad according to the definition of equipment" and "the specifications."

"It is expressly agreed that no omission on the part of the Board or its Engineer or any other subordinate of the Board to point out errors, variations or defects shall in any way relieve the contractor from its obligation to fully construct and equip the railroad according to the terms of" the contract.

Provision is made for final arbitration of any "dispute, question or doubt as to what is the obligation of the contractor" which "shall arise prior to the time of the complete construction and equipment of the railroad and the declaration thereof by the Board"—such arbitrators as a last resort being appointed on joint request by the "Executive Committees of the Chamber of Commerce and the Association of the Bar."

3. *General Specifications.*

In these are found the following requirements:

"Full and sufficient equipment to be provided by the contractor."

"The amount of such equipment shall be at least sufficient to supply at one time trains of three cars on local lines at two-minute intervals, and trains of four cars on express lines at five-minute intervals."

"The motors shall have sufficient power to haul on local gradients, in addition to their own weight, a train of five cars at an average speed of thirty-five miles an hour, with stations one and a half miles apart, allowing ten seconds for the duration of each stop." This implies a locomotive or leading motor car equipment.

THE LEASE.

This provides that "the contractor shall pay to the City rental for the railroad, which rental shall consist," in addition to interest upon all bonds which shall be issued by the City for construction, of certain percentages upon the excess of profits of the contractor "over 5 per cent. return upon its invested capital."

Also, "in respect to safety, speed and convenience, and in all other respects" the railway shall be "of the very best character according to the highest modern standard."

A variation in train schedule is provided as follows:

"The local trains shall be run at a speed on the average, stops at stations included, of not less than 14 miles per hour. The express trains shall be run on the average, stops at stations included, at a rate of not less than 30 miles per hour. The contractor shall, so far as is practicable, meet all reasonable requirements of the public both in respect to frequency and character of its railway service to the full limit of the capacity of the railroad."

"If at any time the Board or its engineer shall notify the contractor of any defect in the railroad or the equipment such defect shall be forthwith completely remedied by the contractor at its own expense so far as the same interferes with the convenience or practical operation" of the road "to its full limit."

The contractor is required to "at all times provide, in quantity amply sufficient for travel to the full capacity of the railroad, cars, rolling stock and other parts of the equipment of the best character known at the time to the art of interurban railway operation," and to "at all times keep upon the railroad cars, motors and other equipment which shall to the limit of the capacity of the railroad be adequate to the requirements of the traveling public."

In case of any neglect the Board may require the defect to be made good, and in default thereof to take possession of the railroad or equipment.

It is evident that the Commissioners, realizing the great cost of an underground railroad, and actuated by the highest ambition to promote public interests, intended to safeguard the provision of an equipment which should fully utilize its trackage to the extent of public needs, and that capacity was the fundamental object.

It is to be regretted that the possibilities of capacity were not at the time more generally appreciated, and that the requirements of the equipment were not made specific, instead of their being left largely to the option of the contractors, who, however commendable their intentions and laudable their general efforts, have failed to achieve the full measure of reasonable and practicable possibilities, to their own and the City's serious detriment.

Whether all the conditions set forth in the contract were wise, and whether even now in the matter of schedules the Board may not be justified in relieving the contractor of a special obligation is another question. Quite possibly such release should be granted, but if there be shortcomings, the practical results attained should as far as possible be utilized in guarding against future mistakes.

When the general contract was made in February, 1900, there had been ample opportunity from an engineering standpoint of ascertaining what was possible in the matter of schedules and train operation, and as the plans of the road had then been practically completed the conditions of variation from earlier conceptions could have been determined. At least the adoption of certain basic principles absolutely vital to the requirements of the contract, that the road should be operated at a maximum of safety, convenience and dispatch up to the limits of its capacity, was possible. To perhaps emphasize certain conclusions I will take the liberty of referring to your files. These will show that nearly three years earlier, on August 13, 1897, I invited the Board to witness the first practical test of what is now almost universally known as the "multiple-unit system" of electric railway operation, pointing out that all hope of high schedules and capacity, essential to the ultimate success of the subway, hinged upon this development.

The invitation did not meet with favorable response, but work on the system progressed rapidly, and on April 1, 1898, when franchises generally were under discussion, I addressed a letter to Mr. Starin, Chairman of your Contract Committee, pointing out that the question of motive power was a vital one, and urged that whatever franchises be granted, either for extensions of the elevated or for an underground railway, the use of electricity should be made compulsory, and that local schedules of 16½ miles and express schedules of 30 miles per hour should be required.

A fortnight afterwards the first regular electric trains on the new system were put into operation on the South Side Elevated Railroad of Chicago, and three months later steam locomotive operation was abandoned.

Nearly a year later, April 26, 1899, in a letter to the Chairman of the Board, I opposed the stand taken by a prominent railroad official in favor of a steam operated elevated road, and urged that electricity should be specifically adopted as the motive power, which would remove the objection raised to an underground railroad. Referring to the possibilities of individual car equipment under common control, I offered to guarantee results, and again called attention to the possible schedules as given in my earlier letter.

Meanwhile the "multiple-unit system" had become established, and it is proper to say here that it has now been generally adopted, both by operating and electrical manufacturing companies. I individually have no longer the slightest financial interest in it in this country and my present comments are based simply upon engineering considerations, and a desire to see not only the present but all future rapid transit roads in this City, for which in one form or another I have been an active advocate for a good many years, equipped according to the highest standard.

Without being too technical, the system may be briefly described as the individual equipment of cars with motors and controllers, and a secondary control train line, so that the cars can be assembled indifferently into trains of any length, the controllers, and consequently the motors, being simultaneously controlled from either end of any car from small master switches.

The description now characterizes the equipment of all elevated and underground railroads, but in the subway it is not carried to its logical conclusion, for there have been introduced additional cars which are not equipped with motors, but through which the control is transmitted, a practice entirely acceptable in some cases, but not I think in this one.

The system, when properly installed, provides for the maximum service on a given trackage, measured both by schedule speed and the number of cars which can be handled in a given time. It permits of trains of any length which shall have absolutely the same characteristics, under like load per car, that a single car has. It insures the maximum schedule speed with the minimum, that is the safest top speed, and consequently the greatest possible density of train movement.

It is, of course, also evident that in addition to the operation of heavy train units, it makes possible the operation, under the limitations of safe headway, of a greater frequency of smaller units without any increase of power, thus insuring not only the utmost capacity of the railroad, but the maximum convenience of passengers; in short, urban passenger railway operation under conditions of best theoretical and practical efficiency, a frequent succession of units varying in length according to traffic requirements.

The geographical conditions existing in New York and the character of the traffic make vital the full utilization of this principle of operation, for, no matter how measured, the maximum capacity is certain to be ultimately demanded.

At first sight it would seem that the highest schedule—that is, the maximum running speed of a train, including station stops—would insure this result, but on a road such as the subway this is not so, because after reaching a certain schedule speed any further increase requires such an increase not alone of power but of the maximum speed that the increased distances between trains required for safe operation will actually cut down the number of cars which can be dispatched by a station in a given time. This is because of the greater distance traveled by a train when braked, which varies about as the square of the speed.

The reduction in frequency also militates against real rapid transit for the passenger, because his schedule is measured by the time taken from entrance into a station to departure at his destination, and is made up of his wait for a train and the time of transit occupied by it when he is on board, plus delays in changing from an express to a local or vice versa, and to whom, therefore, frequency and regularity are quite as important as individual train speed.

It would therefore appear that the route, curvatures and grades of an urban road having been determined, one of the most important steps is to ascertain what schedules, properly made, will give the maximum capacity of the road and the quickest average transit for passengers. Unfortunately, this was not done when the original contract was made, nor when the subsequent equipment contract was issued on March 19, 1902.

The specifications of the latter adhered to the 30-mile express schedule, but proposed to raise the local schedule from a minimum of 14 miles to 16, both practically as I had advised four years before. But meanwhile the engineering features of the railroad itself had been definitely settled, and it was apparent that a reduction of express schedule might very properly be considered, but of course only under authority of the Commissioners. Believing that a change was advisable and that the best results would be obtained by similarity of equipment for all cars, express or local—the express tracks being simply a by-pass around local stations on one section—I called attention to the fact that while the 30-mile express schedule was possible, it required an equipment of about 400 horse-power for every car in an express train; that by adopting a schedule of about 25 miles an hour the running time from City Hall to Ninety-sixth street, the limit of the express division, would be increased two and one-half minutes only, while the motor equipment would be reduced one-half, the same as required for the local service, and that then not only could the schedules be safely maintained if the cars were properly equipped, but cars would be interchangeable for the two services.

Had this suggestion been approved, every car should have been made a motor car, equipped with only the power necessary to maintain under load and at crowded hours its schedule as an individual unit. With two motors per car, to get a suitable ratio of weight on the drivers, the acceleration of all trains under like conditions would in practice be the same, and the relation of express and local schedules such as would put equal duty on all cars, the express time being made simply because of non-intermediate stops. This is all the more important because of the extending and necessary common use of the same tracks by local and express trains except on the Ninety-sixth street-Brooklyn Bridge Division.

This harmonious and effective plan was not adopted, but motors were provided of the capacity necessary for each car equipment in case a 30-mile express schedule was to be maintained. Trailers or dead cars were then introduced in both express and suburban trains, and schedules of 25 and 15½ miles, respectively, adopted, but under conditions which do not permit the maximum capacity of the road, nor do they lend themselves to that ready variableness in train lengths so as to best meet the requirements of the passenger. Furthermore, under the constant pressure towards denser traffic such a mixed equipment is not conducive to safety because of the higher speeds necessary to maintain the official schedules.

As operated, the express trains consist either of five motor cars and three trailers or four motor cars and two trailers, and the suburban trains of three motor cars and two trailers or two motor cars and one trailer, there being similarity in neither equipment, capacity nor performance under these various combinations. The heterogeneous character of the equipment, wooden cars between heavier steel motor cars, may be a matter of consequence in case of collision or derailment at high speed, precisely as if ordinary day coaches alternated with heavy Pullman cars in steam practice. This condition, however, is in part due to the adoption of improved constructions, and to that extent only has been unavoidable, but it should not be permitted on new roads.

In the matter of frequency of service, reference to the official schedules shows that on the Broadway and Lenox Avenue divisions express trains are operated during the day and evening at intervals varying from 4 to 10 minutes, with no trains for about five hours after midnight, and locals at intervals varying from 4 to 15 minutes, while there is but one variation in the length of trains on either service. The running times are based on an express schedule on the main stem of 25 miles per hour, and 15½ miles for the locals, which are not during crowded hours often maintained, partly because of deficiency in equipment and also because of the unusual delays at express station transfers with restricted car exits.

Of course the increase of equipment to enable the 30-mile express schedule to be made on the present road is a serious matter, and if insisted on would involve an expenditure of several hundred thousand dollars. I assume that the right remains with the Board, if it deems it proper, to demand strict fulfillment of contract obligations, but that it can also relieve the contractor under satisfactory conditions if that seems best for the public service.

The advisability of equipping all the present cars with motors of the same size will of course be disputed, because it may be fairly claimed that a signal-controlled 30-mile express schedule cannot be maintained during crowded hours with existing station waits. If, however, only 25-mile express and 15½-mile local schedules be adhered to, the present equipment, while ample in the matter of power alone, is not suitably distributed to maintain these schedules under adverse conditions, nor under maximum conditions of safety with dense traffic; every car of the train should be equipped. This criticism applies, of course, to both services, but is most pertinent the shorter the intervals and the higher the schedules.

The advantages of a suitable complete equipment are clear. A quicker rate of acceleration at starting and in picking up after slowing down for signals or curves, a more regular and frequent service, with consequent less crowding of platforms, reduction of standing load operation at unnecessarily long intervals, the maintenance of practical passenger schedules at lower maximum speeds and consequently with greater safety, and the resulting possibility of a more dense train movement—all speak eloquently in its favor.

Distribution of tractive effort reduces to a minimum the tendency to slip and grind the rails and wheels, while maintaining a sufficiently high rate of acceleration to properly make the schedule. Keeping down the maximum speed likewise lessens the wear and tear of wheels and brake shoes in stopping, a matter of considerable importance in tunnel service.

The fewer the number of motor cars the more serious will be the interference with schedule because of failure of one; and in the event of brake troubles, with necessary recourse to the motors for stopping a train, complete equipment adds measurably to the limit of safety. Keeping the express schedule and the maximum speeds within proper limits means reduction in length of signal blocks, with consequent increased density of train movement.

On any given trackage increase of capacity must ultimately depend upon equipment, and as the City is to receive, in addition to interest on bonds issued for construction, a percentage of earnings above 5 per cent. return on capital invested, capacity is an essential to this return. The fact that the road ultimately reverts to the City likewise makes important the installation of proper equipment.

Speaking generally, it seems necessary to require the establishment of such conditions as will insure maximum safety and capacity, and this is a question of immediate importance which should not be eliminated from consideration of the construction of additional subways or extension of trackage. I therefore suggest that among questions of moment are: Shall the existing company be required to live up to the specific requirements of its contract in the matter of express schedules; or if it should appear that a higher capacity and better practical passenger schedule may be secured by a lower train schedule, and with greater train frequency, what steps shall be taken to secure these results; and what shall be the condition of equipment and operation on competitive subways, that is, such as are not extensions of the present one?

I have confined myself primarily to the question of power equipment and operation of the trains to get maximum results. Of course there are many other matters of great importance, such, for example, as car construction and signaling, but discussion of which I will not now attempt. Some are of engineering character and others such as have undoubtedly been the subject of your investigation.

As to the new roads, it would seem that there are two courses open to your Board: Either to make no requirements whatever as to equipment and operation, leaving the question entirely a matter of competition, the details to be determined by the contractor and his engineers; or, on the other hand, to make such specific requirements as will insure the most satisfactory results.

Inasmuch as the safety of the public and the interests of the City must be conserved, and these responsibilities cannot be readily laid aside, I think that the latter is the preferable plan—and fair alike to all competitors. In such case I suggest the incorporation of certain requirements as follows:

Summary.

Such schedules and limiting maximum speeds should be determined as will practically insure maximum capacity of the road under conditions of greatest safety.

Cars should be so equipped that the train characteristics will be independent of length or make-up.

As a necessary corollary of the above, dead cars should be abolished, and motor cars only used, each equipped with the only proper power to make the required schedule under adverse conditions. Trains, therefore, should be homogeneous.

The control should be primarily automatic, subject to manual and individual equipment current limitations, and should provide an even and unbroken rate of acceleration throughout the movement of the controller.

The braking system should be provided with a graduated release, or be manually directly responsive to either application or release, to avoid irregularities and shocks, as well as to enable the making of accurate stops.

In submitting this communication I beg to thank the Board for the opportunity of laying before it views which are based on many years of experience in this particular branch of engineering, and dictated in a large measure by my desire to add anew in some measure to the convenience and safety of public travel.

Respectfully,
(Signed) FRANK J. SPRAGUE.

Report of the Chief Engineer on ventilation of the subway was presented as follows and a copy ordered transmitted to each member of the Board for his information:

March 22, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—Pursuant to the instructions of the Board, I hereby submit a report covering the investigations which have been made by the engineering staff with regard to improving the ventilation of the subway.

This work was started nearly a year ago, and has been in charge of Mr. D. L. Turner, connected with this Department, and the examinations have been continued throughout the greater part of one year and up to the present date.

When the plans of the present subway were made, it was assumed that the movement of the trains would so change the air that a sufficient circulation would be obtained, and the investigations made confirm that assumption. The subway being the largest of its kind in existence, its carrying capacity involved a new problem which had to be solved, that of taking care of the heated air caused by the operation of fast trains at small intervals.

Therefore, having no previous experience from other roads to judge from, in designing the subway such provisions were made, that, if additional facilities for ventilation were required, they could be furnished with the least possible expense and inconvenience to operation. Had a system of ventilation been installed previous to the operation of the road, it would probably not have been efficient, as at that time the extent of the problem was not known. There was no precedent anywhere to draw conclusions from, and not until after the operation of the road last summer were the actual conditions obtained.

Many persons interested in this question of ventilation have communicated with the Engineering Department, but invariably all who gave consideration to the subject were ignorant of the actual causes of the trouble. It is not so much a question of ventilation as it is a question of getting rid of the heat caused by the operation of the trains at high speed. Almost all who had a scheme to propose either thought it was a matter of a device to be worked out or that some patented appliance which they had would solve the problem.

At my request the Board employed Dr. George A. Soper to look into questions relating to any possible deterioration of the air in the subway. This report has already been submitted to you. Dr. Soper's conclusions practically show that the air of the subway is not much different from that on the outside, and that the defects which have been found can be remedied by the ordinary means of sanitation. Dr. Soper went into the question with a great deal of enthusiasm, and the efforts and the researches made by him are to be commended.

At the time when the work was under construction in the beginning of 1900, observations were begun to determine the conditions of the air, so that they could be used later in the case of such a contingency as has arisen. These observations have been continued until the present time, and they furnish the Board with invaluable data upon the subject.

Subsequent to operation, beginning in June of last year and continuing to and including December, observations even more exhaustive have been carried on. The main scope of these investigations has had reference to the heat conditions in the subway with a view to determining the cause of the condition, the modifying factors, and the possible remedies. The investigations have been confined to that portion of the subway between the Brooklyn Bridge and Ninety-sixth street stations. This portion of the road exhibits most acutely the defects for which a remedy is sought, and demands the most immediate relief. North of Ninety-sixth street on both the Broadway and Lenox avenue branches the conditions are not so bad and relief may be left until a later date, if any need be provided at all.

General Conclusions.

From a study of all the investigations which have been made, I have arrived at the following conclusions:

First—Before operation the subway in winter was warmer, and in summer cooler, than the street. In the spring and fall the inside and outside temperatures were about the same.

Second—All of the electrical energy consumed in operating trains (about 83 per cent. of that generated at the central power house), is utilized in overcoming friction and is thereby transformed into heat in the subway. In addition to this heat a relatively small amount of heat is given off by passengers using the subway. The total amount of heat that may be liberated when the ultimate train schedule is in operation may be nearly 100 per cent. greater than the amount liberated during the operating conditions of the past summer.

Third—The greater part of all this heat is dissipated through the floor, sidewalls and roof of the subway structure into the adjacent ground. A relatively small amount is carried out of the openings of the subway by the exhaling and inhaling action of the trains. The effect of the remaining heat is to increase the temperature in the subway after operation to approximately 12, 20 and 15 degrees, in winter, spring and summer respectively, higher than the temperature before operation.

Fourth—The air in the subway between stations is not renewed frequently by the inhaling and exhaling action of the trains, while at stations the renewal is more frequent. The renewal action is to a great extent local, its effect being mainly felt in the immediate vicinity of the openings, whether at stations or interior points.

Fifth—Such renewal of air as does take place is frequent enough for the ordinary purposes of ventilation, as ventilation is commonly understood, but is not sufficient to remove any large amount of the fine particles of iron dust due to an excessive wear of rolling stock and rails.

Sixth—The renewals also are not frequent enough, nor does their maximum effect occur at the proper periods to materially reduce the heat in the subway.

Seventh—The problem of improving conditions in the subway is mainly one of heat disposal, and not ventilation.

Eighth—Therefore, to materially improve the conditions in the subway, the air must be renewed more frequently than at present throughout the whole subway, and at the same time recourse must be had to some method of cooling it.

Cooling the Air.

With regard to the renewal of the air plans have been determined upon for accomplishing the desired results. To produce the cooling, however, no method has yet been fixed upon. The problem is so unusual and of such magnitude, that no definite plan can be devised until extensive experiments can be made in the subway itself during actual summer conditions.

Three ways in which the cooling may be accomplished are, first, by evaporation of water; secondly, by refrigeration, and, thirdly, by absorbing the heat by disposing relatively cool water throughout the subway in some manner to be determined upon.

Renewing the Air.

The most desirable manner of renewing the air under the conditions which exist in the subway is to exhaust the air at points midway between the stations, thereby causing the inflow of air through the station openings. By this means the freshest air is always secured at the station, and such iron dust as may be liberated is also drawn into the interior and out through the exhaust openings there provided.

There are two mechanical means available for exhausting the air, first, automatic louvres, or valves; second, fans operated by electric motors.

The louvres are movable and are operated entirely by the movement of the trains in the subway. They are so constructed that they will only open outward and balanced so that they remain always closed, except when the interior air pressure is greater than that outside. The air pressure produced by a train as it approaches the openings, in which the louvres are placed, forces them open. An outflow of air is thereby induced and continues until the train has passed the louvres, when they immediately close. The air necessary to replace that removed can be drawn in only through the station openings. By this means a flow of air (more or less intermittent) is produced through the station openings into the stations, and thence through the subway to the interior outlets.

The operation of the louvres is dependent entirely upon the train movement; therefore, the volume of air removed by them during any time of the day will depend upon the number of trains moving during that period.

From observations made upon those installed between Columbus Circle and Sixty-sixth street stations, it was found that approximately 20,000 cubic feet per minute were discharged through 100 square feet of louvres during the hours of maximum train movement. From 1 to 5 a. m., when very few trains are moving, only about 5,000 cubic feet per minute were discharged through the same area.

If the air is to be renewed only for the purpose of ventilation, the installment of a sufficient number of louvres would unquestionably bring about the desired results; as the volume of air renewed is nearly directly proportional to the number of trains operated, or proportional to the number of passengers carried. When, however, renewal is desired for cooling purposes and not for ventilation only—as this is commonly understood—train action should be supplemented by other devices, such as fans; especially should this be done during the night hours. At this time the outside temperature is at its lowest, and the benefit from air renewal for cooling purposes would be the greatest.

Again, at the present time there is no provision whatever for renewing the air in case the subway should become filled with smoke. Under such circumstances the signals would be obscured and trains become stalled; the louvres, therefore, would not be operative. Fans should be provided for such an emergency.

Louvre chambers are considerably larger than fan chambers of an equivalent capacity; in consequence, their cost of construction will be greater. It requires no additional power, however, to operate the louvres, while the operation of fans consumes considerable power.

Brooklyn Bridge to Columbus Circle.

From Brooklyn Bridge to the Columbus Circle Station it is proposed to provide fourteen outlet chambers. It is recommended that these chambers be constructed as louvre and fan chambers combined; the louvres to be continuously operated, but the fans only to be used for twelve hours (at night) out of the twenty-four hours, during the three summer months, when the heat condition is excessive, as also during any emergency period.

Further, it is proposed that the chambers be made slightly larger than would be required for fans and louvres combined, in order that an emergency exit may be provided through these chambers to the street at points in the subway midway between stations.

The louvres and fans are to be designed to effect a complete renewal of the air throughout all parts of the subway once in thirty minutes. Except in three instances, the chambers are to be constructed under the sidewalks adjacent to the subway structure. The air from the chambers is to discharge into the street through gratings in the sidewalk surface. In the three excepted instances noted, the discharge is to be through gratings, but these gratings are to be located in the parkway areas.

If it is found necessary, it is proposed that the fans be provided with cycloidal discharge tubes in order that the velocity of the discharge through the gratings may be reduced to five miles per hour, thereby overcoming the objectionable features of such method of discharge. As an additional adjunct, the grating bars are to be inclined so as to deflect the air towards the centre of the street. Subsequently, however, if these sidewalk gratings are objectionable to the public, ornamental chimneys, about ten feet high and designed to discharge the air over the middle of the street away from the buildings, can be provided.

The estimated cost for carrying out the above plan is $170,000.

This plan provides for a measure of renewal throughout the year by means of the louvres; it insures a maximum renewal during the night hours during midsummer by the fans, thereby attaining the maximum cooling effect possible, due to renewal; provides emergency exits throughout the subway between stations, and finally makes provision for a positive removal of smoke from the subway in case of fire.

From Columbus Circle to Ninety-sixth Street.

From Columbus Circle to Ninety-sixth street the subway has been found to be invariably cooler than between Brooklyn Bridge and Columbus Circle. This is due to the fact that in the former section ventilating openings are provided over the subway between stations.

To accomplish the same measure of improvement in this portion of the subway as it has been planned to attain south of Columbus Circle, it is proposed to install louvres in all the ventilating openings north of Columbus Circle to Ninety-sixth street, and as an adjunct to louvres; and for emergency purposes as above, fan houses are to be erected in the parkway over the central openings between each two stations and fans installed.

The estimated cost of the fourteen sets of louvres and six fan outfits required to carry out this plan is $40,000.

Vault Light Openings.

To facilitate the action of the fans and louvres, more openings should be provided at the stations for the inlet of fresh air. To accomplish this, it is proposed to cut out 6,200 square feet of vault light work at the several stations. In these vault light openings gratings are to be provided. Where the gratings occur over station platforms, copper pans are to be placed under them to provide for drainage. The estimated cost of this work is $30,000.

Summarizing, the total estimated cost of the work recommended with contingencies for renewing the air from Brooklyn Bridge to Ninety-sixth street, once every thirty minutes, is $275,000.

When the above plans are carried out the condition in the subway next summer will be improved to a marked degree.

All the work outlined, except the fans between Columbus Circle and Ninety-sixth street, should be proceeded with at once and completed by June 1.

Respectfully yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Counsel reported the granting of an order by the Appellate Division of the Supreme Court, dated the 19th of March, 1906, fixing the compensation of the members of the Board for services performed during the calendar year 1905 at $5,000 each. The following resolution was thereupon moved:

Resolved, That the officers of this Board be and they hereby are authorized to make requisition on the Board of Estimate and Apportionment for the sum of thirty thousand dollars ($30,000), in accordance with an order of the Appellate Division of the Supreme Court in the First Department, dated the 19th of March, 1906, fixing the compensation of the members of this Board for services performed during the calendar year 1905, being five thousand dollars ($5,000) for each Commissioner.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.

Nays—None.

Carried, the Comptroller not voting.

Letters of Paul Grout, transmitting application of the Flatbush Avenue Realty Company, for permission to have show windows on their premises abutting the station of the Rapid Transit Railroad, at the junction of Fulton street and Flatbush avenue, Brooklyn, was presented as follows and referred to the Committee on Plans and Contracts:

No. 189 MONTAGUE STREET, BROOKLYN,
March 1, 1906.

Rapid Transit Railroad Commission, No. 320 Broadway, New York City:

GENTLEMEN—Enclosed please find application of the Flatbush Avenue Realty Company for permission to have show windows upon their premises abutting the station of the Rapid Transit Railroad at the junction of Fulton and Flatbush avenues.

Yours very truly,
(Signed) PAUL GROUT.

FLATBUSH AVENUE REALTY COMPANY,
No. 428 FULTON STREET,
BROOKLYN, February 28, 1906.

Rapid Transit Railroad Commission, No. 320 Broadway, New York City:

DEAR SIRS—The undersigned is the owner of the premises on the corner formed by the intersection of the westerly side of Flatbush avenue and the northeasterly side of Nevins street, known as the Johnson Building, and occupied by William Wise & Son and Cowperthwait Company, having a frontage of 113 feet and 5 inches on Flatbush avenue, and we understand that said frontage of said building on Flatbush avenue abuts the subway station at the junction of Flatbush avenue and Fulton street, and we hereby

apply for permission to have and maintain show windows upon our premises and opening on to the said station, to be constructed and maintained at our own cost.

Yours very truly,
(Signed) THE FLATBUSH AVENUE REALTY COMPANY.

Communication from the Secretary of the Board of Estimate and Apportionment, transmitting a copy of statement of G. J. Clarke as to scheme for increasing the carrying capacity of the subway, with report thereon of the Chief Engineer, were presented and a copy of the said report ordered transmitted to the Board of Estimate and Apportionment.

Report of the Chief Engineer concerning conditions of traffic, especially at One Hundred and Forty-ninth street, in The Bronx Borough, was presented as follows, and a copy ordered transmitted to the Interborough Rapid Transit Company:

NEW YORK, March 21, 1906.

Hon. ALEXANDER E. ORR, *President, Board of Rapid Transit Railroad Commissioners,*
No. 320 Broadway, New York City:

DEAR SIR—Several communications have been received by the Board and have been transmitted to me for report, in reference to running Manhattan elevated trains north and south over the West Farms branch of the subway, and also suggesting changes in the present operation of subway trains, all with a view to improving the service provided for Bronx passengers.

In order to determine the conditions existing, I had observations made on Friday, March 9, between 7 a. m. and 7 p. m. at One Hundred and Forty-ninth and One Hundred and Fifty-sixth street, Manhattan elevated stations in The Bronx, and also at the south end of the Harlem River Bridge on the Manhattan elevated, with a view to determining: First, the number of north and south-bound trains occupying the elevated structure between the Harlem River Bridge and One Hundred and Forty-ninth street station. Second, the approximate number of passengers in the north-bound trains leaving the One Hundred and Forty-ninth street station, and in the south-bound trains arriving at the same station.

Further observations were made at the One Hundred and Forty-ninth street subway station on March 3 to 7, inclusive, which indicated the condition of the north and south-bound trains leaving the station.

As a result of these observations I arrive at the following conclusions:

First—That sometimes during the rush hours as many trains as practicable are now being operated north-bound and south-bound over the elevated structure between the Harlem River Bridge and One Hundred and Forty-ninth street station.

Second—Generally Second avenue trains north of One Hundred and Forty-ninth street station were not more than about one-third full of passengers. Third avenue trains north of One Hundred and Forty-ninth street station were not more than two-thirds full, except between the hours of 7 and 9 a. m. and 5 and 7 p. m. Standing passengers were observed only in south-bound trains north of One Hundred and Forty-ninth street station between the hours of 8 and 9 a. m.

Third—The Interborough Rapid Transit Company advise us that on March 9 32,100 transfer passengers passed through the One Hundred and Forty-ninth street subway and elevated stations. The ticket sales at the subway station on the same date were approximately 7,000. Therefore, there are four times as many transfer as local passengers using the One Hundred and Forty-ninth subway station. Mainly in consequence of the number of transferees, this station, due to the inadequacy of the stairways under such conditions, is greatly congested during the rush hours. The congestion of the elevated station, however, is not serious; the addition of the unloading platform east of the structure having greatly relieved the condition.

Fourth—It is obvious, therefore, that all Second avenue trains, both north-bound and south bound, and some Third avenue trains, both north bound and south bound, at all hours, except during the rush hours, could be run on the Westchester branch of the subway and still provide adequate service on the elevated railroad north of the One Hundred and Forty-ninth street station. This could be done without adding to the total number of trains now run during the rush hours, and without increasing the number upon the structure between the Harlem River Bridge and the One Hundred and Forty-ninth street station. Furthermore, if such a deflection of the Second and Third avenue trains on the subway structure were brought about, the number of passengers who would have to pass through the One Hundred and Forty-ninth street subway station by transfer would be reduced approximately one-half, and congestion during the rush hours be much relieved.

Fifth—It is shown that the north and south-bound trains leaving the One Hundred and Forty-ninth street station during the rush hours show the trains full and with people standing, but in no case does the number of standers equal two-thirds the seating capacity of the train. Therefore, if one-half of the total number of transfer passengers who now pass through this station during the day were carried up the West Farms branch by the deflection of the Second and Third avenue trains, as above indicated, the subway service as now provided would be adequate, except as noted by your Committee in their report concerning the general traffic conditions in the subway.

Regarding the additional stairways, which it has been suggested should be provided at the One Hundred and Forty-ninth street subway station, I desire to point out that when this station was designed the control of the Manhattan elevated and subway lines was under separate corporations and they were, therefore, competing lines. It was not thought that this station would become a general transfer point for distributing people throughout The Bronx. It is only due to this fact that additional stairways would seem to be necessary. It is entirely practicable to provide another stairway on each of the platforms at the station. In my opinion, however, these additional stairways will not be required if the number of transfer passengers passing through the station is reduced by operating Manhattan trains north and south over the West Farms subway tracks.

Respectfully yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Report of the Chief Engineer was presented as follows:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, March 21, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—At the last meeting of the Board I stated that proper progress was not being maintained in the East river tunnel work, and that I thought there should be a change in the superintendence of the work. I beg to report that the Rapid Transit Subway Construction Company has made a change in the organization of its force, and since that time the change of administration has been beneficial; there has been less friction and a marked tendency to consider the wishes of the Engineering Department in conducting the work. Three headings at the present time are in rock, and one is within a few feet of rock. The work is now progressing satisfactorily, although at present it is premature to state just what method will be pursued in making an extra effort to complete the contract on time.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Report of the committee appointed at the last meeting to investigate the service in the subway was presented as follows:

March 22, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—Pursuant to the following resolution passed by the Board at its last meeting you appointed a committee consisting of the Comptroller, Commissioner Claflin and the Chief Engineer to report in accordance therewith.

"Resolved, That a committee of three be appointed by the President of the Board of Rapid Transit Railroad Commissioners to investigate the question of frequency and efficiency of service in the subway, and to report back to this Board such suggestions as may be found necessary and suitable to be required of the Interborough Rapid Transit Railroad Company, now operating the cars in the subway, looking to the improvement of the train service."

As soon as practicable, therefore, the Engineering Department made some observations, commencing on Saturday morning, March 3, at 8 o'clock, and continued them without intermission until 8 o'clock on Wednesday morning, March 7. Saturday, March 3, was a rainy day, while on Sunday, Monday, Tuesday and Wednesday fair weather prevailed.

Vice-President E. P. Bryan of the Interborough Rapid Transit Company has furnished the following as the number of tickets sold on the separate days, from which it will be seen that the sales on Monday were extraordinarily large, probably the largest day's sales since the operation of the road:

	Total Ticket Sales at All Stations.
Saturday, March 3	446,884
Sunday, March 4	280,081
Monday, March 5	539,248
Tuesday, March 6	478,605

The data obtained is voluminous, covering over 3,000 sheets of record, and this has been worked out in a graphical way, by sheets and diagrams furnished with this report. These sheets cover the express and local service on all the days of the observations.

The train movement has been compared with the schedule instituted by the Interborough Rapid Transit Company on December 27, 1905. The number of cars in trains and the approximate number of passengers carried are represented on the charts, the diagrams indicating the average condition of each car in all the trains run within the hour.

A car seats 52 passengers. For convenience in making the charts the condition of a car was estimated to the nearest one-third full, or, when people were found standing, the estimated number of standers was noted in the same manner. A glance at the chart shows that the portion of the diagram cross-hatched represents the condition of the car between empty and full, the standers being represented by solid shading.

The conclusions drawn from these observations are as follow:

First—It is clearly apparent that passengers do not properly distribute themselves through the trains at any hour of the day, the end cars being less crowded than those in the centre, and in many instances the central cars are crowded with standers while there are seats vacant in the end cars.

Second—In the Sunday train service it is shown that either north or southbound express trains during some portion of their run south of Ninety-sixth street station carry passengers standing.

On Sundays the express trains are five-car trains. In order to provide adequate service on Sundays, it appears that seven or eight-car express trains should be run during the whole Sunday schedule, and a close study of the observations which have been made shows that, in order to accommodate the churchgoers on Sunday, the express train service should be begun at an earlier hour.

Third—The local service on Sundays seems to be very nearly a proper service, particularly if the suggested changes in the express service, as stated above, should be carried out. We noticed that the scheduled and observed number of trains running at all hours corresponded closely, and in some cases other trains were interjected with an idea of meeting the fluctuating movements of the public. From two o'clock in the afternoon until midnight on Sunday the Lenox avenue locals are generally in a crowded condition. The Broadway locals during the same hours carry fewer passengers and are not crowded. The Lenox avenue locals on Sunday afternoons run at about six-minute intervals. To provide adequate service, it is obvious that the number of trains should be increased.

Fourth—In respect to the week day service, it is noticeable that in the express service, from early morning until nine o'clock at night, either north or southbound express trains for some portion of their run below Ninety-sixth street carry standing passengers. Between the hours of 7 and 9 a. m. and 5 and 7 p. m., express trains are run approximately at the smallest interval practicable, and are filled with passengers to their maximum carrying capacity; in one case as many as eighty passengers have been carried in a half car during such hours, or 160 passengers to a car. During these hours it seems almost impracticable to provide any better service. During the other hours of the day, both morning and afternoon, the express train service has been reduced, ranging from a six-minute interval between 6 and 7 in the morning and 7 and 8 o'clock in the evening, and a little less than a three-minute interval between 9 and 10 in the morning and 4 and 5 o'clock in the afternoon, for eight-car trains. Between 7 and 8 p. m. some of the expresses are reduced from eight cars to five cars, and after 8 p. m. approximately all express trains are reduced to five cars. To provide adequate service for express trains, therefore, eight-car trains should be maintained throughout the day from 6 o'clock in the morning until 9 o'clock at night, and more express trains should be run through the day until one o'clock at night than the schedule now provides for.

Fifth—As to the local trains on week days, between 7 and 9 o'clock in the morning southbound Lenox avenue cars and all southbound locals below Grand Central Station are crowded. Between 5 and 7 o'clock in the evening all locals north of Grand Central Station and all Lenox avenue locals are crowded, these of course being in the rush hours, and the interval between trains is a little over two minutes. It seems to us that the running of the local trains during rush hours should be increased; at all other hours of the day the local service seems to be adequate.

We have noticed that it is often the practice of the guards at the forward end of the trains when at stations, when no passengers are directly opposite the doors, to close them before the bell has been rung starting the trains, and it is quite frequent to see people who are crowding around the doors of the middle part of the train rush to the forward doors and find themselves shut out, and in that way very often lose their opportunity to board the train.

We have also observed that at certain times expresses are withdrawn and that no notice of the same can be obtained from any attendant on the platform, more particularly late at night, and think that when the express service is discontinued notices should be put up at the express stations so informing the public.

Respectfully submitted,
H. A. METZ,
(Signed) JOHN CLAFLIN,
GEORGE S. RICE.

The following resolution was moved by the Comptroller, seconded by President Orr:

Resolved, That the report of the Committee as above printed be and the same hereby is approved.

Resolved, That a copy of the report of the Committee as above be and the same hereby is ordered transmitted to the Interborough Rapid Transit Company.

Resolved, further, That special attention be called to the necessity for more express trains at the hours mentioned therein, for longer local trains where necessary; that provision should be made in some adequate manner, either by announcement, or by signs conspicuously placed, of the cessation of express service, and that the express service from the Ninety-sixth street station should be continued until one o'clock at night.

Ayes—The President, Comptroller and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.
At this point the Comptroller withdrew from the meeting.

Report of the Chief Engineer was presented as follows:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, March 21, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—On Wednesday, March 14, at a few minutes before 9 o'clock a. m., an express train, after leaving the Fourteenth street station, on the express down-town track, had a loose tire on one of the wheels of the rear truck of the third car which derailed the rear end of the car at a point opposite the north end of the Bleecker street station, and the train proceeded on its way to Spring street before being brought to a standstill. Inasmuch as the motor slid along on the top of the east running rail, there was not a very marked movement of the car causing the derailment.

No one was injured, but unfortunately the traffic was interfered with for nearly two hours and a half, but some traffic was maintained over the uptown express and the local tracks. The accident was a very peculiar one, and it was fortunate that no serious results were encountered other than the interference with the traffic.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

President Orr asked the Chief Engineer if the Interborough Rapid Transit Company was taking any steps toward the placing of "I" bars on the pillars alongside the tracks in the subway for additional safety in case of derailment of trains, and the Chief Engineer reported that such steps were being taken.

Report of the Chief Engineer was presented as follows, together with letter of Nicoll, Anable and Lindsay, with reference to an order of the Board of Health addressed to the Interborough Rapid Transit Company, dated the 15th of March, 1906, containing certain directions as to the sanitary condition of the subway:

NICOLL, ANABLE & LINDSAY,
No. 31 NASSAU STREET,
NEW YORK, March 22, 1906.

To the Board of Rapid Transit Railroad Commissioners:

GENTLEMEN—On March 16, 1906, there was served upon our client, the Interborough Rapid Transit Company, an order made by the Department of Health of The City of New York, requiring among other things the following:

"That spittoons be placed in and upon each station platform; that a sufficient number of such spittoons be provided, and that same be raised from the platforms; that such spittoons be provided with sawdust and cleaned and disinfected twice daily."

The station platforms referred to are the platforms both of the Manhattan Elevated Railroad and of the subway. We are informed by Mr. Rice, your Chief Engineer, that he objects to the placing of spittoons in the subway stations. At a meeting of the Board of Health, held yesterday, we called the attention of the Board to Mr. Rice's objection, and also stated that, according to advices from Mr. Rice, this matter would be brought to your attention at your meeting to-day.

In order that our client may fully understand your wishes in this matter, we respectfully ask that some official action be taken, either approving or disapproving the placing of spittoons in the stations of the subway, so that we may understand how to proceed further with reference to the order of the Board of Health.

Yours very respectfully,
(Signed) NICOLL, ANABLE & LINDSAY,

NEW YORK, March 22, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—I have received a letter from Mr. E. P. Bryan, Vice-President of the Interborough Rapid Transit Company, calling attention to communication, copy of which I inclose, received from the Board of Health under date of March 15, in reference to the care of stations under the control of the Interborough Rapid Transit Company.

Independent of the question of jurisdiction, whether the care of the subway devolves upon the Rapid Transit Board or is under their supervision jointly with the Board of Health, I notice one particular article, designated "Article F," which to my mind is decidedly objectionable and a step backward. This article states that "spittoons be placed in and upon each station platform; that a sufficient number of such spittoons be provided, and that the same be raised from the platforms; that such spittoons be provided with sawdust and cleaned and disinfected twice daily."

I have given considerable attention to this question of the use of spittoons in connection with travel in crowded cities, and think that a compliance with this order would not only be detrimental to the cleanliness of the stations, but would encourage the use of spittoons when their use should rather be discouraged.

When the subway was first opened it was a very common practice for the public to expectorate upon the platforms, but such use of the platforms has now almost entirely disappeared. The public have been educated on this subject, and it is particularly noticeable that the only spitting now is done on the tracks. Spitting by the public in such places is more a matter of habit, and the public can gradually be influenced to stop so objectionable a practice. The natural cleanliness of the stations precludes a tendency to indulge the habit of spitting. In extreme cases where expectoration may be found necessary the toilet facilities provided for both men and women at all stations, with one or two exceptions, can be availed of.

I have examined with a great deal of care the places where spittoons are in use as required by the regulations of the Board of Health, and although looked after as frequently as required by that Board, they are disgusting to the sight and obnoxious both as to cleanliness and to healthfulness.

It seems to me that more radical steps should be taken by the Interborough Company in reference to the prevention of spitting and of using the stations of the Rapid Transit Railway in an objectionable way by the public before such practices as recommended by the Health Board are carried out.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Resolved, That the report of the Chief Engineer, pointing out the many objections to the use of spittoons in the subway stations, be and the same hereby is approved, and that a copy of his report be transmitted to Nicoll, Anable & Lindsay in response to their letter.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

Report of the Chief Engineer was presented as follows:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, March 13, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—I beg to report that the railroad north of One Hundred and Fifty-seventh street was opened by the contractor on Monday morning at 6 o'clock, and is now operated as far as the Harlem River Ship canal, with the exception of the stations at One Hundred and Sixty-eighth, One Hundred and Eighty-first and Two Hundred and Seventh streets. These stations are not ready for operation, but will be within a few months.

A shuttle train, running at intervals of 12, 16 and 24 minutes at different times of the day, provides the necessary service. This time schedule, however, will be modified to meet the varying demands of the traffic.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Report of the Chief Engineer was presented as follows and ordered approved:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, March 9, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—The automobile provided by my predecessor—for the use of the Chief Engineer—has been, and continues to be, a source of expense for which no compensatory advantages are returned. I have endeavored to arrange for its sale, but as it would be necessary to dispose of it at public auction, I am of the opinion, after due inquiry, that the price it would bring under such procedure would probably not pay for the advertising and the expense of sale.

After communicating with the Comptroller, I have concluded, with your approval, to turn it over to the Commissioner of Street Cleaning, either to be stored or to be used in that Department if it can be of any service there. The Commissioner has advised me of his willingness to take it.

Until such time as active work of construction may again be in progress, I have no use for such transportation, and, in any event, the present machine is out of date, and never gave general satisfactory service.

I wish also to report in reference to two small portable buildings provided for sub-offices that are now out of use and are obstructions in the streets; these also cannot be disposed of at auction to advantage. The Street Cleaning Commissioner has expressed a desire to have these buildings, which are now deteriorating, as they are not in use, and I recommend that they be also turned over to him.

Should these articles be sold at auction, and should they bring anything more than the cost of advertising and sale, the proceeds would go to the Sinking Fund.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Report of the Chief Engineer was presented as follows:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,
NEW YORK, March 12, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—In the inspection of cement, the studies made by the Inspection Department have been of great benefit in regulating the material supplied to the contractors on the rapid transit work. The inspection has been very rigid, and at no time has there been any criticism of the quality of the material, and this result has been obtained by the method employed in testing the cement.

We are now in need of a machine to be used for testing the cement by compression. The cost of the machine is $980. This compression machine I consider necessary, but before purchasing it, respectfully request authority of the Board to make this expenditure.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Resolved, That the Chief Engineer of this Board be and he hereby is authorized to purchase a machine for testing cement by compression, at a cost of $980, in accordance with his request as above.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

On report of the Chief Engineer the following resolution was moved:

Resolved, That the President of this Board be and he hereby is authorized to execute renewal of lease of offices in No. 317 Furman street, Brooklyn, at $13 per month, for the year ending December 31, 1906, and lease for offices at Nos. 59 and 61 Pearl street, Manhattan, for eleven months beginning June 1, 1906, at the rate of $1,778 per annum.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

The following resolution was moved:

Resolved, That this Board hereby makes the following appointments and promotions, accepts the following resignations and consents to the following transfers on the staff of its Chief Engineer:

Name and Title.	Salary.	To take effect.
Appointments.		
Charles N. Pinco, Topographical Draughtsman	$1,200 00	Mar. 16, 1906

Fred'k W. Horenburger, Architectural Draughtsman	1,350 00	Apr. 1, 1906
Wm. Goldstein, Junior Clerk	744 00	Apr. 1, 1906
John J. Lilley, Junior Clerk	744 00	Apr. 1, 1906

Transfers.

Alexander S. Solow, Topographical Draughtsman, from the Borough of Richmond.
Louis B. Manheimer, Rodman, from the Board of Water Supply.
Macrae Sykes, Assistant Engineer, to the Board of Water Supply.
John R. McGrath, Assistant Engineer, to the Department of Water Supply, Gas and Electricity.
Joseph J. Sley, Axeman, to the Borough of Richmond.
Bernard A. Ball, Office Boy, to the Department of Finance.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

The following letter of Dr. Soper was presented:

GEORGE A. SOPER, PH.D.,
No. 29 BROADWAY, NEW YORK,
March 22, 1906

Mr. ALEXANDER E. ORR, *President, Rapid Transit Railroad Commissioners,* New York, N. Y.:

DEAR SIR—In reply to your inquiry as to whether my recent sanitary investigation of subway conditions points to the need of further studies, I have the honor to make the following reply:

During the course of my investigation, I reported that a considerable amount of iron dust was contained in the subway air and that it would be desirable to make special studies to determine whether injurious effects were being produced by the iron particles upon the health of the employees and public. I was not authorized to make these studies. I am still of the opinion that they should be made.

The investigation would be slow. It would require the co-operation of many different people. At your suggestion, I have recently inquired of the operating company whether they would co-operate and I have been assured by Mr. Hadley that the Interborough would facilitate the work as far as it was able.

Under the most favorable circumstances, it would not be possible to complete the investigation within a few weeks or months. Reports of progress could be made at intervals if desired, but a final report should not be expected in less than six months or a year.

The investigation would cost more now than it would have cost had it been undertaken while my investigation was in progress, for entirely new facilities and a new organization would have to be arranged for. I estimate that the sum of $2,500 would be sufficient to pay for the professional services and all other expenses connected with the investigation.

Very respectfully,
(Signed) GEORGE A. SOPER, Ph.D.

The following resolution was moved:

Resolved, That the President of this Board be and he hereby is authorized to make arrangements with Dr. Soper as outlined in his letter above.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

Report of the Chief Engineer was presented as follows:

NEW YORK, March 22, 1906.

Hon. A. E. ORR, *President, Rapid Transit Board:*

DEAR SIR—Messrs. Louis Duncan and Cary T. Hutchinson have been employed by the Board as Electrical Advisers. I respectfully recommend that their services be dispensed with, taking effect on March 7, 1906.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Resolved, That the services of Louis Duncan and Cary T. Hutchinson as Electrical Advisers be and the same hereby are dispensed with, to take effect the 7th of March, 1906.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

Mr. Boardman presented consents for an additional elevated rapid transit line on Jerome avenue, etc., in the Borough of The Bronx, for preservation.

Mr. Rives reported that the case of Wilcox vs. the City as to the constitutionality of the so-called Elsberg bill, transferring the jurisdiction over rapid transit matters to the Board of Estimate and Apportionment, had been argued in the Court of Appeals on March ——.

The following resolution was moved:

Resolved, That the bill of Boardman, Platt & Soley and George L. Rives for disbursements made as counsel in connection with the obtaining of consents to additional rapid transit routes, etc., etc., and amounting to six thousad one hudred and seventy-two dollars and fifty-one cents ($6,172.51), be and the same hereby is approved, and that a voucher be drawn on the Comptroller in due form for the said amount.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

Counsel presented bill of The Lawyers' Advertising Company for $9,708.45, for advertising notices for the appointment of and the sittings of Commissioners to determine whether certain rapid transit lines ought to be constructed and operated in Seventh and Eighth and Third and Lexington avenues, and the following resolution was moved:

Resolved, That the bill of The Lawyers' Advertising Company for advertising notices for the appointment of and the sittings of Commissioners to determine whether certain rapid transit lines ought to be constructed and operated in Seventh and Eighth, Third and Lexington avenues, amounting to the sum of nine thousand seven hundred and eight dollars and forty-five cents ($9,708.45), be and the same hereby is approved, and that a voucher be drawn on the Comptroller, in due form, for the said amount.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.
Nays—None.
Carried.

The following offers to release easements were presented:

I, the undersigned, owner of the premises Nos. 2352, 2354 Southern Boulevard, hereby offer to convey to The City of New York such easements in front of said property as may be necessary to maintain and operate an elevated railway as the same is now maintained and operated. The consideration of said conveyance, if accepted by said City, to be ten dollars per running front foot of my said premises.

Dated New York, December 8, 1905.

(Signed) FERDINAND HECHT.

The mortgages (if any) on said premises are held by Louise Langbein, the mortgages aggregating the sum of twenty-five hundred dollars on both houses.

I, said mortgagee, hereby consent to said conveyance being made and agree to release said easements.

January 2, 1906.

(Signed) LOUISE LANGBEIN,
No. 4272 Park avenue, New York City.

AUGUSTINE & HOPPING, COUNSELORS-AT-LAW,
No. 92 WILLIAM STREET,
NEW YORK, March 15, 1906.

Board of Rapid Transit Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I am the owner of the parcel of land situated on the easterly side of Tenth avenue, between Two Hundred and Thirteenth and Two Hundred and Fourteenth streets, beginning at a point on the easterly side of Tenth avenue 25 feet south from the corner formed by the southerly line of Two Hundred and Fourteenth street and the easterly side of Tenth avenue, and running thence southerly along the easterly side of Tenth avenue 124 feet 10 inches, and being 100 feet in depth on each side, and I herewith offer to convey the easements necessary to construct, maintain and operate the Rapid Transit Railroad in front of said premises for the sum of $6 per front foot.

Annexed herewith you will find a diagram of the premises in question.

Very sincerely yours,
(Signed) JOHN M. RICE.

BANTON MOORE, COUNSELOR-AT-LAW,
No. 23 NASSAU STREET,
NEW YORK, March 22, 1906.

Hon. ALEXANDER E. ORR, *President Board of Rapid Transit Commissioners, New York City:*

DEAR SIR—Inclosed are options signed by Louisa Stein, owner of No. 970 Westchester avenue, and Moses L. Olenick, owner of No. 972 Westchester avenue, to settle their claims for damages by reason of the elevated railway structure in Westchester avenue.

Very truly yours,
(Signed) BANTON MOORE.

I, the undersigned, owner of the premises No. 972 Westchester avenue, hereby offer to convey to The City of New York such easements in front of said property as may be necessary to maintain and operate an elevated railway as the same is now maintained and operated. The consideration of said conveyance, if accepted by the City, to be ten dollars per running foot frontage of said property.

Dated New York, March 22, 1906.

(Signed) MOSES L. OLENICK.

I, the undersigned, owner of the premises No. 970 Westchester avenue, hereby offer to settle the claim for damages which I have by reason of the maintenance and operation of an elevated railway in front of said property in consideration of a payment to me of a sum equivalent to ten dollars per front foot of said premises. This offer, if not accepted, is made without prejudice and is to remain open for sixty days.

Dated New York, March 22, 1906.

(Signed) LOUISA STEIN.

ROSE & PUTZEL,
No. 128 BROADWAY, NEW YORK,
February 16, 1906.

Board of Rapid Transit Commissioners of The City of New York:

GENTLEMEN—We understand that you are acquiring certain easements along upper Tenth avenue, in connection with subway there. Our client, Mr. William I. Rosenfeld, the owner of certain premises on Tenth avenue, between Isham street and Sherman avenue, more fully indicated on inclosed plat, has authorized us to sell such rights of easement appurtenant to above property, as you require. We are prepared to consider any offer submitted by you.

Yours very respectfully,
(Signed) ROSE & PUTZEL.

Know all men by these presents, That I, William I. Rosenfeld, for and in consideration of the sum of one dollar, lawful money of the United States to me in hand paid, the receipt whereof is hereby acknowledged, do hereby agree that I will sell and release to the Board of Rapid Transit Railway Commissioners of The City of New York such easements of light, air and access appurtenant to each and every part of the parcel of property owned by me situate on Tenth avenue, between Two Hundred and Ninth and Two Hundred and Tenth streets, in the Borough of Manhattan, City of New York, more fully indicated on the annexed sketch, as they may require in connection with the subway along and under Tenth avenue, between said streets above mentioned, on these terms and conditions, that they pay to me for said easements the sum of one thousand two hundred and twenty-one dollars, being at the rate of ten dollars per linear front foot of said property and that this option be accepted within sixty days of the date hereof.

Dated, New York, March 2, 1906.

(Signed) WM. I. ROSENFELD.

March 14, 1906.

Board of Rapid Transit Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I am the owner of a parcel of land situated on Westchester avenue, about 387 feet east of Prospect avenue, having a frontage of 50 feet on Westchester avenue, and I herewith offer to convey the easements necessary to construct, maintain and operate the Rapid Transit Railroad in front of said premises for ten dollars ($10) per front foot.

Yours respectfully,
(Signed) MAX J. ADLER,
No. 856 East One Hundred and Thirty-fifth street.

A. SPENCER, No. 31 NASSAU STREET,
NEW YORK, March 22, 1906.

The Board of Rapid Transit Commissioners, No. 320 Broadway, New York City:

SIRS—I am authorized by the owners of the property shown on the diagrams annexed hereto to offer the easements necessary for the construction, maintenance and operation of the elevated railroad in front of these properties at the rate of $10 a front foot. This property is owned by the Shepperd estate and consists of 100.58 feet on east side of Boston road, beginning 93 feet south of One Hundred and Eightieth street; also 34 feet on east side of Boston road, beginning 246 feet north of One Hundred and Seventy-seventh street.

I understand a consent was given on this property by the executors of the Shepperd estate, but I think you will find the consent of no value because the executors have no power of sale under the will and further the estate is subject to the life interest of one of the devisees under the will and is charged with the payment of the monthly legacy during the lifetime of one of the persons mentioned in the will. I have already submitted a copy of the will to the Corporation Counsel.

Yours very truly,
(Signed) A. SPENCER.

100.58 feet on the east side of Boston road, beginning 93 feet south of One Hundred and Eightieth street. Shepperd estate, owner.

I am authorized to settle the claim for easements on the above property for $10 a front foot.

A consent was signed on this property by the executors, which they had no right to give. See will attached.

March 14, 1906.

(Signed) A. SPENCER.

34 feet on east side of Boston road, beginning 246 feet north of One Hundred and Seventy-seventh street. Shepperd estate, owner.

I am authorized to settle the claim for easements at the rate of $10 a front foot.

A consent was given on this property by the executors to construct the elevated road. Such consent was not valid, for the executors had no power under the will to give consent. See copy of will annexed.

(Signed) A. SPENCER.

March 14, 1906.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I am the owner of a parcel of land situated on the Southern Boulevard, situated between Freeman and Jennings streets, having a frontage of 25 feet on Southern Boulevard, and I herewith offer to convey the easements necessary to construct, maintain and operate the Rapid Transit Railroad in front of said premsies for $10 per front foot.

Yours truly,
(Signed) WILLIAM ALLAN,
No. 872 East One Hundred and Thirty-fifth street.

EDWARD W. MURPHY, COUNSELOR-AT-LAW,
No. 346 BROADWAY, NEW YORK,
March 14, 1906.

Board of Rapid Transit Commissioners, No. 320 Broadway, Borough of Manhattan, City of New York:

GENTLEMEN—I have been authorized by the Manatee Company to sell the easements of the property shown on the annexed diagram, which has been or will be affected by the construction or operation of the elevated portion of the rapid transit railway, at $10 per front foot.

An early reply will greatly oblige.

Yours very truly,
(Signed) EDWARD W. MURPHY,

EDWARD W. MURPHY, COUNSELOR-AT-LAW,
No. 346 BROADWAY, NEW YORK,
March 13, 1906.

Board of Rapid Transit Commissioners, No. 320 Broadway, Borough of Manhattan, City of New York:

GENTLEMEN—I have been authorized by the owner of Lot No. 5 of Block 2202 and Lots Nos. 22, 23, 24 and 25 of Block 2223 to sell the easements of same where they have been or will be affected by the construction or operation of the elevated portion of the rapid transit railway at $10 per front foot.

An early reply will greatly oblige.

Yours very truly,
(Signed) EDWARD W. MURPHY.

The following reports from the Corporation Counsel were presented:

LAW DEPARTMENT, OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, March 13, 1906.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York:

GENTLEMEN—I have caused the title to premises situated on the easterly side of the Southern Boulevard, 200 feet north of One Hundred and Sixty-seventh street, being 25 feet frontage by 100 feet in depth, to be examined, and find that Mary A. Curtis is the owner and can convey the easements necessary to construct, maintain and operate an elevated railroad in front of said property.

There is a mortgage made by Simon Straus to Maria Z. Palmieri, dated August 24, 1904, recorded in Section 10, Liber 54, page 236.

Respectfully yours,
(Signed) G. L. STERLING,
Acting Corporation Counsel.

LAW DEPARTMENT, OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, March 13, 1906.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I have caused the title to premises situated on the easterly side of Westchester avenue, 50.95 feet north of Union avenue, being 25 feet in front by 115 feet in depth, to be examined, and find that title thereto is vested in Richard A. Farrelly, subject to a mortgage made by Madeline M. Smith to Gertie Weil, dated May 1, 1905, recorded in the office of the Register of the County of New York, Section 10, Liber 75, page 20, to secure the sum of $18,000. The release should be obtained from Madeline M. Smith, Gertie Weil and Richard A. Farrelly.

Respectfully yours,
(Signed) G. L. STERLING,
Acting Corporation Counsel.

Report of the Comptroller was presented as follows:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 5, 1906.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—The Board of Rapid Transit Railroad Commissioners have presented to this office an offer from the attorney of the owner of the property known as Lot No. 13, in Block 2745, having a frontage of 37.45 feet on Southern Boulevard, Borough of The Bronx, to sell and convey the easements in, over and upon the said Boulevard in front of and adjoining said property, for the sum of $10 per running foot.

Hon. George L. Rives, attorney for the Board, also transmits a communication under date of February 21, 1906, in which he refers to report from this office under date of January 9, 1906, in relation to the offer of Lena Sternschuss to sell the easements in front of property owned by her, known as Lot No. 13, in Block 2644, which was returned to the Board of Rapid Transit Railroad Commissioners with the information that the matter had been previously acted upon. Mr. Rives in his communication states:

"I have re-examined the subject, and from such information I am satisfied that this is a mistake, and that neither the present owner nor the former owner, Margaret Henchen, ever released the easement in question."

I would therefore respectfully recommend that the Board of Rapid Transit Railroad Commissioners adopt a resolution authorizing the acquisition of all the easements of light, air and access appurtenant to any of the following several pieces or parcels of land which may have been, or which may hereafter be, taken or damaged, in whole or in part, by the construction, maintenance or operation in, upon or over said streets by the Rapid Transit Railroad, in accordance with the rules and general plans prescribed by the Board of Rapid Transit Railroad Commissioners for The City of New York, by resolutions adopted January 14, 1897, and February 4, 1897, providing a satisfactory title can be secured by grant or release; the consideration to be in each case $10 per running foot frontage of the following properties:

Bertha Kramer, Lot No. 13, Block 2745, Southern Boulevard, 37.45 feet front; rate, $10; total, $374.50.

Lena Sternschuss, Lot No. 13, Block 2644, Westchester avenue, 25 feet front; rate, $10; total, $250.

Respectfully submitted for approval,
(Signed) MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
(Signed) H. A. METZ, Comptroller.

The following resolution was moved:

Resolved, That this Board, for and in behalf of The City of New York, do acquire from:

Bertha Kramer, Lot No. 13, Block 2745, Southern Boulevard, 37.45 feet front; rate, $10; total, $374.50.

Lena Sternschuss, Lot No. 13, Block 2644, Westchester avenue, 25 feet front; rate $10; total, $250.

Michael J. Dowd, Lot No. 1860, Boston road (Vyse street), 50 feet front; rate, $7; total, $350.

—the owners of certain property, as described above, all easements of light, air or access appurtenant to any of the said several pieces or parcels of land which may have been or which may hereafter be taken or damaged, in whole or in part, by the construction, maintenance or operation in, upon or over the said streets of the Rapid Transit Railroad, in accordance with the routes and general plan prescribed by the Board of Rapid Transit Railroad Commissioners for The City of New York, by resolutions adopted January 14, 1897, and February 4, 1897, providing a satisfactory title can be secured by grant or release, the consideration to be in each case as specified above.

Ayes—The President and Commissioners Langdon, Jesup and Claflin.

Nays—None.

Carried.

Counsel reported as to progress of various bills before the Legislature amending the Rapid Transit Act.

The Board then adjourned.

BION L. BURROWS, Secretary.

APPROVED PAPERS.

FOR THE WEEK ENDING MARCH 31, 1906.

No. 177.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized and empowered to purchase in the open market, without public letting, the necessary furniture, fixtures and fittings for the Richmond Borough Hall, to an amount exceeding one thousand dollars ($1,000).

Adopted by the Board of Aldermen March 13, 1906.

Received from his Honor, the Mayor, March 27, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 178.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of eleven thousand five hundred dollars ($11,500) for the purpose of increasing the force of the Bureau of Street Openings in the office of the President of the Borough of Manhattan.

Adopted by the Board of Aldermen March 13, 1906.

Received from his Honor, the Mayor, March 27, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 179.

Whereas, The Board of Aldermen, by resolution adopted on the 6th day of February, 1906, and in the exercise of the powers conferred upon the Board by section 54 of the Greater New York Charter, appointed a special committee for the purpose of investigating the Department of Street Cleaning; and

Whereas, On the 28th day of February, 1906, the said Board adopted a resolution defining the authority of the said special committee, and empowering it to incur certain expenses necessary for the purposes of the said investigation; therefore be it

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed the sum of twenty-five thousand dollars ($25,000), the proceeds whereof shall be applied to the purposes of the said investigation.

Adopted by the Board of Aldermen, March 13, 1906.

Received from his Honor the Mayor, March 27, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

No. 180.

AN ORDINANCE governing sidewalk widths in the Borough of Queens.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. In carrying out street improvements in the Borough of Queens, where the regulation of sidewalks and curbing is affected in all new streets and in old ones, where possible, unless serious difficulties interfere, to be then determined by the President of the borough, the sidewalks between street lines and curbs shall be of widths as follows:

A—Where street is less than forty (40) feet wide, to be determined by the President of the Borough, as each special case may require, special.

B—Where street is forty (40) feet wide and less than fifty (50), 10 feet.

C—Where street is fifty (50) feet wide and less than sixty (60), 12.5 feet.

D—Where street is sixty (60) feet wide and less than seventy (70), 15 feet.

E—Where street is seventy (70) feet wide and less than eighty (80), 17.5 feet.

F—Where street is eighty (80) feet wide and less than one hundred (100), 20 feet.

G—Where street is one hundred (100) feet wide and over, to be determined by the President of the Borough as each special case may require, special.

Sec. 2. For all new sidewalk pavement, the footway shall be not less than five (5) feet in width, with either flagstone or artificial stone, in full accordance with or better than called for in the standard specification for this work, on file in the office of the President of the Borough of Queens.

Sec. 3. All sidewalks shall be laid on a grade rising from top of the curb, one-half (½) of an inch to each foot, where only one five (5) foot width of pavement is laid; and of one-third (⅓) of an inch where the whole sidewalk width is to be paved.

Sec. 4. All ordinances, or parts thereof, now in effect conflicting with these, are hereby repealed.

Sec. 5. This ordinance shall take effect immediately.

Adopted by the Board of Alderman, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 181.

Resolved, That the name of the street which now runs from Van Sicklen street to Eighty-sixth street, in the Thirty-first Ward, Borough of Brooklyn, now known as Lake's lane, shall hereafter be known and designated as Lake place, and the President of the Borough of Brooklyn is hereby authorized and empowered to take such action in the premises as shall be meet and proper.

Adopted by the Board of Aldermen, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 182.

Be it Ordained by the Board of Aldermen of The City of New York that the action of Excelsior Hose Company 2, Jamaica Fire Department, City of New York, in the election of Mr. Nicholas W. Hausman, be and is hereby confirmed as a member of said company.

Adopted by the Board of Aldermen, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 183.

Be it Ordained by the Board of Aldermen of The City of New York that the action of Excelsior Hose Company 2, Jamaica Fire Department, City of New York, in the matter of resignation of Mr. Randolph White, Jr., be and is hereby confirmed and his discharge granted.

Adopted by the Board of Aldermen, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 184.

Resolved, That Eugene Hunt, of No. 82 West One Hundred and Fifth street, in the Borough of Manhattan, be and he is hereby appointed a City Surveyor.

Adopted by the Board of Aldermen, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 185.

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that a watering trough be erected and maintained and water supplied therein, on the sidewalk near the curb in front of No. 327 West Twenty-sixth street, in the Borough of Manhattan.

Adopted by the Board of Aldermen, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 186.

Resolved, That permission be and the same is hereby given to William H. Dooley to erect and maintain a watering trough on the sidewalk near the curb in front and on the Park avenue side of his premises at the southwest corner of Navy street and Park avenue, Borough of Brooklyn, the work to be done and water supplied at his own expense, under the direction of the President of the Borough of Brooklyn, such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 187.

Resolved, That the Commissioner of Water Supply, Gas and Electricity is hereby requested to cause four lamp-posts to be erected and street lamps placed thereon and lighted, two in front of each entrance of the new Harlem Presbyterian Church on the southwest corner of One Hundred and Twenty-second street and Mount Morris Park, West, in the Borough of Manhattan, one entrance being upon each of said streets.

Adopted by the Board of Aldermen, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 188.

Resolved, That permission be and the same is hereby given to D. J. MacLeod to conduct contests of clay pigeon shooting, under proper safeguards to be observed therefor, on his grounds known as Greenfield Park, situated on Coney Island avenue and Avenue L, in the Thirty-first Ward, in the Borough of Brooklyn, any and all existing ordinances to the contrary notwithstanding; this permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, March 20, 1906.

Approved by the Mayor, March 27, 1906.

No. 189.

Resolved, That permission be and the same is hereby given to Edward B. Grossman to erect and maintain an awning or marquise of metal and glass over the sidewalk in front of his premises on Surf avenue, near Sherman's Walk (Resurrection Building), Coney Island, Borough of Brooklyn; provided said awning or marquise shall be erected so as to conform in all respects with the provisions of the ordinance in such case made and provided, the work to be done at his own expense, under the direction of the President of the Borough of Brooklyn; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen, March 20, 1906

Approved by the Mayor, March 27, 1906.

No. 190.

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that a watering trough be erected and maintained and water supplied therein, on the sidewalk near the curb on the northeast corner of Jerome avenue and One Hundred and Sixty-ninth street, in the Borough of The Bronx.

Respectfully submitted,
JOHN McDERMOTT,
Sergeant in Command, Sanitary Company.

BOROUGH OF THE BRONX.

MINUTES OF EXECUTIVE SESSION, LOCAL BOARD OF MORRISANIA.

Pursuant to call by President Haffen, the members of the Local Board of Morrisania, Twenty-fourth District, met at the office of the President of the Borough of The Bronx, in executive session, on March 9, 1906, in the Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

Present—President Haffen, Alderman Kuntze, Alderman O'Neill, Alderman Morris and Alderman Murphy.

Absent—Alderman Harnischfeger.

No. 35.

Acquiring Title to East One Hundred and Eighty-fifth Street, from Walton Avenue to Davidson Avenue.

It appeared that the map for this layout was approved by the Board of Estimate and Apportionment January 12, 1906.

Only one signature was on the present petition for acquiring title to this street, alleging to represent 1,074 feet and the protest 875 feet. The protest contained nineteen signatures.

After discussion the Local Board recommended that the owners come to some definite understanding between themselves as to whether they desired the street extended further than the present lay out, and if so, it was suggested that they call upon the Chief Engineer and the Principal Assistant Topographical Engineer and submit a sketch of what they desired.

Secretary directed to communicate these suggestions to the owners in favor of petition and those against.

No. 50.

Laying Out a Public Park, Bounded By Jerome Avenue, Anderson Avenue and One Hundred and Sixty-seventh Street.

After discussion, it was decided to lay this matter over indefinitely.

On motion, the Board adjourned, subject to the call of the Chair.

HENRY A. GUMBLETON, Secretary.

DEPARTMENT OF HEALTH.

a. Includes two cases of measles from Ellis Island.
b. Includes two cases of varicella, twenty of measles, one of diphtheria and two of scarlet fever from Ellis Island.
c. Includes twenty-seven cases of measles and two of varicella from Ellis Island.
d. Includes five cases of measles, two cases of varicella and one case of diphtheria from Ellis Island.
e. Includes seven cases of measles, two of scarlet fever and one of varicella from Ellis Island.
f. Includes seven cases of measles, one of scarlet fever and three of varicella from Ellis Island, and one small-pox from Quarantine.
g. Includes six cases of measles from Ellis Island.
h. Includes thirteen cases of measles, one diphtheria and one varicella from Ellis Island.
j. Includes twenty-two cases of measles and one of varicella from Ellis Island.
k. Includes twenty-one cases of measles and one diphtheria from Ellis Island.
l. Includes thirteen cases of measles and one varicella from Ellis Island.
m. Includes twenty-two cases of measles from Ellis Island.
n. Includes nineteen cases of measles from Ellis Island.

BOARD OF EXAMINERS.

Board of Examiners, March 27, 1906.

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and William J. Fryer, Chairman.

Meeting called to order at 2 p. m.

On motion minutes approved as read.

Appeal 14—New Building 141 of 1906, premises west side of Jackson avenue, 62 feet 8 inches north of Westchester avenue, The Bronx; Messrs. Goldner and Goldberg, architects and appellants.

"No. 1. Partition walls required where spans exceed 26 feet.

"No. 2. Court walls have excessive openings."

The manner of construction and the materials used will furnish a construction which is of sufficient strength to support the imposed loads.

No. 2. Court walls have excessive openings.

1. To be compelled to increase the said court wall 4 inches in thickness would not add materially to the strength of the said construction, because

1. The Code permits the said wall to be 50 feet in a single thickness, instead of the 40 feet 6 inches present.

2. The Code permits a floor span of 26 feet in addition to the 50 feet single span, instead of a present floor span of about 22 feet and less in some parts.

3. The individual piers are well placed and sufficient to carry the imposed loads.

Mr. A. Goldberg appeared before the Board.

On motion, denied.

Appeal 15 of 1906, Alteration 111 of 1906, northeast corner of Robbins avenue and One Hundred and Fiftieth street, The Bronx; Louis Falk, architect and appellant.

"No. 1. That the proposed alteration is unlawful. Sections 142 and 143 of the Code."

That the building is used for a workshop, having no partition in same, and is to be used for workshop for ironworkers hereafter.

The present building is on the outskirts of the fire limits, four feet of the building being outside of the fire limits, and to allow the proposed second story to be built.

That the building was originally intended for two stories and the second tier of beams are now in place, with a temporary roof over same. The building being only two stories high and not over 24 feet high over all.

Mr. Louis Falk appeared before the Board.

On motion, approved on condition that all outside walls of both first and second stories shall be filled in with four inches of brickwork, laid in flat with cement mortar.

Appeal 16 of 1906, New Building 215 of 1906, south side Two Hundred and Thirty-fourth street, about 125 feet from Kingsbridge road, The Bronx; Louis Falk, architect and appellant.

"No. 1. The bearing walls are of unlawful thickness. Section 31 of Code.

"No. 2. The floor and roof beams should not be less than 3 inches in thickness. Section 59 of Code."

The proposed new building being 21 feet wide, in place of 20 feet, as per section 31 of Code.

Two-inch timbers being allowed in frame buildings of that width.

1. To allow the 8-inch side walls to be built of 8-inch thick brick, in place of 12-inch; to be built in cement and lime mortar.

2. To use 2-inch timbers in place of 3-inch.

That the building is to be occupied as a dwelling, two families to the house; and not over 28 feet 6 inches high.

On motion, appeal approved as to objection No. 1 (relating to 8-inch wall), and Appeal denied as to objection No. 2 (relating to 2-inch timber).

Appeal 17 of 1906, Alteration 122 of 1906, No. 741 Tremont avenue, The Bronx; J. J. Vreeland, architect and appellant.

The said addition being 30 feet in depth by the width of the present three-story frame building and one story 15 feet high, the Building Code providing that such addition may be built 15 feet in depth by the width of the main building, thus being unlawful when over 15 feet in depth, unless constructed of brick.

The said Superintendent has not the power to modify the law insomuch as to allow of such frame addition 23 feet wide and 30 feet in depth being built within the fire limits, such power being vested in the Board of Examiners only.

The Superintendent of Buildings not having the power, under the Greater New York Charter, to approve of such frame addition, and as such power is by such Charter vested in the Board of Examiners, will the said Board grant the request of the appellant and allow the erection of said frame addition within the fire limits?

By the erection of a frame addition 15 feet deep, as provided for in the Greater New York Charter, the size of the store would be much too small for the use of the owner, who is to occupy same as a butcher shop, he needing the full depth of the 30 feet addition.

I kindly ask of your Honorable Body a favorable decision; but however, if same is refused we will build such addition of brick.

Mr. J. J. Vreeland appeared before the Board.

On motion, approved on condition that all exterior walls shall be of 8-inch brick work, with one centre pier in the centre of each bearing wall 16 inches in length with a projection of 4 inches; all to be laid in cement mortar.

Adjourned.

M. M. D. CLARK, Acting Clerk.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

City of New York, February 28, 1906.

In compliance with section 1546 of the Greater New York Charter, the Department of Water Supply, Gas and Electricity makes the following report of its transactions for the week ending February 24, 1906:

30 linear feet 18-inch pipe sewer.
550 linear feet 15-inch pipe sewer.
1,006 linear feet 12-inch pipe sewer.
16 manholes.
1,900 feet, B. M., foundation planking.

The time allowed for the completion of the work and full performance of the contract is forty (40) working days.

The amount of security required is Three Thousand Dollars ($3,000).

No. 9. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER IN FORTY-EIGHTH STREET, FROM THIRTEENTH AVENUE TO THE SUMMIT BETWEEN FOURTEENTH AND FIFTEENTH AVENUES.

The Engineer's estimate of the quantities is as follows:
135 linear feet 15-inch pipe sewer.
1,250 linear feet 12-inch pipe sewer.
14 manholes.
1,700 feet, B. M., foundation planking.

The time allowed for the completion of the work and full performance of the contract is thirty (30) working days.

The amount of security required is Two Thousand Five Hundred Dollars ($2,500).

No. 10. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER IN FORTY-FOURTH STREET, FROM FIFTH AVENUE TO SIXTH AVENUE.

The Engineer's estimate of the quantities is as follows:
750 linear feet 12-inch pipe sewer.
8 manholes.
900 feet, B. M., foundation planking.

The time allowed for the completion of the work and full performance of the contract is thirty (30) working days.

The amount of security required is Seventeen Hundred Dollars ($1,700).

No. 11. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER IN PROSPECT STREET, FROM VERNON AVENUE TO BEVERLEY ROAD.

The Engineer's estimate of the quantities is as follows:
45 linear feet 15-inch pipe sewer.
594 linear feet 12-inch pipe sewer.
7 manholes.
800 feet (B. M.) foundation planking.

The time allowed for the completion of the work and full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Four Hundred Dollars.

No. 12. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER IN BAY ELEVENTH STREET, FROM EIGHTY-SIXTH STREET TO BENSON AVENUE.

The Engineer's estimate of the quantities is as follows:
700 linear feet 12-inch pipe sewer.
8 manholes.
860 feet (B. M.) foundation planking.

The time allowed for the completion of the work and full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Two Hundred Dollars.

No. 13. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER IN ELEVENTH AVENUE, FROM EIGHTEENTH STREET TO TERRACE PLACE.

The Engineer's estimate of the quantities is as follows:
269 linear feet 12-inch pipe sewer.
4 manholes.
350 feet (B. M.) foundation planking.
3 sewer basins.

The time allowed for the completion of the work and full performance of the contract is thirty (30) working days.

The amount of security required is Eight Hundred Dollars.

No. 14. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER IN FOURTH AVENUE (EAST SIDE), FROM NINETY-FIFTH STREET TO NINETY-SEVENTH STREET.

The Engineer's estimate of the quantities is as follows:
360 linear feet 12-inch pipe sewer.
4 manholes.
440 feet (B. M.) foundation planking.

The time allowed for the completion of the work and full performance of the contract is thirty (30) working days.

The amount of security required is Seven Hundred Dollars.

No. 15. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER BASINS AT THE NORTHEAST AND NORTHWEST CORNERS OF EAST TWENTY-FIFTH STREET AND FOSTER AVENUE.

The Engineer's estimate of the quantities is as follows:
2 sewer basins.

The time allowed for the completion of the work and full performance of the contract is ten (10) working days.

The amount of security required is Two Hundred Dollars.

No. 16. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER BASINS AT THE NORTHEAST AND NORTHWEST CORNERS OF EAST SIXTEENTH STREET AND CORTELYOU ROAD.

The Engineer's estimate of the quantities is as follows:
2 sewer basins.

The time allowed for the completion of the work and full performance of the contract is ten (10) working days.

The amount of security required is Two Hundred Dollars.

No. 17. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING SEWER BASINS AT THE NORTHEAST AND NORTHWEST CORNERS OF GRANT AVENUE AND UNION AVENUE.

The Engineer's estimate of the quantities is as follows:
2 sewer basins.

The time allowed for the completion of the work and full performance of the contract is ten (10) working days.

The amount of security required is Two Hundred Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot, foot board measure, cubic yard, or other unit of measure, by which the bids will be tested.

The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Assistant Commissioner of Public Works, the Borough of Brooklyn, Room No. 15, Municipal Building, Borough of Brooklyn.

BIRD S. COLER,
President.

Dated MARCH 23, 1906.

☞See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM NO. 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

WEDNESDAY, APRIL 11, 1906.

No. 1. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON BELMONT AVENUE, FROM ELTON STREET TO CHESTNUT STREET.

The Engineer's estimate of the quantities is as follows:
4,558 linear feet of new curbstone, to be set in concrete.
1,324 cubic yards of earth excavation.
5,137 cubic yards of earth filling, to be furnished.
18,828 square feet of cement sidewalk.

Time for the completion of the work and full performance of the contract is fifty (50) working days.

The amount of security required is Four Thousand Five Hundred Dollars ($4,500).

No. 2. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON AVENUE D, FROM FLATBUSH AVENUE TO ROGERS AVENUE.

The Engineer's estimate of the quantities is as follows:
2,070 linear feet of new curbstone, to be set in concrete.
600 cubic yards of earth excavation.
1,540 cubic yards of earth filling, to be furnished.
102 cubic yards of concrete, not to be bid for.
9,550 square feet of cement sidewalk.

Time for the completion of the work and full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Seven Hundred Dollars ($1,700).

No. 3. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON DEAN STREET, FROM SARATOGA AVENUE TO ROCKAWAY AVENUE.

The Engineer's estimate of the quantities is as follows:
2,355 linear feet of new curbstone, to be set in concrete.
3,975 cubic yards of earth excavation.
1,147 cubic yards of earth filling, not to be bid for.
117 cubic yards of concrete, not to be bid for.
11,880 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Two Thousand Five Hundred Dollars ($2,500).

No. 4. FOR REGULATING, GRADING AND CURBING DUMONT AVENUE, FROM A POINT 75 FEET WEST OF BRISTOL STREET TO HOWARD AVENUE, AND LAYING SIDEWALKS ON DUMONT AVENUE, FROM ROCKAWAY AVENUE TO HOWARD AVENUE.

The Engineer's estimate of the quantities is as follows:
3,700 linear feet of new curbstone, to be set in concrete.
469 cubic yards of earth excavation.
34,172 cubic yards of earth filling, to be furnished.
183 cubic yards of concrete, not to be bid for.
19,750 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is one hundred (100) working days.

The amount of security required is Six Thousand Dollars ($6,000).

No. 5. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON ETNA STREET, FROM HALE AVENUE TO NORWOOD AVENUE.

The Engineer's estimate of the quantities is as follows:
526 linear feet of new curbstone, set in concrete.
362 cubic yards of earth excavation.
111 cubic yards of earth filling, not to be bid for.
26 cubic yards of concrete, not to be bid for.
2,775 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is fifteen (15) working days.

The amount of security required is Five Hundred Dollars ($500).

No. 6. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALK ON FOSTER AVENUE, FROM CONEY ISLAND AVENUE TO EAST FOURTEENTH STREET, AND FROM EAST SEVENTEENTH STREET TO FLATBUSH AVENUE.

The Engineer's estimate of the quantities is as follows:
5,787 linear feet of new curbstone, to be set in concrete.
1,850 cubic yards of earth excavation.
1,790 cubic yards of earth filling, to be furnished.
286 cubic yards of concrete, not to be bid for.
14,368 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Three Thousand Nine Hundred Dollars ($3,900).

No. 7. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON GRANT AVENUE, FROM JAMAICA AVENUE TO LIBERTY AVENUE.

The Engineer's estimate of the quantities is as follows:
8,299 linear feet of new curbstone, to be set in concrete.
10,618 cubic yards of earth excavation.
7,735 cubic yards of earth filling, not to be bid for.
410 cubic yards of concrete, not to be bid for.
40,795 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is Seven Thousand Five Hundred Dollars ($7,500).

No. 8. FOR REGULATING AND PAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF HOPKINSON AVENUE, FROM EASTERN PARKWAY EXTENSION TO BLAKE AVENUE.

The Engineer's estimate of the quantities is as follows:
10,700 square yards of asphalt pavement.
1,490 cubic yards of concrete.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Six Thousand Dollars ($6,000).

No. 9. FOR REGULATING AND PAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF LOGAN STREET, FROM JAMAICA AVENUE TO ATLANTIC AVENUE.

The Engineer's estimate of the quantities is as follows:
8,450 square yards of asphalt pavement.
1,170 cubic yards of concrete.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Five Thousand Dollars ($5,000).

No. 10. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON LOTT STREET, FROM VERNON AVENUE TO BEVERLEY ROAD.

The Engineer's estimate of the quantities is as follows:
1,280 linear feet of new curbstone set in concrete.
1,940 cubic yards of earth filling, to be furnished.
63 cubic yards of concrete, not to be bid for.
6,375 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Six Hundred Dollars ($600).

No. 11. FOR CONSTRUCTING CEMENT CONCRETE SIDEWALKS ON THE WEST SIDE OF NEW UTRECHT AVENUE, BETWEEN THIRTY-NINTH STREET AND KOUWENHOVEN LANE, WHERE NOT ALREADY LAID; ALSO ON THE SOUTH SIDE OF FORTY-NINTH STREET, BETWEEN SECOND AVENUE AND THIRD AVENUE, WHERE NOT ALREADY LAID.

The Engineer's estimate of the quantity is as follows:
12,950 square feet of cement concrete sidewalk.

Time for the completion of the work and the full performance of the contract is Thirty-five (35) working days.

The amount of security required is One Thousand Dollars ($1,000).

No. 12. FOR REGULATING AND PAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF NORWOOD AVENUE, FROM ATLANTIC AVENUE TO JAMAICA AVENUE.

The Engineer's estimate of the quantities is as follows:
7,830 square yards of asphalt pavement.
1,090 cubic yards of concrete.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Five Thousand Dollars ($5,000).

No. 13. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON PROSPECT PLACE, FROM RALPH AVENUE TO EASTERN PARKWAY.

The Engineer's estimate of the quantities is as follows:
4,660 linear feet of new curbstone set in concrete.
10,700 cubic yards of earth excavation.
460 cubic yards of earth filling, not to be bid for.
230 cubic yards of concrete, not to be bid for.
2,845 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is Five Thousand Dollars ($5,000).

No. 14. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON SUTTER AVENUE, FROM SARATOGA AVENUE TO HOWARD AVENUE.

The Engineer's estimate of the quantities is as follows:
1,458 linear feet of new curbstone, set in concrete.
5,073 cubic yards of earth excavation.
72 cubic yards of concrete, not to be bid for.
6,980 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is One Thousand Five Hundred Dollars ($1,500).

No. 15. FOR REGULATING AND PAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF EIGHTH STREET, FROM EIGHTH AVENUE TO PROSPECT PARK, WEST.

The Engineer's estimate of the quantities is as follows:
2,420 square yards of asphalt pavement.
340 cubic yards of concrete.

Time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Thousand Five Hundred Dollars ($1,500).

No. 16. FOR REGULATING, CURBING AND LAYING SIDEWALKS ON TENTH AVENUE, FROM SEVENTY-FIFTH STREET TO BAY RIDGE AVENUE.

The Engineer's estimate of the quantities is as follows:
2,776 linear feet of new curbstone, set in concrete.
249 cubic yards of earth excavation, not to be bid for.
75 cubic yards of earth filling, to be furnished, not to be bid for.
137 cubic yards of concrete, not to be bid for.
13,710 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Six Hundred Dollars ($1,600).

No. 17. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON ELEVENTH AVENUE, FROM SIXTY-FIFTH STREET TO SIXTY-NINTH STREET.

The Engineer's estimate of the quantities is as follows:
2,464 linear feet of new curbstone, set in concrete.
6,163 cubic yards of earth excavation.
5,492 cubic yards of earth filling, not to be bid for.
121 cubic yards of concrete, not to be bid for.
9,020 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Two Thousand Dollars ($2,000).

No. 18. FOR REGULATING, GRADING AND CURBING FORTY-FIRST STREET, FROM NEW UTRECHT AVENUE TO OLD CITY LINE.

The Engineer's estimate of the quantities is as follows:
17,100 cubic yards of earth filling, to be furnished.
2,000 linear feet of concrete curb.
100 cubic yards of concrete, not to be bid for.

Time for the completion of the work and the full performance of the contract is seventy (70) working days.

The amount of security required is Three Thousand Dollars ($3,000).

No. 19. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON FIFTY-FIFTH STREET, FROM ELEVENTH AVENUE TO KOUWENHOVEN LANE.

The Engineer's estimate of the quantities is as follows:
2,520 linear feet of new curbstone, set in concrete.
4,970 cubic yards of earth excavation.
1,890 cubic yards of earth filling, not to be bid for.
125 cubic yards of concrete, not to be bid for.
12,450 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Two Thousand Two Hundred Dollars ($2,200).

No. 20. FOR REGULATING, GRADING AND CURBING SIXTY-FIRST STREET, FROM FIFTH AVENUE TO SIXTH AVENUE.

The Engineer's estimate of the quantities is as follows:
1,497 linear feet of new curbstone, set in concrete.
16,928 cubic yards of earth excavation.
578 cubic yards of earth filling, to be furnished.
74 cubic yards of concrete, not to be bid for.

Time for the completion of the work and the full performance of the contract is seventy (70) working days.

The amount of security required is Three Thousand Dollars ($3,000).

No. 21. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON SIXTY-FOURTH STREET, FROM THIRD AVENUE TO FOURTH AVENUE.

The Engineer's estimate of the quantities is as follows:
1,405 linear feet of new curbstone, set in concrete.
570 cubic yards of earth excavation.
160 cubic yards of earth filling, to be furnished.
70 cubic yards of concrete, not to be bid for.
7,005 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Five Hundred Dollars ($1,500).

No. 22. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON SEVENTY-THIRD STREET, FROM NEW UTRECHT AVENUE TO EIGHTEENTH AVENUE.

The Engineer's estimate of the quantities is as follows:
1,464 linear feet of new curbstone set in concrete.
910 cubic yards of earth excavation.
478 cubic yards of earth filling, to be furnished.
72 cubic yards of concrete, not to be bid for.
7,140 square feet of cement sidewalk.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Thousand Three Hundred Dollars ($1,300).

No. 23. FOR FURNISHING AND DELIVERING 1,000 BARRELS OF PORTLAND CEMENT.

Time for the delivery of the materials and the full performance of the contract is on or before December 31, 1906.

The amount of security required is Five Hundred Dollars ($500).

No. 24. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF DEGRAW STREET, FROM FRANKLIN AVENUE TO NOSTRAND AVENUE.

The Engineer's estimate of the quantities is as follows:
7,320 square yards of asphalt pavement.
20 square yards of adjacent pavement.
1,210 cubic yards of concrete.
2,030 linear feet of new curbstone.
1,770 linear feet of old bluestone curbstone, to be reset.
21 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Five Thousand Dollars ($5,000).

No. 25. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF FIFTH STREET, FROM SEVENTH AVENUE TO PROSPECT PARK, WEST.

The Engineer's estimate of the quantities is as follows:

4,760 square yards of asphalt pavement.
800 cubic yards of concrete.
2,365 linear feet of new curbstone.
490 linear feet of old bluestone curbstone, to be reset.
12 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security is Three Thousand Five Hundred Dollars ($3,500).

No. 26. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF HOPKINSON AVENUE, FROM BROADWAY TO MARION STREET, AND McDONOUGH STREET, FROM BROADWAY TO HOWARD AVENUE.

The Engineer's estimate of the quantities is as follows:

12,100 square yards of asphalt pavement.
46 square yards of adjacent pavement.
1,980 cubic yards of concrete.
3,360 linear feet of new curbstone.
2,630 linear feet of old bluestone curbstone, to be reset.
30 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Nine Thousand Dollars ($9,000).

No. 27. FOR REGULATING AND REPAVING WITH ASPHALT PAVEMENT ON A CONCRETE FOUNDATION THE ROADWAY OF KOSCIUSKO PLACE, FROM KENT AVENUE TO EASTERLY TERMINUS.

The Engineer's estimate of the quantities is as follows:

570 square yards of asphalt pavement.
100 cubic yards of concrete.
390 linear feet of new curbstone.
40 linear feet of old bluestone curbstone, to be reset.
2 noiseless covers and heads, complete, for sewer manholes.

Time for the completion of the work and the full performance of the contract is fifteen (15) working days.

The amount of security required is Five Hundred Dollars ($500).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot, foot board measure, square yard, cubic yard, or other unit of measure, by which the bids will be tested.

The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Assistant Commissioner of Public Works, the Borough of Brooklyn, Room No. 15, Municipal Building, Borough of Brooklyn.

BIRD S. COLER,
President.

Dated MARCH 27, 1906.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 15, MUNICIPAL BUILDING, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

WEDNESDAY, APRIL 4, 1906,

No. 1. FOR CONSTRUCTING CEMENT CONCRETE SIDEWALKS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

12,880 square feet of cement concrete sidewalk.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Six Hundred Dollars.

No. 2. FOR CONSTRUCTING CEMENT CONCRETE SIDEWALKS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

10,875 square feet of cement concrete sidewalk.

Time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security requirerd is Five Hundred Dollars.

No. 3. FOR CONSTRUCTING CEMENT CONCRETE SIDEWALKS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

13,194 square feet of cement concrete sidewalk.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Seven Hundred Dollars.

No. 4. FOR CONSTRUCTING CEMENT CONCRETE SIDEWALKS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

14,484 square feet of cement concrete sidewalk.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Eight Hundred Dollars.

No. 5. FOR CONSTRUCTING CEMENT CONCRETE SIDEWALKS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

17,484 square feet of cement concrete sidewalk.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is One Thousand Dollars.

No. 6. FOR CONSTRUCTING CEMENT CONCRETE SIDEWALKS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

17,514 square feet of cement concrete sidewalk.

Time for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is One Thousand Dollars.

No. 7. FOR FENCING VACANT LOTS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

1,327 linear feet of fence.

The time for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required is Two Hundred Dollars.

No. 8. FOR FENCING VACANT LOTS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

2,393 linear feet of fence.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Hundred Dollars.

No. 9. FOR FENCING VACANT LOTS IN VARIOUS PLACES AND ON VARIOUS STREETS IN THE BOROUGH OF BROOKLYN.

The Engineer's estimate of the quantities is as follows:

1,066 linear feet of fence.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Two Hundred Dollars.

No. 10. FOR GRADING LOTS ON THE SOUTH SIDE OF SIXTIETH STREET, BETWEEN THIRD AND FOURTH AVENUES, KNOWN AS NOS. 11, 12 AND 13, BLOCK 5781.

The Engineer's estimate of the quantities is as follows:

1,337 cubic yards of earth excavation.
10 cubic yards of filling, not to be bid for.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Four Hundred Dollars.

No. 11. FOR GRADING LOTS ON THE NORTH SIDE OF EASTERN PARKWAY, BETWEEN BEDFORD AND FRANKLIN AVENUES, AND ON THE SOUTH SIDE OF DEGRAW STREET, BETWEEN BEDFORD AND FRANKLIN AVENUES, KNOWN AS NO. 17, BLOCK 1259.

The Engineer's estimate of the quantities is as follows:

2,226 cubic yards of earth excavation.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Six Hundred Dollars.

No. 12. FOR GRADING LOTS ON THE SOUTH SIDE OF MYRTLE AVENUE, BETWEEN LEWIS AVENUE AND BROADWAY, KNOWN AS No. 14, BLOCK 1586.

The Engineer's estimate of the quantities is as follows:

7,482 cubic yards of earth excavation.

The time for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is Two Hundred Dollars ($200).

No. 13. FOR GRADING LOTS ON THE SOUTH SIDE OF ST. MARKS AVENUE, BETWEEN KINGSTON AND BROOKLYN AVENUES, KNOWN AS No. 33, BLOCK 1229.

The Engineer's estimate of the quantities is as follows:

26 cubic yards of earth excavation.
439 cubic yards of earth filling, to be furnished.

The time for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Hundred Dollars ($100).

No. 14. FOR GRADING LOTS ON THE NORTHEAST SIDE OF IRVING AVENUE, BETWEEN STARR STREET AND WILLOUGHBY AVENUE, AND ON THE NORTHWEST SIDE OF WILLOUGHBY AVENUE, BETWEEN IRVING AND WYCKOFF AVENUES, KNOWN AS No. 1, BLOCK 3199.

The Engineer's estimate of the quantities is as follows:

33 cubic yards of earth excavation.
397 cubic yards of earth filling, to be furnished.

The time for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is One Hundred Dollars ($100).

No. 15. FOR GRADING LOTS ON THE NORTH SIDE OF WINDSOR PLACE, BETWEEN EIGHTH AVENUE AND PROSPECT PARK, WEST, KNOWN AS No. 47, BLOCK 1109.

The Engineer's estimate of the quantities is as follows:

18 cubic yards of earth excavation.
121 cubic yards of earth filling, to be furnished.

The time for the completion of the work and the full performance of the contract is ten (10) working days.

The amount of security required is One Hundred Dollars ($100).

No. 16. FOR GRADING LOTS ON THE SOUTHEAST SIDE OF MEEKER AVENUE, BETWEEN STEWART AVENUE AND GARDNER AVENUE, KNOWN AS Nos. 1 to 6, INCLUSIVE, BLOCK 99, EIGHTEENTH WARD MAP.

The Engineer's estimate of the quantities is as follows:

2,566 cubic yards of earth filling, to be furnished.

The time for the completion of the work and the full performance of the contract is sixty (60) working days.

The amount of security required is Three Hundred Dollars ($300).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot, square foot, cubic yard or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Assistant Commissioner of Public Works, the Borough of Brooklyn, No. 15 Municipal Building, Borough of Brooklyn.

BIRD S. COLER,
President.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

600 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameter, Class I.
550 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameter, Class II.
30 linear feet of salt-glazed, vitrified stoneware pipe culvert of 12 inches interior diameter.
1 receiving basin of the circular pattern, with new style grate bar and granite head.
600 cubic yards of rock, to be excavated and removed.
60,000 feet, B. M., of timber and planking for bracing and sheet piling.

The time allowed to complete the whole work is two hundred (200) working days.

The amount of the security required is Seven Thousand Dollars ($7,000).

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR BUILDING SEWER AND APPURTENANCES IN CONVENT AVENUE, WEST SIDE, BETWEEN ONE HUNDRED AND FIFTY-FIRST AND ONE HUNDRED AND FIFTY-SECOND STREETS.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

45 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameter.
164 linear feet of salt-glazed, vitrified stoneware pipe sewer of 15 inches interior diameter.
400 cubic yards of rock, to be excavated and removed.
5,000 feet, B. M., of timber and planking for bracing and sheet piling.
500 feet, B. M., of timber and planking for foundation.

The time allowed to complete the whole work is seventy-five (75) working days.

The amount of the security required is Fifteen Hundred Dollars ($1,500).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR BUILDING SEWER AND APPURTENANCES IN AUDUBON AVENUE, BETWEEN ONE HUNDRED AND SIXTY-FIFTH AND ONE HUNDRED AND SIXTY-SIXTH STREETS.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

207 linear feet of salt-glazed vitrified stoneware pipe sewer of 15 inches interior diameter.
484 cubic yards of rock, to be excavated and removed.
1,000 feet, B. M., of timber and planking for bracing and sheet piling.
625 feet, B. M., of timber and planking for foundation.

The time allowed to complete the whole work is seventy-five (75) working days.

The amount of the security required is Fifteen Hundred Dollars ($1,500).

No. 4. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR ALTERATION AND IMPROVEMENT TO SEWER AND APPURTENANCES IN WEST ONE HUNDRED AND FIFTY-SECOND STREET, BETWEEN RIVERSIDE DRIVE AND BROADWAY.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required is as follows:

437 linear feet of salt-glazed vitrified stoneware pipe sewer of 15 inches interior diameter.
35 linear feet of salt-glazed vitrified stoneware pipe culvert of 12 inches interior diameter.
2 receiving basins of the circular pattern with new style grate bars and old heads.
800 cubic yards of rock to be excavated and removed.
5,000 feet, B. M., of timber and planking for bracing and sheet piling.
1,300 feet, B. M., of timber and planking for foundation.

The time allowed to complete the whole work is one hundred and fifty (150) working days.

The amount of the security required is Three Thousand Dollars ($3,000).

The contracts must be bid for separately and the bids will be compared and the contracts awarded at a lump or aggregate sum for each contract.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot yard or other unit of measure, or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms may be had and the plans and drawings may be seen at the office of the Commissioner of Public Works, Nos. 13 to 21 Parl row, Bureau of Sewers, Borough of Manhattan.

JOHN F. AHEARN,
Borough President.

MUNICIPAL CIVIL SERVICE COMMISSION.

REMOVAL NOTICE.

NOTICE IS HEREBY GIVEN THAT THE general offices of the Municipal Civil Service Commission will remove on or before April 2, 1906, to No. 299 Broadway, Barclay Building (eleventh floor). Applications for competitive positions now advertised will continue to be received at No. 51 Lafayette street (old No. 61 Elm street) until April 18. The Labor Bureau remains at No. 51 Lafayette street.

F. A. SPENCER,
Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK CITY, March 29, 1906.

PUBLIC NOTICE IS HEREBY GIVEN OF the proposed amendment of the classification of the civil service of The City of New York as follows:

First—Amending the classification of positions in the exempt class in the Law Department by changing the line "75 Assistants to the Corporation Counsel" to read "100 Assistants to the Corporation Counsel."

Second—Amending the classification of positions in the exempt class in the Department of Docks and Ferries by changing the line "Assistant Superintendent of Ferries" to read "4 Assistant Superintendents of Ferries."

Public hearings will be held upon the proposed amendments at the Commission's new offices, No. 299 Broadway, City, on Wednesday, April 4, 1906, at 10 o'clock in the forenoon.

Attest:

FRANK A. SPENCER,
Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the CITY RECORD for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

WILLIAM F. BAKER,
President;
R. ROSS APPLETON,
ALFRED J. TALLEY,
Commissioners.

FRANK A. SPENCER,
Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE.

NOTICE IS HEREBY GIVEN THAT AT a meeting of the Board of Estimate and Apportionment of The City of New York, held in Room 16, City Hall, Borough of Manhattan, March 30, 1906, a communication was received from the Board of Rapid Transit Railroad Commissioners for The City of New York, transmitting resolutions as to route and general plans of a rapid transit railway along Fortieth street, New Utrecht avenue, Eighty-sixth street, Stillwell avenue and other streets, in the Borough of Brooklyn, known as the "Bensonhurst, Bath Beach and Coney Island Route," requesting the approval of the Board of Estimate and Apportionment.

Whereupon the following resolution was adopted:

"Resolved, That the communication be received and, in pursuance of law, this Board hereby appoints Friday, the 6th day of April, at 10.30 o'clock in the forenoon, as the time, and Room 16 in the City Hall, Borough of Manhattan, as the place, when and where such plans and conclusions will be considered; and be it further

"Resolved, That the Secretary be directed to cause notice of such consideration to be published in the CITY RECORD."

Dated NEW YORK, March 30, 1906.

JOSEPH HAAG,
Secretary.

m31,a6

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out as a public park the land bounded by West One Hundred and Sixteenth street, Claremont avenue, West One Hundred and Twenty-second street and Riverside drive, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on April 6, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on March 9, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out as a public park the land bounded by West One Hundred and Sixteenth street, Claremont avenue, West One Hundred and Twenty-second street and Riverside drive, in the Borough of Manhattan, City of New York.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 6th day of April, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 6th day of April, 1906.

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY OWNERS.

NOTICE OF ASSESSMENT FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of Assessment for OPENING AND ACQUIRING TITLE to the following-named avenue in the BOROUGH OF BROOKLYN:

THIRTY-FIRST AND THIRTY-SECOND WARDS, SECTIONS 20 AND 22, AND 23.

NOSTRAND AVENUE—OPENING, from Flatbush avenue to Avenue U. Confirmed February 7, 1906; entered March 30, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Germania place and distant 205 feet, more or less, westerly of the westerly line of Flatbush avenue; running thence southerly through the centre line of the block between East Twenty-ninth street and Nostrand avenue to the northerly side of the land of the New York, Bay Ridge and Jamaica Railroad; running thence easterly along the northerly side of the lands of the New York, Bay Ridge and Jamaica Railroad to the centre line of the block between Nostrand avenue and East Thirty-first street; running thence northerly through the centre line of the blocks between Nostrand avenue and East Thirty-first street to the southerly side of Flatbush avenue; running thence northwesterly along the southerly side of Flatbush avenue to its intersection with the southerly side of Germania place; running thence along the southerly side of Germania place to the point or place of beginning; also

Beginning at a point on the southerly side of the lands of the New York, Bay Ridge and Jamaica Railroad, where the same intersects the centre line of the block between East Thirty-first street and Nostrand avenue; running thence southerly through the centre line of the blocks between East Thirty-first street and Nostrand avenue and along its prolongation to the northerly side of Avenue U; running thence westerly along the northerly side of Avenue U to the centre line of the block between East Twenty-ninth street and Nostrand avenue; running thence northerly along the centre line of the block between East Twenty-ninth street and Nostrand avenue to the southerly side of the lands of the New York, Bay Ridge and Jamaica Railroad; thence easterly along the southerly side of the land of the New York, Bay Ridge and Jamaica Railroad to the point or place of beginning.

The above-entitled assessment was entered on the day hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provided that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said record of Titles and Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before May 29, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, March 30, 1906.

m31,a13

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes in the

BOROUGH OF THE BRONX.

All the buildings, parts of buildings, etc., standing within the lines of property within the widening of East One Hundred and Thirty-eighth street, between the New York and Harlem Railroad and the United States pier and bulkhead line, for the approach to the bridge over the Harlem river at East One Hundred and

Thirty-eighth street, in the Twenty-third Ward of the Borough of The Bronx, City of New York, which is more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The sale will take place on

MONDAY, APRIL 30, 1906,

at 11 a. m., on the premises and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of buildings, parts of buildings, etc., standing within the lines of said streets, from the streets by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above-described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

H. A. METZ,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, March 27, 1906.

NOTICE TO PROPERTY OWNERS.

NOTICE OF ASSESSMENT FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of Assessments for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF BROOKLYN:

SEVENTEENTH WARD, SECTION 9.

VAN DAM STREET—OPENING, between Meeker avenue and Bridgewater street. Confirmed November 27, 1905; entered March 27, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Bridgewater street where the same is intersected by the centre line of the block between Van Dam street and Varick street; running thence southerly and along the centre line of the blocks between Van Dam street and Varick street to the northerly side of Meeker avenue; running thence southwesterly and along the northerly side of Meeker avenue to the centre line of the block between Van Dam street and Apollo street; running thence northerly and along the centre line of the blocks between Van Dam street and Apollo street to the southerly side of Bridgewater street, and running thence easterly along the southerly side of Bridgewater street to the point or place of beginning.

The above-entitled assessment was entered on the day hereinbefore given in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles and Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before May 26, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street purposes, in the

Borough of Queens.

All of the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of The Crescent, from Freeman avenue to Webster avenue, First Ward, Borough of Queens, as more particularly described on the catalogue of sale on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The sale will take place on

FRIDAY, APRIL 27, 1906,

at 11 a. m., on the premises and will be sold for the highest marketable price at public auction.

Also all of the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of Bartow street, from Vandeventer avenue to Flushing avenue, First Ward, Borough of Queens, as more particularly described on the catalogue of sale on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The sale will take place on Friday, April 27, 1906, at 1 p. m., on the premises and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of buildings, parts of buildings, etc., standing within the lines of said streets, from the streets, by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above-described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND EIGHTIETH STREET—OPENING, from Broadway to Buena Vista avenue. Confirmed November 7, 1904, and December 29, 1904; entered March 22, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the westerly prolongation of the middle line of the blocks between West One Hundred and Seventy-eighth street and West One Hundred and Seventy-ninth street with the easterly line of Boulevard Lafayette; running thence northerly along said easterly line of Boulevard Lafayette to its intersection with a line drawn parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Eighty-first street; thence easterly along said parallel line to its intersection with a line drawn parallel to and ditsant 100 feet southeasterly from the southeasterly line of Broadway; thence southwesterly along said parallel line to its intersection with the middle line of the blocks between West One Hundred and Eightieth street and West One Hundred and Eighty-first street; thence southeasterly along said middle line of the blocks to its intersection with the northwesterly line of Amsterdam avenue; thence southwesterly along said northwesterly line of Amsterdam avenue to its intersection with the middle line of the blocks between West One Hundred and Seventy-ninth street and West One Hundred and Eightieth street; thence northwesterly along said middle line of the blocks to its intersection with a line drawn parallel to and distant 100 feet southeasterly from the southeasterly line of Broadway; thence southwesterly along said parallel line to its intersection with the middle line of the blocks between West One Hundred and Seventy-eighth street and West One Hundred and Seventy-ninth street; thence westerly along said middle line of the blocks and its westerly prolongation to the point or place of beginning,

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, inter-

est will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m.; and all payments made thereon on or before May 21, 1906, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes, in the

Borough of The Bronx.

All of the buildings, parts of buildings, etc., standing within the lines of East One Hundred and Ninety-third street, from Jerome avenue to the Grand Boulevard and Concourse, in the Twenty-fourth Ward of the Borough of The Bronx, City of New York, more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The sale will take place on

TUESDAY, APRIL 24, 1906,

at 12 m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of buildings, parts of buildings, etc., standing within the lines of said streets, from the streets by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days he or they shall forfeit his or their purchase money, and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above-described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

H. A. METZ,
Comptroller.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street purposes, in the

Borough of The Bronx.

All the buildings, parts of buildings, etc., standing within the lines of the approach to the bridge over the tracks of the New York and Putnam and Spuyten Duyvil and Port Morris Railroad, at Morris Heights, in the Twenty-fourth Ward of the Borough of The Bronx, City of New York, more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The sale will take place on

THURSDAY, APRIL 19, 1906,

at 12 m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of buildings, parts of buildings, etc., standing within the lines of said streets, from the streets by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above-described property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for an interior public bath in the

Borough of Manhattan.

All the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the President of the Borough of Manhattan, and erected upon land described as follows:

Beginning at a point on the northerly side of Rutgers place distant 52 feet 6 inches easterly from the northeasterly corner of Rutgers place and Jefferson street; running thence northerly parallel with Jefferson street 130 feet; thence easterly parallel with Rutgers place 53 feet; thence southerly again parallel with Jefferson street 130 feet to the northerly side of Rutgers place; thence westerly along the northerly side of Rutgers place 53 feet to the point or place of beginning; premises being known as Lots Nos. 3 and 4, in Block 270, Section 1, on the tax maps.

By direction of the Comptroller, the sale of the above-described property will be made under the supervision of the Collector of City Revenue on

MONDAY, APRIL 2, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE FIRE DEPARTMENT, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction, the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for Fire Department purposes, in the

BOROUGH OF THE BRONX.

All the right, title and interest in and to the buildings thereunto belonging, acquired for the Fire Department in the Borough of The Bronx, and erected upon land described as follows:

Beginning at a point on the northerly side of East One Hundred and Forty-third street, distant 105 feet 7 inches easterly from the corner formed by the intersection of the northerly side of East One Hundred and Forty-third street, and the easterly side of Alexander avenue, as legally opened; running thence northerly and parallel with Alexander avenue 99 feet 1 inch; thence easterly and parallel with East One Hundred and Forty-third street 50 feet; thence southerly and parallel with Alexander avenue and part of the way through a party wall 100 feet to the northerly side of East One Hundred and Forty-third street; thence westerly along the northerly side of East One Hundred and Forty-third street 50 feet to the point or place of beginning, said premises being known by the numbers 589 and 591 East One Hundred and Forty-third street.

By direction of the Comptroller, the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on

FRIDAY, APRIL 13, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidders' assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdrawn from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

EIGHTH WARD, SECTION 3, AND THIRTIETH WARD, SECTIONS 17 AND 18.

SEWER IN FIFTY-THIRD STREET, between Seventh avenue and Eighth avenue, and OUTLET SEWER IN EIGHTH AVENUE, between Fifty-third and Fifty-fourth streets; also SEWER IN FIFTIETH STREET, between Sixth and Eighth avenues; also OUTLET SEWERS IN EIGHTH AVENUE, between Fiftieth and Fifty-third streets, and in SEVENTH AVENUE, between Fifty-second and Sixty-second streets. Area of assessment: Both sides of Seventh avenue, from Forty-third to Sixty-second street; east side of Sixth avenue, from Fifty-second to Sixty-first street; both sides of Eighth avenue, from Forty-fourth to Fifty-fourth street; both sides of Sixty-first street, from Sixth avenue to a point distant about 275 feet east of Seventh avenue; both sides of Fifty-fourth, Fifty-fifth, Fifty-sixth, Fifty-seventh, Fifty-eighth, Fifty-ninth and Sixtieth streets, from Sixth avenue to Seventh avenue; both sides of Fifty-third street, from Sixth avenue to about 245 feet east of Eighth avenue; both sides of Fifty-second street, from Sixth avenue to about 280 feet east of Eighth avenue; both sides of Fifty-first street, from Sixth avenue to about 313 feet east of Eighth avenue; both sides of Fiftieth street, from Sixth avenue to about 415 feet east of Eighth avenue; both sides of Forty-fourth, Forty-fifth, Forty-sixth, Forty-seventh, Forty-eighth and Forty-ninth streets, from Sixth to Eighth avenue, and both sides of Forty-third street, extending about 350 feet west of Seventh avenue.

SEVENTEENTH WARD, SECTION 9.

FREEMAN STREET—GRADING, CURBING AND PAVING, between Oakland and Provost streets. Area of assessment: Both sides of Freeman street, from Oakland street to Provost street and to the extent of half the block at the intersecting and terminating streets.

EAGLE STREET—GRADING, PAVING, CURBING AND LAYING CEMENT SIDEWALKS, from Oakland street to Provost street. Area of assessment: Both sides of Eagle street, from Oakland street to Provost street and to the extent of half the block at the intersecting and terminating streets.

TWENTY-NINTH WARD.

EAST TWENTY-FIRST STREET—REGULATING, GRADING AND CURBING, between Cortelyou road and Dorchester road. Area of assessment: Both sides of East Twenty-first street, from Cortelyou road to Dorchester road, and to the extent of half the block at the intersecting and terminating streets.

THIRTIETH WARD, SECTION 19.

FOURTEENTH AVENUE—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between Sixty-ninth street and Seventy-fifth street. Area of assessment: Both sides of Fourteenth avenue, from Sixty-ninth street to Seventy-fifth street, and to the extent of half the block at the intersecting and terminating streets.

—that the same were confirmed by the Board of Assessors on March 20, 1906, and entered March 20, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessment interest will be collected thereon, as provided for in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before May 19, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, March 20, 1906.

m22,24

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE DEPARTMENT of Docks and Ferries, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for the new marginal street in the

Borough of Manhattan.

All the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the Department of Docks and Ferries, in the Borough of Manhattan, and erected upon land described as follows:

The four-story brick building at the northeasterly corner of Eleventh avenue and West Twentieth street, having a frontage on Eleventh avenue of about 100 feet and on West Twentieth street of about 75 feet.

By direction of the Comptroller the sale of the above-described building will be made under the supervision of the Collector of City Revenue on

FRIDAY, APRIL 6, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, March 16, 1906.

m19,a6

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIdent of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes in the

Borough of Brooklyn.

All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the widening of Roebling street, from the Bridge Plaza at South Fourth street to Union avenue, in the Borough of Brooklyn. A map showing the property to be sold is filed in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

FRIDAY, APRIL 20, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

Comptroller.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO, OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes, in the

BOROUGH OF BROOKLYN.

All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the extension of Grand street, from the intersection of Havemeyer street and South Fourth street to Hooper street, in the Borough of Brooklyn.

A map showing the property to be sold is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

TUESDAY, APRIL 17, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted, and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdrawn from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

H. A. METZ,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE, March 1, 1906.

DEPARTMENT OF EDUCATION

DEPARTMENT OF EDUCATION, CORNER OF PARK AVENUE AND FIFTY-NINTH STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Superintendent of School Buildings at the above office of the Department of Education until 11 o'clock a. m., on

MONDAY, APRIL 2, 1906,

Borough of Queens.

No. 1. FOR THE COMPLETING AND FINISHING OF ALTERATIONS, ETC., OF PUBLIC SCHOOL 30, ON THE SOUTH SIDE OF NINETEENTH STREET, 100 FEET EAST OF ELEVENTH AVENUE, WHITESTONE, BOROUGH OF QUEENS, IN ACCORDANCE WITH THE ORIGINAL PLANS AND SPECIFICATIONS OF CONTRACT AWARDED TO WILLIAM H. MOOREHOUSE, JR., WHICH HAS BEEN DECLARED ABANDONED.

The work in question is for the completion of said abandoned contract.

The full and final completion of the whole work will be 45 working days, as provided in the contract.

The amount of security required is Five Hundred Dollars ($500).

The attention of bidders is expressly called to the printed addenda which is inserted in the specifications.

The quantities of work to be done and the materials to be furnished is the balance of the work, together with corrections enumerated in the addenda.

Bidders must examine the abandoned work before making an estimate, and must examine the addenda attached to the contract and specifications.

The bids will be compared and the contract awarded in a lump sum to the lowest bidder.

Blank forms, plans and specifications may be obtained or seen at the office of the Superintendent at Estimating Room, Hall of the Board of Education, Park avenue and Fifty-ninth street, Borough of Manhattan; also at Branch Office, No. 69 Broadway, Flushing, Borough of Queens.

C. B. J. SNYDER,
Superintendent of School Buildings.

Dated MARCH 22, 1906.

DEPARTMENT OF TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK—DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, No. 280 BROADWAY, STEWART BUILDING, January 8, 1906.

NOTICE IS HEREBY GIVEN, AS REquired by the Greater New York Charter, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, comprising The City of New York," will be opened for examination and correction on the second Monday of January, and will remain open until

APRIL 1, 1906.

During the time that the books are open to public inspection application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the Main Office of the Department of Taxes and Assessments, No. 280 Broadway.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Masonic Building, Stapleton.

Corporations in all the boroughs must make application only at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the borough where such person resides, and in the case of a non-resident carrying on business in The City of New York at the office of the Department of the borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturdays, when all applications must be made between 10 a. m. and 12 noon.

FRANK A. O'DONNEL,
President;
JOHN J. BRADY,
FRANK RAYMOND,
JAMES H. TULLY,
N. MULLER,
CHARLES PUTZEL,
SAMUEL STRASBOURGER,
Commissioners of Taxes and Assessments.

1 ton blacksmith's coal.

The time for the performance of the contract is during the year 1906.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price per gross ton, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder on each line or item as stated in the specifications.

Blank forms and further information may be obtained at the office of the Second Deputy Commissioner, No. 126 Livingston street, Borough of Brooklyn.

ROBERT W. HEBBERD,
Commissioner.

Dated THE CITY OF NEW YORK, March 24, 1906.

SUPREME COURT.—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND THIRTEENTH STREET (although not yet named by proper authority), from Jerome avenue to Woodlawn road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISsioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of April, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of April, 1906, at 11 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 30th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the wseterly prolongation of the northerly line of Two Hundred and Twelfth street with a line parallel to and distant 100 feet westerly from the westerly line of Jerome avenue; running thence northerly along said parallel line to its intersection with the westerly prolongation of the northerly line of the block bounded by Jerome avenue, Woodlawn road and East Two Hundred and Thirteenth street; thence easterly along said prolongation and northerly line of said block and its prolongation eastwardly to its interseection with the line parallel to and distant 100 feet easterly of the easterly line of Woodlawn road; thence southerly along said parallel line to its intersection with the easterly prolongation of the northerly line of East Two Hundred and Twelfth street; thence northerly along said prolongation and northerly line of Two Hundred and Twelfth street and its prolongation westerly to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 26th day of June, 1906, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, March 19, 1906.

MAX BENDIT,
Chairman.
GEO. BURCHILL,
Commissioners.

JOHN P. DUNN,
Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of CANAL STREET, WEST (although not yet named by proper authority), between East One Hundred and Thirty-fifth street and East One Hundred and Thirty-eighth street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISsioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of April, 1906, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of April, 1906, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 30th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the United States pier and bulkhead line of the Harlem river and the easterly line of Park avenue; running thence northerly along the easterly line of Park avenue to the southerly line of East One Hundred and Forty-fourth street; thence easterly along the southerly line of East One Hundred and Forty-fourth street to the intersection with the line parallel to and 100 feet east of the easterly line of Rider avenue; thence southerly along said parallel line and its southerly prolongation to its intersection with the United States pier and bulkhead line of the Harlem river; thence westerly along said pier and bulkhead line to the point or place of beginning; excepting from said area all streets, avenues, roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 26th day of June, 1906, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, March 16, 1906.

SUPREME COURT.—SECOND DEPARTMENT.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening TENTH AVENUE, from Thirty-eighth street to Fifty-third street, and from Fort Hamilton avenue to Seventh avenue, in the Twenty-ninth and Thirtieth Wards, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISsioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections, in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 19th day of April, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 20th day of April, 1906, at 3 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 30th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises, situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the corner formed by the intersection of the southeasterly side of Seventh avenue with the southwesterly side of Thirty-eighth street; running thence southeasterly and along the southwesterly side of Thirty-eighth street to the corner formed by the intersection of the southwesterly side of Thirty-eighth street with the northwesterly side of Thirteenth avenue; running thence southwesterly and along the northwesterly side of Thirteenth avenue to the corner formed by the intersection of the northeasterly side of Benson avenue with the northwesterly side of Thirteenth avenue; running thence northwesterly and along the northeasterly side of Benson avenue to the corner formed by the intersection of the northeasterly side of Benson avenue with the southeasterly side of Seventh avenue; running thence in a westerly direction from the corner formed by the intersection of the northeasterly side of Benson avenue with the southeasterly side of Seventh avenue to the corner formed by the intersection of the southwesterly side of Seventh avenue with the northeasterly side of Ninetieth street; running thence in a northwesterly direction and along the northeasterly side of Ninetieth street to the corner formed by the intersection of the northeasterly side of Ninetieth street with the southeasterly side of Fifth avenue; running thence in a northeasterly direction and along the southeasterly side of Fifth avenue, still in a northeasterly direction along the southeasterly side of Stewart avenue, and still in a northeasterly direction along the southeasterly side of Seventh avenue to the corner formed by the intersection of the southwesterly side of Thirty-eighth street with the southeasterly side of Seventh avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 23d day of July, 1906, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 30, 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to FORTIETH STREET, from the former City line to New Utrecht avenue, in the Thirtieth Ward in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 13th day of June, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 14th day of June, 1905, and indexed in the Index of Conveyances in Section No. 3, Blocks Nos. 916 to 920, Section No. 17, Blocks Nos. 5583 to 5586, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened, to the respective owners, parties and persons respectivly entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 24th day of April, 1906, at 4 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 31, 1906.

SAMUEL T. MADDOX, Jr.,
W. B. VERNAM,
JOHN WATSON,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

COUNTY OF KINGS.

In the matter of acquiring title by The City of New York to certain lands and premises between East Eighty-sixth street and East Ninety-second street, Avenue D and the Long Island Railroad Company, in the Borough of Brooklyn, in The City of New York, duly selected for the purpose of maintaining, preserving and increasing the supply of pure and wholesome water for the use of said city, according to law.

NOTICE IS HEREBY GIVEN THAT IT is the intention of the Corporation Counsel to make application, at a Special Term for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, on the 8th day of May, 1906, at the opening of court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property situated in the Borough of Brooklyn, in The City of New York, bounded and described as follows:

Beginning at the point of intersection of the east line of East Eighty-sixth street and the south line of property of the Long Island Railroad Company, and running thence northeasterly 1,540 feet along said line of said railroad company to the west line of East Ninety-second street, and running thence southeasterly 257 feet 6 inches along said line of East Ninety-second street to the north line of Avenue D; running thence southwesterly 1,540 feet along said line of Avenue D to the east line of East Eighty-sixth street; running thence northwesterly 257 feet 6 inches along the said line of East Eighty-sixth street to the point of beginning. The various parcels included in said description being shown on a map thereof filed in the office of the Register of the County of Kings on the 22d day of March, 1906, and numbered Parcels 1, 2, 3, 4, 5, 6 and 7. It is proposed to acquire the fee of Parcels 1, 2, 4, 5, 6 and 7 and the fee of Parcel 3 subject to the use thereof as a public road or street.

Dated MARCH 22, 1906.

JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening AVENUE D, between Rogers avenue and East Thirty-fourth street, in the Twenty-ninth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISsioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us, at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 18th day of April, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of April, 1906, at 3 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 30th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Rogers avenue, distant three hundred and fifty (350) feet northerly from the northerly side of Avenue D; running thence easterly and at right angles to said Rogers avenue and parallel with the northerly side of Avenue D and distant three hundred and fifty feet northerly therefrom to its intersection with the westerly side of East Thirty-fourth street; running thence southerly and along the westerly side of East Thirty-fourth street to a point distant three hundred and fifty (350) feet southerly from the southerly side of Avenue D; running thence westerly and at right angles to East Thirty-fourth street and parallel with the southerly side of Avenue D and distant three hundred and fifty (350) feet therefrom to its intersection with the easterly side of Rogers avenue; running thence northerly and along the easterly side of Rogers avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 25th day of June, 1906, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 30, 1906.

JOHN K. NEAL,
S. S. TUTHILL,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening WEST THIRTEENTH STREET, between Eighty-sixth street and Gravesend basin, in the Thirty-first Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISsioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 18th day of April, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of April, 1906, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 30th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point in the southerly side of Eighty-sixth street where the said southerly side of Eighty-sixth street is intersected by the central line of the block between West Thirteenth street and Stillwell avenue; running thence southerly and along the centre line of a block between West Thirteenth street and Stillwell avenue to a point south of Hubbard's creek, which point is located where a prolongation of the northerly side of Gravesend basin would intersect the centre line of the block between West Thirteenth street and Stillwell avenue; running thence easterly and along said prolongation and the northerly side of Gravesend basin to a point where the centre line of the block between West Thirteenth street and West Twelfth street intersects the northerly side of Gravesend basin; running thence northerly and along the centre line of the block between West Twelfth street and West Thirteenth street to its intersection with the southerly side of Eighty-sixth street; running thence northwesterly and along the southerly side of Eighty-sixth street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 25th day of June, 1906, at the opening of the Court on that day.

Dated BOROUGH OF BROOKLYN, THE CITY OF NEW YORK, March 30, 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening SENATOR STREET, from First avenue to Fifth avenue, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 11th day of April, 1906, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvement hereby intended is the acquisition of title by The City of New York for the use of the public to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening of a street known as Senator street, from First avenue to Fifth avenue, in the Thirtieth Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening Senator street, from First avenue to Fifth avenue, as aforesaid, are shown on a map known as the General Map or Plan of the Towns of New Utrecht, Flatbush, Gravesend, Flatlands and New Lots, in the County of Kings, prepared by the Town Survey Commissioners, pursuant to an act of the Legislature passed May 1, 1869, and the several acts amendatory thereof, and filed in the office of the Register of the County of Kings, in the year 1874, now incorporated with and forming part of the map of The City of New York, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways of the Borough of Brooklyn, and signed by George W. Tillson, Chief Engineer, George J. Bischof, Assistant Engineer-in-Charge, and J. C. Brackenridge, Commissioner of Public Works, and dated November 28, 1904, which map was filed in the office of the Corporation Counsel of The City of New York, in the Borough of Brooklyn, on the 12th day of December, 1904.

Dated BOROUGH OF BROOKLYN, CITY OF NEW YORK, the 29th day of March, 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening and extending BEDFORD AVENUE, between Pacific street and Dean street, in accordance with a map adopted by the Board of Estimate and Apportionment on the 22d day of July, 1903, in the Twenty-fourth Ward, in the Borough of Brooklyn, in The City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 11th day of April, 1906, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding.

The nature and the extent of the improvements hereby intended in the acquisition of title by The City of New York for the use of the public to all the lands and premises, with the buildings thereon and appurtenances thereto belonging, required for the opening and extending of a street known as Bedford avenue, between Pacific street and Dean street, in accordance with a map adopted by the Board of Estimate and Apportionment on the 22d day of July, 1903, in the Twenty-fourth Ward, in the Borough of Brooklyn, in The City of New York.

The lands required for the purpose of opening and extending Bedford avenue, between Pacific street and Dean street, as aforesaid, are shown on a map entitled "Map or plan showing the change of lines of Bedford avenue between Dean street and Pacific street, in the Twenty-fourth Ward of the Borough of Brooklyn, City of New York," which map was prepared by the Board of Estimate and Apportionment under authority of chapter 484 of the Laws of 1901, section 452, as amended, and which said changes were favored by the said Board of Estimate and Apportionment on the 22d day of July, 1903, and were approved by the Mayor on the 31st day of July, 1903, and also shown on a map of that portion of said street affected by these proceedings made by the Topographical Division of the Bureau of Highways, Borough of Brooklyn, and signed by J. C. Brackenridge, Commissioner of Public Works; George W. Tillson, Chief Engineer, and George J. Bischof, Assistant Engineer-in-Charge, and dated December 12, 1905, which map was filed in the office of the Corporation Counsel of The City of New York in the Borough of Brooklyn on the 19th day of December, 1905.

Dated BOROUGH OF BROOKLYN, CITY OF NEW YORK, the 29th day of March, 1906.

JOHN J. DELANY,
Corporation Counsel,
No. 166 Montague Street,
Brooklyn, N. Y.

m29,a9

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening SHELL ROAD, between Avenue X and Canal avenue, and of WEST SIXTH STREET, between Neptune avenue and Sheepshead Bay road, in the Thirty-first Ward in the Borough of Brooklyn, The City of New York, as the same has been heretofore laid out.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, at a Special Term thereof, to be held for the hearing of motions, at the Kings County Court House, in the Borough of Brooklyn, in The City of New York, on the 11th day of April, 1906, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of ten days, as required by the provisions of section 999 of title 4 of chapter 17, of chapter 378 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901.

Dated BOROUGH OF BROOKLYN, NEW YORK, March 29, 1906.

WM. H. WHITE,
RICHARD ROBINSON,
SCHUYLER W. LESLIE,
Commissioners.

JAMES F. QUIGLEY,
Clerk. m29,a

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

THE CITY RECORD.

VOL. XXXIV.—NUMBER 10003. NEW YORK, SATURDAY, MARCH 31, 1906. SUPPLEMENT.

DEPARTMENT OF FINANCE.

Report for the Quarter Ending December 31, 1905.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
February 14, 1906.

HON. GEORGE B. McCLELLAN, *Mayor:*

SIR—I have the honor to transmit herewith a detailed statement of all accounts audited and allowed by this Department on account of appropriations and special and trust accounts, and for which warrants have been drawn upon the Chamberlain during the quarter ending December 31, 1905.

Respectfully,
H. A. METZ, Comptroller.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
