ESTIMATES FOR DEPARTMENT EXPENDITURES OTHER THAN SALARIES AND WAGES. FORM XXIV.

Summary of Forms X. to XXIII.

This increase is made up as follows:

General Supplies, Form X.—Increase $266 78
Provides for $444 for 10 dozen pairs of rubber boots; $504 for 12 dozen oak cement pails; $200 for blue and black print paper and cloth; $50 for photographic supplies.

Apparatus; Machinery, Vehicles, Harness, etc., Including Care and Storage, Form XIII.—Increase 1,479 04
Provides for 1 carriage, 1,000 feet of 2½-inch rubber fire hose, 3 iron dumping carts, 750 feet of sounding pipe and general engineering supplies.

Automobiles, Form XV.—Increase 6,000 00
Provides for the purchase of three automobiles at $2,000 apiece.

Automobiles, Care, Equipment and Storage, Form XVI.—Increase 1,386 00
Provides for gasolene for three machines and the repairs of three machines.

Purchase of Horses, Form XVII.—Increase 250 00
Provides for the purchase of one horse.

Forage, Shoeing and Boarding Horses, Form XVIII.—Increase 325 72
The request for this appropriation is based upon current prices.

Contingencies, Form XXII.—Increase 1,162 82
Includes an allowance of $3,000 for traveling expenses, $200 for the mounting and binding of maps and about $350 for minor and incidental expenses.

Total increase $10,620 36

Materials for Repairs and Replacements by Departmental Labor, Form XI.—Decrease 3,154 10

Net increase $7,466 26

The supplies required have been estimated carefully from the quantity of supplies of the various kinds used by the Bureau of Sewers in the first six months of the year 1909.

For 1909.

Estimate	$12,775 00
Budget allowance	8,212 50
Net allowance available	8,212 50

ELTON AVENUE BATH.

Payrolls.

Estimate for 1910	$17,836 00	
Allowed for 1909	8,212 50	
		$9,623 50

Compared with present roll—

Estimate for 1910	$17,836 00	
Payroll, June 26, 1909	12,012 00	
Increase		$5,824 00

Made up as follows, viz.:

Increase in Force—		
3 Male Attendants at $2.50	$2,730 00	
4 Female Attendants at $2	2,912 00	
Increase in pay from $1.50 to $2, 1 Female Attendant	182 00	
		$5,824 00

The bath was not finished for use until May, 1909, so that the amount allowed in the Budget for 1909 could only be estimated at the time. Now the exact requirements are known and are shown in the estimate.

		3,106 25
Contingencies, Elton Avenue Bath		200 00
Forage, etc., for horses		200 00
		$16,876 25

Less reductions—		
General Supplies	$57 00	
Apparatus, etc	150 00	
Contingencies	500 00	
		707 00
		$16,169 25

Department of Water Supply, Gas and Electricity,
July 8, 1909.

Hon. LOUIS F. HAFFEN, President, Borough of The Bronx, One Hundred and Seventy-seventh Street and Third Avenue, City:

Dear Sir—Plans of the Municipal Building of The Bronx, One Hundred and Seventy-seventh street and Third avenue, indicating the number and distribution of outlets proposed for installation, were filed in this office in the latter part of January of this year. These plans were duly reviewed and approved by this Bureau as to the nature, number and distribution of lights, and were forwarded to you with the request that the work be done as expeditiously as possible owing to the defective conditions in the building. I have been informed that you made application to the Board of Estimate and Apportionment for money to carry out this work but you have been unsuccessful in obtaining it.

In view of this fact, I would request that in the event of your failure to obtain the necessary money from the Board of Estimate and Apportionment this fall, that you make provision in your Budget for the coming year for the carrying out of this work.

Thanking you for your kind co-operation in this matter, I am,

Very truly yours,
C. W. LACOMBE, Chief Engineer of Light and Power.

BUREAU OF BUILDINGS.

The following table and explanation therefor is herewith submitted in connection with estimate for salaries and other expenses of the Bureau of Buildings, Borough of The Bronx:

	Allowed for 1909.	Estimate for 1910.
Code No. 1361—Administration. Salaries	$44,500 00	$47,650 00
Code No. 1362—Field and Inspection, Salaries	87,000 00	93,150 00
	$131,500 00	$140,800 00
Code No. 1363—Contingencies	1,500 00	3,200 00
Code No. 1364—Apparatus; Machinery, Vehicles, Horses, Equipment; Care and Storage of Same	1,000 00	490 00
	$134,000 00	$144,490 00
Net increase		10,490 00

To pay the salaries of the working force of this Bureau, as same exists June 30, 1909, for a year, one hundred and thirty-one thousand five hundred dollars, the full amount of the Budget allowance for 1909, is required.

During the past seven years and six months plans for 13,121 new buildings have been filed in this Bureau, at an estimated cost of $166,593,892, which new buildings, with the thousands previously erected, call annually for an increased inspection force in the Bureau, and reduced size of inspection districts, in order to enable Inspectors to properly cover the territory included in their districts. The Bronx covers forty-two square miles, divided into thirty-four construction districts and eleven plumbing districts, some of the Inspectors having as many as two and three square miles of territory to cover.

The record of building operations in this Borough for the first six months of 1909 is unprecedented in its history, plans for 1,356 new buildings, to cost $22,092,760, having been filed in this Bureau. The total number of plans filed for the whole of the year 1908 was 1,912, to cost $21,415,160. At the present rate of filing plans, which continues from day to day, more than 2,700 new buildings, to cost in the neighborhood of $45,000,000, will have been filed by the expiration of the year 1909, and there is every indication that this vast amount of work will continue, in consequence of which it is absolutely necessary that the working force of this Bureau be strengthened for 1910, construction districts be reduced in size so that the increased business of the Bureau and inspection of new and altered buildings may be properly handled. And the regular inspection of all existing buildings for defects in construction or decay by reason of the elements or age. Buildings examined for fire escapes. Examination of buildings for which applications have been made to Excise Department for hotel licenses. Inspection of buildings to be used for common shows or concerts, investigation of complaints and the preparation of the thousands of violation, unsafe and fire escape cases filed annually, and the keeping of the records of same. And for this purpose I have asked for one new Clerk at $1,350, one Messenger at $1,200 and four new Inspectors at $1,350 each, which, with $1,350 I desire to use for the purpose of increasing the salaries of several faithful and longtime employees in the Bureau, will require an additional allowance of but $9,300 over the total Budget allowance for salaries of this Bureau for 1909, or a total of $140,800 for salaries for 1910. In view of the great amount of work being performed by the working force of this Bureau in order to keep pace with the increased business thereof, to my mind it is but a small item and should be allowed without question.

The allowance made for 1909, viz., $1,500 for Contingencies, is entirely inadequate, as more than that amount will be required for carfares of Inspectors, Messengers and office postage for the year. Up to June 30 $1,078.66 has been expended from this fund, and I shall shortly be required to make a request for a large transfer from some other fund to meet the deficiency in this, and the sum of $3,200 is a modest estimate of the amount which will be required for Contingencies and Supplies for the year 1910, which is $1,700 more than allowed in the Budget for 1909.

All of which is respectfully submitted.

PATRICK J. REVILLE, Superintendent of Buildings.

The total Budget allowance, Salaries and Wages for the Bureau of Buildings, 1909, was $206,735. The total Budget estimate for 1910 is $213,585, a total increase of $6,850, divided between the two divisions of the Bureau—Administration and Field Force. This increase shows an increase of $3,850 in the Administration force and an increase of $3,000 in the Field force.

The increase this year is requested for five increases of salaries—one of which has already been approved by the Board of Aldermen and only needs to go into effect on the revision of salary schedule—and salaries for four new employees. The increases are for Chief Plan Examiner Hamm, whose salary it is desired to increase from $2,400 to $3,500; Chief Clerk Richards' salary from $3,000 to $3,500; Assistant Engineers Smithers and Koen from $1,800 to $2,550 each (Mr. Brophy's proposed increase from $1,800 to $2,400 is the one referred to as having been partially consummated. The four new employees desired are three Inspectors of Carpentry and Masonry, $1,200 per year, the need for which is apparent by the increased work of the Bureau, and a Statistician, the necessity for the services of whom is plainly apparent.

Mr. Hamm was given charge of the duties formerly carried out by Assistant Engineer Faribault, when the latter resigned from the Department during 1907, and is now in direct charge of the examining force. The salary proposed to be paid to him is certainly more in keeping with the duties he performs, and a more faithful employee could not be rewarded.

Messrs. Smithers and Koen are competent assistants of Mr. Hamm, and for the services performed by like employees in Manhattan Borough the salaries are even more than are asked for here for the two Brooklyn Bureau of Building Assistant Engineers.

Chief Clerk Richards' desired increased salary was provided for and approved by the Board of Estimate and Apportionment and the Board of Aldermen a year ago, but in a subsequent revision of the schedule it was not allowed, and it is intended this year to request the additional salary. He has charge of the Bureau of Records, occupies an important position in the Bureau, and is deserving of this recognition, not having had an increase in salary in five years.

D. J. DONOVAN, Superintendent of Buildings.

This shows a net increase in schedule of $3,600, but the increase of 1910 estimate over Budget for 1909 is only $3,000; the reason being that $600 was subsequently transferred from this account to General Administration.

PRESIDENT OF THE BOROUGH OF QUEENS.

The City of New York,
Office of the President of the Borough of Queens,
Long Island City, September 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with the provisions of section 266 of the Greater New York Charter, I respectfully beg to transmit herewith Departmental Estimate for the year 1910.

I have endeavored to limit the requests for appropriation to a figure absolutely consistent with the increased needs for conducting the affairs and making necessary improvements in the Borough of Queens during the coming year. Such increases as the estimate will show are either for additional moneys for maintenance or supplies or additional help.

General Administration.

During the past year I have reorganized the clerical force in this office, and, pursuant to instructions from the Department of Finance, I am desirous of making the Bureau of Accountancy more effective, and it is for this reason that the additional Typewriting Copyists, Bookkeepers and Clerks are desired.

Up to a very short time ago the duties of attendant in my office were performed by a detailed man, but a regular attendant is now assigned in his place.

Such other additional employees as are shown on the estimate are absolutely necessary, and the very titles will prove a reason as to why they should be employed in the General Administration Office.

Bureau of Highways.

The several increases, reference to which is made further on in this letter, are asked for in order to carry projects now under way, as you will see from the following, the other items being based on the allotments for previous years:

Form 1. We have here set forth our requirements as to a sufficient clerical force.

Form 1a. This estimate is made with the present salaries as a basis.

Form 1b. Prepared on the basis of actual needs, it being the intention to place the Inspectors of Street Openings and Complaints in charge of the work which their titles imply.

Form 7. This estimate provided for the present force of men, with an additional one hundred Laborers and six teams. It also provides for an increase in the salary of all Laborers to $2.50 per diem, in accordance with the resolution of the Board of Estimate and Apportionment. This is the present per diem rate of these men. Provision is also made for the salaries of two additional Inspectors, appointed on August 2, 1909. The amount asked for hire of road rollers is reduced one-half, by reason of the intended purchase of two new rollers; this in turn necessitates provision for two additional operators for rollers.

Form 10. All the items included in this form are for supplies in quantities corresponding to purchases in previous years.

Form 11. Item 3—For lumber required to replank several of the bridges over which this Bureau has jurisdiction.

Items 4, 5, 6 and 7—For taking care of service drainage in sections where there are no sewers and where water courses are being changed owing to the laying out of farm lands into building lots.

Item 16—Due to request of property owners on macadam streets.

Form 12. Item 16—Is self-explanatory. From time to time we are called upon to make these repairs.

Form 13. Items 2 and 6—To be used in cleaning field basins.

Items 4, 5 and 7—To be used in repairing macadam streets for treatment with oil and tar. Also for use in crowning dirt streets.

Items 9 and 10—To be used in breaking up macadam pavement in our resurfacing work.

Item 12—Important for the maintenance of macadam streets.

Form 15. Item 1—At the present time we are hiring autos, which is both expensive and unsatisfactory, and it is intended to purchase a machine of good make in order to minimize expenditures on this account.

Item 2—This machine is to be used by the Engineer in collecting cost data on maintenance, as provided for by resolution of the Board of Estimate and Apportionment.

Form 16. These items are self-explanatory.

Form 14. Item 1—One additional horse, wagon, etc., provided for the Inspector in charge of resurfacing work.

Form 20. Items 1 and 2—Required for use of steam rollers.

Form 21—Self-explanatory.

Form 22. Covers traveling expenses of employees.

Form 23. Item 1—For use in paving and repaving gutters.

Item 2—This class of material placed on the macadam roads is meeting with general satisfaction, and it is intended to extend its use on all connecting thoroughfares.

Item 3. Self-explanatory.

Item 4. To take the place of rollers hired from private owners, thereby greatly reducing cost.

Item 5—The use of oil on our roadways has given satisfaction and comfort to the traveling public as well as to the residents in general, and has aided materially in our maintenance work.

Items 6, 7, 8, 9, 10 and 11—For use in resurfacing work on macadam roads, the whole amount of this estimate is necessary.

Item 12—To cover repairs to pavement where maintenance agreement has expired.

Items 13, 14 and 15—For use in restoring plumbers' openings on streets where maintenance agreements have expired.

Item 16—Self-explanatory.

Items 17 and 18—Self-explanatory.

Bureau of Street Cleaning.

The estimated amount necessary for the operation of this Bureau for the year 1910 is $504,426.50. This estimate is based on the satisfactory performance of all the varied functions of this Bureau, though, I will say, not a thorough performance.

This Borough is increasing in population, in the number of new buildings, and in the mileage of streets paved, at a marvelous rate, and any estimate should take cognizance of these increments.

It costs, at the lowest estimate, $8.50 per mile to clean the paved streets. There are over eighty-eight miles of paved streets in this Borough. The cost of cleaning the streets for 313 days in the year would alone amount to $243,000. This is in excess of any expenditure for all purposes made by this Bureau in the past five years. In addition, there is the cleaning of the gutters of macadamized streets, which would bring this sum up to about $300,000.

As a matter of fact, during the past five years the streets that were paved in this Borough have never been cleaned wholly or thoroughly. In many instances there were paved streets on which there were no houses. A different condition exists to-day. Buildings are up or being constructed on all these streets, and where there was no demand for street cleaning five years ago there is an imperative demand for it now.

That the streets were not cleaned as they should have been in the past five years can be shown by the large number of complaints from property owners living on them. During the past five years nearly twenty miles of paved streets and gutters have been added to the Borough's total of paved streets, and there is a prospective addition of nearly five miles for 1910. At the same time the increment of paved gutters on macadamized streets keeps up in like proportion.

No other Borough in the greater city is increasing in population, building and permanent improvements as Queens Borough. It is apparent that these increments entail more work, greater need of apparatus, equipment, renewals, repairs and supplies, as well as an increased force of laborers and a larger and better equipped administrative force.

The great increase in population results in more frequent garbage removals and better, more up-to-date and satisfactory disposal plants, such as dumps, crematories, etc. The great geographical extent of Queens, with dwellings separate and at distances apart, entails a greater cost for the collection of garbage than in a closely settled and congested Borough. Garbage and ashes must be carried for long distances to dumps and crematories.

This Bureau is handicapped by the deplorable lack of dumping places. Five years ago there were as many available places for dumps, but the growth of the population and the increase in the building operations close to the dumps all over the Borough not only precluded the selecting and acquiring of new dumps, but are depriving this Borough of established dumps by the objections to them on the part of property owners and the legal proceedings taken to abate this practice. In the past five years successive grand juries have been appealed to to stop this practice of dumping and the dumps are fast disappearing.

It can readily be seen and is obvious to all that a population of over 300,000 engenders more garbage and refuse than a population of 150,000. With the constant increment of garbage and ashes and other refuse matter and the gradual disappearance of the dumping spots, this Bureau, unless supplied with adequate means of disposal, will be unable to make the final disposition that emergencies call for.

There are but five crematories in this Borough, widely apart and of archaic style, in unrepair and wholly inadequate for the demands made upon them. These crematories should be abolished and five new up-to-date and sanitary crematories should be established to cope with conditions. The plant of this Department is not much better now than a decade ago, when there were few paved streets and a small population, the garbage of which was privately disposed of in a greater part, and that collected by this Bureau a negligible quantity. Queens Borough is now in its population a city of some consequence in itself, though scattered over a wide territory. This fact enhances the cost of the operation of this Bureau, as shown before.

Five years ago collection of garbage was infrequently rarely twice a week—but during the past year in many localities daily collections have become necessary, and in most portions of the Borough three collections a week. In the coming year there will be a great addition of daily collections, and even in the most sparsely settled localities there will be a demand for two, or at least one collection a week. Provision should be made for these things in apparatus, plant and laborers.

Failure to make these increasing collections will result in unsanitary conditions which menace the health of the Borough. The Health Department has frequently called attention to these facts. These conditions are exaggerated by the fact that most of the newcomers to Queens have heretofore resided in Brooklyn, Manhattan or The Bronx, where the collection and disposing of garbage are more thoroughly and adequately made, and they demand the same service here that they were accustomed to in other Boroughs.

As the Borough is developed and improved, the demands on this Bureau become more urgent and the work to be done greater each year. In the past five years no attention was paid to future exigencies in growth. Practically the same appropriations have been made year after year without taking cognizance of the new conditions. The result has been inefficient service, and, in many instances, absolute neglect. But this custom can no longer be practiced. The health of the community demands that something approximate to proper service should be given, and hundreds of civic organizations are insisting that this should be done.

I make this statement because the details herewith given in the estimate do not give any idea of the growth of Queens Borough, the conditions created by increased population, the growth of building operations, and increments in paved streets, etc. If the increments in 1910 are made in the same proportion as they were made this year, even with the increased appropriation, it will be difficult to render satisfactory service.

I would suggest that this Bureau be provided with a Deputy Superintendent. I make the suggestion because there is need of a confidential, competent assistant to the Superintendent, who can always be present in the office of the Bureau, and have charge of the administrative force and be ever ready to give attention to emergencies as they arise. The widespread territory in which the operations of this Bureau are carried on makes it necessary for the Superintendent to be away at distant points, in the necessary course of his official duties, and while he is absent a Deputy Superintendent or executive could act in his place and behalf. I would suggest that he should be compensated with a salary of $2,500 per annum.

I would further suggest the establishment of an encumbrance yard or yards in various parts of the Borough, for the storing of the carts and other apparatus of this Bureau. In this way much deterioration, waste or wear would be saved and much money in repairs prevented. These encumbrance yards could also be used for the storage of wagons and carts, as well as boxes, barrels and other matter of a bulky nature, left by owners to encumber the streets.

The Bureau of Public Buildings and Offices.

The completion of the County Court House in Long Island City and the opening to the public of the interior bath and the public comfort station necessitates asking for an increase over the amount allowed for the year 1909.

The Bureau of Buildings.

The increase in salaries and the additional help is needed on account of the increased amount of business being done, as will be seen by comparison of September 1, 1909, which shows an increase of 81½ per cent over September 1, 1908, in new building operations. This will also apply to increase in contingency fund for additional Inspectors, etc.

All of which is respectfully submitted.

Respectfully,
LAWRENCE GRESSER, President Borough of Queens.

PRESIDENT OF THE BOROUGH OF RICHMOND

September 22, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—Herewith I forward estimates in detail of the amounts required by the President of the Borough of Richmond for the conduct of the business of his office during the year 1910, summarized as follows, viz.:

Bureau or Division.	Estimate of Salaries and Wages, 1910.	Estimate of Supplies, Carts, Teams, etc., 1910.	Total Estimate, 1910.
General Administration	$56,950 00	$10,800 00	$67,750 00
Engineering, Construction	43,000 00	4,310 00	47,310 00
Highways	138,520 00	206,557 50	345,077 50
Sewers	58,770 00	21,705 75	80,475 75
Street Cleaning	197,888 00	57,734 00	255,622 00
Public Buildings and Offices	56,156 50	35,847 00	92,003 50
Buildings	39,350 00	5,000 00	44,350 00
Total	$590,634 50	$341,954 25	$932,588 75

The estimates of the Bureaus of Highways, Sewers and Street Cleaning are supported by estimates based on actual cost of work heretofore done, as shown by statements appended, showing unit costs of such work. In all cases the amounts requested are those actually necessary for the proper performance of the work to be done during the year 1910.

Respectfully yours,

GEORGE CROMWELL, President, Borough of Richmond.

† In the 1908 estimate for Salaries and Wages, $677,013, the sum of $42,000 is included for Salaries and Wages, Bureau of Engineering-Construction. The total annual salaries estimated for this Bureau is $114,880; the difference between this sum and the $42,000 asked for was supplied from Corporate Stock and other accounts.

Bureau of Engineering-Topography estimates for 1908 and 1909 are omitted, as no Budget appropriation was made for that Division for said years, and no estimate is presented for 1910. Corporate Stock to be issued for this work. The estimates for the above years were as follows:

	1908.	1909.
Salaries and Wages	$30,000 00	$45,000 00
Supplies, etc.	.....	14,370 00
Total	$30,000 00	$59,370 00

‡ Revenue Bonds amounting to $4,634.71 were issued for the Bureau of Street Cleaning, and the amount was transferred to Appropriation Accounts of that Bureau for the year 1908.

§ Salaries and Wages were not allowed as separate items from Supplies in the appropriations of the Bureau of Highways and Sewers for the year 1909, but were included in one appropriation under the heading Maintenance of Highways in the Bureau of Highways, and Maintenance, including Cleaning and Repairs, in the Bureau of Sewers. Estimated amounts have, therefore, been taken as the Salaries and Wages allowances, respectively, proportionate to the 1909 estimates of these Bureaus.

Reasons for Requests for Increases in Salaries and Added Employees Over June 30, 1909, Payrolls.

General Administration, Salaries and Wages (President's Office).

Stenographer and Assistant Secretary, from $2,400 to $3,000. Efficient and lengthy service; about nine years in this office; practically Executive Secretary in charge of staff of the President's office, including supervision of correspondence, etc., large experience in this class of work; no increase of salary in past five years.

Executive Clerk (new position), $3,000. Necessary position due to increase of work and accumulation of records; to be filled by promotion.

Clerk, $1,650 to $1,800. Efficient service.

Clerk, $1,200 to $1,350. Efficient service.

Clerk, $1,200. Promotion from Messenger, at $1,050, to Clerk, at $1,200. Increase went into effect July 1, 1909.

Typewriter Copyist, $900 to $1,050. Efficient service.

Telephone Operator, $720 to $900. Efficient service.

General Administration, Salaries and Wages (Commissioner's Office).

Assistant Commissioner, $3,000 to $3,600. Greatly increased duties, professional (engineering) as well as executive.

Secretary to Commissioner, $1,800 to $2,100. Efficient and lengthy service, also acts as Contract Clerk up to time of ordering on work.

Chief Clerk, $1,800 to $2,000. No increase in salary in over seven years; in charge of Bureau of Accounts, handling bookkeeping and accounting, as well as the preparation of all payrolls and vouchers of the entire Department; over sixteen years in the service of the City.

Clerk, $1,650 to $1,800. Efficient and lengthy service.

Clerks (three), $1,500 to $1,650. Efficient and lengthy service.

Clerk, $1,200 to $1,350. Efficient service.

Clerk $1,050 to $1,200. Efficient service.

Clerk, $1,200. Promoted from Messenger, at $1,050, to Clerk, $1,200. Increase went into effect July 1, 1909.

Stenographer and Typewriter, $1,500 to $1,650. Efficient and lengthy service.

Stenographer and Typewriter, $1,350 to $1,500. Efficient service.

Typewriter Copyist (new position), $900. Increased work.

Messenger, $1,050 to $1,200. Efficient and lengthy service (twelve years). No increase in over three years.

Reasons for Requests for Increases in Salary and New Positions.

Bureau of Engineering—Construction, Salaries and Wages.

The increases in salary and new positions under this appropriation will be chargeable against Corporate Stock and other funds, the amount requested for 1910 being the same as allowed in 1909 plus the amount of Special Revenue Bonds issued during 1909.

Schedule of Salaries and Wages Estimate for 1910, Monthly Payrolls.

Budget allowance made under incorrect title, necessitating transfer of $33,150 to General Administration, Salaries, appropriation for which Engineer Corps' payrolls are drawn.

SALARIES AND WAGES—PRELIMINARY SURVEYS, MAPS AND REPORTS.

	Budget.	Revenue Bond Issue.	Total.
Allowed for 1909.....	$33,000 00	$10,000 00	$43,000 00
Asked for 1910.....	43,000 00	.....	43,000 00
Increase.....			.....

The difference between $115,330 required for salaries to carry on the work of this Bureau during the year 1910, and the $43,000 asked for in this Budget for salaries and wages in connection with "Preliminary Surveys, Maps and Reports," which should be the title of this account, namely, $72,350, is to be paid from Street Improvement Fund, bond issues, Bureau of Sewers, Maintenance, and Bureau of Highways, Maintenance, accounts. The particular need for the $43,000 is the making of preliminary surveys, maps and reports for public improvements in their early stages before the point is reached when they can be charged against Street Improvement Fund.

It will be noted that the amount asked for 1910 is the same as the amount allowed for this purpose in 1909, namely, Budget appropriation, $33,000 plus Special Revenue Bonds to reimburse the appropriation $10,000. While the appropriation for this purpose each year has been smaller than the necessities required, yet the deficiency has been made up by Revenue Bonds. This should not be permitted to occur again.

We believe that the amount asked for, $43,000, will be sufficient for the year 1910 on account of the new regulations governing the charging against the Street Improvement Fund of surveys, maps and reports in connection with assessable improvements which have received their preliminary authorization by the Board of Estimate and Apportionment.

For 1908.		For 1909.	
Estimate	$42,000 00	Estimate	$42,000 00
Budget allowance.....	22,000 00	Budget allowance.....	*36,000 00
Budget transfers, Dr.....	3,300 00	Transfers to June 30, Dr.....	33,150 00
Budget transfers, Cr.....	7,000 00	Net allowance available.....	2,850 00
Net allowance available.....	25,700 00	Revenue Bonds to June 30.....	10,000 00
Revenue Bonds allowed.....	15,000 00		

* This budget allowance was in error under the title "Division for Making Maps for Street Openings."

Reasons for Requests for Increases in Salary and New Positions.

Bureau of Highways, Administration, Salaries.

Superintendent, $2,500 to $3,000. Increased efficiency and responsibility; equalization of salaries.
Cashier, $1,500 to $1,800. Efficient and long service.
Stenographer and Typewriter, $1,350 to $1,500. Efficient service.
Chief Clerk, $1,650 to $1,800. Efficient and long service.
Clerk, $1,200 (new). Increasing work.
Typewriting Copyist, $1,050 (new). Increasing work.

Bureau of Highways, Maintenance, Salaries and Wages.

Inspector, $1,500. Carried on other administration appropriation, 1909.
Auto Engineman, $1,200. Carried on administration appropriation, 1909.
Assistant Engineer, $2,250; Transitman, $1,500; Leveler, $1,500; Rodman, $1,050; Axeman, $900. Engineering services for Bureau of Highways heretofore performed by the Bureau of Engineering-Construction.

*Decrease.
† Supplies were not allowed as a separate item from Salaries and Wages in the appropriation of the Bureau of Highways for the year 1909, but were included in one appropriation under the heading Maintenance of Highways. An estimated amount has, therefore, been taken as the Supplies allowance, proportionate to the 1909 estimate of this Bureau.

Salaries and Wages.

From cost data records as above		$42,011 97
Engineering cost data (Transitman, at $1,350 per annum, recommended to be placed under Administration)		1,350 00
Engineering (maps, etc., as per previous years)		1,500 00
Inspection of sewer connections ($1,800 returned in fees credited below)		3,000 00
Driver for Superintendent (recommended to be placed under Administration)		1,050 00
Miscellaneous labor (vacations for employees, etc.)		1,200 00
Total salaries and wages		$50,111 97

Vehicles and Materials.

From cost data records as above		$10,173 88
Repair and Renewal of Apparatus—		
Hose, 550 feet at $1.10	$600 00	
Wagon	200 00	
Harness, machinery, etc	300 00	
		1,100 00
Materials for stock (not included under unit prices—tools, rope, rubber boots, etc.)		1,100 00
Shoeing 8 horses, at $80 each		640 00
Repairs to pavement		200 00
Office supplies and contingencies		1,000 00
Maintenance of automobiles		450 00
Miscellaneous (traveling expenses and rentals)		1,000 00
Necessary Additional Equipment Not Based on Cost Data—		
2 new wagons, at $80 each	$160 00	
1 new cart	125 00	
1 new carriage	300 00	
1 new tool wagon	70 00	
		655 00
2 new horses		1,000 00
1 pump (gasolene pump mounted on wagon for emergency sewer stoppages and to prevent the flooding of adjacent cellars)		1,000 00
1 shed for storing materials, etc		1,500 00
Dredging sewer outlets (this is a new item)		500 00
Forage for 8 horses, at $420 each		3,360 00
Total vehicles and materials		$23,678 88

Total salaries and wages	$50,111 97	
Total vehicles and materials	23,678 88	
		$73,790 85
Credit Driver for Superintendent (recommended to be placed under Administration), at per annum	$1,050 00	
Credit engineering cost data, Transitman (recommended to be placed under Administration), at per annum	1,350 00	
Credit inspection of sewer connections (returned in fees)	1,800 00	
		4,200 00
Estimated amount of appropriation, 1910		$69,590 85

Note—Above estimate formed by using the unit prices as obtained by the Cost Data Engineer during the past four months.

THEODOR S. OXHOLM, Engineer in Charge of Construction.

Hon. GEORGE CROMWELL, President of the Borough of Richmond:

Dear Sir—In connection with the Budget estimate for 1910 for the Bureau of Street Cleaning in your office, I beg to submit herewith two tabulation sheets; one presents cost data for the year 1908, and the other sheet or estimate for 1910 is based upon unit costs of work performed as shown in the 1908 statement, with provision for such additional work as has been deemed necessary and advisable for the ensuing year. As far as possible, the items in the segregated Budget estimate conform to the work requirements, as shown in the blueprint sheet or estimate for 1910.

In the final analysis, it is believed that appropriations should be based upon work required and unit costs thereof, rather than upon a multiplication of funds which really retard to some extent at least, administrative control of, and economy in, work costs, by requiring more attention on the part of the clerical force, without compensating advantages, in so far as cost keeping methods are concerned in this Bureau. Where the unit costs of work for a series of years are available (as is the case in the Bureau of Street Cleaning), and where future requirements can be closely approximated, one general fund for all work would be most advantageous. However, the division of the yearly appropriation into five separate funds, as in 1908, will be suitable for 1910. I would therefore recommend that the Board of Estimate and Apportionment, based upon the cost data herein submitted, appropriate for 1910 the following amounts for this Bureau:

A—Administration—

Salaries, office force	$14,550 00

B—Labor, Maintenance and Supplies and Final Disposition—

Salaries and wages	183,338 00
Hired teams, horses and carts	10,824 00
Equipment, repairs, renewals and supplies	42,079 00
Incidental expenses	4,831 00

By referring to the estimate for 1910, it will be found that this total amount will exceed the 1908 appropriation by $40,935, and that of 1909 by $41,715. It is also apparent in this comparison that the Bureau of Street Cleaning in 1909 has had less money available than in 1908.

Following is a list supplementing the blueprint estimate for 1910 and explaining the details of the increases shown in the segregated Budget:

Form 1, Salaries and Wages, Monthly Payrolls, Administration.

Position.	Increase.	Reason.
Assistant Superintendent	$1,500 00	Position authorized; promotion examination held and position will shortly be filled.
Four Clerks	630 00	More work; longer hours; general efficiency.
Stenographer and Typewriter	900 00	Additional position necessary.
Draftsman or Transitman	1,500 00	Heretofore engineering work has been done by the Superintendent, or by assignment from the Engineering Corps. It is desirable to have a man of the grade of Transitman or Draftsman permanently detailed to the Bureau.
Chemist	1,350 00	The services of a Chemist for technical analyses in connection with refuse disposal and other related work is desirable, and apparatus for chemical and physical laboratories is available for starting this branch.

Form 1, Salaries and Wages, Monthly Payrolls, Maintenance and Final Disposition.

Position.	Increase.	Reason.
Two Inspectors	$300 00	To equalize salaries with other Inspectors and for efficient services.

Form 7, Salaries and Wages, Weekly Payrolls.

Position.	Increase.	Reason.
Eleven Foremen	$1,650 00	Deserved increase. Each Foreman has charge of about 20 men and looks after 8 to 15 miles of streets.
Two Foremen	2,100 00	Additional Foremen necessary for increased work.
Assistant Foreman	120 00	Deserved increase (in effect August 1, 1909).
Laborers and Sweepers	11,928 00	For increases in force and slight increases to a yearly basis of present force; same salary grades.
Drivers	3,006 00	Increase in wages from $720 to $780, due to arduous character of work and efficient services.
Hostlers	780 00	Increase from $780 to $840, due to extra Sunday work and general efficiency.
Stationary Engineer	7 00	Difference in estimates.
Stoker (Assistant Engineer)	185 00	Head Stoker at refuse destructor at present receives $3 per day and acts as Assistant Engineer; is a licensed man, capable, and deserves the increase.
Two Painters	1,800 00	Additional men required.

Forms 10, 11, 12, 13, 14, 15, 16, 17, 19, 20, 22—Equipment, Repairs, Renewals and Supplies—Incidental Expenses, and Hired Teams, Horses and Carts.

Fund.	Increase Over 1909 Appropriation.	Reason.
Equipment, Repairs, Renewals and Supplies	$9,974 00	These amounts are necessary for performing the proposed additional work in connection with the "Salary and Wage" account.
Incidental Expenses	4,331 00	
Hired Teams, Horses and Carts	2,324 00	

Yours respectfully,

J. T. FETHERSTON, Assistant Engineer and Acting Superintendent.

BUREAU OF STREET CLEANING, BOROUGH OF RICHMOND, FINANCIAL STATEMENT, 1908.

Fund Summary.

	Appropriation.	Expenditure.
"A"—Administration, Salaries, Office Force	$11,230 00	$11,219 96

DEPARTMENT OF TAXES AND ASSESSMENTS.

The City of New York, Department of Taxes and Assessments,
Hall of Records,
Borough of Manhattan, July 29, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—In compliance with the request of the Secretary of the Board of Estimate and Apportionment and pursuant to the provisions of the Greater New York Charter, we transmit herewith an estimate of the amount of money required for the proper conduct of this Department for the year 1910, together with detailed statements in the forms requested.

Salaries, Commissioners and General Administration	$107,940 00
Salaries, Deputies, Clerks and Employees	370,700 00
General Supplies, Telephone and Contingencies	15,000 00
	$493,640 00

Respectfully,
LAWSON PURDY, President;
JAMES H. TULLY,
HUGH HASTINGS,
JOHN J. HALLERAN,
Commissioners.

Memorandum in Explanation and Support of the Departmental Estimate for 1910 of the Department of Taxes and Assessments.

Added Employees.

One Deputy Tax Commissioner at $1,800—No additional Deputies have been appointed this year, or will be appointed as far as can be foreseen before June, 1910. At that time, however, there will be need of from one to three more districts to relieve the fast-growing districts in Queens, the Bronx and Brooklyn. The Department feels, however, that in asking for the salary of one additional Deputy for the entire year it will be able to meet the situation by the appointment of one Deputy for the entire year, or by two such Deputies for the six months from June 30 to December 31.

Four Clerks at $600, $2,400—This slight increase in the clerical force, which is less than the Department has usually asked for, will be all that is needed for the year 1910, in addition to the typewriter clerks, hereinafter referred to.

One Confidential Stenographer, $1,500—The entire stenographic work of the Department is done by the confidential stenographers of the Commissioners. Seven are allowed, but only six have been appointed. The growing work demands a seventh.

Typewriter Clerks, one at $1,050; one at $900; two at $750—$3,450—The Department is now equipped with book-typewriters and the appearance of the record books and assessment-rolls is greatly improved. The Department, however, has no force to do this work. The grades have been established and the staff of four clerks of this kind is needed.

Salary Increases of Existing Force.

Assistant to the President, $4,500; Increase, $1,000; Mr. Heydecker—The reasons for this are set forth in the applications for the change of grade now pending in the Board of Estimate and Apportionment. Assuming that the Board will vote to establish the new grade, the increase should follow.

Assistant Secretary, $3,500; Increase, $300—Mr. Woodhull—The Assistant Secretary is the financial officer of the Department. The growth of his duties and the steady increase of his work makes this slight increase in his pay seem proper. It may be added that the officials of the Finance Department have several times complimented Mr. Woodhull on the neatness, accuracy and promptness of his reports.

Assistant Chief Deputy Real Estate, $4,500; Increase, $1,000; Mr. Craigen—The same argument applies as in the case of Mr. Heydecker above. The application for the establishment of the grade is pending before the Board of Estimate and Apportionment.

Messengers, two, $1,500; Increase $150 each; Joseph M. Burnop, James Tappan—These men are old, faithful and trusted employees of the Department. They are familiar with the records, methods and procedure of the Real Estate Bureau in Manhattan and Brooklyn. Their last increase in salary ($150 each) was respectively in 1905 and 1906. This slight increase in recognition of faithful and efficient work would be appreciated.

Assistant Chief Personal Bureau, $3,500; Increase $500; Mr. Howe—Mr. Howe has been for over twenty years in the Department. He was a member of the Board of Assessors of Brooklyn. He has been Deputy in Charge of Brooklyn and is now in charge of personal assessments, supervising this work in all of the boroughs. Twenty years ago his salary was $3,500. In the general averaging of salaries in 1902 it was reduced to $3,000. It is urged that it should be restored to $3,500.

Deputy Tax Commissioners, Various Grades, 35 increases of $150 each, $5,250; Clerks, Various Grades, 34 increases of $150 each, $5,100—There are ten grades of salary of Deputies and nine grades of salary for Clerks. As a rule Deputies are appointed from the clerical force and receive the minimum salary of $1,800. If they are faithful and efficient and are advanced a grade in salary every two years they will reach the maximum grade for field Deputies in eighteen years, namely, the salary of $3,000. There are at present only two Deputies doing field work, who receive as much as $3,000 per year. The orderly promotion of faithful and efficient men is necessary, both in justice to the men and in order to retain the services of competent men.

There are nine grades of salary for clerks. Clerks are ordinarily appointed at $600. If promoted for faithful and efficient service every two years, they would be eighteen years in reaching the maximum clerical salary of $1,800. There are at present four clerks receiving $1,800, two of whom have served for over twenty-five years. As in the case of Deputies it is even more true in the case of clerks that they must receive regular promotion if justice is to be done to them, and if the City is to retain their services in the Tax Department.

The provision for increase in salaries is made with the intent to increase the salary of every Clerk and Deputy, who has served faithfully and efficiently for two years at his present salary. This increase will affect one-half the Field Deputies and about one-third of the Clerks.

There are only two grades for Searchers, and it is proposed to increase the salaries of those Searchers who have served over three years at their present salary. The increase asked for is only $300 to affect two.

The schedules accompanying this have been prepared upon the forms prescribed by your Board. The Department, however, feels that its organization will more readily be appreciated by reference to the typewritten schedule attached to this memorandum, in which the employees of the Department are grouped under the three general heads—General Administration, Real Estate Bureau, Personal Bureau.

In the Real Estate Bureau and in the Personal Bureau there are sub-groupings to indicate the field work, the apportionment work and the distinctively office work. The salary grades of Deputies and Clerks are shown in each sub-group.

LAWSON PURDY, President.

Departmental Estimates, 1910.

EXAMINING BOARD OF PLUMBERS.

Office of the Examining Board of Plumbers,
City of New York, No. 149 Church street,
New York, July 12, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Complying with the requirements of your circular letter bearing date of May 18, 1909, I enclose herewith the estimate for this Department for the year 1910.

Yours truly,

BARTHOLOMEW F. DONOHOE, President, Examining Board of Plumbers.

Departmental Estimate for 1910.

Salaries.

Total expenditures from 1908 Budget appropriation account	$5,704 55	
Budget appropriation for 1909	5,880 00	
Estimate for 1910	5,745 00	
Increase of estimate for 19010 over expenditures for 1908		$40 45
Decrease in estimate for 1910 over appropriation for 1909		135 00

General Supplies and Contingencies.

Total expenditures against 1908 appropriation	$379 00	
Budget appropriation for 1909	379 00	
Estimate for 1910	379 00	
Increase of estimate for 1910 over expenditures for 1908		.....
Increase of estimate for 1910 over appropriation for 1909		.....

Number of Employees.	Titles or Classes.	Yearly Salary Cost, as Shown by Payroll on June 30, 1909.	Number of Employees.	Titles or Classes.	Proposed Salary for 1910.	Compared with June 30, 1909, Payroll Cost. Increase.	Compared with June 30, 1909, Payroll Cost. Decrease.
3	Examiners, at $5 per day each	$4,680 00	3	Examiners	$5,545 00	.....	$135 00
1	Clerk, Stenographer and Typewriter	1,200 00	1	Clerk, Stenographer and Typewriter	1,200 00	.....	.....
4	Total	$5,880 00	4	Total	$5,745 00	.....	$135 00

General Supplies Chargeable to the Above Appropriation.

	Expenditures from 1908 Budget Appropriation.	Estimated Amount Required, 1910.
Plumbing material for use in shop	$212 94	$250 00
Three (3) gold shields, at $25 each	75 00	.....
Postage	27 26	35 00
Ice and water supply	16 50	25 00
Towel supply	21 00	21 00
Sundry office supplies	26 30	48 00
Total	$379 00	$379 00

Rent.

For the months of May, June, July, August, September, October, November and December, 1910 ..... $640 00

Under date of April 30, 1909, the Board of Estimate and Apportionment authorized the issuance of Special Revenue Bonds to the amount of $960 to cover the annual rental of the offices occupied by this Department. The item of rent has never been included in the appropriation asked for this Department. I believe that it ought to be included in our estimate, therefore have included the amount of $640 to cover the rent for eight (8) months of 1910, in our estimate for 1910.

BARTHOLOMEW F. DONOHOE, President.

Summary of Appropriations.

	Title of Appropriation Account. Salaries.	General Supplies and Contingencies.	Rent.
Total expenditures chargeable to 1908 appropriation	$5,704 55	$379 00	.....
Appropriation for 1909, allowed by Board of Estimate and Apportionment	5,880 00	379 00	.....
Total appropriation available, 1909	5,880 00	379 00	.....
Amount requested for 1910	5,745 00	379 00	$640 00
Compared with 1909 Appropriation—			
Increase	.....	.....	$640 00
Decrease	$135 00	.....	.....

Recapitulation.

Total expenditures chargeable to 1908 appropriation accounts	$6,083 55
Total appropriation for 1909	6,259 00
Total estimate for 1910	6,764 00
Increase of estimate for 1910 over expenditures for 1908	$680 45
Increase of estimate for 1910 over appropriation for 1909	505 00

DEPARTMENT OF STREET CLEANING.

Department of Street Cleaning,
Nos. 13 to 21 Park Row,
New York, September 3, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—I transmit herewith estimate of expenses of the Department of Street Cleaning for the year 1910, amounting to $8,637,932.75.

Respectfully,
WM. H. EDWARDS, Commissioner.

Department of Street Cleaning,
City of New York,
New York, September 3, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—For the expenses connected with the Department of Street Cleaning for the year 1910 I have the honor to submit herewith my estimate.

The total amount of the estimate is $8,637,932.75.

The amount requested by this Department for 1909 was $8,967,198.10.

In my request for 1910 I have included $500,000 to be applied to the payment of contract work for cleaning a certain area of streets by the use of water (as provided by chapter 397 of the Laws of 1909). From recent tests which have been made in the Department, I am confident that with $500,000 a much better and more efficient street cleaning could be accomplished in the three Boroughs by the use of washing machines. While at present no reduction in the force can be made, I doubt if this Department will ever need more sweepers than it is using to-day. I cannot impress upon your Honorable Board too strongly that this cleaning by water will enable the Department of Street Cleaning to present to the citizens a most thorough and sanitary system of street cleaning.

I have asked for an increase in the salaries of men who have faithfully performed their duties in this Department. This increase in salaries not only rewards these men but puts them on an equal basis with men in similar positions in other City Departments, and their service during the past year has warranted my application for such increase. They deserve it.

I have asked for an increase of Sweepers and Drivers in Brooklyn. It has been the history of the Department that Brooklyn has not had enough Sweepers and Drivers to properly raise the standard of street cleaning in that Borough. It is my desire in the coming year that the Department should have sufficient funds to give better service to the Borough of Brooklyn and to put it in better shape than it is to-day. Without money it cannot be done. The population is growing rapidly; paved streets are continually being turned over to this Department, about one hundred miles having been turned over in the past year, with no sufficient appropriation to cover them with Department Sweepers and Drivers.

The carrying out of the new contract for removal of ashes in the Borough of Brooklyn is an additional expense to the City, necessitating the furnishing of a greater number of horses, carts and men to do the work.

Last year it was found that the appropriation was inadequate to meet the demands of the tradespeople of the three Boroughs, so a request was made to your Honorable Board for $150,000 for final disposition. This request was granted. As this was not anticipated in the Budget for this year, I therefore have included in the Budget for next year a sufficient amount of money to anticipate the continuation of that work which we are doing at present. Hence the increase in final disposition. This applies particularly to the Borough of Brooklyn.

Regarding the increase for the Borough of The Bronx, conditions are such that this Department is called upon to meet the demands of service to the increasing population, increased number of streets which have been turned over by the Borough President and which the Department of Street Cleaning must clean, and for which no appropriation was made last year. It is absolutely necessary that more money be allowed to the Borough of The Bronx for the cleaning of such streets and raising the standard of efficiency.

During the past year the City has been doing by contract the work of collecting ashes, garbage, etc., in the outlying sections, such as Riverdale, Marble Hill, City Island, Westchester and other towns. I believe this work could be done more efficiently by the City's assuming the control of such collections and final disposition. I have therefore asked for an increase which will meet such demands.

During the past year the power of sanding the streets was vested in this Department. As no appropriation is available for the buying and distribution of sand, I have asked for $25,000, which amount was named by the Comptroller. This is one of the most needed requests in my estimate, as the slippery condition of the streets in New York during the winter demands the improvement which the sanding of the streets would accomplish. This is also provided for in chapter 397 of the Laws of 1909.

Respectfully submitted,
WM. H. EDWARDS, Commissioner.

Department of Street Cleaning,
Nos. 13 to 21 Park Row,
New York, September 16, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, City of New York, Chairman, Board of Estimate and Apportionment:

Dear Sir—In the Departmental Estimate submitted by me, under date of September 3, 1909, to your Board for the Budget for 1910, is an item entitled "For Cleaning Streets by the Use of Water," at an expenditure of $250,000 for the Borough of Manhattan (see page 102), $195,000 for the Borough of Brooklyn (see page 109), and $55,000 for the Borough of The Bronx (see page 115), making the sum total of $500,000.

Since this Departmental Estimate was submitted by me I have received from the Corporation Counsel's office, in answer to a previous request of mine, an opinion to the effect that the amount of money required for the cleaning of the streets by the use of water, as provided by chapter 397 of the Laws of 1909, does not require the appropriation of the necessary amount of money in the Budget, and I, therefore, on the strength of that opinion (a copy of which I inclose) request that the said amount of $500,000 be withdrawn from the Budget for this Department for the year 1910.

Respectfully,
WM. H. EDWARDS, Commissioner.

Law Department,
Office of the Corporation Counsel,
New York, September 14, 1909.

Hon. WM. H. EDWARDS, Commissioner of Street Cleaning:

Sir—I have received your letter dated August 18, 1909, requesting advice as to your power and duty under section 541a of the Charter. This section was added by chapter 397 of the Laws of 1909. Its material parts are as follows:

"The commissioner of street cleaning shall have power, and he is hereby authorized, to enter into a contract or contracts for cleaning, sprinkling, sanding and flushing or washing with machines the public streets, avenues, highways, boulevards, squares, lanes, alleys and other public places in The City of New York for a period of not more than five years, terminable at any time by said commissioner after three years on three months' notice. * * * The comptroller of the city of New York is hereby authorized, under the direction and authority of the board of estimate and apportionment, to issue special revenue bonds to the amount required to carry into effect the provisions of the said contracts when awarded as authorized under this section and in the manner provided in section 541 of this act."

The question arising is, as you state it, whether you "may enter into a contract for five years, and provide in advance for the payment of the entire expense of the contract out of the issue of Special Revenue Bonds? If this be so, it would apparently not be necessary to make any provision for this expense in the Budget."

The section is not drawn in very close accord with the City's financial system. It provides that the money to pay what may become due under the contract shall be obtained from the sale of Special Revenue Bonds—that is, it in effect provides that the money that may become due, for instance, in the year 1910, will be really included in the Budget for 1911. Logically, it should be paid from an appropriation made through the Budget for 1910, otherwise the payments for one year will be really included in the taxes for the succeeding year.

The act, however, is specific that the money shall be obtained from the proceeds of Special Revenue Bonds, and I do not think I would be justified in advising that it should be incorporated into the Budget.

The power, I think, is in you to enter into the contract, and if you should do so I am inclined to think that the act would be construed to be mandatory upon the Comptroller and the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds.

I think as a matter of law, therefore, that you have the power to enter into the contract, and that it would be the duty of the Comptroller and the Board of Estimate and Apportionment to authorize the sale of Special Revenue Bonds from time to time, as might be necessary, in order to pay what may become due under the contract. In this way the money would be practically provided for through the Budget of the year following the one in which the money was expended, so that it will not be necessary for you to make any provision for these payments in your Departmental Estimate for the annual Budget.

I suggest for your consideration, whether it might not be well for you to inform the Board of Estimate and Apportionment of any contracts that you may propose to make under this section, and ask the approval of that Board and the authorization of such an amount of Special Revenue Bonds as will be sufficient to pay the estimated cost, although, as I have already intimated, I do not think, as a matter of law, you are required to get the consent or approval of the Board of Estimate and Apportionment before entering into the contract.

Yours respectfully,
G. L. STERLING, Acting Corporation Counsel.

DEPARTMENT OF DOCKS AND FERRIES.

Department of Docks and Ferries, City of New York,
Pier "A," North River, New York,
July 31, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—I transmit herewith copy of departmental estimates of the Department of Docks and Ferries for the year 1910, prepared in accordance with the provisions of chapter 377 of the Laws of 1909, amending the Greater New York Charter, which provides that the "Operating expenses of the department of docks after December thirty-first, nineteen hundred and nine, including the expenses and compensation of the board of docks, rentals payable by it, the compensation of its appointees, the expenses necessarily incurred in keeping, maintaining and repairing the wharves belonging to the city, in cleaning slips, and in maintenance or operation of any ferry or terminal facilities thereof, shall be considered operating expenses of the city, and the city of New York shall not expend any part of proceeds of sales of corporate stock, for the purpose of paying such operating expenses made or incurred after December thirty-first, nineteen hundred and nine."

The total estimate of moneys required by this Department for the year 1910 amounts to $3,248,609.08, summarized as follows:

General Administration.		
Salaries	$53,500 00	
Supplies	11,250 16	
		$64,750 16
Bureau of Engineering (Repairs and Maintenance of Piers, Bulkheads, Marginal Streets, etc.).		
Salaries	$9,800 00	
Wages	193,465 40	
Material and supplies	482,450 23	
		685,715 63
Bureau of Superintendence (Recreation Piers, Dockmasters, Cleaning of Marginal Streets, Piers, Bulkheads, etc.).		
Salaries	$115,675 00	
Wages	400,182 63	
Supplies	136,965 16	
		652,822 79
Bureau of Accounts (Offices of Auditor, Cashier, etc).		
Salaries	$40,000 00	
Supplies	3,465 10	
		43,465 10
Bureau of Ferries (Operation and Maintenance of Three Municipal Ferries, Including the Ferry Between Manhattan and Stapleton, Recently Established.)		
Salaries	$806,040 00	
Wages	186,398 40	
Material and supplies	809,417 00	
		1,801,855 40
Total estimated budgetary requirements for 1910		$3,248,609 08

--as shown in detail in the accompanying schedules of the various Bureaus.

Respectfully submitted,
ALLEN N. SPOONER, Commissioner of Docks.

COLLEGE OF THE CITY OF NEW YORK.

The College of The City of New York,
Office of the Board of Trustees,
St. Nicholas Terrace and One Hundred Thirty-ninth Street,
New York, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Herewith is transmitted copy of the Budget of the College of The City of New York for the year 1910.

Very truly yours,

THEO. F. MILLER, Chairman of the Finance Committee of the Board of Trustees of the College of The City of New York.

New York, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Herewith is submitted for the consideration of the Board of Estimate and Apportionment an estimate of the amount of money that will be required by the College of The City of New York for the year 1910, as follows:

Appropriation for 1909		$584,811 29
Estimate for 1910		653,088 25
Increase		$68,276 96

The increase is apportioned as follows:

Instructional Expenses	$51,822 21	
Educational Supplies	9,483 32	
Expenses of Administration and Operation	6,971 43	
Total increase		$68,276 96

The increases are shown in the following statement:

Instructional Expenses, Including Educational Supplies.

Estimate for 1910	$496,258 32	
Appropriation for 1909	434,952 79	
Increase		$61,305 53

Salaries of Teaching Corps.

Appropriation for 1909	$404,362 79
Estimate for 1910	$452,405 00
Annual salaries, December 31, 1909, payroll basis	422,800 00
Net increase for 1910 over December 31, 1909, payroll basis	$29,605 00

Explanation of Increase.

Contract advances in Instructional Staff	$14,355 00	
Evening courses	11,000 00	
Associate Professor of English	2,750 00	
Three Tutors, part of year	1,500 00	
		$29,605 00

To the above amount should be added $18,437.21, this being the additional amount which will be required for the year 1910 on the basis of the payroll for December 31, 1909.

Expenses of Administration and Operation.

Estimate, 1910	$156,829 97	
Appropriation, 1909	149,858 54	
Increase		$6,971 43

Office of the President, Salaries and Wages.

Appropriation, 1909, including transfers	$10,070 00
Estimate for 1910	$10,800 00
Annual salaries, June 30, 1909, payroll basis	9,770 00
Net increase for 1910 over June 30, 1909, payroll basis	$1,030 00

Note—The annual payroll basis of June 30, 1909, is $300 less than the appropriation for that year. This difference is accounted for as follows: The services of one Second Grade Clerk at $600 per year have been dispensed with and in his place a First Grade Clerk at $300 per year has been appointed. It is proposed to use the remaining $300 to increase the salary of a Second Grade Clerk from $600 to $900 per year. This increase will be made as soon as the Board of Estimate alters the schedule of this position.

Explanation of Increase.

Increase in salary of Registrar, $2,150 to $2,500	$350 00	
Increase in salary of Secretary to President, $2,100 to $2,300	200 00	
Increase in salary of one Second Grade Clerk, $600 to $900	300 00	
Increase in salary of one First Grade Clerk, $300 to $480	180 00	
		$1,030 00

Office of the Curator, Salaries and Wages.

Appropriation, 1909, including transfers	$94,938 50
Estimate for 1910	$102,478 50
Annual salaries, June 30, 1909, payroll basis	94,933 50
Net increase for 1910 over June 30, 1909, payroll basis	$7,545 00

Explanation of Increase.

Increase in Salary of—		
One First Grade Clerk, $300 to $480	$180 00	
One Second Grade Clerk, $900 to $1,050	150 00	
One Second Grade Clerk, $600 to $750	150 00	
One Cleaner, $540 to $720	180 00	
One Deputy Librarian, $1,750 to $1,950	200 00	
Added Positions—		
One Cleaner	360 00	
†One Assistant in Department of Natural History	1,200 00	
†One Laboratory Mechanician, Department of Physics	900 00	
†One Laboratory Mechanician, Department of Physics	480 00	
One Library Assistant	720 00	
†One Chemist, Department of Chemistry	1,200 00	
*Two Watchmen, at $2.50 per diem	1,825 00	
		$7,545 00

General Supplies.

Appropriation for 1909, including transfers	$34,240 00
Estimate for 1910	43,716 88
Net increase for 1910	$9,476 88

* Made necessary by requirements of Fire Department.

Explanation of Increase.

‡Supplies for Department of Physics	$2,366 01

Fuel.

Appropriation for 1909, including transfers	$29,400 00
Estimate for 1910	27,000 00
Net decrease	$2,400 00

† Charged to Instructional Expenses	$3,780 00
‡ Charged to Educational Supplies	9,483 32
Total	$13,263 32

Telephone.

Appropriation for 1909	$1,500 00
Estimate for 1910	1,200 00
Net decrease	$300 00

Contingencies.

Appropriation for 1909, including transfers	$2,550 00
Estimate for 1910	3,952 50
Net increase over 1909	$1,402 50

The college is doing each year more work. The number of day students in 1910, estimated at 4,595, will be practically at the maximum with the present staff and accommodations. In addition there will also be at least 250 students in the evening courses and 2,000 students in the teachers' extension courses. To provide for this added work, expenses will be increased for teaching, janitorial service and for supplies.

The above increases in the estimated expenses for instruction, administration and operation are deemed proper and necessary. The largest items of increase are for instructional purposes and are chiefly:

1. The contract increases, which are in their total about $5,000 greater than usual, because of the changes made by the Board during the year in the maximum salary limits of Tutors, Instructors and Assistant and Associate Professors, the tutorial salaries now starting from a maximum of $1,000 to $1,600, instead of $1,400; the salaries of Instructors from a maximum of $1,600 to $2,750, instead of $2,500; the salaries of Assistant Professors from a maximum of $1,800 to $2,750, instead of $2,500, and the Associate Professors by like amounts.

2. The increase in the estimated expenditure for the maintenance of the evening courses which are being offered this year for the first time.

These two items together amount to $25,355 of the total $29,065 for instructional purposes.

Comparative Statement of Appropriations, Including Transfers, of 1909 and Estimates for 1910.

	Appropriation, 1909.	Estimate, 1910.	Increase.	Decrease.

In 1908 there was but one appropriation entitled "Salaries Supervising Office, Engineer's and Janitor's Staffs." In 1909 this appropriation was divided into two distinct appropriations entitled "Office of the President, Salaries and Wages" and "Office of the Curator, Salaries and Wages."

Estimate for 1908, Salaries Supervising Office, Engineer's and Janitor's Staffs	$103,215 00
Budget allowance, 1908	85,000 00
Net allowance available	85,000 00
Revenue Bonds allowed	14,682 00
Estimate for 1908	$53,850 00
Appropriation, 1908	36,000 00
Net allowance available	36,000 00

The above appropriation of 1908 is a consolidation of four appropriations which were separated in 1909 into three entitled "General Supplies," "Materials for Repairs and Replacements by Departmental Labor" and "Repairs and Replacements by Contract or Open Order."

Title of Appropriation: General Supplies.

NORMAL COLLEGE OF THE CITY OF NEW YORK.

Board of Trustees of the Normal College of The City of New York,
Park Avenue and Fifty-ninth Street,
New York, July 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I beg to transmit herewith a copy of the report and resolutions adopted by the Board of Trustees of the Normal College of The City of New York at a meeting held on July 6, 1909, relative to the estimate of the Normal College for the year 1910.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Trustees.

To the Board of Trustees of the Normal College:

The Executive Committee for the care, government and management of the Normal College of The City of New York respectfully reports that there will be required for the payment of salaries of the professors and officers of the said college, for obtaining and furnishing scientific apparatus, books for the students and all other necessary supplies therefor, for repairing and altering the college buildings and for the support, maintenance and general expenses of said college during the year 1910, the sum of three hundred and eighty-six thousand eight hundred and twenty dollars ($386,820), in accordance with the following schedule:

The Normal College.

Statement of the Proposed Budget for the Year 1910 Compared with the Amount Allowed for 1909.

	Requested, 1910.	Allowed, 1909.	Increase, 1910.	Decrease, 1910.
Salaries of Teaching Corps	$335,870 00	$303,540 00	$32,330 00	.....
Administration—				
Salaries and Wages	14,050 00	11,550 00	2,500 00	.....
General Supplies	23,250 00	22,150 00	1,100 00	.....
Repairs and Replacements	7,500 00	10,000 00	.....	$2,500 00
Fuel	3,000 00	3,000 00	.....	.....
Telephones, Rental of	600 00	500 00	100 00	.....
Contingencies	2,550 00	2,250 00	300 00	.....
Totals	$386,820 00	$352,990 00	$36,330 00	$2,500 00
Decrease—				
Repairs and Replacements			2,500 00	
Total net increase asked for 1910			$33,830 00	

Total amount requested, 1910	$386,820 00
Total amount allowed for 1909	352,990 00
Net increase, 1910	$33,830 00

Statement of Proposed Budget for the Year 1910, Compared with the Annual Expense Basis as of June 30, 1909.

	Requested, 1910.	Annual Expense Basis, June 30, 1909.	Increase, 1910.	Decrease, 1910.
Salaries of Teaching Corps	$335,870 00	$302,690 00	$33,180 00	.....
Administration—				
Salaries and Wages	14,050 00	11,150 00	2,900 00	.....
General Supplies	23,250 00	22,150 00	1,100 00	.....
Repairs and Replacements	7,500 00	10,000 00	.....	$2,500 00
Fuel	3,000 00	3,000 00	.....	.....
Telephones, Rental of	600 00	500 00	100 00	.....
Contingencies	2,550 00	2,250 00	300 00	.....
Totals	$386,820 00	$351,740 00	$37,580 00	$2,500 00
Decrease—				
Repairs and Replacements			2,500 00	
Total net increase asked for 1910			$35,080 00	

Statement of Proposed Budget for the Year 1910 Compared with the Annual Expense Basis as of June 30, 1909.

Statement of Proposed Budget for the Year 1910 Compared with the Rate for June, 1909.

Increases Proposed—	
Salaries (College)	$28,480 00
Salaries (High School)	3,860 00
Salaries (Training School)	840 00
Salaries and Wages (Clerks)	2,900 00
General Supplies	1,100 00
Telephone	100 00
Contingencies	300 00
Total increase asked for	$37,580 00
Decrease—	
Repairs and Replacements	$2,500 00
Total net increase proposed for 1910 as compared with rate for June, 1909	$35,080 00

Explanation.

College—The reasons for the greater increase in the College as compared with the High School and Training School are as follows:

First. A number of vacancies existing at the present time are to be filled by regular appointments from the High School and from the eligible lists. The former will require comparatively higher salaries.

Second. There will be, from careful calculation, 200 more students in the College in 1910 than in 1909. These will require additional instructors.

Third. Several increases in salaries are proposed. Details are given below.

Analysis of Increases.

College—	
New appointments	$23,550 00
Regular annual increments	2,880 00
Special Increases—	
President (action Executive Committee, June 18, 1909)	1,750 00
Professor of Music	500 00
Associate Professor of History, to equalize with other Associate Professors (Minutes, Board of Trustees, June 9, 1909)	700 00
	$29,380 00
Less decrease (Instructor in Cooking)	900 00
Net increase	$28,480 00

The High School—	
Net increase in proposed salaries for 1910 compared with the rate for June, 1909	$3,860 00
Increases—	
Regular annual increments under the By-Laws	$5,970 00
Salary increases, 5 Tutors promoted to be Heads of Departments as of September 1, 1909	460 00
Salary increase, 1 Head of Department (Boese) as of September 1, 1909	100 00
Proposed salary increase, 1 Assistant Tutor (1910)	50 00
Extra compensation for 1 in charge of annex	250 00
For Tutors appointed as of September 1, 1909	4,700 00
Proposed appointment of 4 Tutors and 1 Clerical Assistant as of January 1, 1910	5,100 00
Total increases	$16,630 00
Decreases—	
4 Heads of Department and 1 Tutor transferred to the College	$10,420 00
Three less permanent Substitutes at $700	2,100 00
Extra compensation for 1 in charge of annex	250 00
Total decreases	$12,770 00

Summary.

Total increases	$16,630 00
Total decreases	12,770 00
Net increase	$3,860 00

The difference between the salaries of those persons transferred to the College and of those appointed to fill the vacancies caused by the transfer shows a net saving to the high school of $5,720.

The Training School.

The Training School—	
Increase due to regular annual increments under By-Laws	$840 00
Total increase	$840 00

Salaries and Wages of Clerical Force.

Increases—	
Private Secretary to the President	$2,000 00
Increase, Secretary of the College	500 00
Clerk (Office Boy)	400 00
Total increases	$2,900 00

The increase in the item General Supplies is due to increased attendance in the College; the same is also true of Contingencies.

Owing to the fact that no extensive repairs are contemplated during 1910, the amount asked for Repairs and Replacements is considerably reduced. The amount asked for Fuel remains the same as last year, but $100 additional has been requested for telephone service. This is made necessary by the frequent communication between the College and the annexes. Last year the Budget allowance for Telephones was insufficient to meet the expense.

The Clerical Staff.

This department of the Normal College is wholly inadequate. To do the work properly the clerical assistance should be greatly increased. At the present time there are so few Clerks for the general work that it cannot be properly apportioned to secure promptness and accuracy in its accomplishment.

The office of the President has been without any clerical help during the entire year. The President has had to write his letters long hand and even attend to his errands about the building himself.

It is submitted that this condition is not economy but waste. Therefore a number of clerical assistants, a Private Secretary for the President and a Clerk or Office Boy have been asked for in order to reorganize the clerical staff.

Estimates of Supplies and Departmental Expenditures Other Than Salaries for 1910.

Classification.		Budget, 1910.	Appropriation, 1909.	Increase.	Decrease.

The following resolutions are submitted for adoption:

Resolved, That the Board of Trustees of the Normal College of The City of New York hereby declares that there will be required for the support and maintenance of the College during the year 1910 the sum of three hundred and eighty-six thousand eight hundred and twenty dollars ($385,820).

Resolved, That copies of the foregoing report and resolution be transmitted to the Mayor as Chairman of the Board of Estimate and Apportionment, to the Comptroller, to the Board of Aldermen and to the Secretary of the Board of Estimate and Apportionment.

A true copy of report and resolutions adopted by the Board of Trustees of the Normal College at a meeting held July 6, 1909.

A. EMERSON PALMER, Secretary, Board of Trustees.

BUREAU OF WEIGHTS AND MEASURES.

Mayor's Bureau of Weights and Measures,
City Hall, New York,
July 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In compliance with section 226 of the Greater New York Charter, and the resolution of your Honorable Board, transmitted in the circular letter signed by Joseph Haag, as Secretary of the Board of Estimate and Apportionment, dated May 18, 1909, I have the honor to submit departmental estimate of the amount required for expenditure in the Mayor's Bureau of Weights and Measures for the year 1910.

Very respectfully,
PATRICK DERRY, Chief of Bureau.

Mayor's Bureau of Weights and Measures,
City Hall, New York,
July 15, 1909.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—The accompanying estimate of the Mayor's Bureau of Weights and Measures for the year 1910, as set forth on the schedule sheets, contains provision for the increase of salaries of the Chief of the Bureau, and the lower paid grade of Inspectors, together with provision for an added position of Clerk, and funds to enable this Bureau to hire two horses and wagons, equip the office and staff, and pay the traveling and car fare expense of the Inspectors.

The proposed increase in the salary of the Chief of the Bureau is asked so that the salary of this position may be made equal to the salaries paid the Chief of Bureaus in other City Departments.

I mention here, for the guidance of your Board, the salaries paid in other cities to similar officials. The work and difficulties of the position in this city is far more arduous than in other cities.

In the City of Chicago, the Chief of the Bureau of Weights and Measures receives a salary of $3,600, and in the City of Boston, the salary paid is $3,500. The rate of $2,500 paid here was established in the year 1904.

It is proposed to increase the salary of the seven Inspectors from $1,200 to $1,350 a year. The ordinance provides that the salary of Inspectors shall be $1,500 a year; this has never been made effective by the required action of your Board, consequently the same salary is paid now as was paid before the adoption of the ordinance in 1904.

Having previously estimated for the increase to carry out the equalizing of these salaries, and not being successful in obtaining the amount sufficient to do this, I now make application for a sum which will increase their salary but $150, instead of the three hundred increase proposed in the ordinance, in the hope that your Board may feel the request to be reasonable, and allow the same.

Attention is directed to the fact that the salaries attaching to the positions in this office were established twenty-seven years ago by the Common Council, and that they remain as originally fixed.

The greatly changed conditions of the City, and the work of inspection of weights and measures since the year 1882 (when the salaries of the Inspectors were fixed), has increased enormously the duties and responsibilities of the Inspection force, and I believe that in view of the smallness of the increase asked, it should be allowed.

I point here to the amount of penalties collected by the City through the complaints made by Inspectors against violators of the ordinances, which, if considered as an offset to the appropriation allowed to this Bureau, would reduce the same about 40 per cent., as there was collected in the year 1908, nearly twelve thousand dollars out of thirty-eight thousand dollars' worth of violation penalties involved.

The total amount of penalties involved in the complaints made by this Bureau in four and one half years aggregate the sum of two hundred and twenty-four thousand two hundred and sixty-five dollars, while the appropriation expenditures in that time amounts to one hundred and thirty-five thousand dollars.

In no other city is such an amount of work performed by the Inspectors of Weights and Measures as is performed here, while all other cities pay their Inspectors a larger salary, as, for instance, the Inspectors in Boston receive a salary of $1,650 each; in Chicago, the salaries range from $1,200 to $2,100; in the City of Indianapolis, the Inspectors each receive a salary of $1,500, while the rate paid in the County of London, England, extends from $1,200 to $1,700 a year, while the rate of pay in this city is but two, of fifteen and twelve hundred, respectively.

The estimate of $900 for the added position of Clerk, is asked in order that the clerical work which is constantly increasing, may be performed by a regularly appointed Clerk, so as to conform to the provisions of the Civil Service Law, and in order to relieve the Sealer now performing such extra duties. Your attention is here directed to the fact that this is the only public office not having any assistance of a regular clerical nature, and I do believe that one Clerk should be provided this year, and such Clerk should have a knowledge of stenography and accounting, as the work in this office requires that all office work be performed by the one incumbent.

Contingent expenses, two thousand dollars, is asked for the hiring of horses and wagons, which are required to haul the heavy test standards from place to place where large scales are in use.

Five hundred dollars is required for general supplies; many of the test standards in use should be replaced by new and more up to date ones, and the Bureau should be better equipped for the proper testing of all instruments.

Five hundred dollars is asked for the Contingent Fund, which is required principally to pay the traveling and car fare expenses of the Inspectors; prior to this year, the Inspectors had to pay their own car fare, which amounted to a considerable sum, especially in the case of the Inspectors assigned to the out-lying Boroughs, where upward of one hundred was expended in each year by one Inspector; the amount asked is to pay the expenses of twenty Inspectors, and I think it is as low as can be estimated, consistent with efficient service.

Trusting that your Honorable Board will allow the slight increases asked in the estimate for 1910, I am,

Respectfully,
PATRICK DERRY, Chief of Bureau of Weights and Measures.

COMMISSIONER OF LICENSES.

Office of the Commissioner of Licenses,
No. 277 Broadway, Borough of Manhattan,
July 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to the requirements of the Board of Estimate and Apportionment, I herewith submit the Departmental Estimate for the office of the Commissioner of Licenses for 1910.

The increase asked for in this estimate is $4,100 above that allowed for 1909. Of this $2,000 is for increases in salaries, and $2,100 for an increased appropriation for General Supplies, Contingencies and Telephone Account.

In the contingency account I have asked for a considerable increase owing to the desire to place at work in this office several Investigators, who are unknown to any of the employment agents, so that I may be able to get a great deal of information and evidence that I could not obtain through the channels of the regular Inspectors.

The salary increases are to be divided as follows:

$1,000 for the Commissioner, $5,000 to $6,000.
500 for the Deputy Commissioner, $3,500 to $4,000.
500 for the Law and Complaint Clerk, $2,000 to $2,500.

The work of this office has greatly increased since its inception five years back, while there has been no substantial change in the salaries paid or the appropriation given for Contingencies.

In making up the Budget I have left out the matter of Police detail, and if it is the desire of the Board of Estimate and Apportionment that the detail be paid by this office I would request that you appropriate the sum of $1,400 for this purpose.

Yours truly,

JOHN N. BOGART, Commissioner of Licenses.

BOARD OF ELECTIONS.

Board of Elections, City of New York,
General Office, No. 107 West Forty-first Street,
New York, August 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I beg to hand you herewith Departmental Estimate for 1910 of the Board of Elections of The City of New York.

The work of this Board has largely increased during the past three years, due to the growth of the voting population and new legislation; the working force has been augmented by the employment of temporary Clerks, from time to time, and by details of Policemen; we deem it necessary to increase our working staff from 54 employees to 74; if this is allowed, the services of temporary Clerks and of the Policemen detailed here can probably be dispensed with, unless some emergency arises.

We anticipate that it will be necessary to provide for at least 2,000 election districts in 1910; this is a 25 per cent. increase over 1909, as we provided for only 1,600 election districts in preparing our estimate for 1909, and it follows that our estimates have increased.

The estimate for 1910 also provides for modest increases in the salaries paid our staff of Clerks; in every case where provision is made for an increase, it has been fully earned by faithful, skillful, willing and efficient service; rents and the necessities of life have increased, and we believe it fair and proper to make the increases shown on the accompanying estimates.

If further information is desired, I should be pleased to furnish it.

Yours respectfully,

JOHN T. DOOLING, President.

COMMISSIONERS OF ACCOUNTS.

Office of the Commissioners of Accounts,
Steward Building, No. 280 Broadway,
New York, July 16, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—Conformably to the requirements of section 226 of the Charter, we herewith transmit the budgetary estimate of the Commissioners of Accounts for the year 1910.

As requested by the Board of Estimate and Apportionment in a communication dated May 18, 1909, our estimate has been prepared in quadruplicate on forms prescribed by the Department of Finance, numbered 1, 2, 3, 9, 10, 14, 15, 16, 21, 22, 24, 25, and comprises twenty-eight detailed statements. We are sending one copy to you as Secretary of the Board of Estimate and Apportionment, one to his Honor, the Mayor, one to the Comptroller, and one to the Board of Aldermen through its President.

This Commission will require for the year 1910	$277,810 00
There was allowed for 1909	230,110 00
Increase, 1910	$47,700 00

The major portion of the increased allowance asked for in 1910, is to provide for twenty additional Accountants at salaries ranging from $1,500 to $2,400 per annum. Provision is also made for an increase in the salaries of the two Commissioners from $5,000 to $7,500 per annum. We are also providing for increases in the salaries of our present staff in certain cases in which faithful and efficient service has earned in our opinion, recognition and promotion.

The details making up the increased amount asked for are shewn in the five statements comprehended in Form II. attached hereto.

We are appending a summary table showing the various budgetary items as allowed for 1909, compared with the amounts asked for 1910, exhibiting the increases and decreases in each account.

Additional Employees Needed.

We believe that much has been done in the last two years toward increasing the efficiency of this office and broadening its activities, and that results have justified the expenditures in that direction, but notwithstandng the progress made, this Commission, with the many added duties imposed upon it, has been unable to accomplish as much as could have been attained with a larger staff of trained Accountants. Certain examinations which we should like to have made in the past year and planned to make, it was found necessary to postpone because of an insufficient staff.

The periodical examinations of the accounts of the various court Clerks were very much delayed for the same reason.

We are endeavoring to comply in the best manner possible with the mandatory provisions of sections 119 and 195 of the Charter, which cover the examination of the Comptroller's and Chamberlain's accounts, but here, too, we find that we are at a disadvantage through lack of a sufficient number of Accountants to make the kind of examinations which we believe ought to be made.

An illustration of the additional work imposed upon this office by the mandatory provisions of section 195 of the Charter is disclosed in the following comparative table:

Table Showing Number of Warrants Examined and Compared with Vouchers for the Years 1898 and 1908.

1898	69,423
1908	150,970
Increase	81,547

The necessity for a material increase in this branch of the service will, therefore, be readily appreciated.

Salaries of the Commissioners.

On this point we repeat the statement made by us in a communication addressed to the Board of Estimate and Apportionment under date June 23, 1909:

"Provision is made to fix the salary of each of the two Commissioners at $7,500 per annum. The present incumbents do not hope to reap the benefit of the proposed change in salary, but feel that the position of Commissioner of Accounts in the City Government has been demonstrated to be important enough, and its duties sufficiently onerous and exacting to command the salary herein proposed."

Salary Increases of the Staff.

Generally speaking, the personal equipment of the employees of the office of the Commissioners of Accounts is of a high order, and the character of the service required of them is such that this must continue to be so if the office is to maintain its present standard of efficiency.

Our proposal to increase certain salaries is based on our belief that it will be for the City's best interest. Our roster shows a class of technically equipped employees, many of whom are not at present receiving salaries commensurate with the kind of service they are rendering. It cannot, in the nature of things, be expected that the Commissioners can continue to maintain that high standard called for by the peculiar and trying character of the work required of the staff, unless they are permitted to proceed as in a private business to recognize faithful and efficient service by promotion.

We are glad to be able to point out that in this Department there has been willing as well as efficient service on the part of the staff. We have found that the employees of the office of the Commissioners of Accounts have always been ready to respond cheerfully to calls for services in excess of the strict requirements of their positions under the law, calls of a kind which have been so frequent in this Department as to amount to a rule rather than an exception. Our records show that in the last nine months of 1908, the staff in the aggregate worked 9,000 hours overtime, which, at the rates of salaries received by them, would be equivalent to a value of $10,258.17. These hours of service, which do not include the frequent conferences which have been necessary between the Commissioners and the heads of the staff at night and on holidays, in preparing the work of the subordinates whose services are above recorded, have been rendered without any extra compensation. While it is entirely proper that this should be so, your attention is directed to the matter as, in our opinion, it should be taken into consideration as entitling these men to recognition in the Budget.

Respectfully submitted,

JOHN PURROY MITCHEL,
HENRY C. BUNCKE,
Commissioners of Accounts.

Summarized Comparison of Budgetary Estimate for 1910 With Amount Allowed for 1909.

	Estimate for 1910.	Allowed for 1909.	Increase in 1910.	Decrease in 1910.
Salaries and Wages—				
Commissioners	$15,000 00	$10,000 00	$5,000 00	.....

Brooklyn, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to section 226 of the Greater New York Charter, and in response to your communication dated May 18, 1909, we beg most respectfully to herewith submit an estimate of the several amounts necessary for the maintenance and support of the Brooklyn Disciplinary Training School for Boys for the year 1910, founded on a review of the expenditures found necessary in maintaining this institution from January 1, 1909, to June 30, 1909.

On January 1, 1909, the population was 227 boys, and from that date to June 30, 1909, we received 113 boys, making the total number cared for during this period 340 boys, from which we discharged to parents, guardians or employment 67 boys, leaving a population of 273 boys, for the support of which we were granted by your Honorable Board the sum of $60,000 for the year 1909, and we earnestly request that a similar amount be awarded for the support and maintenance of this institution for the year 1910.

The inclosed financial statement clearly demonstrates that the greatest economy prevails in the expenditure of public funds appropriated for the maintenance and support of this institution during the period of your administration, and our per capita expense will not be found in excess of similar institutions under direction and control of Municipal Government.

To maintain the various departments in the present high standard of efficiency attained in our schools, trade shops, and discipline, and to conform with a number of suggestions made by the Finance Department and the State Board of Charities to the Honorable Board of Management of this institution, involved an increase of expenditures to classified employees in a number of our departments of education, as well as many expenditures in furnishing and extending the capacity of this institution, which should be considered as extraordinary expenditures, and not chargeable in the amount for maintenance and support.

The curriculum of the trade shops, military discipline, and school education, has been carefully and successfully carried out, all of which have been reorganized to conform with that established in our public schools.

Systematic instruction has been given morning, afternoon and evening in the common English branches of school education, as in the shops where thoroughness is required, and it is admitted by a high military authority that the discipline is held up to a standard unexcelled in any institution in this State or City, and the band music holds the high position of that attained in previous reports.

We trust that the foregoing brief summary will be found sufficiently convincing to prove that waste or extravagance does not exist in this institution in the expenditure of public money, a review of which is respectfully submitted in detail.

Respectfully,
WINANT B. WARDELL,
MORRIS ADLER,
WILLIAM J. DIXON,
Committee.

Brooklyn Disciplinary Training School for Boys,
Eighteenth Avenue, Between Fifty-sixth and Fifty-eighth Streets,
Brooklyn, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Application has been made by John DeBuryn, Tailor in this institution since June 1, 1904, requesting an increase in his salary from $720 per annum to $900 per annum, as recommended in our Financial Statement for the year 1910.

The above has been considered by this Committee, and we trust the same will be favorably considered by you.

Respectfully,
WINANT B. WARDELL,
MORRIS ADLER,
WILLIAM J. DIXON,
Committee.

The Brooklyn Disciplinary Training School for Boys,
Residence, No. 404 Fifty-fifth Street,
Borough of Brooklyn, N. Y., September 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—At the last meeting of the Board of Management of this institution, held on September 7, 1909, a resolution was passed recommending that the salaries of the clergymen, Catholic, Hebrew and Protestant, administering to the wards of this institution, be increased from the sum of $120 per annum to that of $300 per annum each.

We herewith most respectfully request favorable consideration of the same, and that a change be made in our Departmental Estimate forwarded to you for favorable consideration on July 15, 1909, and that this communication be accepted as supplementary to the same in our schedule under the caption of Salaries and Salaries and Wages, we understanding that this increase can be granted from the amount of the appropriation, which is not in excess of that received for the year 1909.

Respectfully yours,
RICHARD BENNETT, President.

M. T. Lewis, Secretary.

COMMISSIONER OF RECORDS, COUNTY OF NEW YORK.

Commissioner of Records of the County of New York,
Hall of Records, Borough of Manhattan,
New York City, July 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I send you herewith the estimate of the Department of the Commissioner of Records, County of New York, for the year 1910, and a copy of my communication relative thereto addressed to the Mayor as Chairman of the Board of Estimate and Apportionment. The same letter has been sent to the Comptroller, the President of the Board of Aldermen, and to each of the other members of the Board of Estimate and Apportionment.

Very truly yours,
WILLIAM S. ANDREWS, Commissioner of Records, County of New York.

Commissioner of Records of the County of New York,
Hall of Records, Borough of Manhattan,
New York City, July 29, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

Dear Sir—I submit to the Board of Estimate and Apportionment herewith the Departmental Estimate of the Commissioner of Records of the County of New York for the year 1910, in compliance with the direction contained in section 226 of the Greater New York Charter.

The estimate is made in accordance with the provisions of chapter 471, Laws of 1909, authorizing the Commissioner of Records of the County of New York "to designate the positions and fix the compensation of all subordinates, Clerks and employees in said Department"; which are the same as the provisions contained in chapter 171, Laws of 1904, relative to the appointment and compensations of the subordinates of the Commissioner of Records of the County of Kings, except that the compensations of the subordinates of the Commissioner of Records of the County of New York "shall not exceed the compensations paid to other County officers holding similar positions," and that the total salary and compensations, so fixed for said Department, "shall not exceed the sum of seventy-five thousand dollars in any one year."

For supplies, and all expenses other than salaries, the amount estimated as necessary for 1910 is little more than half the amount estimated for such purpose in 1908 and in 1909.

The character and importance of the work required to be done by the Department of the Commissioner of Records, County of New York, and the advisability of having as large a force as can be effectively employed in doing that work, was fully stated in the communications accompanying the estimates for 1907, 1908 and 1909. I ask to be permitted to refer you to those statements for such detailed information as your Board may now desire to have.

The work of installing the file cases and furnishings authorized for the use of the County Clerk and Commissioner of Records of New York County in the Hall of Records is progressing towards completion. When they are ready the transfers of records from the County Court House to the Hall of Records will be begun.

These file cases will contain 24,103 linear feet, or more than four and one-half miles of shelves, having 37,176 square feet of shelf surface.

Great as this capacity may seem, it will not be sufficient for much more than half the records now in the County Court House, to care for all of which more than eight miles of shelves will be required.

And that makes no provision for future accumulations.

Transferring the records is the least part of what must be done. They must be examined and arranged, and placed in the proper cases. Thousands of them must be copied; those which are torn and partly destroyed must be restored, as far as that is possible; worn out bound records must be rebound; and they must be reindexed.

Preparations are made for doing all this work as rapidly and economically as will be consistent with accuracy. What it was practical to do under existing conditions has been done; but that is very little as compared with what is necessary for the proper care and preservation of these records, including, as it does, all of those that will remain in the County Court House.

The examination and arrangement, and the copying of old and mutilated records, can only be done by trained and competent Clerks; and it must be done under conditions that will give access to the records when required for public use and convenience. Otherwise, there would be confusion, great public inconvenience, and possible loss or mutilation.

No similar work of such magnitude and importance as this has ever been done.

Important, because these records including those of the old colonial governments date, as stated in a recent report of a Committee of the Association of the Bar, "from the earliest days of the City, and affect large property interests not only within the City, but in the State outside of the City and in neighboring States. And this, in addition to their great historical and sentimental value to the State at large."

Of magnitude, because of the vast number of records that have accumulated during all those years.

It is the duty of the Commissioner of Records of the County of New York to examine into

> " * * * the condition of the records, documents, books, maps and papers, deposited or filed in the office of the Clerk of the County of New York * * * and to do * * * whatever may be necessary to provide for the * * * preservation * * * of such records."

There is not anything more necessary to be done for the preservation of those records than to safeguard them from the danger of destruction by fire.

These records have never been so safeguarded, and the danger of their destruction by fire is, in my judgment, greater at the present time than it has ever been.

I have no power to have done what is necessary for the protection of the records against fire. All that I can do is to call the attention of the authorities who have such power to the danger, and to urge that they take proper means to guard against it. That I have done persistently. I called your attention to it in 1906, 1907 and 1908, in the communications sent to your Board with my estimates.

In calling your attention to it again, it becomes my duty, I believe, to submit the following statement of conditions which call for prompt and decisive action for the safeguarding of these records against the imminent danger of their destruction by fire.

The Association of the Bar recently appointed a Committee to consider the condition of the papers and records in the office of the Clerk of the County of New York, and to recommend means for increasing their safety and supplying proper accommodations therefor. That Committee made its report, above referred to, in March, 1909.

In that report they say the records

> "are in general stored on wooden shelves, in rooms with wooden floors which have become so dry with age as to be like tinder; several rooms are lighted only by unprotected gas jets burning but a few inches from this shelving and these records * * * .
>
> "In short, the condition of these records is such that it cannot fail to shame any one who examines them, that such a condition should have been permitted to develop or to continue; and it is not too much to say that nothing less than Divine Providence, with such assistance as has been afforded by the vigilance of the employees of the County Clerk's office, has preserved these records."

The Chairman of that Committee, in a letter addressed to me under date of the 8th inst., said:

> "It has come to my ears that gas jets are still in use and that lighted papers and matches for examining the titles of papers or files are not unknown. If there is anything which you, charged with the preservation of such records, can do, I think it ought to be done to the extreme limit of the powers vested in you by law. In case of loss of these records, or any thereof, it would

be vain that any city official having any power in the premises for their preservation, would seek excuse from public opinion. I consider it a very serious situation, and would be glad of the courtesy of a reply."

He further said:

"I am likewise writing the Mayor as Chairman of the Board of Estimate and Apportionment."

The danger from fire is greater now than ever before as the result of an unfortunate and, I think, unnecessary conflict of authority between Departments of the City government.

Heretofore, by direction of the President of the Borough of Manhattan, the Superintendent of Public Buildings and Offices undertook to do away with the use of gas lights by the installation of an electric lighting system in the record rooms in the County Court House.

He put in drop cords for lights arranged on flexible wires, so as to permit the lights to be brought near the shelves in order that the titles of the records might be read. But after such drop cords on flexible wires were installed there was a delay in furnishing the electric lights or lamps to be attached to them, and the danger from the use of gas jets continued.

My attention being called to this, I purchased "Tungsten burners" and caused them to be attached to the sockets on the drop cords, with the result that, while the illumination of the record rooms was far greater than before, the danger of fire was eliminated; except where gas lights were still in use.

Recently those "Tungsten burners" were removed, by whom I have been unable to learn; the drop cords were taken away and in their place ordinary electric burners, of inferior lighting power, were placed close to the ceiling; with the result that it is impossible to read the titles of records on the lower shelves without the use of matches, candles, or, possibly, burning scraps of paper.

On the 10th inst. I sent a copy of the letter above quoted from to the Superintendent of Public Buildings and Offices, requesting him to inform me why the change had been made in the system of electric lighting by drop cords, which he had first installed.

In his reply he informed me that he had installed the system of electric lights on drop cords with flexible wires after a careful study of the specific requirements, affording intensity of illumination with a portable arrangement.

He further informed me that after this system had been installed he was directed to take it out, and put in lights close to the ceiling, by the Chief Engineer of Light and Power of the Department of Water Supply, Gas and Electricity, acting under the authority of section 469 of the Charter.

The officer who gave that direction did not understand, of course, that the result of the change he directed would be to greatly increase the danger of fire which the installation of electric lights was intended to prevent.

This involves methods of administration with which I have nothing to do; but the circumstances of this case make it necessary for me to call your attention to it and to suggest that, in this instance at least, some means should be taken to make it impossible for a subordinate officer of a City Department to interfere with the methods employed in another City Department to safeguard the public property against fire; especially where such interference is made without any proper reason and apparently without any knowledge of the purpose of the system interfered with, or of the disastrous consequences that might result from such interference.

It should be understood that what is here stated relative to electric lights refers only to the places where electric lighting has been installed. Many unprotected gas jets are still in use in record rooms in the County Court House, and the danger of fire from them is the same that it has been at all times heretofore.

Respectfully submitted,

WILLIAM S. ANDREWS, Commissioner of Records, County of New York.

CORONER'S OFFICE, BOROUGH OF MANHATTAN.

Board of Coroners, Borough of Manhattan,
Criminal Court Building, Centre Street,
July 24, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to instructions mentioned in the letter recently issued by the Board of Estimate and Apportionment, I hasten to forward the requisition for money needed by the Board of Coroners for the year 1910. You will note that the Board requests an increase of $2,500, making a total appropriation of $65,000. The annexed reports will demonstrate that the said amount is needed.

At the expiration of the years 1907 and 1908 it became necessary for the Coroners to secure additional money from various sources. It is therefore hoped that the $65,000 will be allowed for the appropriation for 1910.

You will also note that the payroll for the year 1910 will increase $1,000. This sum will be in lieu of salary for Telephone Operator and Statistician (female), which is to be created as per resolution now pending before the Board of Estimate and Apportionment; this is not an entirely new position but is one that has been hitherto performed under a special contract.

Trusting that the Board of Estimate and Apportionment when deliberating upon the Coroners' appropriation will act favorably upon the request herein contained, I remain,

Yours very truly,
JULIUS HARBURGER, President.

CORONER'S OFFICE, BOROUGH OF THE BRONX.

Coroner's Office, Borough of The Bronx.
No. 531 Tremont Avenue, corner Third Avenue,
New York, July 27, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Permit me to call to your attention the following conditions existing in the office of the Board of Coroners, Borough of The Bronx, New York City.

In the year 1898, the employees in said office consisted of a Chief Clerk, one Clerk to each Coroner, and a Stenographer. At the present time, although the population of the Borough of The Bronx has increased to twice the population of 1898, the office force is composed of a Chief Clerk, one Clerk to each Coroner and a Stenographer. Under the present circumstances, we have to rely wholly upon the Police Department to obtain evidence for us in the various cases, which come under our jurisdiction, and at times this is unsatisfactory, owing to the fact that there are various matters arising in the different cases, which it would not be expedient to impart to the Police Department or anybody else.

The duties of a Clerk to the Coroner, the Coroner being a Magistrate, are of a confidential nature, and his time should be employed in obtaining evidence in the various cases arising in the Coroner's office. Under the present circumstances, the Clerks to the Coroners cannot perform these duties as they are compelled to remain at the Coroner's office and employ all their time to do the clerical work necessary to be done there. The hours of the office are from 8 a. m. to 12 midnight, and the two Clerks to the Coroners must be at the office during these hours. We desire to keep abreast of our work, but it is almost impossible to do this with the small office force at our disposal. We desire to ask this Honorable Board to add to our fund for contingent expenses, the sum of $1,600, same being to compensate one Assistant Clerk, to do the clerical work of the office.

We desire further to call to the attention of this Honorable Board, that owing to the tremendous increase in the Italian population of the Borough of The Bronx, a large number of our cases are ones in which Italians are the principals, and in every inquest or hearing held in an Italian case, it is necessary for this Board to employ the services of an Interpreter. Our other expenses, such as carriage hire, telephones, postage, etc., have proportionately increased. We desire to ask this Honorable Board to appropriate the sum of $1,000, as an additional appropriation for contingent expenses, to cover these items.

We therefore respectfully request that the sum of $2,600 be added to the Contingent Fund of the Board of Coroners for the Borough of The Bronx.

The above are absolutely necessary for the proper discharge of the duties and functions of the Board of Coroners of the Borough of The Bronx.

Very respectfully yours,
ROBERT F. McDONALD, M. D., Coroner.

CORONER'S OFFICE, BOROUGH OF BROOKLYN.

Coroner's Office, Borough of Brooklyn,
New York, July 19, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with the resolution of the Board of Estimate and Apportionment of May 18, there is herewith submitted, estimate of amounts required to pay the expenses of the Coroner's office, Borough of Brooklyn, for the year 1910, original of this being filed with Secretary of the said Board.

Accompanying sheets show the total estimated amount is $42,150 divided as follows:

Salaries for 1910	$39,150 00	
Telephones for 1910	444 00	
Contingent for 1910	2,556 00	
		$42,150 00

The total appropriation for this office for 1909, was	$32,500 00
The total appropriation for this office for 1908, was	32,500 00

The increase asked for 1910 over the two years preceding are for the following reasons:

Increase salary, one Assistant Clerk, from $1,200 to $1,500	$300 00
Two additional Coroner's physicians (badly needed on account of extensive territory and increasing cases), at $3,000 each	6,000 00
Two additional Clerks (personal clerks to Coroners, allotted to this office by Municipal Civil Service Commission)	3,000 00
Chemical analysis	500 00
	$9,800 00

The Assistant Clerk, whose salary increase is asked for, does night service, averaging eight hours a day, including all holidays and Sundays. He is in every way worthy, having faithfully served the City for eleven years, at his present salary of $1,200; our request now being that this be increased to $1,500, which will place the four Assistant Clerks in this office on same footing.

Respectfully,
HENRY J. BREWER, Coroner.

CORONER'S OFFICE, BOROUGH OF BROOKLYN.

SUPPLEMENTAL ESTIMATE.

Coroner's Office,
Rooms 1 and 3, Municipal Building, Borough of Brooklyn,
New York, August 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—As amending our departmental estimate submitted under date of July 22, we beg to request that an additional allowance be appropriated by the Honorable the Board of Estimate and Apportionment, of twelve hundred dollars ($1,200), for "Maintenance and repairs of automobiles used by the Coroner's Physicians," for the year 1910.

You are respectfully informed that your honorable Board having refused to supply these (two) physicians with public autos, they have now purchased their own machines, and as they will be chiefly used in facilitating their public duties, it is hoped the Board will see the justice of making provision for their public maintenance, to the extent of the modest sum above mentioned.

Respectfully,
HENRY J. BREWER, M. D., Coroner.

CORONER'S OFFICE, BOROUGH OF QUEENS.

We have asked for an increase in the salaries of the Coroners' Physicians, owing to the extent of territory they are called upon to cover, said territory being as large as that of all the other Boroughs combined. And it is impossible for them to attend to more than one or two cases a day. This leaves no time for them to attend to private practice, and fifteen hundred dollars a year is not a fair salary to pay a physician who has to attend to important affairs such as they are called upon to do in connection with Coroners' cases.

We have also asked for an increase in the salary of the Stenographer for the reason that he is doing more work than the Stenographer in the Borough of The Bronx, who receives two thousand dollars a year, while our Stenographer gets fifteen hundred dollars, and we feel that he at least should be put upon an equal basis with him.

We have asked for an increase in the Contingent Fund for the following reasons: That our telephones, seven in number, all have to be paid from out of that fund; also at each sitting of the Coroners' Court we invariably have foreigners to testify and we are forced to hire an Interpreter. Facilities for travel in the Borough of Queens is so poor that in cases where the Coroner is called upon to respond promptly to cases we are forced to hire private conveyances in order to properly take care of the case. Then again the population of the Borough is increasing very rapidly and the cases in our office are gaining in numbers year after year, all of which is a heavier drain on the Contingent Fund.

We have asked for an increase in the salary of the Night and Replevin Clerk for the same reasons as we have asked for the increase in the Stenographer's salary.

A. S. AMBLER,
SAMUEL D. NUTT,
Coroners.

CORONER'S OFFICE, BOROUGH OF RICHMOND.

Coroner's Office, City of New York,
Borough of Richmond,
New Brighton, N. Y., September 13, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Herewith I present for your consideration and approval the following estimate of salaries and expenses for the Coroner's Office, Borough of Richmond, for the year 1910:

	1909.	1910.	Increase.
Coroner	$4,000 00	$6,000 00	$2,000 00
Chief Clerk	1,500 00	2,000 00	500 00
Coroner's Physician	1,500 00	2,000 00	500 00
Stenographer	1,200 00	1,800 00	600 00
Clerk to Coroner	1,500 00	1,800 00	300 00
Assistant Clerk	1,500 00	1,800 00	300 00
Replevin Clerk	.....	1,500 00	1,500 00
Expenses	2,050 00	2,550 00	500 00
Total	$13,250 00	$19,450 00	$6,200 00

Respectfully submitted,
MATTHEW J. CAHILL, Coroner.

REGISTER'S OFFICE, NEW YORK COUNTY.

Register's Office, County of New York,
Hall of Records,
New York, July 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to section 226 of the Greater New York Charter, and in accordance with a plan recommended by your Honorable Board, I have the honor to transmit herewith a Departmental Estimate of the amount of expenditure required to conduct the office of the Register of the County of New York for the year 1910.

My estimate for 1910 is $245,000, as against $245,320 for the year 1909.

In the appended statement request is made for appropriation for the Land Title Registration (Torrens) Law, chapter 4444, Laws of 1908. Section 7 of that act reads as follows:

"Where county clerks and registers are already salaried officials, the local authorities (county officials who provide for county expenses) shall fix their additional compensation as registrars, also the compensation of deputy registrars, the clerks, etcetera, needed to carry on the work under this act."

In the County of New York, since the law went into effect, no public interest has manifested itself in the scheme of the Land Title Registration Law as far as this office is concerned; but nevertheless, while the law is in force this office must be ready for any demand made under it and hence the appropriation asked for, which is $2,500 less than appropriated last year. In my communication to your Honorable Board dated July 13, 1908, I remarked that the law placed upon the Register added responsibility for which it authorized additional compensation as Registrar, and the additional compensation was left to you to fix, under the statutory authority given to you. Up to the present time no additional compensation has been fixed, but the Register's responsibility nevertheless exists.

I repeat my statement of last year that this office is far more than self-sustaining. The receipts of the Mortgage Tax Bureau of this office for the first six months of 1909 were $1,155,620.35. The City's share of this sum was one-half net, after deducting the small expense required for the collection, and for which expense no appropriation is ever made by the Board of Estimate and Apportionment, the expense being authorized to be deducted from the gross sum collected. The office salary expense is less than one-half of one per cent.

Assuming that the mortgage tax receipts for the second six months of this year will be about the same as the first six months, the City will profit from this source alone by about $1,075,000.

Respectfully,

FRANK GASS, Register.

REGISTER'S OFFICE, NEW YORK COUNTY (Supplemental).

Register's Office, County of New York,
Hall of Records,
September 17, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In view of present conditions which did not exist when I submitted on July 7 last the provisional estimate for the ensuing year, I find that I am justified in suggesting material reductions in certain of the amounts requested.

In the preliminary estimate there is an item of $7,500 for the Bureau for recording instruments under the "Land Title Registration Act" (Torrens system), which went into effect February 1 of this year. That amount was based upon the assumption that there would be many titles registered under the said act. The Courts, however, have been asked to pass upon its constitutionalty and pending its adjudication it is highly improbable that there will be any considerable number of registrations.

To comply with statutory requirements, however, I am forced to maintain sufficient clerical force in said Bureau for the acceptance of any instruments that may be offered for registration. I therefore request that the sum of $3,000—$2,800 for the salaries of two Clerks, and $200 for emergency expenses—be allowed for this Bureau instead of the sum of $7,500 as heretofore asked, being a deduction of $4,500. The two Clerks so assigned, in addition to their duties in this Bureau, may be utilized to perform such other work as the exigencies of the office may require. In consequence of the pending litigation there will hardly be any additional duties or responsibilities imposed upon the Registrar, and hence there will be no necessity for additional remuneration as suggested in the preliminary estimate.

In the item of General Supplies, for which $2,000 was asked, I now believe it will be possible to get along with $1,000 and in the Contingency Account, $500 will be sufficient instead of $750. With these reductions the amount requested for the year 1910 will be $239,250 as against $245,320 for the year 1909, being a reduction of $6,070 over the preceding year. The estimate as submitted also includes an item of $1,400 for the salary of a uniformed Policeman assigned to this office and if this were deducted the estimate for 1910 would be correspondingly decreased.

I also wish to explain why an increased amount is deemed necessary for the Folio Writers or Recording Clerks. For every instrument recorded in this office a fee of ten cents a folio is exacted. The Folio Writers or Recording Clerks are paid five cents a folio and the amount needed to run this Bureau depends entirely upon the volumn of business done by the office. Based upon present business conditions the amount allowed for 1909 would be totally insufficient for the ensuing year and I believe that the estimate as submitted in this particular is both conservative and warranted by present business conditions.

It is my conscientious conviction that no further deductions could be made in the estimate as submitted without seriously imperilling the efficiency, or retarding the work of the office.

Yours truly,
FRANK GASS, Register.

REGISTER'S OFFICE, KINGS COUNTY.

Office of the Register of Kings County,
Hall of Records, Borough of Brooklyn,
New York City, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—It is my pleasure to hand to you herewith inclosed departmental estimate covering the appropriations required for the office of Register of Kings County for the year 1910.

This estimate shows two items of increases over the appropriations for the current year and five items of decreases as against the appropriations for the current year. The amount of decreased estimates exceeds the amount of increased estimates by $3,960, showing a total of appropriations asked for for the coming year of $225,880, as against $229,840 for the current year. For your further information, I would like to explain the items of increased appropriations. The Land Title and Registration Bureau for salaries of positions established by the Board of Estimate and Apportionment and confirmed by the Board of Aldermen, pursuant to the provisions of chapter 444 of the Laws of 1908, the appropriation allowed last year was $10,000. This amount covered expenditures for eleven months only as the new law did not go into effect until February 1 of this year. The estimate, therefore, for the coming year would have to cover the entire period of twelve months, and it is necessary to insert an increase of $900, the total amount to be appropriated, $10,900, representing simply the salaries of the positions created as before explained.

The other item of increase is for making a new land map for the County of Kings pursuant to chapter 344, Laws of 1909, $3,500. The last land map of Kings County was made in 1894, and as very many amendments have had to be made to this map, the necessity for a new land map has been apparent for a number of years. The necessary authority to prepare a new land map was secured from the Legislature this year, and according to the new statute a land map will be prepared every ten years. We have estimated that the cost of this new land map will be $3,500. The work upon it has already commenced in this office, but we will not require any special appropriation for this purpose for the balance of this year. According to the plans which I have had the honor of suggesting, the work of preparing this map will practically extend over a period of a year and a half, thus insuring a greater accuracy in the map to be prepared. The incoming Register will be called upon to do the greater part of the work and to publish the map. The amount suggested, $3,500, is, we think, conservative, but this amount should finally come back to the City, as a sufficient number of copies can be made for this figure and sold at a price which will fully reimburse the City. The immediate outlay, however, of $3,500, will have to be made during 1910.

Believe me,

Yours very truly,
WM. A. PRENDERGAST, Register.

For Making New Land Map of the County of Kings, Chapter 344, Laws of 1909. Appropriation asked for 1910, $3,500.

PUBLIC ADMINISTRATOR, NEW YORK COUNTY.

Bureau of the Public Administrator,
No. 119 Nassau Street, Room 1025,
New York, July 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—Pursuant to the circular letter of your Secretary of May 18, 1909, I beg to submit schedules showing the officers and employees of my Bureau and their salaries for 1908 and 1909.

The amount requested for contingencies and supplies is the same as allowed me for 1909, subdivided as indicated in the estimate forms as follows:

Telephone	$200 00
Supplies	400 00
Contingencies	200 00

The sum required for my Bureau for 1910 is an increase of five hundred and twenty dollars ($520) over the amount allowed and appropriated last year by you, and the increase is made up of an increase in salaries.

Mr. Owen A. Keegan, a veteran of the Civil War, has been attached to this Bureau for over eight years, rising from Storehouse Custodian to Messenger, and his salary of $1,000 is, in my opinion, entirely inadequate. Although he is denominated as Messenger, his duties are necessarily much more important than those indicated by the term, and involving much responsibility. He is entirely painstaking and faithful in his work, and has become quite indispensable to this Bureau. I cannot ask too urgently that his salary be increased from $1,000 to $1,200.

Mr. Frederick A. Monk, my Storehouse Custodian, has been attached to this Bureau for six years and in all that time has only received an increase of $120, which was granted for the year 1905. He occupies a position of responsibility, and is very inadequately recompensed, his present salary being only $720, and I desire to increase his salary $180. Mr. Monk is an important assistant in this branch of my Bureau, and valuable assets are frequently found by him. If this increase is not granted, I run the danger, I fear, of losing Mr. Monk's services.

I have been seriously embarrassed by the constant change of Pages in my Bureau, their duties are those of a Junior Clerk, and should receive a fair compensation, otherwise they resign when becoming really useful; I therefore request the increase of $140 in the salary of my Page, Mr. Simpson Levine, from $260 to $400.

I again renew, therefore, my request for the increase of $520 asked for.

Yours very respectfully,

WILLIAM M. HOES, Public Administrator of the County of New York.

PUBLIC ADMINISTRATOR, QUEENS COUNTY.

July 22, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I herewith enclose the departmental estimate of the Public Administrator of Queens County for the year 1910.

The office of Public Administrator for Queens County was created by the Laws of 1900. The County Judge, Surrogate and Sheriff of Queens County are the appointing power, and the yearly salary is fixed at $1,200 by the statute.

I have enough stationery for the ensuing year, the business of the office is conducted in a building I own myself, and I therefore ask no appropriation other than the $1,200, the amount fixed by statute.

Respectfully yours,

JOHN T. ROBINSON, Public Administrator, Queens County.

Schedule of Salaries and Wages Estimate for 1910, Monthly Payrolls.

Title of Appropriation: 1699, Salary of the Public Administrator of Queens County.

COMMISSIONER OF JURORS, NEW YORK COUNTY.

Office of Commissioner of Jurors, County of New York,
Stewart Building, Room 127,
New York, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—Herewith I submit the estimate for this office for salaries and supplies and contingencies for the year 1910.

The total of the estimate is $1,000 less than the appropriations made for the year 1909.

The amount estimated for supplies and contingencies is the same as that appropriated for the year 1909.

The amount estimated for salaries is $1,000 less than that appropriated for the year 1909.

This last named variation arises from the fact that in 1909 I had two (2) Assistant Commissioners, and one of them died. His salary was $3,000 per year. Under chapter 602 of the Laws of 1901, the Appellate Division Justices have control of this office and of the number and salaries of the employees therein, and of all its expenditures for supplies and contingencies, and their action is final and mandatory.

Pursuant to such authority, they determined that hereafter, for the present, at least, there should be but one Assistant Commissioner, thus making a saving of $3,000 per year, and that my Secretary's salary should be increased from $2,500 to $3,000 per year, thus reducing the decrease or saving to $2,500 a year; and that there should be one more Clerk in the office, at $1,500 per year, thus reducing the total saving or decrease in salaries to $1,000 per year.

Very respectfully,

THOMAS ALLISON, Commissioner.

Estimate for the Year 1910.

Salaries, General Administration.

COMMISSIONER OF JURORS, QUEENS COUNTY.

Office of the Commissioner of Jurors,
Queens County Court House,
Long Island City, July 12, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I herewith forward the departmental estimate of this office for the year 1910, pursuant to the resolution of the Board of Estimate and Apportionment, adopted July 14, 1909.

The appropriation of $2,300 for the Jury Notice Servers' Fund will be insufficient for the year 1909, and we will have to request the Board of Estimate and Apportionment to transfer enough money to meet the deficiency, and, therefore, request that the amount of $2,500 be allowed for this fund for the year 1910.

The telephone service has heretofore been included as one of the items of expense in the Supplies and Contingencies Fund, and for the past ten years its average cost has been somewhat more than $100 per year.

Supplies and Contingencies was formerly the caption of the fund this office charged all necessities required during the year to, and seemed the most practical for a small office of this description; this fund was subdivided into two in the estimate for 1909, by the Board of Estimate and Apportionment, one known as Supplies, the other Contingencies.

I have continued the same items instead under the caption Contingencies, which will answer all the practicable purposes of this office.

Respectfully submitted,

JOHN P. BALBERT, Commissioner.

COMMISSIONER OF JURORS, RICHMOND COUNTY.

Commissioner of Jurors, County of Richmond,
Office, Village Hall, Second Floor,
Stapleton, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable Sir—In compliance with instructions, I beg to submit herewith copy of my estimate of the sums necessary to be appropriated for the conduct of this office for the ensuing year.

Very respectfully,
CHARLES J. KULLMAN, Commissioner.

The Commissioner of Jurors, Richmond County, New York,
Stapleton, N. Y., July 15, 1909.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—The undersigned, Commissioner of Jurors in and for the County of Richmond, New York, appointed under chapter 441, Laws of 1899, hereby respectfully makes requisition for the following sums for the payment of salaries and expenses of the office for the year from January 1 to December 31, 1910:

Salary Schedule.

Title of Appropriation.		Salary Paid for 1909.	Proposed Salary for 1910.
Salaries—			
Allowed for 1909	$3,900 00		
Estimate for 1910	3,900 00		
Employees Chargeable to Above Appropriation—			
Charles J. Kullman, Commissioner		$1,500 00	$1,500 00
John J. McCaughey, Assistant Commissioner		1,200 00	1,200 00
Daniel P. Libby, Clerk		1,200 00	1,200 00
Total		$3,900 00	$3,900 00

Recapitulation.

Title of Appropriation.	Appropriation Allowed for 1909.	Total Appropriation for 1909.	Amount Asked for Year 1910.
Salaries	$3,900 00	$3,900 00	$3,900 00
Jury Notice Server's fees	250 00	250 00	250 00
General Supplies	125 00	125 00	125 00
Contingencies	125 00	125 00	125 00
Total	$4,400 00	$4,400 00	$4,400 00

Very respectfully submitted,
CHARLES J. KULLMAN, Commissioner.

CITY COURT OF THE CITY OF NEW YORK.

City Court,
Court House, City Hall Park.
July 27, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I have the honor to transmit herewith the estimate of the amount required by the City Court for Salaries, Supplies and Contingencies for the year 1910.

This estimate exceeds the appropriation asked for and allowed for the years 1908 and 1909 by $9,000, of which $2,000 is needed to cover the salary of an additional interpreter created by chapter 387 of the Laws of 1909, and $7,000 to meet the increase of salaries requested in the next paragraph.

Request is respectfully made for the increase in salaries of the First Deputy Clerk from $3,000 to $3,500, of the fifteen Assistant Clerks from $1,800 to $2,100 and of the five Deputies from $2,000 to $2,400. These employees are all efficient clerks and most of them have been in the service for twenty years. Their work is similar in character to that performed by the Deputy and the Assistant Clerks of other courts, for which the latter are paid much higher salaries. For instance, the Assistant and the Deputy Clerks in the Supreme Court receive from $2,500 to $3,000; in the Courts of General and Special Sessions from $2,250 to $4,000; in the Magistrates' Courts, $2,500; in the Municipal Court, $3,000, and in the County Court of Kings from $2,500 to $3,000. The Assistant Clerks of the City Court get only $1,800 and the Deputy Clerks $2,000.

Trusting that you will give this request your earnest consideration, I remain,
Respectfully,
THOMAS F. SMITH, Clerk, City Court.

MUNICIPAL COURTS.

Board of Justices, Municipal Court,
City of New York,
New York, August 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with a resolution recently adopted by the Board of Justices of the Municipal Court of The City of New York, the following estimate of the expenditures of this Court for the year 1910 is herewith respectfully submitted.

In explanation of the recommendations made for increases in salaries contained in the schedules a resolution was uanimously adopted by the Board of Justices recommending an increase from three thousand dollars ($3,000) to four thousand dollars ($4,000) per annum in the salaries of the Clerks of the various District Courts throughout the Greater City, and an increase in the salaries of the Deputy Clerks from three thousand dollars ($3,000) to three thousand five hundred dollars ($3,500) per annum because of the extra work and responsibility attached to the position of Clerk and Deputy Clerk where there are two or more parts running and in some instances as high as six Parts created since the consolidation of the several Courts as provided for in chapter 603 of the Laws of 1907. A similar resolution was also adopted by the Board of Justices providing for an increase in the salaries of the Stenographers of this Court from two thousand dollars ($2,000) to two thousand five hundred dollars ($2,500) per annum, on the ground that their hours of service beginning at 9 a. m., as provided for under the law, and lasting very frequently until late in the evening, are much longer in point of hours and more arduous than the Stenographers of other Courts receiving a much higher rate of salary.

At a meeting of the Board of Estimate and Apportionment, held May 28, 1909, the position of Interpreter, in the Second District Municipal Court, Borough of Richmond, with salary at the rate of twelve hundred dollars ($1,200) per annum for one incumbent, was allowed in accordance with the provisions of section 56 of the Greater New York Charter; the resolution was concurred in by the Board of Aldermen June 15, 1909, and failed of approval or disapproval by his Honor the Mayor, consequently the same took effect as provided for in section 40 of the Greater New York Charter. Similar provision is also asked for the establishment of an Interpreter for the Second District of the Borough of Queens, as contained in the schedules, for the reason that there are at present three Courts in this Borough, and a new one to be created on and after January 1, 1910, as provided for in chapter 603 of the Laws of 1907, and no Interpreter of any kind assigned at present to the interpreting of the work of these Courts.

Justices of the Borough of Brooklyn request the submission of the following resolution.

Whereas, The Municipal Court of The City of New York, in the Borough of Brooklyn, is unprovided by law with an Italian Interpreter; and,

Whereas, Much annoyance and inconvenience, as well as delay, is thereby occasioned to litigants who, or by whose witnesses, speak only the Italian language; and,

Whereas, The business of said Court in said Borough requiring the services of such an Interpreter has reached a stage imperatively demanding the assignment to said Court in said Borough of such an Interpreter; therefore, be it

Resolved, That this Board does recommend to the Board of Estimate and Apportionment of The City of New York that there at once be appointed an Interpreter of the Italian language to serve in the several districts of this Court in the Borough of Brooklyn, at such salary and for such term as the said Board of Estimate and Apportionment shall fix; and be it further

Resolved, That a copy of this resolution be certified by the Secretary of this Board and by him forthwith forwarded to the Board of Estimate and Apportionment.

The Board of Justices recently made application to the Board of Estimate and Apportionment recommending an increase in the salaries of the court attendants of the Municipal Court throughout The City of New York from twelve hundred dollars ($1,200) to fifteen hundred dollars ($1,500) per annum, with the result that the Board of Estimate and Apportionment granted the increase at a meeting May 28, 1909, which was concurred in by the Board of Aldermen June 22, 1909, and approved by the Mayor July 1, 1909; provision must therefore be made for next year to meet the increase of three hundred dollars ($300) per annum, allowed for 112 court attendants amounting to thirty-three thousand six hundred dollars ($33,600).

The Board of Justices by unanimous consent recommend that the fund allowed to meet the contingent expense of the various District Courts in the several Boroughs of the Greater City be increased in the First District of Manhattan from six hundred dollars ($600) to eight hundred dollars ($800) per annum to meet the additional expenses of this Court brought about by the establishment of a Special Calendar Part, making four parts in all; the other respective Courts throughout the City with the exception of the Second District of Manhattan, which has six parts, is at present allowed the sum of two hundred dollars ($200) per annum and is insufficient to meet all the expenses incurred in the payment of telephone service, postage, law books, car fares and other miscellaneous expenditures; the Board of Justices therefore recommend that a uniform sum of four hundred dollars ($400) per annum be allowed for all the Municipal District Courts throughout the City, exclusive of the First and Second Districts of Manhattan, for which the sum of eight hundred dollars ($800) and six hundred dollars ($600) per annum is respectively asked.

Chapter 603, Laws of 1907, provides for an additional Court in the Borough of Queens, to become operative on and after January 1, 1910, which will necessitate the election this year of an additional Justice and the appointment of the requisite number of attaches for the new Court, as set forth in the schedules.

Respectfully submitted,

JOSEPH P. FALLON, President, Board of Justices.

James J. Devlin, Secretary.

Memorandum in Explanation of Above Figures.

The attention of the Board of Estimate and Apportionment is called to these facts: The Budget for 1909, as printed, indicates the sum of $32,470 as available for Clerk, Deputy Clerk and employees of the Clerk's office. Subsequent to the final adoption of the 1909 Budget the Board of Estimate and Apportionment granted an additional appropriation of $3,450, which was not available until July 1, when, at the instance of the Board of Estimate and Apportionment, in regrading and re-establishing certain positions, and the Board of Aldermen acting thereon, the matter received the approval of the Mayor on July 1. These additional items included two additional Process Servers at $1,200 a year each and three Clerks at $1,800 a year each, instead of two Clerks at $1,500 and one Clerk at $1,350.

The Justices, at their meeting July 1, fixed the salary of one Clerk, heretofore receiving $1,500, at $1,800, and appointed two Process Servers at $1,200 each. The Justices would call especial attention to the enormously extended business of this Court, which, year by year, increases at the ratio of about 30 per cent. over each previous year. The establishment of a temporary Part II. of this Court and the great amount of work accomplished thereby must be at once manifest, and, although this temporary part of the Court goes out of existence on November 30, it is obviously necessary that some legislative action must be taken in 1910, toward the establishment of a permanent Second Part.

The Clerk's office for several years has been run with a clerical force somewhat less than 60 per cent. of its actual requirements. The result has been great inconvenience to the Court and greatly added labors on the part of the Clerks, and this situation becomes more onerous each year. An extra Clerk is needed for statistical work, another Clerk is needed who may be assigned to keep up the minutes of the Court. In various other ways the Clerk's office is seriously handicapped through this lack of clerical assistance. Therefore, in making up the Budget for 1910, new positions are asked for and increases of salary in cases where men have been a great number of years in this Department without any increase of pay whatever. In the Probation Department the work has much more than doubled, and the Justices feel that these officers should be compensated accordingly. Eight Process Servers are asked for instead of five, as the Justices find that five Process Servers are nowhere near adequate to perform the work necessary to be done.

In the Children's Court the work has increased from year to year since its establishment in 1902, and the raises of salaries asked for by the Justices of this Court are considered to be just and most deserving. The Children's Court of New York is to-day looked upon as a model for all similar tribunals, in not only this country, but throughout the world; it handles the largest number of children's cases of any children's court in the world, and from a financially economic standpoint alone means to the City the saving of hundreds of thousands of dollars each year and the future saving of millions.

W. M. FULLER, Acting Clerk.

BOARD OF CITY MAGISTRATES, FIRST DIVISION.

Board of City Magistrates,
First Division, City of New York,
New York, July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—The Board of City Magistrates, First Division, City of New York, herewith submits its annual Budget for the year 1910. In said Budget we are asking for $232,100 for salaries, which is an increase of $10,700 over 1909. Of said increase $8,000 is for four additional Police Clerk Assistants created by chapter 526 of the Laws of 1909, and the remaining increase is made up as follows:

By resolution of the Board of City Magistrates, First Division, we are requesting an increase of $300 for each of the eight female Probation Officers attached to our Courts, namely, from $900 to $1,200 per annum, and $300 increase for one Attendant who now receives a salary of $1,200 per annum, for whom we are requesting $1,500 per annum.

On Supplies and Contingencies we are asking the same sum which has been allowed us for several years back, namely, $4,500.

Respectfully yours,

P. T. BARLOW, President.

Philip Bloch, Secretary.

BOARD OF CITY MAGISTRATES, SECOND DIVISION.

City Magistrates' Court, Second Division,
Corner Myrtle and Vanderbilt Avenues,
Brooklyn, August 11, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—I have the honor to transmit herewith the estimate of the Board of City Magistrates of the Second Division of The City of New York for the year 1910. The following is a summary of said estimate as compared with the Budget for the year 1909, together with the reasons for increase in the amount:

Proposed salary account for 1910		$386,700 00
Salary account allowed for 1909	$227,100 00	
Salary account, 1 additional Interpreter, Special Revenue Bonds	225 00	
Total salary account of 1909		227,325 00
Increase asked for 1910		$159,375 00

Of this increase, there is required for the new Magistrate's Court recently established in the Borough of Queens the following items:

1 Police Clerk	$2,500 00
1 Assistant Clerk	2,000 00
1 Stenographer	2,000 00
1 Probation Officer (Female)	600 00
	$7,100 00

An additional Assistant Clerk is also required for duty in the First District Magistrate's Court, Borough of Brooklyn, where the amount of work is so great that the two Assistant Clerks assigned there cannot keep up with the work, although they work overtime every day.

It is also deemed necessary to increase the number of Interpreters in the Second Division from eight to thirteen, at $1,500 each per annum, amounting to $7,500, and also to create the position of Secretary to the President of the Board at the rate of $500 per annum. It is also proposed to increase the number of Patrolmen assigned to the courts by eight, salary $11,200. These additional attaches are necessary in consequence of the rapid growth of population in the territory comprising the Second Division, and the consequent increased amount of work in the Magistrates' Courts.

The balance of the increase in the salary account for 1910 is to provide for additional compensation for City Magistrates, Police Clerk, Police Clerks' Assistants, Stenographers and Interpreters.

The $6,000 requested for contingent fund is the minimum amount that should be allowed by the Board of Estimate in order to provide for the increased expenditures from that fund which necessarily follow the additional work devolving upon the courts and the establishing of the new court in Queens.

Very respectfully,
CHARLES J. FLANAGAN, Secretary.

SUPREME COURT, APPELLATE DIVISION, FIRST DEPARTMENT.

New York, June 17, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

Sir—The amount herein stated is necessary for Supplies and Contingencies, Supreme Court, First Department, including Printing, Stationery, etc., from January 1, 1910, to December 31, 1910:

1909	$24,500 00
1910	20,000 00

It is impracticable to classify the expenditures during the year 1908, as they consist of very numerous small items paid from time to time by the Finance Department, where the original bills and the complete record of the accounts are kept. The appropriation for the year 1908, was $20,000. There was transferred from this account to the account Maintenance of Appellate Division Court House, on June 26, 1908, by a resolution of the Board of Estimate and Apportionment, the sum of $6,000. The expenditure for the year 1908, was $7,705.33, leaving a balance of $6,294.67, against which no outstanding bills have been presented.

Yours, etc.,

EDWD. PATTERSON, Presiding Justice.

Estimated amount of compensation for the year 1910, to be paid to the Custodian, Engineers, Cleaners and other persons appointed pursuant to section 1, chapter 490, of the Laws of 1900, together with estimated amount necessary to be appropriated for the purchase of supplies to be furnished for the maintenance of the Appellate Division Court House in the First Department, and for lighting, heating and keeping said building and the furniture therein in repair during the year 1910, provided by said section to be a county charge and to be paid by the Comptroller of The City of New York, upon the certificate of the Presiding Justice of the Appellate Division of the Supreme Court in the First Department, or a majority of the Justices assigned to such Appellate Division:

Budget Appropriation for 1908—	
Maintenance of Appellate Division Court House	$27,500 00
Contingencies, Appellate Division	750 00
	$28,250 00
Transfer from Supreme Court account, 1908, to Appellate Division account, 1908	$6,000 00
Expenditures from 1908, Budget Appropriation	$30,923 08
For Salaries	$16,940 00
For Contingencies	400 00
Increase of estimate for 1910, over expenditures for 1908	$436 92
Increase of estimate for 1910, over appropriation for 1909	3,110 00

	Total	$16,940 00		Total amount necessary for salaries, 1910.	$19,280 00	.....	.....

General Supplies.	Expenditures Out of 1908 Appropriation.	Estimated Amount for 1910.	General Supplies.	Expenditures Out of 1908 Appropriation.	Estimated Amount for 1910.
Electric light and power	$2,585 61	$2,750 00	Vermin exterminator	200 00	200 00
Gas (with rebates off)	370 22	150 00	Miscellaneous	560 41	750 00
Coal	1,634 89	1,700 00	Contingencies	400 00	750 00
Engine room supplies	654 42	800 00	Total	$13,983 08	$12,080 00
Cleaning supplies	663 63	700 00	Salaries		19,280 00
General repairs	6,180 50	3,500 00	Total appropriation necessary for salaries, electric power, lighting, heating, repairs and proper maintenance of said building for the year 1910		$31,360 00
Telephone	553 40	600 00			
Laundry work	180 00	180 00			

The appropriation for the foregoing estimated amount of $31,360 should not be divided into separate accounts, but should be made as one appropriation, so as to avoid confusion.

Yours, etc.,

EDWD. PATTERSON, Presiding Justice.

SUPREME COURT, APPELLATE DIVISION, SECOND DEPARTMENT.

Supreme Court, Appellate Division, Second Judicial Department.
Brooklyn, N. Y.,
August 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—The Appellate Division of the Supreme Court, Second Department, respectfully requests that the following appropriations be made for the year 1910:

For contingencies, same as heretofore made for several years	$1,000 00
For salary of Officer H. E. States, assigned to the Court by the Police Commissioner (see resolution, Board of Estimate, etc., May 21, 1909)	1,400 00
	$2,400 00

Very respectfully,

JOHN B. BYRNE, Clerk.

SUPREME COURT, KINGS COUNTY.

Supreme Court of the State of New York,
Brooklyn, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—I forward herewith the tentative estimate of the appropriation required for the Supreme Court, Second Department, Kings County, for the year 1910.

The Justices of the Supreme Court, residing in Kings County, as authorized by law, have increased the salaries of the twelve Stenographers from $3,000 to $3,600, to take effect October 1, 1909. They have also adopted a resolution to appoint seven additional Attendants at $1,500 per annum, to take effect October 1, 1909. Under the authority of chapter 401, of the Laws of 1909, the Justices appointed a Typewriter Operator, Miss Minetta C. Reichart, No. 609 Willoughby avenue, Brooklyn, N. Y., at a salary of $1,500 per annum, to take effect June 1, 1909.
