The Justices also increased the salaries of the Attendants from $1,500 to $1,800 per annum, to take effect January 1, 1910. This will account for our increase in the estimate for the year 1910—$7,200 for the Stenographers, $17,700 for the Attendants and $1,500 for the Typewriter Operator. The estimate for 1910 also covers position of one Clerk, at $2,500, which was made vacant by death, and one Assistant Clerk at $2,000, which was made vacant by promotion. This will make a total increase in the amount asked for 1910 of $29,400. On account of the increased number of parts and the addition of Naturalization Bureau all of these positions are absolutely necessary, and the salaries as fixed by the Justices are mandatory.

If any further information is required I shall be glad to furnish it at your request.

Respectfully,

J. F. McGEE, General Clerk.

SURROGATES' COURT, NEW YORK COUNTY.

Chambers of the Surrogates' Court,
County of New York,
New York, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—Estimates of the appropriations necessary for the maintenance of the Surrogates' Court and office of the County of New York, and for the transaction of the business thereof during the year 1910, are herewith submitted.

I.

For the general appropriation for the year 1910, for salaries (General Administration), $167,450 will be required. This amount is $2,000 in excess of the appropriation for the same purpose made for the year 1909. The amount appropriated for 1909, was $165,450.

II.

Additional Clerks Needed.

This increase of $2,000 we propose to use to pay the salaries of two additional Clerks to be appointed, one a Recording Clerk and the other a Record Clerk; each to receive a salary of $1,000 per annum. The Recording Clerk, besides acting as such, will be used as occasion requires as an Examiner in comparing the work recorded. Two positions were added under the head of Recording Clerk by the Board of Estimate and Apportionment by resolution adopted June 25, 1909, to take the place of two positions of Record Bond Clerk, which were abolished. Notwithstanding the addition to the Recording Department of the Clerks to fill these two positions, and of the Clerk for whose appointment provision is sought to be made, the force of the Department will be barely sufficient to bring up the work, some of which is considerably in arrear, and keep it reasonably abreast of the business needs of the office. Besides the normal increase in the volume of business from year to year, recent acts (chapter 692, Laws of 1904, and chapter 350, Laws of 1906) have added greatly to the work of the Recording Department. As the knowledge of the existence of these laws becomes more general among the lawyers and the public, it is certain that more frequent advantage will be taken of their provisions, thereby causing a great and more rapid increase in the volume of work to be done in the next few years. Annexed is a comparative statement marked Schedule A, showing 32,203 papers and records filed in this office in the year 1898, and 40,189 in the year 1908, which were required to be copied. These figures show an increase in the work of this Department in the last ten years of nearly 25 per cent., but the same number of Recording Clerks was employed at each of those periods, except that one was added January 6, 1908. Their number has not since been increased except by the addition of the two which are to be substituted for the two Record Bond Clerks as above mentioned. These Bond Clerks had been a part of the force of the Recording Department. These two positions of Recording Clerk are now vacant, but requisition has been made upon the State Civil Service Commission to fill them.

The addition of three Clerks to the force of Record Clerks would not suffice for the handling of the business of the Record Department with adequate efficiency and promptitude, and the proper safeguarding of the records. We have, however, for the present, confined our application to asking for the appointment of one additional Record Clerk, and shall endeavor to get along as best we can with the present force of the Record Department increased by the addition of this new Clerk. The work done in the Recording Department, part of which is hereinbefore indicated, gives some, although an entirely inadequate, notion of the work put upon the Record Department in handling, sorting, arranging, filing away and safeguarding the papers and records of the Court and office. Besides these papers and records, the Record Department handles a vast number of others not required to be recorded, but the volume of which has probably increased and is increasing to a much greater extent than that of the papers and records required to be copied.

In the quarters occupied by the Record Department, the main room, which is on the fifth floor of the Hall of Records, is about 66 by 30 feet. Connected with it by a stairway is another room about 66 by 38 feet, located on a mezzanine floor, which extends over part of the main room. On the floor above the main room, a considerable distance therefrom and entirely disconnected from it, is still another large room about 57 by 36 feet, which is used for the storing of the older records and the more bulky records in current matters. These records are in constant demand for examination by lawyers and the public, and to adequately meet the demand would require the permanent presence of a Clerk in the room. At present we are obliged to keep the room under lock and key, rendering it inaccessible to the public unless accompanied by one of the Record Clerks who may chance to be disengaged. On the fourth floor are three rooms connected by stairway with the main room on the fifth floor. One of these is about 41 by 29 feet, another about 48 by 32 feet, and the third about 23 by 32 feet. There are five men in the Department besides Mr. Marsac, who is the head thereof. It is necessary that two of these should be constantly assigned to the room on the fourth floor, and another to the mezzanine floor above the main room on the fifth floor, leaving but two of Mr. Marsac's five Clerks, in addition to himself, to attend to the public and handle the business in the main room, procure papers from the more distant rooms and respond to numerous subpoenas for the production of books and papers in other Courts and before Referees.

The constant attendance of numerous representatives of title companies engaged in examining and transcribing the records, has also greatly added to the work of this Department.

III.

Department for Preservation of Public Records.

The same amount appropriated for the present year ($11,400) for the salaries of the Clerks employed pursuant to chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890, and chapter 704 of the Laws of 1904, in the preservation of the public records, will be required for the year 1910. We have already certified to your Board, under these laws for work which has not yet been completed under dates of July 7 and 19, 1904, April 11, 1905, January 31 and August 8, 1906, March 15, April 18, June 7 and May 17, 1907, and April 24, 1908, respectively, and hereto annexed is an additional certificate dated July 8, 1909.

A Superintendent and eight Clerks are employed in this Department. The Superintendent receives a salary of $1,800 per annum, and his subordinates salaries of $1,200 each. The Clerks are employed, pursuant to chapter 704, Laws of 1904, in making, compiling, rearranging and copying indices of records, in addition to performing the work necessary for the restoration and preservation of public records.

Six libers, at a cost of $30 each ($180), and $100 for stationery will be required for next year for the prosecution of the work of this Department.

Total for the Department:

Salary of Superintendent	$1,800 00
Salaries of Eight Clerks, at $1,200 each	9,600 00
Libers and stationery	280 00
	$11,680 00

IV.

Laws Fixing, and Laws Providing for the Fixing of Salaries and for the Appointment of Clerks and Employees.

The salaries of the Surrogates are fixed by chapter 290, Laws of 1889, and chapter 642, Laws of 1892. The salaries of Court Attendants and Court Messengers are fixed at $1,500 per annum, payable monthly, by chapter 487, Laws of 1906.

The Clerks engaged in the preservation of the public records and in making, compiling, rearranging and copying indices are appointed pursuant to chapter 57, Laws of 1883, as amended by chapter 467, Laws of 1890, and chapter 704, Laws of 1904, and provision by the Board of Estimate and Apportionment for an annual appropriation of money necessary for their salaries and the performance of the said work is provided for by said laws, as well as by section 56 of the Greater New York Charter.

The Court Stenographer receiving a salary of $3,000 per annum, is appointed pursuant to section 2512 of the Code of Civil Procedure, and (same text) section 1193 of chapter 410, Laws of 1882. The other Court Stenographer (salary $2,500 per annum), is appointed pursuant to chapter 642 of the Laws of 1892. The salary of each and every person holding a place or position in our Court or office, except the Surrogates, Court Attendants and Court Messengers, whose salaries are fixed as aforesaid, is determined and fixed pursuant to and in the manner prescribed by chapter 530, Laws of 1884, chapter 642, Laws of 1892, and section 56 of the Greater New York Charter. Under these laws or some of them has been appointed each and every Clerk or employee in our Court or office, except those who are hereinbefore stated in this paragraph IV. to have been otherwise appointed.

V.

Sheriff's Fees.

For the payment of the Sheriff for services in serving citations and other proceedings commenced by the Surrogates to compel accountings of delinquent guardians, executors and others, $500 are needed. The same amount was appropriated for the same purpose for this year.

VI.

Supplies and Contingencies.

For this appropriation $2,550 are required for the next year, which is the same amount appropriated for the year 1909. This is needed for office contingencies, such as keeping up the library (the purchase and rebinding of law books), purchase of typewriters and repairing the same, postage, towel service, telephone service, rubber stamps and necessary miscellaneous articles and sundries.

VII.

It is impossible at the present time to state the amount that will probably remain unexpended at the end of the year 1909, of any of the appropriations made for that year.

VIII.

Vacancies in Office Force.

The two positions of Record Bond Clerk which appeared in the schedule accompanying our estimates for the year 1909, and which were abolished by resolution of your Board on June 25, 1909, and two positions of Recording Clerk created instead, as hereinbefore stated, have been vacant since April 1, 1909, because of the repeal of the law requiring the copying of bonds by the Surrogates of this County. The two new positions of Recording Clerk are as yet unfilled, but requisition has been made, as hereinbefore mentioned, on the State Civil Service Commission for Clerks to fill the vacancies. We have had during the year up to the present time substantially no continuing vacancies in our office force.

IX.

Recapitulation.

Total appropriations requested for 1910:

Salaries, General Administration	$167,450 00
Salaries, Preservation of Public Records	11,400 00
Supplies and Contingencies	2,550 00
Sheriff's Contingencies	500 00
Libers and stationery (preservation, public records)	280 00
	$182,180 00

Respectfully submitted,
JOHN P. COHALAN, Surrogate.

Chambers of the Surrogates' Court,
County of New York,
New York, July 8, 1909.

To the Honorable the Board of Estimate and Apportionment:

In pursuance of the authority vested in me by chapter 57, Laws of 1883, as amended by chapter 467, Laws of 1890, I hereby certify that I have examined the following libers in our office and that they have, by reason of age and continued use, become mutilated or obliterated and rendered unfit for public use and service and need to be recopied, and it is necessary for the security and safety of the public records of and in said office, and of the said libers, that they should be recopied and transcribed:

Index of Wills, A to L, 1870 to 1883.
Index of Wills, M to Z, 1892 to 1900.
Index of Wills, A to L, 1892 to 1900.

JOHN P. COHALAN, Surrogate.

Schedule A.

During the year 1898 the same number of Examiners and Recording Clerks were employed as at the present time, except one, who was appointed January 6, 1908; and in the year 1898 there was not a sufficient number of Clerks to keep abreast of the work to be recorded.

There are now twenty of these Clerks, of whom two are Examiners and the others Recording Clerks. Two positions of Recording Clerk were added by resolution of the Board of Estimate and Apportionment of June 25, 1909, and a requisition for Clerks to fill these two positions is now before the State Civil Service Commission.

The following schedule gives some idea of the increase in the last ten years of matter to be recorded:

Matter To Be Recorded.	1898.	1908.	Difference.	Per Cent. of Increase.
Number of wills admitted	1,672	2,395	723	43+
Number of decrees admitting wills to probate	1,672	2,395	723	43+

SURROGATE'S COURT, KINGS COUNTY.

Surrogate's Office, Hall of Records,
Kings County,
Brooklyn, N. Y., July 13, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Please find enclosed departmental estimate of the Kings County Surrogate's Court for the year 1910, together with memoranda relating thereto.

Very truly yours,
EDWARD J. BERGEN, Clerk of the Surrogate's Court.

July 13, 1909.

The Board of Estimate and Apportionment of The City of New York:

Gentlemen—I have the honor to present to you herewith my estimate of the expenditures of the office of the Surrogate of Kings County for the year 1910.

It will be observed that the estimate provides for some considerable increases of salary in the official force of my office. This is warranted by the increase of the business of the court and office, which has been very marked during the last few years. I do not care to burden your Honorable Board with statistics upon the subject, but it could be easily shown that the business of the office has increased from 25 to 40 per cent. since the amounts of some of the salaries now sought to be increased were fixed.

I will, therefore, as briefly as possible set forth the reasons which in each particular case impel me to present my request for increase of salary, prefacing by saying that the application is not, excepting in a few cases, based upon the personal qualification of the present incumbent, but rather upon the general character of the position to be filled with reference to the labor and responsibility attached to the work. I deem it a duty, however, to say that in every position referred to herein the incumbent is displaying a degree of competency entirely satisfactory to me.

(1) The Chief Clerk and Clerk of the Court—The salary attached to this position, $7,000, was fixed by your Honorable Board in the year 1898. In reference to the position my predecessors in office, the Hon. George B. Abbott and the Hon. James C. Chruch, in their respective applications to your Board used the following language, which I adopt:

"This, of course, is the most important position in my office, and must be filled by a lawyer and one of ability, a man of sound judgment and executive force, and one in whom the Surrogate has the most implicit confidence. * * * Although the position is designated as Clerk, yet as some of the members of your Board well know, he is really an assistant to the Surrogate, and as a lawyer should be compensated in accordance with the importance of his position in its relation to legal matters."

With the increased work of the office, the importance and responsibility of the position have correspondingly increased. The present incumbent, Mr. Edward J. Bergen, has held the position since I assumed the office, and prior to that time filled the position of Administration and Guardian Clerk for twenty-five years, and I think I may say has discharged his duties in this office to the satisfaction of the bar and public having business with the office. I, therefore, ask that an addition of $2,000 be made to his salary.

(2) Probate Clerk, Administration Clerk and Accounting Clerk—These positions, each of which is the head of a department, are respectively filled by John V. Cain, Daniel J. Griffin and John F. Regan. I would respectfully request that the salary in each case be fixed at $4,000 per annum in place of $3,500.

(3) Chief of Records and Interpreter—The two functions discharged by the present incumbent are entirely separate and distinct. In our courts generally we have in Kings County Interpreters at salaries ranging from $1,200 to $2,500, which latter sum is the salary paid to the official German Interpreter in the Supreme Court. The work performed by Mr. Beilman, the present incumbent in this part of his official work, if performed by a separate official, would certainly command a salary of $2,000. In addition to this Mr. Beilman is the Chief of Records, and is in charge of the general recording department of the office, having eighteen subordinates for whose work he is responsible. He has been connected with the office for about twenty years, and is an experienced and valuable Clerk, and I would ask that his salary be increased from $2,500 to $3,500.

(4) Clerk or Stenographer to the Surrogate—This position has been held for several years by John H. Schmid at a salary of $2,100. As a matter of equalization of salary with that of the same position in all other courts of record, I respectfully request your Honorable Board to fix the salary of this position at $2,500, being an increase of $400.

(5) Index Clerk—The salary of the Index Clerk has not been increased during the past ten years. His work has doubled during that period, and I request that the slight increase from $1,800 to $2,000 be granted. The present incumbent, Mr. Henry J. Wall, is a veteran in the service of the office, and is thoroughly careful and conscientious in the discharge of his important duties.

(6) Assistant Administration Clerk—The present incumbent, Mr. Martin R. Kays, has for many years been connected with the office, is thoroughly careful and competent in the discharge of his duties, and the growing importance of the position justifies the increase asked, from $1,800 to $2,300.

(7) Court Officials—With regard to the increase mentioned in the Budget from $1,200 to $1,500 for the five Court Officers connected with this office, this matter has already been adjusted by your Honorable Board and the Board of Aldermen, the same going into effect July 1, 1909.

(8) Messenger—I request an increase of salary for the Messenger employed in my office from $1,000 to $1,200. The present incumbent, Mr. Jeremiah Costello, is a veteran soldier of the Civil War who sustained grievous wounds in the defense of the integrity of the country, and whose faithful discharge of the duties of the position which he now has occupied for some four years merits this promotion.

It will be noted that the total increase in the salaries asked for is $7,300.

The amount requested for Supplies and Contingencies, $2,500, is the minimum necessary for the purpose.

With reference to the $8,000 referred to in the estimate for recopying old and mutilated records and the making of new indices as ordered by the Commissioner of Records, five temporary Clerks have been appointed at an annual salary of $1,200 to carry on this work. Your Honorable Board has already appropriated $2,000 for this purpose, but as this money is only available until December 31, 1909, it will be necessary in order to carry on the reindexing and recopying of such records to have the full amount of $8,000.

I have the honor to be,

Respectfully yours,
HERBERT T. KETCHAM, Surrogate of Kings County.

SURROGATE'S COURT, QUEENS COUNTY.

Office of the Surrogate,
Queens County, N. Y.,
Jamaica, August 5, 1909.

WILLIAM M. LAWRENCE, Esq., Assistant Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York:

Dear Sir—Referring to your favor of July 22, would say same was not attended to sooner because Mr. Hendrickson, Clerk of the Court, was away on a short vacation.

I submitted the matter to him on his return, and he called at your office, and saw Mr. Adee, who said the reason it was returned was that one of Blank Form II. was not filled out.

I now inclose the estimate given with letter to accompany same, and trust you will find it satisfactory.

I have sent one copy each to the Mayor, Comptroller and to the Board of Aldermen, as required in your letter of May 18, 1909.

Yours respectfully,
DANIEL NOBLE, Surrogate.

Office of the Surrogate,
Queens County, N. Y.,
Jamaica, August 5, 1909.

Honorable Board of Estimate and Apportionment, New York:

Gentlemen—I inclose herewith Forms I. II., III., 10-21-22 and XXV., containing the estimate for the expenditures which will be required to conduct the office of the Surrogate's Court of Queens County for the year 1910.

In connection with the increases of salaries asked for I beg to give you the following reasons therefor:

In the year 1900 I began to keep a general index of all cases filed for the action of the Court, and the following is a statement of the number of cases annually submitted since that year:

Year.	No.
1900	933
1901	990
1902	989
1903	1,059
1904	1,081
1905	1,116
1906	1,220
1907	1,436
1908	1,393
1909 (estimated)	*1,738

* Six months, 869.

These figures show that the business of the court has increased 93 per cent. in ten years. During that time there has been no increase whatever in the number of employees, and the consequence has been and is that it is very difficult for the force now employed to handle the business properly and keep the records up to date at all times. Queens County is also growing at a fast rate, and with the completion of the Queensboro Bridge and the tunnels from New York, or Manhattan, to Queens an enormous increase of population is expected. By great effort on the part of myself and the employees of the office the work has been thus far attended to and kept reasonably up to date, but occasionally it happens that it falls behind, and in such cases extra efforts have been made so that to-day the records of the court are not more than a month in arrears in the copying room.

Owing to the shortage of employees it has been, and is, necessary for the Copyists to stop work and get out papers for persons searching the records. This delays and interferes greatly with their work, which must be done with absolute accuracy.

This is also the only court in Greater New York which has no official Stenographer. My Private Clerk and Stenographer acts as official Stenographer, and I do most of my own clerical work myself when he is too busy to attend to it.

I have therefore asked you to allow me an extra Clerk, at a salary of $1,500 per annum, and it is my intention, if you allow me this Clerk, to promote all below that grade, and then appoint a new man to begin at the lowest salary paid.

As to the increases asked for I give you the following reasons:

Clerk of the Surrogate's Court—Increase asked for, $1,000, making salary $4,000, instead of $3,000. This position requires the services of a lawyer of ability and experience, as he must pass upon all petitions and other papers presented for the action of the court, and for that purpose he must be thoroughly familiar with the laws governing the practice. He also acts as my legal assistant, helping me to look up the law on cases submitted to me. The present incumbent has been in the office for eleven years. The person holding this position must practically be as able a lawyer as the Clerks of the New York and Kings County courts, but, while they receive, respectively, $10,000 and $7,500, he receives but $3,000.

Clerk and Stenographer—This position is that of my Private Clerk and Stenographer, but, because of the shortage of employees, he does the work of a Court Stenographer in addition to his other duties, which are those of a General Assistant Clerk next in charge to the Clerk of the Court. The salary now paid is $2,100, whereas other Stenographers receive from $2,500 to $3,000. His salary ought to be increased to $2,500.

Assistant Clerk—Increase asked for, $500. This Clerk has charge of the General Index, receives all papers to be filed, examines them and passes them to the Clerk of the Court for his approval. He enters all cases in the General Index, has charge of the Calendar, makes out all letters testamentary, administration and guardianship. He must be well posted on the laws governing surrogates' courts and be a man of much ability. The salary now paid, $1,500, is far less than minor Clerks receive in other similar courts.

Copyist—Increase asked for, $300. This employee is not only a Copyist, but has general charge of the record room, being in fact the custodian of the records. He also does general typewriting work and assists the office force when required. He has held his present position eleven years, is a careful painstaking worker, whose books are kept in the best possible manner, and he well deserves the increase asked for.

Assistant Clerk, Additional, at $1,500—The fact that in ten years the business of this court has increased 93 per cent., without any increase whatever in the number of employees, should be sufficient reason for the allowance of this additional employee, and I trust you will agree with me.

Very respectfully,
DANIEL NOBLE, Surrogate.

COUNTY COURT, QUEENS COUNTY.

County Court, Queens County
Long Island City, N. Y.
August 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I herewith transmit my estimate for 1910 for the running of the Supreme Court and County Court of Queens County.

I wish to state the following in regard to the making up of my various estimates contained in the forms for such submitted to me by the Bureau of Municipal Investigation and Statistics, Department of Finance:

1. Salary of the County Judge of Queens County has been increased by an Act of the State Legislature from $4,000 to $10,000, to take effect January 1, 1910. (See Consolidated Laws, chapter 11, section 232, known as the County Law; or chapter 16, Laws of 1909.)

2. The additional compensation to the County Judge for services in drawing jurors has been heretofore fixed by the Board of Estimate and Apportionment at the sum of $2,500.

3. The salaries of the Chief Clerks of the Supreme Court and County Court are fixed at $3,000 and of the Special Deputy Clerks at $2,500 by chapter 11 of the Consolidated Laws, section 169.

4. The salaries of the Confidential Clerk to the County Judge, Stenographer of the County Court, Stenographer to the Grand Jury, Court Crier, Court Interpreters, Chief Court Attendants and Court Attendants are fixed by Acts of the State Legislature at the amounts set forth in my estimate for 1910.

Thus the total of my estimate for 1910 to meet salaries and wages in the Supreme Court and County Court of Queens County will amount in all to the sum of $55,000, which amount I respectfully ask be allowed as the Budget allowance for 1910.

It is impossible for me to use any of the forms submitted by the Department of Finance to submit my estimate for the Court Fund of the Supreme Court and County Court of Queens County, out of which fund is paid the following items:

Telephone services for County Court, jury dinners, criminal witness dinners, Trial Jury payrolls, Grand Jury payrolls, criminal witness fees, law books, payrolls of extra Court Attendants, payrolls of extra Court Interpreters, Stenographers' bills for stationery, travelling, etc., advertising court notices, and medical attendance to jurors.

–which estimate for said Court Fund for 1910 I am submitting herewith on a form prepared by myself, of a total value of $60,000, which I respectfully ask be allowed as the Budget allowance for 1910. I ask for this amount, as heretofore the Court Fund has been overdrawn long before the end of the year for which it was provided.

I also submit my estimate on Form 22, of the forms submitted to me by the Department of Finance for Contingencies.

I have estimated $1,000 as the necessary amount needed for 1910 to meet contingencies such as postage, messenger expenses, express charges, books and stationery for both the Supreme Court and County Court of Queens County.

I respectfully ask that this amount of $1,000 for Contingencies be allowed as the Budget allowance for 1910.

Heretofore the Board only made an allowance of $100, which was far insufficient to meet all the expenditures for the above named contingencies, necessitating various transfers during the year from the said Court Fund to the fund known as Contingencies.

I also submit herewith a comparative statement of the 1909 Budget of the Supreme Court and County Court of Queens County, with my estimate for 1910, for the same Courts, which amounts, stated in my estimate for 1910, as shown on said comparative statement, are reasonable and necessary to meet the expenditures called for, and I respectfully ask that same be allowed as the Budget allowance for 1910.

Respectfully submitted,

BURT JAY HUMPHREY, County Clerk, Queens County.

Recapitulation.

Total expenditures chargeable to 1908 appropriation accounts	$15,377 14	
Total appropriation for 1909	18,650 00	
Total estimate for 1910	19,350 00	
Increase of estimate for 1910 over expenditures for 1908		$3,972 86
Increase of estimate for 1910 over appropriation for 1909		700 00

The reasons for the increases asked for are as follows:

The amount for the Confidential Clerk is only $150, so as to make his salary $1,800 per annum, which is only a fair and reasonable compensation for the services performed by him and to which he is justly entitled.

The amount for Court Attendant is $300, so as to make his salary the same as all other Court Attendants in the City. By a resolution of the Board of Estimate and Apportionment, passed May 28, 1909, the salaries of Attendants in the Municipal Courts of The City of New York were fixed at the rate of $1,500 per annum, leaving, as I understand, the salary of the Attendant of the County Court of Richmond County the only one fixed at a less sum. In view of the fact that his duties are the same as that of an Attendant in the Supreme Court and that he is subject to the same requirements, the appropriation of the amount asked for is but fair and just.

The additional amount asked for contingencies is necessary for supplies needed in the Department.

Respectfully submitted,

STEPHEN D. STEPHENS, County Judge and Surrogate.

July 13, 1909

SHERIFF'S OFFICE, NEW YORK COUNTY.

Sheriff's Office, County of New York,
Barclay Building, No. 299 Broadway,
New York, July 17, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—For the efficient administration of this office in the year 1910 there will be required the sum of $134,982.

The whole amount asked for in 1909 was	$141,262 00
The whole amount allowed was	131,912 00

From this total of $131,912 the item "1,480½, Police Detail, $1,400," should be deducted to show the net amount appropriated for conducting the business of this office and the County Jail.

Of this net amount of $130,512, there was on March 5, 1909, transferred the sum of $1,050 from "1479, Telephones, $2,100," to "1465, Salaries, $98,980," for the salary of the Telephone Operator. The Budget items for 1909 being as amended:

1465, Salaries, $100,030, in place of $98,980.

1479, Telephones, $1,050, in place of $2,100.

The increase for 1910 over the net allowance for 1909 amounts to $4,470, of which $1,350 is for the position established by the Board of Aldermen March 16, 1909, of "Auditor's Clerk," amended to "Assistant Auditor" on June 22, 1909 (and for which position Special Revenue Bonds were authorized on April 16, 1909); $1,200 for an additional Clerk, and $1,920 for increases of salary to the following:

Entry Clerk, from $2,500 to $3,000; Jury Clerk, from $2,000 to $2,500; Law Clerk, from $1,600 to $2,100; Stenographer, from $1,080 to $1,200; Prison Guard, from $1,200 to $1,500.

In support of this increase of $4,470 in the Budget item "1465, Salaries," the attention of your Honorable Board is again called to the fact that there has been no addition to the number of places in this office for ten years; that the volume of business has more than kept pace with the increase of population and that, besides the Assistant Auditor, at least one more Clerk is absolutely required.

The increase of $300 to one Prison Guard is justified by the conditions set forth in the estimate for the current year, and which require that one of the guards shall assume the responsibility for the efficient discharge of the duties of the guards and van drivers stationed as they are at the Criminal Courts Building and so not under my direct supervision.

The increases asked for by the various Clerks are recommended to secure a continuation of the best services of long-time faithful employees.

The statements accompanying this estimate show that the Budget items of Code numbers 1477, 1478, 1478½, 1479 and 1480 for 1909, will be sufficient for 1910 only by continuing the same rigid scrutiny and care in disbursements as have been followed during the past eighteen months.

Respectfully,

THOMAS F. FOLEY, Sheriff.

*In the estimate for salaries for 1910, provision is made for 8 Keepers, 3 Matrons and 3 Cleaners, which are allowed by statutory enactment (see chapter 705 of the Laws of 1901).

Attention is also called to the provision of chapter 381 of the Laws of 1909, transferring the transportation of prisoners, vehicles, horses and vans to the Department of Correction, and in compliance with that law no provision is made in the Budget estimate for the transportation of prisoners, the care of the prisoners, vehicles and horses, and for the salaries of the Van Drivers, which will have to be provided for by the Department of Correction.

The only additional places asked for are the Telephone Operator and the Confidential Stenographer. These places were created by the Board of Estimate and Apportionment in May, 1909, and provision was also made for the payment of said salaries.

SHERIFF'S OFFICE, QUEENS COUNTY.

Office of the Sheriff, Queens County,
County Court House,
Long Island City, August 28, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—I inclose herewith Departmental Estimate for the office of the Sheriff of the County of Queens for the year 1910.

In explanation thereto wish to state that heretofore this office was conducted solely out of the fees received, but on and after January 1, 1910, it becomes a salaried office; hence the difference between the estimate and that of the appropriations to this office for the ensuing year.

Very truly yours,

H. S. HARVEY, Sheriff of the County of Queens.

COUNTY CLERK'S OFFICE, QUEENS COUNTY.

July 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

Gentlemen—In presenting the Departmental Estimate for 1910 for the office of County Clerk of Queens County, I desire to say that the forms prepared by the Department of Finance do not meet the requirements of an office of this kind in the preparation of its estimate and for that reason I have deemed it best to submit the following statement:

The office of County Clerk of Queens County is a fee office. The appropriations desired are for services to be performed by the Clerk in carrying out the provisions of law and the different sections of the Code of Civil Procedure and the Code Criminal Procedure.

These fees are chargeable against the County and are paid by the City. In 1908, these fees amounted to $14,790.67 and in the year 1909, from present indications, they will amount to over $16,000. The volume of business is increasing with the increasing population of the Borough and the Court work increases every year. It is estimated that in 1910 the fees will amount to over $20,000.

For repairing and rebinding books of public record the sum of $2,500 is asked for. It costs about $25 to rebind one of the libers in this office. This work has to be done in the office as the books cannot be taken out owing to the fact that they are public records, are in constant use and cannot be done over night unless at double cost. There are at the present time 1,636 libers of deeds and 1,182 of mortgages, be-

sides libers of discharges of mortgages, libers of judgments, making in all about 3,500 books and it is estimated that at least 100 or 150 of these will require rebinding before 1911.

For recopying and transcribing books of public record the sum of $10,000 is asked for. Your Board allowed the sum of $12,000 for 1909. There will not be as many books to recopy this year as last, and the number will be decreasing each year until it reaches only a nominal amount. I feel that $10,000 will be enough for 1910.

For recopying and redrawing maps, the sum of $6,000 is asked for. This is very necessary for maps are in constant use and made up as they were on oiled cloth, linen and similar goods, they have after several years become cracked or torn and in order to preserve them it will be necessary to recopy them. At the present time a great many maps have been condemned by the Commission appointed by the Supreme Court, but have not been recopied as your Board has not allowed the necessary sums of money. The sum of $1,000 was allowed for 1909 and was not sufficient and a portion of the maps was recopied. If these are not taken care of at an early date, it will be necessary to procure copies from the Title Guarantee Company, which has made copies of all the maps on file.

For repairs and replacements by contract and open orders the sum of $1,000 is asked. These repairs are to be made to the book typewriting machines now used in this office. There are thirteen machines used here all in the public work. Eight are the property of the City, three of the former County Clerk and two of the present

The old Board of Supervisors in 1895 authorized the purchase of these machines, and they are still in use here. The average life of a machine of this kind is two years, and these machines have been operated for over twelve years.

Many of them can be used after a thorough overhauling is given them, and will last for some time to come, but it will cost about $50 for repairing each machine.

For the rental of telephones the sum of $300 is asked. Heretofore the County Clerk has paid from his own personal account the telephone charges. The telephone is used mainly for the purpose of answering inquiries from lawyers and the general public regarding the public business. The Clerk's office is located at Jamaica, the Supreme Court is at Flushing and the County Court at Long Island City. Every time the Clerk desires to talk with either of these Courts he has to pay an extra toll charge from his personal funds. To Flushing this is five cents and to Long Island City it is ten cents. It does not seem fair that the Clerk should be compelled to pay these charges in the public interest.

The sum of $900 is asked for in order to purchase six new book typewriter machines. These machines cost $150 apiece, and as the volume of business is increasing it is necessary in order to keep up with this increase to increase the working force. The recording of papers has been done on the book typewriter for the past fifteen years, and will have to be continued. Some of the machines now in the office cannot be used, but it is intended to have them overhauled if sufficient money is allowed. It is necessary for the public interest that new machines be procured so that the papers may be returned in a short time to their owners. It is only a question of time when all new machines will have to be bought, and if procured gradually the work need not suffer.

The sum of $200 is asked for to purchase a new atlas of Queens County. This atlas will be made up in five volumes, and the price is $40 a volume. The atlas now used in the office is one that was made up in 1904, over five years ago. With the continued use in the office, these books have become broken, and, in fact, the bindings have given way and several sheets have been loosened so as to make the atlas almost unfit for use.

Besides this, in the last five or six years, a great many farms have been cut up into lots, and the new atlas will show these, so that for the convenience of those who are searching titles the atlas is necessary.

In conclusion, the total amount asked for for this office is $40,900, or $11,650 more than 1909. Exclude the $10,000 additional asked for in the matter of legal fees and the increase is only $1,650. The matter of legal fees is mandatory and the increase is asked for to save the bother and annoyance of asking for an issue of Special Revenue Bonds.

I trust your Board can see your way clear to granting these amounts.

Yours respectfully,

JOHN NIEDERSTEIN, County Clerk.

DISTRICT ATTORNEY, NEW YORK COUNTY.

District Attorney's Office,
County of New York,
August 27, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Enclosed please find departmental estimate of the District Attorney's office, County of New York, for the year 1910.

Yours truly,

WM. TRAVERS JEROME, District Attorney.

District Attorney's Office,
County of New York,
August 16, 1909.

To the Honorable the Board of Estimate and Apportionment, City of New York:

Gentlemen—Pursuant to section 226 of the Greater New York Charter, I have the honor to submit the following departmental estimate of the amount necessary to conduct the business of the office of District Attorney for the County of New York for the year 1910, with a detailed statement of the objects of such expenditure, and a statement of the salaries of the officials, Clerks and other employees of said office, as follows:

Estimate for 1910.

Salaries, General Administration.

Salary of the District Attorney (section 1503 of the Consolidation Act of 1882)	$12,000 00
Salaries of ten Assistant District Attorneys, at $7,500 each (section 1503 of the Consolidation Act of 1882, as amended by chapter 696, Laws of 1895, and chapter 632, Laws of 1907)	75,000 00
Fees and compensation of Grand Jury Stenographer (chapter 348, Laws of 1885)	3,000 00
Salaries of Deputy Assistant District Attorneys, Secretary to the District Attorney, Clerks, Stenographers, Process Servers, Messengers and Office Boys, including fees and compensation of the second Stenographer to Grand Jury	201,320 00
Total amount, General Administration	$291,320 00

Bureau of Special Sessions Informations.

Salaries of Deputy Assistant District Attorneys, Clerks, Stenographers, Process Servers, Messengers and Office Boys	17,520 00
Total amount for salaries for the year 1910	$308,840 00

Contingencies.

For contingent expenses in procuring the arrest and extradition of prisoners in this and other States and foreign countries, attendance of witnesses from other States, fares, etc., expert witnesses, Interpreters, disbursements necessarily incurred in the service of process, or other performance of public duty, printing points on appeal under the rules of Court, and other contingent printing, books and publications for office, law library, postage, telegrams, messenger and other special service, clothing, etc., for witnesses in House of Detention, and other necessaries for the office	$43,950 00	
Rental of telephones and telephone service	4,500 00	
General supplies	1,550 00	
Total amount for contingencies, telephone service and general supplies		50,000 00
Police detail, salaries		12,900 00
Total estimate for the year 1910		$371,740 00

Salaries.

General Administration and Bureau of Special Sessions Informations.

The amount requested for salaries for the year 1910 is a trifle less than the appropriation granted by your Honorable Board for the current year, notwithstanding the fact that the criminal business of New York County has increased more than forty (40) per cent. during the past two (2) years, and is continually increasing.

There will be an unexpended balance of about $8,000 remaining to the credit of the Salaries account for the present year, which saving is due to changes in the office by reason of resignations, etc., including several vacancies existing in the professional and administrative staffs, which vacancies will be filled at the earliest moment; therefore, the condition which now exists is only a temporary one.

Contingencies, Telephone Service and General Supplies.

Contingencies	$43,950 00
Rental of telephones and telephone service	4,500 00
General supplies	1,550 00
Total amount for contingencies, telephone service and general supplies	$50,000 00

For years the appropriation granted annually for contingencies and supplies amounted to $50,000. In the Budget for the year 1909, this appropriation was subdivided into three accounts, to wit: Contingencies, Rental of Telephones and General Supplies, the sum total of these accounts amounting to $50,000.

The sum of $50,000 is requested for the year 1910, which amount is barely sufficient to meet the ordinary expenses arising against these accounts. It is impossible ever to estimate as to the expenses which may be incurred by the District Attorney in the criminal cases arising within the County, and which are, under the statute, chargeable to the County.

No person can anticipate what crimes may be committed, the prosecution of which might entail great expense. Should such a case arise, it would necessitate an additional appropriation.

If ordinary conditions prevail during the remainder of the current year, I believe there will be a few thousand dollars remaining unexpended of the $50,000 appropriated for contingencies, telephone service and general supplies for the year 1909.

As an offset to the $50,000 annually allowed to meet the contingent expenses, there has been collected on forfeited recognizances over $32,000 during the past six (6) months, and we expect before the close of the year to add greatly to this amount.

The following statement shows the amounts collected on forfeited recognizances and turned over to the City Chamberlain, as County Treasurer, during the past nine and one-half years:

Amounts Collected on Forfeited Recognizances.

1900	$10,544 35	
1901	13,204 38	
1902		$14,808 58
1903		53,545 61
1904		62,013 04
1905		49,765 01
1906		34,283 52

1907	48,883 63
1908	26,417 27
1909 (six months)	32,343 84
Total amount collected under present administration	$322,060 50

This statement shows that the amounts collected on forfeited recognizances under the present administration, which covers the period from the year 1902 to date, are by far the largest sums ever collected under any administration.

Salaries.

Police detail	$12,900 00

The above sum of $12,900 was usually allowed the Police Department of The City of New York and covered the salaries of the following police officials assigned to duty in the office of the District Attorney of the County of New York, to wit:

1 Lieutenant at $2,000	$2,000 00
4 Detectives of the first grade at $2,000 each	8,000 00
1 Sergeant at $1,500	1,500 00
1 Patrolman at $1,400	1,400 00
7 Total	$12,900 00

It appears that in order to show what amounts of the Police Department appropriations are contributed annually to the support of other offices and departments in the City and County Governments, it was deemed advisable that the appropriations covering salaries of police officials attached to various departments, be charged to the account of the respective Departments having such police details; therefore, the above appropriation of $12,900 was included in the Budget for the year 1909, and charged to the account of the District Attorney's office of the County of New York. If it is proposed to continue this procedure, the foregoing assignment of 1 Lieutenant, 4 Detectives, 1 Sergeant and 1 Patrolman will be sufficient for our present needs.

That your Board may realize the amount of business conducted through this Department, aside from cases on appeal in the Appellate Division of the Supreme Court, the Court of Appeals and the Supreme Court of the United States, writs of habeas corpus and certiorari, orders to show cause, motions for stays, certificates of reasonable doubt, applications for inspection of minutes, motions to dismiss indictments, examination and approval of bail bonds, appearances in Magistrates' Courts, Coroners' inquests, Lunacy Commissions and reports to the Governor on pardon applications, I submit the following report, which is a synopsis of the work performed by this Department from my advent into office, January 1, 1902, to the vacation of the Courts, July 1, 1909:

Total number of indictments pending on advent of my administration, January 1, 1902	861
Total number of indictments pending June 30, 1909	628
A reduction of 27 per cent	233
Total number of indictments found by Grand Juries	33,971
Complaints dismissed by Grand Juries	9,222
Total number of cases acted on by Grand Juries	43,193
Number of indictments and complaints disposed of through the New York Supreme Court and Court of General Sessions	43,486
Number of cases disposed of through the Court of Special Sessions. (In the disposition of a vast majority of those cases, over 90 per cent., this office was represented)	85,005
Total number of cases disposed of	128,491
Number of recognizances taken	9,481
Number of recognizances forfeited	1,817
Number of witnesses subpoenaed, including counsel and bail notices issued	688,347
Number of persons who applied for certificates for payment of fees as witnesses for the people	40,309
Number of days attendance as witnesses	202,636
Number of miles travelled by witnesses (one way)	718,193
Total amount collected on forfeited recognizances	$322,060 50
Amount paid witnesses for attendance fees, at the rate of 50 cents per diem for each day's attendance	$101,318 00
Amount paid witnesses for mileage fees, at the rate of 8 cents per mile going to Court	57,455 44
Total amount paid witnesses for mileage and attendance fees	$158,773 44

As mileage fees are payable only within the boundary line of the State of New York, the above statement showing the number of miles travelled by witnesses does not include the many thousands of witnesses who attended from other States and foreign countries.

To illustrate more forcibly the greatly increased labor which has devolved on this office during the past few years, I respectfully submit the following comparative statement:

	1906.	1908.	Increase Over 1906.
Complaints received from City Magistrates, where defendants were held to await the action of the Grand Jury	5,237	7,095	1,858
Actions received from City Magistrates, pursuant to section 221 of the Code of Civil Procedure	11,070	19,677	8,607
Complaints received by Complaint Bureau	1,600	3,500	1,900
Total	17,907	30,272	12,365

The above statement shows an increase of over forty per cent. (40%) in cases received during the year 1908 over the year 1906.

When I entered upon the administration of this office, on January 1, 1902, as stated herein, there were 861 indictments pending, and I am pleased to state that notwithstanding the unusual demands upon this office since then, as slightly indicated by the above statement, the number has been decreased 27 per cent. in addition to keeping abreast of a volume of criminal business greater than that disposed of during the corresponding period of any previous year.

I believe it proper, at this time, to briefly refer to the Complaint Bureau created by me in 1902, for the purpose of receiving and investigating complaints of people claiming to have been defrauded by the many questionable loan agencies and numerous other questionable enterprises operating in this County at that time, and designed to defraud the general public, and especially, the poor and ignorant, who could not afford to employ counsel to protect their rights.

The creation of this Complaint Bureau resulted in a greatly increased volume of work in this office, requiring the constant attention of Special Deputy Assistant District Attorneys and other employees to keep abreast of the work, as reflected by the preceding comparative statement.

This Complaint Bureau having proved to be such a valuable adjunct to the public service, I also opened and maintained for seven years, at my own expense, a branch Complaint Bureau, at my home, No. 3 Rutgers street, Borough of Manhattan, where night sessions are held, with a view to meeting the needs of people having grievances, but who could ill afford to lose part of their day's labor in coming to the main office in the Criminal Courts Building. The Bureau is open every day and night in the year, except Sundays and holidays, the night sessions being held, as stated, at my residence, where a Deputy Assistant District Attorney and an Interpreter conversant with various languages are always on duty. Many of the cases there considered have been of the greatest importance to the commercial interests of this city, and some of the most important convictions during my administration can be traced to complaints having their origin in this Bureau.

The Complaint Bureau has not only fulfilled my greatest expectations, it being of great value to the community, but it has been maintained without any additional cost to the County by reason of the large saving effected by me in dispensing with the use of certified copies of indictments, etc., etc., which formerly cost the County at least $7,500 annually.

I am advised that at the adjournment of the Courts for the summer months, on July 1, 1909, the number of persons confined in the City Prison awaiting trial in the Court of General Sessions was 217, a very low figure, which included all those under indictment and awaiting action of the Grand Juries; indeed, it was not unusual to have an average of 28 prisoners confined in the City Prison during the summer months charged with homicide, whereas during the present summer months the number of prisoners confined there charged with homicide has been reduced to 5. This is a condition of public business of which we may well feel proud, and an excellent showing for the County of New York, with its enormous population of over 2,660,000, especially when you consider that a great part of its population is composed of so many varied foreign elements, and yet, despite this fact, the number of criminal cases pending in this County is considerably less than those pending in several of the principal cities of the United States, all of which have a population vastly smaller than this County; to attain these results, it required nine Courts, one Supreme Court, five parts of the Court of General Sessions, one continued term of same, and the two parts of the Court of Special Sessions.

In addition thereto it was essential to have at least two Grand Juries in continual session, and there have been months when there have been three Grand Juries in

During my administration of this office, I have always co-operated with your Honorable Board in keeping the Departmental Estimates at the lowest possible figures, which is evidenced by the fact that although the business of this Department has increased forty per cent. (40%) during the past two years, yet the Departmental Estimate for the year 1910 is a trifle less than the appropriation granted for the current year.

In order to accomplish these results with my present force, my entire professional and administrative staffs have been constantly employed, early and late, without any regard to the regular hours prescribed for the opening or closing of this office.

Very truly yours,

WM. TRAVERS JEROME, District Attorney.

DISTRICT ATTORNEY, KINGS COUNTY.

District Attorney's Office, Kings County,
Brooklyn, July 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—In conformity with section 226 of the Greater New York Charter, as amended, and in compliance with circular letter of Joseph Haag, Secretary of the Board of Estimate and Apportionment, dated May 18, 1909, I have the honor to submit a Departmental Estimate of the amount required for expenditure in the office of the District Attorney of Kings County for the year 1910.

Very respectfully,
JOHN F. CLARKE, District Attorney, Kings County.

District Attorney's Office, Kings County,
Brooklyn, July 7, 1909.

Hon. GEORGE B. McCLELLAN, Chairman of the Board of Estimate and Apportionment of The City of New York:

Sir—On May 1, 1909, there was a vacancy in this Department of a Clerk at $2,000, which position was theretofore held by Frederick B. Bailey, who was on that day appointed an Assistant District Attorney.

This clerical position was filled by the appointment of Timothy O'Shea, Jr., at a salary of $1,200 per annum.

Application was thereafter on May 20, 1909, made to the Board of Estimate and Apportionment to increase the salaries of Fidele A. Driscole and Stephen A. Rudd, Stenographers and Private Secretaries, from $1,500 to $1,700 per annum each, and the salary of Joseph B. Cummings, Clerk, from $1,400 to $1,500 per annum, which increases would not add to the amount of appropriation for salaries for this Department for 1909, which application was granted on July 2, 1909.

Very respectfully,
JOHN F. CLARKE, District Attorney, Kings County.

DISTRICT ATTORNEY, KINGS COUNTY—(Supplemental.)

District Attorney's Office, Kings County,
Brooklyn, September 16, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I desire to amend the estimate submitted for expenses of the District Attorney's office for Kings County for the year 1910, by adding thereto the sum of $1,000 to be paid as an increase of salary to Assistant District Attorney George W. Martin, who is now receiving a salary of $5,000, and to increase it to the sum of $6,000.

Very truly yours,

JOHN F. CLARKE, District Attorney for Kings County.

DISTRICT ATTORNEY, QUEENS COUNTY.

District Attorney's Office,
Queens County, N. Y.,
Long Island City, July 29, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I enclose herewith departmental estimate for the office of the District Attorney of Queens County for the year 1910.

Heretofore it has been the practice to pay the expenses of witnesses, meals for witnesses, etc., from the Sheriff's Budget. I ask that this be transferred to this office for the coming year and ask that an appropriation of $10,000, as set forth in the estimate, be allowed to cover this expense. This figure is based upon the amount paid out by the Sheriff for the same purposes during the past year.

In addition I ask an allowance of $12,000 for contingencies as set forth in this estimate. This is an increase of $5,000 over the amount allowed for this year. In view of the expenses of this office for the past three years I consider that amount no more than sufficient for the coming year.

The allowance for 1907 was $6,000 and the amount expended was $13,941.42.

The allowance for 1908 was $7,000 and the amount expended was $30,026.92.

The allowance for 1909 was $7,000 and the amount expended to June 30, 1909, was $12,338.86.

Of course, the trial of the Hains brothers greatly increased the expenses for 1908 and 1909. Taking the year 1907, at which time there were no extraordinary expenses, the expenditures were over $13,000.

In the salary estimate I ask for $5,000 to cover police detail salaries. This is an increase of $100 over this year and is made necessary by the increase in salary of one of the officers detailed here.

In the salary estimate I ask an appropriation of $31,300. The appropriation for the year 1909 is $20,600. This increase is desired to cover the increase in salaries as follows:

One Assistant District Attorney, from $3,000 to $4,500.
Three Deputy Assistant District Attorneys, from $2,400 each to $3,600 each.
One Chief Clerk, from $2,400 to $3,600.
One Stenographer, from $1,500 to $2,400.
One additional Stenographer, at $1,500 per annum.

Resolutions covering all the foregoing increases have been introduced before the Board of Estimate and are now in the hands of a Committee of that Board. The reasons why those increases are desired are fully covered in the correspondence and data submitted to the Comptroller regarding those resolutions, under date of June 19, 1909.

In addition to the foregoing increases I ask in the estimate for the year 1910 for $2,000 for the employment of two County Detectives at $1,000 per year each. Both of these positions have been in this office for some time and they have paid at the rate of $4 per day, which is a larger per annum compensation than that asked for in the estimate, and the same has been paid out of the contingency fund.

Yours very truly,

FRED G. DEWITT, District Attorney of Queens County.

Explanatory Notes.

(1 and 2) District Attorney and Assistant District Attorney—The vast increase in the amount of business transacted by this office requires the District Attorney and Assistant District Attorney to give practically all of their time and attention to the work of the office, not excepting at night, on Sundays and on holidays. The office is open for business from 8:30 in the morning until about 7 in the evening, excepting Saturdays, when the office closes generally at about 5:30 or 6 o'clock. There are four Trial Terms of the Supreme Court, with Grand Jury in attendance, and two trial terms of the County Court, also with Grand Jury in attendance; the Court of Special Sessions convenes once in each week; the prosecution of violations of the Liquor Tax Law in the City Magistrate's Court requires one

day in each week, and we are required to be in daily attendance upon the two Magistrates' Courts in this Borough for the prosecution of felonies and misdemeanors; we are also required to be in attendance at Coroner's inquests in certain cases, and to appear before Commissioners in lunacy during proceedings to determine the mental condition of persons accused of criminal offences; attendance is also required in homicide cases or assault cases which may result fatally, for the purpose of taking ante-mortem statements and depositions in hospitals and at other points. It also devolves upon the District Attorney and his Assistant to conduct investigations of complaints brought to the attention of the office; the preparation for and attendance at trials, motions, appeals, etc., and the preparation of briefs and other documents for use thereat; also the attendance at stated terms of the County Court on the fourth Wednesday of each month, excepting the months of May, June and November.

The salary of $4,000 for the District Attorney was fixed by the Board of Supervisors a number of years ago, prior to consolidation; since that time the amount of work, as outlined above, has multiplied many times, and it is probable that in fixing the salary at $4,000, the Board of Supervisors had in mind the fact that the work of the District Attorney, at that time, was so small as not to seriously interfere with his private law practice. At the present time the work of the office is such as to practically destroy the private practice of the District Attorney and his Assistant. There is no County or City officer in the Borough of Richmond whose time is so fully occupied with the duties of the office as the District Attorney and his Assistant. The County Judge and Surrogate receives a salary of $5,000, plus the sum of $2,500 for services in drawing jurors; the salary of Municipal Justices is $7,000 per year; the salary of the Sheriff and County Clerk, respectively, is $6,000, exclusive of fees, which amount to nearly as much more in the course of the year; City Magistrates receive $5,000, and the Justices of the Court of Special Sessions $6,000 each.

In view of all of the foregoing, it is respectfully requested that the salary of the District Attorney be fixed at $7,000 per annum, and that the salary of his Assistant be fixed at the sum of $3,500 per annum.

(3) Executive Clerk—The increased amount of work in the office renders the appointment of an Executive Clerk to take charge of the bookkeeping, records, registers, disbursements and other financial affairs of the office, absolutely necessary for the proper conduct of the office. A competent man for this position cannot be secured for a salary of less than $1,650 per annum, and I respectfully ask that such allowance be made.

(4 and 5) Stenographer and Assistant Stenographer—The salary of the Stenographer in this office is at present fixed at $1,350 per annum; a large part of the work of the office requires the services of an expert stenographer, capable of doing practically the work of a court reporter; he must be able to take stenographically with perfect accuracy, conversations, statements of witnesses and testimony at hearings. The services of such a man cannot be procured for less than $1,500 per annum. The Board of Estimate and Apportionment has for a number of years appropriated for the salary of the Stenographer in this office the sum of $1,500 per annum, but such sum has been unavailable owing to the failure of the Board to fix the salary at that amount; the Board has, however, fixed the salary at $1,350, which I deem quite inadequate considering the character of the work required of the incumbent.

One Stenographer cannot possibly attend to all the work of the office, notwithstanding the fact that he works always from about 8.30 in the morning until 7 and later in the evening, and often until far into the night to have work in readiness for the next day in Court; his services are often required on holidays and Sundays. For a number of months this office has had the benefit of the services of an additional Stenographer, who made no charge for his services; this necessarily could not be continued indefinitely, so that we have now only one Stenographer to do the work of the office. Having only one Stenographer is often very embarrassing to the office, in view of the fact that the District Attorney and his Assistant frequently require the services of a Stenographer at the same time, and often at different places. No person engaged in the private practice of law, with the same amount of work as is handled here, would attempt to do business without two first-class stenographers, and provision is herein made for the appointment of an additional Stenographer at a salary of $1,200 per annum, and for an increase in the salary of the Chief Stenographer from $1,350 to $1,500 per annum.

(6) Interpreter—A majority of the serious criminal offences in this County are committed by Italians, which requires the almost daily employment of an Italian Interpreter. In work of this character it is highly important to secure the services of a capable and trustworthy Interpreter; it is difficult to secure the services of such a man unless he is regularly employed in the office. The Interpreter used in investigations is necessarily largely in the confidence of the defendant and his friends, and if dishonest, could practically control the disposition of a large number of cases. The services of such a man are generally required on very short notice, and it is sometimes impossible to secure the services of such an Interpreter, for the reason that no permanent employment can be offered him, and he is consequently engaged elsewhere. There is no official Supreme Court or County Court Interpreter, nor is there an official Interpreter for the Grand Jury in this County, and it is respectfully submitted that the time has now arrived when the services of such a man should be permanently secured.

Contingencies Account—In certain cases it is now required that transcripts of testimony taken on the trial of certain classes of criminals and before Commissioners in Lunacy, be transmitted to prison authorities and superintendents of insane asylums. Heretofore the Stenographers in the Magistrates' Courts furnished free of charge the minutes in all cases held for the action of the Grand Jury, and in a large number of cases held for the action of the Court of Special Sessions; we are now informed that hereafter the District Attorney's office will be required to pay for these minutes. There is a large increase in the number of indictments presented, in each of which cases the District Attorney must have a copy of the Grand Jury minutes, and as there is no official Grand Jury Stenographer, the expense for such minutes and for the testimony aforementioned must be paid out of the Contingent Fund. There has also been a large increase in the amount required for the payment of witness fees for attendance upon Grand Juries and terms of Court, and for the services of Interpreters of various languages. Furthermore there is no fund except the Contingent Fund wherewith to pay for the law books and law reports, digests, etc., which the office constantly requires. In view of the expenditure of last year, which amounted to $3,350.13, and that the appropriation of $2,700 for the current year will certainly be exceeded, it is respectfully requested that an appropriation of at least $3,500 for Contingencies for 1910 be allowed.

In conclusion I respectfully beg to say to your Honorable Board, that owing to the increased work now passing and transacted through this office, it is second to none in importance in this County, and that no recommendation has been made in this estimate which the District Attorney does not deem absolutely necessary for the proper conduct of his office for the year 1910.

Respectfully submitted,
SAMUEL H. EVINS, District Attorney.

GENERAL INTERPRETERS.

City Magistrate's Court, First District,
No. 318 Adams Street,
Borough of Brooklyn, August 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Herewith I beg leave to submit the Estimate for General Interpreters, Borough of Brooklyn, for the year 1910. The estimate consists merely of "Salary Account," there being no contingent fund necessary. An increase of $5,100 is asked for the General Interpreters for the year 1910 for the following reason:

Each of the Interpreters included in this estimate have been employed at the same salary for at least ten years last past, seven receiving $1,200 per annum and three at $1,500 per annum. It is desired to have the salary fixed at $1,800 per annum, this sum being even less than that paid to other Interpreters in other courts, and who perform the same services. There has been one vacancy since 1908, but salary has been allowed for same.

The following is a summary of said estimate:

Estimate for 1910	$18,000 00
Allowed for 1908 and 1909, each year	12,900 00
Being an increase of	$5,100 00

Respectfully submitted,
JAMES DIVISICH, Secretary to General Interpreters.

STENOGRAPHER TO GRAND JURY, KINGS COUNTY.

District Attorney's Office, Kings County, N. Y.,
Brooklyn, New York City,
July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—In conformity with section 326 of the Greater New York Charter, as amended, I have the honor to submit a Departmental Estimate of the amount required for Stenographer to the Grand Jury, Kings County, for the year 1910.

Very respectfully,

RUTH HOWELL, Stenographer, Grand Jury, Kings County.

Departmental Estimate for 1910.

Allowed for 1909	$4,000 00
Estimate for 1910	4,500 00

Employees Chargeable to Above Appropriation.

One Stenographer paid by fees and per diem.

The Budget allowance for this purpose in 1908 was	$4,000 00
Revenue Bonds to meet deficiency	471 10
Total	$4,471 10

—all of which was expended.

The amount of Grand Jury business in this County is constantly increasing and the amount of appropriation heretofore allowed ($4,000) has been insufficient to meet the disbursements for the past two years, and will be insufficient this year as there has been no increase in the appropriation since it was first fixed at $4,000.

About $2,600 of the appropriation for the present year has been already expended, and it will be necessary to apply for additional funds before the end of the year, for which reason I estimate the necessary allowance for 1910 at $4,500, and respectfully request that the same be allowed.

STATEN ISLAND ASSOCIATION OF ARTS AND SCIENCES.

Public Museum of the Staten Island Association of Arts and Sciences,

Sir—Inclosed please find estimate of the Staten Island Association of Arts and Sciences for the maintenance of the public museum of the association for the year 1910, scheduled under Forms, 1, 10 and 21, amounting to $4,000.

The estimate is the same as that allowed for the year 1909.

BRONX PARKWAY COMMISSION.

Bronx Parkway Commission,
No. 11 Wall Street,
New York, July 22, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—The Bronx Parkway Commission hereby makes application to your Honorable Board for $26,250, to be included in the Budget for 1910, for the purpose of procuring a survey, and preparing maps and plans for the proposed Bronx River parkway, as laid out by chapter 594 of the Laws of 1907. Under the terms of this act, three-fourths of this amount is to be paid by The City New York, and one-fourth by the County of Westchester. The present appropriation is asked merely for the purpose of preparing a survey, which is the preliminary step necessary to be taken as a basis for further action, especially for any accurate computation of cost. Our estimate is as follows:

Procuring surveys and preparing maps and plans, required by chapter 594 of the Laws of 1907	$25,000 00
Salaries of Commissioners, office expenses, salary of Chief Engineer, Secretary and Counsel for the Commission	10,000 00
Total	$35,000 00
Amount (three-fourths of the above total) to be raised by New York City	$26,250 00

The Commission will be glad to appear before your Honorable Board and furnish any further information that may be required.

Respectfully submitted,
MADISON GRANT, President;
W. W. NILES,
JAMES G. CANNON,
Commissioners.

UNITED STATES VOLUNTEER LIFE SAVING CORPS.

United States Volunteer Life-Saving Corps,
Headquarters, Nos. 63 and 65 Park Row,
New York, July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In submitting estimate for the maintenance of the New York City Department of the United States Volunteer Life-Saving Corps for the year 1910, we respectfully beg leave to make a brief report of the work done by this Department in 1908.

Total	325	305	107	340

As will be seen by above table, 325 lives were saved, 305 persons assisted, 107 boats assisted, and 340 cases of "first aid" rendered. All stations throughout the Department were wholly or partially re-equipped with new medicine chests, ring and metallic life preservers, resuscitation chests, etc.

New life saving stations were placed at the foot of East Fifty-first street (since burned down); at the foot of East One Hundred and Thirty-third street, and at the foot of West One Hundred and Seventy-fifth street, where a dock was erected and portable house erected thereon. This station is a sample of what work the Corps is doing.

During the season, free swimming instructions were given at all the free interior and floating baths, both male and female baths. Approximately, 1,700 children and 300 adults were taught swimming.

The increase requested is only such as will make a fair improvement in the service, and should the same meet with your favorable consideration, it shall be our endeavor to continue our work as efficiently as possible.

Respectfully yours,
JAMES R. HOWE, President.

Explanation of Increases.

Fixed charges such as rent, telephone, insurance, postages and stationery, require no detailed explanation, save that where increases are made, they are to provide for the growth of the work.

Increase in life preservers is to provide for a greater number of the ring buoys in place of the metallic buoys, and to provide for further extension of the work.

Increase in Amount for Life Saving Stations—The establishment of permanent stations has always been followed by a marked increase in efficiency of the work of the division at such points. There is strong demand for several new stations and the amount asked will simply cover the stations required for the conduct of the service.

Increase in Amount for Lifeboats—The same reason for having our own stations applies to lifeboats. Our boats are of the best type to withstand heavy sea or surf, namely, the dory. Many beach places have only skiffs or canoes, which cannot be depended upon in an emergency. Furthermore, we can control more fully the use of our own boats, and prevent their removal from stations, except on corps business.

The other increases are natural increases to provide for the increases in station boats, breakage and loss of oars, and the like.

UNITED SPANISH WAR VETERANS.

Department of New York, United Spanish War Veterans,
Office of Department Commander, No. 198 Broadway,
New York City, July 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to circular letter, dated May 18, 1909, requesting an estimate of expenditures for the year 1910, the following is submitted. In compliance with the statutory provision, the Board of Estimate and Apportionment of this City allowed the above order the sum of $1,800 to meet its legitimate disbursements for Memorial Day observance, 1909, in The City of New York. The following are the camps of the above order in The City of New York:

Manhattan, No. 1, New York.
Wm. H. Hubbell, No. 4, Brooklyn.
Gloucester Naval, No. 5, Brooklyn.
Theodore Roosevelt, No. 10, The Bronx.
Fourteenth Regiment, No. 14, Brooklyn.
Admiral Schley Naval, No. 16, Brooklyn.
Admiral Phillip Naval, No. 18, Brooklyn.
Old Guard, No. 19, New York.
Jos. D. Decker, No. 20, Staten Island.
Gen. H. W. Lawton, No. 21, Brooklyn.
Capron, No. 22, Brooklyn.
New York City, No. 23, New York.
H. W. Hubbell, No. 24, New York.
W. S. Overton, No. 29, Whitestone.
Griffin Engineers, No. 31, New York.
H. J. Reilly, No. 34, Brooklyn.
Defendam, No. 36, New York.
Gen. Guy V. Henry, No. 38, New York.
Geo. D. Russell, No. 43, Brooklyn.
Sergt. Hamilton Fish, No. 46, New York.
Admiral Sampson Naval, No. 48, Brooklyn.
Naval, No. 49, Brooklyn.
Major Frank Keck, No. 53, New York.
David Wilson, No. 59, The Bronx.
Wm. McKinley, No. 62, Brooklyn.
Admiral McCalla, No. 65, Brooklyn.
Geo. H. Tilly, No. 66, Jamaica, L. I.
John V. Searles, No. 67, Flushing.
Gen. Jos. Wheeler, No. 70, New York.
Thos. H. Barry, No. 73, Brooklyn.
New Utrecht, No. 77, Brooklyn.
Malcolm A. Rafferty, No. 80, Long Island City.
Admiral Jos. B. Coghlan, No. 82, Brooklyn.

In addition to the foregoing, a camp is just about to be mustered in near the Brooklyn Marine Barracks, and before Memorial Day, 1910, there will probably be mustered in six additional camps in The City of New York, one consisting of employees of the Police Department; of employees of the Fire Department; of resident members of the Rough Riders; of veteran crew of the U. S. S. "Yankee"; of veteran members of Troop A and one of Troop C. This will be a total of forty camps. The 1909 appropriation for $1,800, pro-rated among thirty-three U. S. W. V. camps then existent in The City of New York, would mean an average allowance to each camp of $54,54. The City of Boston alone allows each of the four camps therein the sum of $200 for a similar observance, and most of the principal cities in the United States make an allowance for the same purpose to the U. S. W. V camps, ranging between $100 and that figure. Under the laws of this State, cities of the third class are permitted to make an expenditure of $300 to the G. A. R. and the U. S. W. V. for like purpose. This comprises most of the small cities of the State, and as in each there is only one G. A. R. post, and one U. S. W. V. camp, the allowance to each is made at $150. It will be seen, therefore, that New York City does not compare favorably in this respect with other municipalities, large or small.

For Memorial Day observance for the year 1910, an allowance of $3,000 is requested for the camps in the five Boroughs of The City of New York. This amount pro-rated among the thirty-three present camps or among forty camps, the number to be attained before 1910, will permit an allowance to each camp of a sum less than $100. This figure is based upon estimates submitted by the camps, a few typical ones being stated as follows:

Naval Camp, No. 49, Brooklyn.

Transportation—		
Conveying 65 comrades to and from point of assembly on Decoration Day, 10 cents each	6 50	
Conveying delegations to decorate and hold services over graves of deceased comrades	2 00	
One water carrier	3 00	
Carriage—One vehicle for disabled and wounded comrades	5 00	
		86 10

Admiral Phillip Camp, No. 18, Brooklyn, N. Y.

Music—Fife and drum corps of twelve pieces, for two days	$42 00	
Transportation	4 50	
Church Services—Expenditure in connection with joint services with G. A. R.	10 00	
Floral decorations, grave markers, transportation, etc., for graves of deceased comrades	15 00	
		71 50
Total		$967 30

This is an aggregate estimate of expenditures of $967.30 for eight camps, or an average expenditure of $120.97 per camp. Applying this average to the thirty-three existent camps, this would mean a total estimate of $3,992.01. Applying it to the number of camps as formally installed before Memorial Day, 1910, this would mean an aggregate estimate of $4,838.80. This estimate does not include music for camps in the Borough of Manhattan. In Manhattan music is provided by a central committee, and not by each camp. This would mean an expenditure for music for the Borough of Manhattan of $300. The erection of the grand stand alongside that of the G. A. R. stand will cost $300. These items of music and grand stand for the Borough of Manhattan, aggregating $600, must be added to the total estimates for the whole city.

I therefore respectfully request an allowance in the budget of $3,000 for the observance of Memorial Day, 1910, by the camps in the five Boroughs in The City of New York.

Respectfully submitted,
MAURICE SIMMONS, Department Commander.

FIRST BATTALION, NAVAL MILITIA.

Headquarters First Battalion, Naval Militia, New York,
U. S. S. Granite State, U. S. S. Wasp,
Foot of West Ninety-seventh Street,
New York, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—I have the honor to forward herewith, a copy of my Departmental Estimate for the year of 1910, and to certify that the establishment of the two new positions thereon, namely, one Assistant Engineer at $3.50 per day and one Chief Boatswain's Mate at $3.50 per day, is an absolute necessity, owing to the recent large addition of both Government and State property made to this Battalion, including the U. S. S. Wasp, several steam launches and a number of cutters and their equipage. The services of two additional men in the positions above specified, are imperatively required for the proper care and preservation of this property, and I respectfully request your favorable consideration of the slight increase in our allotment for wages asked for, to cover the pay of the above said positions.

Respectfully,

A. E. KALBACH, Commander.

CHARITABLE INSTITUTIONS.

AMERICAN FEMALE GUARDIAN SOCIETY AND HOME FOR THE FRIENDLESS.

New York, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—We beg to submit for your consideration the following statement of the expenses of this Society for the year 1908, upon which we base our estimate of the appropriation needed for 1910 at forty-five thousand dollars ($45,000).

For care and education of poor children in our industrial schools, including fresh air work for same	$104,706 18	
For care and maintenance of children in the (Woody Crest) Home for the Friendless, including Wright Memorial Country Branch	33,605 30	
For all other expenses	9,368 06	
Total actual expenses for the year 1908		$147,679 54

Very respectfully,
AMERICAN FEMALE GUARDIAN SOCIETY AND HOME FOR THE FRIENDLESS.
Selina F. Weeks, President.

ASYLUM OF THE SISTERS OF ST. DOMINIC.

July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—For the year 1910 our institution will average 950 children per week, which, at $2.25 per week, will require $111,150.

Very respectfully,
SR. MARCELLA.

BETH ISRAEL HOSPITAL.

June 25, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I beg to inform you that we will require for payments of City charges in our Institution for the year 1910 forty thousand dollars ($40,000), and I would therefore ask that an appropriation for that amount be granted us.

Respectfully,
LOUIS J. FRANK, Superintendent.

BROOKLYN CHILDREN'S AID SOCIETY.

Brooklyn, N. Y., July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In obedience to your request in circular, this Society submits the following estimates:

For the care and maintenance of dependent children accepted by the Department of Public Charities as proper charges against the City Treasury: For infants under two years of age, at the rate of 45 cents per day; for dependent children from two to sixteen years of age, at the rate of $2.25 per week; for disbursments in placing out children with families, at the rate of $20 for each child placed out, and for annual supervision of children placed in permanent free homes outside the city, at $5 each per annum, $20,000.

For Seaside Home (Sanitarium) of the Brooklyn Children's Aid Society, payable in twelve monthly installments, $5,000.

Committed Children—The larger part of the children placed in our care are boarded with private families instead of being kept in an institution. This method is strongly commended by many persons experienced in caring for dependent children and has amply justified itself during several years of trial.

Children are willingly received for short commitments and parents and relatives are encouraged to take children home as soon as possible. When the children's own homes cannot be re-established, we endeavor to find free homes or adoptive homes for them, if parents will consent, thus relieving the city of the burden of support and giving children a better chance in life.

The estimate here submitted provides for only about $3,400 increase over the Department's appropriation for the current year. It is the general policy of our Society to make the utmost possible use of its private funds in the effort to check dependency. The number of children maintained during the year at its own expense exceeds those who are received by commitment from the Department of Public Charities. There is a limit to private resources, however, and we have been obliged during the year to refuse many very insistent demands from the said Department in the matter of new commitments because of instructions from you, under date of December 31, 1908, not to exceed the current appropriation. There are many special needs of children which other organizations in Brooklyn are not in position to meet; for instance, cases of incipient tuberculosis especially requiring country air. The overcrowded condition of many existing institutions has also greatly increased the Department's demands upon our Society. The small increase asked, i. e., $3,400, if granted, will scarcely enable us to meet these urgent requests for special care.

Seaside Home—This "Home" is in every intent a seaside hospital, existing solely as a means of combatting diseases incident to the summer months among the children of the poor. Children are sent only after a thorough medical examination which determines their need. There is provided constant medical attendance, trained nursing, and careful personal oversight day and night. The medical staff consists, besides the examining physician, of an advisory and visiting board of five eminent specialists in children's diseases, a resident physician, and a corps of trained nurses. Mothers accompany and help care for the children. Sometimes only one of the family has an acute attack, but, usually, all the members are in need of constitutional or other treatment. Every endeavor is made to impress upon each mother the lessons which will help her to care for her children more efficiently after they leave the "Home."

This is the only Brooklyn seaside hospital or home, and it is believed to be the oldest in the country. No rejections are made on account of religion or nationality. Illness and need are the only tests. It cares for about five hundred at a time. Admission is absolutely free, governed entirely by a condition of need.

The Seaside Home carries on a work for the Borough of Brooklyn similar to that of the Hebrew Sanitarium and St. John's Guild for Manhattan. Both of these Societies receive aid from the City Treasury to a much larger extent proportionately than the amount asked by this Society. An appropriation of the amount we formerly received, $5,000, is absolutely necessary to plan for the proper conduct of our work, and, as you have already received evidence, this Society can be relied upon to draw no more than is positively required.

Very respectully yours.
ARTHUR E. WAKEMAN, General Secretary.

BROOKLYN EASTERN DISTRICT DISPENSARY AND HOSPITAL.

Brooklyn, N. Y., July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In compliance with your request asking for departmental estimates for the year 1910 for charitable institutions, I would respectfully submit the following estimate on behalf of the Brooklyn Eastern District Dispensary and Hospital, located at Nos. 106 to 112 South Third street, in the Borough of Brooklyn, New York City.

The total receipts of the institution for the year 1908, including moneys received from The City of New York and those from private donations and pay patients and all other sources, amounted to		$17,322 61
The expenditures for the year 1908 were as follows:		
For Salaries and Wages	$6,008 25	
For Supplies	5,988 54	
For charitable and benevolent work	7,676 65	
		19,673 44
Showing an excess of expenditures over receipts of		$2,350 83

This institution is situated in a district which has been and is yearly growing to be more and more devoted to manufacturing purposes, and one which is thickly settled by people of the poorer class, and is in close proximity to the new Williamsburg Bridge. Its charitable work increases year by year, and as all foods and supplies in general are constantly becoming higher in price, it seems impossible to carry on the work of this institution successfully without a larger appropriation being made by The City of New York for its benefit.

The neighborhood in which the hospital is situated is becoming more and more populated by a larger number of persons who require and must have its charitable and benevolent work.

It is respectfully submitted, therefore, that the sum of at least ten thousand dollars be set aside for the use of the Brooklyn Eastern District Dispensary and Hospital.

Trusting that this request will receive your favorable action, I remain,

Yours very respectfully,
OTTO F. STRUSE, Treasurer.

BROOKLYN EASTERN DISTRICT HOMEOPATHIC DISPENSARY ASSOCIATION.

Brooklyn, N. Y., July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Application is hereby made tor such monied aid as may be properly allotted to this institution in the next Budget.

Very respectfully,
GEO. V. TOMPKINS, Secretary.

BROOKLYN EYE AND EAR HOSPITAL.

Brooklyn, N. Y., July 12, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We respectfully beg to submit application for apportionment for our hospital for money needed for the year 1910, namely, $9,000.

Respectfully yours,
H. R. BAKER, Superintendent.

BROOKLYN HEBREW ORPHAN ASYLUM.

Borough of Brooklyn, N. Y., July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Inclosed I beg to present for your kind consideration the yearly estimate for the Brooklyn Hebrew Orphan Asylum, as requested by the Department of Finance.

Estimated Number of Children for the Year 1910.

550 children at $117 per annum	$64,350 00
Custodian, per annum	1,200 00
	$65,550 00

Respectfully submitted,
HENRY BENJAMINSON, Secretary.

BROOKLYN HOME FOR BLIND, CRIPPLED AND DEFECTIVE CHILDREN.

July 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We make the usual application for the moneys likely to be required for the payment of city charges committed to our institution for the year 1910.

We estimate that we will require about twenty thousand dollars ($20,000).

Yours respectfully,
BROOKLYN HOME FOR BLIND, CRIPPLED AND DEFECTIVE CHILDREN.
Patrick J. McNamara, Vice-President.

BROOKLYN HOME FOR CONSUMPTIVES.

New York, July 5, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

The Brooklyn Home for Consumptives in obedience to the request of the Comptroller of New York City makes the following statement and request through its president and treasurer for appropriations from the City for the year 1910.

The home encloses the annual report for 1908 as showing in detail the work done by it up to October 1, 1908.

Its officers state that the work of the home has been carried on and is now being conducted with the high degree of excellence and success which has been heretofore maintained. They are glad to be able to call the attention of the Board to the report of a special committee appointed by the Comptroller in the month of May, 1909, which report attests the care of the management.

They respectfully show that an entirely new staff of physicians are zealously using advanced methods for the treatment of consumption in its early stages, by which treatment it is expected many more cures will be effected than has heretofore been made.

They state that their methods require more nursing and more careful nursing than has been employed before, and that this nursing, with the advance in the cost of food, which has been continuous and large, makes an advance almost imperative for the charge by the house to the City for the daily care and support of the indigent tuberculosis patients committed by the City to the sum of one dollar per day instead of eighty cents, heretofore paid. They therefore ask for an appropriation of $21,000, of which only so much can be paid as may be earned by the home.

Respectfully submitted,
JENNIE W. HOPKINS, President
Alice M. Cordier, Treasurer pro tem.

THE BROOKLYN HOSPITAL.

Borough of Brooklyn, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with the request of the Department of Finance, City of New York, we respectfully submit the following estimate of the amount required for the care and support of the inmates of the Brooklyn Hospital in and for the year 1909, viz.: $20,000; low maternity in and for the year 1910, $2,000.

Respectfully yours,
MISS MARY W. OSBORN, Superintendent.

BROOKLYN HOWARD COLORED ORPHAN ASYLUM.

Brooklyn, N. Y., July 19, 1909

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable Sir—We beg leave to make application to you for $35,000 for the maintenance of City charges in the Brooklyn Howard Colored Orphan Asylum, for the year 1910.

We have at present 237 public charges, and with the expectation of erecting a building at St. James, Long Island, which will increase the facilities to take at least 100 more children in the institution, we therefore ask for the increase in our appropriation.

Yours very respectfully,
JAMES H. GORDON

THE BROOKLYN SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN.

Brooklyn, N. Y., July 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Brooklyn Society for the Prevention of Cruelty to Children respectfully makes application in pursuance of section 230 (paragraph 9, subdivisions 23

and 24), of the Greater New York Charter as amended by chapter 466 of the Laws of 1901, for an appropriation of twenty thousand dollars ($20,000) for the year 1910.

This amount was granted the society for the current year. The renewal of the appropriation is asked for on the grounds that its work may be continued with the same efficiency as heretofore. A survey for the first half of this year shows an increase in all branches over the same period the previous year and is presented in the following statistical table:

Increase in Six Months.

	1909.	1908.	Percentage of Increase.
Complaints of cruelty investigated	4,429	4,086	8
Adults prosecuted for offenses concerning children	555	439	26
Children involved in these cases	17,810	16,160	10
Children received in the Society's building	2,236	2,230	+
Lodgings supplied children	9,578	8,240	16
Meals furnished children	28,736	24,084	19

During the past year $11,741.70 was collected from parents for the board of children in institutions and paid over to the Comptroller of The City of New York. For the first half of the present year $6,754.25 has been collected, which is an increase of 14 per cent. over the same period of 1908.

The society owns a modern five-story fireproof building used exclusively in its work, which includes the temporary care of all children under the age of sixteen years who are taken into custody by the Police; all destitute children during investigation by the Department of Charities and all children neglected or not having proper guardianship are provided with shelter, food, clothing and medical attention pending final disposition. Its jurisdiction embraces both the Boroughs of Brooklyn and Queens.

A summary of the society's activity for ten years is respectfully submitted herewith. The figures found therein should be quite convincing that real need exists for an organization to protect children from cruelty.

Growth of Society's Work for Ten Years.

	1908.	1898.	Percentage of Increase.
Complaints investigated	7,993	2,358	239
Adults prosecuted	839	78	974
Number of children involved	32,010	7,520	325
Children received in the Society's building	4,199	963	336
Meals furnished children	46,455	14,868	213
Board collected from parents for the support of children in institutions	$11,408.20	$325.00	....

There is no other society in the Boroughs of Brooklyn and Queens doing a similar work, its aim and object being the protection of abused and neglected children, the supervision of all children charged with offenses during the various stages of Court procedure and co-operating with the Police and District Attorney in prosecuting adults for crimes committed against children.

All of which is respectfully submitted for your favorable consideration.

I have the honor to remain,

With great respect,

HENRY R. JONES, President.

THE BROOKLYN INDUSTRIAL SCHOOL ASSOCIATION AND HOME FOR DESTITUTE CHILDREN.

July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Executive Board of the above institution respectfully submits to the Board of Estimate and Apportionment, under section 230, Greater New York Charter, its earnest request for the usual appropriation to be awarded to this charity under Charter enactments of Greater New York, being two dollars and twenty-five cents a week for care, support and maintenance of each child sent to the Home for Destitute Children, as per contract entered into between this association and the City for the maintenance of county wards.

They also ask for the apportionments of the Corporate School Fund, as per chapter 466, Laws of 1901, for the Home for Destitute Children and the five industrial schools under the charge and maintenance of above charity.

They would also request for the renewal of apportionment under chapter 378, Laws of 1901, of fifteen hundred dollars for maintenance of hospital and dispensary cases in the Home.

Hoping this may receive your favorable consideration and approval,

Respectfully submitted,

A. MATHILDE ZAHN, Treasurer.

BROOKLYN TRAINING SCHOOL AND HOME FOR YOUNG GIRLS.

Brooklyn, July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In compliance with the request sent by Mr. D. C. Potter from the Charitable Institutions Bureau, the officers and board of managers of the Brooklyn Training School and Home for Young Girls would respectfully request your Honorable Body to apportion the sum of thirty-five hundred dollars ($3.500) to the above named institution for the coming year from the fund under your control.

By order of the Board.

ELLA L. DONNELLON, President.

BROOKLYN NURSERY AND INFANTS' HOSPITAL.

July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I enclose to you herewith report as to the condition of the Brooklyn Nursery and Infants' Hospital covering the year 1908-1909, in accordance with your circular letter of June 14, 1909. Also a similar report as to the Sheltering Arms Nursery of Brooklyn.

Very truly yours,

OMRI F. HIBBARD.

1. Under the Charter of New York City, section 230, subdivision 22, subsection 23, it is provided that:

"The Board of Estimate and Apportionment are hereby authorized, in their discretion, to include in their annual statements and estimate the following specified sums of money for the respective purposes therein stated, viz., "Four thousand dollars ($4,000), to be paid to the Brooklyn Nursery and Infants' Hospital."

2. In addition to this, the institution is entitled to receive money under the Laws of 1888, chapter 472, under what is known as the Mothers' and Infants' Fund.

3. The annual statement for the year 1908 shows that the total expenditures for that year amounted to about the sum of sixteen thousand three hundred and fifty-one dollars and fifty-seven cents ($16,351.57). It is very probable that the expenditures for the coming year will be at least fifteen thousand dollars ($15,000).

4. The following is a statement of the work done by the institution for the year 1908:

Number of children committed during year (January 1 to December 31), 1908	48
Number of children discharged during year 1908	81
Number of children maintained during year 1908	172
Number of children not maintained by City during 1908	49
Number of days paid for by City during year 1908	36,334
Number of infants under two years of age during 1908	98
Number of day's care of infants under two years of age	15,639
Number of children over two years of age during 1908	74
Number of day's care of children over two years of age	24,627
Number of day's care of mothers during year 1908	5,752
Number of day's care of mothers paid for by City	1,049

BUSHWICK AND EAST BROOKLYN DISPENSARY.

Brooklyn, N. Y., June 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—As per circular this day received from the Finance Department (Bureau of Charities), we beg leave to ask for an appropriation from the City for our Dispensary work for 1910 of $500. Our expenses for the past fiscal year was $5.041.59. The number of patients treated from January 1 to December 31, 1908, was 22,254.

Yours very truly,

E. F. BARNES, Treasurer.

BUSHWICK HOSPITAL.

Brooklyn, N. Y., July 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—Referring to your letter of the 14th ult., would state that application is herewith made for the apportionment of charity moneys for the Bushwick Hospital for the year 1910. The amount we will be conservatively in need of is forty-five hundred dollars ($4,500), which we sincerely trust you will be able to apportion.

Very truly yours,

J. S. BUCHANAN, Superintendent.

CATHOLIC HOME BUREAU.

New York, July 12, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—During the year ending December 31, 1907, the Catholic Home Bureau placed 289 children in free family homes. During the same period we had 1,487 children under actual supervision. With but few exceptions, all these children had been regularly committed by the Department of Public Charities or the Courts, and were being paid for by the City in the institutions whence they had been taken by the Catholic Home Bureau.

For the six months of the present year, during which time we have received our appropriation on a per capita basis, we have placed 222 children in free family homes, and have made regular visitations to all children under supervision.

For this six months period we have received from The City of New York the sum of seven thousand three hundred and one dollars and twenty-five cents ($7.301.25). Basing our figures on the results accomplished during the past six months, and allowing for an increase of work, which is justified by the present large demand for children, we estimate that for the year 1910 we would require the sum of eighteen thousand dollars ($18,000). Our estimate is based as follows:

500 children to be placed in permanent family homes at $20 per child	$10,000 00
1,600 children to be supervised at an annual allowance of $5 per child	8,000 00
Total	$18,000 00

We would, therefore, respectfully petition the Honorable Board of Estimate and Apportionment to appropriate to the Catholic Home Bureau for the year 1910, the sum of eighteen thousand dollars ($18,000).

Respectfully,

CHARLES F. McKENNA, Secretary.

CHILDREN'S AID SOCIETY.

New York, July 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with request of June 14, I beg to present an estimate of the amount required for the care and support of the inmates of the Children's Aid Society for the year 1910.

For the care and education of poor children in the industrial schools	$220,000 00
For the support and training of homeless boys and girls in the lodging houses and farm	75,000 00
For the general work of the society, being the disbursements in sending destitute children and families to homes in the country	40,000 00

For summer work among poor children	40,000 00
For all other purposes	20,000 00
Total	$395,000 00

We respectfully request that the Board of Estimate and Apportionment include in the Budget for 1910, as authorized by section 230 of the Charter, the amount which the Children's Aid Society has received for many years in aid of its industrial schools, boys' and girls' lodging houses and general purposes, the sum of $70,000.

Very repectfully,
C. LORING BRACE, Secretary.

CHILDREN'S HOME.

Mineola, L. I., July 5, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

My Dear Sir—In answer to your circular letter of June 15, in regard to money likely to be needed by our institution for City children, we would respectfully request tha: the sum of $4,000 be allotted to us for the coming year.

Very respectfully,
G. HOWLAND LEAVITT, Treasurer.

THE CHURCH CHARITY FOUNDATION OF LONG ISLAND.

Brooklyn, N. Y., June 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—As Superintendent of St. John's Hospital, Church Charity Foundation, Brooklyn, I beg to request that the amount of $8,000 be set aside for the care and maintenance of such persons as may be accepted by the Department of Charities for the year 1910, according to section 230 of the Charter of Greater New York.

I might add that we ask for an increase for 1910, as our bills are running a little larger than for the past year. I am,

Very respectfully yours,
PAUL F. SWETT, Superintendent of St. John's Hospital.

THE CHURCH CHARITY FOUNDATION OF LONG ISLAND.

Brooklyn, N. Y., June 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—As Superintendent of the Home for the Blind, Church Charity Foundation, Brooklyn, I beg to request that the amount of $400 be set aside for the care and maintenance of such persons as may be accepted by the Department of Charities for the year 1910, according to section 230 of the Charter of Greater New York.

This appropriation is somewhat less than that asked for the past year. I am,

Very respectfully yours,
PAUL F. SWETT, Superintendent of the Home for the Blind.

THE CHURCH CHARITY FOUNDATION OF LONG ISLAND.

Brooklyn, N. Y., June 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—As Superintendent of the Orphanage, Church Charity Foundation, Brooklyn, I beg to request that the amount of $7,000 be set aside for the care and maintenance of such children as may be accepted by the Department of Charities for the year 1910, according to section 230 of the Charter of Greater New York.

I ask for the increased appropriation for the Orphanage, as our bills for the past year amounted to nearly $6,000, and they are averaging more this present year than at that time. I am,

Very respectfully yours,
PAUL F. SWETT, Superintendent of the Orphanage.

COLORED ORPHAN ASYLUM.

New York, June 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I respectfully ask that the amount of twenty-four thousand dollars ($24,000) may be appropriated for the care and maintenance of destitute children committed to the above institution for the year 1910.

Very respectfully yours,
MARTIN K. SHERWIN, Superintendent.

COLUMBUS HOSPITAL.

New York, July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In compliance with your request to know approximately the amount necessary for the care and maintenance of the inmates of Columbus Hospital, I send you the same. I deem about nineteen thousand dollars sufficient to cover expenses for the coming year.

Thanking you in advance and wishing you God's blessing in return for your kindness, I remain, yours in the Sacred Heart, Missionary Sister of the Sacred Heart, the Superintendent,

MOTHER GERTRUDE DE GIOVANNI.

DOMINICAN CONVENT OF OUR LADY OF THE ROSARY.

New York, July 2, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Complying with your request in your letter of June 14, 1909, in regard to the money likely to be required for payment of the City charges in our institution for the year 1910, I beg to inform you that, judging from our previous bills, $121,000 will be required. I am,

Very respectfully,
MOTHER M. THOMAS, President.

THE FIVE POINTS HOUSE OF INDUSTRY.

New York, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with our usual custom I hereby make application for an appropriation in the City Budget of 1910 for the care and maintenance of children who are public charges and have been committed to this institution, as follows:

For care and maintenance of children, averaging 150 for 52 weeks, at $2.25 per week	$17,550 00
For indenture of 100 children, at $20	2,000 00
For cottage system	1,950 00
Total	$21,500 00

This institution is now in a transition stage, and intends to proceed with all possible speed to build for itself a country institution on the cottage plan.

Very truly yours,
W. C. McKEE, Superintendent.

FLUSHING HOSPITAL AND DISPENSARY.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

The Board of Trustees of the Flushing Hospital and Dispensary, located at Forest and Parsons avenues, in the Third Ward of the Borough of Queens, County of Queens, City and State of New York, in compliance with your notice, respectfully submit the following estimate of the money which will be necessary to pay the earnings of the said hospital for the treatment and care therein of cases lawfully chargeable to The City of New York, during the year 1910:

	Appropriation 1909.	Appropriation 1910.
To pay the earnings of said hospital for the care of patients lawfully chargeable to The City of New York, at existing rates	$8,700 00	$11,703 65
To pay for the services of two ambulances in regular service in 1910	1,200 00	1,200 00

The sum estimated to be necessary to pay for the earnings of said hospital for the care and treatment of patients therein chargeable to The City of New York is based on the work of the hospital for the year from July 1, 1908, to July 1, 1909.

The number of days' treatment of medical cases during the period was 3,934; the number of days' treatment of surgical cases was 6,086; the number of maternity cases was 31, and the number of days' treatment of children was 1,149.

At present rates the service of the hospital for City patients was $11,703.65.

Respectfully submitted,
HARRISON S. MOORE, President.

GATES AVENUE HOMEOPATHIC DISPENSARY.

July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—In response to circular letter of June 14, 1909, from the Department of Finance, I have to report that the Trustees make the following estimate for year 1910, viz.:

Salaries and wages of physicians, matron, janitor, etc.	$750 00	
Necessary repairs to building, appliances, etc.	300 00	
Supplies, drugs, etc.	200 00	
Fuel, light and all other expenses	200 00	
		$1,450 00
Less.		
Permanent income from investments	$250 00	
Probable income from other sources	250 00	
		500 00
		$950 00

In accordance with the above estimate we ask for an appropriation of $650 under the 23d subdivision, 22d division, section 230 of New York City Charter.

You will note that the amount of appropriation does not include the repairs, which we consider a betterment and not current expense.

Respectfully,
GATES AVENUE HOMEOPATHIC DISPENSARY,
D. R. Aldridge, Secretary.

GERMAN HOSPITAL AND DISPENSARY.

July 1, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Board of Trustees of the German Hospital and Dispensary in The City of New York beg to request that the amount of thirty-five thousand dollars be set aside for the care and maintenance of such patients as may be accepted by the Commissioner of the Department of Public Charities and cared for in the German Hospital and Dispensary during the year 1910, in accordance with sections 149 and 230 of the Greater New York Charter.

Very respectfully,
AUG. ZINNER, President.

GERMAN ODD FELLOWS' HOME.

New York, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Departmental estimate for the year 1910:

Amount	$11,000 00
Average number of inmates in our orphan asylum	126
Received from the City for year 1908	$10,458 33

Respectfully submitted,
J. JACOB STROBEL, Financial Secretary.

HARLEM DISPENSARY.

New York, July 29, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—Pursuant to the provisions of the Charter, the Harlem Dispensary hereby applies for an appropriation from The City of New York for the purposes of said institution during the year 1910 in the amount of five hundred dollars.

The above amount is estimated on the basis of the institution's experience in 1908, during which year necessary expenditures exceeded receipts from all sources by the above amount (see financial report filed with the Comptroller of The City of New York).

Respectfully yours,
GEORGE H. COREY, Treasurer.

HAR MORIAH HOSPITAL.

New York, August 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honored Sir—The undersigned respectfully begs to make application for an appropriation for the maintenance of the free hospital cases in the Har Moriah Hospital, located at Nos. 138 and 140 Second street, New York City. This hospital was chartered by the State Board of Charities at Albany, on January 13, 1909. The hospital has a capacity of eighty beds. It is nonsectarian, does not bar against any race, color or creed. Receives gratis all cases who are unable to pay and is supported by voluntary contributions. The hospital was opened for the reception of patients on January 27, 1909, and since the opening of the hospital has admitted 553 cases.

The number of hospital days provided absolutely free to the patients since its opening has been divided as follows: Medical cases, 2,837 days; surgical cases, 2,860 days; children, 1,075 days. As this is a record of the past six months the estimate is therefore doubled so as to make it for one year and the appropriation is therefore asked for accordingly. Judging from present figures for one year the hospital would be entitled to:

For the treatment of the medical cases	$5,674 00
For the treatment of the surgical cases	6,292 00
For the treatment of the children	967 00
Total	$12,933 00

In making these figures for the year it is to be taken into consideration that the figures are based on the admission of the first six months of the existence of the hospital. While the hospital has actually been open six months it was not running to its full capacity until about two months after its opening. The appropriation asked for therefore should not be considered as for a full year but as for ten months. In the next year it is expected to run this hospital to its full capacity, that is eighty beds. The private rooms in the hospital will also be given up to charity patients if found necessary, and it is expected that the hospital will treat nearly as twice as many free patients in the next year as the figures given above.

Respectfully yours,
BERNARD SEMEL, President.

HAWTHORNE SCHOOL.

Hawthorne, N. Y., July 1, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Jewish Protectory and Aid Society begs to present herewith the following estimate of expenses for carrying on the work of the society during the year 1910, and requests that the amounts named be incorporated in the Budget.

For maintenance, 300 boys at $135 per annum	$40,500 00
Extra appropriation for cottage plan, 300 boys at $13 per annum	3,900 00
Education, 300 boys at $15 per annum	4,500 00
Special officer	1,200 00
Total	$50,100 00

Very respectfully,
JOHN KLEIN, Superintendent.

THE HEBREW INFANT ASYLUM.

New York, June 28, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We beg to make application for the coming year for an appropriation of thirty thousand dollars ($30,000) for the care and maintenance of children committed to us.

We are erecting a large building on Kingsbridge road to accommodate double the number of children now housed by us and which will account for our increased appropriation demanded for the year 1910.

Yours very truly,
CHAS. DITTMAN, President.

THE HEBREW ORPHAN ASYLUM.

New York, June 29, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In reply to the communication from the Department of Finance, I am instructed by our Board of Trustees to inform you that the present number of our inmates is fourteen hundred, which is two hundred more than last year. As we expect further to increase this number during the year 1910, we respectfully request the Board of Estimate and Apportionment to appropriate the sum of one hundred and fifty-five thousand dollars ($155,000) for that purpose.

Yours very respectfully,
AARON SCHIFF, Secretary.

THE HEBREW SHELTERING GUARDIAN SOCIETY.

New York, June 28, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I beg to submit an estimate of the amount required for the year 1910 for the care and support of about 1,100 children housed in the institutions and in the boarding bureau, as provided by law, section 230 of the Charter:

Rents and interest	$7,000 00
Salaries and wages to officers and help	30,000 00
Physician, nurses and medical supplies	5,000 00
Education expenses	9,000 00
Fuel and light	6,000 00
Dry goods and clothing	25,000 00
House furnishings	2,000 00
Stationery and printing	1,200 00
Repairs	4,000 00
Provisions and supplies	60,000 00
General expenses	1,300 00
	$150,500 00

Yours very truly,
W. MEYER, Secretary.

HOPE FARM.

August 2, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In reply to your circular letter I respectfully ask for an apportionment of $33,000 for Hope Farm for the year 1910.

Yours very truly,
WM. C. IRVING, Treasurer.

HOUSE OF CALVARY.

New York City, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Our estimate for the City appropriation for 1910 is $8,760. This is the cost of maintaining thirty patients (our present capacity), throughout the year.

Inasmuch as we receive no patients who can afford to pay for treatment, we look largely to the City for support.

Respectfully yours,
D. J. McMAHON, Acting Treasurer.

HOUSE OF MERCY.

July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We estimate the cost of maintenance of inmates committed to our care during the coming year to be one hundred and thirty dollars ($130) per inmate per annum.

Very truly yours,
CHARLES N. KENT, Treasurer.

HOUSE OF THE HOLY FAMILY.

New York, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. Dear Sir—Concerning the Departmental Estimates (charitable institutions) for the year 1910, we beg to state that the amount required by the House of the Holy Family will be twelve thousand dollars. Reference to be made to chapter 196, Laws of 1899.

Very respectfully,
MOTHER M. CLAIR, R. D. C., Superior General.

HOUSE OF ST. GILES THE CRIPPLE.

Brooklyn, N. Y., June 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—As treasurer of the House of St. Giles the Cripple, Brooklyn, I beg to request that the amount of $9,000 be set aside for the care and maintenance of such children as may be accepted by the Department of Charities for the year 1910, according to section 230 of the Charter of Greater New York. I am,

Very respectfully yours,
PAUL F. SWETT, Treasurer of the House of St. Giles the Cripple.

HOUSE OF THE GOOD SHEPHERD.

New York City, July 13, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honored Sir—In answer to circular dated June 14, 1909, we submit the following estimate of the amount required for committed inmates of this institution, in accordance with section 230, Greater New York Charter.

For inmates committed by Magistrates and accepted by the Department of Public Charities as proper charges against the City Treasury at the rate of $135 per annum each. $40,500.

Very respectfully yours,
SISTER M. PRISCILLA, Superintendent.

Above named amount does not include salary of custodian.

INDUSTRIAL SCHOOL ASSOCIATION, BROOKLYN, E. D.

Brooklyn, July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The estimated amount required to maintain the County Ward in our institution for the year 1910 is forty-six thousand two hundred and fifty dollars ($46,250). The same amount of money received in or asked for this year.

Yours respectfully,
BENJ. W. WILSON, President.

The above does not include money received from Board of Education, which was $5,692.50.

B. W. WILSON.

INSTITUTION OF MERCY.

June 28, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The institution of Mercy will require for the year 1910 the sum of $98,000 for maintenance and education of children under our care.

Thanking you for many acts of kind thoughtfulness in the past and assuring you of the prayers of our community and little ones, we are,

Very sincerely yours,
THE SISTERS OF MERCY.

INSTITUTION FOR THE IMPROVED INSTRUCTION OF DEAF MUTES.

New York, July 1, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Following is our estimate of expenditures for the year 1909 (appropriation authorized by section 230 of the Greater New York Charter and under the laws relating to the support and education of deaf mutes):

New York County, 100 pupils at $300	$30,000 00
New York County (clothing State pupils), 70 at $30	2,100 00

Queens County (clothing State pupils), 3 at $30	90 00
Richmond County, 2 pupils at $300	600 00
Richmond County (clothing State pupils), 2 at $30	60 00
	$42,450 00

Yours very truly,
FE[illegible]K H. LEVY, Secretary.

THE INTERNATIONAL SUNSHINE SOCIETY.

July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In making application for money this year to maintain, care for and give kindergarten training to the blind babies of The City of New York, I respectfully state that the International Sunshine Branch for the Blind has a home perfectly equipped for twenty-five children. It costs us, with all the economy possible practiced, a little over a dollar a day for each child. This is because it is necessary to have graduate nurses and the best possible kindergartners and trained help in order to develop the mind and body of the child. Every little one we have taken from the Department of Feeble-minded, without exception, has developed and proven it was not an idiot, neither was it feeble-minded. It only needed special care.

In order to keep them from picking their eyes, which is caused by the light-hunger, which to them is greater than the hunger for food, the babies must have nurses or teachers with them constantly until they learn to interest themselves in something besides their blindness.

There are many children on the waiting list, more than we can accommodate, but just as fast as a child reaches the age of 8 and its mental progress permits its promotion, it is sent to the City School on Thirty-fourth street. Although our home is comparatively new we have already graduated nineteen children.

The City School on Thirty-fourth street, I understand, gets altogether from the City and the State $300 a year for each child it takes under its care. These children are normal and able to take care of themselves, otherwise they are not eligible.

In taking the babies and the feeble-minded children and teaching them to take care of their bodies, not to dig their eyes, to become in fact normal in every way, necessitates constant and unceasing care, and we cannot give this less than a dollar a day or $365 a year for each child committed.

Last year you kindly granted us sixty cents a day and we were more than grateful for the allowance, but if the City moneys will permit an appropriation for 1910 of a dollar a day we beg sincerely for that allowance.

According to the act amending subdivision 9 on section 230 of the Laws of 1901 of the New York Charter, a provision was made in 1908 for the appropriation of a dollar a day for the children cared for by the International Sunshine Branch for the Blind. This, providing the Board of Estimate approves and has the money to give us—"City payments not to exceed in the aggregate $15,000 per annum."

We sincerely hope for the one dollar which would make the appropriation for twenty-five children for one year $9,125.

Thanking you for past courtesies (and we have indeed received many), I am,

Yours most gratefully,

MRS. CYNTHIA WESTOVER ALDEN,

Vice-President, Blind Babies, President, General International Society.

THE JAMAICA HOSPITAL.

Jamaica, N. Y., July 5, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Jamaica Hospital will require at least $10,000 for the care of City patients for the year 1910 and the trustees wish me to ask for that appropriation.

Sincerely yours,

HELEN L. KEHLBECK, President, Board of Trustees.

JEWISH MATERNITY HOSPITAL.

New York, August 5, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honored Sir—We beg to call your attention to the Jewish Maternity Hospital, organized in 1906, chartered and approved by the State Board of Charities.

Our building, situated at Nos. 270 and 272 East Broadway, with a capacity of sixty beds, was completed January 24, 1909, and opened for the reception of patients April 8, 1909.

We expect to treat during the year of 1910 one thousand seven hundred and ninety-two charity patients. The appropriation of the City for maternity cases being $20 per case, it would thus entitle us to $35,840. We therefore, Honored Sir, beg to apply for an appropriation on the City Budget for $35,840 for the year 1910, and sincerely hope and trust that you will act favorably upon this application.

We hereby take the opportunity to again extend to you a most cordial invitation to honor us with a visit and see the good work that is being done.

Thanking you most sincerely, we beg to remain,

Most obediently yours,

A. M. HILKOWICH, M. D., Secretary.

LEBANON HOSPITAL.

New York, July 3, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable Sir—Under section 230 of the Charter of Greater New York, I beg to request that your Honorable Board will make an appropriation for the Lebanon Hospital Association, the sum of forty-five thousand dollars for the year 1910.

In asking for this appropriation I beg to call to your attention that The Bronx is growing and that our beds are almost always occupied. Our bed capacity is 270, and three ambulances are always in use.

Trusting that Lebanon Hospital will be favored with this request, I beg to remain,

Yours respectfully,

H. BARNARD, Secretary.

LINCOLN HOSPITAL AND HOME.

New York, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—In compliance with the directions of Dr. D. C. Potter, Chief Examiner of the Accounts of Institutions, in letter of 14th ult., in matter of application for the moneys likely to be required for payments of City charges in this hospital for the year 1910, the Board of Managers respectfully petitions, in conformity with the provision by law (section 230, Greater New York Charter, as amended by chapter 196, Laws of 1899), for a per capital allowance for patients accepted by the Board of Estimate and Apportionment as proper charges against the City Treasury, at such rate as the said Board of Estimate and Apportionment may decide upon.

As the number of cases treated in this hospital is constantly increasing, as the amount received from the City during the year 1908 was about $93,000, and inasmuch as the appropriation is only paid out on vouchers approved by the Department of Charities, and any excess in the appropriation is covered back into the treasury, the Board of Managers respectfully requests that the appropriation for the care of patients for the year 1910 be not less than $100,000.

The Board also requests for custodian the sum of $1,200 and for ambulance service the sum of $2,400.

Respectfully,

MARY W. BOOTH, President.

LONG ISLAND COLLEGE HOSPITAL.

Borough of Brooklyn, City of New York.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In compliance with the request of the Honorable Comptroller of The City of New York, dated June 9, 1909, the Long Island College Hospital respectfully submits the following:

The Long Island College Hospital is a corporation duly organized under the provisions of chapter 19 of the Laws of 1858, of the State of New York and acts amendatory thereof, and maintains in the Borough of Brooklyn, County of Kings, City of New York, a general hospital for the treatment of medical and surgical cases; that as departments thereof, but under the same corporate name and management, it maintains the Maternity of the Long Island College Hospital and the Dispensary of the Long Island College Hospital.

During the year ending May 31, 1909, the Long Island College Hospital has rendered, free of charge to patients, medical and surgical aid and treatment to the poor of Kings County, who applied to it therefore and were approved by the Commissioner of Charities of Kings County.

The work so done was classified as follows:

Adult surgical cases, days	16,547
Adult medical cases, days	6,446
Children under five years, days	1,133
Chronic cases, days	670
Total number of days	24,796

—and for which The City of New York paid to the Long Island College Hospital the sum of $25,413.75.

In view of the above statement, it is respectfully requested that your Honorable Board include in your statement and estimate the sum of twenty-seven thousand five hundred dollars ($27,500), to be paid to the Long Island College Hospital, as provided by section 230 of the Greater New York Charter.

Respectfully submitted,

THE LONG ISLAND COLLEGE HOSPITAL,

by Richard E. Shaw, Superintendent.

LUTHERAN HOSPITAL ASSOCIATION OF THE CITY OF NEW YORK AND VICINITY.

Brooklyn, July 1, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In compliance with the circular of the Hon. Herman A. Metz, we, on behalf of the Lutheran Hospital Association of the City of New York and Vicinity, respectfully beg to submit the following:

Our expenditures for the coming year 1910 are, of course, entirely dependent under the number of patients which may come under our care, but in order to give your Honorable Board an outline of our work, we beg to mention the following figures:

During the year of 1908, we took care of 50 free patients on 3,187 hospital days. The aggregate number of hospital days including pay patients was 11,790.

The expenditures for the year 1908 may be summarized as follows:

Salaries and wages	$4,843 00
Meat	985 00
Bread	373 00
Groceries	1,151 00
Milk, butter, eggs	1,406 00
Medicine	1,153 00
Wood and coal	817 00
Gas and ice	574 00
Repairs	2,475 00
Sundries	1,533 00
	$15,310 00

The expenditures would have been much greater if the members of our association had not contributed large quantities of provisions, clothing, bedding, etc.

Our receipts are made up by voluntary contributions of various Lutheran congregations, which alone, however, would not enable us to carry on the good work, as a great many patients are poor and not in a position to pay for their treatment and care. They would be obliged to appeal to the City for help if we could not provide for them.

In the year 1908, we have been supported by the City to the extent of $3,000. We could have taken care of a great many more poor patients if the funds set aside for us had not been exhausted too soon, and we could have relieved other hospitals which were overcrowded. We therefore request your Honorable Board to apportion to us a sum sufficiently large to enable us to carry on the good work, and thereby to lighten the burden of The City of New York.

Respectfully yours,

FREDERICK RABBE, President.

Theo. Fischer, Financial Secretary.

MARY IMMACULATE HOSPITAL.

Jamaica, L. I., August 23, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In complying with your request to prepare an estimate of the amount of money needed for the care and support of patients of the Mary Immaculate Hospital, Jamaica, N. Y., as provided by law for the year 1910, kindly note the following:

The average number of patients treated which are proper charges to The City

of New York during one month is from 75 to 80. The average charge per month about $1,170, and the total amount required for the year 1910 would be about $13,550.

Thanking you most sincerely for past favors, and asking you to give this estimate your kind consideration, I am.

Respectfully,
Sr. M. IMELDA, O. S. D., Superintendent

MANHATTAN EYE, EAR AND THROAT HOSPITAL.

New York, July 2, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I beg to request that the Manhattan Eye, Ear and Throat Hospital be placed in the City Budget for the year 1910, for the amount of $9,250 to pay for the care of such patients as may be approved by the Department of Public Charities. Estimating from the number of patients which have been approved for payment by the Department of Public Charities for 1908, and six months for 1909, I believe you will find $9,250 to be the necessary amount to cover our work for 1910. I am,

Your obedient servant,
REUBEN O'BRIEN, Superintendent.

THE MATERNITY OF THE LONG ISLAND COLLEGE HOSPITAL.

Borough of Brooklyn, City of New York, July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In compliance with the request of the Honorable Comptroller of The City of New York, dated June 9, 1909, the Maternity of the Long Island College Hospital respectfully submits the following:

The Maternity of the Long Island College Hospital is a department of the Long Island College Hospital, existing under the same corporate name and management and conducted as a lying-in hospital, and as such receives for treatment such persons of the poor of Kings County as require the care for which it is designed.

During the year ending May 31, 1909, there have been received in said Maternity 56 cases which have been accepted by the Commissioner of Charities of Kings County as proper charges against said county.

For the care and treatment of those cases The City of New York has paid to the Long Island College Hospital the sum of $18 per case, which, together with overtime for mothers and children, aggregates a total payment by the City of $1,025.02.

The above statement is not a statement of the charity work done by the Maternity, but only of emergency cases admitted and accepted by the Commissioner of Charities.

We do, therefore, most respectfully request that your Honorable Board include in your statement and estimate the sum of fifteen hundred dollars ($1,500), to be paid the Long Island College Hospital as provided by section 230 of the Greater New York Charter.

Respectfully submitted,
RICHARD E. SHAW, Superintendent.

THE METHODIST-EPISCOPAL HOSPITAL.

Brooklyn, N. Y., July 12, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

My Dear Sir—Permit me in behalf of the Methodist-Episcopal Hospital in Brooklyn, N. Y., to make application for $12,000 for City charges in our institution for 1910. This application is based upon the amount of work which we have done for the City, and for which we have received payment during the present year.

Sincerely yours,
A. S. KAVANAGH, Superintendent.

MISERICORDIA HOSPITAL.

New York, July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Your communication of June 14 to hand. You desire us to send in the usual application for moneys likely to be required for payments of City charges for the year 1910, and request that this application be in your office by July 10. You are acquainted with our work; its object is charitable and stated in our incorporation articles given us November 22, 1888.

In order to maintain our hospital and provide for the destitute mothers, averaging 116, at $12 per month, equals to $16,404. The average number of infants under two years of age provided for in the same manner was 112, at 45 cents per day, makes $18,396, and children over two years of age, daily census 58, at $2.25 per week, makes $6,786; also hospital cases averaging 19, at $1, equal $6,735, and surgical cases, 9 daily, at $1.10 per day, make $3,613.50. Total amount, $51,934.50.

Alone we are unable to bear all the expenses of the hospital, and therefore feel we must appeal to your Honorable Board to assist us again to the amount of $54,000.

Hoping this will meet with your approval and aid, we remain,

Very respectfully yours,
S. S. DOMINIC, President.

MISSIONARY SISTERS OF THE THIRD ORDER OF ST. FRANCIS.

Peekskill, N. Y., July 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable Sir—The estimate for this institution in and for the year 1910, for the care and maintenance of the inmates accepted by the Department of Public Charities as a proper charge against the City Treasury for infants under two years of age at the rate of 45 cents per day; for dependent children (other than infants under two years of age) at the rate of two dollars and twenty-five cents per week, $120.800.

Section 230, Greater New York Charter, as amended by Chapter 196, Laws of 1899.

Respectfully,
Sr. M. MARGARET.

MISSION OF THE IMMACULATE VIRGIN.

New York City, September 16, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable Sir—In compliance with section 230, Greater New York Charter on departmental estimates, we submit the following statement:

For the coming year, 1910, we respectfully ask for one hundred and sixty-five thousand dollars ($165,000), in order to provide properly for the increase in the number of children committed to our care.

We wish to express to you and the Honorable Board of Estimate and Apportionment our heartfelt gratitude for the substantial aid rendered to us in our charitable work of caring for the homeless and destitute children of New York City.

Very respectfully yours,
MALLICK J. FITZPATRICK.

MOUNT SINAI HOSPITAL.

New York, July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—Pursuant to the request expressed in a letter from the Department of Finance dated June 15, the Mount Sinai Hospital respectfully submits herewith its application for an apportionment for the year 1910, and makes the following statements:

That the Mount Sinai Hospital is a corporation duly organized under the Laws of the State of New York, and maintains in The City of New York the Mount Sinai Hospital, and that by chapter 719 of the Laws of 1897, entitled "An act to amend chapter 410 of the Laws of 1892," entitled "An act to consolidate into one act and to declare local laws affecting public interests in The City of New York," and the acts amendatory thereof in relation to the Mount Sinai Hospital, and chapter 196 of the Laws of 1899, the said Mount Sinai Hospital is entitled to receive an allotment for part of the cost of board, nursing, medical and surgical treatment, and attendance, which allotment has been fixed by the Board of Estimate and Apportionment as one dollar per day for each medical case, one dollar and ten cents per day for each surgical case, and forty-five cents per day for children under five years of age, for each needy and charity patient who occupies a bed in the Mount Sinai Hospital and who receives such care and maintenance.

That for the year ending December 31, 1908, the said Mount Sinai Hospital has given 112,856 days of free hospital treatment, and that the number of days of free hospital treatment as herein stated is made up from the accounts which are kept in the said Mount Sinai Hospital.

During the year 1908, our institution expended for the care and support of its patients the sum of $390,380.39, and the total amount of bills rendered to the City for the year 1908 was $75,654.02.

Calculating the work of our hospital for the year 1910 on the same basis, figuring that we will give about 112,000 days of free hospital treatment during that year, our institution herewith respectfully applies for an apportionment for the year 1910 of a sum of not less than one hundred and two thousand dollars ($102,000).

Respectfully,
ISAAC STERN, President.

State of New York, County of New York, ss.:

Isaac Stern, being duly sworn, deposes and says that he is the President of the Mount Sinai Hospital, the corporation mentioned herein; that he has read the foregoing statement and has fixed his name thereto as the President of the said Mount Sinai Hospital, and that he knows the facts herein stated to be true, that the number of free days of hospital treatment mentioned herein is made up from the accounts which are kept in the said Mount Sinai Hospital.

GUSTAV ABRAMS, Notary Public, New York County.

NEW AMSTERDAM EYE AND EAR HOSPITAL.

New York, June 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I have the honor herewith to make application for the sum of one thousand dollars ($1,000), for payments of City charges in this Institution for the year 1910.

Yours respectfully,
THOMAS R. POOLEY, Executive Surgeon.

THE NEW YORK CATHOLIC PROTECTORY.

New York, July 16, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Considering the provisions of the laws for the support of children committed to the New York Catholic Protectory, and the regulations of the Board of Estimate and Apportionment, there will be required for the year 1910 the sum of three hundred and fourteen thousand dollars ($314,000). The requisition is based on an estimate of two thousand four hundred (2,400) children as the average number to be maintained during the year 1910, and is made to cover the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond.

It is further estimated that there will be about two thousand five hundred (2,500) children attending school during the year 1910, for which we will be entitled to receive a per capita of fifteen dollars ($15) for the school year of ten months, under the resolution passed by the Board of Estimate and Apportionment, and which would amount to thirty-seven thousand five hundred dollars ($37,500).

We shall also require during the year 1910, for placing out of two hundred (200) children, the sum of four thousand dollars ($4,000), and for the supervision of seven hundred (700) children so placed, at five dollars ($5) each, thirty-five hundred dollars ($3,500).

The total amount of the requisition for the New York Catholic Protectory for the year 1910 is, therefore, three hundred and fifty-nine thousand dollars ($359,000).

Respectfully submitted, for the Board of Managers of the New York Catholic Protectory,

GEO. B. ROBINSON, President.

NEW YORK EYE AND EAR INFIRMARY.

New York, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Board of Directors of the New York Eye and Ear Infirmary respectfully ask for an appropriation of $15,000 for the year 1910, towards the care of indigent persons chargeable to the City of New York, who are suffering with diseases of eyes and ears.

Very respectfully yours,
W. E. LAMBERT, Secretary.

NEW YORK FOUNDLING HOSPITAL.

For needy and homeless mothers, 135 at $12 per month	19,440 00
For obstetrical cases, ninety at $18 each	1,620 00
For custodian	1,200 00
	$394,825 00

NEW YORK HOMEOPATHIC MEDICAL COLLEGE AND FLOWER HOSPITAL.

June 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—The following estimate of the expenditures by the New York Homeopathic Medical College and Flower Hospital for the support of Flower Hospital for the year 1909-10 is respectfully submitted:

Salaries.	
Superintendent and administrative staff	$4,100 00
Matron, superintendent of nurses and three assistants	4,080 00
40 pupil nurses	3,300 00
8 orderlies	1,752 00
3 chauffeurs (or two chauffeurs and two drivers)	2,880 00
2 engineers (one fireman, half year)	1,680 00
1 housekeeper, one assistant, one seamstress	1,320 00
2 cooks, two kitchen maids	972 00
6 waitresses	1,008 00
6 housemaids	996 00
7 laundresses	1,350 00
1 scrubwoman (at intervals)	300 00
4 porters, one elevator boy, one bandage roller	1,104 00
Supplies.	
Provisions	27,000 00
Medical and surgical supplies	6,600 00
Ambulance service (including new motor ambulances)	4,700 00
House supplies	1,200 00
Furniture, bedding, dry goods	2,500 00
Crockery and kitchen utensils	500 00
Ordinary repairs	2,500 00

	$92,342 00

The hospital is open night and day, with ambulances always ready.

The ambulance district comprises the district west of Central Park, from Seventy-sixth street to Fifty-ninth street, extending to the Hudson River. From Fifty-ninth street to Forty-second street the district extends from the East River to the Hudson River.

The ambulances will probably answer 6,000 calls.

The number of patients treated in the hospital, including the Emergency Ward, will be about 9,000.

The number treated in the Dispensary will be about 10,000.

The expense of conducting this department is not included in the foregoing estimate of the cost of conducting the hospital.

The number of patients treated by the hospital physicians at their homes will be about 2,500.

The amount of money the city will probably pay will be about $25,000.

The amount to be provided by the institution will be about $67,342.

Respectfully submitted by

CHARLES H. HORNBY, Superintendent.

THE NEW YORK HOMEOPATHIC MEDICAL COLLEGE AND FLOWER HOSPITAL.

July 20, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—The following supplementary estimate of expenses to be incurred by the New York Homeopathic Medical College and Flower Hospital is respectfully submitted.

For the support of three automobile ambulances, which will cover the district extending from Seventy-sixth street and Hudson River to Forty-second street and Hudson River. From Fifty-ninth street to Forty-second street the district will extend across the entire city. Above Fifty-ninth street on the West Side the district will be from the western boundary of Central Park to the North River.

The new Queensborough Bridge has also been added to the ambulance district of Flower Hospital, and all calls for help from the bridge or any other part of the district will receive prompt and efficient attention.

Toward the support of the above we respectfully ask for an extra appropriation of three thousand six hundred dollars per annum.

Most respectfully submitted by

CHARLES H. HORNBY, Superintendent.

NEW YORK INFIRMARY FOR WOMEN AND CHILDREN.

New York City, July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—The New York Infirmary for Women and Children respectfully makes the following application for an apportionment for the year 1910: For the care and maintenance of indigent mothers and their infants (obstetrical cases) and for medical, surgical and children's cases unable to pay for treatment, the sum of five thousand dollars ($5,000).

I beg to refer you to paragraph 24, section 230 of the Charter, authorizing payments for the purposes specified.

Yours respectfully,
EDWIN TATHAM, Treasurer.

THE NEW YORK MAGDALEN BENEVOLENT SOCIETY.

New York, June 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to section 230 of the Greater New York Charter, as treasurer of the New York Magdalen Benevolent Society, I have the honor to inform you that the estimated number of females committed to this institution for the year 1910 will be thirty-eight (38), at one hundred and thirty-five dollars ($135) per annum for each female, amounting in the aggregate to the sum of fifty-one hundred and thirty dollars ($5,130), for which said sum the society hereby makes application for an appropriation from the Board of Estimate and Apportionment.

Yours very respectfully,
CAROLINE F. W. FREELAND, Treasurer.

NEW YORK MEDICAL COLLEGE AND HOSPITAL FOR WOMEN.

New York City, August 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Board of Trustees of the New York Medical College and Hospital for Women, No. 19 West One Hundred and First street, ask of your honorable body an appropriation of thirty-five hundred dollars ($3,500), to be applied during the year 1910 to the care and treatment of the needy poor in our institution. We trust that the high standard of excellence maintained by our hospital may appeal to your judgment and generosity.

Very respectfully yours,
CORDELIA WILLIAMS, M. D., Vice-President of the Board of Trustees.

NEW YORK OPHTHALMIC AND AURAL INSTITUTE.

New York, July 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—Will you kindly remit the appropriation of $250 for our dispensary, the good work of which I have laid before you. Thanking you in advance for your courtesy, believe me,

Sincerely yours,
OLIVE M. TITCOMB, Superintendent.

NEW YORK OPHTHALMIC HOSPITAL.

New York, July 19, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honored Sir—Pursuant to a resolution adopted by the Board of Estimate and Apportionment, I beg to state that it is estimated that the New York Ophthalmic Hospital of New York City will require nine thousand dollars ($9,000) for the year 1910 from the City Treasury, to cover amount due upon a per capita basis for patients cared for and supported by the hospital.

In accordance with the foregoing resolution, we make this estimate in triplicate, sending one copy to the Mayor, as Chairman of the Board of Estimate and Apportionment, one copy to the Comptroller and one copy to the Board of Aldermen.

Very respectfully,
F. H. BOYNTON, M. D., Chairman, Executive Committee.

NEW YORK POLYCLINIC MEDICAL SCHOOL AND HOSPITAL.

July 1, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—The New York Polyclinic Medical School and Hospital respectfully requests an appropriation from your Honorable Board of seven thousand five hundred dollars ($7,500) for the board, support and maintenance of charity patients in this institution for the year 1910, under the provisions of section 230 of the Charter.

Respectfully submitted,
JOHN GUNN, Superintendent.

NEW YORK POST-GRADUATE MEDICAL SCHOOL AND HOSPITAL.

New York, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In compliance with the request of the Comptroller, under date of June 14, 1909, the New York Post-Graduate Medical School and Hospital respectfully submits the estimate of the amount required for the care and support of the inmates of this institution, and for its charitable needs and purposes for the year 1910, as being $28,000.

Respectfully,
ARTHUR F. CHACE, M. D., Secretary.

THE NEW YORK SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN.

New York, July 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Application is hereby made by this society, pursuant to chapters 25 and 336 of the Laws of 1894 and section 230 (paragraph 9, subdivisions 2 and 24) of the Greater New York Charter, as amended by chapter 466 of the Laws of 1901, for an appropriation of sixty thousand dollars ($60,000) for the year 1910. This amount is an increase of ten thousand dollars ($10,000) on its appropriation for the present year. The reasons for it are as follows:

1. Its original appropriation, by act of the Legislature in 1894, of $30,000, was increased in 1902 to $40,000, which continued yearly thereafter until 1906, when it was increased to $50,000, at which latter sum it is continued to the present time; but since the increase referred to in 1906 the society has collected from delinquent parents and transmitted to the Comptroller $95,782.96, and deducting this amount from its appropriations it has really only received from the City towards the expenses of its work since 1906, $54,217.04, or a yearly average of the sum of $18,072.33.

2. In 1906 the society spent upwards of $30,000, in 1907 upwards of $31,000, and in 1908 nearly $35,000 beyond its appropriation in work which otherwise would necessarily have devolved upon the City at a very much greater expense. The details of this work, which are voluminous, have been furnished to and are now in possession of the Department of Finance, and special attention is invited to the previous application of the society, dated September 3, 1901, by Hon. Vernon M. Davis, its then President, enumerating them.

3. This table compares the work of the society last year (1908) with that of the first year (1894) in which the society received an appropriation from the City:

	1894.	1908.	Increase in 14 Years.
Complaints received	9,078	15,597	6,519
Complaints investigated	9,034	15,430	6,396
Cases prosecuted	3,770	9,875	6,105
Convictions	3,730	8,126	4,396
Children rescued	5,459	8,548	3,089
Cared for and disposed of	3,638	9,461	5,823
Parole cases	....	1,657	1,657

4. It is respectfully submitted that the request of the society for the increase of its appropriation is alike reasonable and proper to secure the efficient conduct of its special work, the utility of which has long been demonstrated to the satisfaction of the City departments, its Courts and of the public. That work is steadily increasing, and its resources should be correspondingly equated.

I have the honor to remain, with great respect,

JOHN D. LINDSAY, President.

NORTH-EASTERN DISPENSARY.

New York, June 25, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In compliance with a circular notice from Herman A. Metz, Comptroller of The City of New York, requesting an estimate as to the amount required for the care and support of the inmates of our institution for the year 1910, I send you the following estimates based upon the present and previous year's experience:

Total number of patients, about 10,500.

Total number of prescriptions, about 23,500.

Total number of consultations, about 22,500.

Total expenses, including salaries to apothecary and registrar, matron, house physician, one assistant house physician, two district physicians, five indoor physicians and one dentist, medicines and supplies, printing and stationery, steam heat, repairs, water tax, gas and sundries, about $6,115.40.

This is purely a dispensary, having no inmates to support. We furnish to the sick poor medical and surgical relief and treatment in the several branches, both at the dispensary and at the patients' homes.

I send you herewith under separate cover our last annual report.

Respectfully yours,
GEORGE M. WELCH, Secretary.

NORTHERN DISPENSARY.

New York, June 28, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In conformity with letter dated June 14, 1909, of Mr. D. C. Potter, Chief Examiner of Accounts of Institutions, we hereby make application for an appropriation of twenty-five hundred dollars ($2,500) to financially assist in conducting the work of the dispensary for the year 1910.

The Northern Dispensary was founded in 1827 and was incorporated in 1828, and from that time it has furnished continuously free medical assistance to the needy sick poor residing in that portion of the city bounded on the north by West Twenty-third street, on the east by Broadway, on the south by Spring street and on the west by the North River.

In the year ending December 31, 1908, 10,858 persons applied for treatment; of these 2,416 were bedridden and received treatment at their homes. The total number of visits recorded was 23,430. The total number of prescriptions dispensed was 15,878.

The disbursements in the year 1908 were $9,580.29, the receipts $8,636.50; $564 was received from The City of New York.

The officers of the Northern Dispensary receive no salaries. The majority of physicians serve gratuitously.

The appalling and deplorable condition of defective teeth among the school children of this city has aroused the interest of the trustees, who are anxious to relieve this evil by the establishment of a dental clinic at the dispensary for the care of all the poor children who may apply for treatment.

The cost of conducting such a clinic would be at least $1,500 yearly.

We trust the appropriation asked for will be granted as we are in great need of financial help.

Yours respectfully,
JAMES SLATER, President.

NORTH WESTERN DISPENSARY.

New York, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

The Board of Managers of the North Western Dispensary in The City of New York respectfully ask your Board to appropriate the sum of six hundred and twenty-five dollars to said dispensary, being the amount appropriated to said institution in the estimates for 1900, 1901 and 1902, or such additional amount as the Board of Estimate and Apportionment may see fit to appropriate.

JOHN HARDY, Treasurer.

THE NORWEGIAN LUTHERAN DEACONESSES' HOME AND HOSPITAL.

Brooklyn, N. Y., July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with notification from the Department of Finance we respectfully submit that we estimate the amount required for the care and support of the City's charity patients in our hospital for the year 1910 to be the same as the appropriation to our hospital for 1909, viz., $10,356.92.

Very respectfully,
BERUT BERGER, Treasurer.

THE NURSERY AND CHILD'S HOSPITAL.

New York, June 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—We, the Nursery and Child's Hospital, hereby apply for an appropriation amounting to eight thousand dollars ($8,000) for the year 1910, as the amount likely to be required for payments for children or others committed to this institution for account of The City of New York.

The reason and basis for said estimate is that the total apportionment for 1909 was $4,063.36, and during the first five months of 1909 the legal and proper expenditure upon persons committed to the institution by the City equals $2,405.42, or 60 per cent. of the appropriation for 40 per cent. of the time.

Said monthly expenditure was:

January, 1909	$410 27
February, 1909	428 63
March, 1909	553 38
April, 1909	489 47
May, 1909	523 67
	$2,405 42

We have the honor to be,
Respectfully yours,
MARY MILDRED SULLIVAN, First Directress.

ORPHAN ASYLUM SOCIETY.

Brooklyn, June 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I make application for the Orphan Asylum Society, No. 1435 Atlantic avenue, Brooklyn, for the sum of $18,000 from the City for the maintenance of dependent children.

Yours truly,
ESTELLE P. WHITE, Treasurer.

THE ORPHAN HOME.

Brooklyn, N. Y., June 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable Sir—The estimate for the apportionment of our institution for the year 1910 is herewith submitted for your consideration.

Calculating on the number of 825 children, the amount would be $96,525.

Hoping that this will meet with your approval, I am

Very respectfully,
M. CATHARINE HERBERT, O. S. D., Pr.

OTTILIE ORPHAN ASYLUM OF NEW YORK.

Jamaica, L. I., July 3, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In reply to the request of Dr. D. C. Potter, Chief Examiner of Accounts of Institutions, for the Departmental Estimates for the year 1910, allow me to say that the Ottilie Orphan Asylum will require about $5,000 from the City. The Board of Directors of our institution passed a resolution to take only forty children for the present, committed by the Department of Public Charities into our institution.

Very respectfully yours,
MAX BRAUN, Secretary of the Board of Trustees.

PEABODY HOME FOR AGED AND INDIGENT WOMEN.

New York City, June 29, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Complying with instructions, as per letter dated June 14, 1909, issued by the Department of Finance, Charitable Institutions Bureau, regarding the estimated amount of money required for the support of the inmates of the Peabody Home for Aged and Indigent Women, No. 2064 Boston road, Borough of The Bronx, this city, for the year 1910, we respectfully request that $5,000 be appropriated for our institution.

Very truly yours,
J. CORLIES, LAWRENCE, Treasurer.

PROSPECT HEIGHTS HOSPITAL AND BROOKLYN MATERNITY.

July 30, 1909

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—Application is herewith made for the sum of eight hundred dollars ($800), to be applied for payments of City charges, as rendered by the Prospect Heights Hospital and Brooklyn Maternity, for the year 1910.

Yours truly,
HARRIETTE SHAW, President.

ROCKAWAY BEACH HOSPITAL AND DISPENSARY.

Rockaway Beach, N. Y., July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—On behalf of the Rockaway Beach Hospital and Dispensary, I wish to apply for the appropriation to be required for this institution for treatment of free patients.

The last year's appropriation was $3,000, but as we were not ready for business we did not use any of this sum. We expect to open our hospital about November 1, 1909, and would request that the sum of $5,000 be appropriated for our use.

Very truly yours,
SAMUEL I. GOLDBERG, Secretary.

RICHMOND COUNTY SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN.

New York, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I beg to call your attention to the enclosed statement of the Richmond County Society for the Prevention of Cruelty to Children and respectfully request that the appropriation for 1910 be continued at $1,000, as heretofore.

Respectfully yours,
WILLIAM G. WILLCOX, Treasurer.

ROMAN CATHOLIC HOUSE OF THE GOOD SHEPHERD.

Brooklyn, July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We beg to submit the following estimate of the appropriation required for this institution for the year 1910: One hundred and eighty committed inmates at $135 per capita, $24,300.

Respectfully,
THE SISTERS OF THE GOOD SHEPHERD.

SACRED HEART ORPHAN ASYLUM.

New York, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In compliance with your request to know approximately the amount necessary for the support of our Orphan Asylum, I send you the same. I deem about nineteen thousand dollars sufficient to cover expenses for the coming year.

Thanking you in advance and wishing you God's blessing in return for your kindness, I remain,

Yours,
MOTHER ANDREINA BINI, President.

SAMARITAN HOSPITAL OF BROOKLYN.

Brooklyn, N. Y., July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We desire to make application for an apportionment of $2,500 for the year 1910 to cover payments for City charges during that year in our institution.

Respectfully yours,
ERNEST A. BAKER, Treasurer.

SANITARIUM FOR HEBREW CHILDREN.

New York, June 30, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Replying to the circular letter of the Comptroller of June 14, 1909, requesting the officers of institutions to send their estimates for the year 1910, I wish to inform you that the Sanitarium for Hebrew Children of The City of New York respectfully requests the Board of Estimate and Apportionment to make provision for the payment to that society in 1910 of the sum of seven thousand five hundred dollars ($7,500).

Respectfully yours,
SAMUEL KOHN, M. D., President.

SETON HOSPITAL.

New York City, July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We beg to state in reply to the communication from Dr. D. C. Potter, for the Department of Finance, received June 25, 1909, that our estimated number of City patients for the year 1910 is three hundred and seventy-five (375), two hundred (200) of this number being men, accommodated in Seton Hospital, and one hundred and seventy-five (175) women and children, in the annexed Nazareth Branch.

In presenting our application for an apportionment for the year 1910, we respectfully submit to the kind consideration of the gentlemen of the Board of Estimate and Apportionment the subject of granting to our hospital one dollar ($1) per capita per diem for City patients.

Each succeeding year gives more convincing proof that the expense of the support and the medical treatment of tuberculous patients is as great as that of patients suffering from other maladies.

Earnestly commending this matter to your kind attention and gratefully acknowledging the many courtesies extended to our institution, we offer our estimate for the year 1910 as follows: One dollar ($1) per capita per diem for three hundred and seventy-five (375) patients; $136,875.

I am, Dear Sir,

Respectfully yours,
SISTER FRANCIS IGNATIUS, Treasurer.

SHELTERING ARMS NURSERY OF BROOKLYN.

July 9, 1909.

Under the Charter of New York City, section 230, subdivision 22, subsection 23, it is provided that "The Board of Estimate and Apportionment are hereby authorized in their discretion to include in their annual statements and estimates the following specified sums of money for the respective purposes stated, viz.: One thousand dollars ($1,000), to be paid to the Sheltering Arms Nursery."

In addition to this, the institution is entitled to receive money under the Laws of 1888, chapter 472, under what is known as the "Mothers' and Infants' Fund."

The annual statement for the year 1908 shows that the total expenditures for that year amounted to nearly $10,000. It is very probable that the expenditures for the coming year will be nearly $10,000.

The following is a statement of the work done by the Institution for the year 1908, as deponent is informed and verily believes:

Number of children committed during 1908	95
Number of children discharged during 1908	92
Number of children maintained during 1908	169
Number of children not maintained by City during 1908	90
Number of days paid for by City during 1908	15,619
Number of infants under two years of age during 1908	104
Number of days' care of infants under two years	12,610
Number of children over two years of age	65
Number of days' care of children over two years	13,796

It is respectfully submitted that the full estimate of one thousand dollars ($1,000), allowed under the Charter, should be made, and, also, the full proportional amount which is due and payable under what is known as the "Mothers' and Infants' Fund," and at least $5,730.60, an amount about equal to the amount which was received from the City last year.

OMRI F. HIBBARD, Treasurer and Attorney.

State, City and County of New York, Borough of Manhattan, ss.:

Omri F. Hibbard, Treasurer and Attorney for the Sheltering Arms Nursery of Brooklyn, being duly sworn, deposes and says that he has read the foregoing estimate and knows the contents thereof, and that the same is true of his own knowledge, except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes the same to be true.

OMRI F. HIBBARD.

Sworn to before me this 9th day of July, 1909:
Henry Albers, Jr., Notary Public (7), Kings County.
Certificate filed in New York County.

SLOANE MATERNITY HOSPITAL,

New York, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—We respectfully apply for an appropriation of eighteen thousand dollars ($18,000) for the care and support of the women and their babes in Sloane Maternity Hospital for the year 1910, based upon the facts as set forth in accompanying letter. Such allowance is in accordance with section 230 of Greater New York Charter, and to be subject, of course, to the rules and regulations as shall be prescribed by the Department of Charities; also subject to the inspection of the State Board of Charities.

Very respectfully,
WM. D. SLOANE, Treasurer.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—In conformity with the request of the Comptroller, the Sloane Maternity Hospital respectfully submits herewith its estimate of the amount it should be pleased to receive from the City for the year 1910.

As the Legislature has provided that your Honorable Board shall determine as to the amount a charitable institution shall be allowed in any one year, we submit herewith a brief statement to show the claims of the Sloane Maternity Hospital for the allowance of $18,000, as asked for in inclosed estimate.

For the year 1908 the hospital performed work for the City to the amount of $17,681.64, and for the current year we were granted an appropriation of $17,200. From the present indications this amount will be about sufficient to cover the charge for the cases that will be accepted by the Department of Charities.

The Sloane Maternity Hospital has 120 beds absolutely free, and are, with few exceptions, occupied during the entire year. During the year 1908 there were received in the hospital 1,838 patients, of which 952 were accepted as public charges by the Department of Charities.

For the year 1908 the entire cost of maintenance was $53,660.26, of which we received from the City $16,810.60, the balance having been contributed by the friends of the institution.

The hospital is conducted on the most economical basis, is doing effective work in relieving the City's poor, and believes its request for an allowance of $18,000 a reasonable one.

We beg for it your favorable consideration, and remain,

Very respectfully yours,
EDWIN B. CRAGIN, President.

Wm. D. Sloane, Treasurer.

SOCIETY FOR THE AID OF FRIENDLESS WOMEN AND CHILDREN.

New York, July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

The Society for the Aid of Friendless Women and Children, in obedience to the request of the Comptroller, makes request for an appropriation of $7,500 for the year 1910.

For the information of the Board the applicants inclose their annual report for the year ending November 1, 1908, from which the Board can find in detail the work done up to that time.

They state that the work of the society is being done with the same care and fidelity which has always characterized its work.

There will, of course, be nothing presented to the City for payment under this appropriation except such as has been earned for the support of poor children duly committed by the City.

Respectfully submitted,
JENNIE W. HOPKINS, President.

Lucille Twyeffort Wardner, Treasurer.

SISTERS OF THE DIVINE COMPASSION.

White Plains, N. Y., July 1, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable Dear Sir—Concerning the departmental estimates (charitable institutions) for the year 1910, we beg to state that the amount required by the Good Counsel Training School will be twenty thousand dollars.

Reference to be made to chapter 196, Laws of 1899.

Very respectfully.
MOTHER M. CLAIR, R. D. C., Superior-General.

ST. AGATHA HOME FOR CHILDREN.

New York, July 2, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In response to your communication of June 14, I beg to state the estimated number of children for the year 1910 to be six hundred (600). This number, at two dollars and twenty-five cents ($2.25) per capita per week. amounts to $70,200, our estimate for 1910.

I beg also to state the estimated number of children of school age for the year 1910 to be five hundred and fifty (550).

I am, with much respect, honored sir, yours,
SISTER MARY ALBERT, Treasurer.

ST. ANN'S HOME FOR DESTITUTE CHILDREN.

Peekskill, N. Y., July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—We hereby submit the following estimate of the amount that we think will be necessary for the dependent and destitute children in St. Ann's Home for Destitute Children, in accordance with section 230, Greater New York Charter, for care, education and maintenance of children accepted by the Department of Public Charities as proper charges against the City Treasury at the rate of $2.25 per week. Our estimate, forty-five thousand dollars ($45,000).

Yours truly,
SISTERS OF ST. ANN'S HOME.
Sister M. Benigna, Assistant Superintendent.

ST. CATHARINE'S HOSPITAL.

Brooklyn, N. Y., July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Complying with your resolution of the application for the apportionment of our hospital for the year 1910, we would state that, if all emergency cases were accepted by the Public Charities Department, the estimated sum of expenditures for the care of the patients at the hospital proper, including the inmates of the Annex Home for the Aged and Infirm at Amityville, L. I., will approximately amount to thirty-two thousand dollars.

Submtting this to your kind attention and hoping it will receive your approval, I am,

Very respectfully yours,
M. MARGARET HAMMER, O. S. D., Superior.

ST. CHRISTOPHER'S HOSPITAL FOR BABIES.

Brooklyn, N. Y., July 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sirs—Your consideration in the sum of four thousand dollars ($4,000) for the benefit of St. Christopher's Hospital for Babies would be appreciated.

MRS. MELVILLE H. BEARNS, Treasurer.

ST. FRANCIS HOSPITAL.

New York, July 16, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable Sir—In reply to the circular requesting our estimate of the amount needed from the City Treasury for the year 1910 in accordance with the law, section 230, Greater New York Charter, we respectfully submit the following:

The main object of this institution being the care of the poor and destitute sick, and, taking for basis the number of cases approved by the Department of Charities during the past years, as also in view of the ever increasing population of The Bronx, we estimate that we shall need at least seventy-two thousand dollars ($72,000) for the year 1910.

The above estimate covers both the new hospital in The Bronx, as also its branch, St. Francis Home (the old St. Francis Hospital, Fifth street, Manhattan), now filled with chronic and infirm invalids, and the salary of the special officer or custodian.

With hearty and sincere gratitude for all the generous assistance rendered us in the past, the sisters respectfully submit the above estimate to the kind consideration of your Honorable Board.

Very respectfully,
SISTER JOSEPHINE, Secretary.

ST. JOHN'S GUILD.

New York, July 12, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to the notice from Hon. D. C. Potter, Chief Examiner of Accounts of Institutions, to file at this time an estimate of the amount that will be required from the City for the care and support of the persons who may be received on the Floating Hospital or at the Sea Side Hospital at New Dorp, Staten Island, for the year 1910, I beg to state as follows:

During 1908, 44,414 patients, comprising sick babies, children and mothers were carried and cared for on the Floating Hospital "Helen C. Juilliard." This is an increase of 7,598 patients over the previous year and shows the extent of the work of this institution during the summer months. At the Sea Side Hospital, 2,210 patients were cared for, for 26,384 hospital days, an increase of 433 patients and 6,527 days over the previous year.

Judging from these figures and the operations of previous years, St. John's Guild estimates that it will require $25,000 for the year 1910.

Very respectfully yours,
CARLETON MONTGOMERY, General Agent.

ST. JOHN'S LONG ISLAND CITY HOSPITAL.

Long Island City, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with section 230, paragraph 24, I have the honor to submit $42,000, as an estimate of the amount which will be required in our hospital.

Our hospital stands alone in the work which it is doing among the poor of Long Island City and vicinity, and ministers, as you know, to a great number of people spread over a very large territory.

Owing to the increase in population, the numerous factories, tunnels and other industries, we are compelled to ask for an increase in our appropriation for 1910.

We extend to you our sincere thanks for the courtesy and kindness which we have always received at your hands and our grateful appreciation of the favors which you have bestowed upon our institution.

With the sisters' prayers and best wishes for your every success, believe me,

Gratefully yours,
SISTER M. LOYOLA, Superintendent.

ST. JOSEPH'S ASYLUM.

New York, July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honorable and Dear Sir—Pursuant to the circular letter received, dated June 15, 1909, requesting the St. Joseph's Asylum in The City of New York to file its estimate of expenditures for the year 1910 for care, maintenance and education, we respectfully represent.

We had on the first day of July, 1909, in our institution 787 children, all of whom were committed except 91.

As the asylum is used almost exclusively for the purposes of children committed by the public authorities to its care, we respectfully ask the Board of Estimate and Apportionment to appropriate for the year 1910, for care, maintenance and education, the sum of $110,000, this sum will in our opinion be sufficient for the coming year.

Respectfully submitted,
PETER F. STRASSBURGER, Superintendent.

ST. JOSEPH'S HOSPITAL.

New York City, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Most Esteemed Sir—Replying to the circular requesting our estimate of the amount needed by this hospital from the City Treasury for the year 1910 in accordance with the law, section 230, Greater New York Charter, we beg to submit the following:

The main object of this institution being the care of the poor and sick consumptives, regardless of creed, nationality or color, and taking for basis the number of cases approved by the Department of Charities during the past, we estimate that we shall need for the year 1910 the same sum at least as for the year 1909, eighty-eight thousand four hundred and sixty-two dollars and eighty cents ($88,462.80).

It affords us much pleasure to again have the opportunity of gratefully acknowledging your past generosity and kindness to us, and we earnestly invoke the blessing of God upon your Honorable Board for your noble Christian spirit and practical charity to the suffering poor.

With expressions of highest esteem,
Most gratefully yours,
SISTER LIGUORI, Treasurer.

ST. JOSEPH'S HOSPITAL, BROOKLYN.

Far Rockaway, N. Y., June 29, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Mr. Metz—In accordance with section 230, we have the honor to submit ten thousand dollars ($10,000) as an estimate of the amount which will be required in our hospital for the year 1910.

We extend our sincere thanks for the courtesy and kindness shown to us in the past, and our grateful appreciation of the favor which you have bestowed on our institution.

Thanking you in advance and praying God to bless you and your dear ones, I beg to remain,

Gratefully yours,
SISTER M. NICETAS.

ST JOSEPH'S INSTITUTE.

New York City, July 5, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In submitting the following estimates, I would respectfully urge that provision be made not only for the actual number of pupils present, but also for probable admissions.

We have figured very closely, even reckoning the days, in cases where transfers will be made before the end of 1910. The admissions from Manhattan and The Bronx, from January 1 to present date, have been 16; but the greater number of admissions take place between July and January. Last year, 32 were admitted during this period, making a total of 48 for the school year. So far, the number of admissions have increased with each succeeding year.

ST. MALACHY'S HOME.

Brooklyn, N. Y., July 1, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Replying to a communication from the Department of Finance requesting our estimate of apportionment for the year 1910, I would say we have carefully considered the number of children at present under our care and the number likely to come, so figure on one hundred and thirty thousand dollars ($130,000).

Thanking you in advance for your interest and consideration towards our home.

Very sincerely yours,
SISTER M. AMBROSE, Superintendent.

ST MARK'S HOSPITAL OF NEW YORK CITY.

New York, July 21, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The undersigned. on behalf of St. Mark's Hospital of New York City, respectfully prays for an appropriation of five thousand dollars ($5,000), to be used for the maintenance of free patients at St. Mark's Hospital of New York City for the year 1910.

That this prayer may be granted,

Respectfully prays,
MAXIMILIAN M. RUTTENAN, Chairman, Executive Committee.

ST. MARY'S HOSPITAL OF THE CITY OF BROOKLYN.

Brooklyn, N. Y., July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

I have the honor to submit the following estimate of expense of caring for the charity patients at this institution for the year ending 1909, basing the same on the number so treated for twelve months ending December 31, 1908, with ten per cent. added to meet probable increase:

18,304 free days' surgical patients, at $1.10 per day	$20,134 40
11,037 free days' medical patients, at $1 per day	11,037 00
10,967 free days' chronic patients, at 40 cents per day	4,386 80
	$35,558 20

Respectfully submitted,
SISTER STEPHEN MAHONEY, Treasurer.

ST. MARY'S MATERNITY AND INFANTS' HOME.

July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Honored Sir—In answer to your communication of June 15, 1909, permit me to say that St. Mary's Maternity and Infants' Home, formerly used as a maternity hospital, was, in the early part of June, 1909, incorporated as a general hospital under the corporate title, the Hospital of the Holy Family. I therefore respectfully submit the following estimate of expenses of caring for charity patients in the institution for the year 1910:

100 patients, at $1 per day	$36,500 00
70 obstetrical cases at $18 per case	1,260 00
	$37,760 00

Respectfully,
SISTER AGNES WINIFRED, Treasurer.

ST. MICHAEL'S HOME.

New York, June 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Complying with your request, I herewith forward to your Honor an estimate of the amount of money required for the care, support and education of the inmates of St. Michael's Home, Green Ridge, Staten Island, for the year 1910:

200 children (care and support), 52 weeks, at $2.25	$23,400 00
200 children (education), 200 days, at 7 cents	2,800 00
Total	$26,200 00

Very truly yours,
JNO. A. GLEESON, President and Treasurer.

ST. PETER'S HOSPITAL.

Brooklyn, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Following instructions from Mr. D. C. Potter, Chief Examiner of Accounts of the Institutions, in which we are requested to forward an estimate of the amount deemed necessary or which may be required in the payment to us of a per capita for inmates under the rules of the Comptroller of the City, we respectfully submit that we have made a calculation from last year, also having in view the increasing demands made upon us, and our estimate for the year is fifty-two thousand dollars. We beg to enclose copies of our report.

Thanking you for past favors and in advance for such consideration as may be shown us, we remain

Yours very gratefully,
SISTER DEMETRIA, Superior.

ST. VINCENT'S HOSPITAL OF THE BOROUGH OF RICHMOND.

September 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In presenting our requisition for the appropriation for 1910, we beg to call your attention to the fact that the scope of this Hospital has increased so much during the past year that its capacity has been taxed to the utmost.

You will be pleased to learn that we have reason to believe that the efforts of the physicians, the nurses and the sisters to alleviate the sufferings of the poor have been very successful.

To meet the increasing demands, we have made many alterations and improvements conducive to the comfort and well-being of the sick, to whom we devote our lives.

Approximately we shall require for 1910 an apportionment of $45,000, which we assure you will be used to the best advantage for the City's poor sick.

Expressing our grateful appreciation of the interest manifested in the affairs of the hospital by you, Hon. Sir, and by all the City officials, I am,

Yours cordially,
SISTER CLEMENT MARIA, Sister in Charge.

ST. ZITA'S HOME FOR FRIENDLESS WOMEN.

New York, September 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with the resolution of the Board of Estimate and Apportionment of this year, I have the honor to submit on behalf of St. Zita's Home for Friendless Women, an estimate of the amount required for the care and support of the inmates of this institution for the year 1910. It is respectfully asked that the sum of four thousand dollars ($4,000) be appropriated for the above mentioned purpose.

Respectfully yours,
M. J. LAVELLE, President, Board of Trustees.

SYDENHAM HOSPITAL.

New York, July 2, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We herewith beg to make formal request for an appropriation of $17,000 to cover estimated cost of care and maintenance, for the year 1910, of such inmates of the Sydenham Hospital as may be properly chargeable to the City.

The above amount is an increase of $4,500 over amount requested for 1909, which we feel is justified by the fact that we have increased our accommodation to 100 beds, and in other ways improved our facilities for the relief of a much larger number of applicants than heretofore.

Asking your favorable consideration,

Very truly yours,
WM. I. SPIEGELBERG, President.

SYRACUSE STATE INSTITUTION FOR FEEBLE-MINDED CHILDREN.

Syracuse, N. Y., July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

By the existing provisions of law, the supervisors of any county from which State pupils are admitted into the Syracuse State Institution for Feeble-Minded Children are required to raise the sum of thirty dollars ($30) a year, in advance, for each pupil so admitted. See chapter 546 of the Laws of the State of New York for 1896.

As the managers of the institution have no disposition to charge the counties for clothing State pupils anything more than the actual cost of the clothing furnished, they have decided to reduce the charge to twenty dollars for each pupil. They are enabled to do this only by purchasing the supplies at wholesale and by making a portion of the garments with the labor of the inmates. The following pupils have been received into the institution from your county upon the proper legal certificates as required by the law relating to the admission of pupils:

Matilda Miller.	Ethel E. Dunne.	Bertha Thompson.
Albert Abel.	Dominico Montesano.	Bella Weinbaum.
Lena Koch	Matilda Cobana.	Hilda Nelson.
Joseph Zakucka.	Isadore Skulink.	Hayden Austin.

Sylvester Vesey.	Alberta White.	Bella Hamilton.
Tillie Glaubach.	Louis Kovinsky.	Gilbert B. Ferguson.
Tony Marielli.	Meta Meyer.	Tony Javelle.
Isadore Schiff.	Lillian A. Fallon.	Frank Olivari.
William Burdge.	Constance Stophers.	Carl A. Johnson.
Dexter A. Reid.	Dorothy Smith.	Freda Pressner.
Hyman Train.	Sam Cooper.	Nathan Weinhouse.
Irene Sullivan.	Katie McConnell.	James Conners.
Ludwig Sohval.	Abraham Fiddleman.	William Schmidt.
Alice Morrison.	Mary Ruddock.	Joseph Carroll.
Samuel Margolis.	Florence M. Watts.	Benj. Swartz.
Minnie Kalt.	Harry Kraustler.	Annie Harris.
James Thomas.	Clara Blase.	Ruth Lehman.
William Alexander.	Robert Peterson.	

89 pupils.

Funeral expenses of Frank McGrath, $17.

It will therefore be your duty, under the act aforesaid, at your next annual meeting, to raise the sum of $1,797 for clothing said pupils for the year ending September 30.

I will thank you for a copy of the resolution of your board on the subject. The Treasurer of the institution will draw on your County Treasurer for the amount so raised, if not previously remitted, on or before the first day of April next.

THE BABIES' HOSPITAL.

New York, July 14, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In reply to the circular letter dated June 15, 1909, of the Chief Examiner of Accounts of Institutions addressed to the Superintendent of this hospital, asking for an estimate of amount required for care and support of inmates in our institution for the year 1910, I am authorized to submit the following:

Seventy children at 45 cents per day, $11,497.50.

Very truly yours,
B. OGDEN CHISOLM, Secretary.

THE CHILDREN'S VILLAGE OF THE NEW YORK JUVENILE ASYLUM.

Chauncey, N. Y., July 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I have the honor to make application to you and through you to the Board of Estimate and Apportionment for an appropriation of $84,000 for the work of the New York Juvenile Asylum for the year 1910; said money to be paid in monthly instalments as at present, upon the presentation of certified claims for the care of children committed by lawful authority.

The population at present is 390. We completed the erection of nine additional cottages in March of this year, which will increase our accommodations to 500. Three of these cottages are now filled and the remaining ones are rapidly being populated. The cost of the care and education of this number of children to the City will be $81,500; the services of the custodian, $1,200, and the cost of placing our children in homes and supervising such children, $1,300; total, $84,000.

Very sincerely yours,
GUY MORGAN, Acting Superintendent.

THE CONVENT OF THE SISTERS OF MERCY.

Brooklyn, N. Y., June 26, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. and Dear Sir—We respectfully submit to the Board of Estimate and Apportionment our estimate of the probable amount required for the care and maintenance of the inmates committed to our institution during the year 1910.

1,141	children, at $2.25 per week each	$133,863 75
250	infants, at 45 cents per day each	41,062 50
35	mothers, at $12 per month each	5,040 00
		$179,966 25

Respectfully yours,
SISTER M. STEPHEN, Secretary.

THE HARLEM EYE, EAR AND THROAT INFIRMARY.

New York, June 29, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—The Harlem Eye, Ear and Throat Infirmary respectfully petitions for an increase of the amount of City appropriation over that of the year 1908, viz., one hundred dollars.

During the year 1908 the number of different cases treated at this infirmary was 6,787. These patients were given total number of treatments, 19,647. In February, 1909, the new building was erected, in which accommodation is supplied for ten beds for treatment of those undergoing operations.

The amount of money for the support of this institution must be raised entirely by voluntary contributions, outside of such subscriptions as the City may see fit to give us, and on these subscriptions we are dependent entirely.

We, therefore, solicit a return to at least the amount of former appropriation, viz., that of 1904, two hundred and ninety-two dollars.

Respectfully submitted,
EDWIN OUTWATER, President.
E. W. SOMERS, Treasurer.

THE J. HOOD WRIGHT MEMORIAL HOSPITAL.

New York, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—In response to the circular letter of June 15, 1909, from Hon. D. C. Potter, Chief Examiner of Accounts of Public Institutions, asking for estimate of moneys likely to be required for payment of City charges in institutions for the year 1910, we beg to submit our customary letter with a copy of our last annual report.

This report not only shows in detail our work for 1908, but in a consolidated statement on page 38 sets forth our yearly work since 1886.

A reference to pages 18 and 19, "Comparative Statement of Statistics for 1907 and 1908," indicates a slight falling off in general service, which may be accounted for as follows: One ward of nineteen beds has not been in service since June, 1908, and has been fitted out in rooms for helps' quarters, also the advanced cost of supplies for hospital use.

Your attention is also called to this page where reference is made to the cost of maintenance of patients and the partial aid received from the City Treasury.

Our managers exercise a strict and rigid espionage over the slender income of the hospital with a view to the practice of utmost economy consistent with the proper treatment of patients, and yet it is impossible to reduce the cost per day per patient, which may be accounted for as is stated on page 9 of our annual report.

The cost per diem per patient for 1908 was $3.24, an advance of 25 cents over the year before. We hope you may find it consistent to request the Board of Estimate and Apportionment to increase the present per diem allowance for patients approved by the Department of Public Charities, as proper charges against the City to at least one-half of what it costs us to maintain such patients, or what would appear more equitable, the per diem cost of patients in the public institutions if the total expenses are there charged against the patients.

Much as we would desire to carry on our work as an emergency hospital without public aid, it is impossible.

During 1908 we received from the City Comptroller:

For care of patients	$8,404 80
For ambulance service	2,325 00
Total	$10,729 80

Owing to the increased ambulance district which was given us on March 1, 1909, extending down to Seventy-sixth street, and west of Central Park West to the river, and anticipating being able to again open an additional ward of eighteen beds for this service, we think therefore that the sum of $12,000 should be the appropriation to cover the anticipated cost of maintaining patients who may come to us and be approved by the Department of Public Charities as proper charges against the City.

Whatever sum may be appropriated is only paid out on vouchers duly approved by the Department of Charities under the rules established by the City authorities, the balance remaining in the City Treasury.

We desire to renew our recommendation of last year in the matter of improving the ambulance service of the City by requiring the police patrol service to be employed to a greater extent in this capacity, and request your careful consideration of this matter.

We shall be pleased to afford any additional information that you may desire.

Very respectfully,
JOSIAH C. REIFF, President.

THE JEWISH HOSPITAL OF BROOKLYN.

July 19, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Our Board of Directors desire to herewith make application to the Board of Estimate and Apportionment for the sum of $35,000 to be set aside for our institution for the year 1910 for urgent or emergent City cases.

This request is based on the amount of our bills submitted to the City for the past six months, a memorandum of which is appended below, and also to the fact that our septic pavilion will be finished on or about September 1, thus increasing the capacity of our hospital considerably.

Trusting that this request will meet with your favorable consideration,

Very truly yours,
NATHAN S. JONAS, Secretary.

THE OZANAM HOME FOR FRIENDLESS WOMEN.

Brooklyn, N. Y., June 28, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—We hereby make the usual application for the moneys likely to be required for the payment of City charges committed to our institution for the year 1910.

We estimate that it will require about eighty-seven hundred and fifty dollars ($8,750).

Yours respectfully,
PATRICK J. McNAMARA, President.

THE SOCIETY OF THE LYING-IN HOSPITAL.

New York, June 28, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Society of the Lying-in Hospital herewith submits its estimate of the amount required for the maintenance of the institution for the year 1910. For the year 1909 the amount appropriated to the society by the City was $31,366.12. During the year ending September 30, 1908, which is the year covered by the report of the society to the State Board of Charities, and which may be assumed as a fair statement for the calendar year, the society in the two branches of its service treated 7,339 cases as against 6,978 in the preceding year. The number of births was 6,274. The number of births in the Borough of Manhattan, according to the returns from the Health Department was 67,050, of which 34,861 were reported by physicians and 32,189 by midwives. The society cared for over 9 per cent. of the entire number of confinements and nearly 18 per cent. of those treated by physicians. The number of applicants for treatment was 8,774. In the outdoor department, which cares for women in their own homes, the number of applications was 4,480, the number treated, 3,854; the number of confinements, 3,503. The number of applications for treatment in the hospital was 4,264, the number received, 3,317, and the number of births, 2,771. The ambulance service brought to the hospital 754 cases.

In all its departments the society has worked to the full limit of its resources. The increasing demands upon it are shown by the following table:

	1907-8.	1906-7.	Increase.
Applications	8,744	8,036	708
Cases treated, outdoor department	3,854	3,654	200
Cases treated at hospital	3,485	3,324	161
Total	7,339	6,978	361
Received into the hospital	3,317	3,221	96
Monthly average of patients received	276	268	8
Confinements in the tenements	3,503	3,293	210
Confinements in the hospital	2,771	2,516	255
Total	6,274	5,809	465
Largest number of women treated in one month	593	543	50
Least in one month	467	418	49
Ambulance cases	754	666	88
Daily average of patients in the hospital	135	137	*2

* Decrease.

The society therefore respectfully asks that the appropriation for 1910 shall not be less than the amount appropriated for 1909.

Yours truly,
W. PIERSON HAMILTON, Treasurer.

THE S. R. SMITH INFIRMARY.

New York, July 12, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In pursuance of direction received from Dr. D. C. Potter, of the Charities Department, we beg to hand you herewith our request for appropriation by the City for the S. R. Smith Infirmary, Tompkinsville, Staten Island, for the year 1910, and to ask for an appropriation of at least $18,000, as the needs of the institution for that year will approximate this figure.

Also we desire to ask for the usual appropriation of $100 a month for ambulance service.

We trust that we have hereby complied with the regulations of the Department, and remain,

Yours respectfully,
F. C. TOWNSEND, Treasurer.

THE SWEDISH HOSPITAL.

August 20, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—On behalf of the Swedish Hospital in Brooklyn, I respectfully petition your Honorable Board for an appropriation of $6,000 for treatment of Charity patients for the year 1910.

Bills to the amount of $2,017.17 have been rendered and accepted by the City during the first six months of this year against the appropriation awarded to this institution covering the year 1909.

In view of the increased amount of public work our hospital is doing, I respectfully ask your Honorable Board for a favorable consideration of the above mentioned sum.

Very respectfully yours,
JOHN HARTELL, President.

THE VOLUNTEER ST. GREGORY HOSPITAL.

July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We beg to submit an estimate of ten thousand dollars ($10,000) as being the amount that will be required for payment of City charges in this hospital during the year 1910.

Very respectfully yours,
W. J CRAFTS, Treasurer.

WASHINGTON HEIGHTS HOSPITAL.

New York, July 13, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I hereby desire to submit our application for financial aid from the City. The amount received from the City las year was $3,975.32. As our work is daily increasing we would ask that the sum of apportionment be raised to $5,000.

Thanking you for your courtesy, I remain,

Respectfully,
C. C. SICHEL, M. D., Chairman of Executive Committee.

WASHINGTON SQUARE HOME FOR FRIENDLESS GIRLS.

New York, July 8, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—In accordance with notice received from the Department of Finance I inclose you herewith estimate of expenses for the Washington Square Home for Friendless Girls for the calendar year 1910. The object of the home is to provide a home for friendless girls who are in circumstances that may lead to their fall, from want of employment, from destitution, or from evil associates; and who voluntarily commit themselves to the care of the corporation and conform to its rules, where they will receive proper instruction in housework, plain sewing and skilled labor, with a view to their being established as soon as possible in virtuous homes. The home has a small endowment of $9,000, but depends almost entirely upon donations and subscriptions, together with the amount allowed by the City.

As we all know, the cost of living in New York has increased very much in the last few years, so that the expenses of the home are much larger than they were a few years ago; this justifies us in asking that the rate allowed us for this year be increased to meet the increased cost of living.

In accordance with section 226 of the Greater New York Charter, the Washington Square Home for Friendless Girls herewith presents its estimates for the coming year.

The daily average of inmates during the calendar year 1908 was twenty-five adults.

The cost to the society (exclusive of rent), for care, shelter, maintenance, clothing and medical attention was $5,835.58, which is at the rate of 60 2-5 cents per capita per day.

We ask the City to help us by increasing its allowance, which for several years past has stood at only 30 cents per day.

Respectfully yours,
WILLIAM FOULKE, Treasurer.

THE WAYSIDE HOME.

Brooklyn, N. Y., July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

In reply to request for departmental estimates for the year 1910, I would respectfully submit that, in accordance with section 230 of the Charter, the Wayside Home will require three thousand dollars ($3,000) for the year 1910.

HENRIETTA McLEAN, Treasurer.

WESTERN NEW YORK INSTITUTION FOR DEAF-MUTES.

Rochester, N. Y., July 10, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In response to your request for the estimate of the amount that will be due the Western New York Institution for Deaf-Mutes for the year 1910, I have the following to present.

We have under appointment from the State two pupils, Bennie and Hyman Orenstein, whose tuition is paid by the State. Their clothing is charged to New York County and $60 will be due for that purpose.

Very truly yours,
Z. F. WESTERVELT, Superintendent.

WEST SIDE GERMAN DISPENSARY.

New York, August 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—As requested, we hereby state the estimate of expenditures for the sustenance of the West Side German Dispensary for the year 1910.

Salaries	$3,100 00
Medicines and supplies	1,800 00
Instruments	300 00
Fuel and light	350 00
Repairs, etc.	300 00

Printing and stationery	175 00
Interest	120 00
Sundries	300 00
We owe on improvements	4,000 00
Total	$10,445 00

On *improvements* we have spent $10,000. These *improvements* are mainly for operating room and hospital facilities.

We are continually treating children sent to us by the City from the public schools. Many operations are performed on these children, such as removal of adenoids and tonsils.

We would be very thankful to you for a liberal allowance.

Very respectfully,
FOR THE BOARD OF TRUSTEES OF THE WEST SIDE GERMAN DISPENSARY.
Julius P. Cahen, Secretary.

WILLIAMSBURG HOSPITAL.

Brooklyn, N. Y., July 3, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We submit that your Honorable Board appropriate $15,000 for the support and maintenance of City cases brought to this hospital in the ambulance service for the next fiscal year 1910.

We base this estimate on the work done in the past year, taking into consideration the increased population of the district which we cover.

Respectfully submitted,
WILLIAMSBURG HOSPITAL.
M. Harrison, Superintendent.

YORKVILLE DISPENSARY AND HOSPITAL.

New York City, July 6, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The undersigned respectfully submits to your Honor the request for an appropriation of $4,000 to help defray the expenditures for the care and treatment of the charity cases to be admitted to the hospital during the year 1910.

Very respectfully,
H. B. SHEFFIELD, M. D., Medical Director.

The City of New York,
Office of the President of the Borough of The Bronx.
Municipal Building, Crotona Park, August 3, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I transmit herewith copy of a letter received from the Memorial Committee of the Grand Army of the Republic, Borough of The Bronx, in which request is made for the appropriation of $1,000 for Memorial Day observances in the Borough of The Bronx for 1910.

Yours truly,
LOUIS F. HAFFEN, President, Borough of The Bronx.

Memorial Committee of the Grand Army of the Republic,
Borough of The Bronx,
New York, July 26, 1909.

Hon. LOUIS F. HAFFEN, President, Borough of The Bronx:

Dear Sir—We herewith respectfully submit the following estimate of money which will be required for Memorial Day observances in the Borough of The Bronx for the year 1910:

Three bands of music	$450 00
Three fife and drum corps	150 00
Carriages	160 00
Rent of halls	140 00
Printing	40 00
Decorating graves	60 00
	$1,000 00

The amount asked for is $200 in excess of the amount allowed in the Budget for 1909. The extra band and additional carriages are found to be necessary with the increase in the number of those participating in our Memorial Day parade. The $200 excess of the $800 was made up from the depleted treasuries of Vanderbilt and Oliver Tilden Posts. The carriages are provided for all veterans of the Civil War who by reason of old age are now unable to march.

We earnestly request that you urge the granting of the amount by the Board of Estimate and Apportionment.

Respectfully submitted,
THEODORE WEBERG, Chairman.
JOHN A. MURRAY, Treasurer.
ALBERT H. BAISELEY, Secretary.

HEADQUARTERS OF THE GRAND ARMY MEMORIAL AND EXECUTIVE COMMITTEE OF QUEENS COUNTY, NEW YORK.

June 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

The following is an estimate of the amount of money required by the seven G. A. R. Posts of Queens County, for the relief of the poor and indigent veterans or the widows of such residing in said County, for the year 1910, as provided by law, section 81 of chapter 225 of the Laws of 1896, and in compliance with circular letter of the Board of Estimate and Apportionment dated May 18, 1909.

MEMORIAL COMMITTEE, G. A. R., RICHMOND COUNTY.

Headquarters Memorial Committee, G. A. R., Borough of Richmond,
Masonic Building, Bennett Street and Richmond Avenue,
Port Richmond, N. Y., July 7, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—An appropriation of three hundred dollars ($300) was allowed to this Committee for 1909.

I respectfully make application for the sum of four hundred dollars ($400) for 1910.

The appropriation for 1909 is exhausted.

Very truly yours,
BERNARD MULLIN, Chairman.

BELLEVUE AND ALLIED—Supplemental.

Bellevue and Allied Hospitals, Board of Trustees,
First Avenue and Twenty-sixth Street,
New York, September 24, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Board of Trustees of Bellevue and Allied Hospitals respectfully requests a revision of the salary and wage schedule for the year 1910 by the addition of the following:

Investigator	$1,200 00
General Storekeeper	1,200 00
Purchasing Agent	1,800 00

The grade of Investigator is asked for because the Board of Trustees feels the need of having some competent person investigate the financial condition of all applicants for admission to the hospital. It is believed that many persons present themselves for treatment and are admitted and receive treatment without charge while they are well able to pay for their care here or in some other institution. It is felt that by employing a paid Investigator (whose duty it shall be to examine into the financial condition of all applicants for admission to the hospital), a great saving will be effected, both by excluding patients who have no right to be treated in the hospital and by collecting payments from those who are able to pay. Also by establishing the legal residence of many who are admitted, New York City may be relieved of the expense of caring for non-residents and collections may be made from the town or State to which patients belong.

The grade of General Storekeeper is asked for in order that proper supervision of the various storehouses in the four hospitals of this department may be obtained. At the present time we have not competent supervision over the storehouses. Our Storekeeper at Bellevue is a thoroughly competent man, but his work as relates to Bellevue alone, in addition to the preparation of samples, specifications, etc., as relates to the other storehouses of the department, is much more than he can properly attend to, and it is believed that a General Storekeeper will give us a better organization and a better supervision over the stores, with greater speed in the performance of the work of the stores and proper distribution and deliveries of supplies.

The grade of Purchasing Agent is asked for in order that the work of purchasing the supplies for the department may be properly performed. During the past few years the work of the purchasing department has been done by the Assistant Superintendent of the hospital, and, while this work might be satisfactorily done by that officer, it takes him away from the duties to which his time should be given, namely, those of Assistant Superintendent, consisting of the supervision of the work throughout the institution or such duties as may be assigned to him by the Board. A purchasing agent is really a necessary factor in the proper organization of the department. A vast sum of money is spent each year in this department for supplies of all kinds and the entire time of a competent man will be required to do the work properly and efficiently. The grade of Purchasing Agent was established for this department in 1902, but no provision for the salary was made for it in the Budget for 1910.

Yours very truly,
J. K. PAULDING, Secretary, Board of Trustees.

TENEMENT HOUSE DEPARTMENT (Supplemental).

Tenement House Department, Borough of Manhattan,
No. 44 East Twenty-third street,
New York, September 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sirs—As the result of a conference concerning the Budgetary Estimate of the Tenement House Department for the year 1910, which was held yesterday with representatives of the taxpayers' associations, I have decided to eliminate from my request for the year 1910 that feature which provides for posting notices at date of issue of violations. This will obviate the necessity for providing seven of the Process Servers included in the nine additional Process Servers requested and will thereby reduce my estimate in the matter of additional force required by the sum of their aggregate wages, which is as follows: Seven Process Servers at $900 per annum; total, $6,300. I therefore request that the item with regard to increase in number of Process Servers be changed so as to read: Two Process Servers at $900 per annum; total, $1,800, which increase is needed to meet the service required of the Process Servers because of the general increase in the activities of the Department.

Very truly yours,
EDMOND J. BUTLER, Commissioner.

Tenement House Department, Borough of Manhattan,
No. 44 East Twenty-third Street,
New York, September 20, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Gentlemen—Upon comparing the printed pamphlet of the Budget of the Tenement House Department with the working copies at this office, I find that the following changes should be made:

Pages 2766, 2767.

Line 16 should read: Policeman, $1,400; 5, $7,000; 3, $4,200; 3, $4,200.
Line 22 should read: Inspector, $1,800; 1, $1,800; 1, $1,800; 1, $1,800.
Additional line: Inspector, $1,500; 1, $1,500; 1, $1,500; 1, $1,500.

Pages 2768, 2769.

Line 8 should read: Inspector, $1,500; 2, $3,000; 2, $3,000; 2, $3,000.

Pages 2774, 2775.

Line 14 should read: Stenographer and Typewriter, $1,050, instead of $1,500, in first column.

Pages 2776, 2777.

Line 11 should read: Clerk, $300; 3, $900; 3, $900.

Pages 2778, 2779.

Next to last line should read: Clerk, $480; 1, $480; 1, $480. Balance is right.

Pages 2780, 2781.

Line 8 should read: Typewriting Copyist, Stenographer, Stenographer and Book-Typewriter, $750; 64, $48,000; 69, $51,750. Balance is right.

Page 2784.

Line 4 should read: Clerk, $300; 8, $2,400. Balance is right.
Additional line: Clerk, $480; 1, $480; 1, $480.
Under heading O. B. B., line 5 should read: Clerk, $480; 1, $480; 1, $480.

Page 2788.

Line 6, Recapitulation, Administration, should read: June, 469, $35,582.90.
Line 7 should be: Total, 2,511, $170,833.59.
Will you kindly have the above corrections made?

Yours truly,
EDMOND J. BUTLER, Commissioner.

BOARD OF PAROLE (Supplemental).

Board of Parole,
No. 148 East Twentieth Street,
New York, September 23, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I would respectfully request the Honorable the Board of Estimate and Apportionment to amend the estimate of expenses for the year 1910, submitted by the Board of Parole on July 23, 1909, by adding thereto five hundred dollars ($500) for "contingent expenses."

The salary of the Probation Officers is $1,400 per annum each, and out of this they have been paying their own and prisoners' car fare and other necessary expenses. At this time there is a boy in Freeville, N. Y., who is to be returned to this Department, the fare to that place being about $6. As there is no other way of defraying the expense of sending for and bringing the prisoner to this City, the boy must remain at Freeville until some provision can be made for his return to the Reformatory. This is one of many cases that occurred during the year.

Postage expenses have been for some time paid by the Secretary of the Board personally.

I trust that you will see the justice of this request and allow this contingent fund in the Budget for 1910.

Respectfully,
JOHN J. BARRY, President.

DEPARTMENT OF CORRECTION (Supplemental).

Department of Correction,
No. 148 East Twentieth Street,
New York, September 23, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I would respectfully ask the Honorable Board of Estimate and Apportionment to amend the estimate of expenses for the year 1910, submitted by this Department on July 23, 1909, by adding to Salaries and Wages, Penitentiary, Blackwells Island one (1) Physician at $1,200 per annum.

This service has been heretofore performed by Internes, appointed from graduates of the different medical colleges, but last year the number graduating was not large, and there are more positions in "active" hospitals offered than there are men for them. Hence the less active hospitals, such as ours, suffer. As the census of this institution is at times over twelve hundred, it seems to me that, for the proper care of the inmates, the position should be filled.

At the present time there is no doctor at the Penitentiary, and the careful consideration of your Honorable Board is requested in this matter.

Very respectfully,
JOHN J. BARRY, Commissioner.

BOARD OF ESTIMATE AND APPORTIONMENT.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
September 15, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—Herewith are submitted statements and schedules showing in detail, estimates, appropriations and expenditures on account of the Board of Estimate and Apportionment for the year 1909, etc., the amounts estimated as necessary for the year 1910, including increases in the force and in the compensation of present attaches recommended for said year (1910).

The estimates submitted for 1910 compared with the appropriations allowed for 1909, are as follows:

Title of Appropriation.	Estimate for 1910.	Appropriation for 1909 (Including Transfers).	Increase.	Decrease.
General Administration (982), Salaries	$38,200 00	$37,150 00	$1,050 00	.....
Public Improvements and Franchises, Office of Chief Engineer (983), Salaries	17,550 00	17,250 00	300 00	.....
Division of Public Improvements (984), Salaries.	28,640 00	22,500 00	6,140 00	.....
Division of Franchises (985), Salaries	33,300 00	29,550 00	3,750 00	.....
Fees of Consulting Architects and Engineers (986)	10,000 00	10,000 00	.....	.....
Contingencies (986½)	13,360 00	18,550 00	.....	$5,190 00
Total	$141,050 00	$135,000 00	$11,240 00	$5,190 00

The appropriation of $141,050 is deemed sufficient for the requirements of the Board for the year 1910 and is $6,050 in excess of the amount appropriated for the current year.

Submitted herewith is a communication from Mr. Lewis, Chief Engineer, relative to increases in the number and compensation of the Engineering force under his direction.

The increases recommended by me below for the attaches of the Secretary's office are merited. While the work of the office has substantially increased by reason of the largely increased business transacted by the Board, this additional labor has been performed without increase of the force. Their constant attendance long after official hours has made it possible to accomplish this, and the service has been cheerfully rendered.

The following are the increases in compensation referred to:

	Per Annum.	Per Annum.
Orrin N. Webster, Stenographer and Typewriter, from	$1,500 00 to	$1,650 00
Edward P. O'Connor, Stenographer and Typewriter, from	1,500 00 to	1,650 00
Bessie M. Ross, Stenographer and Typewriter, from	1,500 00 to	1,650 00
Mary V. Murphy, Stenographer and Typewriter, from	1,350 00 to	1,500 00
Theresa Stern, Stenographer and Typewriter, from	1,350 00 to	1,500 00
Charlotte V. Eaton, Stenographer and Typewriter, from	1,350 00 to	1,500 00
Lillian W. Roddy, Telephone Operator, from	750 00 to	900 00

It is suggested that provision be made for an additional Clerk at $1,200 per annum. This provision was made in the Budget for this year, but no appointment was made.

Respectfully,
JOSEPH HAAG, Secretary.

Board of Estimate and Apportionment,
Office of the Chief Engineer, No. 277 Broadway,
July 27, 1909.

Mr. JOSEPH HAAG, Secretary:

Dear Sir—I submit herewith an estimate of the expense of the technical staff of the Board of Estimate and Apportionment for the year 1910.

In preparing this estimate I have allowed for what I believe to be some well deserved increase in salaries. Mr. Tuttle, in charge of the Division of Public Improvements, has, through devoted attention to his duties at all hours of the day and night, succeeded in accomplishing an extraordinary amount of work, and I have recommended an increase in his salary from $6,000 to $7,500.

Mr. Nichols, of the Division of Franchises, has done intelligent and valuable work, although the volume is not so great as in the Division of Public Improvements, and I am recommending that his salary be fixed at $7,000.

I assume that it is the policy of the Board to grant such moderate increases annually as will represent the enhanced value of each member of this staff through added experience and length of service. The increased appropriation asked for the Division of Franchises appears to be $300 greater than it actually is, as it is proposed to promote a Topographical Draftsman to Assistant Engineer and employ a new Topographical Draftsman at a salary $300 less than that paid the present incumbent, but as it is necessary to retain the present salary until the promotion is made, it has seemed wise to retain the present position in the estimate.

An allowance is asked for two additional Topographical Draftsmen in the Division of Public Improvements, an increase in the force which is greately needed.

Additional and unexpected duties are constantly being assigned to this office, such as the fuel investigation authorized and now in progress, and the tests of cinder concrete, which I have been instructed to make by his Honor the Mayor, so that a liberal allowance for Contingencies is requested, namely, $10,000. I have also asked for $10,000 for Consulting Architects and Engineers.

The allowance requested for the year is as follows:

Chief Engineer's Office, Salaries	$17,550 00
Division of Public Improvements, Salaries	28,640 00
Division of Franchises, Salaries	33,300 00
Consulting Architect and Engineers	10,000 00
Expenses and Contingencies	10,000 00
Total	$99,490 00

This total is $11,340 more than that requested for the year 1909, but in view of the important and constantly increasing work to be done in this office, I believe the allowance would be justified.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

DEPARTMENT OF EDUCATION.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, September 9, 1909.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of report and resolution adopted by the Board of Education at a meeting held on the 8th inst., relative to the Departmental Estimate for the year 1910.

Respectfully yours,
A. EMERSON PALMER, Secretary.

BOARD OF EDUCATION ESTIMATE FOR 1910.

To the Board of Education:

The Committee on Finance presents herewith the estimate of the financial requirements of the Board of Education for the year 1910, amounting to thirty-four million, seven hundred and forty thousand, four hundred and eighty-five dollars and eight cents ($34,740,485.08).

The Charter provides that all moneys raised for educational purposes in The City of New York shall be raised in two funds, to be known as the General School Fund and the Special School Fund, respectively. The estimate of the Board of Education is divided, therefore, as follows:

	Estimate, 1910.	Appropriation, 1909.	Increase.
General School Fund	$28,118,017 99	$22,044,821 43	$6,073,196 56
Revenue Bonds—Playgrounds in Congested Districts	.....	50,000 00	*50,000 00
Total	$28,118,017 99	$22,094,821 43	$6,023,196 56
Special School Fund	$6,622,467 09	$5,425,915 37	$1,196,551 72
Revenue Bonds—Repairing Fire Damage at Public School 20, Queens	.....	11,881 00	*11,881 00
Revenue Bonds—Preparation of Statistics	.....	3,000 00	*3,000 00
Total	$6,622,467 09	$5,440,796 37	$1,181,670 72
Gross total	$34,740,485 08	$27,535,617 80	$7,204,867 28

*Decrease.

The General School Fund, being the larger, is presented first. The increase asked in the General School Fund is mainly due to the proposed revision of the teachers' salaries schedules on the same lines as submitted by this Board in its estimates for the years 1908 and 1909, for which years, however, the Board of Estimate and Apportionment allowed no funds for this purpose.

The difference between the General School Fund appropriation for the year 1909, as increased by an issue of Special Revenue Bonds for playgrounds in congested districts, and the estimate for the year 1910 for the same fund is $6,023,196.56, which comprises (1) the estimated cost of a normal increase or enlargement of the school system, based upon current rates of salaries for teachers, and amounting to $2,530,093.45, and (2) the estimated extra cost of the proposed revision of the teachers' salary schedules, amounting to $3,493,103.11. The following tabular statement presents the subject in explanatory form:

General School Fund—Appropriation, 1909 (as increased by issue of $50,000 Special Revenue Bonds for Playgrounds in Congested Districts)		$22,094,821 43
Add for normal enlargement or increase of the school system		2,530,093 45
Making amount required for 1910 under ordinary conditions		$24,624,914 88
Add Proposed Increases in Salaries of Educational Force—		
Elementary schools	$2,605,365 24	
High schools	518,478 46	
Training Schools for Teachers	47,417 97	
Parental and Truant schools	768 00	
Special Branches in Day Elementary schools	44,265 44	
Evening schools	155,500 00	
Vacation activities	76,046 00	
Supervision	2,000 00	
Substitutes	43,262 00	
		3,493,103 11
Total estimate for 1910		$28,118,017 99

Tables of analysis are presented indicating the proposed distribution of the increase in teachers' salaries, the tables being compiled in such form as to show item by item the present salary schedules, and, side by side therewith, the proposed schedules.

The Special School Fund shows a net increase of $1,181,670.72, which is partly due to the inclusion in the estimate for 1910 of certain items for which appropriations were made in 1909 to other departments, albeit such items were for educational purposes, and should have been, as appears from decisions of courts, under the control, management and administration of this department. These items are for rental of school premises, for lighting public school buildings and for power in public school buildings.

The balance of the increase in the Special School Fund is largely made up of items for which no appropriations were made in 1909, such as equipment of science rooms, gymnasiums, libraries, kindergartens, cooking rooms, workshops, vocational schools, etc., etc. An item of $125,000 for installation and maintenance of gas mantles is also included at the request of the Department of Water Supply, Gas and Electricity.

In connection with the mathematical presentation of the estimate for 1910, relative and explanatory information is furnished in the form of reports from the various arteries, so to speak, of the system. These reports are published in the front of the volume as Documents "A" to "N" inclusive.

Document "A" is a copy of a report from the Board of Superintendents, approved by the Committee on Elementary Schools, showing in detail, and giving reasons for, the number and class of teachers required in day elementary schools, and special branches therein, for 1910, in addition to those now employed.

Document "B" is a copy of a similar report relating to day high schools, approved by the Committee on High and Training Schools.

Document "C" is a copy of a similar report relating to training schools for teachers, approved by the Committee on High and Training Schools.

Document "D" is a copy of a similar report relating to vocational schools, approved by the Committee on Vocational Schools and Industrial Training.

Document "E" is a copy of a similar report relating to evening schools, approved by the Committee on Special Schools.

Document "F" is a copy of a similar report relating to evening trade schools, approved by the Committee on Vocational Schools and Industrial Training.

Document "G" is a copy of a similar report relating to vacation schools, vacation and afternoon playgrounds, evening roof playgrounds, recreation centres and baths, approved by the Committee on Special Schools.

Document "H" is a copy of a similar report relating to evening classes to teach English to adult foreigners, approved by the Committee on Special Schools.

Document "I" is a copy of a similar report relating to supervisors for athletic fields, approved by the Committee on Athletic Fields.

Document "J" is a copy of a memorandum furnished by the Committee on Supplies, with the view of elucidating the methods prevailing in the Bureau of School Supplies. The Committee gives various related information, showing the reasons for its budget requests, and emphasizes the moderation thereof.

Document "K" is a copy of a memorandum filed by the Committee on Support of the Nautical School, emphasizing the propriety and expediency, from a departmental standpoint, of appropriating the funds for the support of the School Ship "Newport" in bulk, instead of in the present disjointed manner.

Document "L" is a copy of the decision of the Supreme Court, Part IV., in the matter of the United Electric Light and Power Company vs. the Board of Education, and forms the basis for the request by the Board of Education for a return to the conditions prevailing prior to 1903, so far as relates to the control, management, and administration by this Department of the funds for lighting school buildings, and the supplying of power therefor. The same opinion, considered in connection with Section 1066 of the Greater New York Charter, forms the basis for the request for appropriation to this Department of the funds for the renting of school premises, which funds were diverted from the control of the Board of Education in 1909.

Document "M" is a copy of the decision of the Court of Appeals of the State of New York in the case of "Gunnison," etc., and fully describes and sets forth the inherent powers vested, by the law, in the Board of Education for the control, management, and administration of the affairs of the public school system of The City of New York.

Document "N" is a copy of a communication from the Chairman of the Committee on Buildings, in which is outlined and described the method that has heretofore prevailed of computing and compiling the various budget items for maintenance, etc., of the school plant. This document sets forth the new plan adopted by the Committee on Buildings to systematically provide funds for maintenance purposes, giving reasons and arguments in favor of same, and indicates that the presentation of the Budget for 1910 on such lines is in the nature of improvement of business methods.

DOCUMENT "A."

Day Elementary Schools, Including Special Branches Therein.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, July 9, 1909.

Hon. JOHN GREENE, Chairman, Committee on Finance:

Dear Sir—I have the honor to advise you that the Committee on Elementary Schools, at its meeting held on July 2, 1909, approved of the enclosed statement of items relating to the elementary schools for insertion in the Budget for 1910, submitted by the Board of Superintendents, and ordered that the same be transmitted to the Committee on Finance.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Education.

Department of Education, The City of New York,
Office of the City Superintendent of Schools, No. 500 Park Avenue,
July 2, 1909.

To the Committee on Elementary Schools:

Gentlemen—On behalf of the Board of Superintendents, I have the honor to present the following statement of items relating to the elementary schools, for insertion in the Budget for 1910.

In the case of the following items information will be supplied, as in former years, by the Auditor of the Board of Education.

1. The salaries for the year 1910 of Principals, Assistants to Principals, regular Teachers, Kindergartners and additional Teachers (clerical assistants) employed May 31, 1909.

2. The salaries for the year 1910 of Directors of Special Branches, Assistant Directors, Inspectors and Teachers of Special Branches employed May 31, 1909.

3. Increase in salaries due to probable or estimated promotion of Teachers during the year 1910.

4. Increase in salaries due to the operation of the Davis Law during the year 1910.

5. Estimated amount required to pay the bonus for boys' and mixed classes during the year 1910.

6. Estimated amount required to pay substitutes in charge of classes of absent Teachers and for Teachers in training during the year 1910.

7. Estimated amount by which the cost of the elementary schools may be decreased during the year 1910 through the difference between the salaries of Teachers receiving high salaries, who die or leave the system during that year, and the salaries of their successors.

In the foregoing statement the term "new teachers" is used to indicate additions to the teaching corps; and the term "additional teachers" wherever used refers to clerical assistants in the schools.

The following items represent members of the teaching and supervising force needed in addition to the Principals, Teachers, etc., employed on May 31, 1909:

1. To fill vacancies existing in the teaching and supervising force on May 31, 1909, as follows:

(a) Principals: Men, 1; women, ..; total, 1.

The vacancy is as follows: Public School 125, Manhattan.

(b) Assistants to Principals: Men, 1; women, 1; total, 2.

The vacancies are as follows:

Man, Public School 23, The Bronx; woman, Public School 30, The Bronx.

(c) Regular Teachers: Men, 27; women, 294; total, 321.

Of the total of 321, 226 are for vacancies caused by terminations of service since December 31, 1908; 8 are for new classes organized between December 31, 1908, and May 31, 1909, and the balance are for vacancies which occurred prior to December 31, 1908, and which have not been filled up to the present time.

(d) Kindergartners: Men, ..; women, 14; total, 14.

Of the total of 14, 5 are for vacancies caused by terminations of service since December 31, 1908, and the balance are for new classes organized since December 31, 1908.

It will, therefore, be necessary to provide in the Budget for 1910 an amount sufficient to pay the salaries of the following members of the teaching and supervising force in the elementary schools for the entire year:

Principals (men)	1
Assistants to Principals (men)	1
Assistants to Principals (women)	1
Regular Teachers (men)	27
Regular Teachers (women)	294
Kindergartners	14

These Principals, Assistants to Principals, regular Teachers and Kindergartners have all been appointed, with the exception of an Assistant to Principal in Public School 30, The Bronx, and the 27 men Teachers, appointment to take effect in September, 1909. See minutes of Board of Education for June 23 and July 6, 1909.

2. Principals, Assistants to Principals and additional Teachers (clerical assistants) for new schools and additions to be opened between September 1, 1909, and December 31, 1909.

(a) Principals for new schools to be opened between September 1, 1909, and December 31, 1909:

	Men.	Women.
Public School 157, Brooklyn	1	..
Public School 160, Brooklyn	..	1
Public School 162, Brooklyn	1	..
Public School 23, Queens	..	1
Public School 15, Richmond	..	1
Total	2	3

(b) Additional Teachers (clerical assistants) for above-mentioned schools, 5.

(c) Assistants to Principals for new schools and additions to be opened between September 1, 1909, and December 31, 1909.

	Men.	Women.
Public School 12, Manhattan	..	1
Public School 132, Manhattan	..	1
Public School 126, Brooklyn	..	1
Public School 157, Brooklyn	..	1
Public School 162, Brooklyn	..	1
Total	..	5

It will, therefore, be necessary to provide in the Budget for 1910 an amount sufficient to pay the salaries for one year (1910) of the following members of the teaching and supervising force in elementary schools:

Principals (men)	2
Principals (women)	3
Additional Teachers (clerical assistants)	5
Assistants to Principals (women)	5

All of these Principals and Assistants to Principals, with the exception of the Principal of Public School 162, Brooklyn, and the Assistants to Principals in Public Schools 126 and 162, Brooklyn, have been appointed, appointment to take effect in September, 1909. See minutes of Board of Education for June 23 and July 6, 1909.

3. It will be necessary to provide in the Budget for 1910 an amount sufficient to pay the salaries for one year (1910) of the following members of the teaching and supervising staff whom it will be necessary to appoint between September 1, 1909, and December 31, 1909, in order to provide instruction for the great influx of pupils that invariably comes at that period:

	Men.	Women.
Assistants to Principals	2	15
Regular Teachers	..	405
Kindergartners	..	45

Of these 17 Assistants to Principals, 3 have been appointed; of the 405 regular Teachers, 30 have been appointed, and of the 45 Kindergartners, 17 have been appointed, appointment to take effect in September, 1909. See minutes of Board of Education for June 23, 1909.

The facts on which this estimate is based are as follows: The registration in September of each year since 1901 shows the following gains over the registration in the preceding May:

Register.

Year.	May.	September.	Increase.	Per Cent.
1902	445,964	479,661	33,697	7.55
1903	475,312	514,149	38,837	8.27
1904	509,969	540,361	30,392	5.96
1905	525,431	555,342	29,911	5.69
1906	543,967	577,570	33,603	6.18
1907	565,078	596,737	31,659	5.6
1908	587,465	618,433	30,968	5.27
1909	603,144	.....	.....	....

The registration in December, however, when the gains and losses for the calendar year are completely balanced, is a more correct index to the actual increase in school attendance than the registration for September. The following table compares the December registration with the September registration each year since 1901:

Register.

Year.	May.	December.	Increase.	Per Cent.
1902	445,964	477,403	31,439	7.05
1903	475,312	514,424	39,112	8.22
1904	509,969	533,518	23,549	4.6
1905	525,431	549,144	23,713	4.51
1906	543,967	572,175	28,208	5.1
1907	565,078	594,011	28,933	5.1
1908	587,465	608,821	21,356	3.63
1909	603,144	.....	.....	....

The average increase in registration each September over the preceding May during the last seven years was 32,724. The average increase in registration each December over the preceding May was, in round numbers, 28,000. It is obvious that at the present time we are not justified in anticipating a smaller increase next fall than the average of the last seven years—28,000. The great majority of these 28,000 children will enter kindergartens or first year classes. Assuming that 5,500 will be accommodated in existing classes, there remain 22,500 children to be accommodated in new buildings, in additions to old buildings, in vacant rooms in existing buildings, and in newly organized part-time classes. It is estimated that 450 Teachers—405 regular grade Teachers and 45 Kindergartners—will be required to teach these 22,500 children. That this estimate is conservative will be seen from the fact that the average increase in the number of Teachers in December over the preceding May each year since 1901 has been 512.

As the number of supervising officers within the schools, under the rules of the Board of Education, is about one for every seventeen Teachers, it would seem to be necessary to appoint twenty-six (26) Assistants to Principals to supervise these 450 Teachers. Probably, however, that number will not be required. This estimate is, therefore, put at seventeen (17)—two men Assistants and fifteen women Assistants.

The registration during September will settle the question as to how nearly correct the above estimate is. By the 10th of October it will be possible to submit to the Board of Estimate and Apportionment the exact conditions.

4. It will be necessary to insert in the Budget for 1910 an amount sufficient to pay for one year the salaries of the following members of the supervising staff required for new schools and additions to old schools to be opened on or about January 1, 1910:

	Men.	Women.
Principals	1	1
Assistants to Principals	..	5
Additional Teachers (clerical assistants)	..	2

The new schools and additions to old schools for which this force will be required are as follows: New schools, Public Schools 101 and 114, Manhattan, and Public School 164, Brooklyn; additions to old schools, Public School 84, Brooklyn, and Public School 87, Queens.

5. It will be necessary to insert in the Budget for 1910 an amount sufficient to pay for four months (September—December, 1910) the following members of the teaching and supervising staff, whom it will be necessary to appoint to teach the classes organized to accommodate the annual increase in the registration of the schools during those months:

	Men.	Women.
Assistants to Principals	2	20
Regular Teachers	..	450
Kindergartners	..	50

The estimated increase in the number of Teachers for September—December, 1909, is, as has been shown, 450. It must be assumed that the necessary increase in 1910 will be not less than 500, with a corresponding increase in the supervisory force.

6. It will be necessary to insert in the Budget for 1910 an amount sufficient to pay for one year the salaries of the following Inspectors and Teachers of special branches to fill vacancies existing on May 31, 1909:

	Men.	Women.
Inspector of Public School Athletics	1	..
Teachers of Shopwork	58	..
Teachers of Cooking (It should be noted that Teachers of Shopwork and Cooking teach pupils directly in those branches.)	..	4
Teachers of Physical Training	..	2

7. It will be necessary to insert in the Budget for 1910 an amount sufficient to pay the salaries for one year of the following Inspectors and Assistant Inspectors, the positions having been created by formal resolution of the Board of Education:

	Men.	Women.
Inspector of Classes for the Blind (already appointed)	..	1
Inspector of Athletics for Girls	..	1
Assistant Inspectors of Athletics for Girls	..	3

8. It will be necessary to insert in the Budget for 1910 an amount sufficient to pay the salaries, for the term set opposite each item, of the following special Teachers (teaching pupils directly) to teach pupils in new shops, kitchens and classes which will be opened during that year:

	Men.	Women.	Time.
Teachers of Shopwork	52	..	6 months
Teachers of Cooking	..	22	6 months
Teachers of the Blind	..	6	12 months
Teachers of the Deaf	..	5	6 months

Of the 52 Teachers of Shopwork, 9 are needed to provide for new schools and new additions to old schools, 35 are needed for new shops to be equipped in old schools, and the balance, 8, are needed for the increase in the number of pupils to receive instruction in shops already established.

Of the 22 Teachers of cooking, 6 are needed to provide for new schools and new additions to old schools, and the balance, 16, are needed for new kitchens to be equipped in old schools.

The Teachers of the Blind and of the Deaf are needed to provide for the increase in the number of pupils to be cared for in classes for the blind and for the deaf.

9. It will be necessary to insert in the Budget for 1910 an amount sufficient to pay the salaries for one year of the following Teachers employed in supervising Teachers in special branches, whom it is proposed to appoint in addition to the existing corps:

	Men.	Women.
Teachers of Music	..	2
Teachers of Physical Training	7	8

The reasons for these proposed additions to the corps of Special Teachers are as follows:

Music—The plan has been to assign one Teacher of Music to each School District. In Brooklyn there are fourteen School Districts. Two of these districts, the Thirty-ninth and Fortieth, cover so large a territory and have increased so greatly in school population, that the two Teachers assigned to them are no longer able to do the work efficiently. Two new Teachers are, therefore, asked for them.

Physical Training—The corps of Physical Training Teachers—33 in number—is smaller than the corps of Special Teachers in any other branch. Of these 33 Teachers one is assigned to physical training in classes for blind, crippled and deaf and dumb children, and one to classes for mental defectives; the remaining 31 teachers are assigned to helping and instructing the grade teachers throughout the forty-six districts. It is proposed to appoint 15 new Physical Training Teachers so that there may be one for each of the forty-six School Districts.

10. An amount should be inserted in the Budget for 1910 to provide for Teachers and classrooms in the open air for tuberculosis and anæmic children.

With regard to Teachers, in addition to those Teachers provided for the class on the ferryboat "Southfield," maintained by the Bellevue Hospital, and the class on the ferryboat "Middletown," organized by the Presbyterian Hospital, sums should be inserted sufficient to pay the salaries of three Teachers for one year in the following places:

One Teacher for the class taught on the roof of the Vanderbilt Clinic.

One Teacher for the class to be maintained by the Gouverneur and Beth Israel Hospitals.

One teacher for the class to be maintained by the Greenwich Settlement House.

In addition to the above-mentioned classes, in view of the fact that the Department of Health is now excluding from the public schools, for the first time, children suffering from tuberculosis disease, it is considered proper to ask for an amount sufficient to equip 20 open-air classrooms in different school buildings and to pay Teachers for the classes organized in these rooms for the space of one year.

The amount of $4,000 should be inserted in the Special School Fund for the purpose of constructing windows in 20 classrooms in such a way that they will become practically open-air classrooms; and $2,500 for special equipment and furniture for these rooms.

To the General Fund should be added a sum sufficient to pay for one year 20 teachers for these open-air classrooms for anæmic and tuberculosis children.

In further support of this proposition the following communication from the Special Committee on the Relation of Tuberculosis to the Schools of the Charity Organization Society is presented:

"The Committee on the Prevention of Tuberculosis of the Charity Organization Society of the City of New York,
July 19, 1909.

"Hon. WILLIAM H. MAXWELL, Superintendent of Schools, Department of Education, Park Avenue and Fifty-ninth Street, City:

"Dear Sir—The Committee on the Prevention of Tuberculosis most heartily indorses the plans of the Department of Education for the establishment of several outdoor classes for anæmic children. The committee believes it essential to the prevention of tuberculosis that children who are underfed, undernourished, anæmic and with what may be termed a predisposition toward disease should have the benefit of instruction in outdoor schoolrooms. A recent report of a special commission in Boston shows that 5,000 children in the Boston public schools actually have tuberculosis. An examination made of a limited number of children living in families in which there was a case of tuberculosis, made under the direction of Dr. James Alex. Miller, of Bellevue, about a year ago, showed that in 51 per cent. of the cases one or more of the children were affected with the disease.

"It is safe to assume, therefore, that a considerable number of the school children of Greater New York will fall prey to the disease unless their bodies are strengthened to resist it. Outdoor schools have now had a fair trial in Providence, Boston and other cities, and it would seem that the time had come when the great City of New York should not be behind smaller cities in adopting this means of preventing the spread of this disease.

"This committee attaches so much importance to this subject that a special committee on the subject of tuberculosis and the schools has recently been appointed to take up this and cognate questions.

"We trust, therefore, that the Board of Education will include in its estimate of expenses for the year 1910 a sum sufficient to enable it to make the necessary alterations and equip the outdoor classrooms, as well as to provide for additional Teachers, if additional teachers be needed, to carry on this work in at least one-fifth of all the public schools in Greater New York.

"We appreciate fully the necessity that there always is in preparing estimates for city departments to curtail them as much as possible, and for this reason we have refrained from urging the establishment of a classroom or classrooms of this kind in every public school.

"Yours respectfully,
"JOHN W. BRANNAN,
"Chairman, Special Committee on Schools and Tuberculosis."

11. An amount should be inserted in the Budget for 1910 sufficient to provide for the employment of a second additional Teacher (Clerical Assistant) in schools having sixty or more classes, in accordance with the intended action of the Board of Education authorizing such a position:

Additional Teachers (Clerical Assistants) in elementary schools..... 21.

All of which is respectfully submitted.

WILLIAM H. MAXWELL, City Superintendent of Schools.

DOCUMENT "B."

Day High Schools.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, July 30, 1909.

Hon. JOHN GREENE, Chairman, Committee on Finance:

Dear Sir—I have the honor to advise you that at the meeting of the Committee on High Schools and Training Schools, held on July 28, 1909, the inclosed statement of items relating to training schools was approved for insertion in the Budget for 1910.

The inclosed statement in reference to high schools was also approved for insertion in the Budget of 1910, but it was also moved and adopted to request the Auditor to add thereto the following:

Fifteen thousand and fifty dollars for the establishment of evening sessions in the High School of Commerce, said sum to be used for the payment of 1 Principal at $7.50 per night, and 20 Teachers at $5 per night, four nights per week, for thirty-five weeks.

Twenty-six thousand four hundred dollars for the establishment of six continuation high schools for boys and girls during the months of July and August, 1910, said sum to be used for the payment of 6 Principals at $10 per day each, and 120 Teachers at $5 per day each for forty days.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Education.

Department of Education, City of New York,
Office of the City Superintendent of Schools, No. 500 Park Avenue,
New York, July 8, 1909.

To the Committee on High Schools and Training Schools of the Board of Education:

Gentlemen—On behalf of the Board of Superintendents, I have the honor to present the following statement of items relating to the high schools, for insertion in the Budget for 1910.

In the case of the following items information will be supplied, as in former years, by the Auditor of the Board of Education.

1. The salaries for the year 1910 of Principals, First Assistants, Assistant Teachers, Clerical Assistants, et al., employed May 31, 1909.

2. Increase in salaries due to probable or estimated promotion of Teachers during the year 1910.

3. Increase in salaries due to the operation of the provisions of the Charter relative to fitness and merit during the year 1910.

4. Estimated amount required to pay substitutes in charge of classes of absent Teachers during the year 1910.

5. Estimated amount by which the cost of instruction in the high schools may be decreased during the year 1910 through the difference between the salaries of Teachers receiving high salaries, who die or leave the system during that year and the salaries of their successors.

In the following statement the term "New Teachers" is used to indicate additions to the teaching corps.

The following items represent members of the teaching and supervising staff needed in addition to the Principals, Teachers, etc., employed on May 31, 1909:

1. To fill vacancies existing in the teaching and supervising force on May 31, 1909, as follows:

High School.	Men.	Women.	Total.
Commerce	2	..	2
De Witt Clinton	11	..	11
Stuyvesant	18	..	18
Wadleigh	..	2	2
Washington Irving	..	18	18
Morris	2	3	5
Boys'	8	..	8
Commercial	7	..	7
Eastern District	4	6	10
Erasmus Hall	5	8	13
Girls'	..	7	7
Manual Training	12	16	28
Bryant	..	1	1
Jamaica	1	..	1
Newtown	..	1	1
Richmond Hill	1	..	1
Total	71	62	133

It will, therefore, be necessary to provide in the Budget for 1910 an amount sufficient for one year (1910) to pay the salaries of Teachers to fill vacancies as follows:

Men, 71; women, 62. Total, 133.

There are, in addition, vacancies in the position of Clerical Assistant and Library Assistant, as follows:

	Men.	Women.	Total.
Clerical Assistant	..	8	8
Library Assistant	1	9	10
Total	1	17	18

There are vacancies in the position of First Assistant numbering 53. Appointments as First Assistants are not of themselves additions to the teaching corps; but are to be regarded in the nature of promotions. It is not expected to fill all these positions during the coming year. Not more than twenty (20) such promotions will be made.

It will be necessary, therefore, to provide in the Budget for 1910 an amount sufficient to pay for one year (1910) the salaries of Clerical Assistants and Library Assistants as follows:

	Men.	Women.	Total.
Clerical Assistant	..	8	8
Library Assistant	1	9	10

And to provide for the increased salaries of Assistant Teachers promoted to the position of First Assistant, as follows:

Assistant Teachers to First Assistants, 20.

2. It will be necessary to provide in the Budget for 1910 an amount sufficient to pay the salaries for one year (1910) of Teachers required for increased attendance when the schools open in September, 1909. Instruction must be provided for the great influx of pupils which invariably comes at that period.

Owing to the greatly decreased appropriation for the current year and the greatly increased register and attendance, as shown in the tables below, it is to be regretted that there are, at the present time, no funds available for the appointment of such Teachers.

In September, 1909, because of anticipated increase in attendance at least eighty (80) Teachers will be needed, as follows, and the Budget for 1910 should include an amount sufficient to pay their salaries for one year (1910):

Men, 35; women, 45. Total, 80.

The facts on which this estimate is based are as follows: The registration in September of each year since 1901 shows the following gains over the registration of the preceding May:

Year.	May.	September.	Increase.	Per Cent.
1902	15,379	16,681	1,302	8.45
1903	16,842	18,669	1,827	10.87
1904	18,701	20,875	2,174	11.62
1905	20,000	21,681	1,681	8.4
1906	20,761	22,743	1,982	9.54
1907	22,356	24,770	2,414	10.79
1908	26,186	30,647	4,461	17.03
1909	31,179	.....	.....	.....

In the last two years the attendance in high schools has increased very rapidly, as is indicated by the foregoing figures of 1907, 1908 and 1909, and as is shown by the following statement:

Average daily attendance during the school year 1907-08	22,465
Average daily attendance during the school year *1908-09	27,581
Increase during the past year over the year preceding	5,116
Per cent. of increase for the entire city	23

* Month of June estimated.

It is believed, therefore, that the conditions of attendance during the past two years afford a better index to conditions during the coming term than in the preceding years.

From the declaration of intention made by pupils who have graduated from elementary schools, and after adding the number of pupils admitted from parochial schools, it is evident that we may expect in September, 1909, an increase of not less than 3,500. If by withdrawals or discharges during the term the net increase is reduced to 2,500, the above estimate therefore of eighty (80) teachers is conservative.

3. It will be necessary to insert in the budget for 1910 an amount sufficient to pay for eleven (11) months (February to December, 1910) the following members of the teaching and supervising staff whom it will be necessary to appoint to teach classes organized to accommodate the increase in register which occurs in the term beginning February 1, 1910.

The number of pupils entering the high schools from elementary schools in February has been increasing during the past few years.

The net increase in the terms beginning in February has not been in the last three years less than the net increase in the terms beginning in September. For that increase in register in February, 1910, it is estimated that an equal number of new teachers will be needed, as follows:

Men, 35; women, 45; total, 80.

4. It will be necessary to insert in the budget for 1910 an amount sufficient to pay for four (4) months (September to December, 1910) the following members of the teaching and supervising staff whom it will be necessary to appoint to teach the classes organized to accommodate the annual increase in registration of the schools during these months:

Men, 40; women, 50; total, 90.

This estimate is based upon the assumption that the increase for September, 1910, will be somewhat greater than the increase for September, 1909.

All of which is respectfully submitted.

WILLIAM H. MAXWELL, City Superintendent.

Training Schools for Teachers.

Department of Education, City of New York,
Office of the City Superintendent of Schools, No. 500 Park Avenue,
July 9, 1909.

To the *Committee on High Schools and Training Schools:*

Gentlemen—On behalf of the Board of Superintendents, and after consultation with the principals of the three training schools for teachers, I beg leave to submit the following statement of the requirements of these institutions for new teachers for the year 1910:

1. The Auditor of the Board of Education will, as usual, prepare a statement of the salaries for the year 1910 for principals, first assistants, assistant teachers, critic teachers, model teachers, etc., employed May 31, 1909.

2. In addition to this amount it will be necessary to insert in the budget for 1910 an amount sufficient to pay the salaries of the following teachers for one year (1910) required to fill vacancies existing on May 31, 1909:

	New York.		Brooklyn.		Jamaica.	
	Men.	Women.	Men.	Women.	Men.	Women.
First Assistants	..	..	..	..	..	..
Assistants	1	2	1	3	..	..
Clerical Assistants	..	..	..	2	..	1
Critic Teachers	..	..	..	..	..	1
Model Teachers	..	..	..	7	..	1

Five of these teachers, viz., 2 women and 1 man assistant teachers in the New York Training School, 1 man assistant teacher in the Brooklyn Training School, and 1 critic teacher in the Jamaica Training School, have already been appointed, appointment to take effect in September, 1909.

3. An amount sufficient to pay the salaries for eleven months of the year 1910 of the following new teachers, made necessary because of the increase of registration of teachers-in-training:

	New York.		Brooklyn.		Jamaica.	
	Men.	Women.	Men.	Women.	Men.	Women.
Assistant Teachers	1	4	1	2	..	1
Clerical Assistants	..	..	..	..	..	..
Critic Teachers	..	2	..	..	..	..
Model Teachers	..	..	..	1	..	..

In support of the request for an amount of money sufficient to pay the salaries of the above-mentioned new teachers, attention is called to the fact that the training schools for teachers are constantly increasing in the number of their students.

The following table shows the register of students in the three training schools for the past three years for May and September:

	New York.	Brooklyn.	Jamaica.
May, 1907	616	750	212
September, 1907	679	816	184
May, 1908	768	888	170
September, 1908	882	938	170
May, 1909	921	996	189

It will be noticed that the only exception to the continuous increase in the number of students in the training schools occurred in the Jamaica Training School in September, 1907. This decrease was due to the transition of that school from a State Normal School to a City Training School when the requirements for entrance were made more rigorous.

All of which is respectfully submitted,

Respectfully yours,
WILLIAM H. MAXWELL, City Superintendent.

Vocational Schools.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, July 14, 1909.

Hon. JOHN GREENE, Chairman, Committee on Finance:

Dear Sir—I have the honor to advise you that the Committee on Vocational Schools and Industrial Training at its meeting held on July 12, 1909, approved of the enclosed statement of items relating to the vocational schools for insertion in the Budget for 1910, submitted by the City Superintendent of Schools, and ordered that the same be transmitted to the Committee on Finance.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Education.

July 7, 1909.

Dr. DENNIS J. McDONALD, Acting Chairman, Committee on Vocational Schools and Industrial Training:

Dear Sir—On behalf of the Board of Superintendents, I beg leave to recommend that the following items be inserted in the budget for trade and vocational schools for the year 1910:

1. An amount sufficient to pay the salaries for one year of one man principal and twenty (20) teachers (men) for the vocational school which will be opened in Public School 100, Manhattan, next September.

The sum of $22,100 was granted by the Board of Estimate and Apportionment to pay the salaries of teachers in this school. This sum will suffice to pay the salaries of principal and teachers up to December 31, 1909.

2. An amount sufficient to pay the salaries of one man principal, two women principals, twenty men teachers and forty women teachers, for one year.

The man principal and the men teachers are intended for the boys' vocational school to be established in Brooklyn. The women principals and women teachers are intended for two girls' vocational schools, one in Manhattan and one in Brooklyn.

3. The sum of $50,000 should be inserted in the Special School Fund for equipping with necessary apparatus the boys' vocational school in Brooklyn; and the sum of $50,000 for equipping the two proposed vocational schools for girls.

Respectfully yours,
WILLIAM H. MAXWELL, City Superintendent.

Evening Classes to Teach English to Adult Foreigners.

Department of Education, City of New York,
Office of the City Superintendent of Schools, No. 500 Park Avenue,
August 4, 1909.

Hon. JOHN GREENE, Chairman, Committee on Finance:

Dear Sir—I beg leave to submit the following recommendation supplementary to the proposed budget for evening schools prepared by the Board of Superintendents and approved by the Committee on Special Schools:

That the sum of $71,271 be inserted in the Budget for 1910 for the purpose of maintaining evening schools to teach English to foreigners during the months of June, July and August, as follows:

18 Principals, for 58 evenings, at $5 per evening	$5,220 00
15 General Assistant, for 58 evenings, at $3 per evening	2,610 00
399 Teachers, for 53 evenings, at $3 per evening	63,441 00
Total	$71,271 00

The basis of this calculation is as follows:

The average attendance in classes for foreigners learning English in the evening schools during the week ending February 11, 1909, was as follows:

Manhattan	9,801
The Bronx	289

Brooklyn	2,277
Queens	212
Richmond	52
Total	11,931

If we assume that the number of foreigners attending such classes in the months of Jnne, July and August would be equal to the number attending in February, and that there would be not more than thirty pupils to a Teacher, we should need 399 Teachers, distributed as follows:

Manhattan	304
The Bronx	10
Brooklyn	76
Queens	7
Richmond	2
Total	399

The number of schools required to accommodate these classes I would estimate as follows:

Manhattan	12 schools of 25 classes each
The Bronx	1 school of 10 classes
Brooklyn	3 schools of 25 classes each
Queens	1 school of 7 classes
Richmond	1 school of 2 classes
Total	18 schools.

These eighteen schools would necessitate the employment of eighteen Principals and fifteen Clerical Assistants.

This recommendation is made in pursuance of the recommendations made by the Committee on Education of the New York State Commission on Immigration, as follows:

"1. That night schools for adult aliens be established in all parts of the State where the needs of the resident, non-English speaking population show that they are required; that schools be established for labor camps employing such non-English speaking laborers; and that the State either incur the expense for such schools or contribute to the support of such schools.

"2. That the attention of the educational departments of the State, cities and towns of New York State be drawn to the following proposals with a request to consider and act upon them:

"a. The opening of night schools for aliens during all or a part of the period from April to October."

Respectfully yours,
WILLIAM H. MAXWELL, City Superintendent.

Approved:
Louis Haupt, M. D., Chairman, Committee on Special Schools.

Supervisors, Athletic Fields.

Department of Education, City of New York,
Office of the City Superintendent of Schools, No. 500 Park Avenue,
August 5, 1909.

Dear Sir—Herewith I return the correspondence you submitted to me with regard to inserting certain items in the Budget to provide adequate supervision of the athletic fields maintained by the Board of Education.

In view of the cogent reasons adduced by General Wingate in his letter of July 17, addressed to Hon. Hugo Kanzler, Acting Chairman of the Committee on Elementary Schools, I recommend that the following items be inserted in the Budget for 1910, and that General Wingate's letter of July 17, 1909, be quoted in support thereof:

For Athletic Fields.

Curtis Field—		
Supervisor, at $20 a week, for 32 weeks (1)	$640 00	
Assistant Supervisor, at $3.50 a week, for 32 weeks (1)	112 00	
		$752 00
Brooklyn Field—		
Supervisor, at $20 a week, for 32 weeks (1)	$640 00	
Assistant Supervisor, at $3.50 a week, for 32 weeks (1)	112 00	
		752 00
Astoria Field—		
Supervisor, at $20 a week, for 32 weeks (1)	$640 00	
Assistant Supervisor, at $3.50 a week, for 32 weeks (1)	112 00	
		752 00
Crotona Field—		
Supervisor, at $20 a week for 32 weeks (1)	$640 00	
Assistant Supervisor, at $3.50 a week for 32 weeks (1)	112 00	
		$752 00
Teachers to assist in conducting athletic competitions at the above fields—80 days at each field at $2.50 a day		800 00
Athletic Fields Connected with High Schools—		
Supervisor, at $20 a week for 32 weeks:		
Manual Training High	$640 00	640 00
Morris High	640 00	640 00
High School of Commerce	640 00	640 00
		$5,728 00

Truly yours,
WILLIAM H. MAXWELL, City Superintendent of Schools.

Henry R. M. Cook, Esq., Auditor of the Board of Education.

"Department of Education, City of New York, Board of Education,
"Twilight Park, Haines Falls,
"New York, July 17, 1909.

"HUGO KANZLER, Esq., Nos. 79 to 83 Fifth Avenue, New York City:

"Dear Sir—I have received a letter from Superintendent Maxwell, stating that he has referred to you the application of Dr. C. Ward Crampton, Director of Physical Training, in regard to a staff for the athletic fields, with the request that if you approve the recommendation to forward it in due form to the Committee on Finance.

"I think it is very important that this recommendation should be granted. The use of these fields has more than doubled in the last year. Under the new by-law the schools are going down to the different athletic fields in a body. The great majority of their Principals and Teachers (many of whom are women) are without experience in conducting athletic games or instruction, particularly on occasions when the participants run up in the hundreds. It is therefore indispensable that if these days are to be made productive of good results, there should be sufficiently skilled men on each field to show the Teachers how the games should be conducted, to give the boys instruction, see that they do not overdo, and help to preserve order. This is also necessary on other occasions when the attendance at the fields is large.

"It is a popular fallacy to suppose, as many do, that it is sufficient to provide a space and call it a playground or an athletic field. It is indispensable that there should be directors in charge who will prevent bullies from monopolizing the facilities, help organize the games, get those present interested and generally see that the whole thing works smoothly, and particularly give the strange boys who come there for the first time a fair chance, and above all prevent overdoing and bad conduct and language.

"The Committee on Athletic Fields also needs this additional help in order to enable it to maintain such an inspection over the use of these fields as will insure that they are being properly managed, and in particular that nothing is done which will be objectionable to the neighbors.

"I inclose herewith a copy of a letter to me from Dr. Crampton, in which he states at length the work which is done by the different Inspectors connected with athletics.

"Truly yours,
"GEORGE W. WINGATE, Chairman, Committee on Athletic Fields."

DOCUMENT "J."

Memorandum Submitted by the Committee on Supplies in Connection with the Funds Under Its Jurisdiction.

School Supplies—The same amount is asked for school supplies for the year 1910 as was allowed for 1909, namely, $1,000,000, of which $973,000 is for purchase of supplies and $27,000 is for the delivery of such supplies to schools.

In connection with expenditures for school supplies the following statement is made:

1. The strictest supervision and attention is given to each detail in connection with the purchase and distribution of supplies.

2. Text-book contracts are made for periods of five years; at the same time the right is reserved to cancel such contracts at the end of any year if deemed necessary. This plan enables principals to continue the use of the same text-books for long periods, thereby doing away with yearly changes and consequent losses.

3. Supply lists have been revised and superfluous items eliminated; competition has been created, as in the case of pens, pencils, typewriters, etc., etc., thereby saving large sums.

4. Books and supplies delivered to schools and subsequently not needed because of changed conditions, are transferred and circulated in other buildings or in activities where they may be made use of.

5. When the prices of any item or items of supplies are to be higher for the ensuing year, as much as possible of such supplies are purchased under the contract for the current year. From time to time considerable savings have been effected in this manner.

6. Lists of general supplies are prepared each year, standard samples of each article being submitted for the benefit of bidders. Bids are invited and awards made, item by item, to the lowest bidder whose sample is equal to the standard sample. These standard samples are carefully preserved during the term of the contract and contractors are held rigidly to the quality and quantity called for by their contracts.

7. Principals, Janitors and others are not allowed to exceed the allotment set aside for their particular purposes unless it is shown to the satisfaction of the Superintendent of School Supplies that extra funds are necessary and that otherwise the education of the children would be interfered with.

Because of the growth of the system, the introduction of new courses, etc., etc., a very much larger Budget than was allowed for 1906, 1907 and 1908, namely, $1,367,565, would be necessary were it not for the foregoing methods and supervision.

Besides furnishing the needs of every division of the system, enough money was saved to justify the committee in asking for $1,000,000 only for the year 1909, and the same amount for 1910. More than $100,000 was left unexpended in this account, for the year 1908, and $367,565 was voluntarily eliminated from the Budget item for 1909.

In view of the foregoing the committee is justified in expecting the support of the financial authorities of the City should unanticipated requirements make it necessary to request additional funds during the year 1910.

Supplies—Board of Education—Demands of an imperative character will result in a shortage in this fund for the year 1909. Some of the work under way for the year 1909, however, will not have to be duplicated for the year 1910, consequently no increase is asked for the year 1910 over the appropriation for 1909. Notwithstanding increased demands on this fund it has been possible, by following the same method used in connection with school supplies, to keep this item at the same figure for several years.

Supplies—Parental and Truant Schools—This item is submitted on behalf of the Committee on Special Schools and exhibits an increase of $420 above the appropriation for the current year. The same methods are followed in the purchase of these supplies as in the case of school supplies.

Fuel—There is asked for fuel for the year 1910, $526,880.10. This is $25,079.68 in excess of the appropriation for the year 1909, but $57,664.60 less than the appropriation for the year 1904. This latter appropriation, however, was not fully expended, the surplus, yith the consent of the Board of Estimate and Apportionment, being transferred to offset a shortage in the General School Fund for the year 1904. Appropriations for fuel for the last six years have been as follows:

1904	$584,544 70	1907	451,094 00
1905	453,387 00	1908	501,800 53
1906	451,864 00	1909	501,800 42

The new schools and additions opened between January 1, 1904, and April 30, 1909, consumed more than 100,000 tons of coal and 600 cords of wood, the approximate cost being between $500,000 and $600,000. These increased demands have been met, in each year, with lower appropriations than the actual expenditures for the year 1904.

In connection with the purchase of fuel the following methods are practiced:

1. The amount of coal and wood for each building is determined by the Superintendent of School Supplies and no extra allowance is made unless justification can be shown.

2. Advantage is taken of the clause in fuel contracts permitting the Department to purchase more or less than the estimated quantity, and excess quantities are purchased when prices are low and reduced quantities when prices are high.

3. Contracts are entered into at seasons of the year when the lowest prices are obtainable.

4. The size of coal used, especially in Brooklyn, Queens and Richmond, has been changed from egg, stove and nut, to broken or furnace coal, and large savings have been and are being effected thereby.

5. Buckwheat coal is used in all new school buildings and in old school buildings where drafts permit.

6. In all new school buildings storage bins are built large enough to hold a full year's supply of coal. These bins and the bins in all other schools having full storage capacity are filled during the summer months, rendering it unnecessary to make deliveries to such schools during the winter months.

7. A chemical solution was used during the year 1907-1908, and a saving of more than 8,000 tons of coal resulted. Later, in lieu of the solution, janitors have been permitted to use fine rakes to remove and burn all waste coal that may have been in the ashes.

7a. Coal is weighed on Board of Education scales, and, when practicable, in front of each school. From the time the coal is weighed, when it becomes the property of the Board, it is under the immediate supervision of an Inspector of the Department of Education until it is deposited at school. Tickets for each load are presented to janitor and show the quantity and quality of coal, the condition of truck, etc., when weighed. Janitor has the privilege of refusing the coal, if it is not in accordance with tickets, and it must be reweighed, if he so desires. This privilege is given because the janitor is held accountable for the coal put into his school.

8. Close watch is kept on ash pits and ash cans to prevent coal being thrown out.

9. Janitors found guilty of carelessness in the use of fuel are disciplined. Those who are careful are commended.

The Committee has reduced its request for the year 1910 to the lowest possible point. Should conditions arise making it necessary to ask the financial authorities of the city for additional funds at some time during the year 1910, it is expected that such additional funds will be granted.

Contingencies—Board of Education—No increase is asked over the appropriation for the year 1909. The demands made upon this fund are constantly increasing. The Committee will, however, grant only such as are urgent and will thereby keep within the appropriation for the current year and ask for no increase for 1910.

Contingencies—Parental and Truant Schools—The estimate for the year 1910 exhibits an increase of $884 over the appropriation for the year 1909. This increase is incidental to the proper enforcement of the Compulsory Education Law.

Apparatus, Machinery, Vehicles, Horses; Equipment, Care and Storage of Same—Board of Education—No increase is asked over the appropriation for the year 1909. The demands made upon this fund for the current year are in excess of the appropriation. The Committee will, however, allow only such as are most urgent, and thereby

keep within the appropriation for the current year and ask for no increase for the year 1910.

Apparatus, Machinery, Vehicles, Horses; Equipment, Care and Storage of Same—Parental and Truant Schools—The estimate for the year 1910 exhibits an increase of $1,250 over the appropriation for the year 1909. This increase is incidental to the opening of the new Parental School and Farm.

Telephones—No increase is asked over the appropriation for the year 1909. The actual expenditures from this fund for 1908 were more than $2,000 in excess of the original appropriation, which was the same as for the current year. The Committee, however, has denied some requests for increased telephone facilities, and has taken means to restrict the use of telephones now installed. By this means it will be possible to keep within the appropriation for the current year and to ask for the same amount for the year 1910.

Transportation—The estimate for the year 1910 exhibits an increase of $8,656.99 over the appropriation for the year 1909. This increase provides for recommendations of the Board of Superintendents for one additional stage in The Bronx and nine additional stages in Queens, over the number of stages now being furnished and operated in these boroughs.

Cartage of School Supplies—The same amount is asked for the year 1910 as for the year 1909.

Support of Nautical Schools.

Board of Education, New York, June 9, 1909.

Hon. JOHN GREENE, Chairman, Committee on Finance:

Dear Sir—I am transmitting herewith the budgetary estimate of the money required for the support of the New York Nautical School during the year 1910, as submitted by Superintendent Everhart, which was approved by the Executive Committee on the Nautical School at a meeting held on May 15, 1909.

At the same meeting it was moved and adopted as the sense of the Committee that owing to the inconvenience of running the school with the accounts subdivided under so many headings, the Committee on Finance be particularly requested to urge upon the Board of Estimate and Apportionment the necessity of making the appropriation for the training ship "Newport" for the year 1910, under one heading, to wit: "Support of the Nautical School."

Yours very truly,
RICHARD B. ALDCROFTT,
Chairman, Executive Committee on the Nautical School.

New York Nautical School, Training Ship "Newport,"
Gardiner's Bay, Long Island,
April 30, 1909.

Hon. Richard B. Aldcroftt, Jr., Chairman, Executive Committee Nautical School, Hall of the Board of Education, New York City.

Dear Sir—I have the honor to submit the estimates for the support of the New York Nautical School during the year 1910:

The estimates are placed under six (6) separate headings, in compliance with the Department of Finance instructions. It is, however, earnestly recommended that these be combined and the appropriation be made under but one heading (as in former years), viz.: "Support of the Nautical School." I beg to invite most particular attention to the letter just received from the Department of Finance, dated April 23, 1909 (copy attached hereto, marked "B"), which replies to my letter of April 20, 1909 (copy attached, marked "A"). These letters voice the very great difficulty we labor under in having so small an appropriation in so many parts. The very nature of the undertaking makes it impracticable to foresee the extent of each item of expenditure taken separately; so that last year's method of subdividing the appropriation has worked a hardship with us, without proving a source of economy.

The method of over-estimating, so as to allow for a possible trimming, has most positively not been followed herein, as I am assured by officials of the Department of Finance that it is the desire to have a clear understanding of our absolute needs. To show that this amount, $69,669, is a bottom figure, I have only to point out that, deducting therefrom the amount for the wireless telegraph set, i.e., $1,600, there remains a lesser amount than the gross amount approved of by the Department of Finance for the current year; this notwithstanding the fact that we now have 122 students in the school, being about 25 per cent. more than ever before.

Attention is respectfully invited to the following:

Under the Head of "Salaries and Wages."

The positions of coppersmith and of blacksmith have been omitted and the position of water tender, at a lesser pay, substituted therefor.

The number of seamen have been reduced from ten (10) to seven (7).

The number of firemen have been reduced from six (6) to four (4).

It should be recalled, too, that last year we also made a reduction, having omitted the position of chief electrician at a salary of $1,500.

Under the Head of "General Supplies."

These estimates are, for the first ten items, based upon actual expenditures during the past year, and in every instance, except for electric supplies and ship chandlery, the amounts are less.

Mess equipment is essentially a comparatively large item with us on account of unavoidable breakage and loss at sea.

Office and school supplies include text books which, being almost entirely technical, are more or less expensive.

Navigation supplies include all articles used in the Navigator's Department, such as chronometers, mariner's compasses, binnacles, azimuth instruments, binocular glasses, barometers, fog horns, sextants, sounding leads, etc.

Hardware used on board ship is almost exclusively of brass on account of salt water.

Engineer supplies include all supplies needed by the engineer department proper, such as waste, lubricating oils, packing, steam hose, valves, etc., required in the use of the machinery and boilers and to keep them in proper shape.

Shipwright supplies include such supplies as are required in the construction department proper, such as dead lights, water-tight door gaskets, port gaskets, lumber, etc.

Sailmaker supplies include such articles as canvas, sails, sailmaker's thimbles, palms, sail twine, bolt rope, etc.

Ship chandlery includes the many articles required in the boatswain's department, such as cordage, anchors, chains, boat outfits, rigging, paints, spars, hawsers, blocks, etc.

Provisions for the ship's mess are as in former years, figured on a basis of 30 cents per day, the number being 115 students and 37 crew, or 152 all told.

Provisions for the wardroom mess are on the basis of one dollar each per day, as formerly.

Provisions for the cabin mess, also as in former years, are figured on the basis of two dollars per day.

Under the Head of "Apparatus, Machinery, Etc."

The well-known steamship "Republic" disaster has proved the absolute necessity of installing a wireless telegraph set on the "Newport." It is proposed to put in a one- or two-kilowatt set.

Under the Head of "Fuel."

This item shows a reduction of $1,500 under the amount appropriated last year.

Under the Head of "Contingencies."

This section of the "Estimates" is very small in amount and fully explained above.

It may be well to point out that the last annual report of the Boston training ship shows that for a total of 60 cadets admitted in one year, there was an appropriation of $63,000, and that the New York Nautical School has admitted this year 97 cadets.

In conclusion, I beg to request that steps be taken to make sure that the mistake be not again made of putting the appropriation for the Nautical School under the incorrect, erroneous and unjust title of "Compulsory Education."

Respectfully Submitted,
LAY H. EVERHART,
Lieutenant Commander, U. S. Navy, Commanding.

New York Nautical School, Training Ship "Newport,"
East Twenty-fourth Street Pier,
New York City, April 20, 1909.

Mr. HERMAN A. METZ, Comptroller, Finance Department, No. 280 Broadway, New York City:

Dear Sir—On receiving warrant from the City Chamberlain to defray expenses of the Sound cruise of the "Newport," I noted that it was drawn against the appropriation Special School Fund, Maintenance, Salaries and Wages, Nautical School, No. 869; and possibly letter of credit for the foreign cruise is drawn against the same account.

Should the record stand thus, it will lead to complications on the return of the "Newport" next September, as it takes some time to settle the cruise accounts and as a result there would not be sufficient money to the credit of the above named schedule to pay salaries and wages.

The expenses of the cruise are, of course, actually under all the various schedules; and, with so narrow a margin (for a minimum safe amount was requested) to work with, it would not be practicable to estimate the several parts. For instance, should we have adverse winds we might spend $1,000 more for "fuel" than if we had the fair winds we expect. Again, a storm might do damage requiring several hundred dollars worth of repairs, whereas a fine weather passage would leave a handsome balance to the credit of the account General Repairs.

In view of the uncertainties which must, of necessity, exist as to the expenditures while on the cruise, it is most earnestly requested that the advances mentioned in the first paragraph be carried under the joint head of the various schedules until the time of settlement of the cruise accounts, upon the return of the "Newport," when the actual expenditures can be debited against the proper schedules.

In view of our early departure, it is respectfully requested that action in this matter be taken as soon as practicable.

Respectfully yours,
LAY H. EVERHART,
Lieutenant Commander, U. S. Navy, Commanding, Superintendent.

City of New York, Department of Finance,
April 23, 1909.

Commander LAY H. EVERHART, Superintendent, Nautical School:

Dear Sir—The difficulty apprehended in yours of 20th inst., was foreseen at the time of preparing the voucher for the "Home Cruise" of the "Newport" and the payment of drafts against the letter of credit. As it could not be anticipated what amount would be required for salaries and wages, how much for provisions, fuel, port dues, pilotage, repairs, and other necessary and incidental expenses of either the "Home" or "Foreign" cruise, it was decided to draw the voucher and charge the drafts against the one general account, Maintenance, Salaries and Wages, and at the end of the cruise adjust the account by charging the various appropriations with the actual amount expended under each, and crediting back to this account the amounts overdrawn therefrom. It is a matter of "bookkeeping" by which the several appropriations for the Nautical School can be readily adjusted on receipt of your account current at end of cruise.

Respectfully,
J. H. McCOOEY, Deputy Comptroller.

Folder 86, Page 1, "Law Journal," May 18, 1909, Supreme Court, Special Term, Part IV., by Mr. Justice MacLean.

The United Electric Light and Power Company, vs. Board of Education—To the complaint of the plaintiffs, alleging forty-six causes of action upon as many contracts made at different times with the defendant for the supply of electric current for lighting purposes in certain public school buildings of the City, performance by the plaintiff and neglect and refusal by the defendant to pay the sums due on said contracts, and the filing of its claims with the neglect and refusal by the Comptroller of the City to adjust or pay the same more than thirty days prior to the commencement of this action, the defendant demurs on the grounds that the City of New York and not the defendant herein is the proper party defendant, and that the complaint does not state facts sufficient to constitute a cause of action. The facts stated in the complaint and admitted in the demurrer do not set forth a cause of action upon a disputed claim against the defendant under section 1055 of the Greater New York Charter as "the only relation that the City has on the subject of public education is as the custodian and depositary of school funds, and its only duty with respect to that fund is to keep it safely and disburse the same according to the instructions of the Board of Education (Gunnison vs. Board of Education, 176 N. Y., 11, 17; Fidelity and Deposit Co. vs. City of New York, 109, App. Div., 263). Whatever be the jurisdiction of the Commissioner of Water Supply, Gas and electricity under section 469 of said charter relative to public buildings, it may hardly under the rules of statutory construction be held to include control of the subject matter of the present action, as care and control of the property in question is vested in the Board of Education, the City being custodian of the fee by section 1055 of said Charter, and as "the policy of this State for more than half a century has been to separate public education from all other municipal functions and intrust it to independent corporate agencies of its own creation" (Gunnison vs. Board of Education, supra, at page 25). As said therein at page 26, "it is still the sole representative of the school system, with exclusive powers to control, manage and administer all school property and school funds." The demurrer will therefore be overruled with costs, but with leave to the defendant to answer.

Court of Appeals.

Decided October 6, 1903.

Walter B. Gunnison, respondent, vs. The Board of Education of The City of New York, appellant.

An action for a Teacher's wages will not lie against The City of New York, as the contract for the Teacher's employment is with the Board of Education and not with the City.

A Teacher can make no valid claim against the City until the Board of Education has audited it through its own proper officer, and when so audited the City has no discretion with respect to payment except in cases of fraud.

If the salary is disputed, an action must first be brought against the Board of Education, to recover a judgment upon the disputed claim.

The only purpose for which the Board of Education was created a corporate body was to conduct a system of public education in a designated division of the State and to manage and control the schools therein. It is not a City agency nor a political division of The City of New York, but an independent municipal corporation. Nor is public education a City function.

The settled policy of the State is to divorce the business of public education from all other municipal interests or business and to take charge of it, as a peculiar and separate function, through agents of its own selection and immediately subject and responsive to its own control.

Section 1644 of the Revised Charter which provides that "all future suits by or against The City of New York as hereby constituted, or against any of the municipal and public corporations in this act united and consolidated, shall be in the corporate name of The City of New York," excludes the Board of Education.

Section 1055 of the revised Charter, which provides that "suits shall be brought in the name of the Board of Education," includes suits against the Board.

Appeal from judgment reversing judgment sustaining demurrer to the complaint. James McKeen for appellant; Ira Leo Bamberger for respondent.

O'Brien, J.—The question in this case is presented by the demurrer to the complaint. The action was to recover an alleged balance of wages or salary of the plaintiff and other Teachers in the public Schools of Brooklyn. The defendant demurred to the complaint on the ground that upon its face it did not state a cause of action and that The City of New York and not the Board of Education was the proper party defendant. The only question argued is whether the defendant is liab'e to be sued on account of the matters and things stated in the complaint.

The complaint contains several causes of action separately stated, but all of the same nature and character. One of the causes of action is to recover a sum of money stated to be due to the plaintiff from the defendant as salary or wages, or a balance thereof, as a teacher in one of the public schools of Brooklyn. The other causes of action are to recover a balance of salary or wages alleged to be due from the defendant to other teachers named in the complaint, the claims for the same having been assigned to the plaintiff. The plaintiff on all the claims demanded judgment for $1,465.20, with the interest thereon from May 1, 1899.

The complaint avers and the demurrer admits the following facts: (1) That the defendant is a public municipal corporation. (2) That prior to the month of April, 1899, the plaintiff, being a duly licensed and qualified teacher, was duly appointed by the Board a teacher in the Public Schools, and rendered services in that capacity, performing all the duties of the position. (3) That the salary of the position had been duly fixed by the Board at $500 per month for the month of April, 1899, and but $400 has been paid. (4) That sufficient funds were appropriated to the defendant and apportioned to the Brooklyn schools to pay plaintiff's salary. (5) That more than ten days before the commencement of the action plaintiff presented the claim to defendant and its financial officer having power to audit and pay the same, and payment or audit was refused. (6) Precisely the same facts with respect to the employment of the other teachers named, with the amount of the salary of each per month, and the balance remaining unpaid and the assignment of each of these claims to the plaintiff. (7) That all the claims were at least thirty days before the commencement of the action presented to the Comptroller of The City of New York for payment, but that he neglected and refused to adjust or pay the same, and still neglects.

On the face of the pleadings the facts are, therefore, admitted that the defendant, a public municipal corporation, employed the plaintiff and the other teachers named in the complaint to teach in the Public Schools at the agreed salary or compensation alleged, and as to each teacher it has refused to pay a part of the compensation, and that the sum specified in the complaint remains unpaid, although the services were fully rendered. It remains to inquire what reasons, if any, exist, or can be urged why the defendant cannot be sued on account of the matters and things alleged in the complaint, and why the plaintiff must resort to the City for the recovery of his claims, since that is the contention and the only argument in support of this appeal.

It is admitted on the record that the defendant is a public municipal corporation. It is admitted that it employed the plaintiff and the other teachers at a fixed compensation, and that a part of this compensation still remains unpaid. This appeal cannot be sustained unless it is shown that these facts do not constitute a cause of action against the defendant, and do constitute a cause of action against The City of New York.

The City Charter provides that the defendant, the Board of Education, shall administer all moneys available for educational purposes, and on the facts stated in the complaint and admitted in the demurrer it is clear that the plaintiff cannot maintain any action against the City. The mere fact that the public money for the support and conduct of the schools is deposited in the City Treasury does not affect the liability of the Board of Education to be sued, nor does it upon the facts stated create any liability against the City. The City has the custody of the money, but the Board must administer and expend all school funds as the representative of the school system, and the financial officer of the City cannot pay out any part of these funds except upon the order and audit of the Board. In most of the other counties of the State the County Treasurer, or some county or town officer, has the custody of the school fund, but it cannot be paid out or disbursed except upon the order or audit of the trustees of the proper school district, and these districts are declared to be corporate bodies, thus giving them the power of independent action (Laws of 1894, chapter 556, article VI, sections 42, 43, 44). So in The City of New York the City, of its own motion, has no power to expend or pay out any part of the school funds for the payment of teachers. The plaintiff can make no valid claim against the City until the Board of Education has audited it through its own proper officer, and when so audited the City has no discretion with respect to payment except in cases of fraud (City Charter, section 149). It is important, therefore, to bear in mind that the plaintiff has no claim against the City until the salary alleged to be due to him and the other teachers has been audited or directed to be paid by the Board, and it is admitted by the demurrer that the Board has refused to audit the claim or in any manner direct its payment. Hence it is a disputed claim.

It was always the law, and is the law still, that an action will lie against the Board of Education to recover a judgment upon a disputed claim which it has refused to audit or allow (Dannet vs. Mayor, etc., 66 N. Y., 585, 588). A suit at law against the Board is the proper proceeding to compel the adjustment or liquidation of the claim. The procedure for the collection of claims such as this was very clearly laid down by this Court in the case last cited, in this language: "Under the system that is provided, there was but one way for the Board of Education to discharge the obligations assumed by its contracts, and that was by a draft drawn upon the City Chamberlain, and so long as it was willing to give such a draft its creditors could make no further claim upon it. If it was willing to give a draft and had done all the law required of it, it could not be sued." "It could not draw the money itself, as the draft is required to be made payable to the person entitled to receive the same, and hence a suit to compel it to pay would be an idle proceeding and in contravention of the statute. But if it refused to give a draft, then the creditor's remedy would be against it. If the claim was undisputed, he might by mandamus compel the giving of the draft. If the claim was disputed he could sue the Board of Education in its corporate capacity and having thus established his claim then procure his draft. But he would have no claim against the City until he had in some way obtained such a draft as the law required. When he came with such a draft it would be the duty of the Chamberlain to pay. If he refused, having the funds in the Treasury, he could be compelled by mandamus to pay, or could probably in an ordinary action be made personally liable for his misfeasance." The liability of the City begins only when it refuses to honor or pay a draft drawn upon it in favor of the creditor by the Board of Education.

There is not, and never was, any law that would permit a school teacher in any of the schools of the City to bring a suit against the City for a salary when the right to the salary was disputed by the Board of Education and when that body refused to audit or allow it in any form, as in this case.

It is apparent from the general drift of the argument that the learned counsel for the defendant is of the opinion that the employment of teachers in the Public Schools and the general conduct and management of the schools is a City function in the same sense as it is in the case of the care of the streets or the employment of the Police and the payment of their salaries and compensation, but that view of the relations of the City to public education, if entertained, is an obvious mistake. The City cannot rent, build or buy a schoolhouse. It cannot employ or discharge a teacher and has no power to contract with teachers with respect to their compensation. There is no contract or official relation, express or implied, between the teachers and the City. All this results from the settled policy of the State from an early date to divorce the business of public education from all other municipal interests or business and to take charge of it, as a peculiar and separate function, through agents of its own selection and immediately subject and responsive to its own control. To this end it is enacted in the General Laws of the State that all school trustees and Boards of Education shall be corporations, with corporate powers, which, of course, includes the power to sue and be sued in all matters relating to the control and management of schools (School Law, title 8, section 7; General Corporation Law, section 3, page 974). These corporate powers are expressly conferred upon this defendant by the City Charter (section 1062). It needs no argument to prove that a corporation is liable to be sued upon any obligation that it has incurred or any contract made in the transaction of the business for which it was created or for any breach of duty involved in the exercise of its powers. The only purpose for which the defendant was created a corporate body was to conduct a system of public education in a designated division of the State and to manage and control the schools therein. This obviously includes the employment and payment of teachers, and none of these powers or functions are conferred upon the City, as such. The only relation that the City has to the subject of public education is as the custodian and depositary of the School Fund and its only duty with respect to that fund is to keep it safely and disburse the same according to the instructions of the Board of Education. The City, as trustee, has the title to the money, but it is under the care and control and administration of the Board, and all suits in relation to it must be brought in the name of the Board (section 1055). A suit to recover teachers' wages is a suit affecting or in relation to the School Fund, and hence under the express words of the statute must be brought against the Board.

The defendant is, by the terms of the new charter, given all the powers and subjected to all the obligations and duties of all previous Boards of Education or School Boards (section 1058). It is expressly required to administer all moneys raised for educational purposes (section 1060), and hence the obligation to pay the teachers is not only a matter implied in the duty of administration, but inheres in the contract of employment. The defendant is expressly declared to be the representative of the school system of the City in its entirety, and if the defendant is such representative the City is not (section 1064). The Board is given power to purchase, lease or condemn all real property acquired for school purposes, and to sell such real or personal property as may not be required for the conduct and management of the schools (section 1066). It has power to appoint its own officers, clerks and assistants, all superintendents, architects, janitors, auditors and other employees necessary in the care of the school property, or in the conduct and management of the schools, and to fix the salary or compensation to be paid them (sections 1067, 1068). And finally, no member of the Board of Education can hold any office of emolument under the County, State or City Government (section 1068).

It will thus be seen how completely, under the scheme of the City Charter, the subject of public education is separated from all other municipal functions. The proposition sought to be established by this appeal is that a corporate body created for the express purpose of conducting a system of public education, exercising such vast powers and charged with such important duties, is not subject to be sued by a school teacher to recover wages or salary when the only object and purpose of such a suit is to establish the validity of a disputed claim and liquidate the amount. It is quite certain that during the last fifty years and ever since the Board of Education existed in The City of New York actions of this character have been brought and maintained against it, without any question raised or doubt suggested that it was not the proper party. The Board still has every power that it ever possessed, and it is still subject to every duty or obligation that ever was imposed upon it. A brief review of some of the cases in this and other courts will show that there never was, and cannot now be, any doubt with respect to the liability of the Board of Education of The City of New York to be sued upon any disputed claim or liability arising out of the exercise of its corporate functions as the sole representative of the school system of the city. In Donovan vs. Board of Education (85 N. Y., 117), the purpose of the Act of 1851, as amended in 1853, and under which the Board was organized, was considered. This court noted the fact that under the original statute the title of all school property was vested in the City as it is now, but that by the amendment of 1853 "All suits in relation to the same shall be brought in the name of said board;" a provision that, as we have seen, has been incorporated into the present Charter. The purpose of the amendment is stated in the opinion in these words: "It was apparently one purpose of the provision to rebut the inference of any power in the City Government to control the schools arising from the clause in the original section vesting in the City title to the school property." The contention of the learned counsel for the defendant in the case at bar would be a long step in the direction of remanding the schools to the control of the City, since it must logically follow that if the City is the proper and only party to be sued for Teachers' wages it must be the party, and not the Board, in control of the schools. The management, government and control of the schools is clearly vested in the defendant as a corporate body, and it has been repeatedly held that it was liable to be sued upon its contracts, including the obligation to pay the wages of Teachers (Steinson vs. Board of Education, 165 N. Y., 431; s. c., 158 id., 125; Coulter vs Same, 63 id., 365; O'Leary vs. Same, 93 id., 1; Gildersleeve vs. Same, 17 Abb. Pr., 201). The case first above cited is a very recent one, and the action for Teachers' wages was not only sustained, but it was distinctly held that the legal relation between the Board and the Teacher is one of contract. It is scarcely necessary to add that if the contract of a Teacher is with the Board it is not with the City, and it would seem to be plain that the proper party to be sued is the one that made the contract, and not a party that did not make it and had no power to make it.

This court has still more recently entertained and decided controversies between the Teachers in the public schools of the City and the Board of Education concerning the right or power of the Board to remove Teachers or reduce their grade of compensation (Cusack vs. Board of Education, 174 N. Y., 136; People ex rel. Callahan vs. Same, 174 id., 169). If it be true, as now contended, that the Board is nothing but a mere organ or agency of the City, and that the latter represents the schools, it is plain that the proceedings in these cases were brought against the wrong party, and should have been brought against the City instead of the Board. It is quite remarkable, however, that neither of the counsel in the case nor any member of the several courts through which the cases passed ever thought of the point now raised. The reason for this is very obvious, since the Board being charged by the Charter with the control and management of the schools and the administration of the school fund, and representing the entire school system, it was the proper party, and the proceedings would not lie against the City, as it had no power to restore the Teachers to their former positions or to fix their compensation.

Actions and special proceedings of almost every conceivable character have been so often brought and maintained against the defendant, the Board of Education, that the present contention would seem to be without any support in reason or authority. Suits have been repeatedly maintained against the defendant on contracts for building or repairing school houses (McGregor vs. Board of Education, 107 N. Y., 511; Van Dolson vs. Same, 162 id., 446; Dwyer vs. Same, 165 id., 613), and so mandamus proceedings have been instituted against the board to compel the delivery of papers (People ex rel. Hoffman vs. Board, etc., 141 N. Y., 86); to compel payment of Teachers' salaries (158 N. Y., 125), or to compel an increase of salary or reinstatement of Teachers (People ex rel. Murphy vs. Board, etc., 173 N. Y., 607, 167 id., 626); and certiorari proceedings have been brought to review certain acts of the Board (People ex rel. Hoffman vs. Board, etc., 142 N. Y., 62; People ex rel. Fisk vs Same, 142 id., 627). It is quite true that some of the special proceedings referred to above were not successful, but were denied or dismissed. That, however, was not for the reason that the defendant was not the proper party. The decisions in those cases were based upon the merits of the controversy or on some question of practice, and no one suggested that the suit or proceeding should have been brought against the City instead of the Board of Education, and that is the sole question with which we are now concerned.

It is very plain, therefore, that the contention on the part of the defendant that it is not the proper party to be sued cannot be sustained unless it be shown that some change has been made in the statute law on the subject by recent legislation. The contention of the learned counsel for the defendant is that a radical change has been effected in this respect, and that the law of fifty years has been superseded by the enactment of the present Charter, and it is upon this contention that this appeal must stand or fall. The following statement, taken from the printed argument in support of the appeal, clearly discloses the counsel's position with respect to the right to bring suits of this character against the Board of Education under the present charter: "What we urge in this contention is that the Legislature in making the Board of Education a member of one of the administrative departments of The City of New York have devolved upon the City itself, acting through one of its departments, the State functions which were formerly directly imposed upon the Board of Education as a separate public corporation. In this respect the Board of Education is similar to the Department of Health, the Police Department, the Department of Public Charities and the Fire Department. No more reason exists for holding that a common law action should be brought against the Board of Education than for holding that such actions should be brought against the members of the other Departments above named."

Surely, if this is a correct statement of the law, a great change has been made, which we would naturally expect to find clearly expressed in the new Charter, since it is in that Charter that we still find all the statutory provisions quoted above, and

notably that provision wherein it is declared that the Board of Education shall, in its corporate capacity, represent the entire school system. If the State has departed from the settled policy that has prevailed since its organization, of keeping the work of public education and the control and management of its schools separate and distinct from all other municipal interests and business by the selection of its own agents, and clothing them with corporate powers to represent the schools, such as school districts and boards of education, and has developed these powers and duties directly upon the City, we would naturally expect to find such a departure and notable change expressed in language so clear that no doubt would arise as to this change of policy. If the Board cannot be sued for Teachers' wages and the Teacher must resort to a suit against the City, then surely the Board must have sunk into a mere City agency and it no longer has any use for independent corporate powers. Public education then becomes a City function, exposed to the taint of current municipal policies, and to any and every general mismanagement that may prevail in City Departments.

But we still have the very plain provisions of the Charter declaring that the Board is representative of the entire school system, and has the power to administer all school funds, and is vested with the right to manage and control all school property, followed by the provision that "suits in relation to such property shall be brought in the name of the board of education." But the learned counsel for the defendant explains away all these provisions in his printed brief in the following words: "There is no express legislation as to the relation of the Board of Education to lawsuits except that under the provisions of this section suits affecting school property shall be brought in its name. There is no language anywhere providing that the Board of Education shall be a defendant in any case. The limit of express legislative sanction is that it can be plaintiff in a particular class of cases, which have relation to school property. This special provision on the subject excludes other cases, and in connection with the general provision in section 1614 of the Charter above quoted, impels the conviction that the Legislature intended that suits other than such as are here expressly mentioned should be brought against The City of New York."

The meaning of this proposition is that under the present charter the Board of Education may bring suits as plaintiff, but cannot be sued as a defendant, and when applied to this case it means that the Board may sue Teachers and others for breach of their contracts, but the Teachers and others cannot sue the Board for salary, wages or compensation. No argument is necessary to refute this proposition. The bare statement that a corporate body exercising full control and management of the schools and representing the school system in its entirety may bring suits in all matters relating to the schools, but cannot be sued upon claims or demands arising out of the management and conduct of the corporate business, is such an extreme and unreasonable, if not absurd, view of the legal relations between the Board and the Teachers, that the proposition refutes itself.

We have seen that the policy of this State for more than half a century has been to separate public education from all other municipal functions, and intrust it to independent corporate agencies of its own creation, such as school districts and boards of education, with capacity to sue and be sued in all matters involved in the exercise of their corporate powers. We have seen that during this long period of time this court and all the courts of this State have accepted this rule and acted upon it, and not until now, and in this case, has any question been raised with respect to the right of a Teacher to bring suit against the Board of Education to recover salary or wages. In no part of the State have suits of this character so frequently arisen as in The City of New York, under the Charter of that city, and in no instance has any doubt been suggested that the Board was not the proper party defendant, or that the City was. The learned counsel for the defendant must therefore be able to point to some new and plain provision of the present Charter that abolishes the long settled policy of the State, and reduces the Board of Education to a mere City agency, incapable of being impleaded in the courts as a defendant upon one of the contracts that it made for the employment of Teachers in the schools. He has been able to point out but two sections that even in his own view give the slightest support or color of support to his contention, and it will be seen that neither one of these sections when fairly examined has any effect whatever upon the powers, duties and obligations of the defendant, as they have always existed in successive charters and have been applied by the courts to actions of this character.

The first provision relied upon as a foundation for the radical change suggested is to be found in section 1644 and reads as follows: "All future suits by or against the city of New York as hereby constituted, or against any of the municipal and public corporations in this act united and consolidated, shall be in the corporate name of the city of New York." This section has not the slightest reference to the Board of Education, but simply points out how suits against The City of New York must be brought. It has no application whatever to this case, since this is not a suit against the City nor against any of the political divisions united and consolidated with it, but against another and independent corporation, namely, the Board of Education. The meaning and purpose of this provision is very obvious. Prior to the enactment of the present Charter the corporate name and style of the City was: "The Mayor, Aldermen and Commonalty of the City of New York," and all suits had to be brought against it in that name (Con. Act. sec. 26). In the enactment of the new Charter this provision, of course, had to be changed, and by the first section, the old City, with certain other cities, towns, counties and other political divisions, united and consolidated with it, are to form a new municipal corporation, to be known as "The City of New York." Having changed the name of the City and having abolished and taken into it various other municipal corporations theretofore existing, capable of bringing suits and being sued in the name by which they had been known before, the Legislature thought it wise and necessary to prescribe how and in what name or form the new City was to sue or be sued. There is nothing new in this provision. It was always the law under every Charter that suits by or against the City must be brought in the corporate name, and that it is all that this provision was intended to accomplish or does accomplish. It does not contain even the most remote suggestion that suits by or against the Board of Education, that had always been brought and maintained by or against that corporate body, were thereafter to be brought by or against the City, and does not touch such actions at all, but leaves them just where they were before. It is an erroneous idea to suppose that this provision of the Charter operated to make any change with respect to suits against the Board of Education which had always been maintained since the Board was organized and given the management and control of the school system.

The other provision of the present Charter which, it is said, is new and makes a radical change with respect to the proper party defendant in such actions as this, is to be found in section 96, where the administrative departments of the City, fifteen in number, are enumerated. The Board of Education is there called the "Department of Education," and the head of the Department is to be called the Board of Education, and shall consist of forty-six members (sec. 108). It is difficult to see how the mere listing of the Board of Education among the City Departments makes any change in its corporate powers, duties or liabilities. It possesses every power now that it ever had, and much more. The legal capacity to sue or be sued that was always inherent in it as a corporate body, and in terms conferred by express statute, has not been affected or taken away by calling it "the Department of Education." It is still the sole representative of the school system, with exclusive powers to control, manage and administer all school property and school funds. If enumerating the Board as a corporate body among the departments did not make it any greater than before, it certainly could not make it any less. It was not shorn of the capacity to be sued, which it always possessed, or of any of its powers or functions by being promoted to the dignity of a department. Moreover, the provision was not new. The Board of Education was made a City Department by the Charter of 1873, and under the Charter of Brooklyn, where this case originated, the Board of Education was always classified as one of the departments of the City, but no one ever before supposed that by conferring that title upon it the Legislature thereby deprived it of the capacity to be sued, which is a common characteristic of all corporate bodies.

But it is said, and this is the reasoning process in support of the argument, that since an individual head of a department cannot be sued for his official acts, it must follow that the head of a department being a corporate body is likewise exempt from such suits. That argument rests entirely upon a non sequitur. The head of a City Department who is a natural person is a mere agent of the city: his acts are the acts of the City and the City alone is responsible for them, but the Board of Education is an independent corporate body, created for the particular purpose of exercising specific statutory powers as the sole representative of the school system, and its acts are in no sense the acts of the City, and the City is not responsible for them, as this Court has often held. The Board is the lineal successor of the old School Districts, with powers much enlarged, and it might just as well be argued that these districts in the rural part of the State could not be sued, but that the action must be brought against the village, the town or the county. If a great corporate body exercising such vast powers as are conferred upon this defendant cannot be sued for the wages of teachers that it employs, it would be difficult to justify such actions against the School Districts in other parts of the State. But the argument that the defendant's capacity to be sued is lost in consequence of placing it upon the list of City Departments, if it proves anything at all, proves too much. If it proves that the defendant cannot be sued in matters relating to the schools, it must prove that it cannot sue. If it proves that the Board cannot be made a defendant, it must prove that it cannot be a plaintiff, since the individual head of a City Department has no more capacity to sue than to be sued. The reasoning and argument by means of which it is sought to establish the proposition that a corporate body charged with the duties and intrusted with powers to conduct a system of public education in the chief City of the State, is capable of bringing suits in all matters relating to the corporate functions, but incapable of being made a defendant in suits by others in matters growing out of the exercise of these functions, is certainly not very powerful or persuasive. From whatever point this contention is viewed, it will be found to be without any legal basis. The facts stated in the complaint and admitted by the demurrer constitute a good cause of action against the defendant, but no cause of action whatever against the City. The demurrer was not well taken and hence the judgment of the learned Court below overruling it is right, and should be affirmed, with costs.

These views sufficiently cover the questions certified.

DOCUMENT "N."

General Repairs and Furniture and Repairs of

Board of Education,
Park Avenue and Fifty-Ninth Street,
August 17, 1909.

Hon. JOHN GREENE, Chairman of the Committee on Finance:

Dear Sir—On behalf of the Committee on Buildings I have the honor to transmit herewith the estimate of funds required for the maintenance of buildings, equipment, and plant, etc., under the control of the Board of Education.

In brief, there will be required, in the judgment of the Committee on Buildings, the following named sums for the purposes designated:

General repairs	$1,270,810 45
Furniture and repairs of	218,582 00
Fire alarms	5,355 00
Pianos and repairs of	45,800 00

In presenting this estimate the Committee on Buildings desires me to call attention to the method adopted, on which the items for General Repairs and Furniture and Repairs of have been complied. To explain this satisfactorily it will be necessary to refer briefly to the method which has prevailed in former years. Hitherto estimates have been compiled in the following manner:

Acting under orders from the Committee on Buildings, through the Superintendent of School Buildings, the Divisional Inspectors have been required to examine into the necessities of the various buildings and plant, and present, in the form of field notes, a description and itemized estimate of the repairs, etc., which, in their judgment, they deem necessary to be performed for the purpose of placing the premises, etc., in good condition. These field notes have then to be carefully scrutinized by the Deputy Superintendents, with the view that their local knowledge of conditions should be used to reduce the extent of the repairs, and the consequent expense therefor, to a minimum. In addition, the various experts in technical building branches, employed as Chiefs of Divisions, also carefully scrutinize the field work of the Inspectors, with the view of eliminating any items suggested as necessary to be done, but which could be performed by some other method or manner, and at reduced expense. With the further view of reducing the total estimate expense, the Superintendent of School Buildings also studies the situation, to the end that such work as might be safely put over until the next year, and still leave the buildings and premises, etc., in fairly good tenantable condition, be eliminated. From this you will perceive that every effort has been made in a practical sense to reduce the maintenance requirements to a minimum basis.

While in the estimation of the Committee on Buildings the foregoing described method is undoubtedly practical and efficient, at the same time an estimate based upon these lines does not appear to meet altogether with responsiveness from the City authorities who have in charge the shaping of the City finances, so that the Committee on Buildings invariably faces a Budget deficit when the municipal estimate has been finally adopted, rendering it necessary to revise the already reduced lists of repair work in order that the sum allowed may be used only for the most pressing needs and exigencies.

In the presentation of the current Budget, the Committee on Buildings has formulated a new and possibly a more simple method, with the hope that it will meet the practical approval of the City authorities, to the end that the items requested will be allowed intact, and thus render unnecessary the usual task of shaping and fitting referred to when describing the former method.

The Board of Education, has, at an expenditure of much labor and time, succeeded in extracting from its records, covering upwards of half a century, the approximate cost of the entire school plant, not with the idea of presenting its intrinsic value, because that would involve an appraisal by real estate and other experts, but with the view of ascertaining, broadly and comprehensively, the amount of capital investment (of course, excluding cost of sites for the purposes herein referred to). This furnishes, from a real estate and business standpoint, a basis for the annual setting aside of a fair sum to be expended for the maintenance of the school plant.

The next question to be decided was the ratio or percentage which should be applied to the amount of the capital investment in order to produce a sum sufficient for the general needs involved. It was at once realized that conditions vary in the several boroughs; in other words, the individual borough school plants are not of precisely the same type or character, and they further vary internally, so far as the boroughs are concerned, more or less, by reason of the size of the total plant and the proportion of brick and frame structures; the age and present condition of the various borough school plants also enters into the problem.

In the Boroughs of Manhattan, The Bronx and Brooklyn, it was ascertained that the school plants were of such a character as to require the setting aside of a lesser ratio or percentage for maintenance than in the Boroughs of Queens and Richmond, so that, looking at the proposition from the standpoint of care and management of real estate, it was, after due consideration and deliberation, decided that the product of 1½ per cent. on the capital cost would be fair and sufficient for the purposes, assuming that this basis was adopted permanently, year in and year out.

In the case of the Borough of Queens, conditions are varied, the school plant consisting of almost every kind and type of building, etc., from an antiquated frame building to modern structures which have been erected in comparatively recent years. In addition, the Borough of Queens is a territory of great distances, and the expenses for maintenance of buildings must necessarily be greater by reason of difficulties in obtaining the services of contractors and repair men, who have to travel somewhat far afield to reach the location of their labor. With these conditions in mind, the Committee on Buildings believes that 2¼ per cent. on the capital cost allowed annually would produce a fair and reasonable sum for the maintenance of the school plant in the Borough of Queens.

In the case of the Borough of Richmond, which contains the smallest of our school plants, conditions similar to those in the Borough of Queens prevail, with this exception, that the territory of itself is isolated and contractors and repair men are necessarily required in many instances, to come from other Boroughs in order to accomplish the work to be done as the Borough itself hardly contains the quantity or kind of help to cover all the requirements incidental to the management of the school plant. Having in mind the conditions cited, the Committee on Buildings believes that 2¼ per cent. allowed annually on the basis of capital investment would produce a sum sufficient to cover the needs of the Borough of Richmond for maintenance purposes.

Speaking collectively now of all the Boroughs, the Committee proposes to divide the sums produced on the percentage basis into two classifications, namely: (1) General Repairs, and (2) for Furniture and Repairs of, and presents in detail in the estimate its best judgment as to how the money should be spread over the various school plants in the several boroughs, so that all school buildings, etc., will receive a fair proportion thereof, having in mind the actual needs and conditions prevailing at this time.

So far as relates to the items Pianos and Repairs of and Fire Alarms they are of special character, and cannot be included as a part of the general annual maintenance scheme as formulated, because such items are either largely discretionary, or else, as in the case of Fire Alarms, a matter of expediency, and always subject to arbitrary directions from the Fire Department as to installations, extensions or rearrangements; and they have no actual bearing upon the case from a strictly real estate standpoint, although the Committee on Buildings has in mind the great importance of fire alarms for the protection of life and property.

The Committee on Buildings has desired me to present this important subject in extenso, believing that the new method should appeal to the Board of Estimate and Apportionment, and all civic bodies and taxpayers interested, as a practical and, it is believed, satisfactory way of providing means for the maintenance of the school plant, looking at it from the same viewpoint as prevails where large business and corporate interests exist, as in the case of railroad and other extensive plants.

Yours very truly,

FRANK D. WILSEY, Chairman of the Committee on Buildings.

Chapter 683, Laws of 1906, provides that the State shall apportion to the City certain moneys for books and apparatus in high schools, and for library books in elementary schools, provided the City raises and expends an equal amount. The basis of State apportionment is as follows:

1. An amount equal to the sum of $250 multiplied by the total number of high schools and high school departments maintained by the City during the school year 1908-1909.

2. An additional amount equal to the sum of $2 multiplied by the total number of duly licensed Teachers employed in the public schools of the City for the legal term (160 school days) during the school year 1908-1909.

The figure submitted below represents the maximum amount which the State can apportion to The City of New York:

19 high schools and high school departments at $250 each	$4,750 00
16,978 duly licensed Teachers employed for the legal term (160 school days) during the school year 1908-1909, at $2 each	33,956 00
Total, libraries and libraries and apparatus, Regents' Schools.	$38,706 00

Special School Fund (Schedule No. 11).

Music for Evening Roof Playgrounds.

Estimate, 1910	$17,280 00
Appropriation, 1909,	9,504 00
Increase	$7,776 00
(81.818 per cent.)	

Music for Evening Roof Playgrounds—	
20 Leaders, 48 *nights*, at $6 *per night*	$5,760 00
80 Musicians, 48 nights, at $3 per night	11,520 00
Gross total, Music for Evening Roof Playgrounds	$17,280 00

The increase asked will provide for the opening of nine (9) new evening roof playgrounds in 1910.

Lighting.

The funds for lighting school buildings have been diverted from the control of the Board of Education since 1902. As the control, management and administration of these funds is the legal function and duty of the Board of Education, the item is again inserted in the Budget of this Department for the year 1910. (See opinion, Court of Appeals, in the matter of Gunnison vs. Board of Education, 176 N. Y., 11, 17; and opinion, Supreme Court, Special Term, Part IV., in the matter of The United Electric Light and Power Company vs. Board of Education, Law Journal, May 18, 1909. These opinions are printed as Documents "L" and "M," front of this volume.)

In view of the fact that the Board of Education ceased control of its lighting funds in 1902, information was sought from the Department of Water Supply, Gas and Electricity as to its estimate of the cost of lighting public school buildings for 1910. The Department of Water Supply, Gas and Electricity was not in a position to give its figures for 1910 at the time, its Budget being then in course of preparation. In order to close the Budget of the Department of Education in time for early presentation to the Board of Estimate and Apportionment, the following figures are tentatively submitted for the year 1910. These figures are those submitted by the Department of Water Supply, Gas and Electricity in its Budget for the year 1909:

Manhattan and The Bronx	$205,000 00	
Brooklyn	53,000 00	
Queens	10,000 00	
Richmond	6,000 00	
Total, lighting		$274,000 00

Power.

The funds for power in school buildings have been diverted from the control of the Board of Education since 1902. * For the year 1910, it is proposed to pay the salary of the Messenger from this account, instead of "Compensation of Janitors," as heretofore, the nature of his services being such as to make his salary a more proper charge against the office of the Secretary. For purposes of comparison, the salary paid is inserted in each of the above columns.

* On January 1, 1909, there were three (3) vacancies: 1 Clerk at $1,200, 1 Clerk at $900 and 1 Clerk at $600. The vacancy Clerk at $1,200 was filled May 26, 1909, by promotions, as required by Civil Service rules, and the appointment at the foot of a $300 Office Boy. The funds saved on the $1,200 vacancy to May 26, 1909, and the full amounts of the $900 and $600 vacancies to this date have been utilized to defray the cost of hiring temporary Operators for Elliott-Fisher tabulating machines used in connection with the transmission of vouchers to the Comptroller's office, for the extra cost of which no appropriation was made for 1909. In the meantime it has been impossible to fill the $900 and $600 vacancies, to the detriment of the clerical branch of the work.

† One of these persons has been appointed permanently, to take effect July 13, 1909.

* Decrease.

Note—Attention is called to the fact that the items indicated hereon as "Salary Increases" in 1908 and 1909 are due, without exception, to promotions within the office to fill vacancies caused by resignation or transfer of senior employees. Such promotions are obligatory under Civil Service rules, and while, as indicated, individuals have received greater compensations, such changes have been through advancement to higher positions, and are *not* "Salary Increases" without change of duties Such changes have involved no increase in the annual rate of the payroll.

Note—Attention is called to the fact that the item listed hereon as "Salary Increase," 1909, is a change incidental to the cessation of service of an employee. Such change does not increase the annual rate of the payroll. The item of "Salary Increase," 1908, is due to the fact that a person receiving $1,200 per annum was erroneously included in the appropriation for 1909 as receiving $1,050 per annum.

* Decrease.

Note—Attention is called to the fact that some of the items listed hereon as "Salary Increases," 1908 and 1909, are changes incidental to the cessation of service of senior employees, and the consequent promotions of the next in rank, in accordance with Civil Service rules. In a few instances funds made available by the cessation of service of employees have been partly used to increase salaries and thus retain the services of employees who had been offered positions in other departments at higher rates of salary than paid by the Board of Education.

* It is proposed in 1910 to pay the salary of the Engineer Assistant to the Superintendent of School Buildings, the salary of the Electrical Inspector and the salaries of five (5) Clerks at $300 each from this account instead of from Corporate Stock, as heretofore, the nature of their services being such as to make it more proper to charge their salaries to Administration. For the purpose of comparison, however, the salaries of these persons have been placed in each of the above columns, provided they were in the employ of the Board of Education on the respective dates indicated.

THE CITY RECORD.

OFFICIAL JOURNAL

OF THE CITY OF NEW YORK.

There shall be published daily, Sundays and legal holidays excepted, under a contract to be made as hereinafter provided, a paper to be known as the CITY RECORD. And said CITY RECORD, and the newspapers now by law designated as corporation newspapers in the present City of Brooklyn, shall be the only papers to be included within the term corporation newspapers, as the same is used anywhere in this act; . . . . There shall be inserted in said CITY RECORD nothing aside from such official matters as are expressly authorized. . . . . All advertising required to be done for the City, except as in this act otherwise specially provided, and all notices required by law or ordinance to be published in corporation papers, shall be inserted at the public expense only in the CITY RECORD, and the publication therein shall be a sufficient compliance with any law or ordinance requiring publication of such matters or notices. . . . . The Comptroller shall cause a continuous series of the CITY RECORD to be bound as completed, quarterly, and to be deposited with his certificate thereon in the office of the Register of Deeds of the County of New York, in the County Clerk's office of said County, and in the office of the City Clerk, and copies of the contents of any of the same, certified by such Register, County Clerk or City Clerk, shall be received in judicial proceedings as prima facie evidence of the truth of the contents thereof.—§1526, *Greater New York Charter.*
