CLIMATE INNOVATION HUB AT THE BROOKLYN ARMY TERMINAL (BAT) RFP - Request for Proposals - PIN# 10572 - Due 7-18-24 at 11:59 P.M.

The New York City Economic Development Corporation ("NYCEDC"), on behalf of the City of New York (the "City"), will award up to \$100 million of City Capital to support the design and development of an up to 112,000 square foot ("SF") Climate Innovation Hub (the "Hub") at the Brooklyn Army Terminal ("BAT").

This Request for Proposal (RFP) seeks a Consortium of organizations to develop and operate the Hub led by a Lead Respondent. Consortium will consist of one or more stakeholders responding together to this RFP with key expertise in accelerator/incubator operations, real estate operations, lab/prototyping facility operations, pilot testing facility operations, an academic or R&D institution, workforce/talent development organization, business development entity, or a financial investor to develop, launch, and support the Hub. The Lead Respondent must be well capitalized and have strong fundraising capabilities; robust experience designing or operating real estate is also strongly preferred but not required. The Lead Respondent will be the point of contact, financially backstop the lease with EDC, and be accountable for the overall design and management of the Hub.

Successful proposals will put forward plans for a new space to incubate and accelerate climate tech businesses and create employment and training opportunities for New Yorkers. The Hub will enable these goals through catalytic business growth programs, advanced manufacturing facilities for prototyping and product development, piloting opportunities, and workforce development initiatives. Compelling proposals will also include plans to develop ecosystem partners across the private and public sectors; attract resources and investment to the local climate tech ecosystem; and implement a business model for the Hub to become financially self-sufficient.

NYCEDC plans to select a Consortium of organizations on the basis of factors stated in the RFP which include but are not limited to: adequately responding to each Hub goal, demonstrating effective return on investments to the City by delivering on policy and economic development goals, demonstrating feasibility and potential of proposed Hub development, ongoing operations & management plan, and quality of respondent team.

It is the policy of NYCEDC to comply with all Federal, State and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-

owned Business Enterprises (MWBES) share in the economic opportunities generated by NYCEDC's projects and initiatives.

NYCEDC encourages meaningful participation by Women-Owned Business Enterprises ("WBEs") and Minority-Owned Business Enterprises ("MBEs") (WBEs and MBEs collectively referred to as "M/WBEs") in its contracting opportunities. It is anticipated that this may not be a requirement of the Agreement(s). However, if the Chosen Respondent will be leading the Capital Work, it is required to include a plan that outlines the use of M/WBEs in the Project.

PRE-QUALIFIED LIST (PQL) PROGRAM FOR VARIOUS TRADES

NYCHA is currently accepting applications for Pre-Qualified List

(PQL) program for various trades.

A PQL is a tool that NYCHA will use to qualify vendors and contract goods or services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish contracting opportunities, and the PQL will predominantly be used to procure goods or services for those contracts. Vendors who apply to those bids must pre-qualify according to specific criteria, and vendors who are admitted to the PQL can bid on contracts.

Currently NYCHA has established six (6) PQL lists for the Closed-Circuit Television (CCTV), Carpentry, Painting, Lead Based Paint (Assessment and Abatement, Inspection and Assessment & Lab Analysis), Plumbing and Electrical.

All vendors interested in NYCHA's PQLs must follow two (2) important steps:

First, vendors must prepare and submit applications to the PQL: To pre-qualify, vendors must meet the minimum requirements listed on the Request for Qualification of the select PQL. Applications will be evaluated by NYCHA on a rolling basis.

Second, vendors who are admitted to the PQL can then bid on solicitations for services on the PQL: Vendors must bid on each contract award, as these are not guaranteed.

For more information regarding PQLs and to obtain applications, please visit NYCHA's website at: <https://www.nyc.gov/site/nycha/business/nycha-pql.page>

AMMUNITION FOR NYPD TRAINING BUREAU - Intergovernmental Purchase - PIN# 05624O0005001 - AMT: \$32,031.18 - TO: Thomas J Morris III, 1707 Third Street, Thorofare, NJ 08086.

The New York City Police Department's Training Bureau Firearms and Tactics Section is New York City's leading firearms proficiency training facility for all New York City police officers. In addition to training the Department's patrol officers, the NYPD's Firearms and Tactics Section also trains and oversees quarterly rifle qualifications for the Department's Emergency Services Unit, in addition to various other units that maintain a rifle qualification status. The Emergency Services Unit officers are qualified on a variety of weapons, one of which are long-range rifles. The Emergency Service Unit has recently purchased a large number of new rifles that need to be zeroed in, inspected for operability and function tested by the Firearms and Tactics Section. Currently, the Emergency Services Unit qualifies using two different rifles, a bolt-action and a semi-automatic rifle. Both rifles do, however, use the same .308 caliber cartridge. Due to these factors, the Firearms and Tactics Section is requiring a larger quantity of .308 caliber ammunition than has been purchased in the past. The NYPD's Firearms and Tactics Section is endeavoring to purchase 41,400 cartridges (207 cases) of .308 cal-GM308M-168gr. Sierra Matchking

Boat Tail Hollow Point to ensure that there will be enough of this ammunition to conduct all necessary inspections/testing and qualifications.
