WM. H. CLARK, Counsel to the Corporation.

BOARD OF COMMISSIONERS CONSTITUTED BY CHAPTER 299, LAWS OF 1890, AS AMENDED BY CHAPTER 414, LAWS OF 1892, TO SELECT AND LOCATE A SITE FOR, AND TO ERECT THEREON, A NEW MUNICIPAL BUILDING, IN THE CITY HALL PARK, OR ON THE LAND ADJACENT THERETO.

At the call of the Mayor, the Board met at the Mayor's Office, at 12 o'clock M., on Thursday, March 30, 1893.

Present—Thomas F. Gilroy, Mayor; Theodore W. Myers, Comptroller; and Thomas C. T. Crain, Chamberlain—Commissioners of the Sinking Fund; and Patrick J. Scully, Deputy County Clerk; Ferdinand Levy, Register, and Frank T. Fitzgerald, Surrogate.

The minutes of the meeting held January 11, 1893, were read and approved.

The Committee appointed to make arrangements for preparing and for advertising for plans and specifications of the new Municipal Building presented the following report, together with "Notice to Architects," and "Instruction to Architects," etc.:

NEW YORK, March 29, 1893.

To the Board of Commissioners constituted by chapter 299 of the Laws of 1890, amended by chapter 414, Laws of 1892:

GENTLEMEN—At a meeting of your Board held January 11, 1893, a resolution was adopted locating the site of the New Municipal Building, to be erected in the City Hall Park, pursuant to chapter 299, Laws of 1890, as amended by chapter 414, Laws of 1892, "in that part of said park situated and lying south of the New County Court-house, west of Park Row and east of Broadway, said building to face southward."

The undersigned, by resolution adopted by the Board at the same meeting, were appointed a committee "to make the necessary arrangements for preparing and advertising for plans and specifications" of the said building "upon the site in the City Hall Park, selected and described in the foregoing resolution, and to submit a report to the Board with a recommendation as to exact lines of the site proposed to be occupied by the said building, and other particulars in regard thereto."

The Committee, under the authority given by a resolution adopted by the Board at the same meeting, "to consult experts for professional advice in regard to plans for such building, and the best means of inviting and securing designs for the same," secured the services of three architects eminent in their profession, viz.: Messrs. Richard M. Hunt, William R. Ware and N. Le Brun.

After a most careful consideration of the question of site, and a thorough study of the matter in all its bearings, in which they have had many consultations with the gentlemen above named, the Committee recommends the site approved by the Consulting Architects, shown on the accompanying diagram, as in their opinion the very best that can be fixed upon.

This site differs from that first adopted only by extending wings to within fifty feet of the curb-line on Chambers street.

One of the chief advantages of this site is that the southern front, being nearly on a line with the present City Hall, the open space to the south will not be materially interfered with.

Fine fronts are obtained on Broadway, Centre street and Park Row, and a broken front on Chambers street.

As the wings are not to approach nearer to the Court-house than sixty feet, the light and air of that building will not be obstructed, and the space between it and the new building will form an ample court yard.

All the fronts are capable of great architectural development.

The "Notice" and "Instructions" to Architects, herewith submitted, have been prepared with great care by the Consulting Architects and minutely revised by the Committee, and it is believed that all the necessary points have been presented. It will be observed that the architects are left free in the preparation of their designs, the only restrictions being that they shall confine themselves to the lines given; that the building shall be of marble; that the basement story shall be at least twenty feet in height and the floor two feet above the highest point of the plot; that the building shall be five stories in height, including the basement and attic; that the room area of each floor shall be about 60,000 square feet, and that certain openings shall be left for pedestrians.

The style of the drawings, as given in the lithographs, calls for no other elaboration than is necessary to present architectural effects.

The Committee submit the following.

THEO. W. MYERS, Comptroller.
P. J. SCULLY, Acting County Clerk.
FRANK T. FITZGERALD, Surrogate.
Committee of the Board of Commissioners.

NEW YORK, March 29, 1893.

Hon. THOMAS F. GILROY, Mayor, President of the Board of Commissioners:

SIR—The undersigned, Consulting Architects, respectfully submit the inclosed Notice and Instructions for the guidance of architects in submitting designs in competition for the proposed Municipal Building, in the City Hall Park.

RICHARD M. HUNT.
WILLIAM R. WARE.
NAPOLEON LE BRUN.

PLANS FOR A MUNICIPAL BUILDING IN THE CITY OF NEW YORK.

NOTICE TO ARCHITECTS.

In accordance with the provisions of chapter 299 of the Laws of 1890, entitled "An Act to amend chapter 323 of the Laws of 1888, entitled 'An Act to provide for the erection of a building for certain purposes relating to the public interests in the City of New York,'" and chapter 414 of the Laws of 1892, amending the same, the Board of Commissioners thereby constituted will, until 12 o'clock M. the first day of September, 1893, receive plans and specifications for a new municipal building provided for in said statutes to be erected in the City Hall Park.

In the examination and judgment of the designs the Board of Commissioners will be assisted by a committee to be selected by the said Board from a list nominated by the New York Chapter of the American Institute of Architects and the Architectural League of New York. This committee will consist of three competent architects who do not take part in the competition.

Five equal premiums of two thousand dollars each shall be awarded to the authors of the designs adjudged by the Board of Commissioners to be the second, third, fourth, fifth and sixth best of those submitted, and the author of the designs adjudged to be the first best by the said Board of Commissioners will be appointed Architect for the construction of the building, provided his professional standing is such as to guarantee a proper discharge of his duties. He will be paid a commission on the total cost of the work, namely, five per cent. on the first \$1,000,000 of the cost, four per cent. on the second \$1,000,000, and three per cent. on the remainder.

Each set of drawings is to be accompanied by a brief specification of the materials proposed to be employed, and of the mode of construction and of heating and ventilation to be adopted, and of the manner of lighting.

An approximate estimate of the cost of the building is also to be submitted.

No plans or papers submitted are to have upon them any mark by which they can be known, but there shall be sent with them a sealed letter, addressed in typewriting to the Mayor, giving the author's name and address. This letter will not be opened until the awards shall have been made. The drawings and papers will be known by numbers corresponding with numbers given to the letters.

The conditions under which this competition is to be conducted, and the requirements of the Board, are described in a paper entitled "Instructions to Architects," which may be obtained, on application, at the Comptroller's Office, No. 280 Broadway.

NEW YORK, March 30, 1893.

INSTRUCTIONS TO ARCHITECTS.

In preparing plans for a building to be erected in the City Hall Park, in conformity with chapter 299, Laws of 1890, and chapter 414, Laws of 1892, amending the same.

CONDITIONS.

All architects are invited to present designs for the building.

These designs will be submitted to a Committee of Architects, three in number, who have not taken part in this competition, to be appointed by the Board of Commissioners from lists furnished by the New York Chapter of the American Institute of Architects and the Architectural League of New York, who will examine them, and select those which they find to be the best, six in number, which they will name to the Board, with their comments.

The Board will then make its decision as to which design is the best, and will appoint the author thereof architect of the building, provided his standing be such as to guarantee a proper discharge of his duties.

The architect so appointed will make the detail plans and specifications, will supervise the work, and during construction will have control of all matters of arrangement and design, and all alterations and changes therein, as well as of all work of sculpture and decoration, subject to the approval of the Board of Commissioners before the work is done.

For these services he shall receive compensation at the rate of five per centum upon the first \$1,000,000, four per centum upon the second \$1,000,000 and three per centum on the remainder of the cost of the building. These shall be estimated upon the total amount of the contract or contracts, and shall be paid to him in installments in accordance with the schedule approved by the American Institute of Architects.

In the event of the author of the selected design being, for any reason, an unsuitable person to be put in charge of so important a work, the Board of Commissioners reserves the right to associate with him some other architect, to be agreed upon between him and the Board, and to divide the compensation between the two, according to the division of the work and of the responsibility.

The competing architects will submit with their designs an approximate estimate of the cost of the work, and a descriptive specification of the materials proposed to be employed, and of the mode of construction and of heating and ventilation to be adopted, and of the manner of lighting.

All rejected drawings, including the five which receive premiums, will be returned to the competitors, when the selection has been made, and they will not be shown to the other competitors, nor to the public, without the consent of their several authors previously obtained in writing. Nor shall anything shown in any of the rejected designs or otherwise suggested by any one of the unsuccessful competitors, which is original with him as to this competition, be adopted and made use of in the building without the consent of its author and proper remuneration being made him, the amount thereof to be agreed upon between him and the Commission, and in case of disagreement to be referred to their professional advisers, whose decision shall be final, not only in regard to the amount to be paid, but as to the real existence of any such claim.

Any information which the Board may find proper to communicate to any one of the competitors, in answer to questions or suggestions, will be made in print, and will be simultaneously communicated to all the rest, through the medium of the CITY RECORD. Such questions or suggestions must be made before the 1st of July, 1893, and should be addressed to the Mayor.

The final action of the Board of Commissioners will be announced in the CITY RECORD.

REQUIREMENTS.

The building is to stand in the City Hall Park, from which the present City Hall will be removed. As shown in the accompanying diagram, no portion of the building is to come within fifty feet of the line of the curbstone on Park Row, on Centre street, on Chambers street or on Broadway, nor within sixty feet of the easterly and westerly main lines of the County Court-house, nor, between the wings, to come north of a line drawn parallel to the southerly line of the Court-house and fifty feet distant from its extreme southerly face, nor south of a line drawn parallel therewith through the most southerly point of the present City Hall.

An ample thoroughfare for foot passengers going to and from the Brooklyn Bridge is to be provided between the Court-house and the north front of the main portion of the new building, with adequate passageways to Broadway and Centre street through the east and west wings.

The building is to be of marble, and is to be five stories in height, including an attic and a basement. The floor of the basement is to be two feet above the level of the ground, at the highest point of the plot.

It is desirable that none of the courts that are provided for light and air shall be inclosed on more than three sides.

The building is to be fire-proof throughout, and the portions to be occupied by the Register, the County Clerk and the Surrogates will be specially constructed with a view to give the greatest security for the records.

The heating, ventilation and lighting, and the elevator service, will be by the best methods.

The total accommodation required for the present needs of the City is about 270,000 square feet. This can be obtained in three stories, giving about 60,000 square feet each, besides a basement and an attic, and the requirements hereinafter stated are based upon this estimate. But the business of the City Government will in the future require additional space, to the extent of from 50,000 to 100,000 square feet.

The designs submitted should accordingly exhibit, if possible, an available floor space in each story, inclusive of mezzanines or half-stories, and exclusive of corridors, stairways and partitions, amounting to 70,000 square feet, more or less, so that it may not be necessary to have any considerable portion of the building more than five stories high. This extra space may be indicated upon the plans as unoccupied.

The sub-basement or cellar is to contain the heating apparatus and machinery and storage for coal. It is also to contain safety vaults, such offices as may suitably be placed there, and storage for the Department of Public Works.

The basement will contain accommodation for the City Paymaster, the Receiver of Taxes, the Department of Taxes and Assessments, and the Board of Assessors, the Mayor's Marshal, the Water Register, and Water Purveyor, the Commissioners of Accounts, and the Commissioner of Jurors, for the CITY RECORD, and for the Police.

The basement should not be less than 20 feet high, in the clear, and should have a sufficient number of entrances on the level of the ground.

The first story will contain accommodations for the Finance Department, the Mayor's offices, the County Clerk, and for the Common Council.

The accommodations for the Finance Department will require a space of 26,000 square feet, which will be divided as follows:

| | |

| | |
|--|--------------------|
| Equity, Law, Certificate and Record Clerks (four rooms)..... | 3,000 square feet. |
| Cashier..... | 600 " |
| Searchers and Lis Pendens..... | 10,000 " |
| Recording Clerks..... | 4,000 " |
| Judgment Clerks..... | 2,400 " |

The accommodation for the Common Council will require a space of 10,000 square feet, which will be divided as follows:

| | |
|---------------------------|--------------------|
| Chamber..... | 3,000 square feet. |
| Four committee rooms..... | 2,000 " |
| Clerks..... | 1,000 " |
| Assistants..... | 2,000 " |
| City Library..... | 2,000 " |

The two Auditors' rooms and the Clerks' rooms of the Finance Department, the License Bureau of the Mayor's office, and the room for the Judgment Clerks of the County Courts, may be put into mezzanine or half-stories, if desirable.

The second story will contain accommodations for the Register, the Library, the Governor's room, which will also serve as a picture gallery, and for the Surrogate.

The accommodations for the Register will occupy a space of 28,000 square feet, which will be divided as follows:

| | |
|-----------------------------------|--------------------|
| Mortgages and deeds..... | 8,500 square feet. |
| Maps..... | 2,000 " |
| Searchers..... | 8,000 " |

| Clerks..... | 3,500 " |
| Private Offices for Register..... | 1,000 " |

The Surrogates' Library will occupy a space of 2,000 square feet.

The Governor's Room will occupy a space of 5,000 square feet.

The accommodation for the Surrogates' Courts will require a space of 25,000 square feet, which will be divided as follows:

| | |
|---|--------------------|
| Court room and private room..... | 3,000 square feet. |
| Court room and private room..... | 3,000 " |
| Surrogates' Clerks..... | 10,000 " |
| Chief Clerk..... | 600 " |
| Administration Clerks..... | 600 " |
| Surrogates' Assistants (two rooms)..... | 7,200 " |

The third story will contain accommodations for the Department of Public Works, the Counsel to the Corporation and for the City Court.

The attic will contain accommodations for the Park Commission, the Aqueduct Commission, and various commissions, for the records of the different Departments, for Janitor's rooms, for storage, and for such other purposes as may be required.

In the enumeration of these offices, those mentioned first are to be put upon Broadway, those last, upon Centre street.

DRAWINGS.

The following drawings are required, and these only will be received:

Plans of the first and second stories, and of the basement.

An elevation of the south front.

One perspective.

Two sections, one taken north and south, the other taken east and west, through the wings, showing the passageways to Broadway and to Centre street, and the rear elevation of the main portion of the building.

One block plan, showing the position of the building on the ground and its relation to the Court-house and the Post Office.

These drawings will suffice to show the distinctive character of the several designs submitted, and to enable the Commission to judge of their relative merits. It is assumed that if the arrangement of these three floors is satisfactory, the arrangement of the upper floors can be made so.

The plans, elevations and sections are to be drawn to a uniform scale of 16 feet to the inch.

The block plan is to be drawn to the scale of 64 feet to the inch.

The perspective is to show the building as it would appear to a spectator standing about 360 feet away, if the intervening buildings were removed. The principal vanishing points are to be taken 60 inches apart, and the front corner of the building set 22 inches from the left hand vanishing point. The centre of the picture or point nearest the eye will be half-way between the two vanishing points, or 8 inches from the corner of the building. The sides of the building will make an angle of 45 degrees with the plane of the picture. The scale of the vertical line at the nearest corner will be one-twelfth of an inch to the foot.

The perspective is to be drawn in line only—without shadows or shading, or any indication of texture, and there is to be no foreground or background, nor any figures or accessories, save that the position of the streets and sidewalks is to be shown. But a single figure is to be drawn to indicate the scale.

The elevations and the sections are to be drawn in the same way, no shadows being cast. A single human figure is to be drawn in each.

The accompanying lithographs show the style of draughtsmanship which must be adopted in these drawings.

The plans are also to be drawn in black and white, with the names and dimensions of the rooms written in each, the length and breadth as well as the square feet being written together in the middle wherever space permits. The lettering and figuring is to be plain and simple, like ordinary printing type. The walls and partitions are to be black. There is to be no indication of the decorative treatment of either floors or ceilings, but the halls, corridors and staircases are to be shaded with a flat tint of India ink.

These drawings are to be made upon sheets of Whatman paper, cut to a uniform size of 29 inches by 44 inches, surrounded by a single line for a border.

A brief, type-written description may accompany the drawings, calling attention to points of special importance.

No plans or papers submitted are to have upon them any mark by which they can be known, but there shall be sent with them a sealed letter, addressed in typewriting to the Mayor, giving the author's name and address. This letter will not be opened until the awards shall have been made. The drawings and papers will be known by numbers corresponding with numbers given to the letters.

The drawings are not to be framed, glazed or even mounted on cardboard, but are to be sent flat in a portfolio, expressage paid, and delivered at the Comptroller's office, in the Stewart Building, No. 280 Broadway, on or before Friday, the first day of September, 1893, at 12 o'clock M.

NEW YORK, March 30, 1893.

On motion, the report was accepted.

Whereupon the Comptroller offered the following:

Resolved, That the site for the New Municipal Building recommended by the Special Committee, as laid down on a diagram submitted with a report, together with a Notice and Instructions to Architects, be and hereby are adopted and approved.

Which were unanimously adopted.

The Comptroller offered the following:

Resolved, That the Comptroller be and hereby is authorized and directed to pay to Richard M. Hunt, William R. Ware and Napoleon Le Brun, Consulting Architects employed by the Committee on Site and Plans for the New Municipal Building, the sum of five hundred dollars each as compensation for their services, as agreed upon by said Committee.

Which was unanimously adopted.

The Comptroller offered the following:

Resolved, That, pursuant to the provisions of chapter 299 of the Laws of 1890, and amendments thereto, the Comptroller be and hereby is authorized and directed to issue bonds of the Mayor, Aldermen and Commonalty of the City of New York for the sum of five thousand dollars (\$5,000), payable from taxation and redeemable in not less than ten nor more than twenty years from the date of issue, and bearing interest at a rate not exceeding three per centum per annum, the proceeds of which bonds are to be applied in payment of the expenses connected with the erection of the New Municipal Building upon the requisition of the Board of Commissioners created by said act, and certified by them to be due, as provided in said acts, said bonds to be known as Consolidated Stock of the City of New York, under the authority of section 132 of the New York City Consolidation Act of 1882.

Which was unanimously adopted.

Adjourned.

GAS COMMISSION.

Minutes of the Proceedings of the Officers designated in Section 69 of the New York City Consolidation Act of 1882.

APRIL 5, 1893.

The officers designated in section 69 of the New York City Consolidation Act of 1882 met in the office of the Mayor at 12.15 o'clock of Wednesday, April 5, 1893.

Present—Hon. Thomas F. Gilroy, Mayor; Michael T. Daly, Commissioner of Public Works.

The minutes of the meeting of January 27, 1893, were read and approved.

The Commissioner of Public Works presented the following:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, }
NEW YORK, April 1, 1893.

Hon. THOS. F. GILROY, Mayor:

DEAR SIR—I have the honor to acknowledge receipt of the letter of 25th ultimo from your secretary, with the complaint addressed to you by Adolph Beer and others, in regard to the delay or failure to light Fourth avenue with electric lamps.

This is one of a long series of complaints which are due to the utter disregard by the East River Electric-light Company and its successor, the Thomson-Houston Electric-light Company of their contract obligations for more than a year past, despite all efforts on the part of this Department to enforce these obligations. The enclosed copy of the report made on the subject by the Superintendent of Lamps and Gas sets forth the situation.

Under the circumstances presented I respectfully recommend that the officers constituting the Gas Commission take decisive measures to compel the delinquent company to comply with the conditions of the contract or to forfeit the contract.

Very respectfully,
(Signed) MICHAEL T. DALY, Commissioner of Public Works.

BUREAU OF LAMPS AND GAS, }
NEW YORK, March 30, 1893.

Hon. MICHAEL T. DALY, Commissioner of Public Works:

SIR—In the matter of the annexed paper 979, from the Mayor, with letter from Adolph Beer and others complaining that Fourth avenue has not yet been lighted by electric lamps, I have to report:

That this avenue was included last year in the contract of the East River Electric-light Company (now Thomson-Houston Company), and frequent efforts were made by me to get the company to comply with its contract by lighting Fourth avenue; but, notwithstanding repeated promises were made by the company to light the avenue, the year expired without a lamp lighted.

In the bid received from this company in December last Fourth avenue was again included, and it is now in their contract. On the 3d instant I wrote to the company asking when they proposed to begin the lighting of this avenue, and they replied that they would light it within ten days.

Twenty-six days have now expired and no lamps have yet been lighted.

On March 23 Mr. Dexter stated that he expected to light this present week, but the week has nearly expired and yet no light.

The Thomson-Houston Company has also a contract to light Irving place, which is about to be paved, and also to light Church street, from Chambers to Canal street. Nothing is being done toward the lighting of these streets.

The only additional lamps lighted by this company are on Avenue A and First avenue, where they were allowed to light by overhead wires.

Yours respectfully,
(Signed) S. McCORMICK, Superintendent, Lamps and Gas.

Which was ordered on file.

The Mayor offered the following resolution:

Resolved, That the Thomson-Houston Electric Company be allowed ten days in which to commence the performance of the work under their contract with the City upon Fourth avenue; Bowery to Eighth street; Fourth avenue, Fourteenth to Forty-second street; Irving place; Church street, Chambers street to Canal street and Bryant Park.

Which was adopted by the following vote:

Affirmative—The Mayor, and the Commissioner of Public Works.

The Mayor presented the following paper:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, }
NEW YORK, April 4, 1893.

Hon. THOMAS F. GILROY, Chairman, Gas Commission:

DEAR SIR—In the matter referred to me by your Commission on January 27 ultimo, regarding the question whether less than 56 electric-lamps would be sufficient to light the streets of Woodlawn Heights, I beg to say I have report from the Superintendent of Lamps and Gas, as follows:

The blocks on the streets running north and south are 200 feet long, and the intersecting streets are 60 feet wide, making a distance of 260 feet between lamps placed at each street intersection, and lighting both streets. On Clinton and Willard avenues, and on Oakley, Kemble and Knox streets, the distances between lamps, with the allowance of 56 lamps, is from 365 feet to 465 feet, according to the length of the blocks, and these distances should not be increased if the light is to be effective.

On Grand avenue, the main thoroughfare between the station of the New York and Northern Railroad and the station of the New York and Harlem Railroad, the proposed average distance between lamps is 352 feet, and as there are several bends in the avenue the distance could not be increased without detriment to effective lighting.

The Superintendent of Lamps and Gas therefore expresses the opinion, in which I concur, that a lesser number than 56 electric lamps would not be sufficient for the proper lighting of the streets at Woodlawn Heights.

Very respectfully,
(Signed) MICHAEL T. DALY, Commissioner of Public Works.

Which was ordered on file.

After consideration of the matter, the question of lighting Woodlawn Heights was laid over.

The Mayor offered the following resolution:

Resolved, That one additional electric lamp be erected and lighted in Fifth avenue between each intersecting street, from Waverley place to Fifty-ninth street.

Which was adopted by the following vote:

Affirmative—The Mayor and the Commissioner of Public Works.

The Secretary presented the following petition:

NEW YORK, March 29, 1893.

To the Hon. Board of Lighting Commissioners of the City of New York:

GENTLEMEN—The undersigned property-owners on Franklin avenue, respectfully requests your Honorable Board to cause the necessary proceedings to be taken as early as possible for the lighting by electricity of Franklin avenue, from Third avenue to Crotona Park.

WILLIAM ENDEMANN, No. 1263 Franklin avenue.

JACOB STAHL, No. 1273 Franklin avenue.

And about 30 others.

The Secretary presented the following petition:

SPRINGHURST, NEW YORK CITY,
March 1, 1893.

To the Honorable, The Mayor and Common Council of the City of New York:

We, the undersigned residents of Springhurst, in the Twenty-third Ward of the City of New York, recognizing the many disadvantages which exist, as well as danger by accident, etc., to pedestrians and others, owing to the absence of any kind of light in our main thoroughfares, do hereby respectfully petition and request your Honorable Body to grant to us, and cause to be put in, as soon as possible, such accommodation in this respect as may be deemed adequate to our present requirements.

HENRY WISSILL.
WM. M. BROWNE.
HENRY JOHANNIS.

And about 50 others.

These two petitions were referred to the Commissioner of Public Works for report thereon.

On motion, the Board then adjourned.

S. McCORMICK, Superintendent Lamps and Gas, Secretary.

This committee will consist of three competent architects who do not take part in the competition.

Five equal premiums, of two thousand dollars each, shall be awarded to the authors of the designs adjudged by the Board of Commissioners to be the second, third, fourth, fifth and sixth, best, of those submitted, and the author of the designs adjudged to be the first best by the said Board of Commissioners will be appointed Architect for the construction of the building, provided his professional standing is such as to guarantee a proper discharge of his duties. He will be paid a commission on the total cost of the work, namely, five per cent. on the first \$1,000,000 of the cost, four per

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, or if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 1, No. 31 Chambers street.

MICHAEL T. DALY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET,
NEW YORK, April 4, 1893.

PUBLIC NOTICE CALLING FOR BIDS OR proposals for the privileges or licenses to sprinkle the public streets in the City of New York with water received and opened at the office of the Commissioner of Public Works on Monday April 17, 1893, at 12 o'clock noon.

A SEPARATE BID must be made for each of the sprinkling routes hereinafter described.

The bidder must state the amount which he proposes and agrees to pay for the license, over and above the amount which will be charged for the water consumed in sprinkling. The amount of each bid must be paid in advance at the time when the license is issued, and the charges for water, as established by the Commissioner of Public Works, must be paid monthly in advance.

The season for sprinkling the streets shall begin not earlier than April 25, 1893, and terminate not later than November 25, 1893, and the Commissioner of Public Works reserves the right to diminish the length of the season and to suspend sprinkling during the season whenever he deems it in the interest of the City so to do.

The Commissioner of Public Works also reserves the right to reject any or all of the bids or proposals.

In the sprinkling of the streets the following rules and regulations must be observed:

1st. The tin sprinkler attached to each cart shall conform in every respect to a pattern approved by the Department of Public Works, the holes to be in parallel rows, at least one-half inch apart, and of a size not to exceed No. 14 wire. The pattern can be seen at the office of the Water Register, No. 31 Chambers street, Room 2.

2d. THE NAME AND RESIDENCE OF EACH PERSON LICENSED TO SPRINKLE THE STREETS SHALL BE PAINTED ON BOTH SIDES OF THE CART IN BLACK LETTERS OF NOT LESS THAN TWO INCHES IN LENGTH ON A WHITE GROUND, AND NO ADVERTISEMENT WILL BE ALLOWED ON THE SPRINKLERS, UNDER PENALTY OF REVOCATION OF LICENSE.

3d. Permits for sprinkling carts, IF DRIVEN BY BOYS, will be immediately revoked.

4th. No license will be granted to any person not a resident of the City and County of New York.

5th. Each sprinkling cart shall be provided with a sound and proper piece of hose to conduct the water from the fire-hydrant to the cart, and such hose shall always be kept in order and free from leaks.

6th. Each person obtaining a permit for sprinkling shall keep the hydrants allotted to his use closed, except when obtaining water for use, and shall be responsible for any damage that may result from the use or abuse of them while in their charge; provided such damage shall not have been occasioned by others than those in the employ of said persons.

7th. Any person who shall obtain a permit shall pay to the Department of Public Works such sum or price as may be fixed by the Department for the water used during the season for sprinkling; the payments to be made monthly in advance and within the first week of each month.

8th. Each person obtaining a permit will be required to sprinkle the streets with SUFFICIENT WATER ONLY TO LAY THE DUST; DRENCHING THE STREETS WITH AN EXCESSIVE QUANTITY OF WATER WILL BE SUFFICIENT CAUSE TO REVOKE ANY PERMIT OR LICENSE.

9th. Every person who shall obtain a sprinkling permit will be required to confine himself strictly to his route; encroaching on other routes will not be permitted.

10th. No double-nozzle hydrants and no hydrants on any street paved with asphalt pavement shall be used.

11th. Any licensee violating any of the above rules and regulations will, at the discretion of the Commissioner of Public Works, have his license revoked, and will forfeit all moneys paid by him on account of the same.

No bid will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Commissioner of Public Works, or money, to the amount of one hundred dollars (\$100), as security for compliance with the conditions of the license. Such check or money must not be inclosed in the sealed envelope containing the bid, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no bid can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the license is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the license has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the license within the time aforesaid, the amount of the deposit will be returned to him.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
ROOM 6, NO. 31 CHAMBERS STREET,
NEW YORK, March 20, 1893.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office on Thursday, April 20, 1893, until 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR FURNISHING MATERIALS, BUILDING AND ERECTING PUMPING ENGINES, BOILERS AND APPURTENANCES FOR THE HIGH SERVICE WORKS AT THE NEW AQUEDUCT, BETWEEN TENTH AVENUE AND HARLEM RIVER.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or

other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 10, No. 21 Chambers street.

MICHAEL T. DALY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 21 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property who shall also be the owners of a majority of the property in frontage on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance in the sum of seven hundred (700) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of forty-five (45) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of thirty-five (35) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Two Thousand Six Hundred Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

CLASS I.
Labor of removing the outer portion of the existing Pier.
CLASS II.
Mud Dredging, about..... 10,000 cubic yards.
CLASS III.
Crib Dredging, about..... 4,000 "
CLASS IV.
Dredging Cribwork not filled in with
Stone, about..... 200 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 15th day of June, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day. All the old material taken from the structures to be removed under the contract will become the property of the contractor, and bidders must estimate the value of such material when considering the prices for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done in each class in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or esti-

mates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Six Thousand Dollars.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:—
1st. Bidders must satisfy themselves, by personal examination of the locations of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 15th day of June, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security

required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

To Hart's Island, on the East river or Sound; to Pelham Park, on the East river or Sound; to Riker's Island, on the East river or Sound; at the New York side of the Harlem river, between One Hundred and Fifty-fifth street and Dyckman street; to localities to be designated by said Commissioner on the East river or Sound, south of said Hart's Island; to localities to be designated by said Commissioner on the North or Hudson river, south of Yonkers; to localities to be designated by said Commissioner in the Bay of New York, not below the Narrows, or to localities to be designated by said Commissioner in Newark Bay, in the State of New Jersey, or in case of inability to reach either of said places by reason of the prevalence of ice, or for any other reason, then to dump the same at sea, and to conform to and obey all laws of the United States, of the State of New York, the ordinances of the Board of Aldermen and the Sanitary Code of the Board of Health touching the removal from said city to the several points of destination of such substances and material, and to hold the City harmless against damages incident to said towing, and in the event that the Commissioner shall so order, said substances and material shall be covered over while en route and be deodorized to prevent nuisance.

If any part of said substances and material should be required for filling-in purposes at other points than those designated above, they may be so used by the Department of Street Cleaning, but in that case are not to be towed by the contractor, nor charged for.

Such portion of the present plant of the Street Cleaning Department as consists of tugs and scows is to be sold at public auction to the highest bidder according to law, at a future date to be designated and duly advertised, when bidders on this contract will have the privilege of bidding for such plant.

Bidders are required to state in their proposals, verified under oath, their names, places of residence and places of business, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the above work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council head of department, chief of a bureau, deputy thereof, or clerk therein or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification attached to said proposal be made and subscribed by all the parties interested. Each proposal shall also be accompanied by the consent in writing, signed by the proposer and two householders or freeholders of the City of New York, giving their respective places of business and residences, or of a guarantee company incorporated under the Laws of the State of New York, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to such proposer they will become bound for its faithful performance in the amount of seventy-five thousand dollars, and will make, execute and deliver to the parties of the second part a bond in substance in the words and figures and to the effect as contained in the blank form of bond on file in the office of the Commissioner of Street Cleaning and referred to hereafter, and that if he, the person to whom said contract be awarded, shall omit or refuse to execute said contract, they will pay to the Mayor, Aldermen and Commonalty of the City of New York any difference between the sum to which he would be entitled to be paid according to his bid and that which the Mayor, Aldermen and Commonalty of the City of New York may be obliged to pay

to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, to the effect in substance that he is a householder or freeholder in the City of New York, and worth the above amount over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller. From the proposals so received, the Commissioner may select the bid or bids, the acceptance of which will, in his judgment, best secure the performance of the work, or he may reject any or all of said bids.

The person or persons to whom the contract may be awarded will be required to attend at this office with such sureties, and execute such contract and bond within five days from the date of the service on him or them of a written notice to that effect, either by leaving the same at either of the addresses given in the proposal, or by forwarding it by mail; and in case of failure or neglect so to comply, he or they will be considered as having abandoned such proposal and contract, and as in default to the Corporation, under the terms of such consent, whereupon the Commissioner of Street Cleaning may either make another selection from the bids or estimates submitted, or readvertise the work, as he may consider best for the public interest; but, in either event, the amount of deposit accompanying his proposal shall become forfeited to the Mayor, Aldermen and Commonalty of the City of New York.

If the person or persons to whom the contract may be awarded shall, after executing it and giving the bond, neglect or delay to commence the work, or any portion thereof, for twenty days, the Commissioner of Street Cleaning may perform the said work or any portion thereof for such period of neglect or delay, and charge the whole expense of the same against the said person or persons, and deduct the same from any amount due or to become due under the contract, at his option, or he may declare the contract abandoned and have recourse to the bond given.

Each estimate must be accompanied by a CERTIFIED CHECK ON A SOLVENT BANKING CORPORATION IN THE CITY OF NEW YORK, payable to the ORDER OF THE COMPTROLLER of the City of New York, for five per cent. of the amount bid for the performance of all the work required by said contract to be done in any one year. On the acceptance of any bid the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract and the bond called for the check of the accepted bidder will be returned to him.

The price for which the work will be done must be written in the bid and stated in figures, and shall be at a rate per cubic yard; measurements and estimates to be made by an Engineer appointed by the Commissioner of Street Cleaning, on the boats or scows of the contractor or contractors, at the several dumps or dumping places of the Department of Street Cleaning, as they are designated in the contract, or such other dumps as may thereafter be designated.

Bidders will be allowed, at their option, to bid a price per cubic yard upon the work as a whole in mass, or a separate price for each class of the work, the bid or bids being for the performance of the whole work, as hereinafter described and classified, to wit:

- First—For that to be dumped at Hart's Island, per cubic yard.
- Second—For that to be dumped at Pelham Park, per cubic yard.
- Third—For that to be dumped at Riker's Island, per cubic yard.
- Fourth—For that to be dumped at localities to be designated on the East river or Sound, south of Hart's Island, per cubic yard.
- Fifth—For that to be dumped at localities to be designated on the North or Hudson river, south of Yonkers, per cubic yard.
- Sixth—For that to be dumped at localities to be designated in the Bay of New York, not below the Narrows, per cubic yard.
- Seventh—For that to be dumped at localities to be designated in Newark Bay, in the State of New Jersey, per cubic yard.
- Eighth—For that to be dumped in the Harlem river; or
- Ninth—For that to be dumped at sea in case of ice in the rivers or prevention of dumping at the above designated places.

All bids must be made with reference to the form of the contract, and of the bond to be executed, printed copies of both of which, as far as can be, are on file at the Department of Street Cleaning, containing specifications, and copies may be had on application. Unless so referred to, such bids may be rejected.

Blank forms of the proposals may also be had on application at said Department of Street Cleaning, No. 280 Broadway, New York City, on or after the 24th day of March, 1893.

WILLIAM H. CLARK,
Counsel to the Corporation,
No. 2 Tryon Row, New York City.

In the matter of the application of the Mayor, Aldermen and Commonalty of the City of New York, for the appointment of Commissioners of Appraisal under chapter 114 of the Laws of 1892, passed March 9, 1892, entitled "An act to provide for settling and establishing permanently the location and boundaries of the avenue known as FORT WASHINGTON RIDGE ROAD, in the City of New York, and in relation to the improvement thereof."

NOTICE IS HEREBY GIVEN THAT, IN PUR-suance of the provisions of chapter 114 of the Laws of 1892 of the State of New York, entitled "An act to provide for settling and establishing permanently the location and boundaries of the avenue known as FORT WASHINGTON RIDGE ROAD, in the City of New York, and in relation to the improvement thereof," approved by the Governor on the 9th day of March, 1892, application will be made by the undersigned, Counsel to the Corporation, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, to the Supreme Court of the State of New York, at a Special Term of said Court, to be held in the First Judicial Department, at the Chambers thereof, in the County Court-house, in the City of New York, on the twenty-fourth day of April, 1893, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Appraisal.

The object of this application is to secure the appointment of three disinterested and competent freeholders, residents of the City of New York, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the real estate laid out or designated upon the maps made, certified and filed on the 4th day of November, 1892, in the office of the Register of the City and County of New York, and in the office of the Commissioner of Public Works, by the Commissioners appointed, pursuant to the third section of said act, as proposed to be taken or affected for the purposes named in the said act; and also to ascertain and determine the compensation

which ought justly to be made by the Mayor, Aldermen and Commonality of the City of New York to the owners or parties interested in the lands and premises having, upon the 9th day of March, 1892, a frontage upon the said road as originally laid out, or which the Commissioners of the Department of Public Parks intended should front thereon, but which have lost or been deprived of such frontage on the road as established by the Commissioners under the third section of this act, or otherwise injuriously affected by the action of said Commissioners or by any proceedings had under this act;

And also to appraise and designate in their report the compensation which should justly be made to the Mayor, Aldermen and Commonality of the City of New York, for any grant or conveyance to the owner of the contiguous property of all the right, title and interest of said city in and to the land heretofore acquired for said road, but outside of the lands thereof as established under this act;

And also to perform such other duties as are prescribed by the said act.

Notice is also given that, upon such application, the undersigned will present to the Court a petition, signed and verified by said Commissioners according to the practice of the Court, setting forth the action heretofore taken and the filing of said maps and praying for the appointment of such Commissioners of Appraisal, which petition will contain a general description of all the real estate to which title is sought to be acquired for said City for the purposes of this act, each parcel being more particularly described by a reference to the number of said parcel as given on said maps, and also the parcels belonging to the Mayor, Aldermen and Commonality of the City of New York heretofore acquired for said road, but lying outside or not included within the lines of the road as established by said Commissioners.

The real estate to which title is sought to be acquired by your petitioners as aforesaid for the purposes mentioned in the said act, chapter 114 of the Laws of 1892, are shown and described in separate parcels upon the maps filed as aforesaid by the Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12.
