A communication from Commissioner George E. Waring, Jr., with the statement of appropriation and expenditures in the Department of Street Cleaning, was received and ordered on file.

A communication from Comptroller Fitch, calling attention to the statement made by the Commissioner of Street Cleaning in respect to the Department appropriation since the report of the special committee, was received and ordered on file.

On motion, the following preambles and resolutions were adopted:

Whereas, The thorough cleanliness of the streets and prompt removal of ashes and garbage are necessary for the preservation of the public health of this city; and

Whereas, It appears from the communication of the Commissioner of Street Cleaning, this day received (a copy of which is forwarded hereto annexed), that the unexpended balance of the appropriation for the year for this purpose, viz.: one hundred and thirty-seven thousand five hundred and ninety-seven dollars and thirty-two cents per month, is insufficient to properly clean the streets and to promptly remove the ashes and garbage; and

Whereas, This Board is advised by a Committee of the Board of Estimate and Apportionment, consisting of the President of the Board of Aldermen, the Comptroller, the Counsel to the Corporation and the President of the Department of Taxes and Assessments, that the additional amount necessary for this purpose for the remainder of this year can only be lawfully appropriated pursuant to the authority vested in the Board of Health by chapter 535, Laws of 1893; therefore

Resolved, That, in the opinion of the Board of Health, the preservation of the health of the community requires that greater efficiency shall be maintained in the cleaning of the streets and the removal of ashes and garbage than can be obtained by the monthly expenditure of one hundred and thirty-seven thousand five hundred and ninety-seven dollars and thirty-two cents, that being the average unexpended balance for each month, for the remainder of the year, of the appropriation for that purpose.

Resolved, That this Board, pursuant to the authority conferred by chapter 535, Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the additional sum of eighty thousand nine hundred and thirty-eight dollars and sixty-six cents should be appropriated, for the month of July for the proper cleaning of the streets and the prompt removal of garbage.

Resolved, That the Board of Health expressly states that it does not ask for this appropriation of money to make good a deficiency in another Department caused by expenditures in excess of the amount appropriated thereto; that it is concerned with the question of clean streets in its sanitary aspect only, and it will not consent to use the extraordinary powers conferred upon it save to provide for such cleanliness as is necessary to the proper sanitary condition of the city; and the Board wishes it to be distinctly understood that it will only consent to the expenditure of such portion of this eighty thousand nine hundred and thirty-eight dollars and sixty-six cents as may be found absolutely necessary to preserve the public health; and it will, in its absolute supervision of these expenditures, see that the money is spent with the utmost economy and solely for the purpose of preserving the public health.

On motion, it was Resolved, That the following-named persons be continued in the service as Laborers (Temporary Disinfectors), for three months, from July 1, 1895, with salary at the rate of sixty-five dollars per month:

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

DEPARTMENT OF DOCKS.

WORK OF CONSTRUCTION UNDER NEW PLAN.
TO CONTRACTORS. (No. 509.)
PROPOSALS FOR ESTIMATES FOR FURNISH- ABOUT 8,000 BARRELS OF PORTLAND CEMENT.
ESTIMATES FOR FURNISHING ABOUT 8,000 barrels of Portland Cement will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A" foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

TUESDAY, JULY 30, 1895,
at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Seven Thousand Dollars.

The cement required under the contract must be "Portland" cement, fully up to the standard of the best brands imported, and average at least 400 pounds gross weight to the barrel.

The quantity to be delivered under this contract is about 8,000 barrels.

It is estimated that about 5,000 barrels of this cement will be required to be quick-setting; and that about 3,000 barrels will be slow-setting; and it is further estimated that the deliveries will be required to be made so that about 600 barrels per week, more or less, will be furnished in each week.

It is expected that about 3,000 barrels will be required to be delivered at West Fifty-seventh Street Yard, and that about 5,000 barrels will be required to be delivered at East Twenty-fourth Street Yard.

The contract is to be fully completed and to terminate on the 1st day of March, 1896.

The damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the respective times specified for the fulfillment thereof may have expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

The empty barrels will be relinquished to the contractor, as provided for in the specifications, and bidders must estimate the value of the empty barrels when considering the price for which they will furnish the cement under the contract.

Bidders will state in their estimates a price for each barrel of cement to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.
