BOROUGH OF THE BRONX.

MINUTES OF THE LOCAL BOARD OF CHESTER, TWENTY-FIFTH DISTRICT.

Pursuant to call by President Haffen, the members of the Local Board of Chester, Twenty-fifth District, met in the office of the President of the Borough of The Bronx, Municipal Building, Crotona Park, on Thursday, September 20, 1906, at 10 a. m.

Present—Alderman Dinwoodie, Alderman Mulligan and the President of the Borough of The Bronx.

Minutes of previous meeting were adopted as typewritten.

Laid Over Matters.

No. 392. Changing the grade of Tremont avenue, from Devoe avenue to Rosedale avenue.

Petition of the Harlem River and Port Chester Railroad Company, by William Greenough, assistant attorney, and report of the Chief Engineer of the Borough of The Bronx were read.

A map prepared by the Topographical Bureau showing the change of grade of Tremont avenue, from Devoe avenue to Rosedale avenue, Twenty-fourth Ward, was submitted.

Although the railroad company does not apply for a change of grade to the extent shown on the map prepared by the Topographical Bureau, it becomes necessary, because the grades of avenues and streets on section 38, approved by the Chief Engineer, require a change between Bronx river or Commerce avenue to Rosedale avenue; also westerly of the railroad to connect with the established grade at Devoe avenue. The grades established at the abutments of the bridge of the railroad agree with those given in the blue print furnished by the railroad company.

The matter of establishing grades on Commerce avenue or Bronx River avenue will be taken care of on section 38 of the final maps.

On motion the Board initiated proceedings for the change of grade of Tremont avenue, from Devoe avenue to Rosedale avenue, as shown on the map prepared by the Topographical Bureau.

PUBLIC NOTICE IS HEREBY GIVEN OF the proposed amendment of the Rules and Classification of the Municipal Civil Service Commission, as follows:

1. By including the position of "Automobile Engineer" in the Non-competitive Class for all City Departments.

2. By including the position of "Interpreter" in the Municipal Court in the Non-competitive Class. (This hearing will be a continuation of the hearing held on April 25, 1906, on the matter of placing the position of "Interpreter" in the City Magistrates' Court in the Non-competitive Class.)

3. By amending paragraph 6 of Rule XV. to read as follows:

"The subjects of rating and the relative weights thereof in any competitive promotion examination shall be as follows: For comparative conduct, seniority and efficiency in previous service, as may be determined from the transcript of the efficiency record (or as may be otherwise determined under paragraph 8 of this rule), between the date of the original appointment of the candidate and the final date for the receiving of applications for any stated examination—50; and for written papers on pertinent subjects—50. (In cases where the candidate has obtained a promotion as the result of a competitive examination, the record shall be a continuation of the last record furnished; but if the promotion be obtained without competitive examination, the record shall commence from the date of his promotion to the position or grade.)

"In rating the records where more than one grade is opened, such rating shall be based upon the service of a candidate in all of such positions or grades."

4. By amending paragraph 7 of Rule XV. to read as follows:

"To provide a basis of rating for previous service, there shall be kept in each department or office continuous and permanent records of the efficiency, character and conduct of all persons employed in graded positions therein. Such records shall be known as "efficiency records," and the entries made therein shall have reference to the efficiency of each officer or employee, including his habits as to punctuality and attendance, and such other matters as may affect his efficiency and trustworthiness.

"Such records shall be established by each officer having the power of appointment to such positions within six months after the taking effect of this rule, and shall be subject to the prior approval of the Commission as to their scope and form."

5. By amending paragraph 8 of Rule XV. to read as follows:

"The entries upon an efficiency record shall be made by the administrative officer most closely in touch with the work of the officer or employee to be rated, who shall be designated for such purpose by the appointing officer. A transcript or summary of such record, and all rewards or measures of discipline shall be furnished to the Commission periodically at such times and covering such periods as may be determined upon by the Commission, and, whenever the Commission so requires, a like certification of the full record of each candidate shall be furnished by the appointing officer in advance of a particular examination. For periods of service prior to the establishment, or in the absence of any such record, such rating shall be based upon such certificates, covering the several elements of service herein specified, in such forms as the Commission may require."

"Whenever, in the judgment of the Chief Examiner, more exact information is required for the purposes of such rating than that given in any summary, the original record may be con-

sulted in such case. Such records shall be open either to the Chief Examiner or to any Examiner designated by him; and, at reasonable times, to any officer or employee whose conduct is noted therein."

Public hearings will be held on the foregoing proposed amendments at the offices of the Commission, No. 299 Broadway, on Wednesday morning, October 3, beginning at 10 o'clock.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
