MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 4, 1887, giving permission to Anton Lamberti to erect lamp-post and lamp on the southeast corner of Fourth avenue and Seventeenth street.

The Commissioner of Public Works reports that the lamp is to be used to advertise Lamberti's restaurant, which is situated 280 feet from the corner where it is proposed to place the lamp, and that the occupants of the building in front of which it is proposed to place this lamp object to having such a lamp placed in front of their premises.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to Anton Lamberti to erect lamp-post and lamp on the southeast corner of Fourth avenue and Seventeenth street, the work to be done and gas supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 2, 1887, giving permission to John Carrari to keep a fruit stand on the sidewalk, near the curb, in front of No. 119 South street. Such a stand would prove a serious obstruction to the free use of the street by the public.

Permission to maintain such stands should be strictly confined within the limits prescribed by the recent act of the Legislature, which provides that they may be placed within the stoop-lines.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to John Carrari to place and keep a stand for the sale of fruit on the sidewalk, near the curb, in front of No. 119 South street, provided such stand shall not be an obstruction to the free use of the street by the public, nor exceed six feet long by four feet wide; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 2, 1887, giving permission to Mrs. De Mott to place and keep a stand for the sale of newspapers on the sidewalk near the curb in front of No. 11 Battery place. Such a stand would prove a serious obstruction to the free use of the streets by the public.

Permission to maintain such stand should be strictly confined within the limits prescribed by the recent act of the Legislature which provides that they may be placed within the stoop-lines. Such a permission will receive my assent.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to Mrs. De Mott to place and keep a stand for the sale of newspapers on the sidewalk, near the curb, in front of No. 11 Battery place, provided such stand shall not be an obstruction to the free use of the street by the public, nor exceed seven feet long by four wide; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 2, 1887, giving permission to Mrs. John Lynch to place and keep a stand for the sale of newspapers on the sidewalk, near the curb, in front of southeast corner of Cortlandt and West streets. Pedestrian travel is great at that point, and such a stand would prove a serious obstruction to the free use of the streets by the public. Permission to maintain such stands should be strictly confined within the limits prescribed by the recent act of the Legislature which provides that they may be placed within the stoop-lines.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to Mrs. John Lynch to place and keep a stand for the sale of newspapers on the sidewalk, near the curb, in front of southeast corner of Cortlandt and West streets, provided such stand shall not be an obstruction to the free use of the street by the public, nor exceed six feet long by four feet wide; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted July 2, 1887, giving permission to Andrew Serigos to keep a stand for the sale of fruit, on the sidewalk, near the curb, in front of No. 159 Greenwich street. Such a stand would prove a serious obstruction to the free use of the street by the public. Permission to maintain such stands should be strictly confined within the limits prescribed by the recent act of the Legislature, which provides that they may be placed within the stoop-lines and not upon the sidewalks.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to Andrew Serigos to place and keep a stand for the sale of fruit on the sidewalk, near the curb, in front of No. 159 Greenwich street, provided such stand shall not be an obstruction to the free use of the street by the public, nor exceed six feet long by four feet wide; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted June 28, 1887, giving permission to John Ellard to retain the watering-trough on the east side of Fifth avenue, between Ninety-ninth and One Hundredth streets. The Commissioner of Public Works recommends that the resolution be disapproved and the President of the Department of Public Parks, in a communication which I have received from him, states that watering-places would be very objectionable on the line of Fifth avenue, and desires that they shall not be established on that avenue.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to John Ellard to retain the watering-trough on the east side of Fifth avenue, between Ninety-ninth and One Hundredth streets; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted June 28, 1887, that the vacant lot on the southeast corner of Fifth avenue and One Hundred and Twenty-eighth street be fenced in. The Commissioner of Public Works reports that this lot is now fenced, and consequently this resolution is unnecessary.

ABRAM S. HEWITT, Mayor.

Resolved, That the vacant lot on the southeast corner of Fifth avenue and One Hundred and Twenty-eighth street be fenced in, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted June 28, 1887, that two lamp-posts be erected and lamps placed thereon in front of the new Berachah Mission Chapel, No. 463 West Thirty-second street.

The Commissioner of Public Works reports that two lamps were erected in front of this church on June 27, last, under the general resolution allowing two lamps at churches. As these lamps are all that the church authorities desire, the resolution is unnecessary.

ABRAM S. HEWITT, Mayor.

Resolved, That two lamp-posts be erected and lamps placed thereon in front of the new Berachah Mission Chapel, No. 463 West Thirty-second street, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted June 28, 1887, that the vacant lot No. 1423 Avenue A, be fenced in. The Commissioner of Public Works reports that there is a house on the lot referred to, but recommends that the resolution shall be amended so as to read "Lot No. 1417."

ABRAM S. HEWITT, Mayor.

Resolved, That the vacant lot No. 1423 Avenue A be fenced in, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted June 28, 1887, that an improved iron drinking-fountain be placed at or near the centre of James Slip. The Commissioner of Public Works reports that twenty-four similar resolutions are on file in his office, but that as the appropriation is exhausted no work of this kind can be done during the present year.

ABRAM S. HEWITT, Mayor.

Resolved, That an improved iron drinking-fountain (for man and beast) be placed at or near the centre of James Slip, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted June 28, 1887, that the free drinking-hydrant now on the west side of Second avenue, opposite No. 1873, be removed and placed at or near the northeast corner of Ninety-seventh street and Second avenue. The Commissioner of Public Works reports that this hydrant was placed at its present location in October, 1885. It is located between Ninety-sixth and Ninety-seventh streets, and there seems to be no proper reason for incurring a large expense to move it only half a block.

ABRAM S. HEWITT, Mayor.

Resolved, That the free drinking-hydrant now on the west side of Second avenue, opposite No. 1873, be removed and placed at or near the northeast corner of Ninety-seventh street and Second avenue, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted June 28, 1887, that an improved iron drinking-fountain be placed at the southeast corner of One Hundred and Tenth street and Fifth avenue.

The Commissioner of Public Works reports that there are now twenty-four similar resolutions on file in his office, which cannot be carried out for want of means. I cannot therefore approve resolutions of this character until sufficient money is appropriated for the purpose of carrying the same into effect.

ABRAM S. HEWITT, Mayor.

Resolved, That an improved iron drinking-fountain (for man and beast) be placed at the southeast corner of One Hundred and Tenth street and Fifth avenue, under the direction of the Commissioner of Public Works.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

To the Honorable the Board of Aldermen :

Whereas, The Commissioner of Public Works has for the last six years been persistently petitioned for relief by those who have gone to the trouble and expense of furnishing a diagram of the most feasible method of improving this highway ; be it

Resolved, That we, the Common Council assembled, on behalf of appended petitioners and numerous others, respectfully urge on the Commissioner of Public Works the importance of this improvement in West Seventy-ninth street, and the necessity of immediate action on his part.

The Committee on Finance, to whom was referred the annexed petition of the owners of premises Nos. 26, 27, 28 and 29 State street, for a release by the City of New York, from certain restrictions contained in the deeds of the original purchasers of the property, when sold to them by the Corporation of the City of New York, in the year 1815, respectfully

REPORT :

That they have carefully considered the application, and are of opinion that the releases asked for may be granted without the slightest detriment to the public interest—in fact that the interests of the public will be promoted thereby, as it will enable the owners to erect buildings on the land, of such a character as to largely increase their taxable value, and at the same time be in keeping with the architectural style of the modern structures erected on the land in the immediate vicinity.

In order that your Honorable Body may fully comprehend the nature of the application, the chairman of your Committee addressed a letter to the Comptroller, requesting the opinion of the financial head of the City Government on the question, a copy of which is hereto annexed, together with the reply of the Comptroller, which contain all the information that seems to be necessary, to control the action of the Common Council, and your Committee invites the attention of the Board to facts therein stated, and refer to them as forming a part of this report.

Your Committee, however, deemed it advisable that the form of the releases should be approved by the legal adviser of the City, and accordingly a provision to that effect is inserted in one of the resolutions which were submitted with the petition and referred to your Committee, also a provision providing for the payment of the expenses likely to be incurred in making and executing the releases.

Your Committee, therefore, respectfully recommend the adoption of the said resolutions, as so amended.

Whereas, The Mayor, Aldermen and Commonalty of the City of New York formerly owned the block of ground bounded by Bowling Green, Whitehall, State and Bridge streets, which was laid out into seventeen lots distinguished as the "Government House Lots," and by the numbers one to seventeen, inclusive, as shown upon the map thereof made by Amos Corning, City Surveyor, dated May 5, 1815, and entered at page 356 in Liber F of City Grants; and

Whereas, Under direction of the Common Council, made at a meeting held on the 1st day of May, 1815, the said several lots were sold at public auction on the 25th day of May, 1815, and subsequently the same were conveyed by the Mayor, Aldermen and Commonalty of the City of New York, to the several purchasers at such sale, or their assigns, by separate deeds, each bearing date the 19th day of June, 1815, and entered in said Liber F of City Grants, pp. 357 to 410; and

Whereas, The deeds relating to the said lots numbered one to eleven, inclusive, contained certain restrictions and conditions relating to the buildings to be erected upon said several lots, limiting the height, elevation and depth thereof, and providing that if any buildings should be erected on any of said lots respectively, contrary to such proviso and conditions in the respective deeds thereof contained, the estate thereby granted shall cease and determine and said grantors thereof may have and possess the same again as of their former estate therein; and

Whereas, Dwelling-houses of uniform character were erected upon said lots, numbered 8 to 11, inclusive, which front on State street, and in conformity with such proviso or conditions, and which are now known respectively as No. 29, 28, 27 and 26 State street; and

Whereas, The further improvement of said property and the use thereof for business purposes instead of residential purposes will increase the taxable value of said property; and

Whereas, On the 26th day of December, 1882, the Board of Aldermen adopted a resolution, which was approved by the Mayor on the 28th December, 1882, whereby the Mayor and Clerk of the Common Council were authorized and directed to execute and deliver under the corporate seal of the City of New York a release to the several owners of the said lots numbered 1 to 7, inclusive (all which front upon Bowling Green), of and from the said restrictions and covenants, contained as aforesaid, in the said original deeds of said lots, respectively; and

Whereas, For the reasons set forth in the said resolution and its preamble (reference being thereto had) it is just and proper that a release in like form and manner be executed and delivered in respect also to the said lots numbered 8 to 11, inclusive, which front upon State street; and

Whereas, The present owners of all of said last-mentioned lots have united in a petition requesting such release; now, therefore,

Resolved, That in consideration of the premises and the sum of one dollar to be paid on behalf of each of said lots, respectively, by the present owners thereof, respectively, to the Mayor, Aldermen and Commonalty of the City of New York, the receipt whereof shall be acknowledged by the City Chamberlain,

The Mayor, Aldermen and Commonalty of the City of New York do release and forever discharge the said lots 8 to 11, inclusive, and the respective owners thereof, and each and every of them, of and from the said conditions, reservations, covenants and restrictions contained in the said original deeds in respect as aforesaid to the buildings now or hereafter to be erected upon said lots or either of them.

Resolved, That the Mayor and Clerk of the Common Council be and hereby are authorized and directed to make, execute under the corporate seal of the City of New York, acknowledge and deliver in good and sufficient form, to be approved by the Counsel to the Corporation, to the respective owners of said lots 8 to 11, inclusive, or their assigns or legal representatives, and for the consideration of one dollar to be paid on behalf of each lot, and the further sum of twenty-five dollars for each release so executed, as compensation for the expenses incurred by the City in the matter.

A release and discharge of each of said lots and the owners thereof, respectively, or their assigns, of and from the said restrictions, covenants and conditions contained in the said deeds thereof by the Mayor, Aldermen and Commonalty of the City of New York, bearing date the nineteenth day of June, 1815, and entered in Liber F of City Grants, in respect to the buildings now thereon or that may be hereafter erected thereon or on any or either of them.

OFFICE OF THE BOARD OF ALDERMEN, No. 8 CITY HALL,
NEW YORK, July 26, 1887.

Hon. E. V. LOEW, Comptroller:

SIR—I beg to transmit herewith the petition of the Lutheran Emigrants House Association and others, addressed to the Board of Aldermen, asking for a release by the City of Nos. 26, 27, 28 and 29 State street, from certain covenants and conditions in relation to the character of the buildings erected thereon, contained in the original grants of the property made by the City. I also enclose the resolution which, in pursuance of the petition, was introduced in the Board.

As the matter has been referred to the Finance Committee, of which I am Chairman, I shall be glad to be advised of your views upon the subject, and whether, in your opinion, the request may be granted without detriment to the interests of the City. If entirely convenient to you, a reply by Friday next, at 11 o'clock A.M., when the Committee meets, will be acceptable.

Yours respectfully,

HENRY R. BEEKMAN, President Board of Aldermen.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
July 29, 1887.

Hon. HENRY R. BEEKMAN, Chairman, Finance Committee:

SIR—I am in receipt of your communication of the 26th inst., transmitting the petition of The Lutheran Emigrants House Association and others, addressed to the Board of Aldermen, "asking for a release by the city of Nos. 26, 27, 28 and 29 State street, from certain covenants and conditions in relation to the character of the buildings erected thereon, contained in the original grants of the property made by the city."

You request my opinion whether "the request may be granted without detriment to the interests of the city."

The land in question was originally the site of the old Colonial Government Buildings, near the Battery Fort, and when sold by the city, in 1815, was regarded as a choice locality for private residences, for which reason, doubtless, a restriction in the deeds of the property was put upon the style of architecture of the buildings to be erected thereon, which were to be uniform in design. Handsome buildings were erected, and were occupied for a long period by wealthy citizens of high standing. But for many years the buildings have been occupied for business purposes, and the locality has been entirely changed in its character and needs.

I can see no reason, therefore, for not granting the prayer of the petitioners to allow such buildings to be erected as may be adapted to commercial or other purposes required at this time, nor why the owners of the property should be restricted in the style and dimensions of the buildings to be erected on the land any more than owners of ground in any other part of the city.

In my opinion the interests of the city would not suffer any detriment by granting the request of the petitioners.

Yours respectfully,

E. V. LOEW, Comptroller.

The papers transmitted are herewith returned,
Which was laid over.

(G. O. 398.)

NEW YORK, August 16, 1887.

To the Board of Aldermen:

The Committee on Finance, to whom was referred the Assessment Rolls of the estates, real and personal, subject to taxation, of and within the City and County of New York, for the year 1887, and a communication from the Comptroller of the City of New York, transmitting the Final Estimate made and adopted by the Board of Estimate and Apportionment for the year 1887, with his certificate of the amount of the appropriations authorized by law to be raised by tax in the year 1887, and, also, a statement submitted by the Comptroller of the amount to be added to and included in the taxes to be raised in the year 1887, under the authority of chapter 497 of the Laws of 1887, with his additional certificate thereof and of the aggregate amount of appropriations made by the Board of Estimate and Apportionment for the year 1887, respectfully submit the following

REPORT:

The assessed valuation of the real and personal estates subject to taxation within the City and County of New York for the year 1887, as shown by the Assessment Rolls submitted by the Commissioners of Taxes and Assessments, amounts to the sum of one thousand five hundred and seven million six hundred and forty thousand six hundred and sixty-three dollars (\$1,507,640,663), which sum is a net increase over the amount of the assessed valuations for the preceding year, 1886, of eighty-six million six hundred and seventy-two thousand three hundred and seventy-seven dollars (\$86,672,377).

As shown by the certificate of the Comptroller, submitted to the Board of Aldermen, June 7, 1887, the aggregate of the appropriations included in the Final Estimate for the year 1887, made and adopted by the Board of Estimate and Apportionment on December 30, 1886, is thirty-four million one hundred and fifty-seven thousand two hundred and seventy-three dollars and fifty-five cents (\$34,157,273.55).

The sum of one hundred and eighty-five thousand seven hundred and forty-nine dollars (\$185,749) has been added, however, to the Final Estimate for 1887, under acts passed at the last session of the Legislature, making a total of appropriations for the year 1887 of thirty-four million three hundred and forty-three thousand and twenty-two dollars and fifty-five cents (\$34,343,022.55).

Under the authority of chapter 67 of the Laws of 1887, the Board of Estimate and Apportionment, on April 14, 1887, appropriated the sum of one hundred and forty-five thousand nine hundred and one dollars (\$145,901) for various objects and purposes as required by the Board of Education, and added that amount to the Final Estimate for 1887, as appears by the certificate of the Comptroller, presented to the Board of Aldermen on June 7, 1887.

The sum of thirty-nine thousand eight hundred and forty-eight dollars (\$39,848) was also appropriated by the Board of Estimate and Apportionment and added to the Final Estimate for 1887, by a resolution adopted June 17, 1887, pursuant to chapter 497 of the Laws of 1887, to supply a deficiency in the appropriations made for the Health Department for different objects and purposes in the Final Estimate adopted December 30, 1886, as appears by the additional certificate of the aggregate appropriations made by the Board of Estimate and Apportionment for 1887, submitted by the Comptroller to the Board of Aldermen July 4, 1887.

The total amount of appropriations for 1887 is five hundred and forty thousand seven hundred and one dollars and ninety-six cents (\$540,701.96) more than the amount of appropriations actually included in the Final Estimate for 1886, the sum of two million and forty-four thousand dollars (\$2,044,000) having been stricken out of and deducted from the Final Estimate for 1886, adopted by the Board of Estimate and Apportionment on December 31, 1885, pursuant to the provisions of chapter 660, Laws of 1886, authorizing the issue of bonds for various objects and purposes for which appropriations had been made on account of the supposed effect of the restriction by the State Constitution as amended in 1884, under which the indebtedness of the city was limited to ten per centum of the assessed valuation of the real estate subject to taxation.

After the adoption of the Final Estimate for 1886 on December 31, 1885, it was decided by the Court of Appeals that the restriction upon bonded indebtedness in counties and cities was erroneously applied to the City of New York, in so far as the bonds held by the Sinking Fund Commissioners were estimated as a part of such indebtedness. The Legislature therefore authorized the Board of Estimate and Apportionment to revise said Final Estimate for 1886 and strike out all appropriations made therein for such objects and purposes as could, under the laws authorizing them, be provided for by the issue of stocks and bonds, which appropriations amounted to two million and forty-four thousand dollars (\$2,044,000).

This sum was therefore deducted from the Final Estimate for 1886. The sum of one hundred and ten thousand dollars (\$110,000) was, however, added to the Final Estimate for 1886, to provide compensation for additional patrolmen, pursuant to chapter 597 of the Laws of 1886, under a resolution of the Board of Estimate and Apportionment, adopted June 9, 1886, making the total amount of appropriations included in the Final Estimate for 1886, thirty-three million eight hundred and two thousand three hundred and twenty dollars and fifty-nine cents (\$33,802,320.59), as shown by the following statement:

The estimated revenues of the General Fund available for the reduction of taxation in 1887 amount to the sum of two million five hundred thousand dollars (\$2,500,000), as certified by the Comptroller, which sum is deducted from the Final Estimate.

By section 830 of the New York City Consolidation Act, the Board of Aldermen is directed to provide for deficiencies in the actual product of taxes which may arise from insolvencies, discounts for prompt payments, errors in valuations, etc., as follows, to wit:

"It shall be the duty of the said Board of Aldermen (of the City of New York) to include in any and every ordinance or resolution passed by them, imposing and levying taxes for any purpose or purposes authorized by law, such sum, in addition to the aggregate amount required for such purposes, as they shall deem necessary, not exceeding three per cent. of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

Having conferred with the Comptroller in relation to the amount which will be required to provide for deficiencies in the actual product of taxes to be imposed in 1887, your Committee have concluded to recommend that the sum of five hundred and twenty-seven thousand six hundred and seventy-four dollars and twenty-three cents (\$527,674.23) be added to and included in the amount required to be raised by tax for the support of the government of the City and County of New York, and for other purposes, as authorized by law, which sum is less than three per centum of the sum of thirty-one million eight hundred and forty-three thousand and twenty-two dollars and fifty-five cents (\$31,843,022.55), which is the amount necessary to be raised by tax for such objects and purposes, in and for the year 1887, as shown by the following statement:

The State Constitution, as amended in 1884, provides as follows:

"The amount hereafter to be raised by tax for county or city purposes, in a county containing a city of over one hundred thousand inhabitants, or any city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section (11 of Article 8), in respect to county or city debt."

The aggregate amount of taxes to be raised in 1887, for county and city purposes, exclusive of the State Tax and "the principal and interest of existing city debt," does not exceed two per centum of the assessed valuation of the real and personal estate of the City of New York, which is shown as follows:

Total amount of taxes to be raised in 1887, as above stated.....	\$32,370,696 78
Deduct:	
State Tax.....	\$4,258,527 93
Principal of City Debt to be provided for by tax.....	975,779 25

	12,626,121 57

Total tax for county and city purposes subject to limitation by the State Constitution.....	\$19,744,575 21
---	-----------------

The assessed valuation of real and personal estate in the City of New York for 1887, as before stated, is one thousand five hundred and seven million six hundred and forty thousand six hundred and sixty-three dollars (\$1,507,640,663), and two per cent. of this sum is thirty million one hundred and fifty-two thousand eight hundred and thirteen dollars and twenty-six cents (\$30,152,813.26), while the tax to be raised for county and city purposes in 1887, exclusive of the State tax and the principal and interest of existing debt, is nineteen million seven hundred and forty-four thousand five hundred and seventy-five dollars and twenty-one cents (\$19,744,575.21), which amount is less than two per centum of the assessed valuation of real and personal estate.

Section 3 of chapter 361 of the Laws of 1881 provides, that "Every corporation, joint-stock company or association whatever, now or hereafter incorporated or organized under any law of this State, or now or hereafter incorporated or organized by or under the laws of any other State or country, and doing business in this State, except savings banks and institutions for savings, life insurance companies, banks and foreign insurance companies, and manufacturing corporations carrying on manufacture within this State, which exception shall not be taken to include gas companies or trust companies, shall be subject to and pay a tax, as a tax upon its corporate franchise or business, into the treasury of the State annually, to be computed as follows, etc."

Section 8 of chapter 361 of the Laws of 1881 also provides that the personal estate of all such corporations, joint-stock companies or associations, doing business within the State of New York, "shall hereafter be exempt from assessment and taxation for State purposes, except upon their real estate and as herein provided; but they shall in all other respects be liable to assessment and taxation as heretofore."

The total amount of the assessed valuations of the personal estate of corporations, joint-stock companies or associations, doing business in the City of New York, which, under this statute, are exempt from assessment and taxation for "State purposes" in 1887, is sixty-six million one hundred and fifty thousand three hundred and fifty-nine dollars (\$66,150,359), as appears by statements thereof filed in the office of the Comptroller of the City of New York, specifying in detail the assessed valuations of such corporations on their personal estate. This property, therefore, is subject to taxation for municipal purposes only, and it becomes necessary to establish two rates of taxation, one applicable to property subject to taxation for both State and municipal purposes, and one for property subject to taxation for municipal purposes only:

Amount of assessed valuations of personal estates of corporations exempt from taxation for State purposes, subject to taxation for municipal purposes only.....	\$66,150,359 00
Amount of assessed valuations of real and personal property, subject to taxation for both State and municipal purposes.....	1,441,490,304 00

Total assessed valuations.....	\$1,507,640,663 00
--------------------------------	--------------------

As before stated, the amount of taxes required to be raised is thirty-two million three hundred and seventy thousand six hundred and ninety-six dollars and seventy-eight cents (\$32,370,696.78).

This amount cannot be produced exactly without extending the decimal fractions of the rates of taxation beyond the point of practicability, on account of the immense number of items upon which calculations have to be made in extending the taxes upon the tax books against each piece of property.

The rates of taxation, therefore, which can be most conveniently applied to approximate the amount required to be raised is 2.16 per centum upon property subject to taxation for both State and municipal purposes, and 1.8646 per centum upon property subject to taxation for municipal purposes only, as follows:

\$1,441,490,304, at 2.16 per cent.....	\$31,136,190 56
66,150,359, at 1.8646 per cent.....	1,233,439 59

Approximate amount.....	\$32,369,630 15
Loss by fractions in the rates of taxation.....	1,066 63

Total.....	\$32,370,696 78
------------	-----------------

An ordinance to impose the taxes and to fix the rates of taxation to be raised and levied to produce the amount required for the objects and purposes above set forth and stated in this report, is respectfully submitted herewith for the approval and adoption of the Board of Aldermen.

AN ORDINANCE to provide the necessary means for the support of the government of the City of New York and the Board of Education, and for the payment of the quota of the State taxes and for other purposes, pursuant to the provisions of law, in and for the year 1887.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

Section 1. There shall be and is hereby imposed upon the estates, real and personal, subject to taxation, of and within the City and County of New York, to pay the expenses of conducting the public business of said city and county, in each department and branch thereof, and of the Board of Education, and to pay such sums as it may be necessary to raise by tax to pay the principal and interest of any stocks and bonds due and payable by said city and county during the year eighteen hundred and eighty-seven (1887); also the amount fixed as the quota of the State taxes assessed upon the County of New York and payable in said year; also the amount required to be raised by tax annually for the redemption of such stocks and bonds of said City and County as are by law payable from taxation and were issued in the year 1886, as provided by section 192 of the New York City Consolidation Act of 1882; also the amount required to be raised in the year 1887 for the redemption of bonds issued for the supply of water in said city, as provided by section 11 of article VIII. of the Constitution of the State of New York, as amended in the year 1884, the sum of thirty-one million six hundred and fifty-seven thousand two hundred and seventy-three dollars and fifty-five cents (\$31,657,273.55), which sum is the aggregate amount estimated by the Board of Estimate and Apportionment of said city, and appropriated for such objects and purposes in its Final Estimate for the year 1887, after deducting therefrom the sum of two million five hundred thousand dollars (\$2,500,000), the amount of the estimated revenues of the General Fund available for the reduction of taxation; and there is also hereby imposed upon the estates, real and personal, subject to taxation, of and within the City and County of New York, the sum of one hundred and forty-five thousand nine hundred and one dollars (\$145,901), which has been added to said Final Estimate by the Board of Estimate and Apportionment, pursuant to the authority of chapter 67 of the Laws of 1887, making in the aggregate the sum of thirty-one million eight hundred and three thousand one hundred and seventy-four dollars and fifty-five cents (\$31,803,174.55), to be raised by tax in the year 1887 upon the estates, real and personal, subject to taxation, of and within the City and County of New York, as certified by the Comptroller of the City of New York in his certificate of said aggregate amount, submitted to the Board of Aldermen, June 7, 1887, together with a communication, dated June 6, 1887, and the Final Estimate for 1887, copies of which communication, certificate and Final Estimate, are as follows:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE, June 6, 1887.

To the Honorable the Board of Aldermen of the City of New York:

Section 212 of the New York City Consolidation Act of 1882 provides as follows:

"Section 212. It shall be the duty of the comptroller of said city to prepare and submit to the board of aldermen, at least four weeks before their annual meeting, in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year on account of the corporation of the city of New York, or for city purposes within said city, and also an estimate of the probable amount of receipts into the city treasury during the then current year, from all the sources of revenue of said general fund, including surplus revenues from the sinking fund available in accordance with law, other than the surplus revenues of the sinking fund for the payment of the city debt; and the said board of aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised by tax only the balance of said aggregate amount, after making such deduction."

Pursuant to the foregoing statute I have prepared and have the honor to submit herewith a statement setting forth the amounts by law authorized to be raised by tax in the year 1887 on account of the City of New York, or for city purposes within said city, to wit:

The Final Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, in each department and branch thereof, and of the Board of Education, for the fiscal year 1887, as adopted by the Board of Estimate and Apportionment on Thursday, December 30, 1886, aggregating the sum of thirty-four million one hundred and fifty-seven thousand two hundred and seventy-three dollars and fifty-five cents (\$34,157,273.55), which estimate includes the sums necessary to be raised by tax to pay the principal and interest of all stocks and bonds becoming due and payable by said city within said fiscal year; also the amounts required to be raised by tax and paid into the Sinking Fund annually to provide for the payment of the stocks and bonds of the City and County of New York payable by law from taxation and issued after June 3, 1878, pursuant to section 192 of the New York City Consolidation Act of 1882; also the amount to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued as provided by section 11 of the Amendment of the Constitution of the State of New York, adopted in 1884; and also the amount fixed and required to be paid as the quota of State tax for the County of New York in said year.

The Board of Estimate and Apportionment, by the concurrent vote of all its members, at a meeting held on April 14, 1887, and pursuant to the provisions of chapter 67 of the Laws of 1887, adopted the following preamble and resolution appropriating the sum of \$145,901, to be added to and included in the Final Estimate for the year 1887, additional to the several sums therein appropriated for various objects and purposes for conducting the business of the Board of Education for the year 1887, viz:

Whereas, An act entitled "An act in relation to common schools and the support thereof in the City of New York," was passed by the Legislature, March 14, 1887, as follows:

"The People of the State of New York, represented in Senate and Assembly, do enact as follows:

"Section 1. If the moneys appropriated by the Board of Estimate and Apportionment of the City of New York, for the support and maintenance of the common schools in said city for the year eighteen hundred and eighty-seven, shall be deemed by the Board of Education of said city and the Board of Estimate and Apportionment insufficient to defray the necessary and legal expenses of public education during the year eighteen hundred and eighty-seven, such deficiency may be appropriated and supplied by the Board of Estimate and Apportionment of said city; and said Board last named is hereby empowered to raise by loan, in anticipation of the annual tax, such sum or sums as shall be necessary to meet such deficiency, provided that the sum appropriated, with the amount already appropriated, shall not exceed the sum asked for in the estimate submitted by the Board of Education to the Board of Estimate and Apportionment for the year eighteen hundred and eighty-seven; and provided, further, that the said Board of Education shall, by a two-thirds vote of said Board, in all cases certify to the said Board of Estimate and Apportionment the cause and amount of such deficiency. Provided, however, that the said Board shall not reduce the salary to be paid to any teacher of any grammar or primary school during the year eighteen hundred and eighty-seven below the amount received by such teacher prior to the passage of this act.

"Sec. 2. This act shall take effect immediately."

And Whereas, The Board of Education of the City of New York passed a resolution at a meeting held March 23, 1887, by a two-thirds vote, as provided by said act, declaring that the moneys appropriated by the Board of Estimate and Apportionment for the support and maintenance of the common schools of this city for the year 1887 are insufficient to defray the necessary and legal expenses of public education during the year 1887, and certified the cause and amount of such deficiency as therein provided, and presented a statement in detail of deductions made by the Board of Estimate and Apportionment from the estimates of this Board, as submitted by them in October last, aggregating the sum of \$202,313; and

Whereas, The Board of Estimate and Apportionment considered the several items of reduction contained in said statement presented by the Board of Education, and by concurrent vote adopted resolutions at a meeting held March 31, 1887, allowing certain sums for various objects and purposes, amounting to \$145,901; and

Whereas, This sum does not exceed the sum asked for in the estimate submitted by the Board of Education to the Board of Estimate and Apportionment for the year 1887, and the amount deducted therefrom in the Final Estimate for 1887; therefore

Resolved, That pursuant to the provisions of chapter 67 of the Laws of 1887, the Board of Estimate and Apportionment do hereby appropriate the sum of \$145,901, to be added to and included in the said Final Estimate for the year 1887, in amounts additional to the several sums therein appropriated for different objects and purposes, for which deductions were made in the estimates of the Board of Education for said year 1887, as follows, to wit:

Your attention is respectfully called to the provision of section 213 of the New York City Consolidation Act of 1882, as follows:

"Section 213. It shall be the duty of the Board or body authorized to levy taxes to include in any and every ordinance or resolution passed by them imposing and levying taxes for any purpose or purposes authorized by law, such sum, in addition to the aggregate amount required for such purposes, as they shall deem necessary, not exceeding three per cent. of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

I respectfully call your special attention to the provisions of sections 831 and 833 of the New York City Consolidation Act of 1882, requiring the Assessment Rolls of the City and County of New York to be delivered to the Receiver of Taxes, for the collection of taxes, on or before the first day of September in each and every year.

Respectfully,
EDWARD V. LOEW, Comptroller.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
June 6, 1887.

Certificate of the Comptroller of the City of New York of the Aggregate Amount of the Final Estimate of said City for the Year 1887.

I, Edward V. The President laid before the Board the following communication from the Clerk of the Common Council:

OFFICE OF THE BOARD OF ALDERMEN, No. 8 CITY HALL,
NEW YORK, August 15, 1887.

To the Honorable the Board of Aldermen of the City of New York:

GENTLEMEN—As provided in section 189 of the New York City Consolidation Act of 1882, the accompanying duplicate of the Departmental Estimate of the amount of expenditure required during the ensuing year, for conducting the business of the Common Council, is respectfully submitted, the original having been transmitted by me to the Comptroller, for the Board of Estimate and Apportionment.

FRANCIS J. TWOMEY, Clerk Common Council.

(Duplicate.)

OFFICE OF THE CLERK OF THE COMMON COUNCIL, No. 8 CITY HALL,
NEW YORK, August 15, 1887.

Hon. EDWARD V. LOEW, Comptroller:

DEAR SIR—In reply to your circular letter of the 20th ultimo, requesting me to prepare and transmit to the Board of Estimate and Apportionment, on or before the 15th day of September next, estimates, in writing, of the amounts required to pay the expense of conducting the public business in this office, in and for the fiscal year of 1888, together with certain other information, I have the honor to state, that the salaries fixed by law are as follows:

President of the Board of Aldermen	\$3,000 00
Twenty-five members of the Board, other than the President, at \$2,000 each per annum	50,000 00
(Sec. 52, New York City Consolidation Act of 1882; chapter 74, Laws of 1884; chapter 292, Laws 1887.)	
Section 79 of the New York City Consolidation Act of 1882 limits the amount of salaries for the Clerks and other officers of the Board of Aldermen, including the Clerk, to \$25,000 per annum. Notwithstanding the fact that the clerical labor of this office is largely increased by the abolition of the offices of Assistant Aldermen and Supervisors, and that the work of duplicating the old manuscript records of the Common Council, commenced during the past year and now in progress, will require the services of at least four clerks during the ensuing year, it is believed that these services can be performed for the sum of.....	20,000 00
City Contingencies.....	1,500 00
Contingencies—Clerk of the Common Council.....	200 00
Total for the year 1888	\$74,700 00

* Chapter 292 of the Laws of 1887, provides for an additional member of the Board of Aldermen, thereby increasing the number to 26, and adding \$2,000 to the amount required for salaries of 1888 and subsequent years.

It is not possible to specify the names, titles or salaries of the clerks and other employees of the Board of Aldermen for the year 1888, until after the organization of the Board, and the designation of its clerks and other officers.

The following comparative statement of amounts asked for and appropriated in 1887 and required in 1888, with a statement of probable unexpended balances of appropriations for 1887 is also herewith submitted, as requested:

It is not possible, at this date, to estimate with any degree of certainty, what balances, if any, will remain from the different appropriations at the end of the year; the indications are, however, that the entire appropriation will be expended.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, or after the receipt of an order from the Engineer-in-Chief of the Department of Docks that the work is to begin, and all the work contracted for is to be fully completed on or before the 10th day of December, 1887, or within as many days thereafter as the site of the new pier shall be occupied by the Department of Docks in dredging or in the removal of the old structures thereon, or as the timber to be furnished under this contract is delayed in its delivery by said Department, as hereinafter provided, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmations, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Commissioners of the Department of Docks.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security, for the performance of the contract in the manner prescribed by law, in the sum of two thousand five hundred dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities, as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

GAS COMMISSION.

DEPARTMENT OF PUBLIC WORKS.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR FURNISHING, OPERATING AND MAINTAINING ELECTRIC-LAMPS FOR THE PERIOD, COMMENCING WITHIN THIRTY DAYS, OR SIXTY DAYS AFTER THE EXECUTION OF THE CONTRACT AS THE MAYOR, COMPTROLLER AND COMMISSIONER OF PUBLIC WORKS MAY DECIDE, TO APRIL 30, 1888, FOR LIGHTING SUCH STREETS OR PARTS OF STREETS, PARKS AND PUBLIC PLACES OF THE CITY OF NEW YORK, AS MAY BE DETERMINED UPON BY THE MAYOR, COMPTROLLER AND COMMISSIONER OF PUBLIC WORKS AFTER THE ESTIMATES ARE OPENED.

Estimates for the above will be received at the office of the Commissioner of Public Works, No. 31 Chambers street, in the City of New York, until 12 o'clock M. of MONDAY, AUGUST 22, 1887, at which place and time they will be publicly opened by said Commissioner and read.

Any person making an estimate for the above shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing, operating and maintaining electric lamps," and also with the name of the person making the same, and the date of its presentation.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and, if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any estimate for the same supplies and work; and that it is in all respects fair, and without collusion or fraud; and, also, that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law.

Bidders are required to state in their estimates the district or several streets, avenues, piers, parks and public places, or parts of streets, avenues, piers, parks and public places in which they propose to perform the requirements herein contained, giving in detail the number of lamps which it is proposed to furnish for lighting each street, etc., and each bidder must submit with his bid a map or sketch showing clearly the proposed locations of lamps, poles and conducting wires.

Bidders must state the kind or system of light they propose to furnish.

Bidders are required to state the price per night for each lamp at which they propose to furnish, operate and maintain a light in accordance with the requirements of the specifications and for the period mentioned in the agreement.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

Bidders are required to state the number and locations of the central stations at which the electric current is to be generated, and what provision, if any, will be made against the accidental extinction of the lights on account of damage to the central station by fire.

The amount of security required is twenty-five thousand dollars.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The award of any contract, if awarded, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or estimate, or if he accept, but does not execute the contract and give the proper security, it may be readvertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Mayor, Comptroller, and Commissioner of Public Works.

The right is also reserved, when an estimate is made containing bids for lamps in one or more streets, avenues, piers, parks or places, to accept from such estimate or bids so much thereof as may be the lowest per lamp in any one or more of such streets, avenues, piers, parks or places, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The contract for lamps in any particular street, avenue, pier, park or place will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, pier, park or place.

The right is also reserved to regulate the number of lamps which may be erected and their location and disposition, in order to best illuminate the streets, parks or other public places for the lighting of which bids may be received. The right is also reserved to decline all estimates if deemed for the best interests of the city. No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as security or otherwise, upon any obligation to the Corporation.

If the estimate of any bidder shall include any lamps with which the pipes or conductors of such bidder are not connected at the time of the making of the bid, and a contract for furnishing, operating and maintaining any such lamps, shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract and such further time, not exceeding thirty days, as may be deemed reasonable by the Commissioner of Public Works, shall be allowed to such bidder in which to connect such pipes or conductors with such lamps, and all such connections shall be made by the party of the second part without expense to the city.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been connected with the pipes or conductors of such bidder, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

The attention of bidders is called to the provisions Specification 3 and paragraph P in the form of agreement.

Blank forms of estimates can be obtained on application at the office of the Commissioner of Public Works.

NEW YORK, July 29, 1887.

E. V. LOEW, Comptroller;
JOHN NEWTON, Commissioner of Public Works.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifteen hundred dollars (\$1,500). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the architect, J. R. Thomas, No. 160 Broadway, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the architect, at his office, No. 160 Broadway, New York City.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 o'clock daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable jurors, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 921 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

D. LOWBER SMITH,

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,
Commissioner of Public Works.
