BOARD OF STREET OPENING AND IMPROVEMENT.

The Board of Street Opening and Improvement met at the Mayor's office on Friday, February 5, 1892, at 2 o'clock P. M., pursuant to the following notice:

OFFICE OF THE BOARD OF STREET OPENING AND IMPROVEMENT,
ROOM NO. 10, STEWART BUILDING,
NEW YORK, February 3, 1892.

SIR—You are respectfully requested to attend a regular meeting of the Board of Street Opening and Improvement of the City of New York, to be held in the Mayor's office, at the City Hall, on Friday, February 5, 1892, at 2 o'clock P. M., at which it is proposed to consider unfinished business, with such other matters as may be brought before the Board.

Very respectfully,

V. B. LIVINGSTON, Secretary.

The roll was called, and the following members were present and answered to their names: The Mayor, the Comptroller, the President of the Department of Public Parks and the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards—4.

Absent—The Commissioner of Public Works and the President of the Board of Aldermen—2.

The minutes of the meeting of January 25, 1892, were read and approved. The following communication from the Department of Public Parks, together with an opinion received from the Counsel to the Corporation, relating to the proposed approaches to the footways of the New York and Northern Railroad Company's bridge over the Harlem river, were presented and read:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
February 2, 1891.

To the Honorable Board of Street Opening and Improvement:

GENTLEMEN—Pursuant to the resolution of your Board, requesting this Department to prepare the necessary plans, etc., showing the location of the proposed approaches to the footways of the New York and Northern Railroad Company's bridge over the Harlem river, for certification and

filing, I have the honor to submit herewith three of such maps or plans and profiles of the proposed approaches with the form of certificate indorsed thereon, and also copy of opinion received from the Counsel to the Corporation as to the number of these maps to be filed, and the places for filing the same.

Very respectfully,

CHARLES DE F. BURNS,
Secretary, D. P. P.

OPINION OF CORPORATION COUNSEL.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, January 28, 1892.

CHARLES DE F. BURNS, Esq., Secretary:

SIR—I am in receipt of your communication of the 8th instant, in which you ask that I should advise the Department of Public Parks as to the number of maps required of certain lands to be condemned for public use, required for approaches to the footways of the railroad bridge over the Harlem river at Eighth avenue, and in which you also ask that I cause to be prepared a proper form of certificate to be used on the maps.

In my opinion, the provisions of section 672 of the Consolidation Act should be followed in such case, and, therefore, three of such maps or plans and profiles of the proposed approaches, accompanied by such field notes and explanatory remarks as the nature of the subject may require, to be certified to by a person designated by the Board of Street Opening and Improvement, before any person authorized by law to take acknowledgments of deeds and conveyances, should be filed, one in the office of the Secretary of State, to remain of record; one in the office of the Register of the City and County of New York, and the other in the office of the Board of Street Opening and Improvement.

As to the certificate required, the Board of Street Opening and Improvement should, by resolution, designate one of its members, the most proper person being, I would suggest, the Chairman of that Board, to certify to the maps and plans, etc.

I have prepared a proper form of certificate and acknowledgment, leaving a blank for the date of the resolution to be passed by the Board of Street Opening and Improvement.

Respectfully yours,

(Signed)

WM. H. CLARK,
Counsel to the Corporation.

The map or plan referred to, having been laid before the Board, Mr. William C. Whitney, on behalf of the New York and Northern Railroad Company, stated that the company had no objection whatever to approaches to the footways over the bridge, but asked that the engineers of the railroad company be allowed to confer with the engineers of the Park Department, in relation to the plans proposed.

On motion, the map or plan submitted was referred back to the Park Department, to allow of a conference thereon, between the engineers of the New York and Northern Railroad Company, and those of the Park Department, with the request, that a report thereon be submitted at the next regular meeting of the Board.

At the request of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, the Board agreed to reconsider the action taken at the last meeting, relative to the change of location of Dawson street and the discontinuance of Hewitt place.

The following communication from the Commissioner was then read:

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS,
TWENTY-THIRD AND TWENTY-FOURTH WARDS,
No. 2622 THIRD AVENUE, CORNER 141ST STREET,
COMMISSIONER'S OFFICE, February 5, 1892.

To the Honorable Board of Street Opening and Improvement:

GENTLEMEN—I transmit herewith the map, in pursuance of chapter 545 of the Laws of 1890, changing the location of Dawson street, between Prospect avenue and Westchester avenue, and the discontinuance of Hewitt place, from Robbins avenue to Prospect avenue. The said change being an improvement on the former map, I respectfully recommend that the same be adopted, and offer the following resolution:

Respectfully,

LOUIS J. HEINTZ, Commissioner.

Whereupon the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards offered the following preamble and resolutions:

Whereas, The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards of the City of New York has prepared, adopted, established and submitted to this Board for its concurrence and approval a map or plan showing change of location of Dawson street westerly of Prospect avenue and the discontinuance of Hewitt place, from Robbins avenue to Prospect avenue, in the Twenty-third Ward of the City of New York;

Resolved, That in pursuance of the provisions of chapter 545 of the Laws of 1890, this Board does hereby give its concurrence and approval to the change of location of Dawson street westerly of Prospect avenue, and to the discontinuance of Hewitt place, from Robbins avenue to Prospect avenue, in the Twenty-third Ward of the City of New York, as shown on a map entitled "A map or plan showing change of location of Dawson street westerly of Prospect avenue, and the discontinuance of Hewitt place, from Robbins avenue to Prospect avenue, in the Twenty-third Ward of the City of New York, established by the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, under authority of chapter 545 of the Laws of 1890," dated New York, November 18, 1891, and signed Louis A. Risse, Chief Engineer, the same being deemed of the proper extent in order to show the change, alteration, amendment and modification of maps and plans heretofore adopted and filed by the Department of Public Parks.

Resolved, That the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards be and he is hereby designated and directed to cause three similar maps or plans to be made, to be certified by him, and to cause the same to be filed in the manner now prescribed by law, one in the office of the Secretary of State of the State of New York, one in the office of the Register of the City and County of New York, and one in the office of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards of the City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Department of Public Parks, and the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards—4.

The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards here desired to have it distinctly understood that under no circumstances would he hereafter approve of any change or alteration of streets in the Twenty-third and Twenty-fourth Wards, until the maps or plans of that entire district, now being prepared by him, are completed.

The following report from the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, relating to the proceedings now pending for the opening of East One Hundred and Sixty-eighth street, was presented and read:

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS,
TWENTY-THIRD AND TWENTY-FOURTH WARDS,
No. 2622 THIRD AVENUE, CORNER 141ST STREET,
COMMISSIONER'S OFFICE, February 5, 1892.

To the Honorable the Board of Street Opening and Improvement:

GENTLEMEN—In relation to the petition of property-owners protesting against the confirmation of the report of the Commissioners in the proceedings to open One Hundred and Sixty-eighth street, referred to me for report, I respectfully report as follows:

That in order to carry out the general improvement of the district the street as contemplated in the report of the said Commissioners is essential.

I therefore recommend that the petition of said property-owners be denied, and submit the accompanying resolution for adoption.

Respectfully,

LOUIS J. HEINTZ,
Commissioner of Street Improvements
of the Twenty-third and Twenty-fourth Wards.

After much discussion of the subject, on motion, the matter was referred to the Comptroller and to the President of the Department of Public Parks for their investigation, with the request that they report thereon at the next meeting of the Board.

The following communication from the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, relating to opening of East One Hundred and Seventieth street, was presented and read:

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS,
TWENTY-THIRD AND TWENTY-FOURTH WARDS,
No. 2622 THIRD AVENUE, CORNER 141ST STREET,
COMMISSIONER'S OFFICE, February 5, 1892.

To the Honorable the Board of Street Opening and Improvement:

GENTLEMEN—In relation to petition of property-owners in the matter of opening East One Hundred and Seventieth street, from Prospect avenue to Bristow street, referred to me for report, I formerly reported that in my opinion, that as the application may not be in harmony with the general plan to be subsequently adopted, that the same should be denied, but having, on further investigation, discovered that it will be impracticable to change that system, I, therefore, now recommend that the application of the petitioners be granted, and recommend for adoption the following resolution.

Respectfully,

LOUIS J. HEINTZ,
Commissioner of Street Improvements
of the Twenty-third and Twenty-fourth Wards.

Whereupon the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards offered the following resolution:

Resolved, That this Board, deeming it for the public interest so to do, hereby respectfully requests the Counsel to the Corporation to take the necessary proceedings, in the name of the Mayor, Aldermen and Commonalty of the City of New York, to acquire title wherever the same has not been heretofore acquired, for the use of the public, to the lands required for the opening of East One Hundred and Seventieth street, from Prospect avenue to Bristow street, in the Twenty-third Ward of the City of New York, and hereby determines that the entire cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby, unless the Commissioners of Estimate and Assessment, who may be appointed in said proceeding, are of the opinion that said street is over one mile in length, in which case such cost and expense shall be assessed as is now provided by law in such cases.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Department of Public Parks, and the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards—4.

The following communication from the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, relating to the length of Home street, was presented and read:

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS,
TWENTY-THIRD AND TWENTY-FOURTH WARDS,
No. 2622 THIRD AVENUE, CORNER 141ST STREET,
COMMISSIONER'S OFFICE, February 5, 1892.

To the Honorable Board of Street Opening and Improvement:

GENTLEMEN—In the matter of opening Home street, referred to me for report as to the length of said street, together with its natural continuation now in use, including Home street and Lyons street, I respectfully report as follows:

That Home street, from Boston road to Intervale avenue, is 2,175 feet in length and its continuation, namely Lyons street, from Intervale avenue to Westchester avenue, is 2,250 feet in length, making a total of 4,425 feet.

Very respectfully,

LOUIS J. HEINTZ,
Commissioner of Street Improvements
of the Twenty-third and Twenty-fourth Wards.

Whereupon the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, offered the following resolution:

Resolved, That this Board, deeming it for the public interest so to do, hereby respectfully requests the Counsel to the Corporation to take the necessary proceedings, in the name of the Mayor, Aldermen and Commonalty of the City of New York, to acquire title, wherever the same has not been heretofore acquired, for the use of the public, to the lands required for the opening of Home street from Boston road to Intervale avenue, as a street of the first class, in the Twenty-third Ward of said City, and hereby determines that the entire cost and expense of said proceeding shall be assessed upon the property deemed to be benefited thereby, unless the Commissioners of Estimate and Assessment, who may be appointed in said proceeding, are of the opinion that said street is over one mile in length, in which case such cost and expense shall be assessed as is now provided by law in such cases.

NOTE—The total length of Home street, from Boston road to Intervale avenue, is two thousand one hundred and seventy-five feet.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Department of Public Parks, and the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards—4.

The following communication from the President of the Department of Public Parks, relative to a petition asking for a public park at Fort Washington Point, and inclosing a report from the Superintendent of Parks, and the Landscape Architect, in relation thereto, was presented and read.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONER'S OFFICE, Nos. 49 and 51 CHAMBERS STREET,
NEW YORK, January 14, 1892.

To the Board of Street Opening and Improvement:

GENTLEMEN—By direction of the Department of Parks, there has been transferred to your Honorable Board a report of the Superintendent of the Department of Parks and of the Landscape Architect, concerning the lands mentioned in a letter from Mr. Andrew H. Green, asking for a public park at Fort Washington Point, which letter was referred to me by the Board of Street Opening. Inasmuch as the Small Parks Act, viz.: chapter 575 of the Laws of 1887, provides only for the issue of bonds for the purchase of lands for parks south of One Hundred and Fifty-fifth street, no proceedings can be taken by this Board until a bill shall have been passed by the Legislature, authorizing the condemnation of the lands mentioned by Mr. Green and the issue of bonds to pay therefor.

Very respectfully,

A. GALLUP, President, D. P. P.

REPORT OF SUPERINTENDENT OF PARKS AND OF THE LANDSCAPE ARCHITECT.

DEPARTMENT OF PUBLIC PARKS—OFFICE OF DESIGN,
SIXTY-FOURTH STREET AND FIFTH AVENUE,
NEW YORK, January 5, 1892.

Mr. CHARLES DE F. BURNS, Secretary D. P. P.:

SIR—The letter of Hon. A. H. Green to the Comptroller, dated October 26, having been referred to us for report, we recommend without hesitation, that the Park Department should favor the acquisition of the whole of the territory therein described, as west of the Hudson River Railroad—known as Fort Washington Point—and that a strip of land from thirty to fifty feet in width, east of this railroad should be taken for landscape purposes in connection with the area above mentioned.

We also recommend that some of the ground—now private property—which lies between the railroad and the public thoroughfares to be used by the City, in an easterly and southerly direction, should be secured in the form of Parkway Reservation, so that Fort Washington Point may be approached by footways from the north and also from the south, in an agreeable manner, independently of the regular street system, which will be devoted to ordinary business purposes.

Drawing No. 331, is a copy of a general map furnished by the Engineer of Construction and tracing No. 332 shows, by red lines, the area west of the railroad that is referred to in this report as Fort Washington Point.

It also shows by a dotted line the irregular strip described as necessary to be acquired for park purposes east of the railroad grant.

We are unable, at this time, to suggest locations on tracing No. 332 for the two subsidiary parkway connections proposed, because their elementary lines, however short, would have to be carefully adjusted to many existing facts, in regard to street system and topography, that are not clearly defined on the drawing supplied by the Engineer of Construction.

Respectfully,

(Signed)

CALVERT VAUX,

Landscape Architect, D. P. P.

(Signed)

SAMUEL PARSONS, JR.,

Superintendent of Parks.

On motion, the communication and report were ordered to be placed on file.

On motion, the Board adjourned.

Secretary.

Such check or money must NOT be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY, STAATS ZEITUNG BUILDING, TRYON ROW, NEW YORK, JANUARY 25, 1892.

PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND WORK IN THE ERECTION OF AN ARMORY BUILDING ON THE EASTERLY SIDE OF FOURTH AVENUE, EXTENDING FROM THIRTY-THIRD TO THIRTY-FOURTH STREET, NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR FURNISHING materials and work in the erection of an Armory Building on the easterly side of Fourth avenue, extending from Thirty-third to Thirty-fourth street, City and County of New York, to be received by the Armory Board at the MAYOR'S OFFICE, CITY HALL, UNTIL 10-30 O'CLOCK A. M. OF THE 11TH DAY OF FEBRUARY, 1892, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for Furnishing Materials and Work in the erection of an Armory Building on the easterly side of Fourth avenue, extending from Thirty-third to Thirty-fourth street," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the amount of ONE HUNDRED THOUSAND DOLLARS (\$100,000).

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of FIVE THOUSAND DOLLARS (\$5,000). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded.

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the Architect, J. R. THOMAS, No. 160 BROADWAY, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined and specifications and blank forms for bids or estimates obtained by application to the Architect, at his office, No. 160 BROADWAY, New York City.

The award of the contract will be made as soon as practicable after the opening of the bids.

No proposal will be considered unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded under that proposal, they will, on its being so awarded, become bound as sureties in ONE THOUSAND (\$1,000) DOLLARS each, for its faithful performance; which consent must be verified by the justification of each of the persons signing the same for double the amount of surety required. The adequacy and sufficiency of such security to be approved by the Comptroller.

A bidder for a contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom a contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract, or such specific sum as may be mentioned in the proposal.

The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND FIVE HUNDRED (\$2,500) DOLLARS.

A bidder for a contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom a contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract, or such specific sum as may be mentioned in the proposal.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

The forms of the contracts, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY,
Commissioner of Public Works.

The said estimates will be publicly opened and read at a meeting of the Board of City Record to be held in the Mayor's office at or about the time above-mentioned.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for Furnishing Printed, Lithographed or Stamped matter," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be TWO THOUSAND DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate, full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received, or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for all the printing, lithographing or stamping required by any department or court—all the District Courts being considered as one, the blanks, etc., being similar—unless there be an item involving more than five hundred dollars, or several items each involving the expenditure of a like sum, in which case a contract or contracts will be made with the lowest bidder or bidders on such item or items, and the contract for the remainder of the work for the department will be awarded to the bidder ascertained to be lowest after the deduction of such item or items. The bids must, therefore, be in detail on the items required for a department or court.

The printed or lithographed blanks, etc., must be folded and be put up in packages by the contractors, according to the directions of the Supervisor of the City Record, and the contractors must complete the delivery of the goods at the office of the CITY RECORD within fifty days from the execution of the contracts.

As many of the printed forms would be made worthless by typographical errors, or by mistakes in the preparation of samples, proofs must be furnished, under an agreement that the contractors shall not be expected to make changes practically altering the character of forms.

Blanks, etc., must be dated "1892," unless otherwise marked; but those of the Bureau of Assessments in the Finance Department shall have only the date "1892."

Particular care must be taken that the names of the present incumbents of offices are put upon the blanks, etc., as, for instance, William J. McKenna, County Clerk; John B. McGoldrick, Clerk of the City Court; John F. Carroll, Clerk of the Courts of General Sessions and Over and Terminer; James F. Keating, Clerk of the Court of Special Sessions.

The delivery of the work must begin within five days from the execution of the contracts, and be continued in such a manner that the immediate needs of the Departments shall be supplied.

DESCRIPTION OF ARTICLES.

For particulars as to the quantities and kinds of Printing and Lithographing, reference must be had to the samples and specifications on file in the Department of Public Works. The kinds of paper to be used are stated on the samples. Copies of the specifications may be procured from the Supervisor of the City Record.

DEPARTMENT OF DOCKS,
PIER "A," NORTH RIVER.

TO CONTRACTORS.

(No. 412.)

PROPOSALS FOR ESTIMATES FOR FURNISHING GRANITE STONES FOR BULKHEAD OR RIVER-WALL.

ESTIMATES FOR FURNISHING GRANITE stones for bulkhead or river wall will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 1 o'clock P. M. of

THURSDAY, FEBRUARY 25, 1892,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Sixteen Thousand Two Hundred Dollars.

The Engineer's estimate of the work to be done is as follows:

To be furnished, cut in accordance with specifications, 1473 pieces of Granite, consisting of:

Class 1—681 Headers and 640 Stretchers, containing about 25,408 cubic feet.

Class 2—152 Coping-stones, containing about 12,160 cubic feet.

For further particulars, see the drawings referred to in the specifications forming part of the contract.

N. B.—As the above mentioned quantities of cubic feet, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves by personal examination of similar stones now owned by the Department of Docks, and of the plans and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic foot, to be specified by the lowest bidder, shall be due or payable for the entire work.

The first delivery of granite under this contract will be made as soon as practicable after the date of the execution of this contract, and will proceed thereafter with reasonable dispatch, and all the work to be done under this contract is to be fully completed on or before the first day of July, 1892, and the amounts in each delivery are to be divided between the several classes, as ordered by the Engineer-in-Chief. The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates the price per cubic foot for the stones to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet and so on until it be accepted and executed.
