DEPARTMENT OF PUBLIC CHARITIES.

Report for Quarter Ending June 30, 1903.

Hon. SETH LOW, Mayor, City Hall:

Dear Sir—I have the honor to submit herewith the quarterly report of this Department for the quarter ending June 30, 1903. The reports of heads of departments are appended hereto. Special attention is called to the report of the Departmental Dietician as illustrating the scope of the work and its great benefit to the employees and wards of this Department. In addition to the statistical reports of the various offices and institutions the following matters may be noted:

Tent Cottages at the Tuberculosis Infirmary.

During the quarter there were opened, in connection with the Hospital for Consumptives at the Metropolitan Hospital, Blackwell's Island, eight tent cottages accommodating about 100 patients. The tent cottages are an adaptation of a tent cottage devised by Dr. Holmes of Denver, Col. The frame is made of wood with the outside walls boarded half way up; above this are two frames covered by canvas. The inner frame is so arranged that it can be lowered to the floor just inside the wall of the lower half of the tent. The outer frame can be raised outward so as to form an awning. There is a space of four inches between the inside and outside walls. The outer canvas frame extends from the roof to within four inches of the roof of the tent, so that when on account of storm or other reasons the upper half of the walls of the tent are closed there is a continuous circulation of air entering just under the roof. The tent cottage combines the maximum of ventilation with the minimum of exposure to the weather. It is more comfortable and easily managed than the ordinary tent. A door is placed at each end, and above the door are two canvas windows swung on pivots. The air in the tents during the past few weeks of spring weather has been from five to ten degrees lower than in the buildings, there being no artificial heat in either buildings or tents. The patients were rather reluctant at the outset to use the tents for sleeping purposes, believing that they would be draughty and uncomfortable. They were persuaded to try them, and without exception all have been so much impressed by the tent life that it is with the greatest difficulty that any of them are persuaded to return to the buildings, if for any reason this becomes necessary. The first tent was occupied in April, the weather being still quite cold, and although the temperature one morning was near the freezing point, the occupants neither asked for nor desired artificial heat. The tents measure 16 by 32 feet, the sides being 8 feet high and the centre of the roof 15 feet. Each tent contains twelve beds. The floor of the tent is 16 inches above the ground, with free circulation of air underneath.

Hospital for Convalescents.

Arrangements have been completed for the opening of a new hospital for convalescent patients, to be situated on Blackwell's Island and to be a division of the Metropolitan Hospital. The object of the hospital for convalescents is to aid patients discharged from general hospitals as not in need of further medical treatment to regain their strength sufficiently to resume their former occupations. It is the purpose to admit only patients whom we hope to make self-supporting by a few weeks of rest with healthful surroundings and nourishing food. Chronic, contagious and incurable disease will not be received. Patients will ordinarily be allowed to remain for a period not exceeding three weeks, but special cases may remain six weeks if approved by the Resident Chief of Staff.

Heretofore, there has been no public institution of this kind in New York City, and the result has been that frequently patients, after an acute disease or surgical operation, were forced to leave the City hospitals to provide room for emergency cases before they were strong enough to resume regular labor. The need for such a hospital has been strongly urged by charitable societies and philanthropists for some years. The hospital is in a building formerly occupied by the Manhattan State Hospital and now a part of the Metropolitan Hospital. It has been altered and repaired at a cost of \$17,500 to fit it for its present use. The hospital is situated on the northern portion of Blackwell's Island, facing the grounds of the Metropolitan Hospital on one side, the East river being to its immediate rear. At present there are forty beds for men and thirty beds for women. It will be increased as needed to about seventy beds for men and sixty beds for women.

Cottage Colony for the Aged and Infirm, Borough of Richmond.

One of the most serious problems which this Department has had to consider is the relief of the overcrowding in its almshouses on Blackwell's Island and at Flatbush. The overcrowding during the winter season at both of these institutions has for many years been very serious. No new buildings have been erected for such use

on Blackwell's Island since 1897, and none at Flatbush for many years. There are already too many buildings on the property at Blackwell's Island, and the same is true at Flatbush. Furthermore, there is practically no opportunity for outdoor employment for the inmates at either of these locations. After careful study of the question a plan was devised for the erection of all additional accommodation for the aged and infirm on premises adjoining the present New York City Farm Colony in the Borough of Richmond. On June 2 a letter was addressed to the Board of Estimate and Apportionment, requesting condemnation proceedings for the purchase of a site of some forty acres adjoining the Farm Colony, and consisting of rolling, partially wooded land, rising to a height of nearly 300 feet, and affording a beautiful outlook toward the west and northwest over the Kill-von-Kull toward the Orange Mountains. It is proposed to erect here a series of cottages, accommodating not more than forty to forty-five inmates each. At least one cottage will be devoted to aged couples. There will also be cottages for women, providing a small room for each inmate, and cottages for men with two in a room.

The assessed value of the land is \$6,000. It is estimated that the cottages can be erected at a cost of \$12,000 each. It will not be necessary to erect expensive buildings, as there are no restrictions such as exist within the fire limits on Manhattan Island. The land will afford ample opportunity for out-door life and occupation. It is believed that this provision is not only by far the most economical provision for the present overcrowding and for the future growth in the number of aged and infirm dependent upon the City, but that it is a far more humane and satisfactory method of caring for them.

Placing Jewish Children in Jewish Families.

Owing to the overcrowding of the existing Jewish Orphan Asylums, and to the absence of any facilities whatever for placing destitute Jewish orphans or abandoned children in private families, the Department, at the suggestion of a committee representing the Jewish charities and institutions of the City, has appointed an additional Examiner of Dependent Children, whose particular duties are to endeavor to find satisfactory homes in Jewish families—either for adoption or with temporary payment for board—for a proportion of Jewish children who would otherwise be sent to non-Jewish institutions. The work will naturally be undertaken on a very small scale at first, and, if it should be found to be practicable on a larger scale, it is proposed to extend it from time to time.

Supervision and Care of Patients During Transportation to the Institutions on the Islands.

There has never been any satisfactory system for the supervision and care of patients while waiting for or in transit to the institutions on the Islands. As a result of this it has sometimes happened that patients have either wandered away before arriving at the boat, or, after reaching the boat, have missed their point of destination. Explicit rules and regulations have now been established, and a sufficient number of orderlies provided to see that patients are under strict supervision from the moment they reach the office of the Examining Physician until they reach their destination.

Uniforms for Female Employees.

On June 17, 1903, a schedule of uniforms was adopted, to take effect August 1, 1903, for all female officers and employees in this Department, except Laundresses, Seamstresses, Cleaners and Scrubbers. Great improvement in the decorum and efficiency of the male employees has taken place since the adoption of uniforms for them. It is believed that similar improvement will be secured by placing the female employees in uniform.

Reception Hospital, Coney Island.

On June 2, 1903, the Head of the Department made an application to the Board of Estimate and Apportionment for the condemnation of certain property at Coney Island for a permanent site for the Coney Island Hospital. Since and including the summer of 1901 this Department has maintained a Reception Hospital in Coney Island. For this purpose the City leased a property on which there are certain, wooden buildings which have proved to be wholly inadequate to the needs of such a hospital as is required for the use of this Department during the summer season. The number of ambulance calls at the Coney Island Hospital during the year 1901 was 305; during 1902 the number was 243. In 1901 the dispensary calls numbered 1,317; during 1902, 1,046. These figures demonstrate the continued need of such a hospital at this point. It is also contemplated that the proposed site and building will make it possible to send children especially in need of such a change from the Kings County and Cumberland Street Hospitals, and possibly also from Manhattan, to the seashore for a short period in the summer.

Miscellaneous.

On June 9, 1903, an order was passed providing that in inviting proposals for alterations, additions and repairs to buildings or apparatus, the estimated cost of which is less than \$1,000, invitations shall be sent and bids received only from individuals or firms actually engaged in the same line of business as the work called for in the specifications.

The following contracts for new buildings and for alterations, additions and repairs to buildings were awarded during the quarter:

Erection of three-story brick pavilion to serve as dormitory for 120 male employees, City Hospital.....	\$39,597 00

Report of the Departmental Dietician.

July 1, 1903.

Hon. HOMER FOLKS, Commissioner of Public Charities:

Dear Sir—Herewith is submitted a report of work done in the Dietary Department in the second quarter of the year.

April 4, with your approval, a slight revision for the dietary for the Tuberculosis Infirmary was made at the request of the Committee on Diet for the Metropolitan Hospital, as follows: Egg-nogs being provided on the printed diet sheet for patients on Regular Diet only, the Visiting Physician is authorized to order egg-nogs for any patients who are not on Regular Diet.

On April 23 the Committee on Diet, representing the Visiting Staff of the City Hospital, with myself, met the House Staff of the City Hospital and explained the regulations to be observed in ordering diets for patients. These regulations had not previously been observed, but now the new dietary is carefully administered and seems to be satisfactory.

Blank forms for the use of the Nurses in ordering the diets for their patients, and for summarizing these orders for the convenience of the Dietary Department, have been printed for the use of both the City Hospital and the Tuberculosis Infirmary, and have proven satisfactory.

On May 15 I presented for your approval dietarys for the Hospital for Convalescents and for the City Home. The first of these you approved and ordered into operation on May 19. The dietary for the City Home has not yet been approved by yourself.

On June 6, with your approval, there was put into operation at the Metropolitan Hospital a patients' dietary, corresponding to that at the City Hospital. On the same date there was opened a new Special Diet Kitchen at the Metropolitan Hospital for the preparation of articles of Special and Extra Diet. This Kitchen was equipped by Miss Kingsland, the Acting Dietician, and the work done there is in charge of her Department. A nurse is detailed to work in this Kitchen preparing all of the following articles when ordered, with the assistance of one Helper: Broths, steaks, gruels, toast, custard, jelly, simple puddings, beef tea and beef juice.

On April 1, at the City Hospital, Miss George entered upon her duties as Acting Dietician.

On April 24 the Municipal Civil Service Commission held an examination for Dieticians, and an eligible list of eight names was established.

On May 23, my proposal to place pupil dieticians in our institutions under the direction of the Resident Dieticians, was approved by yourself. Two candidates of exceptional qualifications presented themselves for opportunities offered. With the understanding that a pupil dietician must have had a thorough training in domestic science and some teaching experience; must be of mature years and desirable personality; that she receives no salary which could in any way be considered a compensation for services rendered; that she is at all times subject to the directions of the Resident Dietician, and that the experience she receives during the three months' term, for which she is permitted to reside in the institution is sufficient compensation for such service as she may render. Miss McCullough was approved June 1 to residence at the Metropolitan Hospital, and Miss Pattee is to have the opportunity to go to the City Hospital in July, if she wishes to do so at that time.

The duties of a Dietician in a general hospital have been specifically outlined by me and approved by yourself. The Dieticians of both the City and Metropolitan Hospitals conform to the requirements therein set forth.

Beginning April 30, the Dieticians of the Department have met with me one morning each week at the Central Office for the discussion of such points as have proven difficult to them in their work, and for consideration of such matters as I have believed to be of importance to them. Some of the subjects which have been considered are the proper organization of the Dietary Department in large institutions, discipline among the employees of the Department, methods of accomplishing results, the best methods of effecting the operation of the new dietarys, study of requisitions, the relation of the Dietary Department to the other departments of the same institution, and the working out of recipes conforming to the new dietarys and adapted to the respective institutions.

A number of changes have been made in the list of employees in the Dietary Departments of the institutions. A competent Chef has been secured for the Metropolitan Hospital, and a better class of Waitresses at the City Hospital. A transfer has been made of the "Cooks in charge" of the Metropolitan Hospital and Randall's Island with good results. One of the dining rooms at the City Hospital has been repainted and the woodwork grained, thus improving the appearance of the room greatly. Requisitions have been made for tables seating four each, and dining room chairs for the officers' and Doctors' dining rooms at the same institution, as the furnishings at present are of a poor order and not in good condition. A change has been made in the meal hours of the House Staff, affording them a six o'clock dinner, and thus meeting the approval of both House and Visiting Staff.

The plans for a dining pavilion to seat 400, in connection with the Tuberculosis Infirmary, have been approved by yourself. This pavilion will provide a small kitchen for the preparation of articles of special diet, will afford a commodious serving room equipped with steam tables and plate warmers, and will afford means of sterilizing the dishes after each meal by boiling in soda solution.

During the months of April, May and June a class of twelve probationers at the Training School for Nurses, City Hospital, was given a course of ten lessons on the principles of cookery, consisting of lectures by myself and laboratory work conducted by Miss George and myself. Material for illustration was purchased by the Training School for the use of this class and consists of charts showing the skeletonized carcasses of beef, veal, mutton and pork; sets of bottles illustrating the composition of twelve typical foods, and sets of blocks showing the composition of the human body.

Upon the request of Miss Gilmour, Superintendent of the New York City Training School for Nurses, I suggested plans for laboratories for elementary work in chemistry, physics and bacteriology and a laboratory for classes in cookery, to be included in the new wing of the Nurses' Home; also I outlined courses in chemistry, physics, bacteriology, the principles of cookery, therapeutic cookery, dietetics, household and hospital economics, which courses it is desired to establish in the three years' work for Nurses.

A number of matters relating to the Dietary Department and the administration of it have been referred to me for investigation; among others, the grade of bread flour to be desired for use in our bakeries and the desirability of using graham bread; reports upon these investigations were made to yourself. As a result of my suggestions, breakfast rolls of various kinds are being made at the bakery on Blackwell's Island for all of the institutions, and graham bread of an excellent quality is made there one day each week.

On June 22 you approved of the schedule of uniforms for the female officers and employees of the Department, to be put into effect August 1. This schedule was drawn up by myself and criticised by Miss Evans and Miss Gilmour.

Respectfully submitted,

FLORENCE R. CORBETT, Departmental Dietician.

Report of the Bureau Dependent Adults for Quarter Ending June 30, 1903.

September 3, 1903.

Hon. HOMER FOLKS, Commissioner, Department Public Charities:

Dear Sir—In forwarding the report of this Bureau for the quarter ending June 30, 1903, I beg to call your attention to the fact that there have been 2,252 sent to hospitals for adults, 372 to the institutions on Randall's Island for children, 716 to the New York City Home for the Aged and Infirm.

Transportation has been afforded to 164 sick and destitute persons; 226 sick and destitute persons were committed to the State for care and transportation.

We have sent to the Lodging House, during said quarter, 441; 270 destitute aliens were returned to the Commissioner of Immigration; making a total of 4,439 cases handled during the said quarter.

In addition to that, this Department has examined cases of sick and destitute persons to be cared for in hospitals and homes, at the expense of the City, 4,970, of which 744 were rejected as improper charges, thus showing that the Department of Public Charities has cared for, at the expense of the City, 4,226 in other institutions than their own, besides 4,439 in our own institutions, making a total of 8,665 cases during the three months ending June 30, 1903.

This Department has also taken depositions of complaint and abandonment of 130; non-support, 66; bastardy, 95, all of which have been sent to court, with the ex-

ception of 27, some of which were settled in this office. The result from these latter cases has been a collection of \$23,902, for the support of these persons, during said quarter, thus saving that much to the taxpayers of the county.

This Bureau has also the charge of the City Morgue, where were received 2,271 bodies, of which but 962 were buried by friends.

The Bureau has also issued 3,400 passes to visitors and given 467 meals to destitute persons awaiting disposition.

The Superintendent of this Bureau, in his power of committal, has committed to the Bellevue Pavilion for the Insane, 145 men and 197 women, total of 342, during the said quarter.

This Department is a general clearing house for all the Magistrates' Courts and station houses. All persons who are brought in, found wandering, lost, demented, destitute, are sent to this Department, and, where the Police and Courts have failed to ascertain the place of their homes or their proper disposition, this Department, with a great deal of painstaking, usually solves the problem, and the persons are returned to friends or their friends are notified of their whereabouts, all being cared for in the meantime.

Yours respectfully,

E. F. MERWIN, Superintendent.

Hon. HOMER FOLKS, Commissioner:

Dear Sir—I have the honor to transmit herewith the report of the operations of the Municipal Lodging House for the quarter ending June 30, 1903.

In addition to statistical tables I take pleasure in calling your attention to the following:

Food—

The meals now served to all lodgers (men, women and children) under the dietary table approved by yourself January 15, 1903, has not only pleased the unfortunates whom we are called upon to provide for, but meets with the approval of the many visitors to this institution.

Supplies—

Our supplies from the storehouse and contractors have been delivered fairly promptly, and were of a good quality.

Requisitions—

Requisitions for repairs, etc., have been acted upon without delay by the proper officials at the Central Office.

Painting—

The entire inside of the institution has been thoroughly painted from basement to roof by unpaid employees of this institution at no expense whatever to the Department, outside of the actual cost of materials. While I always take pride in having everything about the institution look and kept as clean and neat as possible, it affords me great pleasure in saying that the institution never appeared to better advantage than it does at the present time.

As for the outside of the building, a contract has been awarded to have the entire front painted with three coats of paint and pencilled and new signs placed thereon, which when completed will make this institution, as far as appearance is considered, second to no other institution of like character.

Carpentering—

A closet, with plate glass doors is being erected in the Physicians' corner to display our new lot of medicine bottles, jars, etc., just received from the General Drug Department. When finished I think this, our miniature drug store, will make a very presentable appearance. The work on the same is being done at no expense to the Department outside of the actual cost of materials.

Two new flights of stairs leading from the street, to take the place of the old ones so long in use, have been erected.

Fire Brigade, Etc.—

Employees are being continually drilled and instructed by the Engineers as to their duties, etc., in case of fire in the building. All fire hose and other fire appliances throughout the institution are inspected and tested at regular intervals.

Medical—

All possible precautions are taken against admitting any person afflicted with smallpox or other contagious disease to this institution, as in addition to our own Physician, who carefully makes a personal inspection of every applicant before being admitted, treating those immediately whose ailments are not of a very serious character, and sending others when necessary to the hospital, an arrangement has been made with the Board of Health whereby a Physician attached to said Department calls here promptly every night to vaccinate all those who do not show a recent scar or who in his opinion need vaccinating. The lodgers after receiving their bath, etc., are lined up in front of him for inspection. Should any one object to being vaccinated when thought proper by said Physician the lodger is not allowed to remain in the institution. It is only fair to say that very seldom one objects when it is explained to them that it is being done for their own good.

Very respectfully,

WM. C. YORKE, Superintendent.

Quarterly Report of the New York City Training School for Nurses, Blackwell's Island.

New York, July 1, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities, foot of East Twenty-sixth street, New York:

Dear Sir—The following is the quarterly report of the New York City Training School for the second three months of 1903:

April 1, census, 140; June 30, census, 130.

Classifications as follows:

	April 1.	June 30.
Officers	2	2
Trained Nurses	3	3
Head Nurses	11	12
Pupil Nurses	92	88
Probationers	11	4
Matron	1	1
Stenographer	1	1
Help	19	19
Totals	140	130

On June 30 the force was distributed as follows:

2 Trained Nurses (1 Night Superintendent, 1 Charge, Female Wards), City Hospital.

3 Post-Graduates and 18 Pupil Nurses at Gouverneur Hospital.

1 Post-Graduate and 5 Pupil Nurses at Gouverneur Hospital Eye Dispensary.

1 Post-Graduate and 9 Pupil Nurses at Harlem Hospital.

1 Post-Graduate and 7 Pupil Nurses at Fordham Hospital.

1 Post-Graduate and 6 Pupil Nurses at Maternity Hospital.

2 Post-Graduates, 18 Pupil Nurses and 1 Probationer at City Hospital, Male Side.

3 Post-Graduates, 22 Pupil Nurses and 3 Probationers at City Hospital, Female Side.

3 Pupil Nurses were on vacation.

Of the help—

1 man and 2 women at Fifty-first street house.

3 men and 13 women at Home, Blackwell's Island.

During the quarter there were fourteen vacations given, four Pupil Nurses dropped temporarily for illness, one Probationer dropped. One Nurse was restored to the roll and thirteen graduated.

The health of the Nurses has been very good compared with the former quarter. For April there are nine days to record; for May, nine days, and for June, nine days. There were two cases of rheumatism; both made good recoveries. The other illnesses were slight.

April 1 the surgical floor of the City Hospital (Male Side) was vacated by the Male Nurses, the Female Nurses taking charge, with a very light force for lack of room, owing to the fact that our new building was not ready for occupancy on account of the strike, and it did not seem expedient to go to the trouble and expense of fitting up another house in the City during the short time we might expect to occupy it. While the wards have not been put in the order in which I should like them, still the work of caring for the patients has been carried out without any complaint.

At this time a male Trained Nurse, at a salary of \$50, was added to the Training School roll, his work to be the supervision of the male venereal wards and the attendance upon screen cases in the operating room, which would be sent from the male surgical floor.

During this month the lessons and lectures of the first half of the year were all finished up and the examinations were held April 14 and 15. All the pupils passed, making good records with the exception of two. Both were dropped from the roll, one being allowed the option of returning again should she so wish it.

The junior class made a class average of 74 per cent. on its written examination and the Graduating class made a total average of 87 per cent., that of its written being 84 per cent. The oral examination of the Graduating class was held at the Nurses' Home April 17. Drs. Peck, Goffe, Cooke and Potter being present. All expressed themselves as pleased with the showing which the pupils made.

Owing to the fact that the commencement was held a little earlier this year to allow us to use our new wing for the exercises, the examinations of the Intermediate and Preparatory class were not held until May 19 and 20. They also made very good records, the Intermediate class making 79 per cent., and the Preparatory class 82 1-3 per cent.

During the month of April a number of things, such as charts and maps, were added to our equipment for teaching. We had needed them very badly and found them very helpful.

On the 16th of May the Commencement was held, the first floor of the new wing being used for the exercises, and the second floor, where the partitions had not yet been put in, for our refreshments. It was a great improvement on our previous methods of holding the Commencement in a Ward of the Hospital, and those who had charge of the work of preparing for it appreciated the fact. We were much aided in our efforts of decoration by the loan of a number of palms, flowers and shrubs by Mr. Murphy, Assistant Superintendent of Parks. This year also a caterer was sent, with the silver, etc., which we had hired, and his general supervision of refreshments was very helpful. The day was thoroughly enjoyed by everybody, and much encouragement was given to the work by the speakers.

June 1, ten of the class of probationers who had begun their work on the first of March, having fulfilled all requirements, were appointed as regular pupils of the school.

As so many inquiries had been made from time to time regarding the work which was being done by the Preparatory class, it was thought advisable to give a demonstration of that work, which was done on the 4th of June. The demonstration was held in the dining room of the Nurses' Home before an audience of about fifty people, composed of the Superintendents of the principal Training schools of the City, with their Assistants, and a large number of the medical staff of City Hospital. The whole demonstration was voted very interesting and instructive and was carried out with a good deal of credit to the probationers, who took charge of it.

Not only did the pupils demonstrate what they had been taught in the practical work, but samples of the class work were also in evidence, making a complete exhibition of what the preparatory course is supposed to do.

On the 16th day of June a request came from Harlem Hospital to furnish Nurses to take care of two wards there which were to be opened in a few days. After look-

ing over the ground, it was decided to begin with two Nurses and add more if it became necessary. The nurses have not yet been called for.

During the quarter many improvements to the building have been carried out, such as finishing up the painting of the main building, arranging for the repairing of the window frames and sashes and the placing of a memorial tablet in the main hall of the present building, all of which things will be carried out as soon as the strike is off. The work on our south wing has been at a standstill owing to the strike. I am told that as soon as work may be begun again, the building can be finished for occupancy in six weeks. We are hoping we may be able to begin soon.

Respectfully submitted,

MARY S. GILMOUR, Superintendent.

City Hospital Quarterly Report for Quarter Ending June 30, 1903.

Hon. HOMER FOLKS, Commissioner, Department Public Charities:

Dear Sir—I respectfully submit a report for the second quarter of the year 1903 as regards the various changes, additions and improvements applying to this institution.

First—The floors through the entire hospital have been covered in a suitable manner with rubber matting and the margins polished, making a neat and clean appearance, which is sanitary in every respect, as they can be kept clean with less effort and in addition the noise created by walking over wooden floors is obviated to the great comfort of the patients.

Second—A ward has been divided into four sections, one apportioned to the Dentist, one to the hot air machine and two to the recovery rooms, for patients who have been operated on. This change was long needed, as instead of having all these necessary rooms in conjunction they were in various parts of the building and engendered needless trouble and annoyance to both patients and attending physicians.

Third—An instructor is detailed to drill all the employees and staff to make them efficient and actively intelligent when an alarm of fire may be sounded. The demonstration so far has been most satisfactory, and with the new equipments asked for will be in excellent and proper condition.

Fourth—The new fire escape (The Kirker Bender) has been tried many times by the members of the fire corps, and has been found well adapted to hospital uses.

Fifth—The new pavilions for patients and employees are well advanced in construction, and there is no apparent reason why they should not be finished within the period specified in contract.

Sixth—The walk leading to the Nurses' Home has been reconstructed and improved by adding gutters of brick; also a new road of stone has been built to replace the old one, which the new buildings necessitated closing. This work has been accomplished without any additional expense.

Seventh—The Laundry, Solarium and other outbuildings have been provided with new leaders and gutters in addition to the usual repairs.

Eighth—Two new water closets have been placed in the waiting room of the boathouse at Fifty-second street.

Respectfully submitted,

JOS. SCHILLING, Superintendent.

New York City Home for the Aged and Infirm, Manhattan Division, Blackwell's Island.
New York, July 2, 1903.

Hon. HOMER FOLKS, Commissioner:

Sir—I have the honor to transmit herewith the quarterly report of this institution for the quarter ending June 30, 1903, showing a decrease of 166 in the number of inmates since my last quarterly report.

During the quarter just completed all the old shops and buildings in the rear of the incurable hospitals have been torn down and removed, and the space fenced in; the work of grading and keeping the roads and walks in order has been kept up; new hayrads have been placed on the flagpole in front of the executive building and the pole repainted, and the work of planting, with clam shells, the new name of the institution, namely, "The New York City Home for the Aged and Infirm," upon the grass plot behind the flagpole has been commenced. The work of converting the two frame buildings known as the "Old Maternity Buildings" into suitable quarters for the married couples, Mr. Brooks, Foreman of the broom factory and Mr. Lyons, Storekeeper, is now in progress.

During the quarter the League of the Sacred Heart, Cathedral Branch, has on one occasion furnished ice cream, cakes and tobacco to the inmates. Likewise Mother Joseph, of the Convent in West Fourteenth street, has furnished ice cream and cakes to the inmates.

Respectfully submitted,

ROBERT ROBERTS, Superintendent.

Report of Metropolitan Hospital, Blackwell's Island, for Quarter Ending June 30, 1903.

Hon. HOMER FOLKS, Commissioner, Department Public Charities:

Total.....	1,634

On the 30th day of June the payroll numbered 221. The following help were added during the quarter:

One Hospital Helper at \$600 per annum, 1 Hospital Helper at \$540 per annum, 1 Cook at \$540 per annum, 3 Hospital Helpers at \$300 per annum, 10 Hospital Helpers at \$150 per annum, 2 Clerical Assistants at \$150 per annum, 4 Hospital Helpers at \$120 per annum.

They were distributed as follows:

One as Electrician, 2 as Dieticians, 1 Cook for staff kitchen, 3 as Nurses in Phthisis Infirmary, 8 Ward Helpers, 1 Orderly, 1 Watchman for tents, 1 Driver, 2 Clerical Assistants (Phthisis Infirmary and storeroom), 1 Helper in diet kitchen, 1 Cleaner in main building; total, 22.

Improvements during the Quarter.

We have erected nine (9) more tents on the grounds of Phthisis Infirmary, eight of which at present are occupied by patients.

Approved sanitary plumbing has been installed in the male and female Phthisis Infirmarys.

Cellar under male Tuberculosis Infirmary has been drained and graded.

Work on the Convalescent Hospital completed. Diet kitchen completed. Also the new ice house in the corporation kitchen has been completed and now all meats, milk, etc., in large quantities can be stored and properly kept.

Bell work installed in the main hospital building and at the infirmaries, connecting the diet kitchen with the different wards.

Fire drill has been installed under the direction of Mr. Fred A. Ross, Fire Expert and Drillmaster, and weekly drills kept up.

The old mangle, formerly in use at City Hospital, has been set up in our laundry, and same is working very satisfactory. We have also had a coat and body ironer placed in the laundry.

The work in the operating rooms is progressing rapidly.

All requisitions made during the quarter have been attended to promptly.

Respectfully,

W. B. O'ROURKE, Superintendent.

METROPOLITAN HOSPITAL TRAINING SCHOOL.

Report for the Quarter Ending June 30, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities:

Dear Sir—The following is the report of the Metropolitan Training School for the quarter ending June 30, 1903:

April 1, census.....	88
June 30, census.....	82

Classification.	April 1.	June 30.
Officers.....	2	2
Trained Nurses.....	2	2
Head Nurses.....	9	10
Pupil Nurses.....	58	53
Probationers.....	6	3
Clerical Assistant.....	1	1
Help.....	10	11
Total.....	88	82

Distribution, June 30—

Metropolitan Hospital—1 Trained Nurse, 8 Post Graduates, 39 Pupil Nurses, 2 Probationers.

Erysipelas Wards—4 Pupil Nurses.

Tuberculosis Infirmary—1 Trained Nurse, 2 Post Graduates, 7 Pupil Nurses, 1 Probationer, 2 Nurses on vacations and 1 Nurse off duty owing to illness.

Nurses' Home—1 Housekeeper, 8 Women and 1 Man.

The nursing in the male wards of the Tuberculosis Infirmary has been done by male Attendants. A Graduate Nurse has been found necessary for each ward in the hospital, owing to the frequent changes made in the service of the pupils, as the time on the tuberculosis wards has been limited to one month.

153 days were lost during the quarter, owing to illness, but only one case, of pneumonia, was of a very serious nature.

Since the plumbing and drainage have been attended to at the Nurses' Home and an increased supply of water furnished, there has been a marked improvement in the health of the Nurses.

The classes continued until May 14, when examinations were held with the following results:

	Average.
Graduating Class.....	90 13-44 per cent.
Senior Class.....	90 7-15 per cent.
Junior Class.....	85 23-70 per cent.

The first commencement was held for the Graduates on May 23, when diplomas were presented to 25 Graduates and 11 Post Graduates.

On June 15 a central diet kitchen was opened for the preparation of special articles of diet for the patients. A Pupil Nurse was detailed for the service under the supervision of Miss Kingsland, Hospital Dietician; arrangements were also made to have the supper for the Night Nurses served in this kitchen instead of in the kitchens adjoining the wards.

A Supervising Nurse has been appointed for night duty at the Tuberculosis Infirmary, where we have the care of about 430 patients.

Much difficulty has been experienced in the nursing department owing to the low, old-fashioned beds with which the hospital is mainly furnished. Iron supports are being placed on the bed springs as a temporary relief.

The work of the Training School has progressed more smoothly since the office has been enlarged.

On June 11 a Night Watchman was appointed for the Nurses' Home.

The Home has been furnished with brass rods and sash curtains of Swiss muslin, rugs, and utensils for the kitchen.

A new linen room is being equipped which will fill a long felt need. At present we have no central place for the reception of linen when returned from the laundry.

Books and periodicals have been received for the Nurses' library, and a set of reference books has been promised.

Through the kindness of Mrs. Elbridge T. Gerry, the tuberculosis patients have received instructions in basket making. The lessons have served to brighten many weary hours, and not only fancy articles, such as baskets, belts and hats, have been made, but the more ambitious have learned to re-seat chairs.

The Nurses are enjoying their vacations after the hard work of the winter, and owing to the smaller number of patients in the hospital during the summer months, the wards do not suffer from the decrease in the nursing staff.

Respectfully submitted,

New York City Children's Hospitals and Schools,

Randall's Island, New York,

June 30, 1903.

Hon. HOMER FOLKS, Commissioner, Department of Public Charities:

Dear Sir—I have the honor to submit the report of the New York City Children's Hospitals and Schools for the quarter ending June 30, 1903.

The following is the number of children treated at the four divisions of this institution:

Infants' Hospital, 203; Children's Hospital, 691; School for Feeble Minded, 338, and Custodian Asylum, 275. Total number treated in the institution, 1,507.

Admitted during the quarter: Infants' Hospital, 108; Children's Hospital, 233; School for Feeble Minded, 72; Custodian Asylum, 7. Total admissions, 420.

Discharged during the quarter: Infants' Hospital, 108; Children's Hospital, 131; School for Feeble Minded, 41, and Custodian Asylum, 7. Total discharged, 268.

Of the number treated 41 died; the total death rate at the institution, .0272 per cent.

The following is the number of deaths and percentage in each of the four divisions:

Infants' Hospital—Deaths, 22; percentage, 10.83.

Children's Hospital—Deaths, 10; percentage, 01.83.

School for Feeble Minded—Death, 7; percentage, .0207.

Custodian Asylum—Death, 2; percentage, .0073.

School Census.

	Day School.	School for Feeble Minded.	Industrial School.
Number remaining March 31, 1903.....	285	232	82
Admitted during the quarter.....	82	25	6
Total.....	367	257	88
Discharged during the quarter.....	65	34	4
Remaining June 30, 1903.....	302	223	84
Average daily attendance.....	207	146	58

Of the many new buildings in course of construction, and which when completed will add so much to the utility of the hospitals, all of them have been commenced during the past quarter.

The three quarantine buildings, situated northeast of the Infants' Hospital, were commenced on May 1.

The Gymnasium, occupying the site of the Old Industrial School, was commenced on June 17.

The Reception Building, located opposite the School for Feeble Minded, the largest in course of construction, was commenced on June 25, and when completed will be devoted exclusively for the use of the hospital children. The present Reception Building will receive only the feeble minded and idiots.

In order to make a complete separation of the children suffering with epilepsy from those suffering with various forms of paralysis, all the paralytic girls were transferred from Wards 14 and 21 on May 23 and June 5, respectively, to Pavilion A1, which affords accommodation for all of this class. Ward 14 is now occupied exclusively by the girls suffering with epilepsy.

Ward 16, which during the winter and early spring had been used for cantagion, was painted and renovated, and on June 11 the epileptic boys were transferred from Pavilion H to Ward 16, thus separating them from the crippled boys, who remain in Pavilion H.

We have long been desirous of making this classification, but up to this time have been unable to do so through lack of wards suitable to accommodate them separately.

On May 28 the girls convalescing from skin diseases were transferred from Ward 24 to Ward 23, and Ward 24 was fumigated and converted into a medical ward. At the same time Ward 21 was occupied by girls with sore eyes.

In April a new surgical table was received and placed in the operating room.

The new school desks, received in April, are a very great improvement.

New desks and seats have been placed in three class-rooms of the School for Feeble Minded. These desks and seats can be adjusted to the size of the child, and are very comfortable.

Sixty-five new desks have been placed in the assembly room of the day school. Here they are found to be of great advantage, in place of the old, long desks that were so inconvenient.

New, large, slate blackboards have been provided for all the class-rooms in the School for Feeble Mindel, and a liberal supply of the most approved school books, maps, kindergarten material, etc., have been furnished for the coming school year.

Two new delivery wagons and one new truck were received on June 25.

The delivery wagons were very much needed, as the wagons in use for carrying food supplies from the dock to the storeroom were old and dilapidated.

The want of a truck has long been felt in the hauling of lumber, etc.

A new bathroom has been fitted up in Pavilion A1.

Six boilers, steam plant, have been fitted with new grate bars and dumping device.

Six boilers, steam plant, are being recovered with iron plates and concrete.

The oven in kitchen has been repaired and arch rebuilt.

Three large copper urns have also been repaired.

Eighteen hundred running feet of corrugated rubber matting was received for Infants' Hospital on April 1, and is now laid in centre of all wards and corridors in that institution.

Three hundred feet macadamized road connecting main roads has been completed by men from the Penitentiary, Blackwell's Island, who, by permission of the Commissioner of Correction, have been detailed for this purpose.

During the month of June the farm has yielded the following products:

Lettuce, 2,950 heads; parsley, 6 bushels; onion leeks, 1 bushel; spinach, 7 bushels; turnips, 1 bushel.

Twelve tons of hay have also been saved

The farm milk still continues to show a satisfactory decrease of bacteria per cubic centimetre.

Through the courtesy of Mr. Omar V. Sage, Superintendent House of Refuge, the steam launch "Refuge" carried the passengers to and from this institution, landing at our dock on each trip, during two weeks while the steam launch "Thomas F. Gilroy" was undergoing repairs.

Respectfully,

M. C. DUNPHY, Superintendent.

Weekly—"Freeman's Journal," "Real Estate Record and Guide."

German—"New York Staats-Zeitung."

Designated by Board of City Record, June 30, 1903.

MUNICIPAL CIVIL SERVICE COMMISSION.

MUNICIPAL CIVIL SERVICE COMMISSION, 61 ELM STREET, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF ALL competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing, or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the "City Record" for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Postoffice and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated the minimum age requirement for all positions is 21.

S. WILLIAM BRISCOE, Secretary.

ASSISTANT COURT CLERK (CRIMINAL)—Compensation \$2,000 per annum; Ninth Grade; and

ASSISTANT COURT CLERK (CIVIL)—Compensation \$1,500 per annum; Sixth Grade.—Wednesday, October 28, 1903, at 10 A. M.

The receipt of applications for this examination will close on Friday, October 16, at 4 P. M.

The scope of the examination will be as follows:

Handwriting 30
Arithmetic 20
Letter 20
Dictation 15
Spelling 15

On Wednesday, October 28, all candidates will be given a qualifying examination on the clerical paper, and will also be given an opportunity to elect which of the special papers they will take—criminal or civil, or both.

The examination on the special paper will be held on Wednesday, November 18. The paper

on civil procedure will be given out at 10 A. M., and candidates who elect that paper will be notified to appear at that time. The paper on criminal procedure will be given out at 1 P. M., and candidates who elect that paper will be notified to appear at that time. Candidates who elect both papers will be notified for the morning session and will be given an opportunity to compete in the afternoon session.

The clerical paper will have a weight of five-tenths of the examination and the special paper will have a weight of five-tenths.

Candidates who receive less than 80 per cent. on the clerical paper will not be rated on the special paper. At least 70 per cent. is required on the special paper.

The minimum age is 21.

The special paper will include the duties of the position.

Applicants for this position must have a knowledge of kindergarten methods and be qualified to lead in out-door games.

In order to obtain a place upon the eligible list candidates will be required to pass a physical examination and to obtain seventy per cent. in the mental examination.

Vacancies exist in the Department of Parks. The minimum age is 21 years.

S. WILLIAM BRISCOE, Secretary.

PUBLIC NOTICE IS HEREBY GIVEN that the receipt of applications for the position of FIREMAN, in the Fire Department, will commence on Tuesday, September 15, 1903, at 9 A. M., and will continue until further notice.

S. WILLIAM BRISCOE, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK, July 23, 1903.

PUBLIC NOTICE IS HEREBY GIVEN that open competitive examinations will be held for the following positions:

MONITOR, CIVIL SERVICE COMMISSION—Thursday, October 15, 1903, at 10 A. M. (Open to men and women.)

The receipt of applications for this examination will close on Friday, September 25, at 4 P. M.

Monitors will be employed from time to time, as the needs of the service require. No regular employment will result from securing a place on the eligible list, but it is probable that there will be need of the services of a large or small number of Monitors once or twice a week.

The compensation will be \$5 a day when actually employed. Ordinarily the session lasts from about 9 A. M. to about 4 P. M.

The duties of Monitors are to assist in the conduct of civil service examinations; to supervise the candidates while they are at work; to see that they are promptly supplied with such stationery, question sheets, etc., as they need; to collect and properly sort and fasten the candidates' answers and otherwise help in securing a proper and orderly conduct of examinations.

To accomplish this, Monitors must be of good physical condition, alert and watchful. All candidates will therefore be required to pass a physical examination.

The mental examination will consist of one paper, on which 70 per cent. is required.

The minimum age is 21.

For applications apply to the Secretary.

For further information as to duties, etc., apply to the Chief Examiner.

S. WILLIAM BRISCOE, Secretary.

NOTICE TO TAXPAYERS.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, September 1, 1903.

TAXPAYERS WHO DESIRE TO OBTAIN

their bills promptly should make immediate written requisition (blanks may be procured in the borough offices), stating their property by Section or Ward, Block and Lot or Map number, making copy of same from their bills of last year.

If a taxpayer is assessed for personal tax, the requisition should also request bill for such tax.

Each requisition should be accompanied by an envelope bearing the proper address of the applicant, AND WITH RETURN POSTAGE PREPAID.

In case of any doubt in regard to Ward, Section, Block or Lot number, taxpayers should take their deeds to the Department of Taxes and Assessments and have their property located on the maps of that Department and forward to the Deputy Receiver of Taxes with the requisition a certified memorandum of their property, which will be furnished by the Department of Taxes and Assessments.

Taxpayers in this manner will receive their bills returned by mail at the earliest possible moment and avoid any delay caused by waiting on lines, and is required in case of personal application.

The requisition must be addressed and mailed to the Deputy Receiver of Taxes in whichever borough the property is located, as follows:

JOHN J. McDONOUGH, No. 57 Chambers street, Borough of Manhattan, New York.

JOHN B. UNDERHILL, corner Third and Tremont avenues, Borough of The Bronx, New York.

JACOB S. VAN WYCK, Municipal Building, Borough of Brooklyn, New York.

FREDERICK W. BLECKWENN, corner Jackson

avenue and Fifth street, Long Island City, Borough of Queens, New York.

JOHN DE MORGAN, Bay and Sand streets, Stapleton, Staten Island, Borough of Richmond, New York.

After receiving the bills, the taxpayer will see that they are properly rebated, then draw check for the net amount to the order of the Receiver of Taxes and mail bill and check, with an addressed envelope, with the return postage prepaid, to the Deputy Receiver in whichever borough the property is located.

All bills paid during October must be rebated before payment.

DAVID E. AUSTEN, Receiver of Taxes.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the lines of the public place at the intersection of Tremont and Westchester avenues, in the Borough of The Bronx, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 30th day of September, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is

more particularly set forth and described in the following resolutions adopted by the Board of Estimate and Apportionment on the 18th day of August, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of the public place at the intersection of Tremont and Westchester avenues, in the Borough of The Bronx, City of New York, more particularly described as follows:

The amendment consists mainly in reducing the area of the rectangular public place at the intersection of Tremont avenue and Westchester avenue, which has a length of about 792 feet and a width of 519.5 to a circular public place of 450 feet diameter.

In addition to the reduction of the public place, the 100-foot avenues, which were laid out around the rectangular public place, are to be discontinued and the old existing road between Tremont avenue and McGraw avenue is to be re-established.

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SALE OF BATHING PRIVILEGE.

CHARLES A. BERRIAN, AUCTIONEER, will sell at public auction, on behalf of The City of New York, acting by the Commissioner of Docks, at Pier "A," Battery place, in The City of New York, on Wednesday, September 30, 1903, at 12 o'clock noon, for a term of five (5) years, from October 1, 1903, at an upset price of three hundred dollars (\$300) per annum, a lease of the following described land under water:

Beginning at a point where the northerly side of Dyckman street intersects the established pierhead line; thence running southerly along said pierhead line a distance of about 167 feet to a point where said pierhead line intersects the northerly line extended of the land under water granted to Julia B. Hinchman, dated May 31, 1870; thence about easterly along the northerly line of said grant a distance of about 90 feet to a point on the prolongation of the line of mean high water from about the centre of street northerly; thence northerly along the said prolongation of the high-water line and along the high-water line a distance of about 130 feet to the intersection of said line of high water with the northerly side of Dyckman street; thence northwesterly along the northerly line of Dyckman street about 110 feet to the point or place of beginning.

The lessee shall have the right to erect and maintain upon the above-described premises, during the term of said lease, the necessary bath houses, floats and other structures required in and for the purpose of carrying on the bathing business, which said structures shall be erected under the direction and supervision of the Engineer-in-Chief of the Department of Docks and Ferries and in accordance with plans and specifications to be submitted to and approved by him.

The lessee shall have the privilege of one renewal of said lease for a further term of five years at an increased rental of 10 per cent. per annum.

TERMS AND CONDITIONS OF SALE.

The premises must be taken in the condition in which they may be at the commencement of the term of the lease, and no claim or demand that the premises or property are not in a suitable and tenable condition at the commencement of the term will be allowed by the Commissioner of Docks.

Any repairs, maintaining or rebuilding required or necessary to be done to or upon premises, or any part thereof, or the structures erected thereon during the continuance of the term of the lease shall be done by and at the cost and expense of the lessee.

No claim or demand will be considered or allowed by the Commissioner of Docks for any loss resulting from or occasioned by any delay on account of or by reason of the premises, or any part thereof, being occupied for or on account of any repairs, rebuilding or dredging.

The upset price of the lease of the premises offered for sale will be announced by the auctioneer at the time of sale (viz., \$300 per annum).

The lessee will be required at all times during the term of the lease to keep the slips adjacent to the said land under water, or structures erected thereon, well and sufficiently dredged.

The term of the lease is to commence October 1, 1903, and the rent therefor will be payable from that date.

A purchaser of the lease will be required at the time of the sale to pay, in addition to the auctioneer's fees, to the Commissioner of Docks, twenty-five per cent. (25%) of the amount of the annual rent, as security for the execution of the lease, which twenty-five per cent. (25%) will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to The City of New York if the purchaser neglects or refuses to execute the lease with good and sufficient surety, to be approved by the Commissioner of Docks, within ten (10) days after being notified that the lease is prepared and ready for execution at the office of the Commissioner of Docks, Pier "A," North river, Battery place.

The Commissioner of Docks expressly reserves the right to resell the lease of the premises bid on by any one failing, refusing or neglecting to comply with these terms and conditions, the party or parties so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

The lessee will be required to pay the rent quarterly, in advance.

The lessee will be required, under the lease, to enter into a bond or obligation, jointly and severally, with good and sufficient surety, to be approved by the Commissioner of Docks, in a sum double the annual rent for the faithful performance of the terms and conditions of the lease, the surety to be subject to the approval of the Commissioner of Docks. The purchaser will be required to agree that he will, upon ten (10) days' notice so to do, execute a lease, with sufficient surety as aforesaid, in the form now used by the Commissioner of Docks, a copy of which may be seen and examined upon application to the Secretary at the office of the Department of Docks and Ferries, Pier "A," North river, Battery place.

If the Commissioner of Docks requires at any time any of the said land under water for the purpose of building and constructing wharves, piers, bulkheads, facings, docks or slips, or either of them, according to and under the new plan, then, and in that case, on notice given by said Commissioner to the lessee, the said lease shall immediately terminate and be of no effect, and the said land under water be returned to the exclusive control and uses of The City of New York, as more particularly set forth in the form of lease above referred to.

No person will be received as a lessee or surety who is delinquent on any former lease from the Commissioner of Docks or The City of New York, and no bid will be received from any person who is in arrears to the Commissioner of Docks or The City of New York upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Commissioner of Docks, or his predecessors, or to the Corporation of The City of New York.

The right to reject all bids is reserved if deemed by the Commissioner of Docks to be for the best interests of The City of New York so to do.

The auctioneer's fees, twenty-five dollars (\$25), must be paid by the purchaser at the time of sale.

Dated September 17, 1903. \$17.29

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, for the use of the public, to lands and premises bounded by VERNON AVENUE and the EAST RIVER and PIERCE AVENUE and SANFORD STREET, First Ward of the Borough of Queens, in The City of New York, required for the opening of a public park.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court to be held in the County Courthouse in the Borough of Queens, in The City of New York, on Saturday, the 3d day of October, 1903, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a public park at Vernon avenue and the East river and Pierce avenue and Sanford street, in the First Ward of the Borough of Queens, in The City of New York, being the following described lots, pieces or parcels of land, viz:

Beginning at a point on the westerly side of Vernon avenue, which said point is distant 488.43 feet northerly from a point formed by the intersection of the westerly side of Vernon avenue with the northerly side of Pierce avenue, and thence running northerly along the westerly line of Vernon avenue 543.00 feet, more or less, to the northerly line of the land formerly belonging to the Estate of Stevens; thence westerly along the northerly line of land formerly belonging to the Estate of Stevens to the pier or bulkhead line established by the Secretary of War February 15, 1902; thence southerly to the pier or bulkhead line to the southerly line of land belonging to Thomas Rainey; thence along the southerly line of land belonging to Thomas Rainey to the westerly line of Vernon avenue, to the point or place of beginning.

The lands and premises, title to which is sought to be acquired in this proceeding for the purpose of opening said new park, are shown on a map entitled "Plan Showing Proposed Park between Vernon Avenue, East River, Pierce Avenue and Sanford Street, in the First Ward, Borough of Queens, City of New York," which map was filed in the office of the President of the Borough of Queens, of the Corporation Counsel of The City of New York, and of the Clerk of the County of Queens, on the 4th day of August, 1903.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profit thereof.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty on surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

REPORT OF THE CORPORATION COUNSEL.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, August 15, 1903.

Hon. SETH LOW, Mayor:

SIR—In compliance with the requirements of section 1544 of the Greater New York Charter, I transmit herewith a report of the transactions of the Law Department for the quarter ended June 30, 1903. The report contains

First—The statistics of the business of the office of the Corporation Counsel, including the main office in Manhattan and the branch offices in the other boroughs, contained in eight schedules. A brief recapitulation of these eight schedules is also annexed.

Second—An appendix containing reports from the Bureau of Street Openings, Bureau for the Collection of Arrears of Personal Taxes, Bureau of Penalties, and the Tenement House branch office; also statistics relative to proceedings begun for the several Bureaus of Buildings, and reports from special counsel retained in proceedings to acquire land in the Croton Watershed and other matters.

The business of the Law Department is so intimately concerned with the work of the Legislature and the courts that it would be convenient, if the Charter permitted it, to present the annual report of the Department as of June 30, the beginning of the summer vacation, rather than on December 31. But although only a quarterly report is called for at this time by statute, I avail myself of the opportunity to review generally the work of the Department and to submit some comparative statements of results accomplished, so far as such results are capable of being exhibited by statistics.

Receipts and Expenditures.

The total amount of payments made for maintaining this Department during the six months under review (exclusive of the Bureau of Street Openings) was \$242,438.23.

The total collections made by the Department during the same period was \$1,023,339.53. This aggregate is unusually large owing to a payment of over \$750,000 by the Manhattan Railway Company for taxes upon its real and personal property between 1895 and 1900.

The following table exhibits the receipts and disbursements of the Department for the first six months of each of the six years since consolidation:

	1898.	1899.	1900.	1901.	1902.	1903.
Collections—Main Office.....	\$10,395 07	\$18,585 78	\$4,221 91	\$30,716 48	\$3,649 06	\$863,063 90
Collections—Arrears of Personal Taxes.....	14,703 18	17,010 47	15,749 73	33,016 05	243,737 02	133,208 80
Collections—Penalties, Health Department, etc.....	13,376 53	25,668 63	13,941 21	16,752 58	23,825 63	27,066 83
Total collections.....	\$38,474 78	\$61,264 88	\$33,912 85	\$80,485 11	\$271,211 71	\$1,023,339 53
Total expenses.....	167,134 38	185,856 29	192,681 19	224,809 37	212,756 63	242,438 23
Deficit.....	\$128,659 60	\$124,591 41	\$158,768 34	\$144,324 26		
Surplus.....					\$58,455 08	\$780,901 30

From the foregoing table it appears that this Department, instead of being run at a loss, is now a source of revenue to the City. An average deficit of \$140,000 has been converted into an average surplus of over \$400,000.

The result is due, in large part, to the wise liberality of the Board of Estimate and Apportionment in allowing an increase of appropriations whereby the office force could be enlarged and the Department enabled to give attention to collecting the debts due the City as well as to resisting claims against it.

We have spent about \$17,500 more than in 1901, but we have been able, largely because of this added expenditure, to collect \$942,000 more.

The total collections of the Department for the eighteen months from January 1, 1902, to June 30, 1903, amount to \$1,577,332.52, which is about four times as much as the total collected during the previous four years.

Office Work.

The amount of work done in advising the several departments continues to increase with the growth of the City's business and the constantly greater scope of its corporate activities.

The number of opinions rendered has fallen off slightly as compared with the corresponding period in 1902, when the novel provisions of the revised Charter naturally gave rise to many questions in the minds of those who were then called upon to administer the law. It is my effort to reply as promptly as possible to requests for opinions, and I believe there is a constant improvement in this regard.

The number of contracts, bonds, leases and other like documents drawn or revised by this Department has very greatly increased in the past six months, reflecting the increased work of the several City departments. During the past six months 2,467 such documents were disposed of, as against 1,393 in the corresponding six months of 1902 and 1,095 in the same months of 1901.

A very considerable amount of business has also been transacted in connection with the purchase of land by the City at private sale. This involves settling the form of contracts of sale, examining titles and attending at the time of delivery of the deed. The practice for some years past has been to procure examinations of title, with policies of title insurance, from one or other of the title insurance companies, and this course I have followed. Indeed, with the present force of the Department, it would be quite impossible to undertake to examine titles, even if it were otherwise desirable.

Legislation.

As in the previous years, one of the Assistants in this Department devoted his entire time during the first five months of the year to representing the City before committees of the Legislature, attending public hearings before the Governor, and assisting the Mayor in his duties in examining bills affecting the City.

In the past session of the Legislature 621 bills were introduced in the Legislature specially affecting The City of New York, of which 157 were passed. Seventy-nine of these bills were rejected by the Mayor, and the remaining 78, which were accepted by the Mayor on behalf of the City, became laws with the approval of the Governor. Two bills which were general in form but which were believed to have particular reference to The City of New York, were opposed by me before the Governor. The first of these was an act providing for the refunding of assessments for local improvements imposed upon property belonging to or leased by a religious or benevolent corporation, etc. The second was a bill amending the general Railroad Law so as to extend the period in which consents heretofore granted to certain street railway corporations should become operative. Neither of these two bills received the Governor's approval, so that none of the measures opposed by the City Government were enacted into laws.

Litigation.

For the first time since consolidation, the number of proceedings pending in this Department has been reduced and not increased. At the close of the year 1902 the total number of actions and proceedings pending was 16,467; on June 30, 1903, it was 16,175. Considering that on June 30, 1898, the number pending was only 1,959 and that there has been a constant increase since, the fact of a turn in the tide is most noteworthy.

In my annual report for 1902 I pointed out that considerably more than half of the pending actions were brought to recover wages, and I stated that the decision of certain test cases by the Court of Appeals would enable the Department to dispose of most of them.

The largest group of cases is that which involves the so-called Prevailing Rate of Wages Law. The question whether this law is constitutional in its application to the City's own employees will probably be argued before the Court of Appeals in October next. If the decision of the Supreme Court is affirmed, more than four thousand cases will be dismissed.

The volume of litigation actually managed in Court during the past six months has been larger than ever, and the pecuniary results have been satisfactory, as appears by the following summary:

	Average, First Six Months, 1898-1901.	First Six Months, 1902.	First Six Months, 1903.
Appeals argued.....	132	110	156
Actions tried in court.....	162	236	264
Hearings before Commissioners and Referees.....	469	524	581
Motions argued.....	373	472	568
Judgments against the City.....	751	262	333
Amount of same.....	\$1,126,193 00	\$348,668 67	\$474,577 94
Judgments in favor of the City.....	79	82	69
Amount of same.....	\$10,715 54	\$12,385 35	\$18,153 83

Taking the foregoing figures in connection with the comparative statements of receipts and expenditures above, it appears that without any large increase in cost of management this Department in the past eighteen months has collected more money due the City than ever before in the same length of time; that it has tried more cases and argued more appeals and more motions than the average in the same months since consolidation; and that the judgments rendered against the City have been fewer in number and smaller in amount, while the judgments in favor of the City have been larger in number and larger in amount.

Many of the branches of litigation with which the Law Department is called upon to deal are such that the results cannot well be set out by means of statistics. But in one well-defined class of cases—that of actions for personal injuries—the results can be accurately stated in figures, and are so remarkable as to be worthy of particular notice:

The total number of such cases disposed of, either by trial or compromise, in the six months was..... 110
The amounts claimed aggregated..... \$1,192,936 00
The amounts recovered by the plaintiffs was 3 53-100 per cent. of their claims, or..... 42,172 00

A saving to the City of..... \$1,150,764 00
Taking only the cases where actual trials were had, the amounts claimed were..... 1,054,760 00
The aggregate of the verdicts of juries was 3 28-100 per cent., or..... 34,547 00

A saving to the City of..... \$1,020,213 00

In five of the cases, in which verdicts aggregating \$15,112 were given against the City, appeals have been taken which may result in lessening the amounts ultimately payable. The aggregate of the verdicts unappealed from which were rendered against the City in New York County falls to the remarkable figure of seven-tenths of one per cent. of the amounts claimed by the plaintiffs.

The results obtained in this class of cases are typical, in my judgment, of the character of the results obtained in other branches of litigation. That we have been so successful is undoubtedly due to the thorough and efficient preparation of cases

for trial, by reason of which the City has almost always been able to answer "ready" to every case as it appears on the calendar.

Appeals.

The number of appeals argued during the first six months of the present year was 156. During the same period 143 cases have been decided on appeal, in eighty-five of which the City was entirely successful, and in one the decision was partly favorable and partly unfavorable.

Among the important cases disposed of the following may be mentioned:

In *Haven vs. The Mayor*, which was an action to recover back an assessment for paving Dyckman street, in the Borough of Manhattan, the Court of Appeals held the payment to have been voluntary and with full knowledge of the validity of the assessment, and therefore sustained the City in refusing to refund any part of the amount paid.

In the case of *People ex rel. Clifford vs. Scannell* the Court upheld the power of the Fire Commissioner to dismiss a member of the force for insubordinate language publicly used in reference to proposed legislation.

In the matter of the Harlem River Bridge Approach a very large saving was effected by a decision of the Court of Appeals affirming the decision of the Appellate Division. In that case the total amount of the awards against the City amounted to \$996,730.31. The decision of the Court of Appeals, to the effect that the award made by a majority of the Commissioners was based upon an inaccurate principle, will result in a saving to the City of about \$500,000.

In the cases of *Sugden* and others, the Court of Appeals held, reversing the Appellate Division, that certain persons who had been detailed as Detective Sergeants prior to January, 1902, were entitled to retain that position, and that the Police Commissioner had no power to remand them to duty in their former ranks as Patrolmen or Roundsmen.

In the case of *Crawford vs. The City of New York*, the Court of Appeals affirmed the decision of the Appellate Division in regard to the extent of the City's liability for keeping the pavements free from ice and snow, and sustained fully the views urged by the Law Department. This case is of great value in restricting such claims against the City.

In the case of *People ex rel. McDonald vs. Grout*, which was a proceeding to compel the City to pay the cost of constructing the ducts for electric cables in the Rapid Transit subway, the Court of Appeals sustained the Appellate Division in holding that the cost must be borne by the City and not by the contractor, under the terms of the Rapid Transit Act and the contract with Mr. McDonald. This decision is of practical importance only in the future, because the City will receive an enhanced rental from the contractor based upon the amount expended for these ducts.

In the case of *Charles T. Barney vs. the City*, which was an action to enjoin the construction of the eastern branch of the subway at Park avenue and Thirty-eighth street, the Appellate Division affirmed the order of the Special Term refusing such injunction upon broad grounds of public policy.

In the matter of *Quarry road*, the Appellate Division reversed the decision heretofore obtained by the City upholding the action of the Board of Estimate and Apportionment in regard to reviewing proceedings taken by the former Board of Public Improvements in reference to shifting the burden of the cost of opening streets from the property owners to the general body of taxpayers. I have appealed from this decision to the Court of Appeals.

In the cases of *Whitman vs. the City* and the *Knickerbocker Ice Company vs. The Mayor*, which involve important questions in regard to the title of the City to certain land under water, the Appellate Division has sustained the position taken by this Department.

Collection of Penalties.

The work of this bureau, which now takes charge of Health Department cases, is difficult to summarize. The amount of business with which it deals is enormous, and is steadily increasing. The following figures will perhaps give some idea of its magnitude and variety:

Complaints for violation of City ordinances received in six months to June 30, 1903.....	2,520
Complaints received in bastardy cases.....	236
Complaints received in abandonment cases.....	277
Complaints received for support of poor relatives.....	34
Complaints received from Fire Department (chimney fires, insufficient safeguards in theatres, etc.).....	317
Delinquent juror cases.....	1,866
Orders received from Board of Health for prosecution.....	6,333
Civil actions commenced to recover penalties on above.....	1,254
Criminal actions commenced to recover penalties on above.....	1,211
Amount of fines imposed in criminal courts.....	\$8,432 00
Amount collected by the Bureau.....	\$13,267 12

Through this Bureau I have given earnest attention to an enforcement of the ordinances relative to encroachments upon the streets of the City. The subject is one which will be of increasing importance as the City's population grows. Already the inadequacy of many streets is seriously felt, as, for example, in Broadway and in Fifth avenue from Fourteenth to Fifty-ninth streets.

In the case of Fifth avenue two cases which have been before the courts on motions for preliminary injunctions within the past six months deserve special notice. They are the cases of a trust company's office building on the corner of Fifth avenue and Thirty-fourth street, and of a private residence at Fifth avenue and Fifty-first street. In the former case a special ordinance (passed in 1901) purported to authorize a very serious encroachment on Fifth avenue; but the validity of this ordinance is most doubtful under recent decisions of the Court of Appeals, and the encroachment on Thirty-fourth street seems entirely without warrant of law. In the other case no ordinance could be produced which justified the structure complained of, and the owner has announced his intention of removing it.

Permits to build stoops, porticos, areas, etc., are revocable at the pleasure of the Board of Aldermen, and I have recently advised the President of the Borough of Manhattan that all such structures may lawfully be ordered removed by ordinance, as was done in the case of Broadway on April 25, 1882. Nevertheless, the existence of expensive structures in the street adds greatly to the difficulty of recovering possession of the City's property, even when urgently needed, and I believe it should be the policy of this Department to seek in every proper case to restrain any new encroachments that are not fully warranted by law.

I have enlisted the support of the Building Superintendents in Manhattan and Brooklyn in this undertaking, and all plans for new buildings are now closely scrutinized to see that encroachments are not contemplated.

Collection of Arrears of Personal Taxes.

The amount collected from this class of debtors was \$133,208.80 during the six months under review. It was naturally considerably less than the amount collected in the same six months of 1902, when the present business-like system was first substituted for the lax methods, or want of method, theretofore prevailing. Nevertheless the amount collected in the first six months of 1903 is very nearly double what was ever collected in any one year before 1902, and may be compared with the \$20,119.86 which was the average collected in the corresponding periods of the four years from January 1, 1898, to December 31, 1901.

The total collections made by this Bureau in the eighteen months since January 1, 1902, was \$518,241, as against \$157,316.86 in the whole of the previous four years. This is an average rate of about \$345,000 a year as against an average of about \$39,000 a year.

If the comparison is made with the Borough of Brooklyn the results are still more striking. Prior to consolidation no legal proceedings whatever, so far as I can learn, were ever taken in the old City of Brooklyn for the collection of arrears of personal taxes. Mr. Justice Keogh, in 1897, stated that personal taxes in that City were collected "only when persons voluntarily pay," and that the excuse given was that there was no law under which the collection of such taxes could be enforced, an excuse which he regarded as frivolous. After consolidation, and down to the beginning of 1902, little or no effort was made to enforce the law in Brooklyn. Notices were sent out, and some small amounts were thus collected without suit.

Such a state of affairs was not only grossly unjust to those who did pay on their personal property and to those who were assessed on their real estate, but it was in plain and palpable violation of law. It seemed to me my duty to enforce the law equally in all parts of The City of New York, and I have done so.

The following statement shows the amounts collected since consolidation for arrears of personal taxes in the Borough of Brooklyn:

1898.....	\$2,918 52
1899.....	66 92
1900.....	1,763 56
1901.....	6,630 95
1902.....	116,400 70
1903 (first six months only).....	69,328 93
	\$197,109 58

In the past eighteen months we have therefore collected from delinquent taxpayers in Brooklyn the large sum of \$185,729.63, as against only \$11,379.95 collected in the four years previous, and as against no collections before consolidation.

Street Openings.

The following summary shows the work done during the past eighteen months by the Bureau of Street Openings:

	Number.	Awards.	Assessments.	Linear Feet Acquired.	Parcels Acquired.	City Lots Acquired.
Reports confirmed.....	211	\$14,940,360 87	\$9,686,649 04	416,309	6,054	11,365
Reports submitted for confirmation.....	6	356,294 48	157,534 22	7,085	167	337
Final reports signed.....	53	1,989,898 91	3,410,558 74
Final instructions received.....	30	866,487 65	1,159,650 79
Filed for objections.....	41	1,494,093 91	2,876,501 67
Total.....	341	\$19,647,135 82	\$17,290,894 46	423,394	6,221	11,702

Of the foregoing awards those for the One Hundred and Forty-fifth Street Bridge, over the Harlem river, amounting to \$996,730.31, were set aside in large part by the Appellate Courts, as previously stated in this report. Making allowances for this reduction, it may be stated that there have been acquired in eighteen months 78.3 miles of streets, taking only the proceedings actually confirmed. The payments for the land taken amounted to over \$14,000,000, or about \$179,000 a mile on the average.

Of the hundreds of proceedings pending on January 1, 1902, there are only 79 in which reports have not been filed for objections. All of the old and long-delayed proceedings have been completed and this source of complaint removed.

The following table will show the amount of work done in proceedings confirmed in the eighteen months beginning January 1, 1902, and ending June 30, 1903, as compared with similar work in the years 1899, 1900 and 1901. I do not take 1898 into account because in that year little or nothing was done.

	1899, 1900 and 1901.	1902 and Six Months Ending June 30, 1903.
Total number of reports confirmed.....	173	211
Linear feet acquired.....	265,801	416,309
Awards.....	\$11,581,627 42	\$14,940,360 87
Assessments.....	\$6,982,049 16	\$9,686,649 04
Parcels acquired.....	4,248	6,054
City lots acquired.....	8,488	11,365

It will be observed that in the proceedings completed in the years 1899, 1900 and 1901 there were only about fifty miles of street acquired, and that the cost per mile averaged about \$228,000.

It will appear therefore that in the eighteen months under review we have completed 22 per cent. more proceedings than were finished in three years before, and that we have acquired nearly 60 per cent. more miles of street at a cost of only 79 per cent. as much per mile acquired.

Other Condemnation Proceedings.

During the past six months the number of proceedings brought to a close has been unusually large. Besides the property purchased at private sale the City has finally acquired twelve school sites, four large parcels of dock property, four bridge approaches or anchorages, one park, one library site, one site for a fire engine house and one piece of private property for the Rapid Transit subway.

The largest of these were the block on the North river, between Thirteenth and Fourteenth streets, taken for the new Chelsea improvement of the water front, at a cost of \$1,193,639.73; the approaches in Brooklyn to the new Williamsburg Bridge at a cost of \$1,303,250, and the park at Thirty-fifth and Thirty-sixth streets, First and Second avenues, in Manhattan, at a cost of \$1,020,750.08.

The twelve school sites cost in all \$1,366,455.60, making an average cost of \$113,871.30. The most expensive sites were the two at Mott and Elizabeth streets and at Hester and Essex streets, in Manhattan, in very crowded tenement house districts.

During the remaining six months of the year we shall complete the proceeding for the approach in Manhattan to the Williamsburg Bridge, the remaining water front proceedings from Gansevoort Market to Fifteenth street, and the pending rapid transit proceedings, except possibly one in The Bronx. Other important proceedings are well advanced, and it is hoped may be finished before the close of the year.

Water-Shed Proceedings.

Of the proceedings pending on January 1, 1902, the testimony in the Seventh Supplemental Proceeding, Cornell Dam, has long since been finished. I applied to the court for an order to compel the Commissioners to make and file their final report, but before the motion could be heard and after the close of the quarter the report was made and filed.

The other two proceedings, the Eighth Cornell Dam and Mahopac, are being pushed as fast as possible, and the latter is nearly completed.

Two new proceedings have recently been begun to acquire land for the sanitary protection of the water supply—one on the shores of Lake Mahopac and its outlet in Putnam County, the other on Wampus pond and river, Rye pond and Byram and Bronx rivers in Westchester County. In the former case 37 parcels of land are taken, and the taking of claimants' testimony (which was begun April 30, 1903,) is finished as to 20 parcels. In the second case, which was begun later and in which 114 parcels are taken, all of the claimants' testimony is completed as to 37 parcels. This is unusually rapid progress for this class of cases.

In my annual report for 1902 I stated that I had endeavored, although without much success, to reduce the extravagant expenses in this class of cases. I am happy to report that I have secured an important judicial decision which, if sustained, will undoubtedly lead to greatly reduced expense and to much less delay.

The statute provided that Commissioners were to be paid ten dollars a day for every day upon which they should be actually employed in the performance of their duties. This had been uniformly interpreted to mean that they were entitled to pay for every day, except Sundays and legal holidays, between the time they qualified and the time they filed their final report, without reference to the amount of work done.

In the case of the Seventh Supplemental Proceeding, Cornell Dam, the Commissioners, in accordance with custom, presented a partial bill of costs, charging for every day, except Sundays and legal holidays, between certain dates. I opposed taxation of the bill and it was referred to Hon. George G. Reynolds to take testimony and report with his opinion as to the number of days "actually employed" by the Commissioners. In his report, dated June 22, 1903, the Referee finds that the theory of constructive service is "entirely fictitious," and the basis on which the bills were prepared "a perversion of the statute," and he holds that giving "a few moments thought more or less to a case, for the purpose of making a per diem charge against the City," will not justify an allowance of a day's pay.

Under the system formerly prevailing, Commissioners were paid about three thousand dollars a year apiece. They were thus under a direct and very powerful incentive to protract proceedings to the utmost. If the report of Judge Reynolds is sustained, the compensation of Commissioners will hereafter depend on the amount of work they do; and as, under a recent amendment of the statute, Commissioners' fees cannot be taxed by the Supreme Court until confirmation of their report, it is now to their interest to proceed as rapidly as possible.

Delays and Expenses in Condemnation Proceedings.

I stated in my annual report for 1902, in reference to street opening proceedings, that in my judgment "there was no branch of the work of the Law Department which required more attention on my part, or in which more satisfactory results to citizens could be obtained, than in endeavoring to shorten the time and diminish the expense of these proceedings."

It is not easy to obtain accurate evidence as to the extent to which condemnation proceedings generally have been hastened, but I am satisfied—and I believe members of the bar who have experience in such matters will agree—that there has been material improvement.

In school site proceedings, which are generally comparatively simple, we have been able in several cases to close the whole transaction within a few weeks.

In street opening proceedings there is also a decided change for the better, but the Bureau has been so congested with the mass of cases begun before 1902 and turned over to us as unfinished business that there are still great delays, which ought to be avoided in future.

As to the expense of condemnation proceedings, so much has been said of late that I have made careful inquiry as to what they are now costing the City and the property owners. That they are now much less than formerly in proportion to the extent and value of the property taken is unquestionable.

The annexed schedule of condemnation proceedings—other than street opening and watershed matters—shows that during the first six months of 1903 twenty-four proceedings were completed, the awards in which aggregated \$6,174,084.01. The total expenses of every kind, including Commissioners' fees, clerk hire, stenographers' fees, fees of expert witnesses, room rent and sundries, aggregated \$139,585.06, or almost exactly two and a quarter per cent. of the awards. If this quantity of scattered property had been purchased at private sale, the incidental expenses for brokerage, examination of title, etc., would have amounted to almost as much.

Taking the two hundred and eleven street opening proceedings confirmed between January 1, 1902, and June 30, 1903, I find that the awards made aggregated \$14,940,360.87, and that the total expenses attaching to these proceedings were \$844,554.05. The awards were subsequently largely reduced by the Appellate Courts in the Harlem bridge matter and, taking only the sum of the awards as finally confirmed on appeal, I find that the expenses in this class of cases averages 6 2-100 per cent. of the awards.

The reasons why the expenses of street-opening proceedings are greater in proportion than the expenses of other condemnation proceedings are, first, because in street openings the cost, or some percentage of it, is generally charged on the property benefited, so that the Commissioners must lay assessments for benefit as well as award damages, thus doubling their labor; and, second, because these proceedings being in charge of a separate bureau, the salaries of the Corporation Counsel's assistants and employees are charged as a part of the costs.

The expenses paid for watershed proceedings in Westchester and Putnam counties during the eighteen months ended June 30, 1903, aggregated \$136,629.18. This is at the rate of \$91,086.12 a year.

Taking the above figures of expense, the present annual rate of expenditure may be stated as follows:

For condemnation proceedings generally.....	\$279,170 12
For street opening proceedings.....	503,036 03
For watershed proceedings.....	91,086 12

Total..... \$933,292 27

Bearing in mind the fact that the period under review has been marked by exceptional activity, it is probably safe to say that the sum of nine hundred thousand dollars a year is an outside estimate of what is now being spent in conducting all the condemnation proceedings begun by the City.

All such expenditures, it must be remembered, are fluctuating in amount, depending on a variety of circumstances, of which the value of the land taken is but one item. These expenses are paid once for all and are a part of the cost of the land acquired. They are not met out of annual taxation, but out of the proceeds of sales of bonds or out of assessments on property deemed to be benefited. If the City ceased to grow and no more land was needed for its corporate purposes, condemnation proceedings would not be brought and no expenses would be incurred.

The remark has recently been made by one of the justices of the Supreme Court that the expenses of such proceedings amounted, as he was informed, to more than the cost of the entire judicial establishment of the City and the four counties included within it. The appropriations in the Budget of the City for the judicial establishment for 1903 aggregate \$2,568,254.

Organization of the Department.

The organization of the Department, as explained in my annual report for 1902, remains unchanged. During the first six months of the present year one of the principal assistants, Mr. Chittenden, resigned to resume private practice, and there were two other resignations, one transfer and two deaths. I have had no occasion to make any removals.

The satisfactory results achieved by the Department are due to the professional skill and unremitting industry of my assistants, and it gives me great pleasure to testify again to the loyal and efficient manner in which they and the entire office force have discharged their respective duties.

Respectfully submitted,

GEORGE L. RIVES, Corporation Counsel.

ACTIONS IN REM. AGAINST TENEMENT HOUSES.

All the reports of the various tenement house commissions speak of the difficulty in enforcing the law, owing to the fact that in many instances it is impossible to locate the real owner, and in many other instances the owner resides outside of the jurisdiction. These difficulties have never been successfully met.

Therefore the Department had embodied in one of the amendments of the Tenement House Act a provision that in case the owner of a tenement house does not file his name and address with the Department, as required by law, or in case he resides outside of the State, then the existence of a nuisance or violation of the act in a tenement house or on its lot shall subject the house and lot to a penalty of \$250, which shall be a lien on said house and lot. The procedure for establishing this lien is the same as is already provided for establishing the \$1,000 prostitution lien. Under these provisions a number of actions noted below have been begun against houses, and have resulted in prompt compliance with the law, an owner, agent or attorney having so far appeared in every instance.

ACTIONS AND SPECIAL PROCEEDINGS.

People ex rel. Adam Mohl vs. Robert W. de Forest, Tenement House Commissioner.

This application for a mandamus to compel the approval of certain plans, commenced and adjourned at the request of the relator, was argued before Justice MacLean on the 22d day of April and granted upon June 11, 1903. No appeal has been taken for the reason that we advised the Tenement House Department, before the proceeding was begun, that there was no legal ground for refusing to approve the plans.

The City of New York vs. William C. Dewey.

The defendant was proceeding unlawfully to construct premises owned by him at northeast corner Eighteenth street and Broadway. An order to show cause why an injunction should not issue was served on the defendant upon the 24th April and he immediately took steps to comply with the law. Upon the certificate of the Superintendent of Buildings that the construction of the building was in conformity with the requirements of his Bureau, and at his request, the action was discontinued.

Tenement House Department vs. Katie Moesch.

This was a suit begun in the Municipal Court for the Seventh District to test the validity of section 100 of the Tenement House Act, which requires all privies and school sinks connected with tenement houses to be removed, and to be replaced by one water closet for every two families occupying the tenement house. The defendant in this case admitted that she has violated said section by retaining a school sink at No. 332 East Thirty-ninth street. She alleged in her answer that said section violated the Fourteenth Amendment of the Constitution of the United States. As a fourth separate defense she alleged that her privies were sanitary and constructed according to law, and as a fifth defense that the particular school sink in question was provided prior to 1890, in accordance with an order of the Board of Health. Judge Joseph sustained the plaintiff's demurrers to both separate defenses.

At the trial the plaintiff moved for judgment on the pleadings on the theory that no testimony can be taken to show the unconstitutionality of a statute. This motion was denied, and the testimony of experts and others was then taken at great length on the question of the reasonableness and practicability of the law. This was unusual enough, but the most remarkable thing of all was that at the closing of the evidence the Justice announced that he would let the jury decide the question of the reasonableness of the law. After argument of counsel and the Judge's charge the jury retired, and after three hours brought in a verdict for the plaintiff. The defendant's motion for a new trial was denied, and she has appealed to the Appellate Term.

The City of New York vs. The Sailors' Snug Harbor in The City of New York.

This was the submission of a controversy to the Appellate Division of the First Department in the first instance upon an agreed statement of facts. The Superintendent of Buildings for the Borough of Manhattan had ordered the defendant to provide fire escapes upon its factory building Nos. 24 to 34 University place, Borough of Manhattan. The defendant claimed that the Superintendent had no jurisdiction, but that under the Labor Law the Factory Inspector was the only official who had authority to make and enforce such an order. The question was argued before the Appellate Division on June 9, and that Court recently handed down a decision ordering judgment for the plaintiff, holding that the Superintendent of Buildings have exclusive jurisdiction over fire escapes on factories in New York City.

In the matter of the application of The City of New York vs. John E. Conron and Joseph Conron.

The defendants, being the lessees of premises Nos. 44 and 46 Tenth avenue, had constructed and were operating a freight elevator without having made it fireproof. This proceeding was to restrain the use of such elevator and to compel its removal. Upon the service of the petition the defendants filed plans and made such changes as were deemed necessary by the Superintendent of Buildings to make the elevator fireproof and safe for use. The proceeding was therefore discontinued.

In the matter of the application of The City of New York vs. John E. Conron and Joseph Conron.

This proceeding was for the same purpose as the preceding one, the premises being Nos. 52 and 54 Tenth avenue. The result was the same as in the first proceeding against these defendants.

The City of New York vs. the Sons of Israel.

The defendants, a religious congregation, were proceeding to erect a synagogue at Nos. 13 and 15 Pike street, without having obtained the approval of the Superintendent of Buildings to the plans and specifications therefor. This action was commenced upon the 25th of June, 1903, to restrain the defendants from erecting the building, and an order to show cause and temporary restraining order served upon them. The plans and specifications were filed at once and approved by the Superintendent of Buildings, upon whose certificate that the law had been observed the action was discontinued.

In the matter of the Tenement House Department vs. Margaret O'Reilly et al.

This is a proceeding to compel the erection of sufficient fire escapes on the apartment house at Nos. 436 and 438 Lexington avenue and No. 123 East Forty-fourth street. The proceedings were commenced on the 15th day of June, 1903, by the service of petition and notice of motion, Special Term, Part I., June 23, for an order directing the erection of the necessary fire escapes or the vacating of the premises. Upon the application of the counsel for the defendants, this motion has been adjourned pending steps to comply with the law.

Lillian Rothstein, individually and as guardian, vs. the Tenement House Department and Robert W. de Forest, etc.

This was an action commenced upon the 24th day of June, 1903, to enjoin the Tenement House Commissioner from proceeding on the 25th day of June to vacate the tenement house and rear tenement No. 141 Mott street as unfit for human habitation. The temporary restraining order was vacated by Truax, J., as having been granted contrary to section 1344b of the Charter. The motion was adjourned from time to time at the request of the plaintiff's counsel, the plaintiff in the meantime having complied with the orders of the Department by cleaning and repairing the premises sufficiently to render them habitable, and has since been discontinued.

Supreme Court, County of New York, the Tenement House Department vs. Katie Moesch.

This is a suit in the Supreme Court to compel the owner of No. 332 East Thirtieth street to remove her school sink and otherwise comply with section 100 of the Tenement House Act. A motion is now pending, under section 128 of said act, for an order directing the defendant to remove her school sink. As the facts have already been decided against the defendant in the above penalty suit in the Seventh Municipal Court, the plaintiff's theory is that such an order should be granted without waiting for the trial of the action.

In addition to the money remitted to these two departments there have been eleven criminal proceedings resulting in the payment of a fine. These fines do not pass through my hands.

I have experienced great difficulty in collecting the bills of the Bureau of Buildings for work in connection with rendering buildings temporarily safe. These expenses are nearly always incurred prior to the issuing of the precept, and in many cases the emergency is not great enough to warrant the expenditure before the order of the Court. In two instances very large sums are involved. Payment is peremptorily refused, and as the sums were expended before a precept was issued by the Court, payment cannot be enforced.

This loss to the City could be corrected by a more careful exercise of the authority to do emergency work before the issuance of a precept. In addition to this I have already recommended that no bills of the contractor should be approved or paid until the property owner has had an opportunity to inspect them and file his objections to the charges, if he desires.

With regard to the enforcement of the Tenement House Act, we have found that the additional remedies secured by the amendment, chapter 179 of the Laws of 1903, notably the power to file notices of lis pendens and to bring actions in rem, have been most helpful. These two remedies, with the power to vacate buildings in extreme cases where they are unfit for habitation, are securing a more prompt and effective compliance with the law than ever before.

Very respectfully,

MATTHEW C. FLEMING, Assistant Corporation Counsel.

Report of the Counsel Assigned to the Change of Grade Damage Commission.

July 1, 1903.

Hon. GEORGE L. RIVES, Corporation Counsel:

DEAR SIR—I inclose a report of proceedings to review certain decisions of the Change of Grade Damage Commission, Twenty-third and Twenty-fourth Wards, for the quarter ending June 30, 1903. Very respectfully,

ROBERT C. BEATTY, Counsel in Charge.

CHANGE OF GRADE DAMAGE COMMISSION—TWENTY-THIRD AND TWENTY-FOURTH WARDS.

Report of the proceedings to review certain decisions of the above Commission for the quarter ending June 30, 1903.

June 30, 1903.

Hon. GEORGE L. RIVES, *Corporation Counsel*:

SIR—The above Commission concluded its labors and went out of existence on September 15, 1902.

During the quarter ending June 30, 1903, the following work was done in the proceedings brought to review decisions of the above Commission.

Twenty certiorari proceedings had been brought by certain claimants to review decisions of the Commission against such claimants. Motions to quash or supersede these writs of certiorari made by the defendant Commissioners had been denied at Special Term, Part I, and the appeals from those orders were pending at the time of the last quarterly report.

One of the twenty appeals was argued at the Appellate Division, First Department, in April last, the title being *People ex rel. Belmont and another vs. Leonard et al.* Commissioners and other appeals, pursuant to stipulation, were to abide the result in that case. The order appealed from was affirmed and orders discontinuing the other nineteen appeals, without costs, have since been entered on consent.

Pursuant to a stipulation made between the parties, returns were then filed by the Commissioners in the cases of *People ex rel. Belmont and another vs. Leonard et al.*, Commissioners, and *People ex rel. Steeves vs. Leonard et al.*, Commissioners, and these two cases have been placed upon the Appellate Division calendar and will be reached for argument in the October term.

The returns to the writs of certiorari in the other eighteen proceedings have been deferred by the said stipulation until after the final determination of the Belmont and Steeves cases.

Under the statutes providing for this Commission the time to submit evidence and to render a decision expires July 1, 1903, with power in the Appellate Division, First Department, to grant an extension of time by order (chapter 729, Laws of 1900).

Such an application was made by a number of the relators in the certiorari proceedings pending, and the Appellate Division has entered an order in the form proposed by the City extending such time to May 1, 1904, but only in the claims involved in the twenty certiorari proceedings pending and four other claims in which the claimants appeared by the same attorney and moved to reopen their claims, which had previously been dismissed.

As to all other claims, about 965 in number, the time to take any proceedings before this Commission expires by the limitation of the said statute on July 1, 1903.

Annexed hereto, marked Schedule "A," is a list of the twenty-four claims referred to, the last four being those in which no certiorari proceedings have as yet been instituted.

The only matters now pending are the twenty certiorari proceedings which, in the event of a reversal of the Commissioners' determination, would lead to a rehearing in the twenty-four claims. Should the proceedings be affirmed, however, there would be no further hearing before any Commissioners, and these matters would be concluded.

Respectfully submitted,

ROBERT C. BEATTY, Counsel in Charge.

Reports of Special Counsel in Watershed Proceedings.

August 5, 1903.

Hon. GEORGE L. RIVES, *Corporation Counsel*:

DEAR SIR—Complying with your request that I send you a report of the work done by me for the Law Department during the six months ending June 30, I would respectfully advise you as follows:

The only two condemnation proceedings remaining in my charge are in Eighth Cornell Dam and Mahopac. In neither of these proceedings have the Commissioners made a report. In the Eighth Cornell Dam proceeding the claimants have not finished

their testimony. In the cases to be included in the next report of the Commissioners of Appraisal in the Mahopac proceeding, testimony on both sides has been completed with the exception of one parcel, which is a road parcel and which was the subject of litigation before his Honor, Justice Keogh. I expect the Commissioners will make a report on all the parcels except this within a very short time. I have attended fifty-four meetings of the Commissioners during this time.

Fifty-seven dispossess proceedings have been instituted before the County Judge of Westchester County and three before the Supreme Court.

The awards made by the Commissioners of Appraisal in the Eighth Cornell Dam proceeding, fifth report; Mahopac Commission, fifth report; Res. "I," additional lands, second section, and St. Joseph's Normal College have been paid and the necessary papers recorded to vest the title in the City. The amount disbursed, exclusive of counsel fees, was \$552,859.09. In the Hannifin claim against the City, the testimony on behalf of the petitioner and claimant, with the exception of the rebuttal evidence on behalf of the claimants, has been closed.

In the Gleneida proceeding, seven meetings have been held by the Commissioners who have adjourned during the heated term.

I have received 256 communications from the City department and have sent 438 communications and opinions on various subjects relating to the City's water supply.

Proceedings were instituted to amend the Eighth Cornell Dam proceeding so as to include the case of the New York Central and Hudson River Railroad Company. In connection with these claims, I have held various consultations with the attorneys for the railroad, engineers of the railroad and the Aqueduct Commissioners. This same statement applies to the proceedings to amend the highway system in the matter of the Eighth Cornell Dam proceeding.

Yours respectfully,

H. T. DYKMAN.

PORT CHESTER, N. Y., August 1, 1903.

Hon. GEORGE L. RIVES, *Corporation Counsel*, No. 2 Tryon Row, New York City:

DEAR SIR—As requested in your letter of July 30, herewith is sent my report regarding the progress of the Rye pond, Wampus, etc., proceeding, to June 30 last.

Yours very truly,

FREDK. WM. SHERMAN.

Supreme Court, Second Judicial District.

In the matter of the application of Robert Grier Monroe, as Commissioner of Water Supply, etc., to appraise lands about Wampus pond, Wampus river, Rye pond, Byram river and Bronx river, in Westchester County.

To the Hon. GEORGE L. RIVES, *Corporation Counsel*:

The undersigned, as Special Counsel appointed to conduct the above entitled proceeding, respectfully reports that during the present year the following proceedings have been taken therein:

On February 7 the petition of the Commissioner for the appointment of Commissioners was presented to the Supreme Court in White Plains, notice of such presentation having been theretofore given by posting notice and publishing the same, as required by the City Charter, and on February 13 an order was entered, pursuant to the direction of Hon. Martin J. Keogh, the Justice holding the February Term of the Court, appointing as Commissioners in the said matter to appraise the lands to be taken therein by the City for the protection of the water supply Howard Townsend, Michael J. Tierney and Maurice Dillon. The order directed the Commissioners to hold their first meeting February 18, on which date they met and took and filed their oaths of office and appointed a date for a future hearing.

Down to and including June 30, the said Commissioners have examined all the lands taken and given thirty-three public hearings, meeting regularly on Tuesdays and Thursdays of each week, at 2 o'clock p. m., to take testimony offered on behalf of claimants whose lands have been taken in the proceeding. Several meetings for the convenience of parties were held at the Courthouse at White Plains, the others at No. 66 Broadway, New York City.

All the testimony has been taken upon the claimants' side of thirty-seven claims.

The aggregate amount demanded in these thirty-seven claims is one hundred and thirty-five thousand five hundred and twenty-three dollars.

The land for which said claims are made comprises two hundred and three and seven hundred and four-thousandths (203.704) acres of land.

The case of the City has been meanwhile in progress of preparation upon all the claims arising out of the taking of the one hundred and fourteen parcels involved in the proceeding. Witnesses have been employed and instructed, and they have examined all of these parcels and have reported thereon to the undersigned.

Thirty-five of the parcels acquired have each thereon standing one or more buildings, and each of these buildings has been measured and valued by a builder, as well as appraised with the land by three real estate experts.

The City will be ready to proceed with its side of the case as soon as the claimants finish.

Dated Port Chester, August 1, 1903.

Respectfully submitted,

FREDK. WM. SHERMAN.

July 31, 1903.

Hon. GEORGE L. RIVES, *Corporation Counsel*:

DEAR SIR—In compliance with your request of July 30, I make the following report in the Mahopac, etc., proceeding.

After being delayed by various causes we began taking testimony before the Commission on April 30, 1903. We have had two meetings each week since, with a few exceptions, until July 23, at which time the Commission adjourned further proceedings to September 1.

There are thirty-seven parcels of land in the proceeding. We have taken full proof for claimants in twenty parcels.

We have five expert witnesses for the City. They are going over the property and examining it in order to qualify themselves to give testimony before the Commission as to value, etc.

Yours truly,

WILLIAM WOOD.
