PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held April 12, 1907, the following petition was received:

No. 15 Gramercy Park, }
New York, April 2, 1907. }
The Honorable Board of Estimate and Apportionment of The City of New York:
Gentlemen—On the 9th day of November, 1906, your Honorable Board adopted a resolution consenting to an extension of the time, up to and including May 1, 1907, for this company to comply with the provisions of section 2, articles 3 and 22, of the franchise granted by your Board to this company, to install a system of refrigerating pipes at Coney Island, which articles, respectively, provide for the payment of \$5,000 on account of the purchase price of said franchise, and a deposit of \$5,000 as security for the performance of the contract. A further extension of time within which to comply with the requirements referred to has become necessary, owing to the well known fact that during the past ten months the conditions in the money market have been such that it has been practically impossible for any industrial enterprise to secure capital, however promising its prospects might be. We have worked in perfect good faith in the matter, but as the time has now gone by in which the necessary preparations could be made for the coming summer season, we would respectfully petition that your

Honorable Board may grant our company a further extension of time until May 1, 1908, as we have devoted considerable time and money to the furtherance of our plans thus far.

In this connection we may state that our efforts to secure capital have been somewhat embarrassed by the fact that capitalists whom we have hoped to enlist in this enterprise have naturally made inquiries as to the working and prospects of similar pipe lines in this neighborhood, and their investigations lead them to the belief that the matter of refrigeration by means of pipe lines is so comparatively new that they do not feel justified in putting capital into it, in view, also, of the shortness of the Coney Island season, unless it is possible to secure some modifications in the terms of our franchise.

It is true that it is a new industry, and that the last ten years have cost the few lines in the United States so much in experiment that even the most fortunate have hardly more than thoroughly established itself up to the present time. We believe, however, that the pipe line has come to stay, that the experimental period of its existence is practically over, that it can now be made a public benefit, and if you Honorable Board will grant us such extension of time, and such modification of terms as may seem, under the circumstances, just and reasonable, there will be no relaxation of our efforts to make good our part of the contract and have the pipe line in proper working order for the season of 1908.

Very respectfully,
SEABOARD REFRIGERATION COMPANY,

By CHARLES E. BOOTH, President.

—and at a meeting held September 20, 1907, the following resolutions were adopted:

Whereas, The foregoing petition from the Seaboard Refrigeration Company, dated April 2, 1907, was presented to the Board of Estimate and Apportionment at a meeting held April 12, 1907.

Resolved, That in pursuance of law, this Board sets Friday, the 1st day of November, 1907, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD, immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
