BOARD OF STREET OPENING AND IMPROVEMENT.

The Board of Street Opening and Improvement met at the Mayor's Office, on Friday, April 6, 1888, at 1 o'clock P. M., pursuant to the following notice:

OFFICE OF THE BOARD OF STREET OPENING AND IMPROVEMENT, MAYOR'S OFFICE, NEW YORK, April 4, 1888.

SIR—You are respectfully requested to attend a meeting of the Board of Street Opening and Improvement, to be held at the office of the Mayor, on Friday, April 6, 1888, at 1 o'clock P. M., to take into consideration unfinished business and such other matters as may be presented to the Board.

Very respectfully,
W. M. V. I. MERCER, Secretary.

Present—Abram S. Hewitt, Mayor; Theodore W. Myers, Comptroller; M. C. D. Borden, President of the Department of Public Parks; George H. Forster, President of the Board of Aldermen.

The minutes of the meeting of March 28, 1888, were read and, on motion, approved.

The Secretary presented the following communication from the Mayor's Secretary:

MAYOR'S OFFICE, NEW YORK, March 28, 1888.

MR. WILLIAM V. I. MERCER, Secretary, Board of Street Opening and Improvement:

SIR—By direction of the Mayor I enclose herewith a communication from Mr. A. J. Fullam, protesting against the laying-out of the proposed High Bridge Park.

Please bring this matter before your Board at the proper time, and oblige,

Yours, respectfully,
ARTHUR BERRY, Secretary.

NEW YORK, March 27, 1888.

To the Mayor, etc., of the City of New York:

GENTLEMEN—I must make an earnest protest against converting any of the property shown on enclosed diagram into a park. Two new houses are completed and being occupied by the owners and I would close the contract to build six more within the coming month or perhaps within one week if this terror of a park did not hang over me. I have the sewer nearly completed to the Harlem river and the Croton water brought and gas provided for. I have expended many hundred dollars in improvements and very much prefer to build my six houses than to sell the lots at \$1,500 each. Four of them are already sold at \$1,500 each, but I have added all the improvements since they were sold. All the adjoining streets are valuable for cheap homes because they are the only lots that can be severed into the Harlem river, hence they are available at once and convertible into choice economical homes, and with Manhattan Island less than a mile wide at this point it seems wrong to deprive the public of any part of it. By inclined elevators the whole Harlem river front, with the government improvements will be valuable. Mr. W. W. Green, to my positive knowledge, has refused \$60,000 for about twelve lots adjoining mine on Tenth avenue, between One Hundred and Eighty-third and One Hundred and Eighty-fourth streets, with one-third of the lots in the rear not fronting on Tenth avenue. I must repeat my earnest and solemn protest against any park at this point.

I am respectfully yours,

A. J. FULLAM, No. 443 West Thirty-fourth street.

The Secretary presented and read the following report from the Department of Public Parks:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
March 29, 1888.

WILLIAM V. I. MERCER, Esq., Secretary, Board of Street Opening and Improvement:

SIR—I have the honor to acknowledge the receipt of your letter of 22d instant, with copy of preamble and resolution adopted by the Board of Street Opening and Improvement, February 17th last, reciting that "It appears that improvements ordered by the Common Council on East One Hundred and Seventy-fourth" and twenty-four other streets and avenues named in the preamble, "have not been made, because the streets are not opened according to law, and referring the matter to the Park Department, to report whether such of said streets as are not now the subject of pending proceedings for opening, and as are less than one mile in length, should not be directed to be opened in order that such improvements may be made as ordered by the Common Council," and to report thereon, as follows:

I.—Proceedings are now pending for the opening of the following streets and avenues named in said preamble, viz.:
1. East One Hundred and Thirty-ninth street, from Rider to St. Ann's avenue.
2. East One Hundred and Fortieth street, from Morris to Brook avenue.
3. East One Hundred and Forty-second street, from Rider to St. Ann's avenue.
4. East One Hundred and Forty-third street, from One Hundred and Forty-fourth street to St. Ann's avenue.
5. East One Hundred and Forty-fifth street, from One Hundred and Forty-sixth street to St. Ann's avenue.
6. East One Hundred and Forty-sixth street, from Railroad avenue, East, to St. Ann's avenue.
7. East One Hundred and Forty-eighth street, from Railroad avenue, East, to Third or Willis avenue.
8. East One Hundred and Fiftieth street, from Railroad avenue, East, to Third avenue.
9. East One Hundred and Fifty-first street, from Railroad avenue, East, to Third avenue.
10. East One Hundred and Fifty-fourth street, from Railroad avenue, East, to Third avenue.
11. East One Hundred and Sixtieth street, from Railroad avenue, East, to Washington avenue.
12. Courtland avenue, from One Hundred and Forty-eighth street to north side of One Hundred and Sixty-third street.

13. Lind avenue, from Wolf to Devoe street.

NOTE.—One Hundred and Forty-second street, as laid out, does not extend to Mott avenue, as stated in the preamble. It ends at Rider avenue.

II.—The following named streets, of those mentioned in the preamble, are more than one mile in length, viz.:

1. East One Hundred and Thirty-fourth street.
2. East One Hundred and Thirty-fifth street.
3. East One Hundred and Thirty-sixth street.
4. East One Hundred and Forty-fourth street.
5. East One Hundred and Fifty-sixth street.
6. East One Hundred and Sixty-fifth street.
7. Ogden avenue.
8. Trinity avenue.

III.—Relative to the remaining four streets named in the preamble, I have to state as follows:

1. East One Hundred and Seventy-third street—This street was heretofore made up of portions designated as of Class I, II, and III, and could be legally opened only on petitions of owners of a certain percentage of frontage. The opening has lately been petitioned for, but the petition lacked sufficient names to authorize the opening of the second and third class portions. The classification of this street, however, has just been changed. It is now designated as of the first class, and may, therefore, be opened on the petition referred to. The entire length of the street, from Weeks street to Mohegan avenue, is 4,825 feet; but 2,365 feet of this street is included in the new Crotona Park, thus leaving 2,460 feet to be opened in case title is acquired to the land in that park. A form of resolution requesting that proceedings be taken for opening this street, from Weeks street to Third avenue, is enclosed herewith.

2. East One Hundred and Seventy-fourth street—This street is made up of portions designated as of Class I, II, and III, and can only be opened on petitions of a specified number of property-owners. No petition for its opening has been presented. The entire length of the street, from Townsend avenue to Third avenue, is 4,950 feet.

3. Welch street—This street is of Class I, and its entire length, from Berrian Landing road ("Highbridge road") to the Kingsbridge road, is 2,550 feet. Its opening has not been asked for. It is not deemed advisable to direct the opening of streets, unless the opening is requested by those interested in the matter.

4. Wolf street—The Board of Street Opening and Improvement, on February 17th last, requested the Counsel to the Corporation to discontinue the proceeding to open this street, from Sedgwick avenue to Union street.

Very respectfully,
CHARLES DE F. BURNS, Secretary, D. P. P.

The President of the Department of Public Parks offered the following resolution:

Resolved, That this Board, deeming it for the public interest so to do, hereby request the Counsel to the Corporation to take the necessary proceedings in the name of the Mayor, Aldermen and Commonality of the City of New York, to acquire title, wherever the same has not been heretofore acquired, for the use of the public to the land required for East One Hundred and Seventy-third street, from Weeks street to Third avenue, as a street of the first class, in the Twenty-fourth Ward of

said city, as the same has been heretofore laid out and designated by the Department of Public Parks.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Department of Public Parks, the President of the Board of Aldermen—4.

The Secretary also presented and read the following report from the Department of Public Parks, which was ordered on file, and that the petition be returned to Alderman Mooney with a copy of the report:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
April 4, 1888.

WILLIAM V. I. MERCER, Esq., Secretary, Board of Street Opening and Improvement:

SIR—Relative to the petition of Patrick Scully and others to open German place, which was referred by the Board of Street Opening and Improvement on the 3d of February last for an expression of the views of this Department thereon, and received on the 22d ultimo, I have the honor to state that German place extends only from Westchester avenue to Brook avenue, and not to Third avenue, as stated in the petition. It is a street of the first class, and is 17.00 feet in length. It intersects Brook avenue about 337 feet south of Third avenue. Although the petition is signed by six alleged owners of property on German place, but one of them, Patrick Scully, appears even to reside on the street. As the street does not seem to be needed at present for the convenience of the general public, either as a main route of travel or for drainage, and as its opening has not been asked for, except by this meagre petition, it is not deemed that the interest of the public now demands such opening, either on the ground of expediency or utility. It is, therefore, recommended that the prayer of the petition be, for the present, denied.

Very respectfully,

CHARLES DE F. BURNS, Secretary D. P. P.

The following communication from the Department of Public Parks, enclosing resolution, was read:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
March 30, 1888.

Mr. WILLIAM V. I. MERCER, Secretary, Board of Street Opening and Improvement:

SIR—I enclose herewith a form of resolution for adoption by the Board of Street Opening and Improvement to amend so much of its resolution of September 28, 1886, as relates to the opening of "Claremont avenue," from Aqueduct avenue to Jerome avenue, Twenty-third and Twenty-fourth Wards, by striking out the name "Claremont" and inserting the name "Boscobel."

This proposed change is necessary in order to do away with the duplication of the name "Claremont avenue," as there is an avenue of that name from West One Hundred and Sixteenth to One Hundred and Twenty-seventh street, in the Twelfth Ward.

Very respectfully,

CHARLES DE F. BURNS, Secretary, D. P. P.

The President of the Department of Public Parks offered the following resolution:

Resolved, That so much of the resolution adopted by this Board September 28, 1886, as relates to opening "Claremont avenue," from Aqueduct avenue to Jerome avenue, be and the same is hereby amended by striking out the name "Claremont" and inserting the name "Boscobel," so as to read as follows, viz:

"16th. Boscobel avenue, from Aqueduct avenue to Jerome avenue."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Department of Public Parks, the President of the Board of Aldermen—4.

The following communication from the Department of Public Parks was presented and read:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
April 6, 1888.

WILLIAM V. I. MERCER, Esq., Secretary, Board of Street Opening and Improvement:

SIR—I have the honor to herewith submit two maps or plans, showing the location and boundaries of a proposed park, bounded on the west by Avenue B, on the north and east by the Harlem and East rivers, and on the south by East Eighty-sixth street, in the Twelfth Ward, requested by resolution of the 16th ultimo, by the Board of Street Opening and Improvement.

I also enclose herewith for adoption by that Board:

1st. Resolution to select, locate and lay out said park, to adopt the maps and order them filed.
2d. Motion to appoint a committee to report how the expense of opening the park shall be apportioned, and what area shall be assessed for benefit.
3d. Resolution to approve the report of the Committee, to determine the proportion of expense to be assessed on the property, etc., to be benefited, and the area to be so assessed.
4th. Resolution to initiate proceedings to open the park.

Very respectfully,

CHARLES DE F. BURNS, Secretary, D. P. P.

The President of the Board of Aldermen remarked that immediate action on the matter would be premature.

It was moved that action on the resolutions be laid over for further consideration and to give members of the Board an opportunity to visit the site of the proposed park and examine the locality and surroundings.

Which was adopted.

The following communications were presented in regard to laying-out and placing upon the map of the One Hundred and Sixty-second street:

MAYOR'S OFFICE, NEW YORK, March 16, 1888.

Mr. WILLIAM V. I. MERCER, Secretary, Board of Street Opening and Improvement:

Please bring this matter before the Board of Street Opening, for its action.

Yours, respectfully,

ARTHUR BERRY, Secretary.

Which was adopted by the following vote:

Resolution.

Resolved, That the Fire Commissioners desire to place upon record their admiration of the excellent conduct of their subordinates in all branches of the Department during the past trying winter months, and to commend particularly the fidelity, courage and resolute devotion to duty of the Chief of Department and all his subordinates in the uniformed force as well as the skill and coolness displayed by the officers and employees of the Fire Alarm Telegraph, and the excellent management of the Captains in charge of the Repair Shops and of the Hospital Stables, more especially during the crisis of last week. The Fire Commissioners are very proud of the fact that at the height of the late storm and for some time thereafter when the streets of the City were choked up with snow, the firemen rose to the extraordinary demands of the occasion, as was shown by the fact that two dangerous third alarm fires were successfully checked. There is now to be added the record of a gallant effort to save human life at a fire occurring at No. 1141 Madison avenue early this morning, resulting in serious injuries to a brave and meritorious officer, Lieutenant William Quirk, of Engine Company No. 22. The Fire Commissioners also desire to express their thanks to the many public spirited citizens who rendered assistance in various ways during the late emergency, and among whom may be especially mentioned the following:

The New York Board of Fire Underwriters.
The Broadway and other street railways.
The Marvin Safe Company.
The Herring Safe Company.
Mr. Thomas E. Crimmins.
Mr. Richard Webber.
William H. Eckert, General Manager Metropolitan Telephone and Telegraph Company.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS.

Room 127, STEWART BUILDING,

CHAMBERS STREET AND BROADWAY,

NEW YORK, June 1, 1887.

APPLICATIONS FOR EXEMPTIONS WILL BE

heard here, from 9 to 4 daily, from all persons

who are liable or recently serving who have become

exempt, and all needed information will be given.

Those who have not answered as to their liability, or

proved permanent exemption, will receive a "jury

enrollment notice," requiring them to appear before me

this year. Whether liable or not, such notices must be

answered (in person, if possible, and at this office only)

under severe penalties. If exempt, the party must bring

proof of exemption; if liable, he must also answer in

person, giving full and correct name, residence, etc., etc.

No attention paid to letters.

Persons "enrolled" as liable must serve when

called or pay their fines. No mere excuse will be allowed

or interference permitted. The fines if unpaid will be

entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and

secure reliable and respectable juries, and equalize their

duty by serving promptly when summoned, allowing

their clerks or subordinates to serve, reporting to me any

attempt at bribery or evasion, and suggesting names for

enrollment. Persons between sixty and seventy years of

age, summer absentees, persons temporarily ill, and

United States jurors are not exempt.

Every man must attend to his own notice. It is a

misdemeanor to give any jury paper to another to answer.

It is also a misdemeanor to give or receive any

present or bribe, directly or indirectly, in

relation to a jury service, or to withhold any paper or

make any false statement, and every case will be fully

prosecuted.

Commissioner of Jurors.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose.

All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

Commissioner of Public Works
