DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH, CITY OF NEW YORK, BOROUGH OF MANHATTAN, OFFICE OF THE SECRETARY, NEW YORK, April 11, 1907.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held April 10, 1907, the following resolution was adopted:

Resolved, That section 21 of the Sanitary Code of the Department of Health be and is hereby amended so as to read as follows:

Sec. 21. For all lodging-houses in The City of New York containing rooms in which there are more than three beds for the use of lodgers, or in which more than six persons are allowed to sleep, a permit from the Board of Health shall be required, and no person shall have, lease, let or keep any such lodging-house or the lodgings therein, or assist in the keeping, hire, or assist in hiring, or conduct the business of any such lodging-house, or the lodgings therein, except pursuant to the terms and conditions of such permit. The beds in all lodging-houses and in every room in which beds are let for lodgers shall be separated by a passageway of not less than two feet, horizontally,

and all the beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation.

Four hundred cubic feet of air space shall be provided and allowed for each bed or lodger. Lodging-houses shall be conducted in accordance with rules and regulations adopted from time to time by the Board of Health, and which are hereby made a part hereof.

A true copy.

City of New York—Department of Finance,
Comptroller's Office, March 25, 1907. 226,261

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE COMMISSIONER of the Department of Bridges, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, pursuant to a resolution adopted by them on March 13, 1907, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., being situated upon land more particularly described as follows:

Being the buildings situated on Madison avenue, between East One Hundred and Thirty-sixth and East One Hundred and Thirty-eighth streets, Borough of Manhattan, and also the buildings situated on East One Hundred and Thirty-eighth street, between the Harlem river and Fifth avenue, Borough of Manhattan, which are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to the above resolution, the sale of the above described buildings and appur-

nances thereto will be held by direction of the Comptroller on

TUESDAY, APRIL 16, 1907,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser, at the sale, shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of April, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 25th day of April, 1907, at 3.30 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Man-

hattan, in said City, there to remain until the 25th day of April, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly prolongation of the middle line of the block between Kingsbridge road and West Two Hundred and Twenty-ninth street with the middle line of the block between Heath avenue and Kingsbridge terrace; running thence northerly along the middle line of the block between Heath avenue and Kingsbridge terrace to its intersection with the easterly prolongation of the middle line of the block between West Two Hundred and Twenty-ninth street and West Two Hundred and Thirtieth street; thence westerly along said prolongation and middle line of the block between West Two Hundred and Twenty-ninth street and West Two Hundred and Thirtieth street and its westerly prolongation to its intersection with the middle line of the block between Bailey avenue and the easterly line of the New York and Putnam Railroad; thence southerly along the last-mentioned middle line of the block to its intersection with the westerly prolongation of the middle line of the block between Kingsbridge road and West Two Hundred and Twenty-ninth street; thence easterly along said prolongation and middle line of the block between Kingsbridge road and West Two Hundred and Twenty-ninth street and its easterly prolongation to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit map deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 28th day of May, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 28, 1907.

SECOND JUDICIAL DISTRICT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands and premises and lands under water and wharf property necessary to be taken for the improvement of the water front and harbor of The City of New York for ferry purposes, in the vicinity of Canal street, Stapleton, in the Borough of Richmond, in The City of New York, pursuant to a certain plan heretofore adopted by the Commissioner of Docks and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands or wharf property, and all persons interested therein, or in any rights, privileges or interests pertaining thereto, affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding or in any of the uplands, lands, lands under water, premises, buildings, tenements, hereditaments and wharf property affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Room No. 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of April, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 19th day of April, 1907, at 11 o'clock in the forenoon of that day.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, at the office of said Bureau, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 29th day of April, 1907.

Third—That, provided there be no objections filed to our said abstract of estimate and assessment, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 10th day of May, 1907, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to our said abstract of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record.

Dated Borough of Manhattan, New York, March 28, 1907.

ASHOKAN RESERVOIR.

SECTION No. 5.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the Court House, in the City of Kingston, Ulster County, N. Y., on May 18, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said law and the acts amendatory thereof upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Olive, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

INVITATION TO CONTRACTORS.

LEXINGTON AVENUE ROUTE.

THE CITY OF NEW YORK (HEREIN-after called The City), acting by its Board of Rapid Transit Railroad Commissioners (hereinafter called the Board), contemplates building a rapid transit railroad along the routes described below. By this advertisement The City invites proposals to construct such railroad upon the routes and in accordance with the detailed plans and specifications adopted therefor. Such proposals may be submitted by any one or more of the eleven separate parts of which such railroad consists, as hereinafter stated.

The points within the City between which the said several parts of the said road are to run and the route or routes to be followed, are briefly as follows:

Section 5-O-3: This part of Section 5-O, as described in the routes and general plan, begins at Lexington avenue and One Hundred and Twenty-ninth street and runs southerly under Lexington avenue to a point about 50 feet north of One Hundred and Third street.

Section 5-O-2: Begins at the southerly end of Section 5-O-3, and runs southerly under Lexington avenue to a point about 50 feet north of Seventy-first street.

Section 5-O-1: Begins at the southerly end of Section 5-O-2, and runs southerly under Lexington avenue to a point between Forty-second and Forty-third streets, the southerly end of Section 5-O, as described in the routes and general plan.

Section 5-A: Begins at the southerly end of Section 5-O, as described in the routes and general plan, and runs thence under private property, Forty-second street and private property again to a point in Park avenue, between Thirty-eighth and Forty-first streets, at which a junction can conveniently be made with the existing subway.

Section 5-B: Begins at the northerly end of Section 5-O, above described, and runs thence northerly under the Harlem river to the Borough of The Bronx, where it continues under Third avenue and Morris avenue and then curves under private property to a point in One Hundred and Forty-ninth street, between Morris avenue and Cortlandt avenue, at which a junction can conveniently be made with the present subway.

Section 5-C-1: This part of Section 5-C, as described in the routes and general plan, begins at the northerly end of Section 5-O above described, and runs thence northerly under Lexington avenue and the Harlem river to the Borough of The Bronx, and then continues under Park avenue to One Hundred and Fifty-sixth street.

Section 5-C-2: This part of Section 5-C consists of a spur beginning at a point on the main line of the route of Section 5-C at Park avenue and One Hundred and Forty-ninth street, and runs under private property, One Hundred and Fifty-third street, Exterior street and Sedgwick avenue to the intersection of Sedgwick avenue and One Hundred and Sixty-fourth street.

Section 5-C-3: This part of Section 5-C consists of a loop beginning in the Borough of The Bronx at a point in Park avenue between One Hundred and Fifty-first and One Hundred and Fifty-second streets, and runs thence northwesterly and westerly under private property and connects with the spur Section 5-C-2 above described near the point where the center line of said spur would intersect One Hundred and Fifty-first street if produced.

Section 5-D-3: This part of Section 5-D, as described in the routes and general plan, begins at the southerly end of Section 5-O, above described, in Lexington avenue, between Forty-second and Forty-third streets, and runs thence southerly under Lexington avenue to a point about half way between Thirty-sixth and Thirty-seventh streets, at which point the tracks will diverge into two branches. One of these branches will curve southwesterly under private property to Thirty-sixth street, and then run westerly under Thirty-sixth street, curving southerly into Fifth avenue, and then under Fifth avenue to a point where it will be rejoined by the second branch diverging as above stated. The second branch will run from the said point of divergence southerly and westerly under Lexington avenue and Thirty-fifth street to Fifth avenue, where it will rejoin the branch first above described at a point between Thirty-fourth and Thirty-fifth streets. From the last mentioned point the route of this section will run southerly under Fifth avenue along Madison square and into Broadway; thence southerly under Broadway to a point about half way between Seventeenth and Eighteenth streets.

Section 5-D-2: Begins at the southerly end of Section 5-D-3 and runs southerly under Broadway (passing under Union square) to a point about 50 feet north of Reade street.

Section 5-D-1: Begins at the southerly end of Section 5-D-2, and runs thence southerly under Broadway, Vesey street, Church street, Trinity place and Greenwich street to a suitable terminus under Battery Park.

The general plan of construction calls for a railroad placed in subways or tunnels. The road is intended to be operated by electricity or some other power not requiring combustion within the tunnels, and the motors are intended to be capable of moving trains at a speed of not less than forty miles per hour for long distances, exclusive of stops.

For all of Sections 5-O-1, 5-O-2, 5-O-3 and 5-A there will be four tracks. For Section 5-B there will be two tracks. For Section 5-C-1 and Section 5-C-2, there will be two tracks. In the loop above described as Section 5-C-3, there will be one track. For Section 5-D-3 there will be four tracks as far south as the point between Thirty-sixth and Thirty-seventh streets, where the line diverges as above described; there will be two tracks from the point of divergence through Thirty-sixth street and Fifth avenue to the point where the lines reunite and two tracks from the point of divergence through Lexington avenue and Thirty-fifth street to the point in Fifth avenue where the lines reunite, and for the remainder of the distance southerly under Fifth avenue and Broadway there will be four tracks. For Section 5-D-2 there will be four tracks. For Section 5-D-1 there will be four tracks to the Chambers street station. South of the Chambers street station southerly under Broadway, Vesey street, Trinity place and Greenwich street there will be two tracks. Additional tracks for terminal purposes are to be constructed under Battery place and Battery Park. Suitable stations, as shown on the plans, together with cross-overs, turnouts and sidings, as may be necessary, are to be provided.

The tracks are to be of standard gauge. The tunnels are to have a height of not less than 13 feet in the clear, and a maximum width of 15 feet for each track, except at stations, curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of streets as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings as well as where approaching the Harlem river. The roof and sides of the tunnels will be of iron or steel and masonry.

Entrances to stations will in general be placed within private property, rights in which will be acquired for the purpose.

Construction is to be generally carried on by means of tunnelling or excavation under cover, except as may be otherwise specially provided in the contract, or in places where the Board shall give express permission to construct by open excavation. In the City Hall Park, Battery Park or other places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction are to be replaced by the contractor under the direction and to the satisfaction of said Department.

The Board has included in the detailed plans for construction, provisions for pipe galleries through and along the principal longitudinal streets of all portions of the route except Sections 5-A and 5-C-3. Bids for the construction of the railroad on any one or more of these sections must be accompanied by bids for the construction of the pipe galleries appurtenant to such section or sections; and if not so accompanied will not be considered by the Board. The Board reserves the right to accept a bid for the construction of any section of the railroad and at the same time to reject the accompanying bid for pipe galleries.

The Board has also included in the detailed plans for construction, provisions for third tracks in Thirty-fifth and Thirty-sixth streets, and for two additional tracks under Greenwich street, Battery place and Battery Park south of Morris street, and additional station and terminal facilities at Battery Park. Such additional tracks and facilities are intended ultimately to form part of other railways heretofore duly authorized and approved. Bids for the construction of Sections 5-D-3 and 5-D-1 must be accompanied by separate bids for the construction of such additional tracks and station and terminal facilities; and if not so accompanied will not be considered by the Board.

If proposals satisfactory to the Board are received for the construction of one or more of the several parts of the road as above described, the Board may contract (subject to the approval of the Board of Estimate and Apportionment as provided by law) for those parts for which satisfactory proposals are received, reserving the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

A fuller description of the said routes is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

The words "the railroad" wherever used hereafter in this invitation are to be construed to mean the part or parts included in any contract entered into in pursuance hereof.

Payments to the contractor for construction will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries and the additional tracks and terminal facilities above mentioned) is to be completed as soon as practicable, and within the periods mentioned in the form of contract.

Proposals may be submitted for construction alone; or, at the option of the bidder, for construction, equipment, maintenance and operation.

In case a satisfactory proposal is received from any person, firm or corporation to construct, equip, maintain and operate the railroad, the contract will provide for maintenance and operation for a term of twenty years, and for a renewal thereof for a further term of twenty years from the expiration of the original term, all as stated in the form of contract; the contractor to pay an annual rental for the use of the railroad which shall be ascertained as stated in the form of contract and which shall begin as soon as any portion of the railroad shall be declared by the Board to be ready for operation.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, AT NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 25, 1907,

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals shall be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Bidders shall specify separately in their proposals the amounts for which they will construct each separate part as described above; the amounts for which they will construct pipe galleries; and the amounts for which they will construct the additional tracks and station and terminal facilities above mentioned if they bid on Section 5-D-1 or 5-D-3. They may, however, make their bid for any one section of this proposed railroad conditional upon either the ac-

ceptance or rejection of their bid for any one or more of the other sections which they shall specify, or upon the acceptance or rejection of their bids for any other rapid transit railroad construction submitted by them at the same time.

The price stated for the construction of each separate part shall include the furnishing of all materials and the performance of all labor requisite to the complete construction of such part, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

Bidders who submit proposals to construct and also equip, maintain and operate the railroad must specify in their proposals, in addition to the matters hereinbefore contained, the following:

(A) An estimate of the cost of the equipment of the railroad upon which the proposal is based. The word "equipment" includes motors, cars, machinery, power houses, all real estate upon which any such power houses shall stand, rails, ties, ballast, telephone and telegraph appliances, and other real and personal property as specified in the form of contract. Such equipment is to remain the property of the contractor, but will be subject to a lien of the City to secure performance by the contractor of all the obligations of the contract, including the payment of rental under the lease during its entire term and during any extension thereof.

(B) The maximum fare (not to exceed 5 cents) which will be charged a single passenger for a continuous ride over the whole or any part of the railroad.

(C) What transportation facilities over railways connecting or to connect with the rapid transit railroad the contractor will assure to the City, specifying separately in Schedule "A," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding 5 cents without change of cars; in Schedule "B," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding 5 cents, but with or without change of cars at the option of the contractor, and in Schedule "C," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers with or without change of cars at the option of the contractor, for fares exceeding 5 cents per trip but within limitations to be specified.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest and award a contract or contracts accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law. If any part or parts of the road are not contracted for, the Board reserves the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

The award of the contract or contracts (if awarded) will be made by the Board within fifteen days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract the contractor will be required to furnish security to the City as follows:

(1) By depositing in cash or approved securities for each part of the road for which the contract is made the following amounts, viz.:

For Section 5-O-1.....	\$125,000 00
For Section 5-O-2.....	125,000 00
For Section 5-O-3.....	125,000 00
For Section 5-A.....	25,000 00
For Section 5-B.....	150,000 00
For Section 5-C-1.....	100,000 00
For Section 5-C-2.....	50,000 00
For Section 5-C-3.....	5,000 00
For Section 5-D-1.....	150,000 00
For Section 5-D-2.....	150,000 00
For Section 5-D-3.....	150,000 00

If the contract covers two or more parts of the road, the deposit shall be the aggregate of the deposits required in respect of each of the several parts contracted for.

(2) By giving a bond in a penalty equal to the amount of the deposit as above required. At the option of the contractor, cash or approved securities may be deposited instead of giving a bond.

If securities are deposited for any purpose under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. Bonds must be in one of the forms annexed to the form of contract.

In addition, and as further security to the City, 10 per cent of each amount certified from time to time to be due to the contractor will be retained until the railroad is completed.

Each bidder must state in his proposal the names and places of business of the proposed sureties on the bond proposed to be given, and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board shall give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders, and without abatement by reason of any increase of rental which such excess may produce to the City.

Every proposal must, when submitted, be inclosed in a sealed envelope indorsed "Proposal for Constructing Rapid Transit Railroad (Lexington Avenue Route) Sections—," and must be delivered to the Board or to its secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposals will be received or deposited unless accompanied by a certified check drawn upon a National or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for an amount equal to ten per cent. of the deposit above required to

be made upon the delivery of a contract for construction of the section or sections of the proposed Rapid Transit Railroad to which such proposal relates.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and make the deposit in cash or securities, and to execute and deliver the bond with sureties, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure, and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be inclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

By A. E. ORR, President.
BION L. BURROWS, Secretary.

*This section will not be contracted for at present if a contract for Section 5-D-3 is let.

INVITATION TO CONTRACTORS.

SEVENTH AND EIGHTH AVENUE AND JEROME AVENUE SUBWAY ROUTES.

THE CITY OF NEW YORK (HEREIN-after called The City), acting by its Board of Rapid Transit Railroad Commissioners (hereinafter called the Board), contemplates building a rapid transit railroad along the routes described below.

By this advertisement The City invites proposals to construct such railroad upon the routes and in accordance with the detailed plans and specifications adopted therefor. Such proposals may be submitted for any one or more of the fifteen separate parts of which such railroad consists as hereinafter stated. The points within the City between which the said several parts of the said road are to run, and the routes to be followed, are, briefly as follows, beginning at the southerly end of the said routes and continuing to the northerly end thereof:

Section 4-D-1: Begins at a terminal under the Battery Park and then runs northerly under Greenwich street to a point thirty feet north of the northerly side of Morris street.

Section 4-D-2: Begins at the northerly end of Section 4-D-1 and runs northerly under Greenwich street and West Broadway to the centre line of Chambers street. This section will also include what is designated as the Barclay street loop.

Section 4-C: Begins at the northerly end of Section 4-D-2 and runs northerly under West Broadway to West Fourth street.

Section 4-B: Begins at the northerly end of Section 4-C and runs under Washington square to the intersection of Waverley place and Macdougall street and then under private property to Sixth avenue near the corner of Clinton place and then under Greenwich avenue to West Eleventh street. It then passes under private property to a point near the corner of Seventh avenue and West Twelfth street and continues northerly under Seventh avenue to a point about half way between Twenty-fifth and Twenty-sixth streets.

Section 4-O-1: Begins at the northerly end of Section 4-B and runs northerly under Seventh avenue to the southerly line of Fortieth street.

Section 4-O-2: Begins at the northerly end of Section 4-O-1 and runs northerly to the northerly side of Forty-third street, passing under the existing subway.

Section 4-O-3: Is an alternative for Section 4-O-2. It begins at the northerly end of Section 4-O-1 and runs northerly so as to afford a suitable connection extending under Seventh avenue at Broadway or Times square to a point near Forty-third street, where a junction can be made with the existing subway.

Section 4-A: Begins near the intersection of the centre line of Seventh avenue with the northerly line of Forty-third street at the northerly end of Section 4-O-2, above described, and runs thence northerly under Seventh avenue to the Central Park, and thence under the Central Park to Central Park West, near the intersection of Sixty-second street.

Section 4-AA-1: Begins at the northerly end of Section 4-A and runs thence under Central Park West to about the centre of the Plaza at the intersection of Central Park West with One Hundred and Tenth street.

Section 4-AA-2: Begins at the northerly end of Section 4-AA-1 and runs northerly under Eighth avenue to a point between One Hundred and Forty-ninth and One Hundred and Fiftieth streets. It then runs under Macomb's lane to One Hundred and Fifty-third street and forms a loop under One Hundred and Fifty-fourth street and private property, coming back to Eighth avenue. It also includes a spur running northerly along Eighth avenue to a point about half way between One Hundred and Fifty-fourth and One Hundred and Fifty-fifth streets.

Section 15-A: Begins at the northerly end of Section 4-AA-2 and runs thence northeasterly under Eighth avenue and private property to and under the Harlem river, and under private property in the Borough of The Bronx to a point under One Hundred and Sixty-second street west of Ogden avenue. It then continues easterly under One Hundred and Sixty-second street and private property to a point in the westerly side of Jerome avenue about opposite its intersection with the centre line of One Hundred and Sixty-fourth street produced, and thence continues under Jerome avenue to a point about half way between One Hundred and Sixty-fourth and One Hundred and Sixty-fifth streets.

Section 15-AA-1: Begins at the northerly end of Section 15-A and runs northerly under and along Jerome avenue to a point about half way between One Hundred and Eighty-fourth street and Fordham road.

Section 15-AB-1: Begins at the northerly end of Section 15-AA-1, and runs northerly under Jerome avenue to the point of junction of Jerome avenue with Woodlawn road, opposite the Woodlawn Cemetery.

Sections 4-H-1 and 4-H-2 hereinafter described are alternatives for Sections 4-C, 4-B, 4-O-1, 4-O-2, 4-O-3 and 4-A above mentioned. If the said six last mentioned sections, or any of them, are contracted for, Sections 4-H-1 and 4-H-2

will not be included in the contract for which proposals are now invited.

Section 4-H-1: Begins at the northerly end of Section 4-D-2 above described and runs northerly under Hudson street to a point between Eleventh street and Bank street, and then under Eighth avenue to the northerly line of Twenty-third street.

Section 4-H-2: Begins at the northerly end of Section 4-H-1 and runs northerly under Eighth avenue and Central Park West to the point near the intersection of Sixty-second street at which the northerly end of Section 4-A above described is located.

The general plan of construction calls for a railroad placed in subway or tunnels. The road is intended to be operated by electricity or some other power not requiring combustion within the tunnels, and the motors are intended to be capable of moving trains at a speed not less than forty miles per hour for long distances, exclusive of stops. There will be four tracks from the terminal in Battery Park to about One Hundred and Fiftieth street. There will be two tracks in the Macomb's lane loop and two tracks from One Hundred and Fiftieth street and Eighth avenue northerly under the Harlem river and Jerome avenue.

There will be a single-track loop constituting a part of Section 4-D-2 which will begin under West Broadway at a point near Murray and Warren streets and then pass under private property, Greenwich street and Barclay street to a point near the northwest corner of West Broadway and Barclay street.

Suitable stations as shown on the detailed plans, together with crossovers, turnouts and sidings as may be necessary, are also to be provided.

The tracks are to be of standard gauge. The tunnels are to have a height of not less than 13 feet in the clear, and a maximum width of 15 feet for each track, except at stations, curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of streets as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings as well as where approaching the Harlem river. The roof and sides of the tunnels will be of iron or steel and masonry.

Entrances to stations will in general be placed within private property, rights in which will be acquired for the purpose.

Construction is to be generally carried on by means of tunnelling or excavation under cover, except as may be otherwise specially provided in the contract, or in places where the Board shall give express permission to construct by open excavation. In Battery Park, Washington square and Central Park, or other places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction are to be replaced by the contractor under the direction and to the satisfaction of said Department.

The Board has included in the detailed plans for construction, provisions for pipe galleries through and along the principal longitudinal streets except in those portions described above as Section 15-A and a part of Section 4-O-2.

Bids for the construction of the railroad on any one or more of these sections must be accompanied by bids for the construction of the pipe galleries appurtenant to such section or sections; and if not so accompanied will not be considered by the Board. The Board reserves the right to accept a bid for the construction of any section of the railroad and at the same time to reject the accompanying bid for pipe galleries.

If proposals satisfactory to the Board are received for the construction of one or more of the several parts of the road as above described, the Board may contract (subject to the approval of the Board of Estimate and Apportionment as provided by law) for those parts for which satisfactory proposals are received, reserving the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

A fuller description of the said routes is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

The words "the railroad" wherever used hereafter in this invitation are to be construed to mean the part or parts included in any contract entered into in pursuance hereof.

Payments to the contractor for construction will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries and the additional tracks and terminal facilities above mentioned) is to be completed as soon as practicable, and within the periods mentioned in the form of contract.

Proposals may be submitted for construction alone; or, at the option of the bidder, for construction, equipment, maintenance and operation.

In case a satisfactory proposal is received from any person, firm or corporation to construct, equip, maintain and operate the railroad, the contract will provide for maintenance and operation for a term of twenty years, and for a renewal thereof for a further term of twenty years from the expiration of the original term, all as stated in the form of contract; the contractor to pay an annual rental for the use of the railroad which shall be ascertained as stated in the form of contract and which shall begin as soon as any portion of the railroad shall be declared by the Board to be ready for operation.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 25, 1907.

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals shall be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Bidders shall specify separately in their proposals the amounts for which they will construct each separate part as described above; and the amounts for which they will construct pipe galleries. They may, however, make their bid for any one section of this proposed railroad conditional upon either the acceptance or rejection of their bid for any one or more of the other sections which they shall specify, or upon the acceptance or rejection of their bids for any other Rapid Transit Railroad construction submitted by them at the same time.

The price stated for the construction of each separate part shall include the furnishing of all materials and the performance of all labor requisite to the complete construction of such part, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

Bidders who submit proposals to construct and also to equip, maintain and operate the railroad, must specify in their proposals in addition to the matters hereinbefore contained, the following:

(A) An estimate of the cost of the equipment of the railroad upon which the proposal is based. The word "equipment" includes motors, cars, machinery, power houses, all real estate upon which any such power houses shall stand, rails, ties, ballast, telephone and telegraph appliances, and other real and personal property as specified in the form of contract. Such equipment is to remain the property of the contractor, but will be subject to a lien of the City to secure performance by the contractor of all the obligations of the contract, including the payment of rental under the lease during its entire term and during any extension thereof.

(B) The maximum fare (not to exceed five cents) which will be charged a single passenger for a continuous ride over the whole or any part of the railroad.

(C) What transportation facilities over railways connecting or to connect with the Rapid Transit Railroad the contractor will assure to the City, specifying separately in Schedule A forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding five cents without change of cars; in Schedule B, forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding five cents, but with or without change of cars at the option of the contractor; and in Schedule C, forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers with or without change of cars at the option of the contractor, for fares exceeding five cents per trip but with limitations to be specified.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest and award a contract or contracts accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law. If any part or parts of the road are not contracted for, the Board reserves the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

The award of the contract or contracts (if awarded) will be made by the Board within fifteen days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract, the contractor will be required to furnish security to the City as follows:

(1) By depositing in cash or approved securities for each part of the road for which the contract is made the following amounts, viz.:
For Section 4-D-1..... \$25,000 00
For Section 4-D-2..... 50,000 00
For Section 4-C..... 100,000 00
For Section 4-B..... 100,000 00
For Section 4-O-1..... 60,000 00
For Section 4-O-2..... 20,000 00
For Section 4-O-3..... 20,000 00
For Section 4-A..... 100,000 00
For Section 4-AA-1..... 200,000 00
For Section 4-AA-2..... 200,000 00
For Section 15-A..... 60,000 00
For Section 15-AA-1..... 100,000 00
For Section 15-AB-1..... 100,000 00
For Section 4-H-1..... 200,000 00
For Section 4-H-2..... 175,000 00

If the contract covers two or more parts of the road, the deposit shall be the aggregate of the deposits required in respect of each of the several parts contracted for.

(2) By giving a bond in a penalty equal to the amount of the deposit as above required. At the option of the contractor, cash or approved securities may be deposited instead of giving a bond.

If securities are deposited for any purpose under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. Bonds must be in one of the forms annexed to the form of contract.

In addition, and as further security to the City, 10 per cent. of each amount certified from time to time to be due to the contractor will be retained until the railroad is completed.

Each bidder must state in his proposals the names and places of business of the proposed sureties on the bond proposed to be given, and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the

latter case the Board shall give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders, and without abatement by reason of any increase of rental which such excess may produce to the City.

Every proposal must, when submitted, be inclosed in a sealed envelope indorsed "Proposal for Constructing Rapid Transit Railroad (Seventh Avenue Route, etc.), Sections ——" and must be delivered to the Board or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposals will be received or deposited unless accompanied by a certified check drawn upon a national or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for an amount equal to 10 per cent. of the deposit above required to be made upon the delivery of a contract for construction of the section or sections of the proposed rapid transit railroad to which such proposal relates.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and make the deposit in cash or securities, and to execute and deliver the bond with sureties, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure, and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be inclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its Secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

By A. E. ORR, President.
BION L. BURROWS, Secretary.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
