The Department of Public Char

collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing, of the party or parties making the estimate; that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded, neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or her bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise, must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, April 5, 1880.

GAS COMMISSION.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,
NEW YORK, March 30, 1880.

PROPOSALS FOR LIGHTING THE PUBLIC LAMPS.

PROPOSALS FOR FURNISHING THE GAS OR other Illuminating Material for, and Lighting, Extinguishing, Cleaning, Repairing, and Maintaining the Public Lamps (and supplying Gas, etc., for new lamps when required) on the Streets, Avenues, Piers, Parks, and places in the City of New York, under the care and charge of the Department of Public Works, excepting the Twenty-third Ward, and that portion of the Twenty-fourth Ward, formerly known as the Town of West Farms, for the period of one year, commencing May 1st, 1880, and ending April 30th, 1881, both days inclusive.

Proposals for the above, made in accordance with Sec. 73, Chap. 335, Laws of 1873, and Chap. 478 of the Laws of 1879, and the Revised Ordinances of the City of New York, Chap. 8, Article 2, and enclosed in a sealed envelope, endorsed, "Proposals for furnishing the illuminating material for, and lighting and extinguishing, cleaning, repairing, and maintaining the public lamps," with the name of the party making the same written thereon, will be received at the office of the Commissioner of Public Works, until 12 o'clock M. of Saturday, April 10, 1880, at which place and hour they will be publicly opened by said Commissioner and read.

Bidders are required to state in their proposals their names and places of residence; the names of all persons interested with them, and, if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any estimate for the same supplies and work; and that it is in all respects fair, and without collusion or fraud; and, also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true; where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or proposal, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith, and with an intention to execute the bond required by Section 27, Article 2, Chapter 8, of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the sureties offered to be determined by the Comptroller.

Bidders are required to state in their proposals the several streets or parts of streets in which they propose to perform the requirements herein contained, and also the illuminating or candle-power of the gas they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture, and bidders proposing to furnish any illuminating material other than illuminating or coal gas, must state distinctly what kind of material they propose to furnish, and the illuminating power of the burner they propose to use for the same.

Bidders are also required to state the price for which they will furnish the gas (of not less than sixteen-candle power by photometrical test, at a distance of not less than one mile from the place of manufacture) or other illuminating material for each lamp, including the lighting, extinguishing, cleaning, repairing, relaying, and painting lamp-posts and lanterns, and replacing the cocks, tubes, burners, cross heads, lamp irons, and lanterns thereto, for the period from May 1st, 1880, to April 30th, 1881, both days inclusive, stating the price, for the above named period of one year, for each lamp.

Bidders are also required to state a price for which they will repair lamp-posts, including straightening and releasing, and for each new lamp fitted up, as follows:

For each lamppost straightened, stating the price per post.

For each column refitted, stating the price per post.

For each lamppost removed, stating the price per post.

For each lamppost reset, stating the price per post.

For each new lamp fitted up, stating the price per post.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

The number of public lamps to be contracted for is about 20,000.

The burners for illuminating gas are to be of a capacity to burn three cubic feet of gas per hour under a pressure of one inch, and in case the illuminating material shall be other than illuminating gas, then the burners to be used for such illuminating material shall give a light (by photometrical test) equal to the light given by the gas-burners in use in the public lamps in the City of New York.

Should any alteration or any attachment be required to any portion of the lamps for which proposals are made in consequence of the use of illuminating material other than gas, then such alteration shall be done and such attachment placed on the lamps without expense to the city.

The number of hours the lamps are to be kept burning during the contract is 4,000.

The amount of security required is \$60,000 on all contracts which will amount to \$100,000 or more; and on smaller contracts the security shall be sixty per cent. of the total amount of the bid.

The award of the contract will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom the contract is so awarded neglect or refuse to accept to contract within forty-eight hours after written notice that the same has been awarded to his bid or proposal, or if he accept, but does not execute the contract and give the proper security, it may be readvertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Mayor, Comptroller, and Commissioner of Public Works.

The right is reserved to assign and designate to any bidder, whose bid shall be accepted, the number and location of the lamps to be lighted by such bidder, in any portion of the city for which proposals are received, and to increase or diminish such number.

The right is reserved to determine and designate, after the proposals are opened, what illuminating material shall be used in the public lamps, or any number of them, during the period before mentioned; also to decline any or all proposals if deemed for the interests of the Corporation, and no proposal will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

If the proposal of any bidder proposing to furnish illuminating gas shall include any lamps with which the pipes or mains of such bidder are not connected at the time of the making of the bid, and a contract for furnishing the gas for and lighting, extinguishing, cleaning, repairing, and maintaining any such lamps, shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract and such further time, not exceeding thirty days, as may be deemed reasonable by the Commissioner of Public Works, shall be allowed to such bidder in which to connect such pipes or mains with such lamps.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been connected with the mains of such bidder, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

Blank forms of proposals can be obtained on application at the office of the Commissioner of Public Works.

EDWARD COOPER, Mayor.
JOHN KELLY, Comptroller.
ALLAN CAMPBELL, Commissioner of Public Works.

SUPREME COURT.

In the matter of the application of the Department of Public Works, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, relative to the opening of One Hundred and Fifty-sixth street, from the westerly line of Kingsbridge road to the easterly line of Eleventh avenue; One Hundred and Fifty-seventh street, from the westerly line of the road or Public Drive near the Harlem river to the easterly line of Eleventh avenue; One Hundred and Fifty-eighth street, from the westerly line of Kingsbridge road to the Hudson river; One Hundred and Fifty-ninth street, from the westerly line of the road or Public Drive near the Harlem river to the easterly line of Eleventh avenue, in the City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to the owner or owners, occupant or occupants, of all houses, lots, and improved or unimproved lands affected thereby, and to all others whom it may concern, to wit:

That in pursuance of an order made by the General Term of this Court, reversing the order of confirmation of our said report, made at a Special Term of this Court, and directing us to reconsider so much of our said report as made and allowed substantial awards for damage to certain buildings mentioned therein, we have reconsidered and amended our report, and that said report so amended will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held in the County Court-house in the City of New York, on the 13th day of April, 1880, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report as amended be confirmed.

Dated New York, March 16, 1880.

SMITH E. LANF,
JOHN T. MCGOWAN,
D. O'DONOGHUE,
Commissioners.

DEPARTMENT OF BUILDINGS.

DEPARTMENT OF BUILDINGS,
OFFICE OF SUPERINTENDENT, No. 2 FOURTH AVENUE,
NEW YORK, December, 1879.

NOTICE TO PROPERTY OWNERS AND BUILDERS.

FOR THE PROTECTION OF THEIR INTERESTS. Property owners and builders are requested to refuse to admit into their buildings to any officer of this Department who does not show his proper badge of office on demand.

All badges issued from this office are shield shaped, with the title of the officer, the name of this Department, and the number engraved thereon, and are numbered from 1 to 50. The following badges are lost or stolen: Inspectors, badges Nos. 4, 8, 9, 11, 12, 21, 22, 23, 36, 38, 39, 42, 43, 45, 46, 48, 49, and 50. Fire Escape Examiners, badges Nos. 3 and 8, and Messenger's badge No. 7. All parties professing to be officers of this Department not provided with badges of the above description, or who attempt to use badges of the above named missing numbers, or an oval shaped badge, formerly used in the Department, are impostors, and the public are cautioned against recognizing such persons, and are requested to report the same to this office in any case that may come to their notice.

TERMS AND CONDITIONS OF THE SALE.

The Department will make, prior to the commence-
ment of the term of lease in each case, such repairs to
any of the above-named premises, in the judgment of the
Commissioners, needing them, as they may consider neces-
sary to place the premises in suitable condition for
service during the term for which leases are to be sold,
except that no repairs will be made to any of the above-
named premises where it is stated that they will not be
repaired by the Department; but all the premises must
be taken in the condition in which they may be on
the date of commencement of said terms, respectively;
and no claim that the property is not in suitable condition
at the commencement of the lease, will be allowed by
the Department; and all repairs and rebuilding required
and necessary, during the term of lease, are to be done at
the expense and cost of the lessee.

Purchasers will be allowed three months, from date of
commencement of their leases, in which to notify the De-
partment that dredging is required at the premises leased;
and the Commissioners guarantee to do all possible dredg-
ing, as soon after being notified of the necessity thereof,
as the work of the Department will permit, except that no
dredging will be done at any of the above-named premises
where it is stated that they will not be dredged by the De-
partment; but in no case will the Department dredge
where a depth of ten feet at mean low water already exists,
nor after that depth shall have been obtained by dredg-
ing; and no claim will be received or considered by the
Department, for loss of wharfage or otherwise, consequent
upon any delay in doing the work of such dredging, or
consequent upon the premises being occupied for dredging
purposes. All dredging required at any of the above
premises, of which the purchaser of the lease therefor
shall neglect or omit to notify the Department during the
first three months of the term of the lease, and all dredg-
ing necessary during the remainder of such term, is to be
done at the expense and cost of the lessee.

The up-set price for each of the above-named premises
will be fixed by the Department of Docks, and announced
by the auctioneer at the time of the sale.

Each purchaser of a lease will be required, at the time
of the sale, and in addition to the auctioneer's fees, to pay
to the Department of Docks twenty-five per cent. of the
amount of annual rent bid, as security for the execution
of the lease, and which twenty-five per cent. will be
applied to the payment of the rent first accruing under
the lease, when executed, or forfeited if the purchaser
neglects or refuses to execute the lease and bond within
five days after being duly notified that the lease is pre-
pared and ready for signature. The Commissioners
reserve the right to resell the leases bid off by those failing
to comply with these terms; the party so failing to be
liable for any deficiency which may result from such
resale.

Lessees will be required to pay their rent quarterly, in
advance, in compliance with a stipulation therefor in the
form of lease adopted by the Department.

Two sureties, each a freeholder and householder in the
City of New York, and to be approved by the Commis-
sioners of Docks, will be required, under each lease, to
enter into a bond jointly with the lessee in the sum of an
amount double the annual rent for the faithful per-
formance of all the covenants of the lease; and each pur-
chaser will be required to submit, at the time of the sale,
the names and address of his proposed sureties.

Each purchaser will be required to agree that he will,
upon being notified so to do, execute a lease prepared
upon the printed form adopted by the Department, which
can be seen upon application to the Secretary, at the
office, 119 Duane street.

No person will be received as lessee or surety who is
delinquent on any former lease from the Corporation; and
no bid will be accepted from any person who is in arrears
to the Corporation upon debt or contract, or who is a de-
fault, as surety or otherwise, upon any obligation to the
Corporation.

FIRE DEPARTMENT.

HEADQUARTERS
FIRE DEPARTMENT, CITY OF NEW YORK,
(155 & 157 MERCER STREET),
New York, April 8, 1880.

SEALED PROPOSALS FOR FURNISHING TO
this Department two steam fire engines, will be re-
ceived at these Headquarters until 9 A. M., on Wednesday,
the 21st instant, when they will be publicly opened and
read.

The engines are to be what is known as first-size double-
pump and cylinder steam fire-engines.
The boilers to be vertical, 38 inches diameter, and 60
inches high, to be made of best steel boiler plate, having
copper smoke-flues, and hanging tubes of lap-welded iron,
each hanging tube having circulating strips. To be of
sufficient strength to bear twice the pressure ever required
in doing fire duty, and to have ample steaming capacity to
keep up a full head of steam while doing the heaviest
work. To be covered with Russia iron, properly banded
with brass bands, nickel-plated. To have one safety valve
made of composition.

The boilers to be in all respects as to form and construc-
tion exactly similar to that now on Engine No. 42 of this
Department, being M. R. Clapp's Circulating Tubular
Boiler, patent of 1878.

The boiler to be surmounted with a dome of brass.

The main pumps to be double-acting, made entirely of
composition, with cylinders each 4½ inches diameter, and
having a stroke of 8 inches; to have two discharge gates
and an automatic relief valve.

The steam cylinders to be 8 inches diameter, each
having a stroke of 8 inches, and to be fitted to a bed plate
containing the steam passages.

The steam cylinders, steam chest, and bed plate to be
cased in brass, nickel-plated.

The air chambers to be made of copper, nickel-plated.
There is to be a fresh-water tank, to connect with feed
pumps, also suitable fresh water connection.

The wheels to be the Archibald Pattern, made of
selected timber, prepared in the best manner, painted
with best English vermilion and striped with gold leaf.

The ties to be 3 inches wide, ½ inch thick.

The coal bunker to be of strong iron, and to be painted
same as wheels.

The axles, frames, braces, etc., to be made of Bessemer
steel.

The boilers to be hung on half elliptic springs, similar
in every respect to the crane-neck engines now in use in
this Department.

The brake to be arranged to bear upon the rear wheels,
and so constructed as to be controlled by the driver.

The suction hose to be smooth bore, in two lengths, and
each length to have suitable couplings, the thread to be
the same as on suction and hydrants in use by this De-
partment.

The hydrant connection to have two female couplings,
one 4½ inches diameter and one 2½ inches diameter, and
to have same thread as suction on large coupling, and
regulation thread on the 2½ inch.

The drawing rig to be such that the engines may be
drawn by horses. There is to be a driver's seat upon the
forward part of the engines, fitted with cushions, lanterns,
and whip-sockets.

The engines to be fitted up with pale and whiffletrees
for horses.

All stuffing boxes to be so constructed as to take up
while engine is running.

Each engine to be supplied with—
Two nickel-plated steam-gauges.
One nickel-plated water pressure gauge.
One glass water-gauge, same as in use in this Depart-
ment.

One nickel-plated foam pipe containing four gauge-
cocks.

One surface blow cock and attachment for thaw-hose.

Two heater connection pipes.

One nickel-plated signal whistle.

One variable exhaust nozzle and steam jet.

Two number plates.

One suction basket.

Two brass hose pipes, to have regulation thread.

Five nozzles.

One pipe holder stick.

One length thaw hose, 18 feet, and nozzle.

One fresh water connection of composition metal.

The safety and throttle valve, feed pumps, eccentric
strap, connecting rod bearings, and pipe holders to be of
composition.

All parts of the apparatus to be painted with English
vermilion and striped with gold leaf, except air chamber,
steam cylinders, dome, and working parts.

The engines to be what is known as "crane neck," and
to be fully supplied with all necessary tools.

The engines are to be delivered at the Repair Shops of
the Fire Department within ninety days after the execu-
tion of the contract, in complete working order, with a
guarantee that the material and workmanship are of the
best character, and to replace, at the expense of the con-
tractor, such parts, if any, as may fail, if such failure is
properly attributable to defective material or inferior
workmanship. Said engines shall have a full and com-
plete trial of their working powers at New York, under the
superintendence of a competent engineer.

No proposals will be received after the hour named, or
considered if not made in strict compliance with the terms
of this advertisement.

Two responsible sureties will be required upon each pro-
posal, who must each justify in one-half the amount there-
of, upon the proposal prior to its presentation.

Proposals must be indorsed "Proposals for Furnishing
Two Engines," with the name of the bidder, and be ad-
dressed to the Board of Commissioners of this Depart-
ment.

Blank forms of proposals, together with such further
information as may be required, may be obtained upon
application at these Headquarters, where the prescribed
form of contract may also be seen.

The Board of Commissioners reserves the right to reject
any or all proposals received, or any part of such pro-
posals, if deemed to be for the interests of the city.

SEALED PROPOSALS FOR FURNISHING THIS

Department with the following articles, to wit:

1,700 tons Egg Coal,
1,000 tons Stove Coal,

to be of the best quality of Pittston, Scranton, or Lack-
awanna Valley, weigh 2,000 pounds to the ton, and be
well screened and free from slate, will be received at
these Headquarters until 9 o'clock A. M., on Wednesday,
the 21st instant, when they will be publicly opened and
read.

No proposals will be received or considered after the
hour named.

Proposals may be made for one or more of the items,
specifying the price per ton.

All of the coal is to be delivered and weighed upon
scales furnished by the Department, in the presence of an
Inspector to be designated by the Department for that
purpose, at the various houses, etc., of the Department, in
such quantities and at such times as may be from time to
time directed.

Two responsible sureties will be required upon each pro-
posal, amounting in the aggregate to One Thousand dol-
lars, or more, who must each justify in one-half the amount
thereof upon the same, prior to its presentation.

Proposals must be indorsed "Proposals for Furnishing
Coal," with the name of the bidder, and be addressed to
the Board of Commissioners of this Department.

Blank forms of proposals, together with such information
as may be required, may be obtained upon application at
these Headquarters, where the prescribed form of contract
may also be seen.

SEALED PROPOSALS FOR FURNISHING TO

this Department one steam fire engine, will be re-
ceived at these headquarters until nine o'clock A. M., on
Wednesday, the 21st instant, when they will be publicly
opened and read.

The engine is to be what is known as a first-size double-
pump and cylinder steam fire-engine.

The boiler is to be what is known as a Latta boiler, with
Ahrens improvements, made of the best materials and of
sufficient strength to bear twice the pressure ever required
in fire duty. It must have ample steaming capacity to
keep up a full head of steam while doing the heaviest
work, with a guarantee to make steam from cold water and
throw a stream of water through one hundred (100)
feet of hose with regular gauge of water inside of
four minutes from the time of lighting the fire, and to gen-
erate and maintain an ample working pressure of steam
for effective fire duty. The boiler is to be covered with
a Russia iron jacket and surmounted with a brass dome.
The steam cylinders and pumps are to be placed perpen-
dicular to the boiler. The main forcing pump must be double
acting and be made entirely of composition. It must be
so constructed that it can be taken apart and put together
again should repairs be required. There must be two
discharge gates, also a circulating or churn valve for the
purpose of feeding the boiler when the streams are cut off.
The engine is to be made complete of the best materials,
in the most workmanlike manner, with all recent
improvements, and is to be furnished with one
air pump (latest improved), improved safety valves,
without scale, two nickel-plated steam gauges, one
nickel-plated water-pressure gauge, one glass water
gauge, eight gauge cocks, two blow cocks for steam—
one up and one down—one surface blow cock, and at-
tachment for thaw hose, one signal whistle, one variable
exhaust nozzle and steam jet, one large copper air cham-
ber, one ornament on the air chamber, twenty-two feet of
rubber suction-hose attached to the pump, to be carried in
brackets around the engine, ready for immediate service,
copper suction strainer, a full set of discharge pipes, five
nozzles, various sizes, foot brake, one number plate,
which together with the glass in the lamp is to be en-
graved with the number; also all the tools and wrenches,
etc., to work the engine, oil cans, fire shovel, poker; and
to be furnished with box for tools. The machine is to be
handsome finished and painted with gold striping and
ornamental work. The wheels are to be what is known
as the Archibald pattern of the latest improved kind.

The fuel-box, on the back of the boiler, must be large
enough to carry coal for one or two hours' running, and
will be painted the same as the wheels.

The working parts of the engine are in all cases to be
perfectly fitted and polished. All of the steel and iron
work is to be finished in first-class style. The throttle-
valve, feed-pump, eccentric strap, and pipe-holders and
other parts are to be of fine composition.

The engine is to be fitted to be drawn by horses, with a
pale and whiffletrees and a seat for the driver.

Size of steam cylinder to be 7½ inches diameter, 8
inches stroke. Size of pumps to be 4½ inches diameter,
8 inches stroke. Front wheels to be 50 inches high; rear
wheels to be 60 inches high. Tire, 2½ by ¾ inches.

The engine is to be delivered at the Repair Shops of the
Fire Department within ninety days after the execution of
the contract, in complete working order, with a guaran-
tee that the material and workmanship are of the best char-
acter, and to replace, at the expense of the contractor, such
parts, if any, as may fail, if such failure is properly at-
tributable to defective material or inferior workmanship.
Said engine shall have a full and complete trial of its
working powers at New York, under the superintendence
of a competent engineer.

No proposals will be received after the hour named,
or considered if not made in strict compliance with the
terms of this advertisement.

Two responsible sureties will be required upon each
proposal, who must each justify in one-half the amount
thereof, upon the proposal prior to its presentation.

Proposals must be indorsed "Proposals for Furnishing
One Engine," with the name of the bidder, and be ad-
dressed to the Board of Commissioners of this Depart-
ment.

Blank forms of proposals, together with such further
information as may be required, may be obtained upon
application at these Headquarters, where the prescribed
form of contract may also be seen.

The Board of Commissioners reserves the right to reject
any or all proposals received, or any part of such pro-
posals, if deemed to be for the interests of the city.
