OCTOBER 17, 1900.

To be an Inspector of Common Schools for the Twenty-first School District of the boroughs of Manhattan and The Bronx of The City of New York, for the unexpired portion of a term of five years which commenced July 1, 1900, Rachel H. Powell.

DEPARTMENT OF PARKS.

Report for the Quarter ending June 30, 1900.

DEPARTMENT OF PARKS—CITY OF NEW YORK,
THE ARSENAL, CENTRAL PARK,
September 10, 1900.

Hon. ROBERT A. VAN WYCK, Mayor:

SIR—I have the honor to enclose herewith the quarterly report of the Commissioners of Parks for the different Borough Divisions of The City of New York for the quarter ending June 30, 1900.

Respectfully,
WILLIS HOLLY, Secretary, Park Board.

DEPARTMENT OF PARKS—CITY OF NEW YORK,
THE ARSENAL, CENTRAL PARK,
September 10, 1900.

Hon. ROBERT A. VAN WYCK, Mayor:

SIR—I have the honor to submit herewith the quarterly report of the operations and financial condition of the Department of Parks of the boroughs of Manhattan and Richmond, required by the Charter, for the three months ending June 30, 1900.

Yours respectfully,
GEORGE C. CLAUSEN,

Park Commissioner, boroughs of Manhattan and Richmond.

Work of the Landscape Gardener and Force.

Pruning work was continued during the quarter and completed in April, all of the trees and shrubs receiving attention in this direction. The usual work of removing trees which had failed to survive the severe winter was attended to, involving considerable labor. The spading in of manure on bare ground and in the shrubberies continued and was completed early in the quarter.

The lawns in front of the American Museum of Natural History Building in Manhattan square were renovated, regraded and seeded early in the season, as were large plots in the Ramble and the upper portion of the Central Park and the parks generally where such work was necessary. The grass has grown well and the work will greatly improve the appearance of the parks unless damaged by the dry summer weather. The incomplete condition of the Central Park irrigation system is a drawback in this connection.

The display of spring flowers was a source of delight to visitors for about two months. With the completion of the Central Park irrigation system this feature will soon be established upon a very satisfactory basis and the flowers will appear in masses in locations where they would naturally be found. Masses of plants may now be seen in the Ramble and along the drives in sheltered places, and thousands of indigenous plants have been established as undergrowth, including native asters, golden rod, spotted geraniums, blue violets and others. The spreading of the wild flowers in the woods is giving them a more rural appearance.

The formal planting for spring display in the smaller parks was commenced early in April and proved satisfactory. Sixty thousand plants were used for the purpose. Planting for summer display commenced the latter part of May and continued during June. This work was somewhat delayed owing to the new Labor Law which prevented employing the gardeners overtime. Owing to the necessity of doing a great deal of this kind of work in a few weeks in the spring, heretofore it has been customary to employ the gardeners ten hours a week overtime, and the impossibility of continuing the practice will, in some instances, prevent the display of the flowers at their best until August. The usual spring planting of trees and shrubs was undertaken, about five thousand trees and shrubs and eight hundred evergreens being set out. In addition to these, twenty thousand herbaceous plants and bulbs were planted.

The Entomologist and his force were employed during the quarter in the destruction of insect pests and the prevention of injury by them to the plantations; also in the destruction of mildew and other fungi, with excellent results. The trees and shrubs of the parks are exceedingly clean and healthy and demonstrate that it is possible to combat insect pests, such as the Tussock moth and others, if due precaution is taken.

Nearly 145,000 tender plants were raised in the old propagating houses, the work being accomplished by about six men. The total value of these plants is not less than \$16,000. The total value of the plants raised during the season by the Department is \$27,000.

Although the conservatory has been maintained in good condition and the collection slightly increased by propagation and purchase, the collection is still not up to the standard of excellence that it is desired to reach. This can be remedied during the coming season, however, if a sufficient appropriation for the purpose is obtained. A collection of tropical tree ferns was presented to the Department by the Landscape Gardener during the quarter. The average number of visitors to the conservatory was maintained, being in excess of 1,000 per day.

A flower parterre was laid out in the grounds immediately north of the conservatory, the work being somewhat restricted by the funds available for the purpose. With proper development this can be made a very attractive feature of the park.

The following plants were received for the conservatory and other displays: 631 orchids, 38 large palms, 675 choice stove and greenhouse plants, 2,125 trees, shrubs, vines and hardy plants, 4,225 tender corns and 90 specimens of seeds.

Two double propagating-houses, with a surface area of about 5,000 square feet, were completed during the quarter. These houses bring the glass intended for the propagation of plants for summer display into one range, all unsightly features having either been eliminated or hidden from public view. The old range, which has long presented an unsatisfactory appearance, will now be dispensed with, and the ground occupied graded and the neighborhood made attractive.

About 350,000 feet of sod was supplied and laid under contract, leaving the Park lawns in good condition. In the Central Park the ground adjacent to the southern shore of the Harlem Mere was renovated and sodded and the intrenchments of the old fort restored. A large area adjacent to the Pool, near Central Park, West, was renovated and resodded. This location has been frequented by undesirable visitors, but a watchman has been stationed there and it is now clean and orderly.

The sod on Seventy-second street, from Central Park to Riverside, which was destroyed during the winter, was restored, and considerable of this work was also done in connection with the regrading of the steep embankments of Mount Morris Park.

Two-rail pipe fences were erected in Mount Morris Park, and also in the Central Park, where necessary, to protect the edges of the lawns from destruction. These fences present a very neat

appearance and are of great service in preserving the lawns and shrubberies. Frequently they will more than repay the cost of construction in a single season through preserving park property from damage and obviating the necessity for repairs and restoration.

A large quantity of mould was used in the grading of the slopes of Mount Morris Park and in the upper end of Central Park. This material was supplied and placed at a low cost to the Department. The work of removing a quantity of rock immediately west of the conservatory was also accomplished at a low cost.

A new fountain, designed in the Department, was erected in the Harlem Mere, greatly enhancing the beauty of the locality. This fountain throws a mass of water to a height of twelve feet, and on sunny days the sun shining through the water shows all the colors of the rainbow, producing a very beautiful effect.

In addition to the above the following work was undertaken:

Mould to the extent of 4,500 cubic yards was used in grading Riverside Park north of Ninety-sixth street, and considerable sodding also done in the same section. Two and three rail pipe fences were put up to protect the new lawns, etc., and a number of large, dead trees removed between Ninety-sixth and One Hundred and Twentieth streets. A retaining-wall was constructed at One Hundred and Seventh street and Riverside Park and in the section south of Ninety-sixth street considerable ground was graded and a quantity of refuse removed from the Property Road. Planting from Eighty-sixth street to One Hundred and Eighth street was carried on extensively, as well as grading, seeding, etc.

Work of General Foreman and Force.

In addition to the regular routine work incident to the season about 2,000 loads of refuse was carted to the dumps. The bridge roads were regularly harrowed and kept in good condition. The cottages were kept open for the use of the public from 7 A. M. until 7 P. M., and in some cases until 10 P. M. The work of repairing the drives with shale and sandstone was commenced.

The concert season of 1900 opened during the quarter with a concert in Hamilton Fish Park on June 1. The lawns also were opened for games and picnic parties during the quarter.

The mechanical force was engaged upon extensive repairs to the Swedish School-house, at the Casino, Central Park; at the Menagerie, the Skate Building, the Men's Cottage, near the Casino; at the Stables, the Greenhouses, Arsenal Restaurant, McGown's Pass Tavern, Terrace Restaurant, the Dairy, several of the other park cottages, the rustic arbors, rustic fences, etc. Necessary repairs were also made at the Aquarium and at the Mount Morris and Washington Square music stands. During the quarter 1,333 settees were made up and repaired, as well as 85 new signs and 2,311 stakes for the Engineer Corps. Twelve new pieces of rolling stock were made, consisting of cars, water trucks, etc., and 28 old vehicles were repaired. The painters painted 1,232 settees, park railings, gates, animal cages, fountains, urinals and repairs to the woodwork of the various park buildings; also lettered and varnished the rolling stock, painted signs, attended to the necessary glazing, etc. The masons have been employed upon the drains, sewers, etc., and the ironworkers upon the railings, boiler, machinery, etc.

Work of Engineering Corps.

The work of constructing and improving Hamilton Fish Park was prosecuted to completion during the quarter and the park opened for public use on June 1, 1900. The work included 5,250 square feet of asphalt walk pavement laid, 830 linear feet of bluestone edging furnished and set, 390 linear feet of bluestone edging set, 2 exedras and four drinking-fountains constructed, 1 electric light tower built, 1,400 square feet of sod furnished and laid, one-half acre of ground seeded, and, on modification of contract, 13,410 square feet additional asphalt walks laid.

The work of removing the Forty-second Street Reservoir was continued. It consisted of tearing down walls, excavations in basins of reservoir for cellars and trenches for foundations for the New York Public Library Building and the laying of concrete footings and building of walls of rubble masonry. About 11 per cent., or 13,750 cubic yards, of the old reservoir walls were removed, 14,000 cubic yards of earth and rock excavated and 400 cubic yards of concrete footings laid.

In connection with the construction of the sewer from the Swedish School-house, Central Park, 550 linear feet of 10-inch pipe sewer was laid, including excavation, refilling and building manholes.

In improving the entrance to Central Park, Fifth avenue, Fifty-eighth to Sixtieth streets, 30 cubic yards of excavating of all kinds was done, 379 cubic yards of mould delivered in place, 23 cubic yards of rubble stone masonry laid, 135 linear feet of bluestone coping set, 73 linear feet of 8-inch bluestone straight curbing set, 373 linear feet of 8-inch curved bluestone curb set, 870 linear feet of 2½-inch straight and curved bluestone edging set, 279 linear feet of old bluestone curb redressed and reset, 60 linear feet bluestone sills, 16 bluestone base-blocks for electric lamp-posts furnished and set, 1 walk-basin, 57 linear feet of 6-inch vitrified pipe laid, 11,684 square feet of walk pavement of asphalt laid, 772 square feet of gutters of rock-asphalt pavement laid, 12,138 square feet of sod laid and 16 electric lamp-posts furnished and erected.

The work of laying water-mains in Central Park was completed during the quarter, involving 6,300 cubic yards of earth excavation, 477 yards of rock excavation, 6,691 yards of filling, 250 tons of straight, cast-iron pipe, 4-inch, 6-inch, 8-inch and 10-inch; 19 tons special cast-iron pipe, 3,162 linear feet of 4-inch, 3,866 linear feet of 6-inch, 1,753 linear feet 8-inch, 2,768 linear feet 10-inch cast-iron pipe, straight and special laid; 3,037 linear feet 2½-inch wrought-iron pipe furnished and laid, five 10-inch stop-cocks and brick basins complete, four 8-inch same, nine 6-inch same, thirteen 4-inch same, sixty-two 2½-inch stop-cocks and boxes complete, 60 hydrants taken up, repaired and reset; 9 blow-offs with brick basin, cocks, etc.; 6 air-cocks furnished and set and 29,790 square feet sod furnished and laid.

In addition to the above, the Corps was employed upon surveys, specifications, forms of contracts, etc., for new bridge at Eighty-seventh street, East River Park; laying gutters of rock asphalt, etc., East drive, Central Park; repairing walks with asphalt around Arsenal and Menagerie buildings, Central Park; proposed improvement, Thomas Jefferson Park; repairs to drainage, East drive, Central Park; road, High Bridge Park; park at west approach of Washington Bridge, new walks, etc., Manhattan square; extension to Riverside Park, Eighty-first and Eighty-fifth streets; also measurement of pipe-rail fences in the various parks, survey and map of Riverside Park in vicinity of One Hundred and Sixteenth street, survey defining northern boundary of Fort Washington Park, preparing maps in relation to occupation of Battery Park by Elevated railroad structure, maps for proposed widening of Fifty-ninth street, Fifth to Eighth avenue; staking out existing water-pipe lines, etc., Riverside Park, Eighty-sixth to One Hundred and Twentieth street; survey of Riverside Park, Seventy-ninth to Ninety-sixth street, for construction map; outline map of Harlem River driveway and adjoining park property, tabulation of all bids received, inspection, measurements, etc.

The Aquarium.

At the Aquarium, Battery Park, the number of visitors, by a tual count, showed an excess of 90,507 over the same period of last year. An inventory showed that there were 1,372 specimens of live fish on exhibition, of 173 varieties, besides crustaceans, mammals, reptiles, marine plants, etc. The first installment of Bermuda fish for this season arrived on June 29, which added to the attractiveness of the collection materially.

AUGUST MOEBUS, Commissioner of Parks, Borough of The Bronx.

NEW YORK, July 12, 1900.

Hon. AUGUST MOEBUS, Commissioner of Parks:

DEAR SIR—I herewith submit report of work under the supervision of the Chief Engineer, Department of Parks, for the Borough of The Bronx, for the quarter ending June 30, 1900.

Contract for regulating, grading and constructing Spuyten Duyvil parkway; James Oliver, contractor.

Construction on this work has progressed in a satisfactory manner during the past quarter, and all indications point to the completion of the work during the present quarter.

Percentage of work to date on this contract is as follows: Earth excavation, 90 per cent.; rock excavation, 90 per cent.; telford roadway, 80 per cent.; stone-block gutters, 75 per cent.; brick culverts, 100 per cent.; 24-inch stoneware pipe, 70 per cent.; 12-inch stoneware pipe, 90 per cent.; 10-inch stoneware pipe, 85 per cent.; road basins, 75 per cent.; dry rubble wall, 95 per cent.; rubble masonry in cement, 100 per cent. The quantities of the original estimate will be considerably exceeded in the final, especially in the items of rock excavation and stoneware pipe.

The original estimates were made several years ago and were evidently not very carefully made, more especially in the matter of rock and earth excavation, which latter was made considerably too great.

The increase of the item of stoneware pipe was absolutely necessary to secure proper drainage. The total increase will, however, be within the limit of increase permitted by the contract. The above-named work is under the direct charge of Assistant Engineer Crane.

Contract for the approach to the Municipal Building in Crotona Park, Thomas Kelly, contractor. This work is practically completed although not yet accepted by the Department. The job is a very substantial and ornamental one and is a credit to your Department.

Contract for Fulton Park improvement, William J. Moore, contractor. This work was completed April 10 of this year; final estimate has been rendered and final payment made.

Contract for improving existing roads in Botanical Gardens, John B. Devlin, contractor. All excavation and embankment nearly completed and about fifty per cent. of telford macadam roadway laid. This work is not progressing as rapidly as I could wish, but the contractor has given assurances that force will be increased and work pushed forward at once. Present indications point to the fulfillment of this promise in the near future.

Engineer work of locating and fixing contour lines for lakes, roadways, walks, etc., for future improvement in the Botanical Gardens has occupied much of the time of the corps stationed there and the work accomplished in that line is very satisfactory.

All work in Crotona Park and the Botanical Gardens has been done under the immediate supervision of Assistant Engineer Spencer.

Topographical work in Pelham Bay Park has progressed at a fair rate. Lines and levels were run and cross-sections taken over that portion of the park covered by Map Sheets Nos. 18, 19, 21 and 22, and preliminary lines run for that portion embraced in Map Sheets Nos. 20 and 23, making in all over 20,000 linear feet of measurements, not including cross-section lines or locating roads, fences, houses, etc. The work is being plotted as rapidly as possible after completion and when completed will supply a much-needed requirement. This work has been under the charge of Assistant Engineer Toomey.

OFFICE OF THE DEPARTMENT OF PARKS,
BOROUGH OF BROOKLYN AND QUEENS,
ROOM 14, BOROUGH HALL, BROOKLYN, July 2, 1900.

Hon. ROBERT A. VAN WYCK, Mayor of The City of New York:

DEAR SIR—I have the honor to transmit to you, in accordance with the provisions of the Charter, a general statement of the work performed and of the finances of the Department of Parks of the boroughs of Brooklyn and Queens for the three months from April 1 to June 30, inclusive, 1900.

Yours very truly,
GEO. V. BROWER, Commissioner.

STATEMENT OF WORK PERFORMED BY THE DEPARTMENT OF PARKS OF THE BOROUGH OF BROOKLYN AND QUEENS DURING THE THREE MONTHS FROM APRIL 1 TO JUNE 30, INCLUSIVE, 1900.

Prospect Park.

The regular work of keeping the park clean and in good condition has been carried on, the entire system of drives and bridle paths has received attention. All the gutters and basins have been cleaned and kept in order; trimming of trees and shrubbery has been continued, and spraying and brushing of same to destroy caterpillars and other insects has been carried on.

All the drives have been regularly sprinkled, as the weather required. The East and West drives have been partially picked up and repaired with road gravel, and this work will be continued until the whole system of drives in the park have been put in good shape.

Large numbers of hardy plants, vines and shrubs have been planted in the park and on the mounds at main entrance, around dead trees, police boxes and stone bridges.

All the lawns, meadows, etc., have been mown and borders trimmed from time to time as required; all the poor places have been sown with grass seed, borders sodded and wire guards erected to keep the visitors from making crosswalks on the lawns; banks around East Dale shelter and around shore at Trout Pond have been repaired, and lake cleaned. Banks in Rocky Pass have been sodded, over 3,000 square feet sod being used. The mounds at the main entrance and sidewalks on Eastern parkway have been mown and borders trimmed.

New asphalt walks (23,308 square feet) were laid south of Rose Garden and at new Miniature Yacht House at the peninsular; also 69,942 square feet of old walks were resurfaced and repaired by contract.

New and varied designs have been planned and executed at the Flower Garden and in front of the Irving statue; the old perennial garden on Breeze Hill has been carefully attended to, and is now in full bloom.

The Rose Garden and Water Lily Ponds have been replanted and received careful attention and the display was one of the finest we have had for years.

"Vandal Bridge" over Rocky Pass has been reconstructed in rough stone in the most thorough and substantial manner, so as to be a permanent feature of the park.

Concerts.

Concerts were started as usual June 2, and will be continued every Saturday and Sunday after noon until further notice.

Electric Fountain.

Owing to the lack of water the Department of Water Supply could not permit the usual displays.

Picnics.

Large numbers of picnics have been held at the picnic grounds, and the croquet and lawn tennis grounds (which have received special attention) are being used by an ever-increasing number of people.

Prospect Park Court.

The circle has been regularly taken care of, grass seed sown, weeds dug up, grass cut and watered and young trees trimmed and taken care of.

Mechanical Works.

The men at the shops have been kept busy repairing tools, implements, wagons, carts, trucks, etc.; making settees, picnic tables, stakes, saw horses, etc.; repairing and putting fountains, shelters and plumbing in order; building seats and stands for the Anniversary and Decoration Day parades at the different locations; work is being continued on the Miniature Yacht house at the peninsular, and the new stone bridge at Sullivan heights has been finished and a cement walk laid on it. A large cement trough has been built in the deer paddock for the deer to walk and bathe in. The rooms used by the Brooklyn Public Library in the Litchfield mansion have been changed for its new use.

Parade Grounds.

The parade grounds have been regularly mown and kept in order; special attention was given them preparatory to the polo games, which were started Monday, June 25; the usual number of games of base-ball and cricket are being played daily.

East Side Lands (Institute Garden).

During this quarter 5,860 yards of soil have been received and used in the continuation of work of forming the terrace and mounds.

Tompkins Park.

In addition to the general work of cleaning and keeping the park in order, the lawns have been kept mown and borders trimmed, flower beds weeded and taken care of, trees and shrubs trimmed and sprayed to destroy caterpillars and other insects, and poor places in lawn prepared and sown with grass seed.

Fort Greene Park.

The regular work of cleaning and keeping the park in order has been carried on, in addition to which 400 pounds of grass seed has been sown and 3,000 sod laid, on the borders and poor places in the lawns; lawns and borders kept mown and trimmed and trees sprayed to destroy caterpillars and other insects. Saturday, June 16, the Martyrs' Tomb was opened to inter the remains of prison-ship martyrs which were found in the Brooklyn Navy Yard.

Bensonhurst, Bedford, Highland, Municipal, Carroll, City, Winthrop, Bushwick, Long Island City, Flushing, Kings, Cooper, Zindel, Shuyesant, Underhill, Woodbine, Cooper Gore, Lincoln Terrace, Cuyler, City Hall and Saratoga and Irving Square

Have all been properly maintained, walks, gutters, shelters, fountains, etc., kept clean and in order, lawns mown, and trees, shrubs, hedges and borders trimmed, grass seed sown where necessary, new flower beds planted and cared for, and trees sprayed and brushed to destroy caterpillars and other insects.

Red Hook Park.

The work of construction in this park is being carried on, trees and shrubs have been planted, mounds and lawns sown down with grass seed, and sewer and water-main connected with the park and fountain.

Forest Park.

Only the usual work of guarding the park from fires and depredations of visitors has been carried on, no men or money being available for any new work.

Sunset Park.

The continuation of the rustic stonework at this park was recommenced the early part of June (the men being busy at Prospect Park until then), and is being carried forward as rapidly as the small force of men will allow.

Dyker and Canarsie Beach and New Lots Playground

Have all been kept clean and in good condition.

Fort Hamilton Park.

Nothing has been done as yet toward the construction of this Park.

Roads and Boulevards.

All the roads and boulevards have been properly maintained and sprinkled as weather required.

New Work.

Part of the westerly cycle path of the Ocean parkway was rebuilt, beginning at Fort Hamilton avenue, running south to Avenue C, a distance of 3,500 linear feet by 18 feet in width. The improvement consists of a foundation of one and one-half inch limestone, four inches to five inches in thickness, bound and topped off with a layer one inch in thickness of limestone screenings; area of improvement, 7,000 square yards. The main roadway of Ocean parkway was resurfaced from the line of the railroad crossing the Park Circle (Coney Island avenue) to Church avenue, a distance of 3,000 feet by 65 feet in width. The improvement comprises the placing of a layer of Marcellus shale four inches thick upon the old surface (previously cleaned and picked up by steam roller), topped off with a one-inch layer of trap-rock screenings and rolled until hardened. The area resurfaced measures 21,660 square yards.

The Speedway (Ocean Parkway).

The work of constructing the Speedway upon the main road of the Ocean parkway from Bay parkway (Twenty-second avenue) to Kings Highway consists of the following:

Picking up the old surface with rollers to a depth of 2 to 3 inches and rolling with five-ton roller; spreading a layer of clean, sharp sand, 2 inches thick, and raking out stones; upon this surface a layer of selected yellow loam 2½ to 3 inches thick was placed and raked over, stones taken out and leveled; the area of improvement measures 56,000 square yards; this work was all done by park labor within 27 working days.

For the purpose of draining the Speedway 16 large catch-basins, with granite heads and 4 cesspools 12 feet in diameter by 16 feet deep, were built.

A total of 5,380 linear feet of 12-inch, 15-inch and 18-inch drain pipe was laid to carry off the surface water.

Eastern Parkway.

The portion of Eastern parkway between Washington and Bedford avenues was resurfaced with Hudson river road gravel; area of improvement, 7,660 square yards.

The section from Washington avenue west to the portion resurfaced last year was recovered with Marcellus shale in same manner as the work upon Ocean parkway, a distance of 800 linear feet; area, 2,650 square yards; between New York and Utica avenues 5,100 feet in length was coated with a thin layer of Marcellus shale and trap-rock screenings mixed and rolled with steam rollers; area of improvement, 16,830 square yards.

Whereas, Said petitioners represent to this Board that they are unable to make full and proper use of connection between their premises and public sewer in the street along which their dwellings abut and of house plumbing, in consequence of the absence of public water supply for sanitary purposes; therefore

Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it take prompt and favorable action toward affording the petitioners relief from the unsanitary condition they complain of being subject to for want of proper supply of water.

Also,

Whereas, The President of the Borough of Queens, City of New York, did submit to this the Local Board of the borough aforesaid, at its meeting held September 21, 1900, petition from owners of real estate on the Williamsburgh road (in Jamaica), Fourth Ward of borough and city aforesaid, wherein they set forth their desires that water-mains be extended along said road, therefore

Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it extend to the wishes of the petitioners such favorable consideration and action as will enable the Jamaica Water Supply Company to make full response to the requirements of the inhabitants along the aforesaid road within the territory of its franchise, as the terms thereof and the law upon the matter may make obligatory so to do.

Also,

Whereas, The President of the Borough of Queens, City of New York, did submit to the Local Board of the borough aforesaid, at its meeting held September 21, 1900, petition of owners of real estate on Welling street, between Orchard and Jamaica avenues (in Richmond Hill), Fourth Ward of borough in city aforesaid, wherein said petitioners set forth their desires that water-mains be extended along said street; therefore

Whereas, The President of the Borough of Queens, City of New York, did submit to this the Local Board of the borough aforesaid, at its meeting held on September 21, 1900, petition from owners of real estate in Woodhaven, wherein they set forth their desires that water-mains be extended along Benedict avenue, from Grafton avenue to Rockaway road, and along Rockaway road, from the terminus of the present main to Broadway, in Fourth Ward, Borough of Queens, City of New York; therefore

Resolved, That recommendation be and hereby is made to the Board of Public Improvements, City of New York, that it extend to the wishes of the petitioners such favorable consideration and action as will enable the Woodhaven Water Supply Company to make full response to the requirements of the inhabitants along the aforesaid streets within the territory of its franchise, as the terms thereof and the law in the matter may make obligatory so to do.

In the matter of application to compel the Long Island Railroad Company to erect and operate safety gates at its crossing at Atlantic avenue and Union place (in Brooklyn Hills), Fourth Ward, this borough, the railroad company, through counsel, opposed progress being made therein, contending that the alarm bells operating at said crossing, upon the approach of trains, is all-sufficient and affords all that could be reasonably expected with the many crossings it has to provide for, and especially so when taking into consideration the heavy percentage of its earnings which would be required, were it obliged to place and operate gates at all crossings; whereupon the hearing was declared closed, and the matter referred back to the committee heretofore appointed to investigate and report same.

Adjourned to October 5, 1900.

SARY TO BUILD AND COMPLETE SEWER IN MESEROLE STREET, between Bushwick place and Waterbury street, and an OUTLET SEWER IN WATERBURY STREET, from Meserole street to Johnson avenue, in the Borough of Brooklyn.

The Engineer's estimate of the quantity and quality of materials and the nature and extent, as near as possible, of the required, is as follows:
 35 linear feet 18-inch Vitrified Stoneware Pipe Sewer.
 495 linear feet 15-inch Vitrified Stoneware Pipe Sewer.
 550 linear feet 12-inch Vitrified Stoneware Pipe Sewer.
 10 Manholes.

2 Receiving-basins.

1,000 feet B. M., Foundation Planking.

The amount of security required is ONE THOUSAND DOLLARS (\$1,000).

The time allowed to complete the whole work is THIRTY (30) WORKING DAYS.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title given above, of the work for which the estimate is made, with his or their name for names and the date of presentation, to the head of said Department, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by the Revised Ordinances, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. SEALED PROPOSALS WILL BE RECEIVED by the Committee on Supplies of the Board of Education of The City of New York, at the Hall of the Board, southwest corner of Park avenue and Fifty-ninth street, Borough of Manhattan, until 4 o'clock P. M. on

FRIDAY, NOVEMBER 2, 1900,

for Furnishing and Delivering Books for School Libraries for the schools of The City of New York, boroughs of Manhattan and The Bronx, for the year ending December 31, 1901.

No empty packages or cases are to be returned to bidders or contractors except as herein specified, and none will be paid for by the Department.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or estimate for Furnishing and Delivering Books for School Libraries," with his or their name or names, and the date of presentation, to the Secretary of the Board of Education, at the office of the said Board, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Committee on Supplies.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in an amount satisfactory to the Committee, which amount shall be fifty per cent. of the estimated cost of the supplies to be required, which estimated cost will be determined as nearly as may be from the quantity of like supplies purchased in former years.

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or of a guaranty or surety company duly authorized by law to act as surety in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans. Such work and materials must conform in every respect to printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Plans and specifications may be seen and blank proposals obtained at the estimating room, eighth floor, Hall of the Board of Education, corner of Park avenue and Fifty-ninth street, Borough of Manhattan.

The By-Laws may be examined at the office of the Secretary.

The Committee reserves the right to reject all proposals submitted if deemed for the best interests of the city so to do.

DEPARTMENT OF PUBLIC CHARITIES.

DEPARTMENT OF PUBLIC CHARITIES,
BOROUGH OF MANHATTAN AND THE BRONX,
FOOT OF EAST TWENTY-SIXTH STREET,
NEW YORK, October 8, 1900.

PROPOSALS FOR DRY GOODS.

BOROUGH OF MANHATTAN AND THE BRONX.

SEALED BIDS OR ESTIMATES FOR ABOVE-mentioned Supplies, in conformity with samples and specifications, will be received at the office of the Department of Public Charities, foot of East Twenty-sixth Street, in The City of New York, until 12 o'clock noon, on

MONDAY, OCTOBER 22, 1900.

No empty packages are to be returned to bidders or contractors except such as are designated in the specifications.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Dry Goods," with his or their name or names and address and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids, and supplies must be delivered immediately.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in The City of New York, with their respective places of business or residence, or of a responsible guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required

for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by the Revised Ordinances if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute or perform the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute or perform the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

For particulars as to quantity and quality of supplies, or the nature of the work required, bidders are referred to the printed specifications.

The quantity and quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders must state the price of each article per pound, dozen, gallon, etc. (unless otherwise specified and grouped in a class), by which the bids will be tested. The extensions must be footed up, as the bids will be read and recorded from the total footing. Awards will be made to the lowest bidder on each class or item, as the case may be.

All estimates not conforming to these requirements may be considered as informal.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine. All bids must be based upon the description furnished or samples exhibited by this Department and not on samples furnished by the bidder.

A deposit will be required on all bids.

Surety blanks and information regarding all formalities connected therewith may be obtained at the Central Office of this Department.

Samples will be on exhibition at the office of Purchasing Agent, foot of East Twenty-sixth Street, during office hours, until the bids are opened.

Blank forms of bid or estimates, the proper envelopes in which to inclose the same, the specifications and agreement approved as to form by the Corporation Counsel, and any further information desired, can be obtained at the office of the General Bookkeeper and Auditor, foot East Twenty-sixth Street.
