By Alderman Morgan—

Whereas, The Mayor, Aldermen and Commonalty of the City of New York, in and by a certain indenture duly made and executed under its corporate seal, bearing date the fourth day of January, in the year one thousand eight hundred and fifty-nine, upon the consideration therein mentioned, did grant and convey to the Board of Governors of the New York State Woman's Hospital, incorporated by an act of the Legislature of the State of New York, entitled "An act to found a woman's hospital," passed April, 1857, and to their successors forever, all that certain block of land situate, lying and being in the Nineteenth Ward of the City of New York, that is to say, the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, to have and to hold the same to the said Board of Governors of the New York State Woman's Hospital, and their successors, as long as the ground above specified should be used for the purpose of the said New York State Woman's Hospital, and no longer, as fully and absolutely as the said Mayor, Aldermen and Commonalty of the City of New York were authorized to convey the same ; which said indenture was recorded in the Office of the Register of the City and County of New York, in Liber 765 of Conveyances, at page 577, January 7, 1859 ; and

Whereas, Said indenture was made under and in pursuance of a resolution of the Common Council of the City of New York, duly passed pursuant to authority in that behalf contained in an act of the Legislature of the State of New York, passed April 17, 1858, known as chapter 324 of the Laws of 1858, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to convey certain lots of ground to the New York State Woman's Hospital," which said act provided as follows :

"§ 1. The Mayor, Aldermen and Commonalty of the City of New York are hereby authorized to convey to the Board of Governors of the New York State Woman's Hospital the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, containing thirty-two lots of ground or thereabouts ; the said conveyance to be in consideration of one dollar lawful money of the United States, and to remain in full force and virtue as long as the ground herein specified shall be used for the purposes of such New York State Woman's Hospital, and no longer."

And Whereas, Upon the execution and delivery of said indenture, the Woman's Hospital in the State of New York (that being the legal title of the hospital referred to in said indenture), by the Board of Governors thereof, entered into possession of said property and has constructed buildings thereon and has ever since been using the same for hospital purposes ; and

Whereas, The Legislature of the State of New York has passed an act known as chapter 249 of the Laws of 1891, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to release their right, title and interest in certain lands in the said city to the Woman's Hospital in the State of New York," in and by which the said Mayor, Aldermen and Commonalty of the City of New York is authorized to release to said the Woman's Hospital in the State of New York all the right, title and interest, reversion or possibility of reversion which the Mayor, Aldermen and Commonalty of the City of New York may or might have in said block of ground ; which said act also provides that the Common Council of said city, in authorizing such release, shall also require the said Woman's Hospital in the State of New York to enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York to provide and maintain in any hospital which may be established by it in said city, twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, to be nominated in such manner as may be provided for by ordinance or resolution, and in case no ordinance or resolution be passed by the Common Council in relation thereto, that then such nomination shall be made by the Mayor of said city ; in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients ; such agreement to be filed in the office of the Comptroller of said city. And which act further declares that upon the execution of such release by the Mayor, Aldermen and Commonalty of the City of New York, the title to said ground shall vest in said the Woman's Hospital of the State of New York in fee simple absolute ; and

Whereas, The Woman's Hospital in the State of New York has made application to this Board for such release, and has offered to enter into the agreement in reference to the provision for free beds, specified in said last-mentioned act and hereinbefore recited ; and

Whereas, It appears, from said application, that the use of said ground for the purpose of said hospital has become undesirable by reason of the noise and other disturbance caused by the constant passage along Fourth avenue, contiguous to said ground, of large numbers of cars and steam locomotives, thus injuriously affecting the condition of the numerous patients accommodated by said hospital, and rendering it desirable that said hospital should be moved to some other place presenting more favorable conditions ; and

Whereas, It appears from said application that the removal of said hospital will involve the expenditure of large sums of money in the purchase of another site and in the erection of the necessary buildings thereon, but that the said hospital will be unable to provide the necessary funds therefor, and consequently to effect such removal, unless it is enabled to sell said ground and apply the proceeds towards the purchase of a new site and the construction in part of hospital buildings thereon ; and

Whereas, In the opinion of this Board, it is to the advantage of the public that said application be granted on the terms hereinafter set forth ; now, therefore, be it

Resolved, That a release, in the name and under the corporate seal of the Mayor, Aldermen and Commonalty of the City of New York, be made, executed and delivered to the Woman's Hospital in the State of New York, granting and releasing to said the Woman's Hospital in the State of New York all the right, title, interest, reversion, or possibility of reversion which the Mayor, Aldermen and Commonalty of the City of New York may or might have in said block of ground, to wit, the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, to the end that the title to said ground shall vest in said the Woman's Hospital in the State of New York in fee simple absolute. Said release shall be prepared by the Counsel to the Corporation and approved by him as to form, and upon being so approved, the same shall be signed by the Mayor, and it shall be the duty of the Clerk of the Common Council to affix the seal of the City thereto and attest the same. Before the delivery of said release to said the Woman's Hospital in the State of New York, the said the Woman's Hospital in the State of New York shall make and enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York, to be approved as to form by the Counsel to the Corporation, and upon being duly executed by said the Woman's Hospital in the State of New York to be filed in the office of the Comptroller of said city, binding said corporation, the Woman's Hospital in the State of New York, to maintain in any hospital which may be established by it in this city, twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, who shall be nominated in such manner as may be provided for in any ordinance or resolution which may at any time be passed by the Common Council of the said city for that purpose, and in case no ordinance or resolution is so passed in relation thereto, then that such nomination shall be made by the Mayor of said city ; but in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients. Upon the production to the Mayor of a certificate from the Comptroller of said city that such agreement has been so filed in his office, said release shall thereupon be delivered by said Mayor to said the Woman's Hospital in the State of New York.

NEW YORK, June 12, 1891.

#### To the Board of Aldermen :

The petition of the Woman's Hospital in the State of New York shows to your Honorable Body :

First—That your petitioner is a corporation duly incorporated under an act of the Legislature of this State, passed April 18, 1857, entitled "An act to found a State Woman's Hospital," as amended by an act passed April 7, 1858, entitled "An act to amend an act entitled 'An act to found a State Woman's Hospital,' passed April 18, 1857," and as further amended by chapter 147 of the

Laws of 1888, entitled "An act to amend chapter 801 of the Laws of 1857, entitled 'An act to found a State Woman's Hospital,'" and that the purpose for which your petitioner was incorporated is, as set forth in said statutes, "to establish, maintain and conduct a hospital in the City of New York for the treatment of the diseases peculiar to women and for the maintenance of a lying-in hospital."

Second—Under chapter 324 of the Laws of 1858, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to convey certain lots of ground to the New York State Woman's Hospital," authority was conferred upon the Mayor, Aldermen and Commonalty of the City of New York "to convey to the Board of Governors of the New York State Woman's Hospital the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fifth street, containing thirty-two lots of ground or thereabouts; the said conveyance to be in consideration of one dollar lawful money of the United States, and to remain in full force and virtue so long as the ground herein specified shall be used for the purpose of such New York State Woman's Hospital and no longer." That in pursuance of such authority, the Common Council of said city did, on or about the 30th day of December, 1858, pass a resolution authorizing the conveyance of said property to the Board of Governors of the New York State Woman's Hospital, being the Board of Governors of your petitioner, and in accordance with said resolution a certain indenture of deed was made and executed in the name and under the corporate seal of the Mayor, Aldermen and Commonalty of the City of New York to your petitioner under the designation of "The Board of Governors of the New York State Woman's Hospital," conveying said premises to your petitioner as long as said ground should be used for the purposes of the said The New York State Woman's Hospital and no longer, as fully and absolutely as the said Mayor, Aldermen and Commonalty of the City of New York was authorized to convey the same, and thereupon your petitioner entered into possession of said property and has continued in possession of the same down to the present time, and has expended large sums of money in the erection of hospital buildings upon the same, amounting to at least the sum of \$250,000, and has been actively and successfully engaged in performing the duties and furthering the objects for which your petitioner was incorporated.

Third—That the field of work upon which your petitioner entered was comparatively new, and the methods of treatment of the diseases coming within its cognizance were in many cases comparatively experimental and of doubtful issue. The exceptional advantages which the work of your petitioner's hospital has offered to the medical profession in the study of these diseases has been such that a rapid advance has been made in the discovery and development of better methods, to such an extent that in many such cases the chances of survival after surgical operations which, at the time of the organization of said hospital, were adverse, have been completely reversed.

The work of your petitioner has been and is now under the management and control of a large number of men and women who are among those best known in this city for benevolent and charitable work, and under their wise and generous management it has become an institution widely known for the excellence of the results which it accomplishes and, in this city, it ranks with the very best establishments of a charitable character. While it is expected that such patients as are able to do so shall make some payment for the services rendered towards the support of the hospital, this is not obligatory. Out of 661 patients treated in the hospital during the past year, 205 were free patients. The work of the hospital is not confined to the treatment of indoor patients. The total number of outdoor patients treated during the same time was 1,439, and the total number of consultations held by the physicians of the hospital in the outdoor department of work was 6,008. The support of the hospital is largely drawn from the voluntary contributions of charitably-disposed people in this city who are interested in its work.

Fourth—That the work of your petitioner is subjected to a very serious drawback for reasons peculiar to the conditions surrounding its present site, which have become exceedingly unfavorable to the proper care and treatment of its hospital patients. The site of the hospital abuts immediately upon Fourth avenue, and hundreds of trains propelled by steam locomotives pass day and night under the windows of its wards, thus most seriously interfering with that absolute rest so essential to the recovery of patients who have been under surgical treatment, and especially so in the case of women who, in addition to the shock of the operation, are also suffering from nervous disorders which form a usual and most distressing concomitant of nearly all the diseases for which they seek treatment at this hospital. This obstacle is of so serious a character that your petitioner is desirous of removing its hospital from its present site and placing it elsewhere, within the limits of the City of New York, where it will be free from these objectionable conditions.

Fifth—That your petitioner, however, will be unable to do this, and will be compelled to retain its hospital where it now is, unless it can obtain a title to its present site, which will enable it to sell the same and employ the proceeds towards the payment for another site and the hospital buildings which it will be necessary to erect thereon. That if your petitioner is able to obtain an absolute title to said premises, which it is the object of this petition to secure, it is its purpose so to sell said premises and to apply the proceeds towards the purchase of another site and the removal of its hospital buildings thereto. That, as your petitioner is advised, it has a title to said property in fee simple, subject only to being defeated by its abandonment for hospital purposes by your petitioner, and that the interest therein still remaining in the Mayor, Aldermen and Commonalty of the City of New York is a mere possibility of reversion possessing no salable value.

Sixth—That for the purpose of conferring authority in that behalf upon the Mayor, Aldermen and Commonalty of the City of New York, the Legislature of this State has passed an act, known as chapter 249 of the Laws of 1891, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to release their right, title and interest in certain lands in said city to the Woman's Hospital in the State of New York" (being the lands in question upon which your petitioner's hospital is now situated and which had been so conveyed by the Mayor, Aldermen and Commonalty of the City of New York so long as it should be used for hospital purposes), under which act the Mayor, Aldermen and Commonalty of the City of New York is authorized to release all its right, title, interest, reversion or possibility of reversion in said property to your petitioner to the intent that the title thereto shall vest in your petitioner in fee simple absolute, a copy of which said act is annexed hereto. That in and by said act, it is provided that the Common Council of said city, meaning your Honorable Body, in authorizing such release, shall also require your petitioner to enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York to provide and maintain in any hospital which may be established by it in said city twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, to be nominated in such manner as may be provided for by ordinance or resolution, and in case no ordinance or resolution is passed by the Common Council in relation thereto, then such nomination to be made by the Mayor; in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients, which said agreement said act requires to be filed in the office of the Comptroller of this city. That your petitioner is entirely willing and hereby offers to make and enter into such agreement upon such release being made.

Wherefore, your petitioner prays that your Honorable Body will pass a resolution authorizing a release to your petitioner by the Mayor, Aldermen and Commonalty of the City of New York of all its right, title, interest, reversion or possibility of reversion in and to said block of ground in this city between Forty-ninth and Fifth streets, Fourth and Lexington avenues, according to the tenor of said act of the Legislature authorizing the same.

And your petitioner will ever pray, etc.

THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK,  
JNO. E. PARSONS, President.

#### CHAPTER 249.

AN ACT to authorize the Mayor, Aldermen and Commonalty of the City of New York to release their right, title and interest in certain lands in said city to the Woman's Hospital in the State of New York.

Became a law without the approval of the Governor, in accordance with the provisions of article four, section nine of the Constitution, April 23, 1891. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Mayor, Aldermen and Commonalty of the City of New York are hereby authorized to release to the Woman's Hospital in the State of New York, formerly known as the Woman's Hospital of the State of New York, and also described as the New York State Woman's Hospital, all the right, title, interest, reversion or possibility of reversion which the said Mayor, Aldermen and Commonalty of the City of New York may or might have in the block of ground in said city, bounded by the Fourth avenue, Forty-ninth street, Lexington avenue, and Fifth street, originally conveyed by the Mayor, Aldermen and Commonalty of the City of New York to the Board of governors of the New York State Woman's Hospital and their successors, so long as said ground should be used for the purpose of the said New York State Woman's Hospital, and no longer, by deed dated the fourth day of January, in the year eighteen hundred and fifty-nine, pursuant to the provisions of chapter three hundred and twenty-four of the Laws of eighteen hundred and fifty-eight, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to convey certain lots of ground to the New York State Woman's Hospital."

§ 2. The common council of said city, in authorizing such release, shall also require the said Woman's Hospital in the State of New York to enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York, to provide and maintain in any hospital which may be established by it in said city, twenty-four free beds for poor persons residing in the city of New York, fit patients for said hospital to be nominated in such manner as may be provided for by ordinance or resolution, and in case no ordinance or resolution is passed by the common council in relation thereto, then the nomination to be made by the mayor, in all cases subject to the same rules and regulations enacted by the board of governors of said hospital for the admission of other

patients. Said agreement shall be filed in the office of the comptroller of said city. Upon the execution and delivery of said release, the title to said ground shall vest in said the Woman's Hospital in the State of New York in fee simple absolute.

§ 3. This act shall take effect immediately.

Which were referred to the Committee on Law Department.

By Alderman Morris—

Resolved, That permission be and the same is hereby given to the Society of the Sons of New York to place and keep two ornamental lamp-posts and lamps in front of their premises, No. 153 West Fifty-third street, provided the lamps be kept lighted during the same hours as the public lamps; that the posts shall not exceed the dimensions prescribed by law (eighteen inches square at the base), the lamps not to exceed two feet in diameter and not to be used for advertising purposes; the work to be done and gas supplied at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

By Alderman School—

Whereas, The frequent opening of the "draw" of the bridge crossing the Harlem river at the Third avenue occasions great annoyance, inconvenience and loss of time and money to thousands of persons residing and doing business on both sides of the river; and

Whereas, More than half of the evils complained of could now be obviated by simply requiring the masters of tug-boats to lower the "smoke-stacks" or pipes and flag-poles of their respective vessels, when approaching the bridge, thereby enabling the boats to pass beneath it without opening the "draw," and when the bridge is raised, so as to conform to the requirements of the General Government, to twenty-four feet above mean high-water mark, would almost entirely obviate the opening of the "draw," except to admit of the passage of sailing vessels; and

Whereas, Although the Corporation of the City of New York have undoubted jurisdiction over the river to low-water mark on the Westchester shore, under its ancient charters, and to high-water mark under the annexation act of 1874, and the acts amendatory thereof, and might, by a municipal ordinance, enforce such a regulation, yet the right to do so has been questioned, and it is, therefore, advisable that the relief sought should be obtained by a law of the State; be it therefore

Resolved, That the Legislature of this State, now in session, be and is hereby earnestly requested to enact a law which will compel masters of tug-boats navigating the waters of the Harlem river to lower the "smoke-stacks" or pipes and flag-poles of their respective vessels when approaching the bridge over the Harlem river at Third avenue, when by so doing they can pass beneath the bridge without opening the draw; and the Representatives from this city in the State Legislature, particularly those representing the Twenty-third and Twenty-fourth Assembly Districts, whose constituents are most directly interested, are hereby earnestly requested to use every honorable effort to secure the enactment of such a law; and be it further

Resolved, That a duly certified copy of the foregoing preamble and resolution be transmitted, by the Clerk of this Board, to his Excellency Governor Roswell P. Flower, the presiding officer of the Senate and Assembly, and to each Representative from this city in the Legislature of this State.

Which was referred to the Committee on Bridges and Tunnels.

(G. O. 51.)

By the same—

## ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,  
STAATS ZEITUNG BUILDING, TRYON ROW,  
NEW YORK, January 25, 1892.

PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND WORK IN THE ERECTION OF AN ARMORY BUILDING ON THE EASTERLY SIDE OF FOURTH AVENUE, EXTENDING FROM THIRTY-THIRD TO THIRTY-FOURTH STREET, NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR FURNISHING materials and work in the erection of an Armory Building on the easterly side of Fourth avenue, extending from Thirty-third to Thirty-fourth street, City and County of New York, will be received by the Armory Board at the MAYOR'S OFFICE, CITY HALL, UNTIL 12.30 O'CLOCK A. M. OF THE 11TH DAY OF FEBRUARY, 1892, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for Furnishing Materials and Work in the erection of an Armory Building on the easterly side of Fourth avenue, extending from Thirty-third to Thirty-fourth street," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the amount of ONE HUNDRED THOUSAND DOLLARS (\$100,000).

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it

relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of FIVE THOUSAND DOLLARS (\$5,000). Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the Architect, J. R. THOMAS, No. 160 BROADWAY, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined and specifications and blank forms for bids or estimates obtained by application to the Architect, at his office, No. 160 BROADWAY, New York City.

NEW YORK, January 25, 1892.

PROPOSALS FOR FURNISHING STATIONERY FOR THE USE OF COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK.

## TO STATIONERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Stationery—Paper, Ink, Pens, Pencils, Penholders, Rubber Bands, etc.—will be received at the office of the Supervisor of the City Record, until 12 o'clock M. of Monday, the 8th day of February, 1892, at or about which time said estimates will be publicly opened and read in the office of the Mayor.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for furnishing Stationery," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of

business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a household or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be ONE THOUSAND DOLLARS.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests. A separate contract will be made with the lowest bidder for each and every class of Stationery involving an expenditure of more than five hundred dollars, and the Board of City Record expressly reserves the right to make a contract with the lowest bidder on any class involving the expenditure of a lesser sum. The Stationery is to be put up in packages according to schedules to be furnished to the contractors by the Supervisor of the City Record, and according to the most approved methods followed in the stationery trade for the preservation of goods. The contractors must complete the delivery of the goods at the office of the City Record within twenty days from the execution of the contracts.

The time allowed for the completion of the whole work will be TWO HUNDRED AND FIFTY CONSECUTIVE WORKING DAYS.

It being understood that the time so allowed refers to consecutive working days and not to the aggregate time of such Inspectors as may be appointed on the work, and the damages to be paid by the Contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at FIFTY DOLLARS per day. The amount of security required is FIFTY-FIVE THOUSAND DOLLARS.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the nature and extent of the work, and shall not, any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a household or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N.B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded will in each case be awarded to the lowest bidder.

Blank forms for proposals and forms of the several contracts which the successful bidder will be required to execute can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 49 and 51 Chambers street.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves by personal examination of the locations of the proposed deliveries of the material, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

At least one hundred and fifty thousand feet, board measure, of the timber is to be delivered within sixty days, Sundays and holidays excepted, from the date of the contract, and at least two hundred thousand feet, board measure, of the timber is to be delivered in each calendar month after said sixty days have expired, and all the timber to be delivered under this contract is to be delivered on or before July 10, 1892, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per thousand feet, board measure, for Yellow Pine Timber to be delivered in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates, their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material to be delivered, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

## THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application therefor at the office of the Department.

### TO CONTRACTORS.

**BIDS OR ESTIMATES, INCLOSED IN A** sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M., on Tuesday, February 2, 1892, at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR SEWER IN AVENUE B, west side, between Eighty-eighth and Eighty-ninth streets, and in EIGHTY-EIGHTH STREET, between Avenue B and summit west.

No. 2. FOR SEWER IN ONE HUNDRED AND FIFTEENTH STREET, between Harlem river and Pleasant avenue.

No. 3. FOR SEWER IN ONE HUNDRED AND FORTY-EIGHTH STREET, between Boulevard and Amsterdam (Tenth) avenue, and in AMSTERDAM (Tenth) AVENUE, west side, between One Hundred and Forty-eighth and One Hundred and Forty-ninth streets.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing,

of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 9, No. 31 Chambers street.

No. 66 THIRD AVENUE,  
NEW YORK, January 26, 1892.

### TO CONTRACTORS.

**MATERIALS AND WORK REQUIRED FOR REPAIRS TO ROOFS, GUTTERS, ETC., INSANE ASYLUM, WARD'S ISLAND.**

**SEALED BIDS OR ESTIMATES FOR THE** aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third avenue, in the City of New York, until Tuesday, February 9, 1892, until 12 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope indorsed "Bid or Estimate for Repairs to Roofs, Gutters, etc., Insane Asylum, Ward's Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of **TWO THOUSAND (\$2,000) DOLLARS.**

A bidder for a contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom a contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract, or such specific sum as may be mentioned in the proposal.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that

the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The forms of the contracts, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered will be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of

the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.
