BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
NEW YORK, January 18, 1894.PROPOSALS TO SUPPLY PRINTED,
LITHOGRAPHED OR STAMPED
FORMS, BLANKS, PAMPHLETS AND
STATIONERY, i. e., OFFICIAL WRIT-
ING PAPER AND ENVELOPES TO
THE COURTS AND THE DEPART-
MENTS AND BUREAUS OF THE
GOVERNMENT OF THE CITY OF
NEW YORK.

TO PRINTERS AND LITHOGRAPHERS.

SEALED ESTIMATES FOR SUPPLYING THE
City Government with Printed, Lithographed or
Stamped Forms, Pamphlets, and Stationery, i. e., Official
Writing Paper and Envelopes, etc., will be received at
the office of the Supervisor of the City Record, in the
City Hall, until 12 o'clock M. of Thursday, the 1st day of
February, 1894. The said estimates will be publicly
opened and read at a meeting of the Board of City
Record to be held in the Mayor's office at or about
the time above-mentioned.Each person making an estimate shall inclose it in
a sealed envelope, indorsed "Estimate for Furnishing
Printed, Lithographed or Stamped matter," and with
his name and the date of its presentation.Each estimate shall state the name and place of re-
sidence of the person making it; if there is more than
one such person, their names and residences must be
given; and if only one person is interested in the esti-
mate it must distinctly state that fact; also, that it is
made without any connection with any other person
making an estimate for the same purpose, and is in all
respects fair and without collusion or fraud; and that
no member of the Common Council, head of a depart-
ment, chief of a bureau, deputy thereof or clerk therein,
or other officer of the Corporation is directly or indi-
rectly interested therein or in the supplies or work to
which it relates, or in any portion of the profits thereof.
The estimate must be verified by the oath, in writing, of
the party or parties making the estimate that the
several matters stated therein are in all respects true.
Where more than one person is interested it is requisite
that the verification be made and subscribed by all the
parties interested.Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in
the City of New York, with their respective places of
business or residence, to the effect that if the contract
be awarded to the person making the estimate, they
will, upon its being so awarded, become bound as his
sureties for its faithful performance; and that if he
shall omit or refuse to execute the same, they will pay
to the Corporation any difference between the sum to
which he would be entitled upon its completion and
that which the Corporation may be obliged to pay to the
person to whom the contract may be awarded at any sub-
sequent letting; the amount in each case to be calcu-
lated upon the estimated amount of the work by which
the bids are tested. The consent above mentioned shall
be accompanied by the oath or affirmation, in writing,
of each of the persons signing the same, that he is a
householder or freeholder in the City of New York, and
is worth the amount of the preliminary security re-
quired, and in the proposals stated, over and above all
his debts of every nature, and over and above his liabil-
ities as bail, surety and otherwise; and that he has
offered himself as a surety in good faith and with the
intention to execute the bond required by law. The
adequacy and sufficiency of the security offered will be
subject to approval by the Comptroller of the City of
New York after the award is made and prior to the sign-
ing of the contract.The amount of security required upon the execution
of the contract will be in each case fifty per cent. of
the cost of the articles awarded to each contractor; the
amount of preliminary security to be given until each
award, and in which the sureties shall justify, shall be
SIXTEEN HUNDRED DOLLARS.Should the person to whom the contract may be
awarded neglect or refuse to accept the contract within
five days after written notice that the same has been
awarded to his bid or proposal, and that the adequacy
and sufficiency of the security offered has been ap-
proved by the Comptroller, or if he accept but do not
execute the contract and give the proper security, he
shall be considered as having abandoned it and as in
default to the Corporation, and the contract will be re-
advertised and relet, as provided by law.No estimates will be accepted from, or a contract
awarded to, any person who is in arrears to the Cor-
poration upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Cor-
poration, and no estimates will be accepted from, or a con-
tract awarded to, any person not having at the time of
making his estimate full, suitable and sufficient facili-
ties for performing the work specified in his estimate.No estimate will be received or considered unless ac-
companied by either a certified check upon one of the
National or State banks of the City of New York, drawn
to the order of the Comptroller, or money to the amount
of fifty per centum of the amount of the preliminary
security required for the faithful performance of the
contract. Such check or money must not be inclosed
in the sealed envelope containing the estimate, but must
be handed to the Supervisor of the City Record who
has charge of the estimate-box; and no estimate will be
deposited in said box until such check or money has
been examined by said Supervisor and found to be cor-
rect. All such deposits, except that of a successful
bidder, will be returned to the persons making the same
within three days after the contract is awarded. If
a successful bidder shall refuse or neglect, within five
days after notice that the contract has been awarded
to him, to execute the same, the amount of the deposit
made by him shall be forfeited and retained by the
City of New York as liquidated damages for such
neglect or refusal; but if he shall execute the contract
within the time aforesaid, the amount of his deposit
will be returned to him.Permission will not be given for the withdrawal of any
bid or estimate, and the right is expressly reserved by
the undersigned city officers to reject any or all bids
which may be deemed prejudicial to the public interests.A contract will be made with the lowest bidder for all
the printing, lithographing or stamping required by any
department or court—all the District Courts being con-
sidered as one, the blanks, etc., being similar—unless
there be an item involving more than five hundred
dollars, or several items each involving the expenditure
of a like sum, in which case a contract or contracts will
be made with the lowest bidder or bidders on such item
or items, and the contract for the remainder of the work
for the department will be awarded to the bidder ascer-
tained to be lowest after the deduction of such item or
items. The bids must, therefore, be in detail on the
items required for a department or court.The printed or lithographed blanks, etc., must be
folded, and be put up in packages by the contractors,
according to the directions of the Supervisor of the City
Record, and the contractors must complete the delivery
of the goods at the office of the CITY RECORD within
ninety (90) days from the execution of the contracts. If
it is obvious that blanks should be folded for the con-
venience of the departments or for their better keeping,
the contractor must fold them without specific direction
from the Supervisor.As many of the printed forms would be made worth-
less by typographical errors, or by mistakes in the pre-
paration of samples, proofs must be furnished, under an
agreement that the contractors shall not be expected to
make changes practically altering the character of
forms.Blanks, etc., must be dated "1894," unless otherwise
marked; but those of the Bureau of Assessments in the
Finance Department shall have only the date "18."Particular care must be taken that the names of the
present incumbents of offices are put upon the blanks,
etc. For instance, Comptroller, Ashbel P. Fitch;
Sheriff, Charles M. Clancy; District Attorney, John R.
Fellows; Commissioner of Street Improvements of the
Twenty-third and Twenty-fourth Wards, Louis F.
Haffen; Coroners, Louis W. Schultze, John B. Shea,
Edward T. Fitzpatrick and William H. Dobbs; Surro-
gates, Frank T. Fitzgerald and John H. V. Arnold;
Commissioner of Street Cleaning, William S. Andrews.The delivery of the work must begin within five days
from the execution of the contracts, and be continued in
such a manner that the immediate needs of the Depart-
ment shall be supplied.

ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,
No. 280 BROADWAY,
NEW YORK, January 22, 1894.

PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND WORK IN THE ERECTION OF AN ARMORY BUILDING ON THE EASTERLY SIDE OF MADISON AVENUE, EXTENDING FROM NINETY-FOURTH TO NINETY-FIFTH STREET, NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR FURNISHING materials and work in the erection of an Armory Building on the easterly side of Madison avenue, extending from Ninety-fourth to Ninety-fifth street, City and County of New York, will be received by the Armory Board at the MAYOR'S OFFICE, CITY HALL, UNTIL 11 O'CLOCK A. M. OF THE 7TH DAY OF FEBRUARY, 1894, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for Furnishing Materials and Work in the erection of an Armory Building on the easterly side of Madison avenue, extending from Ninety-fourth to Ninety-fifth street," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of FIFTY THOUSAND (\$50,000) DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

ad. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making any estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimates must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of TWENTY-FIVE HUNDRED DOLLARS (\$2,500). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt on contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the Architect, J. R. THOMAS, No. 160 BROADWAY, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined and specifications and blank forms for bids or estimates obtained by application to the Architect, at his office, No. 160 BROADWAY, New York City.

ARMORY BOARD—SECRETARY'S OFFICE,
STEWART BUILDING, No. 280 BROADWAY,
NEW YORK, January 9, 1894.

TO ARCHITECTS.

A general invitation is hereby extended to architects to furnish competitive designs for an armory building for the National Guard, State of New York, on the site recently acquired on the northerly side of Fourteenth street, extending through to Fifteenth street, commencing at a point on the northerly line of Fourteenth street, distant 175 feet 2 1/4 inches west from the westerly line of Sixth avenue; thence northerly and parallel with Sixth avenue, distance 103 feet 2 inches; thence westerly and parallel with Fourteenth street, distance 5 feet; thence northerly and parallel with Sixth avenue, distance 103 feet 4 inches to the southerly line of Fifteenth street; thence westerly along the southerly line of Fifteenth street, distance 220 feet 2 1/4 inches; thence southerly 206 feet 6 inches to the northerly line of Fourteenth street; thence easterly along the northerly line of Fourteenth street, distance 224 feet 10 1/4 inches, to the point or place of beginning.

The building to be designed to furnish accommodations for a regiment of infantry.

The front on Fourteenth street to be of rock-faced granite, and the front on Fifteenth street to be of brick with stone trimmings.

The roof to be of slate tile or other suitable material. So much of the space covered by the building as may be necessary to be excavated to a depth sufficient for the accommodation of the boiler-rooms, rifle-range, water-closets, kitchen and range, armorer's room, lavatory, janitor's room, storage-room, etc.

The designs to provide a main drill-room on the ground floor to cover as near as practicable the entire plot, reserving only so much as may be necessary for suitable main and side entrances on Fourteenth street and staircases to administration and company rooms and galleries above and basement below. An entrance to be provided on Fifteenth street opening into the main drill-room, and to be used only for an emergency.

Galleries to be provided for accommodation of visitors. The accommodation for officers, company-rooms, lockers, janitor's quarters, etc., to be suspended on Fourteenth and Fifteenth street fronts, in order to secure the greatest space on the ground floor for drill-room.

Consideration to be given to the necessary heating and lighting, the latter to be by combination gas and electric fixtures. Gun-racks and lockers to be provided for all the companies.

In order to secure conformity of drawings it is suggested that they be made on a scale of one-eighth of an inch to a foot.

The entire cost of the building, including all work and materials necessary to complete the same in every respect, both interior and exterior (other than fixtures for lighting, furniture for galleries, company and administration rooms, and which will be otherwise provided for), shall not exceed \$285,000, including the Architect's fees.

The Armory Board reserves the right to reject any or all plans that may be offered, if for any reason they deem it best so to do, and in case any plan is accepted as presented, or with alterations or suggestions of the Board, and it is subsequently found that contracts satisfactory to the Board can be made for the complete erection of the building, and the payment of the Architect's fees not to exceed the sum named, the Architect presenting such plans shall be engaged for the work, and his compensation for plans and superintendence shall be four per cent. of the amount of such contract. The plans must be presented with the view of inviting proposals for the erection of the building for a gross sum, and must be presented to the Committee on Plans at this office, on or before the 15th day of February, 1894. The official map of the site is on file in the Register's office, and also in the Department of Public Works, and must be consulted by Architects for such information as they may need in that respect.

Three Thousand Three Hundred Dollars for Class IV.
In case an estimate is made for more than one class, each bondsman must justify in an amount equal to the aggregate amount required for the several classes for which estimates are made.

The Engineer's estimate of the quantities is as follows:

Small Cobble and Rip-rap Stone for Bulkhead or River Wall, to be deposited in place by Contractor.

Class I—About 4,000 cubic yards of Small Cobble-stone.
Class II—About 11,000 cubic yards of Rip-rap Stone, Sand and Broken Stone.

Estimates may be made for one or more of the above four classes.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received: 1st. Bidders must satisfy themselves, by personal examination of the locations of the proposed deliveries of the material, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The materials are to be delivered south of Sixtieth street, North river, or south of One Hundred and Twenty-fifth street, Harlem river, from time to time, and in such quantities and at such times as may be directed by the Engineer, and all the work under this contract is to be fully completed on or before the 1st day of August, 1894, at which time this contract will cease and terminate.

The right is reserved by the Department of Docks to increase or diminish the estimated quantities of material called for by this contract by an amount not exceeding twenty per cent. of the estimated quantities; and the bidder will agree that he will not ask or demand, sue for nor recover any extra compensation for damage or loss of anticipated profits, beyond the amount payable for the several classes of work, in this contract enumerated, which shall be actually supplied at the prices therefor agreed upon.

The damages to be paid by the contractor for each day that the contract, or any part thereof, or of any delivery that may be ordered or directed by the Engineer, may be unfulfilled after the respective times fixed for the fulfillment thereof have expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their proposals the price per cubic yard for each of the above classes of material, in conformity with the approved form of agreement and the specification therein set forth, by which the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall fail to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material to be delivered by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, and the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The material to be dumped or filled in must be composed of clean ashes, sand, loam, earth, etc., or of stone; if of stone, no piece of stone must be greater than 16 inches in its largest dimensions, and all material must be dumped and filled in only at such times and places and in such manner as shall be directed by the Engineer-in-Chief of the Department of Docks, or such other officer or employee of the Department of Docks as may be designated by him, and all the work of dumping and filling-in must be done under the direction of the Engineer-in-Chief or designated employee.

The estimated quantity to be filled in at the said premises is about 40,000 cubic yards, more or less, but this quantity is approximate only, and the Department is not bound in any way by such estimate, and bidders must satisfy themselves of the quantities required to

fill in at the place named by examination of the premises, or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead or river wall when it is built and ready to have filling put in behind it.

In case the party who is the highest bidder does not proceed with the work of filling in to the satisfaction of the Board of Docks, the said Board will at once proceed to have the filling-in done by other parties in such way and manner as it deems proper.

The Auctioneer's fees (\$25) for filling in on the said section must be paid by the highest bidder thereon at the time of sale.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful

bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on

such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repave, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for the Construction of Ice-house and Refrigerator Rooms at Central Islip, Long Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION

be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Architect, Leopold Eidlitz, No. 160 Fifth Avenue, New York City; and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.
