Commissioner Mason presented the request of the Board of City Magistrates, Manhattan and The Bronx, that the payroll of Victor de Visone, employed temporarily as an Interpreter, for the time during which he served in excess of the period fixed by the rules, be certified. He stated that the Board of City Magistrates had not been informed in advance that the certificate of the Commission would not be attached to the payroll, and that they had dispensed with his services immediately upon receipt of notification that he was serving in violation of the rules.

On motion, duly seconded, it was

Resolved, That the Secretary be and is hereby instructed to certify upon the payroll of the Board of City Magistrates that Victor de Visone, Interpreter, was appointed in pursuance of law and rules made in pursuance thereof.

The Law Committee presented a report upon the case of Henry S. Maloy, who seeks reinstatement in the position of Bridge Tender in the Department of Bridges. It appearing that the report did not cover the question whether the act of one head of a department in dismissing an employee could be reviewed by his successor, on motion, the matter was referred back to the Committee.

The Commission then went into executive session.

At the conclusion of the executive session it was, on motion,

Resolved, That an examination for promotion to the position of Chief of the Fire Department be held on Monday, December 21; and

Resolved, further, That the Secretary be and is hereby instructed to request the official opinion of the Corporation Counsel on the following questions:

2. Can the examination be opened to the three Deputy Chiefs appointed August 14, 1903, without admitting Battalion Chiefs?

The President presented a letter addressed to him by Commissioner Banta, calling his attention to the delay in holding the special mental examination granted to Stephen Cartwright, candidate for promotion to the grade of Battalion Chief in the Fire Department. The President stated that he had referred the letter to the Chief Examiner, and presented a communication from the latter regarding the case.

On motion, the matter was referred back to the Chief Examiner, and he was instructed to prepare for the Commission a complete report upon all the circumstances of the case.

The Committee on Transfers reported that the following transfers had been approved:

Andres de Wilde, Assistant Superintendent of Final Disposition to Superintendent of Final Disposition, Department of Street Cleaning, both positions being in the same grade.

On motion, the report of the Committee on Transfers was adopted.

On motion, it was

Resolved, That the action of the Commission at the meeting held December 2, 1903, in declining to recognize the increase in the salary of George W. Martin, Assistant Engineer in the Bureau of Sewers, Department of Public Works, Brooklyn, be recommended; and

Resolved, That the Secretary be and is hereby instructed to pass the payroll of Mr. Martin at the increased rate.

The Secretary called the attention of the Commission to the provision in Rule 15, paragraph 12, that "Any person in the competitive service who shall have passed an examination for either appointment or promotion covering in its scope a higher grade of compensation than that of the position he holds shall, if not otherwise disqualified, be eligible for promotion or advancement to such higher grade of compensation without further examination under this rule." He stated that he had received a number of communications notifying him of increases of salary under this rule, and asked whether the increases should be recognized, even though in some cases they were made without regard to the grades fixed in Part II. of the Competitive Class.

On motion, the Secretary was instructed to pass the payrolls of such persons at the increased rate.

On motion, it was

Resolved, That a person appointed as the result of an examination for a fixed salary to a position in the graded service, as established in the former rules, which has now been transferred to the ungraded list be deemed eligible for an increased salary without examination.

On motion, the following question, asked by the Secretary, was referred to the Law Committee:

Where a person is appointed from an eligible list formed after an examination in which the grade was not stated, and subsequently takes an examination for appointment or promotion, does he lose his rights under the first examination if he accepts appointment or promotion from the new list?

The President presented a letter signed by Examiners Mildred G. Smith and Peter D. Byrne, addressed to the Chief Examiner, with reference to the marks given Nathaniel Snyder, candidate for Patrolman, in spelling, and containing the following statement:

"We beg to refer to the report of the Chief Examiner, attached to the papers of the candidate, dated November 14 last, which was written after consultation with us and is an expression of our best judgment in the matter, in view of which report we do not feel justified in giving credit to the candidate for the four words in the spelling paper upon which his appeal is based."

The Commission carefully examined the spelling paper referred to, and after such examination, on motion, it was

Resolved, That the Commission reconsider its action, taken November 18, 1903, adopting the report of the Committee on Appeals, recommending that the appeal of Nathaniel Snyder, candidate for Patrolman No. 12514, be granted; and

Resolved, That the appeal of Nathaniel Snyder be denied.

The President reported that he had conferred with Drs. Rae and Gallaudet, employed as experts to conduct the examination for Police Surgeon, and that he had agreed on behalf of the Commission that compensation for such services be fixed at \$400 each.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 2.30 o'clock p. m., on Wednesday, December 9, 1903.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; Elgin R. L. Gould, Chamberlain; Charles V. Fornes, President, Board of Aldermen, and John T. McCall, Chairman, Finance Committee, Board of Aldermen.

The Comptroller presented the following report in the matter of the leases to the Fulton Market Fishmongers' Association and the Wholesale Fish Exchange:

December 9, 1903.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Since the last meeting on December 2, 1903, I have taken up the matter of the leases to the Fulton Market Fishmongers' Association and the Wholesale Fish Exchange, which were then under discussion, and to which objections were made by Mr. Simmons, on behalf of certain other fish dealers, who it was claimed would be injured should the leases be approved.

In order that the objectors might be enabled to prove their good faith and financial responsibility, I notified Mr. Simmons by letter, mailed Thursday, December 3, at 5.30 p. m., to be present at my office on Saturday morning at 11 o'clock, with at least three of his clients, who would be willing and financially able to take leases from the City at prices equal to those offered by the two fish associations.

I likewise notified Mr. Field, counsel for the Wholesale Fish Exchange, to confer with the Fishmongers' Association and be prepared to submit a plan to afford accommodation to fish merchants outside of the two associations and others who may wish to embark in the wholesale fish trade of the future, and to present such plan at my office on Saturday morning.

At the time appointed a meeting was held, the three parties being represented by counsel and many members of the two associations were present.

A plan was submitted on behalf of the two associations by which the Fulton Market Fishmongers' Association agreed to shorten the length of its building as proposed to feet, and same distance to be added to the building of the Wholesale Fish Exchange, whereupon the latter would devote a space on the easterly side of Pier, new 18, commencing about 20 feet southerly from the outshore end of the proposed building, 150 feet in length by 20 feet in depth, upon which it would erect a two-story structure, divided into stands of a width of 10 feet, which it would agree to let at auction to the highest bidder, at an upset price of \$400 per annum for each stand, and any amount received in excess of \$750 to go to the City.

This offer was rejected by Mr. Simmons, on behalf of his clients, upon the grounds that stands located on the pier would be useless for their business as being off the line of South street; that his clients owned no boats and consequently desired no water privileges.

He further stated that he would withdraw his objections to the lease to the Fulton Market Fishmongers' Association, but demanded that his clients be given an equal chance to secure a portion of the bulkhead with the Wholesale Fish Exchange.

Mr. Simmons was requested to present his clients to the Comptroller, that they might show their business standing and reasons why they should be considered by the City.

The first man examined admitted that he had no store, but sold fish from a stand in front of a building, within the stoop line, for which he paid no rent, but had an office in the second story of the building. Claimed to have between \$6,000 and \$7,000 invested in his business, but was unable to explain how, as he admitted he did a commission business.

The second man stated that he occupied two stands on the outside of Fulton Market, for which he paid \$20 per month; but that he was prepared to take a stand on the opposite side of South street, on the water front, and was able to pay for it.

The third man stated that he was in the chop-house business, but desired to go into the wholesale fish business, and was worth \$40,000.

A fourth client of Mr. Simmons, who was mentioned as a large wholesaler of fish, it was charged had failed in business more than once, and at the present time was a debtor to many members of the trade.

The evidence of business responsibility produced was not sufficient to my mind to warrant the City in putting up the lease to the Wholesale Fish Exchange at auction, and in fact Mr. Simmons admitted that his clients wanted but a part of the property, but that if allowed time they would incorporate at once and be in a position to bid for a lease of part.

I requested that the Wholesale Fish Exchange submit me a list of its members, and that Mr. Simmons submit a list of his clients, and I have caused an investigation to be made, with the following results:

Wholesale Fish Exchange.

The mercantile agencies rate all but one of the members. Each has good credit rating, and twelve of the sixteen are credited with a capital of from \$2,000 to \$50,000 each. One firm, a Chicago house, with an agency here, is rated at over \$1,000,000, with the best credit.

Ten of the members occupy entire buildings of four and five stories, and none occupy less than a single floor or store, and the average rental paid by the sixteen, upon their individual statements, is \$1,400.

I am also informed that a number of the members have investments of from \$2,500 to \$10,000 paid for "good will" when they entered the business.

Independent Fish Dealers.

Of the eleven names submitted by Mr. Simmons, four are rated by the mercantile agencies with capital ranging from \$500 to \$10,000 and credit from good to fair; others are not rated.

Three of the number occupy entire buildings, one subletting stand privileges in front to two others on the list. Six occupy stands within the stoop line; one has an outside stand in Fulton Market.

One man has a store, and one of the standholders occupies a cellar in addition. Average rental paid, \$650 per annum.

I am therefore of the opinion that the Commissioners of the Sinking Fund may take action as follows:

First—Authorize a lease to the Fulton Market Fishmongers' Association of the property and privileges proposed by the Commissioner of Docks in his communication dated November 18, 1903, with three modifications:

(a) That Pier, new 17, shall be 40 feet in width throughout its entire length.

(b) That 10 feet shall be taken from the proposed area to be shedded, leaving a net distance of 213 feet.

(c) That a right of way is reserved 20 feet in width from the westerly portion of Pier, new 18, as proposed to be constructed, for a distance of 300 feet southerly from the bulkhead line.

The lease to be for a term of ten years, at an annual rental of \$25,000, with the privilege of a renewal for a second term of ten years, at an advanced rental of 5 per cent., and a further privilege of renewal for a third term of ten years, at an advance of 7½ per cent. on the rental for the second term, it being a condition of the lease that no part of the premises demised shall be sublet except for purposes of the fish industry.

Second—In regard to the Wholesale Fish Exchange and the Independent Fish Dealers, I submit three alternative propositions for your consideration:

1. Authorize a lease to the Wholesale Fish Exchange of the property and privileges as proposed by the Commissioner of Docks in his communication as above, for a term of ten years at an annual rental of \$15,000, with the privilege of two renewals of ten years each, at advances of 5 and 7½ per cent., respectively, the lease to contain provisions to carry into effect the agreement submitted to the Comptroller by the Wholesale Fish Exchange and the Fulton Market Fishmongers' Association, dated December 5, 1903, setting aside 150 feet of the easterly side of Pier, new 18, upon which a two-story building is to be erected by the Wholesale Fish Exchange, divided into stands, which stands shall be sold at public auction to the highest bidders, members of both of the fish associations being debarred from bidding; and further that when any of the stands in the main building become vacant they shall be offered for sale at public auction to the highest bidder; or

2. Authorize two leases at public auction to be sold by the Commissioner of Docks to the highest bidder:

(a) The first to comprise the bulkhead between Piers, new 18 and 19, and the land under water in front of said bulkhead, for a distance of 105 feet; the easterly 24 feet of Pier, new 18, for a distance of 105 feet southerly from the bulkhead line, with the privilege to shed all of the above, including 15 feet of the marginal street in front of said bulkhead; and also the easterly 20 feet of Pier, new 18, as proposed to be constructed, for a distance of 282.46 feet from the outshore end thereof, with a right of way over the westerly 20 feet of the said Pier, new 18, for a term of ten years at an upset rental of \$12,750 per annum, with the privilege of renewal for a second term of ten years, at an increase of 5 per cent. on the rental bid, and for a third term of ten years, at an advance of 7½ per cent. on the rental for the second term.

(b) The second lease to comprise a space of 150 by 20 feet on the easterly side of Pier, new 18, commencing 125 feet southerly from the bulkhead line, with the privilege to shed the same and a right of way to the premises over the westerly 20 feet of the said Pier, new 18; the lease to be for a term of 10 years, at an upset rental of \$2,250 per annum, with the privilege of two renewals, with increases of 5 and 7½ per cent. respectively on each preceding term; or

3. Authorize two leases to be sold at public auction by the Commissioner of Docks to the highest bidder, each to comprise one-half of the whole premises proposed by the Commissioner of Docks to be leased to the Wholesale Fish Exchange, at an upset price of \$7,500 per annum, for the first term of 10 years, with two privileges of renewal of advances of 5 and 7½ per cent. respectively.

(a) The first parcel shall consist of 92 feet of bulkhead, commencing at the westerly line of Pier, new 19, together with 15 feet of the marginal street in front of the same, and land under water, for a distance of 105 feet to the south of the said bulkhead line, upon all of which a shed will be permitted to be erected; together with the easterly half of the outshore end of Pier, new 18, being 20 feet in width and 278.73 feet in length, with a right of way over the westerly side of said Pier, new 18, from the bulkhead line.

(b) The second parcel shall consist of 92 feet of bulkhead, commencing at a point 92 feet west of the westerly line of Pier, new 19, and running thence westerly to the centre line of Pier, new 18, as the same is proposed to be constructed, together with 15 feet of the marginal street in front of the same and land under water for a distance of 105 feet southerly from the bulkhead line, over all of which a shed will be permitted to be erected; together with the easterly one-half of the inshore end of Pier, new 18, as it is proposed to be constructed, being 20 feet in width and 278.73 feet in length, with a right of way over the westerly one-half of the said pier from the bulkhead line to the above-described premises.

Respectfully,

EDWARD M. GROUT, Comptroller.

Mr. W. Wickham Smith, representing the Fulton Market Fishmongers' Association, stated that the association which he represented was willing to accept the plan as proposed by the Comptroller.

Mr. Frank Harvey Field, representing the Wholesale Fish Exchange, stated that the first of the alternative plans meets the views of his clients.

Mr. Maurice Simmons, representing the independent dealers, objected to the plans as proposed, and suggested that a portion of Pier 18, abutting on the bulkhead, being an area of about 20 feet in width by about 105 feet along the pier, be set aside for his clients. Discussion followed, participated in by all parties interested, and there being no objection to the proposition, it was suggested that the Wholesale Fish Exchange give up 14 feet of the bulkhead and the Fulton Market Fishmongers 6 feet, making 20 feet in width by about 105 feet in length, which the independent dealers take under a separate lease, the three associations paying \$40,000 pro rata.

This suggestion was orally agreed to by the three associations, and on motion the matter was referred back to the Comptroller for presentation at the next meeting in the form agreed upon.

The following communication was received from the Commissioner of Docks, relative to a lease of the franchise for a ferry from a point at or near the foot of West Twenty-second street to Communipaw, Jersey City, New Jersey:

NEW YORK, November 6, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I beg to advise that I have agreed to lease, subject to the approval of the Commissioners of the Sinking Fund, to the Central Railroad Company of New Jersey, the franchise for a ferry from and to a point at or near the foot of West Twenty-second street, City of New York, to and from Communipaw, Jersey City, in the State of New Jersey, or some street or avenue contiguous or adjacent thereto, together with the property belonging to The City of New York to be used in connection with said franchise upon the following terms and conditions:

First—The City to lease to the Central Railroad Company of New Jersey the property described in the annexed memorandum, entitled "Technical description of property proposed for a ferry site at the foot of West Twenty-second street, North river, for the Central Railroad Company of New Jersey."

Second—The right to run a ferry from and to a point at or near the foot of West Twenty-second street, North river, in The City of New York, to and from Communipaw, Jersey City, in the State of New Jersey, or some street or avenue contiguous or adjacent thereto.

Third—The lease to be for a term of ten years, with the privilege of renewal for a further term of ten years.

Fourth—The rental for the first term to be fixed as follows:

For the wharf property and land under water used in connection therewith, the sum of \$12,314 per annum. For the ferry franchise the sum of \$1 per annum.

Fifth—The annual rental for the renewal term to be fixed as follows:

For the wharf property and land under water used in connection therewith, the sum of \$14,209 per annum; for the ferry franchise, the sum of \$1 per annum.

Sixth—The rental to commence upon the completion of the bulkhead or river wall on or in front of which the ferry structures are to be erected.

Seventh—The lessee to have an entrance on the line of what is at present Thirteenth avenue of 100 feet, and also the right to shed similar to that granted the Hoboken Ferry Company.

Eighth—The lessee to furnish double-deck ferryboats for its service between West Twenty-second street and Communipaw of sufficient speed to insure an up-to-date service. Said service in all respects to be similar to and as efficient as the Pennsylvania Railroad Company's running from the foot of West Twenty-fourth street.

Ninth—The fares not to exceed those now charged by the Pennsylvania Railroad Company for its service from the foot of West Twenty-fourth street to Jersey City.

Tenth—The Central Railroad Company of New Jersey to construct a two-story ferry house at the foot of West Twenty-second street, with bridges to be connected directly with the upper deck of the boats.

Eleventh—The remaining terms and conditions of the lease to be similar to those now used in leases of ferry franchises and wharf property in the Department of Docks and Ferries.

As this ferry is to be operated to property at Communipaw, Jersey City, in the State of New Jersey, controlled by the Central Railroad Company of New Jersey, it is useless to incur the expense of putting up the franchise at public auction.

I am of the opinion that the interests of the City would not be best promoted by leasing the ferry franchise at public auction, after advertisement and appraisal, in the manner first directed in section 826 of the Greater New York Charter, and therefore recommend the adoption, by unanimous vote of the Commissioners of the Sinking Fund, authorizing the leasing of the franchise and wharf property to the Central Railroad Company of New Jersey by private agreement, for the term above set forth, and under such conditions as in the judgment of said Commission will best protect and further the interests of the City and the traveling public, which conditions are set forth in the above communication and in the form of lease of ferry franchise and wharf property referred to therein.

Yours respectfully,

MCDUGALL HAWKES, Commissioner.

I am of the opinion that the Commissioners of the Sinking Fund may properly approve of the above lease as proposed, the rental being at the same rate as was approved for the lease of the Hoboken Ferry Company adjoining.

EUG. E. McLEAN, Engineer, Department of Finance.

November 9, 1903.

In connection therewith the Comptroller offered the following resolution:

Whereas, Section 826 of the Greater New York Charter provides that the Commissioner of Docks shall have power and is authorized to lease in the name of and for the benefit of The City of New York, in the manner provided by law, the franchise of any ferry or ferries belonging to said City, for the highest marketable price or rental, at public auction or by sealed bids, and always after public advertisement and appraisal, under the direction of said Commissioner, but not for a term longer than ten years; and

Whereas, It is further provided in said section that whenever it may be determined by the unanimous vote of the Commissioners of the Sinking Fund, upon the recommendation of the Commissioner of Docks, that the interests of the City will not be best promoted by leasing the franchise of a ferry in the manner in said section thereinbefore directed, it shall be lawful for said Commissioners of the Sinking Fund, by resolution adopted by such unanimous vote, upon the recommendation of the Commissioner of Docks, to lease such franchises by private agreement for terms not exceeding twenty-five years and under such conditions as, in their judgment, will best protect and further the interests of the City and the traveling public; and

Whereas, Under date of November 6, 1903, the Commissioner of Docks has recommended that the interests of the City will not be best promoted by leasing the franchise of the ferry from a point at or near the foot of West Twenty-second street, North river, in The City of New York, to and from Communipaw, Jersey City, in the State of New Jersey, or some street or avenue contiguous or adjacent thereto, at public auction or by sealed bids, and after public advertisement and appraisal, under the direction of the Commissioner of Docks; now therefore be it

Resolved, That, pursuant to the provisions of section 826 of the Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, determine that the interests of The City of New York will not be best promoted by leasing the franchise of the hereinbefore mentioned ferry at public auction, as provided in section 826 of the Greater New York Charter; and it is further

Resolved, That, pursuant to the provisions of section 826 of the Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby approve of and authorize a lease to the Central Railroad Company of New Jersey, of a franchise to operate a ferry from and to a point at or near the foot of West Twenty-second street, North river, in The City of New York, over and across the waters of the Hudson river to and from Communipaw, Jersey City, in the State of New Jersey, or some street or avenue contiguous or adjacent thereto, together with the property belonging to The City of New York to be used in connection with the said franchise, upon the following terms and conditions:

4. The rental for the first term to be fixed as follows: For the wharf property and land under water used in connection therewith, the sum of \$12,314 per annum. For the ferry franchise, the sum of \$1 per annum.

7. The lessee to have an entrance on the line of what is at present Thirteenth avenue of 100 feet and also the right to shed similar to that granted the Hoboken Ferry Company.

8. The lessee to furnish double-deck ferryboats for its service between West Twenty-second street and Communipaw of sufficient speed to insure an up-to-date service. The following communication was received from the Commissioner of Docks, relative to an agreement with Howard Carroll and Caroline S. Carroll, his wife,

to permit the extension of the marginal street below Cortlandt street and along West street:

NEW YORK, December 4, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I beg to inclose you herewith for the approval of the Commissioners of the Sinking Fund agreement dated December 4, 1903, between The City of New York, acting by the Commissioner of Docks, and Howard Carroll and Caroline S. Carroll, wife of said Howard Carroll, to permit the extension of the marginal street below Cortlandt street and along West street, the said agreement having been approved by the Corporation Counsel.

Respectfully yours,

MCDUGALL HAWKES, Commissioner.

In connection therewith the Comptroller presented the following report of the Engineer of the Department of Finance, and offered the following resolution:

December 7, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. McDougall Hawkes, Commissioner of Docks and Ferries, in communication of December 4, 1903, submits for the approval of the Commissioners of the Sinking Fund, an agreement signed by him on behalf of The City of New York, and Howard Carroll and Caroline S. Carroll, his wife.

The purpose of this agreement is to permit Mr. Carroll, as the owner of 298 feet of bulkhead on the westerly side of West street, commencing about 31 feet south of the southerly side of Rector street, to improve his property by the building of a sea wall on the new bulkhead line, which is 250 feet west of the easterly side of West street, fill in behind such bulkhead and also to construct Pier, new Seven (7).

By mutual conveyances by both parties, incorporated in the agreement, the title to the bulkhead on the new line is vested in Mr. Carroll, and the land required for the marginal street in the City.

The expense of construction is to be borne by Mr. Carroll, and the work is to be under the supervision of the Department of Docks and Ferries.

Permission as a part consideration for the land conveyed to the City, is given to Mr. Carroll to erect a shed on the bulkhead as constructed extending from the face of said bulkhead inshore a distance of 50 feet.

The agreement has been approved as to form by the Corporation Counsel and I am of the opinion that it is in the interest of the City and may be properly approved by the Commissioners of the Sinking Fund.

Respectfully,

EUG. E. McLEAN, Engineer.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the agreement, dated December 4, 1903, between The City of New York, acting by the Commissioner of Docks, and Howard Carroll and Caroline S. Carroll, wife of said Howard Carroll, to permit the extension of the marginal street below Cortlandt street and along West street, Borough of Manhattan.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Mayor, enclosing copy of letter sent to the Consolidated Gas Company, relative to proceedings which have been begun to acquire certain lands belonging to said company between Forty-first and Forty-second streets, North river (see also page 998):

CITY OF NEW YORK—OFFICE OF THE MAYOR,
December 3, 1903.

Hon. N. TAYLOR PHILLIPS, Secretary, Sinking Fund:

DEAR SIR—The Mayor directs me to transmit to you for the information of your Board, the enclosed copy of a letter this day sent by him to Mr. Harrison E. Gawtry, President of the Consolidated Gas Company.

Yours very truly,

WILLIAM J. MORAN, Assistant Secretary.

CITY OF NEW YORK—OFFICE OF THE MAYOR,
December 3, 1903.

HARRISON E. CAWTRY, Esq., President Consolidated Gas Company, No. 4 Irving Place, New York:

DEAR SIR—In reference to the proceedings which have been begun by the City to acquire certain lands under water and other property belonging to your company, between Forty-first and Forty-second streets, on the North river, I desire to say that, as I am informed by the Commissioner of Docks, this property is not immediately required for use by the City. Under the existing statutes, the City cannot vest title in itself before the period of confirmation of the report of the Commissioners of Estimate and Appraisal.

I understand it to be the fact that your company will require this property for the purpose of furnishing gas to the people of the Borough of Manhattan until the new works at Astoria are completed and in operation. If that is so, it seems to me reasonable that, in case title vests in the City before such completion and operation of the Astoria works, a temporary lease should be given of the premises between Forty-first and Forty-second streets, above referred to.

I have, of course, no power to bind The City of New York to make such an arrangement; but I will cause this letter to be spread upon the minutes of the Sinking Fund Commission, in the expectation that if the matter should become important it may be taken up on due notice to your company.

Yours very truly,

(Signed) SETH LOW, Mayor.

A communication was received from the Commissioner of Docks, relative to an application of the Albany Day line, now touching at the pier foot of West Twenty-second street, for a lease of a pier to be built at the foot of West Forty-first street, which was referred to the Comptroller, together with the matter of the proposed lease to Messrs. H. & A. Allen of the pier at the foot of West Twenty-first street, for consideration and report, and to be taken up together at the next meeting.

The following application was received from the Long Island Traction Company for the right to cross certain lands on Long Island owned in fee by the City and used by it for the purpose of water supply:

HEMPSTEAD, NEW YORK, March 26, 1903.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

DEAR SIR—The New York and Long Island Traction Company respectfully represents that it is a railroad corporation, duly organized and existing under the laws of the State of New York. That it now owns and operates an electric railroad, fifteen (15) miles in length, running between Mineola and Freeport, and between Hempstead and the New York City line on Long Island. That it proposes to extend its road, west from Freeport along the South Shore of Long Island through Baldwin, Rockville Centre, Lynbrook, Valley Stream and other places to the Kings County Elevated Railroad at the old Brooklyn City line. It proposes to extend, also, easterly from Freeport, running between the Long Island Railroad and the Merrick road to Babylon. These extensions will make a line along the South Shore from Babylon to the Kings County Elevated, thirty-one (31) miles long. This line will be constructed largely over a private right of way. Will be built in the most substantial manner and equipped with the finest and most improved rolling stock. From Freeport, west to the New York City line, the franchises and rights are already secured and granted. The company has also purchased a large part of the right of way on this line. From Lynbrook, west, the route as laid out by said company crosses certain property and parcels of land owned by The City of New York and used by the Brooklyn City Water Works. This right of way as laid out across the property of the Brooklyn City Water Works will not interfere with any buildings or structures on said property, and has been laid out so as not to interfere with any uses or purposes for which said land is now used. The parcels of land which this right of way crosses belonging to said Brooklyn City

Water Works are indicated on the right of way map, west of Freeport, marked "A," herewith submitted and numbered from 1 to 7 inclusive. The parcels of land belonging to the Brooklyn City Water Works which the proposed right of way crosses, lying east of Freeport, are indicated on right of way map marked "B," herewith submitted and numbered from 1 to 5, inclusive. The construction of said railroad will be a public convenience and necessity, and a benefit to property along the South Shore, and in order to secure directness of route it is necessary for it to cross the property of the Brooklyn City Water Works as herein indicated, and the company respectfully requests a grant of a right of way or easement of the various parcels of land for the purpose of constructing its railroad; the grant of such easement and the construction of the road to be made under such terms and conditions as may be approved by the authorities having jurisdiction over said property. The company has purchased its material, acquired nearly all of its right of way, and is ready to begin construction between Freeport and the New York City line. The company would therefore respectfully request an early consideration of this application.

Very respectfully,

THE NEW YORK AND LONG ISLAND TRACTION COMPANY,
JOHN E. ENSIGN, President.

In connection therewith the Comptroller presented the following report and offered the following resolution:

December 8, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Under date of March 26, 1903, the New York and Long Island Traction Company made application to The City of New York for the right to cross certain lands situate on Long Island, owned in fee by the said City and used by it for the purpose of water supply.

The application recited that the New York and Long Island Traction Company was a railroad corporation which had secured franchises in Nassau County and was at present an applicant for a franchise within the limits of the Borough of Queens, City of New York.

The original application contained 12 parcels of land belonging to The City of New York, over which it was desired to operate a railroad, but since this time the Railroad Company has withdrawn its application as regards the five parcels east of Freeport, and Parcel No. 1 at the Jameco Pumping Station within the City limits, which is on the line west of Freeport, leaving but six parcels, five in Nassau County and one in New York City, over which a right of way is desired.

Immediately upon receipt of the application it was forwarded to the Commissioner of Water Supply with a request to advise you if the granting of the same would in any wise be detrimental to the interests of the City, and what conditions, as regards the protection of the City's conduits and pipes, should be required if the application was granted.

The Commissioner of Water Supply, Gas and Electricity replied, under date of May 4, 1903, copy of which is attached, stating certain objections, and his communication was forwarded to the applicant with a request to confer with the Department with a view to meeting the objections raised.

The Commissioner of Water Supply, Gas and Electricity in a recent communication, dated November 6, 1903, stated that no objection now existed against granting the application, provided certain conditions, which he stated, should be incorporated in the lease.

I am therefore of the opinion that the Commissioners of the Sinking Fund may properly take action and authorize the Comptroller to sell at public auction to the highest bidder a lease of the right or privilege of occupying certain parcels of land hereinafter described for the purpose of constructing and operating a double track street surface railway in connection with the line of the New York and Long Island Traction Company, operating under franchises granted by the Board of Supervisors of Nassau County as to the five parcels in the said County, and also in connection with a proposed line of the said company, the application for a franchise for which is now pending in the Board of Aldermen, as to the parcel within the limits of The City of New York.

Such right or privilege to be leased shall be for a term of ten years from the date of sale, with the right to a renewal term of ten years, at an advance of 10 per cent. on the amount bid for the first term. The lease of such right over the six parcels of land shall be sold as one parcel, and the minimum or upset price be fixed at \$100 per annum.

The lease shall contain the following conditions:

First—All plans for the construction of the railway across City property hereby leased shall be approved by the Commissioner of Water Supply, Gas and Electricity before such construction is commenced.

Second—The City reserves the right of way through or across any of the parcels leased for the purposes of inspection, maintenance and repair, as well as to lay any additional pipes or conduits that may be required, with the stipulation that during the progress of any work to be undertaken by the City under the tracks, the New York and Long Island Traction Company must and shall support and take care of their tracks at their own risk and expense while the work to be done by the City is in progress of construction.

Third—The grade of the railway shall be changed, and such bridges or trestle work shall be built by and at the expense of the traction company across Parcel No. 4 at Valley Stream, as may be required, if the City should hereafter locate filter beds on its adjoining property. The maintenance of the bridges, trestles and embankments shall be at the expense of the lessee.

Fourth—The lease to confer no right as to Parcel No. 2, which is within the limits of The City of New York, until a further franchise is granted by the City for the construction and operation of a street surface railway over the route, for which an application is now pending in the Board of Aldermen, and no abatement of any part of the rental bid will be made by reason of the non-use of such parcel.

A technical description of each of the parcels is attached.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved: EDWARD M. GROUT, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to sell at public auction, to the highest bidder, a lease of the right or privilege of occupying certain parcels of land described in the report of the Engineer of the Department of Finance to the Comptroller, dated December 8, 1903, for the purpose of constructing and operating a double-track street surface railway in connection with the line of the New York and Long Island Traction Company, operating under franchise granted by the Board of Supervisors of Nassau County, as to the five parcels in the said county, and also in connection with the proposed line of said company, the application for a franchise for which is now pending in the Board of Aldermen as to the parcel within the limits of The City of New York. Such right or privilege to be leased to be for a term of ten years from the date of sale, with the right of a renewal term of ten years at an advance of 10 per cent. on the amount bid for the first term. The lease of such right for the six parcels of land shall be sold as one parcel, and the minimum or upset price to be fixed at one hundred dollars (\$100) per annum; and as recommended by the Engineer of the Department of Finance in his report to the Comptroller, dated December 8, 1903.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following reports, relative to bill of Messrs. Werner & Windolph, architects, for preparing plans and specifications and the necessary supervision in the alterations to the doors of certain armories:

November 23, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Armory Board held November 20, 1903, the following was adopted:

"Resolved, That the Armory Board does hereby approve the bill and expense of Werner & Windolph, architects, amounting to eight hundred and seventy dollars and eighty-seven cents (\$870.87), on account, as per accompanying voucher, for professional services rendered in preparing plans and specifications and the necessary supervision in the alterations to the doors of the Ninth, Twelfth, Fourteenth, Twenty-second, Twenty-third, Sixty-ninth and Seventy-first regiments and the Seventeenth Separate Company, and that the Commissioners of the Sinking Fund be respectfully requested to concur in the same."

I would report from an examination of the bill, I find it is upon a basis of 10 per cent. of the cost of the work, \$12,441. This charge I consider excessive, and if a contract or an agreement has not been entered into with Messrs. Werner & Windolph for this fee, I would advise that the bill be disallowed. A total fee of 5 per cent. on the cost of this work is, in my opinion, sufficient.

Respectfully,

EUG. E. McLEAN, Engineer.

The Comptroller wishes the evidence which Mr. McLean relies on in support of the foregoing statements.

December 8, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I am directed to give the evidence on which I base the opinion I give in my report of November 23, 1903, on the bill of Werner & Windolph, that 10 per cent. is excessive and that 5 per cent. is sufficient. My reasons are as follows:

Five (5) per cent. on the cost of the work is what is ordinarily paid by the City for architects' fees. The schedule of the American Institute of Architects, on which these charges have been fixed, is as follows:

"For full professional services (including supervision), five per cent. upon the cost of the work. For partial service, or in case of the abandonment or suspension of the work, the charge for partial service is as follows: Preliminary studies, consisting of drawings such as ground plan, one upper floor plan and elevation or perspective view of exterior, special fee according to the magnitude of the work. For full set of preliminary drawings, including the above and such additional elevations, plans and sections as are necessary to illustrate the general scheme without working drawings and including one revision to correct the same, one (1) per cent.; preliminary studies, general working drawings and specifications, two and a half (2½) per cent.; preliminary studies, general working drawings, specifications and details, three and a half (3½) per cent. For works that cost less than \$10,000 or for monumental and decorative work, and designs for furniture, a special rate in excess of the above. For alterations and additions, an additional charge to be made and also an additional charge to be made for surveys and measurements incident thereto. An additional charge to be made for alterations and additions, in contracts and plans, which will be valued in proportion to the additional time and services employed."

There is no law or ordinance fixing definitely the fee to be paid, but the schedule has been uniformly followed, allowing 5 per cent. on the main work as described.

I cannot see why such work, requiring the highest qualifications of the architect, should receive a smaller fee than "alterations and additions" as set forth in the schedule, such latter work certainly not requiring the same degree of skill as necessary for the main building and works. I feel justified only in recommending for such work the five per cent. allowed on the other class of architectural work.

I can find no evidence of any agreement having been made with the architects at 10 per cent., as stated by them.

I have uniformly objected to this 10 per cent. charge as excessive.

Respectfully,

EUG. E. McLEAN, Engineer.

On motion, the matter was referred back to the Armory Board for further consideration.

The Comptroller presented the following report of the Engineer of the Department of Finance and offered the following resolution, relative to an issue of Corporate Stock to the amount of \$18,000 to provide for the expense of installing a plant for supplying electricity in the Twenty-third Regiment Armory Building:

December 7, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Armory Board held November 30, 1903, the following was adopted:

"Resolved, That the report of the Acting Secretary, of date September 17, 1903, on lighting the Twenty-third Regiment Armory Building by an independent lighting plant, be accepted and adopted; that the sum of eighteen thousand dollars (\$18,000) be and is hereby appropriated for the installation of a plant for supplying electricity in said armory building, on the general plan prepared by Messrs. Mackenzie, Quarrier & Ferguson, No. 114 Liberty street, and presented by the Acting Secretary to this Board at a meeting held September 18, 1903, and that the Commissioners of the Sinking Fund be requested to concur in the same and authorize the Comptroller to issue bonds to provide for the expense thereof."

I would report that I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board and authorize the Comptroller to issue bonds to the amount of \$18,000 to provide for the expense of installing a plant for supplying electricity in the Twenty-third Regiment Armory Building.

Respectfully,

EUG. E. McLEAN, Engineer.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the resolution adopted by the Armory Board at meeting held November 30, 1903, reading as follows:

"Resolved, That the report of the Acting Secretary, of date September 17, 1903, on lighting the Twenty-third Regiment Armory Building by an independent lighting plant be accepted and adopted; that the sum of eighteen thousand dollars (\$18,000) be and is hereby appropriated for the installation of a plant for supplying electricity in said armory building, on the general plan prepared by Messrs. Mackenzie, Quarrier & Ferguson, No. 114 Liberty street, and presented by the Acting Secretary to this Board at a meeting held September 18, 1903, and that the Commissioners of the Sinking Fund be requested to concur in the same and authorize the Comptroller to issue bonds to provide for the expense thereof"; and

Resolved, That, for the purpose of providing means for the payment thereof, the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the amended Greater New York Charter, to the amount of eighteen thousand dollars (\$18,000), the proceeds whereof shall be applied to the payment of the expense aforesaid.

The report was accepted and the resolutions unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises known as McCaddin Hall, on Berry street, near South Third street, Borough of Brooklyn, for the Board of Education:

December 8, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Secretary of the Board of Education, in a communication, transmitted to the Commissioners of the Sinking Fund, a resolution adopted by the Executive Committee of the Board of Education on November 11, 1903. This resolution requested that the Commissioners of the Sinking Fund authorize the renewal of the lease of premises on Berry street, near South Third street, Borough of Brooklyn (owners Sts. Peter and Paul's Church, Rev. John L. Belford, rector, No. 69 South Third street), as an annex to the Eastern District High School, the lease of which expires on December 16, 1903, term one year, at an annual rental of \$2,500; and by this resolution rescinded a resolution adopted by the Executive Committee of the Board of Education dated October 21, 1903, as related to the renewal of this lease upon the same terms and conditions as in the present existing lease.

The present existing lease required that the Board of Education should, in addition to paying the annual rental of \$2,000, assume the payment of the taxes levied by the City on the property. The new resolution requires the City to pay an annual rental of \$2,500, Sts. Peter and Paul's Church to assume the payment of the taxes.

A full report was made to the Board upon this lease at a meeting held on Wednesday, November 18, 1903, and the Board referred the whole matter back to the Board of Education.

Since that time I have had an interview with the Rev. John L. Belford, and find that the original lease called for four rooms in the front part of the building known as McCaddin Hall, Berry street, near South Third street, Borough of Brooklyn, one room in the basement, and the use of the auditorium one morning each week. In addition to this, I understand that the Board of Education is using an extra room in the building for lavatory purposes, and that the auditorium has been given up to the Board of Education at different times other than the times named in the lease for various purposes. Rev. Mr. Belford has consented to accept the sum of \$2,250 as rent for the use of the building instead of the sum of \$2,500, which has heretofore been named, the Board of Education to assume the payment of whatever taxes may be levied upon the property.

I think that the price named for rent is a fair and reasonable one for the rooms furnished and the facilities given to the Board of Education, and I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease from Sts. Peter and Paul's Church of the four rooms in the front part of the building known as McCaddin Hall, Berry street, near South Third street, Borough of Brooklyn, for the use of the Eastern District High School (two on the first floor, one on the second floor, one on the third); also two rooms in the base-

ment for lavatory purposes, and the use of the auditorium one morning each week, said lease to be for a term of one year from December 16, 1903, at an annual rental of \$2,250, payable quarterly, Sts. Peter and Paul's Church to furnish the light, heat and the janitor service, the City to assume any taxes which may be imposed upon that part of the building used exclusively by the Board of Education under this lease, the Board of Education to pay said taxes when due, in addition to the rental herein named.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: EDWARD M. GROUT, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City, from the Saints Peter and Paul's Church, of the four rooms in the front part of the building known as McCaddin Hall, Berry street, near South Third street, Borough of Brooklyn, for the use of the Eastern District High School (two on the first floor, one on the second floor and one on the third); also two rooms in the basement for lavatory purposes, and the use of the auditorium one morning each week, for a term of one year from December 16, 1903, at an annual rental of two thousand two hundred and fifty dollars (\$2,250), payable quarterly, the lessors to furnish light, heat and janitor service, and the City to assume any taxes which may be imposed upon that part of the building used exclusively by the Board of Education under this lease, the Board of Education to pay said taxes when due in addition to the rental herein named—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following was received from the Secretary of the Board of Estimate and Apportionment:

New York, December 7, 1903.

Hon. N. TAYLOR PHILLIPS, Secretary to the Sinking Fund, No. 280 Broadway, Manhattan:

SIR—Herewith is inclosed, for action by the Commissioners of the Sinking Fund, certified copy of a resolution adopted by the Board of Estimate and Apportionment on December 4, 1903, relative to the conveyance by The City of New York to the New York Central and Hudson River Railroad Company, the fee of certain land described in the resolution and all the rights, title and interest of The City of New York of, in or to a certain lease to the Orphans' Home and Asylum of the Protestant Episcopal Church in The City of New York.

Respectfully,

J. W. STEVENSON, Secretary.

December 14, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—On October 30, 1903, this office transmitted to the Corporation Counsel a request for an opinion as to whether the Board of Estimate and Apportionment, acting under section 5 of chapter 425 of the Laws of 1903, had the power to sell to the New York Central and Hudson River Railroad Company a piece of property owned by The City of New York, located on the southwest corner of Forty-ninth street and Lexington avenue, leased for a period of twenty-one years to the Orphans' Home and Asylum, which lease expires on May 1, 1923, or whether the Commissioners of the Sinking Fund, acting under section 205 of the amended Greater New York Charter, were the only persons who could dispose of this property.

The Corporation Counsel in an opinion hereto annexed, under date of November 20, states as follows:

"Under the provisions cited from the statute in question (chapter 425, Laws of 1903), there is, I think, a clear right in the Board of Estimate and Apportionment to transfer this property to the railroad company by agreement made without public letting or a sale to the highest bidder.

"It is apparent from the language of section 5, that it was intended to confer very broad powers upon the City, acting by the Board of Estimate and Apportionment, the only limitation being, of course, that the Board should obtain for the City a fair value for the property conveyed.

"The effect of the portion of the statute cited, therefore, is that it is perfectly legal for the City to sell this property to the railroad company, which can then acquire the rights of the asylum either by agreement or condemnation.

"Under this act there can be no direct dealings between the City and the asylum, as lessee of the property must be made with the railroad company."

He states further:

"I am of the opinion that the provisions of section 205 of the revised Greater New York Charter, as amended, are not to be repealed by section 5 of Chapter 425 of the Laws of 1903, but still exist in their full force and effect in regard to all sales of City property. The act in question simply provides an alternative method of disposing of the City's property within the limited area defined by section 5, for the obvious reason that a sale at auction might be worse than useless in a case where there could be but a single bidder.

"Discretionary power is therefore given to the Board of Estimate and Apportionment to sell at private sale in the special case there mentioned.

"In considering a transaction which might come within the scope of the Law of 1903, it is apparent that two methods may be pursued: Either a sale by the Commissioners of the Sinking Fund under the Charter provisions, or a transfer by the Board of Estimate and Apportionment under the special powers conferred by the Law of 1903."

—and concludes by saying:

"That the use of the property to be acquired by the railroad company should be restricted by the terms of any deed that may be executed, to the purposes specified in chapter 425 of the Laws of 1903, and that great care should be exercised in drawing any resolution necessary to carry out the plan in question."

It therefore becomes a question as to how much money the City is entitled to be paid by the railroad company for the transfer of the property in question. The City owns the ground; the Orphans' Home and Asylum owns the building; the building reverts to the City at the expiration of the lease; the lease expires on May 1, 1923, and therefore has about nineteen years and six months to run. The consideration for the rental is \$1. The assessed valuation of the property is \$320,000, although it is exempt from taxation, and the value of the land, exclusive of the buildings, is, in my opinion, \$265,000.

It seems to me that it was clearly the intention of the City, in making this lease with the Orphans' Home and Asylum, to practically make a deed of gift to the Home, and in view of the fact that the railroad company, in acquiring this land, intends to make a great public improvement, and, in doing so, will compel the Orphans' Home and Asylum to move, I think that a fair and reasonable price that the City should ask of the railroad company for the land in question is \$50,000, and that the railroad company shall take the property subject to the lease made between the City and the Orphans' Home and Asylum of the Protestant Episcopal Church, and all the rights thereunder, and that they are to deal direct with the Home in acquiring the lease.

I am of the opinion that, under the provisions of section 5 of chapter 425 of the Laws of 1903, the Board of Estimate and Apportionment should adopt a resolution authorizing the transfer of this property, on behalf of the proper officers of the City, to the New York Central and Hudson River Railroad, and that the Commissioners of the Sinking Fund should approve of the action of the Board of Estimate and Apportionment, and I so recommend.

Respectfully submitted for approval,

(Signed)

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

The Comptroller presented the following report and offered the following resolutions, relative to the assignment of rooms in the Brooklyn County Courthouse:

November 28, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Commissioners of the Sinking Fund held January 14, 1903 (see Minutes, Sinking Fund, page 96), a report was presented to the Commissioners from the Engineer of the Department of Finance "in regard to the reassignment of rooms in the County Courthouse and the Borough Hall in the Borough of Brooklyn," and in the matter of such reassignment the following resolution was presented to the said Commissioners and adopted by them, from the committee who had the matter of this reassignment in charge:

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby set apart and assign rooms in the Brooklyn County Courthouse and the Brooklyn Borough Hall as follows:

1. Appellate Division Court to have—
 - (a) Rooms 21, 22, 23, 24 and 25 on the second floor of the Borough Hall, being all of the said floor except that occupied by the Law Department, exclusive of the Bureau of Street Opening.
 - (b) Rooms 17, 18 and 19 on the first floor of the Borough Hall, being the rooms now occupied by the Coroners.
2. Total space, 7,844 square feet.
3. Supreme Court to have the court room facing on Livingston street on the second story of the courthouse, now occupied by the Appellate Division Court. The said court to give up the room on the same story facing on Joralemon street and to the right of the rotunda.
4. The Grand Jury to have the room aforesaid, to be vacated by the Supreme Court.
5. The Commissioner of Jurors to have the rooms immediately adjoining his present quarters, to be vacated by the Grand Jury.
6. The Coroners to have the room on the second floor of the County Courthouse, known as Room 37, and formerly occupied by Supreme Court, Special Term Trial room, with the use of one or the other adjoining court rooms at night.
7. The members of the Bar to have the use of the room immediately opposite the above, on the second floor of the County Courthouse, now occupied by the Clerk of the Appellate Court, to be vacated by said Clerk, for use in supplementary proceedings, and also the room facing Joralemon street, on the second floor of the County Courthouse, and immediately adjoining the room above assigned to the Grand Jury, for use as a coat room, etc., said assignments to continue during the pleasure of the Commissioners of the Sinking Fund.

Which resolution was unanimously adopted.

The Grand Jury having been assigned the room then occupied by the Supreme Court on the second story facing on Joralemon street, over the present District Attorney's office, the Commissioner of Jurors was assigned the room immediately adjoining his present quarters, which would be vacated by the transfer of the Grand Jury.

In a communication under date of November 12, 1903, the Justices of the Supreme Court of the State of New York, Second Department, request that the Commissioners of the Sinking Fund reconsider the action taken by them in designating the room on the second floor of the Courthouse in Brooklyn for any other purpose than the use of the Court. They state that the criminal law business of the county is transacted by the District Attorney, the Grand Jury and the County Courts, and the rooms now occupied by them being all in close proximity to one another on the ground floor of the Courthouse, as a matter of convenience the present arrangement should not be disturbed.

In other words, they desire that the Grand Jury remain in the rooms which they have always occupied and that the Justices be permitted to retain their old court room facing on Joralemon street. The District Attorney of the county objects to the removal of the Grand Jury from its present room to the room formerly occupied by the Supreme Court, which would be directly above his present office, for the reason that he and his assistants would be unable to get to the Grand Jury room without traveling up and down stairs, and that his witnesses would be standing around the halls of the second story, coming in contact with a large number of litigants, who are always standing around the second story corridors during the sessions of the Supreme Court, and they would be more or less out of his control, and he requests that the Commissioners of the Sinking Fund reassign for his use and for the purposes of the Grand Jury their present quarters.

The City Chamberlain, up to a recent date, has occupied rooms 18 and 20 in the said courthouse, but is now assigned by the Commissioners of the Sinking Fund to rooms in the Hall of Records. It therefore leaves rooms 18 and 20 vacant.

I would respectfully recommend to the Commissioners of the Sinking Fund that they adopt a resolution rescinding so much of the resolution adopted by them on January 14, 1903, as assigned the Grand Jurors to the rooms of the Supreme Court, facing on Joralemon street and that they be assigned to their present quarters; that the Commissioner of Jurors be assigned rooms 18 and 20 in the County Courthouse, made vacant by the transfer of the City Chamberlain to rooms 5 and 6 in the Hall of Records.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: EDWARD M. GROUT, Comptroller.

Resolved, That so much of the resolution adopted by this Board at meeting held January 14, 1903, as relates to an assignment to the Grand Jury of rooms to be vacated by the Supreme Court, in the Brooklyn County Courthouse (paragraph 3), be and the same is hereby rescinded.

Resolved, That the rooms in the Brooklyn County Courthouse at present occupied by the Grand Jury be and the same are hereby set apart and assigned for the use of said Grand Jury.

Resolved, That Rooms Nos. 18 and 20, in the Brooklyn County Courthouse, formerly occupied by the City Chamberlain, be and the same are hereby set apart and assigned for the use of the Commissioner of Jurors.

The report was accepted and the resolutions severally unanimously adopted.

A petition was received from the Pennsylvania, New York and Long Island Railroad Company for a sale of all the right, title and interest of The City of New York in and to lands lying within Thirty-second street, between the westerly line of Seventh avenue and the easterly line of Eighth avenue, and between the westerly line of Eighth avenue and the easterly line of Ninth avenue, for the consideration of \$788,600.

Which was referred to the Comptroller for consideration and report.

A communication was received from Mr. Phillip I. Cootey, relative to his services and disbursements in connection with bills introduced in Congress providing for the cession by the United States to the City of a portion of the Cob Dock in the East river opposite the Navy Yard.

Which was laid over until after the 1st of January (see page 238).

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

No bid will be accepted which shall be less than the sum of \$3,000 per annum.

There shall be kept posted in at least two conspicuous places on the pier, so that same can be readily seen by passers-by from the street, printed in large type, the prices to be charged by the lessee to the public for the privilege of dumping cellar dirt, which prices are also made a condition of the lease, to be not more than twenty-five cents per cubic yard, and also as follows:

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department, except that the lessee shall covenant and agree that he will at all times do such dredging from time to time, during the term of said lease, as may be considered necessary or proper by the Commissioner of Docks, in the basins or slips or water adjacent to the said premises.

The successful bidder will be required to pay to the Department of Docks and Ferries at the time of the award five per cent. (5%) of the amount of annual rent bid, as security for the execution of the lease, which five per cent. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
