### Dock Department—Proposed Amendment to New Plan in the Vicinity of East 117th and East 119th Streets, Harlem River, Manhattan (Cal. No. 5).

Withdrawn by the Commissioner of Docks. See communication above.

### Dock Department—Amendment of the Lease to the United States Government of Property in the Vicinity of South Street, St. George, Richmond (Cal. No. 6).

The following was received from the Commissioner of Docks.

Pier A, North River, August 22, 1918.

Hon. JOHN F. HYLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund, City Hall, New York City:

Sir—At a meeting of the Commissioners of the Sinking Fund held on August 12, 1918, a resolution was adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to the United States Government of City property in the vicinity of South street, St. George, Borough of Richmond, for a term beginning on the first day of April, 1918, and ending on the thirtieth day of June, 1918, with privilege to renew the lease annually for the period of the present war on like terms and conditions.

Under date of August 19, 1916, General Theodore A. Bingham, of the U. S. Engineer Office, Second District, writes: "On account of the expense which must be incurred in dredging and in putting dock in good repair and in providing necessary accessories, the department feels that it must have a lease for five years with privilege of renewal for five years, otherwise the expense would not be justified."

This pier is used by the U. S. Engineer Office as a berth for the steamer which patrols the harbor, picking up drift wood and obstructions which may cause damage to vessels and whose activities are continuous and will not be terminated at the expiration of the war.

I therefore beg to recommend that the resolution of the Commissioners of the Sinking Fund be amended by making the term five years from April 1, 1918, and further, that the lessee shall have the option on not less than one month's notice in writing to the lessor, prior to the termination of the term thereof, to renew the lease for a further period of five years on like terms and conditions, excepting that the rental for the renewal term shall be one dollar per annum advance on the rental for the preceding term. Yours very truly,

MURRAY HULBERT, Commissioner of Docks.

After consideration the following resolution was offered for adoption:

Resolved, That the resolution adopted by this Board at meeting held August 12, 1918, approving of and consenting to the execution by the Commissioner of Docks, of a lease to the United States of America, of certain property in the vicinity of South street, St. George, Borough of Richmond, designated as the upland in the rear of

the crib bulkhead between the center line of South street and the South street approach leading to the Ferry at St. George as more particularly described therein, together with the layup pier in the basin at the foot of South street distant 100 feet north of the northerly wharf belonging to the United States Light House Department, for a term beginning on the first day of April, 1918, and ending on the 30th day of June, 1918, with the privilege of renewal annually for the period of the present war, on like terms and conditions, be and the same is hereby amended by making the term of the lease five years from April 1, 1918, and further, that the lessee shall have the option on not less than one month's notice in writing to the lessor, prior to the termination of the term thereof, to renew the lease for a further period of five year on like terms and conditions, excepting that the rental for the renewal term shall be one dollar (\$1) per annum advance on the rental for the preceding term.

Which resolution was unanimously adopted.

### Dock Department—Request of, for an Issue of \$33,000 of Corporate Stock for the Construction of a Landing Pier for the Distribution of Ashes on the Meadows Between Barren Island and Mill Basin, Jamaica Bay (Cal. No. 7).

A communication was received from the Commissioner of Docks, dated August 13, 1918, requesting the adoption of a resolution recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock in the sum of \$33,000 to cover the cost of constructing a landing pier for the distribution of ashes on the meadows between Barren Island and Mill Basin by the Department of Street Cleaning, and that he be authorized to enter into a contract for the construction of the pier.

Laid over.

### Dock Department—Request of, for an Issue of \$20,000 of Corporate Stock for Dismantling and Removing the Plant, Structures and Material from the Foot of East 24th Street, Manhattan, and Installing the Same at Whale Creek, Brooklyn (Cal. No. 8).

The following was received from the Commissioner of Docks:

Pier A, North River, May 10, 1918.

Hon. JOHN F. HYLAN, Mayor and Chairman of the Commissioners of the Sinking Fund:

Dear Sir—I beg to request that the Commissioners of the Sinking Fund adopt a resolution recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock to the amount of \$20,000 for dismantling and removing the plant, structures and material from the Department Yard at the foot of East 24th street, East River, and installing same at Whale Creek, Borough of Brooklyn, as more particularly set forth in the accompanying memorandum. Very truly yours,

MURRAY HULBERT, Commissioner of Docks.

This matter was on calendar of meeting held May 23, 1918, and referred to the Committee of the Whole.

Restored to the calendar by direction of the Committee.

Laid over at meetings held June 27 and July 12, 1918.

Which was referred back to the Commissioner of Docks with a suggestion that it be included in 1919 Budget.

### Dock Department—Request of, for an Issue of \$15,000 of Corporate Stock for Dredging on the South Side of Pier 64, North River (Cal. No. 9).

The following was received from the Commissioner of Docks:

August 26, 1918.

Hon. JOHN F. HYLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund, City Hall, New York City:

Dear Sir—I am in receipt of a letter dated August 14, 1918, from the Anchor Line requesting dredging on the south side of Pier 64, North River, Borough of Manhattan.

The lease under which the company occupies the premises provides that The City of New York shall perform all the necessary work of dredging at the pier, but this Department has no funds available for the purpose.

The area was dredged last in 1911 by the City, at which time a depth of thirty feet at mean low water was produced, but the depth of water at the present time is only twenty feet, which is wholly inadequate for the berthing of ships controlled by the Anchor Line.

This shoal water has compelled the Line to abandon the use of the south side of the pier for the berthing of steamers, although it has continued to pay the rental provided under the lease for the use of the whole pier. Coupled with this manifestly unfair condition is the fact that the whole pier is imperatively required for the loading of ships of the allies with troops and munitions of war.

To reproduce the required depth of thirty feet at mean low water dredging to the extent of twenty thousand cubic yards is necessary, which at current prices it is estimated will cost \$15,000.

In order therefore that there may be no hindrance or delay in this essential overseas transportation, it is necessary that both sides of the pier be made available for use immediately, and I respectfully request that the Commissioners of the Sinking Fund adopt a resolution recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock of The City of New York in the sum of \$15,000 to cover the cost of dredging on the south side of Pier 64, North River, to a depth of thirty feet at mean low water.

Yours respectfully,

MURRAY HULBERT, Commissioner of Docks.

Which was referred back to the Commissioner of Docks with a suggestion that it be included in the 1919 Budget.

### Dock Department—Issue of \$11,000 of Corporate Stock for the Construction of Bulkhead South of East 115th Street, Harlem River, Manhattan (Cal. No. 10).

The following was received from the Board of Estimate and Apportionment:

August 15, 1918.

Mr. JOHN KORB, Secretary, Commissioners of the Sinking Fund:

Sir—I transmit herewith certified copies of resolutions (2) adopted by the Board of Estimate and Apportionment August 9, 1918, relating to above calendar number and affecting the Department of Docks and Ferries. Respectfully,

JAMES MATTHEWS, Assistant Secretary.

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, as amended, and the recommendations of the Commissioners of the Sinking Fund by resolution adopted July 12, 1918, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eleven thousand dollars (\$11,000), maturing not more than thirty (30) years after the date of issue; and the Comptroller be and is hereby authorized to issue corporate stock of The City of New York, maturing not more than thirty (30) years after the date of issue, in the manner provided by section 169 of the Greater New York Charter, the proceeds whereof to be used by the Department of Docks and Ferries to pay cost of material and labor necessary for the construction of the bulkhead south of East 115th street, Harlem River, Borough of Manhattan.

A true copy of resolution adopted by the Board of Estimate and Apportionment, August 9, 1918.

The following was received from the Commissioner of Street Cleaning:

August 7, 1918.

Mr. JOHN KORB, Secretary, Commissioners of the Sinking Fund, Municipal Building, New York, N. Y.:

Dear Sir—Replying to your letter of August 1st, transmitting copy of letter from the Commissioner of Docks relative to the request of Rear Admiral N. R. Usher, Commandant, Third Naval District, that some method of disposing of ashes and rubbish be adopted other than dumping at sea, I would say that no ashes have been disposed of at sea by this Department since May 2, 1918.

It is only in cases of emergency that ashes are taken to sea, as when unloading plants are out of order or overtaxed, or when ice conditions prevent the use of the regular disposition points. The ashes and rubbish are now disposed of at Riker's Island, Hunt's Point, Port Ivory, Flushing Meadows and at various other land fills throughout the different boroughs.

A. B. MacSTAY, Commissioner.

**Health Department—Communication from, with Reference to the Louisa Minturn Hospital at the Foot of East 16th Street, Manhattan (Cal. No. 23).**

A communication was received from the Commissioner of Health, dated August 7, 1918, stating that he has had several interviews with the authorities of the Louisa Minturn Hospital, and as a result the trustees of that institution desire

to terminate the lease and return the property to the Sinking Fund Commission in order that it may be turned over to the Health Department for use of the Willard Parker Hospital.

The Louisa Minturn Hospital occupies premises at the foot of East 16th street, Manhattan, under a lease entered into July 1, 1896, for a period of 99 years at a nominal rental.

The Commissioner suggests that such action be taken as will transfer the use of the property to the Health Department on the termination of the lease. The reason the Commissioner asks that this action be taken before the lease is actually terminated is because the Minturn Hospital trustees have a certain endowment fund that he is urging them to turn over to the City or to use in putting the Minturn Hospital in first-class repair before it is turned over to the City. The trustees are anxious to have the original purposes of the gift and endowment carried out and these can be carried out only by the use of the building for contagious diseases.

**Department of Plant and Structures—Renewal of Lease for, of Strip of Land Lying North of the Old Boston Road, Bronx, Occupied as an Approach to the Temporary Eastchester Bridge Over the Hutchinson River (Cal. No. 24).**

The Comptroller presented the following report and offered the following resolution:

August 15, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On June 27, 1918 (Cal. No. 31), your Board referred to the Comptroller a communication from the Commissioner of Plant and Structures dated June 15, 1918, requesting a renewal of the lease of the premises lying north of the Old Boston road, Borough of The Bronx, occupied by the Department of Plant and Structures as an approach to the temporary Eastchester Bridge over the Hutchinson River, for a period of one year from October 15, 1918, at the same rental and upon the same terms and conditions as now occupied.

Provision for the renewal of this lease was made in the 1918 Budget.

These premises have been occupied for this purpose under leases made as follows:

October 15, 1910-October 15, 1912, \$600 a year, June 26, 1907.
October 15, 1912-October 15, 1913, \$600 a year, February 26, 1913.
October 15, 1913-October 15, 1914, \$600 a year, September 24, 1913.
October 15, 1914-October 15, 1915, \$600 a year, June 10, 1914.
October 15, 1915-October 15, 1916, \$300 a year, July 30, 1915.
October 15, 1916-October 15, 1917, \$300 a year, July 26, 1916.
October 15, 1917-October 15, 1918, \$300 a year, September 13, 1917.

There is no City owned property in the vicinity that is available for this purpose.

The nearest City owned property is the bridge property already in use.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

There is no similar rented property in the vicinity with which comparison may be made.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease upon the same terms and conditions as the present lease of the plot of land 59 feet by 107 feet in the Borough of The Bronx located on the northeasterly side of Fisher's Landing road, 95 feet northeasterly from the intersection of the northwesterly line of the Old Boston Post road and the northeasterly line of Fisher's Landing road, to be used for the approach of the temporary bridge across the Hutchinson River during the construction of the permanent bridge at Old Boston Post road for a period of one year from October 15, 1918, at a rental of \$300 a year, payable quarterly; the lessor to pay taxes. Lessor, Lewis E. Field, 218 West 48th street, Manhattan.

Respectfully, LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the plot of land 59 by 107 feet in the Borough of The Bronx, located on the northeasterly side of Fisher's Landing road, 95 feet northeasterly from the intersection of the northwesterly line of the old Boston Post road and the northeasterly line of Fisher's Landing road, for use of the Department of Plant and Structures, to be used for the approach of the temporary bridge across the Hutchinson River during the construction of the permanent bridge at old Boston Post road, for a period of one year from October 15, 1918, at a rental of three hundred dollars (\$300) a year, payable quarterly; the lessor to pay taxes; lessor, Lewis E. Field; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

#### Department of Plant and Structures—Approval of the Leasing by, of Plot of Land Between the East River and Water Street, Brooklyn, Under the Brooklyn Bridge (Cal. No. 26).

The following was received from the Commissioner of Plant and Structures:  
September 16, 1918.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: Gentlemen—This Department has received inquiries in relation to the leasing of bridge property between the East River and Water street, in the Borough of Brooklyn, under the Brooklyn Bridge. The plot proposed to be leased has an area of 70,945 square feet.

The bulkhead in front of the property along the East River is under permit from this Department to the Department of Docks and is used by the Flinn-O'Rourke Company under a revocable permit issued by the Department of Docks. The said company occupies under permit from this Department 12,960 square feet of the plot. The bulkhead and the 12,960 square feet of the property are used by the said company in connection with the construction of two East River subway tunnels, and it is anticipated that the said company will not need much longer the part of the property now occupied by it. The remainder of the plot is unoccupied, except for a stable used by this Department, and arrangements could be made to keep the Department's horses elsewhere.

The property if leased could be used for the storage of non-inflammable material or for the construction of a suitable fireproof building thereon. It would be advantageous to the City if the plot were leased as a whole and improved.

You are hereby requested to grant this Department authority to advertise for leasing the said parcel of property for a period of ten years at an upset or minimum price of \$5,000 per annum, with the privilege of a renewal for a further period of ten years at an increased rental of 10 per cent per annum over that paid for the first ten-year period.

A copy of the proposed advertisement for bids and a print showing the plan of the property are herewith enclosed.

Yours truly,

JOHN H. DELANEY, Commissioner.

DEPARTMENT OF PLANT AND STRUCTURES.

All such deposits, except that of the successful bidder, will be returned after the award of the lease. The amount deposited by the successful bidder will be retained and credited on account of rent, except that in case the successful bidder does not execute the lease when so directed then such deposit shall be forfeited.

No bid shall be received from any one who is a delinquent on any former lease from the City, and no bid shall be accepted from any person who is in arrears to the City upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be drawn by the Corporation Counsel of The City of New York, in the usual form of leases of City property, and contain the following terms, covenants and conditions:

1. At the end of 11 years, 45 per cent.  
At the end of 12 years, 40 per cent.  
At the end of 13 years, 35 per cent.  
At the end of 14 years, 30 per cent.

At the end of 16 years, 20 per cent.  
At the end of 17 years, 15 per cent.  
At the end of 18 years, 10 per cent.  
At the end of 19 years, 5 per cent.

4. It is distinctly understood that no payment or payments shall be made by the City to the lessee for the cost of any building or other improvements erected upon the demised premises in excess of twenty (20) cents per cubic foot measurement, the volume thereof to be determined from the length and breadth of the actual building and improvement erected at the ground level and the height from the ground level to the top of roof, exclusive of cornices.

Provision for the renewal of this lease was made in the 1918 Budget. These premises have been occupied for this purpose under leases made as follows:

October 15, 1911 to October 15, 1916, \$240 a year, November 22, 1911.

October 15, 1916 to October 15, 1917, \$240 a year, October 19, 1916.

October 15, 1917 to October 15, 1918, \$240 a year, September 13, 1917.

There is no City-owned property in the vicinity available for this purpose.

The nearest City-owned property is on the west side of Cortlandt avenue south of 148th street, occupied as a public school.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

The rent for the renewed lease compared with other rents in the vicinity is as follows: the space occupied under this lease is 238 sq. ft. and at the rental of \$240 a year is at the rate of about \$1 per square foot, including heat, light, water, elevator and janitor service—similar space in Heffen Building at 2806 3d avenue is rented for \$1.36 per square foot under the same conditions.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the city. Under the circumstances the rent appears to me to be reasonable and just.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease upon the same terms and conditions as the present lease of Room 35 on the 3d floor, 3d avenue front, in the Smith Building at 3d and Willis avenues and E. 148th street, Borough of The Bronx, for use of the Department of Water Supply, Gas and Electricity, for a term of one year from October 15, 1918, at an annual rental of \$240, payable quarterly, the lessor to pay taxes and water rates and supply heat, electric light, elevator and janitor service, the lessee to make such interior alterations and repairs as it may deem necessary. Lessor, Columbia Trust Company, 3d avenue and East 148th street, Bronx, Very truly yours,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of room 35 on the third floor, Third avenue front, in the Smith Building, at Third and Willis avenues and East 148th street, Borough of The Bronx, for use of the Department of Water Supply, Gas and Electricity, for a term of one year from October 15, 1918, at an annual rental of two hundred and forty dollars (\$240), payable quarterly; the lessor to pay taxes and water rates and supply heat, electric light, elevator and janitor service; the lessee to make such interior alterations and repairs as it may deem necessary; lessor, Columbia Trust Company; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

**Department of Water Supply, Gas and Electricity—Renewal of Lease for, of Premises at No. 5912 New Utrecht Avenue, Brooklyn (Cal. No. 38).**

The Comptroller presented the following report and offered the following resolution:

To the Honorable the Commissioners of the Sinking Fund:

Dear Sir—At a meeting of the Commissioners of the Sinking Fund held August

Provision for the renewal of this lease was made in the 1918 Budget.

These premises have been occupied for this purpose since 1905 at the same rental as now asked.

There is no City owned property in the vicinity that is available for this purpose.

The nearest City owned property is on 60th street, near New Utrecht avenue, and is occupied by Engine Company 247.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

The total annual rent received from this property is \$852, which is at the rate of 10.9 per cent. on the assessed value of \$9,300.

There is no other privately owned property that could be rented or used in lieu of the above premises to the advantage of the City.

Under date of July 31, the owner notified this Department that the rental would be increased \$24 per annum after October 1, 1918, but after negotiations by the Appraiser of Real Estate of this Department, he has consented to renew at the old rate of \$240 per year.

Under the circumstances the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of 5 rooms and bath on the second floor, being all of the second floor except a small front hall bedroom, in premises No. 5912 New Utrecht avenue, Borough of Brooklyn, for use of the Department of Water Supply, Gas and Electricity, for a term of one year from October 1, 1918, at a rental of \$240 a year, payable quarterly; the lessor to pay taxes and water rates and make outside repairs; the lessee to furnish heat, light and janitor service. Lessor, John Musaus, 5912 New Utrecht avenue, Brooklyn. Respectfully,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the five rooms and bath on the second floor, being all of the second floor except a small front hall bedroom, in premises No. 5912 New Utrecht avenue, Borough of Brooklyn, for use of the Department of Water Supply, Gas and Electricity, for a term of one year from October 1, 1918, at a rental of two hundred and forty dollars (\$240) a year, payable quarterly; the lessor to pay taxes and water rates and make outside repairs; the lessee to furnish heat, light and janitor service; lessor, John Musaus; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The following communication was received from the Department of Water Supply, Gas and Electricity:

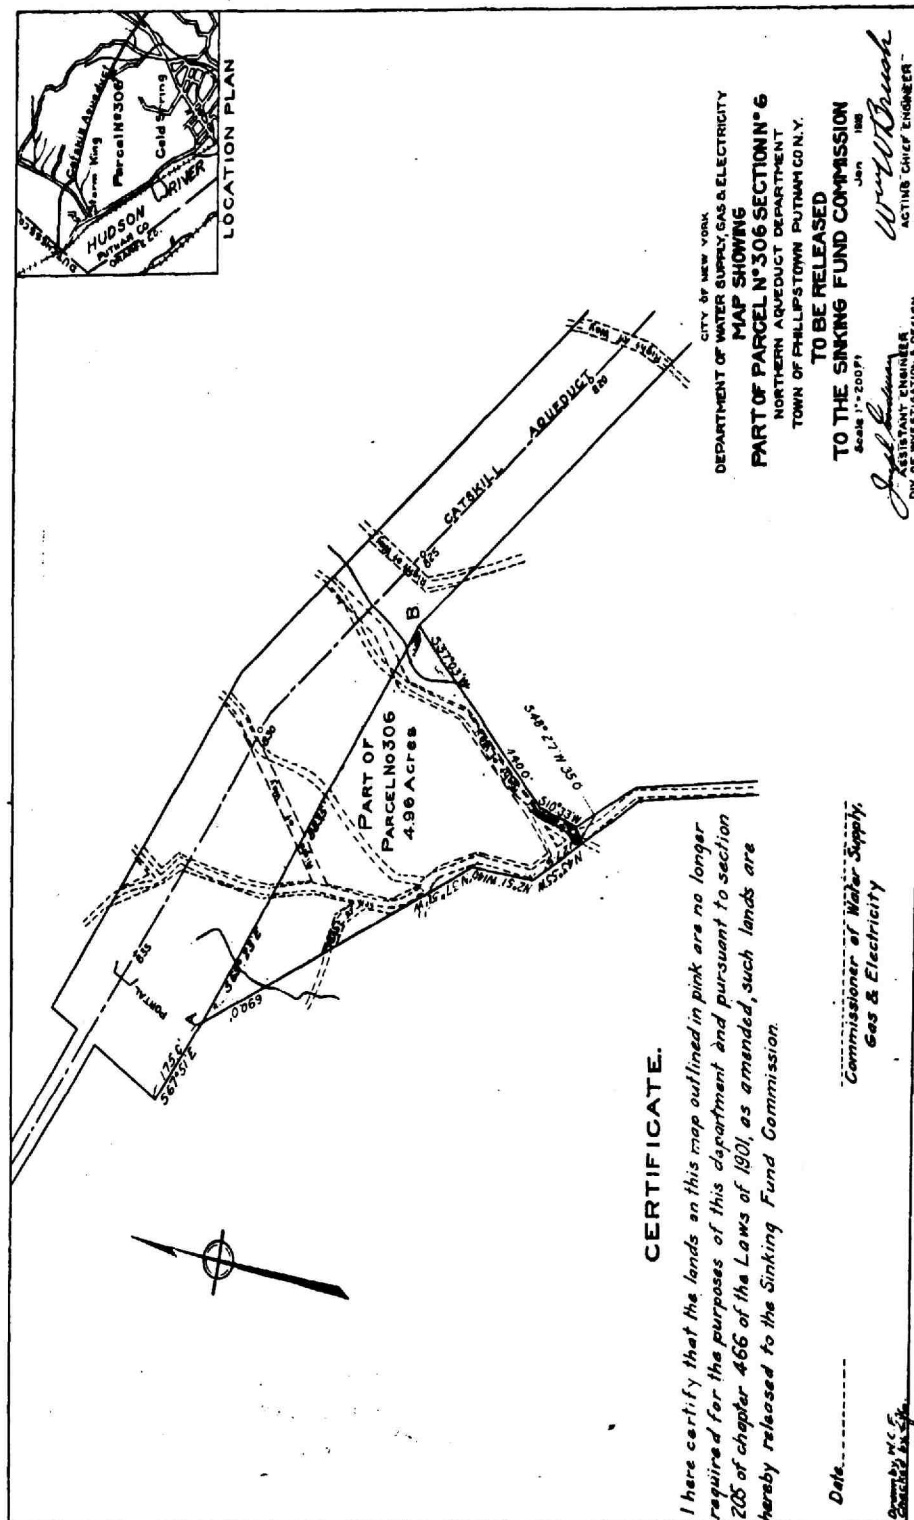

August 8, 1918.

Mr. JOHN KORB, Secretary, Commissioners of the Sinking Fund, Municipal Building, New York, N. Y.:

Dear Sir—I refer to letter of the Finance Department dated July 31, 1918, and marked "Real Estate—37,003," in relation to a communication addressed by the former Comptroller to the President of the Board of Water Supply, in regard to an offer made for the purchase of the northerly portion of the land designated as Parcel No.

306 of Section 6 of the Northern Aqueduct. The land referred to was acquired in connection with the development of the new Catskill system and constituted a portion of the land and property transferred by the Board of Water Supply to the jurisdiction of this department on August 1, 1917. This property, shown upon the print herewith submitted and outlined in red, is no longer required for water supply purposes and I herewith transfer it to the control of the Commissioners of the Sinking Fund for final disposition. The disposal of this land will no doubt be subject to the various rights of way which cross the property. These rights the department believes are held by individuals who preserved their claims at the time of the acquisition of the property through the Board of Water Supply. You can probably obtain fuller information concerning these preservations of right of way from the Board of Water Supply. Respectfully,

NICHOLAS J. HAYES, Commissioner.

And the following resolution was offered for adoption:

Whereas, The Department of Water Supply, Gas and Electricity in a communication dated August 8, 1918, having turned over as no longer required the northerly portion of the land described as Parcel No. 306 of Section 6 of the Northern Aqueduct, as such shown on the print accompanying such communication, it is

Dear Sirs—At a meeting of the Local Board of the Staten Island District, held July 2, 1918, the following resolution was adopted with the request that a copy be sent to you for your consideration:

"Whereas, There is a piece of property known as the Marine Cemetery, located northwest of Richmond turnpike and northeast of Melrose avenue, and on plot 11 of Bromley's new atlas of the Borough of Richmond, shown as lying partly on the south side of Clove place, being lot 2, block 1, plot 10, district 5, ward 1, volume 5, on the tax maps of the Borough of Richmond, containing 4.175 acres; bounded on the northeast by Silver Lake Park, on the southwest by land of Jacob Kettner, on the southwest by the land of Helen A. "As the land adjoins a city park, Silver Lake Park, it will add to the attractiveness of and naturally belongs to and should become a part of Silver Lake Park, and, therefore, should be transferred to the Commissioner of Parks for the Boroughs of Manhattan and Richmond, who should have jurisdiction over the same; be it, therefore,

"Resolved, By the Local Board of the Staten Island District, that the Commissioners of the Sinking Fund of The City of New York be and they are hereby requested to transfer the jurisdiction over the foregoing property to the Commissioner of Parks for the Boroughs of Manhattan and Richmond, for the recreation of the people."

Very truly yours,

JOHN E. BOWE, Acting President of the Borough of Richmond.

This matter was No. 28 on the calendar of meeting held July 25, 1918, and referred to the Comptroller.

The proposition was submitted to the Department of Parks. Under date of August 17, 1918, an answer was received from them, to the effect that the proposed transfer of this cemetery property to the Park Department was not advisable, and a copy of this letter was transmitted to the Borough President.

I, therefore, respectfully recommend that the papers in this matter be filed.

Respectfully,  
LOUIS H. HAHLO, Deputy and Acting Comptroller.

Laid over.

**Police Department—In the Matter of the Request of, for Assignment of Room 6 in the Town Hall at Jamaica, Queens (Cal. No. 49).**

On July 25, 1918 (Cal. No. 22), there was referred to the Comptroller a communication from the Police Commissioner dated July 15, 1918, in which he requests the assignment to his Department of the room formerly occupied as the Coroner's Court, in the Town Hall, Jamaica, Borough of Queens.

He states that it is his desire to use this room for use of the District Detectives assigned to the 18th Inspection District, the office of the 18th Inspection District and the 120th Precinct, both being already located in this building.

An inspection of the building shows that while Rooms 1, 2 and 3 are occupied and were regularly assigned to the Fourth District Magistrates' Court, the Room (No. 6) in question is occupied by the Clerks attached to the Fourth District Magistrates' Court, although not regularly assigned to the Court.

Which was referred to the Comptroller.

**Public Service Commission—Request of, for Approval of the Sale of Lease by, of Premises on the Westerly Side of Flatbush Avenue, Near DeKalb Avenue, Brooklyn (Cal. No. 50).**

The Comptroller presented the following report and offered the following resolution:

July 30, 1918.

*To the Honorable the Commissioners of the Sinking Fund:*

Dear Sirs—At your meeting held July 12, 1918, you referred to the Comptroller a communication from the Public Service Commission, requesting the approval of the sale of a lease for a term of ten years, of the premises on the westerly side of Flatbush avenue, near DeKalb avenue, Borough of Brooklyn, at an upset rental of \$1,980 per annum, for the first five years, and \$2,480 per annum for the remaining five years of the term.

These premises are triangular in shape and are used as an entrance to the DeKalb avenue station of the so-called "Broadway-Fourth Avenue Line."

The assessed valuation is \$31,000.

This is one of the numerous parcels of property acquired for rapid transit purposes, and at the threshold the question is presented whether it is to be the policy of the City to lease such property for long terms, or to sell and dispose of it as rapidly as possible. So long as it is owned by the City no return from taxation is received.

In the present case the proposed rental for the first five year term is less than 5 per cent. on the assessed value of the property if there be deducted from the rental a sum equal to the taxes upon the assessed valuation.

The form of the proposed lease by the Public Service Commission permits the lessee to erect a building on the land and leaves it optional with the lessee whether to remove the building at the expiration of the lease. The probable effect of this provision is that the building would not be subject to taxation. There is nothing in the proposed form of lease that limits the use of the building to any particular purpose; on the contrary, the land and any building erected thereon, may be used for practically any purpose that does not interfere with the rapid transit operation. It is obvious that if a policy is adopted of permitting City property to be used for any purpose in direct competition with adjacent property in established businesses, it might very easily result in a serious injury to such established businesses, and consequent depreciation of private property and loss of taxes. The provision that the rental be payable semi-annually in advance would very likely have the effect of restricting competition at the public letting, if authorized. Many persons who might be willing to pay a higher rent and give proper security therefor for a proper use of the premises, might be disinclined to pay the rent for an entire half year in advance.

While the Rapid Transit Act permits the auctioning of the lease, after advertisement in the CITY RECORD only, which is the course proposed by the Public Service Commission in this case; nevertheless, the greatest publicity is desired in a case of this kind, and the advertising should not be limited to the CITY RECORD, but should be sufficiently diffused to attract the attention of prospective bidders.

In view of the reasons above set forth, I have not specifically referred to other provisions of the lease and the form of advertisement, nor to the fact that the lease does not appear to have been approved as to form by the Corporation Counsel.

Under the circumstances, I cannot recommend the approval of the proposed lease or sale at public auction upon the terms submitted. Respectfully,

CHARLES L. CRAIG, Comptroller.

Resolved, That the request of the Public Service Commission for approval of the sale of a lease for a term of ten years, of the premises on the westerly side of Flatbush avenue near DeKalb avenue, in the Borough of Brooklyn, at an upset rental of nineteen hundred and eighty dollars (\$1,980) for the first five years and twenty-four hundred and eighty dollars (\$2,480) per annum for the remaining five years of the term, be and the same is hereby denied.

The report was accepted and the resolution unanimously adopted.

**Law Department—Communication from, with Reference to Legislation Desired by the Commission for Introduction at the Next Legislative Session (Cal. No. 62).**

The following was received from the Law Department:

New York, September 4, 1918.

Board of Commissioners of the Sinking Fund, JOHN KORB, Executive Secretary:

Gentlemen—It is deemed most advisable by the Mayor and the Board of Estimate and Apportionment that all legislation desired by your office be prepared and ready for introduction on the first day of the next legislative session.

This office is equipped and prepared to co-operate with the heads of departments and offices in drafting all needed bills and in procuring the submission thereof to the Legislature.

The advantages of such a plan are obvious. Therefore, will you please transmit to me not later than October 15th, a rough draft of such changes in the law as in your judgment you see fit to recommend, together with a memorandum setting forth in detail the reasons therefor? Bills may then be prepared accordingly, bearing in mind the rules of the Senate and of the Assembly and of the State Bill Drafting Commission, after which they will be submitted to you for final approval as to their practical operation.

In the event that no response to this letter is received on or before October 15th it will be assumed that so far as your office is concerned the present state of the laws affecting it is satisfactory and that you have no recommendations to make for legislative relief during the coming session.

Your co-operation in this matter is earnestly requested.

Yours very respectfully,

WILLIAM P. BURR, Corporation Counsel.

**United Spanish War Veterans—Application of, for Use of Room in the Basement of City Hall (Cal. No. 65).**

The following communication was received:

August 26, 1918.

Mr. JOHN KORB, Secretary of Sinking Fund Committee:

Dear Sir—We wish to make application for the use of the room in the basement of the City Hall, soon to be vacated by the Art Commission. As this room was formerly used to store old records, now destroyed or transferred, and has been in disuse for a number of years, and we are anxious to have a meeting place for our Memorial and Executive Committee, which takes care of, approximately, 410 relief cases each month, and also for our Liberty Bond, Red Cross and Recruiting Committees.

As our State Headquarters has recently been transferred to New York City, the desk room which is allowed us in the G. A. R. room is inadequate to carry on our activities in relation to the war work which we have planned.

We are anxious to have this appeal placed upon the calendar of the Sinking Fund Committee's hearings, and taking this opportunity of thanking you for past kindnesses, I am, respectfully,

THOMAS F. GANNON, Department Commander.

After consideration the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby assign to the United Spanish War Veterans the room in the northeast corner of the basement of the City Hall, in the Borough of Manhattan, to take effect October 15, 1918, such assignment to continue during the pleasure of the Commissioners of the Sinking Fund. Which resolution was unanimously adopted.

**Hall of Records—Lease to the State Commission for the Blind and Assignment to the Public Administrator of Space in the Hall of Records (Cal. No. 66).**

The following was received from the Commissioner of Plant and Structures:

September 17, 1918.

The Honorable Commissioners of the Sinking Fund, New York City:

Gentlemen—At a meeting held on July 25, 1918, the following communication was referred to the Commissioner of Plant and Structures for investigation and report:

"The New York State Commission for the Blind, July 18, 1918.

To the Commissioners of the City Sinking Fund, Municipal Building, New York City:

Gentlemen—It has become necessary for this Commission to have additional space in its administrative office in the Hall of Records Building. On investigation, I have learned that a room in the basement of this building now used as a storeroom may possibly be available for renting. This room might be of service to us if satisfactory terms can be arranged. Would it be possible to give us information on this matter at an early date? Respectfully,

(Signed) MARION A. CAMPBELL, Secretary."

Report.

The room referred to is designated as No. 5. It is located on the north or Reade street side of the building and is directly accessible to that street. It is located over the boiler plant, however, and for that reason cannot be used for other than storage purposes.

At present the Bureau of Weights and Measures has temporarily stored several

miscellaneous measures and discarded material which it will remove whenever notified to do so.

The Public Administrator has also stored in this room filing boxes and other miscellaneous material. There is room, however, in their present quarters for most of this material, and if a small amount of space in the west side of Room No. 5 is assigned to them it would answer all their needs.

At present the President, Borough of Manhattan, has also stored in this room a number of old copy books of the Department of Public Works. There is room on the top floor of the Hall of Records for these books in a space already used for the storage of similar records.

This room has not been definitely assigned to any of the above occupants by the Commissioners of the Sinking Fund, and is therefore available for assignment.

The Secretary of the Commission for the Blind states that there is available \$300 in their budget for renting purposes.

The room contains 840 square feet. If a space three feet wide on the west side of the room is assigned to the Public Administrator for filing and storage purposes the Secretary states that the remaining area would be sufficient for the Commission's requirements.

I therefore recommend for your consideration the following resolutions, that:

(1) To the Public Administrator, 108 square feet on the west side of Room No. 5, in the basement of the Hall of Records for storage and filing purposes, be assigned.

(2) That the Comptroller be authorized to execute a lease with the State Commission for the Blind, for the 732 square feet remaining in this room, at an annual rental of \$300 a year for the first year, and at whatever rate he may determine fair and reasonable for further extension of the lease. Yours truly,

JOHN H. DELANEY, Commissioner.

In connection therewith the following resolutions were offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby assign to the Public Administrator of New York County, 108 square feet of space on the westerly side of Room No. 5 in the basement of the Hall of Records in the Borough of Manhattan, for storage and filing purposes.

Resolved, That the Commissioners of the Sinking Fund hereby authorize a lease to the State of New York, through its Trustees of Public Buildings, of 732 square feet of space on the easterly side of Room No. 5 in the basement of the Hall of Records in the Borough of Manhattan, for use of the State Commission for the Blind, for a period of one year from October 1, 1918, at an annual rental of three hundred dollars (\$300), with the privilege of renewal for an additional year at a rental to be hereafter agreed upon.

The report was accepted and the resolutions severally unanimously adopted.

**Edward I. Goldstein—Request of, for the Privilege of Erecting a Booth for the Sale Therein of Cigars, Candy, Etc., in the Colonnade of the Municipal Building (Cal. No. 67).**

The following communication was received:

September 9, 1918.

To the Honorable Commissioners of the Sinking Fund:

Gentlemen—I, the undersigned, beg leave to apply to your Honorable body for the privilege of erecting a booth and vending therein cigars, candy, etc., within the colonnade of the Municipal Building, occupying space against the wall at or near Tryon Row and Park Row corner, as shown on plan submitted with this application.

If your Honors will approve this plan, I propose to erect a booth which will enhance the appearance of the entrance, and, as the plans and specifications show, will be erected of the finest material that money can produce and will cost approximately twenty-one hundred dollars.

I offer for this privilege, the sum of eighteen hundred dollars per annum, payable in equal monthly installments, for a term of five years, and twenty-one hundred dollars per annum for the following five years.

I believe that a stand such as I propose would be of great convenience to the City's employees in the Municipal Building and to the many thousands of people who have occasion to use the subway trains at the stations underneath the building.

Trusting your Honorable Board will give this matter your favorable consideration, I am, Very respectfully yours,

EDWARD I. GOLDSTEIN, 347 Madison avenue, New York City.

And the following resolution was offered for adoption:

Resolved, That the application of Edward I. Goldstein for the privilege of erecting a booth for the sale of cigars, candy, etc., in the colonnade of the Municipal Building, Borough of Manhattan, be and the same is hereby denied, for the reason that it is the sense of the Commissioners of the Sinking Fund that no stands should be permitted in the colonnade of the Municipal Building.

Which resolution was unanimously adopted.

**Williams and Adams—Proposed Amendment to Resolution Adopted August 12, 1918 (Cal. No. 68).**

The Comptroller offered a resolution amending resolution adopted August 12, 1918 (Cal. No. 7), rescinding resolution adopted July 26, 1917, approving of an agreement with Williams and Adams for a settlement of dispute as to boundary line at Bergen Beach, Jamaica Bay, Borough of Brooklyn, and referring the agreement in question to the Commissioner of Docks, with a request that he furnish to this Board definite information, accompanied by a map and survey, which shall indicate the lands and lands under water alleged to be involved in the dispute, that is, the lands claimed by the City and those claimed by private parties, by adding thereto the following:

"also to take such steps as may be necessary for establishing pierhead and bulkhead lines in conformity with the agreement between the State and Federal Government in regard to the Jamaica Bay Improvement."

An injunction having been served on the Commissioners of the Sinking Fund restraining them from taking any action, the matter was stricken from the calendar.

**Calendo and Cordi—Amendment to Resolution Authorizing a Release to, of the City's Interest in a Portion of Kouwenhoven Lane, Brooklyn (Cal. No. 70).**

The Comptroller presented the following report and offered the following resolution:

September 18, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On July 25, 1918, the Commissioners of the Sinking Fund authorized a release to John Calendo and Mariano Cordi of the City's interest in certain premises contained in the lines of old Kouwenhoven lane, Borough of Brooklyn, in consideration of the sum of \$101, plus an additional charge of \$12.50 for the preparation of the necessary papers.

The description contained in this resolution is incorrect, in that it runs along the line of lot 75, in block 5689, which does not adjoin the petitioners' property.

I therefore respectfully recommend that the above resolution be amended by changing the description therein so as to make it read as follows:

"Beginning at a point in the southerly line of Kouwenhoven lane where the said line of Kouwenhoven lane is intersected by the westerly line of lot 72, block 5689, section 17, as shown on the tax map of the Borough of Brooklyn, said line being parallel to and distant 160 feet southeasterly from the easterly line of 11th avenue; running thence easterly along the said southerly line of Kouwenhoven lane, which line is coincident with the northerly or rear line of said lot 72, a distance of 42 feet 3 inches to the easterly line of said lot 72; running thence northeasterly in prolongation of the said easterly line of said lot 72, to the center line of Kouwenhoven lane; running thence westerly along the said center line 42 feet 3 inches, more or less, to the prolongation of the said westerly line of said lot 72, and running thence southwesterly along said prolongation to the southerly line of Kouwenhoven lane at the point or place of beginning."

Yours very truly, LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held July 25, 1918, authorizing a release to John Calendo and Mariano Cordi of the City's interest in certain premises within the lines of Kouwenhoven lane, in the Borough of Brooklyn, be and the same is hereby amended to read as follows:

Resolved, That the Commissioners of the Sinking Fund hereby determine that the land described as follows is not needed for any public use:

All that certain piece or parcel of land situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

—and be it further

Resolved, That pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize a release to John Calendo and Mariano Cordi of the interest of The City of New York in and to the property hereinabove in this resolution bounded and described in consideration of the sum of one hundred and one dollars (\$101), plus an additional charge of twelve dollars and fifty cents (\$12.50) for the preparation of the necessary papers.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed.

The report was accepted and the resolution unanimously adopted.

Whereas, William Waldorf Astor, in a petition addressed to the Commissioners of the Sinking Fund under date of May 29, 1917, requests a release of the City's interest in and to the property hereinabove described.

**New York Catholic Protectory—Petition of, for the Cancellation of Certain Assessments (Cal. No. 74).**

The Comptroller presented the following report and offered the following resolution:

July 20, 1918.

To the Honorable the Commissioners of the Sinking Fund of the City of New York: Gentlemen—The New York Catholic Protectory has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of The Bronx, designated on the official tax map as follows:

Blocks.	Lots.
3936.....	81
3937.....	25, 35
3938.....	1
3944.....	1
3945.....	40, 75
3946.....	75, 88
3949.....	42
3950.....	1
3959.....	1, 60
3960.....	1, 60 (60 of 60)
3961.....	1, 60, 66, 70
3962.....	10, 20, 70

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of the City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in the years 1866, 1869 and 1890; that it has owned the above described premises continuously since said dates and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the Tax Law, during the periods when the liens hereinafter set forth accrued. Said premises are used as follows:

For maintaining a home, elementary and trade schools and playgrounds for children committed by the courts to its care, between the ages of seven and sixteen years, wherein they are supported, educated and instructed in useful trades and employments; also for those children who may be entrusted to said corporation for protection or reformation by their parents or guardians; also for those children who may be transferred to said corporation at the option of the Commissioners of Charities and Correction.

It appears from an examination of the Assessment Rolls that all of the parcels above described have been exempt from local taxation for the year 1912 and since, except as to lot 88, block 3946; lot 60, block 3960, and lots 60 and 66, block 3961, all of which were exempt in 1914 and have been since, and the aggregate valuation for the year 1916 of the various parcels included herein is \$1,370,200.

In a communication dated January 18, 1916, from C. Rockland Tyng, Esq., Secretary of the Department of Taxes and Assessments, to the Comptroller, relating to the various parcels of property hereinbefore described, Mr. Tyng states as follows:

"The properties marked exempt were so marked because they either were occupied by the buildings of the Protectory or were used for grounds and for raising produce for the use of the institution.

"In 1911 there was a project on hand to sell a number of the parcels named, and they were consequently assessed. The project was abandoned and the property reverted to the uses of the institution."

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Inasmuch, however, as it appears from the records of the Department of Taxes and Assessments that none of said parcels last mentioned are exempt from taxation, nor were they exempt when the assessments sought to be cancelled accrued and became liens thereon, as required by said section of the Charter, I am constrained to withhold my certificate of approval of the cancellation thereof.

Among the charges returned by the Collector of Assessments and Arrears as open and unpaid, affecting certain of the parcels included herein, is the assessment for "Outlet Sewer and Appurtenances in Lafayette Avenue, etc.," confirmed and entered August 20, 1912, affecting the following described parcels, viz.:

Block 3946, lot 88; block 3960, lot 60; block 3961, lots 60 and 66.

It appears from the records of the Department of Taxes and Assessments, however, that none of said parcels last mentioned were exempt from taxation during the year 1912, when the assessment in question accrued and became a lien thereon, as required by said section of the Charter, and I, therefore, am constrained to withhold my certificate of approval of the cancellation of such assessment.

The total amount involved as principal in the above assessments is \$254,454.63. The property affected by these assessments is located in the Borough of The Bronx, as follows:

West Farms road, Unionport road, McGraw avenue, Storrow street, Olmstead avenue, Hoguet avenue, Starling avenue, Archer street, Lyvers street, Purdy street, Odell street, Castle Hill avenue, Parker street, Pugsley avenue and Benedict avenue.

The secretary of the petitioner, Robert Louis Hoguet, Esq., in response to a request, has submitted a financial statement for the fiscal year ending September 30, 1915, showing the total receipts from all sources to be..... \$470,780 39 and the expenditures for all objects..... 465,277 08 leaving a balance of..... 5,503 31

It further appears from such statement that of the total amount of receipts shown above, \$391,074.81 thereof was received from The City of New York.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of The New Catholic Protectory pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of the sum of \$66,274.08, being the amount of the awards due and payable to petitioner plus the nominal charge of \$10; provided, that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale.

Respectfully,  
LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of sixty-six thousand two hundred and eighty-four dollars and eight cents (\$66,284.08), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the New York Catholic Protectory, provided that at the time of such payment said corporation furnish proof by affidavit

that it is the actual owner of the property affected and that the same is not under contract of sale.

#### First Baptist Church in Pierrepont Street—Petition of, for the Cancellation of Certain Assessments (Cal. No. 75).

The Comptroller presented the following report and offered the following resolution:

September 19, 1918.

To the Honorable, the Commissioners of the Sinking Fund of The City of New York: Gentlemen—First Baptist Church in Pierrepont street has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as section 1, block 173, lot 23.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in or about December, 1895; that it has owned the above described premises continuously since that date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a place of public worship.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1895, and since, and the assessed valuation for the year 1918 is \$75,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessment.	
"Paving Flatbush Avenue Extension, from Fulton Street to Concord Street" (entered September 24, 1914)—No. 1347, section 1, block 173, lot 23.....	\$50 00
The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York affecting the property hereinbefore described. The total amount involved as principal in the above assessments is \$50. The property affected by these assessments is located in the Borough of Brooklyn at 360 Schermerhorn street.	

The treasurer, G. Howard Estey, in response to a request, has submitted a financial statement for the year, from November 1, 1916, to October 31, 1917, showing the total receipts from all sources to be \$20,110.96 and the expenditures for all objects \$19,827.74, leaving a balance of \$283.22.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the First Baptist Church in Pierrepont street, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of \$10, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected and that the same is not under contract of sales. Respectfully, LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars (\$10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by First Baptist Church in Pierrepont street, in the Borough of Brooklyn, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected and that the same is not under contract of sale.

#### Sisters of the Blessed Sacrament for Colored and Indian People—Petition of, for the Cancellation of Certain Taxes (Cal. No. 76).

The Comptroller presented the following report and offered the following resolution:

September 19, 1918.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—Sisters of the Blessed Sacrament for Colored and Indian People have presented to you a petition for the cancellation of certain taxes affecting premises in the Borough of Manhattan, designated on the official tax map as Section 6, Block 1736, Lot 12, formerly Lots 13 and 14.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents and sales to said City of any and all of the same, which at the time said section became a law were or might hereafter become a lien against any

real estate owned by any corporation entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about July 30, 1913; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation under said provision of the Tax Law during the periods when the liens hereinafter set forth accrued. Said premises are used as a convent and school for educational purposes.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation by the Department of Taxes and Assessments and the tax for 1914 remitted, and the assessed valuation for the year 1918 is \$60,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following taxes were levied against said property and are now open and unpaid on the records of the Department, namely:

Taxes.	
1913—Block 1736, lot 12, formerly 13.....	\$72 40
1913—Block 1736, lot 12, formerly 14.....	72 40

The above premises at the time the taxes accrued were not exempt from taxation as is required by article 1, section 4, subdivision 7 of the Tax Law, because they were not acquired until subsequent to the date of the fixing of the taxable status for the year 1913 by the Department of Taxes and Assessments.

These premises have been actually used for educational purposes since the date of acquisition and I therefore certify to the cancellation and remission of the interest charges upon the payment of the principal sum, to wit, \$144.80.

The records of this department show no awards paid or payable to petitioner and no lease to The City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above taxes is \$144.80. The property affected by these assessments is located in the Borough of Manhattan, on north side of West 138th street, near Lenox avenue.

The Superior, Rev. Mother Mary Paul, states that they have no funds, the support is derived from Mother House at Cornwells, Pa.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Sisters of the Blessed Sacrament for Colored and Indian People, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of the principal of said taxes, \$144.80, interest to be remitted, provided that at the time of such payment, said corporation furnish proof by affidavit that it is the actual owner of the property affected and that the same is not under contract of sale.

Respectfully, LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of one hundred and forty-four dollars and eighty cents (\$144.80), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following taxes, levied and assessed against property owned by the Sisters of the Blessed Sacrament for Colored and Indian People, in the Borough of Manhattan, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected and that the same is not under contract of sale:

Taxes.	
1913, Block 1736, Lot 12, formerly 13.....	\$72 40
1913, Block 1736, Lot 12, formerly 14.....	72 40

The report was accepted and the resolution unanimously adopted.

The records of this department show no awards paid or payable to petitioner and no lease to The City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is \$1,623.66. The property affected by these assessments is located in the Borough of Queens, at the southeast corner of McCormick and Jerome avenues, Ozone Park.

The rector, Rev. John Genders, in response to a request, has submitted a financial statement for the year ended December 31, 1917, showing the total receipts from all sources to be \$14,316.05 and the expenditures for all objects \$15,827.45, leaving a deficit of \$1,511.40.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of the R. C. Church of St. Mary Gate of Heaven, Ozone Park, pursuant to the provisions of such section of the Charter, and recommend the liens above set forth be cancelled upon the payment of \$10, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale.

Respectfully, LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars (\$10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following assessments, levied and assessed against property owned by the Roman Catholic Church of St. Mary, Gate of Heaven, in the Borough of Queens, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected and that the same is not under contract of sale:

**St. Benedict Joseph's Roman Catholic Church—Petition of, for the Cancellation of Certain Assessments (Cal. No. 78).**

The Comptroller presented the following report and offered the following resolution:

September 19, 1918.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: Gentlemen—St. Benedict Joseph's Roman Catholic Church has presented to you a petition for the cancellation of certain assessments for public improvements and water charges, affecting premises in the Borough of Queens, designated on the official tax map as Ward 4, block 478, lot 16.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote, cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might hereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about November 23, 1912, that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used exclusively for religious purposes.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation for the year 1912 and since, and the assessed valuation for the year 1918, is \$62,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Respectfully, LOUIS H. HAHLO, Deputy and Acting Comptroller.

**Federal Government—Assignment to, of North Brother Island, with Buildings and Appurtenances Thereon, Together with Three Boats, Turned Over by the Health Department.**

The following was received from the Commissioner of Health:

September 27, 1918.

Hon. JOHN KORB, Secretary, Commissioners of the Sinking Fund, Municipal Building, Borough of Manhattan:

Sir—I am forwarding herewith in accordance with the directions of the Board of Health, a resolution adopted by the Board at a meeting thereof held on September

27, 1918, providing for the transfer of the land, buildings and appurtenances now under the jurisdiction and control of the Department, located on North Brother Island, heretofore used for the isolation, care and treatment of persons suffering from infectious diseases, and the boats known as the "Franklin Edson," the "Pelham" and the "Dutchess," used for the transportation of such patients from different parts of The City of New York to North Brother Island, back to the Commissioners of the Sinking Fund.

The action taken by the Board in making such transfer was in response to an urgent appeal made by the United States Government to the City authorities requesting the use of North Brother Island for the duration of the war, in order that adequate facilities might be immediately provided for the isolation, care and treatment of men in the Federal Service affected with certain infectious diseases. A careful and comprehensive study of all the hospital facilities available and now used for the care of cases of infectious disease established to the satisfaction of the members of the Board of Health and the officials of the Department of Health that there are sufficient other available hospital facilities to care for all cases of infectious diseases which may hereafter occur in The City of New York. The Board has, therefore, determined that temporary transfer of North Brother Island and hospital buildings and facilities and of the three boats referred to will not deprive the citizens of The City of New York of that degree of protection against the spread of disease during the duration of the war, and a reasonable period thereafter necessary to conserve the public health, provided that the conditions proscribed in the resolution are complied with by the Federal Government, which conditions the representatives of the Federal Government have signified their willingness to have made a condition of the transfer.

The Board has certified in the resolution that the Department of Health will not require North Brother Island, its buildings and appurtenances or the boats known as the "Franklin Edson," the "Pelham" and the "Dutchess," and respectfully urges your Honorable Board to immediately consider the action taken in turning the same back to the Commissioners of the Sinking Fund, in order that the same may be assigned to the Federal Government for the duration of the war to be used for the care and treatment of men in the Federal Military Service.

I wish to add my personal appeal to that of the Federal authorities, and in support of the action taken by the Board of Health, and would request that your Honorable Body give the matter its immediate attention. Very truly yours,

R. S. COPELAND, Commissioner.

September 27, 1918.

Hon. JOHN KORB, Secretary, Commissioners of the Sinking Fund, Municipal Building, Borough of Manhattan:

Sir—At a meeting of the Board of Health of the Department of Health, held on the 27th day of September, 1918, the following resolution was adopted:

Whereas, The United States Army, acting through its Medical Department, has presented an urgent appeal to the Commissioner of Health to have the land, buildings and appurtenances located on North Brother Island, now under the supervision and control of the Department of Health and used for the isolation, care and treatment of persons affected with infectious diseases, and the boats, Franklyn Edson, Pelham and Dutchess, used for the transportation of such persons to and from North Brother Island, transferred to the Federal Government for the duration of the war, in order that the same may be used and employed for the care, treatment and transportation of men in the Federal military service affected with infectious diseases; and

Whereas, The City of New York is anxious to be of the greatest possible service to the Federal Government consistent with its duty and obligations; and

Whereas, This Board, having given due consideration to the needs and requirements of the Department of Health in providing for the isolation, care and treatment of persons affected with infectious diseases in The City of New York during the period of the war, has determined that the land, buildings and appurtenances on North Brother Island and the boats, Franklyn Edson, Pelham and Dutchess, would not be essential to the needs of the Department and the protection of public health for the duration of the war and eighteen (18) months thereafter, provided that the conditions set forth in the following resolutions are accepted by the Federal Government, it was, therefore,

Resolved, That the President of the Board be and is hereby directed to notify the Commissioners of the Sinking Fund of The City of New York that the Department of Health will not, for the period of the war and eighteen (18) months thereafter, require the land, buildings and appurtenances now under supervision and control, located on North Brother Island, and used for the isolation, care and treatment of persons affected with infectious diseases, or the boats, Franklyn Edson, Pelham and Dutchess, used for the transportation of such persons to and from North Brother Island; and be it further

Resolved, That the Commissioners of the Sinking Fund be requested to assign to the Federal Government for its use during the period of the war and for eighteen (18) months thereafter North Brother Island and the buildings and appurtenances now under the jurisdiction and control of the Department of Health, used for the isolation, care and treatment of persons affected with infectious diseases, and the boats Franklin Edson, Pelham and Dutchess used for the transportation of such persons to North Brother Island, such assignment, however, to be upon the following conditions:

1. That North Brother Island and all of its buildings shall be given over to the National Government for the period of the war and for a period not to exceed eighteen (18) months thereafter.

2. That at the expiration of the governmental use of North Brother Island, the buildings and equipment shall be returned to the City of New York in as good condition as when received; that any new buildings erected on North Brother Island shall be situated and erected where and in a manner satisfactory to the City of New York, acting by its Board of Health, and all such new buildings shall be the property of the City of New York.

3. That the Government of the United States shall immediately erect at Otisville a building, blue prints of which are already prepared and which is known as the Infirmary Building, in the manner originally planned and satisfactory to the City of New York, acting by its Board of Health. This building is to be erected on the foundation already laid and to be finished, complete in plumbing and fixtures, at a maximum cost of two hundred thousand dollars (\$200,000), or if such building is not erected by the United States Government, it shall pay to the City of New York forthwith the said sum of the two hundred thousand dollars (\$200,000) in cash and procure the necessary priority and other orders for construction.

4. That the grounds of the institution known as the Louisa Minturn Hospital, or at the option of the City, Pavilion No. 3 at Kingston avenue, to be used for the forced-in venereal patients, shall be enclosed immediately by a fence, granite base and iron superstructure, of sufficient height to restrain the inmates, at a maximum cost of six thousand dollars (\$6,000); or if such a fence, granite base and iron superstructure is not erected by the United States Government, it shall pay to the City of New York forthwith the said sum of six thousand dollars (\$6,000) in cash, and procure the necessary priority and other orders for construction.

5. That the Government of the United States shall erect immediately a wooden or temporary fence, cutting off the tuberculosis service of the buildings now located on the grounds of Kingston Avenue Hospital, and shall install a new floor in the building at Kingston avenue, called the "Old Diet Kitchen," these two items to cost not to exceed one thousand dollars (\$1,000), or if such repairs are not made by the United States Government it shall pay to the City of New York forthwith said sum of one thousand dollars (\$1,000) in cash, and procure the necessary priority and other orders for construction.

6. That the Government of the United States shall erect immediately on the grounds of Willard Parker Hospital a laundry building satisfactory to The City of New York, acting by its Board of Health, completely furnished with laundry machinery, together with such additional boilers as may be necessary to operate the same, all of sufficient capacity to take care of the patients and staff of the Willard Parker Hospital, at a maximum cost of one hundred and seventy thousand dollars (\$170,000); or if such building is not erected by the United States Government, it shall pay forthwith to The City of New York the said sum of one hundred and seventy thousand dollars (\$170,000) in cash, and procure the necessary priority and other orders for construction.

7. The Government shall make such internal changes in the Minturn Hospital immediately as will fit it for its new uses, at a cost not to exceed six thousand dollars (\$6,000); or if such changes are not made by the United States Government, it shall pay to The City of New York forthwith the said sum of six thousand dollars

(\$6,000) in cash, and procure the necessary priority and other orders for construction.

8. That The City of New York, acting by its Board of Health, shall turn over to the United States Government the boats known as the "Franklyn Edson," the "Pelham" and the "Duchess," to be used under the same terms and conditions as the buildings upon North Brother Island.

9. All such equipment as may be needed by The City of New York, acting by its Board of Health, to provide for the proper care of City patients usually sent to North Brother Island, shall be removed from the Island to such other buildings as may be determined upon by the City, acting by its Board of Health; all remaining equipment shall be turned over to the Government as per inventory; all stores and supplies except coal, shall be returned to the City, or paid for by the Government; all coal on the Island, when it is turned over, shall be taken by the Government at the market price.

10. So far as possible, the Government shall take over the light, heat and power employees, the clerks, laboring force and boat crews.

A true copy. CHARLES L. KOHLER, Secretary.

The Health Commissioner was heard in regard to the matter.

After discussion the following resolution was offered for adoption:

Whereas, The Board of Health of the Department of Health at meeting held September 27, 1918, adopted the following:

"Whereas, The United States Army acting through its Medical Department has presented an urgent appeal to the Commissioner of Health to have the land, buildings and appurtenances located on North Brother Island, now under the supervision and control of the Department of Health and used for the isolation, care and treatment of persons affected with infectious diseases, and the boats Franklyn Edson, Pelham and Duchess, used for the transportation of such persons to and from North Brother Island, transferred to the Federal Government for the duration of the war, in order that the same may be used and employed for the care, treatment and transportation of men in the Federal military service affected with infectious diseases; and,

"Whereas, The City of New York is anxious to be of the greatest possible service to the Federal Government consistent with its duty and obligations; and,

"Whereas, This Board, having given due consideration to the needs and requirements of the Department of Health in providing for the isolation, care and treatment of persons affected with infectious diseases in The City of New York during the period of the war, has determined that the land, buildings and appurtenances on North Brother Island, and the boats Franklyn Edson, Pelham and Duchess would not be essential to the needs of the Department and the protection of public health for the duration of the war and eighteen (18) months thereafter, provided that the conditions set forth in the following resolutions are accepted by the Federal Government; it was therefore

"Resolved, That the President of the Board be and is hereby directed to notify the Commissioners of the Sinking Fund of the City of New York that the Department of Health will not for the period of the war and eighteen (18) months thereafter require the land, buildings and appurtenances now under supervision and control, located on North Brother Island, and used for the isolation, care and treatment of persons affected with infectious diseases, or the boats Franklyn Edson, Pelham and Duchess, used for the transportation of such persons to and from North Brother Island; and be it further

"Resolved, That the Commissioners of the Sinking Fund be requested to assign to the Federal Government for its use during the period of the war and for eighteen (18) months thereafter North Brother Island and the buildings and appurtenances now under the jurisdiction and control of the Department of Health, used for the isolation, care and treatment of persons affected with infectious diseases, and the boats Franklyn Edson, Pelham and Duchess, used for the transportation of such persons to North Brother Island, such assignment, however, to be upon the following conditions:

"1. That North Brother Island and all of its buildings shall be given over to the National Government for the period of the war and for a period not to exceed eighteen (18) months thereafter.

"2. That at the expiration of the governmental use of North Brother Island the buildings and equipment shall be returned to The City of New York in as good condition as when received; that any new buildings erected on North Brother Island shall be situated and erected where and in a manner satisfactory to The City of New York, acting by its Board of Health, and all such new buildings shall be the property of The City of New York.

"3. That the Government of the United States shall immediately erect at Otisville a building, blueprints of which are already prepared and which is known as the Infirmary Building, in the manner originally planned and satisfactory to The City of New York, acting by its Board of Health. "4. That the grounds of the institution known as the Louisa Minturn Hospital, or at the option of the City, Pavilion No. 3 at Kingston avenue, to be used for the forced-in venereal patients, shall be enclosed immediately by a fence, granite base and iron superstructure of sufficient height to restrain the inmates, at a maximum cost of six thousand dollars (\$6,000); or if such a fence, granite base and iron superstructure is not erected by the United States Government, it shall pay to The City of New York forthwith the said sum of six thousand dollars (\$6,000) in cash and procure the necessary priority and other orders for construction.

"5. That the Government of the United States shall erect immediately a wooden or temporary fence, cutting off the tuberculosis service of the buildings now located on the grounds of Kingston Avenue Hospital, and shall install a new floor in the building at Kingston avenue, called the 'Old Diet Kitchen,' these two items to cost not to exceed one thousand dollars (\$1,000); or if such repairs are not made by the United States Government, it shall pay to The City of New York forthwith said sum of one thousand dollars (\$1,000) in cash and procure the necessary priority and other orders for construction.

"8. That The City of New York, acting by its Board of Health, shall turn over to the United States Government the boats known as the Franklyn Edson, the Pelham and the Duchess, to be used under the same terms and conditions as the buildings upon North Brother Island.

"9. All such equipment as may be needed by The City of New York, acting by its Board of Health, to provide for the proper care of City patients usually sent to North Brother Island shall be removed from the Island to such other buildings as may be determined upon by the City, acting by its Board of Health; all remaining equipment shall be turned over to the Government as per inventory; all stores and supplies, except coal, shall be returned to the City, or paid for by the Government; all coal on the Island, when it is turned over, shall be taken by the Government, at the market price.

"10. So far as possible, the Government shall take over the light, heat and power employees, the clerks, laboring force and boat crews."

And Whereas, The Commissioners of the Sinking Fund having in mind the necessity of co-operating with the Federal authorities in every way possible in order to bring about a successful and speedy termination of the war, and that it appears that the United States Government is in imperative need of the property, and that the well being of The City of New York will be greatly promoted thereby; it is

Resolved, That the Commissioners of the Sinking Fund hereby assign to the Federal Government for its use, during the period of the war and for eighteen

months thereafter, North Brother Island and the buildings and appurtenances thereon now under the jurisdiction and control of the Department of Health, used for the isolation, care and treatment of persons affected with infectious diseases, together with the boats Franklyn Edson, Pelham and Duchess, used for the transportation of such persons to and from North Brother Island, upon the following conditions:

## Proposals.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Street Cleaning, at Room 244, Municipal Building, Manhattan, until 12 noon, on

TUESDAY, OCTOBER 8, 1918,

FOR (NO. 1) FURNISHING FORAGE; (NO. 2) FOR DELIVERING FORAGE AT THE 25 STABLES OF THE DEPARTMENT OF STREET CLEANING IN THE BOROUGHS OF MANHATTAN, THE BRONX AND BROOKLYN.

The time for the completion of the contract will be on or before October 31, 1918.

The amount of the security required for the faithful performance of the contract will be thirty per cent. of the contract price.

The amount of the deposit to be made with the bid shall be not less than one and one-half per cent. of the total amount of the bid.

Bids must be submitted in duplicate in sealed envelopes.

The bidder will state the price of each item for which he desires to bid, and awards, if made, will be made to the lowest bidder on each item in either class.

The City reserves the right to accept the bid for furnishing forage and to reject the bids for carting, or to accept both bids, but it does not reserve the right to accept the bid for carting alone or to award a contract for carting alone.

The bidder shall state separately in his bid, as follows:

(1) Under the heading "Forage, Unit Price," the sale price or prices per 100 lbs. for furnishing each kind of forage in suitable bags or bales, at the "Contractor's Delivery Point," as elsewhere designated in the sheets.

(2) Under the heading "Carting, Unit Price," the bidder shall state the price or prices per 100 lbs. for delivering each kind of forage from the "Contractor's Delivery Point," as indicated in the bid sheets, to the "Department Receiving Points."

(3) On the sheet headed "Schedule of Contractor's Delivery Points," the location of the place or places from which he will deliver forage to vehicles furnished by the Department. The points shall be designated in the column provided for the purpose on the "Schedule of Quantity and Prices" by means of "Letters" corresponding with those which appear opposite the described locations as shown on the "Schedule of Contractor's Delivery Points," from which it is intended that the item of forage is to be delivered.

Bidders desiring to furnish either or all of the various items of forage required for the Boroughs of Manhattan, The Bronx and Brooklyn, but not to deliver the same, may submit their bids on the sheet entitled "Schedule of Quantity and Prices, Class 'B'."

Bids may be submitted on this form for furnishing the various items of forage in the quantities required for each of the said Boroughs.

The attention of bidders is directed to the contents of the "Special Instructions and Additional Instructions" attached to the proposal for bids.

Should the bidder make use of the schedules specified under Class "A" or "B," extensions must be made and total prices stated for furnishing each item (in case the bidder desires to deliver the forage) and the total price for forage and carting combined.

Deliveries will be required to be made at the time and in the manner and in such quantities as may be directed by the Commissioner.

The U. S. Food Administration has granted to this Department the right to contract for forage to the end of the year 1918, and the successful bidder, if duly licensed by the U. S. Food Administrator, will be granted the necessary permit.

Blank forms of bid and proposals may be obtained at the Main Office of the Department of Street Cleaning, Room 1244, Municipal Building, Manhattan.

A deposit of One Dollar (\$1) will be required for each set of bid forms, to be returned in case the bids are submitted or the forms returned in good condition.

Dated, Sept. 23, 1918.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five percentum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be enclosed in the envelope containing the bid, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.

## HUNTER COLLEGE RETIREMENT SYSTEM.

September 26, 1918.

*Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:*

Dear Sir—In accordance with chapter 584 of the Laws of 1918, I send you in this letter a statement of the amounts required to be paid by The City of New York into the various funds of the Hunter College Retirement System to cover the requirements for the fiscal year 1919.

Up to the present time it has been impossible to make the actuarial valuations ordinarily required before the estimate is submitted, because the system has been in operation for a period of less than two months and the records have not been verified.

The following items are therefore requested without the submission of the detail figures in substantiation which will ordinarily be available:

Pension Reserve Fund No. 2.....	\$5,000 00
Contingent Reserve Fund.....	1,100 00
Expense Fund .....	2,000 00
Total .....	\$8,100 00

The request for the Pension Reserve Fund No. 2 covers the actual amounts which will be needed to pay the pensions of those teachers now in the service who will probably be on the retirement roll during the year 1919.

The amount requested for the Contingent Reserve Fund covers the mandatory contributions which the City will probably be called upon to make on account of the salaries of teachers appointed after August 1, 1918.

The amount requested for the Expense Fund carries with it the understanding that we will receive the courteous assistance from your staff which has been furnished during the year 1918, and that the time of the employees engaged in the Hunter College System will be charged against the \$2,000 requested.

Therefore the Hunter College respectfully requests that the following resolutions be adopted by the Board of Estimate in connection with the appropriations allowed for the Expense Fund.

Resolved, That the Board of Estimate and Apportionment, pursuant to chapter 584 of the Laws of 1918, section 1, subdivision B4, hereby approves of the employment of permanent or temporary employees, under the jurisdiction of the Hunter College Retirement Board, to assist in the establishment and routine administration of the Hunter College Teachers' Retirement System, at a compensation not in excess of five dollars per diem; also of the purchase of such equipment, supplies and printing and the payment of such contingency expenses as shall be necessary; such amounts to be paid out of the Expense Fund created on this date by this Board, by an appropriation of two thousand dollars (\$2,000) in special revenue bonds;

Resolved, That the Board of Estimate and Apportionment hereby authorizes its Secretary to arrange for the performance by the pension force of the Board, of the actuarial, clerical and accounting work of administering the Teachers' Retirement System of Hunter College, the appropriation funds of the Board to be reimbursed to the extent of the actual cost to it of the services of its employees so utilized, and of the requisite supplies, equipment, etc., devoted to this purpose by a bookkeeping transfer of the charge to the Expense Fund established to-day by resolution of this Board.

Trusting that the delay in forwarding this estimate which reports a new item for inclosure in the budget has not caused you any inconvenience, I remain,

Respectfully yours, WILLIAM G. WILLCOX, Chairman of the Hunter College Retirement System.
