Which was ordered on file.
The President laid before the Board the following communication from the Presiding Justice of the Children's Court:
No. 188.

Children's Court—Annual Report for the Year 1917.

Children's Court, City of New York, January 31, 1918.
To the President of the Board of Aldermen, City Hall, New York City:
Sir—In compliance with the provisions of section 34-J of chapter 531 of the Laws of 1915, I have the honor of transmitting to you herewith the Annual Report of the Children's Court of the City of New York for the year 1917. Respectfully,
FRANKLIN CHASE HOYT, Presiding Justice.

REPORT OF THE PRESIDING JUSTICE.

To the Mayor, the Comptroller, the President of the Board of Aldermen of the City of New York and the Secretary of the State of New York:
In compliance with the provisions of section 34-J of chapter 531 of the Laws of 1915, I have the honor of transmitting to you the Annual Report of the Children's Court of the City of New York for the year 1917.

CONDITIONS DURING THE YEAR.

Like many other organizations and institutions, the Children's Court has been affected to a certain extent by the unsettled conditions prevailing during the year 1917. It was to be expected that the entry of the nation into the war would be felt in the course of our work and that as a result our problems would be added to. While his has occurred, in a measure, the total effect so far has not been very great, and it is with pleasure that we can report continued progress and achievement. Most assuredly no backward step has been taken, and the end of the year finds the Court in certain respects better equipped and more efficiently organized than ever before.

Obligation of Service.

At the outbreak of the war the question immediately arose of what was the best and most appropriate service that each could render the country in its hour of need. Every official and every employee of the Court were anxious to do their part in the great cause. The problem, of course, was an individual one in each case and it was not easy to decide just what service would be of the highest value under the circumstances. A number wished at once to enlist or to join the various officers' training camps. Some who were beyond the age to enroll in the army or navy thought of seeking positions in other branches of the Federal Government.

In order to learn just who were eligible for service in the fighting forces the Justices caused a careful computation to be made and discovered that a comparatively small number of the Court officials were of appropriate years, the vast majority being beyond the age limit. To those who were fitted for commissions or enlistment the Justices announced that they not only would offer no objection to their volunteering, but would aid them in every way and would safeguard their positions until their return so far as permitted by law. To all the rest it was pointed out that service in the Children's Court was probably the most important and valuable work they could render the country at the present time, and that it would be highly inadvisable for any one to exchange a service in which he had been well trained for another of a strange and possibly less useful character. The attention of all was called to the fact that in England, France and other European countries there had been a very great increase of delinquency and improper guardianship among children, and that those engaged in grappling with and solving this problem, for the most part, were regarded as being in war service. In short, the Justices have encouraged all who could possibly join the fighting forces to do so, but discouraged the older men from seeking clerical or similar positions in the uniformed or Government service, for, as they pointed out, the present work of our officials and employees is, in their judgment, of the greater importance to the community.

As a result of this policy we have lost the services of few men, but we certainly do not begrudge that loss. Four of our officials during the past few months have gained commissions, three in the army and one in the navy. Some who were not eligible for active service are doing government work of the highest importance in addition to their regular court activities. All who remain, both men and women, are carrying on their work with zeal and enthusiasm, conscious of the fact that in the performance of their regular duty they are giving of their best to the country.

Increase in Cases.

There were 14,519 cases of individual children brought before the Court during 1917. This is an increase of 2,094 over 1916, when 12,425 children were dealt with. It is lower, however, than in 1911 and 1912 and only a little above the totals for 1913, 1914 and 1915, in which latter year 14,135 children were brought in for various reasons.

A most interesting table, prepared for the first time, will be found on page, showing the total arraignments each year since the organization of the various Children's Courts in New York City.

It is most interesting to note that the arrests for Juvenile Delinquency in 1917, with the single exception of 1916, were, in reality, less than in several years past, as may be seen from the following figures:

Arrests for Juvenile Delinquency.

1913.....	8,012	1916.....	5,970
1914.....	7,898	1917.....	7,232
1915.....	7,927		

The cause of the increase of cases in 1917 over 1916 cannot, of course, be determined with accuracy. It is not large as compared with former years and, inasmuch as the figures for 1917 fall below those of some previous years, the greater part of this increase must be ascribed to the ordinary rise which might be expected after an unusually low year. On the other hand, it is apparent from the study of our cases that certain conditions indirectly due to the war are responsible for some of this additional quota. So far, it is true, we have not had to face the situation which in England and other countries has resulted in such a tremendous increase in Juvenile Delinquency, namely, the absence of the parents from the home. Since the beginning of the war we have not been able to find many instances where the heads of the family have been called for war duties. It must be remembered that so far the draft has taken few married men, certainly very few of such age as to have children old enough to be brought into Court. We cannot, therefore, ascribe this increase directly to war conditions, such as the absence of the parents and the consequent loss of the children's control. But beyond question other situations have been created by reason of the war which have greatly altered our social life, and have had their reflex action on the problems of Juvenile Delinquency and Improper Guardianship. The scarcity of food and fuel has made it difficult to provide properly for some of the children. The income of certain families have been reduced through the calling of older sons to the Colors. Then, again, the social unrest of the present time has manifested itself in various ways among the children of the City. For example, several hundred of our new cases this year were caused by the so-called school "strikes" during the autumn.

But, after all, it should really be a matter of congratulation that the increase in the number of our cases was so small. It was far less than in many cities of this country during the same period and seems to prove that the work of prevention which is engaging the attention of so many social agencies has been bearing good fruit.

PROGRESS DURING THE YEAR.

Considerable progress was made during 1917 in the development of the court activities and administration.

The Clinic.

A most important event in the progress of the Children's Court was the establishment on the first of January, 1917, of its new Clinic for the examination of mentally deficient children pursuant to the provisions of chapter 691 of the Laws of 1913. It has been well organized and has rendered most valuable service to the Court, not only in passing upon cases of mental deficiency, but in the diagnosis of all psychopathic and border line cases as well.

We are submitting herewith its first report, prepared by Doctor Helen Montague, the Acting Chairman of the Board, which shows that 781 examinations were made in the course of the year.

The work of the Clinic was handicapped to a serious extent by the temporary withdrawal during the summer of both Dr. Morris J. Karpas, the Chairman of the Board, and Dr. George C. Brewster for service with the Federal forces, the former having been commissioned a Captain in the Army and the latter a Lieutenant in the Navy. While we were exceedingly loath to let go for even a short time, we recognized that the country had even a greater claim than the Court for their services in the present crisis. The Clinic was most fortunate, however, in securing, by the efforts of its Medical Board, additional assistance through the National Committee on Mental Hygiene, and this has permitted the work to continue without interruption in spite of the absence of our two medical advisers.

The Proposed Constitutional Amendment.

It is most satisfactory to note the passage through the last legislature of the proposed constitutional amendment which was discussed in our report for 1916. It will be remembered that the object of this amendment is to permit the Legislature to confer upon Children's Courts "such equity or other jurisdiction as may be necessary for the correction, protection, guardianship and disposition of delinquent, neglected or dependent minors."

This proposition must now lie over until 1919, when it will come up for repassage before a new legislature. If favorably acted upon at that time it will be submitted to the voters of the State in the autumn of 1919. We trust that it will receive the support and assistance, not only of all the friends of the Court but of every citizen who is in favor of making the administration of Justice more intelligent and humane.

Places for Temporary Commitment—The Acceptance of Short Remands by the Institutions.

In our last report we had occasion to refer to the need of sending a child to an institution for several weeks or months, either for the purpose of observation or discipline. It was shown that such a remand was not to be considered as a definitive punitive commitment for a short period, but rather as an assistance to the Court in perfecting and continuing its probationary supervision. But at that time there was no institution which would accept children under such conditions. Since then a great change has taken place. Early in this year the New York Juvenile Asylum agreed to take certain classes of children for temporary periods, and at the present writing practically every institution, with the exception of one or two, has agreed to do the same. We realize it has entailed a certain amount of hardship and inconvenience upon the institutions themselves to do this, but we feel that the gain in the treatment and correction of certain types of cases will more than compensate for all the trouble it may cause. To those who have made the practice possible and who have opened up these additional facilities to the Court we owe a great debt, and we feel convinced that future experience will demonstrate the permanent value of the new plan.

The Brooklyn Court Building.

Progress has been made during the past year towards the provision of a new Building for the Brooklyn Children's Court. The site has been secured and plans have been drawn after a very careful study of the various needs of this important Court. It is hoped that the city authorities will hasten its completion by every means in their power, as the existing conditions under which the Court has to work are becoming intolerable.

Increase of the Probation Bureau.

Five new positions were created in our probationary force during 1917, bringing our total number of probation officers to 55, exclusive of the Chief Probation Officer and the Deputies. This increase will be of great help, but of course it does not go very far towards relieving the situation which we analyzed at some length in our last report. If the work of the Children's Court is to achieve permanent success and to bring about the largest possible results we must have enough probation officers to look after every single case with proper care and vigilance. Respectfully submitted,
FRANKLIN CHASE HOYT, Presiding Justice.

The President laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 189.

Commissioner of Water Supply, Gas and Electricity—Request for Authority to Contract for the Maintenance of Poles, Telephone Wires and Appurtenances Connected with Property of The City of New York and Used by the Military Authorities for the Protection of the Water Supply System.

The City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York, January 31, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—Under authority of resolution of the Board of Aldermen on November 13, 1917, this department has entered into contracts for the construction of the necessary pole lines, wires and other appurtenances to provide lighting and telephone service for the military authorities assigned to the guarding of the water works. The expense of the construction work to provide the necessary telephone service is approximately \$30,000. This work has been practically completed and the department is now prepared to enter into a contract with the New York Telephone Company for service for the year 1918. This contract also includes an item of expense for the maintenance of the poles, wires and appurtenances connected therewith, which are the property of the City of New York.

The Corporation Counsel has just advised me that by reason of the inclusion of this item, and the expense involved being in excess of \$1,000, it will be necessary for the Board of Aldermen to consent to the expenditure of these funds without public letting.

The department believes that it would be impracticable for any other agency than the New York Telephone Company to attempt to undertake the maintenance work of the telephone lines and all of the appurtenances connected with this special telephone system. For military reasons alone it would be unwise to allow any outside company or individuals to work upon the telephone lines, and I, therefore, respectfully request that the Board of Aldermen grant me permission to enter into an agreement with the New York Telephone Company for the expenditure of \$4,500 for the maintenance of the telephone lines used exclusively by the military authorities in the protection of the New York City's water supply system, without the formality of competitive bidding.

I annex hereto draft of proposed resolution in relation thereto. Respectfully,
NICHOLAS J. HAYES, Commissioner.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he is hereby empowered to enter into an agreement, without public letting, with the New York Telephone Company for the expenditure of funds not to exceed four thousand five hundred dollars (\$4,500) for the maintenance of poles, telephone wires and appurtenances connected therewith, being the property of the City of New York and used by the military authorities in the protection of the water supply system.

Alderman McCann moved that the resolution accompanying the foregoing communication be made a Special Order for the day.

Which was adopted.

Subsequently the President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Browne, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Squiers, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, the Vice-Chairman—64.

The President laid before the Board the following communication from the Commissioner of Parks, Borough of The Bronx:

No. 190.

Commissioner of Parks, Borough of The Bronx—Request for Authority to Purchase Parts for Repairs to Lawn Mowers.

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, New York, February 1, 1918.

Honorable ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Sir—In pursuance of the provisions of section 419 of the Greater New York Charter, application is hereby made for the adoption of a resolution authorizing and empowering the Commissioner of Parks for the Borough of The Bronx, to purchase in the open market, the several parts required to make the necessary repairs to its auto lawn, horse and hand lawn mowers during the year 1918 at a cost not to exceed fifteen hundred and forty-seven dollars (\$1,547).

In the budget for 1918 there was allowed in:

Code 1231, Other Materials—	
Parts for auto lawn mowers	\$525 00
Parts for horse and hand mowers	1,022 00
Total	\$1,547 00

In 1916 a contract was advertised for the repairing of the lawn mowers under the jurisdiction of this department, but no bids were received.

During the past year a resolution was adopted by the former Board of Estimate, permitting this department to purchase in the open market such materials as were required at a cost not to exceed \$1,547.

This was found to be satisfactory, the prices being reasonable, and the department's mechanic able to make the repairs.

It is impossible to make a contract for the purchase of the parts, inasmuch as the various parts to be replaced are not known in advance.

This department has the following lawn mowers: 6 auto lawn mowers, 58 horse lawn mowers, 136 hand lawn mowers, 18 putting green mowers.

Since the repairing of these mowers should commence at once, the early action of your Honorable Board is earnestly requested. Very truly yours,

JOSEPH P. HENNESSY, Commissioner of Parks, Borough of The Bronx.

The President laid before the Board the following communications from the Supervisor, City Record:

No. 191.

Supervisor of the City Record—Request for Special Revenue Bonds, \$1,445, to Defray the Expenses of Moving the Distributing Office of the City Record and Hire of Labor in Connection Therewith.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, February 1, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—I respectfully request, pursuant to subdivision 8 of section 188 of the Greater New York Charter, that the Board of Aldermen authorize an issue of special revenue bonds in the sum of \$1,445 to defray the expenses of moving the

distributing office of the City Record from 96-98 Reade Street, Manhattan, to 125-127 Worth Street, Manhattan.

Six hundred and twenty dollars (\$620) is requested to pay the expenses of moving all the supplies, fixtures and equipment to 125-127 Worth Street, and eight hundred and twenty-five dollars (\$825) is requested in order to secure the services of emergency laborers at \$2.75 per day to handle and pack the supplies at the old quarters at 96-98 Reade Street and to unpack and distribute the supplies, etc., at the new quarters at 125-127 Worth Street, Manhattan.

This office had a small allowance made to it in the 1918 budget for emergency laborers for 100 days. It has been entirely exhausted. It is desired to replenish this fund with 100 of the days asked for in the above request for special revenue bonds. Respectfully,

PETER J. BRADY, Supervisor of the City Record.

No. 192.

Supervisor of the City Record—Request for Special Revenue Bonds, \$2,500, to Provide Funds for Fixtures, Equipment, Alterations and Repairs to Quarters Assigned to the Distributing Division of the City Record in the City-Owned Buildings at 125-127 Worth Street.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, February 1, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—I respectfully request, pursuant to subdivision 8 of section 188 of the Greater New York Charter, that the Board of Aldermen authorize an issue of special revenue bonds in the sum of \$2,500, to provide the necessary funds for fixtures, equipment and alterations and repairs to the quarters assigned to the Distributing Division of the City Record in the city owned buildings at 125-127 Worth Street, Manhattan. Until January 31st the Distributing Division was located at 96-98 Reade Street, in privately owned buildings, under a lease calling for an annual rental of \$4,500. It will require \$2,500 to make the necessary repairs to the buildings and purchase fixtures that will be necessary for this office to properly conduct its business. In case the revenue bond issue is authorized I would suggest that it be assigned to the President of the Borough of Manhattan, as the City Record office is desirous that the work be done under the supervision of the Borough President.

Respectfully, PETER J. BRADY, Supervisor of the City Record.

The President laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 193.

Board of Trustees, Bellevue and Allied Hospitals—Request for Authority to Purchase an Automobile Without Public Letting.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, January 30, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen for permission to buy in the open market, without public letting, an automobile for the use of the officials of the department. Funds were provided in the budget for 1918 to the extent of \$1,300 for this purpose. This request is made, as it will be difficult, if not impossible, to obtain an acceptable car by advertising for bids. Respectfully,

JNO. G. O'KEEFE, Secretary, Board of Trustees.

The President laid before the Board the following communication from the Commissioner of Parks, Borough of Brooklyn:

No. 194.

Commissioner of Parks, Brooklyn—Request for Authority to Purchase One Automobile Lawn Mower Without Public Letting.

City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Fifth Street and Prospect Park West, January 30, 1918.

To the Honorable Board of Aldermen of The City of New York, City Hall, Manhattan:

Gentlemen—You are hereby respectfully requested to grant permission to enter into a contract without public letting for the purchase of one automobile lawn mower, in the amount of \$1,350, for which funds have been provided.

Also the purchase of a number of gasoline tree spraying machines, in an amount not to exceed \$2,400, which funds have likewise been provided.

The object of this request is the fact that standard gasoline lawn mowers and gasoline tree spraying machines are desired in order to continue the efficient service and to facilitate the making of repairs and replacing the parts.

Your Honorable Board is hereby requested to approve the awarding of the contracts for the purchase of these machines without public letting, in accordance with section 419 of the Charter of the City of New York. Very truly yours,

JOHN N. HARMAN, Commissioner.

The President laid before the Board the following communication from the President, Borough of Richmond:

No. 195.

President, Borough of Richmond—Request for Amendment to the Code of Ordinances, Relative to the Restoration of Pavements, Etc.

The City of New York, Office of the President of the Borough of Richmond, Bureau of Highways, Borough Hall, S. I., January 30, 1918.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—I desire to bring to your attention that for some time past this department has realized that the charges heretofore collected for the restoration of pavements and the supervision over the refilling of trenches in the Borough of Richmond have been inadequate, due to the increased cost of highway material and the great increase in wage rate.

The present ordinance governing connections with sewers, etc., certain use of the public streets and the making of openings in pavements and restoration thereof in this Borough was enacted a number of years ago when the prevailing rate for labor was \$2 a day and highway material forty per cent. cheaper than at the present time. Under the existing ordinance this department is simply a collection agency for all pavement under guarantee where open market orders are issued to the pavement companies for the restoration of pavement while under maintenance. As this ordinance governs all moneys collected in connection with the fund known as "Special Fund Restoring and Repaving," no allowance is appropriated by the Board of Estimate and Apportionment for three employees whose services are required in connection with said fund; to be more explicit, it must be self sustaining.

In consequence thereof, I respectfully request that chapter 23, article 9, section 97 be amended to read as per schedule hereto attached.

Trusting that you will give this matter immediate attention as it is vitally important to put those charges in operation at the earliest opportunity.

Very truly yours, HENRY P. MORRISON, Acting President, Borough of Richmond.

City of New York, City Magistrates' Courts, 300 Mulberry Street, January 30th, 1918.

In this connection I desire to inform you that a like resolution was adopted by the Board of Aldermen on January 25th, 1916.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, January 31, 1918.

Hon. Board of Aldermen, City Hall, New York City, N. Y.:

Gentlemen—On February 27, 1917, the following resolution was adopted by your Board, viz.:

"Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the President of the Borough of Richmond, the said President of the Borough of Richmond, may, by requisition, draw upon the Comptroller for the sum of \$350, and may in like manner renew the draft as often as may be deemed necessary, to the extent of the appropriations set apart for his office during the year 1918; but no such renewal shall be made until the money paid upon the preceding draft on the funds of his office shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the President of the Borough of Richmond covering the expenditures of the money paid thereon."

I would request that a similar resolution covering incidental expenses for the year 1918 be adopted. Yours respectfully,

CALVIN D. VAN NAME, President of the Borough of Richmond.

No. 198.

Commissioner of Street Cleaning—Request for Authority to Purchase Automobiles Without Public Letting.

Department of Street Cleaning of The City of New York, Office, Municipal Building, 12th Floor, February 1, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen:

Sir—Pursuant to section 419 of the Greater New York Charter, I respectfully request permission to purchase in the open market, without public letting, two new four cylinder Jeffrey automobiles, 1917, model, fully equipped, at an expense not to exceed \$1,724, for both, delivered in New York City, and without payment by the City of the war tax.

These machines are needed for the use of Borough Superintendents of this Department in the Boroughs of Manhattan and Brooklyn, whose duties require them to make constant visits to the various dumps, stables, section stations, and to supervise the work of the officers and men of the Department, in the field, in their respective Boroughs. These machines are well adapted to such use, and the offer of \$862 each, made by the Poertner Motor Car Company, Inc., of No. 1759 Broadway, New York City, is regarded as especially advantageous at this time, as the regular price of the machines is about \$1,200 each, and it would not be possible to obtain any such offer through the medium of competitive bids. Yours truly,

A. B. MacSTAY, Commissioner.

No. 200.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Secretary to the Corporation Counsel.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Law Department of the grade of position, in addition to those heretofore established, as follows:

JAMES MATTHEWS, Assistant Secretary.

January 29, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On January 22, 1918, the Corporation Counsel requested authority, as provided in paragraph Second (c) of the terms and conditions of the 1918 Budget, to fill a vacancy and establish a rate of salary therefor, under the provisions of section 56 of the Greater New York Charter. This was referred to the Committee on Salaries and Grades, Item No. 84, Calendar of January 25, 1918. The Bureau of Personal Service reports thereon as follows:

"Vacancy—Secretary to the Corporation Counsel at a salary of \$4,680.

"Result of Investigation—Mr. Stuart V. Crawford has resigned his position as Secretary to the Corporation Counsel, the place carrying with it a salary of \$4,680. The Corporation Counsel states that he wishes to fill it at the rate of \$4,000 per annum, and requests that the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment of this salary, pursuant to the provisions of section 56 of the Greater New York Charter, in order that payment may be authorized at the decreased rate. The Corporation Counsel has selected as the new incumbent of the position Mr. Joseph H. Johnston, who has been in charge of the correspondence of the entire Law Department for many years. Mr. Johnston has been employed in the department as a Civil Service employee in the competitive class since 1902. The position of Secretary is in the exempt class and is a necessary one.

"The duties of the position of Secretary to the Corporation Counsel comprehend the making of investigations and confidential reports of matters per-

taining to the Law Department, acting as an executive assistant, assigning the office correspondence, arranging for interviews with the Corporation Counsel and interviewing generally the public who may have matters to submit to the Corporation Counsel. A salary of \$4,000 per annum is not in excess of the compensation provided for similar positions in the 1918 Budget. No increase in appropriation for the Law Department is involved by reason of the request."

Recommendation—In view of the report of the Bureau of Personal Service the Committee on Salaries and Grades recommends the adoption of the attached resolution recommending to the Board of Aldermen, pursuant to the provisions of section 56 of the Greater New York Charter, the establishment of the grade of position of Secretary to the Corporation Counsel at \$4,000 per annum for one incumbent.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment February 1, 1918, recommending that the Board of Aldermen, acting under the general authority of chapter 215 of the Laws of 1916, authorize the appropriation and expenditure of the sum of five hundred dollars (\$500), as New York City's subscription for the year 1918 to the expenses of the New York State Conference of Mayors and Other City Officials and its Bureau of Municipal Information; said amount to be charged to the appropriation entitled "Contingencies" of this Board for the year 1918.

JAMES MATTHEWS, Assistant Secretary.

Department of Finance, Bureau of Municipal Investigation and Statistics, November 23, 1917.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—A communication from the Bureau of Municipal Information of the Conference of Mayors and Other City Officials of the State of New York, dated October 24, 1917, and suggesting the inclusion of New York City's subscription in the 1918 Budget, was presented at the meeting of your Board on November 2, and referred to the Comptroller.

This City, in common with practically all the others in the State, subscribes annually to the expenses of the association. The usual amount, \$500, would doubtless have been placed in the Budget had the request been received earlier. Since, however, it is not so included, and since the appropriation in question is a 1918 expense and payment will not be due until September of that year, it is advised that no action be taken by the present board. The appended resolution is offered for adoption.

Yours very truly, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Correction:

No. 203.

Commissioner of Correction—Request for Permission to Purchase Two-Ton Auto Car Without Public Letting.

Department of Correction of The City of New York, Commissioner's Office, Centre and Chambers Streets, New York, February 4, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—In accordance with the provisions of section 419 of the Charter, I hereby respectfully request permission to purchase in the open market without public letting two-ton Autocar complete, chassis and body with racks, body sketch No. 5189, all for the sum of \$2,000.

Under present conditions it is possible to purchase the car for the above named sum but very shortly the price will advance \$235, and if the requested permission is granted by your honorable Board the City can save the difference in price plus the cost of advertising and secure a car that is exactly suited to the needs of our institution at New Hampton.

Trusting you will take favorable action on this request, I remain,

Very respectfully, JAMES A. HAMILTON, Commissioner.

Resolution Requesting Legislature to Enact Laws Authorizing The City of New York to Establish a Department of Milk Supply and Distribution.

By Alderman Friedman—

Resolved, That the Legislature be requested to enact laws which will authorize the City of New York to establish a Department of Milk Supply and Distribution, said Department to have full authority to purchase, pasteurize and distribute milk in the City of New York; and that said bill include the following specific authorization:

Said Department, either to build the necessary pasteurization and distribution plants or purchase same from existing milk distributing companies. In case of purchase the price to be agreed upon not to exceed cost of reproduction—less a 2 per cent. annual allowance for depreciation, calculated from the date of filing of plans with Building Department for the erection of such buildings, in addition to the reasonable value of the land. In case of the inability of the City to arrive at terms agreeable to both seller and buyer the Supreme Court to take testimony and fix prices as in a condemnation proceeding.

Said Department to enter into contracts with producers of milk individually or collectively for periods not exceeding six months, at least thirty days before the beginning of each period, and that all prices paid producers be based upon butter fat tests; three per cent, being the minimum, plus a premium on each additional one-tenth of one per cent. of butter fat.

Said Department to have the exclusive right to distribute both raw and pasteurized milk in bottles, containers and cans of standard capacity and to collect and care for the same when empty.

Said Department to distribute milk at actual cost to the City, plus freight, cost of pasteurization and distribution, cost of collection of empty bottles and cans, a reasonable allowance for cost of breakage of bottles and damage to empty cans, and a proper annual amortization charge which will cover depreciation of plant, etc., so that the Department may be self-supporting and not an expense to the City.

That the Board of Aldermen specifically be empowered to enact ordinances regarding the care and collection of milk bottles and cans, to provide penalties for the exposure of empty milk bottles on any street, avenue or roadway of the City unless packed and secured in proper containers which will protect them against breakage, and that the householder or user of milk scald or otherwise cleanse the bottles or cans before returning same, and that penalties be provided for failure to comply with this requirement.

Resolution Requesting His Honor the Mayor to See that Newsdealers' Licenses Are Not Revoked Because of Their Refusal to Buy and Sell Certain Newspapers.

By Aldermen Lee, Beckerman, Braunstein, Calman, Held, Vladeck and Wolf—

Whereas, In consequence of the concerted action of certain organized newspaper publishers in the City of New York in increasing the selling price of their papers, there has arisen a controversy between such organized publishers and the organized newsdealers throughout the city, concerning the prices and terms at which papers are to be supplied to the dealers by the publishers; and

Whereas, This controversy has developed into an extensive strike of newsdealers against such publishers, the former refusing to buy or sell the papers in question under the conditions arbitrarily dictated to them by the said organized publishers, which conditions would render it difficult for all and impossible for many of the said dealers to earn a decent livelihood; and

Whereas, The said organized publishers have not only refused to make any material concessions to the newsdealers' demands, but have also refused to submit the matter in dispute to any fair and reasonable arbitration, and have furthermore caused thugs and gangsters to be employed to hamper, harass, assault and terrorize the striking newsdealers in the lawful pursuit of their struggle; and

Whereas, An attempt is being made, by or on behalf of the said organized publishers, to bring about the revocation of the licenses of such of the striking newsdealers as have their stands in parks and public places, under elevated stations, or in other places where licenses are required, the obvious intent of such proposed revocation of licenses being to aid the organized publishers in breaking the newsdealers' strike and forcing them to submit to the publishers' terms; therefore, be it

Resolved by the Board of Aldermen, That the Mayor is hereby respectfully but urgently requested to see to it that the power of the Commissioner of Licenses is not thus abused, and that no newsdealers' licenses are revoked on account of their refusal to buy and sell any particular papers or for their otherwise conducting their lawful business in such manner as may to them seem most advisable, and that he direct the Commissioner of Police to give adequate protection to the newsdealers against any unlawful interference with their legal rights on the part of hired gangsters.

Resolution Requesting His Honor the Mayor to Make Report at Each Meeting of the Board of Any and All Actions Taken by Him in the Matter of the Discovery, Purchase, Condemnation, Storage, Distribution or Sale of Surplus Coal by the City, as Authorized by Ordinance (Int. No. 50) Passed by This Board.

By Alderman Wolff—

Whereas, On January 17, 1918, the Board of Aldermen, at the urgent request of the Mayor, passed an ordinance (Int. No. 50) to provide for the acquisition and distribution by the City of New York of coal for the preservation of the public health, safety and general welfare of the people of said City; and

Whereas, The Mayor, on Tuesday, January 22, 1918, communicated a message to the Board of Aldermen (Int. No. 59), urging the said Board to pass constructive legislation to relieve the evils inherent in the present system of coal distribution; and

Whereas, The Board can take no intelligent action along such lines without a full knowledge on the part of all its members of all acts taken by the City to relieve the present coal crisis; therefore, be it

Resolved by the Board of Aldermen of the City of New York:

(1) That the Mayor be and hereby is urgently and respectfully requested to make a full report to the Board at each stated meeting of any and all actions taken by him or his agents, either under the ordinance above mentioned, or other authority, in the matter of the discovery, purchase, condemnation, storage, distribution or sale of surplus or other coal by the City; and

(2) That such reports specify fully and in particular as follows: (a) how much, if any, surplus coal has been found within the city limits, (b) where such coal was found, (c) action taken in respect thereto, (d) the disposition made of the same, and (e) the steps taken to compensate the owners thereof.

Action on the foregoing proposition was, on motion of the Vice-Chairman, deferred till later in the day.

Later, Alderman Wolff moved the adoption of said proposition.

Which was lost.

Subsequently the Vice-Chairman moved that the matter be referred to the Committee contemplated under the provisions of G. O. No. 6, when appointed.

Which was adopted.

After discussion, Alderman Falconer moved that the foregoing action of the Board be reconsidered and that the subject be referred to the Committee on General Welfare.

The President then put the question whether the Board would agree with said motion of Alderman Falconer.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Beckerman, Bostwick, Braunstein, Burke, Calman, Colne, Diemer, Falconer, Friedman, Gaynor, Hatch, Held, Hogan, Lee, Moore, Quinn, Smith, Squiers, Vladeck, Wolff—20.

Report of the Committee on Finance—

No. 128.

Report of the Committee on Finance in Favor of Filing Request of the Board of Trustees of Bellevue and Allied Hospitals for Special Revenue Bonds, \$9,468, to Provide Salaries for the Personnel of the New Building for the Out-Patient Department, Gouverneur Hospital.

The Committee on Finance, to which was referred on January 22, 1918 (Minutes, page 141), the annexed request of the Board of Trustees of Bellevue and Allied Hospitals for Special Revenue Bonds, \$9,468, to provide salaries for the personnel of the new building for the Out-Patient Department of Gouverneur Hospital, respectfully

REPORTS:

That the Committee is advised in the annexed report of the Investigating Division of the Board of Estimate and Apportionment, that these salaries may be paid from the appropriation for salaries of temporary employees, and, if necessary, reimburse said fund later in the year by accruals or special revenue bonds.

It, therefore, recommends the request be placed on file.

FRANCIS P. KENNEY, JNO. J. O'ROURKE, JOHN DIEMER, W. F. QUINN, ALGERNON LEE, ROBERT L. MORAN, B. E. DONNELLY, EDWARD V. GILMORE, JOHN S. GAYNOR, Committee on Finance.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, January 17, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$9,468, to provide salaries for the personnel of the new building for the Out Patient Department of Gouverneur Hospital, which was placed in service on December 31, 1917. These positions are as follows:

Hospital Helper (telephone), 1 at \$528.....	\$528 00
Hospital Helpers, 2 at \$480	960 00
Hospital Helpers, 10 at \$528	5,280 00
Trained Nurses, 3 at \$900	2,700 00
	\$9,468 00

The Trustees in the departmental estimate for 1918 made provision for salaries and wages of employees to open this building, but funds were not authorized by the Board of Estimate and Apportionment in the Budget for 1918, which accounts for this request at this time. The placing in operation of the new building which was constructed to relieve the congestion in the hospital is urgent. Respectfully,

JOHN G. O'KEEFE, Secretary, Board of Trustees.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Personal Service, February 1, 1918.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—Replying to your request for report on the application of the Board of Trustees of Bellevue and Allied Hospitals for \$9,468 in special revenue bonds for salaries of the personnel of the new out-patient department building at Gouverneur Hospital, the following is submitted:

In the budget for 1918, provision was made for the salaries of the existing force required to carry on the work of the out-patient department in the old building of Gouverneur Hospital. When that budget was under consideration, before the Sub-budget Committee, the new building had not yet been completed, and it was not definitely known when it would be ready for occupancy. It was also suggested that it might be advisable to continue the out-patient department in the old building and to hold the new building for possible use as a hospital for wounded soldiers. In view of these conditions, and with the consent of the department, no additional help was allowed in the budget for the new building.

The record of attendance for the past three years shows a gradual decrease in the number of persons attending the out-patient department of this hospital. This falling off is due probable to the decrease in the population of the lower east side district in which Gouverneur Hospital is situated, by reason of the demolition of tenements in connection with the new bridge approaches, the court house site, etc.,

and the decrease in immigration because of the war. The removal of the out-patient department to the new building consequently does not imply any increase in the number of patients and the force already provided to conduct the department in the old building should be able to do so in the new building, except that an increased force is required for cleaning the new building, which covers three floors, with diet kitchen and lavatories on the roof. In the old building the out-patient department occupied space on the ground floor, corresponding in area to about one floor of the new building. The cleaning of this additional space, including window cleaning, will require the services of not more than three additional helpers or cleaners.

This added force will not be required for another month or two, as the two upper floors are not yet furnished or equipped, and probably will not be ready for use before the middle of March.

This extra force may be employed and paid from the appropriation for salaries of temporary employees without change or modification of the present budget schedule. This appropriation is not sufficient for the requirements of Gouverneur Hospital for the full year, because a deduction of \$5,200 was made from the amount allowed for that purpose in the tentative budget. This deduction represented the anticipated accruals in the appropriations for salaries and wages of regular employees, it being agreed between the Budget Committee and the department to reimburse the appropriation for salaries of temporary employees by transfer of funds from the general accrual fund of the City, City Fund for Salary and Wage Accruals from Schedule-supported Appropriations, as required during the year, upon application of the department.

There is, therefore, no necessity of issuing revenue bonds for the purpose requested by the department. Respectfully,

EDWARD FEENEY, Acting Assistant Director.

Which report was accepted.

Report of the Committee on Finance in Favor of Filing Request of the District Attorney of New York County for Special Revenue Bonds, \$750, to Meet Expense of Repairing Floor Covering.

The Committee on Finance, to which was referred on January 29, 1918 (Minutes, page 266), the annexed request of the District Attorney of New York County for special revenue bonds, \$750, to meet expense of repairing floor coverings, respectfully

REPORTS:

That the Committee is advised in the annexed report of the Investigating Division of the Board of Estimate and Apportionment, that funds for this work will be provided for by a transfer of accruals on request of the President of the Borough of Manhattan.

It, therefore, recommends the request be placed on file.

FRANCIS P. KENNEY, JNO. J. O'ROURKE, JOHN DIEMER, W. F. QUINN, ALGERNON LEE, ROBERT L. MORAN, B. E. DONNELLY, EDWARD V. GILMORE, JOHN S. GAYNOR, Committee on Finance.

District Attorney's Office, County of New York, Criminal Courts Building, New York, Jan. 23d, 1918.

To the Honorable the Board of Aldermen, City of New York:

Dear Sirs—In accordance with the provisions of subdivision 8 of section 188 of the Greater New York Charter, I have the honor to request that special revenue bonds be issued to the amount of \$750, to meet the estimated cost of repairing floor coverings on the 3d and 4th floors of the Criminal Courts Building.

On Jan. 14th I notified the Borough President that the linoleum in the public hallways and rooms situated on the 3d and 4th floors of the Criminal Courts Building, including the rooms occupied by the Grand Jury of the County of New York, were in very bad condition and repairs urgently necessary.

I have been advised by the Borough President that his Engineer estimated that it would cost \$750 to purchase approximately 643 square yards of linoleum to make the necessary repairs, and that no appropriation had been granted his department for furnishings of this character.

It was further suggested that, if the Board of Estimate and Apportionment supplied the funds, the forces of the Bureau of Public Buildings and Offices would see that the repairs were promptly made.

For the reasons stated herein, I would respectfully request that your Board authorize the issuance of special revenue bonds, at your earliest convenience, in order that the Borough President may complete these repairs as soon as possible. Yours very truly,

EDWARD SWANN, District Attorney.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, February 4, 1918.

No. 157—District Attorney for New York County; Request for Special Revenue Bonds, \$750, to Meet Expenses of Repairing Floor Coverings.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—In accordance with your request of February 1, 1918, I have investigated the above matter and report thereon as follows:

The need for new linoleum and repairs to portions of the old linoleum is quite apparent.

At present floor coverings of the grand jury room, Assistant District Attorney's rooms, hallways and corridors are in bad condition.

It is proposed to have the President of the Borough of Manhattan make the necessary repairs and replacements. This has been approved by the District Attorney.

The Borough President, however, contemplates requesting a transfer of accruals for the purpose as a substitute for a revenue bond authorization. Very truly yours,

FRANCIS P. BENT, Director.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the President of the Borough of The Bronx to Purchase Coal Without Public Letting.

The Committee on Public Letting, to which was referred on January 15, 1918 (Minutes, page 104), the annexed request of the President of the Borough of The Bronx for authority to purchase coal without public letting respectfully

REPORTS:

That, owing to the unsettled condition of the coal market, it is impossible to obtain bids from dealers.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of The Bronx be and he is hereby authorized and empowered to purchase coal in the open market without public letting to an amount not exceeding six thousand eight hundred dollars (\$6,800).

JOHN MCCANN, PETER SCHWEICKERT, CHARLES J. MOORE, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, W. K. WALSH, ADOLPH HELD, EDWARD W. COX, AUGUST FERRAND, CHARLES A. MCANUS, JOHN F. MCCOURT, THOMAS M. FARLEY, Committee on Public Letting.

City of New York, President of the Borough of The Bronx, Third Avenue and Tremont Avenue, Office of the President, January 10, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—On account of the unsettled condition of the coal market, I am of the opinion that it is not advisable at the present time to contract for the future delivery of coal, but rather to purchase in the open market from time to time an amount only sufficient to meet our minimum requirements.

With this object in view, permission of your Board is hereby requested to purchase in the open market, without public letting, coal to an amount not exceeding \$6,800. It is estimated that the quantity of coal which this amount of money will purchase will be sufficient to heat the buildings under the jurisdiction of this office until April 30, 1918. Respectfully,

HENRY BRUCKNER, President, Borough of The Bronx.

Which, on motion of the Vice-Chairman, was made a Special Order for the day. The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Browne, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Squiers, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff; the Vice-Chairman—64.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the President of the Borough of Queens to Purchase an Auto Truck Without Public Letting.

The Committee on Public Letting, to which was referred on January 15, 1918 (Minutes, page 108), the annexed request of the President of the Borough of Queens for authority to purchase an auto truck without public letting, respectfully

REPORTS:

That the Committee has been advised that a special make of car is desired, and consequently there would be no advantage in advertising for bids and better results would be had by open market purchase. The Committee is of this belief and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Queens be and he is hereby authorized and empowered to purchase an automobile truck for the use of the Bureau of Highways at an estimated cost not to exceed six thousand six hundred dollars (\$6,600).

The City of New York, Offices, Commissioner of Public Works of the Borough of Queens, Long Island City, January 12, 1918.

To the Honorable the Board of Aldermen, City Hall, New York, N. Y.:

Sirs—The Budget for 1918 for this Department contemplates the purchase of an automobile truck for the use of the Bureau of Highways, at an estimated cost of \$6,600.

In accordance with the charter provisions, I hereby request your approval of a resolution providing for such purchase without public letting, for the reason that I believe that it is to the best interest of the City to obtain the truck by this process.

Respectfully, RICHARD S. NEWCOMBE, Commissioner of Public Works and Acting President of the Borough of Queens.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the President of the Borough of Manhattan to Purchase Trucks, Tractors and Trailers Without Public Letting.

The Committee on Public Letting, to which was referred on January 15, 1918 (Minutes, page 109), the annexed request of the President of the Borough of Manhattan for authority to purchase trucks, tractors and trailers without public letting, respectfully

REPORTS:

That Mr. Hull, Secretary of the Borough of Manhattan, appeared before the Committee and stated it was intended to purchase a standard make of automobile for which it would be difficult to prepare specifications which would permit real competition.

The Committee, believing it to the best interests of the City, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to purchase in the open market, without public letting, eighteen (18) standard Ford trucks, seven (7) Ford tractors and eight (8) trailers with equipment and accessories, for use in the Department of Public Works at an estimated cost not to exceed thirty thousand eight hundred dollars (\$30,800).

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, January 15, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—In accordance with the provisions of section 419 of the Charter, I hereby request permission to purchase in the open market, without public letting, eighteen (18) standard Ford trucks, seven (7) Ford tractors and eight (8) trailers, with equipment and accessories, for use in the Department of Public Works, at an estimated cost not to exceed \$30,800.

These articles are all of standard makes for which it would be difficult to write specifications which would obtain any real competition, and we believe the interests of the City can best be served by the purchase of this equipment direct from the manufacturers. The equipment is urgently needed as soon as it can be obtained and we believe that considerable time can be saved if the purchase is made direct without the medium of public advertising. Very truly yours,

FRANK L. DOWLING, President, Borough of Manhattan.

***REPORTS:**

That the Committee has been advised that five bids were received for the work, but on account of lack of funds the contract was not awarded. Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Central Purchase Committee to Purchase Forage for Various City Departments Without Public Letting.

The Committee on Public Letting, to which was referred on January 17, 1918 (Minutes, page 127), the annexed request of the Central Purchase Committee for authority to purchase Forage for various City Departments without public letting respectfully

REPORTS:

That Mr. Purcell of the Central Purchase Committee stated to the Committee, that owing to the change in administration, bids which were submitted on December 27, 1917, were not opened until January 10, 1918, and then the several contractors served notice that in consequence of the delay and changed market conditions, they would be compelled to withdraw bids. This request is to enable the several Departments to purchase a sufficient supply until such time as new bids are received and contracts awarded.

The Committee, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee be and hereby is authorized and empowered to purchase forage in the open market, without public letting, for the following named Departments, in amounts not to exceed those indicated:

Fire Department	\$4,700 00

City of New York, Central Purchase Committee, Municipal Building, January 17, 1918.

Department of Correction	3,600 00
Department of Public Charities	2,200 00

The departments will avail themselves of this permission only during the time necessary for the advertising and awarding of contracts.

Respectfully submitted,

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Trustees of Bellevue and Allied Hospitals to Purchase Fruits and Vegetables Without Public Letting.

The Committee on Public Letting to which was referred on January 22, 1918 (Minutes, page 134), the annexed request of the Board of Trustees of Bellevue and Allied Hospitals for authority to purchase fruits and vegetables without public letting, respectfully

REPORTS:

That Doctors Brannan and O'Hanlon appeared before the Committee and stated that it is the usual annual request, and that it is to the advantage of the City and to the Hospitals to purchase in the open market from month to month, as the needs may be, thus obtaining the best the market affords at better prices than could be obtained otherwise.

Past experience warrants the Committee in recommending the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of the Greater New York Charter, the Board of Trustees of Bellevue and Allied Hospitals be and it is hereby authorized and empowered to purchase in the open market without public letting, fresh fruits and vegetables for the various hospitals of the Department, at a cost not to exceed twelve thousand six hundred dollars (\$12,600).

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Correction to Purchase Botanical and Agricultural Supplies Without Public Letting.

The Committee on Public Letting, to which was referred on January 22, 1918 (Minutes, page 145), the annexed request of the Commissioner of Correction for authority to purchase Botanical and Agricultural Supplies, without public letting, respectfully

REPORTS:

That, having examined the subject, the Committee believes the request reasonable. The details are fully set forth in the letter of request.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Correction be and he is hereby authorized and empowered to purchase, in the open market, without public letting, approximately five thousand five hundred dollars (\$5,500) worth of Botanical and Agricultural Supplies, as follows:

Commercial Fertilizer	\$4,500 00
Stable Manure	1,000 00
	\$5,500 00

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Street, New York, January 16, 1918.

ALFRED E. SMITH, Esq., President, Board of Aldermen:

Dear Sir—I herewith request the approval of your Honorable Board to the purchase, without public letting, of approximately \$5,500 worth of Botanical and Agricultural Supplies as follows:

Commercial Fertilizer	\$4,500 00
Stable Manure	1,000 00
	\$5,500 00

In order that the extensive cultivation of vegetables at New Hampton Farms may be expedited as far as possible during the year 1918 it is necessary that they have the above commodities ready for immediate use when needed.

To advertise at this time would probably cause delay in having the fertilizer delivered, as the freight congestion would undoubtedly make immediate delivery impossible. I am also informed that there will be an immense demand for fertilizer this year because of the war. I therefore trust your Honorable Board will take favorable action upon the foregoing request. Yours very truly,

JAMES A. HAMILTON, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Correction to Purchase a Farm Tractor Without Public Letting.

The Committee on Public Letting, to which was referred on January 22, 1918 (Minutes, page 145), the annexed request of the Commissioner of Correction to purchase a farm tractor, without public letting, respectfully

REPORTS:

That the Committee has been advised that the purpose of this request is to avoid the delay consequent to advertising for bids, and, further, to take advantage of present low prices.

The Committee, believing it to the City's advantage, under existing conditions, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Correction be and he is hereby authorized and empowered to purchase, in the open market without public letting, one Farm Tractor, the cost thereof not to exceed fifteen hundred dollars (\$1,500).

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, January 19, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen, City Hall, New York: Sir—I respectfully request the approval by your Honorable Board for the purchase, without public letting, of one (1) Farm Tractor, the cost not to exceed \$1,500.

This department intends continuing extensive cultivation of vegetables and farm products during the year 1918. We have been advised that there is a great demand for tractors. It is deemed inexpedient at this time to advertise for same by regular contract, as conditions which govern the manufacture of this class of machinery would probably result in having delivery made too late for Spring plowing and the preparation of land for planting this year's crop.

This request is made in order that the department may take advantage of the present low prices and also that farm activities may not be hampered by a lack of farm machinery when needed.

I therefore request your Honorable Board to take favorable action on the above. Respectfully,
JAMES A. HAMILTON, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Justices of the City Court to Purchase Carpet Without Public Letting.

The Committee on Public Letting, to which was referred on January 22, 1918 (Minutes, page 147), the annexed request of the Justices of the City Court for authority to purchase carpet, without public letting, respectfully

REPORTS:

That the Committee has been advised that the purpose of this request is to avoid the delay and additional expense of advertising for bids, as informal bids have been received, the lowest of which is within the appropriation for this article.

The Committee, accordingly, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Justices of the City Court of The City of New York be and is hereby authorized and empowered to purchase, in the open market, without public letting, 667 yards of Wilton velvet carpet for use as floor covering in certain trial terms of the said Court, at an expense not to exceed the sum of fifteen hundred dollars (\$1,500), said expense to include the cost of laying the carpet.

City Court of The City of New York, City Hall Park, New York, January 19, 1918.

To the Honorable the Board of Aldermen, City of New York, City Hall Park:

Gentlemen—The budget for the year 1918 has made provision for the purchase of 667 yards of carpets for use in certain trial term parts of the City Court. The amount allowed for this item is \$1,500, which, according to estimates asked for and received, is sufficient to meet the cost involved.

Owing to the torn and menacing condition of the present floor covering, it is desirable that the new carpet be bought and laid as soon as possible. I am, therefore, directed by the Board of Justices to request your approval, in accordance with section 419 of the Greater New York Charter, for the purchase of 667 yards of Wilton velvet carpet, for the purposes noted above, without public letting and at an expense not to exceed the sum of \$1,500. Respectfully yours,

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Sir—Request is hereby made that, pursuant to the provisions of section 419 of the Greater New York Charter, this department be authorized to purchase in the open market, without public letting, one 2-ton auto truck at a cost not to exceed \$1,815.

Provision was made in the budget for 1918 for the purchase of this truck at an estimated cost of \$1,815.

Consent is requested to this purchase in open market without public letting, so that the selection may be made of a truck adapted to park purposes, and further so that time may be saved, which is very essential in view of the immediate necessity for this equipment.

It is anticipated that the truck may be purchased for a slightly less amount if prompt action is taken on this request, so that the order may be placed early in February. Respectfully yours, WM. F. GRELL, Commissioner of Parks.

Which, on motion of Alderman McCann, was made a Special Order for the day.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Browne, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Squiers, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolf; the Vice-Chairman—64.

REPORTS:

That, having examined the subject, it believes the proposed permission to be advisable. The reasons for which are fully set forth in the accompanying letter of application.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of Hunter College be and hereby is authorized and empowered to enter into contract, in the open market, without public letting, to make urgent and necessary alterations to the heating system of Hunter College at an estimated expenditure of two thousand dollars (\$2,000).

Hunter College of The City of New York, Park Avenue and Sixty-Eighth Street, January 26, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, New York City, N. Y.:

Sir—As per our conversation of January 24 I beg to enclose herewith an application of the Trustees of Hunter College of The City of New York for permission to make alterations to the steam heating system at an estimated expenditure of \$2,000, without public letting. Our object is to obtain the necessary relief at the earliest possible moment from the present deplorable condition so that our students and teachers may take up their classroom work which was interrupted almost a month ago. Respectfully yours,

E. C. HUNT, Secretary.

Hunter College of The City of New York, Park Avenue and Sixty-Eighth Street, January 25, 1918.

The Honorable the Board of Aldermen:

Gentlemen—At a stated meeting of the Board of Trustees of Hunter College of The City of New York held January 17, 1918, a report was received from Dr. George S. Davis, President of the College, to the effect that owing to lack of fuel it had been necessary to close the Park Avenue building early in January and that in consequence six hundred pupils of the Model School and about one thousand students in the College had been compelled to discontinue classroom work.

President Davis further stated that such action could have been avoided had there been a connection between the heating systems of the two buildings, thus making available the steam furnished to Lexington Avenue building by the New York Steam Company; that he had already taken the matter up with the Superintendent of College Buildings, Mr. C. B. J. Snyder, and was in receipt of a communication from him dated January 17, 1918, to the effect that Mr. F. G. McCann, Chief of the Heating and Ventilating Division, reported that

"The cost of piping work necessary to connect the steam lines of older wings at street steam lines at present meter location, and to connect the return lines to discharge condensation through the necessary traps, cooling tank, flow meter, etc., to sewer, will be about \$2,000.

"The cost of street steam for older wings will probably be slightly greater than for new building. New building cost averages about \$3,500 per annum, and for the older wing may average about \$4,000."

On motion, the entire matter of making the proposed alterations was referred to the Committee on Buildings, with power.

The Committee on Buildings of the Board of Trustees of Hunter College of The City of New York therefore respectfully requests your honorable Board to grant permission to said Board of Trustees to proceed to make the urgent and necessary alterations to the heating system of Hunter College outlined above at an estimated expenditure of \$2,000, without public letting.

ERNEST C. HUNT, Secretary to the Board of Trustees.

Which was laid over.

SPECIAL ORDERS.

"Resolved, That the following resolution adopted July 7, 1916, and approved July 20, 1916:

FRANCIS P. KENNEY, WM. P. KENNEALLY, MICHAEL STAPLETON, JOHN DIEMER, PETER SCHWEICKERT, JNO. J. O'ROURKE, JAS. J. MOLEN, FRANK A. CUNNINGHAM, ALGERNON LEE, ROBERT L. MORAN, SAMUEL J. BURDEN, B. E. DONNELLY, Committee on Finance.

Mayor's Committees on Publication of the Minutes of the Common Council of the City of New York, 1784-1831, January 7, 1918.

To the Honorable the Board of Aldermen:

Gentlemen—On July 7, 1916, the Board of Aldermen adopted a resolution authorizing \$15,000 special revenue bonds for the printing of the manuscript minutes of the Common Council of the City of New York from February 10, 1784, to May 9, 1831. The resolution of the Board stipulated that "all obligations contracted for hereunder be incurred on or before December 31, 1916."

At the request of the Committee, your Board, on January 16, 1917, amended the resolution by extending the time to December 31, 1917, and specifying also the amount of personal service to be paid for from the fund during the year 1917.

I now have the honor to request you to further amend the resolution so as to extend the time within which expenditures chargeable to this fund may be incurred until December 31, 1918. The Committee also desires your authorization for the following estimated expense for personal service to complete the work:

1,200 hours' service of Assistant Manuscript Readers at \$25 per hour \$300 00

2,700 hours' service of Supervising Manuscript Readers at \$35 per hour... 945 00

The Committee has estimated from the first that it will require twenty volumes, exclusive of the index, to complete the work. The tenth volume will soon be ready for delivery. Four additional volumes are in type and copy for the remainder is ready for the printer. Greater progress was made during 1917 than was anticipated a year ago, so that it is now believed that the work can be completed by June 30, 1918, with the exception of the index, which will probably not be finished before January 1, 1920.

For your information I herewith submit a statement concerning the expenditures of the Committee to December 31, 1917, and an estimate of the cost of completing the work. Very respectfully yours,

VICTOR H. PALTSITS, Chairman, Publication Committee.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$3,500, for the Purpose of Copying Deeds, Mortgages and Miscellaneous Documents Now Unrecorded—County Clerk of Richmond County.

The Committee on Finance, to whom was referred on January 15, 1918 (Minutes, page 100) the annexed request of the County Clerk of Richmond County for special revenue bonds, \$5,000, for the purpose of copying deeds, mortgages and miscellaneous documents, now unrecorded, respectfully

REPORTS:

That in accordance with the annexed report of the Bureau of Personal Service these funds are necessary, and as the County Clerk of Richmond County has agreed to a reduction of the amount requested, the Committee recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand five hundred dollars (\$3,500), the proceeds whereof to be used by the County Clerk of Richmond County for the purpose of copying Deeds, Mortgages and Miscellaneous Documents, now unrecorded. All obligations contracted for hereunder to be incurred on or before December 31, 1918.

FRANCIS P. KENNEY, WM. P. KENNEALLY, MICHAEL STAPLETON, JOHN DIEMER, PETER SCHWEICKERT, JNO J. O'ROURKE, JAS. J. MOLEN, FRANK A. CUNNINGHAM, ALGERNON LEE, ROBERT L. MORAN, SAMUEL J. BURDEN, B. E. DONNELLY, Committee on Finance.

County Clerk's Office, Richmond County, Richmond, N. Y., January 8, 1918.

Honorable Board of Aldermen, City of New York, N. Y.:

Gentlemen—I hereby make application for an appropriation of \$5,000.00 Special Revenue Bonds for the purpose of copying Deeds, Mortgages, and Miscellaneous instruments which are unrecorded at the present time.

Kindly take this matter up at the earliest possible date as I would like to have all the records copied by the time the office moves to its new quarters, which I am informed will be in the early fall. Yours very truly,

C. L. BOSTWICK, County Clerk.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Personal Service, January 25, 1918.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen, City Hall, New York:

Dear Sir—In reply to your communication of January 19th, in which you request information in regard to the request of the County Clerk of Richmond County for an issue of \$5,000 special revenue bonds for the purpose of copying deeds, mortgages and miscellaneous unrecorded documents, I beg to submit the following:

At present there remains unrecorded in the office of the County Clerk of Richmond the following instruments:

550 deeds	5,775 folios
500 mortgages	8,900 "
630 judgments	8,380 "
3,500 satisfactions	12,250 "
1,000 lis pendens	10,800 "
100 certificates of incorporation	1,500 "
100 miscellaneous papers	2,000 "
3,900 marriage licenses	11,700 "
	61,305 "

It is proposed to employ temporary Typewriting Copyists, at the rate of 5 cents per folio (100 words per folio). Due to war conditions it was at first thought that this rate would be inadequate, but by arrangement with the State Civil Service Commission inquiries have been made from the various typewriting firms with the result that at present it is believed that he can employ sufficient Copyists at that rate. In addition, it will be necessary to pay the sum of \$450 for the rental of six standard book typewriting machines at rates from \$12.50 to \$15 per month.

In view of this more careful analysis of the County Clerk's request, he has agreed that the sum of \$5,000 requested for this work is excessive, and further agrees to its reduction to the amount of \$3,500, as follows:

Typing at 5 cents per folio	\$3,050 00
Rental of book typewriting machines	450 00

\$3,500 00

Very truly yours, EDWARD FEENEY, Acting Assistant Director.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Curley, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCann, McCourt, McGarry, McManus, McNulty, Molen, Moore, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Smith, Squiers, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Van Name, by John E. Bowe, Assistant Commissioner of Public Works;

(a) Three hundred and fifty sets are being printed. The Committee hopes to sell 200 of these within the next two years at \$60 a set, which will bring into the City Treasury \$12,000.

(b) This expenditure will probably not be necessary, but is included to provide against the possibility that the Board of Education may decline to renew the Editor's leave of absence, with pay.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$10,000, for the Purpose of Replenishing the Fund Known as R. P. M. 32-A, Repaving Street Pavements Between Railroad Tracks—President, Borough of Manhattan.

The Committee on Finance, to which was referred on January 22, 1918 (Minutes, page 138), the annexed request of the President of the Borough of Manhattan for Special Revenue Bonds, \$10,000, for the purpose of replenishing the fund known as R. P. M. 32-A, Repaving Street Pavements Between Railroad Tracks, respectfully

REPORTS:

That the Committee is advised, in the annexed report of the Bureau of Contract Supervision, that this fund is necessary because of failures by the Railway Companies to comply with the orders of the Bureau of Highways, thus compelling the City to make such repairs and recover from the Railway Companies through the Corporation Counsel.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of replenishing Account 32-A, Repaving Street Pavements.

All obligations contracted for hereunder to be incurred on or before December 31, 1918.

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, January 16, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, Manhattan:

Dear Sir—Request is hereby made for an issue of special revenue bonds in the amount of \$10,000 for the purpose of replenishing the fund known as "R. P. M. 32-A, Repaving Street Pavements between Railroad Tracks in the Borough of Manhattan."

This fund was established several years ago and is for the purpose of making repairs to street pavements within the railroad area for which railroad companies are responsible. The amounts expended in such repairs are recoverable by actions brought by the Corporation Counsel and the fund is reimbursed by the moneys collected.

The fund at the present time is practically exhausted, and as there are many repairs which are urgent and necessary, I respectfully request that additional funds be appropriated in order that the repair work may be undertaken as soon as possible.

Yours very truly, FRANK L. DOWLING, President, Borough of Manhattan.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, January 28, 1918.

No. 121—President, Borough of Manhattan: Request Dated January 16, 1918, for Special Revenue Bonds, \$10,000, for the Purpose of Replenishing Account 32-A, Repaving Street Pavements.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—In accordance with your request, I have caused an examination to be made into this matter, and report thereon as follows:

On May 18 and June 18, 1909, the Board of Aldermen and the Board of Estimate and Apportionment, respectively, approved an issue of \$10,000 special revenue bonds for the purpose of establishing a fund for repairing street pavements between the railroad tracks and within the area for which railway companies are responsible in the Borough of Manhattan. Subsequently, in 1912, \$10,000 additional was authorized.

This fund was deemed necessary because on numerous occasions railway companies in the Borough of Manhattan were delinquent in the matter of restoring and repairing pavements in and about the tracks for which the said companies were responsible; they frequently delay and sometimes refuse to make such repairs when notice to do so is served upon them by the officials of the Bureau of Highways.

To meet such cases it was decided it would be of great advantage if the City could proceed with the repairs to the pavements at once, and for this purpose a fund was created against which the cost of the work could be charged and into which subsequent collections from the railways could be deposited.

It was reported at that time that if such a fund were available and the railroad companies were aware of it, it would act as an incentive to more prompt action on their part in the matter of making repairs, as the cost of the work if done by the City would exceed the cost if done by the railroad.

The unencumbered balance in R. P. M. 32-A, as of January 25, 1918, was \$1,595.39, and the sum of \$3,753.08 is due from the railroad companies, the bills for which have been referred to the Corporation Counsel. It is problematical when the money will be collected and credited to the account so as to make the same available for future charges.

The depletion of this account at this time, in addition to being due to uncollected bills, is because certain sums have been charged off as uncollectable upon the advice of the Law Department in cases where settlement of City claims against the railroads have been made at reduced sums.

It is stated by the engineer-in-charge of maintenance of the Bureau of Highways that notices were served on the companies in the latter part of 1917, which were not complied with, but owing to the close of the season the Bureau of Highways were unable to proceed with the work. It is believed that as soon as the season opens an inspection of the pavements within the railroad area will disclose a considerable amount of necessary repairs, and in view of the experience of the past in the refusal of the companies to comply with the notices issued, it is absolutely necessary that funds be available to which to charge the cost of the repairs.

Although funds might be provided for this purpose later by transfer from accruals, it appears to provide better accounting to authorize the requested funds without the usual time limitation. Respectfully, FRANCIS P. BENT, Director.

Which, on motion of Alderman Kenney, was again laid over for one week.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$30,000, for Prosecution and Completion of Work of Auditing Collections of Arrears of Taxes, Etc., from January 1, 1910, to December 31, 1918.

The Committee on Finance, to which was referred on January 22, 1918 (Minutes,

page 142), the annexed request of the Department of Finance for special revenue bonds, \$30,000, for prosecution and completion of work of auditing collections of arrears of taxes, etc., from January 1, 1910, to December 31, 1916, respectfully

REPORTS:

That this work is mandatory by Charter provision, but up to 1917 it seems to have been ignored. The Committee believes this work should be carried to completion, and in accordance with the recommendation in the annexed report of the Bureau of Personal Service it recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty thousand dollars (\$30,000), the proceeds whereof to be used for the purpose of providing additional funds for the continuance of the audit of the Collector of Assessments and Arrears now being made, as required by section 154 of the Greater New York Charter. All obligations contracted for hereunder to be incurred on or before December 31, 1918.

City of New York, Department of Finance, January 21, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen, City of New York:

Sir—Transmitted herewith you will find a resolution for adoption by your board requesting the Board of Estimate and Apportionment to authorize the issuance of special revenue bonds to the amount of thirty thousand dollars (\$30,000) for the purpose of providing funds to meet the additional expenses necessary for the efficient prosecution and completion of the work of auditing the collections of arrears of taxes, water rents and assessments, forwarded for collection to the Collector of Assessments and Arrears covering the period from January 1, 1910, to December 31, 1916.

This work of audit is being conducted by means of a thorough detailed examination of all transactions within the period referred to as reflected on the tax rolls and assessment records, etc., controlled by the General Ledger maintained by the Department of Finance in all of the five boroughs. It is also contemplated to later carry the period of audit down to December 31, 1917, by a further examination of the transactions during 1917. In addition it will be possible to establish as of that date the amount of unliquidated tax and assessment items which are open on the records by the verification of the schedules, thereby establishing a basis for determining the net amount of collectible taxes, water rents and assessments after deducting therefrom all uncollectible items assessed against Government or City-owned property or exempted by special charter provisions.

The request for these special revenue bonds is based on the following schedules:

Wages Temporary Employees.	
Proposed—	
Bookkeepers, at \$4 per day, 5,049 days.....	\$20,196 00
Tabulating Machine Operators, at \$2.50 per day, 1,862 days.....	4,655 00
Plant Service.	
Rental of Powers Accounting Machines, Adding Machines.....	4,352 00
Supplies.	
Audit, space and stop cards, roll paper and sundries.....	797 00
	\$30,000 00

The work of audit herein outlined was commenced in the early part of last year, and has now progressed to a point where a considerable part of the value of the work accomplished will be lost if the work be not carried to a final conclusion.

The mandatory provisions of section 154 of the Charter imposes duty upon the Comptroller of making an audit of these accounts, as appears from the following excerpt:

"Sec. 154. Whenever a receiver of taxes or any deputy receiver or a collector of assessments and arrears or any deputy collector shall cease to hold office, and within one year thereafter, it shall be the duty of the comptroller to examine the accounts of such receiver or collector or deputy, and if found correct to cause a certificate to that effect to be filed with the bond of such officer, and such certificate so filed shall be a full discharge and satisfaction of the conditions of such bond and the lien or liens thereby created. * * *

At varying intervals during past years reports have been made to the successive Comptrollers by responsible officials urging the importance and necessity of this audit, but so far as is known prior to this time no audit (as contemplated by section 154 of the Charter) has ever been made.

During 1917 the necessary funds for the payment of the wages of bookkeepers and tabulating machine operators engaged in this audit were provided by transfers from other funds. However, no provision was made in the 1918 Budget for the continuance of the work, for which funds must now be provided by an issuance of revenue bonds, assuming it is desired that it be continued.

Upon assuming office on January 1, 1918, instructions were given by me to have this work continued for a period of sixteen days and to this end I directed a committee of four—Mr. Robert B. McIntyre, Supervising Statistician and Examiner; Mr. Duncan MacInnes, Chief Accountant; Mr. Harry Rathyn, Auditor of Receipts, and Mr. Daniel Moynahan, Collector of Assessments, all four officials in this department—to inquire into the results so far obtained and to report to me on the advisability of its continuance and also as to the estimated future cost.

The attached report of this committee recommends the completion of the audit and estimates that the sum of thirty thousand dollars (\$30,000) will be sufficient to carry the work to full completion. I respectfully request the issuance of special revenue bonds for this purpose to the amount of thirty thousand dollars (\$30,000), under subdivision 8, section 188, of the Greater New York Charter.

The attached resolution will, if adopted, meet the necessary requirements.

Very truly yours, CHARLES L. CRAIG, Comptroller.
January 15, 1918.

Hon. CHARLES L. CRAIG, Comptroller:

Dear Sir—The undersigned committee, appointed by you to consider the question of continuing the audit of the books and accounts of the Collector of Assessments and Arrears (which audit has been in progress for the past seven months), has held two meetings, at which it has carefully examined into the work already done and the progress made therein, particularly with respect to the audit of the related accounts during the seven years ended December 31, 1916, which has been conducted to comply with all of the requirements of section 154 of the Charter.

As a result of this study and of conferences with the men directing the audit in each of the Borough offices, we are agreed as to the necessity of continuing this work until the following results, at least, are accomplished. In reaching this conclusion we have constantly kept in mind the following factors:

- (1) The provisions of section 154 of the Charter, requiring the examination of the accounts herein referred to.
- (2) The importance, in view of the comparatively small additional cost, of bringing the work that has been accomplished to date to its full fruition.
- (3) And thus obtaining a full return from the moneys already expended by achieving a complete audit of the accounting for taxes, assessments, and water rates from January 1, 1910, to December 31, 1916, and establishing a verified, accurate statement of the City's assets, consisting of outstanding taxes, assessments and water rates of these years.
- (4) To discontinue the work now would be to lose much of the value of what has already been done, and which, particularly covering the years stated, it is highly important should be finished.

The continuation of this audit contemplates the attainment of the following results:

- (1) The verification of all transactions from January 1, 1910, to and including December 31, 1916, as shown on the tax rolls and assessment lists, and the absolute reconciliation of the lists and rolls transmitted during this period with the related accounts kept in the Borough ledgers. This means that with respect to all tax rolls, which also include water rents, and all assessment lists, transmitted for collection to the Collector of Assessments and Arrears since January 1, 1910, not only will all the transactions affecting such rolls and lists be verified, but also that the amount of unpaid items will be absolutely established.
- (2) With respect to tax rolls and assessment lists transmitted to the Collector of Assessments and Arrears prior to January 1, 1910, and subsequent to January 1, 1898, the work contemplated will result in the verification of all transactions that occurred

between January 1, 1910, and December 31, 1916, and in addition thereto the securing, with respect to each separate list and roll, of a statement showing the unpaid liens as of December 31, 1916.

(3) The establishing of the outstanding and unpaid balances of taxes, assessments and water rates appearing on the rolls and related ledger accounts of December 31, 1917, thus not only setting forth the assets of the City, consisting of these liens, but determining the basic figures upon which future and preferably continuing current audits of the Borough offices of the Collector of Assessments and Arrears and also of the Receiver of Taxes should be conducted.

To accomplish these results it is estimated that it will require an expenditure of approximately \$30,000, of which about \$13,500 will be required to complete the audit work in the Boroughs of Manhattan, The Bronx, Queens and Richmond, estimated to require approximately ninety working days, or until about May 1st. The remaining \$16,500 it is estimated will be required to complete the audit work in the Borough of Brooklyn, which would probably require about ten months. The reason for this is that the records in use in the Borough of Brooklyn are substantially different in procedure from those used in any of the other four Boroughs, and to accomplish the same results as will be attained in the other four Boroughs will require the greater time indicated.

With respect to the force that will be required to complete the examination outlined and secure the results contemplated, it is estimated that the work in the Boroughs of Manhattan, The Bronx, Queens and Richmond will require a staff of twenty-two Bookkeepers and eight Tabulating Machine Operators, to be assigned as required by the exigencies of the work among these four Boroughs. To complete the audit in the Borough of Brooklyn within a period of ten months it is estimated will require a staff of ten Bookkeepers and three Tabulating Machine Operators.

The present Collector of Assessments and Arrears in Daniel Moynahan, who was appointed on August 20, 1908. His predecessors in that office since consolidation, January 1, 1898, are all dead. These were Edward Gilon, appointed January 1, 1898; William F. McFadden, appointed July 3, 1902; Edward A. Slattery, appointed June 15, 1903.

We attach herewith, as forming part of this report, a list giving the names, dates of appointment of all the Deputy Collectors of Assessments and Arrears who have held office since the creating of the Greater City, also indicating thereon the names of those who are now in office as Deputy Collectors of Assessments and Arrears in the several Boroughs. From that list it may be noted that there is no Deputy in the Borough of Manhattan. The Deputy Collectors are appointed by the Collector, who assigns them to such Borough office as he deems most necessary. The Deputies now acting are T. G. Christmas, Brooklyn, appointed February 3, 1911; F. M. Becker, Queens, appointed February 15, 1915; T. A. Braniff, Richmond, appointed September 21, 1914; Samuel Shay, The Bronx, appointed January 4, 1918. Respectfully,

DUNCAN MACINNES, R. B. MCINTYRE, H. H. RATHYEN, DANIEL MOYNAHAN, Committee.

City of New York, Board of Estimate and Apportionment, Bureau of Personal Service, Municipal Building, January 28, 1918.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—In connection with the application made by the Comptroller to the Board of Aldermen for an issue of \$30,000 in special revenue bonds for the purpose of providing funds to meet the additional expenses necessary for the prosecution and completion of the work of auditing the collections of arrears of taxes, water rents and assessments, forwarded for collection to the Collector of Assessments and Arrears, covering the period from January 1, 1910, to December 31, 1916, upon which you requested the Bureau of Personal Service to investigate for your Committee, I submit the following:

Section 154 of the Charter imposes the duty upon the Comptroller of making an audit of the accounts of a Collector or any Deputy Collector of Assessments and Arrears when he shall cease to hold office, as appears from the following excerpt:

"Sec. 154. Whenever a receiver of taxes or any deputy receiver or a collector of assessments and arrears or any deputy collector shall cease to hold office, and within one year thereafter, it shall be the duty of the comptroller to examine the accounts of such receiver or collector or deputy, and if found correct to cause a certificate to that effect to be filed with the bond of such officer, and such certificate so filed shall be a full discharge and satisfaction of the conditions of such bond and the lien or liens thereby created. * * *

During the past number of years Comptrollers were urged to make such an audit, but up to 1917, so far as known, no action was taken. On February 23, 1917, the Board of Estimate and Apportionment modified a wage schedule of the Department of Finance and set aside \$9,120 to provide for the employment of Bookkeepers and Tabulating Machine Operators to commence an audit in each of the five boroughs of the City for the years 1910 to 1916, inclusive. On April 20, 1917, the first appropriation being exhausted, a transfer of \$15,500 was made from the General Accrual Fund to the Department of Finance to continue this work. On June 15, 1917, a further transfer from the General Accrual Fund of \$26,808 was made, making a total of \$51,428 set aside for such work in 1917.

No provision was made in the 1918 Budget for the continuance of the work, which is still uncompleted. On January 4, 1918, a modification of a wage schedule was approved, setting aside \$2,556 to provide for the employment of Bookkeepers and Tabulating Machine Operators engaged on the work. This was to provide for this force for a period of about 16 working days. In the meantime the Comptroller was to look into the question of continuance of the work. On January 25 a further modification setting aside \$4,722 was made so as to continue the force for an additional 15 days. The total amount set aside for this work since its commencement amounts to \$58,706, exclusive of the salaries of the regular employees.

A Committee was appointed by the Comptroller to consider the question of continuing the audit. This Committee recommended that the work be carried to completion. A copy of the Committee's report, I am informed, has been sent to you.

The work consists of three main functions, (1) Card Punching, (2) Tabulating, and (3) Verifying, and has progressed in each borough as follows:

1. The first process, consisting of card punching, is practically completed in all of the boroughs except as to the older tax levies and assessments prior to consolidation. Most of these have been completed in Manhattan.
2. The first tabulation of all cards so far punched has been completed. This assures the fact that all the entries have been abstracted in the audit period and establishes controlling figures.
3. The final verification with the general ledger, which will be the test of all

*G. W. Wanmaker was Deputy Collector in the Borough of The Bronx. During the absence of the Collector of Assessments and Arrears he was placed in charge of the Manhattan office, having the power of the Collector to act where necessary.

transactions recorded, involves the resorting and retabulation of the cards in chronological order. This is in progress in all boroughs for the tax years 1909-1915, inclusive.

The personnel engaged on the work has been reduced from 70 during the latter part of 1917 to 47. It is proposed to reduce the force still further to 41. The latter will consist of 30 Bookkeepers and 11 Tabulating Machine Operators for an estimated period of three months in the Boroughs of Manhattan, Bronx, Queens and Richmond, with an additional period of about eight months for a staff of 10 Bookkeepers and 4 Tabulating Machine Operators in the Borough of Brooklyn. The additional force is necessary for Brooklyn because of the section ledger system in use in that borough and to the large number of assessments affecting individual parcels amounting to 22,000. In addition to the temporary employees engaged on the work, certain of the regular employees of the Comptroller's office are detailed to supervise it, as follows:

Accountant, 1 at \$2,400 (in charge); Accountant, 1 at \$1,920 and 1 at \$2,280; Expert Accountant, 2 at \$2,100 and 1 at \$2,400.

In view of the fact that the work has now progressed to a point where a considerable part of its value will be lost should the task be abandoned at this time, the Bureau of Personal Service is of the opinion that the revenue bonds should be issued so that it may be prosecuted to a speedy conclusion. Because of the involved nature of the work, which would necessitate a very voluminous report in order to detail its exact status, it is suggested to your Committee that Mr. Robert B. McIntyre, Supervising Statistician in charge of the audit, could clearly outline orally whatever further questions you may desire answered. Respectfully,

EDWARD FEENEY, Acting Assistant Director.

The President put the question whether the Board would agree with said report and adopt such resolution.

Report of the Committee on General Welfare in Favor of Adopting Resolution Authorizing the Appointment of a Special Committee of the Board of Aldermen, in Accordance with a Communication from the Mayor, to Investigate the Method of Storing, Distributing and Retailing Coal in the City of New York.

The Committee on General Welfare, to which was referred on January 22, 1918 (Minutes, page), the annexed communication from his Honor the Mayor relative to the coal situation and the method by which coal is retailed to the people, respectfully

REPORTS:

Your Committee having under consideration the letter of his Honor the Mayor dated January 22, 1918, addressed to Hon. Alfred E. Smith, President of the Board of Aldermen, suggesting that the Board of Aldermen, through its President, appoint a committee to take public testimony with a view of action by the Board to cure the evils relating to the methods by which coal is distributed and retailed in the City of New York, respectfully recommends for adoption the accompanying resolutions:

Resolved, That a committee be appointed, pursuant to Rule 20 of the Board of Aldermen, to conduct any investigation that may be deemed necessary on the subject of the method of storing, distributing and retailing coal in the City of New York, and to inquire into all matters of concern relating thereto in so far as said subject is of concern to the City or its inhabitants, and to report thereon and make any recommendations to this Board as in their judgment may seem wise.

Resolved, That such Committee be empowered to require and enforce by subpoena the attendance of witnesses for such investigation, and to require the production of such books, papers, written instruments or other articles as may be subject of subpoena.

Resolved, That the Corporation Counsel of the City of New York be requested to assign an Assistant Corporation Counsel to act as counsel for such committee.

Resolved, That the Board of Estimate and Apportionment be requested to provide in its discretion any expenditure rendered necessary by such investigation or inquiry.

WILLIAM T. COLLINS, ARNON L. SQUIERS, JAMES A. HATCH, WM. C. ROSENBERG, ALEXANDER BASSETT, FRANK J. SCHMITZ, BARUCH C. VLADECK, EDWARD J. ATWELL, CHAS. H. HAUBERT, EDWARD W. CURLEY, Committee on General Welfare.

City of New York, Office of the Mayor, January 22, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City:

Dear Sir—It is the immediate duty of this administration to reconstruct, along sound commercial and humanitarian lines, the method by which coal is retailed to the people of New York.

Outside of what happens before the coal gets to our City, there are too many intermediate taxes upon a bucket of coal from the time it leaves the dock until it is put into the kitchen stove.

The chief sufferers through this condition are the poorest of our poor. They are unorganized and unable to retain skilled advocates to plead their cause. Hence, it is easy to understand why they might continue to be helpless victims of a bad system without your aid.

I do not presume to say which of the intermediate processes is useless and which, therefore, should be eliminated. I do know that intelligent study of this subject by your Board will make plain which are the useful and which the parasitic elements.

My suggestion to your honorable Board is that you appoint a committee to take public testimony with a view to action by your Board to cure the evils which too long have been permitted to exist.

Our duty is plain. Let us address ourselves to it resolutely and without regard to the protests of any whose selfish personal interests may come into conflict with our program. Very truly yours,

JOHN F. HYLAN, Mayor.

Alderman Collins offered the following resolution as amendatory of the resolutions contained in the foregoing General Order:

Resolved, That the powers of the Committee to be appointed under and by virtue of a resolution now on General Orders for consideration this day for the purposes of investigating the coal situation be extended so as to include an investigation upon the subject of ice, the manufacture of artificial ice within the City of New York, the number of plants, their capacity, the extent to which they are operating, the facilities available for overcoming the shortage of ice, both natural and artificial, within the City of New York, the means at the City's command for the obtaining of ice and any and all inquiries incidental thereto with a view of any necessary action by this Board for the purpose of insuring an extensive supply of ice to the people of this city in the event of any actual or anticipated shortage, and that the authority of said Committee be extended over this subject of inquiry with the same force and effect and to the same extent as provided in the resolution respecting the subject of inquiry on the coal situation.

Which was adopted.

The President then put the question whether the Board would agree with the foregoing report and the resolutions contained therein as amended.

Which was adopted.

The Chair then declared a recess of five minutes to enable the Committee on Rules to prepare reports for presentation.

ROLL CALL AFTER RECESS.

Alfred E. Smith, President of the Board of Aldermen.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, FEBRUARY 6, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, free rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding. The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
