### DEPARTMENT OF FINANCE.

#### WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, SEPTEMBER 11, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word “final” is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

### Bellevue and Allied Hospitals.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Thursday, July 18, 1918, at 2 p. m.

Present—Dr. Brannan, the President in the chair; Messrs. O'Keeffe, Sachs, Stern, Wright and Farley, Trustees. Excused: Mr. Paulding, Trustee; and Mr. Coler, Commissioner of the Department of Public Charities, ex-officio.

The shortage of employees continues to be a very serious matter at all the hos-

pitals, particularly at Bellevue. I present, herewith, separately, a copy of a letter from Miss Hilliard, in which she urges that some action be taken in increasing the pay from the various grades, in order to obtain and retain employees.

Plans for the portable wards of Fordham Hospital, submitted to the Medical Board, have been returned approved, and are now waiting the sanction of the Board of Estimate for the expenditure of the money.

On separate motion, duly seconded and carried in each instance, action was taken

upon the report of the General Medical Superintendent as follows:

The subject of the shortage of employees and the need of providing increased pay for such employees in the budget for 1918 was referred to the Budget Committee, Mr. O'Keeffe and Mr. Sachs. At the same time the General Medical Superintendent was authorized to transfer funds from accruals to provide for increases in the pay of employees, such increases to be consistent with the rules of the Civil Service Commission and the Board of Estimate and Apportionment.

### COMMITTEE REPORTS.

The President referred to the feasibility of acquiring the triangular piece of property at the foot of E. 26th st., between 25th and 26th sts., now occupied by the firm of Candee, Smith & Howland, regarding which the Trustees have made inquiries for a number of years. He called attention to the necessity of the need of this plot, which is essential for the future development of the Training School for Nurses and also to the fire hazard to the Nurses' residence, due to the wooden sheds on the plot. After discussion, it was moved, seconded and carried to ask the Commissioner of the Department of Docks and Ferries for his co-operation to obtain this property at the expiration of the present period of the license, which is May 1, 1919, and to make a formal request to the Sinking Fund Commission for the land before that time.

Dr. Brannan presented a letter from the Public Health Committee of the New York Academy of Medicine reporting that the Rockefeller Foundation has appropriated the sum of \$10,000 to them for the purpose of making a study and formulating plans for immediate application and for the future development of dispensaries and out patient departments in the City of New York, and inquiring whether the out patient departments at Bellevue and its allied hospitals should be included in the study. After consideration, it was moved, seconded and carried to approve this request.

Dr. Brannan referred to a copy of a letter sent to Surgeon General Gorgas by Dr. Goldwater, under date of July 11, regarding the training of Nurses' Aids for war-time service, and suggested that consideration be given to the subject of providing such a course of training at Bellevue, as suggested in the letter. After discussion, it was resolved to establish a six months course for the training of Nurses' Aids to meet the needs of the army hospitals at home and in France, and in view of the urgency of the situation, it was requested that Dr. Brannan confer with Surgeon General Gorgas before taking up the subject formally with the Bellevue Training School for Nurses.

Dr. Brannan referred to the desirability of having the old morgue building at the foot of E. 26th st. removed. After discussion it was moved, seconded and carried to refer the subject to the President with power.

Consideration was given to a report, dated July 17, from the purchasing agent to the General Medical Superintendent calling attention to the probability of a serious coal situation for the year 1918. After consideration, it was moved, seconded and carried to authorize the General Medical Superintendent to store as much coal as possible in available plots at Bellevue or at the allied hospitals, and also to authorize the purchase of the necessary coal handling equipment, provided the cost is within a reasonable amount.

A report was presented from the Chief Clerk and Auditor to the General Medical Superintendent under date of July 18, in regard to the deficits in the budget codes of the department. After consideration, it was moved, seconded and carried to request the Board of Estimate to authorize the transfer of \$10,800 from Code No. 3048, City Fund Salaries and Wages Accruals, to the appropriations of Bellevue and Allied Hospitals as follows: Code 2032, Bellevue Hospital, \$3,000; Code 2033, Gouverneur Hospital, \$3,000; Code 2034, Harlem Hospital, \$4,500; Code 2036, Neponsit Beach Hospital, \$300; total, \$10,800.

This request is made as the reduction of \$20,000 was made from the funds by the Board of Estimate and Apportionment at the time of making the budget, 1918, as was anticipated that the accruals from Salaries, Regular Employees, would amount to this sum. Request was also made for the transfer of \$1,277.50 to Code No. 2064, Wages Temporary Employees, Gouverneur Hospital, which funds are necessary to pay for the wages of a Fireman and also for vacations for Engineers and Firemen at Gouverneur. Request was further made for the transfer of \$500 from Code No. 2073 for fuel supplies to Code No. 2078, Motor Vehicle Expenses, in which immediate funds are required.

Reference was made to the sudden death of Major John Purroy Mitchell, whereupon the following resolutions were adopted:

The Board of Trustees of Bellevue and Allied Hospitals has learned with profound sorrow and regret of the untimely death of Major John Purroy Mitchell, recently Mayor of The City of New York.

In his death in the military service of his country, the nation and city have lost a faithful public-spirited citizen, who has given unsparingly of his time and intellect to the duties of his office. As a public servant he typified what is best in American manhood.

Therefore, be it Resolved, That the Trustees of Bellevue and Allied Hospitals extend to the family of Major Mitchell their heartfelt sympathy in the loss they have suffered, and be it.

Further Resolved, That a copy of these resolutions be sent to them.

Consideration was given to the preparation of the departmental estimate for 1919, and the Budget Committee presented the following tentative estimates for supplies, etc.:

The Committee presented a detailed analysis showing the proposed increases in salaries which are made in general on a basis of 10 per cent. for those receiving maintenance and 20 per cent. for those without maintenance, with such adjustments and modifications as individual instances will merit. After consideration, on motion, duly seconded and carried, it was

Resolved, To approve the report of the Budget Committee and refer the estimate to the President and Budget Committee with power for such minor amendments and revisions as may be deemed necessary.

**NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.**

**TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.**

**THE BUILDINGS AND APPURTENANCES** thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that this has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

**GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.**

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company, signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond or cash as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
