Provision for the salaries of the Police Commissioner and the Deputy Commissioners for the year 1907 has been divorced from the title Police Fund, Salaries of Force, and placed upon a separate sheet, under the heading Police Fund, Police Commissioner, Deputy Commissioners and Chaplains. This is done because of the fact that the unexpended balance remaining to the credit of the Police Fund, Salaries of Force, must by statute be paid over to the Police Pension Fund, and no such provision applies to the salaries of the Police Commissioner and Deputy Commissioners.

In requesting that a salary be appropriated for each of the Police Chaplains, the Commissioner desires to state that these gentlemen are doing a work which is unquestionably most conducive to an increase of the morale of the force. They visit the sick; in many instances where there are family difficulties, they have brought about reconciliations; by their visitations to the men and their presence in the station houses they have been instrumental in elevating the tone of the men. They have interested themselves in athletics, and, as is well known, an interest in athletics brings about an improvement in physical condition, and necessarily an elevation of the moral tone. The Chaplains are working hand in hand, and they are doing their work along lines which are to be commended; that is, appreciating the diversity of creeds and sects, which is necessarily great among over 6,000 men drawn from the population of a cosmopolitan City like ours; there has been no attempt at proselyting, each man being encouraged to adhere to his own creed, their work being devoted to inducing the men to follow their creeds more faithfully and zealously, whatever they may be. Their work, therefore, is of the true missionary kind. In view of this work, involving as it does the abandonment by these gentlemen to a great extent of the work which they have done in their

own churches and parishes, and involving a considerable expense which is voluntary, it has seemed only right that a compensation should be made to them in the amount suggested under the above heading.

Police Fund, Salaries of Inspectors, Surgeons, Captains, Sergeants, Roundsmen, Patrolmen, Doormen, Matrons, Telegraph Bureau and Steam Boiler Squad

Under this title the following amounts are mandatory to be granted by the Board of Estimate and Apportionment for the year 1907:

14 Inspectors, at \$3,500 each	\$49,000 00	φ10,000 00
3 Inspectors, at \$3,500 each	10,500 00	
		59,500 00

The Commissioner asks for a considerable increase in the salaries of the Deputies, the Secretary to the Commissioner and Executive Clerk to the Commissioner. He does this with a perfectly clear conscience. A moment's consideration will show that the salaries now paid are not sufficient to attract into the service of the City men such as it should have for the performance of the duties connected with these offices. The work of these offices requires more than average ability, intelligence and discretion, and such qualities cannot be obtained in these days for the prices which the City is now paying. In addition to the above, it should not be forgotten that the price of living in Greater New York has largely increased in the last few years, so that while the salaries now paid may have been sufficient at a previous date they are not sufficient to obtain and hold services of a class which the City should have in these situations. The Commissioner desires to say in this connection that if the Department has during the last few months been administered in a way at all satisfactory to the citizens of New York, he takes great pleasure in frankly acknowledging that this result is due absolutely to the loyal support and intelligent work of these subordinates, some of whom accepted their places at some financial loss.

The increase asked in the salaries of the Bookkeeper and Assistant Bookkeeper is explained by the fact that the office of Auditor has been abolished during the present year and the work of that Bureau placed in the Bookkeeper's hands. It seems only fair that there should be some increase in compensation by reason of the additional duties imposed upon the occupants of these offices.

It has been found desirable that the Department should have the services of at least two men versed in the law in view of the great number of suits constantly being brought against the Commissioner and other members of the Department, and also in view of the fact that considerable delay is experienced by the lack of such assista Deputies, the Secretary to the Commissioner and Executive Clerk to the Commissioner

The necessity for the increase in the clerical force of the Department is shown by the following statement:

There are now at Central Office doing indispensable work the following mem-

This is practically the same as adding thirty Policemen to the force ing \$43,200, and twenty-five Clerks costing \$24,420.  By consolidating the office of Auditor with that of Bookkeeper the Com-	now cost-
missioner has effected a saving under this title of	\$3,000 00
one Stenographer, at	2,500 00
One Stenographer, at	2,000 00

A serious handicap to the efficiency of the Police Department has been the extremely limited appropriation made under the above title for the current year, necessitating a pruning of quantities and in a great many cases an entire inability to purchase necessary supplies, thereby crippling the service of the department to an extent that can be readily appreciated by a glance at the accompanying figures. The Police Commissioner by every means in his power has kept the purchases of the department at the lowest possible basis, and in a great many cases has saved large sums to the department in the scaling of prices from what it had been the custom of the department to pay for years, notable instances of which are the shoeing of the horses with pads, the price of which has been reduced from \$7 to \$5.50, boarding of horses in a great many cases reduced from \$30 to \$25 per month, the abolishing of a great many blanks and books formerly used in every precinct, but considered by the present Commissioner to be superfluous, and so with every other item used in the department, everything being scaled down in price and quantity to a point where to make further reduction would simply mean that the business of the department would be actually crippled.

Total annual saving by the abolishment of useless positions

Supplies for Police. Amount allowed for 1906. \$423,628 oo Special Revenue Bonds. 9,000 oo

Increase.....\$216,166 00

crippled.

It may seem anomalous, in view of the above statement, as to the saving effected, that the amount now asked is in excess of the amount awarded for the current year. It is sufficient to say with reference thereto that the amount awarded last year was 65 per cent. of the amount requested. The amount now asked is actually but 80 per cent. of the amount requested last year, or an increase of 15 per cent. Had the appropriation made a year ago been expended without the savings and prunings above indicated, the appropriation would have been long since exhausted and the work of the department along these lines have ceased or a further appropriation been necessary. It is poor business policy to request additional appropriations and one which is not conducive to good administration. The needs of the department, however, it can be readily appreciated, are ever on the increase. Involving, as these needs do, an expenditure of money, the amount necessary to meet them must of course be incan be readily appreciated, are ever on the increase. Involving, as these needs do, an expenditure of money, the amount necessary to meet them must of course be increased. The amount thus far appropriated is, despite the savings effected, wholly inadequate. For that reason the increase now asked—which is in fact 20 per cent. less than the amount requested last year—will, in the opinion of the Commissioner, be barely adequate to bring about the discharge of those duties imposed upon the department, to meet which these disbursements are necessary. It is needless to say that the Commissioner will pursue the same economical course he has followed during the current year.

Police Station Houses, Alterations, Fitting Up, etc. Amount allowed.

Special Revenue Bond issue. Estimate for 1907

The original request for repairs for 1906 was \$183,000. Of this the Department has received during 1906 \$94,000 (which will put about thirty to thirty-five station houses in decent repair, work now being pushed), leaving a balance still needed for intended repairs of \$75,000. As, however, there will be other repairs needed during the ensuing year not included in the estimate for 1906, it is estimated that \$90,000 will cover the entire necessity.

The City Fathers in their wisdom have recognized the deplorable condition of the station houses of the Police Department and have practically adopted a plan for their rehabilitation throughout the entire City, and have appropriated \$2,000,000 to begin this great work, which will be energetically, although carefully, carried on with a view to the best interests of the City, as well as to the Police Department. It is readily seen, however, that considerable time must elapse before this appropriation will begin to produce its effect and furnish proper accommodation for the work of the police, and it is a matter of common knowledge in what a deplorable condition the large proportion of the present station houses are now. It is for immediate necessity, until the results of the new station houses become available, that this money for repairs is requested, rendered necessary also by the very laws and ordinances of the City itself and by the condemnation reports of the Health Department.

#### DEPARTMENT OF STREET CLEANING.

Department of Street Cleaning, City of New York, July 25, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

First-I wish to point out that the population of Manhattan, The Bronx

Dear Sir—Complying with the provisions of section 226 of the Greater New York Charter, I transmit herewith, for the consideration and action of your Board, the annual estimate for the appropriation of funds to the Department of Street Cleaning for the year 1907, amounting to \$6,884,766.77, and embracing the Boroughs of Manhattan, The Bronx and Brooklyn.

In placing this estimate before your Board I desire to invite attention to the following facts:

and Brooklyn on July 1, 1904, was	3,570,012 3,666,766
Increase on July 1, 1905, over July 1, 1904	96,754
On July 1, 1906, the population was	3,869,001 3,666,766
Increase on July 1, 1906, over July 1, 1905	202,235

Hence, should these three boroughs increase in the same proportion in 1907 as in 1906, it is quite reasonable to suppose we would have an added population of about 400,000 people for this Department to care for over 1905.

In regard to increased mileage of paved streets in the Boroughs of Manhattan, The Bronx and Brooklyn, I find that on July 1, 1905, there

1,013.00 Additional mileage on July 1, 1906.....

The cartloads of the different kinds of material for the years 1904, 1905 and 1906 disposed of were as follows:

Showing a total mileage on July 1, 1906, of.....

Ashes, street sweepings, rubbish and garbage, bonds................ 2,807,782.71

Ashes, street sweepings, rubbish and garbage, loads...... 2,918,692.25

Increase in 1905 over 1904...... 109,909.54 1906 (Estimated). Increase in 1906 over 1905...... 324,459.75

Increase in 1906 over 1905...... 324,459.75

And it is only reasonable to suppose that next year we will have about an additional 325,000 loads to collect and dispose of over 1906, the ratio of increase for each year being approximately the same.

I wish to invite the attention of the Board especially to the above exhibits.

No single borough has at any time had sufficient funds to properly conduct the business of this Department or give the satisfaction that the inhabitants have every right to expect.

Second—I have provided for an increase in the General Administration Account, amounting in all to \$7,500, an increase over the amount appropriated for 1906, in the salaries to a few underpaid officers of the uniformed and clerical forces, who hold responsible positions and whose services are worth more to the City than they are now receiving, which increase has been approved by the Board of Estimate and Apportionment by resolution adopted April 28, 1905. There also appears in this account an increase in the Departmental force by the addition of an Engineer and two Rodmen. The work of this Department in making land fills and in the handling of its wastes would be greatly facilitated by the addition of such officers, which addition would not only carry forward the policy of the saving of the waste materials and turning them to advantage and revenue, but would save the constant calling upon the Engineers of other Departments of the City to lend their services for this help.

I would suggest that the term "General Administration Account" be changed to "Administration" are now amalgamated without regard to the separate boroughs.

Third—There is an increase in the Administration Account over the appropriation for 1906 for all boroughs of \$70,577.50. In that year, 1906, I estimated for \$360,800 in this account and was allowed \$305,250, making a reduction of \$55,550, which is included in the increase of \$70,570.50. These increases embody, as they did in my estimate for this year, pay for Mechanical Draughtsman, \$1,800 per year, an additional Messenger at \$000 per year, and the payment of additional Clerks, which are very much needed. They also provide for an increase of pay to the District Superintendent in charge of the Borough of Brooklyn. This officer now performs the duties which would devolve upon a Deputy Commissioner, did one exist there, and is consequently held to a very strict responsibility, and should receive a salary commensurate with the responsibilities placed upon him. This increase has been approved by

approved by the Board of Estimate and Apportionment in the resolution.

The increase recommended in the pay of the officers of the Department, notably the District Superintendents, I think necessary. There has been no increase of pay in this grade in the last fourteen years. The present rate of \$1,200 per annum is inadequate to secure or hold the services of men of the character and ability which this important position requires. The pay of a Captain of the Department of Police is \$2,750 per year. These men who have in charge the sanitary conditions of an area greater than any police precinct are to-day in receipt of but \$1,800.

Fourth—The increase for all boroughs in the Sweeping, Carting and Final Disposition of Material, including Cremation or Utilization account, is \$763,315.05, and is for the payment of an additional number of sweepers in order that the service may be rendered more efficient, the proportion at present averaging during the year one Sweeper to the half-mile of linear street cleaned, which is totally insufficient, as much of this area must be swept two, three and four times a day, according to localities; also to pay for a much needed increase in the number of Drivers, in order to give a proper service to the additional 200,000 inhabitants of the three boroughs which have come into them during the last twelve months, and is is absolutely neceswhich have come into them during the last twelve months, and is is absolutely necessary to make the collections of garbage, ashes and rubbish more rapidly and effi-

sary to make the collections of garbage, asnes and rubbish more rapidly and emciently than ever before.

Fifth—In the account of Wages, Supplies, Rents and Contingencies, in all boroughs, the increase is \$71,807.77. This increase is due to the necessity of providing proper quarters for the increased number of Sweepers and Drivers and adequate stabling for the horses.

This account has been made up with the greatest possible care and with a due regard for economy. The Department has never been supplied with adequate funds, and the growing needs of this most rapidly growing City can only be met by a large expenditure.

Respectfully,

JOHN McGAW WOODBURY, Commissioner of Street Cleaning.

Salaries-General Administration.

#### FIRE DEPARTMENT.

Fire Department, City of New York, Nos. 157 and 159 East Sixty-seventh Street, Borough of Manhattan, August 15, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I am directed by the Commissioner to transmit herewith departmental estimate of the amount of money that will be required to conduct the business of the Fire Department for the year 1907.

The amount asked for the year 1906 was \$6,876,491.25. The amount allowed by the Board of Estimate and Apportionment in the Budget was \$6,602,955.42.

The total amount asked for the year 1907 is \$7,077,327.57, an increase of \$972,450.43 over the amount allowed in the Budget for the year 1906. Of this amount \$751,503.64 alone will be required for the payment of salaries of the uniformed force appointed and promoted during the year 1906, for advancement in grades and for the purpose of strengthening the force in the several boroughs. The necessity for the other increases are specifically stated in the several bureau estimates.

Respectfully,

ALFRED M. DOWNES, Secretary.

# DEPARTMENTAL ESTIMATE FOR THE YEAR 1907. BOROUGHS OF MANHATTAN, THE BRONX AND RICHMOND.

<sup>\*</sup> Position to be filled by promotion.

Increase asked for is for one Deputy Chief of Department and six Chiefs of Battalion, for the purpose of granting to officers of these grades the same allowance of "time off" now granted to their subordinates; to fill the vacancy in the position of Chief Instructor, thus relieving a Chief of Battalion now detailed; for two Chaplains each for the boroughs of The Bronx and Richmond. The Clerks are required to replace one transferred to another branch and for the increased work imposed on this Bureau. The position of Automobile Engineman could not be filled for lack of appropriation, therefore the request is renewed.

Salaries—Engine and Hook and Ladder Companies' Payrolls. (Sections 726, 728 and 740 of the Greater New York Charter.)

12 \$17,550 00		\$48,050 00	\$30,500 00	

The increase is explained as follows: By advice of the Corporation Counsel, after annum, from May 1, 1906. As the appropriation was insufficient, it was found neces was totally inadequate, and in their places to detail temporarily a Foreman, an Assistant branch, whose aggregate salaries amount to \$24,810, to carry out the provisions of the crease asked for, including the salary of the Inspector and additions to the clerical force, northern boundary of the City, in The Bronx, to and including the whole of the

an order of Court, the salaries of fourteen Oil Surveyors were increased to \$1,500 per sary to discharge four Oil Surveyors on June 30, 1906, although the then existing force Forema: and fourteen Firemen from the uniformed force, and a Clerk from another laws and ordinances over which the head of this Bureau has jurisdiction. The total inits not excessive, when it is considered that the area to be covered extends from the Borough of Richmond.

### Salaries-Bureau of Fire Marshal Payroll.

(Sections 727, 728 and 779 of the Greater New York Charter.)

Employees chargeable to the above appropriation:

No.	Salary Paid July 1, 1906.	No.	Proposed Salary for 1907.	Increase.	Decrease
1 Fire Marshal	\$3,000 00	1 Fire Marshal	\$3,000 00		
r Assistant Fire Marshal	2,000 90	1 Assistant Fire Marshal	2,000 00	*******	
x Assistant Fire Marshal	1,800 00	r Assistant Fire Marshal	1,800 00		
2 Assistant Fire Marshals, at \$1,800 each	3,600 00.	2 Assistant Fire Marshals, at \$1,800 each	3,600 00		
3 Assistant Fire Marshals, at \$1,500 each	4,500 00	6 Assistant Fire Marshals, at \$1,500 each	9,000 00	\$4,500 00	
1 Clerk	1,200 00	r Clerk	1,200 00		
1 Stenographer	1,500 00	1 Stenographer	1,500 00		
		ı Interpreter	1,200 00	1,200 00	
10	\$17,600 00	14	\$23,300 00	\$5,700 00	

The increase is accounted for as follows: Three Assistant Fire Marshals are required to take the places of four Patrolmen, detailed from the Police Department, who were relieved and returned to duty in their own Department. This additional force is absolutely necessary. As the greatest number of suspicious fires occur in premises occupied by foreigners, many of whom do not speak or understand the English language, the request, heretofore made, for an appropriation for the services of an Interpreter, is renewed.

		2 Clerks, at \$900 each	1,800 00	1,800 00	
76	\$83,762 50	120	\$147,097 00	\$65,734 50	\$2,400 0

The increase asked for is \$63,334-50, of which amount \$16,600 is for the salaries of six Telegraph Operators, two Batterymen, Foreman of Linemen and four Linemen, employees in the Borough of Richmond, now paid from a separate appropriation; \$2,709 is for additional pay to Cable Splicers, authorized by the Board of Estimate and Apportionment and Board of Aldermen, and the remainder for additional employees. The care and management of this most important branch of the fire service devolved for

several years past upon subordinate officials, who were not provided with sufficient money or help to keep the system in a thoroughly efficient condition. It is proposed to select and appoint a Superintendent and a Deputy Superintendent of Telegraph, who shall have general charge of all the fire alarm system, and to provide a sufficient number of competent persons, in addition to the present force, to handle properly the largely increased work and business of the Bureau.

\$63,334 50

	\$446,178 81	\$767,200 00	\$321,021 19

The increase for Repairs to Buildings is for emergency and sanitary repairs. The increase for Fuel (coal) is on account of increased cost and for new com-

The increase for General Supplies is on account of increased cost and for proper maintenance.

The increase for Horses, Horse Hire, etc., is for new companies.

The increase for Forage and Horseshoeing, etc., is on account of increased cost

and for additional horses.

The increase for Hose is to replace worn out and defective hose and for new

companies.

The increase for Repair Shop Supplies includes miscellaneous supplies, tools, etc., issued to companies; hardware, steam fittings, lumber, felloes, spokes, poles, shafts, axe and hook handles, etc., necessary in making repairs to apparatus and equipment.

The increases for Telephone Supplies and Repairs are for the extension of the present telephone system throughout the three boroughs and for new companies to be connected; for maintenance of general system, general supplies, incidental expenses, etc.; for new boxes, new stations, replacing key doors with keyless doors, and replacing worn out apparatus house equipments; for repairs to submarine cables and the necessity of keeping a supply on hand in case of accident; for the repairs to and renewals of present underground system, urgently needed on account of many of the cables having outlived their usefulness and being beyond repair; for a new storage battery and new transmitter for the central office in the Borough of The Bronx, which are required to permit the transmission of alarms with greater speed, and to permit of making important changes in dividing the box circuits.

The increase for Maintenance and Repairs to Fireboats is necessary for efficient maintenance.

18 Total	\$25,891 50	24 Total	\$33,352 50	\$8,373 50	\$912 50

The title of one Cleaner to be changed to Laborer, the change having been approved by the Civil Service Commission, and it is proposed to increase said Laborer and one other Laborer to \$1,095 per annum, they being long term and faithful employees.

The position of Assistant Superintendent of Buildings has been vacant since February 18, 1904. It is proposed to fill said position at an early date.

The elevator in Headquarters building is in operation night and day, and an additional Attendant is required.

Two additional Architectural Draughtsmen are required to properly conduct the business of the Department in the building branch of the service. An additional Cleaner is also required to fill vacancy.

-			-			-
9	Total	\$14,700 00	15 Total	\$23,700 00	\$9,000 00	

The increase is explained as follows: By an order of Court and direction of the Corporation Counsel, nine (9) Oil Surveyors were increased from 3000 to \$1,500 per annum, from May 1, 1906, and the services of three of said Oil Surveyors were dispensed with June 30, 1906, owing to insufficient appropriation. The number of Surveyors now employed is inadequate to enforce the provisions of the law regarding the sale and storage of combustibles in the large territory comprised within these boroughs, and the additional appropriation is urgently requested.

#### Salaries-Bureau of Fire Marshal Payroll.

(Sections 727, 728 and 779 of the Greater New York Charter.)

#### Employees chargeable to the above appropriation:

No.	Salary Paid July 1, 1906.	No.	Proposed Salary for 1907.	Increase.	Decreas

		-			
6 Total	\$11,050 00	9 Total	\$15,550 00	\$4,500 00	

The increase is explained as follows: During the early part of the current year, three Patrolmen, who were detailed from the Police Department to this Bureau, investigating suspicious and incendiary fires, were relieved and returned to duty in their own Department. It is absolutely necessary that additional Assistant Fire Marshals be appointed to perform the duties heretofore performed by said Patrolmen.

		47 Total	\$48,715 00	\$11,798 50	

The increase is explained as follows: Four additional linemen required, owing to the extension of the paid system in the Borough of Queens, and the necessity of rebuilding many of the aerial circuits during the year 1907; increase in salary of Ground men to equalize with Batterymen, whose duties are similar. The salary of one Laborer was reduced \$05 by the Fire Commissioner in 1902. It is suggested that it be restored. A responsible head is required in this important Bureau, and the position of Chief Operator or Assistant Superintendent of Telegraph, will be filled if the money is allowed. New employees necessary to properly conduct the business of the Bureau.

There has been a decrease of three employees on this pay-roll since 1898, not withstanding an increase in the number of new companies organized and the extension of the paid system to Rockaway Beach, Far Rockaway and Arverne, in the Borough of Queens. The new employees are actually required to carry on the large amount of repairs, etc., devolving upon this important arm of the service. The in crease in wages is requested in order that employees may be paid at the prevailing

#### Salaries-Hospital and Training Stable.

	\$275,723 68	\$395,750 00	\$120,026 32

The allowances for 1906 represent the subdivision of the aggregate amount made in January, 1906. The allowances for new hose and new apparatus had to be transferred to General Supplies, Repair Shop and Telegraph Supplies, owing to the advance in price of materials and the necessity of purchasing sufficient quantities to maintain the Department. Therefore no new hose or apparatus can be purchased from the appropriation of 1906, which causes the large increase in these accounts for 1907. Many of the apparatus houses are in an unsanitary condition, and extensive repairs are urgently required. One hundred street fire-alarm boxes are needed to properly protect the rapidly-growing suburban sections. None from the appropriation for the present year can be purchased. The present "Joker" or small gong telegraph system in the various houses is practically worn out, and the amount requested, if allowed, will enable the Department to install an entire new and up-to-date "Joker" system.

### Summary of Appropriations for the Board of Assessors.

Title of Appropriation.	Appropriation for 1906 Allowed by Board of Esti- mate and Apportionment. Oct. 31, 1905.	of Esti	ed by Board imate and tionment.	Total Appropriation for 1906.	Amount Asked for the Year 1907.	Increase.	Decrease.
Salaries—General Administration	\$30,950 00	Dr.	Cr.	\$30,950 00 1,000 00	\$43,100 00 1,000 00	\$12,150 00	The State
enterturing and the state of th	\$31,950 00			\$31,950 00	\$44,100 00	\$12,150 00	1

#### Recapitulation.

Total appropriations for 1906	\$31,950 00 44,100 00
Increase	\$12,150 00

It will be noted that a total increase of \$12,150 is asked in the appropriation for 907, made up as follows: Increase in salaries of the three members of the Board, 9,000, and for the salary of one additional Clerk, \$1,650.

The increase in the salaries of the members of the Board is asked for because the growth of the office has rendered the present salary of \$3,000 a year inadequate. The present salary was fixed many years ago, when the Board's jurisdiction extended to what is now Manhattan Borough only, whereas now it covers the entire City. This, in connection with the extension of improvement to the outlying sections of the City, has vastly increased the work of the office. Furthermore, the passage of many special acts has conferred jurisdiction as to claims for damages arising from the construction of bridges and other structures in the streets and over rivers within the City limits, adding greatly to the labors to be performed and the responsibilities to be assumed.

The additional Clerk is asked for because the growth of the office work requires the additional employee.

#### ARMORY COMMISSION.

Board of Armory Commissioners, Secretary's Office, Stewart Building, No. 280 Broadway, New York, September 4, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-In accordance with your printed instructions, I herewith transmit the Departmental Estimate for the Armory Board for the year 1907.

Yours truly, E. A. FORNES, Secretary.

Board of Armory Commissioners, Secretary's Office, Stewart Building, No. 280 Broadway, New York, September 14, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-At a meeting of the Armory Board, held September 13, 1906, the fol-

lowing was adopted: Resolved, That, pursuant to the provisions of section 134 of chapter 321 of the Laws of 1904, the Armory Board does now revise the itemized estimates of Commanding Officers of the active militia quartered in The City of New York, submitted to this Board, for necessary expenditures to be made during the ensuing year, for repairs to and furnishing of armories and utensils, materials and other expenditures to be furnished by the City, and does hereby determine and certify said amounts as necessary to be expended for such purpose, in detail, and request the Board of Estimate and Apportionment to make the necessary appropriation, as follows:

Boroughs of Manhattan and The Bronx.

Seventh Regiment	\$6,000 00	
Eighth Regiment	5,500 00	
Ninth Regiment	5,000 00	
I wellth Regiment	5,000 00	
I wenty-second Regiment	6,500 00

36,500 00 \$92,400 00

I also enclose an extract from the report of the Committee, showing the especial need of the amount of funds indicated, with the reasons therefor given.

I beg to call your attention to the fact that this comparison is made with the funds allowed for 1906, and that those funds were the reduced amounts as granted by the Board of Estimate and Apportionment, and that they were, in the aggregate, \$9,132 less than the Armory Board considered absolutely necessary for the care and maintenance of the buildings and the furnishing of such necessary supplies as the organizations required.

Yours truly, FRANK J. BELL, Acting Secretary.

Extract from Report of Committee on Armories Presented at a Meeting of the Armory Board, Held September 13, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Armory Board:

Dear Sir—The Committee on Armories beg to report that, at a meeting held on September 10, 1906, the requisitions of Commanding Officers of the various Organizations of the N. G., N. Y., for supplies, etc., for the year 1907, were considered:

A tabulated list is herewith submitted, showing the amounts allowed the several organization in 1906, the amounts asked for in 1907, and the recommendations of

this Committee.

The particular attention of the Board is requested to the favorable consideration of the amounts recommended, and to the special reasons for the increased amounts to several of the organizations, for unusual repairs, which are very essential to the preservation of the buildings and the needs of the organizations.

#### BOROUGHS OF MANHATTAN AND THE BRONX.

Organization.	Allowed 1906.	Asked for 1907.	Recommended by the Committee for 1907.
Seventh Regiment	\$6,000 00	\$19,359 55	a \$6,000 00

h. \$2,000 of this amount is recommended for supplying tan bark for the ring, and extensive

Summary.

	Allowed for 1906.	Recommended by Committee for 1907.
Boroughs of Manhattan and The Bronx	\$50,059 00 37,709 03	
	\$87,768 03	\$92,400 00

The Committee earnestly recommend that the larger amounts for contingencies in each case be granted for the purpose of giving the Secretary better control of funds for the preservation of the buildings.

#### COLLEGE OF THE CITY OF NEW YORK.

The College of The City of New York, No. 17 Lexington Avenue, New York, August 15, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Trustees of the College of The City of New York herewith submit their Budget, and ask for an appropriation of \$486,347.66 for the support and maintenance of the institution for the ensuing year. There was allowed in all the sum of \$384,818 last year, which was made up of the original appropriation, and \$35,000, subsequently allowed for the like purpose, by the issue of Revenue Bonds.

The increase in the appropriation of \$101,520.66, required this year, is made necessary by large increase in number of students and by removal of all the Departments of the College, except that of Chemistry, to the new buildings on Convent Heights.

Your Board is aware that the new buildings themselves were rendered necessary by large increase in the number of students when the buildings were planned. Such increase has proceeded since even more rapidly than was then expected, and especially during last year.

crease has proceeded since even more rapidly than was then expected, and especially during last year.

While this estimate may appear large, the necessity for it is apparent when it is understood that without any increase in the schedule rates of salaries of any of the Professors, Instructors or Tutors, the new buildings require the care of, and the heating and lighting of 471,766 square feet in the new modern buildings, compared with 72,403 square feet in the old. The grounds around the new buildings to be cared for contain 231,336 square feet, and there will be 2,733 running feet of sidewalk.

The suitable care of the five new large modern buildings, grounds and sidewalks necessarily involves the employment of a Curator and an Assistant, Clerks, Office Bovs, Elevator Boys, Electricians, Laborers, Helpers, Engineers, Oilers, Firemen, Coal Passers, Mechanics, Switchboard Tender, Plumber, Carpenter and Janitors, which will be indispensable for the use and preservation of the property for the coming year, and will add about \$45,000 more than was necessary for the similar care of the small buildings on Twenty-third street.

The number of new buildings, with their increased square feet contents, containing about seven times the amount of the old Twenty-third street building, with modern appliances, engines, boilers, ventilating apparatus, electrical apparatus, switchboard, elevators, etc., irrespective of the great difference in size of grounds and sidewalks, cannot be cared for and operated at a less cost than has been estimated, about \$68,792.66, or \$45,626 increase over last year in the old building.

These minimum figures have been revised by experts and are fixed at the lowest practical amount.

It is necessary to add to the corps of Professors to fill one Professorship, an As-

practical amount.

It is necessary to add to the corps of Professors to fill one Professorship, an Associate Professorship and two Assistants. These changes are plainly necessary and involve an additional outlay of \$8,747.

These expenses, with the annual increase of \$100 allowed in the By-Laws to Instructors and Tutors for each additional year's faithful service, not exceeding a maximum of \$1,400 to any Tutor and \$2,500 to any Instructor, make the requirements for instructional work cost \$349,355, as against \$306,918 last year, without any increase in the schedule of salaries of either the Professors or the maximum salaries of Instructors or Tutors.

The item of coal for heating and operating the machinery in these buildings is \$25,000, as against \$15,000 to operate them from September to January of the present

New text-books for increased number of students and rebinding old text-books, \$7,000, will be necessarily added.

The average salary paid to the instructing force in the College, including members of the Faculty and the President, is only \$1.726 per annum, as compared with \$1,835, the average salary paid in High Schools in the Borough of Manhattan for members of the supervising and instructing corps, exclusive of Clerks, Janitors, Librarians, etc. Notwithstanding the increase of over \$100,000 in the Budget submitted, the average salary paid for instructional purposes in this estimate of 1907 is \$1,773, as compared with \$1,736 last year; and that is due to the annual By-Law increases of \$100 to Instructors under Professor's rank.

The average salary paid in the New York Training School for Teachers, based

The average salary paid in the New York Training School for Teachers, based on June payroll, is \$2,067.

The average salaries of Tutors or Tutors and Instructors is less than thirty years

In 1876 the average salaries of Tutors or Tutors and Instructors was \$2,412.50; in 1906, \$1,387.71. The average salary of Tutors and Instructors is less by 43 per cent. than it was in 1876, and less by 16 per cent. than in 1886, and less by 15 per cent. than in 1896, and less by 10 per cent. than in 1900. ago.

#### Cost Per Student.

Comparing the cost per student on the rolls for 1876 to September, 1905, including those admitted in February, 1906, the result is as follows:

Year	Number of Students.	Total Cost.	Cost, Per Student.
1876	1,050	\$150,000 00	\$147 78
1886	949	129,000 00	135 93
1896	1,897	150,000 00	79 07
1900	1,845	200,000 00	108 40

#### Cost Per Capita of Population.

Assuming that in 1876 the population of The City of New York was 1,074,295, that being the average of the Federal censuses of 1870 and 1880, and making the same assumption for 1886 and 1896, the cost per capita has been as follows:

Year.	Population.	of College. Total Cost	Population. Capita of
1876	1,074,295	\$150,000 00	\$0.139
1886	1,360,800	129,000 00	0.095
1896	1,782,950	150,000 00	0.084
1900	3,437,202	200,000 00	0.058

In 1906 the population of Greater New York, all of which the College is now bound to serve, is 4.014,314 (State census of 1905). The cost of the College (including the additional appropriation of June, 1906) is \$384,818, or \$0.095 per capita of population.

The schedules hereto annexed show the details of the appropriations for last year and similar items for the ensuing year, also the names of the positions that must be filled to properly care for the buildings and their equipments, and to pay the Professors and Associate Professors and Assistants in the new chairs that must be filled.

The City of New York having already provided the new splendid edifices for carrying on the work of the College, is committed to meet the necessary cost of maintaining the institution for the instruction of all eligible students who may seek its benefits and privileges.

There were 3,781 students on the 1st of February last, and there will be, with the usual admissions of February next, at least 4,250 students to house and instruct.

The Trustees, mindful of their duties and obligations, have endeavored to keep these outlays at a minimum amount, but are compelled, in the discharge of their duty,

to ask for the above appropriation for the proper conduct of the College during the ensuing year.

Respectfully submitted,
TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK, EDWARD M. SHEPARD, Chairman of Board.

Theo. T. Miller, Chairman Finance Committee.

#### NORMAL COLLEGE.

Normal College of The City of New York, Park Avenue and Fifty-ninth Street, New York, July 28, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I beg to transmit herewith a certified copy of a report and resolutions adopted by the Board of Trustees of the Normal College of The City of New York at a meeting held on June 27, 1906, relative to the Departmental Estimate of the Normal College for the year 1907.

Respectfully yours, A. EMERSON PALMER. Secretary, Board of Trustees.

To the Board of Trustees of the Normal College:

The Executive Committee for the care, government and management of the Normal College of The City of New York respectfully reports that there will be required for the payment of the salaries of the professors and officers of the said College, for the obtaining and furnishing of scientific supplies, for repairing and altering the College buildings, and for the support, maintenance and general expense of the said College, during the year 1907, the sum of two hundred and seventy-five thousand dollars (\$275,000), in accordance with the following schedule:

Amount asked for 1906...... \$275,000 00

The amount allowed by the Board of Estimate and Apportionment for the year

The amount allowed by the Board of Estimate and Apportionment for the year 1906 was \$230,000.

During the year 1907 it is the intention to enlarge the Faculty by the appointment of a Professor of History, so that that important department of instruction may be properly supervised. A Professor of History would have been appointed a year or more ago if sufficient funds had been available for the purpose.

It is also intended and it is very necessary that there shall be a separate professor in the Department of Mathematics. Up to this time the chairs of physics and mathematics have been combined. It has for several years been impossible for the professor holding these combined chairs to devote himself to more than the Department of Physics, and the appointment of a Professor of Mathematics is imperatively necessary. The additional expense entailed by this change is estimated to be the difference between the salary of a full professor and that of an associate professor, namely, \$2,250.

to be the difference between the salary of a full professor and that of an associate professor, namely, \$2,250.

The Board of Trustees has incorporated in its by-laws provisions for regular annual increments in the salaries of instructors and teachers, corresponding, as nearly as may be, to the increments provided for teachers in the public schools under the control of the Board of Education by chapter 751 of the Laws of 1000 (commonly known as the Davis Law), which has since been re-enacted as section 1001 of the Revised Charter; and it is confidently hoped that a sufficient appropriation will be granted to permit the payment of the increased salaries in accordance with the provisions of the by-laws.

Note—The section of the by-laws relating to salaries, etc., contains the following provision:

"Provisions for annual increases contained in this section shall not have the binding force of a contract if in any year the funds available shall be insufficient for

binding force of a contract if in any year the funds available shall be insufficient for the purpose."

While the Board of Trustees is not absolutely required to increase salaries as specified in the foregoing schedule, it feels morally bound to do so in order to keep faith with the untiring and devoted members of the teaching staff, and trusts that sufficient means will be provided for the purpose.

Owing to the increasing work of the President's office and of the College it is deemed very desirable, if not absolutely necessary, to provide him with a competent stenographer and typewriter, and provision for the salary of such an employee has been included in the estimate as given above.

A considerable amount has been allowed for alterations and repairs, for the reason that the College building is now upwards of thirty years old and requires large expenditures in order to keep it in a safe and habitable condition.

The following resolutions are submitted for adoption:

Resolved, That the Board of Trustees of the Normal College of The City of New York hereby declares that there will be required for the support and maintenance of the College during the year 1907 the sum of two hundrd and seventy-five thousand dollars (\$275,000).

Resolved, That copies of the foregoing report and resolution be transmitted to the Mayor, as Chairman of the Board of Estimate and Apportionment, to the Comptroller, to the Board of Aldemen and to the Secretary of the Board of Estimate and Apportionment.

W. N. WILMER,
MITCHELL MAY,
A. STERN,
THOS. HUNTER,
EGERTON L. WINTHROP, JR.,
ALRICK H. MAN,
Executive Committee.

The Chairman put the question whether the Board would adopt the report of the Executive Committee and the resolutions attached thereto, and it was decided in the

A true copy of report and resolutions adopted by the Board of Trustees of the Normal College at a meeting held June 27, 1906.

A. EMERSON PALMER, Secretary, Board of Trustees.

#### CORONER'S OFFICE, BOROUGH OF MANHATTAN.

Coroner's Office, Borough of Manhattan, Criminal Court Building, Centre Street, New York, July 30, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to resolution of Board of Estimate and Apportionment requesting all Departments to lodge with your Department prior to August 15, 1906, an estimate of expenditures for year 1907, we, the Board of Coroners of Manhattan, submit the annexed tabulated form, which embraces a request for an increase of \$2,500. In support of said request we offer the following explanation:

Prior to January 1, 1906, the telephone service in this office was inadequate and, to insure promptness and perfection, the Board has authorized an extension of said service, making it possible for all persons desiring telephonic communication with this Department the opportunity so frequently denied them under the former incomplete system. This improvement was essentially necessary and can well be considered a public need, and the beneficent results obtained justify the additional expenditure by this Board.

It is imperative that the clerical force in this Department be increased, the services of at least one more Clerk being required. The general office work, which is enormous, is divided between the Chief Clerk and one assistant. This embraces the following duties: The taking of cases via telephone, the entry of same in day book and on Coroner's slip, the receipt of property taken from the dead, the entry of same, the deposition of same, the keeping of statistics, the indexing and journalizing of all deaths reported, the assorting of inquisition papers filed by physicians, the searching of records for citizens.

We have recently requested the Commission on Grades and Salaries to create a new office, to be known as Property Clerk, the duties now performed alternately by the Chief Clerk and one assistant. A large amount of valuable effects are delivered here, and under the present system both men take charge. In our opinion it would be wiser if but one duly assigned person were in charge of this branch, who should be compelled to file a bond, and who then could be held responsible for any loss of property or for any error in disposition of same. The services thus rendered by this person would enable the Chief and his assistant to devote more time to their regular duties, and allow them more time to interview all who came here in search of information.

No stronger proof can be offered to support our claim for one more clerk than the fact that while clerks throughout the City Departments are allowed vacation time, it is impossible for this office to allow either the Chief Clerk or his assistant a vacation, as their absence would be followed by the accumulation of work and the imperfect keeping of our records.

of our records.

of our records.

Our Physicians in their daily work expend at least \$1 per day for carfare and telephoning, but with the appropriation at hand, we cannot reimburse them for their outlay. The Board of Coroners collectively and individually desire to administer the affairs in an economic manner, and will sanction an expenditure only when same is for a purpose known to be a public need, and being convinced that the claim we set forth is reasonable and just, we, in conclusion, do again respectfully request your Honorable Body to allow this Board the sum total of \$65,000 to transact the business of this Department for the year 1907.

IULIUS HARBURGER.

JULIUS HARBURGER,

President, Board of Coroners.

The two private Clerks to Coroners requested are a necessity, due to increase of population and multiplication of cases in this Department, which is laboring with the same office force as obtained under the old City of Brooklyn, when population and business were but one-half of present figures. The clerks are desired chiefly for outside work of the Coroners—in looking up witnesses, obtaining evidence, etc.—and is all the more needed now, since the Police Department deprived this Department of a detailed officer, who formerly was very helpful in such matters. Moreover, the State Civil Service Commission, on February 5, 1904, approved the appointment of two extra Clerks by this office, at \$2,500 each, the same being made under chapter 370, Laws of 1899, section 12, subdivision 3. The Board of Estimate never made provision for the salaries of said Clerks. The amount now asked for is a substantial reduction

and it is earnestly hoped the present Board will see the justice of appropriating the additional amount.

The extra amount (\$500) requested for the contingent fund is made for reasons cited above; also, as additional reason, that salaries of temporary physicians (serving while regulars were on brief vacations) were paid out of this fund, which was not in contemplation when appropriation was made.

Salaries of two Clerks to Coroners		3,000 00
and the property of the state o	\$19,000	\$35,000 00

Respectfully submitted,

SAMUEL D. NUTT, A. S. AMBLER. Board of Coroners, Borough of Queens.

We have asked for the increase in the salaries of the Coroners for the reason that we are doing the same amount of work, and in fact more, than the Coroners who are receiving a salary the same as we ask for.

We have asked for the increase in the salaries of the Coroner's Physicians. Owing to the extent of territory which they are called upon to cover, said territory covering a larger area than nearly all the other boroughs combined, which makes it impossible for them to attend to more than one or two cases a day. This leaves no time for them to attend to private practice, and fifteen hundred dollars a year is not a fair salary to pay a physician who has to attend to important affairs such as they are called upon to do in connection with Coroner's cases.

We have asked for three thousand dollars for two Clerks, one for each Coroner.

in connection with Coroner's cases.

We have asked for three thousand dollars for two Clerks, one for each Coroner, said Clerks to act as Process Servers, at a salary of fifteen hundred dollars per annum each, for the following reasons: We have at present only a Chief Clerk and a Night Clerk, and with our fast increasing business it is almost impossible for these Clerks to keep up the work and records of our office and at the same time perform the duties of their respective positions. Also, for the reason that ever since consolidation we have had a Police Officer detailed in our office, whose duty it was to serve all subpoenaes and summons, as well as investigate the different cases, but since the first of the year the Police Officer has been taken away from us and we have no one to serve our papers. We have asked the Police Commissioner to send us a man, but he notified us to have all subpoenaes and summons served through the various precincts. We have been doing this, but have had more trouble since the first of the year than we had during the eight years we had the Police Officer; as a matter of fact, we have cases still pending in our office for the lack of investigation and for the reason that persons who are material witnesses live outside of the limits of the greater City and we have no way in which to subpoena them. So we have asked for this amount, in order that we may appoint these Clerks, who, besides acting as Clerks in the office, will act as Process Servers.

We have asked for the increase for the Stenographer for the reason that he is called

We have asked for the increase for the Stenographer for the reason that he is called upon to do exactly the same work and in some cases more work than the Coroner's Stenographers in other boroughs who are getting the amount in salary per annum which we now ask for our Stenographer.

We have asked for the increase for the Night Clerk for the reason that he acts as Replevin Clerk as well as Night Clerk, and we feel that he is entitled to at least fifteen bundled dollars a year.

Replevin Clerk as well as Night Clerk, and we feel that he is entitled to at least fifteen hundred dollars a year.

In the matter of the contingent expenses, we have asked for the increase for the following reasons: During the years 1902, 1903, 1904 and 1905 the Contingent Fund allowed us was so inadequate that all the expenses attached to the running of our office from about July or August of each of those years we had to pay out of our own pockets, as the amount allowed us for contingent expenses had run out by that time; this we do not think is justice to us. No morgue has been provided for us in the Borough of Queens, and we are dependent upon the courtesy of undertakers for the removal of bodies from public highways; and we have no fund from which to pay these men for their services, and this places The City of New York in the position of asking charity from private individuals. It frequently becomes necessary for the Coroners, in order to prevent disagreements between undertakers and families, to pay for such removal of bodies from our own personal pockets, and we would ask for a sum sufficient to provide morgue stations in convenient sections of the borough.

At the sittings of our Court we almost invariably have foreigners to testify, and as we have no interpreter assigned to this office, nor any fund to pay for services of same,

we have no interpreter assigned to this office, nor any fund to pay for services of same, we are forced to go about the borough asking interpreters to act out of courtesy, because we cannot pay them for their services, and most of the time we cannot secure the services of an interpreter because they know we have no fund from which to pay

them.

The telephones for the Coroners, Coroner's Physician and Coroner's office, which are all telephones of public officials, have to be paid out of the Contingent Fund which is allowed to us, and this fund is absolutely insufficient, so much so that we cannot pay these bills from it. The telephone bills of the Coroners, Coroner's Physicians and Coroner's office amount to about eight hundred dollars per annum, and this makes such a drain on our Contingent Fund that we are not in a position to meet same. We might say, in reference to the telephone bills, that the telephone bills for the years 1902, 1903, 1904 and 1905 were never settled to date and the telephone company had to sue the City for their services, and the telephone company has discontinued the service to the Coroner's office since the first of the year.

Our office is in a disreputable condition, and has been condemned by the Board of Health as being unfit for occupancy; and we feel that it is absolutely necessary, in order to attend to our duty, to have our office put in a sanitary condition, which we are willing to do if given a sufficient sum of money with which to do so.

To make a resume, the reasons for our asking for this increase in the Contingent

To make a resume, the reasons for our asking for this increase in the Contingent

To make a resume, the reasons for our asking for this increase in the Contingent Fund are as follows:

First—We ask that a morgue be provided, or a sufficient sum, which will amount to about one thousand dollars, be provided, in order that we may establish morgues in convenient sections of the Borough, in order that all bodies found on the highways may be removed to these morgues; these bodies amount to about one hundred a year. The removals of these bodies from the highways is at present done by private undertakers, and preserved, pending the identification by relatives.

Second—We ask that an Interpreter be assigned to this office, and if action be not taken that a sufficient sum be allowed to pay for services of same; this sum will amount to about five hundred dollars.

Third—That a sum sufficient be allowed to pay for the telephones as above stated, which will amount to about eight hundred dollars.

Fourth—Owing to the poor facilities for travel in the Borough of Queens, where it is necessary for the Coroners to respond promptly to cases, they are called upon to hire private conveyances, that we be allowed a sum of twelve hundred dollars.

Fifth—For the refurnishing of our office, such as new chairs, desks, revarnishing and floor covering, etc., we ask the sum of four hundred dollars. We have asked for this increase in our Budget for the year 1906, owing to the fact that we have the largest territory to cover of any of the boroughs, with a very fast increasing population. In the summer months especially we have considerable traffic to and from the different summer resorts in the borough, numbering some days as high as a hundred thousand people; most of these come from other boroughs and meet with accidents here, which

necessitates prompt action on the part of the Coroner to get these bodies promptly taken care of and removed. Also from the fact that at the present time there are quite a number of large building enterprises in the course of construction in this borough, which also causes quite a number of cases for this office. These building enterprises also tend to raise the population to a great extent, owing to the number of men employed who are moving to this borough with their families in order to be nearer their work. All of the above causes a much larger increase in our business, and it will be impossible for us to run our office on the amount given us for the year 1905, hence we ask the increase for the year 1906. We would further ask that we be put on an equal footing with the Coroner's office of the Borough of The Bronx, as we feel that we are at least entitled to this, as we do about twice as much business a year as they do.

#### CORONER'S OFFICE, BOROUGH OF RICHMOND.

New Brighton, N. Y., September 6, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-In compliance with circular letter of June 11, 1906, I herewith inclose departmental estimate for the Coroner's office of the Borough of Richmond for the

Yours respectfully,

MATTHEW J. CAHILL, Coroner.

Salaries and Expenses.

Increase .....

		100	14
	1906.	1907.	Increase.
Salaries and Expenses	\$11,200 00	\$21,700 00	\$10,500 00
Total salaries	\$11,200 00	\$21,700 00	\$10,500 00

As per the amount of increase in regard to Salaries and Expenses for the Coroner's office, Borough of Richmond, I would respectfully say:

That, as to the salary of Coroner, it is but equitable in my mind that, on account of there being but one Coroner in the Borough of Richmond, and it being incumbent

of there being but one Coroner in the Borough of Richmond, and it being incumbent upon him to remain always on duty, having no relief, and from the records, showing that there is more work being done than when there were two Coroners, who each received a salary of four thousand dollars per annum, that said increase be allowed.

The Coroner cannot go away for any period of time with any degree of satisfaction; he has to cover the entire borough, of over fifty square miles, as well as the whole water front, and whether during the day or at any time of the night season he has to answer either a Coroner's call upon the body of a dead person or perform the same labor in hurrying to take an ante-mortem statement of one who is seriously injured, there being no set time or hours when he shall attend.

He invariably calls his juries in the evening, thereby absorbing any spare time he might have to himself. He personally conducts all examinations, and always familiarizes himself with the conditions surrounding the cases of unusual death and at times makes several trips to the scenes of such cases.

izes himself with the conditions surrounding the cases of unusual death and at times makes several trips to the scenes of such cases.

Richmond Borough has over eighty thousand permanent population and a transient population of twenty thousand more. There are factories, shipyards and other industries, which have as employees people living in New Jersey, Manhattan and Kings boroughs, as well as pleasure resorts which have many patrons. There are many large institutions, such as Sailor's Snug Harbor, Seamen's Retreat, Mount Loretto, St. Michael's Home and others, which house quite a large number of inmates. All of whom, with the usual and permanent population covering such a large territory, makes the work of the Coroner of the Borough of Richmond second to no other individual Coroner in our Greater City.

As per salary of Secretary and Assistant Secretary to Coroner, I would say that it is absolutely necessary in my absence on a case, to have in charge a confidential man, as well as one who can assist in investigations, and one whom I can personally depend upon. The character of many cases coming before me during my time in office, since January 1, 1906, made it necessary for me to engage men fit to assist me, and for whose services I paid.

The Coroner's Physician, is, according to the labor performed, entitled to an

The Coroner's Physician, is, according to the labor performed, entitled to an

extra allowance. The Coroner's Stenographer, who must be capable, and has to work in the Coroner's Court, must be active and correct, and has to take the evidence and testimony from witnesses of all kinds and nationalities, is, in my opinion, entitled to the increase

The Replevin Clerk, under my predecessor, was promoted to Coroner's Clerk, and leaves a vacancy for Replevin Clerk, for which I ask an appropriation of \$2,000.

Summary of Appropriations for the Coroner's Office, Borough of Richmond.

Title of Appropriation.	Appropriation for 1906 Allowed by Board of Estimate and Apportionment, Oct. 31, 1905.	Total Appropriation for 1906.	Amount Asked for the Year 1907.	Increase.
Salaries	\$11,200 00 2,050 00	\$11,200 00	\$21,700 00 8,700 00	\$10,500 00 7,650 0e
Total	\$12,250 00	\$12,250 00	\$30,400 00	\$18,150 00

Recapitulation.	
Total appropriations for 1906	\$12,250 00 30,400 00
Increase	\$18,150 00

There will be no unexpended balance remaining at the end of the year 1906 of appropriations made for the year 1906.

As per the increase in the expense account, I would say:

That it is of the utmost importance that the Coroner's office should be furnished an automobile of such a calibre that it can be depended upon. Our train and trolley service, at best, is not very certain, and when a call is made to go at once to take an ante-mortem statement of a person seriously injured, or where a person is killed on the railroad or highway, it is necessary to get to such a place without delay. During the day time, some kind of speed may be had, but after midnight there are neither trains or trolleys in operation, and it is inconvenient to hire a carriage, and when the trains do operate, the case may be three or four miles from the railroad station.

The question of having an auto-engine man can easily be understood under the

The question of having an auto-engine man can easily be understood under the

circumstances.

I desire to bring to your notice the importance of having a morgue in Richmond Borough, other than the excuse for a morgue at the City Farm Colony. It is necessary in my opinion, to have a morgue in the First Ward, which is about midway between the First, Second, Third and Fourth Wards, and to have a Morgue Keeper, and tween the First, Second, Third and Fourth Wards, and to have a Morgue Keeper, and to supply to the Coroner's office a horse and wagon, and other necessary implements that would make sanitary and practicable the care of bodies found on our shores, of which there have been a great many, as well as unidentified bodies found in our Borough, as well as those who have no one to send an undertaker for their remains. The conditions in this respect, heretofore, as well as the present, are very unsatisfactory, and differ materially from those in any other Borough. I desire to state that the incidental expense is larger, inasmuch as the number of cases are greater and different in a great many cases. Witnesses from distant parts of our Borough expect their fare and expenses; the witnesses from New Jersey, Manhattan, Kings and Queens Boroughs, or wherever they come from, outside of our Borough, expect and get their expenses; the witnesses who have been detained have had their meals paid for, and interpreters at examinations and inquests have to be paid, as well as rents, light, fuel, etc., and numerous incidentals, make it necessary that in order to give the Borough of Richmond modern methods, quick and satisfactory responses to all calls, and an impression on the minds of the public that they do not have to walk six or eight miles to the County Morgue to identify their dead, or to those whose dead are lying on the highway or byway, that they will not have to wait for a break in the steam or trolley roal to be repaired.

To all of this, and under the existing circumstances, I trust my views will meet with twent exercised and each year. Hororally Popular in the property of the property is and the property of t

To all of this, and under the existing circumstances, I trust my views will meet with your approval, and ask your Honorable Board to grant the aforesaid increase.

MATTHEW J. CAHILL, Coroner.

#### COMMISSIONERS OF ACCOUNTS.

Office of the Commissioners of Accounts, Stewart Building, No. 280 Broadway, New York, September 7, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In conformity with instructions we beg to submit herewith our detailed Departmental Estimate of the amount needed for the uses of this Department for the

year 1907, namely, \$200,000.

It is an undisputed fact that owing to the continuous growth of the City the work of all its Departments is each year greatly increased, involving larger expenditures and more accounting, which necessarily produces a corresponding increase in the amount of work to be done by both the Department of Finance and this office.

Evidence of such yearly increases as affecting the Department of Finance, is shown in the yearly appropriations for that Department, the rate of increase in 1906 over 1898 being 39.48 per cent.

The office of Commissioners of Accounts, on the contrary, has not been given its much needed increase, the yearly appropriations showing a decrease in 1906 as compared with 1898 of about 5.94 per cent.

The amounts of the yearly appropriations and percentage of decreases for the office of the Commissioners of Accounts for each year from 1898 to 1906 are presented in the following table:

Yearly Appropriation for the Commissioners of Accounts from 1898 to 1906, Inclusive.

Year.	Appropriation.	Per Cent. Decrease From 1898.
1808	\$160,000 00	
1800	160,000 00	
1900	156,000 00	2.50
rgor	156,000 00	2.50
1902	146,000 00	3.76
1903	151,000 00	5.62
1904	150,500 00	5.94
1905	150,500 00	5.94
1006	150,500 00	- 5.94

The following is the distribution of the seventy-two employees in our office, v Office force, including Chief Accountant, Chief Clerk, Law Examiner, Tele- phone Clerks and Stenographers.  Court Examiners, examining the twenty Magistrates and twenty-five Municipal Courts, Courts of General and Special Sessions, County Court, City Court, Bureau of Licenses and Commissioner of Licenses.	iz.: 7
Mandatory Duties Prescribed by Charter— Comptroller's and Chamberlain's Examiners Examiners constantly assigned to Mayor's office Engineering Bureau Examining Inspectors for special work	9 3 12 2
Total	43
Number Available.	
For yearly examinations and audit of the eighty-two departments, bureaus and offices in Greater New York, and for such special examinations as are required by the Mayor and Board of Estimate and Apportionment	29
Total employees	72

The transactions of the Sinking Fund, which are not included in the above, are:

The transactions of the Sinking Fund, which are not included in the above, are:

Receipts, \$43,210,259.33, and expenditures, \$41,811,104.26.

This shows that about \$250,000,000, or about 65 per cent., remains unexamined or unaudited, leaving about \$130,000,000, which was audited by the Commissioners of Accounts in 1904, by the twenty-nine Examiners available for this purpose.

Even this percentage of actual yearly audit of the twenty-nine available men for this purpose is contingent upon the number of "special examinations" we are required to make for his Honor the Mayor and the Board of Estimate and Apportionment, which percentage is reduced for the years 1905 and 1906, owing to the fact that we were called upon by his Honor to analyze the payrolls of every department in Greater New York, in order to show the total amount of salary increases made which were not mandatory, and which required a force of fifteen Examiners for a period of thirty days.

We have also just completed for the Commission on Salaries and Grades, selected by the Board of Estimate and Apportionment, tabulations showing the titles of positions created and grades established since January 1, 1902, and those appearing on the June, 1906, payrolls of all departments in the City government, which required the services of some twenty odd Examiners since June 15 of this year, a period of over two months.

the services of some twenty odd Examiners since June 15 of this year, a period of over two months.

We beg to call attention to the fact that the small appropriation has worked injustice to many of the best and ablest employees in this office. It has been impossible to advance them from time to time, and there are quite a number among them who are receiving practically the same salary they received eight and ten years ago. This appears especially unjust in the case of our Chief Examiners, Examiners and Engineers, who receive much lower salaries than the employees in other departments whose work they have to examine and pass upon, and who look upon them as experts and advisers. A revision of the salaries is urgently needed, and we earnestly hope that a sufficient amount will be allowed to us to do simple justice to as loyal and industrious a body of men as can be found in the service of the City.

It has for years been the policy, by instructions from the Mayors, for this office

It has for years been the policy, by instructions from the Mayors, for this office to keep about \$5,000 on hand, to provide for any "extraordinary" or "special investigation" that may at any moment be ordered by the Mayor or the Board of Estimate and

Apportionment.

Apportionment.

For example, one such extra or special examination ordered by Mayor Van Wyck, at the request of the Comptroller, was made at an expense of about \$3,000, and hence we should always be prepared for such emergencies.

In order to reach the highest degree of efficiency and exactness, every department should be periodically examined, and its methods criticised where criticism is necessary. Without this periodical examination, costly errors are likely to not only occur, but to be carried forward indefinitely.

We do not at present ask that our force be increased to the number that will be necessary to make a complete audit of all the departments of the City yearly, but we do ask your Honorable Board to appropriate the amount asked for this year to enable us to at least increase our efficiency and to cope with such additional or special examinations as we are called upon to do by his Honor and your Honorable Board.

This office should, in our opinion, be enabled to examine every department once a year. At present, we are, owing to our insufficient force, falling behind more and more every year, and quite a number of the bureaus have not been examined for two years, and in some instances even longer.

We believe it is merely a question of time before the City will realize that all its departments should be audited just as the departments of the great private corporations of the country are.

tions of the country are.

We feel that the office of the Commissioners of Accounts ought to at least receive the same consideration as the Finance Department, doing similar work, and therefore ask for \$200,000 for 1907, in order to enable us to properly grade our men and to appoint additional assistants, which we believe we have fully shown is a

This will put us in a better position to promptly serve his Honor the Mayor and the Board of Estimate and Apportionment, as well as to be of greater service to The City of New York.

Respectfully submitted,

JOHN C. HERTLE, GEORGE VON SKAL, Commissioners of Accounts.

## Summary of Appropriations for the Commissioners of Accounts.

Title of Appropriation.	Appropriation for 1906 Allowed by Board of Estimate and Apportionment, Oct. 31, 1905.	Total Appropriation for 1906.	Amount Asked for the Year 1907.	Increase.
Salaries			\$188,470 00	
Supplies and Contingencies	\$150,500 00	\$150,500 00	11,530 00	
	\$150,500 00	\$150,500 00	\$200,000 00	\$49,500 00

Heretofore the Budget appropriation for this Department has been one sum to cover the items of Salaries and Supplies and Contingencies as well.

In order to conform to the forms submitted by the Board of Estimate and Apportionment for Departmental Estimates for 1907, we separate our estimate as above.

The item of Supplies and Contingencies is further analyzed as follows:

For traveling expenses of Examiners and Inspectors over Greater New York, and for Engineers' and chemical supplies, which in the past have amounted to about \$6,000 per annum, and which will be increased with a larger force asked for 1907.

\$6,530 00

For Contingent Emergency Examinations, as hereinbefore explained.....

\$6,000 00

Total, Supplies and Contingencies..... \$11,530 00

Office of the Commissioner of Licenses, No. 277 Broadway, New York, August 1, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with the circular letter of the Board of Estimate and Apportionment of July 11, I submit herewith the departmental estimate for the office of the Commissioner of Licenses for the year 1907.

Employees chargeable to the above appropriation:

It will be seen that the net increase in the estimated salary list for 1907 over the salary list of July 1, 1906, is \$1,100. I desire to increase the salary of the Law and Complaint Clerk from \$1,500 to \$2,000, for the reason that his duties have largely grown in importance and he is entrusted with the prosecution of the criminal cases of this office in the criminal courts. He is also required to perform the routine work

of Complaint Clerk in the office.

An increase of \$300 is asked in the salary of the Stenographer because the work of this employee is increased, and there is but one Stenographer in the office, instead of two, as there were up to the beginning of the present year.

I also ask for an increase in the salary of the Telephone Operator from \$600 to \$900, which latter sum I do not regard as anything more than reasonable for the amount of work and attention required. The other salaries and the number of positions in the office for 1907 remain as at present.

In this connection it may be explained that the salary list for the latter portion of the present year (1906) is increased over the salary list of the preceding year (1905), by reason of promotions made under the Civil Service regulations and by reason of the creation of a new position (that of Deputy Commissioner of Licenses) by the Legislature. The promotions consisted of the filling of the positions of Chief Inspector and Deputy Chief Inspector. These promotions were made in December, 1905, but the increased salaries were not paid until June, 1906, because the appropriation allotted to the office did not permit their payment. The positions had been duly created and the salaries fixed by the Board of Estimate and the Board of Aldermen. Neither did the existing appropriation permit the payment of the salary of the Deputy Commissioner of Licenses, which position the Legislature created when it passed the amendments to the law widening the scope of the office. The Commissioner, however, was enabled to pay the salary of the Deputy Commissioner and to meet the increases provided for and referred to above from the month of June up, because of the issue of Revenue Bonds to the amount of \$3,500 which the Board of Estimate and Apportionment and the Board of Aldermen provided. This bond issue should be added to the appropriation for 1906 in determining the expenditure of the office, and it should be further noted that it met the increases for but seven months of the year.

Difficulty in procuring evidence against unlicensed persons who evade the em-

Difficulty in procuring evidence against unlicensed persons who evade the employment agency law has been experienced in this office since its inception. The recent amendments, broadening the statute and enlarging its jurisdiction, have brought many more persons under its control, and quite a number of these have been unwilling to submit to its regulations. It has therefore been necessary, and perhaps for a year at least will continue to be necessary, in order to procure evidence against persons who refuse to take out licenses and to submit to regulation, to obtain occasionally the services of persons not in the regular employ of the office. The occasional services of an interpreter are also needed. For this special work, together with the necessary expenses of running the office, the appropriation for "supplies, rent and contingencies" will not be adequate. Out of a total of \$6,000 for contingencies the sum of \$3,218 is used for rent, leaving a balance of but \$2,782 for other expenses. I would respectfully request an increase of \$1,000 in this appropriation.

Respectfully submitted,

JOHN N. BOGART, Commissioner of Licenses.

Supplies, rents and c	contingencies	6,000 00		\$53,000 00	\$56,300 00	\$3,300 00	

Recapitulation.  Total appropriation for 1906	\$53,000 00 56,300 00
Increase	\$3,300 00
increase	10.0

The difference between the increase of \$2,300 shown above and the increase of \$1,100 shown in the preceding table is accounted for by the fact that the increases in salaries provided for during the present year were not paid until the month of June, owing to a lack of appropriation, and while these salaries appear on the July payroll at the increased rate, they do not so appear on the payroll for the preceding months of 1006. 1906.

JOHN N. BOGART.

## MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission, No. 299 Broadway, New York, August 20, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I transmit herewith, for presentation to the Board of Estimate and Apportionment of The City of New York, an estimate of the expenses of the Municipal Civil Service Commission for the year 1907, amounting to \$135,500.

The appropriation allowed this Commission for 1906 was \$125,000, some \$10,000 less than I asked for, and the increase asked for for the next year is but a little over 4 per cent. The actual expenses for the six months ending June 30 were \$66,034, leaving outstanding bills of \$3,534 to be met during the last six months of the year. Examinations have been postponed, and a curtailment of expenses, much to the injury of the service, has been made in order to keep within the appropriation for the year. It is a matter of very serious moment to this Commission if it will be able to do so. The amount contemplated to be used for increases in salary has been applied to other purposes, and a portion of the increase asked for is for making such increases next year. Additional provision has also to be made for Examiners to insure the efficiency of that branch of the work.

There will be no unexpended balance of appropriation for 1906.

F. A. SPENCER, Secretary.

Allowed for 1906	\$125,000 00
Estimate for 1907	135,500 00

#### BOARD OF CITY RECORD.

The City of New York, Board of City Record—Office of the Supervisor, August 24, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The estimate of the expenditures necessary for the Board of City Record for the year 1907 is herewith submitted, viz.:

Board of City Record.

	375,400	
Printing, stationery and blank books for City Departments and offices 7	726,580	00
City Record—Salaries	29,970	
City Record—Supplies, rents and contingencies	6,428	30
Arrearages of printing, stationery and blank books 2	225,000	00

Board of City Record, New York County.

Printing, stationery and blank books for County offices and Courts other than Supreme Court, and arrearages ...... \$45,000 00

Board of City Record, Kings County.

\$25,000 00 3,500 00 \$28,500 00

Board of City Record, Queens County.

Printing, stationery and blank books for County offices and Courts... \$3,000 00

Board of City Record, Richmond County. Printing, stationery and blank books for County offices and Courts.....

Publication of the CITY RECORD.

Of the \$375,000 asked for in the estimate for publishing the CITY RECORD, \$75,000 represents arrearages for the present year. The deficit is due in some degree to the increased cost of labor and materials. More largely it is represented by the growth of the publication. Before the year ends there will probably be two thousand more pages of the CITY RECORD printed than there were in 1905. The charge for publishing the Assessed Valuation of Real Estate, made mandatory by a law passed a few years ago, is continually increasing. This year it is about \$10,000 more than it was in 1905, and at least the same increase is assured for 1907. The semi-annual lists of officers and employees, as well as the Enrollment and Registry lists always show added bulk and additional cost. The documents sent to the CITY RECORD for publication

are continually growing in number and length, as is to be expected with the development of the City. The great number of public works undertaken and in contemplation and the activity generally of the Departments has also largely increased the number of advertisements for proposals.

#### Printing, Stationery and Blank Books.

Your attention is called to the fact that no Budget since the Greater New York Charter went into effect has appropriated a sufficient amount to cover the necessary expenditures in any year of the Board of City Record. Probably this is due to the fact that it is absolutely impossible to make an accurate estimate a year in advance of the annual cost of supplying the Departments, Courts and Bureaus of the City and the Counties contained therein with printing, stationery and blank books. There are many reasons for this: The estimate is based upon the expenditures of the current year. Legislation and new business methods in the various public offices, together with the natural growth of the Departments which necessitates larger quantities of supplies from this office, invariably tend to increase the cost of conducting this Bureau.

An increase of \$250,000 is needed in the appropriation for printing, stationery and blank books. This increase is necessary on account of the much larger demands of the Departments for printed forms, proposals and other supplies. It is respectfully requested that the full amount asked for be allowed. This amount is based upon careful computations and with little allowance for such contingencies as changes by legislation or creation of new offices. Your attention is called to the fact that no Budget since the Greater New York

or creation of new offices.

An addition of \$15,000 to the appropriation for New York County is inserted to cover \$10,000 arrearages principally due to the increased demands made by the Register for additional mortgage and conveyance libers required by the greater number of transactions recorded in real estate. The remaining \$5,000 is needed to take care of the increased requirements of the other County offices.

#### Salaries.

#### Additional Appointments.

For salaries an increase of \$5,850 is inserted in the estimate to cover certain additions to the office force recommended by the Commissioners of Accounts to the Board of City Record, as appears in an extract from their report, which is herewith

Board of City Record, as appears in an extract from their report, which is herewith annexed.

"The Supervisor should be furnished with Inspectors sufficient in number to enable him to reinventory any stocks he may have reason to think are not properly inventoried, or to make inquiries and inspections in any cases where he may have reason to suspect that an improper use has been made of supplies heretofore furnished, and he should be given full discretion, after investigation, as to the quantity of any article to be supplied on requisition. To properly perform this work, it is our opinion, based upon the experience of this investigation, that the Supervisor should be allowed to employ three (3) competent Inspectors and one (1) Clerk."

In proportion to the amount of business transacted this Bureau is conducted with a smaller expenditure for salaries of office force than any other in the City Government.

#### City Record—Supplies, Rents and Contingencies.

The item for rents and contingencies shows an increase of \$1,222.55, because of the additional office room which it has been necessary to secure.

#### Arrearages.

For arrearages for printing, stationery and blank books the sum of \$225,000 is requested. Last year the amount asked for in the estimate was \$641,580, and only \$476,580 was allowed. The cost for supplying the Departments, Courts and Bureaus this year will be, as near as may be estimated, \$700,000. It is evident that the original estimate was under the actual requirements and the large reduction made in the Budget accounts for this item of arrearages. In former years it was covered by the transfer of appropriations from other funds and by the issue of Revenue Bonds. Neither expedient has been available this year.

## Respectfully submitted,

PATRICK J. TRACY, Supervisor of the City Record.

#### **EXAMINING BOARD OF PLUMBERS.**

Examining Board of Plumbers, No. 149 Church Street. New York, August 20, 1906.

Summary of Appropriation for the Examining Board of Plumbers for the Year 1907.

Appropriation allowed by Board of Estimate and Apportionment for 1906:

	and the same of th	
Salaries—     Three Examiners, at \$1,300 each	\$4,900 00	
Supplies and Contingencies	254 00	
Total for 1906		\$5,154 00
Asked for the year 1907:		
Salaries— Three Examiners, at \$1,560 each	\$5.680 00	
Supplies and Contingencies	379 00	
Total for 1907		6,059 00
Increase		\$905 00
Total appropriation asked for the year 1907		\$6,059 00 5,154 00

No part of the appropriation for 1906 is likely to remain unexpended.

Owing to increased number of examinations being held, more sessions of the Board are required and more materials needed to properly conduct the examinations.

ROBERT McCABE, President.

## PRESIDENT OF THE BOROUGH OF BROOKLYN.

President of the Borough of Brooklyn. (Supplemental.)

Brooklyn, September 12, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Total increase for the year 1907......

Dear Sir—I hereby request that my estimate of the appropriations for the office of the President of the Borough of Brooklyn for 1907 be amended so as to provide in the Bureau of Highways for a fund for the maintenance and repair of sidewalks to the amount of \$100,000. I do this in accordance with the suggestion contained in the report of the Chief Engineer of the Department of Finance addressed to the Comptroller on August 31, a copy of which I attach hereto.

Yours very truly,
BIRD S. COLER,
President of the Borough of Brooklyn.

August 31, 1906.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Bird S. Coler, President of the Borough of Brooklyn, in communication under date of May 31, 1906, requests the Board of Estimate and Apportionment to authorize, pursuant to section 176 of the amended Greater New York Charter, the issue of Corporate Stock to the amount of \$50,000, for the purpose of repaving sidewalks in the Borough of Brooklyn.

I would report: It is proposed to use this money for repairs to sidewalks in the Borough of Brooklyn, laid by the City, and paid for by assessment by the property owners.

In the Borough of Manhattan it has been the custom for years to levy this charge for repairs to sidewalks against the property benefited, but from recent opinions of the Corporation Counsel in reference to sidewalks in the Borough of Brooklyn, it is held that this charge should be borne by the City if the original flagging was done at

held that this charge should be borne by the City if the original flagging was done at the expense of the property owners.

From these opinions I think it fair to assume that only the original flagging (generally 5 feet in width) laid and paid for by assessment by the property owners should be kept in repair by the City; the remainder of the sidewalk either side of the original lines of the flagging should be repaired by the property owners, and the City is not liable or responsible for said repairs.

I see no reason why the City should be required to repair a sidewalk by any other material other than originally laid and paid for by assessment by the property owners; this will eliminate repairs to all special stone sidewalks and all patented sidewalks.

Assuming that the City is responsible and should make certain repairs to side-walks in the Borough of Brooklyn, it is my opinion that it is against the City's interest and contrary to its present policy to issue long term Bonds or Corporate Stock, the proceeds of which are to be used for such repairs.

If the Board of Estimate and Apportionment should determine, which I think it should not without due consideration, that the City should make all or any repairs to sidewalks in the Borough of Brooklyn, the money for such repairs should be included in the annual Budgets, and not provided for by the issue of Corporate Stock Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

#### BOARD OF PAROLE.

Board of Parole, No. 148 East Twentieth Street, New York, August 13, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-In compliance with your circular letter of June 11, 1906, I beg to transmit herewith estimates of the amounts necessary for the proper conduct of the Board of Parole for the year 1907.

Very respectfully,

FRANCIS J. LANTRY, Chairman.

No.	Salary Paid I July 1, 1906.	roposed Salary for 1907.	Increase.

## BOARD OF ESTIMATE AND APPORTIONMENT.

Board of Estimate and Apportionment, Office of the Secretary, No. 277 Broadway, September 10, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-I present herewith a schedule showing the salaries paid in July, 1906, to the attaches of your Board. This schedule also displays the changes recommended for the year 1907.

The reasons for the increases recommended by me are as follows:

Mr. Haggerty, Stenographer and Typewriter, \$300.

The duties he performs are of a varied character, and are not fully expressed in his designation. He is charged with the responsibility of preparing the minutes of the Board so far as they relate to public improvement matters. He also prepares many of the resolutions submitted to the Board relating to this subject. His long experience has made him very proficient.

Mr. Webster, Stenographer and Typewriter, \$300.

In addition to his regular duties Mr. Webster has been acting as the Stenographer for the Commission on Salaries and Grades. This additional service should be recog-

Misses Ross, Stern, Murphy and Eaton, Stenographer and Typewriter, Each \$150.

These increases are recommended on account of greater efficiency due to longer service, and as a recognition of faithful performance of duty.

Mr. Garland, Messenger, \$150.

The duties required of Mr. Garland are to a degree responsible. He is charged with the proper filing, in the various offices, of maps passed upon by the Board. His faithful attention to duty warrants this increase.

## Fred Burpee, Office Boy, \$180.

It is proposed, if this recommendation is approved, to promote him from Office Boy to Junior Clerk, carrying with it this increase in salary. He has proven himself a reliable and deserving young man. Has been in the employ of the Board since January, 1906.

I believe the office should be equipped with an Accountant and two Clerks, and an additional Stenographer, this being to facilitate the examinations that are from time to time undertaken. For assistance of this description I have in the past been indebted to the Commissioners of Accounts.

This additional force, and an Office Boy to replace the one to be promoted, will call for an appropriation of \$7,600 at the salaries suggested.

Submitted herewith also are communications addressed to me by Mr. Lewis, Chief Engineer, and Mr. Nichols, Assistant Engineer, in explanation of the increases recommended by them.

The appropriation covering the expenses of the Board is entitled on the Budget, "Board of Estimate and Apportionment, Expenses of."

An increase in 1907 over 1906, of...... \$25,000 00

Respectfully,
JOSEPH HAAG, Secretary.

August 15, 1906.

125,000 00

Hon, GEO, B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

Hon. GEO. B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

Dear Sir—In accordance with the provisions of section 226 of the Greater New York Charter, and pursuant to resolutions adopted by the Board of Estimate and Apportionment May 25, 1906, I beg to submit herewith the estimate of expenditure for the Bureau of Franchises, Board of Estimate and Apportionment, for Salaries and Supplies and Contingencies for the year 1907.

It may be well to state that although the Bureau was established in the Department of Finance on February 1, 1905, to take charge of the gas investigation, and special revenue bonds were authorized in the sum of \$25,000, for the payment of the expenses attendant thereon no regular appropriation has ever been included in the Budget.

Budget.
Since December 29, 1905, this Bureau has been a part of the Board of Estimate and Apportionment. Since that date the salaries, supplies and contingencies have been paid from the appropriation entitled, "Expenses of the Board of Estimate and Apportion took"

tionment, 1906."

The Bureau was formed by appointments from the Civil Service list and by transfers from the various Departments of the City Government, and in almost every instance the salaries paid were the lowest in each of the respective grades of the employees. The work of this Bureau is continually broadening, and it is necessary, from time to time, to make new appointments to the staff. It is desirable that where such new appointments are to be made, they should be at the lowest salaries, and promotions, where deserved, should be made in the existing staff.

At present a number of the employees of this Bureau are engaged in the research work, which has been necessitated in order to compile a plant, showing the rights, franchises, etc., of the public utility corporations in the five Boroughs of The City of New York, and it has been necessary, from time to time, to take men detailed to such work and assign them to current work in connection with applications that have been made to the Board of Estimate and Apportionment.

I am of the opinion that the increase in the staff of this Bureau, as requested under the appropriation for the year 1907, should be granted, as it is absolutely necessary that the plant, as proposed, be completed at the earliest possible time, so that the Bureau will be in a position to advise the various City Departments immediately upon request for information.

request for information.

From time to time, the Borough Presidents and the Law Department have requested this Bureau to furnish them with information relative to the franchises of various public utility corporations, and such information requires a vast amount of time and labor.

As the information furnished to the Law Department is used by it in the preparation of its cases, it has been found necessary to furnish such information in the most minute detail.

The current work of applications to the Board of Estimate and Apportionment for franchise rights has also increased in the past six months materially, and I find that it will be absolutely essential that such work be sub-divided, and each sub-division

to be in the charge of a competent man.

I therefore included in addition to my regular staff for the year 1907, two Assistant

Engineers at \$2,550. In regard to the salary increase, I ask for a substantial increase for the Chief of the Bureau, which I believe to be commensurate with the responsibility imposed in dealing with the representatives of the largest corporations of the City, in connection with new applications made by them, and with improvements to their plants.

The other increases are \$450 for my first Assistant, who is engaged upon many of the different problems presented to this Bureau, and who has already solved the

same; and \$600 for one of the Clerks who has acted as Chief Clerk since the organization of the Bureau, and without compensation which his ability merits.

The other increases are fairly deserved, as each employee of this Bureau was taken in, as before stated, at the lowest grades, and has, by examination or otherwise, earned the promotion.

The total increase is \$11,590.

I would request that your Board approve of the appropriation of \$5,000 for supplies and contingencies for this Bureau for the year 1907. I have found it necessary, from time to time, to be furnished with various publications relative to public utility corporations and copies of testimony taken before investigating committees, and have subscribed, from time to time, to various publications, issued relative to engineering problems.

It is my idea in the ensuing year to send representatives of this Bureau throughout the country in an investigation of public utility corporations in general, as has recently been the case in the telephone inquiry by this Bureau.

A part of such sum of \$5,000 will be used in purchasing furniture and supplies

The appropriation requested is for \$5,000.

Respectfully, (Signed) HARRY P. NICHOLS, Assistant Engineer, Chief of Bureau.

Board of Estimate and Apportionment, Office of the Chief Engineer, No. 277 Broadway, September 5, 1906.

Hon. GEO. B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment: Dear Sir—In accordance with your verbal request, I submit the following statement of the amount estimated to be required for the office of the Chief Engineer of the Board of Estimate and Apportionment for the year 1907:

	Salary I		Proposed for 19		Increase
Nelson P. Lewis, Chief Engineer	\$7,500	00	\$7,500	00	
Arthur S. Tuttle, Assistant Engineer	5,000	00	5,000	00	
Charles H. Haswell, Assistant Engineer	2,550	00	2,550	00	
Vernon S. Moon, Transitman and Computer	1,650	00	1,650	00	
(Vacant) Transitman and Computer	*****		1,650	00	\$1,650 00

# COMMISSIONERS OF THE SINKING FUND.

Department of Finance—City of New York, June 12, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I transmit herewith an estimate of money required for the expenses of the Commissioners of the Sinking Fund for the year 1907.

There is but one employee in the office of the Commissioners of the Sinking Fund, and her salary, \$1,400, is payable from the general appropriation for expenses of the Commission.

It is proposed to employ a Stenographer and Typewriter at a salary of \$1,050 per annum, which salary will also be paid from the general appropriation.

The balance of the moneys are to be used for expenses of a miscellaneous character, and the amount asked for is the same as was appropriated for the year 1906-namely, \$12,000.

Very truly yours, N. TAYLOR PHILLIPS,

Secretary, Commissioners of the Sinking Fund.

Expenses of Commissioners of the Sinking Fund.

Estimated amount required for 1907...... \$12,000 00 Amount appropriated for 1906.....

Employees chargeable to above appropriation:

It is proposed to pay the salary of the Stenographer and Typewriter to be appointed out of the general appropriation for expenses of the Commission, and for which no increase is asked.

## BOARD OF EXAMINERS.

Board of Examiners, No. 1 Madison Avenue, Borough of Manhattan, August 3, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with the resolution of the Board of Estimate and Apportionment adopted on May 25, 1906, an estimate of the proposed expenditures of the Board of Examiners of The City of New York for the year 1907 is herewith submitted.

Respectfully,

THE BOARD OF EXAMINERS. Edward V. Barton, Clerk of Board.

#### Summary of Appropriation for 1907.

Note—Members of the Board receive a fee of \$10 per meeting, as provided for in section 411, chapter 466, Laws of 1901.

The Trustees of The New York Public Library, Astor, Lenox and Tilden Foundations, New York, July 12, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I have the honor to transmit to you herewith, on behalf of this corporation, estimates amounting to \$470,462 for maintenance of forty (40) branch libraries and traveling libraries in the boroughs of Manhattan, The Bronx and Richmond, under the direction of The New York Public Library, for the year 1907.

These estimates include libraries about to be opened in the buildings being constructed under the gift of Andrew Carnegie.

Schedules are attached hereto, detailing the items of this estimate.

The increase over the appropriation for 1906 is due to the additional cost of maintaining four new branches in new buildings; and to the increased cost of general administration because of the growth of the system of libraries.

The increase is also due to the increased use of the library on evenings, holidays and Sundays. It is necessary to provide for replacing many books which are worn out, and also to bind a large number of books taken over from the old libraries, in order to put the stock in good condition.

Respectfully yours.

Respectfully yours,

G. L. RIVES, Acting Secretary.

## BROOKLYN PUBLIC LIBRARY.

Brooklyn Public Library, No. 26 Brevoort Place, August 10, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Herewith I send the request of the Board of Aldermen:

Dear Sir—Herewith I send the request of the Brooklyn Public Library for money for the maintenance of its library system. Table No. 1 gives a summary under the different heads; table No. 2 contains an itemized list under the various heads by branches, and table No. 3 gives the salaries by grades and titles.

Requests have come in from different sections of the City for the establishment of new branches, and the Board has included in its request four branches to be established in rented buildings.

In conclusion I would call your attention to a letter to the Honorable Edward M. Grout, then Comptroller, under date of November 27, 1905, prepared by the Treasurer and the Chief Librarian, and presented in behalf of the Finance Committee of the Brooklyn Public Library. It is explanatory of the cost of maintaining the public library system.

Respectfully yours,

Respectfully yours,
DAVID A. BOODY, President.

Total Estimates.

Total estimate for 1907......\$420,300 00 Cost of maintaining 34 branch libraries and departments.... \$429,216 00 Directors' fund, balance..... Estimate for maintenance of 34 branch libraries and departments, net, is.. \$420,300 00 Appropriation for 1906 for maintenance of 29 branches and departments \$312,181 00 Appropriation for 1906 for stock of books, Macon branch.... 10,000 on 322,181 00

## LAW LIBRARY OF BROOKLYN.

Law Library, County Court House, Borough of Brooklyn, June 25, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-The Board of Trustees of the Law Library, in Brooklyn, pursuant to Laws 1863, chapter 463, ascertains and by its Chairman hereby certifies:

That the sum of ninety-four hundred dollars will be required for the care and management of the Law Library of the Second Judicial District of Brooklyn for the fiscal ear from January I. 1007, to December 31, 1007, inclusive, viz.:

James Barrens, of about the second of the se

# QUEENS BOROUGH LIBRARY.

Queens Borough Library,
No. 101 East Avenue, Long Island City,
August 15, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Herewith please find submitted the departmental estimate of the Queens
Borough Library for the year 1907.

The increase asked for is necessitated by the following facts: Previous to 1906
the City Record furnished the Library with all printed forms, stationery and supplies; the City Record furnished the Library with all printed forms, stationery and supplies; but during the present year, in accordance with an opinion rendered by the Corporation Counsel, in which it was decided that the Queens Borough Library was not a City Department, the City Record has refused to furnish any supplies whatsoever. Fearing that, in accordance with this opinion, similar action might be taken during 1907 by the Department of Water Supply, Gas and Electricity, the Trustees have inserted an item in the Library estimate covering the expenses for gas and electricity for that year. In case this item should not be allowed the Library a similar one must be inserted in the estimate of the Department of Water Supply, Gas and Electricity.

The increase in the salary item is necessitated by the increase in number of employees, due largely to the increase in number of branches, as well as by the increase in individual salaries, long promised and long deferred by the Board of Estimate. Three new branches and a traveling library system were organized during the present year and three more will be needed during 1907.

The increased amount asked for in the item for repairs, etc., is to be expended largely in the renovation, decoration and repair of the Carnegie buildings.

Respectfully submitted,

WALTER G. FREY, President.

#### FOURTH DISTRICT, BOROUGH OF BROOKLYN.

Municipal Court of The City of New York, Fourth District, No. 14 Howard Avenue,
July 14, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-I have the honor to submit the following departmental estimate for the

year 1907, the amount corresponding for the year 1900.	440
I Justice	\$6,000 00
I Clerk	3,000 00
I Assistant Clerk	3,000 00
I Stenographer	2,000 00
I Interpreter	1,200 00
3 Attendants	3,000 00
Contingencies	200 00

\$18,400 00 Very respectfully,

# FIFTH DISTRICT, BOROUGH OF BROOKLYN.

Municipal Court, Fifth District, Borough of Brooklyn, No. 5220 Third Avenue, September 5, 1906.

THOS. H. WILLIAMS, Justice.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Agreeably to the instructions in your circular letter of September 1, 1906, requiring an estimate of expenses for the year 1907 of the Municipal Court of The City of New York, Borough of Brooklyn, Fifth District, I have the honor to

submit: Salaries-Municipal Court of The City of New York, Borough of Brooklyn, Fifth District.

Allowed for 1906..... Estimate for 1907..... \$300 00

Employees chargeable to above appropriation:

No.	Salary Paid July 1, 1906	Proposed Salary for 1907.	Increase.
1 Justice	\$6,000 00	\$6,000 00	
1 Clerk	3,000 00	3,000 00	
r Assistant Clerk	3,000 00	3,000 00	
1 Stenographer	2,000 00	2,000 00	
1 Interpreter	1,200 00	1,200 00	
3 Attendants	3,000 00	3,000 00	*******

# Recapitulation.

\*\*\*\*\*\*\*

	1906.	1907.	Increase.
Salaries	\$10,700 00	\$11,000 00	*\$300 00

The amount necessary to pay this increase has been duly appropriated for the balance of the current year, but payments of salary at such increased rate have not yet been made, as the grade of Assistant Clerk at \$1,800 has not yet been established in conformity with the law. If such grade is established during the current year, the salary of the one Assistant Clerk referred to will be paid at the rate of \$1,800 per annum thereafter.

## CITY MAGISTRATES' COURT, SECOND DIVISION.

City Magistrate's Court, First District, Second Division, No. 318 Adams Street, Brooklyn, September 12, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I inclose you herewith in quadruplicate the estimate of the Board of City Magistrates, Second Division of The City of New York, for the year 1907, as per your letter of June 11, 1906.

The increase asked in behalf of the Assistant Police Clerks of \$200 each per annum is to equalize their salaries with those paid in the Borough of Manhattan. An increase is also asked of \$300 per annum for seven Interpreters; in this connection I desire to say that some of the General Interpreters doing duty in the City Magistrates' Courts in this Division receive a salary of \$1,500 per annum, and perform the same services as those included in our estimate, who only receive \$1,200 per annum. An increase is also asked in the number of Assistant Clerks attached to the courts in the boroughs of Queens and Richmond so as to have two Assistant Clerks attached to each court instead of one as heretofore.

There has been no transfer made from one appropriation to the other except that an additional appropriation of \$10,200 was made by the issue of Revenue Bonds to pay salary of Female Probation Officers for the year 1906, which is fully set forth in the estimate submitted.

CHAS. G. MAHER, President.

At this time it is difficult to state the amount which may probably remain unexpended of the appropriation for this year at the end of the year; the amount appropriated for the year is the exact amount necessary to pay the salaries of the officials attached to the various courts in this division; through vacancies now existing and caused by death and resignation of two Interpreters a sum of possibly \$1,500 will remain on our salary account at the close of the year; the Contingent Fund allowed the Board for the year 1906, out of which must be paid necessary supplies not furnished by other departments, telephone bills and postage, will, however, not be sufficient to pay all claims from present indications.

Very respectfully yours,
WILLIAM F. DELANEY,
Secretary, Board of City Magistrates, Second Division, City of New York.

## SURROGATES' COURT, NEW YORK COUNTY.

Chambers of the Surrogate's Court, County of New York, New York, August 9, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—An estimate of the amount of the appropriation necessary for the maintenance of the Surrogate's Court and office and the transaction of the business thereof during the year 1907 is herewith submitted.

An amount \$300 in excess of that appropriated for the present year for the salaries of the Clerks employed, pursuant to chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890, in the preservation of the public records, will be required for the year 1907. Eight Clerks are so employed, at a salary of \$1,200 per annum each, and a Superintendent and Examiner, whose salary we propose to increase from \$1,500 to \$1,800 per annum. These Clerks the Surrogates were authorized by chapter 704 of the Laws of 1904, amending said Laws of 1883 and 1890, to employ in preparing, making and copying indexes of the office records, in addition to performing the work necessary for the preservation of the public records. Six libers of indexes, at a cost of \$150, and \$100 for stationery will be required next year for the prosecution of the work provided by the laws mentioned.

The necessity of the work for the preservation of the public records has been duly certified in accordance with those laws. Certain of the certificates are referred to in our communications of August 5, 1902; August 15, 1903, and August 12, 1904, submitting the estimates for those years, and others were transmitted to the Board of Estimate and Apportionment January 18, April 20, May 16, June 8, July 7 and July 10, 1904; April 11, 1905, and January 31 and August 8, 1906, respectively.

We ask for an appropriation for salaries for next year of \$195,500, an amount which is \$27,900 in excess of that which was allowed for the same purpose for the current year. This amount it is proposed to use to increase the salaries of the Assistants and Clerks hereinafter referred to, and to enable us to increase the clerical force of the office to an extent imperatively demanded by the business needs of the Bar and the public.

Mr. Leary, whose salary

public.

Mr. Leary, whose salary we propose to increase from \$8,500 to \$10,000 a year, is the Chief Clerk of the office. He has been such about twenty-one years, and has charge, subject to the directions of the Surrogates, of the supervision and management of the office. He is a lawyer, and, in addition to the services mentioned, performs services similar to those of the Surrogates' Law Assistants.

It is proposed to increase the salary of Edward W. Bonynge from \$4,500 to \$5,000 per annum. Mr. Bonynge is the Deputy Chief Clerk. He has served in the office since January I, 1882, and in the position which he now fills about twenty-four years. He performs duties requiring a high degree of legal skill and knowledge, and is a trained lawyer and a most competent, faithful and hardworking public officer.

William Ray De Lano, whose salary we desire to increase from \$4,000 to \$4,500 per annum, and John A. O'Brien and Harold E. Lippincott, each of whose salaries we desire to increase from \$3,000 to \$4,000 per annum, are Law Assistants of the Surrogates. They are all members of the Bar, which the duties of their positions require them to be, and each has had a special training in and possesses a wide and exact knowledge of the law and procedure relating to probate matters and decedents' estates. Considering the character of the services rendered by the Law Assistants, and the special skill and train-

law and procedure relating to probate matters and decedents' estates. Considering the character of the services rendered by the Law Assistants, and the special skill and training necessary for the proper discharge of their duties, the increased salary which we propose to give them is, in fact, scant compensation for their services.

The salary of Jacob Washburn we propose to increase from \$4,000 to \$4,250 per annum. Mr. Washburn is the Probate Clerk and is head of the Probate Department and has been such for about thirteen years. He is a member of the Bar, thoroughly familiar with the law and practice relating to probate matters and decedents' estates, and is a most painstaking, capable and efficient public servant.

It is proposed to increase the salary of William H. McIntire from \$2,250 to \$2,400 per annum. His position is that of Calendar Clerk and Superintendent of Supplies. He has been employed in the office for thirty-six years. His long term of most faithful and efficient service entitles him to the increased compensation we desire to give him. Th salary of John H. Nagle, the Deputy Clerk of the Court, we propose to increase from \$2,000 to \$2,400 per annum. He has been a Clerk in the office since March 22, 1896, and has held his present position since March 16, 1899. Mr. Nagle assists the Clerk of the Court in discharging his many important duties, and in the absence of the latter acts in his stead, exercising all his official powers and functions. He is a very faithful, industrious and competent Clerk, and the increased salary we wish to give him is not sufficient remuneration for the services he renders.

The salary of Ernest A. Wolff we propose to increase from \$2,500 to \$3,000 per annum. He holds the position of Administration Clerk, and is the head of the Administration Department. He has served in the office about seventeen years, was First Assistant Administration Clerk from February, 1894, until the roth day of January, 1905, when he was appointed to his present position. He has been a hardworkin

faithful public servant. The salary which we seek to attach to his position is scant re-

faithful public servant. The salary which we seek to attach to his position is scant return for the services required to be performed by the incumbent.

The respective salaries of John T. Mooney, Guardian Clerk, and Harry J. Sneudaira, Guardian Accounting Clerk, we propose to increase from \$1,700 to \$1,800 per annum. The duties attached to their respective positions are described in our communication to the Board of Estimate and Apportionment of August 15, 1903.

It is proposed to increase the salary of Bryan P. Henry, Accounting Clerk, from \$2,250 to \$2,400 per annum, the salary of Bryan P. Henry, Accounting Clerk, from \$1,600 to \$1,800 per annum; the salary of James O'Hara, Second Assistant Probate Clerk, from \$1,500 to \$1,800 per annum; the salary of Herry J. Cerrance Sullivan, Examiner, and head of the Department for Preservation of the Public Records, from \$1,500 to \$1,800; the salary of Annie F. Casey, Correspondence Searcher, from \$1,400 to \$1,500 per annum, and the salary of Henry J. Comaskey, Jr., Third Assistant Probate Clerk, from \$1,000 to \$1,200 per annum.

These clerks have been faithful and efficient public servants, and the duties pertaining to their positions entitle the incumbents to the increased salary asked.

Bertha W. Howe, Surrogate's Stenographer, whose salary we propose to increase from \$1,400 to \$1,500 per annum, in addition to doing typewriting and stenographic work for the Surrogates, their Law Assistants and the Chief Clerk, prepares most, if not nearly all, the letters sent in reply to communications received at the office seeking information in regard to estates and other matters. She seldom leaves the office or stops her work until long after the close of the office at the end of the business day. Mrs. Howe merits a much larger compensation than the increased salary we propose to give her.

It is proposed to add to the present force of the Recording Department seven clerks, and the two Record Bond Clerks employed in said Department. One of these additional Recording Clerks is to

stitute the title "Recording Clerk" in place of "Record Bond Clerk" in case of these two clerks.

The work of the Recording Department has greatly increased in recent years. No previous effort has been made to secure an addition to the force of this Department, because the crowded condition of the office and the lack of room to accommodate the clerks did not warrant it. To keep the recording of the records abreast of the business requirements of the office the additional clerks mentioned are absolutely necessary. Annexed is a comparative statement marked A. showing the papers and records filed in this office in the year 1898 and those filed in the year 1905, which were required to be copied, and the number of recording clerks employed at both periods. Their number has not since been increased.

Additional labor was imposed on this Department by the passage of chapter 692 of the Laws of 1904, and still more will be so imposed by the enactment of chapter 350 of the Laws of 1906, which takes effect September 1 next.

We propose to add to the force of the Record Department, of which Thomas

350 of the Laws of 1906, which takes effect September 1 next.

We propose to add to the force of the Record Department, of which Thomas M. Marsac is the head, four clerks, the position to be filled by each of whom is to be designated by the title, "Record Clerk," with a salary of \$1,200 attached to each position, that being the amount now paid to the three clerks who respectively serve under the present titles of First and Second Assistant Clerks of Records and Searcher in said Department. The work to be done in the Recording Department, as shown by the statement above mentioned, as well as the statement of work at the close of this communication, gives some, although by no means an adequate, notion of the work put upon the Record Department in handling, sorting, arranging and filing away and safeguarding the papers and records required to be kept by the Record Department. Besides these papers and records the Record Department handles a vast amount of papers and records which are not required to be recorded, but the volume of which has probably increased to a much greater extent than that of the papers and records to be copied. The records, with the exception of such as are but seldom used, and which are stored elsewhere in the office, are concentrated in two rooms, one about 33 feet by 38, and the other about 13 feet by 21 feet. These rooms are utterly insufficient to accommodate the records which have been crowded into them, and the persons desirous of using them.

In the quarters which have been assigned to the Record Department in the new

In the quarters which have been assigned to the Record Department in the new Hall of Records, which it is understood we are soon to occupy, the main room on the fifth floor is about 66 feet by 30 feet. Connected with it by a stairway is another room about 66 feet by 38 feet, located on the mezzanine floor, extending over part of the main room. On the floor above the main room is still another large room about 57 feet by 36 feet, and entirely disconnected from it. There are also three rooms on the fourth floor connected by a stairway with the main room on the fifth floor. One of these is about 41 feet by 29 feet, another about 48 feet by 32 feet, and the third about 23 feet by 32 feet.

The title companies have within recent years kept a large number of their clerks continuously employed in this Department, in examining and transcribing the records. This has added, as will the much greater space to be occupied by the Department in the Hall of Records also add, very considerably to the work of the Department.

ment

The present title of the position held by Thomas M. Marsac, the head of the Department, is "Clerk of Records." It is proposed, as it appears to be a better classification and grouping of the positions in his Department, to substitute the title "Superintendent of Records" in place of "Clerk of Records;" the title "Record Clerk" in the place, in each case, of the "First Assistant Clerk of Records," "Second Assistant Clerk of Records" and "Searcher," and designate each of the four clerks proposed to be added to this force of the Department by the title of "Record Clerk."

We desire to increase the salaries of Elizabeth A. Blake, Estelle G. McGinnis and Elegence S. Foote each of whom holds the position of "Convist." from \$1000 to

and Florence S. Foote, each of whom holds the position of "Copyist," from \$1,000 to

\$1,200 per annum.

The title of the position of Terrance Sullivan, who is the head of the Department engaged in the Preservation of the Public Records, we desire to change from "Examiner" to that of "Superintendent of Preservation of Records Clerks," as the latter more appropriately describes the duties of his position.

We have omitted to ask for the increase of salaries of certain Clerks whose salaries we stated in our communication of June 29, 1906, to the Secretary of the Commission on Salaries and Grades we desired to increase. This omission is accounted for by the withdrawal of the applications of the particular Clerks for an increase of salary.

by the withdrawal of the applications of the particular Clerks for an increase of salary. For "Supplies and Contingencies" \$2,550 are required for next year. The same amount for the same purpose was allowed for the current year. Of this amount \$1,350 are required for office contingencies and \$1,200 for the purpose of procuring supplies which, previously to January 1, 1902, were furnished by the Board of Public Buildings, Lighting and Supplies. Schedule C, hereto annexed, indicates the character of such supplies. As to the amount put in Schedule C for telephone service, it is impossible now to say whether it will be sufficient or needed at all. This will depend entirely on whether the service for our offices in the Hall of Records is to be provided for by the Department having charge and control of the building, or by the Surrogates, by contract to be made by them. If the latter, it will further depend upon the precise character and extent of the service proposed to be supplied. As to those matters, we have at present no definite information.

One thousand dollars are needed for the payment of the Sheriff for services in serving citations and orders in proceedings commenced by the Surrogates to compel accountings of delinquent guardians, executors and others. The same amount was appropriated for the same purpose for this year.

The salaries of the Surrogates are fixed by chapter 290 of the Laws of 1889 and chapter 642 of the Laws of 1892. The salary of the Stenographer receiving \$3,000 per annum is fixed pursuant to section 2512 of the Code of Civil Procedure, and section 1933 of chapter 410 of the Laws of 1882, and the salaries of the Clerks engaged in recording bonds pursuant to section 237, chapter 686 of the Laws of 1892, being chapter 18 of the General Laws and chapter 401 of the Laws of 1904. The salaries of the other Clerks and employees, except the Court Attendants and Messengers and the clerks engaged in the Preservation of the Public Records, and in preparing, making and copying indexes of the office records, are designated and fixed pursuant to chapter 530 of the Laws of 1884 and chapter 642 of the Laws of 1892. The compensation of the Clerks engaged in the preservation of the public records and in preparing, making and copying said indexes, is provided for by chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890 and chapter 704 of the Laws of 1904. The salaries of the Court Attendants and Messengers were fixed by chapter 467 of the Laws of 1906 at \$1,500 per annum each.

at \$1,500 per annum each.

It is impossible at the present time to state the amount which may probably remain unexpended at the end of the year 1906, of any of the appropriations made for that

year.

Annexed is a statement marked B, showing part of the work performed in the years therein respectively specified. This work, together with the preliminary and other work connected with it, is among the most important both in volume and character of the work of the Court and office.

At the time of signing this communication there are two vacancies in the positions of Recording Clerks in the Department of which Mr. Dall is the head, and one vacancy in the position of Recording Clerk in the Department for the Preservation of the Public Records.

Yours respectfully, FRANK T. FITZGERALD, ABNER C. THOMAS, Surrogates.

Schedule A. During the year 1898 the same number of Examiners, Record Bond Clerks and Recording Clerks were employed as at the present time, and in that year there was not a sufficient number to keep abreast of the work to be recorded. There are twenty-one of such Clerks, of whom two are Examiners, two Record Bond Clerks and the others

Recording Clerks.

The following table gives a comparison between the amount of matter to be recorded in the year 1898 and that of 1905:

## SURROGATES' COURT, KINGS COUNTY.

New York, September 8, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In submitting, under the provisions of the City Charter, the accompanying estimate of the amount of expenditures necessary to carry on the work of this Court and office, I beg to submit a brief memorandum explaining reasons for any changes in the estimate as made in the previous year.

No. 1. The increase in the salary of Special Court Officer John J. Heffernan from \$1,350 to \$1,800 is urgently requested, so that his salary may be commensurate with his work. His position is that of Confidential Court Officer and Assistant to the Surrogate. Positions similar to this in the Supreme Court and other Courts of Record, both in this borough and in the Borough of Manhattan, are paid a salary of \$1,800 a year. Work in this Court is fully as important and onerous, and there is no reason why any unjust discrimination should be made against this present position.

No. 2. The proposal to increase the salary of the Chief Recording Clerk from \$1,200 to \$1,500 a year. When this position was first created there were but few Recording Clerks in the office. There are now eight clerks, and it is proposed to increase the number to ten. This increases the duties of the Chief Recording Clerk, as necessarily he has to supervise the work of each individual Clerk. In addition,

when not so engaged, he himself attends to the recording, and it is therefore proper that he should receive a salary commensurate with the importance of his position.

No. 3. The increase of the salary of Mary L. Murphy, the Stenographer's Amanuensis, and of Ethel L. Frost, the Clerk and Stenographer to the Chief Clerk, in each case from \$900 per year to \$1,500 per year is asked. Attention is called to the fact that these two positions are filled by skilled Stenographers and Typewriters, and their work respectively is up to the highest standards required of a Stenographer and Typewriter. Their salaries are fixed at but \$900 per year. The injustice of these skilled employees receiving \$100 per year less than the Recording Clerks, who have to simply copy in long hand documents which are handed to them, is perfectly obvious. In various other positions in the City Government Stenographers and Typewriters, whose work is not as important as that of these two positions, receive from \$1,500 to \$1,800 per year, and it is apparent therefore that they should not be thus discriminated against.

per year, and it is apparent therefore that they should not be thus discriminated against.

No. 4. The request for additional Recording Clerks is made necessary by two facts: First, that the business of the office has increased in proportion to the increase of the population within the past few years. In addition, by the provisons of an act of the Legislature recently passed, persons desiring to settle their accounts or adjust their matters can obtain releases from persons interested, and have such releases recorded at length by the Surrogate. This act only went into effect on September 1, and of course it is impossible to correctly estimate the amount of additional work which this will make in the office, but judging from the general conditions of business in the past, and what little work has been tended since September 1, it is a moderate estimate to suggest for two additional Recording Clerks.

In the event that their entire time will not be taken by this additional recording work, they will not be idle, as the recording is a few months behind, and they can thus assist the general Recording Clerks. And after the expiration of a sufficient period of time in which the new law will become thoroughly tested, a more accurate estimate can be formed of the additional work that will be involved.

No. 5. There has been appropriated for several years last past the sum of \$2,500 for the copying of old and mutilated records, and it is requested that this appropriation be continued next year. Two Recording Clerks have been appointed, who are diligently copying the same, but it will take several years to fully complete

the work of copying the old and mutilated records, as so many of them were allowed to get into a dilapidated condition before this appropriation was made by your Honorable Body.

No. 6. The Board last year created the position of Special Messenger and also of Telephone Operator. These two positions have not been filled. The question as to the filing of the position of Special Messenger has been pending undecided before the Civil Service Commission, and in view of the great necessity for keeping the copying up to date an additional Recording Clerk was appointed, and the money was thus properly expended. In addition, during the year it was necessary to employ various persons as Laborers to assist in the removal and index of the records. I detailed one of the Laborers, in addition to the work of indexing these records, to act as Telephone Operator, and this postponed the actual filling of this position as long as possible, so as to expend the money appropriated to the best advantage.

No. 7. The contingent account last year was fixed at \$1,350. I ask for a substantial increase to the sum of \$3,000. At the time this figure was fixed the office had not been completely installed in its new quarters, and the various contingencies arising could not be all anticipated. The new office now occupied by the various employees comprises over five times the actual floor space, and also requires certain expenditures which were absolutely unnecessary in the original quarters. With the

strictest economy and the best endeavor to restrict these expenditures to the absolute necessities of the office, I have been unable to keep within the sum of \$1,350 in my

contingent expenses.

In conclusion I would state that I welcome a critical examination or investigation of the entire management of the office. The salaries throughout are in many instances less than are paid in similar positions, and the work which is done is of a high standard, and the slight increases which I have made are simply those which good business prudence would require a business man to make for the proper conduct of his business.

Respectfully submitted, JAMES C. CHURCH.

1 Typewriter	1,500 00	1 Typewriter	1,500 00		
z Confidential Clerk, Appellate Term	3,000 00	I Confidential Clerk, Appellate Term	3,000 00		
Contingencies, Appellate Division	750 00	Contingencies, Appellate Division	750 00		
Supplies and Contingencies, Supreme Court, including Printing, Stationery and Blank Books	24,000 00	Supplies and Contingencies, Supreme Court, including Printing, Stationery and Blank Books	22,000 00		2,000 00
Compensation of Justices from Other districts	50,000 00	Compensation of Justices from other districts	50,000 00		
Total	\$755,750 00	Total	\$923,750 00		

The increase of \$168,000 is owing to the increase in the number of Justices from twenty-two to thirty, chapter 693, Laws of 1906, and the fixing of the salaries of the Assistant Deputy Clerks assigned to the Naturalization Bureau at \$2,500, they formerly receiving \$2,000 per annum, chapter 643, Laws of 1906.

It is impossible at the present time to state the amount which may probably remain unexpended at the end of the year 1906 of the appropriations made for that year.

Respectfully submitted, PFTER J. DOOLING, Clerk.

# SUPREME COURT, APPELLATE DIVISION, FIRST DEPARTMENT.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The amount hereinafter stated are necessary for salaries, heating, electric power, lighting, repairs and the proper maintenance of the court-house of the Appellate Division of the Supreme Court in the First Department, from January 1, 1907, to December 31, 1907:

\$28,000 00 26,000 00

THOMAS S. HUME, Librarian.

Supreme Court, Appellate Division, Second Department, Brooklyn, N. Y., September 4, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-I hereby request that the sum of one thousand dollars be appropriated for the account of Supplies and Contingencies of the Appellate Division of the

Supreme Court, Second Department, for the year 1907, being the same amount that was allowed for the year 1906.

I am, very respectfully yours, M. H. HIRSCHBERG, Presiding Justice.

## SUPREME COURT, KINGS COUNTY.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I forward enclosed the estimate of the appropriations required for the Supreme Court, Kings County, for the year 1907.

The increases over the amount required for the year 1906 are as follows: \$72,100 for the salaries of seven additional Justices, to take office on January 1, 1907; \$17,500 for one confidential Clerk for each additional Justice, all of which is mandatory.

To provide for the salaries of fifteen additional Court Attendants, \$22,500 is asked; one to be assigned to each additional Justice, and the remaining eight to be divided between the additional parts of the Court to be established, and the Naturalization Bureau required by the Act passed at the recent session of the United States Congress.

The \$2,500 increase in the Supplies and Contingencies account is to provide for desks, furniture, etc., for the additional Justices.

The account of compensation of Justices from other counties assigned to Kings County is reduced from \$18,000 to \$1,000. The account is kept open to provide for any emergency which may require the assignment of a Justice from any other part of the State to Kings County.

Respectfully,

Respectfully, J. F. McGEE, General Clerk.

#### COURT OF SPECIAL SESSIONS, FIRST DIVISION.

Court of Special Sessions, First Division, No. 66 Third Avenue, New York, July 24, 1906.

## Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In submitting to you the schedule of salaries and expenses for the Court of Special Sessions of the First Division of The City of New York, Children's Court, for the Budget for 1907, we are following in the proposed salary increases as relating to already existing positions, the arrangement proposed to the Commission on Salaries and Grades appointed by your honorable body in reply to that Commission's request for information regarding desirable changes. In the communication sent to that Commission on June 25, 1906, changes in two of the already existing positions were requested as follows:

	Present Salary.	Proposed Salary.	Increase,
Assistant Clerk, proposed title First Clerk-Interpreter	\$2,000 00	\$2,400 00	\$400 00
Interpreter, proposed title Second Clerk-Interpreter	1,800 00	2,000 00	200 00

It was further requested that the title of Record and Minute Clerk be created and the salary for this position be fixed at \$1,800, and that an Attendant be appointed at a lower salary than that paid the present Attendant. The Board of Justices now request that the salary of the Attendant be fixed at \$1,000.

In making the request for the creation of the new title of Record and Minute Clerk the Board of Justices desire that the employee now holding the title of Attendant, who, in addition to his work as Attendant, has been performing the duties of a Record and Minute Clerk, he appointed to the new position.

who, in addition to his work as Attendant, has been performing the duties of a Record and Minute Clerk, be appointed to the new position.

A resume of the reasons for the proposed changes follows:

The work of the Children's Court, First Division, is constantly growing, keeping pace with the increase in population of the County over which it has jurisdiction, which is at the rate of about 150,000 a year. The office force of the Court stands to-day as it did when the Court was first established, consisting of only six men, while the work of the Court has constantly been increasing in volume.

The majority of adult persons having dealings with the Court are foreign born, and many of them speak little or no English. From July 1, 1905, to July 1, 1906, out of a total of 9,622 children arraigned, the parents of more than 2,000 came from Russia, and the number from Italy was nearly as large. As it is the policy of the Court to impress

on the parents their responsibilities the Court has dealt directly with nearly all of these

For the proper preparation of complaints, too, it has been necessary that the Clerks who have this work to do should be able to talk to and understand complainants and witnesses who do not speak the English language, besides having the legal knowledge necessary for the drafting of Court papers.

So that the situation as it now exists makes it necessary that the Assistant Clerk not only perform the duties of his official position, but also act as interpreter, for which work he is qualified, and the Court Interpreter not only interprets in all cases where the languages for which he was appointed are required, but on account of the volume of business the great number of foreign born complainants and witnesses, and the frequent employment of the Assistant Clerk as Interpreter, is required to perform the duties of a Clerk, in which work he has become proficient.

On account of the small office force, the Attendant, in addition to his regular duties, is required to care for the records in the office of the Court and write the minutes of each session. This work requires special legal knowledge, and the position which he chiefly fills is that of Record and Minute Clerk, hence the request of this Board to have created this title and position and its desire to appoint the present Attendant to that place.

For the reasons hereinabove stated, the Board of Justices now respectfully requests

For the reasons hereinabove stated, the Board of Justices now respectfully requests that the above changes be made in titles and salaries, and that a new Attendant be appointed, and that due provision for this be made in the Budget for 1907.

The request is also made for an allowance of \$1,000 for the contingent expenses of the Children's Court. The amount of money allowed by your honorable body for that purpose each year in the past has been insufficient, thereby causing considerable embarrassment and making it necessary to obtain a transfer of funds from other Departments to meet the actual expenses. Only \$500 was allowed for the present year. and a glance at two items alone will show that they practically exhaust the small sum allowed, viz.: One month's salary for Stenographer as substitute for the Court Stenographer on vacation, \$208.33; telephone bill for year, about \$200, leaving about \$90 for all other contingent expenses of the Court, such as stamps, law books, "Law Journal," ice, incidental repairs, etc.

ice, incidental repairs, etc.

The importance of the work done by the Children's Court is generally recognized in this City, and it is taken as a standard in the establishment of similar Courts in cities throughout the world. It is the largest of all children's courts and the only one in the world that holds sessions every weekday of the year.

The Board of Justices therefore respectfully urge that your honorable body provide the necessary means for its continued development as asked for in the foregoing letter.

Respectfully, JOHN B. McKEAN, art of Special Sessions, Presi Justice of the Court of

BURT JAY HUMPHREY, County Judge, Queens County.

## COUNTY COURT AND SURROGATE'S COURT, RICHMOND.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with a request from the Comptroller, under date of June 11, 1906, I would say that the salaries paid all officers, Clerks and subordinates employed, according to the payroll of the Department of the County Court and Surrogate's Court of Richmond County, for the month of July, 1906, were as follows:

County Judge and Surrogate, at the rate of \$5,000 per annum.

Court Stenographer and Secretary to the Surrogate, at the rate of \$2,300 per

annum.

Clerk of the Surrogate's Court, at the rate of \$2,400 per annum.

Confidential Clerk, at the rate of \$1,500 per annum.

Clerk in the Surrogate's Office, at the rate of \$1,400 per annum.

Court Crier and Attendant, at the rate of \$1,200 per annum.

For supplies and contingencies I was allowed \$500 for the year 1906.

I would respectfully ask an appropriation by your Honorable Board to pay the expenses of conducting the public business of the County Court and Surrogate's Court of the County of Richmond, for the ensuing year of 1907, as follows:

#### Salaries.

County Judge and Surrogate, fixed by section 222 of the County Law	\$5,000 00
Clerk of the Surrogate's Court	2,400 00
Stenographer and Secretary	2,300 00
Conndential Clerk	1,500 00
Clerk in the Surrogate's Office	1,400 00
Court Crier and Attendant	1,200 00
For supplies and contingencies	750 00

ere will remain any unexpended oo, at the end of the year.

submitted, HEN C. STEPHENS, ogate of Richmond County.

# COMMISSIONER OF JURORS, QUEENS COUNTY.

Office of the Commissioner of Jurors, Queens County Court House, Long Island City, July 15, 1906.

## Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I herewith submit my departmental estimate for the year 1907, and respectfully request favorable consideration on the increase over 1906 for the following reasons:

reasons:

Owing to the great increase in population within the Borough of Queens during the past few years, the office force in our office has been greatly overtaxed, and find it very difficult to keep up with the work as required of us at the present moment. There is but one Clerk in the office to do the clerical work, and without the assistance of the Commissioner and Assistant Commissioner, who, in assisting in this work, very frequently have to remain long after the usual business hour of closing to go over other

duties required of them in this office, which otherwise could be performed during the

duties required of them in this office, which otherwise could be performed during the usual hour, it would be a physical impossibility for us to prepare our lists and file them with the County Clerk within the time prescribed by law.

In the year 1905 about 24,000 persons were summoned to this office for examination, and about 19,000 have been summoned thus far in 1905. This is about three times as many as were called yearly during the previous administration.

During the month of April, 1905, the Supreme Court Justice sitting at the time so severely criticised the work of this office as to call for an investigation by that body; they found, among other findings, "and so presented to the Court," that, considering the very limited staff of help to do the great quantity of work required of us, the records, etc., were all that could be expected.

Would also suggest that the work of this office would be greatly facilitated with two additional Jury Notice Servers. We have been doing this part of our work with only one man, who is compensated by fees from an appropriation known as the Jury Notice Server's Fund of this office, amounting to \$1,500 per annum. For the past several years a large amount of the jury notices were served through the mail, owing to one man not being able to cover the ground as it should be done. The results from the serving by mail is not at all satisfactory, as there are a large number of citizens who will not respond to the summons and have to be served with a second notice finally before they appear at this office, thereby causing considerable delay to the clerical work, recording, etc., which the proper serving personally of such notices in the first instance would do away with.

The influx of population is becoming greater each year, and our present office force is inadequate to cope with the extra work that is now required of us, and I therefore suggest and urgently recommend that the salary appropriation of this office for 1907 be

SUPPLEMENT.

increased to make provision for an additional Clerk, at a salary of \$1,050 per annum, and a Secretary to the Commissioner of Jurors for Queens County, at a salary of \$1,200 per annum; and that the Jury Notice Server's Fund be increased from \$1,500 to \$3,000 to provide for two additional Jury Notice Servers.

Respectfully submitted,
JOHN P. BALBERT,
Commissioner of Jurors, Queens County.

CHARLES J. KULLMAN, Commissioner of Jurors, Richmond County, New York.

#### PUBLIC ADMINISTRATOR, NEW YORK COUNTY.

Bureau of Public Administrator, No. 119 Nassau Street, Room 1025, New York, August 15, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Pursuant to the resolution of your Board, of May 25, 1906, I beg to submit schedules showing officers and employees of my Bureau and their salaries in 1907. The amount requested for 1907 for contingencies is the same allowed me for 1906.

The sum required by my Bureau for the year 1907 is an increase of nine hundred dollars (\$900) over the amount allowed and apportioned last year by your Board, and the increase is made up of an increase in salaries.

Mr. Robert D. Bronson is my Chief Clerk and has occupied that position for over eighteen years, with but one increase in salary during that long period, namely, \$100.

Mr. Bronson has become trained in his duties by his long term of service and is a man of exceptional ability; he is performing his duties to-day, as he always has done, with great fidelity and steadfastness, and should be rewarded. During the year large sums of money are received by him and all the detail of the office is thrown upon his shoulders. It would be almost impossible to fill his place should be resign or become sick. No effort should be omitted, therefore, to keep him in the service of the Bureau. He has asked me to request an increase in his salary, of \$500, namely, an increase from \$2,300 to \$2,800, and his request, in my opinion, should be granted without question of hesitation.

hesitation.

Miss Mary E. Finn has been my stenographer for at least fifteen years, and her salary at the present time is but \$1,000. She has been faithful and diligent, and is also entitled to be rewarded, and I respectfully request that her salary be increased from \$1,000 to \$1,200.

Employees chargeable to the above appropriation:

Mr. Owen A. Keegan, a veteran of the Civil War, has been attached to the Bureau for over five years, rising from Storehouse Custodian to Messenger, and his salary of \$1,000 is, in my opinion, entirely inadequate. He is extremely painstaking and faithful in his work and has become quite indespensible to the Bureau. I cannot ask too urgently that his salary be increased from \$1,000 to \$1,200.

The character of the business done by the Bureau has to do with the management of estates and the custody of large sums of money, and the work is increasing with the increase of population and business of the city. It is necessary that the employees should be trained by long service in their duties, and a change cripples and embarrasses the office.

the office.

Mr. Bronson, Miss Finn and Mr. Keegan are underpaid; very much so, when their remuneration is compared with the remuneration given other employees of the City performing similar duties, and I have no hesitation in pressing their just claims for an increase upon the attention of your Board.

I again renew, therefore, my request for the increases asked for.

WILLIAM M. HOES, Public Administrator of the County of New York.

#### REGISTER'S OFFICE, NEW YORK COUNTY.

Register's Office, New York County, No. 116 Nassau Street, August 1, 1906.

#### Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-Pursuant to section 226 of the Greater New York Charter, I have the honor to transmit herewith a departmental estimate of the amount of expenditure required to conduct the office of the Register of the County of New York for the year 1907, with a statement, in detail, specifying the objects of such expenditure, including a statement of each of the salaries of the officers, clerks, employees and

subordinates.

The business of the Register's office is constantly increasing. The recent activity in real estate has naturally made more work for the office, and more work means increased expenditure, although not necessarily in the same ratio. By constantly seeking improved methods and by strict observance of economy, I have been able to hold expenditures down to a most reasonable limit. In doing this I have found the force of the office ready to respond generously to any emergency appearing to suggest extra effort or extra time to complete a given amount of work. Under the circumstances and in view of the fact that the office proper is self-sustaining, I feel warranted in seeking about \$3,800 for next year to increase salaries.

I propose, should I obtain the necessary authority, to increase the salary of the Assistant Deputy Register from \$3,400 to \$4,000. The salary of this position was fixed some twenty years ago, when the business of the office was nothing in quantity or importance to what it is to-day. At that time, and for years subsequently, the territory now known as Bronx Borough was not a factor in realty transactions. To-day, for all practical purposes, as far as its relation to the Register's office is concerned, it is as a county in itself. The salary of the Deputy Register is \$5,000 per annum, and an increase of the salary of the Assistant Deputy Register is \$4,000 is, I believe, only fair and reasonable. The Assistant Deputy Register in question is an experienced and competent official, and I consider him to be absolutely deserving of the increase I propose to give him. Other increases that I have in view range from \$150 to \$300, the aggregate increase for the whole office, however, amounting

of the increase I propose to give him. Other increases that I have in view range from \$150 to \$300, the aggregate increase for the whole office, however, amounting to less than \$4,000 for the year.

My predecessor, in his estimate of last year, asked for \$55,000 to pay the Recording Clerks, or folio writers. They are not salaried. They are compensated at the rate of 5 cents per folio, or 100 words. The charge to the public, regulated by law, is 10 cents for each folio, so that for every 5 cents paid out not only do 5 cents come in, but 5 cents additional are also received. My estimate for the folio writers for the ensuing year is \$80,000. The compensation of the folio writers for the first six months of this year has amounted to over \$36,000. The former Register was compelled in 1905 to seek a Special Revenue Bond issue of \$25,000, in addition to some transfers, to meet the deficiency caused by the increase of business and the corresponding increase of the aggregate amount of compensation paid to the folio writers. I was also compelled to seek this year an additional appropriation of \$40,000 to meet an anticipated deficiency, and, to avoid the necessity of asking for extra appropriations in the future, I would respectfully urge your Honorable Board to grant the full amount of the appropriation herein asked for.

As to how the business of the office has increased, an idea can be formed from the appended figures showing the number of papers recorded each year since 1884:

100428,827	180541,007
188528,780	180640,405
188635,169	189743,871
188735,733	189841,756
188833,856	189945,872
188939,468	190041,678
189041,751	190142,976
189139,299	190244,897
189240,168	190349,684
189338,782	1904
1804	1005

The mere recording of additional papers, it should be remembered, is not all that has to be taken into consideration in the increase of business. The handling of these papers in every other respect must be considered, including the indexing, the reading and the delivery. When there are more conveyances, there must be more mortgages and satisfaction pieces to be recorded, as well as assignments and other instruments, which call for frequent notations in the libers, and which, of course, involve a corresponding amount of added labor.

I require at least five additional Examiners, at a salary of \$1,200 each, and I also require as many Index Clerks at an annual salary of \$1,000 each.

Under the head of Supplies and Contingencies, I request a special allowance of \$5,000 to pay the cost of removing the Register's office to the new Hall of Records, and for cleansing the libers before removal. This is about the same amount which was appropriated and used for removing the office from the old Hall of Records to the present location. The Corporation Counsel advised that inasmuch as the Register is personally responsible for the safe custody of the records, the work of removing should be done by the Register rather than by another Department.

Under the head of Preservation of Public Records, I ask a further sum of \$5,000, to pay for the work of copying old maps. This is the same amount which was last year appropriated, and which, I believe, will be wholly expended during the present year.

present year.

I have requested the sum of \$3,000 to pay the salaries of three additional Custodians, at \$1,000 each. They will be required in the new building.

I beg to add that one act of legislation that I caused to be passed this year, equalizing a certain class of fees, has increased the receipts of the office by about \$200 a month.

Respectfully, FRANK GASS, Register.

## REGISTER'S OFFICE, KINGS COUNTY.

Office of the Register of Kings County, Hall of Records, Borough of Brooklyn, New York, August 8, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Herewith I send you estimate for the office of Register of Kings County for the year 1907. The number and salaries of the general employees of the Register's office (except the so-called temporary folio Copyists) are provided by statute, chapter 496 of the Laws of 1906, amending chapter 706 of the Laws of 1901.

The total appropriation for salaries (except for Copyists) required by statute amounts to \$94,120. This sum is \$30,500 in excess of the Budget appropriation for salaries in the Budget for 1906. The increase in force and salaries dates from May 19, 1906, and was covered for this year only by the issue of Special Revenue Bonds.

Chapter 496 of the Laws of 1906 also provides for thirty-five salaried Copyists and an unlimited number of other Copyists, to be paid at the rate of 5 cents per folio. It is difficult to estimate the sum of money which will be needed for the compensation of Copyists and Recording Clerks for the year 1907. An estimate made on

May 26, 1906, showed that an additional appropriation of \$75,083.33 would be required for 1906 if the Register was to complete the work in arrears by January 1, 1907. Of this amount, \$27,000 was provided for by the issue of Special Revenue Bonds, leaving \$48,083.33 unprovided for. If there is no further issue of Special Revenue Bonds for this purpose during 1906, this amount (\$48,083.33) would have to be appropriated for 1907, together with a sum necessary for copying the papers for the year 1907, which we estimate at \$74,000, corresponding to 1,480,000 folios at 5 cents per folio, thus requiring a total appropriation for 1907 of \$122,083.33.

I ask for an appropriation of \$32,400 for Recopying, Indexing and Rearranging Old Records. I have changed the title of this appropriation somewhat from that of last year, which was designated For Recopying and Indexing Libers of Conveyances and Mutilated Records. I call for the new title because it more properly describes the work to be done under this appropriation. The amount appropriated for 1906 to do this work was utterly inadequate.

For Recopying Certified Filed Maps I ask a very large increase, as many of the maps in this office are in very bad condition, and they ought to be recopied and put in portfolio form. If this is not done soon the maps will become a public disgrace, and much criticism will fall upon the City for allowing them to deteriorate.

For Sarches I ask no increase.

For Supplies and Contingencies I ask the sum of \$3,000. Owing to the backward condition of the work in this office, many demands are made upon it which cannot be foretold by estimates through the CTTY RECORD or the Superintendent of Public Buildings and Offices.

I ask for a special appropriation of \$70,000 for Purchasing and Repairing Typewriters, and Supplying the Necessary Furniture Connected Therewith. Appropriation was made during the current year of \$7,500 for the purchase of typewriter machines, but this was entirely insufficient for the purpose of the office. The great increase

Yours very truly,
ALFRED J. BOULTON, Register.

## DISTRICT ATTORNEY, KINGS COUNTY.

District Attorney's Office, Kings County, Brooklyn, New York City, August 20, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In conformity with section 326 of the Greater New York Charter, as amended, and in compliance with circular letter of Joseph Haag, Secretary of the Board of Estimate and Apoprtionment, dated June 11, 1906, I have the honor to submit a departmental estimate of the amount required for expenditure in the office of the District Attorney of Kings County for the year 1907.

Very respectfully,
JOHN F. CLARKE, District Attorney, Kings County.

#### DISTRICT ATTORNEY, RICHMOND COUNTY.

District Attorney's Office, Richmond County, New Brighton, N. Y., August 11, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-In compliance with circular letter of June 11, 1906, I herewith inclose departmental estimate for the office of District Attorney of Richmond County for the year 1907.

Yours respectfully, JOHN J. KENNEY, District Attorney, Richmond County, New York.

## Salary Account

Total salaries paid July 1, 1906, as below	
Increase	\$3,000 00

## Employees chargeable to the above appropriation:

No.	Salary Paid I July 1, 1906.	Proposed Salary for 1907.	Lacrease.
1 District Attorney	\$4,000 00	\$4,000 00	
r Assistant District Attorney		2,500 00	\$2,500 00
1 Stenographer	1,000 00	1,500 00	500 00
1 Subpoena Server	1,000 00	1,000 00	
4	\$6,000 00	\$9,000 00	\$3,000 00

The appointment of an Assistant District Attorney has been authorized, pursuant to law, by the Board of Aldermen, and after investigation by the Comptroller he has recommended that the salary be fixed at \$2,500.

In the appropriation made October 31, 1905, for the Budget of 1906, an amount was allowed, at my request, to pay the Stenographer \$1,500 per annum. Through failure of the passage of resolution fixing the salary of the Stenographer at said sum of \$1,500, and which is now pending, he has not yet received that amount, and I ask that the same appropriation be made in the Budget for 1907 and that resolution fixing salary shall be favorably acted upon.

## Recapitulation.

Summary of Appropriations for District Attorney, Richmond County.

Title of Appropriation.	Appropriation for 1906 Allowed by Board of Esti- mate and Apportionment October 31, 1905.	of Estir	d by Board nate and ionment.	Total Appropriation for 1906.	Amount Asked for the Year 1907.	Increase.	Decrease.
Salary Account Witness Fees and Contingencies	\$6,500 00	Dr.	Cr.	\$6,500 00 1,000 00	\$9,000 00	\$2,500 00	
Total	\$7,500 00			\$7,500 00	\$10,900 00	\$3,400 00	

The account of Witness Fees and Contingencies for the year 1905 was increased by transfers of the Board of Estimate and Apportionment \$882, making total amount of this appropriation for the year 1905 \$1,882.

Total appropriations for 1906	\$7,500 00 10,900 00
Increase	\$3,400 00

I am unable to determine at this time whether any part of the appropriations for 1906 will remain unexpended.

#### SHERIFF'S OFFICE, NEW YORK COUNTY.

Sheriff's Office, New York County, Barclay Building, No. 299 Broadway. New York, August 15, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Of the \$3,470 increase asked for in the appropriation for 1907, Salaries—Sheriff's Office, \$2,400 is for two additional prison guards in the Criminal Courts Building, Centre street. During the past six months I was several times required to detail one to five Deputy Sheriffs—and to that extent crippling my office staff—to the General Sessions Court and the Criminal Branch of the Supreme Court. to act as prison guards in handling prisoners between the Tombs and the various court rooms, the District Attorney's offices and the transportation of convicts to the various penal institutions. By this reduction in the number of available Deputy Sheriffs in the main office much delay was caused in the execution of processes. Two additional prison guards are needed and should be allowed in the interest of prompt and efficient service in the courts and in the main office.

The increase from \$840 to \$1,000 for the two van drivers is strongly 'ecommended, because both, when not on the prison van, act as prison guards and perform like services.

I strongly urge favorable action upon the increase of \$500 to the Cashier, who is most capable and efficient. Nearly half a million dollars passes yearly through his

hands, a sum greater than that received and disbursed in any office, excepting the City Chamberlain, and for such responsible work the present salary of \$2,000 is grossly inadequate and unfair, particularly when compared with like positions in departments where fees are collected and in bulk turned into the City Treasury. The cashiers in these offices draw from \$2,400 to \$3,000 per annum, and have never been considered overpaid for their services and responsibilities.

An increase of \$200 for each of the eleven keepers in the county jail is asked for. I am favorably inclined towards this advance for the reasons assigned by them—that they receive less yearly compensation than men similarly employed in the institutions under prison rule; that they work every day in the year, including Sundays and holidays, and during six months of the year at night; that in addition to a salary of \$1,200 in the Department of Correction the keepers receive board and lodging.

I recommend the advance of \$200 to the Engineer on his claim that that amount is saved yearly to the City by his extra work as plumber and steam and gasfitter, and that his salary will then be in accord with the "prevailing rate of wages" law.

The increases to the Jury Clerk and the Clerk of the Jail are merited by years of faithful service.

For the Budget of 1905 my predecessor asked for an increase in the appropriation for "Incidental Expenses, etc.," from \$2,750 to \$5,000, to cover the introduction of and extension of the telephone switchboard system, the increased cost of transportation of prisoners, the purchase of supplies and for alterations and repairs theretofore furnished by the Bureau of Public Buildings and Offices. He was allowed an advance of only \$750, while the necessary expenditures for that year were slightly over \$4,000, covered by transfers from his other appropriations authorized by your Honorable Board. I am firmly convinced that not less than \$4,000 will be required for the coming year, and that, too, with the most conservative and ec

Very respectfully, NICHOLAS J. HAYES, Sheriff.

SHERIFF'S OFFICE, KINGS COUNTY.

Office of the Sheriff of Kings County, Court House, Borough of Brooklyn, August 14, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I respectfully submit an estimate of the amount of money which I deem to be necessary for the proper and efficient management of this Department for the year of 1907.

Very respectfully,
MICHAEL J. FLAHERTY,
Shariff, Kings Cour Sheriff, Kings County. Office of the Sheriff of Kings County, Court House, Borough of Brooklyn. August 14, 1906.

Hon. GEO. B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

Dear Sir—In explanation of my request for an extra allowance for 1907 for salaries, I beg leave to state that the services of a confidential stenographer are needed for this office, in view of the large amount of correspondence that I have.

The services of a cashier I also deem to be necessary. Large sums of money come to this office, and I am of the opinion that they should be handled by a cashier who would be personally responsible to me.

I believe that the force of Cleaners at the Kings County Jail should be increased from three to nine, to the end that the jail may be kept in proper condition, and by employees who would be directly responsible to me.

Yours respectfully,

MICHAEL J. FLAHERTY,

Sheriff, Kings County.

Allowed for 1906. Estimate for 1907.	\$20,035 00 21,895 00
Increase	\$1,860 00

The sums estimated for 1907 as above set forth will, in my opinion, be necessary for the proper performance of the duties of this office.

All of which is respectfully submitted.

CHAS. J. McCORMACK, Sheriff of Richmond County.

#### COUNTY CLERK'S OFFICE, NEW YORK COUNTY.

County Clerk's Office, County of New York, New County Court House, New York, August 20, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In pursuance with request per your favor of June 15, I beg leave to submit the following important requirements for the prosecution of the business of this office:
First—The creation of additional titles.

#### Two Assistant Certificate Clerks.

The creation of these positions is not only essential but an absolute necessity, inasmuch as it is a physical impossibility for one Certificate Clerk to perform the manifold duties, including the certification of notaries public and commissioners of deeds and the reception of papers for filing and recording. At present the conduct of the business of the desk demands the detail of clerks engaged in the performance of duties of lesser import import.

Two additional Docket Clerks are needed for the docketing of judgment rolls and transcripts from other courts, which are filed daily in large numbers and which will be recognized when the number of courts, including City and Municipal, are considered. The issuance of transcript certificates of satisfaction forms a large part of the work devolving upon these clerks. Messengers.

The service of at least five additional Messengers is needed. The time of at least three Messengers will be fully occupied in procuring papers, orders, decisions, etc., from

the several parts of the Supreme Court on requisitions of attorneys; also the return of same and other matters of Court business. Two Messengers are required for the production of papers on subpoenas before courts and referees and the safe return to the files of this office. When not so employed, they will be assigned to the duty of filling requisitions of attorneys for papers required for use in office.

#### Recording Clerks.

Five Recording Clerks are needed for the purpose of keeping up the records as nearly to date as possible for the convenience of the Bar and the public. With present force of Recording Clerks the work must run behind daily, thus involving much inconvenience to those who desire to examine same.

Second—Change of titles.

I would suggest that all custodians in this office be designated as such with any additional specifications.

Third—Salaries.

That the salaries of the foregoing additional positions be fixed as follows:

Assistant Certificate Clerks	\$1,500 00
Docket Clerks	1,500 00
Recording Clerks	1,500 00
Messengers	1,200 00

All of which is respectfully submitted.

Yours truly,

PETER J. DOOLING, Clerk of the County of New York.

\$18.800 00

County Clerk's Office, New York County, New York, August 15, 1906.

Hon. GEO. B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment: Dear Sir—I have the honor to herewith transmit the following estimate for the County Clerk's office for the year 1907:

## Recapitulation.

Total Total	appropriations appropriations	for 1906	\$124,005 00 146,230 00
	Increase.		\$22,225 00

The several increases, increasing the salary list on July 1, 1906, were made prior to December 31, 1905, by and with the approval of the State Civil Service Commission. The additional Clerks, Messengers and Custodians asked for are absolutely necessary, as will more fully appear by the communication hereto annexed, and the increase of \$1,000 for Supplies and Contingencies is also required, as it is impossible to keep within the appropriation, and I will have to ask your Honorable Board to transfer at least three hundred dollars (\$300) this year to make up a deficiency.

I would further say that the increase from \$2,000 to \$2,500 per year in the salary of the Clerks of the Court of Common Pleas and Superior Court Records is asked for the reason that the salaries were \$2,500 per annum from June, 1896, until April, 1902, and, I believe, were illegally reduced, and therefore ask that they be

fixed at the former amount. At this time I am unable to state the amount which will remain unexpended at the end of 1906 of the appropriation made for that year.

Respectfully submitted,
PETER J. DOOLING, County Clerk.

## COUNTY CLERK'S OFFICE, KINGS COUNTY.

County Clerk's Office, County of Kings, Hall of Records, Brooklyn, N. Y., August 8, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I beg leave herewith to transmit to you the Budget for the year 1907 for this Department.

The amount asked for is in most respects similar to the amount allowed during the current year. There is an increase in the salaries of Clerks as per chapter 566 of

the Laws of 1906; also an appropriation of \$15,000, which is required to complete the work of moving and sorting various records and books on file in this office, and of removing records from the County Court House to the office of the County Clerk, and an increase of \$500 in the amount allowed for supplies and contingencies.

Yours very respectfully, CHAS. T. HARTZHEIM, Clerk, Kings County.

	Allowed for 1906.	Required for 1907.
Salaries Recopying and reindexing mutilated and worn out judgment	\$60,200 00	\$62,600 00
rolls, etc	13,000 00	13,000 00
Remounting maps	2,500 00	2,500 00
Fees to Searchers	2,000 00	2,000 00
For moving and sorting various records and books on file	1,000 00	1,500 00
in the County Clerk's office, Hall of Records, Brooklyn, N. Y.; also to remove records from the County Court		
House to the office of the County Clerk	*******	15,000 00
	\$78,700 00	\$96,600 00

The reason for asking for an increase in the appropriation for the payment of salaries is that by the Laws of 1906, chapter 566, the salaries of Clerks were increased to the amount of \$1,400 per year, and one Assistant Chief of Old Records was appointed, salary \$1,000 per year, making an increase of \$2,400.

## COUNTY CLERK'S OFFICE, QUEENS COUNTY.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I, David L. Van Nostrand, Clerk of the County of Queens, in compliance with your notice under date June 16, 1906, respectfully submit the following estimates of the sums of money which will be required to defray the expenses of the office of the County Clerk of Queens County, properly chargeable against the County of Queens for the year 1007. for the year 1907:

	Allowed for 1906.	Asked for 1907.
For the payment of fees of the County Clerk and disbursements of the County Clerk properly chargeable against the County of Queens	I will be	\$12,000 00
For repairing and rebinding all books of public record in the office of the County Clerk of Queens County, pursuant to the County Law, section 230, subdivision G, and		<b>V12,000 00</b>
section 161		1,000 00

Asked for Allowed for

For transcribing in new books, deeds, mortgages, lis pendens, judgments, wills, and other instruments mentioned in my requisition of 1905, and for indices of the same mentioned in said requisition, which has been condemned and ordered recopied and preserved, pursuant to chapter 518 of the Laws of 1901, and amended by chapter 435 of the Laws of 1904, and for transcribing books of the same class which have become so dilapidated, torn and loose in the bindings as to be in danger of being lost and destroyed, but which the Commission have not yet condemned condemned ...

\$10,000 00 \$25,000 00

The reason for asking for an increase in the appropriation in the payment of legal fees is that \$5,000, the amount allowed for 1906, is entirely insufficient for the payment of the legal fees properly chargeable to the County. The legal fees chargeable against the County of Queens for the first six months of the year 1906 is \$5,000. In other words, the amount allowed for 1906 has been found to be sufficient only to pay the legal fees for the first six months of the year 1906.

The largely increased amount of business transacted in this office calls for the increase in this appropriation. The reason for asking for \$1,000 for repairing and rebinding books under the County Law is that many of the books can be saved by proper attention and timely repair and rebinding, and that was the course uniformly pursued by the Clerk of Queens County prior to consolidation, and the Board of Supervisors of the County of Queens made a sufficient appropriation to cover these expenses. If not repaired when they begin to break and loosen in the bindings these books by constant use deteriorate and become dilapidated beyond usefulness. This appropriation is asked on the ground of economy. The City heretofore has disallowed all claims of the Clerk for expenses incurred in this kind of work, and has uniformly ruled that only charges for recopying could be properly paid out of the appropriation made for that specific purpose, under chapter 518 of the Laws of 1901.

There is no other fund out of which the expenses for repairing and rebinding can be paid, and I submit that a fund can properly and legally be granted under the provision of the County Law above referred to, and the advantage to the City and County is obvious.

The reconvinue of condemned records has been continued and much work has been

The recopying of condemned records has been continued and much work has been done during the past year, but much more work still remains to be done to complete the recopying of the books already condemned, and as many more books as were condemned in the report of the Commissioners heretofore filed and mentioned in my requisition of 1905 are now dilapidated, torn, loose in the bindings and are in danger of being lost. The public interest requires that these books shall be speedily recopied and preserved.

No books have been copied during the past year except those mentioned in the schedule of condemned books annexed to and forming part of my requisition of the year 1905. Many of the books, not included in that estimate, by constant use, are becoming dilapidated as above referred to, and I urge upon the Board the advisability of making a sufficient appropriation to complete the work of recopying of the books mentioned in this schedule and the other books which now require recopying, but which are

not mentioned in that schedule. Dated August 14, 1906.

D. L. VAN NOSTRAND, County Clerk, Queens County.

#### COUNTY CLERK'S OFFICE, RICHMOND COUNTY.

County Clerk's Office, Richmond County, Richmond, N. Y., August 15, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-Inclosed please find four copies of departmental estimate for this office for the year 1907.

Yours respectfully, C. LIVINGSTON BOSTWICK, County Clerk.

#### COMMISSIONER OF RECORDS, COUNTY OF NEW YORK.

New York, September 7, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I submit to the Board of Estimate and Apportionment, herewith, the estimate for the Department of the County Government of which the Commissioner of Records of the County of New York is the head, for the year 1907, in accordance with the provisions of chapter 661 of the Laws of 1906, and in compliance with the direction contained in section 226 of chapter 466, Laws of 1901.

As the head of a new department of the County Government, having the duty to direct the performance of a most important public service, I think it proper, in presenting my estimate to your Board, to submit with it, for your information, a statement relative to the character, necessity and extent of the work I am to do; which is similar to that imposed upon the Commissioner of Records of the County of Kings, so far as relates to the office of the Clerk of the County of New York.

The statute creating the office of Commissioner of Records of the County of New

The statute creating the office of Commissioner of Records of the County of New

York directs that:
Section 1. The records, documents, books, maps and papers, deposited or filed in the office of the clerk of the county of New York, shall be collated, arranged, repaired or restored and properly indexed, as may be required for their better reference, use and

preservation, \* \* \* and, Sec. 2. It shall be the duty of said commissioner of records to examine into the Sec. 2. It shall be the duty of said commissioner of records to examine into the arrangement and condition of the records, documents, books, maps and papers, deposited or filed in the office of the clerk of the county of New York, and as to the condition and sufficiency of the indices of such records, documents, books, maps and papers, and to do or cause to be done, as he may determine and direct, whatever may be necessary to provide for the restoration, preservation and convenient reference to and such examination and use of such records, documents, books, maps, papers and indices, as the public interest may require and to cause copies thereof to be made whenever by reason of age, use, exposure or any casualty, such copies shall in his judgment be necessary. Whenever such a copy is made, and after it has been compared with the original, it shall be certified by said commissioner, and shall thereafter be considered and accepted as evicertified by said commissioner, and shall thereafter be considered and accepted as evidence and for all other purposes, the same as the original would be, provided that the original shall be placed in a suitable inclosure by said commissioner and preserved, properly indorsed and indexed, for such examination as may be directed by an order of court in any proceeding in which the accuracy of the copy is questioned.

Of these records, books, maps and papers, there are several hundred kinds, comprising many thousand separate documents or papers: a large portion of which are free

Of these records, books, maps and papers; there are several number of kinds, comprising many thousand separate documents or papers; a large portion of which are frequently examined or referred to, and some of which are in such demand that persons desiring access to them are obliged to wait their turn to examine them.

As directed by law, as above quoted, I have examined into the arrangement and condition of these records, books, maps and papers, and I find both their arrangement and their condition to be deplorable.

Affecting as they do interests relating to the rights of persons and property and

Affecting, as they do, interests relating to the rights of persons and property, and having, as many of them have, great historical value, more important in both of those respects than all the records of similar character in all the other counties of the State, respects than all the records of similar character in all the other counties of the State, it is a fact that they are in a worse condition, as to reference and use, and as to preservation, than any of the public records of any other county.

The condition of a major part of these records is that of absolute neglect. In the absence of any protection, for a large number, from destruction by fire, while in danger from flaring gas jets, their preservation is constantly imperilled. This danger from fire is very great and should receive immediate attention.

The greater part of these records are stored in the cellar and in the attic of the County Court House, on rough unpainted shelves or in hims or boxes, unprotected from

County Court House, on rough unpainted shelves or in bins or boxes, unprotected from dust, difficult of access and without any convenient arrangements for handling or examining them. These storage places are insufficiently lighted, artificial light being necessary at all times. In the cellar this is obtained from unprotected gas jets, flaring in the drafts of air, in close proximity to the shelves. In one case I found a gas jet so close to the papers on the shelves that the wood and the paper were hot. But the greatest danger is, perhaps, from the matches that are used to light the gas. That these records have not been burned is probably due to the fact that those having charge of them, realizing the danger, have used every precaution possible under the conditions realizing the danger, have used every precaution possible under the conditions.

realizing the danger, have used every precaution possible under the conditions.

As to reference and use:

Some of the records are so disarranged or mislaid that it is always difficult, and sometimes impossible, to find required papers; thus causing much inconvenience and frequently serious loss and damage.

A large proportion of the records are not bound, or properly arranged for easy reference, being tied in bundles, some of which are difficult to find.

Some of the records are not (and never have been) indexed.

Many of the indices are old and inadequate for the use for which they are intended, and none of them are of the most modern and approved kind, such as are in use in Kings County and elsewhere in the State.

Papers in the same proceeding are separately filed and separately indexed, making examination difficult and tedious, instead of being together as they are kept in other counties.

As to preservation:

The greater part of all the bound volumes should be rebound, or repaired where that will answer the purpose.

All records frequently referred to should be bound, for their better preservation as well as for convenience of reference.

Many of the older records are falling to pieces. Parts of some are gone past recovery. It frequently happens that fragments, parts of pages and sometimes entire pages are found on the floors of the record rooms. Very often it is not possible to tell where they come from. Many such fragments have been preserved by the clerks, awaiting the discovery of the volume or package to which they belong. But a great number, including many small pieces from the corners or edges of papers, have been swept away and lost.

This work of disintegration and decay is gradual, but constant, and every prac-

This work of disintegration and decay is gradual, but constant, and every practicable means to prevent or minimize it should be taken.

Many of the older volumes have fallen apart and are in the condition of loose and

detached papers, sandwiched between old boards that formerly formed books.

Among the old records, in bound volumes, I have examined some dating as far back

In the cellar of the County Court House there are "rolls" of great historical interest They are mainly enrolled decrees of the Supreme Court of Judicature and contain a vast deal of information about the history of old New York families and about titles to land, not only in The City of New York, but also in adjoining counties and even in neighboring States.

neighboring States.

At present they are practically inaccessible. There are thousands of them thrown together and heaped up in a miscellaneous and indistinguishable mass.

Prof. H. L. Osgood, of Columbia University, in the Report of the Public Archives Commission, 1900, Volume II., page 204 (published by the Smithsonian Institute, Washington, D. C.), says concerning these rolls:

"In an alcove in one of the rooms of the basement is a large mass of original records of the Supreme Court in the eighteenth century. They appear to consist almost wholly of judgments, pleas and recognizances. Some extracts of fines appear, but in limited numbers. These records are beautifully written on parchment, and form, in the technical sense, rolls. The entries in them also refer to business of the entire province. They are loosely tied in bundles, briefly labelled, and thrust indiscriminately into this alcove, where they have lain unnoticed and uncared for till the dust which has accumulated upon them has become so thick as to repel any but the most persistent inquirer."

These rolls would be frequently referred to if they were in an accessible condition. They should be arranged by years and properly indexed; and suitable provision should be made for their preservation, as well as for the preservation of the many other old records, of legal importance or historical value, which are now in a condition of neglect

and in process of destruction.

In this cellar are many bundles and loose papers, without arrangement or possibility of reference, now practically useless refuse; and yet, having among them papers that were and probably are still of value. An examination and arrangement of them will presumably discover important documents now regarded as lost. In any case they are a part of the county records and should be cared for.

Serious and constantly recurring injury to the records and indices results from

Serious and constantly recurring injury to the records and indices results from their being made wet by water dropping upon them from hats of searchers, or from contact with wet overcoats or umbrellas laid upon the tables by persons making exam-

This happens continually during the winter months when snow is carried upon hats and coats into the record rooms, where it rapidly melts, and in rainy weather at all

This frequent wetting softens the paper, which is then easily torn, and blurs the

Wherever public records are kept there should be places where hats, overcoats and umbrellas could be left and cared for, and they should not be allowed to be taken in

The County Clerk and his subordinates are not responsible for the bad conditions

Not excepting those who are obliged to examine the records, there are none who deplore those conditions more, or who are more anxious to see them remedied than the officials in the County Clerk's office. They suffer from them most. Their work is made very difficult and disagreeable by the bad conditions which they have endeavored to remedy

deavored to remedy.

These conditions have existed and become steadily worse for years. They have been causes of continual complaint from all who have had business in the County Clerk's office.

More than anything clse they caused the movement among the lawyers of this city which resulted in the building of the Hall of Records. And the completion of that building is looked forward to by members of the Bar and other citizens in the expectation that these records will be, at least, properly arranged in an accessible manner and safeguarded from danger from fire.

The bad condition in which these records are kept in the County of New York is

The bad condition in which these records are kept in the County of New York is made more apparent by contrast with the excellent condition of similar records in the County of Kings.

There all the county records are suitably filed in steel file cases or safes, lit by electric lights and otherwise protected against fire. The space allotted to them is ample. They are arranged and indexed in the most approved manner, and all possible means have been employed to insure their preservation.

All that has been done in these regards as to the records in Kings County is equally necessary to be done in New York County. The difference between those counties is that in New York County the records are much more in number, of greater historical value and affect vastly larger personal and property interests.

The records in Kings County are in such admirable condition because they have been cared for under Commissioners of Records who were furnished with means to do the work intrusted to them.

do the work intrusted to them.

In carrying out the directions of the Statute creating the Commissioner of Records of the County of New York, it is my purpose to do, and as soon as possible complete, the work necessary to place the records in the office of the Clerk of the County of New York in as good a condition, in all respects, as similar records are now kept in

The rapidity with which the work may be done will necessarily depend upon the means I have to do it with. It can be done in less time and more economically, as to total cost, and be better done, by a considerable number of competent clerks, bookbinders, etc., than by a small force. It would not only take a much longer time for a small force to effect appreciable results, but the fixed expenses would be proportion-

ately greater.

I have asked for an appropriation sufficient for the number of Clerks and others

I can employ to advantage.

I am now engaged in such preparation as I can make, in advance, for the work to be done, so that I will be able to begin effective operations without delay as soon as I can have the required assistants. These assistants must be persons having experience and ability qualifying them for the service, and they will be carefully selected by

As to the work required to be done:

It will be necessary to make an examination of all the records, documents, books, maps and papers in detail, for the purpose of effecting a better arrangement, and in order to determine what is required to be done for their better reference, use and preservation.

Such examination will begin with the records most constantly in use; and the work of collating, arranging, repairing and restoring, copying and reindexing should begin with the examination and go along with it as rapidly as possible.

During the examination disarranged or mislaid papers will be found and returned to their proper places, and fragments or stray parts of old records will be restored and properly sequence.

to their proper places, and fragments or stray parts of old records will be restored and properly secured.

As far as practicable, all the papers in any proceeding will be brought together and so filed and indexed as to simplify the process of finding and examining them.

So far as possible, papers most frequently in use will be bound flat; that being the most convenient form for examination and the best for preservation. Papers folded and tied in bundles are soon torn or defaced if much handled, and they are liable to be misplaced or lost, or, as sometimes happens, stolen.

Some of the loose papers are now in such a condition of partial destruction that their complete restoration is impossible, except where copies can be supplied from the "Chancery" and "Clerk's Minutes," involving much labor.

As soon as it can be done, and as far as practicable, unbound maps, judgment rolls and other records, involving title to real property, will be bound in some permanent form.

All records of the same kind or character, now partly bound, will be uniformly bound. Some such records are now partly bound and partly unbound, the result of different systems, or lack of appropriation for binding, under various administrations.

Records of judgments will be recopied where necessary. And some of the lis pendens should be recopied. There is a difference in the method of filing certain of the lis pendens which should be corrected.

As far as possible, old, torn or mutilated papers will be restored or repaired; and where it is deemed necessary or advisable for their better preservation, they will be recopied as the law directs.

An examination, rearrangement and renewal of the indices will be made in co-tion with the work of examination, rearrangement and preservation of the records, documents, books, maps and papers; for some of which, not now indexed, indices must

Eventually, as the work proceeds, there will be established a complete and uniform system of indices of the most modern and improved kind, similar to those now in use in Kings County.

This must be done to comply with the law, which directs the doing of whatever may be necessary to provide for "convenient reference to, and such examination and use of such records, documents, books, maps, papers and indices as the public interest may require"

Systematical arrangement will effect a saving in time and effort of the officials as well as of the public, that will more than compensate for the cost of the work necessary to be done, and it will secure the preservation of the records.

Respectfully submitted, WILLIAM S. ANDREWS, Commissioner of Records of the County of New York.

## STENOGRAPHER TO GRAND JURY, KINGS COUNTY.

District Attorney's Office, Kings County, Brooklyn, New York City, August 20, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In conformity with section 326 of the Greater New York Charter, as amended, and in compliance with circular letter of Joseph Haag, Secretary of the Board of Estimate and Apportionment, dated June 11, 1906, I have the honor to submit a departmental estimate of the amount required for Stenographer to the Grand Jury, Kings County.

Very respectfully, RUTH HOWELL, Stenographer, Grand Jury, Kings County.

Departmental Estimate for 1907.

Estimate for 1907.... 4,000 00

Employees chargeable to above appropriation:

One Stenographer, paid by fees and per diem fixed by statute, amounting to about

\$4,000 per annum.

It is impossible to state the exact amount for this Department, as the incumbent is paid per folio and per diem, according to the time the Grand Jury is in actual session.

## GENERAL INTERPRETERS.

Brooklyn, August 15, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I, Charles W. N. Akberg, hereby respectfully request that the sum of fifteen hundred dollars be appropriated by your honorable body for the payment of my salary as one of the General Interpreters of the Swedish, Norwegian and Danish languages for the several local inferior courts of civil and criminal jurisdiction, in the Borough of Brooklyn, Second Division, City of New York, for the year 1907. The amount heretofore appropriated for that purpose was twelve hundred dollars a year,

and an increase of three hundred dollars per annum is asked for the reason that some of the General Interpreters appointed for this borough and other Interpreters performing like duties in other courts are now and have for some time been receiving the sum of fifteen hundred dollars per annum. The duties performed by the latter are of the same nature, and in many cases in the same courts, as performed by me, and I would therefore ask that an equalization be had and my salary fixed at said sum of fifteen hundred dollars per annum. I am advised that the Board of City Magistrates of the Second Division of The City of New York have by resolution approved an increase to such Interpreters as receive the sum of twelve hundred dollars per annum, and I trust same will be allowed by your body.

\$1,200 00 1,500 00 \$300 00

Respectfully submitted,

CHAS. W. N. AKBERG.

Appointed by resolution of the Common Council of the former City of Brooklyn, November 14, 1881, pursuant to chapter 623 of the Laws of 1875, and apportioned and assigned to perform the same services in the same Courts in the Borough of Brooklyn, by resolution of the Mayor of the former City of Brooklyn, pursuant to sections 1373 and 1536 of the Charter of the Greater City, which appears in the City Record of January 14, 1898, page 184.

Brooklyn, August 15, 1006.

Hon. GEO. B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

Dear Sir—I, Anton Braun, hereby respectfully request that the sum of fifteen hundred dollars be appropriated by your Honorable Body for the payment of my salary as one of the General Interpreters of the German language for the several local inferior courts of civil and criminal jurisdiction in the Borough of Brooklyn, Second Division, City of New York, for the year 1907.

Respectfully submitted,

ANTON BRAUN.

#### ART COMMISSION.

New York, August 10, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accord with the resolution adopted by the Board of Estimate and Apportionment, I have been authorized by the Art Commission to submit the following estimate of expenditures for the year 1907. The appropriations for the year 1906 are given in parallel column.

	Estimates for 1907.	Appropriated for 1906.	Increase.
Incidental expenses, including supplies, prints, maps, books, telephone, postage, expressage, office equipment, traveling and other necessary expenses	\$3,400 00	\$3,550 00	
Salary of Assistant Secretary	3,000 00	3,000 00	
Salary of Stenographer	1,200 00	1,050 00	
	\$7,600 00	\$7,600 00	

As you will see, the two changes made in the estimate for 1907, as compared with the appropriation for 1906, are a decrease of \$150 in the item for incidental expenses, etc., and a corresponding increase in the salary of the Stenographer; but the total amount asked for remains the same.

The Art Commission considers the increase in the salary of Miss Alice S. Clark, the present Stenographer, as wise and worthy in every way. Miss Clark has occupied her present position for very nearly four years and has become thoroughly conversant with the work and procedure of the Commission. Her duties have increased very materially during the past year, as the number of matters submitted for consideration by the Commission has been fifty per cent. larger during the first eight months of 1906 than during the same period for 1905. She has handled all of the stenographic work of the Commission, and thereby will enable the Commission to reduce the amount needed for incidental expenditures and to increase her salary without asking for an increase in the Budget.

Although there will remain no material balance unexpended at the end of the current year, it is possible that the amount, \$7,600, may prove insufficient, especially if the work of the Commission continues to increase as rapidly as it has during the past year, but it has not been considered necessary to ask for an increased appropriation at this time.

Yours very truly,

Yours very truly,

A. AUGUSTUS HEALY.

Vice-President and Acting President.

Allowed for 1906 Estimate for 1907	\$4,050 00 4,200 00
Increase!	\$150 00

	Salary Authorized, 1906.	Proposed Salary, 1907.	Increase.

## MEMORIAL COMMITTEE, G. A. R.

Memorial Committee, Grand Army of the Republic, Headquarters, Room 3, City Hall, New York, August 22, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Memorial Committee of the Grand Army of the Republic of The City of New York, Borough of Manhattan, respectfully petitions your Honorable Board for an apportionment of \$2,500 to defray the expenses incident to the observance of Memorial Day, May 30, 1907.

Respectfully yours,

GEO. B. LOUD, Chairman.

Edward J. Atkinson, Secretary.

## MEMORIAL COMMITTEE, ARMY AND NAVY UNION.

Memorial Committee, Army and Navy Union, No. 641 Washington Street, New York, September 10, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Memorial Committee of the Army and Navy Union of The City of New York, under chapter 360 of the Laws of 1906, respectfully petition the Board of Estimate and Apportionment for the sum of seven hundred dollars (\$700), to be expended by it in the various boroughs of Greater New York for the proper observance

of Memorial Day, 1907.

Your attention is respectfully directed to the returns of the Memorial Committee during the year 1906, which showed an expenditure, attested by the required vouchers, of seven hundred fifty-nine dollars (\$759).

Respectfully yours,

JAMES S. LONG, Department Commander.

#### MEMORIAL COMMITTEE, UNITED SPANISH WAR VETERANS.

Memorial Committee, United Spanish War Veterans, No. 45 Broadway, New York, September 10, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Memorial Committee of the United Spanish War Veterans of The City of New York, under chapter 360 of the Laws of 1906, respectfully petition the Board of Estimate and Apportionment for the sum of fifteen hundred dollars (\$1,500), to be expended by it in the various boroughs of Greater New York for the proper ob-

servance of Memorial Day, 1907.

Your attention is respectfully directed to the returns of the Memorial Committee during the year 1906, were much less than the actual amount of money expended

for this purpose.

Respectfully yours, FRANK KECK, Department Commander.

#### BROOKLYN DISCIPLINARY TRAINING SCHOOL FOR BOYS.

Brooklyn Disciplinary Training School for Boys, Eighteenth Avenue, between Fifty-sixth and Fifty-eighth Streets. Borough of Brooklyn, N. Y., August 15, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We herewith respectfully submit the following as our Departmental Estimate for the year 1907. This is a conservative statement of the several amounts necessary for the maintenance and support of this institution. We trust the same will receive more favorable consideration than those we presented to your Honorable Board of Estimate and Apportionment during the past three years.

The sum of \$48,000 is found absolutely insufficient to maintain the various departments in the present high standard of efficiency attained in our schools, trade shops and general discipline. In reviewing the movement of our juvenile population during the past year, from July 1, 1905, to June 30, 1906, we respectfully submit, that on July 1, 1905, our population was 273. To June 30, 1906, we received from the Children's Courts of Kings and Queens Counties for crimes other than a felony, 235 boys, making a total cared for during the year of 508. We discharged during that period 227 boys, and there remained in the institution at the time of this report, 281. Further review of the past six months, which we submit as an estimate for the current year 1906, showing a tendency to a large increase during the last half of this year, is deserving of consideration.

year, is deserving of consideration.

On January 1, 1906, we reduced the population to 257 boys, and during the following six months, ending June 30, we received from the Children's Courts of Kings and Queens Counties, 132. Thus, during this short period it will be seen that we have cared for 389 boys, from which number we discharged 113, leaving a population to be cared for on June 30, 1906, of 276 boys, which is increased to 281 at the date of this estimate.

date of this estimate.

Hence it is fair to assume that provisions should be made for a population averaging the full limit of the institution for the year 1907, which is regulated and certified by the Board of Health at 312 boys, a number never reached at any one time during the life of the institution, and while adverse criticism on the age and dilapidation of one of the buildings has been made, it can be stated with pardonable pride that adverse criticism has never been made of the management by any one of the fifty-two grand juries, the judiciary, civic, military, educational and charitable organizations who have visited the institution during the past six years of our administration.

The following financial statement of the annual per capita costs, as reduced, is respectfully submitted for comparison.

	1901.	1902.	1903.	1904.	1905.	1906.
Per capita	\$250 00	\$217 00	\$198 45	\$192 04	\$198 82	*\$193 00
Progress in population.	165	205	241	275	• 268	275
Discharged	46	100	114	96	179	*250
Annual expenditure	\$41,429 00	\$44,650 00	\$48,000 00	\$52.873 00	\$53,289 00	

\* Estimated one year.

The foregoing statement clearly demonstrates the impossibility of maintaining our constantly increasing population on the sum granted by your Honorable Board, and has compelled us, during the past year, to petition for a sum in addition to the amount of \$48,000 on account of the increase in population. It will be noted that the per capita cost has been reduced till it has reached a sum lower than any other institution under State or City control, in proof of which we take the liberty of quoting from the annual report of 1906, of the State Fiscal Supervisor of State Charities.

The State Industrial School, at Rochester, with a population of 609, has an annual per capita expense of \$256.97. The House of Refuge, with an average annual population of 703, has an annual per capita cost of \$195.88, and this does not include the sum of \$16,095, which is granted by The City of New York, and the New York State Training School at Hudson, N. Y., with a capacity of 285, shows a net per capita cost per year of \$282.86.

of \$282.86

of \$282.86.

To reform criminal youths is a civic responsibility as defined by the Children's Courts; the old theory—that the punishment should be fitted to the offense—to serve so many years of imprisonment for each grade of crime. The new system adapts the punishment to the offense, with the purpose of keeping the offender from association with hardened criminals; prevention, not punishment, is the trend of scientific penology, which is exercised in the Brooklyn Training School for the Reformation of Boys, between the ages of seven and fourteen.

What higher commendation could be given to our City's administration than the establishing of the Hart's Island Reformatory, for young men between the ages of sixteen and twenty-five, committed for crimes other than a felony, established during the Low administration by Commissioner Hynes, who is now a most active member of our Board of Management. To what higher authority could we refer than to that of Judge Robert J. Wilkin, of the Children's Court, of Brooklyn, author of the bill which established our institution, and from whom we receive the largest number of our commitments, and who is also one of the members of the Hart's Island institution, founded and conducted on the effective plans and principles of reformation established in your Brooklyn school, now in its eleventh year of service to your municipality, and the taxpaying public alike.

paying public alike.

The foregoing inclines us to the belief that we can appeal with new hope to your Honor's administration for a favorable consideration of the necessary improvements and liberal support necessary to meet the constantly increasing demands so often referred to and recommended by visiting Grand Juries in their reports to the Courts, civic and the State Board of Charities. societies and the State Board of Charities.

Respectfully yours, MORRIS ADLER, President.

Ephraim Byk, Secretary.

## SEALERS AND INSPECTORS OF WEIGHTS AND MEASURES.

Bureau of Weights and Measures, New York, June 27, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-By direction of the Secretary of the Board of Estimate and Apportionment, I herewith submit the estimate of the Mayor's Bureau of Weights and Measures for expenses for the year 1907.

This Bureau is doing excellent work in protecting the buying public from fraudulent storekeepers and merchants, as the reports from this Bureau to his Honor the Mayor will show that during the year 1905 the amount of penalties collected on complaints made by Inspectors was approximately \$10,000, which is quite an offset to

the total appropriation; but the work and organization of the Bureau is seriously retarded through lack of proper assistance.

This lack is evident, inasmuch as the ordinance governing same requires that a register of the records of the Bureau shall be kept for public inspection. No provision having been made in the Budget or elsewhere for a sufficient clerical force, the work of the Bureau is seriously hampered, and the situation is only partly met at present by Inspectors assisting in such clerical work, to the neglect of their inspection duties in their several districts.

To properly keep the records of this Bureau and to attend to the many letters and complaints received every day requires the service of a Clerk at \$1,500 per annum. I desire to call your attention to the fact that no provision was made for Clerk hire in the organization of this Bureau, and I trust therefore that your Honorable Board will grant the above request.

Your attention is called to the item of \$1,800 increase asked for. This position is one that is most urgently required in the work of this Bureau; as there are twenty men working throughout the entire City, and the duties of the office keep me constantly engaged therein, I cannot look after Inspectors as I should do, and I desire the assistance of a supervising head of the force, whose duties will be to take charge of the twenty Sealers and Inspectors and supervise their work in the field, verify their reports and see that the duties prescribed by the ordinance are carried out.

The item of \$3,000 increase in the Inspectors' salary is asked for in order to equalize the salary of those doing the same work and performing the same duties. The ordinance adopted March 14, 1904, and under which the Bureau was organized, in part, provides that the duties and powers of the Sealers and Inspectors shall be the same and that their salary shall be \$1,500 per annum. This part of the ordinance has never been acted upon by the Board of Estimate, and the ordinance itself, not carrying any appropriation with it, the salaries of the Inspectors have remained unchanged, and consequently one-half the force receive \$1,500 per annum, while the other half receive but \$1,200 per annum for performing the same duties and sharing the same responsibilities.

I trust this request will meet with your approval, and the same compensation be allowed for the same work and duties.

The contingent fund is placed at \$1,000, which amount is necessary to cover the expense of supplies, postage, car fare and the hiring of a horse and wagon to cart the heavy standards to all the large coal, ice and hay scales in use. These scales have never been properly tested, from the fact that there is no provision made to transfer said tests to the various places intended to be investigated. In the past, when such tests were made the conveying was done at private expense

Numerous requests have come into this office for the inspection of the larger scales, and to show the helplessness of the Bureau there are now stored at the stables of E. J. Chapman of No. 320 East Twenty-eighth street one-half ton of the test weights. Mr. Chapman has several times asked us to remove the same, but at our earnest solicitation he has consented to wait a while longer until we are in a position to help ourselves. The amount of fund allowed last year was \$500, which was entirely expended for new metric standards.

I believe that with the fund asked for the provisions of the ordinance can be carried out in every particular. Therefore I trust your Honorable Board will grant the

Respectfully.

#### UNITED STATES LIFE SAVING CORPS.

United States Volunteer Life Saving Corps, ] Nos. 63 and 65 Park Row, New York, August 14, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Enclosed please find a short report of the work of our organization in The City of New York up to August 1, dating from January 1, of this year. Also our estimate of the amount of money which will be required to carry on our work in The City of New York during the year 1907. JAMES R. HOWE, President.

Edw. C. Brennan, General Superintendent.

Estimate of the amount required for the purposes of the New York City Department of the United States Volunteer Life Saving Corps for the year 1907: 562 50 350 00 750 00 750 00 900 00 Office rent ..... 500 00 500 00

Stationery
Flags for stations and boats
Buttons of officers and members and uniforms of organizers and inspectors
Signs for boats and stations
Medals for heroic rescues from drowning 3,000 00 2,100 00 2,900 00 For services of three instructors in life saving work, at \$800..... 2,400 00

Hon. GEO. B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

Hon. GEO. B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

Dear Sir—In presenting the estimate of the amount required by the United States Volunteer Life Saving Corps for the maintenance of its New York City Department for the year 1907, we beg leave to report the work done by the organization during the first seven months of the year 1906, as follows:

We have equipped our existing stations with life saving supplies and established and equipped many new ones.

Our stations are situated at the ends of piers, at bridges, at yacht clubs, boat clubs, canoe clubs, and at all available and dangerous points along the water front of our City; in addition, we have many stations in houses owned by our organization at various points. We have in all over 500 life saving stations in the City, manned by 3,500 men, volunteers, who spend all their spare time in our service.

Our members have saved upwards of 200 lives since January I. We are teaching swimming free of charge in each one of the public baths of our City, including the interior bath at West Sixtieth street, Manhattan. It is our purpose to expend the money appropriated by the Board of Estimate and Apportionment for our work in 1907 in teaching swimming in each one of the floating and interior plunge baths of the City, to maintain an efficient life saving service throughout the entire City, supplied with boats where needed, and with all necessary life saving appliances, to teach rescuing and resuscitating of the drowning as well as first aid assistance to the injured, and to place life preservers and medicine chests at all places where accidents occur on land and water.

Yours very truly, EDW. C. BRENNAN, General Superintendent.

## VOLUNTEER FIREMEN'S ASSOCIATION.

Borough of Brooklyn, New York, September 1, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—We, the representatives of the Volunteer Firemen's Association of the former towns of Flatbush, New Utrecht, Gravesend and Flatlands, County of Kings, now Borough of Brooklyn, City of New York, do hereby petition your Honorable Board, under the provisions of chapter 569, Laws of 1902, that the sum of five thousand dollars (\$5,000) be placed in the Budget of 1907 now being considered by you, same to be paid as provided by law to the benevolent funds of the above named associations.

Trusting to receive the same consideration as formerly, we are

Respectfully yours,
WM. H. SWARTWOUT,
President, Flatbush Volunteer Firemen's Association.
THOS. J. O'CONNELL,
President, New Utrecht Exempt Firemen's Association.
KENNETH F. SUTHERLAND,
President, Gravesend Volunteer Firemen's Association.
FERDINAND FRISCHKORN,
President, Flatlands Exempt Firemen's Association.

## KINGS COUNTY VOLUNTEER FIREMEN'S ASSOCIATION.

Kings County Volunteer Firemen's Association,
No. 90 Livingston Street,
Brooklyn, N. Y., September 14, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

STATE OF THE

Dear Sir—I respectfully make application for the usual appropriation of \$1,500 for the Kings County Volunteer Firemen's Association, as provided by chapter 658, Laws of 1895.

WM. H. SWARTWOUT, President.

#### MUNICIPAL EXPLOSIVES COMMISSION.

Headquarters Fire Department City of New York, Nos. 157 and 159 East Sixty-seventh Street, Borough of Manhattan, August 16, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I am directed by the Commissioner to transmit herewith estimate of the amount of money that will be required for the expenses of the Municipal Explosives Commission for the year 1907, in accordance with an ordinance adopted by the Board of Aldermen May 13, 1902, and approved by the Mayor May 19, 1902.

#### Respectfully,

#### ALFRED M. DOWNES, Secretary.

Municipal Explosives Commission-Expenses Of.

(Ordinance of the Board of Aldermen adopted May 13, 1902; Approved by the Mayor May 17, 1902.)

Allowed for 1906..... Estimate for 1907..... \$2,280 00 Chargeable to the above appropriations:

Four Commissioners, 104 meetings, at \$10 each per meeting..... \$4,160 00 Stenography, typewriting, etc..... 500 00

\$4,660 00

The Commission find it impossible to do the work coming before them by holding fifty-two meetings a year, and it is proposed to increase the number of meetings to one hundred and four a year. The increase in estimate consists in the compensation for the extra meetings and the increased typewriting thereby occasioned.

The foregoing estimate, amounting to four thousand six hundred and sixty dollars (\$4,660), is adopted as the sum which will be required for the expenses of the Municipal Explosives Commission for the year 1907.

JOHN H. O'BRIEN, Fire Commissioner and Chairman (ex officio).

#### LONG ISLAND HISTORICAL SOCIETY.

Brooklyn, August 3, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In behalf of the Long Island Historical Society, I beg to present the following estimate of expenditures for the year 1907:

This work is under the provisions of chapter 457 of the Laws of 1897, entited "An Act to Authorize the City of Brooklyn to Provide for Collecting and Preserving Materials for the History of Brooklyn," and has been performed under the new charter of The City of New York for the years 1904, 1905 and the current year under the direction of the Long Island Historical Society, which was duly designated to take charge of the

By that act the sum of thirty thousand dollars (\$30,000) was authorized to be appropriated in gross, but not more than six thousand dollars (\$6,000) to be expended in any one year.

For the current year the amount of five thousand dollars (\$5,000) was appropriated

100 00 750 00

750 00

by your Board.

This work is being done under specialists engaged in collecting, translating and collating original historic documents. It is not work by ordinary copyists, but includes the examination and translation as well as the collation of historic documents. By the decision of the Civil Service Commission the employees have been decided to be specialists. All the salaries paid are low. The Long Island Historical Society receives no compensation.

## Title of Appropriation.

Incidental expenses attending the collating, copying, indexing of old records of Kings County by Long Island Historical Society.

## Expenditures for the Year 1906.

For the current year 1906 we have been obliged to cut off important parts of our work because of the lack of appropriation.

The estimate for expenditures for the year 1907 is as follows: Salaries, two Specialists for the year 1907, at \$40 a week each..... \$4,160 00 Stenographer and typewriter.
Sundries, stationery, traveling, etc.
Photographing, binding, cases, etc.
Extra copying work on manuscripts. 150 00 350 00 540 00 800 00

We would specially ask that the appropriation be made, as intended by the statute, six thousand dollars (\$6,000) for the year 1907. With this amount the work could be advanced more quickly and not suspended again and again, as it has been in the last two or three years for lack of funds. We have suspended certain work again

Yours very respectfully,

## HUDSON-FULTON CELEBRATION COMMISSION.

New York, August 28, 1906.

TUNIS G. BERGEN, Chairman.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—The Commissioners of the Sinking Fund, at a meeting held June 20, 1906, authorized a lease by The City of New York of room No. 605 in the Tribune building, corner of Nassau and Spruce streets, Borough of Manhattan, for the use of the Hudson-Fulton Celebration Commission, for a period of one year from the date of occupation, at an annual rental of one thousand dollars (\$1,000).

Chapter 325 of the Laws of 1906 provides that "The City of New York may provide for the Hudson-Fulton Celebration Commission such sums of money as the City shall deem expedient and in such manner as it shall deem proper for the purpose of carrying out the object of the Commission."

As President of the Hudson-Fulton Celebration Commission, I respectfully make application to the Board of Estimate and Apportionment for an appropriation of one thousand dollars (\$1,000) to pay the said rental for the year 1907, the same being made requisite by the resolution of the Commissioners of the Sinking Fund, hereinbefore alluded to.

Accompanying this application is a copy of the Charter of the Commission.

Accompanying this application is a copy of the Charter of the Commission. Respectfully,

STEWART L. WOODFORD, President.

#### FIELD HOSPITAL.

Headquarters Field Hospital, N. G., N. Y., No. 56 West Sixty-sixth Street, New York City, August 23, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

6 Laborers, at \$1,095 each		6,570 00	\$6,570 00
	\$0,125 00	\$15,695 00	\$6,570 00

The increase of \$6,570 for six additional Laborers is made necessary by reason of the regiment occupying its new armory and the increased floor space to be cared for, and is authorized by section 139 of the Military Code.

Respectfully,

EDWARD DUFFY, Colonel.

#### SEVENTY-FIRST REGIMENT.

Wages of Employees.

## FIRST BATTERY.

First Battery, N. G., N. Y.,
Nos. 50 to 62 West Sixty-sixth Street, New York City,
August 1, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen: Dear Sir-In compliance with your letter of June 11, 1906, I have the honor to make the following return:

Salaries.	
Allowed for year 1906	\$13,505 00
Estimate for year 1907	13,505 00
Employees chargeable to the above appropriation:	
I Armorer, at \$4 per day	\$1,460 00
I Janitor, at \$4 per day	1,460 00
I Engineer, at \$4 per day	1,460 00
I Assistant Engineer, at \$4 per day	1,460 00
3 Laborers, at \$3 per day each	3,285 00
4 Hostlers, at \$3 per day each	4,380 00
Total	\$13,505 00

There will remain an unexpended balance of salaries of about \$312 for the year

Respectfully, LOUIS WENDEL, Captain.

SECOND BATTERY.
Second Battery, N. G. N. Y.,
Nos. 1891 to 1897 Bathgate Avenue,
New York City, August 17, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I have the honor to furnish an estimate as requested, giving the names, positions and salaries of the employees in the armory of this organization for the year 1907, viz.: Janitor, William B. Love, 365 days, at \$4 per day

Laborer, Paul Jaegle, 365 days, at \$3 per day

Laborer, Michael J. McBride, 365 days, at \$3 per day

Laborer, William D. Brown, 365 days, at \$3 per day \$1,460 00 1,460 00 1,095 00 1,095 00 1,095 00

\$6,205 00 Respectfully,

DAVID WILSON, Captain.

SQUADRON "A."

Departmental Estimate for Squadron "A," National Guard, N. Y., Year 1907. Armories and Drill Rooms-Wages of Armorers, Janitors, Engineers and Laborers. 

Employees chargeable to the above appropriation:

No.	A TANK THE TANK	Salary Paid July 1, 1906.	Proposed Salary for 1907.	Increase.
1 Armorer		\$1,460 00	\$1,460 00	
1 Janitor		1,460 00	1,460 00	******
r Engineer	***************************************	1,460 00	1,460 00	
1 Assistant	Engineer	1,460 00	1,460 00	
3 Laborers,	at \$3 per day	3,285 00		
6 Laborers,	at \$3 per day		6,570 00	
5 Laborers,	at \$2.50 per day	5,562 50		
17 Laborers	, at \$2.50 per day		15,512 50	
15 Laborers,	at \$2 per day	10,950 00		
_				_
27		\$25,637 50	\$27,922 50	

Under the provisions of the Law passed May 4, 1904, I have increased the pay of the Laborers, as noted under their proper heading, viz.: Three Laborers, to \$3 per day, and the other 17 Laborers to \$2.50 per day, to take effect January 1, 1907.

Would respectfully invite attention to the fact that I have not taken advantage of the full allowance allowed by law for Laborers (i. e., \$3 per day), on the 17 mentioned above. I consider \$2.50 per day ample for the work of an ordinary Laborer during ing first years.

There will probably be an unexpended balance of \$86.50, caused by the discharge of employees, and their places not being filled immediately, fines, etc.

Total salaries 1906	\$25,637 50 27,922 50
Increase	\$2,285 00

The above employees were appointed by me pursuant to the Laws of the State of New York and the Military Code. The floor space of the armory of Squadron "A," N. G., N. Y., amounts to fifty-eight thousand eight hundred and fifty-eight (58,858) square feet.

New York, N. Y., August 1, 1906.

OLIVER B. BRIDGEMAN, Major.

#### FIRST BATTALION.

Headquarters First Battalion, N. M., N. Y., U. S. S. "Granite State," Foot of East Twenty-fourth Street, New York, August 13, 1906.

Salaries-General Administration.

Allowed for 1906 Estimate for 1907	\$11,680 00 12,045 00
Employees chargeable to the above appropriation:	
Salary Paid Per Day for 1906.	
I Janitor I Engineer I Armorer I Assistant Engineer I Yeoman I Gunner's Mate 4 Laborers, at \$2.20 each	\$4 00 4 00 3 30 3 30 3 30 2 80 8 80
I Laborer I Laborer	I 50 I 00
Total per day	\$32 00
Total per year  Proposed Salary Per Day for 1997.	\$11,680 00
Proposed Salary Per Day for 1907.	\$11,680 00
	\$4 00 4 00 3 30 3 30
Proposed Salary Per Day for 1907.  I Janitor I Engineer I Armorer I Assistant Engineer I Yeoman I Gunner's Mate	\$4 00 4 00 3 30 3 30 3 30 2 80
Proposed Salary Per Day for 1907.  I Janitor I Engineer I Armorer I Assistant Engineer I Yeoman I Gunner's Mate 4 Laborers, at \$2.20 each	\$4 00 4 00 3 30 3 30 3 30 2 80 8 80
Proposed Salary Per Day for 1907.  I Janitor I Engineer I Armorer I Assistant Engineer I Yeoman I Gunner's Mate	\$4 00 4 00 3 30 3 30 3 30 2 80
Proposed Salary Per Day for 1907.  I Janitor I Engineer I Armorer I Assistant Engineer I Yeoman I Gunner's Mate 4 Laborers, at \$2.20 each I Laborer	\$4 00 4 00 3 30 3 30 2 80 8 80 1 50

The increase in the salary of one Laborer asked for above is absolutely necessary, owing to increased duties which have devolved on the man filling the position, and I request that the same be allowed for the best interests of this organization. Respectfully,

W. B. FRANKLIN, Commander.

## HEADQUARTERS NAVAL MILITIA.

Headquarters Naval Militia, N. Y., U. S. S. "Granite State," Foot East Twenty-fourth Street, New York, August 22, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I have the honor to state that my estimate for the salaries of the Head-quarters Naval Militia, N. Y., under the Military Code, for the year 1907, is as under: 

\$1,460 00

There are not any changes, nor will there be any unexpended balance from 1906. Respectfully,

J. W. MILLER, Captain.

## HEADQUARTERS, FIRST BRIGADE.

## LAW DEPARTMENT.

Law Department—Office of the Corporation Counsel, New York, September 13, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir-In response to the circular letter of the Secretary of the Board, dated June 11, 1906, I submit the following estimate of the appropriations needed by the Law Department for the year 1907, viz.:

Law Department for the year 1907, viz.:

Salary of the Corporation Counsel.

Salaries of Assistants, Clerks and other employees in all offices and bureaus of the Law Department, except the Bureau of Street Openings Contingent counsel fees, including deficiencies.

Supplies, fees and disbursements of expert witnesses, appraisers, engineers and referees, court fees, Chief Clerks' and Examiners' disbursements, and all other expenditures, including deficiencies.

Fees of expert witnesses and disbursements in proceedings to review assessments for taxation, including deficiencies.

Investigation of City's claims to lands under water in and about Jamaica Bay and elsewhere, including deficiencies. 495,000 00 110,000 00 22,000 00

(And if the Board approve of my suggestion, which is explained later, to discontinue the use of the Special Bond issue of \$50,000 for the purpose, I also recommend an appropriation as follows):

Expenses in connection with actions and proceedings brought by or against gas and electric light companies and other public utility cor-

I call particular attention to the fact that the total amount asked for is the same

I call particular attention to the fact that the total amount asked for is the same as the amount appropriated for the year 1906.

In conformity with the desire of your Board to keep the appropriations down to the lowest possible amounts upon which the departments can be properly conducted, I have prepared this provisional estimate so that the disbursements during 1907 shall not exceed those for 1906. It is expected that by the practice of a rigid ecenomy the Department will be able to keep the expenditures within the amounts of the appropriations recommended.

The amount appropriated to this Department in the Budget for 1906 was \$635,000, and after the Budget had been approved, a Special Bond issue was authorized, amounting to \$50,000, to defray the expenses in connection with suits brought by gas and electric light companies; this made a total appropriation of \$685,000 for the current year. The total amount of the appropriations requested for the year 1907, including an appropriation of \$30,000 to take the place of the Special Bond issue, is \$685,000.

It has been necessary to increase some of the appropriations, but I have made corresponding reductions in others.

As suggested in your circular letter, I have attached hereto a schedule marked "A," containing the list of salaries recommended, and another marked "B," containing a summary of appropriations. This summary is prepared in accordance with the instructions contained in the letter from your Secretary, and shows each increase and decrease, but your Board will notice that I have suggested at the beginning of this letter some alterations in the titles of the appropriations. Some of the titles now in use are entirely unsuitable and misleading, and changes should be made as indicated above, in order that the title of each appropriation may indicate plainly the purposes for which the money is to be expended.

The following is an explanation in relation to the appropriations recommended:

Salary of Corporation Counsel.

Salary of Corporation Counsel. The salary of the Corporation Counsel is fixed by section 255 of the Charter.

Salaries of Assistants, Clerks, Employees, etc.

Schedule "A" attached to this letter gives the present salary list and the changes

The increase in the amount of this appropriation is to be used for additions to the force of Junior Assistants, Law Clerks, Clerks, Stenographers and subordinates in the office, and for increases in salaries of the Senior Assistants in the Depart-

Before discussing these proposed changes I wish to call attention to the fact that, to offset to some extent the increase in the amount asked for Salaries of Assistants, etc., I have made a corresponding reduction in the amount requested for Contingent Counsel Fees.

Employment of Special Counsel.

It has been the practice of the Law Department for many years to retain outside counsel in cases of unusual difficulty, and to pay them from the Contingent Counsel Fund. I have never approved of this practice, and have gradually discontinued the employment of special counsel until there are now only a few cases in the Department which are not handled by the assistants in the office, and in those cases the retainers were given by my predecessors. My suggestion is that instead of employing outside counsel, additional assistants be appointed of sufficient ability to handle these difficult proceedings, so that every case in the office will be in charge of a person who is directly responsible to the head of the Department.

The following is a statement of the amounts actually expended for outside counsel since the year 1895:

Juns	set since the year 1095.	
395		\$48,559 24
896	***************************************	33,075 32
397		28,734 38
898	***************************************	50,283 48
399		22,395 56
900		12,800 00
100		26,651 77
902	***************************************	17,106 30
903		25,588 18
904		11,547 73
905	,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,	6,058 05
906	(to date)	500 00

From the foregoing schedule your Board will see that I have almost entirely abolished the custom of employing outside counsel, and that all actions and proceedings are now handled by my Assistants. The change has resulted in a considerable saving to the City, but to continue this method will require the appointment of additional Assistants, and it is, therefore, necessary to increase the appropriation for

Increase in Office Force.

The additional appointments which are recommended are as follows: Junior Assistants ..... Telephone Operator

All of these additional positions, it will be observed, are in the Competitive Civil

The two additional Junior Assistants and the extra Law Clerk are needed to assist in the general trial work of the Department.

The additional Clerks and Stenographers are required in the various offices and bureaus because of the increased business of the Department.

The salary schedule submitted herewith shows contemplated increases of Stenographers' salaries in the grades now receiving \$000 and \$1,050. The reasons for that are as follows:

During the current year five Stenographers employed in this Department at

Stenographers' salaries in the grades now receiving \$900 and \$1,050. The reasons for that are as follows:

During the current year five Stenographers employed in this Department at salaries of \$900 and \$1,050 have been transferred to the offices of the Borough Presidents of Brooklyn and Queens, respectively, at salaries of \$1,200. My object in suggesting increased salaries for the Stenographers is to enable me to promote persons who are now receiving \$900 and \$1,050. to \$1,050 and \$1,200, respectively, to prevent them from applying for transfers to other departments. The vacancies will be filled by appointments from the Civil Service list at \$750 per annum. The Law Department probably requires a higher degree of efficiency in its Stenographers than any other department in the City, but apparently the salaries paid in other offices are considerably higher, and the result is that after Stenographers have been trained in this office for several years and have become particularly valuable, the Department loses their services because some other City official is able to offer more salary.

An additional Telephone Switchboard Operator is made necessary by the fact that in the Hall of Records the telephone company is building a "three position" switchboard, which will require an additional Operator.

I have also asked for two additional Examiners at \$1.050 each. These men are required to investigate claims and to obtain evidence and prepare cases for trial. The work is now done very largely by police officers who are detailed to this Department for that purpose. It is my object to gradually replace these Police officers by appointing Examiners from the Civil Service list.

I hope that the additions to the force which I have suggested will place the office not only in a position to keep up with the work of handling actions against the City, but that it will enable us to pay more attention to actions in which the City is plaintiff—a very important part of the business of this Department, to which it has been impossible t

Increases in Salaries.

The most important changes in salaries that I have recommended are among the Assistants and Junior Assistants in the Department.

The Law Department, without additional Assistants, cannot keep abreast of the current work nor dispose of the vast arrearages which have accumulated during the past fifteen or twenty years.

I endeavored during the present year to secure the approval of the State Civil Service Board to a proposition which was recommended by the Municipal Civil Service Commission and by the Mayor, whereby the staff of Assistants might be increased to one hundred, from seventy-five, as at present. But the State Board refused its approval. No limitation naturally can be placed on the amount of work required of the office, and with a rigid limitation on the number of the force it needs no argument to show the danger and embarrassment to the City's interest which must ensue when the amount of work exceeds the capacity of the Department to care for it.

To criticize the motives of the State Board in refusing its approval of the plan submitted to it would be as idle as it might be unjust. Earnest supporters of Civil Service reform have ever before them the numerous instances in the past of the abuse of the power of appointment and are inclined to regard any application for relaxation of its principles as not made in good faith. This attitude of mind has its advantages for public interest, but I cannot help concluding that the City in this instance must suffer from it.

What seems to be even more discouraging is that I do not believe that the City can prevail against this sentiment. There is, therefore, nothing to be done except to strive to use the force at our command to the best possible advantage in the City's

Reorganization of Department.

Reorganization of Department.

In a letter dated June 27, 1906, to the Commission on Salaries and Grades, appointed by your Board, I explained at considerable length my plans for the reorganization of the Law Department. Instead of repeating what was said in that letter, I attach a copy of the same hereto, marked "C." The substance of that letter is that I find that the time has arrived when it is necessary that the Law Department be reorganized in "divisions," according to the nature of the work to be done. It is no longer possible for the Corporation Counsel to give personal direction in each individual case in the enormous mass of litigation which is now being conducted by the main office. It seems advisable that the Department be organized as the Finance and other departments are, in regular "divisions," each to be placed in charge of an Assistant who is capable of being entrusted with the entire responsibility for all matters assigned to his division, and of supervising the work of other Assistants and subordinates who will be detailed to assist him.

The divisions that I have recommended are as follows:

1. Litigation (appeals, trials, etc.). The First Assistant will for the present be placed at the head of this division, and will take charge of all actual litigation, including appeals, trials, etc.

2. General Administration, Opinions, Contracts, etc.

3. Condemnation Proceedings. (Other than Street Openings.)

4. Franchises and Public Utilities.

5. Taxes and Assessments.

3. Condemnation Proceedings. (Other than Street Openings.)
4. Franchises and Public Utilities.
5. Taxes and Assessments.
The growth of the City's work during the last few years has been enormous, and the itnerests involved are of transcendent importance.

Every class of work must, if possible, be entrusted to a specialist in that particular branch, so as to insure the greatest dispatch, accuracy and general efficiency. Responsibility will be greatly increased thereby and proper compensation, I believe, should be made to the men who assume it.

In regard to the position of "First Assistant Corporation Counsel" it may be stated that, by the provisions of chapter 525 of the Laws of 1905, it has been made a statutory office, with very much enlarged duties and responsibilities, the amendment in effect making the position one of Deputy Corporation Counsel.

The present salary of \$10,000 was fixed at a time when the duties of the First Assistant Corporation Counsel were much less onerous, and were, under the old Consolidation Act, confined to the former City of New York.

I recommend that the salary of the First Assistant be placed at \$12,000, and that the salary of each of the four Assistants designated to take charge of the other four divisions be fixed at \$10,000.

In relation to these four positions at \$10,000 each, it is my purpose to fill them by the promotion of Senior Assistants now in charge of the particular classes of cases. I believe that because of their long years of experience in the Law Department these men are better fitted to be "heads of divisions" than any other persons who could be induced to take positions in this office. The vacancies caused by these promotions will be filled in part by promoting other Assistants, not only in the main office but in Brooklyn and Queens, and in part by appointments of the best counsel obtainable from the outside.

I believe that the gentlemen in charge of the several branches or "divisions" should receive adequate compensation for their services and, therefore, be

I believe that the gentlemen in charge of the several branches or "divisions" should receive adequate compensation for their services and, therefore, be free from the temptation of leaving the City's service for more financially attractive positions

Much of the success of the Department now, as heretofore, has been due to the fidelity and the efficiency of these gentlemen.

In the very important litigation now pending, involving, as it does, not only enormous sums of money, but questions which are of vital importance to every taxpayer, the City should have the best counsel that can be employed. Private corporations and private parties who are suing the City consider it good economy to retain the best counsel, and The City of New York should keep pace with its opponents and should pay the Assistants in this office salaries which are in proportion to the services rendered.

The plan outlined of creating these "divisions" in the Law Department should be put into immediate operation as the situation in several important lines of litigation has become critical and requires prompt attention. I believe that the reorganization

put into immediate operation as the situation in several important lines of litigation has become critical and requires prompt attention. I believe that the reorganization I have suggested will result in a far greater efficiency in the Department, and that the salaries recommended for the "Heads of Divisions" are only commensurate with the responsibilities and requirements of the new positions.

Several promotions are recommended among the Junior Assistants and Law Clerks. These increases are intended for young men who have come into the Department through the Civil Service and have rendered faithful service. They deserve promotion, and as the State Civil Service Commission has made it impossible for me to appoint them Assistants, by refusing to increase the number of Assistants beyond the force now actually employed, this can only be accomplished by providing new grades at higher salaries.

at higher salaries.

The schedule of clerks' salaries also shows a rearrangement, so that some of the younger men in the Department—those receiving salaries of \$900 and less—may be promoted. It is necessary in this office, as elsewhere, to offer some advancement to young men in order to obtain the best results.

Contingent Counsel Fees, Including Deficiencies.

I have already explained that I have made an addition to the appropriation for salaries, so that the work formerly done by "Contingent Counsel" will now be performed by assistants. If your Board will grant the increase in the appropriation for salaries, \$5,000 will probably be sufficient to pay any bills that will be presented by

counsel who were employed by my predecessors, and whose retainers cannot be conveniently discontinued at the present time by reason of the fact that the proceedings in which they represent the City are in such a condition that it would not be wise to change counsel

Supplies, Fees and Disbursements of Expert Witnesses, Appraisers, Engineers and Referees, Court Fees, Chief Clerks' and Examiners' Disbursements, and All Other Expenditures, Including Deficiencies.

This is the new title suggested for the appropriation formerly known as "Sup-

The disbursements under this appropriation include expert witness fees, office supplies and general expenses, court fees, court stenographers' bills, traveling expenses, copies of legislative bills, telephone and messenger service, law books and periodicals, examiners' disbursements and the petty disbursements of the Chief Clerks of the various offices.

The amount needed to pay the bills of Expert Witnesses, Appraisers, Engineers and Referees, as nearly as can be determined from the experience of past years, will

be \$40,000.

The appropriation for "Supplies and Contingencies" for 1906 was \$100,000. I think that the sum of \$110,000 will be sufficient to pay the bills for 1907.

Fees of Expert Witnesses and Disbursements in Proceedings to Review Assessments

The appropriation for 1906 was \$40,000; if I had a sufficient force of assistants to try all the proceedings in which the returns have been filed, that amount would be required for 1907, but with the present office force the number of trials is limited, and I think that the sum of \$22,000 will be sufficient to pay the bills which will be incurred

Investigation of City's Claims to Land Under Water in and About Jamaica Bay and Elsewhere.

Elsewhere.

This investigation is now proceeding and it has brought to light the fact that there are other lands under water besides those in Jamaica Bay, where the City has an apparent title which might be established in proper actions. It is my purpose in the near future to commence such actions to establish, if possible, the City's title to these lands. The sum of \$10,000 was appropriated for this purpose in 1906, but I think that \$8,000 will probably be sufficient for 1907, because a considerable part of the work is being done by an assistant in the main office.

Expenses in Connection with Actions and Proceedings Brought By or Against Gas and Electric Light Companies and Other Public Utility Corporations.

During the early part of the current year a Special Bond Issue of \$50,000 was authorized to cover the expenses in connection with actions brought by the gas and electric light companies. These suits are now on trial before the referee appointed by the United States Circuit Court, and daily sessions are being held. The City has employed a staff of the most competent experts obtainable who are working continuously on the preparation of the City's side of the controversy. The expense connected with the employment of these persons is paid from the Special Bond Issue. This litigation is sure to last for a considerable time, and the result is a matter of the utmost importance to every taxpayer and householder of The City of New York.

Other actions of quite as great importance will soon be brought to trial in which the electrical subway companies, the street railway companies and other public utility corporations are parties. These corporations are now engaged in the preparation of their cases, and they will certainly spare no expense in preparing for trial.

Up to the present time I have expended about \$15,000 of the Special Bond Issue, and by the end of the year the bills against the appropriation will amount to about \$20,000. That will leave a balance of about \$30,000, which can be used during the year 1907 companies and all other public utility corporations.

## Conclusion.

I will be very glad of an opportunity to appear before your Board to explain at greater length the matters to which I have above referred.

The appropriations for the present year will, I think, be sufficient to pay all bills which will be incurred, but without leaving any substantial balances in any of the appropriations. appropriations.

Thanking your Board for its courteous consideration during the past, I am, Yours very respectfully,

JOHN J. DELANY, Corporation Counsel.

actually served—not to exceed \$100 per month	15,850 00	30 Special Process Servers, paid at the rate of \$1.15 for each summons or process actually served— not to exceed \$100 per month (balance avail- able)	15,950 00	100 00	
	-	_	-31930 00		
Total salaries	\$445,000 00	256 Total salaries	\$495,000 00	\$107,850 00	\$51,850 00

\*The number of Special Process Servers who are paid according to the number of papers served varies during the different seasons of the year, according to the amount of work to be done At present there are only 19 persons actually appointed, because the Civil Service Eligible List has been exhausted. A new examination has been held, the results of which have just been announced Part of the work is now being done by persons employed at the same rates as allowed above. Within the present month the whole number allowed to the Department (30) will be appointed. The amount asked for 1907 is practically the same as the amount actually expended during 1906, as nearly as can be ascertained at the present time by estimating the number of summonses to be served during the balance of the current year.

## Recapitulation.

	1906.	1907.	Increase.	Decrease
Salary of Corporation Counsel	\$15,000 00	\$15,000 00		
Department, except the Bureau of Street Openings	445,000 00	495,000 00	\$107,850 00	\$57,850 0
Total salaries	\$460,000 00	\$510,000 00	\$50,000 00	\$57.850 0

This increase in the amount of salaries of Assistants, Clerks and other employees provides for an addition of eleven persons to the force, as shown by the detailed schedule given above. This will increase the number of persons in the Department from 245 to 256.

## Summary of Appropriations for the Law Department.

Recapitulation.

Note—The Corporation Counsel also suggests new titles for the appropriations which are given at the beginning of his letter. The titles given above are now unsuitable and misleading.

Copy of Letter Referred to in Provisional Estimate.

June 27, 1906.

Commission on Salaries and Grades, Appointed by the Board of Estimate and Apportionment, Room 1112, No. 299 Broadway, New York City:

Sirs—I am in receipt of a circular letter, signed by the Secretary of your Commission, dated June 15, 1906, in which I am requested to inform you whether any additional titles of positions or grades of salaries are needed in this Department.

I am very glad of this opportunity to present for your consideration a number of recommendations for changes in grades and salaries in the Law Department, which are made necessary by the increase in the business of the Department. Before enumerating the changes that I recommend I think it will aid your Commission if I state briefly the existing conditions and my plans for reorganizing the Department.

Under the Charter, the Law Department is required to maintain a main office in the Borough of Manhattan, a branch office in the Borough of Brooklyn, a Bureau of Street Openings, a Bureau for the Collection of Arrears of Personal Taxes, and a Bureau of Penalties. The Corporation Counsel is also authorized to create additional offices in the Boroughs of The Bronx, Queens and Richmond, and in each of these boroughs branch offices have been maintained. On account of the great amount of work which was occasioned by the new Tenement House Law, another office or Bureau was instituted which has charge of all proceedings relating to the enforcement of the Tenement House Law and Building Department matters. The Department at present, therefore, consists of the main office in Manhattan, four branch offices in the other boroughs, and four Bureaus having charge of special matters.

This division of the office business is excellent as far as it goes, and at the time

This division of the office business is excellent as far as it goes, and at the time it was instituted it net all the requirements, but the time has come when the work of the main office must be further subdivided.

We have found by actual experience that there are certain matters relating to all the boroughs which, because of their nature, are best handled by the main office. For instance, in the preparation of opinions, and the approval of contracts and other similar papers, it has been found necessary for the sake of uniformity to have all of the work done under the supervision of one Assistant in the main office. In tax certorari proceedings it became expedient, for the same reason, to have all the cases handled by the main office, and in condemnation proceedings and actions relating to franchises and public utilities I have found that the best results are obtained by having the proceedings handled by Assistants in the main office who are experienced in such matters. In each of the matters to which I have referred there is an Assistant in charge, and other Assistants, Junior Assistants and Law Clerks are assigned to assist him.

Up to the time that my predecessor, Mr. Rives, took office, the method of conducting the business of the main office was for the Corporation Counsel, or some Assistant designated by him, to assign the actions and other matters as they came in to any one of the Assistants in the office, who thereafter assumed the entire jurisdiction of the matter. During the past four or five years, however, the business of the Department has increased to such an extent that it has been necessary to separate certain lines of work, such as tax matters and condemnation proceedings, and to assign all such proceedings to a group of Assistants, who devote their entire time and attention to the subject.

Since my assumption of office I have realized the necessity of dividing the legal

Since my assumption of office I have realized the necessity of dividing the legal force of the main office, which includes Assistants, Junior Assistants and Law Clerks. and of placing an Assistant at the head of each division, who would assume charge of the particular line of work assigned to his division. Up to the present time, however, it has been impracticable to carry out this plan to any extent because of the fact that our present quarters are entirely unsuited and inadequate. Several of the Assistants have no desks and are compelled to work in the general library, and the whole office is so crowded that it would be impossible to put into effect any plan for creating separate divisions. I am assured by the architects in charge of the Hall of Records that our quarters in that building will be ready for occupancy on September 15, and there seems to be no doubt that before the close of the year we will be comfortably installed in our new offices, and at that time I intend to carry out the plans that I have outlined.

My plan, therefore, is to divide the legal force of the main office into five separate divisions, as follows:

Litigation (Appeals, Trials, etc.)—The "First Assistant" will, for the present, take charge of this division, and he will attend to all appeals and supervise the conduct of all litigation, not only in the main office, but in all of the offices and Bureaus of the Department. The head of this division will act as consultant on the question of appeals to be taken by the Department, and he and the Assistants assigned to him will attend to the preparation of briefs and the argument of appeals. He will also confer with the Assistants engaged in the trial of actions, to the end that the course of trials in courts of original jurisdiction shall protect the City's rights in case of appeal.

General Administration, Opinions, etc.—Under this division will be grouped all the work not included in the other divisions until such time as any one class of work may become so great as to require separate attention. The Assistant in charge will attend to the preparation of opinions, contracts, etc., and will be required to give his direct attention to these matters. The variety of this work is great and one kind at times is greater than another, so that other classification would be impossible.

Condemnation Proceedings (Other Than Street Openings)—The duties of this division are fairly well described by the title. This division will have charge of all proceedings to acquire dock property, public school sites, property needed for bridge approaches and rapid transit purposes, library sites, property taken for public parks, and all other condemnation proceedings, except street openings. The street opening proceedings will be handled as heretofore, by the Bureau created for that special

Franchises and Public Utilities—This division will handle all of the litigation with gas and electric light companies, and other public utility corporations, and matters relating to franchises.

Taxes and Assessments—This Division, as the name indicates, will take charge of all actions and proceedings relating to taxes and assessments and water rates, and all applications to cancel or adjust such matters.

I would like to give your Commission some idea of the responsibilities which will devolve upon the heads of these various divisions, and I have selected just a few statistics, which will indicate this in some slight degree. The following are a few facts taken from the annual report for the year 1905, which will indicate, so far as statistics can, the extent of the work.

Litigation.

During the year 1905, 162 appeals were argued at the Appellate Division, 50 at the Court of Appeals, and 1 at the United States Supreme Court; 602 actions were tried in Court, and 53 were tried before referees.

General Administration, Opinions, etc.

During the same year 1,705 opinions were written; 4,735 contracts and other instruments were drafted or approved as to form.

Franchises and Public Utilities.

Actions by the gas and electric light companies, and other similar matters, are being adjudicated, involving the most important questions that have ever been presented to the Law Department for consideration.

Taxes and Assessments. Proceedings were commenced in 1905 to vacate taxes on real and personal property, in which the assessments under review were over \$120,000,000. There are now pending proceedings to vacate assessments amounting to over one billion dollars.

Condemnation Proceedings (Exclusive of Street Openings).

During 1905 reports were confirmed in twenty-six proceedings, in which the awards aggregated \$3,265,737.31; seventy-six proceedings were tried and 797 hearings were held before Commissioners of Appraisal at which testimony was taken.

Bureau of Street Openings.

During 1905 reports were confirmed in proceedings in which the City acquired title to fifty-six miles of streets. The awards in these proceedings were \$4,015,890.63 and the assessments \$2,962,220.87.

assessments \$2,062,220.87.

I have outlined my general purpose in relation to the reorganization of the Department, and have given a few facts to illustrate the enormous responsibilities which will rest upon the heads of the various divisions which it is my purpose to create.

When I present my provisional estimate for the year 1907 to the Board of Estimate and Apportionment, I will recommend that the salary of the First Assistant be placed at the sum of \$12,000, and that the salary of the four Assistants in the main office, who will be placed at the head of the other divisions, be fixed at \$10,000 each, and that the salary of the Assistants in charge of the Bureau of Street Openings be fixed at \$10,000.

I have mentioned no names in this communication, my idea being this: That the Assistants who are selected for the heads of these divisions, whoever they may be, are entitled, because of the importance and responsibility of their positions, to the salaries that I have suggested.

that I have suggested.

If I correctly understand the purpose and scope of your Commission, one of its duties will be to recommend to the Board of Estimate and Apportionment the new positions or grades that are needed in the various Departments, and I therefore request that your Commission recommend to the Board of Estimate and Apportionment that there be created in the Law Department the following new positions:

Main Office. 10,000 00 Bureau of Street Openings. One Assistant in charge..... 10,000 00

Intermediate Grades in Existing Positions.

I have been very seriously inconvenienced in the past by the fact that in a number of positions in this Department there are not a sufficient number of intermediate grades. I believe that the Law Department is the only Department in the City where the number of persons in Civil Service positions is limited in the various grades. It may be that it is necessary and proper for the Board of Estimate and the Board of Aldermen to limit the number of persons at stated salaries in the exempt class, but I can see no good reason why the number should be limited in competitive Civil Service positions. As a matter of fact, this limitation is not only an inconvenience to the head of the Department, but it results often in larger salaries being paid to persons who are promoted. As an illustration of this, a short time since I promoted a Messenger, who was receiving \$900. to the \$1,200 grade. If there had been a grade at \$1,050 I might have promoted him to that grade, but there was no such salary fixed for the Law Department, and the person promoted received an increase of \$300, instead of \$150.

I have attached to this letter a schedule showing the grades already established in the Department and the intermediate grades which I ask to have created. The present grades are indicated in blue ink and the proposed new grades in red ink.

The only new grades that I have included in this schedule which are not intermediate.

the Department and the intermediate grades which I ask to have created. The present grades are indicated in blue ink and the proposed new grades in red ink.

The only new grades that I have included in this schedule which are not intermediate grades are the positions of Junior Assistant. at \$2,100, \$2,250. \$2,400 and \$2,550. The position of Junior Assistant is a competitive Civil Service position, and the highest salary now paid is \$1,050. There are several persons now receiving that salary who are rendering services of quite important a character and doing it quite as well as a number of the Assistants who are receiving very much larger salaries. I am anxious to promote these persons, and I realize that I cannot retain their services in this Department much longer unless I increase their salaries. I applied recently to the Municipal and State Civil Service boards for permission to increase the number of Assistants allowed in the Department, in order that I might promote these young men. The Municipal Civil Service Commission approved the resolution, but it was disapproved by the State Board. At the hearing before the State Civil Service Commission, the chairman stated that he believed that the salaries of these Junior Assistants should be increased and that every effort should be made to retain their services, but that it should be done by promotion and increase of salary and not by appointing them as Assistants in the exempt class. As the matter stands now, these men have reached the limit of salary allowed for Junior Assistant, and I strongly urge that the new grades that I have suggested be created, in order that I may retain their services.

All of the other new grades that I have suggested are intermediate grades, and I am sure that your Commission will see the wisdom of amending the salary schedule of this Department as I have indicated, so that when promotions are made it will not be necessary to grant such large increases in salary. There are some positions in the Department now—for instance, the posit

It will be necessary in the near future to increase the salaries of some of the nersons in our Civil Service positions, because I am constantly receiving requests from persons in this Department for permission to be transferred to other departments at larger salaries. During the past year five female Stenographers and Typewriters, receiving salaries of \$000 or \$1.000, were transferred to the offices of the Presidents of the Boroughs of Brooklyn and Queens at a salary of \$1,200.

The Topographical Draughtsmen in the Bureau of Street Openings, who receive salaries of \$1,200. \$1.350 and \$1.500, are also applying for leave to be transferred to the Rapid Transit Board, or to the offices of the Borough Presidents, at larger salaries.

It would be unjust to these persons to refuse to consent to their transfer and in that way prevent them from obtaining a larger compensation, but they have acquired experience in this Department which makes them especially valuable, and it is a hardship on this Department to dispense with their services and to be put to the trouble and inconvenience of training new appointees.

There is no Department in the City where more competent Stenographers are needed than the Law Department, and I wish to prevent further transfers to other

departments by granting small increases in salaries. I have therefore suggested intermediate grades of \$150 each, in order that the promotions, when made, shall not incur an unnecessary expense.

I therefore recommend that in addition to the five new positions of Assistant, to which I have referred, the following new grades be established in the Law Department:

to which I have referred, the following new grades be established in the Law Department:

Assistant, \$9,000, \$8,000, \$6,500 and \$5,500.

Junior Assistant, \$2,550, \$2,400, \$2,250, \$2,100, \$1,650 and \$1,350.

Clerical Schedule—Chief Clerks, Clerks, Junior Clerks and Office Boys, \$4,500, \$3,300, \$2,700, \$2,250, \$1,950, \$1,650, \$1,350 and \$540.

Bookkeeper, \$1,350 and \$1,200.

Stenographer and Typewriter, \$1,650 and \$1,350.

Examiner, \$1,650, \$1,500, \$1,350 and \$1,050.

Messenger, \$1,050.

Computer of Assessments, \$2,100, \$1,650 and \$1,350.

Topographical Draughtsman, \$1,800 and \$1,650.

I believe that it is better to make frequent promotions with small increases of salary than to make promotions at long intervals with large increases in salary.

I have filled all of the vacancies that have occurred in the office by resignation, transfer or death by promoting from the lower grades, and the more intermediate grades there are, the greater number of persons can be promoted and increased.

While your Commission is in session, if you care for any further information or explanation as to the requests that I have made, if you will communicate with this Department the Acting Corporation Counsel and the Assistant Chief Clerk will supply you with any additional facts that may be required.

Yours respectfully,

Yours respectfully,

JOHN J. DELANY, Corporation Counsel.

Schedule Referred to in Foregoing Letter. New Positions of Assistants.

New Grades in Existing Positions.
Assistants—\$10,000, \*\$9,000, \*\$8,000, \$7,500, \$7,000, \*\$6,500, \$6,000, \*\$5,500, \$5,000, \$4,500, \$4,000, \$3,500, \$3,000, \$2,500, \$2,000, \$1,500.

#### DEPARTMENT OF EDUCATION.

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, September 21, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of report and resolution adopted by the Board of Education at a meeting held on the 20th inst., relative to the departmental estimate for the year 1907.

Respectfully yours,

A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance presents herewith the estimate of the Department of Education for the year 1907, amounting to twenty-six millions seven hundred and ninety-five thousand three hundred and ninety-eight dollars and thirteen cents

(\$26,795,398.13).

The Charter provides that all moneys raised for education purposes in The City of New York shall be raised in two funds, to be known as the Special School Fund and the General School Fund, respectively. The estimate of the Department of Education for the year 1907, therefore, is divided as follows:

	Estimate for 1907.	Appropriated for 1906.	Increase.
nool Fund	4-10-1-4056 - 4-	\$18,739,422 97 4,618,765 72	\$2,125,553 75 1,311,655 69
	\$26,795,398 13	\$23,358,188 69	\$3,437,209 44

The second and third columns are added in order to facilitate comparison. The General School Fund being the larger of the two funds is presented first. In considering the foregoing table, showing a total increase of \$3,437,209.44, the attention of the Board is directed to the fact that the funds of 1906 were supplemented by an issue of \$500,000 Special Revenue Bonds for the purposes of general repairs, so that with this item taken into account the real increase of the estimate for 1907 over the appropriation allowed by the Board of Estimate and Apportionment for 1906 is \$2,937,209.44. Having in mind the fact that separate borough appropriations for Supplies necessitated the keeping of separate stocks of material, involving more or less complications and difficulty in management, it is recommended that all borough lines be eliminated, and one appropriation made for Supplies available for use in the entire City.

General School Fund.

The following is a summarized statement of the General School Fund for 1907, reted for the purposes of exhibiting the additional amount required in excess of the "three mill" tax:

	Amount available for purposes of General School Fund, 1906.	Amount asked for 1907.	Increase.	Decrease
Appropriation by Board of Estimate and Apportionment for 1906	\$18,739,422 97			
making the "three mill" product for 1907 Additional amount required for the year 1907 in excess of the product of the "three mill" tax		\$18,917,382 55 1,947,594 17		- 4.10
	\$18,739,422 97	\$20,864,076 72	\$2,125,553 75	

. New grades to be created.

Summary of Special School Fund (Condensed).

Boroughs.	Funds of 1906.	Estimate for 1907.	Net Increase.	
Manhattan	\$582,342 00	\$955,170 98	\$372,828 98	
The Bronx	149,917 00	266,124 91	116,207 91	
Brooklyn	452,106 00	724,286 33	272,180 33	
Queens	238,751 00	394,468 75	155,717 75	
Richmond	79,651 00	113,393 25	33,742 25	
General	3,115,998 72	3,476,977 19	360,978 47	
Total	\$4,618,765 72	\$5,930,421 41	\$1,311,655 69	

#### DOCUMENT "A."

Report of the Board of Superintendents Relating to the Financial Requirements for 1907 for Salaries of Teachers in Elementary Schools.

Department of Education—City of New York, Park Avenue and Fifty-ninth Street, July 2, 1906.

To the Board of Superintendents:

The Committee on Nomination, Transfer and Assignment has considered the request of the Board of Superintendents for a statement of the items relating to the elementary schools for insertion in the Budget of 1007, and begs to report as follows:

Your Committee is of the opinion that the items for which funds are to be pro-

Your Committee is of the opinion that the items for which funds are to be provided are as follows:

1. All Principals, Assistants to Principals and regular Teachers, including Kindergartners and additional Teachers, employed May 31, 1906.

2. Principals, Assistants to Principals and regular Teachers, including Kindergartners and additional Teachers, necessary to fill vacancies existing May 31, 1906.

3. Principals, Assistants to Principals and regular Teachers, including Kindergartners and additional Teachers, for new schools and classes to be organized between May 31, 1906, and December 31, 1906.

4. Principals, Assistants to Principals and regular Teachers, including Kindergartners and additional Teachers, for new schools and classes to be organized between January 1, 1907, and December 31, 1907.

5. All Directors, Assistant Directors and Teachers of special branches employed May 31, 1906.

May 31, 1906.

6. Assistant Directors and Teachers of special branches to fill vacancies existing

May 31, 1906.
7. Special Teachers for new positions.
8. Increase due to promotion of Teachers.
9. Increase due to the operation of the Davis Law.
10. Payment of bonus for boys and mixed classes.
11. Payment of substitutes in charge of classes of absent Teachers, and for

Estimate in Detail.

The items enumerated above are considered in detail as follows:

Item I—Matter of record in office of Auditor. No estimate by Board of Superintendents necessary.

Item 2—(a) Principals to fill vacancies exising May 31, 1906:
3 men for one year.
(b) Assistants to Principals to fill vacancies existing May 31, 1906:

(c) Regular Teachers, including Kindergartners and additional Teachers, to fill vacancies existing May 31, 1906:

111 men for one year.

558 women for one year.

Item 3—(a) Principals for new schools to be opened between September 1 and December

31, 1906:

5 men for one year.
6 women for one year.
(b) Assistants to Principals for new position occurring between September 1, 1906, and December 31, 1906: 2 men for one year.

29 women for one year. (c) Regular Teachers for new classes to be formed between September 1, 1906,

and December 31, 1906:
80 men for one year.
397 women for one year.
1011 4—(a) Principals for new schools to be opened between January 1, 1907, and

(a) Principals for new schools to be opened between January 1, 1907, and December 31, 1907:

4 men for seven months.

(b) Assistants to Principals for new positions occurring between January 1, 1907, and December 31, 1907:

1 man for six months.

14 women for six months.

(c) Regular Teachers for new classes to be formed between January 1, 1907, and June 30, 1007:

and June 30, 1907:
33 men for ten months.
168 women for ten months.

Teachers for new classes to be formed between September 1, 1907, (1) Regular and December 31, 1907:

100 men for three and one-half months.

503 women for three and one-half months.

Item 5—Matter of record. No estimate by Board of Superintendents necessary.

Item 6—Special Teachers for vacancies existing May 31, 1906:

Cooking, 17 women for one year.

Drawing, 1 woman for one year.

Physical Training, 5 men for one year.

Music, 1 woman for one year.

Shopwork, 10 men for one year.

Shopwork, 19 men for one year.

Item 7—Special Teachers for new positions occurring between September 1, 1906, and December 31, 1907:

Inspector of Ungraded Classes, 1 woman for one year.

Cooking, 30 women for nine months.

Physical Training, 1 man for nine months.

Physical Training, 1 woman for nine months.

Music, 2 women for one year.

Shopwork, 35 men for nine months.

## DOCUMENT "B."

Report of the Board of Superintendents, Adopted June 28, 1906, Relating to the Fina-cial Requirements for 1907, for Salaries of Teachers in High and Training Schools.

Department of Education—The City of New York, Park Avenue and Fifty-ninth Street, June 18, 1906.

Your Committee on High Schools and Training Schools has received a request that there be prepared an estimate of the several items proposed to be inserted in the annual estimates for the year 1907.

Money must be provided as follows:

1. For the salaries of all Principals and Teachers employed on the 1st day of June, 1906.

- 2. For the salaries of Teachers necessary to fill positions vacant on June 1,
- For the salaries of Teachers needed in addition between September 10, 1906, and December 31, 1906.

  4. For the salaries of Teachers needed in addition between January 1, 1907, and
- December 31, 1907.
  5. For the salaries of Teachers needed in addition between September, 1907, and

December 31, 1907.

5. For the salaries of Teachers needed in addition between September, 1907, and December 31, 1907.

6. For increases in salary due to the promotion of Teachers.

7. For increases in salary due to the operation of the provisions of the Charter relative to fitness and merit.

8. Payment of substitutes in charge of classes of absent Teachers.

The Board of Superintendents may be called upon to furnish information only for the amounts estimated to be required for Items 2, 3, 4, 5 and 6.

Item 2—The number of positions vacant in the high schools on June 1, 1906, was 24, of which 22 were in the position of Assistant Teacher and two in the position of Junior Teacher.

Item 3—For salaries of Teachers to be appointed in addition, including those who have thus far been so appointed, to take effect in September, 1906:

45 Assistant Teachers.

20 Junior Teachers.

Item 4—For salaries of Teachers in addition between January 1, 1907, and December 31, 1907:

31, 1907:

Assistant.

8 Teachers for one year.

45 Assistant Teachers for eleven months.

Item 5—For the salaries of Teachers in addition between September, 1907, and December 31, 1907: 50 Assistant Teachers for three and one-half months.

Item 6—For increases due to promotions:

8 Assistants to First Assistants.

25 Junior Teachers to Assistant Teachers.

Items 1, 7 and 8-The Auditor will furnish these figures.

Training Schools.

The increase in attendance in Training Schools for Teachers has been steady. Attention is directed to the fact that under Item 1, as above named, there will be included with the persons now employed in the New York and Brooklyn Training Schools the persons employed in the Jamaica Training School, whose salaries were last year carried under a separate item.

For increased attendance during 1907, it is estimated that fifteen Teachers, at an average salary of \$1,100, will be required. In addition, there are at present four vacancies in the Brooklyn Model School. It is estimated that there will be in these schools two promotions from Assistant Teachers to First Assistants, at an average increase of \$300 each.

In support of the above estimate for high schools, attention is called to the fact that the average register in the high schools of this City has increased as follows during the past four years:

 Year ending July, 1902.
 15,185

 Year ending July, 1903.
 17,065

 Year ending July, 1904.
 19,330

 Year ending July, 1905.
 20,770

An average increase for the last three years of 12½ per cent.

Attention is also called to the fact that the above estimate is not in excess of the average of estimates of Teachers required which have been submitted during the past three years.

## GENERAL SCHOOL FUND, 1907.

Statement Showing, by Totals, Items of Proposed Expenditures, the Details of Which Will Be Found in Subsidiary Statements Following.

#### Schedule No. 1-Special School Fund-Supplies.

Amount allowed for the year 1906	\$1,367,564 7 1,367,564 7
	and the same of th

The Committee on Supplies, because of favorable contracts made for 1906, and because of the extreme supervision exercised, and because of other contemplated reductions, will make every effort to get along with the same amount as that allowed for 1906, notwithstanding the very large increase in new schools, workshops, kitchens, kindergartens and other activities calling for an expenditure of thousands of dollars. If, however, circumstances develop whereby it will be impossible to get along with the amount asked for, it is expected that the Board of Estimate and Apportionment will come to the rescue if the necessity of the occasion demands it.

Schedule No. 2—Special School Fund—General Repairs, Schedule No. 3—Special School Fund—Furniture and Repairs of.

The increase in new schools between the present time and December, 1907, will demand a very large quantity of fuel. Notwithstanding this fact, the Committee on Supplies, because of its careful supervision, lower prices and compelling the use of furnace and pea coal, where egg, stove and nut coal were used in the past, will make an effort to run the schools during the coming year with the amount allowed for 1906, less \$769.91.

This estimate is based upon the prices we are paying for coal at the present time, which prices are indeed, very low, but should circumstances develop whereby prices for the coming coal year would affect the appropriation to any appreciable extent, it is expected that the Board of Estimate and Apportionment, because of the effort of the Committee on Supplies to keep down its Budget, will make a special appropriation to meet any emergency that may arise.

The amount asked for the year 1906 was \$112,127. When the Budget was made up this amount was based upon the experience of the previous year and the estimate was very conservative. We expended in 1905 \$113,537.05, showing that the estimate for 1906 was not excessive. The Board of Estimate and Apportionment allowed only \$100,000 for the present year, which will not be enough, based upon the previous year's experience and the first six months of 1906. The amount expended in 1905 was \$113,537.05; the amount expended for the first six months of 1906 represents \$56,591.81. We cannot carry on the work during the present year unless we get a transfer of \$12,000 from some other fund. Based upon the experience of 1905 and the first six months of 1906, \$116,200 is not considered excessive, if we are to meet all the needs and requirements of the Department of Education that come under the Incidental and General Expense Fund, and it is to be hoped that because of the economies practiced and shown in the other funds under the jurisdiction of the Committee on Supplies, that the Board of Estimate and Apportionment will allow the amount asked for 1907.

Amount expended to July 1, 1906, was....

Schedule No. 19—Special School Fund—Common School Libraries and Libraries and Apparatus, Regents' Schools.

(Chapter 683-Laws of 1906).

High Schools and High School Departments in the City during the year Total number of duly licensed Teachers employed in the public schools for the legal term during the school year ending July 31, 1906, 14,222

\$4,750 00

28,444 00

\$33,194 00

Chapter 683 of the Laws of 1906 provides that the State shall allow to the City certain moneys for books and apparatus in High Schools and for library books in elementary schools, provided the City raises and expends an equal amount. The basis of State apportionment is as follows:

1. An amount equal to the sum of \$250 multiplied by the total number of High Schools and High School Departments in the City during the year 1906.

2. An additional amount equal to the sum of \$2 multiplied by the total number of duly licensed Teachers employed in the public schools of The City of New York for the legal term during the school year ending July 31, 1906. The figure submitted represents the maximum amount which the State can apportion to the City, and represents both of the funds heretofore known as "School Libraries" and "Libraries and Apparatus, Regents' Schools," these funds being consolidated by the Law above referred to.

The following resolution is submitted for adoption.

Resolved, That the foregoing estimate of the moneys that will be required for the support of the public schools during the year nineteen hundred anl seven be duly authenticated and submitted to the Board of Estimate and Apportionment and the Board of Aldermen.

Board of Aldermen.

OHN GREENE Chairman, JOHN GRANZLER.
JOHN A. WILBUR.
CHARLES H. INGALLS.
JAMES A. RENWICK, Committee on Finance.

A true copy of report and resolution adopted by the Board of Education September A. EMERSON PALMER, Secretary, Board of Education.

#### SHERIFF, NEW YORK COUNTY.—Supplemental.

Sheriff's Office, County of New York, Barclay Building, No. 299 Broadway, New York, September 19, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In compliance with the request contained in your letter of the 17th inst., to include in my estimate the "amount of rental for the premises leased by the City for the uses and purposes of" my office, I herewith amend my

Whole amount required for 1907 ...... \$148,532 00

A resolution of the Commissioners of the Sinking Fund, adopted January 25, 1906, authorized a "renewal of the lease to the City of the fourth floor of the Barclay Building, No. 299 Broadway, for the use of the Sheriff of the County of New York, for a term of one year, from May 1, 1906, at an annual rental of thirteen housand four hundred and seventy dollars."

Respectfully,

NICHOLAS J. HAYES, Sheriff.

#### DEPARTMENT OF BRIDGES.-Supplemental.

Department of Bridges, City of New York, Nos. 13 to 21 Park Row. Manhattan, N. Y., September 19, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen

Dear Sir—In accordance with a communication from the Comptroller of The City of New York, dated September 13, 1906, I hereby desire to supplement my departmental estimate for 1907, by requesting the Board of Estimate to appropriate therein the sum of \$11,598.88, which I am informed is the amount of rent authorized by the Commissioners of the Sinking Fund to be paid as rent for the entire twelfth floor in the building known as Nos. 13 to 21 Park row, Manhattan, used as offices for the Department of Bridges

Bridges.

In this connection I would respectfully call your attention to the fact that heretofore the rent for said entire twelfth floor in Nos. 13 to 21 Park row, Manhattan, has
been paid by the Comptroller from the General Rent Appropriation at his disposal for
that purpose, and this application to supplement my said departmental estimate is
made in accordance with the above-mentioned letter of the Comptroller.

Any other rents chargeable to appropriations have been changed to, or will be
paid from, the several maintenance appropriations requested from the Board of Estimate in the estimate for 1907.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

# PRESIDENT BOROUGH OF BROOKLYN.—Supplemental.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, September 19, 1906.

#### Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In accordance with the recommendation of the Comptroller I hereby supplement my estimate of the appropriation needed for the administration of the office of the President of the Borough of Brooklyn for the year 1907, by adding thereto the sum of \$27,112. This is requested as a fund to be entitled "General Administration, Rental of Public Offices, Yards, etc."

I forward to you herewith a schedule showing the use to which it is proposed to put this money.

put this money.

Yours very truly, BIRD S. COLER, President of the Borough of Brooklyn.

#### DEPARTMENT OF HEALTH (Supplemental).

Department of Health,
Southwest Corner of Fifty-fifth Street and Sixth Avenue,
New York, September 20, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—A communication from the Hon. Herman A. Metz, Comptroller of The City of New York, dated the 17th inst., and reading as follows: "In order to make the departmental estimate for the year 1907 full and complete, it is requisite to have the amount of rentals for the premises leased by the City for the uses and purposes of your Department clearly and definitely stated and included in the estimate for the year 1907, also stating out of what fund the same is paid. If your Department has not already included these items in your estimate, you are requested to have the same properly amended by including such rentals in your estimate for the year 1907," has been received.

It has not heretofore been the custom of the Department to include in its annual

It has not heretofore been the custom of the Department to include in its annual departmental estimate any request for funds providing for the payment of rentals for buildings occupied under its jurisdiction and not owned by the City, as a general appropriation has been previously made annually by the Board of Estimate and Apportionment, entitled "Rents," and controlled by the Department of Finance, from which payment of said rentals has been made.

Agreeable, however, to the request contained in the communication above quoted, the following schedule is submitted, indicating the buildings leased for the use of this Department, together with such other information as is available:

	Annual Rental.	Expiration of Lease.
BOROUGH OF MANHATTAN.		
Chemists' Club, No. 108 West Fifty-fifth street Lessor, Maximilian Toch, Treasurer	\$400 00	July 1, 1907

BOROUGH OF RICHMOND.		and the same of
Nos. 54 and 56 Water street, Stapleton, S. I. Lessor, Charles Braun	1,500 00	Nov. 1, 1909

<sup>\*</sup>Substitution.

It will be noted from the above schedule that fourteen separate establishments are at present maintained in leased premises at a total aggregate rental of \$39,465. It will be further noted that of these, five leases expire during 1907.

It is not practicable to determine at this time whether these leases may be renewed

at existing rentals; in fact, it may be safely assumed that the rentals will be increased by reason of the general increase in realty values throughout the City.

It may also be considered probable that this Department will require, in view of its constantly increasing business, additional leased quarters in the various boroughs for occupancy by its Division of Communicable Diseases and for other purposes during

It is therefore manifest that the sum of \$39,465 will be required to provide for the payment of rentals at existing rates, as indicated by the foregoing schedule. A sum sufficient to provide for probable contingencies as above stated should be added to this amount, say \$10,535, making an aggregate total of \$50,000.

To this end, therefore, the departmental estimate of the Department of Health for the year 1907 is hereby amended by the insertion of the following title and amount:

Rents, Department of Health, 1907..... which the Honorable Board of Estimate and Apportionment is respectfully requested to allow.

THOMAS DARLINGTON, Commissioner.

#### TENEMENT HOUSE DEPARTMENT (Supplemental).

Tenement House Department, No. 44 East Twenty-third Street, New York, September 24, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—Since sending you the Budget for this Department for the year 1907 I have received a communication from the agents of the building in which our offices are located in the Borough of Brooklyn notifying me that on and after May 1, 1907, the rent of the said office space would be materially increased. I am sending you herewith a copy of said letter, together with a statement showing amount that will be needed to meet the proposed increase, which will make necessary a similar increase in the amount appropriated for this Department under the title of "Rents, 1907." The offices in Manhattan and The Bronx being covered by lease for the entire year 1907 will not be subject to any change in rent for that period.

I would respectfully request, therefore, that the fund appropriated for "Rents, 1907," which is stated in the Budget heretofore submitted as \$20,100, be increased \$1,400, so as to include therein the proposed increase in rent in the Brooklyn office which would make a total of \$21,500, as being absolutely required by this Departmen, for the ensuing year, as per supplementary estimate and statement herewith.

Yours respectfully,

EDMOND J. BUTLER, Commissioner.

John F. James & Sons, Real Estate Brokers, No. 193 Montague Street, Borough of Brooklyn, New York, September 25, 1906.

Tenement House Department, No. 44 Court Street, Brooklyn:

Gentlemen—Referring to our recent conversation in regard to the premises known as the Temple Bar Building, situated No. 44 Court street, Brooklyn, would say that there will be a general increase all through the building of twenty-five cents per square foot. That is, the rate from the third to the twelfth floor (inclusive) will be \$1.50. The new rate will take effect on May 1, 1907. The entire space now occupied by your Department will be increased twenty-five cents per square foot.

Yours respectfully, (Signed) JOHN F. JAMES & SONS.

# DEPARTMENT OF FINANCE.

September 25, 1906.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—I transmit herewith the estimate for the expenses of this Department, exclusive of the City Chamberlain's office, for the year 1907. In the schedule are given the individual salaries paid to the various employees, according to the payroll of July

The expenditures of this Department, exclusive of the City Chamberlain's office,

	_						1900		4000		rane a	-	-		 . :	\$894,924	89
1902						 		 		 	 		 	 	 	877,867	
1903						 		 		 	 		 	 		937,653	
1904						 		 		 	 		 	 		947,109	84
																1,000,530	39
1906	(es	stin	nat	ted	)	 		 		 	 		 	 		1,059,701	90

The work of the Department of Finance increases as the city's growth and the amount of its expenditures increase. Every additional dollar expended in the interest of any branch of the municipal government, either directly through the Budget or through the issuance of bonds, calls for a corresponding increase in our work, and I cannot better demonstrate the rate at which our work increases from year to year than by calling the attention of the Board to the fact that while the Budget for 1905 amounted to \$110,525,259.04, that for 1906 amounted to \$116,805,490.35 (an increase of \$6,280,231.31), and that the amount of bond issues and expenditures for improvements increased in even greater proportion. A corresponding or even greater increase for 1907 must be anticipated.

From January 1 to September 15, 1905, 83,862 vouchers and payrolls were filed in this Department, while during the corresponding period of the present year 91,103 vouchers and payrolls were filed, an increase of 7,241, or 8½ per cent. in the work of one bureau.

On December 1, 1808, the gross indebedness of the City was \$349,711,069.93, while on August 30, 1906, it amounted to \$729,158,246.19, an increase of more than 100 per cent. in eight years.

More than \$53,000,000 were paid through the City Paymaster's office last year for the salaries of the employees of the City. The work of the Bureau of Taxes and of the Bureau of Assessments and Arrears has grown with the enormous increase in real estate parcels. Those who have had to do with the registering of contracts, stocks, bonds, etc., have been called upon to render additional service, as have those employed in the Auditing and Engineering bureaus and the Bureau of Law and Adjustment.

A large part of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the increase asked for will be a server of the server

Adjustment.

A large part of the increase asked for will be used to equip and bring to a satisfactory state of efficiency the Bureau of Municipal Investigation and Statistics, which has been established pursuant to the provisions of chapter 190, Laws of 1906. This Bureau has already begun to give evidences of the benefits which the City will derive from its work, and there is no doubt that with proper support it will quickly become one of the most important agencies in the administration of the City's business. It is called upon to make a thorough and complete analysis of all facts relative to all Departments of the City and of all Boards, Commissions or corporations receiving moneys from the City or from any of the counties within its boundaries. The most important feature of its work will be the establishment of new systems of accounts that will show in direct and simple fashion all departmental processes, the use of all materials, the character and amount of labor and for what purpose employed, the development of departmental work, etc.

I have readjusted the salaries of some of the Clerks employed in this Bureau, and have also provided for the employment of three additional Statisticians at \$1,200, \$1,650 and \$1.800, respectively; a Stenographer and Typewriter at \$1,500, and three Typewriting Copyists at \$750, \$900 and \$1,050, respectively.

Aside from the sum which I propose to devote to the upbuilding of this new bureau, the increase asked for is much less in proportion than the increased work we have been called upon to perform and will be called upon to perform during the year 1907.

A close study of the various bureaus under my charge has convinced me that the salaries paid to those employed therein are, in many instances, inadequate and not at all commensurate with the importance of their duties, the value of their services and the trusts reposed in them. Although the popular impression may be to the contrary, no well organized and prosperous bank, corporation or other private business enterprise would expect to receive the service rendered by many of the employees of this Department at the salaries they receive. A number of the employees of the Department are underpaid. In many instances they are receiving the same salaries as were paid them in 1808, and it seems that in cases where they have been faithful and industrious they should receive some additional compensation.

In the Bureau of General Administration I propose to fix the salary of each Deputy Comptroller at \$7,500, which is the sum received by a number of other City officials whose duties are similar but of no greater importance. The Charter fixes the salary of the Comptroller at \$15,000, and it seems that his Deputies, whose responsibilities are great and whose work is arduous, should receive a sum equal to at least half of his salary. I propose also to fix the salary of the Assistant Deputy Comptroller at \$6,000, and to provide for the employment of a Stenographer to the Comptroller at \$15,000, and to provide for the employment of a Stenographer to the

Comptroller at \$1,500, two Automobile Enginemen at \$1,200 each, a Chemist at \$3,000, and an Assistant Chemist at \$1,500.

In the Bureau of Bookkeeping and Awards I have fixed the salary of the Chief Accountant and Bookkeeper at \$5,000, because of the importance of the services rendered by him. His predecessor received \$5,500. I propose also to increase the force of this Bureau by adding one Accountant at \$1,650, one at \$2,250, and one at \$2,400, and to give slight increases in salaries to a number of Accountants, Bookkeepers and Clerks who deserve them and who have been underpaid for years.

I have fixed the salary of the Chief Stock and Bond Clerk, in the Stock and Bond Division, at \$5,000. The present incumbent has for many years discharged the duties of this important position with marked ability and fidelity and his duties are constantly increasing.

are constantly increasing.

The work of those employed in the Auditing Bureau is of a very exacting nature and is daily increasing. I propose a number of slight increases in salary and also the

addition of three Examining Inspectors, with salaries of \$1,800, \$1,950 and \$2,100, respectively, and one Inspector of Regulating, Grading and Paving at \$1,650.

I propose to fix the salary of the Chief of the Law and Adjustment Division at \$5,000, and also to give additional compensation to Examiners, Examining Inspectors. Clerks, etc. Recent disclosures have demonstrated the value of the services rendered by the employees of this Bureau.

The increased work of the City Paymaster and the large bond which must be given by him annually warrants the fixing of his salary at the increased sum of \$6,000. The present incumbent has discharged the duties of this position for many years and has rendered splendid service. The salaries of a number of Deputy Paymasters, Clerks and Financial Clerks in this Bureau have remained stationary for a number of years, and in justice to them I feel that there should be some recognition of their faithful service. I also propose to increase the force by the addition of three Junior Clerks at \$600.

In the Bureau for the Collection of Assessments and Arrears I propose to fix the salary of the Collector at \$4,500, and to provide increases for some of the Deputy Collectors, Cashiers and Clerks.

In recognition of the increased work of some of the Assistant Engineers and Inspectors in the Bureau of Engineering, I propose to give them slight increases. I have also arranged for the employment of two additional Transitmen and Computers,

one at \$1,650 and one at \$1,800, and an Inspector of Carpentry and Masonry at \$1,200.

In the Bureau for the Collection of City Revenue and Markets I have fixed the salary of the Deputy Collector at \$2,500, and have arranged for slight increases to

minor employees. Respectfully submitted,

H. A. METZ, Comptroller. (Signed)

# OFFICIAL JOURNAL OF THE CITY OF NEW YORK.

There shall be published daily, Sundays and legal holidays excepted, under a contract to be made as hereinafter provided, a paper to be known as the CITY RECORD. And said CITY RECORD, and the newspapers now by law designated as corporation newspapers in the present City of Brooklyn, shall be the only papers to be included within the term corporation newspapers, as the same is used anywhere in this act; . . . . There shall be inserted in said CITY RECORD nothing aside from such official matters as are expressly authorized. . . . All advertising required to be done for the City, except as in this act otherwise specially provided, and all notices required by law or ordinance to be published in corporation papers, shall be inserted at the public expense only in the CITY RECORD, and the publication therein shall be a sufficient compliance with any law or ordinance requiring publication of such matters or notices. . . . . The Comptroller shall cause a continuous series of the CITY RECORD to be bound as completed, quarterly, and to be deposited with his certificate thereon in the office of the Register of Deeds of the County of New York in the County Clerk's office of said County, and in the office of the City Clerk, and copies of the contents of any of the same, certified by such Register, County Clerk or City Clerk, shall be received in judicial proceedings as prima facie evidence of the truth of the contents thereof.—§1526, Greater New York Charter.
