PETITIONS AND COMMUNICATIONS.

No. 1254.

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau St., New York, May 29, 1912.

P. J. SCULLY, Esq., Clerk to the Board of Aldermen, City Hall, New York City:

Dear Sir—Referring to the resolution adopted by the Board of Aldermen on April 12, 1912, requesting that the 215th st. subway station on the Broadway line be designated as the "Isham Park" station, I beg to advise you that the Commission does not deem this change of name advisable and has at its meeting yesterday adopted a resolution disapproving the substitution of the name "Isham Park" for, or the addition of the same to, the present designation of the said station.

Yours very truly,

TRAVIS H. WHITNEY, Secretary.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President of the Borough of Manhattan:

No. 1256.

City of New York, Office of the President of the Borough of Manhattan, City Hall, May 24, 1912.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, New York City:

Dear Sir—On May 14, 1912, your Board adopted a resolution, No. 1108, containing the following paragraph:

"Resolved, That the President of the Borough of Manhattan be and he is hereby respectfully requested to inform this Board whether any action has ever been taken by him, or his subordinates, under the appropriate section of the City Charter, for the removal of the encumbrance (car tracks in Lenox ave., from 110th to 116th st.), and if no action has been taken, his reason for permitting unchallenged a clear and distinct violation of an unequivocal provision of the City Charter."

For the information of the Board, I desire to state that these tracks cannot be removed by the City until the franchise of the railroad company over this street has been judicially declared abandoned or cancelled. I am advised by the Commissioner of Public Works that the Attorney General, who has already secured the forfeiture of the franchise in the case of several of the other railroad companies, is about to take up this case of the 6th ave. company. The above resolution of your Board, a copy of which was sent to the Public Service Commission, has been referred by that Commission to the Attorney General's office for his consideration.

In view of these facts—which could have been readily ascertained by inquiry at the office of the Commissioner of Public Works—I am inclined to feel that there was no justification for the statement contained in the resolution of the Board to the effect that this Department was "permitting unchallenged a clear and distinct violation of an unequivocal provision of the City Charter." Very truly yours,

GEORGE MCANENY, President, Borough of Manhattan.

Which was ordered on file.

The President laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 1257.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, May 28, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall:

Dear Sir—Electricity is now being universally adopted to provide illumination and power, and at the present time the electrically equipped property of the City represents a very fair proportion of the total number of buildings. However, it is only in recent years that the electrical equipment has been installed in a manner to insure safety.

After a number of conferences with the Electrical Engineers and representatives of the several Boards of Fire Underwriters and insurance interests, this Department compiled a code, which has been drafted in a scientific manner and contains the latest and most modern ideas on electrical installation. I understand that it is the recognized authority of the country.

It has only been by mutual consent with several of the lighting companies that this Department has been in a position to enforce compliance with its rules and regulations. At the Department's request, the lighting companies have declined to introduce their current into buildings for which we have not issued a certificate approving of the electrical equipment. It appears that at no time since electricity was introduced into buildings for illumination, heat or power, has there ever been a law or ordinance which made it mandatory for the contractor installing the electrical equipment, or the owner of the premises who maintains it, to conform to the Department rules and regulations.

The Electrical Code, to have any force or effect, should be supported by some legislation or authority which would impose a penalty for any violation or evasion of its provisions.

I, therefore, respectfully recommend for your consideration the enclosed proposed ordinance, the adoption of which will confer sufficient power and authority on the Commissioner of this Department to enforce compliance with the rules and regulations governing the Electrical Code. Yours truly,

HENRY S. THOMPSON, Commissioner.

Proposed Ordinance Governing the Electrical Code of The City of New York.

No person shall place or permit to be placed electric current on any wiring or appliances for electric light, heat or power, or on any alterations, additions or changes to such electric wiring or appliances, in any building in The City of New York until the construction and installation of said wiring or appliances shall have been approved by the Commissioner of Water Supply, Gas and Electricity. Such approval shall be based upon conformity with the requirements of the National Electrical Code, as adapted, promulgated and interpreted by the Commissioner of Water Supply, Gas and Electricity for use in The City of New York.

No person shall undertake to install, alter, add to or otherwise change any electric wiring or appliances installed in any building in The City of New York for electric light, heat or power without filing with the Commissioner of Water Supply, Gas and Electricity a notice of such intended installation or change.

No person shall refuse admittance to any building in The City of New York during reasonable hours to any authorized representative of the Commissioner of Water Supply, Gas and Electricity who shall desire entrance for the purpose of inspecting any electric wiring or appliances installed for the service of electric light, heat or power.

In case the owner, lessee, manager, corporation or other person having charge or control of any electric wiring or appliances comprising a light, heat or power installation in The City of New York shall neglect or refuse to make such repairs or corrections in said electric installation, the Commissioner of Water Supply, Gas and Electricity shall have power to suspend the operation of such installation until such time as the required repairs and corrections shall have been made to his satisfaction.

Any one violating any of the provisions of this section shall be subject to a fine of not less than five dollars nor more than twenty-five dollars, to be imposed by any City Magistrate, and in default of payment of any fine so imposed such City Magistrate shall commit such offender to the City Prison for a term not to exceed ten days.

Which was referred to the Committee on Laws and Legislation.

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 1258.

Department of Public Charities of The City of New York, Foot of E. 26th St., May 31, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—We would respectfully request that special revenue bonds to the amount of \$4,890 be issued in order that the following persons may be employed by this Department for the New West Wing, Kings County Hospital. This building, having 8 wards, will accommodate 160 patients and will be ready for occupancy by September 1, 1912:

Supervising Nurse, 1 at \$750.....	\$750 00
Trained Nurses, 8 at \$600.....	4,800 00
Cook, 1 at \$480.....	480 00
Cook, 1 at \$300.....	300 00
Waitresses, 3 at \$240.....	720 00
Laundresses, 2 at \$240.....	480 00
Hospital Helpers, 19 at \$300.....	5,700 00
Hospital Helpers, 6 at \$240.....	1,440 00
	\$14,670 00

Amount required for 4 months..... \$4,890 00

The use of this building is urgent, but it cannot be occupied until this help is provided. Respectfully submitted, M. J. DRUMMOND, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 1259.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, June 3, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of four resolutions adopted by the Board of Estimate and Apportionment May 31, 1912, relative to issues of corporate stock as follows:

Cal. No. 62A. Amending resolution adopted July 17, 1911, which authorized the issue of \$100,000 corporate stock for the construction of roadways, paths, fences, water supply systems, etc., in Forest Park, under the jurisdiction of the Department of Parks, Boroughs of Brooklyn and Queens, by providing that said work shall be done under the jurisdiction of the Department of Parks, Borough of Queens.

Cal. No. 62B. Authorizing and directing that the accumulative cash balances to the credit of certain corporate stock funds heretofore authorized for the use of the Department of Parks, Boroughs of Brooklyn and Queens, as set forth therein, be transferred to the jurisdiction of the Department of Parks, Borough of Queens.

Cal. No. 84. Amending resolution adopted July 17, 1911, which authorized the issue of \$75,000 corporate stock for the purchase of cases, book stacks, furniture, etc., for equipment, construction and permanent improvements for the American Museum of Natural History, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, by reducing said amount to \$65,000.

Cal. No. 85. Authorizing the issue of \$25,000 corporate stock for removing piers, bulkheads, piling and debris from the site of the Seaside Park at Coney Island, and for the general improvement of the park, under the jurisdiction of the Department of Parks, Borough of Brooklyn, subject to the conditions set forth therein.

I also transmit herewith copies of reports of the Comptroller and of the Corporate Stock Budget Committee relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment, July 17, 1911, and approved by the Board of Aldermen on July 31, 1911, which reads as follows:

“Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred thousand dollars (\$100,000), to provide means for construction of roadways, paths, fences, water supply systems, etc., in Forest Park, under the jurisdiction of the Department of Parks, Boroughs of Brooklyn and Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.”

—be amended to read

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one hundred thousand dollars (\$100,000), to provide means for construction of roadways, paths, fences, water supply systems, etc., in Forest Park, under the jurisdiction of the Department of Parks, Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof, to the amount of the par value of the stock, to be applied to the purposes aforesaid.

JOSEPH HAAG, Secretary.

May 25, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 5, 1912, the Commissioner of Parks, Borough of Queens, requested a transfer to his Department of the following unexpended balances of corporate stock, appropriated to the Department of Parks, Boroughs of Brooklyn and Queens:

C. D. P. 218	Department of Parks, Boroughs of Brooklyn and Queens—Walks, Kings Park—Asphalt Tile.....	\$573 88
C. D. P. 231	Department of Parks, Boroughs of Brooklyn and Queens—Construction of Water Pumping Plant.....	170 11
C. D. P. 239	Department of Parks, Boroughs of Brooklyn and Queens—Improvement of Rainey Park.....	109 34
C. D. P. 201	Department of Parks, Boroughs of Brooklyn and Queens—Construction of Water Tower, etc., Forest Park....	283 48

—also a transfer of the following corporate stock appropriations:

C. D. P. 242B	Department of Parks, Boroughs of Brooklyn and Queens—Improvements in Forest Park.....	\$100,000 00
---------------	---	--------------

In connection therewith I report as follows:

Chapter 644 of the Laws of 1911 created a Commissioner of Parks for the Borough of Queens. Before the passage of that act one Commissioner had jurisdiction of parks in the Boroughs of Brooklyn and Queens. The new Commissioner desires the funds for the improvement of Forest Park. The Commissioner of Parks, Borough of Brooklyn, consents to the transfer.

I recommend the adoption of the attached resolution approving the request.

Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

No. 1261.

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 31, 1911, as follows:

“Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seventy-five thousand dollars (\$75,000), to provide means for the purchase of cases, bookstacks, furniture, etc., for equipment and the construction of permanent improvements for the American Museum of Natural History, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.”

—be amended to make the amount read sixty-five thousand dollars (\$65,000).

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 13, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the rescinding of \$10,000 from the corporate stock account entitled “C. D. P.—3C, Equipment and Construction of Permanent Improvement, American Museum of Natural History.” In connection therewith we report as follows:

Repairs to the amount of \$10,000 are to be made in the museum. The work is not a proper corporate stock charge, and \$10,000 in special revenue bonds have been requested for the purpose. The rescindment is to make possible approval of the revenue bond issue without an increase in the total appropriation for the museum. The appropriation for C. D. P.—3C, in the sum of \$75,000, was authorized in the 1911 corporate stock budget.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 1262.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000), to provide means for removing piers, bulkheads, piling and debris from the site of the Seaside Park at Coney Island, and for the general improvement of the park; provided that no portion thereof shall be used for payment of services of departmental employees and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid, provided, however, that no part of the sum herein appropriated shall be used for the removal of the piles and other foundations of what was formerly known as “The Old Iron Pier,” or for the removal of other piers and jetties, until after the Corporate Stock Budget Committee shall have reported to this Board whether or not the old piers are worth rebuilding for use as a bulkhead or jetty.

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 27, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 10, 1912, the Commissioner of Parks, Borough of Brooklyn, requested an appropriation of \$50,000 in corporate stock for the purpose of removing piers, piles and debris from the property acquired for a seaside park at Coney Island. In connection therewith I report as follows:

There are two piers and a large steel structure formerly used a chute, about 16,000 piles, a number of concrete piers and concrete foundations, sheet piling and bulkheads to be removed. About 8,000 piles formerly used for foundations for walks and buildings are on the beach. It is necessary that these piles be removed to make the beach safe for the public.

The Commissioner desires to commence work as soon as possible, that the beach may be ready for the public on July 1, 1912.

I recommend the adoption of the attached resolution approving the request to the extent of \$25,000. Respectfully,

WM. A. PRENDERGAST, Comptroller.

76	Department of Correction—Musical Instructor (per diem).....	5 00	1
77	Painter (per diem with maintenance).....	3 50	1

Cal. No.	Department and Position.	Rate Per Annum.	Incum- bents.
	Tinsmith (per diem with maintenance).....	4 25	1
78	Office, President Borough of Richmond—Leveler.....	1,650 00	1
79	Bellevue and Allied Hospital—Resident Physician.....	600 00	1
80	Office of the City Chamberlain—Clerk.....	540 00	1
81	Department of Parks, Borough of Brooklyn— Kodman	1,050 00	2
	Transitman	1,500 00	2
	Inspector of Masonry.....	1,500 00	2
	Inspector of Regulating and Grading (per diem).....	4 00	3
82	Office of the Mayor, Accountant.....	2,000 00	1

I also transmit copies of reports of the Committee on Standardization of Salaries and Grades and of the Committee on Salaries and Grades relative thereto.

Yours very truly,
JOSEPH HAAG, Secretary.
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Education of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of In- cumbents.
Deputy Superintendent of School Supplies.....	\$2,200 00	1

JOSEPH HAAG, Secretary.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 14, 1911, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Deputy Superintendent of School Supplies at the rate of \$2,200 per annum. On July 6, 1911, the Board of Estimate and Apportionment disapproved the request. On September 7, 1911, the President of the Board of Education requested this Board to reconsider the matter and recommend to the Board of Aldermen that the new grade be established as requested. In connection therewith we report as follows:

The establishment is for an increase of \$250 per annum in the salary of Arthur L. Brasefield, who has been in the Board of Education since consolidation in the capacity of Deputy Superintendent of School Supplies. He has received no increase since 1906. In the 1911 estimate \$2,350 was requested for him, and in the 1912 estimate \$2,200, the rate having been reduced because the unassigned balance in the schedule at the time the estimate was prepared would not permit of the higher rate.

It is stated that Mr. Brasefield is highly efficient and that his present compensation is insufficient. It is also stated that owing to resignations and transfers in the office of the Superintendent of School Supplies it will be practicable to provide for his increase without increase in the schedule total.

We recommend that the request of the President be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Borough of Manhattan; ALFRED E. STEERS, President, Borough of Brooklyn, Committee on Standardization of Salaries and Grades.

No. 1264.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Parks, Boroughs of Manhattan and Richmond, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Keeper of Menagerie.....	\$2,000 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment May 31, 1912.

JOSEPH HAAG, Secretary.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On May 3, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the establishment of the grade of position of Keeper of Menagerie, at \$2,000 per annum, for one incumbent. In connection therewith we report as follows:

The grade is proposed to increase the salary of William Snyder, the present incumbent, from \$1,500 to \$2,000 per annum. The Zoological Department for the past 15 years was under the management of Director John W. Smith, who received a salary of \$3,000 per annum. Owing to the continued ill health of Mr. Smith and his inability fully to perform the duties of the position his salary was decreased in the 1912 Budget to \$1,200 per annum. Mr. Smith has recently died, and the Commissioner desires to promote Mr. Snyder to the vacancy at the \$2,000 rate, or \$1,000 per annum less than the rate received by his predecessor.

Mr. Snyder entered the service in January, 1888, and is an expert in the care of animals. Prior to his appointment he was employed by the Barnum and Bailey Circus for five years. It is stated that Mr. Snyder has received offers of a higher salary from other cities, but has refused them in anticipation of the increase now proposed. For the last seven years he has been actively in charge of the menagerie, owing to the physical condition of the Director.

The increase requested will not require any additional appropriation, as it is proposed to take \$500 from the \$1,200 for the Director, the balance of \$700 to be scheduled as an unassigned balance.

We recommend the adoption of the attached resolution approving the request.

Respectfully,
DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

No. 1265.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Correction of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Musical Instructor	\$5 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment May 31, 1912.

JOSEPH HAAG, Secretary.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 10, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 19, 1912, the Commissioner of Corrections requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Musical Instructor, at \$5 per diem, for one incumbent. In connection therewith I report as follows:

On May 19, 1911, George Friedzen was appointed Musical Instructor at the New York City Reformatory for Misdemeanants, Harts Island, at the rate of \$5 per diem, not to exceed 80 days a year. His duties are to instruct the young men committed to that institution in vocal and instrumental music.

In 1911 his salary was paid out of the contingency account of the Department. No provision was made for his compensation in the 1912 budget, and on March 19, 1912, the Board of Aldermen adopted a resolution requesting \$400 in special revenue

bonds for payment of the same. Mr. Friedzen has received no compensation since January 1, 1912.

We recommend the adoption of the attached resolution approving the request.

Respectfully,
WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Select Committee.

No. 1266.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Correction of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Painter	*\$3 50	1
Tinsmith	*4 25	1

*With maintenance.

A true copy of resolution adopted by the Board of Estimate and Apportionment May 31, 1912.

JOSEPH HAAG, Secretary.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 17, 1912, the Commissioner of Corrections requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

Painter (1) at \$3.50 per day (with maintenance); Tinsmith (1) at \$4.25 per day (with maintenance).

The grades are requested to permit a reduction of 50 cents a day in the compensation of a Painter and a Tinsmith employed at the Branch Workhouse, Harts Island. The incumbents receive maintenance at this institution.

The request is in accordance with the custom of the Department to pay per diem employees with maintenance 50 cents less than those without maintenance.

We recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

No. 1267.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Richmond of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Leveler	\$1,650 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment May 31, 1912.

JOSEPH HAAG, Secretary.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 29, 1912, the President of the Borough of Richmond requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Leveler, at \$1,650 per annum, for one incumbent. In connection therewith we report as follows:

The grade is to permit of an increase of \$150 to George F. Cornell, a Leveler, in the Bureau of Highways.

Mr. Cornell was appointed on April 17, 1891, as an Assistant in the Engineering and Construction Department of the County of Richmond, which then had supervision of the construction of macadam and telford roads, under the direction of the Engineer of County Roads. On January 1, 1898, he was transferred to the Bureau of Highways as a Leveler in charge of a party giving lines and grades on construction work of various kinds of pavements. Subsequently he was assigned to take charge of restoring and repaving jobs made necessary by railroad tracks, sewer and water connections, and all cuts made in pavements in the Borough.

This work involves the measurements of the pavements displaced by excavation for trenches, the checking of all bills from contractors on orders issued by the President, and work incidental to the restoring and repaving account.

Mr. Cornell has received no increase since January 1, 1906. The President states that a modification of schedule will be requested to provide the \$150 necessary by a corresponding decrease.

We recommend the approval of the request by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Select Committee.

No. 1268.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Bellevue and Allied Hospitals of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Resident Physician	\$600 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment May 31, 1912.

JOSEPH HAAG, Secretary.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 3, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1912, the Board of Trustees of Bellevue and Allied Hospitals requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Resident Physician, at \$600 per annum. In connection therewith we report as follows:

It is proposed to compensate one of the voluntary resident internes in the alcoholic wards, after a service of six months. He is to be an Assistant to the Resident Alienist.

Dr. M. S. Gregory, Resident Alienist in charge, states the following:

It must be borne in mind that the number of admissions to the alcoholic and prison wards is nearly one-fifth of the total number of admissions to the hospital. The medical staff of the alcoholic service consists of a resident physician and two voluntary resident internes. When it is considered that a regular medical division, which usually accommodates from 75 to 80 patients, has from four to five internes, it is apparent that three physicians for nearly 200 rapidly changing patients is utterly inadequate. I ask that the number of internes be increased from two to four. I recommend that a Resident Physician, at \$600 per annum, be selected from the most efficient of the internes. This will not only be an incentive to the internes to do good work, but will also give an additional responsible Assistant to the Resident in charge of the alcoholic service. On account of the lack of surgical experience in the alcoholic wards, we have considerable difficulty in securing the services of good internes. The Board of Aldermen has requested special revenue bonds for the new grade. We recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen Select Committee.

No. 1269.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Chamberlain, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk	\$540 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment May 31, 1912. JOSEPH HAAG, Secretary.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 13, 1912.

To the Board of Estimate and Apportionment:
Gentlemen—On April 22, 1912, the City Chamberlain requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Clerk, at \$540 per annum. In connection therewith I report as follows:

The Chamberlain states that he desires to appoint a Clerk at the requested grade to take the place of a Clerk, at \$900, recently transferred to the Department of Finance. At present time there are no grades established in this office between \$300 and \$600.

We recommend the adoption of the attached resolution approving the establishment for one incumbent. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

No. 1270.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Parks, Borough of Brooklyn, of position and grades of positions, in addition to those heretofore established, as follows:

Title.	Rate.	Number of Incumbents.
Rodman	\$1,050 per annum	2
Transitman	1,500 per annum	2
Inspector of Masonry	1,500 per annum	2
Inspector of Regulating and Grading.....	4 per diem	3

A true copy of resolution adopted by the Board of Estimate and Apportionment May 31, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 4, 1912, the Commissioner of Parks, Borough of Brooklyn, requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the following positions and grades of positions:

Position.	Compensation.	Number of Incumbents
Rodman	\$960 00	6
Rodman	1,080 00	6
Topographical Draftsman	1,200 00	4
Topographical Draftsman	1,500 00	4
Transitman	1,200 00	4
Transitman	1,500 00	4
Transitman	1,800 00	4
Inspector of Carpentry and Masonry.....	1,500 00	6
Inspector of Masonry.....	1,500 00	6
Inspector of Regulating and Grading.....	1,200 00	8

52

The request involves an added yearly cost of \$68,640. The positions and grades are for employees to be paid from corporate stock funds. The Commissioner states that the work of the Engineering Division of the Department has greatly increased during the past two years, and that the positions and grades now existing do not permit of the proper organization of the field and office forces. Work is to be commenced on many improvements requiring the services of Rodmen, Inspectors, etc., for which no grades of positions have been established.

After examination it appears that the following establishment, involving \$9,300 per annum, is sufficient at this time:

	Rate Per Annum.	Number of Incumbents.
Rodman	\$1,050 00	2
Transitman	1,500 00	2
Inspector of Masonry.....	1,500 00	2
	Rate Per Diem.	
Inspector of Regulating and Grading.....	\$4 00	3

The Inspectors of Masonry are to be employed chiefly on the building in connection with the Shore road improvement, for which \$1,875,000 has been authorized.

We recommend the adoption of the attached resolution approving the request to the extent set forth above. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

No. 1271.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Mayor of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Accountant	\$2,000 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment May 31, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 21, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On May 7, 1912, the Mayor requested the establishment in his office of the grade of Accountant, at \$2,000 per annum, for one incumbent. In connection therewith we report as follows:

The present grades under the title of Accountant are \$1,750 and \$2,250. There is a vacancy in the \$2,250 grade, and it is proposed to fill it by appointment at \$2,000.

We recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Commissioner of Accounts:

No. 1272.

City of New York, Office of the Commissioners of Accounts, 280 Broadway, June 4, 1912.

Honorable Board of Aldermen, City Hall, Manhattan:

Sirs—Request is hereby made for the issuance of special revenue bonds amounting to \$8,870, to provide for additional employees, increase in the salary of the Director, and supplies for the equipment of the force of the Standard Testing Laboratory under the jurisdiction of this Commission.

This increase is made necessary by the increased demands made by the various City Departments for analytical work. The entire subject has been carefully canvassed by the Commission on Standardization, a Sub-Committee of the Committee

on Standardization of the Board of Estimate and Apportionment, and this increase is heartily endorsed by its members.

The distribution of this bond issue would be as follows:

1 Director, at \$6,000 per annum.....	\$6,000 00
1 Fuel Engineering Chemist, at \$1,800 per annum.....	1,800 00
1 Fuel Engineering Chemist, at \$1,500 per annum.....	1,500 00
2 Engineering Chemists, at \$1,200 per annum.....	2,400 00
3 Coal Samplers, at \$1,200 per annum.....	3,600 00
1 Stenographer and Typewriter, at \$1,200 per annum.....	1,200 00
1 Cleaner (Male), at \$720 per annum.....	720 00
	\$17,220 00

Less 5 months expired from January 1 to June 1, 1912, on the above positions..... \$7,175 00

Less salary of Director at \$4,500 per annum, from June 1 to December 31, 1912..... 2,625 00

9,800 00

Supplies and materials.....	1,000 00
Telephone service	150 00
Contingencies	300 00

Total special revenue bond issue..... \$8,870 00

On May 23, 1912, the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommended to the Board of Aldermen the establishment in the office of the Commissioner of Accounts of the additional grades of positions necessary to fill the positions above referred to. Respectfully,

RAYMOND B. FOSDICK, Commissioner of Accounts.

Which was referred to the Committee on Finance.

ORDINANCES AND RESOLUTIONS.

Aldermen Dowling asked and obtained unanimous consent to introduce the following:

No. 1273.

Whereas, The Board of Aldermen did, on February 6, 1912, adopt an ordinance relative to emblems of identification for City-owned automobiles, which ordinance took effect March 1, 1912, and required that the words "The City of New York" shall be painted plainly visible on the back of each automobile owned by the City, except those used by the Department of Police in the detection and suppression of crime, under the penalty of ten dollars for each and every offense; and

Whereas, It is said that some of the Departments of the City government have not up to date complied with the requirements of said ordinance, therefore

Resolved, That the several Departments of the government of The City of New York affected by the provisions of said "ordinance relative to emblems of identification for City-owned automobiles" be and hereby are requested to inform this Board whether the provisions of the said ordinance are or are not being observed, and if not, why not.

Which was adopted.

Reports of Committee on Finance—

No. 726.

The Committee on Finance, to which was referred on April 2, 1912 (Minutes, page 25), a request from the Commissioner of Docks for \$25,000 special revenue bonds to provide additional funds for furnishing music on the recreation piers during the year 1912, respectfully

REPORTS:

That, having examined the subject, it believes the proposed issue to be unnecessary. It therefore recommends that the said request be placed on file.

FRANCIS P. KENNEY, ROBERT F. DOWNING, HENRY F. GRIMM, JOHN DIEMER, THOS. J. MULLIGAN, FRANK L. DOWLING, Committee on Finance.

April 20, 1912.

Hon. CALVIN TOMKINS, Commissioner of Docks and Ferries, Pier A, North River, New York:

My dear Commissioner—Relative to your application for special revenue bonds in the amount of \$25,000, for the purpose of overruling the budgetary decision and providing more music for the piers this summer, I note that if this allowance is granted you will find it possible to have music every evening of the week and on three afternoons for four piers. This seems considerably more than double the amount of music, to wit, three evenings a week, that you state can be procured with the present appropriation of \$25,000. Could you kindly furnish me, for the Committee, with a full statement showing how it comes about that with double the amount of money you can secure much more than double the amount of music? Is it possible, in the light of this situation, to secure more music for the present appropriation?

It would also be of assistance to the Committee to have your ideas as to the relative benefit to be derived by the public from music appropriations for your Department and the Department of Parks. Which should be the larger, and why? If you can mail me further information along these lines, and along any other lines that may suggest themselves to you in support of the application, I should appreciate it. Very truly yours,

HENRY H. CURRAN.

Department of Docks and Ferries, City of New York, Pier A, North River, New York, April 22, 1912.

Hon. H. H. CURRAN, Chairman, Finance Committee, Board of Aldermen, City Hall, New York City:

Dear Alderman—Replying to your communication of April 20, I have to advise that the reason the appropriation of \$25,000 for music on the recreation piers will provide less than half the amount the usual appropriation would enable is due to the fact that the weekly rate for musicians is at \$3.50 per day, whereas the daily rate under which music would have to be engaged for less than a week is \$5 per day. Forty thousand dollars would be required to provide music on all of the piers every evening during the season of ten weeks, in accordance with the schedule in vogue last year, which proved very satisfactory. The expenditure of \$25,000 cannot advantageously be made.

The recreation piers are located in congested districts and during the hot summer evenings are popular breathing spots for many mothers and children unable to seek entertainment at any distance from their homes. I am not sufficiently familiar with the park situation to make a comparative statement of any value; but I do know that the districts served by the recreation piers are those in which recreation and fresh air are of vital importance and money is well spent in attracting people to the piers and providing entertainment for the crowds who assemble. Yours very truly,

CALVIN TOMKINS, Commissioners of Docks.

Which was ordered on file.

No. 912—(S. O. No. 98).

The Committee on Finance, to which was referred on April 23, 1912 (Minutes, page 189), a request from the Board of Estimate and Apportionment for an issue of \$50,000 special revenue bonds for study of efficiency and standardization, respectfully

REPORTS:

That the reasons for this request are fully set forth in the report of the Comptroller accompanying the application, which has already been printed, and the further information given in the correspondence hereto attached. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifty thousand dollars (\$50,000), the proceeds whereof to be used by the Board of Estimate and Apportionment for the purpose of conducting studies of the efficiency of methods of administration employed by the various Departments in the conduct of City work, with a view to establishing uniform methods of efficiency so far as it is practicable, all obligations contracted for hereunder to be incurred before December 31, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller of The City of New York, 280 Broadway, New York:

My Dear Mr. Prendergast—Relative to your application for special revenue bonds in the amount of \$50,000 for efficiency studies, I would like to confer with you as soon as may be possible and convenient to you; I called you up this afternoon, but your office explained that you were out of town. If you will let me know a time suitable to you, I shall be glad to call on you, with regard to this matter.

Very truly yours,

HENRY H. CURRAN.

Department of Finance, City of New York, May 1, 1912.

Hon. HENRY H. CURRAN, Chairman, Board of Aldermen, City of New York:

My Dear Alderman Curran—Will you please arrange to have a talk with me in regard to the special revenue bonds for efficiency studies. I would like to appear before the Committee at its earliest meeting. Sincerely yours,

WM. A. PRENDERGAST, Comptroller.

May 16, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller of The City of New York, 280 Broadway, New York:

Dear Mr. Prendergast—Relative to the resolution of the Board of Estimate and Apportionment requesting the recommendation by the Board of Aldermen of an issue of \$50,000 worth of special revenue bonds, for efficiency study in the City Departments, I wrote to you on April 26 last, asking the favor of an interview with you, for the purpose of obtaining definite and detailed information as to the proposed method of expending this appropriation, if granted, for the assistance of the Committee on Finance of the Board of Aldermen in considering the request. Pursuant to your reply of May 1, asking me to arrange for a talk with you on this matter, I have spoken to you once and to your Secretary once, and have telephoned your office four times in an endeavor to follow your wish that I do the arranging for such a talk. I have had no response and wish to inquire if you desire to take the matter up, as suggested by my request of April 26. Very truly yours,

HENRY H. CURRAN.

Department of Finance, City of New York, May 17, 1912.

Hon. HENRY H. CURRAN, Board of Aldermen, City of New York:

Dear Alderman Curran—Your letter of the 16th inst. has been received. I understood that you were to call here last Saturday. I would have been glad to see you at that time. Won't you arrange to see me on Monday or Tuesday? I will be here every day next week. With best wishes. Very truly yours,

WM. A. PRENDERGAST, Comptroller.

May 22, 1912.

Hon. WILLIAM A. PRENDERGAST, Comptroller of The City of New York, 280 Broadway, New York:

Dear Mr. Prendergast—Confirming our conversation of yesterday, relative to the request of the Board of Estimate to the Board of Aldermen for the latter's recommendation of an issue of special revenue bonds in the amount of \$50,000 for efficiency studies, I shall be pleased to receive, for the assistance of the Committee on Finance of the Board of Aldermen, a statement this week of how the money is proposed to be spent, showing the kind of help proposed to be hired, the character of the proposed investigation, the proposed methods for obtaining the desired information and the probable length of time necessary for completing the work. All in complete and exact detail, with supporting schedules and a proper and thorough exposition of the modus operandi as distinguished from the objects sought to be obtained.

Thanking you for your consideration, I am, very truly yours,

HENRY H. CURRAN.

Department of Finance, City of New York, May 28, 1912.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, 51 Chambers St., City:

My Dear Alderman Curran—As you are aware, Comptroller Prendergast is ill at home. He has referred your letter to me.

In your letter of May 22d regarding the pending request for an issue of special revenue bonds for efficiency studies, you asked for five specific lines of information, as follows:

1. A statement of how the money requested is proposed to be spent.
2. The kind of help proposed to be hired.
3. The character of the proposed investigation.
4. The proposed methods for obtaining the desired information.
5. The probable length of time necessary for completing the work.

I shall endeavor to answer your inquiries fully in the order in which they are here stated.

1. As we now plan the different lines of inquiry we estimate that the expenditure for each particular kind of work will be somewhat as follows:

For the standardization of salaries.....	\$20,000 00
For the standardization of supplies.....	10,000 00
For systematizing of office methods.....	10,000 00
For systematizing, purchasing and storekeeping methods.....	10,000 00

2. It is proposed that special staffs be organized for each line of inquiry consisting of men who have had experience in investigation and system work. To a large extent the type of man to be employed will be of the expert accountant class, such as is now used in our expert accounting division. Each of the sections of the work will be organized under the supervision of some carefully selected supervisor whose salary will range, depending upon his particular qualifications, from \$3,000 to \$4,000. It may be that we shall desire to employ a higher priced man to supervise parts of the work for short periods but as to this we have reached no conclusion. The proposed allowance for supplies standardization will be added to the present funds available for the work of the supplies standardization commission. The work of that commission has only begun and will require a very much larger force than can be employed with the present appropriation if it is to be brought anywhere near completion before the end of this term.

3. No investigation is proposed except such investigation as is necessary to get facts for constructive work. Thus in respect of salary standardization it will be necessary to find out exactly what work is now performed by the various classes of employees, to learn why discrepancies in salaries exist, to get all the facts regarding changes made in individual salaries and reasons for those changes, to inquire regarding the compensation paid for similar work in private employment. A similar procedure will be followed in respect of the standardization of office, purchasing and storekeeping methods. The first task will be to obtain an accurate description of present methods employed, the second to select from present methods the best methods employed in any of the departments, the third to prepare a uniform plan and procedure for adoption by all departments. The methods now used in standardizing supplies will be continued in the expenditure of such additional sums as may be allowed. It is proposed to employ three or four capable men to gather information regarding the best class of supply to be used by the City for each particular purpose. From time to time it will be necessary to supplement the technical equipment of the standard testing laboratory with expert service for advice in preparing technical specifications.

4. The methods to be used for obtaining information are as far as possible to be in co-operation with department heads. It is intended to organize advisory committees representing the different departments to deal with each of these questions. In all events it is proposed that no final steps shall be recommended without conference between the various departments interested in the particular problem. Indeed this is one of the particular objects of the efficiency work, namely, to bring more closely together and to render more equally efficient the various branches of the City service. This, of course, can best be attained through co-operation. It is proposed that first hand information be obtained by sending qualified men into the departments to secure accurate descriptions of existing methods, to study processes, to tabulate facts and to interview employees regarding work done by them and their method of doing it. There is absolutely no intention of investigating with a view to finding wrong doing. It is intended merely that every fact essential to judgment with regard to working out a scientific plan for fixing salaries, with regard to preparing specifications, with regard to conducting the routine business of the various departmental offices, to purchasing supplies and keeping stores, shall be obtained with the greatest possible precision and so tabulated and classified as to facilitate the working out of constructive plans.

5. With respect to length of time, it would probably be difficult to reach a point of constructive recommendation in much less than six months' work. By the end of one year very definite results should be shown. Had we begun earlier results would have been obtained in many directions in time for action in preparing next year's budget. Of course in standardization of supplies added funds will make added results immediately possible. In the other lines of inquiry where facts must first be

obtained before suggestions can be formulated, constructive action will be deferred only by the necessary time for gathering facts.

I append a list of the more important classes of supplies still to be standardized. As you will be able to judge, they involve an annual expenditure of many millions of dollars now spent under divers specifications with consequent divers returns to the City. If you desire any further information that will help you to understand our program, please command me. Sincerely yours,

GEORGE L. TIRRELL, Secretary to the Department.

Already Standardized—Food products, fuel, fuel oil, forage, horses.

To Be Standardized—Cleaning materials and compounds, cleaner's supplies and equipment, clothing, cordage, rope and oakum, drafting and engineering tools and implements, drugs and chemicals, dry goods and notions, electrical supplies, fire apparatus, appliance and supplies, furniture and fixtures, hardware general, hospital supplies, house furnishings, including kitchen utensils, iron, steel and other metal, leather and saddlery, machinery and parts, materials of construction, materials for prison goods, nails, bolts, nuts and washers, nautical supplies, office equipment and stationery, paints and oils, oils, greases and lubricants, pipe fittings; plumbers' and steamfitters' supplies, printed, lithographed and bound stationery and supplies, stable and equipment, school supplies, tools and implements, vehicles.

The Committee on Finance, to which was referred on May 14, 1912 (Minutes, page 452), the annexed request from the Department of Health for \$2,000 special revenue bonds to reimburse Department of Docks and Ferries for labor and materials used in making repairs to an offal dock, respectfully

REPORTS:

That the details of this application are fully set forth in the letter of request and the subsequent correspondence hereto attached. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand dollars (\$2,000), the proceeds whereof to be used by Department of Health for the purpose of reimbursing Department of Docks and Ferries for labor and materials to be furnished in making temporary repairs to the offal dock at the foot of W. 39th st., Borough of Manhattan, all obligations contracted for hereunder to be incurred before December 31, 1912.

Department of Health, City of New York, Corner Centre and Walker Streets, Borough of Manhattan, Office of the Secretary, New York, May 10, 1912.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Sir—Enclosed herewith is a copy of resolution adopted by the Board of Health May 7, 1912, requesting the Board of Aldermen to authorize an issue of special revenue bonds under the provisions of subdivision 8 of section 188 of the Greater New York Charter in the sum of \$2,000, the proceeds whereof to be used by the Department of Health to reimburse the Department of Docks and Ferries for labor and materials the said Department of Docks and Ferries is willing to furnish in making temporary repairs to the offal dock at the foot of West 39th street, Borough of Manhattan, which is submitted for consideration.

The contractor for the removal of nightsoil, offal and dead animals from The City of New York has notified this Department on several occasions that the dock referred to in the above-mentioned resolution is in a dangerous condition and that unless it is repaired without delay, it will be almost impossible for the contractor to perform the work of collecting and removing dead animals during the summer months.

The Commissioner of Docks and Ferries has lately caused a careful examination of the dock to be made and he finds that it will necessitate an expenditure of from \$7,500 to \$8,000 to place the area in absolutely first-class condition.

It is of course a very difficult matter to make an accurate estimate as to the cost of repairs in a case of this character for the reason that the extent of rot and other defects can only be ascertained absolutely by uncovering the pier. Provisions for an appropriation of from \$7,500 to \$8,000 will be embodied in the estimates of the Department for the Budget for the year 1913.

In the meantime, temporary repairs can be made at an expense estimated at \$1,000 for labor and \$1,000 for material, a total of \$2,000, and this temporary work will be undertaken by the Department of Docks and Ferries provided the necessary appropriation is made. A bill for the actual amount of the temporary repairs will be submitted by the Commissioner of Docks and Ferries to the Department of Health.

Very truly yours,

EUGENE W. SCHEFFER, Secretary.

Department of Health, City of New York, Corner Centre and Walker Streets, Borough of Manhattan, Office of the Secretary, New York, May 10, 1912.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Sir—At a meeting of the Board of Health of the Department of Health held May 7, 1912, the following resolution was adopted:

Resolved, That the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, be and it is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to an amount not exceeding the sum of \$2,000, the proceeds whereof to be used by the Department of Health to reimburse the Department of Docks and Ferries for labor and materials the said Department of Docks and Ferries is willing to furnish in making temporary repairs to the offal dock set aside for the use of the Department of Health at the foot of West 39th street, in the Borough of Manhattan, as follows:

For labor	\$1,000 00
For materials	1,000 00

\$2,000 00

Hon. EUGENE W. SCHEFFER, Secretary of the Board of Health, Centre and Walker Sts., New York:

Dear Sir—Relative to your application for an issue of special revenue bonds in the amount of \$2,000 for repairs to the dock at the foot of W. 39th st., Borough of Manhattan, can you kindly inform me by mail within a few days, for the assistance of the Committee on Finance, whether you made application for the money for this purpose in the 1912 Budget? If so, and the application was denied, can you give me the reasons for the denial? If you did not so apply, can you tell me if it was not possible to foresee in September last the early necessity for this expense?

A full statement of when and how you discovered the need for the expenditure would help us in determining the matter. Very truly yours,

HENRY H. CURRAN.

City of New York, Department of Health, Office of the Secretary, May 18, 1912.

Hon. HENRY CURRAN, Chairman, Committee on Finance, Board of Aldermen:

Sir—I have yours of the 17th inst., relative to the request of the Board of Health for an issue of special revenue bonds in the amount of two thousand dollars (\$2,000), to be expended for repairs to the offal dock at the foot of W. 39th st., in the Borough of Manhattan. This item was not incorporated in the estimate for the Budget for the year 1912 for several reasons. In the early fall of 1911, a request for the repair of the dock was made to the Department of Docks and Ferries. That Department stated that temporary repairs would cost in the neighborhood of nine hundred dollars (\$900), and that the Department would be glad to undertake the work provided the Comptroller would give assurances that vouchers for the amount would be promptly audited and paid. Communications with the Comptroller brought out the fact that it would be impossible to transfer from the appropriation of the Department of Health to the Department of Docks and Ferries the amount specified, owing to restrictions imposed by the Board of Estimate and Apportionment. After these negotiations were concluded, it was too late to make provision in the Budget for 1912. The examination of the dock which brought forth the information that the temporary repairs would cost only nine hundred dollars (\$900) was a superficial one, and later when a more thorough examination was made the sum was increased to two thousand dollars (\$2,000). It should be understood also, that two thousand dollars (\$2,000) will provide funds only for temporary repairs. It is merely a question of time when the dock will have to be thoroughly overhauled and that will involve an additional expense of eight thousand dollars (\$8,000). It is the intention to incorporate the latter amount in the 1913 Budget or, failing that, not later than the 1914 Budget. Very truly yours,

EUGENE W. SCHEFFER, Secretary.

No. 1159—(S. O. No. 100).

The Committee on Finance, to which was referred on May 28, 1912 (Minutes, page 503), the annexed request from the Trustees of Bellevue and Allied Hospitals for \$700 special revenue bonds for salary of a Laundry Manager, respectfully

REPORTS:

That the new laundry is just about to be completed and needs such an employee. When the Budget for this year was made up nothing was done in relation to this place because of the non-completion of the plant. As the money cannot be made available in the natural course for another month, funds are recommended from July 1 instead of June 1, as requested. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six hundred dollars (\$600), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals, for the purpose of paying salary of a Laundry Manager, at the rate of \$1,200 per annum, from July 1 to December 31, 1912.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Ave. and 26th St., New York, May 21, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of special revenue bonds to an amount not exceeding \$700, in order to pay the wages of a Manager of Laundry for the remainder of the year 1912, beginning on June 1. The installation of machinery in the new laundry is rapidly approaching completion, and it is probable that the building can be occupied within the next few weeks. In view of the fact that the equipment represents an expenditure of about \$62,000, and that much of the machinery is somewhat complicated, it would seem desirable that a competent Laundry Manager or Superintendent should be appointed. The grade of Manager of Laundry at a salary of \$1,200 with maintenance formerly existed in the Department, but a Trained Nurse has been in charge for the past two years. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

The Committee on Finance, to which was referred on May 28, 1912 (Minutes, page 509), the annexed request from the Commissioner of Parks, Manhattan and Richmond, for \$1,350 special revenue bonds to pay salaries of additional help during vacation period, respectfully

REPORTS:

That the reasons for this application are set forth in the letter of request. It appears that four new comfort stations have been opened since the first of the year without any increase in the force. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand three hundred and fifty dollars (\$1,350), the proceeds whereof to be used by the Park Department, Manhattan and Richmond, for the purpose of paying salaries of nine Attendants at \$50 each per month during the months of July, August and September, 1912.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, May 23, 1912.

To the Honorable the Board of Aldermen, The City of New York:

Gentlemen—Pursuant to the resolution adopted by your Board under date of April 2, 1912, requesting that the heads of Departments make application for revenue bonds to defray the expense for additional help during the vacation period, I respectfully request that you recommend to the Board of Estimate and Apportionment an issue of special revenue bonds to an amount of \$1,350 to provide for nine Attendants, at fifty dollars (\$50) a month, for the months of June, July and August.

The appropriation made in the budget for the year 1912 was sufficient only to pay the salaries of the force now employed, and as that force is down to a minimum, no vacations can be granted unless I close some of the stations during the Attendants' absence on vacations.

I respectfully request that you give this matter your immediate attention, so that the Board of Estimate and Apportionment may taken action in time to allow me to start the vacation periods July 1. Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The Committee on Finance, to which was referred on May 28, 1912 (Minutes, page 510), the annexed request from the Department of Taxes and Assessments for \$2,000 special revenue bonds for the payment of postage stamps and stamped envelopes to be purchased by said Department, respectfully

REPORTS:

That, having examined the subject, it believes the proposed appropriation to be necessary. The letter of request gives a clear statement as to the reasons for this application. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand dollars (\$2,000), the proceeds whereof to be used by the Department of Taxes and Assessments for the purpose of purchasing postage stamps and stamped envelopes, for the use of said Department, in the several boroughs of The City of New York, all obligations contracted for hereunder to be incurred before December 31, 1912.

HENRY H. CURRAN, C. A. POST, BRYANT WILLARD, HENRY F. GRIMM, ROBERT F. DOWNING, JOHN S. GAYNOR, Committee on Finance.

Department of Taxes and Assessments of The City of New York, Borough of Manhattan, Hall of Records, May 27, 1912.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—At a meeting of the Board of Taxes and Assessments, held on May 23, 1912, the following resolution was unanimously adopted:

"Resolved, That the Board of Aldermen be and hereby is requested to request the Board of Estimate and Apportionment, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue special revenue bonds to the amount not to exceed the sum of two thousand dollars (\$2,000), the proceeds whereof shall be applied to the payment for postage stamps and stamped envelopes for the use of the Department of Taxes and Assessments in the several boroughs of The City of New York."

In transmitting this resolution, I am requested to state that the appropriation made to this Department for contingent expenses for the year 1912 was reduced by the sum of two thousand two hundred and fifteen dollars (\$2,215) from the appropriation made for the same purpose during the year 1911. This action was taken probably because the expenditure for the first six months of the year 1911 had not included the expenditure for postage stamps and stamped envelopes, which was not made until after the first of July, consequently it appeared that the Department was in possession of a larger amount than was apparently required and a diminution of the appropriation might be made, notwithstanding the urgent representations of this Department.

As a result of this action the Department now finds itself without funds to buy the requisite postage stamps and stamped envelopes which the work of the Department demands, and it is urgently requested that prompt and favorable action will be taken by your Honorable Board in order that the operations of the Department may not be hampered.

The expenditure for postage stamps and stamped envelopes is one of the most important which this Department has to make during the year, as you will recognize

the fact that the large number of notices of assessment and correspondence involves a very large demand for the necessary postage. Respectfully,

C. ROCKLAND TYNG, Secretary.

The Committee on Finance, to which was referred on May 28, 1912 (Minutes, page 559), the annexed resolution in favor of an issue of \$1,000 special revenue bonds for celebrating anniversary of Battle of Antietam, respectfully

REPORTS:

That, having examined the subject, it believes the proposed appropriation to be one that will be used for a worthy and patriotic purpose, which will be of an interesting and educational nature to the public and it therefore recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand dollars (\$1,000), the proceeds whereof to be used under the jurisdiction of a Special Committee of the Board of Aldermen for the purpose of celebrating the fiftieth anniversary of the Battle of Antietam, to be held in Prospect Park, in the Borough of Brooklyn, on Saturday, September 21, 1912, under the auspices of the War Veterans and Sons' Association of the United States of America.

The Committee on Finance, to which was referred on April 23, 1912 (Minutes, page 194), the annexed resolution in favor of designating site for additional County Court House for the County of Richmond, respectfully

REPORTS:

That the Committee has held a public hearing on this matter and has also surveyed the proposed site. So far as it is able to ascertain, the trend of public opinion in this county is strongly in favor of this measure. Full information regarding same is given in the papers hereto attached. The Committee believes this proposed site to be the best available for the purpose, and therefore recommends that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby selects the following-described property located north of the Borough Hall, in the block bounded by Stuyvesant place, DeKalb st., Jay st. and South st., in the 1st Ward (New Brighton), Borough of Richmond, as a site for an additional County Court House in the County of Richmond, to wit:

"All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the 1st Ward (New Brighton), Borough of Richmond, City of New York, bounded and described as follows:

"Beginning at the point of intersection of the westerly line of Jay st. with the southerly line of DeKalb st.; running thence westerly along said southerly line of DeKalb st. 216 feet 9 inches to the easterly line of Stuyvesant place; thence southerly along said easterly line of Stuyvesant place 223 feet 10 inches to the northerly line of property belonging to The City of New York; thence easterly along said northerly line of the property of The City of New York 216 feet 9 inches to the above mentioned westerly line of Jay st.; thence northerly along said westerly line of Jay st. 224 feet to the point or place of beginning."

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, April 22, 1912.

The Honorable Board of Aldermen of The City of New York, City Hall, New York City:

Sirs—In order to conform with the interpretation of section 47 of the Charter, amended by chapter 376 of the Laws of 1908, made by the Corporation Counsel in his communications of August 25, 1910, to Honorable William A. Prendergast, Comptroller, and Michael J. Drummond, Commissioner of Charities, I hereby offer the following resolution, the language of which has been carefully prepared for me by the Corporation Counsel:

"Resolved, That the Board of Aldermen hereby selects the following-described property located north of the Borough Hall, in the block bounded by Stuyvesant place, DeKalb st., Jay st. and South st., in the 1st Ward (New Brighton), Borough of Richmond, as a site for an additional County Court House in the County of Richmond, to wit:

"All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the 1st Ward (New Brighton), Borough of Richmond, City of New York, bounded and described as follows:

"Beginning at the point of intersection of the westerly line of Jay st. with the southerly line of DeKalb st.; running thence westerly along said southerly line of DeKalb st. 216 feet 9 inches to the easterly line of Stuyvesant place; thence southerly along said easterly line of Stuyvesant place 223 feet 10 inches to the northerly line of property belonging to The City of New York; thence easterly along said northerly line of the property of The City of New York 216 feet 9 inches to the above mentioned westerly line of Jay st.; thence northerly along said westerly line of Jay st. 224 feet to the point or place of beginning."

You will observe that the resolution is in relation to the selection of a site for an additional County Court House for the County of Richmond upon property adjoining the municipal building here at St. George, New Brighton. In this connection, permit me to call your attention to the ordinance adopted by your Honorable Board July 31, 1911, providing for the issuance of corporate stock in the amount of \$250,000 to provide means for the acquisition of a site and for the construction of a court house in the Borough of Richmond. In this ordinance there was no definite designation of a site further than the general designation of New Brighton, which is the postoffice address of the portion of the Borough more familiarly known as St. George. The subject of the exact site for the building has, however, for a very long time been given the most careful and painstaking consideration and the opinion and advice of architects, judges, lawyers and citizens generally have been sought, and in my opinion a very large majority of our people favor the selection of the exact site covered by the resolution which I submit.

I enclose, for your more particular information, the letter upon the subject from the well-known firm of architects, Messrs. Carrere and Hastings, who designed our very satisfactory Richmond Borough Hall; the letter of Honorable J. Harry Tiernan, our County Judge and Surrogate; an extract from the Minutes of the Justices of the Supreme Court of the State of New York for this Department, and a copy of a presentment made by the Richmond County Grand Jury in January of this year. Preliminary studies have been made, at my request, by Messrs. Carrere and Hastings and they indicate that the additional County Court House which we have in contemplation could be erected upon the site indicated in immediate proximity to the Borough Hall and that such a building would be in full accord with the architectural style of the Borough Hall, and this without requiring immediate removal of all the present buildings on the block, whose occupants would, therefore, have ample time to secure new locations for their businesses. The convenience of litigants, of the Justices of the Supreme Court and of the County Court and Surrogate, of the citizens of all the other boroughs, as well as the Borough of Richmond, will be facilitated, it is apparent, in a much greater degree by the selection of this site than of any other. One of its great advantages is its proximity to the Municipal Ferry and to all the transportation lines of the Borough of Richmond.

Not only will the appearance of the Borough Hall be greatly enhanced by the improvement of the remainder of the block with a suitable court house, but a very considerable saving can be accomplished by the selection of this site, because of the fact that both the additional court house and the Borough Hall can be heated from one general heating plant. Considerable saving can also be made by the selection of this site in many other items of care and supervision.

Very respectfully yours, GEORGE CROMWELL, President of the Borough.

P. S.—I enclose, for your information, an article upon this subject which appeared in the "New York Times" of March 31, 1912.

Supreme Court, January, 1912 Term.

In obedience to the suggestion of the Court, the Grand Jury conducted an in-

vestigation with a view of determining the present status of the movement for the change of the present Court House at Richmond, and the erection of a new Court House building, therefore the following presentment is made:

The present building is inadequate and unsanitary, and endangers the health of jurors, litigants and witnesses, and other persons having occasion to frequent the building.

We are assured by the President of the Borough that funds are immediately available for the erection of a new Court House building; that a site has been selected at St. George, and that proceedings will be instituted forthwith for the purpose of acquiring the land by condemnation.

We recommend that the proper officials having the matter in charge proceed expeditiously.

"On motion the proposed site for the Court House at St. George and the plans as exhibited were approved by the Justices; the motion calling merely for the approval by the Justices of the proposed site and plans, and of the removal of the court house from Richmond."

County Judge and Surrogate of the County of Richmond, Borough Hall, New Brighton, New York, March 12, 1912.

Hon. GEORGE CROMWELL, President, Borough of Richmond, Borough Hall, New Brighton:

My dear Mr. President—I saw in the public press that a hearing would be held by the Board of Estimate and Apportionment on next Tuesday respecting the site for a County Court House in this County. It was my intention to personally appear at that hearing and advocate the building of this Court House, but the term of the Court at which I am presiding, now in session in Richmond, prevents me from so doing. I wish you would communicate to the other members of the Board of Estimate my approval of your plan, for I believe that the quicker this matter is attended to the better it will be for the interests of the people of Richmond County.

The condition of the records in the Surrogate's Court at the present time is deplorable. The quarters of the Court at Richmond are entirely inadequate. The Clerks in performing their duties at Richmond are compelled to use the rooms set apart for the law library, and their quarters are poorly ventilated and lighted. I believe that if the attention of the Board of Health was called to the building, it would condemn it. The records are kept in inflammable boxes—if a fire should occur, they would be completely destroyed.

I have talked with a great many lawyers and citizens generally respecting this change and have yet to find a person who opposes it.

Trusting that your proposition will meet with the approval of the Board of Estimate and Apportionment, I remain, Very truly yours,

J. HARRY TIERNAN, County Judge of Richmond County.

Carrere & Hastings, Architects, 225 5th Ave., New York, November 28, 1911.

Dear Sir—In considering the best site for a public building it is most important to bear in mind the orderly development of the City, or Borough, planning with regard not only to the present conditions, but with a vision of its ultimate development and growth.

We feel strongly that not only from the utilitarian point of view it is an advantage to have important federal and municipal buildings close to each other, but from the artistic point of view a more interesting ensemble is obtained, the buildings lending character to each other, and when in juxtaposition the way is necessarily clear of other and likely to be unsightly structures and unkempt grounds which interfere with the general character of the design.

Your ferry house is the portal of the Borough of Richmond; the Borough Hall is the first important building of its character to have been built; the court house will be the next; and, in time, a Federal post office and an art and historical museum are sure to come.

We feel very strongly that there is no site better adapted for these buildings than that which borders the terrace wall overlooking the bay, forming a general line of development as shown in the accompanying plan, beginning with the Borough Hall and finishing with the museum, all of which would be connected by a general park system, affording a most interesting and attractive landscape development.

The lay of the land is interesting from every point of view; Jay st. being lower than Stuyvesant place, making about one story difference in elevation; suggesting a practical solution of the problem for the approaches to each individual building. With the library, academy and high school so near by, this series of buildings would form, as it were, a general civic centre to the Borough of Richmond.

We fully recognize the claim which has been made for other sites in considering the location of the County Court House, but we feel that a properly planned Court House can both borrow interest from the Borough Hall for itself and give interest to the Borough Hall in return. The site south of the library seems to us to be crowded between minor buildings, and unrelated to the Borough Hall. If the Court House were placed parallel to the Borough Hall it would not lie well as to grades, nor would it have any relation to the streets around it. If it were placed, as has been suggested, in the present Low estate, on the top of the hill, it would be far from the civic center, inconvenient for approach from the Ferry House, and unrelated to all the other public buildings of the Borough. The future of that neighborhood impresses us as being more a section of the Borough which should develop for residential purposes.

If it were placed on the site on the west side of Stuyvesant place, as has also been suggested, we believe it would make a less good architectural composition with the Borough Hall and the possible future buildings already contemplated.

We also strongly advocate the close proximity of these public buildings to each other on the ground of being far more economical in construction as well as in the upkeep when once completed. We refer more especially to the question of lighting and heating, inasmuch as these buildings might eventually be supplied from one central source or plant.

We beg to say that this report is based upon a very careful study and a personal inspection of the sites that have been suggested as possible for the location of your contemplated Court House, and beg to remain, very sincerely yours,

CARRERE & HASTINGS.

May 2, 1912.

Hon. ARCHIBALD R. WATSON, Corporation Counsel of The City of New York, Hall of Records, New York:

My Dear Sir—In behalf of the Committee on Finance of the Board of Aldermen, I wish to ask your extraordinary consideration in letting us have an immediate and definite opinion regarding the powers of the Board of Aldermen in connection with the application received by this Board from the President of the Borough of Richmond (Int. No. 918, page 194, Minutes of Board of Aldermen of April 23), for the selection of a site for an additional County Court House for the County of Richmond, to be located at St. George, Staten Island. For your guidance, I transmit herewith all the correspondence which President Cromwell has placed at the disposal of the Committee. In this particular case, is the power to thus select this site vested in the Board of Aldermen, the Board of Estimate or some other officer or Department of the City Government? If this power is lodged elsewhere than in the Board of Aldermen, is it necessary for the Board of Aldermen to act, and if it is to what extent and with what particular power? Very respectfully yours,

HENRY H. CURRAN.

May 23, 1912.

Hon. ARCHIBALD R. WATSON, Corporation Counsel of The City of New York, Hall of Records, New York:

Dear Sir—On May 2 last, I wrote you, in behalf of the Committee on Finance of the Board of Aldermen, as follows:

"In behalf of the Committee on Finance of the Board of Aldermen, I wish to ask your extraordinary consideration in letting us have an immediate and definite opinion regarding the powers of the Board of Aldermen in connection with the application received by this Board from the President of the Borough of Richmond (Int. No. 918, page 194, Minutes of Board of Aldermen of April 23), for the selection of a site for an additional County Court House for the County of Richmond, to be located at St. George, Staten Island. For your guidance, I transmit herewith all the correspondence which President Cromwell has placed at the disposal of the Committee. In this particular case, is the power to thus select this site vested in the Board of Aldermen, the Board of Estimate or some other officer or Department of the City Government? If this power is lodged elsewhere than in the Board of Aldermen, is it necessary for the Board of Aldermen to act, and if it is to what extent and with what particular power?"

I have received no reply from you and wish to say that we are anxious to dispose of this matter and have kept it waiting over three weeks now for your opinion. Could you kindly let me have your opinion before the end of this week?

Very truly yours,

HENRY H. CURRAN.

City of New York, Law Department, Office of the Corporation Counsel, New York, May 31, 1912.

Hon. HENRY H. CURRAN, Chairman, the Committee on Finance of the Board of Aldermen:

Dear Sir—I deferred answering your communication under date of May 2, 1912, because of the fact that by resolution of the Board of Aldermen my opinion has been requested as to the powers of said Board generally with respect to the selection of sites for public buildings in The City of New York, in connection with which a research, involving the examination of many statutes and cases, is in progress in this Department with a view of answering the question propounded. However, the urgency of your later communication impels me to answer now the question which is the subject of your two communications to me.

You ask to be advised as to whether the power to select a site for an additional County Court House for the County of Richmond is vested in the Board of Aldermen, the Board of Estimate and Apportionment or some other officer or Department of the City, and if it is lodged elsewhere than in the Board of Aldermen whether it is necessary for the Board of Aldermen to act, and if it is, to what extent and with what particular power?

By subdivision 13 of section 12 of the County Law, the Board of Supervisors of the various counties, except the County of New York, shall

"purchase, lease or otherwise acquire for the use of the county, necessary real property for court houses, jails, almshouses, asylums and other county buildings and for other county uses and purposes. * * *

This provision was in force at the time the Greater New York Charter became a law.

By section 42 of the Greater New York Charter, it is provided:

"Except as otherwise provided in this act, all the powers and duties which on December thirty-first, eighteen hundred and ninety-seven, were conferred or charged upon the common council or the mayor, aldermen and commonalty of the city of New York, or the board of aldermen thereof, or upon the common council of the city of Brooklyn, or of Long Island City, or upon any board, body or officer of any of the municipal and public corporations or parts thereof consolidated with the city of New York, as heretofore known and bounded, and all the powers and duties which on January first, nineteen hundred and two, are conferred or charged upon the municipal assembly of the city of New York shall be exercised and performed by the board of aldermen of the city of New York, as hereby constituted, subject, nevertheless, to the power of approval or disapproval by the mayor of said city, as provided in this act."

It thus appears that the power, which was vested in the Board of Supervisors of the County of Richmond at the time of consolidation, to purchase, lease or otherwise acquire real property for court houses, was devolved upon the Board of Aldermen of The City of New York by the Greater New York Charter, subject, however, to the power of approval or disapproval by the Mayor. In this view, the Board of Aldermen is vested with the power of selecting a site for an additional County Court House in the County of Richmond.

Moreover, the same conclusion is deducible upon another theory in the state of the law as it exists to-day.

In the recent case of Drescher vs. Gaynor, as Mayor, etc., et al., it was alleged that the act, providing for the issuance of corporate stock of the City for the acquisition and construction of a court house in the County of New York, was violative of the constitutional provision which inhibits the expenditure of municipal funds except for City purposes. Mr. Justice Marean at a Special Term of the Supreme Court, Kings County, however, held that the construction of a court house in a county embraced within the territorial confines of The City of New York was clearly "a City purpose." This, as the last judicial utterance upon the subject, must be taken as the law until reversed, modified or otherwise overruled.

It follows that if the construction of a county court house is "a City purpose," the building is a public building within the meaning of the words as used in section 47 of the charter. Section 47 provides:

"The board of aldermen shall have power to provide by ordinance for the acquisition, construction or establishment of markets; * * * for acquiring, constructing, improving, permanently bettering and equipping public buildings, including school houses, libraries and sites therefor for the use of the city. * * *

From this viewpoint, proceeding from the premises that a county court house is a public building and that its construction is "a City purpose," the Board of Aldermen appears to be vested with the power to select a site for the proposed additional County Court House referred to in your communication.

No matter whence the Board of Aldermen derives the power of selection, the same must be exercised in the manner prescribed by the Charter (with exceptions not germane to the question under consideration) by virtue of the following provision therein contained:

"Section 1435. Whenever the city of New York, or any of the departments, including the department of education, boards or officers of the said city government, shall be authorized by law to acquire title to real estate or any tenements, hereditaments, corporeal or incorporeal rights in the same, for any public use or purpose by condemnation, the proceeding for that purpose shall be taken and conducted in the manner prescribed in this title, except as provided in section fourteen hundred and forty-eight of this act."

One restriction is contained in section 1436a of the Charter, wherein it is provided:

"It shall be the duty of the department, board or officer which has selected lands as aforesaid to submit the matter to the board of estimate and apportionment, and no further proceedings shall be taken until the acquisition of said lands is approved and authorized by a majority vote of all the members of the said board of estimate and apportionment at a meeting of said board duly called and held."

Furthermore, if the Board of Aldermen derives its power under the provisions of section 47 of the Charter, its action is constrained by this proviso therein contained:

"but no bonds or other evidences of indebtedness shall be issued under the authority of this section, unless the proposition for creating such debt, shall first be approved by a majority vote of the whole board of estimate and apportionment, entered on the minutes of record of such board."

I am of opinion that the Board of Aldermen has the power to select a site for the proposed additional County Court House in the County of Richmond, subject to the Charter limitations referred to. Respectfully yours,

ARCHIBALD R. WATSON, Corporation Counsel.

The Committee on Finance, to which was referred on May 28, 1912 (Minutes, page 561), the annexed resolution in favor of paying bill of the M. B. Brown Printing and Bookbinding Company for printing manual, respectfully

REPORTS:

That this work having been done by order of the Board, it should be paid for. They therefore recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the M. B. Brown Printing & Binding Co., for the sum of four hundred and seventy-four dollars (\$474), the said sum to be payment in full for printing and binding five hundred copies of the "Manual of the Board of

Aldermen for 1912-1913"; said sum to be charged to and paid out of the appropriation entitled "Supplies and Materials, Board of Aldermen, 1912," Code No. 37.

The Committee on Salaries and Offices, to which was referred on April 2, 1912 (Minutes, page 19), the annexed resolution in favor of establishing grades of Editor and Bookkeeper under Board of City Record, respectfully

REPORTS:

That this is a readjustment in salaries to correspond with changes in the work of the office and calls for an increase in salary of \$150 per annum each for two Bookkeepers, which is met by a reduction of \$300 per annum in the salary of the Editor. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 21, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of City Record of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Editor	\$2,700 00	1
Bookkeeper	2,250 00	2

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said position as set forth therein.

The Committee on Salaries and Offices, to which was referred on May 28, 1912 (Minutes, page 507), the annexed resolution in favor of fixing compensation of certain Janitors, Department of Education, respectfully

REPORTS:

That, having examined the subject, it believes the proposed changes to be necessary. The only increase is in the rate of compensation for the Janitor of Public School 46, based on added measurement caused by completion of school. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held May 16, 1912:

Whereas, By opinions of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provision of section 56 of the Charter is now in the hands of a special committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School 46, The Bronx; rate of compensation, \$3,900 per annum.
Janitor, Public School 1, Queens; rate of compensation, \$1,080 per annum.
Janitor, Public School 72, Queens; rate of compensation, \$1,080 per annum.
Janitor, Public School 97 A and B, Manhattan; rate of compensation, \$10 per month.
Janitor, Public School 80, Manhattan; rate of compensation, \$60 per month, to take effect on March 1, 1912, and \$10 per month to take effect on March 27, 1912.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

REPORT OF COMMITTEE ON PUBLIC LETTING.

The Committee on Public Letting, to which was referred on May 28, 1912 (Minutes, page 517), the annexed resolution in favor of authorizing the Special Committee on Fourth of July Celebration to enter into contracts without public letting, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary. It is practically impossible to draw specifications and advertise for the multiplicity of detail in connection with this celebration. It therefore recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Special Committee of the Board of Aldermen appointed for such purpose be and hereby is authorized and empowered to enter into a contract or contracts, without public letting, for work to be performed or materials to be supplied in connection with the municipal celebration on July 4, 1912, to an amount not to exceed fifty thousand dollars (\$50,000).

SPECIAL ORDERS.

No. 93—Int. No. 816.

The Committee on Finance, to which was referred on April 16, 1912 (Minutes, page 96), a communication from the Commissioner of Parks, Manhattan and Richmond, asking for \$59,035 special revenue bonds for repairs to Public Library, respectfully

REPORTS:

That this Committee, through its Chairman, has gone into this matter exhaustively. It was at a loss, at first, to understand how a new building was in need of such extensive repairs, but it is now satisfied that a portion of this work is imperative. The attached correspondence more fully explains the matter, and shows a large reduction secured in the estimate. The Committee believes that the reduced amount is necessary, and recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty thousand six hundred and eighty dollars (\$30,680), the proceeds whereof to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the purpose of making necessary repairs and alterations to the New York Public Library Building at 42d st. and Bryant Park, all obligations contracted for hereunder to be incurred before December 31, 1912.

HENRY H. CURRAN, ROBERT F. DOWNING, BRYANT WILLARD, FRANCIS P. KENNEY, THOS. J. MULLIGAN, HENRY F. GRIMM, C. AUGUSTUS POST, Committee on Finance.

The City of New York, Department of Parks, Arsenal, Central Park, April 8, 1912.

To the Honorable the Board of Aldermen, The City of New York:

Gentlemen—I respectfully request that you recommend to the Board of Estimate and Apportionment an authorization of special revenue bonds to an amount of \$59,035, the proceeds whereof to be used for the purpose of making necessary repairs and alterations to the New York Public Library building at 42d st. and Bryant Park.

Under date of December 20, 1911, I transmitted to the Board of Estimate and Apportionment contract and specifications for this additional work, which was made a charge against the unexpended balance of corporate stock. After a conference with the representative of the Comptroller's office, to whom the matter was referred for report, it was determined that the items were not proper charges against corporate stock, but that all were improvements that should be charged against revenue bonds, and I have this day addressed a communication to the Board of Estimate and Apportionment withdrawing all papers in the matter, in anticipation of your favorable action upon this request.

It must be remembered that the several contracts for the erection of this building were completed and accepted by the City at various times during the past three years, and it is only natural, in view of the fact that no revenue bonds were issued to maintain the building, that these repairs should have been accumulated.

I transmit herewith a statement giving in detail the repairs and alterations that will be made chargeable against this revenue bond fund if allowed, and I will instruct the representative of the Library to appear at your meeting and give any further data required.

I earnestly hope that you will give this matter your immediate attention, as some portions of the building are in very bad shape, and unless the repairs are made immediately greater damage to the building will follow. Yours respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

1. Tile and skylight over boiler and engine room..... \$6,040 00

The present skylight cannot be kept tight and leaks threaten to ruin both switchboard and ventilators. The ventilation is bad in the summer. The heat is excessive, averaging over 100 degrees. It is proposed to erect 5 skylights. However, it is recommended that one skylight be erected first and if this overcomes the ventilation difficulties, to repair the rest of the roof by installing the 5 skylights. It may possibly obstruct the ventilation of the ground floor, and this we will be able to find out after the first skylight has been erected.

2. New coal bin and chute..... 880 00

The present is inoperative and the coal wagons have become so large within the last five years that an additional coal bin in front of the weighing scale is recommended, so that in dumping a ten-ton load of coal six tons will go into the scale and the remaining four may be placed in this bin until the conveyor has time to remove the coal in the scale, when the rest of the load can be weighed.

3. Emergency stop for coal conveyor..... 250 00

Insurance inspectors have advised us to install emergency stop for coal conveyor, as it is now possible to kill or maim a man before the conveyor can be stopped. The emergency stop will stop the conveyor instantaneously.

4. Flooring of conveyor tunnel..... 300 00

The conveyor tunnel flooring is not level and is consequently full of puddles and stagnant water. The new floor will have a pitch to drain all the water into a sump, where it can be pumped out.

5. Sprinkler in conveyor tunnel..... 100 00

Provision should be made for sprinkling hot ashes as they come out of the hopper of the ash pit, as the dust now injures and soils surrounding apparatus.

6. Conveyor enclosure in boiler room..... 150 00

This enclosure becomes necessary on account of the gases which the ashes emit when conveyed to the carts.

7. Bridge beside conveyor in coal pocket..... 2,000 00

It is found necessary, in order to adjust the dumping hoppers

along the conveyor, for a man to climb on a ladder which cannot be placed on the floor when the coal bin is full. Some structure like a bridge or iron stairs permanently installed would remedy this defect and make the operating of the conveyor less dangerous.

8. Drainage on pump room floor..... 300 00

The seepage of water now flows across the pump room floor. A number of pipes must be changed and proper drains provided in order to make this room sanitary.

9. Feed water meter..... 750 00

A feed water meter is necessary to keep a record of the amount of water evaporated by the boilers. A comparison of different grades of coal is then possible and the exact cost of a pound of steam may be calculated.

10. Pan over elevator machinery..... 50 00

The rain and dirt from a stair over this elevator machinery should not be allowed to ruin the same.

11. Plaster and paint storage battery walls..... 200 00

This was left undone by the contractors.

12. Fish traps and meters..... 800 00

The Department of Water Supply, Gas and Electricity requires the installation of these.

13. Suction tank..... 1,000 00

This tank is used in combination with the filters.

14. Filters..... 4,000 00

The water in this neighborhood is sometimes so dirty that marble cannot be washed with it. The sediment therefrom is already causing trouble to the plumbing.

15. Fire pumps..... 1,500 00

Since the fire in Albany numerous inquiries have been made as to the fire protection in this building and a fire pump is therefore recommended as an additional insurance.

16. Engineers' toilet..... 600 00

This is found necessary.

17. Janitors' toilet and washroom..... 600 00

These we find a necessity, as no place has been provided.

18. Waterproofing..... 900 00

Places where the water comes into the building should be covered with 1/2-inch hydro-cement plaster.

19. Painting cellar pipes..... 900 00

There is such a maze of different kinds of pipe along the ceiling of the cellar that it is expedient to paint them different colors so that in case of a break immediate repairs may be made and the source of supply recognized and shut off.

20. Paint and plaster machine room..... 100 00

This repair was omitted on the original contract.

21. Cellar partitions..... 1,500 00

Fireproof partitions are needed so that a fire cannot spread from one part of the cellar to another where there is considerable furniture stored.

22. Railing at vacuum cleaner..... 200 00

It is illegal to operate these machines without protection and railings around flywheels.

23. Fan for kitchen flue..... 150 00

This fan is needed for taking off cooking odors from the Superintendent's apartment.

24. New stair from Superintendent's apartment to cellar..... 1,000 00

The Superintendent has living quarters in the building and is expected to oversee the Engineers at night or in cases of emergency. He cannot get into the engine room now except in a roundabout way, which this stair will remedy.

25. Boiler return traps..... 900 00

The steam coming out of the roof is so annoying that it is advisable to check its flow and return the water to the boilers.

26. Bostwick gates..... 600 00

There are many parts of reading rooms and stairs not open to the public, which it is desirable to close at times with Bostwick gates.

27. Conveyor and booklift doors..... 100 00

These are demanded by the Department of Water Supply, Gas and Electricity.

28. Third floor ceiling shades..... 2,000 00

The sunlight in the art rooms becomes so annoying at times that the rooms cannot be used as they were intended. The shades therefore are necessary.

29. Book stacks in Rooms 302 and 304..... 3,000 00

These are the standard iron stacks furnished with the building and are to replace wooden ones which are now used and which are not fireproof.

30. Tablet on 40th st. gate..... 50 00

The number of this building should be indicated, and this method is specified by the Architects.

31. Window Cleaners' guards..... 400 00

Our windows should be provided with eye-bolts so that Window Cleaners could be guarded against falling.

32. Awnings..... 2,400 00

The heat on the southern end of the building and courts is so annoying in the summer time that awnings are needed.

33. Vacuum extension to attics..... 400 00

The inside of the attic could be cleaned much cheaper with vacuum.

34. Grills high attic stairs..... 200 00

At the bottom of the high attic stairs clothes lockers have been placed, and to prevent the public from going up into the attics, grills should be provided so that they may be locked.

35. Eight ventilator openings over picture galleries..... 2,400 00

Most rooms on the third floor have no windows and the heat in the summer becomes unbearable. Some direct outside ventilation is needed.

36. Iron frames for radiator tops..... 400 00

Fourteen radiator tops have been broken during the past year. These marble slabs cost about \$30 apiece and should be more substantially supported so that they cannot break.

37. Window openings for periodical room..... 600 00

The periodical room becomes so crowded in winter that the ventilation is insufficient. If the upper part of the window could be opened this would give great relief.

38. New valve in boiler room..... 400 00

The condensation in the steam pipes in the boiler room is excessive and should be reduced by inserting a valve on the steam header.

39. Thermostats in attic..... 500 00

The heating pipes in the attic freeze if the heat is not turned on. This could be prevented by having the steam turned on automatically with thermostats.

40. Balancing generator and wiring..... 7,000 00

The wiring of the building is not suited for tungsten lighting, and the voltage at present is too high for the type of lamp now in use. It is proposed to change to a three-wire system.

41. Bussbar for three-wire system..... 3,000 00

This change on the switchboard is needed for the three-wire system.

42. Steam line to comfort stations..... 1,400 00

It is proposed to heat these comfort stations by steam instead of electricity, as provided for in Contract No. 12.

43. Panel boxes for lighting rear terrace..... 1,200 00

At present there are no lights on the rear terrace as lamp posts and wiring have been provided, but are not connected with the building.

44. Locker room for Printing Department.....	600 00
The vacant space on one side of the blower room could be altered to fill this requirement.	
45. Door between music rooms.....	400 00
This department is now divided by a wall to the great annoyance of the readers. It is proposed to connect these with a door.	
46. Eight-ton ice machine.....	3,625 00
The cost of ice for the benefit of the public amounts to nearly \$1,200 per year. It is proposed to install this machine to reduce the cost.	
47. Letters on panel over fountains.....	1,390 00
This is desired and specified by the Architects.	
48. Railing along 5th ave.....	1,800 00
This is also recommended, specified and estimated by the Architects.	
Total	\$59,035 00

Hon. CHARLES B. STOVER, Commissioner of Parks, Arsenal, Central Park, New York:

My Dear Commissioner—Relative to your application for special revenue bonds in the amount of \$59,035, for repairs and alterations to the New York Public Library, at 42d st. and Bryant Park, I want to ask your courtesy in furnishing me in writing with certain further information for the assistance of the Committee on Finance.

As to each of the 48 enumerated items, can you let us have a detailed estimate showing how the particular amount asked for is arrived at? The reason for asking for each of these amounts is given, but no statement appears showing why the particular amount is necessary for the purpose indicated.

Also as to each of the items I would like to have a full and entirely convincing statement of the reasons why these expenses become necessary now, within a year after the formal opening of the building. Is it possible that many of them are due to bad architectural planning or to bad work on the part of the contractors? If so, what is the City's recourse, other than promptly taking the money out of its own pocket to pay for other people's faults? I would think this statement should include copies of the various contracts with architects and others, or at least the salient portions of them, and should be fortified by a legal opinion as to the City's rights in the matter.

I wish to ask also, in behalf of the Committee, and by their direction, if the New York Public Library will be willing to furnish to the CITY RECORD, for publication, a list of its employees, of the kind described in section 1528 of the Charter? The Committee is of the opinion that the semi-annual publication of such list would be proper. If the library is willing to furnish such a list, the Committee would be pleased to receive at once this list as of the present date.

The application is for such a large amount, considering its purpose, that I wish to ask your courtesy in supplying such other information as may occur to you, but which is not specifically asked for herewith. This inquiry is necessarily incomplete and preliminary in its nature. Very truly yours,

HENRY H. CURRAN.

May 20, 1912.

Hon. HENRY H. CURRAN, Chairman, Finance Committee of the Board of Aldermen, City Hall, New York:

My dear Mr. Curran—In answer to your letter to Commissioner Stover relative to the application for special revenue bonds of \$59,035 for repairs to the New York Public Library Building I am pleased to report as follows:

The new library building is as complete as any building of its kind, but in every structure, however well planned, there are matters which require readjustment when the building becomes occupied. Enquiries about downtown business structures tend to convince me that as much as two per cent. of their original cost is sometimes expended on such changes. Then again, many of these items were stricken out of the original specifications by Comptrollers of previous administrations with results injurious to the operating of the building, and which have therefore been reinserted.

Finally, your attention is called to the fact that nearly ten years have elapsed since the specifications were written, and death has taken away some of the writers thereof and failure has obliterated a large number of contractors interested in the building's completion. The improvements, changes in the laws, etc., have also been so numerous since the building was planned that many of the alterations could not have been foreseen.

A report of these necessary repairs was made by the Architects engaged by the Park Department and an estimate of \$85,000 submitted.

These estimates were revised by interviewing contractors and submitting specifications to various engineers and were lowered considerably by permitting small contractors and firms to estimate on individual items. The work can thus be done at a much lower figure.

The total amount quoted will ultimately be required, but if it is to be split over a period of two years, the following allowances for each year are recommended.

The specifications for the whole remain the same and are herewith attached. Very respectfully,

JOHN H. FEDELER, Superintendent of Buildings.

Hon. LOUIS F. LA ROCHE, Examiner, Department of Parks, Arsenal, Central Park, New York:

Dear Sir—Acknowledging receipt of letter dated May 20th from the Superintendent of the New York Public Library Building, 42d st. and 5th ave., relative to application for moneys for its repair and alteration, I note the statement that some of the writers of the original specifications have died and some of the contractors have failed. This does not begin to answer my inquiry of April 20th as to possible liability of contractors for part of this work. I want to know what of the 48 items are the result of a contractor not doing his duty and in each such case whether the contractor can be held for the performance of the proposed work. I see no reason why the City should cheerfully pay the money, however appropriate the repairs may be, until we have exact and exhaustive knowledge as to whether it is the City that must pay.

Very truly yours,

HENRY H. CURRAN.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, May 24, 1912.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen:

Dear Sir—In reply to your communication under date of May 23d, requesting certain information relative to the application of the New York Public Library for special revenue bonds, the proceeds whereof to be used for alterations, I beg to state that an examination of the expenditures chargeable against that particular account discloses the fact that there are no outstanding liabilities, and that I can find no grounds on which any of the contractors could be held liable for additional work on contract. The several contracts were completed, accepted by the City and turned over to them.

I am of the opinion that none of the 48 items enumerating necessary repairs were made necessary by the default of any contractor.

I hope that you will see your way clear to put through at the next meeting the amount of money necessary for the items specified for the year 1912, and, as stated in my conversation with you to-day, I have instructed the Trustees of the Library to furnish me with a detailed list of all the improvements that they propose or desire to make during the year 1912, so that the matter can be finally settled by the Budget Committee in compiling the budget for next year. Yours very truly,

L. F. LA ROCHE, Examiner.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cummuskey, Cunningham, Curran, Davis, Delaney, Devine, Dotzler, Dowling, Downing, Drescher, Eagan, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hannon, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGarry, Marks, Martyn, Meagher, Moore, Muhlbauer, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stevenson, Velten, Weil, Wendel, Weston, White, Willard, Wilmot; President Cromwell, President Steers; the Vice-Chairman—62.

No. 94—Int. No. 1022.

The Committee on Finance, to which was referred, on May 7, 1912 (Minutes, page 394), the annexed request from the Commissioner of Public Charities for \$5,400 special revenue bonds to meet deficit in Forage account for 1912, respectfully

REPORTS:

That the reason for this anticipated deficit is set forth in the letter of request. Inquiries made in other directions by members of the Committee corroborate the statements made therein as to advance in prices of oats, hay and straw. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five thousand four hundred dollars (\$5,400), the proceeds whereof to be used by the Department of Public Charities for the purpose of meeting an estimated deficit in the appropriation account for the current year, known as No. 651, Forage, Manhattan and The Bronx, all obligations contracted for hereunder to be incurred before December 31, 1912.

HENRY H. CURRAN, ROBERT F. DOWNING, BRYANT WILLARD, THOS. J. MULLIGAN, FRANCIS P. KENNEY, HENRY F. GRIMM, C. AUGUSTUS POST, Committee on Finance.

Department of Public Charities of The City of New York, Foot of E. 26th St., New York, May 2, 1912.

To the Honorable the Board of Aldermen:

Gentlemen—For the purpose of meeting an estimated deficit in the appropriation account for the current year, known as "No. 651, Forage, Manhattan and The Bronx," application is hereby made for an issue of special revenue bonds in the sum of five thousand four hundred dollars (\$5,400).

In the year 1911 the appropriation for "Forage, Shoeing and Boarding Horses, No. 751," was nine thousand nine hundred dollars (\$9,900), and the Departmental Estimate for the same purpose for the current year was nine thousand nine hundred dollars (\$9,900). This appropriation account was divided in 1912, and Budget allowances were granted as follows:

No. 645—Shoeing and Boarding Horses.....	\$200 00
No. 651—Forage	8,800 00
	\$9,000 00

—which was nine hundred dollars (\$900) below the Departmental Estimate.

For the purpose of purchasing additional horses in 1912 the sum of three thousand six hundred dollars (\$3,600) was allowed in the Budget, but no additional allowance was made for forage for these horses.

This application for special revenue bonds is due to an increase in the price of forage, which increase will cost the Department four thousand dollars (\$4,000), and also to the added number of horses, as stated above, which has increased the expense of maintenance over twenty-five per cent., entailing an additional cost amounting to two thousand dollars (\$2,000). The marked advance in the price of forage is shown by the following figures:

	Price First Six Months 1911.	Price First Six Months 1912.	Percentage of Increase.
Oats	\$0 435	\$0 640	47.1265
Straw	0064	0117	82.8125
Hay	0117	0154	31.624

It is necessary that funds to replenish this account become available not later than June 1, and for that reason it is requested that immediate action be taken on this matter.

Trusting that this application will receive your early and favorable consideration, I am, respectfully yours,

M. J. DRUMMOND, Commissioner.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cummuskey, Cunningham, Curran, Davis, Delaney, Devine, Dotzler, Dowling, Downing, Drescher, Eagan, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hannon, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGarry, Marks, Martyn, Meagher, Moore, Muhlbauer, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stevenson, Velten, Weil, Wendel, Weston, White, Willard, Wilmot; President Cromwell, President Steers; the Vice-Chairman—62.

No. 95—Int. No. 1091.

The Committee on Finance, to which was referred on May 14, 1912 (Minutes, page 456), the annexed communication from the Department of Public Charities for \$1,750 special revenue bonds for payment of salaries of two Inspectors of Buildings from June 1, 1912, respectfully.

REPORTS.

That upon due reason shown the Board of Estimate and Apportionment and the Board of Aldermen this grade was established for two incumbents, and it now seems proper to provide the money for their salaries. The Committee believes, however, that the funds cannot be made available until July 1, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand five hundred dollars (\$1,500), the proceeds whereof to be used by the Department of Public Charities for the purpose of paying the salaries of two Inspectors of Buildings in said department at the rate of \$1,500 per annum each, from July 1 to December 31, 1912.

HENRY H. CURRAN, ROBERT F. DOWNING, BRYANT WILLARD, THOS. J. MULLIGAN, HENRY F. GRIMM, FRANCIS P. KENNEY, C. AUGUSTUS POST, Committee on Finance.

May 17, 1912.

Hon. MICHAEL J. DRUMMOND, Commissioner of Public Charities, Foot of E. 26th St., New York:

My Dear Commissioner—Relative to your application for special revenue bonds in the amount of \$1,750 for the payment of the salaries of two Inspectors of Buildings in your department, you refer to the creation of these grades after full investigation as obviating the necessity of furnishing the reasons for the application for this appropriation. For the assistance of the Committee, I wish to ask if you will kindly mail to me at an early date all the reasons and information of any kind that are in your possession in support of this request.

You will realize that this matter has not yet been before the Committee on Finance, and although it has been disposed of favorably by the Board of Aldermen as to the creation of the grades, that was a 40-vote proposition whereas the granting of the appropriation is a 60-vote proposition and the two are thus quite different. I think the Committee would appreciate your courtesy in letting us have all information for its consideration at first hand instead of imposing upon us the task of looking it up for ourselves. Very truly yours,

HENRY H. CURRAN.

Department of Public Charities of the City of New York, Foot of E. 26th St., May 20, 1912.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen:

Sir—In response to your communication of May 17th regarding my application for special revenue bonds in the amount of seventeen hundred and fifty dollars (\$1,750) for the payment of salaries of two (2) Inspectors of Buildings for the last seven (7) months of this year, and in which you request me to mail to you at an early date all the reasons and information in relation to said request, I would say that the position of Inspector of Buildings for two (2) incumbents was approved by the Board of Estimate and Apportionment on February 1, 1912, approved by the Board of Aldermen on April 30, 1912, and signed by the Mayor on May 13, 1912.

In regard to the reasons why it is necessary to employ these men, I beg to state that this department has jurisdiction over some 220 buildings, of which from 35 per cent. to 40 per cent. are 50 years old and some over 70 years old. These buildings are constantly getting out of repair or being altered in some way. The Department spends during the year on ordinary repair work from \$160,000 to \$170,000, and on new construction work it is now spending from \$1,500,000 to \$2,000,000 annually. We feel that it is absolutely necessary to have inspection on work of repairs and alterations which embraces many branches of the building trade, as well as on the new construction work. The employees now in this Department have all they can attend to in their various lines and are unable to do this work of inspection. The visits of Inspectors of other departments are but casual and they do not report to the Department of Public Charities. The inspection done by them does not cover the ground which it is intended that the two Inspectors asked for shall superintend. Inspectors from the Building Department inspect buildings only in relation to structural conditions to see whether the building is being constructed according to the Building Code. They do not follow the specifications as to the finishing, etc., in buildings. They look only for building violations.

This Department has no such Inspectors. We have an Architectural Draftsman and two assistants, and they are kept busy drawing the plans and specifications for the work of repairs and have very little or no time to devote to the inspection of the building during the alterations.

Our engineering force consists of one Supervising Engineer who has charge of all the steam plants in the Department, and also all the steamboats—of which there are seven—their equipment and their crew, to see that they are properly manned and run on schedule. He prepares the plans and specifications for any alterations to the steamboats. He, therefore, has no time to devote to the inspection of buildings being constructed or repaired. We have one other Engineer (an Assistant Supervising Engineer) and he has charge of the Bureau of Mechanics which consists of 14 Painters, 13 Carpenters, 5 Plumbers, 4 Steamfitters, 1 Tinsmith, 1 Blacksmith and 1 Mason.

The Department of Public Charities is the only department having construction work that has no Inspectors of Buildings on its force.

This is a matter that I feel is purely a business proposition and I think the City will be benefited by the employment of these Inspectors.

I would respectfully urge immediate action on this application.

Respectfully yours, M. J. DRUMMOND, Commissioner.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Finance, to which was referred, on May 14, 1912 (Minutes, page 491), the annexed resolution in favor of an issue of \$250 special revenue bonds for proposed increase in salary of John J. Flaherty, Clerk in the office of the Board of Aldermen, respectfully.

REPORTS:

That, having examined the subject, it believes the proposed increase to be warranted by the character of the services performed. It therefore recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred and fifty dollars (\$250), the proceeds whereof to be used by the City Clerk and Clerk of the Board of Aldermen for the purpose of meeting an increase in the salary of John J. Flaherty, Clerk, for the remainder of the year 1912, beginning July 1, advanced from \$2,000 to \$2,500 per annum.

The Committee on Finance, to which was referred, on May 14, 1912 (Minutes, page 94), the annexed resolution in favor of an issue of \$250 special revenue bonds to meet proposed increase in salary of Frederick Richter, a Clerk in the office of the Board of Aldermen, respectfully.

REPORTS:

That having examined the subject, it believes the proposed increase to be well merited by the character of the services performed, and it therefore recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred and fifty dollars (\$250), the proceeds whereof to be used by the City Clerk and Clerk of the Board of Aldermen for the purpose of meeting increase in salary of Frederick Richter, Clerk, for the remainder of the year 1912, beginning July 1, advanced from \$1,750 to \$2,250 per annum.

GENERAL ORDERS.

No. 205—Int. No. 1086.

The Committee on Finance, to which was referred on May 14, 1912 (Minutes, page 453), the annexed resolution in favor of an issue of \$144,000 corporate stock for reconstructing and improving the Old Croton Aqueduct, respectfully.

REPORTS:

That having examined the subject, it believes the proposed improvement to be necessary. This amount is for the portion of the reconstruction which is to be done by contract. The total estimate of cost on this improvement is in the neighborhood of \$200,000. The Committee recommends that the accompanying ordinance be adopted. AN ORDINANCE providing for an issue of Corporate Stock of The City of New York in the sum of one hundred and forty-four thousand dollars (\$144,000) to provide means for reconstructing and improving the "old" Croton Aqueduct, where required, in connection with improving the water supply system of the Boroughs of Manhattan and The Bronx.

Be It Ordained by the Board of Aldermen of The City of New York as follows: Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment May 9, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, maturing in not more than ten years from the date of the issue thereof, to an amount not exceeding one hundred and forty-four thousand dollars (\$144,000), to provide means for reconstructing and improving the "old" Croton Aqueduct, where required, in connection with improving the water supply system of the Boroughs of Manhattan and The Bronx, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid, provided that no portion of said proceeds shall be used for the payment of services of departmental employees or for the purchase of plant, supplies and materials to be used by such employees.

The Committee on Finance, to which was referred on May 14, 1912 (Minutes, page 453), the annexed resolution in favor of an issue of \$19,400 corporate stock for necessary plant, materials and supplies to be used by department employees in repairs to Old Croton Aqueduct, respectfully.

REPORTS:

That this is the second subdivision of the amount allotted for this purpose, being the sum estimated as sufficient to procure such supplies as can be utilized by the departmental labor. The Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of nineteen thousand four hundred dollars (\$19,400), to provide means for purchase of necessary plant, supplies and materials for the use of the employees of the Department of Water Supply, Gas and Electricity in reconstructing and improving the "old" Croton Aqueduct.

Be It Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment May 9, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, maturing in not more than ten years from the date of the issue thereof, to an amount not exceeding nineteen thousand four hundred dollars (\$19,400), to provide means for the purchase of necessary plant, supplies and materials for the use of employees of the Department of Water Supply, Gas and Electricity in reconstructing and improving the "old" Croton Aqueduct, where required, in connection with improving the water supply system of the Boroughs of Manhattan and The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

The Committee on Finance, to which was referred on May 14, 1912 (Minutes,

page 453), the annexed resolution in favor of an issue of \$34,237 corporate stock for payment of services of employees of the Department of Water Supply, Gas and Electricity in improving Old Croton Aqueduct, respectfully

REPORTS:

That this is the third item in the divided allowance for this necessary repair work. The report of the Corporate Stock Budget Committee of the Board of Estimate and Apportionment hereto attached, and already printed, gives the details of this application. The Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of thirty-four thousand two hundred and thirty-seven dollars (\$34,237), to provide means for the payment of services of the Department of Water Supply, Gas and Electricity engaged in reconstructing and improving the "old" Croton Aqueduct.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment May 9, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, maturing in not more than ten years from the date of the issue thereof, to an amount not exceeding thirty-four thousand two hundred and thirty-seven dollars (\$34,237), to provide means for the payment of services of employees of the Department of Water Supply, Gas and Electricity engaged in reconstructing and improving the "old" Croton Aqueduct, where required, in connection with improving the water supply system of the Boroughs of Manhattan and The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

HENRY H. CURRAN, ROBERT F. DOWNING, BRYANT WILLARD, THOS. J. MULLIGAN, HENRY F. GRIMM, FRANCIS P. KENNEY, C. AUGUSTUS POST, Committee on Finance.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 18, 1911, the Commissioner of Water Supply, Gas and Electricity requested an authorization of corporate stock in the sum of \$200,000, pursuant to the provisions of section 178 of the Greater New York Charter, to provide for remodeling and repairing the old Croton Aqueduct. In connection therewith we report as follows:

An appropriation for repairs to the old Croton Aqueduct was requested in the Departmental Estimate for 1912, but was not approved by the Budget Committee for the reason that the proposed work was considered to be a permanent betterment and properly chargeable to corporate stock. The Committee therefore suggested an application for short term bonds.

The Commissioner states the following:

This work can best be done in the early spring, as at that season the consumption is usually at a minimum and there would be less interference with the supply. At present the condition of the old Aqueduct is such that not more than one-half its normal capacity is available, and it would be decidedly unsafe to attempt, in its present condition, to increase the quantity of water it now carries. The request is based on the following estimate:

For rebuilding about 5,700 feet of the Aqueduct by contract.....	\$145,000 00
For repairing approximately 27,000 feet:	
For material	\$20,000 00
For labor	35,000 00
	55,000 00

Total..... \$200,000 00

The Departmental Engineers have submitted detailed estimates covering the proposed improvement. They have also submitted the following memorandum:

The old Croton Aqueduct is mainly of cut-and-cover type; that is to say, excavation is made through the ground at approximately the elevation of the water level in the aqueduct and the aqueduct constructed with normally 4 feet of earth cover for protection. Where the line of the aqueduct crosses a valley, the usual type of construction adopted is dry rubble walls for the support of the sides of the aqueduct with loose rock fill between. During the 70 years that have elapsed since the aqueduct was constructed several of the embankment sections have settled and weakened the aqueduct to such an extent that it cannot now carry more than about 40 million gallons daily, whereas the normal capacity is over 80 million gallons daily.

It is proposed to reconstruct these sections by taking off the crown of the Aqueduct, rebuilding and reinforcing. In other sections where there are only a few cracks in the invert or bottom of the Aqueduct, it is proposed to point up or plaster the same.

The detailed estimate for the part of the work to be done by contract shows a total of \$143,839.50. An allowance of \$144,000 for this item would therefore appear to be ample. The estimate for plant, tools, materials and supplies calls for \$19,400. The schedule of wages, as now revised, shows a total of \$34,237. The three amounts which are stated to be ample would give a total of \$197,637. The employees requested should be added to the present schedule for Personal Service, Water Supply, Collection and Storage, Wages, Temporary Employees, Corporate Stock Force, making the total of the schedule \$34,267.

In view of the foregoing, compliance with the Commissioner's request would appear to be proper.

We therefore recommend the adoption of the attached resolutions approving the request to the extent of \$197,637, and making the necessary schedule modification.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The President put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

No. 1282.

By Alderman Mulligan—

Whereas, Under the Public Notices of the Municipal Civil Service Commission, published in the CITY RECORD beginning May 29, 1912, there appears a notice to the effect that said Commission have advertised and are issuing applications for the position of Engineer Inspector, \$1,200 to \$1,800 per annum, and have fixed the date for the holding of said examination for Monday, July 8, 1912, at 10 o'clock a. m.; and

Whereas, The said title of Engineer Inspector, \$1,200 to \$1,800 per annum, which places it in the second grade, was never established but was excepted to by the Salaries and Grades Committee of the Board of Aldermen, who still retain it in their Committee, under Introductory No. 266; and

Whereas, Under section 56 of the Greater New York Charter, the power to establish titles is vested in the Board of Aldermen, the advertising of this examination and the issuing of applications is contrary to the action taken by the Salaries and Grades Committee of the Board of Aldermen and outside the scope of the powers of the Municipal Civil Service Commission; therefore be it

Resolved, That the Chairman of the Salaries and Grades Committee of the Board of Aldermen be instructed to communicate with the Municipal Civil Service Commission and ascertain from them why they have proceeded to advertise the holding of an examination for a title which was not established pursuant to section 56 of the Greater New York Charter. Said Chairman to report back to the next meeting of the Board of Aldermen the information he has obtained, for further action.

REPORTS OF STANDING COMMITTEES, RESUMED.

No. 33—(G. O. No. 223).

The Committee on Public Buildings and Markets, to which was referred on the 19th day of January, 1912, a communication from the Borough President and the Comptroller recommending the abolishment of Fulton Market, reports as follows:

Fulton Market was established under chapter 75 of the Laws of 1817 for the purpose of supplying the "people with the necessities of life at reasonable prices," and occupies the block bounded by Fulton, South, Beekman and Front sts.; dimensions, 203 feet 4 inches by 170 feet, shown on the Assessor's Map as Section 1, Block 96, Plot 1; the assessed valuation of which is \$525,000, of which \$450,000 is for the land, and \$75,000 for the building, which was erected in 1887, at a cost of \$190,000.

For many years Fulton Market has been changing both as to its patronage and its physical condition. This change has been largely due to the opening of the Brooklyn Bridge and the subsequent improvement in transit facilities, causing the removal of many of its retail patrons to other sections of the City.

The building is at present in such condition as is neither a credit to the City nor a benefit to the persons occupying it and to the trade they serve, and there is no doubt that a crisis in the affairs of this market has been reached. The floors, roof and sidewalk coverings are unfit for any structure, especially one in which perishable meats, poultry, fish and other products are kept and offered for sale, and if this market is to be continued, a complete reconstruction of the building will be necessary. The market at the present time is being operated at a substantial loss to the City.

A large amount of business is transacted in this market. Many of the standholders have been occupants of this market for a number of years and they have considerable money invested in their plants, and many of them are descendants of former rentees, and it would be a hardship to these standholders if the market should be abandoned.

The Committee has gone into the matter of the abandonment of the market very thoroughly and has made a personal inspection of the same both in the early morning hours and during the daytime, and is convinced that if the market is to be retained as a market, there must be a substantial sum of money expended immediately to put the market in a habitable condition. Several public hearings have been held by the Committee at which those in favor of the abandonment of the market and those opposed appeared. The standholders were represented on these hearings by individual standholders and counsel. At one of these hearings it was suggested by a member of the Committee that a compromise be effected, if possible, whereby the market be retained, if put on a paying basis. In pursuance of this suggestion, several conferences were had between the Committee and representatives of the City and the standholders, and certain figures were submitted on behalf of the City and standholders to the Committee, from which figures it appears, after a careful examination of the same, that it will take the sum of approximately \$47,435.33 to place the market in a habitable condition. At the present time the standholders are only paying an average rental of \$1.41 per square foot. In order to put the market in a habitable condition, and for the City to receive a reasonable return for its investment, the rent per square foot should be readjusted.

On the public hearings before the Committee, many of the standholders testified as to the volume of business done by them, and in some cases, that volume was very great. In one case in particular, a standholder testified before the Committee that he did an average business of \$800 a day, which would make the sum of over \$250,000 yearly. Under the present rental, the City is now suffering an annual loss of \$2,281.29. The Committee therefore recommends that on account of this loss, and on account of the great volume of business done in this market, as testified to by the standholders at the hearings, if the market is to be retained, it should be placed on a paying basis and the standholders should pay an increased rental, sufficient to cover maintenance and sinking fund charges of the necessary improvements, to place the market in a habitable condition, otherwise the market should be abandoned at the earliest possible moment.

The Committee also recommends to the Borough President and the Comptroller that an immediate investigation be made by them of all public markets in the City, and that those, if any, that are being operated at a loss to the City, should be put on a paying basis or proceedings be taken for their abandonment.

They therefore recommend that the said resolution and ordinance be adopted.

WILLIAM D. BRUSH, D. M. BEDELL, JAMES L. DEVINE, ROBERT H. BOSSE, A. L. KLINE, JESSE D. MOORE, JOHN S. GAYNOR, Committee on Public Buildings and Markets.

Which was laid over under the rule.

Alderman Brush moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, June 11, 1912, at 1.30 o'clock p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

COMMISSIONERS OF SINKING FUND.

NOTICE IS HEREBY GIVEN THAT A PUBLIC hearing will be given by the Commissioners of the Sinking Fund at 11 o'clock in the forenoon, on Wednesday, June 26, 1912, in Room 16, City Hall, Borough of Manhattan, in the matter of the modified plan for the improvement of the water-front in the vicinity of West Washington Market, between Jane street and West 13th street, North River, in the Borough of Manhattan, made and adopted by the Commissioner of Docks in accordance with law February 20, 1912, and submitted to the Commissioners of the Sinking Fund for approval. This modified plan differs from the plan heretofore submitted in that it provides a basin for pier length of 900 feet instead of 1,000 feet; and the marginal street, wharf, or place is made narrower, thus eliminating the necessity for the acquisition of any privately owned upland property. The modified plan also renders unnecessary the removal or alteration of the City's pumping station. The plan as modified is open to the inspection of any citizen at the office of the Comptroller of The City of New York at all times during business hours until the day of the hearing.

Technical Description of Proposed Amendments to the Amended New Plan in the Vicinity of the New West Washington Market, Between Gansevoort Street and Little West 12th Street, North River, Borough of Manhattan.

The proposed amendments to the amended New Plan consist in the establishment of two piers, each 80 feet in width, one adjacent to the southerly side of Pier 53, North River (Little West 12th street), 900 feet long on the southerly side, the other adjacent to the northerly side of Pier 52, North River (Gansevoort street), and 860 feet long on its northerly side.

The establishment of a bulkhead line beginning at the intersection of the present established bulkhead line north of the New West Washington Market, adopted by the Commissioners of the Sinking Fund April 29, 1904, with the southerly side of Pier 53, North River; thence easterly in a continuation of the southerly side of Pier 53 to a point 900 feet easterly from the established pierhead line; thence southerly and parallel with the established pierhead line to a point distant 60 feet north of the northerly side of the proposed pier adjacent to the northerly side of Pier 52, measured along the southerly prolongation of the proposed bulkhead line, from a point in the northerly line of the proposed pier distant 900 feet easterly from the established pierhead line measured along the northerly line of said proposed pier; thence southwesterly to a point in the northerly line of the proposed pier distant 860 feet easterly from the established pierhead line measured along the northerly side of said pier; thence westerly along the northerly line of the proposed pier to an intersection with the northerly prolongation of the established bulkhead line adopted by the Commissioners of the Sinking Fund, June 14, 1897; thence southerly along the northerly prolongation of said bulkhead line to its intersection with the northerly side of Pier 52.

Also the establishment of a marginal street, wharf or place, bounded and described as follows: Beginning at the intersection of the southerly side of Pier 53 with the bulkhead line northerly of the New West Washington Market adopted by the Commissioners of the Sinking Fund April 29, 1904; thence northeasterly to the intersection of the northerly line of Little West 12th street with the easterly line of the marginal street, wh

the northerly side and the northerly side of the high pressure pumping station to the westerly side of said station; thence southerly and along its westerly side and its southerly prolongation to the southerly line of Gansevoort street; thence westerly along the southerly line of Gansevoort street to the easterly line of West street; thence southerly along the easterly line of West street to the easterly prolongation of the northerly side of Pier 52; thence westerly along the easterly prolongation of the northerly side of Pier 52 to a point in the easterly prolongation of the northerly side of Pier 52 distant 860 feet easterly from the established pierhead line measured along the northerly side of Pier 52; thence northerly and parallel with the established pierhead line to its intersection with the proposed bulkhead line at a point 860 feet easterly of the established pierhead line measured along the northerly line of the proposed pier adjacent to the northerly side of Pier 52; thence northeasterly, northerly and westerly along the proposed bulkhead line to the point or place of beginning.

JOHN PURROY MITCHELL, Acting Chairman, Commissioners of the Sinking Fund. j3,8

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 2, 1912, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board April 19, 1907, for acquiring title to Cypress avenue (California avenue), from 16th street (Dutchess street) to the centre line of Broadway (Jackson avenue); and 30th street (Ratonee place), from Cypress avenue (California avenue) to the center line of Broadway (Jackson avenue) as these streets are now laid out.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the easterly line of 16th street (Dutchess street) where it is intersected by a line bisecting the angle formed by

the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Cypress avenue (California avenue) as these streets are laid out adjoining 16th street (Dutchess street) on the east, and running thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Cypress avenue (California avenue) as these streets are laid out between 22d street (Joslin street) and 23d street (Kendall place); thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Broadway (Jackson avenue) and the northerly line of Cypress avenue (California avenue) as these streets are laid out east of 26th street (Norwood place); thence eastwardly along the said bisecting line to the intersection with a line distant 100 feet northwardly from and parallel with the northerly line of Cypress avenue (California avenue), the said distance being measured at right angles to Cypress avenue; thence eastwardly along the said line parallel with Cypress avenue (California avenue) and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of 31st street (Stiles place); thence southwardly and parallel with 31st street (Stiles place) to the intersection with the prolongation of a line midway between Cypress avenue (California avenue) and Franconia avenue; thence westwardly along the said line midway between Cypress avenue (California avenue) and Franconia avenue and along the prolongation of the said line to the intersection with the easterly line of 16th street (Dutchess street); thence northwardly along the easterly line of 16th street (Dutchess street) to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 13th day of June, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 13th day of June, 1912.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 2, 1912, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board on November 29, 1911, for acquiring title to Roosevelt avenue, from Woodside avenue to Wateredge avenue; the public place bounded by Roosevelt avenue, Elmhurst avenue and Case street; the public place at the intersection of Roosevelt avenue with Louona avenue; the triangular area bounded by Roosevelt avenue, the easterly line of Vaux street and Woodside avenue; the triangular area bounded by Roosevelt avenue, the easterly line of Warner avenue and the southerly line of Aske street; Sackett street, from Roosevelt avenue to 42d street, and Louona avenue where it adjoins the public place at Roosevelt avenue, Borough of Queens, so as to relate to Roosevelt avenue, from 8th street to Trimble place, and from Prime street to the Flushing River, as shown on a map bearing the signature of the President of the Borough, and dated April 10, 1912, to Louona avenue, from Roosevelt avenue to Lake street, as shown on a map bearing the signature of the President of the Borough, and dated April 8, 1912; and to the remaining streets as now mapped.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on a line midway between 3d street and 4th street, distant 100 feet northwardly from the northerly line of Stryker avenue, the said distance being measured at right angles to Stryker avenue, and running thence eastwardly and parallel with Stryker avenue to the intersection with the prolongation of a line midway between Fillmore avenue and Polk avenue; thence eastwardly along the said line midway between Fillmore avenue and Polk avenue and along the prolongations of the said line to a point distant 100 feet northwardly from the northerly line of Polk avenue as this street is laid out easterly from Junction avenue, the said distance being measured at right angles to Polk avenue; thence eastwardly and always distant 100 feet northwardly from and parallel with the northerly line of Polk avenue to the intersection with the prolongation of a line midway between Coman street and Polk avenue; thence eastwardly along the said line midway between Coman street and Polk avenue, and along the prolongations of the said line to the intersection with a line distant 1,160 feet northwardly from and parallel with the southerly line of Roosevelt avenue as this street is laid out adjoining Wateredge avenue, the said distance being measured at right angles to Roosevelt avenue; thence eastwardly along the said line parallel with Roosevelt avenue to the intersection with a line midway between Jane street and Henry street as these streets are laid out upon a map adopted by the Board of Trustees of the Village of Flushing on October 5, 1875; thence southwardly along the said line midway between Jane street and Henry street, and along the prolongation of the said line to the intersection with the northerly right-of-way line of the Flushing and Northside Division of the Long Island Railroad; thence westwardly along the said right-of-way line to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Peartree avenue as this street is laid out where it adjoins Roosevelt avenue; thence northwardly along the prolongation of the said line parallel with Peartree avenue to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Kingsland avenue as this street is laid out westwardly from Peartree avenue, the said distance being measured at right angles to Kingsland avenue; thence westwardly along the said line parallel with Kingsland avenue, and along the prolongation of the said line to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of 42d street, the said distance being measured at right angles to 42d street; thence northwardly along the said line parallel with 42d street to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Hunt street, the said distance being measured at right angles to Hunt street; thence westwardly along the said line parallel with Hunt street to the intersection with a line midway between Van Dine street and Van Nest street; thence northwardly along the said line midway between Van Dine street and Van Nest street to the intersection with a line always distant 1,100 feet southerly from and parallel with the southerly line of Roosevelt avenue, the said distance being measured at right angles to Roosevelt avenue; thence westwardly along the said line parallel with Roosevelt avenue to the intersection with the prolongation of a line dis-

tant 100 feet northerly from and parallel with the northerly line of Grout avenue, as this street is laid out between 3d street and 4th street; thence westwardly along the said line parallel with Grout avenue and along the prolongation of the said line to the intersection with a line midway between 3d street and 4th street; thence northwardly along a line always midway between 3d street and 4th street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of said Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 13th day of June, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 13th day of June, 1912.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Manhattan Bridge Three Cent Line has under date of December 30, 1909, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway upon and along Desbrosses, Vestry, Washington, Greenwich and Canal streets, Borough of Manhattan, to and across the Manhattan Bridge and upon and along Flatbush avenue extension and other streets in the Borough of Brooklyn, from the Desbrosses Street Ferry, Borough of Manhattan, to the Long Island Railroad Depot, Borough of Brooklyn; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on January 7, 1910, fixing the date for a public hearing thereon as February 4, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the New York "Press" and the "World," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Manhattan Bridge Three-Cent Line, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Manhattan Bridge Three-Cent Line containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Manhattan Bridge Three-Cent Line the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract made this day of 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Manhattan Bridge Three-Cent Line (hereinafter called the Company), party of the second part, witnesses:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the following rights and privileges:

First—To construct, maintain and operate a street surface railway with the necessary wires and equipment for the purpose of conveying passengers and property in the Boroughs of Manhattan and Brooklyn, in The City of New York, upon the following routes:

(1) Beginning at a point in the marginal way adjacent to the North River at or near the Desbrosses Street Ferry, thence by double track in, upon and across the marginal way and West street to Desbrosses street, thence by double track in and upon Desbrosses street to Washington street, thence by single track in and upon Washington street to Vestry street, thence by single track in and upon Vestry street to Greenwich street, thence by double track in and upon Vestry street to Canal street, thence by double track in and upon Canal street to a point easterly from the Bowery and opposite the property acquired by the City for a terminal to the Manhattan Bridge, thence southerly in, upon and across Canal street to a point on the southerly side thereof where a connection can conveniently be made with the tracks to be constructed by the City upon said Manhattan Bridge, its approaches and terminals.

Also a branch beginning at and connecting with the above described route at the intersection of Washington and Desbrosses streets, thence by single track in and upon Desbrosses street to Greenwich street, thence by single track in and upon Greenwich street to Vestry street, and there connecting with the above described tracks in said last-named street, all in the Borough of Manhattan.

(2) Beginning at a point on the northerly side of Nassau street, where a connection can conveniently be made with the tracks to be constructed by the City upon the Manhattan Bridge, its approaches and terminals, thence by double track in, upon and across Nassau street to Flatbush avenue extension, thence by double track in and upon Flatbush avenue extension to its intersection with Fulton street, thence by single track in and upon Fulton street to Rockwell place, thence by single track in and upon Rockwell place to Flatbush avenue, thence by single track in and upon Flatbush avenue to 4th avenue, thence by single track in and upon 4th avenue to Atlantic avenue, thence by single track in and upon Atlantic avenue to 3d avenue, thence by single track in and upon 3d avenue to Flatbush avenue, thence by single track in and upon Flatbush avenue to Livingston street, thence by single track in and upon Livingston street to Hoyt street, thence by single track in and upon Hoyt street to Fulton street, thence by single track in and upon Fulton street to Bridge street, thence by single track in and upon Bridge street to Flatbush avenue extension, and there connecting with the above-described double track in Flatbush avenue extension, all in the Borough of Brooklyn. And to cross such other streets and avenues, named and unnamed, as may be encountered in said routes. Provided, however, that nothing in this contract shall be construed as permitting more than a double track in any portion of said routes or branches thereof in which there already exist street surface railway tracks.

The said routes with turnouts, switches and crossovers hereby authorized are shown upon a map entitled: "Map showing proposed track of the Manhattan Bridge Three-Cent Line in the Boroughs of Manhattan and Brooklyn, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated December 30, 1909," and signed by F. W. Rowe, President, and J. C. Brackenridge, Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Second—To operate the cars of the Company upon two (2) tracks when constructed upon the Manhattan Bridge and approaches thereto, such tracks to be assigned to the Company by the Commissioner of Bridges; beginning at a point in the southerly side of Canal street upon the land acquired by the City for bridge terminal purposes, in the Borough of Manhattan, and there connecting with the tracks of the Company first above described, thence in and upon said bridge terminal to the approach to the Manhattan Bridge in the Borough of Manhattan, thence upon and along said bridge approach to the Manhattan Bridge, thence upon and along said bridge to the approach thereto in the Borough of Brooklyn, to land acquired for the Manhattan Bridge terminal in the Borough of Brooklyn, thence upon and along said land to Nassau street, and there connecting with the above-described tracks in Nassau street. The said route is more particularly shown upon the map hereinbefore referred to and is to be operated by the Company as a continuous route in connection with the routes hereinbefore described.

Sec. 2. The grant of the right or privilege to construct, maintain and operate said railway from a point in the marginal way adjacent to the North River at or near Desbrosses Street Ferry to the entrance to the Manhattan Bridge and upon the approach thereto upon the routes hereinbefore described in the Borough of Manhattan, and from the entrance to the Manhattan Bridge to the intersection of Atlantic avenue with 4th avenue, upon the routes hereinbefore described in the Borough of Brooklyn, is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said six (6) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the routes hereinbefore described, and the Company shall not at any time oppose, but shall consent to the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City, and which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described or any portion thereof, then the City shall within thirty (30) days thereafter give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice such individual or cor-

poration shall have the right to begin the operation of cars upon the tracks of the Company upon the route or any portion thereof over which such corporation or individual may receive a right or privilege, and continue such operation during the term thereof. Such corporation or individual shall pay to the Company for the right to use its tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the railway upon the Company's tracks, such sum or sums as may be agreed upon by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, then such sum or sums as shall be determined by arbitrators, as hereinafter provided.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual. In default of such selection by either party within thirty (30) days after the expiration of said ninety (90) days, then the person who shall have been so selected by one party shall appoint and associate with himself one fit and impartial person for the purposes aforesaid, and if the persons so chosen shall differ in judgment, they shall appoint a fit and impartial person to be associated with them for the said purpose, if they can agree upon such person, or if they cannot agree, then each of them shall nominate two fit and impartial persons and from the names of the four persons so nominated that of one of them shall be drawn by lot, who shall be associated for the purpose aforesaid with the said two persons previously so respectively chosen or appointed. The decision under oath of any two of the said persons who shall be so selected shall be final and conclusive. The compensation and expenses of the persons so selected shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement has been reached between said parties or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators as herein provided, the said parties shall enter into a written agreement which will specify the sum or sums which such corporation or individual shall pay to the Company for said privilege and the Company shall file the same with the Board. If the Company fails to sign such an agreement within said thirty (30) days and file the same with the Board, then the right herein granted shall cease and determine.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any Company or individual.

If, however, at the termination of this contract as above, the Board shall so order, by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or the date of such order; otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the Court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such Court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board, the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Fifth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials. In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Sixth—The portion of said railway in the Borough of Manhattan and upon the Manhattan Bridge and its terminals shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan, by gas engine power or by electric storage battery power; provided that any other power may be used, except locomotive steam power, horse power or overhead electric power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York. The portion of said railway in the Borough of Brooklyn, except upon the Manhattan Bridge and its terminals, may be operated by

overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Brooklyn, by gas engine power or by electric storage battery power; provided that any other power may be used, except locomotive steam power or horse power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Seventh—No wires for the transmission of power, except trolley wires, shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed, the Company shall provide two (2) conduits not less than three (3) inches in diameter each for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City, as above.

Eighth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Ninth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs in the Borough of Manhattan after the expiration of thirty (30) days' notice to do so from the President of the Borough of Manhattan or to make pavement or repairs in the Borough of Brooklyn, after like notice from the President of the Borough of Brooklyn, then the said Presidents or either of them may make such pavement or repairs in their respective Boroughs at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Tenth—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Sec. 3. The grant of the right or privilege to operate cars upon two (2) tracks on the Manhattan Bridge and the approaches thereto, upon the route hereinbefore described, and to use other equipment owned by the City upon said bridge, is subject to the following conditions, which shall be complied with by the Company:

First—The Company shall use only such tracks as shall be assigned to the Company by the Commissioner of Bridges, and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks to such individual or other corporation.

Such tracks and all electrical equipment necessary for the operation of cars thereon shall be installed at the expense of the City, and shall remain the property of the City, but the Company shall pay the cost of keeping and maintaining such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges, for the operation of its cars, and the Company shall renew any or all tracks and electrical equipment used by it upon the bridge and its terminals when directed by the Commissioner of Bridges, and in such manner as may be prescribed by him. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars; such system to be approved by the Commissioner of Bridges. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge in order to facilitate operation of cars by the Company, said Company must do all the work and furnish all the labor and tools necessary for affecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks and appliances herein mentioned are used by any other individual or corporation, then the Company shall bear only such proportion of the cost of work required by the terms and conditions of this subdivision as the use of such track and appliances by the Company bears to the entire use of such track and appliances.

Second—Before beginning the operation of the cars, the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate and a sketch showing clearance dimensions, weight on axles and wheel spacing, or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal

of any old or inadequate appliance, and the substitution thereof of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platforms and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements hereof.

Third—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge or to affect in any way the control of such Commissioner over such bridge, as provided by the Charter of the City.

Sec. 4. The grant of the said right and privilege to construct, maintain and operate a street surface railway from a point in the marginal way adjacent to the North River at or near Desbrosses Street Ferry to the westerly approach to said bridge to the intersection of 4th and Atlantic avenues in the Borough of Brooklyn, upon the routes hereinbefore described and the grant of the said right and privilege to operate cars upon the Manhattan Bridge and the approaches thereto are both subject to the following conditions which shall be complied with by the Company:

First—The said rights and privileges shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years upon a fair revaluation of the right and privilege to operate over such continuous route and for the right to use the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, and the terminal loop or other terminal facilities which are the property of the City and used by the Company.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding fifteen (15) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of fifteen thousand dollars (\$15,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than four thousand dollars (\$4,000), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of four thousand dollars (\$4,000).

During the second term of five (5) years an annual sum which shall in no case be less than seven thousand dollars (\$7,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand dollars (\$7,000).

The gross annual receipts mentioned above shall be the gross receipts of the Company from all sources within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

(c) For the use of the tracks owned by the City upon the Manhattan Bridge and the approaches thereto, the sum of five cents for each round trip or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of such cars shall be certified by the Commissioner of Bridges to the Comptroller once each month in such form as shall be designated by the Comptroller.

(d) The Company shall pay to the City four (4) per cent. per annum upon the cost of any terminal loops or other terminal facilities which are the property of the City and used by the Company; provided, however, that if such terminal facilities are used by any other company or companies, then the Company shall only pay such portion of four (4) per cent. per annum

upon the cost thereof as shall be proportionate to the use of such facilities by the Company.

The Commissioner of Bridges shall determine such amounts due the City and certify the same to the Comptroller.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Sixth—The rate of fare for any passenger upon said railway shall not exceed three (3) cents, and the Company shall not charge any passenger more than three (3) cents for one continuous ride from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof or any connecting branch thereof within the limits of the City, and the Company shall at all times have tickets on sale, one of which shall entitle a passenger to a like privilege, and the Company shall sell such tickets at a rate not exceeding five (5) cents for two (2) tickets.

Should the Company at any time during the term of this contract be merged or consolidated with any other street surface railway company or companies, whose lines connect with or intersect the lines of the Company, the Company shall, by reason of such merger or consolidation, become obligated to receive passengers from and transfer passengers to the lines of such merged or consolidated company or companies, and said passengers shall be given a continuous ride over the lines of the Company and the lines of such merged or consolidated company or companies for a single fare of not exceeding five (5) cents.

In the event of the failure at any time subsequent to such merger or consolidation of the Company or any merged or consolidated company or companies whose lines connect with or intersect the lines of the Company or of the successors or assigns of such company or companies for any reason whatsoever to receive and transfer passengers as hereinabove provided, this franchise shall ipso facto become void and forfeited. The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Seventh—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway. Provided that no cars for the transportation of express matter shall be operated between the hours of six o'clock a. m. and eight o'clock p. m. daily, and that the Board may further limit the operation of such cars as public convenience may require.

The rate for the carrying of property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such services than provided for by it.

Eighth—The Company shall attach to each car run over the said railway proper fenders and wheelguards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Ninth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter during the term of this contract be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Tenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting

system equally efficient, or as may be required by resolution of the Board.

Eleventh—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Twelfth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time upon the request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.

9. The average rate per annum of interest on funded debt.

10. Statement of dividends paid during the year.

11. The total amount expended for same.

12. The names of the directors elected at the last meeting of the corporation held for such purpose.

13. Location, value and amount paid for real estate owned by the Company as by last report.

14. Location, value and amount paid for real estate now owned by the Company.

15. Number of passengers carried during the year.

16. Total receipts of Company for each class of business.

17. Amounts paid by the Company for damage to persons or property on account of construction and operation.

18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Thirteenth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fifteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Seventeenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars (\$10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting thereunder, relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheelguards, in case of a violation of the provisions relating to these matters, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or

other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Eighteenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided, shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Nineteenth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, driveways, bridges, viaducts, public places or any other property to which the City has title or over which the public has an easement" encountered in the routes hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Twentieth—If at any time the powers of the board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 5. The rights hereby granted are for a continuous line, but it is expressly agreed that no forfeiture shall be claimed by the City in the event of the Company being unable to secure the consents of the street surface railways in the Borough of Manhattan for operation over their tracks, provided through operation is had by the Company over the balance of the route or routes hereby authorized.

Sec. 6. Nothing in this contract shall be construed as in any manner limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 7. This grant is also upon the further and express condition that the provisions of article 5 and other provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 8. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By Mayor.

Attest: Secretary.

(Here add acknowledgments.)

Resolved, That the result of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions including the provisions as to rates, fares and charges, are as hereinbefore specified, and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Manhattan Bridge Three-Cent Line, and the said form of a proposed contract for the grant of such franchise or right containing said result of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, June 20, 1912, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, June 20, 1912, in two (2) daily newspapers, to be designated by the Mayor therefor, and published in The City of New York, at the expense of the Manhattan Bridge Three-Cent Line, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the grant of the franchise or right applied for by the Manhattan Bridge Three-Cent Line, and fully set forth and described in the foregoing form of proposed contract, for the grant of such franchise or right and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, June 20, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.

Dated New York, May 16, 1912. m27,j20

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held May 2, 1912, the following petition was received:

To the Board of Estimate and Apportionment of the City of New York:
Gentlemen—Paul T. Brady and Willard V. King, receivers of the South Shore Traction Company, and the Manhattan and Jamaica Railway Company, respectfully petition as follows:

1. That the contract between The City of New York and the South Shore Traction Company, dated December 31, 1909, and the agreement between the said parties dated December 24, 1909, both modifying a previous contract between said parties dated May 20, 1909, be declared null and void and of no effect.

2. That the contract dated May 20, 1909, be amended, first, so that the route covered by said franchise shall be from the Manhattan terminal

of the Queensboro Bridge, over and across said bridge and its approaches and terminals, to Jackson avenue, in the Borough of Queens; thence crossing Jackson avenue by way of the new diagonal street and viaduct over the Sunnyside Yards and by way of Thomson avenue and Hoffman boulevard (Queens boulevard) to Fulton street or Brooklyn and Jamaica turnpike; thence by way of Fulton street, Rose avenue, Campion avenue, Carl street and Archer place and private property, or an extension of the present Carl street and Archer place, to a point in private property in line with the present Guilford street, if the same were extended; thence over a route covered by certain streets as located and described in a map commonly known as the "Jamaica Map," adopted by the Board of Estimate and Apportionment of The City of New York, January 11, 1912, to wit: Sulphur road to Lambertville avenue; Lambertville avenue to Spangler street; Spangler street to Brinkerhoff avenue; Brinkerhoff avenue to Smith street; Smith street to Ulster street; Ulster street to Westchester avenue or the present Central avenue; Westchester avenue or the present Central avenue to the point where Westchester avenue or the present Central avenue intersects the boundary line between The City of New York and the County of Nassau, said streets as described in said map consisting at the present time of private property, Guilford street, private property, Jay street, private property, Rockaway turnpike, Pacific street, private property, Vine street, private property, State street, Morris place, private property, Woodland avenue, private property, and Central avenue; and that the company shall be allowed until the 31st day of December to complete and put in operation that portion of the line from the Manhattan terminal of the Queensboro Bridge to the vicinity of the new Long Island Railroad Station in the Village of Jamaica, and until December 31, 1913, for that portion of the line from the vicinity of the new Long Island Railroad Station in Jamaica to the intersection of Lambertville avenue with Spangler street; and until December 31, 1914, for the balance of the line; and so that various changes shall be made in regard to certain of the payments required to be made to the City by the company; and so that certain changes shall be made in regard to the conditions governing the future operation of the road; and so that the existing contract shall be modified in all ways necessary to conform to the changes above mentioned, and in such other respects as the Board deems fit and proper.

And it is further asked that when said contract is modified, that your honorable Board consent to the assignment and sale of said contract to the Manhattan and Jamaica Railway Company, a corporation organized for the express purpose of constructing and placing in operation a railroad along the line described in the above route.

Dated this 2d day of May, 1912.
Respectfully submitted,
PAUL T. BRADY, WILLARD V. KING,
Receivers of South Shore Traction Company,
MANHATTAN AND JAMAICA
RAILWAY COMPANY,
By ALBERT H. FLINT, President.
HAROLD B. WEAVER, Secretary.

—and at the meeting of May 16, 1912, the following resolutions were adopted:
Whereas, The foregoing petition from the receivers, South Shore Traction Company; Manhattan and Jamaica Railway Company, dated May 2, 1912, was presented to the Board of Estimate and Apportionment at a meeting held May 2, 1912;

Resolved, That in pursuance of law this Board sets Thursday, the 6th day of June, 1912, at 10.30 o'clock in the forenoon, and Room 16, in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Resolved, That this Board does not recognize any rights of the South Shore Traction Company and the fixing of such hearing is without prejudice in the premises.
JOSEPH HAAG, Secretary.

Notice to Property Owners.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following named streets in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, ANNEXED TERRITORY.

MAIN STREET—OPENING, from the land to be acquired for the east approach of City Island Bridge to the Long Island Sound. Confirmed March 28, 1912; entered June 3, 1912. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

All the lands comprising what is known as City Island and all the lands under water included within what is familiarly known as the Hunter Grant, and also all the lands under water lying to the northwest and north of City Island which are bounded by the following described exterior line beginning at the northwest corner of the Hunter Grant on the westerly side of City Island; thence running northerly on a straight line for a distance of about 540 feet; thence northeasterly on a straight line to its intersection with a line parallel to and distant 475 feet northwesterly from the northwesterly side of Terrace place; thence still northeasterly along said parallel line for a distance of about 405 feet; thence curving to the right on the arc of a circle tangent to the preceding course and of 475 feet radius to its intersection with the northerly boundary line of the Hunter Grant on the east side of City Island.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit of any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of 177th st. and 3d ave., Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 2, 1912, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THEREON ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of The Bronx.
Being certain buildings, parts of buildings, etc., standing within the lines of Bronx boulevard, from the northerly line of Gun Hill road to Burke ave., in the Borough of The Bronx, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held May 22, 1912, the sale by sealed bids, at the upset or minimum prices named in the description of each parcel, of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, JUNE 13, 1912,
at 11 a. m., in lots and parcels and in manner and form and at upset prices as follows:

Parcel No. 94A. Three-story brick building on the southeast corner of Bronx boulevard and Gun Hill road. Upset price, \$350.

Parcel No. 94B. Two-story frame barn and part of outhouse on the easterly side of Bronx boulevard, in the rear of Parcel No. 94A. Upset price, \$50.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m. on the 13th day of June, 1912, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 13, 1912," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the widening of WEST ONE HUNDRED AND THIRTY-EIGHTH STREET at its junction with Fifth avenue (although not yet named by proper authority), in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held at the County Court House in the Borough of Manhattan, in The City of New York, on the 19th day of June, 1912, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by law.

Dated Borough of Manhattan, New York, June 6, 1912.

RASTUS S. RANSOM, J. METCALFE THOMAS, GEORGE E. WELLER, Commissioners of Estimate; J. METCALFE THOMAS, Commissioner of Assessment.

JOEL J. SQUIER, Clerk. j6,17.

FIRST JUDICIAL DISTRICT.

In the matter of the application of The City of New York relative to acquiring title to certain lands and premises not now owned by The City of New York, situated, lying and being on LEONARD, WORTH, LAFAYETTE, CENTRE AND OTHER STREETS, in the 6th Ward of the Borough of Manhattan, in The City of New York, duly selected, located, designated and set apart by the Board of Estimate and Apportionment of The City of New York, pursuant to the provisions of chapter 336 of the Laws of 1903, and the various acts amendatory thereof and supplemental thereto, as a site for a new courthouse for the use of the Special and Trial Terms of the Supreme Court in the First Judicial District, and of the City Court of New York and of the County Clerk of the County of New York, and of the Commissioner of Jurors.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, by virtue of an order of the Supreme Court of the State of New York bearing date the 24th day of May, 1912, and filed and entered in the office of the Clerk of the County of New York on the same day, were appointed Commissioners of Estimate and Appraisal in the above entitled proceeding, for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises taken or to be taken by The City of New York as a site for a new courthouse for the use of the Special and Trial Terms of the Supreme Court in the First Judicial District, and of the City Court of New York and of the County Clerk of the County of New York and of the Commissioner of Jurors.

The real estate sought to be acquired by The City of New York in said proceeding is situated in the 6th Ward of the Borough of Manhattan of The City of New York, and consists of all of the lands and premises with the buildings thereon and appurtenances thereunto belonging in Section 1, Blocks 155, 166 and 168 on the land map of The City of New York, exclusive of such portions thereof and interest therein as are now owned by The City of New York.

All parties and persons interested in the said real estate taken or to be taken for the aforesaid public purpose or affected thereby, and having any claim or demand on account thereof, are requested to present the same to us, the undersigned, Commissioners of Estimate and Appraisal, at our office, Room No. 402, on the fourth floor of the building No. 258 Broadway, in the Borough of Manhattan, City of New York, on or before the 6th day of June, 1912.

Notice is further given that we, the said Commissioners, will be in attendance at our office above specified on the 7th day of June, 1912, at 10.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto, and at such time and place, or at such further and other times and places as we may appoint, we will hear such owners and claimants in relation thereto, and examine the proof of such claimant or claimants or such additional proof or allegations as may then be offered by such owners or claimants or on behalf of The City of New York.

It is requested that each claimant be prepared on said 7th day of June, 1912, to prove title to the property claimed to be owned by him.

Twenty years' proof of title, together with proof as to liens and incumbrances, will be required.

The Commission has determined to proceed from day to day in this matter and to receive the proof of value immediately upon the completion of the proof of title, to the end that it may make its report herein to the Court within 60 days from the date of this notice.

Dated New York, June 3, 1912.

ABRAM I. ELKUS, HENRY SCHNEIDER, JAMES J. COOGAN, Commissioners.

JOSEPH M. SCHENCK, Clerk. j5,7.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the land and premises required for the opening and extending of SEDGWICK AVENUE, from Jerome avenue to a line between the 23d and 24th wards, at West One Hundred and Sixty-ninth street, where not already acquired, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges, and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held at the County Court House in the Borough of Manhattan, in The City of New York, on the 18th day of June, 1912, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as Counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the Office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by law.

Dated Borough of Manhattan, New York, June 4th, 1912.

PETER L. MULLALLY, BERNARD HARTMAN, JOHN GIBSON, SR., Commissioners of Estimate; PETER L. MULLALLY, Commissioner of Assessment.

JOEL J. SQUIER, Clerk. j4,14.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain uplands and lands, wharf property, wharfage rights, terms, easements, emoluments and privileges necessary to be taken for the improvement of the waterfront of The City of New York, on the North River, between West Fifteenth and West Eighteenth streets, and the easterly side

1912, and that we, the said Commissioners, will hear parties so objecting and for that purpose will be in attendance at our said office on the 26th day of June, 1912, at 10 o'clock in the forenoon of that day.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, at the office of said Bureau, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of June, 1912.

Third—That, provided there be no objections filed to our said abstract of estimate and assessment, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 17th day of July, 1912, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to our said abstract of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, June 1, 1912.

CHARLES N. MORGAN, Chairman; ADAM WIENER, JAMES S. MENG, Commissioners.

The Board of Estimate and Apportionment on the 6th day of July, 1911, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the southeasterly line of Spuyten Duyvil road where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the southerly line of West Two Hundred and Fortieth street and the northeasterly line of West Two Hundred and Thirty-eighth street, as these streets are laid out between Libbett avenue and Corlear avenue, and running thence southeasterly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Broadway, the said distance being measured at right angles to Broadway; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Broadway to the intersection with a line midway between West Two Hundred and Thirty-sixth street and West Two Hundred and Thirty-seventh street, as these streets are laid out between Broadway and Putnam Avenue West; thence easterly along the said line midway between West Two Hundred and Thirty-sixth street and West Two Hundred and Thirty-seventh street and along the prolongation of the said line to the intersection with the southeasterly right-of-way line of the New York and Putnam Railroad; thence northeasterly along the said right-of-way line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of West Two Hundred and Thirty-sixth street and the southerly line of West Two Hundred and Thirty-eighth street, as these streets are laid out where they adjoin Albany road on the west; thence southeasterly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Albany road, the said distance being measured at right angles to Albany road; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Albany road to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West Two Hundred and Thirty-sixth street and West Two Hundred and Thirty-fourth street, as these streets are laid out between Broadway and Putnam Avenue West; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West Two Hundred and Thirty-fourth street and West Two Hundred and Thirty-sixth street, as these streets are laid out between Spuyten Duyvil road and Tibbett avenue; thence northwesterly along the said bisecting line to the intersection with a line distant 100 feet northwesterly from and parallel with the northerly line of Spuyten Duyvil road, the said distance being measured at right angles to Spuyten Duyvil road; thence southwesterly along the said line parallel with Spuyten Duyvil road to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of West Two Hundred and Thirty-fourth street, as this street is laid out between Cambridge avenue and Riverdale avenue, the said distance being measured at right angles to West Two Hundred and Thirty-fourth street; thence westwardly along the said prolongation of a line parallel with West Two Hundred and Thirty-fourth street to a point distant 65 feet westerly from the easterly line of Riverdale avenue, the said distance being measured at right angles to Riverdale avenue; thence northwardly and always distant 65 feet westerly from and parallel with the easterly line of Riverdale avenue to the intersection with the prolongation of a line midway between West Two Hundred and Thirty-fourth street and West Two Hundred and Thirty-fifth street, as these streets are laid out between Cambridge avenue and Riverdale avenue; thence westwardly along the said line midway between West Two Hundred and Thirty-fourth street and West Two Hundred and Thirty-fifth street and along the prolongation of the said line to the intersection with a line midway between Cambridge avenue and Riverdale avenue and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Riverdale avenue, as this street is laid out between West Two Hundred and Thirty-sixth street and West Two Hundred and Thirty-seventh street, the said distance being measured at right angles to Riverdale avenue; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Riverdale avenue and its southerly prolongation as laid out between West Two Hundred and Thirty-sixth street and West Two Hundred and Thirty-seventh street to the intersection with a line at right angles to Riverdale avenue and passing through a point on its easterly side where it is intersected by a line distant 350 feet northerly from and parallel with the northerly line of West Two Hundred and Thirty-eighth street, where it adjoins Fieldston road, the said distance being measured at right angles to West Two Hundred and Thirty-eighth street; thence easterly along the said line at right angles to Riverdale avenue to the intersection with its easterly side; thence easterly along the said line parallel with West Two Hundred and Thirty-eighth street to the intersection with a line midway between Fieldston road and Greystone avenue; thence northwardly along the said line midway between Fieldston road and Greystone avenue and along the prolongation of the said line to a point distant 100 feet northerly from its intersection with the northerly line of West Two Hundred and Forty-second street; thence easterly in a straight line to a point on the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Spuyten Duyvil road where it adjoins West Two Hundred and Fortieth street on the north, the said distance being measured at right angles to Spuyten Duyvil road distant 100 feet northerly from its intersection with the northerly line of West Two Hundred and Forty-second street; thence southwardly along the said line parallel with Spuyten Duyvil road and along the prolongation of the said line to the intersection with a line at right angles to Spuyten Duyvil road and passing through a point on its westerly side distant 100 feet easterly from the easterly line of Waldo avenue, the said distance being measured at right angles to Waldo avenue; thence westwardly along the said line at right angles to Spuyten Duyvil road to the intersection with its westerly side; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Waldo avenue to the intersection with a line parallel with West Two Hundred and Thirty-eighth street, as this street is laid out between Waldo avenue and Spuyten Duyvil road, and passing through the point of beginning; thence easterly along the said line parallel with West Two Hundred and Thirty-eighth street to the point of place of beginning.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SIXTY-EIGHTH STREET, from Amsterdam avenue to Jumel place, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of June, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 21st day of June, 1912, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements

and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of June, 1912, and that the said Commissioner will hear parties so objecting and for that purpose will be in attendance at his said office on the 24th day of June, 1912, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 29th day of June, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the westerly line of Amsterdam avenue distant 75 feet southerly from its intersection with the southerly line of West One Hundred and Sixty-eighth street, and running thence westwardly and parallel with West One Hundred and Sixty-eighth street to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Amsterdam avenue, the said distance being measured at right angles to Amsterdam avenue; thence northwardly along the said line parallel with Amsterdam avenue to a point distant 75 feet northerly from the northerly line of West One Hundred and Sixty-eighth street, the said distance being measured at right angles to West One Hundred and Sixty-eighth street; thence eastwardly and parallel with West One Hundred and Sixty-eighth street to the intersection with the westerly line of Amsterdam avenue; thence eastwardly in a straight line to a point on the easterly line of Amsterdam avenue distant 175 feet northerly from its intersection with the northerly line of West One Hundred and Sixty-eighth street; thence eastwardly and parallel with West One Hundred and Sixty-eighth street and its prolongation as laid out adjoining Jumel place to a point distant 90 feet easterly from the easterly line of Jumel place, the said distance being measured at right angles to Jumel place; thence southwardly and parallel with Jumel place to the intersection with the prolongation of a line distant 125 feet southerly from and parallel with the southerly line of West One Hundred and Sixty-eighth street, as this street is laid out between Amsterdam avenue and Jumel place, the said distance being measured at right angles to West One Hundred and Sixty-eighth street; thence westwardly along the said line parallel with West One Hundred and Sixty-eighth street and along the prolongation of the said line to the intersection with a line midway between Amsterdam avenue and Jumel place; thence northwardly along the said line midway between Amsterdam avenue and Jumel place to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of West One Hundred and Sixty-eighth street, as this street is laid out between Amsterdam avenue and Jumel place, the said distance being measured at right angles to West One Hundred and Sixty-eighth street; thence westwardly along the said line parallel with West One Hundred and Sixty-eighth street to the intersection with the easterly line of Amsterdam avenue; thence westwardly in a straight line to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of June, 1912.

Fifth—That provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 28th day of June, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the Municipal Building, Court House square, Long Island City, Borough of Queens, in the City of New York,

on or before the 24th day of June, 1912, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 26th day of June, 1912, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House square, Long Island City, in the Borough of Queens, in said City, there to remain until the 26th day of June, 1912.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the northerly side of Broadway which point would be intersected by the middle line of the block between Fourteenth and Fifteenth streets; thence northerly and at all times midway between Fourteenth and Fifteenth streets to the intersection of said line with the southerly side of Old Bayside avenue; thence westerly along the southerly side of Old Bayside avenue to a point therein which would be intersected by the middle line of the block between Fourteenth and Thirteenth streets, and thence southerly along the middle line between Fourteenth and Thirteenth streets to the northerly side of Broadway, and thence easterly and southerly along the northerly side of Broadway to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 11th day of September, 1912, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, May 27, 1912.

HARRISON S. MOORE, Chairman; GASTON F. LIVETT, T. J. BURNETT, Commissioners.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
