Dock Department—New Plan for the Improvement of the Waterfront in the Vicinity of Pier No. 97, at the Foot of 57th Street, North River, Borough of Manhattan.

The Chair called for a hearing in the matter of the new plan for improvement of the waterfront in the vicinity of Pier No. 97, at the foot of 57th Street, North River, Borough of Manhattan. (Affidavit as to publication of notice of hearing in The City Record on file with the papers.)

No one appearing in opposition, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 27th, 1915.

To the Honorable, the Commissioners of the Sinking Fund.

Gentlemen—On September 10th, 1915, the Commissioner of Docks transmitted a plan showing the proposed amendment to the New Plan for improving the water front and harbor of the City of New York in the vicinity of Pier No. 97 at the foot of West 57th Street, North River, Borough of Manhattan, and requested approval thereto.

The amendment consists of the widening of the West 57th Street pier 40 feet along its northerly side, making the width of the pier 110 feet instead of 70 feet.

The change is necessary to provide for leasing the pier to the Italian Lines.

The Commissioner of Docks under date of August 31st, 1915, requested consent to lease this pier and the pier at the foot of 56th Street with 566.69 feet of bulkhead to the Navigazione Generale Italiana Company for a term of 10 years with privilege of two renewals of 10 years each.

The water front at this locality was conveyed to the City by a series of grants beginning in 1807, but, owing to its situation, practically laid idle until 1884, when a department yard was established at this point, which latterly was used largely for the repairs to ferry boats and floating equipment of the Department. This use was continued until recently.

In considering the economies to be affected in the operation of the Municipal Ferries the Commissioner determined that the Repair Shop was too far from the ferry terminals, and moreover, that valuable water front property on the North River should be devoted to purposes of commerce. The Repair Shop for the Municipal Ferry Boats was therefore transferred to St. George, thus effecting a great saving in cost and operation and maintenance, and releasing water front valued at over \$1,000,000, which by an expenditure of \$628,000.00 would yield a substantial revenue to the City and at the same time improve and establish a new Trans-Atlantic terminal on a self-sustaining basis.

If the Commissioners of the Sinking Fund approve the modification at the public hearing I recommend the adoption of the attached Resolution approving the change.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the plan for the amendment to the new plan for the improvement of the water front and harbor of the City of New York in the vicinity of Pier No. 97 at the foot of West 57th Street, North River, Borough of Manhattan, made and adopted by the Commissioner of Docks in accordance with law September 10th, 1915.

The report was accepted and the resolution unanimously adopted.

The chair then declared the hearing closed.

(4) Term: The lease shall begin when the Chief Engineer of the Department of Docks and Ferries certifies that the sheds provided for herein are completed and ready for occupation by the lessee but not later than May 1, 1917, and shall be for a term of ten years with privilege of renewal for two additional terms of ten years each.

(13) Piping: The structures will be piped for water supply and equipped with suitable hose for the extinguishment of fires.

(14) Heating: The offices, passenger waiting rooms and the shed on the pier foot of West 56th Street will be provided with heating apparatus.

The West 57th Street Pier will be equipped with steel cargo masts 70 feet in height with cables, spaced every 20 feet on each side of the pier. All of the above with appurtenances and appliances are to be furnished at the cost and expense of the City, except that the boiler plant for heating purposes, winches, generators and power machinery will be furnished by the lessee at its own cost and expense.

(16) Outshore Extension to Pier: If at any time during the term of the lease, in order to provide accommodations for longer steamers, the lessee shall require the piers hereby leased to be extended outshore to any pierhead line which may hereafter be established by the Secretary of War at that locality, such extensions shall be made by the Department for a distance to be agreed upon between the City and the lessee at an additional rental of 27½ cents per square foot per annum for the excess area occupied, plus 5½ per cent. on the cost of construction, etc.

(17) Inshore Extension to Pier: If at any time during the term of the lease, the City shall amend its plan for the improvement of the waterfront at this locality, and, in order to provide accommodations for longer steamships, the lessee shall require the piers hereby leased to be extended in accordance with such amended plan inshore, the lessee shall pay an additional rental of 27½ cents per square foot per annum for any excess area occupied over that included in the lease. Such inshore extension shall be made by the lessee at its own cost and expense, including all removals, excavations, dredging, construction and all work incidental to said extension as shown by the books and accounts of the Department of Docks and Ferries, in accordance with plans to be approved by the Department of Docks and Ferries for a distance to be agreed upon between the Commissioner of Docks and the lessee, or, at the option of the lessee, such extension inshore shall be made by the City upon an agreement by the lessee to pay such additional rental as will, during the remaining term of the lease, amortize the cost of such inshore extension, including all removals, excavations, dredging, construction and all work incidental to said extension as shown by the books and accounts of the Department of Docks and Ferries.

(18) Remaining Terms and Conditions: The remaining terms and conditions of the lease, except so far as they are inconsistent herewith, shall be similar to those contained in leases of wharf property now used by this Department.

Respectfully yours, R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 24th, 1915.

To the Honorable, the Commissioners of the Sinking Fund.

Gentlemen—On August 31st, 1915, the Commissioner of Docks requested approval of and consent to the execution by the Commissioner of Docks of a lease to the Navigazione Generale Italiana, a corporation organized and existing under and by virtue of the laws of the Kingdom of Italy, of the pier at the foot of West 56th Street, North River, about 700 feet long and 60 feet wide; the pier at the foot of West 57th Street, North River, about 700 feet long and 110 feet wide and the bulkhead commencing at a point 100.17 feet north of the northerly line of West 55th Street extended and running thence northerly a distance of 566.69 feet.

The lease to commence when the Chief Engineer of the Department of Docks and Ferries certifies that the sheds provided for in the lease are completed and ready for occupation, but not later than May 1st, 1917, and shall be for a term of 10 years with privilege of renewal for two additional terms of ten years each.

The rental to be at the rate of \$100,000.00 per annum for the first ten years and for each renewal term 10% advance on the rental for the preceding term.

The other terms and conditions to be as recommended by the Commissioner and incorporated in the attached resolution:

The leasing of this section of the water front to the Italian Lines will permit the City to lease or otherwise use the very valuable pier No. 74 at the foot of West 34th Street, North River. Pier No. 74 is now occupied by the Italian Lines under a lease which expires on April 1st, 1917.

The value of water front with the improvements necessary to comply with the terms of the lease is \$1,767,352.00, segregated as follows:

Value of present water front and existing structures:	
West 56th Street pier.....	\$42,000 00
West 57th Street pier.....	49,000 00
Bulkhead rights 566.69 ft.....	283,345 00
Wall construction, 566.69 ft.....	170,007 00
Land under water, W. 56th St. pier and W. 57th St. pier.....	595,000 00
	\$1,139,352 00

Estimated cost of additional improvements:	
Dredging	\$31,000 00
Widening and foundations, concrete and asphalt, W. 57th St. pier	133,800 00
Decking, W. 56th St. pier.....	10,500 00
Shed, W. 56th St. pier.....	99,500 00
Shed, W. 57th St. pier.....	236,200 00
Bulkhead shed, including removal of bldgs and paving area, sheet metal front.....	117,000 00
	628,000 00

The above statement shows that \$628,000.00 will have to be expended upon the premises in order to fulfill the conditions of the lease.

On a valuation of \$1,767,352.00 the rental recommended for the first term of ten years (\$100,000 per annum) is at the rate of 5 66/100%.

The rental proposed I consider just and reasonable, and concurring in the recommendation as to the other terms and conditions, subject to the approval of the amendment of the plan of the water front improvement, widening the pier at the foot of West 57th Street, and the funds being provided for the additional improvements, I advise the adoption of the attached resolution approving the request. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the Navigazione Generale Italiana, a corporation organized and existing under and by virtue of the laws of the Kingdom of Italy, having its office in the State of New York at No. 1 State Street, City of New York, with privilege of furnishing accommodations to La Veloce, Italia, and Lloyd Italiano, and for such other steamers as may be owned and controlled by the lessee of the following described property:

The lease shall begin when the Chief Engineer of the Department of Docks and Ferries certifies that the sheds provided for herein are completed and ready for occupation by the lessee, but not later than May 1st, 1917, and shall be for a term of ten (10) years with a privilege of renewal for two (2) additional terms of ten (10) years each; the rental shall be at the rate of one hundred thousand dollars (\$100,000) per annum for the first term of ten years and for each renewal term ten per cent (10) advance on the rental for the preceding term. The lease is to provide that the city will dredge the slips immediately adjoining the leased premises to a depth of thirty-five feet (35) at mean low water at the commencement of the lease, but thereafter during the continuance of the lease, or any renewal thereof, all dredging required shall be done at the expense of the lessee. All the above with appurtenances and appliances are to be furnished at the cost and expense of the City, except that the boiler plant for heating purposes, winches, generators and power machinery will be furnished by the lessee at its own cost and expense. It is understood and agreed that the City will not lease the south side of West 58th Street pier, the half bulkhead adjoining the south side of said pier and the water adjacent thereto, without the consent of the lessee; but it is the intention of the City that this property shall be used for the purposes of the Department of Docks and Ferries and for such commercial purposes as will not interfere with the proper operation of the lessee's business. The lease shall further provide that if at any time during the term of the lease, in order to provide accommodations for longer steamers, the lessee shall require the piers hereby leased to be extended outshore to any pierhead line which may hereafter be established by the Secretary of War at that locality, such extensions shall be made by the Department of Docks and Ferries at an additional rental of twenty-seven and one-half cents (27½) per square foot per annum for the excess area of said extensions, plus five and one-half per cent (5½) of the cost of said extensions, said areas and costs to be as shown by the surveys and books of the Department of Docks and Ferries. If at any time during the term of the lease the City shall amend its plan for the improvement of the waterfront at this locality, and, in order to provide accommodations for longer steamships, the lessee shall require the piers hereby leased to be extended in accordance with such amended plan inshore, the lessee shall pay an additional rental of 27½c. per square foot per annum for any excess area occupied over that included in the lease. Such inshore extension shall be made by the lessee at its own cost and expense, including all removals, excavations, dredging, construction and all work incidental to said extension as shown by the books and accounts of the Department of Docks and Ferries, in accordance with plans to be approved by the Department of Docks and Ferries for a distance to be agreed upon between the Commissioner of Docks and the lessee, or, at the option of the lessee, such extension inshore shall be made by the City upon an agreement by the lessee to pay such additional rental as will during the remaining term of the lease amortize the cost of such inshore extension, including all removals, excavations, dredging, construction and all work incidental to said extension as shown by the books and accounts of the Department of Docks and Ferries. Dock Department—Amendment to Resolution Approving of a Lease to the Delaware, Lackawanna & Hudson River R. R. of Certain Wharf Property on the East River in the Vicinity of Pier New 26.

The following was received from the Commissioner of Docks:

Pier A. North River, Sept. 17, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Commissioners of the Sinking Fund:

Sir:—At a meeting of the Commissioners of the Sinking Fund, held March 4, 1914, a resolution was adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to the Delaware, Lackawanna and Western Railroad Company of certain wharf property on the East River to be improved by said Company by the building of Pier New 26, the adjoining bulkheads, platforms, sheds, etc.

The resolution provides as follows:

"The lease shall be for a term of 10 years, with one 10-year renewal term, commencing from the date the Chief Engineer of the Department of Docks and Ferries certifies that the improvements are completed and the premises are ready for occupation, but in any event not later than January 1, 1915."

Owing to the construction along South Street at this locality by the contractor of the Borough President of Manhattan and other causes over which the lessee had no control, the Chief Engineer of this Department reports that the improvements were not completed and the premises ready for occupation until July 1, 1915.

I, therefore, beg to recommend that the resolution of the Commissioners of the Sinking Fund and the date of the commencement of the lease and the accruing of the rental thereunder be fixed at July 1, 1915, instead of January 1, 1915.

Very truly yours,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 27, 1915.

To the Honorable Commissioners of the Sinking Fund:

Gentlemen:—On September 17, 1915, the Commissioner of Docks advised that under date of March 4, 1914, a resolution was adopted by the Commissioners of the Sinking Fund approving of and consenting to the execution of a lease by the Commissioner of Docks to the Delaware, Lackawanna and Western Railroad Company of certain wharf property on the East River to be improved by said Company by the building of Pier New 26, the adjoining bulkheads, platforms, sheds, etc.

The resolution provides in part as follows:

"The lease shall be for a term of ten years, with one 10-year renewal term, commencing from the date the Chief Engineer of the Department of Docks and Ferries certifies that the improvements are completed and the premises are ready for occupation, but in any event not later than January 1, 1915."

The Commissioner of Docks states that, owing to the construction along South Street at this locality by the contractor of the Borough President of Manhattan and other causes over which the lessee had no control, the Chief Engineer reports that the improvements were not completed and the premises ready for occupation until July 1, 1915.

Therefore the Commissioner recommends that the date of the commencement of the lease and the accruing of the rental thereunder be fixed at July 1, 1915, instead of January 1, 1915.

At the office of the Borough President of Manhattan I was advised that the construction of the outlet to the Oliver Street sewer which was built on South Street between Oliver and Catharine Streets in such manner as to obstruct the approach to Pier New 26 was begun November 10, 1914, and not completed until April 21, 1915, and the pavement replaced until May 1, 1915.

This work prevented completion and occupation of the pier within the time specified in the lease.

I therefore concur in the request of the Commissioner of Docks and recommend the adoption of the attached resolution approving the request of the Commissioner of Docks, fixing the commencement of the lease of Pier New 26 to the Delaware, Lackawanna and Western Railroad Company as of July 1, 1915, instead of January 1, 1915. Respectfully,

ALEXANDER BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund on March 4th, 1914, approving of and consenting to the execution by the Commissioner of Docks of a lease to the Delaware, Lackawanna & Western Railroad Company of certain wharf property to be improved by said Company in the vicinity of pier (New) No. 26, East River, Borough of Manhattan, be and the same is hereby amended by omitting the clause which reads as follows:

"The lease shall be for a term of ten years, with one ten-year renewal term, commencing from the date the Chief Engineer of the Department of Docks and Ferries certifies that the improvements are completed and the premises are ready for occupation, but in any event not later than January 1, 1915."

—and inserting in place thereof a clause which reads as follows:

The lease shall be for a term of ten years, with one ten-year renewal term, commencing from the date the Chief Engineer of the Department of Docks and Ferries certifies that the improvements are completed and the premises are ready for occupation, but in any event not later than July 1, 1915.

Terms and Conditions Under Which the Owner of Real Property Which the City of New York Is Authorized to Acquire for Streets, Etc., May Convey or Cede the Same to the City.

The following was received from the Board of Estimate and Apportionment:

September 21, 1915.

JOHN KORB, JR., Esq., Secretary, Commissioners of The Sinking Fund:

Dear Sir—Transmitted herewith is a certified copy of resolutions adopted by the Board of Estimate and Apportionment on September 17th, 1915, fixing the terms and conditions under which an owner of real property, which the City of New York is authorized to acquire for streets, etc., may convey or cede the same to the City.

These terms and conditions are subject to approval by the Board of Commissioners

of the Sinking Fund in accordance with section 971 of the Greater New York Charter, as amended by chapter 606 of the Laws of 1915. Respectfully,

JOS. HAAG, Secretary.

Note—The resolution is incorporated in the resolution adopted by the Commissioners of the Sinking Fund following:

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

October 2nd, 1915.

To the Honorable, The Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the Secretary of the Board of Estimate and Apportionment to the Commissioners of the Sinking Fund, transmitting a copy of a resolution adopted by the Board of Estimate and Apportionment on September 17, 1915, fixing the terms and conditions under which an owner of real property which the City of New York is authorized to acquire for streets, etc., may convey or cede the same to the City. This resolution was adopted in accordance with section 971 of the Greater New York Charter, as amended by chapter 606 of the Laws of 1915.

This act provides that an owner of real property which the City is authorized to acquire, may convey or cede the same to the City provided such real property be free from encumbrances inconsistent with the title to be acquired by the City on such terms and conditions, including exemptions from assessments, as the Board of Estimate and Apportionment may from time to time prescribe, with the approval of the Commissioners of the Sinking Fund.

On September 17, 1915, the Board of Estimate and Apportionment adopted a resolution, subject to the approval of the Commissioners of the Sinking Fund, authorizing the Corporation Counsel to accept deeds conveying to the City of New York title in fee to real property within the lines of streets duly laid out upon the map or plan of the City of New York, subject to the terms and conditions, including exemptions from assessments as prescribed therein. It was further resolved in this resolution that the premises to be conveyed shall be free from encumbrances inconsistent with the fee title to be vested, except so far as easements for street purposes may exist and that such conveyances shall be without compensation.

Every conveyance submitted to the Corporation Counsel shall be accompanied by an affidavit of title and full abstracts thereof, together with complete searches in relation thereto, or by a guaranteed certificate of some title insurance company, approved by the Corporation Counsel, guaranteeing the title in fee. In lieu thereof, the grantor shall pay to the City a sum equivalent to twenty-five cents per linear foot of the portion of the street ceded abutting on the frontage area, such amount not to exceed \$50. Unless the Corporation Counsel rejects the title for legal cause, he shall, as soon as practicable accept the same and endorse on the conveyance the word "accepted," the date of acceptance, record the conveyance and file the same when returned with the Comptroller. Should the conveyance be rejected for other cause than a defect in title, the Comptroller shall return to the grantor any payment made by him.

The President of the Borough in which the property to be conveyed is located will, upon application from a grantor, prepare a technical description of the property for incorporation in the deed, providing proper data is submitted to him to show the relation of the boundary lines of the property to the street lines as laid out on the City map.

The acceptance by the Corporation Counsel of such conveyances shall entitle the grantor to exemption from assessments, to an extent more particularly set forth in the resolution of the Board of Estimate and Apportionment above mentioned.

This Act is to my mind very advantageous to the City, inasmuch as it will lessen the cost of condemnation proceedings, thereby saving both the City and the owners of property considerable expense and time.

I therefore respectfully recommend that the Commissioners of the Sinking Fund approve the attached resolution adopted by the Board of Estimate and Apportionment on September 17, 1915. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the following preamble and resolution adopted by the Board of Estimate and Apportionment at meeting held September 17, 1915:

Whereas, It is provided by section 971 of the Greater New York Charter, as amended by chapter 606 of the Laws of 1915, that an owner of real property which the City is authorized to acquire may convey or cede the same to the City provided such real property be free from encumbrances inconsistent with the title to be acquired by the City on such terms and conditions, including exemptions from assessments, as the Board of Estimate and Apportionment may from time to time prescribe, with the approval of the Board of Commissioners of the Sinking Fund, now, therefore, in order to permit of such cessions and conveyances, the Board of Estimate and Apportionment, subject to the approval of the Board of Commissioners of the Sinking Fund, does hereby and in the following resolutions prescribe the terms and conditions, including exemptions from assessments, upon which such conveyances or cessions to the City may be made.

I. Resolved, Subject to the approval of the Board of Commissioners of the Sinking Fund, that the Corporation Counsel be and he hereby is authorized to accept deeds conveying to The City of New York title in fee to real property within the lines of streets duly laid out upon the map or plan of The City of New York, subject to the terms and conditions, including exemptions from assessment, hereinafter prescribed.

II. Resolved, That when used in these resolutions unless otherwise expressly stated, or unless the context or subject matter otherwise requires:

A. "Street" means a street duly laid out upon the map or plan of The City of New York.

B. "Easements" mean easements for street purposes.

C. "Block" means all of the area included within the lines of a street between the nearest side lines of two adjacent streets intersecting it.

D. "Frontage area" means the property abutting on a street to a depth of 100 feet, with lateral boundaries approximately at right angles to the side lines of the street.

E. "Linear frontage" means the length of the boundary of the frontage area as measured along the line of the street on which it abuts.

F. "Expense of acquiring title" means the awards made in a proceeding to acquire title.

G. "Cost of acquiring title" means the aggregate of the taxed costs in a proceeding to acquire title.

H. A "parcel" as herein mentioned shall be deemed to be one or more continuous areas of land in one tract and in one ownership.

III. Resolved, That the terms and conditions upon which real property may be conveyed to the City shall be as follows:

1. Real property shall be free from encumbrances inconsistent with the fee title to be vested in the City except in so far as easements for street purposes may exist thereover.

2. All conveyances of real property to the City shall be without compensation other than such exemption from assessment as may be extended or secured to the grantor.

3. Every conveyance submitted to the Corporation Counsel shall be accompanied by an affidavit of title and full abstracts of title to the real property described in the conveyance, together with complete searches in relation thereto, or by a guaranteed certificate of some title insurance company, approved by the Corporation Counsel, guaranteeing the title in fee, or in lieu of such abstract and searches or of such guaranteed certificate of title, the grantor shall pay to The City of New York by depositing with the Corporation Counsel a sum equivalent to twenty-five cents per linear foot of the portion of the street ceded abutting on the frontage area; provided, however, that the total payment by the owner of any one parcel ceded shall not exceed \$50.

4. The Corporation Counsel, unless he reject the title for legal cause, shall, as soon as practicable, accept the same and endorse on the conveyance the word "accepted," and the date of acceptance, and shall record the conveyance in the office in which conveyances of real property are required to be recorded. When the conveyance shall have been returned to the Corporation Counsel after being recorded, he shall file the same with the Comptroller of the City.

In case the conveyance is rejected for other cause than a defect in the title, the Comptroller shall return to the grantor any payment which he may have made to the City under the provisions of this resolution.

5. The President of the Borough in which the property to be conveyed is located will, upon application from a grantor, prepare a technical description of the property for incorporation in the deed, providing that proper data is submitted to him to show the relation of the bounding lines of the property to the street lines as laid out upon the City Map.

IV. Resolved, That the acceptance by the Corporation Counsel, pursuant to these resolutions of conveyances to the City of real property, shall entitle the grantor to exemption from assessment, as follows, and to no greater extent:

1. In case the whole or a part of the real property described in the conveyance be wholly or partly free from street easements, then so much of the frontage area of the grantor's property as has a linear frontage which bears the same proportion to the total linear frontage of the area which is assessable for the improvement for the purposes of which the conveyance is made, in the block in which the conveyed land lies, as the unencumbered real estate in that conveyance bears to the total unencumbered real estate to be acquired in that block for the purposes of the street, shall be exempted from assessment, as of the date of the submission to the Corporation Counsel of all necessary papers in cases where a proceeding for acquiring title to the property for street purposes had not previously been instituted, and as of the date of the acceptance of the conveyance in case such a proceeding had prior thereto been authorized. The linear frontage of the land to be thus exempted is ascertainable by the following formula: So much of the frontage area owned by the grantor as has a linear frontage equal in feet to the number obtained by dividing (a) the total linear frontage in feet on the block in which the ceded land is located, less the linear frontage which has been exempted from assessment, by (b) the quotient obtained by dividing the entire area in square feet within the block which is unburdened by any easement or the fee of which has not been acquired for street purposes, by the number of square feet of area within the block described in the conveyance which is not subject to easements. This exemption so granted shall be from assessments for the cost and expense of acquiring title to any portion of the street except as hereinafter provided. But the exemption from assessments herein mentioned shall not extend or be deemed to cover the proportionate burden of assessment imposed because of awards for damages for buildings, damages to buildings, or for change of grade or for intended regulation in an opening proceeding, nor shall it be deemed to give the grantor any exemption or right to claim exemption from assessments because of the opening and acquiring title to some part of the street in a proceeding different or other than the proceeding first brought to acquire land included in the block in which the land ceded and conveyed shall lie. Provided, also, that if the Board of Estimate and Apportionment shall have authorized a proceeding to acquire title for street purposes to the real property described in the conveyance, prior to the date of the submission of the necessary papers, the grantor shall be required to pay to the City for the credit of the proceeding, the proportionate share of the cost of acquiring title incurred by the City on account of the proceeding up to the date of the acceptance of the conveyance, chargeable to the grantor's frontage area to be exempted from assessment in case the conveyance is accepted. Further provided, that no cession or conveyance shall be accepted and received by the City unless it shall convey all the land and interests in land which the grantor has and might convey within the limits of the same street in the block in which the land described in the conveyance lies, and up to the centre lines of the intersecting streets which bound that block. Provided, further, that no exemption shall be obtained by virtue of any such grant, conveyance or cession on a frontage area which shall have a greater linear frontage than the average length in feet of the land ceded and conveyed, measured in a direction parallel with the side of the street.

2. In case the entire area described in the conveyance is subject to easements, exemption from assessment similar to that provided in the preceding subdivision hereof shall be granted, if all of the remaining area in the same block of the street be subject to easements or be owned in fee for street purposes by the City. In such cases the proportion of the grantor's frontage area entitled to exemption from assessment shall be determined by the ratio between the area described in the conveyance and the entire area of the street within the same block. If the Board of Estimate and Apportionment shall have authorized the institution of a proceeding to acquire title to the real property described in the conveyance, an exemption from assessment shall be granted upon the same terms and conditions provided in such cases under the preceding subdivision hereof. Exemptions under this paragraph are subject to the same conditions as exemptions under the first paragraph of this resolution.

3. In case all the property described in the conveyance is burdened with easements and property is to be acquired in the same block which is not subject to easements, no exemption from assessment shall be extended to the grantor's remaining property by reason of the cession.

4. In case only a portion of the grantor's frontage area be exempted from assessment, the Corporation Counsel shall furnish the grantor with a certificate definitely describing the area exempted, and shall keep a record thereof in his office. The selection of the area to be exempted may be made by the grantor subject to approval by the Corporation Counsel, and in case of inability to agree with the grantor as to the property to be exempted the Corporation Counsel may designate the same.

5. In case a conveyance of real property to the City for street purposes be made pursuant to a specific agreement between the City and the grantor, no relief from assessment shall be given to the grantor's property other than to such amount as is fixed by the said agreement.

V. Resolved, That the terms and conditions hereinbefore set forth be subject to the following provisions:

In cases where, by reason of divided ownership in small parcels, it would be impracticable for some owners to cede and convey, because, owning no other land, they would obtain no compensation by way of exemption from assessment, and in all other cases where the exemption from assessment which the grantor would be entitled to if his conveyance were accepted pursuant to these resolutions would, in the opinion of the Corporation Counsel, operate inequitably to other owners of real property within the probable area of assessment to be adopted in a proceeding to acquire title to the remainder of the street, the Corporation Counsel shall submit the facts in relation thereto to the Board of Estimate and Apportionment for such action as it shall deem just.

VI. Resolved, That the moneys received by the Corporation Counsel as hereinbefore provided, shall be disposed of in the following manner:

1. That the Corporation Counsel shall forward to the Comptroller all moneys deposited with him to defray the expense of examining title to real property ceded to the City, pursuant to these resolutions, and the Comptroller shall deposit such moneys in the General Fund for the Reduction of Taxation.

2. That the Comptroller and Corporation Counsel shall credit to the account of any proceeding any payment made by a grantor under the provisions of Articles Nos. 1 and 2 of paragraph IV. of these resolutions, as his proportionate share of the cost of the proceeding.

Armory Board—Approval of Form of Contract, Plans and Specifications for Sewer and Connections for the New Armory of the 8th Coast Defense Command, Jerome Avenue and Kingsbridge Road, Borough of The Bronx.

The Deputy and Acting Comptroller presented the following report of the Director of the Bureau of Contract Supervision and offered the following resolution:

September 30, 1915.

To the Commissioners of the Sinking Fund.

Gentlemen—On September 15, 1915, you referred to the Bureau of Contract Supervision a communication from the Armory Board requesting approval of the form of contract, plans and specifications, as submitted by Pilcher and Tachau, Architects, for sewer and connections for the new armory of the 8th Coast Defense Command, Jerome Avenue and Kingsbridge Road, in the Borough of The Bronx, together with all work incidental thereto.

The cost of the work is to be charged to the corporate stock fund "C. A. B.—2B, Eighth Coast Artillery District, Erection of Completed Armory, Including Architect's Fees."

A transfer of \$31,000 to this fund was authorized by the Board of Estimate and Apportionment on December 11, 1914, which, with the balance of previous authorizations, makes an unencumbered balance of \$41,440.69 available.

The work specified consists of excavating for and laying a sewer and appurtenances from the existing sewer in Kingsbridge Road to and along the west side of the armory to the northerly end thereof, and all work incidental thereto.

The Bureau of Contract Supervision estimates that the cost of this work will not exceed \$3,200.

Upon the suggestion of this bureau the centre line of the sewer has been staked on the ground and a profile made on which is shown the present elevation of the ground, the grade line of the proposed sewer, and the location and height of the manholes and other necessary data. Several additions and changes have also been made in the contract and specifications.

The plans, form of contract and specifications, as amended, are satisfactory.

It is suggested that bids for this contract shall not be advertised for until after the contract has been approved, as to form, by the Corporation Counsel.

I recommend the adoption of the attached resolution approving the plans and specifications, as amended. Respectfully,

TILDEN ADAMSON, Director.

Resolved, That the Commissioners of the Sinking Fund hereby approve the plans, form of contract and specifications, as amended, for constructing a sewer and connections for the new armory of the Eighth Coast Defense Command, Jerome Avenue and Kingsbridge Road, in the Borough of The Bronx, together with all work incidental thereto, at an estimate of cost of three thousand two hundred dollars (\$3,200); the cost to be charged to the corporate stock fund entitled "C. A. B.—2B, Eighth Coast Artillery District, Erection of Completed Armory, Including Architect's Fees," provided that the bids for such work shall not be advertised for until after the contract has been approved as to form by the Corporation Counsel.

The report was accepted and the resolution unanimously adopted.

Armory Board—Approval of Plans, Specifications and Estimates of Cost for the Payment of the Expenses of the Alterations and Additions to the Armory Building of Troop C, N. G., N. Y.

The Deputy and Acting Comptroller presented the following report of the Director of the Bureau of Contract Supervision and offered the following resolution:

September 30, 1915.

To the Commissioners of the Sinking Fund.

Gentlemen—On July 15, 1915, you referred to the Bureau of Contract Supervision a resolution adopted by the Armory Board on June 17, 1915, which approved the plans and specifications for the alterations to the First Cavalry Armory, Bedford Avenue and President Street, Borough of Brooklyn, and authorized the Secretary of said Board to advertise for bids, after the approval of the plans and specifications by your Commission.

The cost of this work is to be paid from a corporate stock fund of \$12,300, authorized by the Commissioners of the Sinking Fund on June 2, 1915, and entitled "C. A. B. 70 A, Troop C, Alterations and Additions to Armory," which fund remains intact.

The work proposed consists of erecting a roof over six courts between the stables on the President Street side of the building, thereby forming five new saddle rooms and six new storage rooms for equipment to provide accommodations for additional troops. The old saddle room is to be converted into a toilet, locker and shower room. The present fire escapes were considered inadequate for the seating capacity of the gallery and the proposed additions thereto are required by the Bureau of Fire Prevention.

The architect has made all the modifications suggested by the Bureau of Contract Supervision and the plans and specifications, as modified, are satisfactory. The estimated cost of \$10,000 is reasonable. These plans and specifications have received the approval of the Department of Water Supply, Gas and Electricity. The contract should be approved as to form by the Corporation Counsel before advertising.

The adoption of the attached resolution will approve the plans and specifications, as modified. Respectfully,

TILDEN ADAMSON, Director.

Resolved, That the Commissioners of the Sinking Fund hereby approve the plans, specifications and estimate of cost in the sum of ten thousand dollars (\$10,000) for the payment of the expenses of the alterations and additions to the armory building of Troop "C", National Guard, New York (First Cavalry), the cost to be charged to the corporate stock fund entitled "C.A.B. 70 A, Troop C, Alterations and Additions to Armory", provided that if no bids are received for such work within the estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered in its discretion by the Commissioners of the Sinking Fund, or any official designated by them, if any of the said bids is within the amount authorized and available for such work; and further provided that the contract be approved as to form by the Corporation Counsel before bids are advertised for.

The report was accepted and the resolution unanimously adopted.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 29, 1915.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to your Board under date of September 17, 1915, states that at a meeting of that Board held September 15, 1915, a resolution was adopted turning over to the Commissioners of the Sinking Fund the premises heretofore leased for use of the Permanent Census

On January 29, 1913, the Commissioners of the Sinking Fund authorized a lease of the room at the northeast corner of the fourth floor in the Grand Central Palace, 47th Street and Lexington Avenue, Manhattan, containing approximately 4,132 square feet for use of the Permanent Census Board for a period of three years, from February 1, 1913, at an annual rental of \$3,500, on certain terms and conditions.

On May 1, 1914, the Permanent Census Board was abolished by the operation of Chapter 480 of the Laws of 1914 and its work made a part of the Board of Education.

Sale at Public Auction of a Parcel of Land on the Southerly Side of Butler Place, Between Butler Street and the Plaza, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 18, 1915.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen:—On July 29, 1914, the Commissioners of the Sinking Fund authorized the sale at public auction of a parcel of land, 225x128.6 feet, located on the southerly side of Butler Place, between Butler Street and the Plaza, formerly part of the East Side Park Lands, Borough of Brooklyn, at a minimum or upset price of \$31,000.

This sale was not held until May 6, 1915, as conditions resulting from the European War, which commenced shortly after the adoption of the Sinking Fund resolution, were such as to compel the prospective purchaser to request the postponement of the sale, to which I consented, as I thought time would improve conditions. The property was bid in by the Bryna Realty Company for \$31,000.

At the time I overlooked the fact that Section 205 of the Greater New York Charter provides that a sale of property authorized by the Commissioners of the Sinking Fund must be held within three months of such authorization. It will therefore be necessary, in order to enable the City to give good title to the purchaser, to have a re-sale.

The fair market value of these premises is, in my opinion, \$31,000.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a sale at public auction of all that certain piece or parcel of land, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the southerly line of Butler Place, distant 150 feet 3½ inches westerly from the intersection of the southerly line of Butler Place with the westerly line of Sterling Place; running thence southerly and at right angles, or nearly so, with Butler Place 128 feet 6 inches to the northerly line of Lot No. 7, in Block 1171, Section 4; running thence westerly and along the northerly line of Lots Nos. 7, 12 and 14 in the above-mentioned block, 230 feet 3 inches; running thence northerly and at right angles, or nearly so, with Butler Place, 114 feet to the southerly line of Butler Place; running thence easterly along the said southerly line of Butler Place 225 feet to the point or place of beginning; being the premises shown on the tax maps of the City of New York as Lots 29 and 31, in Block 1171, Section 4, Borough of Brooklyn.

—at a minimum or upset price \$31,000, which I deem to be a fair appraisal of the value of the land, plus the cost of advertising the sale, and upon the following terms and conditions:

The highest bidder will be required to pay ten per cent. (10%) of the amount of the bid, together with the auctioneer's fees, at the time of the sale, and ninety per cent. (90%) upon the delivery of the deed, which shall be within sixty days from the date of the sale.

The deed so delivered shall be in form of a bargain and sale deed, without covenants.

The Comptroller may, at his option, re-sell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such re-sale. The right is reserved to reject any and all bids.

Respectfully,

ALEXANDER BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction of all that certain piece or parcel of land situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the southerly line of Butler Place, distant 150 feet 3½ inches westerly from the intersection of the southerly line of Butler Place with the westerly line of Sterling Place; running thence southerly and at right angles, or nearly so, with Butler Place 128 feet 6 inches to the northerly line of Lot No. 7 in Block 1171, section 4; running thence westerly and along the northerly line of Lots Nos. 7, 12 and 14, in the above mentioned block, 230 feet 3 inches; running thence northerly and at right angles, or nearly so, with Butler Place 114 feet to the southerly line of Butler Place; running thence easterly along the said southerly line of Butler Place 225 feet to the point or place of beginning, being the premises shown on the tax maps of the City of New York as Lots 29 and 31 in Block 1171, section 4, Borough of Brooklyn.

—the minimum or upset price at which said property shall be sold be and is hereby appraised and fixed at the sum of thirty-one thousand dollars (\$31,000), and the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting such sale, upon the following terms and conditions:

The highest bidder will be required to pay ten per cent. (10%) of the amount of the bid, together with the auctioneer's fees, at the time of the sale, and ninety per cent. (90%) upon the delivery of the deed, which shall be within sixty days from the date of the sale.

The deed so delivered shall be in form of a bargain and sale deed, without covenants.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiencies which may result from such resale.

The right is reserved to reject any and all bids.

The report was accepted and the resolution unanimously adopted.

In the Matter of the Sale at Public Auction of the Milburn Reservoir Property in Nassau County.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 23rd, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen:—On June 23, 1915, the Commissioners of the Sinking Fund authorized the sale at public auction of certain property located in the Town of Hempstead, County of Nassau and State of New York, and known as Parcel No. 1 on Map RE-B-37, filed in tube C-20, on file in the office of the Commissioner of Water Supply, Gas and Electricity, and more particularly described in said resolution. This sale was advertised to be held on July 16, 1915.

On July 15, 1915, the Commissioners of the Sinking Fund adopted the following resolution:

"Resolved, That the auctioneer in conducting the above-mentioned sale be and is hereby directed to announce to the bidders thereat that in addition to the terms and conditions contained in the published advertisement of said sale, the successful bidder will be required to reduce the entire property sold to a grade of not more than five feet above the adjacent property within one year from the date of acquiring title thereto."

At the sale this resolution was read by the auctioneer, and the property was bid in by Mr. R. D. West for \$42,500.

This resolution might be interpreted to act as a defeasance of title to the purchaser in the event of his non-compliance with the conditions therein mentioned, which was not its intent. The idea was merely to have the successful purchaser agree to reduce the property sold to the grade mentioned therein; in the event of his not doing so, he would then be liable to an action for damages by the City.

I, Therefore, respectfully recommend that the Commissioners of the Sinking Fund adopt the attached resolution.

Respectfully,

ALEX BROUGH, Deputy & Acting Comptroller.

Resolved, That, in adopting the following resolution on the fifteenth day of July, 1915:

"Whereas, By resolution adopted June 23, 1915, the Commissioners of the Sinking Fund authorized a sale at public auction of certain property in the Town of Hempstead, County of Nassau and City of New York, known as Parcel No. 1, on Map RE-B-37, filed in tube C-20 in the office of the Commissioner of Water Supply, Gas and Electricity, and more particularly described in said resolution.

"Resolved, That the auctioneer, in conducting the above mentioned sale, be and is hereby directed to announce to the bidders thereat that, in addition to the terms and conditions contained in the published advertisement of said sale, the successful bidder will be required to reduce the entire property sold to a grade of not more than five feet above the adjacent property within one year from the date of acquiring title thereto."

—the Commissioners of the Sinking Fund did not intend thereby that the condition by said resolution imposed should be a condition subsequent, failure to comply where-with should defeat the grant, but intended that the successful purchaser should merely agree to remove material to a grade of not more than five feet above the adjacent property within one year from the date of acquiring title thereto.

The report was accepted and the resolution unanimously adopted.

Sale at Public Auction or by Sealed Bids of a Lease of a Plot of Ground Adjacent to the St. George Ferry Terminal in the Borough of Richmond.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 24th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen:—The Co-operative Consumers, Inc., in a petition to the Commissioners of the Sinking Fund request the allotment and lease to it of a portion of the area under the jurisdiction of the Department of Docks and Ferries, at St. George, Staten Island, to be used solely for the purpose of a public co-operative market.

This petition was referred by the Commissioners of the Sinking Fund to a committee, consisting of the Comptroller, the Chamberlain and the Commissioner of Docks and Ferries, who submitted a report thereon for consideration at the meeting of the Sinking Fund Commission held on July 30, 1915, and recommended that a lease be authorized for a period of ten years at an annual rental of 10c per square foot, for a minimum area of 23,000 square feet, with the privilege of renewal for a further period of ten years at an increased rental of 10% on the rental for the first period; the lease to contain a clause prohibiting the lessee from selling within the area of the demised premises any of the articles or commodities which are sold by the various permittees under concessions obtained from the Dock Department at the Staten Island terminal.

In a communication under date of September 17, 1915, the Commissioner of Docks and Ferries transfers to the Commissioners of the Sinking Fund as no longer required for the purposes of his department, the property proposed to be leased. In this communication he states that the Department of Docks receives a total rental of \$19,370 per annum for concessions at the St. George terminal of the Staten Island Ferry, and \$28,137 per annum for concessions at the Manhattan terminal, which amount would doubtless be affected by the sale of similar goods in the premises to be demised. I therefore think that the terms of the sale should contain a clause whereby the successful bidder would be prohibited from selling any of these goods.

These premises contain an area of 23,000 square feet. The rental thereof at 10c per square foot would be \$2,300.00 a year, which is to my mind fair and reasonable.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund adopt the attached resolution. Respectfully,

ALEX BROUGH, Deputy & Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction or by sealed bids for the highest rental after public advertisement, a lease of the following described properties belonging to The City of New York, situate, lying and being in the Borough of Richmond, City of New York, bounded and described as follows:

Parcel A.

Beginning at a point distant 247 feet north of the established bulkhead line along the southerly side of South Street Approach, Borough of Richmond, and 160 feet west of the established bulkhead line along the easterly side of the St. George Ferry Terminal; running thence northerly and along a line parallel with the last mentioned bulkhead line a distance of about 30 feet to the southerly side of the trolley platform just west of the St. George Ferry Terminal; thence westerly and along said southerly side of the said trolley platform a distance of about 110 feet to an angle point in same; thence still westerly and along the southerly side of the aforesaid trolley platform a distance of about 94 feet to an intersection with a line drawn 360 feet west of and parallel with the last mentioned established bulkhead line along the easterly side of the St. George Ferry Terminal; thence southerly and along said parallel line a distance of about 55 feet to a point in same distant 247 feet north of the established bulkhead line along the southerly side of South Street Approach; thence easterly and along a line distant 247 feet north of and parallel with the last mentioned bulkhead line a distance of 200 feet to the point or place of beginning.

Parcel B.

Beginning at a point distant 362 feet north of the established bulkhead line along the southerly side of South Street Approach, Borough of Richmond, and 160 feet west of the established bulkhead line along the easterly side of the St. George Ferry Terminal; running thence westerly and along a line at right angles to the last mentioned bulkhead line a distance of 200 feet; thence southerly and at right angles to the last mentioned course a distance of about 60 feet to a point in the southerly side of the trolley platform mentioned in Parcel A; thence easterly and along the southerly side of the said trolley platform a distance of about 94 feet to an angle point in same; thence still easterly and along the southerly side of the said trolley platform a distance of about 110 feet; thence northerly and along a line distant 160 feet west of and parallel with the established bulkhead line along the easterly side of the St. George Ferry Terminal, a distance of about 85 feet to the point or place of beginning.

—for a period of ten years from January 1, 1916, with the privilege of renewal for a further period of ten years at an increased rental of ten per cent. (10%) per annum on the rental for the first period. The minimum or upset rental at which said lease shall be sold be and is hereby appraised and fixed at the sum of \$2,300 per annum, payable quarterly in advance, and the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting the sale upon the following terms and conditions:

The highest bidder will be required to pay twenty-five per cent. (25%) of the amount of the yearly rental at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid with sufficient sureties to be approved by the Comptroller for the payment

of the rent quarterly in advance and for the performance of the terms and covenants of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City as provided by law.

The lease to be in the usual form of leases of like property and will contain in addition to other terms, covenants and conditions, as follows:

"The City reserves the right for itself, its agents or contractors to enter upon and use said premises, or any part thereof, for the purpose of carrying on any public improvement, or making examinations or doing work preparatory thereto, or for the purpose of making repairs, alterations or additions to the columns, supports, drains or drainage pipes and appurtenances, which are now or may hereafter be placed by the City or its agents or contractors upon the premises and for the repairs, maintenance, alterations or additions to the platform over the property leased.

"And in any and all such cases the lessee shall at its own expense remove any and all structures erected under the provisions of the lease which may be required to be removed for the purpose of doing such work.

"The persons or corporations using the surface of the platform over the property leased shall have the right of access at all times to the premises for the purpose of repairs or maintenance of said platform or altering, repairing or maintaining the railroad tracks, drains and drainage pipes and other appurtenances, and the lessee shall remove any and all structures erected under the provisions of the lease, which may be required to be removed for the purpose of doing such work. The reasonable cost of such removal and replacement to be borne by the parties doing the work."

The lessee shall not in any event sell or dispose of or derive any revenue from any of the following articles upon the demised premises during the term of the lease or renewal thereof:

The above property has been offered to different departments, who would appear to have use for property of this character, and has been declined by them.

In a communication dated September 14, 1915, the Commissioner of Parks, Boroughs of Manhattan and Richmond, states that the articles take up space that is very much needed and requests an inspection with a view to destroying those found to be of no further use, and selling at public auction those that have been found unnecessary by other departments.

After an examination of the property above mentioned it would appear that the two-horse road scraper and the road scarifier should be held for assignment later to some department requiring them, the rest of the property to be sold by the department at auction.

The adoption of the attached resolution is therefore recommended.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Gentlemen—I am in receipt of a petition to the Commissioners of the Sinking Fund from Ernest C. Bertram and Robert E. Voll, in which they state that they are the owners of a certain strip of land on the southerly side of Church Avenue, 38 feet $\frac{3}{4}$ inch easterly from the southeasterly corner of Church Avenue and Rogers Avenue, Borough of Brooklyn. Between the lot owned by them and the southerly side of Church Avenue is a strip of land which was formerly contained within the lines of Old East Broadway. This strip of land the petitioners request to have released to them.

This parcel has been appraised by the Division of Real Estate of this Department at \$360. Under the rule adopted by the Commissioners of the Sinking Fund, it may be conveyed to the petitioners for 50% of such appraisal, or \$180, plus an additional charge of \$12.50 for the preparation of the necessary papers.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a release to Ernest C. Bertram of 2702 Church Avenue, Borough of Brooklyn, and to Robert E. Voll of 2716 Church Avenue, Borough of Brooklyn, of the City's interest in and to all that certain piece or parcel of land, situate, lying and

The release to contain the following terms and conditions:

That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

Dock Department—In the Matter of the Proposed Lease of Pier at Dreamland Park, Coney Island.

The following was received from the Committee to which this matter was referred:

September 22, 1915.

Hon. JOHN PURROY MITCHEL, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—At a meeting of the Commissioners of the Sinking Fund, held April 7, 1915, "the matter of the proposed lease of a pier at Dreamland Park, Coney Island, was referred to the Commissioner of Docks, the Commissioner of Parks, Brooklyn; the Director of the Bureau of Contract Supervision of the Board of Estimate and Apportionment and the Corporation Counsel to be worked out, and a form of lease to be prepared and submitted to the Commissioners of the Sinking Fund for consideration."

Pursuant thereto, a meeting of the Committee was held on June 18, 1915, at which a form of lease submitted by the Commissioner of Docks (Exhibit A) was considered and approved, subject to certain modifications which were set forth by the Director of Contract Supervision in a communication to the Corporation Counsel, dated June 21, 1915 (Exhibit B), with the understanding that upon receipt of certain

necessary information from the Dock Commissioner, the Corporation Counsel was to prepare a complete form of lease.

The information which, in the first place, it is necessary to obtain in order to prepare a complete form of lease is a description of the property to be leased.

Alternate plans have been proposed as to the form in which the outer end of the pier should be built and in which part of the structure the sheltered portion is to be located.

In order to legalize the proposed structure, a plan for improving the waterfront and harbor of the City of New York in the vicinity of West 8th Street, Coney Island, Borough of Brooklyn, was adopted by the Commissioner of Docks July 30, 1915, and after advertisement required by law was approved by the Commissioners of the Sinking Fund on September 15, 1915.

This new plan shows limits within which the pier can be built and is bounded by the lines of a parallelogram 1,300 feet long and 120 feet wide.

Before any technical description can be made of the property to be leased, it will be necessary for the Commissioners of the Sinking Fund to consider and instruct the Committee as to the manner in which the lease is to be made, namely:

(A) Will the lease of the land under water to be covered by the proposed structure be sold at public auction to the highest bidder?

(B) Will the land under water to be covered by the proposed structure be leased to a private concern, otherwise than at public auction, who shall have the right to erect a structure thereon at its own expense?

(C) Will the structure be built and paid for by the City and the lease sold at public auction to the highest bidder?

(D) Will the structure be built and paid for by the City and leased, otherwise than at public auction, to a private concern at a rental which will reimburse the City for the cost of the structure?

If the pier is to be leased in the manner described in Paragraphs "B" or "D," that is, to a private concern, otherwise than at public auction, the pier should be laid out in a manner to be mutually agreed upon between the lessee and the Commissioner of Docks. Alternate plans have been prepared for the width of the pier, the shape of the outer end and the location of the shelter; therefore, the proposed lessee should be consulted in order that the style of pier which can be operated most advantageously may be decided on.

If the pier is to be built under the supervision of the Department of Docks and Ferries, and the lease made by the Commissioner of Docks, the premises should be transferred to the control and jurisdiction of that Department.

The new general form of lease of waterfront property, recently adopted by the Department of Docks and Ferries and approved by the Corporation Counsel and which can be adapted to the requirements of the lease under discussion, is also attached hereto (Exhibit C) with the provisions inserted which have been agreed upon by the Committee and leaving blank spaces for the description, etc., which cannot be inserted until action is taken by the Commissioners of the Sinking Fund as to the method of leasing.

We, therefore, beg to recommend that the Commissioners of the Sinking Fund consider the question as to the manner in which the lease shall be made, and in case the lease is to be made by the Commissioner of Docks that he be directed to take the necessary steps, in consultation with the Corporation Counsel, to carry out the instructions of the Commissioners of the Sinking Fund.

R. A. C. SMITH, Commissioner of Docks; LOUIS H. HAHLO, Acting Corporation Counsel; RAYMOND V. INGERSOLL, Commissioner of Parks, Brooklyn; TILDEN ADAMSON, Director of the Bureau of Contract Supervision Board of Estimate and Apportionment.

The Commissioner of Docks on being interrogated by the Chair in regard to the proposed lease, stated that he was of the opinion that it would be best for the City to build the pier under the supervision of the Dock Department, and that the usual procedure should be followed for leasing Dock property by private agreement.

Discussion followed.

It was the sense of the Board that the proposed pier should be built and paid for by the City and leased by the Commissioner of Docks to a private owner at a rental which will reimburse the City for the cost of the structure, and that application should be made to the Board of Estimate and Apportionment for the necessary funds to build the pier.

On motion, the Commissioner of Docks was requested to recommend to the Commissioners of the Sinking Fund for approval a lease of the pier by private agreement in the usual manner.

Department of Public Charities—Turning Over by, of a Parcel of Land Known as the Old Newtown Cemetery, in the Borough of Queens.

August 20, 1915.

To the Honorable, the Commissioners of Sinking Fund, Municipal Building, City:

Gentlemen—For sometime this Department has owned a neglected and abandoned piece of property in the Borough of Queens surrounded by Broadway, Van Alst Street, Maurice Avenue and Queens Boulevard, known as the "Old Newtown Cemetery."

There has recently developed a great deal of sentiment among the people who live in the vicinity of this cemetery in favor of the transformation of this neglected piece of ground into a park for the use of the people in the Borough of Queens.

I respectfully suggest, therefore, that this piece of property be transferred from the jurisdiction of the Department of Public Charities to that of the Department of Parks, Borough of Queens.

Very sincerely yours, JOHN A. KINGSBURY, Commissioner.

Filed. See disposition of following.

Park Department, Queens—Assignment to, of a Parcel of Land Known as the Old Newtown Cemetery in the Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

October 2, 1915.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from the Commissioner of Public Charities turning over to the Commissioners of the Sinking Fund a piece of property in the Borough of Queens, surrounded by Broadway, Van Alst Street, Maurice Avenue and Queens Boulevard, and known as the "Old Newtown Cemetery", and suggesting that jurisdiction of the same be transferred to the Department of Parks.

The Commissioner of Parks has requested the Commissioners of the Sinking Fund to approve this transfer.

I therefore respectfully recommend that the Commissioners of the Sinking Fund transfer to the jurisdiction of the Department of Parks, Borough of Queens, that parcel of land located in the Borough of Queens, bounded by Broadway, Van Alst Street, Maurice Avenue and Queens Boulevard, and known as the "Old Newtown Cemetery."

Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Commissioner of the Department of Public Charities having turned over as no longer required the property hereinafter described, it is

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Parks, Borough of Queens, that parcel of land located in the Borough of Queens, bounded by Broadway, Van Alst Street, Maurice Avenue and Queens Boulevard, and known as the "Old Newtown Cemetery."

Sale at Public Auction of the Premises Known as No. 161 Front Street, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

October 5, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On May 12, 1915, the City bid in at a sale held for foreclosure of tax liens, premises known as No. 161 Front Street, Borough of Manhattan, for the sum of \$35,000, which was the highest amount bid at the sale. The building on this property has no market value.

The property has been appraised by the Division of Real Estate of this Department at \$35,000, which is to my mind, a fair estimate of its value. It would be advantageous to the City to sell this property at this price, thereby putting it back upon the tax books of the City, in which event the City would acquire some benefit therefrom.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a sale at public auction of the following premises with the building and improvements thereon erected, known as Lot 12, in Block 72, Section 1, on the Tax Maps of the Borough of Manhattan, City of New York, and more particularly bounded and described as follows:

Beginning at the corner formed by the intersection of the easterly line of Front Street with the northerly line of Fletcher Street; running thence northerly along the easterly line of Front Street 32.5 feet; running thence easterly 93 feet to a point distant 31.7 feet northerly from a point on the northerly line of Fletcher Street distant 93.3 feet easterly from the corner formed by the intersection of the northerly line of Fletcher Street with the easterly line of Front Street; running thence southerly 31.7 feet to the northerly line of Fletcher Street; running thence westerly along said northerly line of Fletcher Street 93.3 feet to the point or place of beginning.

—at a minimum or upset price of \$35,000, which I deem to be a fair appraisal of the value of the land, plus the cost of advertising the sale, and upon the following terms and conditions:

The highest bidder will be required to pay ten per cent. (10%) of the amount of the bid, together with the auctioneer's fees at the time of the sale, and ninety per cent. (90%) upon the delivery of the deed, which shall be within sixty (60) days from the date of the sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith, will be held liable for any deficiency which may result from such resale. The right is reserved to reject any and all bids.

Respectfully, ALEX BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction of the premises with the buildings and improvements thereon erected, known as lot 12 in Block 72, Section 1, on the tax maps of the Borough of Manhattan, City of New York, and more particularly bounded and described, as follows:

Beginning at the corner formed by the intersection of the easterly line of Front Street with the northerly line of Fletcher Street; running thence northerly along the easterly line of Front Street 32.5 feet; running thence easterly 93 feet to a point distant 31.7 feet northerly from a point on the northerly line of Fletcher Street distant 93.3 feet easterly from the corner formed by the intersection of the northerly line of Fletcher Street with the easterly line of Front Street; running thence southerly 31.7 feet to the northerly line of Fletcher Street; running thence westerly along said northerly line of Fletcher Street 93.3 feet to the point or place of beginning;

—the minimum or upset price at which said property shall be sold be and is hereby appraised and fixed at Thirty-five thousand dollars (\$35,000), plus the cost of advertising the sale, and the Comptroller be and is hereby authorized to take the necessary steps for conducting such sale upon the following terms and conditions:

The highest bidder will be required to pay ten per cent. of the amount of his bid, together with the auctioneer's fees, at the time of the sale, and ninety per cent. upon the delivery of the deed, which shall be within sixty days from the date of the sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiencies which may result from such resale. The right is reserved to reject any and all bids.

The report was accepted and the resolution unanimously adopted.

Surrogate, Queens County—Occupation by, of the Premises in the Jamaica Post Office Building, Nos. 302-304 Fulton Street, Jamaica, Borough of Queens.

Not on calendar and brought up by unanimous consent.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

October 5, 1915.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—On December 2, 1914, the Commissioners of the Sinking Fund authorized the payment of rent for the use of Rooms 27, 29, 31, 32, 44 and 46 in the Jamaica Post Office Building, Nos. 302 and 304 Fulton Street, Jamaica, Borough of Queens, for the use of the Surrogate of Queens County, for a period not exceeding three months, from February 1, 1915, at a rental at the rate of \$2,400 per annum, payable monthly, without the necessity of entering into a lease therefor.

The Surrogate is still in possession of these premises, but no rent therefor has been paid since May 1, 1915, and he has requested that payment of the same be made at the rate of \$2,400 a year, for the period from May 1, 1915, to October 1, 1915, and at the rate of \$2,213 a year for a period not exceeding one month from October 1, 1915. This reduction in rent for the month of November is occasioned by the fact that the lessor has rented 252 square feet of the premises in question for other purposes, with the consent of the Surrogate.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay rent to Jamaica Post Office Building, T. F. Archer, Nos. 302-304 Fulton Street, Jamaica, Borough of Queens, for the use of Rooms 27, 29, 31, 32, 44 and 46 in the Jamaica Post Office Building, Nos. 302 and 304 Fulton Street, Jamaica, Borough of Queens, occupied by the Surrogate of Queens County, at the rate of \$2,400 per annum, for a period from May 1, 1915, to October 1, 1915, and that they authorize the Comptroller to pay the sum of \$184.42 for the use of the above-mentioned rooms for the month of October, 1915, without the necessity of entering into a lease therefor; the lessor to pay taxes and water rates, furnish heat, light, elevator and janitor service.

Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to the Jamaica Post Office Building, T. F. Archer, Nos. 302-304 Fulton Street, Jamaica, Borough of Queens, for the use of Rooms 27, 29, 31, 32, 44 and 46 in the Jamaica Post Office Building, Nos. 302-304 Fulton Street, Jamaica, Borough of Queens, occupied by the Surrogate of Queens County, at the rate of Twenty-four hundred dollars (\$2,400) per annum for a period from May 1, 1915, to October 1, 1915, and also to pay the sum of One hundred and eighty-four dollars and forty-two cents (\$184.42) for the use of the above-mentioned rooms for the month of October, 1915, without the necessity of entering into a lease therefor; the lessor to pay taxes and water rates, furnish heat, light, elevator and janitor service.

Bureau of Public Buildings and Offices.

Minor repairs, open market orders and check orders that are treated in the regular routine are noted in the tabulated form at the conclusion of the report. The larger and more important work accomplished during the quarter ending June 30th, 1915, will be detailed by buildings as follows:

MUNICIPAL BUILDING.

Since submitting the report for the quarter ending March 31, 1915, the Chemical Laboratory of the Department of Public Works, Bureau of Highways, has been moved from 21 Park Row to the new quarters prepared for it on the 21st floor of this building. The Permit Division of the Department of Public Works has been moved from the 20th floor to new quarters on the 21st floor and the general offices of the Bureau of Public Buildings and Offices have been moved into new quarters on the 20th floor. The Building Bureau inspectors have been moved from the temporary quarters on the 25th floor to permanent quarters on the 20th floor.

Information Bureau—A revised directory of City Departments located in the Municipal Building has been issued. Copies of this directory have been placed in bronze frames in each of the elevators and on the iron gates at the ends of the corridors on each of the floors.

Telephone System—At a telephone conference held in the office of Borough President Marks in April, 1914, to determine the advisability of consolidating certain telephone systems in the Municipal Building, there were present Chamberlain Bruere, Commissioner Fetherston, Commissioner Williams, Commissioner Frothingham and Mr. Wolfe. As an experiment to determine the advisability of a complete consolidation of all the services in the Municipal Building, it was agreed to consolidate the telephone services of the Department of Public Works, Department of Water Supply, Gas and Electricity and the Department of Street Cleaning. Subsequently the Department of Street Cleaning withdrew from the agreement. A new position board was installed in room 528 of the Municipal Building, and the services of the Department of Public Works and the Department of Water Supply, Gas and Electricity were consolidated. I have received very few complaints regarding this service and was quite surprised to hear several weeks ago that the Department of Water Supply, Gas and Electricity were about to request that the New York Telephone Company discontinue the present contract and install the original system. With proper supervision a central switchboard for the Municipal Building is not only practicable but is advisable and in the line of good business management. In order to make this service a success a competent manager should be placed in charge of the board, with authority to make and enforce rules not only for the operators of the switchboard, but also for the telephone users in the building. For a time this person would have a position which would at least be nerve racking, but I am convinced that within a comparatively short time the new service would give satisfaction and would save many thousands of dollars a year for the city. At present there are about twenty-five switchboards in the Municipal Building with thirty-nine operators. In addition to the twenty-five private or individual lines in the building there are about two hundred and twenty trunk lines and about one thousand and sixty extensions which supply service through the switchboards. Many of the switchboards take care of a very small amount of business and none of them are operated to their full capacity. It would be impossible to state accurately just what the saving would be by making a complete consolidation, but the consensus of opinion

of those familiar with telephone work seems to be that an eighteen position board with twenty or twenty-five operators would supply a continuous service (night, day and holiday) in the Municipal Building. By using the trunk lines more intensively a fewer number would be required and a further saving would result. Before abandoning the present service I would suggest that the matter be taken up with Mr. Bruere, who is extremely interested in this matter. The interdepartmental switchboard has proved a success not only from a financial standpoint but also as a time saver. The business on this board is constantly increasing. On June 29th, the operators took care of 530 incoming calls and 410 outgoing calls and 1,472 interdepartmental calls. The gross saving on the interdepartmental calls for this day alone amounted to \$33.12.

Many of the shaft doors, as will be noted from the above report, are in a very dangerous condition and up to date nothing has been done for some months to repair them. This matter should be taken up with the Department of Bridges which has jurisdiction over this work. I would suggest that you arrive at some conclusion with the Department of Bridges as to responsibility in case of accident.

Numerous suggestions have been made in reference to running the elevator service in the Municipal Building. The present arrangement I believe gives as good a service as can be expected in this building. Many large office buildings in the city run a local service and an express service, so arranged that it requires a transfer to get from the express zone to the local zone. A suggestion based on this arrangement has been made for the service in this building.

With some slight modifications the present system of running the cars in this building was proposed by Mr. Charles E. Knox, consulting engineer for the architects, McKim, Meade and White. Mr. Knox designed the elevator system for the Woolworth, New Equitable and other large buildings in the city.

Tests made last October show that the inter-floor travel is extremely high. The following statement is furnished by Mr. Knox: "In the north bank of elevators it was found that the total number of passengers loaded on the ground floor in a day's run was 16,267, excluding the service from 5:30 P. M. until 8:30 A. M. In addition to this, it was found that 3,202 people entered the cars in the up direction at a point above the ground floor, or entered the cars in the down direction but got off at some point above the ground floor. This means that for every five persons that got off or on at the ground floor, one person used the elevator service for inter-floor travel and did not enter or leave the car at the ground floor. This is an extremely high percentage and if the local elevators serve only the first to the twelfth floors, there will be a great congestion on the twelfth floor caused by the transfer of passengers traveling between floors. This will retard the express service and crowd the express cars at the point of transfer and will result in serious delay to the tenants of the building traveling between floors and also to the great number of outsiders who have to visit two or more departments. In other words, the suggested remedy of stopping the elevators at the twelfth floor would produce a condition which would cause great dissatisfaction."

On several occasions we have tried out the operating of the elevators as suggested and have invariably received numerous complaints.

BOARD OF ESTIMATE AND APPORTIONMENT.

Notice of Public Hearing.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN pursuant to law that at a meeting of the Board of Estimate and Apportionment held July 29, 1915, the following petition was received:

To The Honorable Board of Estimate and Apportionment of the City of New York:

The Petition of Conron Bros. Company respectfully shows:

1. That your petitioner is a domestic corporation duly organized and existing under and by virtue of the Laws of the State of New York, and for many years past has maintained and operated refrigeration pipes beneath the surface of the Street in Fort Greene Place, between Atlantic Avenue and Hanson Place, in the Borough of Brooklyn, in the City of New York.

2. That your petitioner is the owner of premises known as 189-191 Fort Greene Place, butting on said street, the title to which said street between Atlantic Avenue and Hanson Place is in the heirs of John Cowenhoven, deceased, and the owners of lots butting on said Fort Greene Place. That neither the City of Brooklyn nor the City of New York ever owned the fee to said street, the same being simply a street by dedication.

3. That recently your petitioner was notified by your board to make an application to the City of New York through you for a license or franchise to maintain said refrigeration pipes in said Fort Greene Place, subject to the supervision of the City of New York, and that in default thereof that said pipes would be removed by the President of the Borough of Brooklyn.

WHEREFORE your petitioner, under protest, prays your Honorable Board for a license or franchise to maintain, construct, lay and relay refrigeration pipes and extensions therefrom leading into private property in said Fort Greene Place, between Hanson Place and Atlantic Avenue, the same to be maintained, operated and constructed beneath the surface of the street in said Fort Greene Place.

Dated, New York, July 10th, 1915.

Conron Bros. Company, by Joseph Conron, President.

Company, the petitioner named herein; that the foregoing petition is true to his own knowledge, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true; that the reason this verification is made by deponent and not by petitioner is that the petitioner is a corporation and deponent an officer thereof; to wit: The President, duly authorized by the Board of Directors of said corporation to verify said petition.

JOSEPH CONRON.

Sworn to before me this 12th day of July, 1915. Hugh F. Weston, Notary Public, New York County.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES

thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rent or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any claim or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
