ART COMMISSION.

CATALOGUE OF WORKS OF ART BELONGING TO THE CITY OF NEW YORK, BOROUGH OF BROOKLYN.

The following tentative list has been compiled from the records of the various City departments, supplemented by a thorough canvass of the Borough of Brooklyn. It is not expected that the list is free from errors and omissions, for in many instances the data secured were not only incomplete but very vague and uncertain. Even the works of art themselves do not in all instances bear the names of the artists or dates of completion. In a number of instances, owing to the changes and alterations that have been made, the name of the artist has partially or wholly been obliterated, and the authorship is consequently open to question. The list is, however, as complete as the material at hand at present will permit, and if those into whose hands it may come shall be able to supply the deficiencies and correct such errors as may unavoidably have crept in, it will be appreciated not only by the Commission but by those who are constantly applying at this office for information regarding the City's art works.

In determining whether a painting, sculpture or structure is a work of art the definition used in the Charter in defining the powers of the Art Commission has liberally been construed. Section 637 provides: "The term 'work of art,' as used in this title, shall apply to and include all paintings, mural decorations, stained glass, statues, bas-reliefs or other sculptures, monuments, fountains, arches or other structures of a permanent character intended for ornament or commemoration."

All inscriptions have been copied verbatim, without attempting to correct the errors, if any, contained therein. Where it has been possible to decipher the signature of the artist, this has been included by the use of quotation marks. Where the artist's name is not inclosed in quotation marks, it is to be understood, therefore, either that there is no signature or that the signature is in doubt. The asterisk (*) is used to indicate the fact of official approval by the Art Commission, before acquisition by the City. The items are classified geographically to facilitate easy reference.

To provide a correct record of the location of all works of art, maps of the entire City have been prepared, mounted and placed in the office of the Commission. The location of every work of art listed in the boroughs of Manhattan and Brooklyn, and of structures approved by the Commission, has been plotted. A system of notation has also been adopted which shows at a glance whether the designs and location of a work of art or of a public structure have been approved in whole or in part, or have not been passed upon by the Commission. A number has been assigned to each structure, and a card catalogue which enables one to find in a moment all of the data in the records of the Commission or its files relating to it. The system is capable of indefinite expansion, and as matters are acted upon by the Commission, the records will be extended so that the catalogue and index will be kept up to date from month to month.

DEPARTMENT OF DOCKS AND FERRIES.

ACTIONS OF THE COMMISSIONER OF DOCKS, APRIL 3, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Mayor (65992)—

Submitting request of Carl Smith's Son for additional wharfage facilities in the vicinity of Rivington street, East river. Carl Smith's Son notified that there is in preparation a plan for the improvement of the water front of the locality which includes the construction of a pier near the foot of Delancey slip, East river.

From the President of the Borough of Richmond (66801)—

Stating that, in connection with the construction of viaduct across the railroad yards, from Jay street to the second story of the new ferry terminal structure at St. George, Borough of Richmond, if this Department is able to secure the necessary appropriation and will then transfer such appropriation to the President of the Borough of Richmond, he will be willing to take charge of the designing and construction of the viaduct in question, as otherwise it might be difficult for him to secure the necessary authorization for his taking control of the work. Notified that there is still sufficient time for the viaduct to be constructed under the authority of the Borough President and also to secure whatever appropriations may be necessary for the work, there being no difficulty in the way of turning over such viaduct to the Borough President, and asking whether his borough is ready to undertake the work of construction.

From John S. Burnett (67069)—

Requesting permission to occupy plot of ground near Broad Channel Station, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lot No. 6 of Block 21, an area of 2,800 square feet, to begin May 1, 1906, and to expire April 30, 1907, unless sooner revoked, rental to be at the rate of \$35 per annum, payable in advance to the Cashier.

From Henry Schmitt (66746)—

Requesting permission to occupy plot of ground at Big Egg Marsh, Shad Creek, Broad Channel, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lot No. 159, an area of 7,500 square feet, to begin May 1, 1906, and to continue until April 30, 1907, unless sooner revoked, rental to be at the rate of \$90 per annum, payable in advance to the Cashier.

From Horace White, Chairman Senate Cities Committee (67042)—

Requesting information as to the declination of the Municipal Civil Service Commission to approve the appointment of James C. Daly. Advised that the records of this Department do not disclose the reason, but that Daly performed the duties of his position and that his name was taken from the roll by the Municipal Civil Service Commission.

From A. E. Outerbridge & Co., agents for the Quebec Steamship Company, Ltd. (66933)—

Stating that the steamship "Cedric" of the White Star Line collided with the end of pier 47, North river, and asking that the Department examine such pier and note what damage was caused, so that they may look to the White Star Line for reimbursement. BOARD OF EXAMINERS.

Board of Examiners, }
 April 17, 1906. }

Present—Messrs. Warren A. Conover, Charles Buek, Lewis Harding, Charles G. Smith, Edward F. Croker, Henry R. Marshall and William J. Fryer, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes of last meeting approved as read.

Appeal 19 of 1906, New Building 233 of 1906, premises No. 110 West Fourteenth street, Manhattan; Henry Andersen, appellant.

Appeal laid over at last meeting.

Mr. Andersen appeared before the Board and filed diagram requested.

On motion, approved.

Appeal 20 of 1906, New Building 317 of 1906, northwest corner of Seventy-fifth street and Central Park West, Manhattan; Townsend, Steidle & Haskell, architects and appellants.

"No. 4. Building exceeds twelve stories in height and should conform to the provisions of section 105 of the Code, relating to fireproofing of buildings of that height."

The Superintendent of Buildings of the Borough of Manhattan having rejected and refused to approve the construction and materials proposed to be followed or used in the erection of said building.

1. Erect and maintain a pent house story on top of main roof of proposed twelve-story fireproof apartment house, said pent house shall be constructed of angle and tee framing filled in with terra cotta blocks 4 inches thick.

2. Entire floor shall be of cement concrete.

3. Wire glass shall be used throughout said pent house.

4. Skylights will be provided of copper bars glazed with wire glass.

5. All window frames, sash, doors, trim and base to be kalomeine metal-covered wood throughout entire pent house.

6. The highest point in pent house roof beams to be 151 feet 6 inches from curb level in front of main entrance door.

7. No woodwork whatever to be used in construction of pent house with exception of above-mentioned kalomeine metal-covered wood.

8. Entire construction of pent house will be strictly fireproof.

9. A standpipe of size approved by Fire Department, with 2½-inch quick opening valve and first quality linen hose on approved hose rack will be provided in main halls where shown on plans.

10. Pent house shall not cover more than 16 per cent. of main roof area.

The above pent house shall not be considered as an entire story, as it does not cover more than 16 per cent. of the roof area, inclusive of elevator shafts, stair bulkheads, etc.

Also that the entire pent house will be built strictly in accordance with section 105 of the Code, relative to fireproof buildings. For that reason it is respectfully requested that the above application be approved so as to permit of twelve-story building being constructed of ordinary fireproof construction throughout.

Mr. Wm. C. Haskell appeared before the Board.

On motion, approved.

Appeal 21 of 1906, New Building 1,281 of 1905, premises, north side of One Hundred and Thirty-second street, about 325 feet from the northeast corner of St. Ann's avenue, The Bronx; Albert E. Davis, architect and appellant.

"No. 3. Bottom plate of cellar column will be overloaded in tension and ribs of same will be weak in shear."

That approval of the manner or mode of construction has been refused by the Superintendent.

That an equally good or more desirable form of construction than that approved can be employed.

The right to use the columns as they are as being of stronger and better construction than the form approved, and of ample strength for the purpose.

That the columns are good sound castings, well and strongly made and of more than sufficient capacity; that this is conceded, the sole objection being to the lugs and plate.

That to perforate a 9-inch cast-iron column with thirty-two ¾-inch holes at the base, the point at which the greatest stability is essential, would weaken rather than strengthen them, and would tend to impair the integrity of the column for the sake of a minor attachment which is not specifically demanded by the Code.

That the two-story building was already approved and erected before the approval of the three added stories was applied for, and that as there are fifteen columns which support the interior of the building there are practical difficulties in the way of carrying out the requirement demanded, and that the spirit of the law will be subverted, public safety secured, and substantial justice done, by granting this appeal.

Messrs. A. E. Davis, W. M. Farrar and C. Bullesbach appeared before the Board.

On motion, approved, Mr. Marshall recorded as voting in the negative.

Appeal 22 of 1906, Fireproof Shutter Case 2 of 1906, premises No. 117 Hester street, Manhattan; Louis J. Marx, appellant.

The story in question is occupied as a synagogue or place for religious services. On motion, referred to Chief Croker for examination and report, with recommendation.

Adjourned.

EDWARD V. BARTON, Clerk.

BOROUGH OF MANHATTAN.

RIVERSIDE AND WASHINGTON HEIGHTS.

At a meeting of the joint Board of Local Improvements of the Riverside and Washington Heights Districts, held December 19, 1905, the following members were present:

Aldermen Jones, Davies, Grifenhagen, Meyers, and President Ahearn.

The President presented for the Board's consideration the matter of changing the name of Seventh avenue, which was laid over from the last meeting, and in connection therewith made the following statement:

"This Board has absolutely nothing to do whatever with the proposition before it. It is a matter that should be taken up and approved or disapproved by the Board of Aldermen. The Local Board has no jurisdiction in the matter at all, and it is only a waste of time to address the Board in this, as they have no power to act on same."

It was suggested by Alderman Meyers that the sentiments of the people present be heard.

This was agreed to by the President, but the meeting was to be as that of the Board of Aldermen and not as a Local Board.

A communication was read from Emily McLean suggesting the name of "Roosevelt avenue."

A communication was read from Mrs. H. H. D. King suggesting the name of "Roosevelt avenue."

A communication was read from Messrs. H. C. F. Koch & Co. and also one from I. A. Hopper to the effect that no change should be made in the present name.

A communication suggesting the name of "Roosevelt drive" was read from William H. Smith.

A clipping of the "Times" was read in which was suggested the name of "Knickerbocker Boulevard."

Mr. Hugo appeared before the Board and expressed his desire to retain the name of Seventh avenue.

The Rev. Dr. Bridges appeared and suggested the name of "Roosevelt."

Mr. N. Taylor Phillips appeared before the Board in support of his suggestion of the name of "Andrew H. Green."

Alderman Grifenhagen asked Mr. Phillips if he had any objection to naming Seventh avenue the "Roosevelt parkway," to which Mr. Phillips replied that it would not meet with the approval of the American Scenic and Historic Preservation Society to name any street after a living person.

Mrs. H. H. D. King appeared before the Board in support of her suggestion of the name of "Roosevelt."

Mr. Millard J. Bloomer appeared before the Board and presented cards from a number of business men, whom he claimed to represent, suggesting the name of "Roosevelt drive." Mr. M. J. Bloomer also presented a circular which he caused to have distributed among the residents in the locality of Seventh avenue suggesting the name of "Roosevelt drive."

Mr. Humphreys appeared and suggested that this avenue should be called a parkway of some kind, say, North or Northern parkway, or Central parkway.

Mr. William J. Wright appeared before the Board and claimed to represent a great deal of the business interest of that avenue, and stated that they were opposed to changing the present name of Seventh avenue.

Mr. William A. Martin appeared and represented the Harlem Board of Commerce in opposition to the change of the present name.

President Ahearn suggested that the matter be referred back to the Board of Aldermen.

On motion, the Board adjourned.

DEPARTMENT OF FINANCE.**PUBLIC NOTICE.**

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE.

To Whom It May Concern:

On May 9, 1904, chapter 686 of the Laws of 1904, "An act to authorize the Comptroller and the Corporation Counsel of The City of New York, on behalf of said City, to compromise and settle with property owners interested, certain claims for taxes, assessments and sales for the same, and for or on account of evidences of indebtedness issued on account of local improvements in the territory formerly included within the boundaries of Long Island City," became a law.

The purpose of this act was to grant relief to the owners of property located within the territory of the former City of Long Island City, which property had become incumbered with liens approaching, in many cases, almost the assessed value of the property. Owing to the phenomenal increase in values of real estate in the Borough of Queens during the past year, the object for which said act was passed has ceased to exist.

Notice is therefore given that on and after May 15, 1906, the Comptroller of The City of New York will refuse to consider applications filed under chapter 686 of the Laws of 1904.

All applications filed after May 15, 1906, will be rejected.

HERMAN A. METZ,
Comptroller.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
