MESSAGES FROM THE MAYOR.

The Vice-Chairman laid before the Board the following communication from his Honor the Mayor:

Nos. 3705 and 3668.

City of New York, Office of the Mayor, June 3, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed resolutions Nos. 3705 and 3668 respectively, entitled:

"Resolution to permit the Flushing Hospital Aid Association to parade."

—and

"Resolution to permit the San Rocco Society to parade."

There is no necessity passing special ordinances for this purpose. Section 1457 of the Charter covers the matter. Respectfully, W. J. GAYNOR, Mayor.

Resolved, That permission be and the same is hereby given to the Flushing Hospital Aid Association to parade through the streets and thoroughfares of Flushing, in the Borough of Queens, under the supervision of the Police Department; such permission to continue only on Wednesday, Thursday, Friday and Saturday, June 11, 12, 13 and 14, 1913, during the holding of the Carnival and Circus for the benefit of said hospital.

Resolved, That permission be and the same is hereby given to the Society of Mutual Benefit of Grummo Appolli (San Rocco), to parade through the following streets and thoroughfares of the Borough of Manhattan, City of New York, with the statue of St. Rocco and music, and to erect stand and place and maintain overhead electric lights, on August 19, 20 and 21, 1913, between the hours of 5 and 10 o'clock p. m. The band to play each of the three days above mentioned from 8 a. m. to 12 m., and from 3 p. m. to 1 a. m.

Which was laid over, ordered printed in the minutes and published in full in the CITY RECORD.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communications from the County Clerk of Queens County:

No. 3795.

Queens County Clerk's Office, Jamaica, N. Y., May 31, 1913.

To the Honorable Board of Aldermen, City Hall, New York, N. Y.:

Gentlemen—Application is hereby made for the issuance of special revenue bonds, under subdivision 8, chapter 188 of the Charter of The City of New York, for the sum of $1,000 for the purpose of employing two Watchmen for duty in this office during the coming months, when it is expected the contractors who have the contract for the altering of this building will start work. It is their intention to tear down part of the building and construct a new portion, which leaves the remaining portion of the building subject to danger from intruders, or from vandals and the like. The Watchmen who will be employed by the contractor will have nothing whatever to do with the watching of the records under my custody and care, and it is my wish that I be permitted to employ two Watchmen during the time that the office will be closed. The office closes at four o'clock on each day, excepting Saturday, and is open again at nine in the morning, and it is during this time that I think some person under my supervision should be watching the records. The building will be more or less exposed and any one with a malicious turn of mind could very easily enter and cause a great deal of destruction. Besides that, there is always more or less danger where there are a great many workmen about, and it is to overcome any possible loss and prevent any damage either by fire, theft or mutilation that I wish to employ the men.

I will require men in whom I have confidence, and who should be under my personal supervision. One Watchman to be employed from four o'clock in the afternoon until one in the morning, and the other from one until nine in the morning. This will keep within the hours of employment under the law, and at the same time will allow the continued care and watchfulness on their part.

This sum of $1,000 is figured on the basis of two men at $2.50 a day for two hundred days, as it is expected that the contractors will take at least that period to do the work required to be done here, and during which period the records of the office will be in danger.

Asking you to give this your earliest consideration, as the work is expected to be started within a very short time, I am, yours respectfully,

LEONARD RUOFF, Clerk.

No. 3796.

Queens County City Clerk's Office, Jamaica, N. Y., May 31, 1913.

To the Honorable Board of Aldermen, City Hall, New York, N. Y.:

Gentlemen—Application is hereby made for the issuance of special revenue bonds for the sum of $7,200, under subdivision 8, chapter 188 of the Charter of The City of New York.

The purpose for which this money is to be used is to employ twelve temporary Copyists for the work of this office, at the rate of $100 a month for the remaining six months of this year. When my predecessor, Mr. Martin Mager, retired from office, the accumulation of deeds, mortgages and other papers which had been left with him for record, amounted in all to such a large number that it required little less than four months for him to complete the records and the copying of the work that was required to be done by him during his time of office. This prevented me in great measure from going on with the work of the recording of instruments which I am required to do under the law, and I was for that reason over three months behind in the copying of these instruments into the records.

Since the first of this year the increase in the amount of work over last year is nearly 30 per cent., and this, together with the work that accumulated by reason of the conditions as stated, has left me with a large number of papers still awaiting copying. I am anxious to clean up and catch up with my work, as the amount of work seems to be increasing all the time, and unless some provision is made so that I can employ additional men temporarily, I will be so far behind that it will be a physical impossibility for me to catch up at any time.

Another condition will have to be considered, that during the month of June the contractors who have the contract for altering this building expect to begin work. Under their plan part of this building will be torn down, and I will be unable to have use of that portion while the work is going on. This will place the greater portion of these papers that are left in my care until they are recorded, in danger either from fire, theft or damage by reason of the poor facilities such as this office affords at that time, for the proper taking care of these instruments, and during these alterations the conditions will be a great deal worse.

It is therefore in the public interest that I am desirous of getting this work up as promptly as possible. I do not want to keep any of these papers here longer than is necessary. It is my wish that deeds, mortgages, etc., be returned to the owners within the shortest possible time; and in addition to that, I want to avoid all the dangers that there may possibly be to any of these instruments while they are awaiting recording.

This matter was taken up with the Board of Estimate and Apportionment, but it appears that through a resolution of that body affecting all budgetary accounts, that no transfers or additions to the payroll will be allowed and all accruals will have to be returned to the general fund at the end of the year or soon thereafter. It was therefore suggested at the meeting of that Board on the 29th inst. that an application be made to your Board for the issuance of revenue bonds for the amount asked for, and I will ask that early and favorable consideration be given to this matter, so that I can go on with the work as quickly as possible.

Yours respectfully, LEONARD RUOFF, Clerk.

Which were severally ordered on file.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 3797.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, June 3, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of six resolutions adopted by the Board of Estimate and Apportionment May 29, 1913, recommending the establishment of additional grades of positions, etc., as follows:

I also transmit copies of reports of the Committee on Salaries and Grades relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the Permanent Census Board of grade of position, in addition to those heretofore established, as follows:

Title.	Number of Incumbents.	Rate Per Annum.

A true copy of resolution adopted by the Board of Estimate and Apportionment May 29, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 13, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 1, 1913, the Permanent Census Board requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Clerk at $600 per annum, modification of salary schedule (No. 3410), and the transfer of $65 within its 1913 appropriations. The second request is held in abeyance because it is contingent upon the effectuation of the first. The request for transfer has been treated in a separate report. In connection with the requested establishment we report as follows:

The grade of Clerk, at $600 per annum, has been established for one incumbent only. The Municipal Civil Service has promulgated a promotion list for 2d grade Clerks in the Permanent Census Board. It is proposed to establish the grade for an unlimited number of incumbents and to promote the first three on the eligible list from $540 to $600 per annum. This is feasible under the rule of this Board regarding schedule modifications.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

No. 3798.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

	Rate per Day.	Number of Incumbents.
Stenographer and Typewriter	$1,650 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment, May 29, 1913, JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 28, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 16, 1913, the Fire Commissioner requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Stenographer and Typewriter, at $1,650 per annum, for one incumbent. In connection therewith we report as follows:

It is proposed to increase the salary of Miss Elvie K. Macoy, Stenographer and Typewriter, in the office of the Deputy Fire Commissioner, in charge of the Boroughs of Brooklyn and Queens, from $1,500 to the $1,650 rate requested. Miss Macoy was appointed on February 1, 1897, at $1,200 per annum. Her salary was increased on January 1, 1906, to $1,500 per annum. The Deputy Commissioner states that her duties include work as Executive Clerk and the taking of stenographic minutes of testimony in trials of members of the uniformed force, as well as minutes of all hearings held in his office.

Money is provided for the increase by dropping one Cleaner, at $912.50, from No. 1385, Headquarters Building, Brooklyn and Queens, and substituting two women Cleaners, at $360 each, leaving $192.50 unassigned balance in the schedule.

The use of $150 of this money for a salary increase is in accordance with the provisions of the resolution adopted by the Board of Estimate and Apportionment on January 30, 1913.

We recommend that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

No. 3799.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of City Record, City of New York, of the grade of position, in addition to those heretofre established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Accountant	$3,000 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment, May 29, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 19, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 19, 1913, the Supervisor of the City Record requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Accountant, at $3,000 per annum, for one incumbent. In connection therewith we report as follows:

The Supervisor states that the position is for the purpose of placing a man in charge of all of the accounting and bookkeeping work in the office of the Board and in the Distributing Division at No. 96 Reade st., so that he may reconcile the systems in use at both places in all details in order to promote greater efficiency. The incumbent proposed for the position is Edward J. McPike, at present a Bookkeeper at $2,250 per annum. The Supervisor states that Mr. McPike is thoroughly familiar with the accounting and bookkeeping work to be done, and is eligible for the position of Accountant under the rules of the Municipal Civil Service Commission.

The $750 necessary for the new position is scheduled in the present salary schedule for the Board as an unassigned balance available for salary increases.

In view of these facts we recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

In connection therewith we report as follows:

It is stated that this position is necessary to provide proper supervision of the field force of 27 Inspectors in the Bureau of Fire Prevention, Boroughs of Brooklyn and Queens. In Manhattan, The Bronx and Richmond the force is supervised by a Chief Inspector, whose salary is $4,000 per annum. Supervision has given satisfactory results and the Commissioner desires to extend the system to Brooklyn and Queens, through the appointment of a Deputy Chief Inspector. It is proposed to obtain the funds by eliminating two positions of Examiners at $1,500 each, provided in the 1913 Budget. These positions have not been filled.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held on May 29, 1913. JOSEPH HAAG, Secretary.

City of New York, Office of the President of the Borough of Manhattan, City Hall, May 15, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—I transmit herewith resolution transferring certain streets within the Borough of Manhattan from the jurisdiction of the Commissioner of Parks to the jurisdiction of the President of the Borough. This resolution is proposed as the result of an agreement between Commissioner Stover and myself, and for the purpose of concentrating in a single authority the responsibility for pavement conditions throughout the Borough. The proposed transfer has been made possible by the recent passage of chapter 331 of the Laws of 1913, which gives to the Board of Estimate, with the concurrence of the Board of Aldermen, power to transfer the jurisdiction and control of any street from one Department of the City Government to another.

The streets at present under the jurisdiction of the Park Commissioner were placed there by successive acts of the State Legislature. Repeated attempts on my part during the last two years to secure the repeal of such acts having failed, the present law was introduced and passed at my request, with the concurrence of Commissioner Stover. Respectfully yours, GEORGE McANENY, President.

Report No. 12614. May 23, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held on May 15, 1913, a communication was presented from the President of the Borough of Manhattan, requesting that jurisdiction over the following named streets be transferred from the Commissioner of Parks to the President of the Borough:

Columbus Circle, at intersection of 8th ave. and 59th st.
Mail st., from Park row to Broadway.
West End ave., north of 70th st.
5th ave., from 58th to 110th st., including the plaza between 58th and 59th sts.
59th st., from 5th ave. to 8th ave.
72d st., from Central Park West to Riverside drive.
86th st., from Central Park West to Riverside drive.
96th st., west of West End ave.
110th st., from 5th ave. to Riverside drive, including the plazas at 5th ave. and at 8th ave.

The matter was at that time referred to your Engineer for investigation and report.

The Board is informed that the way has been cleared for this action through the provisions of chapter 331 of the Laws of 1913, upon approval by the Board of Estimate and Apportionment and the Board of Aldermen. The streets included in this list naturally form a part of the street system, and in my judgment there is no reason for control over them being exercised by an authority differing from that over other important arteries, and information is presented to show that the course suggested is favored by the Park Commissioner.

The request is, in my judgment, a proper one, and I would recommend that it receive the approval of the Board. Respectfully,

NELSON P. LEWIS, Chief Engineer.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held on May 29, 1913. JOSEPH HAAG, Secretary.

City of New York, Office of the President of the Borough of Manhattan, City Hall, May 22, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, New York City.

Dear Sir—I enclose herewith two resolutions for introduction in the Board of Estimate:

2. Resolution transferring jurisdiction over Delancey st., between Essex and Clinton sts., from the Department of Parks to the Department of the President of the Borough of Manhattan. Yours very truly,

Which were severally referred to the Committee on Streets, Highways and Sewers.

The Vice-Chairman laid before the Board the following communication from the Corporation Counsel:

No. 3805.

City of New York, Law Department, Office of the Corporation Counsel, May 14, 1913.

To the Honorable the Board of Aldermen:

Sirs—I am in receipt of a certified copy of the resolution of your Board, adopted March 25, 1913, which reads as follows:

"No. 3212.

"Whereas, Within the limits of what formerly comprised the villages of South Mount Vernon and Williamsbridge, incorporated under the General Village Act, chapter 291, Laws of 1870; and

"Whereas, Since annexation to the greater City many of the streets that were formerly maintained by said village governments, and for which the people paid a corporation tax for sidewalks, curbing, flagging and top dressing streets with broken stone or macadam; and

"Whereas, The Borough President of The Bronx, wherein said streets are located, maintains that he has no legal right to repair or maintain the streets mentioned in the manner formerly pursued by the village authorities unless by assessment; and

"Whereas, The people of the section mentioned maintain in rebuttal to the Borough President's opinion that inasmuch as that they have already paid an extra village tax known as the incorporation tax for said improvements in said villages, claim that they are duly entitled to more consideration than the portion of the towns of Eastchester and also Westchester that were not within the incorporated limits of said villages; now therefore be it

"Resolved, That the Corporation Counsel be requested to give an opinion as early as possible to this the Board of Aldermen as to the legal right of the Borough President to maintain the streets, sidewalks, sewers, etc., from the maintenance fund without an extra assessment."

The jurisdiction and powers of the Borough President respecting matters referred in the resolution are fixed by the provisions of the Greater New York Charter.

I have from time to time advised the Borough President as to his authority in particular cases to make improvements of the character referred to in the resolution and he is without doubt acting within the authority vested in him in determining that certain improvements may only be made by assessment upon the property benefited.

Those who have paid the tax referred to have not, by reason of such payment, the right to have the Borough President make the improvements mentioned in your resolution. Yours respectfully, C. D. OLENDORF, Acting Corporation Counsel.

Which was ordered on file.

At this point the President entered the chamber.

MESSAGES FROM THE MAYOR RESUMED.

The Vice-Chairman laid before the Board the following communications from his Honor the Mayor:

Nos. 3226, 3227 and 3228.

City of New York, Office of the Mayor, June 3, 1913.

To the Honorable Board of Aldermen:

Gentlemen—I am constrained to disapprove of your moving picture ordinance. I am satisfied that many among you voted for it under a misapprehension. If the ordinance went into effect it would work great injustice.

It is now three years and a half since I took this matter up as Mayor. The moving picture shows came in only in recent years. There was no ordinance to regulate them and there is still none. They have been established by makeshifts. The result is deplorable. I trust that the four years of my term of office are not to expire without a proper ordinance for their regulation being passed. Soon after I came into office I consulted with leading men of your honorable body with regard to the preparation of such an ordinance. The work was a large one, and would require much time and attention. Early in 1911 I referred the whole thing to the Commissioner of Accounts for investigation. In March of that year he made an exhaustive report. It pointed out the deplorable condition of these moving picture places in respect of lack of ventilation and of safeguards against loss of life from fire or panic. I transmitted that report to your honorable body with the request that an ordinance be drawn. With the consent, if not on the suggestion, of leading men among you, I appointed a commission of experts and competent men to frame such an ordinance. They did their work with conceded care and intelligence. On December 12, 1911, I transmitted to you the ordinance drawn by this Commission and expressed a hope that it might be passed. On April 29 following I sent you a special message urging that such ordinance be passed. In December following you passed the said ordinance, but coupled it with the provision that censors be appointed to decide in advance what pictures the people of the City might be permitted to look at in these shows, instead of leaving those who should exhibit immoral pictures to be dealt with under the ample provisions of the criminal law. And this was done although the Commissioner of Accounts had reported from actual inspection that there was not an indecent picture exhibited in this City. Some among you voted for that ordinance containing the censorship knowing that it would be vetoed. Those who did that were and are opposed to the ordinance, and have been doing, all along, all they could to defeat it or render it worthless. Others of you voted for the ordinance on the mistaken legal notion that the Mayor could veto the censorship and let the rest of the ordinance stand, instead of vetoing the whole. On February 4, 1913, I again sent you a message urging the necessity of passing a proper moving picture ordinance. Two weeks ago you passed the one which I am now returning. I cannot approve of it, and I feel certain that a large majority of you believe I should not approve it.

I trust you will deem it proper for me to call your attention to the precise condition of these moving picture places and the causes thereof.

There are two kinds of licenses for public entertainments in this City. One is the regular theatre license. The other is the common show license, where there is no stage performance. Section 109 of the Building Code prescribes certain specific requirements for the building and equipment of places of public entertainment which accommodate an audience of more than 300 persons. These requirements are very stringent and were designed for the ordinary theatre. Many of them are not only not necessary, but out of place, in respect of moving picture shows. Nor could the revenues from these shows support the large expenses of such requirements. Therefore when the moving picture places came into vogue the properietors limited their seating capacity to not exceeding 300 persons and took out common show licenses. In that way they escaped all these expensive requirements of regular theatres which I have mentioned, and which were not needed in moving picture shows. The result was that these moving picture shows, to accommodate this small audience, were set up in little halls and stores, and, I might almost say, in holes in the wall, all over the City. They lacked ventilation, and also proper safeguards against fire and panic. There was no ordinance or statute prescribing and requiring the same. Many of them are distressing places. But the proprietors could not comply with the requirements of the Building Code in respect of regular theatres, and in that way obtain a right to an unlimited seating capacity for the reasons which I have given. It would be a useless expenditure of money to comply with requirements not necessary or applicable in moving picture shows, and the revenues from the moving picture shows would not enable them to do so.

From the foregoing you perceive without another word being added, how necessary it was to pass an ordinance for the government of these moving picture places. Not to do so is to leave them without proper government control. The Commission which I appointed framed an ordinance. But they early saw in their deliberations that in order that the expense of the requirements of their proposed ordinance could be borne these places should be permitted to accommodate more than 300 persons. In the city of Boston the number permitted is 800, and in other cities they have a like limit. The Commission finally settled on 600 as being a fair limit. It is absolutely necessary, as they saw, that the audience should be large enough to enable the proprietors to derive revenue enough to bear the expense of complying with the requirements of the ordinance.

It is on this matter of permitting an audience of 600 that the trouble has arisen in your Board. An attempt was made to defeat this provision of the ordinance, and keep the audiences down to 300 or 400. I have been an onlooker during all the time that this proposed ordinance has been before you. I have, of course, seen not only the cause of the opposition, but whence it sprung. The cheap theatres of the city have no limitation put upon them as to audiences. They early banded together to oppose this moving picture ordinance unless this provision for an audience of 600 was cut out of it, and the audience kept down to the old number. Their purpose is purely selfish. As matter of fact the rivalry of the moving picture shows with an audience of 600 would not hurt the cheap theatres in the city. There is room enough for them all. But the proprietors of these cheap theatres are of a different view, and have thus far been influential enough, one way and another, and by this means and by that, to frustrate the passage of the ordinance reported by the Commission. I trust that they shall not be able in the end to defeat it. It is time that they were told that they are not to rule in this matter. Our attempt is to make the moving picture shows of this town wholesome and safe. The proprietors of the cheap theatres cannot stand in the way and dictate to your honorable body, or to any of us, what we shall do in this matter. Let them get out of the way.

Finally, when these theatre proprietors saw that they could not get a vote reducing the seating capacity of the moving picture shows, they bent their efforts to have the galleries cut out of them, which would accomplish the same effect. The ordinance as framed by the Commission allowed a gallery, but provided that it should not have a seating capacity of more than one-fourth of the seating capacity of the whole place. The ordinance as you passed it cuts the gallery out. The effect is that a moving picture place with a seating capacity of 600 is reduced to 450 by cutting the gallery out, one of a seating capacity of 400 is reduced to 300 by cutting the gallery out, and so on. Thus, in this ingenious and indirect way these proprietors of cheap theatres are getting accomplished what they could not get directly accomplished. The result is most unjust to the proprietors of moving picture shows. In order to have a seating capacity of 600 it will be necessary to have more space, and hence the rent, and the cost of construction. This is the reason for it.

Some among you came to me and said that the reason for cutting out the galleries was that there might be immorality in the galleries. There is no more in the gallery any more than in any other part of the house. If there is in the galleries of a moving picture show, why not in the galleries of theatres also? Is there any proposal to cut the galleries out of theatres? As a matter of fact there is no immorality in the galleries of moving picture shows. It is a mere pretense. The ordinance provides that these moving picture shows shall be lighted during the whole performance. The lights are not turned down. The sloping gallery is just as visible and open

of the house. There is more chance of immorality under the gallery than in the gallery. But there is none in either place. The people that go to these moving picture shows are good, moral, honest people. There is much less nastiness and immorality among them than in other theatres. They would not stand for immorality.

Others of your honorable body whom I spoke to about the matter told me that the measure was a party measure, and that they had to vote with their party. I asked them who made it a party measure. And I ask you who made it a party measure. Are these owners of cheap theatres able to make it a party measure, simply because most of them are petty politicians, and petty district leaders of this party or of that? Did any party convention ever have a plank in its platform that this matter of safeguarding moving picture shows was a party measure? Did any head of any party here stand forth and make it a party measure? And if so by what right? I have seen no such thing. This matter of party measures, and political partisanship, in the city government, has been a curse. It is time to be rid of it. I have done all I can to rid the government of it. This measure is no party measure. It was framed in the way which I have stated, by a commission appointed by the Mayor, with the concurrence of the leading men among you. Let us not let any contemptible little politician make it a party measure by saying so. It is a measure which appeals to every honest and honorable man, irrespective of party.

The deplorable condition of these moving picture places should not be permitted to continue. As I have said, this is one of the earliest matters which I took up after I became Mayor. I then had no idea of the opposition it would encounter. I trust that my term of office shall not expire before a proper ordinance is passed. And I now go so far as to appeal to every honorable man among you, to every man among you who is not financially and personally interested, or under the temptation or control or leadership of some one who is, to dispose of this matter without regard to politicians or to parties, and pass the ordinance which the Commission reported. You cannot without doing injustice to the proprietors of these places limit their audiences below 600. That has all been thought out. They must have revenues enough to enable them to comply with the stringent provisions of this ordinance. To impose the expensive requirements of this ordinance on them and then deny them a seating capacity large enough to pay the expense of complying with such requirements, would simply be a scheme to cripple the ordinance and continue the present intolerable conditions.

W. J. GAYNOR, Mayor.

Which was laid over, ordered printed in the minutes and published in full in the CITY RECORD.

No. 3806.

City of New York, Office of the Mayor, June 3, 1913.

To the Honorable the Board of Aldermen:

The habit of all selfish people, and especially if they be big and fat, is to take the end place on the seats of the summer cars which run crosswise of the car, and stick there, instead of moving along to the other end as other people get on the car. This causes great inconvenience. All those who come after these selfish people have to climb over their legs, and press by them as best they can. I would suggest to you to consider whether you should not pass an ordinance making this selfish practice a misdemeanor, and requiring those who enter cars with cross seats to move as far in as there is a vacant space to sit down. The selfishness and hoggishness of some people in this matter is a distressing spectacle, to say nothing of the inconvenience which they cause, especially to mothers with little children.

W. J. GAYNOR, Mayor.

Which was referred to the Committee on Laws and Legislation.

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it has had referred to it a communication from the Secretary of the Board, which states that the report and resolution presented by it to the Board of Education at its meeting held on March 12, 1913 (see Journal, page 414), requesting the Board of Estimate and Apportionment to authorize an issue of corporate stock to the amount of $4,050, to defray the cost of changing from overhead to underground connections all fire lines to Public Schools 2, 2 Annex, 4, 4 Annex, 6, 20, 40, 42 and 44, Borough of The Bronx, has been disapproved by the Board of Estimate and Apportionment on May 8, 1913, for the reason

that the work proposed consists of alterations or replacements of existing work, and therefore not a proper charge to corporate stock. In view of the action taken by the Board of Estimate and Apportionment, the Committee on Buildings has requested this Committee to present a resolution to the Board of Education, asking the Board of Aldermen to authorize the issue of special revenue bonds in the sum of $4,050 for the above mentioned work.

There is submitted for adoption the following resolution:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of four thousand and fifty dollars ($4,050), pursuant to the provisions of subdivision 8 of section 138 of the revised Charter, for the purpose of providing means to defray the cost of changing from overhead to underground connections all fire lines to Public Schools 2, 2 Annex, 4, 4 Annex, 6, 20, 40, 42 and 44, Borough of The Bronx, and that the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on May 28, 1913. A. E. PALMER, Secretary.

Which was ordered on file.

The President laid before the Board the following communications from the Committee on Water Supply, Gas and Electricity:

No. 3809.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, May 28, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—Referring to the request of February 27, for authorization of revenue bonds in the sum of $525 for horse and wagon for Inspector and horse and wagon for Plumber, in the Borough of Queens, please recall same, and substitute the enclosed request of similar amount, but slightly modifying the purposes.

Yours truly, J. W. F. BENNETT, Deputy and Acting Commissioner.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, May 28, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—There is an occasional need in the Borough of Queens for the use of horses and wagons for an Inspector and Plumber, and for miscellaneous departmental purposes. It is necessary to pick up meters from the meter testing stations at Manhattan and Brooklyn, together with connections, supplies, etc., which are afterwards used by the Plumber.

Request was made for an appropriation for this year of $525, but none was made for the purpose, presumably because this appeared as a new item, the increase in previous years having been paid out of the appropriation for contingencies. The necessity is just as pressing this year, and the appropriation for contingencies cannot be used for that purpose.

I, therefore, respectfully request that your honorable Board ask the Board of Estimate and Apportionment to authorize the issue of revenue bonds to an amount of $525, to provide:

Horse and wagon, 75 days, at $3 per day	$225 00
Horse and wagon, 5 months, at $60 per month	300 00
	$525 00

Yours truly, J. W. F. BENNETT, Deputy and Acting Commissioner.

Which was ordered on file.

No. 3810.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row. New York, May 28, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—I am enclosing a draft of proposed ordinance fixing a license fee to be exacted from all applicants for certificates to operate moving picture machines and for the payment of an additional sum upon qualifying in the examination and receiving a certificate of competency. In addition a fee of $1 shall be collected annually for each license renewed.

This ordinance appears necessary by reason of the fact that at least two Examining Inspectors of the department are required to give their entire attention to the examination of applicants for licenses to operate moving picture machines. The results of these examinations clearly establish that a very small percentage of those applying for licenses are competent to operate moving picture machines with any degree of certainty in order to insure safety to those patronizing moving picture theatres.

The department rule provides that upon the failure of a candidate to qualify he may not be reexamined for three months. Many who have failed present their application for reexamination at stated intervals of three months until they secure their certificate. The services of the Inspectors who are now continuously on duty examining condidates could be used to much better advantage in the interests of the City, and I believe that in demanding a license fee from these candidates they will not persist in filing applications for examination or reexamination until they are fully prepared to pass the test which the Department has prescribed and which the law demands each operator shall undergo before securing a license.

Will you please submit this draft or ordinance to the honorable Board of Aldermen at its next meeting and urge its passage? Yours truly,

HENRY S. THOMPSON, Commissioner.

AN ORDINANCE to provide for examination and license fees for license to operate any moving picture apparatus and its connections in The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Any person applying for a license to operate any moving picture apparatus and its connections in The City of New York shall, at the time of his application, pay to the officer authorized by law to examine the applicant and to issue the license, an examination fee of two dollars and fifty cents ($2.50), and if after such examination a license is granted him he shall pay in addition, upon the issue of such license, a license fee of two dollars and fifty cents ($2.50).

Sec. 2. Every licensed operator of any moving picture apparatus and its connections in The City of New York shall pay an annual renewal fee of one dollar ($1) for each annual renewal of his license.

Sec. 3. This ordinance shall take effect immediately.

The President laid before the Board the following communication from the Municipal Civil Service Commission:

No. 3811.

Municipal Civil Service Commission of The City of New York, 299 Broadway, 11th Floor, New York, May 21, 1913.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen:

Sir—At a meeting held on the 14th instant, I was directed to communicate with you and request that the Board of Aldermen pass a resolution enabling the Commission to destroy all applications for positions in the Labor Class filed prior to January 1, 1908, by persons who failed to appear for examination, or those whose eligibility expired (under the two-year clause in the rules), without a call for examination.

In our filing cabinets in the Criminal Courts Building office, there are some fifty thousand applications which are absolutely valueless to the Commission as records. These are in cases as mentioned above, and the space in which they are filed can be used to good advantage if the applictions may be destroyed. Respectfully yours,

FRANK A. SPENCER, Secretary.

That having examined the subject, it believes the proposed legislation to be beneficial.

It, therefore, recommends that the said ordinance be adopted.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Sec. 2. Each and every railroad company which shall neglect or refuse to comply with the provisions of section 1 of this ordinance shall thereby incur a penalty of one hundred dollars ($100) for each such neglect or refusal, to be recoverable from the company so offending in an action to be brought by the Corporation Counsel in the name of The City of New York.

SPECIAL ORDERS.

No. 264—Int. No. 2498.

The Committee on Public Letting, to which was referred, on January 6, 1913 (Minutes, page 27), the annexed request from the President of the Borough of Richmond for authority to purchase coal in the open market to an amount not exceeding in cost $8,000, respectfully

REPORTS:

That the Committee has delayed action on this request for the reason that it believed that it could be obtained by the regular process of public letting. The Borough President has, however, supplemented his request with a further letter of explanation, which is hereto attached, and the Committee has concluded that in order to procure the necessary coal it must be purchased without public letting. It believes, however, that $5,000 will be sufficient to obtain this coal, and therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized and empowered to purchase coal throughout the year 1913 in the open market without public letting at a total expense not to exceed five thousand dollars ($5,000).

JOHN DIEMER, NILES R. BECKER, ROBERT F. DOWNING, ABRAM W. HERBST, JOHN F. WALSH, F. H. WILMOT, FRANK J. DOTZLER, NATHAN LIEBERMAN, Committee on Public Letting.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, December 27, 1912.

Board of Aldermen, City Hall, New York City:

Gentlemen—Permission is hereby requested to purchase in the open market during the year 1913 coal to the amount of $8,000.

Bids for the furnishing of coal to the Bureau of Public Buildings and Offices during the year 1913 were advertised for public letting for December 24, but as no bidders appeared it will be necessary for the present, at least, to purchase coal on open market orders. This condition is due to the uncertainty as to the coal situation and partly also to the present specifications for coal. Moreover, we have found in the past that there has been practically no advantage in purchasing coal by contract as we have been obliged to pay the regular market rate and, in fact, the coal purchased on open market order has in some cases been lower for the reason that it is purchased from local dealers whose yards are nearer the places of delivery. It is our intention to purchase the coal by contract after public letting when conditions change so that this will be advantageous, but we would request that permission be granted until that time to purchase in the open market. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

May 21, 1913.

Hon. JOHN DIEMER, Chairman, Committee on Public Letting, Board of Aldermen, City Hall, New York:

Dear Sir—For many months there has been before your Committee our request to be permitted to purchase coal without public letting, a request which, for many years, has been granted in course—not granted simply because we asked for it or because we wished to buy coal from any particular parties, but because it was a matter of financial economy to the City to buy through open orders rather than through public letting.

As your Committee undoubtedly knows, the main coal operators control and fix the prices at which dealers shall sell; consequently, competition at the very outset is

practically eliminated, except where the factor of long vs. short haul for delivery becomes important, in which event a dealer whose yard is near the point of delivery can give an advantage in price as against others who are not thus favored. In general the price is fixed for dealers covering a number of months in advance, but there is nothing to prevent a serious change in price (usually upwards) being ordered by the operators so that small dealers cannot safely enter into contracts to deliver coal through a given range of months without receiving a price which may be considerably above the market so as to make them safe against forced increases.

The conditions for buying and delivering coal and the places of using it in the Borough of Richmond have been so fully presented to your Committee that it seems unnecessary to repeat the information here. The Borough Hall is the only place where we can take in coal enough at a time to warrant large orders, namely, for 250 or 300 tons. This, for the sake of formality, we have usually purchased at public letting, but have had no reduction from the market price for coal thus delivered, which means that the gross cost to the City is more than the market price because of the cost of advertising and the time of City officials in preparation of contracts and attention to the various details of a public letting; consequently the method represents waste and not economy.

We advertised and received bids on March 18 for 100 tons of range coal, to be delivered throughout the year in quantities as ordered at various small public buildings. We received two bids, one at $6.75 per ton, the other at $6.99 per ton, only one of those bidders being really a coal dealer, the other naming the higher price being a contractor who hoped if he secured the contract to have employment for his teams and making a profit beyond the market price. On the same day we received bids for 300 tons of buckwheat coal, to be delivered at the bins in the Borough Hall. Here, again, the coal dealer proposed $4.15 per ton, practically the market price. The contractor bid $4.19, which would have given him a profit beyond the market price. Later we advertised for bids for our steam roller service, expecting to receive bids on April 15. We asked for delivery in three different districts. For one district calling for 80 tons of egg coal we received no bid. In another district calling for 85 tons egg coal we received no bid. In the third district, calling for 85 tons of egg coal, we received two bids, one for $6.23 per ton, the other $6.32 per ton, the general market price, as we were advised, being $6.25. In other words, based on the market price, we secured a saving of $1.70 at an expenditure of probably not less than $50 for advertising and other services.

In the year 1912 we purchased by contract from one company $3,353 worth of coal, paying practically market price, with costs of advertising and contract preparation in addition. We purchased on open order $3,400 worth of coal from ten different dealers, securing same at the market price without additional cost of advertising and contract preparation.

Our expectation, as heretofore presented, is to use much more coal this year than in other seasons, for our steam roller service has increased and our asphaltic oil work has greatly increased, requiring heater tanks, which use a considerable amount of fuel. If, therefore, coal purchasing by advertised contract is forced by your Committee through its inaction upon our request, it will only be the largest dealers, often at great distances from the place of delivery, who will bid; and the smaller dealers, often near the places of delivery, will be debarred from selling what we need and which they could often sell upon lower terms than the larger dealers at a distance, due to shorter haul, while the City will pay in addition all the incidental costs of a public letting.

We urgently renew our request, therefore, in the interest of economy, that you report in favor of a Board resolution authorizing the President of the Borough of Richmond to purchase coal without public letting. Very truly yours,

LOUIS L. TRIBUS, Acting President of the Borough.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Public Letting, to which was referred on April 1, 1913 (Minutes, page 2), the annexed resolution in favor of authorizing the Department of Public Charities to purchase, without public letting, a motor vehicle at a cost not to exceed $1,500, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary in order that the Department may obtain the kind of truck most adapted to use on Blackwells Island without delay.

It therefore recommends that the said resolution be adopted.

Resolved, That pursuant to section 419 of the Greater New York Charter, the Commissioner of the Department of Public Charities of the City of New York be and hereby is authorized to purchase, without public letting, for the use of said Department, one motor vehicle, the total expense of which is not to exceed the sum of One Thousand Five Hundred Dollars ($1,500).

Department of Public Charities of The City of New York, foot of East 26th st., March 26, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—We would respectfully request that authority be granted this Department to purchase, without public letting, one motor vehicle to be used on Blackwell's Island, at a price not exceeding the sum of $1,500. This amount was allowed by the Board of Estimate and Apportionment to this Department for the year 1913 with which to purchase "motor vehicles and equipment."

Trusting that a resolution in the enclosed form, or some other suitable form, will be adopted by the Board of Aldermen at an early date, I am,

Respectfully yours, MICHAEL J. DRUMMOND, Commissioner.

The Committee on Public Letting, to which was referred on April 29 and May 6, 1913 (Minutes, pages 371 and 380), the annexed resolution and request in favor of authorizing the President of the Borough of Richmond to purchase an automobile without public letting, at a cost not to exceed $2,000, respectfully

REPORTS:

That the reasons for this request are set forth in the letter of application. President Cromwell appeared before the Committee and assured them that this method of purchase was the most economical and satisfactory one.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized and empowered to purchase, in the open market, without public letting, an automobile, the cost of which shall not exceed two thousand dollars ($2,000), an appropriation for the same having been made in the Budget for 1913.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, May 1, 1913.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—In the budget for 1913, $2,000 was appropriated for the purchase of equipment of a new automobile for the general administration of my office. This car is needed to take the place of a Locomobile touring car purchased in 1906, which is the only automobile of the touring car type available for general administration purposes. It has rendered excellent service, but has reached the stage where keeping it in operation requires constant attention and frequent supplying of new parts, and it would be more economical to replace it with a new car.

It is our intention as soon as a new car can be secured, to remove the tonneau from the Locomobile and replace it with a light box body, thus reducing the dead load and putting it into commission as a general emergency repair-shop car, in which capacity it would probably render still considerable service.

I hereby make application to your Board, pursuant to the provisions of section 419 of the Greater New York Charter, for authority to purchase in the open market, from the before-mentioned budget appropriation, a five-passenger touring car for the use of my office.

I would ask that your honorable Board grant this request with as little delay as possible, as it is very urgent that this additional automobile be secured so that the locomobile may be put into the shop service, as the car being used for that purpose at present is needed for other work. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Public Letting, to which was referred on May 20, 1913 (Minutes, page 469), the annexed request from the President of the Borough of Queens for authority to purchase coal without public letting at a cost not to exceed $5,000, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary. A representative of the Department informed the Committtee that coal bought in the open market could be obtained at $4.35 per ton, whereas the last bids were at the rate of $4.89. The Committee believes that $4,000 will be sufficient to cover the needs of the Department, and therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Queens be and he is hereby authorized and empowered to purchase coal, in the open market without public letting, for the operation of the sewage disposal plants throughout the Borough at a total expense not to exceed four thousand dollars ($4,000).

The City of New York, Offices, Commissioner of Public Works of the Borough of Queens, Long Island City, May 14, 1913.

To the Honorable Board of Aldermen, City of New York.

Gentlemen—I respectfully request that you grant this department permission to purchase in the open market without bidding, coal for the operation of the sewage disposal plants throughout the borough to the extent of $5,000.

In support of this request, I desire to state that bids were opened on March 24 for two items of coal, on which there were two bidders for each item. In both cases the prices bid by the lowest bidder were considerably in excess of prices at which coal can be purchased in the open market. Furthermore, our experience has demonstrated that coal furnished under contract is in no way superior to that purchased on open market order. Yours very truly,

JOSEPH FLANAGAN, Commissioner of Public Works.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Public Letting, to which was referred on May 20, 1913 (Minutes, page 478), the annexed request from the Commissioner of Docks and Ferries for authority to purchase an automobile at a cost not to exceed $3,500, without public letting, respectfully

REPORTS:

That it has been explained to the Committee that owning to the rough pavements over which this machine would have to travel to reach the various properties of the Department an especially strong car must be obtained which can be much better selected by direct purchase. The Committee coincides with this view but believes that $3,000 is a large enough price, and it recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioners of Docks be and he is hereby authorized and empowered to purchase in the open market, without public letting, one automobile for the use of the Department of Docks and Ferries at a total cost not to exceed three thousand dollars ($3,000).

The Committee on Public Health, to which was referred on May 6, 1913 (Minutes, page 453), the annexed ordinance in favor of regulating the sale and use of wood alcohol in The City of New York, respectfully

REPORTS:

That it has given this question a thorough examination and has heard expert opionions on the subject voiced by Mr. Thomas Main, Secretary of the College of Pharmacy, Columbia University; C. A. Mayo, editor of the "American Druggist," and Miss Carolyn C. Van Blarcom, Secretary of the Committee on Prevention of Blindness of the New York Association for the Blind, all of whom unite in endorsing the proposed ordinance with a few minor changes. Mr. Main and Mr. Mayo joined in the suggestion that the new name for this substance be made wood "naphtha," instead of wood "poison," as originally suggested, in order to conform with the nomenclature preferred in several Western States, which have enacted laws regulating its sale, and Miss Van Blarcom offered several changes in the wording of the proposed label and the penalty prescribed. These suggestions were approved by the Committee, and have been incorporated in the substitute ordinance herewith submitted. Miss Van Blarcom made further suggestions as to the regulation of the use of this alcohol in varnishes, etc., but the Committee did not believe that such a restriction came within its province.

On the general subject the researches made by the Committee have afforded ample proof that a serious condition has resulted from the unrestricted use of wood alcohol in essences, tinctures, etc., where the purchasers of these various products were unadvised that they were in any way liable to suffer ravages to their health by the use of such substances. In other cases compositions prepared from wood alcohol have been widely advertised under trade names which effectually disguised their dangerous origin, but which sought to evade consequences of internal use by warnings in almost unnoticeable type placed at the foot of the labels.

A list of deaths resulting from wood alcohol poisoning is attached to this report.

Consistent efforts have been made by the American Medical Association, the New York Association for the Blind, and many other associations and scientific publications to educate the general public in regard to the poisonous character of this alcohol, and articles have been published in some of the leading journals along the same lines, but subjects of this nature unfortunately do not attract the attention of the public at large, and individuals who at any time may in some way have occasion to use preparations concocted from this substance are wholly unaware of the danger to which they may be subjected. It is believed that the ordinance submitted herewith will, to a large extent, act as a wholesome preventive against the indiscriminate use of this poison, and for that reason your Committee recommends its adoption.

SUBSTITUTE.

AN ORDINANCE in relation to the sale and use of "wood alcohol" in The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

By Alderman Curran—

AN ORDINANCE establishing a market at Union Square, Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That so much of the lands as are bounded and described as follows, to wit:

Beginning at a point on the northeast line of Union Square, running thence northerly and parallel with 4th ave., about ninety-eight (98) feet to the southerly house line of 17th st.; thence westerly along the southerly house line of 17th st. about two hundred and eighteen (218) feet; thence southerly and parallel with 4th ave. about ninety-eight (98) feet to the northerly line of Union Square; and thence easterly along the northerly line of Union Square about two hundred and eighteen (218) feet to the place of beginning; be and is hereby declared to be a public market for the sale of plants and flowers, and shall be set aside and apart for such purpose during the pleasure of the Board of Aldermen, subject to such rules and regulations concerning fees, the hours of doing business, and the general management of said market, as may be made by the Comptroller of The City of New York.

Central Mercantile Association, 111 5th Ave., Suite 1016, New York, May 28, 1913.

Mr. HENRY H. CURRAN, Alderman, 26th District, City Hall, New York City:

Dear Sir—Enclosed herewith please find blue print copy of proposed plan of flower market at Union Square in our district, also resolution providing for the establishment of same. Will you kindly introduce the resolution in the Board of Aldermen at the next meeting?

This is one of the many improvements which our association desires to bring about in this section.

As you probably know, New York does not possess a sufficiently appropriate market at any point, although it is generally admitted that such a market should be established at a location which would be convenient to the public.

All of the larger cities of Europe, such as London, Paris, Berlin, etc., have beautiful flower markets, which are the admiration of every one who happens to see them.

The establishing of a flower market at this point is highly approved of by Commissioner Stover of the Park Department, and whose office prepared the blue print map of same, herewith enclosed.

Mr. Goodacre of the Comptroller's office, who has charge of the City markets, says that he sees no objection whatever to it, and also approves of the plan. In fact, every one with whom we have talked thinks it is a very commendable and admirable project, and all feel that New York should have an appropriate market, such as we hope will be established under the terms of the resolution herewith, if the Board of Aldermen and Mayor will duly approve of same.

The three flower and plant growers' associations of New York, which comprise practically every grower in New York and vicinity, have also endorsed the plan, and have appointed committees to work with us in the matter.

We feel that it will be a splendid success, if established, and New York will take its place among the larger cities of the world in having a beneficial and attractive feature of this kind, which it does not now possess.

Thanking you very kindly for your attention to the matter, beg to remain,

Yours very truly, CENTRAL MERCANTILE ASSOCIATION,

Joseph E. Kean, Executive Secretary.

The President put the question whether the Board would agree to adopt said ordinance.

Which was unanimously decided in the affirmative by the following vote:

STATEMENT BY PRESIDENT MITCHEL.

Gentlemen of the Board:

As this is the last meeting of this Board at which I shall have the privilege of presiding, I wish to bid you good-by. In taking leave of the members of this Board I wish to express my appreciation of the uniform and unfailing courtesy and consideration which has been accorded to me by every member of this Board, and by every member of the Board which preceded it. I shall look back upon my association with you as the presiding officer of the Board with pleasure and with satisfaction.

It was my intention, as well as my wish, to complete my term of office as President of the Board of Aldermen, but circumstances over which I had no control have ordered it otherwise, and while I appreciate the opportunity as well as the honor conferred upon me by the President in appointing me to the Collectorship of the Port, I go to the Custom House with somewhat mixed feelings, as the field of my interest as well as the field of my experience is here in the municipal government.

I wish to say to you, on entering this Board, three and a half years ago, without an acquaintance with any member, I leave it feeling that there will remain here a number of personal friends, and I assure you that I go appreciating the character of the men that I leave here as members of the Board of Aldermen.

The President then called the Vice-Chairman to the chair.

Alderman Dowling offered the following resolution:

No. 3855.

Whereas, The President of the United States has selected

JOHN PURROY MITCHEL

to fill the most important position in the customs service of the entire country, Collector of the Port of New York, be it

Resolved, That the members of the Board of Aldermen hereby congratulate Mr. Mitchel on this signal honor, and wish him in his new position the same measure of success that he achieved as Assistant Corporation Counsel, Commissioner of Accounts and member of the Board of Estimate and Apportionment, and be it

Resolved, That we express to the President of the Board of Aldermen our high appreciation of his unfailing courtesy, the eminent fairness and precise parliamentary knowledge shown by his rulings and the successful manner in which the affairs of the Board were expedited when under his direction, and be it

Resolved, That as a further mark of our respect and esteem a copy of this resolution, duly authenticated by his Honor the Mayor and the City Clerk, be suitably engrossed and presented to our retiring president.

Which was seconded by Aldermen Folks, Walsh and Downing, and then unanimously adopted.

Alderman Coleman moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, June 10, 1913, at 1:30 o'clock p. m.

P. J. SCULLY, City Clerk, and Clerk of the Board of Aldermen.

REPORT OF THE BUREAU OF PUBLIC BUILDINGS AND OFFICES.

During the quarter the buildings under the supervision of this bureau have been properly maintained and cleaned, the most important work during the quarter was the complete renovation of the Town Hall, Flushing. All necessary repairs to masonry, carpentry, plumbing, tinsmithing, were made, after which the exterior of the building received two coats of paint consisting of Atlantic lead and pure linseed oil. This building is now in thorough repair, both interior and exterior, all of the work having been performed by departmental labor.

The free floating bath located at the foot of Jamaica ave., Astoria, was opened to the public June 17, 1912. Before that date the bath was thoroughly cleaned, repaired and made ready for use during the season. It is regretable that a better location for the bath could not be obtained, as the water at this place is often polluted. During the season the bath is used very extensively by the residents of the district and is greatly appreciated.

The force of Mechanics and Laborers assigned to the bureau have been kept busy continuously in the upkeep of the buildings and they are all in very good conditon and repair.

The grounds adjoining and surrounding the public buildings have been put in order and flower beds established, trees and shrubbery trimmed and the grass kept mowed.

DEPARTMENT OF DOCKS AND FERRIES.

Proposals.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

FILLING PRIVILEGE.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, North River, in The City of New York, until 12 o'clock noon on

WEDNESDAY, JUNE 11, 1913.

FOR THE RIGHT TO DUMP AND FILL BEHIND THE BULKHEAD WALL RECENTLY BUILT BETWEEN E. 123D ST. AND E. 124TH ST., HARLEM RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material as hereinafter described the area behind the new bulkhead wall extending from the southerly side of E. 124th st. southerly a distance of 120 feet, and extending inshore a distance of about 165 feet to the present stone wall along the easterly side of Pleasant ave.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a sloping grade to the level of Pleasant ave. Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling the whole of the area above described.

It is estimated that the area outlining the above described limits will create a basin to be filled in under the agreement, the cubical contents of which in the net void space are equal to 11,800 cubic yards.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or peneration into the mud.

The Department is not bound in any way by the estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer; the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required.

The purchaser will be required to place the filling in accordance with the following specifications:

All of the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All material must be dumped and filled in only in such manner, at such points, and in such order of procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within 118 days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed, unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filing in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling, and at all times until the completion thereof, take all necessary precaution and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from the negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

The contractor agrees that he will comply with the provisions of the Labor Law. He further agrees that no laborer, workman or mechanic in the employ of the contractor, subcontractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract, shall be permitted or required to work more than eight hours in any one calendar day, except as in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such laborers, workmen or mechanics upon public work or upon any material to be used thereon shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such laborer, workman or mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of sections 3 and 14 of the Labor Law.

Dated New York, May 29, 1913. j2,5

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

1. The sum of ten thousand dollars ($10,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor.
2. For past use and occupation of the streets of the City a sum at the rate of eight thousand dollars ($8,000) a year from April 24, 1912, to the date of the signing of this contract by the Mayor.
3. During the first term of five (5) years, an annual sum which shall in no case be less than eight thousand dollars ($8,000) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of eight thousand dollars ($8,000).
4. During the second term of five (5) years, an annual sum which shall in no case be less than ten thousand dollars ($10,000) and which shall be equal to four (4) per cent. of its gross annual receipts, if such percentage shall exceed the sum of ten thousand dollars ($10,000).
5. During the remaining term, an annual sum which shall in no case be less than twelve thousand dollars ($12,000) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twelve thousand dollars ($12,000).

The annual charges shall commence from the date on which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date; and provided further that the first annual payment thereafter shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose, unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth — The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electric system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and the proper restoration of the surface of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Upon the completion of any work of construction the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract and the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues, in any Department of the City or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, conductors, connections, instruments and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, conductors, connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine. Nothing herein contained shall be deemed to affect the patent rights of the Company or the patented devices used or in the future to be used by it in the operation of its system.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors of the character or tension of those used by the Company or similar companies, in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be necessary and available for the operation of the system hereby authorized. No cables or wires shall in the future be strung above the surface of the streets and avenues by the Company and those at present in existence shall be removed and placed underground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Tenth—The Company shall, upon request from any individual, firm or corporation occupying or owning premises in the territory in which the Company is authorized to operate by this contract, not personally in arrears to it for services already rendered, and who shall be designated by the sender of the stock and bond quotations and dividend or other notices requested by the applicant and transmitted by the Company, extend its wires to such premises and transmit such stock and bond quotations and dividend or other notices to such individual, firm or corporation so designated. The Company shall also, upon request of any financially responsible individual, firm or corporation, occupying or owning premises in the territory in which the Company is authorized to operate by this contract, not personally in arrears to it for services already rendered, undertake to, and transmit for such individual, firm or corporation, stock or bond quotations and dividend or other notices furnished it by such individual, firm or corporation for that purpose to such individuals, firms and corporations as may be designated by the sender thereof, provided that such service shall not be required to be furnished in any given case until after the expiration of a reasonable time for procuring and installing the necessary equipment and apparatus for rendering such service, and provided further, that when the undertaking of the transmission of such messages shall require the installation of additional plant and equipment the Company may require the individual, firm or corporation, hereinbefore referred to, to enter into such agreement with respect to the length of time for which the said service is contracted as may be fair and reasonable.

Eleventh—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on September 30 preceding, and the streets in which the same are located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity, on or before the tenth day of each month, a map or plan of the locations in which wires have been placed by it during the preceding month.

Twelfth—The rates to be charged by the Company shall not be in excess of the following, and it is agreed that the same may be altered or changed by the Board, as hereinafter provided:

(a) For transmitting financial news, including stock and bond quotations received from the New York Stock Exchange and including the use of one printing telegraph or ticker during such period as financial news may be transmitted to a designated recipient, the sum of twenty dollars a month or two hundred and forty dollars ($240) a year.

(b) For any other service authorized by this contract furnished or to be furnished by the Company at the request of any person, copartnership, corporation or exchange the rates charged shall be reasonable and fair and before being put into effect shall be submitted to the Board for its approval. In the event that it shall be necessary for the Company in order to undertake to render such additional or other service, to install plant or equipment additional to that at present in use, the rates to be charged may be such as to enable the Company during the life of the contracts for the furnishing of such additional or other service, to receive a return of the moneys so invested by it in such additional plant and equipment and a fair and reasonable profit on such investment.

The Company agrees, upon request of the Board, to transmit messages addressed to any department or bureau of the City where no additional equipment need be installed by the Company, save the laying of wires and installation of tickers, free of charge.

Thirteenth—During the term of this contract, or any renewal thereof, the Board shall have the power, by resolution, to regulate and fix the maximum and minimum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Fourteenth—The Company shall not require nor receive from the individuals, firms or corporations to which it transmits stock or bond quotations or dividend or other notices, any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purpose than those explicitly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Eighteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars ($100) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Nineteenth—If for a period of six consecutive months the system of the Company shall not be operated, or if the same shall not be operated for a period of nine months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity.

Twentieth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts of the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors and officers elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number and location of premises served by the Company and number of instruments in each.
16. Total receipts of the Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-second—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of fifteen thousand dollars ($15,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, in default of which payment of the annual charges, the City shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnishing of service to applicants, as herein provided, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws, ordinances or departmental regulations now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars ($50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of fifteen thousand dollars ($15,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-third — In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the system constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less then ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such cases such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-fifth—The words "notice" or "direction," wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-sixth—The words "streets and avenues" or "streets or avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is hereby authorized to operate.

Twenty-seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

PUBLIC SERVICE COMMISSION.

Proposals.

FIRST DISTRICT.

INVITATION TO CONTRACTORS.

Part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The City of New York, acting by the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct section No. 4 of Route 5, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 4. Beginning at a point under Broadway, in the Borough of Manhattan, about midway between Houston and Bleecker sts. and extending thence northerly under Broadway and Union square to a point about three hundred and ninety (390) feet north of the intersection of the southerly building line of 14th st. with the centre line of the subway.

The general plan of construction calls for a subsurface railroad having four tracks. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary

sewers and connections, along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

The contractor will be required to prosecute the work of construction from working shafts located at the points specified in the contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of thirty-six (36) months from the date of the delivery of this contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 24th day of June, 1913, at twelve fifteen (12:15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 5, Section No. 4," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or State bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the contractor will be required to furnish security to the City by giving a bond for seventy-five thousand dollars ($75,000) dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
