PUBLIC HEARINGS.

On Areas of Assessment for Benefit in Condemnation Proceedings.

Public Hearing on the Proposed Area of Assessment in the Matter of Amending the Proceeding for Acquiring Title to Yellowstone Avenue, from Queens Boulevard to Woodhaven Avenue, Borough of Queens (Cal. No. 2).

(By resolution adopted July 2, 1914 (Cal. No. 113), the hearing was fixed for July 30, 1914, when it was continued until August 27, 1914; and on the latter date (Cal. No. 2), it was continued until this meeting.)

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in opposition to or in favor of the proposed area of assessment, the hearing was closed.

On motion the matter was referred back to the President of the Borough of Queens.

On Franchises.

Kings County Refrigerating Company (Cal. No. 3).

The public hearing was opened on the application of the Kings County Refrigerating Company for a franchise to install, maintain and operate a conduit containing two pipes six inches in diameter, with the necessary branches and connections therefrom, beneath the surface of certain streets in the Borough of Brooklyn, as follows:

(a) Hall Street from Park Avenue to Flushing Avenue to the lands of the Wallabout Market; Flushing Avenue from Ryerson Street to Fleeman Avenue.

(b) Washington Avenue from Park Avenue across Flushing Avenue and along Washington Avenue within the confines of the Wallabout Market, with branches leading into the Wallabout Market.

—for the purpose of supplying refrigeration to consumers, and for a rescission of the existing contract between the Company and the City.

By resolution adopted July 30, 1914, the hearing was fixed for September 21, 1914, when it was continued until this day.

At the meeting of September 21, 1914 (Cal. No. 8), this matter was referred to the Committee on Franchises, at the request of the President of the Borough of The Bronx, to determine the policy to be pursued.

An affidavit of publication of the notice of continued hearing was received from the CITY RECORD. No one appeared in opposition to or in favor of the proposed grant and the Chair declared the hearing closed.

The following was presented:

October 1, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 21, 1914, there was referred to your Committee the matter of the application of the Kings County Refrigerating Company for a franchise to construct, maintain and operate conduits and pipes for refrigerating purposes in certain streets in the vicinity of Wallabout Market, Borough of Brooklyn.

This Company is already exercising a franchise received from this Board and the purpose of this application is to secure a new franchise with terms and conditions similar to those which have been granted for like purposes in the Borough of Manhattan, which would mean a reduction in the payments to the City now made, pursuant to its present franchise. It has been shown that the operations of the Company have not been profitable and it was a question in the minds of the Committee whether that fact is a sufficient reason for granting a reduction in the payments to the City, or whether such a modification of franchise terms would establish a precedent not in the interests of the City. It appears, however, that the franchise now held by the Company is one of the first of this kind granted by the Board. The compensation required was somewhat greater than that fixed in the more recent franchises in the Borough of Manhattan, which were granted after more definite data had been secured with reference to the possible earnings from that class of business.

The proposed grant is on terms exactly similar to those of the Borough of Manhattan, with one exception, and that is that the annual payment to the City per foot of conduit in the public streets has been fixed at a less rate than in the Borough of Manhattan. The reason for this is that the business of the applicant consists of furnishing refrigeration almost wholly to small consumers, whereas the Manhattan companies furnish refrigeration to many large consumers. The consequent earnings per foot of pipe would be less in this case than in the Borough of Manhattan.

In view of these conditions it is the opinion of your Committee that the franchise should be granted, and the surrender of the existing contract accepted. Your Committee therefore recommends that the form of contract as prepared by the Bureau of Franchises be approved.

The form of contract having been approved by the Corporation Counsel should now be set down for final hearing. It is recommended that October 30, 1914, be fixed as such date.

A resolution carrying such recommendation into effect is transmitted herewith.

Respectfully, JOHN PURROY MITCHEL, Mayor; ....., President, Board of Aldermen; DOUGLAS MATHEWSON, President, Borough of The Bronx, Committee on Franchises.

The following was offered:

Whereas, The Kings County Refrigerating Company has by a petition verified July 25, 1914, applied to this Board for the right, privilege and franchise to construct, maintain and operate conduits along certain streets and avenues in the Borough of Brooklyn for the purpose of supplying refrigeration to consumers in Wallabout Market and the streets immediately adjacent thereto and for the consent of this Board to the surrender and cancellation of a certain contract dated August 13, 1907, by and between The City of New York and said Kings County Refrigerating Company, granting said Company a franchise for the construction, maintenance and operation of conduits in and along certain streets in the Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on July 30, 1914, fixing the date for public hearing thereon as September 21, 1914, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Brooklyn Daily Eagle" and the "Evening Post," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing; and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or

right applied for and proposed to be granted to the Kings County Refrigerating Company, and the adequacy of the compensation to be paid therefor; now, therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Kings County Refrigerating Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Kings County Refrigerating Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This Contract, made and executed in duplicate this day of , 1914, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Kings County Refrigerating Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, By contract dated August 13, 1907, by and between The City of New York and the Kings County Refrigerating Company, that Company was granted a franchise to construct, maintain and operate a conduit along certain streets in the Borough of Brooklyn for the purpose of supplying refrigeration to consumers located in such streets and in the lands of the Wallabout Market; and

Whereas, The Company, pursuant to said contract, deposited with the Comptroller of the City the sum of five hundred dollars ($500) as security for the performance of the terms and conditions of said contract; and

Whereas, The said Company has exercised its rights under the franchise so granted up to the present time; and

Whereas, The Company under date of July 25, 1914, applied to the Board for its consent to the surrender and cancellation of said franchise and for the grant of a franchise in substitution therefor:

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The said contract dated August 13, 1907, is hereby declared by the parties hereto to be null and void and of no effect as of November 1, 1914, and the City, upon the payment to it of all compensation up to November 1, 1914, at the rate fixed by said contract, regardless of the date when such payments are due and payable as provided in said contract, shall surrender and deliver to the Company the sum of five hundred dollars ($500), deposited as security under the said contract.

The grant herein contained, with the conditions thereof, shall in all respects be substituted for and take the place of all the rights and privileges granted by said contract of August 13, 1907, and the Company agrees to release and hereby does release to the City any and all rights acquired by the Company under said contract.

Section 2. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain pipes and conduits with the necessary branches and extensions therefrom, leading directly into private property and into property of the City in Wallabout Market for the sole purpose of supplying refrigeration to consumers. Provided that such conduits shall not be of greater size or dimension than shall be necessary to contain therein not more than two (2) pipes of an inside diameter not to exceed six (6) inches each, and the necessary insulation or covering for such pipes. Such pipes and conduits to be constructed and operated only beneath the surface of such of the streets, avenues and highways situate within the Borough of Brooklyn, City of New York, as are included within the districts bounded and described as follows:

District Number 1.

Bounded on the north by a line beginning at a point formed by the intersection of the center line of Clinton Avenue with the northerly boundary line of the Wallabout Market lands; thence along the said northerly boundary line of said Wallabout Market lands to the westerly line of Fleeman Avenue; thence along said westerly line of Fleeman Avenue to a point opposite the center line of C Street; thence along the center line of C Street to the center line of Washington Avenue; thence northerly along the center line of Washington Avenue, again intersecting the center line of C Street; thence along the center line of C Street and a prolongation thereof to the easterly boundary line of the Wallabout Market lands;

Bounded on the east by the easterly boundary line of the Wallabout Market lands;

Bounded on the south by a line beginning at the intersection of Flushing Avenue with a prolongation of the easterly boundary line of the Wallabout Market lands; thence along the center line of Flushing Avenue to a point opposite Block Number 1876; thence southerly across Flushing Avenue and into said Block Number 1876; thence westerly to the center line of Hall Street; said line within Block Number 1876 following lot lines and including in District Number 1 Lots Numbers 21, 22, 23, 24 and 25; thence along the center line of Hall Street to a point opposite the property of the Kings County Refrigerating Company; thence by an irregular line through Block Number 1875 to the center line of Washington Avenue, including in District Number 1 Lots Numbers 10, 14, 21, 25, 27, 28, 30, 32, 35 and 38 of Block Number 1875; thence southerly along the center line of Washington Avenue to a point opposite the southerly boundary line of Lot Number 41 of Block Number 1874; thence westerly across Washington Avenue and along said southerly line of Lot Number 41 to the westerly boundary line of said Lot Number 41; thence northerly in Block Number 1874 to the northerly line of said block and across Flushing Avenue to the center line thereof, including in District Number 1 Lots Numbers 30, 35, 36, 37, 38, 39, 40, 41 and a portion of Lot 20 in Block Number 1874; thence along said center line of Flushing Avenue to its intersection with the center line of Clinton Avenue.

Bounded on the west by the center line of Clinton Avenue and the westerly boundary line of the lands of Wallabout Market.

The block and lot numbers referred to above are those shown on the tax maps of the City.

Provided, however, that upon written application to the Board by the Company, the Board may, by resolution, extend the lines of District Number 1 hereinabove described to all or any part of a district bounded and described as follows:

District Number 2.

Bounded on the north by the boundary line of the Wallabout Market lands.

Bounded on the east by the boundary line of the Wallabout Market lands and the center line of Ryerson Street.

Bounded on the south by the center line of Park Avenue and the center line of Flushing Avenue.

Bounded on the west by the center line of Waverly Avenue, the center line of Clinton Avenue and the westerly boundary line of the Wallabout Market lands.

Both of which districts being more particularly shown—District Number 1 by full red lines, and District Number 2 by dashed red lines—on a map entitled:

"Map showing districts applied for by the Kings County Refrigerating Company Brooklyn, N. Y. to accompany petition dated July 25, 1914, to the Board of Estimate and Apportionment, City of New York."

—signed by P. M. Sayford, Treasurer, a copy of which is hereto annexed and made a part of this contract.

Should District Number 1 be extended as hereinbefore provided, then the terms and conditions of this contract shall apply to such extended district; provided that the Company shall without further consent of the Board and at the present time have the right and hereby agrees to construct, maintain and operate in and through District Number 2 such conduits and pipes as may be necessary to supply with refrigeration the premises of the Steel Drake Baking Company, known as Nos. 42-43-44-45-159-160 and 162 Wallabout Market, and to supply such premises. The Company shall also have the right to supply such other applicants as may have premises abutting on streets in which said conduits and pipes may be laid for the purpose of supplying said premises of the Steel Drake Baking Company.

Section 3. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—That said right to construct, maintain and operate said pipes and conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from November 1, 1914, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege. Such right and privilege to be valued as if the Company had not exercised the same for the said period of fifteen (15) years, and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of two hundred and fifty dollars ($250) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than five hundred dollars ($500).

During the second term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars ($600).

During the third term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than seven hundred dollars ($700).

The gross annual receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) In addition to the above payments the Company shall pay to the City:

An annual payment of ten cents ($0.10) for each linear foot of pipe (where separately constructed) or conduit constructed within the limits of any street, avenue, highway or other property belonging to the City, excepting, however, such pipes or conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars ($2) for each manhole constructed within the limits of any street, avenue, highway or other property belonging to the City.

The annual charges shall commence from November 1, 1914.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between November 1, 1914, and December 31, 1914, shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, or within the districts hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything therein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the pipes, conduits and appurtenances of the Company constructed pursuant to this contract within the streets, avenues or other property of the City, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, conduits and appurtenances constructed pursuant to this contract and the said streets, avenues or other property of the City, shall be restored to their original condition at the sole cost and expense of the Company.

Should the Company at any time discontinue the use of any pipes or conduits at any time constructed or used by it within either of the districts specified in this contract, the Company shall, at its own expense, immediately on such discontinuance remove such pipes or conduits from the streets and restore the surface of the streets to its original condition.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said pipes or conduits, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues or other property of the City, in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the pipes or conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said pipes or conduits in any way interfere with the construction of public works in the streets, avenues or other property of the City, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the pipes, conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the pipes or conduits and the appurtenances thereof.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes hereby authorized whether laid within conduits or separately whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates for refrigeration to be furnished to boxes properly insulated at a temperature not lower than 32 degrees Fahrenheit:

Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet.

One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

These rates shall not apply to boxes located above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the minimum and maximum rates, provided that such rates shall be reasonable and fair.

Fifteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within District Number 1, or if such district be extended as hereinbefore provided, then within such extended district, shall extend its pipes or conduits to such premises and furnish to said applicant refrigeration at the rates herein prescribed or at such rates as may be hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Nothing contained in this subdivision shall affect the obligations of the Company, as hereinbefore contained, to extend its conduits and pipes outside the present boundaries of District Number 1, so as to furnish refrigeration to the premises of the Steel-Drake Baking Company, known as 42, 43, 44, 45, 159, 160 and 162 Wallabout Market.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1915, showing the exact location of all pipes, conduits and manholes constructed, with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such pipes and conduits. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all pipes and conduits laid during the preceding year.

Seventeenth—The pipes and conduits hereby authorized shall be used only by the Kings County Refrigerating Company, and for no other purpose than supplying refrigeration.

Eighteenth—The Company shall submit a report to the Board not later than February 1, in each year, for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued; for cash; for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. Number of feet of pipe and conduit now laid.
12. The total amount expended for same.
13. Amount, kind and capacity of machinery now in use and required for operation.
14. The total amount expended for same.
15. Quantity of refrigeration produced during the year and the average price received for same.
16. Quantity used in Company's own warehouses.
17. Quantity furnished to outside consumers.
18. Number and location of warehouses occupied by the Company, exclusively or in part, and the extent of such occupation by the Company.
19. Number of outside consumers supplied.
20. Amounts paid by Company for damages to persons or property on account of construction and operation.
21. Total expenses of operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Nineteenth—The Company shall at all times keep accurate books of account of the gross receipts from the privileges granted under this contract, and on or before February 1 in each year shall make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending December 31 next preceding, in such form as he may prescribe. Such report shall contain the number of feet of pipe and conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twentieth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board which said resolution may contain a provision to the effect that the pipes and conduits constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith. Any false entry in the books of the Company or false statement in the reports to the Comptroller as to a material fact knowingly made by the Company shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the franchise.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its pipes, conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars ($50) as fixed or liquidated damages, or the Board in case such pipes, conduits or appurtenances which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction or operation of the pipes or conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-third—This grant is upon the express condition that the Company, before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars ($500), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force in such case and in any of these events, the Company shall pay to the City a penalty of one hundred dollars ($100) for each violation, which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficent to restore said security fund to the original amount of five hundred dollars ($500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of penalties are in addition to the right to forfeit the franchise conferred by Section 3, Twentieth, of this contract.

Twenty-fourth—The grant of this franchise, so far as it shall affect the Wallabout Market lands, is and shall be subject to such further conditions, restrictions, agreement or consent as the Comptroller may see fit to impose or require, pursuant to the authority and control over the lands of the Wallabout Market vested in him by the Charter of the City.

Twenty-fifth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-sixth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," included in the districts hereinabove described, and under the surface of, or in which authority is hereby given to the Company to construct or maintain its pipes or conduits.

Twenty-seventh—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK, By ....., Mayor.

(Corporate Seal.)

Attest: ....., City Clerk.

KINGS COUNTY REFRIGERATING COMPANY, By ....., President.

(Seal.)

Attest: ....., Treasurer.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provisions as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Kings County Refrigerating Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published in full for at least fifteen (15) days immediately prior to Friday October 30, 1914, in the CITY RECORD, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Kings County Refrigerating Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing such contract, will at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of

New York, on Friday, October 30, 1914, at 10.30 o'clock A. M., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, Borough of Manhattan, shall be published at least twice at the expense of the proposed grantee during the ten (10) days immediately prior to Friday, October 30, 1914, in the "Brooklyn Daily Eagle" and the "Evening Post," the two daily newspapers in which the petition and notice of hearing thereon have been published.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

REPORTS.

From Standing Committees.

Committee on Salaries and Grades.

Department of Water Supply, Gas and Electricity—Retirement of Jefferson B. Howard, Leveler (Cal. No. 4).

(On July 30, 1914 (Cal. No. 250), the communication from the Commissioner of Water Supply, Gas and Electricity in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, dated June 9, 1914, and addressed to his Honor, the Mayor, requesting the retirement of Jefferson B. Howard, leveler; and the following report of the Committee on Salaries and Grades recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 17, 1914.

To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—At a meeting of your honorable board held July 30, 1914, the Mayor presented the application for retirement, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended, of Jefferson B. Howard, a leveler in the Department of Water Supply, Gas and Electricity. In connection therewith we report as follows:

In a communication to the Mayor, under date of June 9, 1914, the Commissioner of Water Supply, Gas and Electricity stated, in part, as follows:

"I transmit herewith the application of Jefferson B. Howard, a leveler, for retirement on a pension. Mr. Howard was appointed to the City service on May 8, 1871, and has been engaged continuously therein since that date. He is in poor general health and his doctor, whose report is enclosed herewith, certifies that he has become permanently incapacitated for the performance of his duties.

"In view of all the facts, I believe it to be distinctly to the interests of the service that his retirement should be expedited. Moreover, I believe that quick action is due to the applicant in recognition of his unusually extended period of service."

Mr. Howard's original appointment and subsequent changes in title and compensation have been verified from original records as follows:

May 8, 1871, appointed as a Chainman in the Department of Public Works.
April 10, 1877, compensation fixed at $900 per annum.
February 16, 1888, title changed to Rodman at $1,000 per annum.
July 1, 1893, compensation changed to $1,200 per annum.
December 1, 1904, title changed to Leveler at $1,500 per annum.

The record of employment of Mr. Howard is stated by the Commissioner in his communication previously referred to as aggregating 43 years. An examination of the payrolls and time sheets was made, sufficient to establish over 30 years of service as follows:

1883—January 1 to November 30	11 months.
1884—January 1 to December 31	12 months.
1885—January 1 to December 31	12 months.
1886—January 1 to December 31	12 months.
1887—January 1 to December 31	12 months.
1888—January 1 to December 31	12 months.
1889—January 1 to December 31	12 months.
1890—January 1 to December 31	12 months.
1891—January 1 to December 31	12 months.
1892—January 1 to December 31	12 months.
1893—January 1 to December 31	12 months.
1894—January 1 to December 31	12 months.
1895—January 1 to December 31	12 months.
1896—January 1 to November 30	11 months.
1897—January 1 to December 31	12 months.
1898—January 1 to March 31	3 months.
1898—May 1 to December 31	8 months.
1899—January 1 to November 30	11 months.
1900—February 1 to December 31	11 months.
1901—January 1 to December 31	12 months.
1902—January 1 to December 31	12 months.
1903—January 1 to December 31	12 months.
1904—January 1 to December 31	12 months.
1905—January 1 to December 31	12 months.
1906—January 1 to December 31	12 months.
1907—January 1 to December 31	12 months.
1908—January 1 to December 31	12 months.
1909—January 1 to December 31	12 months.
1910—January 1 to April 30	4 months.
1910—June 1 to December 31	7 months.
1911—June 1 to December 31	7 months.
1912—January 1 to December 31	12 months.
1913—January 1 to December 31	12 months.
1914—January 1 to August 31	8 months.
	369 months.

—making a total of 30 years and 9 months' service.

The Medical Examiner to the Department of Finance examined Mr. Howard on September 15, 1914, and certifies that the applicant is no longer fit for duty. The Medical Examiner's detailed report is submitted herewith.

For the period from September 1, 1911, to August 31, 1914, Mr. Howard's rate of compensation was $1,500 per annum.

For the same period, Mr. Howard actually received as follows:

Sept. 1 to Dec. 31, 1911, 4 mos. at $125 per mo.	$500 00
Jan. 1 to Dec. 31, 1912, 12 mos. at $125 per mo.	1,500 00
Jan. 1 to Dec. 31, 1913, 12 mos. at $125 per mo.	1,500 00
Jan. 1 to August 31, 1914, 6 mos. at $125 per mo.	750 00
(On leave without pay July and August, 1914.)	
	$4,250 00

—or an average of $1,416.66 per annum.

In an affidavit dated September 10, 1914, Mr. Howard states that he has never filed a claim nor brought suit against the City of New York for payment of salary or wages, or for any other claim. The affidavit is attached hereto.

An examination of the records in the Law and Adjustment Division of the Department of Finance verifies the foregoing statement.

We recommend the adoption of the accompanying resolution retiring Jefferson B. Howard from active service and awarding and granting him an annuity of $750.00, being a sum equal to 50 per centum of his average rate of annual compensation for the last three years. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911 and chapter 479 of the Laws of 1912, hereby retires from active service Jefferson B. Howard, employed as a leveler in the Department of Water Supply, Gas and Electricity, for the reason that he is physically incapacitated further to perform his duties as a leveler, and that the interest of the public service requires such retirement, and hereby awards and grants to said Jefferson B. Howard an annual sum or annuity of seven hundred and fifty dollars ($750.00), being fifty per centum of his average annual rate of compensation for the three years immediately preceding the taking effect of this resolution; this resolution to take effect upon the first day of the month following its adoption, subject to the execution by the annuitant of a general release; and be it further

Resolved, That the Comptroller of The City of New York be and he is hereby directed to pay said annuity to said Jefferson B. Howard during his lifetime in equal monthly installments out of the receipts of excise moneys or liquor taxes belonging to The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

Department of Health—Establishment of Grade of Position of Law Clerk (Cal. No. 5).

(On April 24, 1914 (Cal. No. 61), request of the Board of Health in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication from the Secretary of the Department of Health, dated April 22, 1914, transmitting resolution adopted by the Board of Health requesting establishment of Grade of position of Law Clerk; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, July 25, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1914, the Board of Health requested the establishment in the Department of Health, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Law Clerk, with salary at the rate of $2,400 per annum for one incumbent. The request was referred to the Committee on Salaries and Grades on April 24, 1914. The Bureau of Standards reports thereon under date of July 24, as follows:

"In Personal Service, Salaries, Regular Employees, Administration, No. 1820, General, it is proposed to insert the line, 'Law Clerk, at $2,400,' the necessary funds to be provided within the departmental appropriation.

"The Clerk who performed the duties of this position for twelve years received $3,000 per annum at the time of his retirement on December 31, 1913.

"A description of the work of the incumbent of the position, approved by the responsible representative of the Department, is as follows:

"'In charge of the Law Division in the department. As there is no Assistant Corporation Counsel at the department, is practically the legal adviser. Prepares affidavits, depositions, etc., for the commencement of criminal proceedings; dictation; prepares amendments to the Sanitary Code and drafts bills for the Legislature affecting the department; advises with chiefs of divisions, inspectors and citizens in reference to legal action; tries cases in magistrates courts; prepares legal forms for work of prosecution; is responsible for the general conduct of the Law Division, so far as the work is conducted at the Department Headquarters.'

"The position is at present occupied by William Fetherston, who has served as Clerk in the department since September 13, 1899. He had been detailed to the Bureau of Penalties in the Office of the Corporation Counsel. Mr. Fetherston has lately been admitted to the bar. It is stated that he is competent to perform the duties of Law Clerk; is now insufficiently compensated, and that the department does not want to lose his services. He will be required to enter a Civil Service examination for the proposed new position.

"A tentative appraisal of the value of the work in the position indicates that the requested compensation is reasonable."

In view of the above facts, we recommend that the request be granted by the adoption of the attached resolution.

Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

Mr. Ira J. Ettinger appeared in opposition to the establishment of the position and requested that the matter be laid over two weeks.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Health of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Law Clerk	$2,400 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

Department of Education—Compensation of Janitors (Cal. No. 6).

(On September 25, 1914 (Cal. No. 54), the resolution of the Board of Education in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication from the Secretary of the Board of Education transmitting resolution adopted by said Board on September 16, 1914, requesting that action be taken in the matter of fixing compensation of Janitors in public schools in the Boroughs of Manhattan, The Bronx, Queens and Richmond; and the following report of the Committee on Salaries and Grades recommending approval thereof:

Department of Finance, City of New York, Comptroller's Office, Municipal Building, September 28, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 16, 1914, the Board of Education requested the establishment of rates of compensation for janitors of new public schools 97, 102 and 115, Manhattan; 52, The Bronx, and 22, Richmond, and for the addition to 71, Queens. In connection therewith we report as follows:

For public school 97, Mangin Street, north of Stanton Street, Manhattan, the temporary rate of $150 per month is requested to care for the building until it is ready for occupancy. For public school 102, 113th Street, west of Lexington Avenue, and public school 115, 176th and 177th Streets, between St. Nicholas and Audubon Avenues, Manhattan, a temporary rate of $150 per month each is requested. For public schools 102, Manhattan, and 52, Kelly Street, The Bronx, annual rates of $3,264 and $4,380 are requested. Public Schools 102, Manhattan, and 52, The Bronx, were occupied by pupils on September 14th, and public school 115, Manhattan, on September 21st.

For public school 22, Richmond, which was opened for pupils September 14th, a rate of $75 per month is requested. It is requested that the rate for public school 71, Queens, the new addition to which was occupied on September 14th, be increased from $2,304 per annum to $4,440 per annum, the rent allowance being fixed at $321 per annum.

We recommend the adoption of the attached resolution granting the requests.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Alderman, Committee on Salaries and Grades.

The following resolution was offered:

Whereas, By opinion of the Corporation Counsel, as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, the Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore, be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board

of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School 97, Manhattan, per month	$150 00
Janitor, Public School 102, Manhattan, per month	150 00
Janitor, Public School 102, Manhattan, per annum	3,264 00
Janitor, Public School 115, Manhattan, per month	150 00
Janitor, Public School 52, The Bronx, per annum	4,380 00
Janitor, Public School 71, Queens, per annum	4,440 00
Janitor, Public School 22, Richmond, per month	75 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Transfer of Appropriation and Modification of Schedules (Cal. No. 7).

(On July 30, 1914 (Cal. No. 31), the report of the Commmittee recommending denial of request made by the President of the Borough of Manhattan for modification of schedule to permit an increase in the salary of Leo S. Greenwood, an Inspector of Public Works, from $1,200 to $1,500, was referred back to the Committee on Salaries and Grades.)

The Secretary presented a communication from the President of the Borough of Manhattan, received June 17, 1914, requesting modification of schedule for 1914; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, September 22nd, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—Under date of July 22, 1914, the Salaries and Grades Committee recommended the denial of a request made by the President of Manhattan on June 16, 1914, for the increase of Mr. Leo S. Greenwood, an Inspector of Public Works, from $1,200 to $1,500 per annum. On July 30, 1914, the Board of Estimate and Apportionment referred the matter back to this Committee.

In its report of July 22, 1914, the Bureau of Standards made reference to Mr. Greenwood as follows:

"Mr. Greenwood is employed in the office of the Chief Engineer of Highways. His work is described as follows:

"To make special and confidential inspections and submit sketches and estimates where necessary for the Chief Engineer of Highways when the latter is in doubt as to the accuracy or impartiality of a given condition. Prepares preliminary estimates and specifications for various sidewalk, curb and drop curb construction, repairs to streets under maintenance, and conditions on streets where complicated by the widening of roadways, the removal of encroachments, vaults, etc. Checks tri-monthly time sheets of 120 Inspectors as to accuracy in distribution of charges to different funds. Assists in the compilation of data and statistics for the annual reports of the Bureau of Highways. Assists in compilation of data for arriving at basic figures for budget estimates. Has direct supervision of 5 Inspectors on repairs to sidewalks and curbs.

"The work done by Mr. Geenwood is of a much higher character than that of the average Inspector. He is considered a very competent and valuable employee by the officials of the Borough President's office. A tentative appraisal of the work done by him indicates the requested salary of $1,500 is reasonable."

We recommend the adoption of the attached resolutions granting the request for this increase. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated to the office of the President of the Borough of Manhattan for the year 1914, as follows:

Department of Public Charities—Transfer of Appropriation and Modification of Schedules (Cal. No. 8).

The Secretary presented a report of the Committee on Salaries and Grades dated September 22, 1914, on the request of the Department of Public Charities for modification of three salary schedules involving a transfer of $122.

(The report of the Bureau of Standards to the Committee shows that the purpose is to increase the compensation of two engineers from $4 per day to $4.50 per day for 365 days. The lower rate carries maintenance; the higher does not. At the Metropolitan Hospital on Blackwells Island maintenance is now provided for the engineer and his family—a wife and three children. They occupy about ten rooms. At the New York City Home for Aged and Infirm, Blackwells Island, maintenance is provided for the engineer, his wife and five children. They occupy about six rooms. It is proposed to pay the engineers $4.50 per day without maintenance and to take over the quarters for the use of patients. The purpose of providing maintenance was that the engineers should be available for duty at all times. Funds to meet the increase in wages are obtainable by transfer within appropriations.)

(In view of this report the Committee recommends the modification of schedules as requested, and suggests that the Board clearly define the terms "Maintenance" and "Part Maintenance" in appropriations to institutions.)

Which was referred to the Committee on Tax Budget.

Bellevue and Allied Hospitals—Modification of Schedules (Cal. No. 9).

The Secretary presented a communication from the Board of Trustees of Bellevue and Allied Hospitals, dated August 28, 1914, requesting modification of schedule for 1914; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, September 15, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On August 28, 1914, the Board of Trustees of Bellevue and Allied Hospitals requested revision of a salary schedule for the year 1914. The request was referred to the Committee on Salaries and Grades on September 3. The Bureau of Standards reports thereon under date of September 11, as follows:

"In Personal Service, Salaries Regular Employees, No. 2059, Hospital Service, Fordham Hospital, it is proposed to abolish the line 'Physician to Out-Patients, 2 at $300' and to change the line 'Trained Nurse, 8 at $600,' to read 'Trained Nurse, 9 at $600.'

"The purpose of this change is to provide for the employment of one additional nurse at $600 to perform night duty as assistant in the reception and care of emergency cases. This work at times is quite heavy and it has been necessary to call on day Nurses to perform double duty. Investigation shows that many accident cases where immediate operations are necessary are brought to Fordham Hospital at night, and a Nurse on regular duty in the operating room would be valuable. No increase in salary is involved."

In view of the above facts we recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

New York Public Library—Modification of Schedule (Cal. No. 10).

The Secretary presented a communication from the Trustees of the New York Public Library, dated August 25, 1914, requesting modification of schedule for 1914; and the following report of the Committee on Salaries and Grades, recommending approval thereof:

City of New York, Department of Finance, Comptroller's Office, September 28, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On August 25, 1914, the Trustees of the New York Public Library requested modification of salary schedule No. 1460, Salaries, Regular Employees, Circulation of Books, Branch Libraries, to take effect August 1, 1914. In connection therewith we report as follows:

The modification of Schedule No. 1460 changes the lines—

Branch Librarian	$1,380 00
First Assistant, 12 at $900	10,800 00
Children's Librarian, 4 at $1,020	4,080 00
Children's Librarian, 5 at $780	3,900 00

Second Assistant, 90 at $660	59,400 00
Assistant, 127 at $540	68,580 00
	$148,140 00
—to read—	
First Assistant, 11 at $900	$9,900 00
Children's Librarian, 3 at $1,020	3,060 00
Children's Librarian, 4 at $780	3,120 00
Second Assistant, 91 at $660	60,060 00
Assistant, 133 at $540	71,820 00
Balance Unassigned	180 00
	$148,140 00
Four persons have left the service, as follows:	
Branch Librarian, 1 at $1,380	$1,380 00
First Assistant, 1 at $900	900 00
Children's Librarian, 1 at $1,020	1,020 00
Children's Librarian, 1 at $780	780 00
	$4,080 00

Of the $4,080 thus released, $3,900 is used for seven new appointments, and $180 is credited to Balance Unassigned. The appointments are as follows:

Second Assistant, 1 at $660	$660 00
Assistant, 6 at $540	3,240 00
	$3,900 00

The line item changes in detail are as follows:

Code No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
1460	Branch Librarian	$1,380 00	.....	$1,150 00	.....
	First Assistant	900 00	.....	750 00	.....
	Children's Librarian	1,020 00	.....	850 00	.....
	Children's Librarian	780 00	.....	650 00	.....
	Second Assistant	.....	660 00	.....	550 00

		$4,080 00	$4,080 00	$3,400 00	$3,400 00

The adoption of the attached resolution will grant the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

President, Borough of Queens—Modification of Schedule (Cal. No. 11).

The Secretary presented a report of the Committee on Salaries and Grades, dated September 22, 1914, on the request of the President of the Borough of Queens for modification of salary schedule 662TS.

The report of the Bureau of Standards to the Committee shows that the purpose is to change a vacant position of Typewriting Copyist at $1,050 to Stenographer and Typewriter at the same rate, and to increase the salary of Miss Helen McDonnell, a Stenographer, from $900 to $1,050. On July 16 the Committee recommended that a similar request be considered with the 1915 Budget. It is also proposed to appoint a new Stenographer at $900. The work of this position is copying. A tentative appraisal shows that $750 would be reasonable. There is no need for an additional Stenographer in the Topographical Bureau, as there are three there at present.

(In view of the facts as stated in the report, the Committee recommends adoption of a resolution recommending that the proposed increase be considered with the 1915 Budget, and also recommends that the vacant position of Typewriting Copyist be reduced to $750.)

Which was referred to the Committee on Tax Budget.

Department of Public Charities—Modification of Schedule (Cal. No. 12).

The Secretary presented a communication from the Commissioner of Public Charities, dated August 27, 1914, requesting modification of schedule for 1914; and the following report of the Committee on Salaries and Grades, recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, September 10, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On August 27, 1914, the Department of Public Charities requested revision of a salary schedule for the year 1914. The Bureau of Standards reports thereon as follows:

"In Personal Service, Salaries, Regular Employees, No. 1913, Preparation and Distribution of Drugs and Disinfectants, it is proposed to change the line 'Hospital Clerk, 2 at $600,' to read 'Clerk, 2 at $600.'

"This change of title is desired because of the possibility of getting better qualified persons from the 'Clerk's' list than from the 'Hospital Clerk's' list. The reason given for this condition is that the examination for Hospital Clerk is much easier than for Clerk. The request appears to be a reasonable one. No increase in salary is involved."

In view of the above facts we recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Public Charities for the year 1914, as follows:

Personal Service, Salaries, Regular Employees.

1913	Preparation and Distribution of Drugs and Disinfectants—	
	Chemist	$2,550 00
	Pharmacist	1,500 00
	Pharmacist, 3 at $1,050	3,150 00
	Clerk	750 00
	Hospital Clerk	720 00
	Clerk, 2 at $600	1,200 00
	Bookkeeper	900 00
	Stenographer and Typewriter	600 00
	Schedule Total	$11,370 00

Department of Public Charities—Modification of Schedule (Cal. No. 13).

The Secretary presented a communication from the Commissioner of Public Charities, dated September 10, 1914, calling attention to the fact that through an error the position of "Examiner of Lunacy" was not eliminated from Schedule 1915, modified on July 30, 1914; and the following report of the Committee on Salaries and Grades, recommending the modification of said schedule:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, September 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 10, 1914, the Commissioner of the Department of Public Charities called attention to an error in the setting up of a salary schedule approved under date of July 30, 1914. The Bureau of Standards reports thereon as follows:

"In Personal Service, Salaries, Regular Employees, Non-Institutional Care for Dependents, Dependent Sick or Poor, Adults, No. 1915, Brooklyn and Queens, the position of 'Examiner in Lunacy at $1,500' was abolished by resolution of the Board of Estimate and Apportionment on July 2, 1914. In subsequent revision of No. 1915, on July 30, 1914, by a typographical error the line, 'Examiner in Lunacy at $1,500' was not eliminated from the schedule. It will therefore be necessary to further revise schedule No. 1915, dropping the line in question."

In view of the foregoing facts, we recommend the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedule, as revised, for the Department of Public Charities for the year 1914, as follows:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

Presidents of the Various Boroughs—Compensation of Rakers and Tampers in City Asphalt Plants (Cal. No. 14).

(On June 12, 1914 (Cal. No. 276), the request of the International Union of Pavers, Asphalt Workers, etc., was referred to the Committee on Salaries and Grades.)

(On July 2, 1914 (Cal. No. 339), the report of the Committee on Salaries and Grades was presented to the Board and referred back to said Committee.)

The Secretary presented a communication from the International Union of Pavers, Asphalt Workers, etc., dated June 9, 1914, requesting the Board to fix the compensation of Rakers and Tampers, employed by the City, at the prevailing rates of $3 and $2.80 per diem, respectively; and the following report of the Committee on Salaries and Grades, recommending denial thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 29, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 9, 1914, the International Union of Pavers, Rammermen, Flag-Layers, Asphalt Workers, Bridge and Stone Curb Setters requested increase in rate of wages for Rakers from $2.50 to $3.00 per diem, and for Tampers from $2.50 to $2.80 per diem, in City Asphalt Plants. The Bureau of Standards reports thereon as follows:

"On October 1, 1912, Asphalt Companies doing work for the City entered into an agreement with Asphalt Workers' Union No. 49, affiliated with the Pavers' Union, to be in force until October 1, 1916, to pay rates to Asphalt Workers, as follows:

Rakers, 37½ cents an hour, or, per diem	$3 00
Tampers, 35 cents an hour, or, per diem	2 80
Smoothers, 31¼ cents per hour, or, per diem	2 50
Top Shovellers, 27½ cents an hour, or, per diem	2 [illegible]
All Laborers, 25 cents an hour, or, per diem	2 00

"On streets on which the five-year guarantee of maintenance had not expired the Asphalt Workers were to receive the old rates, as follows:

Rakers, 31¼ cents an hour, or, per diem	$2 50
Tampers, 31¼ cents an hour, or, per diem	2 50
Smoothers, 25 cents an hour, or, per diem	2 00
Top Shovellers, 25 cents an hour, or, per diem	2 00

"The agreement has resoluted in instances in the workers receiving two rates for the same day's work—one for part employment on new work and the old rate for work done on streets on which the guarantee of maintenance had not expired. A man might work two days in the week on streets under guarantee at the old rate and four days at the new rate of wages.

"A representative of the Barbar Asphalt Company stated that a majority of the old guarantee contracts have expired. Many streets will go out of guarantee next year. Probably 10 to 20 per cent. of the work will remain to be done at the lower rates paid to Asphalt Workers prior to October, 1912.

"The six or seven Asphalt Companies that do work for the City employ each from 15 to 50 Rakers and Tampers. The work contracted for varies, and in the Winter season little work can be done. There are employed in the City

plants in Manhattan and Brooklyn about 90 men who might be classed as Rakers and Tampers, out of a total of 215 Asphalt Workers.

"Engineer H. H. Schmidt, in charge of the Brooklyn Asphalt plant, stated as follows:

"'The Asphalt Companies do nearly all new work. In paving a whole street some men may rake all day and others tamp or smooth, so that the workers are easily classified. The City plant does repair work. We are engaged in patching up, and the Asphalt Workers do any class of work they are called upon to perform. It may be difficult in repair work to classify the men. The Asphalt Workers are paid a uniform rate of $2.50 per diem without regard to whether or not they are raking or shovelling.'

"In the new Manhattan Asphalt Plant six gangs of 15 men each, or about 90 Asphalt Workers, are employed. It is contemplated to increase the number to 150 men in 1915. There are usually about three Rakers and three Tampers in each gang. The nine other men are known as Smoothers, Top Shovellers and Laborers. The men are paid $2.50 per diem as Asphalt Workers.

"If it were possible to separate into classes the Asphalt Workers in the City plants, the cost for an increase in rate for Rakers and Tampers would be about $12,000 annually.

"An Asphalt Worker appears to be a Skilled Laborer. It is desirable to avoid a multiplicity of titles in the Civil Service. In City employ Rakers and Tampers are interchangeable where the work demands it. If a smoother be an apt workman, he may be called upon to do tamping.

"The average rate paid by contractors to the five classes of Asphalt Workers, as may be seen from the above table, is about $2.50 per diem. If the City should later decide to pay $3.00 per diem to Rakers and $2.80 to Tampers, it is not to be inferred that the Board of Estimate and Apportionment would reduce the rate of $2.50 per diem paid by the City to Asphalt 'Laborers' to the $2.00 rate paid by Contractors. As a rule, Laborers in City departments receive $2.50 per diem or more.

"It is stated that the President of the Borough of Manhattan and the President of the Borough of Brooklyn, in the preparation of the annual Budgetary estimates for the year 1915, will consult over the advisability of requesting additional compensation for the more skilled of the Asphalt Workers in City employ."

In view of the above facts, we think the request should be denied, without prejudice to any application the two Borough Presidents may desire to make in their Budgetary estimates for 1915 for additional compensation for Rakers and Tampers.

Respectfully,

WM. A. PRENDERGAST, Comptroller, GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *denies* the request of the International Union of Pavers, Rammermen, Flag-layers, Asphalt Workers, Bridge and Stone Curb Setters, dated June 9, 1914, that the compensation of Rakers be increased from $2.50 to $3 and of Tampers from $2.50 to $2.80 per diem, without prejudice to any application the Borough Presidents may desire to make in connection with the Budget for the year 1915.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

—

The Secretary was then directed to send copy of the report of the Committee on Salaries and Grades to the General Secretary, International Union of Pavers, Asphalt Workers, etc.

From the Department of Finance.

Public Service Commission for the First District—Additional Issue of Corporate Stock to Meet Requirements of Contracts Approved for Track Materials for Use in Construction of Rapid Transit Railroads (Cal. No. 15).

The Secretary presented a report of the Comptroller recommending that the resolutions adopted by the Board of Estimate and Apportionment on March 13, 1914, approving of contracts for track materials for use in the construction of rapid transit railroads be amended by increasing the authorizations of corporate stock to meet the requirements thereof as follows:

The Eastern Malleable Iron Company, Incorporated; approved cost, $1,032; additional amount requested, $129.

The Eastern Malleable Iron Company, Incorporated; approved cost, $1,524.50; additional amount requested, $123.

The Manganese Steel Rail Company; approved cost, $43,199.52; additional amount requested, $489.09.

(On August 27, 1914 (Cal. No. 90), communications from the Public Service Commission requesting the Board to authorize additional issues of corporate stock for the above purposes were referred to the Comptroller and to the Bureau of Contract Supervision.)

Which was laid over until October 9, 1914, under Rule 19.

Public Service Commission for the First District—Approval of Award of Contract for Construction of Section No. 3, Route No. 33, Broadway-Fourth Avenue and Seventh Avenue-Lexington Avenue Rapid Transit Railroad, and Issue of Corporate Stock Therefor (Cal. No. 16).

The Secretary presented a report of the Comptroller recommending approval of the award of contract for the construction of Section No. 3, route No. 33 of the Broadway-Fourth Avenue and of the Seventh Avenue-Lexington Avenue rapid transit railroad to the Flinn-O'Rourke Company, Incorporated, and the issue of $3,395,152 corporate stock to meet the estimated cost to the City of executing this contract.

(On August 27, 1914 (Cal. No. 90), the requisition of the Public Service Commission in the above matter was referred to the Comptroller and to the Bureau of Contract Supervision.)

Which was laid over until October 9, 1914, under Rule 19.

Public Service Commission for the First District—Approval of Award of Contract for Supply of Special Work for Fourth Avenue Subway, Brooklyn, and Issue of Corporate Stock Therefor (Cal. No. 17).

The Secretary presented a report of the Comptroller, recommending approval of the contract with the Pennsylvania Steel Company for the supply of special work for the Fourth Avenue Subway, Brooklyn, designated as Portions 5, 6, 12, 13, 14, 15 and 16, and the issue of $37,426.50 corporate stock to meet the estimated cost of executing this contract.

(On August 27, 1914 (Cal. No. 90), the requisition of the Public Service Commission in the above matter, was referred to the Comptroller and to the Bureau of Contract Supervision.)

Which was laid over until October 9, 1914, under Rule 19.

Register of Kings County—Transfer of Appropriation (Cal. No. 18).

The Secretary presented a report of the Comptroller referring to the request of the Register of Kings County for a transfer of the sum of $18,000 appropriated for the purpose of paying the salaries of fifteen clerks at $1,200 per annum each, to an account for paying the fees of temporary typewriting copyists at 5 cents per folio and stating that this transfer cannot be made without violating the Budget rules governing transfers of appropriations, which provides that no transfers shall be made from appropriations for "Salaries of Regular Employees" to any appropriation other than "Salaries of Regular Employees."

Mr. Jesse Fuller and Miss Amy Wren appeared in support of the request of the Register of Kings County.

The papers were ordered filed, and the Secretary was directed to send copy of the report of the Comptroller to the Register of Kings County.

Department of Water Supply, Gas and Electricity—Transfer of Appropriation and Modification of Schedules (Cal. No. 19).

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, dated September 14, 1914, requesting transfer within the appropriation for said department for 1914; and the following report of the Comptroller, recommending approval thereof, and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 29, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated September 14, 1914, the Department of Water Supply, Gas and Electricity requested the transfer of $150 within the appropriations to that department for the year 1914:

From Account No. 2223, General Plant Supplies, Analyzing and Testing, to Account No. 2292TW, Expressage and Deliveries.

The purpose of the proposed transfer is to provide sufficient funds for the payment of express charges for the remainder of the year 1914 on samples of water forwarded from the different reservoirs and lakes in the Croton, Bronx and Westchester watersheds to the laboratory at Mount Prospect for analysis.

The charges for expressage on the samples of water referred to amount to approximately $50 per month and inasmuch as the present balance in Account No. 2292TW, Expressage and Deliveries, is now only $115.64 it becomes necessary to provide additional funds before the end of the present year.

The adoption of the attached resolutions approving the proposed transfers and schedules, as revised, is hereby recommended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the Department of Water Supply, Gas and Electricity for the year 1914, as follows:

FROM

2223	General Plant Supplies, Water Supply, Collection and Storage, Analyzing and Testing	$150 00

TO

2292TW	Expressage and Deliveries	$150 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

—

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the Department of Water Supply, Gas and Electricity for the year 1914, as follows:

2223	General Plant Supplies, Water Supply, Analyzing and Testing.....	$1,945 00
	Tax Levy Allowance	$1,445 00
	Water Revenue Allowance	500 00
	Total Allowance	$1,945 00
2292TW	Expressage and Deliveries	$735 00
	Tax Levy Allowance	$710 00
	Water Revenue Allowance	25 00
	Total Allowance	$735 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Department of Parks, Borough of Queens—Transfer of Appropriation and Modification of Schedules (Cal. No. 20).

The Secretary presented a communication from the Commissioner of Parks, Borough of Queens, dated September 14, 1914, requesting transfer within the appropriation for said department for 1914; and the following report of the Comptroller, recommending approval thereof, and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 28, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated September 14, 1914, the Department of Parks, Borough of Queens, requested a transfer of $1,000 within the appropriations to that department for the year 1914 from account No. 1395, Highway Materials, to account No. 1392, Motor Vehicles and Equipment.

The Park Commissioner of the Borough of Queens stated that he had made a study of the transportation problem in his department and as a result thereof he recommends that two five-passenger Ford cars be purchased for the use of the Forester and Engineer, respectively. The Commissioner states that this will produce greater efficiency in the work of these two officials.

The Forester has heretofore been accustomed to use a hired horse and buggy, driving it himself, and the Engineer has used a department horse and buggy with a laborer in the department detailed as a driver.

The Comptroller's representative has been assured by the Commissioner that by substituting these machines in place of horse-drawn vehicles an actual saving will be effected by the elimination of one driver whose compensation is $750 per annum, one horse and buggy now hired at a cost of $900 per annum, with a further economy of approximately $250 per annum in carfares, making a total saving of $1,900 per annum.

A sufficient balance of funds remains in account No. 1395 to admit of the proposed transfer.

The adoption of the attached resolutions, approving the transfer requested and schedules as revised, is hereby recommended.

Respectfully submitted. WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Borough of Queens, for the year 1914, as follows:

President, Borough of Queens—Transfer of Appropriation and Modification of Schedules (Cal. No. 21).

The Secretary presented a communication from the Acting President of the Borough of Queens, dated September 22, 1914, requesting transfer within the appropriation for said department for 1914; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 29, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated September 22, 1914, the Acting President of the Borough of Queens requested the transfer of $1,200 within appropriations to that office for the year 1914, from Account No. 705, Materials, Highway Materials, to Account No. 725, Transportation, Carfare, Administration and Public Works.

Since making the request referred to, the Acting President of the Borough of Queens has made a verbal request that the proposed transfer be made from Account No. 729, Contract or Open Order Service, General Plant Service, instead of Account No. 705, Materials, Highway Materials.

The request is made for the purpose of providing necessary funds to meet the expense for car and railroad fares of employees in the various bureaus in the department referred to, for which the original appropriation, amounting to $7,250.00, is almost exhausted.

Investigation shows that the original appropriation for Account No. 725 has proved insufficient and was underestimated at the time of preparing the 1914 budget estimates. This is especially true as regards these expenditures for the Bureau of Highways and the Bureau of Sewers, where the amount expended to September 15, 1914, has exceeded the budget allowance for these bureaus by $1,467.76. In the Bureau of Highways the excess charges were caused by an increase in the number of men assigned to the Rockaway section of Queens during the summer months for whom it was necessary to supply monthly commutation tickets at the expense of the city. In the Bureau of Sewers the additional number of inspections made in examining house and sewer connections and experimental work at the sewage disposal plants was responsible for the additional expense in car and railroad fares.

It is estimated that at least $1,200 will be required to meet the expenses to be incurred for car and railroad fares for the remainder of the current year.

The adoption of the attached resolutions approving the proposed transfer, and the schedules, as revised, is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

Department of Correction, Brooklyn Disciplinary Training School for Boys—Transfer of Appropriation and Modification of Schedules (Cal. No. 22).

The Secretary presented a communication from the Commissioner of Correction, dated September 15, 1914, requesting transfer to said department from the appropriation made to the Brooklyn Disciplinary Training School for Boys for 1914; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 29, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated September 15, 1914, the Department of Correction requested the transfer of $600.00 from Account No. 2719, Supplies, Educational and Recreational Supplies, appropriated for the year 1914 to the Brooklyn Disciplinary Training School for Boys (which institution was abolished under date of August 31, 1914), to Account No. 2653, Supplies, Medical and Surgical Supplies, appropriated to the Department of Correction.

For the purpose of effecting economies in purchasing, an arrangement has been made by the General Drug Department of the Department of Public Charities whereby the General Drug Department purchases all medical and surgical supplies of certain kinds required by it and by the Department of Correction, and the latter department buys all of certain other medical supplies required by it and the Department of Public Charities, exchanges of supplies equal in value then to be made by the two departments.

The annual appropriation for the year 1914 in Account No. 2653 for Medical and Surgical Supplies, Department of Correction, was $6,088, but the General Drug Department of Public Charities has already furnished the Department of Correction with supplies greatly in excess of such sum. The General Drug Department of the Department of Public Charities now advises the Department of Correction that it will very soon require additional supplies to the value of about $1,000 chargeable to Account No. 2653, Department of Correction.

The increased census of prisoners in the Department of Correction is largely responsible for the additional expenditures referred to.

A sufficient balance of funds remains in Account No. 2719, originally appropriated to the Brooklyn Disciplinary Training School for Boys, to admit of the transfer requested.

The adoption of the attached resolutions approving the proposed transfer and schedules as revised is hereby recommended. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

Department of Public Charities, Brooklyn Disciplinary Training School for Boys—Transfer of Appropriation and Modification of Schedules (Cal. No. 23).

The Secretary presented a communication from the Commissioner of Public Charities, dated September 21, 1914, requesting a transfer to said department from the appropriation made to the Brooklyn Disciplinary Training School for Boys for 1914; and the following report of the Comptroller recommending approval thereof and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 22, 1914.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—In a communication, dated September 21, 1914, the Commissioner of the Department of Public Charities requested the transfer of Mr. John A. McManus, a Clerk at $1,000 per annum in the Brooklyn Disciplinary Training School for Boys, to the Department of Public Charities at a compensation of $1,050 per annum. The request entails a transfer of $262.50 from the unexpended balances in the salary accounts of the institution referred to, which was discontinued on August 31, 1914, and a modification of schedules in Account No. 1912 in the Department of Public Charities.

Investigation shows that Mr. McManus has been in the employ of the Brooklyn Disciplinary Training School for Boys for several years in charge of the bookkeeping, expense accounting system, and contracts, and is well acquainted with institutional accounting work.

The Commissioner of the department referred to states that there is need of a clerk with such experience in the division of Budget accounting, which statement is supported by an examination made by this department.

The adoption of the attached resolutions approving of the proposed transfer of $262.50, and the schedules as revised is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

Department of Parks, Boroughs of Manhattan and Richmond—Transfer of Appropriation and Modification of Schedules (Cal. No. 24).

The Secretary presented a communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated September 12, 1914, requesting transfer within the appropriation for said department for 1914; and the following report of the Comptroller recommending approval thereof, and modification of schedules:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 26, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated September 12, 1914, the Department of Parks, Boroughs of Manhattan and Richmond, requested the transfer of $1,600 within the appropriations to that department for the year 1914 from Account No. 1138, Supplies, General Plant Supplies, to Account No. 1130, Supplies, Forage and Veterinary Supplies, Care of Menagerie.

The following statement shows the differences between the actual amounts paid, and the estimated costs, for hay and grain purchased in the department referred to, and for which appropriations were granted in the 1914 tax budget:

Supplies, Forage and Veterinary Supplies, Account No. 1130, Gare of Menagerie.

Total actual cost for 1914	.....	.....	$5,009 32	.....	.....	$5,009 32

It will be seen from the foregoing statement that in every class of forage a rise in price has taken place as compared with the original estimate, which in some instances exceeds the estimated price by more than fifty cents per hundredweight. For these

reasons the original estimate has necessarily been greatly increased, the figures quoted showing that the total increase amounts to $1,683.32.

The Commissioner of Parks of the department referred to states that this request is urgent for the reason that a contract is now pending for forage, part of which it will be necessary to certify against Account No. 1130.

A sufficient balance of funds remains in Account No. 1138 to admit of the transfer requested.

The adoption of the attached resolutions, approving the proposed transfer and the schedules as revised, is hereby recommended. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The transfer of $425 requested from Accounts Nos. 1222, 1223, 1238 and 1240 to Code 1233, is for the purpose of providing funds for the construction and erection of a wire mesh fence at the top of the hill overlooking Clay Avenue, in Claremont Park, and also to provide means for repairing wire mesh fences in various other parks; purchasing material for repairing benches, signs and wagons. At the present time there is no fence at the top of the hill in this section of Claremont Park, the absence of which makes it very dangerous for the children and those who frequent the park. In order, therefore, to better insure the safety of the public, it is proposed to erect a wire mesh fence for a distance of about 350 feet. It is intended that this work shall be done by departmental labor, so that only the cost of the wire mesh has to be considered in reference to the transfer requested.

The transfer of $600 from Account No. 1223 to Account No. 1228, is requested for the purpose of providing funds in the appropriate amount for the purchase of shoes, inner tubes and other motor vehicle equipment.

There are two automobiles in the department which are used by the Commissioner and the Superintendent of Parks, and one auto delivery truck, which are in constant use, and inasmuch as there remains available only $1.33 in Account No. 1228, it is required to replenish this account by means of the transfer of $214 requested, which it is estimated will suffice to keep the automobiles of the department referred to in operation for the remainder of the year.

The transfer of funds from Accounts Nos. 1236 and 1237 to Account No. 1221, is for the purpose of providing funds for the purchase of postage stamps, spring water, towel supply, etc.

There is an unencumbered balance of only $2.20 remaining in Account No. 1221, which is inadequate to meet the expenditures to be charged up for the remainder of the current year. For this reason the transfer of $214 is requested.

A sufficient balance of funds remains in the accounts to be charged with the individual transfers referred to in this report.

The adoption of the attached resolutions, approving the transfer requested and the schedules as revised is hereby recommended.

Respectfully submitted. WM. A. PRENDERGAST, Comptroller.

President, Borough of Richmond—Transfer of Appropriation and Modification of Schedule (Cal. No. 27).

The Secretary presented a report of the Comptroller referring to the request of the President of the Borough of Richmond for the modification of Temporary Wage Schedules Nos. 768 and 769 for the year 1914, involving a transfer of $125, and recommending that the request be denied for the reason that its necessity is not urgent.

Which was laid over for one week (October 9, 1914).

Department of Water Supply, Gas and Electricity—Modification of Schedule (Cal. No. 28).

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, dated September 14, 1914, requesting modification of schedule for 1914, and the following report of the Comptroller, recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 23, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated September 14, 1914, the Department of Water Supply, Gas and Electricity requested modification of Account No. 2274, entitled "Transportation, Hire of Horses and Vehicles, With Driver, Water Revenue Collection," in that department for the year 1914.

It is proposed to change the line "Driver, with Horse and Vehicle, at $4 per day (606 days)," to read "Driver, with Horse and Vehicle, at $4 per day (202 days)"; the line "Driver with Horse and Vehicle, at $3.50 per day (606 days)," to read "Driver, with Horse and Vehicle, at $3.50 per day (1,212 days)"; the line "Driver, with Horse and Vehicle, at $125 per month (12 months)," to read "Driver, with Horse and Vehicle, at $125 per month (4 months)," and to add the line, "Balance unassigned, $495."

The line item changes in detail are as follows:

Code.	Title.	Schedule Increase.	Schedule Decrease.
2274	Driver, With Horse and Vehicle, at $4 per day (606 days)	.....	$1,616 00
	Driver, With Horse and Vehicle, at $3.50 per day (606 days)	$2,121 00	.....
	Driver, With Horse and Vehicle, at $125 per month (12 months)	.....	1,000 00
	Unassigned	495 00	.....
		$2,616 00	$2,616 00

The purpose of the foregoing changes requested is to meet existing conditions in the department referred to. The horses and vehicles, with driver, at $4 per day, and at $125 per month, have been discontinued since April 30, 1914, and three vehicles, with horse and driver, at $3.50 per day, were then substituted.

No increase in salaries is involved in making the changes in the schedule referred to.

The adoption of the attached resolution approving the schedule as revised is hereby recommended. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedule as revised for the Department of Water Supply, Gas and Electricity for the year 1914 as follows:

Fire Department—Approval of Contracts, Specifications and Estimates of Cost (Cal. No. 29).

The Secretary presented two communications from the Fire Commissioner, dated August 7th and September 25th, 1914, relative to approval of form of contract and specifications, etc., for the purchase of Gasoline front drive tractors; and the following report of the director of Bureau of Contract Supervision recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, September 25, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On August 7, 1914, the Fire Commissioner requested approval of the form of contract and specifications and estimate of cost in the sum of $3,700 each for thirty gasoline propelled front drive tractors to be purchased in lots to suit the best interests of the department.

On September 18, 1914, the request was modified to permit the purchase of these tractors in four contracts as follows:

One contract for one tractor attached to fire engine and one tractor attached to hook and ladder truck.

One contract for five tractors attached to fire engines and three tractors attached to hook and ladder trucks.

Two contracts each for seven tractors attached to fire engines and three tractors attached to hook and ladder trucks.

The cost is to be charged against the corporate stock fund entitled "C. F. D.—10C, Fire Department, New Apparatus, Purchase of Motor Tractors and Motor Tenders."

The appropriation of $200,000 for the fund was approved by the Board of Estimate and Apportionment on June 19, 1914, and by the Board of Aldermen on July 7, 1914. No part of the fund has been expended or encumbered.

The specifications have been revised since they were submitted for approval and in their present form are satisfactory.

The estimate of cost, based on the latest contract for tractors, bids for which were opened on April 21, 1914, is $3,650 each for tractors attached to fire engines and $3,700 each for tractors attached to hook and ladder trucks.

I recommend that the amended specifications be approved at the revised estimate of cost by the adoption of the attached resolution.

Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the resolution adopted on July 11, 1912, hereby approves the form of contract, specifications and estimates of cost for gasoline propelled front drive tractors attached to fire apparatus for the Fire Department, as follows:

For one tractor attached to fire engine and one tractor attached to hook and ladder truck, estimate of cost seven thousand three hundred and fifty dollars ($7,350).

For five tractors attached to fire engines and three tractors attached to hook and ladder trucks, estimate of cost twenty-nine thousand three hundred and fifty dollars ($29,350).

For seven tractors attached to fire engines and three tractors attached to hook and ladder trucks, estimate of cost thirty-six thousand six hundred and fifty dollars ($36,650).

For seven tractors attached to fire engines and three tractors attached to hook and ladder trucks, estimate of cost thirty-six thousand six hundred and fifty dollars ($36,650).

—the cost in each contract to be charged against the corporate stock fund entitled "C. F. D.—10C, Fire Department, New Apparatus, Purchase of Motor Tractors and Motor Tenders."

If no bids are received for such work within such estimated costs, the amount of such estimated costs upon the bids so received may be reconsidered in its discretion by the Board of Estimate and Apportionment, provided that any of said bids is within the amount authorized and available for such work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

New York Institute for the Education of the Blind (Cal. No. 30).

Consent to construct, maintain and use two trestle bridges, one over and across Fort Washington Avenue north of West 165th Street and one diagonally over and across Riverside Drive north of West 165th Street, Borough of Manhattan.

The following was presented:

Bureau of Franchises, September 29, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—By resolution adopted by the Board of Estimate and Apportionment August 27, 1914, approved by the Acting Mayor August 28, 1914, the New York Institute for the Education of the Blind was granted permission to construct, maintain and use two trestle bridges,—one over and across Fort Washington Avenue north of 165th Street and one diagonally over and across Riverside Drive north of 165th Street, Borough of Manhattan, to convey material across said streets, to grade the property of the grantee and for the purpose of regulating, grading, paving and sewering West 165th Street, West 166th Street and West 167th Street between Broadway and Fort Washington Avenue.

Section 15 of the consent provides as follows:

"This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent, and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

"And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized."

Under and pursuant to the above-quoted section, the grantee presented an agreement dated September 21, 1914. This agreement was approved as to form by the Corporation Counsel and is on file in this office.

Certified copies of the approved resolution have been forwarded to the grantee and to the officials interested.

It is recommended that the papers be filed. Respectfully,

JOHN A. McCOLLUM, Acting Chief of Bureau.

Manhattan Bridge Three Cent Line (Cal. No. 31).

Application for an extension of time until April 9, 1915, to commence and until July 9, 1915, to complete construction and place its railway in full operation.

This application was presented to the Board at the meeting of September 21, 1914 (Cal. No. 86), when it was referred to the Bureau of Franchises with directions to prepare and present to the Board at this meeting a resolution granting the extension of time.

The following was presented:

To the Board of Estimate and Apportionment of the City of New York:

The Petition of Manhattan Bridge Three Cent Line respectfully shows to this Board as follows:

Section 2-fourth of the contract between The City of New York and petitioner, dated July 10th, 1912, as amended by contract dated December 2nd, 1913, provides that petitioner shall commence construction of the railway therein authorized on or before the 9th day of October, 1914, and shall complete the construction and place the same in full operation on or before the 9th day of January, 1915, but further provides that the period for commencement and the period for completion of construction may be extended by the Board for not to exceed six months.

Under date of September 5th, 1913, petitioner made application to the Board for a further amendment of said contract of July 10th, 1912, by substituting for that portion of the route in Rockwell Place, Flatbush Avenue between Rockwell Place and Fourth Avenue, Fourth, Atlantic and Third Avenues, in the Borough of Brooklyn, a route in Fulton Street, Ashland Place and Lafayette Avenue. On October 30th, 1913, a public hearing was had on said application, and there was entered on the minutes of the Board a resolution granting the application and approving a form of contract to be entered into with reference thereto. On December 11th, 1913, a

public hearing was had with reference to such resolution, which hearing was adjourned and has since been adjourned from time to time and has not yet been completed, nor has any action been taken by said Board on said resolution.

Until final action shall have been taken thereon, petitioner cannot wisely or properly commence the construction of the remainder of its said railway, because if said application should be granted a portion of said construction would become unauthorized and petitioner would be obliged to bandon and remove the same.

Wherefore, petitioner prays that its time to commence such construction be extended to and including the 9th day of April, 1915, and its time to complete the construction and place the same in full operation be extended to and including the 9th day of July, 1915.

Dated, September 15, 1914.

MANHATTAN BRIDGE THREE CENT LINE, By FREDERICK W. ROWE, President.

(Seal.)

State of New York, County of Kings, City of New York, ss.:

On the 15th day of September, 1914, before me personally came Frederick W. Rowe, to me known, who, being by me duly sworn, did depose and say, that he resides in the Borough of Brooklyn, City of New York; that he is the President of Manhattan Bridge Three Cent Line, the corporation described in and which executed the foregoing Petition; that he knows the seal of said corporation; that the seal affixed to said instrument is such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

CHARLES E. GRAU, Commissioner of Deeds for City of N. Y. residing in New York Co. Certificate filed N. Y. Co. Clerk's Office and Register's of N. Y. and Kings Cos.

Bureau of Franchises, September 22, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The Manhattan Bridge Three Cent Line has, under date of September 15, 1914, applied to the Board of Estimate and Apportionment for an extension of time to and including April 9, 1915, in which to commence construction of its street surface railway, and for an extension of time to and including July 9, 1915, in which to complete such construction and place the railway in full operation.

The petition was presented to the Board at its meeting of September 21, 1914, and referred to the Bureau of Franchises, and upon motion of the President of the Borough of Brooklyn, said Bureau was directed to prepare a resolution for presentation to the Board at its meeting of October 2, granting the extensions of time as applied for.

By a contract dated July 10, 1912, the Manhattan Bridge Three Cent Line was authorized to construct, maintain and operate a street surface railway upon and along Desbrosses, Vestry, Canal and other streets in the Borough of Manhattan, to and over the Manhattan Bridge, and upon and along Flatbush Avenue Extension and other streets and avenues in the Borough of Brooklyn. The said contract provided that the Company should commence construction of its railway within three months from the date of filing the consents of the property owners, or from the date of the order of the Appellate Division of the Supreme Court confirming the determination of commissioners that the railway ought to be constructed, and that the construction should be completed and the railway placed in full operation within six months from the date of filing consents or the date of the order. Pursuant to this provision, the Company, of January 9, 1913, filed with the Board the consents of abutting property owners for the construction and operation of its railway on Flatbush Avenue Extension, Bridge Street, Third, Fourth and Atlantic Avenues, Borough of Brooklyn, and on February 10, 1913, filed the necessary consents for that portion of its railway on Fulton Street and Rockwell Place, Borough of Brooklyn.

Under the contract of July 10, 1912, the times for commencement and completion of construction on the first of the above named streets expired April 9, and July 9, 1913, respectively, and on the second group, May 10 and August 10, 1913, respectively. By a resolution adopted by the Board April 10 and approved by the Mayor April 14, 1913, the Company was granted an extension of time up to and including October 9, 1913, within which to commence construction of its railway on all of the above named streets, and up to and including January 9, 1914, in which to complete such construction.

By contract dated December 2, 1913, the time within which to commence construction was further extended to October 9, 1914, and the time for completion to January 9, 1915. This contract further provided that these times might be extended by resolution of the Board, for periods not exceeding six months, and it is under this latter provision that the petition now before the Board has been made.

In regard to the remaining streets of the route for which the consents of property owners were not obtained, the Company, in February, 1913, commenced proceedings in the Appellate Division of the Supreme Court for both the First and Second Departments for the appointment of commissioners to determine whether its railway ought to be constructed and operated. The report in the First Department, which was in favor of the Company and related to the portion of the route in the Borough of Manhattan, was confirmed May 23, 1913, and the report in the Second Department, relating to the Borough of Brooklyn, was confirmed December 5, 1913. I am advised by the attorney for the Company that an appeal was taken from the confirmation of the last named report, and that the matter is now pending in the Court of Appeals.

The portion of the Company's railway on Manhattan Bridge was placed in operation on September 5, 1912, and on December 14, 1912, such operation was extended along Flatbush Avenue Extension to Fulton Street.

Under date of September 25, 1913, the Company applied to the Board for a new route, on Fulton Street, Ashland Place and Lafayette Avenue, Borough of Brooklyn, in substitution for a portion of the route on Rockwell Place, Flatbush, Fourth, Atlantic and Third Avenues, granted by the contract of July, 1912. At the meeting of the Board held October 30, 1913, a report and proposed form of contract granting the requested modification was presented to the Board and referred to the Committee on Franchises. The final public hearing upon the petition and proposed form of contract was opened on December 24, 1913, and has since been continued from time to time to October 16, 1914.

In accordance with the motion of the President of the Borough of Brooklyn, offered at the meeting of September 21, 1914, a resolution in the usual form, granting the requested extensions of time, has been prepared and is herewith transmitted.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, By a contract dated July 10, 1912, the Manhattan Bridge Three Cent Line was authorized to construct, maintain and operate a street surface railway upon and along Desbrosses, Vestry, Washington, Greenwich and Canal Streets, in the Borough of Manhattan, to and across the Manhattan Bridge, and upon and along Flatbush Avenue Extension and other streets in the Borough of Brooklyn, from the Desbrosses Street Ferry, Borough of Manhattan, to the Long Island Railroad Depot, Borough of Brooklyn; and

Whereas, Section 2, Fourth, of said contract provided for the commencement and completion of construction of said railway and placing the same in full operation by certain fixed dates; and

Whereas, The said Company, on January 9, 1913, filed with this Board consents of abutting property owners for the construction and operation of that portion of its route on certain streets in the Borough of Brooklyn, to wit: Flatbush Avenue Extension, Bridge Street, 3rd, 4th and Atlantic Avenues; and

Whereas, Under said Section 2, Fourth, the time for commencement of construction on said streets expired April 9, 1913, and the time for completing and placing the railway in full operation on said streets expired July 9, 1913; and

Whereas, The said Company on February 10, 1913, filed with this Board the consents of abutting property owners to the construction and operation of that portion of its railway on Fulton Street between Flatbush Avenue Extension and Rockwell Place, Borough of Brooklyn; and

Whereas, Under said Section 2, Fourth, the time for commencement of construction on said portion of Fulton Street expired May 10, 1913, and the time for completing and placing the railway in full operation on said portion of Fulton Street expired August 10, 1913; and

Whereas, By resolution adopted by the Board April 10, 1913, and approved by the Mayor April 14, 1913, the said Company was granted extensions of time up to and including October 9, 1913, within which to commence the construction of its railway on Bridge Street, 3rd, Atlantic and 4th Avenues and Fulton Street between Flatbush Avenue Extension and Rockwell Place, Borough of Brooklyn, and up to and including January 9, 1914, in which to complete the construction and place the railway in full operation on said streets; and

Whereas, By a contract dated December 2, 1913, said Company was granted a further extension of time up to and including October 9, 1914, in which to commence the construction of its railway, and up to and including January 9, 1915, in which to complete such construction and place said railway in full operation; and

Whereas, Said contract of December 2, 1913, provided in part as follows:

"The period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months."

—and

Whereas, The said Company placed in operation that portion of its railway on the Manhattan Bridge on September 5, 1912; and

Whereas, The said Company completed and placed in operation on December 14, 1912, that portion of its railway on Flatbush Avenue Extension from Nassau Street to Fulton Street, Borough of Brooklyn; and

Whereas, On February 10, 1913, the said Company commenced a proceeding in the Appellate Division of the Supreme Court for the First Department, under Section 174 of the Railroad Law, for the appointment of commissioners to determine whether its road ought to be constructed and operated in the streets in the Borough of Manhattan, described in said contract of July 10, 1912, and such commissioners were appointed March 14, 1913, and filed their report in the office of the clerk of said court on May 12, 1913, wherein said commissioners determined that the railway of the Company ought to be constructed and operated upon the route in the Borough of Manhattan described in said contract of July 10, 1912, and said report was confirmed May 23, 1913; and

Whereas, On February 8, 1913, the said Company commenced a similar proceeding in the Second Department in relation to those streets of the route in the Borough of Brooklyn described in said contract of July 10, 1912, for which the consents of abutting property owners had not been obtained, to wit: Rockwell Place, Flatbush Avenue, Livingston Street and Hoyt Street, and commissioners were appointed for this purpose March 7, 1913, and made a report in favor of the construction of the Company's railway on the above-named streets on June 23, 1913, and said report was confirmed December 5, 1913: and

Whereas, The said Company has, by a petition dated September 15, 1914, requested the Board of Estimate and Apportionment for an extension of time up to and including April 9, 1915, in which to commence the construction of its railway, and an extension of time up to and including July 9, 1915, in which to complete such construction and place the railway in full operation, now, therefore, be it

Resolved, That the Board of Estimate and Apportionment herein and hereby grants to the Manhattan Bridge Three Cent Line an extension of time up to and including April 9, 1915, within which to commence the construction of its street surface railway, authorized by said contract of July 10, 1912, as amended by said resolution approved April 14, 1913, and by said contract of December 2, 1913, and a further extension of time up to and including July 9, 1915, in which to complete such construction and place the railway in full operation.

Pheon Contracting Company (Cal. No. 32).

Consent to maintain and operate a narrow gauge railroad track across and on the surface of the intersections of Chatterton Avenue with Zerega, Tremont and Castle Hill Avenues, Borough of The Bronx.

The following was presented:

Bureau of Franchises, September 22, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—By resolution adopted by the Board of Estimate and Apportionment August 27, 1914, approved by the Mayor August 28, 1914, the Pheon Contracting Company was granted permission to install, maintain and operate a narrow gauge railroad track across and on the surface of the intersections of Chatterton Avenue with Zerega, Tremont and Castle Hill Avenues, Borough of The Bronx, in order to transport material for filling in Chatterton Avenue, under contract with the City.

Section 17 of the consent provides as follows:

"This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

"And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized."

Under and pursuant to the above quoted section, the grantee presented an agreement dated September 3, 1914. This agreement was approved as to form by the Corporation Counsel and is on file in this office.

Certified copies of the approved resolution have been forwarded to the grantee and to the officials interested.

It is recommended that the papers be filed. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

Mason and Hanger Company (Cal. No. 33).

Application for revocation of consent to install, maintain and use a compressed air pipe line under and along certain streets and avenues in the Borough of The Bronx.

This application was presented to the Board at the meeting of May 15, 1914 (Cal. No. 141), and was referred to the Bureau of Franchises.

The following was presented:

Van Cortlandt Park, N. Y. C., May 9, 1914.

Honorable Board of Estimate and Apportionment, 277 Broadway, New York City, N. Y.:

Gentlemen—Referring to the resolution adopted by the Board of Estimate and Apportionment July 6, 1911, approved by the Mayor July 11, 1911, granting permission to Mason & Hanger Company to install, maintain and use a pipe line under and across certain streets and avenues in the Borough of The Bronx, for the purpose of conveying compressed air from a compressor plant to the various shafts and tunnels on Contract 63 of the City Tunnel of the Catskill Aqueduct.

We beg to inform you that we have discontinued the use of this pipe line and respectfully ask for the revocation of the consent. We also beg to give below the dates upon which we discontinued the use of the various pipe crossings, as follows:

Jerome Avenue and 233rd Street on July 1, 1913, upon which date we finished excavation and using air at Shaft 1 north of this crossing.

Sedgwick and Harold Avenues, on August 15, 1913, upon which date we finished excavating and using air at Shaft 2 north of this crossing.

Kingsbridge Road, West 192nd Street, West 190th Street, West 188th Street and Fordham Road on November 5, 1913, upon which date we finished excavating and using air at Shaft 5 south of these crossings. Shaft 4 was finished prior to this date but is located north of these crossings.

Albany Road and Sedgwick Avenue at Van Cortlandt Avenue crossings on January 8, 1914, upon which date excavating and use of air was finished at Shaft 3.

We furthermore respectfully wish to say that we delayed applying for permits for the removal of the pipes as we were informed by the office of the President of the Borough of The Bronx that no permits are issued for the breaking of macadam pavements until March 15th for a matter of this nature.

The annual charge of $1.090.50 has been paid up to November 1, 1914, and we respectfully ask that a refund be made us of the proportionate part of the annual charge covering the dates listed above to November 1, 1914, and that the security deposited with the Comptroller of the City of New York be released.

Respectfully yours,

MASON & HANGER COMPANY, By H. B. HANGER, President.

State of New York, County of New York:

H. B. Hanger being duly sworn says that he is the President of Mason & Hanger Co. the petitioner herein, that he has read the foregoing petition and knows the contents thereof and that the same is true of his own knowledge except as to the matters therein stated to be alleged upon information and belief and that as to these matters he believes it to be true.

JOHN J. WATTS, Secretary. H. B. HANGER, President.

Sworn to before me this day May 8th, 1914. C. S. ANDREWS, Notary Public, New York County No. 36, New York Register No. 6002. Commission expires March 30, 1916.

Bureau of Franchises, September 19, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of Board of Estimate and Apportionment:*

Sir—By resolution adopted by the Board of Estimate and Apportionment July 6, 1911, and approved by the Mayor July 11, 1911, which was amended by resolution adopted by the Board September 21, 1911, and approved by the Mayor September 26, 1911, consent was granted to the Mason and Hanger Company to install, maintain and operate a compressed air pipe line under, along and across certain streets and avenues in the Borough of The Bronx, for the purpose of conveying compressed air from a compressor plant along land occupied by the City's Aqueduct and across the streets to five different shafts on the line of the City tunnel of the Catskill Aqueduct; the compressed air to be used by the grantee in prosecuting the work of excavating the said tunnel under a contract with the Board of Water Supply. The grantee installed the pipe, deposited the sum of $3,000 with the Comptroller as security for the faithful performance of the terms and conditions of the consent, and has regularly paid into the City Treasury compensation for the privilege at the rate of $1,090.50 per annum, in advance, on November 1 of each year, and such compensation has been paid up to November 1, 1914.

The Mason and Hanger Company presented a petition dated May 9, 1914, to the Board, reciting that it had entirely discontinued the use of the pipe line and requesting the revocation of the consent and a refund of the proportionate part of the annual charge covering the periods from the dates when use of the various portions of the pipe line ceased, to November 1, 1914.

At the meeting of the Board held May 15, 1914, the matter was referred to the Bureau of Franchises for investigation and report.

A communication was addressed to the petitioner, advising it of the customary procedure in all similar cases; to wit, the removal of the pipe from within the lines of the streets under the supervision of the office of the Borough President and of the Commissioner of Water Supply, Gas and Electricity. The Company was informed that upon the receipt of certifications from the said departments that the work had been properly done to their satisfaction, it would be possible to present a report to the Board recommending the revocation of the consent and the return of the security and a proper refund of the proportionate part of the annual charge.

I caused an examination to be made on June 9, 1914, and it was found that the streets had been opened and the trenches refilled and it was therefore assumed that the pipes had been removed.

Under date of June 23, 1914, the President of the Borough of The Bronx has certified that the pipes have been removed and the streets properly restored. A reply dated September 17, 1914, from the Department of Water Supply, Gas and Electricity states that the portions of the pipe along the Aqueduct Land have been removed. As to the removal of the portions under the streets it is stated that the department has no knowledge, but the Company's Engineer has submitted an affidavit that they have been removed.

In view of the fact that the Borough President has certified that the pipes have been removed and the streets properly restored and that the examination by this Bureau disclosed the streets had actually been opened, it would appear that there is no good reason why the consent should not be revoked and the security returned to the Company.

With regard to a refund of a proportionate part of the annual charge, the petition recites that the use of certain stated portions of the pipe line ceased on certain stated dates from July 1, 1913, to January 8, 1914. It is added that the delay in applying for permits from the office of the Borough President for the removal of the pipes was due to the fact that in cases similar to that in hand permits are not issued during the winter and are only obtainable on or after March 15, However, it would appear that all but 110 feet of the total 758 feet of the pipe line in the streets might have been removed in the fall of 1913.

As the pipe line was not removed until the spring of 1914, it would appear reasonable that the grantee should pay compensation for the winter period, and I would suggest that refund be allowed from March 15, 1914, the date on which permits might have been secured to open the streets to remove the pipes.

The amount of the refund covering the period from March 15 to November 1, 1914, is $681.55. A resolution providing for the revocation of the consent, the refund of the above stated amount and the return of the security deposit is herewith submitted for adoption. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, By resolution adopted by the Board of Estimate and Apportionment July 6, 1911, and approved by the Mayor July 11, 1911, which was amended by resolution adopted by the said Board September 21, 1911, and approved by the Mayor September 26, 1911, consent was granted to the Mason & Hanger Company to install, maintain and use a compressed air pipe line under, along and across certain streets and avenues in the Borough of The Bronx, for the purpose of conveying compressed air from a compressor plant to be installed in Van Cortlandt Park under permit from the Department of Parks, to various points along the line of the water tunnel of the Catskill Aqueduct, for the purpose of using compressed air in the prosecution of the work of constructing said tunnel under a contract awarded to the said grantee by the Board of Water Supply; and

Whereas, In accordance with the terms and conditions of the said resolutions, the Mason & Hanger Company deposited a security fund of Three Thousand Dollars ($3,000) with the Comptroller of the City of New York, and paid into the City treasury in advance on November 1 of each year the annual compensation of One Thousand and Ninety Dollars and Fifty Cents ($1,090.50) for the privilege, up to November 1, 1914; and

Whereas, The said Mason & Hanger Company has removed the said pipe line from within the lines of the streets and avenues and restored the said streets and avenues to their original condition to the satisfaction of the President of the Borough of The Bronx; and

Whereas, The said Mason & Hanger Company has presented a verified petition, dated May 9, 1914, to the Board of Estimate and Apportionment, requesting the revocation of the consent, the return of the security deposit and a refund of the proportionate part of the annual charge covering the periods from the dates upon which the use of various portions of the pine line was discontinued, to November 1, 1914; now, therefore, be it

Resolved, That the aforesaid resolution adopted by this Board on July 6, 1911, approved by the Mayor July 11, 1911, as amended by resolution adopted by this Board September 21, 1911, and approved by the Mayor September 26, 1911, be and the same is hereby rescinded; and be it further

Resolved, That the Comptroller of The City of New York be and he hereby is authorized and requested to return to the said Mason & Hanger Company the security fund of Three Thousand Dollars ($3,000), deposited in his office for the faithful performance of the terms and conditions of the said consent, and also to refund to the said Mason & Hanger Company the sum of Six Hundred and Eighty-one Dollars and Fifty-five Cents ($681.55), such sum being the proportionate part of the annual charge of One Thousand and Ninety Dollars and Fifty Cents ($1,090.50) covering the period from March 15, 1914, to November 1, 1914; and be it further

Resolved, That this resolution shall not become effective unless and until the said Mason & Hanger Company shall execute an instrument in writing, releasing The City of New York from any and all claims of any kind, character or description whatsoever, held, or claimed to be held under the terms and conditions of the aforesaid consent, and agreeing to quit-claim, waive and surrender to The City of New York any and all rights and privileges in and upon the said streets and avenues in the Borough of The Bronx, held, or claimed to be held under or by virtue of the said consent, and file the same with the Board of Estimate and Apportionment of the City of New York within thirty (30) days after the date of approval of this resolution by the Mayor.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Acceptance of Various Consents (Cal. No. 34).

The following was presented:

Bureau of Franchises, September 22, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—By resolutions adopted by the Board of Estimate and Apportionment May 15, July 2, and July 30, 1914, approved by the Mayor May 22, July 10 and August 6, 1914, consents were granted, as follows:

(a) To the Hillside Transportation Company, Inc., to maintain and operate stages or omnibuses temporarily for public use in the conveyance and transportation of persons and property upon certain routes in the Borough of Queens.

(b) To the Long Island Railroad Company to construct, maintain and operate a standard gauge railroad track across and on the surface of Borden Avenue west of Orton Street, and along a portion of the surface of Fox Street between Review Avenue and Borden Avenue, Long Island City, Borough of Queens, connecting the premises of Henry Lockhart, Jr., with the railroad.

(c) To J. B. Malatesta to continue to maintain and use until January 1, 1915, a narrow gauge railroad track across and on the surface of Bear Swamp Road at its intersections with Barnes Avenue, Borough of The Bronx.

(d) To the American Bridge Company, Inc., to construct, maintain and use a trestle bridge over and across the Boulevard north of Potter Avenue, Long Island City, Borough of Queens.

By resolutions, adopted by the Board of Estimate and Apportionment July 2, and July 30, 1914, approved by the Mayor July 10 and August 6, 1914, the following consents were rescinded:

(a) Consent granted the Sicilian Asphalt Paving Company by resolution adopted by the Board of Aldermen December 15, 1896, approved by the Mayor December 17, 1896, to lay a six-inch iron pipe for conveying oil from its premises on the easterly side of 12th Avenue north of West 54th Street to the bulkhead line of the Hudson River, Borough of Manhattan.

(b) Consent granted the Long Island Railroad Company by resolution adopted by the Board of Estimate and Apportionment November 26, 1913, approved by the Mayor December 2, 1913, to construct, maintain and operate a standard gauge railroad track across and on the surface of Johnson Avenue east of Varick Avenue, Borough of Brooklyn.

The agreements required by the provisions of the above-mentioned resolutions granting and rescinding said consents were executed by the Companies and individual affected, were approved as to form by the Corporation Counsel and are on file in this office.

Certified copies of the approved resolutions have been forwarded to the parties and officials interested.

It is recommended that the papers be filed.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

Forest Park Hygienic Ice Company (Cal. No. 35).

Consent to maintain and use a six-inch pipe under Lott Avenue, Borough of Queens.

This consent was granted by resolution adopted by this Board July 9, 1914, approved by the Mayor July 10, 1914.

The following was presented:

Bureau of Franchises, September 29, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—By resolution adopted by the Board of Estimate and Apportionment July 9, 1914, approved by the Mayor July 10, 1914, the consent granted the Forest Park Hygienic Ice Company by resolution adopted by the Board July 3, 1913, approved by the Mayor July 11, 1913, was amended so as to authorize the Company to maintain a six-inch pipe in Lott Avenue, Borough of Queens.

The resolution granting the consent provided in part, as follows:

"That this resolution shall become null and void unless the said Forest Park Hygienic Ice Company shall duly execute an instrument in writing, to the satisfaction of the Board of Estimate and Apportionment, and file the same in the office of the said Board within thirty (30) days after the approval of this resolution by the Mayor, wherein the said grantee shall accept this amendment of the said consent, and promise, covenant and agree that the consent of the Board of Estimate and Apportionment so given to this amendment shall in no wise change, alter or amend any of the terms, conditions or requirements in the original consent fixed and contained, except as herein and hereby expressly amended, and the said original consent as so amended shall continue in full force and effect."

Under and pursuant to the above-quoted section, the grantee presented an agreement dated September 9, 1914. The agreement was not filed in this office until September 10, 1914, although under the terms of the consent it should have been filed on or before August 9, 1914.

The Board by resolution adopted at the meeting of September 21, 1914, waived the default and accepted the agreement as if it had been filed at the time specified in the consent. The agreement has been approved as to form by the Corporation Counsel and is on file in this office.

Certified copies of the approved resolution have been forwarded to the grantee and to the officials interested.

It is recommended that the papers be filed.

Respectfully, JOHN A. McCOLLUM, Acting Chief of Bureau.

Long Island Railroad Company (Cal. No. 36).

Application for a franchise to construct, maintain and operate certain additional tracks under and across Vernon, East and Jackson Avenues, Borough of Queens, and to construct and maintain certain retaining walls within the lines of Sixth Street and across East and Jackson Avenues.

At the conclusion of the public hearing on September 21, 1914 (Cal. No. 10), the matter was referred back to the Bureau of Franchises.

The following was presented:

Board of Estimate and Apportionment, The City of New York, Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, September 24, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—By petition dated June 10, 1914, the Long Island Railroad Company applied to the Board for the right to construct, maintain and operate certain additional tracks under and across Vernon, East and Jackson Avenues, Borough of Queens, and in connection with the same to construct and maintain certain retaining walls within the lines of Sixth Street and across East and Jackson Avenues at the junction thereof, for the purpose of supporting the surface of the streets. The petition stated that the rights specified were required to permit of a rearrangement of the tracks of the so-called North Shore Freight Yard, which rearrangement would be necessitated by the proposed occupation of the yard by a portion of the rapid transit railway known as the "Steinway Tunnel Route." It appeared that an informal agreement had been made between the Company and the Public Service Commission for the First District, whereby the Company was to grant the City an easement through the yard for rapid transit railway purposes and the City was to pay the Company a lump sum to cover the cost of the easement and the expense to the Company of removing, relocating and rearranging its tracks in the yard.

This petition was presented to the Board at its meeting of June 19, and referred to this Bureau.

An investigation was made and communications sent to the President of the Borough of Queens and to the Commissioner of Water Supply, Gas and Electricity, with the request that examinations be made by the various bureaus of their departments with a view to ascertaining if there were any objections to the project or any particular conditions which they might think necessary to be inserted in the grant of the privilege. The Chief Engineer of the Board was also asked to examine into the application and make suggestions as to matters which might come within his jurisdiction, particularly as to change of street grades. Replies were subsequently re-

ceived from the Commissioner of Water Supply, Gas and Electricity and the Chief Engineer of the Board, containing suggestions as to clauses which should be inserted in the grant.

The usual form of revocable privilege, covering a term of ten years, was then prepared, containing provisions for the payment to the City during the first five years of the grant of the annual sum of $1,500 and during the second five years the annual sum of $1,575. This proposed grant also covered the points suggested by the Commissioner of Water Supply, Gas and Electricity and the Chief Engineer of the Board and the other conditions usual to grants of revocable privileges. Upon the submission of the proposed grant to the Company, however, objection was made to the payment of any sums to the City for the privilege granted, on the ground that the agreement with the Public Service Commission contemplated that the right should be granted to the Company without cost, it being part of the consideration pursuant to which the easement for rapid transit railway purposes was to be granted to the City.

The agreement referred to had not been formally authorized by the Commission or made a matter of record in any such way as would give the necessary information as to just what it did provide. Nevertheless, the Commission was anxious that the rights asked for be granted without delay, as until such rights were granted the Company declined to confer the easement on the City for the rapid transit railway, the contract for the construction of which had already been let and the work of which construction the Commission desired to proceed with without delay.

With a view to facilitating the matter, it was thought advisable to submit to the Board the proposed form of revocable privilege which had been prepared, with the suggestion that the Transit Committee be asked to take up the matter of compensation. This course was adopted and the form of grant presented to the Board on July 9, when it was referred to the Transit Committee. Subsequently, under date of August 11, a communication was received from the Comptroller, as a member of the Transit Committe, directing the Bureau to prepare a form of grant carrying out the intent of the agreement between the Company and the Public Service Commission, and requesting that the matter be placed upon the calendar for the meeting of the Board to be held August 27. With this communication was transmitted a letter addressed to the Comptroller by Mr. Leroy T. Harkness, Assistant Counsel to the Commission, containing in a general way the substance of the agreement between the Company and the Commission. The Comptrollers' request was concurred in by the Acting Mayor in a communication addressed to the Bureau under date of August 21.

Negotiations were then resumed with the General Solicitor and Chief Engineer of the Company, and it developed that the Company would refuse to accept the grant in the form of a revocable privilege, since it would not give the Company any permanent rights in return for the perpetual easement which was to be granted to the City. Other questions arose as to changing the street grades and as to the manner of constructing bridges carrying streets over the proposed tracks, and it was found impossible to present the form of grant on August 27, but, it appearing that a *franchise* would be necessary and in order that the matter might not be delayed, it was suggested in a report presented that day that a date for the preliminary hearing on the matter be fixed, as required by law, for the granting of a franchise. A resolution was accordingly adopted fixing September 21 as the date for such hearing.

Under date of September 18, the President of the Borough of Queens addressed a communication to the Bureau submitting a report of the Engineer in Charge, Engineering Construction, relative to this matter. This was in answer to our inquiry of June 15. The report of the Engineer states that nothing has been presented by either the Company or the Public Service Commission to show the necessity for the street grade changes which the Company proposes, as indicated on the map and profile accompanying its application. It is stated that traffic is very heavy on both Jackson and Vernon Avenues, and that a change of the grades of either of these streets is undesirable. An alternate plan is suggested which would obviate the necessity of any such changes. The report contains other suggestions, particularly with regard to the carrying of sewers under and across the Company's track. At the hearing held on September 21 the attention of the Board was directed to the suggestions above noted in regard to street grade changes, and at the conclusion of the hearing the matter was referred back to the Bureau to take up with the Company and the President of the Borough of Queens the question of street grades and with instructions to submit a form of contract on October 2, 1914.

Statement as to Proposed Easement in North Shore Freight Yard.

The rapid transit railway, which is to be constructed through the so-called North Shore Freight Yard of the Company, is known as "Route 50." It is a portion of the "Steinway Tunnel Line" covered by the contract between the City and the Interborough Rapid Transit Company, known as Contract No. 3, which was approved by the Board on March 18, 1913. The "Steinway Tunnel Line," as referred to in this contract, is comprised of three routes, known as "Steinway Tunnel Route," approved by Board December 9, 1910; "Steinway Tunnel—Times Square Extension Route," approved by Board April 18, 1912, and "Steinway Tunnel and Queensboro Plaza Route," approved by Board May 31, 1912. The particular portion of the "Steinway Tunnel Line" affected by the easement now proposed to be granted to the City is a portion of the "Steinway Tunnel and Queensboro Plaza Route," approved by the Board as above. The rapid transit railway emerges from the tunnel by means of which it is carried under the East River and under streets and private property, at a point northeast of the northerly side of Hunters Point Avenue, within the North Shore Freight Yard, and is thence carried on an elevated structure through the yard.

It appears that a contract for the construction of "Route 50" was let by the Public Service Commission for the First District on December 31, 1913, and the contractor is ready to proceed with the work as soon as the necessary rights have been obtained by the City.

Statement as to Terms and Conditions of the Proposed Grant.

Preamble. The proposed contract contains a preamble reciting the fact that an agreement has been or will be entered into between the Company and the Public Service Commission, whereby the Company is to convey to the City a perpetual easement for rapid transit railway purposes in and through the Company's North Shore Freight Yard, in consideration for which the City is to pay the Company the sum of $230,000 in full payment and satisfaction for the easement and of the cost of altering, relocating and rearranging the tracks and structures of the Company made necessary by the occupation of the land by such rapid transit railway.

Grant. The Company is now operating across Vernon Avenue, East Avenue and Jackson Avenue the following tracks:

Four tracks under and across Vernon Avenue.

Two tracks under and across East and Jackson Avenues at the junction thereof.

These tracks are said to have been constructed under the original franchise of the Flushing and North Side Railroad Company, incorporated in 1868, to the rights and franchises of which the Long Island Railroad Company succeeded in 1881.

The contract now proposed contains a grant to the Company to construct and maintain retaining walls within the boundaries of Sixth Street, East Avenue and Jackson Avenue, and to construct, maintain and operate four (4) additional tracks under and across Vernon Avenue, and two (2) additional tracks across East and Jackson Avenues at the junction thereof, all in the First Ward of the Borough of Queens. These tracks are to be constructed immediately north of and adjoining the existing tracks.

Term of Grant. The right is granted for the term of twenty-five years, with the privilege of renewal for a further term of twenty-five years upon a revaluation. As the understanding between the Company and the Public Service Commission provided for the granting of additional franchises, if such were necessary to carry out the rearrangement and relocation of the tracks in the yard without cost to the Company, no compensation is required by the contract for the original term. This understanding, while not incorporated in the agreement or form of conveyance authorized or to be authorized by the Commission, has been set forth in a letter dated September 22, addressed to the Board by the Secretary of the Public Service Commission for the First District, which will be printed in the minutes of the Board and complete the record in the matter. While there was no difficulty in carrying out the understanding of the parties, so far as it might affect the original term of the grant, it was not so easy when providing for the renewal term. Section 73 of the Charter provides that a renewal of the grant can only be given on a revaluation of the rights and privileges granted. It was necessary, therefore, to insert such a clause in the contract where it provided for a renewal of the grant. The Company agrees to accept the contract with this clause on the condition that the contract should contain some statement or provision which could be taken advantage of at the time the revaluation is made for the renewal period to show the original conditions under which the franchise was applied for and granted, to wit, that no additional expense was to be imposed upon the Company. It is believed that the preamble to the contract will set forth these conditions so as to make the original intent clear.

Proposed changes in street grades. The map and profile accompanying the Company's application shows certain new street grades which the Company contemplated should be made to permit the construction of the walls and tracks specified in the petition. In view of the objections of the President of the Borough of Queens, there is some uncertainty on the part of the Company as to whether these requested changes will be necessary. It was considered advisable, therefore, in drawing the contract to provide that the new street grades shown on the Company's map and profile should not be binding unless such changes were finally made and the new grades established by the Board in the usual way, upon a formal application for such changes. If the grades are not changed, or if grades other than those shown on the map are established, the Company is required to follow either of these grades as the case may be.

Provisions as to retaining walls. It is provided in the proposed contract that the retaining walls should be built of concrete under the direction of the President of the Borough of Queens, and that wherever it is necessary for the protection of the public the walls shall be surmounted by good and sufficient guard rails and fences. The walls are to be constructed of sufficient strength and thickness to support the surface of the streets within which they are constructed and the subsurface structures therein. As one of these retaining walls will occupy the bed of the square or space located at the junction of East and Jackson Avenues, known as Sanford Angle, which is under the jurisdiction of the Department of Parks, a provision has been inserted in the proposed contract requiring the further consent of this department to the construction of the wall, so far as it affects this property.

Streets to be carried on bridges. The contract also provides for the carrying of Vernon, East and Jackson Avenues, at the established grades and widths, over the tracks of the Company to be authorized, by means of bridges. The plans for these bridges are to be submitted to the Chief Engineer of the Board, the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, for their approval, and must receive such approval before the work of construction thereof is commenced. It is specifically provided, however, that these bridges shall be so constructed and maintained as to accommodate thereon the existing 12-inch water mains crossing the tracks at the avenues named, and also the proposed 30-inch water main to be constructed across the tracks at East Avenue, and that the City shall have the right to carry any future water mains, in addition to those named, on the bridges, provided they are sufficiently strong to accommodate them, or that they may be strengthened for this purpose.

Sewers across tracks. It is also provided that the City shall have the right, without cost, during the term of the contract to construct and mainain under and across the existing tracks of the Company or the tracks and structures to be constructed across Vernon Avenue, East Avenue and Jackson Avenue, pursuant to the proposed contract, all such sewer pipes as in the opinion of the President of the Borough of Queens shall be necessary and proper.

Performance of work and payment of cost. The Company is required to do all the work and pay the entire cost of constructing and maintaining retaining walls, guard rails and tracks and also of constructing the bridges required to carry the streets over the tracks. In addition it is required to pay such portion of the cost of maintaining the bridges as is specified in the Railroad Law. The Company is also required to do the work and pay the cost of changing the street grades, water supply and drainage systems as may be necessary in the construction of the structures authorized or required; this cost to include the reflagging, repaving and recurbing of the streets and the roadway of the bridges provided for; also to protect all surface and subsurface structures which may be interfered with in the course of the work. It is provided that the Company also pay the entire cost of all damages caused by the change in street grades, should any such changes be required.

The above conditions as to the performance of work and the payment of the cost thereof, and of the resulting damages, contain all the recommendations made to the Bureau by the Commissioner of Water Supply, Gas and Electricity and the Chief Engineer of the Board, also those of the President of the Borough of Queens in the matter of sewers.

Time for construction. The proposed contract requires the Company to commence construction of the structures authorized or required within sixty (60) days after the adoption by the Board of a resolution changing and re-establishing the grades of the streets to permit such construction. If it be found unnecessary to change these grades, or if the grades are changed or re-established before the execution of the contract by the Mayor, then the construction is to be commenced within sixty (60) days after such execution by the Mayor. The work is to be completed within six (6) months after the date of commencement. The usual provisions have been included for extensions by the Board, not to exceed six months in the case of either commencement or completion, and also for the automatic extension of such time if the Company shall be delayed by legal proceedings, works of public improvement or other causes not within its control.

Security deposit. It is made a condition of the proposed contract also that the sum of Ten thousand dollars ($10,000) heretofore deposited with the Comptroller of the City as security deposit to insure the faithful performance of the terms and conditions of a contract dated May 4, 1914, which authorized the construction by the Company of certain tracks across Hamilton Street, South Street and Farmers Avenue, Borough of Queens, shall also constitute a fund for the faithful performance by the Company of the terms and conditions of the contract now proposed to be granted. As the usual clause providing for the forfeiture of the franchise in case of failure of the Company to commence and complete the construction of the structures authorized within the time fixed by the contract, has been included in the present contract, it was necessary to specify just what portion of the original security deposit of Ten thousand dollars ($10,000) should be forfeited in this case. The sum of Five thousand dollars ($5,000) has been specified and the Company is required in case such sum is forfeited to deposit with the Comptroller an additional sum of Five thousand dollars ($5,000) to make up the original Ten thousand dollars ($10,000) which is held as security for the faithful performance of the said contract of May 4, 1914.

Since the meeting of September 21, a form of contract, drawn on the lines suggested above, was submitted to the Company with a request that the same be examined. In a communication replying thereto, dated September 22, the Company states that "consideration of the form of contract had better wait the determination of the grade question" and that the grade question will be at once taken up with the Borough officials. The Board has, however, directed that the form of contract be presented at the meeting of October 2, and in accordance with such direction I submit the same herewith. This proposed form of contract has been submitted to the Corporation Counsel and approved by him as to form. As has been pointed out, the approval of the contract by the Board, should it in other respects meet the views of the Company, does not depend upon what is eventually decided as to street grade changes. This is a detail which is provided for in the contract, regardless of which way it may be determined. If the form of contract meets with the approval of the Board, it can be acted upon as soon as the Company signifies its willingness to accept the same. The action required is to place it upon the minutes for 27 days and fix a date for final public hearing. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

LONG ISLAND RAILROAD COMPANY.

Proposed Form of Contract.

This contract made and executed in duplicate this day of , 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Long Island Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, Pursuant to an agreement entered into or about to be entered into between the Company and the Public Service Commission for the First District, the Company agreed or will agree to convey to The City for rapid transit railway purposes, a certain easement in and through the so-called North Shore Freight Yard of the Company located in the First Ward, Borough of Queens, in consideration of the payment by the City to the Company of the sum of two hundred and thirty thousand dollars ($230,000) to reimburse the Company for the cost of altering, relocating and rearranging the tracks and structures of the Company, made necessary by the occupation of said yard by the rapid transit railway (which is a portion of the route known as the "Steinway Tunnel and Queensboro Plaza Route" or "Steinway Tunnel Line"), and to be in full payment and satisfaction to the Company for the easement so to be granted; and

Whereas, The Company, in order to carry out the alteration, relocation and rearrangement of its tracks and structures pursuant to such agreement, has, under

date of June 10, 1914, applied to the Board for a franchise to construct and maintain certain retaining walls within the lines of Sixth Street, East Avenue and Jackson Avenue, and to construct, maintain and operate certain additional tracks under and across Vernon, East and Jackson Avenues, all in the First Ward of the Borough of Queens, City of New York; and

Whereas, The Company agrees that the granting of the franchise so applied for will permit it to make all the alterations and relocations that may be necessary to carry out the rearrangement of its tracks contemplated by such agreement.

Now, therefore, in order to permit the entering into and the performance of said agreement on the part of the Company, and in consideration of the Company's agreeing to enter into said agreement and of the conveyance to be made pursuant thereto, and of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company the right to construct and maintain certain retaining walls and to construct, maintain and operate certain additional tracks in the vicinity of and in connection with the so-called North Shore Freight Yard of the Company, located in the First Ward of the Borough of Queens, City of New York, as follows:

(a) A retaining wall within the boundaries of Sixth Street and extending along the southerly line of said street from a point about two hundred and fifteen (215) feet east of the easterly line of West Avenue to a point about one hundred and eighty-five (185) feet west of the westerly line of East Avenue; also a retaining wall from a point in East Avenue about thirty-four (34) feet south of the southerly line of Sixth Street; thence across East Avenue; across the open square or space known as Sanford Angle, under the jurisdiction of the Department of Parks, and across Jackson Avenue to a point on the southerly line of Jackson Avenue about forty-five (45) feet three (3) inches southwesterly from the southerly line of Sixth Street.

(b) Four (4) tracks under and across Vernon Avenue immediately south of the retaining wall specified above.

(c) Two (2) tracks under and across East Avenue and Jackson Avenue at the junction thereof, and immediately south of the retaining wall specified above.

—All as shown on a map entitled:

"Map and profile to accompany application dated June 10, 1914, of The Long Island R. R. Co. to the Board of Estimate and Apportionment, City of New York, for the right to install and maintain tracks under and across and change the grades of Vernon, East and Jackson Avenues and retaining wall underneath the surface of Sixth St., East Ave. and Jackson Ave., Long Island City, in the Borough of Queens"

—signed, The Long Island R. R. Co., by Ralph Peters, President, approved, J. R. Savage, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that the proposed street grades shown on said map shall not be followed if grades other than those shown are established or if it shall be unnecessary to change the existing established grades. If grades other than those shown on said map are established, then such other established grades shall be followed.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said structures shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until October 1, 1939, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board. If the parties shall not agree upon the compensation to be paid, if any, during the renewal term, on or before the day nine (9) months before the expiration of the original term, then the matter shall be submitted to three disinterested freeholders to be selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties. If such appraisers shall determine that any compensation shall be paid to the City during the renewal term, the parties shall enter into a written agreement providing for the payment of the compensation so fixed and the time and manner of making such payment. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—No assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal) or of any part thereof, or of any of the structures specified herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Third—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the retaining walls, guard rails, tracks and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove such retaining walls and guard rails or any portion thereof and any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—Said retaining walls, guard rails, tracks, bridges and other structures authorized or required by this contract shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said retaining walls, tracks, bridges or other structures shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the tracks hereby authorized, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The Company shall commence construction of the structures herein authorized or required within sixty (60) days from the date of the adoption by the Board of a resolution changing and re-establishing the grades of the streets to permit the construction of the structures as contemplated should it be necessary to change or re-establish the grades of any of the streets in which structures are herein authorized or required, or in case it shall be unnecessary to change such grades, or in case said grades shall be changed or re-established before the date on which this contract is signed by the Mayor, then the Company shall commence the construction within sixty (60) days from the date on which the contract shall be so signed, and shall complete the construction within six (6) months from the date of commencement thereof; otherwise this right shall cease and determine, and the sum of five thousand dollars ($5,000), which sum is a portion of the amount heretofore deposited with the Comptroller of the City as security for the faithful performance of the terms and conditions of a contract hereinafter referred to and dated May 4, 1914, and which is hereinafter made likewise a fund which shall be security for the faithful performance of the terms and conditions of this contract, shall thereupon be forfeited to the City. In case of the forfeiture of the rights hereby granted, as above, and the forfeiture to the City of the sum of five thousand dollars ($5,000), as provided herein, the Company shall immediately deposit with the Comptroller of the City an additional sum of five thousand dollars ($5,000), to replace such sum forfeited for the purpose of completing and making up the sum of ten thousand dollars ($10,000) required to be deposited with and held by the Comptroller as security for the faithful performance of the terms and conditions of the aforementioned franchise contract of May 4, 1914; provided that the period for commencement and the period for completion may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided further that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Eighth—It is agreed that the right hereby granted to construct, maintain and operate the structures authorized or required herein shall not be in preference or in hindrance to public work of the City, and should the said structures in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the retaining walls, tracks, bridges and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Ninth—The retaining walls herein authorized, where they occupy the bed of streets, shall be so constructed as to permit the laying of pavement over the same at the established sidewalk and roadway grades, and wherever necessary for the protection of the public said walls shall be surmounted by good and sufficient guard rails or fences. Said retaining walls shall be constructed of concrete under the direction of the President of the Borough of Queens and shall be of sufficient strength and thickness to support the surface of the streets within which they are constructed and the subsurface structures in such streets.

Tenth—Vernon Avenue, East Avenue and Jackson Avenue shall be carried at their established widths and grades over the tracks of the Company hereby authorized, by means of bridges. Plans for such bridges shall be submitted to the Chief Engineer of the Board, the President of the Borough of Queens, and the Commissioner of Water Supply, Gas and Electricity for their approval, and must receive such approval before the work of construction thereon shall be commenced.

Such bridges shall be so constructed and maintained as to accommodate thereon the existing twelve (12) inch water mains of the City crossing the tracks of the Company at East Avenue, Jackson Avenue and Vernon Avenue, and also the proposed thirty (30) inch water main to be constructed across the Company's tracks at East Avenue. Should the City at any time during the term of this contract desire to construct across the tracks of the Company herein authorized any additional water mains or pipes other than those specified above, the Company shall permit the same to be carried on the bridges herein required, provided said bridges shall be of sufficient strength to accommodate such pipes or mains or be properly strengthened in order to accommodate them.

Eleventh—The Company shall do all the work and pay the entire cost:

(a) Of constructing and maintaining the retaining walls, guard rails or fences and tracks hereby authorized or required.

(b) Of constructing the necessary bridges to carry the streets over the tracks hereby authorized at the established grades and widths thereof, and maintaining such bridges or portions thereof as and in the manner provided by the Railroad Law.

(c) Of changing the street grades, water supply and drainage systems as may be necessary in the construction of the structures hereby authorized or required, and of all work of any kind incidental thereto, including reflagging, repaving and recurbing of the streets and the roadway of the bridges constructed as herein required.

(d) Of protecting all the surface and subsurface structures which shall in any way be disturbed by the construction of the structures hereby authorized or required.

The Company shall pay the entire cost:

(a) Of the inspection of all work during the construction of the structures hereby authorized or required which may be required either by the President of the Borough of Queens or the Commissioner of Water Supply, Gas and Electricity.

(b) Of all damages to the lands, tenements and hereditaments caused by and in consequence of the changes in grades which may be made in the said streets or other streets affected thereby in connection with the structures herein authorized, and the grantee shall also indemnify The City of New York from and against any and all liability for such damage.

Twelfth—The City shall have the right, without cost, during the term of this contract, whether original or renewal, to construct and maintain under and across the existing tracks of the Company and the tracks and structures hereby authorized to be constructed across Vernon Avenue, East Avenue and Jackson Avenue, all such sewer pipes which in the opinion of the President of the Borough of Queens shall be necessary or proper.

Thirteenth—The privilege hereby granted so far as it shall affect the use or occupation of any lands or property of the City under the jurisdiction of the Department of Parks, is and shall be subject to the further consent of such department.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fifteenth—If the Company shall fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated

damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Sixteenth—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance or operation of the structures authorized or required by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Seventeenth—This grant is upon the express condition that the sum of ten thousand dollars ($10,000) heretofore deposited with the Comptroller of the City by the Company under and pursuant to the franchise granted to the Company by the City by contract dated May 4, 1914, authorizing the construction of certain tracks across Hamilton Street, South Street and Farmers Avenue in the Borough of Queens, for the faithful performance by the Company of the terms and conditions of said contract, shall likewise form a fund which shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the construction and maintenance of the structures herein authorized, change of street grades, alterations to water supply and drainage systems, protection of the surface and subsurface structures interfered with during the course of construction and of the payment for the damages to lands, tenements and hereditaments occasioned by the change of street grades in connection with the structures herein authorized or required, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges, should any be hereafter required, shall collect the same with interest from the said fund after ten (10) days' notice to the Company, or in case of default to observe the said terms and conditions of this contract and orders of the Board acting hereunder, the Company shall pay a penalty of ten dollars ($10) a day for each day of failure; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund heretofore deposited with him, as specified herein. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars ($10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of penalties are in addition to the right to forfeit the franchise conferred by Section 2, Fourteenth, of this contract.

Eighteenth—The words "notice" or "direction," wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Nineteenth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 4. This grant is also upon the further and express condition that the provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau St., New York, September 22, 1914.

To the Board of Estimate and Apportionment of The City of New York:

It is necessary in order to construct the Steinway Tunnel Rapid Transit Railroad to acquire from The Long Island Railroad Company certain rights or easements in the North Shore Freight Yard of The Long Island Railroad Company in the Borough of Queens. Conferences have accordingly been held with said Company, to which the Transit Committee of your Honorable Board has been a party, and an informal agreement has been reached whereby it has been agreed that the City shall pay to the Railroad Company the sum of $230,000 for said rights or easements. Of this sum $55,000 has been allowed for the easements in the land of the Railroad Company and $175,000 has been allowed for the cost of altering, relocating and rearranging the tracks and structures of the Railroad Company on account of the construction of the rapid transit railroad. The rearrangement of the tracks because of this agreement will require the construction of tracks in the portion of said North Shore Freight Yard bounded by Sixth Street, Jackson Avenue, Fifth Street and West Avenue and underneath East Avenue, Jackson Avenue and Vernon Avenue. The right to construct these additional tracks under those thoroughfares can only come from your Board and it was a part of the aforesaid agreement with the Company that the right to construct such tracks should be granted without compensation to the City, it being considered that compensation therefor was included in the rights which the Company is to grant to the City in the way of easements for the rapid transit railroad.

The Railroad Company has applied to your Board under date of June 10, 1914, for the rights above referred to and the rights so applied for are needed for the rearrangement of its yard. It is the understanding of the Commission that these rights comprise all the rights which are necessary.

Very truly yours, TRAVIS H. WHITNEY, Secretary.

The City of New York, President of the Borough of Queens, Office of Consulting Engineer, Long Island City, September 28, 1914.

MR. HARRY P. NICHOLS, *Engineer, Chief of Bureau of Franchises, Board of Estimate and Apportionment:*

Sir—The communication of Mr. John A. McCollum, Acting Chief of your Bureau, addressed to the Borough President, in reference to the application of the Long Island Railroad Company for the right to construct tracks under Vernon, East and Jackson Avenues, in the Borough of Queens, and enclosing a report upon this subject addressed to the Board of Estimate and Apportionment, together with a proposed form of contract covering the same, has been referred to me for reply.

In your letter you ask to be informed whether the President has reached an agreement with the Long Island Railroad Company with respect to grade changes. In answer to this I have to state that no such agreement has been reached.

However you state in your report to the Board of Estimate that "In view of the objections heretofore raised by the Borough President there is some uncertainty on the part of the Railroad Company as to whether these requested changes will be necessary and that in consequence it was considered advisable in drawing the contract to provide that the new street grades shown on the Company's map and profile should not be binding unless such changes were finally made and the new grades established by the Board of Estimate and Apportionment in the usual way upon formal application for such changes. Also if the grades are not changed or if grades other than those shown on map are established the Company is required to follow either of these grades, as the case may be."

With the above provisos and the understanding that the Borough President will not be estopped from further consideration of any proposed changes in street grades I am instructed to advise you that he had no other objections to urge.

Respectfully, FOSTER CROWELL, Consulting Engineer, Borough of Queens.

The City of New York, Law Department, Office of the Corporation Counsel, New York, Sept. 26, 1914.

Board of Estimate and Apportionment of The City of New York:

Sirs—I am in receipt of your communication signed by Harry P. Nichols, Engineer, Chief of Bureau, dated September 24, 1914, and reading as follows:

"I am sending you herewith a galley proof of the proposed form of contract containing grant of franchise to the Long Island Railroad Company for the construction and maintenance of certain retaining walls and the construction, maintenace and operation of certain tracks across Vernon, East and Jackson Avenue, Borough of Queens.

"This proposed contract is to be presented to the Board at its meeting of October 2nd, and I would ask you to kindly examine the same and incorporate therein any matter which you may deem to the best interests of the City, and return with your approval as to form."

The said proposed agreement is herewith returned approved as to form.

Respectfully yours, LOUIS H. HAHLO, Acting Corporation Counsel.

Action was deferred until the meeting of October 16, 1914.

Bureau of Records and Minutes.

Approved Papers—Changes in City Map (Cal. No. 37).

The following communication from the Secretary was ordered printed in the minutes and filed:

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, October 2, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—I beg to inform you that on September 23, 1914, his Honor the Mayor approved the resolution adopted by the Board of Estimate and Apportionment on May 15, 1914, changing the map or plan of The City of New York as follows:

51. By closing and discontinuing Hausman Street, from Norman Avenue to the westerly line of Front Street, as the latter street was formerly laid out; closing and discontinuing Morgan Avenue, from Norman Avenue to the westerly line of Front Street, as the latter street was formerly laid out; closing and discontinuing Sutton Street, from Norman Avenue to the southerly line of Meserole Avenue, as the latter street was formerly laid out, and closing and discontinuing Calyer Street, from Kingsland Avenue to the westerly line of Sutton Street, as the latter street was formerly laid out, Borough of Brooklyn.

At the time of the adoption of the resolution the Mayor was requested to withhold his approval thereof until the Standard Oil Company, the owner of the abutting property, made compensation for the value of the interests held by the City in the closed streets and executed a deed of cession to a proposed extension of Kingsland Avenue to connect it with the public wharf recently acquired at the foot of North Henry Street.

Under date of July 2, 1914, the Deputy and Acting Comptroller requested me to forward the resolution to his Honor, the Mayor, for approval, in order that the Commissioners of the Sinking Fund may be requested to authorize a conveyance of the closed streets to the Standard Oil Company in consideration of the sum of $19,480, this sum being the excess value of the land in the streets closed and conveyed by the City to the Standard Oil Company. Respectfully,

JOSEPH HAAG, Secretary.

LOCAL IMPROVEMENTS.

Preliminary Authorization.

Borough of Manhattan.

Curbing, Recurbing, Flagging, Reflagging and Paving West 156th Street from the Marginal Street to 8th Avenue, Borough of Manhattan (Cal. No. 38).

The Secretary presented a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on February 3, 1914, initiating proceedings for this improvement; and the following report of the Chief Engineer of the Board:

Report No. 14026. September 29th, 1914.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on February 3d, 1914, initiating proceedings for curbing and re-curbing, flagging and re-flagging and paving with granite block (permanent pavement) West 156th Street from the Marginal Street to 8th Avenue.

This resolution affects one block or about 500 feet of West 156th Street, title to which has been acquired in connection with a grant of land under water. The President of each of the boroughs has been requested to furnish information concerning the percentage of property owned by the petitioners, the assessed valuation per foot of frontage, and the probable cost per linear foot of the improvement. This information has not been presented in this case, but from such data as is available it appears that the abutting property is assessed as having a minimum value, excluding buildings, of $100 per linear foot of frontage, and that the corresponding assessment will probably not exceed $9.

The Borough President advises that numerous urgent requests have been received for the paving of this block of West 156th Street, the improvement being apparently needed to provide a suitable means of access to an industrial plant located at the foot of the street. He states that the work should be completed before the winter season, and requests that the matter be presented for the consideration of the Board at the meeting to be held on October 2d.

The work is estimated to cost about $8,700, and the assessed valuation of the property to be benefited is stated to be $139,000.

An inspection of the ground shows that the existing dirt roadway is approximately at the established grade and that the street has been curbed and flagged, but that both the curbing and the sidewalks are in a condition of disrepair. The abutting property is only slightly built up but the paving is undoubtedly needed to provide an outlet for heavy trucking from a coal yard located at the Harlem River. The benefit will, however, be largely limited to this property. With the exception of receiving basins at the northwesterly and southwesterly corners of the Marginal Street, all of the subsurface structures have been provided. I am informally advised that it is proposed to build the receiving basins under an independent authorization of the Local Board.

In accordance with the request of the Borough President this matter is presented for such action as may be deemed proper by the Board. Attention is, however, directed to the fact that unless a revision is made in the allotment contemplated under the resolution of July 30th, 1914, as interpreted by your Engineer in a report submitted at the meeting of September 25th, no further preliminary authorizations can be granted in the Borough of Manhattan during the current year, this borough already having exceeded the limitation placed on outstanding preliminaries by $192,900 of which amount only $47,800 can, under the same interpretation, be converted into final authorizations. In case the preliminary work is authorized it should be with

the understanding that the final authorization will be withheld until such time as provision has been made for the construction of such receiving basins as may be needed.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 3d day of February, 1914, and approved by the President of the Borough of Manhattan on the 4th day of February, 1914, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave with a permanent granite block pavement on concrete foundation, curb, recurb, flag and reflag 156th street, from the west side of the marginal street to the east side of 8th avenue;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost, based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Borough of Brooklyn.

Receiving Basins in Kingston Avenue, at Rutland Road, and in Albany Avenue, at Winthrop Street; Temporary Drains in Albany Avenue and in Kingston Avenue; Temporary Force Main in Kingston Avenue and in Winthrop Street, and Temporary Pump Well, Pump, Motor and Motor House Within the Kingston Avenue Hospital Grounds East of Kingston Avenue, Located About 130 Feet South of Rutland Road, Borough of Brooklyn.

Approving Plan Showing Temporary Sewers and Force Main in Kingston Avenue from Rutland Road to Winthrop Street, Etc., Borough of Brooklyn (Cal. No. 39).

The Secretary presented a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on May 13, 1914, initiating proceedings for this improvement; and the following report of the Chief Engineer of the Board:

Report No. 14027. September 29, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on May 13th, 1914, initiating proceedings for constructing receiving basins at the following points: Kingston Avenue, all four corners of Rutland Road; Albany Avenue, southeasterly and southwesterly corners of Winthrop Street; for constructing temporary drains in the following streets: Albany Avenue, from Winthrop Street to Clarkson Avenue; Kingston Avenue, from Rutland Road to a point about 130 feet south of Rutland Road; for constructing a temporary force main in Kingston Avenue, from the point last described to Winthrop Street; and in Winthrop Street, from Kingston Avenue to Albany Avenue; and for constructing a temporary pump well, pump, motor and motor house within the Kingston Avenue Hospital Grounds east of Kingston Avenue about 130 feet south of Rutland Road, together with the connecting drain and force main.

Title to these streets has been legally acquired. They are located in a territory for which it has been impossible to provide sewers up to the present time because of the lack of continuing outlets which traverse streets to which the City has not acquired title, and the construction of sewers conforming with the approved drainage plan will still have to be deferred for a considerable period. The Kingston Avenue Hospital is located in a natural drainage pocket from which ponding storm water can escape only by seepage. A nuisance accordingly results periodically not only to visitors to the Hospital but to the inmates themselves. It is now desired to obviate this unsanitary and annoying condition by providing a pumping plant and force main by which the storm water accumulations can be diverted into the existing Clarkson Avenue sewer.

The undesirable conditions existing in this locality has been made the subject of complaint to the Board of Estimate and Apportionment by the Commissioner of the Department of Health, in which the construction now under consideration is specifically referred to and its authorization strongly urged. The Board is advised by the Commissioner that it is agreed that the installation will be permitted on the Hospital grounds and that the Department will operate the plant, although it cannot undertake to keep the machinery in repair.

The Acting Borough President has designated this improvement as of an exceptionally urgent character and requests that a report in the matter be presented for the consideration of the Board. He states that the tributary area is very large and that the assessment for the work will probably not amount to more than fifteen cents per linear foot of frontage.

The work is estimated to cost about $6,500, and the assessed valuation of the property to be benefited is $5,443,937.

A recent inspection of the ground shows water standing at the intersection of Kingston Avenue and Rutland Road and extending for a distance of about 200 feet in each direction along the latter street. The necessity of immediately carrying out the improvement is quite apparent, and it is recommended that the preliminary work be authorized.

The approval of the plan presented by the Borough President under which these sewers and appurtenances will be incorporated upon the City drainage map is also recommended. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby approves modified drainage plan for Map DD, District 50, showing temporary sewers and force main in Kingston Avenue from Rutland Road to Winthrop Street; in Winthrop Street from Kingston Avenue to Albany Avenue; and in Albany Avenue from Winthrop Street to Clarkson Avenue, together with pump well and connections located near the easterly side of Kingston Avenue between Rutland Road and Fenimore Street, Borough of Brooklyn, bearing the signature of the Acting President of the Borough and dated August 27, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The following resolution was offered:

Whereas, the President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 13th day of May, 1914, and approved by the President of the Borough of Brooklyn on the 19th day of May, 1914, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to construct sewer basins at Kingston avenue, all four corners of Rutland Road; at Albany avenue, southeast and southwest corner of Winthrop street; temporary drain in Kingston avenue, from Rutland Road to a point within the Kingston Avenue Hospital grounds, east of and adjacent to Kingston avenue, about 130 feet south of Rutland Road; force main from said point through Kingston avenue to Winthrop street; in Winthrop street, from Kingston avenue to Albany avenue; temporary drain in Albany avenue, from Winthrop street to Clarkson avenue, together with pumpwell, pump, motor and motor house and all appurtenances, to be installed within the Kingston Avenue Hospital grounds east of and adjacent to Kingston avenue, at a point about 130 feet south of Rutland Road."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Final Authorization.

Borough of Brooklyn.

Additional Pumping Capacity and Additions to the Mechanical Sewage Disposal Plant at Caisson No. 2, Located at the Intersection of West 12th Street and Neptune Avenue, at Coney Island, Borough of Brooklyn (Cal. No. 40).

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 14028. September 29, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Acting President of the Borough of Brooklyn, advising that all of the conditions imposed by the Board on August 27, 1914, in granting the preliminary authorization for the provision of additional pumping capacity and additions to the mechanical sewage disposal plant at Caisson No. 2 located at the intersection of West 12th Street and Neptune Avenue, at Coney Island, have been complied with.

Information was presented in connection with the Local Board resolution to show that the probable cost of the improvement would be about $6,500, of which $3,250 is to be met through an issue of special revenue bonds under the resolution of the Board adopted on August 27, the remainder to be charged against the Street Improvement Fund. The Acting Borough President states that the time to be allowed for the completion of the improvement is 70 days, and that no charges have been made against the Street Improvement Fund for the preliminary work.

The cost of the improvement is now estimated to be $6,500, of which $3,250 is to be charged against the Street Improvement Fund.

The urgency for this improvement was fully established at the time when the preliminary authorization was given and favorable action is recommended.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 6th day of July, 1914, and approved by the President of the Borough of Brooklyn on the 8th day of July, 1914, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to provide additional pumping capacity and additions to the mechanical sewage disposal plant at Caisson No. 2, at West 12th Street and Neptune Avenue, Coney Island, one-half of the cost to be paid by the City and the other half of the cost to be paid by assessment on the property benefited,"

—and thereupon, on the 27th day of August, 1914, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Brooklyn to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Brooklyn had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Brooklyn, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of $6,500; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of $28,866,120 having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized.

Resolved, That 50 per cent. of the cost and expense of the local improvement herein authorized, including the preliminary expenses, shall be borne and paid by the City of New York and the remainder of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Which was referred to the Comptroller.

Board of Water Supply—Claim of Olive Telephone Company (Cal. No. 54).

The Secretary presented a communication from the Board of Water Supply, dated September 25, 1914, requesting approval of the settlement of the claim of the Olive Telephone Company for $3,000 for damages to property and business, including counsel fees and disbursements.

Which was referred to the Comptroller.

Board of Estimate and Apportionment—Fixing Salaries of Various Employees (Cal. No. 55).

The Secretary presented a communication, dated September 26, 1914, from the Comptroller, calling the attention of the Board to the fact that the salaries of a number of employees appointed in Bureaus and Committees of the Board have not been established in accordance with section 56 of the Greater New York Charter and submitting list of such positions.

(The Comptroller recommends, in view of the situation outlined in said report, that the salaries for the positions enumerated be fixed in accordance with said section of the Charter.)

(While all of these positions are of a temporary nature, the Comptroller requests that the Board pass judgment upon this matter, inasmuch as the question has been raised whether or not section 56 of the Charter applies to temporary as well as permanent employees.)

Which was laid over for one week (October 9, 1914).

FIXING DATES FOR FUTURE HEARINGS.

On Franchises.

The Brooklyn City Railroad Company (Cal. No. 56).

The following was presented:

The Brooklyn Heights Railroad Company, September 18, 1914.

To the Honorable Board of Estimate and Apportionment, Municipal Building, New York City, N. Y.:

Gentlemen—Referring to the petition of The Brooklyn City Railroad Company and The Brooklyn Heights Railroad Company, as Lessee, submitted herewith, for the right to construct a double track railroad on Fresh Pond Road between Myrtle Avenue and the so-called Lutheran Cemetery line of railroad, all in the Borough of Queens, I desire to call your attention to the desirability of prompt action on this application so that the people of Richmond Hill and Jamaica may receive benefit from the new rapid transit service soon to be inaugurated over the elevated connection between Ridgewood and Fresh Pond Road. Passengers on the Myrtle Avenue Line of The Brooklyn Heights Railroad Company and (by transfer) on the Jamaica Line of the Brooklyn, Queens County & Suburban Railroad Company, now transfer in large numbers at Ridgewood to the westbound elevated trains and vice versa. By the construction of this short stretch of track on Fresh Pond Road these Myrtle Avenue cars will reach the elevated trains about one (1) mile further East, thereby shortening considerably the time of transit to passengers.

The Brooklyn City Railroad Company formerly had a franchise upon what was once known as Fresh Pond Road but that old road has now been abandoned, and the Court of Appeals has refused the application of your petitioners for a mandamus to compel the Borough President of Queens to issue a permit for the construction of the tracks, that official having refused to grant the permit upon the advice of the Corporation Counsel. Under these circumstances request is made for a franchise on the new Fresh Pond Road.

It is expected that the new Lutheran Cemetery Line will be ready for operation about December 1st, and in order to be of service to the Richmond Hill and Jamaica people the track connection requested ought to be constructed and ready for operation simultaneously with the operation of the new rapid transit line.

Yours truly, T. S. WILLIAMS, President.

Bureau of Franchises, September 22, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The Brooklyn City Railroad Company has, by a petition dated September 18, 1914, applied to the Board of Estimate and Apportionment for a double track street surface railway, as an extension to its existing system, upon and along Fresh Pond Road from Myrtle Avenue to the so-called Lutheran Cemetery Line, Borough of Queens.

It is recommended that Friday, October 30, 1914, be fixed as the date for the preliminary hearing upon this petition.

A resolution in the usual form, fixing such date of hearing, and requesting His Honor, the Mayor, to designate the daily newspapers in which the same shall be published, pursuant to the provisions of law, is herewith transmitted. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

To the Honorable Board of Estimate and Apportionment of the City of New York:

The petition of The Brooklyn City Railroad Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the laws of the State of New York, and heretofore and under date of February 14, 1893, it duly leased its roads and routes to The Brooklyn Heights Railroad Company. Your petitioner has duly made and filed, pursuant to Section 170 of the Railroad Law, a statement of the name and description of the street, road, avenue or highway and private property in or upon which it is proposed to construct, maintain and operate an extension or branch of its railroad as herein set forth.

2. Your petitioner desires to obtain from The City of New York and hereby respectfully applies for its consent to a grant of the franchise or right to use a certain street, road, avenue, highway or public grounds within or belonging to The City of New York for the construction and operation, in and upon the surface thereof, of an extension or branch of its street surface railroad, to consist of a double track street surface railroad, for public use and conveyance of persons and property for compensation, including such poles, wires, conduits, connections, switches, sidings, turnouts, crossovers and suitable stands, equipment or other structures as may be necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same.

3. The following is a description of the said certain street, road, avenue, highway, driveway or public grounds within or belonging to The City of New York in, through, upon or along which your petitioner desires to extend its railroad, to wit:

Beginning at a point in Fresh Pond Road at the intersection of the petitioner's tracks with the track or tracks of its so-called Lutheran Cemetery Line of railroad, extending thence upon and along said Fresh Pond Road to and connecting with the petitioner's track or tracks on Myrtle Avenue in the Borough of Queens, with suitable connections between such extended tracks and the tracks of the so-called Lutheran Cemetery Line and with the existing tracks on Myrtle Avenue.

4. Your petitioner proposes to operate the railroad to be constructed upon said street, either directly or through a lessee, by the overhead trolley system or by any other motive power, other than steam locomotive power, which may be approved by the Public Service Commission for the First District, and consented to by the owners of property bounded upon said route as provided by law.

5. Your petitioner submits herewith a map or plan showing the location of said tracks and connections of the same with its present street surface railroad tracks and said Lutheran Cemetery Line and with its present street surface railroad tracks on Myrtle Avenue, so as to permit of the operation of street surface railroad cars for the conveyance of persons and property over said extension or branch of its said railroad.

Wherefore your petitioner prays that public notice herein of the time and place, when and where this application will be first considered, be duly given as required by the laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all the terms and conditions as to compensation and otherwise, in accordance with the provisions of the Greater New York Charter and the Laws of the State.

Dated at the Borough of Brooklyn, The City of New York, September 18th, 1914.

THE BROOKLYN CITY RAILROAD COMPANY, By FRANK LYMAN, President.

(Seal.)

Attest: Z. E. WATSON, Secretary.

City and State of New York, County of Kings, ss.:

On this 18th day of September, 1914, before me personally came Frank Lyman, to me known, who being by me duly sworn did depose and say that he resided in the Borough of Brooklyn, State of New York; that he is the President of The Brooklyn City Railroad Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

L. C. SANFORD, Notary Public, Kings County, No. 237, Certificate filed in New York County, No. 131, Kings County Register's, No. 6804, New York County Register's, No. 5347. Commission Expires Mch. 30, 1915.

(Seal.)

The following was offered:

Whereas, the foregoing petition from The Brooklyn City Railroad Company dated September 18, 1914, was presented to the Board of Estimate and Apportionment at a meeting held October 2, 1914.

Resolved, That in pursuance of law this Board sets Friday, the Thirtieth day of October, 1914, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard, and be it further

Resolved, That the petition and these resolutions shall be published for at least fourteen (14) days in two daily news papers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the "City Record" immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The petition was then referred to the Bureau of Franchises.

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

Department of Docks and Ferries—Exchange of Land with Harway Improvement Company (Cal. No. 57).

The Secretary presented a report of the Committee on Port and Terminal Facilities on the petition of the Harway Improvement Company, wherein said company offers certain lands, claimed to be owned by it, and required by the City for the construction of the Bensonhurst Storm Water Outlet of the Coney Island Drainage Canal, in exchange for certain other lands in the vicinity to which both the City of New York and the Harway Improvement Company claim title.

(The above petition was presented to the Board on March 13, 1914 (Cal. No. 51), and referred to the Committee on Port and Terminal Facilities.)

(On July 30, 1914 (Cal. No. 337), the Board adopted a modified drainage plan for this improvement.)

(On September 21, 1914 (Cal. No. 12), this matter was laid over until this meeting.)

The matter was laid over for two weeks (October 16, 1914).

Department of Education—Issue of Corporate Stock (Cal. No. 58).

(On September 25, 1914 (Cal. No. 56), the request of the Department of Education in this matter was presented, and on said date (Cal. No. 12) the report of the Committee on Corporate Stock Budget thereon was also presented and the matter laid over for one week, under Rule 19.)

The Secretary presented a resolution of the Board of Education, adopted September 16, 1914, requesting an issue of corporate stock in the sum of $100,000 for the purpose of providing means to pay the salaries and wages of the inspecting and drafting corps, Bureau of Buildings; and the following report of the Committee on Corporate Stock Budget:

City of New York, Department of Finance, Comptroller's Office, September 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 16, 1914, the Board of Education requested the Board of Estimate and Apportionment to issue corporate stock to the amount of $100,000, pursuant to the provisions of the Greater New York Charter, to provide means to defray the cost of wages of the inspecting and drafting corps, Bureau of Buildings. In connection therewith we report as follows:

Schedule 860TC, Salaries, Regular Employees, Maintenance, Repairing, Tax Levy and Corporate Stock Force, in the budget of the Board of Education for the year 1914, provides a total allowance of $427,223.58, of which amount $134,704.33 is Tax Levy and $292,519.25 Corporate Stock. It has been customary to appropriate $250,000 in the corporate stock budget each year for the purposes of this account, but owing to the fact that no corporate stock budget has yet been made for the current year no allowance has been granted for the year beginning last July, with the result that the balance in the account as of date, $14.758.69, is insufficient to meet the September payroll charges, which will approximate $20,000.

In view of the facts stated we recommend the adoption of the attached resolution authorizing the issue of corporate stock in the sum of $50,000, pursuant to the provisions of section 169 of the Greater New York Charter, to provide means for payment of the salaries and wages of the inspecting and drafting corps in the Bureau of Buildings. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; DOUGLAS MATHEWSON, President, Borough of The Bronx; LEWIS H. POUNDS, President, Borough of Brooklyn; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 169 of the Greater New York Charter, hereby authorizes the Comptroller to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars ($50,000.00), the proceeds to the amount of the par value thereof to be applied by the Department of Education to the payment of salaries and wages of the inspecting and drafting corps engaged in the work of construction and improvements, or in the preparation of plans therefor; provided, however, that all payments to be made out of the proceeds of corporate stock herein authorized shall be in accordance with schedules approved by the Board of Estimate and Apportionment.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Department of Bridges—Issue of Corporate Stock (Cal. No. 59).

The Secretary presented a report of the Committee on Corporate Stock Budget referring to the request of the Commissioner of Bridges for an authorization of $175,000 corporate stock for repaving, and for making structural and approach changes, and laying tracks upon the Willis Avenue Bridge to provide facilities for the operation over the bridge of the cars of the Union Railway Company, for which a franchise has recently been granted.

(An examination of the request by the Bureau of Contract Supervision developed the fact that the franchise provided that any alteration to the bridge structure should be made by the railway company, without impairing the usefulness of the bridge; the plans to be approved by the Bridge Department. Most of the requested work was proposed directly for the railway operation, and the repaving is unnecessary, except in conjunction with the railway work.)

(On July 30, 1914 (Cal. No. 238), a communication from the Commissioner of Bridges, submitting departmental estimate of corporate stock requirements for the year 1914, including the above item, was referred to said Committee.)

(On September 21, 1914, the above report was laid over until September 25, 1914, and on the latter date (Cal. No. 70) until this meeting.)

Which was laid over for one week (October 9, 1914).

Department of Education—Issue of Corporate Stock (Cal. No. 60).

The Secretary presented a report of the Committee on Corporate Stock Budget, recommending an issue of $205,049.14 corporate stock to provide means for the construction and equipment of a new building for the Manhattan Trade School for Girls on a site to be acquired on the northwesterly corner of 22d street and Lexington avenue, Borough of Manhattan, with the understanding that the balance of $275,000 required will be provided when rescindments, aggregating $69,950.86, in various corporate stock authorizations heretofore adopted by the Board for the Department of Education, are made.

(The resolution of the Board of Education adopted July 8, 1914, requesting the issue of $275.000 corporate stock for the above purpose, appeared as Cal. No. 235 on July 30, 1914.)

(On July 30, 1914 (Cal. No. 338), this matter was laid over under Rule 19.)

(On August 27, 1914 (Cal. No. 161), September 21 (Cal. No. 129) and September 25, 1914, (Cal. No. 71), it was again laid over; on the latter date until this meeting.)

Which was referred back to the Committee on Corporate Stock Budget.

Department of Parks, Borough of Brooklyn—Approval of Contract Between The City of New York, the Nassau Electric Railroad Company and the Coney Island and Brooklyn Railroad Company Relative to Liability for Expense of Relocating the Railroad Tracks on the 15th Street and 9th Avenue Plaza of Prospect Park, Brooklyn (Cal. No. 61).

The Secretary presented a report of the Committee on Corporate Stock Budget referring to the communication from the Commissioner of Parks, Borough of Brooklyn, transmitting for the approval of the Board a proposed contract between the City of New York, the Nassau Electric Railroad Company and the Coney Island and Brooklyn Railroad Company relative to the liability for the expense of relocating the railroad tracks on the 15th Street and 9th Avenue Plaza of Prospect Park, Brooklyn.

(The report states that an examination of the proposed contract shows that one of its provisions is that the City agrees to join in an action and co-operate in any effort to have the question determined by the Supreme Court as to whether or not the City is liable for the cost and expense incident to said removal, and, another, that the removal of the tracks is for the sole benefit and use of the City and in no way inures to the benefit or gain of the railroad company, etc.)

(In view of the foregoing provisions the Committee recommends that the agreement in its present form be disapproved, and submits for adoption a resolution carrying this recommendation into effect.)

(On April 24, 1914 (Cal. No. 38), the above matter was referred to said Committee.)

(On July 9 (Cal. No. 7) and 30 (Cal. No. 323), August 27 (Cal. No. 160) and September 21, 1914 (Cal. No. 132), this matter was laid over; on the latter date until this meeting.)

Which was laid over for one week (October 9, 1914.)

President, Borough of Manhattan—Issue of Corporate Stock (Cal. No. 62).

The Secretary presented a communication from the President of the Borough of Manhattan, dated July 8, 1914, requesting an issue of $35,000 corporate stock for making repairs to public bath at Nos. 83-85 Carmine street, Manhattan.

(On July 9, 1914 (No. 245), the above communication was laid over to July 30, 1914, and referred to the Committee on Corporate Stock Budget.)

(On July 30 (Cal. No. 335), September 21 (Cal. No. 146) and September 25, 1914 (Cal. No. 73), this matter was again laid over; on the latter date until this meeting.)

Which was laid over for four weeks (October 30, 1914).

Petition for Relief from Assessment in the Matter of the Proceeding for Acquiring Title to Avenue D, Between Flatbush Avenue and Rogers Avenue, Borough of Brooklyn (Cal. No. 63).

(On July 30, 1914 (Cal. No. 108), this matter was laid over until August 27, 1914, and referred to the Committee on Assessments in the meantime, and Mr. Haskell was requested to furnish said Committee with a statement of facts in reference to his objections to the denial of the petition.)

(On August 27 and September 21, 1914, this matter was laid over; on the latter date (Cal. No. 154), until this meeting.)

The Secretary presented a communication from Mr. Robert H. Haskell, dated September 23, 1914, transmitting a communication addressed to him by John M. Zurn, one of the Commissioners in the proceeding, stating that in his opinion the property owners are entitled to further relief, and that, if it were within the legal power of the commissioners to grant such relief, he would have been heartily in favor of the same.

Mr. Robert H. Haskell appeared in support of the petition.

On motion, the matter was laid over for one week (October 9, 1914).

Vesting Title to Queens Boulevard, Between the Easterly Line of Fiske Avenue and Hillside Avenue, Borough of Queens (Cal. No. 64).

A communication was presented from Mr. Gilbert W. Roberts, dated August 18, 1914, objecting to the vesting of title to Damage Parcel No. 357, pending the completion of proceedings which are intended to establish its ownership.

(On August 27, 1914 (Cal. No. 115), the matter was laid over until September 21, 1914 (Cal. No. 148), when it was laid over until this meeting and referred to the Chief Engineer for report.)

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 14024. September 28, 1914.

Hon. JOHN PURROY MITCHEL, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board held on September 21, 1914, a communication, dated August 20, 1914, from the Acting President of the Borough of Queens, requesting the adoption of a resolution providing for the vesting of title in Queens Boulevard from the easterly line of Fiske Avenue to Hillside Avenue was referred to the Chief Engineer for a report to be presented to the Board at the meeting of October 2d.

In his communication the Acting Borough President referred to requests which have been received from many citizens of the Borough urging the vesting of title without delay, and at the meeting of September 21 some of these citizens appeared in person to urge such action, while letters containing the same requests have been addressed to the Board by S. B. Severson, on behalf of the Queens Boulevard Committee of the Chamber of Commerce, by the Kew Gardens Corporation, by H. P. Williams, and by Walter I. Willis, Secretary of the Chamber of Commerce of the Borough of Queens, while Mr. Gilbert W. Roberts requested that certain damaged parcels, title to which was claimed by him but which are the subject of litigation, should be excepted from any resolution vesting title.

The question as to the advisability of vesting title at this time should, in the judgment of your Engineer, be determined by the likelihood of an increase in values between the present time and the probable date of the confirmation of the proceeding. If there is no advance in such values the costs of the proceeding would be increased by the amount of interest on the awards, while if there is a substantial increase in values, the ultimate costs of the proceeding to the City and to the property owners within the area of assessment would be decreased by the excess of such advance in values over the interest from the date of vesting of title to the date of confirmation. There have been few recent transfers of real estate along the line of this boulevard, and recourse must, therefore, be had to the record of changes in assessed values during the last few years. Ten separate locations which are believed to be typical have been selected for such examination, and the record is found to be as follows:

1. In a block about half way up the hill between the Sunnyside Yard and Greenpoint Avenue there was an increase from 1910 to 1911 of about 75%, but there has been no change whatever from 1911 to 1914.

2. A block in the Woodside section has been selected, and it is here found that, while there was an increase of approximately 50% from 1910 to 1911, there has been no change whatever during the last three years.

In the two localities above named title has already been vested in the City, and such vesting took place after the increase in assessed values, which have apparently remained constant since that time.

3. Two blocks beyond Fiske Avenue, which is the limit of the section to which title has been vested, the Tax Department records show an increase of 100%, and in some lots even more, from 1910 to 1911. These values were constant until 1913, but were increased in 1914 by from 25% to 50%.

4. Four blocks beyond the crossing of the North Side Division of the Long Island Railroad and near Maurice Avenue, a typical block was selected, where it was found that the increase from 1910 to 1911 was about 150%, since which time there has been no increase except in the case of one lot, where there was an increase of 15 per cent.

5. At the crossing of Grand Street, in a block containing two large parcels it is found that one of these parcels was increased 16 per cent. in 1911 and the other remained unchanged until 1913, while in 1914 the assessed value of both was increased about 30 per cent.

6. About four blocks east of Grand Street a typical block shows that there was an increase of from 20 per cent. to 50 per cent. in 1911, since which time there has been no change whatever.

7. In a block near the North Hempstead Turnpike it is found that in 1911 there

was a slight increase, less than 10 per cent., while there has been no change since that time.

8. In a block opposite the development of the Sage Foundation Co. at Forest Hills Gardens, I do not find any record of the values before 1912, but in 1914 there was an increase of nearly 80 per cent.

9. In a block near Hillside Avenue and on the outskirts of Jamaica, it is found that there have been no changes at all since 1910.

10. In a block near Fulton Street, in Jamaica, the records indicate that there has been no change in values since 1911.

The only conclusion which can be drawn from the above data is that, in view of the absence of any change in assessed values on the portions of the street where title has been vested, nothing appears to have been gained by such vesting, although in view of the actual work of construction of the Rapid Transit line in this part of the street such an increase might have been expected, but if it has taken place it is not reflected in the assessed values.

On the sections where title is not yet vested there appear to be three cases where there has been an increase in assessed value and five cases where there has been no change.

It is difficult to secure an unbiased opinion as to whether there is likely to be an increase in values during the year or year and a half which is likely to elapse before the title proceeding can be consummated. The opinion expressed by those whose judgment is believed to be good and who have no personal interest in the property is that there will be no material change during the next year.

It is realized that the vesting of title will have some advantages to those who own property along this street, and that it will permit them to improve this property, although such improvement is unlikely unless the widened portion of the street shall have been graded. It should in justice be noted that the owners of the property along Queens Boulevard have shown no disposition to erect buildings or make other improvements for the express purpose of securing large awards from the City for buildings of small value.

Considering the question as a financial one only and that the answer will be determined by the probability or improbability of a saving in cost by the vesting of title, I am unable to find any evidence that there will be an increase in values which would probably be greater than the interest on the awards if title were vested at the present time, and I am therefore unable to recommend such action. If, however, the Board should conclude to adopt a resolution vesting title in the City in the near future, I suggest that two exceptions be made, as follows:

1. In the case of the Presbyterian Church located on the southerly side of the street just east of Broadway the trustees of the church, which would fall almost wholly within the lines of the street, are said to have agreed to accept as an award for the building the cost of moving it back to a new site, instead of claiming an award based upon total destruction. I have been informed that the trustees propose to have plans and specifications prepared for this work and to receive bids from several responsible contractors and to agree to accept as their award for the building the cost of removal as determined by the lowest bid. In case the results are not satisfactory to the City, it may be necessary to change the lines of the street for several blocks. It is therefore suggested that any resolution for vesting title exclude that portion of the southerly side of the street between the easterly side of Grand Street and the northwesterly side of Caldwell Avenue, and also that portion of the northerly side beween the easterly side of Broadway and the northwesterly side of Martense Street.

2. The title to damage parcel number 357, lying on the southerly side of Queens Boulevard about 180 feet east of Fiske Avenue is in dispute, and the Board has been requested to exclude this from any resolution vesting title, with the expressed understanding that any right to have the testimony reopened on the ground of increase in value will be waived. This parcel also might properly be excluded.

At the meeting of September 21 the President of the Borough of The Bronx suggested that it might be well for your Engineer to look up the records in connection with the vesting of title to the Grand Boulevard and Concourse and to Washington Avenue, in the Borough of The Bronx. I find that the opening of the Grand Boulevard and Concourse was authorized in 1896 and Washington Avenue in 1894, that title in the former street was vested in 1897 in two sections by the confirmation of the proceeding and in five other sections at times varying from two months to four years before confirmation; and that in the case of Washington Avenue title was vested 4½ years before confirmation. At that time, however, the interest on awards was paid by the City and was not included in the assessment, so that it does not appear in the final report of the Commissioners. In the short time available I have not been able to find out how much this interest amounted to or what was the actual increase in values.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Messrs. Alrick H. Man, R. W. Kellogg, Charles P. Caldwell, Herbert A. O'Brien, H. P. Williams and John Adikes appeared in support of the request for vesting of title.

On motion, the matter was referred back to the Chief Engineer of the Board to ascertain and report to the Board as to what, if any, parcels it will be to the advantage of the City to vest title at this time.

Sewers in West 176th Street, Davidson Avenue, Grand Avenue, West 175th Street, West 174th Street, Featherbed Lane, Inwood Avenue and in Belmont Street, Borough of The Bronx (Cal. No. 65).

(On July 30, August 27, and September 21, 1914 (Cal. No. 150), this matter was laid over; on the latter date until this meeting.)

The Secretary presented a resolution adopted by the Local Board of the Van Courtlandt District, Borough of The Bronx, on June 16, 1914, and a report of the Chief Engineer of the Board, dated July 24, 1914.

On motion, the matter was laid over for four weeks (October 30, 1914).

Paving and Curbing Prospect Avenue, from East 149th Street to Boston Road, Borough of The Bronx (Cal. No. 66).

(On July 30, 1914 (Cal. No. 133), this matter was laid over until this meeting.)

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 13092. July 25, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a joint resolution of the Local Boards of the Morrisania and Crotona Districts, Borough of The Bronx, adopted on December 19th, 1913, initiating proceedings for paving with asphalt (permanent pavement), where not already paved, and for curbing where necessary Prospect Avenue, from East 149th Street to Boston Road.

This resolution affects about one and one-half miles of Prospect Avenue, title to which has been legally acquired. The street is paved with a surface of the same character as that now proposed, excepting along the center, where malls about 20 feet wide have been constructed. The abutting property is largely improved and all of the subsurface structures have been provided. It is understood that the resolution now presented relates only to the space within the malls.

The improvement is petitioned for by six owners representing about six per cent. of the frontage, the assessed valuation of which, excluding buildings, is estimated at $275 per linear foot. The Borough President advises that the improvement is desired to facilitate vehicular traffic and also from the viewpoint of sanitation, it being understood that the existing malls form a repository for refuse of various kinds and are unsightly for the reason that the grass originally planted has entirely disappeared.

The work is estimated to cost about $33,700, or $5.70 per linear foot, and the assessed valuation of the property to be benefited is stated to be $10,697,980.

While considerable inconvenience to traffic may result by reason of the present narrow width of the roadways heretofore provided in this street, and while the desirability of either removing the existing malls or of ensuring their proper maintenance is apparent, I believe that the authorization of this improvement might be deferred until such time as the condition of the Street Improvement Fund is such as to permit of carrying out other improvements which are clearly of a more urgent character.

Respectfully, ARTHUR S. TUTTLE, Deputy Chief Engineer.

On motion, the matter was referred back to the Chief Engineer of the Board.

Sewers in Liberty Avenue from Chestnut Street to Greenwood Avenue, and in Greenwood Avenue from Liberty Avenue to Kimball Avenue, Borough of Queens (Cal. No. 67).

(On September 25, 1914 (Cal. No. 39), this matter was laid over until this meeting.)

The Secretary presented a resolution adopted by the Local Board of the Jamaica District, Borough of Queens, on September 23, 1913, and a report of the Chief Engineer of the Board, dated September 19, 1914.

On motion, the matter was laid over for one week (October 9, 1914).

Sewers in Hunterspoint Avenue, Borden Avenue, Laurel Hill Avenue, Towns Place, Locust Street, Anable Avenue, Greenpoint Avenue, Queens Boulevard (Northerly Side) and in Nelson Avenue, Borough of Queens (Cal. No. 68).

(On September 21, 1914 (Cal. No. 151), this matter was laid over until this meeting.)

The Secretary presented a resolution adopted by the Local Board of the Newtown District, Borough of Queens, on July 16, 1914, and a report of the Chief Engineer of the Board, dated September 17, 1914.

Mr. George S. Mettendorf appeared and requested that the matter be referred back to the Chief Engineer.

On motion, the matter was referred back to the Chief Engineer of the Board.

Paving Ditmars Avenue, from Second Avenue to Crescent Street, Borough of Queens—Final Authorization (Cal. No. 69).

(On July 30, 1914, this matter was referred back to the Chief Engineer to be withheld until more conclusive evidence of its immediate need could be shown.)

(On September 25, 1914 (Cal. No. 41), the report of the Chief Engineer was presented and the matter was laid over until this meeting.)

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 14019. September 22, 1914.

Honorable JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on July 30 a resolution of the Local Board of the Newtown District, Borough of Queens, providing for paving with asphalt Ditmars Avenue, from Second Avenue to Crescent Street, was referred back to the Chief Engineer to be withheld until the pressing need of this improvement should have been demonstrated. The Board gave preliminary authorization on June 12, at which time resolutions of this kind were adopted if there was no obvious reason for refusing favorable action. Since that date, however, and in view of existing financial conditions, the Board has required conclusive evidence as to the pressing need of an improvement before giving final authorization.

The chief petitioner for the paving of Ditmars Avenue is Dr. J. J. Kindred, of the River Crest Sanatorium, which consists of a group of buildings fronting upon Wolcott Avenue, which is one block north of Ditmars Avenue, and the chief reason urged for the improvement is that there are no improved roads by which fire engines can reach any of the buildings of the Sanatorium in case of fire. The property of the River Crest Sanatorium does not extend all the way through the block to Ditmars Avenue, so that this institution is not the owner of any of the frontage upon the street which it desires to have improved, and would, therefore, pay a very small part of the assessment. This was brought to the attention of Dr. Kindred, who frankly admitted the fact and explained that his only reason for urging the improvement of Ditmars Avenue instead of Wolcott Avenue is that the pavement now on Second Avenue ends at Ditmars Avenue, and that this pavement would have to be extended for one long block in order to reach Wolcott Avenue, and if this were done he would much prefer to have the last-named street improved rather than Ditmars Avenue, which is in his rear and upon which he has no frontage. He further stated that he has been working for years to have the Second Avenue pavement carried as far as Ditmars Avenue, and that the pavement on the last few blocks has only been completed within a few weeks. Although there has recently been an elevated railroad, which is part of the dual transit system, constructed on Second Avenue as far as Crescent Street, the abutting property for many blocks is entirely unimproved, and anyone passing along this street would conclude that the improvement already carried out was premature. With the operation of this new transit line in Second Avenue the improvement of the abutting property will probably be rapid.

It has been suggested to Dr. Kindred that the cheapest way for him to provide a road to his institution which would be passable in winter would be to lay, at his own expense, a strip of macadam in the one block of Second Avenue between Ditmars Avenue and Wolcott Avenue, and in Wolcott Avenue from Second Avenue to the entrance to his sanatorium, which is several short blocks. He says, however, that to lay such a macadam pavement, which would soon be displaced by a permanent pavement, would be a waste of money, and perhaps he is right. But the fact remains that the proper way to reach the petitioner's property is by extending the Second Avenue pavement to Wolcott Avenue and the improvement of Wolcott Avenue, where he owns the frontage, rather than to carry out a costly improvement on a street in the rear, almost the entire expense of which improvement would be borne by some one else. The alternative suggestion would involve a greater draft upon the Street Improvement Fund, as it would include one long block of Second Avenue, and it would further involve a delay inasmuch as it would necessitate a new Local Board resolution. It is highly improbable, however, that the improvement could be carried out during the present year, and inasmuch as there is now a fair dirt road leading to the sanatorium which is always passable in summer, the delay might not be a serious matter, while the petitioner admits that this would be a proper solution of the problem. It is possible that the work could be caried out this fall if it were authorized at the meeting of September 25, and the facts are therefore submitted to the Board for its consideration. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The President of the Borough of Queens offered the following:

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 20th day of September, 1912, and approved by the President of the Borough of Queens on the 2d day of October, 1912, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating and paving with a permanent pavement consisting of sheet asphalt on a concrete foundation, six (6) inches in thickness, and all work, incidentl thereto, in Ditmars Avenue from Second Avenue to Crescent Street, First Ward of the Borough of Queens,"

—and thereupon, on the 12th day of June, 1914, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminry expenses, will be the sum of $14,800; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of $283,300 having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Repaving Flushing Avenue from the Kings County Line to Grand Street, Borough of Queens (Cal. No. 70).

(On September 25, 1914 (Cal. No. 40), this matter was laid over until this meeting.)

The Secretary presented a resolution adopted by the Local Board of the Newtown District, Borough of Queens, on March 15, 1912, and a report of the Chief Engineer of the Board, dated September 15, 1914.

On motion, the matter was laid over for one week (October 9, 1914).

President, Borough of Richmond—Issue of Special Revenue Bonds—Transfer of Appropriation and Modification of Schedules (Cal. No. 71).

(On July 30, 1914 (Cal. No. 261), the request of the President, Borough of Richmond, in this matter was referred to the Comptroller.)

(On September 25, 1914 (Cal. No. 30), the report of the Comptroller thereon was presented and the matter was laid over for one week, under Rule 19).

The Secretary presented a communication from the President of the Borough of Richmond, dated July 8, 1914, requesting an issue of Special Revenue Bonds in the sum of $23,526.87 to reimburse account entitled "801TC—Street Cleaning," for funds expended in the removal of snow and ice in the Borough of Richmond during the first quarter of the year 1914; and the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, September 19, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication dated July 8, 1914, the President of the Borough of Richmond requested that special revenue bonds be issued to the extent of $23,526.87 to reimburse account entitled "801TC—Street Cleaning," for funds expended in the removal of snow and ice in the Borough of Richmond during the first quarter of the year 1914.

The request is made in accordance with section 546 of the Greater New York Charter.

In a resolution adopted March 6, 1914, the Board of Estimate and Apportionment authorized such additional expenditure as might be required, not to exceed $25,000, for the removal of snow, to be paid out of any unexpended balance of the appropriation for the Bureau of Street Cleaning in the office of the President of the Borough of Richmond for the year 1914.

The amount requested is based upon the cost of removing snow and ice during the first quarter of 1914, in excess of the amount allowed for that period in the Cost Data Budget, after deducting an amount equal to the savings effected on other classes of work during the same period as shown in the following statement:

Cost of snow removal, not including sidewalks and gutters	$33,874 51
Work cost allowance for first quarter, 1914 Budget	6,880 00
Amount expended in excess of work cost allowance	$26,994 51
Saving effected on other classes of work	3,467 64
Net amount expended in excess of work cost allowance	$23,526 87

In making this request for $23,526.87 of special revenue bonds, it was apparently overlooked that the Work Cost Data Allowance, namely, $6,880, included the sum of $5,044.58 of special revenue bonds, which had not been authorized or issued, and therefore this amount should not have been considered in determining the amount of the excess expenditure for which an issuance of special revenue bonds is requested. The basis upon which the request should have been made is as follows:

Cost of snow removal, not including sidewalks and gutters	$33,874 51
Tax Levy Allowance for first quarter 1914	1,835 42
Amount expended in excess of Tax Levy Allowance	$32,039 09
Net saving on other classes of work	3,467 64
Net amount expended in excess of Tax Levy Allowance	$28,571 45

The request, therefore, should have been made for an issuance of special revenue bonds to the extent of $28,571.45 to reimburse Account No. 801 TC, representing the excess cost of snow removal.

It will not be necessary, however, to issue special revenue bonds for the full amount of the excess cost of snow removal, namely, $28,571.45, as there remains at the present time an unexpended balance of $10,057.90 in Account No. 800, Care of Sewers, which is available for transfer and which will not be required for the work of the Bureau of Sewers. It also appears that the Cost Data figures for the Bureau of Street Cleaning for the quarter ending June 30, 1914, show a reduction of $2,032.50 below the amount allowed in the 1914 Cost Data Budget for that quarter. By utilizing this saving of $2,032.50 and transferring the available balance of $10,057.90 from Account No. 800, Care of Sewers, to Account 801 T.C., Street Cleaning, a deficit then remains amounting to $16,481.05, to meet which additional funds are required.

The items contained in the foregoing expenditures have been checked and verified by an examiner attached to the Bureau of Municipal Investigation and Statistics with the records kept in the office of the President of the Borough of Richmond.

In view of the facts stated in this report, the adoption of the attached resolutions authorizing the issuance of special revenue bonds to an amount not exceeding $16,481.05 and approving of the schedules as revised to include this additional appropriation, together with the transfer of $10,057.90 referred to, is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to Section 237 of the Greater New York Chapter, hereby approves of the transfer of funds appropriated to the office of the President of the Borough of Richmond, for the year 1914, as follows:

FROM	
800 Care of Sewers	$10,057 90
TO	
801 TC Street Cleaning	$10,057 90

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

—

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the office of the President of the Borough of Richmond, for the year 1914, as follows:

800 Care of Sewers, Cost Data Budget	$42,971 73
801 TC Street Cleaning, Cost Data Budget	$254,739 79
Tax Levy Allowance	$237,558 74
Revenue Bond Allowance	16,481 05
Corporate Stock Allowance	700 00
Total Allowance	$254,739 79

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

—

The following resolution was offered:

Resolved, That, pursuant to the provisions of Section 546 of the Greater New York Charter, the Comptroller be and he is hereby authorized to issue special revenue bonds of the City of New York to the amount of $16,481.05, redeemable from the tax levy of the year succeeding the year of their issue, the proceeds thereof to be applied to the refunding of appropriations for the Bureau of Street Cleaning, in the office of the President of the Borough of Richmond, for the year 1914, for the amounts expended therefrom for the removal of snow and ice.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Department of Education—Acquisition of Property as a Site for Manhattan Trade School for Girls (Cal. No. 72).

The Secretary presented a report of the Comptroller, recommending the acquisition of property on the northwest corner of Lexington Avenue and East 22nd Street, Borough of Manhattan, at private sale at a price not exceeding $125,000 for parcel No. 1 and $45,000 for parcel No. 2, as a site for a new building for the Manhattan Trade School for Girls, under the jurisdiction of the Board of Education.

(The resolution of the Board of Education, adopted July 8, 1914, requesting the acquisition of this property, appeared as Calendar No. 260 on July 30, 1914.)

(On July 30, 1914 (Cal. No. 373), this matter was laid over under Rule 19.)

(On August 27, 1914 (Cal. No. 173), September 21 (Cal. No. 135), September 25, 1914 (Cal. No. 72), the matter was laid over; on the latter date until this meeting.)

The Secretary also presented a report of the Chief Engineer (14007), made in accordance with Rule No. 35, stating that the acquisition of this building site will in no way interfere with the city plan, and that there are no changes in the street lines in this neighborhood now under consideration.

Which were referred to the Committee on Corporate Stock Budget.

Department of Finance—Status of the Fund for Street and Park Openings (Cal. No. 73).

The Secretary presented a communication from the Comptroller showing the status of the Fund for Street and Park Openings.

(On July 30 (Cal. No. 376), September 21 (Cal. No. 137), and September 25, 1914 (Cal. No. 75), this matter was laid over; on the latter date until this meeting.)

Which was laid over for two weeks (October 16, 1914).

Policy of the Board with Respect to Advancing Street Opening Proceedings (Cal. No. 74).

The Secretary presented a communication from the Engineer submitting a list of proceedings for acquiring title to streets which should be authorized or advanced.

(Engineer reports (13529) that this list has been prepared in accordance with instructions given by the Board at its meeting held on July 10. From the report it appears that 133 resolutions for acquiring title to streets are now awaiting consideration, of which number 65 cannot be favorably reported at the present time, and that rule and damage maps have been presented relating to 44 proceedings heretofore authorized, of which number the approval of 9 will have to be temporarily withheld until proposed amendments in the plans have been approved or until pending changes in the street lines have been legalized.)

(On July 30, 1914 (Cal. No. 112), action was taken on several items in the above communication and the matter was then laid over until September 21, 1914, as was also the question of general policy on Street Opening proceedings.)

(On September 21 (Cal. No. 157) and September 25, 1914 (Cal. No. 76), this matter was again laid over; on the latter date until this meeting.)

On motion, the matter was laid over for two weeks (October 16, 1914).

MATTERS CONSIDERED BY UNANIMOUS CONSENT.

The following matters not on the Calendar for this day were considered by unanimous consent:

Department of Bridges—Transfer of Appropriation (No. 75).

(On August 27, 1914 (Cal. No. 127), the request of the Commissioner of Bridges in this matter was referred to the Committee on Corporate Stock Budget and an additional communication relative thereto from said Commissioner was presented as Cal. No. 47 this meeting.)

The Secretary presented two communications from the Commissioner of Bridges, dated July 30 and September 26, 1914, respectively, requesting (1) an issue of $69,984.50 corporate stock for salaries and wages and for transportation chargeable to Construction for the remainder of the year 1914, and (2) for an immediate appropriation of $62,000 for said purposes; together with the following report of the Committee on Corporate Stock Budget:

The City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, September 30, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On August 27, 1914, you referred to the Corporate Stock Budget Committee a communication from the Bridge Commissioner, dated August 27, 1914, requesting an authorization of $69,984.50 of corporate stock for the payment of salaries and wages of the labor construction forces and for transportation chargeable to corporate stock. The Bridge Commissioner on September 26, 1914, requested that this amount be reduced to $62,000.

With the adoption of the 1914 budget your board approved schedules of the labor construction forces of the Department of Bridges providing for the payment of $249,436.50 in salaries and wages from corporate stock. The Budget also provides for a corporate stock allowance of $280 for "Transportation, Hire of Horses and Vehicles with Drivers." The total allowance provided in the budget and payable from corporate stock is $249,716.50. Partial allowances of $84,000 authorized January 9, 1914, $50,000 authorized April 3, 1914, and $42,000 authorized July 2, 1914, have been made. The present request is for the payment of the salaries and wages of the engineering construction forces for the remainder of the year.

There are outstanding payrolls for which provision is requested amounting to approximately $22,800.

To meet this request we recommend that the sum of $62,000 be transferred, pursuant to the provisions of Section 237 of the charter, from the fund entitled "Money Available for Permanent Improvement for Which Corporate Stock May Lawfully Be Issued" to the fund entitled "Department of Bridges, Salaries and Wages of Engineering Construction Force."

The adoption of the attached resolution will carry our recommendations into effect, Respectfully,

WM. A. PRENDERGAST, Comptroller; O. GRANT ESTERBROOK, Acting President, Board of Aldermen; E. W. VOORHIES, Acting President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, as amended by Chapter 36 of the Laws of 1913, hereby applies sixty-two thousand dollars ($62,000) of the fund entitled, "Moneys Available for Permanent Improvements for Which Corporate Stock May Lawfully be Issued," C. F. M.-24 towards the payment of salaries and wages, engineering construction force of the Department of Bridges, Account C. D. B. 54; and for this purpose approves the transfer of said amount from said fund for the uses of the Department of Bridges.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Docks and Ferries—Acquisition of Property for Barge Canal Terminals (No. 76).

The Secretary presented a communication, dated September 30, 1914, from the Secretary of the Canal Board requesting that the Board authorize one of its representatives to confer with the Canal Board for the purpose of arranging for an agreement as provided by law for the taking on the part of the State of that portion of the City's property which will become a part of the barge canal terminals.

Which was referred to the Committee on Port and Terminal Facilities.

Department of Health—Amendment of Issue of Corporate Stock (No. 77).

The Secretary presented a communication from the Secretary of the Board of Health, dated October 1, 1914, together with copy of resolution adopted by said Board on September 29, 1914, requesting that the resolution adopted by the Board of Estimate on July 17, 1911, authorizing the issue of $125,000 corporate stock to provide means for the construction of a contagious disease hospital in the Borough of The Bronx, be amended by apportioning $100,000 of said amount for the construction of building and $25,000 for the improvement of the grounds.

Which were referred to the Committee on Corporate Stock Budget.

Court of Special Sessions—Amendment to Departmental Estimate for 1915 (No. 78).

The Secretary presented a communication, dated October 1, 1914, from the Chief Clerk of the Court of Special Sessions requesting that there be added to the Departmental Estimate for the Court of Special Sessions for the year 1915, the item "Switchboard Operator at $750 per annum for one incumbent."

Which was referred to the Committee on Tax Budget.

Department of Health—Establishment of Position of Food Expert (No. 79).

The Secretary presented a communication, dated September 29, 1914, from the Board of Health, requesting the establishment of the position of Food Expert in the Department of Health with salary at the rate of $250 per month.

Which was referred to the Committee on Salaries and Grades.

Department of Public Charities—Retirement of Thomas F. Murray, Engineer (No. 80).

The Secretary presented a communication, dated September 29, 1914, from the Commissioner of Public Charities, requesting the retirement, pursuant to Chapter 669 of the Laws of 1911, as amended, of Thomas F. Murray, Engineer at the Metropolitan Hospital, Blackwell's Island.

Which was referred to the Committee on Salaries and Grades.

Department of Water Supply, Gas and Electricity—Retirement of Various Employees (No. 81).

The Secretary presented four (4) communications, dated September 30, 1914, from the Secretary to the Mayor, transmitting four communications dated September 28, 1914, from the Commissioner of Water Supply, Gas and Electricity, requesting the retirement, pursuant to Chapter 669 of the Laws of 1911, as amended, of the following employees in his Department: John Phelan, Laborer; Thomas E. Lynch, Foreman; James Conway, Assistant Foreman, and Thomas Coggey, Assistant Foreman.

Which were referred to the Committee on Salaries and Grades.

Board of Water Supply—Approval of Settlement of Award for Parcel 72, Section 2, Northern Aqueduct (No. 82).

The Secretary presented a communication, dated September 29, 1914, from the Board of Water Supply, requesting that the Board approve of the settlement of award for Parcel 72, Section 2, Northern Aqueduct, with James E. Horton, subject to the construction of a new right of way in addition to the right of way shown on Map Acc. E-651 instead of in lieu thereof.

(On May 15, 1914 (Cal. No. 172), the Board adopted a resolution on the recommendation of the Comptroller approving of the purchase of the above parcel of land and of the construction of the right of way shown on Map Acc. E-651 in lieu of the right of way shown on the original map.)

Which was referred to the Comptroller.

Pelham Park and City Island Railway Company, Inc. (No. 83).

A communication was received from the Public Service Commission for the First District, transmitting certified copy of order adopted by the Commission on September 29, 1914, extending the time until December 31, 1914, for the Pelham Park and City Island Railway Company, Inc., to complete the construction of its street surface railroad and to issue stock.

Which was referred to the Bureau of Franchises.

Fifth Avenue Coach Company (No. 84).

A communication was received from Mrs. Frank D. Pavey, urging the grant of a franchise to the Fifth Avenue Coach Company to operate its omnibus lines on Park Avenue, Borough of Manhattan.

Which was referred to the Bureau of Franchises.

Department of Public Charities—Retirement of Mary A. Morrin, Hospital Helper (Nurse), (No. 85).

The Secretary presented a communication, dated September 29, 1914, from the Commissioner of Public Charities, withdrawing application for the retirement, pursuant to Chapter 669 of the Laws of 1911, as amended, of Mary A. Morrin, Hospital Helper (Nurse) on Randall's Island.

(The above application was presented to the Board on May 8, 1914 (Cal. No. 60), and referred to the Committee on Salaries and Grades. The Commissioner of Public Charities now states that Miss Morrin's health has sufficiently improved since making the above application and that she is still able to do her work satisfactorily and she requests that her application for retirement be withdrawn for the present.)

The Secretary was directed to notify the Committee on Salaries and Grades and request the return of the application.

Public Service Commission for the First District—Approval of Estimate of Cost of Erection of Structural Steel for the Bridge Across Tracks of the New York Central & Hudson River Railroad Company at Exterior Street, Borough of The Bronx (No. 86).

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, OCTOBER 8, 1914.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

Amendments to Sanitary Code.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held September 29, 1914, the following resolution was adopted:
Resolved, That Section 167 of the Sanitary Code be and the same is hereby amended so as to read as follows:
Section 167. No interment, cremation, or other disposition of the dead body of any human being shall be made within the City of New York without a permit therefor granted by the Board of Health, nor otherwise than in accordance therewith, and said dead body shall placed in a metallic or tin-lined box, or a box so constructed as to prevent the issuance of any liquids therefrom; and no sexton or other person shall assist in, or assent to, or allow any such interment, or aid or assist about preparing any grave or place of deposit for any such body, or assist in the cremation of the same, for which such permit has not been given authorizing the same. And it shall be the duty of every person who shall receive any such permit, to preserve and to return the same to the Department of Health, as its regulations may require.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment, held on September 25, 1914, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York on February 13, 1913, authorized a proceeding for acquiring title to Dyre Avenue from Boston Road to the northerly line of The City of New York, Borough of The Bronx, which proceeding was amended on November 20, 1913, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment October 23, 1913, under which a change was made in the lines of Dyre Avenue between East 233rd Street and the City Line, the proceeding as amended providing for the acquisition of title to Dyre Avenue from Boston Road to the northerly line of The City of New York as then laid out; and

Whereas, the Board is considering the advisability of further amending the said proceeding so as to conform to a map or plan adopted by the Board of Estimate and Apportionment July 30, 1914, and approved by the Acting Mayor August 17, 1914, under which an additional change was effected in the lines of Dyre Avenue in the section north of Light Street, consisting in decreasing the street width from 100 feet to 80 feet in the two northerly blocks, and in flaring the street lines in the block south of East 233rd Street, so as to meet the original street lines at Light Street; the amendment now proposed providing for the acquisition of title to Dyre Avenue from Boston Road to the northerly city line as said Dyre Avenue is now laid out upon the map or plan of The City of New York.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed modified district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the northerly boundary line of The City of New York distant 100 feet westerly from the prolongation of the westerly line of Harper Avenue, as this street is laid out where it meets the City Line, the said distance being measured at right angles to Harper Avenue, and running thence southeastwardly along the said boundary line to the intersection with the southeasterly right-of-way line of the New York, Westchester and Boston Railroad; thence southwestwardly along the said right-of-way line to a point distant 100 feet northerly from the northerly line of East 233rd Street, the said distance being measured at right angles to East 233rd Street; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of East 233rd Street to a point distant 100 feet easterly from the easterly line of Merritt Avenue, the said distance being measured at right angles to Merritt Avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Merritt Avenue to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Boston Road, the said distance being measured at right angles to Boston Road; thence westwardly along the said line parallel with Boston Road to the intersection with a line midway between DeLavall Avenue and Merritt Avenue; thence southwardly along the said line midway between DeLavall Avenue and Merritt Avenue to a point distant 100 feet southerly from the southerly line of Hollers Avenue; thence westwardly and parallel with Hollers Avenue to the intersection with a line midway between Rombouts Avenue and DeLavall Avenue; thence southwardly along the said line midway between Rombouts Avenue and DeLavall Avenue to the intersection with a line midway between Hollers Avenue and Tillotson Avenue; thence westwardly along the said line midway between Hollers Avenue and Tillotson Avenue to the intersection with a line midway between Varian Avenue and Wright Avenue; thence northwardly along the said line midway between Varian Avenue and Wright Avenue and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Harper Avenue as this street is laid out where it adjoins Conner Street, the said distance being measured at right angles to Harper Avenue; thence northwardly along the said line parallel with Harper Avenue and along the prolongations of the said line to the intersection with a line parallel with Harper Avenue as this street is laid out where it meets the City Line and passing through the point of beginning; thence northeastwardly along the said line parallel with Harper Avenue to the point or place of beginning.

Resolved, That this Board consider the proposed modified district of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 23rd day of October, 1914, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 23rd day of October, 1914.

Dated, October 9, 1914.

JOSEPH HAAG, Secretary, Municipal Building. Telephone, 4560 Worth. o9,21

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on September 25, 1914, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding authorized by said Board on February 23, 1911, for acquiring title to Milton Street from Flushing Avenue to Grand Street, Borough of Queens, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment June 26, 1914, and approved by the Mayor July 10, 1914, on which Milton Street was carried to an intersection with Flushing Avenue along a direct prolongation of the street as laid out between Frederick Street and the Long Island Railroad; the proposed amended proceeding providing for the acquisition of title to Milton Street from Flushing Avenue to Grand Street as said Milton Street is now laid out upon the map or plan of The City of New York.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed modified district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the northwesterly line of Flushing Avenue where it is intersected by a line distant 100 feet easterly from and parallel with the easterly line of Milton Street, the said distance being measured at right angles to Milton Street, and running thence southeastwardly at right angles to Flushing Avenue to a point distant 100 feet southeasterly from its southeasterly side; thence southwestwardly and always distant 100 feet southeasterly from and parallel with the southeasterly line of Flushing Avenue to the intersection with a line at right angles to Flushing Avenue and passing through a point on its southeasterly side where it is intersected by the prolongation of a line midway between Furman Avenue and Milton Street as these streets are laid out between Frederick Street and Flushing Avenue; thence northwestwardly along the said line at right angles to Flushing Avenue to the intersection with its southeasterly side; thence northwardly and always midway between Furman Avenue and Milton Street and the prolongations thereof, to a point distant 100 feet northerly from the northerly line of Grand Street; thence eastwardly and parallel with Grand Street to a point distant 100 feet easterly from the easterly line of Milton Street; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Milton Street to the point or place of beginning.

Resolved, That this Board consider the proposed modified district of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 23rd day of October, 1914, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 23rd day of October, 1914.

Dated, October 9, 1914.

BOARD OF ELECTIONS.

Proposals.

OFFICE OF THE BOARD OF ELECTIONS OF THE CITY OF NEW YORK, MUNICIPAL BUILDING, BOROUGH OF MANHATTAN.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Elections of The City of New York, until 12 M., on

TUESDAY, OCTOBER 13, 1914,

FOR FURNISHING AND DELIVERING OFFICIAL AND SAMPLE BALLOTS FOR THE GENERAL ELECTION, NOVEMBER 3, 1914.

The time for the delivery of the ballots and the performance of the contract shall be as provided for in the Specifications forming a part of said contract.

The amount of security required is fifty (50) per cent. of the total amount for which the contract is awarded.

The bids will be compared and the contract awarded in aggregate for all items.

The Board of Elections reserves the right to make any changes or corrections in the copy that it may deem advisable, or that shall be made necessary by the orders of courts of competent jurisdiction, up to within forty-eight (48) hours of the time for delivery of the ballots.

As delivery of all of the ballots on time is absolutely essential, all night and Sunday work that shall be necessary to insure such prompt deliveries shall be performed, the cost of same to be included in the price bid, as no allowance can or will be made for such extra work.

Attention is called to the fact that bids are to be submitted for two sizes of ballots for delegates, viz.: ten (10) columns and eight (8) columns. Bidders must estimate on both sizes, one of which will be rejected. Award of the contract, if any be made, shall be to the lowest bidder of the selected size.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of The Bronx.

BEING the buildings, parts of buildings, etc., standing within the lines of Matthews Avenue, from Van Nest Avenue to Bear Swamp Road, in the Borough of The Bronx, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan.

PURSUANT to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 10, 1914, the sale by sealed bids at the upset or minimum prices named in the description of each parcel of the above buildings and appurtenances thereto, will be held by direction of the Comptroller on

TUESDAY, OCTOBER 13, 1914,

at 11 a. m., in lots and parcels, and in manner and form, and at upset prices, as follows:

PARCEL No. 306.—Part of three-story frame house No. 1919 Bronxdale Avenue. Cut 0.6 feet on east side by 32.1 feet on west side from rear of house. Also frame shed and fenecs in rear of house. Upset price, $50.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11 a. m. on the 13th day of October, 1914, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened October 13, 1914," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

PUBLIC SERVICE COMMISSION.

Invitation to Bidders.

THE PUBLIC SERVICE COMMISSION FOR the First District invites proposals for the wrecking or removal of the buildings situated on the premises acquired for the purposes of the New Utrecht Avenue Line of the Broadway-Fourth Avenue Rapid Transit Railroad, between New Utrecht Avenue and Nineteenth Avenue and between Eighty-first Street and Eighty-sixth Street in the Borough of Brooklyn. A description of the buildings and information in regard to the terms and conditions of the contract are given in the Information for Bidders and Form of Contract. Copies of the Information for Bidders and forms of contract and proposal may be obtained upon application to the Secretary of the Commission at his office, No. 154 Nassau Street, Borough of Manhattan, or from representatives of the Commission on the premises at No. 1845 86th Street, Borough of Brooklyn.

Sealed bids or proposals will be received by said Secretary at said office until the 13th day of October, 1914, at 10:00 o'clock A. M., at which time and place the proposals will be publicly opened.

Dated, New York, October 6, 1914.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT by EDWARD E. McCALL, Chairman.

TRAVIS H. WHITNEY, Secretary. o7,13

Proposals.

INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

The Public Service Commission for the First District (hereinafter called the "Commission") invites proposals to construct Section No. 1 of Route No. 48, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

SECTION No. 1. Beginning at a point under Park Place, in the Borough of Manhattan, about one hundred and seventeen (117) feet east of the easterly building line of West Broadway, and extending thence easterly under Park Place, the United States Post Office building and Beekman Street to a point about sixty-two (62) feet west of the westerly building line of William Street.

The general plan of construction calls for a subsurface railroad having two tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be partly by trench excavation under cover and partly by tunneling, unless otherwise permitted by the Commission.

Bidders must examine the form of contract and the specifications and contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Mahnattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this Invitation.

The City of New York (hereinafter called the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City and said Company for additional rapid transit railroads. The liability of Interborough Rapid Transit Company will be limited to an amount equal to fifty per centum (50%) of the total estimated amount to be paid to the Contractor under the contract.

Partial payments to the Contractor will be made as the work proceeds as provided in the contract.

The Contractor must complete the work within twenty-eight (28) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of four houndred thousand dollars ($400,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 9th day of October, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "*Proposal for Constructing Part of Rapid Transit Railroad —Route No. 48, Section No. 1,*" and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for forty thousand dollars ($40,000), payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

Filing Preliminary Abstracts.

FIRST DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST 162D STREET from Sherman Avenue to Sheridan Avenue, in the 23d Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 26th day of October, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 27th day of October, 1914, at 2 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 26th day of October, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 28th day of October, 1914, at 2.30 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 29th day of May, 1913, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York which, taken together, are bounded and described as follows, viz.:

The Board of Estimate and Apportionment on the 29th day of May, 1913, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the westerly line of Sherman avenue where it is intersected by a line bisecting the angle formed by the intersection of

the prolongations of the centre lines of East One Hundred and Sixty-second street and East One Hundred and Sixty-third street, as these streets are laid out between Sheridan avenue and Sherman avenue, and running thence eastwardly at right angles to Sherman avenue to a point distant 100 feet easterly from its easterly side; thence southwardly and parallel with Sherman avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of East One Hundred and Sixty-first street and the southerly line of East One Hundred and Sixty-second street, as these streets are laid out between Sheridan avenue and Sherman avenue; thence westwardly along the said bisecting line to the intersection with the easterly line of Sheridan avenue; thence westwardly at right angles to Sheridan avenue to a point distant 100 feet westerly from its westerly side; thence northwardly and parallel with Sheridan avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East One Hundred and Sixty-second street and East One Hundred and Sixty-third street, as these streets are laid out between Sheridan avenue and Sherman avenue; thence eastwardly along the said bisecting line to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th Floor, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, in said City, there to remain until the 27th day of October, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 22d day of December, 1914, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, October 1st, 1914.

SECOND JUDICIAL DISTRICT.

Notice of application for the appointment of Commissioners of Appraisal.

Motion to be made in Second Judicial District, in Kings County.

Property to be Acquired Located in the County of Richmond.

City Aqueduct Department (Addition to Section No. 1), Catskill Aqueduct.

PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Counsel of The City of New York, pursuant to the provisions of Chapter 724 of the Laws of 1905, and the several statutes amendatory thereof and supplemental thereto to make application to the Supreme Court of the State of New York at a Special Term for the hearing of Contested Motions thereof, to be held at the County Court House, Borough of Brooklyn, City of New York, in the Second Judicial District, on the 26th day of October, 1914, at the opening of Court on that day or as soon thereafter as counsel can be heard thereon, for the appointment of three Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in certain real estate laid down, as proposed to be taken or affected for the purposes indicated in said Chapter 724 of the Laws of 1905, as amended, upon a certain map entitled:

"Board of Water Supply of the City of New York. Map of Parcels 158A, 158B, 159A, 159B and 159C, situated in the City of New York, Richmond County;"

—which said map was approved by the Board of Water Supply of The City of New York on June 6, 1914, and adopted by the Board of Estimate and Apportionment of The City of New York on June 26, 1914, and a duplicate original of which said map adopted and approved as aforesaid was filed on August 26th, 1914, in the office of the Clerk of the County of Richmond.

The City of New York by this proceeding seeks to acquire a perpetual easement in certain real property hereinafter described, and which is shown on the aforesaid map, and also a temporary right or easement in certain other real property hereinafter described, and which is shown on the aforesaid map for the purpose of constructing, maintaining and operating an underground pipe line, including a right to maintain seven feet of filling over the top of the said pipe line.

The following is a description of the several parcels of property shown upon the map made, approved, adopted and filed as hereinbefore set forth, in which a perpetual underground easement and temporary easement is to be acquired by The City of New York in this proceeding, together with a statement after the descriptions of such parcels, of said easements, and of the location and purpose for which said perpetual underground and temporary easement is to be acquired:

All those certain lots, pieces or parcels of land, and land under water, situated at the foot of Arrietta Street, in the Borough of Richmond, County of Richmond and State of New York, bounded and described as follows:

Parcel No. 158A.

All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 158A, which said parcel is described as follows:

Beginning at the northeast corner of Parcel No. 159A, a point in the pierhead line established by the Secretary of War on June 21, 1889; thence easterly on the line which is the continuation of the northerly line of said parcel No. 159A 200 feet more or less to a point in the pierhead line established by the Secretary of War in September 1913; thence southerly along said pierhead line 25 feet; thence westerly on a line parallel to the first described course, 200 feet more or less to the southeast corner of parcel No. 159A; thence northerly along the easterly line of said parcel 25 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a perpetual easement to construct, operate and maintain a pipe line (the top of which is to be not less than 47 feet below mean sea level at Sandy Hook), including the right to maintain 7 feet of filling over the top of the pipe line so that the top of said filling will be not less than 40 feet below mean sea level at Sandy Hook and so that the owners or persons interested in the water over said easement shall be able to maintain an available waterway 40 feet in depth. Said pipe line is further described and is to be constructed substantially as shown in the contract for the construction thereof, dated March 16, 1914, between the Board of Water Supply and Merritt & Chapman Derrick & Wrecking Co., on file with the Board of Water Supply and to which reference is hereby made.

Parcel No. 158B.

All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 158B, which said parcel is described as follows:

Beginning at the southeast corner of parcel No. 159A, a point in the pierhead line established by the Secretary of War on June 21, 1889; thence in an easterly direction along the southerly line of parcel No. 158A 200 feet more or less to the pierhead line established by the Secretary of War in September, 1913; thence southerly along said pierhead line 50 feet; thence westerly, parallel to the first described course, 200 feet more or less to the southeast corner of parcel No. 159C; thence northerly along the easterly line of said parcel and the easterly line of Parcel No. 159B 50 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a temporary easement to occupy the water above the same for floating necessary scows and other equipment to be used in connection with the laying of the pipe referred to in description of parcel No. 158A, including the right to do dredging and other acts necessary for the construction of said pipe line. This temporary easement is to continue in force from the date of the filing of the oaths of commissioners of appraisal until September 1, 1916.

Parcel No. 159A.

All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 159A, which said parcel is described as follows:

Beginning at a point in the easterly terminus of Arrietta street, said point being 50 feet south of the north line of Arrietta street, and running thence in an easterly direction 170.5 feet to a point distant southerly 56 feet from the north line of Arrietta street produced; thence still in an easterly direction on a line parallel to and 20 feet south of the north line of the property of the Staten Island Railway Company 725 feet more or less to a point in the pierhead line established by the Secretary of War on June 21, 1889; thence southerly along said pierhead line 25 feet; thence westerly and parallel to the northerly property line of the Staten Island Railway Company 725 feet; thence westerly, parallel to the first course and 25 feet southerly therefrom, 170.5 feet more or less to the easterly terminus of Arrietta street; thence northerly along said Arrietta street 25 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a perpetual easement to construct, operate and maintain a pipe line (the top of which is to be not less than 47 feet below mean sea level at Sandy Hook, between a point 150 feet inside of the bulkhead line and the lawfully established pierhead line), including the right to maintain 7 feet of filling over the top of the pipe line so that the top of said filling will be not less than 40 feet below mean sea level at Sandy Hook and so that the owners or persons interested in the water over said easement shall be able to maintain an available waterway 40 feet in depth. Said easement, however, is not to exclude in any manner any right which the owners or persons interested in said parcel may have to fill in the land under water inside of or west of the lawfully established bulkhead line. Said pipe line is further described and is to be constructed substantially as shown in the contract for the construction thereof, dated March 16, 1914, between the Board of Water Supply and Merritt & Chapman Derrick & Wrecking Co. on file with the Board of Water Supply and to which reference is hereby made.

Parcel No. 159B.

All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 159B, which said parcel is described as follows:

Beginning at the southwest corner of parcel No. 159A and running thence along the southerly line of said parcel east 170.5 feet; thence continuing along the southerly line 725 feet more or less to the pierhead line as established by the Secretary of War on June 21, 1889; thence along said pierhead line south 5 feet more or less to the northerly line of the property of the New York Dock & Terminal Company; thence westerly along said line 895 feet more or less to a point on line with the easterly terminus of Arrietta Street; thence north to and along the easterly terminus of Arrietta street 11 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a temporary easement to occupy the water above the same for floating necessary scows and other equipment to be used in connection with the laying of the pipe referred to in description of parcel No. 159A, including the right to remove miscellaneous unused piles and to do dredging and other acts necessary for the construction of said pipe line. This temporary easement is to continue in force from the date of the filing of the oaths of commissioners of appraisal until September 1, 1916.

Parcel No. 159C.

All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 159C, which said parcel is described as follows:

Beginning at the southwest corner of parcel No. 159B and running thence along the southerly bounds of said parcel 895 feet, more or less, to the pierhead line as established by the Secretary of War on June 21, 1889; thence southerly along said pierhead line 45 feet; thence westerly, parallel to and 45 feet from the southerly line of parcel No. 159B 725 feet; thence continuing westerly 170.5 feet to a point 39 feet southerly from the southwest corner of parcel No. 159B; thence northerly 39 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a temporary easement to occupy the water above the same for floating necesary scows and other equipment to be used in connection with the laying of the pipe referred to in description of parcel No. 159A, including the right to remove miscellaneous unused piles and to do dredging and other acts necesary for the construction of said pipe line. This temporary easement is to continue in force from the date of the filing of the oaths of commissioners of appraisal until September 1, 1916.

Reference is hereby made to the map hereinbefore described as to Parcels Nos. 158A, 158B, 159A, 159B and 159C shown thereon for a more detailed description of the real estate to be taken or affected as above described.

A statement of the boundaries of the pipe line for the purpose of constructing, maintaining and operating which the above properties and easements are to be acquired by The City of New York in this proceeding, together with a description of the route of said pipe line by courses and distances and of the greatest and least width of the tract of said pipe line is as follows:

Parcel having greatest width, 25 feet, Parcel 159A, and parcel having least width, No. 159B, namely, 25 feet.

Pipe Line.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be [illegible]
