Dock Department—New Plan for Improvement of the Waterfront in the Vicinity of Dyckman St., North River, Manhattan.

The Chair called for a public hearing in the matter of the new plan for improvement of the waterfront in the vicinity of Dyckman st., North River, Manhattan, made and adopted by the Commissioner of Docks in accordance with law April 10, 1917, and transmitted to the Commissioners of the Sinking Fund for approval.

(Affidavit as to publication of notice of hearing in the CITY RECORD on file with the papers.)

The following was received from the Commissioner of Docks

Pier A, North River, April 10, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Dear Sir—A lease to the Vermont Hygeia Ice Company of certain property owned by the City south of Dyckman Street, North River, is now under consideration by your Board.

This lease contemplates among other things the building of a bulkhead along the U. S. bulkhead line and filling in behind same. In order to do this it will be necessary to adopt a new plan for the improvement of the waterfront at this locality so as to extend the line of solid filling outshore from the bulkhead line established by the Commissioners of Central Park in 1868 to the bulkhead line established by the Secretary of War, January 22d, 1915.

I transmit herewith a proposed new plan which consists in the adoption of a bulkhead line described as follows:

"Beginning at a point in the pierhead and bulkhead line as modified by the Secretary of War, January 22, 1915, said point being distant 295 feet south of a point in said pierhead and bulkhead line where the same is intersected by the southerly side of Dyckman Street, as widened, July 8, 1915, extending thence southerly and along said pierhead and bulkhead line a distance of 1,225 feet."

This new plan has been adopted by me this date and in case the lease to the Vermont Hygeia Ice Company is approved by the Commissioners of the Sinking Fund I beg to recommend that the new plan be approved by your Board.

Respectfully yours,

R. A. C. SMITH, Commissioner of Docks.

No one appearing against the proposition the Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 7, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 10, 1917, the Commissioner of Docks adopted and transmitted for approval a plan for the improvement of the waterfront and harbor of the City of New York in the vicinity of Dyckman st., North River, Borough of Manhattan, provided the Commissioners of the Sinking Fund approve the lease of the Vermont Hygeia Ice Company of land embraced within the limits of this improvement.

On August 16, 1917, the Commissioners of the Sinking Fund approved a lease to the Vermont Hygeia Ice Company of about 400,000 square feet of land under water south of Dyckman st., the outshore line of which is coincident with the United States Government pier and bulkhead line.

As the lease to the Vermont Hygeia Ice Company provides for solid filling to the Federal bulkhead line and the present bulkhead line as established by the Commissioners of Central Park in 1868, is half way inshore from the Federal pier and bulkhead line, the line of solid filling would be limited to the Central Park line of 1868, it will therefore be necessary to adopt this plan in order to carry out the provisions of the Vermont Hygeia Ice Company's lease.

In view of the favorable action taken on the lease to the Vermont Hygeia Ice Company at the meeting held August 16, 1917, and provided the Commissioners of the Sinking Fund at the meeting to be held, approve the plan, I recommend the adoption of the attached resolution approving the request. Respectfully,

E. D. FISHER, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the plan for improving the Waterfront and Harbor of the City of New York, in the vicinity of Dyckman Street, North River, adopted by the Commissioner of Docks April 10, 1917, in accordance with law.

The report was accepted and the resolution unanimously adopted.

The chair then declared the hearing closed.

Dock Department—New Plan for Improvement of the Waterfront Between Canal St. and Harrison St., Stapleton, S. I.

The Chair called for a hearing in the matter of the proposed new plan for the improvement of the waterfront and harbor of The City of New York, between Canal St. and Harrison St., Stapleton, S. I., made and adopted by the Commissioner of Docks in accordance with law, June 1, 1917.

((Affidavit as to publication of notice of hearing in the CITY RECORD on file with the papers.))

The following were received from the Commissioner of Docks.

Pier A, North River, June 27, 1917.

Hon. JOHN PURROY MITCHEL, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—I transmit herewith print and tracing, together with technical description of proposed New Plan, for the improvement of the harbor and waterfront of the City of New York between Canal street and Harrison street, Stapleton, Staten Island.

This plan is in lieu of the one submitted to you under date of June 6, 1917, hearing on which is set for June 28, 1917. The change consists in placing the bulkhead line on the extension of the bulkhead line established by the Commissioners of the Sinking Fund which extends from Canal street north. The location of the pier, northerly and southerly, remains the same as in the original plan submitted.

This New Plan has this day been adopted by me and is respectfully submitted with the request that it be approved by the Commissioners of the Sinking Fund.

Yours respectfully,

R. A. C. SMITH, Commissioner of Docks.

Pier A, North River, July 19, 1917.

Hon. JOHN PURROY MITCHEL, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—On June 27, 1917, I transmitted tracing and white print of amendment to the New Plan for the improvement of the waterfront between Canal Street, Stapleton, and Harrison Street, Stapleton, Borough of Richmond.

Certain objections have been raised to the Plan which can be overcome by amending same, and I therefore beg to recommend that in case the Commissioners approve the Plan, the following be inserted in the resolution and on the Plan itself:

"Excepting so much thereof as shows, covers and relates to the establishment of the Marginal street, wharf or place between the bulkhead line to be established and the easterly line and its southerly prolongation of Front Street, extending from the southerly side of Canal Street southwardly to the easterly prolongation of the northerly side of Harrison Street."

Under date of January 25, 1912, the Corporation Counsel, in an opinion to this Department, which appears in the Minutes of the Sinking Fund, 1912, Page 122, states, that the Commissioners of the Sinking Fund are not required by law to approve the entire Plan, but may approve the same in sections. There appears to be no objec-

tion, therefore, to making the exceptions above referred to, and this will avoid the necessity of readvertising. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

No one appearing against the proposition the Deputy and Acting Comptroller presented the following report and offered the following resolution.

July 24, 1917.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—Under date of June 27, 1917, the Commissioner of Docks requested approval by the Commissioners of the Sinking Fund of a proposed New Plan for the improvement of the harbor and waterfront of the City of New York between Canal Street and Harrison Street, Stapleton, Staten Island.

The New Plan provides for the establishment of a bulkhead line between the limits above mentioned by prolonging the bulkhead line, adopted by the Commissioner of Docks January 21, 1916, and approved by the Commissioners of the Sinking Fund March 16, 1916, from the southerly side of the pier foot of Canal Street, Stapleton, to its intersection with the easterly prolongation of the northerly side of Harrison Street, and the establishment of a marginal street, wharf or place between the above proposed bulkhead line and Front Street, and the establishment of a pier 125 feet in width, its outshore end located 220 feet and its inshore end 350 feet, south of the Canal Street pier.

I am advised that the purpose of this plan is to provide for the proper development of this section of the waterfront and the protection of the City's waterfront property north of and adjacent to the proposed improvement.

Certain objections having been raised to this Plan which may be overcome by amendment, the Commissioner of Docks recommends that in case the Commissioners of the Sinking Fund approve the Plan, the following exception be inserted in the resolution and on the Plan itself.

"Excepting so much thereof as shows, covers and relates to the establishment of the marginal street, wharf or place between the bulkhead line to be established and the easterly line and its southerly prolongation of Front Street, extending from the southerly side of Canal Street southwardly to the easterly prolongation of the northerly side of Harrison Street."

Under date of January 25, 1912, the Corporation Counsel advised the Commissioners of Docks:

"The Commissioners of the Sinking Fund are not required by law to approve the entire plan, but may approve the same in sections and refuse for the time being to approve a section thereof covering premises with regard to which questions of title must be determined by the courts."

As the establishment of the bulkhead line and pier will accomplish the purpose of protecting the City's waterfront property in this vicinity, I recommend, in view of the Corporation Counsel's opinion, if the Commissioners of the Sinking Fund approve the proposed New Plan at the public hearing to be held, the adoption of the attached resolution approving the request.

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the proposed new plan for improving the waterfront and harbor of The City of New York, between Canal Street, Stapleton and Harrison Street, Stapleton, Borough of Richmond, excepting so much thereof as shows, covers and relates to the establishment of the marginal street, wharf or place between the bulkhead line to be established and the easterly line and its southerly prolongation of Front Street, extending from the southerly side of Canal Street southwardly to the easterly prolongation of the northerly side of Harrison Street, adopted by the Commissioner of Docks June 27, 1917, in accordance with law.

The report was accepted and the resolution unanimously adopted.

The Chair then declared the hearing closed.

Dock Department—Rescindment of Resolution Authorizing a Lease to T. & W. Thorn & Company for Land Under Water Between W. 215th and W. 216th Sts., Harlem River, Manhattan.

The following was received from the Commissioner of Docks:

Pier A, North River, August 29, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—At a meeting of the Commissioners of the Sinking Fund held October 19, 1916, a resolution was adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to T. & W. Thorn & Co. of land under water between West 215th and West 216th Streets, Harlem River, Borough of Manhattan, City of New York.

The upland immediately adjoining this land under water has been transferred by Thorn & Co. to Burns Brothers, who state that they do not desire the use of the land under water for which lease was approved.

I therefore beg to recommend that the resolution of October 19, 1916, be rescinded.

Respectfully yours,

RICHARD C. HARRISON, Acting Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 7, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On September 12, 1916, the Commissioner of Docks recommended that the Commissioners of the Sinking Fund approve of and consent to the execution by him of a lease of land under water between West 215th and West 216th Streets, Harlem River, Borough of Manhattan, to T. & W. Thorn & Co., which recommendation was approved by the Commissioners of the Sinking Fund, October 19, 1916.

The Acting Commissioner of Docks, in a communication dated August 29, 1917, advises that the adjoining upland has been transferred by Thorn & Co. to Burns Brothers, who decline the use of the land under water for which the lease was approved; the Acting Commissioner therefore recommends the rescinding of the resolution dated October 19, 1916.

I am informed that the lease authorized by resolution of October 19, 1916, was never executed, I therefore advise the adoption of the attached resolution approving the request. Respectfully,

E. D. FISHER, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund on October 19, 1916, approving of a proposed lease by the Commissioner of Docks to T. & W. Thorn & Company for land under water between West 215th and West 216th Streets, Harlem River, Borough of Manhattan, be and the same is hereby rescinded.

The report was accepted and the resolution unanimously adopted.

Dock Department—Rescindment of Resolution Authorizing a Lease to the Munson Steamship Line of Certain Property Between New Piers 9 and 10, East River, Manhattan.

The following was received from the Commissioner of Docks:

Pier A, North River, July 24, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—On March 11, 1914, resolution was adopted by the Commissioners of the Sinking Fund approving of and consenting to the execution by the Commissioner of Docks of a lease to the Munson Steamship Line of certain property between Piers New 9 and 10, East River, with privilege of erecting platform and shed thereon.

Under date of July 13, 1917, the Munson Steamship Line states that it has given up the idea of this construction. I therefore beg to recommend that the aforesaid resolution be rescinded. Respectfully yours,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

August 14, 1917.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—Under date of March 11, 1914, the Commissioners of the Sinking Fund adopted a resolution approving of and consenting to the execution by the Commissioner of Docks of a lease to the Munson Steamship Line of certain property between Piers New No. 9 and 10, East River, the lease to carry privilege of erecting platform and shed thereon. The lease to begin on the date the lessee takes possession of the property for the purpose of erecting platform and shed.

Since the passage of the resolution noted above, the lessee has not taken possession of the property for the purpose of carrying out the terms of the lease and

now states that it no longer contemplates the construction of the improvements provided for in said lease.

The Commissioner of Docks now recommends that the resolution of March 11, 1914, be rescinded.

I recommend the approval of the attached resolution sanctioning the request. Respectfully,

EDMUND D. FISHER, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held March 11, 1914, approving of and consenting to the execution by the Commissioner of Docks of a lease to the Munson Steamship Line of certain property between piers No. 9 and 10 East River, Borough of Manhattan, be and the same is hereby rescinded.

The report was accepted and the resolution unanimously adopted.

Dock Department—Assignment by the Coal and Delivery Company, Inc., to the New York Steam Company of a Lease of a Portion of the New Made Land Between Piers 19 and 20, East River.

The following was received from the Commissioner of Docks:

Assignment or sub-letting of lease:

Pier A, North River, August 23, 1917.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman, Commissioners of the Sinking Fund:

Sirs—The Coal & Delivery Company, Inc., was organized to take the place of the fuel department of The New York Steam Company, to purchase coal, haul it from the dock to the power plants and to provide coal storage yards—all solely for the purpose of keeping up a supply of fuel to the boilers of The New York Steam Company, a public utility corporation.

On July 25, 1916, this Department recommended that the Commissioners of the Sinking Fund approve of the assignment or sub-letting by The New York Steam Company to the Coal & Delivery Company, Inc., of its rights under the lease dated March 9, 1916, for the use of the upland adjoining the Bulkhead between Piers 19 and 20, East River, which was granted by the Commissioners of the Sinking Fund by resolution dated August 3, 1916.

Under date of August 21, 1917, the Coal & Delivery Company, Inc., has requested permission to reassign to The New York Steam Company its rights under the lease dated March 9, 1916, and has filed in this Department the consent of the Massachusetts Bonding & Insurance Company, Surety, to the reassignment of said lease.

I beg to recommend that the Commissioners of the Sinking Fund adopt a resolution approving the reassignment of sub-letting by the Coal & Delivery Company, Inc., to The New York Steam Company of the lease dated January 16, 1916 (approved by resolution of the Commissioners of the Sinking Fund on December 8, 1915) of the following described property:

"Beginning at a point in the bulkhead line established by the Board of Docks along the southerly side of South Street, said point being located twenty-four (24) feet east of the point of intersection of said bulkhead line and the easterly side of Pier 19, or Peck Slip Pier West, East River; running thence eastwardly and along said bulkhead line a distance of forty-three and eighty-six hundredths (43.86) feet to an angle point in the same; thence eastwardly and along the bulkhead line, said line deflecting to the right three (3) degrees, forty-two (42) minutes, thirty (30) seconds, a distance of thirty-six and eighteen hundredths (36.18) feet; thence northwardly and along a line deflecting to the left an angle of ninety-one (91) degrees, fifty-one (51) minutes, fifteen (15) seconds, a distance of twenty and seventeen hundredths (20.17) feet; thence westwardly and along a line at right angles to the last mentioned course, a distance of eighty (80) feet; thence southwardly and along a line at right angles to the last mentioned course, a distance of twenty and forty-two hundredths (20.42) feet to the point or place of beginning; containing an area of one thousand seven hundred and fifty-two (1,752) square feet.

"Provided that no other consideration of any kind or nature, directly or indirectly, shall be paid or allowed, or agreed to be paid or allowed, other than the agreement on the part of the assignee or sub-lessee to assume all the obligations of said lease."

Respectfully yours,

RICHARD C. HARRISON, Acting Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 6, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On August 23, 1917, the Commissioner of Docks, pursuant to a resolution adopted by the Commissioners of the Sinking Fund on May 18, 1916, recommended approval of a reassignment or sub-letting by the Coal & Delivery Company, Inc., to the New York Steam Company of the lease of a portion of the new made land between Piers 19 and 20, East River.

This property was leased to the New York Steam Company on January 13, 1916, approved by the Commissioners of the Sinking Fund on December 8, 1915.

On August 3, 1916, the Commissioners of the Sinking Fund on request of the Commissioner of Docks, approved an assignment of the lease in question, by the New York Steam Company to the Coal & Delivery Company, Inc.

The assignment requested should stipulate that all the rights conveyed or leased by the City under the lease be assigned to the New York Steam Company, no additional rights of compensation being given or received by the Coal & Delivery Company, Inc., other than those conveyed by the City, as advised by the Commissioner of Docks in his communication of August 23, 1917.

I advise the adoption of the attached resolution granting the request.

Respectfully,

E. D. FISHER, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the assignment or subletting by the Coal and Delivery Company, Inc., to the New York Steam Company of the lease approved by resolution of the Commissioners of the Sinking Fund December 8, 1915, and dated January 13, 1916, of the following described property:

"Beginning at a point in the bulkhead line established by the Board of Docks along the southerly side of South Street, said point being located twenty-four (24) feet east of the point of intersection of said bulkhead line and the easterly side of Pier 19, or Peck Slip Pier West, East River; running thence eastwardly and along said bulkhead line a distance of forty-three and eighty-six hundredths (43.86) feet to an angle point in the same; thence eastwardly and along the bulkhead line, said line deflecting to the right (3) degrees forty-two (42) minutes thirty (30) seconds, a distance of thirty six and eighteen hundredths (36.18) feet; thence northwardly and along a line deflecting to the left an angle of ninety-one (91) degrees, fifty-one (51) minutes, fifteen (15) seconds, a distance of twenty and seventeen hundredths (20.17) feet; thence westwardly and along a line at right angles to the last mentioned course a distance of eighty (80) feet; thence southwardly and along a line at right angles to the last mentioned course, a distance of twenty and forty-two hundredths (20.42) feet to the point or place of beginning; containing an area of one thousand seven hundred and fifty-two (1,752) square feet. Provided that no other consideration of any kind or nature, directly or indirectly, shall be paid or allowed, or agreed to be paid or allowed, other than the agreement on the part of the assignee or sub-lessee to assume all the obligations of said lease.

The report was accepted and the resolution unanimously adopted.

Board of Education—Lease for, of Premises at 97 Lawrence St., Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 4, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education, in a communication to your Board under date of July 12, 1917, states that the Board of Education at a meeting held July 11, 1917, adopted a resolution requesting the leasing of the gymnasium, rear room on the second floor and rear room on the third floor in the premises No. 97 Lawrence Street, Borough of Brooklyn, as an annex to Public School 5, for a period from September 1, 1917, to July 1, 1919, at an annual rental of \$300; the Board of Education to have possession of the premises on all school days from 9 o'clock a. m. until noon; the owners to furnish heat, light and janitor service, pay water rates and any taxes which may be assessed against the premises, and comply with all orders of municipal bureaus or departments and make all exterior repairs.

The rooms in question have been used for some time past as an annex to Public School 5, under an agreement by which an allowance is granted by the Board of Education for janitorial service. This arrangement has been found to be unsatisfactory and it is now proposed to lease these rooms.

Deeming the rent reasonable and just, under the circumstances I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of the gymnasium, the rear room on the second floor and the rear room on the third floor in the premises No. 97 Lawrence Street, Borough of Brooklyn, as an annex to Public School 5, for a period from September 1, 1917, to July 1, 1919, at an annual rental of \$300, with the privilege of renewal thereafter for one or two years, as may be deemed to be for the best interests of the City; the Board of Education to have possession of the same on all school days from 9 o'clock a. m. until noon; the owners to furnish light, heat and janitor service, pay water rates and any taxes which may be assessed against the premises, comply with all orders of municipal bureaus or departments and make all interior and exterior repairs. Lessors, Willoughby House, Young Women's Settlement, 97 Lawrence Street, Brooklyn. Respectfully,

E. D. FISHER, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City, of the gymnasium, the rear room on the second floor and the rear room on the third floor in the premises No. 97 Lawrence Street, Borough of Brooklyn, for use as an annex to Public School 5, for a period from September 1, 1917, to July 1, 1919, at an annual rental of Three hundred dollars (\$300), payable quarterly with the privilege of renewal thereafter for one or two years, as may be deemed to be for the best interests of the City; the Board of Education to have possession of the same on all school days from 9 o'clock A. M. until noon; the owners to furnish light, heat and janitor service, pay water rates and any taxes which may be assessed against the premises; comply with all orders of municipal bureaus or departments and make all interior and exterior repairs; lessors, Willoughby House Young Women's Settlement; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Board of Education—Renewal of Lease for, of Premises at 162 E. 116th St., Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 7, 1917.

To the Honorable, the Commissioners of the Sinking Fund:

Department of Water Supply, Gas and Electricity—Turning Over by, of Certain Land in the Vicinity of the Jerome Ave. Pumping Station, Bronx, for Transfer to the Public Service Commission.

The following was received from the department:

The City of New York, Department of Water Supply, Gas and Electricity, August 31, 1917.

Mr. JOHN KORB, Jr., Secretary, Commissioners of the Sinking Fund, Municipal Building, New York City:

Dear Sir—The Public Service Commission has made application to this department for the assignment of land in the vicinity of the Jerome Avenue Pumping Station to be used as a storage yard for cars, in connection with the new subway system. The property required includes parts of parcels 5 and 8, which were retained by this department when the East Basin of the Jerome Park Reservoir was released to your commission in January, 1917. Hon. Milo R. Maltbie, City Chamberlain, has informed the department that the release of this land to the Public Service Commission is essential to the carrying out of the work of the new subway system, and although the release of the land will necessitate this department storing its pipe and other castings in a less convenient and somewhat more expensive manner it is considered good policy to consent to the transfer. I therefore release the land designated as parcels 1 and 2 on accompanying map (11568-Z) to your commission in order that the same may be assigned to the public Service Commission. I also attach a description by metes and bounds of the land to be so transferred. Later on it will be necessary to request your commission to retransfer to this department the triangular piece of property lying south of the department's pipe yard and between it and the property requested by the Public Service Commission. The maps and description of this property are now being prepared and formal application for the retransfer will be made at a later date. Respectfully,

DELOS F. WILCOX, Deputy and Acting Commissioner.

President, Borough of Brooklyn—Renewal of Leases for, of Two Plots of Land on the Northerly Side of the 7th St. Basin, Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 7, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of Public Works of the Borough of Brooklyn, in a communication to your Board requests a renewal of the two leases of adjoining plots of land on the north side of the Seventh Street Basin, west of Second Avenue,

in the Borough of Brooklyn, used as an Asphalt Plant for the Bureau of Highways, for a period of three years from November 1, 1917.

These premises consist of one plot 150 feet by 120 feet, known as Lot 120, Block 990, Section 4; present annual rental, \$1,584, and one plot 100 feet by 120 feet, known as Lot 116, Block 990, Section 4; present annual rental, \$1,056, or a total of \$2,640 a year.

The owners refuse to renew these leases at this rate, insisting that the City pay the same rate as paid by their other tenants, demanding an increase in rent of \$240 a year on the two leases, or a total of \$2,880, which is at the rate of \$11.52 per front foot per year, being the same as paid by other tenants.

The City has improved the larger plot and erected buildings at considerable expense, and the location is convenient for the purposes. It is therefore not deemed advisable to attempt to remove the plant to another location on account of the small increase of \$240 a year on the total rent for the two leases.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the execution of a lease of the plot of land 100 feet by 120 feet on the northerly side of the Seventh Street Basin, Borough of Brooklyn, 346 feet 7 inches west of the westerly side of Second Avenue, and known and designated on the present tax maps of the City of New York, Borough of Brooklyn, as Lot 116, Block 990, Section 4, for use of the President of the Borough of Brooklyn, for a period of three years from November 1, 1917, at an annual rental of \$1,152, payable quarterly; the lessee to pay taxes and water rates. Lessor, Brooklyn Improvement Company, 3d Avenue and 3d Street, Brooklyn.

And I further recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the execution of a lease of the plot of land 150 feet by 120 feet, on the northerly side of the Seventh Street Basin, Borough of Brooklyn, 446 feet 7 inches west of the westerly side of Second Avenue, and known and designated on the present tax maps of the City of New York, Borough of Brooklyn, as Lot 120, Block 990, Section 4, for use of the President of the Borough of Brooklyn, for a period of three years from November 1, 1917, at an annual rental of \$1,728, payable quarterly; the lessee to pay taxes and water rates; all buildings and improvements to remain the property of the City of New York, which shall have the right to remove them at the termination of the lease, or any renewal thereof. Lessor, Brooklyn Improvement Company, 3d Avenue and 3d Street, Brooklyn. Respectfully,

EDMUND D. FISHER, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Brooklyn Improvement Company, of the plot of land 100 feet by 120 feet on the northerly side of the Seventh Street Basin, Borough of Brooklyn, 346 feet 7 inches west of the westerly side of Second Avenue, and known and designated on the present tax maps of the City of New York, Borough of Brooklyn, as Lot 116, Block 990, Section 4, for use of the President of the Borough of Brooklyn, for a period of three years from November 1, 1917, at an annual rental of One thousand one hundred and fifty-two dollars (\$1,152), payable quarterly; the lessee to pay taxes and water rates; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Brooklyn Improvement Company, of the plot of land 150 feet by 120 feet on the northerly side of 7th Street Basin, Borough of Brooklyn, 446 feet 7 inches west of the westerly side of Second Avenue, and known and designated on the present tax maps of the City of New York, Borough of Brooklyn, Lot 120, Block 990, Section 4, for use of the President of the Borough of Brooklyn, for a period of three years from November 1, 1917, at an annual rental of Seventeen hundred and twenty-eight dollars (\$1,728), payable quarterly; the lessee to pay taxes and water rates; all buildings and improvements to remain the property of the City of New York which shall have the right to remove them at the termination of the lease, or any renewal thereof; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 7, 1917.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Tenement House Department, in a communication to your Board, requests a renewal of the lease of the premises at 391 East 149th Street, Borough of The Bronx, occupied as the Bronx Office, for a period of one year from October 1, 1917, at an annual rental of \$5,000.

These premises consist of 5,300 square feet of floor space on the fifth floor, and have been occupied by the City at an annual rental of \$3,750, but the owners now demand an increase to \$5,000 per annum, which is at the rate of about 94 cents per square foot per annum.

Every effort has been made to find suitable quarters at a lower rate without success, as all owners are demanding increased rentals for office space of this character.

I therefore respectfully recommend, the rent being reasonable and just under the circumstances, that the Commissioners of the Sinking Fund adopt a resolution authorizing the execution of a lease of 5,300 square feet of floor space on the top or fifth floor of the premises No. 391 East 149th Street, corner of Melrose Avenue, Borough of The Bronx, for use of the Tenement House Department, for a term of one year from October 1, 1917, at a rental of \$5,000 a year, payable quarterly; the lessor to pay taxes and water rates, make all repairs and furnish heat, elevator and janitor service; the lessee to furnish light. Lessors, John Muir & Co., 61 Broadway, Manhattan.

The lessors state that they cannot agree to the renewal privilege, as they are merely tenants and subletting to City, nor can they agree to furnish heat and elevator service, or make inside and outside repairs for the same reason, and they therefore request that the lease be changed accordingly.

I therefore respectfully recommend that the above mentioned resolution adopted by the Commissioners of the Sinking Fund on June 28, 1917, be rescinded, and the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the execution of a lease of Room 21, and part of Room 12, containing a total floor area of 609 square feet, in the building known as the Garfield Building, northwest corner of Court and Remsen Streets, Borough of Brooklyn, for use of the Supreme Court, Second District, Kings County, for a period of ten months from July 1, 1917, to May 1, 1918, at a rental of \$200, payable quarterly. Applications of Henry Baedeker and Herman Schumacher, Tenants of the City in West Washington Market, for Consent to a Renewal of Their Liquor Tax Licenses.

The Deputy and Acting Comptroller presented the following report:

September 4, 1917.

To the Commissioners of the Sinking Fund:

Gentlemen—Messrs. Henry Baedeker and Herman Schumacher, tenants of the City in West Washington Market, having restaurants with bar privileges, have made applications to the Commissioners of the Sinking Fund for consent to a renewal of their liquor tax licenses, as required by the Special Commissioner of Excise.

These market restaurants have always been among the most orderly places of the kind in the City, and the fact of their having practically no trade to supply on Sunday has rendered the tenants free from even the temptation of violating the Sunday Closing Law.

The restaurants are a great convenience to the market men and the public having business in the market.

At a meeting held September 14, 1916, this Board granted a similar request for the same tenants.

I see no objection to the granting of the applications and submit them to the Board for its consideration. Respectfully,

E. D. FISHER, Deputy and Acting Comptroller.

It being the sense of the Board that the licenses should be renewed the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to a renewal of the Liquor Tax licenses to Henry Baedeker and to Herman Schumacher, tenants of the City in West Washington Market.

The report was accepted and the resolution unanimously adopted.

New York University—Petition of, for the Cancellation of Certain Assessments.

The Deputy and Acting Comptroller presented a report recommending approval of an application of the New York University for the cancellation of certain assessments for public improvements and water rents, affecting premises owned by the University in the Borough of The Bronx.

Temple Emanuel of Borough Park—Petition of, for the Cancellation of Certain Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 8, 1917.

To the Honorable the Commissioners of the Sinking Fund of The City of New York: Gentlemen—Temple Emanuel of Borough Park has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Brooklyn, designated on the official tax map as Section 17, Block 5642, Lot 38.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents and sales to said City of any and all of the same, which at the time said section become a law were, or might hereafter become, a lien against any real estate owned by any corporation entitled to exemption of such real estate owned by it from local taxation under article 1, section 4, subdivision 7 of the Tax Law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or water rents from which it seeks relief accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about October 11, 1904; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation under said provision of the Tax Law during the periods when the liens hereinafter set forth accrued. Said premises are used for religious purposes.

It appears from an examination of the assessment rolls that said property has been exempt from local taxation as is more particularly hereinafter described, and the assessed valuation for the year 1917 is \$27,500.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the department, namely:

Assessments.

"Sewer Map T" (ent. Apr. 2, 1908)— No. 6284, section 17, block 5642, lot 38	\$329 37
"Paving 14th Ave. bet. 45th and 60th Sts." (ent. Aug. 10, 1909)—No. 33, section 17, block 5642, lot 38	502 48
"Regulating, grading, etc., 14th Ave., bet. 39th and 60th Sts." (ent. Sept. 23, 1909)—No. 58, section 17, block 5642, lot 38	113 11
"Regulating, grading, etc., 49th St., from New Utrecht Ave. to 18th Ave." (ent. Mar. 26, 1912)—No. 44, section 17, block 5642, lot 38	126 25
"Opening 14th Ave. from Church Ave., etc." (ent. April 13, 1912)— No. 505, section 17, block 5642, old lot 38, now 38	31 66
"Paving 49th St. from New Utrecht Ave., etc." (ent. May 10, 1912)—No. 44, section 17, block 5642, lot 38	275 40

During the years 1906 to 1915, inclusive, the petitioner's property was not exempted by the Tax Department for the reason that application for exemption was never made until the year 1916. They were, however, entitled to exemption under article 1, section 4, subdivision 7, of Tax Law, and the Comptroller, by an order dated October 16, 1916, cancelled the taxes for the years 1905 to 1916. The tax for 1916 was remitted by the Tax Department and the premises are exempted for the year 1917.

The Comptroller is, therefore, justified and does certify his approval of these assessments to the Sinking Fund Commission.

The records of this department show no awards paid or payable to petitioner and no lease to The City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is \$1,378.27. The property affected by these assessments is located in the Borough of Brooklyn, on the northeast corner of 14th Ave. and 49th Street.

The financial secretary, Mr. Samuel Greenberg, in response to a request, has submitted a financial statement for the period from January 1, 1917, to August 1, 1917, showing the total receipts from all sources to be \$4,289, and the expenditures for all objects, \$4,871.13, leaving a deficit of \$582.13.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens above mentioned accrued and became a lien thereupon; I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Temple Emanuel of Borough Park, pursuant to the provisions of such section of the Charter, and recommend the liens above set forth be cancelled upon the payment of \$10, provided that at the time of such payment, said corporation furnish proof by affidavit that it is the actual owner of the property affected, and that the same is not under contract of sale.

EDMUND D. FISHER, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars (\$10) the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Temple Emanuel of

Borough Park, provided that at the time of such payment said corporation furnish proof by affidavit that it is the actual owner of the property affected and that the same is not under contract of sale.

Armory Board—Issue of an Open Market Order for the Installation of Temporary Drop Lights, Etc., in the New Eighth Coast Defense Command Armory, Authorized.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 8, 1917

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On August 11, 1917, the Secretary of the Armory Board requested permission to issue an open market order to T. Frederick Jackson, Inc., in an amount not to exceed \$110.22, for installing temporary drop lights and repairing circuit work in the 8th Coast Artillery District Armory, Jerome Avenue and Kingsbridge Road, Borough of The Bronx.

On July 26, 1917, the Commissioners of the Sinking Fund, at the request of the Armory Board, authorized the issuance of an order in an amount not to exceed \$820.20 for the installation of the temporary lighting system. This order was issued on August 1, 1917, and the work has been performed at a cost of \$804.20, leaving a balance of the amount authorized of \$16.

It was found that lights were required in rooms which were not contemplated to be lighted when the former request was made. These lights have also been satisfactorily installed and the price is reasonable.

It is proposed to pay the cost of this work from the Corporate Stock fund entitled "CAB-2B Armory Fund, Eighth Coast Artillery District, Erection of completed armory, including architect's fees" authorized by the Commissioners of the Sinking Fund, as follows:

December 18, 1911	\$1,150,000 00
December 17, 1913	29,000 00
July 27, 1916	98 850 00
And by cash transferred by Board of Estimate and Apportionment,	
as follows:	
July 3, 1914	55,363 62
December 4, 1914	31,000 00

Total amount authorized \$1,364,213 62

Several contracts and open market orders aggregating \$1,344,892.74 have been registered against this fund (CAB-2B leaving an unencumbered balance of \$19,320.88).

The proposed charge is reasonable, but as there is still an unexpended balance of \$16 from the amount now authorized, I recommend that this balance be applied to the present request and advise the adoption of the attached resolution.

Respectfully, EDMUND D. FISHER, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the expenditure and grant permission to the Armory Board to issue an open market order in an amount not to exceed \$94.22 for the installation of temporary drop lights and repairing circuit work in the new Eighth Coast Defense Command Armory, Jerome Avenue and Kingsbridge Road, Borough of The Bronx: the cost to be charged to Corporate Stock fund entitled C. A. B-2B, Armory Fund, Eighth Coast Artillery District. Erection of completed armory, including architects' fees.

The report was accepted and the resolution unanimously adopted.

Sale of Lease of Premises at the Northeast Corner of Walton Ave. and E. 159th St., Bronx.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

September 11, 1917.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The City of New York is the owner of certain premises at the northeast corner of Walton Avenue and East 159th Street, Borough of The Bronx, consisting of a five-story apartment house on a plot 200 feet by approximately 100 feet in depth, acquired as Damage Parcel No. 4, in the proceeding for "Acquiring title to an extension of and approaches to the southerly end of the Grand Boulevard and Concourse, from East 158th Street to East 164th Street, in the 23d Ward, Borough of The Bronx."

The building in question is approximately 100 feet front, facing on East 159th Street, by about 50 feet in depth, and contains twenty-one apartments—twenty five-room apartments and one four-room apartment—and bath, steam heat and hot water supply, and is at present rented on a month to month basis.

I am in receipt of an offer to lease this building at a rental of \$2,500 a year for a period of three years. This amount is in my opinion a fair and reasonable rental value of the same.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the sale at public auction of the lease of the five-story brick building located at the northeast corner of Walton Avenue and East 159th Street, Borough of The Bronx, formerly known on the tax maps of the City of New York, Borough of The Bronx, as Lot 31, Block 2468, Section 9, for a period of three years from November 1, 1917, at a minimum or upset rental of \$2,500 per annum, payable quarterly in advance, and upon the following terms and conditions:

The highest bidder will be required to pay twenty-five (25) per cent. of the amount of the yearly rental bid at the time and place of sale; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified it is ready for execution.

No person shall be received as lessee who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions as follows:

First—A clause providing that the lessee shall pay the usual rate for water per meter measurements and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property except with the consent and approval of the Comptroller.

Third—A clause providing that during the term of the lease, or any renewal thereof, the lessee shall keep the building in proper repair, both inside and outside, at his own cost and expense, and shall comply with all the laws and ordinances of the State and City of New York.

Fourth—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease, or any renewal thereof, shall become the property of The City of New York at the expiration of the lease.

The Comptroller shall have the right to reject any and all bids, if deemed to be in the interest of The City of New York. Respectfully,

EDMUND D. FISHER, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of Section 205 of the Greater New York Charter as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction of the lease of the five-story brick building located at the northeast corner of Walton Avenue and East 159th Street, Borough of The Bronx, formerly known on the tax maps of The City of New York, Borough of The Bronx, as lot 31, Block 2468, section 9, for a period of three years from November 1, 1917.

The minimum or upset rental at which said lease shall be sold be and is hereby appraised and fixed at the sum of twenty-five hundred dollars (\$2,500) per annum, payable quarterly in advance, and the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting such sale upon the following terms and conditions:

The highest bidder will be required to pay twenty-five (25) per cent. of the amount of the yearly rental bid at the time and place of sale; the amount so paid for one-quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified it is ready for execution.

No person shall be received as lessee who is a delinquent on any former lease for the corporation and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property and will contain, in addition to other terms, covenants and conditions as follows:

First—A clause providing that the lessee shall pay the usual rate for water per meter measurements and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property except with the consent and approval of the Comptroller.

Third—A clause providing that during the term of the lease, or any renewal thereof, the lessee shall keep the building in proper repair, both inside and outside, at his own cost and expense, and shall comply with all the laws and ordinances of the State and City of New York.

Fourth—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease, or any renewal thereof, shall become the property of the City of New York at the expiration of the lease.

The Comptroller shall have the right to reject any and all bids, if deemed to be in the interest of the City of New York.

Redemption of Four Mortgages Aggregating \$88,500 on Property on Inwood Hill, Manhattan, Acquired by the City from Salem Land Company.

The Deputy and Acting Comptroller presented the following report and offered the following resolution.

September 11, 1917.

To the Commissioners of the Sinking Fund:

Gentlemen—At a meeting of the Sinking Fund Commission held on May 3, 1917, resolutions were duly adopted authorizing the exchange of certain properties owned by the City of New York, and no longer needed for public purposes, for certain parcels of land owned by private owners, as more fully described in the resolutions adopted by the Commissioners of the Sinking Fund on May 3, 1917, under the subtitles of Parcel 1, Parcel 2 and Parcel 3.

At a meeting of the Commission previously held on April 12, 1917, Joseph P. Day, Henry Brady, and William H. Archibald, three disinterested appraisers residing in the Borough of Manhattan, were appointed to appraise the value of the lands owned by the City of New York, described as Parcels 1 and 2 and the land of private owners described as Parcel 3, which it was proposed to exchange. These appraisers submitted the following appraisals regarding the respective values of the lands owned by the City and owned by the Salem Land Company, the owner of the private property sought to be exchanged:

Joseph P. Day—	
Property owned by the City, appraised at	\$47,500 00
Property owned by Salem Land Company, appraised at	\$142,000 00
Henry Brady—	
Property owned by the City, appraised at	\$50,500 00
Property owned by Salem Land Company, appraised at	\$140,000 00
William H. Archibald—	
Property owned by the City, appraised at	\$49,000 00
Property owned by Salem Land Company, appraised at	\$139,000 00

On May 18, 1917, the Board of Estimate and Apportionment approved the resolutions and the action of the Commissioners of the Sinking Fund and consented to the exchange of the properties referred to.

In exchanging these properties and in closing the transaction the City took over the properties from the Salem Land Company subject to four mortgages aggregating \$88,500, all carrying interest at 5 per cent. from May 29, 1917. These mortgages mature October 1, 1918, and February 20, 1919, but they may each and severally be paid off by the City at any time before maturity.

There was no provision whatever made by the Commissioners of the Sinking Fund or the Board of Estimate and Apportionment for the payment of interest on the four separate mortgages on these properties, aggregating \$88,500, which the City took over with the properties it acquired, and it would be necessary, therefore, to make provision for the payment of the interest as a claim against the City to be paid from and charged against the Revenue Bond Fund for Claims; and as the mortgages carry 5 per cent. interest it would seem to be wise policy to take up the principal of these mortgages at the earliest possible date.

Section 205 of the Charter as amended by Chapter 259, Laws of 1913, provides in part that the Commissioners, of the Sinking Fund—

"* * * shall * * * have power to sell * * * any city property * * * The proceeds of said sale * * * shall on receipt thereof, after paying necessary charges, be immediately paid to the credit of the Sinking Fund for the Redemption of the City Debt; except that the commissioners of the sinking fund shall have power to provide that the proceeds derived from any sale of real estate or interest therein remaining after the payment therefrom of the necessary charges of the sale and of any liens and charges upon the property sold, be paid to the credit of an appropriately designated fund hereby created and applied to the purchase of other real estate deemed necessary for public purposes when and as authorized, pursuant to the provisions of this act, with the same force and effect as if such disbursement was from the proceeds of the sale of corporate stock authorized to be issued for the purchase of real estate. The fund hereby created shall be under the control of the said commissioners of the sinking fund * * *"

Under the discretionary authority vested in them by the foregoing amendment to the City Charter the Commissioners of the Sinking Fund have created a special account titled—

"S. 109-L—Sales of City Property, under Section 205 of the Charter, as amended by Chapter 259, Laws of 1913."

There is a balance (September 1, 1917) of \$225,280.63 in said fund, and it would seem, from the provisions of the Charter hereinbefore quoted, that this would be the appropriate fund from which to take up and pay off the mortgages of \$88,500 at such date as may be determined upon by resolution of the Sinking Fund Commissioners. To accomplish this I herewith submit the following resolutions for action by the Commissioners of the Sinking Fund, which would authorize the payment of the mortgages referred to herein from the moneys in special account "S. 109-L."

Respectfully, SHEPARD A. MORGAN, Acting and Deputy Comptroller.

Whereas, At a meeting of the Commissioners of the Sinking Fund held on April 12, 1917, Joseph P. Day, Henry Brady and William H. Archibald, three disinterested appraisers residing in the Borough of Manhattan, were appointed to appraise the value of lands owned by The City of New York, therein described as Parcels 1 and 2, and land of private owners therein described as Parcel 3, which it was proposed to exchange; and

Whereas, At a meeting of the Commissioners of the Sinking Fund held on May 3, 1917, resolutions were adopted by said Commissioners whereby it was deemed for the interest of the City of New York to authorize the exchange of the property owned by the City of New York, as fully described in said resolution, for the land owned by private owners; and

Whereas, The property thus conveyed to the City of New York is subject to the following mortgages, which the City assumed in the exchange of these properties, viz:

First mortgage for Twenty Thousand Dollars (\$20,000), made by Salem Land Company to Annie C. Tower, dated February 10, 1910; due February 10, 1919; carrying interest at five (5) per cent. from May 29, 1917; interest payable August 10, 1917, and semi-annually thereafter. (This mortgage recorded February 10, 1910, in Section 8, Liber 70, of Mortgages, p. 39; now held by Oliver Smith.)

Second mortgage for Ten Thousand Dollars (\$10,000), made by Salem Land Company to Cayuga Corporation, dated September 6, 1913; due October 1, 1918; carrying interest at five (5) per cent. per annum from May 29, 1917; interest payable October 1, 1917, and semi-annually thereafter. (This mortgage recorded September 9, 1913, in Section 8, Liber 88 of Mortgages, p. 224, now held by Paul Bayne and others.)

Third mortgage for Sixteen Thousand Eight Hundred and Fifty Dollars (\$16,850), made by Salem Land Company to Paul Bayne and others, dated May 3, 1916; due October 1, 1918; carrying interest at five (5) per cent. per annum from May 29, 1917; interest payable October 1, 1917, and semi-annually thereafter. This mortgage recorded June 6, 1917, in Liber 3026 of Mortgages, p. 232; still held by original mortgagees, Paul Bayne and others.)

Fourth mortgage for Forty-one Thousand Six Hundred and Fifty Dollars (\$41,650), made by Salem Land Company to Paul Bayne and others, dated May 22, 1917; due October 1, 1918; carrying interest at five (5) per cent. per annum from May 29, 1917; interest payable October 1, 1917, and semi-annually thereafter. (This mortgage recorded June 6, 1917, in Liber 3003 of Mortgages, p. 392.)

—and

Whereas, All these mortgages may be paid off by the City at any time before maturity and a saving of at least one-half (½) of one (1) per cent. per annum in interest costs could thus be effected; and

Whereas, The Board of Estimate and Apportionment on May 18, 1917, in accordance with the provisions of section 205a of the Greater New York Charter, duly approved the resolutions of the Commissioners of the Sinking Fund of April 12, 1917, and May 3, 1917, respectively, and the actions predicated thereon, and consented to the exchange of the properties referred to under the conditions heretofore stated; and

Whereas, No resolution having heretofore been adopted or provision made for the paying off of the mortgages, aggregating Eighty-eight Thousand Five Hundred Dollars (\$88,500), assumed by the City of New York in the exchange of these prop-

erties, and as the payment of such mortgages is in effect a purchase of real estate and as such would be payable from special account S. 109-L, under resolutions duly adopted by the Commissioners of the Sinking Fund authorizing such use of the said moneys; therefore be it

Resolved, That the Comptroller be and he is hereby authorized to take up and redeem the four (4) separate mortgages hereinbefore described, aggregating Eighty-eight Thousand Five Hundred Dollars (\$88,500), said redemption of or taking up of said mortgages to be made payable from the moneys derived from sales of City property, and which, in accordance with the discretionary provisions of section 205 of the Charter, as amended by chapter 259, Laws of 1913, have been paid into account S. 109-L, which moneys the Commissioners of the Sinking Fund may apply to the purchase of real estate deemed necessary for public purposes; and be it further

Resolved, That the interest payable on said mortgages, up to the date on which the principal of each mortgage will be redeemed, shall be payable as a claim against the City and be paid from and charged against the "Revenue Bond Fund for Claims."

The report was accepted and the resolution unanimously adopted.

Adjourned.

NEW YORK SUPREME COURT, SCHOHARIE, DELAWARE AND GREENE COUNTIES.

Application for Appointment of Commissioners.

SCHOHARIE RESERVOIR, SCHOHARIE SECTION 3 AND SUPPLEMENTARY SHEET SECTION 3.

In the Matter of the Application and Petition of the Board of Water Supply of the City of New York for the appointment of a commission under Chapter 724 of the Laws of 1905, as amended. PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Counsel of the City of New York to make application to the Supreme Court for the appointment of Commissioners under Chapter 724 of the Laws of 1905 as amended.

Such application is to be made at a Special Term of the said Court to be held at the Court House in the City of Troy, Rensselaer County, New York, on the 20th day of October, 1917, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard.

The object of this application is to obtain an order of the Court for the appointment of three disinterested and competent freeholders, at least one of whom shall reside in the County of New York, and at least one of whom shall reside in one of the Counties of Schoharie, Delaware or Greene, as Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the real estate laid down on a certain map entitled:

"Board of Water Supply of the City of New York. Map of real estate situated in

the Towns of Gilboa & Conesville, County of Schoharie, Roxbury, County of Delaware, and Prattsville, County of Greene and State of New York, to be acquired by the City of New York under the provision of chapter 724 of the laws of 1905 as amended for the construction of Schoharie Reservoir and appurtenances in the vicinity of Gilboa and Prattsville."

and which map was filed as follows:

In the County Clerk's office, County of Schoharie, at Schoharie, N. Y., on the 29th day of May, 1917;
In the County Clerk's office, County of Delaware, at Delhi, N. Y., on the 28th day of May, 1917;

In the County Clerk's office, County of Greene, at Catskill, N. Y., on the 26th day of May, 1917; and also in the real estate laid down on a certain supplementary map entitled:

"Board of Water Supply of the City of New York. Map of real estate situated in the Town of Gilboa, County of Schoharie and State of New York, to be acquired by the City of New York under the provisions of chapter 724 of the laws of 1905 as amended for the construction of Schoharie Reservoir and appurtenances in the vicinity of Gilboa."

and which map was filed in the County Clerk's office, County of Schoharie, at Schoharie, N. Y., on the 30th day of July, 1917; and that said Commissioners of Appraisal shall also ascertain and determine and state separately the items of damage, if any, to which the owner or any person interest in the said real estate laid down on said maps filed at Schoharie, May 29 and July 30, 1917, Delhi, May 28, and Catskill, May 26, 1917, may be entitled by reason of Section 42, Chapter 724 of the Laws of 1905, as amended by Section 9, Chapter 314 of the Laws of 1906, and Section 2, Chapter 527, of the Laws of 1916, provided that an agreement cannot be had with the Board of Water Supply, and further that said damages arise by reason of acts of the City of New York, or its Board of Water Supply after May 12th, 1916.

Except that the Corporation Counsel of the City of New York will make application to the Supreme Court that all parcels of real estate laid down on said above recited maps wholly or in part in the fire district of Gilboa, and all parcels of real estate laid down on said maps above recited where the claimants allege an enhancement by reason of water power thereon, including any claim the Gilboa Water Co. may have, shall be assigned by the Court to the present Schoharie Reservoir and Shandaken Tunnel Commission which is now appraising real estate in said fire district and has jurisdiction over certain claims for water powers in connection therewith.

Further, to prevent any conflict of jurisdiction between the Commission herein applied for and the Schoharie Reservoir and Shandaken Tunnel Commission already appointed, and to obviate, so far as possible, disproportionate awards and inharmonious decisions, the Court will be asked to assign to the Commission herein applied for, all the telephone and telegraph companies' claims, whether for loss of business or for rights of way or easements, leaving to the Commission heretofore appointed the determination of nothing in connection with the telephone and telegraph claims except the value of the Pierce and Peaslee telephone building in Gilboa.

Also at the same time and place the Corporation Counsel of the City of New York will make application to the Supreme Court to approve the substitution for all rights of way and highways existing within the lines of the maps filed in the County Clerk's Office at Schoharie, on the 31st day of January, 1917, the 19th day of March, 1917, the 29th day of May, 1917, and the 30th day of July, 1917, in the County Clerk's Office, County of Schoharie, on the 26th day of May, 1917, the 28th day of May, 1917, in the County Clerk's Office of Delaware, the 31st day of January, 1917, and the 28th day of May, 1917, and the County Clerk's office in the County of Ulster on the 26th day of January, 1917, of the highways as prepared and laid down on the map prepared by the Board of Water Supply of the City of New York pursuant to chapter 724 of the Laws of 1905 as amended.
