Percival Robert Moses, E.E., 366 5th Ave., New York, Thursday, January 9, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

My dear Sir—Would it be out of the way to suggest that the Board of Aldermen finally take action on the question of a taxicab ordinance? The present conditions are worse than the old cab conditions.

When it is a question of passing an ordinance, putting all kinds of restrictions on private owners, there seems to be no difficulty in getting a unanimous vote, but when there is a question of protecting the public against overcharge and annoying methods the Board of Aldermen seems to be strictly divided. Yours very truly,

P. R. MOSES.

Which was referred to the Special Committee on Taxicabs.

No. 2573.

Office of the Chief City Magistrate, First Division, City of New York, 300 Mulberry St., Manhattan, New York, January 13, 1913.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—I beg leave to acknowledge receipt of copy of the following ordinance, passed by your honorable body on the 6th inst.:

"Resolved, That the Justices of Special Sessions and the City Magistrates of The City of New York, be and they are hereby requested to notify the Secretary of State of any violation of the speed regulations of The City of New York, according to the provisions of the so-called Callan Law; and be it further

"Resolved, That the aforesaid Board keep, or cause to be kept, such records against offenders as will make it possible to identify the number and nature of the offense, and that some system be worked out between the City Magistrates and the Police Commissioner in order that identification of offenders may be positive and certain in all respects."

In reply thereto I have to say that the same will be presented to the Board of City Magistrates at their next meeting.

In the meantime we are preparing the machinery for finger-printing certain classes of offenders who come before these courts, and over whom on conviction we have summary jurisdiction.

I will recommend to the Board, when this new ordinance goes into effect that chauffeurs be added to the list of defendants who on conviction shall be finger-printed, and this for the purpose of identification in the case of those convicted of more than one offense against the provision of the ordinance; and also that the other recommendation as to notifying the Secretary of State be complied with. Very respectfully,

WILLIAM MCADOO, Chief City Magistrate.

On or about October 25, 1912, I authorized the installation of this machine, in order to expedite the preparation of payrolls of the several bureaus, under my jurisdiction. It has proved to be a decided success, and has reduced materially the time of the clerical force; which hereto has been engaged in this particular branch of the service, enabling me to in a measure use their services as required in other directions and functions.

In order, therefore, that the increased efficiency made possible by this machine may be continued, and having no unencumbered fund balance in our 1912 appropriations applicable to the purchase of such a machine, I would respectfully request the granting of my request. Yours very truly,

The Vice-Chairman laid before the Board the following communication from the Board of Education:

No. 2576.

Board of Education, Park Ave. and 59th St., New York, January 9, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on January 8, 1913, relative to an issue of special revenue bonds to the amount of \$11,000 for the purpose of making up the deficit in the fund "Compensation of Janitors," 1912.

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that this Board requested, in the Departmental Estimate for 1912, the sum of \$1,576,972.60 for Compensation of Janitors. The Board of Estimate and Apportionment and the Board of Aldermen allowed but \$1,513,576.92, a cut of \$63,395.68. Some part of this deficit has been recouped by reason of the fact that special activities in the evening and during the vacation period were not organized to the extent contemplated in the Budget for 1912, there having been insufficient funds allowed for teachers' salaries, also by reason of the fact that there were some slight delays in the opening of new school buildings. Notwithstanding the most rigid economy, the fund is now exhausted, and there are claims awaiting payment aggregating \$19,396.67. It is anticipated a few other claims will be presented so that the total deficit will probably reach \$11,000.

Your Committee therefore urges prompt action by the Board of Estimate and Apportionment and the Board of Aldermen in the matter, and offers for adoption the following resolution:

Resolved, That the Board of Aldermen be, and it is hereby respectfully requested to adopt, a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of eleven thousand dollars (\$11,000), pursuant to the provisions of subdivision 8 of section 183 of the Revised Charter, for the purpose of making up the deficit in the fund "Compensation of Janitors," 1912.

A true copy of report and resolution adopted by the Board of Education on January 8, 1913.

The Vice-Chairman laid before the Board the following communication from Professor Fleck of Normal College.

No. 2577.

Normal College of The City of New York, Park Ave. and 68th St., January 8, 1913.

Mr. JOHN PURROY MITCHEL, City Hall, New York:

My Dear President Mitchel—A resolution has been introduced before the Board of Aldermen, by the Honorable George McAneny, for an appropriation of \$10,000, to be used by the Normal College, of The City of New York, to provide free concerts in accordance with a plan submitted by the Musical Department of the Normal College. During the last three years, nearly a half a million of people have attended such a series of concerts, and many thousands were turned away.

The City makes provision for the summer months, but not one cent for the long winter months. Remember, too, that the City possesses about twenty large, handsome auditoriums, all located in the home centres of the five boroughs of Greater New York. They are now mostly dark and empty at nights.

Unfortunately there is no such thing as good music outside of Carnegie Hall, Aeolian Hall, and the Metropolitan Opera House. Suppose there were only three great libraries, all in one locality. You can see therefore that this is a movement wholly for the people. It seems almost criminal to allow this year to go by without such a series of concerts, and I appeal to you in behalf of the great music lovers. Will you not support President McAneny in his effort to bring this wholesome enjoyment and educational influence into the lives of thousands upon thousands of our worthy citizens?

Trusting you will give this movement your powerful influence and full support. I am, sincerely yours,

HENRY T. FLECK.

The Vice-Chairman laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 2578.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, January 8, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—For the coming year it is anticipated that the expense of replacing damaged parts of the pumping machinery and keeping same in proper repair will be \$30,000. Each previous year the department had obtained the authority and consent of the Board of Aldermen to purchase such repair parts as are required, and to also incur such other expense as may be necessary to repair the engines, boilers and other appurtenances in the pumping stations without the formality of advertising for competitive bids for this labor and material.

As stated in previous letters, the department does not know when an accident may occur to the pumping engines or what parts may be damaged. It is imperative, therefore, that the department be in such a position that the engines may be repaired and put in proper working condition with the least possible delay. In the high elevations of the Boroughs of Manhattan and The Bronx, and entirely throughout the other Boroughs, all the water is pumped, so that interruption in the supply, which would naturally follow any serious break in the pumping machinery, would result in great inconvenience to the people. There would also be great danger should a large fire occur.

I would, therefore, respectfully ask that the Board of Aldermen authorize the expenditure by this department during the year 1913 of the sum of \$30,000, without public letting, to be apportioned among the Boroughs as follows:

|                              |             |
|------------------------------|-------------|
| Manhattan and The Bronx..... | \$10,000 00 |
| Brooklyn .....               | 15,000 00   |
| Queens .....                 | 2,000 00    |
| Richmond .....               | 3,000 00    |

Hereto I attach a draft of resolution, which I would ask you to kindly submit at the next meeting of the Board of Aldermen. Yours truly,

HENRY S. THOMPSON, Commissioner.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered to expend a sum of money not to exceed thirty thousand dollars (\$30,000) during the year 1913, for the repair of engines, boilers, and appurtenances, the money to be apportioned as follows:

|                              |             |
|------------------------------|-------------|
| Manhattan and The Bronx..... | \$10,000 00 |
| Brooklyn .....               | 15,000 00   |
| Queens .....                 | 2,000 00    |
| Richmond .....               | 3,000 00    |

The Vice-Chairman laid before the Board the following communication from the Department of Street Cleaning:

No. 2579.

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, January 6, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Sir—I request that your Board, pursuant to subdivision 8, section 183 of the Charter, recommend to the Board of Estimate and Apportionment the issue of Special Revenue Bonds for improvements in this department as follows:

The construction of a fireproof covered dump at 97th st. and North River to replace the dump recently destroyed by fire, \$40,000.

The construction of a temporary dump in the vicinity of 80th st. and East River, the same to be used while the waterfront wall is being constructed at 80th st. and East River, the site of the present dump, \$4,000. The present dump is condemned by the Department of Docks and Ferries because of a recent fire. Respectfully,

WM. H. EDWARDS, Commissioner.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Richmond:

No. 2584.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, January 10, 1913.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—In order to enable the Finance Committee to investigate and be prepared to report at the earliest possible date, I am sending copies of two communications, just addressed to the Board of Estimate and Apportionment, asking for corporate stock in amount \$4,650 for grade crossing elimination work; and \$2,500 for the Sea View Hospital sewer.

The quoted reports in the accompanying letters give full information upon the subject. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

Office of the President of the Borough of Richmond, New Brighton, N. Y., January 10, 1913.

Board of Estimate and Apportionment, 277 Broadway, New York:

Gentlemen—I would ask for the earliest possible action upon the issue of corporate stock to the amount of \$4,650 for engineering work in connection with grade crossing elimination in this Borough.

One extensive piece of work is drawing to a close, but will require four or five months' attention.

Another even more important construction is to be begun at once. That you may have full information upon the subject, the following report has been prepared by our Engineering Bureau:

"The amount of money available for salaries of an Engineer and Assistants, in connection with the elimination of grade crossings in this borough, on January 1, 1913, is \$1,620.75. We need for the year 1913 \$6,250, as follows:

|  |            |
|--|------------|
| 1 Assistant Engineer, \$2,700; one year..... | \$2,700 00 |
| 1 Draughtsman, \$1,200; eight months.....    | 800 00     |
| 1 Inspector, \$1,350; one year.....          | 1,350 00   |
| 1 Inspector, \$1,200; six months.....        | 600 00     |
| 1 Transitman, \$1,800; two months.....       | 300 00     |
| 1 Rodman, \$1,200; two months.....           | 200 00     |
| 2 Laborers, \$900; two months.....           | 300 00     |

Total.....

\$6,250 00

"There is, therefore, a probable deficiency of \$4,629.25, and I would ask that additional corporate stock be issued, so that this work may be carried on during the coming year.

"The explanation of the above request, will say that the present contract work of elimination at Huguenot crossing will probably be completed in about four months; an inspector must be in constant attendance, representing this Department, as we have to certify to one-fourth of the cost.

"The Crooks crossing elimination is to commence and we will need an Inspector there at once; that work will be carried on throughout the year. As much of the work is being done by the Staten Island Railway Company, through its own force, it is necessary for us to check up their time account, and all materials delivered and charged, and in many cases we have to separate these items from their own work, which is going on in that vicinity. For the month of October, as an example: These items included 9,000 hours of labor at 13 different prices.

"The Engineer in charge of this work, representing this Department, is unable, without assistance, to compute and check all of the many items of expenditure entering into this work; and there is also some necessary checking of field work to be done by him, for which he needs the occasional services of a field party. This has all been considered carefully and kept down to a minimum expenditure in the schedule outlined above."

Yours respectfully, GEORGE CROMWELL, President of the Borough.

Office of the President of the Borough of Richmond, New Brighton, N. Y., January 10, 1913.

Board of Estimate and Apportionment, 277 Broadway, New York:

Gentlemen—I would ask for the further issue of \$2,500 in corporate stock for account of the Sea View Hospital sewer.

That you may have full information upon the subject, I quote report from our Bureau of Engineering in the matter:

"The amount of corporate stock available for the purpose of constructing the Sea View Hospital sewer was \$84,458.75; of this amount \$60,817.90 have been disbursed, and contract liabilities amounting to \$22,539.84 more, which leaves a balance available for inspection, engineering and any additional necessary work, of \$1,101.01. This is inadequate to complete the last of the three contracts, which is now under way.

"We need to finish the work, for additional sheeting and rubble masonry not contemplated in the original plans, \$800; for December payrolls unpaid \$260.69; for engineering and inspection from January 1, 1913, to the completion of the work, which we believe will occur between June 1 and July 1, 1913, \$2,540.32, making a total requirement of \$3,601.01. The amount available is \$1,101.01, making a deficiency of \$2,500. We would, therefore, ask that additional corporate stock amounting to \$2,500 be issued by the Board of Estimate and Apportionment for this purpose."

Yours respectfully, GEORGE CROMWELL, President of the Borough.

Which was ordered on file.

The City of New York, Board of City Record, Office of the Supervisor, 13-21 Park Row, December 30, 1912.

Hon. P. J. SCULLY, City Clerk:

Sir—I am in receipt of the preamble and resolution adopted by the Board of Aldermen on December 17, in which resolution the City Clerk was requested

"in transmitting the requisition for printing the minutes for 1913 to the Board of City Record to request the use of somewhat larger type or of more space between the lines or between subjects."

Accompanying the same is a letter from you in which you endorse the above.

I am always thankful to receive suggestions from city officers and departments for such changes in the methods of this office as will add to its serviceability and as will accrue to the convenience of the officers.

It is unfortunate that I did not know before the preparation of the contract for publication of the CITY RECORD and for furnishing reprints from the same for 1913 had been prepared that there was any cause for complaint among the members of the Board of Aldermen as to the size of the type which had been used for more than thirty years in printing the minutes of the Board.

The specifications for the annual contract for the CITY RECORD provide for the use of six and eight point types, as formerly, because there has been no criticism made that these types were at all objectionable. The bids for the CITY RECORD were opened December 4, and the contract for 1913 was awarded several days before 1913 had been prepared that there was any cause for complaint among the members of the Board of Aldermen as to the size of the type which had been used for more than thirty years in printing the minutes of the Board.

DAVID FERGUSON, Supervisor of the City Record.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 2586.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, January 13, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith for your information certified copy of resolution adopted by this Board January 9, 1913, amending resolution adopted December 30, 1912, which authorized, subject to the concurrence of the Board of Aldermen, the issue of \$195,000 corporate stock for the purchase of supplies, equipment and materials incidental to new construction work by the Department of Docks and Ferries, as set forth therein, by striking therefrom the provision which required the concurrence by the Board of Aldermen.

Reference is respectfully made to my communication of December 31, 1912, transmitting to the Board of Aldermen the resolution adopted December 30, 1912, as above.

Since the amended resolution adopted January 9, 1913, does not require the concurrence of the Board of Aldermen, I would thank you to return to this office the resolution of December 30, 1912. Yours very truly,

JOSEPH HAAG, Secretary.

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 9, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On October 10, 1912, the Fire Commissioner requested amendment of resolutions authorizing corporate stock for the erection of buildings for the use of the Fire Department. In connection therewith we report as follows:

It is proposed to amend three resolutions by reducing the amounts, as follows: From authorization on building at No. 191 Fulton street, Manhattan ..... \$2,500.00 From authorization on building at Smith and Lorraine streets, Brooklyn ..... 2,500.00 From authorization on building at 489 and 491 St. Johns place, Brooklyn ..... 2,500.00 —and to add the total to the authorization for a building at Bailey avenue and Albany road, Borough of The Bronx.

On June 3, 1910, the Board of Estimate and Apportionment, and on June 28, 1910, the Board of Aldermen, authorized issue of \$80,000 corporate stock for the erection of a new building at Bailey avenue and Boston road for the Fire Department. After further consideration of contract costs, it was decided that \$70,750 would be sufficient. On January 18, 1912, the Board of Estimate and Apportionment, and on February 13, 1912, the Board of Aldermen, adopted a resolution reducing the authorization by \$9,250, to \$70,750. After approval of the original plans for this house by the Board of Estimate and Apportionment, a change was made in the established grades of Bailey avenue and of Albany road, which caused an increased cost for construction. The contract was let without knowledge of the change of grade. The building is practically completed and can be made ready for occupancy in a short time if changes are made in the plans for the approach and in the retaining wall at the side and rear of the building. It is estimated that these changes will cost about \$7,000. A balance of \$756.83 remains in the fund, so a transfer of \$6,250 will be sufficient.

The following table shows the condition of the accounts affected by the request:

| Code No.      | Purpose.   | Corporate Stock | Reserves.   |                |                     |
|---------------|--|-----------------|-------------|----------------|---------------------|
|               |  |                 | Authorized. | Open Contract. | Unencumbered Order. |
| C. F. D.—24E. | Erection of building at 191 Fulton street, Manhattan                             | \$41,000.00     | \$13 66     | \$37,250.00    | \$100.00            |
| C. F. D.—26A. | Erection of building at southwest corner of Smith and Lorraine streets, Brooklyn | 66,900.00       | 15 48       | 61,093.77      | 5,821.71            |
| C. F. D.—26B. | Erection of building at 489-491 St. Johns place, Brooklyn                        | 58,500.00       | 10 02       | 51,553.84      | 6,956.18            |
| C. F. D.—25H. | Erection of building at Bailey avenue and Boston road, The Bronx                 | 70,750.00       | 18 21       | 70,011.38      | 756.83              |

We therefore recommend that \$6,250, which is approximately the amount shown to be necessary, be added to the authorization for the building at Bailey avenue and Boston road, and that the following be rescinded:

\$2,000 from the authorization for building at 191 Fulton street, Manhattan.

\$2,000 from the authorization for building at Smith and Lorraine streets, Brooklyn.

\$2,250 from the authorization for building at 489-491 St. Johns place, Brooklyn.

Some confusion has been caused by referring to the building in The Bronx, sometimes as at Bailey avenue and Boston road, and sometimes as at Bailey avenue and Albany road. The road west of Bailey avenue is called Albany road; east of Bailey avenue it is called Boston avenue. The engine house is located on the side called Albany road.

We recommend the adoption of the attached resolutions, carrying out the above recommendations. Respectfully,  
DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Which were severally referred to the Committee on Finance.

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen July 25, 1911, as follows:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding *seventy-five thousand dollars (\$75,000)* to provide means for the construction of shades and other structures, proposed for erection by departmental labor, at Otisville, N. Resolved, That, pursuant to provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding *seven thousand five hundred dollars (\$7,500)*, to provide means for the construction of a dining hall, etc., for women's unit, on the grounds of the Tuberculosis Sanatorium at Otisville, N. City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On September 10, 1912, the President of the Board of Health requested amendment of an authorization of corporate stock in the amount of \$7,500 for the construction of shades and other structures, to be erected by departmental labor, at Otisville, N. Y., on the grounds of the Tuberculosis Sanatorium. In connection therewith we report as follows:

On July 2, 1909, the Board of Estimate and Apportionment adopted a resolution appropriating \$25,000 for the construction of a frame dining hall, kitchen and infirmary for the women's unit for 200 patients. The President states as follows:

After the adoption of the resolution, it was decided to construct a larger and more satisfactory building of hollow tile and cement, which would be practically fireproof, and accommodate the children's unit as well as the women's unit. The building is now under construction and will have accommodations for 400 patients, instead of 200. The funds available, however, are insufficient to carry the work to completion, and it is proposed that \$7,500 be charged to C. D. H.

—R., entitled "Department of Health, Sanatorium at Otisville, N. Y., Construction of Buildings and Improvement of Grounds by Departmental Labor."

Owing to the number of frame buildings on the Sanatorium grounds, and the consequent danger from fire, the Board of Health in 1909 began the construction of hollow tile and cement buildings. This action resulted in the change of material for the dining hall for the women's unit, and the necessarily increased cost.

We recommend the adoption of the attached resolutions to provide for replenishing the account "C. D. H.—70D., Department of Health, Sanatorium at Otisville, N. Y., Dining Hall, etc., for Women's Unit," to the extent of \$7,500. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 2593.

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen July 25, 1911, which reads as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding *five hundred dollars (\$500)*, to provide means for the construction of masonry retaining walls, north side of Woodlawn avenue bridge approach, in the New York Botanical Garden, under the jurisdiction of the Department of Parks, Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 9, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On August 15, 1912, the Commissioner of Parks, Borough of The Bronx, requested rescindment of \$500 in corporate stock appropriation C. D. P.—301G, and an authorization of \$500 in corporate stock for the purpose of providing means for the construction of masonry retaining walls, north side of Woodlawn road bridge approach in the New York Botanical Garden. In connection therewith we report as follows:

On July 17, 1911, the Board of Estimate and Apportionment authorized an issue of corporate stock to the amount of twelve thousand five hundred dollars (\$12,500) to provide means for the erection of an additional greenhouse in the New York Botanical Garden. This resolution was concurred in by the Board of Aldermen on July 25, 1911. There remains an unencumbered balance of \$983.11 in the fund. It is sufficient to meet the proposed reduction.

An authorization of \$500 in corporate stock is requested for the purpose of providing funds for the construction of masonry retaining walls, north side of Woodlawn road bridge approach in the New York Botanical Garden, under the jurisdiction of the Department of Parks, Borough of The Bronx.

It is desirable that a masonry retaining wall be built on the north side of Woodlawn road bridge approach. At this point a heavy filling was required to hold up the driveway approach, and to eliminate a swamp. By providing a dump for contractors engaged in excavating in that vicinity over 5,000 yards of filling has been obtained without cost during the last three years, about 2,000 cubic yards more

filling is needed to complete the work, and this can be obtained from the same source without cost. A retaining wall will be necessary to hold this bank along the railway. It is estimated that 100 yards of masonry will be required at a cost of \$5 per cubic yard, making the total cost \$500.

We recommend the adoption of the attached resolutions approving the request. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 2595.

Resolved, That, pursuant to the provisions of chapter 594 of the Laws of 1907, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding nineteen thousand five hundred dollars (\$19,500) to provide means for surveys, maps and improvements for The Bronx Parkway Commission, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, December 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 11, 1912, the Bronx Parkway Commission requested \$19,500 corporate stock to pay the City's share of the expense to be incurred for maps, surveys and improvements, as certified in accordance with chapter 594, Laws of 1907. In connection therewith I report as follows:

The Commission has certified that the cost of maps, surveys and improvements for the year 1913 will be \$26,000. In accordance with the provisions of chapter 594 of the Laws of 1907 three-fourths of the cost is to be paid by The City of New York and one-fourth by the County of Westchester. We recommend the adoption of the attached resolution approving the request. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 2596.

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves the issue of corporate stock of The City of New York to an amount not exceeding fourteen thousand six hundred and forty-five dollars and fifty cents (\$14,645.50), to provide means for the rearrangement of water mains and the installation of new pipes and appurtenances in sections 2, 3, 8, 10, 11, 12 and 15 of the Broadway-Lexington avenue subway, in the Boroughs of Manhattan and The Bronx, in connection with improving the water supply system of said Boroughs, under the jurisdiction of the Department of Water Supply, Gas and Electricity, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 9, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 25, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 1 the Commissioner of Water Supply, Gas and Electricity requested an issue of corporate stock in the sum of \$14,645.50, to provide for the expense of improving the distribution system along certain sections of the Broadway and Lexington avenue subway. In connection therewith I report as follows:

By taking advantage of the present cuts in the streets along certain sections of the Broadway and Lexington avenue subway the Department of Water Supply proposes to improve its distribution system at a cost considerably less than if it waits until the subway work is finished and the streets repaved. The Department's Engineers have obtained bids from the subway contractors involved, from which it appears that the following savings can be effected:

| Section.                              | Contractor. | Saving.     |
|---------------------------------------|-------------|-------------|
| 2 Degnon Contracting Company          |             | \$476 00    |
| 3 Underpinning and Foundation Company |             | 497 50      |
| 10 Bradley Contracting Company        |             | 2,477 00    |
| 11 Bradley Contracting Company        |             | 1,511 50    |
| 8 Bradley Contracting Company         |             | 3,492 00    |
| 12 Oscar Daniels Company              |             | 1,027 90    |
| 15 Rodgers and Hagerty Company        |             | 3,117 00    |
| Total                                 |             | \$12,598 90 |

The Public Service Commission's contracts provide for work of this character, viz., the replacing of water mains and appurtenances, and on some of the items the Commission has taken bids for such work. The subsurface Engineer of the Commission states, however, that the contractor's offers as received by the Department of Water Supply are apparently more favorable to the City than would be the figures obtained by computing the unit prices bid plus extra work as provided for under the subway contract. The Commission's Engineer states further that the acceptance by the City of the propositions made to the Department of Water Supply for the contemplated work will afford no relief to the contractors from work already bid upon, no relief from ultimate responsibility and no duplication of payments to contractors as between the two accounts.

In view of the facts that the work proposed, if done now, will eliminate the necessity for opening the streets again for the work, and that there is a visible saving to the City of nearly \$13,000 by providing for the work at this time, I recommend the adoption of the attached resolution granting the request. Respectfully,

W.M. A. PRENDERGAST, Comptroller.

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment June 27, 1912, and approved by the Board of Aldermen July 9, 1912, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seven thousand dollars (\$7,000), to provide means for the construction of a shelter house on the Queens Plaza of the Queensboro Bridge, under the jurisdiction of the Department of Bridges, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid, provided that no portion of said proceeds shall be used for the payment of services of departmental employees."

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one thousand dollars (\$1,000), to provide means for the improving of the unimproved portion of the Queens plaza of the Queensboro Bridge, under the jurisdiction of the Department of Bridges, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid; provided that no portion of said proceeds shall be used for the payment of services of departmental employees.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 4, 1912, the Commissioner of Bridges requested that a resolution of the Board of Estimate and Apportionment adopted on June 27, 1912, authorizing an issue of corporate stock to an amount not exceeding \$7,000, for the construction of a shelter house on the Queens Plaza of the Queensboro Bridge, be amended to reduce the amount to \$6,000, and further requesting an issue of corporate stock to the amount of \$1,000, for the improving of the unimproved portion of the Queens Plaza of the Queensboro Bridge, adjacent to Skillman Place. In connection therewith we report as follows:

On October 23, 1912, the City acquired title for bridge purposes to a small parcel of property in the Borough of Queens, bounded by Hunter avenue, Skillman place, Jackson avenue and the Plaza of the Queensboro Bridge. The Commissioner states that he desires to improve this property and also a small portion of unimproved bridge property adjacent thereto, in a manner similar to the rest of the Plaza. This will consist of parking, the laying of granolithic sidewalks with curbs, and the erection of a railing. The estimated cost is \$1,000, for which the issue of corporate stock is requested.

A contract for the construction of the shelter house on the Queens Plaza of the Queensboro Bridge has been awarded at \$4,450, excluding plumbing, lighting, heating, etc. The Commissioner estimates that the total cost will not exceed \$6,000. It is possible, therefore, to rescind the \$1,000 permitting of an issue in the same amount for improving the Plaza without increasing the total allowance of the department.

We recommend the adoption of the attached resolutions approving the request.

Respectfully, DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 2599.

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on November 21, 1912, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-seven thousand dollars (\$27,000), to provide additional means for the construction of the foundation of the new Children's Court Building, 22d street, near Lexington avenue, Borough of Manhattan, under the jurisdiction of the President of the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to read as follows:

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 26, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 21, 1912, the Board of Estimate and Apportionment adopted a resolution approving an issue of corporate stock in the sum of \$27,000, to provide additional means for the construction of the foundation of the new Children's Court Building, at 22d street, near Lexington avenue, Borough of Manhattan, under the jurisdiction of the President of the Borough. The appropriation was approved on account of the unusual difficulty in laying the foundation, which is located over the bed of an old creek.

Two authorizations, one for \$150,000, and one for \$85,000, have been made for the erection of a new building for the Children's Court. To facilitate payment of contract charges, \$27,000 should be included in the same account with the two previous authorizations.

We recommend, therefore, the adoption of the attached resolution providing for an amendment to make the \$27,000 available for the erection of the new building.

Respectfully, DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 9, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 13 and 27, 1912, the Board of Education requested this Board to take such action as may be necessary and proper to acquire a site for

a new high school in the East New York section, and for a strip of land adjoining Public School 35, Hollis, Queens, described as follows:

Beginning at a point formed by the intersection of the northerly line of Dumont avenue with the easterly line of Sheffield avenue, and running thence northerly along the easterly line of Sheffield avenue 410 feet; thence easterly and parallel with Dumont avenue 195 feet to the westerly line of Pennsylvania avenue; thence southerly along the westerly line of Pennsylvania avenue 410 feet to the northerly line of Dumont avenue; thence westerly along the northerly line of Dumont avenue 195 feet to the easterly line of Sheffield avenue, the point or place of beginning, be the said several dimensions more or less.

Beginning at a point formed by the intersection of the southerly line of Prospect avenue with the westerly line of Parkview avenue, and running thence westerly along the southerly line of Prospect avenue 56.42 feet to the easterly line of lands of Public School 35; thence southerly along said easterly line of lands of Public School 35 to the southeasterly corner of said lands; thence easterly along a continuation of the southerly line of said lands of Public School 35 25.98 feet to the westerly line of Parkview avenue; thence northerly along the westerly line of Parkview avenue 302.32 feet to the southerly line of Prospect avenue, the point or place of beginning, be the said several dimensions more or less.

The assessed valuations of the aforesaid properties, as shown by the books of record on file in the Department of Finance, are \$56,500 and \$5,000 respectively. Funds for the acquisition of these sites are available from balances of \$116,000, in the lump sum appropriation, aggregating \$695,000, made in the Corporate Stock Budget for 1911, for the acquisition of school sites in the several boroughs, as follows:

| Location.   | Estimated Cost.     |
|---|---------------------|
| <i>Borough of The Bronx.</i>  |                     |
| In the vicinity of Union avenue and East 155th street.....            | \$120,000 00        |
| In the vicinity of Tinton avenue and East 163d street.....            | 150,000 00          |
| In the vicinity of Vyse and Bryant avenues and 173d street.....       | 70,000 00           |
| In the vicinity of 168th street, Park and Washington avenues.....     | 125,000 00          |
| <i>Borough of Brooklyn.</i>   |                     |
| Southeast of 12th avenue, 64th and 65th streets.....                  | 25,000 00           |
| In the vicinity of South 3d street and Driggs avenue.....             | 180,000 00          |
| <i>Borough of Queens.</i>   |                     |
| In the vicinity of Hillside avenue and Cherry street, Douglaston..... | 10,000 00           |
| In the vicinity of Fairview and Hillside avenues, Corona Heights..... | 15,000 00           |
|   | <b>\$695,000 00</b> |

The location of the site designated as in the vicinity of 168th street, Park and Washington avenues, The Bronx, was finally fixed at 168th street, Teller and Findley avenues. It was purchased for \$35,000, instead of \$125,000, as estimated. The one designated as in the vicinity of Union avenue and East 155th street was located at Kelly street, Leggett avenue and Avenue St. John, and was purchased for the sum of \$75,000, instead of \$120,000, as estimated. Sufficient money was saved on these two sites alone to permit of the acquisition of additional sites. On May 23, 1912, upon the recommendation of the Comptroller, the original resolution was therefore amended by authorizing the acquisition of three additional sites as follows:

*Borough of The Bronx.*

In the vicinity of 207th street, Perry and Hull avenues.

*Borough of Brooklyn.*

In the vicinity of Avenue C and East 4th street.

In the vicinity of Hopkinson avenue, St. Marks avenue or Bergen street.

The Appraiser of Real Estate, Department of Finance, reports that all of the sites authorized have now been purchased at private sale or are in the course of acquisition and that their combined cost will not exceed \$579,000, as follows:

|  | Cost.               | Allowance.          |
|--|---------------------|---------------------|
| 168th street, Washington and Park avenues, The Bronx.. | \$35,000 00         | \$125,000 00        |
| Union avenue and 155th street, The Bronx.....          | 75,000 00           | 120,000 00          |
| Tinton avenue and 163d street, The Bronx.....          | 145,000 00          | 150,000 00          |
| Hillside and Cherry streets, Douglaston, Queens.....   | 14,000 00           | 10,000 00           |

| South 3d street and Driggs avenue, Brooklyn.....       | 106,000 00          | 180,000 00          |
| 172d, 173d streets, Vyse and Bryant aves., The Bronx.. | 46,500 00           | 70,000 00           |
| 207th street, Perry and Hull avenues, The Bronx.....   | 47,500 00           | .....               |
| Dean street, Brooklyn.....                             | 33,500 00           | .....               |
| Avenue C, East 2d and East 3d streets, Brooklyn.....   | 32,000 00           | .....               |
|  | <b>\$579,000 00</b> | <b>\$695,000 00</b> |

It appears, therefore, that there is an available balance of \$116,000 in the original appropriation which it is proposed to apply to the acquisition of the aforesaid sites in Brooklyn and Queens.

A request for funds for the acquisition of a site and the construction thereof of a new high school for the East New York section was included in the estimated requirements of the Department of Education for the year 1912, aggregating \$17,174,485, submitted last June. This item was given first place in the list of new high school buildings. The strip of land in Hollis, adjoining Public School 35, which it is proposed to purchase, lies between the site of the school and Parkview avenue. The site is required to prevent possible building to the east and the consequent cutting off of light from the school, to make proper sewer connections, to escape the expense of grading, and to make room for an addition to the present building which is becoming more and more necessary.

We recommend that the acquisition of the sites in question be authorized by the adoption of the attached resolution, which further amends the resolution for \$695,000, by adding these sites to the list proposed for therein. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on October 10, 1912, and adopted by the Board of Aldermen October 29, 1912, as follows:

"Resolved, That, pursuant to the provisions of chapter 594 of the Laws of 1907, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding six thousand dollars (\$6,000), being the City's share of a total of eight thousand dollars (\$8,000) for the expenses of the Bronx Parkway Commission for the year 1912, for topographical survey and in connection with acquisition and improvement of lands donated to the Commission, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid,"

A true copy of resolution adopted by the Board of Estimate and Apportionment January 9, 1913.

JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, December 27, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 10, 1912, the Bronx Parkway Commission requested the amendment of a resolution adopted by your Board on October 10, 1912, and by the Board of Aldermen on October 29, 1912, authorizing \$6,000 in corporate stock for the expenses of the Commission for the year 1912, for topographical survey, and in connection with the acquisition and improvement of lands donated to the Commission. In connection therewith we report as follows:

The amendment asked for is to permit of the expenditure in 1913 of any balance remaining after 1912.

On July 17, 1912, the Board of Estimate and Apportionment approved the acquisition of lands for the Commission, as provided by chapter 594 of the Laws of 1907.

Under the provisions of the statute, The City of New York is required to pay three-fourths of the expenses of the Commission and the County of Westchester one-fourth. When the \$6,000 was appropriated it was estimated that amount would be necessary as the City's share for the rest of the year 1912. It is now found that the full amount will not be expended and therefore the request is made for amendment to permit expenditure in 1913. The Commission on November 11, 1912, requested \$19,500 in corporate stock for 1913. Pending action by your board on that request the Commission urges approval of the proposed amendment.

We recommend the adoption of the attached resolution approving the amendment as requested. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

No. 2602.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 27 Broadway, January 13, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment at the meeting held January 9, 1913, relative to the establishment of grades of positions, etc., as follows:

Calendar No. 102—Office of the President of the Borough of Brooklyn, Chemist, \$1,800 per annum, 1 incumbent; Assistant Chemist, \$1,000 per annum, 1 incumbent.

Calendar No. 124—Fixing the compensation of Janitors of various school buildings, as set forth therein.

I also transmit copies of reports of the Committee on Salaries and Grades relative thereto. Your very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Brooklyn of the grades of position, in addition to those heretofore established, as follows:

| Title.                  | Rate per Annum. | Number of Incumbents. |
|-------------------------|-----------------|-----------------------|
| Chemist .....           | \$1,800         | 1                     |
| Assistant Chemist ..... | 1,000           | 1                     |

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 9, 1913.

JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 29, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 19, 1912, the Acting President of the Borough of Brooklyn requested establishment of the grade Assistant Chemist, at \$1,000. In connection therewith I report as follows:

On February 8, 1912, the Board of Estimate and Apportionment recommended to the Board of Aldermen that \$50,000 in revenue bonds be requested for the purpose of continuing the experimental work of sewage purification, under the supervision of the President of the Borough of Brooklyn, at the 20th Ward Sewage Disposal Plant in that Borough. The Board of Aldermen adopted a resolution pursuant to such recommendation on March 5, 1912, and the appropriation subsequently was approved by your Board.

A Chemist at \$1,800 per annum is at present employed. The grade for the position has not been established. Therefore, establishment of the grades of Chemist, at \$1,800, and Assistant Chemist, at \$1,000, is necessary.

We recommend the adoption of the attached resolution approving establishment of the two grades. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

No. 2603.

Whereas, By opinion of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provision of section 56 of the Greater New York Charter; and,

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provision of section 56 of the Charter is now in the hands of a special committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said committee, the compensation of Janitors in the Department of Education be fixed temporarily; and until further modified, in accordance with the following list:

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 9, 1913.

JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, December 28, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 11, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for Janitors of public schools in the Boroughs of Manhattan, Brooklyn, The Bronx and Queens. In connection therewith we report as follows:

Rates requested for Public School 129, Manhattan, 32; (annex), The Bronx; portable buildings for 97, Brooklyn; 1 and 79, Queens, are for temporary assignments at existing or lower rates. For new Public School 47, The Bronx, which was formally opened on November 18, 1912, a temporary rate of \$2,820 per annum is requested from November 1 to December 1, 1912, and a rate of \$4,176 per annum thereafter on account of most of the building being occupied. The latter amount is the full rate for the entire building as per the schedule. It is expected that when the proposed high school annex is established in the building at the opening of the new term in February, 1913, all of the rooms will be occupied. A rate of \$60 per month is requested for Public School 15, The Bronx. This building was abandoned upon the opening of new 47, and its possession by the Commissioners of the Sinking Fund is pending. Meanwhile, a watchman must be retained.

We recommend the adoption of the attached resolution approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

The Vice-Chairman laid before the Board the following communications from the Department of Street Cleaning:

No. 2604.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, City of New York.

Sir—I request that your Board, pursuant to subdivision 8, section 188 of the Charter, recommend to the Board of Estimate and Apportionment the issue of Special Revenue Bonds for improvements in this Department, in the Borough of Manhattan, as follows:

Repairing incinerator on pier at 47th st. and North River..... \$2,000 00

Electric lighting of Stables A and E..... 2,700 00

Respectfully, WM. H. EDWARDS, Commissioner.

## No. 2605.

Office of Commissioner of Street Cleaning, 12-21 Park Row, New York, January 13, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York.

Sir—I desire to increase the salary for the position of Assistant Superintendent of Final Disposition in this Department from \$1,500 to \$2,100 per annum, and respectfully request that your Board authorize the issue of special revenue bonds to the amount of \$600 for this purpose.

This position is at present held by Mr. Edward P. Greene, who at my suggestion waived his right to appointment as a District Superintendent at \$2,100 because of my desire to retain him in the Final Disposition branch of the service, he being an expert on such matters.

The position of Assistant Superintendent of Final Disposition is a responsible one, and is called upon to act as Superintendent of Final Disposition in the absence of his superior officer. Therefore, the salary of the grade should be at least equal with that of District Superintendent, namely, \$2,100 per annum. Respectfully,

WM. H. EDWARDS, Commissioner.

Which were severally referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the County Clerk of New York County:

## No. 2606.

Resolved, That, for the purpose of defraying minor incidental expenses contingent to his office, the Clerk of the County of New York may, by requisition, draw upon the Comptroller for a sum not exceeding one hundred dollars (\$100), and may in like manner renew the draft as often as he may deem necessary to the extent of the appropriation set apart for his office during the year 1913, viz.: "Supplies," Code Nos. 3645, 3646, 3647; "Purchase of Equipment," Code Nos. 3648, 3649; "Contract or Open Order Service," Code Nos. 3650, 3651, 3652, 3653; but no such renewal shall be made until the money paid, upon the preceding draft shall be accounted for to the Comptroller, by the transmittal of a voucher or vouchers, certified by the Clerk of the County of New York, covering the expenditure of money paid thereon.

Hon. JOHN P. MITCHEL, President, Board of Aldermen, New York City.

Whereas, An appropriation of twenty-five thousand dollars (\$25,000) of the taxpayers' money has been made to investigate the Police Department of this city, and

Whereas, From all accounts of said proceedings had up to date nothing of sufficient importance has been brought out in the interest of the taxpayers that has warranted this outlay other than a seeming partisan play at politics, and

Whereas, The terrific large demand that is going to be made on the taxpayers before the Board of Estimate and Apportionment for this year's appropriation is almost appalling.

Whereas, Every dollar saved to the taxpayers that may be deemed unnecessarily expended will be considered a boon to the already overburdened taxpayers, be it therefore

Report of Committee on Finance—

## No. 1212—(S. O. No. 156).

The Committee on Finance, to which was referred on May 28, 1912 (Minutes, page 564), the annexed resolution in favor of an issue of \$25,000 Special Revenue Bonds for clerical and expert services in connection with revision of the Building Code, respectfully

## REPORTS:

That Chairman Herbst of the Committee on Buildings appeared before the Committee and explained that it was the intention to employ various experts in connection with many of the divisions of the proposed Building Code, and that a considerable sum was needed for stenographic services. This Committee believes that funds are necessary to properly perform this work, but feels that a smaller amount than that asked for may suffice.

It, therefore, recommends that the accompanying resolution be adopted.

## No. 2495—(S. O. No. 157).

The Committee on Finance, to which was referred on January 6, 1912 (Minutes, page 25) the annexed request from the Finance Department for \$900 Special Revenue Bonds for rent of quarters in Richmond, for use of Troop F, Second Cavalry, N. G. N. Y., respectfully

## REPORTS:

That the reasons for this request are set forth in the letter of application. Inasmuch as this is a new lease it could not be taken care of in the Budget, and a bond issue must be provided.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of \$900, the proceeds whereof to be used by the Comptroller for the payment of rent of the following described premises in the Borough of Richmond:

Beginning at a point on the southerly side of Martling avenue 568 feet east of Manor road, and running thence easterly along the southerly side of Martling avenue 530 feet to Slosson avenue; thence southerly along the westerly side of Slosson avenue 749 feet 9 inches; thence westerly parallel with Martling avenue, or

## No. 2496—(S. O. No. 158).

The Committee on Finance, to which was referred on January 6, 1912 (Minutes, page 26), the annexed communication from the Department of Public Charities for \$5,129 special revenue bonds to provide for salaries omitted from the Budget for 1913, respectfully

## REPORTS:

That the letter of request gives full details of this application. It is natural to suppose that, in the multiplicity of detail connected with the formulation of the Budget, these small places were omitted without intention, and it is but just that immediate steps should be taken to provide for the pay of these employees who have spent their best years in the City service. The Committee, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand one hundred and twenty-nine (\$5,129) dollars, the proceeds whereof to be used by the Department of Public Charities for the purpose of paying salaries of certain employees from January 1 to December 31, 1913, as follows: New York City Children's Hospitals and Schools, R. I.:

1 Laborer at \$3 per diem (303 days) ..... \$909 00

1 Gardener at \$900 per annum ..... 900 00

New York City Home for Aged and Infirm, Brooklyn Division:

1 Driver at \$800 per annum ..... 800 00

1 Driver at \$720 per annum ..... 720 00

## To the Honorable Board of Aldermen:

Gentlemen—We respectfully request that special revenue bonds in the sum of five thousand and one hundred twenty-nine (\$5,129) dollars be issued in order to pay the salaries of persons in the following positions during the year 1913:

New York City Children's Hospitals and Schools, R. I.:

1 Laborer at \$3 per diem (303 days) ..... \$909 00

1 Gardener at \$900 per annum ..... 900 00

New York City Home for Aged and Infirm, Brooklyn Division:

1 Driver at \$800 per annum ..... 800 00

1 Driver at \$720 per annum ..... 720 00

New York City Training School for Nurses, B. I.:

1 Matron at \$600 per annum ..... 600 00

Metropolitan Training School for Nurses, B. I.:

1 Matron at \$600 per annum ..... 600 00

New York City Farm Colony, Staten Island:

1 Matron at \$600 per annum ..... 600 00

Laborer: This person has been employed for several years at this institution and was in our request for 1913. His services are needed. The position was cut out without consulting this department and should be restored.

Gardener: The present incumbent has held this position for twelve years and has rendered good and faithful service. The position was continued in our estimate for 1913, but owing to a misunderstanding it was requested that the position be transferred from Randall's Island to City Hospital. The Budget Committee did not allow it at City Hospital, and cut it off at Randall's Island. If we had continued the position at Randall's Island it would have been allowed. His services are valuable and should be continued.

Drivers: These men have been employed at the City Home, Brooklyn, driving transfer wagon and the Municipal hearse in that Borough. The Committee appointed by the Board of Estimate and Apportionment to inquire into the Departments of Health, Public Charities and Bellevue and Allied Hospitals recommended that these positions at the same salaries be transferred from the City Home, Brooklyn, to the Central Office, Brooklyn, but the persons responsible for the preparation of the budget took them off the City Home, Brooklyn, and by an oversight failed to include them among the Central Office, Brooklyn. This request is to correct said error.

Matrons: Minnie McNamara, New York City Training School for Nurses, B. I., appointed December 1, 1899. Theresa M. O'Brien, Metropolitan Training School for Nurses, B. I., appointed December 7, 1900. Gertrude Murray, New York City Farm Colony, S. I., appointed December 18, 1899. They all have rendered good and efficient service. They were in our request for 1913, and I do not feel that they should have been dropped without giving the head of the department an opportunity to be heard in the matter. They are necessary to the proper conduct of the institutions and should be restored to the respective rolls. The position of Matron is a Civil Service competitive position. Respectfully yours,

MICHAEL J. DRUMMOND, Commissioner.

Which were severally laid over.

## No. 2497—(S. O. No. 159).

The Committee on Finance, to which was referred on January 6, 1912 (Minutes, page 26), the annexed request from the Fire Commissioner for \$234,470. Special revenue bonds for the purchase of hose, respectfully

## REPORTS:

That the letter of request sets forth the reasons for this application. In addition the Fire Commissioner filed with the Committee the annexed detailed statement which reduces the amount asked for the item of 2½-inch hose by 26,750 feet, and thus brings down the total sum to \$202,370, a reduction of \$32,100. The Committee believes with the Fire Commissioner that this should be a budgetary charge, and that no such demand should be thrust upon the limited revenue fund account. It feels that hose must be furnished, but does not believe that it is good policy to grant the whole sum asked for. It recalls that \$100,000 was allowed for this purpose last year, and believes the same amount will cover this year's requirements. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred thousand dollars (\$100,000), the proceeds whereof to be used by the Fire Department for the purpose of purchasing fire hose. All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, JOHN DIEMER, JAMES HAMILTON, HENRY F. GRIMM, C. AUGUSTUS POST, FRANCIS P. KENNEY, Committee on Finance.

Fire Department of The City of New York, Office of the Commissioner, December 27, 1912.

## To the Honorable Board of Aldermen:

Gentlemen—This Department stands greatly in need of funds for use in purchasing an additional supply of fire hose to maintain at a proper standard of efficiency the equipment of existing companies in this regard and to provide for the estimated requirements for thirty-one new engine companies proposed to be organized during the coming year.

In the detailed statement given below, submitted to me by the Clerk in charge of the Bureau of Repairs and Supplies, the needs of this Department in the matter of a hose supply for the existing and prospective companies are shown to be:

| Size, Inches. | Quota, Feet. | On Hand, Feet. | Deficit, Feet. | Eight Years Old, |                | Price, Per Foot, Estimated. | Total Cost, Estimated. |
|---------------|--------------|----------------|----------------|------------------|----------------|-----------------------------|------------------------|
|               |              |                |                | Total Feet.      | Deficit, Feet. |                             |                        |
| 1.....        | 9,950        | 6,700          | 3,250          | 1,700            | 4,950          | \$0 40                      | \$1,980 00             |
| 1½.....       | 71,950       | 51,750         | 20,200         | 11,850           | 32,050         | 60                          | 19,230 00              |
| 2½.....       | 431,000      | 332,500        | 98,500         | 28,050           | 153,300        | 1 20                        | 183,960 00             |
| 3½.....       | 49,000       | 38,600         | 10,400         | 4,250            | 14,650         | 2 00                        | 29,300 00              |
| Total.....    |              |                |                |                  |                |                             | \$234,470 00           |

Of this amount, \$86,100 is for 2½-inch hose, for the new companies to be organized in 1913. The balance is to replace hose no longer fit for service and to cover the shortage of existing companies.

In the departmental estimate for 1913 was a request for money for the purposes stated, which, however, was disallowed. The Budget Committee decided that funds for this purpose would have to be obtained by revenue bond issue.

I have, therefore, the honor to request that, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Aldermen apply to the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not to exceed the sum of two hundred and thirty-four thousand four hundred and seventy dollars (\$234,470), the proceeds to be used for the purchase of the required quantity of hose.

Owing to the imperative need of additional fire hose, it is requested that this matter be taken up at the first meeting in January, 1913.

Draft of necessary resolution is enclosed herewith. Respectfully,

JOS. JOHNSON, Fire Commissioner.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not to exceed two hundred and thirty-four thousand four hundred and seventy dollars (\$234,470), the proceeds to be applied to the purchase of hose for the use of the Fire Department of the City of New York.

## SPECIAL ORDERS.

No. 153—(Int. No. 2467).

The Committee on Finance, to which was referred on December 24, 1912 (Minutes page 760), the annexed request of the Corporation Counsel for \$25,000 special revenue bonds to pay for searches in action to foreclose tax liens, respectfully

## REPORTS:

That the details of this application are set forth in the letter of request. The Committee believes funds to be necessary for this purpose, but feels that three-fifths of the amount asked for will be sufficient, especially as the city is to secure a return of this expenditure and some of it will probably become available before the entire appropriation is used.

It, therefore, recommends that the accompanying resolution for \$15,000 be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand dollars (\$15,000), the proceeds whereof to be used by the Corporation Counsel for the purpose of paying for searches in actions to foreclose tax liens.

HENRY H. CURRAN, THOS. J. MULLIGAN, JOHN DIEMER, HENRY F. GRIMM, JAMES HAMILTON, C. AUGUSTUS POST, Committee on Finance.

City of New York, Law Department, Office of the Corporation Counsel, New York, December 20, 1912.

To the Honorable Board of Aldermen of The City of New York:

Sirs—The Collector of Assessments and Arrears has sent to me lists of the tax liens held by The City of New York affecting premises in the Boroughs of Manhattan, Brooklyn and The Bronx, respectively. These lists contain over 300 of these liens, and the amount of taxes which the City will collect (exclusive of interest) will be in excess of \$1,000,000. In each case it will be necessary for the City to commence an action to foreclose the lien. As a preliminary step in each action, it is necessary that a search of title be made so that we may know whom to make parties defendant.

The inquiry and investigation for parties defendant in an action to foreclose a tax lien is more comprehensive than that of an action to foreclose a mortgage. In an action to foreclose a mortgage the plaintiff seeks to ascertain those who are subsequent to himself in interest in sequence of time, but a party seeking to foreclose a tax lien, which is a paramount and primary lien, must look further than sequence of time and must ascertain all liens and interests which are subordinate in law. In an action to foreclose a mortgage a mere search should suffice, whereas in an action to foreclose a tax lien, the title to the premises affected by the lien must be examined in order to ascertain all subordinate interests, whether prior or subsequent in time to the tax lien.

A new "Division of Real Estate" has recently been established in this Department for the purpose of examining title to lands ceded to the City in street opening proceedings, but the force of that division is barely sufficient to keep abreast with its own work, and could not possibly handle these hundreds of foreclosure cases. It is, therefore, necessary to have these searches made by the various title companies.

In these foreclosure actions the City will not only collect the arrears of taxes which are due, but in its bills of costs it will be able to tax as a disbursement the greater part of the amounts paid out for the searches made by the title companies pursuant to the provisions of section 3256 of the Code of Civil Procedure, which reads as follows:

"Searches affecting property situate in any county in which the office of County Clerk or Register is a salaried one, when made and certified to by title insurance, abstract or searching companies, organized and doing business under the laws of this State, may be used in all actions or special proceedings in which official searches may be used in place of and with the same legal effect as such official searches, and the expenses of searches so made by said companies shall be taxable at rates not exceeding the cost of similar official searches."

A considerable part of the amount paid out for searches will, therefore, be returned to the City Treasury, and it is probable that by an arrangement with the Finance Department such cost of the searches may be refunded to the special revenue bond fund from which it is paid. Each of these searches will probably cost between \$75 and \$100, but for the 300 actions which we are about to commence \$25,000 will probably be a sufficient allowance; as costs are collected and refunded, a sufficient balance will be left in the fund to pay for similar disbursements in other actions to be commenced in the future. In other words, the fund should be self-replenishing.

I therefore ask that your honorable Board request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds amounting to \$25,000 to defray the necessary expenses of searches in actions to foreclose tax liens. Yours respectfully, ARCHIBALD R. WATSON, Corporation Counsel.

Alderman Curran moved that this resolution be amended by adding at the end thereof the words, "All obligations contracted for hereunder to be incurred on or before December 31, 1913."

Which motion was adopted.

The Vice-Chairman then put the question whether the Board would agree to accept such report and adopt said resolution, as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Coleman, Cummuskey, Cunningham, Curran, Delaney, Devine, Diemer, Dixson, Dotzler, Dowling, Dujat, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Levine, Loos, McCann, McCourt, McGrath, Marks, Meagher, Molen, Moore, Mulligan, Nicoll, O'Connor, O'Neil, O'Rourke, Pendry, Post, Shipley, Stevenson, Weil, Weston, White, Wilmot; President Connolly, by Denis O'Leary, Commissioner of Public Works; President Miller, by Thomas W. "In view of the foregoing I believe that I am justified in stating that former Alderman Hagenmiller is a Democrat. My object in writing to you is to ask your opinion as to the legal status of a candidate for this vacancy, so far as his political connections are concerned, under charter provisions.

"As the Board meets again on September 24, I shall appreciate an early reply.

Subdivision 8 of section 3 of the Election Law defines the term "party," as used therein, as follows:

"8. The term 'party' means any political organization which at the last preceding election for Governor polled at least ten thousand votes for any candidate for any office nominated by it, to be voted for by all of the electors of the State." Section 7 of the Election Law provides for the declaration by the voter in the enrollment blank, as follows:

"I, ..... , who have placed a mark underneath my choice, do solemnly declare that I have this day registered as a voter for the next ensuing election (or, if the voter was duly registered otherwise than personally, that I have this day voted in the above election district), and that I am a qualified voter of the election district in which I have so registered (or, if registration was not personal, a statement of the voter's present address); that I am in general sympathy with the principles of the party which I have designated by my mark hereunder; that it is my intention to support generally at the next general election, State or national, the nominees of such party for State or national offices, and that I have not enrolled with or participated in any primary election or convention of any other party since the first day of last January. The word 'party' as used herein means a political organization which at the last preceding election of a Governor, polled at least ten thousand votes for Governor."

It will be perceived from these quotations from the Election Law that the party status of a voter is dependent upon his sympathy with the principles of the party (viz., a political organization which at the last preceding election for a governor polled at least ten thousand votes for governor) and that the only declaration he must make with respect to his intention as to voting is "to support generally at the next general election, State or national, the nominees of such party for State or national offices, \* \* \*."

Nowhere in the Election Law is it prescribed that the party status or allegiance of a voter is to be ascertained by his attitude or intention in other than State or national elections.

It will be observed that in section 7 the declaration to be made by the voter enrolling with a particular party is to support generally at the next general election, state or national, the nominees of the party with which he enrolls, and therefore his party status is to be judged not by his political predictions, as evidenced by enrollments, antecedent to his last enrollment, but by his intention to support at the general election next succeeding his last enrollment the state or national nominees for state or national offices of the party with which he enrolls.

This makes it clear in the case under consideration that the enrollment of Mr. Hagenmiller, in the year 1910, as a Republican, can have no probative force in deciding his party status in July, 1912, when he resigned his office as Alderman, in view of the fact that in 1911 he enrolled as a Democrat.

In Matter of Duffy, 125 App. Div. 406, aff'd, 192 N. Y. 582, Mr. Justice Scott, writing for the Appellate Division of the Supreme Court, First Department, enters into a general discussion of the purposes of the provisions of the Primary Election Law relating to the enrollment of voters, and in the course of his opinion says, at page 409:

"The Primary Election Law recognizes in the fullest way, as does also the General Election Law (Laws of 1890, chapter 909, as amended) the existence of parties as political organizations with enrolled electorates, and officers and committees chosen by and from the electors. They are not to be close corporations selecting their own members, but any elector is entitled to become an enrolled member of any party, and to participate in its government providing he complies with the statutory tests, which consists only of his own declaration as to his political sympathies and intentions. It is clearly to the advantage of the Commonwealth that the electors generally should interest themselves in and participate in the management of the political parties to which they severally adhere, and if an elector's own opinion change, or the party to which he has adhered deserts or departs from the political principles by which he was attracted to it, it is not the policy of the law to place obstacles in the way of a change of adherence to a party with which he finds himself in sympathy. The Primary Election Law provides for an annual enrollment, and that a person having enrolled in one party for any year, may not during that same year become enrolled in another party. This, while forbidding a double enrollment of the same person, clearly contemplates that the list of enrolled members may change from year to year. By this means, while a reasonable opportunity is given to an elector to change his political adherence, yet an obstacle is erected in the way of any attempt on the part of the members of one party to assume control of the management of the other."

See also section 19 of the Election Law.

Mr. Justice Scott holds that a voter maintains his party status during the calendar year following his enrollment. Even if the enrollment of Mr. Hagenmiller in 1910 as a Republican had any evidentiary value as to his party status, his enrollment in 1911 as a Democrat completely nullifies it.

We come now to a consideration of the provisions of section 15 of the Charter, which reads as follows:

"Any vacancy which may occur among the members elected to the Board of Aldermen shall be filled by election by a majority of all the members elected thereto, of a person who must be of the same political party as the member whose place has become vacant."

As under the opinion of Mr. Justice Scott in Matter of Duffy, supra, Mr. Hagenmiller, at the time of his resignation in July, 1912, was a member of the Democratic Party. I am of your opinion, upon the state of the facts detailed in your communication, that the member to be elected to fill the vacancy caused thereby must be a person (to quote the statute) "of the same political party."

I might add that I have considered the fact stated by you that Mr. Hagenmiller was elected in November, 1911, as a fusion candidate, but in the present state of the law this circumstance can have no weight in the decision of the question propounded by you. Respectfully yours, G. L. STERLING, Acting Corporation Counsel.

Which was ordered on file.

After considerable discussion, in which reference was made to certain petitions and orders to show cause, which had been served on some of the members of the Board immediately prior to the meeting, Alderman Pendry moved that Special Orders 136, 154 and 155 be laid over for one week.

The Vice-Chairman put the question whether the Board would agree with said motion of Alderman Pendry.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Boschen, Bosse, Brush, Carberry, Cummuskey, Curran, Delaney, Dixson, Dowling, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gelbke, Hamilton, Hannon, Kenney, Levine, Loos, McCourt, McGrath, Marks, Martyn, Muhlbauer, Mulligan, O'Connor, O'Neil, O'Rourke, Pendry, Post, Shipley, Stapleton, Stevenson, Walsh, Weil, Weston, Wilmot—41.

Negative—Aldermen Carberry, Cole, Cummuskey, Cunningham, Delaney, Devine, Dixson, Dowling, Dujat, Eagan, Fink, Gilmore, Hannon, Kenney, Levine, Loos, McCann, McGrath, Molen, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Smith, Stapleton, Veltel, Wendel, White—33.

Alderman Levine then moved a reference to the Corporation Counsel of the aforesaid petitions and orders to show cause, which are recited below, with a request that said officer represent the members of the Board mentioned therein before the Court.

Cole, constituting the members elected to the Board of Aldermen of The City of New York.

## Action No. 1.

Your petitioner, Ralph Folks, respectfully shows:

I. I am a citizen of The City of New York, and an elected member of the Board of Aldermen of The City of New York.

II. At the General Election held in November, 1911, there was elected as a member of the Board of Aldermen of The City of New York one, Bryant Willard, from the 21st Aldermanic District in The City of New York, the term of office of the said Bryant Willard being from the 1st of January, 1912, to the 1st of January, 1914.

III. Said Bryant Willard was, for many years prior to his election in November, 1911, a member of the Republican Party, and was enrolled as such for many years prior to the general election held in November, 1911, and prior to said general election held in November, 1911, was nominated for said office of member of the Board of Aldermen by the Republican Party in the 21st Aldermanic District in The City of New York, and at the election held in November, 1911, was the candidate of the Republican Party for said office.

IV. That subsequently said Bryant Willard duly qualified and acted as such elected member of the Board of Aldermen, representing the 21st Aldermanic District of The City of New York, from the 1st day of January, 1912, until on or about the 31st day of December, 1912, when said Bryant Willard died.

V. That since the death of said Bryant Willard on the 31st day of December, 1912, there has existed a vacancy among the members elected to the Board of Aldermen of The City of New York, and for the 21st Aldermanic District of The City of New York by and on account of the death of said Bryant Willard.

VI. At a regular meeting of the Board of Aldermen of The City of New York, held on the 6th day of January, 1913, your petitioner, as one of the elected members of the Board of Aldermen of The City of New York, and as a Republican member, offered the following resolution:

"Resolved, That Oscar Isgaeder, of 174 W. 136th st., in the Borough of Manhattan, be and he is hereby elected a member of the Board of Aldermen, for the years 1912 and 1913, for the 21st Aldermanic District, in the place and stead of Bryant Willard, deceased."

VII. The said Oscar Isgaeder is an old member of the Republican Party, and is a member of the same political party as Bryant Willard, whose place became vacant by his death on December 31, 1912, as hereinbefore set forth.

VIII. Upon said resolution being placed to a vote, thirty-four of the elected members of the Board of Aldermen of The City of New York, all of whom had been elected as candidates of the Republican Party at the general election held in November, 1911, voted in favor of said resolution. There were present at said meeting sixty-six elected members of the Board of Aldermen out of a total membership, at this time, of seventy elected members. Of the sixty-six elected members present, thirty were Democratic, elected as such members of the Board of Aldermen; two others, Messrs. Devine and Shipley, were elected as candidates of the Republican Party, but did not vote on the resolution. The thirty Democratic members of the Board of Aldermen refused to vote on the resolution for the sole reason that the Republican members of the Board of Aldermen had refused, theretofore, to admit or concede that one Hagemiller, formerly a member of the Board of Aldermen from the 37th Aldermanic District, was a Democrat, so that the Democratic members of the Board of Aldermen might fill the vacancy caused by the resignation of said Hagemiller in the year 1912, by the election of a Democrat. The said Hagemiller above referred to was elected a member of the Board of Aldermen at the election held in November, 1911, as a candidate of the Republican Party, endorsed by the Independence League Party, and among the other contestants for the place of Alderman for the 37th Aldermanic District at said election there was a candidate of the Democratic Party. At the time of the election of the said Hagemiller he was an enrolled member of the Republican Party, having been enrolled as such on one of the registration days of 1910, which enrollment was for the year 1911. It appears that on one of the days of registration in the year 1911, the said Hagemiller enrolled for the year 1912 as a Democrat; he subsequently claimed, however, that this enrollment by him was a mistake, and that he had intended to enroll as a Republican. The fact is, however, that at the time of his nomination by the Republican Party in the year 1911, he was an enrolled member of the party for that year, and was elected as a candidate of the Republican Party, and not as a Democrat. Upon the organization of the Board of Aldermen on the first Monday of January, 1912, the said Hagemiller announced that he was opposed to the Democratic Party, generally known as Tammany Hall, had been elected as an anti-Tammany candidate, and is against Tammany Hall and the Democratic Party. The Republican members of the Board of Aldermen have, therefore, insisted since the vacancy created by reason of the resignation of said Hagemiller in June, 1912, that that vacancy should be filled by the election of a Republican.

IX. The Democratic members of the Board of Aldermen have at no time questioned the fact that Bryant Willard, deceased, was a Republican, and that the vacancy caused by his death, in the representation for the 21st Aldermanic District, must be filled by a member of the Republican Party, and have not questioned the fact that Oscar Isgaeder is a Republican, but the sole reason for the refusal of the Democratic members of the Board of Aldermen to vote for said Isgaeder to fill the vacancy caused by the death of Bryant Willard, was as above set forth, because the Republican members of the Board of Aldermen have up to this time refused to concede that the vacancy caused by the resignation of said Hagemiller, as above referred to, should be filled by a Democrat.

X. Your petitioner further alleges and states that until the vacancy caused by the death of Bryant Willard shall be filled, pursuant to the provisions of section 18 of the Charter, the people resident in the 21st Aldermanic District in The City of New York will be without representation in the Board of Aldermen, in violation of the provisions of section 18 of the Charter, which provides that "Any vacancy which may occur among the members elected to the Board of Aldermen shall be filled by election by a majority of all the members elected thereto, of a person who must be of the same political party as the member whose place has become vacant."

XI. That unless a writ of mandamus issue herein directing the elected members of the Board of Aldermen to proceed forthwith to fill the vacancy caused by the death of said Bryant Willard as member of the Board of Aldermen for the 21st Aldermanic District, it will be impossible to fill such vacancy in accordance with the Statute. The total membership of the Board of Aldermen is seventy-three, of which a majority is thirty-seven. There are at present three vacancies, but it is held by the Board of Aldermen that to fill a vacancy it is necessary to have a majority of the total membership. Including Messrs. Devine and Shipley, who were elected as candidates of the Republican Party, the Republican Party has in all at this time, only thirty-six elected members of the Board of Aldermen, one less than a majority of the total membership. Alderman Devine was also a candidate of the Independence League Party, and has recently refused to co-operate with the Republican members of the Board of Aldermen, and has affiliated himself with the Democratic members of the Board of Aldermen, so that excluding Devine, the Republican members of the Board of Aldermen including Shipley, have only thirty-five, which would in any event be one less than a majority of even the present membership of the Board of Aldermen, if it be held that only thirty-six were necessary to constitute a majority

of the membership as at present existing, for the purpose of filling a vacancy. The balance of the membership is made up of Aldermen representing the Democratic Party, and if the Democratic Aldermen be permitted to assert the position that they will not vote upon the question until the Republican members of the Board of Aldermen agree with them to do an illegal act, namely, the election of a Democrat to fill the vacancy of Hagemiller, from the 37th Aldermanic District, the vacancy existing because of the death of Bryant Willard will never be filled, and the People of the 21st Aldermanic District will be without representation.

XII. That no previous or other application has been made for the annexed order.

XIII. That an order to show cause is prayed for herein, because it is of the utmost importance that the questions involved in this proceeding be disposed of at the earliest possible date. The next meeting of the Board of Aldermen will be held on Tuesday, January 14, 1913, and the meeting following that will not be held for another week. It is important that the questions involved herein be disposed of before another week has elapsed.

Wherefore, your petition prays that a writ of mandamus issue out of and under the seal of this Court, directing the defendants, as the elected members of the Board of Aldermen of The City of New York, to proceed forthwith to fill the vacancy caused by the death of Bryant Willard, one of the members elected to the Board of Aldermen from the 21st Aldermanic District of The City of New York, a Republican, by election by a majority of all of the members elected to the Board of Aldermen of The City of New York of a person who shall be of the same political party as the said Bryant Willard, namely, the Republican Party, and for such further and other relief as may be just and proper.

Dated New York, January 13, 1913.

RALPH FOLKS, Petitioner.

State of New York, City and County of New York, ss.:

Ralph Folks, being duly sworn, says: I am the petitioner herein. I have read the foregoing petition and know the contents thereof; that the same is true of my own knowledge, except as to the matters therein stated to be alleged upon information and belief, and that, as to those matters, I believe it to be true.

## Action No. 2.

Your petitioner, Ralph Folks, respectfully shows:

I. I am a citizen of The City of New York, and an elected member of the Board of Aldermen of The City of New York.

II. At the General Election held in November, 1911, there was elected as a member of the Board of Aldermen of The City of New York one Percy L. Davis, from the 31st Aldermanic District in The City of New York, the term of office of said Percy L. Davis being from the 1st of January, 1912, to the 1st of January, 1914.

III. Said Percy L. Davis was for many years prior to his election in November, 1911, a member of the Republican Party, and was enrolled as such for many years prior to the general election held in November, 1911, and prior to the said general election held in November, 1911, was nominated for said office of member of the Board of Aldermen by the Republican Party in the 31st Aldermanic District in the City of New York, and at the election held in November, 1911, was the candidate for the Republican Party for said office.

IV. That subsequently said Percy L. Davis duly qualified and acted as such elected member of the Board of Aldermen, representing the 31st Aldermanic District of The City of New York, from the 1st day of January, 1912, until on or about the 31st day of December, 1912, when said Percy L. Davis resigned under said date.

V. That since the resignation of said Percy L. Davis on the 31st day of December, 1912, there has existed a vacancy among the members elected to the Board of Aldermen of The City of New York, in and for the 31st Aldermanic District of The City of New York, by and on account of the resignation of the said Percy L. Davis.

VI. At a regular meeting of the Board of Aldermen of The City of New York, held on the 6th day of January, 1913, your petitioner, as one of the elected members of the Board of Aldermen of The City of New York, and as a Republican member, offered the following resolution:

"Resolved, That Jacob F. Keyser, of 61 E. 123d st., in the Borough of Manhattan, be and he is hereby elected a member of the Board of Aldermen, for the years 1912 and 1913, for the 31st Aldermanic District, in the place and stead of Percy L. Davis, resigned."

VII. The said Jacob F. Keyser is an old member of the Republican Party, and is a member of the same political party as Percy L. Davis, whose place became vacant by reason of his resignation, as hereinbefore set forth.

VIII. Upon said resolution being placed to a vote, thirty-four of the elected members of the Board of Aldermen of The City of New York, all of whom had been elected as candidates of the Republican Party at the general election held in November, 1911, voted in favor of said resolution. There were present at said meeting sixty-six elected members of the Board of Aldermen out of a total membership, at this time, of seventy elected members. Of the sixty-six elected members present, thirty were Democratic, elected as such members of the Board of Aldermen; two others, Messrs. Devine and Shipley, were elected as candidates of the Republican Party, but did not vote on the resolution. The thirty Democratic members of the Board of Aldermen refused to vote on the resolution for the sole reason that the Republican members of the Board of Aldermen had refused, theretofore, to admit or concede that one Hagenmiller, formerly a member of the Board of Aldermen for the 37th Aldermanic District, was a Democrat, so that the Democratic members of the Board of Aldermen might fill the vacancy caused by the resignation of said Hagenmiller in the year 1912, by the election of a Democrat. The said Hagenmiller above referred to was elected a member of the Board of Aldermen at the election held in November, 1911, as a candidate of the Republican Party, endorsed by the Independence League Party, and among the other contestants for the place of Alderman for the 37th Aldermanic District at said election there was a candidate of the Democratic Party. At the time of the election of the said Hagenmiller he was an enrolled member of the Republican Party, having been enrolled as such on one of the registration days of 1910, which enrollment was for the year of 1911. It appears that on one of the days of registration in the year 1911, the said Hagenmiller enrolled for the year 1912 as a Democrat; he subsequently claimed, however, that this enrollment by him was a mistake, and that he had intended to enroll as a Republican. The fact is, however, that at the time of his nomination by the Republican Party in the year 1911, he was an enrolled member of that party for that year, and was elected as a candidate of the Republican Party, and not as a Democrat. Upon the organization of the Board of Aldermen on the first Monday of January, 1912, the said Hagenmiller announced that he was opposed to the Democratic Party, generally known as Tammany Hall, had been elected as an anti-Tammany candidate, and is against Tammany Hall and the Democratic Party. The Republican members of the Board of Aldermen have, therefore, insisted since the vacancy created by reason of the resignation of said Hagenmiller in June, 1912, that that vacancy should be filled by the election of a Republican.

IX. The Democratic members of the Board of Aldermen have at no time questioned the fact that Percy L. Davis, resigned, was a Republican, and that the vacancy caused by his resignation, in the representation of the 31st Aldermanic District, must be filled by a member of the Republican Party, and have not questioned the fact that Jacob F. Keyser is a Republican, but the sole reason for the refusal of the Democratic members of the Board of Aldermen to vote for said Keyser to fill the vacancy caused by the resignation of Percy L. Davis was, as above set forth, because the Republican members of the Board of Aldermen have up to this time refused to concede that the vacancy caused by the resignation of said Hagenmiller, as above referred to, should be filled by a Democrat.

X. Your petition further alleges and states that until the vacancy caused by the resignation of Percy L. Davis shall be filled, pursuant to the provisions of section 18 of the Charter, the people resident in the 31st Aldermanic District in the City of New York will be without representation in the Board of Aldermen, in violation of the provisions of section 18 of the Charter, which provides that "Any vacancy which may occur among the members elected to the Board of Aldermen shall be filled by election by a majority of all the members elected thereto, of a person who must be of the same political party as the member whose place has become vacant."

XI. That unless a writ of mandamus issue herein, directing the elected members of the Board of Aldermen to proceed forthwith to fill the vacancy caused by the resignation of said Percy L. Davis as a member of the Board of Aldermen for the 31st Aldermanic District, it will be impossible to fill such vacancy in accordance with the Statute. The total membership of the Board of Aldermen is seventy-three, of which a majority is thirty-seven. There are at present three vacancies, but it is held by the Board of Aldermen that to fill a vacancy it is necessary to have a majority of the total membership. Including Messrs. Devine and Shipley, who were elected as candidates of the Republican Party, the Republican Party has in all at this time, only thirty-six elected members of the Board of Aldermen, one less than a majority of the total membership of the Board of Aldermen. Alderman Devine was also a candidate of the Independence League Party, and has recently refused to co-operate with the Republican members of the Board of Aldermen, and has affiliated himself with the Democratic members of the Board of Aldermen, so that excluding Devine, the Republican members of the Board of Aldermen, including Shipley, have only thirty-five, which would in any event be one less than a majority of even the present membership of the Board of Aldermen, if it be held that only thirty-six were necessary to constitute a majority of the membership as at present existing, for the purpose of filling a vacancy. The balance of the membership is made up of Aldermen representing the Democratic Party, and if the Democratic Aldermen be permitted to assert the position that they will not vote upon the question until the Republican members of the Board of Aldermen agree with them to do an illegal act, namely, the election of a Democrat to fill the vacancy of Hagenmiller, from the 37th Aldermanic District, the vacancy existing because of the resignation of Percy L. Davis will never be filled, and the People of the 31st Aldermanic District will be without representation.

XII. That no previous or other application has been made for the annexed order.

XIII. That an order to show cause is prayed for herein, because it is of the utmost importance that the questions involved in this proceeding be disposed of at the earliest possible date. The next meeting of the Board of Aldermen will be held on Tuesday, January 14, 1913, and the meeting following that will not be held for another week. It is important that the questions involved herein be disposed of before another week has elapsed.

Therefore, your petitioner prays that a writ of mandamus issue out of and under the seal of this Court, directing the defendants, as the elected members of the Board of Aldermen of The City of New York, to proceed forthwith to fill the vacancy caused by the resignation of Percy L. Davis, one of the members elected to the Board of Aldermen from the 31st Aldermanic District of The City of New York, a Republican, by election by a majority of all the members elected to the Board of Aldermen of The City of New York of a person who shall be of the same political party as the said Percy L. Davis, namely, the Republican Party, and for such other and further relief as may be just and proper.

Action No. 3.

Your petitioner, Ralph Folks, respectfully shows:

I. I am a citizen of The City of New York, and an elected member of the Board of Aldermen of The City of New York.

II. At the General Election held in November, 1911, one John W. Hagenmiller was a candidate of the Republican Party for the office of Member of the Board of Aldermen for the 37th Aldermanic District of The City of New York. He was also nominated by the Independence League Party. The Democratic Party also had a candidate for the office of Member of the Board of Aldermen for the 37th Aldermanic District at said election. At the time that the said John W. Hagenmiller was placed in nomination by the Republican Party as its candidate for the Member of the Board of Aldermen for the 37th Aldermanic District, and voted for at the General Election held in November, 1911, the said Hagenmiller was an enrolled member of the Republican Party. He was enrolled as such member of the Republican Party on one of the registration days prior to the election in the year 1910, the said enrollment being for the year 1911. The said John W. Hagenmiller was elected as such candidate at the general election held in November, 1911, and subsequently qualified and continued to act as a member of the Board of Aldermen of The City of New York, subsequent to the 1st day of January, 1912, until the time of his resignation, as hereinafter set forth. Upon the organization of the Board of Aldermen on the first Monday of January, 1912, the said Hagenmiller announced that he had been elected in opposition to the candidate of the Democratic Party, and that he had been elected as an anti-Tammany Hall candidate, and would therefore cooperate and vote with the other Republican Members of the Board of Aldermen as a Republican, and did so act and vote until the time of his resignation, as hereinbefore set forth. Subsequent to the 1st day of January, 1912, it was found that the said Hagenmiller, on one of the registration days in the year 1911, immediately preceding the general election held in November, 1911, had enrolled as a member of the Democratic Party. When this was discovered, inquiry was made of said Hagenmiller, and the said Hagenmiller subsequently stated, as I am informed and verily believe, that his enrollment as a Democrat for the year 1912 was a mistake due to the change in the position of the emblem on the enrollment blank.

III. Subsequently, on or about the month of June, 1912, the said John W. Hagenmiller resigned as a Member of the Board of Aldermen of The City of New York for the 37th Aldermanic District, and since that time the position of Member of the Board of Aldermen of The City of New York, for the 37th Aldermanic District, has been vacant, and the people of that district have been without representation. Subsequently, and on a number of occasions, I have offered resolutions at regular

meetings of the Board of Aldermen of The City of New York, placing in nomination one Charles Rathfelder, of 441 East 156th street, of The City of New York, to fill the vacancy caused by the resignation of said John W. Hagemiller as member of the Board of Aldermen for the 37th Aldermanic District. The said Charles Rathfelder is an enrolled member of the Republican Party.

IV. The entire membership of the Board of Aldermen of The City of New York is seventy-three. Under the Charter it was necessary to have at least 37 votes to elect a successor to fill a vacancy caused by the resignation of Hagemiller. The Republican Party has at no time had, since the resignation of said Hagemiller, more than thirty-six members of the Board of Aldermen, excluding Aldermen Devine, who, although elected as a candidate of the Republican Party, has deserted the Republican Party and has allied himself and cooperated with the Democratic members of the Board of Aldermen. The Democratic members of the Board of Aldermen have on every occasion, when a resolution has been offered to fill the vacancy caused by the resignation of Hagemiller by the election of Rathfelder, refused to vote for Rathfelder upon the sole ground that Rathfelder was a Republican, and that the vacancy caused by the resignation of the said Hagemiller must be filled by a member of the Democratic Party, the claim being that the said Hagemiller was a Democrat because of his enrollment on one of the registration days of 1911, which enrollment, under the Election Law, was for the year 1912. There has, therefore, been this sharp issue and conflict between the Democratic and Republican members of the Board of Aldermen since the resignation of the said Hagemiller.

V. I allege and state that the said Hagemiller was elected as a representative and a member of the Republican Party, and that the vacancy caused by his resignation must be filled by a member of the same political party, namely, a member of the Republican Party. The Democratic members of the Board of Aldermen assert and insist that the person to be elected to fill the vacancy caused by the resignation of the said Hagemiller must be a member of the Democratic Party. There, therefore, has been up to this time, no election to fill said vacancy by the Board of Aldermen of The City of New York.

VI. Your petitioner further alleges and states that unless a writ of mandamus is issued herein directing the Board of Aldermen of The City of New York to fill the vacancy caused by the resignation of said Hagemiller as member of the Board of Aldermen for the 37th Aldermanic District, that the people of that district will continue to be deprived of a representative in the Board of Aldermen, and that the public interest requires that the place be filled without further delay.

VII. No previous or other application has been made for the annexed order.

VIII. That an order to show cause is prayed for herein because the questions at issue should be disposed of at the earliest possible date. The Board of Aldermen will meet on Tuesday, January 14, 1913, but will not meet for another week thereafter. And it is important that the questions involved in this matter should be disposed of before the meeting of the Board of Aldermen to be held on the 21st of January.

Therefore, Your petitioner prays that a writ of mandamus issue herein directed to the Members elected to the Board of Aldermen of The City of New York, and directing them to forthwith fill, by election by a majority of all the Members elected to the Board of Aldermen of The City of New York, the vacancy caused by the resignation of John W. Hagemiller as Member of the Board of Aldermen from the 37th Aldermanic District, of a person who must be of the same political party as the said John W. Hagemiller, whose place has become vacant, namely, the Republican party; and for such other and further relief as may be proper.

No. 2620.

By Alderman Dowling—

Whereas, It is contemplated by the Commissioners of the Sinking Fund to transfer the offices of the City Clerk and Clerk of the Board of Aldermen from the City Hall, where it rightly should be continued, to the new Municipal Building, when completed; and

Whereas, It is and has been the invariable rule in all the cities of the country, in fact, all the cities of the world, to have the offices of the City Clerk and Clerk of the local legislative body adjacent to and in direct communication with said body, and it would seem discordant to disassociate the offices of the Clerk from the body of whose machinery he is the most direct link; and

Whereas, Were these offices located other than they are it would be a source of great inconvenience for the reason that official papers would be separated and far apart from public hearings and general committee meetings, when held, necessitating their transmission from a distance, though not great, sufficiently great enough to retard if not to hamper the business of said hearings and committee meetings for all of whose business ready access should be had to papers; therefore

Resolved, That the Board of Aldermen of The City of New York enters earnest protest against the removal of the offices of the City Clerk and Clerk of the Board and respectfully requests the Commissioners of the Sinking Fund to not adhere to its determination to remove said offices, if said determination has been reached, but to allow said offices to remain in the City Hall, as at present located, as they have wherever found from time to the memory of which man knoweth not, so that the business of the Board and its several committees may not suffer from any hindrance or inconvenience.

Flushing, Borough of Queens, New York, December 2, 1912.

To the President, the Board of Aldermen of the City of New York:

We, the undersigned owners and tenants of Madison avenue, Flushing, Borough of Queens, respectfully protest against the change of name of our avenue to that of Donnelly ave., and petition your Honorable Board to rescind its action of approval.

While we personally esteem Monsignor Donnelly, Rector of St. Michael's Roman Catholic Church, Flushing, in honor of whom the avenue has been renamed, we are strongly opposed to the selection of a name which represents any religious sect.

We are informed that the Rev. H. D. Waller, Rector of the Protestant Episcopal Church, Flushing, in honor of whom Locust st., Flushing, has been renamed (in disregard of his refusal to consent to such action) has addressed a letter to your Honorable Board on the subject, to which we heartily subscribe.

Present—Dr. Brannan, the President, in the chair, and Messrs. Farley, O'Keefe, Paulding, Sach and Stern, Trustees. Excused: Messrs. Drummond and Robbins.

The Minutes of the meeting of December 3 were approved.

Bills, amounting to \$15,132.17, were presented for approval; it was

Resolved, That they, having been duly examined by the Finance Committee, be forwarded to the Comptroller for payment.

Doctor George, O'Hanlon, the General Medical Superintendent, reported as follows:

The daily average census during November was: Bellevue Hospital, 1,046; Gouverneur, 155; Harlem, 179; Fordham, 138.

Dr. Huddleston requests permission to remove about 5,000 bedside cards from the files of Gouverneur Hospital to his office for a few days to compile certain statistics therefrom. The granting of this request would not be in accordance with the rules governing the control of records in the hospitals of this Department, and similar requests have in previous instances been denied.

At the School for Midwives the following pupils have completed their course of training, and authority is asked for the granting of the usual diploma: Mary A. Carney, Margaret Batka and Greta De Wald.

Requests are being received from various departments of the hospital for greens, trees, etc., for the decoration of the wards during the Christmas season.

The question of having the coat of arms of The City of New York placed upon the ambulances of this department was raised. Consideration of this matter is requested.

A revision of the salary schedules is asked for, no additional funds being necessary.

On separate motion, carried in each instance, action was taken upon the report of the General Medical Superintendent as follows:

The request for permission to remove the bedside cards from the files of Gouverneur Hospital was denied, and the Secretary was directed to inform Dr. Huddleston that every facility will be afforded him at the hospital to examine these cards and to compile such statistics as he may desire; it was

Resolved, To grant diplomas to the Graduating Midwives; it was

Resolved, To authorize the General Medical Superintendent to buy the necessary Christmas trees and greens for the decoration of the hospitals of the department;

The General Medical Superintendent was authorized to have the coat of arms of The City of New York placed in some suitable place on all new ambulances for the department; it was

Resolved, To request the Board of Estimate and Apportionment to approve the revision of the salary schedules recommended by the General Medical Superintendent.

The General Medical Superintendent presented lists of changes in the help at Bellevue Hospital for the three weeks ending November 23, November 30, and December 7, and they were approved.

On motion, carried, the Secretary was directed to communicate with all the City departments in order to learn whether there are any unencumbered balances in the appropriations for 1912 which could be used for this purpose.

THE CITY OF NEW YORK,

NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,  
By President.

[SEAL] Secretary.  
(Here add acknowledgments.)

(The "Sun" and the "New York Times" designated.) JOSEPH HAAG, Secretary.  
New York, December 19, 1912.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held December 5, 1912, the following petition was received:

To the Board of Estimate and Apportionment of the City of New York:

Your petitioner, New York, Westchester and Boston Railway Company, respectfully shows to your Honorable Board as follows:

That it is a consolidated railroad corporation

of the State of New York, formed by the consolidation of the New York, Westchester and Boston Railway Company and the New York and Portchester Railroad Company, by consolidation agreement approved by the Public Service Commission of the Second District of the State of New York, filed and recorded in the office of the Secretary of State on the 18th day of January, 1910.

That your petitioner, by ordinance of August 2, 1904, is granted the right to cross certain streets and highways, to said petitioner to construct and operate a four-track railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railway, in, upon and across certain streets, avenues, parkways, highways and public places, all situate in the Borough of The Bronx, City, County and State of New York.

That said ordinance has been amended by resolution of your Honorable Board, dated July 14, 1905, approved by the Mayor July 21, 1905, and by contracts between the New York, Westchester and Boston Railway Company and the City of New York, dated January 29, 1909, the 24th day of January, 1911, the 28th day of May, 1912, and the 28th day of May, 1912.

That the transfer of the rights and privileges granted by said ordinance and amendments, by the original New York, Westchester and Boston Railway Company to the consolidated corporation, the present petitioner, was consented to by your Honorable Board by resolution adopted December 17, 1909, and approved by the Mayor December 21, 1909.

That your petitioner has duly carried out and performed such and every condition of the said ordinance as amended as aforesaid, and has constructed and is now operating thereunder its railroad in The City of New York, from the terminus at the Harlem River to the boundary line between The City of New York and the City of Mount Vernon, and from that point is operating its main line as far as a point in the City of New Rochelle, Westchester County, New York, and its White Plains Branch as far as its terminal in the Village of White Plains, Westchester County, New York.

That the Westchester Northern Railroad Company is a domestic railroad corporation which has a line located, but not constructed, commencing at a point in the said Village of White Plains, which it forms a connection with the line of your petitioner, and extending northwardly thereto from a point near the Town of Danbury, Connecticut, with a branch line commencing at a point on the main line in the Town of Pound Ridge, Westchester County, New York, and extending therefrom to a point near the Town of Brewster, in the County of Putnam, New York.

That the line located in said Westchester Northern Railroad Company and its White Plains Branch of your petitioner's railroad, form a connected and continuous line of railroad from the Harlem River to Danbury, Connecticut, and to Brewster, New York.

That the said Westchester Northern Railroad Company has obtained a certificate of convenience and necessity from the Public Service Commission of the Second District, and has also obtained the necessary franchises and consents to enable it to cross streets, avenues, highways and public places along the route of its railroad.

That your petitioner has obtained and said Westchester Northern Railroad Company, under the provisions of the Railroad Law of the State of New York, for the purpose of forming one consolidated corporation to hold, maintain and operate as one single, continuous system of railroad the present line of your petitioner and the line of the said Westchester Northern Railroad Company, and if and when the said consolidation is effected your petitioner verily believes that the said line now of the Westchester Northern Railroad Company will be speedily constructed.

That the directors of both corporations have entered into a joint agreement, in manner and form as provided for in and by the Railroad

Law of the State of New York, for the purpose of

forming one consolidated corporation to hold, main-

tain and operate as one single, continuous system

of railroad the present line of your petitioner

and the line of the said Westchester Northern

Railroad Company, and if and when the said con-

solidation is effected your petitioner verily be-

lieves that the said line now of the Westchester

Northern Railroad Company will be speedily

constructed.

That your petitioner is informed by all of

the stockholders of the Westchester Northern

Railroad Company that they will give their consent

in writing when and as soon as your Honorable

Board has approved of and consented to the con-

solidation, and verily believes these statements to

be true.

That your petitioner and said Westchester

Northern Railroad Company have joined in a

petition to the Public Service Commission, Sec-

ond District, praying for their consent to and

approval of said joint agreement and consolida-

tion, which said petition is now pending.

The line of railroad of said Westchester Nor-

thern Railroad Company extends through a terri-

tory which is now devoid of adequate facilities

for convenient rapid transit to and from The

City of New York, and it is your petitioner's

belief that such consolidation will place your

petitioner in a position to furnish a more com-

plete and more rapid service to the residents of

that portion of the territory through which the

proposed line of railroad is located, but also to

The City of New York, and will furnish a com-

prehensive system of quick and convenient trans-

portation facilities for residents of this city and

for the residents of that portion of West-

chester and Putnam County served by the pro-

posed line of railroad.

It is provided in and by paragraph Sixth

of Section Two of the said ordinance of August

2, 1904, that the rights and privileges granted

thereby shall not be assigned, either in whole

or in part, or leased or sublet in any manner, nor

shall title thereto, or right, interest or property

therein, pass to or vest in any other person or

corporation whatsoever, either by the act of

New York, Westchester and Boston Railway

Company, its successors and assigns, or by operation

of law, whether under the provisions of the

statute relating to the consolidation or merger

of corporations, or otherwise, without the con-

sent of the City of New York, acting by its

Board of Estimate and Apportionment, or by its

successors in authority, evidenced by an instru-

ment under seal.

That the said joint agreement provides that

the name of the new consolidated corporation

is to be New York, Westchester and Boston

Railway Company, the same as the name of your

petitioner adopted. That the reason why this name

is adopted is because your petitioner has a large

number of outstanding bonds secured by mort-

gage, which said mortgage provides that, in the

event of consolidation or otherwise, without the con-

sent of the City of New York, the same as the name

of the new consolidated corporation, shall be

used, and the name of the new consolidated corpo-

ration, or any name which may be used, shall be

ration, or any name which may be used, shall be

ration, or any name which may be used, shall be

solidation, or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof notwithstanding, and the grants, given or withheld, of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, that portion of the plant and property of the Company used for maintaining and operating an electrical signal system for the calling of messengers, lying within the streets and highways of the City, shall become the property of the City without cost, and the same may be used by the City for any purpose whatsoever.

If, however, at the termination of this grant, as above, the City, by the Board, shall so order by resolution, the Company shall, on thirty (30) days' notice from the Board, remove any and all of its wires or other electrical conductors, or any portion thereof, from any or all of the street and public places within the limits of the City, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system, subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided by the Charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations, now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electric system shall be commenced until written permits have been obtained from the proper City officials. In all permits so issued such officials may impose such conditions as a condition of the grant of the same as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

Upon the completion of any work of construction the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, including complete detailed construction and the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb-line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, connections, instruments and all appurtenances thereto shall be constructed and maintained in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time the rights hereby granted shall cease and determine.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the Company or its agents having control thereof under the provisions of law or from the City should it succeed to the rights of such Company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the operation of the messenger system hereby authorized. No cables or wires shall, in the future, be strung above the surface of the street and avenues by the Company, and those at present in existence shall be removed and placed under ground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Tenth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is operating, not personally in arrears to it for service already rendered, extend its wires to such premises and furnish a messenger call box to such individual or corporation, provided that such premises are not more than one-half mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Eleventh—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on September 30 preceding, and the streets in or over which the same were located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity on or before the tenth day of each month a map or plan of the location in which wires have been placed by it during the preceding month.

Twelfth—The rates to be charged by the Company shall not be in excess of the following and it is agreed that the same may be altered or changed by the Board as hereinafter provided:

For messenger service by the hour, the sum of thirty cents (30c.) per hour or fraction thereof. For other messenger service, the rates at present charged by the Company as set forth on the map and chart marked "Exhibit A" attached to this contract and made a part hereof.

The Company agrees, upon request of any Board, Department or Bureau of the City government to install messenger call-boxes and to furnish messenger service to all individuals in the use of control of such Board, Department or Bureau at rates not to exceed seventy-five (75) per cent of the rates charged by the Company to any other individual or corporation for similar service.

Thirteenth—During the term of this contract or any renewal thereof the Board shall have the power by resolution to regulate and fix the maximum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Fourteenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service be-

cause any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purpose than those explicitly set forth herein, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—Nothing in this contract shall be deemed to affect in any way the right of the Company to grant to any individual or corporation a certain right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

THURSDAY, JANUARY 16, 1913.

(b) During the first term of five (5) years, an annual sum, which shall in no case be less than seven hundred and twenty-five dollars (\$725), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven hundred and twenty-five dollars (\$725).

During the second term of five (5) years an annual sum, which in no case will be less than one thousand three hundred and fifty dollars (\$1,350), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand three hundred and fifty dollars (\$1,350).

During the remaining term, expiring March 1, 1924, an annual sum, which shall in no case be less than one thousand four hundred and seventy-five dollars (\$1,475), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand four hundred and seventy-five dollars (\$1,475).

The gross annual receipts mentioned above shall be the gross of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding.

Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on the last November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law as amended, and such charges as are required under chapter 340 of the Laws of 1892 to be paid by the Company for this extension, if said act applies to or controls the Company in relation to the right and privilege hereby granted.

The City does not and shall not demand or require of the Company by the Company or by the City or by any other corporation or individual the payment of gross receipts under the provisions of chapter 340 of the Laws of 1892 on the gross receipts earned on the extension constructed, pursuant to this contract.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth.—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any part thereof, or of any part thereof, shall be valid or effectual for any purpose unless the said assignee or lessee shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fifth.—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall, upon request of the Board, consent to the use for street surface railway purposes of the tracks and appurtenances covered by this grant, or any portion thereof, by any such other corporation or individual, who may receive a franchise therefore from the City.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to continue such operation until this contract, or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire.

Such corporation or individual shall pay to the Company for the right to use such tracks, equipment and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company with-in said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinabove provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate

copy of a written agreement with the Board which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sum which such corporation or individual shall pay to the Company for said privileges. If the Company fails to file the same with the Board within said thirty (30) days then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Sixth.—The rights and privileges hereby granted shall not be granted, either in whole or in part, nor leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof, in any wise notwithstanding, and the granting, giving or drawing of any one or more of the concessions herein referred to, necessary any otherwise.

Seventh.—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company, constructed pursuant to this contract within the streets and avenues, shall become the property of the City with the cost of out, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment, constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth.—The Company shall commence construction of the railway herein authorized within three (3) months from the date on which the consent of the property owners are filed with the Board or from the date of the order of the Appeals Division of the Supreme Court, confirming the determination of the Commissioners appointed thereunder that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such notice or the date of such order, otherwise this right shall cease and determine, and all sums paid, or which may be demanded by the Company of the City as hereinabove provided, shall thereafter be forfeited to the City, provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court by virtue of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended by the Board, but the total prevention of time for delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board, or in writing, consent that the Board either in its own name as a party, or in the name of such a party, may intervene in such proceedings.

Provided, however, that the Board, upon giving to the Company one (1) year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route, by underground electric power, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereto discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

Twelfth.—Upon six (6) months' notice by the Board to the Company all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the

Seventeenth.—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth.—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be required by resolution of the Board.

Nineteenth.—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, at its direction, cause to be laid at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of such streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curbsides, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twenty.—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between the tracks, in repair and in good condition for a distance of two (2) feet beyond the rails on either side thereof, and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first.—As long as said railway or any portion thereof remains in any street or avenue, the Company shall keep and in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough of The Bronx, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second.—Any alteration to the sewerage, drainage or storm system or to any other sub-surface or to any surface structures in the streets required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third.—In the event the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances of such manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth.—Should the grades or lines of the streets and avenues in which the railway is constructed be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City officials having jurisdiction over the construction of such public work.

Twenty-fifth.—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

Twenty-seventh.—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers herein reserved, the franchise or consent herein granted shall be forfeited by a suit brought by the Corporation Counsel, or on notice of ten (10) days to the Company, or at the option of the Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thenceforth become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on or before the date of such notice, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-eighth.—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company to remedy the same within a reasonable time, and upon failure of the Company to do so within a reasonable time, and upon failure of the Company to do so after the date of such notice, the Board may, at the option of the Board, require such sum as the Board may determine to be necessary to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the sum of such repairs, with legal interest thereon, all of which sum may be deducted from the fund hereinafter provided for.

Twenty-ninth.—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property account of the same, and the Company hereby agrees to repay to the City any damage which may be sustained by persons or property by reason of any acts or default of the Company.

Thirtieth.—This grant is upon the express condition that no franchise, right or privilege, and all securities herefore deposited with the Comptroller by the Company under and pursuant to franchises herefore granted to it by the City as a fund for the faithful performance by the Company of the terms and conditions of the several franchises so granted, shall form a fund for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the public service at the rates herein fixed, the repairs of street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of the contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance hereon after the notice, and shall collect the reasonable costs thereof from the Board without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheelguards, in case of a violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be granted an injunction in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in default, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any draft made upon the security fund, the Comptroller shall, upon ten (10) days' notice to the City, sum sufficient to restore said fund to the original amount, and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-first.—The words "notice" or "direction" as hereabove used, shall be given to the Company as soon as practicable after the issuance of such notice or direction, and such notice or direction to be served upon the Company as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City at the City Post Office. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal service of such notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second.—The words "streets on avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, drives, canals, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an

covenant, encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third.—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authority, officer or officers.

Section 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5, and the other provisions of the Railroad Law pertinent hereto, shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to perform all the terms and conditions and requirements in this contract and covenants.

## INVITATION TO CONTRACTORS.

PART OF ROUTES NO. 36 AND 37.  
THE CITY OF NEW YORK, ACTING BY  
the Public Service Commission for the First  
District (hereinafter called "the Commission"),  
invites proposals to construct Section No. 2 of  
the Astoria, Woodside and Corona Rapid Transit  
Railroad.

The points within the City between which the  
said part is to run and the route or routes to be  
followed are briefly as follows:

Section No. 2. Beginning at a point on Second  
(formerly DeBevoise) avenue in the Borough  
of Queens about three hundred (300) feet  
south of the centre line of Beebe avenue and ex-  
tending thence along and over Second avenue to  
a point about three hundred and thirty (330)  
feet south of the centre line of Ditmars avenue;  
with local stations at Beebe avenue, Washing-  
ton avenue, Broadway, Grand avenue, and Dim-  
mars avenue, and with an express station at  
Hoy avenue.

The general plan of construction calls for an  
elevated railroad. The details of the construction  
of the railroad and appurtenances are more  
particularly indicated on the contract drawings.

Bidders will not be required to provide or lay  
tracks or ties, nor to do station finish work.

The work of construction under the contract  
will include the construction of all necessary  
sewers and connections, along the route of  
the railroad; the necessary support, main-  
tenance, readjustment and reconstruction of vaults  
adjacent to buildings, pipes, tubes, conduits,  
subways or other subsurface structures; the support  
and care of all buildings, monuments, surface  
railroads and other structures, etc., affected by  
or interfered with during the construction of  
the work; also the restoration of the sidewalk  
and roadways.

Bidders must examine the form of contract  
and the specifications, maps and plans; must  
visit the location of the work and inform them-  
selves of the present conditions along the line  
of the railroad and make their own estimates of  
the facilities and difficulties attending the execution  
of the proposed work.

A full description of the work to be done is  
set forth, and other requirements, provisions,  
details and specifications are stated, in the printed  
form of contract and in the contract drawings  
therein referred to. Printed copies of the form  
of contract, bond and contractor's proposal may  
be had on application at the office of the Com-  
mission, No. 154 Nassau street, Borough of Man-  
hattan, New York. The printed drawings  
may be inspected at the same office, and  
copies thereof may be purchased by prospective  
bidders on payment of five dollars (\$5.00). The  
printed form of contract and the contract drawings  
are to be deemed a part of this invitation.

Partial payments to the Contractor will be  
made monthly as the work proceeds, provided  
in the form of contract.

The Contractor will be required to complete  
the work as soon as practicable within a  
period of eighteen (18) months from the date  
of the delivery of this contract.

Sealed bids or proposals will be received at  
the office of the Commission at No. 154  
Nassau street, Borough of Manhattan, City  
of New York, until the 26th day of January,

1913, at twelve (12) o'clock noon, at which  
time, or at a later date to be fixed by the  
Commission, the proposals will be publicly  
opened.

Proposals must be in the form prescribed by  
the Commission, copies of which may be obtained  
at the office of the Commission.

A statement based upon estimate of the Engi-  
neer of the quantities of the various classes of  
the work and of the nature and extent as near  
as practicable of the work required to be  
done in the schedule forming part of the form  
of Contract or Proposal. The quantities given  
in such schedule are approximate only, being  
given as a basis for the uniform comparison of  
bids and no claim is to be made against the City  
on account of any excess or deficiency, absolute  
or relative, in the same, except as provided in  
the specifications and form of contract.

All proposals must, when submitted, be en-  
closed in a sealed envelope endorsed "Proposal  
for Constructing Part of Rapid Transit Railroad  
Routes No. 36 & 37, Section No. 2" and must  
be delivered to the Commission or its Secretary  
and in the presence of the public subscriber to the  
proposal, who will sign the same in a sealed box  
in which all proposals will be deposited. No pro-  
posal will be received or deposited unless accom-  
panied by a separate certified check drawn upon  
a national or state bank or trust company having  
its principal office in the City of New York, sat-  
isfactory to the Commission and payable to the  
order of the Comptroller of The City of New  
York for the sum of fifteen thousand (\$15,000)  
dollars. Such check must not be enclosed in the  
envelope containing the proposal.

The Unit Prices must not be improperly bal-  
anced, and any bid which the Commission may  
consider detrimental to the City's interests may be  
rejected.

No proposal, after it shall have been deposited  
with the Commission, will be allowed to be with-  
drawn for any reason whatever.

The award of the contract will be made by the  
Commission as soon as practicable after the  
opening of the proposals.

Bidders whose proposals are otherwise satis-  
factory, in case the sureties or securities named  
by them are not approved by the Commission,  
may substitute in their proposals the names of other  
sureties or securities approved by the Commission,  
but such substitution may be made within  
five (5) days after notice of disapproval, unless  
such period is extended by the Commission.

The award of the contract will be made by the  
Commission within ten (10) days after the delivery of  
a notice by the Commission that his proposal is  
accepted and that the contract is consented to by  
the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in  
the form referred to, duly executed and with its  
execution duly proved.

At the time of delivery of the contract,  
the contractor will be required to furnish security  
to the City by giving a bond for fifty thousand  
(\$50,000) dollars. At the option of the  
successful bidder cash or approved securities may  
be deposited instead of giving a bond. If secu-  
rities are deposited in place of a bond under this  
contract, they must be of the character of securities  
in which Savings Banks may invest their funds  
and must be approved by the Commission.

The Contractor's bond must be in the form  
agreed upon in the form of contract.

In addition and as further security fifteen  
(15%) per cent of the amount certified from  
time to time to be due to the Contractor will be  
deducted until the amounts so deducted and re-  
tained shall equal the sum of one hundred thousand  
(\$100,000) dollars. Thereafter there shall be  
so deducted and retained for such purpose ten (10%)  
per cent of the amounts of amounts certified from  
time to time to be due to the Contractor. The  
Contractor may from time to time withdraw portions  
of the amounts so retained upon depositing in  
lieu thereof corporate stock of The City of New  
York equal in market value to the amount to  
so withdraw.

In case of failure or neglect to execute and  
deliver the contract or to execute and deliver  
the required bond or to make the required deposit  
such bidder will, at the option of the Com-  
mission, be deemed either to have made the  
contract or to have abandoned the contract. In the  
latter case, the Commission will give notice there-  
of to such defaulting bidder, and the Commission  
may thereupon proceed to make another contract with  
such, if any, of the original bidders as, in the  
opinion of the Commission, it will be to the  
best interest of the City to contract with, or may  
not enter into another contract with another  
proposer.

The defaulting bidder shall then be liable  
to the City for all loss and damage by it sustained,  
including the excess, if any, of the amount  
it shall pay any other Contractor over the amount  
of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder  
that his or its proposal is accepted and that the  
contract is consented to by the Board of  
Estimate and Apportionment, and if the bidder  
shall fail within ten (10) days thereafter or within  
such further period, if any, as may be pre-  
scribed by the Commission, to execute and de-  
liver the contract and to make the required  
deposit, then the Commission may, by the terms of  
the proposal, or to make as aforesaid shall be a contract  
binding the bidder to pay to the City the damage  
by it sustained by reason of such failure, and in  
such case the bidder shall, by the terms of the  
proposal, absolutely assign to the City the ownership  
of the check accompanying his or its proposal  
as a payment on account of such damages.

All such deposits made by bidders whose pro-  
posals shall not be accepted by the Commission  
will be returned to the person or persons making  
the same within forty (40) days after the date  
of the delivery of the proposals.

The right to reject any and all bids is reserved.

New York, January 10, 1913.
