BOARD OF ELECTIONS.

BOARD OF ELECTIONS OF THE CITY OF NEW YORK, CONSTITUTING AND ACTING AS THE BOARD OF CANVASSERS OF THE CITY OF NEW YORK.

The members of the Board of Elections of the City of New York met at their headquarters office, No. 107 West Forty-first street, Borough of Manhattan, on Monday, December 6, 1909, at 12 o'clock M., in pursuance of the following call, viz:

"Board of Elections of The City of New York,
"General Office, No. 107 West Forty-first Street,
"New York, December 4, 1909.

"DEAR SIR—You are hereby notified that pursuant to the provisions of section 440, chapter 22 of the Laws of 1909, constituting chapter 17 of the Consolidated Laws, the members of the Board of Elections of The City of New York are required to meet for organization as the Board of Canvassers of The City of New York, at 12 o'clock m. on Monday, December 6, 1909, at their headquarters office, No. 107 West Forty-first street, to canvass the statements of the County Boards of Canvassers of the Counties within said City of the votes cast in subsidy, or any portion thereof for City Offices, at the General Election held November 2, 1909.

"Respectfully,
"JOHN T. DOOLING, President."

Present—Commissioner John T. Dooling, Commissioner Charles B. Page, Commissioner James Kane, and Commissioner John E. Smith.

Commissioner Dooling moved that the Commissioners of the Board of Elections organize as the Board of Canvassers of The City of New York and that Commissioner Kane be elected to act as Chairman of the said Board of Canvassers.

Question put by Commissioner Smith and unanimously carried.

The constitutional oath of office as a member and as Chairman of the Board of Canvassers of The City of New York was administered to Commissioner Kane by Commissioner Page, Secretary Board of Elections.

The oath of office as a member and as Secretary of the Board of Canvassers of The City of New York was then administered by the Chairman to Commissioner Page.

The Chairman requested the Secretary to deliver to the Board the certified copies of the statements of the County Boards of Canvassers of the Counties of New York, Kings, Queens and Richmond as to the votes cast within such Counties for candidates for City offices, required to be filed with the Board of Elections by the County Clerks of said Counties, pursuant to the provisions of section 440, chapter 22 of the Laws of 1909, constituting chapter 17 of the Consolidated Laws.

The Secretary presented to the Board a certified copy of the statements of the Boards of County Canvassers of the Counties of Queens and Richmond, as to the votes cast within said Counties for candidates for City offices.

The Secretary submitted tabulated statements of the whole number of votes cast for all candidates for City offices, shown by the certified copy of the statements of the Boards of County Canvassers of the Counties of Queens and Richmond, to have been voted for and of the whole number of votes cast for each of such candidates.

On motion, the following resolution was adopted, viz:

Resolved, That the Board of Canvassers of The City of New York, as constituted by the provisions of section 440, chapter 22 of the Laws of 1909, constituting chapter 17 of the Consolidated Laws, having canvassed the certified copies of the statements of the Boards of County Canvassers of the Counties of Queens and Richmond as filed with it, of the votes cast at the general election held on the 2d day of November, 1909, for candidates for City offices, do hereby determine, declare and certify as set forth in the statement and declaration herewith submitted, copies of which are hereto attached; and be it further

Resolved, That copies of said statements and declarations be filed with the Board of Elections of The City of New York.

The Board then adjourned until a call from the Chair.

CHARLES B. PAGE, Secretary.

Board of Elections, City of New York,
No. 107 West Forty-first Street, Borough of Manhattan,
New York, December 10, 1909.

The Board of Elections of The City of New York having met on the 10th day of December, 1909, pursuant to the provisions of section 440, chapter 22 of the Laws of 1909, constituting chapter 17 of the Consolidated Laws, as the Board of Canvassers of The City of New York to canvass and estimate the votes given for the City offices in the several Counties included within the City of New York at the General Election held on the 2d day of November, 1909,

The Secretary presented to the Board a certified copy of the statements of the Boards of County Canvassers of the Counties of New York and Kings, as to the votes cast within said counties for candidates for City offices.

The Secretary submitted tabulated statements of the whole number of votes cast for all candidates for City offices, shown by the certified copies of the statements of the Boards of County Canvassers of the Counties of New York and Kings, to have been voted for and of the whole number of votes cast for each of such candidates.

On motion, the following resolution was adopted, viz:

Resolved, That the Board of Canvassers of The City of New York as constituted by the provisions of section 440, chapter 22 of the Laws of 1909, constituting chapter 17 of the Consolidated Laws, having canvassed the certified copies of the statements of the Boards of County Canvassers of the Counties of New York and Kings as filed with it, of the votes cast at the General Election held on the 2d day of November, 1909, for candidates for City offices, do hereby determine, declare and certify, as set forth in the statements and declarations herewith submitted, copies of which are hereto attached, and be it further.

Resolved, That a copy of said statements and declarations be filed with the Board of Elections of The City of New York.

We certify this determination and declaration to be correct and have signed the same as members of the Board of City Canvassers, and attested by the Secretary thereof, this 10th day of December, one thousand nine hundred and nine.

City of New York, Borough of Brooklyn,
Office of the Commissioner of Public Works,
November 29, 1909.

Hon. BIRD S. COLER, President, Borough of Brooklyn:

Dear Sir—I transmit herewith, for the third quarter ending September 30, 1909, reports of the various Bureaus under my jurisdiction, as per section 1544 of the Greater New York Charter. The Bureaus reporting are as follows:

Assistant Commissioner of Public Works.
Bureau of Highways.
Bureau of Sewers.
Bureau of Public Buildings and Offices.
Topographical Bureau.
Division of Incumbrances.
General Bookkeeper.

The more prominent features of the reports are discussed here, leaving the more detailed information to be found in a perusal of the reports transmitted herewith.

Office of the Assistant Commissioner of Public Works.

The report of that office shows that during the third quarter ending September 30, 1909, 232 contracts were entered into at a total of $1,230,086.46, divided among the Bureaus, as follows:

	Number of Contracts.	Amount.
Bureau of Highways	146	$920,581 05
Bureau of Sewers	82	299,691 38
Bureau of Public Buildings and Offices	4	9,814 03
	232	$1,230,086 46

The contracts entered into for the quarter show an increase both in their total number and in the total expenditure as compared with the quarter preceding. During the preceding quarter, 139 contracts were enterd into, at a total cost of $782,084.51.

Bureau of Highways.

The Bureau of Highways in the construction and maintenance of the highways of this Borough laid 10.417 miles of asphalt pavement, 1.337 miles of asphalt block, and 0.996 miles of granite block pavement during the quarter. In comparison with 8.73 miles of asphalt pavement and .132 miles asphalt block pavement laid during the second quarter is shown a considerable increase in the mileage of new pavement laid.

Contracts, to the extent of almost twice the number over the preceding quarter were registered in the Department of Finance, amounting to 145, at a grand total of $918,379.19.

Forty-nine contracts were chargeable against Repaving Streets, sections 48 and 169, chapter 466, Laws of 1901, and amounted to $405,916.29; 97 were charged to Street Improvement Fund, at a total cost of $473,655.93, and the balance to the Maintenance of Highways. Of the amount of contracts chargeable to Street Improvement Fund, $14,741.68 were particularly for sidewalks and crosswalks.

The Bureau prepared and forwarded 40 assessment maps and lists, in duplicate, for confirmation by the Board of Assessors, affecting 2,213 parcels, and 207 blocks. The amount of moneys involved aggregated $216,297.33.

Thirty-five of the total number of assessment lists prepared were for regulating, grading, curbing, sidewalks and paving streets.

Preliminary estimates for original improvements to the number of 43 were prepared for Local Board use and amounted to $330,225. An investigation of the report of the previous quarter shows a decrease both in the numbering of preliminary reports and the amounts involved. During the quarter ending June 30, 133 estimates, amounting to $1,116,150, and 73 during the quarter ending March 31 were prepared.

The Laboratory.

The Chemist in charge reports a total of 944 samples examined, or a decrease of nearly 11 per cent. compared with the preceding quarter. The summary is as follows:

Hydraulic cements	450
Asphalt mixtures	296
Miscellaneous samples	198
	944

Of the hydraulic cements, 39 per cent. of this total number were tested for the Bureau of Sewers.

Municipal Asphalt Plant.

The total product of the plant for the quarter was 4,475 boxes of wear surface mixture and 1,337 boxes binder mixture. The street repair gangs attached to the plant laid 24,687 cubic feet wear surface, 3,727.50 cubic feet binder mixture laid and 585.38 square yards concrete.

The table giving in detail, statement of costs of different kinds of work and the average force employed is shown in the Engineer's report.

The report of work performed by the Repair Division shows that the City repair gang relaid 25,222 square yards tar and gravel granite pavement; 52,217 square yards sand granite pavement; 6,948 square yards Belgian block pavement; 3,232 square yards cobble pavement in addition to various other work of repairs. This shows a marked increase in nearly all the lines of street repairs over the quarter preceding.

The connection gangs, taking care of trenches and cuts made by plumbers, etc., repaired 1,235 square yards tar and granite pavement; 10,205 square yards sand and granite pavement; 5,128 square yards Beligan blocks; 1,114 square yards cobble pavement and in connection therewith repairs to cuts in Medina, brick, iron slag, wood blocks, etc. 79,551 square yards macadam were repaired by the country road gangs; also cleaned 44,200 square yards macadam; cleaned 30,415 square yards paved gutters, which, by comparison with the preceding quarter, shows an increase of about twice the amount of work performed. This gang also repaired 547,928 square yards dirt roads; sprinkled 854,788 square yards streets with oil and 5,743 miles of streets with water.

The Corporation Division shows that 3,358 permits were issued to various companies, requiring the opening of streets or sidewalks and sets forth the number of permits issued to each company. The Chief Engineer of Highways calls attention to the fact that the total number of permits issued exceeds by 684, the permits issued during the corresponding quarter of last year. 1,839 permits were granted for overhead work which did not require street openings.

The Brooklyn Rapid Transit Company reports considerable work in the laying of granite pavement as does the Coney Island and Brooklyn Railroad Company.

Bureau of Incumbrances.

The report of the Incumbrance Division is in detail, showing the number of complaints received from various sources, classification and disposal, and the number of permits issued for building material on streets, repairs to walks, etc.

Bureau of Sewers.

This Bureau makes all designs for sewers, has charge of the construction of new work, and of the maintenance, repair or reconstruction of existing work. Also has charge of the disposal of sewage and the purification of disposal works, and of the construction of storm and relief sewers. The Bureau has also a physical laboratory that subjects to proper tests all pipe sewers used on construction.

The report of the operations of the Engineering Division and the Maintenance and Repair Division is set forth in detail by the Chief Engineer.

It is reported that 26,672.70 linear feet of sewers of all sizes were laid during the third quarter, or an equivalent of 5.051 miles. This is slightly in excess of the amount of sewers laid during the preceding quarter, viz., 26,458 linear feet, or the equivalent of 5.011 miles. The number of linear feet of sewers laid during the quarter ending September 30, 1909, added to the mileage of the sewerage system on June 30, 1909, 820.008 miles, makes the mileage at the close of September 825.059 miles.

The total amount of sewers built during the quarter divided among the various sizes, is as follows:

	Diameter.	Linear Feet.	Miles.
Pipe sewers	12-inch to 24-inch	23,233.2	4.400
Brick sewers	30-inch to 180-inch	2,101.2	0.398
Concrete and brick sewers	36-inch to 186-inch	1,338.3	0.253
		26,672.7	5.051

There were 19,627.98 linear feet of 6-inch house connection drains built during the quarter, or the equivalent of 3.717 miles, and the amount of 6-inch house connection drain built under the jurisdiction of that Bureau on September 30, 1909, is, 38.617 as compared with a total of 34.90 miles on June 30, 1909.

Seventy-nine sewer basins were built during the quarter, making the number now connected with the sewerage system of this Borough on September 30, 10,255. This is a considerable increase over the number of basins constructed during the quarter ending June 30, 1909, when 45 sewer basins were completed.

On July 1, 1909, there remained 15 resolutions for sewer improvements, authorized by the Board of Estimate and Apportionment, for construction, prior to that date, for which plans and specifications had not been completed, amounting to a total estimated cost of $156,100.

On April 16, 1909, the Board of Estimate and Apportionment adopted a resolution to the effect that authorizations of local improvements hereafter granted by that Board shall be subjected to certain rules and conditions. These conditions reviewed briefly, are as follows:

That when an improvement is presented for consideration the resolution be accompanied by an approximate estimate of the cost of the work and the value of the property benefited. The Board thereupon will authorize the Borough President to prepare plans, specifications, assessment maps and an estimate of cost based on actual survey.

That an improvement be authorized after the Borough President submits a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, and that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, this report being accompanied by a further statement indicating the length of time to be allowed the contractor for carrying out the work, and also showing the expenditures charged against the improvement up to the date of the submission.

On June 30, 1909, there remained on hand 9 resolutions of the Board of Estimate and Apportionment authorizing the Borough President to prepare plans, specifications and contract forms in accordance with the above rules and conditions.

During the third quarter 62 reports upon sewer improvements to precede paving and in response to petition for sewers. 17 of these reports were to precede paving, at an estimated cost of $14,650 and the balance, 45, were for improvements petitioned for aggregating $314,740. The total mileage of sewers called for in these reports is 8.3 miles. In addition there have been made 14 miscellaneous reports.

During the quarter there have been forwarded 37 assessment lists, amounting to $160,934.67 and 59 assessment lists for sewer improvements have been completed but not yet transmitted to the Board of Assessors, amounting approximately to $513,750.71.

The following table shows work under way and completed during the quarter:

Total amount of contracts entered into during the quarter	$277,997 67	.....
Total amount of contracts completed during quarter, accounts closed	.....	$235,827 13

Attached to the report of the Chief Engineer, you will please note detailed table, in blueprint form, showing contracts in course of construction during the quarter, together with date of contract, contract price and rate of progress of work accomplished on same.

The Superintendent of the Maintenance Division reports on work done and materials used in maintaining the sewerage system in this Borough during the quarter ending September 30, 1909. There were 14,262 sewer basins examined, 9,087 basins cleaned, and 10,023 cubic yards amount of deposit removed. There were 1,421 new sewer connections made and 409 repairs to same. There was a total of 3,758 linear feet of large brick sewer cleaned. 4,153 cubic yards of deposit removed in addition to further work specified in detail in the report of the Superintendent of that Division.

Topographical Bureau.

The work of this Bureau consists of matters relating to the determination, the preservation and the changes in the established lines and the established elevations of public streets, etc. The Topographical Bureau prepares reports and maps for action by the Local Boards and the Board of Estimate and Apportionment matters having to do with the topography of the Borough. It reports on all street openings and furnishes the maps used in condemnation proceedings, also prepares maps for the legal opening of streets, which are required by the Corporation Counsel in the appointment of Commissioners of Estimate and Assessment.

The Chief Engineer sets forth in detail the number of surveys made to prepare plans and profiles for all original work to be undertaken by the Bureau of Highways; to determine, for contracts let by the Bureau of Highways, amount of excavation, fill, number of linear feet of curbing, etc. In addition, this Bureau performs work for use in the Board of Estimate and Apportionment and various other Departments and the Bureaus connected with that Department, so that not only the local improvements, as highways, sewers, etc., but in a greater or less degree the work of all the other Departments of the Borough depend upon the work of the Topographical Bureau.

The Chief Engineer reports progress in the preparation of a map of the Borough of Brooklyn on a uniform scale of 200 feet to the inch, upon which it is intended to note all the changes in street lines that were made in the past, and also such changes in the map of the City as may hereafter be adopted. As a result of this work there will be in that office a map which will be complete and always up to date. Heretofore there has never existed a map of this Borough showing all the changes that have been made in the street system of the various sections of the Borough of Brooklyn since the original Commissioners' maps were adopted.

Great progress is reported by the Chief Engineer in the number of maps prepared by the office force, affecting changes in street lines, closing, laying out streets, changes of established elevation of streets, etc. Also number of maps or general sketches for special reports, and also copies of maps previously completed and forwarded, in addition to rule maps, profile maps, draft damage maps, and final damage and benefit maps for use by the Commissioners of Assessment and Estimate in street opening proceedings.

In the course of the three months ending September 30, 247 communications were received and 481 reports and letters were forwarded, of which 232 were reports on legal status of streets in relation to opening proceedings or improvements.

Bureau of Public Buildings and Offices.

The Bureau of Public Buildings and Offices has charge of the public buildings of the Borough. It maintains these buildings, performs work of necessary alterations and repairs and furnishes needed supplies. In the report of the Superintendent attached is shown, in detail, the number of orders issued for the various Bureaus, both supplies and repairs, statement of moneys expended for supplies and repairs. Also a statement of contracts for repairs to various public buildings, court houses, public baths, floating and interior, comfort stations, etc., under his jurisdiction. You will note, in addition, a brief summary of work performed towards the construction of new buildings and repairs to those buildings in need of same.

Office of the General Bookkeeper.

The report of the General Bookkeeper shows in detail the financial transactions of the various Bureaus in the Department of Public Works, and includes the Bureau of Buildings. This office keeps complete and detailed accounts of all appropriations of moneys, transfers among the different accounts, liabilities incurred in contracts, expenditures, vouchers forwarded to the Comptroller for payment, and all moneys received and deposited with the City Chamberlain.

It shows the salaries and wages chargeable against each Bureau, the amount of supplies ordered during the quarter, and for the purposes intended. Also a statement of contracts entered into for public improvements and sets forth the proper accounts to which each contract is to be charged.

Yours very truly,

THOMAS R. FARRELL, Commissioner of Public Works.

September 29, 1909.

QUARTERLY REPORT OF THE TOPOGRAPHICAL BUREAU FOR THE THREE MONTHS ENDING SEPTEMBER 30, 1909.

Office of the President of the Borough of Brooklyn,
Topographical Bureau, Office of the Chief Engineer,
September 30, 1909.

Hon. THOMAS R. FARRELL, Commissioner of Public Works:

Dear Sir—I transmit herewith the quarterly report for the three (3) months ending September 30, 1909.

The work of the Topographical Bureau consists of matters relating to the determination, the preservation and the changes in the established lines and the established elevation of public streets, parks, etc.; the preparation of maps for the legal opening of streets, etc.; the making of reports on the legal status of streets, etc.; the preservation and maintenance of lines, monuments, records, etc., and connecting to the several secondary stations in this Borough, the traverse lines, monumented street lines and the monumented lines holding the triangulation stations

The work of this Bureau is directly for the use of the Local Boards, for the Board of Estimate and Apportionment, for the Corporation Counsel's office in the matter of condemnation proceedings for street openings, and for the various other Departments of the City. Hence it affects the map of the City, which is the basis of all City improvements; and, therefore, not only the local improvements, such as highways, sewers, etc., but in a greater or less degree the work of all the other Departments of the Borough depend upon the work of the Topographical Bureau.

To make surveys and to prepare plans and profiles for all original improvements that are made by the Bureau of Highways, to determine for all contracts let by the Bureau of Highways the amount of excavation, the amount of fill, the number of linear feet of curbing, the number of square feet of sidewalks, the number of cubic yards of concrete and the number of square yards of asphalt, and to furnish the contractors with line stakes, grade stakes and monthly estimates.

There has never existed a map of the Borough of Brooklyn showing all the changes that have been made in the street system of the various sections of the Borough since the original Commissioners' maps were adopted. I am now preparing such a map on a uniform scale of 200 feet to the inch. Upon this map it is intended to note all the changes in street lines that were made in the past, and also such changes in the map of the City as may be hereafter adopted. As a result of this work there will be in this office a map which will be complete and always up to date.

A—FIELD WORK.

The field work, which was required for and which is included in the maps and reports under the head of "Office Work," consists of chaining, line work, angular measurement, leveling and damage survey work. The amount of this work, which was done as required, completed during this quarter is as follows:

Five hundred and sixteen thousand three hundred feet of chaining (65,900 feet of precise chaining and 450,400 feet of approximate chaining), 76,200 feet of precise line work, 192 precise angles measured, 20,636 feet for profile for regulating, grading, etc. (original improvements), for 16 streets; 44,754 feet of line and grade stakes set (original improvements) for 33 streets; 6 surveys to determine encroachments, 83,117 feet for damage surveys for 17 streets.

V.—Streets and Street Openings.

This work, in addition to furnishing a mass of oral information, consists in preparing certificates of dedication and statements of facts for submission to the Corporation Counsel. It requires an accurate search of all records in this and the other public offices, besides a thorough examination on the ground of the physical condition of each street. As completed, this work is divided as follows:

(a) Certificates of dedication to public use of streets:

These certificates are prepared to prove that the public has an easement to the use of the street, thus avoiding street opening proceedings preliminary to needed improvements. None during this quarter.

(b) Statements of facts for submission to Corporation Counsel:

In these statements of facts is included all obtainable information, documentary and physical, that tends to prove a dedication of each street to public use.

1. Avenue J, from East Twenty-seventh street to Flatbush avenue.
2. Avenue J, from Ocean avenue to East Twenty-fifth street.
3. Berriman street, from New Lots avenue to Sutter avenue.

VI.—Maps Prepared for the Corporation Counsel's Office in Condemnation Proceedings.

This work comprises the preparation of the following maps:

(a) Rule maps in triplicate and technical descriptions of land to be taken in street opening proceedings.

(b) Profile maps showing physical elevation of the property on the side lines and centre of the street, and the manner in which lands and buildings not taken, but affected, will be injured or benefited by the intended regulation of the streets.

(c) Draft damage maps, which gave the dimensions of every plot of land to be taken, the encroachments on the streets, the names of the property owners and any other information that will be of service to the Commissioners of Estimate and Assessment.

(d) Draft benefit maps, showing lot included within the limits of assessment for the opening, and giving dimensions and block and lot numbers.

(e) Final damage maps in duplicate and final benefit maps in triplicate.

(f) Rule maps and technical descriptions for acquiring easements in streets for sewer purposes.

(g) Rule maps and technical descriptions for closing avenues and streets.

(h) Profiles made in connection with street openings.

(i) Inspection and testimony.

(j) Amendments and additions to street opening maps.

A—Rule Maps and Technical Descriptions.

These maps are sent in triplicate and have technical descriptions showing the land taken in street opening proceedings.

Borough Hall.

During the quarter the office of the Corporation Counsel was equipped with document file racks and pull files. A special cabinet for holding atlases was also installed in this office.

The large skylight over the Plumbing Inspectors' room, Bureau of Buildings, was reconstructed so as to permit better ventilation.

The ceilings and sidewalls in the reporters' room (No. 1), was painted and kalsomined.

A cabinet closet for holding records was constructed in room 11.

A section of the ceiling was repaired by the Bureau Plasterers.

Municipal Building.

In this building various repairs were made from time to time. In room 46, a partition was constructed in the passageway to form a toilet room.

In room 16 the plaster partition was taken down and the ceilings and cornices and sidewalls were repaired.

Shelving was erected in room 30. Alterations were also made to the doors and railing.

Rooms 16, 30 and 32 were generally overhauled and painted at a cost of about $500.

The boilers and heating plant in this building were thoroughly overhauled and repaired.

Small repairs were made to the tile flooring by the Bureau Bricklayer.

As occasion demanded, various repairs were made to the plumbing in this building.

Kings County Court House.

The various rooms in the county court were redecorated, kalsomined, the sidewalls were painted and the woodwork was grained and painted. The hardwood and furniture was also cleaned and polished and put in first class condition.

Th delapidated wood floor and beams in the cells of the county court were taken out and new iron floor beams, iron flooring, stair treads, new toilets and hardwood partition were placed in room 23.

Some two hundred chairs in the various parts of the Supreme Court were repaired and recovered.

The furnace was repaired and the pumps were overhauled.

The blow off pipes and back of boilers were covered with asbestos.

Various small repairs were made to the ceilings by the Bureau Plasterers as needed.

Hall of Records.

In the record room of the County Clerk's office eight (8) clothes lockers were constructed. Iron railing was erected in this office.

At the request of various officials in this building a Cutler mail chute was installed from the fourth floor to the first floor in the main corridor at a cost of some $600.

A contract was entered into to paint, kalsomine, grain and decorate the various offices throughout this building and same were placed in first class condition.

A new terrazzo floor was placed in the main hall.

The rugs and carpets in the County Clerk, Register, Surrogate and Commissioner of Records offices were taken up, cleaned and relaid. The electric lights in these offices were also repaired.

Small plumbing repairs were made from time to time.

Disciplinary Training School.

The main roofs on the frame and brick buildings were repaired and painted. The skylights were also repaired and a new tin roof was placed on toilet in yard. The skylight in the roof over the extension was also remodeled.

Almost two hundred lights of glass that had been broken throughout the building were replaced.

The boilers in the kitchen were covered with asbestos.

The laundry machinery was generally overhauled.

New grate and bearing bars were placed in the furnace.

The plumbing in this building was given careful attention.

Court of Special Sessions.

Steel window guards were placed in this building during the quarter.

First Magistrate's Court, No. 318 Adams Street.

This court was generally overhauled in that the ceilings were kalsomined, sidewalls and woodwork painted and varnished.

In the other small courts located throughout the Borough repairs were made from time to time, such as plumbing and painting and carpenter work.

Floating Baths.

The floating bath berthed at the foot of Fifty-eighth street sunk and same was raised and pumped out and made fit for use at a cost of about $275.

At the other floating baths located in various parts of the Borough connection was made to water and gas mains as needed.

Public Interior Baths.

At the Huron street bath, painting of the sidewalls, kalsomining of ceilings and varnishing of hardwood made this interior bath in a first class condition.

At the other baths the boilers were relined, new Albarene slabs were put in place and the plumbing and steam work was looked after.

The Hamburg avenue bath has been completed but as yet has not been accepted by the City.

As soon as appropriations are received the President street bath will be ready for use by the public.

Public Comfort Stations.

As requisitions are received to repair the plumbing fixtures and other work in these stations they are attended to.

Bureau of Sewers, Borough of Brooklyn, Chief Engineer's Office,
Mechanics' Bank Building,
November 29, 1909.

Hon. JAMES DUNNE, Superintendent of Sewers:

Dear Sir—I transmit herewith report of the operations of the Engineering Division of this Bureau for the third quarter of the year ending September 30, 1909.

As you will note from the tabular statement next attached, 26,672.70 linear feet of sewers of all sizes were laid during the quarter, or an equivalent of 5.051 miles This added to the mileage of the sewerage system on June 30, 1909, 820.008 miles, makes the mileage on September 30, 1909, 825.059 miles.

The total amount of sewers built during the quarter, divided among the various sizes, is as follows:

	Linear Feet.	Miles.
Pipe sewers, 12-inch to 24-inch diameter	23,233.2	4.400
Brick sewers, 30-inch to 180-inch diameter	2,101.2	0.398
Concrete and brick sewers, 36-inch to 186-inch diameter	1,338.3	0.253
Total	26,672.7	5.051

There were 19,627.98 linear feet of 6-inch house connection drains built during the quarter, or the equivalent of 3.717 miles, and the amount of 6-inch house connection drain built under the jurisdiction of the Bureau on September 30, 1909, is 38.617.

The number of basins built during the quarter has been 79, making the number now connected with the sewerage system on September 30, 1909, 10,255.

On July 1, 1909, there remained 15 resolutions for sewer improvements, authorized by the Board of Estimate and Apportionment, for construction, prior to that date, for which plans and specifications had not been completed, amounting to, in estimated cost, $156,100. They are:

	Estimated Cost.
1. Sewer basins at West Fifteenth street and Neptune avenue, etc., and sewer in West Fifteenth street, between Mermaid avenue and Canal avenue; authorized January 11, 1907	$20,000 00
2. Sewer basins at Ocean parkway and Sea Breeze avenue, and sewer in Ocean parkway, etc.; authorized March 22, 1907	6,100 00

		Estimated Cost.
3.	Sewer in Bay Thirty-fifth street, between Benson avenue and Eighty-sixth street; authorized March 22, 1907	4,600 00

13.	Sewer in Twentieth street, Terrace place to Tenth avenue; authorized January 20, 1905	2,600 00
14.	Sewer basin, Third avenue, south corner Seventy-third street; authorized January 11, 1907	200 00
15.	Sewer basin, Tenth avenue, north corner Forty-first street; authorized March 12, 1909	200 00

The improvements called for in Item No. 1 lie in Map CC, the change of plan of which will require sewers of different sizes than those originally authorized. Reports recommending that the old resolutions be rescinded and new ones adopted have been submitted.

Item No. 2 is still held pending the change of plan for the district in which the improvements will lie.

The improvements called for in Item No. 3 lie within Map Z, the change of plan of which will require the work to be reauthorized. New reports have been submitted, recommending that the old resolution be rescinded and a new one adopted.

The sewer improvements called for in Items Nos. 4, 5 and 6 are affected by a change of plan submitted by the President of the Borough of Queens. New reports have been submitted recommending that new resolutions be adopted in place of the old ones.

Plans and specifications have been prepared and forwarded for the sewer improvements called for in Item No. 7.

Plans and specifications for the improvements called for in Item No. 8 have been prepared but are still held, pending the completion of the grading of Park place, which was many feet above grade.

Item No. 9 is a small part of the improvements authorized by the Board of Estimate and Apportionment on September 25, 1908, under the title:

Sewers in Twelfth avenue, between Forty-third and Forty-ninth streets, etc., the estimated cost of which was $14,900, and was not included in the contract already prepared for the greater part of the improvements, because there was no outlet. When the outlet is authorized, plans will be submitted for the sewer in Twelfth avenue, between Forty-third and Forty-fourth streets.

The sewer improvements called for in Items Nos. 10 to 15 were not reported in the last quarterly report. Those called for in Nos. 10, 11 and 12 were authorized in previous administrations and were abandoned by them. The resolutions should be rescinded.

The improvements called for in Item No. 13 were held in suspension after the authorization, the street being 20 feet above grade. Recently the street was graded and the plans for the sewer work are now nearly completed and will be forwarded at an early date.

The improvements called for in Items Nos. 14 and 15 were installed in other contracts. The resolutions should be rescinded.

On June 30, there remained on hand nine resolutions of the Board of Estimate and Apportionment authorizing the Borough President to prepare plans, specifications and contract forms under the following resolution in each case:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of the cost of the proposed improvement based on actual survey; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment:

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the said work of preparing plans, specifications and an estimate of cost based on actual survey has been done; that the boundary of the district of assessment has been accurately defined; that the assessment map will be completed before the final estimate is granted; that he has secured the approval of the form of contract by the Corporation Counsel; that he is prepared to place the improvement under contract as soon as he received the consent of the Board, said report or statement being accompanied by a further statement indicating the length of time to be allowed the contractor for carrying out the work and also showing the expenditures charged against the improvement up to the date of submission, the following being a list of such sewer improvements:

The contract forms for the above have all been forwarded for advertisement for bids

On July 1, 1909, there remained on hand one petition for the construction by private contract of the sewer improvements in Crown street, between Rogers and Nostrand avenues.

The plan for the above is 90 per cent completed and has been held for more than six months pending the adjustment of a difference between the petitioner and his contractor.

During the quarter there were received four petitions for the construction of sewer improvements by private contract, viz:

1. Sewer in Forty-third street between Fifteenth and Sixteenth avenues.
2. Sewer basins at the southwest corner Ditmas avenue and East Twenty-third street.
3. Sewer basins at the northwest and southwest corners Sixteenth avenue and Forty-fourth street.

4. Sewer basin at the southwest corner Troy avenue and Union street, and rebuilding of sewer basin at the northwest corner of Troy avenue and Union street.

Plans for items No. 1, No. 2 and No. 3 have been completed and forwarded.

Plans for item No. 4 are under way.

There have been made during the third quarter 62 reports upon sewer improvements to precede paving and in response to petition for sewers.

Seventeen of these reports were to precede paving, estimated cost of sewer improvements $14,650; and 45 were for sewers petitioned for, estimated cost $314,740.

The total mileage of sewers called for in these reports is 8.3 miles.

In addition to the above, there have been made 14 miscellaneous reports.

The plan for the extension of Map "N," which was held in abeyance awaiting action by the Department of Docks relative to the water-front, has finally been submitted for adoption.

The general plans and designs for the extension and modernization of the Sewage Disposal Works in Coney Island and in the Twenty-sixth Ward are completed. Contract plans for the pump well at the Coney Island Disposal Works at West Twelfth street and Neptune avenue are nearly completed.

Contract plans for the remainder of the proposed extension of the Disposal Works in Coney Island and for the proposed extension of the Twenty-sixth Ward disposal works can be quickly prepared when the Board of Estimate and Apportionment authorizes the work done.

The studies for the relief sewers of Map "S" are still under consideration.

The change of plan for the section about part of Newtown Creek, which will provide for sewage from Queens Borough, amounting to 110 cubic feet per second, and which plan will also provide for an outlet system of sewers affecting portions of Greenpoint, Williamsburg and Bushwick, is nearing completion.

The contract for the raising of the tracks of the Bushwick branch of the Long Island Railroad over the proposed Scott avenue sewer at Montrose avenue was advertised and bids opened.

The plans for the construction of a brick building on the site of the corporation yard at Thirty-eighth street were completed and forwarded.

The change of plan on account of the discontinuance and closing of Fourteenth avenue at Gravesend avenue is still held in abeyance, owing to the uncertainty of the new lines of Beverly road.

The plans for the power station building, in connection with the operation of the Gowanus flushing tunnel, have been completed and forwarded.

The plans and specifications for repairing the sewer in Meserole avenue between Jewell and Newell streets are under way and will shortly be forwarded.

The examination of the plans of sewers rebuilt by the Public Service Commission, in connection with the Fulton street subway, has not yet been completed.

Plans and specifications for a temporary sewer from the new Coney Island Hospital on Ocean Parkway and Avenue Z to the Coney Island disposal works, prepared at the request of the Department of Public Charities, have been forwarded for advertising for bids.

The plan for a temporary outlet of the Seventy-first street sewer to extend beyond the line of the rip-rap, which will be used in connection with the extension of the Shore Drive, was completed.

Plans and specifications for basins in Metz street and in Clinton avenue in the Wallabout Market are in preparation.

New plans for the relocation and extension of the outfall sewer in Neptune avenue at Warehouse avenue have been completed.

Plans and specifications for the dredging of Wallabout Basin are in preparation.

A sketch map of the 144-inch sewer in South Fifth street, between Driggs avenue and Havemeyer street, was prepared for the Public Service Commission.

Plans for the lighting equipment for the building to be erected in the Thirty-eighth street corporation yard is in preparation.

Plans and specifications for the installation of additional pumps and boilers in caissons No. 2 and No. 4 of the Coney Island disposal works are in preparation.

Plans for intercepting sewers for the relief of the United States Navy Yard and storm sewers for the relief of map "E," etc., are well along toward completion.

During the third quarter of the year 1909 there have been forwarded 37 assessment lists, amounting to the sum of $150,934.67.

Assessment lists for 59 sewer improvements have been completed, but not yet forwarded to the Board of Assessors, amounting approximately to the sum of $513,750.71.

Yours respectfully,

E. J. FORT, Chief Engineer of Sewers.

Communication from Commissioners of the Sinking Fund, transmitting certified copies of resolutions adopted December 2, 1909, as follows:

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the City Real Estate Company, H. S. Pell, agent, of the premises known as No. 570 City Island avenue, City Island, Borough of The Bronx, for use of the Police Department, for a period of three months from the date of occupation with the privilege of a month to month renewal for an additional period of three months, if required, at a rental of seventy-five dollars ($75) a month, payable quarterly; the lessor to put in electric light fixtures and stove pipe holes in the chimneys where necessary; the City to furnish light, heat and Janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That the resolution adopted by this Board at meeting held July 2, 1909, authorizing the Police Commissioner to establish, provide and furnish the new Headquarters Building, be and the same is hereby amended by striking out the words "When the Police Commissioner has filed with the Secretary of the Commissioners of the Sinking Fund a stipulation on the part of the contractor or contractors that he or they will not consider that possession of the new Police Headquarters, built on the block bounded by Broome, Grand and Centre streets and Centre Market place, Borough of Manhattan, has been taken by the City, or that his or their contract or contracts have been in any way abrogated, or that he or they have been in any way released by the City from the proper carrying out of the contracts."

Send copies of each resolution to the Bookkeeper.

BOARD OF ESTIMATE AND APPORTIONMENT.

(FINANCIAL AND FRANCHISE MATTERS.)

MINUTES OF MEETING OF THE BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN ROOM 16, CITY HALL, FRIDAY, DECEMBER 10, 1909.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; John Cleughen, Acting President, Borough of Manhattan; Bird S. Coler, President, Borough of Brooklyn; John F. Murray, President, Borough of The Bronx; Lawrence Gresser, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

The minutes of meetings held November 5 and 12, 1909, were approved as printed.

FRANCHISE MATTERS.

Rapid Transit Railway, Southern Boulevard and Whitlock Avenue Route.

Consideration of the communication, dated November 17, 1909, from the Public Service Commission for the First District, transmitting resolutions adopted by that Commission August 6, 1909, determining and establishing a proposed rapid transit railway in the Borough of The Bronx, known as "Southern Boulevard and Whitlock Avenue Route," and requesting the approval and consent of this Board thereto.

This communication was presented to this Board at its meeting of December 3, 1909, when, by resolution duly adopted, this day was fixed as the date for consideration and the communication was referred to the Chief Engineer.

No one appeared in opposition to the proposed route.

Hon. John E. Eustis, Commissioner of the Public Service Commission, appeared in favor.

The Secretary presented the following:

REPORT No. F-193.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 7, 1909.

Hon. GEORGE B. MCCLELLAN, *Mayor, Chairman of the Board of Estimate and Apportionment:*

SIR—At the meeting of the Board held on December 3 there was presented a communication from the Public Service Commission of the First District transmitting resolutions adopted by that Board laying out a proposed Rapid Transit Route in the Borough of The Bronx known as the Southern Boulevard and Whitlock Avenue Route, and the Board fixed December 10 as the date for consideration of the resolutions and plans.

It would appear that the object of this new route is to provide an alternative subway to the Southern Boulevard and Westchester Avenue Route so that the Public Service Commission may submit alternative propositions to bidders in connection with the Lexington Avenue Route as a continuous line to Westchester avenue. The report of the Engineer in charge of the Division of Franchises, which is herewith presented, indicates that the average assessment per front foot is $133, while that along the Fourth Avenue Route, in the Borough of Brooklyn, which route has already been approved by the Board, is $96.

There seems no reason why the Board should not give its consent to the construction of a Rapid Transit Railway in accordance with the plans which have been presented, and it is recommended that the plans be approved.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
December 6, 1909.

Mr. NELSON P. LEWIS, *Chief Engineer:*

SIR—The Public Service Commission for the First District in a communication of November 17, 1909, has presented to the Board of Estimate and Apportionment for approval a new rapid transit railway route known as the "Southern Boulevard and Whitlock Avenue Route." This communication was presented to the Board at its meeting of December 3, and in pursuance of law the Board set Friday, December 10, for its consideration.

The object of this so-called new route is to furnish an alternate subsurface route to the original Southern Boulevard and Westchester Avenue Route, as originally approved by the Mayor July 28, 1905, and subsequently amended with the Mayor's approval on June 14, 1906. This new route follows closely the former route, as approved, under East One Hundred and Thirty-eighth street and the Southern boulevard as far as Dongan street, when it deflects to the east into Whitlock avenue and emerges from the ground at a point between Aldus and Bancroft streets, partly in the street and partly on private property to be acquired, and then continues as an elevated road until it joins the original route in Westchester avenue, whereas, the original Southern Boulevard and Westchester Avenue Route emerges from the ground in One Hundred and Thirty-eighth street, between Cypress avenue and the Southern boulevard, and continues as an elevated railroad from that point throughout the entire length of the Southern boulevard as far as Westchester avenue. In other words, the Commission, if this route is approved, will have alternate propositions to submit to bidders in connection with the Lexington avenue route either a continuous subway as far as Westchester avenue, or a subway only as far as the Southern boulevard and an elevated railroad from there on.

This would give the Commission the same opportunity for a choice that it now has on Jerome avenue in The Bronx, where both an elevated railway and a subway route have been approved.

Personally I am in favor of subways as against extensions of elevated railroads, especially upon such a main thoroughfare as the Southern boulevard promises some day to be, and if abutting property is of sufficient value to warrant subways it would seem to me that they were more desirable than elevated railroads.

The Board has already approved of a subway in Fourth avenue, Brooklyn, as far as Forty-third street, and from a comparison of the assessed vaulations per foot front as given on the map prepared by the Department of Taxes and Assessments, entitled "Land Value Maps," I find that the average assessment per foot front between One Hundred and Thirty-eighth street and Alexander avenue and Aldus street at its intersection with Whitlock avenue is about one hundred and thirty-three dollars, whereas, on Fourth avenue, Brooklyn, between Dean street and Forty-third street, the average assessed value is about ninety-six dollars.

In view of this, I believe that the construction of a subway in place of the elevated, as proposed, in the Borough of The Bronx, is certainly warranted by the action taken by the Board in approving a subway for Fourth avenue, Brooklyn.

It will be noted that the route was approved by the Public Service Commission on August 6, 1909, but not transmitted to the Board until November 17.

I am informed that, since its adoption by the Public Service Commission, negotiations have been under way, with certain property owners along Whitlock avenue between Aldus street and Westchester avenue with a view to shifting the line to the easterly side of Whitlock avenue, and adjoining the route of the Harlem River and Port Chester Railroad Company, provided certain agreements advantageous to the City for the purchase of property could be secured. I am further informed that these negotiations have come to nothing. The route is now before the Board of Estimate and Apportionment for approval.

One other question arose in my mind as to the approval of this route, and that was whether this would in any way delay the action of the Public Service Commission in submitting the complete so-called "Lexington Avenue-Broadway Route," with its extensions into the Bronx, to bidders, and I immediately made inquiry at the Public Service Commission, with the following results:

First. That the consents for the original "Southern Boulevard and Westchester Avenue Route" as amended, were obtained by the former Board of Rapid Transit Railroad Commissioners on January 30, 1907, without appeal to the Court for the appointment of Commissioners.

Second. That the Public Service Commission is assured that the consents can be immediately obtained for the new route as now proposed, as a large number of property owners are in favor of the change.

Third. It would also appear that as soon as the route was adopted by the Public Service Commission in August last, it instructed its Engineering Department to prepare plans for this route, and that such plans are now well under way.

As the amendment to the Lexington Avenue Route providing for a double deck structure is now before a commission appointed by the Appellate Division, which commission is taking testimony, the Public Service Commission feels assured that all the preliminary steps, such as obtaining consents and the preparation of plans for the new route can be completed by the time it shall render its decision in the matter of a double decking, and until such decision is reached no invitations can be submitted to bidders.

I would, therefore, recommend that the Southern Boulevard and Whitlock Avenue Route be approved.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, The Public Service Commission for the First District, constituted pursuant to the provisions of chapter 429 of the Laws of 1907, has duly determined upon a route or routes and general plan of construction of a rapid transit railway for the conveyance of persons and property, to be established in The City of New York in addition to the already existing lines, and did by resolution of August 6, 1909, adopt such route or routes and general plan; and

Whereas, Thereafter said Public Service Commission for the First District did transmit to the Board of Estimate and Apportionment of The City of New York a copy of the plans and conclusions for said route or routes as adopted, which plans and conclusions were received by said Board of Estimate and Apportionment on the 3d day of December, 1909, at a meeting of said Board of Estimate and Apportionment duly held on said day; and

Whereas, Said Board of Estimate and Apportionment, by resolution duly adopted at said meeting, did appoint a day not less than one week nor more than ten day after the receipt thereof for the consideration of such plans and conclusions, to wit, the 10th day of December, 1909, at 10.30 o'clock a. m., and said consideration was duly had; and

Whereas, The plans and conclusions are fully set forth in the resolutions of said Public Service Commission for the First District, adopted August 6, 1909, and which resolutions are as follows:

RESOLUTIONS ADOPTED BY THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, AUGUST 6, 1909.

SOUTHERN BOULEVARD AND WHITLOCK AVENUE ROUTE.

Whereas, The Public Service Commission for the First District has determined that a rapid transit railway for the conveyance and transportation of persons and property, in addition to those already existing, authorized or proposed, is necessary for the interest of the public and of The City of New York and should be established therein as hereinafter provided; and

Whereas, This Commission has duly made the inquest and investigation necessary or proper in the premises and all such inquests and investigations as are necessary or proper for such determination;

Now therefore, This Commission does hereby adopt the following route for an additional rapid transit railway in The City of New York and does hereby determine and establish the said additional route thereof as follows, and does hereby adopt a general plan of construction of the said railway, the route of which is herein provided, and does in such general plan hereby adopted show the general mode of operation and such details as to manner of construction as may be necessary to show the extent to which any street, avenue or other public place is to be encroached upon and the property abutting thereon affected.

This Commission, in adopting the said route and general plan, expressly reserves all the powers in relation to the construction of the said route which are conferred upon it by the Rapid Transit Act. In particular it reserves the right to contract for the construction of the whole road provided for in the following plan in a single contract, or by separate contracts executed from time to time, to provide for the construction of parts of said road or for the construction at first of two tracks over a part or parts of said road, and afterward of an additional track over a part or parts of said road, as the necessities of The City of New York and the increase of its population may in the judgment of this Commission require, or to provide in a contract for any part of such railroad that, at a future time, upon the requirement of this Commission the contractor shall construct the remainder or any part of the remainder of said road as the growth of the population or the interests of the City may, in the judgment of this Commission, require.

Route.

A route lying within the Borough of The Bronx, the centre line of which shall begin at a point under East One Hundred and Thirty-eighth street, near Cypress avenue, where a connection can conveniently be made with the Southern boulevard and Westchester avenue route, heretofore adopted by the Board of Rapid Transit Railroad Commissioners for The City of New York, and extending thence easterly under East One Hundred and Thirty-eighth street to a point near Robbins avenue; curving thence in a northerly direction under East One Hundred and Thirty-eighth street and private property to and under the Southern boulevard, continuing thence northerly under the Southern boulevard to a point between Barretto street and Hunts Point road, where it curves to the northeast under the Southern boulevard, private property, Hunts Point road and the public park to and under Whitlock avenue, continuing thence in a general northerly direction under Whitlock avenue, private property and Aldus street to a point in private property where it emerges from the ground to an elevated structure, and continues thence northerly over private property and Whitlock avenue to a point near Westchester avenue, where it curves to the east over Whitlock avenue and private property, to and over Westchester avenue, where a connection can conveniently be made with the said Southern boulevard and Westchester avenue route.

Plan of Construction.

The general plan of construction adopted for the route hereinbefore described is as follows:

For the whole of the said route there shall be three tracks.

All of the tracks shall be substantially parallel to each other and on substantially the same level, except that wherever required by special necessities of surface or subsurface structures or other special or local necessities and for the purpose of avoiding grade crossings, any one or more of the tracks may be elevated above or depressed below the level of the other track or tracks to the extent that may be necessary.

The tracks from the point of beginning along East One Hundred and Thirty-eighth street, the Southern boulevard, Whitlock avenue, private property and the several cross streets to a point in the block bounded by Aldus street, Longfellow avenue, Bancroft street and Whitlock avenue, where the route begins to emerge from the ground, shall

be in subway or tunnel, and from the last mentioned point to the northerly terminus of the said road the tracks shall be carried upon a viaduct over and along Whitlock avenue and Westchester avenue.

The tracks shall be placed in general under or over the central part of the longitudinal streets which form a portion of the route above described, so far as may be practicable and convenient, but wherever required by special or local necessities or for curves the tracks, or any one or more of them, may be diverted as far as necessary to one side or the other of such streets, or any of them. On the portion of the route under ground the entire width of the street may be used so far as necessary for the purposes of this general plan.

Where the tracks change from tunnel to viaduct the change shall be so made as to involve the use of the surface to the least possible extent consistent with the proper gradient for the tracks.

Wherever necessary for the proper support of the surface of a street the roof of the tunnels shall be of iron or steel with brick or concrete arches supported when necessary by iron or steel or masonry columns and resting upon masonry walls; or the roof may be a masonry structure or the wall or the lining may be of metal.

The roof of the tunnel when under a street shall be as near the surface as street conditions and grades will conveniently permit.

The tunnel shall in no case be less than 13 feet in height in the clear.

There shall be a width in the tunnel not exceeding 15 feet for each track, in addition to the thickness of the supporting walls, except that at stations, switches, turnouts, curves and crossovers the width may be increased.

Viaducts shall be built with a width of 13 feet for each track, except on curves or where greater width is required for special construction, and with an additional width of 3 feet on each side for outside footways. Viaducts may be built of metal or of masonry or of both.

The tracks shall be of standard gauge, that is to say, of the width of 4 feet and 8½ inches between the gauge lines.

Adjacent tracks shall be connected by necessary and suitable switches and connections, and an additional track for siding accommodations may be constructed not to exceed in length one-quarter of a mile for each mile of roadway.

There shall be as many additional tracks as may be needed for convenient operation of terminals, if necessary, under the Southern boulevard and Whitlock avenue and contiguous private property.

The tracks wherever constructed below the surface may at any point of the route be placed in the same tunnel, or there may be separate tunnels for one or more tracks, as shall be most convenient.

Stations and station approaches shall in general be at the intersections of streets and shall be built under, or if the position of the track so require, over the streets, and immediately adjoining private abutting property, or through private property to be acquired for the purpose, or both under or over streets and through private property as aforesaid. The streets under or over which stations or station approaches shall be built may include cross streets, but no part of any cross street shall be used for a station approach at a distance greater than seventy-five feet from the exterior line or side of the longitudinal street of the route.

Wherever along any part of the route above described it shall be necessary for the proper maintenance or accommodation of pipes, wires, sewers or other subsurface structures, the removal, construction or reconstruction of which shall be rendered necessary by the construction of the railway, the width of any tunnel or subway may be enlarged on either or both sides by an additional width, not to exceed fifteen feet on each side. All or any pipes, wires, sewers or other subsurface structures may be placed in suitable galleries to be constructed within the additional widths hereinbefore permitted. At each cross street where accommodation for pipes, wires, sewers and other subsurface structures shall be thus provided within the tunnels or subways, such tunnels or subways, in order to provide convenient access to the same, may have within the limit of the sides or exterior lines of such cross streets or such lines produced, an additional width on each side of the routes not to exceed fifteen feet.

Pipes, wires, sewers, street railway tracks, poles for electric wires and other surface and subsurface structures at any part of the said routes shall be removed or disturbed only when necessary for the construction and operation of the railway above referred to, and if removed or disturbed shall be placed over, upon or under the several streets in such manner and in such location that the use and service thereof shall not be impaired. All pipes, wires, sewers and other subsurface structures shall be left or shall be so arranged as to give free access for their repair or alteration, or for the placing with them, so far as there may be space, of new pipes, wires, sewers and other like structures, and for making connections between the same and abutting buildings at any time.

The manner of construction shall be by tunneling or open excavation. In parks, parkways and public places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction shall, so far as possible, be replaced under the direction and to the satisfaction of the said Department.

Mode of Operation.

The general mode of operation of the route or routes above described shall be by electricity or some other power not requiring combustion within the tunnels, as shall be capable of furnishing transportation at a speed of not less than forty miles per hour for long distances, exclusive of stops.

Definitions.

The word "street" wherever used herein shall include an avenue or public place.

The words "Rapid Transit Act" wherever used herein shall be taken and held to mean chapter 4 of the Laws of 1891, entitled "An Act to Provide for Rapid Transit Railroads in cities of more than one million inhabitants," as amended by chapter 752 of the Laws of 1894, and chapter 429 of the Laws of 1907, and other acts of the Legislature.

Maps and Drawings.

It is further

Resolved, That the maps and drawings entitled "Public Service Commission for the First District, Routes and General Plan" and marked "Bronx Key Map C, Bronx C, Sheet No. 22-1, and Bronx C, Sheet No. 22-2" be and are hereby adopted as showing the foregoing route and general plan for convenience merely, and that the said maps and drawings are not to be deemed a part of the description of the route or a part of the general plan for any purpose whatever.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above resolution with the original resolution adopted by said Commission on the 6th day of August, 1909, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 17th day of November, 1909.

[SEAL OF THE COMMISSION.] TRAVIS H. WHITNEY, Secretary.

(Maps Attached to Original.)

—now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, by a majority vote according to the number of votes by law pertaining to each member of the Board, hereby approves such plans and conclusions and consents to the construction of a railway or railways in accordance therewith.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Manhattan—15.

South Shore Traction Company.

The public hearing was opened on the petition of the South Shore Traction Company for certain modifications and amendments of the contract dated May 20, 1909, granting a franchise to this Company to construct, maintain and operate a street surface railway from the Manhattan end of the Queensboro Bridge, upon, along and over said bridge and its approaches, to the Borough of Queens, through various streets and avenues to the intersection of Central avenue and the boundary line between the Borough of Queens and the County of Nassau.

This petition was presented to the Board at its meeting of September 24, 1909, and was referred to a Select Committee, consisting of the President of the Board of Aldermen, the Comptroller and the Presidents of the Boroughs of Manhattan and Queens, which Committee, at the meeting of November 12, 1909, presented a report recommending certain modifications and amendments to the aforesaid contract, and, by resolution duly adopted, this day was fixed as the date for hearing on the petition, and by resolution adopted November 19, 1909, the form of contract, as amended, in accordance with the recommendations in the report of the Select Commiittee, was entered on the minutes of the Board, ordered advertised, pursuant to law, and December 23, 1909, was fixed as the date for hearing thereon.

At the meeting of December 3, 1909, an opinion was received from the Acting Corporation Counsel, stating the injunction order issued in the action of William Jay Schieffelin vs. Geo. B. McClellan et al. had been modified so as to permit of the continuance of the advertising prescribed by resolutions of November 12 and 19, 1909.

The Secretary presented the following:

CITY OF NEW YORK—LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
December 6, 1909.

Board of Estimate and Apportionment:

SIRS—I have received from you the following communication, dated December 6, 1909, and signed by Joseph Haag, Secretary:

"Under date of November 29, 1909, I received a communication signed by William P. Burr, Acting Corporation Counsel, stating that, on November 26, 1909, he had secured a modification of the injunction order in the case of Schieffelin vs. McClellan and others, in the matter of the application of the South Shore Traction Company, so as to permit the advertising to be proceeded with in accordance with resolutions adopted by the Board of Estimate and Apportionment on November 12 and 19, 1909.

"You are now requested to advise the Board if the hearing fixed for December 10, 1909, can be held on said date, and, if not, what action, if any, the Board may take in the premises.

"As the calendar for December 10 closes Tuesday, December 7, 1909, I would request that you render your opinion previous to two o'clock on the latter date.

"I would also request that you keep this office advised of the status of the matter as it progresses."

I beg to advise you that, in my opinion, your Board is free to hold the hearing fixed for December 10, 1909, in the same manner as though no injunction had been obtained in the above entitled action, the purpose of such meeting being to permit the public hearing upon the proposed franchise amendments.

It is expected that the decision will be handed down this week in the pending action, and I will at once acquaint you with the result thereof.

Respectfully yours,
WILLIAM P. BURR, Acting Corporation Counsel.

Julius Henry Cohen, representing the Citizens' Union, appeared in opposition to the proposed grant.

Joseph O. Hammitt, representing the Citizens' Union, appeared in opposition to the proposed grant, and stated that if concessions were granted to the railroad company, the City should also demand concessions in certain particulars, upon which he would file a brief this afternoon.

Arthur Carter Hume, of Counsel for the company, appeared in favor, and asked for an adjournment of the hearing until December 23, 1909.

The hearing was then continued until December 23, 1909, by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Comptroller moved that the matter be referred back to the Select Committee for further report.

Which motion was adopted.

Nassau Electric Railroad Company.

In the matter of the petition of the Nassau Electric Railroad Company for a franchise to construct, maintain and operate certain extensions to its existing street surface railway in the Borough of Brooklyn.

The Secretary presented the following:

REPORT No. F-91.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
December 6, 1909.

Mr. NELSON P. LEWIS, *Chief Engineer:*

SIR—Under date of October 11, 1906, the Nassau Electric Railroad Company petitioned the Board for the right to construct, maintain and operate four street surface railway extensions to its existing system in the Borough of Brooklyn. Two of these extensions were as follows:

First—Beginning at the intersection of Atlantic and Alabama avenues; thence along Alabama avenue to Livonia avenue, and on Livonia avenue, from Vesta avenue to New Lots road.

Second—Beginning at the intersection of Liberty avenue and Forbell avenue; thence along Forbell avenue to Spring Creek.

It was proposed by the Company, and so stated in the petition, that these two extensions were to be connected by a railway to be constructed pursuant to a franchise which had already been granted to the Nassau Electric Railroad Company.

The public hearing was held upon the petition November 23, 1906, at the close of which the matter was referred to a Select Committee for the purpose of determining whether or not the franchise should be granted.

Subsequent to the date of the public hearing the question of the right of the City to grant a franchise in an unopened street was taken up with the Corporation Counsel, and under date of May 31, 1907, he advised the Board that no franchise should be granted for undedicated streets. The opinion in regard to this question was desired for the reason that several of the streets included in the routes above mentioned were not legally opened, and some were not even in use.

At the meeting of the Board held on January 22, 1909, a report of the Select Committee was presented, in which it was stated that objection had been made to the route on Livonia avenue, particularly for the reason that the railway would pass Public School 72 and bisect the playground which had been laid out, including an unopened portion of Livonia avenue, and that the Company was desirous of changing its route so as to avoid passing the public school and through the playground. It was recommended that a franchise be granted upon the proposed new route of the Company, but the Company did not care to incur any needless expense in readvertising a new petition for the amended route prior to obtaining an expression of opinion of the Board of Estimate and Apportionment as to whether or not a franchise should be granted.

The matter was then referred to the Chief Engineer for an examination of the proposed new route and for consultation with representatives of the Company in regard to the terms and conditions to be embodied in the franchise.

The new route which was proposed by the Company begins at the intersection of Atlantic and Alabama avenues; thence upon Alabama avenue to Livonia avenue, and

on Livonia avenue, from Vesta avenue to Van Siclen avenue; thence on Van Siclen avenue, from Livonia avenue to Dumont avenue, and on Dumont avenue, from Van Siclen avenue to Berriman street, and there connecting with a proposed railway to be constructed under the franchise claimed by the Company, which has already been referred to.

Subsequently the proposed new route was examined and it was found that some of the streets in the route were not legally opened and that the roadway of many of the streets was only 30 feet in width. Pursuant to the opinion of the Corporation Counsel above referred to, the franchise could not be granted in unopened streets, and pursuant to an ordinance now in effect, a double-track street surface railway could not be constructed within a roadway of any street having a width of thirty feet or less.

In consequence, under date of January 29, 1909, a report was presented to the Board in which these facts were set forth, and it was recommended that the matter be referred to the President of the Borough of Brooklyn for his consideration as to whether or not the roadways of these streets could be widened, and for information as to the legal and physical status of the various streets and avenues of the route, and it was so referred.

Under date of October 21, 1909, the President of the Borough of Brooklyn replied, from which it appears that there seems to be no reason, as far as the question of unopened streets is concerned, why the Board could not proceed to grant the franchise for the first extension above described, opening proceedings having already been begun on the portions which are not now legally opened, and title could be vested by resolution of the Board at such time as the franchise should become effective.

The width of roadway of several of the streets is only 30 feet, and as the resolutions adopted by the Board on April 23, 1909, require a greater width for a double-track railway, it will be necessary to widen the roadway, which can only be done by resetting the curbs and repaving in part. The President of the Borough of Brooklyn states that he had an estimate of the cost of resetting such curbs so as to make the width of roadways not less than 34 feet, which amounted to $26,850.

As to the second extension, Forbell avenue is an unopened street, and, under the opinion of the Corporation Counsel, no action should be taken by the Board in granting a franchise on that route, unless it is the intention of the Board to immediately commence opening proceedings and is willing to vest title.

The communication of the Borough President was presented to the Board on October 29, 1909, and referred to the Chief Engineer.

Under dates of November 16 and November 22, 1909, I communicated with the Company and called attention to the statement by the Borough President as to the cost of widening the roadways, and outlining proposed terms and conditions of the franchise.

In a reply thereto by the Vice-President of the Company, under date of November 23, 1909, it is stated that the Company does not feel justified in accepting any franchise for the routes above referred to which calls for a greater payment or any more onerous conditions than are prescribed in the Railroad Law, and further: "If the roadways in any of the streets or avenues covered by our application are not of sufficient width to enable the Board of Estimate and Apportionment to grant a franchise for a double-track railroad thereon under existing ordinances, or if any of the streets or avenues or any portions thereof are not yet legally open, we shall of course have to await the correction of this situation by the duly constituted public authorities."

The situation therefore appears to be that the City cannot grant the franchise in view of the fact that the ordinance of the Board of Aldermen prohibiting the construction of a double-track street surface railway in a street having a roadway equal to or less than 30 feet is still in force. The moving of the curbs in order to give a roadway of greater than 30 feet in width will require the expenditure of considerable money, which must be paid by the Company, the City at large or the abutting property owners.

The Company has stated its position in regard to this matter, as quoted above, and therefore it appears that the franchise cannot be granted until some definite arrangement has been made for the widening of these roadways.

I would suggest therefore that the matter be again presented to the Board for its determination as to whether or not this expense should be paid by the Company, the City or the property owners.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

Approved:
NELSON P. LEWIS, Chief Engineer.

Which was referred to a Select Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn to which the petition was referred on November 23, 1906, to determine whether or not a franchise should be granted to further determine:

(a) Shall the Company bear the expense if a franchise be granted?

(b) Shall a franchise be granted and the entire expense be paid by the City?

(c) Shall a franchise be granted and the abutting property be assessed?

Second Avenue Railroad Company.

The Secretary presented the following:

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TRIBUNE BUILDING,
NEW YORK, November 26, 1909.

Hon. HERMAN A. METZ, *Comptroller, City of New York,* No. 280 Broadway:

DEAR SIR—Transmitted herewith, pursuant to the direction contained in the order, is a certified copy of an order in Case 1180, adopted by this Commission at its meeting to-day, directing a hearing upon the application of the receiver of the Second Avenue Railroad Company for a change of motive power on Worth street, between Chatham square and Broadway.

Very truly yours,
TRAVIS H. WHITNEY, Secretary.

REPORT No. F-194

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
December 7, 1909.

Mr. NELSON P. LEWIS, *Chief Engineer:*

SIR—There is pending before the Public Service Commission for the First District an application of the Second Avenue Railroad Company, by George W. Linch, receiver, for a change of motive power on Worth street, between Chatham square and Broadway. The case is known as No. 1180, and was set down for a hearing at 2.30 p. m. on Wednesday, December 1, 1909. I am now advised that no one appeared on behalf of the City, although notice was served. In looking up the matter I find that the notice was served upon the Comptroller instead of on the Board, and, in consequence, it did not reach the Board in time for the meeting on Friday last. I have now succeeded in locating the notice and have obtained it from the Comptroller.

As this application for a change of motive power is on a route of the Second Avenue Railroad Company, originally built about 1885, but which has been abandoned since 1898, I believe that under the policy outlined for the Board by the Corporation Counsel in his opinion of November 10, 1908, and which policy the Board has followed in directing the Commissioner of Water Supply, Gas and Electricity to withhold permits from both the Dry Dock, East Broadway and Battery Railroad Company and the Bleecker Street and Fulton Ferry Railroad Company for similar permits on Canal street (see Minutes of October 15 and 29 and November 12, 1909), that the Board should go on record as opposed to granting the right to change the motive power on tracks so long abandoned.

Another question which arises is in relation to the principle of granting further rights and privileges to the receiver before reorganization is effected. It must be remembered that nearly all of the street surface railways in Manhattan are in the hands of receivers and are now being operated under Federal Court orders, and, in consequence, the City has had the greatest difficulty in negotiating with them, as the receivers plead lack of power. I refer particularly to the negotiations for franchises on the Manhattan Bridge, which have been under way over a year, and have not reached a point where action can be taken by the time the bridge is open to traffic. Every means at the City's disposal, I believe, should be brought to bear to hasten the termination of the operation of these companies by the receivers, and effect a reorganization at the earliest possible moment. If the receivers are permitted to continue the operation of these roads indefinitely, and encouraged therein by the action of the City authorities in granting additional privileges, etc., the reorganization will not be speedily effected.

Finally, I am informed that the Public Service Commission has already requested the Attorney General to commence proceedings to forfeit the franchise of the Second Avenue Railroad Company in Worth street, on account of abandonment, in order that the tracks which have been a nuisance since 1898 may be forthwith removed. As the City is as much interested as the Public Service Commission in compelling companies to observe the law, I believe it should co-operate with that Commission in the action requested to be brought by the Attorney General and oppose any effort on the part of the receiver to defeat the action already taken by the Public Service Commission.

If the Board desires to maintain the policy which it has already adopted in the other cases, I would suggest that a copy of this report be sent to the Public Service Commission for the First District, with a request that it be taken into consideration before rendering a decision on the application of the Second Avenue Railroad Company, as I am informed the matter has been put over for two weeks.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

Approved:
NELSON P. LEWIS, Chief Engineer.

The report was ordered filed and the Secretary was directed to forward a copy of same to the Public Service Commission for the First District, with the request that it take into consideration the recommendations therein contained before rendering its decision.

United States of America.

In the matter of the franchise granted to the Secretary of the Treasury on behalf of the United States of America, to construct, maintain and operate under and along the streets, avenues and public places of the City, two tubes eight inches in diameter, for the conveyance of pneumatic carriers, and one tube four inches in diameter for the necessary signalling wires in connection therewith, for service between the appraisers' warehouse at Greenwich, Christopher, Washington and Barrow streets and the new Custom House in Bowling Green, Borough of Manhattan.

The Secretary presented the following:

TREASURY DEPARTMENT,
WASHINGTON, D. C., November 27, 1909.

The Board of Estimate and Apportionment of The City of New York, New York, N. Y.:

GENTLEMEN—Under date of April 5, 1909, this Department had the honor to make application for the grant of a franchise, under the authority of the Act of the Legislature of the State of New York approved April 8, 1904, for the construction and maintenance of a pneumatic tube system to connect the Custom House and the Appraisers' Warehouse in The City of New York. A franchise was duly granted by your Board and received the approval of his Honor the Mayor, under date of June 29, 1909. Under the terms of said franchise it was required to be accepted within thirty days thereafter by the Secretary of the Treasury. As the franchise as granted contained terms and conditions to which the Secretary of the Treasury was without authority to agree, it became necessary to submit the matter to Congress for the enactment of legislation granting such authority. This authority was not granted by Congress until after the time had expired within which the franchise, by its terms, was required to be accepted.

Under these circumstances, I have the honor to request that the time named in said franchise be extended so as to allow the Secretary of the Treasury a reasonable time—say not to exceed sixty days from the date on which your Board acts in the matter—in which to accept the same.

Respectfully,
FRANKLIN MacVEAGH, Secretary.

REPORT No. F-169

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
December 2, 1909.

Mr. NELSON P. LEWIS, *Chief Engineer:*

SIR—On April 5, 1909, Hon. Franklin MacVeagh, Secretary of the Treasury of the United States, applied to the Board of Estimate and Apportionment for the grant to the United States of America of a franchise to construct, maintain and operate beneath the streets and public places of The City of New York, two tubes eight inches in diameter for the conveyance of pneumatic carriers, and one tube four inches in diameter for the necessary signalling wires in connection therewith, for service between the Appraisers' Warehouse at Greenwich, Christopher, Washington and Barrow streets, and the new Custom House in Bowling Green.

This application was made under the provisions of chapter 251 of the Laws of 1904, and the same was presented to the Board at its meeting held April 16, 1909, when it was referred to the Chief Engineer. Request was thereupon made of the Corporation Counsel for his opinion as to the powers of the City under said chapter 251 of the Laws of 1904, and on May 4, 1909, he rendered an opinion advising that the Board could make a grant in perpetuity and with such conditions as in its discretion were thought proper.

This Division thereupon proceeded to draw up a resolution for this purpose, and after consultation with representatives of the Government, finally completed and submitted to the Board on June 25 a form of resolution which was understood to be entirely acceptable to the Secretary of the Treasury. This resolution was adopted by the Board on that date, and approved by the Mayor on June 29, when the same, together with a certificate of acceptance, was transmitted to the Secretary of the Treasury for execution.

Section 18 of the resolution required the filing of this certificate in the office of the Board within thirty days after the approval of the resolution by the Mayor, but on July 27, Secretary MacVeagh addressed a communication to his Honor the Mayor, as Chairman of the Board of Estimate and Apportionment, advising that the Comptroller of the Treasury, in a communication to him under date of July 13, stated that such certificate of acceptance could not be executed, in view of the fact that it contained an unqualified promise of the Secretary to assume certain obligations, and would, therefore, be in violation of section 3679 of the revised statutes.

This communication was presented to the Board at its meeting on September 17, together with a report of this Division dated September 9, and thereupon the matter was referred back to the Chief Engineer.

Since that time this Division has communicated with the Treasury Department relating to this matter, and on December 1, 1909, there was received in this office an application dated November 27, 1909, signed by the Hon. Franklin MacVeagh, as Secretary of the Treasury, requesting that the time specified in the franchise be extended so as to allow a period of not to exceed sixty days from the date on which the Board acts in this matter in which the Secretary can accept such franchise.

This application states that petition had been made to Congress for the enactment of legislation granting authority to execute the certificate of acceptance, but that this authority was not granted until after the time had expired within which the franchise, by its terms, was to be accepted.

As I understand from the remarks of Mr. Alfred Brooks Fry, Chief Engineer and Superintendent of United States Public Buildings, who called at this office in connection with this matter, that the act of Congress authorizing the acceptance of this franchise is limited to the franchise as granted on June 25, it would seem that in order to extend the time, as requested by the Secretary, a separate resolution,

granting such extension, should be passed by the Board so as to leave the franchise in its original form.

It appears that the Corporation Counsel has already rendered an opinion to the effect that this can be done (see opinion dated June 30, 1909, Minutes, July 2, 1909, in relation to the New York Centadrink Company), as the clause requiring the filing of such certificate does not in itself work a forfeiture of the grant in the event that its provisions are not complied with by the grantee. It is, however, necessary under the opinion of the Corporation Counsel, to alter the certificate of acceptance, so as to recite therein the facts that an extension of time has been granted for the filing of the same.

I have, therefore, prepared and am submitting herewith a resolution extending the time for the filing of this certificate from July 29, the date upon which it was originally required to be filed, to and including Tuesday, February 8, 1910, which date will be sixty days from the meeting of the Board to be held on Friday, December 10.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

Approved:
NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Secretary of the Treasury, on behalf of the United States of America, did, by an application dated April 5, 1909, presented to this Board at its meeting held April 16, 1909, apply for a franchise to construct, maintain and operate beneath the streets and public places of The City of New York two tubes 8 inches in diameter for the conveyance of pneumatic carriers, and one tube 4 inches in diameter for the necessary signaling wires in connection therewith for service between the Appraisers' Warehouse, at Greenwich, Christopher, Washington and Barrow streets, and the new Custom House in Bowling Green, all in the Borough of Manhattan, said application being made under chapter 251 of the Laws of 1904; and

Whereas, This Board on June 25, 1909, duly adopted a resolution granting the said franchise, which said resolution was approved by the Mayor June 29, 1909; and

Whereas, Pursuant to chapter 251 of the Laws of 1904, the said resolution contained a provision requiring the filing of a certificate or agreement of acceptance by the Secretary of the Treasury within thirty days after the approval of the resolution by the Mayor, and upon such approval such certificate or agreement of acceptance was duly forwarded to the Secretary of the Treasury for execution by him; and

Whereas, On July 27, 1909, the Secretary of the Treasury notified the Mayor, as Chairman of this Board, that under the Revised Statutes of the United States he was without power to execute such certificate or agreement, such communication being presented to this Board at its meeting held September 17, 1909; and

Whereas, There has this day been presented to this Board an application of the Secretary of the Treasury, dated November 27, 1909, for an extension of time for the execution of the certificate or agreement of acceptance of the franchise granted by such resolution of the Board, from which said application it appears that the Secretary of the Treasury has since been granted authority by Congress to execute the said certificate or agreement of acceptance; now therefore be it

Resolved, That this Board does hereby grant to the Secretary of the Treasury, on behalf of the United States, the grantee named in a resolution adopted by the Board June 25, 1909, and approved by the Mayor June 29, 1909, an extension of time from July 29, 1909, to and including Tuesday, February 8, 1910, in which to execute and file with the Board the instrument required to be executed and filed under section 18 of the said resolution and chapter 251 of the Laws of 1904, upon the filing of which the said resolution shall take effect and operate as if said section 18 had originally provided that said instrument should so be executed and filed on or before February 8, 1910.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

New York and Queens County Railway Company.

A petition was received from the New York and Queens County Railway Company for a franchise to double-track its Flushing-College Point line from Lawrence avenue to Thirteenth street, and to double-track its line in Jamaica and Sanford avenues, in the former Village of Flushing, Borough of Queens.

Which was referred to the Chief Engineer.

City Leasing Company.

An application was received from the City Leasing Company, the lessee of premises on the west side of Fourth avenue between Thirty-third and Thirty-fourth streets, for permission to construct, maintain and use a tunnel at the level of the car tracks on Fourth avenue, for the purpose of permitting its patrons to pass from the hotel to the Fourth avenue cars, Borough of Manhattan.

Which was referred to the Chief Engineer.

Approval of Various Resolutions By the Mayor.

Communications were received from the Mayor's office, as follows:

(a) Designating the "Journal of Commerce" and the "New York Commercial" as the daily newspapers in which the resolution, form of contract and notice of hearing thereon, for the grant of a franchise to the Third Avenue Bridge Company, shall be published prior to the hearing on December 23, 1909.

(b) Designating the "Morning Telegraph" and the "New York American" as the daily newspapers in which the resolution, form of contract and notice of hearing thereon, for the grant of a franchise to the Harrison Street Cold Storage Company, shall be published prior to the hearing on December 23, 1909.

(c) Designating the "Brooklyn Citizen" and the "Standard Union" as the daily newspapers in which the resolutions, forms of contracts and notices of hearings, for the grants of franchises to the Bush Terminal Railroad Company and the East River Terminal Railroad, shall be published prior to the hearings thereon on December 23, 1909.

(d) Returning, duly approved by his Honor the Mayor, on December 6, 1909, resolution adopted by this Board December 3, 1909, granting permission to John J. Gillen to construct, maintain and use a tunnel under and across Brook avenue, Borough of The Bronx.

(e) Returning, duly approved by his Honor the Mayor, on December 6, 1909, resolution adopted by this Board December 3, 1909, granting permission to the Union Railway Company of New York City to construct, maintain and use a siding or turnout on Broadway, near Two Hundred and Forty-second street, Borough of The Bronx.

(f) Returning, duly approved by his Honor the Mayor, on December 6, 1909, resolution adopted by this Board December 3, 1909, granting to the New York, New Haven and Hartford Railroad Company an extension of time until October 1, 1910, in which to comply with the provisions of the agreements dated December 21, 1904, and June 30, 1906, relative to the six-tracking of the Harlem River and Port Chester Railroad.

(g) Returning, duly approved by his Honor the Mayor, on December 6, 1909, resolution adopted by this Board December 3, 1909, rescinding the consent granted to Fleischauer Brothers and John Keenan by resolution adopted by the Board of Aldermen May 19, 1896, permitting the installation of certain pipes under and across First avenue, connecting premises Nos. 788 and 789, Borough of Manhattan, and directing the removal of said pipes and the collection of certain moneys due as compensation for these pipes and for unauthorized pipes at this point.

(h) Returning, duly approved by his Honor the Mayor, on December 6, 1909, resolution adopted by this Board December 3, 1909, rescinding the consent granted to the Corporation of Trinity Church by resolution adopted by this Board June 25, 1909, approved by the Mayor June 29, 1909, permitting said Company to install, maintain and use two iron pipes under and across Vandam street, Borough of Manhattan.

(i) Returning, duly approved by his Honor the Mayor, on December 6, 1909, resolution adopted by this Board December 3, 1909, granting permission to the Corporation of Trinity Church to install, maintain and use a sixteen-inch iron pipe under and across Vandam street, Borough of Manhattan.

Which were ordered filed.

Queens Lighting Company.

In the matter of the petition of the Queens Lighting Company for a franchise to construct, maintain and operate the necessary pipes, conduits and appliances under and over certain streets and avenues in the Borough of Queens, for the purpose of supplying gas to public and private consumers.

The Secretary presented the following:

REPORT No. F-40.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
December 7, 1909.

Mr. NELSON P. LEWIS, *Chief Engineer:*

SIR—In connection with the application of the Queens Lighting Company for a franchise to lay mains in a portion of the Borough of Queens, for the purpose of supplying gas therein, the Board of Estimate and Apportionment on July 2, 1909, adopted a resolution fixing the date for a public hearing on a form of contract granting this franchise for September 17.

The advertisement of this hearing, however, in the public papers designated by the Mayor was stopped by the President of the Company, Mr. J. Maynard Kissam, and on September 17 a report of this Division was presented to the Board calling attention to this fact, and suggesting that the matter be laid over to await definite word from the Company as to whether it proposed to take the franchise or not. The matter was thereupon laid over, and the Secretary directed to ascertain from the Company its intentions.

In accordance with this direction of the Board, the Secretary on September 17, 1909, addressed a communication to Mr. Kissam, as President of the Company, requesting to be furnished with this information, and on September 22 Mr. Kissam in answer thereto stated that he would endeavor to give a definite answer in the near future.

Nothing having been heard from him, on October 15 the Secretary addressed a further communication to the Company, this time requesting to be furnished with the information on or before October 25, 1909, and no answer was received to this communication. On October 27 the Secretary again addressed a letter requesting to be advised immediately of what was proposed to be done. This communication was answered by Mr. Kissam on October 28, stating that he would endeavor to hold a meeting of the Committee having the matter in charge after Election Day, November 2. On November 3 the Secretary again addressed a letter to Mr. Kissam, as President of the Company, stating that if the Company desired to obtain the franchise before the end of the year it would be necessary to notify the Board on or before November 8 to that effect.

Nothing was heard from the Company in answer to this letter, and on November 9 the Company was notified by the Secretary that if no answer was received to his communications by November 16, a report would be submitted to the Board calling attention to these facts for such action as it might deem advisable to close the record in connection with this matter. The only answer to this communication was one dated November 10, signed by a Mr. William T. Bremer, who stated that Mr. Kissam was away, but that the letter would be handed to him on his return.

As this matter has been delayed for an extremely long time, and as such delay has been owing chiefly to the fault of the Company, I would recommend that the Board adopt a resolution notifying the Company that if it is not advised on or before December 18, as to whether the Company desires to be granted the franchise applied for by it, that action will be taken at the meeting to be held Thursday, December 23, denying the Company's application.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

Approved:
NELSON P. LEWIS, Chief Engineer.

W. W. Kenerson appeared on behalf of residents in the eastern portion of the Borough of Queens and requested that the matter be laid over.

The following was offered:

Whereas, The Queens Lighting Company did under date of June 7, 1907, make application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate mains and conductors and the necessary appliances in, under, and along the streets, avenues, highways and public places within that portion of the Borough of Queens described in the said petition for the purpose of supplying gas for lighting the streets, and to public and private consumers, and

Whereas, This Board on June 14, 1907, duly adopted a resolution fixing the date for a public hearing on the application of the Company as July 8, 1907, on which date the said public hearing was duly held, and

Whereas, On July 2, 1909, the Board duly adopted a further resolution approving of a form of contract for the granting of the franchise applied for, and fixing the date for a public hearing thereon as September 17, 1909, and

Whereas, The advertising of such public hearing in the newspapers designated by the Mayor was stopped by Mr. J. Maynard Kissam, the President of the Queens Lighting Company, and the said public hearing could not therefore be held on September 17, 1909, and

Whereas, At the meeting held on such date, the Board directed the Secretary to ascertain from the Company its intentions in connection with this matter, and

Whereas, In accordance with such direction, the Secretary has from time to time between September 17 and November 9, 1909, addressed communications to the President of the Queens Lighting Company requesting to be advised as to what is proposed to be done by the Company in connection with its application for a franchise, to which said communications no definite answer has as yet been received by the Secretary; now, therefore, be it

Resolved, That the Secretary be and he is hereby directed to request the Company to advise this Board on or before Wednesday, December 22, as to what are its intentions

in connection with its application for this franchise, and to notify the said Company that if such information is not received by the said date, action will be taken by the Board on December 23, 1909, denying the application of the Company.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond, and the Acting President of the Borough of Manhattan—16.

Brooklyn Heights Railroad Company.

The Secretary presented the following:

REPORT No. F-192.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
December 7, 1909.

Mr. NELSON P. LEWIS, *Chief Engineer:*

SIR—I submit herewith a communication dated November 23 to the Corporation Counsel asking for an opinion in relation to the laying of spur tracks from street surface railroads to private property for commercial purposes, and his reply thereto under date of December 6, 1909.

In view of his opinion and advice therein contained in reference to the spur track laid by the Brooklyn Heights Railroad Company to the premises of the Arabol Manufacturing Company, known as No. 56 Nostrand avenue, Borough of Brooklyn, in regard to which he states:

> I therefore beg to advise you that in my opinion the spur track connecting with the premises of the Arabol Manufacturing Company was laid without authority, and the Borough President should be directed to rescind his permit and compel the removal of the said track.

I submit herewith a form of resolution for adoption by the Board requesting the Borough President to rescind the permit, and directing the Brooklyn Heights Railroad Company to remove said track from within the lines of Nostrand avenue, and in the event of the railroad company failing or neglecting so to do, further requesting the Borough President to remove the said track at the expense of the Brooklyn Heights Railroad Company.

While I regret extremely any inconvenience which may be experienced by the concern affected by the removal, I believe that this action is fully warranted, as many other applicants have applied in good faith to the Board for similar privileges, only to be informed of the inability of the Board to make such grant, owing to the limitations of the City Charter, and it is only just to accord the same treatment to all.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

Approved:
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT, THE CITY OF NEW YORK,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
November 23, 1909,

Hon. FRANCIS K. PENDLETON, *Corporation Counsel:*

SIR—On October 19, my attention was called to a street surface railway spur track in the Borough of Brooklyn running from the westerly track in Nostrand avenue operated by the Brooklyn Heights Railroad Company to the premises occupied by the Arabol Manufacturing Company, known at No. 56 Nostrand avenue. It was stated that the track had been constructed some time during the past year, and information was requested as to the authority for the same.

An examination of the records failed to reveal any authorization for such spur, and communications were addressed to the President of the Borough of Brooklyn, and to the Commissioner of Water Supply, Gas and Electricity, requesting to be furnished with copies of any permits for the construction of the track, and the authority under which the same had been issued.

In reply, the Commissioner of Water Supply, Gas and Electricity has stated that there is no evidence of a permit having been issued by his Department for the installation by the Brooklyn Heights Railroad Company of electrical conductors over the spur track.

The Borough President, however, has submitted a copy of a permit dated June 23, 1904, and issued to the Brooklyn Heights Railroad Company to open Nostrand avenue to construct this spur track. The permit is signed by the Chief Engineer of Highways, and approved by the Assistant Commissioner of Public Works, and was issued pursuant to directions from the Commissioner of Public Works.

Communications were also addressed to the Arabol Manufacturing Company by this Division on October 20, and November 11, requesting information as to

1. The authority under which the track was laid.
2. The exact date when the track was installed and the purposes for which it is now used.
3. The number of cars running over said track daily, and the hours of such operation.
4. Whether the track was installed by the Arabol Manufacturing Company or by the Railway Company, and at whose expense.

On November 15, 1909, a reply was received reading as follows:

"Replying to your favor of the 11th inst., we beg to state that your communication is of no interest to us and concerns a franchise of the Brooklyn Rapid Transit Company.

"If you will kindly address the same letter to the Brooklyn Rapid Transit Company, whom we have informed of the contents of this, they will answer the same."

The same questions were thereupon submitted to the Brooklyn Heights Railroad Company, and the following reply has been received:

"I have your letter of the 15th instant making certain inquiries regarding the construction of a turnout from the tracks of the Brooklyn Heights Railroad Company in Nostrand avenue to the premises occupied by the Arabol Manufacturing Company at No. 56 Nostrand avenue. In reply, I would advise you that this track was laid by the Brooklyn Heights Railroad Company under permit granted by the Department of Highways June 24, 1904, and under the general powers of the Railroad Company. The work of installation was completed on July 13, 1904. The track is now used for the operation of cars carrying freight."

From this it is evident that the spur track is purely for commercial use. The claim that the spur was laid "under the general powers of the Railroad Company" I most emphatically question. The right to operate cars for the carrying of freight as held in the case of DeGrauw vs. Long Island Electric Railway Company can hardly be extended to cover the right to lay commercial spurs to every individual piece of property along the line of the railway.

I believe that there are cases where the use of such spur tracks may be permitted and are advantageous in the development of modern business, and I am not averse to their construction at suitable localities, and with such restrictions as to operation as will guarantee no unreasonable interference with the use of the street by the public, but in no case should such a spur be permitted without the consent of the Board.

In the case of Hatfield vs. Straus, the Court of Appeals has held the Board of Estimate and Apportionment has no authority to grant permission to private persons, firms or corporations to construct such spur tracks. It is, therefore, apparent that if such spurs can legally be maintained they must be constructed and operated by the street surface railway companies.

It does not appear to me that the street railway companies have the power to construct spur tracks to private premises for the purpose of therein loading or unloading freight or express cars with no other authority than permits from administrative officers of the City. If such were the case, similar spur tracks could be constructed in any street in any borough of the City, to the great obstruction of the public use of the street, and in each instance would require a taxpayer's action to secure their removal.

In an opinion dated March 19, 1908, and presented to the Board at the meeting held April 3 1908, you have held, in view of the rule laid down in Hatfield vs. Straus, that:

"The question was not involved, nor was it considered by the Court, as to the right of a railroad company to construct and operate such a spur; but I am of the opinion that whether a spur was constructed and operated by an individual or by a railroad company, that the nature of the use of said spur would be the same in either case, unless the railroad company had a franchise to construct and operate such spurs from the State; that is, it would be for the sole benefit of the private individual and would not be for the benefit of the public generally. It is, therefore, clear to me that the right to construct and operate such spurs as are covered in the above specified permit, whether to an individual or to a railroad (in the latter case, in the absence of a franchise from the State), is beyond the power of the City authorities to grant, and their continued use constitutes a nuisance."

However, as far as I am aware, the courts have not passed specifically upon the power of the Board to grant the right to construct such spurs to street surface railways as extensions to the company's franchise.

I would, therefore, request your opinion on the following points:

1. Has the Brooklyn Heights Railroad Company the right to construct, maintain and operate this and similar spur tracks?
2. Did the President of the Borough of Brooklyn have the power and authority to issue the permit in this case? If so, do the Presidents of the Boroughs now possess authority to issue similar permits?

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

CITY OF NEW YORK—LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
December 6, 1909.

To the Board of Estimate and Apportionment:

SIRS—I have received a communication dated November 23, 1909, signed by Harry P. Nichols, Engineer in charge of Division of Franchises, in which my opinion is asked as to the authority under which a spur track was laid during the past year in the Borough of Brooklyn, running from the westerly track in Nostrand avenue, operated by the Brooklyn Heights Railroad Company, to the premises occupied by the Arabol Manufacturing Company, known as No. 56 Nostrand avenue.

It appears that on examination of the City records and on inquiry made to the Railway Company and the said manufacturing company, the only authority for such track was found to be a permit issued by the Borough President, dated June 23, 1904.

The previous opinions of this Department addressed to your Board and to City officials, the right to lay spur tracks under similar circumstances to those found in the present case has been passed upon. The case of Hatfield vs. Straus, 189 N. Y., 206, represents the law, and under the authority of that case, I believe the law to be clear that your Board has no authority to permit the operation of the spur track connecting a street railway with private property, and this, too, regardless of the fact whether application for such spur track be made by the Railroad Company or by the owner of such private property.

If such track could not be laid with your authority, it is hardly necessary to add, it could not be laid without it. I therefore beg to advise you that in my opinion the spur track connecting with the premises of the Arabol Manufacturing Company was laid without authority, and the Borough President should be directed to rescind his permit and compel the removal of the said track.

Yours respectfully,
GEORGE L. STERLING, Acting Corporation Counsel.

The following was offered:

Whereas, The Brooklyn Heights Railroad Company has constructed without authority a spur railway track from its street surface railway in Nostrand avenue to the premises occupied by the Arabol Manufacturing Company at No. 56 Nostrand avenue, in the Borough of Brooklyn; now therefore be it

Resolved, That the President of the Borough of Brooklyn be and he hereby is requested to rescind the permit numbered 7388 and dated June 23, 1904, issued to the Brooklyn Heights Railroad Company to open Nostrand avenue for the purpose of constructing the said spur track; and be it further

Resolved, That the Brooklyn Heights Railroad Company be and it hereby is directed to remove the said spur track from within the lines of Nostrand avenue on or before January 10, 1910, under the supervision and to the satisfaction of the President of the Borough of Brooklyn, and restore the said street to its original condition; and be it further

Resolved, That should the said Brooklyn Heights Railroad Company fail or neglect to remove the said spur track within the time specified, the President of the Borough of Brooklyn be and he hereby is directed to remove the said track and charge the expense of such removal and the restoration of the street pavement to its original condition to the said Brooklyn Heights Railroad Company, and advise the Board when the spur track has been removed and the street pavement restored, but in any event not later than February 1, 1910, and be it further

Resolved, That the Comptroller be and he hereby is authorized and requested to make formal demand upon the Brooklyn Heights Railroad Company for past use and occupation, in such sum as may subsequently be determined upon, at the usual rates, when the track shall have been removed.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

New York Central and Hudson River Railroad Company.

The Secretary presented the following:

December 6, 1909.

To the Honorable the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—The New York Central and Hudson River Railroad Company presented its application, dated November 17, 1908, to your Honorable Board for consent to the construction, maintenance and use of a canopy over Depew place between Forty-third and Forty-fourth streets, Borough of Manhattan, said canopy to connect the waiting room of the company, on the westerly side of Depew place, with the Lexington avenue station, on the easterly side of said place, and to be used as a passageway between both buildings, and the construction of said canopy was authorized by resolution adopted by your Board on December 11, 1908, and approved by the Mayor December 14, 1908. The necessity for this canopy no longer existing, it has been removed, the work of removal having been completed November 30, 1909. By the terms of the resolution above mentioned, this Company was required to pay to The City of New York an annual rental of $191, as compensation for the privilege therein granted, and also was required, and did, on January 11, 1909, deposit with the Comptroller the sum of $200 as security for the performance of the terms and conditions of the Board's consent.

It is now respectfully requested that the Board shall rescind its resolution above-mentioned, as of November 30, 1909, and authorize the Comptroller to return the said $200 deposited as security.

Yours respectfully,
IRA A. PLACE, Vice President.

BOARD OF ESTIMATE AND APPORTIONMENT, THE CITY OF NEW YORK,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY.
December 8, 1909.

Mr. NELSON P. LEWIS, *Chief Engineer:*

SIR—A resolution was adopted by the Board of Estimate and Apportionment on December 11, 1908, and approved by the Mayor on December 14, 1908, granting permission to the New York Central and Hudson River Railroad Company to construct,

maintain and use a canopy across Depew place, in the Borough of Manhattan, from the waiting room of the Company on the westerly side of Depew place to the temporary station on the easterly side of said street. The canopy was constructed pursuant to said consent, the work being completed on March 16, 1909.

The Railroad Company has now presented a petition dated December 6, 1909, reciting that the canopy was entirely removed on November 30, 1909, and requesting the revocation of the consent and the return of the security fund of two hundred dollars ($200), deposited with the Comptroller under the terms and conditions of the consent.

An examination was made by this office and it has been found that the canopy has been removed as stated.

I have been informed that a security deposit of two hundred dollars ($200) was filed with the Comptroller in accordance with section 13 of the consent, and that the compensation of one hundred and ninety-one dollars ($191) per annum required by section 2 has been paid to November 1, 1909.

As the canopy has been entirely removed from within the lines of the street, I would suggest that the consent be revoked and the Comptroller authorized to return the security fund upon the payment by the New York Central and Hudson River Railroad Company to the Comptroller of the sum of sixteen dollars ($16) as the proportionate amount of the annual compensation due for the period from November 1, 1909, to November 30, 1909, the date of removal of the canopy, and after the usual form of release has been filed with the Board by the Company.

A resolution in accordance with this suggestion is herewith submitted.

Respectfully,
HARRY P. NICHOLS, Engineer in Charge.

NELSON P. LEWIS, Chief Engineer.

Whereas, By resolution adopted by the Board of Estimate and Apportionment on December 11, 1908, and approved by the Mayor on December 14, 1908, the consent of the Corporation of The City of New York was given to the New York Central and Hudson River Railroad Company to construct, maintain and use a canopy across Depew place, in the Borough of Manhattan from the waiting room of the Company on the westerly side of Depew place to the temporary station on the easterly side of said street; and

Whereas, Said resolution provided that the grantee should pay into the City Treasury as compensation for the privilege thereby granted the sum of one hundred and ninety-one dollars ($191) per annum, and also should deposit a security fund of two hundred dollars ($200) with the Comptroller for the faithful performance of the terms and conditions of the consent; and

Whereas, The New York Central and Hudson River Railroad Company did deposit a security fund of two hundred dollars ($200) with the Comptroller of The City of New York as provided in said resolution, and did construct a canopy in compliance with the terms and conditions of the consent, and did maintain the same to November 30, 1909, on which date the canopy was completely removed from the street; and has paid the annual compensation for the privilege to November 1, 1909, and

Whereas, The New York Central and Hudson River Railroad Company in a petition to the Board of Estimate and Apportionment dated December 6, 1909, has requested the revocation of the aforesaid consent and the return of the security deposit; now therefore be it

Resolved, That the aforesaid resolution be and the same is hereby rescinded as of November 30, 1909, the date of removal of the canopy, and be it further

Resolved, That the Comptroller be and he is hereby authorized and requested to return the sum of two hundred dollars ($200) deposited in his office by the New York Central and Hudson River Railroad Company, as security for the faithful performance of the terms and conditions of the consent upon the payment by the said New York Central and Hudson River Railroad Company into the treasury of The City of New York of the sum of sixteen dollars ($16), such sum being the proportionate amount of the annual rental due for the month of November, 1909, and be it further

Resolved, That this resolution shall not become effective unless and until the New York Central and Hudson River Railroad Company shall execute an instrument in writing releasing The City of New York from any and all claims of any kind, character or description whatsoever, held or claimed to be held under the terms and conditions of the aforesaid consent, and agreeing to quit-claim, waive and surrender any and all rights and privileges in and upon Depew place held or alleged to be held under and by virtue of said consent in the manner prescribed by and to the satisfaction of the Board of Estimate and Apportionment of The City of New York, and file the same in the office of the said Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

Jacob Ruppert.

An application was received from Jacob Ruppert for permission to construct, maintain and use a tunnel under and across East Ninety-first street, connecting the buildings of the petitioner on both sides of said street, and also to construct, maintain and use a tunnel under and across East Ninety-second street, Borough of Manhattan, connecting the buildings of the petitioner on both sides of said street; said tunnels to be used as passageways for employees and for the purpose of conducting electric light wires, steam, refrigerating and air pipes, between the power plant on the north side of Ninety-second street and the other departments of the establishment, and for these several uses and beer pipes between the buildings on either side of Ninety-first street.

Which was referred to the Chief Engineer.

FINANCIAL MATTERS.

The Secretary presented resolutions of the Board of Aldermen, as follows:

Requesting the Board to increase the salaries of the Boiler Inspectors in the Police Department, Borough of Brooklyn, from $1,300 to $1,600 per annum, and that the amount involved thereby be added to the appropriation made to the Police Department for the year 1910.

Requesting the Board to fix the compensation of the Florists and Gardeners in the employ of the City at the prevailing rate of wages.

Which were referred to the Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented communications, as follows:

From the Board of Health, requesting authority, pursuant to resolution adopted by Board of Estimate and Apportionment December 6, 1907, to purchase plumbing materials, fixtures and fittings for use in the construction of various buildings on the grounds of the Tuberculosis Sanatorium, Otisville, Orange County, at a cost not to exceed $5,000.

From the Commissioner of Water Supply, Gas and Electricity, requesting an issue of $100,000 Corporate Stock to provide means for the extension of the high pressure water service for fire and other purposes in the Borough of Manhattan.

From the Public Service Commission for the First District, requesting the readjustment of the appropriations allowed at previous meeting, amounting to $9,969,606, for the construction of Sections 9-O-1, 9-O-2, 9-O-3, 9-O-4 and 9-O-5 of the Brooklyn-Manhattan Loop Lines, in Centre, Canal and Delancey streets, Borough of Manhattan.

Which were referred to the Comptroller.

The Secretary presented the following communication from the Assistant Corporation Counsel, office of the Mayor, transmitting copies of amended contract with the Brooklyn Institute of Arts and Sciences for the establishment of a botanic garden and arboretum on park lands in the City of Brooklyn, and for the care of the same; the amendment being in connection with the maintenance of said botanic garden and arboretum.

(On June 25, 1909, the Board adopted a resolution approving of the agreement with said institution in so far as said agreement provided for the establishment of the botanic garden and arboretum.)

CITY OF NEW YORK, OFFICE OF THE MAYOR,
December 3, 1909.

To the Secretary of the Board of Estimate and Apportionment:

SIR—I send you herewith copies of amended contract with the Brooklyn Institute of Arts and Sciences, drawn up at the suggestion of the Mayor by the Law Department.

Two items in the amended contract are changed, the first in reference to the annual appropriations, and the second, notice of withdrawal from the agreement by the City. I am directed to request you to place this matter on the calendar.

Respectfully,
WM. B. CROWELL,
Assistant Corporation Counsel, Office of the Mayor.

This agreement, made and concluded on the day of , in the year nineteen hundred and seven, between The City of New York, acting by its Board of Estimate and Apportionment, party of the first part, and the Brooklyn Institute of Arts and Sciences, party of the second part, witnesseth:

Whereas, By an act of the Legislature of the State of New York, known as chapter 618 of the Laws of 1906, entitled "An act to amend chapter 509 of the Laws of 1897," entitled "An act to provide for the establishment of a botanic garden and arboretum on park lands in the city of Brooklyn, and for the care of the same," the party of the first part, acting by its Board of Estimate and Apportionment, is expressly authorized to enter into a contract, on the recommendation of the Board of Commissioners of Public Parks of said City of New York, with the said Brooklyn Institute of Arts and Sciences, party of the second part, for the establishing and maintaining by said institute of a botanic garden and arboretum on any or all of certain lands described and set forth in said act; and

Whereas, The party of the second part has raised or secured by private subscription the sum of fifty thousand dollars within one year from the passage of said act, the principal of which sum, or the income thereof, is to be set apart and used exclusively by said institute, party of the second part, for the purchase of plants, flowers, shrubs and trees, to be set out in said botanic garden and arboretum; and

Whereas, The party of the first part desires that the party of the second part shall have charge of the establishment, development and administration of said botanic garden and arboretum, for the benefit of the residents of said City; and said party of the second part is willing to take charge of the establishment, development and administration of said botanic garden and arboretum upon the terms and conditions herein set forth;

Now, therefore, in consideration of the actions already taken under said chapter 618 of the Laws of 1906, and in consideration of the mutual agreements herein contained, it is agreed by and between the said parties, as follows, viz.:

First—That the party of the first part has granted and demised and doth by these presents grant, demise and let unto the said party of the second part the park lands lying between Eastern parkway on the north, Washington avenue on the east, the line of division between the old Town of Flatbush and the old City of Brooklyn on the south, and Flatbush avenue on the west (excepting therefrom lands reserved for the Prospect Heights Reservoir, lands leased to the Brooklyn Institute of Arts and Sciences for museum purposes, lands designated as a site for a public library, under chapter 503 of the Laws of 1905, and land designated and set apart by the party of the first part as a site for an astronomical observatory, under chapter 637 of the Laws of 1906), bounded and described as follows:

Beginning on the easterly side of Flatbush avenue where the northerly side of President street, if prolonged, would intersect the easterly side of Flatbush avenue; running thence easterly along the northerly side of old President street 300 feet 3½ inches; thence in a southerly direction at right angles to said old President street 130 feet 1½ inches; thence in an easterly direction parallel to the northerly side of old President street 180 feet; thence in a northerly direction at right angles to old President street 130 feet 1½ inches to the northerly line of said President street; thence along the northerly side of old President street in an easterly direction 244 feet 2½ inches to the westerly side of old Grand avenue; thence southerly along the westerly side of old Grand avenue 170 feet; thence easterly on a line parallel with the northerly side of old President street 884 feet 7½ inches to the westerly side of Washington avenue; thence southerly along the westerly side of Washington avenue 1,110 feet 7½ inches; thence in a southwesterly direction along the line formerly separating the old Town of Flatbush from the old City of Brooklyn 746 feet 4 inches to the easterly side of Flatbush avenue; thence along the easterly side of Flatbush avenue 2,643 feet 5 inches to the point or place of beginning. All dimensions being more or less, and any building or buildings erected, or that may be erected on the said lands heretofore described, and any equipment of said building or buildings now provided or that may be provided by the party of the first part, to have and to hold the same so long as the said party of the second part shall continue to carry out the objects and purposes defined in its present charter, or any amendment of said charter, and shall maintain and administer on said lands a botanic garden and arboretum as provided in chapter 618 of the Laws of 1906; and shall faithfully keep, perform and observe the covenants and conditions herein contained on its part, to be kept, performed and observed until said land and the building or buildings erected thereon shall be surrendered by the said party of the second part as hereinafter provided. A map or diagram of the land covered by this agreement is appended herewith.

Second—That as soon as practicable after the execution of this agreement, and upon a date to be mutually agreed upon by the parties hereto, the party of the first part agrees to transfer, in accordance with the authority granted by said chapter 618 of the Laws of 1906, and the party of the second part agrees to take over said land and any building or buildings thereon, and the equipment of the same, and from and after said date the party of the second part shall have the exclusive use of the whole of said land, and of any building or buildings and equipments located thereon, subject to the provisions herein contained, and without any other limitation whatever during the continuance of the term hereby granted, or until the surrender thereof as herein provided.

Third—That plans for said botanic garden and arboretum shall be prepared as soon as possible after the execution of this agreement, and upon their approval by the Board of Park Commissioners of said City of New York the party of the second part shall proceed to establish, develop and maintain on the said land a botanic garden and arboretum in accordance with said plans.

Fourth—That upon the completion of any plant house or plant houses or rooms for instruction in botany on said land by the party of the first part, acting through its Board of Park Commissioners, the Brooklyn Institute of Arts and Sciences shall enter into possession of said plant house or houses and rooms for instruction, and shall use

the same in connection with or as a part of said botanic garden and arboretum for the care and culture of tender or other plants, indigenous or exotic, and for the giving of instruction in botany to the residents of The City of New York, in accordance with the provisions of section 2 of said chapter 618 of the Laws of 1906.

Fifth—That neither the party of the first part, its successor or successors, shall be in any manner chargeable or liable for the preservation of said plant house or plant houses, or rooms for instruction, or other structures, or for the machinery or equipment, or contents thereof, or for the property of the party of the second part which may be placed in said botanic garden and arboretum covered or included within this agreement, or in any buildings erected thereon against fire, nor for any damage or for injury which may be caused by fire to said property; but it is agreed that, the damages aforesaid excepted, the said party of the first part shall make, at its own cost and expense, such changes, repairs, alterations and renewals in the buildings, machinery and stationary equipment of the same as may from time to time be agreed upon between the party of the first part, acting by its Commissioner of Parks for the Boroughs of Brooklyn and Queens, and the party of the second part; and all such changes, repairs, alterations or renewals shall be made upon plans and specifications provided by the party of the first part and approved by the party of the second part.

Sixth—That the said party of the first part hereby agrees, from and after January 1, 1910, to provide or appropriate annually for the use of the party of the second part such sum or sums of money as may seem to the said party of the first part to be necessary for proper maintenance; and it is expressly understood and agreed by and between the parties hereto that such sum or sums so appropriated shall be expended by the party of the second part for the care and maintenance of said botanic garden and arboretum, its grounds, buildings, apparatus, library and collections; for heating its buildings and for lighting its buildings and grounds; for the payment of salaries of a Botanist and his assistants, and necessary officers of administration; for the payment of wages of all employees required to properly care for and maintain the said botanic garden and arboretum, its equipment and collections; for furnishing books, charts and other publications relating to botany and required for use in connection with the said botanic garden and arboretum; for the cost of cases, racks, frames, supports and other means of preserving and exhibiting publications, photographs and apparatus; for the purchase of photographic apparatus and materials, supplies, labels, pottery and utensils required in the proper administration of the botanic garden and arboretum and for the purchase of soil, fertilizers and other materials required for the proper culture, care and protection of plants grown in said botanic garden and arboretum, and for the publication of reports on the scientific and educational work carried on in connection therewith, and the cost of making or printing annual or other reports desired or required by the party of the first part.

Seventh—That all property purchased by funds belonging to the party of the second part, or otherwise acquired by the party of the second part and placed by it in said botanic garden and arboretum, shall continue to remain absolutely the property of the party of the second part, and may be sold, loaned, exchanged or removed by it at any time, excepting only plants, trees or shrubs set in the soil of said botanic garden and arboretum, subject, however, to the provisions in this agreement contained; and that the party of the second part may at any time sell or exchange photographs, publications, implements and appliances acquired or purchased with money supplied by the party of the first part, provided, however, that the net proceeds of such sales or exchanges shall be devoted by the party of the second part solely to the benefit or increase of the apparatus, library or equipment or maintenance of said botanic garden and arboretum.

Eighth—That the party of the second part is hereby expressly authorized to exhibit photographs, charts, apparatus or publications relating to botany, in this city or elsewhere, in the public schools or otherwise, for educational or scientific purposes, provided, however, that all the net proceeds, if any, of such exhibitions shall be devoted solely to the benefit or increase of the library, the apparatus and equipment of the botanic garden and arboretum. And said party of the second part shall, so far as any surplus resources will permit, furnish plants or botanic material for use in the teaching of botany in the public schools of The City of New York, and in case the supply of plants or materials for instruction is not exhausted by the demand of the public schools of the city, such plants and botanic materials may, at the discretion of the party of the second part, be furnished to other educational institutions within said city.

Ninth—It is mutually understood and agreed that said botanic garden and arboretum shall be open and accessible to the public without any charge or gratuity on a portion at least of every day of the year, under such rules and regulations as the party of the second part may from time to time prescribe; but it is expressly understood and agreed that the party of the second part shall have the privilege of closing the plant houses or rooms for instruction to the public until 2 o'clock in the afternoon on two days in the week for the purpose of scientific research and for the cleaning or rearranging of collections or apparatus in said plant houses and rooms of instruction. Admission to said houses and rooms of instruction during such closed hours shall be regulated by the party of the second part, but all professors and teachers in the public and private schools or other institutions of learning in New York City, and pupils accompanied by said teachers, shall be admitted on such closed days, subject to the rules and regulations of the party of the second part; but in no case shall there be any charge for the use of the plant houses or rooms for instruction, or for the use of the library, collections, plants or apparatus contained therein.

Tenth—The party of the second part shall yearly, during the continuance of this agreement, include in its annual report on said botanic garden and arboretum a detailed statement of the operations and transactions of the said party of the second part in relation to said garden and arboretum, and all its receipts and expenses in relation thereto for the fiscal year next preceeding, and shall transmit such report to the party of the first part, its successor or successors.

Eleventh—The party of the first part shall have at all times access to every part of said garden and arboretum and to all buildings erected thereon for the purpose of police visitation and supervision, and for the performance of duties devolved upon it by law; and all books, vouchers and accounts relating to the garden and arboretum, or to anything contained therein, shall at all times be open to the inspection of the party of the first part.

Twelfth—The party of the first part hereby agrees to furnish at all times an adequate supply of aqueduct water and adequate police protection; and to construct and keep in repair roadways, walks and stone steps that may be required or be used in said garden and arboretum, or as an approach thereto.

Thirteenth—The party of the second part hereby agrees to afford such facilities as its resources may be found to permit and as may be compatible with the proper administration of the garden and arboretum and the interests of the public, to teachers and students in the public or private schools of the city, and to other residents of the city, for the study of botany, and for that purpose to permit teachers in the schools of the city who may be duly authorized by the party of the second part to bring their students to the botanic garden and arboretum, where, under the supervision of the proper officers of the garden, instruction may be given to such students in the rooms provided therefor, or in the plant houses or grounds of the garden, at such times and under such regulations as may be determined by the party of the second part, and, further, to supplement such instruction through lectures by the officers of the botanic garden, or by instructors especially employed for such purpose.

Fourteenth—It is expressly understood and agreed that the party of the second part shall have absolute power to appoint, direct, control and remove all persons employed in or about said garden and arboretum and to fix and adjust the salaries of all such persons, and shall be responsible for the same; and the party of the second part shall have power to make all rules and regulations respecting duties for all its employees in and about said garden and arboretum, and the general management and administration of the same, together with its collections, without any restrictions or limitation whatsoever, except as in this agreement contained.

Fifteenth—It is expressly understood and agreed that the Chief Botanist of the garden and arboretum and his assistants shall be given the opportunity to visit other botanic gardens and arboretums within a reasonable distance and to make expeditions for the purpose of collecting plants for the garden and arboretum and the herbarium of the same; the necessary travelling expenses of said Chief Botanist and of his assistants to be paid from the annual maintenance fund provided by the party of the first part; and the salaries of said Chief Botanist and his assistants shall be continued during such visits or expeditions; but that no moneys provided by the party of the first part shall be expended in connection with such visits or expeditions that have not been expressly appropriated by the party of the first part for such specific purposes.

Sixteenth—It is expressly understood and agreed that the Chief Botanist and one or more assistants shall make botanic researches from time to time and that they shall labor to the best of their ability for the advancement of botanical science, but that the use of said garden for scientific research shall not interfere with its use by the public and private schools and of the public generally for the purpose of general education or enlightenment, except that a limited space in the building containing the rooms for instruction may be designated by the party of the second part to be used exclusively for research purposes.

Seventeenth—It is expressly understood and agreed that the botanic garden and arboretum, established and maintained on park lands, in the Borough of Brooklyn, shall be under the general jurisdiction of the Park Commissioner of the Boroughs of Brooklyn and Queens, and that application made by the party of the second part for annual maintenance or for changes, repairs, alterations or renewals to structures in said garden and arboretum, or their equipments, shall be made by the party of the second part to the Park Commissioner of the Boroughs of Brooklyn and Queens.

Eighteenth—It is expressly understood and agreed that the necessary electric current required for the lighting of the botanic garden and arboretum, the plant houses and the building containing the instruction rooms located therein, and the necessary electric power required for the ventilation of the plant houses and rooms of instruction, may be provided, wholly or in part, from the power plant of the museum of the Brooklyn Institute of Arts and Sciences, situated on adjacent park lands leased to the said institute, party of the second part; that metal pipes or conduits may be laid between the power plant of said museum to the grounds, the plant houses and the building containing instruction rooms, such pipes to contain wires to convey electric current for lighting and ventilating as hereinbefore described; and that the cost of furnishing electric current or electric power from the power plant of said museum shall be a part of the annual maintenance fund of the botanic garden and arboretum, paid by the party of the first part to the party of the second part.

Nineteenth—That the party of the second part herewith agrees that the herbarium of the institute and other botanical collections contained in the museum of the institute, Eastern parkway and Washington avenue, shall be used by the institute in carrying out its plan and purposes in establishing, developing and maintaining a botanic garden and arboretum for the benefit of the residents of The City of New York.

Twentieth—That the said party of the second part may at any time after the expiration of three and before the expiration of six months of the date of the service of a notice in writing to the said party of the first part, its successor or successors, or to the Mayor of The City of New York, of its intention so to do, quit and surrender the said premises and remove all its property therefrom, except as hereinbefore provided; and upon and after such notice said party of the second part shall and will, at the expiration of said six months, quietly and peaceably yield up and surrender to the party of the first part, its successor or successors, all and singular the aforesaid demised premises, and it is expressly understood and agreed by and between the parties hereto that if the party of the second part shall omit to do, perform, fulfil and keep any of the convenants, articles, clauses and agreements, matters and things herein contained, which on its part are to be done, performed, fulfilled and kept according to the true intent and meaning of these presents, then and from thenceforth this grant and demise shall be utterly null and void.

Twenty-first—It is hereby expressly agreed that this contract may be cancelled and annulled at any time by the party of the first part, providing the Board of Estimate and Apportionment of the party of the first part, its successor or successors, after notice in writing to the party of the second part served by mailing or otherwise notifying the party of the second part that some action is to be taken in reference to this agreement, by a vote of three-fourths of all its members by motion or resolution decides that it is for the best interests of the party of the first part that said contract be cancelled or annulled. And it is further agreed that upon said Board of Estimate and Apportionment aforesaid directing the cancellation or annulment of said contract, the party of the first part shall serve upon the party of the second part, or its successor or successors, or any officer thereof, a notice in writing notifying the said party of the second part of the action of the said Board of Estimate and Apportionment, and the said party of the second part shall thereafter, and before the expiration of six months after the date of the service of said notice in writing as aforesaid, notifying the party of the second part of the cancellation or annulment of the contract by the party of the first part, quit and surrender the said premises and remove all of its property therefrom, except as hereinbefore provided, and after such notice said party of the second part shall and will at or before the expiration of six months, quietly and absolutely yield up and surrender to the party of the first part, its successor or successors, all and singular the aforesaid demised premises, and upon the failure of the party of the second part to remove from said premises all its property and surrender and quit said premises as aforesaid, within six months after the service of notice as aforesaid, the said party of the first part shall have the right to enter in and upon said premises and take possession of same, together with all property of every kind, nature and description remaining thereon.

Twenty-second—And it is further understood and agreed by and between the parties hereto that this agreement may be wholly cancelled or annulled, or from time to time be modified, as may be mutually agreed in writing between said parties, or their successor or successors, anything herein contained to the contrary in any wise notwithstanding.

In witness whereof the party of the first part has caused this agreement to be executed by its Mayor, and pursuant to a resolution of the Board of Estimate and Apportionment adopted at a meeting on the day of December in the year of our Lord 1909; and the said party of the second part has caused the same to be executed by its President and Treasurer and its official seal affixed thereto, pursuant to a resolution of the Board of Trustees of the Brooklyn Institute of Arts and Sciences adopted at a meeting held the 8th day of June in the year of our Lord 1906.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 618 of the Laws of 1906, the Board of Estimate and Apportionment hereby approves of the amended agreement, submitted by the Assistant Corporation Counsel, office of the Mayor, under date of December 3, 1909, between The City of New York, acting by the Board of Estimate and Apportionment, and the Brooklyn Institute of Arts and Sciences, relative to the establishment and maintenance of a botanic garden and arboretum on park lands in the Borough of Brooklyn, under the jurisdiction of said Institute of Arts and Sciences, and the Mayor be and is hereby authorized to execute said agreement on behalf of The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following communication from the Comptroller recommending the amendment of resolution adopted November 19, 1909, relative to the settlement of the bill of the New York Central and Hudson River Railroad Company for constructing temporary approaches at Depot place and West One Hundred and Seventy-seventh street, Borough of The Bronx, by striking therefrom the words and figures, "East One Hundred and Seventy-seventh street," and inserting in place thereof the words and figures "West One Hundred and Seventy-seventh street":

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 1, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In my recommendations of November 10, 1909, adopted by the Board November 19, 1909, relative to the bill of the New York Central and Hudson River Railroad Company, for building temporary approaches to the bridge across the tracks of the company at High Bridge and Morris Heights, I stated that the claim was for the construction of temporary approaches at Depot place and East One Hundred and Seventy-seventh street, and recommended that the President of the Borough of The Bronx be authorized to prepare a voucher for "The construction of approaches to bridges over the New York Central and Hudson River Railroad and the New York and Putnam Railroad at Depot place and East One Hundred and Seventy-seventh street, Borough of The Bronx.

My attention has been drawn to the recommendation in said report in which the location is stated as East One Hundred and Seventy-seventh street, but should read West One Hundred and Seventy-seventh street.

From an examination that I have caused to be made, I find this is correct, and in order to correct the error, I suggest that the resolution of November 19, 1909, be rescinded and recommend the adoption of the attached resolution.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment November 19, 1909, which reads as follows:

> Resolved, That the Board of Estimate and Apportionment hereby determines that The City of New York has received a benefit and is justly and equitably obligated to pay to the New York Central and Hudson River Railroad Company the sum of three thousand dollars ($3,000), in full settlement of its claim for constructing temporary approaches at Depot place and East One Hundred and Seventy-seventh street, Borough of The Bronx, said sum being one-half of the proposed agreed costs of said work, and the President of the Borough of The Bronx be and is hereby authorized to prepare a voucher charging the same against the Corporate Stock account entitled "The construction of approaches to bridges over the New York Central and Hudson River Railroad and the New York and Putnam Railroad, at Depot place and East One Hundred and Seventy-seventh street, Borough of The Bronx," and the Comptroller be and is hereby authorized to pay said claim of three thousand dollars ($3,000) upon the presentation, by the President of the Borough of The Bronx, of the proper voucher.

—be and the same is hereby amended by striking therefrom, wherever they appear, the words and figures "East One Hundred and Seventy-seventh street," and inserting in place thereof the words and figures "West One Hundred and Seventy-seventh street."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented a communication from the Secretary, Broadway Board of Trade, requesting the approval of the original plans for the construction of the Broadway-Lafayette subway.

Which was referred to the Public Service Commission for the First District.

The Secretary presented the following communication from the President of the Borough of The Bronx, requesting, and report of the Comptroller recommending, an issue of $15,000 Special Revenue Bonds on account of the resolution pending before the Board of Estimate and Apportionment for an issue of $220,000 Special Revenue Bonds for the maintenance of highways, and requesting the withdrawal of his communication relative to a transfer of $8,700 to the account Maintenance of Highways, if the issue of $15,000 Special Revenue Bonds as above is allowed.

On July 2, 1909, the matter of the issue of $220,000 Special Revenue Bonds for this purpose was laid over.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
December 6, 1909.

Hon. GEORGE B. MCCLELLAN, *Mayor, Chairman, Board of Estimate and Apportionment.*

DEAR SIR—In order to continue the necessary force engaged on the maintenance of highways of this Borough for the remainder of the present year, and at the same time practice the utmost economy both as to wage cost and necessary supplies, it will be necessary to have about fifteen thousand dollars ($15,000) for the purpose, in addition to the amount available from the budgetary appropriation of 1909.

The balance of the appropriation for Maintenance of Highways at this date, after deducting all contract and open market order liabilities is.		$19,942 50
Provision must be made for the payroll of Foremen, etc., in the Superintendent's office on monthly roll for December	$2,200 00	
Wages of Stablemen, etc., at the yards for the balance of the year 1909	8,000 00	
		10,200 00
		$9,742 50
Estimated cost of wages for the outside force for weeks ending December 11 to December 31, 1909, 4 weeks		$24,750 00
Deduct amount available		9,742 50
		$15,007 50

I therefore request that an issue of Special Revenue Bonds to an amount of $15,000 be authorized, on account of the resolution now pending before the Board of Estimate and Apportionment requesting an issue for said purpose of $220,000.

In making this request I desire to withdraw my request for the transfer from certain budgetary appropriations for 1909 to the appropriation of Maintenance of Highways, for the same year of $8,700, as per my communication of November 24 last, as the same will not be required if this request for $15,000 Special Revenue Bonds is granted

Respectfully submitted,
JOHN F. MURRAY, President, Borough of The Bronx.

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred and twenty thousand dollars ($220,000), the proceeds whereof to be used by the President of the Borough of The Bronx for the purpose of paying wages in connection with the Maintenance of Highways in the said Borough for the year 1909.

Adopted by the Board of Aldermen May 25, 1909, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor, June 8, 1909, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 8, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Estimate and Apportionment held on June 11, 1909, there was presented a resolution of the Board of Aldermen requesting an issue of Special Revenue Bonds in the sum of two hundred and twenty thousand dollars ($220,000) to provide for the payment of wages for the year 1909 in connection with the maintenance of highways under the jurisdiction of the President of the Borough of The Bronx. I would report thereon as follows:

On December 6, 1909, the President addressed a communication to your Board in which he states that in order to continue the necessary force engaged on the maintenance of highways for the remainder of the year, and at the same time practice the utmost economy both as to wage cost and supplies, that it will be necessary to provide about fifteen thousand dollars ($15,000) for the purpose in addition to the balance available in the Budget appropriation of 1909.

The President states that on December 6, after deducting all contract and open market orders, the cash balance to the credit of the account was $19,242.50; that provision was sought for the payroll for Foremen, etc., in the Superintendent's office amounting to $2,200 for the remainder of the year; the wages of Stablemen, etc., at the yards would be $8,000, or $10,200 for the monthly payrolls. The President further estimates the amount necessary for wages of the outside force for the four weeks ending December 31, 1909, to be $24,750.

It therefore appears from the President's statement that in order to carry on the necessary work of highway maintenance for the remainder of the year that about $15,000 additional funds will be required.

In view of the President's statement, I therefore submit the attached resolution.

Yours respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen May 25, 1909, requesting an issue of Special Revenue Bonds of The City of New York in the sum of two hundred and twenty thousand dollars ($220,000) to be applied to the payment of wages in connection with the maintenance of highways, Borough of The Bronx, during the year 1909, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment to the extent of fifteen thousand dollars ($15,000), and the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to an amount not exceeding fifteen thousand dollars ($15,000), redeemable from the tax levy of the year succeeding the year of their issue, the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented a communication from the Comptroller certifying the claim of Donlon Contracting Company, pursuant to chapter 601, Laws of 1907, for $35,060.36 for removing silt and sand deposits from sewers in the Borough of Brooklyn.

Which was referred to the Chief Engineer.

(On December 3, 1909, this matter was laid over for the ntxt calendar.)

The Secretary presented the following communication from the Chief Examiner of Accounts of Institutions, Department of Finance, approved by the Comptroller, requesting the transfer of $111,175 from various charitable institutions to other charitable institutions for the year 1909:

The Secretary presented the following communication from the President of the Borough of The Bronx, requesting, and report of the Comptroller recommending, an issue of $15,000 Corporate Stock for drainage and sewerage district plans for the Borough of The Bronx for the year 1910.

(On November 19, 1909, the request of the President, Borough of The Bronx, for this issue was referred to the Comptroller.)

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 13 1909.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

DEAR SIR—I respectfully request the Board of Estimate and Apportionment to authorize the issue of Corporate Stock in the amount of $15,000 for drainage and sewerage district plans, Borough of The Bronx, for the year 1910, and transmit in connection therewith, a statement prepared by the Engineer in Charge of Sewers, specifying in detail the use to which this issue of Corporate Stock will be put.

Yours truly,
JOHN F. MURRAY, President, Borough of The Bronx.

September 10, 1909.

Mr. JOSIAH A. BRIGGS, *Chief Engineer of the Borough of The Bronx:*

SIR—As the available balance of Corporate Stock Fund for Drainage and Sewerage District Plans, Borough of The Bronx, will be barely sufficient to cover the cost of this class of work for the balance of this year, it is respectfully recommended that the Board of Estimate and Apportionment be requested to provide for the issuance of Corporate Stock in the amount of $15,000 for drainage and sewerage district plans, Borough of The Bronx, for the year 1910.

The amount requested is to provide for the following:

Working Force—		
One Assistant Engineer	$3,000 00	
One Assistant Engineer	1,950 00	
One Assistant Engineer	1,800 00	
One Transitman	1,500 00	
One Leveler	1,500 00	
One Computer	1,500 00	
Two Rodmen at $1,350 each	2,700 00	
Total estimated for salaries of employees		$13,950 00

For instruments and supplies, estimated	925 00
Petty disbursements, estimated	125 00
Total	$15 000 00

Respectfully,
CHARLES H. GRAHAM, Engineer in Charge of Sewers.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 1 1909.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. John F. Murray, President of the Borough of The Bronx, in communication dated November 13, 1909, requests the Board of Estimate and Apportionment to authorize an issue of Corporate Stock in the amount of $15,000 for drainage and sewerage district plans for the Borough of The Bronx, for the year 1910.

President Murray transmits a statement prepared by the Engineer in Charge of Sewers, specifying in detail the use to which this issue of Corporate Stock will be put, in which it is stated that the amount requested is to provide for the following working force:

One Assistant Engineer	$3,000 00	
One Assistant Engineer	1,950 00	
One Assistant Engineer	1,800 00	
One Transitman	1,500 00	
One Leveler	1,500 00	
One Computer	1,500 00	
Two Rodmen, at $1,350 each	2,700 00	
Total estimated for salaries of employees		$13,950 00
For instruments and supplies, estimated		925 00
Petty disbursements, estimated		125 00
Total		$15,000 00

The work to be performed under this particular branch of the engineering force, Borough of The Bronx, consists in the making of studies, investigations, surveys, etc., and in making new sewerage and district plans and maps, particularly for the outlying districts preparatory to the construction of new sewers.

Heretofore authorizations to provide means for the prosecution of this class of work have been as follows:

1904	$10,000 00
1905	12,000 00
1906	13 110 00
1907	16,000 00
1908	10,600 00
Total for six years	$61,710 00

It will be seen from the foregoing that there has been an average expenditure of a little over $10,000 per year for this class of work.

Of the amount authorized for the year 1909, viz.: $10,600, I have been informed by Mr. Charles H. Graham, Engineer in charge of Sewers of the said Borough of The Bronx, there remains barely sufficient to defray the necessary expenses for the balance of the year.

It will be observed that the amount asked for is considerably in excess of the average yearly amount provided during the past few years. This increase is due to the rapid growth of the large section east of the Bronx River, where extensive sewer construction is necessary. Topographical work in this section is now so far advanced that the work of sewer construction can be proceeded with much more rapidly than it has been in the past; and, in order to complete the necessary surveys and studies required in the filing of sewerage systems, a larger force is now needed than has hitherto been employed. The numerous changes of street grades and layouts of new streets constantly being made also in the section west of The Bronx tend largely to increase the work necessary in preparing plans for new sewerage and drainage systems.

In the statement furnished by Engineer Graham, there is an item of instruments and supplies. I have been informed at the office of the Bureau of Sewers, Borough of The Bronx, that this item includes the purchase of a new transit, rain and tide gauges, flow gauges and office supplies, etc.

The amount of money now being expended in sewer construction in the Borough of The Bronx, aggregates, approximately, $1,000,000 yearly, and it is to provide a fund to cover the cost of preparing plans, maps, etc., for the drainage system for this large amount of work that the sum of $15,000 is now asked.

In view of the extensive building operations now being carried on, which necessitates the immediate construction of sewers, I am of the opinion that the amount asked for is reasonable and should be provided for carrying on the work during the year 1910.

I therefore recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the amended Greater New York Charter, to issue Corporate Stock in the sum of $15,000 for draining and sewerage district plans for the Borough of The Bronx for the year 1910.

Respectfully,
CHANDLER WITHINGTON, Chief Engineer.

Approved:
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding the sum of fifteen thousand dollars ($15,000), to provide means for the preparation of drainage and sewerage district plans for the Borough of The Bronx for the year 1910, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifteen thousand dollars ($15,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented a report of the Comptroller recommending the approval of the plans and specifications as revised, for the new Penitentiary on Rikers Island.

(On October 29, 1909, the report of the Comptroller upon the request of the Commissioner of Correction to proceed (pursuant to resolution of December 18, 1908) with the construction of said building, was presented and, in accordance with the recommendations contained therein, the matter was referred back to the Commissioner of Correction to submit plans and specifications therefor.

On November 5, 1909, the request of said Commissioner for the approval of the plans and specifications was referred to the Comptroller.)

The resolution approving of the plan and specifications as recommended in the report of the Comptroller, failed of adoption, receiving the following vote:

Affirmative—The Mayor, the Comptroller, the Presidents of the Boroughs of The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—11.

Negative—The President of the Board of Aldermen and the President of the Borough of Brooklyn—5.

Section 226 of the Charter requiring twelve affirmative votes for the adoption of any resolution upon its original presentation to the Board.

The Secretary presented the following communication from the Commissioner of the Department of Parks, Borough of The Bronx, requesting, and report of the Comptroller recommending, a modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909 for said Department, involving a transfer of $859, but no additional appropriation.

(On December 3, 1909, the resolutions approving of this modification failed of adoption.)

December 3, 1909.

Hon. GEORGE B. MCCLELLAN, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

SIR—On November 19, 1909, an application was made by this Department to your Honorable Board for a modification of the supporting schedules in the Budget for the year 1909 by the transfer of various small, unexpended balances in the mechanical force of this Department and of one transfer from the account, Material for Repairs and Replacements to Repairs and Replacements by Contract or Open Order and to Equipment, Care and Storage of Same; the total amount involved in the modification being $1,331.50. The transfers are within the amount of appropriation, and no increases of salary are asked for or contemplated in it. To deny it will impair to a great extent the efficiency of the Department for the balance of the year.

I respectfully ask a reconsideration of this matter (reported on favorably by the Comptroller) and respectfully urge the passage of a resolution modifying the supporting schedules of the Budget for 1909, as follows:

	From		
798—1909.	General Maintenance, Mechanical Force, Salaries and Wages—

Respectfully,
JOSEPH I. BERRY, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 29, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication received from the Commissioner of Parks, Borough of The Bronx, under date of November 19, 1909, requesting certain transfers of funds within the appropriations made for that Department for the year 1909, said transfers also involving the modification of Budget Salary schedules, which has been referred to me for consideration, I would submit the following report:

The Commissioner asks that an amount of $1,331.50 be transferred from several Budget appropriations in which there are unencumbered balances, to appropriations in which the balances are insufficient.

An examination of the accounts affected by this request shows that only $859 of the $1,331.50 need be transferred, the balances being modifications of line items within the same schedule.

Inasmuch as the readjustment of accounts, as proposed, results in no increase in the yearly maintenance cost for the year, I recommend favorable consideration of the resolutions hereunto appended.

Yours respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the modification and revision of the schedules supporting the appropriations made in the Budget for the year 1909 for the Department of Parks, Borough of The Bronx, as hereinafter indicated:

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller recommending, that said Board be authorized to grade the lots recently acquired for school purposes on Fortieth and Forty-first streets, Borough of Brooklyn, in the rear of Public School 136.

(On May 28, 1909, the request of the Board of Education for authority to do this work was referred to the Comptroller.)

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, October 20, 1909.

Hon. HERMAN A. METZ, *Comptroller:*

DEAR SIR—I have the honor to advise you that at a meeting of the Committee on Buildings, held on the 18th inst., a communication was received from Mr. Frank E. Silverman, attorney for the owners of property in the vicinity of Public School 136, Fourth avenue, Fortieth and Forty-first streets, Borough of Brooklyn, stating that he communicated with the Department of Finance relative to the condition of the site in the rear of this school building, and was referred to the Department of Education for information regarding the matter.

It was ordered that your attention be called to the following facts:

At a meeting of the Committee on Buildings held on May 24, 1909, a petition was received from residents and taxpayers in the vicinity of this school building, asking that this site be graded.

A communication was also received from you, stating that if the Board of Education would communicate with the Board of Estimate and Apportionment and request authorization of the grading of these lots you would co-operate.

In accordance with this suggestion the following preamble and resolution was adopted by the Board of Education on May 26, 1909:

Whereas, A communication has been received from residents and taxpayers in the vicinity of Public School 136, Fourth avenue, Fortieth and Forty-first streets, Borough of Brooklyn, stating that the lots owned by the City in the rear of said school building are, in their present condition, a disgrace to the City and a menace to life and limb; and

Whereas, In a communication addressed to C. E. Hanson, of No. 341 Forty-first street, Brooklyn, dated May 18, 1909, the Comptroller suggested that the matter of grading these lots be submitted by the Board of Education to the Board of Estimate and Apportionment; therefore be it

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize the grading of the lots recently acquired for school purposes on Fortieth and Forty-first streets, Borough of Brooklyn, in the rear of Public School 136, so that the dangerous conditions above referred to may be eliminated.

At a meeting of the Committee on Buildings held on June 14, 1909, notice was received to the effect that at a meeting of the Board of Estimate and Apportionment held on May 28, 1909, this matter was referred to you for consideration and report.

So far as this Department is informed, no action appears to have been taken on this matter, and the Committee on Buildings requested me to communicate with you in reference to the same and to urge that immediate and favorable action be taken thereon.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 1, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—By resolution adopted May 26, 1909, the Board of Education requests the Board of Estimate and Apportionment to authorize the grading of the lots recently acquired for school purposes on Fortieth and Forty-first streets, Borough of Brooklyn, in the rear of Public School 136.

The original surface of a portion of this property is higher than the surrounding ground, owing to the fact that the streets and surrounding property have been excavated to a lower grade. The lots in question are fenced in, and there is no pressing necessity for their grading, as far as the City is concerned. It is, however, an important question with the builder of the new apartment houses now being constructed on the adjoining property. He has excavated for his cellars and has left the slope to this hill as nearly perpendicular as possible. The top of the ground on the City's property is about on the level of his third story window sills, and it is questionable if he can rent the lower floors of his building until the ground is graded.

It is, I believe, the intention of the Board of Education to utilize the additional ground back of the school for an addition to Public School 136. It will therefore be necessary for the Board of Education at some time to grade the lots, and I see no objection to its doing the grading at the present time.

I would therefore advise that the Board of Education be authorized to grade the lots recently acquired for school purposes on Fortieth and Forty-first streets, Borough of Brooklyn, in the rear of Public School 136.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1908, adopted a resolution requesting the heads of the various City departments and offices not to advertise for contracts nor enter into any further obligations, to be paid for by the issues of Corporate Stock, without first submitting the same to the Board of Estimate and Apportionment for reapproval; therefore be it

Resolved, That the request of the Board of Education for authority to grade the lots acquired for school purposes, located on Fortieth and Forty-first streets, in the rear of Public School 136, Borough of Brooklyn, be and the same is hereby approved.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following:

Report of the Chief Engineer, to whom was referred on December 3, 1909, Estimate No. 2, amounting to $85,996.17, submitted by the Interborough Rapid Transit Company for work done by the Manhattan Railway Company and the Interborough Rapid Transit Company, under contract dated December 14, 1908, between the City and the above companies, providing for lowering the elevated railroad structure in Division and Allen streets, Boroughs of Manhattan, said agreement providing that the City should bear the entire expense of this work, which should be charged to the fund for the reconstruction of the Manhattan Bridge, stating that a careful examination has been made of the accounts in the office of the company and the statement appears to be accurate in all particulars.

REPORT No. 52.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 7, 1909.

Hon. GEORGE B. MCCLELLAN, *Mayor, Chairman of the Board of Estimate and Apportionment:*

SIR—Under date of November 20, 1909, the Commissioner of Bridges has forwarded to the Board of Estimate and Apportionment estimate and Voucher No. 2, in the sum of $85,996.17, in favor of the Interborough Rapid Transit Company, covering the expense of lowering the elevated railroad structure in Division and Allen streets, in the Borough of Manhattan.

This voucher is submitted in accordance with the provisions of section 14 of the agreement of December 14, 1908, which provided that the City should bear the entire expense of lowering this structure. One voucher amounting to $26,267.46 has already been presented and approved. The present bill includes a 50 per cent. payment made on the contract by the Interborough Company with Terry & Tench for taking down and removing to the Company's yards that portion of the present structure in Division and Allen streets affected by the change of grade, and for erecting a new elevated structure, this being a lump sum contract and the half payment amounting to $28,750. It also includes three statements, rendered May 14, May 19 and July 22, but which have not heretofore been presented, as the Company appeared to be somewhat uncertain as to the exact method of procedure. It also includes expenses for labor and material incurred by the Interborough Company, to which expense 20 per cent. has been added, in accordance with the terms of the contract with the City, and it further includes payment for steel furnished for the new structure, this being billed at net cost to the Company, with no percentage added. The statement is a long one, including many items, and I have had an examination made of the accounts in the office of the Chief Engineer of the Interborough Rapid Transit Company, which show how these items are made up.

This statement appears to be accurate in all particulars, and I would recommend

that the Comptroller be authorized to pay the bill as presented, the expense under the contract being chargeable to the fund for the construction of the Manhattan Bridge.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That, in accordance with the provisions of section 14 of the agreement dated December 14, 1908, between The City of New York and the Manhattan Railway Company and the Interborough Rapid Transit Company, providing for the lowering of the elevated railroad structure on Division street, between Catharine and Allen streets, and on Allen street, between Division and Canal streets, in the Borough of Manhattan, the Board of Estimate and Apportionment hereby approves of Estimate No. 2, amounting to one hundred and sixty thousand three hundred and seventy-six dollars and sixty-two cents ($160,376.62), being the cost of the work done to November 18, 1909, in accordance with said agreement, and the Comptroller be and is hereby authorized to pay to the said Manhattan Railway Company and the Interborough Rapid Transit Company the sum of eighty-five thousand nine hundred and ninety-six dollars and seventeen cents ($85,996.17), being 70 per cent. of the above cost as provided in said agreement, less the sum of twenty-six thousand two hundred and sixty-seven dollars and forty-six cents ($26,267.46), authorized to be paid by resolution of the Board of Estimate and Apportionment adopted November 12, 1909.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following communications of the Public Service Commission for the First District requesting, and report of the Comptroller recommending, the further issue of Corporate Stock aggregating $13,036,381.20 for the construction and completion of six sections of the Fourth avenue subway, Borough of Brooklyn, showing the prescribed limit of Corporate Stock and the amount of Corporate Stock already authorized for this purpose, viz.:

(On October 29, 1909, the Board approved of the contracts, prescribed the limit of Corporate Stock to be issued and authorized the issue of Corporate Stack as above, and also adopted a resolution requesting the Public Service Commission to apply to this Board for the balance of appropriation required to complete said contracts.)

(On November 19, 1909, the requisition of the Public Service Commission for the additional issue of Corporate Stock as above was refered to the Comptroller.)

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TRIBUNE BUILDING, No. 154 NASSAU STREET,
NEW YORK, November 17, 1909.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment*, No. 277 Broadway, New York City:

DEAR SIR—Transmitted herewith is a resolution passed by the Public Service Commission, November 17, 1909, authorizing the Chairman and Secretary of the Commission to execute requisitions upon the Board of Estimate and Apportionment for authorizations of Corporate Stock, as set forth in the requisitions; together with six requisitions for Corporate Stock in the matter of six contracts of the so-called Fourth avenue subway.

Very truly yours,
TRAVIS H. WHITNEY, Secretary.

Whereas, The Board of Estimate and Apportionment of The City of New York, pursuant to the request of the Commission to said Board under date of May 26, 1908, has by resolution duly adopted October 29, 1909, consented to contracts between contractors shown below and The City of New York, acting by the Public Service Commission for the First District, for the construction of sections of the proposed rapid transit railroad in Fourth avenue and other streets, in the Borough of Brooklyn, and for the construction of pipe galleries embraced therein, and has prescribed as to each such contract the limit to the amount of Corporate Stock available for the purposes of said contract for railroad construction and for pipe gallery construction, as shown below, and has authorized and directed the Comptroller to issue Corporate Stock of The City of New York for the purposes of said contracts to the amounts for railroad construction and for pipe gallery construction, hereinafter stated, viz.:

Contractor.	Limit Prescribed.	Bonds Authorized.
James P. Graham—		
Railroad construction	$1,020,476 55	$200,000 00

—and

Whereas, The said Board of Estimate and Apportionment has, by resolution, requested the Commission to apply to the said Board for the authorization of an issue of Corporate Stock sufficient to provide for the balance of the total amount of bonds required to complete the said contracts;

Resolved, That the Chairman and the Secretary, on behalf of the Commission, be and they hereby are authorized to execute requisitions upon the Board of Estimate and Apportionment as to each such contract, in the form herewith presented, for the authorization of bonds of The City of New York to be sold by the Comptroller to amounts for railroad construction and for pipe gallery construction thereunder, which, with bonds already authorized, as aforesaid, shall cover the total amount for railroad construction and for pipe gallery construction, prescribed as the limit therefor, as aforesaid, and be sufficient to meet and pay the entire estimated expense of executing such contracts.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on November 17, 1909, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 17th day of November, 1909.

TRAVIS H. WHITNEY, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
NEW YORK, November 24, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Under date of November 17, 1909, the Secretary of the Public Service Commission transmits to the Board of Estimate and Apportionment six requisitions for Corporate Stock in the matter of the so-called Fourth avenue subway, Borough of Brooklyn, together with a resolution passed by the Public Service Commission November 17, 1909, authorizing the Chairman and Secretary of the Commission to execute requisitions upon the Board of Estimate and Apportionment for authorizations of Corporate Stock as set forth in the requisitions.

On October 29, 1909, the Board of Estimate and Apportionment, by resolution, consented to six proposed contracts for the construction of the Fourth avenue subway, Borough of Brooklyn. The same resolution also prescribed the limit of Corporate Stock available for each contract, and authorized the Comptroller to issue small amounts of Corporate Stock for each contract as shown in the following summary. Pursuant to the request of the Board of Estimate and Apportionment, as expressed in resolution adopted October 29, 1909, the Public Service Commission now makes requisition for the authorization of issues of Corporate Stock in sums sufficient to provide for the balance of the total amount of bonds required to complete the contracts for the six sections of this subway.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TRIBUNE BUILDING, No. 154 NASSAU STREET,
NEW YORK, November 17, 1909.

To the Board of Estimate and Apportionment of The City of New York:

On October 29, 1909, you consented to a contract between James P. Graham and The City of New York, acting by the Public Service Commission for the First District, for the construction of a section hereinafter described of the Fourth avenue subway railroad in Brooklyn, and prescribed a limit to the amount of bonds available for the purposes of said contract of $1,020,476.55 for railroad construction and $101,374.55 for pipe gallery construction, and authorized and directed the Comptroller to issue Corporate Stock of The City of New York for the purposes of such contract to the amount of $200,000 for railroad construction and $20,000 for pipe gallery construction. The section of said railroad so contracted for is described as follows:

A four-track underground railroad, the centre line of which shall begin at the intersection of the centre line of Flatbush avenue extension with the northerly line of Nassau street, and shall run thence southeasterly along and under the centre line of Flatbush avenue extension to a point about 20 feet north of the centre line of Willoughby street.

The Public Service Commission for the First District, in pursuance of section 37 of chapter 4 of the Laws of 1891 as amended, known as the Rapid Transit Act, and of chapter 429 of the Laws of 1907, hereby makes requisition upon the Board of Estimate and Apportionment for the authorization of bonds of The City of New York to be sold by the Comptroller to the further amount of $820,476.55 for railroad construction and $81,374.55 for pipe gallery construction under said contract, the said amounts aggregating with those already authorized a total amount of $1,020,476.55 for railroad construction and $101,374.55 for pipe gallery construction, prescribed as the limit therefor by you as aforesaid and being sufficient to pay the entire estimated expense of executing such contract.

In witness whereof, the Public Service Commission for the First District has caused these presents to be signed by its Chairman and its official seal to be hereto affixed and attested by its Secretary this day of November, 1909.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TRIBUNE BUILDING, No. 154 NASSAU STREET,
NEW YORK, November 17, 1909.

To the Board of Estimate and Apportionment of The City of New York:

On October 29, 1909, you consented to a contract between William Bradley and The City of New York, acting by the Public Service Commission for the First District, for the construction of a section hereinafter described of the Fourth avenue subway railroad in Brooklyn, and prescribed a limit to the amount of bonds available for the purposes of said contract of $3,436,019 for railroad construction and $58,695 for pipe gallery construction, and authorized and directed the Comptroller to issue Corporate Stock of The City of New York for the purposes of such contract to the amount of $500,000 for railroad construction and $10,000 for pipe gallery construction. The section of said railroad so contracted for is described as follows:

An underground railroad, having from four to eight tracks, the centre line of which shall begin at a point about 20 feet north of the intersection of the centre line of Willoughby street with the centre line of Flatbush avenue extension; running thence southeasterly under and along Flatbush avenue extension to a point between DeKalb avenue and Fulton street about 110 feet from the southerly line of DeKalb avenue; thence curving easterly under Flatbush avenue extension to the easterly line thereof, at a point about 70 feet from the northerly line of Fulton street; thence continuing under private property to the west line of Hudson avenue and about 20 feet from the northerly line of Fulton street; thence crossing under Hudson avenue and private property at the northeast corner of Fulton street and Hudson avenue, and thence under Fulton street at an angle with the centre line thereof to a point about half way between Rockwell place and Ashland place; thence curving southerly under Fulton street and under private property at the southwest corner of Fulton street and Ashland place to a point about 40 feet from the southerly line of Fulton street and about 5 feet east of the westerly line of Ashland place.

The Public Service Commission for the First District, in pursuance of section 37 of chapter 4 of the Laws of 1891 as amended, known as the Rapid Transit Act, and of chapter 429 of the Laws of 1907, hereby makes requisition upon the Board of Estimate and Apportionment for the authorization of bonds of The City of New York to be sold by the Comptroller to the further amount of $2,936,019 for railroad construction and $48,695 for pipe gallery construction under said contract, the said amounts aggregating with those already authorized a total amount of $3,436,019 for railroad construction and $58,695 for pipe gallery construction, prescribed as the limit therefor by you as aforesaid, and being sufficient to pay the entire estimated expense of executing said contract.

In witness whereof, the Public Service Commission for the First District has caused these presents to be signed by its Chairman and its official seal to be hereto affixed and attested by its Secretary this day of November, 1909.

PUBLIC SERVICE COMMISSION, FOR THE FIRST DISTRICT,
TRIBUNE BUILDING, No. 154 NASSAU STREET,
NEW YORK, November 17, 1909.

To the Board of Estimate and Apportionment of The City of New York:

On October 29, 1909, you consented to a contract between E. E. Smith Contracting Company and The City of New York, acting by the Public Service Commission for the First District, for the construction of a section hereinafter described, of the Fourth avenue subway railroad in Brooklyn, and prescribed a limit to the amount of bonds available for the purposes of said contract of $2,808,982.80 for railroad construction and $173,665 for pipe gallery construction, and authorized and directed the Comptroller to issue corporate stock of The City of New York for the purposes of said contract to the amount of $500,000 for railroad construction and $30,000 for pipe gallery construction. The section of said railroad so contracted for is described as follows:

"A four-track underground railroad or subway, the centre line of which will begin at a point on the centre line of Fourth avenue 15 feet south of the south line of Twenty-seventh street and running thence southerly under and along the centre line of Fourth avenue to a point about 70 feet south of the south line of Fortieth street; thence continuing southerly under the west side of Fourth avenue as a two-track railroad to a point about 150 feet south of the south line of Forty-second street. South of the station near Thirty-seventh street the four tracks will branch, making provision for connection with the Bensonhurst, Bath Beach and Coney Island route. The centre line of these four tracks will begin at a point on the centre line of Fourth avenue near the south line of Thirty-seventh street and run thence southerly under and along the centre line of Fourth avenue to a point about 75 feet north of the north line of Thirty-ninth street and will curve thence easterly under Fourth avenue to a point about 55 feet south of the south line of Thirty-ninth street and about 15 feet west of the east line of Fourth avenue."

The Public Service Commission for the First District, in pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and chapter 429 of the Laws of 1907, hereby makes requisition upon the Board of Estimate and Apportionment for the authorization of bonds of The City of New York to be sold by the Comptroller to the further amount of $2,308,982.80 for railroad construction and $143,665 for pipe gallery construction, under said contract, the said amounts aggregating, with those already authorized, a total amount of $2,808,982 80 for railroad construction and $173,665 for pipe gallery construction, prescribed as the limit therefor by you as aforesaid, and being sufficient to pay the entire estimated expense of executing said contract.

In witness whereof, the Public Service Commission for the First District has caused these presents to be signed by its Chairman, and its official seal to be hereto affixed, and attested by its Secretary, this day of November, 1909.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
[SEAL] By W. R. WILLCOX, Chairman.
Attest:
TRAVIS H. WHITNEY, Secretary.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment at a meeting held October 29, 1909, adopted the following resolution:

Resolved, That, pursuant to the provisions of section 37 of the Rapid Transit Act (chapter 4 of the Laws of 1891, as amended), the provisions of section 45 of the Greater New York Charter and the requisition of the Public Service Commission for the First District duly made by said Commission on May 26, 1908, the Board of Estimate and Apportionment hereby consents to the proposed contract to be entered into between E. E. Smith Contracting Company and The City of New York, acting by the Public Service Commission for the First District, for the following purposes:

For the construction in the Borough of Brooklyn of a four-track underground railroad or subway, the centre line of which will begin at a point on the centre line of Fourth avenue 15 feet south of the south line of Twenty-seventh street and running thence southerly under and along the centre line of Fourth avenue to a point about 70 feet south of the south line of Fortieth street; thence continuing southerly under the west side of Fourth avenue as a two-track railroad to a point about 150 feet south of the south line of Forty-second street. South of the station near Thirty-seventh street the four tracks will branch, making provision for connection with the Bensonhurst, Bath Beach and Coney Island route. The centre line of these four tracks will begin at a point on the centre line of Fourth avenue near the south line of Thirty-seventh street and run thence southerly under and along the centre line of Fourth avenue to a point about 75 feet north of the north line of Thirty-ninth street and will curve thence easterly under Fourth avenue to a point about 55 feet south of the south line of Thirty-ninth street and about 15 feet west of the east line of Fourth avenue	$2,808,982 80
For the construction of pipe galleries in connection with the said railroad for the sum of	173,665 00
Total	$2,982,647 80

—and be it further

Resolved, That the Board of Estimate and Apportionment prescribes that the limit to the amount of Corporate Stock available for the said purposes shall be two million eight hundred and eight thousand nine hundred and eighty-two dollars and eighty cents ($2,808,982.80) for railroad construction, and one hundred and seventy-three thousand six hundred and sixty-five dollars ($173,665) for pipe gallery construction; and be it further

Resolved, That the Comptroller be and he is hereby authorized and directed to issue Corporate Stock of The City of New York to the amount of five hundred thousand dollars ($500,000) for railroad construction, and thirty thousand dollars ($30,000) for pipe gallery construction, at such rate of interest as the Board of Commissioners of the Sinking Fund shall prescribe for the purposes mentioned in the communication of the Public Service Commission for the First District to this Board under date of May 26, 1908.

Resolved, That, pursuant to the provisions of section 37 of the Rapid Transit Act (chapter 4 of the Laws of 1891, as amended), and the requisition of the Public Service Commission for the First District, duly made by the said Commission on November 17, 1909, the Comptroller be and he is hereby authorized and directed to issue Corporate Stock of The City of New York for the completion of Section 6 (11-A-4) of the Fourth avenue subway, Borough of Brooklyn, as follows:

For railroad construction	$2,308,982 80
For pipe gallery construction	143,665 00

—at such rate of interest as the Board of Commissioners of the Sinking Fund shall prescribe, for the purposes mentioned in the communication of the Public Service Commission for the First District to this Board under date of November 17, 1909, said amounts being in addition to the amounts authorized to be issued on October 29, 1909, for said purposes.

Which was adopted by he following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond, and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following communications from the Commissioner of the Department of Parks, Boroughs of Manhattan and Richmond, requesting, and report of the Comptroller recommending, a modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909 for said Department, involving a transfer of $12,000, but no additional appropriation.

(On December 3, 1909, the resolutions approving of this modification failed of adoption.)

DEPARTMENT OF PARKS—MANHATTAN AND RICHMOND,
ARSENAL, CENTRAL PARK,
December 7, 1909.

To the Board of Estimate and Apportionment of The City of New York:

DEAR SIRS—Referring to the resolution presented to your Honorable Board at meeting held on the 3d inst. for the transfer of $12,000 from accounts Nos. 746 and 747 to accounts Nos. 747, 748, 739 and 740, I beg to request a reconsideration of this matter, as these transfers do not in any instance represent any increases in salaries but are simply all transfers within the Budget appropriations.

Yours truly,
HENRY SMITH, Commissioner.

DEPARTMENT OF PARKS—MANHATTAN AND RICHMOND,
ARSENAL, CENTRAL PARK,
November 15, 1909.

To the Board of Estimate and Apportionment of The City of New York:

		$14.600 00

In explanation of the transfer to account No. 739, Administration, Salaries and Wages, Commissioner's Office, and account No. 740, Office of Superintendent of Parks, I beg to say that I have requested the transfers proposed in preference to hiring additional help that has been authorized, and in the interest of efficiency and economy of administration I deem it the best thing for the interest of the City. If this same transfer can be effected for the year 1910, it will result in a saving in administration account, as outlined in the Budget, of $680.

Respectfully,
HENRY SMITH, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 23, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of the communication received from the Commissioner of Parks, Boroughs of Manhattan and Richmond, under date of November 15, 1909, requesting certain transfers within the appropriations made for that Department for the year 1909, said transfers also involving the modification of Budget salary schedules, which has been referred to me for consideration, I would submit the following report:

The Commissioner requests that a transfer of $14,600 be made as follows: $11,300 from the account entitled No. 746, General Maintenance of Mechanical Force, Salaries and Wages, and $3,300 from the account entitled No. 747, Maintenance of Parks and Boulevards, Salaries and Wages, there being in the said accounts amounts in excess of the requirements thereof for the balance of the year, to various other appropriations in which the available balances are found to be insufficient.

The request includes a transfer of $1,420 of this amount from moneys appropriated for the wages of per diem employees to the accounts entitled No. 739, Administration, Salaries and Wages, and No. 740, Office of Superintendent of Parks, the appropriations in both last mentioned instances having been made for persons employed on yearly salaries.

The rule of your Board, as provided in the resolution adopted in conjunction with the Budget for 1909, would seem to prevent the transfer of funds appropriated for salary and wages on the per diem basis to salary appropriations provided specifically for employees compensated on a yearly basis. On this account the requested transfers of $1,420 to the salaries and wages appropriations of the Commissioner's office and the office of the Superintendent of Parks, are not recommended for your approval. The other items, appearing to be within the rule set by your Board and calculated to provide a more convenient adjustment of the administrative affairs of the Department, properly within the official discretion of the Commissioner, are recommended for approval in accordance with resolutions hereto appended.

Yours truly,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the modification and revision of the schedules supporting the appropriation made in the Budget for the year 1909 for the Department of Parks, Boroughs of Manhattan and Richmond, as hereinafter indicated:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The following resolution was offered:

Resolved, That the sum of twelve thousand dollars ($12,000), be and the same is hereby transferred from the approriation made to the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1909, entitled and as follows:

746. General Administration—			
Salaries and Wages, Mechanical Force		$11,300 00	
747. Maintenance, Parks and Boulevards—			
Salaries and Wages		700 00	
			$12,000 00

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said Department for the year 1909, entitled and as follows:

To the Board of Estimate and Apportionment, The City of New York:

DEAR SIRS—Referring to resolution presented to your Honorable Board at meeting held on the 3d inst., for the transfer of one hundred dollars from account No. 747 to account No. 758, I beg to request a reconsideration of this matter, as this transfer does not in any way represent any increases in salaries, but is simply a transfer within the budget appropriations.

Yours truly,
HENRY SMITH, Commissioner.

To the Board of Estimate and Apportionment, The City of New York:

DEAR SIRS—Application is hereby made to your Honorable Board for the transfer of $200 from the appropriation made to this Department, Boroughs of Manhattan and Richmond, for the year 1909, entitled Maintenance of Parks and Boulevards (No. 747), Salaries and Wages, line five, to the appropriation made to this Department, Boroughs of Manhattan and Richmond, for the year 1909, entitled Maintenance of Trees in City Streets (No. 758), Salaries and Wages, adding line "Foreman at $100 monthly," no provision having been made in the Budget for a Foreman for the maintenance of trees on City streets.

Respectfully,
HENRY SMITH, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 22, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication received from the Commissioner of Parks, Boroughs of Manhattan and Richmond, dated November 12, 1909, requesting a transfer of two hundred dollars ($200), said transfer also involving the modification of budget salary schedules, which has been referred to me for consideration, I submit the following report:

The request is made by the Commissioner to enable him to transfer a Foreman from the payroll which is made a charge against the appropriation for the Maintenance of Parks and Boulevards to the payroll in connection with the maintenance of Trees in City Streets, there being no Foreman provided for in that schedule for the year 1909. The compensation of the Foreman is $100 per month. It will therefore be necessary to provide the sum of one hundred dollars for the month of December. In view of the fact that the transfer of funds results in no increase in the total salary expenditures for 1909, I recommend favorable consideration of the resolution hereunto appended.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the modification and revision of the schedules supporting the appropriations made in the budget for the year 1909 for the Department of Parks, Boroughs of Manhattan and Richmond, as hereinafter indicated:

		$25,600 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The following resolution was offered:

Resolved, That the sum of one hundred dollars ($100) be and the same is hereby transferred from the appropriation made for the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1909, entitled No. 747, Maintenance of Parks and Boulevards, Salaries and Wages, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the year 1909, entitled, No. 758, Maintenance of Trees in City Streets, Salaries and Wages, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following communication from the Commissioner of the Fire Department requesting, and report of the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, recommending, the establishment of an additional grade of position of Clerk in the Fire Department, with salary at the rate of $2,100 per annum, for one incumbent.

(On October 29, 1909, the request of the Fire Commissioner for the establishment of said grade was referred to the above Select Committee.)

HEADQUARTERS, FIRE DEPARTMENT, CITY OF NEW YORK,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, October 22, 1909.

Hon. GEORGE B. MCCLELLAN, *Mayor and Chairman, Board of Estimate and Apportionment:*

SIR—I have the honor to request that, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment in this Department of the position of fourth grade Clerk, for one incumbent, with salary at the rate of $2,100 per annum.

The object of this request is to enable me to increase to the extent of $300 per year the salary of the Clerk in charge of repairs and supplies, who is now compensated at the rate of $1,800 per annum, whose duties and responsibilities have steadily increased with the growth in volume of the work of the Department, and who by reason of faithful, zealous and intelligent service is, in my judgment, clearly entitled to the moderate advance in pay which I desire to award him.

Respectfully,
NICHOLAS J. HAYES, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 18, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Commissioner of the Fire Department, dated October 22, 1909, requesting the establishment of an additional grade of the position of Clerk, with salary at the rate of $2,100 per annum, which was referred by your Board, at a meeting held on October 29, 1909, to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, we would report as follows:

The Fire Commissioner states that it is his intention, if his request be approved, to promote to the grade of Clerk thus established Walter F. Healey, who entered the service of the Fire Department in April, 1903, and now receives a salary of $1,800 per annum. Mr. Healey has charge of the preparation of specifications for and the purchase of all supplies and apparatus used by the Department, amounting to upwards of $950,000 during the year, and has proved to be a most efficient and competent employee. The Commissioner and Deputy Commissioner recommend the proposed increase of salary especially because of the carefulness and good judgment displayed by Mr. Healey in the discharge of his duties, which they both state has resulted in a considerable reduction in the amount required by the Department for supplies for the year 1910.

In view of the facts stated herein, we recommend that the request of the Fire Commissioner be approved, as per resolution attached hereto.

Yours respectfully,
H. A. METZ, Comptroller;
P. F. McGOWAN, President, Board of Aldermen;
Select Committee.

The following resolution was offered:

Resolved, That, in accordance with the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment of the following grade of position in the Fire Department, in addition to those already existing therein, viz.:

	Incumbent.	Per Annum.
Clerk	1	$2,100 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following communications from the Commissioner of the Department of Parks, Boroughs of Manhattan and Richmond, requesting appropriations as follows: $25,000 Corporate Stock for increasing the toilet facilities and a rearrangement of the baths in Seward Park, and remedying the defective drainage, etc., and $25,000 Corporate Stock for the purpose of overhauling and rebuilding of Bow Bridge over the lake in Central Park, together with a report of the Comptroller recommending an issue of $25,000 Corporate Stock to provide means for the construction of a new bridge in place of the Bow Bridge over the lake in Central Park, Borough of Manhattan, and stating he has advised the Commissioner that the improvements contemplated for William H. Seward Park should be met by an issue of Special Revenue Bonds, the request for which should emanate from the Board of Aldermen:

(On September 14, 1909, the requests of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the issues as above, was referred to the Comptroller.)

DEPARTMENT OF PARKS—MANHATTAN AND RICHMOND,
ARSENAL, CENTRAL PARK,
August 20, 1909.

To the Board of Estimate and Apportionment, The City of New York:

DEAR SIR—Application is hereby made to your Honorable Board for an issue of $25,000 Corporate Stock for the purpose of increasing the toilet facilities and a rearrangement of the baths in Seward Park, and remedying a defective drainage which causes the floors to be saturated with water, which, at times, rises above the same, with consequent damage to the building. The condition is highly unsanitary and the toilet facilities inadequate, and unless funds are provided to remedy the same it is doubtful if the toilets and baths should be opened next summer.

Respectfully,
HENRY SMITH, Commissioner.

DEPARTMENT OF PARKS—MANHATTAN AND RICHMOND,
ARSENAL, CENTRAL PARK,
August 25, 1909.

To the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—Application is hereby respectfully made to your Honorable Board for an issue of Corporate Stock in the sum of twenty-five thousand dollars ($25,000) for the purpose of overhauling and general rebuilding of Bow Bridge over the lake in Central Park, which is in need of immediate repair, and may, at any time become unsafe, and might result in serious accident to a large number of people.

So far as I can learn, this bridge was constructed about fifty years ago, and since that time has had little or no attention in the shape of repairs.

I would, therefore, earnestly request that this appropriaiton be made as soon as possible, before it may become necessary to close the bridge which connects important paths of the park, and would be a serious inconvenience to the public.

Respectfully,
HENRY SMITH, Commissioner.

November 29, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, under date of August 20, 1909, requesting authorization for an issue of Corporate Stock in the amount of $50,000 for the following purposes:

$25,000 for overhauling and rebuilding Bow Bridge over the lake in Central Park, Borough of Manhattan, and $25,000 for increasing the toilet facilities and a rearrangement of the baths in Seward Park, Borough of Manhattan, which was referred to me at the meeting of your Board held September 17, 1909, for consideration, I submit the following report:

In relation to the Commissioner's request for an issue of Corporate Stock in the amount of $25,000 for the purposes of increasing the toilet facilities, etc., in Seward Park, I would say that an examination made in the Bureau of Municipal Investigation and Statistics of this Department discloses the fact that the requested improvements are very much needed, as the baths and toilets are at present in a very unsanitary condition, the floors and ceilings are saturated with waste water and are likely to fall at any time.

The improvements the Commissioner desires to make, however, cannot be considered as permanent, and as they are in the nature of repairs and replacements, the cost of the work should be provided for from the maintenance and repairs accounts provided in Budget appropriations or by an issue of Special Revenue Bonds, should there be insufficient funds in the appropriation accounts. An examination of the appropriation accounts discloses the fact that there are no available balances within the appropriations made to the Department of Parks, that could be used to pay the cost of this work, which may be fairly described as unusual and extraordinary repairs. I have, therefore, advised the Commissioner to apply to the Board of Aldermen for the adoption of a resolution requesting an issue of Special Revenue Bonds to provide for this improvement.

The request for an issue of Corporate Stock in the amount of $25,000 for overhauling and rebuilding the Bow Bridge was originally made by the Commissioner with the idea that he might be able to use some of the present structure in rebuilding, but having caused to be made further examination of its parts, and after advising with the Engineers of the Department, he has decided to erect an entirely new bridge.

This bridge was erected about fifty years ago, and has been repaired at various times by contract and by departmental labor. It is at present in a very unsafe condition, many of the stanchions being so rusted and corroded that it is impossible to repair them. The bridge is often subjected to great weights during the winter months, as large crowds congregate upon it to watch the skaters.

In view of the facts herein previously set down, I am of the opinion that the bridge referred to should be rebuilt, and to provide the means therefor, I recommend the approval of the request of the Commissioner for a Corporate Stock appropriation in the amount stated in the accompanying resolution, which is hereby offered for adoption.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding the sum of twenty-five thousand dollars ($25,000), to provide means for the construction of a new bridge in place of the Bow Bridge over the lake in Central Park, Borough of Manhattan, under the jurisdiction of the Commissioner of Parks, Boroughs of Manhattan and Richmond, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars ($25,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary was directed to transmit a copy of the report of the Comptroller to the Commissioner of the Department of Parks, Boroughs of Manhattan and Richmond, for his information.

The Secretary presented a report of the Comptroller, recommending an issue of $2,800 Special Revenue Bonds for payment of increase of salary of 112 Court Attendants in the Municipal Courts for the month of December, 1909.

Which was laid over.

On November 19, 1909, a resolution of the Board of Aldermen, requesting an issue of $16,800 Special Revenue Bonds to be used by the Board of Municipal Justices to meet the increase in salary of $300 for each of the 112 Attendants from July 1, 1909, was referred to the Comptroller.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller recommending, an issue of $600,000 Corporate Stock to provide means for the construction of a Central Supply Depository for the Department of Education on the site acquired on First avenue, Sixty-seventh and Sixty-eighth streets, Borough of Manhattan.

(On June 5, 1908, the communication of the Board of Education requesting an issue of $600,000 Corporate Stock for above purpose was referred to the Comptroller.)

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, May 28, 1908.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

DEAR SIR—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on the 27th inst., relative to the issue of Corporate Stock to the amount of $600,000 for the erection of a building to be used as a supply depository.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Supplies respectfully reports that on March 22, 1905 (see Journal, pages 482-92), a report was presented to the Board of Education in reference to the necessity for the acquisition of a site and the erection of a central supply depository of suitable size, properly equipped for the storage and distribution of supplies. Subsequently a Special Committee was appointed to investigate the matter, and on March 28, 1906 (see Journal, pages 518-19), presented a report recommending that the Board of Estimate and Apportionment be requested to authorize the issue of Corporate Stock for the acquisition of a site for a central supply depository. The report was approved and the resolutions submitted were adopted by a unanimous vote. As a result, a plot of ground 200 by 300 feet, located on First avenue, between Sixty-seventh and Sixty-eighth streets, Borough of Manhattan, was purchased through the Department of Finance, title thereto being acquired February 18, 1907. On May 22, 1907 (see Journal, page 891), a request was made for funds with which to erect a depository on this site, but because of the financial conditions then existing they were not allowed. Since that time the Committee on Supplies has refrained from pressing its claim, although the need for such a building has become very much more apparent, and we now find that it is an absolute necessity.

According to the public press, the City authorities will be in a position on July 1 to issue Corporate Stock to a large amount, and it is the opinion of the Committee on Supplies that this is the proper time to request the Board of Education to make every effort to procure from the Board of Estimate and Apportionment sufficient funds for the erection of a new supply depository.

The Bureau of Supplies its at present located in five different places, namely:

The basement of the building at Park avenue and Fifty-ninth street, used for storage purposes.

Part of the first floor at Fifty-ninth street and Park avenue, which is used for offices, etc.

A rented building at No. 418 East Sixty-eighth street, used for storage purposes.

A rented building at One Hundred and Eighth street and First avenue, used for the storage of vacation school and playground apparatus and supplies.

Two of the old school buildings under the Williamsburgh Bridge, used for storage purposes.

The fact remains that all these places are totally inadequate for the needs and requirements of the Bureau of Supplies. It is compelled to have large quantities of supplies chargeable to the Regents Fund, the Incidental Fund and the Compulsory Education Fund, shipped direct from the contractors to the schools, offices, etc., because, with the present facilities, they could not be taken into the Supply Bureau, to be inspected and reshipped to the schools. The same applies to library books. If it were possible to handle the supplies mentioned in a central depository, the same as regular supplies, a great deal of money could be saved for the City.

Notwithstanding the fact that we purchase supplies at very low prices, the Committee of Supplies is of the opinion that, if proper storage facilities were provided, better prices could be obtained. At the present time the contractors are compelled to manufacture large quantities of goods, in order to deliver them promptly, so that the schools may be properly supplied; but in order to do so they must have storage facilities in which to keep these goods until we send for them. As a result the prices are higher than they would be if we were in position to take all the supplies needed for the schools and store them in our own building.

We have a permanent equipment belonging to the vacation schools that represents approximately $150,000. We have to expend a large amount of money each year to put these supplies in shape so that they may be ready for the vacation schools when the season opens. This work of repairing could be done in the Supply Bureau if we had proper facilities. Hundreds of thousands of school books could also be taken from the schools during the vacation period, repaired, rebound and returned to the schools in time for the opening in September. In this way a great deal of money could be saved.

Supplies needed for the teaching of domestic science are purchased by the teachers at grocery stores convenient to their schools, and as a result we are paying retail prices therefor. The Teachers pay for these supplies, and at the end of each month present bills to the Supply Bureau for the amount of the supplies purchased, and then wait a considerable period before they are reimbursed for the money they have spent. With few exceptions these supplies could be purchased at wholesale prices and delivered to each school on time, if we had our own delivery system. The installation of such a system is impossible until we have our own supply depository, where we can store our own auto-trucks and light wagons, and have a proper delivery service with the expenditure of less money.

The supplies for the truant schools, which are increasing each year, could also be brought into the Supply Bureau, and, with proper facilities, kept in storage and delivered on time. The Bureau of Supplies would then have these supplies under its immediate supervision, which at the present time is impossible, as they are delivered direct to the schools, there being no room to receive them in the depository.

The clerical force and other employees attached to the Bureau of Supplies are very much scattered, and the best results cannot be produced. With the centralization of these forces much more could be accomplished. When the force connected with the Supply Bureau at Fifty-ninth street and Park avenue can be transferred to the new depository, space will be available for other bureaus which are at present working under the greatest difficulties.

Many other reasons equally as strong as those given could be advanced to show the necessity for this new building, but the Committee on Supplies desires to submit only one more, namely, that notwithstanding all the disadvantages it has been laboring under for the proper transaction of business, it has kept the appropriation for supplies at the same figure for three years, 1906, 1907 and 1908, and it proposes to do much better for the year 1909. The Committee now guarantees that it will ask for only $1,000,000 for the year 1909, which is $367,565 less than the amount allowed for 1908 and for each of the two preceding years. If this saving can be effected by the Bureau of Supplies working under the greatest possible difficulties, much more could be done with proper facilities.

In view of the foregoing, the Committee on Supplies respectfully requests that the Board of Education use every effort to procure funds for the erection of the supply depository, and the following resolution is respectfully submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize the issue of Corporate Stock to the amount of $600,000 (see Journal, 1907, page 891), for the erection of a building that will meet the needs and requirements of the Bureau of School Supplies, in accordance with the plans already drawn, on the site acquired for the purposes of a central supply depository, on First avenue, Sixty-seventh and Sixty-eighth streets, Borough of Manhattan.

A true copy of report and resolution adopted by the Board of Education on May 27, 1908.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 29, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Board of Education requesting an issue of $600,000 Corporate Stock for the erection of a building to be used as a central supply depository, on First avenue, Sixty-seventh and Sixty-eighth streets, Manhattan, which was referred to me for consideration and report at a meeting of the Board of Estimate and Apportionment held June 5, 1908, my report is as follows:

The site for said proposed central supply depository, 200 feet by 300 feet, on First avenue, between Sixty-seventh and Sixty-eighth streets, Borough of Manhattan, was purchased at a total cost of $400,190, title thereto having been acquired February 18, 1907. On May 22, 1907, the Board of Education passed a resolution requesting $600,000 for the purpose of erecting a building on said site to meet the needs and requirements of the Bureau of Supplies. A similar resolution was again passed at a meeting held May 27, 1908, said request, as hereinbefore stated, having been referred to me by the Board of Estimate and Apportionment June 5.

The Board of Education spends annually $1,000,000 for general supplies, which at the present time are stored for the most part in seven different places, as under:

One Hundred and Eighth street and First avenue, Manhattan;
No. 418 East Sixty-eighth street, Manhattan;
Basement, Hall of Board of Education, Manhattan;
An old school building, Allen street, Manhattan;
Two old school buildings under Williamsburg Bridge, Manhattan;
A loft in Brooklyn;

—and the force of the Bureau of Supplies is distributed throughout these seven buildings as occasion may require, much time being lost in transferring employees from place to place. Besides the interest on the cost of the new site, the City pays $6,000 rent per annum for each of the first two locations in the above list.

Because of a lack of storage facilities, supplies now have to be purchased in small quantities, while approximately $100,000 worth of books each year and all the chemicals and apparatus for the high schools, and general supplies for the truant schools, are delivered direct to the schools at added cost and without adequate inspection on the part of the Bureau of Supplies. With a central supply depository, it is claimed, many economies could be instituted, especially in the handling of supplies for vacation schools and for instruction in domestic science, and in the delivering of supplies throughout the city in general, the cartage of which now costs $27,000 a year, not to speak of saving the time of the Inspectors from the Department of Finance,

who are compelled to visit some six hundred different school buildings at the present time in order to get the information needed.

Everything considered, it would appear that funds for the proposed new building should be provided without further delay, and I would therefore recommend the authorization of a Corporate Stock issue for this purpose to an amount not exceeding $600,000, according to the resolution attached hereto.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding the sum of six hundred thousand dollars ($600,000) to provide means for the construction of a central supply depository for the Department of Education on the site acquired on First avenue, Sixty-seventh and Sixty-eighth streets, Borough of Manhattan, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding six hundred thousand dollars ($600,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—14.

Negative—The President of the Borough of Brooklyn—2.

The Secretary presented the following communication from the Department of Bellevue and Allied Hospitals requesting, and report of the Comptroller recommending, the further modification of the salary schedules supporting the Budget appropriations for the year 1909 for said Department, involving no additional appropriation:

BOARD OF TRUSTEES, BELLEVUE AND ALLIED HOSPITALS,
FIRST AVENUE AND TWENTY-SIXTH STREET,
NEW YORK, November 22, 1909.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment*, No. 277 Broadway, New York City:

SIR—The Trustees have the honor to request the Board of Estimate and Apportionment to amend the schedules of Salaries and Wages of the Department of Bellevue and Allied Hospitals for the year 1909, in accordance with the schedules submitted herewith. The changes therein do not involve any additional expenditure or any transfer of funds. The Municipal Civil Service Commission has ruled that the temporary Hospital Clerks employed in this Department must be reduced to the grade of Hospital Helpers, at $480, and with one exception all the changes made are to meet this requirement. The exception referred to is in the inclusion of Purchasing Agent, at $1,800, and this has been done to comply with the request of the Payroll Bureau of the Department of Finance.

Respectfully,
JOHN W. BRANNAN, President, Board of Trustees.

BELLEVUE AND ALLIED HOSPITALS, BOARD OF TRUSTEES,
FIRST AVENUE AND TWENTY-SIXTH STREET,
NEW YORK, November 23, 1909.

Hon. HERMAN A. METZ, *Comptroller, Department of Finance*, No. 280 Broadway, New York City:

SIR—I have the honor to request you to kindly approve the payrolls of this Department for the month of November, 1909, although they vary slightly from the supporting schedules of the salary appropriations for the current year. These variations consist of several Hospital Clerks (temporary) who have been reduced to the grade of Hospital Helpers at $480, in compliance with the instructions of the Municipal Civil Service Commission. The only exception to this is the addition of a Purchasing Agent at $1,800. A request for a modification of the salary schedules to cover these changes was made to the Board of Estimate and Apportionment on November 22, but cannot be approved before December 3 at the earliest opportunity.

Respectfully,
JOHN W. BRANNAN, President, Board of Trustees.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 1, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—A communication presented to the Secretary of the Board of Estimate and Apportionment from the President of the Board of Trustees of Bellevue and Allied Hospitals, dated November 22, 1909, requesting further modifications of the salary schedules supporting the Budget appropriations for the year 1909 has been referred to me for consideration:

In reporting thereon would say that the President of the Board of Trustees has stated that the Municial Civil Service Commission has ruled that the temporary Hospital Clerks employed in the Department must be changed to the grade of Hospital Helpers at $480 per annum.

It appears that the changes requested involve the following modifications in the schedules:

Four Hospital Clerks at $600 and one at $540 per annum changed to Hospital Helpers at $480; three Hospital Clerks at $480 to Hospital Helpers at $480. A Stenographer at $900, Clerk at $750 and an expert Cataloguer at $900 are dropped, and one Hospital Helper at $300 is added.

A Purchasing Agent at $1,800 a year is added to the General Administration schedule No. 315. This position was established in the Department in 1902, but has been vacant for some time. The duties have been performed by the Assistant Superintendent. A large amount of money is expended each year in this Department for supplies of all kinds, and the statement is made that the entire time of a competent man is required to do the work efficiently.

As the yearly rate of expenditure for salaries is not increased over that fixed for the Department in the Budget appropriations for 1909, I recommend that the request be approved.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following further changes and modifications in the salary schedules supporting the budget appropriations for the year 1909 for the Department of Bellevue and the Allied Hospitals:

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* No. 277 Broadway:

SIR—At a meeting of the Board of Health of the Department of Health, held November 24, 1909, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve of the following further changes and modifications in the Budget schedules for the year 1909, as revised for the Department of Health:

Group VIII. Administration—Supporting schedules to Nos. 377, 405, 417, 434, 446, 384, 409, 424, 436, 448, Salaries and Wages. Change item "Stenographers and Typewriters, 2 at $600, $1,200," to read "Stenographer and Typewriter, 1 at $600"; change item "Typewriting Copyists, 6 at $600, $3,600," to read "Typewriting Copyists, 7 at $600 $4,200."

A true copy.

EUGENE W. SCHEFFER, Secretary.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—A communication presented to the Secretary of the Board of Estimate and Apportionment from the Board of Health, transmitting a copy of a resolution adopted by said Board of Health on November 24, 1909, requesting further modifications of schedules supporting appropriations for salaries in the Budget for 1909 for the Department of Health, has been referred to me for consideration.

It is desired by the Board of Health to change the salary schedule supporting Group VIII. by dropping one Stenographer and Typewriter at $600 per annum and adding one Typewriting Copyist at $600.

As the yearly rate of expenditure for salaries is not increased over that fixed in the Budget appropriation for 1909, I recommend that the request of the Board of Health be approved.

Respectfully,
H. A. METZ, Comptroller.

The Secretary presented the following communication from the Register, New York County, requesting, and report of the Comptroller recommending, the modification of the salary schedules supporting the Budget appropriations for the year 1909, for the office of said Register, involving no additional appropriation.

REGISTER'S OFFICE, HALL OF RECORDS, COUNTY OF NEW YORK,
November 26, 1909.

Hon. HERMAN A. METZ, *Comptroller, City of New York:*

DEAR SIR—I hereby respectfully request a modification of the salary schedule No. 1571, attached to the Budget for the year 1909, as follows:

Preservation of Public Records—

1571. Salaries:

Chief Clerk	$1,800 00	
Clerks, 8 at $1,200 each	9,600 00	
Bookbinders, 3 at $1,200 each	3,600 00	
		$15,000 00

—to read as follows:

1571. Salaries:

Chief Clerk	$1,800 00	
Clerks, 3 at $1,200 each	3,600 00	
Clerks, 6 at $1,00 each	6,000 00	
Bookbinders, 3 at $1,200 each	3,600 00	
		$15,000 00

No additional appropriation will be required, the reason for the request being, to have the salary schedule conform to the payroll.

Yours truly,
FRANK GASS, Register.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 1, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In relation to a communication from the Register of New York County, dated November 26, 1909, requesting a modification of the salary schedule attached to the Budget appropriation for the year 1909 for that office entitled Preservation of Public Records (No. 1571), Salaries, I would report as follows:

The modification asked for involves a change in the line item Clerks, 8 at $1,200, $9,600, to Clerks, 3 at $1,200, $3,600, and Clerks, 6 at $1,000, $6,000.

As this will involve no increase in the yearly rate of expenditure for salaries over that fixed in the Budget, I recommend the approval of the request of the Register in accordance with the resolution hereto appended.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the revision and modification of the schedule supporting an appropriation in the Budget for the year 1909, for the office of the Register of New York County, as follows:

Preservation of Public Records—

1571. Salaries:

Chief Clerk	$1,800 00	
Clerks, 3 at $1,200 each	3,600 00	
Clerks, 6 at $1,000 each	6,000 00	
Bookbinders, 3 at $1,200 each	3,600 00	
		$15,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following resolutions of the Board of Education requesting, and report of the Comptroller recommending, the award of contracts for furnishing pianos for use of the Department of Education to bidders, selected by the said Board on July 6, 1909.

(On September 17, 1909, this matter was referred to the Comptroller.)

To the Board of Education:

The Committee on Buildings respectfully reports that, in response to duly authorized advertisements inserted in the CITY RECORD and other corporation papers, the following bids were received and opened on June 28, 1909:

For Furnishing and Delivering New Pianos for Various Schools in the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond.

The Francis Bacon Piano Company	80 at 240 each	.....	.....
Pease Piano Company	40 at 250 each	30 at 400 each	.....

Your Committee has gone over this matter very carefully, with a desire to secure instruments that will be best adapted for the purpose intended, and has selected the firms hereinafter mentioned, to whom it is recommended that awards, as hereinafter set forth, be made.

It will be necessary to secure the approval of the Board of Estimate and Apportionment, as provided by section 419 of the Charter, since the awards are not in all cases made to the lowest bidders.

The following resolutions are submitted for adoption:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, where required, contracts for furnishing and delivering pianos to various schools in the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond, be and they are hereby awarded as follows:

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to approve the action of the Board of Education in awarding contracts for pianos for use in the public schools to other than the lowest bidders, for the reason that it is for the public interest that bids other than the lowest be accepted, as stated in the foregoing report.

A true copy of report and resolution adopted by the Board of Education on July 6, 1909.

A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education, The City of New York:

LADIES AND GENTLEMEN—The Committee on Buildings has had before it for consideration a letter addressed to the President by the Comptroller, transmitting to him a copy of a report made by the Chief Engineer of the Department of Finance, under date of November 3, 1909, in relation to the award of pianos made by this Board on July 6, 1909 (see Journal, 1909, pp. 1104-5 and 6).

The report referred to states that an examination has been made by an "expert on piano construction," employed for the purpose by the Chief Engineer, and that he, the latter, taking that report as a basis, recommends that the award as made by this Board be radically changed.

A copy of the report of the "expert," and of a comparative chart, prepared by him, accompanies the Engineer's report.

Your Committee entertains grave doubts as to the wisdom or advisability of the changes proposed.

At the time of the receipt of the bids by your Committee, it required each bidder to present a sworn statement, showing the average wholesale price obtained by him for instruments of like quality, size and style as those bid for, covering the three months next prior to the date of the bid. Each statement was accompanied by a certificate as to its accuracy, furnished by a certified Public Accountant, and that the prices were "net."

Your Committee was thus authoritatively informed as to the "actual trade valuation for the wholesale market" of each make offered, and this and the price bid were compared, and both taken into account in making the award, as well as the musical and wearing qualities of the instruments and their reputed standing in the estimation of the musical and artistic world.

Your Committee, after a careful consideration of the various reports presented by the Comptroller, and having in mind the actual evidence obtained by observations of the pianos in the schools, is firmly of the opinion that the conclusions of the aforesaid reports, drawn without the considerations of "relative values" and "service," are not for the best interests of the schools, and it therefore submits the following resolutions for adoption:

Resolved, That, after due consideration thereof, this Board is of the opinion that the recommendations of the Chief Engineer of the Department of Finance, reapportioning the award of pianos which was made by this Board on July 6, 1909, are not desirable, nor would the instruments to be furnished as indicated therein be, in the judgment of this Board, such as would best serve the interests of the public schools; and be it further

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to approve of the award for pianos as made by this Board on July 6, 1909, without any change or substitution.

A true copy of report and resolutions adopted by the Board of Education on November 24, 1909.

The Francis Bacon Piano Company	80 at 240 each	.....	.....
Pease Piano Company	40 at 250 each	30 at 400 each	.....

The Board of Education on July 6, 1909, made the following awards, subject to the approval of the Board of Estimate and Apportionment, as provided in section 419 of the Charter, as follows:

	Item 1. Uprights.	Item 2. Baby Grands.	Item 3. Concert Grands.
William Knabe & Co.	15 at $265 each	6 at $485 each	5 at $700 each
George Steck & Co.	15 at 265 each	5 at 450 each	5 at 625 each
Sohmer & Co.	15 at 265 each	5 at 475 each	4 at 650 each
Hardman, Peck & Co.	8 at 250 each	4 at 400 each	.....
J. & C. Fischer	6 at 250 each	4 at 375 each	1 at 425
H. & S. G. Lindeman	5 at 225 each	3 at 390 each	.....

Lawson & Co.	4 at 240 each	.....	.....
The Francis Bacon Piano Company	4 at 240 each	.....	.....
The Walters Piano Company	3 at 225 each	1 at 370	.....

I have had the different makes of pianos examined, for which awards were made, by an expert on piano construction; he reported that certain pianos are not in his opinion worth as much as the price bid and others are more than ordinary good value for the money.

Taking the expert's report as a basis, the new schedule was transmitted to the Board of Education for its consideration. In reply the Committee on Buildings of the Board of Education states:

"At the time of the receipt of the bids by your Committee it required each bidder to present a sworn statement showing the average wholesale price obtained by him for instruments of like quality, size and style as those bid, covering the three months next prior to the date of the bid. Each statement was accompanied by a certificate as to its accuracy, furnished by a certified Public Accountant, and that the prices were 'net.'

"Your Committee was thus authoritatively informed as to the 'actual trade valuation for the wholesale market' of each make offered, and this and the price bid were compared and both taken into account in making the award, as well as the musical and wearing qualities of the instruments and their reputed standing in the estimation of the musical and artistic world.

'Your Committee, after a careful consideration of the various reports presented by the Comptroller, and having in mind the actual evidence obtained by observation of the pianos in the schools, is firmly of the opinion that the conclusions of the aforesaid reports, drawn without the consideration of 'relative values' and 'service,' are not for the best interests of the schools, and it therefore submits the following resolutions for adoption."

My expert's report and comparative chart shows fuller detail than any information furnished this Board by the Board of Education, that it did consider 'relative values' and 'service,' and was his opinion what was for the best interest of the schools, but as the Committee states that the question of the value of the respective pianos has been considered in detail, and since my expert's estimate of the value of the pianos does not differ more than $10 in value in any case, I am constrained to advise that the Board of Estimate and Apportionment approve the bids as selected by the Board of Education.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of and concurs in the resolution adopted by the Board of Education July 6, 1909, awarding the contracts for furnishing and delivering new pianos for various public schools in the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond to other than the lowest bidders, as set forth therein, for the reason that it is for the best interest of the City that bids other than the lowest should be accepted.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented a report of the Comptroller referring to the request of the Commissioner of Bridges for authority, pursuant to resolution adopted December 18, 1908, to advertise and award a contract for the construction of stairways and elevators in the anchor piers of the Blackwells Island Bridge, at an estimated cost of $90,000, and recommending that authority for the work in connection with the Manhattan tower, as set forth therein, be denied, that approval be withheld for the stairs, elevators, etc., for the Queens tower until plans are formulated permitting their use in connection with the bridge trolley service, and in the matter of toilet accommodation, until these are designed for locations more generally accessible.

Which was ordered on file and the Secretary directed to transmit a copy thereof to the Commissioner of Bridges.

(On September 17, 1909, the request of the Commissioner of Bridges, as above, was referred to the Comptroller.)

The Secretary presented a resolution of the Board of Aldermen requesting that the property owned by the City under the elevated railroad on Park avenue, between One Hundred and Eleventh and One Hundred and Twenty-fourth streets, Borough of Manhatan, be turned over to the Park Department for the purpose of converting the same into a playground, and that a sufficient sum be appropriated for equipment and maintenance.

Which was referred to the Commissioners of the Sinking Fund and to the Comptroller.

The Secretary presented the following communication from the Comptroller, requesting the issue of Corporate Stock in the sum of $110, to replenish the Fund for Street and Park Openings in the matter of appraising property in connection with the opening of South street, from Stuyvesant place to the bulkhead line, formerly known as the Lighthouse property at said location, Borough of Richmond:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 7, 1909.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Division of Real Estate of the Department of Finance that bills of expenses have been incurred to the amount of one hundred and ten dollars ($110) for appraising the Lighthouse property situated at the southeast corner of South street and Stuyvesant place, in the Borough of Richmond, formerly owned by the United States Government and acquired by the City in accordance with the resolution of the Board of Estimate and Apportionment, adopted May 29, 1903, for the opening of South street, from Stuyvesant place to the bulkhead line.

To provide means for the payment of these expenses, Corporate Stock should be issued to the amount of one hundred and ten dollars ($110), pursuant to the provisions of section 174 of the Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 174 of the Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of one hundred and ten dollars ($110), the proceeds whereof to be paid into the Fund for Street and Park Openings, for the purpose of providing means for the payment of the expenses incurred for appraising property in connection with the opening of South street, from Stuyvesant place to the bulkhead line, which said property was formerly known as the Lighthouse property, owned by the United States Government, at the southeast corner of South street and Stuyvesant place, in the Borough of Richmond, the cost and expense of which is to be paid out of the Fund for Street and Park Openings, pursuant to the provisions of resolutions of the Board of Estimate and Apportionment adopted May 29, 1903; April 14, 1905, and January 15, 1909.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented the following communication from the Deputy and Acting Commissioner of Bridges requesting, and communication from the Comptroller recommending, an issue of $15,636.60 Corporate Stock, to provide means for the payment of awards, interest thereon and the cost and expenses, in the matter of acquiring title to property on the southerly side of Front street, 175 feet 5 inches west of Garrison street, Borough of Brooklyn:

DEPARTMENT OF BRIDGES, CITY OF NEW YORK,
NOS. 13-21 PARK ROW,
NEW YORK, November 30, 1909.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I am in receipt of a communication from the Corporation Counsel dated November 18, 1909, in which he advises me that the report of the Commissioners of Estimate and Appraisal, in the matter of acquiring title by The City of New York to property situate on the southerly side of Front street, 170 feet 5 inches west of Garrison street in the Borough of Brooklyn, for the use of the Brooklyn Bridge, was confirmed by an order of the Supreme Court dated November 15, 1909, and filed in the office of the Clerk of the County of Kings on November 16, 1909.

The title to the aforesaid property became vested in The City of New York on April 10, 1907, and the award for said property bears interest at the rate of 6 per cent. per annum from that date.

I respectfully request your Honorable Board to authorize the issue of Corporate Stock of The City of New York for the amount of the award, with interest thereon, together with the costs and expenses of the proceeding taxed by the Supreme Court, as follows:

Amount of award	$12,605 77
Fees of Commissioners and expenses	561 80
Interest on award from April 10, 1907, to April 10, 1910	2,269 03
Total	$15,436 60

The interest on the award has been figured sufficiently in advance to cover a possible delay in the authorization and sale of Corporate Stock.

Very truly yours,
JOHN H. LITTLE, Deputy and Acting Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 7, 1909.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Corporation Counsel that the report of the Commissioners of Estimate, in the matter of acquiring title, etc., to the southerly side of Front street, 175 feet 5 inches west of Garrison street, in the Borough of Brooklyn, duly selected for bridge purposes, was confirmed by an order of the Supreme Court dated November 15, 1909, and entered in the office of the Clerk of the County of Kings November 16, 1909.

The title to the lands taken in this proceeding became vested in The City of New York on April 10, 1907, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted July 6, 1906.

The total amount of the awards is	$12,605 77
Interest thereon from April 10, 1907, to April 10, 1910	2,269 03
Costs, charges and expenses	761 80
Total	$15,636 60

To provide means for the payment of these expenses, Corporate Stock to the amount of fifteen thousand six hundred and thirty-six dollars and sixty cents ($15,636.60) should be issued, pursuant to the provisions of section 47 of the Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding the sum of fifteen thousand six hundred and thirty-six dollars and sixty cents ($15,636.60), to provide means for the payment of awards, interest thereon and the cost and expenses in the matter of acquiring title to certain lands and premises situated on the southerly side of Front street, 175 feet 5 inches west of Garrison street, Borough of Brooklyn, selected for bridge purposes according to law, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifteen thousand six hundred and thirty-six dollars and sixty cents ($15,636.60), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented a communication from the County Clerk, Kings County, requesting the establishment of the positions of Equity Clerk at $1,750 per annum for four incumbents, and of Docket Clerk at $1,750 per annum for three incumbents.

Which was referred to the Select Committee consisting of the Comptroller and the President, Board of Aldermen.

The Secretary presented the following communication from the Comptroller, recommending the acquisition, by private sale, at a price not exceeding $3,000, of property located on Seventy-ninth street, between Eleventh and Twelfth avenues, Borough of Brooklyn, for the use of the Fire Department:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 7, 1909.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—The Secretary of the Fire Department, in a communication under date of November 9, requests that sites be purchased for the use of the Fire Department in locations as follows:

Seventy-ninth street, between Eleventh and Twelfth avenues, Borough of Brooklyn, and another in Rockaway Park, Borough of Queens.

The Deputy Fire Commissioner in charge of the Boroughs of Brooklyn and Queens states that there is a site on the east side of Seventy-ninth street, 180 feet north of Twelfth avenue, being 60 by 100 feet, the estimated cost of which is $2,400, but that 40 by 100 feet will be sufficient for a house such as he desires to build for the protection of that vicinity. An examination of the premises shows that the 60 by 100 feet is owned by one individual, and if we acquired the part 40 by 100 feet, it would practically make useless the other 20-foot lot. The entire 60 feet is known as Lot No. 53, Block 6254, Section 19, on the assessment maps, Borough of Brooklyn, for the purposes of taxation, and as such is assessed for the year 1909 for $1,350. The property is owned by Mrs. Sarah F. Furey, who bought the plot at auction in April, 1908, from the executors of the Mary McAneny estate, for the sum of $1,500, and she has paid several assessments for the opening of streets.

Seventy-ninth street is 60 feet wide, macadamized, with cobblestone gutters, and has gas and sewer, but has no public main between Eleventh and Thirteenth avenues. Twelfth avenue has not been cut through between Seventy-eighth and Eightieth streets, and Eleventh avenue is also unimproved east of Seventy-ninth street; the west of Seventy-ninth street has an asphalt street. The plot desired by the Fire Department is nearly at the top of the hill, with a rise of 34 feet from Thirteenth avenue. To attempt to acquire this property by condemnation proceedings would cost more than the property can be acquired at private sale. I am of the opinion that the $3,000 asked by the owner, while full value, is not excessive, and I recommend that the Board of Estimate and Apportionment adopt a resolution approving the request of the Commissioner of the Fire Department, and authorize the acquisition of the following described property:

Being all those three certain lots, pieces or parcels of land, situate, lying and being in the Borough of Brooklyn, County of Kings, bounded and described as follows:

Beginning at a point on the easterly side of Seventy-ninth street distant 180 feet northerly from the intersection of the easterly side of Seventy-ninth street and the northerly side of Twelfth avenue, running thence easterly parallel with Twelfth avenue 12 feet to the centre line of the block between Seventy-eighth and Seventy-ninth streets, running thence northerly parallel with Seventy-ninth street 60 feet, running thence westerly again parallel with Twelfth avenue 100 feet to the easterly side of Seventy-ninth street, running thence southerly along th easterly side of Seventy-ninth street 60 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of in and to the street in front thereof to the centre thereof.

—at a price not exceeding $3,000, the said contracts, when entered, to be approved by the Corporation Counsel as to form.

Respectfully submitted,
MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.
Approved:
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Fire Department of the following described property located on Seventy-ninth street, between Eleventh and Twelfth avenues, Borough of Brooklyn, for the use of said Department:

All those three certain lots, pieces or parcels of land situate, lying and being in the Borough of Brooklyn, County of Kings, bounded and described as follows:

Beginning at a point on the easterly side of Seventy-ninth street distant 180 feet northerly from the intersection of the easterly side of Seventy-ninth street and the northerly side of Twelfth avenue; running thence easterly parallel with Twelfth avenue, 12 feet to the centre line of the block between Seventy-eighth and Seventy-ninth streets; running thence northerly parallel with Seventy-ninth street 60 feet; running thence westerly again parallel with Twelfth avenue 100 feet to the easterly side of Seventy-ninth street; running thence southerly along the easterly side of Seventy-ninth street 60 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the street in front thereof to the centre thereof;

—and the Comptroller be and is hereby authorized to enter into contracts for the acquisition of the above described property at private sale, at a price not exceeding three thousand dollars ($3,000), said contracts to be submitted to the Corporation Counsel for approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented a petition of the Foremen (Captains) of companies and of Assistant Foremen (Lieutenants) in the Fire Department for increases in their salaries at the rates of $2,750 and $2,250 per annum, respectively.

Which was referred to the Select Committee consisting of the Comptroller and the President, Board of Aldermen.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

A—$2,000, as requested by the Commissioner of Bridges, from the account Queensboro Bridge, No. 124, Emergency Snow Removal, to the account General Administration, No. 79, Contingencies, for the year 1909:

DEPARTMENT OF BRIDGES, CITY OF NEW YORK,
NOS. 13 TO 21 PARK ROW
NEW YORK, December 1, 1909.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I have to request the following transfer within the appropriations supporting the Budget appropriation for this Department for the year 1909 to meet the necessary expenses entailed in the opening of the Manhattan Bridge, as follows:

From Queensboro Bridge (subdivision No. 124), Emergency Snow Removal, $2,000, the same being in excess of the amount required for the purposes thereof, to General Administration (subdivision No. 79), Contingencies, $2,000, the amount of said appropriation being insufficient.

This does not increase the Budget appropriation for this Department for the year 1909.

Respectfully,
J. W. STEVENSON, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 7, 1909.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request, under date of December 1, 1909, from the Commissioner of the Department of Bridges, for a transfer of $2,000 within the appropriation made for said Department for the present year, I submit my report as follows:

The requested transfer is from Queensboro Bridge (No. 124), Emergency Snow Removal, $2,000, to General Administration (No. 79), Contingencies, $2,000.

I am advised that the Commissioner desires to formally open the new Manhattan Bridge on or about December 24, 1909, and as no appropriation to provide for the expenses incident thereto is available, he proposes to pay such charges from the appropriation, General Administration, Contingencies, the only account of said Department from which such expenditures can properly be made.

From memoranda submitted by the Commissioner's representative, it appears that the status of said accounts, as of December 1, 1909, was as follows:

	No. 124.	No. 79.
Budget appropriation and transfers for 1909	$6,000 00	$1,200 00
Expenditures and outstanding liabilities	1,538 63	1,036 62
Unencumbered balance	$4,461 37	$163 38

It therefore appears that while account No. 79 is nearly depleted, account No. 124 has an ample unencumbered balance to meet the proposed transfer of moneys.

While the Commissioner's proposition to open the Manhattan Bridge on December 24, 1909, will require only provision for eight days' expenses, yet, as it will be necessary to install an operating force for at least one week earlier than that date to accustom the employees to their duties, the estimated requirements are, I am advised, based upon a period approximately one-half the month of December, as follows:

Salaries—		
9 Bridge Keepers at $1,095 per annum, one-half month	$410 00	
6 Bridge Keepers at $900 per annum, one-half month	225 00	
1 Foreman Laborer, at $1,800 per annum, one-half month	75 00	
		$710 00
Wages—		
20 Laborers at $2.50 per day, 15 days		750 00
Supplies, etc.—		
Cleaning supplies, sand, salt, etc	$125 00	
Hired Teams Horses and Carts	115 00	
Removal of Snow	300 00	
		540 00
Total		$2,000 00

The Bridge Keepers are to act as ticket sellers and gatemen, and the Laborers and Hired Teams, Horses and Carts are required for the proper cleaning of the said bridge.

While, as a general proposition, such unanticipated expenses as the one in question should properly be provided for by an issue of Special Revenue Bonds, yet, in view of the fact that the time usually required to obtain an authorization of such Special Revenue Bonds through concurrent action of the Board of Aldermen and the Board of Estimate and Apportionment precludes such a procedure in this instance, the charging of such expenditures to a "contingency account" and the providing for such emergency by a transfer from an emergency account already provided, though for another purpose, would not appear to be improper.

In view of the above statements, I recommend the adoption of the resolution hereunto attached.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of two thousand dollars ($2,000) be and the same is hereby transferred from the appropriation made to the following Department, for the year 1909, the same being in excess of the amount required for the purposes thereof, viz., Department of Bridges—Queensboro Bridge (No. 124), Emergency Snow Removal, to the appropriation made to the following Department, for the year 1909, the same being insufficient for the purposes thereof, viz., Department of Bridges—General Administration (No. 79), Contingencies.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

B—$1,000, as requested by the Secretary, Board of Estimate and Apportionment, from the account No. 986½, Contingencies, to the account No. 986, Fees of Consulting Architects and Engineers, for the year 1909.

BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,
OFFICE OF THE SECRETARY, No. 277 BROADWAY,
December 4, 1909.

Hon. HERMAN A. METZ, *Comptroller:*

DEAR SIR—The appropriation made for the Board of Estimate and Apportionment for 986, Fees of Consulting Architects and Engineers for the year 1909 is $10,000 00
The amount of vouchers certified to you for payment to date is 7,925 57

Leaving a balance of $2,074 43
The estimated amount of expense to be charged to this account for the balance of this year is 3,000 00

This produces a shortage of $925 57

I therefore request that you approve of the transfer of $1,000 from the appropriation for 986½, Contingencies, for 1909, to 986, Fees of Consulting Architects and Engineers, to meet the above described deficiency.

Yours very truly,
JOSEPH HAAG, Secretary.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 7, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication received from the Secretary of the Board of Estimate and Apportionment, dated November 24, 1909, requesting that a transfer of the sum of $1,000 from the appropriation made for the said Board for the year 1909, entitled No. 986½, Contingencies, to the appropriation made for the same Board for the same year, entitled No. 986, Fees of Consulting Architects and Engineers, I would report as follows:

The amount allowed in the Budget for the year 1909 for appropriation No. 986, Fees of Consulting Architects and Engineers, was $10,000, and I am informed that the vouchers certified to the Department of Finance for payment to date amount to $7,925.57, leaving a balance of $2,074.43. It is estimated by the Secretary that the amount required to meet the expenses chargeable to this account will aggregate $3,000, which will result in a deficiency of $925.57, and that there will be a balance in the appropriation No. 986½, Contingencies, more than sufficient to cover the deficiency under consideration.

In view of the foregoing facts, I would recommend the adoption of the resolution appended hereto.

Respectfuly,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of one thousand dollars ($1,000) be and the same is hereby transferred from the appropriation made to the following Department for the year 1909, the same being in excess of the amount required for the purposes thereof, viz., Board of Estimate and Apportionment (No. 986½), Contingencies, to the appropriation made to the following Department for the year 1909, the same being insufficient for the purposes thereof, viz., Board of Estimate and Apportionment (No. 986), Fees of Consulting Architects and Engineers.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

C—$250, as requested by the Court of General Sessions, from the account No. 1516, for the establishment and maintenance of a library for the Court of General Sessions and for the Supreme Court, Criminal Part, etc., to the account No. 1502, Contingencies, for the year 1909.

COURT OF GENERAL SESSIONS OF THE PEACE,
COUNTY OF NEW YORK,
CLERK'S OFFICE, November 30, 1909.

To the Honorable, the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—In many instances, during the current year, the Judges of this Court have been compelled to secure the services of special interpreters during the trial of cases in this Court; these emergency instances arising by reason of the fact that the official Interpreters did not understand the language to be translated, or were officially engaged in other parts of the Court, and, consequently, not available.

The bills for the services of these special interpreters were paid out of the fund for Contingencies of this Court, and, because of these payments, the amount appropriated for this fund for 1909 is not sufficient for the needs of this Court. The charging of these unanticipated amounts against this fund will result in a deficit at the end of the year.

Upon November 30, 1909, there was an unexpended balance of about $450 in the Library Fund of this Court over and above the amount which the Judges of this Court were entitled to expend for the library of the Court of General Sessions.

I respectfully ask that your Honorable Board transfer the sum of $250 from the said Library Fund of this Court to the fund for Contingencies of this Court, to meet the necessary expenses to be incurred in the proper transaction of business for the balance of the year.

Inasmuch as the appropriation for the Library Fund, under the authority conferred by chapter 865 of the Laws of 1895, is to be expended under and by direction of the Judges of this Court, the Judges of this Court have consented that the transfer of the sum of $250 be made from the said Library Fund to the said fund for Contingencies.

I respectfully request that the application for a transfer to the Contingent Fund, made under date of November 10, 1909, be considered withdrawn.

Very respectfully yours,
EDWARD R. CARROLL, Clerk of Court.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 2, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Clerk of the Court of General Sessions of the County of New York, requesting a transfer of $250 from the appropriation for the establishment and maintenance of a library, to the appropriation for Contingencies of said Court for the year 1909, which has been referred to me for consideration, I would submit the following report:

The allowance for Contingencies for the Court of General Sessions for 1909 was $1,250. On December 1 the unexpended balance of the account amounted to $11.15. This amount will be far below the amount that will be required for expenditures chargeable to Contingencies during the present month.

According to statements made by Edward R. Carroll, Clerk of the Court, the services of special interpreters had to be secured in the trials of important cases during the year and their fees were paid from the allowance for contingencies. The charges for these unanticipated expenditures necessitates a replenishing of the account to prevent a deficit.

There is an unexpended balance of $738.55 in the amount allowed in the Budget for 1909 for the establishment and maintenance of a library for the Court of General Sessions. Chapter 865, Laws of 1909, provides that expenditures from the library appropriation shall be under and by direction of the Judges. I am informed by the Clerk of the Court that the Judges have approved of the requested transfer from the library appropriation.

As this transfer seems necessary to provide sufficient funds to prevent a deficit in the contingent account, and in view of the fact that it results in no addition to the aggregate maintenance cost of the Court for the year, I recommend favorable consideration of the resolution hereto appended.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of two hundred and fifty dollars ($250) be and the same is hereby transferred from the appropriation made to the following Department, for the year 1909, the same being in excess of the amount required for the purposes thereof, viz.: Miscellaneous—Court of General Sessions and Supreme Court, criminal part (No. 1516), for the establishment and maintenance of a library for the Court of General Sessions and for the Supreme Court, criminal part, to be expended under the direction of the Judges of the Court of General Sessions, to the appropriation made to the following Department, for the year 1909, the same being insufficient for the purposes thereof, viz.: Court of General Sessions (No. 1502), Contingencies.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

D—$14,000, as requested by the Commissioner of Correction, within appropriation made for the year 1909.

DEPARTMENT OF CORRECTION,
No. 148 EAST TWENTIETH STREET,
NEW YORK, November 10, 1909.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment, New York City:*

DEAR SIR—I would respectfully ask the Honorable the Board of Estimate and Apportionment to authorize the following transfers of appropriations made to this Department for the year 1909, from such as do not need the full amounts assigned to them, to other appropriations which are insufficient for the purposes thereof:

From—
345. Manufacturing Supplies, Reformatory, Harts Island $14,000 00
To—
336. Materials for Repairs and Replacements by Department Labor $4,900 00
337. Repairs by Contracts or Open Orders 8,500 00
342. Donations to Discharged Prisoners 600 00
$14,000 00

All such transfers being for the year 1909.

Very respectfully,
JOHN J. BARRY, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 18, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request of the Commissioner of the Department of Correction, dated November 10, 1909, for the transfer of $14,000 within the appropriations made for the said Department for the year 1909, I would report as follows:

The Budget appropriation for manufacturing supplies to be used at the Reformatory on Harts Island during 1909 was $15,000. Owing to a fire, which occurred in January of the present year, the usual manufacturing industries could not be carried on, and there has been but a small expenditure for supplies. The Commissioner requests that $14,000 of the balance remaining to the credit of that account be transferred to provide for the necessities of accounts, the Budget appropriations for which are insufficient, as follows:

Materials for Repairs and Replacements by Departmental Labor $4,900 00
Repairs by Contracts or Open Orders 8,500 00
Donations to Discharged Prisoners 600 00

The additional amount requested for Materials for Repairs and Replacements by Departmental Labor is to provide for the purchase of materials to be used by prisoners in repairs to buildings, etc., the expenditure being greater than anticipated, due, to some extent, to the fact that prisoners formerly engaged in manufacturing industries have been employed at other work.

The $8,500 to be transferred to account of Repairs by Contracts or Open Orders is to be expended for the following purposes: $1,500 for wire mesh screens on windows of Raymond Street Jail, Brooklyn; $3,000 for repairs to machinery, Blackwells Island; $3,000 for new steam-heating plant at Jefferson Market Building, and $1,000 for minor repairs.

Under the law certain prisoners, upon their discharge, receive $5 and a suit of clothes each. To meet expenditures for this purpose in 1909, request is made that the Budget appropriation of $5,000 be supplemented by the transfer of $600. It may be stated in connection with this request that the State refunds to the City Treasury the amounts expended by the Department of Correction for this purpose.

In view of the fact stated herein, I recommend that the request of the Commissioner of the Department of Correction be approved, as per resolution attached hereto.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of fourteen thousand dollars ($14,000) be and the same is hereby transferred from the appropriation made to the following Department, for the year 1909, the same being in excess of the amount required for the purpose thereof,

viz.: Department of Correction, Miscellaneous (No. 345), Manufacturing Supplies, Reformatory, Harts Island, to the appropriation made to the following Department, for the year 1909, the same being insufficient for the purposes thereof, viz:

Department of Correction.

General Administration—		
336	Materials for Repairs and Replacements by Departmental Labor	$4,900 00
337	Repairs by Contracts or Open Orders	8,500 00
Miscellaneous—

		$14,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond, and the Acting President of the Borough of Manhattan—16.

The secretary presented a report of the Comptroller recommending the modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the office of the District Attorney, Kings County, involving no additional appropriation.

The resolution carrying into effect the modification of the schedule of Salaries and Salaries and Wages for the office of the District Attorney, Kings County, as recommended in the report of the Comptroller, failed of adoption, receiving the following vote:

Affirmative—The Comptroller, the Presidents of the Boroughs of Brooklyn, Queens and Richmond—7.

Negative—The Mayor, the President of the Board of Aldermen, the President of the Borough of The Bronx and the Acting President of the Borough of Manhattan—9.

The Secretary presented the following communication from the Board of Health requesting the approval of the selection of property on Sixteenth street and Irving place, Manhattan, for the use of the Department of Health, also the issue of $900,000 Corporate Stock for the acquisition of said property, etc., and further requesting authority, pursuant to resolution adopted December 18, 1908, to expend $100,000 of the fund heretofore appropriated in connection therewith, together with reports of the Comptroller recommending the acquisition, at private sale, at a price not exceeding $850,000, of property located on the southwest corner of Sixteenth street and Irving place, Borough of Manhattan, for the use of the Health Department and the Tenement House Department.

The Comptroller moved that the said property be acquired for the use of the Bureau of Buildings, Borough of Manhattan, as well as for the above-mentioned Departments, which motion was adopted.

(On September 17, 1909, the request of the Health Department for the acquisition of said property and for the issue of $900,000 Corporate Stock, etc., therefor, was referred to the Comptroller.)

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE SECRETARY, No. 277 BROADWAY,
September 17, 1909.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—At a meeting of the Board of Estimate and Apportionment held this day a communication was presented from the Board of Health requesting the Board of Estimate and Apportionment to approve of the selection by said Board of Health of property on Sixteenth street and Irving place, Borough of Manhattan, as its chief office, and to authorize the issue of Corporate Stock in the sum of $900,000 for the acquisition of said site and building thereon, and further requesting authority, pursuant to resolution adopted December 18, 1908, to expend the sum of $100,000 from the proceeds of Corporate Stock heretofore authorized for the acquisition of sites and the erection of buildings under the jurisdiction of the Department of Health, for the purpose of making initial payment upon the execution of the contract for the sale of the premises above described, which was referred to you for consideration and report.

I transmit herewith original communication with the request that you return same with your report.

Yours very truly,
WILLIAM M. LAWRENCE, Assistant Secretary.

DEPARTMENT OF HEALTH,
CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE,
NEW YORK, July 23, 1909.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* No. 277 Broadway:

SIR—At a meeting of the Board of Health of the Department of Health held July 21, 1909, the following preambles and resolutions were adopted:

Whereas, Pursuant to the provisions of the Greater New York Charter, the Board of Health is required to establish and maintain in the several Boroughs of The City of New York, offices wherein the duties and business of the Department of Health shall be performed and discharged under its rules, regulation and control, and is further required to always maintain its chief office in the Borough of Manhattan, wherein shall be preserved and kept all the records, books, reports, files and papers belonging and pertaining to the general administration of said Board and Department of Health, as well as those which belong to, and have special reference to the business and transactions of said Department in the Borough of Manhattan: and

Whereas, The lease of the premises at present occupied by said Department as its chief office at Nos. 963 to 969 Sixth avenue, Borough of Manhattan, terminated on the 1st day of May, 1909, and it is deemed best for the interests of The City of New York not to renew same; and

Whereas, A proposition has been received from Mr. Reon Barnes, agent for the Kips Bay Realty Company, owners of the premises situate the southwest corner of Irving place and Sixteenth street, Borough of Manhattan, City of New York, consisting of a plot of land 100 feet in length on Sixteenth street and 123 feet 9 inches in length on Irving place, upon which is in course of construction a twelve-story and basement steel, brick terra cotta and reinforced concrete office building, to sell said site and building when completed, to The City of New York for the sum of eight hundred and fifty thousand dollars; therefore be it

Resolved, That the Board of Health of the Department of Health of The City of New York hereby selects and approves of the premises situate the southwest corner of Sixteenth street and Irving place for its chief office; and be it further

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to approve of the selection by the Board of Health of said premises for its main office, and to authorize the Comptroller to enter into a contract for the acquisition of the above described property at private sale at a price not exceeding eight hundred and fifty thousand dollars, said contracts to be submitted to the Corporation Counsel for approval as to form and to include the following provisions—one hundred thousand dollars to be paid by the City upon the signing of the contract, the balance upon the completion and acceptance of the building; and be it further

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment is hereby requested to approve of the issue of Corporate Stock of The City of New York to an amount not exceeding nine hundred thousand dollars, to provide means for the acquisition of the site and building situate the southwest corner of Sixteenth street and Irving place, in the Borough of Manhattan, to be occupied by the Department of Health as its main office, for the examination of title thereof, and for the furnishing and equipment of said building, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding nine hundred thousand dollars, the proceeds whereof to be applied to the purposes aforesaid; and be it further

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to release the Board of Health from the restrictions of a resolution adopted by the Board of Estimate and Apportionment, at a meeting held December 18, 1908, requesting the heads of the various City departments and offices not to advertise for contracts nor enter into any further obligations to be paid for by the issues of Corporate Stock, without first submitting the same to the Board of Estimate and Apportionment for reapproval, and to approve of the expenditure of the sum of one hundred thousand dollars by the Comptroller, for the purpose of making initial payment upon the execution of the contract for the sale of the premises above described, said sum to be paid from the proceeds from the sale of Corporate Stock heretofore authorized for the acquisition of sites and erection of buildings under the jurisdiction of the Department of Health and known as the Department of Health Building Fund."

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 30, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The Board of Estimate and Apportionment, at a meeting held on September 17, 1909, referred to me for consideration and report, a communication from the Board of Health requesting the Board of Estimate and Apportionment to approve the selection by the Board of Health of property on Sixteenth street and Irving place, Borough of Manhattan, as its chief office, and to authorize the issue of Corporate Stock in the sum of $900,000 for the acquisition of said site and building thereon; and further, requesting authority, pursuant to a resolution adopted December 18, 1908, to expend the sum of $100,000 from the proceeds of Corporate Stock heretofore authorized for the acquisition of sites and the erection of buildings under the jurisdiction of the Department of Health, for the purpose of making initial payment upon the execution of the contract for the sale of the premises above described. Attached to the papers was a resolution of the Board of Health, adopted at a meeting held July 21, 1908. Upon receipt of the papers I requested publicly that there be submitted to the Finance Department lands and buildings suitable for a site for the Health Department, and gave an area between Fourteenth and Fifty-ninth streets, and Second and Seventh avenues, and under such public notice this office received a large number of offers.

Under date of October 21 these offers were submitted to the Commissioners of the Department of Health in a communication which requested that the Department of Health select any four of the sites submitted, which of course included the Sixteenth street and Irving place site, any one of which would be satisfactory to his Department. No reply has been made to this communication. I requested the Real Estate Bureau to fix a value upon the land on Irving place and Sixteenth street, and the Engineering Division to fix a value on the cost of construction of the building to be erected thereon, based upon the plans and specifications and contracts which the owner of the said building had submitted to the Finance Department.

As to the land, I have been informed that the plot contains 11,965 square feet, having a frontage of 100 feet on Sixteenth street with a depth along Irving place of 103 feet 3 inches plus an additional house on Irving place of 20 feet 6 inches by 80 feet. This property is known on the tax books for the year 1909 as Lots Nos. 20 and 64 to 69, inclusive, and Block 871, Section 3, on the land maps, Borough of Manhattan, for the purposes of taxation; and for such purpose was assessed in the year 1909, land and buildings, $167,500. I have been informed by the Real Estate Bureau that the market value of the land is $275,000. The Engineers have reported the value of the building to be $450,000, making a total of $725,000. This total value is very much less than the asking price named by the party who is trying to sell the same to the City; therefore, I cannot, in accordance with the Charter, deem the price to be reasonable and just. I have also been informed by the Real Estate Bureau that, if the Board of Estimate and Apportionment authorize the issue of Corporate Stock in such an amount to be agreed upon as the price to be paid for the property, said resolution will have to be passed upon by the Board of Aldermen; so that, as a matter of fact, no contract could be legally entered into for the acquisition of this property until the Board of Aldermen had approved of the authorized issue of stock.

I submit the matter to the Board for such action as they may deem necessary and proper.

Respectfully,
H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 7, 1909.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—There will be upon the calendar for this Friday's hearing of the Board of Estimate and Apportionment matter of the approval of the Board of Estimate and Apportionment for the acquisition of certain property on the southwest corner of Sixteenth street and Irving place, for the use of the Department of Health, City of New York, the Department of Buildings, Borough of Manhattan, and the Tenement House Commission, City of New York.

In that report I stated the value of the land to be $275,000. It was reported to me that I was very much below the fair market value of the land, and acting upon your suggestion I have had two appraisals made upon the property; one, the appraising of De Selding Brothers, who have fixed a value of $339,400; the other, of Mr. Frank A. Curry, who has fixed a price of $302,500. In estimating my value of the buildings the value upon the same at $23 a square foot amounted to $275,000. I did not add plottage in my figures, which would be 10 per cent. additional.

I understand the owners of the property have received appraisals from a number of real estate experts. I would respectfully recommend that the owners be requested to furnish the Board of Estimate and Apportionment with the opinion of the real estate experts as to the value of the land, in order that the Board may determine from all of them what price the City in fairness and equity should pay for this land, to which amount when so fixed should be added the sum of $450,000 for the building.

Allowing in round figures $340,000 of De Selding Brothers and $450,000, which is the amount agreed upon as the value of the building, the total amount would be $790,000, or $60,000 less than the asking price from the owners. I believe that if the owners will furnish you with the appraisals obtained by them from the real estate experts in New York City you will find a wide variance as to what would be considered the market value.

Respectfully,
MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

To the Board of Estimate and Apportionment:

GENTLEMEN—I have examined the various appraisals furnished me by the owners of the property, and taking all in all, making allowance for the difference of opinion of experts, think the land is or soon will be worth $350,000, as some of the appraisers fixed. Adding to this the actual cost of putting up the building, which is conceded to be $450,000, will make a total of $800,000. In view of the fact that the Health Department must have new quarters immediately, and that the building in question is ample for housing the Health Department, the Tenement House Department and probably the Building Department, and as the City can get possession within a few months, and can undoubtedly make certain necessary alterations in the meantime by arranging with the builders, I think the City would receive at $850,000, the price asked, a fair bargain, and obtain a building in an accessible site for a less sum than it could

erect a similar building, and at a great saving of time, and the difference, if there be any, would be more than taken up by inconvenience and cost of moving the Health Department in the meantime. I therefore consider it to the best interests of the City and recommend the adoption of the resolution.

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding the sum of eight hundred and fifty-five thousand dollars ($855,000) to provide means for the acquisition, and expenses in connection therewith, of property located on the southwest corner of Sixteenth street and Irving place, Borough of Manhattan, for the use of the Health Department, the Tenement House Department and the Bureau of Buildings, office of the President, Borough of Manhattan, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eight hundred and fifty-five thousand dollars ($855,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—14.

Negative—The President of the Borough of Brooklyn—2.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of the following described property located on the southwest corner of Sixteenth street and Irving place, Borough of Manhattan, for the use of the Health Department, the Tenement House Department and the Bureau of Buildings, office of the President, Borough of Manhattan:

All that plot, piece or parcel of land, together with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, City of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the westerly side of Irving place with the southerly side of Sixteenth street; running thence westerly along the southerly side of East Sixteenth street 100 feet; thence southerly and parallel with Irving place 103 feet 3 inches; thence easterly and parallel with Sixteenth street 20 feet; thence southerly again parallel with Irving place 20 feet 6 inches; thence easterly again parallel with Sixteenth street and part of the way through a party wall 80 feet to the westerly side of Irving place; thence northerly along the westerly side of Irving place 123 feet 9 inches to the point or place of beginning, together with all the right, title and interest of the owners of said property of, in and to the streets in front thereof to the centre thereof,

—and the Comptroller be and is hereby authorized to enter into contracts for the acquisition of the above described property at private sale, at a price not exceeding eight hundred and fifty thousand dollars ($850,000), said contracts to be submitted to the Corporation Counsel for approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of The Bronx, Queens and Richmond—12.

Negative—The President of the Borough of Brooklyn and the Acting President of the Borough of Manhattan—4.

The Secretary presented a report of the Comptroller recommending the further modification of the schedules of Salaries and Salaries and Wages supporting the appropriations made for the Department of Water Supply, Gas and Electricity for the year 1909, involving a transfer of $1,350, but no additional appropriation.

The resolutions carrying into effect the modification of the schedules of Salaries and Salaries and Wages of this Department, as recommended in the report of the Comptroller, failed of adoption, receiving the following vote:

Affirmative—The Comptroller, the Presidents of the Boroughs of Queens and Richmond and the Acting President of the Borough of Manhattan—7.

Negative—The Mayor, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn and The Bronx—9.

The Secretary presented the following communication from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity, requesting, and report of the Comptroller recommending, the further modifications of the schedules of Salaries and Salaries and Wages supporting the appropriations made for the Department of Water Supply, Gas and Electricity for the year 1909, involving no additional appropriation:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
Nos. 13 TO 21 PARK ROW,
NEW YORK, December 2, 1909.

Hon. HERMAN A. METZ, *Comptroller:*

DEAR SIR—In the appropriations for Salaries and Wages, code numbers 149 and 157, Manhattan and The Bronx, and 185 and 189, Queens, the amounts of certain schedule lines are not sufficient, but there is sufficient in other lines of the same appropriations to supply the deficiencies without any transfers from one appropriation to another.

To appropriation 149 there has been transferred a Pipe Fitter from the Borough of Brooklyn, and provision for his pay is made in the modification of that salary schedule.

The only increase in rate of pay is in No. 157, in which the Tappers have been increased to $4 per day, to comply with the prevailing rates.

Will you kindly recommend to the Board of Estimate and Apportionment the adoption of the attached modified schedules for the accounts mentioned, and oblige,

Yours respectfully,
M. F. LOUGHMAN, Deputy and Acting Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 3, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—I transmit herewith a request under date of December 2, 1909, with this report from the Commissioner of the Department of Water Supply, Gas and Electricity for certain further modifications of the schedules of Salaries and Wages supporting the appropriations made to said Department for the year 1909. The requested modifications do not propose any increases of salaries of the present force or necessitate any transfer of funds, but are simply modifications of the line items relative to the mechanical force of said Department.

The only proposed increase in pay of the per diem employees, contained in said schedules, is changing the line item in schedule No. 157 from "Assistant Tappers, not to exceed $3.50 per day," to "Tappers, not to exceed $4 per day," the prevailing rate of wages for such employees in the City's employ, and I am advised that no such position as Assistant Tapper has been established in said Department.

In view of the preceding statements I recommend the adoption of the resolution hereunto attached.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the further revision and modifications of the schedules supporting certain appropriations made for the Department of Water Supply, Gas and Electricity for the year 1909, as follows:

The Secretary presented the following communication from the General Clerk, Supreme Court, Second Department, requesting, and report of the Comptroller recommending, the modification of the schedules of Salaries and Salaries and Wages, supporting the appropriation made for the Supreme Court, Second Department, for the year 1909, involving no additional appropriation:

SUPREME COURT OF THE STATE OF NEW YORK,
BROOKLYN, N. Y., November 23, 1909.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment, New York City, N. Y.:*

DEAR SIR—Mr. Justice Harrington Putnam of the Supreme Court, Kings County, who was appointed by the Governor to succeed Mr. Justice Gaynor, resigned, has designated Court Attendant Frederick E. Haskins to act as his personal attendant, to take effect December 1, 1909.

Pursuant to the resolution of the Justices, his salary is therefore increased from $1,500 to $1,800 a year payable monthly, beginning December 1, 1909.

The Board of Estimate and Apportionment is requested to approve the modification of the schedule of salaries accompanying the Budget for the year 1909 for the Supreme Court, Second Department, Kings County, as folluws:

Supreme Court, Second Department (1601), Salaries, 1909—Change item Attendants, 18 at $1,800, $32,400; insert item Attendants, 19 at $1,800, $34,200; change item Attendants, 17 at $1,500, $25,500; insert item Attendants, 16 at $1,500, $24,000; insert item balance unassigned, $700, the same as corrected to read as follows:

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 2, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In relation to a communication from the General Clerk of the Supreme Court, Second Department, dated November 23, 1909, requesting a modification of the schedule attached to the Budget for the year 1909, appropriation entitled No. 1601, Salaries, referred to me for examination, I would submit the following report:

Justice Harrington Putnam has designated Frederick E. Haskins to act as his personal Attendant from December 1, 1909, and pursuant to the resolution of the Justices, the salary of this Attendant was increased from $1,500 to $1,800 per annum. To provide for the increase in the rate of compensation of this Attendant a schedule modification is requested. The amount desired, viz.: $300, is to be taken from an unassigned balance of $1,000 in the schedule as now existing.

I would recommend the approval of the request in accordance with the resolution hereto appended.

Respectfully,
H. A. METZ, Comptroller.

		$1,500 00

This does not increase the Budget appropriation for this Department for the year 1909.

Respectfully,
JOHN H. LITTLE, Deputy and Acting Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 7, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request, under date of November 22, 1909, from the Deputy and Acting Commissioner of the Department of Bridges for a modification of the schedule of Salaries and Wages supporting the appropriation made for said Department for the year 1909, entitled Queensboro Bridge (No. 119), Salaries and Wages, I submit herewith my report as follows:

The present schedule supporting said account contains a line item reading "Clerk, $1,500," which line item it is proposed to modify so as to read "Clerk, $1,050," leaving an unassigned balance of $450, in order that a Clerk of the $1,050 grade may be appointed to said position which is now vacant.

In view of the preceding statement, I recommend the adoption of the resolution hereunto attached.

Respectfully yours,
H. A. METZ, Comptroller.

The following resolution was offered:

The Secretary presented the following communication from the Acting President, Borough of Brooklyn, requesting, and report of the Comptroller recommending, the modification of the schedules of Salaries and Salaries and Wages supporting the appropriation made for the office of the President of the Borough of Brooklyn for the year 1909, involving no additional appropriation.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, November 24, 1909.

Hon. HERMAN A. METZ, *Comptroller, City of New York:*

DEAR SIR—Application is hereby made for a modification of Salary Schedule No. 1381, Maintenance Account, Bureau of Public Buildings and Offices, President, Borough of Brooklyn, Salaries and Wages, to read:

One Attendant at $1,200, and one Janitor at $1,200, instead of two Attendants at $1,200. The changes as you will note offset each other, and no additional appropriation or transfer of money is needed for the purpose of the proposed modification.

Yours very truly,
THOMAS R. FARRELL, Acting President, Borough of Brooklyn.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 3, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—The President of the Borough of Brooklyn makes application for the modification of Schedule No. 1381, Maintenance, Salaries and Wages, Bureau of Public Buildings and Offices, as follows:

Instead of two Attendants at $1,200, one Attendant at $1,200, and one Janitor at $1,200.

The revision can be made without a transfer or any increase in the monthly rate of expenditure for salaries. Its purpose is to make the place of Janitor for an Attendant, who, after an examination for Janitor, gained the first place on the list.

The revision is recommended in accordance with the resolution attached hereto.

Respectfully,
H. A. METZ, Comptroller.

The Secretary presented the following communication from the Commissioner of Street Cleaning requesting the approval of the modified specifications for horseshoe pads, also communication from the Comptroller recommending approval of said modified specifications, pursuant to section 1554 of the Charter:

DEPARTMENT OF STREET CLEANING,
NOS. 13 TO 21 PARK ROW,
NEW YORK, December 4, 1909.

Hon. GEORGE B. MCCLELLAN, *Mayor, Chairman, Board of Estimate and Apportionment,* No. 277 Broadway, New York City:

SIR—I desire to have the specifications for horseshoe pads for the use of this Department, which was approved by your Board, pursuant to section 1554 of the Greater New York Charter, November 6, 1908, amended as to the second paragraph, so as to provide that these bids may be backed with leather or with other similar and substantial material and otherwise the same as in the existing paragraph.

This is for the purpose of widening the competition for the contract for these pads so as to let into the competition what appears to be a desirable form of horseshoe pad which would be excluded by the present requirement of leather backing.

I submit the amended specification for the approval of your Board.

Respectfully,
WM. H. EDWARDS, Commissioner.

Specifications for Horseshoe Pads.

Each bidder shall submit, on or before making his bid, a sample of each of the pads of each of the sizes as herein specified, and if the samples be not furnished or do not conform to the specifications the bid so submitted shall be rejected. All the pads furnished under the contract shall conform to the samples submitted by the successful bidder.

The pads must be backed with leather, or with other similar and substantial material, and must have not less than 20 per cent. of genuine rubber, which must be firmly vulcanized and securely stitched or otherwise fastened to the back, the back, if of leather, must be oak tanned, of uniform thickness. The pads shall be not more than three months old, and must be warranted to wear from one shoeing to another shoeing and not to become detached from the backs.

All pads that are not in conformity to the specifications or that do not wear from one shoeing to another shall be deemed defective and shall not be paid for by the City.

The pads shall be either full-front pads or bar-pads, as may be required. The sizes must be the standard sizes.

The thickness of the heel for full-front pads shall be for sizes up to and including No. 4, not less than three-quarters (¾) of an inch; for sizes over No. 4, not less than seven-eighths (⅞) of an inch. The thickness of the heel for bar-pads shall be for sizes up to and including No. 4, not less than seven-eighths (⅞) of an inch; for sizes No. 4½ and No. 5, not less than seven-eighths (⅞) of an inch.

For the purpose of comparing bids and awarding the contract, each bidder shall state a price per pair for each of the following sizes on the basis of one hundred (100) pairs in the proportion as follows: 10 pairs of No. 3; 20 pairs of No. 3½; 24 pairs of No. 4; 26 pairs of No. 4½; 20 pairs of No. 5, and the prices so bid per pair on the lowest bid shall be the prices to be paid under the contract.

The pads are to be delivered at the office of the Property Clerk at Stable A, Seventeenth street and Avenue C, in the Borough of Manhattan, and at the office of the Property Clerk at Stable B, No. 403 Butler street, in the Borough of Brooklyn, in such quantities and at such times as may be required, but not to exceed three thousand (3,000) pairs per month altogether.

Each bidder must submit along with his bid a sample of each size of the pad which he proposes to furnish.

[This specification for horseshoe pads was, in accordance with section 1554 of the Greater New York Charter, approved by the Board of Estimate and Apportionment, by resolution dated November 6, 1908.]

CITY OF NEW YORK, DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 9, 1909.

To the Honorable, the Board of Estimate and Apportionment:

GENTLEMEN—Under date of December 4, 1909, the Hon. William H. Edwards, Commissioner, Department of Street Cleaning, submits to the Board of Estimate and Apportionment, for approval, form of specification which he desires to use in advertising and receiving bids for horseshoe pads for the Department of Street Cleaning.

The specification as submitted modifies, in some degree, the form of specification approved by this Board on November 6, 1908, but an examination of the matter leads to the opinion that the modification suggested by the Commissioner favors rather than hinders free competition.

I therefore recommend that the form of specification, as submitted, be approved, in accordance with section 1554 of the Greater New York Charter, as requested by the Commissioner, Department of Street Cleaning.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment, November 6, 1908, which reads as follows:

Whereas, The Commissioner of Street Cleaning is desirous of purchasing horseshoe pads and has for that purpose submitted to this Board a form of specification for the same, so as to secure a fair and reasonable opportunity for

competition, as provided by section 1554 of the Greater New York Charter; therefore, be it

Resolved, That the Board of Estimate and Apportionment hereby prescribes that the Commissioner of Street Cleaning may purchase patented horseshoe pads for use of the Department of Street Cleaning under a contract to be let, pursuant to sections 419 and 541 of the Greater New York Charter, and in compliance with bids for specifications as follows:

Specifications for Horseshoe Pads.

Each bidder shall submit, on or before making his bid, a sample of each of the pads of each of the sizes, as herein specified, and if the samples be not furnished, or do not conform to the specifications, the bid so submitted shall be rejected. All pads furnished under the contract shall conform to the samples submitted by the successful bidder.

The pads must be leather backed and must have not less than twenty (20) per cent. of genuine rubber, which must be firmly vulcanized and be securely stitched to the leather, which must be oak tanned, of uniform thickness. The pads shall be not more than three months old, and must be warranted to wear from one shoeing to another shoeing and not to become detached from the leather.

All pads that are not in conformity to the specifications or that do not wear from one shoeing to another shall be deemed defective and shall not be paid for by the City.

The pads shall be either full front pads or bar pads, as may be required. The sizes must be the standard sizes.

The thickness of the heel for full-front pads shall be for sizes up to and including No. 4, not less than three-quarters (¾) of an inch; for sizes over No. 4, not less than seven-eighths (⅞) of an inch. The thickness of the heel for bar pads shall be for sizes up to and including No. 4, not less than seven-eighths (⅞) of an inch; for sizes No. 4½ and No. 5, not less than seven-eighths (⅞) of an inch.

For the purpose of comparing bids and awarding the contract, each bidder shall state a price per pair for each of the following sizes on the basis of one hundred (100) pairs in the proportion as follows: Ten pairs of No. 3, 20 pairs of No. 3½, 24 pairs of No. 4, 26 pairs of No. 4½, 20 pairs of No. 5 and the prices so bid per pair on the lowest bid shall be the prices to be paid under the contract

The pads are to be delivered at the office of the Property Clerk at Stable A, Seventeenth street and Avenue C, in the Borough of Manhattan, and at the office of the Property Clerk at Stable B, Butler street, between Fourth avenue and Fifth avenue, in the Borough of Brooklyn, in such quantities and at such times as may be required, but not to exceed three thousand (3,000) pairs per month altogether.

Each bidder must submit along with his bid a sample of each size of the pad which he proposes to furnish:

—be and the same is hereby amended by striking therefrom the words and figures

> The pads must be leather backed and must have not less than twenty (20) per cent. of genuine rubber, which must be firmly vulcanized, and be securely stitched to the leather, which must be oak tanned, of uniform thickness. CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 9, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In the matter of the specifications and plans for the furniture and equipment of the New Public Library, Astor, Lenox and Tilden Foundations, Fifth avenue, Fortieth to Forty-second street, Borough of Manhattan, I desire to supplement my report of June 23, 1909, in the manner indicated below.

You will recall that at that time I did not approve the specifications providing for the printing and bookbinding equipment of the new building, inasmuch as the Board had not then authorized the Trustees of the Library to proceed with such equipment.

The Board of Estimate and Apportionment since then has seen fit to authorize the Trustees of the Library to acquire and establish a printing and bookbinding establishment, and I therefore submit the following paragraph for insertion in the specifications immediately following the detailed specification of the machinery equipment on page 143 of the printed specifications:

"The foregoing specifications indicate the character, quantity and capacity of the equipment required, but the specifications in detail are not to be taken as so exclusive as to exclude machinery of similar size, capacity, workmanship, finish and selling price. In other words, these specifications are to be interpreted in the widest sense, with a view to securing the best and latest development of printing and bookbinding machinrey and to allow bidders of every make to bid, provided only that in the character and quantity of work turned out, in material, method of construction, workmanship, finish and selling price the machinery bid upon shall be the equivalent of that here specified in detail. But in no case shall there be accepted under this specification machinery that in a material degree, manner or method of operation departs from the character of that specified above."

All of which is respectfully submitted.

Respectfully,
H. A. METZ, Comptroller.

The Comptroller presented the following communication from the Chairman of the Board of Trustees of the College of The City of New York requesting, and report of the Comptroller recommending, that authority be granted, pursuant to resolution adopted December 18, 1908, to the Board of Trustees, College, City of New York, to proceed with the execution of the contract for the erection of seven ornamental electric light poles on St. Nicholas terrace in front of the main college building.

(On December 3, 1909, the request of said Board of Trustees, as above, was referred to the Comptroller.)

THE COLLEGE OF THE CITY OF NEW YORK,
ST. NICHOLAS TERRACE AND ONE HUNDRED AND THIRTY-NINTH STREET,
NEW YORK, November 22, 1909.

Hon. JOSEPH HAAG, *Secretary of the Board of Estimate and Apportionment, The City of New York:*

DEAR SIR—Application is herewith made to the Board of Estimate and Apportionment, pursuant to resolutions adopted by that Board, for permission to enter into contracts in an amount not exceeding $750 for the purchase and erection, on St. Nicholas terrace in front of the main college building, of seven ornamental electric light poles on granite bases; the expense to be charged to the New Site and Building Fund of the College.

Yours truly,
THEO. F. MILLER, Chairman, Board of Trustees.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 10, 1909.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Under date of November 22, 1909, the Hon. Theo. F. Miller, Chairman, Board of Trustees of the College of The City of New York, asks the Board of Estimate and Apportionment to modify the resolution of December 18, 1908, so far as to permit the Trustees to proceed with the execution of a contract for the erection of seven ornamental electric light poles on St. Nicholas terrace in front of the main college building at an estimated cost of $750.

The matter has been investigated and it is found that these poles are to be of an ornamental type to match those now standing upon the college grounds and are to provide for lighting not previously provided.

I therefore recommend that the Board of Estimate and Apportionment modify the resolution of December 18, 1908, so far as to permit the Trustees of the College of The City of New York to proceed with the execution of a contract for the erection of seven ornamental electric light poles on St. Nicholas terrace in front of the main college building.

Respectfully,
H. A. METZ, Comptroller.

The following was offered:

Whereas, The Board of Estimate and Apportionment at a meeting held December 18, 1908, adopted a resolution requesting the heads of the various City Departments and offices not to advertise for contracts nor enter into any further obligations, to be paid for by the issues of Corporate Stock, without first submitting the same to the Board of Estimate and Apportionment for reapproval; therefore be it

Resolved, That the request of the Board of Trustees of the College of The City of New York for authority to proceed with the execution of a contract for the erection of seven (7) ornamental electric light poles on St. Nicholas terrace, in front of the main college building, at an estimated cost not to exceed seven hundred and fifty dollars ($750), be and the same is hereby approved.

Which was adopted by the following vote.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Secretary presented a communication from the Comptroller requesting the establishment of additional grade of position of Veterinarian in the Finance Department, with salary at the rate of $2,500 per annum.

Which was referred to the Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

A—$400, as requested by the Department of Bellevue and Allied Hospitals, from the account No. 11, Interest on the City Debt, for the year 1907, to the account of said Department for the year 1907, entitled Additions, Alterations and Repairs to Buildings and Apparatus.

NEW YORK, November 16, 1909.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* No. 277 Broadway, New York City:

SIR—I have the honor to enclose a copy of a letter which was forwarded to you on September 23, 1909, and which we were informed had been referred to the Comptroller. We have now learned that the letter has been mislaid and should therefore be obliged if you would kindly have action taken upon the enclosed copy as soon as possible.

Very truly yours,
J. K. PAULDING, Secretary, Board of Trustees.

BOARD OF TRUSTEES, BELLEVUE AND ALLIED HOSPITALS,
FIRST AVENUE AND TWENTY-SIXTH STREET,
NEW YORK, September 23, 1909.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* Room 1406, No. 277 Broadway, New York City:

DEAR SIR—The Board of Trustees of Bellevue and Allied Hospitals respectfully requests the transfer of $400 from unexpended balance for the year 1907 to the appropriation for Alterations, Additions and Repairs to Buildings and Apparatus for the year 1907. This transfer is requested in order that the Board of Trustees may pay an old bill for the year 1907 of the Watertown Engine Company, properly chargeable to the latter account, but which cannot be made until the transfer is made.

Hoping that prompt and favorable action may be taken upon this request, I beg to remain,

Very truly yours,
J. K. PAULDING, Secretary, Board of Trustees.

The following resolution was offered:

Resolved, That the sum of four hundred dollars ($400) be and the same is hereby transferred from the appropriation made for the account entitled No. 11, Interest on the City Debt, for the year 1907, to the appropriation made to the Department of Bellevue and Allied Hospitals for the year 1907, entitled Additions, Alterations and Repairs to Buildings and Apparatus, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

B—$3,000, as requested by the Commissioner of Correction, from the account No. 335, General Supplies, to the account No. 339, Fuel, for the year 1909.

DEPARTMENT OF CORRECTION,
No. 148 EAST TWENTIETH STREET,
NEW YORK, November 29, 1909.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment, New York City:*

DEAR SIR—I would respectfully ask the Honorable the Board of Estimate and Apportionment to authorize the following transfer of appropriation made to this Department for the year 1909 from such as does not need the full amount assigned to it, to another appropriation which is insufficient for the purposes thereof:

From appropriation entitled No. 335, General Supplies, $3,000, to appropriation entitled No. 339, Fuel, $3,000.

Very respectfully,
JOHN J. BARRY, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 10, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Commissioner of Corrections under date of November 29, 1909, requesting a transfer of three thousand dollars from the appropriation made to the said Department in the Budget for the year 1909, entitled No. 335, General Supplies, to the appropriation made for the same Department and same year entitled No. 339, Fuel, which was referred to me for consideration, I submit the following report:

An examination of the accounts in question kept in the Department of Finance shows that on December 9, 1909, there is an unencumbered balance of over $3,000 in the account entitled No. 335, General Supplies, while in the appropriation entitled No. 339, Fuel, made for the same Department and same year, there is no available balance.

This request for a transfer of $3,000 is made to enable the Commissioner to purchase sufficient coal for the remainder of the year.

In view of the facts herein stated, I would recommend favorable action upon the resolution hereunto attached.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of three thousand dollars ($3,000) be and the same is hereby transferred from the appropriation made to the following department, for the year 1909, the same being in excess of the amount required for the purposes thereof, viz., Department of Correction, General Administration (No. 335), General Supplies, to the appropriation made to the following Department, for the year 1909, the same being insufficient for the purposes thereof, viz.: Department of Correction, General Administration (No. 339), Fuel.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

C—$3,000, as requested by the Commissioner of the Tenement House Department, from the account No. 335, General Supplies of the Department of Correction, to various accounts of the Tenement House Department for the year 1909.

TENEMENT HOUSE DEPARTMENT, BOROUGH OF MANHATTAN,
No. 44 EAST TWENTY-THIRD STREET,
NEW YORK, December 4, 1909.

Board of Estimate and Apportionment, No. 277 Broadway:

GENTLEMEN—I respectfully request that the sum of three thousand dollars ($3,000) be transferred from the Department of Correction appropriation No. 335, General Supplies, for the year 1909, to the following appropriation of the Tenement House Department for the year 1909:

132.	General Supplies	$400 00	
133.	Contingencies	2,500 00	
134.	Rental of Telephone	100 00	
			$3,000 00

The amount of said appropriation of the Tenement House Department being insufficient, I enclose herewith a copy of the consent of Commissioner John J. Barry, of the Department of Correction.

Very respectfully,
EDMOND J. BUTLER, Commissioner.

December 3, 1909.

Hon. EDMOND J. BUTLER, *Commissioner, Tenement House Department:*

SIR—I hereby consent to the transfer of three thousand dollars ($3,000) from appropriation No. 335, General Supplies, made to the Department of Correction for the year 1909, to such appropriations of the Tenement House Department which are insufficient for the purposes thereof.

Respectfully yours,
JOHN J. BARRY, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of the communication of Edmond J. Butler, Commissioner of the Tenement House Department, dated December 4, 1909, requesting the transfer of $3,000 from appropriation No. 335, General Supplies, Department of Correction, to the following accounts: No. 132, General Supplies, $400; No. 133, Contingencies, $2,500; No. 134, Rental of Telephone, $100, being appropriations made to the Tenement House Department for 1909, I report as follows:

The request is accompanied by a copy of the consent of the Commissioner of Correction to the transfer of said sum of $3,000 from appropriation No. 335, General Supplies, Department of Correction, to the appropriations named.

The respective amounts requested to be added to appropriation accounts in the Tenement House Department represent deficits in those accounts caused by necessary but unanticipated expenditures, it being necessary out of the General Supplies and Contingencies accounts to buy $3,400 worth of typewriters for newly appointed clerical force, while there has been a considerable increase in the number of telephone calls incident to the increase of official business.

The books of the Department of Finance indicate a balance in appropriation No. 335, General Supplies, Department of Correction, sufficient to allow of the transfer, and further indicate the practical exhaustion of appropriations Nos. 132, 133 and 134.

I would therefore recommend that $3,000 be transferred from appropriation No. 335, General Supplies, Department of Correction, to the following appropriations made for 1909 to the Tenement House Department: No. 132, General Supplies, $400; No. 133, Contingencies, $2,500; No. 134, Rental of Telephone, $100, as by the resolution attached.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of three thousand dollars ($3,000) be and the same is hereby transferred from the appropriation made to the following Department for the year 1909, the same being in excess of the amount required for the purposes thereof, viz.: Department of Correction, General Administration (No. 335), General Supplies, to the appropriation made to the following Department for the year 1909, the same being insufficient for the purposes thereof, viz.:

Tenement House Department—

Hon. HERMAN A. METZ, *Comptroller, Department of Finance*, No. 280 Broadway, City:

SIR—I am directed by the Commissioner to enclose herewith copy of communication this day addressed to his Honor the Mayor, as Chairman of the Board of Estimate and Apportionment, requesting certain transfers from and to appropriations made to this Department in the Borough of Brooklyn for the current year, in order to permit of the award of contract for furnishing three 65-foot aerial hook and ladder trucks for use in said Borough.

Respectfully,
JOHN R. SHIELDS, Assistant Secretary.

HEADQUARTERS, FIRE DEPARTMENT, CITY OF NEW YORK,

BOROUGH OF MANHATTAN, December 2, 1909.

Hon. GEORGE B. MCCLELLAN, *Mayor, and Chairman, Board of Estimate and Apportionment:*

SIR—At a public letting held in this Department on the 23d ult., proposals were received for furnishing three 65-foot aerial hook and ladder trucks for use in the Borough of Brooklyn, the lowest being that of the American La France Fire Engine Company, amounting to $17,233.

As the balance to the credit of the appropriation made to this Department for the current year entitled Brooklyn, 676, Apparatus—Machinery, Vehicles, Horses; Equipment, Care and Storage of Same, is insufficient to meet the expense of the acquirement of the apparatus in question, I have the honor to request that the Board of Estimate and Apportionment transfer thereto the sum of $5,000 from the appropriation made to this Department for said year, entitled Brooklyn, 675, Repairs and Replacements by Contracts or Open Orders, in order to permit of the award of the contract in this matter.

Respectfully,
NICHOLAS J. HAYES, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication received from the Commissioner of the Fire Department, under date of December 2, 1909, requesting a transfer of five thousand dollars ($5,000) from the appropriation made in the Budget for the year 1909, entitled Brooklyn (No. 675), Repairs and Replacements by Contracts or Open Orders; to the appropriation made for the same Department and same year entitled Brooklyn (No. 676), Apparatus, Machinery, Vehicles, Horses; Equipment, Care and Storage of Same, which was referred to me for consideration, I submit the following report:

An examination of the account entitled (No. 675), Repairs and Replacements by Contracts or Open Orders, Brooklyn, discloses the fact that there is a balance therein in excess of the amount of the requested transfer, which is to enable the Commissioner to replenish the account entitled (No. 676), Apparatus, Machinery, Vehicles, Horses; Equipment, Care and Storage of Same, in which there is insufficient funds to meet the demands put upon it by the purchase at public letting of three 65-foot aerial hook and ladder trucks for the use of the Department, in the Borough of Brooklyn. The lowest bidder for the three hook and ladder trucks was the American La France Fire Engine Company, amounting to $17,233.

The contract for these trucks can not be awarded until the transfer of $5,000 is made, and in view of these facts, I recommend the favorable consideration of the resolution hereunto appended.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of five thousand dollars ($5,000) be and the same is hereby transferred from the appropriation made to the following Department, for the year 1909, the same being in excess of the amount required for the purposes thereof, viz.: Fire Department—Administration, Borough of Brooklyn (No. 675), Repairs and Replacements by Contracts or Open Orders, to the appropriation made to the following Department, for the year 1909, the same being insufficient for the purposes thereof, viz.: Fire Department—Administration, Borough of Brooklyn (No. 676), Apparatus, Machinery, Vehicles, Horses: Equipment, Care and Storage of Same.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

E—$9,600.11, as requested by the Board of Education within the appropriation made for the Special School Fund for the years 1903, 1904, 1905, 1906 and 1907.

To the Board of Education:

The Committee on Finance respectfully reports that there have been presented for payment, judgments in favor of employees for arrears of salary from the year 1903 to the year 1909.

The funds from which such disbursements would ordinarily be made are insufficient in some cases for their purposes. It therefore becomes necessary to effect transfers in order that payment of these liabilities may be made.

The following resolution is submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve the following transfers:

From the Special School Fund for the year 1903, and from the item contained therein entitled Board of Education, Support of Nautical School, Code No. 70, to the item also contained within the Special School Fund for the year 1903, entitled Board of Education, Salaries of Officers, Clerks and Other Employees, Code No. 69.....	$248 38

A true copy of report and resolution adopted by the Board of Education December 8, 1909.

A. EMERSON PALMER, Secretary, Board of Education.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Board of Education requesting sundry transfers aggregating $9,600.11 as hereinafter specified within the Special School Fund appropriations for 1903, 1904, 1905, 1906 and 1907, which has been referred to me by the Secretary of the Board of Estimate and Apportionment, my report is as follows:

In October, 1903, the Board of Aldermen, upon the recommendation of the Board of Estimate and Apportionment, fixed the salary of the position of Examiner in the Department of Education at $1,500 per annum, under the provisions of section 56 of the Greater New York Charter, to take effect October 3, 1903, in order to enable the Board of Education to increase the salary of one George Brown from $1,200 to $1,500 per annum. Whereupon sundry other Examiners in said Department, receiving from $900 to $1,200 per annum, made claim to the salary of $1,500 per annum from said date.

Said claims have been sustained by the courts with the results that judgments have been presented in favor of said Examiners for arrears of salary from October 3, 1903, which render necessary the following transfers in order that payment may be made:

From the Special School Fund for the year 1903, and from the item contained therein entitled Board of Education, Support of Nautical School, Code No. 70, to the item also contained within the Special School Fund for the year 1903, entitled Board of Education, Salaries of Officers, Clerks and Other Employees, Code No. 69.....	$248 38
From the Special School Fund for the year 1904, and from the item contained therein entitled Board of Education, Salaries of Janitors in All Schools, Code No. 117, to the item also contained within the Special School Fund for the year 1904, entitled Board of Education, Salaries of Officers, Clerks and Other Employees, Code No. 111.....	$3,140 01
From the Special School Fund for the year 1905, and from the item contained therein entitled Board of Education, Salaries of Janitors in All Schools, Code No. 132.....	$3,100 69
To the items also contained within the Special School Fund for the year 1905, entitled as follows:	
Board of Education, Salaries of Officers, Clerks and Other Employees, Code No. 127.....	$2,886 49
Board of Education, Incidental Expenses, Code No. 129.....	214 20
	$3,100 69

From the Special School Fund for the year 1906, and from the items contained therein, as follows:

Board of Education, Lectures, Code No. 162	$1,504 01
Board of Education, Rents, Code No. 157	92 90
Borough of Manhattan, Compulsory Education, Code No. 169	781 11
	$2,378 02

To the items also contained within the Special School Fund for the year 1906, entitled as follows:

Board of Education, Salaries of Officers, Clerks and Other Employees, Code No. 155	$1,920 59
Board of Education, Incidental and General Expense Fund, Code No. 158	457 43
	$2,378 02

From the Special School Fund for the year 1907, and from the item contained therein entitled Board of Education, Salaries of Janitors in All Schools, Code No. 297 $733 01

To the item also contained within Special School Fund for the year 1907 entitled Board of Education, Salaries of Officers, Clerks and Other Employees, Code No. 292 $733 01

As existing balances in the above mentioned accounts permit of the proposed transfers, it is recommended that they be made according to the resolutions attached hereto.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of nine thousand six hundred dollars and eleven cents ($9,600.11) be and the same is hereby transferred from the appropriation made to the following Department, for the years 1903, 1904, 1905, 1906 and 1907, the same being in excess of the amounts required for the purposes thereof, viz.:

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

SIR—I am directed by the Commissioner to transmit herewith copy of application addressed, under date of the 20th inst., to his Honor the Mayor, as Chairman of the Board of Estimate and Apportionment, for the transfer of the sum of $300 from the appropriation for the purchase of Fuel, Manhattan, for the year 1909, to the appropriation for Contingencies, for the same Borough and year.

Respectfully,
WILLIAM A. LARNEY, Secretary.

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, November 20, 1909.

Hon. GEORGE B. MCCLELLAN, *Mayor, and Chairman, Board of Estimate and Apportionment:*

SIR—I have the honor to request that the Board of Estimate and Apportionment transfer the sum of three hundred dollars ($300) from the appropriation made to this Department for the year 1909, entitled 618, Administration, Borough of Manhattan, Fuel, which is in excess of the amount required for the purposes thereof, to the appropriation made to it for the same year, entitled 621, Administration, Borough of Manhattan, Contingencies, which is insufficient.

The occasion for this application is the necessity for meeting the increase in the amount of expenditures for carfares by the various branches of the service, notably the Fire Alarm Telegraph Bureau, due in large measure to the extensive overhauling and reconstruction operations in which its mechanical force is engaged throughout the Borough of Manhattan, and in part to the abolition of the issuance of transfers by the street railway companies.

Respectfully,
NICHOLAS J. HAYES, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication received from the Commissioner of the Fire Department, under date of November 20, 1909, requesting a transfer of three hundred dollars ($300) from the appropriation made to the Fire Department in the Budget for the year 1909, entitled No. 618, Administration, Borough of Manhattan, Fuel, to the appropriation made for the same Department and same year, entitled No. 621, Administration, Borough of Manhattan, Contingencies, referred to me for consideration, I report as follows:

An examination of the accounts in question kept in the Department of Finance discloses the fact that on December 9, 1909, there was an unexpended balance in excess of $300 in the account entitled No. 618, Administration, Borough of Manhattan, Fuel, while there is insufficient funds in the account entitled No. 621, Administration, Borough of Manhattan, Contingencies, for the purposes thereof.

The Commissioner states that this transfer is made necessary because of the increase in the amount of expenditures for carfares by the various branches of the service, notably the Fire Alarm Telegraph Bureau, due in a large measure to the extensive overhauling and reconstruction operations in which its mechanical force is engaged throughout the Borough of Manhattan.

In view of the facts herein stated, I would recommend favorable action upon the resolution hereunto attached.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of three hundred dollars ($300) be and the same is hereby transferred from the appropriation made to the following Department for the year 1909, the same being in excess of the amount required for the purposes thereof, viz., Fire Department—Administration, Borough of Manhattan (No. 618), Fuel, to the appropriation made to the following Department for the year 1909, the same being insufficient for the purposes thereof, viz., Fire Department—Administration, Borough of Manhattan (No. 621), Contingencies.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

G—$75, as requested by the Commissioner of Jurors, Queens County, from the account No. 1698: Contingencies, to the account No. 1696: Jury Notice Servers' Fees, for the year 1909.

OFFICE OF THE COMMISSIONER OF JURORS,
QUEENS COUNTY COURT HOUSE,
LONG ISLAND CITY, November 20, 1909.

Board of Estimate and Apportionment, City of New York:

Gentlemen—As the remainder of the Jury Notice Servers' Fund for this office, for the year 1909, is insufficient to meet the current amount chargeable to that fund, between the present date and the end of the year, I would respectfully request this Board to transfer from the fund entitled contingencies, 1909, Commissioner of Jurors, Queens County, No. 1698, the sum of seventy-five dollars ($75), to the fund entitled Jury Notice Servers, 1909, Commissioner of Jurors, Queens County, No. 1696.

I would request this Board to take action immediately on this matter, as it will be necessary in order to complete the list of Jurors for this year, which must be filed at this time.

Yours respectfully,
JOHN P. BALBERT, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In reference to a communication from the Commissioner of Jurors, Queens County, dated November 20, 1909, requesting a transfer of the sum of $75 from the appropriation made for that office for the year 1909, entitled: No. 1698, Contingencies, to the appropriation for the same year and same office, entitled: No. 1696, Jury Notice Servers' Fees, I would report as follows:

The Commissioner of Jurors, Queens County, states, that owing to an unexpected increase in the business of the office the balance in the account, entitled: No. 1696, Jury Notice Servers' Fees, will be insufficient to carry on this branch of his office for the balance of the year 1909, and having a surplus in the account entitled: No. 1698, Contingencies, he requests the transfer as above specified.

In view of the facts as herein stated, I would recommend the approval of the request of the Commissioner in accordance with the resolution hereto appended.

Yours truly,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of seventy-five dollars ($75), be and the same is hereby transferred from the appropriation made to the following Department, for the year 1909, the same being in excess of the amount required for the purposes thereof, viz.: Office of the Commissioner of Jurors, Queens County (No. 1698), Contingencies, to the appropriation made to the following Department, for the year 1909, the same being insufficient for the purposes thereof, viz.: Office of the Commissioner of Jurors, Queens County (No. 1696), Jury Notice Servers' Fees.

Which was adopted by the following vote:

NEW YORK, November 11, 1909.

JOSEPH HAAG, Esq., *Secretary of the Board of Estimate and Apportionment, The City of New York:*

DEAR SIR—Request is herewith made to the Board of Estimate and Apportionment for the transfer of funds as follows:

From the appropriation 932, Salaries of the Teaching Corps, 1909, the sum of $1,635 to each of the following appropriations:

940. Contingencies, 1909		$735 00
Attendants, Sunday Organ Recitals	$75 00	
Extra Janitorial Service, Night College	175 00	
Experts, Chemistry Department	150 00	
Experts, Text Books	75 00	
Experts, Dean's Office	70 00	
Clerical Services, Extension and Evening Courses	190 00	
		$735 00

935. General Supplies, 1909		$900 00
Printing Minutes, Board of Trustees, 1909, and for Binding and Indexing Minutes for Eight Years	$400 00	
Binding Library Books	250 00	
Triumph Phonograph and Equipment for Department of Public Speaking	250 00	
		$900 00

From the appropriation 938, Fuel, 1909, the sum of $250 to the following appropriation:

937. Repairs and Replacements by Contract or Open Order, 1909	$250 00
Contract for Maintenance of Organ	$250 00

Yours truly,
THEO. F. MILLER, Chairman, Board of Trustees.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Board of Trustees, College of The City of New York, requesting sundry transfers within the appropriations made for said college for the year 1909, which was referred to me by the Secretary of the Board of Estimate and Apportionment, my report is as follows:

It is proposed to transfer $735 from the appropriation made for salaries of the teaching corps to that for contingencies in order to provide means to compensate the Attendants who serve at the Sunday organ recitals, the experts who are hired temporarily to repair chemical apparatus, text books, etc., and the extra Clerks and Janitor's Helpers rendered necessary by the evening and extension courses recently established.

It is further proposed to transfer $900 from said appropriation for Teachers' salaries to the appropriation for general supplies, and $250 from the appropriation for fuel to the one for repairs and replacements.

Although there is sufficient money in the appropriation for Teachers' salaries to admit of the proposed transfers therefrom, it is against the policy adopted by your Board to make funds appropriated for salaries applicable to supplies and other general expenses, and I would, therefore, recommend that said proposed transfer of $900 to the supplies account be not granted. The same objection would seem to apply to the proposed transfer of $735 to the contingencies account, but inasmuch as the bulk of said sum is required to pay for services incidental to instruction, and for the most part of a nature heretofore chargeable to regular salary appropriations, I would recommend that it be granted, together with the transfer of $250 from Fuel to Repairs, according to the resolution submitted herewith.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of nine hundred and eighty-five dollars ($985) be and the same is hereby transferred from the appropriation made to the following department for the year 1909, the same being in excess of the amount required for the purposes thereof, viz.:

The College of The City of New York—

932. Salaries of the Teaching Force	$735 00	
938. Fuel	250 00	
		$985 00

—to the appropriation made to the following Department for the year 1909, the same being insufficient for the purposes thereof, viz.:

The College of The City of New York—

940. Contingencies	$735 00	
937. Repairs and Replacements by Contract or Open Order	250 00	
		$985 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

1—$17,500, as requested by the Department of Water Supply, Gas and Electricity, from the account S-74P, Distribution—Maintenance, Fire Hydrant Rentals and Water Purchased, to the account S-74R, Distribution—Maintenance—Fuel, for the year 1909.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
Nos. 13 to 21 PARK ROW,
NEW YORK, December 8, 1909.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

DEAR SIR—I respectfully request that the Board of Estimate and Apportionment make transfer as indicated below within the appropriation made to this Department for Maintenance and Distribution of Water Supply in the Borough of Brooklyn, 1909:

From S-74P, Distribution—Maintenance, Fire Hydrant Rentals and Water Purchased, $17,500, to S-74R, Distribution—Maintenance—Fuel, $17,500.

Respectfully,
JOHN H. O'BRIEN, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request, under date of December 8, 1909, for the Commissioner of the Department of Water Supply, Gas and Electricity, for a transfer of $17,500 within the appropriations made to said Department for Maintenance and Distribution of Water Supply in the Borough of Brooklyn, 1909, I submit herewith my report, as follows:

The requested transfer is from S-74P, Distribution—Maintenance, Fire Hydrant Rentals and Water Purchased, $17,500, to S-74R, Distribution—Maintenance—Fuel, $17,500.

From memoranda submitted by the Commissioner's representative, it appears that the status of said accounts, as of December 4, 1909, was as follows:

	S-74R.	S-74P.
Appropriation for 1909	$500,000 00	$200,000 00
Expenditures and Outstanding Open Order and Contract Liabilities	506,449 19	165,000 00
Surplus balance	.....	$35,000 00
Anticipated deficiency	$6,449 19	

I am advised that the proposed transfer is to provide for the existing deficiency in said Fuel account, and also to permit the contracts for a year's supply of coal for the pumping stations in the Borough of Brooklyn, which contract is about to be awarded, to be partially certified against the appropriation for 1909, in order that sufficient coal for the balance of the present year may be available.

In my report, under date of June 1, 1909, relative to the Commissioner's request for an appropriation from the water revenues received in the Borough of Brooklyn during 1909, to provide for the maintenance and distribution of the water supply in said Borough during said year, I stated, in part, as follows:

"As it is probable that new contracts for a further supply of both classes of coal will have to be made during the present year, I have recommended in this report an allowance of $500,000 for fuel, leaving the certification of such future contracts to be provided for when the necessary amount can be more definitely determined."

In view of the preceding statements, I recommend the adoption of the resolution hereunto attached.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of seventeen thousand five hundred dollars ($17,500) be and the same is hereby transferred from the appropriation made to the Department of Water Supply, Gas and Electricity for the maintenance and distribution of the water supply in the Borough of Brooklyn during 1909, entitled, S-74P, Distribution—Maintenance, Fire Hydrant Rentals and Water Purchased, the amount of said appropriation being in excess of the requirements thereof, to the appropriation made to said Department for said purpose during the year 1909, entitled, S-74R, Distribution—Maintenance—Fuel, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

j—$100, as requested by the Deputy and Acting Commissioner of Bridges, from the account No. 89, General Supplies (Bridges over Newtown Creek) to the account No. 95, Contingencies (Bridges over Newtown Creek), for the year 1909.

DEPARTMENT OF BRIDGES, CITY OF NEW YORK,
NOS. 13 TO 21 PARK ROW,
NEW YORK, November 23, 1909.

Honorable Board of Estimate and Apportionment, No. 280 Broadway, New York City:

GENTLEMEN—I have to request the following transfers within the appropriations supporting the Budget appropriation for this Department for the year 1909 to meet necessary expenses, as follows:

From Bridges Over Newtown Creek (Subdivision No. 89), General Supplies, $100, the same being in excess of the amount required for the purposes thereof, to (Subdivision 95) Contingencies, $100, the amount of said appropriation being insufficient.

This does not increase the Budget appropriation for this Department for the year 1909.

Respectfully,
JOHN H. LITTLE, Deputy and Acting Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request, under date of November 23, 1909, from the Deputy and Acting Commissioner of the Department of Bridges for a transfer of $100 within the appropriations made to said Department for the year 1909, I submit my report herewith, as follows:

The requested transfer is from Bridges over Newtown Creek (No. 89), General Supplies, $100, to (No. 95) Contingencies, $100.

I am advised that the status of said accounts as of December 7, 1909, was as follows:

	No. 89.	No. 95.
Budget appropriations	$1,000 00	$400 00
Expenditures and outstanding liabilities	822 51	327 63
Unencumbered balance	$177 49	$72 37

It therefore appears that there remains a sufficient unencumbered balance in account No. 89 to meet the proposed transfer of $100.

I am further advised that the requested replenishment of account No. 95 is to provide funds for the hiring of tugs for opening and closing the Vernon Avenue Bridge during repairs to its operating machinery.

In view of the preceding statements, I recommend the adoption of the resolution hereunto attached.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of one hundred dollars ($100) be and the same is hereby transferred from the appropriation made to the following Department for the year 1909, the same being in excess of the amount required for the purposes thereof, viz., Department of Bridges—Bridges over Newtown Creek (No. 89), General Supplies, to the appropriation made to the following Department for the year 1909, the same being insufficient for the purposes thereof, viz., Department of Bridges—Bridges over Newtown Creek (No. 95), Contingencies.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Comptroller presented the following communication from the Commissioner of the Department of Parks, Boroughs of Manhattan and Richmond, requesting, and report of the Comptroller recommending the modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the Department of Parks, Boroughs of Manhattan and Richmond, involving the transfer of $1,950, but no additional appropriation:

DEPARTMENT OF PARKS—MANHATTAN AND RICHMOND,
ARSENAL, CENTRAL PARK,
December 8, 1909.

To the Board of Estimate and Apportionment, The City of New York:

DEAR SIRS—Application is hereby made to your Honorable Board for the following transfers in the Budget appropriations for 1909:

From account 747, line 14, Laborers, to line 15, Drivers, $1,000.

From account 747, line 14, Laborers, to account 757, line 2, Cottage Attendants, $1,500.

From account 747, line 14, Laborers, to account 757, line 3, Bath Attendants, $300.

From account 747, line 14, Laborers, to account 757, line 4, Laborers, $150.

There is no increase in salaries in these transfers, and unless they are authorized this Department will be compelled to close many of the comfort stations and have a number of horses lying idle, to the great embarrassment of the routine work, particularly if there should be a heavy fall of snow.

Yours truly,
HENRY SMITH, Commissioner.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication received from the Commissioner of Parks, Boroughs of Manhattan and Richmond, under date of December 8, 1909, requesting certain transfers within the appropriations made in the Budget for the year 1909, also involving the modification of the schedules supporting the budget, which was referred to me for consideration, I submit the following report:

The request for these transfers and modifications is made by the Commissioner to enable him to pay the wages of Drivers, Cottage Attendants and Bath Attendants for the balance of the year, who will have to be laid off unless this request is granted.

In view of this fact, I recommend favorable action upon the resolutions hereunto appended.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The following resolution was offered:

Resolved, That the sum of one thousand nine hundred and fifty dollars ($1,950) be and the same is hereby transferred from the appropriation made for the Department of Parks, Boroughs of Manhattan and Richmond, in the Budget for the year 1909, entitled No. 747, Maintenance of Parks and Boulevards, Salaries and Wages, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Department for the year 1909, entitled No. 757, Maintenance of Bath Houses and Comfort Stations, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Comptroller presented the following communication from the Board of Education, requesting the transfer of $20,000 within the Special School Fund for the year 1909, together with a report recommending that said request be denied.

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, November 12, 1909.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

DEAR SIR—I have the honor to transmit herewith a certified copy of a resolution adopted by the Board of Education at a meeting held on the 10th inst., relative to the transfer of $20,000 within the Special School Fund for the year 1909.

Respectfully yours,
A. EMERSON PALMER, Secretary, Board of Education.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve the following transfers:

From the Special School Fund for the year 1909 and from the item contained therein entitled Maintenance, General Supplies, No. 882. Supplies for School for Deaf Mutes to be taken over by the Board of Education	$20,000 00

—which item is in excess of its requirements, to the items also contained within the Special School Fund for the year 1909, as follows:

Maintenance, General Supplies, No. 872, Borough of Manhattan	$10,000 00
Maintenance, General Supplies, No. 874, Borough of Brooklyn	6,000 00
Maintenance, Contingencies, No. 915, Board of Education	2,000 00
Maintenance, Apparatus—Machinery, Vehicles, Horses; Equipment, Care and Storage of Same, No. 905, Care of Horses, Board of Education	2,000 00
	$20,000 00

—which items are insufficient for their purposes.

A true copy of resolution adopted by the Board of Education November 10, 1909.
A. EMERSON PALMER, Secretary, Board of Education.

DEPARTMENT OF FINANCE, CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 7, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Board of Education requesting the transfer of $20,000 within the Special School Fund appropriations for the year 1909, which has been referred to me by the Secretary of the Board of Estimate and Apportionment, my report is as follows:

At the suggestion of the Department of Finance, two items of $30,000 for Salaries and $20,000 for Supplies, respectively, were inserted in the Departmental Estimate of the Board of Education for the year 1909 for the maintenance of the Institution for the Improved Instruction of the Deaf, located at Lexington avenue and Sixty-seventh street, Borough of Manhattan, which it was proposed to have taken over by the Department of Education and incorporated as a part of the public school system of the City.

Said project has since been abandoned, a more liberal endowment having made it possible to continue said institution under private patronage, and the Board of Education, therefore, proposes to transfer the $20,000 appropriated for Supplies to other Special School Fund appropriations as under:

872.	General Supplies, Borough of Manhattan	$10,000 00	
874.	General Supplies, Borough of Brooklyn	6,000 00	
915.	Contingencies, Board of Education	2,000 00	
905.	Apparatus—Machinery, Vehicles, Horses; Equipment, Care and Storage of Same, Board of Education	2,000 00	
			$20,000 00

Inasmuch as this $20,000 was appropriated for a specific purpose, for which it has not been needed, and considering the liberal appropriations made for General Supplies, including cartage of same, and for Contingencies for the Department of Education for the current year, it would appear that said sum should be allowed to revert to the General Fund for the Reduction of Taxation, and I therefore recommend that the requested transfers heretofore mentioned be not approved.

Yours respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the request of the Board of Education for the transfer of twenty thousand dollars ($20,000) within the appropriation made to the Department of Education for the year 1909 for the Special School Fund from the account No. 882 to the accounts Nos. 872, 874, 915 and 905, be and the same is hereby denied.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Comptroller presented the following communication from the Commissioner of the Department of Bridges requesting, and report recommending, the modification of the schedules of Salaries and Salaries and Wages accompanying the Budget for the year 1909, for the Department of Bridges, involving the transfer of $1,000, but no additional appropriation:

DEPARTMENT OF BRIDGES, CITY OF NEW YORK,
NOS. 13 TO 21 PARK ROW,
NEW YORK, December 1, 1909.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I have to request the following transfer within the appropriations supporting the Budget Appropriation for this Department for the year 1909, to meet necessary expenses, as follows:

From Bridges in the Borough of The Bronx (subdivision 102), Salaries and Wages, unexpended, $1,000, the same being in excess of the amount required for the purposes thereof, to (subdivision 106) Apparatus—Machinery, Vehicles, Horses, Equipment, Care and Storage of Same, $1,000, the amount of said appropriation being insufficient.

This does not increase the Budget appropriation for this Department for the year 1909.

Respectfully,
J. W. STEVENSON, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1909.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request under date of December 1, 1909, from the Commissioner of the Department of Bridges for a transfer of $1,000 within the appropriations made to said Department for the present year, I submit my report herewith as follows:

The requested transfer is from Bridges in the Borough of The Bronx (102), Salaries and Wages, $1,000, to (106) Apparatus—Machinery, Vehicles, Horses, Equipment, Care and Storage of Same, $1,000.

From memoranda submitted by the Commissioner's representative, it appears that the status of said accounts as of December 6, 1909, was as follows:

	No. 102.	No. 106.
Budget appropriation for 1909	$35,097 50	$1,225 00
Expenditures to date and outstanding liabilities	29,862 59	608 45
Unexpended balance	$5,234 91	$616 55

The estimated amount required to provide for such Salaries and Wages for the balance of the current year, is, I am advised, $2,418.52; hence, an ample unencumbered balance exists in account No. 102 to permit of the proposed transfer.

The Commissioner's representative states that the replenishment of account No. 106 is desired in order to provide funds for the immediate purchase of two horses and a wagon for the transportation of materials and supplies from the storehouse to the several bridges in the Borough of The Bronx. I am advised that the single horse now used for said purpose is over thirty years old, and has been in the service of said Department for nearly the entire period, and is now practically useless.

If the requested transfer be made, it will require a modification of the schedule of Salaries and Wages supporting said Budget appropriation No. 102, as per schedule attached to this report. In such modified schedule no change is made in the line items for salaries, the necessary deduction being made in the line items for wages.

In view of the preceding statements, I recommend the adoption of the resolutions hereunto attached.

Respectfully,
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of further revision and modifications of the Budget schedules of Salaries and Wages

supporting the appropriations made for the Department of Bridges for the year 1909, as follows:

Bridges in the Borough of The Bronx -

102 Salaries and Wages:

Assistant Engineer	$3,500 00	
General Foreman	1,500 00	
Foreman Laborer	1,500 00	
Bridge Tenders, 23 at $900	20,700 00	
Lineman, not to exceed $4.50 per day	1,342 50	
Laborers	5,555 00	
		$34,097 50

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The following resolution was offered:

Resolved, That the sum of one thousand dollars ($1,000) be and the same hereby is transferred from the appropriation made for the Department of Bridges for the year 1909, entitled Bridges in the Borough of The Bronx (No. 102), Salaries and Wages, the same being in excess of the amount required for the purposes thereof, to the appropriation made for said Department for the year 1909, entitled Bridges in the Borough of The Bronx (No. 106), Apparatus, Machinery, Vehicles, Horses; Equipment, Care and Storage of Same, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond and the Acting President of the Borough of Manhattan—16.

The Comptroller presented communications, as follows:

From the Commissioner of Bridges referring to the resolutions of the Local Board of Chester, Borough of The Bronx, relative to an appropriation for the construction of bridges over the Bronx River at Ludlow avenue and over Westchester Creek at East One Hundred and Seventy-seventh street, Borough of The Bronx, and submitting copies of reports from the Chief Engineer of the Department and the Engineer in charge of Bridges in The Bronx, recommending that the draw span formerly used as part of the Westchester avenue temporary bridge be used for the crossing at Ludlow avenue, at a cost (with its approaches) not to exceed $25,000, and that a new bridge be constructed over Westchester Creek at a cost not to exceed $275,000.

(On November 19, 1909, the resolutions of the Local Board of Chester, as above, were referred to the Commissioner of Bridges.)

From the Mayor, requesting the transfer of $1,000 from the appropriation made to the Commissioners of Accounts for the account, No. 959, Contingencies, to the appropration made to the Mayoralty for the account, No. 2, Contingencies, for the year 1909.

From the Department of Health, requesting authority, pursuant to resolution adopted December 6, 1907, to contract for the furnishing of all labor and materials necessary for the installation of rails, fittings, etc., together with all the necessary alterations and other work incidental thereto, in the office building at the southwest corner of Fleet and Willoughby street, Borough of Brooklyn, at a cost not to exceed $2,989.

From the Board of Education, submitting resolutions relative to the acquisition of the following school sites:

Queens, Emerson and Winthrop avenues, Forest Parkview, Borough of Queens.

Pitkin, Guion and Napier places, Brooklyn Hills, Borough of Queens.

Lefferts and Metropolis avenues, Morris Park, Borough of Queens.

Avenue C, East Third and East Fourth streets, Borough of Brooklyn.

Snyder avenue, East Thirty-fourth and East Thirty-fifth streets, Borough of Brooklyn.

From the Board of Education, submitting resolutions as follows:

1. Rescinding resolution of November 24, 1909, relative to transferring $327,000 from the appropriation granted for the erection of school building on Porter avenue, Harrison place and Ingraham street, Brooklyn, to the appropriation made for the erection of a new school building on the site located at Clarkson and West Houston streets, between Varick and Hudson streets, Borough of Manhattan, and requesting an additional appropriation of $89,000, to be applied to the same purpose, and adopting a new resolution requesting an issue of $416,000 Corporate Stock, pursuant to section 169 of the Charter, for the erection of a 64-classroom school building on the latter named site, and a further issue of $91,800 Corporate Stock for the equipment (heating and ventilating and electric work) of the same.

(On December 3, 1909, the resolution of November 24, 1909, as above, was referred to the Comptroller.)

2. Resolution requesting an issue of $300,000 Corporate Stock for the erection of the new building for the Washington Irving High School, Manhattan, in addition to the $600,000 appropriation heretofore allowed for this purpose.

Which were referred to the Comptroller.

The Comptroller presented communications as follows:

From the Clerk of the City Court, requesting the establishment of the following grades of positions in said Court, as follows:

	Incumbents	Per Annum.
Deputy Clerk	1	$3,500 00
Deputy Clerks	5	2,400 00
Assistant Clerks	15	2,100 00

From the Commissioner of Bridges, requesting the establishment of additional grade of position of Supervising Inspector, with salary at the rate of $2,650 per annum.

Which were referred to the Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

The Comptroller presented a communication from the Commissioner of Street Cleaning, withdrawing his communication dated November 29, 1909, relative to the approval, pursuant to section 1554 of the Charter, of specifications for snow plows.

The Secretary was directed to return said communication to the Commissioner of Street Cleaning.

(On December 3, 1909, said communication of November 29, 1909, was referred to the Comptroller.)

The Comptroller presented the following opinion of the Corporation Counsel, referring to the communication of the Public Service Commission for the First District, relative to the application for the appointment of Commissioners of Appraisal to condemn easements along the line of Fourth avenue subway, Brooklyn, title to vest in the City upon the filing of the oaths of the Commissioners, and stating that he agrees with the said Commission that it is inexpedient at the present time to institute proceedings to condemn the rights which will be extinguished by the construction of the subway under Fourth avenue, also agreeing that upon the situation being explained and assurance given that if the decision of the Court of Appeals should make it necessary to institute condemnation proceedings, such proceedings would be promptly instituted, it is not probable that a court would enjoin the work of construction.

(On October 29, 1909, the Board of Estimate and Apportionment adopted a resolution requesting the Public Service Commission to make application for the appointment of Commissioners of Appraisal, as above.

On November 19, 1909, the communication from the Public Service Commission relative thereto was presented, and the matter referred to the Corporation Counsel for an opinion as to whether or not the attitude of the Public Service Commission is a correct one.)

Which was ordered printed in the minutes, and the Secretary directed to transmit a copy thereof to each member of the Board.

CITY OF NEW YORK, LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 8, 1909.

To the Board of Estimate and Apportionment of The City of New York:

SIRS—I beg to acknowledge receipt of a communication from your Secretary, under date of November 22, 1909, stating that at a meeting of your Board held October 29, 1909, a resolution was adopted which reads as follows:

> Resolved, That the Public Service Commission for the First District be and hereby is requested to make application forthwith for the appointment of Commissioners of Appraisal to condemn easements along the line of the Fourth avenue subway, title thereto to vest in the City upon the filing of the oaths of the Commissioners; and be it further
>
> Resolved, That said Public Service Commission be and hereby is requested to notify this Board as soon as such application has been made.

—and that at a subsequent meeting of your Board held November 19, 1909, a communication was presented from the Public Service Commission in reply to the said resolution of October 29, 1909, stating that said "Commission is advised by counsel that it is inexpedient to institute the proceedings referred to at the present time."

Your Secretary also states that the matter was by your Board referred to me "for an opinion as to whether or not the attitude of the Public Service Commission is a correct one."

I assume that your Board in making the request for such opinion had in mind the opinion rendered by me under date of April 16, 1909, to Hon. Patrick F. McGowan, as Chairman of the Select Committee of your Board, appointed December 11, 1908, wherein I advised the Committee that the abutting owners along Fourth avenue would, by virtue of the contract contained in section 7 of chapter 299, Laws of 1861, be legally entitled to compensation for whatever damages they might sustain by the construction and operation of a subway under said avenue, even though the Court of Appeals should hold in the Joralemon street case that the City was not liable to abutting owners for the damages caused by the construction of a subway under a public street in front of their lots.

The meaning of the above would perhaps be made more plain by adding that, in expressing that opinion, I had in mind the possibility that the Court of Appeals might apply to a subway railroad under a public street the doctrine of damnum absque injuria, applied in Sauer's case (180 N. Y., 27) to the viaduct in One Hundred and Fifty-fifth street, and hold that although the construction of a subway railroad by the City under a public street causes actual damage to abutting property, yet the owners of such property cannot recover therefor as against the City, for the reason that in constructing such subway the City acts in its public capacity as the agent of the State, and is therefore not liable any more than the State itself would be, whereas if constructed by a private corporation abutting owners would be entitled to recover as against such private corporation for any actual damage they might sustain by reason thereof.

In the opinion of April 16, 1909, I considered more especially the views bearing upon your request for advice, which was only as to whether the act of 1861 prevented the construction of a subway in Fourth avenue.

The Court of Appeals decision in the Joralemon street case may, however, go to the extent of holding that abutting owners, even though they own the fee of the public street in front of their lots, are, by the construction of a subway railroad under the street, deprived of rights having only a nominal value, regardless of whether those rights are taken by the City or by a private corporation, in which event it would be unnecessary to condemn such rights.

As stated by the Public Service Commission, the Joralemon street case has been argued and submitted to the Court of Appeals, and the decision therein may be expected within a short time.

Inasmuch as that decision, as above stated, may have the effect of making it unnecessary to institute condemnation proceedings, and as it is expected in any event that the decision will have an important bearing on the extent of the damages sustained by the owners of lots abutting on a public street under which a subway railroad is constructed, I agree with the opinion expressed in the communication of the Public Service Commission, that it is inexpedient at the present time to institute proceedings to condemn the rights which will be extinguished by the construction of the subway under Fourth avenue.

I also agree with the opinion expressed by Counsel to the Public Service Commission that upon the situation being explained and assurance given that if the decision of the Court of Appeals should make it necessary to institute condemnation proceedings, such proceedings would be promptly instituted, it is not probable that a court would enjoin the work of construction.

Yours respectfully,
F. K. PENDLETON, Corporation Counsel.

The President of the Board of Aldermen moved that when the Board adjourns it adjourn to meet Friday, December 17, 1909, at 10:30 o'clock, in the forenoon, which motion was adopted.

The Comptroller moved that the calendar for the meeting to be held December 17, 1909, contain financial, franchise and public improvement matters.

After considering public improvement matters the Board then adjourned to meet Friday, December 17, 1909, at 10:30 o'clock in the forenoon.

JOSEPH HAAG, Secretary.

SESSION OF THE MEMBERS OF THE BOARD OF ALDERMEN REPRESENTING THE BOROUGH OF MANHATTAN.

Tuesday, December 14, 1909,
1 o'clock p. m.

The members of the Board representing the Borough of Manhattan met in the Aldermanic Chamber, City Hall.

Hon. George B. McClellan, Mayor, presiding.

The Chair requested the City Clerk to read the call for the special meeting, which is as follows:

City of New York,
Office of the Mayor.

I, George B. McClellan, Mayor of The City of New York, acting in pursuance of section 382 of the Greater New York Charter and the judgment of ouster entered in the office of the County Clerk of the County of New York on the 9th day of December, 1909, in the proceeding brought by the State of New York against John F. Ahearn as President of the Borough of Manhattan, do hereby call the members of the Board of Aldermen representing the Borough of Manhattan, in The City of New York, in session on Tuesday, the 14th of December, 1909, at one o'clock p. m., in the chamber of the Board of Aldermen, in the City Hall of The City of New York, for the purpose of filling the unexpired term of the office of the President of the Borough of Manhattan, which will end December 31, 1909.

In witness whereof, I have hereunto set my hand and affixed my seal of office at the City Hall in The City of New York, on this 10th day of December, 1909.

(Signed) GEO. B. McCLELLAN, Mayor.

The Chair requested the City Clerk to call the roll, which roll call resulted as follows:

Present:

Aldermen

Thomas F. Baldwin,	Bernhard Goldschmidt,	James J. Nugent,
Herman W. Beyer,	Tristam B. Johnson,	John W. O'Reilly,

For George F. Scannell—Aldermen Baldwin, Delaney, Kenneally, Loos, McDonald and Reardon—6.

The Chair then announced that, no one having received a majority of the votes of the members of the Board from the Borough of Manhattan, there was no election, and directed that the roll be again called.

Alderman Dowling moved that a recess be taken until Tuesday, December 28, 1909, at 1 o'clock in the afternoon.

Alderman Brown moved to amend that such recess be taken until Wednesday, December 22, 1909, at 1 o'clock in the afternoon.

On such amendment the Chair directed the Clerk to call the roll, which roll call resulted as follows:

Affirmative—Aldermen Beyer, Brown, Case, Davis, Goldschmidt, Johnson, Schloss, Schneider and Stormont—9.

Negative—Aldermen Baldwin, Delaney, Doull, Dowling, Drescher, Flynn, Kavanagh, Kenneally, Levine, Marx, McDonald, Moskowitz, Nagle, Nugent, O'Reilly, Reardon and Walsh—17.

The Chair declared the amendment not agreed to.

The Chair then directed the Clerk to call the roll on the motion of Alderman Dowling, which roll call resulted as follows:

Affirmative—Aldermen Baldwin, Delaney, Doull, Dowling, Drescher, Flynn, Kavanagh, Kenneally, Levine, Loos, Marx, McDonald, Moskowitz, Nagle, Nugent, O'Reilly, Reardon, Smith, Stapleton and Walsh—20.

Negative—Aldermen Beyer, Brown, Case, Davis, Goldschmidt, Johnson, Schloss, Schneider and Stormont—9.

The Chair declared the motion agreed to, and that the Aldermen from Manhattan stood in recess until Tuesday, December 28, 1909, at 1 o'clock in the afternoon.

AFTER RECESS.

Tuesday, December 28, 1909.
1 o'clock p. m.

The Chair directed the Clerk to call the roll, which roll call resulted as follows:

Present:

Aldermen

Baldwin,	Drescher,	Nagle,
Beyer,	Kavanagh,	O'Reilly,
Brown,	Levine,	Reardon,
Davis,	Loos,	Smith,
Doull,	McCann,	Walsh.
Dowling,	Moskowitz,	

The Chair directed the Clerk to read the minutes of the previous meeting.

Upon motion of Alderman Doull the minutes were approved as read.

The Chair then directed the Clerk to call the roll, which roll call resulted as follows:

For George McAneny—Aldermen Beyer, Brown, Davis—3.

For Frank J. Goodwin—Aldermen Dowling, Levine, O'Reilly and Smith—4.

For James J. Hagan—Aldermen Drescher, Kavanagh, Moskowitz, Nagle and Walsh—5.

For George F. Scannell—Aldermen Baldwin, Loos and Reardon—3.

The Chair then announced that, no one having received a majority of the votes of the members of the Board from the Borough of Manhattan, there was no election.

Alderman Dowling moved that a recess be taken until Monday, January 3, 1910, at 1 o'clock in the afternoon.

Before putting the motion the Chair announced that he desired to call the attention of the members from Manhattan to the provisions of section 382 of the Greater New York Charter and section 1841 of the Penal Law, which he read, as follows:

Sec. 382 (Greater New York Charter).—"* * * Any vacancy in the office of president, caused by removal from the borough or otherwise, shall be filled for the unexpired term by an election to such vacancy made by a majority vote of all the members of the board of aldermen then in office representing said borough, and in case of any such vacancy it shall be the duty of the mayor forthwith to call such members in session for such an election and to preside thereat; * * *"

Sec. 1841 (Penal Law).—"A public officer or person holding a public trust or employment, upon whom any duty is enjoined by law, who willfully neglects to perform the duty, is guilty of a misdemeanor. This and section eighteen hundred and forty do not apply to cases of official acts or omissions the prevention or punishment of which is otherwise specially provided by statute."

Which sections were read by the Chair.

Upon a question raised by Alderman Walsh as to the application of section 1841 of the Penal Law, the Chair announced that it was his opinion that the meaning of the law was very clear, and that in this case the duty of the Aldermen from Manhattan was to sit until they reached some conclusion.

Alderman Brown moved to amend the motion of Alderman Dowling by inserting in place of the words "Monday, January 3, 1910," the words "Wednesday, December 29, 1909," which amendment was accepted by Alderman Dowling.

The Chair then put the question on the motion as amended, and declared the motion agreed to and that the Aldermen from Manhattan stood in recess until Wednesday, December 29, 1909, at 1 o'clock in the afternoon.

AFTER RECESS.

Wednesday, December 29, 1909,
1 o'clock p. m.

The Chair directed the Clerk to call the roll, which roll call resulted as follows:

Present:

Aldermen

Baldwin,	Flynn,	Nugent,
Beyer,	Hines,	O'Reilly,
Brown,	Johnson,	Reardon,
Delaney,	Kavanagh,	Smith,
Doull,	Kenneally,	Stapleton,
Dowling,	Levine,	Stormont,
Drescher,	McCann,	Walsh.

The Chair directed the Clerk to read the minutes of the previous meeting.

Upon motion of Alderman Doull, the minutes were approved as written.

Alderman Brown moved that the Aldermen from Manhattan remain in continuous session until the vacancy in the office of the President of the Borough of Manhattan was filled, which motion was agreed to.

The Chair then directed the Clerk to call the roll, which roll call resulted as follows:

For George McAneny—Aldermen Beyer, Brown, Johnson and Stormont—4.

For Frank J. Goodwin—Aldermen Dowling, Levine, O'Reilly, Smith and Stapleton—5.

For James J. Hagan—Aldermen Drescher, Kavanagh, Nugent and Walsh—4.

For George F. Scannell—Aldermen Baldwin, Delaney, Kenneally and Reardon—4.

The Chair then announced that, no one having received a majority of the votes of the members of the Board from the Borough of Manhattan, there was no election and directed that the roll be again called, which roll call resulted as follows:

For George McAneny—Aldermen Beyer, Brown, Johnson and Stormont—4.

For Frank J. Goodwin—Aldermen Flynn, Levine and Stapleton—3.

For James J. Hagan—Aldermen Drescher, Kavanagh, Nugent and Walsh—4.

For George F. Scannell—Aldermen Baldwin, Delaney, Kenneally and Reardon—4.

The Chair then announced that, no one having received a majority of the votes of the members of the Board from the Borough of Manhattan, there was no election, and directed that the roll be again called, which roll call resulted as follows:

For George McAneny—Aldermen Beyer, Brown, Johnson and Stormont—4.

For Frank J. Goodwin—Aldermen Dowling, Levine, O'Reilly and Stapleton—4.

For James J. Hagan—Aldermen Drescher, Kavanagh and Walsh—3.

For George F. Scannell—Aldermen Baldwin, Delaney, Kenneally and Reardon—4.

The Chair then announced that, no one having received a majority of the votes of the members of the Board from the Borough of Manhattan, there was no election, and directed that the roll be again called.

Alderman Dowling withdrew the name of Frank J. Goodwin and nominated in his place for the office of President of the Borough of Manhattan John Cloughen.

Alderman Brown, on behalf of the Republican members, stated that, in view of the fact that there was not a sufficient number present to elect Mr. Cloughen without the votes of the Republican members, and, further, that some election should be made,

that there were but three days remaining of the term and that Mr. Cloughen was now the Acting Borough President, he withdrew the name of George McAneny.

Alderman Kenneally withdrew the name of George F. Scannell.

Alderman Walsh withdrew the name of James J. Hagan.

The Chair then directed the Clerk to call the roll, which roll call resulted as follows:

For John Cloughen—Aldermen Baldwin, Beyer, Brown, Delaney, Doull, Dowling, Drescher, Flynn, Hines, Johnson, Kavanagh, Kenneally, Levine, McCann, Nugent, O'Reilly, Reardon, Stapleton, Stormont and Walsh—20.

The Chair then announced that John Cloughen, having received twenty votes, a majority of the votes of the Aldermen from Manhattan, for the office of the President of the Borough of Manhattan, the Chair declared him to be the choice of the Aldermen from Manhattan for the unexpired term.

Alderman Dowling moved that a committee be appointed by the Chair to bring Mr. John Cloughen before the Board, which motion was agreed to.

The Chair appointed as such Committee Aldermen Dowling and Brown.

The Chair announced that he had executed the certificate of election of John Cloughen for the office of Borough President for the Borough of Manhattan for the unexpired term.

Aldermen Dowling and Brown then presented Mr. John Cloughen to the Board.

The Mayor then administered the oath of office to John Cloughen as President of the Borough of Manhattan.

Alderman Doull then moved that the Aldermen from Manhattan adjourn. The motion was agreed to and the Chair declared that the Aldermen from Manhattan stood adjourned without day.

GEO. B. McCLELLAN, Mayor.

P. J. Scully, City Clerk.

BOARD OF CITY RECORD.

Board of City Record, Mayor's Office, City Hall,
Thursday, 1.30 p. m., March 25, 1909.

The Board of City Record met this day.

There were present the Hon. George B. McClellan, Mayor; the Hon. Francis Key Pendleton, Corporation Counsel, and the Hon. Herman A. Metz, Comptroller.

The Supervisor presented the following report on the tabulation of bids received and opened March 16, 1909, for "Supplying Stationery, etc., for the use of Courts, Departments and Bureaus during the year 1909":

Board of City Record, Office of the Supervisor,
New York, March 25, 1909.

The Honorable the Board of City Record:

Gentlemen—I have the honor to present for your consideration and action the tabulation of the bids received and opened by you on March 16 "for Supplying Stationery, etc., for the use of Courts and the Departments and Bureaus of The City of New York during the year 1909," together with the following report on the bids submitted:

William Bratter & Co. (part of the contract, 16 schedules only)	$21,400 06
John Cassidy Company (part of the contract, 13 schedules only)	13,774 74
The J. W. Pratt Company (whole contract, 28 schedules, lowest bidder on supplies specified)	27,353 95

The American Lead Pencil Company did not bid on the supplies mentioned and described in the specifications and schedules, but offer to furnish pencils and penholders of their own manufacture.

They submit an estimate for penholders of their own manufacture which they claim to be "an exact match for the styles called for" at a sum 47 cents less than the lowest bid received for the schedule (No. 14).

They submit an estimate for pencils of their own manufacture and offer a choice of two styles which they claim to be "equal or superior goods" to those called for in the specifications, at a sum $103.49 less than the lowest bid received on the schedule (No. 15).

To prevent all disputes and litigations the Supervisor recommends to your Honorable Body that it would be for the best interests of the City to award the contract as a whole to the only bidder on all items of the supplies mentioned and described in said specifications and schedules.

Respectfully submitted,

PATRICK J. TRACY, Supervisor of the City Record.

A communication from the American Lead Pencil Company was presented requesting that the product of their factories be considered in fair competition with the articles or class of materials specified in the form of contract and specifications for stationery supplies.

After some discussion the Comptroller moved that the contracts be awarded to the lowest bidders by lines instead of schedules.

Which motion was agreed to, and the contracts awarded as follows:

PATRICK J. TRACY, Secretary.

BOARD OF CITY RECORD.

Board of City Record,
Mayor's Office, City Hall,
Tuesday, 11 a. m., June 29, 1909.

The Board of City Record met this day.

There were present the Honorable George B. McClellan, Mayor, and the Honorable Francis K. Pendleton, Corporation Counsel.

The Supervisor presented for the Board's consideration the following matters:

Request from the Board of Assessors that advertising for the Board of Assessors be inserted in the "New Yorker Handels-Zeitung."

Communication from John C. Kennahan, of "The Daily Long Island Farmer," relating to the publication of Queens Borough matters in the Queens Borough newspapers.

Application from the "Harlem Reporter and Bronx Chronicle" for City advertising.

Application from "The Reporter" for advertising pertaining to the northern portion of The Bronx.

These communications were, without objection, referred to the Supervisor for file.

The following resolutions were then adopted by the majority vote of the Board:

Resolved, That the Supervisor of the City Record be and he hereby is authorized to issue to the various Departments, Bureaus, Courts and offices of the Government of The City of New York circular letters calling for requisitions of printed, lithographed or stamped forms, stationery and blank books, dockets, libers, etc., for use during the year 1910; and the Supervisor is hereby directed, in the event of the failure of any Department, Bureau, Court or County office to make return of such requisition on or before September 18, 1909, to consider that such Department has sufficient supplies for its needs during the coming year and to disregard the same in the preparation of the annual contracts for the year 1910; and

Resolved, That the Supervisor of the City Record be directed to prepare and print, with the approval of the Corporation Counsel, forms of proposals or estimates and contracts and specifications for supplies of printed, lithographed or stamped forms and blank books, dockets, libers, etc., stationery supplies, and for publication of the CITY RECORD for the year 1910; bids for the same to be opened after due advertisement, as required by law; and

The matter of making provision for supplying blank books required by the City Departments for use on January 1, 1910, was ordered referred to the Comptroller for consideration and report.

The Supervisor presented a report prepared by him covering the matter of City advertising, which was laid over for future consideration.

The following minutes of special resolutions adopted by this Board from March 25, 1909, to June 28, 1909, were ordered included in the minutes of the meeting held this day:

Minutes of special resolutions adopted by the Board of City Record, pursuant to section 1528, Greater New York Charter, authorizing the Supervisor to enter into an agreement to furnish the following supplies:

Department of Finance, City of New York,
June 29, 1909.

Hon. GEORGE B. McCLELLAN, Mayor and Chairman, Board of City Record, City of New York:

Sir—In the matter of the assignment of the order of the Board of City Record for the books required by the various departments, courts, bureaus, etc., for use on January 1, 1910, I would report that it appears to me inadvisable to depart from the custom which has been followed for the past several years but to award the same to the present book contractor, James H. English & Son.

This firm has done satisfactory work for the City in connection with the very complicated books required in the installation of the new accounting system in the Finance Department and the other City Departments, and it is not likely that the same service can be obtained through the use of other firms. It is especially important that the preparation of the books for the first of the year should be in the hands of the concern thoroughly experienced in their preparation, as otherwise the complete installation of the new accounting may be hampered.

All orders issued by the Supervisor in connection with the work are subject as to price to examination and revision by the Examiners and Auditors of the Department of Finance before becoming a charge against the City.

I would therefore recommend the adoption of the resolution transmitted herewith.

Respectfully,
H. A. METZ, Comptroller.

June 30, 1909.

Resolved, That the Supervisor be and he hereby is directed to award to James H. STATE WATER SUPPLY COMMISSION.

In the matter of the application of The City of New York.

PUBLIC NOTICE.

NOTICE IS HEREBY GIVEN THAT, PURsuant to the provisions of chapter 724 of the Laws of 1905 and the acts amendatory thereof and supplemental thereto, and to article 2 of the State Boards and Commissions Law, being chapter 56 of the Laws of 1909, the State Water Supply Commission will meet at the office of the Board of Water Supply, No. 299 Broadway, in the Borough of Manhattan, City of New York, on the 12th day of January, 1910, at 11 o'clock in the forenoon of that day, for the purpose of hearing all persons, municipal corporations or other civil divisions of the State of New York that may be affected by the execution of the modification, or amendment, dated November 15, 1909, of the plans of The City of New York for securing a new and additional supply of water, plans for which modification or amendment have been filed with the New York State Water Supply Commission, at its office, Lyon Block, Albany, N. Y., where the same are open for public inspection; and for the purpose of determining whether said plans are justified by public necessity and whether the same are just and equitable to the other municipalities and civil divisions of the State of New York and to the inhabitants thereof affected thereby, and whether said plans make fair and equitable provisions for the determination and payment of any and all damages to persons and property, both direct and indirect, which will result from the execution thereof.

The execution of such plans, it is alleged, will affect lands situate in the Counties of New York, Kings, Queens and Richmond.

All persons, municipal corporations and other civil divisions of the State of New York who have objection to the execution of said plans, in order to be heard thereon, must file such objections thereto in writing in the office of the State Water Supply Commission in the City of Albany, N. Y., on or before the 11th day of January, 1910. Every objection so filed must particularly specify the grounds thereof.

No person, municipal corporation or local authority can be heard in opposition thereto except on objections so filed.

Dated Albany, N. Y., December 16, 1909.

HENRY H. PERSONS,
President;
ERNST J. LEDERLE,
MILO M. ACKER,
JOHN A. SLEICHER,
CHARLES DAVIS,

The Board of Assessors has levied and assessed the foregoing asessments in twenty equal annual installments.

The "Seventh Installment" in each case is now due and payable, and hereafter for thirteen years an amount equal to one of the aforesaid annual installments, with interest, shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1903, and the "Seventh Installment" entered on December 29, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the seventh installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 28, 1910, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISsioner of Parks for the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York acquired by it for park purposes in the

Borough of The Bronx.

Being all those unoccupied buildings, parts of buildings, etc., standing upon land acquired for the extension of Bronx Park, easterly side, as laid out on the map of July 1, 1905, in the Twenty-fourth Ward, Bronxdale, and being more particularly designated as parts of parcels 4, 17, 18 and 22, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 9, 1909, the sale of the above described buildings and appurtenances thereto will be held by sealed bids, by direction of the Comptroller, on

THURSDAY, JANUARY 13, 1910,

at 11 a. m. in lots and parcels and in manner and form as follows:

Parcel 4—Two-story brick house, with extension, shed and outhouse, being the second house east of Bronx Park Bridge, on the Boston Post road.

Parcel 17A—Two-story frame house, on the Bronx and Pelham parkway, about 230 feet east of Snuff Mill road.

Parcel 17B—Two-story stone house and outhouse on Snuff Mill road, about 60 feet south of Bronx and Pelham parkway.

Parcel 18A—Two-story frame house on Snuff Mill road, about 260 feet south from Bronx and Pelham parkway, and standing about 60 feet in from Snuff Mill road; also shed in the rear of same.

Parcel 18B—Two-story stone house, shed and outhouse in the centre of field, between Bronx and Pelham parkway and Snuff Mill road.

Parcel 22—Two-story frame house, shed and outhouse on Snuff Mill road, being the next house west of the public school building.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 13th day of January, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened January 13, 1909," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following:

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed

bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., standing within the lines of Sullivan street, from the westerly line of Bedford avenue to the easterly line of Rogers avenue, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of The Bronx.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held December 22, 1909, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, JANUARY 14, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Two and one-half story frame house in Sullivan street, west of Rogers avenue.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 14th day of January, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale, as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened January 14, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY PROPERTY BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York acquired by it for street opening purposes in the

Borough of The Bronx.

Being the buildings, parts of buildings, etc., standing within the lines of Bartholdi street, from White Plains road to Holland avenue, in the Twenty-fourth Ward of the Borough of The Bronx, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held December 15, 1909, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, JANUARY 7, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Part of two and one-half story frame building with steps at the southeast corner of Bartholdi street and White Plains road. Cut 2.9 feet on west side by 5.3 feet on east side by 41.6 feet.

Parcel No. 2. Part of two-story frame house No. 711 Bartholdi street. Cut 4.3 feet on west and east sides by 25 feet.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 7th day of January, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened January 7, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the pur-

chase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISsioner of Parks of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for park purposes, in the

Borough of The Bronx.

Being the buildings, parts of buildings, etc., situated in Pelham Bay Park, known as the Ogden House, a house at Rodmans Neck and an old barn at Orchard Beach.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held December 15, 1909, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, JANUARY 5, 1910

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Ogden House, a three-story frame building located on the westerly side of Eastern boulevard, 1,560 feet north of Split Rock road and 400 feet west of said boulevard.

Parcel No. 2. One-story frame barn and inclosed shed attached, located near lane leading from City Island road to Orchard Bathing Beach, about 300 feet easterly of City Island road and 160 feet northerly of said lane.

Parcel No. 3. Two-story frame building recently occupied by Morris Yacht Club, located at the end of lane running southerly from angle of City Island road and distant 950 feet southerly therefrom.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 5th day of January, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale, as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened January 5, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for school site purposes in the

Borough of Brooklyn.

Being the buildings, parts of buildings, etc., now remaining upon the property acquired for the purposes of the Boys' High School on the west side of Marcy avenue, having a frontage of 315 on the south side of Madison street and the north side of Putnam avenue, and being known as Nos. 260 and 262 Madison street, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held December 15, 1909, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, JANUARY 4, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Two two-story and basement brick and brownstone houses, Nos. 260 and 262 Madison street.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 4th day of January, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened January 4, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made

to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CONTRACT No. 52.

SEALED BIDS WILL BE RECEIVED BY the Board of Water Supply, in Room 910, No. 299 Broadway, New York, until 11 a. m., on

TUESDAY, JANUARY 11, 1910,

FOR CONTRACT No. 52.

FOR THE CONSTRUCTION OF PORTIONS OF THE WHITE PLAINS DIVISION OF THE CATSKILL AQUEDUCT.

The work includes three tunnels on the hydraulic gradient, aggregating 1.6 miles in length, one being 17 feet high by 13⅓ feet wide inside and two 17½ feet high by 13¾ feet wide inside, and about 2.8 miles of plain concrete conduit known as cut-and-cover aqueduct, 17½ feet high by 18 feet wide inside. The work is located in the Towns of Mount Pleasant and Greenburgh, Westchester County, N. Y.

An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract. At the above place and time bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board reserves the right to reject any and all bids.

Two or more bonds, the aggregate amount of which shall be Four Hundred and Seventy-five Thousand Dollars ($475,000), will be required for the faithful performance of the contract.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of Fifty Thousand Dollars ($50,000).

Time allowed for the completion of the work is thirty-six (36) months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal and contract, specifications, etc., and pamphlets of contract drawings, can be obtained at Room 906, at the above address, upon application in person or by mail, by depositing the sum of ten dollars ($10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars ($20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,
Commissioners of the Board of Water Supply.
J. WALDO SMITH, Chief Engineer.

CONTRACT FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR THE REMOVAL OF SNOW AND ICE.

"FORM NO. 1."

The time for the completion of the work and the full performance of the contract is by or before April 15, 1910.

The amount of security required is One Hundred Thousand Dollars ($100,000).

The compensation for piling will be at a rate or price per cubic yard computed by multiplying 75 per cent. of the depth of the snow and ice by the area of the street or avenue on which the snow or ice is piled. The compensation for removing will be at a rate or price per cubic yard computed by multiplying 33⅓ per cent. of the depth of snow and ice by the area of the street or avenue on which removal is performed. The depth of snow and ice shall be determined by the official reports of the New York Meteorological Observatory of the Department of Parks, Central Park, City of New York, and the official reports of the New York Weather Bureau of the United States, Department of Agriculture, and by an observatory to be established by the Commissioner of Street Cleaning in a proper position in Mount Morris Park. The depth of snow and ice for each storm shall be the average of the observations taken at these points. The area of the street or avenue shall be taken from the area maps on file in the Department of Street Cleaning, which have been drawn from the original survey and have been made by the Sanborn Map Company for the Department of Street Cleaning.

Compensation will be at a rate or price per cubic yard for snow and ice that has been piled, and at a rate or price per cubic yard for snow and ice that has been removed.

These prices must be written out and must also be given in figures.

The contract, if awarded, will be awarded to the lowest bidder per cubic yard. The lowest bid will be determined by multiplying the price bid per cubic yard for piling by three, and adding to this product the price bid per cubic yard for removal. Should this sum result in the same amount for two or more lowest bidders, that one of such bidders offering the lowest price per cubic yard for piling will be taken as the lowest bidder.

CONTRACT FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR THE REMOVAL OF SNOW AND ICE.

"FORM No. 1."

The time for the completion of the work and the full performance of the contract is by or before April 15, 1910.

The amount of security required is One Hundred Thousand Dollars ($100,000).

The compensation for piling will be at a rate or price per cubic yard computed by multiplying 75 per cent. of the depth of the snow and ice by the area of the street or avenue on which the snow or ice is piled. The compensation for removing will be at a rate or price per cubic yard, computed by multiplying 33 1-3 per cent. of the depth of snow and ice by the area of the street or avenue on which removal is performed. The depth of snow and ice shall be determined by the official reports of the New York Weather Bureau of the United States, Department of Agriculture, and by observatories to be established by the Commissioner of Street

Cleaning in a proper position in Prospect Park. The depth of snow and ice for each storm shall be the average of the observations taken at these points. The area of the street or avenue shall be taken from the area maps on file in the Department of Street Cleaning, which have been drawn from the original survey and have been made by the Sanborn Map Company for the Department of Street Cleaning.

Compensation will be at a rate or price per cubic yard for snow and ice that has been piled, and at a rate or price per cubic yard for snow and ice that has been removed.

These prices must be written out and must also be given in figures.

The contract, if awarded, will be awarded to the lowest bidder per cubic yard. The lowest bid will be determined by multiplying the price bid per cubic yard for piling by three, and adding to this product the price bid per cubic yard for removal. Should this sum result in the same amount for two or more lowest bidders, that one of such bidders offering the lowest price per cubic yard for piling will be taken as the lowest bidder.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

WM. H. EDWARDS, Commissioner of Street Cleaning.

Dated December 17, 1909.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
