No. 544.

The Board of Aldermen of The City of New York has learned with profound sorrow of the death of Grover Cleveland, the twenty-second President of the United States of America.

From the time of his election to the office of Mayor of the City of Buffalo every official act was characterized by an unselfish devotion to public duty.

His rugged and manly honesty of purpose, his fearlessness in discharging his full duty as he saw it while Governor of the State of New York distinguished him for selection to the Chief Magistracy of the United States. His first term in that high office marked the completion of a century of constitutional government in this nation.

Elevated twice to that exalted position, his administration of public affairs was characterized by unswerving integrity and a broad and comprehensive grasp of the foreign and domestic policies of our national government.

The life and achievements of such a man, who rose from humble station to the highest position in the gift of the nation, and whose firm and resolute conception of official duty was epitomized in his own courageous and patriotic declaration: "To protect the rights of the people, to answer their needs as they arise, and to expend for their benefit the money drawn from them by taxation," should ever be a stimulus and an example to the youth of this country.

To-day a whole people mourns the loss of Grover Cleveland. Citizens of every political faith unite in paying tribute to his character and achievements.

The Board of Aldermen of The City of New York hereby spreads upon the minutes its expression of profound sorrow for the death of this distinguished citizen, and extends to his bereaved family its deepest sympathy for their irreparable loss.

Resolved, That a copy of this Memorial, suitably engrossed and properly authenticated, be transmitted to the family of the deceased President.

The Secretary called the attention of the Commission to the proposed examinations for promotion from Stoker and Oiler to Stationary Engineer in the office of the President of the Borough of Queens and the Department of Water Supply, Gas and Electricity, which had been postponed by the Examiners in view of the difficulty of giving the practical test ordered by the Commission. The matter was referred to the President.

The Commission then considered the matter of holding a non-competitive examination, under the provisions of chapter 637 of the Laws of 1907, to qualify the former employees of the Kings County Jail (Department of the Sheriff of Kings County),

for transfer to the Department of Correction, which examination had been deferred at the request of the Commissioner of Correction. The Secretary was directed to communicate with the Commissioner of Correction and state that under the law the Commission was compelled to hold the said examination, and that the same would be arranged at once unless they heard from him to the contrary.

The Commission then considered the case of George T. Rowley, a candidate for Patrolman. It appeared that the candidate had qualified in the examination held September 12, 1906, but that owing to the peculiar formation of the first letter of his surname, as it appeared in the application, the application had been indexed under the name "Bowley;" that the candidate had been placed upon the eligible list as "George T. Bowley," and certified to the Police Department under that name, for which reason the notices sent to him subsequently had not reached him, nor had he been able to obtain any information as to his standing upon calling at the office of the Commission. On motion, it was

Resolved, That, it appearing that because of an error on the part of an employee of the Commission, George T. Rowley, a candidate for Patrolman, has been deprived of an opportunity to be appointed, the Secretary be and he hereby is directed to place the name of the said candidate at the head of the next list of names certified to the Police Department, to be considered for appointment as Patrolman.

Martin, of No. 265 West One Hundred and Twenty-fifth street, be directed to appear before the Commission on Wednesday morning, June 10, 1908, to show cause why her name should not be removed from the eligible list of Typewriting Copyist, pursuant to the provisions of paragraph 14 of Rule VII.

The letter stated that the Telephone Operators in the Brooklyn Branch of the Department, who had been appointed from the Commission's lists had been dropped, because of the difficulty experienced in retaining persons at the rate they were permitted to pay, namely, \$480 per annum; that an effort would be made, however, to obtain persons from the eligible list about to be announced, and that, in the meantime, application would be made to the Board of Estimate and Apportionment and the Board of Aldermen for the establishing of a higher rate of compensation.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. Failure to remove said buildings, appurtenances, or any portion thereof, within sixty days from the day of the sale, will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in appliances used in the removal of said buildings.

The Comptroller of The City of New York reserves the right on the day of sale to with-

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
