No. 947.

Office of the Sheriff Queens Co., County Court House, Long Island City, September 21st, 1914.

Board of Aldermen, City of New York:

Gentlemen—I respectfully request your honorable board to recommend the issuance of the Special Revenue Bonds to meet expenditures made and about to be made by this office, to the amount of \$1,090.00, to meet a deficit which will exist in Account No. 3568, Contract or open order service, (Transportation), for the year 1914.

The original amount allowed for 1914 was \$1,500.00.

Thanking you for any attention you may give the above matter, I am,

Yours very truly,

GEORGE EMENER, Sheriff Queens County.

The President laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 949.

City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York City, September 25, 1914.

Hon. GEORGE MCANENY, President, Board of Aldermen:

Sir—The Chief Engineer of Water Supply is now using an automobile purchased several years ago second-hand. On account of its condition, it has never been deemed advisable to take the automobile any great distance. His duty as Chief Engineer requires frequent trips throughout the watersheds, where, on account of the condition of the roadway, a car of a substantial make is necessary. The former Chief Engineer never attempted to travel any great distance from the City in this car, on account of its unreliability.

The Department will be able to secure, in exchange, a car of standard make, for the sum of \$2,075.

Owing to the impossibility of preparing specifications which would admit of open competition, I respectfully request that the Honorable Board of Aldermen grant permission to secure this automobile without the formality of advertising for competitive bids. Respectfully,

WILLIAM WILLIAMS, Commissioner.

Resolved, The Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized to purchase an automobile, without advertising for competitive bids or proposals, at an expense not to exceed \$2,075.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the President of the Borough of Manhattan:

No. 950.

City of New York, President of the Borough of Manhattan, Municipal Building, September 24, 1914.

Honorable GEORGE MCANENY, President of the Board of Aldermen, City Hall, New York City:

Dear Sir—There is transmitted herewith form of resolution according to which the President of the Borough of Manhattan is permitted to purchase, without public letting, at a price not to exceed Five thousand (\$5,000) dollars, one (1) motor tractor which resolution I ask that you submit to the Board of Aldermen at its next regular meeting.

In explanation of this request I beg to say that this tractor is required in connection with the work of the Municipal Asphalt Plant. A careful study has been made of our repair work, with the result that our engineers are convinced that the work of hauling asphalt can be performed more economically by motor tractors than by means of horse-drawn vehicles.

The proposed method has been approved both by the Board of Estimate and Apportionment and the Finance Department after a careful study of the situation. Our reason for asking for the exemption is that there are two or three tractors suitable for this work, and it is doubtful if they could successfully bid at public letting under any specifications which could be prepared. An additional reason is the necessity of procuring this tractor immediately and to avoid the delay incident to the preparation of specifications and the detail connected with a public letting contract. Very truly yours,

MARCUS M. MARKS, President, Borough of Manhattan.

Resolved, That, pursuant to the provisions of Section 419 of the Greater New York Charter, the President of the Borough of Manhattan be, and he hereby is, authorized to purchase, without public letting, at a total cost not to exceed Five thousand (\$5,000) dollars, one (1) motor tractor for use in the Municipal Asphalt Plant, in the Bureau of Highways, Borough of Manhattan.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Board of Inebriety:

No. 951.

Board of Inebriety, of the City of New York, 300 Mulberry Street, New York, September 25th, 1914.

Hon. GEORGE MCANENY, President, Board of Aldermen, New York City:

Sir—The Board of Inebriety has the honor to request the Board of Aldermen to authorize the issue of Revenue Bonds in an amount not exceeding \$4,500 to meet the expense of this Board in the care of persons addicted to the use of drugs for the remainder of the year 1914.

Owing to a grave situation in the hospitals through the operation of the Boylan Law, which went into effect on July 1st, 1914, the Board of Estimate and Apportionment in an emergency resolution transferred to this Board the sum of \$10,000. Later, it was found that only \$4,400 was available in the fund from which the transfer was made. Revenue Bonds in the amount asked will, it is believed, now be sufficient to meet the needs. Respectfully,

JOHN A. KINGSBURY, President.

Which was referred to the Committee on Finance.

Bellevue and Allied Hospitals, Office of The Board of Trustees, 1st Avenue and 26th Street, New York, September 16, 1914.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of special revenue bonds in the amount of \$91,700 to meet the anticipated deficit in the following appropriations:

2073 Food Supplies	\$68,000 00
2074 Forage and Veterinary Supplies	1,200 00
2075 Fuel Supplies	6,000 00
2077 Medical and surgical supplies	12,000 00
2078 Laundry, cleaning and disinfecting supplies	500 00
2079 Refrigerating Supplies	1,000 00
2093 Contingencies	3,000 00

A statement prepared by the Acting General Medical Superintendent, giving the reasons in detail for the necessity of this request, is attached. This petition supersedes the Trustees' request of June 18th, 1914, for an issue of revenue bonds to meet the anticipated deficit estimated at that time. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 952.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, September 25, 1914.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—I transmit herewith, certified copy of resolution adopted by the Board of Estimate and Apportionment September 21, 1914, denying the request of the Board of Aldermen as set forth in a resolution adopted July 7, 1914, and approved by the Mayor July 16, 1914, for an issue of \$1,875 Special Revenue Bonds, the proceeds whereof to be used by the Board of City Magistrates, First Division, for the purpose of paying the salaries of five Female Probation Officers at \$75 each per month, from August 1, 1914, to and including December 31, 1914.

I also enclose a copy of the report of the Comptroller relative thereto.

Respectfully,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Board of Aldermen, as set forth in a resolution adopted July 7, 1914, and approved by the Mayor July 16, 1914, for an issue of special revenue bonds in the sum of \$1,875, the proceeds whereof to be used by the Board of City Magistrates, First Division, for the purpose of paying the salaries of five Female Probation Officers at \$75 each per month, from August 1, 1914, to and including December 31, 1914.

A true copy of resolution adopted by the Board of Estimate and Apportionment September 21, 1914.

JOSEPH HAAG, Secretary.

August 14, 1914.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On July 7, 1914, the Board of Aldermen passed the following resolution:

"Resolved, That, in pursuance of the provisions of Subdivision 8, of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand eight hundred and seventy-five dollars (\$1,875), the proceeds whereof to be used by the Board of City Magistrates, First Division, for the purpose of paying the salaries of five Female Probation Officers, at \$75 each per month, from August 1, 1914, to and including December 31, 1914."

In reference to the purport of the foregoing resolution a communication was addressed to the Mayor, dated January 15, 1914, by the Chief Magistrate, which read in part as follows:

"Something over a year ago I undertook a reformation of the system of probation that existed in the courts. We had then ten men and ten women probation officers. Two of these women are permanently attached to the Night Court for Women and one to the Domestic Relations Court. The other seven were scattered through the various District Courts. I believe the system loose-jointed and lacking in efficiency; that the people were put on probation haphazard without proper investigations; that a Probation Officer with a long list of probationers suddenly thrust upon him or her could not give the cases the attention they deserved. There was little, if anything, to do for most of the women Probation Officers, especially in the District Courts.

"All the probation officers, male and female, were taken out of the courts and brought to this building as a central headquarters, under charge of the Chief Probation Officer. The practice now is, when a Magistrate believes that the convicted defendant might possibly be put on probation with good effect, he sends the case to the central office, remands or paroles the defendant in the meantime, and then a written report within two days is made to him by the probation officer to whom the case was given here. This report has to be approved by the Chief Probation Officer. The number of probation cases has fallen off nearly thirty-three per cent., which means that discriminating investigation shows that that percentage of defendants were not worthy of the benefits of the system. Formerly one probation officer might have a hundred cases and another very few. Now, the cases are evenly distributed at headquarters so that all have the same burden of work."

In a letter addressed to Mr. Henry H. Curran, Chairman, Finance Committee, Board of Aldermen, dated June 29, 1914, Chief Magistrate William McAdoo wrote as follows:

"Under the centralized system of probation work inaugurated here some time ago, no woman probation officers are needed in the courts, except in the Night Court for Women and the two Domestic Relations Courts. Those courts require the services of four women. The present centralized probation system is an immense improvement on the old way.

"Everybody who has impartially investigated the matter agrees to this. If I had 50 women on the pay roll and it was left to me, I would not put any of them in the courts. They are not needed there at all. Under the old slipshod way of doing things, one probation officer would have 10 cases and another one 100 cases. Now, the whole work is evenly distributed at the head office in this building, and the reports are all made in writing and signed by the officer. Since the five women probation officers were dropped,

Mr. McKay, the Chief Probation Officer, reports to me that 'we can get along fairly well without them, but that the service would be improved by the addition of two more women officers, making seven in all.' I cannot, therefore, conscientiously, with the facts before me, recommend more than the reappointment of two.

"If I were to be governed wholly by sentiment and the kind feeling which I have for the deposed officers, I would recommend all of the five, but it is my duty to tell the truth, to the Board of Aldermen and the other city authorities."

Investigation shows that the present force consists of one Chief Probation Officer, 15 Male Probation Officers and 5 Female Probation Officers. From the records kept by Chief Probation Officer George D. McKay, it appears that for the five months ended May 31, 1914, there were 133 females placed on probation, of whom 110 were from the Women's Night Court and were looked after by the two female probation officers at that court, which represents an average of 11 cases a month for each. The one assigned to the Manhattan Domestic Relations Court made 59 investigations, an average of about 12 a month; the one assigned to the Bronx Domestic Relations Court made 64 investigations, an average of 13 a month. With the very low monthly average of the cases handled and investigations made by the present force, it would appear that no increase in the force is justified at this time. In view of the facts stated in the foregoing report, particularly as regards the results attained by the probation officers in the court referred to, it is recommended that the request contained in the resolution adopted by the Board of Aldermen on July 7, 1914, be denied.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.
Which was ordered on file.

No. 953.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, September 26, 1914.
P. J. SCULLY, Esq., Clerk, Board of Aldermen.

Dear Sir—Transmitted herewith is a certified copy of a resolution adopted by the Board of Estimate and Apportionment September 25, 1914, transferring jurisdiction over Vermont Street at its junction with Sunnyside Avenue, Borough of Brooklyn, from the Department of Parks, Borough of Brooklyn, to the President of the Borough of Brooklyn.

This transfer is subject to the concurrence of the Board of Aldermen under Chapter 331, Laws of 1913, being Section 243a of the Greater New York Charter.

Respectfully, JAMES MATTHEWS, Assistant Secretary.

Resolved, by the Board of Estimate and Apportionment of the City of New York that, pursuant to the provisions of Section 243a of the Greater New York Charter (Chapter 331, Laws of 1913), subject to the concurrence of the Board of Aldermen, the jurisdiction and control over Vermont Street at its junction with Sunnyside Avenue, Borough of Brooklyn, be and is hereby transferred from the Department of Parks, Borough of Brooklyn, to the President of the Borough of Brooklyn.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held on September 25, 1914.

JAMES MATTHEWS, Assistant Secretary.

Which was referred to the Committee on Public Thoroughfares.

No. 954.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, September 28, 1914.
To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment September 25, 1914, recommending that the Board of Aldermen request this Board to authorize the issue of special revenue bonds, pursuant to the provisions of sub-division 8 of section 188 of the Greater New York Charter, in the sum of \$30,000 to reimburse the account entitled "Materials, 705—Highways, Materials" for the year 1914, for the office of the President, Borough of Queens, said sum to be expended in connection with the contract continuing the abandoned guarantee of the paving of Metropolitan Avenue between Dry Harbor Road and Fulton Street, Borough of Queens.

I also enclose copy of report of the Committee on Corporate Stock Budget relative thereto.

At said meeting of September 25, 1914, the President of the Borough of Queens moved that for the purpose of immediately providing a fund for the above purpose, a transfer of \$30,000 be authorized from account "Materials, 705—Highways, Materials", to account "Contract or Open Order Service, General Repairs, 710—Care of Highways" for the year 1914, and that the former account be re-imbursed by the issue of special revenue bonds, which motion was agreed to, and two resolutions adopted accordingly. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen that said Board, pursuant to the provisions of subdivision 8 of Section 188 of the Greater New York Charter, request an issue of special revenue bonds in the sum of thirty thousand dollars (\$30,000) to reimburse the account entitled "Materials, 705—Highways, Materials," for the year 1914, for the office of the President of the Borough of Queens, said sum to cover the cost of a contract continuing the abandoned guarantee of the paving of Metropolitan Avenue, between Dry Harbor Road and Fulton Street, Borough of Queens.

A true copy of resolution adopted by the Board of Estimate and Apportionment, September 25, 1914.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, September 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication from the President of the Borough of Queens, dated September 17, 1914, the Board of Estimate and Apportionment was requested to authorize the financing of an abandoned paving contract entered into with the J. F. Hill Company for the paving of Metropolitan Avenue between Dry Harbor Road and Fulton Street, in the Borough of Queens.

On June 6, 1912, the Board of Estimate and Apportionment adopted a resolution authorizing the improvement of Metropolitan Avenue and determined that 85 per cent of the cost and expense of the improvement should be borne by the City and 15 per cent of the cost and expense borne by the Borough of Queens.

The original contract for paving Metropolitan Avenue between Dry Harbor Road and Fulton Street was awarded to the J. F. Hill Company on July 22, 1912. The contract was registered on August 19, 1912, and the work was started on order of the President of the Borough of Queens on September 19, 1912.

The contract for paving Metropolitan Avenue was accepted January 9, 1913, and under the terms of the contract the paving was guaranteed until January 9, 1918. During the Spring of 1913, or shortly after the work was accepted from the contractor, 6½ per cent of the total area of pavement included in the contract was replaced by repairs. In the Spring of 1914 the amount of repairs necessary to put the street in serviceable condition, according to the terms of the contract, amounted to such a large percentage of the total area that the contract was abandoned by the J. F. Hill Company, and it therefore becomes incumbent upon the city to continue the guarantee and make such repairs to the pavement as may be necessary. To meet this expense there is a retained percentage of \$4,688.47 which represents the moneys due the J. F. Hill Company as a retained payment, and in addition there is a bond for \$17,000 guaranteeing the City against loss.

The President of the Borough of Queens has opened bids for a contract continuing the abandoned guarantee of the paving on Metropolitan Avenue, the amount of the lowest bid being \$24,355.90. In this connection it is well to call attention to the fact that there is pending in the Bureau of Franchises a request for a double track street railroad to be operated on Metropolitan Avenue between Dry Harbor Road and Fulton Street. However, it appears that the railroad company is not anxious to extend their tracks at this time, the application having been originally filed on September 7, 1907, and is still pending in the Bureau of Franchises, the principal cause of delay being due to the requirements of the proposed franchise and the probable development of traffic. It is very probable that the railroad company will not make the proposed extension for some time to come.

We believe that it is to the best interest of the City that the contract for the continuance of the maintenance of the pavement on Metropolitan Avenue between Dry Harbor Road and Fulton Street be awarded, and that the contractor be directed to proceed with the work without delay.

We recommend that the President of the Borough of Queens be authorized to charge not to exceed \$30,000 against Code No. C.P.Q.-10, Corporate Stock, Repaving fund 1914, in which on September 21, 1914, there was an unencumbered balance of \$82,475.76.

We recommend that the appropriation of \$30,000 be expended as follows:

\$24,355.90 for pavement repairs to be done under contract.

\$1,500.00 to cover the cost of engineering and inspection.

\$4,144.10 for repairs to the brick header and incidental work included in the original contract but not included in the guarantee clause.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Borough of Brooklyn; President, Borough of Brooklyn; President, Borough of The Bronx, Corporate Stock Budget Committee.

In connection herewith President Connolly, by James A. Dayton, Commissioner of Public Works, presented the following resolution and moved its immediate consideration:

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty thousand dollars (\$30,000), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of reimbursing the account entitled "Materials, 705—Highways, Materials," for the year 1914, said sum to be expended in connection with the contract continuing the abandoned guarantee of the paving of Metropolitan Avenue, between Dry Harbor Road and Fulton Street, Borough of Queens.

All obligations contracted hereunder to be incurred on or before December 31, 1914.

The President put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dotzler, Dowling, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Eagan, Fink, Gaynor, Hamilton, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Chas. No. 955.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, September 28, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment September 25, 1914, authorizing the issue of \$28,000 corporate stock to provide for the erection of a 50 cell Disciplinary Building on Rikers Island, under the jurisdiction of the Department of Correction.

I also enclose copy of report of the Committee on Corporate Stock Budget relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-eight thousand dollars (\$28,000), to provide means for the construction of a fifty-cell Disciplinary Building on Rikers Island under the jurisdiction of the Department of Correction, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is authorized to issue said corporate stock of the City of New York in the manner provided by Section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid, provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contract, plans, specifications and estimates of cost pertaining to the same, and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for the payment of any salary or wage of departmental employees except after approval by the Board of Estimate and Apportionment, and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Commissioner of Correction is directed to submit to this Board for its approval forms of contract, plans, specifications and estimates of cost, prior to advertising for bids for work, or beginning, by departmental labor or inmate force, the work chargeable to the proceeds of the corporate stock herein authorized, and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

A true copy of resolution adopted by the Board of Estimate and Apportionment, September 25, 1914.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, September 25, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 21, 1914, you referred to the Committee on Corporate Stock Budget a communication from the Commissioner of Correction dated September 17, 1914, requesting a corporate stock authorization of \$28,000, to provide for the erection of a cell building for Rikers Island.

The Corporate stock budget estimate for 1914-1915 requested \$19,000 for this purpose. The increase to \$28,000 is due to the addition of exercise yards and corridors to the original plans, which additions were requested by the State Prison Association.

It is proposed to utilize this building to discipline the unruly among the work-house prisoners who are employed upon the Island upon which it is intended to operate a municipal farm.

The Commissioner of Street Cleaning is desirous of using a portion of this Island for refuse disposal works and the Commissioner of Correction intends to furnish prison labor to assist in the construction and operation of these works.

It is proposed to construct a fifty (50) cell building of concrete, using prison labor wherever possible; the stone, as well as most of the sand, will be obtained upon the Island.

Preliminary plans and estimates of cost have been submitted to the Bureau of Contract Supervision and a careful examination of the same has been made. The estimated cost of \$28,000 is not excessive.

There is now a small disciplinary building of brick, containing eight cells, which is totally inadequate for the maintaining of proper discipline among the 260 prisoners on the Island who are, at present, quartered in open dormitories. It is stated by the Commissioner of Correction that the number of prisoners on the Island will probably be increased to 600 during the coming year. It would appear that this building is a necessity and should be constructed.

We recommend the adoption of the attached resolution approving the issue of corporate stock to the amount of \$28,000 for the erection of a fifty (50) cell building on Rikers Island. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

In connection herewith Alderman Curran offered the following resolution and moved its immediate consideration:

AN ORDINANCE providing for an issue of Corporate Stock of The City of New York to an amount not exceeding twenty-eight thousand dollars (\$28,000) to provide means for the construction of a fifty-cell Disciplinary Building on Rikers Island, under the jurisdiction of the Department of Correction.

Re it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment September 25, 1914, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding

twenty-eight thousand dollars (\$28,000), to provide means for the construction of a fifty-cell Disciplinary Building on Rikers Island under the jurisdiction of the Department of Correction, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is authorized to issue said corporate stock of the City of New York in the manner provided by Section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid, provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contract, plans, specifications and estimates of cost pertaining to the same, and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for the payment of any salary or wage of departmental employees except after approval by the Board of Estimate and Apportionment, and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Commissioner of Correction is directed to submit to this Board for its approval forms of contract, plans, specifications and estimates of cost, prior to advertising for bids for work, or beginning, by departmental labor or inmate force, the work chargeable to the proceeds of the corporate stock herein authorized, and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

The President put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Boschen, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Cunningham, Curran, Delaney, Diemer, Donnelly, Dotzler, Dowling, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Eagan, Fink, Gaynor, Hamilton, Jacobson, Kenney, Kochendorfer, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Chas. No. 956.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, September 28, 1914.

Hon. P. J. SCULLY, City Clerk:

Dear Sir—I transmit herewith for your information, certified copy of resolution adopted by the Board of Estimate and Apportionment on September 25, 1914, approving of the acquisition of temporary and permanent easements under the United States Court House and Post Office Building in connection with the new Park Place-William Street Subway Route, accepting the deed to such easements and authorizing the execution thereof by and on behalf of the City of New York. Very truly yours,

JOSEPH HAAG, Secretary.

Resolved, That the acquisition of the temporary and permanent easements, set forth in a certain deed, of which the following is a copy:

This indenture made this day of 1914, between the United States of America (hereinafter referred to as the United States), acting by William G. McAdoo as Secretary of the Treasury of the United States, party of the first part, and The City of New York, a municipal corporation of the State of New York (hereinafter referred to as the City), having its residence and place of business in the City Hall, in the Borough of Manhattan, City of New York, which said City Hall has no street number, party of the second part.

Whereas, By deed bearing date the 11th day of April, 1867, and recorded in the New York County Register's office on April 16, 1867, in Liber 1012 of Conveyances at page 142, the City conveyed to the United States all those certain lots, pieces or parcels of land, situate in the Borough of Manhattan, in the City of New York, in the County and State of New York, bounded by Broadway, Park Row and Mail Street, as more particularly described in the said deed, upon the following conditions, namely:

"Upon the express condition, however, that the premises above described and every part and parcel thereof and any building that may be erected thereon shall at all times hereafter be used and occupied exclusively as and for a Post Office and Court House for the United States of America and for no other purpose whatever. And upon the further condition that if the said premises shall at any time or times cease to be used for the purposes above limited or for some one of them or if the same shall be used for any other purposes than those above specified the said premises hereby conveyed and all right, title, estate and interest therein shall revert to and be reinvested in the said parties of the first part, their successors or assigns. And said parties of the first part shall thereupon become the absolute owners of the said premises and every part thereof with the appurtenances, and they may then re-enter the said premises and forever thereafter use, occupy or alien the said premises and every part thereof in the same manner and to the same extent as if these premises had not been executed."

—and

Whereas, The United States has erected upon said premises a building known as the United States Court House and Post Office Building, and which premises together with such building is hereinafter referred to as the Premises; and

Whereas, The City, acting by the Public Service Commission for the First District (hereinafter referred to as the Commission), pursuant to the provisions of the Rapid Transit Act of the State of New York, being Chapter 4 of the Laws of 1891, as amended, on or about the 19th day of March, 1913, entered into a contract for the equipment, maintenance and operation of additional rapid transit railroads, wherein and whereby the City obligated itself to construct a two-track underground rapid transit railroad (known as the Park Place, William and Clark Street Route), to run under, through and across the Premises in the course of the route of said rapid transit railroad from Park Place to Beekman Street; and

Whereas, Said William G. McAdoo, as such Secretary of the Treasury, by an Act of the Congress of the United States of America, approved by the President of the United States of America on August 9, 1912, entitled "An Act to Permit the Construction of a Subway and the Maintenance of a Railroad under the Post Office Building, at or near Park Place in the City of New York," (37 U. S. Stat. L. 268), is authorized, in his discretion, to grant, convey and release unto the City for such consideration, nominal or otherwise, and upon such terms, conditions, provisos and limitations, if any, as he shall deem proper, such temporary rights and easements, and such permanent and perpetual underground rights, easements and rights of way in, under, through and across the Premises as he shall deem necessary or proper for the construction, and for the maintenance and operation in perpetuity, of such rapid transit railroad; the said rapid transit railroad to be constructed as in said Act of Congress provided, and reference to the said Act being hereby made; and

Whereas, The Commission is authorized by said Rapid Transit Act, for and in behalf of the City, to acquire by conveyance or grant to the City, to be delivered to the Commission, and to contain such terms, conditions, provisos and limitations as the Commission shall deem proper, any real estate, and any rights, terms and interest therein, and any and all rights, privileges, franchises and easements which, in the opinion of the Commission, it shall be necessary to acquire for the purpose of constructing and operating such rapid transit railroad free of interference and right of interference; and

Whereas, The Commission, for the purpose of constructing and operating such rapid transit railroad free of interference and right of interference, deems it necessary for and in behalf of the City to acquire upon the terms, conditions, provisos and limitations, hereinafter set out, for and on behalf of the City the certain temporary rights and easements, and the certain permanent and perpetual rights, easements and rights of way hereinafter mentioned and described in, under, through and across the Premises; and

Whereas, The said William G. McAdoo, as the said Secretary of the Treasury, acting for and in the name and on behalf of the United States, as in said Act of Congress provided, in the exercise of his discretion, has determined and deems it necessary and proper to grant, convey and release unto the City for the sum of One Dollar and upon the terms, conditions, provisos and limitations hereinafter set out, the certain temporary rights and easements and the certain permanent and perpetual underground rights, easements and rights of way, hereinafter mentioned and described

in, under, through and across the Premises for the construction and for the maintenance and operation in perpetuity of such rapid transit railroad.

Now, therefore, this indenture witnesseth, that the United State of America acting by said William G. McAdoo as Secretary of the Treasury of the United States, in consideration of the sum of One Dollar, lawful money of the United States to the United States paid by the City, and in further consideration of and subject to the terms, conditions, provisos and limitations of the kind and nature hereinafter set out, upon the part of the City agreed to be kept, paid, observed, carried out and performed, has granted, conveyed and released, and does hereby grant, convey and release unto the City, its successors and assigns forever, a permanent and perpetual underground right, easement and right of way in, under, through and across the Premises for the maintenance and operation in perpetuity free of interference and right of interference, except as hereinafter set out, of a two-track underground rapid transit railroad. The said two-track underground rapid transit railroad shall be constructed substantially at and upon the location shown on the drawing marked "Plans" hereinafter referred to, hereto attached and made a part hereof, and the tracks of the said rapid transit railroad at and upon the location and within the limits of the Premises, shall be placed in one and the same subway or tunnel, which such subway or tunnel shall have a width that shall not exceed forty (40) feet, outside dimensions and the top of the roof of such subway or tunnel within the limits of the Premises shall not be less than thirty-five (35) feet beneath the present established grade of the surface of the street at the point of intersection of the centre line of Broadway and the centre line of Park Place, if said centre line of Park Place were projected easterly to the said centre line of Broadway. The said rapid transit railroad within such limits and within the Premises shall also be constructed substantially as indicated on the two drawings hereto annexed and made a part hereof, which drawings bear the seal of the Commission and are entitled "State of New York Public Service Commission for the First District Engineering Department, Route No. 48, Section No. 1," dated July 30, 1914, signed by Robert Ridgway, Acting Chief Engineer, one of such drawings being numbered File 2701, Drg. No. 5, and marked "Plan to accompany deed from United States to the City of New York conveying easements under United States Court House and Post Office Building in New York City," and the other of said drawings being numbered File 2701, Drg. No. 6, and marked "Section to accompany deed from United States to the City of New York, conveying easements under United States Court House and Post Office Building in New York City."

Together with, and including, the right permanently and perpetually to maintain said rapid transit railroad and the said subway or tunnel therefor, and permanently and perpetually to maintain and operate said rapid transit railroad through said subway or tunnel and for that purpose to enter upon, use and occupy said portion of the subsurface of the Premises, it being expressly agreed, however, that upon the completion of the said subway or tunnel the width of the said subsurface occupied by the said subway or tunnel, exclusive of any space occupied by the platforms or their appurtenances hereinafter referred to, shall not exceed forty (40) feet as aforesaid, and that the roof of said subway or tunnel shall be at least thirty-five (35) feet beneath the surface of the street as hereinbefore set forth.

To have and to hold the same unto the City, its successors and assigns forever.

The United States, acting by said William G. McAdoo as said Secretary of the Treasury, in consideration of the said sum of One Dollar and in further consideration of and subject to the terms, conditions, provisos and limitations hereinafter contained, and upon the part of the City to be kept, paid, observed, carried out and performed, has also granted, conveyed and released and does hereby grant, convey and release unto the City, its successors and assigns, a temporary right and easement for the construction of said rapid transit railroad in, under, through and across the Premises;

Together with, and including the right to construct such rapid transit railroad and for such purposes, and as incidental thereto, properly, adequately and safely to maintain, support, shore, buttress and underpin the said United States Court House and Postoffice Building and to excavate such soil and other materials under the said building and to remove such portion of the foundations, walls and floors of the said building as may be necessary for the purposes indicated and to remove and dispose of such soil and other excavated material together with such portions of the foundations, walls and floors of said building as may be necessary to remove for the said purposes without accounting therefor, and to enter into and take possession of such portion of the sub-basement of the said building as may be necessary for the purpose of constructing said rapid transit railroad and either temporarily or permanently to remove and relocate such machinery and appurtenances of the said building (including any and all subsurface pipes or structures used by or in connection with the Post Office) as may be necessary for the purpose of constructing the said rapid transit railroad, and for the purpose of maintaining, supporting, shoring, buttressing and underpinning the said building and of making such excavations and removals, to such places and positions as may be determined and approved by the then Secretary of the Treasury of the United States or by such person or persons as may from time to time be directed by and be acting for such then Secretary of the Treasury to make such determination and approval. Together with, and including the right to the City to construct and maintain during the period of constructing the said rapid transit railroad, and subway or tunnel, a shaft and hoist at the westerly side and a shaft and hoist at the easterly side of the said building, at the locations as shown on the attached drawings hereinbefore referred to, for the purpose of removing such soil and other excavated material together with such portions of the foundations, walls and floors of said building from the said sub-basement to the surface of the street and for bringing in materials from the surface of the street to the said sub-basement, such shafts and hoists to be located, and to be of the kind, character and nature as shown upon the attached drawings hereinbefore referred to and made a part hereof.

To have and to hold the said temporary rights and easements unto the City, its successors and assigns during the period of the construction of and until the said subway or tunnel and rapid transit railroad shall be completed.

It is expressly understood and agreed, however, and as part of the terms and limitations hereof, that such temporary rights and easements and such permanent and perpetual underground rights, easements and rights of way hereinbefore granted, do not include any right to enter upon, use or occupy or remove any portion of the said building, except as hereinbefore provided, nor do said easements and rights include the right to enter upon, use or occupy or remove any portion of the said building above the sub-basement thereof except for the purpose of the construction and maintenance, during the construction of the said subway or tunnel, of the shafts and hoists hereinbefore referred to; nor do the said rights and easements include the right to enter upon, use or occupy or remove any portion of the walls or floors of the said building above the sub-basement thereof except for the purposes of such shafts and hoists or to interfere with the continued occupancy of the said building above the sub-basement thereof except and so far as said occupancy may necessarily be interfered with by reason of the proper operation and maintenance, during the construction of the said subway or tunnel and rapid transit railroad, of such shafts and hoists, nor do such rights and easements include the right to interfere with the continued occupancy of those portions of the sub-basement of the said building upon which the City is not hereby granted the right to enter. Such subway or tunnel and rapid transit railroad within the Premises shall be completed within a reasonable time and the construction thereof shall be carried on with due expedition.

It is, however, understood and agreed that the foregoing grant of such temporary rights and easements and such permanent and perpetual underground rights, easements and rights of way in, under, through and across the Premises are subject, in addition to any terms, conditions, provisos and limitations above set out, to the following terms, conditions, provisos and limitations, to wit:

1. 1. If and when any of such machinery and appurtenances (including any and all sub-surface pipes or structures used by or in connection with the Post Office) shall be relocated as aforesaid the City at its own cost and expense shall cause the same, together with various parts, appliances and connections thereof to be properly attached and connected so as to place them in a condition in which they are capable of as efficiently and properly performing their intended purposes and functions as they respectively were at the time they were removed from their present location. If during the construction of said subway and tunnel and said rapid transit railroad by reason of such relocation or because of interference with existing heat, steam or electric plants and connections caused by the construction of said subway and tunnel and said rapid transit railroad (including such shafts or hoists) the existing heat, steam and electric service is shut off or interrupted, the City will and shall at its own cost and expense make or cause to be made such arrangements as may be necessary to supply the said building with such heat and steam and electric power as may be necessary and proper to carry on, without interruption, the business of the Post Office and United States Court in said building.

2. The said shafts and hoists shall be so operated and controlled as not to create unnecessary or unreasonable interference with the passage of pedestrians and vehicles in and upon the streets and sidewalks adjoining and adjacent to the Premises. All liability hereafter assumed by the City as indemnification of the United States, its custodians and officials and employees, or any of them, as to the construction, operation and maintenance of said subway or tunnel and rapid transit railroad, shall apply to the construction, operation and maintenance of the said hoists and shafts.

The said shafts and hoists will be so operated, constructed and controlled, as not to interfere with any pending plans for reconstruction work in and about the said United States Court House and Post Office Building or any part thereof.

II. In consideration of the above grants, conveyances and releases the City hereby binds itself, its successors and assigns.

1. To properly, adequately and safely, during the construction of the said subway and tunnel and said rapid transit railroad, underpin, buttress, shore, support and maintain the United States Court House and Post Office Building and each and every part and portion thereof.

2. To properly, adequately and safely support and maintain the said United States Court House and Post Office Building and each and every part and portion thereof during the maintenance and operation of the said subway and tunnel and said rapid transit railroad to the extent that such support and maintenance are affected and properly required by such maintenance and operation.

3. The continued occupancy of the said building above the sub-basement thereof and of such portions of the sub-basement as the City is not hereunder granted the right to enter upon shall not be interfered with except so far as may be necessarily required for the purposes of such shafts and hoists herebefore referred to or necessarily required for maintaining, supporting and underpinning the said building.

4. In the event that any accident or mishap arising from, out of or on account of the construction, maintenance or operation of the said subway and tunnel and said rapid transit railroad, or any of them, should so interfere with the use and occupation of the said building as at present used and occupied by the United States or any part or portion thereof that it shall be and become necessary for the United States to procure space and quarters for the purpose of its Post Office Department or for Court House purposes outside of the said building, the City will and shall reimburse the United States for any and all proper, reasonable and necessary costs and expense to which it shall or may be put by reason of such interference with the use and occupation of the said building.

5. That any removals of the machinery and appurtenances of said building (including any and all sub-surface pipes or structures used by or in connection with the Post Office) and relocations of the same shall be made without expense to the United States and shall be made as expeditiously and with as little inconvenience to the United States as possible, and all such machinery and appurtenances (including any and all sub-surface pipes or structures used by or in connection with the Post Office) so removed and relocated shall be either restored upon the completion of the construction of the said subway and tunnel and rapid transit railroad to the positions at present occupied by them or else the same shall be relocated in some other proper and convenient position to be determined as herebefore provided, and upon the completion of the construction of said subway and tunnel and rapid transit railroad, in, under, through and across the Premises, including the completion of the underpinning and supporting of the said building as aforesaid, all portions of the said building and machinery therein and all appurtenances thereof (including any and all sub-surface pipes or structures used by or in connection with the Post Office) interfered with by the said construction shall be restored to and left in as good a condition as the same were in at the date of this Indenture, necessary changes, removals and relocations due to the construction of the said subway and tunnel and rapid transit railroad or due to said underpinning and supporting alone excepted.

6. To remove the said shafts and hoists on the said Broadway and the said Park Row sides of the said building, and to restore the pavements and sidewalks adjoining and adjacent to the Premises so that the same shall be in good order and repair, and in the event that the said building shall have been injured or damaged in any way whatsoever by the construction, operation or maintenance of said shafts and hoists or through any other cause whatsoever arising out of the construction of the subway and tunnel and rapid transit railroad within the Premises, the same shall be restored to as good order and repair as the same was in at the date of this Indenture.

7. That in the event that the United States should, at any time hereafter, erect upon the plot of land occupied by the United States Court House and Post Office Building or upon any part or portion thereof, a new building, buildings or structures of any kind for use as authorized by the deed of April 11, 1867, from the City to the United States, herebefore recited, and the total cost and expense of any such building, buildings or structures, or of the foundations therefor, shall be increased and be of greater amount than would otherwise be the case were it not for the existence and presence of the said subway and tunnel structure and the rapid transit railroad to be constructed in, under, through and across the Premises as herein contemplated, the City expressly assumes and agrees promptly to pay to the United States, as part of the consideration herein as aforesaid, such sum or sums of money as shall equal any such increased cost and expense of any such new building, buildings or structures or foundations and supports thereof; any such increase and difference in cost and expense as aforesaid shall be determined by comparing the actual and reasonable cost and expense of any such building, buildings or structures or of the foundations and supports thereof would have been had the said subway or tunnel and rapid transit railroad not been constructed in, under, through and across the Premises.

8. To forever indemnify and save harmless the United States, its respective custodians, officials and employees who may, from time to time, be in charge of and exercise a control over and upon the Premises or any part thereof from and against any and all suits, damages, judgments, litigations, claims of any kind whatsoever, costs, expense and charges of any kind which may be instituted, recovered, made, incurred or which may be claimed by any person or persons whomsoever (whether arising or growing out of any liability which does or may exist either under the laws of the State of New York, whether common or statutory or whether now or hereafter existing; or which may be allowed by or grow out of or result from any statutes, rules or regulations of the United States or of any of its Executive Departments and whether now in force or whether hereafter enacted or promulgated, which impose or may impose liability for either personal or property damage of any kind whatsoever upon the United States, its custodians, officials and employees or any of them as aforesaid) and which said damages, judgments, claims, costs and expense, as aforesaid, may be or are occasioned and arise by reason of or through the construction, operation or maintenance of the said subway and tunnel and rapid transit railroad, or the said shafts and hoists in the manner herebefore referred to and contemplated hereby or which may grow out of the entering in, upon and under the Premises by the City, its contractors, its or their respective agents, successors or assigns, its or their employees or persons in and under their control and irrespective of whether such entry be permissive or otherwise.

III. As part of the consideration moving to the United States for the grants herebefore contained, the City agrees that at any time after two years from the date hereof it will, upon the written requirement of the then Secretary of the Treasury of the United States addressed to the Commission or its successor or, in the event that there be no successor, to the Mayor of the City (such requirement to be based upon the request of the then Postmaster General of the United States that such requirement be made and upon his certificate at a practicable plan for the utilization of the platforms hereinafter referred to in connection with the receipt and dispatch of the United States mails has been prepared), at its own proper cost and expense construct within the Premises and alongside of said subway and tunnel platforms for mail purposes not exceeding four (4) in number. If two platforms are required they shall be placed on each side of said subway and tunnel, and shall be of the same general kind, size, height and character as are shown upon the plans herebefore referred to, and made a part hereof. The City shall also construct and install such chutes and elevator shafts as shall be necessary to permit of adequate and proper connection between said platforms and the sub-basement floor of the United States Court House and Postoffice Building, for the purposes of receiving and dispatching United States mails from each of said platforms to and from trains passing through said subway or tunnel, and to and from the said sub-basement floor of said United States Court House and Postoffice Building. The plans and details of construction and the places of installation of such platforms, chutes and elevator shafts shall be such as the then Secretary of the Treasury and the then Postmaster General of the United States shall approve. Should two platforms be required, the length of each of same shall not exceed seventy feet and the width of each of same shall not exceed twelve feet measured from the center of the nearest line

of columns of said building. Should four platforms be required the length of each of same shall not exceed thirty feet and the width of each of same shall not exceed twelve feet measured from the center of the nearest line of columns of said building. The aggregate number of elevator shafts shall not exceed four and the aggregate number of chutes shall not exceed eight, and the location of the said shafts and chutes shall be determined by the then Secretary of the Treasury and approved by the then Postmaster General of the United States.

All terms, conditions, provisos and limitations on the part of the City herebefore agreed to be kept and performed shall apply to each and every thing that may be done by the City in and upon the premises above described under and pursuant to anything in this article contained.

IV. The City further covenants and agrees, which covenant and agreement are evidenced by the Mayor of the City joining in the execution of this Indenture (the said Mayor being thereunto authorized by resolutions of the Board of Estimate and Apportionment and the Sinking Fund Commission of the City, copies of which resolutions are hereto annexed) that this Indenture and the grants herein made to the City by the United States are made at the express request and instance of the City and are made by the United States upon the express proviso and condition that the City agrees, and the City does hereby agree, that the grant of the said easements and rights herein described and set out do not constitute a breach of the condition contained in the deed under which the United States holds the Premises or contained in any muniment or muniments of title covering or relating to the Premises; and the City, upon like proviso and condition, evidenced as aforesaid, covenants and agrees that it is and shall be forever conclusively estopped from claiming that by reason of the execution of this Indenture or by reason of any thing which may be done or suffered to be done pursuant to the terms hereof, there has been any breach of any condition or limitation imposed upon the United States by or under such deed or any muniment or muniments of title by virtue of which the United States holds and enjoys the Premises.

The City further agrees that any agreement, covenant or obligation herein on the part of the United States, shall be wholly released and discharged, if ever and whenever the title to the Premises shall for any reason revert or be conveyed to the City.

No claim shall be made against the said William G. McAdoo or against the Mayor of the City or against any member of the Commission personally under or by reason of this Indenture or of its articles or provisions.

In witness whereof the said William G. McAdoo, as Secretary of the Treasury of the United States of America, has executed these presents for and on behalf of the United States of America and the official seal of the Treasury Department of the United States of America has been hereto affixed, and The City of New York, acting by its Mayor, has executed these presents and the corporate seal of said City has been hereto affixed, and the Public Service Commission for the First District has caused its official seal to be hereto affixed and attested by its Secretary and these presents to be signed by its Chairman, all the day and year first above written.

No. 957.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, September 28, 1914.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment September 25, 1914, denying the request of the Board of Aldermen as set forth in a resolution adopted June 16, 1914, for the issue of \$1,594.94 special revenue bonds for the use of the Sheriff of Kings County in meeting deficiencies in the 1913 accounts.

This action was taken for the reason that the necessary funds to meet these deficiencies may be made available by transferring from the General Fund for the Reduction of Taxation certain unexpended balances heretofore transferred to said Fund. Respectfully, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment hereby denies the request of the Board of Aldermen, as set forth in a resolution June 16, 1914, for the issue of \$1,594.94 special revenue bonds for the use of the Sheriff of Kings County in meeting deficiencies in the 1913 accounts.

A true copy of resolution adopted by the Board of Estimate and Apportionment, September 25, 1914. JOSEPH HAAG, Secretary.

Which was ordered on file.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Salaries and Offices—

No. 826—(G. O. No. 382).

The Committee on Salaries and Offices, to which was referred on June 30, 1914 (Minutes, page 821), the annexed resolution in favor of establishing grade of Efficiency Accountant in the office of the Commissioners of Accounts at \$1,800 per annum, respectfully

REPORTS:

That this is a change in the title from Efficiency Examiner, and is requested for the purpose of exchanging an exempt position for one within the scope of the Civil Service at the same rate of compensation.

The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held June 26, 1914:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the Commissioners of Accounts of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Efficiency Accountant	\$1,800 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

OSCAR IGSTAEDTER, HYMAN POUKER, D. M. BEDELL, ANTHONY J. McNALLY, JACOB WEIL, FRANK DOSTAL, JR., EDWARD EICHHORN, Committee on Salaries and Offices.

Which was laid over.

No. 896—(G. O. No. 383).

The Committee on Salaries and Offices, to which was referred on September 22, 1914 (Minutes, page 338), the annexed resolution in favor of establishing grades of the position of Examiner of Purchase and Supplies in the Bureau of Standards of the Board of Estimate and Apportionment, respectfully

REPORTS:

That these positions are now filled under the provisions of the Civil Service rule providing for temporary employment, but it has become necessary to classify these grades so that proper examinations may be held and the positions filled in due process of law. The Committee believes that these employees are needed to continue the work of the Bureau of Standards, and it, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held July 9, 1914:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommend to the Board of Aldermen the establishment, for the Board of Estimate and Apportionment, of the grades of positions in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.

SPECIAL ORDERS.

Under the provisions of Section 48 of the Greater New York Charter, the following resolution was taken from the Committee on Finance, and submitted to the Board:

No. 901.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held May 22, 1914:

Resolved, That, in accordance with the recommendation of the Commissioners of the Sinking Fund, by resolution adopted April 22, 1914, and subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment March 6, 1913, and approved by the Board of Aldermen on March 25, 1913, which reads as follows:

"Resolved, That, in accordance with the recommendation of the Commissioners of the Sinking Fund, by resolution adopted February 26, 1913, and subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment July 17, 1911, and approved by the Board of Aldermen on July 25, 1911, which reads as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, and section 180 of the said Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted July 12, 1911, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twelve thousand dollars (\$12,000) to provide means for the construction of extension to Pier 43, North River, under the jurisdiction of the Department of Docks and Ferries, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be and the same is hereby amended to make the amount authorized read fifteen thousand dollars (\$15,000)

—be and the same is hereby further amended to make the amount authorized read thirty-five thousand dollars (\$35,000)

Provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contracts, plans and specifications and estimate of cost pertaining to the same and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment and that

no part of the proceeds of corporate stock herein authorized shall be used for the payment of any salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Commissioner of Docks is directed to submit to this Board, for its approval, forms of contracts, plans, specifications and estimates of cost prior to the advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

The President put the question whether the Board would agree to adopt said resolution.

Which was decided in the affirmative by the following vote:

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE
WEDNESDAY, SEPTEMBER 30, 1914.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

BOARD OF ELECTIONS.

Proposals.

OFFICE OF THE BOARD OF ELECTIONS OF THE CITY OF NEW YORK, MUNICIPAL BUILDING, BOROUGH OF MANHATTAN.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Elections of The City of New York, until 12 M., on

TUESDAY, OCTOBER 13, 1914.

FOR FURNISHING AND DELIVERING OFFICIAL AND SAMPLE BALLOTS FOR THE GENERAL ELECTION, NOVEMBER 3, 1914.

The time for the delivery of the ballots and the performance of the contract is ten (10) calendar days.

The amount of security required is fifty (50) per cent. of the total amount for which the contract is awarded.

The bids will be compared and the contract awarded in aggregate for all items.

The Board of Elections reserves the right to make any changes or corrections in the copy that it may deem advisable, or that shall be made necessary by the orders of courts of competent jurisdiction, up to within forty-eight (48) hours of the time for delivery of the ballots.

As delivery of all of the ballots on time is absolutely essential, all night and Sunday work that shall be necessary to insure such prompt deliveries shall be performed, the cost of same to be included in the price bid, as no allowance can or will be made for such extra work.

Attention is called to the fact that bids are to be submitted for two sizes of ballots for delegates, viz.: ten (10) columns and eight (8) columns. Bidders must estimate on both sizes, one of which will be rejected. Award of the contract, if any be made, shall be to the lowest bidder of the selected size.

Blank forms and other information may be obtained at the office of the Board of Elections, Municipal Building.

Dated, New York, October 1, 1914.

J. GABRIEL BRITT, MOSES M. MCKEE, JAMES KANE, JACOB A. LIVINGSTON, Commissioners of Elections.

S. HOWARD COHEN, Chief Clerk. o1,13

DEPARTMENT OF TAXES AND ASSESSMENTS.

PROPERTY OWNERS, NOTICE!

The annual Record of the Assessed Valuation of Real Estate in the City of New York for 1915 will be open for inspection, examination, and correction from

OCTOBER 1 until, but not including, NOVEMBER 10, 1914.

The annual Record of Assessed Valuation of Personal Estate for the City of New York for 1915 will be open for inspection, examination, and correction from

OCTOBER 1 until, but not including, DECEMBER 1, 1914.

During the time the books are open for public inspection, application may be made to the Department of Taxes and Assessments by any person or corporation claiming to be aggrieved by the assessed valuation to have it corrected.

Applications for the reduction of Real Estate assessments must be made in writing and should be upon blanks furnished by the Department.

Applications for the correction of the Personal assessments of corporations must be filed at the main office in the Borough of Manhattan.

Applications in relation to the assessed valuation of Personal Estate must be made by the person assessed at the office of the Department, in the Borough where such person resides, and, in case of a non-resident carrying on business in the City of New York, at the office of the Department in the Borough where such place of business is located, between the hours of 10 A. M. and 2 P. M., except on Saturday, when all applications must be made between 10 A. M. and 12 noon.

DEPARTMENT OF FINANCE.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISSIONER OF WATER SUPPLY, GAS AND ELECTRICITY, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for water supply purposes, at **Hempstead Storage Reservoir, Rockville Centre, L. I.**

BEING the buildings on the westerly side of Village Avenue, about one and one-half miles north of the Railroad at Rockville Centre, L. I., as follows: One-story frame stable, size 38' 0" by 50.3'; with frame extension, size 13.3' by 26.3'; frame manure bin, size 8.2' by 19.6'; and frame out-house, size 6.7' x 5.6'. One-story frame building, size 31.2' by 15.2', with concrete vault extension, size 12.10' by 13.5 feet. Two-story and attic frame dwelling, size 21.4' x 25.8', with porch, size 6.2' x 23.9'; with one-story frame extension, size 13.3' x 12.5 feet; frame sheds, size 17.0' x 16.2'; and frame out-house, size 5.0' x 5.4'. Frame ice house, size 13.5' x 19.5'; frame water tower and tank; size of tower about 12.5' in diameter; frame out-house, size 6.0' x 8.2'.

All structures and foundations shall be removed to the level of the existing surface of the surrounding ground and all holes filled in with clean earth to said level. No trees are to be disturbed in removing the buildings and the property is to be cleaned of all debris upon the removal of the buildings.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11.00 a. m. on the 9th day of October, 1914, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened October 9, 1914," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Comptroller's Office, September 17, 1914. s23,o9

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Brooklyn.

BEING the buildings, parts of buildings, etc., standing within the lines of Canarsie Lane, from East 22nd Street to Bedford Avenue, in the Borough of Brooklyn, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan.

PURSUANT to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held September 16, 1914, the sale by sealed bids, at the upset or minimum prices named in the description of each parcel of the above buildings and appurtenances thereto, will be held by direction of the Comptroller on

THURSDAY, OCTOBER 8, 1914,

at 11 A. M., in lots and parcels and in manner and form and at upset prices as follows:

PARCEL NO. 89. Part of two-story frame house No. 2300 Canarsie Lane. Cut 9.03 feet on west side by 9.27 feet on east side. Upset price, \$10.00.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of

City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11.00 a. m. on the 8th day of October, 1914, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

PUBLIC SERVICE COMMISSION.

Proposals.

INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

The Public Service Commission for the First District (hereinafter called the "Commission") invites proposals to construct Section No. 1 of Route No. 43, a part of the Seventh Avenue- Lexington Avenue Rapid Transit Railroad.

The points within the City of New York between which the said parts are to run and the route or routes to be followed are briefly as follows:

Section No. 1. Beginning at a point under Park Place, in the Borough of Manhattan, about one hundred and seventeen (117) feet east of the easterly building line of West Broadway, and extending thence easterly under Park Place, the

United States Post Office building and Beekman Street to a point about sixty-two (62) feet west of the westerly building line of William Street.

The general plan of construction calls for a subsurface railroad having two tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be partly by trench excavation under cover and partly by tunneling, unless otherwise permitted by the Commission.

Bidders must examine the form of contract and the specifications and contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter called the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City and said Company for additional rapid transit railroads. The liability of Interborough Rapid Transit Company will be limited to an amount equal to fifty per centum (50%) of the total estimated amount to be paid to the Contractor under the contract.

Partial payments to the Contractor will be made as the work proceeds as provided in the contract.

The Contractor must complete the work within twenty-eight (28) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of four hundred thousand dollars (\$400,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 6th day of October, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 43, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited.

No proposal will be received unless accompanied by a separate certified check for forty thousand dollars (\$40,000), payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, September 15, 1914.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By EDWARD E. McCALL, Chairman.

TRAVIS H. WHITNEY, Secretary. s18,09

INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE AND STEINWAY TUNNEL RAPID TRANSIT RAILROADS.

The Public Service Commission for the First District (hereinafter called the "Commission") invites proposals to construct Section No. 1 of Route No. 43, a part of the Seventh Avenue- Lexington Avenue Rapid Transit Railroad, and Section No. 1 of Route No. 26, a part of the Steinway Tunnel Rapid Transit Railroad, and to construct a spur to the existing Manhattan-Bronx Rapid Transit Railroad.

The points within the City of New York between which the said parts are to run and the route or routes to be followed are briefly as follows:

Section No. 1 of Route No. 43. Beginning under Park Avenue, in the Borough of Manhattan, between East 38th Street and East 41st Street, where suitable track connections can be made with the present Manhattan-Bronx Rapid Transit Railroad, thence running northerly under Park Avenue to East 41st Street, thence curving northeasterly under Park Avenue and East 41st Street to property recently acquired by the City; thence running northeasterly under said property and East 42nd Street to the northerly building line of East 42nd Street, between Lexington Avenue and Depew Place, as the latter formerly existed.

ing line of East 42nd Street, between Lexington Avenue and Depew Place, as the latter formerly existed.

Section No. 1 of Route No. 26. Beginning at a point under East 42nd Street, in the Borough of Manhattan, opposite the westerly building line of Vanderbilt Avenue and extending thence easterly under East 42nd Street to a point about one hundred (100) feet east of the easterly building line of Lexington Avenue.

SPUR TO EXISTING MANHATTAN-BRONX RAPID TRANSIT RAILROAD. Beginning at a point under East 42nd Street, in the Borough of Manhattan, between Park and Vanderbilt Avenues, where suitable track connections can be made with the existing Manhattan-Bronx Rapid Transit Railroad, thence running easterly under East 42nd Street to a point about forty (40) feet east of the easterly building line of Park Avenue.

The general plan of construction calls for a subsurface railroad having four tracks in the case of Route No. 43 and for subsurface railroads having two tracks in the cases of Route No. 26 and the Spur.

The Contractor will not be required to provide or lay permanent tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic, the restoration of pavements and other surfaces, and the removal and reconstruction of portions of the Manhattan-Bronx Rapid Transit Railroad and portions of the existing Steinway Tunnel in order to provide a connection with the Railroad.

The removal and reconstruction of portions of said Manhattan-Bronx Rapid Transit Railroad must be so conducted as not to interfere with or interrupt the safe and continuous operation of trains in said Railroad and the Contractor shall be responsible for the support, maintenance, safety and protection of said Railroad, including its equipment and rolling stock, and for the safety and protection of passengers and other persons therein. Before commencing any work which may affect said railroad the Contractor must obtain a permit from the Interborough Rapid Transit Company.

The attention of bidders is called to the fact that the adjacent portions of the Steinway Tunnel may be put into operation before the completion of the work under the contract. The Contractor in the event of such operation will be required to conduct his work in such manner as not to interfere with or interrupt the safe and continuous operation of trains in said adjacent portions of the Steinway Tunnel and in such manner as to avoid injury to passengers or other persons in said adjacent portions of the Steinway Tunnel.

In view of the nature of the work the attention of bidders is also called to the fact that the Contractor must be amply able financially to execute the work and to indemnify the Interborough Rapid Transit Company for any loss or expense on account of injuries or damages to person or property or interruption of train operation in the Manhattan-Bronx Rapid Transit Railroad due to the performance of the work under the contract, and the Contractor must furnish the Commission with a detailed statement of his financial condition.

The method of construction will be partly by trench excavation under cover and partly by tunneling, unless otherwise permitted by the Commission.

Bidders must examine the form of contract and the specifications and contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter called the "City") and Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City and said Company for additional rapid transit railroads. The liability of Interborough Rapid Transit Company will be limited to an amount equal to fifty per centum (50%) of the total estimated amount to be paid to the Contractor under the contract.

Partial payments to the Contractor will be made as the work proceeds, as provided in the contract.

The Contractor must complete the work within twenty-eight (28) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of five hundred thousand dollars (\$500,000). As further security to the City ten per centum (10%) of the amounts certified from time to time to be due to the Contractor will be deducted and retained. The Contractor will also be required to furnish security to Interborough Rapid Transit Company by depositing with said Company cash or securities in the sum of two hundred and fifty thousand dollars (\$250,000). As further security to the Interborough Rapid Transit Company ten per centum (10%) of the amounts certified from time to time to be due to the Contractor from said Company will be deducted and retained by said Company until the amount so deducted and retained shall equal three and one-third per centum (3 1/3%) of the total estimated amount to be paid to the Contractor under the contract.

Sealed bids or proposals will be received at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City, until the 6th day of October, 1914, at twelve fifteen (12.15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedules in the form of contractor's proposal. The quantities given in such schedules are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroads—Routes Nos. 43 and 26, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for seventy-five

thousand dollars (\$75,000), payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

SUPREME COURT—FIRST DEPARTMENT.

Application to Amend Proceedings.

FIRST DEPARTMENT.

In the Matter of the Application of The City of New York, relative to amending its application heretofore made in the Matter of the Application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of WEST 180TH STREET, from Aqueduct Avenue to Osborne Place, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, so as to include in said proceeding authorization for acquiring title to the unacquired portions of Wiegand Place, and of Andrews Avenue, from the northerly line of West 180th Street to a line distant about 30 feet northerly therefrom.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held at Part I thereof, at the County Court-house, in the Borough of Manhattan, in The City of New York, on the 2nd day of October, 1914, at the opening of the Court on that day or as soon thereafter as counsel can be heard thereon for an order amending the proceeding entitled "In the Matter of the Application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of West 180th Street, from Aqueduct Avenue to Osborne Place, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," so as to include in said proceeding authorization for acquiring title to the unacquired portions of Wiegand Place, and of Andrews Avenue, from the northerly line of West 180th Street to a line distant about 30 feet northerly therefrom.

Additional land to be acquired in this proceeding being the following described lots, pieces or parcels of land, viz:

WIEGAND PLACE.

Parcel "C."

Beginning at a point in the northern line of West 180th Street as being legally acquired, distant 180,232 feet westerly from the intersection of said line with the western line of University Avenue as legally acquired. Thence westerly along said northern line of West 180th Street for 53.20 feet. Thence northerly deflecting 109° 57' 20" to the right for 31.42 feet to the southern line of Wiegand Place as legally acquired. Thence easterly and along last-mentioned line for 53.24 feet. Thence southerly for 31.53 feet to the point of beginning.

ANDREWS AVENUE.

Parcel "D."

Beginning at a point in the northern line of West 180th Street as being legally acquired, distant 395.37 feet westerly from the intersection of said line with the western line of University Avenue as legally acquired. Thence westerly and along said northern line of West 180th Street for 2.84 feet to the eastern line of Andrews Avenue as legally acquired. Thence northerly along last-mentioned line for 11.38 feet. Thence southerly for 10.73 feet to the point of beginning.

ANDREWS AVENUE.

Parcel "E."

Beginning at a point in the western line of Andrews Avenue as legally acquired May 31, 1899, distant 26.19 feet northerly from the intersection of said line with the northern line of West 180th Street as being legally acquired. Thence northerly along said western line of Andrews Avenue for 4.80 feet to the southern line of Andrews Avenue as legally acquired November 19, 1902. Thence westerly along last-mentioned line for 1.20 feet. Thence southerly for 4.52 feet to the point of beginning.

The additional land required for the unacquired portions of Wiegand Place and Andrews Avenue is shown on a map entitled "Map or Plan showing the change of lines and the grades of West 180th Street, from Osborne Place to Aqueduct Avenue, the adjustment of adjoining streets and the change of grades of intersecting streets affected thereby in the Twenty-fourth Ward, Borough of The Bronx, City of New York. Prepared by the President of the Borough of The Bronx under authority of Chapter 466, Laws of 1911," which map was filed in the office of the President of the Borough of The Bronx on February 3, 1910, in the office of the Register of the County of New York on February 3, 1910, as Map No. 1411 and in the office of the Corporation Counsel of The City of New York on February 3, 1910, in pigeonhole 138.

Wiegand Place and Andrews Avenue are located in Blocks 3222 and 3216 of Section 11 of the Land Map of The City of New York.

The Board of Estimate and Apportionment on the 15th day of May, 1914, duly fixed and determined the area of assessment for benefit in this amended proceeding to be as follows:

Beginning at a point on the southeasterly line of Andrews Avenue where it is intersected by a line passing through a point on the northwesterly line of Andrews Avenue and a point on the easterly line of Osborne Place, respectively midway between West 179th Street and West 180th Street, and running thence westwardly along the line so located to a point distant 100 feet westerly from the westerly line of Osborne Place, the said distance being measured at right angles to Osborne Place; thence northwardly and parallel with Osborne Place and its prolongation as laid out at West 180th Street, to the intersection with the prolongation of a line distant 100 feet north-

erly from and parallel with the northerly line of West 180th Street as this street adjoins Osborne Place, the said distance being measured at right angles to West 180th Street; thence eastwardly along the said line parallel with West 180th Street and along the prolongation of the said line, to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Andrews Avenue, as this street is laid out north of West 180th Street, the said distance being measured at right angles to Andrews Avenue; thence northwardly along the said line parallel with Andrews Avenue to the intersection with the prolongation of the southerly property line of the University of the City of New York as this extends across the northerly terminus of Wiegand Place; thence eastwardly along the said property line and its prolongation to the intersection with the westerly line of Aqueduct Avenue; thence eastwardly at right angles to Aqueduct Avenue a distance of 200 feet; thence southwardly and always distant 200 feet easterly from and parallel with the westerly line of Aqueduct Avenue to the intersection with a line at right angles to Aqueduct Avenue and passing through a point on its westerly side where it is intersected by a line parallel with West 179th Street as this street is laid out between Andrews Avenue and Aqueduct Avenue and passing through the point of beginning; thence westwardly along the said line at right angles to Aqueduct Avenue to the intersection with its westerly side; thence westwardly along the said line parallel with West 179th Street to the point or place of beginning.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 20th day of October, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at his said office on the 23rd day of October, 1914, at 2 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in the City of New York, on or before the 20th day of October, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 26th day of October, 1914, at 2 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 31st day of October, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Chichester Avenue, said distance being measured at right angles to Chichester Avenue; on the east by a line distant 100 feet easterly from and parallel with the easterly line of Remington Street, the said distance being measured at right angles to Remington Street, and by the prolongation of the said line; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Beaufort Avenue, the said distance being measured at right angles to Beaufort Avenue; and on the west by a line distant 135 feet westerly from and parallel with the westerly line of Remington Street, the said distance being measured at right angles to Remington Street, and by the prolongation of the said line.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 23rd day of October, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 13th day of November, 1914, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, September 25th, 1914.

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague Street, in the Borough of Brooklyn, in the City of New York, on or before the 6th day of October, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 7th day of October, 1914, at 2:30 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague Street, in the Borough of Brooklyn, in the City of New York, on or before the 6th day of October, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 8th day of October, 1914, at 2:30 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of December, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

1. Bounded on the north by a line midway between Pitkin avenue and Belmont avenue; on the east by a line midway between Wyona street and Bradford street; on the south by a line midway between Belmont avenue and Sutter avenue; and on the west by a line midway between Sheffield avenue and Pennsylvania avenue.

2. Bounded on the north by a line midway between Pitkin avenue and Belmont avenue, as these streets are laid out east of Drew avenue and by the prolongations of the said line; on the east by a line distant 100 feet easterly from and parallel with the former City line; on the south by a line midway between Belmont avenue and Sutter avenue, as these streets are laid out between Grant avenue and Elderts lane, and by the prolongation of the said line, and on the west by a line midway between Grant avenue and Elderts lane.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague Street, in the Borough of Brooklyn, in said City, there to remain until the 17th day of October, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts or reports as to awards and as to assessments for benefit, herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 19th day of November, 1914, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, September 17th, 1914.
WILLIAM M. RUSSELL, WALTER J. MCGILL, JOHN J. KILCOURSE, Commissioners of Estimate; WILLIAM M. RUSSELL, Commissioner of Assessment.

Application for Appointment of Commissioners.

SECOND JUDICIAL DISTRICT.

Notice of application for the appointment of Commissioners of Appraisal.

Motion to be made in Second Judicial District, in Kings County.

Property to be Acquired Located in the County of Richmond.

City Aqueduct Department (Addition to Section No. 1), Catskill Aqueduct.

PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Counsel of The City of New York, pursuant to the provisions of Chapter 724 of the Laws of 1905, and the several statutes amendatory thereof and supplemental thereto to make application to the Supreme Court of the State of New York at a Special Term for the hearing of Contested Motions thereof, to be held at the County Court House, Borough of Brooklyn, City of New York, in the Second Judicial District, on the 26th day of October, 1914, at the opening of Court on that day or as soon thereafter as counsel can be heard thereon, for the appointment of three Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in certain real estate laid down, as proposed to be taken or affected for the purposes indicated in said Chapter 724 of the Laws of 1905, as amended, upon a certain map entitled:

"Board of Water Supply of the City of New York. Map of Parcels 158A, 158B, 159A, 159B and 159C, situated in the City of New York, Richmond County."

which said map was approved by the Board of Water Supply of the City of New York on June 6, 1914, and adopted by the Board of Estimate and Apportionment of The City of New York on June 26, 1914, and a duplicate original of which said map adopted and approved as aforesaid was filed on August 26th, 1914, in the office of the Clerk of the County of Richmond.

The City of New York by this proceeding seeks to acquire a perpetual easement in certain

real property hereinafter described, and which is shown on the aforesaid map, and also a temporary right or easement in certain other real property hereinafter described, and which is shown on the aforesaid map for the purpose of constructing, maintaining and operating an underground pipe line, including a right to maintain seven feet of filling over the top of the said pipe line.

The following is a description of the several parcels of property shown upon the map made, approved, adopted and filed as hereinbefore set forth, in which a perpetual underground easement and temporary easement is to be acquired by The City of New York in this proceeding, together with a statement after the descriptions of such parcels, of said easements, and of the location and purpose for which said perpetual underground and temporary easement is to be acquired:

All those certain lots, pieces or parcels of land, and land under water, situated at the foot of Arrietta Street, in the Borough of Richmond, County of Richmond and State of New York, bounded and described as follows:

Parcel No. 158A.
All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 158A, which said parcel is described as follows:

Beginning at the northeast corner of Parcel No. 159A, a point in the pierhead line established by the Secretary of War on June 21, 1889; thence easterly along the line which is the continuation of the northerly line of said parcel No. 159A 200 feet more or less to a point in the pierhead line established by the Secretary of War in September 1913; thence southerly along said pierhead line 25 feet; thence westerly on a line parallel to the first described course, 200 feet more or less to the southeast corner of parcel No. 159A; thence northerly along the easterly line of said parcel 25 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a perpetual easement to construct, operate and maintain a pipe line (the top of which is to be not less than 47 feet below mean sea level at Sandy Hook), including the right to maintain 7 feet of filling over the top of the pipe line so that the top of said filling will be not less than 40 feet below mean sea level at Sandy Hook and so that the owners or persons interested in the water over said easement shall be able to maintain an available waterway 40 feet in depth. Said pipe line is further described and is to be constructed substantially as shown in the contract for the construction thereof, dated March 16, 1914, between the Board of Water Supply and Merritt & Chapman Derrick & Wrecking Co., on file with the Board of Water Supply and to which reference is hereby made.

Parcel No. 158B.
All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 158B, which said parcel is described as follows:

Beginning at the southeast corner of parcel No. 159A, a point in the pierhead line established by the Secretary of War on June 21, 1889; thence in an easterly direction along the southerly line of parcel No. 158A 200 feet more or less to the pierhead line established by the Secretary of War in September, 1913; thence southerly along said pierhead line 50 feet; thence westerly, parallel to the first described course, 200 feet more or less to the southeast corner of parcel No. 159C; thence northerly along the easterly line of said parcel and the easterly line of Parcel No. 159B 50 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a temporary easement to occupy the water above the same for floating necessary scows and other equipment to be used in connection with the laying of the pipe referred to in description of parcel No. 158A, including the right to do dredging and other acts necessary for the construction of said pipe line. This temporary easement is to continue in force from the date of the filing of the oaths of commissioners of appraisal until September 1, 1916.

Parcel No. 159A.
All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 159A, which said parcel is described as follows:

Beginning at a point in the easterly terminus of Arrietta street, said point being 50 feet south of the north line of Arrietta street, and running thence in an easterly direction 170.5 feet to a point distant southerly 56 feet from the north line of Arrietta street produced; thence still in an easterly direction on a line parallel to and 20 feet south of the north line of the property of the Staten Island Railway Company 725 feet more or less to a point in the pierhead line established by the Secretary of War on June 21, 1889; thence southerly along said pierhead line 25 feet; thence westerly and parallel to the northerly property line of the Staten Island Railway Company 725 feet; thence westerly, parallel to the first course and 25 feet southerly therefrom, 170.5 feet more or less to the easterly terminus of Arrietta street; thence northerly along said Arrietta street 25 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a perpetual easement to construct, operate and maintain a pipe line (the top of which is to be not less than 47 feet below mean sea level at Sandy Hook, between a point 150 feet inside of the bulkhead line and the lawfully established pierhead line), including the right to maintain 7 feet of filling over the top of the pipe line so that the top of said filling will be not less than 40 feet below mean sea level at Sandy Hook and so that the owners or persons interested in the water over said easement shall be able to maintain an available waterway 40 feet in depth. Said easement, however, is not to exclude in any manner any right which the owners or persons interested in said parcel may have to fill in the land under water inside of or west of the lawfully established bulkhead line. Said pipe line is further described and is to be constructed substantially as shown in the contract for the construction thereof, dated March 16, 1914, between the Board of Water Supply and Merritt & Chapman Derrick & Wrecking Co. on file with the Board of Water Supply and to which reference is hereby made.

Parcel No. 159B.
All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 159B, which said parcel is described as follows:

Beginning at the southwest corner of parcel No. 159A and running thence along the southerly line of said parcel east 170.5 feet; thence continuing along the southerly line 725 feet more or less to the pierhead line as established by the Secretary of War on June 21, 1889; thence along said pierhead line south 5 feet more or less to the northerly line of the property of the New York Dock & Terminal Company; thence westerly along said line 895 feet more or less to a point on line with the easterly terminus of Arrietta Street; thence north to and

along the easterly terminus of Arrietta street 11 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a temporary easement to occupy the water above the same for floating necessary scows and other equipment to be used in connection with the laying of the pipe referred to in description of parcel No. 159A, including the right to remove miscellaneous unused piles and to do dredging and other acts necessary for the construction of said pipe line. This temporary easement is to continue in force from the date of the filing of the oaths of commissioners of appraisal until September 1, 1916.

Parcel No. 159C.
All that certain piece or parcel of real estate situated in the Borough of Richmond, City of New York, County of Richmond and State of New York, designated on the map hereinbefore referred to as Parcel Number 159C, which said parcel is described as follows:

Beginning at the southwest corner of parcel No. 159B and running thence along the southerly bounds of said parcel 895 feet, more or less, to the pierhead line as established by the Secretary of War on June 21, 1889; thence southerly along said pierhead line 45 feet; thence westerly, parallel to and 45 feet from the southerly line of parcel No. 159B 725 feet; thence continuing westerly 170.5 feet to a point 39 feet southerly from the southwest corner of parcel No. 159B; thence northerly 39 feet to the point or place of beginning.

There is to be acquired in this parcel by the City of New York a temporary easement to occupy the water above the same for floating necessary scows and other equipment to be used in connection with the laying of the pipe referred to in description of parcel No. 159A, including the right to remove miscellaneous unused piles and to do dredging and other acts necessary for the construction of said pipe line. This temporary easement is to continue in force from the date of the filing of the oaths of commissioners of appraisal until September 1, 1916.

Reference is hereby made to the map hereinbefore described as to Parcels Nos. 158A, 158B, 159A, 159B and 159C shown thereon for a more detailed description of the real estate to be taken or affected as above described.

A statement of the boundaries of the pipe line for the purpose of constructing, maintaining and operating which the above properties and easements are to be acquired by The City of New York in this proceeding, together with a description of the route of said pipe line by courses and distances and of the greatest and least width of the tract of said pipe line is as follows:

Parcel having greatest width, 25 feet; Parcel 159A, and parcel having least width, No. 159B, namely, 25 feet.

Pipe Line.
Beginning at a point under Ridge Boulevard, in the Borough of Brooklyn; running thence under said boulevard in a southwesterly direction to 79th Street; thence under said street in a northwesterly direction to the Narrows, New York Harbor; thence continuing in a northwesterly direction under said Narrows to the established pierhead line in the Borough of Richmond; thence in a southwesterly direction to the foot of Arrietta Street, in the Borough of Richmond; thence continuing in a southwesterly direction under said street to Tompkins Avenue.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Corporation Counsel of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but furnished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any building by any tenant free, for rent or otherwise, exceeding the necessary workmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walls, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood, to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits therefrom. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
