CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
May 2, 1888.

*To the Commissioners of the Sinking Fund:*

GENTLEMEN—The Comptroller, to whom was referred the matter of the removal of the Second District Civil Court on April 27, respectfully submits the following

#### REPORT:

The second, third and fourth floors of the building on the northwest corner of Centre and Pearl streets, were leased by the City from Mrs. Mary E. Brennan, as court rooms for the Second Judicial District Court, for the term of five years from May 1, 1885, at a yearly rental of \$2,500, with a condition that the City should expend in repairs a sum not exceeding \$500. Repairs were made for this amount. The building, however, has become unsafe, and has been recently condemned on that account by the Superintendent of Buildings, and a precept has been issued by the Court of Common Pleas, directing him to make the building safe by thorough repairs from the foundation. The building has thus become untenable, and under a resolution of the Board of Aldermen, approved by the Mayor, April 25, 1888, the Second Judicial District Court has been removed and temporarily located in the brown-stone building, corner of Chambers and Centre streets.

I asked the Counsel to the Corporation for his advice as to the liability of the City for rent after the vacation of the premises by the court on account of the unsafe condition of the building, and his opinion is herewith submitted.

In accordance with the advice of the Counsel to the Corporation that "the vacation of the premises for the reason that they are actually untenable, relieves the City from any obligation to pay rent from the date when the City actually vacates the premises," I have notified the lessor to that effect, and that the lessees have, therefore, been obliged to vacate, remove from and abandon, and have vacated, removed from and abandoned the premises on the 27th day of April, 1888.

It is necessary to provide court rooms immediately for the accommodation of the Second Judicial District Court, and I find that a portion of the upper part of the Centre Market building, which is conveniently located for the business of the Second Judicial District, can, at a moderate expense, be used for the Court, with a saving to the city of the annual rent of other premises.

I therefore submit a resolution to appropriate a portion of the upper part of the Centre Market building for the use of the Second Judicial District Court, and also a resolution requesting the Board of Aldermen to authorize the Court to be held in said premises when ready for occupation, together with a letter of advice from the Counsel to the Corporation.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That a portion of the second story of the Centre Market building, at the southern end, corner of Grand and Centre streets, be and is hereby appropriated and assigned for the occupation of and use of the District Court of the Second Judicial District of the City of New York as court rooms, and that the Comptroller be authorized to take such measures as are necessary to prepare said premises for the accommodation of said court, and that the Commissioner of Public Works be and is hereby requested to make such alterations and improvements in the building as are required for that purpose and may be approved by the Comptroller.

Resolved, That the Board of Aldermen of the City of New York be and is hereby respectfully requested to authorize the District Court of the Second Judicial District to be held in the southern end of the second story of the Centre Market building, corner of Grand and Centre streets, when the premises have been fitted up and made ready for the occupation of said court.

The report was accepted and the resolutions unanimously adopted.

LAW DEPARTMENT,  
OFFICE OF THE COUNSEL TO THE CORPORATION,  
NEW YORK, May 1, 1888.

*Hon. THEODORE W. MYERS, Comptroller:*

SIR—I am in due receipt of your communication of April 30, 1888, in which you enclose:

1. Copy of a resolution of the Board of Aldermen, providing for the temporary location of the Second District Court in the brown-stone building in the City Hall Park.

2. Precept issued by the Court of Common Pleas, directing the Superintendent of Buildings to make safe the building now occupied by the Second District Court.

3. Lease to the city from Mary E. Brennan of the premises now occupied by said court, at the northwest corner of Centre and Pearl streets, for the term of five years from May 1, 1885.

You request me to advise you what notice or other steps will be necessary to vacate the premises and relieve the City from further liabilities for the rent after April 30.

As I have already advised you in my communication of March 31st last, the vacation of the premises for the reason that they are actually untenable, relieves the City from any obligation to pay rent from the date when the City actually vacates the premises; and as it is proper that notice of the fact that the City has removed from the premises should be given to the lessor, I have prepared and enclose herewith, a letter to be signed by yourself and sent to Mary E. Brennan, the lessor.

I enclose the papers submitted to me.

Very respectfully,

HENRY R. BEEKMAN, Counsel to the Corporation.

The matter of selecting persons to assist the Commissioners of the Sinking Fund in examining the plans of a proposed Municipal Building, the consideration of which was postponed from the last meeting, was called up by the Mayor. He stated that it was desirable to take immediate action in the selection of a committee of three persons to examine the plans and decide upon their merits, and he proposed the name of Professor Ware as a member of that committee.

The Chamberlain proposed that the two gentlemen nominated by the New York Chapter of the American Institute of Architects who had received the highest number of votes, should be selected with Professor Ware to form an advisory committee.

Upon motion, the following gentlemen were appointed members of the committee, viz.:

William R. Ware, R. M. Hunt and R. M. Upjohn.

The Chamberlain moved that the Mayor be appointed a committee to communicate with the gentlemen selected to assist the Commissioners of the Sinking Fund in examining the plans of the Municipal Building and making the awards.

The Mayor stated that before accepting the nomination he wished to express his views of what course should be pursued in making the examination of the plans, and referred to the propositions submitted by him at the meeting held on April 6, that the first points to be determined are—

First—Whether the general design, as developed in the plans which had been submitted, will produce such a building as shall be creditable to the City of New York; and

Second—Whether any of the plans submitted have sufficient merit to entitle them to the award of premiums, irrespective of that consideration.

The method of proceeding with the examination of the plans was approved, and the motion to appoint the Mayor a committee to arrange for making it accordingly was agreed to.

The Comptroller submitted the following preamble and resolution of appraisal of the city real estate to be sold at public auction on May 15, 1888:

Whereas, A resolution was adopted by this Board March 28 last, authorizing and directing the sale of certain real estate belonging to the city, after public advertisement and appraisal, and the Comptroller was authorized to appoint appraisers to value said real estate,

Resolved, That the Commissioners of the Sinking Fund do hereby approve of the appraisements made by V. K. Stevenson & Co. and Joseph A. Levy, appointed by the Comptroller as appraisers, under a resolution adopted March 28, 1888, of the real estate belonging to the City of New York, described in the advertisement of a Corporation sale to be held on May 15, 1888, and as shown on maps thereof drawn by Eugene E. McLean, City Surveyor; provided, however that the sum of five hundred dollars shall be deducted from the valuation of each of the Aqueduct lots, appraised by V. K. Stevenson & Co., and the sum of one thousand dollars from the valuation of the school property on Waverley place, and the same amount from the valuation of the property on One Hundred and Twenty-ninth street and Twelfth avenue, and provided that the several amounts of those valuations after such deductions shall be the minimum sums or upset prices at which the property and each of the said lots, pieces or parcels of real estate, shall be sold at said sale.

Which was unanimously adopted.

Adjourned.

RICHARD A. STORRS, Secretary.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and the sum which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Corporation of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit shall be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, it deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

No extra compensation, beyond the amount payable for the work before mentioned, shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work. The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readjusted and relet, and so on until it is accepted and executed.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. No extra compensation beyond the amount payable for each class of the work before mentioned, shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

SEALED BIDS OR ESTIMATES FOR THE aforesaid job, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third avenue, in the City of New York, until 9 o'clock A. M. of Friday, May 11, 1888. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Steam-heating, etc., a Pavilion (Almshouse) on Blackwell's Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials of that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of FIFTEEN HUNDRED (\$1,500) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded, at any subsequent letting; the amount in each case to be calculated upon the estimate amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householders or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 4 of the Revised Ordinances of the City of New York, 1885, if the contract be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon the City of New York, or National Bank of the City of New York, drawn to the order of the Comptroller, or money to the amount of FIVE PER CENTUM OF THE AMOUNT OF SECURITY REQUIRED FOR THE FAITHFUL PERFORMANCE OF THE CONTRACT. Such check or money must not be included in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimates, and no estimate can be deposited or awarded until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded.

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit shall be returned to him. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine. BIDDERS ARE INFORMED THAT NO DEVIATION FROM THE SPECIFICATIONS WILL BE ALLOWED, UNLESS UNDER THE WRITTEN INSTRUCTIONS OF THE COMMISSIONERS OF PUBLIC CHARITIES AND CORRECTION.

The form of the agreement and the bidding specifications, and showing the manner of payment, can be obtained at the office of the Department, where the plans will be on exhibition for the information of bidders.

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half cent per ton (Custom House measurement) for each time they take water.

Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not heretofore embraced are reserved for special contract by and with the Commissioner of Public Works.

**HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.**  
 No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street taps, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-trough or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the owner not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, post-offices, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,  
**JOHN NEWTON,**  
 Commissioner of Public Works.

#### PUBLIC NOTICE AS TO WATER RATES.

**PUBLIC NOTICE IS HEREBY GIVEN** that in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 351 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rates:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rates, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed upon the owner of every house where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the active delinquents or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled or recorded on the books of the Department.

#### PUBLIC NOTICE.

**PERSONS HAVING ANY BUSINESS IN THIS** Department which is not assigned to or transacted by the several Bureaus in the Department, and which should come under the immediate notice of the Commissioner of Public Works, are requested to communicate directly in person, or by letter, with the Commissioner.

#### NOTICE TO CROTON WATER CONSUMERS.

**NUMEROUS APPLICATIONS HAVE BEEN** made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all water consumers that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,  
 Commissioner of Public Works

#### GAS COMMISSION.

**DEPARTMENT OF PUBLIC WORKS.**

#### TO CONTRACTORS.

**PROPOSALS FOR ESTIMATES FOR FURNISHING, OPERATING AND MAINTAINING ELECTRIC LAMPS FOR THE PERIOD OF ONE YEAR, COMMENCING MAY 1, 1888, AND ENDING APRIL 30, 1889, FOR LIGHTING SUCH STREETS OR PARTS OF STREETS, PARKS AND PUBLIC PLACES OF THE CITY OF NEW YORK AS MAY BE DETERMINED UPON BY THE MAYOR, COMPTROLLER AND COMMISSIONER OF PUBLIC WORKS AFTER THE ESTIMATES ARE OPENED.**

ESTIMATES FOR THE ABOVE WILL BE RECEIVED at the office of the Commissioner of Public Works, No. 31 Chambers street, in the City of New York, until 12 o'clock of WEDNESDAY, MAY 9, 1888, at which place and time they will be publicly opened by said Commissioner and read.

Any person making an estimate for the above shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing, Operating and Maintaining Electric Lamps"; and also with the name of the person making the same, and the date of its preparation.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be interested, they shall distinctly state the fact; also, that it is

made without any connection with any other person making any estimate for the same supplies and work, and that it is in all respects fair, and without collusion or fraud; and, also, that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residences, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath of the householders or freeholders of the persons signing the same, that he is a householdholder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposal, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law.

Bidders are required to state in their estimates the district or several streets, avenues, piers, parks and public places, or parts of streets, avenues, piers, parks and public places, in which the lamps are to be lighted, and the requirements herein contained, giving in detail the number of lamps which it is proposed to furnish for lighting each street, etc., and in case the district or any portion of the district which is contemplated in the bid is not lighted by the bidder with electric arc lamps at the time of the making of the bid, then a map or sketch showing clearly the proposed location of lamps, poles and connecting wires in such district must be submitted with the bid.

Bidders must state the kind or system of light they propose to furnish.

Bidders are required to state the price per night for each lamp at which they propose to furnish, operate and maintain a light in accordance with the requirements of the specifications and for the period mentioned in the agreement.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

Bidders are required to state the number and locations of the central stations at which the electric current is to be generated, and what provision, if any, will be made against the accidental extinction of the lights on account of damage to the central station by fire.

The amount of security required is Twenty-five Thousand Dollars.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such checks or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to the City of New York, and, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

In case of award of any contract, if and when, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within the time after written notice of the award of the same has been given to him, or if he accept, but does not execute the contract and give the proper security, it may be re-awarded and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Mayor, Comptroller and Commissioner of Public Works.

The right is also reserved, when an estimate is made containing bids for lamps in one or more streets, avenues, piers, parks or places, to accept from such estimate or bid so much of the same as may be the lowest per lamp in any one or more of such streets, avenues, piers, parks or places, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The contract for lamps in any particular street, avenue, pier, park or place, will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, pier, park or place.

The right is also reserved to regulate the number of lamps which may be erected, and their location and disposition, in order to best illuminate the streets, parks or other public places for the lighting of which bids may be received. The right is also reserved to decline all estimates if deemed for the interests of the City.

No estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

If the estimate of any bidder shall include any streets or parts of streets, parks or public places not lighted by electric arc lamps,
