BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
TUESDAY, May 22, 1894, 11 o'clock A. M.

The Board met in pursuance of the following call :

OFFICE OF THE MAYORALTY,
EXECUTIVE DEPARTMENT, CITY HALL,
NEW YORK, May 21, 1894.

In pursuance of the authority contained in the 189th section of the New York City Consolidation Act of 1882, and chapter 105 of the Laws of 1893, a meeting is hereby called of the Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation, constituting a Board of Estimate and Apportionment, to be held at the office of the Mayor on Tuesday, May 22, 1894, at 11 o'clock A. M., for the purpose of transacting such business as may be brought before the Board.

THOS. F. GILROY, Mayor.

INDORSED :

Admission of a copy of the within as served upon us this 21st day of May, 1894.

THOS. F. GILROY,
Mayor ;ASHBEL P. FITCH,
Comptroller ;

E. P. BARKER,
President of the
Department of Taxes and Assessments ;
WM. H. CLARK,
Counsel to the Corporation.

Present—Thomas F. Gilroy, the Mayor ; Ashbel P. Fitch, the Comptroller ; Edward P. Barker, the President of the Department of Taxes and Assessments ; William H. Clark, the Counsel to the Corporation.

Absent—George B. McClellan, the President of the Board of Aldermen.

The minutes of the meeting held May 15, 1894, were read and approved.

John Finnerty, representing a committee of Hostlers and Drivers employed by the Department of Street Cleaning, appeared and requested that an additional appropriation be made for the increase of wages of Hostlers and Drivers, as provided by chapter 368, Laws of 1894.

Debate was had thereon, whereupon the Mayor moved that the subject be referred to the Counsel to the Corporation for his opinion as to the powers and duties of the Board in the premises.

Which was adopted.

The Special Committee, consisting of the Comptroller and President of the Department of Taxes and Assessments, appointed by the Mayor March 28, 1894, in the matter of the S. P. Dinsmore claim, presented the following report :

To the Board of Estimate and Apportionment :

In the matter of the claim of the representatives of the firm of S. P. Dinsmore & Co., for advertising in the "Stockholder" of notices and proceedings required by law to be advertised in the City of New York, in pursuance of the provisions of chapter 291 of the Laws of 1891, which was referred to us by a resolution of the Board of Estimate and Apportionment of March 28, 1894, as a Special Committee, to examine into facts relating to said claim and make our report in regard thereto at our earliest convenience to the Board, and do respectfully report as follows :

We gave due notice of a hearing before us to Bryant W. Dinsmore, the surviving partner of the firm of S. P. Dinsmore & Co., and who claims to be the representative of said firm, and also to Thomas J. McKee, Esq., attorney for said Bryant W. Dinsmore.

Upon the hearings certain testimony was taken which is hereunto annexed, and also certain exhibits filed which are attached to said testimony.

Upon these hearings the claimant, Bryant W. Dinsmore, was represented by Mr. Roger Foster (who also stated that he was authorized to represent the widow and next of kin of S. P. Dinsmore so far as they have any interest herein) and Mr. Alis of the firm of Davies, Stone & Auerbach, who represented John O'Donnell, who claimed to have some interest in the matter.

The City's interest was represented by the Hon. Charles Donohue, as Special Counsel, and Theodore Connolly, Esq., Assistant to the Counsel to the Corporation.

We may state that we have not considered whatever any claim Mr. O'Donnell may have, for the reason that we do not regard him as having any standing before your Honorable Board under the terms of the mandamus, which requires you to act merely in relation to the claim of the representatives of S. P. Dinsmore & Co., for it is clear that Mr. O'Donnell, if he have any claim at all, which we do not now attempt to decide, is only a creditor of the firm of S. P. Dinsmore & Co., and that he has no standing before this tribunal at this time.

The matter is a very old and complicated one, and the proof produced has been of a most unsatisfactory and unconvincing character, there being many omissions of proof which is apparently obtainable by claimant, and which omissions do not, in our opinion, throw a very favorable light upon this claim.

The evidence taken accompanies the report and will show the facts.

In regard to the suggestions of a protest when the release was delivered. It is claimed by S. P. Dinsmore & Co. that at the time of the filing with the Comptroller by them of the general release under seal, they also filed two copies of a paper called a protest, with the Comptroller and Deputy Comptroller.

The learned counsel for the claimant made an assertion that a scrap of legal cap appearing among the bundle of papers containing the release papers of the examiners, etc., was the very identical paper upon part of which the protest was written, and that the paper had been mutilated by tearing off the protest.

It is true that the witness O'Donnell testified that he had delivered a protest as above stated, but he could not recollect its contents, nor had he a copy of it.

No such paper has ever been on file in the office of the Comptroller so far as the evidence shows, and so far as we can ascertain by inquiry, and the so-called protest we believe never to have been filed in the office of the Comptroller, or with the Deputy Comptroller.

Our conclusion upon this point renders it unnecessary to discuss the possible legal effect of a protest given under the circumstances of the present case.

An examination of the accompanying papers will show that not only is the evidence given vague and unsatisfactory, and no effort has been made apparently to obtain the testimony of persons still living who might be familiar with the facts. Affidavits are produced while the affiant himself is living, but not produced, or in the one case, that of O'Donnell, no attempt whatever is made to have him testify his affidavit offered in evidence by any oral statement as to the matters therein contained, and it will be especially noted that the claimant in this proceeding, Bryant W. Dinsmore, while offering in evidence his affidavit, avoids appearing personally as a witness.

We would also call the attention of the Board of Estimate and Apportionment, in connection with this matter, to the report made by Comptroller Myers upon a former hearing, and which was presented to the Board on the 22d of July, 1891, and which may well be considered by the Board, in its discretion, as a part of the history of this matter.

Our examination of this stale claim leads us to the conclusions reached by Comptroller Myers on the previous proceeding, that it is "by reason of the above-mentioned release, given more than eighteen years ago, absolutely dead, and to be moreover so unsupported by any consideration of equity or substantial justice, that its audit by this Board would be a little less than a fraud upon the taxpayers of this City."

And we, therefore, respectfully recommend that on the evidence taken, and the papers thereto annexed, the Board of Estimate and Apportionment do audit and allow the claim of S. P. Dinsmore & Co. at nothing.

Dated NEW YORK, May 21, 1894.

ASHBEL P. FITCH, Comptroller.

EDWARD P. BARKER, President, Department of Taxes and Assessments.

The Mayor offered the following :

CHAPTER 510.

AN ACT to place fire hydrants and lay the necessary mains in connection therewith in the city of New York.

Referred to the Comptroller.

The Comptroller presented the following:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
May 2, 1894.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—At a meeting of the Board of Parks held this day the following preambles and resolution were adopted:

Whereas, It is desirable that the railing of the Jerome avenue approach to the new Central Bridge over the Harlem river should be of the same pattern throughout; and

Whereas, The Department of Public Parks is empowered under the contract with the Passaic Rolling Mill Company, for building the bridge and approaches, to omit such portions of the work as the said Department may require in the interests of the City; and

Whereas, The contractors, the Passaic Rolling Mill Company, have assented in writing to the said powers of the Department under their contract;

Resolved, That the section of railing from Pier III. to Pier VI., as provided for in the contract with the Passaic Rolling Mill Company, be not ordered, and the said contractors be relieved of constructing the same, except as to the rail box and fascia plate, which shall be paid for at the same rate per pound as the structural work provided for in the contract under Specification B.

Very respectfully, yours,

CHARLES DE F. BURNS, Secretary, D. P. P.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
May 12, 1894.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—The Department of Parks, in communication of April 2, 1894, to the Board of Estimate and Apportionment, submits the plan, specifications and form of contract for railings and lamp-posts, with lamps, for the Jerome and the Sedgwick and Ogden avenues approaches to the new Macomb's Dam Bridge, over Harlem river, as submitted by Engineer Boller, with a resolution adopted by the Board on the 30th of March, 1894, approving the same, and forwarding them for the approval of the Board of Estimate and Apportionment, as provided by chapter 207, Laws of 1890, as amended by chapter 13, Laws of 1892, and chapter 319, Laws of 1893, with the request that funds be made available in the manner provided by the laws above cited for doing this work, to the amount of \$20,337, divided as follows:

Under chapter 207, Laws of 1890, and chapter 13, Laws of 1892.....	\$16,837 00
Under chapter 319, Laws of 1893.....	3,500 00
	<hr/> \$20,337 00

I have examined the plans and specifications and find them carefully made and full in details. The estimate is as near as it may be made in advance.

But my examination of the plans, etc., disclosed the fact that they call for railing between Pier III. and the railroad, which was already included in the main contract for the bridge and approaches, the price being fixed at \$15.50 per running foot, being item 23, "For railing with intermediate newel posts, and including rail box and cornice of fixed spans."

The new plans and specifications were evidently made under the supposition that the main contract only called for the rail-box and cornice.

I called attention of the Department, through the Consulting Engineer and the Secretary, to this error, and at the meeting of the Board on the 2d day of May, 1894, the following preambles and resolution were adopted:

"Whereas, It is desirable that the railing of the Jerome avenue approach to the New Central Bridge over the Harlem river should be of same pattern throughout; and

"Whereas, The Department of Public Parks is empowered under the contract with the Passaic Rolling Mill Company, for building the bridge and approaches, to omit such portion of the work as the said Department may require in the interests of the City; and

"Whereas, The contractors, the Passaic Rolling Mill Company, have assented in writing to the said powers of the Department, under their contract;

"Resolved, That the section of railing from Pier III. to Pier VI., as provided for in the contract with the Passaic Rolling Mill Company, be not ordered, and the said contractors be relieved of constructing the same, except as to the rail box and fascia plate, which shall be paid for at the same rate per pound as the structural work provided for in the contract under Specification B."

Par. 7 of the contract is as follows: "The Department of Public Parks reserves the right of suspending the whole or any part of the work herein contracted to be done, or abandoning any portion of it, if it shall deem it for the interest of the City of New York so to do, without compen-

sation to the contractor for such suspension, other than extending the time for completing the work as much as it may have been in the opinion of the said Commissioners delayed by such suspension."

This paragraph appears to give full power to the Department to "abandon any portion of the work," which it does by the resolution adopted, "except as to the rail box and fascia plate," the price for which it fixes at the same rate at which similar work is done under the main contract, viz.: 4.36 cents per pound of iron or steel.

All of this is done with the full consent of the contractor, and it all seems to be regular except the fixing of the price for "rail box," etc., and in that there is no loss to the city, the price being that for similar work in the main contract on the Jerome avenue approach.

Respectfully,

EUGENE E. MCLEAN, Engineer.

Debate was had thereon, whereupon the Counsel to the Corporation offered the following:

Whereas, The Board of Parks adopted a resolution on March 30, 1894, approving the plan, specifications and form of contract for railing and lamp-posts with lamps for the Jerome and the Sedgwick and Ogden avenues approaches to the New Macomb's Dam Bridge over the Harlem river, as submitted by Engineer Boller, and directed the same to be forwarded to the Board of Estimate and Apportionment for approval, and requesting that funds be made available for this work to the amount of twenty thousand three hundred and thirty-seven dollars (\$20,337), under the authority of the following acts and in the manner following:

Under chapter 207, Laws 1890, as amended by chapter 13, Laws 1892.....	\$16,837 00
Under chapter 319, Laws 1893.....	3,500 00
	<hr/> \$20,337 00

And Whereas, The Board of Parks adopted a resolution on May 2, 1894, omitting a section of railing from Pier III. to Pier VI. in the contract heretofore entered into by the City with the Passaic Rolling Mills, and relieving the contractors of constructing the same, except as to the rail-box and fascia plate, which shall be paid for at the same rate per pound as the structural work provided for in said contract under Specification B:

Resolved, That the Board of Estimate and Apportionment does hereby approve of and concur with said resolutions of the Board of Parks; and

Resolved, That the Comptroller be and hereby is authorized to prepare and issue bonds of the Mayor, Aldermen and Commonalty of the City of New York, to be known as "Consolidated Stock of the City of New York," as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of twenty thousand three hundred and thirty-seven dollars (\$20,337), of which three thousand five hundred dollars (\$3,500) shall be issued under the authority of chapter 319 of the Laws of 1893, and sixteen thousand eight hundred and thirty-seven dollars (\$16,837) shall be issued under the authority of chapter 207 of the Laws of 1890, as amended by chapter 13 of the Laws of 1892, bearing interest at a rate not exceeding three and one-half per cent per annum, and redeemable from time to time, but not less than twenty years from the date thereof, as the Comptroller may determine, for the purpose of defraying the expense of the contract for railings and lamp-posts with lamps for the Jerome and the Sedgwick and Ogden avenues approaches to the new Macomb's Dam Bridge, as specified in the resolution of the Board of Parks relating thereto, adopted March 30, 1894; provided, however, that nothing herein contained shall authorize the expenditure of the issue of bonds to an amount greater than one hundred and twenty thousand dollars in the aggregate for all the work to be done and materials to be delivered in the completion of said Sedgwick and Ogden avenues approach as authorized by chapter 319 of the Laws of 1893.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessments and Counsel to the Corporation—4.

The Comptroller offered the following:

Resolved, That in pursuance of the provisions of chapter 11, Laws 1894, the Department of Public Parks be and is hereby authorized to expend the following amounts on the parks, parkways and drives hereby designated, as follows:

Central Park—Completing the work of constructing a walk entrance to Central Park at Fifth avenue and Eighty-fifth street, in addition to the amount heretofore appropriated for said purpose.....	\$5,000 00
Cathedral Parkway—Completing the rock and earth excavation in the improvement of Cathedral Parkway, from Seventh avenue to Riverside Drive, in addition to the act heretofore approved for said purpose.....	10,000 00
Manhattan Square—For constructing a stone substructure, surfaced with asphalt or pavement of Portland cement for a width of ten feet, on the walks adjoining Manhattan Square along the northerly side of Seventy-seventh street and the southerly side of Eighty-first street, between Central Park, West, and Columbus avenue.....	6,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Department of Taxes and Assessment and Counsel to the Corporation—4.

The following communication was received:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET,
May 21, 1894.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—I have the honor to inform you of the adoption of the following preambles and resolution at a meeting of the Board of Parks held on 16th instant:

Whereas, It is proposed to repave Fifth avenue, from Ninetieth to One Hundred and Tenth street, and funds have been provided therefor by the Board of Estimate and Apportionment; and

Whereas, The Department is advised by the Commissioner of Public Works that the construction of a sewer in said avenue, between Ninety-first and One Hundred and Seventh streets, is about to be commenced, and that one year's time will be required to complete the same; therefore

Resolved, That, in view of the impracticability of proceeding with the work of repaving while the construction of the sewer is in progress, the Board of Estimate and Apportionment be respectfully requested to rescind its action of April 17, 1894, appropriating the sum of eighty thousand dollars, under chapter 11 of the Laws of 1894, for repaving Fifth avenue as aforesaid.

Yours, very respectfully,

GEORGE C. CLAUSEN, President, D. P. P.

Laid over.

The following communications were received from the Board of Education, and referred to the Comptroller for examination and report:

OFFICE OF THE BOARD OF EDUCATION,
CORNER OF GRAND AND ELM STREETS,
NEW YORK, May 17, 1894.

(In Board of Education, May 16, 1894.)

Commissioner Harris presented a report from the Committee on Sites and New Schools, to whom was referred the application from the Trustees of the Twenty-third Ward for the purchase of a site for school purposes of the two lots of land and premises on the westerly side of Ogden avenue, adjoining the southerly side of the site of Grammar School No. 91, in said Ward, stating that they have carefully considered the same, and are of the opinion that said lots are necessary for the proper enlargement of the present school, on account of the growth of the school population in the above neighborhood.

The owner of the lots and premises has consented to sell the same for the sum of \$2,500 for each lot, and the Committee are of the opinion that it would be advisable to purchase the property at that price. The City Superintendent of Schools has reported to the Committee in relation to this site as follows:

"In relation to the application of the Board of Trustees of the Twenty-third Ward for the purchase of two lots on the westerly side of Ogden avenue and adjoining Grammar School No. 91, I would say that at the present time all the regular class-rooms are occupied and for the additional accommodation of new applicants it became necessary to fit up a class-room on the playground floor. The present site is so limited in size that no addition to the present building can be erected upon it. To provide for new applicants it will be necessary to purchase the property asked for. I would respectfully recommend, therefore, that the application be granted."

The Committee submit for adoption the following resolution:

Resolved, That the sum of five thousand dollars (\$5,000) be and the same is hereby appropriated from the proceeds of bonds to be issued by the Comptroller, with the approval of a majority of the Board of Estimate and Apportionment, pursuant to chapter 282 of the Laws of 1893, application for the issue of which is hereby made, for the purchase of a site for school purposes of the two lots of land and premises situate on the westerly side of Ogden avenue, adjoining the southerly side of the site of Grammar School No. 91, in the Twenty-third Ward of the City of New York, described as follows: Beginning at a point formed by the intersection of westerly line of Ogden avenue and the southerly line of the present site of Grammar School No. 91 and about one thousand and sixty feet northerly from the northwest corner of Ogden avenue and Union street, running thence westerly along and parallel to southerly line of present site of Grammar School No. 91 about one hundred feet; thence southerly parallel with Ogden avenue about fifty feet; thence easterly about one hundred feet and parallel with southerly line of the present site of Grammar School No. 91 to the westerly side of Ogden avenue; thence northerly along said line about fifty feet to the point or place

of beginning; said sum to be paid by said Comptroller out of the proceeds of said bonds when issued, requisition therefor being hereby made, for the said lots of land and premises, upon the presentation to him of the deed or deeds therefor, together with certificate of the Counsel to the Corporation that the title thereto is satisfactory and free from all incumbrances and is vested in the Mayor, Aldermen and Commonalty of the City of New York.

To the Board of Education:

The Finance Committee, to which was referred the communication from the Trustees of the Eleventh Ward, awarding contract for erecting an addition to Grammar School Building No. 88, respectfully reports, that in response to the usual duly authorized advertisement the following bids were received:

William Klein	\$55,989 00
Wood & Tolmie	40,750 00
Erskine & McGregor	52,500 00
Mahony Bros	53,900 00
John H. Deeves*	46,587 00
James Hamilton	47,700 00
P. Gallagher	52,915 00
P. & J. Schaeffer	50,400 00
Alfred Nugent	50,290 00
A. W. Burritt Company*	45,700 00
Thomas Cockerill & Son	47,777 00

*Informal.

The Trustees rejected the proposal of the lowest bidders, A. W. Burritt Company, at \$45,700, on the ground of non-residence and for informality in bidding, the certified check accompanying their proposal not covering three per cent. of the amount thereof, as required by the regulations of this Board, and their proposal was not signed by sureties.

The Trustees rejected the proposal of the second lowest bidder, John H. Deeves, at \$46,587, on the ground of informality, the certified check accompanying said proposal not covering three per cent. of the amount thereof, as required by the regulations of this Board.

The Trustees awarded the contract to the third lowest bidders, Wood & Tolmie, at \$46,750, the Superintendent of School Buildings reporting that the bid is reasonable and the contractors satisfactory. The Superintendent further reports that "he does not recommend readvertising, as the time for doing the work should be from June 1 to September 10, otherwise the school would be greatly disturbed in the fall, if not opened in time. If it was decided to readvertise there would be no chance of the work being started before July 1."

Under the circumstances the Committee deems it advisable to concur in the award of the Trustees, and submits for consideration the following resolution:

Resolved, That the sum of forty-six thousand seven hundred and fifty dollars (\$46,750) be and the same is hereby appropriated from the proceeds of bonds to be issued by the Comptroller, with the approval of a majority of the Board of Estimate and Apportionment, pursuant to chapter 282 of the Laws of 1893, said sum to be applied in payment of the contract to be entered into by the School Trustees of the Eleventh Ward with Wood & Tolmie, for erecting an addition to Grammar School Building No. 88, requisition for which sum is hereby made upon the Comptroller; but no part of said appropriation authorized by this resolution to be paid until the School Trustees of the Eleventh Ward shall have filed the contract to be entered into by them with the contractors named, to whom the award is made, said contract to be in such form and with such security for the faithful performance of the same as shall be satisfactory to the Finance Committee, the rules of this Board in regard thereto and as to the payments to be made on account thereof to be complied with.

ING DAYS, and the damages for non-completion within the specified time are fixed at TEN DOLLARS PER DAY.

The amount of security required is TWELVE HUNDRED DOLLARS.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded, in each case, will be awarded to the lowest bidder.

Blank forms for proposal and forms of the several contracts which the successful bidders will be required to execute, can be had, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 49 and 51 Chambers street.

392 feet, B. M., yellow pine timber.
The Portland cement for the above-mentioned concrete will be furnished and delivered to the contractor by the Department of Docks, free of charge.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work to be done under the contract is to be fully completed within sixty days from the date of the execution of the contract; and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material specified to be removed under this contract by the contractor will be relinquished to the contractor, and bidders must estimate the value of such material when considering the price for which they will do the work under the contract.

All the surplus material excavated is to be removed by the contractor.
Where the City of New York owns the wharf, pier or bulkhead, and the same is not leased, at which materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of neglect or refusal to do so, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled on its completion and that which said Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of

the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with two thousand four hundred tons of best quality of Lehigh Coal will be received at the Central Office of the Department of Police in the City of New York, until twelve o'clock M. of Tuesday, the 27th day of May, 1894.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Coal," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars as to the quality, kind and quantity of each size of Coal required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

The attention of bidders is called to the following provision of the contract:

"And it is hereby expressly agreed by and between the parties to this contract that the said parties of the second part may, and they are hereby authorized to increase or diminish the amounts of coal required to be furnished herein, by an amount not to exceed ten per cent., without compensation to the said party of the first part, other than the prices per ton herein agreed upon to be paid for the amount actually furnished under this agreement."

Bidders will state a price per ton of two thousand pounds for the coal to be delivered. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interest.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of coal is to be delivered within thirty days from the date of the execution and delivery of the contract.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of FIVE THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who

has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned, at his office in the Central Department.

By order of the Board. WILLIAM H. KIPP, Chief Clerk.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of nine hundred (900) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of forty-five (45) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder

shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

TERMS AND CONDITIONS OF SALE.

The highest bidder for the lease of the franchise and wharf property of said ferry will be required to pay the auctioneer's fee and to deposit with the Comptroller at the time of the sale a sum equal to twenty-five per cent. of the amount of his bid therefor, which sum shall be credited on the rent of the first quarter of the first year of the term of the lease, or to be forfeited to the City if the lease shall not be executed by the highest bidder or purchaser when notified and required by the Comptroller.

In addition to the yearly rental to be paid for the ferry franchise, the purchaser and lessee of said franchise may have the use for ferry purposes of that portion of the landing and buildings at the foot of Whitehall street, which are now and were heretofore occupied and used in connection with the operation of the Bay Ridge ferry, and of the privileges heretofore exercised in operating said ferry, by the payment of eight thousand (\$8,000) dollars per annum, payable quarterly, during the term of the new lease beginning June 1, 1894, to the lessee of franchise of the ferry to and from Staten Island.

The boats of said ferry shall make half hourly trips each way during the regular summer season, and trips during the rest of the year as may be directed by the Mayor and Comptroller of the City of New York.

The lessee of the ferry will also be required to give a bond in double the amount of the yearly rental with two sufficient sureties approved by the Comptroller, and conditioned for the faithful performance of the terms and conditions of the lease, which will be such as are required by law, and the ordinances of the Common Council relating to ferries, and usually contained in ferry leases, which conditions shall be approved by the Counsel to the Corporation.

The lease will contain a covenant providing for the purchase, by any person or corporation other than the purchaser at the present sale, that may acquire said ferry franchise after the expiration of said term, at a fair appraised valuation of the boats, buildings and other property of the former lessee, actually necessary for the purpose of said ferry or franchise and the surrender and yielding up of the premises by the lessee, if the lessee shall not become the purchaser of the franchise for another term, which appraisal shall be made in the usual way before advertising a lease for a new term of the franchise, at least three months prior to the termination of the lease; provided that the Mayor, Aldermen and Commonality of the City of New York shall not in any event be deemed to covenant to purchase said property.

The rates of ferriage and charges for vehicles and freight shall not exceed the rates now charged.

The form of lease which the purchaser will be required to execute can be seen at the office of the Comptroller.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in

said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 5 and 6, No. 31 Chambers Street.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works
