Fire Department.

Summary of Report for the Year and Quarter Ending December 31, 1909.

Headquarters, Fire Department, City of New York, 157 and 159 E. 6th st., Borough of Manhattan, March 15, 1910.

Hon. WILLIAM J. GAYNOR, Mayor.

City of New York, City Hall, N. Y.:

Sir—In compliance with the requirements of section 1544 of the amended Greater New York Charter, I have the honor to transmit herewith the annual report of the Fire Department for the year 1909, which includes that of the last quarter of said year.

Uniformed Force.

On December 31, 1909, the uniformed force numbered 4,350 officers and men, an increase during the year of 106. There were in service on that date 172 engine companies, 73 hook and ladder companies and 8 hose wagons, a total of 253; also 4 water towers and 3 searchlight engines. On October 15, 1909, Hose Company No. 7, of the paid system, Jamaica, Borough of Queens, was disbanded and replaced by Engine Co. 175.

During the year 1909 there were 230 appointments in the uniformed force, 13 resignations, 18 dismissals, 17 reinstatements, 53 retirements on application, 31 for disability, 26 deaths of officers and men on the active list and 25 on the retired list.

The number of alarms responded to was 14,800, an increase of 507 over the total for 1908.

High Pressure Service.

The success of the high pressure system of fire extinguishment has continued

to justify the wisdom of its adoption. The system covers important business sections in the Boroughs of Manhattan and Brooklyn, and during the year 1909 was further extended at Coney Island.

Fireboats.

The fireboat fleet successfully protects the 153 miles of the City's water-front. There are ten of these boats, namely, "The New Yorker," "James Duane" and "Thomas Willett," berthed on the North River shore of Manhattan; the "William L. Strong" and "George B. McClellan" on the East River shore; the "Abram S. Hewitt," "David A. Boddy" and "Seth Low," on the Brooklyn shore of that river; the "Cornelius W. Lawrence" on the Harlem River, and the "Zophar Mills" at St. George, Staten Island.

Apparatus, Hose and Equipment.

During the year 1909 there were received for use in the Borough of Manhattan one first size steam fire engine, two 65-foot and one 75-foot aerial hook and ladder trucks, eight first size hose wagons, three high-pressure service wagons and ten chief officers' wagons. There were received for the Borough of The Bronx two third size steam fire engines and two 65-foot aerial hook and ladder trucks, also one automobile roadster for the official use of the Deputy Chief of Department, assigned to that Borough. Four third size steam fire engines and ten chief officers' wagons were acquired for use in the Borough of Brooklyn. During the year 1908 the only apparatus procured were three high-pressure hose wagons for use in the Borough of Manhattan. During the year 1909, 71,960 feet of hose were purchased for use in the Boroughs of Manhattan and Brooklyn, as against 224,200 feet during the preceding year. A considerable amount of repair work was made at the Repair Shops, Manhattan and Brooklyn.

Fires and Their Investigation.

In the Boroughs of Manhattan, The Bronx and Richmond the total number of fires was 8,132; estimated loss, \$5,388,390; average loss per fire, \$662.61. There was a decrease, as compared with 1908, of 510 fires; \$809,503 in the amount of total loss, and of \$54.57 in the average loss per fire. There were 44 arrests in these Boroughs for arson and suspected incendiaryism, and 8 pending from 1908, a total of 52. There were 7 convictions and 1 committal to an insane asylum. Of the remaining 44 cases, 22 of those arrested were discharged by magistrates, 9 acquitted by juries, one was discharged by the Court of Special Sessions, and the indictments against two prisoners were dismissed by the Court of General Sessions, leaving 10 cases pending at the close of the year. During the year 1908 the number of convictions was 39 and of acquittals 55.

In the Boroughs of Brooklyn and Queens the number of fires for 1909 was 4,309, as against 4,397 for 1908, a decrease of 90, with a total estimated loss of \$2,043,245, as against \$3,063,185 for 1908, a decrease of \$1,019,940. The average loss per fire was \$474.18, as against \$696.65 for 1908, a decrease of \$222.47. There were 44 arrests in these Boroughs for arson or suspected incendiaryism, which, with one pending from 1907 and 10 from 1908, made a total of 55 to be disposed of. There were 15 convictions and three committals to insane asylums. Of the remaining 37 cases, 7 were discharged by magistrates; in four cases the Grand Jury failed to indict, and in another the indictment was dismissed, and 25 indictments have been had and the cases now await trial. The large number of indictments awaiting trial is due to the crowded condition of the calendar of the County Court, there being but two judges for the trial of civil and criminal actions in said Court. In 1908 the number of arrests was 65, of which 28 resulted in convictions.

Fire Prevention.

During the year 1909 there were 2,483 inspections by the Bureau of Violations and Auxiliary Fire Appliances of office buildings, as against 2,053 for 1908. There were also 753 inspections at the request of the Police Department, and of the Bureau of Licenses, Mayor's office, in matter of applications for concert and common show licenses in the Boroughs of Manhattan, The Bronx and Richmond, as against 533 for 1908. In the Boroughs of Brooklyn and Queens 863 inspections of office buildings were made, as against 608 for 1908, and 648 inspections of concert and common show premises, as against 390 for 1908. The theatres in the several boroughs were regularly inspected during the year as to compliance with the fire laws. One hundred and forty-six plans for fire protection work for buildings, such as standpipes (fire lines), sprinkler work and perforated pipes, were examined and approved, as against 145 for 1908. Notices served during 1909 resulted in the installation of fire appliances in 459 buildings, as against 335 for 1908, an increase of 124.

Combustibles and Explosives.

The receipts for licenses, permits and penalties for 1909, Bureau of Combustibles, Boroughs of Manhattan, The Bronx and Richmond, amounted to \$52,745.50. This was an increase of \$2,735 over the amount for the preceding year. In the Boroughs of Brooklyn and Queens the receipts were \$52,049.50, as against \$51,294 for 1908, an increase of \$755.50. Thirty thousand and twelve inspections, as against 28,967 for 1908, were made of premises to determine their fitness for the storage, sale and use of combustibles, an increase of 1,045. Included in the number were 7,453 complaints of violations of the combustible laws. Nearly half of these related to conditions in tenement houses. This was an increase of 985 over the number for 1908 which was 6,468. There were 885 inspections, as against 673 for 1908, of theatres with a view to regulating the storage of old scenery and other combustible material on the stage and in the flies or beneath the stage and auditorium. This was an increase of 212. Careful supervision was exercised over places where high explosives were stored and where blasting operations were conducted, of which latter an average of 150 jobs, large and small, was in progress daily.

Fire Alarm Telegraph.

The underground system at the close of 1909 consisted in the Borough of Manhattan of 1,203.24 miles of conductor laid in 138.75 miles of subway duct. During the year 62,845 feet of cable were pulled in, of which 35,768 were for alterations and repairs and 27,077 for extending the system. Wire to the amount of 29,750 feet was strung for alterations and repairs and 119,010 feet taken down. Sixteen thousand two hundred and twenty-six feet of aerial cable was strung, 9,666 for alterations and repairs and 6,560 feet for extending the system.

In the Borough of The Bronx 173,666 feet of wire were strung for alterations and repairs to the system and 227,990 feet of wire taken down. Five thousand four hundred and sixty feet of aerial cable was strung for alterations and repairs.

In the Borough of Brooklyn the fire alarm system consisted of 1,090 1/2 miles of aerial conductor. Two hundred and eighty-nine thousand and three feet of wire were used for repairs and 60,720 for extending the system. There were removed 11,880 feet of wire.

In the Borough of Queens 39,040 feet of wire were used for repairs.

In the Borough of Richmond 36,180 feet of wire were strung, as also 810 feet of aerial cable.

In the Borough of Manhattan much progress was made in placing underground the remaining portion of the overhead fire alarm system. There is need, among other things, of funds for the removal of the cables strung on the structures of the elevated railroads and the placing underground in the existing subways of the overhead wires in the lower part of the Borough of The Bronx, and for a central building for the telegraph system in said Borough. In 1905 my predecessor in office called attention to the need of a new fire alarm telegraph system in the Borough of Manhattan. The matter was thereupon investigated by the New York Board of Fire Underwriters, as subsequently by the National Board of Fire Underwriters, both in co-operation with this department. The Board of Estimate and Apportionment in 1906 authorized a bond issue appropriation of \$25,000 for the preparation of preliminary plans, specifications and estimates. The Engineers employed, Messrs. J. J. Carty and Kempster B. Miller, submitted their report, and their plans and estimate of cost were transmitted by the Fire Commissioner to the Board of Estimate and Apportionment on September 25, 1907, for the technical opinion of its Chief Engineer. The estimate called for an expenditure of \$2,680,000. The Chief Engineer approved the plans and estimate, but thought that certain additional subways required should be built at the expense of the Empire City Subway Company, Ltd., under the existing contract between it and the City. The Fire Commissioner inquired of the Corporation Counsel on December 8, 1908, whether it were practicable for an arrangement to this end to be made, but the head of the Law Department replied on April 28, 1909, that the company refused to assent and that he did not see how it could be compelled to do so under the then status of a litigation pending between the parties. On May 3, 1909, application was made by this department to the Board of Estimate and Apportionment for an appropriation of \$2,000,000 for the building of the new system, should it ultimately be decided that the additional subways should be built by the company, or of \$2,680,000, if required to be built by the City. The Board of Estimate and Apportionment on May 28, 1909, authorized a bond issue not to exceed \$100,000

"to provide means for the preparation of detailed plans and specifications for a new fire alarm system in the Borough of Manhattan, said plans to include the location and character of the ducts required, such subways as the City must build for itself, the type and character and detailed nature of the intended equipment, together with plans of such central and subordinate stations as might be required." The resolution was concurred in by the Board of Aldermen on June 8, 1909, and approved by the Mayor on June 21, 1909. This was the condition of the matter as it existed Dec. 31, 1909.

Buildings.

During the year contracts were awarded for new building for a hook and ladder company, Manhattan, one for an engine and hook and ladder company, The Bronx, one for a dock house at St. George, Borough of Richmond, and one for an engine and hook and ladder company, Brooklyn. Contracts were also awarded for completion of Annex and alterations to Department Headquarters, and for additions and alterations to Eldridge Street Storehouse, to Repair Shops and to seven apparatus houses in the Borough of Manhattan; to five in The Bronx, two in Richmond and three in Brooklyn. Work in progress on January 1, 1909, was completed as follows: Two new dock houses for fireboats, Manhattan, and one apparatus house each in the Boroughs of Manhattan, The Bronx, Brooklyn and Queens, also for additions and alterations to five apparatus houses and one fuel depot, Manhattan, one in The Bronx; to five in Brooklyn and to twelve in Queens.

Sanitary Statistics.

The report of the Board of Medical Officers shows that the number of cases of illness during 1909 in the Boroughs of Manhattan, The Bronx and Richmond was 1,072, and the time lost thereby 10,434 days. These figures show a decrease of 255 cases and 5,929 days, respectively. In the Boroughs of Brooklyn and Queens these totals were 494 and 6,007, respectively, showing decrease of 84 cases of illness and 3,563 days lost thereby. In the Boroughs of Manhattan, The Bronx and Richmond the number of deaths in the unformed force was 12, a decrease of 4 as compared with the preceding year, and in the Boroughs of Brooklyn and Queens 15, an increase of 8. Two of the deaths in the Boroughs of Brooklyn and Queens were due to injuries received at fires and one to falling or jumping from the roof of a building.

During 1909, there were 236 examinations of applicants for appointment in the unformed force, a decrease of 7, as compared with 1908, the rejections being 21 in each year. The number of members of the unformed force examined to determine their fitness to continue in the service was 52, an increase of 7 over the number for 1908.

In the Boroughs of Manhattan, The Bronx and Richmond there were 30 retirements after 20 years or longer service and 12 for disability. For the year 1908, these were 19 and 23, respectively. In the Boroughs of Brooklyn and Queens there were 23 retirements after 20 years or longer service and 19 for disability, as against 10 and 8 for the year 1908.

Horses.

On December 31, 1909, in the Boroughs of Manhattan, The Bronx and Richmond there were 840 horses in the service, as against 828 at the end of the preceding year, and in Brooklyn and Queens 709, as against 697, an increase of 12 in each instance.

Volunteer System.

The Volunteer System in the Borough of Richmond consists of 13 companies, with a membership of 338, and in the Borough of Queens of 41, with a membership of 1,700. There was no further extension of the paid system into volunteer territory during the year 1909. Since consolidation in 1898, 44 volunteer companies have been disbanded in Richmond and 35 in Queens. These companies have been superseded respectively by 14 and 23 companies of the paid system.

Contracts and Proposals Executed.

The contracts and proposals executed by the Fire Commissioner during the year 1909, payable from appropriation and bond issue accounts, amounted in the Boroughs of Manhattan, The Bronx and Richmond to \$752,650.95, and in the Boroughs of Brooklyn and Queens to \$473,915.83, a total of \$1,226,566.78, a decrease of \$73,003.92. The figures for 1908 were \$797,827.59 and \$501,743.11, respectively, a total of \$1,299,570.70.

New York Fire Department Relief and Life Insurance Funds.

The receipts of the New York Fire Department Relief Fund during the year were \$736,993.05, which added to \$851,124.12, the amount on hand December 31, 1908, made the total resources \$1,588,117.17. The disbursements for pensions and allowances to widows and orphans was \$736,773.57, leaving on hand Decem-

ber 31, 1909, \$851,343.60. The number of retired officers and men was 667; of relieved men 54, and of widows and orphans 624.

The New York Fire Department Life Insurance Fund amounted on December 31, 1908, to \$16,942.73. There was received during 1909 by way of assessments upon beneficiaries of the fund and interest the sum of \$68,200.78, a total of \$85,143.51. There was disbursed during the year for death benefits the sum of \$57,001, leaving a balance on hand at the end of the year of \$28,142.51. Respectfully,

R. WALDO, Fire Commissioner.

PROPOSED FORM OF CONTRACT.

This contract, made this day of 19 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Merchants' Refrigerating Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain conduits with the necessary branches and extensions therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, provided that no conduit be of a greater outside diameter than twelve (12) inches, including insulation or other covering; the same to be constructed and operated only beneath the surface of such of the streets, avenues and highways situate within the Borough of Manhattan, City of New York, as are included within the districts bounded and described as follows:

District Number 1.

Bounded on the north by the centre line of Beach street; on the west by the centre line of Hudson street; on the south by the centre line of Franklin street, and on the east by the centre line of Varick street.

District Number 2.

Bounded on the north by the centre line of Harrison street, between Greenwich and Washington streets; on the west by an irregular line formed by the centre lines of Washington street and Jay street, the westerly line of West street and the centre lines of Duane street, Washington street, Warren street and Greenwich street; on the south by the centre line of Murray street, between Greenwich street and West Broadway, and on the east by an irregular line formed by the centre line of West Broadway, the centre line of Hudson street, the centre line of Duane street, prolonged in a straight line to the centre line of Hudson street, and the centre line of Greenwich street.

Provided, however, that upon written application to the Board by the Company, the Board may, by resolution, extend the lines of either of the districts hereinabove described to all or any part of a district bounded and described as follows:

District Number 3.

Bounded on the north by the centre line of Hubert street; on the west by the westerly line of West street; on the south by the centre line of Murray street; on the east by an irregular line formed by the centre lines of West Broadway, Franklin street, Varick street, Beach street and Hudson street.

Should either of the districts known as District Number 1 and District Number 2 be extended as hereinbefore provided, then the terms and conditions of this contract shall apply to such extended districts.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation as such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by

the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of two thousand dollars (\$2,000) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years, an annual sum which shall in no case be less than eight hundred dollars (\$800), and which shall be equal to two (2) per cent. of its gross annual receipts, if such percentage shall exceed the sum of eight hundred dollars (\$800).

During the second term of five years, an annual sum which shall in no case be less than twelve hundred dollars (\$1,200), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twelve hundred dollars (\$1,200).

During the third term of five years, an annual sum which shall in no case be less than fifteen hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of fifteen hundred dollars (\$1,500).

The gross receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) An annual payment of twenty-five cents (\$0.25) for each linear foot of conduit constructed within the limits of any street, avenue or highway, excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and December 31 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

(d) Before any rights hereby conferred are exercised by the Company and within one (1) month from the date on which this contract is signed by the Mayor, the Company shall pay to the City the sum of two thousand five hundred dollars (\$2,500); said amount being due the City by reason of the unauthorized occupation of the streets by the Company or its predecessors.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, or within the districts hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits and appurtenances of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances and the mode of protection of all subsurface construction under the streets and

avenues in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates:

(a) Consumers making monthly contracts: Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet;

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet;

The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1911, showing the exact location of all conduit lines and manholes constructed, with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such conduit. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all conduits laid during the preceding year.

Seventeenth—The conduit lines hereby authorized shall be used only by the Merchants' Refrigerating Company, and for no other purpose than supplying refrigeration.

Eighteenth—The Company shall submit a report to the Board not later than February 1, in each year, for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued; for cash; for property.

and such other information in regard to the business of the Company as may be required by the Board.

Nineteenth—The Company shall at all times keep accurate books of account of the gross earnings from the privileges granted under this contract, and on or before February 1 in each year shall make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending December 31 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report; and may examine its officers under oath.

Twentieth—In case of any violation or breach of failure to comply with any of the provisions herein contained or with any order of the Board acting under the powers herein reserved, the

franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the conduits constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board, in case such conduits or appurtenances which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—The Company shall assume all liability to persons or property by reason of the construction or operation of the conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-third—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of three thousand dollars (\$3,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force in such case and in any of these events, the Company shall pay to the City a penalty of one hundred dollars (\$100) for each violation, which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of three thousand dollars (\$3,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-fourth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—The words "streets or avenues" and "streets and avenues" wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," included in the districts hereinabove described, and under the surface of, or in which authority is hereby given to the Company to construct or maintain its conduits.

Twenty-sixth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor, thereunto duly authorized by the

Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto affixed; and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

PUBLIC NOTICE IS HEREBY GIVEN

that at the meeting of the Board of Estimate and Apportionment held this day, the following proceedings were had:

Whereas, The Staten Island Rapid Transit Railway Company has, under date of June 3, 1910, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate two additional tracks, together with the necessary bridge or viaduct therefor over and across Western avenue in the Third Ward, Borough of Richmond; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on June 10, 1910, fixing the date for public hearing thereon as July 1, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and the "New York Herald" newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Staten Island Rapid Transit Railway Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Staten Island Rapid Transit Railway Company containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Staten Island Rapid Transit Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof embodying all the terms and conditions including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.
This contract, made this day of 19 by and between the City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Staten Island Rapid Transit Railway Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate two (2) additional tracks, together with the necessary bridge or viaduct therefor over and across Western avenue, Third Ward, Borough of Richmond, said tracks to be constructed immediately to the south of the present track of the Company crossing over and above such avenue, all as shown on a map entitled:

"Map Showing Proposed Tracks Over and Across Western Avenue in the Third Ward, Borough of Richmond, City of New York. To Accompany Petition of the Staten Island Rapid Transit Railway Co. To the Board of Estimate and Apportionment."

—signed by Geo. H. Campbell, Vice-President, and Wm. B. Redgrave, Division Engineer, attached to this contract and made a part hereof.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until October 28, 1914, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the

Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined, shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate, hereafter prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred and fifty dollars (\$150) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) From the date on which this contract is signed by the Mayor until October 28, 1914, the annual sum of one hundred and fifty dollars (\$150).

(c) During the succeeding term of ten (10) years the annual sum of two hundred dollars (\$200).

(d) During the last term of ten (10) years the annual sum of three hundred dollars (\$300).

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of the City, acting by the Board, or its successors in authority.

Fifth—Upon the termination of this contract, or if the same be renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the street shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to the Company or any other company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said street shall be restored to its original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence and complete the construction of the tracks and appurtenances herein authorized within three (3) years from the date upon which this contract is signed by the Mayor; otherwise the rights herein granted shall cease and determine.

Seventh—The Company shall pay the entire cost of the construction and maintenance of the tracks and bridge or viaduct herein authorized to

be constructed, and in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction of such tracks, and the bridge or viaduct.

(b) All changes in sewer or other subsurface structures made necessary by the construction of the said tracks and the bridge or viaduct, including the laying or relaying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said street which may be disturbed during the construction of the tracks, and the bridge or viaduct.

(d) The inspection of all work during the construction or removal of the tracks, and the bridge or viaduct, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the construction shall be begun the Company shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. The Company shall perform all the duties which may be imposed upon it by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The Company shall submit to these officials working plans, which shall include and show in detail the method of construction of said railroad tracks and the bridge or viaduct, and the mode of protection or changes in all subsurface structures required by the construction of the same.

Ninth—The bridge or viaduct to be constructed under this contract shall, subject to the approval of the President of the Borough of Richmond, be constructed in a single span from house-line to house-line, and there shall not be any supporting columns erected in the street. Such viaduct or bridge shall have a vertical clearance of not less than sixteen (16) feet above the center of the street, and shall have drip pans placed under the same for the entire width of the street. The said tracks and bridge or viaduct shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of The City of New York who have jurisdiction over such matters under the Charter of the City or by this contract.

Tenth—The Company shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said railroad tracks and appurtenances, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

Eleventh—Free and uninterrupted access to and passage over the street shall be maintained at all times, both during construction and thereafter, and no cars shall be allowed to stand upon said railroad tracks within the limits of said street.

Twelfth—This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights hereby conferred, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500) either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the privileges hereby granted, and the proper construction, maintenance and operation of the structures hereby authorized, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of failure to keep the other terms and conditions of this contract, the Company shall pay a penalty of ten dollars (\$10) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provision. If the Company fails to make an appearance, or after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be annulled at the option of the Board, acting on behalf of the City. No action or proceeding or right under this or any other provision of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Fourteenth—In case of any violation, or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad tracks and other structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fifteenth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Sixteenth—The word "street" wherever used herein, shall be deemed to mean such streets, avenues, highways, driveways, concourses, boulevards or public places across and over which the Company is hereby granted the right to construct its tracks.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. Nothing in this contract contained shall be deemed to limit in any way the police power now vested or hereafter to be delegated or granted to the City by the State of New York.

Sec. 5. The Company promises, covenants and agrees to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
