That no person, being the lessee, manager, conductor, or owner of any theatre, shall cause, or permit, or allow the same, or any part or appurtenance thereof, to be so far overcrowded, or inadequate, faulty, or insufficient, in respect of strength, ingress or egress, cleanliness, ventilation, or in any other particular, as that thereby, or by reason thereof, any avoidable peril shall come or happen to, or be incurred or suffered by any person being properly at or in any such theatre.

Sec. 24. That no keeper, or other officer or person having control or authority in any jail, prison, or other place where any person may be kept or confined, shall needlessly or illegally cause or allow any peril or detriment to the life or health of any such person, by reason of too little or too much heat, or of a want of food, drink, or ventilation, or from the want or neglect of any other reasonable care, protection, or precaution.

Sec. 25. That every person, when cleaning any street, shall clean, and every contractor shall cause to be cleaned, the gutters and parts of the streets along which the water will run, before using any water to wash the same; and no substance that could be before scraped away shall be washed or allowed to be carried or be put into the sewer, or into any receptacle therewith connected.

Sec. 26. That it shall be the duty of every person using, making, or having any drain, soil-pipe, passage, or connection between any sewer (or with either the North or East River) and any ground, building, erection, or place of business, and in like manner the duty of the owner and tenant of all grounds, buildings, and erections, and of the parties interested in such place of business or the business thereat, and in like manner the duty of all boards, departments, officers, and persons (to the extent of the right and authority of each), to cause and require that such drain, soil-pipe, passage, and connection shall at all times be adequate for its purpose, and shall convey and allow freely and entirely to pass whatever enters or should enter the same.

Sec. 27. That it shall be the duty of all boards, departments, officers, and persons having power and authority so to do or require (and to the extent thereof), to cause to be used sufficient water, and other adequate means to be taken, so that whatever substances may enter any sewer shall pass speedily along and from the same, and sufficiently far into some water or proper reservoir, so that no accumulations shall take place, and no exhalations from thence proceed dangerous or prejudicial to life or health.

Sec. 28. That the proper officers and authorities shall, to the extent of their power and ability cause the sewers and drainage of said city to be so well located and constructed, so adequate in size, and to be so kept in repair and cleaned, and so adequately supplied with water, and with such proper arrangements and constructions in every particular, that life and health shall not be needlessly exposed or suffer unnecessary peril or detriment by their neglect, or by reason of the defects or deficiencies of any sewers or drainage, or the want thereof.

FOOD AND DRINK.

Sec. 29. That no meat, fish, birds, or fowl, or vegetables, nor any milk, not being then healthy, fresh, sound, wholesome, and safe for human

food, nor any meat or fish that died by disease or accident, shall be brought within said city, or offered or held for sale in any public or private market, as such food, anywhere in said city.
