GAS COMMISSION.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,
NEW YORK, March 24, 1879.

PROPOSALS FOR LIGHTING THE PUBLIC LAMPS.

PROPOSALS FOR FURNISHING THE GAS OR other illuminating material for, and Lighting, Extinguishing, Cleaning, Repairing, and Maintaining the Public Lamps (and supplying Gas, etc., for New Lamps when required) on the Streets, Avenues, Piers, and Places in the City of New York, under the care and charge of the Department of Public Works, excepting the Twenty-third Ward, and that portion of the Twenty-fourth Ward formerly known as the town of West Farms, for the period of one year, commencing May 1, 1879, and ending April 30, 1880, both days inclusive.

Proposals for the above, made in accordance with section 73, chapter 335, Laws of 1873, and chapter 125 of Laws of 1878, and Revised Ordinances of 1879, chapter 8, article 2, and inclosed in a sealed envelope, indorsed "Proposals for furnishing the Illuminating Material for, and Lighting and Extinguishing, Cleaning, Repairing and Maintaining the Public Lamps," with the name of the party making the same written thereon, will be received at the office of the Commissioner of Public Works until 12 o'clock M. of Monday, April 1, 1879, at which place and hour they will be publicly opened by said Commissioner and read.

Bidders are required to state in their proposals their names and places of residence; the names of all persons interested with them; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any estimate for the same supplies and work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or proposal, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by section 27,

article 2, chapter 8, of Revised Ordinances of 1859, organizing the Municipal Government of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the sureties offered to be determined by the Comptroller.

Bidders are required to state in their proposals the several streets or parts of streets in which they propose to perform the requirements herein contained, and also the illuminating or candle power of the gas they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture; and bidders proposing to furnish any illuminating material other than illuminating or coal gas, must state distinctly what kind of material they propose to furnish, and the illuminating power of the burner they propose to use for the same.

Bidders are also required to state the price for which they will furnish the gas (of not less than sixteen candle power by photometrical test, at a distance of not less than one mile from the place of manufacture) or other illuminating material for each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing, and painting lamp-posts and lanterns, and replacing the cocks, tubes, burners, crossheads, lamp-irons, and lanterns thereto, for the period from May 1, 1879, to April 30, 1880, both days inclusive; stating the price for the above named period of one year for each lamp.

Bidders are also required to state a price for which they will repair lamp-posts, including straightening and re-leading, and for each new lamp fitted up, as follows:

For each lamp-post straightened, stating the price per post.

For each column relabeled, stating the price per post.

For each lamp-post removed, stating the price per post.

For each lamp-post reset, stating the price per post.

For each new lamp fitted up, stating the price per post.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

The number of lamps to be contracted for is about fifteen thousand.

The burners for illuminating gas are to be of a capacity to burn three cubic feet of gas per hour under a pressure of one inch, and in case the illuminating material shall be other than illuminating gas, then the burners to be used for such illuminating material shall give a light (by photometrical test) equal to the light given by the gas-burners in use in the public lamps in the City of New York.

Should any alteration or any attachment be required to any portion of the lamps for which proposals are made, in consequence of the use of illuminating material other than gas, then such alterations shall be done, and such attachment placed on the lamps without expense to the city.

The number of hours the lamps are to be kept burning during the contract is four thousand hours.

The amount of security required is \$50,000 on all contracts, which will amount to \$100,000, and on smaller contracts the security shall be sixty per cent. of the total amount of the bid.

The award of the contract will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom the contract is so awarded neglect or refuse to accept to contract within forty-eight hours after written notice that the same has been awarded to his bid or proposal, or if he accept but does not execute the contract and give the proper security, it may be re-advertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Mayor, Comptroller, and Commissioner of Public Works.

The right is reserved to assign and designate to any bidder, whose bid shall be accepted, the number and location of the lamps to be lighted by such bidder, in any portion of the city for which proposals are received, and to increase or diminish such number.

The right is reserved to determine and designate, after the proposals are opened, what illuminating material shall be used in the public lamps; or any number of them, during the period before mentioned; also to decline any or all proposals if deemed for the interests of the Corporation; and no proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

If the proposal of any bidder proposing to furnish illuminating gas shall include any lamps with which the pipes or mains of such bidder are not connected at the time of the making of the bid, and a contract for furnishing the gas for and lighting, extinguishing, cleaning, repairing, and maintaining any such lamps, shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract, and such further time, not exceeding thirty days, as may be deemed reasonable by the Commissioner of Public Works, shall be allowed to such bidder in which to connect such pipes or mains with such lamps.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been connected with the mains of such bidder, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

Blank forms of proposals can be obtained on application at the office of the Commissioner of Public Works.

EDWARD COOPER, Mayor.
JOHN KELLY, Comptroller.
ALLAN CAMPBELL, Commissioner of Public Works.
