PETITIONS AND COMMUNICATIONS.

No. 2367.

Syracuse State Institution for Feeble-Minded Children.
Syracuse, N. Y., August 23, 1907.

To the Board of Supervisors of the County of New York:

By the existing provisions of law, the Supervisors of any county from which State pupils are admitted into the Syracuse State Institution for Feeble-Minded Children, are required to raise the sum of thirty dollars (\$30) a year in advance for each pupil so admitted. See chapter 546 of the Laws of the State of New York for 1896.

As the managers of the institution have no disposition to charge the counties for clothing State pupils anything more than the actual cost of the clothing furnished, they have decided to reduce the charge to twenty dollars (\$20) for each pupil. They are enabled to do this only by purchasing the supplies at wholesale and by making a portion

of the garments with the labor of the inmates. The following pupils have been received into the institution from your county upon the proper legal certificates as required by the law relating to the admission of pupils:

Syracuse State Institution for Feeble-Minded Children.
Syracuse, N. Y., August 23, 1907.

To the Board of Supervisors of the County of Richmond:

By the existing provisions of law, the Supervisors of any county from which State pupils are admitted into the Syracuse State Institution for Feeble-Minded Children, are required to raise the sum of thirty dollars (\$30) a year in advance for each pupil so admitted. See chapter 546 of the Laws of the State of New York for 1896.

No. 2368.

United Civic Associations of the Borough of Queens,
Long Island City, August 17, 1907.

The Honorable Board of Aldermen, City Hall, New York City:

Dear Sirs—I beg to submit herewith copy of resolution approved by the United Civic Associations of the Borough of Queens at a regular meeting held August 10.

Kindly advise if we may expect your co-operation in an effort to secure a more abundant water supply for the citizens of Queens, particularly those who are living in the Ridgewood section who are suffering on account of an insufficient supply and low pressure.

Yours very truly,

JOHN L. STREEVER, Secretary.

"Resolved, That the City should promptly extend its system of driven wells to the utmost extent warranted by the water productive capacity of all the water-bearing localities in the borough where the City now has pumping stations."

Which was referred to the Committee on Water Supply, Gas and Electricity.

Adolph J. Kohn, Counsellor at Law,
No. 198 Broadway,
New York, September 6, 1907.

To the Board of Aldermen of The City of New York:

Gentlemen—I herewith tender my resignation as a Commissioner of Deeds of The City of New York.

Trusting you will act upon the same without further delay, I am yours, etc.,

ADOLPH J. KOHN.

Which resignation was accepted.

No. 2370.

Fulton Street Board of Trade,
Secretary's Office, No. 1422 Fulton Street,
Brooklyn, September 16, 1907.

Hon. PATRICK F. McGOWAN, Chairman of Board of Aldermen, New York City,
New York:

Dear Sir—At a regular meeting of the Fulton Street Board of Trade held on the evening of September 13, the following resolution was unanimously adopted:

"Whereas, We understand that the Register of Kings County has already reduced the arrearage of copying in his office from fifteen months to less than six; and

"Whereas, He has found it necessary, because of lack of funds, to discharge the greater part of his force of copyists, thus bringing the work practically to a standstill; therefore be it

"Resolved, That this organization urges the earliest and most favorable action by the Board of Estimate and Apportionment relative to the resolution calling for \$40,000 in Revenue Bonds, passed by the Board of Aldermen."

Respectfully yours,

ALMON C. KELLOGG, Secretary.

Which was ordered on file.

No. 2371.

Richmond Hill Board of Trade,
Fourth Ward, Borough of Queens,
Richmond Hill, L. I., September 14, 1907.

Hon. P. F. McGOWAN, President, Board of Aldermen, City Hall, New York City:

Sir—I have the honor to herewith transmit to you a copy of a resolution adopted by the Richmond Hill Board of Trade at a regular meeting held on September 9, 1907.

Respectfully,

LOUIS GRAF, President.

Whereas, It has become known through the public press and the CITY RECORD that The City of New York has recently acquired title to a tract of land in the Borough of Queens, known as the Kissena Park site, paying therefor a price approximately of \$7,000 to \$8,000 per acre, although an adverse report was made, prior to purchase, by Nelson P. Lewis, City Engineer; and

Whereas, It is a matter of common knowledge among persons familiar with land values in that section of Queens Borough that the said property is not and at the time of its acquisition by the said City was not reasonably worth more than about \$1,800 to \$2,400 per acre, which is far below the price paid by the City; and

Whereas, The said property was acquired and said exorbitant price was paid upon the recommendation of Joseph Bermel, the President of the said Borough of Queens, and approved by Herman A. Metz, the Comptroller of the said City; and

Whereas, It is commonly rumored in the public press that the said property was quietly bought and sold to the City by persons associated with or favored by certain City officials or employees acting in collusion with said officials or employees; therefore be it

Resolved, by the Richmond Hill Board of Trade, That it hereby condemns the said purchase as extravagant and the price paid as exorbitant in the extreme and that it demands a thorough investigation by the proper authorities of all the facts and circumstances to the end that said "deal" may be exposed and the person or persons responsible therefor may be held strictly to account for their actions; and further

Resolved, That the Secretary be instructed to at once forward a copy of these resolutions to his Excellency, the Governor of this State, to his Honor, the Mayor of the City, to the Honorable Board of Aldermen of the City, to Ira G. Darrin, Esq., District Attorney of Queens County, and to the public press.

Which was referred to the Committee on Rules.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Police Department:

No. 2372.

Police Department of The City of New York,
No. 300 Mulberry Street,
August 30, 1907.

HON. PATRICK F. McGOWAN, President, Board of Aldermen:

Sir—Supplementing the request of this Department of August 5, 1907, for provision for the payment of salaries of additional police officers, I have the honor to submit herewith a statement in support of such request.

Respectfully,

ARTHUR J. O'KEEFFE, Acting Police Commissioner.

The City of New York, with an area of 326.90 square miles and a population, as estimated by the Board of Health, of 4,285,425, has at present a patrol force of 7,839. This is an average of one Patrolman to 547 of population.

Schedule "A," hereto attached, gives the estimated population of the city for each year, from 1898 to 1908, from records of the Board of Health, with the quota of Patrolmen for the same period, showing an increase of population of 1,013,017 between the years 1898 and 1907, while the increase of patrol force during the same period was 1,334, an increase of only one (1) Patrolman to an increase in population of 759. It will be seen, if the patrol force be increased by 1,400, there will be but one Patrolman for each 479 of the estimated population of 1908.

Schedule "B" gives the ratio between patrol force and population in 26 cities in various parts of the world and shows the average to be 1 to 425 of population. The present force of the city is therefore considerably less, relatively, than the other cities cited, and even if increased by 1,400, will be well below the average.

New York, however, differs from most other cities in the abnormal growth of population in the outlying districts, where the small dwelling predominates, and it is apparent that a given number of population, say 1,000, living in a block of ordinary apartment houses, may be protected by a smaller force than would be required to safeguard the same number of people if housed in detached dwellings scattered along a mile or two of streets. The Borough of The Bronx affords an example of the condition.

Schedule "C" shows that the population of The Bronx has increased from 167,286 in 1898 to 320,000 in July, 1907, an increase of 91 per cent., while the patrol force has increased from 447 in 1898 to 672 on July 1, 1907, an increase of only 50 per cent.

In the congested portions of The Bronx the patrol force is entirely inadequate. The Thirty-seventh Precinct, with a population of about 60,000 and over 94 miles of streets, has 75 Patrolmen, or 1 to 800 of population. When the full force of the precinct is working there are 15 Patrolmen on duty in the daytime to cover the 94 miles of streets and 30 on duty at night.

The Thirty-sixth Precinct, with a population of about 98,000 and 85 miles of streets, has 128 Patrolmen, or about 1 to 766 of population.

The conditions in the Thirty-fourth, Thirty-fifth and Thirty-eighth Precincts are similar, and the necessity for 500 to 600 additional Patrolmen for this borough is imperative.

The Borough of Manhattan, as appears by Schedule "D," has increased by 45,575 in population since 1898, and there are only three more Patrolmen doing duty in that borough now than there were in 1899. Of the 4,181 Patrolmen now doing duty in Manhattan, 666 are engaged in regulation of traffic on the streets and bridges. The work done by the traffic squad has become necessary to the proper conduct of business in the downtown streets, but in order that there would be a fair proportion of patrol force to population in Manhattan, there should be 600 additional Patrolmen to take the places of the men engaged in traffic regulation, and even with such increase the proportion would only be 1 to 541.

Schedules "E," "F" and "G" give the population and patrol force of Brooklyn, Queens and Richmond for the years 1898 to 1907.

Schedule "H" shows the street mileage in each borough, together with the patrol force.

Schedule "I" shows that 1,518 additional Patrolmen are required to properly cover existing posts on the basis of present day posts, and that 500 more, at least, are needed for additional posts over 10 miles in length, which makes over 2,000 more men actually needed at the present time for patrol duty only.

The slight discrepancy between the total force, as given by boroughs, and the total force, as given for the whole city, is due to the fact that the probation men and vacancies were not counted in the borough schedule.

Increase of patrol force since 1898..... 225

Increase in population about 91 per cent.
Increase in patrol force about 50 per cent.

SCHEDULE "D."

Population of Manhattan, 1898 to 1907, on January 1 of each year:

Year.	Population.	Patrol Force.
1898.....	1,809,286	4,414
1899.....	1,830,462	4,178
1900.....	1,854,190	4,072

1907.....	2,238,828	3,981
1907 (July 1).....	2,262,661	4,181

At the present there is one Patrolman in this Borough to 541 of population. If the 36 Patrolmen engaged in the regulation of traffic in streets and bridges be deducted, the regular patrol force of Manhattan at present is 3,515, or one to 643 of population.

SCHEDULE "E."

Board of Health estimate of population of Borough of Brooklyn from 1898 to 1907, with patrol force as it was on January 1 of each year:

Year.	Population.	Patrol Force.
1898.....	1,095,047	1,526
1899.....	1,131,805	1,463

Richmond.....	292.12	160
	3,095.20	7,772
On probation.....		35
Vacancies.....		32
		7,839

There are about 900 Patrolmen necessarily detailed to other than regular patrol duty, such as Central Office Squad, Brooklyn Borough Headquarters Squad, Boiler Squad and Court Squads, and 600 assigned to traffic regulation as before mentioned, leaving about 6,339 for regular patrol duty. Of these one-fifth, or 1,267, are on day duty and two-fifths, or 2,534, on night patrol, making an average of six miles for each Patrolman to cover on day patrol and an average of three miles at night.

SCHEDULE "I."

Under the five-platoon system of patrol one-fifth of the Force is on patrol in day time and two-fifths at night. Therefore there must be five times as many Patrolmen as there are day posts, in addition to the special posts, in order that the posts, as at present established, may be properly covered.

The following schedule shows the number of day posts and special posts in each precinct on July 23, 1907, and the additional Patrolmen required to cover the precinct:

Richmond has 30 day posts to 292 miles of streets, or an average of 9 1-10 miles of street to a day post.

The total number of additional Patrolmen required to cover all precincts on basis of day posts now established is 1,518.

The post schedules above are, with a very few exceptions, the same as under the two-platoon system in 1904, and re-established when the three-platoon system was abolished in 1906. They were devised with the object of having as few posts as possible compatible with proper protection, and, as shown by the above statement, it would require 1,518 more Patrolmen to properly cover existing posts. There is,

however, pressing need of at least 100 new day posts in The Bronx, Brooklyn, Queens and Richmond, which would require an additional 500 Patrolmen.

In The Bronx the average day post is over 4 miles, in Queens 8 miles, in Richmond 9 miles and in Brooklyn 2.44.

There are a number of posts in these boroughs over 10 miles in length and a great many over 5 miles. In The Bronx there are over 200 posts over one-half mile in length.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Brooklyn:

No. 2373.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, August 27, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith form of ordinance fixing the width of the roadway and sidewalks in Newkirk avenue, between Flatbush avenue and Ocean avenue, in the Borough of Brooklyn, which I would thank you to have introduced in the Board at its next meeting.

Yours very truly,
BIRD S. COLER,
President of the Borough of Brooklyn.

August 22, 1907.

Hon. BIRD S. COLER, Borough President:

Dear Sir—I am directed by the Commissioner to send you herewith draft of ordinance fixing the width of the roadway and sidewalks on Newkirk avenue, between Flatbush avenue and Nostrand avenue, and ask that this ordinance be introduced in the Board of Aldermen. The effect of the ordinance is to cover existing conditions.

An error in the plan for the improvement of the street caused it to be built with a 30-foot roadway instead of a 34-foot roadway. The difference in the roadway width is really not of importance, and the passing of the ordinance would simply be to legalize the existing conditions.

Respectfully yours,
Secretary.

AN ORDINANCE to fix the width of the roadway and sidewalks of Newkirk avenue, between Flatbush avenue and Nostrand avenue, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows: That the width of the roadway of Newkirk avenue, between Flatbush avenue and Nostrand avenue, in the Borough of Brooklyn, is hereby fixed at thirty (30) feet, the curb lines to be parallel with and fifteen (15) feet distant from the centre line of said street, as laid down on the map of The City of New York, and the sidewalks each to be twenty (20) feet in width from building line to curb.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond:

No. 2374.

The City of New York, Department of Parks,
Arsenal, Central Park,
August 30, 1907.

Mr. P. J. SCULLY, City Clerk:

Dear Sir—By direction of Commissioner Herrman I beg to acknowledge receipt of copy of communication referred to him at a meeting of the Board of Aldermen held on the 27th inst., from E. R. Duer, requesting certain information in relation to the cost of cleaning Central Park after a public holiday.

The desired information was forwarded directly to Mr. Duer some days since, in response to a similar request received directly from him.

Respectfully,
CLINTON H. SMITH,
Secretary, Park Board.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Brooklyn:

No. 2375.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, September 5, 1907.

To the Honorable Board of Aldermen:

Gentlemen—The inadequacy of the appropriation for Labor, Maintenance and Supplies in the Bureau of Highways, which was pointed out by me at the time the departmental estimate for 1907 was approved, has resulted in the practical exhaustion of that fund, there having been an immense amount of repair work necessary in Brooklyn, and the prosecution of such work having been very energetic during the spring and summer. As there is much work still to do, and it is important that this work should be carried out while the weather conditions are favorable, I respectfully request your Board to recommend to the Board of Estimate and Apportionment the issue of Special Revenue Bonds to the extent of one hundred thousand dollars (\$100,000), proceeds to be used for the maintenance and repair of streets in the Borough of Brooklyn.

Respectfully,
BIRD S. COLER,
President of the Borough of Brooklyn.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 2376.

Bellevue and Allied Hospitals,
Foot of East Twenty-sixth Street,
New York, September 4, 1907.

To the Honorable Board of Aldermen, No. 11 City Hall, New York City:

Gentlemen—During the year now drawing to a close permission was granted this department by your Honorable Body to purchase fruit and vegetables in the open market, for use of the various hospitals of the department, free from the requirement of public letting.

This permission has resulted during the past year in a great improvement in the quality of fruit and vegetables enjoyed in the hospitals, and we beg to renew the request for the year 1908, with the provision that the cost of the same shall not exceed the sum of \$8,000 for the year in question.

Trusting that you will grant this request, I beg to remain,

Yours very truly,
J. K. PAULDING, Secretary, Board of Trustees.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Fire Department:

No. 2377.

Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, September 12, 1907.

The Honorable Board of Aldermen, City Hall, New York:

Gentlemen—There is imperative need for the purchase of an automobile for the official use of the Deputy Chief of Department in charge of the Fourth Division, Borough of Manhattan.

This officer, in addition to responding to alarms for fire in the Borough of Manhattan, acts on occasions as Chief of Department, and it is therefore essential that he have at his disposal a machine of adequate speed, strength and capacity to meet all the requirements to which it would be subject in proceeding to fires throughout all the territory of Greater New York.

The Deputy Chief of the Fourth Division has had on trial for several weeks past an automobile concerning which he has reported to the Chief of Department as follows:

"The car was placed in service July 10, 1907, by permission from this department, during which period it has been subjected to the most severe tests that a department vehicle may be called upon to meet. For instance, long run to Coney Island on the occasion of recent fire; distance, 12 6-10 miles; time, 16 minutes. Also in the regular line of fire duty throughout the entire city and on driving tests in the several boroughs without showing any defects or needing any repairs. In my opinion the machine has been given some very severe tests and has shown its reliability in every particular and its effectiveness for fire service in this department."

The Chief of Department has recommended the purchase of the machine in question, which recommendation I have approved, and have the honor to request that the Board of Aldermen, pursuant to the provisions of section 419 of the Greater New York Charter, authorize its acquisition.

Draft of resolution designed to accomplish the object in view is herewith enclosed.

Respectfully,
FRANCIS J. LANTRY, Commissioner.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the necessary funds being available for the purpose, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes the purchase by the Fire Commissioner of The City of New York in the open market, instead of by contract at public letting, of an automobile for the official use of the Fire Department, at a cost not to exceed the sum of twenty-five hundred dollars (\$2,500).

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Brooklyn:

No. 2378.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, August 31, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I forward you herewith ordinance to be adopted by the members of the Board of Aldermen relative to the grade of Hawthorne street, between Nostrand and New York avenues. As this contract has been let and the contractors are working on this street, I respectfully request that you have this ordinance acted upon promptly.

Yours truly,
BIRD S. COLER,
President of the Borough of Brooklyn.

AN ORDINANCE to fix the grade of the sidewalks on Hawthorne street, between Nostrand and New York avenues, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows: That the sidewalks on Hawthorne street, between Nostrand and New York avenues, shall be raised from the curb lines at the rate of one and three-fourths (1 3/4) inches per foot for eight (8) feet, thence at the rate of two (2) inches in ten (10) feet to the building line.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Sheriff of Kings County:

No. 2379.

Office of the Sheriff of Kings County,
Court House, Borough of Brooklyn,
Brooklyn, September 12, 1907.

The Honorable the Board of Aldermen, City of New York:

Gentlemen—I beg leave to announce to you that Dr. A. Warner Shepard, Physician to the Kings County Jail, died on September 8, 1907. He was in the public service for thirty-five years, and was a faithful, zealous and efficient official.

Yours respectfully,
MICHAEL J. FLAHERTY, Sheriff, Kings County.

Office of the Sheriff of Kings County,
Court House, Borough of Brooklyn,
Brooklyn, September 12, 1907.

The Honorable the Board of Aldermen, City of New York:

Gentlemen—I respectfully submit the name of Dr. Charles J. Phillips, of No. 371 Greene avenue, Brooklyn, N. Y., for appointment as Physician to the Kings County Jail, to fill the vacancy caused by the death of the late Dr. A. Warner Shepard, who died on September 8, 1907, and I ask your favorable consideration upon the name I present.

Yours respectfully,
MICHAEL J. FLAHERTY, Sheriff, Kings County.

The Vice-Chairman laid before the Board the following communications from the President, Borough of Manhattan:

No. 2380.

City of New York,
Office of the President of the Borough of Manhattan,
City Hall, September 16, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—There is transmitted herewith for the consideration of your Honorable Board a request for the issue of Special Revenue Bonds to the amount of one hundred thousand dollars (\$100,000) for repairing, maintaining and repaving pavements in the Borough of Manhattan.

Under this title it is intended to make provision for the contract for repairing and maintaining asphalt block pavement for one year, the repair of wood block and asphalt pavements that have been damaged by bonfires and which are now charged to the appropriation for Repairs and Renewals of Pavements and Regrading, the Comptroller having declined to accept payments drawn against any other appropriation. This appropriation is almost exhausted, the cost of fire burns amounting to approximately \$84,000 having been charged against it, and means must be provided whereby repairs can be continued until the end of the year. There will also be provided additional funds for the repair of granite block and other stone pavements which could have been paid for out of the appropriation above named if the cost of fire burns had not been charged to it.

Yours very truly,
HENRY S. THOMPSON,
Acting President of the Borough of Manhattan.

Resolved, That, pursuant to the provisions of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred thousand dollars (\$100,000), for the purpose of repairing, maintaining and repaving street pavements in the Borough of Manhattan.

No. 2381.

City of New York,
Office of the President of the Borough of Manhattan,
City Hall, September 16, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—There is transmitted herewith for the consideration of the Board of Aldermen request for an issue of Special Revenue Bonds to the amount of fifteen

thousand dollars (\$15,000) for rewiring and otherwise remedying the defects in the lighting system of the City Hall.

Inclosed you will find copy of the report of the Chief Engineer of the Department of Finance, showing the necessity for and the amount of work required.

Very truly yours,

HENRY S. THOMPSON,
Acting President of the Borough of Manhattan.

Resolved, That, pursuant to the provisions of subdivision 8, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand dollars (\$15,000), for the purpose of rewiring and otherwise remedying the defects in the lighting system of the City Hall.

June 27, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. John F. Ahearn, President of the Borough of Manhattan, in communication dated June 20, 1907, requests the Board of Estimate and Apportionment to authorize an issue of Corporate Stock to the amount of \$25,000, for the purpose of rewiring and otherwise remedying the defects in the lighting system of the City Hall and providing the necessary electric fixtures.

Attached to the communication are two estimates:

1. From Charles L. Eidlitz, stating that the approximate cost for installing complete electric light and power wiring systems and making necessary repairs, with the exception of the electric fixtures, will be \$14,000.

2. From C. F. Lacombe, Chief Engineer of Light and Power, Department of Water Supply, Gas and Electricity, stating that he is advised that the approximate cost of the new fixtures which he thinks should be installed would be from \$7,500 to \$9,000, depending upon the number.

Mr. Lacombe has made a report to the Borough President stating that the electric wiring in the City Hall is overloaded and unsafe.

Nearly all of the wiring in the City Hall is either new or has been overhauled and tested within the last five years under the supervision of the Bureau of Public Buildings and the Department of Water Supply, Gas and Electricity. I think, however, that Mr. Lacombe's report cannot be neglected, and that everything necessary to make the building safe should be done at once.

I am unable to agree that it is necessary to replace the fixtures in the City Hall as indicated.

The four horn shaped brackets in the lobby of the Mayor's office were installed four years ago and cost \$140 each. The Colonial lanterns in the second floor were new four years ago and cost \$225 each; the two brackets in the Borough President's lobby cost \$36 each four years ago.

The remaining fixtures which it is proposed to discard are loosely fastened in some cases, but with some slight attention should be put in first class condition.

I would therefore report, that an appropriation of \$15,000 should be made for rewiring and otherwise remedying the defects in the lighting system of the City Hall, but in my opinion, the proceeds from the sale of Corporate Stock should not be used for this purpose.

I would therefore recommend that no action be taken by the Board of Estimate and Apportionment on this matter until a request for an authorization of Special Revenue Bonds is received from the Board of Aldermen, as provided by subdivision 8 of section 188 of the Greater New York Charter.

Respectfully,

(Signed) CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

Which were severally referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Fire Department:

No. 2382.

Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh street,
Borough of Manhattan, September 14, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—On May 20, 1907, I forwarded to you a communication asking the adoption of a resolution by your Honorable Board, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to an amount not exceeding \$50,000, to cover the purchase of forage necessary to meet the requirements of the department in all the boroughs, for the remainder of the current year.

The delay in acting favorably on my request necessitated the application of moneys allowed for other items of supplies to the payment of a contract for forage which, together with the greatly increased cost of other supplies and materials required for the maintenance of the department resulted in a deficit that, with the strictest economy, will require \$75,000 to cover.

Although there has been an increase in the number of companies of the Department over the year 1906, the amount allowed by the Board of Estimate and Apportionment for apparatus, supplies, etc., for the year 1907, including a transfer of \$40,000, is \$18,900 less than the actual amount of the expenditures for the year 1906. In 1906 we expended \$133,962.70 for forage. The expenditure for forage in the current year to date charged against the same entitled appropriation is \$190,871.66, an increase of \$56,908.96. We have credit balances amounting to \$33,566.82, but as we will require \$35,000—practically a fixed charge—for horse-shoeing in all the boroughs for the months from August to December, both inclusive, this balance will be wiped out with a deficit of \$1,432.18 still existing.

I now desire to withdraw the request for the issue of special revenue bonds in the amount of \$50,000 hereinbefore referred to, and in lieu thereof ask that your Honorable Board will request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in an amount not exceeding \$75,000, to cover deficiency in the appropriation entitled Apparatus, Supplies, etc., for the year 1907, as follows:

Apparatus and Repairs.....	\$16,000 00
Buildings and Repairs.....	19,000 00
Contingencies	4,500 00
Fuel	7,000 00
General Supplies	8,000 00
Horses, etc	866 82
Horse-shoeing	1,433 18
Harness Shop Supplies	200 00
Machine and Paint Shop	1,500 00
Rents	4,500 00
Telegraph Supplies	7,000 00
Maintenance of Fireboats	5,000 00
Total	\$75,000 00

I enclose draft of resolution and request early and favorable consideration thereon.

Respectfully,

FRANCIS J. LANTRY, Fire Commissioner.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, and to meet the emergency presented by the great and unforeseen advance in the market prices of materials and supplies, the Board of Aldermen, deeming such course to be in the public interest, hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding seventy-five thousand dollars (\$75,000), for the purchase of apparatus, supplies, etc., for the use of the Fire Department in the various boroughs of The City of New York, during the remainder of the year 1907.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Brooklyn:

No. 2383.

The City of New York,
President of the Borough of Brooklyn,
Brooklyn, September 12, 1907.

To the Honorable the Board of Aldermen:

Gentlemen—I forward to you herewith a form of ordinance making the allowance to the Grand Juries of Kings County of three dollars per diem, instead of two dollars per diem, the present allowance. Section 3314, of the Code of Civil Procedure, which authorizes your Honorable Board to make this allowance, was amended at the last session of the Legislature, and the amendatory act signed by the Governor so as to permit of this increase in the compensation of jurors. It was undoubtedly intended by the Legislature that the increased allowance should be given at the beginning of the fall term. The change in the law, if taken advantage of by the City authorities, will have a tendency to improve the personnel of the Grand Juries, and nothing in this direction should be neglected, as, with their present powers over the reputations and liberties of our citizens, they occupy positions of the utmost importance; and it is a matter of deep concern to the people at large that those selected to fulfill these extremely delicate and arduous duties, should be men of a character competent to make painstaking investigation and arrive at sound conclusions.

The Honorable John F. Clarke, District Attorney of Kings County, informs me that the present Grand Jury is an exceedingly intelligent and conscientious body of men; that because of the summer vacation and of important matters now engaging the attention of his office, its work will be great in volume and far reaching in importance. He is very desirous, and I believe the judges who preside over the criminal branches of our Court share this feeling with him, that the full compensation which may be allowed under the law should be given to the present Grand Jury of Kings County. For that reason I have so drawn the ordinance as to provide that it shall take effect as of September 9, 1907, the date on which the present jurors undertake their work. I would ask for immediate consideration of this ordinance.

Yours very truly,

BIRD S. COLER,

President of the Borough of Brooklyn.

In the Board of Aldermen.

Whereas, The Legislature of 1907 amended section 3314 of the Code of Civil Procedure by striking out the word "two" and inserting the word "three" dollars, in the provision made for the limitation of an allowance to be made to Grand and Trial Juries,

Be it Ordained, That the Board of Aldermen, in accordance with the provisions of section 3314 of the Code of Civil Procedure, as amended by the Laws of 1907, does hereby make allowance to the Grand Jury serving in the County of Kings, of three dollars per diem.

This ordinance to take effect as of date of September 9, 1907.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Comptroller:

No. 2384.

City of New York, Department of Finance,
Comptroller's Office,
September 13, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—Claim No. 53,766 has been filed in this Department by James A. Lyon for the sum of \$528.62, alleged to be due for stenographic work done for the Committee on Privileges and Elections of the Board of Aldermen.

I would be pleased to receive from you any information you may have concerning said claim.

Yours truly,

N. TAYLOR PHILLIPS, Deputy Comptroller.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Freeman asked for and obtained unanimous consent to introduce the following:

No. 2387—(G. O. No. 331).

Be it resolved, That the report of the Committee on Codification of Ordinances that was presented to this Board at its regular meeting on Tuesday, August 27, 1907, and which is printed in the minutes of said meeting be and the same hereby is amended as follows:

Page 439. First line of second paragraph, change chapter 623 to 628.
Page 441. Change the heading near the top of the page from "General Provisions," to the words, "Code of Ordinances of The City of New York." Strike out the numeral I. opposite the words "General enacting ordinance."

Page 460, Sec. 114. Take out the parenthesis indicating omission.
Page 461, Sec. 122. Insert near the commencement of the fourth line after the word "civil" the words "or criminal". In the same line the word "City" in place of the word "County".

Page 461. In place of chapter 7, chapter 6.
Page 469, Sec. 167. Beginning of the third line, correct typographical error, making the word "Granite." End of the fourth line, in place of "paving," insert the word "cobble". Place a period at the end of paragraph 167 after the words "shall be."

Page 471, Sec. 178. In the last line after the words "free from loam," correct so as to read "clay or cinders."

Page 475, Sec. 195. At the end of said section change the words "County of Kings" to the words "respective Counties, in which said premises may be located."

Page 477, Sec. 207. First line make the word "policemen" begin with a small, instead of capital letter.

Page 483, Sec. 239. Commence the last paragraph of italics with a small a.

Page 483. Add to the title "Article 8—Public Baths," the words "and Comfort Stations."

Page 500, Sec. 320. Beginning of second line change the word "either" to "any".

Pages 501-502. Omit all of the following sections: Sections 195, 196, 197 and 198.

Page 503, Sec. 334. Fifth line, after the words, "such animal to," insert the word "be," and change the word "water" to "watered" so that the words "such animal to be watered" shall appear.

Page 536. Make the first subdivision following Article 3 read "Article I, Coal and Coke."

Page 548, Sec. 558. Strike out the words "Article 4" preceding the words "Hillside Avenue Speedway."

Page 552, Sec. 590. Change the first paragraph to read as follows: Except as hereinafter provided, there shall be paid annually into the City Treasury for each and every passenger street surface car operated or running in The City of New York the several sums hereinafter designated, the same to be paid as a license fee for the privilege of operating or running such cars in the various Boroughs of this City, respectively; such payment shall be made by every company operating such cars, except such as now pay a certain percentage of their gross profits or gross receipts into the City Treasury or such as have purchased their franchises at public sale to the highest bidder, or such as by the terms of their charter are required to pay a certain sum therein specified, or such as may otherwise be relieved by law from such payment.

Page 553, Sec. 592. In the third line after the word "report" strike out the word "of".

Pages 554, 555, 556, 557, Secs. 596, 601, 607, 616, 618. Change the first letter of the word "the" to a capital letter in every case where the word precedes the words "City of New York".

Pages 560-561, Secs. 634, 637, 638, 647. Change the first letter of the word "the" preceding the words "City of New York" to a capital letter.

In page 560 change the article under Title 2 from Article 2 to Article 1.

Page 562. Near the middle of the page strike out the words "No." standing for "number" between the words "division" and "two".

Page 655. In Division Four, after the words "Sanitary Code", leave out the word "Complete".

Which was laid over and made a part of General Order No. 331.

REPORTS OF STANDING COMMITTEES.

Report of Committee on Rules—

No. 2315.

The Committee on Rules, to whom was referred on August 27, 1907 (Minutes, page 396), the annexed communication from the League of American Municipalities, respectfully

REPORTS:

Your committee has considered the accompanying invitation from the League of American Municipalities to send delegates to the eleventh annual convention of the league at Norfolk, Va., from September 18 to 20, 1907. The Board has previously taken action looking to the continuance of the membership of The City of New York in the league, and it seems eminently proper that the City should be represented by delegates. Unfortunately there is no appropriation to pay the expense of the delegation, nor is there time at hand to secure one. If the Board sends delegates they will add to their public service by paying their own expenses. The attendance upon the convention should afford the delegates enjoyment and information. The interchange of views among the men who are, throughout the country, trying to solve the great problem of municipal government cannot result otherwise than in profit to the municipalities which the delegates represent. The Committee on Rules thinks that the Board of Aldermen of The City of New York should be represented at the convention, and recommends the adoption of the following resolution:

Resolved, That Aldermen Brown, Davies and Doull be and they are hereby appointed a special committee of the Board of Aldermen of The City of New York to attend as delegates of The City of New York the eleventh annual convention of the League of American Municipalities to be held at Norfolk, Va., on September 18 to 20, 1907, inclusive.

JAMES COWDEN MEYERS, ELIAS GOODMAN, T. P. SULLIVAN, Committee on Rules.

League of American Municipalities,
No. 18 Broadway,
New York, July 24, 1907.

To the Honorable Mayor and Council:

Gentlemen—You are cordially invited to send delegates to represent your city at the eleventh annual convention of the League of American Municipalities, which will be held in Norfolk, Va., September 18, 19 and 20 next.

This convention will be the municipal feature of the Jamestown Exposition, and will be one of the most noted gatherings of municipal officials ever held. The program will be made up of subjects of interest to municipalities and presented by officials of prominent cities and students of municipal problems, and will be thrown open to the convention for general discussion.

Kindly advise the Secretary whether or not your City will be represented at the convention, and the probable number of delegates that will be in attendance.

Yours very truly,

EDWARD F. DUNNE, President.

John Mac Vicar, Secretary.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

Which report was accepted and resolution adopted.

Reports of Committee on Finance—

No. 2174—(G. O. No. 332).

The Committee on Finance, to whom was referred on June 18, 1907 (Minutes, page 1261), the annexed request of City Magistrates, Second Division, for \$18,000 Special Revenue Bonds, to pay salaries of Probation Officers, respectfully

REPORTS:

Judge Geismar, representing the Board of Magistrates, Second Division, appeared before the committee and stated that at the present time the Second Division, which includes Kings, Queens and Richmond Counties, has no provision whatever for male Probation Officers, not even having a detailed Policeman, as is the custom in Manhattan. The committee believes that there is no doubt whatever as to the necessity of the probation system regarding minor offences and believes that provision should be made for them. The committee therefore recommend the adoption of a resolution providing for \$4,500 with which to pay 15 Probation Officers for the remaining (three) months of 1907.

They therefore recommend that the annexed resolution be adopted.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed four thousand five hundred dollars (\$4,500), the proceeds whereof to be applied to the payment of salaries of probation officers for Magistrates' Courts, Second Division.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

Which was made a Special Order for 2.30 o'clock p.m.

Subsequently Alderman Davies called up the General Order and moved its adoption.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, Hann, Harnischfeger, Higgins, Kline, Krulish, Kuck, Lawlor, Levine, Linde, Markert, Meyers, Morris, Mulligan, Murphy, O'Neill, Peters, Reardon, Rendt, Richter, Rowcroft, Schloss, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, President Cromwell, President Bernel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—57.

On motion of Alderman Davies the above vote was reconsidered, and the paper was laid over and made a general order.

No. 2203—(G. O. No. 333).

The Committee on Finance, to whom was referred, on June 25, 1907 (Minutes, page 1340), the annexed resolution in favor of an issue of Special Revenue Bonds, \$25,000, to pay salaries for maintenance force of the Hall of Records, respectfully

REPORTS:

Acting Superintendent of Public Buildings Stewart appeared before the Committee and submitted the following statement, which shows in detail the amount of money received by his Department, and also the present payroll of the Hall of Records. The Committee have had a man of experience in the management of office buildings go through the Hall of Records, and he has submitted the annexed statement, which claims that the present maintenance charges are excessive. The Committee have referred this to the Commissioner of Public Works, who has promised to investigate same and make whatever reductions are practical. The Committee would call attention to the fact that in the allowance in this year's Budget the total amount of \$426,900 was allowed for the salaries and wages for all the public buildings in the Borough of Manhattan, and there was no specific allowance made for any building, and the Committee does not see just why the Hall of Records was selected to stand for the deficiency in the entire appropriation. From the Committee's investigation it would seem that some immediate appropriation must be made, and pending the action of the Department on the statement submitted by the Committee's investigator, the Committee would recommend that an allowance be made of \$10,000 for the purpose.

They therefore recommend that the annexed substitute resolution and ordinance be adopted.

(SUBSTITUTE.)

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of ten thousand dollars (\$10,000), the proceeds whereof to be applied to pay salaries of the maintenance force of the Hall of Records.

(ORIGINAL.)

Resolved, That, pursuant to the provisions of subdivision 8, section 188, of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of twenty-five thousand dollars (\$25,000) for the payment of the wages of the present maintenance force of the Hall of Records and the employment of additional help during the year 1907.

Surplus for salaries, 1907..... 4,853 50

Total deficit for 1907..... \$22,446 50

This deficit is caused by reason of the fact that the Board of Estimate and Apportionment deducted \$25,000 from the Budget, which amount was on account and for the purpose of paying salaries and wages for the Hall of Records Building.

At the time of the preparation of this estimate the building was not entirely completed and the complement of men in the building was about one-half of what was required to properly operate same. The building is now in full operation and will require the amount above mentioned to pay for the salaries of the employees.

The figures for the 1907 Budget were based upon the conditions existing in 1906 as above stated, and only half of the working force were employed in the building.

It was necessary at the time of the preparation of the Budget, in order to comply with the rules and regulations of the Board of Estimate and Apportionment, to ask only for the amount shown on the payrolls. Therefore, the estimate granted in the Departmental Budget for the year 1907 does not meet the requirements in this case, and I would request that a resolution be prepared by the President of the Borough and presented for adoption, appropriating \$25,000 to meet this emergency.

Respectfully,

(Signed) JOHN H. STEWART,
Acting Superintendent of Public Buildings and Offices.

Commissioner of Public Works, Borough of Manhattan,
Nos. 13 to 21 Park Row,
New York, September 12, 1907.

Hon. P. J. SCULLY, City Clerk:

Yours truly,

HENRY S. THOMPSON, Commissioner.

President of the Borough of Manhattan,
Bureau of Public Buildings and Offices,
September 14, 1907.

Hon. JOHN R. DAVIES, Chairman, Finance Committee, Board of Aldermen:

Dear Sir—By direction of the Superintendent, Mr. Stewart, and in compliance with your verbal request, and also in answer to your letter of recent date, re resolution No. 2203, I submit the following information for your consideration:

The present payroll is the same as the above, with the exception of two (2) additional Cleaners at \$14 per week.

The total expenditures to September 1, 1907, for payrolls No. 14 (weekly) and No. 20 (monthly), Hall of Records, amount to \$57,432.35. The anticipated expenditures for the balance of the year, 17 3-7 weeks, are \$29,558.50.

Respectfully submitted,

M. F. HUMPHREYS, Clerk.

Approved:

John H. Stewart, Acting Superintendent.

No. 2175—(G. O. No. 334).

The Committee on Finance, to whom was referred, on June 18, 1907 (Minutes, page 1261), the annexed request of the Commissioner of Water Supply, Gas and Electricity for \$17,500 Special Revenue Bonds for proper care of records in Water Register's office, respectfully

REPORTS:

A sub-committee visited the office of the Water Register and went carefully over the premises, and in addition Water Register Padden appeared before the committee and stated that with the new rooms already leased he intended to establish some system whereby meter accounts would be taken care of in the new room and the non-meter accounts in the present room, thereby greatly conveniencing the public and doing away with considerable loss of time to the employees, as is now the case. It is also proposed to provide steel fireproof receptacles under the desks for storing the water accounts. At present these account books are left lying around loosely, with a possibility of very considerable loss to the City if any of them should be lost or tampered with. During 1905 the receipts of this office amounted to \$5,354,755.22; in 1906 the receipts were \$5,909,327.88, and a proportionate increase is expected for 1907. Water Register Padden has submitted the annexed estimate showing that for the entire work the amount asked for is required. The committee believe that so important an office as this should have up-to-date facilities, and they therefore recommend the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed seventeen thousand five hundred dollars (\$17,500), the proceeds whereof to be expended to equip the Water Register's Bureau with a system of steel cabinets, desks, etc.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

Department of Water Supply, Gas and Electricity,
Nos. 13 to 21 Park Row,
New York, June 17, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall:

Dear Sir—The Bureau of Water Register, Borough of Manhattan, has secured additional quarters in this building by the removal of the Engineer's Bureau to the ninth floor, which change was authorized by the Sinking Fund Commission.

The records kept by the Water Register contain the items and charges of liens against properties in this borough, and if they were destroyed by fire or other causes it would take many years to duplicate them, and the City, without underestimating the value of these records, would, in my opinion, lose thousands, and perhaps millions, of dollars, as the exact amount of revenue derived from the sale of water could not be ascertained, and it is to guard against this danger that I believe the records should be secured. The books are at present stored on wooden shelves and in cabinets, and are open to these dangers, and while they thus far escaped injury, the possibility of loss is always present.

I believe it is the duty of the City to preserve its records, especially these books, which contain items of the revenue, and this can be accomplished by equipping the entire office with a complete system of steel filing desks and cabinets, which are now used generally by large corporations and mercantile houses for the storage of their valuable papers. To equip the Water Register's Bureau with this system of steel cabinets and desks would cost \$17,000.

In addition to this expense it will be necessary to remove several partitions, giving free access from one room to another, and this work is done through the owners of the building, who will not permit any outside contractors to alter the rooms. It necessarily follows that the department is compelled to issue the order for this work direct to the owners. This work will cost \$200. The department will also require \$300 for taking down and removing all the old wooden desks and cabinets, making a total expense of \$17,500.

This money I would respectfully ask that your Board provide for by the issue of Special Revenue Bonds, and you will kindly present this communication for the consideration of the Board of Aldermen at its next meeting.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Bureau of Water Register,
Nos. 13 to 21 Park Row,
New York, July 19, 1907.

Hon. JOHN R. DAVIES, Chairman, Finance Committee, No. 274 West One Hundred and Fortieth street, New York City:

Dear Sir—On June 17, 1907, the enclosed communication was transmitted by Hon. John H. O'Brien, Commissioner, Department of Water Supply, Gas and Electricity, to Hon. Patrick F. McGowan, President of the Board of Aldermen, requesting that your Board provide for the issue of Special Revenue Bonds to the amount of \$17,500 to equip the office of the Bureau of Water Register with steel filing cabinets and desks, so as to provide for the protection and preservation of the City records. The records kept by this bureau contain the items and charges for water against all the properties in the Borough of Manhattan, amounting to millions of dollars yearly.

In addition to the space now occupied by this bureau I have secured additional quarters on the same floor formerly occupied by the Bureau of Chief Engineer, which change was authorized by the Sinking Fund Commission. This additional space for which the City is now paying an annual rental of \$4,161.40, cannot be used at present on account of the lack of funds to properly equip same for the transaction of business.

The records of this bureau as kept at the present time have absolutely no protection whatsoever against fire or other causes, and in case they were destroyed it would be impossible to duplicate them, and to try to do so would entail an expense of hundreds of thousands of dollars, and would result in a loss to the City of millions of dollars.

In equipping the new quarters it will be necessary to remodel the entire office, so as to better utilize the space in the interest of the public and the better protection and preservation of the City's records.

This resolution was referred to the Finance Committee on June 18, and I would therefore ask that you act favorably upon the application and report at the next meeting.

I would be pleased to have you and the fellow-members of your committee visit this bureau and judge for yourselves the absolute necessity of favorable action on your part.

Respectfully yours,

MICHAEL C. PADDEN, Water Register.

The General Fireproofing Company,
No. 156 Fifth Avenue,
New York City, June 5, 1907.

Department of Water Supply, Gas and Electricity, JOHN H. O'BRIEN, Commissioner,
No. 13 Park Row;

Dear Sir—We beg to submit you an approximate figure of seventeen thousand dollars (\$17,000) for the proposed allsteel equipment for your Department. This approximate figure covers all the work gone over by the writer with Mr. Wolf, Mr. Bannon and Mr. Gobel. We have drawn up sketches of this work which have not as

yet been returned from our factory at Youngstown, Ohio, but will probably receive these to-day or to-morrow, when we will submit the same to you for your approval.

Yours very truly,

THE GENERAL FIREPROOFING COMPANY.
A. C. Ware.

SPECIFICATIONS FOR THE DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, NEW YORK CITY.

Material.

All steel sheets used in the construction of this work are to be of the best grade of open hearth, cold rolled, full pickled, double annealed, sheet steel, entirely free from scale, rust or other imperfections.

Construction.

The construction of various devices along with framing steel and plate work throughout, to be strong and substantial in every respect, giving absolute rigidity to the cases either by formation of the plates or the sheets used, or by introduction of angle bars and other drawn shapes where conditions require same.

Trim.

The various trimmings, such as drawer pulls, label holders, etc., will be pressed brass of various types used for this grade of work. Same will be finished as follows: All trimmings will be buffed to the polish desired, mottled and well lacquered.

Finish.

The finish for this work will be as follows: The work will first be ground or sand papered to a perfectly smooth surface and then treated to a benzine dip to remove all rust or grease. After this it will be given a dip coat of color of olive green or standard maroon. Following this will be one coat of brush work, which will consist of three parts of the best copal varnish to one part of color. This last coat will be rubbed to an even surface with pumice stone and oil and left in the dull finish.

"A"—Roll Top Desks Nos. 1 and 2: The backs and end panels of pedestals are of one piece of No. 16 steel, ends folded at right angles to the back, and the front folded to form a pilaster, to receive the flanges of inside uprights, which are of No. 20 gage steel, flanged all sides. The inside back is of No. 16 gage steel, formed to take rear flange of inside uprights. Shelves are No. 18 gage steel, front edge to form a division rail and rear flange to strengthen the shelf. The bottom plate is of No. 16 gage steel, flanged down at the front to form a base, and same at back to support inside cases. Top plate is of No. 16 gage steel, flanged on all sides to take writing bed proper. The front of this to be reinforced with a channel of No. 16 gage steel; this channel is cut out to receive sliding shelf. The shelf is No. 13 gage steel flanged to a 3/8-inch edge. This plate will be covered with leatherette securely cemented to plate, and the edges bound with a band of steel on brass plate to match other finish. The shelf is supported by No. 16 gage steel track at either side of opening and so formed as to take the shelf flange, giving the shelf a smooth bearing. The pedestal is then assembled by the use of 4-7-16-inch bolts threaded on either ends and are inserted so as to make a complete rigid pedestal. The pedestals are joined with a double back panel of No. 16 gage steel, the outer panel flanged in to receive inside plate and leaving a 3-inch opening to receive the curtain when desk is open. The connecting rail over knee space is of No. 16 gage steel. The writing bed is No. 14 gage steel, folded down on all sides to a 1 3/8-inch edge with a 3/4-inch projection.

Upper Sections—The ends and back of the upper section are No. 14 gage steel, ends formed to right angles with back and to receive a cast channel curtain way, the same being reinforced with a No. 14 gage inside panel. The inner cabinet work is arranged with scoop files, drawers and pigeon holes as shown. The uprights are No. 24 gage steel, shelves No. 18 gage steel and back of No. 24. The small drawers for this cabinet are of No. 16 to No. 24 gage steel, built as specified under box drawers. The scoop files are of one piece of No. 24 gage steel, sides and bottom. The front is of No. 24 and is pressed to form a raised panel, the same being flanged to receive sides and bottom. There is a top or hood extending back about 4 inches to hold papers in place, and this hood is provided at the rear with a flat brass spring which extends from there to rear of file plates to compress papers. These files are furnished with label holders and knob pull. The desk top is of No. 16 gage steel, folded on all sides to a 1 3/8-inch edge. The curtain is of No. 26 gage steel; slats are formed about 7/8-inch wide, so that they interlock, making a flexible dust and waterproof curtain. The lock bar for this curtain is of No. 16 gage steel, formed to take a regular curtain lock and flush lift. The drawers for desk are practically as specified under box drawers.

"B"—Double Standing Desks, Nos. 4, 6, 7, 9 and 11; Blue Print No. 2 and Single Standing Desk No. 19: These desks will have wood tops of quartered oak finish, and will be constructed as specified under wood tops. The desk part to be constructed of steel gages from No. 13 to No. 16, as may be required. The drawers where shown on elevation will be constructed as specified for box drawers. The roller shelves and cases for same will be practically as specified for roller shelves and cases. Book rack for the top of desk will have a top plate of No. 16 gage steel, formed on all sides to a 15-16-inch edge. The bottom plate will be of No. 16 gage steel, so folded as to make a complete base for this rack. The outer uprights will be of No. 16, formed at front and rear to a 9-16-inch edge, this to give the rack sufficient strength. The intermediate uprights will be of No. 18 to No. 20 gage steel, beaded at front and rear. These racks will be removable.

"C"—Flat Top Counter Work, marked 10, 8, 5, 3, 20, 21 and 22: These various numbers will be built as per blue print to fit different spaces in the wall and to accommodate the radiators as they are located on the floor. All exposed ends, such as outside ends or intermediate, next to the radiators to be of No. 16 gage steel, formed at the front edge to a heavy pilaster and flanged at the rear to receive the back. There will be another plate of No. 16 gage steel, which is attached to the panel plate by means of counter-sunk screws inside. The top plate for this work will be No. 16 gage steel, formed at the front and ends to a 15-16-inch edge, with a 3/4-inch projection. The bottom plates are of No. 16 gage steel, flanged at the back and sides and screwed or bolted to the uprights. The intermediate uprights will be of No. 13 gage steel, bolted to the top, bottom and back, and finished at the front with a split tube finish. The back of No. 20 to No. 24 gage steel, flanged on four sides and bolted to uprights top and bottom. The base is of No. 10 gage steel.

"D"—Double-Face Standing Bookkeeper's Desk Nos. 14, 15, 16, 17 and 18, Blue Print No. 3: These will be built substantially as specified for other desks of same type.

"E"—Railing and Gate for Meter Department (no number): This will be built to the height as called for on the scale drawing. The top rail will be 1-inch by 5-16-inch channel, finished with a 1 1/2-inch O. D. and iron tube brass covering. The rail below this will be 1-inch by 3/4-inch flat bar. The bottom rail the same. The posts will be of 1-inch by 1-inch square iron. Intermediates will be 3/4-inch by 3/4-inch square iron. The scroll work will be 5/8-inch by 1/2-inch flat bars, all formed and assembled after the design on Sheet No. 3. The gate will be of the same material and construction, and will be furnished with one pair of Chicago butts (two-way) and substantial latch. No locks will be furnished for this gate unless otherwise specified.

"F"—Cage for Cashier and Entry Clerk (no number): This work will have a channel iron frame of 3/4-inch by 5-16-inch channels and, where so required, may be covered with flat bars. The posts will be of 1-inch by 1-inch square bars, furnished at the floor line with cast shoe, and at different points where they join with verticals they will be furnished with substantial corner braces. The screen work will be of No. 8 round wire, crimped and woven to 1 1/2-inch diamond mesh for all of the partition work; the hood work, as shown on plan No. 1, may be of lighter construction. Door will be substantially as specified for the screen work, and will be of gravity type, provided with a private spring latch.

"G"—Cases Nos. 12 and 34.96, Document Files, each of which will be constructed as follows: Document Files (heads or fronts) are of No. 22 gauge steel, with raised panel face, top and sides, double folded for smoothness and strength, sides and bottom flanged back to receive the body of file, which is No. 24 gauge steel, one piece for sides and bottom, sides folded to right angle to bottom, bottom to have a continuous flanged groove formed in it to receive compressor and anti-friction slides. Sides struck down for strength and smoothness. Body to be firmly riveted to head and supplied with handle and label holder, as described under trim. Compressing slide to be malleable iron, fitted to run smoothly and lock positively in compressing groove. Follow board to be No. 20 gauge steel, attached to compressor, so that it will compress papers ver-

tically when file is closed, or fall back to a convenient angle for searching when file is open. Document files to be supplied with suspension bales of 7-32-inch solid steel rod, folded in rear of body to permit filing papers without removal of files from case. When files are over seven high, a file handle is to be provided for removing upper files.

The case furnishing the space or pigeon hole into which the files are stored is made of Nos. 22 and 24 gauge steel. Uprights with their back edges flanged $\frac{1}{2}$ inch at right angles to obtain the additional stiffness and also to fasten to the back plate. The front edges being turned around a 3-16-inch hard steel rod, insuring strength. Uprights are punched front and rear (with $\frac{1}{4}$ -inch holes) at the proper distance required by the height of the file through which the steel tie rods pass. Uprights are flanged $\frac{3}{4}$ inch at right angles at both ends, so that they may be securely fastened to the casing plates.

The shelves upon which the files rest are No. 22 gauge steel, both sides being flanged downward $\frac{5}{8}$ inch at right angles; flanges punched (both front and rear) with holes corresponding in size and position to those in the uprights through these holes and, extending the full length of each section, shall pass two 3-16-inch steel tie rods securely bolted to the outside plates of the case, thus forming a strong and rigid construction.

Front edge of shelf finished with half round bead and a downward flange; this forms a stop which engages with the head of the file, insuring a close-fitting and practically dustproof file.

The backs of all cases are No. 22 gauge steel, flanged $\frac{5}{8}$ inch on all sides for riveting to the inside section. Plate surrounding the sheet case sections and the flanges on the uprights will also be riveted to the back.

All sheet sections shall be inclosed in an outside casing of No. 13 to No. 18 steel, to which the sheet case will be securely bolted.

Wherever the sections of the case join together the joint thus formed will be covered with a $\frac{1}{4}$ -inch finishing bead which will be securely bolted through the connecting sections. The top plate covering and connecting the various sections will be No. 13 to No. 18 gauge steel, and will be securely fastened to the top of the case and for its entire length. The cornice will be securely bolted to this top plate. The base, of heavy gauge steel, will be secured to uprights, $\frac{3}{4}$ -inch by $\frac{3}{4}$ -inch by $\frac{1}{8}$ -inch angles.

"H"—Combination Document File Cases and Vertical Letter Files No. 13: These cases will be built practically as specified for document file cases.

"T"—Wire Partition Work for Mr. Bannon's Department (no number): This work will be substantially as specified for the Meter Department, except that the grille work will be of a better type. The lower part will be of 1-16-inch by $\frac{1}{2}$ -inch flat wire $1\frac{1}{2}$ -inch mesh. The upper half will be of 1-16-inch by 5-16-inch flat wire, woven to a 1-inch mesh work, and provided with scroll work at top of pattern shown on elevation, Sheet No. 3.

The wickets called for will be of the same material as the upper part of screen work.

"J"—Counters Nos. 24, 26, 28, 29, 30, 32 and 33 with the grille work as shown on Blue Print No. 3, typical elevation marked 25 and 31. All of this work will be built substantially as specified below:

The front of all-steel banking counters are built of plates, bars and drawn forms as follows: Panels are of No. 16 gauge steel. Stiles and pilasters are one piece of No. 14 gauge steel, folded to form a 3-inch stile and 4-inch pilaster. These are applied to the panel sheet by means of screws from the inside, and are spaced to form alignment with screen work as required. At the floor line there is a plate of No. 16 gauge steel folded to member with the pilaster and stiles and form the bottom panel rail. This member also takes the continuous marble base which is usual height of grade specified.

The ledge or line 42 inches from the floor is of No. 13 gauge steel, so formed as to make an outer ledge or shelf, and extending back under the screen to receive the wood top. The outer line of desk work is formed out of No. 16 gauge steel; top plate for the inside desk work is No. 13 gauge steel to support the top of wood as selected. Bottom and division of No. 13 gauge steel; inside plate to the counter is No. 16 gauge attached to the panel leaving 1-inch air space. The drawers are as specified under box drawers.

The banking screen is formed of No. 16 gauge pilasters. The bottom rail is of No. 16 gauge. The frieze is formed of No. 16 gauge plate, with a No. 16 gauge top plate which is removable; this provides for electric wires and conduits. The cornice is of No. 18 drawn steel for the outer side; the inside or working side is left plain to receive the hood and cage work, the panels are of glass and grille; lower part may be obscure plate glass or as selected, upper part or grille work is $1\frac{1}{4}$ -inch bar frame with $\frac{5}{8}$ -inch by 3-16-inch intermediate uprights, the scroll work of $\frac{5}{8}$ -inch by $\frac{1}{4}$ -inch bars, formed to design and finish, either brass or steel plated to harmonize with balance of work.

Wickets are same stock and finish, hinged to swing in, furnished with strike bars and lock.

The devices in counter work, such as cupboards, files of various kinds and sizes as may be required will be constructed in accordance with design and will be of stock and finish as specified under each device.

"K"—One Roller Book Shelf Case with Curtain, No. 35: This case will be built substantially as specified below, with curtain constructed as specified for roll top desk:

The frame for roller shelves is made of $\frac{1}{8}$ -inch by $\frac{5}{8}$ -inch drawn steel bars, the supporting bar in front which engages with a ratchet formed of No. 20 gauge steel which is riveted to uprights and punched on $\frac{1}{2}$ -inch centres for adjustment. The end supporting bars are tenoned front and back, engaging in a stiffening channel formed in case back, punched to receive tenon—front of bar is securely riveted through the front bar and front roller support or bracket, which is formed in "U" shape. The intermediate rear and cross bars tenoned through and securely headed, carry the rollers. The front rollers are $5\frac{1}{2}$ inches long, No. 19 gauge drawn brass tube, in either end of which is a pressed button which forms the bearing; same are held in place by 3-16-inch steel pins extending entire length of roller and bracket securely riveted. The six rollers inside of frame are $4\frac{1}{2}$ inches long, No. 18 gauge steel formed from one piece into a smooth tube, with head smoothly turned; bearings are formed into tight pin spindles on which the rollers revolve. All rollers so set that top shall project $\frac{1}{8}$ inch above frame. The adjustment feature of the shelf is simple and substantial.

Uprights carrying roller shelves are of No. 12 to No. 14 gauge steel extending the full height of the section from floor or base levels giving a direct bearing. Uprights are flanged at bottom strengthening the bearing anchorage. The front or exposed edge of uprights is finished with $\frac{3}{4}$ -inch brass tube, covering this edge of the upright from base to cornice; these form ample protection for valuable bookbinding.

The backs of these cases are formed of No. 22 gauge steel, flanged outwardly $\frac{3}{4}$ inch at right angles; through these flanges the backs are securely bolted to their adjoining uprights.

The base or finish plate next the floor is secured to uprights by flanges struck down on all sides. These are bolted to uprights and the base plate secured to them by machine screws. Top plates are of No. 18 gauge steel, secured to uprights in the same manner as base and bolted to back.

When so desired a vertical revolving roller may be provided at each upright, as a further protection to bookbindings, although the $\frac{3}{4}$ -inch tube finish furnished, as above specified, affords ample protection.

An adjustable locking bar secures the shelf absolutely in its place, at the same time affording the most convenient and simple readjustment of the shelf; the use of the tools is uncalled for in handling this shelf adjustment.

Specifications for Built-Up Tops.

All built-up tops to be three-ply, consisting of core of desired thickness and top and bottom ply of $\frac{1}{4}$ -inch lumber. Core to be made of sound dry chestnut cut in strips $2\frac{1}{2}$ inches wide, all heart pieces cut through centre, core to have frame on four sides. Plain sawed oak, same thickness as core and not less than $1\frac{1}{2}$ inches wide, tongued or grained and glued on both sides where end of wood of core shows, and glued on where grain runs lengthwise. The veneered then glued on core under great pressure. All lumber used in these tops to be thoroughly air-dried and kiln-dried. All glue used in tops to be the very best pure hide stock. In all tops of greater thickness than $1\frac{3}{8}$ inches core is made of strips 1 inch thick.

Finish to be one coat of mineral filler, one coat of shellac and two coats of cabinet rubbing varnish, rubbed to an egg-shell gloss.

Drawers.

Drawers are to be from No. 16 to No. 24 gauge steel in all cases, except where size prevents—the bottom and the sides will be formed of one piece, the sides being formed up at right angles to the bottom. The sides will also be formed down $\frac{3}{4}$ inch below the bottom, thus forming a run or guide upon which it slides, reducing friction and adding greatly to the stiffness and rigidity of the drawer.

The back flange on the bottom and both ends is doubly secured to the body of the drawer. The outside front plate is finished with a raised panel and fastened to the sides and bottom by means of flanges, over which the sides and bottom fasten by double forming, thus making an exceedingly strong drawer and doing away with rivets in the sides. Immediately back of the drawer front will be placed an inside head, which will be fastened in the same manner, giving additional strength.

Label holders and drawer pulls, as specified, are securely fastened to the drawer head before placing the inside or false head.

The top edge of the drawer will be double formed or beaded around a 3-16-inch solid steel rod. All drawers will be fitted with a top suspension device.

Plain Shelf.

"L"—One book stall case, No. 36, as specified below: Vertical divisions made of No. 12 to 14 gauge steel sheets, riveted into or bolted to top and bottom plated (of No. 18 gauge steel), from the book stall construction.

The vertical divisions are usually about one-half the case depth, from edges of upright divisions ground smooth and oval. Hand holes recessed in these divisions for convenient handling of books. When agreed, and stalls are for single volumes, a front roller is located in the bottom shelf, raised sufficiently above the shelf to protect the bookbinding from drag and wear.

"M"—Document file cases, No. 37, same construction as specified for other document files.

No. 2227.

The Committee on Finance, to whom was referred on July 1, 1907 (Minutes, page 10), the annexed resolution in favor of authorizing the president of the United States Volunteer Life-Saving Corps to draw on the Comptroller for contingent expenses, respectfully

REPORTS:

This is the usual resolution permitting the Volunteer Life-Saving Corps to draw on the Comptroller for contingent expenses out of an appropriation which was allowed them in the Budget. The Committee recommends the adoption of the resolution.

Resolved, That for the purpose of defraying any minor or incidental expenses, contingent to the United States Volunteer Life-Saving Corps, the president of the said United States Volunteer Life-Saving Corps may, by requisition, draw upon the Comptroller for a sum not exceeding one thousand dollars (\$1,000); the president of the United States Volunteer Life-Saving Corps may, in like manner, renew the draft as often as may be deemed necessary, to the extent of the appropriation set apart for the said United States Volunteer Life-Saving Corps, but no such renewal shall be made until the sum paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, duly certified by the president of the United States Volunteer Life-Saving Corps, covering the expenditure of moneys paid thereon.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Dowling, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, C. No. 2327.

The Committee on Finance, to whom was referred on August 27, 1907 (Minutes, page 406), the annexed resolution in favor of authorizing the Commissioner of Public Charities to draw on the Comptroller for contingent expenses, respectfully

REPORTS:

This is the usual resolution permitting the Department of Charities to draw on the Comptroller for contingent expenses out of an appropriation which was allowed them in the Budget. The Committee recommends the adoption of the resolution.

Whereas, The Commissioner of Public Charities, in communication to this Board dated July 29, 1907, has requested that in order to facilitate the work of the Children's Bureau, Manhattan, of the Department of Public Charities, a contingency fund be granted for the Superintendent in charge of said office; therefore be it

Resolved, That, for the purpose of defraying any minor or incidental expenses, contingent to the Children's Bureau, Manhattan, the Superintendent of said Bureau may, by a requisition, draw upon the Comptroller for a sum not exceeding three hundred dollars (\$300), and the Superintendent of this Bureau may, in like manner, renew the draft as often as may be deemed necessary, to the extent of the appropriation set apart for Supplies and Contingencies of the Department of Public Charities; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified to by the Commissioner of Public Charities, covering the expenditures of money paid thereon.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Clifford, Cole, Collins, Cronin, Diemer, Dotzler, Dowling, Downing, Ellery, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, C. No. 2353—(G. O. No. 335).

The Committee on Finance, to whom was referred, on August 27, 1907 (Minutes, page 794), the annexed resolution, in favor of an issue of Special Revenue Bonds, \$10,000, to pay salaries of clerical force and incidental expenses of the Building Code Commission, respectfully

REPORTS:

Alderman Grifenhagen, Chairman of the Building Committee, and Secretary Gramer of the Commission appeared before the committee and submitted the enclosed letter, showing the necessity for this appropriation. Owing to the fact that the Commission has been holding several sessions every week during the summer, and that this necessitates very considerable stenographic work and also very considerable printing, the amount heretofore allowed has been expended, and it is estimated from bills already filed that pretty soon all of the \$10,000 now asked for will be needed. The Commission expects to report a proposed code by November 1. Your committee recommend the adoption of the resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof shall be applied, in addition to the sum heretofore set aside, to meet the further payment of the salaries of the clerical force and incidental expenses necessary to the work of the Com-

mission appointed in pursuance of the provisions of section 407 of the Greater New York Charter for the purpose of preparing a Building Code.

Building Code Revision Commission,
Room 11, City Hall,
New York, September 13, 1907.

Hon. JOHN R. DAVIES, Chairman, Finance Committee, Board of Aldermen:

Dear Sir—In compliance with your request I herewith submit statement of the expenditures of the Building Code Revision Commission out of the appropriation of \$5,000 granted to it, bills outstanding and unpaid and an estimate of future needs.

The Commission was organized in January last and obtained an appropriation of \$5,000 from the Board of Aldermen and the Board of Estimate, which was available on August 1. Out of this sum there was paid for salaries in:

January	\$64 50
February	333 33
March	397 84
April	473 05
May	541 66
June	616 66
July	616 66
August	616 66

—and contingent expenses amounting to \$100, making a total of \$4,378.06; leaving a balance on hand of \$621.94.

The Commission owes \$1,500 to \$2,000 for stenographer's services, \$500 for supplies, a large amount (bills not rendered) for printing, estimated at several thousand dollars. More reports and the entire Code are yet to be printed; more public hearings and committee meetings are to be held, which will swell the bill for stenographer's fees.

The Commission has met once a week regularly and has had many special meetings, has held ten public hearings and will conclude its labors in time to submit its report to the present Board.

All the expenditures authorized have been necessary to the work of the Commission. The additional sum of \$10,000 asked for is needed at once to pay outstanding claims, bills yet to be rendered and salaries.

Yours very truly,

W. A. GRAMER, Secretary.

The Committee on Finance, to whom was referred on August 27, 1907 (Minutes, page 792), the annexed resolution, in favor of paying certain telephone bills for services rendered in offices of the Board of Aldermen and the City Clerk, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw warrants as follows:

One in favor of the New York Telephone Company for one hundred and ninety-five dollars and fifty-three cents (\$195.53), being for telephone service furnished to the office of the City Clerk for the three months ending June 30, 1907.

One in favor of the New York and New Jersey Telephone Company for eighty-two dollars and sixty-seven cents (\$82.67), being for telephone service furnished to the rooms of the Board of Aldermen in the Borough of Brooklyn for the three months ending June 30, 1907.

One in favor of the New York and New Jersey Telephone Company for thirty dollars and seventy-three cents (\$30.73), being for telephone service furnished to the office of the City Clerk in the Borough of Brooklyn.

The said several sums to be payment in full for all services rendered during the periods stated and to be charged to and paid out of the appropriation entitled City Contingencies, 1907.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, J. E. BUNTING,
JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Callahan, Clifford, Collins, Cronin, Davies, Diemer, Doull, Dowling, Ellery, Falk, Farrell, Freeman, Haggerty, C. Report of Committee on Public Letting—

No. 2068—(G. O. No. 336).

The Committee on Public Letting, to which was referred on May 27, 1907 (Minutes, page 900), the annexed communication from the Commissioner of Police requesting authority to purchase motor cycles without public letting, respectfully

REPORTS:

That at a hearing on the above matter, Inspector Titus appeared before the committee and stated that the reasons for the Commissioner making this request were, in the first place, advertising for these machines was impracticable, as it was almost impossible to draw up the proper specifications to insure the getting of the right kind of motor cycle. There is in the Department at present a number of these motor cycles; they have been severely tested and in every way and manner given complete satisfaction. It is the intention to purchase fifteen motor cycles of the same make as those now in use.

Your committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Police be and he hereby is authorized to purchase in the open market without public letting, fifteen (15) motor cycles at a total cost not to exceed the sum of three thousand dollars (\$3,000).

A. L. KLINE, FRANCIS J. O'NEILL, JACOB BARTSCHERER, JOSEPH SCHLOSS, Committee on Public Letting.

Police Department of The City of New York,
No. 300 Mulberry Street,
May 23, 1907.

To the Honorable Board of Aldermen:

Gentlemen—The Police Commissioner this day

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the Police Commissioner to purchase not exceeding fifteen motor cycles for the use of the Police Department of The City of New York, without advertising for competing bids, the cost of such cycles not to exceed the sum of \$3,000, and to be payable from an appropriation available for that purpose.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner

Report of Committee on Salaries and Offices—

No. 2238.

The Committee on Salaries and Offices, to whom was referred on July 1, 1907 (Minutes, page 29), the annexed resolution in favor of establishing the position of Watchman for the College of the City of New York at \$75 per month, respectfully

REPORTS:

The committee has held the accompanying resolution until the new College of The City of New York was ready to open and the services of the Watchman were

actually required. Mr. James W. Hyde of the Board of Trustees appeared before the committee and explained the situation. The committee approves the resolution and recommends its adoption.

Whereas, The Board of Estimate and Apportionment at a meeting held June 28, 1907, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Watchman for the College of the City of New York, with salary at the rate of seventy-five dollars (\$75) per month, for one incumbent."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the above position as set forth therein.

JAMES COWDEN MEYERS, JOHN J. CRONIN, JOHN J. CALLAHAN,
FRANK D. STURGES, CHARLES KUNTZE, Committee on Salaries and Offices.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

No. 2270.

The Committee on Salaries and Offices, to whom was referred, on July 23, 1907 (Minutes, page 87), the annexed resolution in favor of fixing certain grades under Department of Finance, respectfully

REPORTS:

The accompanying resolution amends a resolution adopted by the Board of Estimate and Apportionment June 21, 1907, which was duly considered by your Committee. Deputy Comptroller McCooley appeared before the Committee and explained that the incumbents of the grades mentioned in the resolution are now employed at the salaries named, and that the intention of the resolution is simply to give them titles which fit the work they do, their appointment having been made under other titles, and the proposed titles being new to the office. The Committee thought that the names of the incumbents should not be included in the resolution, but that salaries for the grades should be established without being limited to the particular individuals. At the suggestion of the Committee, the Board of Estimate and Apportionment amended the resolution by striking out the names. The Committee recommends concurrence in the resolution as amended.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolutions, adopted by the Board of Estimate and Apportionment July 8, 1907:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment June 21, 1907, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Charter, as amended, hereby recommends to the Board of Aldermen the amendment of the resolutions adopted by this Board April 20, 1906, July 6, 1906, and March 22, 1907, establishing grades of various positions in the Department of Finance, in so far as they relate to the number of incumbents of the following positions:

	Incumbents.	Per Annum.
Examiner of Sewer Claims (for William J. Parrell and Robert J. Jordan only).....	2	\$1,800 00
Examiner of Sewer Claims (for Thomas J. Dougherty, William A. Hartye, Jr., James J. Fitzgerald and Charles A. Gallagher only).....	4	1,500 00
Inspector of Repairs and Supplies (for John F. Scanlon, Elmer De Camp and Harlan P. Christie only)....	3	1,800 00
Automobile Engineman (for William Wiley, Frank Mattes and Oliver H. Quimby only).....	3	1,200 00

—be and the same is hereby amended by striking therefrom the names of the incumbents.

JAMES COWDEN MEYERS, JOHN J. CRONIN, JOHN J. CALLAHAN,
FRANK D. STURGES, CHARLES KUNTZE, Committee on Salaries and Offices.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Nos. 2304 and 2305.

The Committee on Salaries and Offices, to whom was referred on July 23, 1907, and August 27, 1907 (Minutes, pages 372 and 794), the annexed resolutions in favor of appointing William K. Ryder and Earl B. Lovell, City Surveyors, respectfully

REPORTS:

The committee recommends the adoption of the annexed substitute resolution providing for the appointment of two City Surveyors, both of whose applications are accompanied by the usual recommendations of other engineers. The committee commends especially the detailed information regarding the professional experience of Mr. Earl B. Lovell, which was furnished with his application.

(SUBSTITUTE.)

Resolved, That the following named persons be and they are hereby appointed City Surveyors:

William K. Ryder of No. 44 Court street, Borough of Brooklyn.
Earl B. Lovell of No. 42 Wall street, Borough of Manhattan.

(ORIGINAL.)

Resolved, That William K. Ryder of No. 44 Court street, Borough of Brooklyn, be appointed a City Surveyor.

Resolved, That Earl B. Lovell of No. 42 Wall street, in the Borough of Manhattan, be and he is hereby appointed a City Surveyor.

JAMES COWDEN MEYERS, JOHN J. CRONIN, JOHN J. CALLAHAN,
FRANK D. STURGES, CHARLES KUNTZE, Committee on Salaries and Offices.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Callahan, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Doyle, Ellery, Falk, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, C. MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

Alderman Davies asked and obtained unanimous consent to introduce the following resolutions:

No. 2388.

By Alderman Davies—

Whereas, The circumstances surrounding the Corporate Stock offerings by the City during the present year have shown that for some time to come it will be impossible for the City to sell Corporate Stock for par except at a higher rate of interest than 4 per cent.; and

Whereas, This Board believes that any advance over this rate imposes a burden upon the taxpayers which they should not be called upon to bear except for extraordinary measures; therefore be it

Resolved, That the Board of Aldermen respectfully recommends to the Board of Estimate and Apportionment and to the Comptroller, with whom all Corporate Stock matters originate, that until the money market is such that reasonable amounts of New York City 4 per cent. Corporate Stock can be sold at par, that no Corporate Stock ordinance be originated by these bodies except such as are for carrying on public works to which the City is already committed, or for improvements of an urgent nature.

Which was referred to the Committee on Finance.

No. 2389.

By Alderman Davies—

Whereas, It has been and now is the practice for the Board of Estimate and Apportionment to receive and consider applications from city department heads for issues of Corporate Stock at all times of the year; and

Whereas, It would seem to be in line with good business policy for the city heads to take up and dispose of all ordinary Corporate Stock applications during a definite period of the year, on the same principle as is now applied to the budget and to salary matters; therefore be it

Resolved, That the Board of Aldermen respectfully recommends to the Board of Estimate and Apportionment, as being in line with good business policy, that it carefully consider and adopt some plan whereby all Corporate Stock applications (except for emergencies) be submitted to the Board by the Department heads only at certain definite times in each year.

Which was referred to the Committee on Finance.

Alderman Richter asked and obtained unanimous consent to introduce the following:

No. 2390.

By Alderman Richter—

Whereas, Over 1,500 commercial telegraph operators have been on strike in this city for over five weeks; and

Whereas, Efficient telegraph service is impossible until these striking telegraphers resume work; and

Whereas, This deplorable state of affairs could and should be brought to a speedy termination by a spirit of conciliation on part of the parties engaged in the dispute; let it therefore be

Resolved, That the Board of Aldermen recommend to the striking telegraphers and their employers that they make every possible effort, for the benefit of the public, to reach a settlement in order that normal telegraphic conditions may be promptly restored.

Which was adopted.

ANNOUNCEMENT.

The Vice-Chairman made the following announcement of public hearings by the Committee on Finance:

The Committee on Finance will hold public hearings in Room 18, City Hall, on September 25, 1907, as follows:

At 1 p. m., on No. 2265, Ordinance for Corporate Stock, \$225,000, for Water Supply, Borough of Queens.

At 2 p. m., on No. 2202, to investigate purchase of automobiles without public letting. (Committees on Finance and Public Letting.)

At 3.15 p. m., No. 2285, in matter of inadequate police protection.

REPORTS OF STANDING COMMITTEES RESUMED.

Report of Committee on Finance—

No. 2332—(G. O. No. 337).

The Joint Committee on Finance and Public Letting, to whom was referred, on August 27, 1907 (Minutes, page 410), the annexed request of the Fire Commissioner for \$2,000 Special Revenue Bonds to be spent in connection with presentation of medals to members of the uniformed force of the Fire Department, respectfully

REPORTS:

Commissioner Lantry appeared before the committee and explained that this was the usual allowance made for grand stands and medals for the Fire Department parade to be held on October 12. The committee believes that as this is an annual charge it should be provided for in the Budget, and the Commissioner states that he will try to have same allowed in that way for the future. The committee recommends the adoption of the resolution.

Resolved, That, pursuant to the provisions of section 39 of the Greater New York Charter, the Fire Commissioner be and is hereby authorized to incur an expenditure not exceeding the sum of two thousand dollars (\$2,000) for the erection of stands, the appropriate decoration thereof, the providing of music, the hiring of chairs and for all other incidental purposes in connection with the presentation of medals to members of the uniformed force of the Fire Department, to take place on October 12, 1907, at the Worth Monument, Madison Square; and further, that, pursuant to the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming it in the public interest so to do, hereby authorizes the expenditure by the Fire Commissioner of an amount not exceeding said two thousand dollars (\$2,000) for the purposes herein specified otherwise than by contract at public letting.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, J. E. BUNTING, JAMES W. REDMOND, A. L. KLINE, MAX S. LEVINE, DAVID S. RENDT, F. J. O'NEILL, JACOB BARTSCHERER, Joint Committee on Finance and Public Letting.

Headquarters, Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, August 21, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen and Acting Mayor,
City Hall, New York City:

Sir—The presentation of medals to those members of the uniformed force of this department who conspicuously distinguished themselves during the year 1906 in the saving of human life at fires is to take place on October 12, 1907, at Worth Monument, Madison Square, attended by an exhibition of part of said force, and I have the honor to request that the Board of Aldermen, pursuant to the provisions of section 39 of the Greater New York Charter, authorize the expenditure of a sum not exceeding two thousand dollars (\$2,000) for the erection of stands, the appropriate decoration thereof, the providing of music, the hiring of chairs and for all other incidental purposes in connection with the occasion; and further, that your Honorable Board, pursuant to the provisions of section 419 of said Charter, authorize the expenditure of an amount not to exceed two thousand dollars (\$2,000) for the objects above specified otherwise than by contract at public letting, similar action having been taken by the Board of Aldermen on October 23, 1906, relative to medal presentations to those Firemen who had earned them for the year 1905.

I enclose draft of resolution designed to effect the object in view, and earnestly request the prompt and favorable action of the Board of Aldermen on this application.

Respectfully,
HUGH BONNER,
Deputy and Acting Commissioner.

Which was laid over.

GENERAL ORDERS.

Alderman Krulish called up General Order No. 204, being a report and resolution, as follows:

No. 2033.

The Committee on Finance, to whom was referred on May 21, 1907 (Minutes, page 876), the annexed resolution to pay bill of United States Express Company for transportation of proceedings of the Board of Aldermen, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the United States Express Company for the sum of thirty-five dollars and ten cents (\$35.10), the said sum to be payment in full for transportation of the proceedings of the Board of Aldermen for the year 1906 to the members of the Board (two packages each) and to various libraries, etc.; said sum to be charged to and paid out of the appropriation entitled City Contingencies, 1907.

JOHN R. DAVIES, JOHN DIEMER, B. W. B. BROWN, THOS. J. MULLIGAN, A. L. KLINE, PH. HARNISCHFEGGER, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Cole, Collins, Cronin, Davies, Diemer, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Haggerty, C. Hahn, Hann, Harnischfeger, Hatton, Higgins, Krulish, O'Neill, Peters, Redmond, Rendt, Richter, Schloss, Smith, Stapleton, Sturges, Sullivan, Wafer, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—42.

Alderman Krulish called up General Order No. 328, being a report and resolution as follows:

No. 2088.

The Committee on Finance, to whom was referred on May 28, 1907 (Minutes, page 931), the annexed resolution in the matter of membership in League of American Municipalities, respectfully

REPORTS:

In accordance with the resolution, the Committee have taken up this matter with Mr. John MacVicar, Secretary and Treasurer of the League of American Municipalities, and he has appeared before the Committee and explained the purposes of the League and submitted various documents and bulletins which are annexed hereto. The League is composed of practically all of the large cities of the United States and Canada and besides publishing a monthly bulletin containing matter of interest to its membership it has an annual convention at which papers on Municipal subjects are read and discussion is entered into upon Municipal problems. The purpose of the League is entirely for Municipal intelligence, it takes no votes upon the subjects under discussion at its convention, and it does not purport to bind any of the members in any way upon such matters. Its membership is entirely of actual city officials. This city has been in the League for the past twelve years. The League will hold its convention this year at Norfolk, Va., September 18 to 21. The dues for the ensuing year for New York City amount to \$60, and the Committee would recommend that the membership be continued, and that the bill be paid.

They therefore recommend that the annexed resolution be adopted.

Resolved, That the Comptroller be and he is hereby authorized to draw a warrant for sixty dollars (\$60), in favor of John MacVicar, Secretary and Treasurer of the League of American Municipalities, the same to be payment in full for the membership dues of The City of New York in the League of American Municipalities, for the year ending July 1, 1908, the same to be charged to the appropriation City Contingencies, 1907.

JOHN R. DAVIES, THOMAS J. MULLIGAN, A. L. KLINE, JOHN DIEMER, B. W. B. BROWN, J. E. BUNTING, Committee on Finance.

No. 2409.

By Alderman Doull (by request)—

Whereas, The Board of Aldermen has authorized the Board of Trustees of the College of The City of New York, pursuant to section 419 of the Greater New York Charter, to contract, without public letting, for the purchase and erection of an organ for the great hall of the college, in an amount not to exceed twenty-five thousand dollars (\$25,000); and

Whereas, It is deemed advisable by the Board of Trustees of the college to have certain improvements or extensions made to the organ before erection in its permanent location, involving an extra expense of sixteen hundred dollars (\$1,600), which will greatly increase the grandeur and majesty of the tone of the instrument by the addition of a 32-foot reed to the pedal organ, known as the Bombarde, and which improvements should be made by the maker of the instrument for the reason that it would be impracticable to have the work performed by another; therefore

Resolved, That the Board of Trustees of the College of The City of New York be and it hereby is authorized, pursuant to section 419 of the Greater New York Charter, to contract, without public letting, for furnishing the necessary labor and material to make certain improvements and extensions to the new organ, the cost of which shall not exceed the sum of sixteen hundred dollars (\$1,600).

Which was referred to the Committee on Public Letting.

Which was adopted.

MESSAGE FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following messages from his Honor the Mayor:

No. 2414.

City of New York, Office of the Mayor, }
Sept. 17, 1907.

To the Honorable, the Board of Aldermen of the City of New York;

Gentlemen—It is my sad duty to bring to the attention of your honorable Board the death of the Honorable Randolph Guggenheimer, for many years a faithful servant of the City of New York and a citizen whose public spirit and private charities were so marked as to make his death a distinct loss to the entire community.

Mr. Guggenheimer was for four years President of the Municipal Council, and from time to time acted as chief executive of the City. The wisdom and tact which he brought to the duties of these important offices are too well known to you to need any comment from me. As a member of the Board of Education Mr. Guggenheimer actively interested himself in the work of that body, a work which he was peculiarly well fitted to perform because of his life-long interest in the youth of our City.

It is my painful duty, as Acting Mayor, to transmit the fact of his death to your honorable Board, for such action as it may deem fitting.

Respectfully,

PATRICK F. MCGOWAN, Acting Mayor.

In connection herewith the Vice-Chairman offered the following:

Whereas, In the sudden and unexpected death of Hon. Randolph Guggenheimer The City of New York and the nation at large has been deprived of a virile, upright and progressive man, a type of the best citizenship of the country, a profound lawyer, a deep thinker. With a kindly, modest nature underlying a calm, dignified exterior, he took an active and a patriotic interest in the affairs of his adopted City for nearly forty years. Foremost in good works, with a hand ever open to charity, which he sought to conceal, his abrupt taking away casts a deep gloom over the metropolis. He leaves behind him an honored name, and his career will be an incentive to struggling youth all over this land. His deep and continuously active interest in the educational affairs of The City of New York has borne fruit in many improved facilities for the young. His four years' service as President of the First Council of Greater New York was marked by dignity, ability, tact and a thorough familiarity with the requirements of that high office. As Acting Mayor of The City of New York from time to time he brought to the discharge of his duties the fruits of a scholarly mind. His broad, liberal disposition won for him friends among all creeds and all races. He was alert, manly, brave and simple. His name will long be honored, venerated and preserved as one of the greatest citizens of this metropolis; therefore be it

Resolved, That we, the members of the Board of Aldermen of The City of New York, mindful of the great loss sustained by our people in the death of Hon. Randolph Guggenheimer, herein and hereby record our profound grief at his death and tender to his surviving relatives our sincerest sympathy in their bereavement; that a copy of these resolutions, suitably engrossed and duly authenticated by the City Clerk, be transmitted to the family of the deceased; and be it further

Resolved, That, as an additional mark of respect, this Board do now adjourn.

Which was unanimously adopted by a rising vote.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, October 1, 1907, at 1.30 o'clock p. m.

P. J. SCULLY,

City Clerk, and Clerk of the Board of Aldermen.

FOR FURNISHING AND DELIVERING FIVE HUNDRED (500) TONS OF ANTHRACITE COAL FOR COMPANIES LOCATED SOUTH OF FIFTY-NINTH STREET, MANHATTAN.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before February 1, 1908.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Fire Department, Nos. 157 and 159 East Sixty-seventh street, Manhattan.

NINTH STREET, PROLONGED OUTSHORE, BEING PART OF THE BLACKWELL SECTION, ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the northerly side (prolonged) of East Seventy-seventh street northerly a distance of about 475 feet to the southerly side (prolonged) of East Seventy-ninth street and extending also from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 35 feet to 50 feet to the stone retaining wall and old crib bulkhead running along the easterly side of the exterior street.

The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, the said map being a part of this agreement.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 5,700 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built, on that part of the Blackwell section situated between the northerly side of East Seventy-seventh street and the southerly side of East Seventy-ninth street, as described above, and as appears in detail on the map at Pier "A," and which becomes a part of the contract or agreement.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finish grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried offshore toward the bulkhead wall or close row of piles.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the contractor to deposit not less than 100 cubic yards per day as directed by the Engineer, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within 57 calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions thereof.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

EIGHTEENTH WARD, SECTION 3.

RESTORING ASPHALT PAVEMENT AT THE NORTHEAST CORNER OF FIFTEENTH STREET AND FIFTH AVENUE. and known as Lot No. 1, in Block 843.

TWENTY-SECOND WARD, SECTION 4.

RESTORING ASPHALT PAVEMENT AT THE SOUTHWEST CORNER OF FIFTY-NINTH STREET AND FIFTH AVENUE. and known as Lot No. 25, in Block 1274.

The above assessments were certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter—that the same were entered on September 9, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before November 8, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street opening purposes in the

Borough of Manhattan.

Being the remaining buildings within the area of the proposed Delancey street extension, located between Broome and Spring streets, and extending from Mulberry street to Elm street, Borough of Manhattan, which were not sold at the sale held on Monday, June 24, 1907, and which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Department of Finance, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 5, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, SEPTEMBER 19, 1907,

at 10 o'clock a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day of the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level 2 feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water lines at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike

manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

NOTICE TO TAXPAYERS.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, September 2, 1907.

TAXPAYERS WHO DESIRE TO OBTAIN their bills promptly should make immediate written requisition (blanks may be procured in the borough offices), stating their property by section or ward, block and lot or map number, making copy of same from their bills of last year.

If a taxpayer is assessed for personal tax, the requisition should also request bill for such tax. Each requisition should be accompanied by an envelope bearing the proper address of the applicant, and with return postage prepaid.

In case of any doubt in regard to ward, section, block or lot number, taxpayers should take their deeds to the Department of Taxes and Assessments and have their property located on the maps of that Department, and forward to the Deputy Receiver of Taxes, with the requisition, a certified memorandum of their property, which will be furnished by the Department of Taxes and Assessments.

Taxpayers in this manner will receive their bills returned by mail at the earliest possible moment, and avoid any delay caused by waiting in lines, as required in case of personal application.

The requisition must be addressed and mailed to the Deputy Receiver of Taxes in whichever borough the property is located, as follows:

John J. McDonough, No. 57 Chambers street, Borough of Manhattan, New York.

John B. Underhill, corner Third and Tremont avenues, Borough of The Bronx, New York.

James B. Bouck, Municipal Building, Borough of Brooklyn, New York.

George H. Creed, corner Jackson avenue and Fifth street, Long Island City, Borough of Queens, New York.

John De Morgan, Borough Hall, St. George, Staten Island, Borough of Richmond, New York.

After receiving the bills, the taxpayer will see that they are properly rebated, then draw check for the net amount to the order of the Receiver of Taxes and mail bill and check, with an addressed envelope, with the return postage prepaid, to the Deputy Receiver in whichever borough the property is located.

Checks should be mailed as soon as possible after the bills have been received by the taxpayer.

All bills paid during October must be rebated before payment.

DAVID E. AUSTEN,
Receiver of Taxes.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF RICHMOND, FOR UNPAID TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS, STEWART BUILDING, No. 280 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK CITY, August 10, 1907.

UNDER THE DIRECTION OF HERMAN A. METZ, Comptroller of The City of New York, the undersigned hereby gives public notice, pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments

have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York;

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction, in Room 129, Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York, on

WEDNESDAY, NOVEMBER 20, 1907.

at 10 o'clock in the forenoon of that day, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing the said taxes or assessments, as the case may be, and the interest thereon as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of such taxes and assessments and the ownership of the property taxed and on which such taxes and assessments remain unpaid, is published in a pamphlet and that copies of the said pamphlet are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of Manhattan and Richmond, and will be delivered to any person applying for the same.

DANIEL MOYNAHAN,
Collector of Assessments and Arrears
of The City of New York.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on June 28, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of South Washington place, from Jackson avenue to Academy street, in the First Ward, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the northwesterly line of Jackson avenue midway between South Washington place and Pavvart avenue, and running thence southeasterly at right angles to the line of Jackson avenue to the intersection with a line 100 feet southeasterly from and parallel

with the southeasterly line of Jackson avenue, the said distance being measured at right angles to the line of Jackson avenue; thence southwardly and parallel with and always distant 100 feet from the southeasterly line of Jackson avenue to the intersection with the prolongation of a line 100 feet southwesterly from and parallel with the southwesterly line of South Washington place, the said distance being measured at right angles to the line of South Washington place; thence northwardly and parallel with the southwesterly line of South Washington place and along the prolongation of the said course to the intersection with a line midway between Academy street and Radde street; thence northwardly and along the said line midway between Academy street and Radde street to the intersection with a line at right angles to the southeasterly line of Academy street, and passing through a point on the said line midway between South Washington place and Paynter avenue; thence southwardly to the said point on the southeasterly line of Academy street midway between South Washington place and Paynter avenue; thence southwardly to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 27th day of September, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 27th day of September, 1907.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held in the Old Council Chamber, City Hall, Borough of Manhattan, on Monday, July 8, 1907, the following proceedings were had:

Whereas, The City of New York, by contract dated May 31, 1906, granted to the New York and Port Chester Railroad Company the right to cross certain streets and highways and to construct, maintain and operate a railroad upon certain routes particularly set forth in section 1 of said contract, and which contract, including all the terms and conditions thereof, was executed by the Railroad Company on May 31, 1906, and by the Mayor, on behalf of The City of New York, on June 11, 1906; and

Whereas, The said company has petitioned the Board of Estimate and Apportionment, under date of April 4, 1907, for the consent of The City of New York to certain modifications and alterations in said routes, as is fully set forth in said petition; and

Whereas, In pursuance to such laws, this Board adopted a resolution on May 10, 1907, fixing the date for public hearing thereon as May 24, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Times" and the "New York Tribune," newspapers designated by the Mayor, and in the City Record for ten (10) days, immediately prior to the date of hearing, and the public hearing was duly held on such day, and was continued to June 7, 1907, and was concluded on said date; and

Whereas, This Board has made inquiry as to the proposed modifications and alterations in the said routes of said company, and has reached the conclusion that such modifications and alterations are desirable and in the public interest; now therefore it is

Resolved, That the following form of resolution for the consent or right applied for by the New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain changes, alterations and amendments in the route of the New York and Port Chester Railroad Company as granted by contract dated May 31, 1906, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad; such changed, altered or amended route being fully set forth and described in the following form of proposed contract for the granting thereof, embodying such terms and conditions as modify or alter said contract dated May 31, 1906, which said contract otherwise remains unchanged as to all the other terms and conditions expressed therein; and be it further

Resolved, That the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT FOR ALTERATION OF ROUTE.

This contract, made the day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and Port Chester Railroad Company, a domestic railroad corporation organized for the purpose of building, maintaining and operating a railroad from a point near the intersection of One Hundred and Thirty-second street and Willis avenue, in the Borough of The Bronx, and running thence easterly and northeasterly to the boundary line between the States of New York and Connecticut (hereinafter called the Port Chester Company), and Millbrook Company, a domestic corporation organized for the purpose of building railroads, tunnels, subways, etc., leasing or selling property, acquiring stocks, etc., parties of the second part, witnesseth:

Whereas, The Board did, on May 18, 1906, adopt a resolution authorizing the Mayor to execute, in the name and on behalf of the City, a contract between the Port Chester Company and the City, granting to the Port Chester Company the right or franchise to construct, maintain and operate a railroad across certain streets either above or below the grade thereof, in the Borough of The Bronx; and

Whereas, On the 11th day of June, 1906, the Mayor did execute, in the name and on behalf of The City of New York, a contract granting to the Port Chester Company the right to build said railroad, which contract was dated the 31st day of May, 1906; and

Whereas, In and by said contract the consent of the City was granted to the Port Chester Company for the construction, maintenance and operation of the said railroad across certain

enumerated streets, avenues or highways either above or below the grade thereof, within said City, upon certain conditions therein fully set forth; and

Whereas, On the second day of April, 1907, the Board of Directors of said Port Chester Company, at a meeting of said Board duly held on said date, and by a vote of two-thirds of all the directors of said Company, passed a resolution altering and amending the route of the said Company and changing the southern terminal thereof from a point at or near the intersection of One Hundred and Thirty-second street and Willis avenue to a point where Alexander avenue extended intersects the north bank of the Harlem river, and which alterations and amendments and change of terminal are shown upon a certain map, dated April 2, 1907, entitled:

"Survey, Map and Profile of the New York and Port Chester Railroad Company for New York County, New York, Section one, Section two and Section three."

—and signed by the Chief Engineer, President, Secretary and nine directors, which map was filed in the office of the County Clerk of New York County on April 4, 1907; and

Whereas, The said Port Chester Company has applied to the Board, as the local authority of The City of New York, by a verified petition, dated April 4, 1907, for the consent of such local authority for such change, alterations and amendments to the route of said railroad and for the right to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on said amended route, and for the modification of the said contract in accordance therewith; and

Whereas, Portions of such altered or amended route are identical with the route of the New York, Westchester and Boston Railway Company, authorized by a franchise granted to it by an ordinance of the Board of Aldermen, approved by the Mayor on the 2d day of August, 1904, and amended by a resolution of the Board of Estimate and Apportionment, approved by the Mayor on the 21st day of July, 1906; and

Whereas, On the day of 1907, the New York, Westchester and Boston Railway Company and the Port Chester Company entered into a contract in which it was agreed that the railroad upon so much of the said altered or amended route of the Port Chester Company as is common with the route of the New York, Westchester and Boston Railway Company shall be constructed by the Port Chester Company, each of the said companies to have equal rights to operate over and upon such portions of said railroad as are coincident; and

Whereas, Millbrook Company owns at least two-thirds of the issued capital stock of the New York, Westchester and Boston Railway Company, and all of the issued capital stock of the Port Chester Company; and

Whereas, On the day of 1907, the Board, as the local authority of The City of New York, adopted a resolution granting to the Port Chester Company the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and authorize the Mayor to execute and deliver a contract granting such right in the name and on behalf of the City, which resolution was approved by the Mayor on the day of 1907;

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Port Chester Company, subject to the conditions and provisions hereinafter set forth, the right to make such changes, alterations and amendments to the route of said railroad, and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, which amended route is shown upon the map heretofore referred to, and is more particularly described as follows:

Perry, president, and Mace Moulton, chief engineer, and Carleton Bunce, secretary, under seal, and adopted by two-thirds of all the directors of the company, and which map and profiles were filed in the office of the County Clerk of the City and County of New York on the fourth day of April, 1907, or any lawful amendment thereof which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said contract between The City of New York and the Port Chester Company, dated May 31, 1906, shall remain unchanged and shall apply to the routes herein authorized with the same force and effect as when they applied to the routes, described in said contract, and as though the routes herein authorized had been specifically described in said contract, except as follows:

1. The description of the route as hereby amended and described above shall be substituted for the description of the route as contained in the contract dated May 31, 1906.

2. The provision in section 2, subdivision XXXV., which requires the Port Chester Company to cede to the City without cost lands for a street adjacent to the right of way of the railroad, in case the Board adopts a map laying out such a street within one year from the date of signing the contract, shall apply to the route hereby authorized in substitution of the route authorized in the original contract, and the period of one year shall be extended to one year from the date on which this contract is signed by the Mayor.

Second—The Port Chester Company covenants and agrees to abandon and relinquish, and does hereby abandon and relinquish to the City, all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on the portions of the route described in the said contract dated May 31, 1906, and which are not shown on the map of the amended route filed April 4, 1907. Such portions of the route so relinquished and abandoned are more particularly described as follows:

Main Line.

1. The terminal loop located within the blocks bounded by Willis avenue, One Hundred and Thirty-fourth street, Brown place and One Hundred and Thirty-second street.

2. Beginning at a point in the line of the railroad between Adams street and Unionport road; thence to and across Unionport road, an unnamed street or another branch of Unionport road, Victor street, Washington street or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road, approximately 2,400 feet southeast of Bronx and Pelham parkway, to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,700 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line.

Branch Line.

3. Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street,

Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road near its intersection with Southern turnpike or Westchester avenue.

Third—It is agreed that no part of the expenditure for construction heretofore made by the New York, Westchester and Boston Railway Company shall be included in the sum of \$800,000 required to be expended by the Port Chester Company under section 2, subdivision XXVIII, of the contract dated May 31, 1906, as hereinbefore referred to, but said \$800,000 shall be expended in addition to moneys already expended for construction upon the said route by the New York, Westchester and Boston Railway Company.

The Port Chester Company shall, within fifteen days after the signing of this contract, furnish the Board of Estimate and Apportionment a statement of the amounts expended upon construction prior to the date on which this contract is signed: First, by the New York, Westchester and Boston Railway Company; and, second, by the Port Chester Company.

And in case the Board of Estimate and Apportionment or its representatives shall, within ten days after the receipt of such report, require the Port Chester Company to furnish further details in regard to such report, the Railroad Company shall furnish the same within fifteen days after such demand.

The Port Chester Company shall, upon demand of the Board of Estimate and Apportionment or its representative, and upon the same conditions in regard to the time of furnishing the same, furnish further statements of the amounts expended from the time of the last preceding report to the date of the demand.

The Port Chester Company may at any time file with the Board of Estimate and Apportionment statements of the amounts expended upon such construction.

Fourth—Milbrook Company and the Port Chester Company do hereby agree to assume all liability to any person or company by reason of the execution of this contract by the City, and it is a condition of this contract that the City shall assume no liability whatsoever either to persons or companies on account of the same, and both the Milbrook Company and the Port Chester Company hereby agree to repay to the City any damage which the City may be compelled to pay by reason of this contract.

Sec. 3. The parties hereto each promises, covenants and agrees on its part and behalf, to conform to and abide by all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the Corporate seal of said City to be hereunto affixed, and the parties of the second part, by their officers, thereunto duly authorized, have caused their corporate names to be hereunto signed and their corporate seals to be hereunto affixed the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, are as specified and fully set forth in the contract dated May 31, 1906, as amended by the foregoing form of proposed contract for the consent of such modifications and alterations.

Resolved, That these preambles and resolutions, including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York and Port Chester Railroad Company and the said form of proposed contract for the grant of said franchise or right containing said result of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty days immediately prior to September 20, 1907, in the City Record, and at least twice during the ten days immediately prior to September 20, 1907, in the "New York Times" and "New York Tribune," two daily newspapers designated by the Mayor therefor, and published in The City of New York, at the expense of the New York and Port Chester Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York and Port Chester Railroad Company, as granted by contract dated May 31, 1906, such modifications and consent being fully set forth and contained in the foregoing form of proposed contract for the granting of such franchise or right, and before adopting any such contract, will, at a meeting of said Board to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on the 20th day of September, 1907, at 10:30 a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Dated July 8, 1907.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held in the Old Council Chamber, City Hall, Borough of Manhattan, Monday, July 8, 1907, the following proceedings were had:

Whereas, The Queens Lighting Company has, under date of June 7, 1907, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate pipes, mains, conductors and necessary appliances in, under and along the streets, avenues, highways and public places within that portion of the Borough of Queens as described in said petition for the purpose of supplying gas for lighting the streets and to public and private consumers; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws this Board adopted a resolution June 14, 1907, fixing the

date for public hearing thereon as July 8, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least two days in the New York "Daily News" and the New York "Times," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Queens Lighting Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Queens Lighting Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Queens Lighting Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made and entered into this day of .., 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City acting for and in the name of said City, and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Queens Lighting Company, a corporation formed under and pursuant to the Laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable pipes, mains or other conductors with the necessary service pipes and connections therewith, for conducting gas through the streets, lanes, alleys, squares and highways now opened or which may hereafter be opened, in that portion of the Third and Fourth Wards of the Borough of Queens, as constituted by section 181 of chapter 466 of the Laws of 1901 (the Greater New York Charter), bounded and described as follows:

Commencing at the point on the southerly shore of Little Neck Bay, where the boundary line between The City of New York and the County of Nassau intersects the same; thence southeasterly along said southerly shore of Little Neck Bay to the creek known as Alley creek; thence southerly along the line of the centre of said Alley creek to a point where the same extended would meet West Alley road; thence westerly along said West Alley road to where the same intersects and joins Rocky Hill road; thence southerly along said Rocky Hill road to the point where the same intersects and joins Black Stump road; thence westerly along said Black Stump road to a point where the same intersects and joins the road known as Brushville road and Holliswood avenue; thence southerly along said road known as the Brushville road and Holliswood avenue to a point where the continuation of the same is known as Flushing avenue; thence continuing southerly along said Flushing avenue to a point where the same joins and intersects Hillside avenue; thence easterly along said Hillside avenue to a point where the same joins and intersects Carpenter avenue; thence southerly and southwesterly along said Carpenter avenue to a point where the same joins and intersects Pocahontas avenue; thence southwesterly along said Pocahontas avenue to where the same joins and intersects the right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue; thence westerly along the right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue, to a point formed by the intersection of such right of way of the Long Island Railroad Company, otherwise known as Atlantic avenue, Farmers avenue and a road known as the Old Country road or Hollis road; thence southerly across said road known as the Old Country road or Hollis road to Farmers avenue; thence southerly along said Farmers avenue to a point where the same meets Locust avenue, at or near Central avenue; thence southwesterly along said Locust avenue to a point where the same joins and intersects the road known as Rockaway road; thence northwesterly along said Rockaway road to a point where the same joins and intersects the road known as the Three Mile Mill road; thence southwesterly along said Three Mile Mill road to a point where the same reaches Jamaica Bay, near Cornell's creek; thence easterly along the northerly shore of Jamaica Bay to the boundary line between The City of New York and the County of Nassau; thence northeasterly along said boundary line between The City of New York and the County of Nassau, as present constituted, to the point or place of beginning. Being all that portion of the Third and Fourth Wards of the Borough of Queens, City of New York, embraced within such boundaries, as more clearly shown on the map or plan attached to this contract and certified to by the President of the Company, and dated June 4, 1907.

Sec. 2. The grant of this privilege is in consideration of and subject to and conditioned upon the performance and observance of the following conditions:

First—The said right to lay, construct, maintain and operate pipes, mains or other conductors for conducting gas in the above described territory shall be held and enjoyed by the Company, its successors or assigns, from the date when this contract is signed by the Mayor until the twenty-seventh day of October, nineteen hundred and thirty-one, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate such a gas system by itself, and is not to include any valuation derived from the ownership, operation or control of any other gas, electric or other system used for the purpose of supplying light, heat or power, by the Company, its successors or assigns.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year, before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of this original contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board, one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this original contract, or if the same is renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, if the Board shall so elect, the mains, service pipes and street lamps erected and located by the Company in the territory designated in section 1 of this contract, including all property erected or located by it in the public streets or roads of the City, as the same now exist or may be extended, and in all new streets or roads which may be hereafter opened in that portion of the Borough of Queens, constructed pursuant to this contract, shall become and be the property of the City, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If the Board shall so elect, upon the termination of this grant for any cause, the plant and property erected and located by the Company pursuant to this contract, in that portion of the Borough of Queens as bounded and described in section 1 of this contract, including the buildings, plants, holders, meters, house fittings and all property not situated in the public streets or roads used by the Company in the manufacture and distribution of gas to street lamps and public and private buildings in said territory, shall become and be the property of the City on payment to the Company of the value of the same, as fixed by three disinterested freeholders, appointed and paid in the same manner and with the same powers as appraisers appointed upon any renewal of this original contract, as above set forth, but such valuation shall in no case be greater than the value of such property as shown by the last report submitted by the Company to the Board, as required by the terms of this contract, and shall not include any compensation for any value which such property may have by reason of this grant.

If, however, at the termination of this grant for any cause, as aforesaid, the City, by the Board, shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, mains and conductors from all the streets and public places within the limits of the territory in which it is authorized to operate by this contract.

Third—The Company, its successors or assigns, shall pay for this privilege to the City the following sums of money, to wit:

1. One thousand dollars (\$1,000) in cash within thirty days after the signing of this contract.

2. During the period between the date on which this contract is signed by the Mayor and the twenty-seventh day of October, nineteen hundred and eleven, an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

3. During the succeeding five years of this original contract an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of five hundred dollars (\$500).

4. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to two (2) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

5. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand five hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand five hundred dollars (\$1,500).

6. During the last five years of this original contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and which shall be equal to five (5) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

All the sums herein provided for shall be paid into the treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Fourth—The said annual charge or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any gas or other company providing for payments for similar rights or franchises at a different rate, and no transfer, sale, assignment, lease

or sublease of the rights or franchises hereby granted, whether original or renewal, or any part thereof, shall be valid or effectual for any purpose unless the said transfer, sale, assignment, lease or sublease shall contain a covenant on the part of the transferee, purchaser, assignee or lessee that the same is subject to all the conditions of this contract and that the transferee, purchaser, assignee or lessee assumes and will be bound by all of said conditions, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said transferee, purchaser, assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

It is agreed that any and all payments to be made under the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatever kind or description now or hereafter required to be paid by any ordinances of the City or by any law of the State of New York.

Fifth—The plant, machinery or works of this Company which may be erected under the privilege contained in and granted by this contract for the purpose of manufacturing and furnishing gas, shall be constructed so as not to be in any way detrimental to the public health, nor otherwise create a nuisance. Before the construction of any plant, holder or other apparatus used in the manufacture or storage of gas the Company shall obtain the approval of the Board to the location and the plans for the construction of the same.

Sixth—The Company shall construct, maintain and operate its gas system, mains, conductors, service connections and pipes subject to the supervision, control and inspection and to the entire satisfaction of the proper authorities of the City who have jurisdiction in such matters, under the Charter or ordinances of the City, or under the provisions of this contract, and the entire expense of such supervision, control and inspection shall be borne by the Company.

Before opening any street, lane, alley or public place to lay or to begin the laying of any mains, conductors, pipes or service connections, the Company shall submit to the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, working plans which shall include and show in detail the proposed location and method of construction of said mains, conductors, pipes or service connections, and the mode of protection or changes in all subsurface structures required by the construction of such mains, conductors, pipes or service connections, and shall obtain from these officials, if such working plans are approved, permits for the construction of such work.

Whenever the pipes or conductors of the Company in any part of the Borough of Queens are to be laid under or adjoining a railroad track, the work of trenching for and laying the same shall be conducted so as to interrupt as little as possible the running of cars thereon, and when the work is finished the track and street, avenue or public place shall be replaced and repaved by said Company in as good condition as before the commencement of the work.

Whenever the Company shall open any street, avenue or public place in the territory in which it is granted the privilege to operate by this contract, for the purpose of laying pipes or conductors, then the Company, when restoring the pavement of said street, shall do so in accordance with the specifications for the construction of said pavement, and the Company shall also, at its own cost and expense, maintain the same in good condition, and at the proper grade and curvature, for the period of one year from the time of its restoration, whether the same had been restored by the said Company or by the City authorities, as hereinbefore provided. When streets paved with improved pavements, on which the contractor's guarantee has not expired through time, are to be paved, the Company shall have the power to arrange with the contractor to open and relay such pavements under an agreement or contract.

If the Company at any time, after five days' notice from the President of the Borough of Queens, shall neglect or refuse to restore, repave or maintain any pavement in accordance with the provisions of this contract, then the President of the Borough of Queens may restore, repave or maintain the same, and the cost of such restoration, repavement or maintenance, with legal interest thereon, shall be a proper charge against, and may be deducted from, the security fund to be deposited by the Company with the Comptroller, as hereinbefore provided.

Seventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eighth—Within three (3) months after the execution of this contract by the Mayor, the Company shall commence the laying of mains, and within two (2) years thereafter shall have laid and in operation at least five miles of mains within the streets in the territory in which it is hereby granted the privilege to lay its mains, and shall supply gas through the same to the sections known as Queens and Little Neck. The Company shall also, within ten (10) years thereafter have laid, ready to supply gas through the same, a main or conductor, as follows: Commencing at or near Little Neck Bay, then through Main avenue to Alley road; through Alley road to Springfield road, and through Springfield road to Rockaway road; also, from Avenue road, along Rocky Hill road and Hillside avenue to the section known as Holliswood. From and after five (5) years from the date of the signing of this contract the Company shall also lay such further mains as may be directed by the Board. Unless the provisions of this paragraph be fulfilled by the Company, this grant shall cease and determine.

Ninth—In the event that the City finds it necessary to change the grade or line of any street, road or avenue now existing, or which may hereafter be opened in any part of the Borough of Queens, or place therein any new structures, or change the location of any structure therein, the Company agrees that it will make no claim or attempt to obtain any compensation for its expense in relaying or replacing its mains, if the same is necessary to conform to such improvement in or of such street, road or avenue, in the territory in which it is hereby granted the right to lay its mains.

Tenth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its main to such places and along such streets as he may direct, but shall not be required to lay a greater length of main or conductor during any one year than that hereinbefore prescribed, provided, however, that if any public building or public lamps the Commissioner desires to be lighted are situated within one hundred (100) feet of any main or conductor of the Company in a public street, avenue or highway, then and in that case the Company shall be required to extend the same, in addition to the above, in compliance with section 65 of the Transportation Corporations Law (chapter 566 of the Laws of 1890), and a public lamp shall be deemed a building or premise within the meaning of such section.

Eleventh—The gas plant, mains and all appurtenances thereto shall be constructed and operated in the latest approved manner, and shall be operated with the most modern and improved appliances. The gas furnished by the Company shall be of the best quality, and the supply shall be continuous for twenty-four hours in each day during the term of this contract, or any renewal thereof, except for interruption from unavoidable causes over which the Company shall have no control.

Twelfth—The Company shall file with the Board on or before the first day of November in each year a map, plan or diagram, showing the boundaries of the territory in which the Company is authorized to lay its mains by this contract, upon which shall be plainly marked in black the mains laid, up to September 30 of the year preceding, and in red the mains laid during the year ending on the 30th day of September next preceding the date of the filing of such map, plan or diagram. This map, plan or diagram shall have a statement thereon of the number of miles of mains laid up to the 30th day of September of the preceding year, and of the number of miles of mains laid during the year ending on the 30th day of September next preceding the date of the filing of the same, in the words and figures following, viz:

Number of miles of mains laid up to September 30, 19 : miles, feet.
Number of miles of mains laid during the year ending September 30, 19 : miles, feet.

—and shall be certified by the Secretary of the Company. Copies of this map, plan or diagram shall also be filed in the office of the Department of Water Supply, Gas and Electricity, and in the office of the President of the Borough of Queens.

Thirteenth—The gas to be furnished by the Company shall be of the standard at present fixed by law. Said gas shall have an illuminating power of not less than twenty-two sperm candles of six to a pound, burnings at the rate of one hundred and twenty grains of spermaceti per hour, tested at a distance of not less than one mile from the distributing holder by a burner consuming five cubic feet of gas per hour by a flat flame burner giving greatest results at not less than four-tenths of an inch pressure at the point of ignition, and each one hundred cubic feet of gas shall not contain more than five grains of ammonia, nor more than twenty grains of sulphur, nor more than a trace of sulphuretted hydrogen. Provided, however, that should a new process be hereafter generally used to manufacture gas of a higher standard than the gas at present manufactured by the Company, then the Company binds itself to furnish gas equal to that furnished by such new process, should the same be ordered by the Board. And the Company further binds itself to furnish gas of superior candle-power and quality to that herein set forth or ordered by the Board whenever required to do so by any general or local act of the Legislature, and such act shall be deemed a modification of this agreement, but no act providing for the furnishing of an inferior quality of gas shall be deemed in any way affect the provisions of this agreement. The pressure of said gas shall not exceed that fixed by law.

Fourteenth—The Company agrees to provide and furnish to the Department of Water Supply, Gas and Electricity the necessary apparatus and station to conduct tests to ascertain the pressure and quality of the gas furnished by it, if required to do so by the Commissioner of Water Supply, Gas and Electricity. Should any tests made by the said Commissioner of gas furnished by the Company show that said gas is of an inferior quality or other than that specified herein, or is being furnished at a pressure exceeding that fixed by law, the Company shall immediately remedy such defect upon notice from said Commissioner.

Fifteenth—The rates to be charged by the Company in the Borough of Queens for gas furnished by it to the City and to private consumers shall never be in excess of the following, and it is agreed that the same may be reduced by the Board, as hereinafter provided:

For gas furnished to the City for street lighting, to be used in its public buildings, or for gas furnished to any other public buildings located in the Borough of Queens, the sum of seventy-five cents per thousand cubic feet.

For furnishing gas to open-flame lamps, consuming three cubic feet of gas per hour, and burning for a period of three thousand nine hundred and fifty hours in any one year, for each lamp, at each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes and burners, the replacing of cross-heads, lamp-irons and lanterns, and the replacing and repairing of lamp-posts when owned by the Company, a sum not to exceed seventeen dollars (\$17) per year, and for similar services to other open-flame lamps burning a different number of cubic feet per hour, or a different number of hours per year, at proportionate rates.

For furnishing and connecting, ready for use, each mantle gas lamp with improved burner appliances and incandescent mantles, including cocks, tubes, burners, mantles, globes, chimneys, rods, regulating apparatus and all appurtenances necessary for each lamp, at each lamp, and also operating and maintaining it, including illuminating, the operation and maintenance to include the lighting, extinguishing, cleaning, reglazing, repairing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burners, burner appliances, lamp-posts, lanterns, lamp-irons and cross-heads thereto, the sum of twenty dollars (\$20) per lamp, burning three thousand nine hundred and fifty hours in any one year, and for similar service for a greater number of hours at proportionate rates.

For supplying illuminating material other than gas to, and for furnishing and connecting ready for use, each mantle lamp, with improved burner appliances and incandescent mantles, including cocks, tubes, burners, mantles, globes, chimneys, rods and regulating apparatus, necessary for each lamp, at each lamp, and also operating and maintaining it. The operation and maintenance to include the lighting, extinguishing, cleaning, reglazing, repairing and painting of lanterns and lamp-irons, the painting of lamp-posts and cross-heads, the furnishing, repairing and replacing of cocks, tubes, burner appliances, mantles, chim-

neys, globes, rods, regulating apparatus, lanterns, lamp-irons, frames and cross-heads thereto, the sum of twenty-seven dollars (\$27) per lamp burning three thousand nine hundred and fifty hours in any one year, and for similar service for a greater number of hours at proportionate rates.

For gas furnished to private consumers in that portion of the territory in which the Company is hereby granted the right to lay its mains lying in the Third Ward of the Borough of Queens, one dollar and twenty cents per thousand cubic feet during the year nineteen hundred and seven; one dollar and fifteen cents per thousand cubic feet during the year nineteen hundred and eight; one dollar and ten cents per thousand cubic feet during the year nineteen hundred and nine; one dollar and five cents per thousand cubic feet during the year nineteen hundred and ten, and one dollar thereafter, and in that portion of the territory in which the Company is hereby granted the right to lay its mains lying in the Fourth Ward of the Borough of Queens, the sum of one dollar per thousand cubic feet.

The Company also agrees that if in the future any new or improved style of street lighting is available for use it will furnish the same throughout the territory in which it is hereby granted the right to operate at such reasonable prices as may be fixed by the Board, subject to the provisions of this contract.

Sixteenth—The Company shall supply gas to the public buildings and public lamps of all types situated on the line or lines of the mains of said Company throughout the territory in which it is hereby granted the right to lay its mains and furnish open flame and mantle naphtha lamps, where such mains are not laid, if required by the Commissioner of Water Supply, Gas and Electricity, and said public buildings and lamps shall be lighted when required by the City at rates not to exceed those hereinbefore set forth, or as may be hereafter established by the Board. As a condition of this contract the Company binds itself to submit bids or proposals for lighting the public buildings and furnishing and lighting public lamps of all types in the entire territory in which it is granted the right to operate by this contract, along the lines of its mains as they exist or may be extended, whenever the same are advertised or called for by the Commissioner of Water Supply, Gas and Electricity, or his successor in authority, at rates not exceeding those above set forth, or which may be hereafter established by the Board.

Seventeenth—The Company shall also, in any and all bids or proposals which it may hereafter submit for lighting public buildings and lamps in the Borough of Queens, agree to repair such lamp-posts as belong to the City or may be acquired or erected by it, and erect new ones at prices not to exceed the following, except as provided elsewhere in this paragraph:

For each lamp-post straightened, the sum of one dollar and fifty cents (\$1.50).

For each column recalcined, the sum of one dollar and fifty cents (\$1.50).

For each column refitted, the sum of three dollars and fifty cents (\$3.50).

For each service pipe refitted, the sum of six dollars (\$6).

For each standpipe refitted, the sum of four dollars (\$4).

For discontinuing service per lamp, the sum of two dollars (\$2).

For each lamp-post removed, the sum of three dollars and fifty cents (\$3.50).

For each lamp-post reset, the sum of ten dollars (\$10).

For each lamp-post painted, the sum of twenty-five cents (25c.) per coat.

For the erection of each new lamp-post, complete (with service and standpipes when for gas), and with cross-heads, lamp-irons and lanterns in place, the sum of ten dollars (\$10).

For the sale to the City of the gas lamp-posts with gas lamps belonging to the Company, erected ready for use complete with service and standpipes connected, all in good repair, per post, the sum of eight dollars (\$8).

The Company may submit bids for any or all of these items at prices not to exceed twenty-five per cent. in excess of those above set forth, or which may be hereafter fixed by the Board, whenever, in the opinion of the Commissioner of Water Supply, Gas and Electricity these prices appear to be insufficient.

Eighteenth—During the term of this contract or any renewal thereof the Board shall have the power to regulate and fix the maximum and minimum rates to be charged by the Company throughout the territory in which it is hereby granted the right to lay its mains for gas for private lighting, provided such rates shall be reasonable and fair.

The maximum rates herein fixed for public lighting and for repairs and replacements of street lamps and posts shall continue until October 27, 1911, at which time and at the end of each period of five years thereafter during the term of the contract or any renewal thereof, the Board shall have the power to reduce such rates, provided such reduced rates shall be reasonable and fair.

Nineteenth—The Company shall supply gas to all applicants in the territory in which it is authorized to operate, not in arrears for prior bills, owning or occupying premises on streets in which gas mains or conductors are laid, and where the Company has not laid mains or conductors it shall lay the same upon the application, in writing, of the owner or occupant of any building or premises within one hundred feet of any main laid by it, provided he shall pay all money due from him to the Company. The Company, however, shall not refuse to supply gas to any person owning or occupying premises on the line of its mains or to extend its mains for that purpose if there be any rent or compensation in arrears for gas supplied, or for pipes or fittings furnished to a former occupant thereof, unless such owner applying for a supply of gas shall have undertaken or agreed with the former occupant to pay or to exonerate him from the payment of such arrears, and shall refuse and neglect to pay the same, and if for the space of ten days after such application, and the deposit of a reasonable sum as security, if required, in pursuance of section 66 of the Transportation Corporations Law, the Company shall refuse or neglect to supply gas as required, said Company shall forfeit and pay to the applicant the sum of ten dollars, and the further sum of five dollars for every day thereafter during which such refusal or neglect shall continue; provided that the Company shall not be required to lay service pipes for the purpose of supplying gas to any applicant where the ground in which such pipe is required to be laid shall be frozen or shall otherwise, in the opinion of the Board, present serious obstacles to laying the same; nor unless the applicant, if required, shall deposit in advance with the Company a sum of money sufficient to pay the cost of his portion of the pipe required to be laid, and the expense of laying such portion.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the mains of the Company can apply to the Board to compel the Company to comply with the provisions of this contract, and all orders of the Board made on the request of any

such consumer or person shall be complied with by the Company.

The provisions herein made in regard to a penalty for refusal to comply with the provisions of this subdivision of the contract, and requiring the payment of interest on deposits made by consumers, may, in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

The repeal or amendment of section 65 of the Transportation Corporations Law, requiring the Company to extend its mains to supply gas to any building within one hundred feet of its existing mains, upon application for the same, shall not be deemed to in any way affect the provisions of this contract, except that if such amendment requires the Company to do something in addition to or not inconsistent with the provisions of this contract, then, and in that case, the Company shall comply with both the provisions of this contract and the laws of the State in regard to such extensions.

Twentieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twenty-first—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation, merger or sale of corporations or otherwise, to any person or corporation whatsoever, nor shall the Company, its successors or assigns, in any manner consolidate or pool its stock, business or interests, or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such persons or corporations without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving, or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser, upon foreclosure or under or by virtue of any provision of a mortgage or lien.

In the event of any consolidation, sale or merger with any other gas company operating in the same territory whereby any duplication of plant or mains shall be effected, such duplication shall not be included in the assets on which a return is to be provided in fixing a reasonable rate.

Twenty-second—The Company hereby agrees and stipulates that any and all rights which by its incorporation it may now have or may hereafter acquire, under the law, as it now exists or may be hereafter amended or altered, whereby it may purchase, acquire or hold stock, bonds or other evidences of indebtedness in any other corporation, are hereby waived; but the Company may exercise such rights upon acquiring the consent of the Board so to do, under such conditions as it may impose.

Twenty-third—The Company shall submit a report duly verified to the Board not later than November 1 of each year, for the year ending September 30 next preceding, which shall show the following:

- Capital authorized—
 - (a) Preferred stock.
 - (b) Common stock.
 - (c) Bonds (classes to be specified).
 - (d) Debentures.
- Capital issued—
 - (a) Preferred stock.
 - (b) Common stock.
 - (c) Bonds (classes to be specified).
 - (d) Debentures.
- Amount of sinking fund.
- Amount and rate of dividends paid during year.
- Amounts and rates of interest paid on the various classes of bonds during the year.
- Capacity attached to piping—
 - (a) Miles of mains.
 - (b) Street lights.
 1. Open flame.
 2. Mantle lights.
 - (c) House lights.
 - (d) Meters.
 - (e) Number of consumers for light.
 - (f) Number of consumers for fuel.
- Highest price received for gas, per thousand cubic feet.
- Average price received for gas, per thousand cubic feet.
- Authorized price per thousand cubic feet.
- Amount of gas manufactured during year.
- Amount of gas sold during year.
- Detailed statement of total cost of manufacture and distribution of entire amount of gas during year, showing also cost of manufacture and distribution of same per thousand cubic feet.
- Balance sheet showing assets and liabilities in detail.
- Detailed statement of cost of property situated in the Borough of Queens, showing miles and size of mains, number of meters, holders, buildings, machinery, manufactories, interior piping, lamps, service connections, etc., and cost of same, including separately, value of franchise.
- Detailed statement of amount of depreciation on above.
- Detailed statement of present value of above.
- Statement showing stock and bonds owned in other companies, setting forth name of companies, date of acquiring stock, par value, amount paid for and present value of same.
- Statement showing number and location of factories and holders.

A detailed statement showing the kinds and quantities of residuals and the prices received for the same.

And such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing, the Company shall pay a penalty of twenty-five dollars (\$25) per day until such statement or copy of such report is rendered, and in default of such payment, the same, upon order of the Board, may be deducted from the security fund to be deposited by the Company with the Comptroller, as hereinafter provided.

Twenty-fourth—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain the standard fixed by the Board or by law, as set forth above, for the quality of gas furnished by it to the City or private consumers, or exceeds the maximum pressure allowed by law, or fail to maintain its structures in good condition throughout the full term of

its occupancy of such streets, or fail to comply with any provision of this contract, the Board may give written notice to the said Company, specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time said Company shall, for each day thereafter during which the default or defect remains pay to the City the sum of one hundred dollars (\$100), as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, or in default of such payment, the same shall be a proper charge against and may be deducted from the security fund to be deposited with the Comptroller as hereinafter provided.

If, for a period of two consecutive weeks, the gas system of the Company shall not be operated, the Board may declare the right and franchise granted by this contract terminated without further proceedings in law or in equity, if it shall appear, in the judgment of said Board, that the same was not operated through the fault of the Company.

The Company shall, in the exercising of any and all the rights conferred on it by this contract, comply with all the provisions of chapter 429 of the Laws of 1907, establishing the "Public Service Commissions" of the State of New York, and all acts amendatory or additional thereto, and shall immediately upon obtaining the same, furnish to the Board, for filing among its records, a copy of the certificate required to be obtained by the Company under section 68 of such act, certified by the Commission having jurisdiction over the Company.

Twenty-fifth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of New York of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts from all business done by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

And the said Comptroller shall at all times have access to the plant of said Company and on reasonable notice be provided with an inventory thereof.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant, shall thereupon become the property of the City without proceedings at law or in equity.

Twenty-seventh—This grant is upon the express condition that the Company, within thirty (30) days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of one thousand five hundred dollars (\$1,500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of the contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the Company. In case of the failure of the Company to comply with the terms of this contract relating to the filing of annual statements, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events the Company shall pay to the Comptroller of the City a penalty of one hundred and twenty-five dollars (\$125) for each violation.

The procedure for the imposition and collection of the penalties in the grant shall be as follows: The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears, in the judgment of the Comptroller, to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure, withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of one thousand five hundred dollars (\$1,500), and in default thereof the contract may be revoked at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of the grant shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then, and in such case, such other board, authority, officer or officers shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-ninth—The words "notice," "demand" or "direction," wherever used in this contract, shall be deemed to mean a written notice, demand or direction. Every such notice, demand or direction to be served upon the Company shall be delivered at such office in The City of New York as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at The City of New York. Delivery or mailing of such notice, demand or direction as and when above provided shall be equivalent to direct personal notice, demand or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways of the territory in which the Company is authorized to operate by this contract, and nothing contained herein shall be deemed to affect in any way the right of the City to grant a similar privilege upon the same or other terms and conditions to any other person or corporation in any part of the Borough of Queens.

Thirty-first—Whenever this contract requires the Company to do or refrain from doing something in addition to or not inconsistent with the laws of the State or the ordinances of the City, the Company shall be bound to observe the provisions of the contract or any amendments or modifications of the same. This provision shall be deemed to apply to any and all orders, requests and directions of all local authorities vested with powers by this contract, in addition to those conferred upon such authorities by the laws of the State and the ordinances of the City.

Section 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK.

By....., Mayor.

[CORPORATE SEAL.]

....., City Clerk.

By....., President.

[SEAL.]

....., Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates and charges, are as heretofore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Queens Lighting Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to September 20, 1907, in the City Record, and at least twice during the ten days immediately prior to September 20, 1907, in the "New York Daily News" and the "New York Times," two daily newspapers designated by the Mayor therefor, and published in The City of New York, at the expense of the Queens Lighting Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Queens Lighting Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolutions authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on September 20, 1907, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard;

and be it further Resolved, That before the publication of the resolution form of contract and notice of public hearing thereon, heretofore provided for, the said form of contract shall be submitted to the Corporation Counsel for his approval as to form and to incorporate therein such matter as he may deem advisable to fully protect the interests of the City.

JOSEPH HAAG,

Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, September 13, 1907.

PUBLIC NOTICE IS HEREBY GIVEN that promotion examinations for all City departments will be held upon dates to be announced later by this Commission.

These examinations are open to all persons who have served continuously in positions in Part II. (clerical service) and Part VII. (engineering service) in same bureau or office for a period of six months prior to October 1, 1907. (The requisite length of service in a grade is subject to change upon approval by the State Civil Service Commission of the resolution of the Municipal Commission, amending Civil Service Rule XV. so as to require two years' service in new Grade 1 and three years' service in new Grades 2, 3 and 4.)

Office Boys to be eligible must have reached the age of eighteen or have had two years' service upon filing of applications. Junior Clerks and others must have reached the age of twenty-one to be eligible for Senior Clerk. For all other positions applicants must be twenty-one.

Promotion lists now in existence will continue in force for a period of one year from date of promulgation, and until new lists are announced.

Applications can be procured at once from the application desk (Room 1119), and can be filed only after October 1 and until 4 p. m. October 31, 1907.

The efficiency records called for by Rule XV, paragraph 7, as amended, must be completed to September 30 and a transcript thereof must appear upon the application blank properly filled out and signed by the person designated by each appointing officer.

No further notice of these examinations will be sent to any department.

No personal application will be considered, and no one will be examined who has not filed an application.

Examinations for promotion to positions other than those in Parts II. and VII. of the competitive class will be held only upon special request.

THIRD JUDICIAL DISTRICT.

ULSTER COUNTY.

Ashokan Reservoir, Section No. 8.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 and the acts amendatory thereof. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the Court House in the City of Kingston, N. Y., on the 21st day of September, 1907, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County where the real estate hereinafter described is situated, to act as Commissioners of Appraisal and discharge all the duties conferred upon such Commissioners of Appraisal for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Olive, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster and State of New York, shown on a map entitled "Reservoir Department, Section No. 8, Board of Water Supply of The City of New York. Map of real estate situated in the Town of Olive, County of Ulster and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of Brodhead and West Shokan, west of railroad," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 18th day of July, 1907, bounded and described as follows:

SUPREME COURT—NINTH JUDICIAL DISTRICT.

NINTH JUDICIAL DISTRICT.

PUTNAM COUNTY.

Catskill Aqueduct, Section No. 2.

In the matter of the application and petition of J. Edward Simmons, Charles A. Shaw and Charles N. Chadwick, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905, in the Town of Philipstown, County of Putnam, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN that the second Separate Report of John J. Delany, William Wood and George F. Secor, who were appointed Commissioners of Appraisal in the above-entitled matter, by an order of the Supreme Court, made at a Special Term thereof, held at the Court House in White Plains, Westchester County, January 19, 1907, was filed in the office of the Clerk of the County of Putnam on the 24th day of August, 1907.

Said report bears date of August 16, 1907, and affects Parcels Nos. 51, 52, 67, 71, 74, 75, 76, 84, 85, 86 and 87 in this proceeding.

Notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Ninth Judicial District at the Court House in White Plains, Westchester County, N. Y., on the 5th day of October, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order confirming said report, and for such other and further relief as may be just.

Dated New York, September 9, 1907.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
