No. 685.

AN ORDINANCE to prevent non-residents of the State of New York from holding employment in any of the departments or branches of the government of The City of New York.

Be It Ordained, By the Board of Aldermen of The City of New York, as follows:

Section 1. No person not a citizen and an actual resident and dweller in good faith in the State of New York shall be eligible to appointment or employment in any of the departments, boards, bureaus or branches of the government of The City of New York.

Sec. 2. Any person who now is, or who shall become after such appointment or employment, a citizen, resident or dweller outside the State of New York, shall thereby forfeit and shall be removed from his said appointment or employment.

Sec. 3. The provisions of this ordinance shall not apply to appointments or employments for services or work to be performed for The City of New York outside the State of New York; nor to a temporary appointment or employment for a specified service or work where peculiar or exceptional qualifications of a scientific, professional or educational character are necessary. Prior to such temporary appointment or employment evidence in writing shall be furnished that the services or work to be performed cannot be well done by any citizen and actual resident of the State of New York who can be discovered, and that the non-resident person proposed to be appointed or employed is generally recognized as one possessing such exceptional qualifications in a high degree. No appointment or employment under this section shall be valid unless the consent of the Mayor shall be first obtained; and he may require the Civil Service Commission to pass upon the matter, and certify whether such appointment or employment be necessary, and whether the non-resident person proposed therefor be competent, and also necessary for lack of a citizen and actual resident of the State of New York who is competent.

(At the meeting of the Board on May 1, 1913, this matter was laid over for one week.)

On motion of the Acting President of the Borough of Manhattan the matter was again laid over one week (May 15, 1913).

Removal of Sidewalk Encroachments in East 34th Street, from Park Avenue to Lexington Avenue, and in Park Avenue, from East 34th Street to East 35th Street, Borough of Manhattan (Cal. No. 2).

(At the meeting of the Board on May 1, 1913, this matter was laid over for one week.)

On motion of the Acting President of the Borough of Manhattan the matter was again laid over one week (May 15, 1913).

Discontinuance of the Proceeding for Acquiring Title to West 168th Street, from Amsterdam Avenue to Jumel Place, Borough of Manhattan (Cal. No. 3).

(At the meeting of the Board on January 23, 1913, this matter was laid over for two weeks, on February 6 for two weeks, on February 20 for two weeks and on March 6 for three weeks.)

(On March 27, 1913, it was referred to a committee consisting of the President of the Board of Aldermen, the President of the Borough of The Bronx and the President of the Borough of Manhattan for report in one week. On April 3 it was laid over for three weeks, on April 24 for one week, and on May 1 for one week.)

On motion of the Acting President of the Borough of Manhattan the matter was again laid over for one week (May 15, 1913).

Laying Out a Public Park to Comprise the Block Bounded by South 5th Street, Wythe Avenue, South 4th Street and Berry Street, Together With That Portion of the Block Bounded by South 5th Street, Berry Street, South 6th Street and Wythe Avenue Not Already Owned by the City, Borough of Brooklyn (Cal. No. 4).

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, April 30, 1913.

The Honorable the Board of Estimate and Apportionment:

Gentlemen—On March 27, 1913, there was referred back to me the report of the Chief Engineer of the Board upon the resolution passed by the Local Board of the Williamsburg District for laying out on the map as a public park the land situated between South 4th and South 6th streets, Wythe avenue and Berry street, not already owned by the City. The Chief Engineer reported that there was no objection to this acquisition, provided that the cost of same was paid by special assessment upon the property benefited. I had the petition referred back to me in order that I might ascertain the wishes of the property owners upon this proposition.

I held a hearing on this matter on Monday, April 28, and the feeling of the interested property owners is almost unanimous against the acquisition of the property. I would, therefore, recommend that the petition of the property owners asking that the land be acquired for a park be denied. Yours very truly,

ALFRED E. STEERS, President of the Borough.

1250 Halsey Street, Brooklyn, April 30, 1913.

Board of Estimate New York City:

Gentlemen—The Brooklyn "Times" of last evening states that Borough President Steers is about to offer a report to you adverse to the proposed improvement to the Eastern District Public Park under the Williamsburg Bridge. According to this same paper, he will do this because the property owners in this locality are unanimously opposed to the improvement.

Now, if I rightly understand the situation, this statement of the case is entirely erroneous. It was my privilege last Monday afternoon to attend the hearing at the Borough President's office, and, unless my eyes and ears greatly deceive me, the overwhelming majority of those present expressed themselves heartily in favor of having the proposed improvements take place, but were almost unanimously opposed to levying a local assessment to pay for the acquired property, believing the burden should be assumed by the entire City. These two points were clearly and strongly voiced by those present, and, to judge from remarks afterwards made by the Borough President himself, this was the distinct understanding he had of the case.

I am myself a property owner in that locality, and know from personal conversation with quite a number of other adjacent owners that it is the general desire to have the park remain there and the proposed improvements carried out. The only objection really is to the proposed local assessment to meet the expense involved. They do not care to shoulder that burden, and that for the simple reason that all the surrounding property has so depreciated in value since the bridge was built as to make the load too heavy to carry. Not only that, but within the past three or four years there has been a steady decrease in rents. Under these distressing circumstances, therefore, it would hardly be just to impose this new burden upon us. In fact, this depreciation in the value of our property is a calamity brought upon us by the City itself in building the bridge, and it is but right in return that the City, in a measure at least, should help us out of our difficulty.

I trust I have made my meaning clear, gentlemen, and that as a matter of common justice you will improve our park and spare us the heavy burden of extra taxation. Sincerely yours, Rev. HENRY H. PARRY.

Mr. Clarence C. Ferris appeared and urged the acquisition of a portion of this property for a public park.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby disapproves the resolution adopted on March 14, 1912, by the Local Board of the Williamsburg District, Borough of Brooklyn, recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out as a public park, or playground, the property comprising Block 2442, bounded by Berry street, South 5th street, Wythe avenue and South 4th street, and the remaining portion of Block 2455, not already owned by the City, and bounded by Berry street, South 6th street, Wythe avenue and South 5th street.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Changing the Grade of East 138th Street, from Brown Place to St. Anns Avenue, and of Brook Avenue, from East 137th Street to East 139th Street, Borough of The Bronx (Cal. No. 5).

(At the close of the public hearing on April 10, 1913, this matter was laid over for two weeks, and on April 24 it was laid over for two weeks.)

Mr. John R. Halsey appeared and requested that the matter be again laid over for two weeks.

On motion of the President of the Borough of The Bronx the matter was laid over for two weeks (May 22, 1913).

Reapportioning the Cost and Expense of Acquiring Title to Westchester Avenue, from West Farms Road to Eastern Boulevard; to Lane Avenue, from Westchester Avenue to West Farms Road, and to the Public Place Bounded by Lane Avenue, West Farms Road and Westchester Avenue, Borough of The Bronx (Cal. No. 6).

(At the close of the public hearing on May 1, 1913, this matter was laid over for one week.)

The Secretary presented the following:

L. Napoleon Levy, 128 Broadway, New York, May 5, 1913.

Secretary of the Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sir—I enclose herewith the petition of property owners to increase the area of assessment in the matter of the extension of Westchester avenue in the Borough of The Bronx. Will you kindly have the same placed upon the calendar for next Thursday's hearing of the Board, and oblige, Yours truly,

L. NAPOLEON LEVY.

In the matter of acquiring title to Westchester avenue, from West Farms road to Eastern boulevard; to Lane avenue, from Westchester avenue to West Farms road, and to the public place bounded by Lane avenue, West Farms road and Westchester avenue, Borough of The Bronx.

To Honorable Mayor and Board of Estimate and Apportionment of The City of New York:

The undersigned, in their own behalf and that of other owners affected by the above proceeding, hereby respectfully show that the area of assessment adopted heretofore in this proceeding extended 2,000 feet from the public place and 1,200 feet on both sides of the avenue as acquired and extended from the public square to the Eastern boulevard;

That said avenue was laid out as an extension of old Westchester avenue in order to afford a route for a trolley system, and for the subway to Pelham Park;

That the public place cost about $500,000, which amount has been added to the assessment for acquiring the extended Westchester avenue;

That said public place is not a benefit to the property immediately adjoining it but is a detriment and damage thereto; it is not a benefit to the land fronting on said extended avenue to Pelham Park; that the cost of said public place ought by right be paid wholly by the City at large; it is a park, not a public place, being enclosed and laid out as a park;

That the burden of acquiring said avenue and public place is enormous and more than the value of the lands fronting thereon;

That said public place is situate at the intersection of old Westchester avenue and Westchester avenue extension in this proceeding, and, if the cost is to be paid for by an assessment, such cost, together with cost of the avenue as extended, should be assessed on property along said old Westchester avenue for its entire length to 3d avenue, as the same is benefited by said extension, said area should also be extended over Pelham Park, as the same is benefited by the direct connection afforded by the avenue in this proceeding with the Boroughs of Manhattan and The Bronx;

That the interest charges on the awards now amount to at least 25 per cent.;

That a great injustice will be done to property owners if they are obliged to pay the assessment, even excluding the interest charges;

The lots fronting on the extended avenue are not worth more than $1,500 each; the assessment will amount to at least $1,800 per lot.

There are many precedents for extending the area over old Westchester avenue for its entire length, viz., 7th avenue extension in Manhattan, the area extends from 11th street to 59th street.

Tremont, or 177th street extension, the area was extended over the old street from the Bronx River to Webster avenue, as well as other instances.

Your petitioners therefore pray that said area of assessment be extended along Westchester avenue to 3d avenue and over all of Pelham Park west of Eastchester Creek or Hutchinson River; and your petitioners will ever pray.

Dated New York City, May 5, 1913.

L. NAPOLEON LEVY, SAMUEL COHEN, BRONX PARKWAY REALTY CO., and others.

Mr. Edward L. Kalish appeared and urged an extension of the area of assessment.

On motion of the President of the Borough of The Bronx the matter was referred to him for further consideration.

Extending Crotona Parkway, so as to Include the Block Bounded by East 175th Street, Boston Road and Southern Boulevard, Borough of The Bronx (Cal. No. 7).

(At the meeting of the Board on March 27, 1913, this matter was laid over for two weeks, and on April 10 it was laid over for four weeks.)

The Secretary presented the following:

Leonard Klaber, Attorney and Counselor at Law, 20 Vesey Street, New York, May 3, 1913.

To the Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sirs—On the calendar of April 10, 1913, Number 3, there was submitted a petition to your Board, requesting the acquisition of the block bounded by 175th street, Southern boulevard and Boston road, for parkway purposes. The matter was thereupon adjourned for one month.

I write on behalf of a number of property owners to oppose this matter, and enclose herewith petitions in opposition signed by a number of such owners, and request that I may be heard when the matter comes up before your Board.

The main point in opposition is, that in the opinion of the property owners, the value of the improvement will not justify the expenses if it is in any wise to be regarded as a local improvement and property in the neighborhood assessed for the same. Yours very truly, LEONARD KLABER.

To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—We, the undersigned, owners of property located in the vicinity of East 175th street, Boston road and Southern boulevard, Bronx, New York City, do respectfully oppose the suggested acquisition by The City of New York of the block bounded by East 175th street, Boston road and Southern boulevard, Borough of The Bronx, City of New York, for parkway purposes. Among other reasons for our opposition, is that we do not consider the improvement will benefit the property in the vicinity to sufficient extent to justify the assessment for local benefit, which is likely to be imposed.

Dated New York, April 30, 1913.

FINLEY & HINDERSON, H. HAHNANFELD and others.

On motion of the President of the Borough of The Bronx the matter was again laid over for four weeks (June 5, 1913).

Vesting Title to Havemeyer Avenue, from Watson Avenue to Waterbury Avenue, and to a Short Adjoining Section of Haviland Avenue, Borough of The Bronx (Cal. No. 8).

(At the meeting of the Board of April 3, 1913, this matter was laid over for one week, on April 10 it was laid over for one week, on April 17 for two weeks, and on May 1 for one week.)

On motion of the President of the Borough of The Bronx the matter was again laid over for one week (May 15, 1913).

Sewer in Marmion Avenue, from East 175th Street to East 176th Street, Borough of The Bronx (Cal. No. 9).

(Preliminary Authorization.)

(At the meeting of the Board on April 17, 1913, this matter was laid over for two weeks, and on May 1 it was laid over for one week.)

The President of the Borough of The Bronx offered the following resolution:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Crotona District, duly adopted by said Board on the 8th day of April, 1913, and approved by the President of the Borough of The Bronx on the 9th day of April, 1913, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For constructing a sewer and appurtenances in Marmion avenue, between East 176th street and East 175th street, and all work incidental thereto, in the Borough of The Bronx, City of New York,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of The Bronx to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization, to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of The Bronx has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Paving Clason Point Road, from Westchester Avenue to the East River, Borough of The Bronx (Cal. No. 10).

(At the meeting of the Board on March 27, 1913, the matter of the distribution of the cost of paving this street was referred to the Chief Engineer of the Board and the Corporate Stock Budget Committee.)

The Secretary presented the following:

Henry C. Schaefer, Real Estate and Insurance, 763 Courtlandt Avenue, New York, May 1, 1913.

Board of Estimate and Apportionment, City Hall, New York City:

Gentlemen—I herewith enclose you petition signed by various property owners on and adjacent to Clason Point road who would be subject to an assessment for paving Clason Point road, if said assessment would be approved by your Honorable Board.

As the bed of Clason Point road is not in condition to pave at this time, as the road is continually sinking, I request your Honorable Board to inform me when the same comes up for hearing, that I may be personally present.

The enclosed list is one of the many petitions which have been given in evidence to the Local Board of Chester, representing about one-half of the property owners who would be affected by this assessment, who are not in favor of it at this time.

The dissension is growing daily, and it would be an injustice to the property owners to have the paving done and have your Board approve of this assessment at the present time. Yours very truly, HENRY C. SCHAEFER.

March , 1913.

To the Local Board of Chester:

We, the undersigned property owners and taxpayers of The City of New York, owning property abutting on Clason Point road in the Borough of The Bronx, City of New York, respectfully petition and allege as follows:

A petition has been filed asking for the paving of Clason Point road in said Borough with a preliminary pavement of bituminous concrete, from Westchester avenue to Long Island Sound. This is to be paid for by adjoining property owners and is estimated to cost approximately $150 for each lot having a frontage of 25 feet on said road. We do not desire to oppose necessary public improvements of any kind, but we feel that in this case there exists no necessity at present for a pavement such as is asked for, for the following reasons:

1. The neighborhood through which the said Clason Point road runs is not yet sufficiently populated to warrant an expenditure such as is at present contemplated for paving purposes.

2. The said road is only actually used for approximately four months of the year, during which time it is a thoroughfare to the amusement resorts, bathing pavillions, etc., located at the extreme end of the road, and practically isolated from the surrounding neighborhood, as is proper. During said period the majority of owners of property located on said road get practically no benefit whatsoever from the traffic, which invariably boards trolley cars and other vehicles at Westchester avenue and rides directly to the extreme end of the line.

It might safely be said that traffic of this kind is a detriment to the property.

3. No gas mains have yet been laid, and if the road is now paved it will be necessary subsequently to rip up the pavement in order to lay pipes, etc., for above purpose.

4. No street leading into Clason Point road has yet been put in such condition as to be used by the public.

5. The present road, if properly taken care of, is amply sufficient to respond to the traffic of only four months that it is subjected to.

6. The owners of property abutting and adjoining Clason Point road have already been subjected to heavy assessments for various improvements in that locality, and assessments for opening streets and avenues are now pending or imminent, and it is submitted that an assessment for paving Clason Point road at this time would be a great hardship to the majority of property owners, who derive no benefit therefrom, and in some cases would amount to confiscation.

Wherefore we respectfully petition your Honorable Board to deny the petition for paving Clason Point road at present, with leave to renew at a more propitious time. Respectfully submitted

HENRY C. SCHAEFER and others.

On motion, the matter was referred to the Chief Engineer and the Corporate Stock Budget Committee.

Determining the Grade at Which the Widened Part of 3d Avenue Between East 189th Street and Pelham Avenue Shall Cross the Tracks of the New York and Harlem Railroad, Borough of The Bronx (Cal. No. 11).

(At the meeting of the Board on April 17, 1913, in connection with the acquisition of title to the lands for this widening, a resolution was adopted requesting the Public Service Commission for the First District to determine the grade at which the street shall cross the tracks of the New York and Harlem Railroad.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau Street, New York, April 29, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Dear Sir—Transmitted herewith and hereby served upon The City of New York is a certified copy of a resolution in Case No. 1673, adopted by the Commission at a meeting on April 29, 1913, directing a hearing upon application relative to the grade of opening of the widening of 3d avenue between East 189th street and Pelham avenue, in The Bronx, across the tracks of the New York and Harlem Railroad Company.

Please acknowledge receipt of the enclosure. Yours very truly,

TRAVIS H. WHITNEY, Secretary.

At a stated meeting of the Public Service Commission for the First District, duly held at its office No. 154 Nassau street, in the Borough of Manhattan, City and State of New York, on the 29th day of April, 1913,

Present—Milo R. Maltbie, Acting Chairman; John E. Eustis, George V. S. Williams, Commissioners.

In the Matter of the Application of The City of New York, pursuant to section 90 of the Railroad Law, relative to widening across the tracks of the New York and Harlem Railroad Company of 3d avenue, between East 189th street (Welch street) and Pelham avenue, in the Borough of The Bronx, City of New York.

CASE NO. 1673—RESOLUTION FOR HEARING WITH NOTICE.

Whereas, An application has been made by The City of New York by resolution of the Board of Estimate and Apportionment, adopted April 17, 1913, to this Commission, pursuant to section 90 of the Railroad Law, to determine whether the opening of the widening of 3d avenue, between East 189th street (Welch street) and Pelham avenue, in the Borough of The Bronx, City of New York, should pass over or under or at grade of the tracks of the New York and Harlem Railroad Company.

Now, therefore, it is

Resolved, That a hearing be had on said application in the Hearing Room of the Public Service Commission for the First District, No. 154 Nassau street, Borough of Manhattan, City of New York, at 2.30 o'clock in the afternoon of May 19, 1913. And it is further

Resolved, That notice of said hearing be given to all owners of land affected by the proposed widening of said avenue, and to all owners of land adjoining the tracks of the New York and Harlem Railroad Company at or near the point of intersection of the proposed widening of said avenue by publishing a copy of the annexed notice of hearing in the CITY RECORD on May 1, 2, 3, 5, 6, 7, 8, 9 and 10, 1913, and that notice of said hearing be served on the New York and Harlem Railroad Company by service of a copy of the said notice personally on an officer of said Company at least fourteen days in advance of the date set for said hearing, and that notice of said hearing be served on The City of New York not less than fourteen days prior to the date set for said hearing. BY THE COMMISSION,

(SEAL.) JAMES B. WALKER, Acting Secretary.

State of New York, County of New York, ss.:

I, James B. Walker, duly designated by Travis H. Whitney, Secretary of the Public Service Commission for the First District, to perform the duties of such Secretary in his absence, and the said Travis H. Whitney being now absent, do hereby certify, as Acting Secretary of the Public Service Commission for the First District, and pursuant to said designation, that I have compared the above with the original adopted by said Commission on April 29, 1913, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof I have hereunto subscribed my hand and affixed the seal of the Commission this 29th day of April, 1913.

(SEAL.) JAMES B. WALKER, Acting Secretary.

State of New York—Public Service Commission for the First District.

In the Matter of the Application of The City of New York, pursuant to section 90 of the Railroad Law, relative to widening across the tracks of the New York and Harlem Railroad Company of 3d avenue, between East 189th street (Welch street) and Pelham avenue in the Borough of The Bronx, City of New York.

CASE NO. 1673—PUBLISHED NOTICE OF HEARING.

Pursuant to section 90 of the Railroad Law, the Public Service Commission for the First District hereby gives notice to the New York and Harlem Railroad Company, The City of New York and to all owners of land adjoining said railroad on that part of 3d avenue between East 189th street (Welch street) and Pelham avenue in the Borough of The Bronx, City of New York, to be widened across the tracks of the New York and Harlem Railroad Company, that the Public Service Commission for the First District will hold a public hearing in its Hearing Room, No. 154 Nassau street, Borough of Manhattan, City of New York, on May 19, 1913, at 2.30 o'clock in the afternoon, for the purpose of hearing an application made by The City of New York to determine whether the said widening of 3d avenue shall pass over or under or at grade of the tracks of the New York and Harlem Railroad Company, and to determine the manner and method of constructing the widening of 3d avenue across said railroad tracks, the grade or grades of the street and such other matters pertaining thereto as may be brought before the Commission under the provisions of the Railroad Law.

Dated New York, April 29, 1913.

PUBLIC SERVICE COMMISSION.

On motion of the President of the Borough of The Bronx, the Chief Engineer of the Board and the Consulting Engineer of the Borough of The Bronx were directed to attend the hearing before the Public Service Commission.

Temporary Sewer in North 15th Street, Between High Street and Schleicher Court, Borough of Queens.

Drainage Plan for Temporary Sewer in North 15th Street, Between High Street and Schleicher Court, Borough of Queens (Cal. No. 12).

(Preliminary Authorization.)

(At the meeting of the Board on April 17, 1913, this matter was laid over for one week, and on April 24 it was laid over for two weeks.)

The President of the Borough of Queens offered the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves the drainage plan for temporary sewer in North 15th street, between High street and Schleicher court, in the 3d Ward, Borough of Queens, bearing the signature of the President of the Borough and dated October 10, 1911.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The President of the Borough of Queens offered the following:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 6th day of October, 1911, and approved by the President of the Borough of Queens on the 13th day of October, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct a temporary sewer and appurtenances in 15th street, from High street to Schleicher court, 3d Ward of the Borough of Queens, for the purpose of abating a nuisance and to prevent damage to property,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property to be benefited;

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment;

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Changing the Width of the Roadway of Myrtle Avenue, from the Brooklyn Borough Line to Cooper Avenue, Borough of Queens (Cal. No. 13).

(At the meeting of the Board on April 17, 1913, this matter was laid over for one week, on April 24 it was laid over for one week, and on May 1 for one week.)

On motion of the President of the Borough of Queens, the matter was again laid over for one week (May 15, 1913).

Change in Specifications for Repaving with Asphaltic Concrete (Topeka Sterling Specifications) or Some Other Suitable Asphaltic Concrete Pavement, the Roadways of Certain Streets, Roads and Avenues in the Borough of Queens (Cal. No. 14).

The Secretary presented the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 22, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 11, 1912, the Board of Estimate and Apportionment approved expenditures to the amount of $1,060,650 for repaving with asphaltic concrete (Topeka Sterling specifications) or some other suitable asphaltic concrete pavement, the roadways of certain streets, roads and avenues in the Borough of Queens.

In December, 1912, attention was called to the fact that the terms of the specifications as originally prepared had been changed so as to admit of the use of an extremely low grade of asphalt.

It was provided in the original specifications that the asphaltic cement should have a specific gravity greater than 0.99 at 77 degrees Fahrenheit, and that when tested for ductility at 77 degrees Fahrenheit, a briquette of pure bitumen of the asphaltic cement, having a minimum cross-section of 1 centimeter square, must elongate to a distance of more than 15 centimeters.

From a report by an Assistant Engineer of the Department of Finance, dated January 18, 1913, it appears that upon examination of 19 contracts for these pavements, 7 were let as originally prepared, while 12 had been changed to provide that the specific gravity of the asphaltic cement should be 0.975 at 77 degrees Fahrenheit, instead of 0.99, and that, when tested for ductility, the pure bitumen should have an elongation of more than 2 centimeters instead of 15 centimeters, as originally stipulated.

The Assistant Engineer states in his report in part as follows:

"The ductility test indicates the cementitious and flowing qualities of the asphaltic cement, both being necessary and important properties in binding together the other ingredients and in forming a smooth, resilient and lasting pavement. * * * if all other tests are satisfactory the specific gravity should not fall below 0.99. In decreasing the tests for ductility it appears that it became necessary to decrease the specific gravity requirements."

Attention is called in the report to the fact that while the pavements were being laid in the Borough of Queens during 1912, numerous tests of the asphalts used were made at the Standard Testing Laboratory by Mr. Otto H. Klein, Director.

Of 142 tests made, 41 were from material furnished in accordance with specifications (No. 1), as originally prepared and 101 from material furnished in accordance with specifications (No. 2), as amended.

In a report dated August 27, 1912, addressed to the Commissioner of Accounts, Mr. Klein states, as follows:

"From the printed specifications submitted, I notice that on page 51, specifications No. 2, the specific gravity has been changed from greater than 0.99 to 0.975, at 77 degrees F.; also the ductility at 77 degrees F. from 15 c. to 2 c.

"I consider a 2 c. ductility *entirely inadequate for an asphaltic cement to produce a lasting and serviceable pavement.*

"I feel, therefore, compelled to caution the President of the Borough of Queens, and to call his special attention to this change."

In a number of the reports of tests by Mr. Klein after the change in the specifications was made the statement is frequently made that the samples are "soft, greasy and non-coherent."

In conclusion, the Assistant Engineer states as follows:

"I am of the opinion that the changes in the specific gravity and ductility tests are extremely liable to shorten the life of these pavements and make them generally inferior."

On January 18 a copy of the report was transmitted to the President of the Borough of Queens with request for an expression of opinion on the merits of the statements made both by the Assistant Engineer and by Mr. Klein in his reports of tests.

On February 14, the President replied, transmitting reports signed by Professor Arthur H. Blanchard, of Columbia University, and Mr. Foster Crowell, Consulting Engineer, Borough of Queens.

Professor Blanchard says that he has examined many miles of the various kinds of asphalt pavements in connection with the construction of which "Pioneer" asphalts have been used ("Pioneer" is the trade name for an asphalt used in Queens, showing low ductile test), and that these pavements have been found uniformly excellent in character and equal in quality to those constructed with any high grade asphalt on the market. He cites numerous instances of excellent pavements and surfaces, laid with "Pioneer" asphalt in the various cities of the United States and Canada, but in no single instance does he state what has been the life of any of these pavements.

I am informed that at the convention of the Association for Standardizing Paving Specifications, held in Pittsburgh last February, it was unanimously decided not to recommend a low ductility asphalt and that specifications providing a minimum ductility of asphaltic cement of 20 centimeters at 77 degrees F. were adopted.

As regards a specific gravity requirement of 0.99 at 77 degrees F., which the professor says is

"not based on any known inherent property covered by that requirement, but rather means in the opinion of those advocating such limitations that those asphalts which do not have a specific gravity over 0.99 must be shut out."

He cites an opinion of Mr. Felix Kleeberg, Chemist, Bureau of Highways, as follows:

"A specific gravity requirement is of no particular value as indicating cementitiousness or other desirable qualities."

It is not contended by the Assistant Engineer of the Department of Finance that a specific gravity of 0.99 is evidence of any particular property of the bitumen, but, as he states in his report:

"* * * if all other tests are satisfactory the specific gravity should not fall below 0.99."

I am informed that past experiments have demonstrated to highway engineers and chemists that asphaltic cements which have given good service have had a specific gravity greater than 0.99, and that the specific gravity of the cement is specified in order to form a check on the other requirements.

Mr. Foster Crowell, Consulting Engineer, Borough of Queens, in a communication dated February 1, 1913, addressed to the President of the Borough of Queens, replying to the criticisms of the Engineer of the Department of Finance, and Mr. Otto H. Klein, Director of the Standard Testing Laboratory, says:

"I think it will clear the situation to state that the particular pavements on which the material was used in which the specific gravity and ductility tests were low, samples of which were defined by Mr. Klein as 'soft, greasy and non-coherent,' turn out to be among the very best of all the pavements laid."

Two pavements are cited which he says form the subject of Mr. Klein's "most sweeping condemnation." These are Metropolitan avenue, between Dry Harbor road, Middle Village, and Fulton street, Jamaica, and Jackson avenue (Broadway), from Murray street to the city line. Mr. Crowell says that after they had been *some weeks* in service he personally examined them, and both were found to be in fine condition.

Mr. Crowell further states:

"With some few exceptions the work under the contracts referred to in the report of the Assistant Engineer of the Department of Finance are reported in fine condition. The exceptions, however, are not on these contracts where low ductility material was used. The least satisfactory of all pavements are two on which high ductility material was used."

The condition of a pavement only *some weeks* after it has been laid cannot be accepted as indicative of what the future life or character of the pavement will be.

Mr. Crowell states that upon a subsequent examination being made in the month of January, but "twelve slight depressions, the largest less than one yard square, were found," in Metropolitan avenue.

An inspection of this avenue was recently made by an Assistant Engineer of the Department of Finance and Mr. Klein. I am informed that many depressions existed not only in the middle of the roadway, but the wearing surface had been displaced adjoining the triple row of bricks on either side.

A recent chemical examination of the pavement of one of the streets Mr. Crowell referred to as being in poor condition, although laid with high ductility asphalt, was made by the Standard Testing Laboratory at the request of the President of the Borough of Queens. This examination was undertaken with a view of determining the cause of the disintegration of the pavement. It was found that the failure was due to easily avoidable causes, consisting of a mineral aggregate of an improper size combined with insufficient asphalt to bind it together, the existence of both of these conditions being due to violations of the specification requirements. In his report on this pavement, Mr. Klein further remarks that during its construction no samples of the paving mixture were submitted to the Standard Testing Laboratory. These conditions did not affect Metropolitan avenue, which was laid with a mixture containing the proper size of mineral aggregate and sufficient asphalt to bind it together well.

I am informed that in no instance heretofore has there been a ductility requirement of less than 15 centimeters in any contract for asphalt pavements in any of the five boroughs of The City of New York.

The changes in the specifications appear to have been an experiment on a large scale, and as so many miles of streets have been laid with this material, I believe that the experiment was made on an unnecessarily large scale. Any further laying of pavements with this material should, therefore, be prohibited until the pavements laid with the "Pioneer" or other low ductility brand of asphalt have shown their wearing qualities, which only can be determined after a lapse of several years.

In view of the foregoing, I recommend the adoption of the attached resolution.

Respectfully, WILLIAM A. PRENDERGAST, Comptroller.

On motion of the Comptroller, the matter was referred to the Chief Engineer of the Board and the Consulting Engineers of the five boroughs.

Recommendation for the Purchase of Inwood Hill as a Public Park, Borough of Manhattan (Cal. No. 15).

The Secretary presented the following:

Thomas A. Wilson, Real Estate, 320 Broadway, New York, May 5, 1913.

Board of Estimate, City of New York:

Gentlemen—I sincerely trust that your honorable Board can see its way clear to purchase the Inwood Hill tract to be used as a park. Many of us who live in the extreme upper section of Manhattan find a great deal of pleasure on account of its rugged and natural beauty. As far as I know there is no park in the City that gives one the soothing effect of the woods, but the Inwood Hill tract, in my opinion, would fill that need with the greatest satisfaction. Yours very truly,

THOMAS A. WILSON.

2461 Amsterdam Avenue, May 5, 1913.

The Board of Estimate:

Gentlemen—If it is possible for you to purchase Inwood Hill, to be kept as a City park, it will be a great blessing to us of Washington Heights who must remain in the City most of the summer. This tract affords all the pleasures of the country, and would not be available for building purposes. As this is the last bit of real nature left to us on the Island of Manhattan, I hope that you will find it advisable to preserve for the pleasure and health of the residents here. Respectfully yours,

MRS. LINDA D. WILSON.

On motion, the matter was referred to the President of the Borough of Manhattan.

Regulating and Grading Unionport Road, from Morris Park Avenue to West Farms Road (Walker Avenue), Borough of The Bronx (Cal. No. 16).

(Preliminary Authorization.)

The Secretary presented the following resolution of the Local Board of the Chester District, communication from the President of the Borough of The Bronx and report of the Chief Engineer:

In Local Board of Chester, 23d District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now, therefore, it is

Resolved, By the Local Board of Chester, 23d District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating, grading, setting curbstones, flagging the sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Unionport road, from Morris Park avenue to Walker avenue, and all work incidental thereto, in the Borough of The Bronx, City of New York, and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Chester, 23d District, on the 25th day of September, 1912, Aldermen O'Neil and Mulligan and the Acting President of the Borough of The Bronx voting in favor thereof. Negative, none.

Attest: GEO. DONNELLY, Secretary.

Approved and certified this 27th day of September, 1912.

THOMAS W. WHITTLE, Acting President of the Borough of The Bronx.

City of New York, President of the Borough of The Bronx, 3d avenue and 177th street, Office of the President, May 3, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—Under date of September 27, 1912, there was forwarded to the Board of Estimate and Apportionment a resolution of the Local Board of Chester, adopted at its meeting of September 25, 1912, providing for regulating and grading Unionport road, from Morris Park avenue to Walker avenue. A proceeding for acquiring title to Unionport road, from Morris Park avenue to White Plains road, near Baker avenue, is advancing; Commissioners having filed their oaths January 2, 1913, and, under chapter 142 of the Laws of 1913, title can therefore be vested at any time. Title to that portion of Unionport road between White Plains avenue and Walker avenue is now in the City.

In view of the anticipated development of this section, due to the proposed new transit lines, the owners are urging that improvements be made. I would therefore request that authorization be granted for the grading of Unionport road, between Morris Park avenue and Walker avenue, at the next meeting of the Board of Estimate and Apportionment. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

Report No. 12518. May 6, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on September 25, 1912, initiating proceedings for grading, curbing and flagging Unionport road, from Morris Park avenue to West Farms road (Walker avenue).

Title to this street, from White Plains road to West Farms road, has been legally acquired.

An opening proceeding relating to the remaining section from Morris Park avenue to White Plains road, near Baker avenue, was instituted by the Board of Estimate and Apportionment on November 16, 1911. The oaths of the Commissioners of Estimate and Assessment were filed on January 2, 1913, and title to the land can be vested in the City at any time.

The resolution now presented affects five blocks or about 1,600 feet of Unionport road. A narrow roadway is in use and the abutting property is partially improved. The New York, New Haven and Hartford Railroad crosses the street just north of West Farms road, and a highway bridge has already been here erected.

The work is estimated to cost about $17,000, and the assessed valuation of the property to be benefited is $869,300.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of The Bronx has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Chester District, duly adopted by said Board on the 25th day of September, 1912, and approved by the President of the Borough of The Bronx on the 27th day of September, 1912, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating, grading, setting curbstones, flagging the sidewalks a space four feet wide, laying crosswalks, building approaches and

erecting fences where necessary in Unionport road, from Morris Park avenue to Walker avenue, and all work incidental thereto, in the Borough of The Bronx, City of New York;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of The Bronx to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assesment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of The Bronx has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

The following matter not on the Calendar for this day was considered by unanimous consent:

Removal of Encroachments on Cedar Street, from the Westerly Curb Line of Broadway to the Easterly Curb Line of West Street, Borough of Manhattan (No. 17).

The Acting President of the Borough of Manhattan presented a resolution directing the removal of encroachments on Cedar street, from the westerly curb line of Broadway to the easterly curb line of West street.

Which was referred to the Chief Engineer of the Board for report.

FRANCHISE MATTERS.

Seaboard Refrigeration Company (Cal. No. 1).

The public hearing was opened on the petition of the Seaboard Refrigeration Company for a modification of contract dated June 22, 1906, as amended, granting said Company a franchise to construct, maintain and operate conduits for the distribution of refrigeration in the Coney Island section of the Borough of Brooklyn, so as to extend the time from May 1, 1913, to May 1, 1915, in which to complete the construction and place in operation its conduit lines.

The hearing was fixed for this day by resolution adopted April 17, 1913.

Affidavits of publication were received from the Brooklyn "Times," Brooklyn "Citizen" and CITY RECORD. No one appeared in opposition to or in favor of the proposed grant and the Chair declared the hearing closed.

The Secretary presented the following:

Bureau of Franchises, April 28, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—By petition verified April 15, 1913, the Seaboard Refrigeration Company applied to the Board for a modification of the franchise heretotore granted to it by contract dated June 22, 1906, executed by the Mayor July 6, 1906, authorizing the construction, maintenance and operation of a conduit system under and along Surf Avenue, Neptune Avenue, West 8th, 12th and 21st Streets, Borough of Brooklyn, for the distribution of refrigeration to consumers. The petition was presented to the Board at its meeting of April 17, 1913, and a resolution was adopted fixing Thursday, May 8, 1913, as the date for the preliminary hearing thereon, and requesting the Mayor to designate newspapers in which notice of such hearing should be published. Pursuant to this resolution, the Mayor has designated the "Brooklyn Times" and "The Citizen," and notices of the hearing are being published therein.

The modification requested by the Company is an extension of time within which to complete construction of the conduit system. The franchise contract above refered to fixed the term of grant at fifteen years from the date of the execution of the contract by the Mayor, with the privilege of a renewal of ten years, and Section 2, Seventh, of the contract provided as follows:

> "If a conduit line as herein described shall not be constructed and in actual operation in all the streets and avenues, and upon all the routes hereby described, on May 1, 1911, all rights hereby given shall be thereupon forthwith and immediately forfeited without judicial or other proceedings, unless at least 50 per cent. of the conduit line shall then be constructed and in operation, when, in such case, the forfeiture shall affect only the Company's rights, privileges and franchises on the remaining portion of the conduit line hereby granted."

By contract dated December 20, 1907, executed by the Mayor January 6, 1908, the above subdivision was modified by substituting May 1, 1913, for the date May 1, 1911, specified therein. The term of the grant was also extended by providing that such term should commence on the date of the execution of the modifying contract, instead of the original contract, and the minimum annual payments and security deposit reduced. The Company now requests that the time for construction as fixed in Section 2, Seventh, amended as above, be extended to May 1, 1915. The reasons for asking the additional time have been stated to the Board in a communication from the Company, which accompanied the petition, as follows:

> "* * * This extension is desired from the reason that it has been very difficult since the panic of 1907 to secure capital for new enterprises and it was not until the subway matter became substantially assured that bankers could be induced to seriously consider it. During the last winter, however, Mr. Juan M. Ceballos took the matter up and agreed to furnish some land that he owned on the Island for our plant, and, had he lived, he would have financed the whole undertaking, as only a few unimportant details remained to be discussed when I last saw him, on January 29th of this year.
>
> "His sudden death three days later made it impossible for us to lay any portion of our line in time for use the coming summer, but we have strong hopes that his house will carry out his plans as soon as certain legal formalities connected with his estate can be complied with.
>
> "Another reason for asking the two years' extension is that while we hope to be serving the most important part of our territory in the summer of 1914, the new subway and anticipated boardwalk will make some changes in the business district that we shall wish to take advantage of, but which cannot be foreseen as early as this."

Although the Company, for the reasons stated above, has thus far been unable to install its plant or construct any part of its conduit system, it has been paying regularly to the City the minimum annual sum of $250 required by the franchise contract, as amended. This was the sum required for the first period of five years, which expired on January 6th of this year. For the second five-year period, the contract fixes the minimum annual payment at $750 and, therefore, the next annual payment will be at this rate from January 6, 1913. The Company has deposited with the Comptroller the sum of $2,000, as security for the faithful performance of the contract, as required by the amended contract.

It would seem, therefore, that the Company has been acting in good faith, but has been deterred from constructing its system and putting the same in operation because of inability to obtain the necessary financial backing up to this time.

I have therefore no objections to offer to granting the requested modification and have prepared and submit herewith a proposed form of contract for this purpose. The proposed contract has been submitted to the Corporation Counsel for approval as to form and, if such approval is given and the Board desires to grant the petition, I would suggest that a resolution be adopted fixing Thursday, June 19, 1913, as the date for the final hearing thereon and ordering the proposed form of contract set forth in the Minutes and published in the CITY RECORD and in two daily newspapers, as required by law, and requesting also that the Mayor designate the newspapers in which such proposed contract and notice of hearing shall be published.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

P. S.—Since the above writing, the proposed form of contract has been returned by the Corporation Counsel, approved as to form. H. P. N.

City of New York, Law Department, Office of the Corporation Counsel, New York, May 2, 1913.

Board of Estimate and Apportionment of The City of New York:

Sirs—I am in receipt of a communication from Harry P. Nichols, Engineer, Chief of Bureau of Franchises, dated April 28, 1913, and reading as follows:

> "I enclose herewith copy of a report, and duplicate copies of a proposed form of contract (one of which is for your files), between the City and the Seaboard Refrigeration Company, granting to the said Company a modification of its franchise contract dated June 22, 1906, which authorizes the construction, maintenance and operation of a conduit line under and along certain streets in the Borough of Brooklyn.
>
> "The purpose of this modification is to extend the time within which the conduit line shall be constructed from May 1, 1913, to May 1, 1915.
>
> "The report and proposed form of contract will be presented to the Board at its meeting of May 8, 1913, and I would ask you to kindly examine the proposed form of contract, and, if it meets with your approval as to form, to return it to this office so that it may be presented to the Board on the date named."

I have examined the proposed agreement and return the same with my approval as to form.

In the letter of Mr. Nichols to the Mayor, dated April 28, 1913, copy of which accompanies the communication above referred to, the recital of Section 2, Seventh of the original contract reads: "All rights hereby given shall be thereupon forthwith and immediately forwarded without judicial or other proceedings." This appears to be a mistake. The word "forwarded" should be "forfeited." Respectfully yours,

C. D. OLENDORF, Acting Corporation Counsel.

The following was offered:

Whereas, The Seaboard Refrigeration Company has, by a petition verified April 15, 1913, made application to this Board for a modification of the terms and conditions of the contract dated June 22, 1906, granting said Company a franchise for the construction, maintenance and operation of a conduit system under and along Surf Avenue, Neptune Avenue, West 8th, 12th and 21st Streets, in the Borough of Brooklyn, for the distribution of refrigeration to consumers, as amended by contract dated December 20, 1907; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter as amended by Chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 17, 1913, fixing the date for a public hearing thereon, as May 8, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Brooklyn Times" and "The Citizen," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modification and amendment of said contract of June 22, 1906, as amended by said contract of December 20, 1907; now, therefore, it is

Resolved, That the following form of the resolution for the consent or right applied for by the Seaboard Refrigeration Company, containing the form of proposed contract, for the grant of such right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said contract of June 22, 1906, as amended by said contract of December 20, 1907; such modified terms and conditions being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said contract of June 22, 1906, as amended by said contract of December 20, 1907, which said contract of June 22, 1906, otherwise remains unchanged as to all the other terms and conditions expressed therein and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This Contract, made this day of , 1913 by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the Seaboard Refrigeration Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City, by contract dated June 22, 1906, and executed by the Acting Mayor July 6, 1906, did grant to the Company the right and privilege to construct, maintain and operate a conduit line, with the necessary branches and connections therefrom, under and along certain streets in the Borough of Brooklyn, for the sole purpose of supplying refrigeration to consumers, upon certain terms and conditions therein fully set forth; and

Whereas, By resolutions adopted September 14, 1906, November 9, 1906, April 26, 1907 and May 10, 1907, and thereafter duly approved by the Mayor, and by contract dated December 20, 1907, executed by the Mayor January 6, 1908, and by resolution adopted January 31, 1908, and May 1, 1908, and thereafter duly approved by the Mayor, the said contract dated June 22, 1906, was amended and modified to the extent and in the manner named in said resolutions and said modifying contract; and

Whereas, By petition verified April 15, 1913, the Company has applied for a further modification of the said contract dated June 22, 1906, as amended, by extending the date fixed therein for the completion of the conduit line;

Now, Therefore, In consideration of the premises and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree, as follows:

Section I. The City consents to such modification in and to the said contract dated June 22, 1906, as amended, subject to the following conditions:

Section 2. Subdivision Seventh, is hereby amended by inserting therein the date May 1, 1915, in lieu and in place of the date May 1, 1913, therein named.

Section II. This contract shall take effect as of the first day of May, 1913.

Section III. All the terms and conditions contained in the said contract dated June 22, 1906, shall remain unchanged, except as heretofore and hereby modified.

Section IV. The Company promises, covenants and agrees on its part and behalf to conform to and abide by all the terms, conditions and requirements in this contract fixed and contained.

In Witness Whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions are as specified and fully set forth in the said contract dated June 22, 1906, as amended by the foregoing form of proposed contract, for the consent to such modifications and alterations;

Resolved, That these preambles and resolutions, including the said resolution, for the consent of The City of New York, to the modifications and alterations, as applied for by the Seaboard Refrigeration Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, June 19, 1913, in the CITY RECORD and at least twice during the ten (10) days immediately prior to Thursday, June 19, 1913, in two (2) daily newspapers to be designated by the Mayor therefor, and published in the City of New York at the expense of the Seaboard Refrigeration Company together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and amendments in the terms and conditions of the said contract of June 22, 1906, as amended by said contract of December 20, 1907; such modifications and amendments being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, June 19, 1913, at 10.30 o'clock a. m. hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Union Railway Company of New York City (Cal. No. 2).

The public hearing was opened on the petition of the Union Railway Company of New York City for a modification of contract authorized by resolution adopted by this Board May 11, 1911, approved by the Mayor May 12, 1911, granting said Company a franchise to construct, maintain and operate a street surface railway on 155th Street Viaduct at or near 8th Avenue; thence westerly upon, along and over said Viaduct to 155th Street to Broadway, by substituting the words "Amsterdam Avenue" for "Broadway" and by reducing the annual payments.

The hearing was fixed for this day by resolution adopted April 10, 1913.

Affidavits of publication were received from the "Sun," the "New York Times" and the CITY RECORD. No one appeared in opposition to or in favor of the proposed grant and the Chair declared the hearing closed.

The Secretary presented the following:

The City of New York, Board of Estimate and Apportionment, Bureau of Franchises, April 28, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The Union Railway Company of New York City has, by a petition dated March 27, 1913, requested the Board of Estimate and Apportionment for certain modifications in and to the contract authorized by resolution adopted May 11, and approved May 12, 1911, granting said company the right to construct, maintain and operate a street surface railway extension upon and along the 155th street viaduct and 155th street from 8th avenue to Broadway, Borough of Manhattan. The amendments requested are as follows:

First—That the description of the route be changed so that the westerly terminus of the extension will be at Amsterdam avenue instead of Broadway.

Second—Reductions in the amount of the initial payment and the annual compensation in proportion to the reduction in the length of the route.

Third—By changing the provision in relation to the substitution of a loop terminal for the stub-end terminal authorized by the contract by substituting the words "Amsterdam avenue" for the word "Broadway"; this amendment being made necessary by the change in the westerly terminus of the route as first above noted.

The petition was presented to the Board at its meeting of April 10, 1913, and referred to this bureau. At this meeting resolutions were adopted fixing May 8, 1913, as the date for the preliminary hearing upon the petition and requesting the Mayor to designate two daily newspapers in which the petition and notice of hearing thereon should be advertised, according to law. The papers designated were the "Sun" and "Times."

At the time of the authorization of the execution and delivery of the contract for the 155th street extension, the company was in the hands of a receiver, and in consequence it was necessary for him to apply to the court for permission to take up the grant. Upon this application being made, such strong opposition was raised by the owners of property abutting on 155th street between Amsterdam avenue and Broadway that no order was signed by the court, and therefore the contract could not be executed by the receiver. The receiver was discharged February 26, 1913, and the management of the company is again vested in its officers and stockholders. I am informed that the company has been unable to obtain consents of property owners to the construction of the extension on the block between Amsterdam avenue and Broadway, and would probably be strongly opposed should it apply for the appointment of commissioners to determine if the railway ought to be constructed. It has therefore decided to abandon that portion of the proposed extension between these streets, and in view of this decision, has presented the petition forming the subject of this report. This adjustment will permit of a connection with the line of the Third Avenue Railway Company in Amsterdam avenue and will be of considerable convenience to the traveling public, the only possible objection being that it will necessitate a walk of two blocks from Amsterdam avenue in order to reach the subway station at Broadway and 157th street.

The contract authorized in May, 1911, was executed by the officials of the company on March 27, 1913, and simultaneously with its return for execution by the City, there was presented the petition for the several modifications. The contract has since been approved as to form by the Corporation Counsel and executed by the Mayor and City Clerk on April 4 and April 5, respectively, and is now being held by this bureau for delivery to the company upon the consummation of the proceedings for the amendments to its terms and conditions.

A proposed form of contract granting the requested amendments has been prepared and is herewith transmitted. It contains the following provisions:

First—A change in the westerly terminus of the extension from Broadway to Amsterdam avenue.

Second—A reduction in the amount of the initial payment and annual compensation proportional to the reduction in the length of the route.

The route originally applied for and granted was 2,715 feet. The length of the block between Amsterdam avenue and Broadway now to be abandoned is 780 feet, or approximately one-third the length of the original route, and the compensation contained in the original contract has been reduced by this amount. The original and amended compensation is shown by the following table:

Term.	Original.	Amended.
First five years	$600 00	$400 00
Second five years	1,075 00	725 00
Third five years	1,200 00	.....
Remaining term expiring September 14, 1928	1,300 00	850 00
Initial payment	3,500 00	2,500 00

Third—An amendment to Section 2, Twenty-fifth, of the original contract requiring the Company, upon one year's notice from the Board, to discontinue the operation of the stub-end terminal authorized and make application to the Board for the right to construct, maintain and operate a loop terminal upon streets to be designated by the Board by changing the location of the stub-end terminal from Broadway to Amsterdam Avenue in order to agree with the change in the description of the route.

Fourth—That within one year from the date of the execution of the amended contract by the Mayor, the Company shall comply with the provisions of Section 184 of the Railroad Law regarding the abandonment of that portion of the route authorized by the Board on 155th Street between Amsterdam Avenue and Broadway and that if the Company fails to secure the approval of the Public Service Commission or for any other reason fails to comply with this provision within the stipulated time, the contract shall be void and of no effect.

The proposed contract is in the form heretofore employed in similar cases, and has been submitted to the Corporation Counsel for his approval as to form. Should such approval be received prior to the hearing on May 8, it is recommended that the form of contract be entered on the minutes, ordered advertised and a date fixed for the final hearing thereon.

A resolution to this effect, fixing June 19 as such date, is herewith transmitted.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

Bureau of Franchises, May 2, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of Board of Estimate and Apportionment:*

Sir—In an opinion just received from the Corporation Counsel relating to the proposed form of contract authorizing the abandonment of that portion of the former route of the Union Railway Company of New York City on 155th Street between Amsterdam Avenue and Broadway, the suggestion was made that in Subdivision Second of Section 2, the words "This contract shall be void and of no effect" shall be changed to read: "This contract shall thereupon cease and determine." The communication from the Corporation Counsel further states that the contract, as thus amended, will have his approval as to form.

It is therefore recommended that the change suggested by the Corporation Counsel be made in the proposed form of contract. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

City of New York, Law Department, Office of the Corporation Counsel, New York, May 2, 1913.

Board of Estimate and Apportionment:

Sirs—I have received from you the following communication, dated April 28, 1913, signed by Harry P. Nichols, Engineer, Chief of Bureau of Franchises:

"I enclose herewith a report and proposed form of contract relative to the petition of the Union Railway Company of New York City for amendments and modifications in and to the contract authorized by resolution adopted May 11 and approved May 12, 1911, granting said company the right to construct, maintain and operate a street surface railway extension, upon and along the 155th street viaduct, and 155th street from 8th avenue to Broadway, Borough of Manhattan.

"The contract submitted herewith, is in the usual form heretofore approved by you. I would request that you examine the same, and advise the Board as to whether it has your approval as to form.

"I would be indebted if your reply could be received in this office prior to the date of the preliminary hearing on May 8, 1913."

I suggest that in subdivision second of section 2, the words "this contract shall be void and of no effect" shall be changed to read "this contract shall thereupon cease and determine." I have no other suggestions to offer and the contract when so amended will have my approval as to form. Respectfully,

C. D. OLENDORF, Acting Corporation Counsel.

The following was offered:

Whereas, The Union Railway Company of New York City has, under date of March 27, 1913, made application to this Board for a modification of the terms and conditions of a certain contract authorized by resolution adopted May 11 and approved by the Mayor May 12, 1911, granting said Company a franchise for the construction, maintenance and operation of a street surface railway extension upon and along the 155th Street Viaduct and 155th Street from 8th Avenue to Broadway, Borough of Manhattan, which said contract was executed by the Company on March 27, 1913, and by the Mayor and City Clerk on April 4 and April 5, 1913, respectively, and bears date of April 4, 1913; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter as amended by Chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on April 10, 1913, fixing the date for public hearing thereon, as May 8, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Sun" and "Times" newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said contract of April 4, 1913; now, therefore, it is

Resolved, That the following form of resolution for the consent or right applied for by the Union Railway Company of New York City containing the form of the proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said contract of April 4, 1913; such modified terms and conditions being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said contract of April 4, 1913, which said contract otherwise remains unchanged as to all other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract made this day of , 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Board did by resolution adopted May 11, 1911, and approved by the Mayor May 12, 1911, authorize the execution and delivery of a contract granting the Company the right to construct, maintain and operate a street surface railway as an extension to its existing system, upon and along the 155th Street viaduct and 155th Street, from 8th Avenue to Broadway, Borough of Manhattan; and

Whereas, Said contract was executed by the Vice-President and Secretary of the Company on March 27, 1913, and by the Mayor and City Clerk on April 4 and April 5, 1913, respectively, and bears date of April 4, 1913; and

Whereas, The Company has by a petition dated March 27, 1913, applied to the Board for certain modifications and amendments in and to said contract authorized by resolution approved May 12, 1911, to wit:

First—By striking out in Section 1, the words, "the easterly side of Broadway," and substituting therefor the words, "Amsterdam Avenue."

Second, By amending Section 2, Third, by reducing the amount of the several payments required thereunder, in proportion to the reduction in the length of the extension.

Third—By striking out in Section 2, Twenty-fifth, the word "Broadway" and substituting therefor the words "Amsterdam Avenue;"

Now, Therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby consents, subject to the conditions and provisions hereinafter set forth, to the modifications and amendments in and to said contract authorized by resolution approved May 12, 1911; said modifications and amendments to be as follows:

1. Section 1 of said contract is hereby stricken out and the following substituted therefor:

"Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of Manhattan, City of New York, upon the following route, to wit:

"Beginning at and connecting with the existing tracks of the Company on the 155th Street Viaduct at or near 8th Avenue; thence westerly on and over said viaduct to its intersection with 155th Street and westerly upon and along said 155th Street to the easterly side of Amsterdam Avenue and to cross such other streets and avenues named and unnamed as may be encountered in said route.

"The said route with turnouts, switches and cross-overs hereby authorized, is shown upon a map entitled:

"Map showing proposed modifications of route of franchise of Union Railway Company of New York City authorized by the Board of Estimate and Apportionment by resolution adopted on May 11, 1911, and approved by the Mayor on May 12, 1911, to accompany petition dated March 27, 1913, to the Board of Estimate and Apportionment and signed by Edward A. Maher, Vice-President, and T. F. Mullaney, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board."

2. So much of Section 2—Third of said contract providing for an initial payment of Three thousand five hundred dollars ($3,500) and for annual minimum sums of Six hundred dollars ($600), Ten hundred and seventy-five dollars ($1075), Twelve hundred dollars ($1200) and Thirteen hundred dollars ($1300) during the term of the grant is hereby stricken out and the following substituted therefor:

"Third. The Company shall pay to the City for the privilege hereby granted, the following sums of money:

"(a) The sum of Two thousand five hundred dollars ($2500) in cash within three (3) months from , 1913, and before anything is done in exercise of the privilege hereby granted.

"(b) During the first term of five (5) years an annual sum which shall in no case be less than Four hundred dollars ($400) and which shall be equal to three (3) per cent of its gross annual receipts if such percentage shall exceed the sum of Four hundred dollars ($400).

"During the second term of five (5) years an annual sum which shall in no case be less than Seven hundred and twenty-five dollars ($725) and which shall be equal to five (5) per cent of its gross annual receipts, if such percentage shall exceed the sum of Seven hundred and twenty-five dollars ($725).

"During the remaining term expiring September 14, 1928, an annual sum which shall in no case be less than Eight hundred and fifty dollars ($850) and which shall be equal to five (5) per cent of its gross annual receipts if such percentage shall exceed the sum of Eight hundred and fifty dollars ($850)."

3. Section 2—Twenty-fifth of said contract is hereby stricken out and the following substituted therefor:

"Twenty-fifth: Upon one (1) year's notice from the Board, the Company shall, if the Board shall so determine by resolution, cease the operation of the stubend terminal at 155th Street and Amsterdam Avenue, and shall within sixty (60) days from the date of such notice, make application to the Board for the right to construct, maintain and operate a loop terminal upon streets to be designated by the Board, and shall on or before the expiration of said one (1) year, enter into a contract for such new terminal in substitution for the stubend terminal, hereby authorized."

Section 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said contract authorized by resolution approved May 12, 1911, excepting those which are herein amended or modified shall remain unchanged, and shall apply to the route herein described in section 1 of this contract, with the same force and effect as when they applied to the route described in said contract authorized by resolution approved May 12, 1911, and as though the route herein described had been specifically described in said contract.

Second—The Company shall within one year from the date on which this contract is signed by the Mayor, comply with the provisions of section 184 of the Railroad Law for the abandonment of that portion of the route granted by said contract authorized by resolution approved May 12, 1911, and described as follows:

Beginning at the intersection of 155th street with the easterly side of Amsterdam avenue; thence westerly upon and along said 155th street to the easterly side of Broadway, Borough of Manhattan.

If the Company shall fail to secure the approval of the Public Service Commission, or shall fail for any other reason to comply with the provisions of this subdivision within the time stipulated, this contract shall be void and of no effect, and the original franchise contract authorized by resolution approved May 12, 1911, and the obligations and liability of the Company thereunder shall be unaffected by the provisions of this contract; provided, however, that the Board may extend said period for a period or periods not exceeding in the aggregate six (6) months.

A certified copy of the certificate of abandonment shall be filed with the Board within ten (10) days from the date on which the same is obtained by the Company.

Section 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By.....Mayor.

[CORPORATE SEAL.]
Attest: .....City Clerk.

UNION RAILWAY COMPANY OF NEW YORK CITY.
By .....President.

[SEAL.]
Attest: .....Secretary.
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise and the adequacy of the compensation to be paid therefor, and of the terms and conditions are as specified and fully set forth in the said contract dated April 4, 1913, as amended by the foregoing form of proposed contract for the consent to such modifications and alterations;

Resolved, That these preambles and resolutions, including the said resolution for the consent of The City of New York to the modifications and alterations as applied for by the Union Railway Company of New York City, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, June 19, 1913, in the CITY RECORD and at least twice during the ten (10) days immediately prior to Thursday, June 19, 1913, in two (2) daily newspapers to be designated by the Mayor therefor, and published in the City of New York at the expense of the Union Railway Company of New York City, together with the following notice to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and amendments in the terms and conditions of the said contract of April 4, 1913; such modifications and amendments being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, June 19, 1913, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Union Railway Company of New York City (Cal. No. 3).

The public hearing was opened on the petition of the Union Railway Company of New York City for a franchise to construct, maintain and operate three extensions to its existing system in the Boroughs of Manhattan and The Bronx, as follows:

(a) Upon and along East 136th street, from 3d avenue to Lincoln avenue, Borough of The Bronx.

(b) From the intersection of Willis avenue and 134th street, Borough of The Bronx, along the Willis Avenue Bridge and its approaches to 125th street, Borough of Manhattan, and thence along the existing tracks on 125th street, Manhattan street, 12th avenue and West 129th street.

(c) From the intersection of Willis avenue and Southern boulevard approaches to the Willis Avenue Bridge, over said Southern boulevard, or easterly approach, to Southern boulevard, Borough of The Bronx.

The hearing was fixed for this day by resolution adopted April 10, 1913.

Affidavits of publication were received from the "Evening Mail," the New York "Press" and the CITY RECORD. No one appeared in opposition to or in favor of the proposed grant and the Chair declared the hearing closed.

The matter was then referred back to the Bureau of Franchises.

Communications from the Mayor's Office (Cal. No. 4).

Communications were received from the Mayor's office, returning duly approved by his Honor, the Mayor, on April 28, 1913, resolutions adopted by this Board April 24, 1913, granting certain privileges and designating newspapers as follows:

(a) Granting the Merchants' Refrigerating Company permission to extend the district in which it is authorized to construct, maintain and operate conduits for the distribution of refrigeration in the Borough of Manhattan, so as to include the district covered by contract granting a franchise to the Harrison Street Cold Storage Company.

(b) Modifying contract dated October 21, 1910, by and between the Merchants' Refrigerating Company and the City as to annual compensation and security deposit.

(c) Consenting to the surrender of contract dated December 27, 1909, by and between the Harrison Street Cold Storage Company and the City.

(d) Fixing the compensation for the construction, maintenance and operation of a street surface railway by the Ocean Electric Railway Company in the vicinity of Rockaway Park, Borough of Queens, during the last 15 years of the original term of 25 years for which the franchise was granted by ordinance adopted by the Board of Aldermen August 18, 1903, approved by the Mayor August 26, 1903.

(e) Designating the Brooklyn "Times" and the "Long Island City Star" as the two daily newspapers in which the petition and notice of hearing thereon of the Manhattan and Queens Traction Corporation for two extensions to its existing system in the Borough of Queens shall be published prior to the hearing on May 22, 1913.

Which were ordered filed.

The Bowery Bay Electric Light and Power Company (Cal. No. 5).

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's office, 13-21 Park Row, New York, April 28, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, Manhattan:

Dear Sir—The Bowery Bay Electric Light & Power Company of North Beach, Borough of Queens, are maintaining and operating electric light and power wires across the Bowery Bay road, as follows:

4 wires to Morris Carousel.
2 wires to stands south of Fort Anderson.
4 wires to Fort Anderson.
3 wires to stand 84 Clifton avenue.
4 wires to Bonhag's Concert Hall.
6 wires to south of Maple avenue to stands.
2 wires to Frankel's Concert Hall, Maple avenue, south of Bowery Bay road.

After a search of the department records, I am unable to find that this company has any franchise to maintain wires upon or across the streets of this City.

Very truly yours, J. W. F. BENNETT, Deputy Commissioner.

Which was referred to the Bureau of Franchises.

Union Railway Company of New York City (Cal. No. 6).

In the matter of the consents of abutting property owners to the construction, maintenance and operation of a street surface railway by the Union Railway Company of New York City, upon and along Morris avenue, from 161st to 167th streets, Borough of The Bronx, as an extension to the existing system of the company.

These consents were presented to the Board at the meeting of April 24, 1913, and were referred to the Bureau of Franchises.

The Secretary presented the following:

Bureau of Franchises, May 1, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of Board of Estimate and Apportionment:*

Sir—The contract dated February 11, 1913, between The City of New York and the Union Railway Company of New York City for the construction, maintenance and operation of a street surface railway extension upon and along Morris avenue from 161st street to 167th street, Borough of The Bronx, provides in Section 2, First, thereof as follows:

"First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine."

Pursuant to this provision, the Company on April 14, 1913, filed with the Board of Estimate and Apportionment certified copies of the consents of abutting property owners along the route of the grant. An examination of the consents and a comparison with the tax books show that the total assessed valuation of the property abutting on the route is $1,626,400. Fifty per cent. of this amount is $813,200, and consents have been obtained to the value of $849,800, or an excess over the required amount of $36,600. It would therefore appear that the Company has complied with the requirements of the contract relative to obtaining and filing property owners' consents.

Section 2, Eighth, of said contract provides that construction of the extension shall be commenced within three months from the date of filing property owners' consents and that such construction shall be completed and the railway placed in full operation within six months from the date of filing consents. Under this provision the dates for the commencement and completion of construction are July 14 and October 14, 1913, respectively.

I am informed by the Vice-President of the Company that it is the intention to commence construction of this extension shortly after May 1; the special work for the connections at 161st and 167th Streets having been ordered and the necessary permits obtained for opening the street.

The Company has also complied with the provisions of the contract requiring an initial payment of $500 on or before May 11, 1913, such payment having been made to the Comptroller on April 4, 1913.

It is recommended that the consents of abutting property owners as filed by the Company be accepted and that the Secretary of this Board be directed to forward a copy of this report to the Company, calling attention to the dates for the commencement and completion of construction.

A resolution to this effect is herewith transmitted. Respectfully,
HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Resolved, That the copies of consents of abutting property owners to the construction, maintenance and operation of a street surface railway upon and along Morris Avenue from 161st Street to 167th Street, Borough of The Bronx, as an extension to the existing system of the Union Railway Company of New York City, filed by said Company with this Board on April 14, 1913, be and they hereby are accepted; and be it further

Resolved, That the attention of the Company be invited to the fact that construction of the extension should be commenced July 14, 1913, and the railway should be completed and in full operation October 14, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

United States and Hayti Telegraph and Cable Company (Cal. No. 7).

In the matter of the use and occupation of the streets without authority.

By resolution adopted April 10, 1913, the United States and Hayti Telegraph and Cable Company was directed to submit a petition for a franchise to maintain and operate its cable lines between points in the Borough of Manhattan and foreign countries on or before May 10, 1913, and advise of its intentions on or before April 26, 1913, as the Corporation Counsel had advised the Board the Company was operating without authority.

The Secretary presented the following:

Nolan Brothers, Counsellors at Law, 25 Broad Street, New York City, April 25, 1913.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—On behalf of the United States and Hayti Telegraph & Cable Company, we beg to request an extension of time to answer your resolution and letter of April 10th, in order that we may examine the situation and advise our client.

Respectfully yours, NOLAN BROS.

Bureau of Franchises, April 28, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of Board of Estimate and Apportionment:*

Sir—The United States and Hayti Telegraph and Cable Company, which was called upon by the Board at its meeting held April 10, 1913, to submit a petition for

a franchise on or before Saturday, May 10, 1913, and to advise the Board on or before Saturday, April 26, whether it intended to comply with the said resolution, has now made application through its Attorneys for an extension of time in order that the Attorneys may examine the situation and advise their client regarding the same.

This Company was one of three cable companies having lines between points in the Borough of Manhattan and foreign countries, which were the subject of the action of the Board on April 10. One of the said companies, viz., the French Telegraph Cable Company, has already applied for an extension of time, and as the question raised by virtue of the international character of the companies involved is one entirely new in the experience of the Board, the application of that company was granted. As the United States and Hayti Telegraph and Cable Company is in a similar situation, I would also recommend in this case that its application be granted and that it be given an extension of time of thirty days, as in the case of the French Telegraph Cable Company. A form of resolution for this purpose is transmitted herewith. Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, This Board did, at its meeting held Thursday, April 10, 1913, call upon the United States and Hayti Telegraph and Cable Company, a domestic corporation operating in the streets of the City of New York, to submit to this Board on or before Saturday, May 10, 1913, a verified petition for permission to use the streets of the City, and direct the said United States and Hayti Telegraph and Cable Company to notify this Board on or before Saturday, April 26, whether it would comply with the said resolution; and

Whereas, The said Company, by a communication dated April 25, 1913, signed by its Attorneys and presented to the Board this day, has requested an extension of time for compliance with the said resolution of April 10; now, therefore, be it

Resolved, That an extension of time be and it is hereby granted to the United States and Hayti Telegraph and Cable Company to and until Tuesday, June 10, 1913, to comply with the resolution adopted by this Board Thursday, April 10, 1913, requiring it to file a verified petition for permission to use the streets of the City; and be it further

Resolved, That the said United States and Hayti Telegraph and Cable Company be and it is hereby directed to notify this Board on or before Monday, May 26, 1913, whether it will comply with the said resolution of April 10, as amended above; and be it further

Resolved, That the Secretary of the Board be and he is hereby directed to serve a copy of this resolution upon the above-named Company.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

New York Connecting Railroad Company (Cal. No. 8).

A communication was received from the Public Service Commission for the First District transmitting certified copy of order adopted by said Commission approving certain plans submitted by the New York Connecting Railroad Company for bridge masonry on its main line, in the Borough of Queens.

Which was ordered filed.

New York Independent Telephone Company (Cal. No. 9).

In the matter of the communication from the Department of Water Supply, Gas and Electricity stating the New York Independent Telephone Company was operating signal wires and using the streets and highways without authority.

By resolution adopted January 16, 1913, the Company was directed to remove the wires, cables or conductors laid or maintained by it within the limits of the public streets on or before February 15, 1913, under the supervision of the Commissioner of Water Supply, Gas and Electricity.

The Secretary presented the following:

Bureau of Franchises, April 30, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held January 16, 1913, a resolution was adopted ordering and directing the New York Independent Telephone Company to remove on or before Saturday, February 15, 1913, all wires, cables or conductors laid or maintained by it within the lines of the public streets or highways of The City of New York, whether in ducts or otherwise, under the supervision of the Commissioner of Water Supply, Gas and Electricity. A copy of this resolution was immediately served upon the Company and upon the Commissioner of Water Supply, Gas and Electricity.

This Bureau is now in receipt of a communication from the Department of Water Supply, Gas and Electricity, signed by Mr. J. W. F. Bennett, Deputy Commissioner, advising that a short time after the adoption of the resolution before mentioned the wires of the New York Independent Telephone Company were taken over by the Mercantile Burglar Alarm Company, and that all instruments of subscribers to the service of the New York Independent Telephone Company have been removed.

The Mercantile Burglar Alarm Company, referred to in the communication of the Department, is a Company operating a system of burglar alarms in the lower portion of the Borough of Manhattan, City of New York, which, by resolution of the Board adopted September 19, 1912, and approved by the Mayor September 23, 1912, was granted a franchise to conduct such operations, in the form of a contract between the City and the said Company, which is dated October 29, 1912.

Subsequent to the passage of the resolution granting the franchise to the Mercantile Company, an inspection was made, by a member of this Bureau, of the plant of the New York Independent Telephone Company, and it was then ascertained that the New York Independent Telephone Company was operating a central exchange, to which were connected about twenty-eight subscribers' instruments, and that the New York Independent Company owned all the conductors used by the Mercantile Burglar Alarm Company, which leased the same for the purpose of carrying on its business. It will, therefore, be readily seen that the removal of all the conductors owned by the New York Independent Telephone Company would result in putting the Mercantile Burglar Alarm Company out of business, temporarily at least, and that the transfer of the same to the said Mercantile Burglar Alarm Company and the removal of the telephone instruments of the New York Independent Telephone Company accomplish practically the result aimed at in the resolution of the Board of January 16, viz., the cessation by the New York Independent Telephone Company of all business within The City of New York.

The bill of sale by which the New York Independent Telephone Company transferred to the Mercantile Burglar Alarm Company its conductors and wires is dated December 31, 1912, and signed by the President, the same being acknowledged under date of January 31, 1913. Meanwhile, and prior to the acknowledgment of the said instrument, proceedings were undertaken by the New York Independent Telephone Company for the purpose of consummating a voluntary dissolution of the Company, and a certificate to this effect was filed in the office of the Secretary of State under date of January 28, 1913.

It will, therefore, be seen that the property of the New York Independent Telephone Company within the streets of the City has been transferred by it to a properly authorized company, and that the said New York Independent Telephone Company has entirely ceased business and been dissolved.

As this appears to be sufficient compliance with the resolution of the Board adopted January 16, 1913, it is recommended that the various papers in connection with this matter and this report be placed on file. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The papers were ordered filed.

New York Central & Hudson River Railroad Company (Cal. No. 10).

In the matter of the consent granted the New York Central and Hudson River Railroad Company to constuct, maintain and operate a spur track across 10th Avenue between 15th and 16th Streets, Borough of Manhattan, connecting the railroad with the premises of the National Biscuit Company.

This consent was granted by resolution adopted by this Board January 16, 1913, approved by the Mayor January 23, 1913.

A communication was received from the Company stating the work of constructing the track was commenced April 10, 1913, and completed April 14, 1913. The notice is given in conformity with paragraph 15 of the consent.

The Secretary presented the following:

Bureau of Franchises, April 28, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—A resolution was adopted by the Board of Estimate and Apportionment on January 13, 1913, and approved by the Mayor January 23, 1913, granting consent to the New York Central and Hudson River Railroad Company, to construct, maintain and operate a spur track on the surface of 10th Avenue, from its main line in said avenue to and into the property of the National Biscuit Company on the westerly side of said avenue between 15th and 16th Streets, Borough of Manhattan.

Section 2 of said consent provides that the grantee pay to the City the sum of Two hundred and seventy dollars ($270) per annum, during the first term of five years and the sum of Two hundred and eighty-five dollars ($285) during the second term of five years—the first payment to be made within sixty days of the date of the approval of the consent by the Mayor and to be for the period to November 1 next following. I have been informed by the Department of Finance that such payment was made on February 17, 1903.

Section 14 of the consent provides that the grantee deposit with the Comptroller within sixty days after the approval by the Mayor the sum of Five hundred dollars ($500) for the faithful performance of the terms and conditions of the consent. I have been informed by the Department of Finance that such sum was deposited on February 17, 1913.

Section 16 of the consent provides that the grantee should complete the construction of the track on or before June 1, 1913. Under date of April 22, the Railroad Company has advised the Board that the work of installing the track was commenced on April 10 and completed on April 14, 1913. I caused an examination to be made, and it was found that the track is installed precisely at the location shown on the plan attached to the consent.

The Company is thus seen to have completely complied with all the terms and conditions of the consent. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

Which was ordered filed.

Dry Dock, East Broadway & Battery Railroad Company (Cal. No. 11).

A communication was received from the Secretary of the Dry Dock, East Broadway and Battery Railroad Company transmitting consents of abutting property owners to the construction, maintenance and operation of its railway on Canal Street, between Broadway and Church Street, and on Church Street, between Canal and Lispenard Streets, Borough of Manhattan.

The Secretary presented the following:

Bureau of Franchises, May 1, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of Board of Estimate and Apportionment:*

Sir—Section 2, First, of the contract dated January 16, 1913, between The City of New York and the Dry Dock, East Broadway and Battery Railroad Company for the construction, maintenance and operation of a street surface railway extension upon and along Canal and Church Streets from the easterly side of Broadway to Lispenard Street, Borough of Manhattan, provides as follows:

"The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine."

Pursuant to this provision, the Company on April 24, 1913, filed with the Board of Estimate and Apportionment certified copies of the consents of abutting property owners along the route of the grant. An examination of the consents and a comparison with the tax book show that on Canal Street between Broadway and Church Street the total assessed valuation of the abutting property is $2,905,500; fifty per cent. of this amount is $1,452,750, and consents have been obtained to the value of $1,647,000, or an excess over the required amount of $194,250. On Church Street between Canal and Lispenard Streets the total assessed valuation is $593,500; fifty per cent. of which is $296,750, and consents have been obtained to the value of $359,000, or an excess of $62,250. It would therefore appear that the Company has complied with the requirements of the contract relative to obtaining and filing property owners' consents.

The provisions of the contract relative to the making of an initial payment of $100 on or before April 16, 1913, and a security deposit of $1,000 on or before February 16, 1913, have also been complied with by the Company.

Section 2, Eighth, of said contract provides that construction of the extension shall be completed and the railway placed in full operation thereon within three months from the date of filing consents. Under this provision, the date for the completion of construction is July 24, 1913.

It is recommended that the consents of abutting property owners as filed by the Company be accepted and that the Secretary of this Board be directed to forward a copy of this report to the Company, calling attention to the date for the completion of construction.

A resolution to this effect is herewith transmitted. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Resolved, That the copies of consents of abutting property owners to the construction, maintenance and operation of a street surface railway upon and along Canal and Church Streets from the easterly side of Broadway to Lispenard Street, Borough of Manhattan, as an extension to the existing system of the Dry Dock, East Broadway and Battery Railroad Company, filed by said Company with this Board on April 24, 1913, be and they hereby are accepted; and be it further

Resolved, That the attention of the Company be invited to the fact that construction of the extension should be completed and the railway in full operation thereon July 24, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

New York Railways Company (Cal No. 12).

A communication was received from the Public Service Commission for the First District transmitting certified copy of resolution adopted by said Commission directing a hearing on the application of the New York Railways Company for a change of motive power on the Metropolitan Crosstown Line.

Which was ordered filed.

Hudson and Manhattan Railroad Company (Cal. No. 13).

In the matter of the consent granted the Hudson and Manhattan Railroad Company to construct, maintain and use a single span bridge over and across Dey Street, west of Church Street, Borough of Manhattan, connecting the seventeenth floors of the terminal buildings of the Company on opposite sides of said street.

This consent was granted by resolution adopted by this Board April 17, 1913, approved by the Mayor April 18, 1913.

The Secretary presented the following:

Bureau of Franchises, May 2, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—By resolution adopted by the Board of Estimate and Apportionment April 17, 1913, approved by the Mayor April 18, 1913, the Hudson and Manhattan Railroad Company was granted permission to construct, maintain and use a single span bridge over and across Dey Street, west of Church Street, Borough of Manhattan, connecting the seventeenth floors of the terminal buildings of the Company on opposite sides of said street.

Section 15 of the consent provides as follows:

"15. This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained

and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

"And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized."

Under and pursuant to said section the grantee presented an agreement dated April 24, 1913. This agreement was approved as to form by the Corporation Counsel and returned to this office with a communication dated April 28, 1913.

Certified copies of the approved resolution have been forwarded to the grantee and to the officials interested.

It is recommended that the papers be filed. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

Which was ordered filed.

New York Quotation Company (Cal. No. 14).

In the matter of the application of the New York Quotation Company for a franchise to use the streets in that portion of the Borough of Manhattan lying south of Chambers Street for the purpose of laying and maintaining wires to be used in the operation of electrical printing instruments commonly known as "stock tickers" for the distribution of stock and bond quotations and other notices.

At the conclusion of the public hearing on October 24, 1912, this matter was referred to the Bureau of Franchises.

The Secretary presented the following:

THE CITY OF NEW YORK,
BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES.
Room 801, 277 Broadway, May 2, 1913.

Sir—There is submitted herewith a proposed form of contract to govern the grant of a franchise applied for by the New York Quotation Company, authorizing it to use the streets of that portion of the Borough of Manhattan, lying south of Chambers street, for the purpose of laying and maintaining wires to be used in the operation of electrical printing instruments, commonly known as "stock tickers."

This is one of the several companies to which the Commissioner of Water Supply, Gas and Electricity directed the attention of the Board, as using the streets of the City without authority.

The communication referring to this company was presented to the Board December 7, 1911, whereupon it was referred to the Bureau of Franchises, which reported to the Corporation Counsel as to the organization and operations of the company on March 20, 1912. Based on this report, the Corporation Counsel on April 24 of that year held that he was convinced that the company is operating illegally in the streets and must secure the consent of the Board if it desires to continue its operation. Accordingly it was called upon to submit an application for a franchise, which was done on June 20, 1912, and the public hearing upon the same was held October 24. Since that time this Bureau has drafted a form of contract to govern the grant of the franchise applied for, and has conferred with the representatives of the company regarding the provisions contained in the same.

Organization of Company.

The New York Quotation Company was formed by a certificate of incorporation dated December 26, 1889, and filed in the office of the Secretary of State December 28, 1889. This certificate recites that the company was formed under the Telegraph Act of 1848, to construct a line of telegraph or electrical conductors upon, over or under the highways, streets and avenues of the City of New York, from the Stock, Produce, Cotton and other exchanges in every direction deemed advisable, and without the City of New York, to and in such towns and cities in and out of the State of New York, as might be deemed advisable. Its capital stock was fixed at $500,000, which is the amount at present outstanding.

When originally incorporated, the company was, so far as this Bureau can obtain information, controlled by the same interests as those which controlled the Postal Telegraph-Cable Company, but later it passed into the control of the New York Stock Exchange, and is at present owned by that body. It appears to have acquired certain property of a former company known as the Commercial Telegram Company, which was organized in 1882, and sold under execution in 1889. A thorough investigation, however, failed to reveal that the Commercial Company had ever obtained any privilege to use the streets of the City or attempted to make any transfer of any alleged privilege to the New York Quotation Company.

Operations in New York.

At the present, and since its organization, the New York Quotation Company has been engaged exclusively in the transmitting to individuals, etc., designated by the Stock Exchange, of information regarding the transactions occurring upon that Exchange. Its present operations in this regard are conducted pursuant to an agreement dated April 15, 1904, between the company and the Exchange, as modified by an agreement between the same parties, under date of November, 1908. Under this agreement, the Stock Exchange agrees, at its own cost and expense, to collect and furnish and transmit to the Quotation Company, for distribution by it, full and continuous reports of the current transactions, new quotations and statistics made or originated in the Stock Exchange of such stocks, bonds, etc., as are or may be dealt in by members during the hours of business. These reports are delivered to the Quotation Company at a room in the Stock Exchange Building, from which it transmits the same by a keyboard, therein located, through its central station at 18 Broadway, to those individuals, partnerships and corporations which have the instruments of the company.

It is to be noted that no ticker is at present installed in the Consolidated Exchange by the Company. This Exchange, in which stocks and bonds are bought and sold, is, of course, a competitor of the New York Stock Exchange, and as stated in the report of Governor Hughes' Committee on Speculation in Securities and Commodities, hereinafter referred to, very strained relations exist between the two since the Consolidated Exchange undertook in 1886 to deal in stocks. Prior to 1888 it seems that the predecessor of the applicant had an instrument on the floor of the Consolidated Exchange, but, in that year, it threatened to remove the same and the Stock Exchange itself took steps to prevent that Company from furnishing quotations to the Consolidated Exchange and proposed to oust it from connection with its own exchange. In order to prevent this, the President of the Consolidated Exchange, on behalf of that Exchange, brought an action against the Commercial Telegram Company, to which the President of the Stock Exchange was joined as a party, asking for an injunction to restrain the threatened removal and disconnection. The court granted the application for an injunction against the Company, as it had made no defense but dismissed the complaint so far as it affected the Stock Exchange. It seems, however, that the ticker was later removed, and, I am informed, by the Attorney for the applicant Company, that it has had no ticker in the Consolidated Exchange since the date of its organization in 1889. One other company which is under contract with the Stock Exchange to transmit its quotations, however, that is, the Gold and Stock Telegraph Company, is furnishing service to a ticker located in the Consolidated Exchange, it being stated that the same is maintained there because of a preliminary injunction obtained against its threatened removal some years ago.

A brief description of the method of operation by the applicant company is as follows: On the floor of the Exchange itself there are four Morse instruments and a large number of reporters employed by the Exchange, who gather information as to sales and other transactions, and who transmit the same by means of the four Morse telegraph instruments to the office of the New York Quotation Company on the eighth floor of the Stock Exchange. Here the information is taken from the Morse instruments by four operators employed by the New York Quotation Company, who deliver the same to the keyboard operator of the company, situated in the same room. There are also four additional Morse operators, with duplicate sounders, in this room, who are there for the purpose of being used in the case of emergency. The keyboard, abovementioned, is connected from this room with the transmitters in the office of the company at 18 Broadway by thirty wires in a cable of eighty wires. This cable is duplicated, as are the keyboards, as a precaution against breakdown in the circuit used at any one time. The pressure of any particular letter or key on the keyboard in use causes the transmitter to send impulses out through the switchboard in the company's office to the tickers of the company connected with the same, thus actuating the letter-wheel and printing upon the roll of tape in the machine. The instrument used may be stated to be similar to that used by the Stock Quotation Telegraph Company, regarding which this Bureau has already reported on December 16, 1912. It does, however, differ somewhat in detail from that instrument, and is protected by patents obtained by the New York Quotation Company itself, all instruments used by it being manufactured in its own plant. About one-half of the instruments in use depend upon heavy weights to actuate the mechanism when the various wheels are released by electrical energy and the other half are machines in which the mechanism is actuated by the current itself. It is necessary for the company to maintain a force of employees to wind those machines having the weights and to feed ink to and distribute rolls of printing tape to all the machines. There are about 1,200 ticker machines operated by the company, requiring nearly five thousand rolls of tape per week. It also has a corps of inspectors who inspect all machines from time to time and replace them when necessary. The current used varies from one-quarter to one-third ampere at 190 volts pressure.

In the Stock Exchange Building there are about fifty machines, a large number of which are on the floor of the Exchange itself, and are used by representatives of foreign banking houses who there get quotations and transmit the same by cable to their home offices. For these machines the company obtains no revenue whatsoever. All the current used by the company is generated in its own plant, situated at 18 Broadway, where it also does its own repairing and manufacturing. Two wires are used on every circuit which are grounded at the last machine on each circuit. If the electrical impulses go over one of these wires, the letter-side of the wheel prints on the tape. If through the other the figure-side of the wheel does the printing. As to which wire the impulses will go over, the key pressed in the keyboard determines. If a machine temporarily goes out of adjustment it will right itself as soon as the character for the dot or period is pressed on the keyboard, for if that character on the type-wheel is not then in the proper position the mechanism is so arranged that the machine is locked and a stronger current flows to the same, causing it on the next impulse to synchronize itself with the others.

While the keyboard cable running from the Stock Exchange to 18 Broadway could probably be tapped, the only result would be to obtain impulses of alternating current (the kind used) without definite form or character. It must be noted, however, that certain wires run back to the Stock Exchange from 18 Broadway to actuate the tickers in the first-named building, and if these could be tapped and a machine of the same character as that used by the company placed on the same, the information sent out over the wires would thus be obtained. The last-mentioned point is important because of the fact that the contract with the Stock Exchange contemplates absolute secrecy and all safeguards against possible cutting in on the wires of the company.

The cables used by the company are its own and contain from fifteen to eighty conductors. These are situated in the following streets: Church street—Thames street to Cortlandt street; Broadway—Battery place to Cortlandt street; New street—Beaver street to Wall street; Broad street—Beaver street to Wall street; Nassau street—Wall street to Liberty street; William street—Beaver street to Cedar street; Beaver street—Broadway to Broad street; Exchange place—Broadway to William street; Wall street—Broad street to Pearl street; Cedar street—Broadway to William street; Cortlandt street—Broadway to Church street.

FORM OF CONTRACT.

The form of contract, which has been prepared to govern this grant, although along the lines usually employed, had to cover a peculiar situation, to wit, that the company was under contract with the New York Stock Exchange to furnish service only to members of the New York Stock Exchange who are especially designated by the Exchange, and in this instance the Bureau sought the advice of the Corporation Counsel, as is explained more at length under the subheading "Extension of Service."

The particular conditions including the above, which are inserted in the form of contract, submitted herewith, are discussed briefly below.

Limitation of Grant—Section 1 of the proposed form of contract, with subdivision 15 of section 2, expressly limits the grantee to the operation of ticker instruments for the purpose of transmitting to offices and places of business of persons, firms and corporations stock and bond quotations and dividend and other notices. In the laying of wires for this purpose, it is required to lease the ducts to be used from the Empire City Subway Company, Limited. No authority is given for the use of overhead wires.

Duration of Grant—The term of this contract is made to run for a period of fifteen years from January 1, 1913, with the privilege of renewal of the same for a further period of ten years, as in the case of the Stock Quotation Telegraph Company. This period if used in the case of the various district telegraph companies, whose applications are now before the Board, will result in the expiration of all on the same day, thereby allowing the consideration of all of them at the same time upon application for a renewal.

Compensation—The compensation proposed is a ten thousand dollar initial payment and a sum to be calculated at the rate of eight thousand dollars a year from April 24, 1912, to the date of the signing of the contract by the Mayor, for past use and occupation of the streets. In addition the following percentages are imposed:

First five years, three per cent., with a minimum of $8,000.

Second five years, four per cent., with a minimum of $10,000.

The remaining term five per cent., with a minimum of $12,000.

The initial payment is based upon the proposition that the company will use the streets of the City to a large extent in that territory, in which it is authorized to operate, and also, in view of the fact that it is the only company authorized by the Stock Exchange to furnish quotations to stock brokers below Chambers street, its business is in the nature of a necessity and assures it of a continued and large income.

The sums fixed as minimums and for past use and occupation are based upon the earnings of the Company, and the same are made to run, by virtue of the provision for the charge for past use and occupation, from April 24, 1912, the date when the Corporation Counsel ruled upon the legality of the Company's operations. It may be noted that these percentages are the same as those imposed in the form of contract for the Stock Quotation Telegraph Company, which operates a similar system, but the information furnished by which is of a different nature.

Maps to be furnished to Borough Presidents—In accordance with the request of the President of the Borough of Manhattan, a provision has been inserted in the sixth subdivision of section 2, to require the Company to furnish to his office, immediately upon the completion of any work of construction, a plan of such character as he may direct, showing the structure installed, the location of the same, and the structures encountered during the course of construction.

Patent Rights—In view of the Company's assertion that the standard provision imposing upon it the obligation of improving its plant, etc., upon direction of the Board, might interfere with its patent rights, I have agreed to the addition of a clause saving the same, at the end of the seventh subdivision of section 2, subject, however, to the approval of the Corporation Counsel.

Extension of Service—The contract with the Stock Exchange, under which the Company operates, contains explicit provisions prohibiting it from furnishing quotations, etc., to any one not designated by the Stock Exchange. The Company, therefore, requested the amendment of the standard provision regarding extension of service, so as to include an amendment to the effect that any extension and the connection to be made should be upon the designation and approval of the sender of the stock and bond quotations, and dividend and other notices to be furnished. This raised a question never before brought to the attention of this Bureau, and it was accordingly submitted to the Corporation Counsel for his opinion, together with a copy of the report of Governor Hughes's Committee on Speculation in Securities and Commodities, dated June 7, 1909, and copies of the testimony before the Committee Investigating the Financial and Monetary Conditions in the United States, commonly known as the "Pujo Committee," relative to the relation of ticker companies to the Stock Exchange. The report of Governor Hughes' committee was in favor of the passage of a law providing that, so far as the transmission of continuous quotation was concerned, telegraph companies should not be deemed common carriers or be compelled against their volition to transmit such quotations to any person, while the line of questioning before the Pujo Committee indicated an opinion that the quotations of the Stock Exchange were a public necessity and should be distributed as widely as possible.

Upon a consideration of these documents, of a synopsis of the agreement between the Company and the Stock Exchange and of the law relating to this subject, the Corporation Counsel, under date of February 11, rendered an opinion, in which he holds that,

"In the absence of any legislation prohibiting the exchanges from placing these limitations, conditions or restrictions on the use of their market quotations, *the*

telegraph or quotation company could not be compelled by the City, as a condition for its franchise, to avoid or ignore such limitations, conditions or restrictions, and I am therefore of the opinion that, in view of the decisions I have cited, it would not be against public policy to change the standard form of franchise contract in the manner requested by the New York Quotation Company, and that its application in that respect should be granted."

Since the date of the opinion of the Corporation Counsel, this Bureau has made an investigation as to any proposed legislation with regard to the Stock Exchange, whether by the Federal Government or by the State of New York, and has found that the report of the Pujo Committee referred to above will not affect the New York Quotation Company in any manner. This report proposes to prohibit the use of *interstate* telegraph and telephone to stock exchanges not incorporated, and complying with certain conditions, and as the New York Quotation does not extend its lines outside of The City of New York, any such proposed legislation would not affect its operations. In the State of New York there has been one bill introduced placing a penalty upon ticker companies for the transmission of quotations of stocks or securities not actually and in good faith bought and sold on the Stock Exchange or any other exchange, or the transmission of any price, rate or quotation of what are known as wash or washed sales or of matched orders (Senate Introductory No. 198). This bill, however, does not appear to have progressed, and passage is extremely doubtful. It would seem in addition that the same would not affect the provisions of the franchise in any manner. The bill introduced for the purpose of requiring the incorporation of the Stock Exchange specifically recognizes the authority of any corporation formed under the same "*to sell, transfer and assign its stock or other quotations to any individual or corporation*" (Assembly Introductory No. 1016). In addition there has been a bill introduced prohibiting discrimination between members of the Exchanges requiring each to deal for members of the other. Even if this is passed, it is not thought that it will affect the operations of the New York Quotation Company in any way (Assembly Introductory No. 1015).

The tenth subdivision of section 2 was accordingly amended, to require the designation by the sender of the stock and bond quotations and dividend and other notices of the individual to be supplied with the same, but in addition thereto, so that the Company should not limit itself to the transmission of only New York Stock Exchange news, the said subdivision has also been amended to require it, upon the application of any individual, firm of corporation, other than the Exchange, and upon proper conditions, to transmit for such individual, firm or corporation, stock or bond quotations or financial news, to other individuals, firms or corporations.

Rates.—The rate at present charged is twenty dollars a month, and this is the sum fixed by the contract. For other service furnished or to be furnished by the Company it is provided that the rates charged shall be reasonable and fair, and before being put into effect, shall be submitted to the Board for its approval. The contract also contains a provision by which the Company agrees, upon request of the Board, to furnish service to the City, free of charge, if desired.

The Corporation Counsel, however, has stated that the clause requiring the furnishing of free service to the City "would seem to be unnecessary." With this statement I do not find it possible to agree and strongly recommend its retention. In this connection attention is called to the fact that the City from year to year issues a large amount of securities, and in addition has recently entered into contracts with two rapid transit railroad companies under which it becomes virtually a partner of each. These companies also have issued and will issue a large amount of securities. *Regarding both those securities issued by the City and by the Companies concerned it may be not alone convenient but necessary in the future, for the City, and in particular the Comptroller thereof, to have first hand, instantaneous, information regarding transactions in the same,* and the provision would then be of immense benefit. As power to requisition this service is lodged exclusively in the Board, it is hardly possible that any abuse would arise in this connection.

Security Fund.—The security fund, herein provided for, is the sum of fifteen thousand dollars, which, I believe, will be sufficient to protect the interests of the City, in the event of a default on the part of the Company, and is a larger sum than the greatest minimum annual payment which will be required during the original term of the grant.

General.—The remaining provisions of the form of contract, submitted herewith, are similar to those generally used, particularly in the case of district telegraph companies, and hardly need to be commented on here.

The application when received was submitted to the President of the Borough of Manhattan and to the Commissioner of Water Supply, for suggestions as to any particular clause which should be included in the franchise, or any reasons why the franchise in itself should not be considered favorably, and in reply both officials stated that they had no objections to offer to the franchise, and the President of the Borough suggested a clause which has been mentioned above, and incorporated in the grant.

Several conferences have been held between the attorney for the Company and representatives of this Bureau, with the result that the contract presented herewith is acceptable, I am informed, to the Company.

It has also been submitted to the Corporation Counsel for approval as to form and to pass particularly upon section 2-tenth, regarding the extension of the service of this Company and Section 2-twelfth with reference to rates for future service, and he has approved the same (except as stated above under "Rates"), with a modification in the phraseology of Section 2-Twelfth, which has been made in the form submitted herewith.

If it is desired by the Board to legalize the operations now being carried on by the Company, it is suggested that the said form of contract be tentatively approved by it; that the same be placed upon the minutes for thirty days, as required by law, and that a final hearing be fixed for June 19, of which due notice and the form of contract should be advertised in two daily newspapers to be designated by the Mayor, and in the CITY RECORD.

A form of resolution for this purpose is submitted herewith.

Respectfully,
HARRY P. NICHOLS,
Engineer, Chief of Bureau.

City of New York, Law Department, Office of the Corporation Counsel, New York, April 24, 1913.

Board of Estimate and Apportionment:

Sirs—I am in receipt of a communication from the Chief of the Bureau of Franchises, dated April 9, 1913, and reading as follows:

"In connection with the application of the New York Quotation Company for permission to use the streets in that portion of the City lying south of Chambers Street, in the Borough of Manhattan, for the purpose of furnishing stock and bond quotations and dividend or other notices to those persons designated by the sender thereof, your Department, in an opinion dated February 11, 1913, signed by Mr. G. L. Sterling, Acting Corporation Counsel, has held that the Board of Estimate and Apportionment, in the absence of prohibitory legislation, might amend the standard form of contract so as not to place the Company under the obligation of furnishing these communications to others but those designated by the sender.

"In order that the Company should not limit its operations entirely to those conducted by it, that is, the transmission of stock and bond quotations made in the New York Stock Exchange, it was proposed by this Bureau that, in addition to obligating itself to transmit such notices, it also agree to furnish service to other individuals, firms or corporations in transmitting similar information for such individuals, firms or corporations to such persons as may be designated by those individuals, firms or corporations as the transmitter of messages, and the Company agreed to the insertion of such a provision. It appears, however, that the cost of installation necessary for the central plant of any such of this character, approaches very nearly to the sum of $100,000, and the Company believes that, in the event of being required to enter any new field, it should be protected against loss on any investment made by it, and assured of a reasonable return in undertaking the new business. It has, therefore, requested a provision to this effect in the contract under that clause relating to rates, the same to read as follows:

"'For any other service furnished or to be furnished by the Company, the rates charged shall be reasonable and fair and before being put into effect shall be submitted to the Board for its approval. In the event that it shall be necessary for the Company, in order to undertake to render such service, to install plant or equipment additional to that at present in use, the rates to be charged *shall* be such so that the Company may during the life of the contract for the furnishing of such service, receive a return of the moneys so invested by it in such additional plant and equipment and a fair and reasonable profit on its investment.'

"The Company, through its attorney, Mr. Arthur W. Weill, of 21 Park Row, pleads that a provision of this character is necessary to protect it in the extension of its service, but the clause is so arbitrary that I do not want to recommend its insertion to the Board without your express approval. It is my belief that if the word '*shall*' italicised above, be omitted, and '*may*' inserted therein, the objectionable feature of the suggested clause, that is, its arbitrariness, would be eliminated.

"All the other provisions of the contract as now drafted have been accepted by the Company, and I am transmitting a copy of the same to you for your approval as to form, and particularly with respect to that provision in Clause Twelfth, above referred to.

"As it is my desire, if possible, to present this contract to the Board at its meeting to be held Thursday, April 24, it is asked that you advise as to whether the said contract meets with your approval as to form, or whether you desire the insertion of any new matter to protect the interests of the City on or before Thursday, April 17."

I have revised subdivision (b) of Paragraph Twelfth so as to read as follows:

"(b) For any other service authorized by this contract furnished or to be furnished by the Company, at the request of any person, co-partnership, corporation or exchange other than the New York Stock Exchange, the rates charged shall be reasonable and fair and before being put into effect shall be submitted to the Board for its approval. In the event that it shall be necessary for the Company in order to undertake to render such additional or other service, to install plant or equipment additional to that at present in use, the rates to be charged may be such as to enable the Company during the life of the contracts for the furnishing of such additional or other service, to receive a return of the moneys so invested by it in such additional plant and equipment and a fair and reasonable profit on such investment."

In view of the pending proposed legislation regarding the Stock Exchange and its activities, I am of the opinion an additional clause should be inserted at the end of the proposed contract as follows:

"It is further mutually understood and agreed by and between the parties hereto that in the event of the enactment at any time hereafter during the life of this contract of any law or ordinance which shall be inconsistent with or opposed to the exercise of the privileges hereby granted the Board of Estimate and Apportionment will have the right to declare this contract terminated or to impose such new terms or conditions for the continuance thereof as the said Board may deem necessarry and proper."

I do not understand that the City or any of its departments or officials can use for City purpose stock ticker service. The clause requiring such ticker service to be furnished to any department or bureau of the City "free of charge" would seem to be unnecessary. Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

The following was offered:

Whereas, The New York Quotation Company has, under date of June 14, 1912, made application to this Board for the grant of the right, privilege and franchise to use the subway ducts in that portion of the Borough of Manhattan lying south of Chambers street, for the purpose of laying, maintaining and operating wires to be used in the operation of electrical printing instruments, commonly known as "stock tickers"; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on September 19, 1912, fixing the date for the public hearing thereon as October 24, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in "The Sun" and "New York Commercial," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the New York Quotation Company and the adequacy of the compensation to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York Quotation Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York Quotation Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This Contract, made this day of , 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York Quotation Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors under the streets and avenues within that portion of the Borough of Manhattan lying south of a line beginning at a point on the Hudson River on a line with the northerly side of Chambers street; running thence easterly along the northerly side of Chambers street to the northerly side of New Chambers street on a line therewith; thence continuing easterly along the northerly side of New Chambers street to the easterly side of James Slip; thence southerly along the easterly side of James Slip to a point on the shore of the East River in line therewith, for the purpose of electrically connecting its places of business with each other and with other offices and places of business of persons, firms and corporations so as to allow of the distribution of stock and bond quotations and dividend and other notices over the said wires to printing telegraph instruments, commonly known as "stock tickers," and for no other purpose whatsoever.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits, for the purpose aforesaid, shall be held and enjoyed by the Company for the term of fifteen (15) years from January 1, 1913, with the privilege of renewal of said contract for a further period of ten (10) years, upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested free-

holder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

1. The sum of ten thousand dollars ($10,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor.
2. For past use and occupation of the streets of the City, a sum at the rate of eight thousand dollars ($8,000) a year from April 24, 1912, to the date of the signing of this contract by the Mayor.
3. During the first term of five (5) years, an annual sum which shall in no case be less than eight thousand dollars ($8,000) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of eight thousand dollars ($8,000).
4. During the second term of five (5) years, an annual sum which shall in no case be less than ten thousand dollars ($10,000) and which shall be equal to four (4) per cent. of its gross annual receipts, if such percentage shall exceed the sum of ten thousand dollars ($10,000).
5. During the remaining term, an annual sum which shall in no case be less than twelve thousand dollars ($12,000) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twelve thousand dollars ($12,000).

The annual charges shall commence from the date on which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date, and provided further that the first annual payment thereafter shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsover kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose, unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electric system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and the proper restoration of the surface of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Upon the completion of any work of construction the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract and the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curbline and the nearest curbline intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues, in any Department of the City or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, conductors, connections, instruments and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, conductors, connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine. Nothing herein contained shall be deemed to affect the patent rights of the Company or the patented devices used or in the future to be used by it in the operation of its system.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors of the character or tension of those used by the Company or similar companies, in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be necessary and available for the operation of the system hereby authorized. No cables or wires shall in the future be strung above the surface of the streets and avenues by the Company and those at present in existence shall be removed and placed underground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Tenth—The Company shall, upon request from any individual, firm or corporation occupying or owning premises in the territory in which the Company is authorized to operate by this contract, not personally in arrears to it for services already rendered, and who shall be designated by the sender of the stock and bond quotations and dividend or other notices requested by the applicant and transmitted by the Company, extend its wires to such premises and transmit such stock and bond quotations and dividend or other notices to such individual, firm or corporation so designated. The Company shall also, upon request of any financially responsible, individual, firm or corporation, occupying or owning premises in the territory in which the Company is authorized to operate by this contract, not personally in arrears to it for services already rendered, undertake to, and transmit for such individual, firm or corporation, stock or bond quotations and dividend or other notices furnished it by such individual, firm or corporation for that purpose to such individuals, firms and corporations as may be designated by the sender thereof, provided that such service shall not be required to be furnished in any given case until after the expiration of a reasonable time for procuring and installing the necessary equipment and apparatus for rendering such service, and provided further, that when the undertaking of the transmission of such messages, shall require the installation of additional plant and equipment, the Company may require the individual, firm or corporation, hereinbefore referred to, to enter into such agreement with respect to the length of time for which the said service is contracted as may be fair and reasonable.

Eleventh—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on September 30 preceding, and the streets in which the same are located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity, on or before the tenth day of each month, a map or plan of the locations in which wires have been placed by it during the preceding month.

Twelfth—The rates to be charged by the Company shall not be in excess of the following, and it is agreed that the same may be altered or changed by the Board, as hereinafter provided:

(a) For transmitting financial news, including stock and bond quotations received from the New York Stock Exchange and including the use of one printing telegraph or ticker during such period as financial news may be transmitted to a designated recipient, the sum of Twenty Dollars a month or Two hundred and forty dollars ($240) a year.

(b) For any other service authorized by this contract furnished or to be furnished by the Company at the request of any person, co-partnership, corporation or exchange the rates charged shall be reasonable and fair and before being put into effect shall be submitted to the Board for its approval. In the event that it shall be necessary for the Company in order to undertake to render such additional or other service, to install plant or equipment additional to that at present in use, the rates to be charged may be such as to enable the Company during the life of the contracts for the furnishing of such additional or other service, to receive a return of the moneys so invested by it in such additional plant and equipment and a fair and reasonable profit on such investment.

The Company agrees, upon request of the Board, to transmit messages addressed to any department or bureau of the City where no additional equipment need be installed by the Company, save the laying of wires and installation of tickers, free of charge.

Thirteenth—During the term of this contract, or any renewal thereof, the Board shall have the power, by resolution, to regulate and fix the maximum and minimum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Fourteenth—The Company shall not require nor receive from the individuals, firms or corporations to which it transmits stock or bond quotations or dividend or other notices, any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Fifteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Seventeenth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Eighteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars ($100) as fixed or liquidated damages or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Nineteenth—If for a period of six consecutive months the system of the Company shall not be operated, or if the same shall not be operated for a period of nine months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity.

Twentieth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts of the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.

7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors and officers elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number and location of premises served by the Company and number of instruments in each.
16. Total receipts of the Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-second—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of fifteen thousand dollars ($15,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, in default of which payment of the annual charges, the City shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnishing of service to applicants as herein provided or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws, ordinances or departmental regulations now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars ($50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of fifteen thousand dollars ($15,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-third—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the system constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such cases such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-fifth—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-sixth—The words "streets and avenues" or "streets or avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is hereby authorized to operate.

Twenty-seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By....., Mayor.

[CORPORATE SEAL.]
Attest: ....., City Clerk.

NEW YORK QUOTATION COMPANY,
By....., President.

[SEAL.]
Attest: ....., Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions for the grant of the franchise or right applied for by the New York Quotation Company and the said form of proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, June 19, 1913, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, June 19, 1913, in two (2) daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the New York Quotation Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the grant of the franchise or right applied for by the New York Quotation Company and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, June 19, 1913, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Railways Over Manhattan Bridge (Cal. No. 15).

A communication was received from the Secretary of the Brooklyn League, transmitting resolutions adopted by the Executive Committee of said association, requesting the Board and the Public Service Commission to take under consideration the trackage facilities on the Manhattan Bridge, with a view to providing through trolley service and the elimination of transfer of passengers at the bridge and urging a broad consideration of the whole problem.

Which was ordered filed.

Karsch Brewery (Cal. No. 16).

In the matter of the communication from the Department of Water Supply, Gas and Electricity, stating Karsch Brewery was maintaining a conduit under and across 11th street, between 2d and 3d avenues, College Point, Borough of Queens, without authority.

This communication was presented to the Board at the meeting of December 5, 1912, and was referred to the Bureau of Franchises.

The Secretary presented the following:

Bureau of Franchises, May 5, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Under date of November 21, 1912, the Department of Water Supply, Gas and Electricity, addressed a communication to the Board of Estimate and Apportionment, advising that an inspector of the said Department had discovered a conduit under and across 11th Street between Second and Third Avenues, College Point, Borough of Queens, connecting the buildings of the Karsch Brewery. It was added that a search of the Department's records failed to disclose any authority for the said conduit, and at the meeting of the Board held December 5, 1912, the matter was referred to the Bureau of Franchises for investigation and report.

I caused an examination to be made, and it was found that there was a thirty-inch pipe in existence under and diagonally across 11th Street between Second and Third Avenues, connecting the premises of the Karsch Brewery. The thirty-inch pipe contained a number of smaller pipes. It was found that the brewery has not been in operation for some time, and is now the property of the Central Brewing Company, which Company maintains and operates a brewery at 68th Street and the East River, Borough of Manhattan.

The matter was taken up with the said Central Brewing Company, with the result that the President of the Company stated the pipes had not been used in years, and were of no further service as there was no intention of resuming operations at the Karsch Brewery, and that the said pipe would be removed as soon as possible.

A communication was addressed to the President of the Borough of Queens, requesting that an inspection be made during the work of the removal of the pipe, with a view to certifying to the Board, after the completion of the work, that the pipe had been removed and the street pavement properly restored.

I am now in receipt of a communication dated May 1, 1913, from the Commissioner of Public Works, enclosing a report of the Superintendent of Highways of the Borough of Queens, reciting that on January 7, the work of removing the pipe was completed and the pavement properly restored on February 4, 1913.

The matter being thus completely closed, I would suggest that the papers be filed.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The papers were ordered filed.

Bronx Traction Company (Cal. No. 17).

The Secretary presented the following:

Bureau of Franchises, May 5, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The Bronx Traction Company has, under date of May 5, 1913, petitioned the Board of Estimate and Apportionment, for an extension to its existing street surface railway system upon and along Morris Park Avenue from the terminus of the existing tracks on said street, at its intersection with Bear Swamp Road or Bronxdale Avenue to Williamsbridge Road, Borough of The Bronx.

The facts relative to the presentation of this petition are set forth in another report under even date, in relation to this matter.

It is recommended that Thursday, June 5, be fixed as the date for the preliminary hearing upon the petition, and that his Honor the Mayor be requested to designate two daily newspapers in which the petition and notice of hearing thereon shall be published according to law.

A resolution to this effect is herewith transmitted. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

To the Board of Estimate and Apportionment of The City of New York:

The Bronx Traction Company, a street surface railroad corporation duly organized under the Laws of the State of New York, hereby petitions for a franchise to construct, maintain and operate an extension of its existing railroad in the Borough of The Bronx, City of New York, with a double track in, upon, along and over the following described route:

Beginning at and connecting with the existing tracks of the Company in Morris Park avenue, at or near its intersection with the southwesterly side of Bronxdale avenue (formerly Bear Swamp road); thence northeasterly across said Bronxdale avenue to the intersection of the northeasterly side thereof with a new road on private property, to be known as Morris Park avenue, and to be ceded to The City of New York as a public street, and thence northeasterly upon and along the said new road to its intersection with Williamsbridge road.

Dated New York, May 5, 1913.

THE BRONX TRACTION COMPANY,
[CORPORATE SEAL.] By EDWARD A. MAHER, Vice-President.
Attest: FREDERIC J. FULLER, Secretary.

State of New York, County of New York, ss.:

Edward A. Maher, being duly sworn, deposes and says that he is the Vice-President of The Bronx Traction Company, the petitioner herein; that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge. EDWARD A. MAHER.

Sworn to before me this 5th day of May, 1913.

[SEAL.] JAS. S. WILLIAMS, Notary Public 4089, New York County.

The following was offered:

Whereas, The foregoing petition from the Bronx Traction Company, dated May 5, 1913, was presented to the Board of Estimate and Apportionment at a meeting held May 8, 1913.

Resolved, That in pursuance of law this Board sets Thursday, the 5th day of June, 1913, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard, and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

The petition was then referred to the Bureau of Franchises.

Bronx Traction Company, Morris Park Estates (Cal. No. 18).

The Secretary presented the following:

Morris Park Estates, 25 Broad Street, New York, May 5, 1913.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—In connection with the sale of the Morris Park property, this company, which is successor in title to the Fidelity Development Company, is very anxious to construct and have in operation a trolley line on Morris Park avenue, between Williamsbridge road and Bronxdale avenue, the present terminus of the line, to be operated by the Bronx Traction Company on Morris Park avenue.

This company considers that such a line will add greatly to the value of the property in Morris Park and increase the equity of the State Superintendent of Banks, as agent in liquidation of the Carnegie Trust Company and the Northern Bank.

This company hereby offers to build such street railway between the points above mentioned in The City of New York, provided that the City will grant a franchise to the Bronx Traction Company to extend its railway and operate this line of track when completed. This company, under such conditions, will obligate itself to cede to The City of New York, as additional consideration for the franchise, Morris Park avenue between Bronxdale avenue and Williamsbridge road—a street one hundred feet in width, graded and macadamized, curbed and improved with cement sidewalks, and also to pay the advertising costs for obtaining such franchise.

We, therefore, ask that the Board authorize that a permit be issued to the Bronx Traction Company, for the connection of its present line into the property of the Morris Park Estate; such permit to contain the usual stipulation in such case. Yours very truly,

MORRIS PARK ESTATES,
By A. K. ALFORD, President.

Bureau of Franchises, May 5, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The Banking Department of the State of New York, as the liquidator of the Carnegie Trust Company and the Northern Bank of New York, is interested in the property formerly known as the Morris Park Race Track, which is to be sold at public auction on May 31, 1913.

The Morris Park Estates, which has succeeded to the Fidelity Development Company as the owners of this property, is desirous of having this sale a success in order that its equity may be as large as possible and, to that end, has conceived the idea that it would be desirable to have an extension of the existing street surface railway on Morris Park Avenue, through the property, such extension to be built immediately, so that prospective purchasers may use the line before the sale and that the same may be in regular operation at all times thereafter.

To this end, the Morris Park Estates has addressed a communication to the Board, stating that if the Board will grant a franchise to the Bronx Traction Company (the existing company) through the property of the Morris Park Estates as far as Williamsbridge, it will give, as additional consideration for the franchise, a deed of cession on Morris Park Avenue for the width of 100 feet between Bear Swamp Road and Williamsbridge Road. This road, I am informed, has been graded, and will be macadamized, curbed and improved with cement sidewalks throughout.

The Morris Park Estates is also willing to construct the line upon its property and pay the cost of advertising of the franchise and to that end has conferred with the Bronx Traction Company, which Company is willing to accept a franchise from The City of New York upon the usual terms and conditions.

It seems to me that the City should meet, on fair terms, all the parties interested in this matter, and thereby conserve its own interests in the assets of the Carnegie Trust Company and Northern Bank.

It is the purpose of the Morris Park Estates to immediately construct this line on its own property, and, in order to make the necessary connection with the existing line in Bear Swamp Road, a permit for such connection would have to be issued by the President of the Borough of The Bronx. In order that the work may be progressed and the line put in operation at the earliest possible moment, I would recommend that the Board authorize the President of the Borough of The Bronx to issue such permit for the opening of the street, in order that such connection into the property of the Morris Park Estates may be made, under the usual stipulation in such cases—to wit, that if the franchise is not consummated, the tracks shall be removed from the street.

In connection with this matter I would state that the Bronx Traction Company has made a petition to the Board, in the usual form, for an extension of its line through this property, the understanding being that the street will be ceded to The City of New York as and for a public street.

I have therefore recommended, in a separate report, that the Board fix a day for public hearing on this application, and I attach hereto a resolution authorizing the Borough President to issue the permit for the connection in the property, in the usual form. Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, The Bronx Traction Company has, under date of May 5, 1913, petitioned this Board for the right, privilege or franchise to construct a street surface railway in, upon and along Morris Park Avenue from the terminus of the existing tracks in said street at its intersection with Bear Swamp Road or Bronxdale Avenue to Williamsbridge Road, as an extension to its existing street surface railway in the Borough of The Bronx; and

Whereas, The Morris Park Estates, the owner of Morris Park Avenue between Bear Swamp Road and Williamsbridge Road, has addressed a communication to the Board, stating that said Company will give, as additional consideration for the franchise, a deed of cession to said Morris Park Avenue between Bear Swamp Road and Williamsbridge Road, and has requested the permission of this Board to immediately make the necessary track connection in Bear Swamp Road between the proposed and existing tracks on Morris Park Avenue; and

Whereas, The Vice-President and General Manager of the Bronx Traction Company has verbally agreed to accept a franchise for such extension under such reasonable terms and conditions as this Board may impose, and has further agreed that if such contract is not entered into, will, at its own cost and expense, remove all of the tracks, poles, wires and other appurtenances which may be laid or constructed in said street or avenue; now, therefore, be it

Resolved, That the President of the Borough of The Bronx, be and he hereby is requested in his discretion to issue a temporary permit to said Bronx Traction Company, to open Bear Swamp Road or Bronxdale Avenue at Morris Park Avenue, for the purpose of constructing a street surface railway thereon, provided that the said Company shall execute and file with the said President of the Borough of The Bronx, an instrument in writing, whereby the said Company shall agree to remove the tracks and appurtenances of such railway at its own cost and expense, and restore the street to its original condition should the Board fail to grant such franchises within six months from the date of said permit or deny the application of the Company for such franchise or should said permit be terminated for any reason at any time within said six months by the President of the Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

New York Central and Hudson River Railroad Company (Cal. No. 19).

In the matter of the communication from the Department of Water Supply, Gas and Electricity stating the New York Central and Hudson River Railroad Company has constructed a single track across Mosholu avenue in Van Cortlandt park, without authority.

At the meeting of April 24, 1913, by resolution duly adopted, the Company was directed to file proof of its legal authority to maintain and operate two tracks across said street by May 2, 1913, or file a petition by said date for a franchise.

A communication was received from the General Attorney of the Company submitting affidavit of an engineer in the employ of the Company reciting certain proceedings in support of its authority to use the streets, stating the railway has been maintained and operated at this point for at least 25 years, and requesting permission to file additional affidavits.

Which was referred to the Bureau of Franchises.

Revocation of Unused Track Privileges (Cal. No. 20).

The Secretary presented the following:

Bureau of Franchises, May 3, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—From time to time, the Bureau of Franchises has made examinations of revocable privileges to construct, maintain and operate tracks in the public streets. Such privileges were granted to various individuals, firms or corporations by the legislative bodies of the villages or municipalities now comprised within the limits of The City of New York, and in certain cases it was found that the tracks so authorized had been removed.

A few of such cases are as follows:

Collwell & Brothers.

Collwell & Brothers presented a petition to the Board of Aldermen for permission to construct a railroad track from their premises, No. 550 West Twenty-seventh Street, to their premises immediately opposite, and the petition was granted by resolution adopted by the Board of Aldermen May 20, 1872, and by the Board of Assistant Aldermen June 17, 1872, and approved by the Mayor, June 21, 1872.

An examination made by this Bureau has disclosed that the track is not now in existence.

Directors of the New York Bridge Company.

A resolution was adopted by the Board of Aldermen, April 15, 1875, and approved by the Mayor April 19, 1875, granting permission to the Directors of the New York Bridge Company to lay down a double track railroad from the land on which the Brooklyn Bridge tower stands, on South Street near Roosevelt Street, to the land of the Company intended for the anchorage of the bridge; the track to be laid through and across South, Front, Roosevelt and Water Streets; the permission to continue only during the pleasure of the Common Council.

An examination made by the Bureau of Franchises has disclosed that this track is not now in existence. It was evidently used in constructing the approach to the Brooklyn Bridge.

New York, Lake Erie and Western Railroad Company.

A resolution was adopted by the Board of Aldermen May 5, 1886, and approved by the Mayor May 7, 1886, granting permission to the New York, Lake Erie and Western Railroad Company to lay rails across Thirteenth Avenue between Twenty-second and Twenty-third Streets, for the purpose of moving freight from the Company's pier on the westerly side of the avenue to its depot on the easterly side; locomotive steam power not to be used; the permission to continue only during the pleasure of the Common Council.

The above resolution was amended by resolution adopted by the Board of Aldermen June 21, 1887, and approved by the Mayor the same day, permitting the moving of the freight by improved dummy engines.

An examination was made by this Bureau and it was found that the said tracks are not now in existence, the entire condition of the water-front properties at this location having been altered by the improvement to the water front.

J. B. & J. M. Cornell.

A resolution was adopted by the Board of Aldermen August 20, 1895, and approved by the Mayor August 23, 1895, granting permission to J. B. and J. M. Cornell to lay an additional track on Thirteenth Avenue between Twenty-sixth and Twenty-seventh Streets, to connect with the track on the bulkhead opposite, for the purpose of transporting material from the bulkhead to the premises of the grantee; the permission to continue only during the pleasure of the Common Council.

An examination made by this Bureau has disclosed that the said track is not now in existence, and, upon inquiry at the Cornell Iron Works, it was stated that they have no interest whatsoever in the matter, and they are not now the owners of the property with which the track connected.

The Lehigh Valley Railroad Company is now operating double tracks across Thirteenth Avenue between the same streets, under authorization of a resolution granting permission so to do, adopted by the Board of Aldermen January 16, 1900, and approved by the Mayor January 22, 1900.

Central Railroad of New Jersey.

A resolution was adopted by the Board of Aldermen August 4, 1896, and approved by the Mayor August 6, 1896, granting permission to the Central Railroad of New Jersey to lay tracks across Thirteenth Avenue between Fifteenth and Sixteenth Streets, from the bulkhead to property on the easterly side of said avenue; the permission to continue only during the pleasure of the Common Council.

It was further provided that dummy engines should be used with trains not exceeding ten cars in length and the speed of the train to be not over six miles per hour. The grantee to pay an annual license fee of Fifty dollars for each dummy engine used on the said track.

An examination made by this Bureau disclosed that the said track is not now in existence. In response to an inquiry, the Company stated that the track was removed a long while ago and the Company is no longer the owner of the premises with which it connected on the easterly side of Thirteenth Avenue.

In view of the fact that none of the above-mentioned tracks are in existence, I would suggest, in order to clear the records and obviate the possibility of future controversy as to the rights under the said consents, that resolutions be adopted revoking the privileges, and, to that end, I beg to submit herewith five resolutions so providing. Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, The Board of Aldermen of the City of New York adopted a resolution on April 15, 1875, reading as follows:

"Resolved, That permission be and is hereby given the Directors of the New York Bridge Company to lay down a double line of rail-track from the land of the company on which the tower of the bridge stands, on South Street near Roosevelt Street, to the land of the company intended for the anchorage of the bridge, bounded by Water, Dover and Cherry Streets; such tracks to be laid through and across South, Front, Roosevelt and Water Streets, as shown on the accompanying diagram, to be done entirely at the expense of the said Bridge Company, with as little interference as possible with the uses of said streets for public purposes, to be under the direction and supervision of the Commissioner of Public Works; and the permission hereby given to continue only during the pleasure of the Common Council."

—which was approved by the Mayor April 19, 1875; now, therefore, be it

Resolved, That the said resolution be and it hereby is rescinded.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

—

The following was offered:

Whereas, The Board of Aldermen of The City of New York, on May 20, 1872, granted the petition of Collwell & Brothers, and the same was adopted by the Board of Assistant Aldermen June 17, 1872, reading as follows:

"Petition of Collwell & Brothers for permission to construct a railroad from their premises, No. 550 West Twenty-seventh street, to their erecting shop immediately opposite, the track for the same to be the width of the street railway track, such as are in use in the City of New York."

—which was approved by the Mayor June 21, 1872; now, therefore, be it

Resolved, That the said consent be and it hereby is rescinded.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

—

The following was offered:

Whereas, The Board of Aldermen of the City of New York adopted a resolution on May 5, 1886, which was amended by resolution adopted by said Board June 21, 1887, and said resolution, as amended, reads as follows:

"Resolved, That permission be and the same is hereby given to the New York, Lake Erie and Western Railroad Company to lay rails across Thirteenth avenue, between Twenty-second and Twenty-third streets, so that freight cars may be moved between said company's pier on the westerly side of said avenue and its depot on the easterly side thereof, provided that such freight shall be moved by the latest improved dummy engines, and that the said company shall have no right to ask or receive any compensation for moving the same, the rails to be laid flush with the surface of the avenue, so as not to interfere with the use thereof by the public, the work done at the expense of the said company, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council."

—and

Whereas, Said resolutions were respectively approved by the Mayor, May 7, 1886, and June 21, 1887; now, therefore, be it

Resolved, That the said resolution, as amended, be and it hereby is rescinded.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

—

The following was offered:

Whereas, The Board of Aldermen of the City of New York adopted a resolution on August 20, 1895, reading as follows:

"Resolved, That permission be and the same is hereby given to J. B. and J. M. Cornell, to lay an additional track on Thirteenth avenue, between Twenty-sixth and Twenty-seventh streets, to connect with the track on the bulkhead opposite, as shown on the accompanying diagram, said track to be of the same design as that used by the Broadway Cable road and to be used for the transportation of material from said bulkhead to premises of said J. B. and J. M. Cornell, provided the said J. B. and J. M. Cornell shall at all times keep the track hereby authorized to be laid in good repair, also the pavement between said track and at least two feet outside thereof in good condition and repair, and shall repave said space with new pavement whenever the Common Council or the Board of Estimate and Apportionment shall order the repavement of that portion of Thirteenth avenue, the work to be done at their own expense, under the direction and to the satisfaction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council."

—which was approved by the Mayor, August 23, 1895; now, therefore, be it

Resolved, That the said resolution be and it hereby is rescinded.

Which was adopted by the following vote:

The following matter, not on the Calendar for this day, was considered by unanimous consent:

Mexican Telegraph Company (No. 22).

In the matter of the use and occupation of the streets without authority.

By resolution adopted April 10, 1913, the Mexican Telegraph Company was directed to submit to this Board on or before May 13, 1913, a verified petition for a franchise to continue to maintain and use the streets as the Corporation Counsel had advised it was using and occupying the streets without authority.

The Comptroller presented the following:

Carter, Ledyard & Milburn, Counsellors at Law, 54 Wall Street, New York, May 5, 1913.

The Honorable the Board of Estimate and Apportionment, City Hall, City:

Gentlemen—Our clients, the Mexican Telegraph Company, have sent to us a copy of the resolution adopted by your Honorable Board on April 10, directing that company to submit to your Board on or before Saturday, May 13, a verified petition for permission to use the streets of the city, and reference is made in the said resolution to an opinion of the Corporation Counsel presented on April 10, 1913, which opinion is stated to have advised your Board that the Mexican Telegraph Company is illegally using the streets of The City of New York.

We have not yet seen the opinion of the Corporation Counsel to which you refer, but we believe that this opinion must be founded upon a misapprehension as to the real facts of the case. In our opinion a careful examination of the report heretofore made by the Mexican Telegraph Company will show that that Company is not exercising a franchise or asserting a right to use any of the streets or avenues of The City of New York. The Mexican Telegraph Company does not own any subways, or own any wires in any subways under the streets of The City of New York. It merely leases from the New York Telephone Company a wire by which it transfers the messages which it receives at its office at No. 66 Broad street, in the Borough of Manhattan, to its cable hut upon the beach at Coney Island, where the messages that are thus carried from its office in Broad street are placed upon the Company's own cables for transmission to Cuba and Panama. This is not a case of doing business between various offices in The City of New York, or between a central Company office in The City of New York and private offices in said city. The Company is merely using a leased wire to transfer its own business from a point in the centre of the city to a point in the outskirts of the City. It is difficult to perceive any difference between such a use of a leased wire and the ordinary use of a leased wire by a stock exchange firm between its uptown and downtown office, by means of which wire the orders of its customers are transferred from one point to the other. It is respectfully submitted that what is being done by the Mexican Telegraph Company is wholly different from the business that has been and is being done in this city by various fire alarm or burglar alarm companies or by district messenger companies.

On behalf of the Mexican Telegraph Company we respectfully submit that your Honorable Board refer the matter of the Mexican Telegraph Company to the Corporation Counsel of The City of New York for further consideration and advice.

Respectfully yours, CARTER, LEDYARD & MILBURN. Attorneys, Mexican Telegraph Company.

"—and makes application that the following lands owned by Messrs. Havemeyer and Elder, lying south of a line described as follows, and situated in the Borough of Queens, City of New York, be acquired by The City of New York in exchange for the lands transferred to the Commissioners of the Sinking Fund:

"Beginning at a point on the westerly side of Vernon avenue, where the same would be intersected by a continuation westwardly in a straight line of the north-

erly side of 13th street, running thence westwardly along the further continuation in a straight line of said northerly side of 13th street, 175 feet, thence bending slightly toward the north, and running northwestwardly in a straight line to a point on the present mean highwater line of the East River at a point therein distant 60 feet northerly from a further continuation or extension westwardly in a straight line of the said northerly side of 13th street, which distance of 60 feet is measured at right angles to the said extension of the northerly line of 13th street and from a point in said extension line distant 532 feet westwardly from the westerly side of Vernon avenue.

"—and the present boundary line between the property of James C. Gillies and The City of New York, shown as plot 3 and plot 4 on the above mentioned map, therefore, be it

"Resolved, That in accordance with the provisions of section 205A of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby determine that the land turned over by the Commissioner of Docks and hereinabove described, is not required for departmental purposes, and they further determine that the lands of the private owners herein in this resolution described are needed for public purposes; and be it further

"Resolved, That to determine the value of the land of The City of New York and the value ot the lands of the private owners to be exchanged therefor, the Commissioners of the Sinking Fund hereby appoint Alfred J. Eno, Charles A. Hendrickson and Wallace J. Hardgrove, three discreet and disinterested appraisers residing in the Borough of Queens, who are hereby authorized and directed to appraise the value of the lands owned by The City of New York and the lands owned by Messrs. Havemeyer and Elder, which it is proposed to exchange therefor, and which are both hereinabove described"; and

Whereas, The said appraisers have submitted the following appraisals: Land owned by The City of New York, containing 6,328 square feet, $8,226.40; land owned by Havemeyer & Elder, containing 12,656 square feet, $16,452.80.

Resolved, That pursuant to the provisions of section 205A of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund, by unanimous vote, subject, however, to the approval of the Board of Estimate and Apportionment, hereby authorize a conveyance to Louisine W. Havemeyer, 1 East 66th street, New York City; Horace Havemeyer, Greenwich, Connecticut; Henry O. Havemeyer, Mahwah, N. J.; Frederick C. Havemeyer, Westbury, L. I., and Theodore A. I., composing the firm of Havemeyer & Elder, of the hereinabove described property owned by The City of New York in consideration of a conveyance to The City of New York from the fee owners of the property, which it is proposed to exchange therefor and which is also hereinabove described free and clear of all incumbrances; and be it further

Resolved, That when these resolutions and action of the Commissioners of the Sinking Fund have been approved by the Board of Estimate and Apportionment, the Corporation Counsel be and is hereby requested to prepare the necessary legal instruments on the part of The City of New York to effect such exchange, and upon said instruments having been prepared and approved as to form by the Corporation Counsel, and approved by the Comptroller of The City of New York, it shall be the duty of the Mayor to execute, the City Clerk to attest, and the Comptroller to deliver to Havemeyer & Elder, the deed of the property owned by The City of New York, upon receiving at the same time the deed of the property owned by the said Havemeyer & Elder.

A true copy of resolution adopted by the Commissioners of the Sinking Fund, April 30, 1913. JNO. KORB, Jr., Secretary.

(Copy.)

City of New York, Department of Finance, Comptroller's Office, April 25, 1913.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—On March 5, 1913, the Commissioners of the Sinking Fund adopted a resolution determining that certain land owned by the City, described therein and located on Vernon avenue, in the Borough of Queens, was no longer required for departmental purposes, and that land of private owners, also described in said resolution, was needed for public purposes, and appointing Alfred J. Eno, Charles A. Hendrickson and Wallace J. Hardgrove, three discreet and disinterested appraisers, to appraise the value of the land owned by the City and the land owned by private owners, which it is proposed to exchange therefor.

The above appraisers have reported as follows:

Land owned by The City of New York, containing 6,328 square feet....	$8,226 40
Land owned by Havemeyer & Elder, containing 12,656 square feet.....	16,452 80

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a conveyance to Louisine W. Havemeyer, 1 East 66th street, New York City; Horace Havemeyer, Greenwich, Conn.; Henry O. Havemeyer, Mahwah, N. J.; Frederick C. Havemeyer, Westbury, Long Island, and Theodore A. Havemeyer, Brookville, Long Island, comprising the firm of Havemeyer & Elder, of all that certain lot, piece or parcel of land, situate, lying and being in the Borough of Queens, City of New York, lying north of a line described as follows:

Beginning at a point on the westerly side of Vernon avenue where the same would be intersected by a continuation westwardly in a straight line of the northerly side of 13th street; running thence westwardly along the further continuation in a straight line of said northerly side of 13th street 175 feet; thence bending slightly toward the north, and running northwestwardly in a straight line to a point on the present mean high water line of the East River at a point therein distant 60 feet northerly from a further continuation or extension westwardly in a straight line of the said northerly side of 13th street, which distance of 60 feet is measured at right angles to the said extension of the northerly line of 13th street, and from a point in said extension line distant 532 feet westwardly from the westerly side of Vernon avenue and the present boundary line between the property of James C. Gillies and The City of New York.

—in consideration of a deed to the City from Havemeyer & Elder, of all that certain lot, piece or parcel of land, situate, lying and being in the Borough of Queens, City of New York, lying south of a line described as follows:

Beginning at a point on the westerly side of Vernon avenue where the same would be intersected by a continuation westwardly in a straight line of the northerly side of 13th street; running thence westwardly along the further continuation in a straight line of said northerly side of 13th street 175 feet; thence bending slightly toward the north, and running northwestwardly in a straight line to a point on the present mean high water line of the East River at a point therein distant 60 feet northerly from a further continuation or extension westwardly in a straight line of the said northerly side of 13th street, which distance of 60 feet is measured at right angles to the said extension of the northerly line of 13th street, and from a point in said extension line distant 532 feet westwardly from the westerly side of Vernon avenue and the present boundary line between the property of James C. Gillies and The City of New York, shown as plot 1 and plot 2 on map or plan for terminal facilities and equipment thereof, submitted by the Commissioner of Docks, pursuant to chapter 776 of the Laws of 1911, to the Board of Estimate and Apportionment of The City of New York, dated April 22, 1912, and makes application that the following lands owned by Messrs. Havemeyer & Elder, lying south of a line described as follows, and situated in the Borough of Queens, City of New York, be acquired by The City of New York in exchange for the lands transferred to the Commissioners of the Sinking Fund:

Beginning at a point on the westerly side of Vernon avenue where the same would be intersected by a continuation westwardly in a straight line of the northerly side of 13th street; running thence westwardly along the further continuation in a straight line of said northerly side of 13th street 175 feet; thence bending slightly toward the north and running northwestwardly in a straight line to a point on the present mean high water line of the East River at a point therein distant 60 feet northerly from a further continuation or extension westwardly in a straight line of the said northerly side of 13th street, which distance of 60 feet is measured at right angles to the said extension of the northerly line of 13th street, and from a point in said extension line distant 532 feet westwardly from the westerly side of Vernon avenue, and the present boundary line between the property of James C. Gillies and The City of New York, shown as plot 3 and plot 4 on the above mentioned map.

—being further described by the map attached hereto, furnished by The City of New York, showing the area to be appraised and owned by The City of New York in red, consisting of 6,328 square feet, and the property shown in yellow, owned by Messrs. Havemeyer & Elder, consisting of 12,656 square feet.

We believe the value of this to be as follows:

Owned by Havemeyer & Elder, consisting of 12,656 square feet, at $1.30 per square foot.....	$16,452 80
Owned by The City of New York, consisting of 6,328 square feet, at $1.30 per square foot.....	$8,226 40

Yours very truly,

ALFRED J. ENO, CHARLES A. HENDRICKSON, WALLACE J. HARDGROVE.

Board of Estimate and Apportionment—Modification of Schedule and Fixation of Salary of Law Clerk (Cal. No. 17)).

The Secretary presented the following:

Board of Estimate and Apportionment, The City of New York, May 5, 1913.

Board of Estimate and Apportionment:

Gentlemen—On March 27, 1913, the Board consented to the transfer of $1,320 from the office of the President of the Borough of Manhattan to this Bureau for the purpose of promoting certain employees. All of the promotions became effective March 1, 1913, with the exception of that of Joseph A. Devery, Law Clerk, whom it was proposed to promote from $1,950 to $2,250 per annum. Upon the recommendation of the Comptroller, this promotion was deferred until the grade of such position had been finally established, and the $300 for the increase was scheduled as an unassigned balance to be available at such time. The grade was established by resolution adopted by this Board March 6, 1913, and by the Board of Aldermen April 22, 1913. It became effective on May 6, 1913.

I would therefore recommend the salary of Mr. Devery be fixed at $2,250 per annum, taking effect May 7, 1913, and the schedule be modified accordingly.

Transmitted herewith are two resolutions to carry these recommendations into effect. Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

(On April 17, 1913, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller).

(On May 1, 1913, the above report was laid over for one week.)

Which was laid over one week (May 15, 1913), pending a report of the Comptroller on the issue of special revenue bonds.

President, Borough of Richmond—Establishment of the Grade of the Position of Axeman (Cal. No. 22).

The Secretary presented:

Report of the Committee on Salaries and Grades recommending that the request of the President of the Borough of Richmond for the establishment of the grade of position of Axeman, at $1,050 per annum, for 3 incumbents, be referred to the Committee on Standardization of Salaries and Grades.

(On April 10, 1913, the above request was referred to said Committee.)

(On May 1, 1913, the above report was laid over for one week.)

Which was referred to the Committee on Standardization of Salaries and Grades, consisting of the Comptroller, the President of the Borough of Manhattan and the President of the Borough of Brooklyn.

The Secretary was directed to transmit a copy of the report to the President, Borough of Richmond.

President, Borough of Richmond—Establishment of the Positions of Automobile Engineman and Clerk (Cal. No. 23).

(On April 3, 1913, the request of the President of the Borough of Richmond in this matter was referred to the Committee on Salaries and Grades.)

(On May 1, 1913, the report of the Committee on Salaries and Grades, recommending that this matter be referred to the Committee on Standardization of Salaries and Grades, was laid over one week.)

The Secretary presented the following communications, and substitute report of the Committee on Salaries and Grades:

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, March 27, 1913.

Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—I would request that your Board recommend the establishment of the grade of position of Clerk, at $1,950 per annum, in this office for one incumbent. This is to provide for the increase in salary of a clerk now employed at $1,800, whose salary I desire to increase to the former sum, the money necessary being secured out of the allowance for a position now vacant in this office, and to be filled at a lower salary. Request was made in the Budget for 1913 for the sum of $2,000 for the incumbent of the position to be established, but was not allowed. Recently a rule adopted by your Board requires that in the modification of a schedule (which will be necessary in this case) certain rates be used, and as the sum of $2,000 is not specified, it is proposed to use the nearest amount, viz., $1,950, this requiring the establishing of a new position in this office. Yours respectfully,

GEORGE CROMWELL, President of the Borough of Richmond.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, March 27, 1913.

Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—I would request that your Board recommend the establishment of the grade of position of Automobile Engineman in this office for one incumbent, at the rate of $1,350 per annum. This is to permit of the increase in salary of a man now employed at $1,200, and who is in charge of the automobile repair shop of the office, doing to a large extent the work of an automobile machinist. The money necessary is to be secured by the reduction of the allowance for an automobile engineman at $1,200, now vacant, so that no additional funds will be required. Yours respectfully,

GEORGE CROMWELL, President of the Borough of Richmond.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 27, 1913, the President of the Borough of Richmond requested the establishment of the grades of position of Automobile Engineman at $1,350 and Clerk at $1,950 per annum for one incumbent each.

The grades are for the purpose of increasing a Clerk from $1,800 to $1,950 per annum, and an Automobile Engineman from $1,200 to $1,350 per annum. The $300 necessary is to be made available pursuant to the resolution governing salary increases adopted by your Board on January 30, 1913.

The grade of Clerk at $1,950 is for the Clerk in charge of the preparation of the payrolls of all bureaus and divisions of the office, except the Bureau of Buildings.

The grade of Automobile Engineman at $1,350 is proposed for an incumbent who in addition to driving an automobile, does work as a practical machinist and acts as Foreman of the automobile repair shop.

We recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Richmond of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Clerk	$1,950 00	1
Automobile Engineman	1,350 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Education—Approval of Form of Contract, Etc. (Cal. No. 24).

The Secretary presented:

Report of the Comptroller recommending approval pursuant to resolution adopted July 11, 1912, of the form of contract, specifications, as amended, and estimate of cost ($1,400) for the erection of a new iron fence, tool house, etc., at the Crotona Athletic Field, Borough of The Bronx, under the jurisdiction of the Department of Education, provided the specifications be amended by omitting paragraph noted in the accompanying resolution, and a

Protest from the Crotona Park Improvement Association against the use of these premises as an athletic field.

(At various meetings since December 19, 1912, the above report and protest have been laid over, and on May 1, 1913, were laid over to this meeting).

On motion of the President of the Borough of The Bronx, the matter was laid over one week (May 15, 1913).

Department of Water Supply, Gas and Electricity—Installation of Filtration Plant at Jerome Park Reservoir (Cal. No. 25).

The Secretary presented:

Majority report of Advisory Commission of Engineers on the Jerome Park Filters, making certain recommendations in regard to the filtration of the water supply, and stating that it is the opinion of the Commission that the filtration of the Croton water supply is not imperative, but that it is highly advisable to filter the water at this time, both with a view to improve the physical quality, and as a safeguard against potential danger, and so recommending.

Minority report of the Assistant Engineer, Department of Finance, concurring with the opinions as expressed in the majority report above, except as to the need of filtration at the present time.

Supplemental majority report of the Advisory Commission of Engineers discussing certain features contained in the minority report above referred to.

Communication from Robert A. Chesebrough, relative to the enormous expense of constructing the filtration plant at the Jerome Park Reservoir, which is deemed unnecessary in view of the urgent need of the City's money for other purposes.

Communication from W. W. Niles, containing report and resolutions adopted by the North Side Board of Trade on April 23, 1913, relative to the proposed filtration plant at the Jerome Park Reservoir, and protesting the proposed expenditure therefor

Telegram from Ira H. Jewell, requesting to be consulted in regard to his patented system of filtration.

(On February 13, 1913, on the recommendation of the Corporate Stock Budget Committee, the Board adopted a resolution approving of the appointment by said Committee of an Advisory Commission of Engineers to report on the contract and specifications for the construction of the filtration plan for the Croton water supply at the Jerome Park Reservoir site.

(On May 1, 1913, the above matter was laid over for one week.)

Communications from the Commissioner of Water Supply, Gas and Electricity and from the Citizens' Union.

William Jay Schieffelin, representing the Citizens' Union, and William W. Niles, representing the North Side Board of Trade, appeared in opposition to the proposition.

Hon. Henry S. Thompson, Commissioner of Water Supply, Gas and Electricity appeared and urged early action.

W. L. Ball, representing the contractor, stated that his clients might withdraw their bids if the Board did not act at once.

The matter was laid over one week (May 15, 1913).

The Mayor announced that the members of the Board would meet at the Mayor's office on Tuesday, May 13, 1913, at 10.30 o'clock a. m., and consider this subject.

Department of Docks and Ferries—Modification of Schedules and Transfer of Appropriations (Cal. No. 26A).

The Secretary presented the following:

City of New York, Department of Docks and Ferries, Pier A, North River, April 16, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—On the 9th instant a request was submitted for transfers of appropriations in this Department's 1913 Budget from Items 293 and 295 to Items Nos. 256, 264, 265 and 313.

I understand that the proposed transfer of $2,180 from Item 293, Transportation, is not permissible, and I therefore request that the following transfers be effected in lieu of the transfers asked for in the letter of the 9th instant:

FROM

General Repairs, General Administration.

291 General Maintenance $3,735 00

TO

Food Supplies, Ferries.

256 Operation $185 00

Office Supplies, General Administration.

264 Engineering Supervision 700 00

Office Supplies, Docks, Etc.

265 Adminstration 1,800 00

General Plant Service, Docks, Etc., Administration.

313 Maintenance 1,050 00

The increased amounts are needed in Items 256, 264, 265 and 313 to meet expenditures chargeable against said items. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 2, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 16, 1913, the Commissioner of Docks requested transfers in the sum of $3,735 within appropriations to his department for the year 1913. The request is substituted for one of April 9, which has been withdrawn. In connection therewith I report as follows:

The proposed transfer is from "General Repairs, General Administration, No. 291, General Maintenance," $185 to go to "Food Supplies, Ferries, No. 256, Operation," $700 to "Office Supplies, General Administration, No. 264, Engineering Supervision," $1,800 to "Office Supplies, Docks, Piers, Bulkheads and Marginal Streets, No. 265, Administration," and $1,050 to "General Plant Service, Docks, Piers, Bulkheads and Marginal Streets, Administration, No. 313, Maintenance." The debit transfer is from an appropriation of $102,800.

The transfers to Nos. 256, 264 and 265 are necessary in order that the contract for ice may be certified against these accounts. The price of ice this year is more than 25 per cent. higher than last year. The Budget appropriation for No. 313 was $6,000. This amount was estimated up on the terms of the 1912 contract for sprinkling the marginal streets. The Commissioner states that the bid was so low that the contractor defaulted on the contract. The transfer is necessary that the 1913 contract may be certifieed in a higher amount.

I recommend the adoption of the attached resolutions granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Docks and Ferries for the year 1913, as follows:

FROM

General Repairs, General Administration.

291 General Maintenance $3,735 00

TO

Food Supplies, Ferries.

256 Operation $185 00

Office Supplies, General Administration.

264 Engineering Supervision 700 00

Office Supplies, Docks, Piers, Bulkheads and Marginal Streets.

265 Administration 1,800 00

General Plant Service, Docks, Piers, Bulkheads and Marginal Streets. Administration.

313 Maintenance 1,050 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the Department of Docks and Ferries for the year 1913, as follows:

President, Borough of Manhattan—Modification of Schedules and Transfer of Appropriations (Cal. No. 26B).

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, April 11, 1913.

Honorable Board of Estimate and Apportionment, No. 277 Broadway, New York City:

Gentlemen—Request is hereby made for the transfer of one thousand dollars ($1,000) from the appropriation made to this department entitled: "No. 2786—President, Borough of Manhattan, 1913. Purchase of Equipment—General Plant Equipment. Care of Public Buildings and Offices. Janitoral Service, Cleaning and Attendants. Baths and Comfort Stations," to the appropriation made to this department entitled, "No. 2778, President, Borough of Manhattan, 1913. Purchase of Equipment—General Plant Equipment. Administration, Executive."

The transfer is made necessary in order to provide funds for the purchase of certain equipment for the Chemical Laboratory and the Bureau of Design and Survey of this Department. Very truly yours,

E. V. FROTHINGHAM, Acting President, Borough of Manhattan.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 29, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 11, 1913, the President of the Borough of Manhattan requested transfer of $1,000 within appropriations in his office for the year 1913. In connection therewith I report as follows:

The transfer is from Purchase of Equipment, General Plant Equipment, Care of Public Buildings and Offices, Janitorial Service, Cleaning and Attendance, No. 2786, Baths and Comfort Stations, to Purchase of Equipment, General Plant Equipment, Administration, No. 2778, Executive, and is necessary to permit of the purchase of certain equipment for the Chemical Laboratory and the Bureau of Design and Survey. The original appropriation to No. 2778 of $1,100 is exhausted. There is a sufficient debit balance in No. 2786 for the transfer.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Manhattan for the year 1913, as follows:

President, Borough of Manhattan—Modification of Schedules and Transfer of Appropriation (Cal. No. 26C).

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, April 2, 1913.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—Request is hereby made for the transfer of the sum of fifteen hundred dollars ($1,500) from the appropriations made to this Department entitled:

PRESIDENT, BOROUGH OF MANHATTAN, 1913.

Supplies, General Plant Supplies.

2759 Care of Highways, Sidewalks, Street Signs and Encumbrances..... $500 00

PRESIDENT, BOROUGH OF MANHATTAN, 1913.
Purchase of Equipment, Office Equipment.

2764 Care of Public Buildings and Offices, Executive..... 1,000 00

$1,500 00

—to the appropriation made to this Department entitled:

PRESIDENT, BOROUGH OF MANHATTAN, 1913.
Motor Vehicle Repairs.

2823 Administration, Executive $1,500 00

The transfer is made necessary by reason of the fact that the amount allowed for repairs to automobiles for this year, $1,775, was insufficient for the purpose.

The appropriation is now fully encumbered and a conservative estimate of the amount required for work of this character during the balance of the year will be $1,500. Yours respectfully,

GEORGE McANENY, President, Borough of Manhattan.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 2, 1913, the President of the Borough of Manhattan requested a transfer of $1,500 within appropriations for 1913 to his office. In connection therewith I report as follows:

It is proposed to transfer $500 from Supplies, General Plant Supplies, Care of Highways, No. 2759, Sidewalks, Street Signs and Encumbrances, and $1,000 from Purchase of Equipment, Office Equipment, Care of Public Buildings and Offices, No. 2764, Executive, to Contract or Open Order Service, Motor Vehicle Repairs, Administration, No. 2823, Executive.

The budget appropriation for No. 2823 was $1,775. This amount has been exhausted, and it is estimated that an additional sum of $1,500 will be needed for the rest of the year. There are sufficient unencumbered balances in Nos. 2764 and 2823 for the debit transfers.

I recommend that the request be approved by the adoption of the attached resolutions. Respectfully, WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Bureau of Municipal Invesitgation and Statistics, May 1, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1913, the President of the Borough of Queens requested transfer of $40.04 within appropriations to his office for the year 1912. In connection therewith I report as follows:

It is proposed to transfer $33.01 from Supplies and Materials, Sewers, Sewage Disposal, No. 2027, Newtown Disposal Works; 44 cents from Supplies and Materials. Sewers, Sewage Disposal, No. 2028, Jamaica Disposal Works; $2.14 from Supplies and Materials, Sewers, Sewage Disposal, No. 2029, Far Rockaway Disposal Works; $2.95 from Repairs and Replacements by Contract or Open Order, Sewers, Sewage Disposal, No. 2039, Newtown Disposal Works, and $1.50 from Repairs and Replacements by Contract or Open Order, No. 2042, Street Cleaning, to Contingencies, No. 2072, Highways.

The transfer is requested in order to provide for the payment of carfares of Engineers in the Bureau of Highways for the months of November and December. Nos. 2027, 2028, 2029, 2039 and 2042 contain sufficient balances for the transfers.

I recommend the adoption of the attached resolution granting this request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 5, 1913, the President of the Borough of Manhattan requested transfer of $1,350 within appropriations in his office for the year 1913. In connection therewith I report as follows:

It is proposed to transfer $750 from Supplies, General Plant Supplies, Care of Sewers, No. 2760, Cleaning and Repairing; $325 from Purchase of Equipment, Wearing Apparel, Care of Sewers, No. 2775, Cleaning and Repairing, and $275 from Materials, Sewer Materials, Care of Sewers, No. 2791, Cleaning and Repairing to Purchase of Equipment, General Plant Equipment, Care of Sewers, No. 2782, Cleaning and Repairing. The transfer is necessary to provide funds for the purchase of a sewer cleaning machine estimated to cost $2,000. The necessity for this machine was recognized at the time the Budget for 1913 was made, and its purchase was approved, if it could be made within appropriations. There are sufficient balances in Nos. 2760, 2775 and 2791 to permit of the transfers.

I recommend the adoption of the attached resolutions granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Supreme Court, Second Department—Modification of Schedule (Cal. No. 27).

(On April 24, 1913, this matter was referred to the Comptroller.)

The Secretary presented the following:

Supreme Court of the State of New York, Brooklyn, N. Y., April 17, 1913.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway New York City:

Dear Sir—At a meeting of the Justices of the Supreme Court residing in Kings County, held at Chambers, Brooklyn, N. Y., on the 28th day of March, 1913, the following resolution was adopted:

Resolved, That Clyde H. Marshall, 2023 Caton avenue, Brooklyn, be and he hereby is appointed to the position of Stenographer in the Supreme Court, Kings County at an annual salary of $3,600, to take effect May 1, 1913.

It is requested that sufficient funds be provided for this purpose.

Respectfully, J. F. McGEE, General Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 17, 1913, the General Clerk of the Supreme Court, Kings County, requested modification of a salary schedule to provide for an additional Stenographer in the Court. In connection therewith I report as follows:

Subdivision 2 of section 161 of the Judiciary Law provides that "The Justices of the Supreme Court residing in the County of Kings, or a majority of them, may appoint and may at pleasure remove sixteen Stenographers."

Subdivision 1 of section 316 of the Judiciary Law provides that the Stenographers so appointed "shall each receive an annual salary to be fixed by said Justices, and the expense thereof shall be raised with the annual tax levy as a County charge."

Pursuant to the authority vested in them by the statutes above cited, the Justices of the Supreme Court residing in Kings County, on March 28, 1913, adopted a resolution appointing Mr. Clyde H. Marshall to the position of Stenographer in the Supreme

Court, Kings County, at $3,600 per annum, from May 1, 1913. Payment of the salary is mandatory.

The account involved is Supreme Court, Second Department, Personal Service, Administration, No. 3746, Salaries, Regular Employees, in which there is available an unassigned balance of $1,200. Additional funds in the sum of $1,600 will be required for the payment of the salary from May 1 to December 31, 1913.

Provision for the deficiency of $1,600 will be made, therefore, by the Comptroller under subdivision 7, section 188 of the Greater New York Charter.

I recommend the adoption of the attached resolution modifying the schedule involved. Respectfully, WM. A. PRENDERGAST, Comptroller.

National Guard and Naval Militia, County of Kings—Modification of Schedule (Cal. No. 28).

The Secretary presented the following:

Headquarters Second Cavalry, N. Y., April 7, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* 280 Broadway, New York City:

Sir—I have the honor to request that Schedule No. 3833 be revised for the month of April, 1913, as follows:

1 Armorer, at $4	$120 00
1 Janitor, at $4	120 00
1 Engineer, at $4	120 00
1 Assistant Engineer, at $4	120 00

3 Hostlers, at $2.75	247 50
3 Hostlers, at $2.50	225 00

Respectfully, CHAS. I. DeBEVOISE, Colonel.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 7, 1913, the Commanding Officer of the Second Cavalry, N. G., N. Y., requested modification of the 1913 schedule entitled "Personal Service, Wages, Regular Employees, No. 3833, Second Cavalry." In connection therewith I report as follows:

The Commanding Officer states that he has, pursuant to the provisions of section 189 of the Military Law, increased the compensation of two Laborers for the Care of Horses, one from $2.75 to $3 per day, and the other from $2.50 to $3 per day. Section 189 provides for the compensation of employees of armories and fixes the compensation of Laborers at a rate not to exceed $3 per day. The law also provides that the compensation of employees, as certified to by the appointive officer, shall be paid upon the certification of such officer and shall thereupon become a charge upon the county in which such armory is situated.

The increase in the compensation of the two employees for the balance of the year will amount to $206.25. There are no funds available in the present schedule to permit payment of the increase out of the Budget appropriation. It will, therefore, be necessary to issue special revenue bonds to the amount of $206.25. As section 189 provides that such compensation "shall be a county charge upon the county in which such armory or arsenal is situated," the Comptroller will provide for the payment of the charges by an issue of special revenue bonds, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter.

I recommend the adoption of the attached resolution modifying the wage schedule to include the increased rates of compensation. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

President, Borough of Queens—Approval of Schedule (Cal. No. 29).

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 8, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment, City of New York:*

Sir—Pursuant to the provisions of section 237 of the Greater New York Charter, application is hereby made for a revision of funds allotted to the office of the President of the Borough of Queens for the year 1913, to wit:

PRESIDENT OF THE BOROUGH OF QUEENS.

Hire of Horses and Vehicles Without Drivers, Care of Sewers and Sewage.

3243	Cleaning and Repairing, Horse and Vehicle, 3 at $80 per month	$2,880 00

Proposed Schedule.

Hire of Horses and Vehicles Without Drivers, Care of Sewers and Sewage.

3243	Cleaning and Repairing, Horse and Vehicle, 3 at $80 per month	$2,880 00
	Special and Trust Fund, Horse and Vehicle, 3 at $80 per month	2,880 00
		$5,760 00

This revision provides for a special and trust fund allowance of $2,880. It has been the practice to hire each month on open market order horses and vehicles for use of the Engineering Division, Bureau of Sewers, apportioning the cost of each to the various contracts or other public works upon which they were specifically used: no schedule line provided in the 1913 Budget.

This revision is requested in order that the audit may conform to the procedure prescribed by the Department of Finance, and to take effect as of January 1, 1913.

Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 28, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 8, 1913, the President of the Borough of Queens requested the establishment of a schedule for the hire of horses and vehicles without drivers, to be used on sewer construction work during the year 1913. In connection therewith I report as follows:

In the Engineering and Inspection Division of the Bureau of Sewers the necessity exists for the hiring of horses and vehicles without drivers, to be used by the Engineers in connection with the supervision of the work of the contractors on the construction of sewers. The proposed schedule is for three horses and vehicles, at $80 per month each. The amount involved is $2,880.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule for the office of the President of the Borough of Queens for the year 1913, as follows:

Contract or Open Order Service, Transportation, Hire of Horses and Vehicles, Without Drivers, Care of Sewers and Sewage.

3243½S	Engineering and Inspection:	
	Horse and vehicles, 3 at $80 per month	$2,880 00
	Special and Trust Fund Allowance	$2,880 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Board of Coroners, Borough of Brooklyn—Modification of Schedule (Cal. No. 30).

The Secretary presented the following:

Coroner's Office, 236 Duffield Street, near Fulton Street, Borough of Brooklyn, New York, April 2, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment, City of New York:*

Dear Sir—Pursuant to resolutions prefacing the Budget for the year 1913 and all supplementary amendments thereto application is hereby made for a revision of our schedule lines within the funds allotted to this office, Brooklyn Board of Coroners, for the year 1913:

Present Schedule.

Personal Service.

1995	Salaries, Regular Employees—	
	Alexander J. Rooney, M.D., Coroner	$6,000 00

	Michael A. Cunneen, Chief Clerk	3,000 00
	Andrew E. Colvin, Stenographer	1,950 00
	James M. Tobin, Assistant Clerk	1,500 00
	William Kearney, Assistant Clerk	1,500 00
	Thomas Gamble, Assistant Clerk	1,500 00
	Max Dannhauser, Assistant Clerk	1,200 00
	Frederick A. Perry, Replevin Clerk	1,200 00
	John B. Byrne, Jr., M.D., Clerk to Coroner	1,500 00
	Thomas J. Creamer, Clerk to Coroner	1,500 00
		$32,850 00

Schedule Requested.

Alexander J. Rooney, M.D., Coroner	$6,000 00
Edward Glinnen, Coroner	6,000 00
Emil F. Hartung, M.D., Coroner's Physician	3,000 00
Charles Wuest, M.D., Coroner's Physician	3,000 00
Michael A. Cunneen, Chief Clerk	3,000 00
Andrew E. Colvin, Stenographer	1,950 00
William Kearney, Assistant Clerk	1,500 00

John B. Byrne, Jr., M.D., Clerk to Coroner	1,500 00
Thomas J. Creamer, Clerk to Coroner	1,500 00
	$32,850 00

The request is made to change the title of Mr. Frederick A. Perry from that of Replevin Clerk at $1,200 per annum to that of Assistant Clerk at the same salary. This change of title has been approved of by the Municipal Civil Service Commis-

sion. The revision requested does not increase the appropriation made for the year 1913 but is necessary to conform to the titles established by the Municipal Civil Service Commission. Respectfully,

MICHAEL A. CUNNEEN, Chief Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 2, 1913, the Board of Coroners, Brooklyn, requested modification of a 1913 salary schedule for their office, to provide for a change of title of position. In connection therewith I report as follows:

In the 1913 Budget provision was made in account No. 1995 for a position of Replevin Clerk at $1,200 per annum. The Coroners request that the title of the incumbent of the position, Mr. Frederick A. Perry, be changed to that of Assistant Clerk, at the same salary. The Municipal Civil Service Commission has approved of the change of title. The change will not affect the Budget appropriation to the office.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the office of the Board of Coroners, Brooklyn, for the year 1913, as follows:

BOARD OF CORONERS, BROOKLYN.
Personal Service.

1995	Salaries, Regular Employees:	
	Coroner, 2 at $6,000	$12,000 00

	Assistant Clerk, 2 at $1,200	2,400 00
	Clerk to Coroner, 2 at $1,500	3,000 00
		$32,850 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

County Clerk, Queens County—Approval of Schedule (Cal. No. 31).

The Secretary presented the following:

Queens County Clerk's Office, Jamaica, N. Y., April 16, 1913.

Hon. WM. A. PRENDERGAST, *Comptroller, City of New York,* 280 Broadway, New York City:

Dear Sir—In accordance with the provisions of the Judiciary Law, this office is compelled every month to have published a notice of the drawing of Jurors. This notice is published in a paper printed in this County. Heretofore the expense entailed for publishing this notice was paid out of what was known as the Court Fund, but, as there is no fund of this kind to the credit of either the Supreme or County Courts of this County, I would respectfully ask that some fund be established, or that it be arranged to have the payment of these bills made out of some fund already in existence in your office. The amount required will hardly exceed $100 per year, and I think, if the transfer was made from one of the funds now to the credit of either the County or Supreme Courts, that these bills could be charged to that fund and paid by your office.

I think the fund should be under the jurisdiction of the County Clerk and not the courts, as it necessitates the double entry of the voucher or claim, both in this office and in the books of either of the courts.

Will you please arrange to have such a fund established and advise me of its code number and the amount, and oblige, Yours very truly,

LEONARD RUOFF, County Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 29, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 16, 1913, the County Clerk of Queens County requested that a fund be established in his office to provide for the expense of publishing notices of the drawing of Jurors for 1913. In connection therewith I report as follows:

Section 514 of the Judiciary Law provides, in part, as follows:

"At least six days before the drawing (of jury) the County Clerk must publish a notice thereof, in a newspaper published in the County." * * *

No appropriation was made in the 1913 Budget to provide the necessary means for compliance with this statutory requirement. The cost of publishing a monthly notice of the drawing of jurors will approximate $100 for the year. Under section 240 of the County Law the expense is a County charge and payment therefor is mandatory.

Provision for the same will be made, therefore, by the Comptroller, under subdivision 7 of section 188 of the Greater New York Charter.

I recommend the adoption of the attached resolution providing a schedule for the fund. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of a schedule for the office of the County Clerk of Queens County for the year 1913, as follows:

COUNTY CLERK, QUEENS COUNTY.
Contract or Open Order Service.

3886½R	General Plant Service:	
	Publishing notices of drawing of jury for Queens County for 1913..	$100 00
	Special Revenue Bond Allowance	$100 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Correction—Modification of Schedule and Transfer of Appropriation (Cal. No. 32).

The Secretary presented the following:

Department of Correction of The City of New York, 148 East 20th Street, New York, April 22, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

	Keeper, 12 at $900	10,800 00
	Orderly, 3 at $360	1,080 00

In order to provide for the above revision, I would ask your Honorable Board to authorize the necessary transfers of funds from such appropriations in which there are balances available, to those in which the amounts allowed are insufficient.

Very respectfully, PATRICK A. WHITNEY, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1913, the Commissioner of Correction requested the modification of seven salary schedules in his department for the year 1913, involving cash transfers in the sum of $1,280 within the accounts. In connection therewith I report as follows:

The request is in the schedules entitled "Personal Service, Salaries Regular Employees, Prison Service, Care of Plant and Inmates, No. 410, District Prison; No. 411, City Prison, Manhattan; No. 412, City Prison, Brooklyn; No. 413, City Prison, Queens, No. 417, Reformatory; No. 418, Penitentiary and Workhouse; No. 415, Harts Island Branch."

The changes call for the transfer of Keepers, Matrons and Orderlies and the filling of the vacancy of a Matron at the minimum rate. No increase in compensation is involved.

In No. 410 it is proposed to transfer one Matron at $900 per annum to the City Prison, Manhattan, and to fill the vacancy by the transfer of an Orderly at $480 per annum from the same institution.

In No. 411 it is proposed to transfer a Keeper at $1,200 per annum to the City Prison, Queens, and one at $900 to the Workhouse, Harts Island Branch. The two vacancies are to be filled by the transfer of two Keepers, one from each institution herein concerned, at $800 per annum each. It is further proposed to transfer an Orderly at $480 per annum to District Prisons, and to fill the vacancy by a transfer of an Orderly at $360 from the Penitentiary; to transfer one Matron from District Prisons at $900 per annum and one from the Workhouse, Harts Island Branch, at $600, and to substitute a Matron at $600 per annum for one at $900, the $300 remaining to be carried as a balance unassigned.

In No. 412 it is proposed to transfer a Keeper, at $1,200 per annum, to the Penitentiary, and to fill the vacancy by a transfer of a Keeper, at $900, from the same institution.

In No. 413 it is proposed to transfer a Keeper at $800 per annum to the City Prison, Manhattan, and to fill the vacancy by a transfer of a Keeper at $1,200 from the same institution.

In No. 415 it is proposed to transfer two Keepers at $800 per annum each, one to the City Prison, Manhattan, and the other to the Reformatory. The two vacancies are to be filled by the transfer of one Keeper at $900 per annum from the City Prison, Manhattan, and one at $1,200 from the Reformatory. It is further proposed to transfer one Matron at $600 to the City Prison, Manhattan.

In No. 417 it is proposed to transfer a Keeper at $1,200 per annum to the Workhouse, Harts Island Branch, and to fill the vacancy by a transfer of a Keeper, at $800, from the same institution.

In No. 418 it is proposed to transfer a Keeper at $900 per annum to the City Prison, Brooklyn, and to fill the vacancy by the transfer of a Keeper at $1,200 from the same institution. It is further proposed to transfer a female Orderly at $360 per annum to the City Prison, Manhattan.

The following table shows the line item changes in detail.

F. W. Devoe and C. T. Reynolds Company—Claim of (Cal. No. 33).

The Secretary presented the following:

City of New York, Department of Finance, Comptroller's Office, April 18, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of section 246 of the Greater New York Charter, I hereby certify that an application has been presented by F. W. Devoe and C. T. Reynolds Company for the payment of $37.01, alleged to be due it for supplies furnished the Bureau of Public Buildings and Offices of the office of the President of the Borough of Manhattan in January, February, March and June, 1908; that the same were furnished in good faith and actually received and used in the said Bureau of Public Buildings and Offices, and that no action has been instituted on the claim upon which its application is based. That said supplies appear to have been ordered by employees of said bureau, but no written orders were issued for these articles, and no certificate showing the necessity thereof was on file with the head of the department, and, therefore, its claim is illegal and invalid as against The City of New York, but, notwithstanding, in my judgment it is equitable and proper for the City to pay its claim in the sum of $31.15, the actual cost price to applicant, for the supplies furnished, inasmuch as the City has received a benefit and derived an advantage which in money value is equal to said sum and that $31.15 is the amount which should be paid in full satisfaction of said claim from the fund entitled "Revenue Bond Fund for Claims, to Be Reimbursed from the General Fund, R. C. L.—11B." Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That pursuant to section 246 of the Greater New York Charter, the Board of Estimate and Apportionment determines that the City has received a benefit from F. W. Devoe and C. T. Reynolds Co., and is justly and equitably obligated to pay said company, without interest, the sum of $31.15 for certain supplies furnished the Bureau of Public Buildings and Offices of the office of the President of the Borough of Manhattan, in January, February, March and June, 1908; that the said sum shall be paid in full satisfaction of the claim which it presented in the sum of thirty-seven dollars and one cent ($37.01) for such supplies; that the interests of the City will be best subserved by the compromise of the said claim in that amount, and that such sum shall be paid only upon the execution by the said F. W. Devoe & C. T. Reynolds Co. of a full release in favor of the City in such form as may be approved by the Corporation Counsel, and the Comptroller is hereby authorized to pay said claim in the sum of thirty-one dollars and fifteen cents ($31.15) from the account entitled "Revenue Bond Fund for Claims to be Reimbursed from the General Fund, R. C. L.—11-B."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

District Attorney, Kings County—Issue of Special Revenue Bonds and Approval of Schedules (Cal. No. 34).

The Secretary presented:

Report of the Comptroller recommending the issue of $2,000 special revenue bonds (subdivision 8, section 188, of the Charter), the proceeds to be used by the District Attorney, Kings County, for the purpose of paying expenses of extraditing fugitive criminals; also recommending approval of a schedule for the fund.

(On April 17, 1913, the resolution of the Board of Aldermen was referred to the Comptroller.)

Which was laid over one week (May 15, 1913), pending a report of the Comptroller on the issue of special revenue bonds.

Department of Water Supply, Gas and Electricity—Modification of Schedule (Cal. No. 35).

(On March 6, 1913, the communication from the Department of Water Supply, Gas and Electricity was referred to the Comptroller.)

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, March 4, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—The Board of Estimate and Apportionment did not allow for 1913 for the purchase of a number of automobile trucks for which requisition was made, nor for the necessary Automobile Enginemen to run them. Anticipating favorable action on this request, the number of Laborers and Drivers in the distribution division was proportionately decreased. Consequently the schedule for this year for Laborers and Drivers is deficient, and I have had prepared, and enclose herewith, schedules supporting accounts Nos. 681W and 707CW, modified, to provide for an increase of four Laborers, two Drivers and two Automobile Enginemen, at an added annual expense of $6,945, of which $6,036 is to be derived from the water revenue of Brooklyn.

I, therefore, request that the Board of Estimate and Apportionment approve these schedules and make a further appropriation, under section 242 of the Charter, to meet the requirements of the schedules so modified. Yours truly,

HENRY S. THOMPSON, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 2, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 4, 1913, the Commissioner of Water Supply, Gas and Electricity requested an appropriation of $6,945 to provide for additional employees. In connection therewith, I report as follows:

The Commissioner states that no allowance was made in the 1913 Budget for the purchase of a number of automobile trucks for which request was made; nor for the necessary Automobile Enginemen to run them. In anticipation of favorable action on this request the number of Laborers and Drivers in the distribution division was proportionately decreased, and consequently the schedule for Drivers and Laborers for this year is insufficient.

The amount requested is to provide for eight additional employees, as follows:

	Paid from Water Revenue.	Paid from Corporate Stock.	Total.
Automobile Engineman, 2 at $1,200	$2,400 00	.....	$2,400 00
Drivers, 4 at $2.50 per day (303 days)	2,424 00	$606 00	3,030 00
Laborers,, 2 at $2.50 per day (303 days)	1,212 00	303 00	1,515 00
	$6,036 00	$909 00	$6,945 00

The Commissioner's Engineering Bureau has submitted a memorandum showing work stated to be necessary and which cannot be done by the existing force. This work is summarized as follows:

1. Blowing off of dead ends on the distribution system between the high, intermediate and low services, these dead ends being caused by the closing of gates which formed the boundaries of the high and intermediate services.

2. Cleaning, operating and oiling valves in the distribution system at intervals of one year.

3. Blowing off the hydrants throughout the distribution system to remove accumulations of silt, iron rust, etc., such blowing off to be done at intervals of about one year.

The additional force required to do this work properly is stated to be as follows:

	Caulkers.	Drivers and Laborers.
Blowing off dead ends	1	3
Cleaning, oiling and operating valves	3	9
Blowing off hydrants to free the mains from rust, silt, etc	1	6
	5	18

A practical test of this class of work shows that the number of additional employees requested is necessary.

It is stated that if the two Automobile Enginemen requested be allowed the fire watch at the East New York Repair Yard during the two night watches, consisting of two Caulkers and four Laborers, and the two Drivers now attached to the Western District Repair Yard, may be eliminated. If the request be approved there will be available for blowing off dead ends, etc., the following force:

Source.	Caulkers.	Drivers and Laborers.
Fire Watch, East New York Yard	2	4
Fire Watch, Western District Repair Yard	..	2
By addition to schedule	..	6
	2	12

The Engineering Bureau states that they will endeavor to perform the additional work with these fourteen men instead of the 23 men estimated to be required as previously noted.

As these men cannot be employed on this class of work during the winter months and are not to be employed on construction work, it would appear proper to provide for them on the schedule for temporary employees, payable from water revenue rather than Schedule 707C.W., Wages, Regular Employees, as requested by the Commissioner.

The line item changes in detail are as follows:

Account No.	Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
681W	*Automobile Engineman, 2 at $1,200 (A. S. I. $400 each)	.....	$2,400 00	.....	$1,600 00
723W	Driver, at $2.50 per day (1,208 days)	.....	1,770 00	.....	1,770 00
	Laborer, at $2.50 per day (2,139 days)	.....	885 00	.....	885 00
	Balance unassigned	$0 50	.....	$0 50	.....
		$0 50	$5,055 00	$0 50	$4,255 00

Under the provisions of section 242 of the Charter appropriations from the Brooklyn water revenue for the maintenance of the water supply system for that Borough may be made from time to time as required. No additional authorization at this time will be necessary.

I recommend the adoption of the attached resolution modifying Schedules Nos. 681W and 723W to include the additional employees requested by the Commissioner. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of schedules, as revised, for the Department of Water Supply, Gas and Electricity for the year 1913, to be effective as of May 1, 1913, as follows:

Water revenue allowance	$19,319 50

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Education—Approval of Form of Contract, Etc. (Cal. No. 36).

The Secretary presented the following:

Board of Education, Park Avenue and 59th Street, New York, April 17, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Dear Sir—I beg to advise you of the receipt of a communication from Mr. C. B. J. Snyder, Superintendent of School Buildings, dated April 16, as follows:

"I am transmitting herewith plans and specifications for improving the premises in rear of Public Schools 54 and 72, Borough of Queens, to be forwarded to the Comptroller for presentment to the Board of Estimate and Apportionment in compliance with the resolution adopted by that Board on January 5, 1911.

	Approximate Cost.
"Public School 54	$931 00
"Public School 72	3,500 00"

The Superintendent of School Buildings states that the cost of the above mentioned work is chargeable to Corporate Stock Account C. D. E.—12.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 28, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 17, 1913, the Board of Education requested approval of the form of contract, specifications, plans and estimates of cost for improving the premises in the rear of Public Schools 54 and 72, Borough of Queens. The estimates of cost are as follows:

Public School 54, estimated cost	$931 00
Public School 72, estimated cost	3,500 00

The cost of the improvements is to be charged to the corporate stock fund entitled C. D. E.—12, School House Fund, Borough of Queens. This fund was authorized prior to consolidation. On April 25, 1913, there was an unencumbered balance in the fund of over $17,000.

The specifications and plans have been amended by the Department of Education at the suggestion of the Department of Finance and are now satisfactory. The form of contract is satisfactory and the estimates of cost are reasonable.

I recommend the adoption of the attached resolution granting the request with the amendments noted. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, amended specifications and plans and the estimates of cost for improving the premises in rear of Public Schools 54 and 72, Borough of Queens, under the jurisdiction of the Department of Education, as follows:

Public School 54, estimated cost, nine hundred and thirty-one dollars ($931).

Public School 72, estimated cost, three thousand five hundred dollars ($3,500),

—the cost of the work to be charged to the corporate stock fund entitled "C. D. E.—12, School House Fund, Borough of Queens."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Water Supply, Gas and Electricity—Approval of Form of Contract, etc. (Cal. No. 37).

The Secretary presented the following:

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 3, 1913, the Board of Estimate and Apportionment approved the form of contract, plans, specifications and estimate of cost in the sum of $6,700, for furnishing and delivering double nozzle fire hydrants in the Borough of Brooklyn, under the jurisdiction of the Department of Water Supply, Gas and Electricity. The resolution of approval made the cost chargeable to two corporate stock funds, the sum of $4,466 to be paid from the corporate stock fund entitled "C. D. W. 37A, Water Supply System, Borough of Brooklyn, Cross-connecting Old Distribution Mains."

Approval of part of the cost against this account was in error, the $4,466 being properly chargeable to C. D. W., Water Supply System, Borough of Brooklyn, New 20-inch Main Along Nostrand Avenue, from Woodruff Avenue to Flatbush Avenue.

I recommend the adoption of the attached resolution providing for the necessary correction. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on April 3, 1913, as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of six thousand seven hundred dollars ($6,700), for furnishing and delivering double nozzle fire hydrants in the Borough of Brooklyn, under the jurisdiction of the Department of Water Supply, Gas and Electricity; the cost, to the extent of two thousand two hundred and thirty-four dollars ($2,234), to be paid from the corporate stock fund entitled "C. D. W.—28, Water Supply System, Borough of Brooklyn, Extension of Distribution for Small Mains," and to the extent of *four thousand four hundred and sixty-six dollars* ($4,466), *to be paid from the corporate stock fund entitled "C. D.*

W.—37A, Water Supply System, Borough of Brooklyn, Crossconnecting Old Distribution Mains,"

—be *amended* by making the cost to the extent of *four thousand four hundred and sixty-six dollars* ($4,466), *chargeable to corporate stock fund "C. D. W.—37F, Water Supply System, Borough of Brooklyn, New 20-inch Main Along Nostrand Avenue, from Woodruff Avenue to Flatbush Avenue."*

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Metropolitan Sewerage Commission—Issue of Corporate Stock (Cal. No. 38).

(On April 24, 1913, the request of the Metropolitan Sewerage Commission was referred to the Corporate Stock Budget Committee.)

(On May 1, 1913, this matter was laid over one week.)

The Secretary presented the following:

Metropolitan Sewerage Commission of New York, 17 Battery Place, New York City, April 22, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Dear Sir—Application is hereby made for an extension of the authorization of the Board of Estimate and Apportionment of July 15, 1912, in order that the balance (estimated to be approximately $14,000 by May 1, 1913), in favor of this Commission may be available after April 30, 1913.

Your early attention to this matter is respectfully requested. Unless the extension here requested is granted, this Commission will be entirely without funds by May 1. Very sincerely, GEORGE A. SOPER, President.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 23, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1913, the Metropolitan Sewerage Commission requested that $14,000 of the balance in the corporate stock authorization for its expenses between July 1, 1912, and April 30, 1913, be made available for use after the latter date. In connection therewith we report as follows:

Chapter 332, of the Laws of 1913, approved by the Governor on April 19, 1913, continues the Commission three years, to May 1, 1916. There is a sufficient unallotted balance in the authorization to meet the requirements of this request.

We recommend the adoption of the attached resolutions granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the following resolution, adopted by the Board of Estimate and Apportionment on July 15, 1912:

"Resolved, That, pursuant to the provisions of chapter 639 of the Laws of 1906, as amended by chapter 422 of the Laws of 1908, and chapter 200 of the Laws of 1910, the Board of Estimate and Apportionment hereby appropriates the sum of *twenty-seven thousand dollars* ($27,000) to pay salaries and other expenses, for the ten months, July 1, 1912, to April 30, 1913, inclusive, of the Commission known as the Metropolitan Sewerage Commission of New York, appointed to investigate and consider means for protecting the waters of New York Bay and vicinity against pollution, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be *amended* to make the amount authorized *thirteen thousand dollars* ($13,000)."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Acting President of the Borough of Manhattan—11.

Negative—The Presidents of the Boroughs of Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—5.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 639 of the Laws of 1906, as amended by chapter 422 of the Laws of 1908, and chapter 200 of the Laws of 1910, and chapter 332 of the Laws of 1913, the Board of Estimate and Apportionment hereby appropriates the sum of fourteen thousand dollars ($14,000) to pay salaries and other expenses of the Commission known as the Metropolitan Sewerage Commission of New York, appointed to investigate and consider means for protecting the waters of New York Bay and vicinity against pollution, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Negative—The Presidents of the Boroughs of Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—5.

Department of Education—Modification of Schedule and Transfer to Special Trade School Fund (Cal. No. 39).

(On May 1, 1913, the request of the Board of Education was referred to the Comptroller.)

The Secretary presented the following:

In the Board of Education.

Whereas, In accordance with section 1066 of the Greater New York Charter, as amended, there has been deposited in the City Treasury the sum of one thousand and one dollars and twenty-seven cents ($1,001.27), representing proceeds realized from the sale of products of the Manhattan Trade School for Girls, for which a receipt has been received from the City Chamberlain and placed on file, a copy of which is as follows:

"No. 39218 Chamberlain's Receipt, The City of New York, $1,001.27.

"April 16, 1913.

"Received from Henry R. M. Cook, Auditor, Board of Education, one thousand and one dollar and twenty-seven cents as per statement rendered this day.

"R. R. MOORE, Chamberlain."

Therefore, be it

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to appropriate the sum of one thousand and one dollar and twenty-seven cents ($1,001.27) to the Special Trade School Fund, in accordance with section 1066 of the Greater New York Charter, as amended by chapter 35 of the Laws of 1913.

A true copy of a preamble and resolution adopted by the Board of Education April 23, 1913. A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 1, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 23, 1913, the Board of Education requested the appropriation of $1,001.27, realized from the sale of products of the Manhattan Trade School for Girls, and paid into the City Treasury to the Special Trade School Fund in compliance with section 1066 of the Greater New York Charter, as amended by chapter 35 of the Laws of 1913.

Section 1066 of the Charter, as amended by Chapter 456 of the Laws of 1910 and chapter 35 of the Laws of 1913, provides that the Board of Education may sell at prevailing market prices such manufactured articles or other products of its trade schools, as may not be utilized by the said Board, and all moneys realized from the sale thereof shall be paid into the City Treasury and shall at once be appropriated by the Board of Estimate and Apportionment to a Special Trade School Fund to be administered by the Board of Education.

The existing schedule aggregates $1,513.55. The appropriation herein proposed will increase this total to $2,514.82.

I recommend the adoption of the attached resolutions granting the request and approving a schedule for the fund. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Whereas, The Board of Education has deposited in the City Treasury the sum of $1,001.27, representing proceeds realized from the sale of products of the Manhattan Trade School for Girls, which sum now constitutes the account entitled "Sales of Personal Property by the Department of Education," and

Whereas, Under the provisions of section 1066 of the Greater New York Charter, as amended by chapter 456, Laws of 1910, and chapter 35 of the Laws of 1913, the Board of Estimate and Apportionment shall at once appropriate all money accruing from the sale of manufactured articles or other products of the Vocational, Trade and Truant Schools, Department of Education, to the Special Trade School Fund; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby appropriates the sum of one thousand and one dollars and twenty-seven cents ($1,001.27), representing proceeds of sale of products of the Manhattan Trade School for Girls, to the Special Trade School Fund, and transfers said sum thereto from the suspense account entitled "Sales of Property by Department of Education."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule for the Department of Education, as follows:

DEPARTMENT OF EDUCATION.

Special Trade School Fund.....	$2,514 82

Department of Parks, Boroughs of Manhattan and Richmond—Issue of Corporate Stock (Cal. No. 40).

(On April 17, 1913, the request of the Chairman of the National Maine Monument Committee for this issue was referred to the Corporate Stock Budget Committee.)

(On May 1, 1913, the above matter was ordered on the Calendar for this meeting.)

National Maine Monument Committee, New York City, April 16, 1913.

Board of Estimate, City of New York:

Gentlemen—The National Maine Monument, which is now practically finished, at the entrance to Central Park at 59th street and 8th avenue, will, on May 30 of this year, be dedicated and presented to The City of New York. The Mayor will be asked to receive the monument on behalf of the City. There will be simple but impressive ceremonies, which will be attended by national officials, and State and City officials will be invited. A luncheon at a hotel also is being arranged.

The National Maine Monument Fund to date, with all trust fund interest thereon, amounts to about $143,000. The actual cost of the monument, including the unveiling, is at this moment estimated to be $183,000. The shortage of $40,000 is due mainly to the addition of the beautiful gates which constitute a new entrance to Central Park. As planned and contracted for originaily, the monument did not include these gates. They were required by the Municipal Art Commission at the time of the original presentation in connection with the present site.

Our committee cheerfully obligated itself to see that these gates were built, and, without asking the City for one penny, has practically finished the monument, all of the great works of sculpture being ready to put in position this month. Of the approximate deficiency of $40,000 one of the members of our committee has offered to give a dollar for every dollar that is raised by our committee in any other way. This leaves about $20,000 to be raised in other ways. Of this sum prominent gentlemen have already subscribed a portion, and the committee has made arrangements to get some in other directions.

At conferences between a representative of this committee and City officials, our committee has become convinced that it is quite proper to ask The City of New York, through its Board of Estimate, if it wishes to contribute toward this great memorial. We are informed that in connection with the Carl Schurz Memorial the City originally gave $25,000 to provide means for erection of the memorial, and within a week your Board has passed a resolution giving $10,000 toward the dedication ceremonies in connection with that memorial.

Our committee is informed that in practically every instance of the building of a public monument the City has contributed either toward the foundation or other work in connection with the monument or toward the dedication of the monument. We have decided to make no request at all of the City in connection with the monument itself, the additional gates we have built or the dedication services of the National Maine Monument. We have, however, come to the conclusion that we will offer The City of New York an opportunity to provide a place on which to put the monument and the gates by expending the sum of seven thousand dollars ($7,000) for work done on the foundation for the monument under the jurisdiction of the Department of Parks. Park Commissioner Stover permits us to state that he is in hearty accord with such action, and that he feels, in view of all the public and this committee have done, it would indeed be only a small thing for the City to provide the foundation for such a permanent and beautiful patriotic memorial.

Our committee requests that the Board of Estimate, by unanimous consent at its meeting on Thursday, April 17, consider a resolution providing the sum of $7,000 for the purpose stated. In conclusion, permit me to say at the time stated, I, as Chairman of the National Maine Monument Committee, will in person present the monument to the Mayor of New York for the City. Respectfully,

JAS. GRANT WILSON, Chairman.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seven thousand dollars ($7,000) for work done on the foundation for the National Maine Monument at the entrance to Central Park at 59th street and 8th avenue, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Statement by the Comptroller of All Transfers to the General Fund for the Reduction of Taxation, Etc. (Cal. No. 41).

The Secretary presented the following, which was ordered printed in the Minutes and filed:

City of New York, Department of Finance, Comptroller's Office, May 1, 1913.

To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—In connection with my report of the 28th inst., recommending the transfer by your Board to the general fund of the City for the reduction of taxation of unencumbered cash balances of appropriations of 1912 and prior years, and of special revenue bond funds aggregating in excess of $4,000,000, it occurred to me that a statement of all similar transfers made during the existence of the Greater City, and a comparison of the transfers made during the period covered by the present administration with those made during previous administrations, might not be uninteresting.

The appropriation and special revenue bond fund balances transferred to the general fund from 1898 to 1909, inclusive, and from 1910 to 1913, inclusive, follow:

1898.....	.....
1899.....	$1,356,786 57
1900.....	1,531,732 81
1901.....	1,632,443 32

1902	1,422,764 82	
1903	1,384,743 92	
1904	500,060 25	
1905	152,777 14	
1906	200,000 00	
1907	548,675 99	
1908	421,400 00	
1909	1,133,279 85	
		$10,284,664 67
1910		
1911	$9,534,905 84	
1912	2,993,996 23	
1913	4,023,298 06	
		$16,552,200 13
Total transfers, 1898 to 1913		$26,836,864 80

It will be seen from the table that out of total transfers of $26,836,864.80 made from 1898 to date $16,552,200.13, or 61 per cent. of the total, were made during the years 1910-1913, as against $10,284,664.67, or 39 per cent. of the total, made from 1898 to 1909.

Schedule controlled appropriations for salaries and wages, a plan adapted from the one employed by the Federal government for the departments in the City of Washington, have contributed largely to the increases in the amounts of the transfers of the last few years. Under the present system lapses in salary payments, due to the death, retirement or removal of employes, or to the failure of a head of a department to make appointments promptly after provisions for new employes have been made, or to employ Laborers to the full amount of his appropriation, now revert to the general fund of the City. Previously these savings were in many instances used to make increases in salaries at the end of the year affected, not only unduly increasing the expenses of that year, but increasing the permanent expenses of succeeding years as well. The amount transferred to the general fund from the appropriations of 1908 for salaries and wages, prior to the adoption of the schedule plan, was $314,760.76. The amounts transferred to the general fund from the salary and wages accounts of 1909, 1910, 1911 and 1912 appropriations, after the adoption of the schedule plan, were $1,081,748.34, $1,958,730.67, $1,280,048.39 and $1,373,805.15, respectively.

Included in the transfers of the last four years and another cause of their large increases are many balances applicable to the appropriations of prior years (1895-1908), which, owing to lax administration or unfavorable conditions, had remained open on the books of the Department of Finance and on the books of the various other City departments. This condition not only deprived the general fund of the City for the reduction of taxation of proper credits, but encumbered the bookkeeping of the City by the unnecessary retention on the City's books of a large number of inactive accounts.

The following table shows the balances just referred to, and the years affected:

1897 and prior years	$46,068 04
1898	17,716 56
1899	21,491 02
1900	8,293 18
1901	21,354 83
1902	134,689 62
1903	215,074 58
1904	51,853 92
1905	100,837 09
1906	70,022 80
1907	247,004 68
1908	687,033 59
Total Balances which might have been, but which were not transferred to the general fund prior to 1910	$1,621,439 91

Two things which undoubtedly embarrassed previous administrations and prevented the prompt transference of unencumbered balances to the general fund were (1) the uncertainty as to the amounts of outstanding claims and (2) the fact that in a large number of cases where there were no outstanding claims the balances shown by the Department of Finance and the other City departments did not agree.

Happily, both these conditions have now been practically eliminated; the first, by the establishment in the various departments of the City of records which reflect the obligations incurred when they are incurred and show their reduction by payments, cancellations, etc.; the second, by employing a staff of accountants to ferret out the differences existing in the accounts of the numerous City departments and to formulate the data necessary to effect the reconciliation of their balances.

This procedure not only made the balances of many old accounts available for transfer, but has enabled the City during 1912 and 1913 to make large transfers to the general fund within six months after the completion of the year mainly affected.

Incidentally, the unencumbered balances of appropriation and special revenue bond fund accounts transferred during the past three years to the general fund for the reduction of taxation as applied by the Department of Finance reduced the taxes of 1912 $1.16 per thousand of assessed valuation and the tax rate of 1913, $0.635 per thousand. The taxes of 1914 will also be reduced by about $0.20 per thousand by the application to that year of approximately $1,700,000 of the $4,000,000 transferred in 1915, only $2,300,000 of that amount having been applied against the 1913 tax levy, the actual amount of balances that would be available for transfer at that time being unknown. Very truly yours, WM. A. PRENDERGAST, Comptroller.

Department of Parks, Borough of Brooklyn—Protesting the Use of Any Portion of Saratoga Park for a Playground (Cal. No. 42).

The Secretary presented:

Report of the Commissioner of Parks, Borough of Brooklyn, referring to communication from Robert H. Hagemann, Jr., submitting, on behalf of the Saratoga Park Protective Association, petition signed by citizens and taxpayers residing in the neighborhood of Saratoga Park, protesting against the use of a part of said park as a children's playground, and stating that this matter has been very carefully looked into, and it is judged to be inadvisable to make any change in the park at this time.

(On April 24, 1913, the above matter was referred to the Commissioner of Parks.)

Which was ordered filed, and the Secretary directed to transmit a copy thereof to Mr. Hagemann.

Department of Docks and Ferries—Compensation of Dock Builders (Cal. No. 43).

The Secretary presented:

Communication from the Commissioner of Docks relative to the fixing of the compensation of Dock Builders in said Department at the rate of $6 per day.

Department of Correction—Establishment of Position of Overseer (Cal. No. 44).

The Secretary presented:

Communication from the Commissioner of Correction requesting the establishment in the Department of Correction of the grade of position of Overseer, New York City Reformatory, at a salary of $2,500 per annum, for one incumbent.

"Civil Service Chronicle"—Action on Requests for Retirements (Cal. No. 45).

The Secretary presented:

Communication from the editor of the "Civil Service Chronicle," asking if the Board cannot, at an early date, take up for action the numerous applications for retirement which have been made to the Board, and upon which action was suspended pending the result of the suit brought by the Citizens' Union.

Which were referred to the Committee on Salaries and Grades, consisting of the Comptroller and the President of the Board of Aldermen.

Department of Bridges—Issue of Corporate Stock for Payment of Awards, Etc. (Cal. No. 46).

The Secretary presented the following:

City of New York, Department of Finance, Comptroller's Office, May 5, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—I have been advised by the Corporation Counsel that the report of the Commissioners of Estimate and Appraisal, in the matter of the application of The City of New York relative to acquiring title to certain real estate, etc., situated in the Borough of Manhattan, in The City of New York, duly selected and specified by the Commissioner of Bridges of The City of New York, with the approval of the Board of Estimate and Apportionment, pursuant to the provisions of chapter 712 of the Laws of 1901, as amended by chapter 90 of the Laws of 1907, for the reconstruction of the Westerly or Manhattan Terminal of the New York and Brooklyn Bridge for the better accommodation of pedestrians, vehicles and railroad passengers using said bridge or terminal, was confirmed by an order of the Supreme Court, dated November 20, 1912, and entered in the office of the Clerk of the County of New York, November 21, 1912.

The title to the land taken in this proceeding became vested in The City of New York on March 10, 1908, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment, adopted February 14, 1908.

The amount of the awards so confirmed is	$63,872 00
Amount of interest thereon from March 10, 1908, to June 10, 1913	20,119 68
Amount of bill of costs for expert services taxed by the Supreme Court under date of April 3, 1913	1,500 00
	$85,491 68
There is available for the payment of the above mentioned amounts an unexpended balance in the account C. D. B.—25, amounting to the sum of	38,028 66
Leaving a balance not provided for of	$47,463 02

To provide means for the payment of these obligations, corporate stock should be issued pursuant to the provisions of chapter 712 of the Laws of 1901, as amended by chapter 90 of the Laws of 1907.

A resolution for that purpose is herewith submitted. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 712 of the Laws of 1901, as amended by chapter 90 of the Laws of 1907, the Comptroller be and hereby is authorized to issue corporate stock of The City of New York in the manner provided by subdivision 8 of section 169 of the Greater New York Charter, to the amount of forty-seven thousand four hundred and sixty-three dollars and two cents ($47,463.02), the proceeds whereof, to the amount of the par value thereof, to be used for the purpose of providing means to pay the awards, the interest thereon and the expert fees, in the matter of the application of The City of New York, relative to acquiring title to certain real estate, etc., situated in the Borough of Manhattan, in The City of New York, duly selected and specified by the Commissioner of Bridges of The City of New York, with the approval of the Board of Estimate and Apportionment, pursuant to the provisions of chapter 712 of the Laws of 1901, as amended by chapter 90, of the Laws of 1907, for the reconstruction of the westerly or Manhattan Terminal of the New York and Brooklyn Bridge for the better accommodation of pedestrians, vehicles and railroad passengers, using said Bridge or Terminal, as confirmed by orders of the Supreme Court dated November 20, 1912, and April 3, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Board of Water Supply—Issue of Corporate Stock (Cal. No. 47).

The Secretary presented:

Report of the committee to which was referred on March 27, 1913, the request of the Board of Water Supply for an issue of corporate stock in the sum of $1,300,000 for paving the substituted roads about the Ashokan Reservoir with vitrified brick on a concrete foundation.

The committee reports that after careful consideration, including a personal examination of the roads, and after advice from the Corporation Counsel upon certain points, it believes that the only course open at the present time is to improve the roads in the manner contemplated by the court order of March 13, 1909, namely, with bituminous macadam, and that an effort should be made to reopen the order of October 17, 1910, and try to have the obligation of perpetual maintenance removed. It is further recommended that the Board of Water Supply be requested to submit revised estimates based upon the kind of improvement recommended.

Hon. Charles Strauss, President of the Board of Water Supply, appeared in favor of the proposition.

The matter was laid over for one week (May 15, 1913).

Fire Department—Issue of Special Revenue Bonds (Cal. No. 48).

The Secretary presented:

Resolution of the Board of Aldermen, requesting the issue of $1,280 special revenue bonds (subdivision 8, section 188 of the Charter), to provide means for music and decorations in connection with the participation of the uniformed and civilian forces of the Fire Department of The City of New York in the civic parade on May 17, 1913.

Hon. Joseph Johnson, Fire Commissioner, appeared in support of the request.

The matter was referred to the Comptroller.

Fire Department—Approval of Form of Contract, Etc. (Cal. No. 49).

The Secretary presented the following:

Fire Department of The City of New York, 157 East 67th Street, March 24, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller of The City of New York:*

Sir—Forwarded herewith for the approval of the Board of Estimate and Apportionment are complete plans, specifications and contract forms for the erection of the central telegraph station for the Fire Department, on the southerly side of Transverse road No. 2, Central Park, Borough of Manhattan. The estimate for the completion of the work covered by the specifications is $76,000. The charge should be made against "C. F. D.—30, Fire Alarm System, Erection of New Building, Central Park, Manhattan." Respectfully, JOS. JOHNSON, Fire Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 6, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 24, 1913, the Fire Commissioner requested approval of the forms of contract, plans, specifications and estimate of cost, in the sum of $76,000, for the erection of a central telegraph station for the Fire Department on the southerly side of Transverse road No. 2, in Central Park, Borough of Manhattan.

It is proposed to let the work in three contracts, the estimated costs of which have been stated by the Fire Department to be as follows:

For the general construction	$67,500 00
For the plumbing and gas fitting	6,500 00
For the steam heating	2,000 00
	$76,000 00

The cost is to be charged to the corporate stock fund entitled "C. F. D.—30, Fire Alarm Systems, Borough of Manhattan, Erection of Central Office in Central Park."

The appropriation of $80,000 for the fund was approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 31, 1911. The appropriation was increased to $92,000 by the Board of Estimate and Apportionment on March 27, 1913, and concurred in by the Board of Aldermen on April 22, 1913.

On May 6, 1913, there remained an unencumbered balance of $79,480.48 in the fund.

At the suggestion of the Department of Finance several changes have been made in the form of contract and specifications.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the forms of contract, plans and specifications and estimates of cost for the erection of a central telegraph station for the Fire Department in Central Park in the Borough of Manhattan, as follows:

For the general construction of the building, estimated cost sixty-seven thousand five hundred dollars ($67,500).

For the plumbing and gas fitting, estimated cost six thousand five hundred dollars ($6,500).

For the steam heating, two thousand dollars ($2,000).

—the cost to be charged to the corporate stock fund entitled "C. F. D.—30, Fire Alarm Systems, Borough of Manhattan, Erection of Central Office in Central Park"; and be it further

Resolved, That in the event that the aggregate sum of the lowest bids received for

the three items is equal to or less than the aggregate sum of the three items herein approved (although the amount of the lowest bid for one or more items may exceed the amount approved for said item or items), then the award for the three items, provided all three are awarded, may be made without further approval by the Board of Estimate and Apportionment; and be it further

Resolved, That in the event that the aggregate sum of the lowest bids received for the three items exceeds the aggregate sum of the three items herein approved, no award for any of them shall be made.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Health—Issue of Special Revenue Bonds (Cal. No. 50).

The Secretary presented:

Report of the Comptroller in the matter of a resolution of the Board of Aldermen recommending the issue of $59,925 special revenue bonds to be used by the Department of Health for the purpose of maintaining and extending the work of mosquito extermination in the Boroughs of The Bronx, Brooklyn, Queens and Richmond during 1913.

(On May 1, 1913, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

Which was laid over one week (May 15, 1913), pending a report by the Comptroller on the issue of special revenue bonds.

Armory Board—Modification of Schedules and Transfer of Appropriation (Cal. No. 51).

The Secretary presented the following:

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 6, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 3, 1913, the Secretary of the Armory Board requested transfer of $18,800 within appropriations made for the maintenance of armories for the year 1913. In connection therewith I report as follows:

In the departmental estimate for 1913, request was made for total appropriations for each classification. Owing to a lack of sufficient details, an arbitrary segregation was made in the Budget for each organization, with the understanding that necessary adjustments would be made after January 1.

Request is made for transfer of $11,300, to be used for the purchase of about 850 steel lockers for the Fourteenth Regiment. Request is also made for transfer of $1,000 for the purchase of equipment for the First Battalion, Naval Militia. This is to provide for the replacement of equipment recently destroyed by fire.

The following table shows the accounts to which the transfers are to be made and the present amounts in each of these accounts:

		Proposed Amount of Transfer.	Revised Budget Appropriations.	Outstanding Liabilities.	Additional Estimated Liabilities.
	Supplies, General Plant Supplies, Maintenance of Armories—

President, Borough of Manhattan—Modification of Schedules and Transfer of Appropriation (Cal. No. 54A).

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, April 24, 1913.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—Request is hereby made for the transfer of ten thousand dollars ($10,000) from the appropriation made to this Department entitled "President, Borough of Manhattan, 1913, Contract or Open Order Service, General Repairs, Care of Public Buildings and Offices, No. 2805, Repairing, Office Buildings," to the appropriation made to this Department entitled "President, Borough of Manhattan, 1913, Contract or Open Order Service, General Repairs, Care of Public Buildings and Offices, No. 2806, Repairing, Baths and Comfort Stations."

The transfer is necessary to provide additional funds in the appropriation for repairs to public bath buildings and free floating baths which will be placed in commission very soon. Yours very truly,

GEORGE McANENY, President, Borough of Manhattan.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 24, 1913, the President of the Borough of Manhattan requested transfer of $10,000 within appropriations in his office for the year 1913. In connection therewith I report as follows:

The transfer is from "Contract or Open Order Service, General Repairs, Care of Public Buildings and Offices, Repairing. No. 2805, Office Buildings," to "No. 2806, Baths and Comfort Stations." It is necessary in order to provide funds for contracts for repairing the free floating baths and some public bath buildings. There is a sufficient balance in No. 2805 for the debit transfer.

I recommend the adoption of the attached resolutions granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Manhattan for the year 1913, as follows:

Supplies.

1702 Office Suppiles 650 00

The appropriation for No. 1705 was $430. The available balance on April 1, 1913, was $208. It is estimated that the expenditures from this account will average about $100 per month for the balance of the year.

The appropriation for No. 1702 was $200. On April 1, 1913, the available balance was $64. It is estimated that $850 will be needed during the remainder of the year for postage stamps, postal cards and other office supplies.

There are sufficient unencumbered balances in Nos. 1700, 1711 and 1716 for the debit transfers.

I recommend the adoption of the attached resolutions approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Department of Docks and Ferries—Modification of Schedules and Transfer of Appropriation (Cal. No. 54C).

The Secretary presented the following:

City of New York, Department of Docks and Ferries, Pier "A," North River, April 22, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman Board of Estimate and Apportionment:*

Sir—I request that the sum of $7,000 be transferred in this department's Budget for the year 1913, from "Code No. 276, General Plant Supplies, Ferries, Operation," to "Code No. 289, General Plant Materials, Ferries, Operation."

There is a sufficient balance in Code No. 276 to permit this transfer, and the additional amount is needed in Code No. 289 to meet charges against that item.

Yours very truly, R. A. C. SMITH, Commissioner of Docks.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1913, the Commissioner of Docks requested the transfer of $7,000 within appropriations to his department for 1913. In connection therewith I report as follows:

The proposed transfer is from "General Plant Supplies, Ferries, No. 276, Operation," to "General Plant Materials, Ferries, No. 289, Operation."

The Commissioner states that the transfer is required to meet outstanding liabilities and anticipated expenditures; liabilities amounting to $7,247.77 are chargeable to No. 289 on 1912 contracts. These contracts have been recertified against the account for the reason that they are properly payable out of 1913 funds.

I recommend the adoption of the attached resolutions granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Education—Modification of Schedule (Cal. No. 55).

The Secretary presented the following:

Board of Education, Park Avenue and 59th Street, New York, April 30, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—In accordance with a resolution adopted by the Board of Education on November 27, 1912, the undersigned respectfully request modifications of salary schedule No. 3438, office of the City Superintendent of Schools, for the year 1913, as follows:

Strike out	
Clerk, 4 at $1,200	$4,800 00
Clerk, 4 at $1,050	4,200 00
Stenographer and Typewriter, 5 at $1,200	6,000 00
—and insert	
Clerk, 3 at $1,200	$3,600 00
Clerk, 5 at $1,050	5,250 00
Stenographer and Typewriter, 4 at $1,200	4,800 00
Stenographer and Typewriter	1,050 00
Unassigned balance (A. S. I.)	300 00

The above request involves no increase in appropriation, and the modifications are necessary in order to pay the salaries of two employees, who were recently promoted to $1,200 per annum each, and who were subsequently found ineligible for that salary under the rules of the Municipal Civil Service Commission.

A copy of the schedule, as modified, is enclosed. Respectfully yours,

A. E. PALMER, Secretary, Board of Education; Henry R. M. COOK, Auditor, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 30, 1913, the Board of Education requested modification of the 1913 salary schedule for "Regular Employees, Administration, No. 3438, Office of the City Superintendent of Schools." In connection therewith I report as follows:

The line "Clerk, 4 at $1,200," is changed to read:

Clerk, 3 at $1,200	$3,600 00
*Clerk, 1 at $1,050 (A. S. I. $250)	1,050 00
*Balance unassigned (A. S. I.)	150 00

The line "Stenographer and Typewriter, 5 at $1,200," is changed to read:

Stenographer and Typewriter, 4 at $1,200	$4,800 00
*Stenographer and Typewriter, 1 at $1,050 (A. S. I. $250)	1,050 00
*Balance unassigned (A. S. I. $150)	150 00

Mary C. Heffernan, Stenographer and Typewriter, and Ella A. Kelly, Clerk, at $1,050 each, per annum, had been increased to $1,200 per annum, but under a ruling of the Civil Service Commission they are not eligible for more than the rate of $1050 per annum.

The line item changes in detail are as follows:

Schedule No.	Title.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
3438	Clerk, 4 at $1,200	.....	$1,200 00	.....	$800 00
	*Clerk, at $1,050 (A. S. I. $250)	$1,050 00	.....	$700 00	.....
	Stenographer and Typewriter, 5 at $1,200	.....	1,200 00	.....	800 00
	*Stenographer and Typewriter, at $1,050 (A. S. I. $250)	1,050 00	.....	700 00	.....
	*Balance unassigned (A. S. I.)	300 00	.....	200 00	.....
	Total	$2,400 00	$2,400 00	$1,600 00	$1,600 00

The changes are in conformity with the resolution governing salary modifications adopted by your Board on January 30, 1913.

I recommend that the request be granted by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Docks and Ferries—Modification of Schedules and Transfer of Appropriation (Cal. No. 56).

The Secretary presented the following:

City of New York, Department of Docks and Ferries, Pier A, North River, New York, April 21, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Request is hereby made for a modification of the budget schedule lines supporting salary appropriations made to the Department of Docks and Ferries for the year 1913, as follows:

Code No. 238.

1. Reduce the position of Captain, at $1,920 per annum, by one—from 26 to 25

(A. S. I., $640), transferring the $1,920 to code No. 237 for the purposes hereinafter stated under the heading of code No. 237.

2. Reduce the total of code No. 238 by $1,920, namely, from $626,862 to $624,942.

Code No. 237.

1. Of the $1,920 recommended for transfer to this schedule from code No. 238, use $1,050 to make provision for one additional Clerk at $1,050 per annum, which position of Clerk at $1,050 per annum will be filled by the transfer thereto of a Telephone Operator, Frank P. Hauser, now paid at the rate of $1,050 per annum. This involves no increase in salary for Mr. Hauser. The vacancy thus caused in the position of Telephone Operator at $1,050 per annum will be filled by an original appointment. Leave an unassigned balance of $640 (A. S. I.) and leave the remaining $230 as an unassigned balance not available for salary increases.

2. Increase the total of schedule No. 237 by $1,920, namely, from $40,750 to $42,670.

Very truly yours, R. A. C. SMITH, Commissioner of Docks.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 21, 1913, the Commissioner of Docks requested modification of two salary schedules in his department for the year 1913. In connection therewith I report as follows:

In Personal Service, Ferries, No. 238, Operation, the line, "Captain, 26 at $1,920," is changed to read:

Captain, 25 at $1,920.
*Clerk, 1 at $1,050 (N. A. S. I.).
*Balance unassigned, $640 (A. S. I.).
*Balance unassigned, $230 (N. A. S. I.).

For the vacant position of Captain at $1,920, a Clerk at $1,050 is substituted and transferred to No. 237. The difference of $870 is carried in the two unassigned balances.

The position of Clerk at $1,050 is to be filled by transfer of a Telephone Operator, Frank P. Hauser, without increase of salary. Mr. Hauser passed a competitive examination for the position. The position of Telephone Operator will be filled by an original appointment.

The following table shows the line item changes in detail:

Code. No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
237	*Clerk, at $1,050 (N. A. S. I.).	$1,050 00	.....	$700 00	.....
238	Captain, 26 at $1,920.....	.....	$1,920 00	.....	$1,280 00
	*Balance unassigned (A. S. I.)	640 00	.....	426 66	.....
	*Balance unassigned (N. A. S. I.)	230 00	.....	153 34	.....
		$1,920 00	$1,920 00	$1,280 00	$1,280 00

I recommend the adoption of the attached resolutions granting the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Water Supply, Gas and Electricity—Modification of Schedule (Cal. No. 57).

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, April 16, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, Department of Finance,* No. 280 Broadway, New York City:

Dear Sir—In order to meet the requirements of this Department, I would respectfully request a further revision and modification of the budget lines supporting the schedule of the following appropriation provided for this Department for the year 1913:

855, 1913. *Contract or Open Order Service, Transportation, Hire of Automobiles, Illumination, Power and Heat Control, Inspection.*

The lines which read:

Hire of automobile, at $83.33 per month (21 months).....	$1,750 00
Hire of automobile, at $80 per month (12 months).....	960 00
Hire of Automobile, at $3 per hour (450 hours).....	1,350 00
	$4,060 00

—to read:

Hire of automobile, at $83.33 per month (21 months).....	$1,750 00
Hire of automobile, at a rate not exceeding $3 per hour.....	2,310 00
	$4,060 00

Yours very truly, J. W. F. BENNETT, Deputy Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 16, 1913, the Commissioner of Water Supply, Gas and Electricity requested modification of a schedule for the Hire of Automobiles in his Department for 1913. In connection therewith I report as follows:

The request is in Contract or Open Order Service, Transportation, Hire of Automobiles, Illumination, Power and Heat Control, No. 855, Inspection. The present provision is for automobile hire at $80 per month for 12 months. It is proposed to make the allowance available for the hire of automobile at $3 or less per hour.

The Commissioner's representative states that the change is requested owing to the dismissal of an Assistant Engineer in the Borough of Queens, for whom there had been provided an automobile, at $80 per month, and also owing to certain conditions whereby his department may at times obtain automobile service at rates less than $3 per hour.

The line item changes in detail are as follows:

Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
Hire of automobile at $80 per month (12 months)	$960 00	.....	$960 00	.....
Hire of automobile at a rate not exceeding $3 per hour	.....	$960 00	.....	$960 00
	$960 00	$960 00	$960 00	$960 00

I recommend the adoption of the attached resolution granting the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Water Supply, Gas and Electricity for the year 1913, to be effective as of May 1, 1913, as follows:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Education—Approval of Form of Contract, Etc. (Cal. No. 58).

The Secretary presented the following:

Board of Education, Park Avenue and 59th Street, New York, April 29, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, The City of New York:*

Dear Sir—I have the honor to advise you that at a meeting of the Committee on Buildings held on the 28th inst., it was ordered that you be requested to amend the approximate estimate of cost for installing electric equipment in New Public School 99, Brooklyn, by changing the amount from $7,500 to $7,566.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 29, 1913, the Board of Education requested approval of a new estimate of cost in the sum of $7,566 for electric equipment in new Public School 99, Borough of Brooklyn.

On April 17, 1913, your Board approved an estimate of cost for this equipment in the sum of $7,500. On April 28, 1913, the Board of Education opened bids for the work. The lowest of four bids was that of E. Frank, in the sum of $7,566. The amount of this bid is reasonable. There is a sufficient balance in the appropriate fund to pay the increased cost.

I recommend the adoption of the attached resolution granting the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on April 17, 1913, as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, specifications, plans and estimate of cost, *seven thousand five hundred dollars* ($7,500), for installing electric equipment in new Public School 99, Borough of Brooklyn, under the jurisdiction of the Department of Education, the cost of the work to be charged to the corporate stock fund entitled "C. D. E.—120E, School Buildings, Construction and Equipment, Brooklyn, Subtitle 5,"

—be *amended* to make the estimate of cost *seven thousand five hundred and sixty-six dollars* ($7,566).

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Law Department—Issue of Special Revenue Bonds (Cal. No. 59).

The Secretary presented:

Report of the Comptroller recommending the issue of $31,196.68 special revenue bonds (sub-division 8, section 188 of the Charter), the proceeds to be used by the Corporation Counsel for the purpose of reimbursing the fund for Street and Park Openings diverted to account of Division of Real Estate, Law Department.

(On March 13, 1913, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

Which was laid over one week (May 15, 1913) pending a report by the Comptroller on the issue of special revenue bonds.

Department of Docks and Ferries—Approval of Form of Contract, Etc. (Cal No. 60).

The Secretary presented the following:

City of New York, Department of Docks and Ferries, Pier "A," North River, April 18, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman Board of Estimate and Apportionment:*

Sir—I transmit herewith specifications and form of Contract 1378, for obtaining a supply of cement, sand, broken stone, small cobble and rip-rap stone. There are six classes or items, each class or item being in itself a separate and distinct contract.

Class 1 calls for 3,000 barrels of Portland cement. The estimate is $1.65 per barrel.

Class 2 calls for 2,000 cubic yards of sand. The estimate is 65 cents per cubic yard.

Class 3 calls for 3,000 cubic yards of 2-inch broken stone. The estimate is 95 cents per cubic yard.

Class 3A calls for 1,0000 cubic yards of ¾-inch broken stone. The estimate is $1.05 per cubic yard.

Class 4 calls for 3,000 cubic yards of small cobble stone. The estimate is $1.25 per cubic yard.

Class 5 calls for 15,000 cubic yards of rip-rap stone. The estimate is 50 cents per cubic yard.

The six contracts noted above, with the addition of the extra 5 per cent. permitted in the general form of supply contracts, will at the estimated cost aggregate $22,470.

I request your approval of the specifications, form of contract and estimates, in order that the contracts may be advertised.

These contracts are to be charged against corporate stock funds C. D. D.—27, Supplies, Etc., for the Construction and Improvement of Docks, in which fund the amount is sufficient to cover the contracts at the given estimates. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 18, 1913, the Commissioner of Docks requested approval of the form of contract, specifications and estimate of cost for furnishing and delivering quantities of cement, sand, broken stone, small cobble and rip-rap stone, as follows:

Class No. 1—3,000 barrels of Portland cement at an estimate cost of $1.65 per barrel	$4,950 00
Class No. 2—2,000 cubic yards of sand at an estimated cost of 65 cents per cubic yard	1,300 00
Class No. 3—3,000 cubic yards of 2-inch broken stone at an estimated cost of 95 cents per cubic yard	2,850 00
Class No. 3A—1,000 cubic yards of ¾-inch broken stone at an estimated cost of $1.05 per cubic yard	1,050 00
Class No. 4—3,000 cubic yards of small cobble stone at an estimated cost of $1.25 per cubic yard	3,750 00
Class No. 5—15,000 cubic yards of rip-rap stone at an estimated cost cents per cubic yard	7,500 00

The total estimated cost, including 5 per cent. for supplies in excess of the quantities estimated as provided for the in the form of contract, is $22,470.

The cost is to be paid from a corporate stock fund of $664,600 approved by the Board of Estimate and Apportionment to the extent of $469,600 on April 4, 1911, and to the extent of $195,000 on January 9, 1913, entitled, "C. D. D.—27, Department of Docks and Ferries, Supplies, Etc., for Construction and Improvement of Docks." On April 25, 1913, an unencumbered balance of $89,841.74 remained in the fund.

The form of contract is in accordance with the standard approved by the Board of Estimate and Apportionment on December 5, 1912, as amended January 16, 1913. The specifications are satisfactory and the estimate of cost reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract and specifications and estimate of cost, in the sum of twenty-two thousand four hundred and seventy dollars ($22,470) for furnishing and delivering cement, sand, broken stone, small cobble and rip-rap stone for the construction and improvement of docks, under the jurisdiction of the Commissioner of Docks, the cost to be paid from the corporate stock fund entitled "C. D. D.—27, Department of Docks and Ferries, Supplies, etc., for Construction and Improvement of Docks."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Education—Issue of Corporate Stock (Cal. No. 61).

(On March 27, 1913, this matter was referred to the Corporate Stock Budget Committee.)

The Secretary presented the following:

In the Board of Education.

To the Board of Education:

The Committee on Finance has had under consideration the following communication:

"March 5, 1913.

"*Hon.* JOHN GREENE, *Chairman, Committee on Finance:*

"Dear Sir—I have the honor to advise you that the Committee on Buildings, at a meeting held on the 3d inst., had under consideration a communication from the Superintendent of School Buildings, stating that the Fire Department intends to change from overhead to underground connections all fire lines from 167th street to 180th street, and from Webster avenue to Southern boulevard, The Bronx; that Public Schools 2, 2 Annex, 4, 4 Annex, 6, 20, 40, 42 and 44 are located in this territory, and that this department will be obliged to meet the expense of the necessary work, which is estimated at $4,050.

"It was ordered that the Committee on Finance be requested to present a resolution to the Board of Education asking the Board of Estimate and Apportionment to authorize an issue of corporate stock to the amount of $4,050 for the above mentioned work. Respectfully yours,

"A. EMERSON PALMER, Secretary, Board of Education."

—and submits for adoption the following resolution:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize the issue of corporate stock to the amount of four thousand and fifty dollars ($4,050), pursuant to the provisions of the Greater New York Charter, to provide means to defray the cost of changing from overhead to underground connections all fire lines in connection with Public Schools 2, 2 Annex, 4, 4 Annex, 6, 20, 40, 42 and 44, Borough of The Bronx; said sum to be made available immediately.

A true copy of report and resolution adopted by the Board of Education on March 12, 1913. A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 1, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1913, the Board of Education requested $4,050 in corporate stock to cover the cost of changing the connections to the fire alarm telegraph lines from overhead to underground, at Public Schools, 2, 2 Annex, 4, 4 Annex; 6, 20, 40, 42 and 44, Borough of The Bronx.

The work is made necessary by a change by the Fire Department of the transmission lines from overhead to underground construction, within the district bounded by Webster avenue, 180th street, Southern boulevard and 167th street.

The fire alarm boxes in the school buildings are at present connected with the overhead transmission lines of the Fire Department.

The work proposed consists of alterations or replacements of existing work, and therefore is not a proper corporate stock charge.

The cost is properly payable out of Budget funds or by special revenue bonds authorized pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter.

In view of the foregoing, we recommend that the request be not approved. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *disapproves* of the request of the Board of Education, as set forth in a resolution adopted by said Board on March 12, 1913, for the issue of four thousand and fifty dollars ($4,050) corporate stock to defray the cost of changing, from overhead to underground, all fire line connections to Public Schools No. 2, No. 2 Annex, No. 4, No. 4 Annex, Nos. 6, 20, 40, 42 and 44, in the Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The Secretary was directed to transmit a copy of said report to the Board of Education.

Department of Parks, Borough of Brooklyn—Issue of Corporate Stock (Cal. No. 62).

(On March 27, 1913, this matter was referred to the Corporate Stock Budget Committee.)

The Secretary presented the following:

The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, March 15, 1913.

Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—On June 8, 1913, a form of preliminary contract, submitted to your honorable Board for approval, for services of Messrs. McKim, Mead & White, architects, in connection with the preparation of preliminary drawings and specifications of a proposed laboratory building and greenhouses, including equipment thereof, in the Brooklyn Botanic Garden, Borough of Brooklyn, was returned to this Department, disapproved, upon the recommendation of the Comptroller, for the reason that the form of contract submitted called for payment of architect's fees, on an estimated cost of the completed buildings, amounting to $295,000, while the aggregate amount of appropriations authorized for the purpose was only $100,000.

The original requests for funds for the first part of the proposed laboratory building and greenhouses were based upon an estimate of cost of $195,000, inclusive of architect's fees, for the completed buildings, and were predicated upon a plan of constructing the buildings in sections, extending through a period of years. The Corporate Stock Budget Committee of your Board and the Finance Department were aware of this plan at the time the aforesaid requests were under consideration.

The original estimates of cost for the completed buildings submitted to me by the Board of Trustees of the Botanic Garden in 1910, amounted to $195,000, as above mentioned, while the revised estimates, submitted in 1911, called for an expenditure of $295,000. The matter of the increase in the 1911 estimate over the original estimate submitted in 1910, was taken up at a conference held in my office during the latter part of January, 1912, at which were present representatives of the Board of Trustees, and representatives of the architects, Messrs. McKim, Mead & White. As a result of this conference, the following statement explaining the aforesaid increase in the original estimate of cost was submitted to me by the architects.

"April 11, 1912.

"*Hon.* MICHAEL J. KENNEDY, *Commissioner of Parks,* Prospect Park, Brooklyn, N. Y.:

"Dear Sir—At a meeting held in your office in the latter part of January, at which were present members of the Board of Trustees of the Brooklyn Botanic Gardens and our Mr. Fenner, you called attention to the fact that the estimates for the total cost of the buildings submitted in 1910 amounted to $175,000, and that the estimates submitted in 1911 called for a total expenditure of $295,000, and you requested a statement as to the reason for this increase.

"The total expenditure of $295,000 was divided as follows:

For the instruction building	$160,000 00
"For the greenhouses	120,000 00
"Architects' and Engineers' fees	15,000 00
"Total	$295,000 00

"In the 1910 estimate, the cost of the laboratory building, exclusive of fees, was estimated at $85,000; and the cost of the greenhouses, exclusive of fees, $78,500. We have, therefore, to account for an increase in the cost of the laboratory building amounting to to $74,500, and in the Greenhouses of $41,500.

First—Laboratory or Instruction Building.

"The estimate of 1910 was based on the use of a hollow tile construction for exterior walls. This is a new system of construction which has recently come into wide use for suburban residential work where heavy loads are not encountered, and we believe it well adapted to the laboratory building. Upon filing the plans with the Bureau of Buildings, however, it was found that this type of construction is not permitted within the fire limits of the City. It was, therefore, necessary to substitute solid brick walls for the hollow terra cotta. The difference in the cost of these two types of construction, as estimated by Messrs. H. H. Vought & Co., who made both estimates, is $30,000.

"The original sketch plans upon which the estimate of 1910 were based, located the boiler room, etc., in the basement of the greenhouses, and the estimated cost was carried with the greenhouse estimate. As the work progressed, it became apparent that the space beneath the greenhouses was not sufficient to accommodate the boiler plant, coal vault, etc., for both buildings. In the 1911 estimate the cost of this boiler room, coal vault, etc., is included in the cost of the laboratory building, and amounts to $7,500.

"The estimate of 1910 included for the mechanical plant, that is, heating, plumbing, lighting, etc., of the Laboratory Building, the sum of $11,000. The estimate was in itself low, but in addition the estimate of 1911 includes a complete ventilating system for the building, which was not considered in 1910. In view of the fact that the building will contain a large auditorium for public lectures, etc., also laboratory and class rooms, it is of the utmost importance that adequate mechanical ventilation should be supplied. The estimate of 1911 therefore carries an additional amount of $22,000 above that of 1910, to meet the additional cost of the mechanical systems generally and of the ventilating system in particular. These figures bring the cost of the building up to $145,000.

"In view of the impossibility of foreseeing what contingencies may arise during the period of four or five years through which the construction will extend, a contingent fund of ten per cent., or $14,500, was included in the estimate of 1911. This brought the estimated cost to $159,000, or, in round figures, $160,000.

Second, The Greenhouses.

"The estimate of 1910 was prepared by Professor Hooper from estimates furnished to him by Mr. Lincoln Pierson, of the Pierson U-Bar Co. The estimate of 1911 was prepared by us in consultation with Mr. Pierson, for that portion of the work which is distinctly greenhouse construction; and Messrs. P. J. Carlin & Co. for those portions which enter into general construction, including masonry, plumbing, heating, etc.

"For the greenhouse construction proper, that is, the iron and glass, etc., the estimates furnished to us by Mr. Pierson in 1911, exceed the estimates furnished to Professor Hooper in 1910 by $12,500. About one-half this amount, it appears from Mr. Pierson's books, is accounted for by an error in taking off quantities, exactly one-half the roof of the Palm House having been omitted. The remainder covers items not included in the 1910 estimates, such as the iron and slate tables, aquria tanks, propagating beds, walls, vents, etc.

"In the masonry work there is a difference between Mr. Pierson's estimate of 1910 and ours of 1911 of $5,000. This is partly accounted for by increased depths of foundation walls at certain points to meet conditions developed by the grading plans of the Landscape Architect, and is partly due to difference of opinion as to the value of the work.

"So far as we can ascertain, the only amount carried by Mr. Pierson's estimate of 1910 for mechanical plant was the sum of $7,600, which is stated to be for boilers and boiler room, and to include the Laboratory Building. In our opinion, this amount was entirely inadequate, for the cost of the structural work of the boiler room itself would approximately equal this amount. Furthermore, the boiler room as planned in 1910, occupied the basement of one of the greenhouses, and as the basement is still required, but for other purposes, the amount included is chargeable to masonry, and not to mechanical plant. Our estimate of 1911 carried the sum of $12,500 for plumbing, heating and electric work.

"The difference between the 1910 and 1911 estimates therefor amounts to $30,000, which would bring the estimate to $108,500, to which, as in the case of the Instruction Building, we added, to meet unforeseen contingencies, 10 per cent., $10,850; total, $119,350, or, in round figures, $120,000.

"If the contract could be let within the next three months for the construction of the entire group of buildings in one contract, we should have no hesitation in advising that you could safely eliminate the 10 per cent. contingent fund allowed on both the Laboratory Building and Greenhouses, but if the buildings are to be built in small sections, extending over a period of years, the cost will undoubtedly be increased, and it is entirely possible that as portions of the building are put into use, changes in arrangement, finish, etc., may be found desirable.

In other words, so many unforeseen contingencies may arise between now and the time the last portion of these buildings is contracted for that it would seem to use the part of wisdom to include a sum which will in all reasonable probability be sufficient to cover. Yours very truly,

"McKIM, MEAD & WHITE."

In preparing plans for these buildings, which are to be built in sections, it is obvious that it was necessary to prepare preliminary plans and specifications for the completed structures, in order that the various parts, as constructed, would fit in and harmonize with the general scheme. These preliminary plans, etc., were also necessary in order to meet the requirements of the Art Commission, as to approval of designs of completed buildings, before any portion of the work can be contracted for.

Preliminary plans and specifications for the completed buildings were filed with this department in March, 1911, and the plans for the parts of the buildings to be constructed, out of the $100,000 fund now available, were designed in accordance with the aforesaid preliminary plans and specifications.

Plans, specifications, etc., for the first part of laboratory building and greenhouses were approved by your Board on January 4, 1912, at an estimated cost of $55,800, and this work is now practically completed.

Plans, specifications, etc., for the second part of greenhouses were approved by your Board on June 20, 1912, at an estimated cost of $33,000, and bids for the work were received, but were subsequently rejected, because of a technicality in the specifications.

In order to provide for the payment of the architects' fees for the aforesaid preliminary plans and specifications, the Finance Department has suggested that the resolutions authorizing work to the amount of $100,000 be amended, as hereinafter specified, and the Board of Trustees of the Brooklyn Botanic Garden have requested me to submit the matter to your Board for consideration.

I would, therefore, request that the following resolutions adopted by your Board, on July 27, 1911, and approved by the Board of Aldermen on July 31, 1911, be amended, as follows:

One resolution, reading as follows:

Resolved, That, pursuant to the provisions of chapter 178 of the Laws of 1911, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seventeen thousand dollars ($17,000), to provide means for the erection and *construction of a laboratory building and greenhouses, including equipment thereof,* in the Botanic Garden and Arboretum, under the jurisdiction of the Department of Parks, Boroughs of Brooklyn and Queens, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and he is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

—to be amended by eliminating the words "construction of a laboratory building and greenhouses, including equipment thereof," and inserting in lieu thereof the words "construction of a part of a laboratory building and greenhouses, including equipment thereof."

One resolution reading:

Resolved, That, pursuant to the provisions of chapter 178 of the Laws of 1911, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding thirty-three thousand dollars ($33,000), to provide means for the erection and *construction of a laboratory building and greenhouses, including equipment thereof,* in the Botanic Garden and Arboretum, under the jurisdiction of the Department of Parks, Boroughs of Brooklyn and Queens, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and he is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

—to be amended by eliminating the words "construction of a laboratory building and greenhouses, including equipment thereof," and inserting in lieu thereof the words "construction of a part of a laboratory building and greenhouses, including equipment thereof."

One resolution reading:

Resolved, That, pursuant to the provisions of chapter 618 of the Laws of 1906, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars ($25,000), to provide means for the erection and *construction of a laboratory building and greenhouses, including equipment thereof,* in the Botanic Garden and Arboretum, situated southerly from the building of the Brooklyn Institute of Arts and Sciences, and lying between Washington and Flatbush avenues, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Boroughs of Brooklyn and Queens, and, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and he is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars ($25,000), the proceeds whereof to be applied to the purposes aforesaid.

—to be amended by eliminating the words "construction of a laboratory building and greenhouses, including equipment thereof," and inserting in lieu thereof the words "construction of a part of a laboratory building and greenhouses, including equipment thereof."

One resolution reading:

Resolved, That, pursuant to the provisions of chapter 618 of the Laws of 1906, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars ($25,000), to provide means for the erection and *construction of a laboratory building and greenhouses, including equipment thereof,* in the Botanic Garden and Arboretum, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Boroughs of Brooklyn and Queens, and, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and he is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars ($25,000), the proceeds whereof to be applied to the purposes aforesaid.

—to be amended by eliminating the words "construction of a laboratory building and greenhouses, including equipment thereof," and inserting in lieu thereof the words "construction of a part of a laboratory building and greenhouses, including equipment thereof, and architects' fees to the amount of $6,500, of which $2,800 is to be paid for the preparation of preliminary plans and specifications for the completed buildings and equipment, estimated to cost, exclusive of architects' fees, $280,000, and $3,700 to be paid for the final plans and specifications and the supervision of the first parts of the work, as erected. Very truly yours,

M. J. KENNEDY, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 18, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 15, 1913, the Commissioner of Parks, Borough of Brooklyn, requested amendment of four resolutions adopted July 27, 1911, authorizing the issue of $100,000 in corporate stock for the erection and construction of a Laboratory building and greenhouses, including equipment thereof, in the Botanic Garden and Arboretum. In connection therewith we report as follows:

The authorizations were approved upon a plan for the erection and construction of the buildings in section. The Commissioner requests that the four resolutions be amended to read for the "erection and construction of a part of the buildings," and to provide for the payment of Architect's fees to the amount of $6,500. Of the amount $2,800 is for the payment of the Architect's fees for the preparation of preliminary plans and specifications for the completed structure (estimated to cost $280,000, exclusive of Architect's fees), and $3,700 for the full Architect's fees for the final plans and specifications and the supervision of the first parts of the work.

Following the first authorization an account was opened in the Department of Finance. Subsequent authorizations have been considered as additional allowances and have been included in this account.

There is, therefore, no necessity for the changing of the wording of the resolutions except to provide for payment of Architect's fees.

We recommend the adoption of the attached resolution providing for the Architect's fees. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 27, 1911, and concurred in by the Board of Aldermen on July 31, 1911, as follows:

"Resolved, That, subject to concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, and concurred in by the Board of Aldermen on June 28, 1910, as follows:

"'Resolved, That, pursuant to the provisions of chapter 618 of the Laws of 1906, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars ($25,000), to provide means for the construction of plant houses in the Botanic Garden and Arboretum situated southerly from the building of the Brooklyn Institute of Arts and Sciences, and lying between Washington and Flatbush avenues, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Boroughs of Brooklyn and Queens, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and he is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars ($25,000), the proceeds whereof to be applied to the purposes aforesaid,'

"—be amended by eliminating the words 'construction of plant houses,' and inserting in lieu thereof the words *'erection and construction of a laboratory building and greenhouses, including equipment thereof.'*"

—be *amended* to read as follows:

Resolved, That, pursuant to the provisions of chapter 618 of the Laws of 1906, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars ($25,000), to provide means for the *erection and construction of a laboratory building and greenhouses, including equipment thereof,* in the Botanic Garden and Arboretum situated southerly from the building of the Brooklyn Institute of Arts and Sciences, and lying between Washington and Flatbush avenues, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Borough of Brooklyn, *and for Architect's fees to the amount of $6,500, of which $2,800 shall be for the preparation of preliminary plans and specifications for the completed structure (estimated to cost $280,000, exclusive of Architect's fees), and $3,700 for the full Architect's fees for the final plans and specifications and the supervision of the first parts of the work,* and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and he is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars ($25,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

The Secretary was directed to transmit a copy of the report of the Corporate Stock Budget Committee to the Commissioner of Parks, Borough of Brooklyn.

Department of Water Supply, Gas and Electricity—Establishment of the Grade of Position of Storekeeper (Cal. No. 63).

(On April 24, 1913, the request of the Commissioner of Water Supply, Gas and Electricity was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, 13-21 Park Row, New York, April 18, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—I respectfully ask that the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment of the position of Storekeeper in this department at a salary of $1,500 per annum. Yours truly,

HENRY S. THOMPSON, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 2, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 18, 1913, the Commissioner of Water Supply, Gas and Electricity requested the establishment in his department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Storekeeper, at $1,500 per annum for one incumbent. In connection therewith we report as follows:

The 1913 budget appropriation entitled, "Personal Service, Salaries, Regular Employees, Administration, No. 663, Purchase and Storage of Supplies," provided for one General Storekeeper, at $1,500, and seven Storekeepers, at $1,200 each. The Commissioner's representative states that the Municipal Civil Service Commission has no list for General Storekeepr, and is not prepared to hold an examination for that position at present. The Commission has therefore permitted the applicant who passed first on the list for the position of Storekeeper to receive payment temporarily as General Storekeeper, at the $1,500 rate.

To meet the Civil Service requirements, it is proposed to establish the grade of Storekeeper, at $1,500 for one incumbent, and to abolish the position of General Storekeeper, at the same rate. The proposed establishment is therefore to permit of the change of title of one employee now acting as General Storekeeper.

We recommend the adoption of the attached resolution approving of the request and also approving of the abolishment of the existing position of General Storekeeper at $1,500 per annum. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Storekeeper	$1,500 00	1

—and that the grade of position of General Storekeeper, at $1,500 per annum be abolished.

Which was adopted by the following vote:

Affirmatve—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Fire Department—Establishment of Position of Electrical Engineer (Cal. No. 64).

The Secretary presented:

Report of the Committee on Salaries and Grades recommending that the request of the Fire Commissioner for the establishment of the grade of the position of Electrical Engineer at $8,000 per annum for one incumbent be referred to the Committee on Standardization of Salaries and Grades.

(On April 17, 1913, the request of the Fire Commissioner for the establishment of the above grade of position was referred to the Committee on Salaries and Grades.)

Which was referred to the Committee on Standardization of Salaries and Grades, consisting of the Comproller, the President of the Borough of Manhattan, and the President of the Borough of Brooklyn.

The Secretary was directed to transmit a copy of the report of the Committee to the Fire Commissioner.

Department of Education—Fixation of Salaries of Janitors (Cal. No. 65).

(On April 17, 1913, the resolution of the Board of Education was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:

In the Board of Education.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to recommend to the Board of Aldermen that the compensation of Janitors of public school buildings, etc., be fixed in accordance with the following list, taking effect on the date indicated in each instance:

Temporary Assignments.

John Sands, assigned to Public School 14, Brooklyn; compensation, $1,212 per annum, less $221; taking effect March 22, 1913.

A true copy of resolution adopted by the Board of Education on April 9, 1913.

A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 22, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 9, 1913, the Board of Education requested the establishment, pursuant to the provision of section 56 of the Greater New York Charter, of rate of compensation for Janitors of sundry public schools. In connection therewith we report as follows:

Temporary rates the same, or lower, than those now in effect, are requested for Public Schools 126 and 87, Manhattan; 1, 14, 19 annex and 135, Brooklyn; 18 Queens, and 19, Richmond. For new Public School 61, 12th street, east of Avenue B, Manhattan, a part of which is ready to be opened, a temporary rate of $100 per month is requested. For new Public School 40, Union Hall and Pacific streets, Jamaica, Queens, which was opened in February last, an increase from $150 per month to $3,432 per annum is requested (full rate as per existing schedule). A decrease from $25 to $10 per month for the care of two portable buildings is requested for the Janitor of No. 15, Queens, pending the removal of the buildings, because they are no longer required. Additional compensation of $25 per month is requested for the Janitor of Public School 165, Brooklyn, for the care of the athletic field adjoining that school. This field is not used during the summer vacation, and little, if any, during the winter months. We recommend, therefore, that compensation for the care thereof be limited to April, May, June, September, October and November.

We recommend the adoption of the attached resolution approving the request as indicated above. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Whereas, By opinion of the Corporation Counsel as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and,

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter is now in the hands of a special committee of the Board of Estimate and Apportionment; therefore, be it

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

	Rate of Compensation.
Janitor, Public School 14, Brooklyn, per annum, less $221	$1,212 00
Janitor, Public School 19, annex, Brooklyn, per annum, less $221	732 00
Janitor, Public School 1, Brooklyn, per annum, less $221	1,548 00
Janitor, Public School 126, Manhattan, per annum, less $299	1,368 00
Janitor, Public School 87, Manhattan, per annum, less $364	3,264 00
Janitor, Public School 19, Richmond, per annum, less $221	1,200 00
Janitor, Public School 135, Brooklyn, per annum, less $221	720 00
Janitor, Public School 18, Queens, per month	50 00
Janitor, Public School 61, Manhattan, per month	100 00
Janitor, Public School 40, Queens, per annum	3,432 00
Janitor, Public School 15, Queens, Portables, per month	10 00
Janitor, Public School 165, Brooklyn, for care of Athletic Field, per month, for April, May, June, September, October and November	25 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Education—Establishment of the Grades of Position of Inspector of Masonry and Carpentry and Junior Architectural Draftsman (Cal. No. 66).

(On April 17, 1913, the resolution of the Board of Education was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:

In the Board of Education.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen in accordance with the provisions of section 56 of the Greater New York Charter that the following grades of positions be established for the Department of Education, in addition to the grades now existing:

Inspector of Masonry and Carpentry, at $2,355 per annum, for one incumbent.

Inspector of Masonry and Carpentry, at $1,500 per annum, for one incumbent.

Junior Architectural Draftsman, at $900 per annum, for four incumbents.

Junior Architectural Draftsman, at $915.83 per annum, for one additional incumbent.

A true copy of resolution adopted by the Board of Education on April 9, 1913.

A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 17, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 9, 1913, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of grades of positions as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Inspector of Masonry and Carpentry	$2,355 00	1
Inspector of Masonry and Carpentry	1,500 00	1
Junior Architectural Draftsman	900 00	4
Junior Architectural Draftsman	915 83	1

The $2,355 and $915.83 grades represent changes of title only. The other two are for new appointments at minimum rates. Vacancies in the present schedule permit of the proposed additions to the staff within the present allowance.

We recommend the approval of the request by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the Department of Education of grades of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Inspector of Masonry and Carpentry	$2,355 00	1
Inspector of Masonry and Carpentry	1,500 00	1
Junior Architectural Draftsman	900 00	4
Junior Architectural Draftsman	912 50	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Education—Establishment of the Grade of Position of Automobile Engineman (Cal. No. 67).

(On April 3, 1913, the request of the Board of Education was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:

Board of Education, Park Avenue and 59th Street, New York, March 26, 1913.

Hon. WILLIAM A. PRENDERGAST, *Hon.* JOHN PURROY MITCHEL, *Committee on Salaries and Grades, Board of Estimate and Apportionment:*

Gentlemen—I beg leave to inform you that the resolution adopted by the Board of Estimate and Apportionment on February 13, 1913, disapproving of the request of the Board of Education for the establishment of the grade of position of Automobile Engineman and Mechanic, at a salary of $1,200 per annum, for one incumbent, with the report submitted by you recommending such disapproval, has been considered by the Committee on Supplies, which desires the following statement of facts to be submitted to you.

It being possible through changes in the Bureau of Supplies to allow the sum of $150 for the purpose the Committee decided to apply that amount to increasing the salary of Chester M. Archer, Automobile Engineman and Mechanic, who has charge of the auto trucks used in the delivery of school supplies. Not only does he operate an auto truck and deliver supplies, but he makes all essential repairs. Prior to the employment of Mr. Archer the incumbent of the position received $1,500 per annum, but his service was less satisfactory than that of the present incumbent. The Committee on Supplies is of the opinion that Mr. Archer should receive not less than his predecessor and would increase his salary to $1,500 if the money was available. As $150 is available the Committee is very desirous that you should take up the matter again with a view to establishing the grade of position referred to at the rate of $1,200 per annum.

Your attention is called to the fact that the Committee on Supplies recommended Mr. Archer for $1,500 in the departmental estimate for 1913 and greatly regrets that this increase was not allowed. Yours very truly,

HENRY P. MORRISON, Chairman, Committee on Supplies.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 14, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 26, 1913, the Chairman, Committee on Supplies, Board of Education, requested reconsideration of resolution adopted by your Board on February 13, 1913, disapproving a request for the estabilshment in the Department of Education of the new grade of position of Automobile Engineman and Mechanic at $1,200 per annum.

The proposed new grade is for the purpose of increasing the salary of Chester M. Archer from $1,050 to $1,200 per annum. The reason for disapproving the request, given in the report of the Committee on Salaries and Grades, Board of Estimate and Apportionment, was that an increase for Mr. Archer has been requested in the departmental estimate for the current year and denied in the Budget.

Funds for the proposed increase have now become available in the schedule, and the increase is permissible under the rule governing schedule modifications, adopted by your Board on January 30, 1913.

It is recommended, therefore, that the request be granted, by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the Department of Education of the grades of in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Automobile Engineman and Mechanic	$1,200 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Bureaus of Buildings of The City of New York—Increases in Salaries of Inspectors (Cal. No. 68).

The Secretary presented:

Report of the Committee on Salaries and Grades, recommending that no action be taken on the request of the Association of Inspectors of the Bureaus of Buildings of The City of New York for an increase in the salaries of Inspectors of Carpentry and Masonry, of Iron and Steel, of Elevators, of Plumbing, and of Plastering, for the reason that requests for salary changes should come to the Board from Department heads, and no such request has been made in this instance.

(On April 17, 1913, the request of the association above referred to was referred to said Committee).

Which was ordered filed, and the Secretary directed to transmit a copy of the report to the Association.

President, Borough of The Bronx—Establishment of the Grade of Position of Foreman (Cal. No. 69).

(On April 3, 1913, this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, March 28, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Request is hereby respectfully made for the establishment of the following named grade under the President of the Borough of The Bronx:

Foreman, at $5 per day, two incumbents.

The established rate of Foremen on per diem wages in this Department is now $4, unlimited incumbents, and this request is made for the reason that there are two such who are assigned to supervisory work over other foremen, and by reason of the responsibility placed upon them should receive more compensation.

The individuals who will benefit by the establishment of the proposed grade are:

John E. Woods, who has served as Foreman in this Department since July 9, 1897. who supervises and is responsible for eight Foremen and their forces; and

Valentine F. Hartman, who has been employed in this Department from July 9, 1897, as Assistant Foreman, and since June 1, 1908, as Foreman, who supervises

and is responsible for all Foremen of Paving employed in this Department, and the rate of pay should be $5 per day, not alone from the fact that he supervises the other Foremen of Paving, but for the reason that the Pavers under him are paid $5 per day.

Respectfully, CYRUS C. MILLER, President, Borough of The Bronx.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 22, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 28, 1913, the President of the Borough of The Bronx requested establishment of the grade of position of Foreman, at $5 per day, for two incumbents. In connection therewith we report as follows:

The grade is proposed for John E. Woods and Valentine F. Hartman, Foremen, at $4 per day, under "No. 2846, T. S., Wages, Temporay Employees, Care of Highways." They are among the senior Foremen in the Bureau of Highways, having been in the service about fifteen years. Mr. Woods acts as an Assistant General Foreman, supervising the work of eight Foremen of Maintenance and their forces. Mr. Hartman is in charge of all paving Foremen and their forces, the pavers under his supervision receiving $5 per day.

In the estimate for the 1913 Budget $5 per day was requested for one Foreman, which was intended for Mr. Hartman, and a position of General Inspector and Foreman at $2,100 was requested, and intended for Mr. Woods. They were not allowed.

The position of Foreman at $5 per day is established in the Boroughs of Manhattan and Brooklyn, and upon an annual basis, equal thereto, also exists in The Bronx.

It is proposed to provide for these increases through a modification of the schedule under which they are employed. The amount involved is about $175 for each for the remainder of this year.

We recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, the establishment in the office of the President of the Borough of The Bronx, of the grade of position in addition to those heretofore established as follows:

Title.	Rate per Day.	Number of Incumbents.
Foreman	$5 00	2

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Fire Department—Establishment of the Position of Process Server (Cal. No. 70).

(On April 17, 1913, the request of the Fire Commissioner in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:

Fire Department of The City of New York, Office of the Commissioner, April 12, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman, Board of Estimate and Apportionment:*

Sir—Pursuant to the provisions of section 56 of the Greater New York Charter, I have the honor to request that the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment in this Department of the position of Process Server, for one incumbent, with compensation at the rate of $1,200 per annum.

Such an employee is greatly needed for the service of orders and subpoenas in connection with the work of the Bureau of Fire Prevention.

Early and favorable action in this matter is therefore requested. Respectfully,

JOS. JOHNSON, Fire Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 1, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 12, 1913, the Fire Commissioner requested establishment, in accordance with the provisions of section 56 of the Greater New York Charter, of the grade of position of Process Server, for one incumbent, at the rate of $1,200 per annum. In connection therewith we report as follows:

It is proposed to use this employee for the service of orders and subpoenas in connection with the work of the Bureau of Fire Prevention. It is stated that this work is now being performed by Inspectors. No reason for increase of force is shown. It would appear that an Inspector or one of the Firemen detailed to duty in the Bureau should be competent to serve orders and subpoenas.

We recommend that the request be denied. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *denies* the request of the Fire Commissioner, as set forth in a communication dated April 12, 1913, for the establishment of the position of Process Server, for one incumbent, with compensation at the rate of twelve hundred dollars ($1,200) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

The Secretary was directed to transmit a copy of the report of the above committee to the Fire Commissioner.

International Union of Steam Engineers—Compensation of Stationary Engineers (Cal. No. 71).

The Secretary presented:

Report of the Committee on Salaries and Grades, recommending that no action be taken on the request of Local Union No. 319 of the International Union of Steam Engineers, that an annual compensation be substituted for the per diem rate of $4.50 for Stationary Engineers or Enginemen in the City Departments, for the reason that the policy of the Board of Estimate and Apportionment has been against the substitution of an annual for a per diem rate.

(On April 10, 1913, the communication from Local Union No. 319, International Union of Steam Engineers, was referred to said committee.)

Which was ordered filed, and the Secretary directed to transmit a copy of the report to the International Union of Steam Engineers.

President, Borough of Brooklyn, Appellate Division of the Supreme Court—Issue of Special Revenue Bonds (Cal. No. 72).

The Secretary presented:

Report of the Comptroller recommending the issue of $16,800 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used by the President of the Borough of Brooklyn for the purpose of making necessary alterations at the Borough Hall, Brooklyn, to accommodate the Appellate Division of the Supreme Court and the Bureau of Buildings, Brooklyn, also recommending modification of the schedule No. 3052 for the office of the President of the Borough of Brooklyn to include said appropriation.

(On April 17, 1913, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

Which was laid over one week (May 15, 1913) pending the report of the Comptroller on the issue of special revenue bonds.

Department of Street Cleaning—Issue of Special Revenue Bonds (Cal. No. 73).

The Secretary presented:

Report of the Comptroller, recommending the issue of $3,500 special revenue bonds (subdivision 8, section 188 of the Charter), for the purpose of building a temporary dump in the vicinity of 80th street and the East River, Manhattan, under the jurisdiction of the Department of Street Cleaning, also recommending modification of schedule No. 1314½ for the said department to include this appropriation.

(On February 20, 1913, a resolution of the Board of Aldermen, requesting the issue of $43,500 special revenue bonds for the construction of a fireproof covered dump at 97th street and North River, also for the construction of a temporary dump as above, was referred to the Comptroller.)

Which was laid over one week (May 15, 1913) pending a report of the Comptroller on the issue of special revenue bonds.

The following matters, not on the Calendar for this day, were considered by unanimous consent:

Public Service Commission for the First District—Issue of Corporate Stock (No. 74).

(On April 10, 1913, the communication from the Public Service Commission, submitting two sub-requisitions, for $1,000,000 for the acquisition of real estate and interest therein necessary for the construction and operation of the railroads to be constructed under Contract No. 4 and for $500,000 for additional work under Contract No. 4, was referred to the Corporate Stock Budget Committee, which communication is printed in the minutes of May 1, 1913, on page 4580 of the CITY RECORD of May 15, 1913).

The Secretary presented the following:

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau street, New York, April 8, 1913.

To the Board of Estimate and Apportionment of The City of New York:

In pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and of a requisition duly made by the Public Service Commission for the First District, under date of March 18, 1913, for the authorization of corporate stock of The City of New York to the amount of sixty million dollars ($60,000,000), which with the sum of forty million five hundred and one thousand nine hundred and ninety-one dollars ($40,501,991) theretofore registered on account of the railroads to be constructed under the contract known as Contract No. 4 between The City of New York, acting by the Public Service Commission for the First District and New York Municipal Railway Corporation for additional rapid transit railroads, will be sufficient to meet the entire estimated expense to the City, to be defrayed by the issue of corporate stock, of executing said Contract No. 4, and of a resolution duly adopted by the Board of Estimate and Apportionment of The City of New York on March 18, 1913, authorizing and directing the issue of such corporate stock to the amount of sixty million dollars ($60,000,000), the proceeds thereof to be applied to the purposes specified in said requisition, the Public Service Commission for the First District hereby makes sub-requisition upon the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock of The City of New York to be issued and sold by the Comptroller to the amount of five hundred thousand dollars ($500,000), at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe, for the purpose of providing the necessary means to meet the City's share of the requirements of additional work under contracts necessary to execute said Contract No. 4.

The Public Service Commission for the First District further requests your Honorable Board to prescribe a limit to the amount of bonds available to meet the requirements of the City's share of additional work under said contracts, to wit, the sum of five hundred thousand dollars ($500,000).

This requisition is a sub-requisition on account of said requisition of March 18, 1913, for sixty million dollars ($60,000,000) and the appropriation made thereunder by your Honorable Board by resolution adopted March 18, 1913.

In witness whereof the Public Service Commission for the First District has caused its official seal to be hereto affixed and attested by its Secretary, and this requisition to be signed by its chairman this 8th day of April, 1913.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

[SEAL.] By EDWARD E. MCCALL, Chairman.

Attest: TRAVIS H. WHITNEY, Secretary.

Resolved, That, in pursuance of section 37 of chapter 4 of the Laws of 1891 as amended, known as the Rapid Transit Act, and of a requisition duly made by this Commission under date of March 18, 1913, upon the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock of The City of New York to the amount of sixty million dollars ($60,000,000), which, with the sum of forty million five hundred and one thousand nine hundred and ninety-one dollars ($40,501,991) theretofore registered on account of the railroads to be constructed under the contract known as contract No. 4 between The City of New York, acting by this Commission, and New York Municipal Railway Corporation for additional rapid transit railroads, will be sufficient to meet the entire estimated expense to the City, to be defrayed by the issue of corporate stock, of executing said contract No. 4, and of a resolution duly adopted by said Board of Estimate and Apportionment on March 18, 1913, authorizing and directing the issue of such corporate stock to the amount of sixty million dollars ($60,000,000), the proceeds thereof to be applied to the purposes specified in said requisition, the Public Service Commission for the First District make sub-requisition upon said Board of Estimate and Apportonment for the authorization of corporate stock of The City of New York to be issued and sold by the Comptroller to the amount of five hundred thousand dollars ($500,000), at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe, for the purpose of providing the necessary means to meet the City's share of the requirements of additional work under contracts necessary to execute said contract No. 4, and that this Commission request said Board of Estimate and Apportionment to prescribe a limit to the amount of bonds available to meet the requirements of the City's share of additional work under said contracts, to wit, the sum of five hundred thousand dollars ($500,000).

Resolved, That the Chairman and the Secretary be and hereby are authorized and directed to send a communication and requisition to said Board of Estimate and Apportionment both in the form now submitted to this Commission.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify, that I have compared the above with the original adopted by said Commission on April 8, 1913, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission, this 8th day of April, 1913.

[SEAL] TRAVIS H. WHITNEY, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 7, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 8, 1913, the Public Service Commission for the First District made a sub-requisition, duly signed and attested, for the sum of $500,000 for the City's share of additional work under contracts necessary to execute contract No. 4. In connection therewith we report as follows:

The Commission proposes to enter into contracts for the construction of foundations under a new vestry building to be erected in St. Paul's Churchyard, and also under a new building to be erected on the site now occupied by the Astor House. It is stated that the construction of these foundations will materially reduce the cost of easements through these properties. Money is also required for other work, such as underpinning, etc., to be done along the route under construction. The sub-requisition is against an authorization of $60,000,000 already made by the Board of Estimate and Apportionment on March 18, 1913, on account of the railroads to be constructed under the contract known as contract No. 4 between The City of New York and the New York Municipal Railroad Corporation for additional rapid transit roads. The authorization of $60,000,000 was made with the understanding that sub-requisitions would be made at various times to cover the City's share of any contracts or obligations necessary to execute the main contract. The $500,000 request is not in addition to the $60,000,000 already authorized, but is part of it.

We recommend the adoption of the attached resolution authorizing the Comptroller to issue $500,000 in corporate stock as requested in the requisition of the Public Service Commission. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; E. V. FROTHINGHAM, Acting President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York on March 18, 1913, by resolution adopted on that date, pursuant to the provisions of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and section 45 of the Greater New York Charter, and a requisition of the Public Service Commission for the First District duly made under the seal of the said Commission by the Chairman and Secretary thereof on March 18, 1913, authorized and

directed the Comptroller to issue corporate stock of The City of New York to the amount of sixty million dollars ($60,000,000), at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds thereof to be applied to the purposes specified in said requisition as explained by a communication of said Commission transmitting the same in respect of the contract known as contract No. 4, between The City of New York, acting by the Public Service Commission for the First District, and the New York Municipal Railway Corporation; and,

Whereas, The Public Service Commission for the First District has duly made a sub-requisition under the seal of the said Commission by the Chairman and Secretary thereof, under date of April 8, 1913, on account of said requisition of the said Commission of March 18, 1913, for sixty million dollars ($60,000,000), and the appropriation made thereunder by this Board by said resolution of March 18, 1913, for the authorization of corporate stock of The City of New York from said sixty million dollars ($60,000,000), authorized as aforesaid, to the amount of five hundred thousand dollars ($500,000), for the purpose of providing the necessary means to meet the City's share of the requirements of additional work under construction contracts necessary to execute said contract No. 4, including any additional work under construction contracts payable by the City and entered into prior to March 18, 1913, aggregating forty million five hundred and one thousand nine hundred and ninety-one dollars ($40,501,991), but not including the cost of any work under the construction contract with the Underpinning and Foundation Company for the physical connection between sub-division I and II of the Broadway-4th avenue line at Canal street.

Resolved, That, pursuant to the provisions of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and section 45 of the Greater New York Charter and the said subrequisition of the Public Service Commission for the First District, dated April 8, 1913, the Comptroller be and hereby is authorized and directed to issue corporate stock of The City of New York, to the amount of five hundred thousand dollars ($500,000), on account of and not in addition to the appropriation made by this Board by resolution of March 18, 1913, in the sum of sixty million dollars ($60,000,000), pursuant to said requisition of the Public Service Commission for the First District, under date of March 18, 1913; said corporate stock in the amount of five hundred thousand dollars ($500,000), to be issued at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds thereof to be applied to the purposes specified in said sub-requisition of April 8, 1913, and as amplified herein.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Public Service Commission for the First District—Issue of Corporate Stock (No. 75).

(On April 10, 1913, the communication from the Public Service Commission, submitting two sub-requisitions for an appropriation of $500,000 for real estate, etc., required in connection with contract No. 3, and $500,000 for additional work under contract No. 3, was referred to the Corporate Stock Budget Committee.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau Street, New York, April 8, 1913.

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District, under date of March 18, 1913, in pursuance of a resolution duly adopted by the said Commission, made requisition upon your honorable Board for the authorization of corporate stock of The City of New York to the amount of twenty-eight million two hundred thousand dollars ($28,200,000), which, with the sum of thirty-five million one hundred and thirty-five thousand six hundred and thirty-seven and 84-100 dollars ($35,135,637.84) theretofore registered on account of the railroads to be constructed under the contract known as contract No. 3 between The City of New York, acting by the Public Service Commission for the First District, and Interborough Rapid Transit Company for additional rapid transit railroads, will be sufficient to meet the entire estimated expense to the City, to be defrayed by the issue of corporate stock, of executing said contract No. 3.

Pursuant to this requisition, your honorable Board on March 18, 1913, authorized and directed the issue of such corporate stock to the amount of twenty-eight million two hundred thousand dollars ($28,200,000), the proceeds thereof to be applied to the purposes specified in said requisition. The Commission in its communication transmitting said requisition stated that from the amount of corporate stock so requisitioned, the Commission from time to time would make sub-requisitions for the City's share of any contracts or obligations necessary to execute the main contract.

The Public Service Commission for the First District, in pursuance of a resolution duly adopted by said Commission, now transmits to you two sub-requisitions for the City's share of contracts and obligations necessary to execute the main contract, to wit: a sub-requisition for the sum of five hundred thousand dollars ($500,000) for the acquisition of real estate or interests therein necessary for the construction and operation of the railroads to be constructed under said contract No. 3, and a sub-requisition for the sum of five hundred thousand dollars ($500,000) for the City's share of additional work under contracts necessary to execute said contract No. 3.

Dated, New York, April 8, 1913.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
[SEAL.] By EDWARD E. McCALL, Chairman.
Attest: TRAVIS H. WHITNEY, Secretary.

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau Street, New York, April 8, 1913.

To the Board of Estimate and Apportionment of The City of New York:

In pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and of a requisition duly made by the Public Service Commission for the First District on March 18, 1913, for the authorization of corporate stock of The City of New York to the amount of twenty-eight million two hundred thousand dollars ($28,200,000), which, with the sum of thirty-five million one hundred and thirty-five thousand six hundred and thirty-seven dollars and eighty-four cents ($35,135,637.84) theretofore registered on account of the railroads to be constructed under the contract known as Contract No. 3, between The City of New York, acting by the Public Service Commission for the First District, and Interborough Rapid Transit Company, for additional rapid transit railroads, will be sufficient to meet the entire estimated expense to the City, to be defrayed by the issue of corporate stock, of executing said Contract No. 3, and of a resolution duly adopted by the Board of Estimate and Apportionment of The City of New York on March 18, 1913, authorizing and directing the issue of such corporate stock to the amount of twenty-eight million two hundred thousand dollars ($28,200,000), the proceeds thereof to be applied to the purposes specified in said requisition, the Public Service Commission for the First District hereby makes subrequisition upon the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock of The City of New York to be issued and sold by the Comptroller to the amount of five hundred thousand dollars ($500,000) at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe, for the purpose of acquiring real estate and any rights, terms and interests therein, any and all rights, privileges, franchises and easements, whether of owners or abutters or others, to interfere with the construction or operation of the railroads to be constructed under said Contract No. 3, or to recover damages therefor which, in the opinion of the Commission, it shall be necessary to acquire or extinguish for the purpose of constructing and operating such railroads free of interference or right of interference.

This requisition is a subrequisition on account of said requisition of the Public Service Commission for the First District of March 18, 1913, for twenty-eight million two hundred thousand dollars ($28,200,000) and the appropriation made thereunder by your Honorable Board by resolution adopted on March 18, 1913.

In Witness Whereof the Public Service Commission for the First District has caused this requisition to be subscribed by its Chairman and its seal to be hereto affixed and attested by its Secretary this 8th day of April, 1913.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
[SEAL.] By EDWARD E. McCALL, Chairman.
Attest: TRAVIS H. WHITNEY, Secretary.

Resolved, That, in pursuance of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and of a requisition duly made by this Commission under date of March 18, 1913, upon the Board of Estimate and Apportionment of The City of New York for the authorization of corporate stock of The City of New York to the amount of twenty-eight million two hundred thousand dollars ($28,200,000) which, with the sum of thirty-five million one hundred and thirty-five thousand six hundred and thirty-seven dollars and eighty-four cents ($35,135,637.84) theretofore registered on account of the railroads to be constructed under the contract known as Contract No. 3 between The City of New York, acting by the Public Service Commission for the First District, and Interborough Rapid Transit Company, for additional rapid transit railroads, will be sufficient to meet the entire estimated expense to the City, to be defrayed by the issue of corporate stock, of executing said Contract No. 3, and of a resolution duly adopted by the said Board of Estimate and Apportionment on March 18, 1913, authorizing and directing the issue of such corporate stock to the amount of twenty-eight million two hundred thousand dollars ($28,200,000), the proceeds thereof to be applied to the purposes specified in said requisition, the Public Service Commission for the First District make subrequisition upon said Board of Estimate and Apportionment for the authorization of corporate stock of The City of New York, to be issued and sold by the Comptroller to the amount of five hundred thousand dollars ($500,000), at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe, for the purpose of acquiring real estate and any rights, terms and interests therein, any and all rights, privileges, franchises and easements, whether of owners, abutters or others, to interefere with the construction or operation of the railroads to be constructed under said Contract No. 3, or to recover damages therefor, which, in the opinion of this Commission, it shall be necessary to acquire or extinguish for the purpose of constructing and operating such roads free of interference and right of interference.

Resolved, That the Chairman and the Secretary be and hereby are authorized and directed to send a communication and requisition to said Board of Estimate and Apportionment both in the form now submitted to this Commission.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on April 8, 1913, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof I have hereunto subscribed my hand and affixed the seal of the Commission this 8th day of April, 1913.

[SEAL.] TRAVIS H. WHITNEY, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 6, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 8, 1913, the Public Service Commission for the First District made a subrequisition, duly signed and attested, for the sum of $500,000, for the acquisition of real estate or interests therein necessary for the construction and operation of the railroads to be constructed under Contract No. 3. In connection therewith we report as follows:

The Commission proposes to enter into a contract for the acquisition of certain easements in the Borough of The Bronx and elsewhere along the line of the railroads to be constructed under Contract No. 3. It is stated that the sum of $500,000 will be needed for this purpose in a very short time. The subrequisition is against an authorization of $28,200,000 already made by the Board of Estimate and Apportionment on March 18, 1913, on account of the railroads to be constructed under the contract known as Contract No. 3 between The City of New York and the Interborough Rapid Transit Company for additional rapid transit roads. The authorization of $28,200,000 was made with the understanding that subrequisitions would be made at various times to cover the City's share of any contracts or obligations necessary to execute the main contract. The $500,000 requested is not in addition to the $28,200,000 already authorized, but is part of it.

We recommend the adoption of the attached resolution authorizing the Comptroller to issue $500,000 in corporate stock, as requested in the requisition of the Public Service Commission. Respectfully,

WM. A. PRENDERGAST, Comptroller; E. V. FROTHINGHAM, Acting President, Borough of Manhattan; JOHN PURROY MITCHEL, President, Board of Aldermen; Corporate Stock Budget Committee.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York on March 18, 1913, by resolution adopted on that date, pursuant to the provisions of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and section 45 of the Greater New York Charter and a requisition of the Public Service Commission for the First District, duly made under the seal of the said Commission by the Chairman and Secretary thereof on March 18, 1913, authorized and directed the Comptroller to issue corporate stock of The City of New York to the amount of twenty-eight million two hundred thousand dollars ($28,200,000), at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds thereof to be applied to the purposes specified in said requisition, as explained by a communication of said Commission transmitting the same in respect of the contract known as Contract No. 3, between The City of New York, acting by the Public Service Commission for the First District, and the Interborough Rapid Transit Company; and

Whereas, The Public Service Commission for the First District has duly made a subrequisition under the seal of the said Commission, by the Chairman and Secretary thereof, under date of April 8, 1913, on account of said requisition of the said Commission of March 18, 1913, for twenty-eight million two hundred thousand dollars ($28,200,000), and the appropriation made thereunder by this Board by said resolution of March 18, 1913, for the authorization of corporate stock of The City of New York from said twenty-eight million two hundred thousand dollars ($28,200,000) authorized as aforesaid, to the amount of five hundred thousand dollars ($500,000), for the purpose of acquiring real estate and any rights, terms and interest therein, any and all rights, privileges, franchises and easements, whether of owners or abutters or others, to interfere with the construction or operation of the railroads to be constructed under said Contract No. 3, or to recover damages therefor, which, in the opinion of the said Commission, it shall be necessary to acquire or extinguish for the purposes of constructing and operating such railways free of interference or right of interference.

Resolved, That, pursuant to the provisions of section 37 of chapter 4 of the Laws of 1891, as amended, known as the Rapid Transit Act, and section 45 of the Greater New York Charter, and the said subrequisition of the Public Service Commission for the First District, dated April 8, 1913, the Comptroller be and hereby is authorized and directed to issue corporate stock of The City of New York to the amount of five hundred thousand dollars ($500,000) on account of and not in addition to the appropriation made by this Board by resolution of March 18, 1913, in the sum of twenty-eight million two hundred thousand dollars ($28,200,000), pursuant to said requisition of the Public Service Commission for the First District, under date of March 18, 1913; said corporate stock in the amount of five hundred thousand dollars ($500,000) to be issued at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds thereof to be applied to the purposes specified in said subrequisition of April 8, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Public Charities—Issue of Corporate Stock (No. 76).

The Secretary presented:

Communication from the Commissioner of Public Charities, requesting the issue of $150,000 corporate stock to provide means for the construction and equipment of a sanitarium for tubercular prisoners on Blackwells Island.

Which was referred to the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

Board of Aldermen—Issues of Special Revenue Bonds (No. 77).

The Secretary presented:

(A) Resolution requesting the issue of $2,525 special revenue bonds, the proceeds to be used by the President of the Borough of Queens for the purchase and maintenance of an automobile and for the compensation of a Chauffeur from June 1 to December 31, 1913.

(B) Resolution requesting the issue of $5,000 special revenue bonds for the purpose of making additions and alterations to the building at the corner of Myrtle and Vanderbilt avenues, Brooklyn, occupied by the Domestic Relations Court, under the jurisdiction of the President of the Borough of Brooklyn.

(C) Resolution requesting the issue of $1,425 special revenue bonds for the purpose of meeting deficits in appropriations for the office of the Sheriff of Queens County for the year 1913.

(D) Resolution requesting the issue of $300 special revenue bonds to provide for vehicular hire by the Board of Coroners, Borough of The Bronx.

(E) Resolution requesting the issue of $15,000 special revenue bonds for the purpose of providing means for filling in the swamp lands in Van Cortlandt Park, south of Colonial Garden, under the jurisdiction of the Department of Parks, Borough of The Bronx; and

Communications from the Park District Protective League (Inc.) and from Messrs. O'Gorman, Battle & Marshall, endorsing the above appropriation.

(F) Resolution requesting the issue of $39,000 special revenue bonds, the proceeds to be used by the President of the Borough of Brooklyn for the purpose of making changes and alterations in the Kings County Court.

(G) Resolution requesting the issue of $676.50 special revenue bonds to provide for increases in salaries of Steam Roller Engineers in the Bureau of Highways, Borough of Queens, from $4.50 to $4.75 per diem.

(H) Resolution requesting the issue of $8,500 special revenue bonds to provide means for installing a new and exposed system of plumbing, and painting of exterior and interior of the public bath at 156th street and Elton avenue, under the jurisdiction of the President of the Borough of The Bronx.

(I) Resolution requesting the issue of $107,685.32 special revenue bonds for the purpose of supplementing the appropriation made to the Department of Water Supply, Gas and Electricity for the year 1913 for "Illumination, Power and Heat Service," in the Boroughs of Manhattan, The Bronx, Brooklyn and Queens; and a

Communication from Hon. Ralph Folks, Alderman, 30th District, New York, endorsing the item for better lighting service on Park avenue, New York.

Which were referred to the Comptroller.

On motion, the Board adjourned to meet Thursday, May 15, 1913, at 10.30 o'clock a. m.

JOSEPH HAAG, Secretary.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE FRIDAY, MAY 16, 1913.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller.

DEPARTMENT OF PUBLIC CHARITIES.

Proposals.

DEPARTMENT OF PUBLIC CHARITIES, FOOT OF E. 26TH ST., NEW YORK.

TO CONTRACTORS.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Department of Public Charities at the above office until 2.30 o'clock p. m., on

THURSDAY, MAY 29, 1913.

FOR FURNISHING AND DELIVERING MEDICAL, SURGICAL AND PATHOLOGICAL SUPPLIES.

The time for the performance of the contract is during the year 1913.
The amount of security required is fifty (50) per cent. of the amount of the bid or estimate.
The bidder will state the price per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder on each class, line or item, as stated in the specifications.
Blank forms and further information may be obtained at the office of the General Drug Department, Bellevue Hospital Grounds, E. 26th st., Borough of Manhattan.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Department of Public Charities at the above office until 2.30 o'clock p. m., on

THURSDAY, MAY 29, 1913.

FOR FURNISHING AND DELIVERING UNIFORMS.

The time for the performance of the contract is during the year 1913.
No bond will be required with the bid, as heretofore, but will be required upon awarding of the contract in an amount equal to thirty (30) per cent. of the contract.
No bid will be considered unless it is accompanied by a deposit, which shall be in the form of money, or a certified check upon one of the State or National banks of The City of New York drawn to the order of the Comptroller, or corporate stock or certificates of indebtedness of any nature issued by The City of New York and approved by the Comptroller as of equal value to the security required. Such deposit shall be in an amount not less than one and one-half (1½) per cent. of the total amount of the bid.
The bidder will state the price per piece, or other designated unit, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder on each class, as stated in the specifications.
Bids must be submitted in duplicate, each in a separate envelope. No bid will be accepted unless this provision is complied with.
A bid sheet must accompany the bid inclosed in the envelope marked "Original."
Blank forms and further information may be obtained at the office of the Storekeeper of the Department, foot of E. 26th st., Borough of Manhattan.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 1, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Southside boulevard, from Parkinson avenue to Rosebank avenue, in the Borough of Richmond, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby gives notice that it proposes to place 25 per cent. of the entire cost and expense of this proceeding upon the Borough of Richmond, excluding such proportion of the cost of buildings as may be placed upon The City of New York, and 75 per cent. of such cost and expense, including any damages allowed for intended regulating, upon the following area of benefit:

Beginning at a point on the southwesterly right-of-way line of the Staten Island Rapid Transit Railway, distant 1,000 feet easterly from the easterly line of Southside boulevard, the said distance being measured at right angles to Southside boulevard, and running thence southwardly along a succession of lines each of which is distant 1,000 feet easterly from and parallel with the successive tangents in the easterly line of Southside boulevard, the said distance being in each case measured at right angles to the respective tangents, or their prolongations, to the intersection with a line at right angles to Southside boulevard and passing through a point on its westerly side distant 1,000 feet southerly from the southwesterly line of Parkinson street, the said distance being measured along the line of Southside boulevard; thence westwardly along the said line at right angles to Southside boulevard to the intersection with a line distant 1,000 feet westerly from and parallel with the westerly line of Southside boulevard, as laid out south of Clove road, the said distance being measured at right angles to Southside boulevard; thence northwardly along the said line parallel with Southside boulevard and along the prolongation of the said line to the intersection with a line midway between Neckar avenue and Weser avenue, as these streets adjoin Pierce street; thence northwardly along the said line midway between Neckar avenue and Weser avenue and along the prolongation of the said line to a point distant 1,000 feet westerly from the westerly side of Southside boulevard, the said distance being measured at right angles to Southside boulevard; thence northwardly and always distant 1,000 feet westerly from and parallel with the westerly line of Southside boulevard and its prolongation, as laid out at the first tangent south of Rosebank avenue, to the intersection with the southwesterly line of Rosebank avenue; thence northeastwardly and parallel with Norwood avenue to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Talbot place, as this street adjoins Norwood avenue on the southeast, the

said distance being measured at right angles to Talbot place; thence southeastwardly along the said line parallel with Talbot place and along the prolongation of the said line to the intersection with the easterly right-of-way line of the Staten Island Railway; thence northwardly and southeastwardly along the respective easterly and southwesterly right-of-way lines of the Staten Island Railway, and of the Staten Island Rapid Transit Railway, to the point or place of beginning. (The lines of streets hereinbefore referred to which have not been incorporated upon the City plan are intended to be those as in use and as commonly recognized.)

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 29th day of May, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the CITY RECORD for ten days prior to the 29th day of May, 1913.

Dated May 16, 1913.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 1, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment on April 10, 1908, authorized the acquisition of title to the lands and premises required for the opening and extending of Roebling street, as widened, from Broadway to Division avenue; the Public Place bounded by the easterly line of Roebling street extended southerly in a direct line to the northeasterly side of Lee avenue, Lee avenue and Division avenue; and Taylor street, as widened, from Lee avenue to Bedford avenue, in the Borough of Brooklyn, and directed that 25 per cent. of the cost and expense of the proceeding for the acquisition of title to the foregoing streets be borne and paid by The City of New York, and that the remainder of such cost and expense be assessed upon an area of assessment for benefit as fixed and determined by the resolution authorizing the acquisition of title to the foregoing streets; and

Whereas, The Board of Estimate and Apportionment on July 11, 1912, reconsidered its action of April 10, 1908, respecting the distribution of the cost and expense of the proceeding, and made a new determination, in pursuance of the provisions of section 247 of the Greater New York Charter, as amended, by placing 10 per cent. of the entire cost and expense of the proceeding upon an area described in the resolution as "Area A"; 20 per cent. of the entire cost and expense of the proceeding upon an area described in the resolution as "Area B"; 45 per cent. of the entire cost and expense of the proceeding upon the Borough of Brooklyn and the remaining 25 per cent. of the entire cost and expense of the proceeding upon The City of New York; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of again reconsidering its action with respect to the distribution of the cost and expense of the proceeding, and of making a new determination concerning the same, in conformity with the provisions of section 247 of the Greater New York Charter, as amended; be it

Resolved, That the Board of Estimate and Apportionment will hold a public hearing in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, May 29, 1913, at 10.30 o'clock a. m., at which all persons interested will be given an opportunity to be heard upon the proposed reconsideration and redetermination concerning the distribution of the cost and expense of the aforesaid proceeding, so as to place 52 per cent. of the entire cost and expense thereof upon the Borough of Brooklyn, 25 per cent. of the entire cost and expense thereof upon The City of New York, 20 per cent. of the entire cost and expense thereof upon the Borough of Manhattan, and the remaining 3 per cent. of the entire cost and expense thereof upon the following area:

Beginning at a point on the southerly line of Broadway, where it is intersected by a line midway between Roebling street and Driggs avenue, and running thence eastwardly along the southerly line of Broadway to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Roebling street and the westerly line of Havemeyer street, as these streets are laid out between Broadway and South 9th street; thence southwardly along the said bisecting line to the intersection with a line midway between Roebling street and Havemeyer street, as these streets are laid out immediately adjoining Division avenue; thence southwardly along the said line midway between Roebling street and Havemeyer street and along the prolongation thereof to the intersection with the prolongation of a line midway between Taylor street and Wilson street, as these streets are laid out between Bedford avenue and Lee avenue; thence southwestwardly along the said line midway between Taylor street and Wilson street and along the prolongation thereof to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Bedford avenue, the said distance being measured at right angles to Bedford avenue; thence northwestwardly along the said line parallel with Bedford avenue to the intersection with a line midway between Taylor street and Clymer street; thence northeastwardly along the said line midway between Taylor street and Clymer street to the intersection with the prolongation of a line midway between Roebling street and Driggs avenue; thence northwardly along the said line midway between Roebling street and Driggs avenue and along the prolongation thereof to the point or place of beginning.

The fifty-two (52) per cent. of the entire cost and expense of the proceeding proposed to be placed as aforesaid upon the Borough of Brooklyn, and the twenty (20) per cent. thereof proposed to be placed as aforesaid upon the Borough of Manhattan is to be collected with the taxes upon the real property in said boroughs becoming due and payable in the year in which such cost and expense shall have been fixed and determined, provided that such cost and expense be ascertained in time to be included with the taxes on the real property of said boroughs in the same year; and if not determined in time, the same is to be levied and collected with the taxes of the succeeding year.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and in the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 29th day of May, 1913.

Dated May 16, 1913.

All that certain lot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of 15th st., distant 531 feet 11 inches westerly from the intersection of the northerly line of 15th st. with the westerly line of 8th ave. and running thence northerly parallel with 8th ave. 50 feet; running thence easterly and parallel with 15th st. 78 feet; running thence northerly and again parallel with 8th ave. 150 feet to the southerly line of 14th st.; running thence westerly along the southerly line of 14th st. 94 feet; running thence southerly and parallel to 8th ave. 164 feet 10 inches; running thence westerly and parallel to 15th st. 6 feet 5 inches; running thence southerly and again parallel to 8th ave. 35 feet 2 inches to the northerly line of 15th st.; running thence easterly along the northerly line of 15th st. 22 feet 5 inches to the point or place of beginning.

The Comptroller will receive sealed bids for the lease of the said parcel of land for the said period, at the minimum or upset price of $1,775 per annum, payable quarterly in advance, and the said sale will be made upon the following

TERMS AND CONDITIONS.

Each bid must be accompanied by cash or a certified check for twenty-five per cent. of the amount of the yearly rental offered; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental paid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid shall be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety, or otherwise, upon any obligation to The City of New York, as provided by law.

The lease shall be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions, as follows:

1. A clause providing that the lessee shall pay the usual rates for water, per meter measurement, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

2. A clause providing that during the term of the lease the lessee shall comply with all the laws and ordinances of The City of New York.

3. A clause providing that if, at any time during the period of the lease or any renewal thereof, the lessee should desire to erect a building upon the demised premises, such building shall not be erected until plans thereof have first been approved by the Comptroller, and upon the expiration of the lease the building shall become the property of the City. In no event shall the premises be used for the sale of liquor.

4. A clause providing that in addition to the above, the successful bidder is to grade and concrete the premises to be demised in so far as not occupied by buildings in such manner as will prevent surface water drainage toward the adjacent armory, and to surround the premises with a fourteen (14) foot fence erected in accordance with the requirements of the Building Department.

5. A clause providing that upon the violation of any of these covenants, the Comptroller shall have the right to terminate the lease.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISSIONER of Docks, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings, etc., standing upon property owned by The City of New York, acquired by it for dock and ferry purposes in the

Borough of Manhattan,

Being all the ferry structures and contents, bridges and pontoons, located at the foot of Catharine st., East River, in the Borough of Manhattan, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 2, 1913, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

MONDAY, MAY 19, 1913.

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. One waiting room of wood with iron columns, girders and roof beams, size about 30 by 82 feet and about 26 feet high, together with ticket boxes, benches, toilets, radiators, heating and lighting fixtures and other furnishings and appurtenances contained therein.

One awning shed over ferry bridge, driveway of wood with iron columns, girders and roof beams, size about 34 by 98 feet and about 21 feet high, including entrance gates.

One awning shed over ferry bridge driveway, with store room and boiler room of wood with iron columns, girders and roof beams, size about 49 by 98 feet and about 21 feet high, including entrance gates.

One steam heating boiler 2.8 by 5.1 feet.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 19th day of May, 1913, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 19, 1913," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS

PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

CONDITIONS OF SALE.

As Provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a trust company or a State bank incorporated and doing business under the laws of the State of New York, or upon a National bank, TWO PER CENT. of the par value of the stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon payment into the City Treasury by the persons whose bids are accepted of the amounts due for the stock awarded to them respectively, including accrued interest from the date of sale, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that in making proposals for bonds or stock, "every bidder may be required to accept a portion of the whole amount thereof bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and *not* any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the stock offered for sale.

7. *Stock issued in coupon form can be converted into registered stock, and stock issued in registered form can be converted into coupon stock in denominations of* $1,000.

8. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York. (No special form of proposal is required, therefore no blanks are furnished.)

Application for Appointment of Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of NETHERLAND AVENUE, from Kappock street to West Two Hundred and Thirtieth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III thereof, in and for the County of New York, in the County Court House, in the Borough of Manhattan, City of New York, on the 23d day of May, 1913, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of Netherland avenue, from Kappock street to West Two Hundred and Thirtieth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following described pieces or parcels of land:

Beginning at a point in the eastern line of Kappock street distant 692.92 feet southerly from the intersection of said line with the eastern line of Spuyten Duyvil parkway; thence southerly along the eastern line of Kappock street for 155.29 feet; thence easterly curving to the right on the arc of a circle of 10.0 feet radius and tangent to the preceding course for 23.658 feet to a point of reverse curve; thence southeasterly on the arc of a circle of 160.0 feet radius for 295.450 feet; thence easterly on a line tangent to the preceding course for 270.591 feet; thence easterly deflecting 9 degrees 30 minutes 00 seconds to the left for 970.12 feet; thence northwesterly deflecting 115 degrees 26 minutes 09 seconds to the left for 66.44 feet; thence westerly deflecting 64 degrees 33 minutes 51 seconds to the left for 936.59 feet; thence westerly deflecting 9 degrees 30 minutes 00 seconds to the right for 265.605 feet; thence northwesterly curving to the right on the arc of a circle of 100.0 feet radius and tangent to the preceding course for 185.546 feet to a point of compound curve; thence northerly curving to the right on the arc of a circle of 309.57 feet radius for 125.633 feet to the point of beginning.

Netherland avenue, between West Two Hundred and Twenty-seventh street and West Two Hundred and Thirtieth street, is shown on Section 22 of the Final Maps and Profiles of the Twenty-third and Twenty-fourth Wards, filed in the office of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, on November 17, 1895; in the office of the Register of The City and County of New York on November 18, 1895, as Map No. 1062, and in the office of the Secretary of State of the State of New York, on November 20, 1895.

Netherland avenue, between Kappock street and West Two Hundred and Twenty-seventh street, is shown on a map or plan entitled "Map showing the change in line and grade of Netherland avenue, between Kappock street and West Two Hundred and Twenty-seventh street, which map was filed in the office of the President of the Borough of The Bronx, on April 8, 1912; in the office of the Register of the County of New York on April 5, 1912, as Map No. 1605, and in the office of the Counsel to the Corporation of The City of New York on April 6, 1912, in pigeon hole 188.

Land required for Netherland avenue is located in Block 3407 of Section 13 of the Land Map of The City of New York.

The Board of Estimate and Apportionment on the 21st day of February, 1912, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the prolongation of a line distant 100 feet northeasterly from and parallel with the northeasterly line of West Two Hundred and Thirtieth street as this street is laid out between Netherland avenue and Arlington avenue, the said distance being measured at right angles to West Two Hundred and Thirtieth street, where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Netherland avenue and Johnson avenue, as these streets are laid out immediately adjoining West Two Hundred and Thirtieth street on the south, and running thence southwestwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersecton of the prolongations of the southeasterly line of Netherland avenue and the northwesterly line of Spuyten Duyvil road as these streets are laid out at West Two Hundred and Twenty-seventh street; thence southwestwardly along the said bisecting line to a point distant 100 feet northerly from the northerly line of Johnson avenue, the said distance being measured at right angles to Johnson avenue; thence westwardly and always distant 100 feet northerly from and parallel with the northerly line of Johnson avenue to a point distant 160 feet southerly from the northerly line of Netherland avenue, the said distance being measured at right angles to Netherland avenue; thence westwardly and always distant 160 feet southerly from and parallel with the northerly line of Netherland avenue to the intersection with the southeasterly line of Kappock street; thence northwestwardly at right angles to Kappock street a distance of 160 feet; thence generally northwardly and always distant 100 feet westerly from and parallel with the westerly line of Kappock street to the intersection with a line at right angles to Kappock street and passing through a point on its easterly side where it is intersected by the centre line of Arlington avenue; thence eastwardly along the said line at right angles to Kappock street to the intersection with the easterly line of Kappock street; thence eastwardly along the centre line of Arlington avenue to a point distant 100 feet easterly from the easterly line of Kappock street, the said distance being measured at right angles to Kappock street; thence southwardly and always distant 100 feet easterly from and parallel with the easterly lines of Kappock street and of Netherland avenue to the intersection with the prolongation of a line midway between Netherland avenue and Arlington avenue as these streets are laid out between West Two Hundred and Twenty-seventh street and West Two Hundred and Thirtieth street; thence northeastwardly along the aforesaid line midway between Netherland avenue and Arlington avenue, and along the prolongation of the said line to the intersection with a line midway between Netherland avenue and Arlington avenue as these streets are laid out where they adjoin West Two Hundred and Thirtieth street on the north; thence northeastwardly along the last described line midway between Netherland avenue and Arlington avenue to the intersection with a line parallel with West Two Hundred and Thirtieth street, and passing through the point of beginning; thence southeastwardly along the said line parallel with West Two Hundred and Thirtieth street to the point or place of beginning.

Dated New York, May 10, 1913.

Filing Preliminary Abstracts.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to certain lands and premises not now owned by The City of New York, situated, lying and being on Leonard, Worth, Lafayette, Centre and other streets in the Sixth Ward of the Borough of Manhattan, in The City of New York, duly selected, located, designated and set apart by the Board of Estimate and Apportionment of The City of New York, pursuant to the provisions of chapter 336 of the Laws of 1903, and the various acts amendatory thereof and supplemental thereto, as a site for a new court house for the use of the Special and Trial Terms of the Supreme Court in the First Judicial District and of the City Court of New York and of the County Clerk of the County of New York and of the Commissioner of Jurors.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Appraisal in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, Room 1406, No. 277 Broadway, and in the office of the Court House Board, No. 115 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, May 14, 1913, file their objections, in writing, with us, at our office, Room 514, No. 51 Chambers street, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 26th day of May, 1913, at 10 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 29th day of June, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly line of Laurel avenue (Harvest avenue) distant 100 feet easterly from the easterly line of Florence avenue (Kissel avenue), the said distance being measured at right angles to Florence avenue, and running thence northwardly and always distant 100 feet easterly from and parallel with the easterly line of Florence avenue (Kissel avenue) and its prolongation where it adjoins Forest avenue on the south, to a point distant 300 feet northerly from the northerly line of Castleton avenue, the said distance being measured at right angles to Castleton avenue; thence eastwardly and always distant 300 feet northerly from and parallel with the northerly line of Castleton avenue, to a point distant 100 feet easterly from the prolongation of the easterly line of Ridgewood place, the said distance being measured at right angles to Ridgewood place; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Ridgewood place and the prolongations thereof, to a point distant 100 feet southerly from the southerly line of Forest avenue where it adjoins Ridgewood place, the said distance being measured at right angles to Forest avenue; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Forest avenue to a point distant 100 feet easterly from the easterly line of Greenwood avenue, the said distance being measured at right angles to Greenwood avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Greenwood avenue to a point distant 100 feet southerly from the southerly line of Laurel avenue (Harvest avenue), the said distance being measured at right angles to Laurel avenue; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Laurel avenue (Harvest avenue), to a point distant 100 feet easterly from the easterly line of Florence avenue (Kissel avenue), the said distance being measured at right angles to Florence avenue; thence northwardly and always distant 100 feet easterly from and parallel with the easterly line of Florence avenue (Kissel avenue), to the point or place of beginning.

(None of the streets herein named have been incorporated upon the City map, and the lines referred to are intended to be those now in use and as commonly recognized.)

Fourth. That the abstracts of said estimate of damages and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 2d day of June, 1913.

Fifth. That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 27th day of June, 1913, at the opening of the Court on that day.

Sixth. In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 25, 1913.

GEORGE SANFORD PARSONS, Chairman; WM. McDERMOTT, EDWIN S. GLEASON, Commissioners of Estimate; EDWIN S. GLEASON, Commissioner of Assessment.

JOEL J. SQUIER, Clerk. m9,26

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of OLMSTEAD PLACE, from Edsall avenue to Indiana place; EDISON PLACE, from Edsall avenue to Indiana place; TESLA PLACE, from Edsall avenue to Indiana place, and RIDGEWOOD PLACE, from Edsall avenue to Myrtle avenue, in the Second Ward, Borough of Queens, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First. That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 21st day of May, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 22d day of May, 1913, at 3 o'clock p. m.

Second. That the undersigned, Commissioner of Assessment, has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 21st day of May, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 23d day of May, 1913, at 3 o'clock p. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 18th day of May, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Ridgewood place and Lacombe place, distant 100 feet northerly from the northerly line of Edsall avenue, the said distance being measured at right angles to Edsall avenue, and running thence southwardly along the said line midway between Ridgewood place and Lacombe place, and along the prolongations of the said line, to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Myrtle avenue, the said distance being measured at right angles to Myrtle avenue; thence westwardly along the said line parallel with Myrtle avenue to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Tesla place, the said distance being measured at right angles to Tesla place; thence southwardly along the said parallel line with Tesla place, and along the prolongation of the said line, to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Indiana place, as this street is laid out westerly from Tesla place, the said distance being measured at right angles to Indiana place; thence westwardly along the said line parallel with Indiana place, and along the prolongation of the said line, to the intersection with the prolongation of a line midway between Tompkins place and Olmstead place; thence northwardly along the said line midway between Tompkins place and Olmstead place, and along the prolongations of the said line, to the intersection with a line parallel with Edsall avenue as laid out westerly from and immediately adjoining Ridgewood place, and passing through the point described as the point or place of beginning; thence eastwardly along the said line parallel with Edsall avenue to the said point or place of beginning.

Fourth. That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 22d day of May, 1913.

Fifth. That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 27th day of June, 1913, at the opening of the Court on that day.

Sixth. In case, however, objections are filed to the foregoing abstracts of estimate and assessment or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 24, 1913.

CLARENCE EDWARDS, Chairman; JOHN N. BOOTH, EDWARD C. McPARLAN, Commissioners of Estimate; CLARENCE EDWARDS, Commissioner of Assessment.

WALTER C. SHEPPARD Clerk. m1,17

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all person interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
