#### STATE INDUSTRIAL COMMISSION, DEPARTMENT OF LABOR.

##### Public Notice.

Whereas, The American Agricultural Chemical Company, Preston Fertilizer Works, has requested exemption from the provisions of section 8-a to apply to three firemen; and

Whereas, Investigation shows that the industry is necessarily continuous, in that the plant handles by-product from slaughter houses and butchers, and from the time same is received at the factory continual application of heat is necessary; and

Whereas, the supervising inspector who investigated this application reports that the necessity for exemption would not be obviated by the employment of additional help; therefore, be it Resolved, that the exemption requested be and hereby is granted, to apply to three firemen to work not more than eight hours per day, seven days per week.

STATE OF NEW YORK, OFFICE OF THE STATE INDUSTRIAL COMMISSION, ss.:

I, HENRY D. SAYER, Secretary of the State Industrial Commission of the State of New York, DO HEREBY CERTIFY that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 4th day of January, 1916, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 6th day of January, 1916.  
H. D. SAYER, Secretary.  
(Seal.) j10

Whereas, heretofore the State Industrial Commission by resolution authorized the Commissioner in charge of the Bureau of Inspection to grant variations from the provisions of section 8-a of the Labor Law, relative to one day of rest in seven, when an unusual emergency exists requiring such action before the matter can be acted upon at a regular meeting of the Commission; and

Whereas, acting under this authority the Commissioner in charge of the Bureau of Inspection granted a variation to the Endicott Johnson Co. for permission to work twenty male adults on Saturday and Sunday, January 1st and 2nd, without a day of rest, in order to complete the taking of stock; and

Resolved, That the action of the Commissioner in charge of the Bureau of Inspection in granting such variation to the Endicott Johnson Company for January 1st and 2nd be and the same hereby is approved.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 6th day of January, 1916.  
H. D. SAYER, Secretary.  
(Seal.) j10

Whereas, McCleary, Wallin & Crouse, of Amsterdam, N. Y., has made application under subsection 5 of section 8-a of the Labor Law as amended by Chapter 648 of the laws of 1915, for exemption for certain of employees, on the ground that such employees are engaged in the work of an industry of manufacturing process necessarily continuous, and that the exemption asked for is desired by the employees themselves, and furnishes said employees as much rest during the average week as does the law itself; and

Whereas, on investigation of the Supervising Inspector of the district in which said industry is located, it is shown that such exemption is a proper one to be made under the provisions of the law already referred to, and the application presents a situation substantially similar to that of the Hooker Electro Chemical Co. of Niagara Falls, N. Y., in which an exemption was, on the twenty-ninth day of June, 1915, allowed by this Commission, and which exemption was published pursuant to the statute in such case made and provided, therefore, be it

Resolved, that said application be granted and that said McCleary, Wallin & Crouse be and hereby is granted permission to have their machinists and millwrights work for the purpose of rearranging and guarding machinery four Sundays, commencing January 9, 1916.

STATE OF NEW YORK, OFFICE OF THE STATE INDUSTRIAL COMMISSION, ss.:

PUBLIC NOTICE IS HEREBY GIVEN, PURSUANT to law, that at a meeting of the Board of Estimate and Apportionment, held December 17, 1915, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of the City of New York:

The petition of Union Railway Company of New York City, a New York corporation (herein called "the petitioner"), respectfully shows to this Honorable Board and alleges as follows:

FIRST: That this Board, by resolution adopted July 2, 1914, and approved by the Mayor on July 10, 1914, duly authorized the execution by the Mayor of the City of New York on behalf of said City, of a proposed franchise contract granting to the petitioner the right and privilege to construct, maintain and operate double and single track extension to its present street surface railway with the necessary wires and equipment, for the purpose of conveying passengers only in the Boroughs of Manhattan and The Bronx, in the City of New York, upon the following routes, to wit:

First: Beginning at and connecting with the existing tracks of the Company in Lincoln Avenue; thence westerly by double track in, upon and along East 136th Street to and connecting with the existing tracks of the Company in Third Avenue, Borough of The Bronx, in order that the title of said company to operate over such route may be perfected and legalized.

Second: Beginning at and connecting with the existing tracks of the Company in Willis Avenue, at or near the northerly side of East 134th Street, Borough of The Bronx; thence southerly by double track in, upon and along Willis Avenue and upon and over the Willis Avenue Bridge and its approaches, to East 125th Street, Borough of Manhattan; thence by double track westerly in, upon and along said East 125th Street and West 125th Street to Manhattan Street; thence by double track westerly in, upon and along said Manhattan Street to West 129th Street; thence westerly by single track in, upon and along said Manhattan Street to 12th Avenue; thence southerly by double track in, upon and along said 12th Avenue to West 129th Street; thence easterly by single track in, upon and along said West 129th Street to Manhattan Street, and there connecting with the existing east-bound track in said Manhattan Street.

Third: Beginning at and connecting with the above described tracks on the Willis Avenue Bridge at the intersection of the northerly and easterly approaches to said bridge; thence easterly and northerly by double track in, upon and over said easterly approach to and connecting with the existing tracks in Southern Boulevard, Borough of The Bronx.

SECOND: That said proposed franchise contract was thereafter duly executed by the City of New York and by the petitioner under date of September 9, 1915.

THIRD: That the permission and approval of the Public Service Commission for the First District for the construction of said extensions and the exercise of said franchise was granted through an order adopted by said Commission on October 29, 1915, in Case No. 2021.

FOURTH: That said franchise contract provides, among other things, that the portion of said extensions in the Borough of Manhattan shall be operated by underground electric power and that the portion of said extensions in the Borough of The Bronx and upon the Willis Avenue Bridge and its approaches may be operated by overhead electric power.

FIFTH: That in order to operate the extension over the Willis Avenue Bridge and upon 125th Street pursuant to said contract it will be necessary to operate on 125th Street for a distance of approximately one hundred and ninety (190) feet west of First Avenue by overhead electric power with the necessary connections, wires, poles and equipment including a plow changing pit, instead of by underground electric power as required by the foregoing provisions of the franchise contract for all operations in the Borough of Manhattan.

SIXTH: That the petitioner desires that the said franchise contract be amended so as to permit of operation on 125th Street for a distance

of approximately one hundred and ninety (190) feet west of First Avenue by overhead electric power with the necessary connections, wires, poles and equipment including a plow changing pit.

Wherefore the petitioner respectfully asks this Board to approve such amendment and to authorize the execution of a proper supplemental contract by the City of New York.

Dated December 13, 1915.

And to cross such other streets and avenues as may be encountered in said route.

The said route hereby authorized with turnouts, switches and crossovers so located, is shown upon a map entitled:

Mullany, Chief Engineer, and dated New York, November 27, 1908, a copy of which is attached hereto, is to be deemed a part of this contract and is to be construed with the text thereof; provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

SEC. 2. The grant of this privilege and lease of the said property is subject to the following conditions, which shall be complied with by the Company:

First—The said right to maintain and operate said railway and the lease of said tracks and equipment shall be held and enjoyed by the Company for the term of ten (10) years from the fourth day of March, in the year 1914.

Second—That said party of the second part covenants and agrees that it will at all times during said term, put, keep and maintain the tracks and equipment, and every part thereof, in good and sufficient repair and condition, and that all such repairs during said term shall be done at the sole cost, charge and expense of the said party of the second part.

Third—The said party of the second part covenants and agrees that it will not at any time make any claim that the said track and equipment is not, or was not at the time of the commencement of said term, in a suitable repair or condition for the uses and purposes of this lease.

Fourth—It is further covenanted and agreed, by and between the parties hereto, that if by reason of total or partial destruction through fire or the action of the elements, the said tracks and equipment shall require to be rebuilt or reconstructed, the same shall be so rebuilt or reconstructed by and at the expense of the said party of the second part in the manner directed by the proper city official.

Fifth—The said party of the second part hereby covenants and agrees to and with the said party of the first part that it shall and will peacefully and quietly leave, surrender and yield up into the possession of the said party of the first part, without any fraud or delay, the tracks and equipment hereby leased and demised, at the end of said term or other sooner termination thereof, and the said party of the second part hereby covenants and agrees that said tracks and equipment shall then be well and sufficiently repaired, and in good order and condition.

Sixth—The Company shall pay to the City for the privilege hereby granted and the property hereby leased, the following sums of money:

(a) During the term expiring March 4, 1919, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than twelve hundred (\$1,200) dollars.

(b) During the remaining portion of the aforesaid term expiring March 4, 1924, an annual sum which shall be equal to five (5) per cent. of its gross annual receipts, but which sum shall not be less than fifteen hundred (\$1,500) dollars.

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the tracks hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between March 4, 1914, and September 30, 1914, shall bear to the whole of one year.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Seventh—The annual charges or payments shall continue throughout the whole term of this con-

tract, notwithstanding any clause in any statute or in the charter of any other railway railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease contain a covenant on the part of the assignee or lessee that the same shall be subject to all the conditions of this lease; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or charter, or any portion thereof, claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this lease.

Eighth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall consent to the operation of any street surface railway by any other corporation or individual which may receive a franchise therefor from the City, and which may necessitate the use of any portion of the railway which shall be operated by the Company pursuant to this contract; provided, however, that nothing in this contract shall prevent the Board and being heard on any application for rights upon or along said route.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the City on the route herein described, or any portion thereof, when the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the City upon its route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the City, and shall have the right to continue such operation and use of such property during the term of this contract or until the right to use such property under the terms of the franchise or right granted said corporation or individual by the City shall expire, provided such expiration is prior to the expiration of this contract or any renewal thereof; but such corporation or individual shall, before beginning such operation, give a good and sufficient bond to the Company guaranteeing the payment of any sum or sums which such corporation or individual may be required to pay to the Company for the use of its property.

Provided, however, that the Board shall be the judge as to whether the bond is good and sufficient, in case there is a dispute with respect thereto between the Company and such corporation or individual. Such corporation or individual shall pay to the Company for the right to use such power and property above described such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot agree prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such power and property, then such compensation shall be fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company; one disinterested person shall be chosen by such corporation or individual and the two so chosen shall choose a third disinterested person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive, but the amount or amounts determined by said arbitrators shall not be less with due regard to the extent and duration of use than shall be sufficient to cover the proportionate cost of any property installed by the Company pursuant to this contract, including paying and additions and betterments thereto and of the proportionate current expenses of maintenance, depreciation and renewal, of regulation of traffic, of removal of snow and ice, of the sprinkling of streets, of the use of power and of the performance of such other duties and obligations as are imposed upon the Company in respect to the said railway, other than the payments to the City pursuant to this contract.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached, or in case the time specified in the preceding paragraph shall have expired, the arbitrators as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board, which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for the use of the tracks and equipment of the City within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days, or if the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Appellate Division of the Supreme Court, Second Department, upon the application of either party, and the decision of that court shall be final. In the event that said Appellate Division of the Supreme Court, Second Department, should decline to assume jurisdiction in the matter, then and in such event such sum or sums shall be fixed by the Board, and such fixation by the Board shall be final and conclusive.

Ninth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary notwithstanding, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Tenth—Said railway shall be operated in the most approved manner of street railway operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Eleventh—Said railway shall be maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No repairs or reconstruction upon said railway shall be commenced until written permits have been obtained from the proper City officials. In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues, or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Twelfth—Said railway shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan, provided, that any other power may be used, except locomotive steam power, horse power or overhead electric power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Thirteenth—No wires for the transmission of power shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) ducts not less than three (3) inches in diameter each for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of the railway within the City, as above.

Fourteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride, from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof within the limits of the City.

Fifteenth—The Company shall carry free upon the railway hereby leased during the term of this lease all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Sixteenth—No cars shall be operated upon the railway hereby leased, other than passenger cars, and cars necessary for the repair or maintenance of the railway, and no freight or express cars shall be operated upon the tracks of said railway; and the tracks hereby leased shall not be used for the storage of cars.

Seventeenth—The Company shall attach to each car run over the said railway proper fenders or wheel guards, in conformity with such laws and ordinances as are now in force or may hereafter be enacted by the State or City authorities, or as may be required by resolution of the Board.

Twentieth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Twenty-first—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway is constructed, shall if directed by the President of the Borough of Manhattan, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between the curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

In case of the neglect of the Company to pave or repair the pavement on the streets after the expiration of twenty (20) days' notice to do so from the President of the Borough of Manhattan, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-fourth—Any alterations to the sewerage or drainage systems, or to any other substructure or to any surface structures in the street, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-fifth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-sixth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time during the term of this lease the Company shall, at its own expense, change the tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

**Resolved,** That the Board of Estimate and Apportionment hereby grants to Conron Bros. Company the franchise or right fully set out in proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract, and that the Mayor of The City of New York, be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

**PROPOSED FORM OF CONTRACT.**

THIS CONTRACT, made and executed in duplicate this day of 1915, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and CONRON BROS. COMPANY, a domestic corporation (hereinafter called the Company), party of the second part, WITNESSETH:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

**SECTION 1.** The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate conduits with the necessary branches and extensions therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, provided that no conduit be of a greater outside diameter than twelve (12) inches, including insulation or other covering; the same to be constructed and operated only beneath the surface of Fort Greene Place between the northernly side of Atlantic Avenue and the southernly side of Hanson Place, in the Borough of Brooklyn, City of New York, such portion of Fort Greene Place and the existing conduits of the Company being more particularly shown on a map entitled:

"Map showing Conduits and Pipes applied for by Conron Bros. Company to accompany petition dated July 10, 1915, to the Board of Estimate and Apportionment, City of New York."

—signed by Joseph Conron, President, a copy of which is hereto annexed and made a part of this contract.

**SEC. 2.** The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

**First**—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from December 1, 1915, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not be able to agree in the first what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

**Second**—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of seven hundred and fifty dollars (\$750) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) The further sum of seven hundred and fifty dollars (\$750) in cash, within one (1) month after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted, the said sum of seven hundred and fifty dollars (\$750) being the amount due the City by reason of the past unauthorized occupation of the street by the Company.

(c) During the first term of five years, an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than three hundred dollars (\$300).

During the second term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than four hundred and fifty dollars (\$450).

During the third term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars (\$600).

The gross receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(d) An annual payment of twenty-five cents (\$0.25) for each linear foot of conduit constructed within the limits of the street, excepting, however, such conduits as are constructed within the vault space or vault space of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of the street.

The annual charges shall commence on December 1, 1915.

All annual charges as above shall be paid into the Treasury of the City on or before December 31, next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between December 1, 1915, and December 31, 1915, shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

**Third**—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating right or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any part of the street herein mentioned, shall be valid or effectual for any purpose, without the consent of the City, or the assignee or lessee of the said street, or of any part thereof, and shall be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

**Fourth**—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, in the same street hereinbefore described.

**Fifth**—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any way notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

**Sixth**—Upon the termination of the original term of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits and appurtenances of the Company constructed pursuant to this contract within the street shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said street shall be restored to its original condition at the sole cost and expense of the Company.

**Seventh**—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the street in which the Company is hereby authorized to operate.

**Eighth**—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduits, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the street in which the Company is hereby authorized to operate.

**Ninth**—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the street, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

**Tenth**—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the street, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

**Eleventh**—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

**Twelfth**—The Company shall bear the expense of inspection which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

**Thirteenth**—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

**Fourteenth**—The Company shall not charge consumers more than the following rates for cooling temperature:

Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.  
Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet.  
One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

These rates to apply to boxes located not above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the maximum rates for cooling and for freezing temperatures provided that such rates shall be reasonable and fair.

**Fifteenth**—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located on either side of Fort Greene Place between the northernly side of Atlantic Avenue and the southernly side of Hanson Place, shall extend its conduits to such premises and furnish to said applicant refrigeration at rates not exceeding those herein prescribed hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

**Sixteenth**—A correct map shall be furnished to the Board by the Company on the first day of February, 1916, showing the exact location of all conduit lines and manholes constructed, with reference to the street lines, the curb lines and the total length of such conduit. On the same date of this contract, a supplementary map shall be furnished the Board showing all conduits laid during the preceding year.

**Seventeenth**—The conduit lines hereby authorized shall be used only by Conron Bros. Company, and for no other purpose than supplying refrigeration.

**Eighteenth**—The Company shall submit a report to the Board not later than February 1, in each year, for the year ending December 31, next preceding, and at any other time, upon the request of the Board, which shall state:

The Controller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

**Twentieth**—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the conduits constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

**Twenty-first**—If the Company shall fail to give efficient public service at rates not exceeding those herein fixed, or fail to maintain its conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board, in case such conduits or appurtenances which may affect the surface of the street shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

**Twenty-second**—The Company shall assume all liability to persons or property by reason of the construction or operation of the conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

**Twenty-third**—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with

the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at rates not exceeding those herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company shall (except where other sums are fixed by this contract) pay to the City the sum of one hundred dollars (\$100), for each violation as liquidated damages for such failure, which sums may be deducted from said fund.

The procedure for the imposition and collection of the liquidated damages provided for in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith require the payment of said sums herein provided for, or where the damages are not liquidated by the terms of this contract such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw such amount from the security fund deposited with him. The finding of the Board as to the amount to be paid by the Company shall be final and can only be attacked on the ground of fraud or mistake. In case of any default made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

These provisions for the recovery of such damages are in addition to the right to forfeit the franchise, conveyed by Section 2, subdivision Twentieth, of this contract.

**Twenty-fourth**—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

**Twenty-fifth**—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

**Sec. 3.** The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

IN WITNESS WHEREOF, the party of the first part by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash, or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale.

The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against them from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
