INVOCATION

The Invocation was delivered by Bishop Calvin Rice, New Jerusalem Worship Center, 12205 Smith St, Jamaica, N.Y. 11434.

Good afternoon everyone, may we pray.

Dear Lord of Heaven and of Earth, maker and ruler of all things,
we the benefactors of your goodness and your grace
that is renewed every single day, each and every day,
humbly express our sincere and profound thanks
for all things nature has provided for us to sustain life.
We are grateful for the water we drink
the air we breathe and the food we eat.
Thank you for the intellect to produce
manmade comforts of clothing and of shelter
and all things necessary to sustain a bountiful life.
I pray this afternoon that you would grant this governing body
divine wisdom to legislate Laws and Ordinances
that would enhance and protect the lives
of all the people in every borough, in every neighborhood.
Give these Council Men and Council Women
a spirit of unity and purpose
to make our City a light to the world,
the melting pot of culture and diversity,
working and living as one people.
We ask this in the name of the God of our Faith.
Amen.

Council Member Adams moved to spread the Invocation in full upon the record.

During the Communication from the Speaker segment of this Meeting, the Speaker (Council Member Johnson) asked for a Moment of Silence in memory of the following individuals:

Felipe Torre, 54, was an FDNY medic who succumbed to 9/11 related cancer on October 10, 2018. The Speaker (Council Member Johnson) offered his thoughts and prayers to his children, his friends and everyone at the FDNY.

The Speaker (Council Member Johnson) noted the death of the following individuals who had lost their lives during the course of their employment: Shakeem Farnam, 43, was killed on September 6, 2018 in an accident while driving a forklift at a Hunts Point food distribution center in the Bronx; Luis Almonte, 47, died at the scene of a wall collapse at a Sunset Park construction site in Brooklyn - The Speaker (Council Member Johnson) noted that Council Member Menchaca was there at the scene that day and tended to Mr. Almonte's family; Juan Otoya, 66, a worker from Queens, was struck and killed by a construction vehicle at an Upper East Side building site on September 13, 2018. Brian Trinidad, 27, died on September 26, 2018 - he was killed by a co-worker in a fight at a Brooklyn warehouse where they both worked.

The Speaker (Council Member Johnson) also noted that the NYPD had added the names of 43 fallen officers on the Battery Park City Police Memorial Wall. The newly inscribed names include 24 officers who died from 9/11-related illnesses, 15 officers who died in the 20th century, and one officer who died in an 1869 Brooklyn Ferry Yard accident. The Speaker (Council Member Johnson) quoted NYPD Commissioner James O'Neal who had said at the October 12, 2018 ceremony: "Their lives were spent, and ultimately ended, in great service to this City and the people they cared so much about."

A Moment of Silence was observed by those assembled in the Chambers.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Governmental Operations

Report for Int. No. 380-A

Report of the Committee on Governmental Operations in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the provision of diapers and baby wipes.

The Committee on Governmental Operations, to which the annexed proposed amended local law was referred on January 31, 2018 (Minutes, page 554), respectfully

REPORTS:

I. INTRODUCTION

On October 16, 2018, the Committee on Governmental Operations, chaired by Council Member Fernando Cabrera, will hold a second hearing and vote on the following bills: Proposed Int. No. 380-A, sponsored by Council Member Mark Treyger, in relation to the provision of diapers and baby wipes; and Proposed Int. No. 853-A, sponsored by the Public Advocate, Letitia James, in relation to studying the feasibility of providing childcare for city employees. These bills received a first hearing on June 19, 2018.

II. BACKGROUND

Women and Public Spaces

In 2018, women still make up the primary pool of caretakers. Some caretaking functions are based in biology, while others, such as childcare, are a remnant of persistent traditional gender roles. Since these duties fall primarily on women, it is essential to ensure that they do not hinder gender equity and opportunity. The legislation being considered is meant to provide a greater number of physical supports and options for primary caretakers, often mothers, to remove structural barriers to education, employment, civic engagement and elected office. It also follows in the steps of similar legislation in recent years. In 2016, the Council passed Local Law 83 of 2016, in relation to the provision of feminine hygiene products in DCAS, Department of Homeless Services ('DHS'), Department of Youth and Community Development ('DYCD') shelters, HRA

shelters for domestic violence survivors, and secure detention facilities operated by ACS. By passing this legislation, the City acknowledged “that menstruation is part of people’s experience”¹ – and should be considered as such, especially in contexts where it is most difficult to manage.

The Need for Diapers

In New York, the cost of infant care as a percentage of income jumps from 15%, for two-parent households, to 55% for single-parent households.² A large regularly occurring cost is the necessity of disposable diapers: in an infant’s first year, a baby will use over 3,000 diapers,³ costing more than \$500.⁴ This can be a significant cost, especially for single-parent households. Unfortunately, no government program directly provides diapers for infants: individuals can use Temporary Assistance for Needy Families (‘TANF’) for purchasing diapers,⁵ and some Early Head Start and Head Start programs supply diapers in centers. However Women, Infants, and Children (‘WIC’) assistance and the Supplemental Nutrition Assistance Program (‘SNAP’) cannot be used to purchase diapers.⁶ Additionally, childcare centers that receive the federal Child Care Development Block Grant (‘CCDBG’) do not provide diapers,⁷ and New York State Medicaid will only reimburse diapers purchased for individuals older than 3 years of age (prior to 3 years of age, diapers are deemed “needed as part of the development process,” and thus not a medical expense).⁸ At the same time, Medicaid covers 51% of all births in New York, which appears to indicate that the need for diaper assistance is extensive.⁹

Most childcare centers and early childhood education programs will not allow parents to drop off their children without their own diapers. This is a barrier for early childhood education and a barrier for caregiver’s employment, often mothers, as 65% of women in New York are in the workforce and have infants.¹⁰ The National Diaper Bank Network, which provides diapers to mothers across the U.S., including at 13-member distribution sites in New York distributing over one million diapers annually, has documented that one in three U.S. mothers report diaper need.¹¹

New York is one of four states where diapers are exempt from state sales tax, and recently introduced legislation in the State Senate and Assembly, S.1318/A.5973, which would provide allowances of up to \$80 dollars every three months for an eligible child, two years of age or younger. However, the need for diapers is far more expansive, especially for families living in poverty and the working poor. As such, Int. 380-2018 would require DCAS to provide diapers to residents and service recipients at city childcare centers, Family Justice Centers, LYFE Programs, Domestic Violence Shelters, homeless shelters and youth shelters.

Management found that only 7% of 900 employers provide onsite childcare for their employees.¹² And yet, there is a fiscal impact for failing to offer quality childcare or support for employees to maintain it: nearly half of working parents miss an average of four days of work at least every six months because of unreliable childcare costing working families \$8.3 billion in lost wages.¹³ Beyond this, one-third of women drop out of the workforce every year, 74% citing “decent child care” as the primary reason for leaving.¹⁴ Families for whom the affordability of quality childcare is a barrier often have to choose between losing a job and settling for poor quality care.

In New York, the average cost for center childcare for a one-year old child is \$1,606 per month, as of February 2017.¹⁵ The cost is higher for infant care. This is nearly four times what the U.S. Department of Health and Human Services considers affordable.¹⁶ Some programs attempt to fill the gap in affordable quality childcare:

- *The Federal and New York State Child And Dependent Care Tax Credit (CDCTC)* allows parents, dependent on income, to claim between 20 and 35% of their childcare expenses on their taxes, up to \$3,000 per child, and no more than \$6,000 for multiple children. However, the benefit of this tax credit is inequitably distributed as in 2016, families making less than \$30,000 were estimated to receive only 8% of the tax benefits from the CDCTC compared to the 38% percent of the tax benefit received by families making over \$100,000.¹⁷
- *Dependent Care Flexible Spending Accounts* are employer benefits, whereby employees can choose to set aside up to \$5,000 in “pre-tax” income for work-related child and dependent care expenses. The tax benefit for these accounts is inequitably distributed as families earning below \$75,000 estimated to receive 10% of the tax benefits, compared to families with incomes above \$200,000 receiving 38% of the tax benefits.¹⁸
- The City University of New York (‘CUNY’) has a limited number of childcare and early education seats for the children of CUNY students on several of their campuses, offered at a subsidized rate, with proof of income and enrolment. A mix of local, state and federal funding cover the service costs. The Committee on Women (formerly the Committee on Women’s Issues) conducted an oversight hearing of the childcare offerings for CUNY student parents on February 14, 2017.

Through the U.S. General Services Administration (‘GSA’), federal employees have access to workplace childcare facilities, located in GSA-managed spaces across the nation. Three of these sites fall within New York City.¹⁹ Int. No. 853-2018 (Public Advocate) would require DCAS to conduct a feasibility study and pilot for offering on-site group childcare options for city employees.

III. LEGISLATIVE ANALYSIS

Proposed Int. No. 380-A

Proposed Int. No. 380-A (Treyger) would require the Department of Citywide Administrative Services to provide a supply of diapers and baby wipes sufficient to meet the needs of residents and recipients present at subsidized child care centers, Family Justice Centers, Department of Education LYFE programs, domestic violence shelters operated by the Human Resources Administration, and shelters operated by the Department of Homeless Services and the Department of Youth and Community Development. Since introduction, this bill has been amended to:

- Clarify that the supply of diapers and baby wipes is to be for children aged three years old or younger.
- Require signage or written notification, in the designated Citywide language access languages, of the availability of such diapers and baby wipes.
- Amend the enactment to 120 days after it becomes law.

Proposed Int. No. 853-A

Proposed Int. No. 853-A (Public Advocate) would establish a working group, consisting of representatives from city agencies, representatives for City Council and the Public Advocate, and experts in the field of childcare, to conduct a feasibility study about providing discounted group childcare centers on city-owned and city-operated property. The feasibility study would be followed by a one-year pilot project to provide or subsidize a childcare center or centers for eligible children of City employees. A report on the working group's findings after such pilot would also be issued. Since introduction, the bill has been amended to:

- Move responsibility over the feasibility study from a single agency to a working group composed of representatives from multiple government entities, and inclusive of outside experts in the field of childcare.
- Amended the bill to provide greater specificity to the conduct of the working group, including how regularly it should meet (at least quarterly during the study period), that it should review models of existing childcare programs (including voucher systems, among others), consider potential issues attendant to commencing the pilot project and that it should continue to exist and provide ongoing findings and recommendations as it deems appropriate.
- Amend the bill to provide greater specificity on the content of the feasibility study, including an assessment of the likely population size, possible barriers to providing services, how much barriers could be addressed, an assessment of the estimated costs at varying scales and evaluation of the relative fiscal and policy impacts of the provision of vouchers as an alternative to on-site childcare.
- Amend the bill to require the conducting of a one-year pilot project for childcare, provided that if such pilot project is to include the children of employees represented by a recognized or certified employee organization then their inclusion shall be subject to collective bargaining.
- Clarify that the study and pilot should focus on children who are four years old or younger, but not eligible for a Universal Prekindergarten program or are three years old or younger but are not eligible for 3-K, where 3-K services are available.
- Amend the timelines for both the feasibility study and pilot project.
- The bill will now sunset five years after enactment.

The working group would include experts in the field of childcare and agency representatives, and would issue its feasibility report in 12 months. Within 24 months of the issuance of the report, an agency designated by the Mayor would implement a one-year pilot project informed by the feasibility report to provide or subsidize a childcare center or centers for such children. Within four months after the conclusion of the one-year pilot, the working group would issue another report setting forth its findings and recommendations regarding the pilot.

EFFECTIVE DATE: This local law would take effect immediately and expire and be deemed repealed five years after the date of this local law.

IMPACT ON REVENUES: It is anticipated that there would be no impact on revenues resulting from the enactment of this legislation.

IMPACT ON EXPENDITURES: The publication of the feasibility report as a result of this legislation would have no fiscal impact, as the publication of this report could be done using existing resources. The results of this report will determine the fiscal impact of the subsequent one-year pilot, which this legislation would require to be carried out within 24 months of the issuance of the report. Factors that will determine the estimated costs of the pilot include the number and age of children that will be cared for, the extent and frequency of care that these children will be provided, the number of childcare workers that will care for these children, the location(s) in which care will be provided, amongst a variety of other variables that the feasibility report will determine. The start time of the pilot will also be determined by the feasibility report.

Be it enacted by the Council as follows:

Section 1. Working group to assess the feasibility of providing childcare services for city employees. a. Within 30 days after the effective date of this local law, the mayor shall designate an agency or city official to convene a childcare working group of at least 11 members to conduct a feasibility study about providing discounted group childcare centers on city-owned and city-operated property. Such childcare centers would serve city employees' children who are four years old or younger but are not eligible for a universal prekindergarten program established pursuant to section 3602-e of the education law or are three years old or younger but are not eligible for 3-K where 3-K services are available.

b. Members of the childcare working group shall include experts in the field of childcare and representatives from city agencies, including at least one representative from the department of citywide administrative services, the administration for children's services, the office of labor relations, the office of operations, the office of management and budget, the department of health and mental hygiene, the department of education, the human resources administration and the commission on gender equity. The childcare working group shall also include one representative appointed by the speaker of the city council and one representative appointed by the public advocate.

c. The childcare working group shall:

1. determine the scope and goals of the feasibility study;
2. review models of existing childcare programs, including voucher systems, on-site childcare, subsidized childcare, group childcare and early education;
3. consider the scope and issues attendant to commencing a pilot project providing childcare for children of city employees;
4. provide oversight as necessary with respect to the gathering of information and development of a final feasibility study report;
5. convene at least quarterly during the development of the feasibility study; and
6. issue a feasibility study report. Such report shall: (a) assess possible eligibility criteria and the likely citywide service population sizes for each such criterion; (b) assess possible barriers to providing such services, including but not limited to physical space restrictions, lease terms, and service providers; (c) make recommendations on how the possible barriers identified could be addressed; (d) assess the estimated costs of providing such services at varying scales; and (e) evaluate the relative fiscal and policy impacts of the provision of vouchers as an alternative to on-site childcare.

d. Within 12 months after this local law takes effect, the agency or city official designated in accordance with this subdivision a of this section shall submit to the mayor and the speaker the childcare working group's feasibility study report including the findings and recommendations of the childcare working group.

e. Within 24 months of the submission of the feasibility study report issued in accordance with subdivision c of this section, an agency designated by the mayor shall implement a one-year pilot project to provide or subsidize a childcare center or centers for children identified in subdivision a of this section. The inclusion of the children of public employees represented by a recognized or certified employee organization in such pilot project shall be subject to bargaining with the appropriate recognized or certified employee organizations, as such terms are defined in article 14 of the civil service law. Such pilot project shall be informed by the report

issued in accordance with subdivision c of this section, and shall be established in consultation, as appropriate, with the childcare working group.

f. Within 4 months of the conclusion of the one-year pilot project, the childcare working group shall submit to the mayor and the speaker a report setting forth its findings and recommendations regarding the one-year pilot project.

g. The childcare working group may make ongoing findings and recommendations as it deems appropriate.

No. ____) (the "Council Resolution") approving the conveyance of the Property by Church Home Associates, L.P., a redevelopment company organized pursuant to Article V of the Private Housing Finance Law, that previously owned the Property.
- C. The Council Resolution conditioned the approval of the conveyance on Owner's execution and recordation of a Declaration of Restrictive Covenant for the benefit of the City requiring during its term that any construction on the Property include at least one multiple dwelling containing, unless otherwise agreed by HPD, a minimum of 288 units of rental housing, at least forty percent (40%) of which shall be affordable to households at certain specified income levels in accordance with the terms and conditions set forth herein.

NOW THEREFORE, in consideration of the foregoing premises, the Council Resolution, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner declares as follows:

1. Term. The term of this Declaration (the "Term") shall commence on the Effective Date and expire on the earlier of (i) the closing of the New Housing Project (defined below) and (ii) four (4) years from the Effective Date.
2. Conveyance. 3. Definitions. For purposes of this Agreement, the following terms shall have the meanings set forth below:

"50% of AMI" shall mean 100% of the income levels as modified by household size for the New York metropolitan statistical area for fifty percent (50%) of median income families (a.k.a. as "very low income families") as determined from time to time by HUD under Section 3(b)(2) of the United States Housing Act of 1937 (or, if such program is terminated, under such program as was in effect immediately before such termination).

4. Taxes. Unless the Property receives an exemption from or abatement of real property taxes, Declarant shall pay such real property taxes as may be assessed against the Property and any improvements thereon. Declarant may apply for any form of real estate tax exemption or abatement to which the Property may be legally entitled to apply.
5. New Housing Project. During the Term, any construction on the Property must include at least one multiple dwelling that will contain, unless otherwise agreed by HPD, a minimum of 288 units of rental housing, at least forty percent (40%) of which shall be affordable to households at the income levels specified in Section 6 below and upon the terms and conditions set forth therein (the “New Housing Project”). The New Housing Project (i) shall be subject to a restrictive declaration or regulatory agreement, acceptable to HPD in its sole discretion, requiring the affordability levels set forth herein for a term of at least thirty-five (35) years, and (ii) shall not receive subsidy (except a real estate tax exemption under (x) Section 421-a(16) of the New York Real Property Tax Law, (y) Section 577 of the New York Private Housing Finance Law, or (z) any successor or equivalent of either) from HPD or any other government agency.
6. Eligible Tenants and Rents for Regulated Units
 - (i) Owner shall lease each Regulated Unit to an Eligible Tenant determined as follows:
 - (a) No less than ten percent (10%) of the Units shall be leased to 50% AMI Tenants (“50% AMI Units”) at rents affordable to such households, no less than ten percent (10%) of the Units shall be leased to 90% AMI Tenants (“90% AMI Units”) at rents affordable to such households, and no less than twenty percent (20%) of the Units shall be leased to 130% AMI Tenants (“130% AMI Units”) at rents affordable to such households. No Unit may be counted multiple times for the purpose of meeting the aforesaid percentages.
 - (b) Units that are not Regulated Units may be leased to tenants without regard to any income restrictions set forth in this Agreement.
 - (ii) If the Actual Rent for a Regulated Unit shall be less than the Legal Rent for such Regulated Unit, the Actual Rent shall be registered as a “preferential rent” under the Rent Stabilization Code. Upon renewal of any lease for an Actual Rent less than the Legal Rent, the Actual Rent may be increased by the amount of the increase, whether expressed as a percentage or otherwise, authorized for one or two year leases (as applicable) in accordance with the Rent Stabilization Code.
 - (iii) Following the expiration of the Term, the rent for each Regulated Unit occupied by a tenant whose occupancy began prior to the expiration of the Term shall continue to be determined in accordance with the terms of this Declaration.
 - (iv) Any Eligible Tenant shall be entitled to remain in occupancy and to obtain a renewal lease in accordance with the Rent Stabilization Code, notwithstanding that such tenant’s Annual Income, after initial occupancy, may exceed the maximum for initial eligibility. Further, no Eligible Tenant may be evicted nor its tenancy terminated except for good cause.
 - (v) In order to determine whether a prospective tenant is an Eligible Tenant, Owner shall ascertain the Annual Income of such tenant’s household. Owner may consult with HPD to obtain advice and guidance with respect to income determinations. Owner must retain all records and documents relating to Owner’s determination for a minimum of three years after the date the tenant commences occupancy. Owner shall provide in each lease for the

termination of the lease and eviction of the tenant if the tenant falsely or fraudulently certifies income to Owner.

- (vi) Owner shall not refuse to lease a Regulated Unit to a holder of a voucher or certificate under the federal Section 8 Voucher Program or Section 8 Certificate Program or successor programs by reason of the status of the prospective tenant as such a holder.
- (vii) No later than thirty (30) days following the date of the issuance of a temporary certificate of occupancy for any multiple dwelling constructed on the Property (the "TCO Issuance Date"), Owner shall register the rents for any Regulated Unit in accordance with the Rent Stabilization Code at 30% of 50% of AMI for the 50% AMI Units, 30% of 90% of AMI for the 90% AMI Units, and 30% of 130% of AMI for the 130% AMI Units. For purposes of this paragraph, "AMI" shall mean the AMI as determined by HUD as of the TCO Issuance Date. The rents so registered shall be deemed the initial Legal Rent for each Regulated Unit.
- (viii) Owner shall not utilize any exemption or exclusion from any requirement of the Rent Stabilization Code to which Owner might otherwise be or become entitled with respect to one or more Regulated Units, including but not limited to any exemption from or exclusion from the rent limits, renewal lease requirements, registration requirements or other provisions of the Rent Stabilization Code due to (A) the vacancy of a Regulated Unit where the rent exceeds a prescribed maximum amount, (B) the fact that tenant income and/or rent exceed prescribed maximum amounts, (C) the nature of the tenant, or (D) any other factor.
- (ix) Units may only be occupied as a primary residence, as defined in the Rent Stabilization Code, by natural persons or families pursuant to a one or two year lease who have met the applicable income requirements for Eligible Tenants at the time of such tenant's initial occupancy of such Unit. Owner shall only offer a vacant Regulated Unit for occupancy by persons or families intending to occupy such Unit as their primary residence pursuant to a one or two year lease and shall not cause or permit the sublease or assignment of any Regulated Unit for transient occupancy, for occupancy by any household that is not income eligible, or to any corporation or other entity.
- (x) "Contractual Rent Regulation" shall mean the following after Destabilization:
 - (a) Owner shall be required to offer renewal leases on the same terms and conditions as had been required by the Rent Stabilization Code at the time of Destabilization (subject however to the provisions in subparagraphs (b) and (c) below), as if the Regulated Unit was still subject to and not excluded or exempted from any provision of the Rent Stabilization Code, including, but not limited to, any exemption or exclusion regarding rent limits, renewal lease requirements, or any other provision due to (i) the vacancy of a Regulated Unit where the rent exceeds a prescribed maximum amount, (ii) the fact that tenant income and/or Regulated Unit rent exceed prescribed maximum amounts, (iii) the nature of the tenant, or (iv) any other factor.
 - (b) The "Legal Rent," as such term is used in this Declaration, shall be limited by percentage increases calculated based on a method or index established by HPD for determining the maximum increase to Legal Rent upon lease renewal or vacancy. Such method or index shall be based on inflation or on factors substantially equivalent to the factors considered in calculating such increases under the Rent Stabilization Code at the time of Destabilization, and shall incorporate a method for determining and implementing increases to Legal Rent by reason of major capital improvements performed by Owner, to the extent that such increases,

if any, are not prohibited hereunder. HPD will publish such methodology in the City Record and will provide a copy of the methodology to Owner upon request.

- (c) Wherever this Declaration limits increases in rent by increases as permitted by the Rent Stabilization Code (or language of similar import), such increases shall be limited by the percentage increases established by HPD as described in subparagraph (b) above.
- (d) If Destabilization occurs during the Term, then, for the remainder of the Term, all Regulated Units that have undergone Destabilization shall be subject to Contractual Rent Regulation. If some Regulated Units remain subject to the Rent Stabilization Code while other Regulated Units have undergone Destabilization, Contractual Rent Regulation will apply only to the Regulated Units that have undergone Destabilization.

7. Intentionally omitted.

8. Superiority. The charges and burdens of this Declaration are, and shall at all times be, prior and therefore superior to the lien or charge of any mortgage or deed of trust hereafter made affecting the Property or any part thereof, including any improvements now or hereafter placed thereon, and, notwithstanding a foreclosure or other voluntary or involuntary transfer of title pursuant to such instrument, shall remain in full force and effect, but are subordinate to the security interests of record on the Effective Date; provided, however, that a breach of any of the restrictions hereof shall not defeat or render invalid the lien or charge of any mortgage or deed of trust. The charges and burdens of this Declaration are not intended to create a lien upon the Property, or grant any right of foreclosure, to any person or party.

9. Notices. All notices provided for herein may be delivered in person, sent by Federal Express or other overnight courier service, mailed in the United States postage prepaid, return receipt requested, or sent by electronic or facsimile transmission, and, regardless of the method of delivery used, shall be considered delivered upon the actual receipt or refusal of receipt thereof. The name, address and other information to be used in connection with such correspondence and notices to Owner shall be the then-current owner's name and address information maintained in the official real property tax records with respect to the Property.

10. Miscellaneous.

(a) Headings. The headings in this Declaration are for convenience only and do not in any way limit or affect the terms and provisions hereof.

(b) Unenforceability. If any provision of this Declaration is held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect the remainder of such provision or any other provisions hereof.

(c) Gender. Wherever appropriate in this Declaration, the singular shall be deemed to refer to the plural and the plural to the singular, and pronouns of certain genders shall be deemed to include either or both of the other genders.

(d) Governing Law. This Declaration shall be construed and enforced in accordance with the laws of the State of New York.

(e) Amendments. This Declaration may be amended or canceled only by written instrument executed by HPD and the then-current owner of the Property.

- (f) Entire Agreement. This Declaration constitutes the entire agreement of HPD and Declarant with respect to the subject matter hereof and supersedes all prior negotiations or discussions, whether oral or written, with respect thereto.

- 11. Expiration. Except as otherwise provided herein, upon the expiration of the Term, this Declaration shall be of no further force and effect; provided, however, that HPD shall retain all of its rights and remedies to enforce this Declaration with respect to any default or violation that occurred prior to the expiration of the Term. HPD shall, if requested by Owner, execute and deliver to Owner a document in recordable form to acknowledge the expiration of this Declaration.

- 12. Covenants Run With The Land. This Declaration shall run with the land and bind all subsequent parties in interest to the Property, including but not limited to Owner’s successors, assigns, heirs, grantees and lessees, during the Term. All references to "Owner" in this Declaration shall include Owner's successors, assigns, heirs, grantees and lessees.

- 13. Enforcement.
 - (a) In the event of a breach of any of the covenants and agreements contained herein, the City shall have the right to one or more of the following nonexclusive remedies:
 - (i) Institute and prosecute any proceeding for an injunction or for specific performance of Owner's obligations hereunder.
 - (ii) Extend the term of this Declaration by the period of such noncompliance upon the recording of an appropriate document, executed solely by the City, against the Property. The period of noncompliance shall be presumed to be the period running from the date that such noncompliance commenced (the “Noncompliance Date”) to the date that such noncompliance is cured; provided, however, that in the event Owner cannot establish the Noncompliance Date definitively, in the sole discretion of HPD, then the Noncompliance Date shall be deemed to be the Effective Date.

 - (b) In the event of a threatened breach of any of the covenants and agreements contained herein, the City shall have the right to the remedy described in Section 13(a)(i) above.

RESOLVED:

The Council approves the Tax Exemption for the Exemption Area pursuant to Section 577 of the Private Housing Finance Law as follows:

1. Approve the exemption from real property taxation pursuant to Section 577 of the Private Housing Finance Law as follows:
 - a. For the purposes hereof, the following terms shall have the following meanings:
 - (1) “Company” shall mean Church Home Partners LLC or any other entity that acquires the beneficial interest in the Exemption Area with the prior written consent of HPD.
 - (2) “Contract Rent Deadline” shall mean three hundred and sixty-five (365) days from the date of the HPD letter requesting the information that HPD needs to calculate the Contract Rent Differential Tax for the applicable tax year.
 - (3) “Contract Rent Differential” shall mean the amount by which the total contract rents applicable to the Exemption Area for such tax year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date.
 - (4) “Contract Rent Differential Tax” shall mean (a) the sum of (i) \$530,760, plus (ii) twenty-five percent (25%) of the Contract Rent Differential; or (b) if the Department of Buildings issues a Temporary Certificate of Occupancy (“TCO”) for all of the residential dwelling units in the New Project on or before the eighth anniversary of the Effective Date, then “Contract Rent Differential Tax” shall thereafter mean \$0 from the tax year in which the TCO was originally issued until the fifteenth anniversary of such tax year, after which “Contract Rent Differential Tax” shall mean five percent (5%) of the total contract rents applicable to the Exemption Area on the sixteenth anniversary of the tax year in which such TCO is issued; provided, however, that, with respect to either (a) or (b), if the New Owner fails to provide the contract rents on or before the Contract Rent Deadline, Contract Rent Differential Tax shall mean an amount equal to real property taxes that would otherwise be due in such tax year in the absence of any form of exemption from or abatement of real property taxation.
 - (5) “Conveyance Area” shall mean the real property located in the Borough of Manhattan, City and State of New York, identified as Block 1824, Lot 155 on the Tax Map of the City of New York.

- (6) “Current Owner” shall mean Church Home Associates, L.P.
- (7) “Effective Date” shall mean the later of (i) the date of conveyance of the Exemption Area to the HDFC, or (ii) the date that HPD and the New Owner enter into the Regulatory Agreement.
- (8) “Exemption Area” shall mean the real property located in the Borough of Manhattan, City and State of New York, identified as Block 1824, Lot 16 on the Tax Map of the City of New York.
- (9) “Expiration Date” shall mean the earlier to occur of (i) a date which is forty (40) years from the Effective Date, (ii) the date of the expiration or termination of the Regulatory Agreement, or (iii) the date upon which the Exemption Area ceases to be owned by either a housing development fund company or an entity wholly controlled by a housing development fund company.
- (10) “HDFC” shall mean Church Home Rental Housing Development Fund Company, Inc. or a housing development fund company that acquires the Exemption Area with the prior written consent of HPD.
- (11) “HPD” shall mean the Department of Housing Preservation and Development of the City of New York.
- (12) “New Exemption” shall mean the exemption from real property taxation provided hereunder with respect to the Exemption Area.
- (13) “New Owner” shall mean, collectively, the HDFC and the Company.
- (14) “New Project” shall mean the new multiple dwelling to be constructed on the Conveyance Area that (a) will be subject to a restrictive covenant for a maximum of four years from the date of execution and recordation thereof requiring, unless otherwise agreed to by HPD, a minimum of 288 dwelling units of rental housing, with at least 10% of the dwelling units in the New Project affordable to persons at or below 50% of Area Median Income (“AMI”), an additional 10% of the dwelling units in the New Project affordable to persons at or below 90% of AMI, and an additional 20% of the dwelling units in the New Project affordable to persons at or below 130% of AMI, (b) upon the construction loan closing for such New Project, shall thereafter be subject to a restrictive declaration or regulatory agreement for a term of at least 35 years requiring at a minimum the percentages of dwelling units at the affordability levels set forth in subparagraph (a) of this paragraph (14), and (c) shall not receive subsidy from HPD or any other government agency (except for a tax exemption under Real Property Tax Law 421-(a)(16) or Section 577 of the New York Private Housing Finance Law or any successor or equivalent thereof).
- (15) “PHFL” shall mean the Private Housing Finance Law.
- (16) “Prior Exemption” shall mean the exemption from real property taxation for the Exemption Area pursuant to Section 125 of the PHFL approved by the Board of Estimate on July 17, 1980 (Cal No. 11).
- (17) “Regulatory Agreement” shall mean the regulatory agreement between HPD and the New Owner establishing certain controls upon the operation of the Exemption Area during the term of the New Exemption.

- b. All of the value of the property in the Exemption Area, including both the land and any improvements (excluding those portions, if any, devoted to business, commercial, or community facility use), shall be exempt from real property taxation, other than assessments for local improvements, for a period commencing upon the Effective Date and terminating upon the Expiration Date.
 - c. Commencing upon the Effective Date, and during each year thereafter until the Expiration Date, the New Owner shall make real property tax payments in the sum of the Contract Rent Differential Tax. Notwithstanding the foregoing, the total annual real property tax payment by the New Owner shall not at any time exceed the lesser of (i) seventeen percent (17%) of the contract rents in the applicable tax year, or (ii) the amount of real property taxes that would otherwise be due in the absence of any form of exemption from or abatement of real property taxation provided by an existing or future local, state, or federal law, rule, or regulation.
 - d. Notwithstanding any provision hereof to the contrary:
 - (1) The New Exemption shall terminate if HPD determines at any time that (i) the Exemption Area is not being operated in accordance with the requirements of Article XI of the PHFL, (ii) the Exemption Area is not being operated in accordance with the requirements of the Regulatory Agreement, (iii) the Exemption Area is not being operated in accordance with the requirements of any other agreement with, or for the benefit of, the City of New York, (iv) any interest in the Exemption Area is conveyed or transferred to a new owner without the prior written approval of HPD, or (v) the construction or demolition of any private or multiple dwelling on the Exemption Area has commenced without the prior written consent of HPD. HPD shall deliver written notice of any such determination to the New Owner and all mortgagees of record, and, where there has been an unauthorized conveyance or transfer of any interest in the Exemption Area, to the new owner of such interest in the Exemption Area, which notice shall provide for an opportunity to cure of not less than sixty (60) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the New Exemption shall prospectively terminate.
 - (2) The New Exemption shall apply to all land in the Exemption Area, but shall only apply to a building on the Exemption Area that exists on the Effective Date.
 - (3) Nothing herein shall entitle the HDFC, the New Owner, or any other person or entity to a refund of any real property taxes which accrued and were paid with respect to the Exemption Area prior to the Effective Date.
 - e. In consideration of the New Exemption, the owner of the Exemption Area shall, for so long as the New Exemption shall remain in effect, waive the benefits of any additional or concurrent exemption from or abatement of real property taxation which may be authorized under any existing or future local, state, or federal law, rule, or regulation. Notwithstanding the foregoing, nothing herein shall prohibit the granting of any real property tax abatement pursuant to Sections 467-b or 467-c of the Real Property Tax Law to real property occupied by senior citizens or persons with disabilities.
2. Approve, pursuant to Section 125 of the PHFL, the termination of the Prior Exemption, which termination shall become effective one day preceding the conveyance of the Exemption Area from the Current Owner to the New Owner.
 3. Consent, pursuant to Section 123(4) of the PHFL, to the voluntary dissolution of the Current Owner.

4. If the conveyance of the Exemption Area from the Current Owner to the New Owner does not occur either (i) within one day following the termination of the Prior Exemption, or (ii) on the same day as the voluntary dissolution of the Current Owner, then all of the approvals and consents set forth above shall be null and void, the dissolution of the Current Owner shall be rescinded, and both the obligations of the Current Owner to remain an Article V redevelopment company and the Prior Exemption shall be reinstated as though they had never been terminated or interrupted.

The *Charter* provides that the Chairperson shall devote his/her full time to this position and as such, the Chair will receive compensation that is set by the Mayor. The Chair currently receives an annual salary of \$192,198.00. The other TLC members are not entitled to compensation.

Pursuant to the *Charter*, all TLC proceedings and all documents and records in its possession, shall be public records. Furthermore, the TLC is required to make an annual report to the Council, on or before the second Monday of January, of every year, concerning information that consists of the following; complaints received by the commission from the public, including, but is not limited to, complaints of overcharging, as well as enforcement actions undertaken by the commission, whether the enforcement action was dismissed or settled, or if a penalty was imposed by the commission on the subject of the enforcement action. The information regarding enforcement actions shall also include, but is not limited to; enforcement action relating to illegal street hails, unlicensed vehicles, overcharging, and toll lane infractions.

If Mr. Kest, a Brooklyn resident, receives the advice and consent of the Council and is subsequently appointed to the TLC, he will be eligible to complete the remainder of a seven-year term, expiring on January 31, 2019.

Report of the Committee on Women

Report for Int. No. 878-A

Report of the Committee on Women in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring lactation rooms in certain city spaces.

The Committee on Women, to which the annexed proposed amended local law was referred on May 9, 2018 (Minutes, page 1807), respectfully

REPORTS:

I. INTRODUCTION

On Monday, October 15, 2018, the Committee on Women, chaired by Council Member Helen K. Rosenthal, will consider a package of bills to empower parents: Proposed Int. No. 878-A, in relation to requiring lactation rooms in certain city spaces; Proposed Int. No. 879-A, in relation to requiring certain employers to provide lactation spaces; Proposed Int. No. 905-A, in relation to requiring employers to implement a lactation accommodation policy; Proposed Int. No. 913-A, in relation to access to doulas; and Proposed Int. No. 914-A, in relation to reporting on maternal mortality and morbidity. This will be the second hearing on the bills.

The first hearing on Preconsidered Int. Nos. 878, 879, and 905 was held on June 19, 2018, as a joint oversight hearing with the Committee on Governmental Operations, chaired by Council Member Fernando Cabrera, to consider legislation related to parenting. The first hearing on Preconsidered Int. Nos. 913 and 914, was a joint oversight hearing with the Committee on Health, chaired by Council Member Mark Levine, and examined maternal mortality in New York City (NYC). At both hearings, the Committees sought information on policies and procedures that affect pregnant persons and parents at NYC agencies, hospitals, and in the private sector, considering these five bills, in addition to several others before the Committee on Governmental Operations. The Committees also explored best practices and model policies for supporting pregnant persons and parents in NYC.

Those invited to testify included representatives from the Department of Health and Mental Hygiene (DOHMH), the Department of Citywide Administrative Services (DCAS), Department of Social Services (DSS), Department of Human Resources (HRA), Administration of Child Services (ACS), Department of Education (DOE), Department of Corrections (DOC), New York Police Department (NYPD), as well as advocacy groups, hospitals, medical training programs, doula organizations, labor unions, and other stakeholders and interested parties.

II. PROPOSED INT. NO. 878-A

Proposed Int. No. 878-A would require lactation rooms be made available in police precincts and City jail facilities accepting visitors. The legislation would further require that where a lactation room was not practicable, the police department or jail would provide an explanation to the Council for why it is not practicable to provide a room by August 1, 2019, disaggregated by building, and also annually provide information on any plans to improve access or provide for lactation rooms.

Section two of Proposed Int. No. 878-A establishes that the local law would take effect 90 days after it becomes law.

Since introduction, Proposed Int. No. 878-A was amended to update the definition of lactation room so that it is streamlined with other legislation on lactation rooms, clarified that the bill would only pertain to police precincts and city jails that allow visitors, and it also added a reporting requirement for those locations

where it would not be practicable to provide a lactation room to gain information on the issues related to providing a room and plans to address those issues in the future.

III. PROPOSED INT. NO. 879-A

Proposed Int. No. 879-A would require employers in the City with more than 15 employees to provide lactation spaces, as well as refrigerators in reasonable proximity to work areas for the purposes of storing breast milk, with certain exceptions such as where the employer shows undue hardship in providing the accommodation or where employers can share a space.

Section two of Proposed Int. No. 879-A would establish that the local law would take effect 120 days after it becomes law.

Since introduction, Proposed Int. 879-A was amended to streamline the definition of lactation room and clarify the language around the undue hardship exception, including with regard to the employer engaging in a cooperative dialogue, as required by subdivision 28 of the same section, where relevant.

IV. PROPOSED INT. NO. 905-A

Proposed Int. No. 905-A would require employers to establish policies describing lactation accommodations and the process by which an employee can request such accommodation, to be distributed to all new employees. It would also require the City Commission on Human Rights, in coordination with the DOHMH, to establish and make available a model lactation accommodation policy. There would also be a records retention requirement for employers.

Section two of Proposed Int. No. 905-A establishes that the local law would go into effect on the same date as Proposed Int. 879-A, takes effect, except that the commission on human rights shall take such measures as necessary for this implementation of this local law, including the promulgation of rules, before such date.

Since introduction, Proposed Int. 905-A was amended to streamline the definition of lactation room, remove the record retention requirement to streamline this section more fully with the rest of the Human Rights Law and this section of the code, and to clarify the process around the undue hardship exception.

V. PROPOSED INT. NO. 913-A

Section one of Proposed Int. 913-A adds a new administrative code section 17-199.10 that would define a doula as a trained person who provides continuous physical, emotional, and informational support to a pregnant person and the family before, during or shortly after childbirth, for the purpose of assisting a pregnant person through the birth experience; or a trained person who supports the family of a newborn during the first days and weeks after childbirth, providing evidence-based information, practical help, and advice to the family on newborn care, self-care, and nurturing of the new family unit.

Proposed Int. 913-A would require that DOHMH submit a plan to increase access to doulas for pregnant people in the city, which includes relevant timelines and strategies. It would provide several factors that the department could consider, and would additionally require the department to annually report on known city and community-based programs that provide doula services, including whether such programs offer training for doulas, areas or populations within the city in which residents experience disproportionately high rates of maternal mortality, infant mortality, and other poor birth outcomes, and any updated information regarding the plan to increase access.

Section two of Proposed Int. 913-A establishes that this local law would take effect immediately.

Since introduction, Proposed Int. 913-A was amended to expand the definition of a doula, to recognize that not all of the data to be considered is readily available, and to add several reporting requirements that reflect those factors that are known.

VI. PROPOSED INT. NO. 914-A

Section one of Proposed Int. 914-A amends administrative code section 17-199.3 to expand upon the annual report on maternal mortality and morbidity required pursuant to Local Law 55 of 2017. The legislation would expand upon the definitions provided in the report and require that DOHMH submit to the Speaker of the Council and publish in a machine-readable format the most recent calendar year data available regarding maternal mortality and mortality in the city in three reports. Pursuant to Proposed Int. 914-A, the first annual report would be due September 30, 2019 and no later than September 30 annually, and to the extent such data is available to the department, include the total number of live births; and the total number of maternal mortalities, disaggregated by information about the pregnant person or mother where such disaggregated data is available, including race or ethnicity, borough of residence and the most frequent causes of maternal mortality; and whether the death was pregnancy-associated or pregnancy-related. The legislation requires that the second report annually reports on the total number of severe maternal morbidities, disaggregated by information about the pregnant person or mother, where such disaggregated data is available and statistically reliable, including race or ethnicity, education, borough of residence, whether such person was born domestically or abroad, age, insurance status, trimester of prenatal care entry, preexisting health conditions, whether such person worked during pregnancy, whether such person had any previous miscarriages or still births, and whether the pregnancy resulted in the first live birth for such person. Under the legislation, this report also includes the maternal mortality ratio, disaggregated by race or ethnicity and borough of residence where available and statistically reliable and recommendations on how to reduce maternal mortality and enhance cooperation among city agencies to improve maternal health, particularly those agencies that have a mandate related to maternal health, including but not limited to the commission on gender equity.

Finally, Proposed Int. 914-A requires that by September 30, 2019, and every five years thereafter, the department submits to the Speaker and publishes in a machine readable format, additional information on maternal mortality. Data submitted would not jeopardize the confidentiality of the pregnant person, but includes factors such as age, education, and whether the maternal mortality occurred in a hospital or inpatient setting, emergency room or outpatient setting, at home, or in another location.

Section two of Proposed Int. 914-A adds a new section 17-199.3.1 to require the creation of a maternal mortality and morbidity review committee (M3RC). The legislation would require that the M3RC study the nature and extent of maternal mortality and the clinical factors and social determinants of health and that the committee represent a multi-disciplinary panel of representatives, including but not limited to representatives from various healthcare facilities, community based organizations with relevant experience, the doula community, researchers with relevant experience, and first responders. Additionally, Section 17-199.3 would require the DOHMH to post and update as necessary on its website a list of the disciplines represented on the M3RC and consult with the M3RC on any reports made pursuant to section 17-199.3.

Section three of Proposed Int. 914-A establishes that the local law would take effect immediately.

Since introduction, the title of Proposed Int. 914-A was updated to reflect a focus on maternal mortality and morbidity. The legislation was amended to define additional terms, reflect additional reporting categories, and to break the annual report into separate three reports to reflect available data and with consideration for data privacy. The three reports include: an annual report on maternal mortality that would include recommendations, an annual report on severe maternal mortality that would include recommendations, and a five-year report on maternal mortality.

Res. No. 561

Resolution calling upon the New York City Department of Education to provide human trafficking prevention training to public school administrators, teachers, and staff.

By Council Members Adams, Rosenthal, Lander, Ampry-Samuel, Moya, Levine, Holden, Cumbo, Maisel, Gibson and Chin.

Whereas, Human trafficking, which the Department of Homeland Security defines as “the use of force, fraud, or coercion to obtain some type of labor or commercial sex act,” is a significant concern for governments around the world; and

Whereas, According to the United Nations Human Rights Commission, the three primary forms of human trafficking are involuntary prostitution, forced labor, and debt bondage; and

Whereas, A report released by the United States Department of Health and Human Services (HHS) and the United States Department of Justice (DOJ), found that roughly 800,000 people are trafficked across international borders each year; and

Whereas, HHS and DOJ have also noted that 80 percent of these individuals are women and 50 percent are minors; and

Whereas, The State Department has estimated that approximately 17,000 individuals are trafficked into the U.S. each year; and

Whereas, During Fiscal Year (FY) 2017, DOJ secured convictions against 499 traffickers, an increase of 13.7 percent from the 439 convictions it secured in FY 2016; and

Whereas, The New York City Department of Education is the largest K-12 public school system in the United States, with more than 1.1 million students and over 1,800 schools; and

Whereas, In order to combat human trafficking, the Department of Education should provide basic training in recognizing the warning signs and risk factors of human trafficking to its administrators, teachers, and staff; and

Whereas, This training would allow the adults who work at public schools to develop a more effective skillset as instructors and advocates for their students; and

Whereas, It would also ensure that New York City remains at the forefront of best practices in public education, alongside the states of California, Virginia, and North Carolina, all of which have passed laws that mandated training in trafficking prevention; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Department of Education to provide human trafficking prevention training to public school administrators, teachers, and staff.

g. Additional inspections. 1. 2. The department shall post the results of the periodic inspections required by paragraph 1 of this subdivision on its website and the web portal within 35 days of conducting such additional inspections.

§ 2. This local law takes effect 60 days after it becomes law, except that the department of health and mental hygiene shall take such measures as are necessary for the implementation of this local law, including the promulgation of rules, before such date.

Res. No. 562

Resolution calling on the United States Congress to pass, and the President to sign, HR. 6103/S. 3076, which would establish a national commission on the federal response to the 2017 natural disasters in Puerto Rico.

By Council Member Ayala, The Speaker (Council Member Johnson) and Council Members Rivera, Salamanca, Miller, Rosenthal and Chin.

Whereas, New York City has the largest Puerto Rican population of any mainland city and many New Yorkers have deep ties to the Island; and,

Whereas, In September 2017, Puerto Rico was hit by a series of natural disasters that included hurricanes, landslides and widespread flooding; and,

Whereas, The most devastating of these was Hurricane Maria; and,

Whereas, Together, these disasters destroyed more than a third of homes on the Island, knocked out power to all 3.4 million residents and contributed to the spread of disease; and,

Whereas, Credit rating agency Moody's estimated the cost of the damage to be somewhere between \$45 billion and \$95 billion; and,

Whereas, In addition to the devastating effects on Puerto Rico's environment, infrastructure and economy, the hurricanes caused widespread fatalities; and,

Whereas, The original death toll, which was the official tally for months, stated that only 64 fatalities were due to the hurricanes and their lingering effects; and,

Whereas, However, a recent study by researchers from the George Washington University put the death toll at nearly 3,000, which is more than 46 times the official count; and,

Whereas, Officials in Puerto Rico have failed to be transparent with the information and data on the impact of the natural disasters; and,

Whereas, Information has become so difficult to access that news outlets CNN and the Center for Investigative Journalism sued the Puerto Rican government for access to death records and associated data; and,

Whereas, The federal government's response to the disasters in Puerto Rico also appears to be underwhelming, especially in comparison to the support offered to the mainland states that were effected by different hurricanes in 2017; and,

Whereas, Despite Hurricane Maria being the tenth-most intense Atlantic hurricane, a joint investigation by PBS Frontline and NPR showed that the federal government had three times as many people on the ground in Texas and twice as many as in Florida than it did in Puerto Rico, a week after each storm hit; and,

Whereas, This same investigation reported that nine days after each hurricane, there was twice as much water and four times as many meals and tarps distributed by federal officials in Houston and Florida than in Puerto Rico; and,

Whereas, The recovery efforts in Puerto Rico have also been marred by possible criminal behavior on the part of contractors; and,

Whereas, The FBI and other agencies are investigating the \$300 million contract between the Puerto Rico Electric Power Authority and Whitefish Energy Holdings to repair the Island's power grid, which was cancelled soon after the specifics of the contract and bid were scrutinized by reporters; and,

Whereas, The lack of a transparent, consistent and coordinated response to the disasters in Puerto Rico is troubling; and,

Whereas, In June, 2018, New York representatives Congresswoman Nydia Velázquez and Senator Kirsten Gillibrand introduced legislation that would establish a national commission to investigate the federal government's disaster relief efforts in Puerto Rico;

Whereas, HR. 6103/S. 3076 would establish an eight member panel, with subpoena power, to examine the federal government's preparedness, response, and recovery efforts and how the incredibly low, official death count contributed to the inadequate response; and,

Whereas, It has been a year since Hurricane Maria hit the Island and new hurricane season is about to start; and

Whereas, It is imperative that the inadequate and unequal federal relief effort, the lack of transparency, and the unreliable, original death toll, finally be addressed; now, therefore, be it

Resolved, That the United States Congress pass, and the President sign, HR 6103/S 3076, which would establish a national commission on the federal response to the 2017 natural disasters in Puerto Rico.

Res. No. 563

Resolution in support of #CountMeIn, which seeks to strengthen the labor movement.

By Council Members Constantinides, Kallos, Torres, Reynoso, Moya, Brannan, Grodenchik, Ayala, Cabrera, Lancman, Rosenthal, Van Bramer, Gibson, Holden, Koslowitz, Salamanca, Dromm, Richards, Miller, Levin, Williams, Chin, Maisel, Cohen, Adams, Menchaca and Ulrich.

Whereas, #CountMeIn is a rank and file movement comprised of New York City union construction workers that have stated they are fighting against corporate greed and open shop policies, while demanding fair wages, benefits, and working conditions; and

Whereas, In light of large-scale, nationwide attacks on workers, including right-to-work laws, highlighted in the recent *Janus v. American Federation of State, County, and Municipal Employees*, Council 31 case, which banned mandatory agency fees for public sector unions, and since the 2008 recession, the increased prevalence of non-union contractors in large developer projects, #CountMeIn has formed to advocate for union workers across New York City; and

Whereas, According to a 2018 New York Times article, in New York City's construction industry, there has been a growing trend where developers who had customarily done all-union jobs have turned to open shop policies, which allow employers to employ both union and non-union workers; and

Whereas, Presently, #CountMeIn has been actively protesting Related Companies, a privately held New York City developer and landlord, for its use of non-union labor within the Hudson Yards development, a \$20 billion project located on Manhattan's West Side; and

Whereas, The American Federation of Labor and Congress of Industrial Organizations (AFL-CIO) New York City Central Labor Council states that Related Companies' use of the open shop model of development forces skilled tradespeople of the building trades, generally union workers, to work alongside workers who are often underpaid, exploited by their employer, and lack the training to ensure a safe job site, generally non-union workers; and

Whereas, To highlight these disparities, the Economic Policy Institute indicates that there is a noticeable difference in hourly wages for New York City union and non-union construction workers, with union hourly wages of \$23.95 as compared to non-union hourly wages of \$16.84 in 2015; and

Whereas, Also, the New York Committee for Occupational Safety and Health's (NYCOSH) January 2018 report shows that non-union job sites are dangerous for workers, with 93.8% of the City's private worksite construction worker fatalities in 2016 being non-union; and

Whereas, In addition to statistics that show union workers receive higher wages, better benefits, and maintain safer work sites as compared to non-union workers, the New York City Independent Budget Office has reported that New York City has committed \$266 million by 2021 of its own capital funds for work associated with the Hudson Yards development and Related Companies on the basis that the development will promise good, middle-class jobs for New York City residents; and

Whereas, Being that the City of New York is a heavily unionized city and has invested millions of dollars into the Hudson Yards development, according to the #CountMeIn movement, Related Companies has a responsibility to honor their commitment to New Yorkers and provide good, middle-class, union construction jobs to workers; and

Whereas, #CountMeIn has been an integral part of the process of strengthening the labor movement within New York City, while showing strong support for union work, which is associated with better wages, more benefits, and safer working conditions; now, therefore, be it

Resolved, That the Council of the City of New York is in support of #CountMeIn, which seeks to strengthen the labor movement.

2. To renew an installment agreement under this section, an applicant must submit a renewal application to the department on or before one year from the date such installment agreement was entered into and each year thereafter for which renewal is sought. To be eligible to renew such agreement, an applicant must demonstrate that:

(a) the property continues to be the primary residence of such applicant and such residence has been uninterrupted since the date the initial installment agreement was entered into; and

(b) the combined income of such applicant and of all the additional property owners does not exceed \$50,000 for the income tax year immediately preceding the date of the renewal of such installment agreement, except that an applicant for the renewal of an income-based installment agreement pursuant to subdivision m of this section is not required to submit income information.

i. *Effects of installment agreement on tax lien and tax lien sale.* 1. The execution of an installment agreement pursuant to this section shall not suspend the accrual of liens, interest and other charges against the property, which continue to accrue in accordance with applicable law.

2. A property for which an application has been submitted that contains proof of income and, for a senior low-income installment agreement described in subdivision l, proof of age, and that is signed, but is otherwise incomplete, shall be withdrawn from the next tax lien sale. Such property, however, shall be included in the tax lien sale subsequent to the next tax lien sale if a completed application is not submitted within 45 days from the date of the additional information request notice sent to the applicant by the department or if the completed application is denied.

j. *Amount subject to installment agreement.* 1. Each approved installment agreement shall set forth terms of repayment, including (i) the frequency of payments, (ii) the percentage of the taxes and charges that forms the basis of the required payment for the senior low-income installment agreement described in subdivision l, or the percentage of the combined income of the property owners for the income tax year immediately preceding the initial application that forms the basis of the required payment for the installment agreement for the income-based and the extenuating circumstances income-based installment agreements described in subdivision m and n respectively, (iii) the payment schedule and (iv) the payment amount.

2. A lien sold in a tax lien sale before the date of an application for an installment agreement is not eligible to be included in an installment agreement under this section.

3. The applicant may choose to include the cost of the title search required to be submitted with an application pursuant to subparagraph (a) of paragraph 1 of subdivision g of this section in the amount subject to the installment agreement. If an applicant chooses to include such cost, the applicant may either select a title company to conduct the required search and present documentation to the department of the cost, or direct the department to use a title company selected by the department. The department shall pay the cost of the title search and be reimbursed by the applicant through the addition of the cost to the amount subject to the installment agreement. The applicant shall make such reimbursement in the first year of the installment agreement, in monthly or quarterly payments, consistent with the payment frequency selected for the installment agreement. The cost of the title search shall bear interest at the same rate as the interest on unpaid real property tax as provided in section 11-224.1 of the code.

4. (a) Any time the amount of the liens on a property subject to an installment agreement under this section exceeds 25 percent of the net equity in such property, the applicant shall pay all taxes and charges

imposed against the property that exceed 25 percent of the net equity in the property as such taxes and charges become due, in addition to the payment amount set forth in the installment agreement.

(b) Notwithstanding subparagraph (a) of this paragraph and provided that section 581 of the real property tax law is in effect in the same form as such section was in effect as of the effective date of the local law that added this section, for property that is a dwelling unit in a condominium subject to an installment agreement under this section and for which an appraisal has not been obtained pursuant to paragraph 4 of subdivision g of this section, any time the amount of the liens subject to such agreement exceeds 50 percent of the net equity in such property, the applicant shall pay all taxes and charges imposed against such property that exceed 50 percent of the net equity in such property as such taxes and charges become due, in addition to the payment amount set forth in the installment agreement. For property that is a dwelling unit in a condominium and for which an appraisal has been obtained pursuant to paragraph 4 of subdivision g of this section, any time the amount of the liens subject to an installment agreement under this section exceeds the higher of (i) 50 percent of the net equity in such property based on the fair market value determined by the department; or (ii) 25 percent of the net equity in such property based on the fair market value determined by the appraisal obtained by the applicant, the applicant shall pay all taxes and charges imposed against such property that exceed the higher of the amounts described by clause (i) and (ii) of this subparagraph as such taxes and charges become due, in addition to the payment amount set forth in the installment agreement.

(c) The department shall provide each applicant with a written projection at the time the installment agreement is entered into as to when the 25 or 50 percent threshold, as determined pursuant to subparagraphs (a) and (b) of this paragraph, will be exceeded. The department shall also notify each property owner in writing when the amount of the liens exceeds such threshold. Failure by the department to provide an applicant with such projection or to notify a property owner when the amount of the liens exceeds the applicable threshold, however, shall not affect the validity of the installment agreement that has been entered into, nor shall any claim arise or exist against the commissioner of finance or any officer or agency of the city by reason of such failure to provide such projection or such notification.

5. If at any time the department determines that the fair market value of a property subject to an installment agreement under this section has increased, an applicant may request that the net equity in such property be recalculated and the net equity amount included in such installment agreement be adjusted to reflect the recalculated net equity in such property.

6. If the combined income of all of the property owners exceeds \$50,000 for the income tax year immediately preceding the date of making a renewal application pursuant to subdivision h of this section, the applicant shall pay all taxes and charges imposed against the property after the date of such renewal application as such taxes and charges become due, in addition to the payment amount set forth in such installment agreement.

k. Termination of installment agreement. 1. An installment agreement shall be terminated when any of the following occurs:

(a) The property whose liens are the subject of such installment agreement is no longer the primary residence of the applicant.

(b) The fixed term of the installment agreement expires. An applicant whose installment agreement has been terminated because of such expiration may apply to enter into an installment agreement pursuant to section 11-322 or to this section.

(c) The applicant is deceased.

(d) The applicant opts out of an installment agreement without a fixed term as described in paragraph 1 of subdivision l of this section. An applicant who opts out of such agreement may apply to enter into an installment agreement pursuant to section 11-322 or to this section.

(e) The applicant does not file a timely renewal application as required by subdivision h of this section.

(f) The applicant is in default and has not cured such default as provided in subparagraph (a) of paragraph 3 of this subdivision prior to the next tax lien sale.

(g) The applicant has defaulted on the installment agreement and has cured such default by entering into a new installment agreement pursuant to clause (2) or (3) of subparagraph (a) of paragraph 3 of this subdivision.

2. If an installment agreement is terminated, all taxes and charges that accrued before such termination are required to be paid. If such taxes and charges are not paid within six months of such termination, the tax

lien or tax liens on such property may be sold. Notwithstanding the preceding sentence, if an agreement is terminated pursuant to subparagraph (c) of paragraph 1 of this subdivision, a surviving spouse has one year from the death of the applicant to pay all taxes and charges on such property before the tax lien or tax liens on such property may be sold. If such surviving spouse is a property owner, he or she may enter into a separate installment agreement pursuant to section 11-322 or subdivision l, m or n of this section, as long as he or she meets the eligibility requirements for the respective installment agreement.

3. Cure of default. (a) An applicant may cure a default by:

(1) bringing all installment payments and all current charges, including but not limited to any interest and fees, that are outstanding at the time of the default to a current status prior to the date of the tax lien sale;

(2) entering into a new installment agreement with a down payment of 20 percent, or more, of all delinquent real property taxes, assessments, sewer rents, sewer surcharges, water rents and other charges that are made a lien subject to the provisions of this chapter, including any outstanding interest and fees, prior to the date of such sale; or

(3) entering into a new installment agreement under this section if the department has made a finding of extenuating circumstances pursuant to the process described in paragraph (4) of subdivision (e) of section 40-03 of title 19 of the rules of the city of New York.

(b) If a default is not cured prior to the date of the tax lien sale, such applicant shall not be eligible to enter into an installment agreement for the subject property for five years, unless the department has made a finding of extenuating circumstances pursuant to the process described in paragraph (4) of subdivision (e) of section 40-03 of title 19 of the rules of the city of New York.

(c) Notwithstanding the prohibition in subparagraph (b) of this paragraph against entering into an installment agreement for the subject property for five years, an applicant who has defaulted on an installment agreement and whose lien has been sold and, after the sale of the lien, whose property on which the lien was sold is subject to another tax lien that is eligible to be sold, may apply to enter into another installment agreement with respect to such other lien before the end of such five-year period, provided that such applicant makes a down payment of 20 percent, or more, of all delinquent real property taxes, assessments, sewer rents, sewer surcharges, water rents and other charges that are made a lien subject to the provisions of this chapter, including any outstanding interest and fees, prior to the date of the tax lien sale. An applicant shall not be eligible to enter an installment agreement with a down payment under this subparagraph more than once for the subject property.

l. Senior low-income installment agreement. 1. At the option of the applicant, a senior low-income installment agreement may provide for payments for a fixed period of time or for payments without a fixed period of time. If the applicant selects an installment agreement with a fixed time period, the applicant may select the term of the agreement. The applicant may switch from an installment agreement without a fixed time period to an installment agreement with a fixed time period, or from an installment agreement with a fixed time period to an installment agreement without a fixed time period, at any point.

2. A senior low-income installment agreement shall provide for the payment of both a percentage of taxes and charges that have accrued and a percentage of taxes and charges that will accrue after the date of the installment agreement. The applicant may elect to pay an installment amount based on zero percent, 25 percent, 50 percent or 75 percent of the annual taxes and charges that have accrued and that will accrue. If the applicant selects an agreement with a fixed time period, the required payment shall be based on the percentage selected and the term selected. If the applicant selects an agreement without a fixed time period, the required payment shall be based on the percentage selected for prospective taxes and charges and a partial or full payment of the percentage of taxes and charges that have accrued. The applicant may adjust the payment percentage at any point during the installment agreement, but may not make more than one such adjustment during any six-month period.

m. Income-based installment agreement. 1. At the option of the applicant, an income-based installment agreement pursuant to this subdivision may provide for the payment of (i) only taxes and charges that have accrued or (ii) taxes and charges that have accrued and taxes and charges that will accrue over the next fiscal year. If option (i) is selected, the applicant shall pay all taxes and charges that become due on the property after the installment agreement is entered into in addition to the payment schedule provided in the installment agreement. If option (ii) is selected, the applicant shall pay all taxes and charges that will accrue on the

property after the installment agreement has been in effect for one year in addition to the payment schedule provided in the installment agreement.

2. The annual payment amount required pursuant to an installment agreement described by this subdivision shall be based on a percentage of the combined income of all of the property owners for the income tax year immediately preceding the initial application for such installment agreement. The applicant may select a percentage of two percent, four percent, six percent or eight percent of such combined income. The installment payment shall be calculated by dividing the annual payment amount by 12 or four, depending on whether a monthly or quarterly payment schedule is selected. The term of the agreement shall be calculated by dividing the taxes and charges included in the agreement pursuant to paragraph 1 of this subdivision by the installment payment determined by the calculation described in this paragraph.

n. *Extenuating circumstances income-based installment agreement.* 1. An extenuating circumstances income-based installment agreement shall provide for the payment, during the period of such agreement, of a percentage of taxes and charges that have accrued on the property and taxes and charges that accrue after the date of the installment agreement.

2. The annual payment amount required pursuant to an installment agreement described by this subdivision shall be based on a percentage of the combined income of all of the property owners for the income tax year immediately preceding the initial application for an installment agreement. The applicant may select a percentage of two percent, four percent, six percent, or eight percent of such combined income. Such installment payment shall be calculated by dividing the annual payment amount by 12 or four, depending on whether a monthly or quarterly payment schedule is selected. The installment agreement shall be for a term of one year but may be extended on a yearly basis if the department determines that the extenuating circumstances continue.

3. An applicant may adjust the payment percentage at any point during the installment agreement, but may not make more than one such adjustment during any six-month period.

o. After an applicant has entered into an installment agreement with the department pursuant to this section, the department shall record the entry of such agreement on the automated city register information access system. Failure by the department to record such agreement, however, shall in no manner affect the validity of such agreement, nor shall any claim arise or exist against the commissioner of finance or any officer or agency of the city by reason of such failure to record.

p. All installment agreements executed on or after January 1, 2019 pursuant to this section shall include:

1. a conspicuous statement that if payments required from an applicant pursuant to such an agreement are not made for a period of six months, such applicant shall be in default of such agreement, and the tax lien or tax liens on the subject property may be sold, provided, however, that such default may be cured upon such applicant's bringing all installment payments and all current charges that are outstanding at the time of the default to a current status, which shall include, but not be limited to, any outstanding interest and fees, prior to the date of the tax lien sale;

2. a notification that if such default is not cured prior to the date of the tax lien sale, such property owner shall not be eligible to enter into an installment agreement for the subject property for five years, unless a finding of extenuating circumstances has been made by the department pursuant to the process described in paragraph (4) of subdivision (e) of section 40-03 of title 19 of the rules of the city of New York;

3. the definition of extenuating circumstances pursuant to such paragraph; and

4. a statement describing the conditions under which the property owner may be eligible, after default, to enter into another installment agreement in accordance with paragraph 3 of subdivision k of this section.

§ 2. Subdivision g of section 11-320 of the administrative code of the city of New York, as added by local law number 15 for the year 2011, is amended to read as follows:

g. No later than one hundred twenty days after the tax lien sale, the commissioner of finance shall submit to the council a list of all properties, identified by block and lot, noticed for sale pursuant to subdivision b of this section. Such list shall also include a description of the disposition of such properties that shall include, but not be limited to, whether an owner entered into a payment plan with the city pursuant to section 11-322 or 11-322.1 of this chapter, whether an owner satisfied the tax lien or liens, whether ownership of the property was transferred, provided that such information is available to the city, or whether the property was distressed, as defined in subdivision four of section 11-401 of this title, or removed from the sale pursuant to the discretion of the commissioner of the department of housing preservation and development.

§ 3. Section 11-321 of the administrative code of the city of New York, as amended by local law number 26 for the year 1996, is amended to read as follows:

§ 11-321 Continuation of sale; notice required. A sale of a tax lien or tax liens may be continued from time to time, if necessary, until all the tax liens on the property so advertised and noticed shall be sold unless such sale is canceled or postponed in accordance with section 11-322 *or 11-322.1* of this chapter. If a sale of a tax lien or tax liens is continued, the commissioner of finance, or his or her designee, shall give such notice as is practicable of such continuation.

§ 4. This local law takes effect on January 1, 2019 and remains in effect until December 31, 2020 when this local law is deemed repealed, except that the commissioner of finance may take any measures necessary for the implementation of this local law, including the promulgation of rules, before such effective date.

A retail store shall not include any store which:

(a) Has as its only full-time employee the owner thereof, or the parent, spouse, domestic partner or child of the owner, and in addition thereto not more than two full-time employees; or

(b) Had annual gross sales of stock keeping items in the previous calendar year of less than two million dollars, unless the retail store is part of a network of subsidiaries, affiliates or other member stores, under direct or indirect common control, which, as a group, had annual gross sales of stock keeping items in the previous calendar year of two million dollars or more; or

7. "Computer-assisted checkout system" shall mean any electronic device, computer system or machine which indicates the selling price of a stock keeping item by interpreting its universal product code, or an in-house product code, or by use of its price look-up function.

8. "Price look-up function" shall mean the capability of any checkout system to determine the retail price of a stock keeping item by way of the manual entry into the system of a code number assigned to that particular stock keeping unit by the retail store or by way of the checkout operator's consultation of a file maintained at the point of sale.

9. "Inspector" shall mean the commissioner or his or her designee.

10. "Price scanner" shall mean a laser scanning or other computer assisted price checking mechanism used in conjunction with scanner codes.

b. Item pricing required. 1. Except as provided in subdivision c of this section, every person, firm, partnership, corporation or association which sells, offers for sale or exposes for sale in a retail store, a stock

keeping unit, shall disclose to the consumer the item price of each stock keeping item, by causing the item price to be conspicuously, clearly and plainly marked, stamped, tagged or affixed thereto.

2. *Retail store exception. A retail store is not required to comply with the item pricing requirement as provided in this subdivision where the retail store has the following:*

(a) *Clearly marked and functioning price scanners for consumer use;*

(b) *A sufficient number of price scanners, as determined by the commissioner, in proportion to the retail store size; and*

(c) *Clearly marked items capable of being scanned by a price scanner.*

Whereas, In some neighborhoods, landlords who lease their properties to small businesses seek steep rent increases when it comes time for their small business tenants to renew their leases; and

Whereas, According to a 2017 report by the City Council, “Planning for Retail Diversity: Supporting NYC’s Neighborhood Businesses,” these rent increases could be as much as 50 percent or more on average; and

Whereas, The Council’s analysis of data from the Real Estate Board of New York showed that the average retail asking rents in Manhattan grew 44 percent between 2006 and 2016; and

Whereas, The extreme increases in commercial rents have forced several small businesses to shut down causing neighborhoods to lose long-standing businesses that provided them with vital services for decades; and

Whereas, New York City has existing programs to help certain populations maintain an affordable rent; and

Whereas, For example, low-income senior citizens and people with disabilities in rent-regulated apartments are protected by the Senior Citizen Rent Increase Exemption (SCRIE) program and the Disability Rent Increase Exemption (DRIE) program, known collectively as the New York City Rent Freeze Program; and

Whereas, The Rent Freeze Program freezes the rent for eligible residents of rent-regulated housing who have annual household incomes of \$50,000 or less, are over the age of 62 or have a qualifying disability, and who pay more than one-third of their incomes on rent; and

Whereas, In the program, landlords receive the difference between the legal regulated rent and the frozen rent amount in the form of a refundable property tax abatement; and

Whereas, According to the Fiscal 2018 Annual Report on Tax Expenditures published by the Department of Finance, the Rent Freeze Program provided more than 72,000 senior citizens and people with disabilities with rental assistance at a cost to the City of nearly \$177 million; and

Whereas, Creating a similar program to SCRIE and DRIE called the Commercial Rent Increase Exemption (CRIE) program would help small commercial businesses address rent increase issues and incentivize landlords to limit the increase in commercial rent for small businesses; and

Whereas, The abatement would offset a variable proportion of the difference between the expected new market rent the owner could charge and the actual rent charged under the new lease; and

Whereas, Under this program, the new market rent would be determined by the Department of Finance using data reported by property owners through the annually required Real Property Income and Expense statement; and

Whereas, The City would be authorized to determine the eligibility criteria for small businesses, landlords, and lease conditions that qualify for the abatement and would also be authorized to cap the total amount of abatement given out per year and/or restrict the abatement to areas of the City that have seen massive increases in commercial asking rents; and

Whereas, Small businesses define the identities of New York City's diverse neighborhoods and action must be taken to preserve the character of our local retail and these neighborhoods; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to introduce and pass, and the Governor to sign, legislation authorizing the New York City to create a Commercial Rent Increase Exemption program, which will provide a property tax abatement to landlords who enter into long-term affordable lease agreements with small businesses.

Res. No. 566

Resolution calling on the state legislature to pass and the Governor to sign, A.10935-A and S.8844-A, which would amend the education law to automatically enroll “optional employees” in the New York City Board of Education Retirement System (BERS) after 90 days of employment unless the employee affirmatively opts in or out of the program in advance.

By Council Members Miller, Dromm, Rosenthal and Gibson.

Whereas, Public-sector employees comprise a significant portion of New York City’s workforce; and

Whereas, According to a report from the Department of Citywide Administrative Services (DCAS), the City of New York employs approximately 363,000 people, or 8.2 percent of the city’s total workforce, as estimated by the Bureau of Labor Statistics; and

Whereas, DCAS also found that roughly 37,000, or 10 percent of city government employees, are part-time or temporary employees, and that 29 percent of all City employees, or roughly 105,000 people, are eligible to retire within the next five years; and

Whereas, Currently, part-time and temporary employees, as well as those who are not required to take civil service exams, are allowed optional enrollment in the Board of Education Retirement System (BERS), which, according to the office of the Comptroller, holds over \$4 billion in assets; and

Whereas, Part-time City employees have been eligible for pension benefits since 1988, when the State Court of Appeals ruled in their favor in a 7-0 decision; and

Whereas, Pension enrollment is optional; and

Whereas, According to the Chief Actuary for the New York City Retirement Systems and Pension Funds, only 73 percent of eligible employees join BERS; and

Whereas, Furthermore, the Chief Actuary has reported that 64 percent of those who have not elected to enroll are women, with an average salary of approximately \$22,410; and

Whereas, A simple lack of awareness can mean that a committed City employee can lose access to years of benefits to which he or she is entitled; and

Whereas, There is currently legislation in both the New York State Assembly and the New York State Senate that would address this issue; and

Whereas, A.10935-A and its companion, S.8844-A, would amend the education law by automatically enrolling new employees in the pension system 90 days after beginning employment; and

Whereas, The proposed legislation would also allow employees to either opt-in immediately or opt-out in accordance with their wishes; and

Whereas, These bills have won the support of District Council 37, New York City’s largest public employee union, which represents 125,000 members and 50,000 retirees, and

Whereas, Most importantly, however this measure would ensure that City employees can obtain the pension benefits that they have earned; now, therefore, be it

Resolved, That the Council of the City of New York calls on the state legislature to pass and the Governor to sign, A.10935-A and S.8844-A, which would amend the education law to automatically enroll “optional employees” in to the New York City Board of Education Retirement System (BERS) after 90 days of employment unless the employee affirmatively opts in or out of the program in advance.

Resolution calling upon the United States Congress to pass, and the President to sign S.2605/H.R.6096, known as the "Reward Work Act of 2018," which bans unjustified stock buy-backs and requires every listed company to enable employees to elect one-third of the board of directors.

By Council Member Rosenthal.

Whereas, In many industrialized nations employees at large companies elect representatives to their firm's board of directors in order to advocate the employees' interests and point of view to management; and

Whereas, This practice, known as codetermination, has been shown by research to be a positive attribute for companies, particularly when it comes to raising productivity; and

Whereas, codetermination can provide workers with real power over decision-making that can have a direct impact on their employment; and

Whereas, Support for codetermination is based upon the conviction that the interests of workers are currently massively undervalued and empirical evidence shows that codetermination rights both at the board- and workplace-level help to redress this balance; and

Whereas, Codetermination is a widely-practiced concept in Europe, and economic studies have shown that, especially in Germany where codetermination is extensively integrated into the workplace, codetermined firms that achieved parity between workers and shareholders were likely to be more diversified, at reduced risk of the firm failing and also less likely to undergo restructuring and layoffs; and

Whereas, Evidence from Europe shows that when employees are given meaningful power through codetermination, workers actively participate in the running of their companies, often increasing productivity and making their workplace a better place to work; and

Whereas, The practice of codetermination has a long history abroad as a successful policy to reduce income disparities, strengthen local communities, improve job security and grow real wages; and

Whereas, An April 2018 survey by Civis Analytics found that a majority (53 percent) of American, support the concept of codetermination; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to pass, and the President to sign S.2605/H.R.6096, known as the “Reward Work Act of 2018,” which bans unjustified stock buy-backs and requires every listed company to enable employees to elect one-third of the board of directors.

Resolution calling on the Veterans Administration to name its hospital in Manhattan after the American Revolutionary War heroine Margaret Corbin, who survived a battle that occurred in Manhattan and became the first female to receive a military pension.

By Council Members Rosenthal, Constantinides, Borelli, and Deutsch.

Whereas, Throughout human history, from Joan of Arc to Florence Nightingale, women have made extraordinary contributions during times of war; and

Whereas, Born in 1751, Margaret Corbin is one of the great unsung heroes of the American Revolution; and

Whereas, At the beginning of the Revolutionary War, she supported the troops by cooking for them and washing their clothes at military camps; and

Whereas, However, in November of 1776, her husband was killed during a battle with Hessian mercenaries, at what is now known as Fort Tryon Park in upper Manhattan; and

Whereas, Despite her shock and grief, she immediately took charge of his unmanned cannon and started firing at the enemy with extraordinary vigor and force; and

Whereas, She continued to fire until munitions struck her, bruising her chest, lacerating her jaw, and nearly severing her left arm, which she was unable to use for the rest of her life; and

Whereas, She subsequently entered the Invalid Regiment at West Point, where she cared for other wounded soldiers; and

Whereas, According to the United States Military Academy, she struggled both emotionally and financially in her later years; and

Whereas, On July 6, 1779, she received a lifetime disability pension of one-half pay, which made her the first woman to receive a pension from the government; and

Whereas, She died in 1800, at the age of 48; and

Whereas, There are commemorative markers dedicated to her at Fort Tryon Park and at Holyrood Church on West 179th Street; and

Whereas, In recognition of her unique legacy of physical bravery and service to others, the Veterans Administration should rename its Manhattan hospital after her; and

Whereas, This would renew interest in her memory and inspire both men and women to serve in uniform in the future; now, therefore, be it

Resolved, That the Council of the City of New York calls on the Veterans Administration to name its hospital in Manhattan after the American Revolutionary War heroine Margaret Corbin, who survived a battle that occurred in Manhattan and became the first female to receive a military pension.

Int. No. 1175

By Council Members Treyger, Levin and Chin.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the department of education to report on District 75 student and parent building access

Be it enacted by the Council as follows:

Section 1. Section 21-951 of chapter 2 of Title 21-A of the administrative code of the city of New York is amended to read as follows:

§ 21-951. Annual reporting on co-located schools.

a. For the purposes of this section, *the following terms have the following meanings:*

Co-located school. The [the] term “co-located school” [shall mean] *means* any public school serving students in the elementary, middle or high school grades, or any combination thereof, including any charter school or *District 75 school*, which shares space with another public school in a building within the city school district of the city of New York.

District 75 school. The term *District 75 school* means a school designated as such by the department because the school provides highly specialized instructional support for students with significant challenges, such as Autism Spectrum Disorders, significant cognitive delays, emotional disturbances, sensory impairments and multiple disabilities.

b. Not later than the thirtieth day of August of the year 2015 and annually thereafter, the department shall submit to the council and post on the department's website a report regarding information on all co-located schools for the prior school year. Such report shall include, but not be limited to[,] (i) a comparison of demographic information including, but not limited to race, ethnicity, English language learner status, special education status, and the percentage of students eligible for the free and reduced price lunch program; [and] (ii) information regarding student academic performance, including but not limited to, student scores received on state examinations; and (iii) where a *District 75 school* is a *co-located school*, the policy regarding building entrances, in particular the use of the general education entrances for *District 75* students and parents, including a summary of current practices and recommendations for best practices.

c. No information that is otherwise required to be reported pursuant to this section shall be reported in a manner that would violate any applicable provision of federal, state or local law relating to the privacy of student information or that would interfere with law enforcement investigations or otherwise conflict with the interests of law enforcement. If a category contains between 0 and 9 students, or allows another category to be narrowed to between 0 and 9 students, the number shall be replaced with a symbol.

§ 2. This local law takes effect immediately.

Res. No. 569

Resolution calling upon the New York City Department of Education to factor in poverty as a weight in the Fair Student Funding formula for schools beginning at fourth grade or later.

By Council Members Treyger, Ampry-Samuel and Rose.

Whereas, The New York City Department of Education (DOE) funds all of its schools partially through Fair Student Funding (FSF), which is funding used by schools to cover basic needs and which can be used at the principal's discretion; and

Whereas, The FSF formula is calculated on the basis of student needs, comprised of three factors: grade weight, portfolio weight, and need weight; and

Whereas, Grade weight is determined by each student's grade level, providing the largest allocation for middle school students, who are deemed to have the greatest social-emotional needs, and the largest risk of drop-off in student achievement; and

Whereas, Portfolio weight is determined based on students who face significant graduation challenges; and

Whereas, Need weight is determined based on a student's English language proficiency, special education needs, and academic intervention needs; and

Whereas, Academic intervention needs are defined by poverty weight for schools beginning before fourth grade, and achievement weight for schools beginning at fourth grade or later; and

Whereas, For students in schools beginning before fourth grade, poverty weight is used as a proxy for academic achievement, in the absence of test score data, and students qualify for poverty weight based on free lunch eligibility, as determined by family income; and

Whereas, For students in schools beginning in fourth grade or later, students receive achievement weights based on test score data, deemed "well below standards," or "below standards"; and

Whereas, If DOE broadened its determination of "poverty weight" to include students living in temporary housing as an additional indication of poverty, many more New York City students and schools would benefit from additional FSF allocations; and

Whereas, If DOE took into account poverty weight for schools beginning at fourth grade or later, many more New York City students and schools would benefit from additional FSF allocations; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Department of Education to factor in poverty as a weight in the Fair Student Funding formula for schools beginning at fourth grade or later.
