Hon. CHARLES V. FORNES, President, Board of Aldermen, New York City, N. Y.:

Dear Sir—I have been directed to forward you copies of the inclosed resolutions recently adopted by this Board, and to invite your consideration to the objects referred to.

I understand that action was taken by the City authorities with reference to Fraunces Tavern on the day these resolutions were adopted, although not precisely in the line of our action.

The matter of the Fulton Centennial is one that would be of great general interest, not only as an educational exhibition, but it would by its uniqueness attract many thousands of visitors to New York, and be a great benefit to all of our citizens.

If it is to be inaugurated upon a proper scale, it is of importance that the City should take the initiative, and to that end it might be proper to have the subject referred to a committee to report upon a proposition to create a special committee to devise a plan for such celebration. If this course is taken, those who advocate the celebration would appear before the committee and present their views.

Hoping you will give this matter your consideration,

Very truly yours,

FRANK S. GARDNER, Secretary.

At the monthly meeting of the New York Board of Trade and Transportation held this day, the Committee on Ocean Transportation reported the following preamble and resolution:

Whereas, In three years will occur the centennial of Robert Fulton's successful effort to propel a boat by steam, the steamboat "Clermont" was built in New York City, and made its first trip to Albany;

Whereas, It is feasible and fitting that the metropolis should commemorate this event in a maritime exhibition, to be held adjacent to the Hudson, and so comprehensive in its scope as to be historical and educational, as well as of popular interest representative of the great commercial, industrial and financial interests of the metropolis; therefore

Resolved, That the Board of Trade and Transportation, heartily applauding such movement as may be initiated to bring about a celebration of this historic event, respectfully commends to his Honor the Mayor and the authorities of the City the consideration of the necessary steps to that end.

At the regular monthly meeting of the New York Board of Trade and Transportation, held this day, the following resolution was proposed by Col. E. W. Fitch and unanimously adopted by the Board, viz.:

Resolved, That the New York Board of Trade and Transportation heartily commends the proposition to restore historic Fraunce's Tavern, at Broad and Pearl streets, in this city, and to provide for its preservation with appropriate surroundings, including a park of modest but suitable dimensions. The traditions and associations of Fraunce's Tavern make it unique in the history of this nation, being the place where General Washington, at the close of the American Revolution, took affectionate farewell of the officers of his army who had followed and supported him so faithfully through the trying years of the struggle for American independence. The City of New York owes it to the nation and to itself to preserve this most unique of the few remaining structures which were associated with the infancy of the Republic, and we therefore urge upon the City authorities to take the necessary steps to that end.

Van Nest Property Owners' Association,
Affiliated with the Tax-Payers' Alliance
of the Twenty-third and Twenty-fourth Wards, New York City,
New York, April 11, 1904.

To the President and Members of the New York Board of Aldermen, City Hall, New York:

Gentlemen—Inclosed herewith please find record of action taken by the Van Nest Property Owners' Association, at a meeting of that association, held April 9, 1904.

We call your attention to the fact that neither the Board of Aldermen nor the Board of Estimate should take any action on this Westchester and Boston matter until they have sustained themselves in the courts. Nobody in The Bronx has forgotten the vast amount of time which was wasted in the matter of the Interborough Street Railway Company, which first went through the Board of Aldermen and the Board of Estimate. We hope this will not occur in the case of the Westchester and Boston, to the great damage and injury of the public and property-owners, and to the delay of Rapid Transit, which will come so soon as the Port Chester Railroad receives its assent, which is a fact known by everybody.

Yours very truly,

VAN NEST PROPERTY OWNERS' ASSOCIATION,

By Wm. Peters, President.

Whereas, The delay to which the New York and Port Chester Railroad Company has been subjected by the New York Board of Aldermen has been and is greatly against the interests of thousands of workmen, wage-earners and artisans of all classes, all of whom so soon as the legal necessities are completed by the New York and Port Chester Railroad Company will receive remunerative employment, not only in the construction of the said New York and Port Chester Railroad, which alone will employ thousands of wage-earners, but in the contemporaneous activity which will occur and commence in the building and other lines of industry in the Borough of The Bronx so soon as the public are certain that the legal necessities of the New York and Port Chester Railroad have been completed; and

Whereas, The Bronx Aldermanic representatives, excepting Alderman Peter Stumpf, will, by supporting or countenancing the defunct New York, Westchester and Boston Railroad Company, injure the Bronx by preventing its progress and development, and the employment of wage-earners and laborers, on account of the clouding of property titles which the defunct New York, Westchester and Boston will bring about; now therefore it is

Resolved, That the Bronx Aldermen and the Borough President are hereby notified that the interests of the laboring men, wage-earners and property-owners of the Borough of The Bronx do require that the Bronx Aldermen, together with the Borough President and other members of the Board of Aldermen coming from other parts of The City of Greater New York, shall immediately reject the application of the defunct New York, Westchester and Boston and withdraw all support from said Westchester and Boston and shall immediately act favorably on the application of the New York and Port Chester Railroad; and it is further

Resolved, That copies of this resolution be sent to the Mayor, the Board of Aldermen and to each of the Bronx Aldermen.

Resolved, That the Van Nest Property Owners' Association, at a meeting of this Association held Saturday evening, April 9, 1904, does hereby tender to Alderman Peter Stumpf a vote of thanks and the expression of confidence of this Association in Alderman Peter Stumpf for the manly, courageous stand he has taken in defence of the property rights of the public of the Bronx in defence of the rights of the laboring man and wage-earners, as evidenced by his persistent opposition in the Board of Aldermen and elsewhere to the defunct New York, Westchester and Boston Railroad Company, and as further evidenced by his persistent advocacy, support and demand in the Board of Aldermen and elsewhere for favorable action by the Board of Aldermen and The City of New York on the application of the New York and Port Chester Railroad, which railroad is demanded by the entire public of the Bronx and recognized by the entire public as a stable, reliable institution; and it is further

Resolved, That a copy of this resolution be sent to Alderman Peter Stumpf. Which was referred to the Committee on Railroads.

Property Owners' Association
of the Twenty-third Ward, Borough of The Bronx,
New York, April 7, 1904.

Hon. President Board of Aldermen:

Dear Sirs—The Property Owners' Association of the Twenty-third Ward, in mass meeting with other associations assembled, respectfully lays before the Honorable Board of Aldermen the following proposition:

The Association having at various meetings favored the application of the Port Chester Railway Company for permit to cross streets and roads in The Bronx, it now respectfully requests the Board of Aldermen to earnestly consider the importance to this borough that immediate favorable action be taken on said application.

That, as the Board of Aldermen has seen fit to favor the application of another company, known as the Westchester and Boston Company, in which concern this Association has no faith, the Board, for the interest of The Bronx in particular and the whole City in general, takes the same action as regards the Port Chester Company, and thus leave it to other authorities to decide which of the two corporations is entitled to right of way.

Respectfully submitted,

CHARLES BAXTER, Chairman Executive Committee.

New York, April 6, 1904.

Hon. CHARLES V. FARNES, President, Board of Aldermen, City Hall, New York:

Dear Sir—The people of The Bronx, in mass meeting assembled on the 4th day of April, 1904, unanimously adopted the resolutions herewith inclosed and instructed the undersigned to respectfully request your support of the measures proposed.

Very respectfully,

CHARLES BAXTER, Chairman.

New York, April 12, 1904.

Hon. CHARLES V. FARNES, President of the Board of Aldermen, City Hall, New York City:

Dear Sir—I herewith inclose an ordinance relative to the licensing, keeping and harboring of dogs and cats in The City of New York.

This ordinance relieves the Society for the Prevention of Cruelty to Animals of the burden of caring for lost and strayed dogs and cats. It provides a Superintendent for each borough as well as Inspectors for the enforcement of this ordinance. Also a shelter, to be provided by the City in each borough. I believe if this ordinance is passed and the license collected by the City, that this long-suffering nuisance will be abated.

Very truly yours,

LOUIS A. CUVILLIER.

P. S.—Will you please do what you can to assist in the passage of this ordinance?
L. A. C.

Sec. VI.—All dogs not licensed by this act shall be seized by the Inspectors and detained in the shelters hereinbefore provided, and if not claimed within forty-eight hours after said seizure and the license paid they shall be destroyed.

Sec. XI.—All ordinances or parts of ordinances of the former municipal and public corporations consolidated in The City of New York inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. XII.—This act shall take effect immediately.

Which was referred to the Committee on Laws and Legislation.

No. 432.

Department of Correction of The City of New York,
Commissioner's Office, No. 148 East Twentieth Street,
New York, April 6, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I would respectfully ask your Honorable Board to permit me to make a contract with the New York Telephone Company for telephone service for the Department of Correction for the current year at an estimated cost of about seven thousand and twenty-nine dollars (\$7,029) without public letting.

The President laid before the Board the following communication from the Police Commissioner:

No. 433.

Police Department of The City of New York,
No. 300 Mulberry Street,
April 12, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I beg again to call your attention to resolution to be acted upon by your body, providing for the appointment of 150 additional Patrolmen for the Police Force and the issuing of bonds to pay for salaries of same. This matter is of such exceedingly vital importance to the efficient policing of New York that I respectfully request that your Board at the meeting to-morrow, if possible, pass same. In addition to this needed increase of the Force, the number of vacancies in the Force made by retirements and other causes cannot be filled until this resolution is passed, so that not only are we in need of this increase of the number now allowed by law, but are short of the actual number we should carry on the rolls.

Very respectfully,

W. McADOO, Police Commissioner.

Which was referred to the Committee on Police.

REPORTS OF STANDING COMMITTEES.

Report of Committee on Water Supply, Gas and Electricity—

No. 401.

The Committee on Water Supply, Gas and Electricity, to whom was referred on April 5, 1904 (Minutes, page 51), the annexed ordinance in favor of providing for an issue of Corporate Stock in the sum of \$3,425,400 to provide for the construction and establishing of a high-pressure water service in the boroughs of Manhattan and Brooklyn, respectfully

REPORT:

That, in compliance with the resolution adopted by the Board on April 5, 1904, a public hearing was held on the proposed ordinance, at which all parties were given an opportunity of being heard. The Committee, after giving the subject its careful attention, believes that the establishment and operation of a separate high-pressure water service, constructed so as to be available either for fresh or salt water for fire-extinguishing purposes, would be of inestimable value to the City, and should be constructed and placed in operation at as early a date as possible, to place the City beyond all question of doubt in a position to guard against the possibility of large conflagrations.

The Committee believes that the question of an additional water supply on a high-pressure service, operated and maintained separate from the house-distributing service of the Croton system, of such paramount importance as to warrant immediate favorable action by the Board of Aldermen. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three million four hundred and twenty-five thousand four hundred dollars (\$3,425,400), to provide the necessary means for the construction and establishment of a high-pressure water service for fire and other purposes in the boroughs of Manhattan and Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 31, 1904, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified.

"Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding five million four hundred and twenty-five thousand four hundred dollars (\$5,425,400), to provide the necessary means for the construction and establishment of a high-pressure water service for fire and other purposes in the boroughs of Manhattan and Brooklyn, to wit:

For the Borough of Manhattan the sum of..... \$3,950,400 00
For the Borough of Brooklyn the sum of..... 1,475,000 00

—and pursuant to section 169 and said section 178 of the Greater New York Charter, the said Board hereby authorizes the Comptroller to issue Corporate Stock of The City of New York in the manner provided by said section 169 to the amount of two million dollars (\$2,000,000); and be it further

Resolved, That, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of said City in a like manner, to an amount not exceeding three million four hundred and twenty-five thousand four hundred dollars (\$3,425,400), in addition to the aforesaid sum of two million dollars (\$2,000,000), the proceeds of said respective issues of Corporate Stock to be applied to the purposes aforesaid."

Alderman Doull asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bridges, Chambers, Collins, Culkin, Davies, Donohue, Doull, Downing, Gaffney, Gass, Gillies, Goodman, Grimm, Gunther, Haenlein, Haggerty, Higgins, Jones, Kenney, Kline, Koch, Lochner, Lundy, Morris, Arthur H. REPORT:

That, having examined the subject, close attention being given to it in its various phases, the said ordinance is hereby recommended for adoption.

A report hereon would have been submitted ere this but for the desire of the

Committee to give the ordinance the necessary practical application to show whether by its provisions there would prove a diminution of accidents.

It having been shown that there is no appreciable difference, and the strong desire to return to the old order of things, as evidenced by the expressions of the press and the many petitioners to this Board, prompt your committee to recommend the adoption of the said ordinance.

AN ORDINANCE amending section 14 of article 1 of the ordinance entitled "An Ordinance in Relation to the Rules of the Road."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 14 of article 1 of the ordinance entitled "An Ordinance in Relation to the Rules of the Road," which was adopted December 8, 1903, and approved by the Mayor December 14, 1903, is hereby amended to as to read as follows:

Sec. 2. This ordinance shall take effect immediately.

REPORT:

That, having examined the subject and having ascertained that the merchants of Wallabout Market are desirous of availing themselves of the facilities of the Kings County Refrigerating Company, and, inasmuch as the granting of the proposed privilege will result in an increase of the City revenue, your committee recommends the adoption of the resolution and the transmission of the same, when approved, to the Board of Estimate and Apportionment.

Resolved, That permission be and is hereby given to the Kings County Refrigerating Company to open streets, as shown in the accompanying diagram, for the purpose of laying pipes under Hall street and across Flushing avenue to Wallabout Market and also across Washington avenue, between Park and Flushing avenues, and across Flushing avenue, between Waverly and Washington avenues, and also across Washington avenue within the bounds of the Wallabout Market, provided that the said Kings County Refrigerating Company shall pay to The City of New York as compensation for the privilege such amount as may be determined equivalent therefor by the Board of Estimate and Apportionment, and provided that said pipe-line shall not be laid three feet below the surface of the street; and provided further that said Kings County Refrigerating Company shall stipulate with the President of the Borough of Brooklyn to save The City of New York harmless from any loss or damage that may be occasioned during the progress or subsequent to the completion of the work of laying the said pipe.

The work to be done at the expense of the said Kings County Refrigerating Company, under the direction of the President of the Borough of Brooklyn, such permission to continue only during the pleasure of the Board of Aldermen.

AN ORDINANCE authorizing and providing for the location of a public market place and for the establishment and maintenance of a public market in the Eighth Ward of the Borough of Brooklyn, City of New York, for the acquisition of lands for this purpose, and for the regulation and maintenance of the same.

Whereas, The requirements of the inhabitants of the southerly and westerly portion of the Borough of Brooklyn, comprising an area equal to one-third of the entire Borough, demand the location of a public market in that vicinity, there being no market south of the Wallabout Market, distant about four miles from said localities; and

Whereas, The means of transportation by vehicles and cars, both trolley and steam, throughout said localities concentrate at or near the Thirty-ninth Street Ferry, in said borough; and

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Provision is hereby made for the acquisition and establishment of a public market in the Eighth Ward of the Borough of Brooklyn, City of New York,

upon the lands or lands under water hereinbelow described, which are hereby selected for a public market in said Borough of Brooklyn, and surveys and maps thereof are hereby directed to be made and filed as provided by law. Said lands or lands under water shall be acquired for said purposes by purchase or by condemnation proceedings as required by law; provided, however, that this matter be submitted to the Board of Estimate and Apportionment, and that no further proceedings be taken until the acquisition of said lands or lands under water is approved and authorized by a majority vote of all the members of said Board of Estimate and Apportionment, as required by law.

Sec. 2. The Corporation Counsel is directed and instructed to take the necessary steps to acquire title to said lands or lands under water and any and all rights and hereditaments in and to the same by condemnation proceedings to be conducted as required by law.

Sec. 3. The lands or lands under water so selected, whether purchased or acquired as above specified, shall be set apart for use as a market and dedicated to market purposes, and shall be used and occupied as such in the manner provided by law.

Sec. 4. The expense of the purchase and acquisition of said lands or lands under water and interests therein or any part thereof, and the amounts of the awards made in condemnation proceedings for the value of said lands or lands under water and interests therein, and the money for the payment thereof, together with the fees of the Commissioners of Estimate, compensation of such necessary clerks or assistants as they may employ, and all other necessary expenses in and about said condemnation proceedings, including the fees of counsel employed by the Corporation Counsel in the proceeding, and all other reasonable expenses incurred by said Corporation Counsel in the conduct of said proceeding, shall be paid through the issue of Corporate Stock of The City of New York, and the Comptroller of said City is hereby authorized and directed, upon the requisition of said Board of Estimate and Apportionment, to issue such Corporate Stock of The City of New York from time to time to the amount of such requisition or requisitions, in the manner provided by law, and the amount so issued is hereby created a fund for the purposes aforesaid, but no bonds or other evidences of indebtedness shall be issued under the authority of this ordinance unless the proposition for creating such debt shall first be approved by a majority vote of the whole Board of Estimate and Apportionment, as provided by law. The proceeds of such bonds shall be paid into the City Treasury and shall be used solely for the purposes aforesaid.

Sec. 5. The lands or lands under water hereinabove mentioned and referred to are described as follows: All that certain plot, piece or parcel of land or land under water situate, lying and being in the Eighth Ward of the Borough of Brooklyn, County of Kings, City of New York, State of New York, bounded and described as follows, to wit: Beginning at a point on the westerly line or side of Second avenue, 375 feet northerly from the centre line of Thirty-ninth street, as said street is laid down on the map of the Commissioners appointed by the Legislature of the State of New York to lay out streets, avenues and squares in The City of New York, running thence westerly on a line parallel with and distant 375 feet from said centre line of Thirty-ninth street and a line drawn in continuation thereof 994.52 feet; thence northeasterly 350.89 feet to a point 717 feet northerly from the continuation of the centre line of Thirty-ninth street; thence easterly, parallel with said centre line of Thirty-ninth street, 916.02 feet, to the westerly line or side of Second avenue; thence southerly along the westerly side of Second avenue 342 feet to the point or place of beginning, be the said several dimensions more or less.

Sec. 6. This ordinance shall take effect immediately.

(SUBSTITUTE ORDINANCE.)

AN ORDINANCE authorizing and providing for the acquisition, construction and establishment of a public wholesale market in the Eighth Ward of the Borough of Brooklyn, City of New York, and authorizing the issue of bonds to pay for the same.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Sec. 2. The lands and lands under water so selected shall be set apart for use as a public wholesale market, provided, however, that said lands or lands under water or any part thereof, whenever they shall no longer be required for the purpose of a market, may be assigned by the Commissioners of the Sinking Fund for use for any other public purpose, or may be sold by said Commissioners in the manner provided by law.

Sec. 3. For the purpose of paying for the acquisition of said lands or lands under water, whether such lands or lands under water be acquired by purchase or by condemnation proceedings, and for the purpose of paying for the construction of said market, the Comptroller, subject to the approval of the Board of Estimate and Apportionment, in the manner provided by law, is authorized to issue Corporate Stock of The City of New York. Such Corporate Stock shall be issued from time to time upon the requisition of the Board of Estimate and Apportionment, to the amount of such requisition or requisitions, and the proceeds thereof shall be paid into the City Treasury and shall constitute a fund for the purpose aforesaid.

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary.

They therefore recommend that the annexed resolution be adopted.

Supreme Court, Judges' Chambers, }
New York, February 25, 1904. }

To the Board of Estimate and Apportionment:

Gentlemen—Referring to the communication sent to you a short time since respecting certain necessary repairs to the County Court-house, we are advised that there would be some difficulty, under existing statutes, in providing so large a sum as would be required to do all the work suggested by us, but that it might be possible to provide a sum not exceeding \$50,000 for the purpose.

The most imperative necessity is that the ventilation of the building should be improved and, so far as possible, perfected. If this could be done this year, the improvement of the plumbing might be left for another year. We have no doubt that \$50,000 would be sufficient to greatly improve the ventilation, and we therefore ask that that matter be taken in hand during the present year, even if the plumbing may have to wait.

Yours very truly,
CHARLES H. TRUAX.
FRANCIS M. SCOTT.
P. H. DUGRO.

Resolved, That in pursuance of the provisions of subdivision 8, section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$50,000 for making necessary repairs to the County Court-house, County of New York.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
