CITY OF NEW YORK—DEPARTMENT OF PAKES AND ASSESSMENTS, STEWART BUILDING, N - G BROADWAY, July 25, 1900.

To the Manicipal Assembly of The City of New York :

GENTLEMES—I berewith transmit one volume of the Assessment Roll of the Threty-first Ward of the Borough of Brooklyn, containing instalments of z== ments for improvements under the provisions of chapter 118 of the Laws of 1892, and soundards thereto, amounting to \$42,176.23, which has been prepared by the Board of Assessins and delivered in us, and is now transmitted in you under an opinion of the Corporation Counsel, dated line 28, 1899, in order that a warrant may be issued for its collection in connection with the other taxes.

Respectibility

Respectfully, THOS. L. PEITNER, President.

Which were referred to the Joint Committees on Finance.

Conneilman Goodwin offered the following report of the Joint Committees on Finance 1

To the Honorable the Municipal Assembly:

The Committees on Finance of the Council and the Board of Alderman, to whom were referred the assessment-rolls of the estates, real and personal, of The City of New York for the year 1900, together with a communication from the Comparaller of The City of New York, dured May 11, 1900, transminting the Budget for the year 1900, accompanied by his certificate of the amounts of the appropriations authorized by boy to be raised by tax in and for the year 1900, and an estimate of the revenues of the General Fund for the Reduction of Taxation during the curried year, respectively whenly the following. fully submit the following

The total Budget for the year 1900 is enerty million seven hundred and seventy-eight thousand nine hundred and seventy two distars and tony-eight cents (\$90,778,972 48), which includes county charges and expenses for the four counties of New York. Kings, Oussins and Richmond, aggregating effects million five hundred and seventy-seven thousand two hundred and nine dallars and

Wenty-two cents (\$11.377,200.22). Section 922 of the Charter, referred to in the Compiroller's communication, directs that the amounts required for the payment of all country charges and expenses shall be levied and collected from the taxable property within each of said countries respectively, to the end that such of said countries shall ultimately bear and pay all expenses necessary to be incurred for country as distinguished from city corposes. Compliance with this provision of law will, of course, forever prevent an uniform tax rate from prevailing in The City of New York.

AMOUNT TO BE RAISED FOR CITY PURPOSES BY ONE GENERAL KATE.

The following statement shows, therefore, the proportion of the budget which is to be raised by taxation at an uniform rate throughout the whole city:

\$50,923,699 77

Tax to be raised by a general rate throughout the city....... \$69.740.490 55

Percentage to be added for as ficiencies in collection.

Section 248 of the Greater New York Charter provides as follows:

Section 248 of the Greater New York Charter provides as follows:

"Section 248. It shall be the duty of the Municipal Assembly to include, in any and every ordinance or resolution passed by them imposing and levying taxes for any purpose or outposes authorized by law, such sum, in addition to the aggregate amount required for such purposes as they shall deem necessary, not exceeding three per centum of said algregate amount, to provide for deferencies in the actual product of the amount imposed and levied therefor."

Your Committees have conferred with the Department of Finance in regard in the amount that will be required to provide for and meet such deficiencies as now court in the actual product of the twee to be imposed and levied in and for the year 1900, and have concluded to recommend that two per centum (25) of the amounts to be collected by taxation be added to and ordered in the tax levy for this purpose, this being the same percentage ad opted last year and now at exactly the figure which, having prevaiced in The City of New York prior to consolidation or over twenty years, has been found by experience to offset with substantial according the disfusencies in the product of the tax resulting from yearsted and modified assessments, nacollectible personal taxes, etc., etc. taxes, etc., etc.

COUNTY CHARGES AND EXPENSES: THE ASSESSED VALUATIONS.

The County charges and expenses included in the budget are as follows: \$8,391,332 16 2,613,663 46 New York County Kings County ... 436,039 58 136,174 DE

It is to be noted that included in these amounts is the quota of State taxes due from each of the respective counties. Certain corporations which pay taxes directly to the State per exempt by law from local taxation for State purposes, so far as their resessment affects personal property. It is provided by section 202 of chapter 908 of the Laws of 1896, as follows:

"Section 202. The personal property of every corporation, company, association or partnership taxable under this article, other than for an organization tax, shall be example from assessment and taxation upon its personal property for State purposes if all taxes due and payable under this article have been paid thereby."

The provision of law requires, therefore, a special rate of tax to be imposed upon the personal estate of corporations which are exempt from local taxation for State purposes, differing from and less than the general rate for county purposes.

On the other hand, in the County of Kings certain property of the Pratt Institute is exempt from local taxation by chapter 398 of the Laws of 1887, but not exempt from taxation for State purposes. This makes it necessary to fix a rate of tax on the assessment of mis institution (\$1,148,500) which will produce only its proportionate share of State taxes.

The assessment-rolls for the year, transmitted to the Manicipal Assembly on July 2, 1900, show the following valuations by counties:

show the following valuations by enunties:

Comme	REAC ESTATE.	Personal.	Total.		
New York County	\$2,369,997,304 90	\$400,874,149 00	£0,799.871,672 00		
Kings County	541,398,500 00	49,937 440 =	695,335,949 00		
Queens County	144,447,772 00	9,458,681 98	1000000,413 00		
Richmond County	145/783/044 66	6,164,204.00			
Grand Total	£32.104.547.190 €	\$483.5741497 00	17,684 192,193 00		

The county lines correspond with the borough lines in all the boroughs except Manhattan and The Bronx, which, logether, constitute New York County, and, as the rate of taxation in these two boroughs happens to be the same, it will be convenient in dealing with the assessed valuations to use the county classification.

The assessed valuation of the personal estate of corporations, joint stock companies or associations which have been found to be exempt under section 202 of shapter 908 of the Laws of 1896 from taxation for State purposes in the year 1900, as appears by a detailed statement thereof on file in the Department of Powence, is as follows:

New York County	 \$60,724,777
Kings County	 3,554,191
Queens County	 744,531

Separating three figures (as well as the assessment of the Pract Institute above referred to) from the remaining valuation gives the milliwing analysis (

Your committees recommend that in fixing the actual tax rates in the tax says ordinance the decimal tractions of each rates to not carried beyond five figures, i. e., hundred thousandthe of one per cent., as any smaller fraction would have no practical effect on individual assessments, while increasing enormously and unnecessarily the criticalities of extending the tax rolls and preparing tax bills. The total loss by mussion of such remote decimals will be only \$428.93 in the whole has levy of \$82,542,173.76.

As there is nothing to be gained by separate extensions on the tax-rolls of the city and county rates, your committees recommend that the apprepare thereof, or in other words, the total tax rates in each borough, be fixed in the ordinance levying the mass for the year 1000. Such an ordinance has been prepared and is submitted herewith for approval and adoption by the Manjerpal Assembly.

SERVING ASSESSMENTS IN THE BOROUGH OF BROOKLYS, TO THE COLLECTED WITH THE ANNUAL

The Commissioners of Taxes and Assessments have added to the assessment rolls of the

Bornigh of Brooklyn:

First—The amounts required by law to be raised with the annual taxes for the payment of interest on bonds issued pursuant to chapter 311 of the Laws of 1886, as amended by chapter 335 of the Laws of 1886, for flagging, carbing, guttering and paying certain streets in the Twenty-sixth Ward of said borough (late the Town of New Lots); and Second—The annual installment required by law to be collected as a part of the annual taxes for sewerage improvements in the Twenty-ninth Ward of said borough (late the Town of Flatbash), pursuant to the provisions of chapter 161 of the Laws of 1889.

Third—The annual installment required by law to be collected as a part of the annual taxes for street improvements in the Thirty-first Ward of said borough (late the Town of Gravesend), pursuant to the provisions of chapter 118 of the Laws of 1892, as amended.

Fourth—The amount required by law to be raised with the annual taxes for meeting the principal and interest on bonds issued pursuant to chapter 544 of the Laws of 1888, for flagging improvements in the Thirtieth Ward of said borough (late the Town of New Utrecht).

The amount to be raised for the payment of interest on the New Lots bonds is twenty-six thousand eight hundred and ninety-two dollars and twenty-two cents (\$24,892,22); the amount of the Flatbush sewer installment is thirty-four thousand eight hundred and sighty-four dullars and twenty-three cents (\$34,884,23); the amount of the Thirty-feat Ward improvement installment is forty-two thousand one hundred and seventy-six dollars and twenty-three cents (\$42,176,23).

and the amount of the Thirtieth Ward flagging tax is fourteen thousand one hundred and twenty

dollars and ninety-three cents (\$14,120.93).

Your committees recommend that these assessments and installments be confirmed in the tax levy ordinance and levied and collected with the annual taxes

Committees on Finance of the Council and Board of Aldermen.

New York, August 8, 1900.

An Ordinance to provide the necessary means for the support of the Government of The City of New York, and the Counties of New York, Kings, Queens and Richmond, and for the payment of the quota of the state taxes due from said counties, and for other purposes, and to levy taxes on the estates, real and personal, subject to taxation in The City of New York, pursuant to law, in and for the year 1900.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

Section I. There shall be and is hereby imposed and levied upon the estates, real and personal, subject to taxation of and within The City of New York, the sum of sixty nine millions three hundred and forty-six thousand four hundred and ninety dollars and fifty-five cents (\$69,346,490.55), to pay the expenses included in the budget for the year 1900 for conducting the public business of The City of New York in each department and branch thereof, including principal and interest of the city debt, which sum so imposed and levied by this section is that portion of the budget for the year 1900, amounting in the aggregate to ninety millions seven hundred and seventy-eight thousand nine hundred and seventy-two dollars and forty-eight cents (\$90,778,972.48), remaining after deducting therefrom the sum of eleven millions five hundred and seventy-seven thousand two hundred and nine dollars and twenty-two cents (\$11,577,209.22), being the aggregate of the county charges and expenses of the Counties of New York, Kings, Queens and Richmond, including the state taxes due from said counties, which sum is hereinafter levied and imposed upon said counties in the manner provided by section 902 of the Greater New York Charter; and after also deducting the sum of nine millions eight hundred and fifty-five thousand two hundred and seventy-two dollars and seventy-one cents (\$9,855,272.71), supplied by the General Fund for the Reduction of Taxation, as stated by the Comptroller of The City of New York in a communication dated May 31, 1900, transmitting his certificate of the amount of the appropriations made in the budget for the year 1900, copies of which communication and certificate and of the said budget are as follows:

CITY OF NEW YORK-DEPARTMENT OF FINANCE,) COMPTROLLER'S OFFICE, May 31, 1900.

To the Honorable the Municipal Assembly:

Section 247 of the Greater New York Charter provides as follows:

Section 247 of the Greater New York Charter provides as follows:

"It shall be the duty of the comptroller of said the city of New York to prepare and submit to the municipal assembly, at least four weeks before their annual meeting, for the purpose of imposing the annual taxes, a statement, setting forth the amounts by law authorized to be raised by tax in that year, on account of the corporation of the city of New York, as hereby constituted, or for city purposes within said city, and also an estimate of the probable amount of receipts by the city treasury during the then current year, from all the sources of revenue of said general fund, including surplus revenues from the sinking fund, available in accordance with law, other than surplus revenues of the sinking fund for the payment of the city debt, and the said municipal assembly are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which, by law, they are required to order, and cause to be raised by tax in said year, for the purposes aforesaid, and to cause to be raised, by tax only, the balance of said aggregate amount, after making such deduction."

Section 902 of the Greater New York Charter provides as follows:

"In the statement submitted by the comptroller to the municipal assembly as above provided in this chapter, he shall each year include and state specifically the sum or sums necessary to be

"In the statement submitted by the comptroller to the municipal assembly as above provided in this chapter, he shall each year include and state specifically the sum or sums necessary to be raised to pay during the current year the salaries of the county officers and the other county charges and expenses in the counties of New York, Kings and Richmond, respectively, and the sum or sums which should be paid for like purposes by that part of Queens county included within the city; and the municipal assembly is hereby authorized and directed to levy upon and collect from the taxable property within each of said counties and part of county, respectively, the sum or sums so necessary to be raised to pay the salaries of county officers and other county charges and expenses of such county or part of county; to the end that each of said counties and said part of Queens county shall ultimately bear and pay all expenses necessary to be incurred within the county or part of county for county as distinguished from city purposes."

In pursuance of the foregoing provisions of law, I have the honor to submit to your Honorable Body statements as follows:

I. The Budget in detail for the year 1900.

Body statements as follows:

1. The Budget in detail for the year 1900.

2. The amount of county charges and expenses in the counties of New York, Kings, Queens and Richmond, respectively, included in said budget, and to be raised respectively by levy upon taxable property within each of said counties, as provided by said section 902 of the Charter.

In this connection your attention is called to the fact that since the enactment of the Charter the County of Queens has been so divided that the whole of said county as now existing lies within the territorial limits of The City of New York.

3. The estimated receipts of the General Fund for the Reduction of Taxation.

The attention of your Honorable Body is respectfully called to the provisions of section 248 of the Greater New York Charter, as follows:

"Section 248. It shall be the duty of the municipal assembly to include in any and every ordinance or resolution passed by them, imposing and levying taxes for any purpose or purposes

authorized by law, such sum, in addition to the aggregate amount required for such purposes, as

authorized by law, such sum, in addition to the aggregate amount required for such purposes, as they shall deem necessary, not exceeding three per centum of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

Your attention is also specially called to the provisions of section 909 of the same act, prescribing the method of preparing and disposing of the Assessment Rolls, and also to the provisions of section 911 of the same act, designating the first day of September as the date when the assessment rolls shall be finally completed, to be delivered to the Receiver of Taxes, with the proper warrant or warrants annexed thereto, directing him to collect the several sums mentioned in said rolls, and to pay the same, from time to time, when so collected, to the Chamberlain of said city.

Coler, Comptroller of The City of New York, in compliance with section 247 of the Greater New York Charter, do hereby certify to the Municipal Assembly of The City of New York that the aggregate amount of the Budget for the year 1900, duly made and adopted by the Board of Estimate and Apportionment and the Municipal Assembly, to be raised by tax in said year is ninety million seven hundred and seventy-eight thousand nine hundred and seventy-two dollars and forty-eight cents (\$90,778,972.48), a copy of which Budget is hereto annexed.

I further certify that included in the aggregate of said Budget are the following amounts appropriated for county charges and expenses in each of the counties hereinafter named, viz:

New York County.

\$8,391,332 16
Kings County.

\$2,613,663 46
Queens County.

\$436,039 58
Richmond County.

I further certify that the estimated amount of the revenues of the General Fund for the year 1900 is nine million eight hundred and fifty-five thousand two hundred and seventy-two dollars and seventy-one cents (\$9,855,272.71), as stated in detail in a communication to your Honorable Body, herewith submitted, setting forth the amounts by law authorized and required to be imposed and raised by tax in and for the said year 1900.

BIRD S. COLER, Comptroller.

779,305 00

BUDGET FOR 1900.

Resolved, That, pursuant to the provisions of section 226 of the Greater New York Charter, the Board of Estimate and Apportionment, by the affirmative vote of all the members thereof, makes this the budget of The City of New York for the year one thousand nine hundred, being, first, the amounts estimated to be required to pay the expenses of conducting the public business of said city for the said year, and secondly, the amounts estimated to be required to pay the State taxes and charges and expenses of the counties of New York, Kings, Queens and Richmond, for the said year, amounting in the aggregate to the sum of ninety million seven hundred and seventy-eight thousand nine hundred and seventy-two dollars and forty-eight cents (\$90,778,972.48):

Feirchild, and two others by Hawk & Hannery, and refered on principers for reduction of the assessment for the opening of East One Honorey and highly-math street, non-Webster against to Third aronae, Borough of The Draw, and referred for report to the Board of Pathle Lagrovements, I have to state as follows:

East One Hundred and Eastry minth street, from Webster aronae in Third aronae, was laid out by a special act, chapter 201 or the Laws of 18-27, after the final maps and profiles of the Twenty-mind and Francy-math Wards, now beringen of The Boars, had been filed and occlared final by chapter 712 or the Laws of 18-26. The fact that the aftered was not laid out on the final maps seems in show that the claim of the petitioners that East One Hondred and Eighty-minth street was not absolutely a necessity seems to be valid; on the other hand, it can be asserted that some street would soon become no essery in order to cross the New Haven and Hauford Railrord, because between East One Handred and Eighty-weeth street and Pelham avenue, defining the Laws between East One Handred and Eighty-weeth street and Pelham avenue, defining the Law of the resource of the Verbeires to cross.

distance of 1,200 feet, no opportunity exists for vehicles to cross.

East time III noted and Engity-nimb street is 80 feet in width, and forms with Fordham road a direct connection between Third avenue and the Harlem river at Fordham Heights.

I recommend that a public hearing be given to all those interested in the matter, in order to determine whicher any or what amount of the cost for opening East. One Hundred and Eighty-nimb street, from Third avenue to Webster avenue, shall be assumed by the City.

The letter of the pattitioners is honorally returned.

The letter of the petitioners is herewith returned.

Respectfully,

Mr. Jours H. Morrawy, Secretary, Board of Public Improvements:

Sig.—In reply to the action taken by the Board of Public Improvements, referring for report a communication from the President of the Borough of Brooklyn, recommending that proceedings be initiated to acquire title to Belmont avenue, from Rockaway avenue to Wyona street and from Enfield street to the former city line, in the Borough of Brooklyn; also transmitting protest from the Long Island Kaniroad Company against the opening of said Belmont avenue, from Powell street to Vesta avenue, which latter part at Belmont avenue is included in the recommended opening. I have to state as failows:

1-timont avenue from Powell street we startly is paved with asphalt, easierly of Vesta avenue is a a fire road, and between Powell street and Vesta avenue is open ground, until recently occupied by the Washington Park Base Ball Grounds. Between Powell street and Vesta avenue and morth of Pitkin avenue to Atlantic avenue are freight and lumber gards, but each after, inclinding Pitkin, Gizomoro, Liberty and East New York avenues, continues across this property at prade, and there seems to be no remou why Belmont avenue should be no exception.

I recommend, therefore that the recommendation of the local Based of the North District, Bonagh of Brooklyn, be approved, no legal obstacles being known against the same.

Belmont avenue, from Rockaway avenue to Wyona street and from Enfield street to the former city line, in the Herough of Brooklyn, is shown on the Town Survey Commissioner's Map of Klag. County (New Leris) and filed in the office of the Town Clerk December 21, 1874.

REPORTS FROM COMMISSIONER OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES. The following report from the Commissioner of Public Buildings, Lighting and Supplies was placed on file :

Pennic Bealdings, Lighting and Sofflags, August 1, 1900.

Hon. Maurice F. Hulaman, President, Found of Public Improvements, Nov. 13 to 21 Park Row, City:

Row, City:

Dear Six - Referring to a communication from your owner of the 17th inst., inclosing copies of communication from the President of the Borough of Brocklyn, dancil July p. 1900, recommending the following matters:

Lighting Second avenue, between Thirty-night and Sixtleth streets;

Laying gas-mains in Seventy-third street, between Sixth and Seventh avenues;

Laying gas-mains in Seventy-second street, between Sixth and Seventh avenues;

Laying gas-mains in Seventy-second street, between Sixth and Seventh avenues.

I have caused an investigation to be made of these recommendations, and the Deputy Commissioner of this Department in the Hurnigh of Brocklyn has advised me as follows:

"I found that Second avenue was in a very bad condition, owing to the distribution thereon of a number of defective trolley feed wires. I have directed the Brooklyn Rapid Transit Company to remove these obstructions as soon as greaticable. When this has been accomplished, I hope to be in a position to install lighting feelings thereon.

Incidentally, I might report that I do not consider it practicable to direct the placing of gas, mains in Seventy-second and Seventy-third streets, between Sixth and Seventh avenues. Neither thoroughtars is an grade; outh streets in part are used as farm lands."

Respectfully yours,

HENRY S. KEARNY, Commissioner,

MISCELLANGOUS COMMUNICATIONS,

The following communication was referred to the Topographical Engineer:

No. 7 WALL STREET, NEW YORK CITY, August 1, 1900.

Hon. MAURICE F. HOLKHAN, President of the Board of Public Improvements, Park Row Bullding, New York City:

Dran Sin-On May 7, 1897, the Board of Street Openings of The City of New York directed the Corporation Counsel to proceed to acquire title for East Two Hundred and Tenth street, extending from the Bronx river to Webster avenue. Thereafter the Corporation Counsel

presented a petition to the Supreme Court and Commissioners were appointed and several hearings have been had before the Courtes-source. Title to the street does not sext outil the confirmation of the report, and the Courtes-source. Title to the street does not sext outil the confirmation of the report, and the Courtes-source. This street commences at the established grade of Loweness direct and extends at a grade of 6 feat in the hundred to Station plane, at which point it is some S feet above the surface. From these the grade of a bit trooper until a reaches the same of the Harlem Eastward, where it is 15 feet above the track and at the level of groves to Webster avenue. The Beard of Didde Improvement, at it meeting on Jaquart 31, rows, passed a resolution and prepared the from the an or thougher hundred tracks. It for two Hundred and Tenth street, from Station place to Webster tremts to a foot bridge 20 feet in width at the same grade that it or one of relating from the first bridge and from Station place to the track rive. The pinds was to correspond to the surface, and the grade of Station place was changed to that at its function with Two Hundred and Tenth street it was an the name level at the foot of the state leading from the first bridge.

The Municipal Assembly passed the ordinance as promosed by the Board in Public Improvements and yesterday his Homer the Mayor vented the ordinance upon the grand that there was no necessary for the existence of the treet. The remon why the Local Barrl and the Board of Public Improvements and the Monicipal Assembly passed the ordinance changing the width and grade of has Two Hundred and Tenth street across the Harlem Rallinard track was bridge at any point Sec to fact each of the street he ing such that two though a bridge was constructed across the company's property, weither can not be combined and the first section of the said would believe to find the year of the accounting title to the street.
