MESSAGES FROM THE MAYOR.

The President laid before the Board the following communication from his Honor the Mayor:

Nos. 3001, 3002 and 3095.

City of New York, Office of the Mayor, April 15, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed ordinances Nos. 3001, 3002 and 3095, respectively entitled:

"Ordinance to establish the width of the roadway and sidewalks on Baker street, in the Borough of The Bronx."

"Ordinance to establish the width of the roadway and sidewalks on Mead st., in the Borough of The Bronx."

"Ordinance to establish the width of the roadway and sidewalks on 241st st., in the Borough of The Bronx."

These ordinances have been brought to my attention by President Miller of The Bronx. It appears that the proper practice is to present petitions of this kind to the Board of Estimate and Apportionment for action. (Sections 438, 439 and 442 of the Charter). Respectfully, W. J. GAYNOR, Mayor.

The Committee on Streets, Highways and Sewers, to which was referred on February 25, 1913 (Minutes, page 823), the annexed ordinance in favor of establishing the width of the roadway and sidewalks on Baker avenue, from Garfield street to Unionport road, in the Borough of The Bronx, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary.

It, therefore, recommends that the said hereto annexed substitute ordinance be adopted.

ORIGINAL.

AN ORDINANCE to establish the width of the roadway of Baker ave., from Garfield St. to Unionport rd., in the Borough of The Bronx.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

That the width of the roadway of Baker ave., from Garfield st. to Unionport road in the Borough of The Bronx, be and is hereby established at fifty feet between curb and curb, and that the President of the Borough in all improvements to be made take notice thereof.

SUBSTITUTE.

AN ORDINANCE to establish the width of the roadway and sidewalks on Baker ave., from Garfield st. to Unionport road, in the Borough of The Bronx.

Be It Ordained, by the Board of Aldermen of The City of New York, as follows:

That the width of the roadway on Baker ave., from Garfield st. to Unionport road, in the Borough of The Bronx, be and is hereby established at thirty feet from curb to curb, and that the sidewalk space is established at ten feet on each side thereof, and that the President of the Borough in all improvements to be made take notice thereof.

JESSE D. MOORE, JOHN H. BOSCHEN, THOS. J. MULLIGAN, SAMUEL MARKS, W. A. SHIPLEY, MICHAEL STAPLETON, Committee on Streets, Highways and Sewers.

The Committee on Streets, Highways and Sewers, to which was referred on February 25, 1913 (Minutes, page 823), the annexed ordinance in favor of establishing the width of the roadway of Mead sts., from Garfield st. to Unionport rd., in the Borough of The Bronx, respectfully

No. 3296.

Headquarters Mansfield Post, No. 35, G. A. R., Brooklyn, N. Y., April 5, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I send you, as directed, the following or enclosed resolution passed at the last regular meeting of the encampment, of which I am the Lieutenant-Colonel, with the request that you accept the same and place it on your calendar for action.

Very respectfully,

JOHN TREGASKIS, Lieutenant-Colonel Encampment No. 70, U. V. L., Brooklyn, N. Y.

The following resolution was adopted at a regular meeting of Encampment No. 70, Union Veteran Legion:

Resolved, That the Board of Aldermen be presented with a copy of the following proposed "Corporation Ordinance," which existing conditions and future contingencies should be made law now, in order that it become effective before May 1 next (the anniversary of the great outrage on the flag in Union square in 1912); and the Board are requested to pass it:

Section No. —. No person in any procession, civic or military, in The City of New York who is a citizen of the United States shall carry or display while in such parade or procession any other flag than that of the United States, except that State troops may also bear the State standard in addition thereto.

Section No. —. No persons who are not citizens of the United States shall be given permission to parade through the streets of New York, or to hold mass meetings in any public place, park or square in said City.

Which was referred to the Committee on Laws and Legislation.

No. 3297.

Hazel Real Estate Co., 530 W. 207th St., New York, April 10, 1913.

Board of Alderman, City Hall, New York City:

Gentlemen—We respectfully wish to inform you that we have just completed a large apartment house accommodating eighty-four (84) families, at the corner of Broadway and 212th st.

We have applied to the Department of Gas and Electricity for street lights on 212th st., and have been informed that they have no appropriation for this purpose, and it is up to your Board to vote them the necessary funds.

We trust that you will see the necessity of having the street properly lighted, so that the people who have occasion to be out at night will have some protection.

As we are entitled to this improvement we feel that the same ought to be acted upon immediately, and that we ought to get lights from the river on 212th st. to Broadway without any further delay. Trusting that this matter will receive your immediate attention, we are, yours very truly,

HAZEL REAL ESTATE CO.,
By M. JUST, President.

Which was referred to the Committee on Water Supply, Gas and Electricity.

No. 3298.

Memorial and Executive Committee, United Spanish War Veterans of Greater New York, New York, April 12, 1913.

To the Honorable Board of Aldermen, City of New York:

Whereas, The Board of Estimate and Apportionment, with the concurrence of the Board of Aldermen, has provided in the Budget of 1913 the sum of $2,500 for Memorial Day observances by the United Spanish War Veterans of the various boroughs of Greater New York, in accordance with the provisions of law; and

Whereas, It is deemed necessary that said sum of money be advanced to the Memorial and Executive Committee, United Spanish War Veterans of Greater New York, for the purpose of defraying expenses as they may arise; therefore be it

Resolved, That the Comptroller be and he is hereby authorized to pay to the Treasurer of the Memorial and Executive Committee upon his requisition, countersigned by the Chairman and Secretary of said Committee, the sum of twenty-five hundred dollars ($2,500.00).

JAMES S. LONG, Chairman, 1720 75th St., Brooklyn.

Attest: WILLIAM JONES, Secretary, 2264 Hughes Ave., The Bronx.

Which was referred to the Committee on Finance.

No. 3299.

President, Board of Aldermen, 51 Chambers St., New York:

Dear Sir—I have already troubled you with two or three letters, in which I favored the controlling of dogs in this City. I hope still to live to the time when present regulations will be considered very insufficient, when human life will be much safer and our streets and sidewalks much more agreeable to walk on.

I enclose a cutting from last night's paper, telling how a Newfoundland dog dashed in upon a group of young children, scattering them, terrorized, but not until one had been badly bitten—so much so that the child had to be taken to the Pasteur Institute. I consider it monstrous that the public should be exposed to such dangers. Almost every day we have evidence of the suffering and injury which come through the presence of dogs in this City. Yours faithfully, RICHARD H. EWART.

The President laid before the Board the following communication from the President of the Borough of Queens:

No. 3302.

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 2, 1913.

To the Honorable Board of Aldermen, City of New York, City Hall, New York, N. Y.:

Gentlemen—This office is daily in receipt of complaints from residents throughout the borough regardng their inability to find their locations for want of street signs, and there is a general and insistent demand for the erection of signs to indicate street names in all sections of the community.

At the present time we have now under contract about nine hundred (900) signs, and to place signs at all street corners throughout the borough would require about fifteen thousand (15,000) signs, and in order to partially alleviate this condition and to provide for such signs as are very necessary, application is hereby made for an issuance of special revenue bonds to an amount not exceeding the sum of ten thousand dollars ($10,000), which will provide funds for about 1,400 street signs.

I therefore beg to enclose resolution for adoption by your Honorable Board.

Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Resolved, That, pursuant to subdivision 8, section 188 of the Charter of The City of New York, the Comptroller be and is hereby authorized to issue special revenue bonds to an amount not exceeding ten thousand dollars ($10,000), proceeds whereof to be expended by the President of the Borough of Queens for the purchase and erection of street signs throughout the Borough of Queens.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Fire Commissioner:

No. 3303.

Fire Department of The City of New York, April 1, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—In connection with the civic parade that is to take place in this city on May 17, 1913, and the participation therein of the uniformed and civilian forces of this Department, it will be necessary to engage the servces of five bands of music, estimated to cost seven hundred and eighty dollars ($780), and the purchase of decorations amounting to five hundred dollars ($500), making a total of one thousand two hundred and eighty dollars ($1,280).

In order to meet this expense I have the honor to request that the Board of Aldermen, pursuant to the provisons of section 39 of the amended Greater New York Charter, adopt a resolution, draft of which is enclosed, authorizing the expenditure of a sum not to exceed one thousand two hundred and eighty dollars ($1,280), and that your Honorable Board request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds for this purpose.

Respectfully, JOS. JOHNSON, Fire Commissioner.

Resolved, That, pursuant to the provisions of section 39 of the amended Greater New York Charter, the Board of Aldermen hereby authorize the expenditure by the Fire Commissioner of a sum not to exceed one thousand two hundred and eighty dollars ($1,280), for the purpose of providing music and decorations in connection with the participation of the uniformed and civilian forces of the Fire Department of The City of New York in the civic parade on May 17, 1913.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Trustees of the New York Public Library:

No. 3304.

The Trustees of the New York Public Library, Astor, Lenox and Tilden Foundations, March 31, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—On behalf of the Trustees of the New York Public Library, I hereby apply to your Honorable Board for an issue of revenue bonds to the amount of fifteen thousand eight hundred and ninety dollars, the proceeds thereof to be used for the preparation of books, etc., and the partial maintenance during 1913, of four of the new branch library buildings, in accordance with the following table:

The President laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 3305.

Bellevue and Allied Hospitals, office of the Board of Trustees, 1st ave and 26th st., New York, April 2, 1913.

Sir—Under date of January 16, 1913, the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, approved of the issue of corporate stock of The City of New York to an amount not exceeding forty-six thousand dollars ($46,000), to provide means for the purchase of a site near Gouverneur Hospital for a new dispensary, power house and Nurses' home, under the jurisdiction of the Board of Trustees of Bellevue and Allied Hospitals. When authority for this purchase shall have been obtained from the Board of Aldermen, the Comptroller will be authorized to issue such corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of par value of the stock to be applied to the purposes mentioned above. This resolution was concurred in by the Board of Aldermen on February 25, 1913.

The Real Estate Bureau of the Finance Department informs the Board of Trustees that it therefore becomes necessary for your Board to approve the selection of a site by metes and bounds for this purpose, and we therefore request that the location hereinafter described be designated by your Board as the site for this purpose:

All that certain lot, piece or parcel of land, situate, lying and being in the oBrough of Manhattan, City and State of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the northerly side of Front st., with the easterly side of Gouverneur slip, and running thence easterly along the northerly side of Front st. 150 feet; thence northerly and parallel with Gouverneur slip 70 feet; thence westerly and parallel with Front st. 150 feet to the easterly side of Gouverneur slip; thence southerly along the easterly side of Gouverneur slip 70 feet to the point or place of beginning; together with all the right, title and interest, if any, of the owner of, in and to the streets in front thereof to the center thereof.

Respectfully, J. K. PAULDING, President, Board of Trustees.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 3306.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, March 27, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held March 27, 1913, the following reports were presented, ordered on file and the Secretary was directed to send copies thereof to the Board of Aldermen:

Calendar No. 91—Report of the Corporate Stock Budget Committee, recommending that no action be taken at this time on the resolution of the Board of Aldermen recommending that property on the east side of Bedford ave., from Fillmore st. to Metropolitan ave., owned by The City of New York, be set apart for the erection of a new police station and a new Fire Department building, etc., etc.

Calendar No. 96—Report of the Committee on Salaries and Grades, recommending that no action be taken on the resolution of the Board of Aldermen relative to grading the salaries of Inspectors having charge of and supervising the construction of public work, as requests for changes in salaries should emanate from the heads of departments, etc., etc. (A copy of the report was ordered sent to the Inspectors' Association also).

Copies of the above reports are herewith enclosed for the information of your honorable Board. Very truly yours, JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, February 25, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On February 4, 1913, the Board of Aldermen adopted a resolution recommending that the east side of Bedford ave., Brooklyn, from Fillmore st. to Metropolitan ave., owned by The City of New York, be set apart for the erection of a new police station and a new Fire Department building. In connection therewith I report as follows:

The suggestion follows a contemplated plan to transfer No. 151 S. 3d st., now occupied by the Fire Department as quarters for Hook and Ladder Company No. 54, to the Board of Education for use in the extension of a public school. The Corporate Stock Budget Committee has under consideration a tentative plan to purchase a site adjoining the quarters of Engine Company No. 121, at 163 S. 2d st., and the erection of a double house on which to place both companies. a chemical engine and a Battallion Chief's quarters; the Fire Department to surrender to the Commissioners of the Sinking Fund the present sites of Hook and Ladder Company No. 54, the chemical engine and the Battalion Chief's quarters. This plan is being considered because of the central location of 163 S. 2d st. as compared with engine companies on contiguous territory. The site suggested in the Aldermanic resolution is three blocks north of the proposed site, and not as central a location for the purpose. It is divided into two parcels. The one on the Metropolitan ave. corner, which is suggested by the Board of Aldermen for an engine house, was assigned to the Department of Street Cleaning by the Commissioners of the Sinking Fund on May 10, 1905. It is stated at the office of the department that the lot is fenced in and used as a yard for the storage of trucks and materials seized as incumbrances on the streets of that section of the City. It was stated that the department would not be willing to surrender it unless another suitable location was provided for its purposes. The other parcel is assigned to the Police Department, and is occupied by the quarters of the Exempt Firemen's Association and by a police station, the headquarters of the 160th Precinct. A request for $150,000 in corporate stock, for the erection of a new station house, to replace the present one, is now pending before the Corporate Stock Budget Committee.

It is stated at Police Headquarters that if this appropriation is not approved it is proposed to repair the old building, the cost to be paid out of the 1913 Budget appropriation for repairs to buildings.

A Mr. Wagner, who stated that he represented property owners in that vicinity, and that he is a member of the North Side Improvement Association of Brooklyn, called recently on the Supervising Statistician and Examiner of the Department of Finance and outlined the plan suggested in the Aldermanic resolution. Alderman Dixson, who introduced the resolution in the Board of Aldermen, states that Mr. Wagner and other property owners in the vicinity of the proposed change are responsible for his action.

We recommend that no action be taken on the resolution of the Board of Aldermen at this time. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Which was ordered on file.

No. 3307.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, April 7, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by this Board April 3, 1913, relative to the issues of corporate stock as follows:

Calendar No. 45—Amending resolution adopted November 12, 1909, authorizing issue of $15,000 corporate stock for the preparation of plans, etc., for new building for the Essex Market Court, to be erected on the present site of said court, by providing that said amount be issued for the preparation of plans, etc., for construction of a new court house and prison to be erected on the site located on the southeast corner of 2d ave. and 2d st., Manhattan.

Calendar No. 80—Authorizing issue of $10,000 corporate stock for paying expenses of surveys, plans, specifications and other work in connection with the reclamation of submerged lands lying in front of Concourse park, to be expended under the jurisdiction of the President of the Borough of Brooklyn.

I also transmit copies of reports of the Corporate Stock Budget Committee relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 18, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On February 10, 1913, the President of the Borough of Manhattan requested that a resolution adopted November 12, 1909, appropriating $15,000 in corporate stock, for the preparation of plans and for architect's fees for the construction of a new court house and prison for the Third District Court, on the site of the old Essex Market Court House, be amended to make the amount available for the court house which it is proposed to build on a site at the corner of 2d ave. and 2d st., Borough of Manhattan. In connection therewith we report as follows:

The original plan to erect the new court house for the Third District on the site of the old Essex Market Court House has been abandoned and the site turned over to the Sinking Fund Commission. It is now proposed to erect a new court house to include the Third District Court, the Second District Municipal Court and the Ludlow Street Jail on the site at the southeast corner of 2d ave. and 2d st. The new plan is merely a substitution of sites.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on November 12, 1909, and by the Board of Aldermen on November 23, 1909, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifteen thousand dollars ($15,000), to provide means for the preparation of plans and for architects' fees, *for the new building for the Essex Market Court, to be erected on the present site of said Court, in the Borough of Manhattan*, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifteen thousand dollars ($15,000), the proceeds whereof to be applied to the purposes aforesaid."

—be *amended* to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifteen thousand dollars ($15,000), to provide means for the preparation of plans

and for architects' fees *for the construction of a new court house and prison, to be erected on the site located on the southeast corner of 2d avenue and 2d street, in the Borough of Manhattan,* and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifteen thousand dollars ($15,000), the proceeds whereof to be applied to the purposes aforesaid.

No. 3308.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 25, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 13, 1910, the Board of Estimate and Apportionment appointed a special committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn to report upon a proposed boardwalk extending from Brighton Beach to Norton's Point at Coney Island. The committee has had this matter under consideration and has held a public hearing and listened to the views of taxpayers who were interested in this proposition.

Many associations of taxpayers have communicated with the committee and with the Board of Estimate and Apportionment. Several of the taxpayers' associations have protested against the establishment of a City-owned boardwalk. Other taxpayers' associations have advocated a boardwalk to be built and owned by the City. After taking all the facts into consideration, we are convinced that if a boardwalk is to be built it should be built at the expense of the taxpayers who would be the chief beneficiaries of a boardwalk.

The boardwalk already extends for a considerable distance along the shore front of Coney Island. It was built at the private expense of the property owners for the purpose of benefiting their property. The chief beneficiaries of the boardwalk are those property owners who have property opening on the boardwalk. They should pay the cost of an improvement designed to benefit their property.

The distance from the west line of the public park, near West 10th street to West 37th street, the limits of the proposed improvement, is 7,100 feet, or about 1 1/3 miles. Along this entire strip of water-front the public is excluded from even a glimpse of the ocean, except at a few narrow points, 60 feet in width, at the foot of streets that have been opened to the water line. The condition of much of the space along the beach between these streets is positively disgraceful to The City of New York, particularly when it is realized that a magnificent ocean beach property and walkway may so readily be obtained at this time when opposition is so small in comparison with the favorable attitude taken by so large a proportion of interested property owners.

Developments in the western section of Coney Island have heretofore advanced very slowly on account of the lack of sewage facilities. The President of the Borough of Brooklyn has recently secured the installation of a large trunk sewer through Neptune avenue from West 33d street to West 12th street, which will provide house drainage for the entire western end of the island. This with the additional transit facilities that are in course of construction has started a new area in buildings and street improvements in the West End Section. The character of this new development will be controlled by the attitude which the City now takes in this matter of shore front improvements. A boardwalk and shore front park will, without doubt, stimulate the erection of buildings of a higher grade and of permanent construction. On the other hand, if there should be no assurance of a public shore front improvement there is no reason to expect anything different than an enlargement of the present conditions which, in many respects, are undesirable and of small value as taxable assets.

Proceedings have recently been initiated for acquiring title to the lands in West 23d street, West 25th street, West 30th street, West 32d street and West 37th street, each extending to the ocean-front.

These proceedings were taken in order to provide access to the water at every available point and in anticipation of the need of approaches at regular intervals to a public water-front development which, for many years, has appeared to be the ultimate disposition of this stretch of beach.

From the conferences held, your committee has been assured that the owners of about 40 per cent. of the land to be acquired will deed their interests outright to the City as soon as the improvements become an assured fact. The cost of acquiring the remaining lands and buildings is difficult to compute, but there appears to be very little opposition to levying the entire cost upon an area deemed to be benefited. The only opposition to this development comes from some of the children's homes or asylums that are located on the beach. There are four of these. The Brooklyn Children's Aid Society, the New York Children's Aid Society, the Roman Catholic Orphan Asylum and the Seaside Home, each occupying about 300 feet of the shore front. As the land values in this vicinity are increasing so rapidly it is evident that these societies will not long maintain such large areas, ranging from 2½ to 4½ acres for their present uses. Negotiations should therefore be begun with a view of transferring these seaside homes to Rockaway Beach, where a shore front property has been acquired by the City and designated for just such purposes as those maintained by the above mentioned societies.

The present assessed value of the properties along the proposed improvement, south of Surf avenue, is about $8,000,000. The depth of the parcels of land from Surf avenue to the water line range about 300 feet to 1,000 feet. The addition of a new street or walkway through this wide area will greatly increase the value of the property.

Except in a very limited way, the boardwalk would not be a benefit to the taxpayers all over The City of New York. These taxpayers have already been called upon to pay vast sums for park and shore front property at Coney Island. The new parks, together with the Concourse lands and Sea Breeze Park, constitute a considerable portion of the water-front property of Coney Island. They should afford ample accommodations for people who go to Coney Island for fresh air and to be near the water.

We believe that some action should be taken at once to reclaim the submerged lands owned by the City and lying in front of Concourse Park. This land when reclaimed, together with the present and proposed parks, will form a continuous ocean-front development, extending from Brighton Beach to Sea Gate, a distance of over two (2) miles. This reclamation project was considered by the Corporate Stock Budget Committee last year, and steps were taken then to determine the probable cost of the surveys which the committee thought should be made before the City was committed to any large expenditure of money.

The lands which should be reclaimed cover an area of about 27 acres, now submerged, but formerly above water. A large portion of this submerged property lies in front of the property which the Brighton Beach Racing Association has offered to sell to the City.

The question of a title to this submerged land was taken up by the Comptroller's office several years ago, and an opinion was obtained from the Corporation Counsel to the following effect:

> "Applying * * * the principles laid down in this case to the existing situation of affairs with regard to this concourse, there can be no question that the title to that portion of the lands acquired in the park proceeding which are at present submerged still remain in the City, and it may, in any proper way, assert its ownership and proprietorship over the same."

We recommend that the Corporation Counsel be directed to proceed at once to assert the ownership and proprietorship of the City of this property in a manner that will remove all question concerning the title.

We recommend that corporate stock to the amount of $10,000 be authorized for the purpose of drawing plans, specifications and for other work connected with the reclamation of the submerged lands.

We believe that it will be greatly to the advantage of the City to control all the shore front property that is practicable to obtain, and recommend that this Board determine to lay out a boardwalk sixty feet in width and a beach front park, each extending from the westerly line of the public park as now laid out near West 10th street to the westerly line of West 37th street, and that proceedings be initiated to acquire the necessary lands for the same as soon as the plans for the layout receive the required approvals.

We recommend that this committee be continued, with power to negotiate with the several owners of property along the line of the proposed improvement, who are ready to transfer, at the nominal consideration of one dollar ($1), so much of their property as lies within the limits of the proposed improvement. As these cessions will naturally depend upon the carrying out of the entire improvement, the actual transfer of title should not become effective until the title to the remaining lands to be acquired under condemnation proceedings has vested in the City. The Corporation Counsel should be instructed to prepare a form of contract to be used for this purpose.

We recommend that the cost of all the land to be acquired by condemnation proceedings and the cost of construction of the boardwalk be assessed on an area of assessment deemed to be benefited.

A pier at "Steeplechase Park" extends across the property proposed to be acquired, but it is the recommendation of this committee to allow this pier to remain and to acquire the lands upon which it stands in fee, subject to the owner's right to maintain the pier and of access to and from the pier across the boardwalk and park.

We refer to a proceeding instituted by the Attorney General of the State of New York on October 17, 1912, on behalf of the People of the State against the Steeplechase Park Company et al. for the removal and abatement of certain nuisances consisting of fences, boardwalks, etc., obstructing the beach on the southerly side of Coney Island adjacent to the upland of the defendants (commonly called Steeplechase Park), between high and low water mark and outside of low water mark, which said lands under water have been and are now vested in the People of the State and we recommend that the Corporation Counsel be requested to confer with the Attorney General and to make proper inquiry in the premises in order, if advisable, to expedite said proceeding.

Attached hereto are resolutions which, if adopted, will carry our recommendations into effect. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; ALFRED E. STEERS, President, Borough of Brooklyn, Special Committee.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding ten thousand dollars ($10,000), to provide means for the purpose of paying for the expense of surveys, plans, specifications and other work in connection with the reclamation of submerged lands lying in front of Concourse Park, to be expended under the jurisdiction of the President of the Borough of Brooklyn, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten thousand dollars ($10,000), the proceeds whereof, to the amount of the par value of the stock, to be applied to the purposes aforesaid.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, April 7, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of seven resolutions adopted by this Board April 3, 1913, relative to the establishment of additional grades of positions, as follows:

	Department and Position.	Salary, Per Annum.	Incumbents.
Cal. No. 40	Office, President of The Bronx, Stenographer and Typewriter	$1,050 00	1
Cal. No. 41	Municipal Civil Service Commission, First Assistant Chief Examiner	4,000 00	1
Cal. No. 42	Board of Inebriety, Helper	480 00	4
Cal. No. 43	Fire, Special Investigator	2,000 00	1
	Fire, Special Investigator	1,500 00	2
Cal. No. 44	Water Supply, Gas and Electricity, Stenographer and Typewriter	1,500 00	1
Cal. No. 55	Education, Typewriter Accountant	1,050 00	1
	Education, Typewriter Accountant	600 00	1
Cal. No. 56	Fixing the compensation of Janitors of various school buildings, as set forth therein.		

I also transmit copies of reports of the Committee on Salaries and Grades, relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 15, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 12, 1913, the President of the Borough of The Bronx requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Stenographer and Typewriter, at $1,050 per annum, for one incumbent. In connection therewith we report as follows:

The establishment is to permit an increase from $900 to $1,050 for Miss Elizabeth T. Byrne, Stenographer and Typewriter in the Bureau of Buildings.

This increase was included by the President of The Bronx in a request, dated March 3, 1913, for a schedule modification. It was not then approved for the reason that the grade of Stenographer and Typewriter, at $1,050, was established for only one incumbent, which position was filled.

Miss Byrne was appointed, at $750, in the Tenement House Department in 1906, and was transferred to the office of the President of The Bronx in 1910. Her salary was increased to $900 on January 1, 1911.

The President states that the $150 for the increase will be made available under the resolution governing salary increases adopted by your Board on January 30, 1913.

We recommend the adoption of the attached resolution, approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of The Bronx of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Stenographer and Typewriter	$1,050 00	1

No. 3310.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, February 28, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On January 9, 1913, your Board referred to the Committee on Salaries and Grades a request of the President of the Municipal Civil Service Commission for the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of First Assistant Chief Examiner at $4,000 per annum. In connection therewith we report as follows:

The President states that he finds the organization of the Commission incomplete, and that there is a need for a person to whom he can refer serious technical questions that frequently arise that he himself has not the time or opportunity to examine. It is proposed that the Assistant Chief Examiner shall consider the technical questions of practice arising from the Civil Service Law; ascertain the needs of departments, and determine, from the condition of existing lists, whether new positions requested are necessary; and keep a close check on existing lists to determine when new examinations should be called and so avoid the delay attending the calling of an examination after a list is exhausted.

The President further states that this will harmonize the work and will take care of an accumulation now necessarily neglected and duties now imposed upon Examiners who are occupied conducting examinations.

It is proposed to promote Mr. Thos. C. Murray, an Assistant Chief Examiner, at $3,500, to the position of First Assistant Chief Examiner, at $4,000 per annum.

The present Budget schedule for the Commission provides for a Chief Examiner at $4,200 per annum, an Assistant Chief Examiner at $3,500, and an Assistant Chief Examiner at $3,000 per annum. The latter position is filled temporarily, but it is proposed to fill it permanently by promotion. The President states that three Chief Examiners are absolutely necessary in the work of conducting examinations. The above new position will be in addition to the present Chief Examiners.

The Board of Aldermen has been requested to issue special revenue bonds in the sum of $4,000 for the payment of the salary of the First Assistant Chief Examiner. This request is now pending in the Board of Aldermen awaiting the establishment of the grade of position.

In view of these facts, we recommend the adoption of the attached resolution recommending to the Board of Aldermen the establishment of the grade of position as requested. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Municipal Civil Service Commission of the grade of position, in addition to those heretofore established, as follows:

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 19, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On February 17, 1913, the Board of Inebriety requested the establishment of the grade of position of Helper, at $480 per annum, for two incumbents. On March 14, 1913, the request was amended to call for four incumbents. In connection therewith we report as follows:

The Helpers are for the farm recently purchased for the Board of Inebriety at Greycourt, N. Y. This farm consists of about 800 acres, with manor house, barns, cottages, etc., and a large pond.

The Board of Inebriety expects to begin receiving inebriates early next year. Meanwhile it has to care for the property. It is proposed to let out a part of the farm this spring to local farmers. Of the remainder, a portion is to be turned over and seeded to restore fertility. Many stone fences are to be removed, others repaired, etc. It is also planned to raise crops of hay, oats, etc.

For the last month the farm has been in charge of a Farmer and Caretaker, at $720 per annum. Two of the Helpers requested are to assist the Farmer in the work outlined above, and also to guard the property and prevent damage by tramps and campers. The two additional men will be required for short periods at harvesting time and in the winter to cut and store ice.

It is proposed to pay these Helpers out of revenue bonds, a request for which has been approved by the Board of Aldermen.

We recommend the adoption of the attached resolution approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Inebriety of the grade of position in addition to those heretofore established as follows:

To the Board of Estimate and Apportionment:

Gentlemen—On March 8, 1913, the Fire Commissioner requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Special Investigator for three incumbents in the Bureau of Fire Prevention. In connection therewith we report as follows:

It is proposed to establish the grade for one incumbent at $2,000, and for two at $1,500 each. In the departmental estimate for 1913, request was made for $5,000 for secret service work similar to that proposed for the requested positions.

After consideration, the Budget Committee disapproved the item, and it was not included in the 1913 Budget.

On January 17, 1913, the Fire Commissioner requested the establishment of these grades of positions. On February 13, 1913, the Board of Estimate and Apportionment, on report of the Committee on Salaries and Grades, disapproved the request.

The Fire Commissioner, in support of his renewal of the request, states that there is urgent and pressing need of expert service in connection with the efforts of the Bureau of Fire Prevention to bring to justice the instigators of incendiary fires and organized bands of incendiaries who jeopardize the lives of tenement and flat dwellers in various sections of the City. He states further that the men he desires to appoint to this service are the best obtainable, and that he anticipates results far more valuable than the increased cost involved. In anticipation of the establishment of these grades of positions, the Board of Aldermen, on February 4, 1913, adopted a resolution requesting the Board of Estimate and Apportionment to authorize $3,750 in special revenue bonds, the proceeds to be used for the payment of the salaries of the proposed positions from April 1 to December 31, 1913.

The attention of the Chief of the Fire Prevention Bureau was called to the fact that two of the men desired for this service are now performing duty in the Bureau under the title of Inspectors. He has consented to a modification of the salary schedules, dropping those two positions and adding the three positions of Special Investigator, thereby making available $2,025 budget appropriation and reducing the amount necessary in special revenue bonds to $1,725. This appears to be a small cost for the benefits anticipated.

We therefore recommend the approval of the request by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grades of positions, in addition to those heretofore established, as follows:

To the Board of Estimate and Apportionment:

Gentlemen—On March 7, 1913, the Commissioner of Water Supply, Gas and Electricity requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of the position of Stenographer and Typewriter, at $1,500, for an additional incumbent. In connection therewith we report as follows:

The grade is established for one incumbent. The additional grade is to permit of the promotion of August C. Schmidt, a Stenographer and Typewriter, at $1,350. A position of Clerk, at $1,500, is vacant in the office of the Chief Engineer. It is proposed to decrease this position $150 to permit of the increase.

Mr. Schmidt was appointed on April 27, 1905, as Stenographer and Typewriter, at $1,200 per annum. On July 1, 1908, he was increased to his present rate. He is eligible for the $1,500 grade. He is now serving as Clerk and Stenographer to the Chief Engineer, and is praised for his work by his superiors in the Department.

In view of the work done by Mr. Schmidt and his long experience in the engineering work of the Department, the proposed rate of compensation appears reasonable.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grade of position, in addition to those heretofore established, as follows:

To the Board of Estimate and Apportionment:

Gentlemen—On March 12, 1913, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grades of position of Typewriter Accountant, at $1,050 and $600 per annum, respectively. In connection therewith we report as follows:

There is a vacant position of Typewriter Accountant at $900 per annum in the office of the Auditor. It is proposed to substitute a corresponding grade at $600 per annum, and to use the $300 released to increase Miss S. Ella Terrel, Stenographer and Typewriter, from $1,350 to $1,500 per annum, and Miss Mildred M. MacPhee, Typewriter Accountant, from $900 to $1,050 per annum. The establishment is to permit of these changes.

We recommend that the request be approved for one incumbent in each grade by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Committee on Salaries and Grades.

Resolved, That, pursuant to the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the Department of Education of the grades of position in addition to those heretofore established, as follows:

To the Board of Estimate and Apportionment:

Gentlemen—On March 12, 1913, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for Janitors of seven public schools. In connection therewith we report as follows:

For Janitor of Public School 54, Queens, a temporary rate of $50 per month is requested as against a regular rate of $81 per month. This is to pay the Janitor of a nearby school for taking temporary charge of No. 54, in addition to his regular work.

It is proposed to decrease the compensation of the Janitor of No. 71, Queens, from $3,240 to $2,304 per annum on account of the razing of the old part of the building preparatory to the construction of a new addition. For No. 42, Manhattan; 26, the Bronx; 102, Brooklyn, and 17 and 86, Queens, increased rates are requested on account of additional floor space and equipment, as per the regular schedule of rates now in effect.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Whereas, By opinions of the Corporation Counsel as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter is now in the hands of a special committee of the Board of Estimate and Apportionment; therefore, be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

	Rate of Compensation.
Janitor, Public School 54, Queens, per month	$50 00
Janitor, Public School 71, Queens, per annum	2,304 00
Janitor, Public School 42, Manhattan, per annum	4,128 00

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by this Board April 10, 1913, recommending the establishment, in the Department of Water Supply, Gas and Electricity, of the grade of position of Mechanical Engineer, at $3,000 per annum, for one incumbent.

I also transmit copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 1, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1913, the Commissioner of Water Supply, Gas and Electricity requested the establishment in his department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of the position of Mechanical Engineer, at $3,000 per annum, for one incumbent. In connection therewith, we report as follows:

The Commissioner states the following:

"Upon the reorganization of the Engineering Bureau, I selected Alfred Williamson as Mechanical Engineer, to take charge of the operation and maintenance of the pumping stations in the Boroughs of Manhattan and The Bronx. This work had previously been in charge of two Engineers, whose combined salaries amounted to $9,800. These stations included the two pumping plants which deliver water for the sole use of the Fire Department, and the proper supervision of same requires an extensive knowledge of mechanical and electrical engineering. Especially at these two stations has Mr. Williamson's ability as Supervising Engineer been most clearly established. The pumping of said stations has advanced 10 per cent. since the beginning of 1910, and the cost of operation has decreased 17 per cent., which represents an annual saving of about $35,000.

"Mr. Williamson is now receiving $2,100 per annum. The ordinary Enginemen of the stations receive $1,750 per year, and their duties and responsibilities are confined to but one or two pumping engines. Mr. Williamson is now eligible for appointment as Mechanical Engineer at a salary of $3,000 per annum, as a result of an open competitive examination. His rating placed him third on the list and the two who preceded him have since secured appointments. He has declined offers of private companies, anticipating that the City would eventually recognize the services he had rendered and compensate him accordingly. The data obtained from other cities show that Engineers holding similar positions are receiving $3,000 per annum and upwards."

Mr. Williamson entered the service of the City on December 12, 1905, and has received his present rate of compensation since May 15, 1909.

A memorandum has been submitted setting forth, in detail, the cost of operating and maintaining these stations in 1909, before Mr. Williamson took charge, and in 1912, the last full year under his jurisdiction. This data shows that while the total pumpage at the distribution stations increased from 24,919 million gallons in 1909 to 30,403 million gallons in 1912, the cost of operation and maintenance decreased from $231,189 to $198,914.

The position of Mechanical Engineer at $4,800, $4,500 and $4,000, for one incumbent each, is established for the department. In view of the nature and responsibility of the services of Mr. Williamson, the proposed rate of $3,000 does not appear to be excessive.

The Commissioner states that the funds for the increase will be made available by schedule modification, pursuant to the resolution governing salary increases adopted by your Board on January 30, 1913.

We recommend the adoption of the attached resolution, approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grade of position, in addition to those heretofore established, as follows:

The President laid before the Board the following communications from the President of the Borough of Queens:

No. 3322.

The City of New York, office of the President of the Borough of Queens, Long Island City, April 7, 1913.

To the Honorable Board of Aldermen, City of New York, City Hall, New York, N. Y.:

Gentlemen—Pursuant to subdivision 8 of section 188 of the Charter of The City of New York, application is hereby made for an issue of special revenue bonds to an amount not to exceed nine thousand four hundred and seventy dollars ($9,470), for the purpose of replenishing the Budget allowance made to the Bureau of Street Cleaning. this Department, for the year 1913.

In support of this application, I beg to transmit herewith copy of a report of the Superintendent of the Bureau of Street Cleaning, to wit:

Hon. Joseph Flanagan, Commissioner of Public Works:

Sir—Would respectfully recommend that the Board of Aldermen and the Board of Estimate be requested to authorize the Comptroller to issue special revenue bonds in accordance with section 188, subdivision 8 of the Greater New York Charter, in the amount of $9,470, this money being needed for the following purposes:

To employ one Laborer in each crematory (5) on the Sundays between April 1 and December 31, 1913; 5 Laborers, 39 days each at $2.50	$487 50
To employ six Laborers from June 1 to September 30, inclusive, these being necessary to make the regular collections in the Fifth Ward (Rockaways) during the summer months 6 Laborers, 104 days, at $2.50 per diem	1,560 00
To employ 28 Sweepers 96 days each to substitute the employees of this Bureau on vacation. It is desired to allow the 220 Laborers and Sweepers of this Bureau a vacation of 12 working days each during the months of June, July and August. Thirty-six men will be absent continually during this period; 28 Sweepers, 96 days each, $2.50 per diem (2,688 days)	6,720 00
To employ 7 Sweepers on Sundays from the 1st of April to December 31, to clean the main thoroughfares of the following places: Flushing, Ridgewood, Jamaica, Richmond Hill, Far Rockaway and Rockaway Beach, and the Bridge Plaza, Long Island City. One man to be employed at each place from 5 a. m. to 1 p. m., Sundays; 7 Sweepers, 39 days each, $2.50 per diem	682 50
	$9,470 00

Funds were not requested in the annual estimate for the year 1913, to employ men on Sunday, for the reason that we figured that we would be able to employ them as we did during the years 1911 and 1912, and pay them on our regular weekly payroll. The wage accruals during the absences of employees kept our pro rata down to within one-fifty-second of the Budget allowance for Laborers and Sweepers. The Finance Department notify us that they will pass the payrolls for Laborers and Sweepers during 1913 employed seven days during the week only until such times as revenue bonds are granted for this purpose, on our application.

In our annual estimate we requested funds to employ 5 additional teams for operating sweeping machines, and 6 additional horses for sprinkling wagons, and figured that we could maintain our sweeping schedule during the period that employees were on vacations, with these additional machines, without employing additional Laborers and Sweepers.

The funds allowed for the employment of teams for operating sweeping machines and horses for operating sprinkling wagons are inadequate for the employment of this additional equipment, and it will be impossible to allow vacations and keep the streets in a clean condition unless funds are appropriated as requested above.

The six additional employees requested above from June 1 to September 30, were not included in our Budget estimate for the reason that in other years we transferred men to the Rockaways from other parts of the Borough where they could be spared. This we will be unable to do during 1913 on account of the increase in the number of miles of streets placed under our jurisdiction and the insufficient increase in force allowed in the 1913 Budget; also on account of the increase in daily collections in most parts of the borough. Respectfully,

DANIEL EHNTHOLT, Superintendent.

The above is hereby approved. Yours, very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Resolved, That, in pursuance of subdivision 8, section 188 of the Charter of The City of New York, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to an amount not exceeding nine thousand four hundred and seventy dollars ($9,470), the proceeds whereof to be expended for the purposes of the Bureau of Street Cleaning, office of the President of the Borough of Queens, during the year 1913.

No. 3323.

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 9, 1913.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—Request is hereby respectfully made in accordance with the provisions of subdivision 8 of section 188 of the Charter for an issue of special revenue bonds amounting to $3,000 to provide for equipment of new offices for the use of this Department on the second and third floors of the Post Office Building in Long Island City.

On March 1 this Department took possession of two floors in the building and temporarily moved some employees from the Bureaus into the building. It is proposed to erect partitions and install lighting fixtures and equipment. The estimate in detail contemplates the following expenditures:

Lumber	$200 00
Electrical fixtures and equipment	650 00
Floor covering, linoleum, etc.	350 00
Window shades	40 00
Drawing tables	450 00
Office furniture	650 00
Plumbing	250 00
	$2,590 00

In addition, it is proposed to purchase a new filing system for correspondence and documents of the Department, which will probably cost the difference between the detailed estimate and $3,000. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 9, 1913.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—Your approval is requested for the issue of special revenue bonds amounting to $5,600 to provide for the recopying of the records prior to consolidation of the old municipalities now in the Borough of Queens and included in Greater New York.

One of the most necessary and important duties of the Topographical Bureau is the search of the records of streets and data relating to them prior to consolidation. It involves a search of old village records, town highway commissioners' records and other books kept by the former municipalities now in the custody of the Bureau of Investigation and Statistics of the Department of Finance in accordance with statutory provision.

The information in these books is of great value and is the original and official record which is essential in proceedings relating to old roads and streets. The books also contain the record of the improvement of streets paid for from county or other funds prior to consolidation.

Much work has been done by this Department in setting up such a record from the originals, but the volume of detail is great and the force of employees limited. It is my judgment that the work can be greatly economized by copying on a large scale and thereby dispose of the work quickly and efficiently. A force of five or six typewriting copyists could be employed under the direction of a competent person in this Department who is familiar with the requirements and complete the work in a year at an estimated cost for salaries of $5,250, in addition to which the rent of typewriting machines is estimated at $216 and $134 for ribbons and miscellaneous supplies other than typewriting paper, requisition for which will be made upon the CITY RECORD if the requested funds are made available. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The President laid before the Board the following communication from the Brooklyn Public Library:

No. 3324.

Brooklyn Public Library, 26 Brevoort Place, April 10, 1913.

To the Honorable the Board of Aldermen, New York City:

Gentlemen—The Trustees of the Brooklyn Public Library respectfully request that an issue of revenue bonds for $20,000 be authorized for the purchase of books for new Carnegie libraries, to be known as the Eastern Parkway Branch and the Brownsville Children's Library, which are about to be erected; $10,000 for each branch.

In accordance with custom and agreement, the City has appropriated $10,000 for the purchase of books for each new branch opened. This appropriation ought to be available as soon as possible, so that the purchase of books and the cataloguing of the same may go forward at the same time with the construction of the buildings. The buildings cannot be opened to the public until the books are purchased, catalogued and arranged. Respectfully yours, DAVID A. BOODY, President.

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 3325.

Department of Public Charities of The City of New York, Foot of East 26th Street, April 7, 1913.

Re Hunters Island.

To the Honorable the Board of Aldermen:

Gentlemen—By arrangement with Hon. Thomas J. Higgins, Commissioner of Parks of the Borough of The Bronx, permission has been given to this department to use the building on Hunters Island (Pelham Bay Park), which has heretofore been used by the Little Mothers' Aid Association as a holiday home for children, as a convalescent home for mothers, babies and small children. It is a three-story and basement stone building, containing twenty-four rooms, and will accommodate about seventy-five people. The house, however, is in need of many repairs, as it has not been repaired for some years. To make the necessary repairs will cost $4,000. This will include two sets of toilets, one on the first and one on the second floor; painting of the building inside and removing all old wall paper; overhauling windows and doors; repairs to plaster, where necessary; renewal of plumbing, where necessary, and repairs to roofs and leaders. The following help will be required:

1 Supervising Nurse (in charge), at $750 per annum	$750 00
2 Trained Nurses, 1 for day and 1 for night, at $600 each	1,200 00
1 Cook, at $600 per annum	600 00
1 Cook (assistant and waitress)	360 00
1 Hospital Helper (driver)	480 00
2 Hospital Helpers in laundry, at $360 each	720 00
2 Hospital Helpers (ward maids), at $240 each	480 00
1 Hospital Helper (to act as orderly)	360 00
1 Hospital Helper (for grounds)	360 00
Total	$5,310 00

As we propose to keep the building open for five months of the season, we would require the sum of $2,212.50. We would, therefore, respectfully request that special revenue bonds to the amount of $6,212.50 be authorized for this purpose.

Trusting this will receive your prompt and favorable consideration, I am

Yours respectfully, MICHAEL J. DRUMMOND, Commissioner.

The President laid before the Board the following communications from the President of the Borough of Richmond:

No. 3326.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, April 3, 1913.

Honorable Board of Aldermen, City Hall, New York:

Gentlemen—I would ask unanimous consent for the consideration of an issue of special revenue bonds in the sum of $2,500 to cover the expense of the proposed "spring clean-up" in the Borough of Richmond, in accordance with the provisions of subdivision 8, section 188, of the New York Charter.

It is impossible to do more than approximate the services required for this work. Our estimate, however, is as follows, viz.:

Removal of Materials:		
Teams, 105 days, at $6 per day	$630 00	
Labor, 315 days, at $2.50 per day	787 50	
Foremen, 56 days, at $4 per day	224 00	
		$1,641 50
Final Disposition of Materials at Dumps:		
Labor, 84 days, at $2.50 per day		210 00
Final Disposition of Materials at Destructors:		
Labor, 48 days, at $3 per day	$144 00	
Engineman, 15 days, at $4.50 per day	67 50	
		211 50
Contingencies		437 00
		$2,500 00

We have added to the foregoing approximately twenty-five (25) per cent. to cover contingencies.

I trust that the Board will act favorably on this request, so that the work may be prosecuted at the earliest possible date. Yours very truly,

GEORGE CROMWELL, President of the Borough.

In connection herewith, Alderman Curran offered the following resolution and moved its adoption:

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand five hundred dollars ($2,500), the proceeds whereof to be used by the President of the Borough of Richmond for the purpose of meeting the expense of the "spring clean-up" in the aforesaid borough.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

The President put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Curran, Delaney, Devine, Diemer, Dotzler, Dowling, Downing, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGrath, Martyn, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell; President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers; President McAneny, by E. V. Frothingham, Commissioner of Public Works, and the Vice-Chairman—64.

Hon. Board of Aldermen, City Hall, New York City:

Gentlemen—I would request that your Board take the necessary action toward the issue of special revenue bonds in the sum of $300, to provide funds for the payment of the increase in wages of Steam Roller Engineers, due to the proposed change in rate from $4.50 to $4.75 per diem, recently requested by resolution of the Board of Estimate and Apportionment.

The basis of the request is the employment of five steam roller engineers in the Bureau of Highways for nine months for twenty-five days' service per month.

Yours respectfully, GEORGE CROMWELL, President of the Borough.

No. 3328.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, April 10, 1913.

Board of Aldermen, City of New York, New York City:

Dear Sirs—My Superintendent of Public Buildings and Offices reports to me that there is insufficient money in schedule code No. 3324 of that bureau to do repairing and overhauling of two passenger elevators and installing new tubes in the boilers at the Borough Hall of this borough, and that for the doing of this work it will require a sum of $1,200, as follows:

General overhauling of two passenger elevators	$700 00
Removing old boiler tubes and installing new tubes in the two boilers, etc.	500 00
Total	$1,200 00

I, therefore, respectfully make application to your Board that request be made upon the Board of Estimate and Apportionment for the issuance of special revenue bonds in this amount, with which to do this work. Very truly yours,

GEORGE CROMWELL, President of the Borough.

Mr. P. J. SCULLY, City Clerk:

Dear Sir—Under date of April 10th we addressed a communication to the Board of Aldermen requesting permission to purchase two automobile ambulances in the open market without public letting at a price of $3,000 each, and stated in said communication one was to be used at the Kings County Hospital and one at the Coney Island Hospital. It should have stated one at Kings County Hospital and one at the Reception Hospital, East 70th St., Manhattan.

Enclosed herewith please find copy of the communication of April 10th, and would respectfully request that you make the correction. Respectfully yours,

J. McKEE BORDEN, Secretary.

(Copy.)

April 10, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—We would respectfully request that authority be granted this Department to purchase without public letting, two automobile ambulances, one to be used at the Kings County Hospital and one at the Coney Island Hospital, at a price not exceeding the sum of $3,000 each. The funds to purchase these automobiles were authorized by the Board of Aldermen at the meeting held February 18th and by the Board of Estimate and Apportionment at the meeting held April 10th.

Trusting that a resolution in the enclosed form or some other suitable form will be adopted by the Board of Aldermen at an early date, I am, Yours respectfully,

MICHAEL J. DRUMMOND, Commissioner.

Resolved, That pursuant to section 419 of the Greater New York Charter, the Commissioner of the Department of Public Charities of The City of New York, be and hereby is authorized to purchase, without public letting, for the use of said Department, two automobile ambulances, the total expense of which will not exceed the sum of $3,000 each.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Department of Health:

No. 3330.

City of New York, Department of Health, Office of the Secretary, April 11, 1913.

Hon. P. J. SCULLY, City Clerk, City of New York:

Sir—At a meeting of the Board of Health of the Department of Health, held April 8, 1913, the following resolution was adopted:

Resolved, That the Board of Aldermen be and is hereby respectfully petitioned, pursuant to the provisions of subdivision 8 of section 188, of the Greater New York Charter, to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in the sum of eleven thousand dollars ($11,000), the proceeds whereof to be used by the Department of Health for the purpose of reimbursing the Department of Docks and Ferries for work in dredging steamboat berths and repairs to the docks at Riverside Hospital, on North Brother Island, in the Borough of The Bronx, as follows:

Dredging 4,200 cubic yards so as to provide a depth of 15 feet at mean low water	$2,000 00
For work on main passenger dock	3,880 00
For repairing freight dock	4,400 00
For repairing the dock at the foot of E. 132d st	720 00
	$11,000 00

A true copy. EUGENE W. SCHEFFER, Secretary.

City of New York, Department of Health, Office of the Secretary, April 11, 1913.
Hon. P. J. SCULLY, City Clerk, City of New York:

Sir—The enclosed resolution adopted by the Board of Health April 8, 1913, requesting the Board of Aldermen to authorize an issue of special revenue bonds in the sum of eleven thousand dollars ($11,000), for the purpose of reimbursing the Department of Docks and Ferries for contemplated work at Riverside Hospital, at North Brother Island, Borough of The Bronx, as specified therein, is forwarded with a request that you will submit it to the Board of Aldermen at its next meeting for consideration. The amount is based upon estimates submitted to the Department of Health by the Chief Engineer of the Department of Docks and Ferries, who made a thorough examination of the docks and the needs of the hospital in the matter of dredging and the urgent necessity of which cannot be too strongly enforced.

At the present time the boats cannot land at the slips set aside for them in low water, but must lay at the end of the docks, and the condition of the docks is very bad, if not in a condition dangerous to life. Very truly yours,

EUGENE W. SCHEFFER, Secretary.

The President laid before the Board the following communication from the Comptroller:

No. 3331.

City of New York, Department of Finance, Comptroller's Office, April 7, 1913.
To the Honorable the Board of Aldermen:

Gentlemen—The condition of the pavement of the fish market underneath the Manhattan approach to the Williamsburg Bridge is so bad as to be a constant menace both to health and public safety. It has been complained of by the Department of Bridges and by the Superintendent of Markets, who calls attention to the urgent need of its improvement. The Bridge Commissioner and the Engineers of his department advise that the improvement necessary to place said fish market in a proper condition will entail an outlay of approximately $5,000, and will consist of laying a cement sidewalk over the entire property between Willett st. and Pitt st., and the establishing of the necessary drains and connections thereto.

There are no funds available from which to meet the cost of said improvement, and I would therefore petition your honorable Board that you request the Board of Estimate and Apportionment to authorize the issuance, under subdivision 8 of section 188, of the City Charter, of special revenue bonds not to exceed the sum of five thousand dollars ($5,000), the proceeds whereof to be used for the purpose of laying a cement sidewalk under the Williamsburg Bridge, between Willett and Pitt sts., and the establishing of the necessary drains and connections thereto.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Resolved, That the Board of Aldermen be and it is hereby respectfully petitioned, pursuant to the provisions of subdivision 8, of section 188, of the Greater New York Charter, to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in the sum of five thousand dollars ($5,000), the proceeds whereof to be used for the purpose of laying a cement sidewalk under the Williamsburg Bridge, between Willett and Pitts sts., in the Borough of Manhattan, and the establishment of the necessary drains and connections thereto.

No. 3332.

Department of Public Charities of The City of New York, foot of E. 26th st., April 14, 1913.

Re Hunters Island.

To the Honorable the Board of Aldermen:

Gentlemen—Under date of April 7 we requested the issue of special revenue bonds to the amount of $6,212.50. Four thousand dollars of this amount was for the purpose of repairing the building on Hunters Island, Pelham Bay Park, in order that said building might be used as a convalescent home for mothers, babies and small children, permission having been granted to this department by the Commissioner of Parks, Borough of The Bronx, to use said building.

Since requesting that this amount be issued, the Commissioner of the Park Department for the Borough of The Bronx has notified me that he would request that special revenue bonds be issued to make the necessary repairs to the building. I would therefore respectfully request that $4,000 be eliminated from my request of April 7.

Respectfully yours, MICHAEL J. DRUMMOND, Commissioner.

No. 3333.

City of New York, Department of Education, Board of Education, Park ave. and 59th st., New York, April 11, 1913.
Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on April 9, 1913, relative to certain resolutions adopted by the Board of Aldermen on March 11, 1913, requesting the Board of Estimate and Apportionment to provide the necessary funds for the construction of a new building and addition for Public School 18, and additions to Public Schools 21 and 43, Brooklyn. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Buildings respectfully reports that it has given careful consideration to the following resolutions adopted by the Board of Aldermen on March 11, 1913:

"Resolved, That the Board of Estimate and Apportionment be and is hereby requested to provide the necessary funds for the construction of a new building and addition for Public School 18, on Maujer st., in the Borough of Brooklyn, in order to relieve the present overcrowded conditions, this in accordance with the expressed opinion of Local School Board, District 43;

"Resolved, further, That the Board of Education join in the request herein made."

"Resolved, That the Board of Estimate and Apportionment be and is hereby requested to provide the necessary funds for additions to Public Schools 21 and 43, in the Borough of Brooklyn, in order to relieve the present overcrowded conditions, this in accordance with the expressed opinion of Local School Board, District 43;

"Resolved, further, That the Board of Education join in the request herein made."

—and reports that in the corporate stock estimate approved by the Board of Education on March 12, 1913, and transmitted to the Board of Estimate and Apportionment on March 27, 1913, there was included an item of $157,700 for an addition of eighteen classrooms to Public School 18, Brooklyn, and the equipment of the same. This proposed addition, it is believed, will also furnish relief for Public Schools 21 and 43. The co-operation of the Board of Aldermen in securing prompt action upon an issue of corporate stock for the above-mentioned improvement and for the erection of other school buildings and additions will be highly appreciated by the Board of Education.

Your Committee submits for adoption the following resolution:

Resolved, That a copy of the foregoing report be transmitted by the Secretary to the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on April 9, 1913. A. E. PALMER, Secretary, Board of Education.

No. 3334.

Sheriff's Office, Richmond County, Richmond, N. Y., April 12, 1913.
Honorable Board of Aldermen, New York, N. Y.:

Gentlemen—I respectfully request your honorable Board to recommend the issuance of special revenue bonds to pay for the following bills for food supplies, etc., for the Richmond County Jail for the year 1912, the appropriation being inadequate for that purpose:

Thos. J. Vaughan (meats, August, September, October, November and December, 1912)	$1,550 76
Daniel J. Roach (groceries, November and December, 1912)	558 23
Holtermann Bros. (bread, November and December, 1912)	99 56
Total	$2,208 55

No. 3335.

The Trustees of The New York Public Library, Astor, Lenox and Tilden Foundations, April 9, 1913.
Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—On behalf of the Trustees of The New York Pubic Library, I hereby apply to your honorable Board for an issue of revenue bonds to the amount of thirty-seven thousand five hundred dollars, the proceeds thereof to be used for the purchase of original stock of books at the following new branch libraries now in course of construction:

Site No. 13, 457-459 W. 40th st	$10,000 00
Site No. 27, corner St. Nicholas ave. and W. 160th st	7,500 00
Site No. 42, 759 E. 160th st	10,000 00
Site No. 18, corner E. 162d st. and Morris ave	10,000 00

On February 6 an application was made to the Board of Estimate and Apportionment for the issue of corporate stock for this amount, but at the suggestion of the Comptroller we now apply for revenue bonds instead.

Application was also made to your honorable Board on March 31 for the issue of revenue bonds for the maintenance of these new branches, and we would ask that action be taken as soon as possible on both these requests, in order that the work of preparation of the books may begin without delay. Very respectfully,

G. L. RIVES, Chairman, Executive Committee.

REPORTS OF SPECIAL COMMITTEES.

Report of the Special Committee on Speed Regulations—

No. 2515.

The special committee appointed by the Rules Committee on the 19th day of March, 1912, pursuant to a resolution of the Board of Aldermen, for the purpose of investigating the speed regulations of The City of New York and matters pertaining thereto and to which its report and ordinance was recommitted on the 21st day of January, 1913, respectfully submits its report herewith, including a letter bearing on the situation from the Hon. William G. McAdoo, Chief Magistrate of The City of New York. A proposed ordinance relative to speed regulations is also submitted. The general features of the ordinance have the approval of the Justices of Special Sessions and a representative of the District Attorney's office.

The present City ordinance is antiquated, ineffective, inadequate and unsatisfactory to the public in general and to those who have to do with the enforcement of the law. Some slight amendments have been made to the proposed ordinance heretofore reported, which in the main will make the proposed ordinance more acceptable to all concerned. The changes may be briefly summarized as follows:

The first proposed ordinance provided a strict 15-mile per hour limitation in the built-up portions of the City. This feature has been changed in accordance with the practice obtaining in practically all of the cities in the United States, making any speed in excess of 15 miles per hour prima facie evidence of reckless driving. The committee has seen fit, however, to add a strict limitation of 20 miles. The prima facie rule makes possible an arrest at any time for exceeding 15 miles per hour, and there is a legal presumption of guilt on the part of defendant unless he can demonstrate to the satisfaction of the Court that there was no recklessness. The speed permitted on country roads and outlying sections of the City remains 25 miles per hour, the same as previously reported.

The committee has made no change in the severe penalties for reckless driving, which apply under all circumstances and conditions, regardless of the rate of speed whether it be 4 or 15 miles per hour. These penalties alone should discourage speeding, and taken together with the prima facie rule and the limitations prescribed should prove effective for all purposes.

The committee has also slightly changed the provision as to protection of passengers who are getting on and off street cars. For the past few months the City of Chicago has conducted experiments along these lines and has finally secured a provision which the Mayor of that city believes to have been material in the preventing of accidents and the saving of life. The provision reported by the committee requires that a space of at least eight feet shall be preserved at all times between a street passenger car, which has been stopped to receive or discharge passengers, and any vehicle. If the space of eight feet cannot be preserved the vehicle must be brought to a full stop.

The penalties provided apply to any violation of the provisions of the ordinance and are:

For the first offense not less than $25 nor more than $100, or by imprisonment not to exceed 15 days or by both.

The penalty for the second offense within one year is doubled and the penalty for the third offense within one year is a fine of $100, or imprisonment for a term not to exceed 60 days, or both.

The committee believes that the proposed ordinance is definite and certain; that it provides adequate penalties to punish reckless driving and that the mere provision of such penalties will largely eliminate much reckless driving which has become a common practice.

The State law substantially limits the jurisdiction of the Board of Aldermen to questions of speed and for this reason the ordinance does not include other regulations which have been heretofore suggested by the committee last July, and some of which are receiving consideration in the State Legislature.

Dated April 7, 1913. Respectfully submitted,

RALPH FOLKS, Chairman; NILES R. BECKER, F. H. WILMOT, ROBERT H. BOSSE, W. AUGUSTUS SHIPLEY, JOHN J. REARDON, WILLIAM FINK, O. GRANT ESTERBROOK.

Speed Table.

What does a given rate of speed mean to a pedestrian in case of an impending accident? Mathematical computation shows the number of feet per second a pedestrian or vehicle is moving and indicates the possibility of escape.

Rate Per Hour.		Rate of Feet Per Second.
3 miles	Pedestrians, women and children	4 2/5 feet
4 miles	Pedestrians, men	5 7/9 feet
10 miles	Automobiles	14 2/3 feet
15 miles	Automobiles	22 feet
20 miles	Automobiles	29 1/3 feet
25 miles	Automobiles	36 2/3 feet
30 miles	Automobiles	44 feet
35 miles	Automobiles	51 1/4 feet
40 miles	Automobiles	58 2/3 feet
50 miles	Automobiles	73 1/3 feet
60 miles	Automobiles	88 feet

A pedestrian is one second remote from an accident in case he steps in front of a machine at a distance equal to the number of feet traveled per second in the above table in case he is not detected or the brakes fail to work. In case he is detected and the brakes are applied the danger is lessened but not removed.

Table of Brake Tests.

The following brake tests were made in Kings County, Friday, May 17, 1912. The brakes were applied at a designated point in the highway with full notice to the driver. It is to be noted that a car moving at the rate of 15 miles per hour, properly equipped, with notice to the driver, under favorable circumstances, required the distance of 15 feet to stop while the car moving at the rate of 20 miles per hour required a distance of between 25 and 36 feet to stop. A faulty application of the brakes required additional distance and the committee observed that brakes were not always applied with the same degree of accuracy.

Present City Ordinance—The present City Ordinance provides for a speed of 8 miles per hour in built up sections of the City and 15 miles per hour where the buildings are 100 feet apart. The penalty provided for violation is from one to ten dollars. This ordinance has been sustained by the courts.

Licensing Drivers—The present law requires that drivers for hire only shall be licensed. Private owners are not required to get a license to drive. This must not be confused with the licensing of the car itself, which in all cases must be licensed. The office of the Secretary of State is responsible for the granting of licenses to drivers. The examinations as conducted at present are undoubtedly superficial and inadequate both as to character and efficiency.

In the City of Paris applicants are compelled to drive in the presence of dummies on the streets and to demonstrate their skill in the avoiding of obstacles. Such tests appear to be reasonable and necessary.

An automobile in the hands of an unskilled driver is an engine of destruction. Any person desiring to drive should prove beyond a doubt that he is competent to assume the responsibility. The burden of proof should rest with him. The mere fact that a person owns a car and is willing to risk injury to himself and property is insufficient. It is difficult to find a good reason for licensing a driver for hire and exempting the private owner. In Massachusetts all drivers must be licensed. Such a provision would tend to prevent the driving of a car by a reckless son or unskilled driver and would provide a necessary means for removing the chronic speeder from the public highways.

The present law gives the Secretary of State power to revoke a license to drive for sufficient cause upon complaint of a magistrate. It is believed that such power should rest with the magistrates or the Police Commissioner, who are upon the spot and have information at hand. Such power should rest with local authorities at least so far as driving in New York City is concerned regardless of the rest of the state.

Drivers who reside in New York City should file with the Police Department a card containing their photograph, license number, address and signature to be used for the purpose of identification in case of repeated offenses. It might be possible to provide blanks on the driver's license so that a magistrate could make a record of violations of the law. This record would be available at any time and would assist in determining the amount of the penalty.

Brakes and Speed—Safe driving depends primarily upon two things,—the efficiency of the man at the wheel and proper brakes. If either is at fault the public is in danger. The tables of speed and brake tests submitted with this report show that it requires a distance of nearly 15 feet to stop a car on dry asphalt at a speed of 15 miles per hour, which is equivalent to a speed of 22 feet per second. When the speed of the car is increased from 15 to 20 miles per hour an increase of 33⅓ per cent. of speed, the distance required to stop is increased to nearly 30 feet. In short, the increase of speed by 33⅓ per cent. increases the distance at which it is possible to stop by nearly 100 per cent. An increase of speed from 15 to 30 miles per hour or 100 per cent increases the distance required to stop to 60 feet, or 400 per cent.

The tests referred to were made under favorable circumstances and illustrate what might happen in stopping a car equipped with brakes which have not been repaired for a year after normal usage, which brakes are ordinarily 50 per cent less efficient than new brakes. The necessity of some sort of brakes, inspection and proper penalties for defective brakes is apparent.

How quickly can a car be stopped in an emergency at a given rate of speed? Under what conditions can the pedestrian escape?

By referring to the table of speed and brake tests submitted herewith a hypothetical case can easily be formulated. At a speed of 15 miles per hour a car travels 22 feet per second. In case the pedestrian stops in front of a car at this rate of speed at a distance of 22 feet either through his own negligence or that of the driver in failing to warn of his approach, there would be precisely one second of time to avoid accident. This would require on the part of the driver immediate discovery of the pedestrian, instantaneous decision and application of the brakes and an immediate response of the machine. A failure in one respect would precipitate an accident. In case the distance of the machine to travel were much less than 22 feet it is evident that there could be no escape. The pressure of the brakes lessens the speed of the car per second, but fractions of seconds are of little consequence to infirm persons, women and children, under such circumstances.

Comparative Dangers of Vehicular Traffic—Owing to the fact that there is now no accurate record of the number of automobiles and other classes of vehicular traffic it is impossible to make an accurate comparison. It was urged at the outset by the automobilists that the danger incidental to motor traffic was much less than that of other street traffic. The hospital records and the coroners' records submitted herewith for this year would seem to indicate that such is not the case. It is now claimed that the total mileage of the motor cars exceeds that of other vehicles and that this accounts for the heavy death toll and many injuries. It is to be noted, however, that much of the mileage is on country roads; that motor cars are used but little during the winter months and more particularly on Saturday afternoons, Sundays and holidays during the remainder of the year, while other vehicular traffic is nearly constant throughout the year. It is estimated that there are five times as many horse-drawn vehicles as automobiles. All things considered the committee is of the opinion that the automobile leads in accidents and fatalities.

Speed and Discretion—It is the intent of the Callan Law, unless otherwise provided by local ordinance, that the rate of the speed shall be left to the discretion of the driver. This provision is favored by some owners who suggest the repeal of the present city ordinance, leaving the Callan Law in full force and effect. Theoretically, discretion without limitation is excellent. Practically it is open to serious objection. It hampers conviction. In each court case at least two questions of fact arise—the rate of speed and reckless driving. The latter question involves many others. How many vehicles were on the street, how many pedestrians, their relative positions and how fast was the vehicle moving, how wide was the street and what signals were given? Did the act charged as reckless cause an accident or not, and, if not, was it reckless? The testimony of a single officer many times can be offset by the testimony of several occupants of the car. Street cars, trucks, carriages, tradesmen's delivery wagons, automobiles and pedestrians, including many women, children, the infirm and the aged, are continuously mingling from four different directions at intersecting streets. The unexpected is always happening. Under such conditions an automobile should be under perfect control, and at least as much control as a horse and carriage. The maximum speed limit should mean perfect control beyond which there can be no discretion. The rule of discretion makes a policeman a judicial officer instead of an administrative officer. Arrests should always be made with discretion, but upon definite and specific principles which should be established by law as far as possible. Too many men should not be vested with judicial power. In some instances it has been urged that the proposed limitations of speed will be a hardship for drivers of

discretion. The answer is that drivers of discretion are not exceeding the limitations prescribed in the proposed ordinance under various conditions. For several months past the police policy has been to suppress reckless driving only. In other words, driving at discretion, the rule of reason has prevailed in New York City. It is needless to say that fast and reckless driving has become a common practice under the law of discretion. The drivers have had their chance and a material percentage has convicted itself of indiscretion. The conclusion necessarily follows that discretion has its limitations under certain conditions as proposed in the ordinance.

It has been pointed out that in London and Paris drivers have discretion as to rates of speed. It is generally understood, however, that arrest will be made if the speed exceeds 15 miles per hour in business and residential sections. The proposed ordinance merely states specifically what is otherwise commonly understood. In addition, drivers' licenses are there granted after careful inquiry as to character, efficiency and practical tests.

The Police Department—The policy of the Police Department has been to arrest for reckless driving. The patrolmen and mounted police are unable to do much in the way of arrests for the reason that the speed of the automobile is too fast. Motorcycle officers are the only members of the force qualified to overtake a speeder. It is believed that the present motorcycle force of 25 is too small to cover the city with any degree of efficiency and that the many thoroughfares of the entire city should be adequately patroled in this respect.

It is also to be noted that proper rear lights are not now provided. In one evening it was discovered that 10 per cent. of the cars were without such lights on Fifth ave. and that in many instances it was impossible to read the license numbers on the rear of the car owing to defective lights.

The present law requires the license number to be visible only for a distance of 50 feet from the rear of the car. Such a number may become invisible in less than two seconds if a car is travelling at the rate of 20 miles per hour. The Police Department should enforce the law rigidly in this respect in order that proper identification may be had in case of injury or accident and the offender tries to escape.

Public Streets—Pedestrians and vehicles each have rights in public streets which must be respected. Vehicles are excluded from the sidewalks and pedestrians are not supposed to frequent the public highway except at crossings. It is at this point that the trouble begins.

It is at once evident that pedestrians far outnumber vehicles and particularly automobiles. According to the majority rule and also to ethical standards the greatest good to the greatest number, the rights of the pedestrians should prevail. In fact the courts have so held. It is also essential to pleasure and business in a large city that vehicular traffic should not be unnecessarily impeded. The question arises, what shall be the standard of speed? The answer, the committee believes, is that speed at all times must be consistent with public safety and the rights of others. This is the fundamental principle upon which the proposed ordinance is based.

Pedestrians—While pedestrians have many just causes for complaint, they are also responsible in many cases for their own injuries and unnecessarily annoy the drivers. According to the records of the Police Department some 800 accidents out of 2,500 occurred in the middle of the block or remote from corners. Vehicles should be entitled to free and unobstructed passage of the highways aside from street crossings. Pedestrians who take the risk of crossing streets in the middle of the block invite disaster and are primarily to blame for any accident that may occur.

Failure to observe approaching vehicles in stepping from the sidewalk and crossing streets may result in serious injury at any time. Pedestrians are frequently negligent in this respect as they also are in stepping from behind standing vehicles in front of approaching vehicles without looking. While the majority of those injured or killed are adults, about one-third are children under 16 years of age. Playing ball and roller-skating in the streets are the causes of many of these deaths and injuries. It may seem severe for the police to drive children who are playing from the streets; but in so doing they are safeguarding their lives from traffic. Winking at such practices is winking at danger and even death. Adequate playgrounds is the proper remedy.

While pedestrians may be negligent and careless in crossing streets and may be injured or killed it is human nature to be somewhat careless. At any event, a death sentence from a swiftly moving vehicle not under control is out of proportion as a penalty for negligence under such circumstances.

The Magistrates—The enforcement of the law rests with the magistrates, assuming that the police make the necessary and proper arrests. It is believed that much of the reckless driving of the past might have been suppressed by a more rigid enforcement of the City Ordinance both by the police and magistrates. If the law of discretion without limitation is to prevail the situation might become hopelessly confused, as there are many magistrates and there might be many opinions as to what constitutes reckless driving. It is believed that the magistrates are now dealing more severely with offenders. The slight penalty of $10.00 now provided in the present law is an admitted source of weakness. It is impossible to learn of any specific complaints filed by magistrates with the Secretary of State against licensed drivers for offenses against the law. Such a provision exists in the Callan Law. It would seem that magistrates should not be required to perform ministerial duties of this sort in addition to their judicial duties.

Court Decisions.

It has been maintained by some attorneys and automobile owners that any proposed ordinance would be defective unless adequate provisions were made for the posting of signs on the public highways showing the rates of speed permitted by the proposed ordinance.

Such requirement would seem unreasonable and impossible, and in addition would appear that more persons might be injured if the drivers were required to constantly watch for notices posted on the public highways for the reason that their attention would be continuously diverted for such observation and in the meantime pedestrians might be unavoidably injured.

For these reasons the committee has made the provisions general and designated certain streets where a slightly increased speed is deemed to be consistent with public safety.

A recent decision of the Appellate Division in the case of The People of the State of New York, respondent, vs. Irwin Untermyer, appellant, and another decision of Mr. Justice Swann, of the Court of General Sessions in the case of The People of the State of New York, respondent, vs. John Dwyer, appellant, are herewith submitted:

Court of General Sessions, The People of the State of New York, Respondent, against John Dwyer, Appellant.

This is an appeal by the defendant from a judgment of conviction in the City Magistrate's Court, convicting the defendant of a violation of the city ordinance regulating the speed of motor vehicles.

The facts in the case are not disputed, and on this appeal the defendant raises the question of law solely. Stripped of the technical legal forms of expression, the question is whether in The City of New York the local ordinance regulating the speed of motor vehicles was superseded by the Motor Vehicle Law (familiarly known as the Callan law).

By section 288 of the "Motor Vehicle Law" local ordinances are prohibited "except as herein otherwise provided," and in the same section it is expressly provided that the inhibition against local ordinances shall not apply to cities of the first class in the following words:

"Provided that nothing in this article contained shall impair the validity or effect of any ordinances regulating the speed of motor vehicles or of any traffic regulations with regard to the operation of motor vehicles heretofore or hereafter made, adopted or prescribed, pursuant to law in any city of the first class;"

Nor is it necessary to the validity of an ordinance of a city of the first class that the city's streets should be "posted" as provided in section 288, as it is expressly provided by that section that the posting shall apply to "other cities" (meaning cities other than those of the first class which had just been mentioned.)

This construction of the "Motor Vehicle Law" is in strict accordance with the canons of statutory construction and gives meaning and effect to all of the provisions of section 288.

The construction contended for by the appellant would render some of the provisions of the section meaningless, and from the extreme difficulty of The City of New York in complying with the provision for posting its streets it would almost make a local ordinance impossible, and it cannot be seriously contended that the legislative intent was to permit motor cars to speed through the streets of New York at any such extraordinary rate.

It may be that the present local ordinance restricts the speed unduly, as contended by the appellant, but that is a question of policy and not of law, and relief may be obtained by an amendment of the ordinance.

The judgment of conviction is affirmed.

Supreme Court, Appellate Division, First Department. The People of the State of New York, Respondent, against Irwin Untemeyer, Appellant.

Statement of Facts.

The defendant was convicted of a violation of section 454, chapter 127 of the ordinance of The City of New York, which prescribes a speed limit of eight miles an hour in portions of The City of New York which are closely built up. On appeal to the Appellate Division the evidence was undisputed that the defendant operated an automobile on Broadway at a greater speed than eight miles an hour. The question presented was whether section 288 of chapter 374 of the Laws of 1910, article 2, required the posting of signs by cities of the first class as a condition precedent to the enforcibility of a city ordinance. Mr. Justice Clark, delivering the opinion of the Court, held that the condition requiring the posting of signs was not applicable to cities of the first class, saying:

"The point raised here is that as it is not shown that signs were posted, in fact, it is conceded they were not, the local ordinance does not apply, the magistrate had no jurisdiction, and the speed limit is therefore covered by section 287, that is, roughly speaking 30 miles an hour. The answer is that the act expressly provides that nothing in this article shall impair the validity or effect of any ordinances, etc., adopted and prescribed, pursuant to law in any city of the first class.

"The appellant claims that, notwithstanding said provision, the grammatical construction of the section compels the condition in regard to the posting of signs, still required in other cities and incorporated villages, to be also applied to cities of the first class. I do not think so. The statute is awkwardly phrased, but I think it clear that special provision has been made for cities of the first class, permitting them to pass such ordinances as they please, and that there is no condition in regard to posting signs. If this is not so there is no speed limit in The City of New York, except that provided by the general law. I think the act was modified directly in view of the former decisions. It was recognized that in the enormous territory of The City of New York the posting of signs would be extremely difficult, if not practically impossible, and therefore the provision eliminating cities of the first class from the limitations of the law in respect to traffic ordinances was made comprehensive and exclusive."

The following letter from Chief Magistrate McAdoo, particularly with reference to speed limitations, is worthy of most careful consideration because of his intimate knowledge of the subject, which he has acquired, not only as a private citizen, but also through his observations as Police Commissioner and Chief Magistrate of the City, in which capacities he has carefully considered the subject from every point of view:

"New York, February 1, 1913.

"My Dear Alderman Folks:

"I would have answered your letter had I not been absent from the City, in Chicago, for some days.

"You, of course, know my views with reference to speed limitations as applied to automobiles running in this City. I do not believe that the principle of the Callan Law, as regards speeding, could be practically and effectively worked in this City. I am in favor of a definite speed limitation, going beyond which would leave the driver liable to be summonsed or arrested. Even with that the policeman has a wide discretion. The present speed limit, as you know, is twelve miles, and I have made it a rule to ask a great many policemen, who have appeared before me charging overspeeding, as to the rule among them with reference to summonsing defendants. They tell me that they rarely if ever summons or arrest a man unless he is going over twenty miles an hour. I should say, offhand, that an investigation of the complaints in these courts would show that in 90 per cent. of the cases they charge a speed of over 20 miles. Considering the time and place, this speed limit might well be dangerous to the public, as, for instance, in the neighborhood of a public school at the time when the pupils are coming or going from it, or in a crowded thoroughfare. Under other circumstances a speed of twenty miles might not endanger the public safety. All of the City Magistrates, members of this Board, and those in Brooklyn, with whom I have talked, favor a definite limitation to speeding. The same is true of the policemen, as far as I have been able to get their opinion.

"If you make a test as to whether or not the driver is proceeding in a 'careful and prudent manner,' as set forth in the Callan Law, and at a rate of speed not in excess of 30 miles an hour, you leave the case in the first instance to the discretion and good judgment of ten thousand members of the police force. A policeman on one block might think the manner 'careful and prudent,' and the other condemn it as reckless and dangerous. There are 17 Magistrates in this Division, and I am quite sure that the same state of facts presented to each of them might find quite a diversity of opinion as to whether or not the speed was excessive and dangerous. If a man, for instance, is accustomed to driving his own car, his views would be entirely different from those who seldom ride in cars and do most of their going about walking. The pedestrians outnumber the car drivers by the million. All traffic regulations have as first consideration the men, women and children on foot. Vehicular regulation is for the safety of the pedestrians. The pedestrians, like the sailing ship on sea, has the right of way. All intelligent policemen on the Traffic Squad will, for instance, check vehicular traffic to allow pedestrians to cross the street. They do not wait until vehicles have come to the cross in the opposite direction.

"Of course, I recognize the difficulty of harmonizing the many conflicting views on this subject, but if we keep in view the principles above, it should not be hard to arrive at a proper conclusion. The millions of people in this City who are compelled to use the streets, night and day, and whose life and limb it is the duty of the authorities to protect, are the ones most concerned. These powerful engines running through the public thoroughfares should certainly not be allowed to operate without reasonable restrictions consistently enforced. The automobile industry is one of the greatest in the United States, from a commercial point of view, and is well able to take care of itself. It is our duty as public officers to look out for the safety of the people whose servants we are. Very respectfully,

"WILLIAM McADOO, Chief City Magistrate, First Division."

AN ORDINANCE Relative to Speed Regulations, Proposed by the Special Committee on Speed Regulations.

Be it ordained by the Board of Aldermen of The City of New York as follows:

1. Rates of Speed—Limitations—Presumptions—No person shall operate, drive or propel, and no owner thereof riding thereon or therein shall cause or permit to be operated, driven or propelled, on any public highway in The City of New York, any bicycle, tricycle, velocipede, motorcycle, motortricycle, motor delivery wagon, or motor-vehicle however propelled, or any vehicle drawn by horses or other animals, recklessly or negligently, or at a speed or in a manner so as to endanger, or to be likely to endanger, the life or limb or property of any person. Provided, that a rate of speed exceeding fifteeen (15) miles per hour shall constitute prima facie evidence of a rate of speed and manner of driving prohibited as aforesaid and of a violation of the provisions of this section; provided further, that a rate of speed exceeding twenty (20) miles per hour shall constitute a rate of speed and manner of driving prohibited as aforesaid and in violation of the provisions of this section; provided further, however, that a rate of speed exceeding twenty-five (25) miles per hour on public highways where the same pass through country or outlying sections which are substantially undeveloped and sparsely settled, shall constitute a rate of speed and manner of driving prohibited as aforesaid and in violation of the provisions of this section.

2. Turning Corners—Overtaking or Meeting Street Cars—In turning a corner of meeting or intersecting public highways the person operating, driving or propelling any vehicle subject to the provisions of section one (1) of this article shall not proceed, nor shall the owner of any such vehicle riding thereon or therein, cause or permit the same to proceed at a rate of speed greater than four (4) miles per hour; and in overtaking or meeting a street passenger car which has been stopped for the purpose of receiving or discharging a passenger or passengers, no such vehicle aforesaid shall pass or approach within eight (8) feet of said street car so long as the same is so stopped and remains standing for the purpose aforesaid.

3. Approaching Bridges—Passing Public Schools—Upon approaching a bridge, or in passing a public school on school days between the hours of eight (8) o'clock ante-meridian and four (4) o'clock post-meridian, the person operating, driving or propelling any vehicle subject to the provisions of section one (1) of this article, shall not proceed, nor shall the owner of any such vehicle riding thereon or therein cause or permit the same to proceed at a rate of speed greater than ten (10) miles per hour.

4. Application of Sections 1, 2 and 3—Nothing contained in any of the provisions of section one (1) as to specific rates of speed, or in any of the provisions

of either section two (2) or section three (3) shall apply to any of the following vehicles, to wit: Vehicles carrying United States mails, wagons, trucks and apparatus of the Fire Department, of the Police Department, of the Bureau of Buildings and of the military, emergency repair wagons of public service corporations, and ambulances, when in the performance of duty, and vehicles which run only on rails and tracks.

5. Violations—Punishment for First, Second, Third and Subsequent Offenses—Any person who shall operate, drive or propel, and also any owner thereof riding thereon or therein who shall cause or permit any vehicle subject to the provisions of section one (1) of this article, to be operated, driven or propelled, in violation of any of the provisions of this article, shall, upon conviction for the first offense, be punished by a fine of not less than twenty-five (25) dollars nor more than one hundred (100) dollars, or by imprisonment not to exceed fifteen (15) days, or by both; and shall, upon conviction for the second offense, within one (1) year from the commission of the first offense, be punished by a fine of not less than fifty (50) dollars, nor more than one hundred (100) dollars, or by imprisonment not to exceed thirty (30) days, or by both; and shall, upon conviction for the third offense, and for each and every offense subsequent thereto, within one (1) year from the commission of the first offense, be punished by a fine of one hundred (100) dollars, or by imprisonment for a term not to exceed sixty (60) days, or by both.

Provided, however, that in construing this section the unit of any one year shall be the basis for determining "first," "second" or "third" offense, the numerical order changing when succeeding convictions occur, and more than one year has elapsed after an original "first," "second" or "third" offense.

6. Ordinances Repealed—All ordinances and parts of ordinances of The City of New York inconsistent with, or contrary to, the provisions of this article, are hereby expressly repealed, except that no ordinance regulating or prescribing the rate of speed of street passenger cars shall be impaired or affected in any manner by anything herein contained.

7. This ordinance shall take effect June 1, 1913.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Cole, Curran, Diemer, Dowling, Downing, Dujat, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gilmore, Grimm, Hamilton, Hannon, Herbst, Igstaedter, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGarry, McGrath, Marks, Martyn Moore, Morrison, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Pouker, Reardon, Schmidt, Shipley, Stapleton, Stevenson, Walsh, Weston, Wilmot; President Cromwell, President Miller, by Thomas W. Reports of Committee on Finance—

No. 3193.

The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1163), communication from the Fire Commissioner, asking for $16,000 special revenue bonds for additional Telegraph Operators, respectfully

REPORTS:

That having examined the subject, it believes the proposed allowance to be unnecessary, this matter having been covered by the annual Budget, and in the opinion of the Committee no additions to this branch of the force being needed at this time. It therefore recommends that the said communication be placed on file.

The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1165), the annexed request from the Commissioner of Water Supply, Gas and Electricity for $40,000 special revenue bonds for watering troughs, respectfully

REPORTS:

That having examined the subject, it believes the proposed improvement to be decidedly a corporate stock matter, and as such should not be covered by an issue of special revenue bonds. It therefore recommends that the said communication be placed on file.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, March 24, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—There are approximately 130 iron watering troughs located upon sidewalks and in public squares in the Borough of Manhattan which are maintained at the expense of the City. They are of different designs and few are in very good order. The troughs have been in service a number of years and are costly to maintain. The supply to the bowls is shut off after the water has reached a certain height and fresh water does not enter again until the supply is lowered so as to release the valve.

The Society for the Prevention of Cruelty to Animals have alleged that where there is not constant circulation of water the horses are in danger of contracting glanders and other diseases. All of the watering troughs maintained by this Society are constructed to permit of a constant circulation of water and are, therefore, more sanitary. Apart from this, the cost of maintaining the privately owned troughs is not as expensive as those now in use by the City. This is due mainly to the fact that the ball-cock or operating valve which permits of the delivery when the water in the bowl has been lowered is very easily damaged, frequently caused by the shafts and poles of wagons striking the trough and misplacing the ball-cock.

A more substantial watering trough is desirable. In my opinion, it should be of stone, similar to the trough maintained by societies which look after the comfort and welfare of horses. Since the installation of many of the troughs there have been local changes and street improvements which have diverted the traffic to other streets, so that some of the troughs are seldom, if ever, used. It is my plan to relocate a number of them at points where they are required and necessary.

In addition to those maintained by private societies, it is estimated that 100 troughs will be ample. The expense of providing and installing the stone watering troughs, including the water service connection and sewer drain, is estimated at $400 each.

I would. therefore, request that the Board of Aldermen authorize an issue of special revenue bonds to the extent of $40,000 for this purpose. Yours truly,

HENRY S. THOMPSON, Commissioner.

The Committee on Finance, to which was referred on April 1, 1913 (Minutes, pages 2 and 6), two identical communications from the Public Recreation Commission, asking for $3,576.75 special revenue bonds for wages of additional help, respectfully

REPORTS:

That having examined the subject, it believes the proposed allowance to be unnecessary. This matter was carefully considered at the time of the adoption of the Budget for 1913, and in the opinion of the Committee sufficient funds were then allowed for the current year.

It therefore recommends that the said communications be placed on file.

The Committee on Finance, to which was referred on February 25, 1913 (Minutes, page 649), the annexed resolution in favor of an issue of $4,700 special revenue bonds for purchase, operation and maintenance of an automobile by the President of the Borough of Queens, respectfully

REPORTS:

That the reasons for this request are set forth in the application. The Committee believes the necessity for this auto exists. It feels, however, that $1,800 will purchase a car equal to all demands of this work and that, as an appropriation cannot well be made available until June 1, the salary of the chauffeur may well start from that date as well as the allowance for maintenance.

It therefore recommends that the accompanying substitute be adopted.

ORIGINAL.

Resolved, That, pursuant to subdivision 8, section 188, of the Charter of The City of New York, the Comptroller is hereby authorized to issue special revenue bonds to an amount not exceeding four thousand seven hundred dollars ($4,700), proceeds whereof to be expended by the President of the Borough of Queens, without public letting, for the purchase of one (1) automobile and for the operation and maintenance thereof for the year 1913.

SUBSTITUTE.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand five hundred and twenty-five dollars ($2,525), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of the purchase, operation and maintenance of an automobile as follows:

Automobile	$1,800 00
Chauffeur, at $1,050 per annum, from June 1 to December 31, 1913	612 50
Maintenance, from June 1 to December 31, 1913	112 50
	$2,525 00

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 18, 1913.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—Pursuant to subdivision 8 of section 188 of the Greater New York Charter, application is hereby made for an issue of special revenue bonds to an amount of four thousand seven hundred dollars ($4,700), proceeds whereof to be expended by the President of the Borough of Queens, without public letting, for the purchase of one automobile, hire of the necessary chauffeur, maintenance and storage of same for the balance of the year 1913.

As there will be over $2,000,000 worth of public improvements going on in this Borough this coming year, namely, the improving of highways and building of sewers, it is absolutely necessary for the proper transaction of business that the Consulting Engineer of this Borough keep in touch with the various works under his supervision and direction.

With the present transit facilities in this Borough it will be impossible for the Consulting Engineer to give proper and prompt attention, in the City's interest, to the multifarious problems that are continually presenting themselves throughout the Borough, as at present he has no means of transportation of this nature, and were he to depend on train or trolley, he would be compelled at times to walk four or five miles to reach certain points after disembarking from the trolley or train.

May I, therefore, request that your Honorable Board give this application your early consideration, as it is very urgent that the Consulting Engineer obtain this automobile as soon as possible, in order that he may have the use of same in the early spring, when the different contracts will be commenced, or well under way.

Resolution herewith enclosed. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

The Committee on Finance, to which was referred on February 25, 1913 (Minutes, page 791), the annexed request from the Chief City Magistrate, 2d Division, for an issue of $5,000 special revenue bonds for alterations to building occupied by the Domestic Relations Court, Brooklyn, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. Justice Kempner appeared before the Committee and supplemented the request with the attached detailed estimate of cost. Inasmuch as this work must be done under the supervision of the Borough President, the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of five thousand dollars ($5,000), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of making additions and alterations to building at the corner of Myrtle and Vanderbilt aves., Borough of Brooklyn, occupied by the Domestic Relations Court. All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, ROBERT F. DOWNING, FRANK J. DOTZLER, HENRY F. GRIMM, FRANCIS P. KENNEY, C. AUGUSTUS POST, Committee on Finance.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, March 18, 1913.

Hon. OTTO KEMPNER, Chief City Magistrate, 2d Division:

My Dear Judge—In accordance with your request I had an inspection made of the building known as the Court of Domestic Relations, southeast corner Myrtle and Vanderbilt aves., with references to the changes necessary to provide an additional story to extension on rear of building, and other alterations necessary to provide extra rooms for the needs of the business of this court.

I estimate that the cost of such alterations will be about five thousand dollars ($5,000), which sum does not include the cost of the necessary furnishings, such as desks, chairs, floor coverings, etc. The detailed estimate covering the within named sum is about as follows:

Removals	$300 00
Masonry	1,800 00
Carpenter work	700 00
Painting	500 00
Steel and iron work	250 00
Plumbing	750 00
Heating	200 00
Electric work	200 00
Miscellaneous	300 00
	$5,000 00

Yours truly, H. L. WOODY, Superintendent.

Office of Chief City Magistrate, Board of City Magistrates, Second Division, City of New York, 44 Court St., Brooklyn, New York, February 21, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, 51 Chambers St., New York:

Dear Sir—On behalf of the Board of City Magistrates of the Second Division of The City of New York I hereby respectfully request that special revenue bonds to the amount of $5,000 be issued to provide for the alteration of the court building at the corner of Myrtle and Vanderbilt aves., occupied by the Domestic Relations Court. The business of that court has so largely increased and the need for additional accommodation being so very urgent we find that the pressing need for relief calls for immediate action. The building is owned by the City, and in order to equip it properly for the public uses to which it is devoted it is necessary to alter the first floor and to build an addition to the present extension.

I trust that your honorable body will give this matter your prompt attention.

Yours very truly, OTTO KEMPNER, Chief City Magistrate.

No. 3143.

The Committee on Finance, to which was referred on March 18, 1913 (Minutes, page 1099), the annexed request from the Department of Health for $66,400 special revenue bonds for mosquito war in the Boroughs of The Bronx, Brooklyn, Queens and Richmond, respectfully

REPORTS:

That it has investigated this matter very carefully and had a public hearing at which the sentiment was overwhelmingly in favor of this bond issue. The Health Commissioner stands strongly for this work. and the resulting benefits are promised to afford relief from this pest to the entire City. While the Committee feels that in some instances property owners could be more active in this fight, it believes that the work should be pushed with a substantial force, and it therefore has allowed the request with some slight reductions, and recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifty-nine thousand nine hundred and twenty-five dollars ($59,925), the proceeds whereof to be used by the Department of Health for the purpose of maintaining and extending the work of mosquito extermination in the Boroughs of The Bronx, Brooklyn, Queens and Richmond during 1913 as follows:

City of New York, Department of Health, Office of the Secretary, March 14, 1913.
Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Sir—Enclosed is a resolution adopted by the Board of Health March 11, 1913, petitioning the Board of Aldermen to request the Board of Estimate and Apportionment pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue special revenue bonds in the sum of $66,400 for the purpose of enabling the Department of Health to adequately maintain and extend the work of mosquito extermination in the Boroughs of Brooklyn, Queens and Richmond during the year 1913, as specified therein.

The amounts asked for maintenance for these boroughs are very much needed to continue the work so well begun four years ago. Owing to lack of funds many of the drainage trenches have become obstructed through various causes and up to a certain extent nullified what has been done.

Originally in the Boroughs of The Bronx and Queens, the work was done by the owners of land on orders issued by the Board of Health and this method required a great deal of time and effort to obtain results. It would be impossible to do effective maintenance work in this manner now, for the reason that the time required to ascertain the names of present owners to whom to issue the orders will be too great, so far as obtaining results within the breeding season is concerned. Many parcels of lands have changed hands and the only way to secure the best results is for the Department to perform the work in a thorough and comprehensive manner with its own help.

In addition to the work on the salt marsh areas, these laborers could be used when necessary to abate inland nuisances, many of which occur from time to time during the summer months. In the Boroughs of The Bronx and Queens are several parcels of land still undrained, while in the Borough of Brooklyn practically no work has been done. In the Borough of Richmond, the work is progressing nicely, but would be greatly accelerated by the employment of additional laborers, which, if secured, will be divided into squads of ten men each to cover widely separated areas, both for draining and oiling, and the island made virtually immune from mosquito breeding.

It is requested that you will submit the matter to the Board of Aldermen at its next meeting for consideration.

Very truly yours, EUGENE W. SCHEFFER, Secretary.

Office of the Sheriff, Queens County, County Court House, Long Island City, March 18, 1913.
Board of Aldermen, City of New York, New York City, N. Y.:

Gentlemen—I respectfully request your honorable Board to recommend the issuance of the respective special revenue bonds to meet expenditures made and about to be made by this office:

(1) To the amount of $2,000 to meet a deficit which will exist in account No. 3904, Carfare, Care of Prisoners, for the year 1913 (the original amount allowed being $500).

(2) To the amount of $200 to meet a deficit which will exist in account No. 3895, Office Supplies, Administration, for the year 1913 (the original amount being $150).

(3) To the amount of $225, in order to pay the sum of $150 for the premium of the bond of the Sheriff, and the sum of $75 for the premium of the bond of the Under Sheriff, this request being made because we have no funds against which we can draw for the payment of this amount.

Thanking you for your attention, I am, very truly yours,
GEORGE EMENER, Sheriff of Queens County.

Office of the Sheriff of Queens County, County Court House, Long Island City, March 31, 1913.
Mr. CURRAN, Chairman, Finance Committee, Board of Aldermen, New York City, N. Y.:

No. 3189.

The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1160), the annexed request for $7,597 special revenue bonds for additional help in the office of the County Clerk, Richmond County, respectfully

REPORTS:

That having examined the subject, it believes the proposed increase in force to be necessary. It appears that representatives of the Finance Department have investigated the needs of this office and agree that this added force should be supplied to get the business of the office in shape. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven thousand two hundred and twenty-two dollars ($7,222), the proceeds whereof to be used by the County Clerk, Richmond County, for the purpose of employing additional force as follows:

Temporary Copyists at rate of 5 cents a folio.....	$3,250 00
Four Temporary Comparers	972 00
Three Clerks at $1,200 per annum, May 1 to December 31.....	2,400 00

One Clerk at $900 per year.....	675 00
Total.....	$7,597 00

Hoping that this will meet with your approval, I remain, very respectfully,
C. LIVINGSTON BOSTWICK, County Clerk.

Alderman O'Rourke moved the adoption of this resolution.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Curran, Delaney, Devine, Diemer, Dotzler, Dowling, Downing, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGrath, Martyn, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, President Miller by Thomas W. The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1164), the annexed request from the Park Commissioner of The Bronx for $15,000 special revenue bonds for reclaiming swamp lands in Van Courtlandt Park, respectfully

REPORTS:

That having examined the subject, it believes the proposed improvement to be necessary. Many of the residents of this portion of The Bronx have appealed to the Committee and filed a petition for relief, and the Commissioner has informed the Committee that the users of the park will be greatly benefited by this additional parkage, for which he has furnished the attached estimate.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifteen thousand dollars ($15,000), the proceeds whereof to be used by the Commissioner of Parks of The Bronx for the purpose of filling in swamp lands in Van Cortlandt Park, south of the Colonial Garden.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, March 24, 1913.

Honorable JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Sir—There exists in Van Cortlandt Park, south of the Colonial Garden and the main road leading into the park from the 242d Street Subway Station, an area of swamp lands covering approximately twenty-three and one-half (23½) acres, of which fully twenty (20) are typical mosquito-breeding grounds.

The many thousands who visit the park (50,000 on a fine Sunday not being an overestimate—and the number is increasing each season) find these pests a serious drawback to their enjoyment. In addition to this, the property in the neighborhood, which is highly taxed, is seriously interfered with in its development, by reason of the existing state of affairs.

In order to improve these conditions, and, in the doing so, reclaim a large part of the swamp area, which can then be used for playground purposes, I hereby respectfully request the Honorable Board of Aldermen to authorize the issue of fifteen thousand dollars ($15,000) of special revenue bonds. This sum will, it is estimated, enable the Department to fill up the low places, and so drain the swamp lands into running water, that the mosquito breeding spots will be entirely eliminated, and a large area made dry and available for baseball grounds and other forms of athletics.

The work to be done, while temporary in character, or, I might say, preliminary to permanent reclamation of the swamp lands referred to, will return to the City, by reason of value added to park lands, more than the sum herein asked for. Respectfully,

T. J. HIGGINS, Commissioner of Parks, Borough of The Bronx.

Engineer's Estimate for Filling in Swamp Lands South of the Colonial Garden in Van Cortlandt Park.

Approximate space to be filled in, 14 acres; average depth of fill, 1 foot 6 inches; estimated cost of fill in place, 50 cents per cubic yard; appropriation required, $15,000; amount of fill required, 30,000 cubic yards.

Petition to Commissioner of Parks, President of the Borough of the Bronx, The Board of Aldermen and the Board of Estimate and Apportionment.

The Northwestern Bronx Property Owners' Association and the undersigned respectfully petition you for the sum of fifteen thousand dollars in special revenue bonds, the proceeds of which are to be used solely for the filling of the lower part of Van Cortlandt Park, between Van Cortlandt Park South and the Dutch Garden, with a layer of cinders or other suitable material averaging one foot in depth so as to eliminate the malaria breeding mosquito from this district.

We wish also to remind you that on several occasions large amounts have been appropriated for filling this section of Van Cortlandt Park, but the appropriation has each time been rescinded and no work whatsoever has been done. The property owners have been spending several thousand dollars per annum through the medium of the Riverdale Health League on work of this kind, while the property of The City of New York remains a menace to the health of the community and depreciates the value of surrounding taxable property.

NORTHWESTERN BRONX PROPERTY OWNERS' ASSOCIATION—Edward C. Delafield, President; PARK DISTRICT PROTECTIVE LEAGUE, by John Ross Delafield, President; RIVERDALE HEALTH LEAGUE—Frank S. Hackett, secretary; James Douglas, Archibald Douglas, A. Van Cortlandt, Jr., and others.

Approved March 31, 1913.

CYRUS C. MILLER, President of the Borough of The Bronx.

The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1166), the annexed resolution in favor of an issue of $300 special revenue bonds to be used by the Board of Coroners, Borough of The Bronx, for vehicular hire during 1913, respectfully

REPORTS:

That having examined the subject, it believes the proposed allowance to be necessary. The demands for this class of service have proven greater than was estimated at the time of the Budget allowance.

It, therefore, recommends that the said resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three hundred dollars ($300) the proceeds whereof to be used by the Board of Coroners, Borough of The Bronx, for the purpose of vehicular hire for the year 1913.

HENRY H. CURRAN, ROBERT F. DOWNING, FRANK J. DOTZLER, HENRY F. GRIMM, FRANCIS P. KENNEY, C. AUGUSTUS POST, Committee on Finance.

Coroners' Office, Borough of The Bronx, 1932 Arthur Avenue, Corner Tremont Avenue, New York, April 1, 1913.

Finance Committee, Board of Aldermen:

Gentlemen—Complying with your request to furnish to your Committee the amounts expended by this office for automobile hire in the past few years, we would state as follows:

In the year 1911 there was expended $247.45; in the year 1912 there was expended $104.50; for the first three months 1913 there was expended $87.

We originally asked for $250, which the Board of Estimate reduced to $100.

In explanation of our request for $300 for vehicular hire for the year 1913 would state that the business of this office has increased at least 25 per cent. yearly; that the Coroners are often called out of bed at unseasonable hours, and to reach the bedside of the deceased, or the scene of accident, it is absolutely necessary to hire an automobile; that at other times it is necessary to make haste to reach hospitals to take antemortem statements before the decedent dies; that at no time do the Coroners hire an automobile unless it is imperative that haste should be observed in reaching the scene of accident or death.

Trusting that this explanation is satisfactory, and that our request for extra appropriation will be granted, we remain, yours very truly,

JEROME F. HEALY, Coroner.

The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1166), a request from the Department of Water Supply, Gas and Electricity for $122,182.33 special revenue bonds for lighting, respectfully

REPORTS:

That having thoroughly examined the subject, it believes the proposed street lighting to be necessary, as well as the small increase in force and hire of vehicles. It does not believe that all of the sums asked for public buildings will be required, and it, therefore, allows but two-thirds of these amounts. It recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and seven thousand six hundred and eighty-five and thirty-two one-hundredth dollars ($107,685.32), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of supplementing the appropriation for "Illumination, Power and Heat Service" for the year 1913, in the following amounts:

HENRY H. CURRAN, ROBERT F. DOWNING, JOHN DIEMER, JOHN S. GAYNOR, JAMES HAMILTON, C. A. POST, FRANK J. DOTZLER, Committee on Finance.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park row, New York, March 21, 1913.

Hon. JOHN PURROY MITCHEL, President, the Board of Aldermen, City of New York:

Sir—In the 1913 Budget appropriation for this Department, under the heading of "Illumination, Power and Heat Service," I find, on close analysis, that in a number of instances they are inadequate for the needs of the Department, and I would, therefore, request that you issue revenue bonds in addition to the present appropriations, as given below:

Code Number.		Appropriation.	Additional Revenue Bonds.
812	Street and Park Lighting, Manhattan and The Bronx..	$1,500,000 00	$30,000 00
813	Extension of Service, Manhattan and The Bronx....	15,000 00	10,000 00
815	Extension of Service, Brooklyn.....	12,000 00	8,000 00
817	Extension of Service, Queens.....	9,000 00	6,000 00
820	Lighting Public Buildings, Manhattan and The Bronx.	725,700 00	20,000 00
821	Lighting Public Buildings, Brooklyn.....	216,000 00	9,000 00
822	Lighting Public Buildings, Queens.....	43,000 00	2,000 00
827	Power for City Departments, Queens.....	3,000 00	2,000 00
829	High Pressure Fire Service, Manhattan and The Bronx.	90,000 00	3,000 00
808	General Repairs, all Boroughs.....	38,600 00	7,500 00
842	H. & V., Without Drivers.....	.....	520 00
855	Hire of Automobiles.....	.....	7,700 00
685	Salaries, R. E.—Executive.....	.....	8,800 00
688	Salaries, R. E,—Inspection.....	.....	7,665 33
			$122,185 33

The reasons for the above requests are as follows:

Code No. 812, Street and Park Lighting, Manhattan and The Bronx, $30,000—This sum is required on account of misunderstanding by the Examiner of the Board of Estimate and Apportionment, in making up that part of the Budget, by which the lights installed in 1912 were not accounted for. The amount allowed, $1,500,000, covered the lights as of January 1, 1912, but did not cover the increase in that year. Consequently, we are actually facing a deficit of $30,000 in the expense of maintaining the lamps, as installed January 1, 1913, for the year 1913. Additional funds must be provided or the present lamps cannot be continued.

Code No. 813, Extension of Service, Manhattan and The Bronx, $10,000—At the time the Budget was made up we thought we could get along with $15,000, but the requests for increase of service, as shown in the attached list of streets, require more funds than we anticipated. Assuming that the installation of these lamps will approximate July 1, we request an additional $5,000 for lighting, and $5,000 for the purchase of posts for the new and more powerful system of lighting the side streets in Manhattan. On account of the improved lighting of the avenues during the past two or three years, considerable complaint has arisen over the comparative darkness of the side streets. Careful investigations were made last summer and a system devised which will cure this defect by using more powerful illuminating units on higher posts. The increased height of the posts is necessary for the proper distribution of light. The design of posts we desire to use, we think can be obtained for $15 a piece. This amount would give us about 330 posts to make a start on the more important residential sections of the Borough.

Code No. 815, Extension of Service, Brooklyn, $8,000—In the Borough of Brooklyn we originally requested $20,000. The Board gave us $12,000 for the extension of the lighting. The demand in Brooklyn, as shown by the attached list of streets which it is desired to light, would require the full $20,000. We are asking, therefore, for $8,000 more.

Code No. 817, Extension of Service, Queens, $6,000—In the Borough of Queens, for extension of service, we were tentatively allowed $15,000, but were finally granted only $9,000. The demand for street lighting, as shown by the attached schedule of streets, would require the entire $15,000, and we are, therefore, asking for an additional $6,000.

It is understood that, in accordance with the procedure last year, all funds used for extension of service in street lighting shall be so expended that the cost in 1914 for such extensions shall not be more than twice the amount of increase for 1913.

Code No. 820, Lighting Public Buildings, Manhattan and The Bronx, $20,000.

The cost of Lighting Public Buildings in Manhattan and The Bronx was carefully estimated at $755,700 for the year 1913, and this was based on the best information we had at the time. We find to-day, however, that our estimate of these expenses, based on the actual expenditures for 1912, is $745,700. We were allowed in the Budget $725,700, and are asking for an additional $20,000. This allows $10,000 for the Municipal Building lighting, beginning April 1, next.

The preceding five accounts represent the major part of the increase desired for lighting streets and public buildings, and asked for in the Budget for 1913.

A last reduction was made in this Budget, just before it reached the final stage, which cut out $8,000 from the extension of service for Brooklyn, reducing the amount from $20,000 to $12,000; $6,000 from the amount allowed for extension of service in Queens, this account being $15,000, and, therefore, reducing the Queens account to $9,000. Further, $30,000 was cut from Lighting Public Buildings, Manhattan and The Bronx, reducing this item from $755,700. This, with the $30,000 omitted from the Manhattan and The Bronx Street and Park Lighting, gave a total amount below the required Budget of $74,000. The amounts from which these deductions were made had been allowed at the hearings of the Department and had been carried unreduced up to the point of the final cut in the tentative Budget.

Code No. 821, Lighting Public Buildings, Brooklyn, $9,000—In the Borough of Brooklyn the cost of lighting public buildings increased beyond the usual ratio during the year 1912, and the cost for that Borough in 1912 was $212,158.99. The Budget allowance is $216,000, and we are asking for $9,000 in addition.

Code No. 822, Lighting Public Buildings, Queens, $2,000—In the Borough of Queens an increase is also necessary over the $43,000 allowed in the Budget, to $45,000, the cost for 1912 being $42,145.27.

All of these requests for lighting public buildings are based on the actual figures of the cost of 1912, which we did not have at the time the Budget was made up last May.

Code No. 827, Power for City Departments, Queens, $2,000—In the Borough of Queens a number of sewage pumping stations are going into operation at the present time, and the amount mentioned will be required to defray the expense of same. The cost of power for city departments in Queens in 1912 was $2,472.95. The appropriation for 1913 is $3,000. We ask, therefore, that this be increased by $2,000.

Code No. 829, High Pressure Fire Service, Manhattan, $3,000—The Budget allowance for 1913 is $90,000. The appropriation for 1912 was $86,000, and the ex-

penditures $89,502. This was due to the extension of the high pressure fire service to a larger territory during 1911 and 1912, and it is estimated that $3,000 more will be required during the year 1913.

Code No. 808, General Repairs, All Boroughs, $7,500—In this account for the year 1912, we expended $46,094.40. The appropriation for 1913 is $38,600. The expenditures for 1913 will hardly be less than for 1912, and we, therefore, request additional funds of $7,500.

Code No. 855, Hire of Automobiles, All Boroughs, $7,700—During the year 1912, the matter of furnishing small automobiles for the Chief Inspectors was discussed and apparently met the approbation of the Finance Department, on the grounds that a man could cover more territory and secure greater efficiency than he could with a horse and wagon. This proved true in the case of the General Inspectors, and request was made in the Budget to continue these appropriations. The funds had been derived from previous funds allowed for horses and wagons. In the Budget for 1913, however, the funds for the automobiles were cut out, but inadvertently the horses and wagons were not put back, and consequently our inspection service is materially crippled on account of the difficulty in getting around.

As a matter of fact, the cost of automobiles for the General Inspectors amounted to but little more than the cost of horses and wagons, and the increased convenience and saving of time in getting from place to place more than made up for the slight increase.

I would request, therefore, that an allowance be made of $7,700 for automobiles for seven (7) General Inspectors and five (5) Special Inspectors, whose work covers a large territory. This amount is based on eight months use of same, at an average price of $95 per month

No. 842. Hire of Horses and Vehicles without Drivers, $520—For the few horses and wagons that were allowed to the department in the last Budget, the appropriation did not cover the full year, and we would ask that an additional $520 be provided to keep these up throughout the balance of the year. This covers the use of two (2) equipments for four months each, at an average price of $65 per month.

The prices given here are average prices, because the prices for hire of horses and wagons and automobiles vary slightly with the service required, the borough in which they are obtained, and also vary with night and day use.

In the year 1910, in addition to our other duties, the Board of Estimate and Apportionment required by resolution that all specifications and plans covering electrical installations in the Greater City should be submitted to the Bureau of Gas and Electricity of this department for approval before being advertised and let. After this is done these installations must be inspected by this department and a report made to the Finance Department, either by certificate or by letter, that the work has been installed in accordance with the specifications and the Electrical Code. Since 1910 this work has been increasing very rapidly, and we have been unable to obtain through the Budget the necessary additional force with which to handle this work. It is work requiring engineering design and inspection of a highly technical character, and involves a great deal of responsibility. In many cases we not only have to check plans and specifications but also to design the wiring and lighting installations and write the specifications for them, at the request of other departments who are not familiar with these subjects.

We have reached the limit of the present force of the Bureau of Gas and Electricity, which can only handle between four and five hundred of these plans a year without great delay. The requests are coming to us at a rate which means a demand this year for the passage of about eight to nine hundred of these plans, with a force than can only handle a part of it. This is causing delay and great annoyance to the other departments, without mentioning the annoyance to this department and the excessive work required of its men. All this can be avoided if we can obtain the additional force listed below.

We request, therefore, revenue bonds aggregating $15,800 for additional men covering the remaining period of the year, which may be figured as the eight months following May 1st next.

		$8,800 00
688	Salaries, Regular Employee, Inspection, $7,000:	
	4 Inspectors at $1,200, for desiging illumination and for inspection in the illumination division of the Bureau of Gas and Electricity. These men to design and pass on plans and specifications and further inspect the installation of same.....	$3,200 00
	2 Inspectors at $1,200, for the same service in the Borough of Queens. Up to this date the work has been performed by one man. This work has grown very much in the Borough of Queens in the last year and the results obtained at present are highly unsatisfactory	1,600 00
	2 Inspectors at $1,200, for work in the Borough of Brooklyn on the inspection of public buildings in that borough. Public buildings in Brooklyn are increasing quite rapidly. The present force of four men, including the General Inspector, is very much overworked, and cannot make the necessary inspections required to avoid delay in getting out plans and specifications and inspecting the work on installation.....	1,600 00

		$7,000 00
		$15,800 00

The department has cut down the requirements of the force in the above list to the utmost, and it seems a most uneconomical policy to require the Bureau of Gas and Electricity to do this work and yet refuse to give the men necessary to perform it. The present condition is practically intolerable. We have in our hands at present, for design, revision and approval, nearly 200 separate projects from the several departments in the City, involving electrical and gas work. To pass these out properly and see that they are correct as to engineering and economical design, means that they can only be taken up slowly, and there is now an unwarranted delay, for the sole reason that we have not sufficient men to do the work. As it is, the present forces are working overtime to handle the more pressing things now before us. The situation is one demanding immediate relief, and I particularly urge that this request for revenue bonds be given very careful and earnest consideration.

No. 688. Salaries, Regular Employees, Inspection, $665.33—In the Budgets for 1912 and 1913 I requested that three positions be created of Examiners for Moving Picture Operators. These operators have to be examined by this Bureau for their qualifications to handle the electrical portions of the work of displaying moving pictures. We asked for three positions—one Chief Examiner at $1,800 and two Examinging Inspectors at $1,500 each per year. In 1912 we were allowed three positions at $1,200 each, with an unassigned amount in the Budget of $1,200, which was to be assigned as part of the salary of these positions. The Board of Estimate and Apportionment objected to giving us the positions with the salaries as asked for, for the reason that we were not going to appoint new men to these positions, but were going to appoint Inspectors who had had great experience in this work in the department. In other words, while the position was new, because it was desired to put one of the present employees in the new position, we could not have it at the higher salary, as it might be construed as a promotion. But, if we desired a new and untried man, of whom we knew nothing, to go into this position, he could get this salary.

We claim, therefore, now, that these are new positions, technically, and should not be taken solely from the point of view of a promotion, but as a proposition to fill the new positions with the men best qualified to fill them. It would be ridiculous to suppose that the work of examining these operators and passing on their qualifications and, further, under the law, investigating their delinquencies and taking the cases to court, could be handled by other than carefully selected and experienced men. The temptations of the position are very great, and only men of known experience and tried integrity should be placed in such positions.

I would ask, therefore, for revenue bonds to pay the salaries of these positions at the point which was originally allowed by the Board of Estimate and Apportionment as reasonable, but, for the reasons given above were never made available by them. This sum for the remaining two-thirds of the year would be $665.33.

All the requests made above have been carefully worked out, examined and revised and are the minimum for the purposes desired.

With reference to the additional forces required and the establishment of the positions of Examiners of Moving Picture Operators at salaries commensurate with the work, I would say that these are matters which have been a growing necessity for two years and have been repeatedly asked for by this department. The lack of these forces and the delay in the work has now become well known throughout the City, and I would once more earnestly request that these proved and urgent needs of the department be filled as soon as possible.

It does not seem fair that my department and myself should be exposed to the criticism which now comes upon us for delay, when such delay is in no way our fault.

I am, very respectfully, HENRY S. THOMPSON, Commissioner.

Attached hereto is form of resolution submitted for your information, disposition and approval.

Which was laid over.

No. 3202.

The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1198), the annexed request from the Commissioner of Street Cleaning for $37,965.62 special revenue bonds for removal and final disposition of materials taken up under proposed "clean up," respectfully

REPORTS:

That this is a matter which has been agitated by the Health Department and a large number of civic societies, and contemplates the removal from residences of all kinds of the accumulations and rubbish of years in the interest of better health. The bulk of the work will fall upon the Department of Street Cleaning, and if predictions as to the volume of refuse are true, a large additional force will be needed. It is to provide for this force that this appropriation is requested.

The committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty-seven thousand, nine hundred and sixty-five 62/100 dollars ($37,965.62), the proceeds whereof to be used by the Department of Street Cleaning, for the purpose of paying the expense of removal and final disposition of materials collected under new orders of Health Department for spring of 1913, known as "clean-up." All obligations contracted for hereunder to be incurred on or before December 31, 1913.

Office of Commissioner of Street Cleaning, 13-21 Park Row, New York, March 24, 1913.

Hon JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Sir—In connection with the proposed "clean-up" which is for the removal of accumulations other than those which come under the provisions for disposal of materials by this Department, I estimate that the amount necessary to cover both the expense of collection and of final disposition of these materials will be $30,372.50, but because there is an accumulation in vacant lots which is almost impossible to estimate as to quantity, I believe it is fair to add to this estimate 25 per cent. for contingencies. I therefore ask that your honorable body, pursuant to the provisions of section 188, subdivision 8, of the Greater New York Charter, approve of an issue of special revenue bonds to the amount of $37,965.62 for the removal and final disposition of such materials as shall be taken up under this proposed clean-up. Respectfully,

WM. H. EDWARDS, Commissioner.

Alderman Curran moved the adoption of this resolution.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Curran, Delaney, Devine, Diemer, Dotzler, Dowling, Downing, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGrath, Martyn, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, President McAneny, by E. V. Frothingham, Commissioner of Public Works; the Vice-Chairman—64.

No. 3234—(S. O. No. 238).

The Committee on Finance to which was reefrred on April 1, 1913 (Minutes, page 4), the annexed request from the Justices of the Supreme Court, Brooklyn, asking for an issue of $39,000 special revenue bonds for changes in the Kings County Court House, respectfully

REPORTS:

That having examined the subject, it believes the proposed appropriation to be necessary. This issue is in connection with a corporate stock appropriation (Int. No. 3241) for the same purpose, and is divided in this manner by the advice of the Comptroller.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty-nine thousand dollars ($39,000), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of making changes and alterations in the Kings County Court House. All obligations contracted for hereunder to be incurred on or before December 31, 1913.

Supreme Court of the State of New York, Brooklyn, N. Y., March 26, 1913.
To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—The undersigned representing the Justices of the Supreme Court residing in Kings County, hereby respectfully request your honorable body to authorize pursuant to law the issuance of $39,000 of special revenue bonds for the purposes of making the changes in the Kings County Court House indicated in the communication of the Comptroller addressed to Mr. Justice Kapper, a copy of which communication is hereto annexed and made a part of this application. Respectfully,

ISAAC M. KAPPER, CHARLES H. KELBY, RUSSELL BENEDICT, Committee.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 24, 1913.
Hon. ISAAC M. KAPPER, Justice, Supreme Court, Brooklyn, New York:

Sir—The request signed by yourself, the Hon. Charles H. Kelby and the Hon. Russell Benedict for $150,000 corporate stock and special revenue bonds to repair the County Court House was referred to the Corporate Stock Budget Committee of which I am Chairman. I have had an investigation made by engineers to determine how much of the proposed work is chargeable to corporate stock and how much to revenue bonds. It is reported to me that that part of the work which can be regarded as a permanent improvement increasing the capacity of the building, and therefore properly chargeable to corporate stock will cost $111,000. I have had a report prepared recommending the authorization of this amount of corporate stock.

The Board of Estimate cannot take the initiative in a request for special revenue bonds and therefore it will be necessary for you to make a separate request to the Board of Aldermen. According to the report made to me it will cost $39,000 to change the partitions and skylights on the third floor for the secretaries' and stenographers' rooms, to install a modern lighting system in place of the present system, to overhaul the ventilating and heating plant and to repaint and redecorate and do other work of repairs and replacements which cannot properly be charged to corporate stock. I suggest that you make request to the Board of Aldermen for $39,000, which, in addition to the corporate stock, will give you all that is necessary to make the changes and improvements. Yours truly,

WM. A. PRENDERGAST, Comptroller.

Which was laid over.

No. 3235—(S. O. No. 239).

The Committee on Finance, to which was referred on April 1, 1913 (Minutes, page 5), the annexed resolution in favor of an issue of $676.50 special revenue bonds for increase in salaries of Steam Roller Engineers, Bureau of Highways, Borough of Queens, respectfully

REPORTS:

That an increase in such salaries having been duly allowed to meet the prevailing rate, it is unquestionably necessary to provide funds to cover same.

It, therefore, recommends that the said resolution be adopted.

Resolved, That, pursuant to the provisions of resolutions adopted by the Board of Estimate and Apportionment on March 6, 1913, the Comptroller is hereby authorized to issue special revenue bonds to an amount not exceeding six hundred and seventy-six and 50-100 dollars ($676.50), proceeds whereof to be expended by the President of the Borough of Queens, for the purpose of increasing the salaries of Steam Roller Engineers, Bureau of Highways, office of the President of the Borough of Queens, from $4.50 to $4.75 per diem.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, ROBERT F. DOWNING, JOHN DIEMER, JOHN S. GAYNOR, JAMES HAMILTON, C. AUGUSTUS POST, FRANK J. DOTZLER, Committee on Finance.

Which was laid over.

No. 3236—(S. O. No. 240).

The Committee on Finance, to which was referred on April 1, 1913 (Minutes, page 5), the annexed resolution in favor of amending an issue of $8,500 special revenue bonds for repairs to interior public bath at 156th st. and Elton ave., Borough of The Bronx, respectfully

REPORTS:

That having examined the subject, it believes the proposed amendment to be necessary, so that the painting work may be included, without any increase in the original amount.

It therefore recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight thousand five hundred dollars ($8,500), the proceeds whereof to be used by the President of the Borough of The Bronx, for the purpose of installing a new and exposed system of plumbing, and necessary painting of interior and exterior of the Interior Public Bath at 156th st., and Elton ave., Borough of The Bronx.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, ROBERT F. DOWNING, FRANK J. DOTZLER, HENRY F. GRIMM, FRANCIS P. KENNEY, C. AUGUSTUS POST, Committee on Finance.

Which was laid over.

No. 3237.

The Committee on Finance, to which was referred on April 1, 1913 (Minutes, page 5), a request from the President of the Borough of Queens for $4,000 special revenue bonds for expenses of Bureau of Street Cleaning in connection with proposed "clean-up" by Department of Health, respectfully

REPORTS:

That having examined the subject, it believes the proposed appropriation to be necessary. This will provide for the hiring of one additional truck in each of the street cleaning sections of the Borough of Queens for one month.

It therefore recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of four thousand dollars ($4,000), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of meeting cost of extra work incurred by the Bureau of Street Cleaning, Borough of Queens, in connection with spring "clean-up" to be conducted under the direction of the Department of Health. All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, ROBERT F. DOWNING, JOHN DIEMER, JOHN S. GAYNOR, JAMES HAMILTON, C. A. POST, FRANK J. DOTZLER, Committee on Finance.

Alderman Curran moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Curran, Delaney, Devine, Diemer, Dotzler, Dowling, Downing, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGrath, Martyn, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, President McAneny, by E. V. Frothingham, Commissioner of Public Works; the Vice-Chairman—64.

The Committee on Finance, to which was referred on April 1, 1913 (Minutes, page 9), the annexed resolution in favor of an issue of $111,000 corporate stock for structural addition to Kings County Court House, respectfully

REPORTS:

That this appropriaton is one which is urgent for the purpose of rendering this building available for the added work placed upon the courts.

The Committee recommends that the accompanying ordinance be adopted:

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of one hundred and eleven thousand dollars ($111,000), to provide means for the purpose of making structural changes in the County Court House in Kings County.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment March 27, 1913, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding the sum of one hundred and eleven thousand dollars ($111,000), to provide means for the purpose of making structural changes in the County Court House in Kings County, including the building of a fourth floor to contain eight jury rooms and toilets, public toilets on three floors, two elevators from basement to fourth floor, double sashes in outside windows and prisoners' quarters in yard adjacent to Court House, under the jurisdiction of the President of the Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

The Committee on Rules, to which was referred, on March 25, 1912 (Minutes, page 1261), the annexed resolution in favor of appointing a special committee to confer with Public Service Commission to remedy certain railroad inconveniences on 125th st., Manhattan, respectfully

REPORTS:

That, having examined the subject, it believes the appointment of such committee to be necessary.

It appoints as the members thereof Aldermen Pouker, Brush, Marks, Igstaedter and McGrath.

Whereas, 125th st., Manhattan Borough, is an important thoroughfare on account of the large department, furniture stores and markets on the said street, and many people, desiring to shop on this said 125th st., are compelled to spend double carfare, if riding, and as a result thereof the people fail to come to do their shopping on the said 125th st., with detriment to the business people on the said thoroughfare;

Resolved, That the Public Service Commission be requested to examine into the matter, and direct a system of transfers from car lines intersecting at 125th st. to 125th st. cross-town cars;

Resolved, That a special committee, composed of members of the Board of Aldermen whose districts take in any part or parts of 125th st., be appointed to confer with the said Public Service Commission as to the advisability for the immediate remedy necessary in the said premises.

The Committee on Salaries and Offices, to which was referred on April 1, 1913 (Minutes, page 16), the annexed resolution in favor of fixing compensation of certain Janitors, Department of Education, respectfully

REPORTS:

That this resolution is based on the usual system of measurements.

The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 27, 1913:

Whereas, By opinion of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salaries shall have been established under the provision of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provision of section 56 of the Charter is now in the hands of a special committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Title and School.	Rate of Compensation.
Janitor, 36, Manhattan, per annum, less $299	$1,740 00
Janitor, 23, Queens, per annum, less $221	1,668 00
Janitor, 98B and 98C, Manhattan, per annum	1,140 00
Janitor, Washington Irving High School, per month	1,060 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

The Committee on Salaries and Offices, to which was referred on April 1, 1913 (Minutes, page 17), the annexed resolution establishing grade of position of Stenographer and Typewriter, Office, Chief Probation Officer, respectfully

REPORTS:

That, having examined the subject, it believes the proposed establishment of grade to be advisable. Under the new rules of the Board of Estimate and Apportionment this permits an increase in the salary of another Stenographer and Typewriter of $150 per annum. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held March 27, 1913:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Court of Special Sessions, City of New York, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Stenographer and Typewriter, Office Chief Probation Officer	$900 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Reports of Committee on Laws and Legislation—

No. 1365 (G. O. No. 454).

The Committee on Laws and Legislation to which was recommitted on March 25, 1913 (Minutes, page 1256), the annexed report and ordinance in relation to fees for sewer connections respectfully

REPORTS:

That having further examined the subject, and after consultation with several Borough Presidents and Chief Engineers of Sewers on the subject, it recommends that the substituted substitute ordinance be adopted.

SUBSTITUTED SUBSTITUTE.

AN ORDINANCE to amend article 5 of chapter 5 of Part 1 of the Code of Ordinances of The City of New York, relating to "Sewers and Drains."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 154 of article 5 of chapter 5 of Part 1 of the Code of Ordinances of The City of New York, is hereby amended so as to read as follows:

Sec. 154. The said Borough Presidents may grant permission to persons to construct at their own expense sewers or drains, or to lay pipes to connect with any sewers or drains built in any of the streets or avenues in the City under their respective supervision, (on being furnished with the written consent of the owners or a majority of the property upon the street through which such sewer, drain or pipe is to pass;) but such permission shall not be granted except upon the agreement, in writing, of the persons applying therefor, that they shall comply with the ordinances in relation to excavating the streets, that they will indemnify the Corporation for any damages or costs to which they may be put by reason of injuries resulting from neglect or carelessness in performing the work so permitted; and that no claim will be made by them or their successors in interest against the Corporation, if the work so permitted be taken up by the authority of the Board of Aldermen, or for exemption from an assessment lawfully imposed for constructing sewers or drains in the vicinity of their property; and upon the further condition that the Board of Aldermay at any time revoke and annul such permission, and direct such sewers, drains or pipes to be taken up or removed.

Sec. 2. Sections 158 and 159 of article 5 of chapter 5 of Part 1, and section 12, article 1, chapter 1, Part XIV of the Code of Ordinances of The City of New York, are hereby rescinded and repealed in their entirety and the following new sections 158 and 159 substituted in lieu thereof:

Sec. 158. The fees to be paid to the respective Borough Presidents for a permit for each connection made either directly or indirectly, with any public sewer or drain, shall be as follows.

In the Borough of Manhattan, ten dollars ($10).

In the Borough of Brooklyn, ten dollars ($10).

In the Borough of Queens, five dollars ($5).

In the Borough of The Bronx, five dollars ($5).

In the Borough of Richmond, five dollars ($5).

No additional charge shall be made for the sewer connection to a building erected in place of one that has been removed, demolished or destroyed in whole or in part, or extensions or alterations made to same, unless actually a new connection be required.

No person, firm or corporation shall permit any substance to flow or pass into any sewer, drain or receiving basin, connecting with a public sewer, which may form a deposit tending to choke said sewer, drain or basin. Each violation shall be subject to a penalty of fifty dollars ($50).

Sec. 159. All connections, with sewers or drains, used for the purpose of carrying off wastes from water closets, kitchen sinks or otherwise, shall have facilities for a sufficiency of water to be properly discharged, so as to safely carry off such matters, under the penalty of five dollars ($5) *for each day the fixtures are permitted to remain without adequate means for supplying said water.*

Sec. 3. This ordinance shall take effect sixty days after its approval by his Honor the Mayor.

Note—New matter in *italics*; old matter in parenthesis (), to be omitted.

The Committee on Laws and Legislation, to which was referred on June 11, 1912 (Minutes, page 742), the annexed ordinance in relation to fees for sewer connections, respectfully

REPORTS:

That having examined the subject, and finding, after consultation with the several Borough Presidents, that a change is desirable in the existing ordinances relating to the subject in order that the fees provided for may be more proportionate and consistent, it, therefore, recommends that the annexed substitute ordinance be adopted.

(SUBSTITUTE.)

AN ORDINANCE to rescind and repeat sections 158 and 159 of Article 5, Chapter 5, of Part 1, and Section 12 of Article 1, Chapter 1 of Part 14 of the Code of Ordinances of The City of New York, relating to "Sewers and Drains," and substituting in lieu thereof new sections 158 and 159.

Be it ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. That sections 158 and 159 of Article 5, Chapter 5, Part 1, and Section 12 of Article 1, Chapter 1, Part XIV, of the Code of Ordinances of The City of New York, be and the same hereby are rescinded and repealed, and the following new sections 158 and 159 be substituted therefor:

Section 158. Every sewer connection shall be made under the supervision of a City Inspector of Sewer Connections. [For the purpose of this section, a sewer connection shall consist of] all that portion of the house sewer service pipe lying between the main sewer and the property line or vault line (if there be a vault) of the property to be drained by said service pipe.

In the Boroughs of Manhattan and Brooklyn the fee to be paid to the President of the Borough for such inspection shall be ten (10) dollars; in the Boroughs of The Bronx, Queens and Richmond the fee shall be five (5) dollars.

All such fees shall be deposited with the Department of Finance and be credited to special funds entitled "Sewer Inspection and Repair" for the Borough in which the service is rendered.

No additional charge shall be made for the sewer connection to a building erected in place of one that has been removed, demolished or destroyed in whole or in part, or extensions or alterations made to same, unless actually a new connection be required.

Section 159. No person, firm or corporation shall permit any substance to flow or pass into any sewer, drain or receiving basin, connecting with a public sewer, which may form a deposit tending to choke said sewer, drain or basin—each violation shall be subject to a penalty of fifty (50) dollars.

All connections, with sewers or drains, used for the purpose of carrying off wastes from water closets, kitchen sinks, or otherwise, shall have facilities for a sufficiency of water to be properly discharged, so as to safely carry off such matters, under the penalty of five (5) dollars for each day the fixtures are permitted to remain without adequate means for supplying said water.

Section 2. This ordinance shall take effect immediately.

(ORIGINAL.)

Resolved, That section 158 of the Code of Ordinances be and it is hereby amended to read as follows:

Three (3) dollars shall be paid to the Borough President granting the permit in each Borough for permission to connect each house, store or building with any sewer or drain. Any manufacturer, brewer, distiller or the like permitting any substance to flow into any sewer, drain or receiving basin which shall form a deposit that tends to fill said sewer, drain or basin shall be subject to a penalty of fifty dollars ($50) for each offense.

REPORTS:

That, having examined the subject, it believes the proposed amendment to be desirable.

It therefore recommends that the hereto attached substitute ordinance be adopted.

The City of New York, Office of the President of the Borough of Brooklyn, November 12, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—I send you herewith ordinance amending section 92 of the Code of Ordinances of The City of New York, in relation to the providing of fees for the issuance of certain permits by the Borough Presidents.

Will you kindly have this referred to the proper committee. Yours very truly,

ALFRED E. STEERS, President of the Borough.

SUBSTITUTE.

AN ORDINANCE to rescind and repeal section 92 of article 1 of chapter 5 of part 1 of the Code of Ordinances of The City of New York, relating to "The Borough Presidents—Contracts and General Powers," in its entirety and substituting in lieu thereof a new section 92, relating to the same subject.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 92 of article 1 of chapter 5 of part 1 of the Code of Ordinances of The City of New York, relating to "The Borough Presidents—Contracts and General Powers," is hereby rescinded and repealed in its entirety, and the following new section 92 inserted in lieu thereof:

Section 92 of the Code of Ordinances of The City of New York is hereby amended so as to read as follows:

Section 92. In all cases where provision is made by ordinance that the consent of any Borough President may be obtained to authorize any act to be done, he may grant permits therefor subject to the restriction of the ordinances in relation thereto. And in all cases where provision is made by ordinance or otherwise for permits for the opening of streets or highways for the purpose of constructing subsurface structures therein, the Borough President shall, when practicable, assign the location and furnish to the applicant such information as may be necessary to insure the proper location of such substructures in relation to other substructures in the street or highway affected. For such information the following rates or fees may be charged, provided that in all cases the minimum charge shall be $5.

Six (6) cents a linear foot for installations, such as pipe lines, electric conduit lines, tunnels and similar structures to be installed through City thoroughfares, this rate to be applied to the total length of the structure. The distance shall be measured along the centre line.

Ten (10) cents a linear foot for special installations, such as pipe lines, electric conduits and similar structures connecting properties on the opposite sides of City thoroughfares, the distance to be measured from building line to building line along the centre line of the structure to be installed.

Twenty (20) cents a linear foot for special installations, such as the installation of tunnels connecting properties on opposite sides of City thoroughfares, the distance to be measured from building line to building line along the centre line of the structure. When the width of the structure to be installed is greater than the length, the rate of twenty (20) cents a linear foot shall be applied to the maximum width of the structure.

Two (2) cents a linear foot shall be charged in addition to the above rate when plans are furnished embodying the information desired.

Provided, however, that no fees shall be exacted from any City department or for any house service connection when its length is less than sixty (60) feet.

In all cases applicants receiving permits for the opening of streets or highways for the purpose of constructing subsurface structures therein shall promptly, upon the completion of the work, furnish the Borough President a plan, on durable cloth or paper, showing clearly and distinctly the final location of the substructures. On this plan must be shown full dimensions of the substructures, including all manholes or junction boxes and like information, and the location of same with reference to the nearest curb and curb intersection. The depth from the surface of the highway or street to the top of the substructure and location and dimensions of any substructures encountered in the course of the work must also be shown.

In highways or streets where curbs have not been set, reference locations must be made from well defined objects, such as sewer manholes, hydrants, fences and like appropriate objects.

Any person or corporation neglecting or refusing to furnish such plan as herein required shall be liable to a penalty of $100.

Sec. 2. This ordinance shall take effect immediately.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, December 3, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Dear Sir—I hand you herewith communication with reference to the spelling of certain street names in Brooklyn with the request that it be presented to the Committee of your Board having in charge the matter of changing the names of certain streets in Brooklyn. Yours very truly,

ALFRED E. STEERS, President of the Borough.

Brooklyn Teachers Association, William J. Morrison, President, Public School 73, 241 McDougall st., Brooklyn, New York, November 27, 1912.

Hon. ALFRED E. STEERS, Borough Hall, Brooklyn, N. Y.:

Dear Sir—We are all interested in honoring our heroes of Revolutionary War times. In Brooklyn, unfortunately, the misspellings of names mar the honor we would give. I refer to a few only. My school is located between two of the errors, and naturally, I dislike to err and perpetuate error. I present the following errors with the correct spellings of the names:

1. Sum(p)ter st., for Gen. Sumter.
2. McDougal st., for Gen. McDougall.
3. Sterling place, for Gen. Sterling.
4. Dean st., for Silas Deane.

This association is desirous of aiding in the correction of these mistakes. Will you kindly advise me whom we should consult in this matter?

To correct these errors, as well as some others, if any, it will be necessary:

1. To have the City authorities use the correct spellings on all new City maps and charts.
2. To have the City authorities use the correct spellings in all advertisements, contracts, orders, directions, etc.
3. To have directories print the correct spellings.
4. To have the telephone directory use the correct spellings.
5. To have the correct spellings placed on lamp posts, street signs, etc.

Kindly advise us how we may co-operate with the Borough authorities so that errors may be corrected and true honor be given our heroes. Very respectfully,

WM. J. MORRISON.

The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1159), the annexed request from the Coroners of the Borough of Manhattan for $175 special revenue bonds to pay salary of an Italian interpreter for the last quarter of 1912, respectfully

REPORTS:

That prior to 1912 sufficient allowance was made in the contingency account to provide for the payment of such interpreters as had to be hired for temporary periods, but the budget for 1912 was reduced in this particular and the funds were not sufficient.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and seventy-five dollars ($175), the proceeds whereof to be used by the Coroners of the Borough of Manhattan for the purpose of paying for the services of Ignatius Canale, employed as a temporary Italian interpreter during the last quarter of 1912.

Board of Coroners, Borough of Manhattan, New York, 70-74 Lafayette st., March 18, 1913.

Honorable Board of Aldermen, City Hall, New York:

Dear Sirs—I respectfully make application to your honorable Board to issue $175 of revenue bonds to meet a deficiency in the payment for the services of Ignatius Canale, a temporary Italian Interpreter in the Coroners' office for the last quarter of 1912. Very truly yours, ANTONIO DALESSANDRO, Chief Clerk.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Curran, Delaney, Devine, Diemer, Dotzler, Dowling, Downing, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGrath, Martyn, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, President Miller, by Thomas W. The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1162), the annexed resolution in favor of an issue of $102,370 for hose for use of the Fire Department, respectfully

REPORTS:

That, having examined the subject, it believes that hose is needed to supply the new engine companies, which it is contemplated will be ready for service about June 1, and the new fire boat expected to be placed in commission about August 1.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of sixty-six thousand one hundred dollars ($66,100), the proceeds whereof to be used by the Fire Department for the purpose of purchasing hose in the following amounts:

For equipment of new companies	$59,100 00
For equipment of new fire boat	7,000 00
	$66,100 00

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

HENRY H. CURRAN, ROBERT F. DOWNING, JOHN DIEMER, FRANCIS P. KENNEY, HENRY F. GRIMM, C. AUGUSTUS POST, FRANK J. DOTZLER, Committee on Finance.

Fire Department of The City of New York, 157 E. 67th St., March 24, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—Under date of December 27, 1912, a request was made for a revenue bond issue of $234,470, for the purpose of purchasing fire hose for this Department. This was subsequently changed to $202,370.

At a meeting of your Board on January 21, 1913, a resolution was passed authorizing the issue of $100,000 for this purpose. A contract for 65,000 feet of 2½-inch hose was immediately entered into, the hose being required for the organization of new companies.

The hose situation, as set forth in the communication referred to, has since become more acute. Sixty-five thousand feet of 2½-inch hose are not sufficient to organize the new companies which alone require 71,750 feet. It can thus be seen that the quantity on hand in the old companies, which was below their quota on November 30, 1912, and has not since been replenished, is not what it should be and is becoming less after each fire until at the present moment the situation is dangerous and becoming more so every day.

It is, therefore, requested that your Honorable Board authorize a further issue of revenue bonds in the sum of $102,370. A copy of resolution is enclosed herewith.

Respectfully, JOS. JOHNSON, Fire Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Curran, Delaney, Devine, Diemer, Dotzler, Dowling, Downing, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGrath, Martyn, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, President Miller, by Thomas W. The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1165), the annexed request from the Commissioner of Water Supply, Gas and Electricity for $1,912.50 special revenue bonds for hire of three additional employees in the Borough of Queens, respectfully

REPORTS:

That, having examined the subject, it believes the proposed increase in force to be necessary because of the additional duties required of the Department by the new rules established by the Board of Estimate and Apportionment and Finance Department. It does not believe that the money can be made available until May 1, and therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand eight hundred dollars ($1,800), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of paying salaries of additional force in the Borough of Queens from May 1 to December 31, 1913, as follows:

Two Clerks, at $900 each per annum	$1,200 00
One Typewriting Copyist, at $900 per annum	600 00
	$1,800 00

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, March 18, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—There is need in the Borough of Queens for the employment of two Clerks and one Typewriting Copyist in addition to the force provided by the present appropriations and schedules. The additional force is required on account of the additional work put upon that borough in filling out statistical forms and reports, inventories and supply schedules, and the attendant accounting which must be done in order that this work may be properly and accurately done.

I have therefore to ask that your Honorable Board request the Board of Estimate and Apportionment to authorize revenue bonds for three such employees at $900 each, say for a period of 8½ months, amounting to $1,912.50. Yours truly,

HENRY S. THOMPSON, Commissioner.

The Committee on Public Letting, to which was referred on February 11, 1913 (Minutes, page 534), the annexed request from the Commissioner of Water Supply, Gas and Electricity for permission to install water mains in certain sections of the Broadway-Lexington ave. subway, respectfully

REPORTS:

That the letter of request gives full details of the application. It appears to the Committee that it is a matter of good judgment and a decided saving of City money to pursue the course proposed, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized and empowered to enter a contract or contracts, without public

letting, for the purchase of water mains and appurtenances and the installation of the same in the below enumerated sections of the Broadway-Lexington ave. subway, at a cost not to exceed fourteen thousand six hundred and forty-five dollars and fifty cents ($14,645.50):

	Location.	Amount.
Section 2	Broadway, from Park pl. to Walker st.	$3,000 00
Section 3	Broadway, from Howard to Bleecker st.	2,700 00
Section 8	Lexington ave., from 53d to 67th st.	2,266 75
Section 10	Lexington ave., from 79th to 93d st.	1,786 00

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, February 4, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—At the last meeting of the Board of Aldermen a resolution was adopted concurring in the resolution of the Board of Estimate and Apportionment of January 9, 1913, authorizing the Comptroller to issue corporate stock of The City of New York in the sum of $14,645.50, to provide means for the rearrangement of water mains and installation of new pipes and appurtenances in sections 2, 3, 8, 10, 11, 12 and 15 of the Broadway-Lexington Avenue subway.

In its application for these funds the department stated that it was an opportune time to install the additional mains, etc., the City thereby saving the cost of street pavement. The location of the proposed mains is, for the most part, in excavations already made on account of the subway construction. Practically all of the subsurface structures running parallel with the subway are now exposed, and a definite position for such mains may be easily established. In my communication I also referred to the fact that it would be advisable that the mains and other appurtenances desired should be installed by the contractors in charge of the different sections of the subway construction; in fact, I think it is impossible to provide for this work under any other conditions. Under the subway contracts, no other interests could attempt any construction work in the same excavation without the consent of the contractors in charge of the subway work. A considerable number of water mains and other pipe lines are encountered during the subway work, and the contractors are required to relocate these structures. On account of this the contractors have necessarily become acquainted with all of the details of water main construction, and I am of the opinion that they are qualified and competent to install the mains desired.

I would, therefore, respectfully request that the Board of Aldermen authorize me to provide for the mains and appurtenances to be installed in the sections of the subway above referred to, without the necessity of advertising for formal competitive bids or proposals; the division of this expenditure being limited to the following sums for each specific subway section:

	Location.	Amount.
Section 2	Broadway, from Park pl. to Walker st.	$3,000 00
Section 3	Broadway, from Howard to Bleecker sts.	2,700 00
Section 8	Lexington ave., from 53d to 67th sts.	2,266 75
Section 10	Lexington ave., from 79th to 93d sts.	1,786 00
Section 11	Lexington ave., from 93d to 106th sts.	1,072 75
Section 12	Lexington ave., from 106th to 118th sts.	2,000 00
Section 15	Mott ave., from 138th to 151st sts.	1,820 00
		$14,645 50

Yours truly, HENRY S. THOMPSON, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Public Letting, to which was referred on March 25, 1913 (Minutes, page 1195), the annexed communication from the Commissioner of Water Supply, Gas and Electricity, asking for permission to install a section of piping for the high pressure fire service system at the intersection of Broadway and Chambers street, without public letting, respectfully

REPORTS:

That it is clearly set forth in the letter of request that in this case the only method which can be pursued is to allow the work to be done by the contractors for the Public Service Commission.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized and empowered to enter into contract, without public letting, with the Degnon Contracting Co., to furnish the necessary labor and material to lay twelve-inch high pressure mains in and across the intersections of Broadway and Warren st., Broadway and Murray st., Broadway and Mail st., Broadway and Park place, and in Broadway, from Park place to about fifty feet south thereof, in the Borough of Manhattan, at a cost not to exceed six thousand four hundred and eighty-nine dollars and fifty cents ($6,489.50).

JOHN DIEMER, ROBERT F. DOWNING, ABRAM W. HERBST, NILES R. BECKER, NATHAN LIEBERMAN, W. A. SHIPLEY, JESSE D. MOORE, F. H. WILMOT, FRANK J. DOTZLER, Committee on Public Letting.

The City of New York, Department of Water Supply, Gas and Electricity, 13-21 Park row, New York, March 19, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Dear Sir—In connection with the extension of the high pressure fire service system south of Chambers st. and west of Maiden lane, it becomes necessary to lay a section of the piping at the intersection of Broadway and Chambers st. This location is now occupied by the Degnon Contracting Co., engaged in the construction of the subway. For certain reasons, in which they are supported by the Public Service Commission, these contractors decline to permit the department contractors to enter the excavations made by them at this location for the purpose of laying the high pressure fire service mains. The Corporation Counsel advises me that there is no legal way in which the contractors of this department could secure possession of that section of the street while it is occupied with the work of the subway contractors. It has, therefore, been arranged that the necessary pipes and appurtenances at the above point shall be installed by the Degnon Contracting Co., in conjunction with other subsurface structures which they are obliged to build by reason of the subway construction. The department contractors have signed a formal release, under which they exclude from their original contract the section of piping and appurtenances which the Degnon Contracting Co. have agreed to install. The cost of furnishing the necessary labor and material to lay the piping in accordance with the department's plans and specifications is $6,489.50.

I would, therefore, respectfully request that the Board of Aldermen authorize me to expend this sum of money without the formality of competitive bidding, with the understanding that said amount shall be paid to the Degnon Contracting Co. upon the installation of the pipes and appurtenances and in strict compliance with the terms of the agreement, copy of which is hereto attached. Yours truly,

HENRY S. THOMPSON, Commissioner.

This agreement made this day of , 1913, between The City of New York, a municipal corporation organized and existing under the laws of the State of New York, acting by and through the Commissioner of Water Supply, Gas and Electricity, duly authorized so to do by the Board of Estimate and Apportionment, and by the Board of Aldermen of said City, party of the first part, and the Degnon Contracting Co., party of the second part.

Whereas, The party of the first part desires to lay and maintain 12-inch high pressure mains in and across the intersections of Broadway and Warren st., Broadway and Murray st., Broadway and Mail st., Broadway and Park place, and in Broadway, from Park place to about 50 feet south thereof, at which locations the party of the second part, under a contract with The City of New York, acting through the Public Service Commission of the 1st District, is engaged in making the excavations for the purpose of constructing a subway, and

Whereas, It is necessary for the purposes of the party of the first part that the 12-inch high pressure mains at the locations hereinbefore enumerated be installed before the completion of the subway structure, and be maintained during subway construction,

Now, therefore, this agreement witnesseth: In consideration of the covenants and agreements hereinafter contained, the parties hereto hereby agree as follows:

First—The party of the second part agrees to construct the necessary temporary and permanent platforms, to alter and shift the temporary street supports, and to lay complete and ready for service within thirty (30) calendar days of the date on which this agreement becomes effective the 12-inch high pressure mains at the locations hereinbefore enumerated, and shown on the map or blueprint No. E-256, hereto attached, and hereby made a part of this agreement, entitled "City of New York, Department of Water Supply, Gas and Electricity, Borough of Manhattan, 12-inch high pressure mains to be laid through subway excavation—Section 2, Route 5," which is signed by the Chief Engineer.

Second—The party of the second part further agrees to support and maintain these 12-inch high pressure mains during subway construction, to alter the same where they interfere with the finished subway structure, and to support and maintain the same until the completion and acceptance of the subway structure by the City.

Third—The party of the first part agrees to furnish at its own cost and expense to the party of the second part at the site of the work the necessary high pressure pipe, special castings and miscellaneous castings for the construction of the mains proposed to be laid under this agreement and shown on the map or blueprint hereunto attached, and the party of the first part hereby agrees to furnish at its own cost and expense to the party of the second part at the Department of Water Supply, Gas and Electricity's yard at 56th st. and North River the necessary additional high pressure pipes, special castings and miscellaneous castings reuqired for the rearrangement of the mains upon completion of the subway structure.

Fourth—In consideration of the work to be done by the party of the second part for the party of the first part, in connection with the installation of these high pressure mains, the party of the first part agrees to pay to the party of the second part as follows:

Item 1. For laying approximately 475 linear feet of 12-inch high pressure pipe the sum of $2 per linear foot for the total number of linear feet actually laid, measured along the axis of the pipe. Estimated amount, $950.

This price shall include the handling and laying of all materials, including the excavation, backfilling, repaving, lead, yarn, running, caulking, testing and recaulking. The work shall be done in accordance with the standard specifications for laying high pressure mains in the Borough of Manhattan, and to the satisfaction of the Commissioner of Water Supply, Gas and Electricity or his authorized agent or representative.

Item 2. For furnishing and placing approximately 5,000 pounds of wrought iron or steel rods or bands required for the reinforcing of the mains, the sum of 5¾ cents per pound of wrought iron or steel furnished and placed. Estimated amount, $287.50.

Item 3. For building of platforms, changing supporting posts and all other work incidental to the installation of the mains and not included in Items 1 and 2, the sum of $1,200 (lump sum).

Item 4. For safely maintaining and supporting the mains during subway construction, and until the completion and acceptance of the subway structure by The City of New York the sum of $2,750 (lump sum).

Item 5. For disassembling and reconstructing such portions of the mains as will interfere with the completed subway structure, approximately 310 linear feet, the sum of $4.20 per linear foot of 12-inch high pressure main disassembled, relaid and reconnected. Estimated amount, $1,302.

This price shall include all the labor and material necessary to disassemble, relay and reconnect the mains. It shall include the handling and laying of all materials, the necessary lead, yarn, running, caulking, additional wrought iron or steel bolts and bands, testing of the mains and all other incidental work necessary to properly lay the mains in their final position, and the setting or resetting of not more than two high pressure hydrants together with their branches and controlling valves. All of this work is to be done in accordance with the standard specifications for laying high pressure mains in the Borough of Manhattan, and to the satisfaction of the Commissioner of Water Supply, Gas and Electricity, or his authorized representative.

Item 6. If, at the time of installing these mains, the subway structure at the locations affected has been completed to a degree that any part of the pipe can be laid in its final position without temporary platforms or supports constructed therefor, the laying of such pipe will be paid for at $4.20 per linear foot. No payment will be made for the laying of such pipe, under Items 1 or 5, and the payments to be made under Items 3 and 4 shall be reduced in the proportion that the number of linear feet of 12-inch high pressure mains thus laid in their final position without temporary platforms or supports bears to 475 linear feet which is the estimated number of linear feet of 12-inch high pressure mains stated under Item 1. The price to be paid under Item 6 shall, in this case, include the maintenance and support of the pipe until the completion of the subway structure and its acceptance by The City of New York.

Fifth. The party of the first part further agrees to reimburse the Degnon Contracting Company for any loss or damages due to the use, by The City of New York, of the high pressure mains installed under this agreement, unless such loss or damage is due to any negligence on the part of the Degnon Contracting Company, its servants or agents.

Sixth. The party of the first part further agrees that the amounts to become due to the party of the second part under Items 1, 2 and 3 and 6, shall be paid within thirty (30) days after the installation of the mains; that the sum to become due under Item 5 shall be paid within thirty (30) days after the mains have been reconstructed and relaid, and that the sum to became due under Item 4 shall be paid upon the completion of the subway structure and its acceptance by The City of New York.

The estimated cost of the work to be done under this agreement is as follows:

Item 1	$950 00
Item 2	287 50
Item 3	1,200 00
Item 4	2,750 00
Item 5	1,302 00
Total	$6,489 50

The covenants and agreements herein contained shall be binding upon and shall inure to the benefit of the successors and assigns of the parties hereto respectively.

In witness whereof, the parties hereto have duly executed this agreement, in triplicate, the day and year first above written.

Commissioner of Water Supply, Gas and Electrity.

The Committee on Public Letting, to which was referred on March 25, 1913 (Minutes, page 1198), the annexed request from the Commissioner of Street Cleaning for authority to purchase three automobiles without public letting, respectfully

REPORTS:

That the letter of request is self-explanatory. The Commissioner stated that he was satisfied that he would obtain much better cars by this method than if he went into the market and expended the $1,800 he had been allowed for each machine for a Deputy Commissioner for a smaller auto which could not possibly stand the strain of continuous use over all classes of street pavement. The committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he is hereby authorized and empowered to purchase, in the open market, without public letting, three automobiles—one for the Borough of Manhattan, one for the Borough of Brooklyn and one for the Borough of The Bronx—at a cost not to exceed eighteen hundred dollars ($1,800) each, in addition to the exchange of the old automobile now in use in each of these boroughs, by and with the approval of the Comptroller as to the reasonableness of the purchase price and the exchange value, in accordance with the provisions of resolutions adopted by the Sinking Fund Commission.

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, March 25, 1913.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, The City of New York:

Sir—In the budget of the Department of Street Cleaning for the year 1913 there was allowed the purchase of one automobile for the Borough of Manhattan, one for the Borough of Brooklyn and one for the Borough of The Bronx at the price of $1,800 each, in addition to the exchange of the old automobile now in use in each of these Boroughs.

On January 10, 1913, I applied to the Sinking Fund Commission for their approval as to the exchange of these three automobiles. Under their resolution of November 27, 1912, and amended on February 26, 1913, wherein the Comptroller is required to approve of the reasonableness of the purchase price and the exchange value in all transactions of this character, therefore I apply to your honorable Board for the privilege of buying these machines in the open market without public letting as provided by section 419 of the Greater New York Charter.

Trusting that you will give this your immediate consideration, I am, Respectfully,
WM. H. EDWARDS, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Curran, Delaney, Devine, Diemer, Dotzler, Dowling, Downing, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGrath, Martyn, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, President Miller, by Thoma's W. Whittle, Commissioner of Public Works; President Steers, President McAneny, by E. V. Frothingham, Commissioner of Public Works, and the Vice-Chairman—64.

No. 230 (Int. No. 2676).

The Committee on Public Letting, to which was referred on January 21, 1913 (Minutes, page 202), the annexed request from the President of the Borough of Manhattan to purchase an auto truck without public letting, at a cost not to exceed $3,000, respectfully

REPORTS:

That it is informed that a number of bids have been obtained on this truck, and a highly satisfactory arrangement has been tentatively made which contemplates a return of the old truck as partial payment for the new one. The committee believes this method will be for the best interest of the City, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized and empowered to purchase, in the open market, without public letting, one auto truck at a cost not to exceed three thousand dollars ($3,000); the small truck now in use to be traded in, by and with the approval of the Comptroller as to the reasonableness of the purchase price and the exchange value, in accordance with the provisions of resolutions adopted by the Sinking Fund Commission.

City of New York, Office of the President of the Borough of Manhattan, City Hall, January 20, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—Application is hereby made for permission to purchase one (1) auto truck without public letting, for a sum not to exceed $3,000.

At the beginning of this administration we purchased a one-half ton auto truck for the delivery of supplies to the sixty-three (63) buildings in our charge, and the conveyance of material required by the squads in the repair of said buildings. The experiment made has proven very satisfactory and enabled us to reduce our bill for outside carting to almost nothing. We find, however, that, after using the truck for three years, it is costing a very considerable sum for repairs, due to the fact that it is continually overloaded. It was, therefore, decided at the time of putting in our Budget estimates to request funds for a larger truck, and it is to this end that the above application is made.

The Department desires to purchase a one and one-half ton truck to take the place of the small truck now in use, it being understood that said small truck will be traded in, if possible, as part payment for the larger size conveyance.

Very truly yours, GEORGE McANENY, President, Borough of Manhattan.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Curran, Delaney, Devine, Diemer, Dotzler, Dowling, Downing, Dujat, Dunn, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gelbke, Gilmore, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGrath, Martyn, Molen, Moore, Muhlbauer, Mulligan, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Velten, Walsh, Weil, Wendel, Weston, White, Wilmot; President Cromwell, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by E. V. Frothingham, Commissioner of Public Works, and the Vice-Chairman—64.

At this point the Vice-Chairman took the chair.

The Committee on Public Letting, to which was referred on February 4, 1913 (Minutes, page 449), the annexed request from the President of the Borough of The Bronx for authority to purchase an asphalt plant, without public letting, at a cost not to exceed $5,000, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary. The class of plant obtainable for this amount suitable for the work is limited, the committee is informed, to two makes, one made in Brooklyn, the other in Toledo, Ohio. It is proposed to make this purchase in Brooklyn, the expense being divided as follows: Machine $3,500, shed $800, bins $500. The committee believes the interests of the City will be conserved by a purchase without public letting, and recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of The Bronx be and he is hereby authorized and empowered to purchase in the open market, without public letting, an asphalt plant for the uses of said borough at a total cost not to exceed five thousand dollars ($5,000).

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, March 12, 1913.

Hon. JOHN DIEMER, 43 Ellery Street, Brooklyn, N. Y.

Dear Sir—On January 29, 1913, I addressed a letter to the Honorable John Purroy Mitchel, President of the Board of Aldermen, requesting that your Board give me authority to purchase, without public letting, an asphalt plant, for which money had been appropriated by the Board of Estimate and Apportionment.

This matter was referred by your Board to a Committee, of which you are chairman.

In view of the fact that the season is now rapidly approaching, when we should have our forces busy repairing the pavements and making restorations over cuts made by public service corporations, it is especially urgent that we get out asphalt plant installed at the earliest possible moment.

There would be no objection on our part to purchasing this plant by public letting if it were practicable to do so. The difficulty lies in the fact that there are a great many asphalt plants on the market—a very few are good and a large number that are not suitable or adaptable to the work desired of them. We have examined asphalt plants in other cities, and have practically determined upon the type of plant that will best serve our purpose. This plant will cost approximately $3,500. The manufacturers (who, by the way, are Brooklyn people) advise us that it will require six weeks after the receipt of the order before the plant can be installed. You will therefore see that it is especially desirable that we get favorable action on the part of your Board and your committee at the earliest possible moment. Respectfully,
CYRUS C. MILLER, President.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, a majority of all the members failing to vote in favor thereof:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Brush, Curran, Diemer, Dotzler, Eichhorn, Esterbrook, Gelbke, Hamilton, Herbst, Igstaedter, McCann, Nicoll, Pendry, Reardon, Shipley, Stevenson, Weil, Wilmot—22.

On motion of Alderman Diemer the above vote was reconsidered, and the paper was restored to the list of special orders.

GENERAL ORDERS.

The Committee on Finance, to which was referred on March 25, 1913 (Minutes, page 1161), the annexed resolution in favor of amending an issue of $50,000 corporate stock for reconstructing sewers in Manhattan by reducing amount to $49,000, respectfully

REPORTS:

That this reduction of $1,000 not being needed for the purpose for which it was appropriated is to be applied in another direction.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held March 13, 1913:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 25, 1911, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding *fifty thousand dollars* ($50,000), to provide means for reconstruction of sewers, Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be *amended* to make the amount read *forty-nine thousand dollars* ($49,000).

The Committee on Laws and Legislation, to which was recommitted on July 9, 1912 (Minutes, page 155), its annexed report and ordinance to prevent exposure of empty milk cans, respectfully

REPORTS:

That having carefully examined the subject, it believes the proposed legislation to be necessary.

It therefore recommends that the hereto attached substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE to prevent the exposure of empty milk cans on the public streets in The City of New York.

Be It Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. That it shall be unlawful for any person to place or keep upon the sidewalk of any public thoroughfare in The City of New York any empty milk can

which has been or which is to be used for the transportation of milk or any dairy product.

Section 2. Any person violating this ordinance shall, upon conviction thereof, by any City Magistrate, either upon confession of the party or by competent testimony, be fined a sum not more than $5 for each and every offense, and in default of payment of such fine shall be committed to prison by any City Magistrate until the same be paid, but such imprisonment shall not exceed five (5) days.

Section 3. This ordinance to take effect immediately.

The Committee on Laws and Legislation, to which was referred on June 4, 1912 (Minutes, page 617), the annexed ordinance to prevent exposure of empty milk cans, respectfully

REPORTS:

That having examined the subject, they believe the proposed ordinance to be necessary.

They, therefore, recommend that the said ordinance be adopted.

ORIGINAL.

AN ORDINANCE to prevent the exposure of empty milk cans on the public streets in The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

That it shall be unlawful for any person to place or keep upon the sidewalk of any public thoroughfare in The City of New York, between the hours of 9 o'clock in the forenoon and 12 o'clock midnight, any empty milk can which has been or which is to be used for the transportation of milk or any dairy product.

Section 2. Any person violating this ordinance shall, upon conviction thereof, by any City Magistrate, either upon confession of the party or by competent testimony, shall be fined for each and every offense a sum not less than $5 and not exceeding $10, and in default of payment of such fine may be committed to prison by such City Magistrate until the same shall be paid, but such imprisonment shall not exceed 10 days.

Section 3. This ordinance to take effect immediately.

No. 434—Int. No. 76.

The Committee on Laws and Legislation, to which was referred on January 9, 1912 (Minutes, page 81), the annexed ordinance in relation to the disposal of broken glassware and bottles, respectfully

REPORTS:

That, having examined the subject, it believes the object of the proposed ordinance is a desirable one, which can best be secured by amending section 404 of chapter 9 of the City Ordinances.

It, therefore, recommends that the hereto attached substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE to amend section 404 of chapter 9 of the Code, in relation to broken glassware and bottles.

Be It Ordained, by the Board of Aldermen of The City of New York as follows:

Section 404. No person or persons shall throw, cast or lay, or direct, suffer or permit any servant, agent or employee to throw, cast or lay any ashes, offal, vegetables, garbage, dross, cinders, shells, straw, shavings, paper, dirt, filth, broken glassware, crockery, bottles or rubbish of any kind whatsoever in any street in The City of New York, either upon the roadway or sidewalk thereof, except that in the morning before 8 o'clock or before the first sweeping of the roadway by the Department of Street Cleaning, in the Boroughs of Manhattan, Brooklyn and The Bronx, dust from the sidewalk may be swept into the gutter, if there piled, but not otherwise, and at no other time.

Any person found guilty of the violation of any of the foregoing provisions of this section by a City Magistrate or other tribunal shall be punished by fine of not less than one dollar and not more than ten dollars, or by imprisonment for a term of not less than one nor more than five days.

ORIGINAL.

Whereas, It is apparent that the present ordinance prohibiting the throwing or placing of broken glass on the streets and thoroughfares of the City are such as to make it difficult of their proper enforcement and therefore ineffective in operation; and

Whereas, The widespread custom of placing milk bottles and other glassware on the sidewalks and other exposed places has afforded an opportunity for irresponsible persons with malicious intent to litter the streets with broken glass to such an extent that serious injury has been done to the public by personal injuries sustained by children and much damage done to property, particularly to horses and automobiles; therefore

Be It Ordained, by the Board of Aldermen of The City of New York as follows:

Section 1. That all bottles of any description, broken glass and crockery which is intended to be discarded and disposed of by the Street Cleaning Department, shall be kept in proper receptacles inside of the premises and delivered direct to the collector of refuse in such manner and at such times as shall prevent the danger of glassware or crockery being placed or thrown upon the streets or thoroughfares of the City.

Section 2. That empty milk bottles, which are to be returned to the delivery wagons, shall not be exposed outside of the premises, but shall be delivered to the drivers of such delivery wagons or other duly designated persons in such manner which shall prevent the same from being broken.

Section 3. That every corporation, firm or individual violating the above ordinance shall be liable to a fine of not more than ($10) ten dollars for each offence.

Section 4. This ordinance shall take effect immediately.

COURTLANDT NICOLL, O. GRANT ESTERBROOK, JOHN A. BOLLES, WM. D. BRUSH, JAMES HAMILTON, WM. H. PENDRY, Committee on Laws and Legislation.

REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary.

It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE to amend section 174 of article 6 of Chapter 5 of part 1 of the Code of Ordinances of the City of New York, relating to "Vaults, Cisterns and Areas."

Be it ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 174 of article 6 of chapter 5 of part 1 of the Code of Ordinances of The City of New York relating to "Vaults, Cisterns and Areas" is hereby amended so as to read as follows:

Section 174. It shall be the duty of every person for whom any vault or cistern may be in process of construction to procure the same to be measured by one of the City Surveyors, and to deliver to the Borough President granting the permit therefor a certificate of the said measurement, signed by such Surveyor, before the arching of such vault or cistern shall be commenced, under the penalty of $100 (.); *and if the said certificates of measurement shall show that less space has been taken than that paid for, the said person shall be entitled to and receive a certificate from the Borough President who issued the permit, showing the difference; upon the presentation of said certificate of difference to the Comptroller, said Comptroller shall pay a rebate to said person, the amount of which shall be the difference in money between the space fee originally paid and the fee for space actually taken, provided said Surveyor's certificate was filed on or after the first day of March,* 1913.

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in *italics.*

AN ORDINANCE relative to motion picture theatres.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Chapter 7, Title 2, Article 3, Section 352—Motion Pictures and Motion Picture Theatres.

352A.

Motion pictures shall be deemed a display on a screen or other device whereby pictures are displayed of characters or objects in motion, whether or not accompanied by music, lecture, recitation or song.

352B.

A motion picture theatre shall be deemed any public hall or room in The City of New York in which motion pictures are exhibited, in which the seating capacity does not exceed 600, and in which there is no stage or scenery.

An open air motion picture theatre shall be deemed any public place or space in the open air in The City of New York in which motion pictures are exhibited, and in which there is no stage or scenery.

The Mayor shall appoint such inspectors as shall be necessary to carry out the provisions of this ordinance. They shall be known as "Motion Picture Theatre Inspectors" and shall be paid such compensation as shall be fixed by the Board of Aldermen on recommendations of the Board of Estimate and Apportionment.

352C.

The Bureau of Licenses shall issue all motion picture licenses granted by the Mayor, and, by the authority of the Mayor, shall regulate and control all motion picture theatres provided,

1. Applicants for motion picture theatre licenses shall file plans and specifications of the motion picture theatre with the Bureau of Buildings of the borough in which the motion picture theatre is to be situated, and must file a copy of such plans and specifications, duly approved by the Superintendent of Buildings, with the application for the license, which application shall be made to the Bureau of Licenses on blanks furnished by it for that purpose.

2. The Bureau of Licenses shall, without delay upon the request of an applicant, pass upon the location of the motion picture theatre and upon the character of the applicant requesting the license.

3. The Bureau of Licenses shall request the Fire Department, Bureau of Buildings, Department of Water Supply, Gas and Electricity, and Department of Health to inspect said theatres, and the said departments shall file in the Bureau of Licenses, within ten days, detailed written reports, which shall include a statement of any violations of law, ordinances, rules and regulations, and any dangerous conditions. Upon the failure of any of said departments (excepting the Fire Department) to file detailed written reports in reply to the request of the Bureau of Licenses, the said bureau may disregard said department and in its discretion may issue a license.

4. Until the provisions of this ordinance shall have been complied with, no license shall be issued.

352D.

1. Plans—Before the erection, construction or alteration of a building, or part thereof, to be used as a motion picture theatre, there must be filed with the Superintendent of Buildings complete plans and detailed statement as set forth in section 4 of the Building Code. The plans must show clearly and fully the location and width of all exits, passageways, stairs, fire escapes, aisles, etc.; arrangement of seats, size of floor beams, walls, supports, etc.; the location and construction of the inclosure for the motion picture light and machinery, and for other similar apparatus; a diagram of the lot or plot, showing outlets from all exits, and also such other statements, plans or details as may be required by the Superintendent of Buildings.

2. Prohibition—Motion picture theatres shall not be constructed in frame buildings within the fire limits, nor in hotels, tenement houses or lodging houses, nor in factories or workshops, except where the theatre is separated from the rest of the building by unpierced fireproof walls and floors, and in no case shall they be constructed or operated above or below the ground floor of any building.

3. Exits and Courts—All such buildings must be provided on the main floor of the theatre with at least two separate exits, one of which shall be in the front and the other in the rear, both leading to unobstructed outlets on the street. Where the main floor of the theatre accommodates more than 300 people there shall be at least three such exits, the aggregate width in feet of such exits shall not be less than one-twentieth of the number of persons to be accommodated thereby. No exits shall be less than 5 feet in width, and there shall be a main exit not less than 10 feet in total width.

In all such buildings to be erected or to be altered so as to be used for a motion picture theatre, if unobstructed exit to a street cannot be provided at the rear of such buildings, as herein specified, either an open court or a fireproof passage or corridor must be provided from rear exit to the street front of at least the following width:

4 feet in the clear for theatres accommodating 100 persons or less; for every additional 100 persons the width to be increased 8 inches. Such passage must be constructed of fireproof material and must be at least 10 feet high in the clear. The walls forming such passage must be at least 8 inches thick, of brick or other approved fireproof material, and if there be a basement the wall on the auditorium side should either run 1 foot below the cellar bottom or may be carried in the cellar on iron columns and girders properly fireproofed according to sections 106 and 107 of the Building Code.

The ceiling of said passage, and if there be a basement, the flooring must be constructed according to section 106 of the Building Code.

If unobstructed rear exit or exits to a street are provided, the said exit or exits must be of the same total width required for the court or passage above mentioned.

Said passages and exits to the street, as above, must be used for no other purposes except for exit and entrance and must be kept free and clear.

The level of the open court or passage at the front of building shall not be greater than one step above the level of the sidewalk, and the grade shall not be more than 1 foot in 10, with no perpendicular rises.

All exit doors must be unlocked when building is open to the public. They must be fireproof and made to open outwardly and so arranged as not to obstruct the required width of exit or court when opened. All doors leading to fire escapes must be not less than 40 inches wide in the clear, and shall be located at the opposite side or end of the gallery from other exit doors.

4. Galleries and Stairs—A gallery may be permitted, but it shall not include more than 25 per cent. of the total seating capacity of the theatre. Entrance to and exit from said gallery shall in no case lead to the main floor of the theatre, and the gallery shall be provided with a stair or stairs equipped with handrails on both sides. Stairs over 7 feet wide shall be provided with centre handrail. The risers of the stairs shall not exceed 7¾ inches, and the treads, excluding nosings, shall not be less than 9½ inches. There shall be no circular or winding staircases.

The total width of the stairs shall not be less than 8 feet in the clear where the gallery accommodates 150 people; for every 50 people less than 150 which the gallery accommodates said width may be reduced 1 foot.

Stairs shall be constructed of fireproof material, and such material and the bearing capacity of such stairs shall be approved by the Bureau of Buildings.

Galleries must also be provided with at least one line of fire escapes leading to an open court, fireproof passage or street without re-entering the same or any other building.

If the fire escape leads to a point in the court nearer the street than any exit, there must be a width of not less than 4 feet in the clear between the outer edge of the fire escape and the outer wall of the court.

5. Fire Escapes—All fire escapes must have balconies not less than 3 feet 4 inches in width in the clear and not less than 4 feet 6 inches long, and from said balconies there shall be staircases extending to the ground level with a rise of not over 7¾ inches and a step of not less than 9½ inches, and the width of the stairs must not be less than 3 feet 4 inches.

6. Auditorium and Other Rooms—If the walls of the auditorium contain wood studs they shall be covered with either expanded metal lath or wire mesh and plastered with three coats of first class plaster, or may be covered with metal on one-half inch plaster boards. The joints shall be properly filled with mortar.

The ceilings of all such rooms shall be plastered with three coats of first class plaster on wire mesh or metal lath, or covered with one-half inch plaster boards, and plastered or covered with metal.

If there be a basement or cellar, the ceiling under the auditorium floor must be plastered with three coats of first class plaster on wire mesh or expanded metal lath or may be covered with metal on one-half inch plaster boards.

The basement or cellar under the auditorium shall be kept free and clear, except the space used for the heating apparatus, for machinery connected with the theatre and for coal.

7. Construction of Booths—Apparatus for projecting motion pictures shall be enclosed in a booth or enclosure constructed so as to be fireproof, in accordance with the specifications of chapter 756 of the Laws of 1911. The booth shall be equipped with a vent flue as prescribed in section 352C, paragraph 2, of this ordinance. Booths shall contain an approved fireproof box for the storage of films not on the projecting machine. Films shall not be stored in any other place on the premises; they shall be rewound and repaired either in the booth or in some other approved fireproof enclosure.

Where miniature motion picture machines are employed in connection with private exhibitions the requirements of the above paragraph may be so modified as to permit, instead of the regulation booth, an approved fireproof box, unventilated, and of a size only sufficient to properly enclose the machine.

8. Gradients—To overcome any difference of level in and between corridors, lobbies and aisles, gradients of not over 1 foot in 10 feet, or steps having a rise not over 8 inches and a width of not less than 10 inches must be used.

9. Aisles—All aisles in the auditorium and gallery must not be less than 3 feet wide in the clear. No aisle, passageway or space in the rear of the auditorium shall be obstructed by any camp stool, chair, sofa or settee, nor shall any person be permitted to stand or sit therein.

10. Chairs—All chairs in the auditorium except those contained in the boxes, must not be less than 32 inches from back to back and must be firmly secured to the floor. No seat in the auditorium shall have more than seven seats intervening between it and an aisle. The space occupied by each person shall be separated from the adjoining space by means of an arm or other suitable device.

11. Signs Over Exits—Over every exit there must be painted on the inside in letters not less than 6 inches high, the word "Exit" in legible type, and one red light or illuminated sign must be placed inside over each exit, and illuminated while the audience is present.

12. Floor Loads—The flooring of that portion of the building devoted to the uses or accommodation of the public must be of sufficient strength to bear safely a live load of 90 pounds per square foot.

13. Toilets—Toilets separate for sexes must be provided.

14. Fire Apparatus—Portable fire apparatus shall be provided of the following kind and number: Ten-quart capacity buckets, painted red with the word "Fire" in black, the letters 4 inches high, to the number of 6 for places seating less than 300 without a gallery, and two additional if there be a gallery; to the number of ten in places seating over 300 persons, and four additional if there be a gallery. There shall be two buckets containing dry sand kept in the operating booth; approved fire extinguishers of 2½-gallon capacity of the regulation Fire Department pattern, of which 2 shall be on the main floor and 2 in the gallery, if there be one, and 1 in the operating booth; 4 pound flat head axes, 2 of which shall be on the main floor and 2 in the gallery, if there be one.

352E.

1. Lighting—Every portion of a moving picture theatre, including exits, courts and corridors devoted to the uses or accommodation of the public, shall be so lighted by electric light during all exhibitions and until the entire audience has left the premises that a person with normal eyesight should be able to read the Snellen standard test type 40 at a distance of 20 feet and type 30 at a distance of 10 feet; normal eyesight meaning ability to read type 20 at a distance of 20 feet in daylight. Cards showing types 20, 30 and 40 shall be displayed on the side walls, together with a copy of this paragraph of the ordinance.

2. Heating—When the temperature of the outdoor air is below 60 degrees F. the air in the theatre, while an audience is present, shall be maintained at a temperature not lower than 62 degrees F. nor higher than 70 degrees F.

If gas stoves, oil stoves or other apparatus throwing off products of combustion are used to heat motion picture theatres, said products of combustion must be carried to the outside air by means of a fireproof flue or flues.

No radiator shall be placed in the aisles so as to lessen the width below the minimum requirement.

3. Ventilation—Motion picture theatres having less than 200 cubic feet of air space for each person, or motion picture theatres in which the outside window and door area is less than one-eighth of the floor area, shall be provided with artificial means of ventilation which shall supply during the time the audience is present at least 500 cubic feet of fresh air per hour for each person.

Motion picture theatres having more than 200 cubic feet of air space for each person, or which have outside windows and doors, the area of which is equal to at least one-eighth of the floor area, shall be provided with artificial means of ventilation, which shall be in operation when the outside temperature requires the windows to be kept closed, and which shall supply, during the time the audience is present, at least 500 cubic feet of fresh air per hour for each person. When the artificial ventilation is not in operation, ventilation by means of open doors and windows shall be sufficient to provide each person with 500 cubic feet of fresh air per hour.

Motion picture theatres having more than 1,000 cubic feet of air space for each person and having outside windows and doors, the area of which is equal to at least one-eighth of the total floor area, shall not be required to have artificial means of ventilation, provided the air is thoroughly changed by freely opening doors and windows immediately before the admission of the audience, and at least every 4 hours thereafter.

No part of the fresh air supply required by any of the above paragraphs of this section shall be taken from any source containing vitiated air.

The area of outside doors and windows shall mean the area capable of being freely opened to the outside air for ventilation purposes.

When fresh air is supplied by means of ventilating openings, at least one inlet shall be situated at one end of the room, and at least one outlet at the other end of the room. Where exhaust or inlet fans are necessary, at least one of such fan shall be placed in an outlet opening. The inlet opening or openings shall be placed in the floor or within 2 feet from the floor, and the outlet opening or openings in the ceiling or within 2 feet of the ceiling. The inlet openings and their surroundings shall be kept free from dust so that the incoming air shall not convey dust nor stir up dust as it enters.

During the time the audience is present, the air in the theatre shall be kept continuously in motion by means of fans to the number of at least 1 to every 150 persons. Such fans shall be placed in positions remote from the inlet and outlet openings. No person shall be exposed to any direct draft from any air inlet.

The booth in which the picture machine is operated shall be provided with an opening in its roof or upper part of its side walls, leading to the outdoor air. The vent flue shall have a minimum cross sectional area of 50 square inches and shall be fireproof. When the booth is in use, there shall be a constant current of air passing outward through said opening or vent flue, at the rate of not less than 30 cubic feet per minute.

The specifications of the above paragraph shall apply to portable booths and booths in open air theatres.

352F.

Motion picture theatres must be kept clean and free from dust.

The floors, where covered with wood, tiles, stone, concrete, linoleum, or other washable material, shall be mopped or scrubbed with water or swept with moisture or by some other dustless method, at least once daily, and shall be scrubbed with water and soap, or water and some other solvent substance at least once weekly.

Carpets, rugs and other fabric floor coverings shall be cleaned at least once daily by means of suction cleaning, beating or dustless sweeping. Curtains and draperies shall be cleaned at least once monthly by suction cleaning, beating or washing. Cornices, walls and other dust-holding places shall be kept free from dust by washing or moist wiping. The wood and metal parts of all seats shall be kept clean. Fabric upholstering of seats and railings and other fixed fabrics shall be cleaned by suction cleaning, or other dustless method, at least once monthly.

352G.

Through its Motion Picture Inspectors, as provided in subsection 352b of this ordinance, the Bureau of Licenses shall inspect, subject to the authority of the Mayor, the character of exhibitions in motion picture theatres and shall report to the Mayor any offense against morality, decency or public welfare contained in said exhibitions.

352H.

All the provisions contained in this ordinance shall apply to existing places of entertainment, where motion pictures are exhibited under a common show license, in case the seating capacity be increased; and in case the seating capacity be not increased, all the provisions of this ordinance shall apply, except those provisions of subsection 352d, designated as numbers 1, 2, 3, 4, 5 and 6, but the Bureau of Licenses shall have power in its discretion to enforce the provisions of said paragraph 3 of Section 352d as to exits and courts.

352I.

Existing places of entertainment seating 300 persons, or less, where motion pictures are exhibited in conjunction with any other form of entertainment, must comply, before a reissuance of its license, with the provisions of section 109 of the Building Code, covering theatres seating more than 300 persons. But if such existing place of entertainment discontinue all other form of entertainment except the exhibition of motion pictures, it may be licensed in accordance with the provisions of subsection 352H.

352J.

With the exception of paragraph 7 of subsection "352D," subsections "352A" to "352F," inclusive, and subsections "352H," "352I," "352K" and "352L" of this ordinance shall not apply to motion picture exhibitions with or without charge for admission, conducted under the direct management of educational or religious institutions, nor to motion picture exhibitions without charge for admission given or held not more than once a week in private residences or bona fide social, scientific, political or athletic clubs. Before motion pictures shall be exhibited in any of the places above mentioned, there shall be obtained from the Bureau of Licenses a permit for such exhibition. Before granting such permit, the Bureau of Licenses shall cause to be inspected the premises where such proposed exhibition will be held, and shall grant the permit if in its judgment the safety of the public be properly guarded, and provided that for an audience of more than 75 people all chairs or seats shall be securely fastened to the floor or fastened together in rows.

352K.

The Bureau of Licenses, at its discretion, shall specify the seating capacity for each open air motion picture theatre. Aisles must be 4 feet wide, or wider, in the discretion of the Bureau of Licenses. At least two separate exits, remote from each other, shall be provided, and no exit shall be less than 5 feet in width; for every 25 persons to be accommodated in excess of 300, the total width of exits shall be increased 1 foot. All exits must be indicated by signs and red lights, and the doors must open outwardly. Seats must be stationary, with backs 32 inches apart, and so arranged that no seat shall have more than 7 seats intervening between it and an aisle. The floor must be constructed either of wood with sleepers or concrete, and must extend at least five feet from the seats on all sides, provided, however, that in the discretion of the Bureau of Licenses, a gravel floor may be substituted for wood or concrete. Chairs must be either securely fastened to wood or concrete floor, or all chairs in a row must be fastened together, and at least 4 rows must be securely fastened to one frame, except that where refreshments are served, tables and unattached chairs or benches used with them may be permitted.

352L.

Only subsections "352A," "352B," "352C," "352D," paragraphs 7 and 13; "352G," "352J" and "352K" of this ordinance shall apply to open air motion picture theatres.

352M.

This ordinance shall take effect thirty days after its approval by the Mayor. All other rules, regulations and ordinances inconsistent herewith and affecting buildings and places to be occupied as herein defined are hereby revoked.

COURTLANDT NICOLL, DANIEL R. COLEMAN, WM. D. BRUSH, O. GRANT ESTERBROOK, SAMUEL MARKS, JOHN A. BOLLES, JAMES HAMILTON, JOHN DIEMER, Committee on Laws and Legislation.

Minority Report on Nos. 3226, 3227 and 3228—(G. O. No. 437).

The undersigned, a minority of the Committee on Laws and Legislation, to which was referred on March 25, 1913 (Minutes, page ....), an ordinance relative to motion picture theatres, respectfully

REPORTS:

That, having examined the subject, it believes certain changes to be necessary for the proper protection of the patrons of such places of amusement, and, while agreeing with many of the regulations prescribed by said ordinance, submits herewith what the undersigned regard as a decided advance in the matter of safeguarding the public, and recommends that the said amended ordinance be adopted.

AN AMENDMENT to License Motion Picture Theatres.

Be it Ordained, by the Board of Aldermen of The City of New York as follows:

Section 305, article 1, title 2, chapter 7, of the Code of Ordinances of The City of New York, is hereby amended to read as follows:

305. The following businesses must be duly licensed as herein provided, namely: Public cartmen, truckmen, hackmen, cabmen, expressmen, drivers, junk dealers, dealers in second-hand articles, hawkers, peddlers, venders, ticket speculators, coal scalpers, common shows, *motion picture theatres, open air motion picture theatres,* shooting galleries, bowling alleys, billiard tables, dirt carts, exterior hoists, and stands within stoop lines and under the stairs of the elevated stations.

Note—New matter in italics.

AN ORDINANCE Relative to Motion Picture Theatres.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Chapter 7, Title 2, Article 3, Section 352—Motion Pictures and Motion Picture Theatres.

352a.

Motion pictures shall be deemed a display on a screen or other device whereby pictures are displayed of characters or objects in motion, whether or not accompanied by music, lecture, recitation or song.

352b.

A motion picture theatre shall be deemed any public hall or room in The City of New York in which motion pictures are exhibited, in which the seating capacity does not exceed 600, and in which there is no stage or scenery.

An open air motion picture theatre shall be deemed any public place or space in the open air in The City of New York in which motion pictures are exhibited, and in which there is no stage or scenery.

The Mayor shall appoint such Inspectors as shall be necessary to carry out the provisions of this ordinance. They shall be known as "Motion Picture Theatre Inspectors," and shall be paid such compensation as shall be fixed by the Board of Aldermen on recommendation of the Board of Estimate and Apportionment.

352c.

The Bureau of Licenses shall issue all motion picture licenses granted by the Mayor, and by authority of the Mayor shall regulate and control all motion picture theatres, provided:

1. Applicants for motion picture theatre licenses shall file plans and specifications of the motion picture theatre with the Bureau of Buildings of the borough in which the motion picture theatre is to be situated, and must file a copy of such plans and specifications duly approved by the Superintendent of Buildings with the application for the license, which application shall be made to the Bureau of Licenses on blanks furnished by it for that purpose.

2. The Bureau of Licenses shall, without delay, upon the request of an applicant, pass upon the location of the motion picture theatre and upon the character of the applicant requesting the license.

3. The Bureau of Licenses shall request the Fire Department, Bureau of Buildings, Department of Water Supply, Gas and Electricity and Department of Health to inspect said theatres, and the said departments shall file in the Bureau of Licenses, within ten days, detailed written reports, which shall include a statement of any violations of law, ordinances, rules and regulations, and any dangerous conditions. Upon the failure of any of said departments (excepting the Fire Department) to file detailed written reports in reply to the request of the Bureau of Licenses, the said Bureau may disregard said department, and, in its discretion, may issue a license.

4. Until the provisions of this ordinance shall have been complied with, no license shall be issued.

352d.

1. Plans—Before the erection, construction or alteration of a building, or part thereof, to be used as a motion picture theatre, there must be filed with the Superintendent of Buildings complete plans and detailed statement as set forth in section 4 of the Building Code. The plans must show clearly and fully the location and width of all exits, passageways, aisles, etc.; arrangement of seats, size of floor beams, walls, supports, etc.; the location and construction of the enclosure for the motion picture light and machinery, and for other similar apparatus; a diagram of the lot or plot, showing outlets from all exits, and also such other statements, plans or details as may be required by the Superintendent of Buildings.

2. Prohibition—Motion picture theatres shall not be constructed in frame buildings within the fire limits nor in hotels, tenement houses or lodging houses; nor in factories or workshops, except where the theatre is separated from the rest of the building by unpierced fireproof walls and floors; and in no case shall they be constructed or operated above or below the ground floor of any building.

3. Exits and Courts—All such buildings must be provided on the main floor of the theatre with at least two separate exits, one of which shall be in the front and the other in the rear, both leading to unobstructed outlets on the street. Where the main floor of the theatre accommodates more than 300 people there shall be at least 3 exits. The aggregate width in feet of such exits shall not be less than one-twentieth of the number of persons to be accommodated thereby. No exits shall be less than 5 feet in width, and there shall be a main exit not less than 10 feet in total width.

In all such buildings to be erected or to be altered so as to be used for a motion picture theatre, if unobstructed exit to a street cannot be provided at the rear of such buildings, as herein specified, either an open court or a fireproof passage or corridor must be provided from rear exit to the street front, of at least the following width: 4 feet in the clear for theatres accommodating 100 persons or less; for each additional 100 persons the width to be increased 8 inches. Such passage must be constructed of fireproof material and must be at least 10 feet high in the clear. The walls forming such passage must be at least 8 inches thick, of brick or other approved fireproof material, and if there be a basement the wall on the auditorium side should either run one foot below the cellar bottom or may be carried in the cellar on iron columns and girders properly fireproofed according to sections 106 and 107 of the Building Code.

The ceiling of said passage, and if there be a basement the flooring, must be constructed according to section 106 of the Building Code.

If unobstructed rear exit or exits to a street are provided, the said exit or exits must be of the same total width required for the court or passage above mentioned.

Said passages and exits to the street as above must be used for no other purposes except for exit and entrance, and must be kept free and clear.

The level of the open court or passage at the front of the building shall not be greater than one step above the level of the sidewalk, and the grade shall not be more than one foot in ten, with no perpendicular rises.

All exit doors must be unlocked when building is open to the public. They must be fireproof and made to open outwardly, and so arranged as not to obstruct the required width of exit or court when open.

4. Galleries—A gallery shall not be permitted.

5. Auditorium and Other Rooms—If the walls of the auditorium contain wood studs they shall be covered with either expanded metal lath or wire mesh and plastered with three coats of first class plaster or may be covered with metal on one-half inch plaster boards. The joints shall be properly filled with mortar.

The ceilings of all such rooms shall be plastered with three coats of first class plaster on wire mesh or metal lath, or covered with one-half inch plaster boards and plastered or covered with metal.

If there be a basement or cellar, the ceiling under the auditorium must be plastered with three coats of first class plaster on wire mesh or expanded metal lath, or may be covered with metal on one-half inch plaster boards.

The basement or cellar under the auditorium shall be kept free and clear except the space used for the heating apparatus for machinery connected with the theatre, and for coal.

6. Construction of Booths—Apparatus for projecting motion pictures shall be enclosed in a booth or enclosure constructed so as to be fireproof, in accordance with the specifications of Chapter 756 of the Laws of 1911. The booths shall be equipped with a vent flue, as prescribed in section 352e, paragraph 2 of this ordinance. Booths shall contain an approved fireproof box for the storage of films not on the projecting machine. Films shall not be stored in any other place on the premises; they shall be re-wound and repaired either in the booth or in some other approved fireproof enclosure.

Where miniature motion picture machines are employed in connection with private exhibitions the requirements of the above paragraph may be so modified as to permit instead of the regulation booth, an approved fireproof box, unventilated, and of a size only sufficient to properly enclose the machine.

7. Gradients—To overcome any difference of level in and between corridors, lobbies and aisles, gradients of not over 1 foot in 10 feet, or steps having a rise not over 8 inches and a width of not less than 10 inches must be used.

8. Aisles—All aisles must be not less than 3 feet wide in the clear.

No aisle, passageway or space in the auditorium shall be obstructed by any camp stool, chair, sofa or settee, nor shall any person be permitted to stand or sit therein.

9. Chairs—All chairs in the auditorium, except those contained in the boxes, must not be less than 32 inches from back to back, and must be firmly secured to the floor. No seat in the auditorium shall have more than 7 seats intervening between it and an aisle. The space occupied by each person shall be separated from the adjoining space by means of an arm or other suitable device.

10. Signs Over Exits—Over every exit there must be painted on the inside in letters not less than 6 inches high the word "Exit" in legible type, and 1 red light or illuminated sign must be placed inside over each exit, and illuminated while the audience is present.

11. Floor Loads—The flooring of that portion of the building devoted to the uses or accommodation of the public must be of sufficient strength to bear safely a live load of 90 pounds per square foot.

12. Toilets—Toilets separate for sexes must be provided.

13. Fire Apparatus—Portable fire apparatus shall be provided of the following kind and number: Ten quarts capacity, buckets painted red, with the word "Fire" in black, the letters 4 inches high, to the number of 6, for places seating less than 300; to the number of 10 in places seating over 300 persons. There shall be 2 buckets containing dry sand kept in the operating booth; approved fire extinguishers of 2½-gallon capacity, of the regulation Fire Department pattern, of which 2 shall be on the main floor and 1 in the operating booth; 4-pound flathead axes, 2 of which shall be on the main floor.

352e.

1. Lighting—Every portion of a motion picture theatre, including exit courts and corridors, devoted to the uses or accommodation of the public, shall be so lighted by electric light during all exhibitions and until the entire audience has left the premises, that a person with normal eyesight should be able to read the Snellen standard test type 40 at a distance of 20 feet, and type 30 at a distance of 10 feet; normal eyesight meaning ability to read type 20 at a distance of 20 feet in daylight. Cards showing types 20, 30 and 40 shall be displayed on the side walls, together with a copy of this paragraph of the ordinance.

2. Heating—When the temperature of the outdoor air is below 60 degree F. the air in the theatre, while an audience is present, shall be maintained at a temperature not lower than 62 degrees F., nor higher than 70 degrees F.

If gas stoves, oil stoves or other apparatus throwing off products of combustion are used to heat motion picture theatres said products of combustion must be carried to the outside air by means of a fireproof flue or flues.

No radiator shall be placed in the aisles so as to lessen the width below minimum requirements.

3. Ventilation—Motion picture theatres having less than 200 cubic feet of air space for each person, or motion picture theatres in which the outside window and door area is less than one-eighth of the floor area, shall be provided with artificial means of ventilation which shall supply, during the time the audience is present, at least 500 cubic feet of fresh air per hour for each person.

Motion picture theatres having more than 200 cubic feet of air space for each person, or which have outside windows and doors, the area of which is equal to at least one-eighth of the floor area, shall be provided with artificial means of ventilation, which shall be in operation when the outside temperature requires the windows to be kept closed, and which shall supply during the time the audience is present at least 500 cubic feet of fresh air per hour for each person. When the artificial ventilation is not in operation, ventilation by means of open doors and windows shall be sufficient to provide each person with 500 cubic feet of fresh air per hour.

Motion pictures theatres having more than 1,000 cubic feet of air space for each person and having outside windows and doors, the area of which is equal to at least one-eighth of the total floor area, shall not be required to have artificial means of ventilation, provided the air is thoroughly changed by freely opening doors and windows immediately before the admission of the audience and at least every four hours thereafter.

No part of the fresh air supply required by any of the above paragraphs of this section shall be taken from any source containing vitiated air.

The area of outside doors and windows shall mean the area capable of being freely opened to the outside for ventilation purposes.

When fresh air is supplied by means of ventilating openings, at least one inlet shall be situated at one end of the room and at least one outlet at the other end of the room. Where exhaust or inlet fans are necessary at least one of such fans shall be placed in an outlet opening. The inlet opening or openings shall be placed in the floor or within two feet from the floor, and the outlet openings or openings in the ceiling or within two feet of the ceiling. The inlet openings and their surroundings shall be kept free from dust so that the incoming air shall not convey dust nor store up dust as it enters.

During the time the audience is present the air in the theatre shall be kept continuously in motion by means of fans to the number of at least 1 to every 150 persons. Such fans shall be placed in position remote from the inlet and outlet openings. No person shall be exposed to any direct draft from any air inlet.

The booth in which the picture machine is operated shall be provided with an opening in its roof or upper part of its side walls, leading to the outdoor air. The vent flue shall have a minimum cross-sectional area of 50 square inches and shall be fireproof. When the booth is in use there shall be a constant current of air passing outward through said opening or vent flue at the rate of not less than 30 cubic feet per minute. The specifications of the above paragraph shall apply to portable booths and booths in open air theatres.

352f.

Motion picture theatres must be kept clean and free from dust.

The floors, where covered with wood, tiles, stone, concrete, linoleum, or other washable material, shall be mopped or scrubbed with water or swept with moisture, or by some other dustless method, at least once daily and shall be scrubbed with water and soap, or water and some other solvent substance at least once weekly.

Carpets, rugs and other fabric floor coverings shall be cleaned at least once daily by means of suction cleaning, beating or dustless sweeping. Curtains and draperies shall be cleaned at least once monthly by suction cleaning, beating or washing. Cornices, walls and other dust holding places shall be kept free from dust by washing or moist wiping. The wood and metal parts of all seats shall be kept clean. Fabric upholstering of seats and railings and other fixed fabrics shall be cleaned by suction cleaning or other dustless method, at least once monthly.

352g.

Through its Motion Picture Inspectors, as provided in subsection 352b of this ordinance, the Bureau of Licenses shall inspect, subject to the authority of the Mayor, the character of exhibitions in motion picture theatres, and shall report to the Mayor any offense against morality, decency or public welfare contained in said exhibitions.

352h.

All the provisions contained in this ordinance shall apply to existing places of entertainment where motion pictures are exhibited under a common show license, in case the seating capacity be increased; and in case the seating capacity be not increased, all the provisions of this ordinance shall apply, except those provisions of subsection 352d, designated as numbers 1, 2, 3, 4, and 5, but the Bureau of Licenses shall have power in its discretion to enforce the provisions of said paragraph 3 of section 352d as to exits and courts.

352i.

Existing places of entertainment seating 300 persons or less where motion pictures are exhibited in conjunction with any other form of entertainment, must comply, before a reissuance of its license, with the provisions of section 109 of the Building Code, covering theatres seating more than 300 persons. But if such existing place

of entertainment discontinue all other form of entertainment except the exhibition of motion pictures, it may be licensed in accordance with the provisions of subsection 352h.

352j.

With the exception of paragraph 7 of subsection 352d, subsections 352a to 352f, inclusive, and subsections 352h, 352i, 352k and 352l of this ordinance shall not apply to motion picture exhibitions with or without charge for admission, conducted under the direct management of educational or religious institutions, nor to motion picture exhibitions without charge for admission given or held not more than once a week in private residences or bona fide social, scientific, political or athletic clubs. Before motion pictures shall be exhibited in any of the places above mentioned, there shall be obtained from the Bureau of Licenses a permit for such exhibition. Before granting such permit, the Bureau of Licenses shall cause to be inspected the premises where such proposed exhibition will be held and shall grant the permit if in its judgment the safety of the public be properly guarded, and provided that for any audience of more than 75 people all chairs or seats shall be securely fastened to the floor or fastened together in rows.

352k.

The Bureau of Licenses, at its discretion, shall specify the seating capacity for each open air motion picture theatre. Aisles must be 4 feet wide, or wider, in the discretion of the Bureau of Licenses. At least two separate exits, remote from each other, shall be provided, and no exit shall be less than 5 feet in width. For every 25 persons to be accommodated in excess of 300, the total width of exits shall be increased 1 foot. All exits must be indicated by signs and red lights, and the doors must open outwardly. Seats must be stationary, with backs 32 inches apart, and so arranged that no seat shall have more than 7 seats intervening between it and an aisle. The floor must be constructed either of wood with sleepers, or of concrete, and must extend at least 5 feet from the seats on all sides, provided, however, that in the discretion of the Bureau of Licenses, a gravel floor may be substituted for wood or concrete. Chairs must either be securely fastened to wood or concrete floor, or all chairs in a row must be fastened together, and at least four rows must be securely fastened to one frame, except that where refreshments are served, tables and unattached chairs or benches used with them may be permitted.

3521.

Only subsections 352a, 352b, 352c, 352d, paragraphs 7 and 13, and 352g, 352j and 352k of this ordinance shall apply to open air motion picture theatres.

352m.

This ordinance shall take effect 60 days after its approval by the Mayor. All other rules, regulations and ordinances inconsistent herewith and affecting buildings and places to be occupied as herein defined are hereby revoked.

FRANK CUNNINGHAM, MAX S. LEVINE, Committee on Laws and Legislation.

On motion of Alderman Folks these special orders were laid over for two weeks

No. 3338.

By Alderman Hannon—

AN ORDINANCE to prevent non-residents of the State of New York from holding employment in any of the departments or branches of the government of The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. No person who is not a citizen and resident of the State of New York shall be eligible to appointment or be employed in any or either of the departments of the City government, nor shall any person not a resident of this State, who may be so appointed or employed, have any valid claim against The City of New York for any salary, wages or compensation under or by virtue of holding an appointment or employment in either of the departments or branches of the City government.

Sec. 2. Any person holding any appointment or employed in any of the departments or branches of the City government who shall, while holding such appointment or employment, remove from within the limits of the City, shall be deemed thereby to have resigned such appointment, or abandoned such employment, and it shall be the duty of the head of every Department, or other person authorized to make appointments or give employment, to appoint or employ a resident of this City to the appointment made vacant, or employment so surrendered, by said removal from this City, as provided in section 1 of this ordinance.

Sec. 3. This ordinance shall take effect immediately.

By President McAneny—

City of New York, Office of the President of the Borough of Manhattan, City Hall, April 15, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York:

Dear Sir—Request is hereby made for an issue of special revenue bonds in the amount of eight thousand dollars ($8,000) in order to provide for the requirements of the Supreme Court during the remainder of the year. The amount estimated for all purposes for 1913 was $25,000. The amount asked for was $20,000, and the amount allowed by the Board of Estimate and Apportionment was $15,000, all of which has been practically expended. The small balance remaining in the appropriation being retained for requirements of extreme and urgent necessity. Several bills have been received by me for automobile hire for the transportation of jurors from the courts to and from various hotels, where they are housed and provided for. There was no money appropriated for the purpose, neither was any provision made for room hire or lodging for jurors. It is necessary that all of these contingencies be provided for, and I therefore respectfully request that authority be given for an issue of special revenue bonds in the amount above asked for to provide for office equipment, office and food supplies, transportation and room hire. Very truly yours,

GEORGE McANENY, President of the Borough of Manhattan.

Which was referred to the Committee on Finance.

AN ORDINANCE to amend part 5 of the Code of Ordinances of The City of New York, being "Ordinances Relating to that Section of The City of New York Formerly Known as the Village of Flushing," and in particular to "Partition Fences."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Part 5 of the Code of Ordinances of The City of New York, being "Ordinances Relating to that Section of the City of New York Formerly Known as the Village of Flushing," is hereby amended by adding at the end thereof a new chapter, to be known as Chapter 2, and to read as follows:

Chapter 2—Partition Fences.

Sec. 19.—All partition fences in that section of the City of New York formerly known as the Village of Flushing shall be made and maintained by the owners of the land on each side, and each party shall make and keep in repair one-half part thereof, when it can be conveniently divided.

Sec. 20.—In case of any dispute between the parties concerning the division of any such fence, or as to what part or portion of it shall be made or repaired by each party, respectively, and in all cases of dispute concerning the sufficiency of any fence, in that portion of the City formerly known as the Village of Flushing, the matter shall be determined by the Alderman for the time being of the district in which such partition or other fence may be situated.

Sec. 21.—When any partition fence cannot be conveniently divided, the same shall be made and kept in repair at the joint and equal expense of the owners of the land on each side.

Sec. 22.—If any person, whose duty it may be to make or repair any partition fence, or any part thereof, in pursuance of the provisions of this law, shall neglect so to do, for six days after being requested in writing, by the owner or occupant of the adjoining ground, it shall be lawful for such owner or occupant to make or repair such partition fence, or cause the same to be done, and recover from such person the expense of making or repairing so much thereof as ought to have been made or repaired by him or her, together with cost of suit in any court having cognizance thereof.

Sec. 23.—In case of any dispute between the parties concerning any fence embraced within this ordinance, or the sufficiency thereof, the matter shall be determined by the alderman for the time being, of the district in which such fence may be situated.

Sec. 2.—This section shall take effect immediately.

Whereas, The New York Railway Co. in the operation of its crosstown lines running from the E. 34th st. ferry and W. 42d st. ferry, requires passengers whose destination is to the foot of W. 34th st., to alight at 10th ave. for the purpose of transferring; and

Whereas, This system of transferring is a rank inconvenience to the many passengers whose point of destination is the foot of W. 34th st., inasmuch as but one car in approximately six is provided for those who wish to transfer, making it extremely dangerous to health, particularly because of the long waits in inclement weather; and

Whereas, Taking into consideration that at this terminal there is the Italian steamship line operating three ships outwardly a week; the Patten line of steamers now about to go into commission, operating vessels to and from the Atlantic Highlands; the Manhattan Market, covering the space bounded by 11th and 12th aves., 34th and 35th sts.; the N. Y. C. & H. R. R. R. offices and freight depot, running from 11th ave. to the river, in addition to the many big factories in which hundreds of people are employed, all of whom are entitled to more ready access to and departure from their respective places of business and labor; therefore

Resolved, That the Public Service Commission for the First District be and it is hereby requested to direct that the New York Railways Co. operate its crosstown line on 34th st., from the ferry at the East River to the foot of W. 34th st., at the North River, unbrokenly and without transfer or change, at least from 7 o'clock a. m., to 8 o'clock p. m., for the benefit, convenience and health of the many thousand passengers who find occasion to use said crosstown line either for business or pleasure.

No. 3383.

By Alderman Folks—

Communication from the licensed bootblacks of New York City to the Board of Aldermen, relative to the licensing of bootblacks, accompanied by several petitions.

The Honorable Board of Aldermen of The City of New York is respectfully requested to amend article IV, section 361 of the Ordinances of The City of New York, to read as follows:

No person, persons, corporation or association shall have or use any bootblack stand or shine box outside of any building or upon the streets or in the parks in the City of New York, and there shall be no booth or stand erected or maintained, or space used or occupied within the stoop lines of any buildings or under the stairs of the elevated railroad stations, or in the parks, either for a booth or stand or shine box in the City of New York, without first procuring a license therefor, as hereinafter provided; and any person, persons, corporation or association so doing shall be deemed guilty of a misdemeanor, and, upon conviction before any Magistrate, shall be fined by said Magistrate not less than $2 or more than $10 for each offense, and, in default of payment of such fine, may be committed to prison by such Magistrate until the same be paid; but such imprisonment shall not exceed ten days.

The reasons and purposes for our urging your honorable Board to amend this ordinance are as follows:

We are citizens of the United States of America or have in good faith filed our declaration of intention of becoming such. We have, at large expense, brought our families to this country, as it is now our home, and we came here with the intention of bettering our condition, to give our aid and assistance to this our chosen Government and country if called upon to do so, and to become good and useful members of the community wherever we live.

But we are seriously handicapped in our labors by aliens and immigrants just arriving. No sooner are they admitted, without knowledge of the customs or language of the country, and in ignorance of the law, they almost invariably obtain shine boxes, stand on the streets, in the parks, ofttimes alongside of or in front of buildings, at times directly in front of places for which we are paying a license fee, as well as rent, and shine shoes for two or three cents, while we, owing to the large and heavy expenses we are compelled to incur, as well as the care and proper maintenance of our families and the payment of license fee, charge not less than five cents per shine as our minimum price.

Owing to these conditions, the situation is fast becoming such that it is impossible for us to successfully compete with the class of persons heretofore referred to, who persist in carrying on their business in direct violation of the law and without fear of molestation from the authorities.

We, therefore, petition your honorable Board to protect us from this unfair and unjust discrimination and usurpation of our rights, and, with that purpose in view, respectfully request that section 361 of article IV of the Ordinances of The City of New York be amended as herein suggested, making it mandatory and compulsory that all persons, corporations or associations desiring to carry on the business of shining shoes, by any means or ways whatsoever, before doing so be compelled to procure a license therefor.

By Alderman Folks (by request)—

AN ORDINANCE repealing section 1457 of the Greater New York Charter, by authority of Laws 1901, chapter 466, section 3, and regulating the use of the streets for processions and parades.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. All processions or parades occupying or marching upon any street to the exclusion or interruption of other citizens in their individual right and use thereof (excepting processions of the National Guard and Police and Fire Departments and associations of veteran soldiers) are forbidden, unless written notice of the character, object, time and route of such procession or parade, and the estimated number of persons to take part therein, be given by the chief officer thereof not less than twenty-four hours previous to its forming or marching, and in case of any procession upon 5th ave., not less than five days previous to its forming and marching to the Police Commissioner of the City.

Section 2. All such processions or parades upon 5th ave. are forbidden, excepting processions of the National Guard, the U. S. Army and Navy, the Police, Fire and Street Cleaning Departments, associations of veteran soldiers, processions that are primarily patriotic in their character and purpose, and those which take place upon a national holiday and are closely related in character and purpose to the object for which such holiday was selected. The Police Commissioner shall have full power upon receiving notice of any procession to determine whether such procession is one of a class or character specified in this section, and his determination thereon shall be final; and if he shall determine that any such procession is not of such a class or character it shall be his duty to notify the chief officer thereof of such determination at least three days previous to the time specified for its forming or marching.

Section 3. In the case of any procession or parade upon 5th ave., the procession shall be divided into divisions or sections, and no such division or section shall extend continuously along such avenue in its line of march for a greater distance than ten city blocks, running north and south upon said avenue. Between each division or section there shall be a space or gap of at least two city blocks aforesaid, and it shall be the duty of the Police during the intervals between the passing of such sections or divisions to permit traffic from the cross streets to cross over said avenue. The chief officer of the procession and his aides shall be responsible for the length of such sections and the gaps or spaces between them, and in addition to such responsibility the chief officer, if any, of each section, shall likewise be responsible for the length of such section and of the gap or space between his section and the section immediately preceding. It shall be the further duty of the Police, if they shall determine that the public convenience is better served thereby, to lengthen the gaps or spaces between said sections, or the interval of time between the passing of sections at all streets crossing 5th ave. along which street cars usually pass, and also at 50th st.

Section 4. It shall be the duty of the Police Commissioner to furnish such escort, and station as many Police along the line of parade, as may be necessary to protect persons and property and maintain the public peace and order; and it may be lawful for said Commissioner to designate to any such procession or parade how much of the width of the street it can occupy, with special reference to the size and occasion of the procession and the nature of the thoroughfare through which said procession may move; and when so designated the chief officer of said procession and his aides shall be responsible that the designation is obeyed. It shall be the further duty of the Police Commissioner to cause to be disbanded any procession which is disorderly in character, or which shall disturb the public peace and order.

Section 5. Every person participating in a procession or parade who shall have been convicted of a wilful violation of any provision of this ordinance shall be punishable with a fine not exceeding fifty dollars or imprisonment not exceeding ten days, or both, at the discretion of the Court.

Section 6. This ordinance shall take effect immediately.

AN ORDINANCE to amend article 3, chapter 12 of the Code of Ordinances of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Sec. 458, Lights—Each and every vehicle using the public streets or highways of this City, except vehicles of licensed truckmen, shall show between (one hour after) sunset and (one hour before) sunrise, a light or lights, so placed as to be seen from the front and each side; if dash lantern is carried it shall be placed on the left-hand side; such light or lights to be of sufficient illuminating power to be visible at a distance of 200 feet; said light or lights shall show white in front, but may be colored on the sides, excepting licensed truckmen. Every automobile shall exhibit during the same period two lamps showing white lights visible at a distance of 300 feet in the direction toward which the automobile is proceeding, and shall also exhibit a red light, visible in the reverse direction. The lamps shall be so placed as to be free from obstruction to light from other parts of said automobile. No operator of any automobile or other motor vehicle, while operating the same upon the public highway, within the City, shall use any acetylene, electric or other head-

light, unless properly shaded so as not to blind or dazzle other users of the highway, or make it difficult or unsafe for them to ride, drive or walk thereon. In the Borough of The Bronx, excepting south of Tremont avenue and 177th st., east of Jerome ave. and west of the Bronx River, and in the Boroughs of Richmond and Queens, and in the 26th, 30th, 31st and 32d Wards of the Borough of Brooklyn, every car or other vehicle between said hours, while moving on, along or standing upon the portion of streets in said Boroughs or parts of Boroughs, shall also carry a light or lights of such illuminating power as to be plainly visible 200 feet, both ahead and behind said car or vehicle. (Amendment approved January 4, 1909).

Sec. 459, Exceptions—But this section shall not apply to any equestrian, or to any animal led or driven, not attached to any vehicle nor to the rider of a bicycle, tricycle or similar vehicle whose light has become extinguished, or who is necessarily absent from his home without a light, when going at a pace not exceeding six miles an hour, when a clearly audible signal is given as often as thirty feet are passed over. (Id., art. 3, sec. 2).

Peter T. Barlow, City Magistrate, 10 Lexington Ave., New York City, April 3, 1913.

Hon. HENRY H. CURRAN, Aldermanic Chambers, City Hall:

Dear Sir—I have received your letter of the 2d inst. in regard to the proposed amendment to the ordinances in relation to lights on vehicles, viz.: article 3, chapter 12, section 458, by sriking out the words "one hour after" and "one hour before," and thereby making it the duty of drivers of vehicles, as now provided, to show lights at all times between sundown and sunrise.

I heartily approve of the proposed amendment.

As the law now stands it fails utterly in its wise purpose, as many times each year it is as dark one hour after sunset as five, six or eight hours thereafter.

I thank you for your interest in this matter. Pray believe me, yours sincerely,

P. T. BARLOW.

City Magistrates' Court, First Division, 11th District, Domestic Relations, Southwest Corner of Wooster and Prince Sts., New York, April 5, 1913.

Hon. HENRY H. CURRAN, Aldermanic Chamber, City Hall, N. Y.:

My dear Sir—Judge Barlow has informed me that action is about to be taken on an amendment to section 458 of the Ordinances in relation to lights upon vehicles. As I understand it, the amendment is that all vehicles using the public streets within the City should show at sunset and until sunrise lights upon the front and rear thereof. I have not seen the amendment, but if it is as I understand it from Judge Barlow, I should be very much in favor of its adoption. Very truly yours,

R. C. CORNELL, City Magistrate.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE WEDNESDAY, APRIL 16, 1913.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller.

The deed so delivered shall be in form of a bargain and sale deed without covenants.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

Maps of said real estate may be seen on application at the Comptroller's office, Stewart Building, No. 280 Broadway, Borough of Manhattan..

By order of the Commissioners of the Sinking Fund under resolution adopted at meeting of the Board held April 2, 1913.

WM. A. PRENDERGAST, Comptroller, City of New York.

Department of Finance, Comptroller's Office, April 11, 1913. a14,30

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN REAL ESTATE AND APPURTENANCES THERETO.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund and pursuant to a resolution adopted by them at a meeting held April 2, 1913, the Comptroller of The City of New York will sell by sealed bids on

TUESDAY, APRIL 22, 1913.

at 11 a. m., in Room K, No. 280 Broadway, Borough of Manhattan, the lease for a period of one year, commencing May 1, 1913, of the premises belonging to the Corporation of The City of New York, situated on the southeasterly corner of 10th avenue and Little West 12th st., having a frontage of about 50 feet on Little West 12th st., and about 70 feet frontage on 10th ave., with the improvements thereon (exclusive of fixtures), known as No. 18 10th ave., Borough of Manhattan.

The Comptroller will receive sealed bids for the lease of the said parcel of land and the improvements thereon (exclusive of fixtures) for the said period, at the minimum or upset price of $2,400 per annum, payable quarterly in advance, and the said sale will be made upon the following

TERMS AND CONDITIONS.

Each bid must be accompanied by cash or a certified check for twenty-five per cent. of the amount of the yearly rental offered; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance, and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid shall be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety, or otherwise, upon any obligation to the Corporation, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions as follows:

1. A clause providing that the lessee shall pay the usual rates for water, per meter measurement, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

2. A clause providing that the lessee shall not make any alterations or improvements to the property except with the consent and approval of the Comptroller.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings, etc., standing upon property owned by The City of New York, acquired by it for street purposes in the

Borough of Manhattan,

Being the buildings, parts of buildings, etc., acquired for the widening of Canal st. from the Bowery to Chrystie st., in the Borough of Manhattan, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held March 26, 1913, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, MAY 2, 1913.

at 11 a. m., in lots and parcels and in manner and form as follows

Parcel No. 1.—Four-story and attic brick building, Nos. 65-65½ Bowery; two-story and attic frame-brick front building, Nos. 137-139 Canal st.; part of four-story brick building, Nos. 133-135 Canal st. Cut 36 feet on front by 36.83 feet on west side.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 2d day of May, 1913, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 2, 1913," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

COMMISSIONERS OF SINKING FUND.

Notice of Public Hearing.

NOTICE OF PUBLIC HEARING.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in Room 16, City Hall, Borough of Manhattan, at 11 o'clock in the forenoon on

WEDNESDAY, APRIL 30, 1913.

relative to request of the Commissioner of Docks that the Commissioners of the Sinking Fund approve proposed amendments to amended new plan for the improvement of the waterfront, between 44th and 48th sts., North River, Borough of Manhattan, made and adopted by the Commissioner of Docks, in accordance with law, April 10, 1913. The plan as adopted by the Commissioner of Docks is open to the inspection of any citizen at the office of the Comptroller of The City of New York, No. 280 Broadway, Borough of Manhattan, at any time during business hours.

The following is a technical description of the proposed amendments:

The proposed amendments to the new plan consist in the establishment of one pier 150 feet in width and one lateral extension along the northerly side of Pier 84, or West 44th Street Pier, 35 feet in width, extending from the pierhead line established by the Secretary of War in 1897, to the bulkhead line proposed to be established, described as follows:

Beginning at the point of intersection of the northerly side of W. 47th st. with the bulkhead line established in 1871, running thence easterly and along the northerly side of W. 47th st. to a point in the same distant 550 feet west of the westerly side of 11th ave., thence southerly and parallel with and 550 feet west of the westerly side of 11th ave. to a point 30 feet south of the southerly line of W. 47th st., thence in a straight line to a point distant 570 feet west of the westerly side of 11th ave., measured at right angles to the same, and 395 feet north of the northerly side of W. 44th st., measured at right angles to the same, thence in a straight line to a point 635 feet west of the westerly side of 11th ave., measured at right angles to the same, and 35 feet north of the northerly side of W. 44th st., thence westerly and parallel with and 35 feet north of the northerly side of W. 54th st. to its intersection with the bulkhead line established in 1871.

Also the establishment of a marginal street, wharf or place inshore of and adjoining the bulkhead line above described, the inshore line of which is bounded and described as follows:

Beginning at a point on the westerly side of 12th ave., distant 100 feet 5 inches north of the northerly side of W. 47th st., thence easterly and parallel with and distant 100 feet 5 inches north of the northerly side of W. 47th st. to a point distant 400 feet west of the westerly side of 11th ave., thence southerly and parallel with and 400 feet west of the westerly side of 11th ave. to the northerly side of W. 46th st., thence in a straight line to a point in the southerly side of W. 45th st. 445 feet west of the westerly side of 11th ave., thence southerly and parallel with and 445 feet west of the westerly side of 11th ave. to the southerly side of W. 44th st., thence westerly and along the southerly side of W. 44th st., and its westerly extension to the westerly side of 12th ave.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held March 27, 1913, the following petition was received:

APPLICATION FOR LEAVE TO SURRENDER FRANCHISE.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Sirs—Electric Protection Company of New York (hereinafter called the Protection Company) respectfully petitions as follows:

(1) The Protection Company is a corporation duly organized under the Transportation Corporations Law of the State of New York.

(2) By a contract dated March 1, 1911, the City of New York granted to the Protection Company a certain franchise and entered into a certain contract with the Protection Company, whereof copies are hereto annexed and are hereby referred to as if fully incorporated in this petition.

(3) By section 2, paragraph second, of said franchise and contract, it was provided that the Protection Company should pay annually upon each first day of November, a stated percentage of its gross earnings for the year ended on the September 30th preceding each such first day of November, and that if such percentage of such gross earnings should not equal the sum of $1,200, then the Protection Company should pay the minimum sum of $1,200 per year.

(4) As a security deposit to protect the City of New York in such annual payments the Protection Company deposited with the Comptroller $5,000 in accepted securities, which deposit still remains in the hands of said Comptroller.

(5) The Protection Company has not yet commenced to avail itself in any respect whatsoever of the privileges to it granted under said franchise and contract, and has so reported to the Comptroller of the City of New York for the years ended respectively September 30, 1911, and September 30, 1912.

(6) The said minimum annual payment due November 1, 1912, not having been paid, the Comptroller, as provided by said franchise and contract, served upon the Protection Company a notice that at the expiration of ten (10) days thereafter he would cause the said payment to be made out of said security deposit. Said notice terminates and becomes effective at the opening of business on March 17, 1913.

(7) The Protection Company finds itself unable to use the privileges and benefits of its said franchise and contract and desires to surrender the same. The Protection Company has made diligent efforts to assure itself of business sufficient to justify it in using the franchise and contract and the privileges thereunder, but has not been able to secure sufficient business to warrant it in embarking upon the development of the enterprise in furtherance of which said franchise and contract were granted.

(8) The Protection Company has no subscribers for the use of its proposed service, so that the termination of its franchise will not result in embarrassment or inconvenience to third parties; and no competing companies have been deprived of the right to furnish a similar service by reason of the franchise granted to the Protection Company.

(9) Inasmuch as under the terms of said contract a large sum of money, to wit, $5,000, was paid by the Protection Company to said City of New York as a consideration for the granting of said franchise, and at the date of the granting thereof; and inasmuch as the further sum of $1,200 was paid to said City on or about November 1, 1911, being the minimum annual payment for the first year of said franchise; and inasmuch as the Protection Company has made no use whatever of said franchise and contract, nor of any of the privileges and benefits granted thereunder, nor has the Protection Company in any manner whatever imposed any burden or enjoyed any easement upon, in or under the streets of said City by virtue of said franchise and contract or otherwise howsoever, the Protection Company respectfully submits that it is justly entitled to surrender said franchise and contract, absolving the City of New York from all liability whatsoever to the Protection Company thereunder, and in return therefor should be repaid in the sum of $5,000, being the amount of said security deposit.

The Protection Company therefore respectfully prays:

(a) That it be permitted to surrender irrevocably the said franchise and contract dated March 1, 1911.

(b) That, upon the consummation of such surrender of said franchise and contract, the City of New York repay to the Protection Company the sum of $5,000 now on deposit with the Comptroller of the City of New York or such part thereof as may seem just and equitable.

Dated New York, March 17, 1913.

ELECTRIC PROTECTION COMPANY OF NEW YORK.

By ALFRED J. JOHNSON, President.

Attest: R. L. FORBES, Secretary.

State of New York, County of New York, ss.:

Alfred J. Johnson, being duly sworn, deposes and says:

I am the president of the Electric Protection Company of New York. I have read the foregoing petition and the same is true to my own knowledge.

Whereas, The Merchants' Refrigerating Company has, under date of February 24, 1913, made application to this Board, for a modification of the terms and conditions of the contract dated October 21, 1910, granting said company a franchise for the construction, maintenance and operation of conduits for the distribution of refrigeration in limited districts in the Borough of Manhattan; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on February 27, 1913, fixing the date for a public hearing thereon as March 13, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Sun" and "Evening Mail," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said contract of October 21, 1910; now therefore it is

Resolved, That the following form of the resolution for the consent or right applied for by the Merchants' Refrigerating Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said contract of October 21, 1910, such modified terms and conditions being fully set forth and described in the following form of proposed contract, for the grant thereof, embodying such terms and conditions as modify or alter said contract of October 21, 1910, which said contract otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of , 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of authority of the Board of Estimate and Apportionment of said City, and the Merchants' Refrigerating Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City, by contract dated October 21, 1910, did grant to the Company the right and privilege to construct, maintain and operate conduits in and under the surface of the streets in certain districts in the Borough of Manhattan, City of New York, for the purpose of supplying refrigeration to consumers, upon certain conditions therein fully set forth; and

Whereas, The said Company has applied to the Board by a petition verified the 24th day of February, 1913, for a modification of the said contract, in accordance with said petition;

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City consents to such modification in and to the said contract, subject to the following conditions:

Section 2, Subdivision Second, paragraph (b) is hereby amended to read:

(b) From October 21, 1910, to the date of the execution of this contract by the Mayor, an annual sum which shall in no case be less than eight hundred dollars ($800), and which shall be equal to two (2) per cent. of its gross annual receipts if such percentage shall exceed the sum of eight hundred dollars ($800).

From the date of the execution of this contract by the Mayor to October 21, 1915, an annual sum which shall in no case be less than sixteen hundred dollars ($1,600), and which shall be equal to two (2) per cent. of its gross annual receipts if such percentage shall exceed the sum of sixteen hundred dollars ($1,600).

During the second term of five (5) years an annual sum, which shall in no case be less than twenty-four hundred dollars ($2,400), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twenty-four hundred dollars ($2,400).

During the third term of five (5) years an annual sum, which shall in no case be less than three thousand dollars ($3,000), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand dollars ($3,000).

The gross receipts mentioned above shall be the total receipts from all business for furnishing refrigeration to consumers.

Section 2, Subdivision Twenty-third, Paragraph 1 is hereby amended by providing that the sum of five thousand five hundred dollars ($5,500) shall be deposited with the Comptroller of the City in lieu and in place of the sum of three thousand dollars ($3,000) named therein.

Sec. 2. This contract shall take effect on the date of the execution thereof by the Mayor.

Sec. 3. All the terms and conditions contained in the said contract dated October 21, 1910, shall remain unchanged, except as hereinabove modified.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, hereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City, to be hereunto affixed, and the party of the second part, by its officers hereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,

By , Mayor.

[CORPORATE SEAL.]

Attest: , City Clerk.

THE MERCHANTS' REFRIGERATING CO.,

By , President.

[SEAL.]

Attest: Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions are as specified and fully set forth in the said contract dated October 21, 1910, as amended by the foregoing form of proposed contract for the consent to such modifications and alterations.

Resolved, That these preambles and resolutions, including the said resolution for the consent of The City of New York, to the modifications and alterations as applied for by the Merchants' Refrigerating Company and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, April 24, 1913, in the CITY RECORD and at least twice during the ten (10) days immediately prior to Thursday, April 24, 1913 in two (2) daily newspapers, to be designated by the Mayor therefor, and published in The City of New York, at the expense of the Merchants' Refrigerating Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and amendments in the terms and conditions of the said contract of October 21, 1910, such modifications and amendments being fully set forth and described in the foregoing form of proposed contract, for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, April 24, 1913, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

The security required will be:

For Section I, Three Hundred Thousand Dollars ($300,000); for Section II, Twenty-five Thousand Dollars ($25,000).

Bidders are particularly cautioned against the submission of a bid before making a personal examination of the location proposed for the work under this contract, and familiarizing themselves with all existing conditions and with all difficulties to be met with during construction.

Bidders are cautioned that a provision in the contract requires the contractor to make any repairs to the mains and appurtenances which may be due to defects in material or workmanship and to maintain the carriage-way, curb, gutter or sidewalk on the line of the trench during the period of one year from the final completion and acceptance of the work.

The items on which payment will be made under the contract, and on which bids or estimates will be submitted, are shown in the following statement, with the approximate quantities of these items based upon the Engineer's estimates.

Bids will be received for either or both sections, but in comparing the bids the bids for each section will be compared separately, and the contract awarded by sections.

The bidder will state the price of work contained in the specifications or schedule, by which the bids will be tested.

The Commissioner reserves the right to reject all bids or estimates if he deems it to be to the interest of the City so to do.

A deposit of Five Dollars ($5) will be required from all applicants for each copy of the plans and specifications. This deposit will be returned if said copies of the plans and specifications are delivered to the Department within five (5) days after the opening of the bids, provided they are in good condition.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Department, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department, Room 1904, 13 to 21 Park row, Borough of Manhattan.

SUPREME COURT — FIRST DEPARTMENT.

Deposit of Report.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises not now owned by The City of New York in the block bounded by Jackson avenue, East One Hundred and Fifty-eighth street, Trinity avenue and East One Hundred and Sixtieth street, in the Twenty-third Ward, in the Borough of The Bronx, in The City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Appraisal in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First. That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, situated at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second. That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Monday, April 14, 1913, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 28th day of April, 1913, at 11 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, April 14, 1913.

Application for Appointment of Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND SIXTY-SIXTH STREET, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, in the Twenty-third Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III thereof, in and for the County of New York, in the County Court House, in the Borough of Manhattan, City of New York, on the 24th day of April, 1913, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of East One Hundred and Sixty-sixth street, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, in the Twenty-third Ward, Borough of The Bronx, City of New York, being the following described pieces or parcels of land:

Beginning at a point in the eastern line of Brook avenue distant 581.75 feet southwesterly from the intersection of said line with the southern line of East One Hundred and Sixty-seventh street; thence southwesterly along the eastern line of Brook avenue for 20.549 feet; thence southerly deflecting 76 degrees 43 minutes 40 seconds to the left for 97.978 feet to the westerly line of the right of way of the New York and Harlem Railroad; thence easterly along the westerly right of way line of the New York and Harlem Railroad for 20.114 feet; thence northerly for 100.546 feet to the point of beginning.

East One Hundred and Sixty-sixth street, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, is shown on a map or plan entitled "Map or Plan showing the Locating, laying out and the grades of East One Hundred and Sixty-sixth street, from Park avenue east to Brook avenue, for the purpose of constructing a foot bridge across the tracks of the N. Y. & H. R. R., in the Twenty-third Ward, Borough of The Bronx, City of New York. Prepared by the President of the Borough of The Bronx, under authority of chapter 466, Laws of 1901," which map was filed in the office of the President of the Borough of The Bronx on December 28, 1911; in the office of the Register of the County of New York on December 27, 1911, as Map No. 1579, and in the office of the Counsel to the Corporation of The City of New York on December 27, 1911, in pigeon hole 176.

Land required for East One Hundred and Sixty-sixth street is located in Block 2392 of Section 9 of the Land Map of The City of New York.

The Board of Estimate and Apportionment on the 3d day of October, 1912, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the westerly line of Clay avenue, where it is intersected by the prolongation of a line midway between East One Hundred and Sixty-sixth street and East One Hundred and Sixty-seventh street, as these streets are laid out between Clay avenue and Webster avenue, and running thence eastwardly along the said line midway between East One Hundred and Sixty-sixth street and East One Hundred and Sixty-seventh street, and along the prolongations of the said line to the intersection with the westerly line of Third avenue; thence southwardly along the westerly line of Third avenue to the intersection with the prolongation of a line midway between East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street as these streets are laid out between Findlay avenue and Teller avenue; thence westwardly along the said line midway between East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street, as these streets are laid out between Grant avenue and Morris avenue; thence westwardly along the said bisecting line to the intersection with the easterly line of Grand Boulevard and Concourse; thence northwardly along the easterly line of Grand Boulevard and Concourse to the intersection with a line midway between East One Hundred and Sixty-sixth street and McClellan street as these streets are laid out adjoining Carroll place; thence eastwardly along the said line midway between East One Hundred and Sixty-sixth street and McClellan street and along the prolongation of the said line to the intersection with the easterly line of Teller avenue; thence eastwardly in a straight line to the point or place of beginning.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of VIRGINIA AVENUE, from the Public place at Westchester avenue to Ludlow avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III thereof, in and for the County of New York, in the County Court House, in the Borough of Manhattan, City of New York, on the 24th day of April, 1913, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of Virginia avenue, from the Public place at Westchester avenue to Ludlow avenue, in the Twenty-fourth Ward, in the Borough of The Bronx, City of New York, being the following described pieces or parcels of land:

Beginning at a point in the northern line of Ludlow avenue distant 1,502.138 feet westerly from the intersection of said line with the western line of Olmstead avenue; thence westerly along the northern line of Ludlow avenue for 60.74 feet; thence northerly deflecting 81 degrees 02 minutes 35 seconds to the right for 2,307.19 feet to the southerly line of the Public place at Westchester avenue; thence easterly along the southerly line of the Public place for 60.74 feet; thence southerly for 2,307.19 feet to the point of beginning.

Virginia avenue, from the Public place at Westchester avenue to Ludlow avenue, is shown on Section 47 of the Final Maps of the Borough of The Bronx, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901 and amendatory acts, which map was filed in the office of the President of the Borough of The Bronx April 29, 1909; in the office of the Register of the County of New York on April 27, 1909, as Map No. 1326, and in the office of the Counsel to the Corporation of The City of New York on April 27, 1909, in pigeon hole 116.

Land required for Virginia avenue is located east of the Bronx River.

The Board of Estimate and Apportionment on the 7th day of March, 1912, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on a line midway between Ludlow avenue and Houghton avenue where it is intersected by the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Virginia avenue, the said distance being measured at right angles to Virginia avenue and running thence northerly along the said line parallel with Virginia avenue and along the prolongations of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Westchester avenue, as this street is laid out between White Plains road and East One Hundred and Seventy-seventh street, the said distance being measured at right angles to Westchester avenue; thence eastwardly along the said line parallel with Westchester avenue and along the prolongation of the said line to the intersection with a line midway between Gray street and Storrow street, as these streets are laid out adjoining the Public place at Westchester avenue; thence southwardly along the said line midway between Gray street and Storrow street and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Virginia avenue and the southwesterly line of East One Hundred and Seventy-seventh street, as these streets are laid out where they adjoin the Public place at Westchester avenue; thence southeastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Virginia avenue and the westerly line of Pugsley avenue, as these streets are laid out between Watson avenue and Haviland avenue; thence southwardly along the said bisecting line to the intersection with a line midway between Ludlow avenue and Houghton avenue; thence westwardly along the said line midway between Ludlow avenue and Houghton avenue to the point or place of beginning.

Filing Supplemental and Amended Abstracts.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TWENTY-SECOND STREET, formerly Eighth street or avenue (although not yet named by proper authority), from Bronx River to Seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 25th day of April, 1913, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of April, 1913, at 3.30 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with out damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of April, 1913.

Third—That the limits of our supplemental and amended assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken

together, are bounded and described as follows, viz:

Beginning at the point of intersection of the easterly line of the Bronx River with a line parallel to and distant 2.000 feet northerly from the northerly line of East Two Hundred and Twenty-second street; running thence easterly and parallel to East Two Hundred and Twenty-second street and always distant 2,000 feet northerly therefrom to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Boston road; thence southerly along said line parallel to Boston road to its intersection with a line parallel to and distant 2,000 feet southerly from the southerly line of East Two Hundred and Twenty-second street; thence westerly and parallel to East Two Hundred and Twenty-second street and always distant 2,000 feet southerly therefrom to its intersection with the easterly line of the Bronx River; thence northerly along the easterly line of the Bronx River to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said supplemental and amended abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 6th day of June, 1913, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 9, 1913.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of SEAMAN AVENUE, from Academy street to Dyckman street, and of an UNNAMED STREET northeasterly from Dyckman street, from Seaman avenue to Broadway, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First. That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 30th day of April, 1913, at 3 o'clock p. m.

Second. That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 1st day of May, 1913, at 3 o'clock p. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 18th day of June, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line distant 100 feet southwesterly from and parallel with the southwesterly line of Dyckman street, the said distance being measured at right angles to the line of Dyckman street, where it is intersected by a line distant 100 feet northwesterly from and parallel with the northwesterly line of F street, the said distance being measured at right angles to F street, and running thence northeastwardly and parallel with F street and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Academy street, the said distance being measured at right angles to Academy street; thence southwardly along the said line parallel with Academy street and along the prolongation of the said line to a line bisecting the angle formed by the intersection of the prolongation of the southeasterly line of Seaman avenue and the northwesterly line of Broadway, as these streets are laid out between Academy street and Dyckman street; thence southwestwardly along the said bisecting line to a point distant 100 feet northeasterly from the northeasterly line of the unnamed street, the said distance being measured at right angles to the unnamed street; thence southeastwardly and parallel with the unnamed street and the prolongation thereof to a point distant 100 feet southeasterly from the southeasterly line of Broadway, the said distance being measured at right angles to Broadway; thence southwestwardly and parallel with Broadway to the intersection with the prolongation of a line distant 100 feet southwesterly from and parallel with the southwesterly line of the unnamed street, the said distance being measured at right angles to the unnamed street; thence northwestwardly along the said line parallel with the unnamed street and the prolongation thereof to the intersection with the bisecting line hereinbefore described; thence southwestwardly along the said bisecting line to a line parallel with Dyckman street and passing through the point of beginning; thence northwestwardly along the said line parallel with Dyckman street to the point or place of beginning.

Fourth. That the abstracts of said supplemental and amended estimate of damage and of said supplemental and amended assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of April, 1913.

Fifth. That, provided there be no objections filed to either of said supplemental and amended abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 19th day of June, 1913, at the opening of Court on that day.

Sixth. In case, however, objections are filed to the foregoing supplemental and amended abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 4, 1913.

That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 30th day of April, 1913, at 3 o'clock p. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 11th day of February, 1910, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Sixty-seventh street and Sixty-eighth street, as these streets are laid out east of Eighteenth avenue, distant 100 feet southeasterly from the southeasterly line of Bay parkway, the said distance being measured at right angles to Bay parkway, and running thence northwestwardly along the said line midway between Sixty-seventh street and Sixty-eighth street and along the prolongation of the said line to the southeasterly line of Eighteenth avenue; thence westwardly in a straight line to a point on the northwesterly line of Eighteenth avenue where it is intersected by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Sixty-seventh street as this street is laid out between Seventeenth avenue and Eighteenth avenue, the said distance being measured at right angles to Sixty-seventh street; thence northwestwardly along the said line parallel with Sixty-seventh street to the intersection with the northeasterly line of Sixty-eighth street; thence northwestwardly along the northeasterly line of Sixty-eighth street and the prolongation thereof to the intersection with a line distant 100 feet westerly from the westerly line of New Utrecht avenue, the said distance being measured at right angles to New Utrecht avenue; thence northwardly along the said line parallel with New Utrecht avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of Sixty-seventh street and the southwesterly line of Sixty-sixth street as these streets are laid out between New Utrecht avenue and Eighteenth avenue; thence southeastwardly along the said bisecting line to the intersection with the northwesterly line of Eighteenth avenue; thence eastwardly in a straight line to a point on the southeasterly line of Eighteenth avenue midway between Sixty-sixth street and Sixty-seventh street; thence southeastwardly along a line midway between Sixty-sixth street and Sixty-seventh street and along the prolongation of the said line to the intersection with the southeasterly line of Bay parkway; thence southwardly and parallel with West Seventh street to the intersection with a line parallel with Bay parkway and passing through the point of beginning; thence southwestwardly along the said line parallel with Bay parkway to the point or place of beginning.

Fourth. That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 9th day of May, 1913.

Fifth. That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 12th day of June, 1913, at the opening of the Court on that day.

Sixth. In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, April 9, 1913.

HARRY J. ROSENSON, WILLIAM M. RUSSELL, DARWIN R. JAMES, Commissioners of Estimate; HARRY J. ROSENSON, Commissioner of Assessment.

EDWARD RIEGELMANN, Clerk. a9,25

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of MONTAUK AVENUE, from Atlantic avenue to Pitkin avenue, excepting the land occupied by the tracks of the Long Island Railroad, in the Twenty-sixth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First. That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 29th day of April, 1913, at 10.30 o'clock a. m.

Second. That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 30th day of April, 1913, at 10.30 o'clock a. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 21st day of September, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Atlantic avenue, the said distance being measured at right angles to Atlantic avenue; on the east by a line midway between Montauk avenue and Milford street and by the prolongation of the said line; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Pitkin avenue, the said distance being measured at right angles to Pitkin avenue; and on the west by a line midway between Atkins avenue and Montauk avenue, and by the prolongation of the said line.

Fourth. That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 9th day of May, 1913.

Fifth. That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 12th day of June, 1913, at the opening of the Court on that day.

Sixth. In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, April 9, 1913.

WALTER MOFFAT, THOS. P. PETERS, EDWARD T. WALSH, Commissioners of Estimate; WALTER MOFFAT, Commissioner of Assessment.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all person interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
