SPECIAL PERMITS

129-21

Special Permit for Use and Bulk Modifications

For #developments#, #enlargements#, #conversions#, or changes of #use# involving one or more #zoning lots#, but planned as a unit, that comprise in total an area of at least 1.5 acres, where all zoning lots are located wholly within the #Special Industry City District#, the City Planning Commission may allow, by special permit, the modifications listed in paragraph (a) of this Section provided that the Commission determines that the findings in paragraph (b) are met. Application requirements are set forth in paragraph (c) and additional requirements are set forth in paragraph (d) that apply subsequent to the approval of an application.

(a) Permitted modifications

The Commission may permit the following modifications to the underlying #use# and #bulk# regulations, subject to any applicable conditions.

(1) Use modifications

The Commission may permit:

- (i) the following #uses# from Use Group 3A: #schools#, with no living or sleeping accommodations; colleges or universities, including professional schools, libraries, museums and non-commercial art galleries, in total, limited to an aggregate #floor area# of 625,000 square feet;
- (ii) #transient hotels#, as listed in Use Groups 5 and 7A;
- (iii) all #uses# listed in Use Groups 6A, 6C, 7B, 8B, 9A, 10A, 12B and 14A, regardless of whether permitted as-of-right in the underlying district, provided that:
 - (a) all retail and service establishment #uses# shall be limited to an aggregate #floor area# of 900,000 square feet;
 - (b) if the amount of aggregate #floor area# for such #uses# exceeds 120,000 square feet, all additional retail and service establishment #uses# shall provide parking at the rate of one space per 500

square feet of #development#, #enlargement# or change of #use#; and

- (c) art, music, dancing or theatrical studios in Use Group 9A and depositories for storage of office records, microfilm or computer tapes, or for data processing, photographic or motion picture production studios and radio or television studios in Use Group 10A shall be exempt when calculating aggregate retail and service #floor area#;
 - (iv) #physical culture or health establishments#, including gymnasiums. For the purposes of applying the underlying regulations, a #physical culture or health establishment# shall be considered a Use Group 9A #use#; and
 - (v) modifications to the performance standards for distilleries, as listed in Use Group 18A as an alcoholic beverage manufacturing establishment, as follows. In lieu of Sections 42-272 (Classifications) and 42-275 (Regulations applying to Class III materials or products), all distilleries established by this special permit, and the Class III materials they manufacture, store, handle and use, shall be subject to the design, installation, operation and maintenance requirements of the New York City Fire Code and rules, including occupancy group restrictions, floor restrictions, storage limitations, and facility and equipment requirements. An application demonstrating compliance with the New York City Fire Code and rules shall be made to the Fire Department for approval. No distilleries shall be permitted to open or receive a certificate of occupancy by the Department of Buildings and no existing distilleries shall be allowed to expand except with Fire Department approval.
- (2) Bulk Modifications
- The Commission may permit modifications to all underlying #bulk# regulations other than the permitted #floor area ratio#.
- (b) Findings
- To grant a special permit, the Commission shall find that:
- (1) any modifications will aid in achieving the general purposes and intent of the Special District;
 - (2) for #uses# modifications:
 - (i) such proposed #uses# are compatible with existing #uses# and are appropriate for the location;
 - (ii) such #uses# will be located so as to draw a minimum of vehicular traffic to and through local #streets#;
 - (iii) access to public #streets# from such #uses# is designed to maximize pedestrian safety and minimize vehicle and pedestrian conflicts;
 - (iv) such #uses# will not impair the essential character or future use or development of the surrounding area.
 - (v) For #uses# in Use Group 3A:
 - (a) an adequate separation from air, noise, traffic and other adverse effects is achieved to minimize the potential conflicts from surrounding industrial uses. For #schools#, such separation shall be achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#; and
 - (b) in selecting the site for such uses, due consideration has been given to the proximity and adequacy of mass transit facilities;
 - (c) for #schools#, the movement of traffic through the #street# on which the #school# is located will be controlled so as to protect children going to and from the #school#. The Commission shall refer the application to the Department of Transportation for its report with respect to vehicular hazards to the safety of children within the block and in the immediate vicinity of the proposed site; and
 - (v) for #transient hotels# in Use Group 5 or 7A:
 - (a) an adequate separation from air, noise, traffic and other adverse effects is achieved to minimize the potential conflicts from surrounding industrial #uses#; and
 - (b) such #use# is appropriate to the needs of business in the #Special Industry City District# and will

not impair the essential character or future #use# or #development# of the surrounding area; and

(3) for #bulk# modifications, the Commission shall find that:

- (i) the proposed modifications facilitate a good site plan that enhances the streetscape and promotes a harmonious relationship in scale and design with existing #buildings# and the essential character within the #Special Industry City District#;
- (ii) such proposed modifications will not unduly obstruct access to light and air of adjoining properties or public #streets#; and
- (iii) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#.

(c) Application requirements

An application to the Commission for the grant of this special permit shall include a site plan showing the boundaries and the proposed location of all #buildings# or other structures# on each #zoning lot#. Any #development#, #enlargement#, #conversion# or change of #use# shall be on a tract of land which is under the sole control of the applicant(s) as in single fee ownership or in alternate ownership arrangements according to the #zoning lot# definition in Section 12-10 (DEFINITIONS), or as holders of a written option to purchase at the time of application for this special permit. Such site plans shall provide zoning calculations and proposed #use#, bulk, parking, and loading for each #zoning lot# portion. Alternate site plans may be provided for approval by the Commission, which clearly identify all portions in common ownership (single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10 (DEFINITIONS)) and all portions not in common ownership at the time of application for this special permit. Such plans may include #zoning lots# within the boundaries of the special district which are not under the sole control of the applicant(s) as fee owners or holders of a written option to purchase at the time of application for this special permit.

(d) Additional restrictions and requirements

Subsequent to the approval of an application for a special permit pursuant to this Section, the following shall apply, where applicable:

- (1) Prior to issuing a building permit facilitated by this special permit for a #development#, #enlargement#, #conversion# or change of #use# on a #zoning lot# or portion of a #zoning lot# that was not under the sole control of the applicant(s) at the time of application for this special permit, as represented in an alternate site plan, the Department of Buildings shall be furnished with a certification by the Chairperson of the City Planning Commission that confirms such #zoning lot# or portion thereof is, at the time of application for such building permit, under the sole control of the applicant(s) as single fee owners or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10 (DEFINITIONS), or as holders of a written option to purchase.

The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children’s Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)

Department of Probation (DOP)
Department of Small Business Services (SBS)
Department of Youth and Community Development (DYCD)

AGENCY RULES

CITYWIDE ADMINISTRATIVE SERVICES

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Citywide Administrative Services by Section 1043 of the New York City Charter and sections 10-172(c) and 10-172(m) of the Administrative Code of the City of New York, that the Department of Citywide Administrative Services hereby adopts the amendments to Chapter 14 of Title 55 of the Official Compilation of the Rules of the City of New York, regarding reimbursing qualifying nonpublic schools for the cost of purchasing certain security services.

A notice of proposed rulemaking was published in the City Record on September 4, 2019. A public hearing was held on October 4, 2019.

Statement of Basis and Purpose of Rule

On January 5, 2016, Local Law 2 of 2016 ("the Law") was enacted. The Law empowers the Mayor of the City of New York ("the Mayor") to authorize a program that will reimburse qualifying nonpublic schools for the cost of purchasing certain security services. In a letter dated March 30, 2016, the Mayor authorized this reimbursement program for the 2016-17 school year. The Law also authorizes the Mayor to designate an agency or agencies to administer the reimbursement program. In a letter dated March 10, 2016, the Mayor designated the Department of Citywide Administrative Services ("DCAS") to administer the Law. Finally, the Law authorizes DCAS to promulgate rules for the administration of the reimbursement program.

The amendment to the rules:

- Requires that a Security Guard Company perform a criminal history check as part of its background investigation for its Security Guards;
- Adds a requirement for Security Guard companies to immediately submit changed information to DCAS;
- Clarifies the time frame that DCAS shall respond to each school following the submissions of their application;
- Revises the training and communication equipment requirements that applies to security guards;
- Permits DCAS to extend the reimbursement program's application deadline in the event of a public safety event that compromises the safety of non-public schools;
- Establishes the requirement that the security guard company enroll in PASSPort.

DCAS's authority for these rules is found in sections 811 and 1043 of the New York City Charter and sections 10-172(c) and 10-172(m) of the Administrative Code of the City of New York.

§3. Paragraphs (i) and (ii) of subdivision (b) of section 14-03 of chapter 14 of title 55 of the rules of the city of New York are amended to read as follows:

The MOU and Budget Task shall be returned by the School to the Department no later than November 15 of the corresponding year. CONFLICTS OF INTEREST BOARD

■ NOTICE

Notice of Adoption of Final Rules

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY CONFLICTS OF INTEREST BOARD by Section 1043 of the New York City Charter and Section 3-907 of the New York City Administrative Code, that the Conflicts of Interest Board has adopted Board Rules that amend Board Rules Section 3-04 in light of recent legislative changes to Chapter 9 of Title 3 of the New York City Administrative Code.

The proposed Rules were published in the *City Record* on December 5, 2019, and a public hearing was held on January 7, 2020. After consideration of the testimony and written comment received, the Conflicts of Interest Board now adopts the following Rules.

Statement of Basis and Purpose

Chapter 9 of Title 3 of the New York City Administrative Code ("Chapter 9") regulates not-for-profit organizations affiliated with elected officials by, among other things, requiring such organizations to report certain donations. Local Law 153 of 2019 amended Chapter 9 by:

- (1) clarifying that a donor's donations are aggregated throughout the calendar year to trigger the donation reporting thresholds;
- (2) relaxing the reporting requirements on unrestricted organizations (as defined in Board Rules § 3-01(k)); and
- (3) permitting donors to unrestricted organizations to request anonymity from the organizations themselves instead of the unrestricted organizations requesting permission from the Conflicts of Interest Board to offer their donors anonymity when reporting their donations.

The amendments to Board Rules § 3-04 implement these legislative changes and omit duplicative rule language that is now contained in

Chapter 9.

Text of the Proposed Rule

New material is underlined.

[Deleted material is in brackets.]

Section 3-04 of Title 53 of the Rules of the City of New York is amended to read as follows:

§ 3-04. Annual Reporting by Organizations Affiliated with an Elected Official.

(a) Reporting Requirements for Restricted Organizations

* * *

- (2) [To comply with] In addition to the reporting requirements of Administrative Code §§ 3-902(a)(6) and 3-902(a)(7), a restricted organization must report for each donation received during the previous calendar year:

 - (ii) the name of any donor who was added to the City's Doing Business Database within 180 days after the receipt of such donation or who was a household member of a person added to the City's Doing Business Database within 180 days after receipt of such donation;
 - [(iii)] (i) if the donor was the household member of a person listed in the City's Doing Business Database as of the date of such donation, or added to the City's Doing Business Database within 180 days after the receipt of such donation, the name of the person listed in the City's Doing Business Database;
 - [(iv) the name of any donor who made a donation with a reasonable value of \$1,000 or more;

- (3) Multiple donations made by a person listed in the City's Doing Business Database and that person's household members in the same calendar year are considered in the aggregate for purposes of Administrative Code §§ 3-903(a), and 3-903(b). Multiple donations made by an individual in the same calendar year are considered in the aggregate [for purposes of Administrative Code § 3-902(a)(7) and] for purposes of obtaining the individual donor's written submission pursuant to Administrative Code § 3-903(d).

* * *

(b) Reporting Requirements for Unrestricted Organizations.

- [(1)] An unrestricted organization must submit the information listed in Administrative Code §§ 3-902[(a)(1) to (a)(9)] (b)(1) to (b)(8).
- [(2)] To comply with the reporting requirement of Administrative Code § 3-902(a)(6), an unrestricted organization must take the following steps to determine whether a donor was listed in the City's Doing Business Database or was a household member of a person listed in the City's Doing Business Database, either on the date of the donation or within 180 days after the date of the donation:
 - (i) check the name of the donor against the City's Doing Business Database both at the time of the donation and as of 180 days after the date of the donation;
 - (ii) consult the organization's records, including but not limited to donors' written submissions collected pursuant to Administrative Code § 3-903(d), to determine whether the donor was a household member of a person listed in the City's Doing Business Database; and

(iii) if an organization believes that a donor, a donor's spouse or domestic partner (or, if a donor is an unemancipated child, his or her parent), is not a person with business dealings with the City, despite such person's name matching the name of an individual in the Doing Business Database, the organization must submit information supporting that conclusion to the Board. The Board will review the submission and determine whether the donation must be reported pursuant to Administrative Code § 3-902(a)(6).

(3) To comply with the reporting requirement of Administrative Code § 3-902(a)(7), an unrestricted organization must submit to the Board the names of any individuals who or entities that made a donation with a reasonable value of \$1,000 or more, whether in a single donation or in multiple donations. If an unrestricted organization receives multiple donations from the same individual or entity, the aggregate value of which has a reasonable value of \$1,000 or more, the organization must report the date and value of every donation from that individual or entity.

(4) To comply with the reporting requirement of Administrative Code § 3-902(a)(8), an unrestricted organization must submit to the Board a list of each elected official communication created or distributed, which list must include a description, the date, and the total cost of each such communication. In calculating the total cost of an elected official communication, an unrestricted organization must include the value of all goods and services paid by the organization to create and distribute the elected official communication, including without limitation the value of the time of its employees and the value of all goods and services donated by a non-governmental source for the communication's creation or distribution.

(5) To comply with the reporting requirement of Administrative Code § 3-902(a)(9), an unrestricted organization must report its total expenditures for the previous calendar year and, for the current calendar year, both total budgeted expenditures and budgeted expenditures for elected official communications.]

(c) *Privacy, Safety, and Security Requests*

(1) Pursuant to Administrative Code § 3-902[(b)](c), [an] a restricted organization [affiliated with an elected official] may submit a request to the Board that disclosure of one or more of its donors and/or the amount of donation not be made public. The organization must make such a request in writing no later than April 1 for the previous calendar year and must explain why the release of such information to the public may cause harm, threats, harassment, or reprisals to the donor, or to individuals or property affiliated with the donor.

SANITATION

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULE ESTABLISHING 20 COMMERCIAL WASTE ZONES

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of the Department of Sanitation by sections 753 of the New York City Charter and section 16-1001 of the New York City Administrative Code that the Department adopts the following rule establishing 20 commercial waste zones. The Department published a Notice of Opportunity to Comment on the proposed rule in the *City Record* on December 12, 2019. On January 13, 2020 the Department held a public hearing on the proposed rules.

Statement of Basis and Purpose of Final Rule

Each year in New York City, more than 100,000 commercial establishments generate more than 3 million tons of refuse and recyclables. Approximately 90 private carters collect this waste from commercial establishments across the City.

The current system for collecting commercial waste from the City's businesses has been plagued by dangerous driving and insufficient attention to public safety, harmful environmental impacts, and poor customer service. Since 2010, private waste collection trucks have killed at least 28 people on New York City streets.

In some parts of the city, more than 50 carters service a single neighborhood, and an individual commercial block may see dozens of different private waste collection trucks on a given night. This has resulted in millions of excess truck miles driven every year that harm the City's air quality, increase greenhouse gas emissions, create noise pollution and negatively impact public health. Additionally, the industry has lacked strong customer service standards, and pricing has remained unclear and confusing to most customers, putting small businesses at a significant disadvantage.

In response to these documented problems in the commercial waste collection industry, the Department released a comprehensive plan for reforming the private carting industry in November 2018 ("the Plan"), available at <http://www.nyc.gov/commercialwaste>. The Plan proposed the establishment of commercial waste zones - a safe and efficient collection system to provide high quality, low cost service to New York City businesses while advancing the City's zero waste and sustainability goals. The Department developed this plan after years of extensive public outreach and engagement with a wide variety of stakeholders. On November 20, 2019, Local Law number 199 for the year 2019 was enacted, which authorizes the Department to create a commercial waste zones system.

Under Local Law 199, codified in Title 16-B of the New York City Administrative Code, the Sanitation Commissioner must divide the geographic area of New York City into at least 20 "commercial waste zones." This rule describes the 20 zones designated by the Commissioner and provides a map.

The zone map described here largely reflects the zone map described in the Plan, with a few differences. While the Plan assumed that certain zones in Manhattan would have up to five carters operating, Local Law number 199 authorizes up to three carters per zone. Accordingly, the Department made some adjustments to reflect this change, taking into consideration the number of customers and the average tonnage of waste per contract and per zone. First, this map divides lower Manhattan into two zones. It also consolidates three Brooklyn zones described in the Plan into two zones. Finally, this map includes geographic areas of the City that are not assigned to community districts, such as Central Park, which were not included in the map described in the Plan.

The following is a map of the zones described in this rule. In this map, the numbers refer to either community districts or "Joint Interest Areas," or "JIAs" which denote geographic areas of the City identified by the Department of City Planning that are not assigned to community districts, as described on the Department of City Planning webpage: <https://www1.nyc.gov/site/planning/community/jias-sources.page>. The colors denote the different commercial waste zones, which are labeled with the zone names.

This is the first of several rules that the Department intends to propose to implement the program. Thereafter, the Department will use a competitive procurement process to select up to three private carters to service businesses within each commercial waste zone. The competitive solicitation process will also be used to select up to five carters to provide containerized commercial waste collection services citywide. This process will identify the carters that can provide high quality service at low

prices. The resulting contracts will include standards for pricing, customer service, safety, environmental health, and requirements to promote the City's commitment to recycling and sustainability.

Commercial waste zones will apply to the collection of commercial refuse, recyclables, and source-separated organic waste. It will exclude specialized or intermittent waste streams, such as construction and demolition debris, medical waste, hazardous waste and other types of waste that will continue to be collected and managed under existing City and State regulations.

Under the new commercial waste zones system, instead of dozens of different carters operating in a City neighborhood on a given night, only a few carters will operate in each area. With fewer trucks on the streets and shorter routes, zoned collection will also mean improved traffic and air quality and less unsafe driving behavior and worker fatigue.

Citywide, the adoption of the commercial waste zones system will dramatically reduce truck traffic associated with this industry by 50 percent. This system will improve the quality of life of all New Yorkers, serve the needs of the City's local businesses, and support the City's short and long-term goals for a cleaner, safer, and more sustainable city.

DSNY's authority to promulgate these rules is found in New York City Charter §§ 753 and 1043, and Administrative Code § 16-1001.

New material is underlined.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this Department, unless otherwise specified or unless the context clearly indicates otherwise.

WHEREAS, we must act, and act together at every level, as individuals, as cities, and as a global community; and

WHEREAS, climate action by cities can also address issues of inequality, including rising unaffordability, economic insecurity, wealth and health disparities, the expanding wealth gap, the lack of housing, the accessibility of public transit, aging infrastructure, and other major urban challenges; and

WHEREAS, through Executive Order 26 of 2017 the Mayor declared that, to protect our residents and all human beings from the effects of climate change, New York City will adopt the principles and goals of the Paris Agreement, which entered into force on November 4, 2016, to deliver climate actions that support the critical goals of holding the increase in the global average temperature to below 2 degrees Celsius above pre-industrial levels and of pursuing efforts to limit the temperature increase to 1.5 degrees Celsius above pre-industrial levels; and

WHEREAS, "1.5°C: Aligning New York City with the Paris Climate Agreement," published pursuant to Executive Order 26 of 2017, stated that "New York City must transition away from using fossil fuels and toward renewable energy," and that, furthermore, "New York City must leverage its influence throughout the five boroughs and beyond its borders;" and

WHEREAS, New York City is committed to divest its pension funds from fossil fuels and to hold the fossil fuel industry accountable for the damages caused by its actions and its decades-long campaign of deception and denial about the risks of burning fossil fuels; and

WHEREAS, in April 2019, New York City released OneNYC 2050, NYC's Green New Deal, and committed to confront our climate crisis and end our reliance on fossil fuels in part by achieving carbon neutrality and 100% clean electricity; and

WHEREAS, adding infrastructure to expand the supply of fossil fuels will put the City on track to overshoot the Paris Agreement targets; and

WHEREAS, the City remains cognizant of the need to maintain public safety and welfare, including ensuring the provision of heat during cold weather, until existing infrastructure related to the use of fossil fuels can be phased out;

NOW, THEREFORE, by the power vested in me as Mayor of the City of New York, it is hereby ordered:

Section 1. Commitment to Ending the Expansion of Fossil-Fuel-Related Infrastructure. To ensure that New York City's ambitious emissions goals are achieved, the City will not support the addition of infrastructure within its energy shed that expands the supply of fossil fuels via pipelines or terminals for the transfer of fossil fuels or via the construction of new fossil-fuel-based electric generation capacity.

Section 2. Comprehensive Review of Processes for Approving or Allowing Infrastructure that Expands the Supply of or Extends Reliance on Fossil Fuels. By December 31, 2020, the Mayor's Office of Sustainability shall conduct a comprehensive review that identifies and evaluates City agencies' processes for approving or allowing additional infrastructure that expands the supply of fossil fuels or contributes to extending the period of time during which there is reliance on the use of fossil fuels. Such review shall consider direct agency actions related to the use of such infrastructure and indirect actions, including real estate transfers, easements, or purchases that facilitate the addition of such infrastructure. This review shall also propose any regulatory or legislative changes that would help to further the purposes of this Executive Order.

Section 3. Regulatory Interventions Must Articulate the City's Opposition to Infrastructure That Expands the Supply of Fossil Fuels. City agencies that speak on behalf of the City before regulatory bodies that oversee energy infrastructure shall articulate the City's opposition to the development of infrastructure that expands the supply of fossil

fuels via pipelines, new fossil-fuel-based electric generation capacity, or terminals for the transfer of fossil fuels.

Section 4. Agency Cooperation. In implementing and complying with this Executive Order, all agency heads are directed to cooperate fully with the Mayor's Office of Sustainability, to take into account potential economic impacts, to consider the need to prevent disruption of the City's existing fossil fuel supply, and to assess potential conflicts with contract requirements in existence as of this Executive Order's effective date.

Section 5. Effective Date. This order shall take effect immediately.

EXECUTIVE ORDER No. 53

February 6, 2020

AN ALL-ELECTRIC AND SAFE NEW YORK CITY FLEET

WHEREAS, we face a clear global climate emergency, caused primarily by the burning of fossil fuels;

WHEREAS, we all have a moral, economic, public health, and security imperative to act to protect our planet, fellow human beings, and future generations;

WHEREAS, we must act, and act together at every level, as individuals, as cities, and as a global community;

WHEREAS, in April 2019, New York City released OneNYC 2050, NYC's Green New Deal, and committed to confront our climate crisis and end our reliance on fossil fuels in part by achieving carbon neutrality and 100% clean electricity;

WHEREAS, the City operates a large fleet of vehicles across fifty separate agencies and offices (NYC Fleet) that is critical to the daily provision of municipal services;

WHEREAS, the City regulates and contracts for services that involve fleet in many areas including waste, bussing, ferry service, construction, towing, non-profit services, and deliveries;

WHEREAS, NYC Fleet is implementing a wide range of policies to expand fleet electrification, reduce carbon emissions, improve street safety, and re-design fleet units; and

WHEREAS, it is critical that these best practices be adopted as widely as possible in the public, private, and non-profit fleet industries to enable the City to meet its ambitious climate and street safety goals;

NOW, THEREFORE, by the power vested in me as the Mayor of the City of New York, it is hereby ordered:

Section 1. 100% Electric Fleet by 2040. It is the goal of the City of New York to achieve an all-electric, carbon neutral fleet by the year 2040.

Section 2. Clean Fleet Design and Electrification. The Department of Citywide Administrative Services (DCAS) and NYC Fleet will issue, implement and update a Clean Fleet Transition Plan (CFTP). This plan will be updated at least every two years. The plan will outline alternative fuel, fuel efficiency, and electrification requirements for all City fleet units by type. The plan will also review fuel efficiency and emissions reductions outfitting that is implemented for specific fleet segments only and/or being tested. As part of the plan, the City will report on electrification and charging options for each class of fleet vehicle. The plan will include a schedule for adoption of cleaner vehicles and technologies which will lead to a fully-electric, carbon-neutral fleet by 2040. In addition to City fleet agencies, DCAS will consult with private, non-profit and other public fleets that operate in NYC on this plan. The plan will include a section discussing options for requiring and/or encouraging adoption of these clean fleet improvements with the private fleets the City contracts and regulates. The first CFTP plan aimed at both public and private fleets will be published by January 1, 2021.

Section 3. Safe Fleet Design. DCAS and NYC Fleet will issue, implement, and update a Safe Fleet Transition Plan (SFTP). This plan will be updated at least every two years. The plan will be informed by study of City actual crash trends, CRASHStat, for fleet as tracked by DCAS. All agencies will fully comply with citywide crash tracking. NYPD will use a separate system for tracking crashes and will share data with DCAS as required. The SFTP will outline safety requirements that will be required for all City fleet units. The SFTP will also review safety outfitting that is implemented for specific fleet segments only and/or being tested. The SFTP will include a schedule for adoption of safer vehicles and technologies aimed at reducing the costs of claims against the City relating to crashes involving City fleet. In addition to City fleet agencies, DCAS will consult with private, non-profit and other public fleets that operate in the City on the SFTP. The

SFTP will include a section discussing options for requiring and/or encouraging adoption of these safety improvements with the private fleets the City contracts and regulates. The first SFTP plan aimed at both public and private fleets will be published by July 1, 2020.

Section 4. Fleet of the Future Network. DCAS, working with the Department of Transportation (DOT), the Business Integrity Commission (BIC), the Department of Consumer and Worker Protection (DCWP), the Mayor's Office of Sustainability (MOS), and others will establish a contact list and communication network for public, private, and non-profit fleets operating in the five boroughs of the City of New York. This network will be used to establish lines of communication on issues of sustainable and safe fleet operation. DCAS will establish newsletters, events, and trainings aimed at these partner fleets and will share best practices throughout the network.

Section 5. Agency Cooperation. All agency heads are directed to cooperate fully with DCAS and the City's Chief Fleet Officer in implementing and complying with this Executive Order.

Section 6. Effective Date. This Order shall take effect immediately.

EXECUTIVE ORDER No. 54

February 6, 2020

ELIMINATING UNNECESSARY SINGLE-USE PLASTIC BOTTLES

WHEREAS, the burning of fossil fuels, the primary cause of climate change, is toxic to New York City and the planet, and ending our reliance on them is an existential necessity; and

WHEREAS, fossil fuels are an integral component in the production of single-use plastics, which do not biodegrade but break down into ever smaller pieces, enter the food chain, and pollute our waterways; and

WHEREAS, single-use plastics that are discarded on New York City streets wash down catch basins and end up in New York City waterways - threatening marine wildlife, putting human health at risk, negatively impacting recreational activities; and

WHEREAS, limiting plastic waste will support both the City's Zero Waste goals and carbon reductions, and eliminating the use of City funds for the unnecessary purchase of single-use plastics will allow the City to send less waste to landfills and cut emissions associated with the production and transport of single-use plastics; and

WHEREAS, the City of New York is committed to reducing the number of single-use plastic products it purchases and sells on its property; and

WHEREAS, the City of New York annually purchases at least one million single-use plastic beverage bottles, intended to be used once and then disposed; and

WHEREAS, water access is essential for health and safety and its provision via single-use plastic bottles remains a necessity in situations where alternative methods are not feasible;

NOW, THEREFORE, by the power vested in me as the Mayor of the City of New York, it is hereby ordered:

Section 1. Definitions. In this section, a "single-use plastic beverage bottle" refers to a drink, such as water, in a sealed rigid plastic bottle having a capacity of 21 fluid ounces or less.

§2. Development of a Reduction Plan. By June 30, 2020, every City agency shall develop, submit to the Mayor's Office of Contract Services and the Mayor's Office of Sustainability, and begin implementation of a plan to (a) eliminate any unnecessary expenditure of City funds for the purchase of single-use plastic beverage bottles in favor of reusable options determined eligible by the City and (b) eliminate the unnecessary sale of single use plastic beverage bottles on City owned and leased property. Where reusable options are infeasible, as determined by the Mayor's Office of Contract Services, Mayor's Office of Sustainability, and other City agencies as required, other options that produce a meaningful reduction in waste may be substituted with approval by the Department of Sanitation. The goal of the plan will be to eliminate such unnecessary purchase and sale of single-use plastic beverage bottles by January 1, 2021.

§3. Plan Requirements. Each agency's reduction plan shall include, but need not be limited to, the following: (a) a description of the current purchases and sales of single-use plastic beverage bottles by the City agency or on the City agency's owned or leased property, if any; (b) a description of the specific projects, programs, actions, and policies to be undertaken to achieve compliance with this Order; (c) a description of steps the agency

will take to limit new contractual commitments to purchase single-use plastic beverage bottles; (d) a description of steps the agency will take to ensure new or renewed contractual agreements, such as concession agreements, contain provisions limiting the purchase or sale of single use plastic beverage bottles, and the time by which such contractual provisions will be in place; and (e) a description of the accommodations for necessary use or sale of single-use plastic beverage bottles outlined below.

§4. Necessary Use or Sale of Single-Use Plastic Beverage Bottles. Each agency's reduction plan shall provide for the necessary use or sale of single-use plastic beverage bottles in the following circumstances: (a) when no alternative is available or practicable; (b) when necessary to protect health, safety, and welfare; (c) when compliance with this Order would conflict with contract requirements or labor agreements in existence as of the effective date of this Order or agreements solicited before the effective date of this Order; and (d) to prepare for or respond to an emergency.

§5. Maintaining Accessibility. Each City agency shall include accessibility in its planning efforts and ensure that the agency's reduction plan developed pursuant to section 2 of this Order accommodates the needs of all consumers in a manner deemed sufficient by the Mayor's Office for People with Disabilities.

§6. Outreach and Education. Agencies, including but not limited to the Mayor's Office for People with Disabilities and the Mayor's Office of Sustainability, shall conduct public outreach, including to people with disabilities and representatives from advocacy organizations for people with disabilities, to inform them of the provisions of and their rights under this Order.

§7. Extension of Deadline. If a City agency is unable to comply with the time frames set forth in this Order, it may obtain an extension upon the approval of the Mayor's Office of Contract Services, for good cause shown, and only to the extent necessary to address the justification supporting the extension.

§8. Reporting. Each City agency shall report on the progress of its reduction plan developed pursuant to section 2 of this Order in its annual Agency Waste Prevention, Reuse, and Recycling Plan submitted to the Department of Sanitation pursuant to Section 16-307 of the Administrative Code, beginning with the Agency Waste Prevention, Reuse, and Recycling Plan to be submitted in June 2021.

§9. Effective Date. This Order shall take effect immediately.
