On motion of Alderman Dowling, further reading was dispensed with, and the  
minutes were approved as printed.

### MESSAGES FROM THE MAYOR.

The Chairman Pro Tem laid before the Board the following communication from  
his Honor, the late Mayor:

No. 4021.

City of New York, Office of the Mayor, August 5, 1913.

The Honorable the Board of Aldermen:

I return herewith disapproved Resolution No. 4021 for the issue of \$32,000 of  
special revenue bonds to be used by the President of the Borough of Manhattan to  
establish ice plants.

The resolution does not say whether the ice is to be sold, or given away, or used  
for City purposes. Whatever the purpose may be, I am of opinion that this is no  
time for this City to enter upon the experiment of manufacturing ice. The money  
can be better devoted to other purposes. For instance, when I go about the City  
and see the number of holes in the streets, I cannot help thinking that we had  
better repair these holes before we spend money to erect a plant for the manufacture  
of ice. And there are many other things we have to do before we may reasonably  
think of manufacturing ice, assuming we have the legal right to go into such an  
enterprise.

And if there be anything that every sensible person in this City knows it is that  
in view of expenditures and of the devoting of the City's credit to subways and  
other improvements during the last few years, almost up to the constitutional limit of  
10 per cent. of the real estate values of the City, it is necessary that no expenses be  
incurred for the next few years which are not unavoidable and for things strictly  
necessary. Nothing is more manifest than this, and the rent payers and tax payers  
have the right to demand it.

Permit me to add that such vote catching resolutions as this just before an  
election are generally insincere and always unseemly.

WM. J. GAYNOR, Mayor.

The Committee on Finance, to which was referred on June 17, 1913 (Minutes, page  
865), a recommendation from the Board of Estimate and Apportionment for \$40,000  
special revenue bonds for establishing auxiliary ice plants under the jurisdiction of  
the President, Borough of Manhattan, respectfully

### REPORTS

That having examined the subject, it believes the proposed expenditure to be one  
which will accomplish a useful and philanthropic purpose. It does not feel that  
\$8,000 of the amount asked for, which is intended for studies of ice plants, is necessary  
at this time.

It recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188  
of the Greater New York Charter, the Board of Estimate and Apportionment be and  
it is hereby requested to authorize the Comptroller to issue special revenue bonds to  
the amount of \$32,000, the proceeds thereof to be used by the President of the Bor-  
ough of Manhattan for the purpose of establishing auxiliary ice plants under the  
jurisdiction of the President of Manhattan; all obligations hereunder to be contracted  
on or before December 31, 1913.

HENRY H. CURRAN, FRANK J. DOTZLER, W. AUGUSTUS POST,  
HENRY F. GRIMM, ROBERT F. DOWNING, JOHN DIEMER, Committee on  
Finance.

### Memorandum for Mr. Curran About Municipal Ice Plant.

Borough President McAneny, when he requested the transfer of funds from the  
Street Cleaning Department for the construction of a municipal ice plant, did not  
make any formal application to the Board of Estimate explaining in just what way  
the funds were to be used. His explanation was oral. However, the use to which  
the desired \$40,000 was to be put was described in the memorandum submitted by  
me to your Committee on Monday, June 30.

On May 29 Borough President McAneny presented to the Board of Estimate  
his plan for a municipal ice plant, explaining that the City had much waste power  
which could be used for this purpose. On the same day the Board of Estimate  
received from the International Union of Steam Engineers of New York a communi-  
cation endorsing the municipal ice plant.

On June 5, 1913, on motion of the President, Borough of Manhattan, the Board  
approved of the transfer of \$40,000 from the Department of Street Cleaning; but  
at the same time the Board received from the Commissioner of Street Cleaning a  
communication stating that he could not consent to the transfer of funds appro-  
priated for his department. The Board of Estimate thereupon voted to request the  
Aldermen to issue special revenue bonds to the amount of \$40,000. This was carried  
by a vote of 12 to 1, the Mayor being absent.

The division of the \$40,000 requested for the purpose of constructing experimental  
ice plants, is as follows:

\$25,000 for the construction of the plant in connection with the present power  
plant of the Hall of Records.

\$5,000 for the re-erection in a public bath of part of the Hall of Records plant  
that will be displaced by the new installation.

\$2,000 for connecting the Hall of Records plant and the Municipal Building with  
piping for cooled water.

\$8,000 for studies and investigations of the capabilities for the municipal manu-  
facture of ice in other power plants of the City, such as the one under the Wil-  
liamsburg Bridge and one in Staten Island.

These estimates are the result of careful investigation by the consulting engineer  
under the direction of the Borough President.

I shall be glad to obtain any further information which you desire.

LOUIS GRAVES.

The Chairman Pro Tem laid before the Board the following communication from  
his Honor, the Mayor:

No. 4400.

City of New York, Office of the Mayor, September 23, 1913.

The Honorable the Board of Aldermen:

Gentlemen—I return herewith disapproved proposed ordinance No. 4400, entitled,  
"Ordinance to provide for permits for the sale of newspapers and periodicals."

This matter was presented to Mayor Gaynor and produced much discussion not  
only as to its legality but the propriety of the number of stands that the different  
proposed ordinances would allow beside the subway entrances. I am of the opinion  
that it would be advisable for us all to look into this matter again and perhaps secure  
the opinion of the Corporation Counsel as to whether the Board has power to  
authorize these stands under the opinion of the Court of Appeals in People ex rel.  
Pumpyansky vs. Keating, 168 N. Y. 390. If I remember correctly there are a number  
of these subway entrances that are such a short distance from the sides of the build-  
ings that passers-by have little enough room as it is between the stairway covering  
and the building; to further reduce this space by a news stand might be very  
objectionable. In considering this matter again, would your Honorable Board consider  
the question of distances between the side of the subway entrances and the building  
and prescribe the minimum number of feet in the clear for newsstands beside these  
entrances? Respectfully,

A. L. KLINE, Mayor.

AN ORDINANCE to provide for permits for the sale of newspapers and periodicals.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Article IV of the Code of Ordinances of The City of New York is  
hereby amended by adding thereto a section immediately after section 363 of said arti-  
cle, a section to be known as 363A.

Permits for the Sale of Newspapers and Periodicals.

Section 363A. In or on the streets of The City of New York where there is  
no stoop line, or on which the stoop line has been abolished, or may hereafter be abo-  
lished, the Bureau of Licenses is hereby permitted and authorized to grant permits for  
the erection of stands for the sale of newspapers and periodicals only in front of  
premises the owner or owners of which consent thereto, provided neither the stand nor  
any part thereof shall project more than one foot from the house line on or over the  
sidewalk in front of said premises, or in front of the curb line opposite the premises,

the owner or owners of which consent thereto, provided said stand shall not be more than one foot in width nor project on or over the sidewalk more than foot in front of the curb line.

The Bureau of Licenses is further authorized to grant permits for the erection of news stands on the sides and along the rear wall of the kiosks or coverings of entrances to subways, but such stands shall not be longer than such rear wall of any kiosk or covering and not more than one foot in width, nor project more than one foot on or over the sidewalk in front of such rear wall of the kiosk or covering.

The consent of the Alderman of the district in which the stand for the sale of newspapers and periodicals is located shall be required for a stand for the sale of newspapers and periodicals as herein provided.

Sec. 2. This ordinance shall take effect immediately.

Which was ordered received and printed, and published in full in the CITY RECORD.

#### PETITIONS AND COMMUNICATIONS.

No. 4467.

On Board R. M. S. "Baltic," September 10, 1913.

The undersigned fellow passengers of the Honourable William J. Gaynor upon the S. S. "Baltic" desire to express our sincere sorrow at his sudden demise, and convey, through his son, to the members of Judge Gaynor's family our deep sympathy in their sad bereavement.

We are sure that the most precious consolation to his son in after years will be the recollection of his having been chosen to accompany his father on his last voyage. All the members of his family should cherish the thought that there must have lingered with Mayor Gaynor the acclaiming approval of him so recently and publicly given by thousands of his fellow citizens.

We feel that his country has sustained a distinct loss, his city a Mayor who unswervingly strove to do right and his family a head of whom they could be justly proud.

The American Society for the Prevention of Cruelty to Animals, Headquarters, Madison Ave. and 26th St., New York, July 31, 1913.

Hon. P. J. SCULLY, City Clerk, City Hall, New York.

Dear Sir—We respectfully ask the favorable consideration of the Board of Aldermen of the enclosed resolution authorizing this Society to erect a drinking fountain at 9th ave. and Little W. 12th st. Very truly yours,

ALFRED WAGSTAFF, President.

Resolved, That permission be and the same is hereby given to the American Society for the Prevention of Cruelty to Animals to erect and place a rectangular granite trough for horses in centre of Little W. 12th st., just east of 9th ave., opposite the elevated pillar in the center of the square, Borough of Manhattan, the said trough to be paid for by the said American Society for the Prevention of Cruelty to Animals, and to be of a design and pattern approved by the Art Commission of The City of New York. The said trough is to be erected under the supervision of the Commissioner of Water Supply, Gas and Electricity, and the water therefor shall be supplied by the Department of Water Supply, Gas and Electricity.

Permanent Joint School Committee, Ferry St., near Jamaica Ave., Borough of Queens, Woodhaven, N. Y., August 5, 1913.

Mr. President and Gentlemen—The Permanent Joint School Committee of Woodhaven respectfully requests a hearing before your honorable body before you concur in that part of the appropriations by the Board of Estimate and Apportionment providing funds for the erection of new school buildings. The Committee wishes to make a plea on behalf of the children of Woodhaven—who cannot plead for themselves.

Trusting this favor will be granted and that five days' previous notice will be given of such hearing, I am respectfully yours,

ERNEST BUCKLAND, Secretary, Permanent Joint School Committee of Woodhaven.

Gentlemen—At a regular meeting of Local Union 613, United Brotherhood of Carpenters and Joiners of America, a motion was made and unanimously carried that the above local union, with a membership of 465 members, do hereby vigorously protest against the proposed changes which are submitted in the New Building Code, Section 103, paragraph 4. Should said section be adopted as it now reads, thousands of our members, seven-eighths of them old men, with large families, and surely all poor. These men have served the greater part of their time making wood trim door, sash doors, etc. We are sure these men would be deprived of making a living at their trade, and would mean untold hardships and misery to their families. Hoping that you see this in the same light as we do, I remain,

Board of Aldermen, New York City.

Sirs—We desire to register our protest against the change from 100 to 150 feet above the curb, as the height that all buildings must have their window openings protected against the attack of fire.

In all congested centers, and particularly in New York City, by reason of the great number of tall buildings, there exists the likelihood of the spread of fire horizontally, and at a level above the reach of the firemen.

It is admitted by fire chiefs generally, that fires cannot be fought successfully with city apparatus, when they are more than 100 feet above the street. This hazard is well known to all students of the subject, and its possibilities as a source of danger were shown in Baltimore, San Francisco and other great fires.

When a fire assumes the conflagration size, it sweeps from the upper stories of one tall building to the next, and these structures, instead of acting as the stops that their brick and stone walls would warrant, serve merely as flues by reason of their unprotected windows.

It is perfectly well known that there is but one way in which the conflagration hazard of great cities can be eliminated, and that is by the provision of actual fire stops at frequent intervals. The modern steel building is such a stop, if its window openings be made approximately as resistant as its walls.

It is true that we have a commercial interest in this subject, but wire glass is by no means the most common type of window protection, and when we ask you, sirs, to restore the limit to 100 feet, we are but working for the abatement of the most serious hazard that threatens New York City, namely, the danger of a sweeping conflagration.

Yours truly,

PENNSYLVANIA WIRE GLASS CO.,

E. S. HAND, Special Representative.

Gentlemen—I understand that the police force on duty on the Catskill-Croton Aqueduct has applied to be taken over as part of the New York City police. Being a property owner in Cornwall-on-Hudson, and having had occasion to judge the efficiency of the Aqueduct police stationed in that vicinity, I take the liberty of recommending the taking over of the Aqueduct police by The City of New York. They are a fine body of men, and have done their work in a most conscientious and admirable way, and I sincerely hope that the necessary legislation may be forthcoming to make them a part of the New York police force. Gentlemen—At our last regular meeting, held Friday, September 5, the following resolution was unanimously adopted:

Resolved, That the Homestead Civic Association, in regular meeting assembled, protests against the inadequate police protection afforded the homes and population of the Forest Park, Glendale and Woodhaven sections of the Borough of Queens, and believing the remedy to lie in the establishment of a police centre in the vicinity, earnestly requests the placing of a police precinct and station house on Woodhaven ave., near Myrtle ave., Glendale, from whence efficient protection could be given to the population of a wide area.

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Chairman pro tem. laid before the Board the following communication from the President of the Borough of Brooklyn.

No. 4477.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, September 3, 1913.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen:

Dear Sir—You are hereby notified that I have this day appointed Mr. George W. Tillson, 376 Parkside ave., Brooklyn, as Acting Commissioner of Public Works, Borough of Brooklyn, with authority to sign all orders, vouchers and payrolls, to preside at Local Board meetings, and to perform all other acts of that office. I have also conferred upon him power in my stead to perform the duties of Borough President in my absence, in accordance with section 383 of the Greater New York Charter. This includes authority to act in the Board of Aldermen. Yours very truly,

L. H. POUNDS, President of the Borough.

Which was ordered on file.

The Chairman pro tem. laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 4478.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, July 31, 1913.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held July 31, 1913, a report was presented from the Corporate Stock Budget Committee recommending that the resolution of the Board of Aldermen for an appropriation of \$500,000, or as much thereof as may be necessary, for the improvement of the Eighth Ward Market, Borough of Manhattan, be placed on file.

In accordance with the recommendation of said Committee, the matter was placed on file, and copy of said report ordered sent to the Board of Aldermen for its information. Yours very truly,

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 7, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On June 17, 1913, the Board of Aldermen adopted a resolution recommending the appropriation of \$500,000, or as much thereof as may be necessary for the improvement of the Eighth Ward Market in the Borough of Brooklyn. In connection therewith we report as follows:

The improvement of the Eighth Ward Market was considered by the Corporate Stock Budget Committee. In the report of the Committee, adopted by your Board on June 26, 1913, it was recommended that no funds be appropriated at this time for the purpose stated.

We recommend that the resolution be placed on file. Respectfully,

(Signed) WM. A. PRENDERGAST, Comptroller; A. L. KLINE, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Which was ordered on file.

No. 4479.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, August 11, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment July 31, 1913, relative to the issues of corporate stock, as follows:

Cal. No. 122. Authorizing the issue of \$6,500 corporate stock to provide means for the preparation of a topographical map of the farm under the jurisdiction of the Board of Inebriety, in the Township of Warwick, Orange County, N. Y., and for the cost of architect's preliminary plans and studies for the physical development of the farm, under the jurisdiction of the Board of Inebriety in the Township New York.

Cal. No. 128B. Amending resolution dated June 3, 1910, and concurred in by the Board of Aldermen June 21, 1910, authorizing the issue of \$590,000 corporate stock to provide means to pay the necessary expenses connected with the construction of the bridge over the East River, between the Boroughs of Manhattan and Queens, known as the Blackwell's Island Bridge (No. 4), by reducing said amount to \$101,268.

I also enclose copies of reports of the Corporate Stock Budget Committee relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved: That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding six thousand five hundred dollars (\$6,500), to provide means for the preparation of a topographical map of the farm under the jurisdiction of the Board of Inebriety, in the Township of Warwick, Orange County, N. Y., and for the cost of architect's preliminary plans and studies for the physical development of the farm, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment, July 31, 1913.

JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, July 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On December 17, 1912, the Board of Inebriety requested an authorization of \$6,500 in corporate stock for the payment of preliminary fees to Architects in the preparation of general preliminary plans for the proposed hospitals and farm colony for inebriates at Greycourt, N. Y. In connection therewith we report as follows:

Your Board has approved of the acquisition of a farm for the colony and the negotiations have so far progressed that title probably will vest in the City within a few days. The Board of Inebriety is making studies of the general plan for buildings and the administration of the farm. It is now necessary, in the judgment of the Board, that a topographical map be prepared showing the grades, contours, and other data as to the physical layout of the land. An estimate of \$400 for the map has been received. Tentatively, a plan has been submitted by architects providing for the eventual physical development of the farm, but no accurate nor definite information has been developed up to the present time.

It is estimated that the eventual cost of the buildings and improvements will reach about \$600,000. For the purpose of arriving at some definite plan the funds are requested.

We recommend the approval of the request by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 4480.

Resolved, That, subject to concurrence herewith of the Board of Aldermen, the amended resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, and concurred in by the Board of Aldermen on June 21, 1910, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding five hundred and ninety thousand dollars (\$590,000), for the purpose of providing means to pay the necessary expenses connected with the construction of the bridge over the East River, between the Boroughs of Manhattan and Queens, known as the Blackwells Island Bridge (No. 4), and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five hundred and ninety thousand dollars (\$590,000), the proceeds whereof to be applied to the purposes aforesaid."

—be and the same is hereby amended to make the amount authorized one hundred and one thousand two hundred and sixty-eight dollars (\$101,268).

A true copy of resolution adopted by the Board of Estimate and Apportionment July 31, 1913.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, July 30, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On June 27, 28 and July 15, 1913, the Commissioner of Bridges requested corporate stock funds to the amount of \$1,375,000 for completing the interior finish, the purchase and installation of lockers, shelving, metal railings, screens, counters, etc., and the payment of architects' fees in connection with the construction and equipment of the new Municipal Building. In connection therewith we report as follows:

The following tables show the amounts requested and the items allowed for work necessary for occupancy of the building this fall, reduced by the unencumbered balances of accounts, as at June 30, 1913, for funds previously authorized by your Board, which are available for this work. The difference between the amount requested and allowed being the estimated cost of work which may be deferred until 1914 (see Schedule A).

	\$636,688 00	\$102,780 00 \$739,468 00

The departmental records show an encumbrance of \$488,732 on account "C. D. B. No. 7, Queensboro Bridge." This is held as a reserve against the award of the referee in the case of the Williams Engineering and Construction Company against the City for damages on account of unfinished contract No. 9244 for constructing power houses and elevator towers on Blackwells Island piers of the Queensboro Bridge (see Schedule B for details). It is stated that final decision on this case may be delayed indefinitely; by reducing the original resolution, this amount can be made available for other work.

We recommend the adoption of the attached resolution authorizing the issue of corporate stock to the extent of \$739,468, and the rescindment of the foregoing \$488,732. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, President, Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Which were severally referred to the Committee on Finance, but do not require action by the Board as under section 48 of the Charter such ordinances become operative on September 24, 1913.

No. 4481.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, August 11, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of three resolutions adopted by the Board of Estimate and Apportionment July 31, 1913, relative to the establishment of additional grades of positions in the various City departments, as follows:

Department and Position.	Incumbents.	Compensation per Annum.
Cal. No. 72 Dept. of Water Supply, Gas and Electricity. Architectural Designer .....	1	\$2,550 00
Cal. No. 73 Dept. of Water Supply, Gas and Electricity, Division Engineer.....	1	4,000 00
Cal. No. 74 Office of Corporation Counsel. Examiner with knowledge of Yiddish .....	1	1,200 00
Cal. No. 74 Office of Corporation Counsel. Examiner with knowledge of Italian .....	1	1,200 00

I also enclose copies of reports of the Committee on Salaries and Grades relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the position and grade, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Architectural Designer .....	\$2,550 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment July 31, 1913.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On June 17, 1913, the Commissioner of Water Supply, Gas and Electricity requested the establishment in his Department, pursuant to the provisions of

section 56 of the Greater New York Charter, of the grade of position of the Architectural Designer, at \$2,550 per annum, for one incumbent. In connection therewith we report as follows:

The Commissioner states:

"Mr. A. W. Falk, Architectural Draftsman, at \$2,250 per annum, headed the open competitive list for Architectural Designer at a salary of \$2,400 and over when said list was promulgated in July, 1912. Mr. Falk was offered appointment from this list at a salary of \$2,550 per annum for assignment to the Board of Education, the Fire Department and the Board of Water Supply, and refused these offers on the understanding that he would be appointed in this Department at a salary of \$2,550 when the position has been established and the necessary change in schedule made.

"Mr. Falk, within the last three years, completed designs and specifications for structures to an estimated cost of nearly \$700,000. Taking the usual Architect's charge of a 2½ per cent. for the design of structures, the value of the work done by Mr. Falk would be about \$18,000, or about \$6,000 per year. In addition to this work, he has prepared designs for repairs and alterations to buildings, tentative sketches for new buildings, etc.

"The proposed increase can be provided by modification of existing schedules in conformity with your resolution relative to salary increases adopted by your Board on January 30, 1913."

We recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; A. L. KLINE, President, Board of Aldermen; Committee on Salaries and Grades.

No. 4482.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Division Engineer .....	\$4,000 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment July 31, 1913.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, July 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On June 23, 1913, the Commissioner of Water Supply, Gas and Electricity requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of the position of Division Engineer, at \$4,000 per annum, for one incumbent. In connection therewith we report as follows:

The Commissioner states as follows:

"The request for change in schedule to substitute Division Engineer at \$4,000 for Division Engineer at \$4,500 is to provide for the transfer of Division Engineer Thomas C. Atwood, from the Filtration to the Designing Division.

"In the past the Designing Division has hardly had sufficient force to properly handle the work assigned to it. This work is now increased by the studies required for the sanitary improvements on the Croton Watershed, which were formerly taken up by the Filtration Division, by the connections to be made between the Catskill system and the present distribution system, etc. Mr. Atwood was transferred from the Board of Water Supply to this Department in 1911 and at the time of his transfer was Division Engineer on the construction of the Catskill system within the City limits. He is therefore especially qualified to take up this portion of the work and is also well qualified, by his experience with the purification of Water Supply, to take up the work on the Croton Watershed. The proposed reduction in salary from \$4,500 to \$4,000 is due to the elimination of the filtration work which makes the work assigned to Mr. Atwood of a somewhat less responsible nature."

The establishment of the proposed grade will result in a decrease of \$500.

We recommend the adoption of the attached resolution approving of the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; A. L. KLINE, President, Board of Aldermen; Committee on Salaries and Grades.

No. 4483.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Corporation Counsel of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Examiner with knowledge of Yiddish .....	\$1,200 00	1
Examiner with knowledge of Italian .....	1,200 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment July 31, 1913.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, July 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 7, 1913, the Corporation Counsel requested, pursuant to the provisions of section 56 of the Greater New York Charter, establishment of the additional grade of Examiner at \$1,200 per annum for two incumbents. In connection therewith we report as follows:

The request is for the establishment of the grades of Examiner with knowledge of the Italian language, and Examiner with knowledge of the Yiddish language, for one incumbent in each position at \$1,200 per annum. It is proposed to employ these Examiners in the tort division of the Law Department. The Corporation Counsel states that more than sixty per cent. of the claims for personal injuries against the City are filed by persons who speak only the Italian or Yiddish languages. He further states that in order to examine properly the witnesses in such cases and to obtain all the evidence required it is absolutely necessary for him to have the services of Examiners who speak the languages of the claimants. The Corporation Counsel also states that the Civil Service Commission requires that grades be established for these positions prior to their holding a competitive examination for them.

In view of the foregoing we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—I transmit herewith certified copies of three resolutions adopted by the Board of Estimate and Apportionment August 28, 1913, relative to the establishment of various grades of positions, as follows:

Department and Position.	Rate Per Annum.	Incumbents.
Cal. No. 38 Correction. Foreman of Stables.....	*\$4 00	1
Cal. No. 53 Office, President, Borough of Richmond. Chief Clerk .....	2,500 00	1
Cal. No. 71B Education. Director of Division of Reference and Research .....	6,500 00	1
Cal. No. 71B Education. Assistant Director of Division of Reference and Research.....	4,000 00	1

\* Per diem.

I also transmit copies of reports of the Committee on Salaries and Grades and of the Comptroller relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the

Board of Aldermen the establishment, in the office of the Department of Correction, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Foreman of Stables .....	\$4 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment August 28, 1913. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 25, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On June 26, 1913, the Commissioner of Correction requested the establishment of the grade of position of Foreman of Stables, at \$1,500 per annum, in his office, for one incumbent. In connection therewith we report as follows:

It is the intention of the Commissioner to promote one of the Drivers of his department to the proposed position after a competitive civil service examination has been held.

The Commissioner states that the incumbent of the proposed position will be responsible for the proper conduct of the stables, and that it will be his duty to distribute the work. The title of the position should reflect the nature of the duties performed.

At the present time the work is performed by a Driver whose salary is \$1,000 per annum. The same amount is paid to all Drivers in the department.

In view of the fact that it has been the policy of the Board of Estimate and Apportionment to establish such positions as the one requested on a per diem basis, the compensation should be fixed at \$1,460 per annum, which is at the rate of \$4 per diem for 365 days. The necessary amount for the increase is to be taken from unassigned balances available for salary increases in other accounts.

We recommend the adoption of the attached resolution establishing the position with the salary fixed at \$4 per diem. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, President, Board of Aldermen, Committee on Salaries and Grades.

No. 4485.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the office of the President of the Borough of Richmond, of the grade of position in addition to those heretofore established as follows:

Title.	Rate per Annum.	Number of Incumbents.
Chief Clerk .....	\$2,500 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment, August 28, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, July 25, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On June 26, 1913, the President of the Borough of Richmond requested the establishment of the grade of position of Chief Clerk, at \$2,500 per annum, in his office, for one incumbent. In connection therewith we report as follows:

It is proposed to increase the salary of William B. Kenney, Chief Clerk, now receiving \$2,250 per annum. Mr. Kenney has been in the County and Borough of Richmond offices for the past twenty years and is thoroughly conversant with the work in the office of the President of the Borough of Richmond. In addition to his duties as Chief Clerk, he also has under his direct supervision the accounting of the entire Borough President's office, which, owing to its importance, requires the greatest care and attention.

In view of the highly responsible duties performed by Mr. Kenney, we believe a salary of \$2,500 per annum would be proper. The \$250 necessary for the increase is to be made available under the resolution governing salary increases adopted by your Board on January 30, 1913.

We recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; A. L. KLINE, President, Board of Aldermen; Committee on Salaries and Grades.

No. 4486.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment in the Department of Education, as provided in section 56 of the City Charter, of the positions of Director of the Division of Reference and Research, for one incumbent with compensation at the rate of \$6,500 per annum, and Assistant Director of the Division of Reference and Research, for one incumbent with compensation at the rate of \$4,000 per annum.

A true copy of resolution adopted by the Board of Estimate and Apportionment, August 28, 1913. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Comptroller's Office, August 25, 1913.

To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—Under date of August 18, Mr. Thomas W. Churchill, President of the Board of Education, addressed a communication to your Board requesting that provision be made by allotment from the 1913 Budget appropriations numbered 3453 and 3454, for the establishment in the Department of Education of a new bureau to be known as the Division of Reference and Research under the jurisdiction of and responsible to the Board of Education. This communication was referred to the Comptroller for consideration and report.

The communication of the President of the Board of Education herein previously referred to sets forth briefly the needs and purposes of the proposed new division. This communication is appended to this report and is made a part thereof. The President states that the Board of Education requires the services of a force, independent of those to be found in the existing bureaus and divisions of the department, whose function it shall be to aid the individual members of the board and its working committees to ascertain the facts necessary to understanding and solving many problems met with in the administration of the school system. Combined with the duties implied in the title of the proposed new organization will be the very important one of gathering and compiling data that will enable the Board of Education to pass more intelligently than it can at present, upon the fiscal requirements of the system, whether for new school buildings or yearly maintenance and operation of schools already in existence.

The need of establishing such a bureau or division was recognized by several of the experts engaged by the Committee on School Inquiry of your Board. The recommendation to create such a bureau is to be found in the individual reports of the investigators. (See Report of Professor Edward C. Elliott, entitled, "The System of General Supervision and the Board of Examiners," page 89; also Report as a Whole by Professor Hanus (page 83).)

Professor Elliott's recommendation is as follows:

"That there be established, as an integral part of the system of school control, a bureau or division of investigation and appraisal.

"This bureau or division should be in charge of a chief or superintendent, who is directly responsible to the Board of Education, and should be organized in such a manner as to enable it to serve as the central agency for the gathering and interpretation of statistical and other data with reference to the schools; and also for the carrying on of such investigations as are necessary for the rational development and expansion of the school system. It should bear the same general relation to the Department of Education as the existing Bureau of Municipal Investigation and Statistics bears to the Department of Finance.

"The following arguments may be indicated:

"(1) The school system of the City suffers from a lack of definite, detailed knowledge of its own working and its own cost. As has already been pointed out, the fundamental importance of the inspectorial form of control has been recognized only to a very limited extent. And even where its importance is recognized, officials charged with the responsibility for administrative or supervisory duty appraise their own performances. Investigation that is needed is not carried on at all.

"(2) It is evident that one of two things will result in the immediate future.

"Either the work indicated for this proposed bureau will be attempted by agencies outside of the school system, or else there must be established, within the school system as an integral part of its organized control, an agency properly equipped with trained investigators, to set forth to the supervisory and administrative officials of the school system and the people of the City, those essential facts absolutely necessary for the intelligent development of schools and of public sentiment. Of these alternatives it would seem that the latter is to be greatly preferred. No outside agency could carry forward the work of inspection, of formulating impartial judgments of results, and of proposing new procedures without much friction and loss of energy.

"(3) The problems of public education in New York City are not conventional problems. Many of the more pressing ones are new in the social and educational world. They cannot be solved by preconceptions or the showing of hands. In so far as is possible, the situation and causes that have generated these problems must be weighed and analyzed before rational and permanent solutions can be found."

The purpose of the proposed bureau is set forth in Professor Hanus' Report as a Whole, as follows:

"Finally, because of the fundamental importance of the inspectorial form of control has been recognized only to a very limited extent—the school system at present suffers from a lack of definite and detailed knowledge of its own working and its own cost; because even where recognized officials responsible for administrative or supervisory duty now appraise their own performances; because investigations to ascertain the facts needed for reaching satisfactory conclusions concerning educational results, and the confirmation or refutation of educational opinion within and without the school system are not now made at all, we recommend that there be established as an integral part of the school control a bureau of investigation and appraisal. This bureau should be in charge of a chief or superintendent who is directly responsible to the Board of Education, and should be so organized as to enable it to serve as the central agency for gathering and interpreting statistical and other data with reference to the schools; and for making such investigations as are necessary for the internal development and extension of the work of the school system."

The letter of transmittal of the report of the Committee on School Inquiry to your Board summarized certain problems which might well be taken up by the new bureau. In conclusion No. 6 of the committee's report there appeared the following statement:

"It is impracticable for the Board of Education to deal intelligently with its many difficult problems unless it has at hand basic data showing actual school conditions. If such data are not available it is impossible for the Board of Education to know and to indicate to the City and to the general public what the fundamental achievements and needs of the system are. Most of the present reports examined during the course of the inquiry have been found to be unsatisfactory and inadequate. The information collected upon them has been in many cases found to be misleading. \* \* \* The Board of Education has recently undertaken studies of some of these problems or of problems closely allied thereto. There is the same need for continuous studies of all these vital problems. According to the specialists employed by the committee, if results are approved, properly conducted and the related facts scientifically assembled, each half year of school work will yield additional evidence bearing upon all these inquiries, and the Board of Education may safely depend upon such experimental data and evidence for its proper guidance. If the Board of Education will from this time on formulate definite programmes for the conduct of its work and make provision for testing that work as it progresses, the purpose of the inquiry will have been accomplished."

The special accounts in the 1913 Budget referred to by the President of the Board of Education as containing funds available for the purpose of establishing the proposed new bureau are classified among the Special School Funds and more specifically described and conditioned as follows:

No. 3453. Force for Efficiency and Statistics ..... \$23,000 00

(The above allowance for Force for Efficiency and Statistics is made by the Board of Estimate and Apportionment under the terms and conditions that no contract shall be entered into for services to be paid for out of this allowance without the approval of said Board.)

No. 3454. Accounting Force ..... \$25,000 00

(The above allowance of \$25,000 for an accounting force in the Department of Education is to be used for accounting purposes upon terms and conditions to be prescribed by the Board of Estimate and Apportionment.)

An examination of the accounts indicates that there will probably be sufficient funds in appropriation No. 3453 to provide for the organization of the force and the installation of the necessary equipment during the remaining months of this year. For this and the further reason that the title to this account, viz.: "Force for Efficiency and Statistics," more nearly conforms to the purpose in hand, it is here recommended that the allotment of funds be from this account. In conferences between a representative of the Comptroller and the President and other officials of the Department of Education, since the request of the President was received, there has been worked out a modified schedule of positions considered to be necessary for the establishment of the new bureau.

It has also been agreed that for departmental reasons the new organization should be designated as a division.

The modified and revised schedule of positions is contained in the resolution presented herewith for your consideration. This resolution also contains an allowance of \$2,500 to provide for the purchase of original office equipment and supplies, this item having, through inadvertence, been omitted from the President's communication.

There is further submitted for your consideration a resolution recommending to the Board of Aldermen the establishment in the manner provided in section 56 of the City Charter, of the positions of Director and Assistant Director of the Division of Reference and Research, with compensation at the rate of \$6,500 and \$4,000 respectively. Respectfully, DOUGLAS MATHEWSON, Acting Comptroller.

Which were severally referred to the Committee on Salaries and Offices.

The Chairman pro tem, laid before the Board the following communication from the President of the Borough of Richmond:

No. 4487.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, August 1, 1913.

Board of Aldermen, City Hall, New York City:

Gentlemen—Due to the desire of Dr. Joseph J. O'Connell, Health Officer of the Port of New York, to better the conditions for docking his department's boat at the Quarantine Station, some changes become necessary in the Nautilus st. outlet sewer. This sewer was built by assessment a few years ago, and consists of a storm water outfall at or near the bulkhead line and a sanitary sewer pipe extension carried on piling and protected by stone rip-rap extending out some 200 or 300 feet. This rip-rap to insure stability has to extend out some distance at the sides of the pile platform and consequently interferes materially with the use of the Health Department's boats.

To relieve the situation it is our desire to change the form of construction by removing some of the rip-rap and substituting crib work. We estimate that it will cost approximately \$1,000 for the work. The nature of the case is such that we can probably not enter into any lump sum contract, but would have to have the changes made on a basis of cost, materials and profit.

We would ask therefore for an issue of special revenue bonds in the sum of \$1,000 to meet the needs of the case, as we have no surplus or sufficient moneys in our normal sewer appropriation with which the work could be done. Yours respectfully, GEORGE CROMWELL, President of the Borough.

Which was referred to the Committee on Finance.

The Chairman pro tem, laid before the Board the following communication from the Commissioner of Public Charities:

No. 4488.

Department of Public Charities of the City of New York, Foot of East 26th St., July 18, 1913.

To the Honorable the Board of Aldermen:

Gentlemen—We would respectfully request that authority be granted to this Department to purchase without public letting the following motor vehicles to be used at our new Sea View Hospital, Staten Island, at a price not exceeding the sum of \$13,500:

2 gasoline automobile buses, holding 16 persons each, \$4,000..... \$8,000 00  
1 gasoline automobile truck (5-ton)..... 4,500 00

1 automobile .....	1,000 00
--------------------	----------

\$13,500 00

The funds to purchase these motor vehicles are to be taken from the amount allowed for Sea View Hospital in the budget for 1913.

Trusting that a resolution in the enclosed form, or some other suitable form, will be adopted by the Board of Aldermen at an early date, as we are anxious to obtain all the equipment in order that this hospital may be opened in the very near future, I am, respectfully yours,

MICHAEL J. DRUMMOND, Commissioner.

Resolved, That pursuant to section 419 of the Greater New York Charter, the Commissioner of the Department of Public Charities of the City of New York be and is hereby authorized to purchase without public letting for the use of said Department:

2 gasoline automobile buses, holding 16 persons each, \$4,000.....	8,000 00
1 gasoline automobile truck (5-ton).....	4,500 00
1 automobile .....	1,000 00

—the total expense of which will not exceed the sum of Thirteen Thousand Five Hundred Dollars (\$13,500).

Which was referred to the Committee on Public Letting.

The Chairman pro tem, laid before the Board the following communication from the District Attorney of Kings County:

No. 4489.

District Attorney's Office, County of Kings, Brooklyn, New York, July 23, 1913. Honorable Board of Aldermen, City of New York:

Gentlemen—I hereby make application for the issuance of special revenue bonds in the amount of three thousand dollars, pursuant to provisions of subdivision 8 of section 188 of the Charter, to replenish the account for contingencies for this office. In the budget for this year the sum of three thousand dollars was allowed for contingencies. That sum has now been spent, and while there are probably sufficient balances to the credit of other appropriation accounts for this office, such as "experts" and "official stenographers," to supply all the funds that would be needed for contingencies during the balance of this year, I am informed upon making application to have certain balances transferred to the contingencies account that no money from either "experts" or "official stenographers" accounts can be so transferred.

Last year the sum of eighty-nine hundred dollars was appropriated in the budget for contingencies, sixteen hundred dollars for supplies and materials and five hundred dollars for the purchase of furniture and fittings. In this year's budget, the same total amount was appropriated, but it was divided up into various items, some of which I have mentioned and from some of which there can be no transfer, according to my information, to the contingencies account. I believe the provision in this year's budget was based on what had in fact been the expenditures during last year, but as these expenditures vary not only in amount but in character each year, and especially the contingencies, the result is that with only half the year ended the full amount of the contingencies appropriation is exhausted.

Of course the work of this office cannot be carried on without a contingencies fund, and although there are probably sufficient balances to the credit of other accounts, inasmuch as these balances cannot be transferred to the contingencies account, it is necessary for me to make this application for the issuance of revenue bonds.

Inasmuch as there is now practically no money available for contingencies of this office, I trust this matter may receive prompt attention and approval. Respectfully yours,

JAMES C. CROUSEY, District Attorney.

Which was referred to the Committee on Finance.

The Chairman pro tem, laid before the Board the following communication from the Queens Borough Public Library:

No. 4490.

The Queens Borough Public Library, 402 Fulton St., Jamaica, Long Island, New York, July 30, 1913.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—I have to inform you that at a meeting of the Board of Trustees of the Queens Borough Public Library, held on July 2, 1913, a new set of By-laws was adopted, by which action the position of Attorney to the Corporation, and that of Assistant Treasurer, were abrogated. By the adoption of the following resolutions, the service of those filling these positions was terminated:

"Resolved, That the by-laws as read be adopted.

"Resolved, That the salary of the Attorney for the month of June, 1913, in the amount of \$166.66, be approved, and that Mr. Alanson T. Briggs be informed that the position of Attorney has been abrogated, that it exists no longer, and that his services as Attorney to this Board are not further required.

"Resolved, That resolution No. 5, adopted by the Board of Trustees on June 18, 1913, electing the Queens County Trust Company as Assistant Treasurer, be rescinded.

"Resolved, That an Assistant Treasurer, as provided in the by-laws adopted at this meeting, be elected."

A copy of the by-laws is enclosed herewith, in which it appears that no provision for the office of Attorney has been made, and that the office of Assistant Treasurer shall be filled by a Trustee. (Article V, paragraph 8.)

I have to inform you therefore that Mr. Alanson T. Briggs, formerly Attorney to the Corporation, has no longer any official connection with it, and to request you in future not to recognize him as an employee of the Corporation.

At a meeting of the Board of Trustees held on July 24, 1913, Mr. Robert B. Austin was elected Assistant Treasurer, whose duties and powers are outlined in the by-laws. (Article V, paragraph 8.) Respectfully,

WILLIAM E. KENNEDY, Secretary, Board of Trustees, the Queens Borough Public Library.

The Queens Borough Public Library By-Laws, Adopted July 2, 1913.

Article I—Tenure of Office of Trustees.

1. The Board of Trustees consists of eighteen members, including the Mayor of The City of New York, ex-officio; the Comptroller of The City of New York, ex-officio, and the President of the Board of Aldermen of The City of New York, ex-officio.

The Trustees, other than the ex-officio members, shall be divided into classes of three each, holding office as follows: The first class until the 1st day of January, 1914; the second class until the 1st day of January, 1915; the third class until the 1st day of January, 1916; the fourth class until the 1st day of January, 1917, and the fifth class until the 1st day of January, 1918. The Trustees shall determine by lot the class to which they shall severally belong. At the expiration of their several terms of office the vacancies shall be filled by appointment of the Mayor of The City of New York. Such appointees shall serve for five years from the date of the termination of the term of their predecessors. In case of a vacancy by death, resignation or removal or other termination of office of a Trustee, the vacancy shall also be filled by appointment by the said Mayor, and the appointee shall serve during the unexpired term of his predecessor.

2. In case any Trustee, other than the above mentioned ex-officio members, shall fail to attend three successive regular meetings of the Board, and his absence is not excused by the Board, he shall cease to be a Trustee.

3. The Board of Trustees, by a two-thirds vote of all the members of the Board, shall, without statement of cause, have the power to remove any Trustee, other than the above mentioned ex-officio members, if, in the opinion of the Board, the welfare of the Corporation requires such action and such action is approved by the Mayor.

Article II—Meetings.

1. Regular meetings of the Board of Trustees shall be held on the second Thursday of each month, and at such place and hour as may from time to time be prescribed by the Board; provided that the Board may, by resolution, intermit the meetings in the months of July, August and September.

2. Special meetings shall be held on the call of the President or of any five Trustees.

Notices of regular and special meetings shall be mailed or served personally at least two days before such meeting and notices of special meetings shall state the subject proposed for consideration, which subject only can be acted upon at such meeting.

3. Seven Trustees shall constitute a quorum.

4. In the absence of a quorum, the Trustees present may adjourn the meeting on a day fixed, notice of which shall be given by the Secretary.

5. Proceedings shall be conducted in the manner usual in deliberative bodies. The presiding officer shall decide all questions of order, subject to appeal without debate. The "ayes" and "nays" on any vote shall be entered on the minutes at the request of any Trustee present.

6. The order of business shall be as follows:

- The call of the roll.
- The minutes of the preceding meeting.
- The reports of the Committees.
- The report of the Librarian.
- Nominations and elections.
- Miscellaneous business.

This order of business may be changed or suspended during any meeting of the Board by unanimous consent of the Trustees present at such meeting.

7. Vacancies among the officers shall be filled by an election by ballot at a regular meeting or special meeting, and a vote of a majority of the Trustees present shall be necessary to an election. No such vacancies shall be filled except after nomination at a preceding regular meeting or special meeting.

Article III—President.

The President, who shall be a Trustee, shall be elected at the regular meeting in January of each year. He shall preside at all meetings and shall have the usual powers of a presiding officer.

Article IV—Vice-President.

The Vice-President, who shall be a Trustee, shall be elected at the regular meeting in January of each year, and shall act as President in the absence or disability of the President.

Article V—Treasurer.

1. The Treasurer, who shall be a Trustee, shall be elected at the regular meeting in January, and shall hold office during the pleasure of the Board.

2. The Treasurer shall receive and receipt for all moneys due to the Corporation, and shall make payment of all claims when properly audited or certified, and not otherwise.

3. The Treasurer shall deposit all moneys in the name of the Corporation with a trust company to be selected by the Board, such moneys shall be subject to draft by the Treasurer.

4. The Treasurer shall keep books and accounts of all moneys received or paid on account of the Corporation, in such form and manner as shall be approved by the Finance Committee.

5. The Treasurer shall make a report at the close of each fiscal year of all receipts and payments, and at each regular meeting of the Finance Committee submit a statement showing in detail receipts and disbursements, with the resulting balances on hand.

6. The Treasurer's books and accounts and all papers pertaining to his office shall, at all times, be the property of the Corporation, and shall be subject to the order of the Trustees and to inspection and examination by the Finance Committee, or by any Committee or person or persons authorized for that purpose by the Finance Committee or by the Board of Trustees.

7. The Treasurer shall have the custody of the Seal of the Corporation, and shall affix the seal whenever instructed to do so by the Board of Trustees or by the Finance Committee or by the Executive Committee. He shall also have power, from time to time, to execute, on behalf of the Corporation, and to affix the seal of the Corporation to receipts, releases and discharges for all moneys received by the Corporation through gift or bequest, and leases of properties rented by or to the Corporation.

Assistant Treasurer.

8. The Assistant Treasurer, who shall be a Trustee, shall be elected at the regular meeting in January and shall hold office during the pleasure of the Board.

9. The Assistant Treasurer shall act as Treasurer in the absence or disability of the Treasurer, with all the powers of the Treasurer.

Article VI—Secretary.

1. The Secretary, who shall be a Trustee, shall be elected at the regular meeting in January and hold office during the pleasure of the Board.

2. The Secretary shall send notice of meetings of the Board, record its transactions, and conduct its correspondence.

Article VII—Committees.

1. There shall be the following standing committees:

- Finance Committee.
- Executive Committee.
- Book Committee.
- Buildings and Grounds Committee.
- Rules Committee.

2. The Finance Committee shall consist of the Treasurer, ex-officio, and of three Trustees to be appointed by the President, subject to the approval of the Board.

3. The Executive Committee shall consist of the President, ex-officio, and of five Trustees to be appointed by the President, subject to the approval of the Board.

4. The Book Committee shall consist of three Trustees to be appointed by the President, subject to the approval of the Board.

5. The Buildings and Grounds Committee shall consist of the President, ex-officio, and three Trustees to be appointed by the President, subject to the approval of the Board.

6. The Rules Committee shall consist of the President, ex-officio, and four Trustees to be appointed by the President, subject to the approval of the Board.

7. All vacancies occurring in the standing committees shall be filled by the President, subject to the approval of the Board.

8. The committees shall each keep minutes of their proceedings, which minutes shall be produced to the Board at its call. The actions of said committees shall be subject to the approval of the Board of Trustees, and no committee shall authorize any expenditure amounting to five hundred dollars or over without authorization by the Board of Trustees.

9. Special committees may be appointed or elected at any time.

10. All reports of committees shall be in writing, and shall be received, of course, without motion for acceptance. If recommending any action or expression of opinion by the Trustees, such reports shall be accompanied by the form of a resolution it desires to have passed. All committees shall report their action on matters referred to them with power.

11. There shall be a Local Advisory Committee of three Trustees appointed by the President, annually, in each locality, in which there shall be a Library, the duties of said committee being to visit Libraries in their respective locality, and to make such recommendations to the Executive Committee as may seem desirable.

Article VIII—Financial Administration.

1. No payments shall be made by the Treasurer except pursuant to appropriations made by vote of the Trustees.

2. The fiscal year of the Corporation shall begin on the first day of January in each year.

3. The Executive Committee shall, on or before July 1 of each year, make out estimates in such form and with such details as may be approved by the City authorities, showing the amounts required for carrying on the work of the Corporation during the calendar year then next ensuing. Such estimates, when approved by the Board of Trustees, shall be submitted to the Board of Estimate and Apportionment immediately thereafter. Upon the adoption of the Budget of The City of New York for the ensuing calendar year, the Executive Committee shall revise the estimates in conformity therewith and shall submit the same in detail to the Finance Committee.

4. At the regular meeting of the Board of Trustees in December of each year, the Finance Committee shall make a report to the Trustees of all the appropriations which such committee considers necessary and sufficient for the calendar year then ensuing, in accordance with the appropriations made by the City for the maintenance of the Corporation. The Board shall thereafter make general appropriation for the ensuing fiscal year.

5. Nothing contained in these by-laws shall be construed to prevent the Board of Trustees from making special appropriations at any meeting.

6. Funds received from the State of New York and from special endowments or gifts shall be used only for the purpose for which they were provided.

7. The Finance Committee shall, from time to time, make to the City authorities an accounting in such form and accompanied by such vouchers as may be approved by the Comptroller of The City of New York.

Article IX—Finance Committee.

1. The Finance Committee shall have general management of the finances of the Corporation, subject to the control of the Board of Trustees.

2. The committee shall hold regular monthly meetings and shall enter on the minutes of its proceedings the Treasurer's monthly statements and other matters pertaining to the financial business of the Corporation.

3. The committee shall examine the Treasurer's accounts at the close of each calendar year and make such examination at other times and as often as the committee shall think fit. The committee shall have power to employ an expert accountant to assist them in their examination of the Treasurer's accounts.

4. The committee may, from time to time, authorize the Treasurer to make payments from specified appropriations when audited by the appropriate committee or certified by the proper officer of the Corporation. The committee shall prescribe the form of certificates for all such audits and certificates, and shall designate the officer to execute the same. All other accounts or bills shall only be paid by the Treasurer after being audited by the Finance Committee.

#### Article X—Executive Committee.

The Executive Committee shall have general charge of the administration of the affairs of the Corporation, and the supervision thereof, and shall have power to select, appoint and fix the salaries of such officers and employees as they shall deem necessary, by contract or otherwise, and to discharge employees; to prepare annually, on or before July 1, a detailed estimate of the amounts required for the proper maintenance of the Library during the next calendar year, and to make and regulate all expenditures for maintenance of the Libraries of the Corporation, and to regulate the imposing and collection of its fines and contributions.

#### Article XI—Book Committee.

1. The Book Committee shall supervise the selection, purchase and exchange of books, the order and arranging of books on the shelves, the binding of books and the preparation of catalogues.

2. The committee shall hold regular monthly meetings and shall enter on the minutes of its proceedings monthly reports showing books purchased, donations of books and manuscripts, number of readers and visitors, condition of the work of cataloguing, and all other matters pertaining to their duties.

#### Article XII—Buildings and Grounds Committee.

The Buildings and Grounds Committee shall care for and maintain the Library buildings and grounds and recommend such sites for additional Library buildings as may be deemed necessary for the use of the Corporation, and to prepare plans and specifications, execute contracts and supervise the construction of such buildings; to locate and open new Libraries in rented quarters, and to execute the leases therefor, and shall represent the Corporation in the matter of the erection of Library buildings under the terms of the gift of Andrew Carnegie.

#### Article XIII—Rules Committee.

1. The Rules Committee shall make all rules for the guidance of the Library staff, and shall pass upon all complaints of employees and make such recommendations thereon to the Board of Trustees as may seem expedient.

Any employee of the Corporation may at any time communicate with this committee in the manner provided for under the rules a grievance of any kind for the consideration of the committee.

2. The Rules Committee shall consider and determine any charge which may be made against any employee, and make such recommendations to the Board of Trustees as may be desirable.

#### Article XIV—Amendments.

These by-laws may be amended or added to at a regular meeting of the Board of Trustees, by a two-thirds vote of the Trustees present, but only after the substance of the proposed amendment or addition has been submitted in writing at a regular or special meeting, and notice thereof has been given in the notice of meeting at which it is to be considered.

Which was ordered on file.

The Chairman pro tem. laid before the Board the following communication from the President of the Borough of Manhattan:

No. 4491.

City of New York, Office of the President of the Borough of Manhattan, City Hall, September 15, 1913.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—On February 4, 1913, your Board adopted a resolution approving the issue of special revenue bonds in the sum of \$20,000, the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of making repairs to one of the buildings of West Washington Market, a portion of which has been burned. This resolution was approved by the Board of Estimate on April 3, 1913. Shortly thereafter, contracts were let by this Department, and the work has been completed at a total cost of \$9,981.30, leaving a balance unexpended of \$10,018.70.

West Washington Market consists of ten buildings which have been standing for a number of years, and all of which are in great need of repair. Owing to the fact that there has been pending for some time before the Board of Estimate and Apportionment a proposition to build at this point a long pier, the construction of which involved the destruction of the market, nothing whatever has been done in the way of extensive repairs in any of these buildings for the past two years, the total expenditures during 1912 and 1913 aggregating only \$770.

It has now been decided to build the long piers further north, and the reason for withholding repairs is, therefore, removed.

I have had a very careful examination made of the buildings by the Engineering Department of the Bureau of Public Buildings and Offices, and am advised that considerable work should be done at once in order to put the market in a safe and sanitary condition. In fact, many imperative repairs are now being held up on account of lack of funds.

All of this work can be done with the unexpended balance of the fund above mentioned, and I would respectfully request that your Board modify your resolution of February 4, 1913, by striking out the following words: "Located in the block bounded by Grace, Lawton, Thompson and 13th avenues." These words describe the one building which was affected by the fire, and their elimination will make the resolution applicable to all of the buildings constituting the market. Yours very truly,

E. V. FROTHINGHAM, Acting President, Borough of Manhattan.

The Chairman pro tem. laid before the Board the following communication from the Board of Coroners, Borough of Manhattan:

No. 4492.

Board of Coroners, Borough of Manhattan, New York, 70-74 Lafayette Street, September 19, 1913.

Hon. Board of Aldermen, City Hall, New York:

Dear Sirs—I respectfully make application to your honorable Board for the issuance of two hundred and forty dollars (\$240) revenue bonds, to meet the payment for temporary Clerks, who were employed in this office during vacation time.

Respectfully yours,

ANTONIO DALESSANDRO, Chief Clerk.

The Chairman Pro Tem laid before the Board the following communications from the Department of Correction:

No. 4493.

Department of Correction of the City of New York, Commissioner's Office, 148 E. 20th st., New York, August 13, 1913.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen, New York City:

Dear Sir—Pursuant to the provisions of section 188 of the Charter, I respectfully ask that your Honorable Board will request the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of Twenty-three thousand dollars (\$23,000.00) for the use of the Department of Correction during the current year in the purchase of Coal.

The amount which it is estimated will be needed to pay for the coal to be used during the balance of this year is \$50,000. The balances in the "Fuel" funds aggregate something like \$27,000, which would leave a deficit of \$23,000.

The amount requested in our departmental estimate for 1913 for this purpose was \$125,934, while the amount allowed was \$100,000.

Trusting that your Honorable Board will take favorable action on my request, I am, very respectfully,

PATRICK A. WHITNEY, Commissioner.

No. 4494.

Department of Correction of the City of New York, Commissioner's Office, 148 E. 20th st., New York, September 4, 1913.

Hon. ARDOLPH L. KLINE, President, Board of Aldermen, New York City:

Dear Sir—Pursuant to the provisions of section 188 of the Charter, I respectfully ask that your Honorable Board will request the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of twenty-five thousand dollars (\$25,000) for the use of the Department of Correction during the current year, in the purchase of materials for manufacturing purposes, at the Penitentiary, Blackwells Island.

This amount will be needed for the balance of the year to fill the orders which

we are receiving from other City Departments for brooms, brushes, beds, mattresses, etc.

If this money is not granted, our manufacturing industries will have to close down by October 15.

Below you will find a table showing the value of goods manufactured for the different City Departments for the first eight months of the past five years:

1909	\$80,810 83
1910	77,267 03
1911	95,389 64
1912	108,350 39
1913	131,388 63

Inasmuch as all the money allowed for the above purposes (\$100,000 each year), finds its way to the Sinking Fund, for the reduction of taxation, together with the profits amounting to thirty-five of forty per cent., it would seem that this source of revenue for the City should not be neglected. Very respectfully yours,

PATRICK A. WHITNEY, Commissioner.

No. 4495.

Department of Correction of the City of New York, Commissioner's Office, 148 E. 20th st., New York, September 6, 1913.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen, New York City, New York:

Dear Sir—Pursuant to the provisions of section 188 of the Charter, I respectfully ask that your Honorable Board will request the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of fourteen hundred dollars (\$1,400) to pay the salaries of seven (7) additional Keepers who will be needed to transfer prisoners to and from the courts and jails in Queens County during the months of October, November and December of this year.

In connection with the above, I would also ask that a request be made for special revenue bonds to the amount of one hundred and twenty dollars (\$120) to defray the expenditures for carfare incidental to such transfers.

Enclosed herewith you will find a copy of a communication dated August 28 from the Department of Finance, requesting that appropriate action be taken by this department to comply with the advice of the Corporation Counsel as to the duty imposed upon it by chapter 456 of the Laws of 1912.

Trusting that immediate and favorable action will be taken on this request, I am, very respectfully,

PATRICK A. WHITNEY, Commissioner.

City of New York, Department of Finance, William A. Prendergast, Comptroller, August 28, 1913.

Hon. PATRICK A. WHITNEY, Commissioner, Department of Correction:

Sir—During the current year the Sheriff of Queens County has hired a team and van with driver for the transportation of prisoners to and from courts and jails in Queens County, the expense thereof being made a charge against his appropriation.

In reply to a request from this office the Corporation Counsel on July 28, 1913, advises the Comptroller that—

"The duty of transferring criminal prisoners to and from the courts and jails in Queens County is, under the provisions of chapter 456 of the Laws of 1912, within the jurisdiction of the Commissioner of Correction."

"The Sheriff of Queens County may incur expenses chargeable to appropriation account, Code 3902-1913, Contract or Open Order Service, Transportation, Hire of Horses and Vehicles with Drivers, Care of Prisoners, only in those cases where he is required to provide transportation for civil prisoners, or, in the performance of his criminal duties, in those cases where he is required to provide transportation for criminal prisoners who are transferred beyond the limits of the jurisdiction of the Commissioner of Correction of the City of New York."

"Payment for services rendered as indicated in the voucher mentioned by you cannot be audited as against the appropriation above referred to."

Kindly take appropriate action to comply with the advice of the Corporation Counsel as to the duty imposed upon you by Chapter 456 of the Laws of 1912. Very truly yours,

H. L. SMITH, Assistant Deputy Comptroller.

The Chairman Pro Tem laid before the Board the following communication from the President of the Borough of Queens:

No. 4496.

The City of New York, Office of The President of the Borough of Queens, Long Island City, September 6, 1913.

To the Honorable Board of Aldermen, City of New York.

Gentlemen—I respectfully call your attention to the allotment of Code No. 3238TS of the Bureau of Highways, this Department, for the hire of horses and vehicles and teams with drivers, which appropriation shows the allowance for 99 horses and carts will be exhausted on September 29, 1913, and the allotment for 58 teams will be exhausted on September 27, 1913.

To keep the roads in proper and safe repair for the travelling public, it is absolutely necessary that we employ horses and carts and teams to the number sufficient to carry on the work of properly taking care of the numerous dirt thoroughfares in this Borough.

The Superintendent of the Bureau of Highways reports that it is absolutely necessary to have funds to employ the horses and carts and teams for 63 days each from the date of their expiration until December 15, 1913, and to that end application is hereby made for an issue of special revenue bonds to an amount not exceeding forty-three thousand seven hundred and fifty-three dollars and fifty cents (\$43,753.50), proceeds whereof to be expended by the President of the Borough of Queens to continue the employment of the horses and carts and teams to December 15, 1913, to wit:

Horses and Carts.	
From September 30 to December 15, 1913, 6,237 days at \$3.50 per diem....	\$21,829 50
Teams.	
From September 30 to December 15, 1913, 3,654 days at \$6 per diem....	21,924 00
	\$43,753 50

I would further state that the Bureau of Highways has sufficient work on hand to be done for the balance of the year, and also has funds to employ the laboring forces up to December 15, 1913.

Resolution herewith enclosed. Yours respectfully,

JOSEPH FLANAGAN, Commissioner of Public Works and Acting President of the Borough of Queens.

Resolved, That, pursuant to subdivision 8, section 188, of the Charter of the City of New York, the Board of Aldermen do and hereby authorize the Comptroller of the City of New York to issue Special Revenue Bonds to an amount not exceeding forty-three thousand seven hundred and fifty-three and 50-100 dollars (\$43,753.50), proceeds whereof to be expended by the President of the Borough of Queens, to cover the continuance of the employment of the horses and carts and teams for the necessary repair and upkeep of the roadways of the Borough of Queens, the Budget appropriations for this purpose being insufficient.

The Chairman Pro Tem laid before the Board the following communication from the Board of Education:

No. 4497.

Board of Education, Park Ave. and 59th St., New York, September 11, 1913.

To the President of the Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on September 10, 1913, relative to the issue of special revenue bonds to the amount of \$5,150 to defray the cost of removing two portable buildings from Public School 15 to Forest Hills Gardens, Borough of Queens. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

"September 10, 1913.

"Hon. JOHN GREENE, Chairman, Committee on Finance:

"Dear Sir—I have the honor to advise you that the Committee on Buildings at a meeting held on the 8th inst., had under consideration a communication from Deputy and Acting Comptroller Mathewson, dated September 3, 1913, reading as follows:

"On August 8, 1913, the Board of Education requested the approval of forms of contract, plans, specifications and estimates of cost for the removal of two portable buildings from the premises of Public School 15, and their re-

erection at Russell place and Children's lane, Forest Hills Gardens, Borough of Queens.

"In my opinion this work is in the nature of current expenses, and is not a proper charge against corporate stock. I realize that similar work in the past may have been charged against corporate stock, but all such charges were in violation of the principle on which corporate stock is issued. I suggest that you endeavor to find sufficient funds in your Budget appropriation for this work. It is not right to use the proceeds of fifty-year bonds to pay for temporary conveniences. While the original purpose of the portable buildings was no doubt a proper charge against corporate stock their subsequent removal from place to place should be regarded as current expense."

"It was ordered that the Committee on Finance be requested to present a resolution to the Board of Education asking the Board of Aldermen to authorize an issue of special revenue bonds to the amount of \$5,150 for the above-mentioned purpose. Respectfully yours,

"A. EMERSON PALMER, Secretary, Board of Education."

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be, and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of five thousand one hundred and fifty dollars (\$5,150), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of providing means to defray the cost of removing two portable buildings from the premises of Public School 15, Borough of Queens, and for their re-erection at Russell place and Children's lane, Forest Hills Gardens, Borough of Queens; and that the Board of Estimate and Apportionment be, and it is hereby respectfully requested to authorize such issue upon the request of the Board of Aldermen.

Board of Education, Park Ave. and 59th St., New York, July 15, 1913.  
Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on July 9, 1913, relative to the issue of special revenue bonds to the amount of \$1,038.71 for the payment of additional salaries of per diem employees for the months of July and August, 1913.

Respectfully yours,  
A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of a communication from the Secretary of the Board of Education, under date of July 8, 1913, as follows:

"I have the honor to advise you that the Committee on Buildings, at a meeting held on the 7th inst., had under consideration the following communication from the Superintendent of School Buildings, dated June 7, 1913:

"On June 17, 1913, an ordinance was passed by the Board of Aldermen stating that four hours on any Saturday, during the months of July and August, shall constitute a full day's work for all employees in any department or bureau in The City of New York.

"In making up the Budget for 1913 request was made for an appropriation for the per diem men covering their annual compensation, excluding all holidays and allowing but one-half day's pay on Saturdays.

"In order to cover the additional amount involved, due to the aforesaid ordinance, recommendation should be made to the Committee on Finance of the Board of Education to request special revenue bonds to the amount of \$1,038.71, same to cover the additional salaries for the months of July and August, 1913."

"It was ordered that the Committee on Finance be requested to ask the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$1,038.71 for the above-mentioned purpose."

There is submitted for adoption the following resolution:

Resolved, That the Board of Aldermen be, and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of one thousand and thirty-eight and seventy-one hundredths dollars (\$1,038.71), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of providing means to defray the cost of additional salaries of the per diem employees for the months of July and August, 1913; and that the Board of Estimate and Apportionment be, and it is hereby respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of report and resolution were adopted by the Board of Education on July 9, 1913.

No. 4499.

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, July 24, 1913.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen:

Dear Sir—Agreeable to resolution adopted by the Board of Aldermen on July 15, I hereby renew the department's application for the adoption of the King and Nilo water meters. Very truly yours,

J. W. F. BENNETT, Deputy and Acting Commissioner.

Which was referred to the Committee on Water Supply, Gas and Electricity.

The Chairman Pro Tem laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 4500.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Ave. and 26th St., New York, September 4, 1913.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request permission to purchase in the open market, without public letting, an automobile ambulance, for use in this department at a cost not to exceed \$3,000. Funds were provided in the Budget for 1913 for this purpose. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Which was referred to the Committee on Public Letting.

The Chairman Pro Tem laid before the Board the following communication from the Board of Coroners, Manhattan:

No. 4501.

Board of Coroners, Borough of Manhattan, New York, 70-74 Lafayette St., September 15, 1913.

President, Board of Aldermen, City of New York:

Honored Sir—I enclose you herewith certified copy of the Coroner's jury's finding in the case of Viola White, in which they recommend that an ordinance be passed, compelling elevator operators in the various office and factory buildings, to close the gates or doors before starting the elevator either ascending or descending, and to provide and prescribe for a penalty for each and every violation of said ordinance.

I am heartily in favor and in sympathy with the said recommendation, and I think it will tend to save many lives which otherwise would be lost during the year.

Thanking you for the consideration of this recommendation, I am,

Very truly yours, HERMAN HELLENSTEIN.

Verdict of the Jury in the Case of Viola White.

That the said Viola White came to her death on the 30th day of August, 1913, at 84 5th ave., by compound fracture of skull, caused at the time and place aforesaid, by being crushed between roof of descending elevator car and floor of building, while riding in said elevator, operated by John Cobey; and we recommend that an ordinance be passed by the Board of Aldermen requiring that all elevator operators shall close their gates before starting elevator in motion.

Signed by twelve jurors at inquest held September 4, 1913, before Coroner Herman Hellenstein, and a jury.

Which was referred to the Committee on Laws and Legislation.

The Chairman Pro Tem laid before the Board the following communication from the Municipal Explosives Commission:

No. 4502.

Municipal Explosives Commission of The City of New York, 157 E. 67th St., September 23, 1913.

To the Honorable the Board of Aldermen of The City of New York, City Hall, New York City:

Gentlemen—Herewith find proposed amendments to the regulations of the

Municipal Explosives Commission of this City, pages 1 to 14 inclusive, duly approved by the Fire Commissioner and Chairman ex-officio of this Commission, which we respectfully request you to enact, in pursuance of authority in section 778-C of the Greater New York Charter, thereby making said proposed amendments a part of the Code of Ordinances relating to matters covered by said regulations.

These proposed amendments have been formulated after careful consideration and numerous interviews and consultations with people and interests who will be affected thereby.

Owing to the importance to the City of the greater part of these proposed amendments, we will appreciate your early consideration of the subject. Should you desire, one or more members of the Commission will be pleased to appear before you to give any specific information desired. Very truly yours,

MUNICIPAL EXPLOSIVES COMMISSION,

Geo. O. Eaton, Commissioner.

AN ORDINANCE to amend the regulations of the Municipal Explosives Commission, the same being a chapter of the Code of Ordinances, relating to various matters covered by said regulations.

Be It Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Section 22 of the regulations of the Municipal Explosives Commission is hereby amended to read as follows:

#### GENERAL ORDERS.

No. 569—Int. No. 3390.

The Committee on Laws and Legislation, to which was referred on April 15, 1913 (Minutes, page 181), the annexed ordinance relative to lights on vehicles, respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed amendment to be desirable.

It therefore recommends that the said substitute ordinance be adopted.

#### SUBSTITUTE.

AN ORDINANCE to amend section 458 of article 3 of chapter 12 of part 1 of the Code of Ordinances of The City of New York, relating to the "Rules of the Road."

Be it ordained, by the Board of Aldermen of The City of New York, as follows: Section 1. Section 458 of article 3 of chapter 12 of part 1 of the Code of Ordinances of The City of New York, relating to the "Rules of the Road," is hereby amended so as to read as follows:

458. Lights—Each and every vehicle using the public street or highways of this City, except vehicles of licensed truckmen, shall show between (one hour after) sunset and (one hour before) sunrise, a light or lights, so placed as to be seen from the front and each side; if dash lantern is carried it shall be placed on the left-hand side; such light or lights to be of sufficient illuminating power to be visible at a distance of 200 feet; said light or lights shall show white in front, but may be colored on the sides, excepting licensed truckmen. Every automobile shall exhibit during the same period two lamps showing white lights visible at a distance of 300 feet in the direction toward which the automobile is proceeding, and shall also exhibit a red light, visible in the reverse direction. The lamps shall be so placed as to be free from obstruction to light from other parts of said automobile. No operator of any automobile or other motor vehicle, while operating the same upon the public highway, within the City, shall use any acetylene, electric or other headlight, unless properly shaded so as not to blind or dazzle other users of the highway, or make it difficult or unsafe for them to ride, drive or walk thereon. In the Borough of The Bronx, excepting south of Tremont ave. and 177th st., east of Jerome ave. and west of the Bronx River, and in the Boroughs of Richmond and Queens, and in the 26th, 30th, 31st and 32d Wards of the Borough of Brooklyn, every car or other vehicle between said hours, while moving on, along, or standing upon the portion of streets in said boroughs or parts of boroughs, shall also carry a light or lights of such illuminating power as to be plainly visible 200 feet, both ahead and behind said car or vehicle.

Section 2. This ordinance shall take effect immediately.

Note: Old matter in parenthesis ( ) to be omitted.

City Magistrates' Court, First Division, 11th District, Domestic Relations, Southwest Corner of Wooster and Prince Sts., New York, April 5, 1913.

Hon. HENRY H. CURRAN, Aldermanic Chamber, City Hall, N. Y.:  
My dear Sir—Judge Barlow has informed me that action is about to be taken on an amendment to section 458 of the Ordinances in relation to lights upon vehicles. As I understand it, the amendment is that all vehicles using the public streets within the City should show at sunset and until sunrise lights upon the front and rear thereof. I have not seen the amendment, but if it is as I understand it from Judge Barlow, I should be very much in favor of its adoption. Very truly yours,

R. C. CORNELL, City Magistrate.

Chairman pro tem. put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Coleman, Curran, Delaney, Devine, Downing, Donnelly, Dujat, Eagan, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hamilton, Hannon, Herbst, Igstaedter, Kenneally, Kenney, Levine, Loos, McCann, McCourt, McGarry, McGrath, Moore, Morrison, Muhlbauer, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Pouker, Reardon, Shipley, Stevenson, Walsh, Weston, Wilmot; President Cromwell, President Miller, by Thomas W. No. 571—Int. No. 3690.

The Committee on Laws and Legislation, to which was referred on May 20, 1913 (Minutes, page 526), the annexed ordinance to prevent the feeding of horses in public thoroughfares by others than owners or their agents, respectfully

#### REPORTS:

That, having held a public hearing and carefully examined the subject, it believes the proposed legislation will tend in a great measure to prevent the poisoning of horses.

It therefore recommends that the said ordinance be adopted:

#### SUBSTITUTE.

AN ORDINANCE against feeding horses in public thoroughfares by others than owners or their agents.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

No person other than the owner or his duly authorized agent, shall be permitted to give food in any form whatever to a horse while on the street or highways of The City of New York.

Any person violating this ordinance shall be guilty of an unlawful act and upon conviction thereof before any City Magistrate, shall be punishable by a fine not exceeding \$10, or imprisonment not exceeding 10 days.

This ordinance shall take effect immediately.

Which, on motion of Alderman Folks, was laid over for one week.

No. 577—Int. No. 4402.

AN ORDINANCE in relation to the rehearing of charges against members of the Police Force and Fire Department of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. When a member of the Police Force or Fire Department shall have been reduced after trial by the Police Commissioner or Fire Commissioner from the position or rank theretofore held by him, the person aggrieved may make written application to the Mayor, setting forth the reasons for demanding a rehearing of the charges upon which he was reduced, and provided that such reduced member of such force or department shall waive in writing all claim against The City of New York for back pay, the Mayor may, in writing, consent to such rehearing, stating the reasons why such charges should be reheard.

Such application for a rehearing shall be made within one year after this enactment, or within one year from the date of the reduction, if such reduction occurs after this act takes effect.

Such rehearing shall be had by and before the Police Commissioner of The City of New York, if the applicant be a member of the Police Department, and before the Fire Commissioner, if the applicant be a member of the Fire Department, and if such Commissioner shall determine that such member has been illegally or unjustly reduced from his position or rank, such Commissioner may restore him to the position or rank from which he was reduced, and allow him the whole of his time since any such reduction, to be applied on his time of service in such department, or for such other or further relief as such Commissioner may determine just, or affirm the reduction, as he may determine from the evidence.

Sec. 2. This ordinance shall take effect immediately.

Alderman Nicoll moved that this ordinance be referred to the Committee on Police.

Which motion was lost.

The Chairman pro tem. put the question whether the Board would agree to adopt said ordinance.

Which was decided in the affirmative by the following vote:

Petition for Evening Recreation Centre at Public School No. 168, Brooklyn. To the Board of Aldermen of The City of New York; Hon. Thomas W. Churchill, President of the Board of Education of The City of New York; Hon. William H. Maxwell, Superintendent of Schools; Hon. Edward W. Stitt, District Superintendent of Evening Recreation Centres:

Gentlemen—We, the citizens and business men of the district bounded by Broadway, Myrtle avenue, Nostrand avenue and Lorimer street, in the Borough of Brooklyn, petition and pray that an Evening Recreation Centre be opened in Public School No. 168, on Throop avenue, between Bartlett and Whipple streets, in the Borough of Brooklyn, City of New York.

We have for a long time felt the necessity of a social and recreative centre during the evenings for the young men of our district.

The district above mentioned is one of the most populated and congested districts in the Borough of Brooklyn.

That in this district there are probably 3,000 or 4,000 young men between the ages of 17 and 25 who are daily employed in offices, factories and other occupations between the early hours of the morning and the late hours of the evening.

That the nearest evening recreation centre to our district is located at Public School No. 147, on Bushwick ave., between Siegel and McKibben sts., a distance of about a mile from the centre of this district.

That the young men of our district in order to seek recreation in the Evening Recreation Centres are obliged to travel distances of a mile or more.

That Public School No. 168 of our district, with its splendid facilities in the centre of the above district, offers to our young men a well needed haven for recreation and social intercourse.

That this petition is prompted by the young men of the different athletic, social and literary clubs of this district with our hearty co-operation.

LESTER D. VOLK, M. D., LL. B., 140a Floyd st., Assemblyman, 6th A. D.; HARRY HOWARD DALE, 296 Hooper st., M. C., 4th District, New York; JOHN DIEMER, 43 Ellery st., Alderman, 47th District; GEO. HIEBERGER, 451 Willoughby ave., ex-Assemblyman, 6th A. D.; JACOB J. VELTEN, 179 Montrose ave., Alderman, 62d District; and many others.

AN ORDINANCE to amend the "Public Hack Ordinance," adopted May 27, 1913, and approved June 2, 1913.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Subdivision 3 of article V of the "Public Hack Ordinance," adopted May 27, 1913, and approved June 2, 1913, is hereby amended so as to read as follows:

3. The Mayor is hereby authorized to locate and designate as public hack stands the space alongside the curb adjacent to property used as public parks, public buildings, railroad stations, steamship and ferry landings, hotels, restaurants, theatres, and the centre of any street or avenue where the roadway, exclusive of the sidewalk, is 30 feet in width or more. *Except that stands for sight-seeing cars shall be specially designated as such, at points other than those designated as public hack stands, and in such manner as to avoid any conflict or dispute between rival companies operating such sight-seeing cars; and no person shall stand at or operate any such car at any point for which his car has not been designated.*

Sec. 2. Subdivision 6 of article VII of the "Public Hack Ordinance," adopted May 27, 1913, and approved June 2, 1913, is hereby amended so as to read as follows:

6. No person shall be allowed to ride on the box with the driver. *This provision, however, shall not apply to sight-seeing cars in the front of which there is a seat intended to accommodate two or more persons in addition to the driver.*

Sec. 3. This ordinance shall take effect immediately.

AN ORDINANCE to empower the Police Department of The City of New York to test certain boilers and to examine the operators thereof.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. All boilers in vessels now used on the waters in and around The City of New York not coming under the jurisdiction of the Marine Department of the United States Government are hereby placed under the jurisdiction of the Police Department of The City of New York, which is hereby authorized and empowered to test said boilers and examine the persons operating the same as to their qualifications as engineers. Such tests of boilers and the examination of persons operating the same shall be conducted in accordance with such provisions of the Greater New York Charter and Laws of the State of New York as are applicable to boilers operated on land; and no person shall act as an engineer or to operate any boiler or boilers in any of the vessels herein mentioned unless he shall have a certificate of qualification therefor from practical engineers detailed as such by the said Police Department; such certificate to be countersigned by the officer in command of the sanitary company of said Department, as now required by said charter and laws with reference to boilers operated on land and to the engineers operating the same.

Section 2. Any person acting in violation of the provisions of this ordinance shall be guilty of a misdemeanor.

Section 3. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Section 4. This ordinance shall take effect immediately.

By the same (by request)—  
Whereas, The police protection furnished by The City of New York to this locality is insufficient and has not kept pace with the growth of population, and

Whereas, In consequence thereof residents are compelled, for the protection of their families and homes, to supplement such police protection by engaging the services of independent patrol organizations at their own expense, thus adding to the burden already carried by them as taxpayers of moderate means; therefore be it

Resolved, By the West End Citizens' League, in regular meeting assembled, that this body of taxpayers protests against the continuance of these unjust conditions and reiterates its request that an increase in the number of patrolmen doing duty in this vicinity be immediately made; and further requests that steps be immediately taken to provide a station house on Woodhaven ave., near Myrtle ave., Borough of Queens.

Resolved further, That a copy of these resolutions be forwarded to the Commissioner of Police and to other responsible officials.

No. 4609.

By Alderman Nicoll—

Whereas, On March 11, 1913, there was presented to this Board by the President of the Borough of Manhattan, an ordinance regulating the width of tires, wheel loads and width of vehicles, accompanied by a communication explaining the purpose of the ordinance, which ordinance is hereunto attached; and,

Whereas, Section 288 of Chapter 374 of the Laws of 1910 prohibits local ordinances requiring any owner or chauffeur to pay any tax, fee or permit for the use of the public highways, and contains other provisions seemingly inconsistent with the power of the Board of Aldermen of the City of New York to enact the ordinance above referred to and hereunto attached; and,

Whereas, Numerous requests have been received by the Committee on Laws and Legislation for a public hearing on this ordinance; now, therefore be it

Resolved, That the Corporation Counsel be and he hereby is requested to advise

the Board of Aldermen whether, in his opinion, the ordinance above referred to and hereunto attached is one that can be legally adopted by said Board of Aldermen.

City of New York, Office of The President of The Borough of Manhattan, City Hall, February 24, 1913.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—For some months past the Consulting Engineers of the five boroughs have had under consideration the desirability of securing better control over the use of the streets of the City by vehicles transporting excessive loads. In recent years these vehicles have increased in size and carrying capacity until it is now a common sight to see trucks and wagons carrying from three to five tons of coal, broken rock or building material through the City's streets. There are also a number of vehicles, such as those operated by the Fifth Avenue Stage Coach Company, which are so constructed as to exert an excessive wear and tear upon the pavements. This results, in its last analysis, in imposing upon the taxpayers in general an excessive charge for pavement maintenance, for the benefit of a comparatively few concerns operating such vehicles.

After a very careful examination and inspection of the kinds of vehicles now in use in the city, and the effect of their operation on the various pavements, it is the opinion of the Engineering Board that there are three very glaring abuses which can be, and should be, immediately checked:

(a) Certain vehicles are operated with too narrow tires for the load transported. This results in cutting a gash in an asphalt pavement, which utterly ruins it. The tire should be proportioned to the load the vehicle is intended to carry.

(b) Other vehicles are too heavily loaded for any pavement to support. Our pavements are built upon a 6-inch concrete foundation. This will support an exceedingly heavy traffic. But if a foundation is to be laid to support some of the loads now commonly seen on the streets, the cost of street construction will be greatly increased, thereby imposing a heavy tax upon the city at large for the benefit of a few.

(c) A third class of vehicles are those having an excessive width. The main thoroughfares of the city have recently been widened at considerable expense in order to accommodate two lines of traffic, of regulation width, going in opposite directions. A modern automobile truck or van, measuring eight or nine feet in width, will completely block one extra line of traffic, thereby reducing the capacity of the street by 50 per cent in either direction.

These are evils which can and should be checked at once; and I have accordingly had drawn an ordinance regulating:

(a) the proportion which the load of any vehicle shall bear to its tires; (b) the load which may be carried upon any vehicle, estimated upon the per wheel basis; and (c) the excessive widths of all vehicles.

Recognizing, however, that the construction of large buildings and the progress of many important public works may, at times, necessitate the transportation of heavy timbers or steel beams through the streets, the proposed ordinance further provides for the issuance of single permits for individual trips of this nature, upon payment of specified fees.

The necessity for some regulation of this kind is apparent and urgent. Such excessive wear and tear upon, and concrete damage to the pavements cannot be embraced within the meaning of ordinary street use. In many cases it is unnecessary. It is imposing a constantly increasing burden for pavement maintenance upon the city at large for the benefit of a few; and it is in reality in large part an economic waste.

I recommend, therefore, that the ordinance submitted herewith be placed before your Honorable Body for its early and careful consideration.

Respectfully,  
GEORGE MCANENY, President, Borough of Manhattan.  
AN ORDINANCE Regulating the Widths of Tires, Wheel Loads and Widths of Vehicles.

Be it Ordained by the Board of Aldermen of The City of New York as follows:  
Section 1. No vehicle shall be allowed to use or pass over the pavements of any street of the City of New York after the passage of this ordinance without a license from the Bureau of Licenses of said City; and the Bureau of Licenses of the City of New York is hereby authorized and directed to regulate the widths of tires, loads per wheel, and widths of vehicles using or passing over the pavements of the City of New York, and to issue licenses or permits, to charge and collect fees, in addition to any other fees elsewhere authorized, to employ such clerks and inspectors as may be provided for by the Board of Aldermen and the Board of Estimate and Apportionment, and to provide weighing stations as hereinafter set forth.

Section 2. Annual licenses shall be granted upon payment of the fees specified in the following schedule, to wit:

(a) Vehicles carrying or intending to carry a total gross load of 6,000 pounds, or less, upon any wheel, shall be charged the following annual license fees:

Loads in Pounds Per Inch Width of Tire.	License Fee For Each Vehicle.
750 or less .....	\$1 00
More than 750 but not to exceed 800 .....	3 00
More than 800 but not to exceed 850 .....	6 00
More than 850 but not to exceed 900 .....	12 00
More than 900 but not to exceed 950 .....	25 00
More than 950 but not to exceed 1,000 (maximum) .....	50 00

(b) In addition to the fees provided in subdivision "a," further fees shall be charged for loads greater than 6,000 pounds, but not exceeding 10,000 pounds upon any wheel as follows:

Weights in Pounds Per Wheel.	License Fee For Each Vehicle.
More than 6,000 but not to exceed 6,500 .....	\$75 00
More than 6,500 but not to exceed 7,000 .....	110 00
More than 7,000 but not to exceed 7,500 .....	150 00
More than 7,500 but not to exceed 8,000 .....	200 00
More than 8,000 but not to exceed 8,500 .....	300 00
More than 8,500 but not to exceed 9,000 .....	500 00
More than 9,000 but not to exceed 9,500 .....	750 00
More than 9,500 but not to exceed 10,000 .....	1,000 00

For loads greater than 10,000 pounds per wheel, license fees shall be charged for each vehicle at the additional rate of \$500 for each 1,000 pounds increase in weight, or portion thereof, per wheel; provided, however, that no load greater than 1,000 pounds per inch width of wheel shall in any case be permitted, except as specified in sub-division "d."

(c) Vehicles 6 feet 6 inches or more in width over all shall be charged, in addition to the fees specified in subdivisions "a" and "b," the following annual fees:

Width of Vehicles.	License Fee For Each Inch in Width in Excess of 6 Ft. 6 In.
More than 6 feet 6 inches but not to exceed 7 feet 0 inches .....	\$5 00
More than 7 feet 0 inches but not to exceed 7 feet 6 inches .....	10 00
More than 7 feet 6 inches but not to exceed 8 feet 0 inches .....	15 00
More than 8 feet 0 inches but not to exceed 8 feet 6 inches .....	20 00
More than 8 feet 6 inches but not to exceed 9 feet 6 inches .....	25 00

In determining this fee, any width which is greater than 6 feet 6 inches by a fraction of an inch, or by a distance which contains a fraction of an inch, shall be reckoned as if it were the next greater even inch.

(d) No loads, rigging, harness or other appurtenance shall in any case be allowed to extend beyond the outside limits of any vehicle except as specified in sub-division "c."

(e) In lieu of the fees hereinabove provided for in sub-divisions "a" and "b" for loads of 6,000 pounds or more on any wheel, special permits may be issued for single trips and fees charged therefor, at the rate of 10 per cent of the fees therein provided, except that no such single fee shall be less than \$25; and in lieu of the fees provided in sub-division "c" for excess width of vehicles, special permits for single trips may be granted upon payment of a single fee of not less than \$10.

Section 3. Duplicate plates stating the weight of empty vehicle, the maximum load capacity per inch width of tire and per most heavily loaded wheel and width over all of vehicle, shall be furnished by the City upon payment of the license fees herein established, and shall be permanently attached in a conspicuous place on each side of the vehicle as directed by the Chief of the Bureau of Licenses.

Section 4. Suitable weighing stations shall be established in various parts of the City in such numbers and at such places as may be determined by the Board of Estimate and Apportionment upon the recommendation of the Chief of the Bureau of Licenses. All vehicles shall be weighed at one of such weighing stations whenever required by a duly authorized representative of the Bureau of Licenses.

Section 5. Any violation of the provisions or regulations of this ordinance shall render the owner of such vehicle liable to a revocation of its license, if any be held, and such owner shall be deemed guilty of a misdemeanor, and may upon conviction thereof be fined not less than \$100 nor more than \$500, and in default of payment of such fine may be committed to prison for a term not to exceed ten (10) days.

Section 6. All ordinances, resolutions, permits or licenses heretofore adopted, issued or granted by the City of New York, or by any board, body, council or officer thereof, or by any department, division or bureau thereof, permitting, licensing or regulating the widths of tires, loads per wheel, and widths of vehicles using the pavements of the City of New York, are hereby in all respects repealed, canceled and revoked.

Section 7. This ordinance shall take effect ninety (90) days after the date of its approval by the Mayor.

Which was adopted.

Whereas, By a decision of a court having competent jurisdiction, Section 181 of the Sanitary Code of The City of New York, prohibiting the emission of dense smoke from any building, vessel, stationary or locomotive engine or motor vehicle, place or premises within The City of New York, has been declared unconstitutional and illegal; and

Whereas, It has been reported that an appeal by The City of New York is now pending from the said decision; and

Whereas, If such decision declaring that said section is unconstitutional and illegal be upheld, this City will be without adequate means to prevent the contamination of the atmosphere by smoke; now therefore be it

Resolved, That the Corporation Counsel be and he is hereby requested to inform this Board of the present status of the case and whether in his opinion the appeal by The City of New York will be successful, and if, in his opinion, said appeal will not be successful, that he prepare an ordinance for introduction to this body which will prohibit effectively the emission of dense smoke from any premises, ship or vehicle within the City limits and at the same time meet the test of legality laid down by the court.

Which was adopted.

Alderman Reardon moved that the Board do now adjourn.

The Chairman pro tem. put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Chairman pro tem. declared that the Board stood adjourned until Tuesday, September 30, 1913, at 1.30 o'clock p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

## DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE  
WEDNESDAY, SEPTEMBER 24, 1913.

Below is a statement of warrants made ready for payment on the above date showing therein the Department of Finance voucher number, the date or dates of the invoices or bills, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the claim.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given.

All of the warrants mentioned are forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office as to any of the below mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WM. A. PRENDERGAST, Comptroller.

## VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE WEDNESDAY, SEPTEMBER 24, 1913.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date, in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller.

The bidder shall state, both in writing and in figures, a price for doing all of the work called for in each class of the contract, and a total or aggregate price for doing all of the work called for. The contract is entire and for a complete job, and if awarded, will be awarded to the bidder whose price is lowest for doing all of the work called for and whose bid is regular in all respects.

In case of discrepancy between the written price and that given in figures, the price in writing will be considered as the bid.

Work must be done at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the said department.

#### PUBLIC SERVICE COMMISSION.

##### Proposals.

##### INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

THE PUBLIC SERVICE COMMISSION FOR the First District (hereinafter called "the Commission") invites proposals to construct Section No. 2 of Routes 4 and 38, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York be-

tween which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point under Greenwich st., in the Borough of Manhattan, near the intersection of West Broadway, about seventy (70) feet south of the southerly building line of Vesey st., and extending thence northerly under Greenwich st., West Broadway and Varick st. to a point about one hundred (100) feet south of the southerly building line of Beach st.

Also a branch to this line, beginning at a point under Park place, in the Borough of Manhattan, about one hundred and seventeen (117) feet east of the easterly line of West Broadway, and curving thence northwesterly under Park place, private property and West Broadway to a connection with the main line.

The general plan of construction calls for a subsurface railroad having two and four tracks. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing, where necessary, of all buildings, monuments, surface and elevated railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof, and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth and other requirements, provisions, details and specifications are stated in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction, as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit Company, for the equipment, maintenance and operation of additional rapid transit railroads.

The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five (95) per cent. of the aggregate sum arrived at by multiplying the estimated approximate quantities by

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the contractor will be required to furnish security to the City by giving a bond for Seventy-five Thousand Dollars (\$75,000). At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds, and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

#### Filing Preliminary Abstracts.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of CENTRAL AVENUE (although not yet named by proper authority), between Myrtle avenue and Proctor street, in the Second Ward, Borough of Queens, City of New York, as amended by an order of the Supreme Court, dated the 29th day of August, 1911, and entered in the office of the Clerk of the County of Queens on the 30th day of August, 1911, so as to relate to Sections 29 and 30 of the final maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and Section 34 of the final maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 24 day of July, 1909, and also by making it include the entire length of the street between Myrtle avenue and Edsall avenue, and by further amending it so as to make said proceeding relate to Central avenue, as now shown on the map or plan of The City of New York. The land to be acquired in this proceeding is more particularly described in the petition attached to the aforesaid order.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 8th day of October, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 9th day of October, 1913, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House square, Long Island City, in the Borough of Queens, in The City of New York, on

or before the 8th day of October, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 10th day of October, 1913, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the amended area of assessment for benefit by the Board of Estimate and Apportionment on the 23d day of March, 1911, and that the said area of assessment, as amended, includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Central avenue and Edsall avenue, as laid out between Schley street and Edison place, where it is intersected by the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Central avenue, as this street is laid out where it adjoins Myrtle avenue, the said distance being measured at right angles to Central avenue, and running thence eastwardly along the said line midway between Edsall avenue and Central avenue and along the prolongation of the said line, to the intersection with a line midway between Proctor street and McCombs place; thence northwardly along the said line midway between Proctor street and McCombs place, and along the prolongation of the said line, to the intersection with a line always distant 100 feet northerly from and parallel with the northerly line of Edsall avenue, the said distance being measured at right angles to Edsall avenue; thence eastwardly along the said line parallel with Edsall avenue to the intersection with the prolongation of a line midway between Sprague street and Griffith avenue; thence southwardly along the said line midway between Sprague street and Griffith avenue, and along the prolongation of the said line, to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of Copeland avenue and the southerly line of Central avenue, as these streets are laid out between Griffith avenue and Proctor street; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of Copeland avenue and the southerly line of Central avenue, as these streets are laid out between Proctor street and Ridgewood place; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of Myrtle avenue and the southerly line of Central avenue, as these streets are laid out between Tompkins place and Richard avenue; thence westwardly along the said bisecting line to a point distant 100 feet southerly from the southerly line of Central avenue, the said distance being measured at right angles to Central avenue; thence westwardly and southwardly and always distant 100 feet southerly and easterly from and parallel with the southerly and easterly line of Central avenue, and the prolongation thereof, to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Myrtle avenue, the said distance being measured at right angles to Myrtle avenue; thence westwardly along the said line parallel with Myrtle avenue to the intersection with a line parallel with Central avenue, as this street is laid out where it adjoins Myrtle avenue, and passing through the point of beginning; thence northwardly along the said line parallel with Central avenue to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, in the Municipal Building, Court House square, in the Borough of Queens, in said City, there to remain until the 9th day of October, 1913.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 19th day of December, 1913, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, August 19, 1913.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of THATFORD AVENUE, from Riverdale avenue to Stanley avenue, and OSBORN STREET, from Riverdale avenue to Vienna avenue, in the Twenty-sixth and Thirty-second Wards, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their amended and supplemental estimate of damage, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 26th day of September, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 29th day of September, 1913, at 10.30 o'clock a. m.

Second—That the undersigned, Commissioner of Assessment, has completed his amended and supplemental estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn,

in The City of New York, on or before the 26th day of September, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 30th day of September, 1913, at 10.30 o'clock a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 26th day of January, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line midway between Rockaway avenue and Thatford avenue, distant 100 feet northerly from the northerly line of Riverdale avenue, and running thence eastwardly and parallel with Riverdale avenue to the intersection with a line midway between Osborn street and Watkins street; thence southwardly along the said line midway between Osborn street and Watkins street to a point distant 100 feet southerly from the southerly line of Vienna avenue; thence westwardly and parallel with Vienna avenue to the intersection with a line midway between Thatford avenue and Osborn street; thence southwardly along the said line midway between Thatford avenue and Osborn street to a point distant 100 feet southerly from the southerly line of Stanley avenue; thence westwardly and parallel with Stanley avenue to the intersection with a line midway between Rockaway avenue and Thatford avenue; thence northwardly along the said line midway between Rockaway avenue and Thatford avenue to the point or place of beginning.

Fourth—That the abstracts of said amended estimate of damage and of said amended assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 1st day of October, 1913.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 29th day of October, 1913, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Ashokan Reservoir, Section 10, Parcels 479, 480, 481 and 482; Section 11, Parcels 511 and 515.

PUBLIC NOTICE IS HEREBY GIVEN THAT the report filed on May 24, 1913, in the office of the Clerk of the County of Ulster, of Irving L. Ernst, Patrick J. Shea and Edward L. Merritt, who were duly appointed Commissioners in the above entitled proceeding by an order of the Supreme Court dated December 3, 1910, as resubmitted by an order of said Court dated October 7, 1911, and duly filed in the office of the Clerk of the County of Ulster, will be presented for confirmation to this Court at a Special Term thereof, to be held in and for the Third Judicial District, at the County Court House, in the City of Kingston, County of Ulster, N. Y., on the 4th day of October, 1913.

And for such other and further relief as may be just and proper, reserving to The City of New York the right to oppose each and any award, recommendation and computation included in said report.

Dated New York, September 5, 1913.

ARCHIBALD R. WATSON, Corporation Counsel, Hall of Records, New York City. \$12.04

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
