The Committee on Construction made report, dated June 22, regarding the acquirement by the City of the fee simple, in lieu of an easement in perpetuity, in the lands upon the line of the New Aqueduct, and recommended the adoption of the following preamble and resolution : Whereas, In the progress of the work upon the New Croton Aqueduct it has become apparent to the Aqueduct Commissioners that the best interest of the City required that for the proper con-struction, future protection and maintenance of the said Aqueduct, the City should acquire the fee simple in lieu of an easement in perpetuity in nearly all the parcels of land not heretofore taken in fee upon the line of said Aqueduct, between the Croton river and the Gate-house at One Hundred and Thirty-fifth street and Convent avenue in this City ; now, therefore, be it Resolved. Under date of June 19, the Comptroller gave notice of the issue of warrants for vouchers not certified by the Aqueduct Commissioners, and appertaining to the work of the Commissioners of Appraisal for New York City and County, amounting to the sum of \$1,000; which notice was read, and ordered placed upon file, and entered upon the books of this Commission.

The Secretary presented a request from the Comptroller for a set of the lithograph copies of the plans of the New Aqueduct and its appurtenances; and on motion of Commissioner Dowd, the Secretary was instructed to furnish said copies.

The Secretary verbally reported that the apartments leased from Mr. Charles Schwarz for the use of the engineers at Highbridge Park, were now nearly ready for occupancy, and the lease ready for execution; and on motion of Commissioner Barnes, it was

The Chief-Engineer, under date of June 17, reported the suspension, on that day, of the Engi-neer Corps and laborers heretofore engaged upon the surveys of the proposed Jerome Park Reser-voir, and his assignment to duty elsewhere of Assistant-Engineer Swan, Leveler Bonnett, and Rod-man Rathborne, of that corps, which action was approved by the Commissioners, and the report ordered placed upon file.

The Chief-Engineer next made report, of this date, concerning the past observance by the con-tractors of the requirements of section 29 of the contracts relating to light and ventilation in the

tunnels, and the orders lately given by him to enforce more strict compliance with said requirements hereafter. The report was read, and ordered placed upon file.

The Chief-Engineer next submitted a report supplemental to that of June 15, upon the cements used in the construction of the New Aqueduct, and on motion of Commissioner Dowd, the Secre-tary was directed to furnish to each of the Commissioners a copy of this last report, and to place

the original on file. A letter was received from Messrs. O'Brien & Clark, and Heman Clark, dated June 22, 1886, giving notice that they should "hold the City liable for all damages arising from the delay in payment of the monthly estimates."

The notice was read, and ordered placed on file ; and the Secretary directed to transmit a copy thereof to the Comptroller.

A communication was received from Mr. James O'Friel, asking an examination of a new mate-rial for constructing the arches, etc., for the lining of the aqueduct; and on motion of Commissioner Baldwin, it was referred to the Chief Engineer for investigation and report.

This day having heretofore been fixed for resuming consideration of the proposed construction of the Quaker Bridge and the Muscoot Dams and Reservoirs, those matters were called up by Com-missioner Baldwin, and, on his motion, their consideration was deferred until Thursday, July 1st, next.

Commissioner Fish offered the following resolution :

Resolved, That until otherwise ordered the stated meetings of the Aqueduct Commissioners be hereafter held at the hour of 2 o'clock P. M. The resolution was adopted unanimously.

The early closing of the office of the Commissioners on Saturdays during the summer months was then considered, and, on motion of Commissioner Spencer, the Chief Engineer and Secretary were authorized, until otherwise ordered, to grant to the employees of their respective departments half-holidays on Saturdays, when the same can be done without detriment to the work of the Commission.
