COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 2 o'clock p. m., on Friday, June 11, 1909.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; James J. Martin, Chamberlain; Patrick F. McGowan, President, Board of Aldermen and Timothy P. Sullivan, Chairman, Finance Committee, Board of Aldermen.

The following communication was received from the Commissioner of Docks relative to a lease of water-front property between Fifty-first and Fifty-second streets, South Brooklyn, to the Commercial Coal Company:

June 2, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—After due consideration I am of the opinion that the interests of the City would be best served by a lease to the Commercial Coal Company of the following described platform:

Beginning at a point in the existing sheet pile bulkhead between Fifty-first and Fifty-second streets, South Brooklyn, distant 930 feet westerly from the west line of First avenue and 130 feet northerly from the westerly prolongation of the northerly line of Fifty-second street; running thence northerly and parallel with the west line of First avenue 100.35 feet to the westerly prolongation of the centre line of Fifty-first street.

Thence easterly along the westerly prolongation of the centre line of Fifty-first street 30 feet.

Thence southerly and again parallel with First avenue 100.35 feet; and

Thence westerly and parallel with the westerly prolongation of the centre line of Fifty-first street 30 feet to the point or place of beginning.

The lessee shall have the privilege of erecting upon said platform the necessary structures and appliances for carrying on the coal business.

The lease to be for a term of five years commencing on the date that said platform shall be completed and ready for occupancy, with privilege of renewal for a further term of five years. The rental shall be at the rate of \$1,500 per annum for the first term and for the renewal term 10 per cent. advance over the first.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

The proposed rental being fair, I would advise that this lease be made as proposed by the Commissioner of Docks and Ferries.

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the Commercial Coal Company of the following described platform:

Beginning at a point in the existing sheet pile bulkhead between Fifty-first and Fifty-second streets, South Brooklyn, distant 930 feet westerly from the west line of First avenue and 130 feet northerly from the westerly prolongation of the northerly line of Fifty-second street; running thence northerly and parallel with the west line of First avenue 100.35 feet to the westerly prolongation of the centre line of Fifty-first street; thence easterly along the westerly prolongation of the centre line of Fifty-first street 30 feet; thence southerly and again parallel with First avenue 100.35 feet; and thence westerly and parallel with the westerly prolongation of the centre line of Fifty-first street 30 feet to the point or place of beginning.

—the lessee to have the privilege of erecting upon said platform the necessary structures and appliances for carrying on the coal business.

The lease to be for a term of five years commencing on the date that said platform shall be completed and ready for occupancy, with privilege of renewal for a further term of five years. The rental shall be at the rate of fifteen hundred dollars (\$1,500) per annum for the first term, and for the renewal term 10 per cent. advance over the first. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries and as recommended by the Commissioner of Docks in communication dated June 2, 1909.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks relative to a lease of the south side of the pier at the foot of West Forty-first street, Borough of Manhattan, to the Central Railroad Company of New Jersey:

June 2, 1909

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—After due consideration I am of the opinion that the interests of the City would be best served by a lease to the Central Railroad Company of New Jersey of the following described property:

The south side of the pier at the foot of West Forty-first street, commencing at a line in said pier about 700 feet from the outer end (being the easterly line of the property leased to E. E. Olcott) and extending inshore a distance of 95 feet, more or less, to the westerly end of the existing dumping board now used by the Consolidated Gas Company, including the use of the entire surface of the pier (opposite the 95 feet), subject, however, to all the rights of the Consolidated Gas Company by virtue of an agreement made December 9, 1903, between the said company and The City of New York, by the Commissioner of Docks, for a term commencing from the first day of the month next succeeding the date upon which said lease shall be approved by the Commissioners of the Sinking Fund, at a rental of \$1,200 per annum, and for the renewal term, if any, 10 per cent. advance on rental for first term; and shall be co-terminus with the existing lease to E. E. Olcott of the outer 700 feet of said pier or any renewal thereof.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

In order to be similar to the usual lease of wharf property used by the Dock Department, this lease must contain a clause allowing the City to terminate the lease in case it decides to improve the property. The rental named is fair, and I would advise that the lease be made as proposed by the Commissioner of Docks and Ferries.

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the Central Railroad Company of New Jersey, of the following described property:

The south side of the pier at the foot of West Forty-first street, commencing at a line in said pier about 700 feet from the outer end (being the easterly line of the property leased to E. E. Olcott) and extending inshore a distance 95 feet, more or less, to the westerly end of the existing dumping board now used by the Consolidated Gas Company, including the use of the entire surface of the pier (opposite the 95 feet) subject, however, to all the rights of the Consolidated Gas Company by virtue of an agreement made December 9, 1903, between the said Company and The City of New York, by the Commissioner of Docks, for a term commencing from the first day of the month next succeeding the date upon which said lease shall be approved by the Commissioners of the Sinking Fund, at a rental of twelve hundred dollars (\$1,200) per annum and for the renewal term, if any, 10 per cent. advance on rental for the first term; and shall be coterminous with the existing lease to E. E. Olcott of the outer 700 feet of said pier or any renewal thereof.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated June 2, 1909.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, relative to a lease of the northerly half of the pier, foot of East Fourth street, East River, to James Shewan & Sons:

May 10, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—After due consideration I am of the opinion that the interests of the City would be best served by the granting of a lease to James Shewan & Sons of the northerly half of the pier, foot of East Fourth street, East River, commencing at the outer end of said pier and extending inshore a distance of 342.47 feet, with privilege of mooring a dry dock thereat, for a term of five (5) years, from May 1, 1909, at a rental of \$2,000 per annum, with privilege of one renewal for a further term of five (5) years at an advance of 10 per cent.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

Under a lease dated June 6, 1899, James Shewan & Sons became the lessees of the northerly half of the pier foot of East Fourth street, together with the bulkhead and return along the northerly side of said street, said return being about 250 feet in length, with privilege of berthing a dry dock thereat, for a term of ten years from the 1st day of May, 1899.

Under the lease, as proposed, the rental will be increased about 14 per cent., and in addition the bulkhead return, about 250 feet in length, will revert to the City for general wharfage purposes.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

The terms of this are more advantageous than the former lease and considering the nature of the business for which the property is to be used, I consider the rental fair. I would therefore recommend that the lease be made as proposed by the Commissioner of Docks and Ferries.

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to James Shewan & Sons, of the northerly half of the pier, foot of East Fourth street, East River, commencing at the outer end of said pier and extending inshore a distance of 342.47 feet, with privilege of mooring a dry dock thereat, for a term of five (5) years, from May 1, 1909, at a rental of two thousand dollars (\$2,000) per annum, with privilege of one renewal for a further term of five (5) years at an advance of 10 per cent. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated May 10, 1909.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Street Cleaning, relative to a lease of the premises at No. 872 Bergen street, Borough of Brooklyn:

May 5, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Sinking Fund Commission:

SIR—I request the consent and approval of your Board, pursuant to section 541 of the Charter, for a lease from Charles E. Heney (residing at No. 438 Third street, Brooklyn) of the westerly store of No. 872 Bergen street, Borough of Brooklyn, with a portion of the cellar beneath, 20 feet by 20 feet, for the term of three years, beginning with May 1, 1909, at the annual rental of \$300, payable quarterly, the lessor to furnish sufficient toilet facilities and to put and keep the premises in good tenantable condition and repair and to pay for the water used on the premises during the term of the lease. The store is described as 12 feet by 50 feet and this leasehold is intended to take the place of the lease of premises at No. 753 Bergen street, which expired May 1, 1909.

Respectfully,

WM. H. EDWARDS, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

June 3, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Department of Street Cleaning, in a communication addressed to his Honor the Mayor as Chairman of the Commissioners of the Sinking Fund, requests the consent and approval of the Commissioners, pursuant to section 541 of the Charter, to a lease from Charles E. Heney, residing at No. 438 Third street, Brooklyn, of the westerly store of No. 872 Bergen street, Borough of Brooklyn, with a portion of the cellar beneath, 20 by 20 feet, for the term of three years beginning May 1, 1909, at an annual rental of \$300, payable quarterly; the lessor to furnish sufficient toilet facilities and to put and keep the premises in good tenantable condition and repair and to pay for water used on the premises during the term of the lease. The property desired to be leased takes the place of the premises at No. 753 Bergen street, the lease of which expired May 1, 1909, and is a small store about 9 by 50 feet, and the cellar underneath, 8 by 45 feet.

The highest price paid for stores of these dimensions in this block is \$15 a month, which is paid by the barber. The other stores rent as low as \$12, and some at \$13. The rent so paid includes the use of a coal bin in the cellar.

If the City obtains a portion of the cellar, 8 by 45 feet, and it is partitioned off, it will be worth \$5 additional a month, making a total rental value of \$20 a month.

I have been informed that the owner of the property is one James J. Kinsella, although the Commissioner desires the lease made with Charles E. Heney. I therefore assume that Mr. Heney has the property under lease from the owner and that the City is a sublessee.

I therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Commissioner of the Department of Street Cleaning and authorize a lease from Charles E. Heney, residing at No. 438 Third street, Brooklyn, of the westerly store of No. 872 Bergen street, near Classon avenue, Borough of Brooklyn, with a portion of the cellar beneath not less than 8 by 45 feet, for the term of three years from May 1, 1909, at an annual rental of \$240, payable quarterly; the lessor to furnish sufficient toilet facilities and to put and keep the premises in good tenantable condition and repair and to pay for the water used on the premises during the term of the lease.

Respectfully submitted for approval.

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from Charles E. Heney, of the westerly store of No. 872 Bergen street, near Classon avenue, Borough of Brooklyn, with a portion of the cellar beneath, not less than 8 by 45 feet, for a term of three years from May 1, 1909, at an annual rental of two hundred and forty dollars (\$240), payable quarterly; the lessor to furnish sufficient toilet facilities and to put and keep the premises in good tenantable repair and to pay for water used on the premises during the term of the lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to claim of the Globe Storage and Carpet Cleaning Company for rent of premises at Nos. 305 and 307 East Sixty-first street, Borough of Manhattan, occupied by the Board of Elections:

June 4, 1909.

Commissioners of the Sinking Fund, No. 280 Broadway, New York City:

GENTLEMEN—I transmit herewith Claim No. 57451 of the Globe Storage and Carpet Cleaning Company, together with report of the Bureau of Law and Adjustment of this Department, dated May 20, 1909, and all papers.

Said matter is transmitted to you for your information and such action thereon as you may deem advisable pursuant to the recommendations contained in said report.

Yours truly,

N. TAYLOR PHILLIPS, Deputy Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
May 20, 1909.

In the matter of Claim No. 57451 of the Globe Storage and Carpet Cleaning Company for the sum of \$500 for rent of premises Nos. 305 and 307 East Sixty-first street, Borough of Manhattan, rented to the Bureau of Elections for the months of January, February and March, 1909.

J. T. MAHONEY, Esq., Chief, Bureau of Law and Adjustment:

SIR—Under date of April 13, 1909, there was filed in this Department by the Globe Storage and Carpet Cleaning Company a claim for the sum of \$500 for the

rent of premises Nos. 305 and 307 East Sixty-first street to the Bureau of Elections for the months of January, February and March, 1909, at the rate of \$166.66 per month.

Under date of April 22, 1909, George W. Van Sycle appeared and gave the following testimony concerning this claim: He stated that he resides at premises known as No. 200 East Sixty-second street, Borough of Manhattan; that he holds the office of secretary of the claimant company, which is a corporation existing under and by virtue of the Laws of the State of New York; that as such secretary he is familiar with the details connected with this claim; that it amounts to the sum of \$500 and is for three months' rent for premises Nos. 305 and 307 East Sixty-first street; that said premises are owned by the claimant company and were rented from January 1, 1908, to December 31, 1908, to the Bureau of Elections at a yearly rental of \$2,000; that on December 31, 1908, the lease expired, but the City held over in possession until March 31, 1909, at which time the City was requested to vacate; that there was no lease in existence for the months of January, February and March, 1909, but the City had the use and it occupied said quarters all of said period, and that the rental set forth in the lease is due and owing at the sum of \$500.

Under date of April 6, 1909, Michael T. Daly, Chief Clerk of the Board of Elections, in a communication to the Comptroller dated April 6, 1909, states that the Board of Elections received a written notice to quit and surrender the premises in East Sixty-first street on April 1, 1909, and that they did surrender possession of said premises at 2.30 p. m. on March 31, 1909, at which time the property belonging to the Board was out of the building; that the key of said premises was accepted by William Wack, who was in charge of the warehouse at the time; that there was no lease for said period, as the lease had expired on December 31, 1908. Enclosed with said communication was a copy of a communication from the Globe Storage and Carpet Cleaning Company, signed A. B. Yetter, President. In this communication the company requested possession of the premises on the ninth floor of premises Nos. 305 and 307 East Sixty-first street at 12 o'clock noon on April 1, 1909.

Mortimer J. Brown, Appraiser of Real Estate in this Department, in a report dated April 21, 1909, verifies the facts set forth in the testimony of the representative of the claimant company, and states that the Commissioners of the Sinking Fund at the meeting on April 21, 1909, adopted a resolution authorizing the least of premises on Second avenue, which were to take the place of premises vacated by the Board of Elections, belonging to the Globe Storage and Carpet Cleaning Company of East Sixty-first street. The Appraiser recommends that this claim be submitted to the Commissioners of the Sinking Fund in order that the necessary resolution be adopted authorizing the payment of the sum of \$500 from the fund of Rents, to the claimant company for the holdover period of January, February and March, 1909, at a monthly rental of \$166.66, upon being assured that the company does not intend to hold the City for one year's rent as a holdover tenant.

There was received in the Auditing Bureau of this Department on January 21, March 4 and March 31, 1909, three vouchers drawn to the order of the President of the Globe Storage and Carpet Cleaning Company in the sum of \$166.66 each for rent of premises Nos. 305 and 307 East Sixty-first street, for the months of January, February and March, 1909. Said vouchers were certified to by Michael T. Daly, Chief Clerk of the Board of Elections, together with Commissioners Dooling, Kane and Fuller. These vouchers were never audited in this Department, as there was no lease in existence for this period, and no resolution of the Commissioners of the Sinking Fund authorizing the payment thereof.

William J. King, an Examiner in this Department, in a report dated May 12, 1909, verifies the facts in the various communications above set forth, and recommends that after proper action by the Sinking Fund Commission, claimant be paid the sum of \$500.

In view of the foregoing, it is respectfully recommended that this report and all papers be forwarded to the Commissioners of the Sinking Fund for the adoption of the necessary resolution authorizing the payment of the rent of premises Nos. 305 and 307 East Sixty-first street, for the months of January, February and March, 1909, during which period said premises were occupied by the Board of Elections without a lease, and it is also recommended that after the adoption of said resolution, and the audit of vouchers for the payment of this rent, that a general release be obtained from the claimant company of any and all claims it might have against The City of New York for rent of said premises by reason of holdover after the expiration of the lease of 1908.

Respectfully,

H. J. CURTIS, Law Clerk.

Approved:

J. T. MAHONEY, Chief, Bureau of Law and Adjustment.

Approved:

N. TAYLOR PHILLIPS, Deputy Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to pay to the Globe Storage and Carpet Cleaning Company, the sum of five hundred dollars (\$500), being the rental of premises at Nos. 305 and 307 East Sixty-first street, Borough of Manhattan, occupied by the Board of Elections, for the months of January, February and March, 1909, said payment to be in full of any and all claims the Globe Storage and Carpet Cleaning Company may have against The City of New York for rent of said premises by reason of holdover after the expiration of the lease of 1908.

The report was accepted and the resolution unanimously adopted.

The Comptroller submitted the following relative to the proposed sale and removal of the buildings located at the proposed site of the Manhattan plaza of the Manhattan Bridge:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
June 9, 1909.

To the Honorable the Commissioners of the Sinking Fund, City Hall, New York City:

GENTLEMEN—I transmit herewith for your consideration copy of a communication from the Commissioner of Bridges regarding the sale and removal of buildings located on the proposed site of the Manhattan plaza of the Manhattan Bridge.

This matter was laid over for further consideration at the last meeting of your Honorable Body, and the Commissioner of Bridges now desires its immediate determination.

Yours respectfully,

H. A. METZ, Comptroller.

DEPARTMENT OF BRIDGES,
June 4, 1909.

Hon. HERMAN A. METZ, Comptroller, No. 280 Broadway, New York City:

DEAR SIR—I have been informed that at the meeting of the Commissioners of the Sinking Fund, held on the 26th ult., the matter of authorizing the sale of buildings remaining at the site at the Manhattan plaza of the Manhattan Bridge, in the block bounded by the Bowery, Canal street, Chrystie street and Bayard street, was laid over for future consideration.

The sale of these buildings at public auction had already been authorized by resolution of the Commissioners of the Sinking Fund, adopted on April 21, 1909. In view, however, of the recent amendment to section 1553 of the Greater New York Charter, whereby the Commissioners of the Sinking Fund are empowered to sell buildings upon receipt of sealed bids therefor, and on your request, I agreed that the sale of these buildings be deferred to a date not later than June 10, 1909, in order that the Commissioners of the Sinking Fund might adopt a resolution authorizing the sale of the buildings upon the receipt of sealed bids instead of at public auction.

It is very unfortunate that delay has occurred in the removal of the buildings at the bridge plaza. The entire plaza area should have been graded before this. The contractor for the construction of the bridge approaches, Mr. John C. Rodgers, is under contract obligation to do this grading. Under the terms of his contract with the City he shall complete all the work by September 1, 1909.

Bids were opened yesterday for all the paving required for the bridge and approaches, and for all the track work on the bridge. Under this proposed contract the roadway approaching the bridge from the Bowery and Canal street must be constructed.

The plans for railway equipment at the plaza are completed and it is expected to contract for some of this work before the end of the summer.

With buildings still remaining on the plaza, the City is in the dilemma of having contracted for work to be done on land not yet cleared of structures and of being ready to contract for further work on the same land.

I therefore respectfully request that the Commissioners of the Sinking Fund authorize the immediate sale of all the buildings remaining on land acquired for the purposes of the Manhattan Bridge and located in the block bounded by the Bowery, Canal street, Chrystie street and Bayard street, in the Borough of Manhattan.

Yours truly,

J. W. STEVENSON, Commissioner.

The Commissioner of Bridges appeared before the Board and urged that immediate action be taken to remove the buildings from the bridge plaza.

Discussion on the matter followed.

The Chair put the question on a resolution to authorize a sale at public auction or by sealed bids of the buildings on the block bounded by the Bowery, Canal, Chrystie and Bayard streets, in the Borough of Manhattan.

Which resolution was lost by the following vote.

Affirmative—The Mayor and Chamberlain.

Negative—The Comptroller, President of the Board of Aldermen and the Chairman, Finance Committee, Board of Aldermen.

The Comptroller presented the following report and offered the following resolution relative to the action of the Armory Board in accepting the bid of S. Motta for Item No. 5, furnishing and installing Observer Station in the armory of the Thirteenth Coast Artillery District, Borough of Brooklyn, in the sum of \$1,574:

June 7, 1909.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Armory Board, held June 7, 1909, the following was adopted:

"Resolved, That the bid of S. Motta, No. 201 Mott street, Borough of Manhattan, for Item No. 5, furnishing and installing Observer Station in the armory of the Thirteenth Coast Artillery District, Borough of Brooklyn, in the sum of \$1,574, be accepted, being the lowest formal bid received for said work; that the same be submitted to the Commissioners of the Sinking Fund for concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved, the Chairman of the Armory Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected and the Comptroller requested to return the deposits received from the unsuccessful bidders."

I would report: On June 2, 1909, the Armory Board received and opened bids for furnishing and installing Observer Station in the armory of the Thirteenth Coast Artillery District, Borough of Brooklyn:

The Reynolds-Metz Company.....	\$2,213 00
Louis Mader	1,785 00
C. L. Dooley.....	1,776 00
Neptune B. Smyth.....	1,697 00
S. Motta	1,574 00

The bid, \$1,574, of S. Motta, being the lowest bid received for said work, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution adopted by the Armory Board at meeting held June 7, 1909:

"Resolved, That the bid of S. Motta, No. 201 Mott street, Borough of Manhattan, for Item No. 5, furnishing and installing Observer Station in the armory of the Thirteenth Coast Artillery District, Borough of Brooklyn, in the sum of \$1,574, be accepted, being the lowest formal bid received for said work; that the same be submitted to the Commissioners of the Sinking Fund for concurrence, and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of the Armory Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected and the Comptroller requested to return the deposits received from the unsuccessful bidders."

The report was accepted and the resolution unanimously adopted.

Whereas, The City Superintendent of Schools has recommended that the old building on Middagh street, near Henry street, Borough of Brooklyn, formerly occupied as Public School 8, be turned over to the Commissioners of the Sinking Fund, as the upper part of the building is in poor condition, and the Bureau of Buildings, Borough of Brooklyn, has declared the building unsafe; and

Whereas, Hon. Horace E. Dresser the member of the Board assigned to District No. 27 in which said building is located has approved this recommendation; therefore be it

The Comptroller presented the following report and offered the following resolution, recommending a sale at public auction of the building old Public School 8, situated on the northerly side of Middagh street, west of Henry street, Borough of Brooklyn, and assignment of the property when the building has been removed to the Police Department as a site for the purpose of erecting thereon a stationhouse, prison and stable for the One Hundred and Fiftieth Police Precinct:

Hon. HERMAN A. METZ, Comptroller:

June 9, 1909.

SIR—The Board of Education at a meeting held May 26, 1909, adopted a resolution which is hereto annexed, turning over to the Commissioners of the Sinking Fund for such disposition as they may deem advisable the old Public School 8, situated on the northerly side of Middagh street, west of Henry street, Borough of Brooklyn.

Old Public School 8 was acquired by four separate deeds, two of which deeds, upon which the present school house now stands, were given to the City July 31, 1845, and July 8, 1847, the total consideration being for the two parcels \$4,550.93. The plot upon which the playground is situated, being 48 feet in width, was acquired March 1, 1876, in two separate deeds for the consideration of \$14,500, making a total consideration of \$19,050.93.

The Commissioner of the Department of Police in a communication dated June 4, 1909, requests that the Commissioners of the Sinking Fund turn over to the Police Department the premises recently turned over to the Commissioners of the Sinking Fund by the Board of Education and formerly occupied by Public School 8, for the purpose of erecting thereon a stationhouse, prison and stable for the One Hundred and Fiftieth Police Precinct, for the reason that the stationhouse now occupied by the Police Department in lower Fulton street, Brooklyn, is unfitted for the use of the Department.

I would respectfully recommend that the Commissioners of the Sinking Fund receive from the Board of Education the premises described in the resolution, in accordance with the provisions of section 205 of the amended Greater New York Charter, and in accordance with the same section, turn over to the Commissioner of the Department of Police the said old Public School 8, on Middagh street, near Henry street, Borough of Brooklyn, for the purpose of erecting thereon a stationhouse, prison and stable for the One Hundred and Fiftieth Police Precinct, the Comptroller to dispose of the old school building and contents prior to the taking of physical possession by the Police Department.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Whereas, The Board of Education has turned over to the Commissioners of the Sinking Fund the old Public School 8, situated on the northerly side of Middagh street, west of Henry street, in the Borough of Brooklyn, by a resolution adopted at a meeting held May 26, 1909; and

Whereas, The Police Commissioner, in a communication dated June 4, 1909, has requested the Commissioners of the Sinking Fund to turn said property over to the Police Department for the purpose of erecting thereon a station house, prison and stable for the One Hundred and Fiftieth Police Precinct; and

Whereas, It is considered desirable to clear the said property of the buildings, appurtenances thereto and contents therein before the said property is turned over to the Police Department; it is therefore

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids, at the highest marketable prices, of all the buildings, contents and appurtenances thereto upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Whereas, The Board of Education by resolution adopted May 26, 1909, has turned over to the Commissioners of the Sinking Fund, as no longer required, the property known as old Public School 8, situated on the northerly side of Middagh street, west of Henry street, Borough of Brooklyn; and

Whereas, The Commissioners of the Sinking Fund by resolution adopted June 11, 1909, have ordered a sale at public auction of the building together with the contents thereof, pursuant to the provisions of chapter 1553 of the Charter.

Resolved, That when such buildings have been sold and removed from the property, the Commissioners of the Sinking Fund, in accordance with the provisions of section 205 of the Greater New York Charter, hereby assign the said property to the Police Department, for the purposes of erecting thereon a station house, prison and stable for the One Hundred and Fiftieth Police Precinct.

The report was accepted and the resolutions severally unanimously adopted.

The following petition was received from the North Western Dispensary in The City of New York for the cancellation of taxes for the years 1895 and 1896, on its real property situated at the northwesterly corner of Ninth avenue and Thirty-sixth street, in the Borough of Manhattan:

To the Commissioners of the Sinking Fund of The City of New York:

The petition of the North Western Dispensary in The City of New York respectfully shows to your Board:

That by chapter 441 of the Laws of 1907, a copy of which is hereto annexed, the Commissioners of the Sinking Fund of The City of New York were authorized in their discretion and upon such terms as they may deem proper, to remit the taxes imposed for the years 1895 and 1896 on the property of the dispensary, situated on the northwesterly corner of Ninth avenue and Thirty-sixth street, in the Borough of Manhattan, in The City of New York, occupied by its dispensary building, provided said Commissioners are satisfied that all revenues derived by said dispensary during said years, from so much of said building as was occupied by tenants or used for business purposes, were applied by it to its charitable objects in maintaining a dispensary or hospital for the gratuitous treatment of the sick poor in said city.

That the North Western Dispensary in The City of New York is a corporation duly incorporated under the laws of this State for charitable purposes, and is the owner of the real estate situated on the northwesterly corner of Ninth avenue and Thirty-sixth street, in the Borough of Manhattan, City of New York, occupied by the dispensary building, and known as Nos. 469 and 471 Ninth avenue, and designated on the tax map as Lot No. 30 in Block 734, Section 3, in the Borough of Manhattan, and that the said North Western Dispensary in The City of New York has been the owner of said real estate since about the month of October, 1869.

That no officer or member of the corporation receives any compensation whatever, and that no employee receives or is entitled to receive any pecuniary profit except reasonable compensation for services in effecting the purposes of the corporation, and that the institution is supported by voluntary contributions and rents derived from stores on ground floor and a hall on the top floor, all of which rents are and always have been devoted to the purposes of the dispensary.

That the object of said dispensary is to furnish medicines and medical and surgical aid to the deserving poor without any charge whatever, and that as appears by the records of the institution 40,390 patients were treated and 84,922 prescriptions were dispensed during the year 1895, and 39,862 patients were treated and 87,228 prescriptions were dispensed during the year 1896, without any fee or charge whatever, and that all the revenues derived by the dispensary during said years 1895 and 1896 from so much of the dispensary building as was occupied by tenants or used for business purposes, were applied by the dispensary to its charitable objects in maintaining a dispensary or hospital for the gratuitous treatment of the sick poor in this city.

That the real estate of said dispensary was exempted from taxation until the year 1895, in which year and the following years, down to and including the year 1904, it was assessed for taxation.

That the officers of the dispensary were not aware that the dispensary property had been assessed for taxation, and therefore made no application for exemption, and that the fact that the dispensary property had been taxed only became known to them when in the year 1905 the dispensary property was advertised to be sold for the taxes for the years 1895 to 1901. That thereupon an application was made to the City authorities that the property of the dispensary be declared exempt from taxation and that the taxes thereon be remitted, and such proceedings were thereupon had that upon the recommendation of the Corporation Counsel all of said taxes were remitted except for the years 1895 and 1896, in regard to which years the Corporation Counsel reported that an enabling act must be passed by the Legislature, in order to vest in the City authorities the power to remit the taxes for the years 1895 and 1896.

That thereupon application was made to the Legislature to pass an enabling act, giving power to the Commissioners of the Sinking Fund to take such action as they might deem proper in regard to remitting the taxes on the dispensary property for the years 1895 and 1896, and as a result of such application chapter 441 of the Laws of 1907 was enacted granting the requisite authority to remit said taxes.

The property of said dispensary has been advertised to be sold on the seventh day of June, 1909, for the taxes for the years 1895 and 1896, the taxes for the year 1895 being \$577.80 and the taxes for the year 1896 being \$515.70; and your petitioner now asks that the Commissioners of the Sinking Fund of The City of New York may take such action in carrying out the provisions of the aforesaid act of the Legislature as they may deem proper.

Dated May 20, 1909.

A. M. LYON, President.

JOHN HARDY, Treasurer.

State of New York, County of New York, ss.:

Amos Maynard Lyon and John Hardy, being severally duly sworn, say: That they are respectively the president and treasurer of the North Western Dispensary in The City of New York, that they have read the foregoing petition and know the contents thereof and that the same is true of their own knowledge.

A. M. LYON,
JOHN HARDY.

Sworn to before me this 20th day of May, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Northwestern Dispensary in The City of New York has presented to The City of New York a petition for the cancellation of the taxes for the years 1895 and 1896 on its real property, situated at the northwesterly corner of Ninth avenue and Thirty-sixth street, and known as Nos. 469 and 471 Ninth avenue, designated on the tax map as Lot No. 30, Block 734, Section 3, Borough of Manhattan. Said petition is verified by the affidavit of the President, Amos Maynard Lyon, and Treasurer, John Hardy.

It appears by said petition that the Northwestern Dispensary is a corporation duly incorporated under the laws of this State for charitable purposes, and is the owner of the real estate described in said petition, and has been the owner thereof since about the month of October, 1869; that no officer or member of the corporation receives any compensation whatever, and that no employee receives or is entitled to receive any pecuniary profit, except reasonable compensation for services in effecting the purposes of the corporation, and that the institution is supported by voluntary contributions and rents derived from stores on the ground floor and a hall on the top floor, all of which rents are and always have been devoted to the purposes of the dispensary.

It appears from the records of the Department of Taxes and Assessments that the property of the dispensary has been exempt from local taxation until the year 1895, in which year and the following years down to and including the year 1904 it was assessed for taxation. In the year 1905 proceedings were taken whereby the Comptroller, upon the recommendation of the Corporation Counsel, remitted all taxes, except for the years 1895 and 1896, in regard to which years the Corporation Counsel advised that an enabling act must be passed by the Legislature in order to vest in the City authorities the power to remit the taxes for the years 1895 and 1896.

Upon application to the Legislature such an enabling act was passed and became a law known as chapter 441, Laws of 1907, granting the requisite authority to remit said taxes.

The taxes in question are as follows: 1895, \$515.70; 1896, \$577.80.

That by chapter 441, Laws of 1907, the Commissioners of the Sinking Fund of The City of New York are authorized, in their discretion, and upon such terms as they may deem proper, to remit the taxes imposed for the years 1895 and 1896 on the property of the dispensary, situated on the northwesterly corner of Ninth avenue and Thirty-sixth street, in the Borough of Manhattan, in The City of New York, occupied by its dispensary building, provided said Commissioners are satisfied that all revenues derived by said dispensary during said years from so much of said building as was occupied by tenants or used for business purposes were applied by it to its charitable objects in maintaining a dispensary or hospital for the gratuitous treatment of the sick poor in this City.

Said property is again advertised to be sold under certificate No. 1047 for these taxes. As there is no doubt that all the revenues derived by said dispensary during these years have been applied by it to its charitable objects in maintaining a dispensary or hospital for the gratuitous treatment of the sick poor in The City of New York, I would recommend that the Commissioners of the Sinking Fund direct the Comptroller to cancel on the records of the City the following taxes for the years 1895, in the sum of \$515.70, and 1896, in the sum of \$577.80 on Lot No. 30, Block 734, Section 3, Borough of Manhattan, upon payment of the sum of five dollars.

Respectfully,

CHAS. S. WITHINGTON, Law Clerk.

Approved:

H. A. METZ, Comptroller.

Resolved, That, pursuant to the provisions of chapter 441 of the Laws of 1907, the Commissioners of the Sinking Fund hereby authorize and direct the Comptroller to cancel on the records of the City the following taxes for the years 1895 in the sum of five hundred and fifteen dollars and seventy cents (\$515.70), and 1896 in the sum of five hundred and seventy-seven dollars and eighty cents (\$577.80), on property of the Northwestern Dispensary in The City of New York, known as Lot No. 30, in Block 734, Section 3, Borough of Manhattan, upon payment of the sum of five dollars (\$5).

The report was accepted and the resolution unanimously adopted.

The Comptroller offered the following:

Resolved, That the Comptroller be and is hereby designated to receive for the Commissioners of the Sinking Fund all applications from corporations entitled to exemption from local taxation, for a cancellation of taxes, assessments and Croton water rents, etc., pursuant to chapter 388 of the Laws of 1909, and to investigate the same and report thereon to this Board.

Which resolution was unanimously adopted.

A communication was received from the Commissioner of Docks, submitting for approval a proposed new plan layout for the improvement of the water-front between Gansevoort and Bloomfield streets, North River, Borough of Manhattan.

A public hearing being necessary, pursuant to the provisions of chapter 372 of the Laws of 1907, the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby fix the hour of 11 o'clock in the forenoon, on Wednesday, June 30, 1909, in Room 16, City Hall, Borough of Manhattan, as the time and place for a public hearing in the matter of the proposed new plan layout for the improvement of the water-front between Gansevoort and Bloomfield streets, North River, Borough of Manhattan, made and adopted by the Commissioner of Docks in accordance with law, June 11, 1909, and transmitted to the Commissioners of the Sinking Fund for approval.

Which resolution was unanimously adopted.

The Comptroller brought up the matter of the proposed lease of premises at the corner of One Hundred and Sixty-second street and St. Nicholas avenue, Borough of Manhattan, for the President of the Borough of Manhattan, and the occupation by the said President of premises at Nos. 1907 to 1911 Amsterdam avenue.

On motion, the Secretary was directed to put the matter on the calendar of the next meeting.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

Dr. W. H. Smith, the General Medical Superintendent, reported as follows:

From April 18 to April 24 inclusive, thirty operations were performed at Bellevue Hospital, eighteen at Gouverneur Hospital, eighteen at Harlem Hospital, and twelve at Fordham Hospital, at all of which the Attending Surgeons or their assistants were present.

A fire drill was held at Bellevue Hospital on April 19, at Gouverneur Hospital on April 20, at Harlem Hospital on April 23, and at Fordham Hospital on April 24.

A Special Nurse for day and night duty was requested by Dr. Brown to care for a case in Ward 19. The patient was extremely ill and the Nurses were undoubtedly needed. Dr. Alexander requested a Special Nurse to care for a post operative case in Ward 15. The patient being in very poor condition and having had severe hemorrhages following the operation, the Nurse was allowed. The approval of the Board in these two cases is desired.

An error was made in notifying the Civil Service Commission of the appointing officers of this Department for non-competitive positions. In the letter sent the Civil Service Board these appointing committees were designated "Boards of Promotion." This should be changed to read "Appointing Boards." A Board of Promotion should be appointed whose duty it shall be to supervise the keeping of the efficiency records. It is recommended that this Board of Promotion consist of the General Medical Superintendent, the General Superintendent of Training Schools, and the Assistant Superintendent.

Letters have been received from the Firemen at Gouverneur Hospital stating that the conditions there as to the handling of coal are almost unbearable. They ask that coal passers be supplied and it is believed that some such assistance should be given them. There is no such grade in this Department and, as it is a Civil Service position, the decision of your Board is asked for as to whether or not these employees should be supplied, and if so, in what manner they should be supplied.

A request has been received from several members of the house staff that the tennis court be put in good condition. In order to do this the entire court must be covered with about three inches of clay, and it is estimated that this will cost about \$250. It is recommended that the expenditure of a sufficient sum to place the court in good condition be authorized.

Submitted herewith is a letter from the State Commission in Lunacy notifying us that we are entitled to charge \$25 for the care of a patient, Bertha Corowsky, who was landed under a bond by the Immigration Department that she was not to become a public charge. The bill should be rendered to the Hon. Robert W. Watchhorn, Commissioner, Ellis Island.

Submitted herewith is a bill from the Watertown Engine Company dated October 31. The bill lacks one signature, that of Mr. Jones, Supervising Engineer. Mr. Jones states that he had nothing to do with the work and cannot check up the bill. Is it the desire of the Board that this bill be put through without Mr. Jones' signature?

On motion, duly seconded and carried, the action of the General Medical Superintendent in supplying Special Nurses at the request of the Visiting Surgeons was approved.

On motion, duly seconded and carried, the General Medical Superintendent, the General Superintendent of Training Schools, and the Assistant Superintendent, were appointed the Board of Promotions.

On motion, duly seconded and carried, it was decided to request the Board of Estimate and Apportionment to establish the grade of Coal Passer in the Department of Bellevue and Allied Hospitals for three incumbents, at \$2 a day, and in the meantime to ask the permission of the Civil Service Commission for the employment of three Hospital Helpers at \$30 a month and maintenance, to act as Coal Passers at Gouverneur Hospital, the wages to be paid out of the contingent fund until a transfer of funds can be made.

On motion, duly seconded and carried, the General Medical Superintendent was authorized to place the tennis court in good condition.

On motion, duly seconded, it was

Resolved, To send a bill to the Commissioner of Immigration for the care of Bertha Corowsky, a patient in the psychopathic ward.

On motion, duly seconded, it was

Resolved, To direct Mr. Jones, the Supervising Engineer, to prepare a statement regarding the work of the Watertown Engine Company.

With the approval of the Committee on Supplies and the Committee on Buildings and Grounds the lowest estimate in each case was accepted on the following:

BIRD S. COLER, President, Borough of Brooklyn.

DEPARTMENT OF PARKS.

Office of the Department of Parks, Brooklyn and Queens,
Litchfield Mansion, Prospect Park,
Brooklyn, April 1, 1909.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—I have the honor to submit to you herewith, in accordance with the provisions of section 1544 of the Charter, a quarterly report of the proceedings and finances of the Department of Parks, Boroughs of Brooklyn and Queens, from January 1, 1909, to March 31, 1909, inclusive.

Very truly yours,

M. J. KENNEDY, Commissioner.

Statement of Work Performed by the Department of Parks of the Boroughs of Brooklyn and Queens, During the Three Months From January 1 to March 31, 1909.

Owing to the weather conditions of the first quarter of the year 1909, the work of the Department was necessarily confined to maintaining the parks and parkways in good condition and preparing for the spring planting season.

The roadways in Prospect Park, as well as those on the Ocean parkway, Eastern parkway, Shore road, Twenty-second avenue, Fort Hamilton avenue, Highland Park and Forest Park were kept in constant repair, and at the beginning of the spring season were in good condition.

Preparations for the planting of upward of twenty thousand (20,000) flowering shrubs throughout Prospect Park were made, and the work of digging the holes to receive the same was begun.

Late in the fall a contract was entered into for the delivery of five thousand (5,000) cubic yards of topsoil in Prospect Park, and the contractor has started work under his contract.

Large quantities of humus peat, wood ashes and other fertilizers purchased late in the fall were applied early in the spring, with a view to thereby stimulating plant life and give our trees and shrubbery increased vigor.

The temporary skating house in Prospect Park, which had been erected late in the fall, was removed, and the ground formerly occupied by the same was reggraded and seeded. Owing to the weather conditions, there was no skating during the past season.

The work of taking out the dead wood, removing dead trees, pruning and cleaning of vegetation in Prospect Park was continued, and I am pleased to state that I consider the trees and shrubbery in this park in better condition at the present time than they have been for many years.

All the rolling stock of the Department was put in thorough repair and painted. The settees throughout the park system were collected, repaired, painted and redistributed. The steam rollers were repaired by contract, and are about ready to be put in commission.

Kings Park in Jamaica was regulated, graded and planted with shrubbery taken from the nursery in Kissena Park, during the month of March.

Greenpoint Park—Work on the grading of Greenpoint Park was continued during the quarter, and it is now in a condition to warrant the expectation that these grounds can be thrown open and used as playgrounds by Decoration Day.

The buildings in course of construction in Fulton Park, New Lots Playground and the tennis house in Prospect Park have made slow progress, owing to the changeable weather. It is hoped, however, that operations will be resumed at an early date, and they will be pushed to a speedy completion.

The golf links in Forest Park received considerable attention during the quarter. They are now in first class condition, and will be kept so throughout the season.

Small Parks.

The small parks throughout the system have received required attention. This is especially true of Bedford, Tompkins, Fort Greene parks and Saratoga square.

Bedford and Tompkins parks were thoroughly overhauled. All the old, diseased trees and shrubbery were removed, and both places entirely rejuvenated. A complete planting plan was prepared for both parks, giving the name, specie, etc., of each tree and shrub, and all important trees were supplied with appropriate labels, thus affording assistance to the students of botany and arboriculture.

In Fort Greene Park all the trees and shrubs within its boundaries, and those on the streets adjoining were thoroughly overhauled, cleaned, pruned and otherwise put in the best possible condition.

The trees and shrubs in Saratoga square, Irving square, Cooper Park and Highland Park were thoroughly pruned, and all the dead wood removed.

Particular attention was not only paid to the trees in Prospect and the other parks, but also to the trees on the City streets, which are under the control of this Department.

During the three months just closed two thousand six hundred and forty (2,640) trees were trimmed and pruned by the small force of men employed in the winter season. Everything is in readiness to start in on the work of systematically caring for the trees on the City streets during the coming spring and summer. When the season for pruning and trimming has been passed, the work of spraying the trees to prevent the encroachment of destructive insects will begin and be prosecuted with vigor.

Revenue from Parks and Parkways.

During the three months from January 1 to March 31, 1909, inclusive, the sum of five thousand one hundred and fifty-four dollars and sixty cents (\$5,154.60) was received from rents of houses, revenue from park privileges and bay window permits, which amount was turned over to the Hon. James J. Martin, City Chamberlain, for deposit to the credit of the Revenue Fund.

Finances.

Following will be found a statement of the finances up to and including March 31, 1909:

Whereas, The Company subsequently applied to the Appellate Division of the Supreme Court for an order directing the said Board of Railroad Commissioners to issue said certificate, and on December 23, 1904, the said Appellate Division

rendered a decision directing said Board of Railroad Commissioners to grant such certificate with respect to certain of the routes described in said ordinance; and

Second—This contract shall not become effective unless within thirty (30) days from the date hereof the Company shall pay to the City all sums due pursuant to the fourth subdivision of section 2 of said ordinance, approved by the Mayor on March 31, 1903, as hereby amended.

Third—All the terms and conditions contained in the said ordinance, approved by the Mayor March 31, 1903, as modified or amended by contract bearing date of June 25, 1907, excepting those which are herein amended or modified, shall remain unchanged, and shall apply to the routes herein described in section 1 of this contract with the same force and effect as when they applied to the routes described in said ordinance, approved March 31, 1903, as amended by said contract bearing date of June 25, 1907, and as though the routes herein described had been specifically described in said ordinance.

Sec. 3. The Company promises, covenants and agrees, on its part and behalf, to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly author-

Bids will be received for the purchase of each building separately, or for the whole number of buildings offered as one parcel, or for groups of two or more adjoining buildings, and the

Comptroller reserves the right to dispose of the buildings by whichever method he may deem most advantageous to The City of New York.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to twenty-five per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for (2) the amount of the bid (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened June 30, 1909," and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said building, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken

down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

MONDAY, JUNE 21, 1909.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON PART OF THE BLACKWELL SECTION ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the intersection of the southerly side of East Seventy-fourth street, prolonged outshore, and the bulkhead wall and extending southerly along the bulkhead wall a distance of about 320 feet.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a sloping grade to the level of the street adjacent.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to 2,400 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built, at the Blackwell section on the East River, Borough of Manhattan, as above more fully described.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the whole described basin up to grade shall be completed within twenty-four days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

ALLEN N. SPOONER, Commissioner.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
